7 1 Autobulus. This, my friend, has been spoken "from the heart." We certainly must not allow philosophers, as though they were women in difficult labour, to put about their necks a charm for speedy delivery so that they may bring justice to birth for us easily and without hard labour. For they themselves do not concede to Epicurus, for the sake of the highest considerations, a thing so small and trifling as the slightest deviation of a single atom — which would permit the stars and living creatures to slip in by chance and would preserve from destruction the principle of free will. But, seeing that they bid him demonstrate whatever is not obvious or take as his starting-point something that is obvious, how are they in any position to make this statement about animals a basis of their own account of justice, when it is neither generally accepted nor otherwise demonstrated by them? For justice has another way to establish itself, a way which is neither so treacherous nor so precipitous, nor is it a route lined with the wreckage of obvious truths. It is the road which, under the guidance of Plato, my son and your companion, Soclarus, points out to those who have no love of wrangling, but are willing to be led and to learn. For certain it is that Empedocles and Heraclitus accept as true the charge that man is not altogether innocent of injustice when he treats animals as he does; often and often do they lament and exclaim against Nature, declaring that she is "Necessity" and "War," that she contains nothing unmixed and free from tarnish, that her progress is marked by many unjust inflictions. As an instance, say, even birth itself springs from injustice, since it is a union of mortal with immortal, and the offspring is nourished unnaturally on members torn from the parent.

These strictures, however, seem to be unpalatably strong and bitter; for there is an alternative, an inoffensive formula which does not, on the one

hand, deprive beasts of reason, yet does, on the other, preserve the justice of those who make fit use of them. When the wise men of old had introduced this, gluttony joined luxury to cancel and annul it; Pythagoras, however, reintroduced it, teaching us how to profit without injustice. There is no injustice, surely, in punishing and slaying animals that are anti-social and merely injurious, while taming those that are gentle and friendly to man and making them our helpers in the tasks for which they are severally fitted by nature:

Offspring of horse and ass and seed of bulls

which Aeschylus' Prometheus says that he bestowed on us

965 To serve us and relieve our labours;

and thus we make use of dogs as sentinels and keep herds of goats and sheep that are milked and shorn. For living is not abolished nor life terminated when a man has no more platters of fish or pâté de foie gras or mincemeat of beef or kids' flesh for his banquets — or when he no longer, idling in the theatre or hunting for sport, compels some beasts against their will to stand their ground and fight, while he destroys others which have not the instinct to fight back even in their own defence. For I think sport should be joyful and between playmates who are merry on both sides, not the sort Bof which Bion spoke when he remarked that boys throw stones at frogs for fun, but the frogs don't die for "fun," but in sober earnest. Just so, in hunting and fishing, men amuse themselves with the suffering and death of animals, even tearing some of them piteously from their cubs and nestlings. The fact is that it is not those who make use of animals who do them wrong, but those who use them harmfully and heedlessly and in cruel ways.

8 1 Soclarus. Restrain yourself, Autobulus, and turn off the flow of these accusations. I see a good many gentlemen approaching who are all hunters; you will hardly convert them and you needn't hurt their feelings.

Autobulus. Thanks for the warning. Eubiotus, however, I know quite well and my cousin Ariston, and Aeacides and Aristotimus here, the sons of Dionysius of Delphi, and Nicander, the son of Euthydamus, all of them "expert," as Homer expresses it, in the chase by land — and for this reason they will be on Aristotimus' side. So too yonder comes Phaedimus with the islanders and coast-dwellers about him, Heracleon from Megara and the Euboean Philostratus,

Whose hearts are on deeds of the sea.

And here is my contemporary Optatus: like Diomedes, it is

Hard to tell the side on which he ranges,

for “with many a trophy from the sea, many likewise from the chase on the mountain, he has glorified” the goddess who is at once the Huntress and Dictynna. It is evident that he is coming to join us with no intention of attaching himself to either side. Or am I wrong, my dear Optatus, in supposing that you will be an impartial and neutral umpire between the young men?

Optatus. It is just as you suppose, Autobulus. Solon’s law, which used to punish those who adhered to neither side in a factious outbreak, has long since fallen into disuse.

Autobulus. Come over here, then, and take your place beside us so that, if we need evidence, we shall not have to disturb the tomes of Aristotle, but may follow you as expert and return a true verdict on the arguments.

Soclarus. Well then, my young friends, have you reached any agreement on procedure?

Phaedimus. We have, Soclarus, though it occasioned considerable controversy; but at length, as Euripides has it,

The lot, the child of chance,

made arbiter, admits into court the case of the land animals before that of creatures from the sea.

Soclarus. The time has come, then, Aristotimus, for you to speak and us to hear.

965 9 1 Aristotimus. The court is open for the litigants . . . And there are some fish that waste their milt by pursuing the female while she is laying her eggs.

There is also a type of mullet called the grayfish which feeds on its own slime; and the octopus sits through the winter devouring himself,

In fireless home and domicile forlorn,

so lazy or insensible or gluttonous, or guilty of all of these charges, is he. So this also is the reason, again, why Plato in his *Laws* enjoined, For rather prayed, that his young men might not be seized by “a love for sea hunting.” For there is no exercise in bravery or training in skill or anything that contributes to strength or fleetness or agility when men endure toil in contests with bass or conger or parrot-fish; 966 whereas, in the chase on land, brave animals give play to the courageous and danger-loving qualities of those matched against them, crafty animals sharpen the wits and cunning of their

attackers, while swift ones train the strength and perseverance of their pursuers. These are the qualities which have made hunting a noble sport, whereas there is nothing glorious about fishing. And, and there's not a god, my friend, who has allowed himself to be called "conger-killer," as Apollo is "wolf-slayer," or "surmullet-slayer," as Artemis is "deer-slaying." And what is surprising in this when it's a more glorious thing for a man to have caught a boar or a stag, or, so help me, a gazelle or a hare than to have bought one? As for your tunny and your mackerel and your bonito! They're more honourable to buy than to catch oneself. B For their lack of spirit or of any kind of resource or cunning has made the sport dishonourable, unfashionable, and illiberal.

10 1 In general, then, the evidence by which the philosophers demonstrate that beasts have their share of reason is their possession of purpose and preparation and memory and emotions and care for their young and gratitude for benefits and hostility to what has hurt them; to which may be added their ability to find what they need and their manifestations of good qualities, such as courage and sociability and continence and magnanimity. Let us ask ourselves if marine creatures exhibit any of these traits, or perhaps some suggestion of them, that is extremely faint and difficult to discern (the observer only coming at long last to the opinion that it may be descried); whereas in the case of terrestrial and earth-born animals it is easy to find remarkably plain and unanswerable proofs of every one of the points I have mentioned.

In the first place, then, behold the purposeful demonstrations and preparations of bulls stirring up dust when intent on battle, and wild boars whetting their tusks. Since elephants' tusks are blunted by wear when, by digging or chopping, they fell the trees that feed them, they use only one tusk for this purpose and keep the other always pointed and sharp for defence. Lions always walk with paws clenched and claws retracted so that these may not be dulled by wear at the point or leave a plain trail for trackers; for it is not easy to find any trace of a lion's claw; on the contrary, any sign of a track that is found is so slight and obscure that hunters lose the trail and go astray. You have heard, I am sure, how the ichneumon girds itself for battle as thoroughly as any soldier putting on his armour, such a quantity of mud does it don and plaster about its body when it plans to attack the crocodile. Moreover, we see house-martins preparing for procreation: how well they lay the solid twigs at the bottom to serve as a foundation, then mould the lighter

bits about them; and if they perceive that the nest needs a lump of mud to glue it together, they skim over a pond or lake, touching the water with only the tips of their feathers to make them moist, yet not heavy with dampness; then they scoop up dust and so smear over and bind together any parts that begin to sag or loosen. As for the shape of their work, it has no angles nor many sides, but is as smooth and circular as they can make it; such a shape is, in fact, both stable and capacious and provides no hold on the outside for scheming animals.

There is more than one reason for admiring spiders' webs, the common model for both women's looms and fowlers' nets; for there is the fineness of the thread and the evenness of the weaving, which has no disconnected threads and nothing like a warp, but is wrought with the even continuity of a thin membrane and a tenacity that comes from a viscous substance inconspicuously worked in. Then too, there is the blending of the colours that gives it an airy, misty look, the better to let it go undetected; and most notable of all is the art itself, like a charioteer's or a helmsman's, with which the spinner handles her artifice. When a possible victim is entangled, she perceives it, and uses her wits, like a skilled handler of nets, to close the trap suddenly and make it tight. 967 Since this is daily under our eyes and observation, my account is confirmed. Otherwise it would seem a mere fiction, as I formerly regarded the tale of the Libyan crows which, when they are thirsty, throw stones into a pot to fill it and raise the water until it is within their reach; but later when I saw a dog on board ship, since the sailors were away, putting pebbles into a half empty jar of oil, I was amazed at its knowing that lighter substances are forced upward when the heavier settle to the bottom.

Similar tales are told of Cretan bees and of geese in Cilicia. When the bees are going to round some windy promontory, they ballast themselves with little stones so as not to be carried out to sea; while the geese, in fear of eagles, take a large stone in their beaks whenever they cross Mt. Taurus, as it were reining in and bridling their gaggling loquacity that they may pass over in silence unobserved. It is well known, too, how cranes behave when they fly. Whenever there is a high wind and rough weather they do not fly, as on fine days, in line abreast or in a crescent-shaped curve; but they form at once a compact triangle with the point cleaving the gale that streams past, so that there is no break in the formation. When they have descended to the ground, the sentinels that stand watch at night support themselves on one foot and

with the other grasp a stone and hold it firmly; the tension of grasping this keeps them awake for a long time; but when they do relax, the stone escapes and quickly rouses the culprit. So that I am not at all surprised that Heracles tucked his bow under his arm:

Embracing it with mighty arm he sleeps,
Keeping his right hand gripped about the club.

Nor, again, am I surprised at the man who first guessed how to open an oyster when I read of the ingenuity of herons. For they swallow a closed mussel and endure the discomfort until they know that it has been softened and relaxed by their internal heat; then they disgorge it wide open and unfolded and extract the meat.

11 It is impossible to relate in full detail all the methods of production and storage practised by ants, but it would be careless to omit them entirely. Nature has, in fact, nowhere else so small a mirror of greater and nobler enterprises. Just as you may see greater things reflected in a drop of clear water, so among ants there exists the delineation of every virtue.

Love and affection are found,

namely their social life. You may see, too, the reflection of courage in their persistence in hard labour. There are many seeds of temperance and many of prudence and justice. Now Cleanthes, even though he declared that animals are not endowed with reason, says that he witnessed the following spectacle: some ants came to a strange anthill carrying a dead ant. Other ants then emerged from the hill and seemed, as it were, to hold converse with the first party and then went back again. This happened two or three times until at last they brought up a grub to serve as the dead ant's ransom, whereupon the first party picked up the grub, handed over the corpse, and departed.

A matter obvious to everyone is the consideration ants show when they meet: those that bear no load always give way to those who have one and let them pass. Obvious also is the manner in which they gnaw through and dismember things that are difficult to carry or to convey past an obstacle, in order that they may make easy loads for several. And Aratus takes it to be a sign of rainy weather when they spread out their eggs and cool them in the open:

When from their hollow nest the ants in haste
Bring up their eggs;

and some do not write "eggs" here, but "provisions," in the sense of stored grain which, when they notice that it is growing mildewed and fear 968 that it may decay and spoil, they bring up to the surface. But what goes beyond any other conception of their intelligence is their anticipation of the germination of wheat. You know, of course, that wheat does not remain permanently dry and stable, but expands and lactifies in the process of germination. In order, then, to keep it from running to seed and losing its value as food, and to keep it permanently edible, the ants eat out the germ from which springs the new shoot of wheat.

I do not approve of those who, to make a complete study of anthills, inspect them, as it were, anatomically. But, be that as it may, they report that the passage leading downward from the opening is not at all straight or easy for any other creature to traverse; it passes through turns and twists with branching tunnels and connecting galleries and terminates in three hollow cavities. One of these is their common dwelling-place, another serves as storeroom for provisions, while in the third they deposit the dying.

12 1 I don't suppose that you will think it out of order if I introduce elephants directly on top of ants in order that we may concurrently scrutinize the nature of understanding in both the smallest and the largest of creatures, for it is neither suppressed in the latter nor deficient in the former. Let others, then, be astonished that elephants learn, or are taught, to exhibit in the theatre all the many postures and variations of movement that they do, these being so varied and so complicated to memorize and retain that they are not at all easy even for human artists. For my part, I find the beast's understanding better manifested in his own spontaneous and uninstructed feelings and movements, in a pure, as it were, and undiluted state.

Well, not very long ago at Rome, where a large number of elephants were being trained to assume dangerous stances and wheel about in complicated patterns, one of them, who was the slowest to learn and was always being scolded and often punished, was seen at night, alone by himself in the moonlight, voluntarily rehearsing his lessons and practising them.

Formerly in Syria, Hagnon tells us, an elephant was brought up in its master's house and every day the keeper, when he received a measure of barley, would filch away and appropriate half of it; but on one occasion, when the master was present and watching, the keeper poured out the whole measure. The elephant gave a look, raised its trunk, and made two piles of the barley, setting aside half of it and thus revealing as eloquently as could be the

dishonesty of its keeper. And another elephant, whose keeper used to mix stones and dirt in its barley ration, when the keeper's meat was cooking, scooped up some ashes and threw them into the pot. And another in Rome, being tormented by little boys who pricked its proboscis with their writing styluses, grabbed one of them and raised him into the air as first to dash him to death; but when the spectators cried out, it gently set the child down on the ground again and passed along, thinking it sufficient punishment for one so young to have been frightened.

Concerning wild elephants who are self-governing they tell many wonderful tales, particularly the one about the fording of rivers: the youngest and smallest volunteers his services to go first into the stream. The others wait on the bank and observe the result, for if his back remains above water, those that are larger than he will have a wide margin of safety to give them confidence.

13 1 At this point in my discourse, I imagine that I shall do well not to omit the case of the fox, since it is so similar. Now the story-books tell us that when Deucalion released a dove from the ark, as long as she returned, it was a certain sign that the storm was still raging; but as soon as she flew away, it was a harbinger of fair weather. So even to this day the Thracians, whenever they propose crossing a frozen river, make use of a fox as an indicator of the solidity of the ice. 969 The fox moves ahead slowly and lays her ear to the ice; if she perceives by the sound that the stream is running close underneath, judging that the frozen part has no great depth, but is only thin and insecure, she stands stock still and, if she is permitted, returns to the shore; but if she is reassured by the absence of noise, she crosses over. And let us not declare that this a nicety of perception unaided by reason; it is, rather, a syllogistic conclusion developed from the evidence of perception: "What makes noise must be in motion; what is in motion is not frozen; what is not frozen is liquid; what is liquid gives way." So logicians assert that a dog, at a point where many paths split off, makes use of a multiple disjunctive argument and reasons with himself: "Either the wild beast has taken this path, or this, or this. But surely it has not taken this, or this. Then it must have gone by the remaining road." Perception here affords nothing but the minor premiss, while the force of reason gives the major premisses and adds the conclusion to the premisses. A dog, however, does not need such a testimonial, which is both false and fraudulent; for it is perception itself, by means of track and spoor, which indicates the way the creature fled; it does not bother with

disjunctive and copulative propositions. The dog's true capacity may be discerned from many other acts and reactions and the performance of duties, which are neither to be smelled out nor seen by the eye, but can be carried out or perceived only by the use of intelligence and reason. I should only make myself ridiculous if I described the dog's self-control and obedience and sagacity on hunting parties to you who see and handle these matters every day.

There was a Roman named Calvus slain in the Civil Wars, but no one was able to cut off his head until they encircled and stabbed to death the dog who guarded his master and defended him. And King Pyrrhus on a journey chanced upon a dog guarding the body of a murdered man; in answer to his questions he was told that the dog had remained there without eating for three days and refused to leave. Pyrrhus gave orders for the corpse to be buried and the dog cared for and brought along in his train. A few days later there was an inspection of the soldiers, who marched in front of the king seated on his throne, while the dog lay quietly by his side. But when it saw its master's murderers filing past, it rushed at them with furious barking and, as it voiced its accusation, turned to look at the king so that not only he, but everyone present, became suspicious of the men. They were at once arrested and when put to the question, with the help of some bits of external evidence as well, they confessed the murder and were punished.

The same thing is said to have been done by the poet Hesiod's dog, which convicted the sons of Ganyctor the Naupactian, by whom Hesiod had been murdered. But a matter which came to the attention of our fathers when they were studying at Athens is even plainer than anything so far mentioned. A certain fellow slipped into the temple of Asclepius, took such gold and silver offerings as were not bulky, and made his escape, thinking that he had not been detected. But the watchdog, whose name was Capparus, when none of the sacristans responded to its barking, pursued the escaping temple-thief. First the man threw stones at it, but could not drive it away. When day dawned, the dog did not approach close, but followed the man, always keeping him in sight, and refused the food he offered. When he stopped to rest, the dog passed the night on guard; when he struck out again, the dog got up and kept following, fawning on the other people it met on the road and barking at the man and sticking to his heels. When those who were investigating the robbery learned this from men who had encountered the pair and were told the colour and size of the dog, they pursued all the more

vigorously and overtook the man and brought him back from Crommyon. 970 On the return the dog led the procession, capering and exultant, as though it claimed for itself the credit for pursuing and capturing the temple-thief. The people actually voted it a public ration of food and entrusted the charge of this to the priests in perpetuity, thereby imitating the ancient Athenian kindness to the mule. For when Pericles was building the Hecatompedon on the Acropolis, stones were naturally brought by numerous teams of draught-animals every day. Now one of the mules who had assisted gallantly in the work, but had now been discharged because of old age, used to go down every day to the Ceramicus and meet the beasts which brought the stones, turning back with them and trotting along by their side, as though to encourage and cheer them on. So the people of Athens, admiring its enterprise, gave orders for it to be maintained at the public expense, voting it free meals, as though to an athlete who had succumbed to old age.

14 Therefore those who deny that there is any kind of justice owed to animals by us must be conceded to be right so far as marine and deep-sea creatures are concerned; for these are completely lacking in amiability, apathetic, and devoid of all sweetness of disposition. And well did Homer say

The gray-green sea bore you,

with reference to a man regarded as uncivilized and unsociable, implying that the sea produces nothing friendly or gentle. But a man who would use such speech in regard to land animals is himself cruel and brutal. Or perhaps you will not admit that there was a bond of justice between Lysimachus and the Hyrcanian dog which alone stood guard by his corpse and, when his body was cremated, rushed into the flames and hurled itself upon him. The same is reported to have been done by the eagle which was kept by Pyrrhus, not the king, but a certain private citizen; when he died, it kept vigil by his body; at the funeral it hovered about the bier and finally folded its wings, settled on the pyre and was consumed with its master's body.

The elephant of King Porus, when he was wounded in the battle against Alexander, gently and solicitously pulled out with its trunk many of the javelins sticking in its master. Though it was in a sad state itself, it did not give up until it perceived that the king had lost much blood and was slipping off; then, fearing that he would fall, it gently kneeled and afforded its master a painless glide.

Bucephalas unsaddled would permit his groom to mount him; but when he was all decked out in his royal accoutrements and collars, he would let no one

approach except Alexander himself. If any others tried to come near, he would charge at them loudly neighing and rear and trample any of them who were not quick enough to rush far away and escape.

15 1 I am not unaware that you will think that my examples are rather a hodge-podge; but it is not easy to find naturally clever animals doing anything which illustrates merely one of their virtues. Their probity, rather, is revealed in their love of offspring and their cleverness in their nobility; then, too, their craftiness and intelligence is inseparable from their ardour and courage. Those, nevertheless, who are intent on classifying and defining each separate occasion will find that dogs give the impression of a mind that is at once civil and superior when they turn away from those who sit on the ground — which is presumably referred to in the lines

> The dogs barked and rushed up, but wise Odysseus
> Cunningly crouched; the staff slipped from his hand;

for dogs cease attacking those who have thrown themselves down and taken on an attitude that resembles humility.

They relate further that the champion of the Indian dogs, one greatly admired by Alexander, when a stag was let loose and a boar and a bear, lay quiet and still and disregarded them; but when a lion appeared, it sprang up at once to prepare for the fray, showing clearly 971 that it chose to match itself with the lion and scorned all the others.

Hounds that hunt hares, if they themselves kill them, enjoy pulling them to pieces and eagerly lap up the blood; but if, as frequently happens, a hare in desperation exhausts all its breath in a final sprint and expires, the hounds, when they come upon it dead, will not touch it at all, but stand there wagging their tails, as much as to say that they do not strive for food, but for victory and the honour of winning.

16 1 There are many examples of cunning, but I shall dismiss foxes and wolves and the tricks of crane and daw (for they are obvious), and shall take for my witness Thales, the most ancient of the Wise Men, not the least of whose claims to admiration, they say, was his getting the better of a mule by a trick. For one of the mules that were used to carry salt, on entering a river, accidentally stumbled and, since the salt melted away, it was free of its burden when it got up. It recognized the cause of this and bore it in mind. The result was that every time it crossed the river, it would deliberately lower

itself and wet the bags, crouching and bending first to one side, then to the other. When Thales heard of this, he gave orders to fill the bags with wool and sponges instead of salt and to drive the mule laden in this manner. So when it played its customary trick and soaked its burden with water, it came to know that its cunning was unprofitable and thereafter was so attentive and cautious in crossing the river that the water never touched the slightest portion of its burden even by accident.

Partridges exhibit another piece of cunning, combined with affection for their young. They teach their fledglings, who are not yet able to fly, to lie on their backs when they are pursued and to keep above them as a screen some piece of turf or rubbish. The mothers meanwhile lure the hunters in another direction and divert attention to themselves, fluttering along at their feet and rising only briefly until, by making it seem that they are on the point of being captured, they draw them far away from their young.

When hares return for repose, they put to sleep their leverets in quite different places, often as much as a hundred feet apart, so that, if man or dog comes near, they shall not all be simultaneously in danger. The hares themselves run to and fro and leave tracks in many places, but last of all with a great leap they leave their traces far behind, and so to bed.

The she-bear, just prior to the state called hibernation, before she becomes quite torpid and heavy and finds it difficult to move, cleans out her lair and, when about to enter, approaches it as lightly and inconspicuously as possible, treading on tiptoe, then turns around and backs into the den.

Hinds are inclined to bear their young beside a public road where carnivorous animals do not come; and stags, when they observe that they have grown heavy by reason of their fat and surplus flesh, vanish and preserve themselves by hiding when they do not trust to their heels.

The way in which hedgehogs defend and guard themselves has occasioned the proverb:

The fox knows many tricks, but the hedgehog one big one;

for when the fox approaches, as Ion says, it,

Curling its spiny body in a coil,

Lies still, impregnable to touch or bite.

But the provision that the hedgehog makes for its young is even more ingenious. When autumn comes, it creeps under the vines and with its paws shakes down to the ground grapes from the bunches and, having rolled about in them, gets up with them attached to its quills. 972 Once when I was a child I

saw one, like a creeping or walking bunch of grapes! Then it goes down into its hole and delivers its load to its young for them to enjoy and draw rations from. Their lair has two openings, one facing the south, the other the north; when they perceive that the wind will change, like good skippers who shift sail, they block up the entrance which lies to the wind and open the other. And a man in Cyzicus observing this acquired a reputation for being able to predict unaided which way the wind would blow.

17 1 Elephants, as Juba declares, exhibit a social capacity joined with intelligence. Hunters dig pits for them, covering them with slender twigs and light rubbish; when, accordingly, any elephant of a number travelling together falls in, the others bring wood and stones and throw them in to fill up the excavation so that their comrade can easily get out. He also relates that, without any instruction, elephants pray to the gods, purifying themselves in the sea and, when the sun rises, worshipping it by raising their trunks, as if they were hands of supplication. For this reason they are the animal most loved of the gods, as Ptolemy Philopator has testified; for when he had vanquished Antiochus and wished to honour the gods in a really striking way, among many other offerings to commend his victory in battle, he sacrificed four elephants. Thereafter, since he had dreams by night in which the deity angrily threatened him because of that strange sacrifice, he employed many rites of appeasement and set up as a votive offering four bronze elephants to match those he had slaughtered.

Social usages are to be found no less among lions. For young lions take along with them to the hunt the old and slow; when the latter are tired out, they rest and wait, while the young lions hunt on. When they have taken anything, they summon the others by a raring like the bleat of a calf; the old ones hear it at once and come to partake in common of the prey.

18 1 The loves of some animals are wild and furious, while others have a refinement which is not far from human and an intercourse conducted with much grace. Such was the elephant which at Alexandria played the rival to Aristophanes the grammarian. They were, in fact, in love with the same flower-girl; nor was the elephant's love less manifest: as he passed by the market, he always brought her fruit and stood beside her for a long time and would insert his trunk, like a hand, within her garments and gently caress her fair breasts.

The serpent that fell in love with an Aetolian woman used to visit her at night and slip under some part of her body next the skin and coil about her

without doing her any harm at all, either intentional or accidental; but always at daybreak it was decent enough to glide away. And this it did constantly until the kinsmen of the woman removed her to a house at some distance. The serpent did not come to her for three or four nights; but all the time, we may suppose, it was going about in search of her and missing its goal. At last, when it had somehow found her with difficulty, it embraced her, not with that former gentleness it had used, but rather more roughly, its coils binding her hands to her body, and with the end of its tail it lashed the calves of her legs, displaying a light and tender anger that had in it more indulgence than punishment.

As for the goose in Aegium that loved a boy and the ram that set his heart on Glauce the harp-player, since these are famous tales and I rather imagine you have had enough of such to spoil your appetite for more, I omit them.

19 1 As for starlings and crows and parrots which learn to talk and afford their teachers so malleable and imitative a vocal current to train and discipline, 973 they seem to me to be champions and advocates of the other animals in their ability to learn, instructing us in some measure that they too are endowed both with rational utterance and with articulate voice; for which reason it is quite ridiculous to admit a comparison of them with creatures who have not enough voice even to howl or groan. And what music, what grace do we not find in the natural, untaught warbling of birds! To this the most eloquent and musical of our poets bear witness when they compare their sweetest songs and poems to the singing of swans and nightingales. Now since there is more reason in teaching than in learning, we must yield assent to Aristotle when he says that animals do teach: a nightingale, in fact, has been observed instructing her young how to sing. A further proof that supports him is the fact that birds which have been taken young from the nest and bred apart from their mothers sing the worse for it; for the birds that are bred with their mothers are taught and learn, not for pay or glory, but for the joy of rivalling each other in song and because they cherish the beautiful in their utterance rather than the useful.

On this subject I have a story to tell you which I heard myself from many Greeks and Romans who were eye-witnesses. A certain barber at Rome had his shop directly opposite the precinct which they call the Market of the Greeks. He bred up a wonderful prodigy of a jay with a huge range of tones and expressions, which could reproduce the phrases of human speech and the cries of beasts and the sound of instruments — under no compulsion, but

making it a rule and point of honour to let nothing go unrepeated or unimitated. Now it happened that a certain rich man was buried from that quarter to the blast of many trumpets and, as is customary, there was a halt in front of the barber-shop while the trumpeters, who were applauded and encored, played for a long time. From that day on the jay was speechless and mute, not letting out even a peep to request the necessities of life; so those who habitually passed the place and had formerly wondered at her voice, were now even more astonished at her silence. Some suspected that she had been poisoned by rival bird-trainers, but most conjectured that the trumpets had blasted her hearing and that her voice had been simultaneously extinguished. Now neither of these guesses was correct: it was self-discipline, it would seem, and her talent for mimicry that had sought an inner retreat as she refitted and prepared her voice like a musical instrument. For suddenly her mimicry returned and there blazed forth none of those old familiar imitations, but only the music of the trumpets, reproduced with its exact sequences and every change of pitch and rhythm and tone. I conclude, as I said before, that self-instruction implies more reason in animals than does readiness to learn from others.

Still, I believe that I should not pass over one example at least of a dog's learning, of which I myself was a spectator at Rome. The dog appeared in a pantomime with a dramatic plot and many characters and conformed in its acting at all points with the acts and reactions required by the text. In particular, they experimented on it with a drug that was really soporific, but supposed in the story to be deadly. The dog took the bread that was supposedly drugged, swallowed it, and a little later appeared to shiver and stagger and nod until it finally sprawled out and lay there like a corpse, letting itself be dragged and hauled about, as the plot of the play prescribed. But when it recognized from the words and the action that the time had come, at first it began to stir slightly, as though recovering from a profound sleep, and lifted its head and looked about. 974 Then to the amazement of the spectators it got up and proceeded to the right person and fawned on him with joy and pleasure so that everyone, and even Caesar himself (for the aged Vespasian was present in the Theatre of Marcellus), was much moved.

20 Yet perhaps it is ridiculous for us to make a parade of animals distinguished for learning when Democritus declares that we have been their pupils in matters of fundamental importance: of the spider in weaving and mending, of the swallow in home-building, of the sweet-voiced swan and

nightingale in our imitation of their song. Further, of the three divisions of medicine, we can discern in animals a generous portion of each; for it is not cure by drugs alone of which they make use. After devouring a serpent tortoises take a dessert of marjoram, and weasels of rue. Dogs purge themselves when bilious by a certain kind of grass. The snake sharpens and restores its fading sight with fennel. When the she-bear comes forth from her lair, the first thing she eats is wild arum; for its acridity opens her gut which has become constricted. At other times, when she suffers from nausea, she resorts to anthills and sits, holding out her tongue all running and juicy with sweet liquor until it is covered with ants; these she swallows and is alleviated. The Egyptians declare that they have observed and imitated the ibis' clyster-like purging of herself with brine; and the priests make use of water from which an ibis has drunk to purify themselves; for if the water is tainted or unhealthy in any way, the ibis will not approach it.

Then, too, some beasts cure themselves by a short fast, like wolves and lions who, when they are surfeited with flesh, lie still for a while, basking in the sun. And they say a tigress, if a kid is given her, will keep fasting for two days without eating; on the third, she grows hungry and asks for some other food. She will even pull her cage to pieces, but will not touch the kid which she has now come to regard as a fellow-boarder and room mate.

Yet again, they relate that elephants employ surgery: they do, in fact, bring aid to the wounded by easily and harmlessly drawing out spars and javelins and arrows without any laceration of the flesh. And Cretan goats, when they eat dittany, easily expel arrows from their bodies and so have presented an easy lesson for women with child to take to heart, that the herb has an abortive property; for there is nothing except dittany that the goats, when they are wounded, rush to search for.

21 1 These matters, though wonderful, are less surprising than are those creatures which have cognition of number and can count, as do the cattle near Susa. At that place they irrigate the royal park with water raised in buckets by wheels, and the number of bucketfuls is prescribed. For each cow raises one hundred bucketfuls each day, and more you could not get from her, even if you wanted to use force. In fact, they often try to add to the number to see; but the cow balks and will not continue when once she has delivered her quota, so accurately does she compute and remember the sum, as Ctesias of Cnidus has related.

The Libyans laugh at the Egyptians for telling a fabulous tale about the oryx, that it lets out a cry at that very day and hour when the star rises that they call Sothis, which we call the Dog Star or Sirius. At any rate, when this star rises flush with the sun, practically all the goats turn about and look toward the east; and this is the most certain sign of its return and agrees most exactly with the tables of mathematical calculation.

22 1 975 But that my discourse may add its finishing touch and terminate, let me "make the move from the sacred line" and say a few words about the divine inspiration and the mantic power of animals. It is, in fact, no small or ignoble division of divination, but a great and very ancient one, which takes its name from birds; for their quickness of apprehension and their habit of responding to any manifestation, so easily are they diverted, serves as an instrument for the god, who directs their movements, their calls or cries, and their formations which are sometimes contrary, sometimes favouring, as winds are; so that he uses some birds to cut short, others to speed enterprises and inceptions to the destined end. It is for this reason that Euripides calls birds in general "heralds of the gods"; and, in particular, Socrates says that he considers himself a "fellow-slave of the swans." So again, among monarchs Pyrrhus liked to be called an Eagle and Antiochus a Hawk. But when we deride, or rail at, stupid and ignorant people we call them "fish." Really, we can produce cases by the thousand of signs and portents manifested to us by the gods through creatures of land and air, but not one such can the advocate for aquatic creatures name. No, they are all "deaf and blind" so far as foreseeing anything goes, and so have been cast aside into the godless and titanic region, as into a Limbo of the Unblessed, where the rational and intelligent part of the soul has been extinguished. Having, however, only a last remnant of sensation that is clogged with mud and deluged with water, they seem to be at their last gasp rather than alive.

975 23 1 Heracleon. Raise your brows, dear Phaedimus, and rouse yourself to defend us the sea folk, the island-dwellers! This bout of argument has become no child's play, but a hard-fought contest, a debate which lacks only the actual bar and platform.

Phaedimus. Not so, Heracleon, but an ambush laid with malice aforethought has been disclosed. While we are still tipsy and soused from yesterday's bout, this gentleman, as you see, has attacked us with

premeditation, cold sober. Yet there can be no begging off. Devotee of Pindar though I am, I do not want to be addressed with the quotation

To excuse oneself when combat is offered
Has consigned valour to deep obscurity;

for we have much leisure; and it is not our discourse that will be idle, but our dogs and horses, our nets and seines of all kinds, for a truce is granted for to day because of our argument to every creature both on land and sea. Yet do not fear: I shall use it with moderation, introducing no opinions of philosophers or Egyptian fables or unattested tales of Indians or Libyans. But those facts that may be observed everywhere and have as witnesses the men who exploit the sea and acquire their credit from direct observation, of these I shall present a few. Yet there is nothing to impede illustrations drawn from land animals: the land is wide open for investigation by the senses. The sea, on the other hand, grants us but a few dubious glimpses. She draws a veil over the birth and growth, the attacks and reciprocal defences, of most of her denizens. Among these there are no few feats of intelligence and memory and community spirit that remain unknown to us and so obstruct our argument. Then too, land animals by reason of their close relationship and their cohabitation have to some extent been imbued with human manners; they have the advantage of their breeding and teaching and imitation, which sweetens all their bitterness and sullenness, like fresh water mixed with brine, while their lack of understanding and dullness are roused to life by human contacts. Whereas the life of sea creatures, being set apart by mighty bounds from intercourse with men and having nothing adventitious or acquired from human usage, 976 is peculiar to itself, indigenous and uncontaminated by foreign ways, not by distinction of Nature, but of location. For their Nature is such as to welcome and retain such instruction as reaches them. This it is that renders many eels tractable, like those that are called sacred in Arethusa; and in many places there are fish which will respond to their own names, as the story goes of Crassus' moray, upon the death of which he wept. And once when Domitius said to him, "Isn't it true that you wept when a moray died?" he answered, "Isn't it true that you buried three wives and didn't weep?'

The priests' crocodiles not only recognize the voice of those who summon them and allow themselves to be handled, but open their mouths to let their teeth be cleaned by hand and wiped with towels. Recently our excellent Philinus came back from a trip to Egypt and told us that he had seen in

Antaeopolis an old woman sleeping on a low bed beside a crocodile, which was stretched out beside her in a perfectly decorous way.

They have long been telling the tale that when King Ptolemy summoned the sacred crocodile and it would not heed him or obey in spite of his entreaties and requests, it seemed to the priests an omen of his death, which came about not long after; whence it appears that the race of water creatures is not wholly unendowed with your precious gift of divination. Indeed, I have heard that near Sura, a village in Lycia between Phellus and Myra, men sit and watch the gyrations and flights and pursuits of fish and divine from them by a professional and rational system, as others do with birds.

24 1 But let these examples suffice to show that sea animals are not entirely unrelated to us or cut off from human fellowship. Of their uncontaminated and native intelligence their caution is strong evidence. For nothing that swims and does not merely stick or cling to rocks is easily taken or captured without trouble by man as are asses by wolves, bees by bee-eaters, cicadas by swallows, and snakes by deer, which easily attract them. This, in fact, is why deer are called elaphoi, not from their swiftness, but from their power of attracting snakes. So too the ram draws the wolf by stamping and they say that very many creatures, and particularly apes, are attracted to the panther by their pleasure in its scent. But in practically all sea-creatures any sensation is suspect and evokes an intelligently inspired defensive reaction against attack, so that fishing has been rendered no simple or trivial task, but needs all manner of implements and clever and deceitful tricks to use against the fish.

This is perfectly clear from ready examples: no one wants to have an angler's rod too thick, though it needs elasticity to withstand the thrashing of such fish as are caught; men select, rather, a slender rod so that it may not cast a broad shadow and arouse suspicion. In the next place, they do not thicken the line with many plies when they attach the loop and do not make it rough; for this, too, betrays the lure to the fish. They also contrive that the hairs which form the leader shall be as white as possible; for in this way they are less conspicuous in the sea because of the similarity of colour. The remark of the Poet:

Like lead she sank into the great sea depths,
Like lead infixed in horn of rustic ox
Which brings destruction to the ravenous fish —

some misunderstand this and imagine that the ancients used ox-hair for their lines, alleging that keras means “hair” and for this reason keirasthai means “to have one’s hair cut” and koura is a “haircut” and the keroplastes in Archilochus is one who is fond 977 of trimming and beautifying the hair. But this is not so: they use horse-hair which they take from males, for mares by wetting the hair with their urine make it weak. Aristarchus declares that there is nothing erudite or subtle in these lines; the fact is that a small piece of horn was attached to the line in front of the hook, since the fish, when they are confronted by anything else, chew the line in two. They use rounded hooks to catch mullets and bonitos, whose mouths are small; for they are wary of a broader hook. Often, indeed, the mullet suspects even a rounded hook and swims around it, flipping the bait with its tail and snatching up bits it has dislodged; or if it cannot do this, it closes its mouth and purses it up and with the tips of its lips nibbles away at the bait.

The sea-bass is braver than your elephant: it is not from another, but from himself without assistance, that he extracts the barb when he is caught by the hook; he swings his head from side to side to widen the wound, enduring the pain of tearing his flesh until he can throw off the hook. The fox-shark does not often approach the hook and shuns the lure; but if he is caught, he immediately turns himself inside out, for by reason of the elasticity and flexibility of his body he can naturally shift and twist it about, so that when he is inside out, the hook falls away.

25 1 Now the examples I have given indicate intelligence and an ingenious, subtle use of it for opportune profit; but there are others that display, in combination with understanding, a social sense and mutual affection, as is the case with the barbier and the parrot-fish. For if one parrot-fish swallows the hook, the others present swarm upon the line and nibble it away; and the same fish, when any of their kind have fallen into the net, give them their tails from outside; when they eagerly fix their teeth in these, the others pull on them and bring them through in tow. And barbiers are even more strenuous in rescuing their fellows: getting under the line with their backs, they erect their sharp spines and try to saw the line through and cut if off with the rough edge.

Yet we know of no land animal that has the courage to assist another in danger — not bear or boar or lioness or panther. True it is that in the arena those of the same kind draw close together and huddle in a circle; yet they have neither knowledge nor desire to help each other. Instead, each ones flees

to get as far as possible from a wounded or dying fellow. That tale of the elephants carrying brushwood to the pits and giving their fallen comrade a ramp to mount is monstrous and far-fetched and dictates, as it were, that we are to believe it on a king's prescription — that is, on the writs of Juba. Suppose it to be true: it merely proves that many sea creatures are in no way inferior in community spirit and intelligence to the wisest of the land animals. As for their sociability, I shall soon make a special plea on that topic.

26 1 Now fishermen, observing that most fish evade the striking of the hook by such countermoves as wrestlers use, resorted, like the Persians, to force and used the dragnet, since for those caught in it there could be no escape with the help of reason or cleverness. For mullet and rainbow-wrasse are caught by casting-nets and round nets, as are also the bream and the sargue and the goby and the sea-bass. The so called net fish, that is surmullet and gilthead and sculpin, are caught in seines by trawling: accordingly it was quite correct for Homer to call this kind of net a "catch-all." Codfish, like bass, have devices even against these. For when the bass perceives that the trawl is approaching, it forces the mud apart and hammers a hollow in the bottom. When it has made room enough to allow the net to overrun it, it thrusts itself in and waits until the danger is past.

Now when the dolphin is caught and perceives itself to be trapped in the net, it bides its time, not at all disturbed but well pleased, for it feasts without stint on the fish that have been gathered with no trouble to itself. But as soon as it comes near the shore, it bites its way through the net and makes its escape. 978 Yet if it should not get away in time, on the first occasion it suffers no harm: the fishermen merely sew rushes to its crest and let it go. But if it is taken a second time, they recognize it from the seam and punish it with a beating. This, however, rarely occurs: most dolphins are grateful for their pardon in the first instance and take care to do no harm in the future.

Further, among the many examples of wariness, precaution, or evasion, we must not pass over that of the cuttlefish: it has the so called mytis beside the neck full of black liquid, which they call "ink." When it is come upon, it discharges the liquid to the purpose that the sea shall be inked out and create darkness around it while it slips through and eludes the fisherman's gaze. In this it imitates Homer's gods who often "in a dark cloud" snatch up and smuggle away those whom they are pleased to save. But enough of this.

27 1 As for cleverness in attacking and catching prey, we may perceive subtle examples of it in many different species. The starfish, for example,

knowing that everything with which it comes in contact dissolves and liquefies, offers its body and is indifferent to the contact of those that overtake or meet it. You know, of course, the property of the torpedo: not only does it paralyse all those who touch it, but even through the net creates a heavy numbness in the hands of the trawlers. And some who have experimented further with it report that if it is washed ashore alive and you pour water on it from above, you may perceive the numbness mounting to the hand and dulling your sense of touch by way of the water which, so it seems, suffers a change and is first infected. Having, therefore, an innate sense of this power, it never makes a frontal attack or endangers itself; rather, it swims in a circle around its prey and discharges its shocks as if they were darts, thus poisoning first the water, then through the water the creature which can neither defend itself nor escape, being held fast as if by chains and frozen stiff.

The so called fisherman is known to many; he gets his name from his actions. Aristotle says that the cuttlefish also makes use of this stratagem: he lets down, like a fishing line, a tentacle from his neck which is naturally designed to extend to a great length when it is released, or to be drawn to him when it is pulled in. So when he espies a little fish, he gives it the feeler to bite and then by degrees imperceptibly draws it back toward himself until the prey attached to the arm is within reach of his mouth.

As for the octopus' change of colour, Pindar has made it celebrated in the words

To all the cities to which you resort
Bring a mind like the changing skin of the seabeast;

and Theognis likewise:

Be minded like the octopus' hue:
The colour of its rock will meet the view.

The chameleon, to be sure, is metachromatic, but not from any design or desire to conceal itself; it changes colour uselessly from fear, being naturally timid and cowardly. And this is consistent with the abundance of air in it, as Theophrastus says; for nearly the whole body of the creature is occupied by its lungs, which shows it to be full of air and for this reason easily moved to change colour. But this same action on the part of the octopus is not an emotional response, but a deliberate change, since it uses this device to escape what it fears and to capture what it feeds on: by this deceit it can both seize the latter, which does not try to escape, and avoid the former, which

proceeds on its way. Now the story that it eats its own tentacles is a lie, but it is true that it fears the moray and the conger. It is, in fact, maltreated by them; for it cannot do them harm, since they slip from its grasp. 979 On the other hand, when the crawfish has once got them in its grasp, it wins the victory easily, for smoothness is no aid against roughness; yet when the octopus has once thrust its tentacles inside the crawfish, the latter succumbs. And so Nature has created this cycle and succession of mutual pursuit and flight as a field for the exercise and competitive practice of adroitness and intelligence.

28 1 We have, to be sure, heard Aristotimus telling us about the hedgehog's foreknowledge of the winds; and our friend also admired the V shaped flight of cranes. I can produce no hedgehog of Cyzicus or Byzantium, but instead the whole body of sea-hedgehogs, which, when they perceive that storm and surf are coming, ballast themselves with little stones in order that they may not be capsized by reason of their lightness or be swept away by the swell, but may remain fixed in position through the weight of their little rocks.

Again, the cranes' change of flight against the wind is not merely the action of one species: all fish generally have the same notion and always swim against wave and current, taking care that a blast from the rear does not fold back their scales and expose and roughen their bodies. For this reason they always present the prow of their bodies to the waves, for in that way head first they cleave the sea, which depresses their gills and, flowing smoothly over the surface, keeps down, instead of ruffling up, the bristling kin. Now this, as I have said, is common to all fish except the sturgeon, which, they say, swims with wind and tide and does not fear the harrowing of its scales since the overlaps are not in the direction of the tail.

29 1 The tunny is so sensitive to equinox and solstice that it teaches even men themselves without the need of astronomical tables; for wherever it may be when the winter solstice overtakes it, in that same place it stands and stays until the equinox. As for that clever device of the crane, the grasping of the stone by night so that if it falls, she may awake from sleep — how much cleverer, my friend, is the artifice of the dolphin, for whom it is illicit to stand still or to cease from motion. For its nature is to be ever active: the termination of its life and its movement is one and the same. When it needs sleep, it rises to the surface of the sea and allows itself to sink deeper and deeper on its back, lulled to rest by the swinging motion of the ground swell until it touches the bottom. Thus roused, it goes whizzing up, and when it reaches the surface, again goes slack, devising for itself a kind of rest

combined with motion. And they say that tunnies do the same thing for the same reason.

Having just a moment ago given you an account of the tunny's mathematical foreknowledge of the reversal of the sun, of which Aristotle is a witness, I beg you to hear the tale of their arithmetical learning. But first, I swear, I must mention their knowledge of optics, of which Aeschylus seems not to have been ignorant, for these are his words:

Squinting the left eye like a tunny fish.

They seem, indeed, to have poor sight in one eye. And it is for this reason that when they enter the Black Sea, they hug one bank on the right, and the other when they are going out, it being very prudent and sagacious of them always to entrust the protection of themselves to the better eye. Now since they apparently need arithmetic to preserve their consociation and affection for each other, they have attained such perfection of learning that, since they take great pleasure in feeding and schooling together, they always form the school into a cube, making it an altogether solid figure with a surface of six equal solid plane sides; then they swim on their way preserving their formation, a square that faces both ways. 980 Certainly a hooer watching for tunnies who counts the exact number of the surface at once makes known the total number of the shoal, since he knows that the depth is equal one to one with the breadth and the length.

30 1 Schooling together has also given the bonitos their name of amia and I think this is true of year-old tunnies as well. As for the other kinds which are observed to live in shoals in mutual society, it is impossible to state their number. Let us rather, therefore, proceed to examine those that have a special partnership, that is, symbiosis. One of these is the pinna-guard, over which Chrysippus spilled a very great deal of ink; indeed it has a reserved seat in every single book of his, whether ethical or physical. Chrysippus has obviously not investigated the sponge-guard; otherwise he could hardly have left it out. Now the pinna-guard is a crab-like creature, so they say, who lives with the pinna and sits in front of the shell guarding the entrance. It allows the pinna to remain wide open and agape until one of the little fish that are their prey gets within; then the guard nips the flesh of the pinna and slips inside; the shell is closed and together they feast on the imprisoned prey.

The sponge is governed by a little creature not resembling a crab, but much like a spider. Now the sponge is no lifeless, insensitive, bloodless thing; though it clings to the rocks, as many other animals do, Cit has a

peculiar movement outward and inward which needs, as it were, admonition and supervision. In any case it is loose in texture and its pores are relaxed because of its sloth and dullness; but when anything edible enters, the guard gives the signal, and it closes up and consumes the prey. Even more, if a man approaches or touches it, informed by the scratching of the guard, it shudders, as it were, and so closes itself up by stiffening and contracting that it is not an easy, but a very difficult, matter for the hunters to undercut it.

The purplefish lives in colonies which build up a comb together, like bees. In this the species is said to propagate; they catch at edible bits of oyster-green and seaweed that stick to shells, and furnish each other with a sort of periodic rotating banquet, as they feed one after another in series.

31 1 And why should anyone be surprised at the community life of these when the most unsociable and brutal of all creatures bred in river, lake, or sea, the crocodile, shows himself marvellously proficient at partnership and goodwill in his dealings with the Egyptian plover? The plover is a bird of the swamps and river banks and it guards the crocodile, not supplying its own food, but as a boarder making a meal of the crocodile's scraps. Now when it perceives that, during the crocodile's sleep, the ichneumon is planning to attack it, smearing itself with mud like an athlete dusting himself for the fray, the bird awakes the crocodile by crying and pecking at it. And the crocodile becomes so gentle with it that it will open its mouth and let it in and is pleased that the bird quietly pecks out, with its bill, bits of flesh which are caught in the teeth and cleans them up. When it is now satisfied and wants to close its mouth, it tilts its snout upward as an indication of its desire and does not let it down until the plover, at once perceiving the intention, flies out.

The so called "guide" is a small fish, in size and shape like a goby; but by reason of the roughness of its scales it is said to resemble a ruffled bird. It always accompanies one of the great whales, swimming in front of it and directing its course so that it may not go aground in shallows or be cut off in some lagoon or strait from which exit may be difficult. 981 The whale follows it, as a ship obeys the helm, changing course with great docility. And whatever else, creature or boat or stone, it embraces in its gaping jaws is at once destroyed and goes to its ruin completely engulfed; but the little fish it knows and receives inside its mouth as in a haven. While the fish sleeps within, the whale remains motionless and lies by; but when it comes out again, the beast accompanies it and does not depart from it day or night; or, if it does, it gets lost and wanders at random. Many, indeed, have been cast up

on the land and perished, being, as it were, without a pilot. We, in fact, were witnesses of such a mishap near Anticyra not long ago; and they relate that some time ago, when a whale came aground not far from Boulis and rotted, a plague ensued.

Is it, then, justifiable to compare with these associations and companionships those friendships which Aristotle says exist between foxes and snakes because of their common hostility to the eagle; or those between bustards and horses because the former like to approach and pick over the dung? As for me, I perceive even in ants or bees no such concern for each other. It is true that every one of them promotes the common task, yet none of them has any interest in or regard for his fellow individually.

32 1 And we shall observe this difference even more clearly when we turn our attention to the oldest and most important of social institutions and duties, those concerned with generation and procreation. Now in the first place those fish that inhabit a sea that borders on lagoons or receives rivers resort to these when they are ready to deposit their eggs, seeking the tranquillity and smoothness of fresh water, since calm is a good midwife. Besides, lagoons and rivers are devoid of sea monsters, so that the eggs and fry may survive. This is the reason why the Black Sea is most favoured for spawning by very many fish. It breeds no large sea beasts at all except an infrequent seal and a small dolphin; besides, the influx of rivers — and those which empty into the Black Sea are numerous and very large — creates a gentle blend conducive to the production of offspring. The most wonderful tale is told about the anthias, which Homer calls "Sacred Fish." Yet some think that "sacred" means "important," just as we call the important bone os sacrum and epilepsy, an important disease, the sacred disease. Others interpret it in the ordinary sense as meaning "dedicated" or "consecrated." Eratosthenes seems to refer to the gilthead when he says

Swift courser golden-browed, the sacred fish.

Many say that this is the sturgeon, which is rare and hard to catch, though it is often seen off the coast of Pamphylia. If any ever do succeed in catching it, they put on wreaths themselves and wreathe their boats; and, as they sail past, they are welcomed and honoured with shouts and applause. But most authorities hold that it is the anthias that is and is called "sacred," for wherever this fish appears there are no sea monsters. Sponge-fishers may dive in confidence and fish may spawn without fear, as though they had a guarantor of their immunity. The reason for this is a puzzle: whether the

monsters avoid the anthias as elephants do a pig and lions a cock, or whether there are indications of places free from monsters, which the fish comes to know and frequents, being an intelligent creature with a good memory.

33 1 Then again the care of the young is shared by both parents: the males do not eat their own young, but stand by the spawn to guard the eggs, as Aristotle relates. Some follow the female and sprinkle the eggs gradually with milt, for otherwise the spawn will not grow, but remains imperfect and undeveloped. In particular the wrasse makes a sort of nest of seaweed, envelops the spawn in it, and shelters it from the waves.

982 The affection of the dogfish for its young is not inferior in warmth and kindliness to that of any of the tamest animals; for they lay the egg, then sustain and carry the newly hatched young, not without, but within themselves, as if from a second birth. When the young grow larger, the parents let them out and teach them to swim close by; then again they collect them through their mouths and allow their bodies to be used as dwelling-places, affording at once room and board and sanctuary until the young become strong enough to shift for themselves.

Wonderful also is the care of the tortoise for the birth and preservation of her young. To bear them she comes out of the sea to the shore near at hand; but since she is unable to incubate the eggs or to remain on dry land for long, she deposits them on the strand and heaps over them the smoothest and softest part of the sand. When she has buried and concealed them securely, some say that she scratches and scribbles the place with her feet, making it easy for her to recognize; others affirm that it is because she has been turned on her back by the male that she leaves peculiar marks and impressions about the place. But what is more remarkable than this, she waits for the fortieth day (for that is the number required to develop and hatch out the eggs) and then approaches. And each tortoise recognizes her own treasure and opens it more joyously and eagerly than a man does a deposit of gold.

34 1 The accounts given of the crocodile are similar in other respects, but the animal's ability to estimate the right place goes beyond man's power to guess or calculate the cause. Hence they affirm that this creature's foreknowledge is divine and not rational. For neither to a greater or a less distance, but just so far as the Nile will spread that season and cover the land in flood, just so far does she go to deposit her eggs, with such accuracy that any farmer finding the eggs may know himself and predict to others how far the river will advance. And her purpose in being so exact is to prevent either

herself or her eggs getting wet when she sits on them. When they are hatched, the one which, upon emerging, does not immediately seize in its mouth anything that comes along, fly or midge or worm or straw or plant, the mother tears to pieces and bites to death; but those that are bold and active she loves and tends, thus bestowing her affection by judgement, as the wisest of men think right, not by emotion.

Furthermore, seals too bear their young on dry land and little by little induce their offspring to try the sea, then quickly take them out again. This they do often at intervals until the young are conditioned in this way to feel confidence and enjoy life in the sea.

Frogs in their coupling use a call, the so called ololygon, a cry of wooing and mating. When the male has thus attracted the female, they wait for the night together, for they cannot consort in the water and during the day they are afraid to do so on land; but when the darkness falls, they come out and embrace with impunity. On other occasions when their cry is shrill, it is because they expect rain. And this is among the surest of signs.

35 1 But, dear Poseidon! What an absurd and ridiculous error I have almost fallen into: while I am spending my time on seals and frogs, FI have neglected and omitted the wisest of sea creatures, the most beloved of the gods! For what nightingales are to be compared with the halcyon for its love of sweet sound, or what swallows for its love of offspring, or what doves for its love of its mate, or what bees for its skill in construction? What creature's procreation and birth pangs has the god so honoured? For Leto's parturition, so they say, only one island was made firm to receive her; but when the halcyon lays her eggs, about the time of the winter solstice, the god brings the whole sea to rest, without a wave, without a swell. 983 And this is the reason why there is no other creature that men love more. Thanks to her they sail the sea without a fear in the dead of winter for seven days and seven nights. For the moment, journey by sea is safer for them than by land. If it is proper to speak briefly of her several virtues, she is so devoted to her mate that she keeps him company, not for a single season, but throughout the year. Yet it is not through wantonness that she admits him to her company, for she never consorts at all with any other male; it is through friendship and affection, as with any lawful wife. When by reason of old age the male becomes too weak and sluggish to keep up with her, she takes the burden on herself, carries him and feeds him, never forsaking, never abandoning him; but mounting him on

her own shoulders, she conveys him everywhere she goes and looks after him, abiding with him until the end.

As for love of her offspring and care for their preservation, as soon as she perceives herself to be pregnant, she applies herself to building the nest, not making pats of mud or cementing it on walls and roofs like the house-martin; nor does she use the activity of many different members of her body, as when the bee employs its whole frame to enter and open the wax, with all six feet pressing at the same time to fashion the whole mass into hexagonal cells. But the halcyon, having but one simple instrument, one piece of equipment, one tool — her bill and nothing else, co operating with her industry and ingenuity — what she contrives and constructs would be hard to believe without ocular evidence, seeing the object that she moulds — or rather the ship that she builds. Of many possible forms, this alone cannot be capsized or even wet its cargo. She collects the spines of garfish and binds and weaves them together, some straight, others transverse, as if she were thrusting woven threads through the warp, adding such bends and knots of one with another that a compact, round unit is formed, slightly prolate in shape, like a fisherman's weel. When it is finished, she brings and deposits it beside the surging waves, where the sea beats gently upon it and instructs her how to mend and strengthen whatever is not yet good and tight, as she observes it loosened by the blows. She so tautens and secures the joints that it is difficult even for stones or iron to break or pierce it. The proportions and shape of the hollow interior are as admirable as anything about it; for it is so constructed as to admit herself only, while the entrance remains wholly hidden and invisible to others — with the result that not even a drop of water can get in. Now I presume that all of you have seen this nest; as for me, since I have often seen and touched it, it comes to my mind to chant the words

Once such a thing in Delos near Apollo's shrine

I saw, the Altar of Horn, celebrated as one of the Seven Wonders of the World because it needs no glue or any other binding, but is joined and fastened together, made entirely of horns taken from the right side of the head. Now may the god be propitious to me while I sing of the Sea Siren — and indeed, being both a musician and an islander, he should laugh good-naturedly at my opponents' scoffing questions. Why should he not be called a "conger-slayer" or Artemis be termed a "surmullet-slayer"? Since he well

knows that Aphrodite, born of the sea, regards practically all sea creatures as sacred and related to herself and relishes the slaughter of none of them. In Leptis, you know, the priests of Poseidon refrain entirely from any sea food, and those initiated into the mysteries at Eleusis hold the surmullet in veneration, while the priestess of Hera at Argos abstains from this fish to pay it honour. For surmullets are particularly good at killing and eating the sea-hare, which is lethal to man. It is for this reason that surmullets possess this immunity, as being friendly and life-saving creatures.

36 1 984 Furthermore, many of the Greeks have temples and altars to Artemis Dictynna and Apollo Delphinios; and that place which the god had chosen for himself the poet says was settled by Cretans under the guidance of a dolphin. It was not, however, the god who changed his shape and swam in front of the expedition, as tellers of tales relate; instead, he sent a dolphin to guide the men and bring them to Cirrha. They also relate that Soteles and Dionysius, the men sent by Ptolemy Soter to Sinope to bring back Serapis, were driven against their will by a violent wind out of their course beyond Malea, Bwith the Peloponnesus on their right. When they were lost and discouraged, a dolphin appeared by the prow and, as it were, invited them to follow and led them into such parts as had safe roadsteads with but a gentle swell until, by conducting and escorting the vessel in this manner, it brought them to Cirrha. Whence it came about that when they had offered thanksgiving for their safe landing, they came to see that of the two statues they should take away the one of Pluto, but should merely take an impress of that of Persephone and leave it behind.

Well might the god be fond of the music-loving character of the dolphin, to which Pindar likens himself, saying that he is roused

Like a dolphin of the sea
Who on the waveless deep of ocean
Is moved by the lovely sound of flutes.

Yet it is even more likely that its affection for men renders it dear to the gods; for it is the only creature who loves man for his own sake. Of the land animals, some avoid man altogether, others, the tamest kind, pay court for utilitarian reasons only to those who feed them, as do dogs and horses and elephants to their familiars. Martins take to houses to get what they need, darkness and a minimum of security, but avoid and fear man as a dangerous

wild beast. To the dolphin alone, beyond all others, nature has granted what the best philosophers seek: friendship for no advantage. Though it has no need at all of any man, yet it is a genial friend to all and has helped many. The story of Arion is familiar to all and widely known; and you, my friend, opportunely put us in mind of the tale of Hesiod,

But you failed to reach the end of the tale.

When you told of the dog, you should not have left out the dolphins, for the information of the dog that barked and rushed with a snarl on the murderers would have been meaningless if the dolphins had not taken up the corpse as it was floating on the sea near the Nemeon and zealously passed it from group to group until they put it ashore at Rhium and so made it clear that the man had been stabbed.

Myrsilus of Lesbos tells the tale of Enalus the Aeolian who was in love with that daughter of Smintheus who, in accordance with the oracle of Amphitrite, was cast into the sea by the Penthilidae, whereupon Enalus himself leaped into the sea and was brought out safe on Lesbos by a dolphin.

And the goodwill and friendship of the dolphin for the lad of Iasus was thought by reason of its greatness to be true love. For it used to swim and play with him during the day, allowing itself to be touched; and when the boy mounted upon its back, it was not reluctant, but used to carry him with pleasure wherever he directed it to go, while all the inhabitants of Iasus flocked to the shore each time this happened. Once a violent storm of rain and hail occurred and the boy slipped off and was drowned. The dolphin took the body and threw both it and itself together on the land and would not leave until it too had died, thinking it right to share a death for which it imagined that it shared the responsibility. And in memory of this calamity the inhabitants of Iasus have minted their coins with the figure of a boy riding a dolphin.

From this the wild tales about Coeranus gained credence. 985 He was a Parian by birth who, at Byzantium, bought a draught of dolphins which had been caught in a net and were in danger of slaughter, and set them all free. A little later he was on a sea voyage in a penteconter, so they say, with fifty pirates aboard; in the strait between Naxos and Paros the ship capsized and all the others were lost, while Coeranus, they relate, because a dolphin sped beneath him and buoyed him up, was put ashore at Sicinus, near a cave which is pointed out to this day and bears the name of Coeraneum. It is on this man that Archilochus is said to have written the line

Out of fifty, kindly Poseidon left only Coeranus.

When later he died, his relatives were burning the body near the sea when a large shoal of dolphins appeared off shore as though they were making it plain that they had come for the funeral, and they waited until it was completed.

That the shield of Odysseus had a dolphin emblazoned on it, Stesichorus also has related; and the Zacynthians perpetuate the reason for it, as Critheus testifies. For when Telemachus was a small boy, so they say, he fell into the deep inshore water and was saved by dolphins who came to his aid and swam with him to the beach; and that was the reason why his father had a dolphin engraved on his ring and emblazoned on his shield, Cmaking this requital to the animal.

Yet since I began by saying that I would not tell you any tall tales and since, without observing what I was up to, I have now, besides the dolphins, run aground on both Odysseus and Coeranus to a point beyond belief, I lay this penalty upon myself: to conclude here and now.

37 1 Aristotimus. So, gentlemen of the jury, you may now cast your votes.

Soclarus. As for us, we have for some time held the view of Sophocles:

It is a marvel how of rival sides

The strife of tongues welds both so close together.

For by combining what you have said against each other, you will together put up a good fight against those who would deprive animals of reason and understanding.

Beasts are rational

985 1 1 Odysseus. These facts, Circe, I believe I have learned and shall not forget them; yet I should be happy to learn from you further whether there are any Greeks among those whom you have changed from the shape of men into wolves and lions.

Circe. Quite a few, beloved Odysseus. But what is your reason for asking this question?

Odysseus. It is, I swear, because it would bring me noble glory among the Greeks if by your favour I should restore comrades of mine to their original humanity and not allow them to grow old in the unnatural guise of beasts, leading an existence that is so piteous and shameful

Circe. Here’s a lad who finds it appropriate that not only himself and his companions, but even total strangers should, through his stupidity, find his ambition their ruin.

Odysseus. This is a new potion of words that you are stirring and drugging for me, Circe. It will certainly transform me literally into a beast if I am to take your word for it that changing from beast to man spells ruin.

Circe. Haven’t you already worked a stranger magic than this on yourself? You who refused an ageless, immortal life at my side and would struggle through a thousand new dangers to a woman who is mortal and, I can assure you, no longer so very young — 986 and this for no other object than to make yourself more gaped at and renowned than you already are, pursuing an empty phantom instead of what is truly good.

Odysseus. All right, let it be as you say, Circe. Why must we quarrel again and again about the same matters? Now please just grant me the favour of letting the men go free.

Circe. By the Black Goddess, it’s not so simple as that. These creatures are no run of the mill. You must ask them first if they are willing. If they say no, my hero, you’ll have to argue with them and convince them. And if you don’t, and they win the argument, then you must be content with having exercised poor judgement about yourself and your friends.

Odysseus. Dear lady, why are you making fun of me? How can they argue with me or I with them so long as they are asses and hogs and lions?

Circe. Courage, courage, my ambitious friend. I'll see to it that you shall find them both receptive and responsive. Or rather, one of the number will be enough to thrust and parry for them all. Presto! You may talk with this one.

Odysseus. And how am I to address him, Circe? Who in the world was he?

Circe. What's that to do with the issue? Call him Gryllus, if you like. I'll retire now to avoid any suggestion that he is arguing against his own convictions to curry favour with me.

2 1 Gryllus. Hello, Odysseus.

Odysseus. And you too, Gryllus, for heaven's sake!

Gryllus. What do you want to ask?

Odysseus. Since I am aware that you have been men, I feel sorry for all of you in your present plight; yet it is only natural that I should be more concerned for those of you who were Greeks before you fell into this misfortune. So now I have asked Circe to remove the spell from any Greek who chooses and restore him to his original shape and let him go back home with us.

Gryllus. Stop, Odysseus! Not a word more! You see, we don't any of us think much of you either, for evidently it was a farce, that talk of your cleverness and your fame as one whose intelligence far surpassed the rest — a man who boggles at the simple matter of changing from worse to better because he hasn't considered the matter. For just as children dread the doctor's doses and run from lessons, the very things that, by changing them from invalids and fools, will make them healthier and wiser, just so you have shied away from the change from one shape to another. At this very moment you are not only living in fear and trembling as a companion of Circe, frightened that she may, before you know it, turn you into a pig or a wolf, but you are also trying to persuade us, who live in an abundance of good things, to abandon them, and with them the lady who provides them, and sail away with you, when we have again become men, the most unfortunate of all creatures!

Odysseus. To me, Gryllus, you seem to have lost not only your shape, but your intelligence also under the influence of that drug. You have become infected with strange and completely perverted notions. Or was it rather an inclination to swinishness that conjured you into this shape?

Gryllus. Neither of these, king of Cephallenians. But if it is your pleasure to discuss the matter instead of hurling abuse, I shall quickly make you see

that we are right to prefer our present life in place of the former one, now that we have tried both.

Odysseus. Go on. I should like to hear you.

3 1 Gryllus. And I, in that case, to instruct you. Let us begin with the virtues, which, we note, inspire you with pride; for you rate yourselves as far superior to animals in justice and wisdom and courage and all the rest of them. But answer me this, wisest of men! Once I heard you telling Circe about the land of Cyclopes, that though it is not ploughed at all nor does anyone sow there, yet it is naturally so fertile and fecund that it produces spontaneously every kind of crops. 987 Do you, then, rate this land higher than rugged, goat-pasturing Ithaca, which barely yields the tiller a meagre, churlish, trifling crop after great efforts and much toil? And see that you don't lose your temper and give me a patriotic answer that isn't what you really believe.

Odysseus. I have no need to lie; for though I love and cherish my native soil more, the other wins my approval and admiration.

Gryllus. Then this, we shall say, is the situation: the wisest of men thinks fit to commend and approve one thing while he loves and prefers another. Now I assume that your answer applies to the spiritual field also, for the situation is the same as with the land: that spiritual soil is better which produces a harvest of virtue as a spontaneous crop without toil.

Odysseus. Yes, this too you may assume.

Gryllus. At this moment, then, you are conceding the point that the soul of beasts has a greater natural capacity and perfection for the generation of virtue; for without command or instruction, "unsown and unploughed," as it were, it naturally brings forth and develops such virtue as is proper in each case.

Odysseus. And what sort of virtue, Gryllus, is ever found in beasts?

4 1 Gryllus. Ask rather what sort of virtue is not found in them more than in the wisest of men? Take first, if you please, courage, in which you take great pride, not even pretending to blush when you are called "valiant" and "sacker of cities." Yet you, you villain, are the man who by tricks and frauds have led astray men who knew only a straightforward, noble style of war and were unversed in deceit and lies; while on your freedom from scruple you confer the name of the virtue that is least compatible with such nefariousness. Wild beasts, however, you will observe, are guileless and artless in their struggles, whether against one another or against you, and conduct their battles with

unmistakably naked courage under the impulse of genuine valour. No edict summons them, nor do they fear a writ of desertion. No, it is their nature to flee subjection; with a stout heart they maintain an indomitable spirit to the very end. Nor are they conquered even when physically overpowered; they never give up in their hearts, even while perishing in the fray. In many cases, when beasts are dying, their valour withdraws together with the fighting spirit to some point where it is concentrated in one member and resists the slayer with convulsive movements and fierce anger until, like a fire, it is completely extinguished and departs.

Beasts never beg or sue for pity or acknowledge defeat: lion is never slave to lion, or horse to horse through cowardice, as man is to man when he unprotestingly accepts the name whose root is cowardice. And when men have subdued beasts by snares and tricks, such of them as are full grown refuse food and endure the pangs of thirst until they induce and embrace death in place of slavery. But nestlings and cubs, which by reason of age are tender and docile, are offered many beguiling allurements and enticements that act as drugs. These give them a taste for unnatural pleasures and modes of life, and in time make them spiritless to the point where they accept and submit to their so called "taming," which is really Fan emasculation of their fighting spirit.

These facts make it perfectly obvious that bravery is an innate characteristic of beasts, while in human beings an independent spirit is actually contrary to nature. The point that best proves this, gentle Odysseus, is the fact that in beasts valour is naturally equal in both sexes and the female is in no way inferior to the male. She takes her part both in the struggle for existence and in the defence of her brood. You have heard, I suppose, of the sow of Crommyon which, though a female beast, caused so much trouble to Theseus. 988 That famous Sphinx would have got no good of her wisdom as she sat on the heights of Mt. Phicium, weaving her riddles and puzzles, if she had not continued to surpass the Thebans greatly in power and courage. Somewhere thereabouts lived also the Teumesian vixen, a "thing atrocious"; and not far away, they say, was the Pythoness who fought with Apollo for the oracle at Delphi. Your king received Aethe from the Sicyusn as a recompense for excusing him from military service, making a very wise choice when he preferred a fine, spirited mare to a cowardly man. You yourself have often observed in panthers and lionesses that the female in no way yields to the male in spirit and valour. Yet, while you are off at the wars, your wife sits at

home by the fire and troubles herself not so much as a swallow to ward off those who come against herself and her home — and this though she is a Spartan born and bred. So why should I go on to mention Carian or Maeonian women? Surely from what has been said it is perfectly obvious that men have no natural claim to courage; if they did, women would have just as great a portion of valour. It follows that your practice of courage is brought about by legal compulsion, which is neither voluntary nor intentional, but in subservience to custom and censure and moulded by extraneous beliefs and arguments. When you face toils and dangers, you do so not because you are courageous, but because you are more afraid of some alternative. For just as that one of your companions who is the first to board ship stands up to the light oar, not because he thinks nothing of it, but because he fears and shuns the heavier one; just so he who accepts the lash to escape the sword, or meets a foe in battle rather than be tortured or killed, does so not from courage to face the one situation, but from fear of the other. So it is clear that all your courage is merely the cowardice of prudence and all your valour merely fear that has the good sense to escape one course by taking another. And, to sum up, if you think that you are better in courage than beasts, why do your poets call the doughtiest fighters "wolf-minded" and "lion-hearted" and "like a boar in valour," though no poet ever called a lion "man-hearted" or a boar "like a man in valour"? But, I imagine, just as when those who are swift are called "wind-footed" and those who are handsome are called "godlike," there is exaggeration in the imagery; just so the poets bring in a higher ideal when they compare mighty warriors to something else. And the reason is that the spirit of anger is, as it were, the tempering or the cutting edge of courage. Now beasts use this undiluted in their contests, whereas you men have it mixed with calculation, as wine with water, so that it is displaced in the presence of danger and fails you when you need it most. Some of you even declare that anger should not enter at all into fighting, but be dismissed in order to make use of sober calculation; their contention is correct so far as self-preservation goes, but is disgracefully false as regards valorous defence. For surely it is absurd for you to find fault with Nature because she did not equip your bodies with natural stings, or place fighting tusks among your teeth, or give you nails like curved claws, while you yourselves remove or curb the emotional instrument that Nature has given.

5 1 Odysseus. Bless me, Gryllus, you must once have been a very clever sophist, one may judge, since even as things are, and speaking from your

swinishness, you can attack the subject with such fervent ardour. But why have you failed to discuss temperance, the next in order?

Gryllus. Because I thought that you would first wish to take exception to what I have said. But you are eager to hear about temperance since you are the husband of a model of chastity and believe that you yourself have given a proof of self-control by rejecting the embraces of Circe. And in this you are no more continent than any of the beasts; for neither do they desire to consort with their betters, 989 but pursue both pleasure and love with mates of like species. So it is no wonder that, like the Mendesian goat in Egypt which, when shut up with many beautiful women, is said not to be eager to consort with them, but is far more excited about nannies, you likewise are contented with the kind of love that is familiar to you and, being a mortal, are not eager to sleep with a goddess. As for the chastity of Penelope, the cawing of countless crows will pour laughter and contempt upon it; for every crow, if her mate dies, remains a widow, not merely for a short time, but for nine generations of men. It follows that your fair Penelope is nine times inferior in chastity to any crow you please.

6 1 Now since you are not unaware that I am a sophist, let me marshal my arguments in some order by defining temperance and analysing the desires according to their kinds. Temperance, then, is a curtailment and an ordering of the desires that eliminate those that are extraneous or superfluous and discipline in modest and timely fashion those that are essential. You can, of course, observe countless differences in the desires . . . and the desire to eat and drink is at once natural and essential, while the pleasures of love, which, though they find their origin in nature, yet may be forgone and discarded without much inconvenience, have been called natural, but not essential. But there are desires of another kind, neither essential nor natural, that are imported in a deluge from without as a result of your inane illusions and because you lack true culture. So great is their multitude that the natural desires are, every one of them, all but overwhelmed, as though an alien rabble were overpowering the native citizenry. But beasts have souls completely inaccessible and closed to these adventitious passions and live their lives as free from empty illusions as though they dwelt far from the sea. They fall short in the matter of delicate and luxurious living, but solidly protect their sobriety and the better regulation of their desires since those that dwell within them are neither numerous nor alien.

Certainly there was a time when I myself, no less than you now, was dazzled by gold and held it to be an incomparable possession; so likewise I was caught by the lure of silver and ivory and the man who had most property of this sort seemed to me to be a blissful favourite of the gods, whether he was a Phrygian or a Carian, one more villainous than Dolon or more unfortunate than Priam. In that situation, constantly activated by these desires, I reaped no joy or pleasure from the other things of life, which I had sufficiently and to spare. EI grumbled at my life, finding myself destitute of the most important things and a loser in the lottery of fortune. This is the reason why, as I recall, when I saw you once in Crete tricked out in holiday attire, it was not your intellect or your virtue that I envied, but the softness of the elegantly woven garment and the beautiful wool of your purple cloak that I admired and gaped at (the clasp, I believe, was of gold and had some frivolity worked on it in exquisitely fine intaglio). I followed you about as enchanted as a woman. But now I am rid and purified of all those empty illusions. I have no eyes for gold and silver and can pass them by just like any common stone; and as for your fine robes and tapestries, I swear there's nothing sweeter for me to rest in when I'm full than deep, soft mud. None, then, of such adventitious desires has a place in our souls; our life for the most part is controlled by the essential desires and pleasures. As for those that are non-essential, but merely natural, we resort to them without either irregularity or excess.

7 1 990 Let us, in fact, first describe these pleasures. Our pleasure in fragrant substances, those that by their nature stimulate our sense of smell, besides the fact that our enjoyment of this is simple and costs nothing, also contributes to utility by providing a way for us to tell good food from bad. For the tongue is said to be, and is, a judge of what is sweet or bitter or sour, when liquid flavours combine and fuse with the organ of taste; but our sense of smell, even before we taste, is a judge that can much more critically distinguish the quality of each article of food than any royal taster in the world. It admits what is proper, rejects what is alien, and will not let it touch or give pain to the taste, but informs on and denounces what is bad before any harm is done. And in other respects smell is no nuisance to us, as it is to you, forcing to collect and mix together incense of one kind or another and cinnamon and nard and malobathrum and Arabian aromatic reeds, with the aid of a formidable dyer's or witch's art, of the sort to which you give the name of unguentation, thus buying great price an effeminate, emasculating luxury

which has absolutely no real use. Yet, though such is its nature, it has depraved not only every woman, but lately the greater part of men as well, so that they refuse to sleep even with their own wives unless they come to bed Creeking with myrrh and scented powders. But sows attract boars and nannies bucks and other female creatures their consorts by means of their own special odours; scented, as they are, with pure dew and grassy meadows, they are attracted to the nuptial union by mutual affection. The females are not coy and do not cloak their desires with deceits or trickeries or denials; nor do the males, driven on by the sting of mad lust, purchase the act of procreation by money or toil or servitude. No! Both parties celebrate at the proper time a love without deceit or hire, a love which in the season of spring awakens, like the burgeoning of plants and trees, the desire of animals, and then immediately extinguishes it. Neither does the female continue to receive the male after she has conceived, nor does the male attempt her. So slight and feeble is the regard we have for pleasure: our whole concern is with Nature. Whence it comes about that to this very day the desires of beasts have encompassed no homosexual mating. But you have a fair amount of such trafficking among your high and mighty nobility, to say nothing of the baser sort. Agamemnon came to Boeotia hunting for Argynnus, who tried to elude him, and slandering the sea and winds . . . then he gave his noble self a noble bath in Lake Copaïs to drown his passion there and get rid of his desire. Just so Heracles, pursuing a beardless lad, lagged behind the other heroes and deserted the expedition. On the Rotunda of Ptoian Apollo one of your men secretly inscribed fair is Achilles — when Achilles already had a son. And I hear that the inscription is still in place. But a cock that mounts another for the lack of a female is burned alive because some prophet or seer declares that such an event is an important and terrible omen. On this basis even men themselves acknowledge that beasts have a better claim to temperance and the non-violation of nature in their pleasures. Not even Nature, with Law for her ally, can keep within bounds the unchastened vice of your hearts; but as though swept by the current of their lusts beyond the barrier at many points, men do such deeds as wantonly outrage Nature, upset her order, and confuse her distinctions. For men have, in fact, attempted to consort with goats and sows and mares, and women have gone mad with lust for male beasts. 991 From such unions your Minotaurs and Aegipans, and, I suppose, your Sphinxes and Centaurs have arisen. Yet it is through hunger that dogs have occasionally eaten a man; and birds have tasted of human flesh through

necessity; but no beast has ever attempted a human body for lustful reasons. But the beasts I have mentioned and many others have been victims of the violent and lawless lusts of man.

8 1 Though men are so vile and incontinent where the desires I have spoken of are concerned, they can be proved to be even more so in the case of essential desires, being here far inferior to animals in temperance. These are the desires for food and drink, Bin which we beasts always take our pleasure along with some sort of utility; whereas you, in your pursuit of pleasure rather than natural nourishment, are punished by many serious ailments which, welling up from one single source, the surfeit of your bodies, fill you with all manner of flatulence that is difficult to purge. In the first place each species of animal has one single food proper to it, grass or some root or fruit. Those that are carnivorous resort to no other kind of nourishment, nor do they deprive those weaker than themselves of sustenance; but the lion lets the deer, and the wolf lets the sheep, feed in its natural pasture. But man in his pleasures is led astray by gluttony to everything edible; he tries and tastes everything as if he had not yet come to recognize what is suitable and proper for him; alone of all creatures he is omnivorous.

In the first place his eating of flesh is caused by no lack of means or methods, for he can always in season harvest and garner and gather in such a succession of plants and grains as will all but tire him out with their abundance; but driven on by luxurious desires and satiety with merely essential nourishment, he pursues illicit food, made unclean by the slaughter of beasts; and he does this in a much more cruel way than the most savage beasts of prey. Blood and gore and raw flesh are the proper diet of kite and wolf and snake; to man they are an appetizer. Then, too, man makes use of every kind of food and does not, like beasts abstain from most kinds and consequently make war on a few only that he must have for food. In a word, nothing that flies or swims or moves on land has escaped your so called civilized and hospitable tables.

9 1 Well, then. It is admitted that you use animals as appetizers to sweeten your fare. Why, therefore . . . Animal intelligence, on the contrary, allows no room for useless and pointless arts; and in the case of essential ones, Ewe do not make one man with constant study cling to one department of knowledge and rivet him jealously to that; nor do we receive our arts as alien products or pay to be taught them. Our intelligence produces them on the spot unaided, as its own congenital and legitimate skills. I have heard that in Egypt everyone

is a physician; and in the case of beasts each one is not only his own specialist in medicine, but also in the providing of food, in warfare and hunting as well as in self-defence and music, in so far as any kind of animal has a natural gift for it. From whom have we swine learned, when we are sick, to resort to rivers to catch crabs? Who taught tortoises to devour marjoram after eating the snake? And who instructed Cretan goats, when they are pierced by an arrow, to look for dittany, after eating which the arrowhead falls out? For if you speak the truth and say that Nature is their teacher, you are elevating the intelligence of animals to the most sovereign and wisest of first principles. If you do not think that it should be called either reason or intelligence, it is high time for you to cast about for some fairer and even more honourable term to describe it, since certainly the faculty that it brings to bear in action is better and more remarkable. 992 It is no uninstructed or untrained faculty, but rather self-taught and self-sufficient — and not for lack of strength. It is just because of the health and completeness of its native virtue that it is indifferent to the contributions to its intelligence supplied by the lore of others. Such animals, at any rate, as man for amusement or easy living induces to accept instruction and training have understanding to grasp what they are taught even when it goes contrary to their physical endowment, so superior are their mental powers. I say nothing of puppies that are trained as hunters, or colts schooled to keep time in their gait, or crows that are taught to talk, or dogs, to jump through revolving hoops. In the theatres horses and steers go through an exact routine in which they lie down or dance or hold a precarious pose or perform movements not at all easy even for men; and they remember what they have been taught, these exhibitions of docility which are not in the least useful for anything else. If you are doubtful that we can learn arts, then let me tell you that we can even teach them. When partridges are making their escape, they accustom their fledglings to hide by falling on their backs and holding a lump of earth over themselves with their claws. You can observe storks on the roof, the adults showing the art of flying to the young as they make their trial flights. Nightingales set the example for their young to sing; while nestlings that are caught young and brought up by human care are poorer singers, as though they had left the care of their teacher too early. . . . and since I have entered into this new body of mine, I marvel at those arguments by which the sophists brought me to consider all creatures except man irrational and senseless.

Odysseus. So now, Gryllus, you are transformed. Do you attribute reason even to the sheep and the ass?

Gryllus. From even these, dearest Odysseus, it is perfectly possible to gather that animals have a natural endowment of reason and intellect. For just as one tree is not more nor less inanimate than another, but they are all in the same state of insensibility, since none is endowed with soul, in the same way one animal would not be thought to be more sluggish or indocile mentally than another if they did not all possess reason and intellect to some degree — though some have a greater or less proportion than others. Please note that cases of dullness and stupidity in some animals are demonstrated by the cleverness and sharpness of others — as when you compare an ass and a sheep with a fox or a wolf or a bee. It is like comparing Polyphemus to you or that dunce Coroebus to your grandfather Autolycus. EI scarcely believe that there is such a spread between one animal and another as there is between man and man in the matter of judgement and reasoning and memory.

Odysseus. But consider, Gryllus: it is not a fearful piece of violence to grant reason to creatures that have no inherent knowledge of God?

Gryllus. Then shall we deny, Odysseus, that so wise and remarkable a man as you had Sisyphus for a father?

On the eating of flesh

I

993 1 1 Can you really ask what reason Pythagoras had for abstaining from flesh? For my part I rather wonder both by what accident and in what state of soul or mind the first man who did so, touched his mouth to gore and brought his lips to the flesh of a dead creature, he who set forth tables of dead, stale bodies and ventured to call food and nourishment the parts that had a little before bellowed and cried, moved and lived. How could his eyes endure the slaughter when throats were slit and hides flayed and limbs torn from limb? How could his nose endure the stench? How was it that the pollution did not turn away his taste, which made contact with the sores of others and sucked juices and serums from mortal wounds?

> The skins shivered; and upon the spits the flesh bellowed,
> Both cooked and raw; the voice of kine was heard.

Though this is an invention and a myth, yet that sort of dinner is really portentous — when a man craves the meat that is still bellowing, giving instructions which tell us on what animals we are to feed while they are still alive uttering their cries, and organizing various methods of seasoning and roasting and serving. It is the man who first began these practices that one should seek out, not him who all too late desisted.

2 1 Or would everyone declare that the reason for those who first instituted flesh-eating was the necessity of their poverty? It was not while they passed their time in lawful desires nor when they had necessaries in abundance that after indulgence in unnatural and antisocial pleasures they resorted to such a practice. If, at this moment, they could recover feelings and voice, they might, indeed, remark: “Oh blessed and beloved of the gods, you who live now, what an age has fallen to your lot wherein you enjoy and assimilate a heritage abounding in good things! How many plants grow for you! What vintages you gather! What wealth you may draw from the plains and what pleasant sustenance from trees! Why, you may even live luxuriously without

the stain of blood. But as for us, it was a most dismal and fearful portion of the world's history the confronted us, falling as we did into great and unbearable poverty brought on by our first appearance among the living. As yet the heavens and the stars were concealed by dense air that was contaminated with turbid moisture, not easily to be penetrated, and fire and furious wind. Not yet was the sun established undeviating

In his firm course,
Dividing day and night; he brought them back
Again and crowned them with the fruitful hours
All wreathed with bloom, while violence

had been done to earth by rivers pouring forth their floods at random and most parts were deformed by pools. Earth was made a wilderness by deep quagmires and the unfruitful growth of thickets and forests; nor was there as yet any agricultural production or professional tool or any resource of skill. Our hunger gave us no respite nor was there any seed at that time awaiting the annual season of sowing. What wonder if, contrary to nature, we made use of the flesh of beasts when even mud was eaten and the bark of trees devoured, and to light on sprouting grass or the root of a rush was a piece of luck? When we had tasted and eaten acorns we danced for joy around some oak, calling it "life-giving" and "mother" and "nurse." 994 This was the only festival that those times had discovered; all else was a medley of anguish and gloom. But you who live now, what madness, what frenzy drives you to the pollution of shedding blood, you who have such a superfluity of necessities? Why slander the earth by implying that she cannot support you? Why impiously offend law-giving Demeter and bring shame upon Dionysus, lord of the cultivated vine, the gracious one, as if you did not receive enough from their hands? Are you not ashamed to mingle domestic crops with blood and gore? You call serpents and panthers and lions savage, but you yourselves, by your own foul slaughters, leave them no room to outdo you in cruelty; for their slaughter is their living, yours is a mere appetizer."

3 1 It is certainly not lions and wolves that we eat out of self-defence; on the contrary, we ignore these and slaughter harmless, tame creatures without stings or teeth to harm us, creatures that, I swear, Nature appears to have produced for the sake of their beauty and grace. . . .

[It is as though one, seeing the Nile overflow its banks, filling the landscape with its fertile and productive stream, should not marvel at this, its

nourishing of plants and its fruitfulness in such crops as are most to be cultivated and contribute most to the support of life, but should espy a crocodile swimming there somewhere or an asp being swept along or a thousand other savage creatures and should cite them as the reasons for his censure and this compulsion to do as he does. Or, I swear, it is as though one fixed one's gaze on this land and its soil covered with cultivated crops and heavy with ears of wheat, and then, looking beneath these rich harvests, one were to catch sight somewhere of a growth of darnel or broom-rape and, without more ado, ceasing to reap the benefit and claim the booty of the good crops, burst into a tirade about the weeds. Another example: if one should see an orator making a speech at some trial where he was advocate, a speech in which his eloquence in full flood was advancing to the succour of someone in jeopardy or (so help me) to the conviction or denunciation of rash acts or defaults — a flood of eloquence not simple or jejune, but charged with many (or rather all kinds of) emotional appeals for the simultaneous influencing of the many different kinds of minds in the audience or jury, which must either be roused and won over or (by heaven!) soothed and made gentle and calm — then if one neglected to observe and take into account this main point and issue of the matter, but merely picked out flaws of style that the flood of oratory, as it moved to its goal, had swept along by the momentum of its current, flaws that came rushing out and slipped by with the rest — and seeing . . . of some popular leader. . . .]

4 1 But nothing abashed us, not the flower-like tinting of the flesh, not the persuasiveness of the harmonious voice, not the cleanliness of their habits or the unusual intelligence that may be found in the poor wretches. No, for the sake of a little flesh we deprive them of sun, of light, of the duration of life to which they are entitled by birth and being. Then we go on to assume that when they utter cries and squeaks their speech is inarticulate, that they do not, begging for mercy, entreating, seeking justice, each one of them say, "I do not ask to be spared in case of necessity; only spare me your arrogance! Kill me to eat, but not to please your palate!" Oh, the cruelty of it! What a terrible thing it is to look on when the tables of the rich are spread, men who employ cooks and spicers to groom the dead! And it is even more terrible to look on when they are taken away, for more is left than has been eaten. So the beasts died for nothing! There are others who refuse when the dishes are already set before them and will not have them cut into or sliced. Though they bid spare the dead, they did not spare the living.

5 1 We declare, then, that it is absurd for them to say that the practice of flesh-eating is based on Nature. For that man is not naturally carnivorous is, in the first place, obvious from the structure of his body. A man's frame is in no way similar to those creatures who were made for flesh-eating: he has no hooked beak or sharp nails or jagged teeth, 995 no strong stomach or warmth of vital fluids able to digest and assimilate a heavy diet of flesh. It is from this very fact, the evenness of our teeth, the smallness of our mouths, the softness of our tongues, our possession of vital fluids too inert to digest meat that Nature disavows our eating of flesh. If you declare that you are naturally designed for such a diet, then first kill for yourself what you want to eat. Do it, however, only through your own resources, unaided by cleaver or cudgel or any kind of axe. Rather, just as wolves and bears and lions themselves slay what they eat, so you are to fell an ox with your fangs or a boar with your jaws, or tear a lamb or hare in bits. Fall upon it and eat it still living, as animals do. But if you wait for what you eat to be dead, if you have qualms about enjoying the flesh while life is still present, why do you continue, contrary to nature, to eat what possesses life? Even when it is lifeless and dead, however, no one eats the flesh just as it is; men boil it and roast it, altering it by fire and drugs, recasting and diverting and smothering with countless condiments the taste of gore so that the palate may be deceived and accept what is foreign to it.

It was, indeed, a witty remark of the Spartan who bought a little fish in an inn and gave it to the innkeeper to prepare. When the latter asked for cheese and vinegar and oil, the Spartan said, "If I had those, I should not have bought a fish. "But we are so refined in our blood-letting that we term flesh a supplementary food; and then we need "supplements" for the flesh itself, mixing oil, wine, honey, fish paste, vinegar, with Syrian and Arabian spices, as though we were really embalming a corpse for burial. The fact is that meat is so softened and dissolved and, in a way, predigested that it is hard for digestion to cope with it; and if digestion loses the battle, the meats affect us with dreadful pains and malignant forms of indigestion.

6 1 Diogenes ventured to eat a raw octopus Din order to put an end to the inconvenience of preparing cooked food. In the midst of a large throng he veiled his head and, as he brought the flesh to his mouth, said, "It is for you that I am risking my life." Good heavens, a wondrous fine risk! Just like Pelopidas for the liberty of the Thebans or Harmodius and Aristogiton for

that of the Athenians, this philosopher risked his life struggling with a raw octopus — in order to brutalize our lives!

Note that the eating of flesh is not only physically against nature, but it also makes us spiritually coarse and gross by reason of satiety and surfeit. “For wine and indulgence in meat make at body strong and vigorous, but the soul weak.” And in order that I may not offend athletes, I shall take my own people as examples. It is a fact that the Athenians used to call us Boeotians beef-witted and insensitive and foolish, precisely because we stuffed ourselves. “These men are swine”; . . . and Menander says, “Who have jaws; and Pindar “And then to learn . . .”; “A dry soul is wisest” according to Heraclitus. Empty jars make a noise when struck, but full ones do not resound to blows. Thin bronze objects will pass the sounds from one to another in a circle until you dampen and deaden the noise with your hand as the beat goes round. The eye when it is flooded by an excess of moisture grows dim and weakened for its proper task. When we examine the sun through dank atmosphere and a fog of gross vapours, we do not see it clear and bright, but submerged and misty, with elusive rays. In just the same way, then, when the body is turbulent and surfeited and burdened with improper food, the lustre and light of the soul inevitably come through it blurred and confused, aberrant and inconstant, since the soul lacks the brilliance and intensity to penetrate to the minute and obscure issues of active life.

7 1 But apart from these considerations, do you not find here a wonderful means of training in social responsibility? Who could wrong a human being 996 when he found himself so gently and humanely disposed [a]toward other non-human creatures? Two days ago in a discussion I quoted the remark of Xenocrates, that the Athenians punished the man who had flayed a ram while it was still alive; yet, as I think, he who tortures a living creature is no worse than he who slaughters it outright. But it seems that we are more observant of acts contrary to convention than of those that are contrary to nature. In that place, then, I made my remarks in a popular vein. I still hesitate, however, to attempt a discussion of the principle underlying my opinion, great as it is, and mysterious and incredible, as Plato says, with merely clever men of mortal opinions, just as a steersman hesitates to shift his course in the midst of a storm, or a playwright to raise his god from the machine in the midst of a play. Yet perhaps it is not unsuitable to set the pitch and announce the theme by quoting some verses of Empedocles. . . . By these lines he means, though he does not say so directly, that human souls are imprisoned in mortal bodies

as a punishment for murder, the eating of animal flesh, and cannibalism. This doctrine, however, seems to be even older, for the stories told about the sufferings and dismemberment of Dionysus and the outrageous assaults of the Titans upon him, and their punishment and blasting by thunderbolt after they had tasted his blood — all this is a myth which in its inner meaning has to do with rebirth. For to that faculty in us which is unreasonable and disordered and violent, and does not come from the gods, but from evil spirits, the ancients gave the name Titans, that is to say, those that are punished and subjected to correction. . . .

II

996 1 1 Reason urges us with fresh ideas and fresh zeal to attack again our yesterday's discourse on the eating of flesh. It is indeed difficult, as Cato remarked, to talk to bellies which have no ears. And the potion of familiarity has been drunk, like that of Circe

Commingling pains and pangs, tricks and tears;

nor is it easy to extract the hook of flesh-eating, entangled as it is and embedded in the love of pleasure. And, like the Egyptians who extract the viscera of the dead and cut them open in view of the sun, then throw them away as being the cause of every single sin that the man had committed, it would be well for us to excise our own gluttony and lust to kill and become pure for the remainder of our lives, since it is not so much our belly that drives us to the pollution of slaughter; it is itself polluted by our incontinence. Yet if, for heavens sake, it is really impossible for us to be far from error because we are on such terms of familiarity with it, let us at least be ashamed of our ill doing and resort to it only in reason. We shall eat flesh, but from hunger, not as a luxury. We shall kill an animal, but in pity and sorrow, not degrading or torturing it — which is the current practice in many cases, some thrusting red-hot spits into the throats of swine 997 so that by the plunging in of the iron the blood may be emulsified and, as it circulates through the body, may make the flesh tender and delicate. Others jump upon the udders of sows about to give birth and kick them so that, when they have blended together blood and milk and gore (Zeus the Purifier!) and the unborn young have at the same time been destroyed at the moment of birth, they may eat the most inflamed part of the creature. Still others sew up the eyes of cranes and

swans, shut them up in darkness and fatten them, making flesh appetizing with strange compounds and spicy mixtures.

2 1 From these practices it is perfectly evident that it is not for nourishment or need or necessity, but out of satiety and insolence and luxury that they have turned this lawless custom into a pleasure. Then, just as with women who are insatiable in seeking pleasure, their lust tries everything, goes astray, and explores the gamut of profligacy until at last it ends in unspeakable practices; so intemperance in eating passes beyond the necessary ends of nature and resorts to cruelty and lawlessness to give variety to appetite. For it is in their own company that organs of sense are infected and won over and become licentious when they do not keep to natural standards. Just so the art of hearing has fallen sick, corrupting musical taste. From this our luxury and debauchery conceives a desire for shameful caresses and effeminate titillations. These taught the sight not to take pleasure in warlike exercises or gesticulations or refined dances or statues and paintings, but to regard the slaughter and death of men, their wounds and combats, as the most precious sort of spectacle. Just so intemperate intercourse follows a lawless meal, inharmonious music follows a shameful debauch, barbarous spectacles follow shameless songs and sounds, insensitivity and cruelty toward human kind follow savage exhibitions in the theatre. It was for this reason that the godlike Lycurgus gave directions in certain rhetrae that the doors and roofs of houses should be fashioned by saw and axe alone and no other tool should be used — not of course because he had a quarrel with gimlets and adzes and other instruments for delicate work. It was because he knew that through such rough-hewn work you will not be introducing a gilded couch, nor will you be so rash as to bring silver tables and purple rugs and precious stones into a simple house. The corollary of such a house and couch and table and cup is a dinner which is unpretentious and a lunch which is truly democratic; but all manner of luxury and extravagance follow the lead of an evil way of life

As new-weaned foal beside his mother runs.

3 1 For what sort of dinner is not costly for which a living creature loses its life? Do we hold a life cheap? EI do not yet go so far as to say that it may well be the life of your mother or father or some friend or child, as Empedocles declared. Yet it does, at least, possess some perception, hearing, seeing, imagination, intelligence, which last every creature receives from Nature to enable it to acquire what is proper for it and to evade what is not. Do but consider which are the philosophers who serve the better to humanize

us: those who bid us eat our children and friends and fathers and wives after their death, or Pythagoras and Empedocles who try to accustom us to act justly towards other creatures also? You ridicule a man who abstains from eating mutton. But are we, they will say, to refrain from laughter when we see you slicing off portions from a dead father or mother and sending them to absent friends and inviting those who are at hand, heaping their plates with flesh? But as it is, perhaps we commit a sin when we touch these books of theirs without cleansing our hands and faces, our feet and ears — unless, by Heaven, it is a purification of those members to speak on such a subject as this, "washing," as Plato says, 998"the brine from one's ears with the fresh water of discourse." If one should compare these two sets of books and doctrines, the former may serve as philosophy for the Scyths and Sogdians and the Black Cloaks, whose story as told by Herodotus gains no credit; but the precepts of Pythagoras and Empedocles were the laws for the ancient Greeks, along with their diet of wheat. . . . [Because there is no question of justice between us and the irrational animals.]

4 1 Who, then, were they who later decreed this?

The first to forge the highway's murderous sword,

And first to eat the flesh of ploughing ox.

This is the way, you may be sure, in which tyrants begin their course of bloody slaughters. Just as, for instance, at Athens they put to death initially the worst of the sycophants, and likewise in the second and third instances; but next, having become accustomed to bloodshed they allowed Niceratus, the son of Nicias, to be killed and the general Theramenes and the philosopher Polemarchus. Just so, at the beginning it was some wild and harmful animal that was eaten, then a bird or fish that had its flesh torn. And so when our murderous instincts had tasted blood and grew practised on wild animals, they advanced to the labouring ox and the well-behaved sheep and the housewarding cock; thus, little by little giving a hard edge to our insatiable appetite, we have advanced to wars and the slaughter and murder of human beings. Yet if someone once demonstrates that souls in their rebirths make use of common bodies and that what is now rational reverts to the irrational, and again what is now wild becomes tame, and that Nature changes everything and assigns new dwellings

Clothing souls with unfamiliar coat of flesh;

will not this deter the unruly element in those who have adopted the doctrine from implanting disease and indigestion in our bodies and perverting

our souls to an ever more cruel lawlessness, as soon as we are broken of the habit of not entertaining a guest or celebrating a marriage or consorting with our friends without bloodshed and murder?

5 1 Yet even if the argument of the migration of souls from body to body is not demonstrated to the point of complete belief, there is enough doubt to make us quite cautious and fearful. It is as though in a clash of armies by night you had drawn your sword and were rushing at a man whose fallen body was hidden by his armour and should hear someone remarking that he wasn't quite sure, but that he thought and believed that the prostrate figure was that of your son or brother or father or tent-mate — which would be the better course: to approve a false suspicion and spare your enemy as your friend, or to disregard an uncertain authority and kill your friend as your foe? The latter course you will declare to be shocking. Consider also Merope in the play raising her axe against her son himself because she believes him to be that son's murderer and saying

This blow I give you is more costly yet —

what a stir she rouses in the theatre as she brings them to their feet in terror lest she wound the youth before the old man can stop her! Now suppose one old man stood beside her saying, "Hit him! He's your enemy," and another who said, "Don't strike! He is your son": which would be the greater misdeed, to omit the punishment of an enemy because of the son, or to slay a child under the impulse of anger against an enemy? In a case, then, where it is not hate or anger or self-defence or fear for ourselves that induces us to murder, but the motive of pleasure, and the victim stands there under our power with its head bent back and one of our philosophers says, "Kill it! It's only a brute beast"; but the other says, "Stop! What if the soul of some relative or friend has found its way into this body?" — Good God! Of course the risk is equal or much the same in the two cases — if I refuse to eat flesh, or if I, disbelieving, kill my child or some other relative!

999 6 1 There remains yet another contention with the Stoics about flesh-eating, and this is not "equal," either. For what is this great "tension" on the belly and the kitchen? Why, when they count pleasure effeminate and denounce it as being neither a good nor an "advanced principle " nor "commensurate with Nature," are they so concerned with these pleasures? It would certainly be consistent for them, since they banish perfume and cakes from their banquets, to be more squeamish about blood and flesh. But as it is, confining as it were their philosophy to their ledgers, they economize on their

dinners in trivial and needless details while they do not deprecate this inhuman and murderous item of expense. "Of course," they say, "we human beings have no compact of justice with irrational animals." Nor, one might reply, have you with perfume or exotic sweetmeats either. Refrain from animals also, if you are expelling the useless and unnecessary element in pleasure from all its lurking-places.

7 1 Let us, however, now examine the point whether we really have no compact of justice with animals; and let us do so in no artificial or sophistical manner, but fixing our attention on our own emotions and conversing like human beings with ourselves and weighing . . .

BOOK XIII

Platonic questions

Question I.

Why Did God Command Socrates to Act the Midwife's Part to Others, but Charged Himself Not to Generate; as he Affirms in Theaetetus?

(See Plato, "Theaetetus," p. 149 B.)

For he would never have used the name of God in such a merry, jesting manner, though Plato in that book makes Socrates several times to talk with great boasting and arrogance, as he does now. "There are many, dear friend, so affected towards me, that they are ready even to snap at me, when I offer to cure them of the least madness. For they will not be persuaded that I do it out of goodwill, because they are ignorant that no god bears ill-will to man, and that therefore I wish ill to no man; but I cannot allow myself either to stand in a lie or to stifle the truth." (Ibid. p. 151 C.) Whether therefore did he style his own nature, which was of a very strong and pregnant wit, by the name of God, — as Menander says, "For our mind is God," and as Heraclitus, "Man's genius is a Deity"? Or did some divine cause or some daemon or other impart this way of philosophizing to Socrates, whereby constantly interrogating others, he cleared them of pride, error, and ignorance, and of being troublesome both to themselves and to others? For about that time there happened to be in Greece several sophists; to these some young men paid great sums of money, for which they purchased a strong opinion of learning and wisdom, and of being stout disputants; but this sort of disputation spent much time in trifling squabblings, which were of no credit or profit. Now Socrates, using an argumentative discourse by way of a purgative remedy procured belief and authority to what he said, because in refuting others he himself affirmed nothing; and he the sooner gained upon people, because he seemed rather to be inquisitive after the truth as well as they, than to maintain his own opinion.

Now, however useful a thing judgment is, it is mightily infected By the begetting of a man's own fancies. For the lover is blinded with the thing loved; and nothing of a man's own is so beloved as is the opinion and

discourse he has begotten. And the distribution of children said to be the justest, in respect of discourses is the unjustest; for there a man must take his own, but here a man must choose the best, though it be another man's. Therefore he that has children of his own, is a worse judge of other men's; it being true, as the sophister said well, "The Eleans would be the most proper judges of the Olympic games, were no Eleans gamesters." So he that would judge of disputations cannot be just, if he either seeks the bays for himself, or is himself antagonist to either of the antagonists. For as the Grecian captains, when they were to settle by their suffrages who had behaved himself the best, every man of them voted for himself; so there is not a philosopher of them all but would do the like, besides those that acknowledge, like Socrates, that they can say nothing that is their own; and these only are the pure uncorrupt judges of the truth. For as the air in the ears, unless it be still and void of noise in itself, without any sound or humming, does not exactly take sounds so the philosophical judgment in disputations, if it be disturbed and obstreperous within, is hardly comprehensive of what is said without. For our familiar and inbred opinion will not allow that which disagrees with itself, as the number of sects and parties shows, of which philosophy — if she deals with them in the best manner — must maintain one to be right, and all the others to be contrary to the truth in their positions.

Furthermore, if men can comprehend and know nothing, God did justly interdict Socrates the procreation of false and unstable discourses, which are like wind-eggs, and did him convince others who were of any other opinion. And reasoning, which rids us of the greatest of evils, error and vanity of mind, is none of the least benefit to us; "For God has not granted this to the Esculapians." (Theognis, vs. 432,) Nor did Socrates give physic to the body; indeed he purged the mind of secret corruption. But if there be any knowledge of the truth, and if the truth be one, he has as much that learns it of him that invented it, as the inventor himself. Now he the most easily attains the truth, that is persuaded he has it not; and he chooses best, just as he that has no children of his own adopts the best. Mark this well, that poetry, mathematics, oratory, and sophistry, which are the things the Deity forbade Socrates to generate, are of no value; and that of the sole wisdom about what is divine and intelligible (which Socrates called amiable and eligible for itself), there is neither generation nor invention by man, but reminiscence. Wherefore Socrates taught nothing, but suggesting principles of doubt, as birth-pains, to young men, he excited and at the same time confirmed the

innate notions. This he called his Art of Midwifery, which did not (as others professed) extrinsically confer intelligence upon his auditors; but demonstrated it to be innate, yet imperfect and confused, and in want of a nurse to feed and fortify it.

Question II.

Why Does he Call the Supreme God Father and Maker of All Things? (Plato, "Timaeus," p. 28 C.)

Is it because he is (as Homer calls him) of created gods and men the Father, and of brutes and things that have no soul the maker? If Chrysippus may be believed, he is not properly styled the father of the afterbirth who supplied the seed, although it arose from the seed. Or has Plato figuratively called the maker of the world the father of it? In his Convivium he calls Phaedrus the father of the amatorious discourse which he had commenced; and so in his Phaedrus ("Phaedrus," p. 261 A.) he calls him "father of noble children," when he had been the occasion of many pre-eminent discourses about philosophical questions. Or is there any difference between a father and a maker? Or between procreation and making? For as what is procreated is also made, but not the contrary recreated did also make, for the procreation of an animal is the making of it. Now the work of a maker — as of a builder, a weaver, a musical-instrument maker, or a statuary — is altogether apart and separate from its author; but the principle and power of the procreator is implanted in the progeny, and contains his nature, the progeny being a piece pulled off the procreator. Since therefore the world is neither like a piece of potter's work nor joiner's work, but there is a great share of life and divinity in it, which God from himself communicated to and mixed with matter, God may properly be called Father of the world — since it has life in it — and also the maker of it.

And since these things come very near to Plato's opinion, consider, I pray, whether there may not be some probability in them. Whereas the world consists of two parts, body and soul, God indeed made not the body; but matter being at hand, he formed and fitted it, binding up and confirming what was infinite within proper limits and figures. But the soul, partaking of mind, reason, and harmony, was not only the work of God, but part of him not only made by him, but begot by him.

Question III.

In the Republic, ("Republic," vi. pp. 509 D-511 E.) he assumes the universe, as one line to be cut into two unequal parts; again he cuts each of these parts in two after the same manner, and supposes the two sections first made to form the two genera of things sensible and things intelligible. The first stands for the genus of intelligibles, comprehending in the first subdivision the primitive forms, in the second the mathematics. Of sensibles, the first subdivision comprehends solid bodies, the second comprehends the images and representations of them. Moreover, to every one of these four he has assigned its proper criterion; — to the first reason; to the mathematics, the understanding; to sensibles, belief; to images and likenesses, conjecture.

But what Does he Mean by Dividing the Universe into Unequal Parts? And which of the Sections, the Intelligible or the Sensible, is the Greater? For in this he has Not Explained Himself.

At first glance it will appear that the sensible is the greater portion. For the essence of intelligibles being indivisible, and in the same respect ever the same, is contracted into a little, and pure; but an essence divisible and running through bodies constitutes the sensible part. Now what is immaterial is limited; but body in respect of matter is infinite and unlimited, and it becomes sensible only when it is limited by partaking of the intelligible. Besides, as every sensible has many images, shadows, and representations, and from one and the same original several copies may be taken both by nature and art; so the latter must surpass the former in number, according to Plato, who makes things of the intellect to be patterns or ideas of things sensible, as if the last were images and reflections. Further, Plato derives the knowledge of ideas by abstraction and cutting away of body, leading us by mathematical discipline from arithmetic to geometry, thence to astronomy, and placing harmony above them all. For things become geometrical by the accession of magnitude to quantity; solid, by the accession of profundity to magnitude; astronomical, by the accession of motion to solidity; harmonical, by the accession of sound to motion. Take then sound from moving bodies, motion from solids, profundity from superficies, magnitude from quantity, we then reach pure intelligible ideas, which have no difference among themselves as regards the one single intelligible essence. For unity makes no

number unless joined by the infinite binary; then it makes a number. And thence we proceed to points, thence to lines, from them to superficies, and solids, and bodies, and to the qualities of the bodies so and so affected. Now the reason is the only criterion of intelligibles; and the understanding is the reason in the mathematics, where intelligibles appear as if in mirrors. But as to the knowledge of bodies, because of their multitude, Nature has given us five powers or distinctions of senses; nor are all bodies discerned by them, many escaping sense by reason of their smallness. And though every one of us consists of a body and soul, yet the hegemonic and intellectual faculty is small, being hid in the huge mass of flesh. And the case is the same in the universe, as to sensible and intelligible. For intelligibles are the principles of bodily things, but everything is greater than the principle whence it came.

Yet, on the contrary, some will say that, by comparing sensibles with intelligibles, we match things mortal with divine, in some measure; for God is in intelligibles. Besides, the thing contained is ever less than the containing, and the nature of the universe contains the sensible in the intelligible. For God, having placed the soul in the middle, hath extended it through all, and hath covered it all round with bodies. The soul is invisible, and cannot be perceived by any of the senses, as Plato says in his Book of Laws; therefore every man must die, but the world shall never die. For mortality and dissolution surround every one of our vital faculties. The case is quite otherwise in the world; for the corporeal part, contained in the middle by the more noble and unalterable principle, is ever preserved. And a body is said to be without parts and indivisible for its minuteness; but what is incorporeal and intelligible is so, as being simple and sincere, and void of all firmness and difference. Besides, it were folly to think to judge of incorporeal things by corporeal. The present, or now, is said to be without parts and indivisible, since it is everywhere and no part of the world is void of it. But all affections and actions, and all corruptions and generations in the world, are contained by this same now. But the mind is judge only of what is intelligible, as the sight is of light, by reason of its simplicity and similitude. But bodies, having several differences and diversities, are comprehended, some by one judicatory function, others by another, as by several organs. Yet they do not well who despise the discriminative faculty in us; for being great, it comprehends all sensibles, and attains to things divine. The chief thing he himself teaches in his Banquet, where he shows us how we should use amatorious matters, turning our minds from sensible goods to things

discernible only by the mind, that we ought not to be enslaved by the beauty of any body, study, or learning, but laying aside such weakness, should turn to the vast ocean of beauty. (See Plato's "Symposium," p. 210 D.)

Question IV.

What is the Reason That, Though Plato Always Says that the Soul is Ancienter than the Body, and that it is the Cause and Principle of its Rise, Yet he Likewise Says, that Neither Could the Soul Exist Without the Body, Nor the Reason Without the Soul, but the Soul in the Body and the Reason in the Soul? For 80 the Body Will Seem to Be and Not to Be, Because it Both Exists with the Soul, and is Begot by the Soul.

Perhaps what we have often said is true; viz., that the soul without reason and the body without form did mutually ever coexist, and neither of them had generation or beginning. But after the soul did partake of reason and harmony, and being through consent made wise, it wrought a change in matter, and being stronger than the other's motions, it drew and converted these motions to itself. So the body of the world drew its original from the soul, and became conformable and like to it. For the soul did not make the nature of the body out of itself, or out of nothing; but it wrought an orderly and pliable body out of one disorderly and formless. Just as if a man should say that the virtue of the seed is with the body, and yet that the body of the fig-tree or olive-tree was made of the seed, he would not be much out; for the body, its innate motion and mutation proceeding from the seed, grew up and became what it is. So, when formless and indefinite matter was once formed by the inbeing soul, it received such a form and disposition.

Question V.

Why, Since Bodies and Figures are Contained Partly by Rectilinears and Partly by Circles, Does he Make Isosceles Triangles and Triangles of Unequal Sides the Principles of Rectilinears; of which the Isosceles Triangle Constitutes the Cube, the Element of the Earth; and a Scalene Triangle Forms the Pyramid, the Octahedron the Seed of Fire, Air and Water Respectively, and the Icosahedron; — While he Passes Over Circulars, Though he Does Mention the Globe, where he Says that Each

of the Afore-Reckoned Figures Divides a Round Body that Circumscribes it into Equal Parts. (See “Timaeus,” pp. 53–56.)

Is their opinion true who think that he ascribed a dodecahedron to the globe, when he says that God made use of it in delineating the universe? For upon account of the multitude of its bases and the obtuseness of its angles, avoiding all rectitude, it is flexible, and by circumtension, like globes made of twelve skins, it becomes circular and comprehensive. For it has twenty solid angles, each of which is contained by three obtuse planes, and each of these contains one and the fifth part of a right angle. Now it is made up of twelve equilateral and equangular quinquangles (or pentagons), each of which consists of thirty of the first scalene triangles. Therefore it seems to resemble both the Zodiac and the year, it being divided into the same number of parts as these.

Or is a right line in Nature prior to circumference; or is circumference but an accident of rectilinear? For a right line is said to bend; and a circle is described by a centre and distance, which is the place of a right line from which a circumference is measured, this being everywhere equally distant from the middle. And a cone and a cylinder are made by rectilinears; a cone by keeping one side of a triangle fixed and carrying another round with the base, — a cylinder, by doing the like with a parallelogram. Further, that is nearest to principle which is less; but a right is the least of all lines, as it is simple; whereas in a circumference one part is convex without, another concave within. Besides, numbers are before figures, as unity is before a point, which is unity in position. But indeed unity is triangular; for every triangular number (Triangular numbers are those of which

equilateral triangles can be formed in this way:

.

. . .

. . . .

Such are: 3, 6, 10, 15, 21, 28, 36, 45, etc.; that is, numbers formed by adding the digits in regular order. (G.)) taken eight times, by adding unity, becomes quadrate; and this happens to unity. Therefore a triangle is before a circle, whence a right line is before a circumference. Besides, no element is divided into things compounded of itself; indeed there is a dissolution of all other things into the elements. Now a triangle is divided into no circumference, but two diameters cut a circle into four triangles; therefore a

rectilinear figure is before a circular, and has more of the nature of an element. And Plato himself shows that a rectilinear is in the first place, and a circular is only consequential and accidental. For when he says the earth consists of cubes, each of which is contained with rectilinear superficies, he says the earth is spherical and round. Therefore there was no need of making a peculiar element for round things, since rectilinears, fitted after a certain manner among themselves, do make up this figure.

Besides, a right line, whether great or little, preserves the same rectitude; but as to the circumference of a circle, the less it is, the crookeder it is; the larger, the straighter. Therefore if a convex surface stands on a plane, it sometimes touches the under plane in a point, sometimes in a line. So that a man may imagine that a circumference is made up of little right lines.

But observe whether this be not true, that no circle or sphere in this world is exactly drawn; but since by the tension and circumtension of the straight lines, or by the minuteness of the parts, the difference is hidden, the figure seems circular and round. Therefore no corruptible body moves circularly, but altogether in a right line. To be truly spherical is not in a sensible body, but is the element of the soul and mind, to which he has given circular motion, as being agreeable to their nature.

Question VI.

How Comes it to Pass that in Phaedrus it is Said, that the Nature of a Wing, by which Anything that is Heavy is Carried Upwards, Participates Most of the Body of God? (See "Phaedrus," p. 246 D.)

Is it because the discourse is of love, and love is of beauty inherent in a body? Now beauty, by similitude to things divine, moves and reminds the soul. Or it may be (without too much curiosity) he may be understood in plain meaning, to wit, that the several faculties of the soul being employed about bodies, the power of reasoning and understanding partakes most about divine and heavenly things; which he did not improperly call a wing, it raising the soul from mean and mortal things to things above.

Question VII.

In what Sense Does Plato Say, that the Antiperistasis (Or Reaction) Of Motion — By Reason There is No Vacuum — Is the Cause Of the Phenomena in Physicians' Cupping-Glasses, in Swallowing, in Casting Weights, in the Running of Water, in Thunder, in The Attraction of the Loadstone, and in the Harmony of Sounds? (See "Timaeus," pp. 79–81.)

For it seems unreasonable to ascribe the reason of such different effects to the selfsame cause.

How respiration is made by the reaction of the air, he has sufficiently shown. But the others, he says, seem to be effected miraculously, but really the bodies force each other aside and change places with one another; while he has left for us to discover how each is particularly done.

As to cupping-glasses, the case is thus: the air next to the flesh being comprehended and inflamed by the heat, and being made more rare than the pores of the brass, does not go into a vacuum (for there is no such thing), but into the air that is without the cupping-glass, and has an impulse upon it. This air drives that before it; and each, as it gives way, strives to succeed into the place which was vacuated by the cession of the first. And so the air approaching the flesh comprehended by the cupping-glass, and attracting it, draws the humors into the cupping-glass.

Swallowing takes place in the same way. For the cavities about the mouth and stomach are full of air; when therefore the meat is squeezed down by the tongue and tonsils, the elided air follows what gives way, and also forces down the meat.

Weights also thrown cleave the air and dissipate it, as they fall with force; the air recoiling back, according to its proper tendency to rush in and fill the vacuum, follows the impulse, and accelerates the motion.

The fall also of thunderbolts is like to darting anything. For by the blow in the cloud, the fiery matter exploded breaks into the air; and it being broken gives way, and again being contracted above, by main force it presses the thunderbolt downwards contrary to Nature.

And neither amber nor the loadstone draws anything to it which is near, nor does anything spontaneously approach them. But this stone emits strong exhalations, by which the surrounding air being impelled forceth that which is before it; and this being drawn round in the circle, and returning into the vacuated place, forcibly draws the iron in the same movement. In amber there is a flammeous and spirituous nature, and this by rubbing on the surface is

emitted by recluse passages, and does the same that the loadstone does. It also draws the lightest and driest of adjacent bodies, by reason of their tenuity and weakness; for it is not so strong nor so endued with weight and strength as to force much air and to act with violence and to have power over great bodies, as the magnet has. But what is the reason the air never draws a stone, nor wood, but iron only, to the loadstone? This is a common question both by those who think the coition of these bodies is made by the attraction of the loadstone, and by such as think it done by the incitement of the iron. Iron is neither so rare as wood, nor altogether so solid as gold or a stone; but has certain pores and asperities, which as far as inequality is concerned are proportionable to the air; and the air being received in certain positions, and having (as it were) certain stays to hang to, does not slip off; but when it is carried up to the stone and is forced against it, it draws the iron by force along with it to the stone. Such then may be the reason of this.

But the manner of the waters running over the earth is not so evident. But it is observable that the waters of lakes and ponds stand immovable, because the air about them stagnates immovable and admits of no vacuity. For the water on the surface of lakes and seas is troubled and fluctuates as the air is moved, it following the motion of the air, and moving as it is moved. For the force from below causes the hollowness of the wave, and from above the swelling thereof; until the air ambient and containing the water is still. Therefore the flux of such waters as follow the motion of the receding air, and are impelled by that which presses behind, is continued without end. And this is the reason that the stream increases with the waters, and is slow where the water is weak, the air not giving way, and therefore enduring less reaction. So the water of fountains must needs go upwards, the extrinsic air succeeding into the vacuity and throwing the water out. In a close house, that keeps in the air and wind, the floor sprinkled with water causes an air or wind, because, as the sprinkled water falls, the air gives way. For it is so provided by Nature that air and water force one another and give way to one another; because there is no vacuity in which one can be fixed without experiencing the change and alteration in the other.

Concerning symphony, he shows how sounds harmonize. A quick sound is acute, a slow is grave. Therefore acute sounds move the senses the quicker; and these dying and grave sounds supervening, what arises from the contemperation of one with the other causes pleasure to the ear, which we call harmony. And by what has been said, it may easily be understood that air

is the instrument of these things. For sound is the stroke upon the sense of the hearer, caused by the air; and the air strikes as it is struck by the thing moving, — if violent, acutely, — if languid, softly. The violent stroke comes quick to the ear; then the circumambient air receiving a slower, it affects and carries the sense along with it.

Question VIII.

What Means Timaeus (See "Timaeus," p. 42 D.) When he Says that Souls are Dispersed into the Earth, the Moon, and into Other Instruments of Time?

Does the earth move like the sun, moon, and five planets, which for their motions he calls organs or instruments of time? Or is the earth fixed to the axis of the universe; yet not so built as to remain immovable, but to turn and wheel about, as Aristarchus and Seleucus have shown since; Aristarchus only supposing it, Seleucus positively asserting it? Theophrastus writes how that Plato, when he grew old, repented him that he had placed the earth in the middle of the universe, which was not its place.

Or is this contradictory to Plato's opinion elsewhere, and in the Greek instead of [Greek omitted] should it be written [Greek omitted], taking the dative case instead of the genitive, so that the stars will not be said to be instruments, but the bodies of animals? So Aristotle has defined the soul to be "the actualization of a natural organic body, having the power of life." The sense then must be this, that souls are dispersed into meet organical bodies in time. But this is far besides his opinion. For it is not once, but several times, that he calls the stars instruments of time; as when he says, the sun was made, as well as other planets, for the distinction and conservation of the numbers of time.

It is therefore most proper to understand the earth to be here an instrument of time; not that the earth is moved, as the stars are; but that, they being carried about it, it standing still makes sunset and sunrising, by which the first measures of time, nights and days, are circumscribed. Wherefore he called it the infallible guard and artificer of night and day. For the gnomons of dials are instruments and measures of time, not in being moved with the shadows, but in standing still; they being like the earth in closing out the light of the

sun when it is down, — as Empedocles says that the earth makes night by intercepting light. This therefore may be Plato's meaning.

And so much the rather might we consider whether the sun is not absurdly and without probability said to be made for the distinction of time, with the moon and the rest of the planets. For as in other respects the dignity of the sun is great; so by Plato in his Republic (Plato, "Republic." vi. pp. 508, 509.) the sun is called the king and lord of the whole sensible nature, as the Chief Good is of the intelligible. For it is said to be the offspring of Good, it supplying both generation and appearance to things visible; as it is from Good that things intelligible both are and are understood. But that this God, having such a nature and so great power, should be only an instrument of time, and a sure measure of the difference that happens among the eight orbs, as they are slow or swift in motion, seems neither decent nor highly rational. It must therefore be said to such as are startled at these things, that it is their ignorance to think that time is the measure of motion in respect of sooner or later, as Aristotle calls it; or quantity in motion, as Speusippus; or an interval of motion and nothing else, as some of the Stoics define it, by an accident, not comprehending its essence and power, which Pindar has not ineptly expressed in these words: Time, who surpasses all in the seats of the blest. Pythagoras also, when he was asked what time was, answered, it was the soul of the universe. For time is no affection or accident of motion, but the cause, power, and principle of that symmetry and order that confines all created beings, by which the animated nature of the universe is moved. Or rather, this order and symmetry itself — so far as it is motion — is called time. For this,

Walking by still and silent ways,
Mortal things with justice leads.
(Euripides, "Troades," 887.)

According to the ancients, the principle of the soul is a number moving itself. Therefore Plato says that time and heaven were coexistent, but that motion was before heaven had being. But time was not. For then there neither was order, nor measure, nor determination; but indefinite motion, as it were, the formless and rude matter of time. . . . But when matter was informed with figures, and motion with circuitions, from that came the world, from this time. Both are representations of God; the world, of his essence; time, of his eternity in the sphere of motion, as the world is God in creation. Therefore

they say heaven and motion, being bred together, will perish together, if ever they do perish. For nothing is generated without time, nor is anything intelligible without eternity; if this is to endure forever, and that never to die when once bred. Time, therefore, having a necessary connection and affinity with heaven, cannot be called simple motion, but (as it were) motion in order having terms and periods; whereof since the sun is prefect and overseer, to determine, moderate, produce, and observe changes and seasons, which (according to Heraclitus) produce all things, he is coadjutor to the governing and chief God, not in trivial things, but in the greatest and most momentous affairs.

Question IX.

Since Plato in his Commonwealth, discoursing of the faculties of the soul, has very well compared the symphony of reason and of the irascible and the concupiscent faculties to the harmony of the middle, lowest, and highest chord, (See “Republic,” iv. p. 443.) some men may properly inquire: —

Did Plato Place the Rational or the Irascible Faculty in the Middle? For he is Not Clear in the Point.

Indeed, according to the natural system of the parts, the place of the irascible faculty must be in the middle, and of the rational in the highest, which the Greeks call hypate. For they of old called the chief and supreme [Greek omitted]. So Xenocrates calls Jove, in respect of immutable things, [Greek omitted] (or HIGHEST), in respect of sublunary things [Greek omitted] (or LOWEST). And long before him, Homer calls the chief God [Greek omitted], HIGHEST OF RULERS. And Nature has of due given the highest place to what is most excellent, having placed reason as a steersman in the head, and the appetitive faculty at a distance, last of all and lowest. And the lowest place they call [Greek omitted], as the names of the dead, [Greek omitted] and [Greek omitted], do show. And some say, that the south wind, inasmuch as it blows from a low and obscure place, is called [Greek omitted]. Now since the appetitive faculty stands in the same opposition to reason in which the lowest stands to the highest and the last to the first, it is not possible for the reason to be uppermost and first, and yet for any other part to be the one called [Greek omitted] (or HIGHEST). For they that ascribe the power of the

middle to it, as the ruling power, are ignorant how they deprive it of a higher power, namely, of the highest, which is compatible neither to the irascible nor to the concupiscent faculty; since it is the nature of them both to be governed by and obsequious to reason, and the nature of neither of them to govern and lead it. And the most natural place of the irascible faculty seems to be in the middle of the other two. For it is the nature of reason to govern, and of the irascible faculty both to govern and be governed, since it is obsequious to reason, and commands the appetitive faculty when this is disobedient to reason. And as in letters the semi-vowels are middling between mutes and vowels, having something more than those and less than these; so in the soul of man, the irascible faculty is not purely passive, but hath often an imagination of good mixed with the irrational appetite of revenge. Plato himself, after he had compared the soul to a pair of horses and a charioteer, likened (as every one knows) the rational faculty to the charioteer, and the concupiscent to one of the horses, which was resty and unmanageable altogether, bristly about the ears, deaf and disobedient both to whip and spur; and the irascible he makes for the most part very obsequious to the bridle of reason, and assistant to it. As therefore in a chariot, the middling one in virtue and power is not the charioteer, but that one of the horses which is worse than his guider and yet better than his fellow; so in the soul, Plato gives the middle place not to the principal part, but to that faculty which has less of reason than the principal part and more than the third. This order also keeps the analogy of the symphonies, i.e. the proportion of the irascible to the rational (which is placed as hypate) making the diatessaron (or fourth), that of the irascible to the concupiscent (or nete) making the diapente (or fifth), and that of the rational to the concupiscent (as hypate to nete) making an octave or diapason. But should you place the rational in the middle, you would make the irascible farther from the concupiscent; though some of the philosophers have taken the irascible and the concupiscent faculty for the selfsame, by reason of their likeness.

But it may be ridiculous to describe the first, middle, and last by their place; since we see hypate highest in the harp, lowest in the pipe; and wheresoever you place the mese in the harp, provided it is tunable, it sounds more acute than hypate, and more grave than nete. Nor does the eye possess the same place in all animals; but whereever it is placed, it is natural for it to see. So a pedagogue, though he goes not foremost but follows behind, is said to lead ([Greek omitted]), as the general of the Trojan army,

Now in the front, now in the rear was seen,
And kept command;
("Iliad," xi. 64.)

but wherever he was, he was first and chief in power. So the faculties of the soul are not to be ranged by mere force in order of place or name, but according to their power and analogy. For that in the body of man reason is in the highest place, is accidental. But it holds the chief and highest power, as mese to hypate, in respect of the concupiscent; as mese to nete, in respect of the irascible; insomuch as it depresses and heightens, — and in fine makes a harmony, — by abating what is too much and by not suffering them to flatten and grow dull. For what is moderate and symmetrous is defined by mediocrity. Still more is it the end of the rational faculty to bring the passions to moderation, which is called sacred, as making a harmony of the extremes with reason, and through reason with each other. For in chariots the best of the team is not in the middle; nor is the skill of driving to be placed as an extreme, but it is a mean between the inequality of the swiftness and the slowness of the horses. So the force of reason takes up the passions irrationally moved, and reducing them to measure, constitutes a mean betwixt too much and too little.

Question X.

Why Said Plato, that Speech was Composed of Nouns and Verbs?

(Plato's "Sophist," p. 262 A.)

For he seems to make no other parts of speech but them. But Homer in a playful humor has comprehended them all in one verse: —

[Greek omitted] ("Iliad", i. 185.)

For in it there is pronoun, participle, noun, preposition, article, conjunction, adverb, and verb, the particle — [Greek omitted] being put instead of the preposition [Greek omitted]; for [Greek omitted], TO THE TENT, is said in the same sense as [Greek omitted], TO ATHENS. What then shall we say for Plato?

Is it that at first the ancients called that [Greek omitted], or speech, which once was called protasis and now is called axiom or proposition, — which as soon as a man speaks, he speaks either true or false? This consists of a noun and verb, which logicians call the subject and predicate. For when we hear

this said, “Socrates philosphizeth” or “Socrates is changed,” requiring nothing more, we say the one is true, the other false. For very likely in the beginning men wanted speech and articulate voice, to enable them to express clearly at once the passions and the patients, the actions and the agents. Now, since actions and affections are adequately expressed by verbs, and they that act and are affected by nouns, as he says, these seem to signify. And one may say, the rest signify not. For instance, the groans and shrieks of stage players, and even their smiles and silence, make their discourse more emphatic. But they have no absolute power to signify anything, as a noun and verb have, but only an ascititious power to vary speech; just as they vary letters who mark spirits and quantities upon letters, these being the accidents and differences of letters. This the ancients have made manifest, whom sixteen letters sufficed to speak and write anything.

Besides, we must not fail to observe, that Plato says that speech is composed OF these, not BY these; nor must we find fault with Plato for omitting conjunctions, prepositions, and the rest, any more than we should criticise a man who should say such a medicine is composed of wax and galbanum, because fire and utensils are omitted, without which it cannot be produced. For speech is not composed of these; yet by their means, and not without them, speech must be composed. As, if a man says BEATS or IS BEATEN, and adds Socrates and Pythagoras to the same, he gives us something to conceive and understand. But if a man pronounce INDEED or FOR or ABOUT and no more, none can conceive any notion of a body or matter; and unless such words as these be uttered with verbs and nouns, they are but empty noise and chattering. For neither alone nor joined one with another do they signify anything. And join and confound together conjunctions, articles, and prepositions, supposing you would make something of them; yet you will be taken to babble, and not to speak sense. But when there is a verb in construction with a noun, the result is speech and sense. Therefore some do with justice make only these two parts of speech; and perhaps Homer is willing to declare himself of this mind, when he says so often,

[Greek omitted]

For by [Greek omitted] he usually means a verb, as in these verses.

[Greek omitted],

and,

[Greek omitted] (“Odyssey,” xxiii. 183; viii. 408.)

For neither conjunction, article, nor preposition could be said to be [Greek omitted] (TERRIBLE) or [Greek omitted] (SOUL GRIEVING), but only a verb signifying a base action or a foolish passion of the mind. Therefore, when we would praise or dispraise poets or writers, we are wont to say, such a man uses Attic nouns and good verbs, or else common nouns and verbs; but none can say that Thucydides or Euripides used Attic or common articles.

What then? May some say, do the rest of the parts conduce nothing to speech? I answer, They conduce, as salt does to victuals; or water to barley cakes. And Euenus calls fire the best sauce. Though sometimes there is neither occasion for fire to boil, nor for salt to season our food, which we have always occasion for. Nor has speech always occasion for articles. I think I may say this of the Latin tongue, which is now the universal language; for it has taken away all prepositions, saving a few, nor does it use any articles, but its nouns are (as it were) without skirts and borders. Nor is it any wonder, since Homer, who in fineness of epic surpasses all men, has put articles only to a few nouns, like handles to cans, or crests to helmets. Therefore these verses are remarkable wherein the articles are suppressed. —

[Greek omitted] ("Iliad," xiv. 459.)

and,

[Greek omitted] (Ibid. xx. 147.)

and some few besides. But in a thousand others, the omission of the articles hinders neither perspicuity nor elegance of phrase.

Now neither an animal nor an instrument nor arms nor anything else is more fine, efficacious, or pleasanter, for the loss of a part. Yet speech, by taking away conjunctions, often becomes more persuasive, as here: —

One rear'd a dagger at a captive's breast;
One held a living foe, that freshly bled
With new-made wounds, another dragg'd a dead.
(Ibid. xviii. 536.)

And this of Demosthenes: —

"A bully in an assault may do much which his victim cannot even report to another person, — by his attitude, his look, his voice, — when he insults, when he attacks as an enemy, when he smites with his fist, when he strikes a blow on the face. These rouse a man; these make a man beside himself who is unused to such foul abuse."

And again: —

“Not so with Midias; but from the very day, he talks, he abuses, he shouts. Is there an election of magistrates? Midias the Anagyrrasian is nominated. He is the advocate of Plutarchus; he knows state secrets; the city cannot contain him.” (“Demosthenes against Midias,” p. 537,25, and p. 578, 29.)

Therefore the figure asyndeton, whereby conjunctions are omitted, is highly commended by writers of rhetoric. But such as keep overstrict to the law, and (according to custom) omit not a conjunction, rhetoricians blame for using a dull, flat, tedious style, without any variety in it. And inasmuch as logicians mightily want conjunctions for the joining together their axioms, as much as charioteers want yokes, and Ulysses wanted withs to tie Cyclop’s sheep; this shows they are not parts of speech, but a conjunctive instrument thereof, as the word conjunction imports. Nor do conjunctions join all, but only such as are not spoken simply; unless you will make a cord part of the burthen, glue a part of a book, or distribution of money part of the government. For Demades says, that money which is given to the people out of the exchequer for public shows is the glue of a democracy. Now what conjunction does so of several propositions make one, by fitting and joining them together, as marble joins iron that is incited with it in the fire? Yet the marble neither is nor is said to be part of the iron; although in this case the substances compose the mixture and are melted together, so as to make a common substance from several and to be mutually affected. But there be some who think that conjunctions do not make anything one, but that this kind of speech is merely an enumeration, as when magistrates or days are reckoned in order.

Moreover, as to the other parts of speech, a pronoun is manifestly a sort of noun; not only because it has cases, but because some pronouns, when they are used of objects already defined, by their mere utterance give the most distinct designation of them. Nor do I know whether he that says SOCRATES or he that says THIS ONE does more by name declare the person.

The thing we call a participle, being a mixture of a verb and noun is nothing of itself, as are not the common names of male and female qualities (i.e, adjectives), but in construction it is put with others, in regard of tenses belonging to verbs, in regard of cases to nouns. Logicians call them [Greek omitted], (i.e., REFLECTED), — as [Greek omitted], comes from [Greek

omitted], and from [Greek omitted], — having the force both of nouns and appellatives.

And prepositions are like to the crests of a helmet, or footstools and pedestals, which (one may rather say) do belong to words than are words themselves. See whether they rather be not pieces and scraps of words, as they that are in haste write but dashes and points for letters. For it is plain that [Greek omitted] and [Greek omitted] are abbreviations of the whole words [Greek omitted] and [Greek omitted]. As undoubtedly for haste and brevity's sake, instead of [Greek omitted] and [Greek omitted] men first said [Greek omitted] and [Greek omitted].

Therefore every one of these is of some use in speech; but nothing is a part or element of speech (as has been said) except a noun and a verb, which make the first juncture allowing of truth or falsehood, which some call a proposition or protasis, others an axiom, and which Plato called speech.

On the birth of the spirit in Timaeus

THE FATHER TO AUTOBULUS AND PLUTARCH WISHETH HEALTH.

1. Since it is your opinion that it would be requisite for me to collect together what I have discoursed and written dispersedly in several treatises explaining, as we apprehended his sense and meaning, what opinion Plato had concerning the soul, as requiring a particular commentary by itself; therefore I have compiled this discourse, which asks for your consideration and pardon not only because the matter itself is by no means easy to be handled, but also because the doctrines herein contained are somewhat contrary to those held by most of the Platonic philosophers. And I will first rehearse the words as they run originally in the text itself of Timaeus.

"There being one substance not admitting of division, but continuing still the same, and another liable to be divided among several bodies, out of both these he produced for a middle mixture a third sort of Substance, partaking of the nature of the Same and of the nature of the Other, and placed it in the midst between that which was indivisible and that which was subject to be corporeally divided. Then taking all three, he blended them into one form, forcibly adapting to the Same the nature of the Other, not readily condescending to a mixture. Now when he had thus mixed them with the Substance, and reduced the three into one, he again divided this whole matter into so many parts as were thought to be necessary; every one of these parts being composed of the Same, the Other, and the Substance And thus he began his division."

By the way, it would be an endless toil to recite the contentions and disputes that have from hence arisen among his interpreters, and to you indeed superfluous, who are not ignorant yourselves of the greatest part.

But seeing that Xenocrates won to his opinions several of the most eminent philosophers, while he defined the substance of the soul to be number moved by itself; and that many adhered to Crantor the Solian, who affirmed the soul to consist partly of an essence perceptible to the mind, partly of a nature concerned with sensible things and subject to opinions; I

am apt to believe that the perspicuity of these matters clearly dilucidated will afford you a fair entrance into the knowledge of the rest.

2. Nor does either of the two conjectures require many words of explanation. For the one side pretends that by the mixture of the divisible and indivisible substance no other thing is meant than the generation or original of number, seeing that the unit is undividable but multitude is subject to division; however, that out of these is begot number, unity terminating plurality and putting a period to infinity, which they call the unlimited binary. This binary Zaratas, the scholar of Pythagoras, named the mother, but the unit the father of number; and therefore he believed those numbers were the best which approached nearest in resemblance to the unit. Nevertheless, this number cannot be said to be the soul; for it neither has the power to move, neither can it be moved. But the Same and the Other being blended together, of which one is the original of motion and mutation, the other of rest and stability, from these two springs the soul, which is no less active or passive itself to stay or to be stayed, than to move or to be moved.

But the followers of Crantor, supposing the proper function of the soul to consist in judging of those things which are discernible to the understanding and those which are liable to sense, as also of the differences and similitudes of these things, as well in themselves as in reference one to another, allege the soul to be composed of all, to the end she may have a true knowledge of the whole. Now the things of which the All is composed are fourfold, — the intelligible nature, always immutable and still the same, and the sensitive nature, which is passive and subject to alteration; and also the nature of the Same, and the nature of the Other, in regard the two former in some measure participate also of diversity and identity.

3. All these philosophers likewise equally hold that the soul neither derives its beginning from time nor is the product of generation, but that it is endued with several faculties and virtues, into which Plato, as it were, melting and dissolving its substance for contemplation's sake, supposes it in his discourse to have had its original from procreation and mixture.

The same was his opinion concerning the world; for he knew it to be uncreated and without end, but not perceiving it so easy to apprehend how the structure was reared, or by what order and government supported, unless by admitting its beginning and the causes thereto concurring, he followed that method to instruct himself. These things being thus generally by them laid down, Eudorus will allow to neither side any share of probability; and indeed

to me they both seem to have wandered from the opinion of Plato, if we intend to make the most likely rule our guide, — which is not to advance our own conceits, but to come as close as we can to his sense and meaning. Now as to this same mixture (as they call it) of the intelligible and sensitive substance, no reason appears why it should be more the original of the soul than of any other thing that ye can name. For the whole world itself and every one of its parts pretend to no other composition than of a sensitive and an intelligible substance, of which the one affords matter and foundation, the other form and figure to the whole mass. And then again, whate'er there is of material substance, framed and structured by participation and assimilation of the intelligible nature is not only to be felt but visible to the eye; when as the soul still soars above the reach of all natural apprehension. Neither did Plato ever assert the soul to be number, but a perpetually self-moving nature, the fountain and principle of motion. Only he embellished and adorned the substance of it with number, proportion, and harmony; as being a subject capable of receiving the most goodly form which those ornaments could produce. So that I cannot believe it to be the same thing to compose the soul according to number, and to affirm the soul to be number itself. Nor can it be said to be harmony because harmoniously composed, as he has clearly demonstrated in his Treatise of the Soul. But plain it is, that those philosophers understood not the meaning of the Same and the Other. For they tell us how the Same contributes rest, the Other motion toward the generation of the soul. Though Plato himself, in his treatise entitled the Sophist, disposes and distinguishes Essence, the Same, the Other, together with Motion and Rest, as being five things altogether differing one from another and void of mutual affinity.

4. But these men are generally, as the most part of Plato's readers, timorous and vainly perplexed, using all their endeavors by wresting and tormenting his sense to conceal and hide what he has written, as if it were some terrible novelty not fit for public view, that the world and the soul neither had their beginning and composition from eternity, nor had their essence from a boundless immensity of time, — of which we have particularly spoken already. So that now it shall suffice to say no more than this, that these writers confound and smother (if they do not rather utterly abolish) his eager contest and dispute in behalf of the Gods, wherein Plato confesses himself to have been transported with an ambitious zeal, even beyond the strength of his years, against the atheists of his time. For if the

world had no beginning, Plato's opinion vanishes, — that the soul, much elder than the body, is the principle of all motion and alteration, or (to use his own words) their chieftain and first efficient cause, whose mansion is in Nature's secret retirements. But what the soul is, what the body, and why the soul is said to have been elder than the body, shall be made appear in the progress of this discourse. The ignorance of this seems to have been the occasion of much doubt and incredulity in reference to the true opinion.

5. First therefore, I shall propose my own sentiments concerning these things, desiring to gain credit no otherwise than by the most probable strength of arguments, explaining and reconciling to the utmost of my ability truth and paradox together; after which I shall apply both the explication and demonstration to the words of the text. In my opinion then the business lies thus. The world, saith Heraclitus, neither did any one of all the Gods nor any mortal man create, — as if he had been afraid that, not being able to make out the creation by a Deity, we should be constrained to acknowledge some man to have been the architect of the universe. But certainly far better it is, in submission to Plato's judgment, to avow, both in discourse and in our songs of praise, that the glory of the structure belongs to God, — for the frame itself is the most beautiful of all masterpieces, and God the most illustrious of all causes, — but that the substance and materials were not created, but always ready at the ordering and disposal of the Omnipotent Builder, to give it form and figure, as near as might be, approaching to his own resemblance. For the creation was not out of nothing, but out of matter wanting beauty and perfection, like the rude materials of a house, a garment, or a statue, lying first in shapeless confusion. For before the creation of the world there was nothing but a confused heap; yet was that confused heap neither without a body, without motion, nor without a soul. The corporeal part was without form or consistence, and the moving part stupid and headlong; and this was the disorder of a soul not guided by reason. God neither incorporated that which is incorporeal, nor conveyed a soul into that which had none before; like a person either musical or poetical, who does not make either the voice or the movement, but only reduces the voice with harmony, and graces the movement with proper measures. Thus God did not make the tangible and resistant solidity of the corporeal substance, nor the imaginative or moving faculties of the soul; but taking these two principles as they lay ready at hand, — the one obscure and dark, the other turbulent and senseless, both imperfect without the bounds of order and decency, — he disposed, digested, and

embellished the confused mass, so that he brought to perfection a most absolute and glorious creature. Therefore the substance of the body is no other than that all-receiving Nature, the seat and nurse of all created beings.

6. But the substance of the soul, in Philebus, he called an infinite being, the privation of number and proportion; having neither period nor measure either of diminution or excess or distinction or dissimilitude. But as to that order which he alleges in Timaeus to be the mixture of nature with the indivisible substance, but which being applied to bodies becomes liable to division, — he would not have it thought to be a bulk made up by units or points, nor longitude and breadth, which are qualities more consentaneous to bodies than to the soul, but that disorderly unlimited principle, moving both itself and other substances, that which he frequently calls necessity, and which within his treatise of laws he openly styles the disorderly, ill-acting, or harm-doing soul. For such was this soul of herself; but at length she came to partake of understanding, ratiocination, and harmony, that she might be the soul of the world. Now that all-receiving principle of matter enjoyed both magnitude, space, and distance; but beauty, form, and measure of proportion it had none. However, all these it obtained, to the end that, when it came to be thus embellished and adorned, it might assume the form of all the various bodies and organs of the earth, the sea, the heavens, the stars, and of all those infinite varieties of plants and living creatures. Now as for those who attribute to this matter, and not to the soul, that which in Timaeus is called necessity, in Philebus vast disproportion and unlimited exorbitancy of diminution and excess, — they can never maintain it to be the cause of disorder, since Plato always alleges that same matter to be without any form or figures, and altogether destitute of any quality or effectual virtue properly belonging to it; comparing it to such oils as have no scent at all, which the perfumers mix in their tinctures. For there is no likelihood that Plato would suppose that to be the cause and principle of evil which is altogether void of quality in itself, sluggish, and never to be roused on to action, and yet at the same time brand this immensity with the harsh epithets of base and mischievous, and call it necessity repugnant and contumaciously rebellious against God. For this same necessity, which renverses heaven (to use his own phrase in his Politicus) and turns it the quite contrary way from decency and symmetry, together with innate concupiscence, and that inbred confusion of ancient nature, hurly-burly'd with all manner of disorder, before they were wrought and kneaded into the graceful decorum of the world, — whence

came they to be conveyed into several varieties of forms and beings, if the subject, which is the first matter, were void of all quality whatsoever and deprived of all efficient cause; more especially the Architect being so good of himself, and intending a frame the nearest approaching to his own perfections? For besides these there is no third principle. And indeed, we should stumble into the perplexed intricacies of the Stoics, should we advance evil into the world out of nonentity, without either any preceding cause or effect of generation, in regard that among those principles that have a being, it is not probable that either real good or that which is destitute of all manner of quality should afford birth or substance to evil. But Plato escaped those pitfalls into which they blundered who came after him; who, neglecting what he carefully embraced, the third principle and energetic virtue in the middle between God and the first matter, maintain the most absurd of arguments, affirming the nature of evils to have crept in spontaneously and adventitiously, I know not how nor by what strange accidents. And yet they will not allow an atom of Epicurus so much as a moment's liberty to shift in its station, which, as they say, would infer motion out of nonentity without any impulsive cause; nevertheless themselves presuming all this while to affirm that vice and wickedness, together with a thousand other incongruities and vexations afflicting the body, of which no cause can be ascribed to any of the principles, came into being (as it were) "by consequence."

7. Plato however does not so; who, despoiling the first matter of all manner of distinction, and separating from God, as far as it is possible, the causes of evil, has thus delivered himself concerning the world, in his Politicus. "The world," saith he, "received from the Illustrious Builder all things beautiful and lovely; but whatsoever happens to be noxious and irregular in heaven, it derives from its ancient habit and disposition, and conveys them into the several creatures." And a little farther in the same treatise he saith: "In process of time, when oblivion had encroached upon the world, the distemper of its ancient confusion more prevailed, and the hazard is, lest being dissolved it should again be sunk and plunged into the immense abyss of its former irregularity." But there can be no dissimilitude in the first matter, as being void of quality and distinction.

Of which when Eudemus with several others was altogether ignorant, he seems deridingly to cavil with Plato, and taxes him with asserting the first matter to be the cause, the root, and principle of all evil, which he had at other times so frequently dignified with the tender appellations of mother and

nurse. Whereas Plato gives to matter only the titles of the mother and nurse; but the cause of evil he makes to be the moving force residing within it, not governed by order and reason though not without a soul neither, which, in his treatise of the Laws, he calls expressly the soul repugnant and in hostility with that other propitiously and kindly acting. For though the soul be the principle of motion, yet is it the understanding and intelligence which measures that motion by order and harmony, and is the cause of both. For God could not have brought to rest mere sleepy and sluggish matter, but he brought it to rest when it had been troubled and disquieted by a senseless and stupid cause. Neither did he infuse into nature the principles of alteration and affections; but when it was under the pressure of those unruly disorders and alterations, he discharged it of its manifold enormities and irregularities, making use of symmetry, proportion, and number. For these are the most proper instruments, not by alteration and lawless motion to distract the several beings with passions and distinctions, but rather to render them fixed and stable, and nearest in their composition to those things that in themselves continue still the same upon the equal poise of diuturnity. And this, in my judgment, is the sense and meaning of Plato.

8. Of which the easy reconciliation of his seeming incongruities and contradiction of himself may serve for the first proof. For indeed no men of judgment would have objected to the most Bacchanalian sophister, more especially to Plato, the guilt of so much inconvenience and impudent rashness in a discourse by him so elaborately studied, as to affirm the same nature in one place never to have been created, in another to have been the effects of generation; — in Phaedrus to assert the soul eternal, in Timaeus to subject it to procreation. The words in Phaedrus need no repetition, as being familiar to nearly every one, wherein he proves the soul to be incorruptible in regard it never had a beginning, and to have never had a beginning because it moves itself. But in Timaeus, “God,” saith he, “did not make the soul a junior to the body, as now we labor to prove it to have been subsequent to the body. For he would never have suffered the more ancient, because linked and coupled with the younger, to have been governed by it; only we, guided I know not how by chance and inconsiderate rashness, frame odd kind of notions to ourselves. But God most certainly composed the soul excelling the body both in seniority of origin and in power, to be mistress and governess of her inferior servant.” And then again he adds, how that the soul, being turned upon herself, began the divine beginning of an eternal and prudent life.

“Now,” saith he, “the body of heaven became visible; but the soul being invisible, nevertheless participating of ratiocination and harmony, by the best of intelligible and eternal beings she was made the best of things created.” Here then he determines God to be the best of sempiternal beings, the soul to be the most excellent of temporal existences. By which apparent distinction and antithesis he denies that the soul is eternal, and that it never had a beginning.

9. And now what other or better reconciliation of these seeming contrarieties than his own explanation, to those that are willing to apprehend it? For he declares to have been without beginning the never procreated soul, that moved all things confusedly and in an irregular manner before the creation of the world. But as for that which God composed out of this and that other permanent and choicest substance, making it both prudent and orderly, and adding of his own, as if it were for form and beauty’s sake, intellect to sense, and order to motion, and which he constituted prince and chieftain of the whole, — that he acknowledges to have had a beginning and to have proceeded from generation. Thus he likewise pronounces the body of the world in one respect to be eternal and without beginning, in another sense to be the work of creation. To which purpose, where he says that the visible structure, never in repose at first but restless in a confused and tempestuous motion, was at length by the hand of God disposed and ranged into majestic order, — where he says that the four elements, fire and water, earth and air, before the stately pile was by them embellished and adorned, caused a prodigious fever and shivering ague in the whole mass of matter, that labored under the combats of their unequal mixtures, — by his urging these things, he gives those bodies room in the vast abyss before the fabric of the universe.

Again, when he says that the body was younger than the soul, and that the world was created, as being of a corporeal substance that may be seen and felt, — which sort of substances must necessarily have a beginning and be created, — it is evidently demonstrable from thence that he ascribes original creation to the nature of bodies. But he is far from being repugnant or contradictory to himself in these sublimest mysteries. For he does not contend, that the same body was created by God or after the same manner, and yet that it was before it had a being, — which would have been to act the part of a juggler; but he instructs us what we ought to understand by generations and creation. Therefore, says he, at first all these things were void of measure and proportion; but when God first began to beautify the whole,

the fire and water, earth and air, having perhaps some prints and footsteps of their forms, lay in a huddle jumbled all together, — as probable it is that all things are, where God is absent, — which then he reduced to a comely perfection varied by number and order. Moreover, having told us before that it was a work not of one but of a twofold proportion to bind and fasten the bulky immensity of the whole, which was both solid and of a prodigious profundity, he then comes to declare how God, after he had placed the water and the earth in the midst between the fire and the air, incontinently closed up the heavens into a circular form. Out of these materials, saith he, being four in number, was the body of the world created, agreeing in proportion, and so amicably corresponding together, that being thus embodied and confined within their proper bounds, it is impossible that any dissolution should happen from their own contending force, unless he that riveted the whole frame should go about again to rend it in pieces; — most apparently teaching us, that God was not the parent and architect of the corporeal substance only, or of the bulk and matter, but of the beauty and symmetry and similitude that adorned and graced the whole. The same we are to believe, he thought, concerning the soul; that there is one which neither was created by God nor is the soul of the world, but a certain self-moving and restless efficacy of a giddy and disorderly agitation and impetuosity, irrational and subject to opinion; while the other is that which God himself, having accoutred and adorned it with suitable numbers and proportions, has made queen regent of the created world, herself the product of creation also.

10. Now that Plato had this belief concerning these things, and did not for contemplation's sake lay down these suppositions concerning the creation of the world and the soul, — this, among many others, seems to be an evident signification that, as to the soul, he avers it to be both created and not created, but as to the world, he always maintains that it had a beginning and was created, never that it was uncreated and eternal. What necessity therefore of bringing any testimonies out of Timaeus? For the whole treatise, from the beginning to the end, discourses of nothing else but of the creation of the world. As for the rest, we find that Timaeus, in his Atlantic, addressing himself in prayer to the Deity, calls God that being which of old existed in his works, but now was apparent to reason. In his Politicus, his Parmenidean guest acknowledges that the world, which was the handiwork of God, is replenished with several good things, and that, if there be any thing in it which is vicious and offensive, it comes by mixture of its former incongruous

and irrational habit. But Socrates, in the Politics, beginning to discourse of number, which some call by the name of wedlock, says: "The created Divinity has a circular period, which is, as it were, enchased and involved in a certain perfect number;" meaning in that place by created Divinity no other than the world itself.

11. The first pair of these numbers consists of one and two, the second of three and four, the third of five and six; neither of which pairs make a tetragonal number, either by themselves or joined with any other figures. The fourth consists of seven and eight, which, being added all together, produce a tetragonal number of thirty-six. But the quaternary of numbers set down by Plato have a more perfect generation, of even numbers multiplied by even distances, and of odd by uneven distances. This quaternary contains the unit, the common original of all even and odd numbers. Subsequent to which are two and three, the first plane numbers; then four and nine, the first squares; and next eight and twenty-seven, the first cubical numbers (not counting the unit). Whence it is apparent, that his intention was not that the numbers should be placed in a direct line one above another, but apart and oppositely one against the other, the even by themselves, and the odd by themselves, according to the scheme here given. In this manner similar numbers will be joined together, which will produce other remarkable numbers, as well by addition as by multiplication.

12. By addition thus: two and three make five, four and nine make thirteen, eight and twenty-seven make thirty-five. Of all which numbers the Pythagoreans called five the nourisher, that is to say, the breeding or fostering sound, believing a fifth to be the first of all the intervals of tones which could be sounded. But as for thirteen, they called it the remainder, despairing, as Plato himself did, of being ever able to divide a tone into equal parts. Then five and thirty they named harmony, as consisting of the two cubes eight and twenty-seven, the first that rise from an odd and an even number, as also of the four numbers, six, eight, nine, and twelve, comprehending both harmonical and arithmetical proportion. Which nevertheless will be more conspicuous, being made out in a scheme to the eye.

Admit a right-angled parallelogram, A B C D, the lesser side of which A B consists of five, the longer side A C contains seven squares. Let the lesser division be unequally divided into two and three squares, marked by E; and

the larger division in two unequal divisions more of three and four squares, marked by F. Thus A E F G comprehends six, E B G I nine, F G C H eight, and G I H D twelve. By this means the whole parallelogram, containing thirty-five little square areas, comprehends all the proportions of the first concords of music in the number of these little squares. For six is exceeded by eight in a sesquiterce proportion (3:4) , wherein the diatessaron is comprehended. And six is exceeded by nine in a sesquialter proportion (2:3) , wherein also is included the fifth. Six is exceeded by twelve in duple proportion (1:2) , containing the octave; and then lastly, there is the sesquioctave proportion of a tone in eight to nine. And therefore they call that number which comprehends all these proportions harmony. This number is 35, which being multiplied by 6, the product is 210, which is the number of days, they say, which brings those infants to perfection that are born at the seventh month's end.

13. To proceed by way of multiplication, — twice 3 make 6, and 4 times 9 thirty-six, and 8 times 27 produce 216. Thus six appears to be a perfect number, as being equal in its parts; and it is called matrimony, by reason of the mixture of the first even and odd. Moreover it is composed of the original number, which is one, of the first even number, which is two, and the first odd number, which is three. Then for 36, it is the first number which is as well quadrangular as triangular, being quadrangular from 6, and triangular from 8. The same number arises from the multiplication of the first two square numbers, 4 and 9; as also from the addition of the three cubical numbers, 1, 8, and 27, which being put together make up 36. Lastly, you have a parallelogram with unequal sides, by the multiplication of 12 by 3, or 9 by 4. Take then the numbers of the sides of all these figures, the 6 of the square, the 8 of the triangle, the 9 for the one parallelogram, and the 12 for the other; and there you will find the proportions of all the concords. For 12 to 9 will be a fourth, as nete to paramese. To eight it will prove a fifth, as nete to mese. To six it will be an octave, as nete to hypate. And the two hundred and sixteen is the cubical number proceeding from six which is its root, and so equal to its own perimeter.

14. Now these numbers aforesaid being endued with all these properties, the last of them, which is 27, has this peculiar to itself, that it is equal to all those that precede together; besides, that it is the periodical number of the days wherein the moon finishes her monthly course; the Pythagoreans make

it to be the tone of all the harmonical intervals. On the other side, they call thirteen the remainder, in regard it misses a unit to be half of twenty-seven. Now that these numbers comprehend the proportions of harmonical concord, is easily made apparent. For the proportion of 2 to 1 is duple, which contains the diapason; as the proportion of 3 to 2 sesquialter, which embraces the fifth; and the proportion of 4 to 3 sesquiterce, which comprehends the diatessaron; the proportion of 9 to 3 triple, including the diapason and diapente; and that of 8 to 2 quadruple, comprehending the double diapason. Lastly, there is the sesquioctave in 8 to 9, which makes the interval of a single tone. If then the unit, which is common, be counted as well to the even as the odd numbers, the whole series will be equal to the sum of the decade. For the even numbers (1 + 2 + 4 + 8) give 15, the triangular number of five. On the other side, take the odd numbers, 1, 3, 9, and 27, and the sum is 40; by which numbers the skilful measure all musical intervals, of which they call one a diesis, and the other a tone. Which number of 40 proceeds from the force of the quaternary number by multiplication. For every one of the first four numbers being by itself multiplied by four, the products will be 4, 8, 12, 16, which being added all together make 40, comprehending all the proportions of harmony. For 16 is a sesquiterce to 12, duple to 8, and quadruple to 4. Again, 12 holds a sesquialter proportion to 8, and triple to 4. In these proportions are contained the intervals of the diatessaron, diapente, diapason, and double diapason. Moreover, the number 40 is equal to the two first tetragons and the two first cubes being taken both together. For the first tetragons are 1 and 4, the first cubes are 8 and 27, which being added together make 40. Whence it appears that the Platonic quaternary is much more perfect and fuller of variety than the Pythagoric.

15. But since the numbers proposed did not afford space sufficient for the middle intervals, therefore there was a necessity to allow larger bounds for the proportions. And now we are to tell you what those bounds and middle spaces are. And first, concerning the medieties (or mean terms); of which that which equally exceeds and is exceeded by the same number is called arithmetical; the other, which exceeds and is exceeded by the same proportional part of the extremes, is called sub-contrary. Now the extremes and the middle of an arithmetical mediety are 6, 9, 12. For 9 exceeds 6 as it is exceeded by 12, that is to say, by the number three. The extremes and middle of the sub-contrary are 6, 8, 12, where 8 exceeds 6 by 2, and 12 exceeds 8 by 4; yet 2 is equally the third of 6, as 4 is the third of 12. So that in the arithmetical

mediety the middle exceeds and is exceeded by the same number; but in the sub contrary mediety, the middle term wants of one of the extremes, and exceeds the other by the same part of each extreme; for in the first 3 is the third part of the mean; but in the latter 4 and 2 are third parts each of a different extreme. Whence it is called sub-contrary. This they also call harmonic, as being that whose middle and extremes afford the first concords; that is to say, between the highest and lowermost lies the diapason, between the highest and the middle lies the diapente, and between the middle and lowermost lies the fourth or diatessaron. For suppose the highest extreme to be placed at nete and the lowermost at hypate, the middle will fall upon mese, making a fifth to the uppermost extreme, but a fourth to the lowermost. So that nete answers to 12, mese to 8, and hypate to 6.

16. Now the more readily to find out these means Eudorus hath taught us an easy method. For after you have proposed the extremities, if you take the half part of each and add them together, the product shall be the middle, alike in both duple and triple proportions, in arithmetical mediety. But as for sub-contrary mediety, in duple proportion, first having fixed the extremes, take the third part of the lesser and the half of the larger extreme, and the addition of both together shall be the middle; in triple proportion, the half of the lesser and the third part of the larger extreme shall be the mean. As for example, in triple proportion, let 6 be the least extreme, and 18 the biggest; if you take 3 which is the half of 6, and 6 which is the third part of 18, the product by addition will be 9, exceeding and exceeded by the same proportional parts of the extremes. In this manner the mediums are found out; and these are so to be disposed and placed as to fill up the duple and triple intervals. Now of these proposed numbers, some have no middle space, others have not sufficient. Being therefore so augmented that the same proportions may remain, they will afford sufficient space for the aforesaid mediums. To which purpose, instead of a unit they choose the six, as being the first number including in itself a half and third part, and so multiplying all the figures below it and above it by 6, they make sufficient room to receive the mediums, both in double and triple distances, as in the example below: —

12	2		3	18
24	4	6	9	54
48	8		27	162

Now Plato laid down this for a position, that the intervals of sesquialters,

sesquiterces, and sesquioctaves having once arisen from these connections in the first spaces, the Deity filled up all the sesquiterce intervals with sesquioctaves, leaving a part of each, so that the interval left of the part should bear the numerical proportion of 256 to 243. From these words of Plato they were constrained to enlarge their numbers and make them bigger. Now there must be two numbers following in order in sesquioctave proportion. But the six does not contain a sesquioctave; and if it should be cut up into parts and the units bruised into fractions, this would strangely perplex the study of these things. Therefore the occasion itself advised multiplication; so that, as in changes in the musical scale, the whole scheme was extended in agreement with the first (or base) number. Eudorus therefore, imitating Crantor, made choice of 384 for his first number, being the product of 64 multiplied by 6; which way of proceeding the number 64 led them to, having for its sesquioctave 72. But it is more agreeable to the words of Plato to introduce the half of 384. For the remainder of that will bear a sesquioctave proportion in those numbers which Plato mentions, 256 and 243, if we make use of 192 for the first number. But if the same number be made choice of doubled, the remainder (or leimma) will have the same proportion, but the numbers will be doubled, i.e. 512 and 486. For 256 is in sesquiterce proportion to 192, as 512 to 384. Neither was Crantor's reduction of the proportions to this number without reason, which made his followers willing to pursue it; in regard that 64 is both the square of the first cube, and the cube of the first square; and being multiplied by 3, the first odd and trigonal, and the first perfect and sesquialter number, it produces 192, which also has its sesquioctave, as we shall demonstrate.

17. But first of all, we shall better understand what this leimma or remainder is and what was the opinion of Plato, if we do but call to mind what was frequently bandied in the Pythagorean schools. For interval in music is all that space which is comprehended by two sounds varied in pitch. Of which intervals, that which is called a tone is the full excess of diapente above diatessaron; and this being divided into two parts, according to the opinion of the musicians, makes two intervals, both which they call a semitone. But the Pythagoreans, despairing to divide a tone into equal parts, and therefore perceiving the two divisions to be unequal, called the lesser leimma (or defect), as being lesser than the half. Therefore some there are who make the diatessaron, which is one of the concords, to consist of two tones and a half; others, of two tones and leimma. In which case sense seems

to govern the musicians, and demonstration the mathematicians. The proof by demonstration is thus made out. For it is certain from the observation of instruments that the diapason has double proportion, the diapente a sesquialter, the diatessaron a sesquiterce, and the tone a sesquioctave proportion. Now the truth of this will easily appear upon examination, by hanging two weights double in proportion to two strings, or by making two pipes of equal hollowness double in length, the one to the other. For the bigger of the pipes will yield the deep sound, as hypate to nete; and of the two strings, that which is extended by the double weight will be acuter than the other, as nete to hypate; and this is a diapason. In the same manner two longitudes or ponderosities, being taken in the proportion of 3: 2, will produce a diapente; and three to four will yield a diatessaron; of which the latter carries a sesquiterce, the former a sesquialter proportion. But if the same inequality of weight or length be so ordered as nine to eight, it will produce a tonic interval, no perfect concord, but harmonical enough; in regard the strings being struck one after another will yield so many musical and pleasing sounds, but all together a dull and ungrateful noise. But if they are touched in consort, either single or together, thence a delightful melody will charm the ear. Nor is all this less demonstrable by reason. For in music, the diapason is composed of the diapente and diatessaron. But in numbers, the duple is compounded of the sesquialter and sesquiterce. For 12 is a sesquiterce to 9, but a sesquialter to 8, and a duple to 6. Therefore is the duple proportion composed of the sesquialter and sesquiterce, as the diapason of the diapente and diatessaron. For here the diapente exceeds the diatessaron by a tone; there the sesquialter exceeds the sesquiterce by a sesquioctave. Whence it is apparent that the diapason carries a double proportion, the diapente a sesquialter, the diatessaron a sesquiterce, and the tone a sesquioctave.

18. This being thus demonstrated, let us see whether the sesquioctave will admit a division into two equal parts; which if it will not do, neither will a tone. However, in regard that 9 and 8, which make the first sesquioctave, have no middle interval, but both being doubled, the space that falls between causes two intervals, thence it is apparent that, if those distances were equal, the sesquioctave also might be divided into equal parts. Now the double of 9 is 18, that of 8 is 16, the intermedium 17; by which means one of the intervals becomes larger, the other lesser; for the first is that of 18 to 17, the second that of 17 to 16. Thus the sesquioctave proportion not being to be otherwise than unequally divided, consequently neither will the tone admit of an equal

division. So that neither of these two sections of a divided tone is to be called a semitone, but according as the mathematicians name it, the remainder. And this is that which Plato means, when he says, that God, having filled up the sesquiterces with sesquioctaves, left a part of each; of which the proportion is the same as of 256 to 243. For admit a diatessaron in two numbers comprehending sesquiterce proportion, that is to say, in 256 and 192; of which two numbers, let the lesser 192 be applied to the lowermost extreme, and the bigger number 256 to the uppermost extreme of the tetrachord. Whence we shall demonstrate that, this space being filled up by two sesquioctaves, such an interval remains as lies between the numbers 256 and 243. For the lower string being forced a full tone upward, which is a sesquioctave, it makes 216; and being screwed another tone upward it makes 243. Which 243 exceeds 216 by 27, and 216 exceeds 192 by 24. And then again of these two numbers, 27 is the eighth of 216, and 24 the eighth of 192. So the biggest of these two numbers is a sesquioctave to the middle, and the middle to the least; and the distance from the least to the biggest, that is from 192 to 243, consists of two tones filled up with two sesquioctaves. Which being subtracted, the remaining interval of the whole between 243 and 256 is 13, for which reason they called this number the remainder. And thus I am apt to believe the meaning and opinion of Plato to be most exactly explained in these numbers.

19. Others, placing the two extremes of the diatessaron, the acute part in 288, and the lower sound in 216, in all the rest observe the same proportions, only that they take the remainder between the two middle intervals. For the base, being forced up a whole tone, makes 243; and the upper note, screwed downward a full tone, begets 256. Moreover 243 carries a sesquioctave proportion to 216, and 288 to 256; so that each of the intervals contains a full tone, and the residue is that which remains between 243 and 256, which is not a semitone, but something less. For 288 exceeds 256 by 32, and 243 exceeds 216 by 27; but 256 exceeds 243 by 13. Now this excess is less than half of the former. So it is plain that the diatessaron consists of two tones and the residue, not of two tones and a half. Let this suffice for the demonstration of these things. Nor is it a difficult thing to believe, by what has been already said, wherefore Plato, after he had asserted that the intervals of sesquialter, sesquiterce, and sesquioctave had arisen, when he comes to fill up the intervals of sesquiterces with sesquioctaves, makes not the least mention of sesquialters; for that the sesquialter is soon filled up, by adding the sesquiterce to the sesquioctave, or the sesquioctave to the sesquiterce.

20. Having therefore shown the manner how to fill up the intervals, and to place and dispose the medieties, had never any person taken the same pains before, I should have recommended the further consideration of it to the recreation of your fancies; but in regard that several most excellent musicians have made it their business to unfold these mysteries with a diligence more than usually exact, — more especially Crantor, Clearchus, and Theodorus, all born in Soli, — it shall suffice only to show how these men differed among themselves. For Theodorus, varying from the other two, and not observing two distinct files or rows of numbers, but placing the duples and triples in a direct line one before another, grounds himself upon that division of the substance which Plato calls the division in length, making two parts (as it were) out of one, not four out of two. Then he says, that the interposition of the mediums ought to take place in that manner, to avoid the trouble and confusion which must arise from transferring out of the first duple into the first triple the intervals which are ordained for the supplement of both. . . . But as for those who take Crantor's part, they so dispose their numbers as to place planes with planes, tetragons with tetragons, cubes with cubes, opposite to one another, not taking them in file, but alternatively odd to even. [Here is some great defect in the original.]

21. . . . Which, being in themselves permanently the same, afford the form and species; but being subject to corporeal division, they become the matter and subject to receive the other's impression, the common mixture being completed out of both. Now the indivisible substance, which is always one and the same, is not to be thought to be incapable of division by reason of its smallness, like the most minute of bodies, called atoms. But as it is unmixed, and not to be any way affected, but pure and altogether of one sort, it is said not to consist of parts, but to be indivisible. By means of which purity, when it comes in any manner whatsoever to approach and gently touch compounded divisible and differing substances, all their variety ceases and they crowd together into one habit by sympathy and similitude. If now any one will call that substance which admits corporeal separation matter, as a nature subject to the former and partaking of it, the use of that equivocal term will nothing disadvantage our discourse. But they are under a mistake that believe the corporeal to be blended with the indivisible matter. First, for that Plato does not here make use of any one of its names; whereas in other places he calls it the receptacle and nurse, capable of both receiving and fostering the vast infinity of created beings; not divisible among bodies, but rather the

body itself parted and divided into single individuals. Then again, what difference would there be between the creation of the world and that of the soul, if the composition of each proceeded from both matter and the intelligible essence? Certainly Plato, as endeavoring to separate the generation of the body from that of the soul, tells us that the corporeal part was by God seated and deposited within it, and that it was outwardly covered and enveloped by it; and after he had thus wrought the soul to its perfection out of proportion, he then proceeds to this argument concerning matter, of which he had no occasion to make mention before when he was producing the soul, as being that which had not its existence from matter.

22. The same may be said against the followers of Posidonius. For they seem not altogether to separate the soul from matter; but imagining the essence of limitations to be divisible in reference to bodies, and intermixing it with the intelligible essence, they defined the soul to be an idea (or essential form) of that which has extension in every direction, subsisting in an harmonical proportion of numbers. For (they say) all mathematical objects are disposed between the first intelligible and sensible beings; and since the soul contains the sempiternal nature of things intelligible and the pathetic nature of things subjected to sense, it seems but rational that it should consist of a substance between both. But they were ignorant that God, when the soul was already brought to perfection, afterwards making use of the limitations of bodies to form and shape the matter, confined and environed the dissipated and fleeting substance within the compass of certain surfaces composed of triangles adapted together. And it is even more absurd to make the soul an idea. For the soul is always in motion; the idea is incapable of motion; the one never to be mixed with that which is subjected to sense, the other wrought into the substance of the body. Moreover, God could be said only to imitate an idea, as his pattern; but he was the artificer of the soul, as of a work of perfection. Now enough has been already said to show that Plato does not assert number to be the substance of the soul, only that it is ordered and proportioned by number.

23. However this is a common argument against both the former opinions, that neither in corporeal limits nor in numbers there is the least footstep or appearance of that power by which the soul assumes to itself to judge of what is subject to sense. For it was the participation of the intelligible principle that endued it with understanding and the perceiving faculty. But as for opinion, belief, imagination, and its being affected with qualities relating to the body,

no man could ever dream that they proceeded simply either from units, or lines, or surfaces. For not only the souls of mortals have a power to judge of what is subject to sense; but the soul of the world also, says Plato, "when it revolves upon itself, and happens once to touch upon any fluid and roving substance or upon any thing indivisible, then being moved throughout its whole self, it gives notice with what this or that thing is identical, to what heterogeneal, and in what relations especially and in what manner it happens to be and to be affected towards each created thing." Here he gives at the same time an intimation of the ten Categories or Predicaments; but afterwards he gives us a clearer manifestation of these things. "For when true reason," says he, "is fixed upon what is subject to sense, and the circle of the Other, observing a just and equal motion, conveys its intelligence to the whole soul, then both opinion and belief become steadfast and certain; on the other side, when it is settled upon ratiocination, and the circle of the Same, turning readily and easily, furnishes its intimations, then of necessity knowledge arrives to perfection. And indeed, whoever shall affirm that any thing in which these two operations take place is any thing besides a soul, may deservedly be thought to speak any thing rather than the truth."

From whence then does the soul enjoy this motion whereby it comprehends what is subject to sense, different from that other intelligible motion which ends in knowledge? This is a difficult task to resolve, unless we steadfastly assert that Plato here did not compose the soul, so singly considered, but the soul of the world also, of the parts above mentioned, — of the more worthy indivisible substance, and of the less worthy divisible in reference to bodies. And this soul of the world is no other than that motion which gives heat and vigor to thought and fancy, and sympathizes with what is subject to sense, not created, but existing from eternity, like the other soul. For Nature, which had the power of understanding, had also the power of opining. But the intelligible power is subject neither to motion nor affection, being established upon a substance that is still the same. The other is movable and fleeting, as being engaged to an unstable, fluctuating, and disunited matter. In regard the sensible substance was so far from any order, that it was without shape and boundless. So that the power which is fixed in this was capable of producing no clear and well-grounded notions and no certain or well-ordered movements, but only sleepy dreams and deliriums, which amuse and trouble corporeal stupidity; unless by accident they lighted upon the more worthy substance. For it was in the middle between the sensible and

discerning faculty, and had a nature conformable and agreeable to both; from the sensible apprehending substance, and borrowing from judgment its power of discerning things intelligible.

24. And this the express words of Plato declare. “For this is my opinion,” saith he, “in short, that being, place, and generation were three distinct things even before the heavens were created.” By place he means matter, as being the seat and receptacle; by being or existence, the intelligible nature; and by generation, the world not being yet created, he designs only that substance which was subject to change and motion, disposed between the forming cause and the thing formed, transmitting hither those shapes and figures which were there contrived and moulded. For which reason it was called divisible; there being a necessity of distributing sense to the sensitive, and imagination to the imaginative faculty. For the sensitive motion, being proper to the soul, directs itself to that which is outwardly sensible. As for the understanding, it was fixed and immovable of itself, but being settled in the soul and becoming its lord and governor, it turns upon itself, and accomplishes a circular motion about that which is always permanent, chiefly laboring to apply itself to the eternally durable substance. With great difficulty therefore did they admit a conjunction, till the divisible at length intermixing with the indivisible, and the restlessly hurried with the sleepy and motionless, constrained the Other to meet and join with the Same. Yet the Other was not motion, as neither was the Same stability, but the principle of distinction and diversity. For both the one and the other proceed from a different principle; the Same from the unit, the Other from the duad; and these were first intermixed with the soul, being fastened and bound together by number, proportion, and harmonical mediums; so that the Other being riveted into the Same begets diversity and disagreement; and the Same being fermented into the Other produces order. And this is apparent from the first powers of the soul, which are judgment and motion. Motion immediately shows itself in the heavens, giving us an example of diversity in identity by the circumvolution of the fixed stars, and of identity in diversity by the order of the planets. For in them the Same bears the chiefest sway; in terrestrial bodies, the contrary principle. Judgment has two principles, — understanding from the Same, to judge of things in general, and sense from the Other, to judge of things in particular. Reason is a mixture of both, becoming intellect in reference to things intelligible, and opinion in things subject to sense; making use of the interdisposed organs of imagination and memory, of which

these in the Same produce the Other, and those in the Other make the Same. For understanding is the motion of the considerative faculty about that which is permanent and stable. Opinion is a continuance of the perceptive faculty upon that which is continually in motion. But as for fancy or imagination, being a connection of opinion with sense, the Same has placed it in the memory; and the Other moves it again in the difference between past and present, touching at the same time upon diversity and identity.

25. But now let us take a draught of the corresponding composition of the soul from the structure of the body of the universe. There we find fire and earth, whose nature is such as not to admit of mixture one with another but with great difficulty, or rather is altogether obstinately refractory to mixture and constancy. God therefore, placing air and water in the middle between both, — the air next the fire, the water next the earth, — first of all tempered the middlemost one with another, and next, by the assistance of these two, he brought the two extreme elements not only to mix with the middlemost, but also to a mutual closure or conjunction between themselves. Then he drew together those contrary powers and opposing extremes, the Same and the Other, not immediately, the one adjoining to the other, but placing other substances between; the indivisible next the Same, and the divisible next the Other, disposing each to each in convenient order, and mixing the extremes with the middlemost. After which manner he interweaved and tissued the whole into the form and composition of the soul, completing, as far as it was possible, similitude out of things different and various, and one out of many. Therefore it is alleged by some, that Plato erroneously affirmed the nature of the Other to be an enemy to mixture, as being not only capable to receive it, but a friend of change. Whereas that should have been rather said of the nature of the Same; which, being stable and an utter adversary to mutability, is so far from an easy and willing condescension to mixture, that it flies and abhors it, to the end it may preserve itself pure and free from alteration. But they who make these objections against Plato betray their own ignorance, not understanding that the Same is the idea (or essential form) of those things that always continue in the same state and condition, and that the Other is the idea of those things which are subject to be variously affected; and that it is the peculiar nature of the one to disjoin and separate into many parts whatever it happens to lay hold upon, and of the other to cement and assimilate scattered substances, till they resume one particular form and efficacy.

26. And these are the powers and virtues of the soul of the universe. And when they once enter into the organs of corruptible bodies, being themselves incorruptible, there the form of the binary and boundless principle shows itself most briskly, while that of the unmixed and purer principle lies as it were dormant in obscurity. And thus it happens, that a man shall rarely observe any human passion or motion of the understanding, void of reason, where there shall not something appear either of desire or emulation, joy or grief. Several philosophers therefore will have the passions to be so many sorts of reasonings, seeing that desire, grief, and anger are all the effects of judgment. Others allege the virtues themselves to be derived from passions; fortitude depending on fear, temperance on voluptuousness, and justice on love of gain. Now the soul being both speculative and practical, contemplating as well generals as particulars, and seeming to comprehend the one by the assistance of the intellect and the other by the aid of sense, common reason, which encounters the Same in the Other and the Other in the Same, endeavors by certain limits and distinctions to separate one from many and the divisible from the indivisible; but she cannot accomplish her design nor be purely in one or the other, in regard the principles are so oddly interwoven and intermixed and confusedly huddled together.

For this reason did God constitute a receptacle for the Same and the Other, out of the indivisible and divisible substance, to the end there might be order in variety. Now this was generation. For without this the Same could have no variety, and therefore no motion or generation; and the Other could have no order, and therefore no consistence or generation. For should we grant the Same to be different from the Other, and the Other to be the Same with itself, such a commixture would produce nothing generative, but would want a third something, like matter, to receive both and be disposed of by both. And this is that matter which God first composed, when he bounded the movable nature of bodies by the steadfastness of things intelligible.

27. Now then, as voice, merely voice, is only an insignificant and brutish noise, but speech is the expression of the mind by significant utterance; as harmony consists of sounds and intervals, — a sound being always one and the same, and an interval being the difference and diversity of sounds, while both being mixed together produce air and melody; — thus the passive nature of the soul was without limits and unstable, but afterwards became determinate, when limits were set and a certain form was given to the divisible and manifold variety of motion. Thus having comprised the Same

and the Other, by the similitudes and dissimilitudes of numbers which produce concord out of disagreement, it becomes the life of the world, sober and prudent, harmony itself, and reason overruling necessity mixed with persuasion. This necessity is by most men called fate or destiny, by Empedocles friendship and discord, by Heraclitus the opposite straining harmony of the world, as of a bow or harp, by Parmenides light and darkness, by Anaxagoras mind and infinity, by Zoroaster God and Daemon, naming one Oromasdes, the other Arimanius. Though as for Euripides, he makes use of the disjunctive erroneously for the copulative, where he says,

•Jove, whether he be

•Necessity, that Nature's force controls,

•Or the intelligence of human souls.

For, indeed, the powers which bear dominion over the universe are necessity and wisdom. This is that therefore which the Egyptians intimate in their fables, feigning that, when Horus was punished and dismembered, he bequeathed his spirit and blood to his father, but his flesh and his fat to his mother. There is no part of the soul which remains pure and unmixed, or separate from the rest; for, according to the opinion of Heraclitus, "harmony latent is of greater value than that which is visible," as being that wherein the blending Deity concealed and sunk all varieties and dissimilitudes. Nevertheless, there appears in the irrational part a turbulent and boisterous temerity; in the rational part, an orderly and well-marshalled prudence; in the sensitive part, the constraint of necessity; but in the understanding, entire and perfect command of itself. The limiting and bounding power sympathizes with the whole and the indivisible, by reason of the nearness of their relations; on the other side, the dividing power fixes itself upon particulars, by virtue of the divisible substance; and the whole rejoices at the mutation of the Same by means of the Other, as occasion requires. In the like manner, the various inclinations of men to virtue and vice, to pleasure and toil, as also the enthusiasms and raptures of lovers, the combats of honor with lustful desires, plainly demonstrate the mixture of the divine and impassible with the moral and corporeal part; of which Plato himself calls the one concupiscence of pleasures, natural to ourselves; the other an opinion introduced from without, aspiring to the chiefest good. For passible qualities of the soul arise from herself; but she participates of understanding, as being infused from without, by the more worthy principle.

28. Nor is the celestial nature privileged from this double society and communion. For sometimes it is seen to incline one way or the other, but it is set right again by the more powerful revolution of the Same, and governs the world. Nay, there shall come a time, as it has happened already, when the world's moving wisdom shall grow dull and drowsy, drowned in oblivion of its own duty; while that which is familiar and agreeable to the body from the beginning draws and winds back the righthand motion of the universe, causing the wheels to go slow and heavy. Yet shall it not be able to dash in pieces the whole movement, for that the better part, rousing and recollecting herself and observing the pattern and exemplar of God, shall with his aid reduce all things again into their former order. Thus it is demonstrable by many proofs, that the soul was not altogether the workmanship of the Deity, but that having in itself a certain portion of innate evil, it was by him digested and beautified who limited infinity by unity, to the end it might be a substance within the compass of certain limits; intermixing order and mutation, variety and resemblance, by the force of the Same and the Other; and lastly working into all these, as far as it was possible, a mutual community and friendship by the assistance of numbers and harmony.

29. Concerning which things, although you have heard frequent discourses, and have likewise read several arguments and disputes committed to writing upon the same subjects, it will not be amiss for me also to give a short account, after a brief repetition of Plato's own words. "God," said he, "in the first place withdrew one part from the whole; which done, he took away the double of that; then a third part, sesquialter in proportion to the second, and triple to the first; then a fourth part, double to the second; next a fifth part, being the triple of the third; then a sixth, eight times the first; and lastly a seventh, being twenty-seven times the first. This done, he filled up the duple and triple intervals, retrenching also from thence certain other particles, and placing them in the midst of those intervals; so that in every interval there might be two medieties, the one exceeding and being exceeded by one and the same part of the extremes, the other exceeding and being exceeded by the same number. Now in regard that from these connections in the first spaces there arose the intervals of sesquialters, sesquiterces, and sesquioctaves, he filled up all the sesquiterce intervals with sesquioctaves, leaving a part of each, so that the interval left of the part might bear the numerical proportion of 256 to 243."

Here the question will be first concerning the quantity, next concerning the order, and in the third place concerning the force and virtue of the numbers. As to the quantity, we are to consider which he takes in the double and triple intervals. As to the order, whether they are to be placed in one row, according to the direction of Theodorus, or (as Crantor will have them) in the form of a Λ, placing the unit at the top, and the duples and triples apart by themselves in two several files. Lastly, we are to examine of what use and virtue they are in the structure and composition of the soul.

30. As to the first, we shall relinquish the opinion of those who affirm that it is enough, in proportions, to consider the nature of the intervals, and of the medieties which fill up their vacancies; and that the demonstration can be made out for any numbers whatsoever that have spaces sufficient to receive the aforesaid proportions. For this being granted, it makes the demonstration obscure, without the help of schemes, and drives us from another theory, which carries with it a delight not unbecoming philosophy.

Beginning therefore from the unit, let us place the duples and triples apart; and there will be on the one side, 2, 4, 8; on the other 3, 9, 27; — seven numbers in all, proceeding forward by multiplication four steps from the unit, which is assumed as the common base. . . . For not only here, but upon other occasions, the sympathy of the quaternary number with the septenary is apparent. There is this peculiar to that tetractys or quaternary number thirty six, so much celebrated by the Pythagoreans, which is more particularly worthy admiration, — that it is composed of the first four even numbers and the first four odd numbers; and it is the fourth connection made of numbers put together in order. The first connection is of one and two; the second of odd numbers. . . . For placing the unit, which is common to both, before, he first takes eight and then twenty-seven, as it were pointing out with the finger where to place each particular sort.

[These places are so depraved in the original, that the sense is lost.]

But it belongs to others to explain these things more accurately and distinctly; while we content ourselves with only what remains, as peculiarly proper to the subject in hand.

31. For it was not out of vain-glory, to boast his skill in the mathematical sciences, that Plato inserted in a treatise of natural philosophy this discourse of harmonical and arithmetical medieties, but believing them both apt and convenient to demonstrate the structure and composition of the soul. For

some there are who seek these proportions in the swift motions of the spheres of the planets; others rather in the distances, others in the magnitude of the stars; others, more accurate and nice in their enquiry, seek for the same proportions in the diameters of the epicycles; as if the Supreme Architect, for the sake of these, had adapted the soul, divided into seven parts, to the celestial bodies. Many also there are, who hither transfer the inventions of the Pythagoreans, tripling the distances of bodies from the middle. This is done by placing the unit next the fire; three next the Antichthon, or earth which is opposite to our earth; nine next the Earth; 27 next the Moon; 81 next to Mercury; 243 upon Venus; and 729 upon the Sun. The last 729 is both a tetragonal and cubical number, whence it is, that they also call the sun a tetragon and a cube. By this way of tripling they also reduce the other stars to proportion. But these people may be thought to dote and to wander very much from reason, if there by any use of geometrical demonstration, since by their mistakes we find that the most probable proofs proceed from thence; and although geometers do not always make out their positions exactly, yet they approach the nearest to truth when they say that the diameter of the sun, compared with the diameter of the earth, bears the proportion of 12 to 1; while the diameter of the earth to that of the moon carries a triple proportion. And for that which appears to be the least of the fixed stars, the diameter of it is no less than the third part of the diameter of the earth, and the whole globe of the earth to the whole globe of the moon is as twenty-seven to one. The diameters of Venus and the earth bear a duple, the globes or spheres of both an octave proportion. The width of the shadow which causes an eclipse holds a triple proportion to the diameter of the moon; and the deviation of the moon from the middle of the signs, either to the one or the other side, is a twelfth part. Her positions as to the sun, either in triangular or quadrangular distances, give her the form when she appears as in the first quarter and gibbous; but when she comes to be quite round, that is, when she has run through half the signs, she then makes (as it were) a kind of diapason harmony with six notes. But in regard the motions of the sun are slowest when he arrives at the solstices, and swiftest when he comes to the equinoxes, by which he takes from the day or adds to the night, the proportion holds thus. For the first thirty days after the winter solstice, he adds to the day a sixth part of the length whereby the longest night exceeds the shortest; the next thirty days he adds a third part; to all the rest till the equinox he adds a

half; and so by sextuple and triple distances he makes even the irregularity of time.

Moreover, the Chaldaeans make the spring to hold the proportion of a diatessaron to autumn; of a diapente to the winter, and of a diapason to the summer. But if Euripides rightly divides the year, where he says,

•Four months the parching heats of summer reign,

•And four of hoary winter's cold complain;

•Two months doth vernal pride the fields array,

•And two months more to autumn tribute pay,

then the seasons shall be said to change in octave proportion.

Others there are, who fancy the earth to be in the lowest string of the harp, called proslambanomenos; and so proceeding, they place the moon in hypate, Mercury and Venus in the diatoni and lichani; the sun they likewise place in mese, as in the midst of the diapason, a fifth above the earth and a fourth from the sphere of the fixed stars.

32. But neither doth this pleasant conceit of the latter come near the truth, neither do the former attain perfect accuracy. However, they who will not allow the latter to depend upon Plato's sentiments will yet grant the former to partake of musical proportions; so that, there being five tetrachords, called ὑπάτων, μέσων, συνημμένων, διεζευγμένων, and ὑπερβολαίων, in these five distances they place all the planets; making the first tetrachord from the Moon to the Sun and the planets which move with the Sun, that is, Mercury and Venus; the next from the Sun to the fiery planet of Mars; the third between this and Jupiter; the fourth from thence to Saturn; and the fifth from Saturn to the sphere of the fixed stars. So that the sounds and notes which bound the five tetrachords bear the same proportion with the intervals of the planets. Still further, we know that the ancient musicians had two notes called hypate, three called nete, one mese, and one paramese, thus confining their scale to seven standing notes, equal in number to the number of the planets. But the moderns, adding the proslambanomenos, which is a full tone in descent from hypate, have multiplied the scheme into the double diapason, and thereby confounded the natural order of the concords; for the diapente happens to be before the diatessaron, with the addition of the whole tone in the bass. Whereas Plato makes his addition in the upper part; for in his Republic he says, that every one of the eight spheres rolls about a Siren which is fixed upon each of the tuneful globes, and that they all sing one

counterpoint without diversity of modulation, taking every one their peculiar concords, which together complete a melodious consort.

These Sirens sing for their pleasure divine and heavenly tunes, and accompany their sacred circuit and dance with an harmonious song of eight notes. Nor was there necessity of a fuller chorus, in regard that within the confines of eight notes lay the first bounds and limits of all duple and triple proportions; the unit being added to both the even and odd numbers. And certainly from hence it was that the ancients raised their invention of nine Muses; of which eight were employed in celestial affairs, as Plato said; the ninth was to take care of things terrestrial, and to reduce and reform the inequality and confusion of error and jarring variance.

33. Now then consider whether the soul does not roll and turn and manage the heavens and the celestial bodies by means of those harmonious concords and equal motions that are wrought and fermented within her, being herself most wise and most just. And such she became by virtue of harmonical proportions, whose images representing things incorporeal are imprinted into the discernible and visible parts and bodies of the world. But the chief and most predominating power is visibly mixed in the soul, which renders her harmonious and obedient to herself, the other parts unanimously yielding to her as the most supreme and the divinest part of all. For the Sovereign Artificer and Creator finding a strange disorder and erroneous confusion in the motions of the decomposed and unruly soul, which was still at variance with herself, some things he divided and separated, others he brought together and reconciled to a mutual sympathy, making use of harmony and numbers. By virtue of which, the slightest and meanest of insensible substances, even stocks and stones, the rinds of trees, and sometimes even the rennets of beasts, by various mixtures, compositions, and temperatures, may become the charming objects of the sight, or afford most pleasing perfumes and wholesome medicaments for the relief of mankind, or be wrought and hollowed to send forth pleasing musical sounds. And for this reason it was that Zeno of Citium encouraged and persuaded youth to frequent the theatres, there to observe the variety of melodious sounds that proceeded from horns or cornets, wooden hautboys, flutes and reeds, or any other musical instruments to which the contrivance of art had rightly applied the reason of number and proportion. Not that we will here maintain, with the Pythagoreans, that all things resemble number, for that requires a long discourse to prove it. But where mutual society and sympathy arise out of

discord and dissimilitude, that the cause of this is moderation and order, produced by the power of harmony and number, was a thing not concealed even from the poets. And these give to what is friendly and kind the epithet "evenly fitted;" while, on the other side, men of rugged and malicious dispositions they called "unevenly tempered," as if enmity and discord were nothing but a sort of a disproportion. For this reason, he who writes Pindar's elegy gives him this encomium,

To foreigners agreeable, to citizens a friend;

the poet plainly inferring complacency of humor and the aptitude of a person to fit himself to all tempers to be an excellency aspiring to virtue itself. Which Pindar himself also testifies, saying of Cadmus, that he listened to true music from Apollo himself. Nor must we believe that the theologists, who were the most ancient philosophers, ordered the pictures and statues of the Gods to be made with musical instruments in their hands because they thought the Gods no better than pipers or harpers, but to signify that no work was so becoming to the Gods as accord and harmony.

Now then, as it would be absurd and ridiculous for any man to search for sesquiterces, sesquialters, and duples in the neck, or belly, or sides of a lute or harp, — though every one of these must also be allowed their symmetry of length and thickness, — the harmony and proportion of concords being to be sought for in the sound; so it is most probable that the bodies of the stars, the distances of spheres, and the swiftness of the motions and revolutions, have their sundry proportions, as well one to another as to the whole fabric, like instruments of music well set and tuned, though the measure of the quantity be unknown to us. However, we are to imagine that the principal effect and efficacy of these numbers and proportions, which the Supreme Architect made use of, is that same agreement, harmony, and consent of the soul with itself, by means of which she replenished the heavens themselves, when she came to actuate and perform her office there, with so many infinite beauties, and by which she governs the earth by virtue of the several seasons, and other alterations wisely and artificially measured and varied as well for the generation as preservation of all terrestrial productions.

Summary of the birth of the spirit

1. The treatise entitled *On the Generation of the Soul in the Timaeus* reports what all the contentions of Plato and the Platonists have been and also introduces certain geometrical proportions and similarities pertaining, as he thinks, to his theory of the soul and particularly musical and arithmetical speculations.

2. He asserts, moreover, that matter was shaped by soul and ascribes a soul to the universe but ascribes to each living being also the one that manages it; and he represents this as being in one way ungenerated and in another subject to generation but matter as everlasting and given shape by the divinity through the agency of the soul and evil as being in origin an excrescence of matter, in order, he says, that the divinity might not be thought responsible for evil things.

3. He says that Posidonius and his followers did not remove the soul far from matter but, having taken divisible in the case of bodies to mean the being of the limits and having mixed these with the intelligible, they declared the soul to be the idea of what is everyway extended, herself constituted according to number that embraces concord, for (they said) the mathematicals have been ranked between the primary intelligibles and the perceptibles and it is an appropriate thing for the soul likewise, possessing as she does everlastingness with the intelligible and passivity with the perceptive, to have her being in the middle. In fact these people too failed to notice that only later, after the soul has already been produced, does god use the limits of the bodies for the shaping of matter by bounding and circumscribing its dispersiveness and incoherence with the surfaces made of the triangles fitted together. What is more absurd, however, is to make the soul an idea, for the former is perpetually in motion but the latter is immobile and the latter cannot mix with the perceptible but the former has been coupled with body; and, besides, gods relation to the idea is that of imitator to pattern but his relation to the soul is that of artificer to finished product. As to number, however, it has been stated above that Plato regards the substance of soul not as number either but as being ordered by number.

4. Besides both of these, moreover, there is equally the argument that neither in limits nor in numbers is there any trace of that faculty with which the soul naturally forms judgments of what is perceptible. Intelligence and intelligibility have been produced in her by participation in the intelligible principle; but opinions and beliefs, that is to say what is imaginative and impressionable by the qualities in body, one could not conceive [...] as arising

in her simply from units or from lines or surfaces. Now, not only do the souls of mortal beings have a faculty that is cognizant of the perceptible; but he says that the soul of the circle also as she is revolving upon herself, whenever she touches anything that has being either dispersed or indivisible, is moved throughout herself and states of anything's being the same and different with regard to whatever it is so precisely the respect and context and manner in which even the things that come to be happen to be or to have as attribute either of these in relation to each. As in these words he is simultaneously giving an outline of the ten categories too, in those that follow he states the case more clearly still, for he says: "Whenever true discourse is concerning itself about the perceptible and the circle of difference running aright conveys the message through all its soul, there arise opinions and beliefs steadfast and true; but, whenever on the other hand again it is concerned about the rational and the circle of sameness running smoothly gives the information, knowledge is of necessity produced; and, if anyone ever calls by another name than soul that one of existing things in which these two come to be, he will be speaking anything but the truth." Whence, then, did the soul get this motion that can apprehend what is perceptible and form opinions of it, a motion different from that which is intelligible and issues in knowledge? It is difficult to say without steadfastly maintaining that in the present passage he is constructing not soul in the absolute sense but the soul of the universe out of being that is already available, the superior, that is to say indivisible, and the inferior, which he has called divisible in the case of bodies, this latter being none other than the opinionative and imaginative motion sensitive of the perceptibles, not brought into being but having subsisted everlastingly just like the former. For nature possessing intellectuality possessed the opinionative faculty also, the former, however, immobile and impassive and settled about the being that always remains fixed but the latter divisible and erratic inasmuch as it was in contact with matter which was in motion and dispersion. The fact is that the perceptible had not got any portion of order but was amorphous and indefinite; and the faculty stationed about this was one having neither articulate opinions nor motions that were all orderly, but most of them were dreamlike and deranged and were disturbing corporeality save in so far as it would by chance encounter that which is the better, for it was intermediate between the two and had a nature sensitive and akin to both, with its perceptivity laying hold on matter and with its discernment on the intelligibles.

5. In terms that go something like this Plato too states the case clearly, for he says: “Let this be the account rendered in summation as reckoned from my calculation, that real existence and space and becoming were three and distinct even before heaven came to be.” Now, it is matter that he also calls space, as he sometimes calls it abode and receptacle, and the intelligible that he calls real existence; and what he calls becoming, the universe not yet having come to be, is nothing other than that being involved in changes and motions which, ranged between what makes impressions and what receives them, disperses in this world the semblances from that world yonder. For this very reason it was called divisible and also because it is necessary for that which is perceiving and that which is forming mental images to be divided in correspondence with what is perceptible and with what is imaginable and to be coextensive with them, for the motion of sense-perception, which is the soul’s own, moves towards what is perceptible without but the intelligence, while it was abiding and immobile all by itself, upon having got into the soul and taken control makes her turn around to him and with her accomplishes about that which always remains fixed the circular motion most closely in contact with real existence. This is also why the union of them proved to be a difficult fusion, mixing the divisibility of the indivisibles and the thorough transience of the utterly immobile and constraining difference to unite with sameness. Difference is not motion, however, as sameness is not rest either, but the principle of differentiation and dissimilitude. In fact, each of the two derives from another of two principles, sameness from the one and difference from the dyad; and it is first here in the soul that they have been commingled, bound together by numbers and ratios and harmonious means, and that difference come to be in sameness produces differentiation but sameness in difference order, as is clear in the case of the soul’s primary faculties. These are the faculties of discernment and motivity. Now, directly in the heaven motion exhibits diversity in identity by the revolution of the fixed stars and identity in diversity by the order of the planets, for in the former sameness predominates but its opposite in the things about the earth. Discernment, however, has two principles, intelligence proceeding from sameness to uni versais and sense-perception from difference to particulars; and reason is a blend of both, becoming intellection in the case of the intelligibles and opinion in the case of the perceptibles and employing between them mental images and memories as instruments, of which the former are produced by difference in sameness and the latter by sameness in difference. For

intellection is motion of the mover about what remains fixed, and opinion fixity of what is perceiving about what is in motion; but mental imagining, which is a combination of opinion with sense-perception, is brought to a stop in memory by sameness and by difference again set moving in the distinction of past and present, being in contact with diversity and identity at once.

6. The construction that was carried out in the case of the body of the universe must be taken as a likeness of the proportion with which he regulated the soul. In the former case, because there were extremes, fire and earth, of a nature difficult to blend together or rather utterly immiscible and incohesive, he accordingly put between them air in front of the fire and water in front of the earth and blended these with each other first and then by means of these commingled and conjoined those extremes with them and each other. And in the latter case again he united sameness and difference, contrary forces and antagonistic extremes, not just by themselves; but by first interposing other beings, the indivisible in front of sameness and in front of difference the divisible, as each of the one pair is in a way akin to one of the other, and by then making an additional blend with those between after they had been commingled he thus fabricated the whole structure of the soul, from what were various making it as nearly uniform and from what were many as nearly single as was feasible.

On Stoic self-contradictions

I first lay this down for an axiom, that there ought to be seen in men's lives an agreement with their doctrines. For it is not so necessary that the pleader (as Aeschines has it) and the law speak one and the same thing, as that the life of a philosopher be consonant to his speech. For the speech of a philosopher is a law of his own and voluntarily imposed on himself, unless they esteem philosophy to be a game, or an acuteness in disputing invented for the gaining of applause, and not — what it really is — a thing deserving our greatest study.

Since, then, there are in their discourses many things written by Zeno himself, many by Cleanthes, and most of all by Chrysippus, concerning policy, governing, and being governed, concerning judging and pleading, and yet there is not to be found in any of their lives either leading of armies, making of laws, going to parliament, pleading before the judges, fighting for their country, travelling on embassies, or making of public gifts, but they have all, feeding (if I may so say) on rest as on the lotus, led their whole lives, and those not short but very long ones, in foreign countries, amongst disputations, books, and walkings; it is manifest that they have lived rather according to the writings and sayings of others than their own professions, having spent all their days in that repose which Epicurus and Hieronymus so much commend.

Chrysippus indeed himself, in his Fourth Book of Lives, thinks there is no difference between a scholastic life and a voluptuous one. I will set down here his very words: "They who are of opinion that a scholastic life is from the very beginning most suitable to philosophers seem to me to be in an error, thinking that men ought to follow this for the sake of some recreation or some other thing like to it, and in that manner to spin out the whole course of their life; that is, if it may be explained, to live at ease. For this opinion of theirs is not to be concealed, many of them delivering it clearly, and not a few more obscurely." Who therefore did more grow old in this scholastic life than Chrysippus, Cleanthes, Diogenes, Zeno, and Antipater, who left their countries not out of any discontent but that they might quietly enjoy their delight, studying, and disputing at their leisure. To verify which, Aristocreon,

the disciple and intimate friend of Chrysippus, having erected his statue of brass upon a pillar, engraved on it these verses: —

This brazen statue Aristocreon
To's friend Chrysippus newly here has put,
Whose sharp-edged wit, like sword of champion,
Did Academic knots in sunder cut.

Such a one then was Chrysippus, an old man, a philosopher, one who praised the regal and civil life, and thought there was no difference between a scholastic and voluptuous one.

But those others of them who intermeddle in state affairs act yet more contradictorily to their own doctrines. For they govern, judge, consult, make laws, punish, and honor, as if those were indeed cities in the government of which they concern themselves, those truly counsellors and judges who are at any time allotted to such offices, those generals who are chosen by suffrages, and those laws which were made by Clisthenes, Lycurgus, and Solon, whom they affirm to have been vicious men and fools. Thus even over the management of state affairs are they at variance with themselves. Indeed Antipater, in his writings concerning the difference between Cleanthes and Chrysippus, has related that Zeno and Cleanthes would not be made citizens of Athens, lest they might seem to injure their own countries. I shall not much insist upon it, that, if they did well, Chrysippus acted amiss in suffering himself to be enrolled as a member of that city. But this is very contradictory and absurd, that, removing their persons and their lives so far off amongst strangers, they reserved their names for their countries; which is the same thing as if a man, leaving his wife, and cohabiting and bedding with another, and getting children on her, should yet refuse to contract marriage with the second, lest he might seem to wrong the former.

Again, Chrysippus, writing in his treatise of Rhetoric, that a wise man will so plead and so act in the management of a commonwealth, as if riches, glory, and health were really good, confesses that his speeches are inextricable and impolitic, and his doctrines unsuitable for the uses and actions of human life.

It is moreover a doctrine of Zeno's, that temples are not to be built to the gods; for that a temple is neither a thing of much value nor holy; since no work of carpenters and handicrafts-men can be of much value. And yet they

who praise these things as well and wisely said are initiated in the sacred mysteries, go up to the Citadel (where Minerva's temple stands), adore the shrines, and adorn with garlands the sacraries, being the works of carpenters and mechanical persons. Again, they think that the Epicureans, who sacrifice to the gods and yet deny them to meddle with the government of the world, do thereby refute themselves; whereas they themselves are more contrary to themselves, sacrificing on altars and in temples, which they affirm ought not to stand nor to have been built.

Moreover, Zeno admits (as Plato does) several virtues having various distinctions — to wit, prudence, fortitude, temperance, and justice — as being indeed inseparable, but yet divers and different from one another. But again, defining every one of them, he says that fortitude is prudence in executing, justice prudence in distributing, as being one and the same virtue, but seeming to differ in its relation to different affairs when it comes to action. Nor does Zeno alone seem to contradict himself in these matters; but Chrysippus also, who blames Ariston for saying that the other virtues are different habits of one and the same virtue, and yet defends Zeno, who in this manner defines every one of the virtues. And Cleanthes, having in his Commentaries concerning Nature said, that vigor is the striking of fire, which, if it is sufficient in the soul to perform the duties presented to it, is called force and strength; subjoins these very words: "Now this force and strength, when it is in things apparent and to be persisted in, is continence; when in things to be endured, it is fortitude; when about worthiness, it is justice; and when about choosing or refusing, it is temperance." Against him, who said,

Give not thy judgment till both sides are heard,
(In the "Pseudo–Phocylidea," vs. 87 (Bergk).)

Zeno on the contrary made use of such an argument as this: "If he who spake first has plainly proved his cause, the second is not to be heard, for the question is at an end; and if he has not proved it, it is the same case as if being cited he did not appear, or appearing did nothing but wrangle; so that, whether he has proved or not proved his cause, the second is not to be heard." And yet he who made this dilemma has written against Plato's Commonweal, dissolved sophisms, and exhorted his scholars to learn logic, as enabling them to do the same. Now Plato has either proved or not proved those things which

he writ in his Commonweal; but in neither case was it necessary to write against him, but wholly superfluous and vain. The same may be said concerning sophisms.

Chrysippus is of opinion, that young students should first learn logic, secondly, ethics, and after these, physics, and likewise in this to meddle last of all with the disputes concerning the gods. Now these things having been often said by him, it will suffice to set down what is found in his Fourth Book of Lives, being thus word for word: “First, then, it seems to me, according as it has been rightly said by the ancients, that there are three kinds of philosophical speculations, logical, ethical, and physical, and that of these, the logical ought to be placed first, the ethical second, and the physical third, and that of the physical, the discourse concerning the gods ought to be the last; wherefore also the traditions concerning this have been styled [Greek omitted], or the ENDINGS.” But that very discourse concerning the gods, which he says ought to be placed the last, he usually places first and sets before every moral question. For he is seen not to say anything concerning the ends, or concerning justice, or concerning good and evil, or concerning marriage and the education of children, or concerning the law and the commonwealth; but, as those who propose decrees to states set before them the words To Good Fortune, so he also premises something of Jupiter, Fate, Providence, and of the world’s being one and finite and maintained by one power. None of which any one can be persuaded to believe, who has not penetrated deeply into the discourses of natural philosophy. Hear what he says of this in his Third Book of the Gods: “For there is not to be found any other beginning or any other generation of Justice, but what is from Jupiter and common Nature. From thence must every such thing have its beginning, if we will say anything concerning good and evil.” And again, in his Natural Positions he says: “For one cannot otherwise or more properly come to the discourse of good and evil, to the virtues, or to felicity, than from common Nature and the administration of the world.” And going farther on, he adds: “For to these we must annex the discourse concerning good and evil, there being no other better beginning or relation thereof, and the speculation of Nature being learned for nothing else, but to understand the difference between good and evil.” According to Chrysippus, therefore, the natural science is both before and after the moral; or rather, it is an inversion of order altogether absurd, if this must be put after those things none of which can be comprehended without this; and his contradicting himself is manifest, when

he asserts the discourse of Nature to be the beginning of that concerning good and evil, and yet commands it to be delivered, not before, but after it.

Now, if any one shall say that Chrysippus in his book concerning the Use of Speech has written, that he who applies himself to logic first needs not absolutely to abstain from the rest, but should take as much of them as shall fall in his way, he will indeed say the truth, but will withal confirm the fault. For he oppugns himself, one while commanding that the science concerning God should be taken last and for a conclusion, as being therefore also called [Greek omitted], and again, another while saying that this is to be learned together with the very first. For order is at an end, if all things must be used at all times. But this is more, that having made the science concerning the gods the beginning of that concerning good and evil, he bids not those who apply themselves to the ethics to begin with that; but learning these, to take of that also as it shall come in their way, and then to go from these to that, without which, he says, there is no beginning or entrance upon these.

As for disputing on both sides, he says, that he does not universally reject it, but exhorts us to use it with caution, as is done in pleadings, not with the aim really to disprove, but to dissolve their probability. "For to those," says he, "who endeavor a suspension of assent concerning all things, it is convenient to do this, and it co-operates to what they desire; but as for those who would work and constitute in us a certain science according to which we shall professedly live, they ought, on the contrary, to state the first principles, and to direct their novices who are entered from the beginning to the end; and where there is occasion to make mention of contrary discourses, to dissolve their probability, as is done in pleadings." For this he hath said in express words. Now that it is absurd for philosophers to think that they ought to set down the contrary opinion, not with all its reasons, but like pleaders, disabling it, as if they contended not for truth but victory, we have elsewhere spoken against him. But that he himself has, not in one or two places in his disputations, but frequently, confirmed the discourses which are contrary to his own opinions, and that stoutly, and with so much earnestness and contention that it was not for every one to understand what he liked, — the Stoics themselves affirm, who admire the man's acuteness, and think that Carneades said nothing of his own, but that catching hold of those arguments which Chrysippus alleged for the contrary opinion, he assaulted with them his positions, and often cried out,

Wretch, thy own strength will thee undo,
("Iliad", vi. 407.)

as if Chrysippus had given great advantages against himself to those who would disturb and calumniate his doctrines.

But of those things which he has written against Custom they are so proud and boastful, that they fear not to affirm, that all the sayings of all the Academics together, if they were collected into one body, are not comparable to what Chrysippus has writ in disparagement of the senses. Which is an evident sign of the ignorance or self-love of the speakers; but this indeed is true, that being afterwards desirous to defend custom and the senses, he was inferior to himself, and the latter treatise was much weaker than the former. So that he contradicts himself; for having always directed the proposing of an adversary's opinions not with approbation, but with a demonstration of their falsity, he has showed himself more acute in opposing than defending his own doctrines; and having admonished others to take heed of contrary arguments, as withdrawing comprehension, he has been more sedulous in framing such proofs as take away comprehension, than such as confirm it. And yet he plainly shows that he himself feared this, writing thus in his Fourth Book of Lives: "Repugnant arguments and probabilities on the contrary side are not rashly to be proposed, but with caution, lest the hearers distracted by them should let go their conceptions, not being able sufficiently to apprehend the solutions, but so weakly that their comprehensions may easily be shaken. For even those who have, according to custom, preconceived both sensible phenomena and other things depending on the senses quickly forego them, being distracted by Megarian interrogatories and by others more numerous and forcible." I would willingly therefore ask the Stoics, whether they think these Megarian interrogatories to be more forcible than those which Chrysippus has written in six books against custom; or rather this should be asked of Chrysippus himself. For observe what he has written about the Megarian reason, in his book concerning the Use of Speech, thus: "Some such things fell out in the discourse of Stilpo and Menedemus; for, whereas they were renowned for wisdom, their disputing has turned to their reproach, their arguments being part clumsy, and the rest plainly sophistical." And yet, good sir, you fear lest those arguments which you deride and term the disgrace of their proposers, as having a manifest faultiness, should divert some from comprehension. And did not you

yourself, writing so many books against custom, in which you have added whatever you could invent, ambitiously striving to exceed Arcesilaus, expect that you should perplex some of your readers? For neither does he use slender arguments against custom; but as if he were pleading, he with some passion in himself stirs up the affections of others, telling his opponent that he talks foolishly and labors in vain. And that he may leave no room to deny his speaking of contradictions, he has in his Natural Positions written thus: “It may be lawful for those who comprehend a thing to argue on the contrary side, applying to it that kind of defence which the subject itself affords; and sometimes, when they comprehend neither, to discourse what is alleged for either.” And having said in his book concerning the Use of Speech, that we ought no more to use the force of reason than of arms for such things as are not fitting, he subjoins this: “For they are to be employed for the finding out of truths and for the alliance of them, and not for the contrary, though many men do it.” By “many” perhaps he means those who withhold their assent. But these teachers, understanding neither, dispute on both sides, believing that, if anything is comprehensible, thus only or chiefly does truth afford a comprehension of itself. But you, who accuse them, and do yourself write contrary to those things which you understood concerning custom, and exhort others under your authority to do the same, confess that you wantonly use the faculty of disputing, out of vain ambition, even on useless and hurtful things.

They say, that a good deed is the command, and sin the prohibition of the law; and therefore that the law forbids the wicked many things, but commands them nothing, because they cannot do a good deed. But who is ignorant that he who cannot do a good deed cannot also sin? Therefore they make the law to contradict itself, commanding men those things which they cannot perform, and forbidding them those things from which they cannot abstain. For a man who cannot be temperate cannot but act intemperately; and he who cannot be wise cannot but act foolishly. And they themselves affirm, that those who forbid say one thing, forbid another and command another. For he who says “Thou shalt not steal” at the same time that he says these words, “Thou shalt not steal, forbids also to steal and directs not to steal. The law therefor bids the wicked nothing, unless it also commands them something. And they say, that the physician bids his disciple to cut and cauterize, omitting to add these words, “seasonably and moderately”; and the musician commands his scholar to play on the harp and sing, omitting “tunably” and “keeping time.” Wherefore also they punish those who do

these things unskilfully and faultily; for that they were commanded to do them well, and they have done them ill. If therefore a wise man commands his servant to say or do something, and punishes him for doing it unseasonably or not as he ought, is it not manifest that he commanded him to do a good action and not an indifferent one? But if wise men command wicked ones indifferent things, what hinders but the commands of the law may be also such? Moreover, the impulse (called [Greek omitted]) is, according to him, the reason of a man commanding him to do something, as he has written in his book of the law. Is not therefore also the aversion (called [Greek omitted]) a prohibiting reason, and a disinclination, a disinclination agreeable to reason? Caution therefore is also reason prohibiting a wise man; for to be cautious is proper only to the wise, and not to the wicked. If, then, the reason of a wise man is one thing and the law another, wise men have caution contrary to the law; but if the law is nothing else but the reason of a wise man, the law is found to forbid wise men the doing of those things of which they are cautious.

Chrysippus says, that nothing is profitable to the wicked, that the wicked have neither use nor need of anything. Having said this in his First Book of Good Deeds, he says again, that both commodiousness and grace pertain to mean or indifferent things, none of which according to them, is profitable. In the same place he affirms, that there is nothing proper, nothing convenient for a vicious man, in these words: "On the same principle we declare that there is nothing foreign or strange to the good man, and nothing proper or rightfully belonging to the bad man, since the one is good and the other bad." Why, then, does he break our heads, writing particularly in every one of his books, as well natural as moral, that as soon as we are born we are appropriated to ourselves, our parts, and our offspring? And why in his First Book of Justice does he say that the very brutes, proportionably to the necessity of their young, are appropriated to them, except fishes, whose young are nourished by themselves? For neither have they sense who have nothing sensible, nor they appropriation who have nothing proper; for appropriation seems to be the sense and perception of what is proper.

And this opinion is consequent to their principal ones. It is moreover manifest that Chrysippus, though he has also written many things to the contrary, lays this for a position, that there is not any vice greater or any sin more grievous than another, nor any virtue more excellent or any good deed better than another; so that he says in his Third Book of Nature: "As it well

beseems Jupiter to glory in himself and his life, to magnify himself, and (if we may so say) to bear up his head, have an high conceit of himself, and speak big, for that he leads a life worthy of lofty speech; so the same things do not misbeseem all good men, since they are in nothing exceeded by Jupiter." And yet himself, in his Third Book of Justice, says, that they who make pleasure the end destroy justice, but they who say it is only a good do not destroy it. These are his very words: "For perhaps, if we leave this to pleasure, that it is a good but not the end, and that honesty is one of those things which are eligible for themselves, we may preserve justice, making the honest and the just a greater good than pleasure." But if that only is good which is honest, he who affirms pleasure to be a good is in an error, but he errs less than he who makes it also the end; for the one destroys justice, the other preserves it; and by the one human society is overthrown, but the other leaves a place to goodness and humanity. Now I let pass his saying farther in his book concerning Jupiter, that the virtues increase and go on, lest I may seem to catch at words; though Chrysippus is indeed in this kind very sharp upon Plato and others. But when he forbids the praising of everything that is done according to virtue, he shows that there is some difference between good deeds. Now he says thus in his book concerning Jupiter: "For since each virtue has its own proper effects, there are some of these that are to be praised more highly than others; for he would show himself to be very frigid, that should undertake to praise and extol any man for holding out the finger stoutly, for abstaining continently from an old woman ready to drop into the grave, and patiently hearing it said that three are not exactly four." What he says in his Third Book of the Gods is not unlike to this: "For I moreover think that the praises of such things as to abstain from an old woman who has one foot in the grave, and to endure the sting of a fly, though proceeding from virtue, would be very impertinent." What other reprehender of his doctrines does this man then expect? For if he who praises such things is frigid, he who asserts every one of them to be a great — nay, a very great good deed — is much more frigid. For if to endure a fly is equal to being valiant, and to abstain from an old woman now at the edge of the grave is equal to being temperate, there is, I think, no difference whether a virtuous man is prized for these or for those. Moreover, in his Second Book of Friendship, teaching that friendships are not for every fault to be dissolved, he has these very expressions: "For it is meet that some faults should be wholly passed by, others lightly reprehended, others more severely, and others deemed worthy a

total dissolution of friendship." And which is more, he says in the same book, that we will converse with some more and some less, so that some shall be more and some less friends; and this diversity extending very far, some are worthy of such an amity, others of a greater; and these will deserve to be so far trusted, those not so far, and the like. For what else has he done in these places, but shown the great diversity there is between these things? Moreover, in his book concerning Honesty, to demonstrate that only to be good which is honest, he uses these words: "What is good is eligible; what is eligible is acceptable; what is acceptable is laudable; and what is laudable is honest." And again: "What is good is joyous; what is joyous is venerable; what is venerable is honest." But these speeches are repugnant to himself; for either all good is commendable, and then the abstaining chastely from an old woman is also commendable; or all good is neither venerable nor joyous, and his reasoning falls to the ground. For how can it possibly be frigid in others to praise any for such things, and not ridiculous for him to rejoice and glory in them?

Such indeed he frequently is; but in his disputations against others he takes not the least care of speaking things contrary and dissonant to himself. For in his books of Exhorting, reprehending Plato, who said, that to him who has neither learned nor knows how to live it is profitable not to live, he speaks in this manner: "For this speech is both repugnant to itself, and not at all conclusive. For first insinuating that it is best for us not to live, and in a sort counselling us to die, he will excite us rather to anything else than to be philosophers; for neither can he who does not live philosophize, nor he who shall live long wickedly and ignorantly become wise." And going on, he says that it is convenient for the wicked also to continue in life. And afterwards thus, word for word: "First, as virtue, barely taken, has nothing towards our living, so neither has vice anything to oblige us to depart." Nor is it necessary to turn over other books, that we may show Chrysippus's contradictoriness to himself; but in these same, he sometimes with commendation brings forth this saying of Antisthenes, that either understanding or a halter is to be provided, as also that of Tyrtaeus,

Come nigh the bounds of virtue or of death.

Now what else will this show, but that to wicked men and fools not to live is more profitable than to live? And sometimes correcting Theognis, he says, that the poet should not have written,

From poverty to fly; —

but rather thus,

From wickedness to fly, into the deep
Throw thyself, Cyrnus, or from rocks so steep.
(See “Theognis,” vs. 175.)

What therefore else does he seem to do, but to set down himself those things and doctrines which, when others write them, he expunges; condemning, indeed, Plato for showing that not to live is better than to live viciously and ignorantly; and yet advising Theognis to let a man break his neck or throw himself into the sea, that he may avoid vice? For having praised Antisthenes for directing fools to an halter, he again blames him, saying that vice has nothing that should oblige us to depart out of life.

Moreover, in his books against the same Plato, concerning Justice, he immediately at the very beginning leaps into a discourse touching the gods, and says, that Cephalus did not rightly avert men from injustice by the fear of the gods, and that his teaching is easily refuted, and that it affords to the contrary many arguments and probabilities impugning the discourse concerning divine punishments, as nothing differing from the tales of Acco and Alphito (or Raw–Head and Bloody–Bones), with which women are wont to frighten little children from their unlucky pranks. Having thus traduced Plato, he in other places again praises him, and often alleges this saying of Euripides: —

Howe’er you may deride it, there’s a Jove,
With other gods, who sees men’s ills above.

And likewise, in his First Book of Justice citing these verses of Hesiod,

Then Jove from heaven punishments did send,
And plague and famine brought them to their end,
(“Works and Days,” 242.)

he says, the gods do these things, that the wicked being punished, others admonished by these examples may less dare to attempt the doing of such things.

Again, in his book of Justice, subjoining, that it is possible for those who make pleasure a good but not the end to preserve also justice, he said in

express terms: “For perhaps if we leave this to pleasure, that it is a good but not the end, and that honesty is one of those things which are eligible for themselves, we may preserve justice, making the honest and the just a greater good than pleasure.” So much he says in this place concerning pleasure. But in his book against Plato, accusing him for seeming to make health a good, he says, that not only justice, but also magnanimity, temperance, and all the other virtues will be taken away, if we make pleasure, health, or anything else which is not honest, to be a good. What therefore is to be said for Plato, we have elsewhere written against him. But here his contradicting himself is manifest, when he says in one place, that if a man supposes that with honesty pleasure also is a good, justice is preserved, and in another, accuses those who make anything besides honesty to be a good of taking away all the virtues. But that he may not leave any means of making an apology for his contradictions, writing against Aristotle concerning justice, he affirms him not to have spoken rightly when he said, that pleasure being made the end, justice is taken away, and together with justice, every one also of the other virtues. For justice (he says) will indeed be taken away; but there is nothing to hinder the other virtues from remaining and being, though not eligible for themselves, yet good and virtues. Then he reckons up every one of them by name. But it will be better to set down his own words. “For pleasure,” says he, “appearing according to this discourse to be made the end, yet all this seems not to me to be contained in it. Wherefore we must say, that neither any of the virtues is eligible nor any of the vices to be avoided for itself, but that all these things are to be referred to the proposed scope. Yet nothing, according to their opinion, will hinder but that fortitude, prudence, continence, and patience may be good, and their contraries to be avoided.” Has there ever then been any man more peevish in his disputes than he, who has blamed two of the principal philosophers, the one for taking away all virtue, by not making that only to be good which is honest, and the other for not thinking all the virtues except justice to be preserved, though pleasure is made the end? For it is a wonderful licentiousness that, discoursing of the same matters, he should when accusing Plato take away again those very things which himself sets down when reprehending Aristotle. Moreover, in his demonstrations concerning justice, he says expressly, that every good deed is both a lawful action and a just operation; but that everything which is done according to continence, patience, prudence, or fortitude is a good deed, and therefore also a just operation. Why, then, does he not also leave justice

to them to whom he leaves prudence, fortitude, and continence; since whatever they do well according to the said virtue, they do also justly?

Moreover, Plato having said, that injustice, as being the corruption and sedition of the soul, loses not its power even in those who have it within them, but sets the wicked man against himself, and molests and disturbs him; Chrysippus, blaming this, affirms that it is absurdly said, "A man injures himself"; for that injustice is to another, and not to one's self. But forgetting this, he again says, in his demonstrations concerning justice, that the unjust man is injured by himself and injures himself when he injures another, becoming to himself the cause of transgressing, and undeservedly hurting himself. In his books indeed against Plato, contending that we cannot talk of injustice against one's self, but as concerns another, he has these words: "For men cannot be unjust by themselves; injustice requires several on different sides, speaking contrary one unto another and the injustice must be taken in different ways. But no such thing extends to one alone, except inasmuch as he is affected towards his neighbor." But in his demonstrations he has such discourses as these, concerning the unjust man's being injurious also to himself: "The law forbids the being any way the author of transgression, and to act unjustly will be transgression. He therefore who is to himself the author of acting unjustly transgresses against himself. Now he that transgresses against any one also injures him; therefore he who is injurious to any one whomsoever is injurious also to himself." Again: "Sin is a hurt, and every one who sins sins against himself; every one therefore who sins hurts himself undeservedly, and if so, is also unjust to himself." And farther thus: "He who is hurt by another hurts himself, and that undeservedly. Now that is to be unjust. Every one therefore that is injured, by whomsoever it is, is unjust also to himself."

He says, that the doctrine concerning good and evil which himself introduces and approves is most agreeable to life, and does most of all reach the inbred prenotions; for this he has affirmed in his Third Book of Exhortations. But in his First Book he says, that this doctrine takes a man off from all other things, as being nothing to us, nor co-operating anything towards felicity. See, now, how consonant he is to himself, when he asserts a doctrine which takes us off from life, health, indolence, and integrity of the senses, and says that those things we beg of the gods are nothing to us, though most agreeable to life and to the common presumptions. But that there may be no denial of his speaking contradictions, in his Third Book of Justice

he has said thus: “Wherefore also, from the excellence of their greatness and beauty, we seem to speak things like to fictions, and not according to man or human nature.” Is it then possible that any one can more plainly confess his speaking things contrary to himself than this man does, who affirms those things which (he says) for their excellency seem to be fictions and to be spoken above man and human nature, to be agreeable to life, and most of all to reach the inbred prenotions?

In every one of his natural and ethical books, he asserts vice to be the very essence of unhappiness; writing and contending that to live viciously is the same thing as to live unhappily. But in his Third Book of Nature, having said that it is profitable for a fool to live rather than to die, though he is never to become wise, he subjoins: “For such is the nature of good things among mortals, that evil things are in some sort chosen before indifferent ones.” I let pass therefore, that having elsewhere said that nothing is profitable to fools, he here says that to live foolishly is profitable to them. Now those things being by them called indifferent which are neither bad nor good, when he says that bad things precede them, he says nothing else but that evil things precede those that are not evil, and that to be unhappy is more profitable than not to be unhappy; and if so, he esteems not to be unhappy to be more unprofitable — and if more unprofitable, more hurtful — than to be unhappy. Desiring therefore to mitigate this absurdity, he adds concerning evils: “But it is not these evils that have precedence, but reason; with which it is more convenient to live, though we shall be fools.” First therefore he says that vice and things participating of vice are evil, and that nothing else is so. Now vice is something reasonable, or rather depraved reason. For those therefore who are fools to live with reason, is nothing else but to live with vice. Thence to live being fools is to live being unhappy. In what then is this to be preferred to indifferent things? For he surely will not say that with regard to happiness unhappiness is to be preferred. But neither, say they, does Chrysippus altogether think that the remaining in life is to be reckoned amongst good things, or the going out of it amongst bad; but both of them amongst indifferent ones, according to Nature. Wherefore also it sometimes becomes meet for the happy to make themselves away, and again for the unhappy to continue in life. Now what greater repugnance can there be than this in the choice and avoiding of things, if it is convenient for those who are in the highest degree happy to forsake those good things that are present, for the want of some one indifferent thing? And yet they esteem none of the

indifferent things either desirable or to be avoided; but only good desirable, and only evil to be avoided. So that it comes to pass, according to them, that the reasoning about actions regards neither things desirable nor things refusable; but that aiming at other things, which they neither shun nor choose, they make life and death to depend on these.

Chrysippus confesses that good things are totally different from bad; and it must of necessity be so, if these make them with whom they are present miserable to the very utmost point, and those render their possessors in the highest degree happy. Now he says, that good and evil things are sensible, writing thus in his First Book of the End: "That good and evil things are perceptible by sense, we are by these reasons forced to say; for not only the passions, with their species, as sorrow, fear, and such others, are sensible; but we may also have a sense of theft, adultery, and the like, and generally, of folly, cowardice, and other vices not a few; and again, not only of joy, beneficence, and many other dependences on good deeds, but also of prudence, fortitude, and the other virtues." Let us pass by the other absurdities of these things; but that they are repugnant to those things which are delivered by him concerning "the wise man that knows nothing of his being so," who does not confess? For good, when present, being sensible and having a great difference from evil, is it not most absurd, that he who is of bad become good should be ignorant of it, and not perceive virtue when present, but think that vice is still within him? For either none who has all virtues can be ignorant and doubt of his having them; or the difference of virtue from vice, of happiness from misery, and of a most honest life from a most shameful one, is little and altogether difficult to be discerned, if he who has taken the one in exchange for the other does not perceive it.

He has written one volume of lives divided into four books; in the fourth of these he says, that a wise man meddles with no business but his own, and is employed about his own affairs. His words are these: "For I am of opinion, that a prudent man shuns affairs, meddles little, and at the same time minds his own occasions; civil persons being both minders of their own affairs and meddlers with little else." He has said almost the same in his book of Things eligible for Themselves, in these very words: "For indeed a quiet life seems to have in it a certain security and freedom from danger, though there are not very many who can comprehend it." It is manifest that he does not much dissent from Epicurus, who takes away Providence that he may leave God in repose. But the same Chrysippus in his First Book of Lives says, that a wise

man willingly takes upon him a kingdom, making his profit by it; and if he cannot reign himself, will dwell with a king, and go to the wars with a king like Hydanthyrsus the Scythian or Leucon the Pontic. But I will here also set down his very discourse, that we may see whether, as from the treble and the base strings there arises a symphony in music, so the life of a man who chooses quietness and meddling with little accords with him who, upon any necessity, rides along with the Scythians and manages the affairs of the tyrants in the Bosphorus: "For that a wise man will both go to the wars and live with potentates, we will again consider this hereafter; some indeed upon the like arguments not so much as suspecting this, and we for semblable reasons admitting it." And a little after: "Not only with those who have proceeded well, and are become proficients in discipline and good manners, as with Leucon and Hydanthyrsus."

Some there are who blame Callisthenes for sailing to Alexander in hopes to obtain the rebuilding of Olynthus, as Aristotle had procured that of Stagira; and commend Ephorus, Xenocrates, and Menedemus, who rejected Alexander's solicitation. But Chrysippus thrusts his wise man headforwards for the sake of gain, as far as Panticapaeum and the desert of the Scythians. And that he does this for the sake of profit and gain, he has showed before, supposing three ways of gaining most suitable for a wise man, — the first by a kingdom, the second by his friends, and the third, besides these, by teaching philosophy. And yet he frequently even tires us with his praises of this saying: —

What need have men of more than these two things?

And in his books of Nature he says, that a wise man, if he has lost the greatest wealth imaginable, seems to have lost but a single groat. But having there thus elevated and puffed him up, he again here throws him down to mercenariness and sophistry; nay, to asking money and even to receiving it beforehand, sometimes at the very entrance of his scholar, and otherwhiles after some time past. The last, he says indeed, is the more polite, but to receive beforehand the more sure; delay allowing of injuries. Now he says thus: "All who are well advised do not require their salary in the same manner, but differently; a multitude of them, as opportunity offers, not promising to make their scholars good men, and that within a year, but to do this, as far as in them lies, within a time agreed on." And again going on, he says: "But he will know his opportunity, whether he ought to receive his recompense presently at the very entrance (as many have done), or to give

them time, this manner being more liable to injuries, but withal, seeming the more courteous." And how is the wise man a contemner of wealth, who upon a contract delivers virtue for money, and if he has not delivered it, yet requires his reward, as having done what is in him? Or how is he above being endamaged, when he is so cautious lest he be wronged of his recompense? For no man is wronged who is not endamaged. Therefore, though he has elsewhere asserted that a wise man cannot be injured, he here says, that this manner of dealing is liable to injury.

In his book of a Commonweal he says, that his citizens will neither act nor prepare anything for the sake of pleasure, and praises Euripides for having uttered this sentence: —

What need have men of more than these two things,
The fruits of Ceres, and thirst-quenching springs?

And yet a little after this, going on, he commends Diogenes, who forced his nature to pass from himself in public, and said to those that were present: I wish I could in the same manner drive hunger also out of my belly. What reason then is there to praise in the same books him who rejects all pleasure, and withal, him who for the sake of pleasure does such things, and proceeds to such a degree of filthiness? Moreover, having in his book of Nature written, that Nature has produced many creatures for the sake of beauty, delighting in pulchritude and pleasing herself with variety, and having added a most absurd expression, that the peacock was made for the sake of his tail and for the beauty of it; he has, in his treatise of a Commonweal, sharply reprehended those who bred peacocks and nightingales, as if he were making laws contrary to the lawgiver of the world, and deriding Nature for pleasing herself in the beauty of animals to which a wise man would not give a place in his city. For how can it but be absurd to blame those who nourish these creatures, if he commends Providence which created them? In his Fifth Book of Nature, having said, that bugs profitably awaken us out of our sleep, that mice make us cautious not to lay up everything negligently, and that it is probable that Nature, rejoicing in variety, takes delight in the production of fair creatures, he adds these words: "The evidence of this is chiefly shown in the peacock's tail; for here she manifests that this animal was made for the sake of his tail, and not the contrary; so, the male being made, the female follows." In his book of a Commonweal, having said that we are ready to

paint even dunghills, a little after he adds, that some beautify their cornfields with vines climbing up trees, and myrtles set in rows, and keep peacocks, doves, and partridges, that they may hear them cry and coo, and nightingales. Now I would gladly ask him, what he thinks of bees and honey? For it was of consequence, that he who said bugs were created profitably should also say that bees were created unprofitably. But if he allows these a place in his city, why does he drive away his citizens from things that are pleasing and delight the ear? To be brief, — as he would be very absurd who should blame the guests for eating sweetmeats and other delicacies and drinking of wine, and at the same time commend him who invited them and prepared such things for them; so he that praises Providence, which has afforded fishes, birds, honey, and wine, and at the same time finds fault with those who reject not these things, nor content themselves with

The fruits of Ceres and thirst-quenching springs,

which are present and sufficient to nourish us, seems to make no scruple of speaking things contradictory to himself.

Moreover, having said in his book of Exhortations, that the having carnal commerce with our mothers, daughters, or sisters, the eating forbidden food, and the going from a woman's bed or a dead carcass to the temple, have been without reason blamed, he affirms, that we ought for these things to have a regard to the brute beasts, and from what is done by them conclude that none of these is absurd or contrary to Nature; for that the comparisons of other animals are fitly made for this purpose, to show that neither their coupling, bringing-forth, nor dying in the temples pollutes the Divinity. Yet he again in his Fifth Book of Nature says, that Hesiod rightly forbids urinating into rivers and fountains, and that we should rather abstain from doing this against any altar, or statue of the gods; and that it is not to be admitted for an argument, that dogs, asses, and young children do it, who have no discretion or consideration of such things. It is therefore absurd to say in one place, that the savage example of irrational animals is fit to he considered, and in another, that it is unreasonable to allege it.

To give a solution to the inclinations, when a man seems to be necessitated by exterior causes, some philosophers place in the principal faculty of the soul a certain adventitious motion, which is chiefly manifested in things differing in no way from one another. For when, with two things altogether alike and of equal importance, there is a necessity to choose the one, there being no cause inclining to either, for that neither of them differs from the

other, this adventitious power of the soul, seizing on its inclination, determines the doubt. Chrysippus, discoursing against these men, as offering violence to Nature by imagining an effect without a cause, in many places alleges the die and the balance, and several other things, which cannot fall or incline either one way or the other without some cause or difference, either wholly within them or coming to them from without; for that what is causeless (he says) is wholly insubsistent, as also what is fortuitous; and in those motions devised by some and called adventitious, there occur certain obscure causes, which, being concealed from us, move our inclinations to one side or other. These are some of those things which are most evidently known to have been frequently said by him; but what he has said contrary to this, not lying so exposed to every one's sight, I will set down in his own words. For in his book of Judging, having supposed two running for a wager to have exactly finished their race together, he examines what is fit for the judge in this case to do. "Whether," says he, "may the judge give the palm to which of them he will, since they both happen to be so familiar to him, that he would in some sort appear to bestow on them somewhat of his own? Or rather, since the palm is common to both, may it be, as if lots had been cast, given to either, according to the inclination he chances to have? I say the inclination he chances to have, as when two groats, every way else alike, being presented to us, we incline to one of them and take it." And in his Sixth Book of Duties, having said that there are some things not worthy of much study or attention, he thinks we ought, as if we had cast lots, to commit the choice of those things to the casual inclination of the mind: "As if," says he, "of those who try the same two drams in a certain time, some should approve this and others that, and there being no more cause for the taking of one than the other, we should leave off making any farther investigation and take that which chances to come first; thus casting the lot (as it were) according to some uncertain principle, and being in danger of choosing the worse of them." For in these passages, the casting of lots and the casual inclining of the mind, which is without any cause, introduce the choice of indifferent things.

In his Third Book of Dialectics, having said that Plato, Aristotle, and those who came after them, even to Polemon and Straton, but especially Socrates, diligently studied dialectics, and having cried out that one would even choose to err with such and so great men as these, he brings in these words: "For if they had spoken of these things cursorily, one might perhaps have cavilled at this place; but having treated of dialectic skill as one of the greatest and most

necessary faculties, it is not probable they should have been so much mistaken, having been such in all the parts of philosophy as we esteem them." Why, then (might some one say to him), do you never cease to oppose and argue against such and so great men, as if you thought them to err in the principal and greatest matters? For it is not probable that they writ seriously of dialectics, and only transitorily and in sport of the beginning, end, gods, and justice, in which you affirm their discourse to be blind and contradictory to itself, and to have a thousand other faults.

In one place he says, that the vice called [Greek omitted], or the rejoicing at other men's harms, has no being; since no good man ever rejoiced at another's evils. But in his Second Book of Good, having declared envy to be a sorrow at other men's good, — to wit, in such as desire the depression of their neighbors that themselves may excel, he joins to it this rejoicing at other men's harms, saying thus: "To this is contiguous the rejoicing at other men's harms, in such as for like causes desire to have their neighbors low; but in those that are turned according to other natural motions, is engendered mercy." For he manifestly admits the joy at other men's harms to be subsistent, as well as envy and mercy; though in other places he affirms it to have no subsistence; as he does also the hatred of wickedness, and the desire of dishonest gain.

Having in many places said, that those who have a long time been happy are nothing more so, but equally and in like manner with those who have but a moment been partakers of felicity, he has again in many other places affirmed, that it is not fit to stretch out so much as a finger for the obtaining momentary prudence, which flies away like a flash of lightning. It will be sufficient to set down what is to this purpose written by him in his Sixth Book of Moral Questions. For having said, that neither does every good thing equally cause joy, nor every good deed the like glorying, he subjoins these words: "For if a man should have wisdom only for a moment of time or the final minute of life, he ought not so much as to stretch out his finger for such a shortlived prudence." And yet men are neither more happy for being longer so, nor is eternal felicity more eligible than that which lasts but a moment. If he had indeed held prudence to be a good, producing felicity, as Epicurus thought, one should have blamed only the absurdity and the paradoxicalness of this opinion; but since prudence of itself is not another thing differing from felicity, but felicity itself, how is it not a contradiction to say, that momentary

happiness is equally desirable with eternal, and yet that momentary happiness is nothing worth?

Chrysippus also says, that the virtues follow one another, and that not only he who has one has all, but also that he who acts according to any one of them acts according to them all; and he affirms, that there is not any man perfect who is not possessed of all the virtues, nor any action perfect to the doing of which all the virtues do not concur. But yet in his Sixth Book of Moral Questions he says, that a good man does not always act valiantly, nor a vicious man always fearfully; for certain objects being presented to the fancies, the one must persist in his judgments, and the other depart from them; and he says that it is not probable a wicked man should be always indulging his lust. If then to act valiantly is the same thing as to use fortitude; and to act timorously as to yield to fear, they cannot but speak contradictions who say, that he who is possessed of either virtue or vice acts at she same time according to all the virtues or all the vices, and yet that a valiant man does not always act valiantly nor a vicious man timorously.

He defines Rhetoric to be an art concerning the ornament and the ordering of a discourse that is pronounced. And farther in his First Book he has written thus: "And I am of opinion not only that a regard ought to be had to a liberal and simple adorning of words, but also that care is to be taken for proper delivery, as regards the right elevation of the voice and the compositions of the countenance and hands." Yet he, who is in this place so curious and exact, again in the same book, speaking of the collision of the vowels, says: "We ought not only to let these things pass, minding somewhat that is better, but also to neglect certain obscurities and defects, nay, solecisms also, of which others, and those not a few, would be ashamed." Certainly, in one place to allow those who would speak eloquently so carefully to dispose their speech as even to observe a decorum in the very composition of their mouth and hands, and in another place to forbid the taking care of defects and inelegancies, and the being ashamed even of committing solecisms, is the property of a man who little cares what he says, but rashly utters whatever comes first into his mouth.

Moreover, in his Natural Positions having warned us not to trouble ourselves but to be at quiet about such things as require experience and scientific investigation, he says: "Let us not think after the same manner with Plato, that liquid nourishment is conveyed to the lungs, and dry to the stomach; nor let us embrace other errors like to these." Now it is my opinion,

that to reprehend others, and then not to keep one's self from falling into those things which one has reprehended, is the greatest of contradictions and shamefullest of errors. But he says, that the connections made by ten axioms amount to above a million in number, having neither searched diligently into it by himself nor attained to the truth by men experienced in it. Yet Plato had to testify for him the most renowned of the physicians, Hippocrates, Philistion, and Dioxippus the disciple of Hippocrates; and of the poets, Euripides, Aleaeus, Eupolis, and Eratosthenes, who all say that the drink passes through the lungs. But all the arithmeticians refute Chrysippus, amongst whom also is Hipparchus, demonstrating that the error of his computation is very great; since the affirmative makes of the ten axioms one hundred and three thousand forty and nine connections, and the negative three hundred and ten thousand nine hundred fifty and two.

Some of the ancients have said, that the same befell Zeno which befalls him who has sour wine which he can sell neither for vinegar nor wine; for his "things preferable," as he called them, cannot be disposed of, either as good or as indifferent. But Chrysippus has made the matter yet far more intricate; for he sometimes says, that they are mad who make no account of riches, health, freedom from pain, and integrity of the body, nor take any care to attain them; and having cited that sentence of Hesiod,

Work hard, O God-born Perses,
("Works and Days," 299.)

he cries out, that it would be a madness to advise the contrary and say,

Work not, O God-born Perses.

And in his book of Lives he affirms, that a wise man will for the sake of gain live with kings, and teach for money, receiving from some of his scholars his reward beforehand, and making contract with others of them; and in his Seventh Book of Duties he says, that he will not scruple to turn his heels thrice over his head, if for so doing he may have a talent. In his First Book of Good Things, he yields and grants to those that desire it to call these preferable things good and their contraries evil, in these very words: "Any one who likes, according to these permutations, may call one thing good and another evil, if he has a regard to the things themselves, not wandering elsewhere, not failing in the understanding of the thing signified, and in the rest accommodating himself to custom in the denomination." Having thus in

this place set his things preferable so near to good, and mixed them therewith, he again says, that none of these things belongs at all to us, but that reason withdraws and averts us from all such things; for he has written thus in his First Book of Exhortations. And in his Third Book of Nature he says, that some esteem those happy who reign and are rich, which is all one as if those should be reputed happy who make water in golden chamber-pots and wear golden fringes; but to a good man the losing of his whole estate is but as the losing of one groat, and the being sick no more than if he had stumbled. Wherefore he has not filled virtue only, but Providence also, with these contradictions. For virtue would seem to the utmost degree sordid and foolish, if it should busy itself about such matters, and enjoin a wise man for their sake to sail to Bosphorus or tumble with his heels over his head. And Jupiter would be very ridiculous to be styled Ctesius, Epicarpius, and Charitodotes, because forsooth he gives the wicked golden chamber-pots and golden fringes, and the good such things as are hardly worth a groat, when through Jupiter's providence they become rich. And yet much more ridiculous is Apollo, if he sits to give oracles concerning golden fringes and chamber-pots and the recovering of a stumble.

But they make this repugnancy yet more evident by their demonstration. For they say, that what may be used both well and ill, the same is neither good nor bad; but fools make an ill use of riches, health, and strength of body; therefore none of these is good. If therefore God gives not virtue to men, — but honesty is eligible of itself, — and yet bestows on them riches and health without virtue, he confers them on those who can use them not well but ill, that is hurtfully, shamefully, and perniciously. Now, if the gods can bestow virtue and do not, they are not good; but if they cannot make men good, neither can they help them, for outside of virtue nothing is good and advantageous. Now to judge those who are otherwise made good according to virtue and strength . . . is nothing to the purpose, for good men also judge the gods according to virtue and strength; so that they do no more aid men than they are aided by them.

Now Chrysippus neither professes himself nor any one of his disciples and teachers to be virtuous. What then do they think of others, but those things which they say, — that they are all mad fools, impious, transgressors of laws, and in the most degree of misery and unhappiness? And yet they say that our affairs, though we act thus miserably, are governed by the providence of the gods. Now if the gods, changing their minds, should desire to hurt, afflict,

overthrow, and quite crush us, they could not put us in a worse condition than we already are; as Chrysippus demonstrates that life can admit only one degree either of misery or of unhappiness; so that if it had a voice, it would pronounce these words of Hercules:

I am so full of miseries, there is
No place to stow them in.
(Euripides, “Hercules Furens,” 1245.)

Now who can imagine any assertions more repugnant to one another than chat of Chrysippus concerning the gods and that concerning men; when he says, that the gods do in the best manner possible provide for men, and yet men are in the worst condition imaginable?

Some of the Pythagoreans blame him for having in his book of Justice written concerning cocks, that they are usefully procreated, because they awaken us from our sleep, hunt out scorpions, and animate us to battle, breeding in us a certain emulation to show courage; and yet that we must eat them, lest the number of chickens should be greater than were expedient. But he so derides those who blame him for this, that he has written thus concerning Jupiter the Saviour and Creator, the father of justice, equity, and peace, in his Third Book of the Gods: “As cities overcharged with too great a number of citizens send forth colonies into other places and make war upon some, so does God give the beginnings of corruption.” And he brings in Euripides for a witness, with others who say that the Trojan war was caused by the gods, to exhaust the multitude of men.

But letting pass their other absurdities (for our design is not to inquire what they have said amiss, but only what they have said dissonantly to themselves), consider how he always attributes to the gods specious and kind appellations, but at the same time cruel, barbarous, and Galatian deeds. For those so great slaughters and earnages, as were the productions of the Trojan war and again of the Persian and Peloponnesian, were no way like to colonies unless these men know of some cities built in hell and under the earth. But Chrysippus makes God like to Deiotarus, the Galatian king, who having many sons, and being desirous to leave his kingdom and house to one of them, killed all the rest; as he that cuts and prunes away all the other branches from the vine, that one which he leaves remaining may grow strong and great. And yet the vine-dresser does this, the sprigs being slender and weak;

and we, to favor a bitch, take from her many of her new-born puppies, whilst they are yet blind. But Jupiter, having not only suffered and seen men to grow up, but having also both created and increased them, plagues them afterwards, devising occasions of their destruction and corruption; whereas he should rather not have given them any causes and beginnings of generation.

However, this is but a small matter; but that which follows is greater. For there is no war amongst men without vice. But sometimes the love of pleasure, sometimes the love of money, and sometimes the love of glory and rule is the cause of it. If therefore God is the author of wars, he must be also of sins, provoking and perverting men. And yet himself says in his treatise of Judgment and his Second Book of the Gods, that it is no way rational to say that the Divinity is in any respect the cause of dishonesty. For as the law can in no way be the cause of transgression, so neither can the gods of being impious; therefore neither is it rational that they should be the causes of anything that is filthy. What therefore can be more filthy to men than the mutual killing of one another? — to which Chrysippus says that God gives beginnings. But some one perhaps will say, that he elsewhere praises Euripides for saying,

If gods do aught dishonest, they're no gods;

and again,

'Tis a most easy thing t' accuse the gods;
(From the "Bellerophontes" of Euripides, Frag. 294;
and the "Archelaus," Frag. 256.)

as if we were now doing anything else than setting down such words and sentences of his as are repugnant to one another. Yet that very thing which is now praised may be objected, not once or twice or thrice, but even ten thousand times, against Chrysippus: —

'Tis a most easy thing t' accuse the gods.

For first having in his book of Nature compared the eternity of
motion to a drink made of divers species confusedly mixed together,
turning and jumbling the things that are made, some this way,
others that way, he goes on thus: "Now the administration of the
universe proceeding in this manner, it is of necessity we should be

in the condition we are, whether contrary to our own nature we are sick or maimed, or whether we are grammarians or musicians." And again a little after, "According to this reason we shall say the like of our virtue and vice, and generally of arts or the ignorance of arts, as I have said." And a little after, taking away all ambiguity, he says: "For no particular thing, not even the least, can be otherwise than according to common Nature and its reason." But that common Nature and the common reason of Nature are with him Fate and Providence and Jupiter, is not unknown even to the antipodes. For these things are everywhere inculcated in the Stoic system; and Chrysippus affirms that Homer said very well,

Jove's purposes were ripening,
("Iliad," i. 5.)

having respect to Fate and the Nature of the universe, according to which everything is governed. How then do these agree, both that God is no way the cause of any dishonest thing, and again, that not even the least thing imaginable can be otherwise done than according to common Nature and its reason? For amongst all things that are done, there must of necessity be also evil things attributed to the gods. And though Epicurus indeed turns himself every way, and studies artifices, devising how to deliver and set loose our voluntary free will from this eternal motion, that he may not leave vice irreprehensible; yet Chrysippus gives vice a most absolute liberty, as being done not only of necessity or according to Fate, but also according to the reason of God and best Nature. And these things are yet farther seen in what he says afterwards, being thus word for word: "For common Nature extending to all things, it will be of necessity that everything, howsoever done in the whole or in any one soever of its parts, must be done according to this common Nature and its reason, proceeding on regularly without any impediment. For there is nothing without that can hinder the administration, nor is there any of the parts that can be moved or habituated otherwise than according to common Nature." What, then, are these habits and motions of the parts? It is manifest, that the habits are vices and diseases, covetousness, luxury, ambition, cowardice, injustice; and that the motions are adulteries, thefts, treasons, murders, parricides. Of these Chrysippus thinks, that no one, either little or great, is contrary to the reason of Jupiter, or to his law, justice,

and providence; so neither is the transgressing of the law done against the law, nor the acting unjustly against justice, nor the committing of sin against Providence.

And yet he says, that God punishes vice, and does many things for the chastising of the wicked. And in his Second Book of the Gods he says, that many adversities sometimes befall the good, not as they do the wicked, for punishment, but according to another dispensation, as it is in cities. And again in these words: "First we are to understand of evils in like manner as has been said before: then that these things are distributed according to the reason of Jupiter, whether for punishment, or according to some other dispensation, having in some sort respect to the universe." This therefore is indeed severe, that wickedness is both done and punished according to the reason of Jupiter. But he aggravates this contradiction in his Second Book of Nature, writing thus: "Vice in reference to grievous accidents, has a certain reason of its own. For it is also in some sort according to the reason of Nature, and, as I may so say, is not wholly useless in respect of the universe. For otherwise also there would not be any good." Thus does he reprehend those that dispute indifferently on both sides, who, out of a desire to say something wholly singular and more exquisite concerning everything, affirms, that men do not unprofitably cut purses, calumniate, and play madmen, and that it is not unprofitable there should be unprofitable, hurtful, and unhappy persons. What manner of god then is Jupiter, — I mean Chrysippus's Jupiter, — who punishes an act done neither willingly nor unprofitably? For vice is indeed, according to Chrysippus's discourse, wholly reprehensible; but Jupiter is to be blamed, whether he has made vice which is an unprofitable thing, or, having made it not unprofitable, punishes it.

Again, in his First Book of Justice, having spoken of the gods as resisting the injustices of some, he says: "But wholly to take away vice is neither possible nor expedient." Whether it were not better that law-breaking, injustice, and folly should be taken away, is not the design of this present discourse to inquire. But he himself, as much as in him lies, by his philosophy taking away vice, which it is not expedient to take away, does something repugnant both to reason and God. Besides this, saying that God resists some injustices, he again makes plain the impiety of sins.

Having often written that there is nothing reprehensible, nothing to be complained of in the world, all things being finished according to a most excellent nature, he again elsewhere leaves certain negligences to be

reprehended, and those not concerning small or base matters. For having in his Third Book of Substance related that some such things befall honest and good men, he says: "May it not be that some things are not regarded, as in great families some bran — yea, and some grains of corn also — are scattered, the generality being nevertheless well ordered; or maybe there are evil Genii set over those things in which there are real and faulty negligence?" And he also affirms that there is much necessity intermixed. I let pass, how inconsiderate it is to compare such accidents befalling honest and good men, as were the condemnation of Socrates, the burning of Pythagoras, whilst he was yet living, by the Cyloneans, the putting to death — and that with torture — of Zeno by the tyrant Demylus, and of Antiphon by Dionysius, with the letting of bran fall. But that there should be evil Genii placed by Providence over such charges, — how can it but be a reproach to God, as it would be to a king, to commit the administration of his provinces to evil and rash governors and captains, and suffer the best of his subjects to be despised and ill-treated by them? And furthermore, if there is much necessity mixed amongst affairs, then God has not power over them all, nor are they all administered according to his reason.

He contends much against Epicurus and those that take away providence from the conceptions we have of the gods, whom we esteem beneficial and gracious to men. And these things being frequently said by them, there is no necessity of setting down the words. Yet all do not conceive the gods to be good and favorable to us. For see what the Jews and Syrians think of the gods; consider also with how much superstition the poets are filled. But there is not any one, in a manner to speak of, that imagines God to be corruptible or to have been born. And to omit all others, Antipater the Tarsian, in his book of the gods writes thus, word for word: "At the opening of our discourse we will briefly repeat the opinion we have concerning God. We understand therefore God to be an animal, blessed and incorruptible, and beneficial to men." And then expounding every one of these terms he says: "And indeed all men esteem the gods to be incorruptible." Chrysippus therefore is, according to Antipater, not one of "all men"; for he thinks none of the gods, except Fire, to be incorruptible, but that they all equally were born and will die. These things are, in a manner, everywhere said by him. But I will set down his words out of his Third Book of the Gods: "It is otherwise with the gods. For some of them are born and corruptible, but others not born. And to demonstrate these things from the beginning will be more fit for a treatise of

Nature. For the Sun, the Moon, and other gods who are of a like nature, were begotten; but Jupiter is eternal.” And again going on: “But the like will be said concerning dying and being born, both concerning the other gods and Jupiter. For they indeed are corruptible, but his past incorruptible.” With these I compare a few of the things said by Antipater: “Whosoever they are that take away from the gods beneficence, they affect in some part our conception of them; and according to the same reason they also do this, who think they participate of generation and corruption.” If, then, he who esteems the gods corruptible is equally absurd with him who thinks them not to be provident and gracious to men, Chrysippus is no less in an error than Epicurus. For one of them deprives the gods of beneficence, the other of incorruptibility. ============ And moreover, Chrysippus, in his Third Book of the Gods treating of the other gods being nourished, says thus: “The other gods indeed use nourishment, being equally sustained by it; but Jupiter and the World are maintained after another manner from those who are consumed and were engendered by fire.” Here indeed he declares, that all the other gods are nourished except the World and Jupiter; but in his First Book of Providence he says: “Jupiter increases till he has consumed all things into himself. For since death is the separation of the soul from the body, and the soul of the World is not indeed separated, but increases continually till it has consumed all matter into itself, it is not to be said that the World dies.” Who can therefore appear to speak things more contradictory to himself than he who says that the same god is now nourished and again not nourished? Nor is there any need of gathering this by argument: for himself has plainly written in the same place: “But the World alone is said to be self-sufficient, because it alone has in itself all things it stands in need of, and is nourished and augmented of itself, the other parts being mutually changed into one another.” He is then repugnant to himself, not only by declaring in one place that all the gods are nourished except the World and Jupiter, and saying in another, that the World also is nourished; but much more, when he affirms that the World increases by nourishing itself. Now the contrary had been much more probable, to wit, that the World alone does not increase, having its own destruction for its food; but that addition and increase are incident to the other gods, who are nourished from without, and the World is rather consumed into them, if so it is that the World feeds on itself, and they always receive something and are nourished from that.

Secondly, the conception of the gods contains in it felicity, blessedness, and self-perfection. Wherefore also Euripides is commanded for saying: —

For God, if truly God, does nothing want,
So all these speeches are the poets' cant.
("Hercules Furens," 1345.)

But Chrysippus in the places I have alleged says, that the World only is self-sufficient, because this alone has in itself all things it needs. What then follows from this, that the World alone is self-sufficient? That neither the Sun, Moon, nor any other of the gods is self-sufficient, and not being self-sufficient, they cannot be happy or blessed.

He says, that the infant in the womb is nourished by Nature, like a plant; but when it is brought forth, being cooled and hardened by the air, it changes its spirit and becomes an animal; whence the soul is not unfitly named Psyche because of this refrigeration [Greek omitted]. But again he esteems the soul the more subtile and fine spirit of Nature, therein contradicting himself; for how can a subtile thing be made of a gross one, and be rarefied by refrigeration and condensation? And what is more, how does he, declaring an animal to be made by refrigeration, think the sun to be animated, which is of fire and made of an exhalation changed into fire? For he says in his Third Book of Nature: "Now the change of fire is such, that it is turned by the air into water; and the earth subsiding from this, the air exhales; the air being subtilized, the ether is produced round about it; and the stars are, with the sun, kindled from the sea." Now what is more contrary to kindling than refrigeration, or to rarefaction than condensation? For the one makes water and earth of fire and air, and the other changes that which is moist and earthy into fire and air. But yet in one place he makes kindling, in another cooling, to be the beginning of animation. And he moreover says, that when the inflammation is throughout, it lives and is an animal, but being again extinct and thickened, it is turned into water and earth and corporeity. Now in his First Book of Providence he says: "For the world, indeed, being wholly set on fire, is presently also the soul and guide of itself; but when it is changed into moisture, and has altered the soul remaining within it by some method into a body and soul, so as to consist of these two it exists then after another manner." Here, forsooth, he plainly says, that the inanimate parts of the world are by inflammation turned into an animated thing, and that again by

extinction the soul is relaxed and moistened, being changed into corporeity. He seems therefore very absurd, one while by refrigeration making animals of senseless things, and again, by the same changing the greatest part of the world's soul into senseless and inanimate things.

But besides this, his discourse concerning the generation of the soul has a demonstration contrary to his own opinion; or he says, that the soul is generated when the infant is already brought forth, the spirit being changed by refrigeration, as by hardening. Now for the soul's being engendered, and that after the birth, he chiefly uses this demonstration, that the children are for the most part in manners and inclinations like to their parents. Now the repugnancy of these things is evident. For it is not possible that the soul, which is not generated till after the birth, should have its inclination before the birth; or it will fall out that the soul is like before it is generated; that is, it will be in likeness, and yet not be, because it is not yet generated. But if any one says that, the likeness being bred in the tempers of the bodies, the souls are changed when they are generated, he destroys the argument of the soul's being generated. For thus it may come to pass, that the soul, though not generated, may at its entrance into the body be changed by the mixture of likeness.

He says sometimes, that the air is light and mounts upwards, and sometimes, that it is neither heavy nor light. For in his Second Book of Motion he says, that the fire, being without gravity, ascends upwards, and the air like to that; the water approaching more to the earth, and the air to the fire. But in his Physical Arts he inclines to the other opinion, that the air of itself has neither gravity nor levity.

He says that the air is by nature dark, and uses this as an argument of its being also the first cold; for that its darkness is opposite to the brightness, and its coldness to the heat of fire. Moving this in his First Book of Natural Questions, he again in his treatise of Habits says, that habits are nothing else but airs; for bodies are contained by these, and the cause that every one of the bodies contained in any habit is such as it is, is the containing air, which they call in iron hardness, in stone solidness, in silver whiteness. These words have in them much absurdity and contradiction. For if the air remains such as it is of its own nature, how comes black, in that which is not white, to be made whiteness; and soft, in that which is not hard, to be made hardness; and rare, in that which is not thick, to be made thickness? But if, being mixed with these, it is altered and made like to them, how is it a habit or power or

cause of these things by which it is subdued? For such a change, by which it loses its own qualities, is the property of a patient, not of an agent, and not of a thing containing, but of a thing languishing. Yet they everywhere affirm, that matter, being of its own nature idle and motionless, is subjected to qualities, and that the qualities are spirits, which, being also aerial tensions, give a form and figure to every part of matter to which they adhere. These things they cannot rationally say, supposing the air to be such as they affirm it. For if it is a habit and tension, it will assimilate every body to itself, so that it shall be black and soft. But if by the mixture with these things it receives forms contrary to those it has, it will be in some sort the matter, and not the cause or power of matter.

It is often said by Chrysippus, that there is without the world an infinite vacuum, and that this infinity has neither beginning, middle, nor end. And by this the Stoics chiefly refute that spontaneous motion of the atoms downward, which is taught by Epicurus; there not being in infinity any difference according to which one thing is thought to be above, another below. But in his Fourth Book of Things Possible, having supposed a certain middle place and middle region, he says that the world is situated there. The words are these: “Wherefore, if it is to be said of the world that it is corruptible, this seems to want proof; yet nevertheless it rather appears to me to be so. However, its occupation of the place wherein it stands cooperates very much towards its immunity from corruption, because it is in the midst; since if it were conceived to be anywhere else, corruption would absolutely happen to it.” And again, a little after: “For so also in a manner has essence happened eternally to possess the middle place, being immediately from the beginning such as it is; so that both by another manner and through this chance it admits not any corruption, and is therefore eternal.” These words have one apparent and visible contradiction, to wit, his admitting a certain middle place and middle region infinity. They have also a second, more obscure indeed, but withal more absurd than this. For thinking that the world would not have remained incorruptible if its situation had happened to have been in any other part of the vacuum, he manifestly appears to have feared lest, the parts of essence moving towards the middle, there should be a dissolution and corruption of the world. Now this he would not have feared, had he not thought that bodies do by nature tend from every place towards the middle, not of essence, but of the region containing essence; of which also he has frequently spoken, as of a thing impossible and contrary to Nature; for that

(as he says) there is not in the vacuum any difference by which bodies are drawn rather this way than that way, but the construction of the world is the cause of motion, bodies inclining and being carried from every side to the centre and middle of it. It is sufficient to this purpose, to set down the text out of his Second Book of Motion; for having discoursed, that the world indeed is a perfect body, but that the parts of the world are not perfect, because they have in some sort respect to the whole and are not of themselves; and going forward concerning its motion, as having been framed by Nature to be moved by all its parts towards compaction and cohesion, and not towards dissolution and breaking, he says thus: “But the universe thus tending and being moved to the same point, and the arts having the same motion from the nature of the body, it is probable that all bodies have this first motion according to Nature towards the centre of the world, — the world being thus moved as concerns itself, and the parts being moved as being its parts.” What, then, ailed you, good sir (might some one say to him), that you have so far forgotten those words, as to affirm that the world, if it had not casually possessed the middle place, would have been dissoluble and corruptible? For if it is by nature so framed as always to incline towards the middle, and its parts from every side tend to the same, into what place soever of the vacuum it should have been transposed, — thus containing and (as it were) embracing itself, — it would have remained incorruptible and without danger of breaking. For things that are broken and dissipated suffer this by the separation and dissolution of their parts, every one of them hasting to its own place from that which it had contrary to Nature. But you, being of opinion that, if the world should have been seated in any other place of the vacuum, it would have been wholly liable to corruption, and affirming the same, and therefore asserting a middle in that which naturally can have no middle, — to wit, in that which is infinite, — have indeed dismissed these tensions, coherences, and inclinations, as having nothing available to its preservation, and attributed all the cause of its permanency to the possession of place. And, as if you were ambitious to confute yourself, to the things you have said before you join this also: “In whatsoever manner every one of the parts moves, being coherent to the rest, it is agreeable to reason that in the same also the whole should move by itself; yea, though we should, for argument’s sake, imagine and suppose it to be in some vacuity of this world; for as, being kept in on every side, it would move towards the middle, so it would continue in the same motion, though by way of disputation we should admit that there were on a sudden a vacuum round

about it.” No part then whatsoever, though encompassed by a vacuum, loses its inclination moving it towards the middle of the world; but the world itself, if chance had not prepared it a place in the middle, would have lost its containing vigor, the parts of its essence being carried some one way, some another.

And these things indeed contain great contradictions to natural reason; but this is also repugnant to the doctrine concerning God and Providence, that assigning to them the least causes, he takes from them the most principal and greatest. For what is more principal than the permanency of the world, or that its essence, united in its parts, is contained in itself? But this, as Chrysippus says, fell out casually. For if the possession of place is the cause of incorruptibility, and this was the production of chance, it is manifest that the preservation of the universe is a work of chance, and not of Fate and Providence.

Now, as for his doctrine of possibles, how can it but be repugnant to his doctrine of Fate? For if that is not possible which either is true or shall be true, as Diodorus has it, but everything which is capable of being, though it never shall be, is possible, there will be many things possible which will never be according to invincible, inviolable, and all-conquering Fate. And thus either Fate will lose its power; or if that, as Chrysippus thinks, has existence, that which is susceptible of being will often fall out to be impossible. And everything indeed which is true will be necessary, being comprehended by the principal of all necessities; and everything that is false will be impossible, having the greatest cause to oppose its ever being true. For how is it possible that he should be susceptible of dying on the land, who is destined to die at sea? And how is it possible for him who is at Megara to come to Athens, if he is prohibited by Fate?

But moreover, the things that are boldly asserted by him concerning fantasies or imaginations are very opposite to Fate. For desiring to show that fantasy is not of itself a perfect cause of consent, he says, that the Sages will prejudice us by imprinting false imaginations in our minds, if fantasies do of themselves absolutely cause consent; for wise men often make use of falsity against the wicked, representing a probable imagination, — which is yet not the cause of consent, for then it would be also a cause of false apprehension and error. Any one therefore, transferring these things from the wise man to Fate, may say, that consents are not caused by Fate; for if they were, false consents and opinions and deceptions would also be by Fate. Thus the reason

which exempts the wise man from doing hurt also demonstrates at the same time that Fate is not the cause of all things. For if men neither opine nor are prejudiced by Fate, it is manifest also that they neither act rightly nor are wise nor remain firm in their sentiments nor have utility by Fate, but that there is an end of Fate's being the cause of all things. Now if any one shall say that Chrysippus makes not Fate the absolute cause of all things, but only a PROCATARCLICAL (or antecedent) one, he will again show that he is contradictory to himself, since he excessively praises Homer for saying of Jupiter,

Receive whatever good or ill
He sends to each of you;

as also Euripides for these words,

O Jove, how can I say that wretched we,
Poor mortals, aught do understand? On thee
We all depend, and nothing can transact,
But as thy sacred wisdom shall enact.
(Euripides, "Suppliants," 734.)

And himself writes many things agreeable to these. In fine, he says that nothing, be it never so little, either rests or is moved otherwise than according to the reason of Jupiter, which is the same thing with Fate. Moreover, the antecedent cause is weaker than the absolute one, and attains not to its effect when it is subdued by others that rise up against it. But he himself declaring Fate to be an invincible, unimpeachable, and inflexible cause, calls it Atropos, (That is, Unchangeable.) Adrasteia, (That is, Unavoidable.) Necessity, and Pepromene (as putting a limit to all things). Whether then shall we say, that neither consents nor virtues nor vices nor doing well nor doing ill is in our power? Or shall we affirm, that Fate is deficient, that terminating destiny is unable to determine, and that the motions and habits of Jupiter cannot be effective? For the one of these two consequences will follow from Fate's being an absolute, the other from its being only an antecedent cause. For if it is an absolute cause, it takes away our free will and leaves nothing in our control; and if it is only antecedent, it loses its being unimpeachable and effectual. For not once or ten times, but everywhere, especially in his Physics, he has written, that there are many obstacles and

impediments to particular natures and motions, but none to that of the universe. And how can the motion of the universe, extending as it does to particular ones, be undisturbed and unimpeached, if these are stopped and hindered? For neither can the nature of man be free from impediment, if that of the foot or hand is not so; nor can the motion of a ship but be hindered, if there are any obstacles about the sails or the operation of the oars.

Besides all this, if the fantasies are not according to Fate, neither are they causes of consents; but if, because it imprints fantasies leading to consent, the consents are said to be according to Fate, how is it not contrary to itself, imprinting in the greatest matters different imaginations and such as draw the understanding contrary ways? For (they say) those who adhere to one of them, and withhold not their consent, do amiss: if they yield to obscure things, they stumble; if to false, they are deceived; if to such as are not commonly comprehended, they opine. And yet one of these three is of necessity, — either that every fantasy is not the work of Fate, or that every receipt and consent of fantasy is faultless, or that Fate itself is not irreprehensible. For I do not know how it can be blameless, proposing to us such fantasies that not the resisting or going against them, but the following and yielding to them, is blamable. Moreover, both Chrysippus and Antipater, in their disputes against the Academics, take not a little pains to prove that we neither act nor are incited without consent, saying, that they build on fictions and false suppositions who think that, a proper fantasy being presented, we are presently incited, without having either yielded or consented. Again, Chrysippus says, that God imprints in us false imaginations, as does also the wise man; not that they would have us consent or yield to them, but only that we should act and be incited with regard to that which appears; but we, being evil, do through infirmity consent to such fantasies. Now, the perplexity and discrepancy of these discourses among themselves are not very difficult to be discerned. For he that would not have men consent but only act according to the fantasies which he offers unto them — whether he be God or a wise man — knows that the fantasies are sufficient for acting, and that consents are superfluous. For if, knowing that the imagination gives us not an instinct to work without consent, he ministers to us false and probable fantasies, he is the voluntary cause of our falling and erring by assenting to incomprehensible things.

The Stoics speak more paradoxically than the poets

Pinder's Caeneus hath been taken to task by several, for being improbably feigned, impenetrable by steel and impassible in his body, and so

Descending, into hell without a wound.
And with sound foot parting in two the ground.

But the Stoics' Lapithes, as if they had carved him out of the very adamantine matter of impassibility itself, though he is not invulnerable, nor exempt from either sickness or pain, yet remains fearless, regretless, invincible, and unconstrainable in the midst of wounds, dolors, and torments, and in the very subversions of the walls of his native city, and other such like great calamities. Again, Pindar's Caeneus is not wounded when struck; but the Stoics' wise man is not detained when shut up in a prison, suffers no compulsion by being thrown down a precipice, is not tortured when on the rack, takes no hurt by being maimed, and when he catches a fall in wrestling he is still unconquered; when he is encompassed with a rampire, he is not besieged; and when sold by his enemies, he is still not made a prisoner. The wonderful man is like to those ships that have inscribed upon them A PROSPEROUS VOYAGE, OR PROTECTING PROVIDENCE, or A PRESERVATIVE AGAINST DANGERS, and yet for all that endure storms, and are miserably shattered and overturned. Euripides's Iolaus of a feeble, superannuated old man, by means of a certain prayer, became on a sudden youthful and strong for battle; but the Stoics wise man was yesterday most detestable and the worst of villains, but today is changed on a sudden into a state of virtue, and is become of a wrinkled, pale fellow, and as Aeschylus speaks,

Of an old sickly wretch with stitch in 's back,
Distent with rending pains as on a rack,

gallant, godlike, and beauteous person.

The goddess Minerva took from Ulysses his wrinkles, baldness, and deformity, to make him appear a handsome man. But these men's wise man, though old age quits not his body, but contrariwise still lays on and heaps more upon it, though he remains (for instance) humpbacked, toothless, one-eyed, is yet neither deformed, disfigured, nor ill-favored. For as beetles are said to relinquish perfumes and to pursue after ill scents; so Stoical love, having used itself to the most foul and deformed persons, if by means of philosophy they change into good form and comeliness, becomes presently disgusted.

He that in the Stoics' account was in the forenoon (for example) the worst man in the world is in the afternoon the best of men; and he that falls asleep a very sot, dunce, miscreant, and brute, nay, by Jove, a slave and a beggar to boot, rises up the same day a prince, a rich and a happy man, and (which is yet more) a continent, just, determined, and unprepossessed person; — not by shooting forth out of a young and tender body a downy beard or the sprouting tokens of mature youth, but by having in a feeble, soft, unmanful, and undetermined mind, a perfect intellect, a consummate prudence, a godlike disposition, an unprejudiced science, and an unalterable habit. All this time his viciousness gives not the least ground in order to it, but he becomes in an instant, I had almost said, of the vilest brute, a sort of hero, genius, or god. For he that receives his virtue from the Stoics portico may say,

Ask what thou wilt, it shall be granted thee.
(From Menander)

It brings wealth along with it, it contains kingship in it, it confers fortune; it renders men prosperous, and makes them to want nothing and to have a sufficiency of everything, though they have not one drachm of silver in the house.

The fabular relations of the poets are so careful of decorum, that they never leave a Hercules destitute of necessaries; but those still spring, as out of some fountain, as well for him as for his companions. But he that hath received of the Stoics Amalthaea becomes indeed a rich man, but he begs his victuals of other men; he is a king, but resolves syllogisms for hire; he is the only man that hath all things, but yet he pays rent for the house he lives in, and oftentimes buys bread with borrowed money, or else begs it of those that have nothing themselves.

The king of Ithaca begs with a design that none may know who he is, and makes himself

As like a dirty sorry beggar
(“Odyssey,” xvi. 273.)

as he can. But he that is of the Portico, while he bawls and cries out, It is I only that am a king, It is I only that am a rich man, is yet many times seen at other people’s doors saying: —

On poor Hipponax, pray, some pity take,
Bestow an old cast coat for heaven’s sake;
I’m well-nigh dead with cold, and all o’er quake.

Against the Stoics, on common conceptions

LAMPRIAS, DIADUMENUS

LAMPRIAS. You, O Diadumenus, seem not much to care, if any one thinks that you philosophize against the common notions; since you confess that you contemn also the senses, from whence the most part of these notions in a manner proceed, having for their seat and foundation the belief of such things as appear to us. But I beseech you, with what speed you can, either by reasons, incantations, or some other manner of discourse, to cure me, who come to you full, as I seem to myself, of great and strange perturbations; so much have I been shaken, and into such a perplexity of mind have I been brought, by certain Stoics, in other things indeed very good men and my familiar friends, but most bitterly and hostility bent against the Academy. These, for some few words modestly spoken by me, have (for I will tell you no lie) rudely and unkindly reprehended me; angrily censuring and branding the ancient philosophers as Sophists and corrupters of philosophy, and subverters of regular doctrines; and saying things yet more absurd than these, they fell at last upon the conceptions, into which (they contend) the Academics had brought a certain confusion and disturbance. At length one of them said, that he thought it was not by fortune, but by the providence of the gods, that Chrysippus came into the world after Arcesilaus and before Carneades; of which the one was the author of the contumelies and injuries done to custom, and the other flourished most of all the Academics. Chrysippus then, coming between them, by his writings against Arcesilaus, stopped also the way against the eloquence of Carneades, leaving indeed many things to the senses, as provisions against a siege, but wholly taking away the trouble about anticipations and conceptions, directing every one of them and putting it in its proper place; so that they who will again embroil and disquiet matters should gain nothing, but be convinced of being malicious and deceitful Sophists. I, having been this morning set on fire by these discourses, want some cooling remedies to extinguish and take away this doubting, as an inflammation, out of my mind.

DIADUMENUS. You perhaps have suffered the same things with some of the vulgar. But if you believe the poets, who say that the ancient city Sipylus was overthrown by the providence of the gods when they punished Tantalus, believe also the companions of the Stoa saying that Nature, not by chance but by divine providence, brought forth Chrysippus, when she had a mind to turn things upside down and alter the course of life; for which purpose never any man was fitter than he. But as Cato said of Caesar, that never any but he came to the management of public affairs sober and considerately resolved on the ruin of the state; so does this man seem to me with the greatest diligence and eloquence to overturn and demolish custom, as those who magnify the man testify, when they dispute against him concerning the sophism called Pseudomenos (or the Liar). For to say, my best friend, that a conclusion drawn from contrary positions is not manifestly false, and again to say that some arguments having true premises and true inductions may yet moreover have the contrary to their conclusions true, what conception of demonstration or what assumption of confidence does it not overthrow? They say, that the polypus in the winter gnaws his own claws; but the logic of Chrysippus, taking away and cutting off its own chiefest parts and principles, — what other notion has it left unsuspected of falsehood? For the superstructures cannot be steady and sure, if the foundations remain not firm but are shaken with so many doubts and troubles. But as those who have dust or dirt upon their bodies, if they touch or rub the filth that is upon them, seem rather to increase than remove it; so some men blame the Academics, and think them guilty of the faults with which they show themselves to be burdened. For who do more subvert the common conceptions than the Stoic school? But if you please, let us leave accusing them, and defend ourselves from the things with which they charge us.

LAMPRIAS. Methinks, Diadumenus, I am this day become a various and unconstant man. For erewhile I came dejected and trembling, as one that wanted an apology; and now I am changed to an accuser, and desire to enjoy the pleasure of revenge, in seeing them all convicted of philosophizing against the common conceptions and presumptions, on which they think chiefly their doctrine is founded, whence they say that it alone agrees with Nature.

DIADUMENUS. Shall we then first attack those common and celebrated doctrines of theirs which themselves, gently admitting their absurdity, style paradoxes; as that only wise men are kings, that they only are rich and fair,

they only citizens and judges? Or shall we send all this to the brokers, as old decayed frippery, and make our inquiry into such things as are most practical and with the greatest earnestness delivered by them?

LAMPRIAS. I indeed like this best. For who is there that is not already full of the arguments brought against those paradoxes?

DIADUMENUS. First, then, consider this, whether, according to the common conceptions, they can be said to agree with Nature, who think all natural things indifferent, and esteem neither health, strength of body, beauty, nor strength as desirable, commodious, profitable, or any way contributory to the completing of natural perfection; nor consider that their contraries, as maims, pains, disgraces, and diseases, are hurtful or to be shunned? To the latter of these they themselves say that Nature gives us an abhorrence, and an inclination to the former. Which very thing is not a little repugnant to common understanding, that Nature should incline us to such things as are neither good nor available, and avert us from such as are neither ill nor hurtful, and which is more, that she should render this inclination and this aversion so violent, that they who either possess not the one or fall into the other detest their life with good reason, and withdraw themselves out of it.

I think also that this is said by them against common sense, that Nature herself is indifferent, and yet that it is good to agree with Nature. For it is not our duty either to follow the law or be persuaded by argument, unless the law and argument be good and honest. And this indeed is the least of their errors. But if, as Chrysippus has written in his First Book concerning Exhortation, a happy life consists only in living according to virtue, other things (as he says) being nothing to us, nor cooperating any ways towards it, Nature is not only indifferent, but foolish also and stupid, in inclining us to such things as belong nothing to us; and we also are fools in thinking felicity to be an agreeing with Nature, which draws us after such things as contribute nothing to happiness. For what can be more agreeable to common sense, than that, as desirable things are requisite to live commodiously, so natural things are necessary that we may live according to Nature? Now these men say not so; but having settled the living according to Nature for their end, do nevertheless hold those things which are according to Nature to be indifferent.

Nor is this less repugnant to common sense, that an intelligent and prudent man should not be equally affected to equal good things, but should put no value on some, and be ready to undergo and suffer anything for others,

though the things themselves are neither greater nor less one than another. For they say, It is the same thing to abstain from the enjoyment of an old woman that is about to die as to take part in the greatest actions with moderation . . . since in both cases we do what duty requires. And yet for this, as a great and glorious thing, they should be ready to die; when as to boast of the other would be shameful and ridiculous. And even Chrysippus himself in his commentary concerning Jupiter, and in the Third Book of the Gods, says, that it were a poor, absurd, and impertinent thing to glory in such acts, as proceeding from virtue, as bearing valiantly the stinging of a wasp, or abstaining chastely from an old woman that lies a dying. Do not they then philosophize against the common conception, who profess nothing to be more commendable than those things which yet themselves are ashamed to praise? For how can that be desirable or to be approved, which is worthy neither of praise nor admiration, but the praisers and admirers of which they esteem absurd and ridiculous?

And yet this will (I suppose) appear to you more against common sense, that a wise man should take no care whether he enjoys or not enjoys the greatest good things, but should carry himself after the same manner in these things, as in those that are indifferent both in their management and administration. For all of us, "whoever we are that eat the fruit of the broad earth," judge that desirable, good, and profitable, which being present we use, and absent we want and desire. But that which no man thinks worth his concern, either for his profit or delight, is indifferent. For we by no other means distinguish a laborious man from a trifler, who is for the most part also employed in action, but that the one busies himself in useless matters and indifferently, and the other in things commodious and profitable. But these men act quite contrary; for with them, a wise and prudent man, being conversant in many comprehensions and memories of comprehension, esteems few of them to belong to him; and not caring for the rest, he thinks he has neither more or less by remembering that he lately had the comprehension of Dion sneezing or Theon playing at ball. And yet every comprehension in a wise man, and every memory having assurance and firmness, is a great, yea, a very great good. When therefore his health fails, when some organ of his senses is disordered, or when his wealth is lost, is a wise man so careless as to think that none of these things concern him? Or does he, "when sick, give fees to the physicians: for the gaining of riches sail to Leucon, governor in the Bosphorus, or travel to Idanthyrsus, king of the

Scythians," as Chrysippus says? And being deprived of some of his senses, does he not become weary even of life? How then do they not acknowledge that they philosophize against the common notions, employing so much care and diligence on things indifferent, and not minding whether they have or have not great good things?

But this is also yet against the common conceptions, that he who is a man should not rejoice when coming from the greatest evils to the greatest goods. Now their wise men suffer this. Being changed from extreme viciousness to the highest virtue, and at the same time escaping a most miserable life and attaining to a most happy one, he shows no sign of joy, nor does this so great change lift him up or yet move him, being delivered from all infelicity and vice, and coming to a certain sure and firm perfection of virtue. This also is repugnant to common sense, to hold that the being immutable in one's judgments and resolutions is the greatest of goods, and yet that he who has attained to the height wants not this, nor cares for it when he has it, nay, many times will not so much as stretch forth a finger for this security and constancy, which nevertheless themselves esteem the sovereign and perfect good. Nor do the Stoics say only these things, but they add also this to them, — that the continuance of time increases not any good thing; but if a man shall be wise but a minute of an hour, he will not be any way inferior in happiness to him who has all his time practised virtue and led his life happily in it. Yet, whilst they thus boldly affirm these things, they on the contrary also say, that a short-lived virtue is nothing worth; "For what advantage would the attainment of wisdom be to him who is immediately to be swallowed up by the waves or tumbled down headlong from a precipice? What would it have benefited Lichas, if being thrown by Hercules, as from a sling into the sea, he had been on a sudden changed from vice to virtue?" These therefore are the positions of men who not only philosophize against the common conceptions but also confound their own, if the having been but a little while endued with virtue is no way short of the highest felicity, and at the same time nothing worth. Nor is this the strangest thing you will find in their doctrine; but their being of opinion that virtue and happiness, when present, are frequently not perceived by him who enjoys them, nor does he discern that, having but a little before been most miserable and foolish, he is of a sudden become wise and happy. For it is not only childish to say that he who is possessed of wisdom is ignorant of this thing alone, that he is wise, and knows not that he is delivered from folly; but, to speak in general, they

make goodness to have very little weight or strength, if it does not give so much as a feeling of it when it is present. For according even to them, it is not by nature imperceptible; nay, even Chrysippus in his books of the End expressly says that good is sensible, and demonstrates it also, as he maintains. It remains, then, that by its weakness and littleness it flies the sense, when being present it is unknown and concealed from the possessors. It were moreover absurd to imagine that the sight, perceiving those things which are but a little whitish or inclining to white, should not discern such as are white in perfection; or that the touch, feeling those things which are but warm or moderately hot, should be insensible of those that are hot in the highest degree. And yet more absurd it is, that a man who perceives what is commonly according to Nature — as are health and good constitution of body — should yet be ignorant of virtue when it is present, which themselves hold to be most of all and in the highest degree according to Nature. For how can it but be against sense, to conceive the difference between health and sickness, and yet so little to comprehend that between wisdom and folly as to think the one to be present when it is gone, and possessing the other to be ignorant that one has it? Now because there is from the highest progress a change made to felicity and virtue, one of these two things must of necessity follow; either that this progress is not vice and infelicity, or that virtue is not far distant from vice, nor happiness from misery, but that the difference between good and evil is very small and not to be perceived by sense; for otherwise they who have the one for the other could not be ignorant of it.

Since, then, they will not depart from any of these contrarieties, but confess and hold them all, — that those who are proceeding towards virtue are fools and vicious, that those who are become good and wise perceive not this change in themselves, and that there is a great difference between folly and wisdom, — they must assuredly seem to you wonderfully to preserve an agreement in their doctrines, and yet more so in their conduct, when affirming all men who are not wise to be equally wicked, unjust, faithless, and fools, they on the other side abhor and detest some of them, — nay, sometimes to such a degree that they refuse even to speak to them when they meet them, — while others of them they trust with their money, choose to offices, and take for husbands to their daughters. Now if they say these things in jest, let them smooth their brows; but if in earnest and as philosophers, it is against the common notions to reprove and blame all men alike in words, and yet to deal with some of them as moderate persons and with others as very

wicked; and exceedingly to admire Chrysippus, to deride Alexinus, and yet to think neither of them more or less mad than the other. "'Tis so," say they; "but as he who is not above a cubit under the superficies of the sea is no less drowned than he who is five hundred fathom deep, so they that are coming towards virtue are no less in vice their those that are farther off. And as blind men are still blind, though they shall perhaps a little after recover their sight; so these that have proceeded towards virtue, till such time as they have attained to it, continue foolish and wicked." But that they who are in the way towards virtue resemble not the blind, but such as see less clearly, nor are like to those who are drowned, but — those which swim, and that near the harbor — they themselves testify by their actions. For they would not use counsellors and generals and lawgivers as blind leaders, nor would they imitate the works and actions and words and lives of some, if they saw them all equally drowned in folly and wickedness. But leaving this, wonder at the men in this behalf, that they are not taught by their own examples to give up the doctrine that these men are wise being ignorant of it themselves, and neither knowing nor being sensible that they are recovered from being drowned and see the light, and that being gotten above vice, they fetch breath again.

This also is against common sense, that it should be convenient for a man who has all good things, and wants nothing requisite to felicity and happiness, to make away himself; and much more this, that for him who neither has nor ever shall have any good thing, but who is and ever shall be accompanied with all adversities, difficulties, and mishaps, it should not be fitting to quit this life unless some of the indifferent things befall him. These laws are enacted in the Stoa; and by these they incite many wise men to kill themselves, as if they would be thereby more happy; and they prevent many foolish men, as if it were proper for them to live on in misery. Although the wise man is fortunate, blessed, every way happy, secure, and free from danger; but the vicious and foolish man is "full, as I may say, of evils, so that there is not room to put them in"; and yet they think that continuing in life is fit for the latter, and departing out of it for the former. And not without cause, says Chrysippus, for we are not to measure life by good things or evil, but by those that are according to Nature. In this manner do they maintain custom, and philosophize according to the common conceptions. What do you say? — that he who enters upon a deliberation of life and death has no right to consider

What good or ill in his own house there is;

or to weigh, as in a balance, what things have the greatest sign of serving to felicity or infelicity; but must argue whether he should live or die from those things which are neither profitable nor prejudicial, and follow such principles and sentences as command the choosing of a life full of all things to be avoided, and the shunning of one which wants nothing of all those things that are desirable? For though it is an absurd thing, friend Lamprias, to shun a life in which there is no evil, it is yet more absurd, if any one should leave what is good because he is not possessed of what is indifferent, as these men do who leave present felicity and virtue for want of riches and health which they have not.

Satumian Jove from Glaucus took his wits,

when he went about to change his suit of golden armor for a brazen one, and to give what was worth a hundred oxen for that which was worth but nine. And yet the brazen armor was no less useful for fight than the golden; whereas beauty and health of body, as the Stoics say, contribute not the least advantage so far as happiness is concerned. And yet they seek health in exchange for wisdom. For they say, it would well enough have become Heraclitus and Pherecydes to have parted with their virtue and wisdom, if the one of them could have thereby been freed from his lousy disease, and the other from his dropsy; and if Circe had used two sorts of magical drinks, one to make wise men fools, and the other to make fools wise, Ulysses would rather have drunk that of folly, than have changed his shape for the form of a beast, though having with it wisdom, and consequently also happiness. And, they say, wisdom itself dictates to them these things, exhorting them thus: Let me go, and value not my being lost, if I must be carried about in the shape of an ass. But this, some will say, is an ass-like wisdom which teacheth thus; granting that to be wise and enjoy felicity is good, and to wear the shape of an ass is indifferent. They say, there is a nation of the Ethiopians where a dog reigns, is called king, and has all regal honors and services done to him; but men execute the offices of magistrates and governors of cities. Do not the Stoics act in the very same manner? They give the name and appearance of good to virtue, saying that it alone is desirable, profitable, and available; but in the meantime they act these things, they philosophize, they live and die, as at the command of things indifferent. And yet none of the Ethiopians kill that dog; but he sits in state, and is revered by all. But these men destroy and corrupt their virtue, that they may obtain health and riches.

But the corollary which Chrysippus himself has given for a conclusion to his doctrines seems to free us from the trouble of saying anything more about it. For there being, says he, in Nature some things good, some things bad, and some things between them both, which we call indifferent; there is no man but would rather have the good than the indifferent, and the indifferent than the bad. And of this we call the gods to witness, begging of them by our prayers principally the possession of good things, and if that may not be, deliverance from evil; not desiring that which is neither good nor bad instead of good, but willing to have it instead of evil. But this man, changing Nature and inverting its order, removes the middle out of its own place into the last, and brings back the last into the middle, — not unlike to those tyrants who give the first place to the wicked, — and he gives us a law, first to seek the good, and secondly the evil, and lastly to judge that worst which is neither good nor evil; as if any one should place infernal things next to celestial, thrusting the earth and earthly things into Tartarus,

Where very far from hence, deep under ground,
Lies a vast gulf.
(Iliad, viii. 14.)

Having therefore said in his Third Book concerning Nature, that it is more expedient for a fool to live than not, though he should never attain to wisdom, he adds these words: “For such are the good things of men, that even evil things do in a manner precede other things that are in the middle place; not that these things themselves really precede, but reason, which makes us choose rather to live, though we were to be fools.” Therefore also, though we were to be unjust, wicked, hated of the gods, and unhappy; for none of these things are absent from those that live foolishly. Is it then convenient rather to live miserably than not to live miserably, and better to be hurt than not hurt, to be unjust than not unjust, to break the laws than not to break them? That is, is it convenient to do things that are not convenient, and a duty to live even against duty? Yes indeed, for it is worse to want sense and reason than to be a fool. What then ails them, that they will not confess that to be evil which is worse than evil? Why do they say that folly alone is to be avoided, if it is not less but rather more convenient to shun that disposition which is not capable of folly?

But who can complain of this, that shall remember what he has written in his Second Book of Nature, declaring that vice was not unprofitably made for the universe? But it is meet I should set down his doctrine in his own words, that you may understand in what place those rank vice, and what discourses they hold of it, who accuse Xenocrates and Speusippus for not reckoning health indifferent and riches useless. "Vice," saith he, "has its limit in reference to other accidents. For it is also in some sort according to the reason of Nature, and (as I may so say) is not wholly useless in respect of the universe; for other wise there would not be any good." Is there then no good among the gods, because there is no evil? And when Jupiter, having resolved all matter into himself, shall be alone, other differences being taken away, will there then be no good, because there will be no evil? But is there melody in a choir though none in it sings faultily, and health in the body though no member is sick; and yet cannot virtue have its existence without vice? But as the poison of a serpent or the gall of an hyena is to be mixed with some medicines, was it also of necessity that there must have been some conjunction of the wickedness of Meletus with the justice of Socrates, and the dissolute conduct of Cleon with the probity of Pericles? And could not Jupiter have found a means to bring into the world Hercules and Lycurgus, if he had not also made for us Sardanapalus and Phalaris? It is now time for them to say that the consumption was made for the sound constitution of men's bodies, and the gout for the swiftness of their feet; and that Achilles would not have had a good head of hair if Thersites had not been bald. For what difference is there between such triflers and ravers, and those who say that intemperance was not brought forth unprofitably for continence, nor injustice for justice, so that we must pray to the gods, there may be always wickedness,

Lies, fawning speeches, and deceitful manners,
(Hesiod, "Works and Days," 78.)

if, when these are taken away, virtue will also vanish and be lost?

Or do you desire to understand the greatest sweetness of his eloquence and persuasion? "For," says he, "as comedies have in them sometimes ridiculous epigrams, which, though bad in themselves, give nevertheless a certain grace to the whole poem; so, though you may blame vice in itself, yet is it not useless to other things." First, then, to say that vice was made by the

providence of God, as a wanton epigram by the will of the poet, transcends in absurdity all imagination. For this being granted, how will the gods be rather givers of good than evil? How will wickedness be displeasing to them, and hated by them? And what shall we have to oppose against these ill-sounding sentences of the poets. —

A cause to men God sends,
When to chastise some house his wrath intends;
(From the "Niobe" of Aeschylus, Frag. 151.)

and again,

What God those seeds of strife 'twixt them did sow?
(Iliad, i. 8.)

Moreover, a lewd epigram adorns the comedy and contributes to its end, which is to delight the spectators and make them laugh. But Jupiter, who is surnamed fatherly, supreme, just, and (as Pindar has it) the most perfect artist, framing the world, not as a great interlude, full of variety and great learning, but as a common city of Gods and men, living together in concord and happiness with justice and virtue, — what need had he, for the attaining to this excellent end, of thieves, murderers, parricides, and tyrants? For vice entered not as a morris-dance, pleasing and delightful to the Divinity; nor was it brought in amongst the affairs of men, to cause mirth and laughter by its raillery and facetiousness, since there is not to be seen in it so much as a dream of that celebrated agreement with Nature. Besides, that foolish epigram is a very small part of the poem, and takes up but a very little place in the comedy; neither do such things abound in it, nor do they corrupt any of those things which seem to have been well done, or spoil their grace. But all human affairs are replete with vice, and the whole life, from the very prologue and beginning to the end, being disordered, depraved, and disturbed, and having no part of it pure or irreprehensible (as these men say), is the most filthy and most unpleasant of all farces.

Wherefore I would willingly ask, in what vice is profitable to the universe. Not surely in respect of heavenly things, and such as are divine by nature. For it would be ridiculous to say, that if there had not arisen, or were not amongst men, malice and covetousness and lying, or that if we did not rob, plunder, slander, and murder one another, the sun would not run his appointed course,

the world enjoy its seasons and periods of time, or the earth, which is seated in the midst of the universe, afford the principles of the wind and rain. It remains, then, that the existence of vice must be profitable for us and our affairs; and that perhaps these men mean. Are we more healthy for being vicious, or do we more abound with necessaries? Or does vice contribute anything to our beauty and strength? They say, no. But where on earth is virtue to be met with? Is it then only a base name, and a visionary opinion of night-walking Sophists, and not an actual thing lying conspicuous to all, like vice, so that we cannot partake of anything as profitable, . . . but least, O ye gods! of virtue, for which we were created? Is it not then absurd, that the utensils of the husbandman, mariner, and charioteer should be serviceable and aiding towards his intended end, whilst that which was by God made for virtue destroys and corrupts virtue? But perhaps it is time now to leave this point, and pass to another.

LAMPRIAS. Not for my sake, my dear friend, I beseech you; for I desire to understand, in what manner these men bring in evil things before the good, and vice before virtue.

DIADUMENUS. It is indeed, sir, a thing worth knowing. They babble indeed much; but in conclusion they say that prudence, being the knowledge of good and evil, would be wholly taken away if there were no evil. For as, if there are truths, it is impossible but there must be some lies also near to them; so it stands with reason, that if there are good things, there must also be evil things.

LAMPRIAS. One of these things is not said amiss; and I think also that the other is not unapprehended by me. For I see a difference here: that which is not true must immediately be false; but that is not of necessity evil which is not good; because that between true and false there is no medium, but between good and evil there is the indifferent. Nor is it of necessity that the one must subsist with the other. For Nature may have good without having any need of evil, but only having that which is neither good nor evil. But if there is anything to be said by you to the former reason, let us hear it.

DIADUMENUS. Many things indeed are said; but at present we shall make use only of what is most necessary. In the first place, it is a folly to imagine that good and evil have their existence for the sake of prudence. For good and evil being already extant, prudence came afterwards; as the art of physic was invented, there being already things wholesome and unwholesome. For good and evil are not therefore extant that there may be

prudence; but the faculty by which we judge good and evil that are already in being is named prudence. As sight is a sense distinguishing white from black; which colors were not therefore made that we might have sight, but we rather wanted sight to discern these things. Secondly, when the world shall be set on fire (as the Stoics hold), there will then no evil be left, but all will then be prudent and wise. There is therefore prudence, though there is no evil; nor is it of necessity for evil to exist that prudence may have a being. But supposing that prudence must always be a knowledge of good and evil, what inconvenience would it be if, evil being taken away, prudence should no longer subsist; but instead of this we should have another virtue, not being the knowledge of good and evil, but of good only? So, if black should be wholly lost from among the colors, and any one should therefore contend that sight is also lost, for that there is no more the sense of discerning black and white, what should hinder us from answering him: It is no prejudice to us, if we have not what you call sight, but in lieu of that have another sense and faculty, by which we apprehend colors that are white and not white. For I indeed think that neither our taste would be lost, if bitter things were wanting, nor our feeling, if pain were taken away, nor prudence, if evil had no being; but that these senses would remain, to apprehend things sweet and grateful and those that are not so, and prudence to be the science of things good and not good. But let those who think otherwise take the name to themselves, leaving us the thing.

Besides all this, what should hinder but there may be an understanding of evil, and an existence of good? As the gods, I believe, enjoy health, but understand the fever and pleurisy. Since even we, who, as they say, have abundance of evils but no good, are not yet destitute of the knowledge what prudence, what goodness, and what happiness is. And this also would be remarkable, that if virtue were absent, there should be those who could teach us what it is and give us a comprehension of it, when if vice were not extant, it should be impossible to have any understanding of it. For see what these men persuade us who philosophize against the conceptions, — that by folly indeed we comprehend prudence, but prudence without folly cannot so much as comprehend folly itself.

And if Nature had absolutely stood in need of the generation of evil, yet might one or two examples of vice have been sufficient; or if you will, it might have been requisite that ten, a thousand, or ten thousand vicious men should be brought forth, and not that the multitude of vices should be so great

as “to exceed in number the sands of the sea, the dust of the earth, and the feathers of all the various kinds of birds in the world,” and yet that there should not be so much all this while as a dream of virtue. Those who in Sparta had the charge of the public halls or eating places called Phiditia were wont to bring forth two or three Helots drunken and full of wine, that the young men, seeing what drunkenness was, might learn to keep sobriety. But in human life there are many such examples of vice. For there is not any one sober to virtue; but we all stagger up and down, acting shamefully and living miserably. Thus does reason inebriate us, and with so much trouble and madness does it fill us, that we fall in nothing short of those dogs of whom Aesop says, that seeing certain skins swimming in the water, they endeavored to gulp down the sea, but burst before they could get at them. For reason also, by which we hope to gain reputation and attain to virtue, does, ere we can reach to it, corrupt and destroy us, being before filled with abundance of heady and bitter vice; — if indeed, as these men say, they who are got even to the uppermost step have no ease, cessation, or breathing from folly and infelicity.

But let us see what manner of thing he shows vice to be who says that it was not brought forth unprofitably, and of what use and what a thing he makes it to be to those who have it, writing in his book of right conduct, that a wicked man wants nothing, has need of nothing, nothing is useful to him, nothing proper, nothing fit for him. How then is vice useful, with which neither health nor abundance of riches nor advancement in virtue is profitable? Who then does not want these things, of which some are “preferable” and “acceptable” and therefore highly useful, and others are “according to Nature,” as themselves term them? But (they affirm) no one has need of them, unless he become wise. So the vicious man does not even stand in want of being made wise. Nor are men hungry and thirsty before they become wise. When thirsty, therefore, they have no need of water, nor when hungry, of bread.

Be like to courteous guests, and him
Who asks only fire and shelter:

does this man now not need entertainment? Nor had he need of a cloak, who said,

Give Hipponax a cloak, for I’m stiff with cold.

But will you speak a paradox indeed, both extravagant and singular? Say then that a wise man has need of nothing, that he wants nothing, he is fortunate, he is free from want, he is self-sufficient, blessed, perfect. Now what madness is this, that he to whom nothing is wanting has need of the goods he has, but that the vicious indeed wants many things, and stands in need of nothing. For thus indeed says Chrysippus, that the vicious wants but stands not in need; removing the common notions, like chessmen, backwards and forwards. For all men think that having need precedes wanting, esteeming him who stands in need of things that are not at hand or easy to be got, to want them. For no man wants horns or wings, because no one has need of them. But we say that those want arms and money and clothes who are destitute of them, when they have occasion for them. But these men are so desirous of seeming always to say something against the common notions, that for the love of novelty they often depart from their own opinions, as they do here.

Recall yourself to the consideration of what has been said a little above. This is one of their assertions against the common conception, that no vicious man receives any utility. And yet many being instructed profit, many being slaves are made free; many being besieged are delivered, being lame are led by the hand, and being sick are cured. "But possessing all these things, they are never the better, neither do receive benefits, nor have they any benefactors, nor do they slight them." Vicious men then are not ungrateful, no more than are wise men. Ingratitude therefore has no being; because the good receiving a benefit fail not to acknowledge it, and the bad are not capable of receiving any. Behold, now, what they say to this, — that benefit is ranked among mean or middle things, and that to give and receive utility belongs only to the wise, but the bad also receive a benefit. Then they who partake of the benefit partake not also of its use; and whither a benefit extends, there is nothing useful or commodious. Now what else is there that makes a kind office a benefit, but that the bestower of it is, in some respect, useful to the needy receiver?

LAMPRIAS. But let these things pass. What, I beseech you, is this so highly venerated utility, which preserving as some great and excellent thing for the wise, they permit not so much as the name of it to the vicious?

DIADUMENUS. If (say they) one wise man does but any way prudently stretch out his finger, all the wise men all the world over receive utility by it. This is the work of their amity; in this do the virtues of the wise man

terminate by their common utilities. Aristotle then and Xenocrates doted, saying that men receive utility from the gods, from their parents, from their masters, being ignorant of that wonderful utility which wise men receive from one another, being moved according to virtue, though they neither are together nor yet know it. Yet all men esteem, that laying up, keeping, and bestowing are then useful and profitable, when some benefit or profit is recovered by it. The thriving man buys keys, and diligently keeps his stores,

With ‘s hand unlocking wealth’s sweet treasury.
(From the “Bellerophontes” of Euripides, Frag. 287, vs. 8.)

But to store up and to keep with diligence and labor such things as are for no use is not seemly or honorable, but ridiculous. If Ulysses indeed had tied up with the knot which Circe taught him, not the gifts he had received from Alcinous, — tripods, caldrons, cloths, and gold, — but heaping up trash, stones, and such like trumpery, should have thought his employment about such things, and the possession and keeping of them, a happy and blessed work, would any one have imitated this foolish providence and empty care? Yet this is the beauty, gravity, and happiness of the Stoical consent, being nothing else but a gathering together and keeping of useless and indifferent things. For such are things according to Nature, and more exterior things; if indeed they compare the greatest riches to fringes and golden chamberpots, and sometimes also, as it happens, to oil-cruets. Then, as those who seem proudly to have affronted and railed at some gods or demigods presently changing their note, fall prostrate and sit humbly on the ground, praising and magnifying the Divinity; so these men, having met with punishment of this arrogancy and vanity, again exercise themselves in these indifferent things and such as pertain nothing to them, crying out with a loud voice that there is only one thing good, specious, and honorable, the storing up of these things and the communication of them, and that it is not meet for those to live who have them not, but to despatch out of the way and famish themselves, bidding a long farewell to virtue.

They esteem indeed Theognis to have been a man altogether of a base and abject spirit, for saying, as one overfearful in regard to poverty, which is an indifferent thing: —

From poverty to fly, into the deep
Throw thyself, Cyrnus, or from rocks so steep.

Yet they themselves exhort the same thing in prose, and affirm that a man, to free himself from some great disease or exceedingly acute pain, if he have not at hand sword or hemlock, ought to leap into the sea or throw himself headlong from a precipice; neither of which is hurtful, or evil, or incommodious, or makes them who fall into it miserable.

With what, then, says he, shall I begin? And what shall I take for the principle of duty and matter of virtue, leaving Nature and that which is according to Nature?

With what, O good sir, do Aristotle and Theophrastus begin? What beginnings do Xenocrates and Polemo take? Does not also Zeno follow these, who hold Nature and that which is according to Nature to be the elements of happiness? But they indeed persisted in these things, as desirable, good, and profitable; and joining to them virtue, which employs them and uses every one of them according to its property, thought to complete and consummate a perfect life and one every way absolute, producing that concord which is truly suitable and consonant to Nature. For these men did not run into confusion, like those who leap up from the ground and presently fall down again upon it, terming the same things acceptable and not desirable, proper and not good, unprofitable and yet useful, nothing to us and yet the principles of duties. But their life was such as their speech, and they exhibited actions suitable and consonant to their sayings. But they who are of the Stoic sect — not unlike to that woman in Archilochus, who deceitfully carried in one hand water, in the other fire — by some doctrines draw Nature to them, and by others drive her from them. Or rather, by their deeds and actions they embrace those things which are according to Nature, as good and desirable, but in words and speeches they reject and contemn them, as indifferent and of no use to virtue for the acquiring felicity.

Now, forasmuch as all men esteem the sovereign good to be joyous, desirable, happy, of the greatest dignity, self-sufficient, and wanting nothing; compare their good, and see how it agrees with this common conception. Does the stretching out a finger prudently produce this joy? Is a prudent torture a thing desirable? Is he happy, who with reason breaks his neck? Is that of the greatest dignity, which reason often chooses to let go for that which is not good? Is that perfect and self-sufficient, by enjoying which, if

they possess not too indifferent things, they neither can nor will endure to live? There is also another tenet of the Stoics, by which custom is still more injured, taking and plucking from her genuine notions, which are as her legitimate children, and supposing other bastardly, wild, and illegitimate ones in their room, and necessitating her to nourish and cherish the one instead of the other; and that too in those principles which concern things good and bad, desirable and avoidable, proper and strange, the energy of which ought to be more clearly distinguished than that of hot and cold, black and white. For the imaginations of these things are brought in by the senses from without; but those have their original bred from the good things which we have within us. But these men entering with their logic upon the topic of felicity, as on the sophism called Pseudomenos, or that named Kyrieuon, have removed no ambiguities, but brought in very many.

Indeed, of two good things, of which the one is the end and the other belongs to the end, none is ignorant that the end is the greater and perfecter good. Chrysippus also acknowledges this difference, as is manifest from his Third Book of Good Things. For he dissents from those who make science the end, and sets it down. . . . In his Treatise of Justice, however, he does not think that justice can be preserved, if any one makes pleasure to be the end; but allows it may, if pleasure is not said to be the end, but simply a good. Nor do I think that you need now to hear me repeat his words, since his Third Book of Justice is everywhere to be had. When, therefore, O my friend, they elsewhere say that no one good is greater or less than another, and that what is not the end is equal to the end, they contradict not only the common conceptions, but even their own words. Again, if of two evils, the one when it is present renders us worse, and the other hurts us but renders us not worse, it is against reason not to say that the evil which by its presence renders us worse is greater than that which hurts us but renders us not worse. Now Chrysippus indeed confesses, that there are some fears and sorrows and errors which hurt us, but render us not worse. Read his First Book of Justice against Plato; for in respect of other things, it is worth the while to note the babbling of the man in that place, expounding indifferently all matters and doctrines, as well proper to his own sect as foreign to it.

It is likewise against common sense when he says that there may be two ends or scopes proposed of life, and that all the things we do are not to be referred to one; and yet this is more against common sense, to say that there is an end, and yet that every action is to be referred to another. Nevertheless

they must of necessity endure one of these. For if those things which are first according to Nature are not eligible for themselves, but the choice and taking of them agreeably to reason is, and if every one therefore does all his actions for the acquiring the first things according to Nature, then all things which are done must have their reference to this, that the principal things according to Nature may be obtained. But they think that they who aim and aspire to get these things do not have the things themselves as the end, but that to which they must make reference, namely, the choice and not the things. For the end indeed is to choose and receive these things prudently. But the things themselves and the enjoying of them are not the end, but the material ground, having its value only from the choice. For it is my opinion that they both use and write this very expression, to show the difference.

LAMPRIAS. You have exactly related both what they say and in what manner they deliver it.

DIADUMENUS. But observe how it fares with them, as with those that endeavor to leap over their own shadow; for they do not leave behind, but always carry along with them in their speech some absurdity most remote from common sense. For as, if any one should say that he who shoots does all he can, not that he may hit the mark, but that he may do all he can, such a one would rightly be esteemed to speak enigmatically and prodigiously; so these doting dreamers, who contend that the obtaining of natural things is not the end of aiming after natural things, but the taking and choosing them is, and that the desire and endeavor after health is not in every one terminated in the enjoyment of health, but on the contrary, the enjoyment of health is referred to the desire and endeavor after it, and that certain walkings and contentions of speech and suffering incisions and taking of medicines, so they are done by reason, are the end of health, and not health of them, they, I say, trifle like to those who say, Let us sup, that we may offer sacrifice, that we may bathe. But this rather changes order and custom, and all things which these men say carry with them the total subversion and confusion of affairs. Thus, we do not desire to take a walk in fit time that we may digest our meat; but we digest our meat that we may take a walk in fit time. Has Nature also made health for the sake of hellebore, instead of producing hellebore for the sake of health? For what is wanting to bring them to the highest degree of speaking paradoxes, but the saying of such things? What difference is there between him who says that health was made for the sake of medicines and not medicines for the sake of health, and him who makes the choice of medicines

and their composition and use more desirable than health itself? — or rather who esteems health not at all desirable, but placing the end in the negotiation about these things, prefers desire to enjoyment, and not enjoyment to desire? For to desire, forsooth (they affirm), is joined the proceeding wisely and discreetly. It is true indeed, we will say, if respect be had to the end, that is, the enjoyment and possession of the things it pursues; but otherwise, it is wholly void of reason, if it does all things for the obtaining of that the enjoyment of which is neither honorable nor happy.

Now, since we are fallen upon this discourse, anything may rather be said to agree with common sense, than that those who have neither received nor have any conception of good do nevertheless desire and pursue it. For you see how Chrysippus drives Ariston into this difficulty, that he should understand an indifference in things inclining neither to good nor to bad, before either good or bad is itself understood; for so indifference will appear to have subsisted even before itself, if the understanding of it cannot be perceived unless good be first understood, while the good is nothing else than this very indifference. Understand now and consider this indifference which the Stoa refutes and calls consent, whence and in what manner it gives us the knowledge of good. For if without good the indifference to that which is not good cannot be understood, much less does the knowing of good things give any intelligence of itself to those who had not before some notion of the good. But as there can be no knowledge of the art of things wholesome and unwholesome in those who have not first some knowledge of the things themselves; so they cannot conceive any notion of the science of good and evil who have not some fore-knowledge of good and evil.

LAMPRIAS. What then is good? DIADUMENUS. Nothing but prudence. LAMPRIAS. And what is prudence? DIADUMENUS. Nothing but the science of good.

LAMPRIAS. There is much then of “Jupiter’s Corinth” (that is, much begging the question) admitted into their reasoning. For I would have you let alone the saying about the turning of the pestle, lest you should seem to mock them; although an accident like to that has insinuated itself into their discourse. For it seems that, to the understanding of good, one has need to understand prudence, and to seek for prudence in the understanding of good, being forced always to pursue the one by the other, and thus failing of both; since to the understanding of each we have need of that which cannot be known without the other be first understood.

DIADUMENUS. But there is yet another way, by which you may perceive not only the perversion but the eversion of their discourse, and the reduction of it entirely to nothing. They hold the essence of good to be the reasonable election of things according to Nature. Now the election is not reasonable which is not directed to some end, as has been said before. What, then, is this end? Nothing else, say they, but to reason rightly in the election of things according to Nature. First, then, the conception of good is lost and gone. For to reason rightly in election is an operation proceeding from an habit of right reasoning, and therefore being constrained to get this from the end; and the end not without this, we fail of understanding either of them. Besides, which is more, this reasonable election ought strictly to be a choice of things good and useful, and cooperating to the end; for how can it be reasonable to choose things which are neither convenient nor honorable nor at all eligible? For be it, as they say, a reasonable election of things having a fitness for the causing felicity; see then to what a beautiful and solemn conclusion their discourse brings them. For the end is (it seems), according to them, to reason rightly in the choice of things which are useful in causing us to reason rightly.

LAMPRIAS. When I hear these words, my friend, what is laid down seems to me strangely extravagant; and I farther want to know how this happens.

DIADUMENUS. You must then be more attentive; for it is not for every one to understand this riddle. Hear therefore and answer. Is not the end, according to them, to reason rightly in the election of things according to Nature?

LAMPRIAS. So they say.

DIADUMENUS. And are these things according to Nature chosen as good, or as having some fitness or preferences . . . either for this end or for something else?

LAMPRIAS. I think not for anything else but for this end.

DIADUMENUS. Now, then, having discovered the matter, see what befalls them. They affirm that the end is to reason rightly in the selection of things which are of value in causing us to reason rightly, for they say that we neither have nor understand any other principle either of good or of felicity but this precious rectitude of reasoning in the election of things that are of worth. But there are some who think that this is spoken against Antipater, and

not against the whole sect; for that he, being pressed by Carneades, fell into these fooleries.

But as for those things that are against the common conceptions taught in the Stoa concerning love, they are all of them concerned in the absurdity. They say youths are deformed who are vicious and foolish, and that the wise are fair; and yet that none of these beautiful ones is either beloved or worthy of being beloved. Nor yet is this the worst; but they add, that those who love the deformed ones cease to do so when they are become fair. Now whoever knew such a love as is kindled and has its being at the sight of the body's deformity joined with that of the soul, and is quenched and decays at the accession of beauty joined with prudence, justice, and temperance? These men are not unlike to those gnats which love to settle on the dregs of wine, or on vinegar, but shun and fly away from potable and pleasant wine. As for that which they call and term an appearance of beauty, saying that it is the inducement of love, — first, it has no probability, for in those who are very foul and highly wicked there cannot be an appearance of beauty, if indeed (as is said) the wickedness of the disposition fills the face with deformity. And secondly, it is absolutely against all common experience for the deformed to be worthy of love because he one day will be fair and expects to have beauty, but that when he has got it and is become fair and good, he is to be beloved of none.

LAMPRIAS. Love, they say, is a certain hunting after a young person who is as yet indeed undeveloped, but naturally well disposed towards virtue.

DIADUMENUS. And what do we now else, O my best friend, but demonstrate that their sect perverts and destroys all our common conceptions with improbable things and unusual expressions? For none would hinder the solicitude of these wise men towards young persons, if it were free from all passionate affection, from being named hunting or love of instruction; but they ought to call love what all men and women understand and call by this name, like that which Penelope's suitors in Homer seem to acknowledge,

Who all desired to lie with her;
("Odyssey," i. 366)

or as Jupiter in another place says to Juno,

For neither goddess yet nor mortal dame
E’er kindled in my heart so great a flame.
(“Iliad.” xiv. 315.)

Thus casting moral philosophy into these matters, in which all is

A mazy whirl, with nothing sound, and all perplexed,
(Euripides, “Andromache,” 448.)

they contemn and deride it, as if boasting themselves to be the only men who observe nature and custom as it ought to be, and who at the same time adapted reason to each man by means of aversions, desires, appetites, pursuits, and impulses. But custom has received no good from their logic, but, like the ear diseased by vain sounds, is filled with difficulty and obscurity, — of which, if you think good, we will elsewhere begin a new discourse. But now we will run through the chief and principal heads of their natural philosophy, which no less confounds the common conceptions than that other concerning ends. ============= First, this is altogether absurd and against sense, to say that is which is not, and things which are not are. But above all that is most absurd which they say of the universe. For, putting round about the circumference of the world an infinite vacuum, they say that the universe is neither a body nor bodiless. It follows then from this that the universe has no being, since with them body only has a being. Since therefore it is the part of that which has a being both to do and suffer, and the universe has no being, it follows that the universe will neither do nor suffer. Neither will it be in a place; for that which takes up place is a body, and the universe is not a body, therefore the universe exists nowhere. And since that only rests which continues in one and the same place, the universe rests not, because it takes not up place. Neither yet is it moved, for what is moved must have a place and space in which to move. Moreover, what is moved either moves itself, or suffers motion from another. Now, that which is moved by itself has some bents and inclinations proceeding from its gravity or levity; and gravity and levity are either certain habits or faculties or differences of bodies. But the universe is not a body. It follows then of necessity, that the universe is neither, heavy nor light, and consequently, that it has not in itself any principle of motion. Nor yet will the universe be moved by any other; for there is nothing else besides the universe. Thus are they necessitated to say as

they do, that the universe neither rests nor is moved. Lastly since according to their opinion it must not be said that the universe is a body, and yet the heaven, the earth, animals, plants, men, and stones are bodies, it follows that that which is no body will have bodies for its parts, and things which have existence will be parts of that which has no existence, and that which is not heavy will have parts that are heavy, and what is not light will have parts that are light; — than which there cannot be any dreams imagined more repugnant to the common conceptions.

Moreover, there is nothing so evident or so agreeing to common sense as this, that what is not animate is inanimate, and what is not inanimate is animate. And yet they overthrow also this evidence, confessing the universe to be neither animate nor inanimate. Besides this, none thinks the universe, of which there is no part wanting to be imperfect; but they deny the universe to be perfect, saying that what is perfect may be defined, but the universe because of its infiniteness cannot be defined. Therefore, according to them, there is something which is neither perfect nor imperfect. Moreover, the universe is neither a part, since there is nothing greater than it; nor the whole, for the whole (they say) is predicated only of that which is digested into order; but the universe is, through its infiniteness, undetermined and unordered. Moreover, there is no other thing which can be the cause of the universe, there being nothing besides the universe; nor is the universe the cause of other things or even of itself; for its nature suffers it not to act, and a cause is understood by its acting. Suppose, now, one should ask all men what they imagine NOTHING to be, and what notion they have of it. Would they not answer, that it neither is a cause nor has a cause, that it is neither the whole nor a part that it is neither perfect nor imperfect, that it is neither animate nor inanimate, that it neither is moved nor rests nor subsists, that it is neither corporeal nor incorporeal; and that this and no other thing is meant by NOTHING? Since, then, they alone predicate that of the universe which all others do of NOTHING, it seems plain that they make the universe and NOTHING to be the same. Time must then be said to be nothing; the same also must be said of predicate, axiom, junction, conjunction, which terms they use more than any of the other philosophers, yet they say that they have no existence. But farther, to say that what is true has no being or subsistence but is comprehended, and that that is comprehensible and credible which no way partakes of the essence of being, — does not this exceed all absurdity?

But lest these things should seem to have too much of logical difficulty, let us proceed to such as pertain more to natural philosophy. Since, then, as themselves say,

Jove is of all beginning, midst, and end,
(See “Orphic Fragments,” vi. 10 (Herm.).)

they ought chiefly to have applied themselves to remedy, redress, and reduce to the best order the conceptions concerning the gods, if there were in them anything confused or erroneous; or if not, to have left every one in those sentiments which they had from the laws and custom concerning the Divinity:-

For neither now nor yesterday
But always these things lived,
No one knows from whence they came.
(Sophocles, “Antigone,” 456.)

But these men, having begun (as it were) “from Vesta” to disturb the opinions settled and received in every country concerning the gods, have not (to speak sincerely) left anything entire and uncorrupted. For what man is there or ever was, except these, who does not believe the Divinity to be immortal and eternal? Or what in the common anticipations is more unanimously chanted forth concerning the gods than such things as these: —

There the blest gods eternally enjoy
Their sweet delights;
(“Odyssey,” vi. 46.)

and again,

Both gods immortal, and earth-dwelling men;
(“Iliad,” v. 442.)

and again,

Exempt from sickness and old age are they,
And free from toil, and have escaped the stream

Of roaring Acheron?
(From Pindar.)

One may perhaps light upon some nations so barbarous and savage as not to think there is a God; but there was never found any man who, believing a God, did not at the same time believe him immortal and eternal. Certainly, those who were called Atheists, like Theodorus, Diagoras, and Hippo, durst not say that the Divinity is corruptible, but they did not believe that there is anything incorruptible; not indeed admitting the subsistence of an incorruptibility, but keeping the notion of a God. But Chrysippus and Cleanthes, having filled (as one may say) heaven, earth, air, and sea with gods, have not yet made any one of all these gods immortal or eternal, except Jupiter alone, in whom they consume all the rest; so that it is no more suitable for him to consume others than to be consumed himself. For it is alike an infirmity to perish by being resolved into another, and to be saved by being nourished by the resolution of others into himself. Now these are not like other of their absurdities, gathered by argument from their suppositions or drawn by consequence from their doctrines; but they themselves proclaim it aloud in their writings concerning the gods, Providence, Fate, and Nature, expressly saying that all the other gods were born, and shall die by the fire, melting away, in their opinion, as if they were of wax or tin. It is indeed as much against common sense that God should be mortal as the man should be immortal; nay, indeed, I do not see what the difference between God and man will be, if God also is a reasonable and corruptible animal. For if they oppose us with this subtle distinction, that man is mortal, and God not mortal but corruptible, see what they get by it. For they will say either that God is at the same time both immortal and corruptible, or else that he neither is mortal nor immortal; the absurdity of which even those cannot exceed who set themselves industriously to devise positions repugnant to common sense. I speak of others; for these men have left no one of the absurdest things unspoken or unattempted.

To these things Cleanthes, contending for the conflagration of the world, says, that the sun will make the moon and all the other stars like to himself, and will change them into himself. Indeed, if the stars, being gods, should contribute anything to the sun towards their own destruction by adding to its conflagration, it would be very ridiculous for us to make prayers to them for

our salvation, and to think them the saviours of men, whose nature it is to accelerate their own corruption and dissolution.

And yet these men leave nothing unsaid against Epicurus, crying out, Fie, fie upon him, as confounding their presumption concerning God by taking away Providence; for God (they say) is presumed and understood to be not only immortal and happy, but also a lover of men and careful of them and beneficial to them, and herein they say true. Now if they who abolish Providence take away the preconception concerning God, what do they who say that the gods indeed have care of us, but deny them to be helpful to us, and make them not bestowers of good things but of indifferent ones, giving, to wit, not virtue, but wealth, health, children, and such like things, none of which is helpful, profitable, desirable, or available? Or shall we not rather think, that Epicurus does not take away the conceptions concerning the gods; but that these Stoics scoff at the gods and deride them, saying one is a god of fruits, another of marriage, another a physician, and another a diviner, while yet health, issue, and plenty of fruits are not good things, but indifferent things and unprofitable to those who have them?

The third point of the conception concerning the gods is, that the gods do in nothing so much differ from men as in happiness and virtue. But according to Chrysippus, they have not so much as this difference. For he says that Jupiter does not exceed Dion in virtue, but that Jupiter and Dion, being both wise, are equally aided by one another, when one comes into the motion of the other. For this and none else is the good which the gods do to men, and likewise men to the gods when they are wise. For they say, that a man who falls not short in virtue comes not behind them in felicity, and that he who, tormented with diseases and being maimed in the body, makes himself away, is equally happy with Jupiter the Saviour, provided he be but wise. But this man neither is nor ever was upon the earth; but there are infinite millions of men unhappy to the highest degree in the state and government of Jupiter, which is most excellently administered. Now what can be more against sense than that, when Jupiter governs exceedingly well, we should be exceedingly miserable? But if (which it is unlawful even to say) he would desire no longer to be a saviour, nor a deliverer, nor a protector, but the contrary to all these glorious appellations, there can no goodness be added to the things that are, either as to their multitude or magnitude, since, as these men say, all men live to the height miserably and wickedly, neither vice receiving addition, nor unhappiness increase.

Nor is this the worst; but they are angry with Menander for saying upon the stage,

The chief beginning of men’s miseries
Are things exceeding good;

for that this is against sense. And yet they make God, who is good, the beginning of evils. “For matter,” they contend, “produced not any evil of itself; for it is without quality, and whatever differences it has, it has received them all from that which moves and forms it.” But that which moves and forms it is the reason dwelling in it, since matter is not made to move and form itself. So that of necessity evil, if it come by nothing, must have been produced from that which has no being; but if by some moving principle, from God. But if they think that Jupiter has not the command of his parts nor uses every one of them according to his reason, they speak against common sense, and imagine an animal, many of whose parts are not subservient to his will but use their own operations and actions, to which the whole gives no incitation nor begins their motion. For there is nothing which has life so ill compacted as that, against its will, its feet shall go, its tongue speak, its horns push, or its teeth bite. The most of which things God must of necessity suffer, if the wicked, being parts of him, do against his will lie, cheat, rob, and murder one another. But if, as Chrysippus says, the very least part cannot possibly behave itself otherwise than according to Jupiter’s pleasure, and if every living thing is so framed by Nature as to rest and move according as he inclines it and as he turns, stays, and disposes it,

This saying is more impious than the first.
(See Nauck’s “Tragic Fragments,” p. 704 (No. 345).)

For it were more tolerable to say that many parts of Jupiter are, through his weakness and want of power, hurried on to do many absurd things against his nature and will, than that there is not any intemperance or wickedness of which Jupiter is not the cause. Moreover, since they affirm the world to be a city and the stars citizens, if this be so, there must be also tribes-men and magistrates, the sun must be some consul, and the evening star a praetor or mayor of a city. Now I know not whether any one that shall go about to disprove such things will not show himself more ridiculous than those who assert and affirm them.

Is it not therefore against sense to say that the seed is more and greater than that which is produced of it? For we see that Nature in all animals and plants, even those that are wild, has taken small, slender, and scarce visible things for principles of generation to the greatest. For it does not only from a grain of wheat produce an ear-bearing stalk, or a vine from the stone of a grape; but from a small berry or acorn which has escaped being eaten by the bird, kindling and setting generation on fire (as it were) from a little spark, it sends forth the stock of a bush, or the tall body of an oak, palm, or pine tree. Whence also they say that seed is in Greek called [Greek omitted], as it were, the [Greek omitted] or the WINDING UP of a great mass in a little compass; and that Nature has the name of [Greek omitted], as if it were the INFLATION [Greek omitted] and diffusion of reason and numbers opened and loosened by it. But now, in opposition to this, they hold that fire is the seed of the world, which shall after the conflagration change into seed the world, which will then have a copious nature from a smaller body and bulk, and possess an infinite space of vacuum filled by its increase; and the world being made, the form again recedes and settles, the matter being after the generation gathered and contracted into itself.

You may hear them and read many of their writings, in which they jangle with the Academics, and cry out against them as confounding all things with their paradox of indistinguishable identity, and as vehemently contending that there is but one quality in two substances. And yet there is no man who understands not this, and would not on the contrary think it wonderful and extremely strange if there should not in all time be found one kind of dove exactly and in all respects like to another dove, a bee to a bee, a grain of wheat to a grain of wheat, or (as the proverb has it) one fig to another. But these things are plainly against common sense which the Stoics say and feign, — that there are in one substance two individual qualities, and that the same substance, which has particularly one quality, when another quality is added, receives and equally conserves them both. For if there may be two, there may be also three, four, and five, and even more than you can name, in one and the same substance; I say not in its different parts, but all equally in the whole, though even infinite in number. For Chrysippus says, that Jupiter and the world are like to man, as is also Providence to the soul; when therefore the conflagration shall be, Jupiter, who alone of all the gods is incorruptible, will retire into Providence, and they being together, will both perpetually remain in the one substance of the ether.

But leaving now the gods, and beseeching them to give these Stoics common sense and a common understanding, let us look into their doctrines concerning the elements. It is against the common conceptions that one body should be the place of another, or that a body should penetrate through a body, neither of them containing any vacuity, but the full passing into the full, and in which there is no vacuity — but is full and has no place by reason of its continuity — receiving the mixture. But these men, not thrusting one thing into one, nor yet two or three or ten together, but jumbling all the parts of the world, being cut piecemeal, into any one thing which they shall first light on, and saying that the very least which is perceived by sense will contain the greatest that shall come unto it, boldly frame a new doctrine, proving themselves here, as in many other things, to be holding for their suppositions things repugnant to common sense. And presently upon this they are forced to admit into their discourse many monstrous and strange positions, mixing whole bodies with whole; of which this also is one, that three are four. For this others put as an example of those things which cannot be conceived even in thought. But to the Stoics it is a matter of truth, that when one cup of wine is mixed with two of water, if it is not to disappear and if the mixture is to be equalized, it must be spread through the whole and be confounded therewith, so as to make that which was one two by the equalization of the mixture. For the one remains, but is extended as much as two, and thus is equal to the double of itself. Now if it happens in the mixture with two to take the measure of two in the diffusion, this is together the measure both of three and four, — of three because one is mixed with two, and of four because, being mixed with two, it has an equal quantity with those with which it is mixed. Now this fine subtilty is a consequence of their putting bodies into a body, and so likewise is the unintelligibleness of the manner how one is contained in the other. For it is of necessity that, of bodies passing one into another by mixture, the one should not contain and the other be contained, nor the one receive and the other be received within; for this would not be a mixture, but a contiguity and touching of the superficies, the one entering in, and the other enclosing it without, and the rest of the parts remaining unmixed and pure, and so it would be merely many different things. But there being a necessity, according to their axiom of mixture, that the things which are mixed should be mingled one within the other, and that the same things should together be contained by being within, and by receiving contain the other, and that neither of them could possibly exist

again as it was before, it comes to pass that both the subjects of the mixture mutually penetrate each other, and that there is not any part of either remaining separate, but that they are necessarily all filled with each other.

Here now that famed leg of Arcesilaus comes in, with much laughter insulting over their absurdities; for if these mixtures are through the whole, what should hinder but that, a leg being cut off and putrefied and cast into the sea and diffused, not only Antigonus's fleet (as Arcesilaus said) might sail through it, but also Xerxes's twelve hundred ships, together with the Grecians' three hundred galleys, might fight in it? For the progress will not henceforth fail, nor the lesser cease to be in the greater; or else the mixture will be at an end, and the extremity of it, touching where it shall end, will not pass through the whole, but will give over being mingled. But if the mixture is through the whole, the leg will not indeed of itself give the Greeks room for the sea-fight, for to this there is need of putrefaction and change; but if one glass or but one drop of wine shall fall from hence into the Aegean or Cretan Sea, it will pass into the Ocean or main Atlantic Sea, not lightly touching its superficies, but being spread quite through it in depth, breadth, and length. And this Chrysippus admits, saying immediately in his First Book of Natural Questions, that there is nothing to hinder one drop of wine from being mixed with the whole sea. And that we may not wonder at this, he says that this one drop will by mixtion extend through the whole world; than which I know not anything that can appear more absurd.

And this also is against sense, that there is not in the nature of bodies anything either supreme or first or last, in which the magnitude of the body may terminate; but that there is always some phenomenon beyond the body, still going on which carries the subject to infinity and undeterminateness. For one body cannot be imagined greater or less than another, if both of them may by their parts proceed IN INFINITUM; but the nature of inequality is taken away. For of things that are esteemed unequal, the one falls short in its last parts, and the other goes on and exceeds. Now if there is no inequality, it follows that there is no unevenness nor roughness of bodies; for unevenness is the inequality of the same superficies with itself, and roughness is an unevenness joined with hardness; neither of which is left us by those who terminate no body in its last part, but extend them all by the multitude of their parts unto an infinity. And yet is it not evident that a man consists of more parts than a finger, and the world of more than a man? This indeed all men know and understand, unless they become Stoics; but if they are once Stoics,

they on the contrary say and think that a man has no more parts than a finger, nor the world than a man. For division reduces bodies to an infinity; and of infinites neither is more or less or exceeds in multitude, or the parts of the remainder will cease to be divided and to afford a multitude of themselves.

LAMPRIAS. How then do they extricate themselves out of these difficulties?

DIADUMENUS. Surely with very great cunning and courage. For Chrysippus says: “If we are asked, if we have any parts, and how many, and of what and how many parts they consist, we are to use a distinction, making it a position that the whole body is compacted of the head, trunk, and legs, as if that were all which is inquired and doubted of. But if they extend their interrogation to the last parts, no such thing is to be undertaken, but we are to say that they consist not of any certain parts, nor yet of so many, nor of infinite, nor of finite.” And I seem to myself to have used his very words, that you may perceive how he maintains the common notions, forbidding us to think of what or how many parts every body is compacted, and whether of infinite or finite. For if there were any medium between finite and infinite, as the indifferent is between good and evil, he should, by telling us what that is, have solved the difficulty. But if — as that which is not equal is presently understood to be unequal, and that which is not mortal to be immortal — we also understand that which is not finite to be immediately infinite, to say that a body consists of parts neither finite nor infinite is, in my opinion, the same thing as to affirm that an argument is compacted of positions neither true nor false. . . .

To this he with a certain youthful rashness adds, that in a pyramid consisting of triangles, the sides inclining to the juncture are unequal, and yet do not exceed one another in that they are greater. Thus does he keep the common notions. For if there is anything greater and not exceeding, there will be also something less and not deficient, and so also something unequal which neither exceeds nor is deficient; that is, there will be an unequal thing equal, a greater not greater, and a less not less. See it yet farther, in what manner he answered Democritus, inquiring philosophically and to the point, if a cone is divided by a plane parallel with its base, what is to be thought of the superficies of its segments, whether they are equal or unequal; for if they are unequal, they will render the cone uneven, receiving many steplike incisions and roughnesses; but if they are equal, the sections will be equal, and the cone will seem to have the same qualities as the cylinder, to wit, to be

composed not of unequal but of equal circles; which is most absurd. Here, that he may convince Democritus of ignorance, he says, that the superficies are neither equal or unequal, but that the bodies are unequal, because the superficies are neither equal nor unequal. Indeed to assert this for a law, that bodies are unequal while the superficies are not unequal, is the part of a man who takes to himself a wonderful liberty of writing whatever comes into his head. For reason and manifest evidence, on the contrary, give us to understand, that the superficies of unequal bodies are unequal, and that the bigger the body is, the greater also is the superficies, unless the excess, by which it is the greater, is void of a superficies. For if the superficies of the greater bodies do not exceed those of the less, but sooner fail, a part of that body which has an end will be without an end and infinite. For if he says that he is compelled to this. For those rabbeted incisions, which he suspects in a cone, are made by the inequality of the body, and not of the superficies. It is ridiculous therefore not to reckon the superficies, and to leave the inequality in the bodies themselves. But to persist still in this matter, what is more repugnant to sense than the imagining of such things? For if we admit that one superficies is neither equal nor unequal to another, we may say also of magnitude and of number, that one is neither equal nor unequal to another; and this, not having anything that we can call or think to be a neuter or medium between equal and unequal. Besides, if there are superficies neither equal nor unequal, what hinders but there may be also circles neither equal nor unequal? For indeed these superficies of conic sections are circles. And if circles, why may not also their diameters be neither equal nor unequal? And if so, why not also angles, triangles, parallelograms, parallelopipeds, and bodies? For if the longitudes are neither equal nor unequal to one another, so will the weight, percussion, and bodies be neither equal nor unequal. How then dare these men inveigh against those who introduce vacuums, and suppose that there are indivisible atoms, and who say that motion and rest are not incompatible with each other, when they themselves affirm such axioms as these to be false: If any things are not equal to one another, they are unequal to one another; and the same things are not equal and unequal to one another? But when he says that there is something greater and yet not exceeding, it were worth the while to ask, whether these things quadrate with one another. For if they quadrate, how is either the greater? And if they do not quadrate, how can it be but the one must exceed and the other fall short? For if neither of these are true, the other both will and will not quadrate with

the greater. For those who keep not the common conceptions must of necessity fall into such perplexities.

It is moreover against sense to say that nothing touches another; nor is this less absurd, that bodies touch one another, but touch by nothing. For they are necessitated to admit these things, who allow not the least parts of a body, but assume something before that which appears to touch, and never ceases to proceed still farther. What, therefore, these men principally object to the patrons of those indivisible bodies called atoms is this, that there is neither a touching of the whole by the whole, nor of the parts by the parts; for that the one makes not a touching but a mixture, and that the other is not possible, these individuals having no parts. How then do not they themselves fall into the same inconvenience, leaving no first or last part, whilst they say, that whole bodies mutually touch one another by a term or extremity and not by a part? But this term is not a body; therefore one body shall touch one another by that which is incorporeal, and again shall not touch, that which is incorporeal coming between them. And if it shall touch, the body shall both do and suffer something by that which is incorporeal. For it is the nature of bodies mutually to do and suffer, and to touch. But if the body has a touching by that which is incorporeal, it will have also a contact, and a mixture, and a coalition. Again, in these contacts and mixtures the extremities of the bodies must either remain, or not remain but be corrupted. Now both of these are against sense. For neither do they themselves admit corruptions and generations of incorporeal things; nor can there be a mixture and coalition of bodies retaining their own extremities. For the extremity determines and constitutes the nature of the body; and mixtions, unless the mutual laying of parts by parts are thereby understood, wholly confound all those that are mixed. And, as these men say, we must admit the corruption of extremities in mixtures, and their generation again in the separation of them. But this none can easily understand. Now by what bodies mutually touch each other, by the same they press, thrust, and crush each other. Now that this should be done or take place in things that are incorporeal, is impossible and not so much as to be imagined. But yet this they would constrain us to conceive. For if a sphere touch a plane by a point, it is manifest that it may be also drawn over the plane upon a point; and if the superficies of it is painted with vermilion, it will imprint a red line on the plane; and if it is fiery hot, it will burn the plane. Now for an incorporeal thing to color, or a body to be burned by that which is incorporeal, is against sense. But if we should imagine an earthen or glassy

sphere to fall from on high upon a plane of stone, it were against reason to think it would not be broken, being struck against that which is hard and solid; but it would be more absurd that it should be broken, falling upon an extremity or point that is incorporeal. So that the presumptions concerning things incorporeal and corporeal are wholly disturbed, or rather taken away, by their joining to them many impossibilities.

It is also against common sense, that there should be a time future and past, but no time present; and that EREWHILE and LATELY subsist, but NOW is nothing at all. Yet this often befalls the Stoics, who admit not the least time between, nor will allow the present to be indivisible; but whatsoever any one thinks to take and understand as present, one part of that they say to be future, and the other part past; so that there is no part remaining or left of the present time: but of that which is said to be present, one part is distributed to the future, the other to the past. Therefore one of these two things follows: either that, holding there was a time and there will be a time, we must deny there is a time; or we must hold that there is a time present, part of which has already been and part will be, and say that of that which now is, one part is future and the other past; and that of NOW, one part is before and the other behind; and that now is that which is neither yet now nor any longer NOW; for that which is past is no longer now, and that which is to come is not yet NOW. And dividing thus the present, they must needs say of the year and of the day, that part of it was of the year or day past, and part will be of the year or day to come; and that of what is together, there is a part before and a part after. For no less are they perplexed, confounding together these terms, NOT YET and ALREADY and NO LONGER and NOW and NOT NOW. But all other men suppose, esteem, and think EREWHILE and AWHILE HENCE to be different parts of time from NOW, which is followed by the one and preceded by the other. But Archedemus, saying that now is the beginning and juncture of that which is past and that which is near at hand, has (as it seems) without perceiving it thereby destroyeth all time. For if NOW is no time, but only a term or extremity of time, and if every part of time is such as now, all time seems to have no parts, but to be wholly dissolved into terms, joints, and beginnings. But Chrysippus, desiring to show more artifice in his division, in his book of Vacuity and some others, says, that the past and future time are not, but have subsisted (or will subsist), and that the present only is; but in his third, fourth, and fifth books concerning Parts, he asserts, that of the present time one part is past,

the other to come. Thus it comes to pass, that he divides subsisting time into non-subsisting parts of a subsisting total, or rather leaves nothing at all of time subsisting, if the present has no part but what is either future or past.

These men's conception therefore of time is not unlike the grasping of water, which, the harder it is held, all the more slides and runs away. As to actions and motions, all evidence is utterly confounded. For if NOW is divided into past and future, it is of necessity that what is now moved partly has been moved and partly shall be moved, that the end and beginning of motion have been taken away, that nothing of any work has been done first, nor shall anything be last, the actions being distributed with time. For as they say that of present time, part is past and part to come; so of that which is doing, it will be said that part is done and part shall be done. When therefore had TO DINE, TO WRITE, TO WALK, a beginning, and when shall they have an end, if every one who is dining has dined and shall dine, and every one who is walking has walked and shall walk? But this is, as it is said, of all absurdities the most absurd, that if he who now lives has already lived and shall live, then to live neither had beginning nor shall have end; but every one of us, as it seems, was born without commencing to live, and shall die without ceasing to live. For if there is no last part, but he who lives has something of the present still remaining for the future, to say "Socrates shall live" will never be false so long as it shall be true to say "Socrates lives"; and so long also will it be false to say "Socrates is dead." So that, if "Socrates shall live" is true in infinite parts of time, it will in no part of time be true to say "Socrates is dead." And verily what end will there be of a work, and where will you terminate an action, if, as often as it is true to say "This is doing," it is likewise true to say "This shall be doing"? For he will lie who shall say, there will be an end of Plato's writing and disputing; since Plato will never give over writing and disputing, if it is never false to say of him who disputes that he shall dispute, and of him who writes that he shall write. Moreover, there will be no part of that which now is, but either has been or is to be, and is either past or future; but of what has been and is to be, of past and future, there is no sense; wherefore there is absolutely no sense of anything. For we neither see what is past and future, nor do we hear or have any other sense of what has been or is to be. Nothing, then, even what is present, is to be perceived by sense, if of the present, part is always future and part past, — if part has been and part is to be.

Now they indeed say, that Epicurus does intolerable things and violates the conceptions, in moving all bodies with equal celerity, and admitting none of them to be swifter than another. And yet it is much more intolerable and farther remote from sense, that nothing can be overtaken by another: —

Not though Adrastus's swift-footed steed
Should chase the tortoise slow,

as the proverb has it. Now this must of necessity fall out, if things move according to PRIUS and POSTERIUS, and the intervals through which they pass are (as these men's tenet is) divisible IN INFINITUM; for if the tortoise is but a furlong before the horse, they who divide this furlong in infinitum, and move them both according to PRIUS and POSTERIUS, will never bring the swiftest to the slowest; the slower always adding some interval divisible into infinite spaces. Now to affirm that, water being poured from a bowl or cup, it will never be all poured out, is it not both against common sense, and a consequence of what these men say? For no man can understand the motion according to PRIUS of things infinitely divisible to be consummated; but leaving always somewhat divisible, it will make all the effusion, all the running and flux of a liquid, motion of a solid, and fall of an heavy thing imperfect.

I pass by many absurdities of theirs, touching only such as are against sense. The dispute concerning increase is indeed ancient; for the question, as Chrysippus says, was put by Epicharmus. Now, whereas those of the Academy think that the doubt is not very easy and ready all of a sudden to be cleared, these men have mightily exclaimed against them, and accused them of taking away the fixed ideas, and yet themselves are so far from preserving the common notions, that they pervert even sense itself. For the discourse is simple, and these men grant the suppositions, — that all particular substances flow and are carried, some of them emitting forth somewhat from themselves, and others receiving things coming from elsewhere; and that the things to which there is made an accession or from which there is a decession by numbers and multitudes, do not remain the same, but become others by the said accessions, the substance receiving a change; and that these changes are not rightly called by custom increasings or diminutions, but it is fitter they should be styled generations and corruptions, because they drive by force from one state to another, whereas to increase and be diminished are passions

of a body that is subject and permanent. These things being thus in a manner said and delivered, what would these defenders of evidence and canonical masters of common conceptions have? Every one of us (they say) is double, twin-like, and composed of a double nature; not as the poets feigned of the Molionidae, that they in some parts grow together and in some parts are separated, — but every one of us has two bodies, having the same color, the same figure, the same weight and place. . . . These things were never before seen by any man; but these men alone have discerned this composition, doubleness, and ambiguity, how every one of us is two subjects, the one substance, the other quality; and the one is in perpetual flux and motion, neither increasing nor being diminished nor remaining altogether; the other remains and increases and is diminished, and suffers all things contrary to the former, with which it is so concorporated, conjoined, and confounded, that it exhibits not any difference to be perceived by sense. Indeed, Lynceus is said to have penetrated stones and oaks with his sight; and a certain man sitting on a watch-tower in Sicily beheld the ships of the Carthaginians setting forth from their harbor, which was a day and a night's sail from thence. Callicrates and Myrmecides are said to have made chariots that might be covered with the wings of a fly, and to have engraved verses of Homer on a sesame seed. But none ever discerned or discovered this diversity in us; nor have we perceived ourselves to be double, in one part always flowing, and in the other remaining the same from our birth even to our death. But I make the discourse more simple, since they make four subjects in every one, or rather every one of us to be four. But two are sufficient to show their absurdity. For if, when we hear Pentheus in the tragedy affirm that he sees two suns and two cities of Thebes, (Euripides, "Bacchae," 918.) we say that he does not see, but that his sight is dazzled, he being transported and troubled in his head; why do we not bid those farewell, who assert not one city alone, but all men and animals, and all trees, vessels, instruments, and clothes, to be double and composed of two, as men who constrain us to dote rather than to understand? But this feigning other natures of subjects must perhaps be pardoned them; for there appears no other invention by which they can maintain and uphold the augmentations of which they are so fond.

But by what cause moved, or for the adorning of what other suppositions, they frame in a manner innumerable differences and forms of bodies in the soul, there is none can say, unless it be that they remove, or rather wholly abdicate and destroy, the common and usual notions, to introduce other

foreign and strange ones. For it is very absurd that, making all virtues and vices — and with them all arts, memories, fancies, passions, impulses, and assents — to be bodies, they should affirm that they neither lie nor subsist in any subject, leaving them for a place one only hole, like a prick in the heart, where they crowd the principal part of the soul, enclosed with so many bodies, that a very great number of them lie hid even from those who think they can spare and distinguish them one from another. Nay that they should not only make them bodies, but also intelligent beings, and even a swarm of such creatures, not friendly or mild, but a multitude rebellious and having a hostile mind, and should so make of each one of us a park or menagerie or Trojan horse, or whatever else we may call their inventions, — this is the very height of contempt and contradiction to evidence and custom. But they say, that not only the virtues and vices, not only the passions, as anger, envy, grief, and maliciousness, not only comprehensions, fancies, and ignorances, not only arts, as shoemaking and working in brass, are animals; but besides these, also they make even the operations bodies and animals, saying that walking is an animal, as also dancing, supposing, saluting, and railing. The consequence of this is that laughing and weeping are also animals; and if so, then also are coughing, sneezing, groaning, spitting, blowing the nose, and other such like things sufficiently known. Neither have they any cause to take it ill that they are by reason, proceeding leisurely, reduced to this, if they shall call to mind how Chrysippus, in his First Book of Natural Questions, argues thus: "Is not night a body? And are not then the evening, dawning, and midnight bodies? Or is not a day a body? Is not then the first day of the month a body? And the tenth, the fifteenth, and the thirtieth, are they not bodies? Is not a month a body? Summer, autumn, and the year, are they not bodies?"

These things they maintain against the common conceptions; but those which follow they hold also against their own, engendering that which is most hot by refrigeration, and that which is most subtile by condensation. For the soul, to wit, is a substance most hot and most subtile. But this they make by the refrigeration and condensation of the body, changing, as it were, by induration the spirit, which of vegetative is made animal. Moreover, they say that the sun became animated, his moisture changing into intellectual fire. Behold how the sun is imagined to be engendered by refrigeration! Xenophanes indeed, when one told him that he had seen eels living in hot water, answered, We will boil them then in cold. But if these men engender

heat by refrigeration and lightness by condensation, it follows, they must also generate cold things by heat, thick things by dissolution, and heavy things by rarefaction, that so they may keep some proportion in their absurdity.

And do they not also determine the substance and generation of conception itself, even against the common conceptions? For conception is a certain imagination, and imagination an impression in the soul. Now the nature of the soul is an exhalation, in which it is difficult for an impression to be made because of its tenuity, and for which it is impossible to keep an impression it may have received. For its nutriment and generation, consisting of moist things, have continual accession and consumption. And the mixture of respiration with the air always makes some new exhalation which is altered and changed by the flux of the air coming from abroad and again going out. For one may more easily imagine that a stream of running water can retain figures, impressions, and images, than that a spirit can be carried in vapors and humors, and continually mingled with another idle and strange breath from without. But these men so far forget themselves, that, having defined the conceptions to be certain stored-up intelligences, and memoirs to be constant and habitual impressions, and having wholly fixed the sciences, as having stability and firmness, they presently place under them a basis and seat of a slippery substance, easy to be dissipated and in perpetual flux and motion.

Now the common conception of an element and principle, naturally imprinted in almost all men, is this, that it is simple, unmixed, and uncompounded. For that is not an element or principle which is mixed; but those things are so of which it is mixed. But these men, making God, who is the principle of all things, to be an intellectual body and a mind seated in matter, pronounce him to be neither simple nor uncompounded, but to be composed of and by another; matter being of itself indeed without reason and void of quality, and yet having simplicity and the propertv of a principle. If, then, God is not incorporeal and immaterial, he participates of matter as a principle. For if matter and reason are one and the same thing, they have not rightly defined matter to be reasonless; but if they are different things, then is God constituted of them both, and is not a simple but compound thing, having to the intellectual taken the corporeal from matter.

Moreover, calling these four bodies, earth, water, air, and fire, the first elements, they do (I know not how) make some of them simple and pure, and others compound and mixed. For they maintain that earth and water hold

together neither themselves nor other things, but preserve their unity by the participation of air and force of fire; but that air and fire do both fortify themselves by their own strength, or being mixed with the other two, give them force, permanence, and subsistence. How, then, is either earth or water an element, if neither of them is either simple, or first or self-sufficient, but if each one wants somewhat from without to contain and keep it in its being? For they have not left so much as a thought of their substance; but this discourse concerning the earth has much confusion and uncertainty, when they say that it subsists of itself; for if the earth is of itself, how has it need of the air to fix and contain it? But neither the earth nor water can any more be said to be of itself; but the air, drawing together and thickening the matter, has made the earth, and again dissolving and mollifying it, has produced the water. Neither of these then is an element, since something else has contributed being and generation to them both.

Moreover, they say that subsistence and matter are subject to qualities, and do so in a manner define them; and again, they make the qualities to be also bodies. But these things have much perplexity. For if qualities have a peculiar substance, for which they both are and are called bodies, they need no other substance; for they have one of their own. But if they have under them in common only that which the Stoic school calls essence and matter, it is manifest they do but participate of the body; for they are not bodies. But the subject and recipient must of necessity differ from those things which it receives and to which it is subject. But these men see by halves; for they say indeed that matter is void of quality, but they will not call qualities immaterial. Now how can they make a body without quality, who understand no quality without a body? For the reason which joins a body to all quality suffers not the understanding to comprehend any body without some quality. Either, therefore, he who oppugns incorporeal quality seems also to oppugn unqualified matter; or separating the one from the other, he mutually parts them both. As for the reason which some pretend, that matter is called unqualified not because it is void of all quality, but because it has all qualities, it is most of all against sense. For no man calls that unqualified which is capable of every quality, nor that impassible which is by nature always apt to suffer all things, nor that immovable which is moved every way. And this doubt is not solved, that, however matter is always understood with quality, yet it is understood to be another thing and differing from quality.

BOOK XIV

That Epicurus actually makes a pleasant life impossible

PLUTARCH, ZEUXIPPUS, THEON, ARISTODEMUS.

Epicurus's great confidant and familiar, Colotes, set forth a book with this title to it, that according to the tenets of the other philosophers it is impossible to live. Now what occurred to me then to say against him, in the defence of those philosophers, hath been already put into writing by me. But since upon breaking up of our lecture several things have happened to be spoken afterwards in the walks in further opposition to his party, I thought it not amiss to recollect them also, if for no other reason, yet for this one, that those who will needs be contradicting other men may see that they ought not to run cursorily over the discourses and writings of those they would disprove, nor by tearing out one word here and another there, or by falling foul upon particular passages without the books, to impose upon the ignorant and unlearned.

Now as we were leaving the school to take a walk (as our manner is) in the gymnasium, Zeuxippus began to us: In my opinion, said he, the debate was managed on our side with more softness and less freedom than was fitting. I am sure, Heraclides went away disgusted with us, for handling Epicurus and Aletrodorus more roughly than they deserved. Yet you may remember, replied Theon, how you told them that Colotes himself, compared with the rhetoric of those two gentlemen, would appear the complaisantest man alive; for when they have raked together the lewdest terms of ignominy the tongue of man ever used, as buffooneries, trollings, arrogancies, whorings, assassinations, whining counterfeits, black-guards, and blockheads, they faintly throw them in the faces of Aristotle, Socrates, Pythagoras, Protagoras, Theophrastus, Heraclides, Hipparchus, and which not, even of the best and most celebrated authorities. So that, should they pass for very knowing men upon all other accounts, yet their very calumnies and reviling language would bespeak them at the greatest distance from philosophy imaginable. For emulation can never enter that godlike consort, nor such fretfulness as wants resolution to conceal its own resentments. Aristodemus then subjoined: Heraclides, you know, is a great philologist; and that may be the reason why

he made Epicurus those amends for the poetic din (so, that party style poetry) and for the fooleries of Homer; or else, it may be, it was because Metrodorus had libelled that poet in so many books. But let us let these gentlemen pass at present, Zeuxippus, and rather return to what was charged upon the philosophers in the beginning of our discourse, that it is impossible to live according to their tenets. And I see not why we two may not despatch this affair betwixt us, with the good assistance of Theon; for I find this gentleman (meaning me) is already tired. Then Theon said to him,

Our fellows have that garland from us won;

therefore, if you please,

Let's fix another goal, and at that run.
("Odyssey," xxii, 6)

We will even prosecute them at the suit of the philosophers, in the following form: We'll prove, if we can, that it is impossible to live a pleasurable life according to their tenets. Bless me! said I to him, smiling, you seem to me to level your foot at the very bellies of the men, and to design to enter the list with them for their lives, whilst you go about to rob them thus of their pleasure, and they cry out to you,

"Forbear, we're no good boxers, sir;

no, nor good pleaders, nor good senators, nor good magistrates either;

"Our proper talent is to eat and drink."
("Odyssey," viii, 246, 248)

and to excite such tender and delicate motions in our bodies as may chafe our imaginations to some jolly delight or gayety." And therefore you seem to me not so much to take off (as I may say) the pleasurable part, as to deprive the men of their very lives, while you will not leave them to live pleasurably. Nay then, said Theon, if you approve so highly of this subject, why do you not set in hand to it? By all means, said I, I am for this, and shall not only hear but answer you too, if you shall insist. But I must leave it to you to take the lead.

Then, after Theon had spoken something to excuse himself, Aristodemus said: When we had so short and fair a cut to our design, how have you blocked up the way before us, by preventing us from joining issue with the faction at the very first upon the single point of propriety! For you must

grant, it can be no easy matter to drive men already possessed that pleasure is their utmost good yet to believe a life of pleasure impossible to be attained. But now the truth is, that when they failed of living becomingly they failed also of living pleasurably; for to live pleasurably without living becomingly is even by themselves allowed inconsistent.

Theon then said: We may probably resume the consideration of that in the process of our discourse; in the interim we will make use of their concessions. Now they suppose their last good to lie about the belly and such other conveyances of the body as let in pleasure and not pain; and are of opinion, that all the brave and ingenious inventions that ever have been were contrived at first for the pleasure of the belly, or the good hope of compassing such pleasure, — as the sage Metrodorus informs us. By which, my good friend, it is very plain, they found their pleasure in a poor, rotten, and unsure thing, and one that is equally perforated for pains, by the very passages they receive their pleasures by; or rather indeed, that admits pleasure but by a few, but pain by all its parts. For the whole of pleasure is in a manner in the joints, nerves, feet, and hands; and these are oft the seats of very grievous and lamentable distempers, as gouts, corroding rheums, gangrenes, and putrid ulcers. And if you apply to yourself the exquisitest of perfumes or gusts, you will find but some one small part of your body is finely and delicately touched, while the rest are many times filled with anguish and complaints. Besides, there is no part of us proof against fire, sword, teeth, or scourges, or insensible of dolors and aches; yea, heats, colds, and fevers sink into all our parts alike. But pleasures, like gales of soft wind, move simpering, one towards one extreme of the body and another towards another, and then go off in a vapor. Nor are they of any long durance, but, as so many glancing meteors, they are no sooner kindled in the body than they are quenched by it. As to pain, Aeschylus's Philoctetes affords us a sufficient testimony: —

The cruel viper ne'er will quit my foot;
Her dire envenomed teeth have there ta'en root.

For pain will not troll off as pleasure doth, nor imitate it in its pleasing and tickling touches. But as the clover twists its perplexed and winding roots into the earth, and through its coarseness abides there a long time; so pain disperses and entangles its hooks and roots in the body, and continues there, not for a day or a night, but for several seasons of years, if not for some

revolutions of Olympiads, nor scarce ever departs unless struck out by other pains, as by stronger nails. For who ever drank so long as those that are in a fever are a-dry? Or who was ever so long eating as those that are besieged suffer hunger? Or where are there any that are so long solaced with the conversation of friends as tyrants are racking and tormenting? Now all this is owing to the baseness of the body and its natural incapacity for a pleasurable life; for it bears pains better than it doth pleasures, and with respect to those is firm and hardy, but with respect to these is feeble and soon palled. To which add, that if we are minded to discourse on a life of pleasure, these men won't give us leave to go on, but will presently confess themselves that the pleasures of the body are but short, or rather indeed but of a moment's continuance; if they do not design to banter us or else speak out of vanity, when Metrodorus tells us, We many times spit at the pleasures of the body, and Epicurus saith, A wise man, when he is sick, many times laughs in the very extremity of his distemper.

For Ithaca is no fit place
For mettled steeds to run a race.
("Odyssey," iv. 605.)

Neither can the joys of our poor bodies be smooth and equal; but on the contrary they must be coarse and harsh, and immixed with much that is displeasing and inflamed.

Zeuxippus then said: And do you not think then they take the right course to begin at the body, where they observe pleasure to have its first rise, and thence to pass to the mind as the more stable and sure part, there to complete and crown the whole?

They do, by Jove, I said; and if, after removing thither they have indeed found something more consummate than before, a course too as well agreeing with nature as becoming men adorned with both contemplative and civil knowledge. But if after all this you still hear them cry out, and protest that the mind of man can receive no satisfaction or tranquillity from anything under Heaven but the pleasures of the body either in possession or expectance, and that these are its proper and only good, can you forbear thinking they make use of the soul but as a funnel for the body, while they mellow their pleasure by shifting it from one vessel to another, as they rack wine out of an old and leaky vessel into a new one and there let it grow old,

and then imagine they have performed some extraordinary and very fine thing? True indeed, a fresh pipe may both keep and recover wine that hath thus been drawn off; but the mind, receiving but the remembrance only of past pleasure, like a kind of scent, retains that and no more. For as soon as it hath given one hiss in the body, it immediately expires, and that little of it that stays behind in the memory is but flat and like a queasy fume: as if a man should lay up and treasure in his fancy what he either ate or drank yesterday, that he may have recourse to that when he wants fresh fare. See now how much more temperate the Cyrenaics are, who, though they have drunk out of the same bottle with Epicurus, yet will not allow men so much as to practise their amours by candlelight, but only under the covert of the dark, for fear seeing should fasten too quick an impression of the images of such actions upon the fancy and thereby too frequently inflame the desire. But these gentlemen account it the highest accomplishment of a philosopher to have a clear and retentive memory of all the various figures, passions, and touches of past pleasure. We will not now say, they present us with nothing worthy the name of philosophy, while they leave the refuse of pleasure in their wise man's mind, as if it could be a lodging for bodies; but that it is impossible such things as these should make a man live pleasurably, I think is abundantly manifest from hence. For it will not perhaps seem strange if I assert, that the memory of pleasure past brings no pleasure with it if it appeared but little in the very enjoyment, or to men of such abstinence as to account it for their benefit to retire from its first approaches; when even the most amazed and sensual admirers of corporeal delights remain no longer in their gaudy and pleasant humor than their pleasure lasts them. What remains is but an empty shadow and dream of that pleasure that hath now taken wing and is fled from them, and that serves but for fuel to foment their untamed desires. Like as in those that dream they are a-dry or in love, their unaccomplished pleasures and enjoyments do but excite the inclination to a greater keenness. Nor indeed can the remembrance of past enjoyments afford them any real contentment at all, but must serve only, with the help of a quick desire, to raise up very much of outrage and stinging pain out of the remains of a feeble and befooling pleasure. Neither doth it befit men of continence and sobriety to exercise their thoughts about such poor things, or to do what one twitted Carneades with, to reckon, as out of a diurnal, how oft they have lain with Hedia or Leontion, or where they last drank Thasian wine, or at what twentieth-day feast they had a costly supper. For such transport and

captivatedness of the mind to its own remembrances as this is would show a detestable and bestial restlessness and raving towards the present and hoped-for acts of pleasure. And therefore I cannot but look upon the sense of these inconveniences as the true cause of their retiring at last to a freedom from pain and a firm state of body; as if living pleasurably could lie in bare imagining this either past or future to some persons. True indeed it is, "that a sound state of body and a good assurance of its continuing must needs afford a most transcending and solid satisfaction to all men capable of reasoning."

But yet look first what work they make, while they course this same thing — whether it be pleasure, exemption from pain, or good health — up and down, first from the body to the mind, and then back again from the mind to the body, being compelled to return it to its first origin, lest it should run out and so give them the slip. Thus they place the pleasure of the body (as Epicurus says) upon the complacent joy in the mind, and yet conclude again with the good hopes that complacent joy hath in bodily pleasure. Indeed what wonder is it if, when the foundation shakes, the superstructure totter? Or that there should be no sure hope nor unshaken joy in a matter that suffers so great concussion and changes as continually attend a body exposed to so many violences and strokes from without, and having within it the origins of such evils as human reason cannot avert? For if it could, no understanding man would ever fall under stranguries, gripes, consumptions, or dropsies; with some of which Epicurus himself did conflict and Polyaenus with others, while others of them were the deaths of Neocles and Agathobulus. And this we mention not to disparage them, knowing very well that Pherecydes and Heraclitus, both very excellent persons, labored under very uncouth and calamitous distempers. We only beg of them, if they will own their own diseases and not by noisy rants and popular harangues incur the imputation of false bravery, either not to take the health of the whole body for the ground of their content, or else not to say that men under the extremities of dolors and diseases can yet rally and be pleasant. For a sound and hale constitution of body is indeed a thing that often happens, but a firm and steadfast assurance of its continuance can never befall an intelligent mind. But as at sea (according to Aeschylus)

Night to the ablest pilot trouble brings,
(Aechylus, "Suppliants," 770.)

and so will a calm too, for no man knows what will be, — so likewise is it impossible for a soul that dwells in a healthful body, and that places her good in the hopes she hath of that body, to perfect her voyage here without frights or waves. For man's mind hath not, like the sea, its tempests and storms only from without it, but it also raises up from within far more and greater disturbances. And a man may with more reason look for constant fair weather in the midst of winter than for perpetual exemption from afflictions in his body. For what else hath given the poets occasion to term us ephemeral creatures, uncertain and unfixed, and to liken our lives to leaves that both spring and fall in the lapse of a summer, but the unhappy, calamitous, and sickly condition of the body, whose very utmost good we are warned to dread and prevent? For an exquisite habit, Hippocrates saith, is slippery and hazardous. And

He that but now looked jolly, plump, and stout,
Like a star shot by Jove, is now gone out;

as it is in Euripides. And it is a vulgar persuasion, that very handsome persons, when looked upon, oft suffer damage by envy and an evil eye; for a body at its utmost vigor will through delicacy very soon admit of changes.

But now that these men are miserably unprovided for an undisturbed life, you may discern even from what they themselves advance against others. For they say that those who commit wickedness and incur the displeasure of the laws live in constant misery and fear, for, though they may perhaps attain to privacy, yet it is impossible they should ever be well assured of that privacy; whence the ever impending fear of the future will not permit them to have either complacency or assurance in their present circumstances. But they consider not how they speak all this against themselves. For a sound and healthy state of body they may indeed oftentimes possess, but that they should ever be well assured of its continuance is impossible; and they must of necessity be in constant disquiet and pain for the body with respect to futurity, never being able to reach that firm and steadfast assurance which they expect. But to do no wickedness will contribute nothing to our assurance; for it is not suffering unjustly but suffering in itself that is dismaying. Nor can it be a matter of trouble to be engaged in villanies one's self, and not afflictive to suffer by the villanies of others. Neither can it be said that the tyranny of Lachares was less, if it was not more, calamitous to

the Athenians, and that of Dionysius to the Syracusans, than they were to the tyrants themselves; for it was disturbing that made them be disturbed; and their first oppressing and pestering of others gave them occasion to expect to suffer ill themselves. Why should a man recount the outrages of rabbles, the barbarities of thieves, or the villanies of inheritors, or yet the contagions of airs and the concursions of seas, by which Epicurus (as himself writeth) was in his voyage to Lampsacus within very little of drowning? The very composition of the body — it containing in it the matter of all diseases, and (to use a pleasantry of the vulgar) cutting thongs for the beast out of its own hide, I mean pains out of the body — is sufficient to make life perilous and uneasy, and that to the good as well as to the bad, if they have learned to set their complacence and assurance in the body and the hopes they have of it, and in nothing else; as Epicurus hath written, as well in many other of his discourses as in that of Man's End. They therefore assign not only a treacherous and unsure ground of their pleasurable living, but also one in all respects despicable and little, if the escaping of evils be the matter of their complacence and last good. But now they tell us, nothing else can be so much as imagined, and nature hath no other place to bestow her good in but only that out of which her evil hath been driven; as Metrodorus speaks in his book against the Sophists. So that this single thing, to escape evil, he says, is the supreme good; for there is no room to lodge this good in where no more of what is painful and afflicting goes out. Like unto this is that of Epicurus, where he saith: The very essence of good arises from the escaping of bad, and a man's recollecting, considering, and rejoicing within himself that this hath befallen him. For what occasions transcending joy (he saith) is some great impending evil escaped; and in this lies the very nature and essence of good, if a man consider it aright, and contain himself when he hath done, and not ramble and prate idly about it. Oh, the rare satisfaction and felicity these men enjoy, that can thus rejoice for having undergone no evil and endured neither sorrow nor pain! Have they not reason, think you, to value themselves for such things as these, and to speak as they are wont when they style themselves immortals and equals to gods? — and when, through the excessiveness and transcendency of the blessed things they enjoy, they rave even to the degree of whooping and hollowing for very satisfaction that, to the shame of all mortals, they have been the only men that could find out this celestial and divine good that lies in an exemption from all evil? So that their beatitude differs little from that of swine and sheep, while they place it in a

mere tolerable and contented state, either of the body, or of the mind upon the body's account. For even the more prudent and more ingenious sort of brutes do not esteem escaping of evil their last end; but when they have taken their repast, they are disposed next by fullness to singing, and they divert themselves with swimming and flying; and their gayety and sprightliness prompt them to entertain themselves with attempting to counterfeit all sorts of voices and notes; and then they make their caresses to one another, by skipping and dancing one towards another; nature inciting them, after they have escaped evil, to look after some good, or rather to shake off what they find uneasy and disagreeing, as an impediment to their pursuit of something better and more congenial.

For what we cannot be without deserves not the name of good; but that which claims our desire and preference must be something beyond a bare escape from evil. And so, by Jove, must that be too that is either agreeing or congenial to us, according to Plato, who will not allow us to give the name of pleasures to the bare departures of sorrows and pains, but would have us look upon them rather as obscure draughts and mixtures of agreeing and disagreeing, as of black and white, while the extremes would advance themselves to a middle temperament. But oftentimes unskilfulness and ignorance of the true nature of extreme occasions some to mistake the middle temperament for the extreme and outmost part. Thus do Epicurus and Metrodorus, while they make avoiding of evil to be the very essence and consummation of good, and so receive but as it were the satisfaction of slaves or of rogues newly discharged the jail, who are well enough contented if they may but wash and supple their sores and the stripes they received by whipping, but never in their lives had one taste or sight of a generous, clean, unmixed and unulcerated joy. For it follows not that, if it be vexatious to have one's body itch or one's eyes to run, it must be therefore a blessing to scratch one's self, and to wipe one's eye with a rag; nor that, if it be bad to be dejected or dismayed at divine matters or to be discomposed with the relations of hell, therefore the bare avoiding of all this must be some happy and amiable thing. The truth is, these men's opinion, though it pretends so far to outgo that of the vulgar, allows their joy but a straight and narrow compass to toss and tumble in, while it extends it but to an exemption from the fear of hell, and so makes that the top of acquired wisdom which is doubtless natural to the brutes. For if freedom from bodily pain be still the same, whether it come by endeavor or by nature, neither then is an undisturbed state of mind

the greater for being attained to by industry than if it came by nature. Though a man may with good reason maintain that to be the more confirmed habit of the mind which naturally admits of no disorder, than that which by application and judgment eschews it.

But let us suppose them both equal; they will yet appear not one jot superior to the beasts for being unconcerned at the stories of hell and the legends of the gods, and for not expecting endless sorrows and everlasting torments hereafter. For it is Epicurus himself that tells us that, had our surmises about heavenly phenomena and our foolish apprehensions of death and the pains that ensue it given us no disquiet, we had not then needed to contemplate nature for our relief. For neither have the brutes any weak surmises of the gods or fond opinion about things after death to disorder themselves with; nor have they as much as imagination or notion that there is anything in these to be dreaded. I confess, had they left us the benign providence of God as a presumption, wise men might then seem, by reason of their good hopes from thence, to have something towards a pleasurable life that beasts have not. But now, since they have made it the scope of all their discourses of God that they may not fear him, but may be eased of all concern about him, I much question whether those that never thought at all of him have not this in a more confirmed degree than they that have learned to think he can do no harm. For if they were never freed from superstition, they never fell into it; and if they never laid aside a disturbing conceit of God, they never took one up. The like may be said as to hell and the future state. For though neither the Epicurean nor the brute can hope for any good thence; yet such as have no forethought of death at all cannot but be less amused and scared with what comes after it than they that betake themselves to the principle that death is nothing to us. But something to them it must be, at least so far as they concern themselves to reason about it and contemplate it; but the beasts are wholly exempted from thinking of what appertains not to them; and if they fly from blows, wounds, and slaughters, they fear no more in death than is dismaying to the Epicurean himself.

Such then are the things they boast to have attained by their philosophy. Let us now see what those are they deprive themselves of and chase away from them. For those diffusions of the mind that arise from the body, and the pleasing condition of the body, if they be but moderate, appear to have nothing in them that is either great or considerable; but if they be excessive, besides their being vain and uncertain, they are also importune and petulant;

nor should a man term them either mental satisfactions or gayeties, but rather corporeal gratifications, they being at best but the simperings and effeminacies of the mind. But now such as justly deserve the names of complacencies and joys are wholly refined from their contraries, and are immixed with neither vexation, remorse, nor repentance; and their good is congenial to the mind and truly mental and genuine, and not superinduced. Nor is it devoid of reason, but most rational, as springing either from that in the mind that is contemplative and inquiring, or else from that part of it that is active and heroic. How many and how great satisfactions either of these affords us, no one can ever relate. But to hint briefly at some of them. We have the historians before us, which, though they find us many and delightful exercises, still leave our desire after truth insatiate and uncloyed with pleasure, through which even lies are not without their grace. Yea, tales and poetic fictions, while they cannot gain upon our belief, have something in them that is charming to us.

For do but think with yourself, with what a sting we read Plato's "Atlantic" and the conclusion of the "Iliad," and how we hanker and gape after the rest of the tale, as when some beautiful temple or theatre is shut up. But now the informing of ourselves with the truth herself is a thing so delectable and lovely as if our very life and being were for the sake of knowing. And the darkest and grimmest things in death are its oblivion, ignorance, and obscurity. Whence, by Jove, it is that almost all mankind encounter with those that would destroy the sense of the departed, as placing the very whole of their life, being, and satisfaction solely in the sensible and knowing part of the mind. For even the things that grieve and afflict us yet afford us a sort of pleasure in the hearing. And it is often seen that those that are disordered by what is told them, even to the degree of weeping, notwithstanding require the telling of it. So he in the tragedy who is told,

Alas I now the very worst must tell,
replies,
I dread to hear it too, but I must hear.
(Sophocles, "Pedipus Tyrannus," 1169, 1170.)

But this may seem perhaps a sort of intemperateness of delight in knowing everything, and as it were a stream violently bearing down the reasoning faculty. But now, when a story that hath in it nothing that is troubling and

afflictive treats of great and heroic enterprises with a potency and grace of style such as we find in Herodotus's Grecian and in Xenophon's Persian history, or in what,

Inspired by heavenly gods, sage Homer sung,

or in the Travels of Euxodus, the Foundations and Republics of Aristotle, and the Lives of Famous Men compiled by Aristoxenus; these will not only bring us exceeding much and great contentment, but such also as is clean and secure from repentance. And who could take greater satisfaction either in eating when a-hungry or drinking when a-dry amongst the Phaeacians, than in going over Ulysses's relation of his own voyage and rambles? And what man could be better pleased with the embraces of the most exquisite beauty, than with sitting up all night to read over what Xenophon hath written of Panthea, or Aristobulus of Timoclea, or Theopompus of Thebe?

But now these appertain all solely to the mind. But they chase away from them the delights that accrue from the mathematics also. Though the satisfactions we receive from history have in them something simple and equal; but those that come from geometry, astronomy, and music inveigle and allure us with a sort of nimbleness and variety, and want nothing that is tempting and engaging; their figures attracting us as so many charms, whereof whoever hath once tasted, if he be but competently skilled, will run about chanting that in Sophocles,

I'm mad; the Muses with new rage inspire me.
I'll mount the hill; my lyre, my numbers fire me.
(From the "Thamyras" of Sophocles, Frag. 225)

Nor doth Thamyras break out into poetic raptures upon any other score; nor, by Jove, Euxodus, Aristarchus, or Archimedes. And when the lovers of the art of painting are so enamoured with the charmingness of their own performances, that Nicias, as he was drawing the Evocation of Ghosts in Homer, often asked his servants whether he had dined or no, and when King Ptolemy had sent him threescore talents for his piece, after it was finished, he neither would accept the money nor part with his work; what and how great satisfactions may we then suppose to have been reaped from geometry and astronomy by Euclid when he wrote his Dioptrics, by Philippus when he had perfected his demonstration of the figure of the moon, by Archimedes when with the help of a certain angle he had found the sun's diameter to make the

same part of the largest circle that that angle made of four right angles, and by Apollonius and Aristarchus who were the inventors of some other things of the like nature? The bare contemplating and comprehending of all these now engender in the learners both unspeakable delights and a marvellous height of spirit. And it doth in no wise beseem me, by comparing with these the fulsome debauchees of victualling-houses and stews, to contaminate Helicon and the Muses, —

Where swain his flock ne'er fed,
Nor tree by hatchet bled.
(Euripides, "Hippolytus," 75.)

But these are the verdant and untrampled pastures of ingenious bees; but those are more like the mange of lecherous boars and he-goats. And though a voluptuous temper of mind be naturally erratic and precipitate, yet never any yet sacrificed an ox for joy that he had gained his will of his mistress; nor did any ever wish to die immediately, might he but once satiate himself with the costly dishes and comfits at the table of his prince. But now Eudoxus wished he might stand by the sun, and inform himself of the figure, magnitude, and beauty of that luminary, though he were, like Phaethon, consumed by it. And Pythagoras offered an ox in sacrifice for having completed the lines of a certain geometric diagram; as Apollodotus tells us,

When the famed lines Pythagoras devised,
For which a splendid ox he sacrificed.

Whether it was that by which he showed that the line that regards the right angle in a triangle is equivalent to the two lines that contain that angle, or the problem about the area of the parabolic section of a cone. And Archimedes's servants were forced to hale him away from his draughts, to be anointed in the bath; but he notwithstanding drew the lines upon his belly with his strigil. And when, as he was washing (as the story goes of him), he thought of a manner of computing the proportion of gold in King Hiero's crown by seeing the water flowing over the bathing-stool, he leaped up as one possessed or inspired, crying, "I have found it;" which after he had several times repeated, he went his way. But we never yet heard of a glutton that exclaimed with such vehemence, "I have eaten," or of an amorous gallant that ever cried, "I have kissed," among the many millions of dissolute debauchees that both this

and preceding ages have produced. Yea, we abominate those that make mention of their great suppers with too luscious a gust, as men overmuch taken with mean and abject delights. But we find ourselves in one and the same ecstasy with Eudoxus, Archimedes, and Hipparchus; and we readily give assent to Plato when he saith of the mathematics, that while ignorance and unskilledness make men despise them, they still thrive notwithstanding by reason of their charmingness, in despite of contempt.

These then so great and so many pleasures, that run like perpetual springs and rills, these men decline and avoid; nor will they permit those that put in among them so much as to take a taste of them, but bid them hoist up the little sails of their paltry cock-boats and fly from them. Nay, they all, both he and she philosophers, beg and entreat Pythocles, for dear Epicurus's sake, not to affect or make such account of the sciences called liberal. And when they cry up and defend one Apelles, they write of him that he kept himself clean by refraining himself all along from the mathematics. But as to history — to pass over their aversedness to other kinds of compositions — I shall only present you with the words of Metrodorus, who in his treatise of the Poets writes thus: Wherefore let it never disturb you, if you know not either what side Hector was of, or the first verses in Homer's Poem, or again what is in its middle. But that the pleasures of the body spend themselves like the winds called Etesian or Anniversary, and utterly determine when once age is past its vigor, Epicurus himself was not insensible; and therefore he makes it a problematic question, whether a sage philosopher, when he is an old man and disabled for enjoyment, may not still be recreated with having handsome girls to feel and grope him, being not, it seems, of the mind of old Sophocles, who thanked God he had at length escaped from this kind of pleasure, as from an untamed and furious master. But, in my opinion, it would be more advisable for these sensual lechers, when they see that age will dry up so many of their pleasures, and that, as Euripides saith,

Dame Venus is to ancient men a foe,
(Euripides, "Aeolus," Frag. 23.)

in the first place to collect and lay up in store, as against a siege, these other pleasures, as a sort of provision that will not impair and decay; that then, after they have celebrated the venereal festivals of life, they may spend a cleanly after-feast in reading over the historians and poets, or else in

problems of music and geometry. For it would never have come into their minds so much as to think of these purblind and toothless gropings and spurtings of lechery, had they but learned, if nothing more, to write comments upon Homer or Euripides, as Aristotle, Heraclides, and Dicaerchus did. But I verily persuade myself that their neglecting to take care for such provisions as these, and finding all the other things they employed themselves in (as they use to say of virtue) but insipid and dry, and being wholly set upon pleasure, and the body no longer supplying them with it, give them occasion to stoop to do things both mean and shameful in themselves and unbecoming their age; as well when they refresh their memories with their former pleasures and serve themselves of old ones (as it were) long since dead and laid up in pickle for the purpose, when they cannot have fresh ones, as when again they offer violence to nature by suscitating and inflaming in their decayed bodies, as in cold embers, other new ones equally senseless, they having not, it seems, their minds stored with any congenial pleasure that is worth the rejoicing at. As to the other delights of the mind, we have already treated of them, as they occurred to us. But their aversedness and dislike to music, that affords us so great delights and such charming satisfactions, a man could not forget if he would, by reason of the inconsistency of what Epicurus saith, when he pronounceth in his book called his Doubts that his wise man ought to be a lover of public spectacles and to delight above any other man in the music and shows of the Bacchanals; and yet he will not admit of music problems or of the critical inquiries of philologists, no, not so much as at a compotation. Yea, he advises such princes as are lovers of the Muses rather to entertain themselves at their feasts either with some narration of military adventures or with the importune scurrilities of drolls and buffoons, than to engage in disputes about music or in questions of poetry. For this very thing he had the face to write in his treatise of Monarchy, as if he were writing to Sardanapalus, or to Nanarus ruler of Babylon. For neither would a Hiero nor an Attalus nor an Archelaus be persuaded to make a Euripides, a Simonides, a Melanippides, a Crates, or a Diodotus rise up from their tables, and to place such scaramuchios in their rooms as a Cardax, an Agrias, or a Callias, or fellows like Thrasonides and Thrasyleon, to make people disorder the house with hollowing and clapping. Had the great Ptolemy, who was the first that formed a consort of musicians, but met with these excellent and royal admonitions, would he not, think you, have thus addressed himself to the Samians: —

O Muse, whence art thou thus maligned?

For certainly it can never belong to any Athenian to be in such enmity and hostility with the Muses. But

No animal accurst by Jove
Music's sweet charms can ever love.
(Pindar, "Pythian," i. 25.)

What sayest thou now, Epicurus? Wilt thou get thee up betimes in the morning, and go to the theatre to hear the harpers and flutists play? But if a Theophrastus discourse at the table of Concords, or an Aristoxenus of Varieties, or if an Aristophanes play the critic upon Homer, wilt thou presently, for very dislike and abhorrence, clap both thy hands upon thy ears? And do they not hereby make the Scythian king Ateas more musical than this comes to, who, when he heard that admirable flutist Ismenias, detained then by him as a prisoner of war, playing upon the flute at a compotation, swore he had rather hear his own horse neigh? And do they not also profess themselves to stand at an implacable and irreconcilable defiance with whatever is generous and becoming? And indeed what do they ever embrace or affect that is either genteel or regardable, when it hath nothing of pleasure to accompany it? And would it not far less affect a pleasurable way of living, to abhor perfumes and odors, like beetles and vultures, than to shun and abhor the conversation of learned, critics and musicians? For what flute or harp ready tuned for a lesson, or

What sweetest concerts e'er with artful noise,
Warbled by softest tongue and best tuned voice,

ever gave Epicurus and Metrodorus such content as the disputes and precepts about concerts gave Aristotle, Theophrastus, Hieronymus, and Dicaerchus? And also the problems about flutes, rhythms, and harmonies; as, for instance, why the longer of two flutes of the same longitude should speak flatter? — why, if you raise the pipe, will all its notes be sharp; and flat again, if you depress it? — and why, when clapped to another, will it sound flatter; and sharper again, when taken from it? — why also, if you scatter chaff or dust about the orchestra of a theatre, will the sound be deadened? — and why, when one would have set up a bronze Alexander for a frontispiece to a stage at Pella, did the architect advise to the contrary, because it would spoil

the actors' voices? and why, of the several kinds of music, will the chromatic diffuse and the harmonic compose the mind? But now the several humors of poets, their differing turns and forms of style, and the solutions of their difficult places, have conjoined with a sort of dignity and politeness somewhat also that is extremely agreeable and charming; insomuch that to me they seem to do what was once said by Xenophon, to make a man even forget the joys of love, so powerful and overcoming is the pleasure they bring us. In this investigation these gentlemen have not the least share, nor do they so much as pretend or desire to have any. But while they are sinking and depressing their contemplative part into the body, and dragging it down by their sensual and intemperate appetites, as by so many weights of lead, they make themselves appear little better than hostlers or graziers that still ply their cattle with hay, straw, or grass, looking upon such provender as the properest and meetest food for them. And is it not even thus they would swill the mind with the pleasures of the body, as hogherds do their swine, while they will not allow it can be gay any longer than it is hoping, experiencing, or remembering something that refers to the body; but will not have it either to receive or seek for any congenial joy or satisfaction from within itself? Though what can be more absurd and unreasonable than — when there are two things that go to make up the man, a body and a soul, and the soul besides hath the perogative of governing — that the body should have its peculiar, natural, and proper good, and the soul none at all, but must sit gazing at the body and simper at its passions, as if she were pleased and affected with them, though indeed she be all the while wholly untouched and unconcerned, as having nothing of her own to choose, desire, or take delight in? For they should either pull off the vizor quite, and say plainly that man is all body (as some of them do, that take away all mental being), or, if they will allow us to have two distinct natures, they should then leave to each its proper good and evil, agreeable and disagreeable; as we find it to be with our senses, each of which is peculiarly adapted to its own sensible, though they all very strangely intercommune one with another. Now the intellect is the proper sense of the mind; and therefore that it should have no congenial speculation, movement, or affection of its own, the attaining to which should be matter of complacency to it, is the most irrational thing in the world, if I have not, by Jove, unwittingly done the men wrong, and been myself imposed upon by some that may perhaps have calumniated them. Then I said to him: If we may be your judges, you have not; yea, we must acquit you of

having offered them the least indignity; and therefore pray despatch the rest of your discourse with assurance. How! said I, and shall not Aristodemus then succeed me, if you are tired out yourself? Aristodemus said: With all my heart, when you are as much tired as he is; but since you are yet in your vigor, pray make use of yourself, my noble friend, and don't think to pretend weariness. Theon then replied: What is yet behind, I must confess, is very easy; it being but to go over the several pleasures contained in that part of life that consists in action. Now themselves somewhere say that there is far more satisfaction in doing than in receiving good; and good may be done many times, it is true, by words, but the most and greatest part of good consists in action, as the very name of beneficence tells us and they themselves also attest. For you may remember, continued he, we heard this gentleman tell us but now what words Epicurus uttered, and what letters he sent to his friends, applauding and magnifying Metrodorus, — how bravely and like a spark he quitted the city and went down to the port to relieve Mithrus the Syrian, — and this, though Metrodorus did not then do anything at all. What and how great then may we presume the pleasures of Plato to have been, when Dion by the measures he gave him deposed the tyrant Dionysius and set Sicily at liberty? And what the pleasures of Aristotle, when he rebuilt his native city Stagira, then levelled with the ground, and brought back its exiled inhabitants? And what the pleasures of Theophrastus and of Phidias, when they cut off the tyrants of their respective countries? For what need a man recount to you, who so well know it, how many particular persons they relieved, not by sending them a little wheat or a measure of meal (as Epicurus did to some of his friends), but by procuring restoration to the banished, liberty to the imprisoned, and restitution of wives and children to those that had been bereft of them? But a man could not, if he were willing, pass by the sottish stupidity of the man who, though he tramples under foot and vilifies the great and generous actions of Themistocles and Miltiades, yet writes these very words to his friends about himself: "You have given a very gallant and noble testimony of your care of me in the provision of corn you have made for me, and have declared your affection to me by signs that mount to the very skies." So that, should a man but take that poor parcel of corn out of the great philosopher's epistle, it might seem to be the recital of some letter of thanks for the delivery or preservation of all Greece or of the commons of Athens. We will now forbear to mention that Nature requires very large and chargeable provisions to be made for accomplishing the pleasures of the

body; nor can the height of delicacy be had in black bread and lentil pottage. But voluptuous and sensual appetites expect costly dishes, Thasian wines, perfumed unguents, and varieties of pastry works,

And cakes by female hands wrought artfully,
Well steep'd in th' liquor of the gold-wing'd bee;

and besides all this, handsome young lassies too, such as Leontion, Boidion, Hedia, and Nicedion, that were wont to roam about in Epicurus's philosophic garden. But now such joys as suit the mind must undoubtedly be grounded upon a grandeur of actions and a splendor of worthy deeds, if men would not seem little, ungenerous, and puerile, but on the contrary, bulky, firm, and brave. But for a man to be elated by happiness, as Epicurus is, like sailors upon the festivals of Venus, and to vaunt himself that, when he was sick of an ascites, he notwithstanding called his friends together to certain collations and grudged not his dropsy the addition of good liquor, and that, when he called to remembrance the last words of Neocles, he was melted with a peculiar sort of joy intermixed with tears, — no man in his right senses would call these true joys or satisfactions. Nay, I will be bold to say that, if such a thing as that they call a sardonic or grinning laughter can happen to the mind, it is to be found in these artificial and crying laughters. But if any will needs have them still called by the name of joys and satisfactions, let him but yet think how far they are exceeded by the pleasures that here ensue: —

Our counsels have proud Sparta's glory clipt;
and
Stranger, this is his country Rome's great star;

and again this,

I know not which to guess thee, man or god.

Now when I set before my eyes the brave achievements of Thrasybulus and Pelopidas, of Aristides engaged at Platea and Miltiades at Marathon, I am here constrained with Herodotus to declare it my opinion, that in an active state of life the pleasure far exceeds the glory. And Epaminondas herein bears me witness also, when he saith (as is reported of him), that the greatest satisfaction he ever received in his life was that his father and mother had lived to see the trophy set up at Leuctra when himself was general. Let us then compare with Epaminondas's Epicurus's mother, rejoicing that she had

lived to see her son cooping himself up in a little garden, and getting children in common with Polyaenus upon the strumpet of Cyzicus. As for Metrodorus's mother and sister, how extravagantly rejoiced they were at his nuptials appears by the letters he wrote to his brother in answer to his; that is, out of his own books. Nay, they tell us bellowing that they have not only lived a life of pleasure, but also exult and sing hymns in the praise of their own living. Though, when our servants celebrate the festivals of Saturn or go in procession at the time of the rural bacchanals, you would scarcely brook the hollowing and din they make, if the intemperateness of their joy and their insensibleness of decorum should make them act and speak such things as these: —

Lean down, boy! why dost sit I let's tope like mad!
Here's belly-timber store; ne'er spare it, lad.
Straight these huzza like wild. One fills up drink;
Another plaits a wreath, and crowns the brink
O' th' teeming bowl. Then to the verdant bays
All chant rude carols in Apollo's praise;
While one the door with drunken fury smites,
Till he from bed his loving consort frights.

And are not Metrodorus's words something like to these when he writes to his brother thus: It is none of our business to preserve the Greeks, or to get them to bestow garlands upon us for our wit, but to eat well and drink good wine, Timocrates, so as not to offend but pleasure our stomachs. And he saith again, in some other place in the same epistles: How gay and how assured was I, when I had once learned of Epicurus the true way of gratifying my stomach; for, believe me, philosopher Timocrates, our prime good lies at the stomach.

In brief, these men draw out the dimensions of their pleasures like a circle, about the stomach as a centre. And the truth is, it is impossible for those men ever to participate of generous and princely joy, such as enkindles a height of spirit in us and sends forth to all mankind an unmade hilarity and calm serenity, that have taken up a sort of life that is confined, unsocial, inhuman, and uninspired towards the esteem of the world and the love of mankind. For the soul of man is not an abject, little, and ungenerous thing, nor doth it extend its desires (as polyps do their claws) unto eatables only, — yea, these

are in an instant of time taken off by the least plenitude, but when its efforts towards what is brave and generous and the honors and caresses that accrue therefrom are now in their consummate vigor this life's duration cannot limit them, but the desire of glory and the love of mankind grasp at whole eternity, and wrestle with such actions and charms as bring with them an ineffable pleasure, and such as good men, though never so fain, cannot decline, they meeting and accosting them on all sides and surrounding them about, while their being beneficial to many occasions joy to themselves.

As he passes through the throngs in the city,
All gaze upon him as some deity.
("Odyssey," viii. 173.)

For he that can so affect and move other men as to fill them with joy and rapture, and to make them long to touch him and salute him, cannot but appear even to a blind man to possess and enjoy very extraordinary satisfactions in himself. And hence it comes that such men are both indefatigable and undaunted in serving the public, and we still hear some such words from them

Thy father got thee for the common good;
and
Let's not give off to benefit mankind.

But what need I instance in those that are consummately good? For if to one of the middling rank of bad men, when he is just a-dying, he that hath the power over him (whether his god or prince) should but allow one hour more, upon condition that, after he hath spent that either in some generous action or in sensual enjoyment, he should then presently die, who would in this time choose rather to accompany with Lais or drink Ariusion wine, than to despatch Archias and restore the Athenians to their liberties? For my part I believe none would. For I see that even common sword-players, if they are not utter brutes and savages, but Greek born, when they are to enter the list, though there be many and very costly dishes set before them, yet take more content in employing their time in commanding their poor wives to some of their friends, yea, and in conferring freedom on their slaves, than in gratifying their stomachs. But should the pleasures of the body be allowed to have some

extraordinary matter in them, this would yet be common to men of action and business.

For they can eat good meat, and red wine drink,
(See "Iliad," v. 341.)

aye, and entertain themselves with their friends, and perhaps with a greater relish too, after their engagements and hard services, — as did Alexander and Agesilaus, and (by Jove) Phocion and Epaminondas too, — than these gentlemen who anoint themselves by the fireside, and are gingerly rocked about the streets in sedans. Yea, those make but small account of such pleasures as these, as being comprised in those greater ones. For why should a man mention Epaminondas's denying to sup with one, when he saw the preparations made were above the man's estate, but frankly saying to his friend, "I thought you had intended a sacrifice and not a debauch," when Alexander himself refused Queen Ada's cooks, telling her he had better ones of his own, to wit, travelling by night for his dinner, and a light dinner for his supper, and when Philoxenus writing to him about some handsome boys, and desiring to know of him whether he would have him buy them for him, was within a small matter of being discharged his office for it? And yet who might better have them than he? But as Hippocrates saith that of two pains the lesser is forgot in the greater, so the pleasures that accrue from action and the love of glory, while they cheer and refresh the mind, do by their transcendency and grandeur obliterate and extinguish the inferior satisfactions of the body.

If, then, the remembering of former good things (as they affirm) be that which most contributes to a pleasurable living, not one of us will then credit Epicurus when he, tells us that, while he was dying away in the midst of the strongest agonies and distempers, he yet bore himself up with the memory of the pleasures he formerly enjoyed. For a man may better see the resemblance of his own face in a troubled deep or a storm, than a smooth and smiling remembrance of past pleasure in a body tortured with such lancing and rending pains. But now the memories of past actions no man can put from him that would. For did Alexander, think you, (or indeed could he possibly) forget the fight at Arbela? Or Pelopidas the tyrant Leontiadas? Or Themistocles the engagement at Salamis? For the Athenians to this very day keep an annual festival for the battle at Marathon, and the Thebans for that at

Leuctra; and so, by Jove, do we ourselves (as you very well know) for that which Daiphantus gained at Hyampolis, and all Phocis is filled with sacrifices and public honors. Nor is there any of us that is better satisfied with what himself hath either eaten or drunk than he is with what they have achieved. It is very easy then to imagine what great content, satisfaction, and joy accompanied the authors of these actions in their lifetime, when the very memory of them hath not yet after five hundred years and more lost its rejoicing power. The truth is, Epicurus himself allows there are some pleasures derived from fame. And indeed why should he not, when he himself had such a furious lechery and wriggling after glory as made him not only to disown his masters and scuffle about syllables and accents with his fellow-pedant Democritus (whose principles he stole verbatim), and to tell his disciples there never was a wise man in the world besides himself, but also to put it in writing how Colotes performed adoration to him, as he was one day philosophizing, by touching his knees, and that his own brother Neocles was used from a child to say, "There neither is, nor ever was in the world, a wiser man than Epicurus," and that his mother had just so many atoms within her as, when coming together, must have produced a complete wise man? May not a man then — as Callicratidas once said of the Athenian admiral Conon, that he whored the sea as well say of Epicurus that he basely and covertly forces and ravishes Fame, by not enjoying her publicly but ruffling and debauching her in a corner? For as men's bodies are oft necessitated by famine, for want of other food, to prey against nature upon themselves, a like mischief to this does vainglory create in men's minds, forcing them, when they hunger after praise and cannot obtain it from other men, at last to commend themselves. And do not they then that stand so well affected towards applause and fame themselves own they cast away very extraordinary pleasures, when they decline, magistrature, public offices, and the favor and confidences of princes, from whom Democritus once said the grandest blessings of human life are derived? For he will never induce any mortal to believe, that he that could so highly value and please himself with the attestation of his brother Neocles and the adoration of his friend Colotes would not, were he clapped by all the Greeks at the Olympiads, go quite out of his wits and even hollow for joy, or rather indeed be elated in the manner spoken of by Sophocles,

Puffed like the down of a gray-headed thistle.

If it be a pleasing thing then to be of a good fame, it is on the contrary afflictive to be of an ill one; and it is most certain that nothing in the world can be more infamous than want of friendship, idleness, atheism, debauchery, and negligence. Now these are looked upon by all men except themselves as inseparable companions of their party. But unjustly, some one may say. Be it so then; for we consider not now the truth of the charge, but what fame and reputation they are of in the world. And we shall forbear at present to mention the many books that have been written to defame them, and the blackening decrees made against them by several republics; for that would look like bitterness. But if the answers of oracles, the providence of the gods, and the tenderness and affection of parents to their issue, — if civil policy, military order, and the office of magistracy be things to be looked upon as deservedly esteemed and celebrated, it must of necessity then be allowed also, that they that tell us it is none of their business to preserve the Greeks, but they must eat and drink so as not to offend but pleasure their stomachs, are base and ignominious persons, and that their being reputed such must needs extremely humble them and make their lives untoward to them, if they take honor and a good name for any part of their satisfaction. When Theon had thus spoken, we thought good to break up our walk to rest us awhile (as we were wont to do) upon the benches. Nor did we continue any long space in our silence at what was spoken; for Zeuxippus, taking his hint from what had been said, spake to us: Who will make up that of the discourse which is yet behind? For it hath not yet received its due conclusion; and this gentleman, by mentioning divination and providence, did in my opinion suggest as much to us; for these people boast that these very things contribute in no way to the providing of their lives with pleasure, serenity, and assurance; so that there must be something said to these too. Aristodemus subjoined then and said: As to pleasure, I think there hath been enough said already to evince that, supposing their doctrine to be successful and to attain its own design, it yet doth but ease us of fear and a certain superstitious persuasion but helps us not to any comfort or joy from the gods at all; nay, while it brings us to such a state as to be neither disquieted nor pleased with them, it doth but render us in the same manner affected towards them as we are towards the Scythians or Hyrcanians, from whom we look for neither good nor harm. But if something more must be added to what hath been already spoken, I think I may very well take it from themselves. And in the first place, they quarrel extremely with those that would take away all

sorrowing, weeping, and sighing for the death of friends, and tell them that such unconcernedness as arrives to an insensibility proceeds from some other worse cause, to wit, inhumanity, excessive vainglory, or prodigious fierceness, and that therefore it would be better to be a little concerned and affected, yea, and to liquor one's eyes and be melted, with other pretty things of the like kind, which they use artificially to affect and counterfeit, that they may be thought tender and loving-hearted people. For just in this manner Epicurus expressed himself upon the occasion of the death of Hegesianax, when he wrote to Dositheus the father and to Pyrson the brother of the deceased person; for I fortuned very lately to run over his epistles. And I say, in imitation of them, that atheism is no less an evil than inhumanity and vainglory, and into this they would lead us who take away with God's anger the comfort we might derive from him. For it would be much better for us to have something of the unsuiting passion of dauntedness and fear conjoined and intermixed with our sentiments of a deity, than while we fly from it, to leave ourselves neither hope, content, nor assurance in the enjoyment of our good things nor any recourse to God in our adversity and misfortunes.

We ought, it is true, to remove superstition from the persuasion we have of the gods, as we would the gum from our eyes; but if that be impossible, we must not root out and extinguish with it the belief which the most have of the gods; nor is that a dismaying and sour one either, as these gentlemen feign, while they libel and abuse the blessed Providence, representing her as a witch or as some fell and tragic fury. Yea, I must tell you, there are some in the world that fear God in an excess, for whom yet it would not be better not so to fear him. For, while they dread him as a governor that is gentle to the good and severe to the bad, and are by this one fear, which makes them not to need many others, freed from doing ill and brought to keep their wickedness with them in quiet and (as it were) in an enfeebled languor, they come hereby to have less disquiet than those that indulge the practice of it and are rash and daring in it, and then presently after fear and repent of it. Now that disposition of mind which the greater and ignorant part of mankind, that are not utterly bad, are of towards God, hath, it is very true, conjoined with the regard and honor they pay him, a kind of anguish and astonished dread, which is also called superstition; but ten thousand times more and greater is the good hope, the true joy, that attend it, which both implore and receive the whole benefit of prosperity and good success from the gods only. And this is manifest by the greatest tokens that can be; for neither do the discourses of

those that wait at the temples, nor the good times of our solemn festivals, nor any other actions or sights more recreate and delight us than what we see and do about the gods ourselves, while we assist at the public ceremonies, and join in the sacred balls, and attend at the sacrifices and initiations. For the mind is not then sorrowful depressed, and heavy, as if she were approaching certain tyrants or cruel torturers; but on the contrary, where she is most apprehensive and fullest persuaded the divinity is present, there she most of all throws off sorrows, tears, and pensiveness, and lets herself loose to what is pleasing and agreeable, to the very degree of tipsiness, frolic, and laughter. In amorous concerns, as the poet said once,

When old man and old wife think of love's fires,
Their frozen breasts will swell with new desires;

but now in the public processions and sacrifices not only the old man and the old wife, nor yet the poor and mean man only, but also

The dusty thick-legged drab that turns the mill,

and household-slaves and day-laborers, are strangely elevated and transported with mirth and joviality. Rich men as well as princes are used at certain times to make public entertainments and to keep open houses; but the feasts they make at the solemnities and sacrifices, when they now apprehend their minds to approach nearest the divinity, have conjoined with the honor and veneration they pay him a much more transcending pleasure and satisfaction. Of this, he that hath renounced God's providence hath not the least share; for what recreates and cheers us at the festivals is not the store of good wine and roast meat, but the good hope and persuasion that God is there present and propitious to us, and kindly accepts of what we do. From some of our festivals we exclude the flute and garland; but if God be not present at the sacrifice, as the solemnity of the banquet, the rest is but unhallowed, unfeast-like, and uninspired. Indeed the whole is but ungrateful and irksome to such a man; for he asks for nothing at all, but only acts his prayers and adorations for fear of the public, and utters expressions contradictory to his philosophy. And when he sacrifices, he stands by and looks upon the priest as he kills the offering but as he doth upon a butcher; and when he hath done, he goes his way, saying with Menander,

To bribe the gods I sacrificed my best,
But they ne’er minded me nor my request.

For so Epicurus would have us arrange ourselves, and neither to envy nor to incur the hatred of the common herd by doing ourselves with disgust what others do with delight. For, as Evenus saith,

No man can love what he is made to do.

For which very reason they think the superstitious are not pleased in their minds but in fear while they attend at the sacrifices and mysteries; though they themselves are in no better condition, if they do the same things our of fear, and partake not either of as great good hope as the others do, but are only fearful and uneasy lest they should come to be discovered as cheating and abusing the public, upon whose account it is that they compose the books they write about the gods and the divine nature,

Involved, with nothing truly said.
But all around enveloped;

hiding out of fear the real opinions they contain.

And now, after the two former ranks of ill and common men, we will in the third place consider the best sort and most beloved of the gods, and what great satisfactions they receive from their clean and generous sentiments of the deity, to wit, that he is the prince of all good things and the parent of all things brave, and can no more do an unworthy thing than he can be made to suffer it. For he is good, and he that is good can upon no account fall into envy, fear, anger, or hatred; neither is it proper to a hot thing to cool, but to heat; nor to a good thing to do harm. Now anger is by nature at the farthest distance imaginable from complacency, and spleenishness from placidness, and animosity and turbulence from humanity and kindness. For the latter of these proceed from generosity and fortitude, but the former from impotency and baseness. The deity is not therefore constrained by either anger or kindnesses; but that is because it is natural to it to be kind and aiding, and unnatural to be angry and hurtful. But the great Jove, whose mansion is in heaven, is the first that descends downwards and orders all things and takes the care of them. But of the other gods one is surnamed the Distributor, and another the Mild, and a third the Averter of Evil. And according to Pindar,

Phoebus was by mighty Jove designed
Of all the gods to be to man most kind.

And Diogenes saith, that all things are the gods', and friends have all things common, and good men are the gods' friends; and therefore it is impossible either that a man beloved of the gods should not he happy, or that a wise and a just man should not be beloved of the gods. Can you think then that they that take away Providence need any other chastisement, or that they have not a sufficient one already, when they root out of themselves such vast satisfaction and joy as we that stand thus affected towards the deity have? Metrodorus, Polyaenus, and Aristobulus were the confidence and rejoicing of Epicurus; the better part of whom he all his lifetime either attended upon in their sicknesses or lamented at their deaths. As did Lycurgus, when he was saluted by the Delphic prophetess,

Dear friend to heavenly Jove and all the gods.

And did Socrates when he believed that a certain divinity was used out of kindness to discourse him, and Pindar when he heard Pan sing one of the sonnets he had composed, but a little rejoice, think you? Or Phormio, when he thought he had treated Castor and Pollux at his house? Or Sophocles, when he entertained Aesculapius, as both he himself believed, and others too, that thought the same with him by reason of the apparition that then happened? What opinion Hermogenes had of the gods is well worth the recounting in his very own words. "For these gods," saith he, "who know all things and can do all things, are so friendly and loving to me that, because they take care of me, I never escape them either by night or by day, wherever I go or whatever I am about. And because they know beforehand what issue everything will have, they signify it to me by sending angels, voices, dreams, and presages." Very amiable things must those be that come to us from the gods; but when these very things come by the gods too, this is what occasions vast satisfaction and unspeakable assurance, a sublimity of mind and a joy that, like a smiling brightness, doth as it were gild over our good things with a glory. But now those that are persuaded otherwise obstruct the very sweetest part of their prosperity, and leave themselves nothing to turn to in their adversity; but when they are in distress, look only to this one refuge and port, dissolution and insensibility; just as if in a storm or tempest at sea, some one should, to hearten the rest, stand up and say to them: Gentlemen, the ship hath never a pilot in it, nor will Castor and Pollux come themselves to

assuage the violence of the beating waves or to lay the swift careers of the winds; yet I can assure you there is nothing at all to be dreaded in all this, for the vessel will be immediately swallowed up by the sea, or else will very quickly fall off and be dashed in pieces against the rocks. For this is Epicurus's way of discourse to persons under grievous distempers and excessive pains. Dost thou hope for any good from the gods for thy piety? It is thy vanity; for the blessed and incorruptible Being is not constrained by either angers or kindnesses. Dost thou fancy something better after this life than what thou hast here? Thou dost but deceive thyself; for what is dissolved hath no sense, and that which hath no sense is nothing to us. Aye; but how comes it then, my good friend, that you bid me eat and be merry? Why, by Jove, because he that is in a great storm cannot be far off a shipwreck; and your extreme danger will soon land you upon Death's strand. Though yet a passenger at sea, when he is got off from a shattered ship, will still buoy himself up with some little hope that he may drive his body to some shore and get out by swimming; but now the poor soul, according to these men's philosophy,

Is ne'er more seen without the hoary main.
("Odyssey," v. 410.)

Yea, she presently evaporates, disperses, and perishes, even before the body itself; so that it seems her great and excessive rejoicing must be only for having learned this one sage and divine maxim, that all her misfortunes will at last determine in her own destruction, dissolution, and annihilation.

But (said he, looking upon me) I should be impertinent, should I say anything upon this subject, when we have heard you but now discourse so fully against those that would persuade us that Epicurus's doctrine about the soul renders men more disposed and better pleased to die than Plato's doth. Zeuxippus therefore subjoined and said: And must our present debate be left then unfinished because of that? Or shall we be afraid to oppose that divine oracle to Epicurus? No, by no means, I said; and Empedocles tells us that

What's very good claims to be heard twice.

Therefore we must apply ourselves again to Theon; for I think he was present at our former discourse; and besides, he is a young man, and needs not fear being charged by these young gentlemen with having a bad memory.

Then Theon, like one constrained, said: Well then, if you will needs have me to go on with the discourse, I will not do as you did, Aristodemus. For you were shy of repeating what this gentleman spoke, but I shall not scruple to make use of what you have said; for I think indeed you did very well divide mankind into three ranks; the first of wicked and very bad men, the second of the vulgar and common sort, and the third of good and wise men. The wicked and bad sort then, while they dread any kind of divine vengeance and punishment at all, and are by this deterred from doing mischief, and thereby enjoy the greater quiet, will live both in more pleasure and in less disturbance for it. And Epicurus is of opinion that the only proper means to keep men from doing ill is the fear of punishments. So that we should cram them with more and more superstition still, and raise up against them terrors, chasms, frights, and surmises, both from heaven and earth, if their being amazed with such things as these will make them become the more tame and gentle. For it is more for their benefit to be restrained from criminal actions by the fear of what comes after death, than to commit them and then to live in perpetual danger and fear.

As to the vulgar sort, besides their fear of what is in hell, the hope they have conceived of an eternity from the tales and fictions of the ancients, and their great desire of being, which is both the first and the strongest of all, exceed in pleasure and sweet content of mind that childish dread. And therefore, when they lose their children, wives, or friends, they would rather have them be somewhere and still remain, though in misery, than that they should be quite destroyed, dissolved, and reduced to nothing. And they are pleased when they hear it said of a dying person, that he goes away or departs, and such other words as intimate death to be the soul's remove and not destruction. And they sometimes speak thus:

But I'll even there think on my dearest friend;
("Iliad," xxii. 390.)

and thus: —

What's your command to Hector? Let me know;
And to your dear old Priam shall I go?
(Euripides, "Hecuba," 422.)

And (there arising hereupon an erroneous deviation) they are the better pleased when they bury with their departed friends such arms, implements, or clothes as were most familiar to them in their lifetime; as Minos did the Cretan flutes with Glaucus,

Made of the shanks of a dead brindled fawn.

And if they do but imagine they either ask or desire anything of them, they are glad when they give it them. Thus Periander burnt his queen's attire with her, because he thought she had asked for it and complained she was a-cold. Nor doth an Aeacus, an Ascalaphus, or an Acheron much disorder them whom they have often gratified with balls, shows, and music of every sort. But now all men shrink from that face of death which carries with it insensibility, oblivion, and extinction of knowledge, as being dismal, grim, and dark. And they are discomposed when they hear it said of any one, he is perished, or he is gone or he is no more; and they show great uneasiness when they hear such words as these: —

Go to the wood-clad earth he must,
And there lie shrivelled into dust,
And ne'er more laugh or drink, or hear
The charming sounds of flute or lyre;

and these: —

But from our lips the vital spirit fled
Returns no more to wake the silent dead.
("Iliad," ix. 408.)

Wherefore they must needs cut the very throats of them that shall with Epicurus tell them, We men were born once for all, and we cannot be born twice, but our not being must last forever. For this will bring them to slight their present good as little, or rather indeed as nothing at all compared with everlastingness, and therefore to let it pass unenjoyed and to become wholly negligent of virtue and action, as men disheartened and brought to a contempt of themselves, as being but as it were of one day's continuance and uncertain, and born for no considerable purpose. For insensibility, dissolution, and the conceit that what hath no sense is nothing to us, do not at all abate the fear of death, but rather help to confirm it; for this very thing is it that nature most dreads, —

But may you all return to mould and wet,
(Ibid. vii. 99.)

to wit, the dissolution of the soul into what is without knowledge or sense. Now, while Epicurus would have this to be a separation into atoms and void, he doth but further cut off all hope of immortality; to compass which (I can scarce refrain from saying) all men and women would be well contented to be worried by Cerberus, and to carry water into the tub full of holes, so they might but continue in being and not be exterminated. Though (as I said before) there are not very many that stand in fear of these things, they being but the tenets of old women and the fabulous stories of mothers and nurses, — and even they that do fear them yet believe that certain rites of initiation and purgation will relieve them, by which after they are cleansed they shall play and dance in hell forever, in company with those that have the privilege of a bright light, clear air, and the use of speech, — yet to be deprived of living disturbs all both young and old. We

Impatient love the light that shines on earth,
(Euripides, "Hippolytus," 193)

as Euripides saith. Nor are we easy or without regret when we hear this: —

Him speaking thus th' eternal brightness leaves,
Where night the wearied steeds of day receives.

And therefore it is very plain that with the belief of immortality they take away the sweetest and greatest hopes the vulgar sort have. And what shall we then think they take away from the good and those that have led pious and just lives, who expect no ill after dying, but on the contrary most glorious and divine things? For, in the first place, athletes are not used to receive the garland before they have performed their exercises, but after they have contested and proved victorious; in like manner is it with those that are persuaded that good men have the prize of their conquests after this life is ended; it is marvellous to think to what a pitch of grandeur their virtue raises their spirits upon the contemplation of those hopes, among the which this is one, that they shall one day see those men that are now insolent by reason of their wealth and power, and that foolishly flout at their betters, undergo just

punishment. In the next place, none of the lovers of truth and the contemplation of being have here their fill of them; they having but a watery and puddled reason to speculate with, as it were, through the fog and mist of the body; and yet they still look upwards like birds, as ready to take their flight to the spacious and bright region, and endeavor to make their souls expedite and light from things mortal, using philosophy as a study for death. Thus I account death a truly great and accomplished good thing; the soul being to live there a real life, which here lives not a waking life, but suffers things most resembling dreams. If then (as Epicurus saith) the remembrance of a dead friend be a thing every way complacent; we may easily from thence imagine how great a joy they deprive themselves of who think they do but embrace and pursue the phantoms and shades of their deceased familiars, that have in them neither knowledge nor sense, but who never expect to be with them again, or to see their dear father and dear mother and sweet wife, nor have any hopes of that familiarity and dear converse they have that think of the soul with Pythagoras, Plato, and Homer. Now what their sort of passion is like to was hinted at by Homer, when he threw into the midst of the soldiers, as they were engaged, the shade of Aeneas, as if he had been dead, and afterwards again presented his friends with him himself,

Coming alive and well, as brisk as ever;

at which, he saith,

They all were overjoyed.
("Iliad," v. 514 and 515)

And should not we then, — when reason shows us that a real converse with persons departed this life may be had, and that he that loves may both feel and be with the party that affects and loves him, — relinquish these men that cannot so much as cast off all those airy shades and outside barks for which they are all their time in lamentation and fresh afflictions?

Moreover, they that look upon death as the commencement of another and better life, if they enjoy good things, are the better pleased with them, as expecting much greater hereafter; but if they have not things here to their minds, they do not much grumble at it, but the hopes of those good and excellent things that are after death contain in them such ineffable pleasures and expectances, that they wipe off and wholly obliterate every defect and every offence from the mind, which, as on a road or rather indeed in a short

deviation out of the road, bears whatever befalls it with great ease and indifference. But now, as to those to whom life ends in insensibility and dissolution, — death brings to them no removal of evils, though it is afflicting in both conditions, yet is it more so to those that live prosperously than to such as undergo adversity? For it cuts the latter but from an uncertain hope of doing better hereafter; but it deprives the former of a certain good, to wit, their pleasurable living. And as those medicinal potions that are not grateful to the palate but yet necessary give sick men ease, but rake and hurt the well; just so, in my opinion, doth the philosophy of Epicurus; it promises to those that live miserably no happiness in death, and to those that do well an utter extinction and dissolution of the mind, while it quite obstructs the comfort and solace of the grave and wise and those that abound with good things, by throwing them down from a happy living into a deprivation of both life and being. From hence then it is manifest, that the contemplation of the loss of good things will afflict us in as great a measure as either the firm hope or present enjoyment of them delights us.

Yea, themselves tell us, that the thought of future dissolution leaves them one most assured and complacent good, freedom from anxious surmises of incessant and endless evils, and that Epicurus's doctrine effects this by stopping the fear of death through the soul's dissolution. If then deliverance from the expectation of infinite evils be a matter of greatest complacence, how comes it not to be afflictive to be bereft of eternal good things and to miss of the highest and most consummate felicity? For not to be can be good for neither condition, but is on the contrary both against nature and ungrateful to all that have a being. But those being eased of the evils of life through the evils of death have, it is very true, the want of sense to comfort them, while they, as it were, make their escape from life. But, on the other hand, they that change from good things to nothing seem to me to have the most dismaying end of all, it putting a period to their happiness. For Nature doth not fear insensibility as the entrance upon some new thing, but because it is the privation of our present good things. For to declare that the destruction of all that we call ours toucheth us not is untrue for it toucheth us already by the very anticipation. And insensibility afflicts not those that are not, but those that are, when they think what damage they shall sustain by it in the loss of their being and in being suffered never to emerge from nothingness. Wherefore it is neither the dog Cerberus nor the river Cocytus that has made our fear of death boundless; but the threatened danger of not being,

representing it as impossible for such as are once extinct to shift back again into being. For we cannot be born twice, and our not being must last forever; as Epicurus speaks. For if our end be in not being, and that be infinite and unalterable, then hath privation of good found out an eternal evil, to wit, a never ending insensibleness. Herodotus was much wiser, when he said that God, having given men a taste of the delights of life, seems to be envious, (Herodotus, vii. 46) and especially to those that conceit themselves happy, to whom pleasure is but a bait for sorrow, they being but permitted to taste of what they must be deprived of. For what solace or fruition or exultation would not the perpetual injected thought of the soul's being dispersed into infinity, as into a certain huge and vast ocean, extinguish and quell in those that found their amiable good and beatitude in pleasure? But if it be true (as Epicurus thinks it is) that most men die in very acute pain, then is the fear of death in all respects inconsolable; it bringing us through evils unto a deprivation of good.

And yet they are never wearied with their brawling and dunning of all persons to take the escape of evil for a good, no longer to repute privation of good for an evil. But they still confess what we have asserted, that death hath in it nothing of either good hope or solace, but that all that is complacent and good is then wholly extinguished; at which time those men look for many amiable, great, and divine things, that conceive the minds of men to be unperishable and immortal, or at least to go about in certain long revolutions of times, being one while upon earth and another while in heaven, until they are at last dissolved with the universe and then, together with the sun and moon, sublimed into an intellective fire. So large a field and one of so great pleasures Epicurus wholly cuts off, when he destroys (as hath been said) the hopes and graces we should derive from the gods, and by that extinguishes both in our speculative capacity the desire of knowledge, and in our active the love of glory, and confines and abases our nature to a poor narrow thing, and that not cleanly neither, to wit, the content the mind receives by the body, as if it were capable of no higher good than the escape of evil.

Reply to Colotes, in defence of other philosophers - Adversus Colotem

COLOTES, whom Epicurus was wont diminutively and by way of familiarity or fondness to call Colotaras and Colotarion, composed, O Saturninus, and published a little book which he entitled, “That according to the opinions of the other philosophers one cannot so much as live.” This was dedicated to King Ptolemy. Now I suppose that it will not be unpleasant for you to read, when set down in writing, what came into my mind to speak against this Colotes, since I know you to be a lover of all elegant and honest treatises, and particularly of such as regard the science of antiquity, and to esteem the bearing in memory and having (as much as possible may be) in hand the discourses of the ancient sages to be the most royal of all studies and exercises.

Not long since, therefore, as this book was being read, Aristodemus of Aegium, a familiar friend of ours (whom you well know to be one of the Academy, and not a mere thyrsus-bearer, but one of the most frantic celebrators of Plato’s name), did, I know not how, keep himself contrary to his custom very still all the while, and patiently gave ear to it even to the end. But the reading was scarce well over when he said: Well, then, whom shall we cause to rise up and fight against this man, in defence of the philosophers? For I am not of Nestor’s opinion, who, when the most valiant of those nine warriors that presented themselves to enter into combat was to be chosen, committed the election to the fortune of a lot.

Yet, answered I, you see he so disposed himself in reference to the lot, that the choice might pass according to the arbitrament of the wisest man;

And th’ lot drawn from the helmet, as they wished,
On Ajax fell.

But yet since you command me to make the election,

How can I think a better choice to make
Than the divine Ulysses?

("Iliad," vii. 182; x. 243.)

Consider therefore, and be well advised, in what manner you will chastise this man.

But you know, replied Aristodemus, that Plato, when highly offended with his boy that waited on him, would not himself beat him, but requested Speusippus to do it for him, saying that he himself was angry. As much therefore may I say to you; Take this fellow to you, and treat him as you please; for I am in a fit of choler.

When therefore all the rest of the company desired me to undertake this office; I must then, said I, speak, since it is your pleasure. But I am afraid that I also shall seem more vehemently transported than is fitting against this book, in the defending and maintaining Socrates against the rudeness, scurrility, and insolence of this man; who, because Socrates affirmed himself to know nothing certainly, instead of bread (as one would say) present him hay, as if he were a beast, and asks him why he puts meat into his mouth and not into his ear. And yet perhaps some would make but a laughing matter of this, considering the mildness and gentleness of Socrates; "but for the whole host of the Greeks," that is, of the other philosophers, amongst which are Democritus, Plato, Stilpo, Empedocles, Parmenides, and Melissus, who have been basely traduced and reviled by him, it were not only a shame to be silent, but even a sacrilege in the least point to forbear or recede from freedom of speech in their behalf, who have advanced philosophy to that honor and reputation it has gotten.

And our parents indeed have, with the assistance of the gods, given us our life; but to live well comes to us from reason, which we have learned from the philosophers, which favors law and justice, and restrains our concupiscence. Now to live well is to live sociably, friendly, temperately, and justly; of all which conditions they leave us not one, who cry out that man's sovereign good lies in his belly, and that they would not purchase all the virtues together at the expense of a cracked farthing, if pleasure were totally and on every side removed from them. And in their discourses concerning the soul and the gods, they hold that the soul perishes when it is separated from the body, and that the gods concern not themselves in our affairs. Thus the Epicureans reproach the other philosophers, that by their wisdom they bereave man of his life; whilst the others on the contrary accuse them of teaching men to live degenerately and like beasts.

Now these things are scattered here and there in the writings of Epicurus, and dispersed through all his philosophy. But this Colotes, by having extracted from them certain pieces and fragments of discourses, destitute of any arguments whatever to render them credible and intelligible, has composed his book, being like a shop or cabinet of monsters and prodigies; as you better know than any one else, because you have always in your hands the works of the ancients. But he seems to me, like the Lydian, to open not only one gate against himself, but to involve Epicurus also in many and those the greatest doubts and difficulties. For he begins with Democritus, who receives of him an excellent and worthy reward for his instruction; it being certain that Epicurus for a long time called himself a Democritean, which as well others affirm, as Leonteus, a principal disciple of Epicurus, who in a letter which he writ to Lycophron says, that Epicurus honored Democritus, because he first attained, though a little at a distance, the right and sound understanding of the truth, and that in general all the treatise concerning natural things was called Democritean, because Democritus was the first who happened upon the principles and met with the primitive foundations of Nature. And Metrodorus says openly of philosophy, If Democritus had not gone before and taught the way, Epicurus had never attained to wisdom. Now if it be true, as Colotes holds, that to live according to the opinions of Democritus is not to live, Epicurus was then a fool in following Democritus, who led him to a doctrine which taught him not to live.

Now the first thing he lays to his charge is, that, by supposing everything to be no more individual than another, he wholly confounds human life. But Democritus was so far from having been of this opinion, that he opposed Protagoras the philosopher who asserted it, and writ many excellent arguments concluding against him, which this fine fellow Colotes never saw nor read, nor yet so much as dreamed of; but deceived himself by misunderstanding a passage which is in his works, where he determines that [Greek omitted] is no more than [Greek omitted], naming in that place the body by [Greek omitted], and the void by [Greek omitted], and meaning that the void has its own proper nature and subsistence, as well as the body.

But he who is of opinion that nothing has more of one nature than another makes use of a sentence of Epicurus, in which he says that all the apprehensions and imaginations given us by the senses are true. For if of two saying, the one, that the wine is sour, and the other, that it is sweet, neither of them shall be deceived by his sensation, how shall the wine be more sour

than sweet? And we may often see that some men using one and the same bath find it to be hot, and others find it to be cold; because those order cold water to be put into it, as these do hot. It is said that, a certain lady going to visit Berenice, wife to King Deiotarus, as soon as ever they approached each other, they both immediately turned their backs, the one, as it seemed, not being able to bear the smell of perfume, nor the other of butter. If, then, the sense of one is no truer than the sense of another, it is also probable, that water is no more cold than hot, nor sweet ointment or butter better or worse scented one than the other. For if any one shall say that it seems the one to one, and the other to another, he will, before he is aware, affirm that they are both the one and the other.

And as for these symmetries and proportions of the pores, or little passages in the organs of the senses, about which they talk so much, and those different mixtures of seeds, which, they say, being dispersed through all savors, odors, and colors, move the senses of different persons to perceive different qualities, do they not manifestly drive them to this, that things are no more of one nature than another? For to pacify those who think the sense is deceived and lies because they see contrary events and passions in such as use the same objects, and to solve this objection, they teach, — that when almost everything was confused and mixed up together, since it has been arranged by Nature that one thing shall fit another thing, it was not the contact or the apprehension of the same quality nor were all parts affected in the same way by what was influencing them. But those only coalesced with anything to which they had a characteristic, symmetrical in a corresponding proportion; so that they are in error so obstinately to insist that a thing is either good or bad, white or not white, thinking to establish their own senses by destroying those of others; whereas they ought neither to combat the senses, — because they all touch some quality, each one drawing from this confused mixture, as from a living and large fountain, what is suitable and convenient, — nor to pronounce of the whole, by touching only the parts, nor to think that all ought to be affected after one and the same manner by the same thing, seeing that one is affected by one quality and faculty of it, and another by another. Let us investigate who those men are which bring in this opinion that things are not more of one quality than another, if they are not those who affirm that every sensible object is a mixture, compounded of all sorts of qualities, like a mixture of new wine fermenting, and who confess that all their rules are lost and their faculty of judging quite gone, if they

admit any sensible object that is pure and simple, and do not make each one thing to be many?

See now to this purpose, what discourse and debate Epicurus makes Polyaenus to have with him in his Banquet concerning the heat of wine. For when he asked, "Do you, Epicurus, say, that wine does not heat?" some one answered, "It is not universally to be affirmed that wine heats." And a little after: "For wine seems not to be universally a heater; but such a quantity may be said to heat such a person." And again subjoining the cause, to wit, the compressions and disseminations of the atoms, and having alleged their commixtures and conjunctions with others when the wine comes to be mingled in the body, he adds this conclusion: "It is not universally to be said that wine is endued with a faculty of heating; but that such a quantity may heat such a nature and one so disposed, while such a quantity to such a nature is cooling. For in such a mass there are such natures and complexions of which cold might be composed, and which, united with others in proper measure, would yield a refrigerative virtue. Wherefore some are deceived, who say that wine is universally a heater; and others, who say that it is universally a cooler." He then who says that most men are deceived and err, in holding that which is hot to be heating and that which is cold to be cooling, is himself in an error, unless he should allow that his assertion ends in the doctrine that one thing is not more of one nature than another. He farther adds afterwards that oftentimes wine entering into a body brings with it thither neither a calefying nor refrigerating virtue, but, the mass of the body being agitated and disturbed, and a transposition made of the parts, the heat-effecting atoms being assembled together do by their multitude cause a heat and inflammation in the body, and sometimes on the contrary disassembling themselves cause a refrigeration.

But it is moreover wholly evident, that we may employ this argument to all those things which are called and esteemed bitter, sweet, purging, dormitive, and luminous, not any one of them having an entire and perfect quality to produce such effects, nor to act rather than to be acted on when they are in the bodies, but being there susceptible, of various temperatures and differences. For Epicurus himself, in his Second Book against Theophrastus, affirming that colors are not connatural to bodies, but are engendered there according to certain situations and positions with respect to the sight of man, says: "For this reason a body is no more colored than destitute of color." And a little above he writes thus, word for word: "But

apart from this, I know not how a man may say that those bodies which are in the dark have color; although very often, an air equally dark being spread about them, some distinguish diversities of colors, others perceive them not through the weakness of their sight. And moreover, going into a dark house or room, we at our first entrance see no color, but after we have stayed there awhile, we do. Wherefore we are to say that every body is not more colored than not colored. Now, if color is relative and has its being in regard to something else, so also then is white, and so likewise blue; and if colors are so, so also are sweet and bitter. So that it may truly be affirmed of every quality, that it cannot more properly be said to exist than not to exist. For to those who are in a certain manner disposed, they will be; but to those who are not so disposed, they will not be." Colotes therefore has bedashed and bespattered himself and his master with that dirt, in which he says those lie who maintain that things are not more of one quality than another.

But is it in this alone, that this excellent man shows himself —

To others a physician, whilst himself
Is full of ulcers?
(Euripides, Frag. 1071.)

No indeed; but yet much farther in his second reprehension, without any way minding it, he drives Epicurus and Democritus out of this life. For he affirms that the statement of Democritus — that the atoms are to the senses color by a certain human law or ordinance, that they are by the same law sweetness, and by the same law concretion — is at war with our senses, and that he who uses this reason and persists in this opinion cannot himself imagine whether he is living or dead. I know not how to contradict this discourse; but this I can boldly affirm, that this is as inseparable from the sentences and doctrines of Epicurus as they say figure and weight are from atoms. For what is it that Democritus says? "There are substances, in number infinite, called atoms (because they cannot be divided), without difference, without quality, and passibility, which move, being dispersed here and there, in the infinite voidness; and that when they approach one another, or meet and are conjoined, of such masses thus heaped together, one appears water, another fire, another a plant, another a man; and that all things are thus properly atoms (as he called them), and nothing else; for there is no generation from what does not exist; and of those things which are nothing

can be generated, because these atoms are so firm, that they can neither change, alter, nor suffer; wherefore there cannot be made color of those things which are without color, nor nature or soul of those things which are without quality and impassible." Democritus then is to be blamed, not for confessing those things that happen upon his principles, but for supposing principles upon which such things happen. For he should not have supposed immutable principles; or having supposed them, he should have seen that the generation of all quality is taken away; but having seen the absurdity, to deny it is most impudent. But Epicurus says, that he supposes the same principles with Democritus, but that he says not that color, sweet, white, and other qualities, are by law and ordinance. If therefore NOT TO SAY is the same as NOT TO CONFESS, he does merely what he is wont to do. For it is as when, taking away divine Providence, he nevertheless says that he leaves piety and devotion towards the gods; and when, choosing friendship for the sake of pleasure, that he suffers most grievous pains for his friends; and supposing the universe to be infinite, that he nevertheless takes not away high and low. . . . Indeed having taken the cup, one may drink what he pleases, and return the rest. But in reasoning one ought chiefly to remember this wise apothegm, that where the principles are not necessary, the ends and consequences are necessary. It was not then necessary for him to suppose or (to say better) to steal from Democritus, that atoms are the principles of the universe; but having supposed this doctrine, and having pleased and glorified himself in the first probable and specious appearances of it, he must afterwards also swallow that which is troublesome in it, or must show how bodies which have not any quality can bring all sorts of qualities to others only by their meetings and joining together. As — to take that which comes next to hand — whence does that which we call heat proceed, and how is it engendered in the atoms, if they neither had heat when they came, nor are become hot after their being joined together? For the one presupposes that they had some quality, and the other that they were fit to receive it. And you affirm, that neither the one nor the other must be said to be congruous to atoms, because they are incorruptible.

How then? Do not Plato, Aristotle, and Xenocrates produce gold from that which is not gold, and stone from that which is not stone, and many other things from the four simple first bodies? Yes indeed; but with those bodies immediately concur also the principles for the generation of everything, bringing with them great contributions, that is, the first qualities which are in

them; then, when they come to assemble and join in one the dry with the moist, the cold with the hot, and the solid with the soft, — that is, active bodies with such as are fit to suffer and receive every alteration and change, — then is generation wrought by passing from one temperature to another. Whereas the atom, being alone, is alone, is deprived and destitute of all quality and generative faculty, and when it comes to meet with the others, it can make only a noise and sound because of its hardness and firmness, but nothing more. For they always strike and are stricken, not being able by this means to compose or make an animal, a soul, or a nature, nay, not so much as a mass or heap of themselves; for that as they beat upon one another, so they fly back again asunder.

But Colotes, as if he were speaking to some ignorant and unlettered king, again attacks Empedocles for expressing the same thought: —

I've one thing more to say. 'Mongst mortals there
No Nature is; nor that grim thing men fear
So much, called death. There only happens first
A mixture, and mixt things asunder burst
Again, when them disunion does befall.
And this is that which men do Nature call.

For my part, I do not see how this is repugnant and contrary to life or living, especially amongst those who hold that there is no generation of that which is not, nor corruption of that which is, but that the assembling and union of the things which are is called generation, and their dissolution and disunion named corruption and death. For that he took Nature for generation, and that this is his meaning, he has himself declared, when he opposed Nature to death. And if they neither live nor can live who place generation in union and death in disunion, what else do these Epicureans? Yet Empedocles, gluing, (as it were) and conjoining the elements together by heats, softnesses, and humidifies, gives them in some sort a mixtion and unitive composition; but these men who hunt and drive together the atoms, which they affirm to be immutable and impassible, compose nothing proceeding from them, but indeed make many and continual percussions of them.

For the interlacement, hindering the dissolution, more and more augments the collision and concussion; so that there is neither mixtion nor adhesion and conglutination, but only a discord and combat, which according to them is

called generation. And if the atoms do now recoil for a moment by reason of the shock they have given, and then return again after the blow is past, they are above double the time absent from one another, without either touching or approaching, so as nothing can be made of them, not even so much as a body without a soul. But as for sense, soul, understanding, and prudence, there is not any man who can in the least conceive or imagine how it is possible they should be made in a voidness, and atoms which neither when separate and apart have any quality, nor any passion or alteration when they are assembled and joined together, especially seeing this their meeting together is not an incorporation or congress, making a mixture or coalition, but rather percussions and repercussions. So that, according to the doctrine of these people, life is taken away, and the existence of an animal denied, since they posit principles void, impassible, godless, and soulless, and such as cannot allow or receive any mixture or commingling whatever.

How then is it, that they admit and allow Nature, soul, and living creature? Even in the same manner as they do an oath, prayer, and sacrifice, and the adoration of the gods. Thus they adore by word and mouth, only naming and feigning that which by their principles they totally take away and abolish. If now they call that which is born Nature, and that which is engendered generation, — as those who are accustomed to call wood wood-work and the voices that accord and sound together symphony, — whence came it into his mind to object these words against Empedocles? “Why,” says he, “do we tire ourselves in taking such care of ourselves, in desiring and longing after certain things, and shunning and avoiding others? For we neither are ourselves, nor do we live by making use of others.” But be of good cheer, my dear little Colotes, may one perhaps say to him: there is none who hinders you from taking care of yourself by teaching that the nature of Colotes is nothing else but Colotes himself, or who forbids you to make use of things (now things with you are pleasures) by showing that there is no nature of tarts and marchpanes, of sweet odors, or of venereal delights, but that there are tarts, marchpanes, perfumes, and women. For neither does the grammarian who says that the “strength of Hercules” is Hercules himself deny the being of Hercules; nor do those who say that symphonies and roofings are but absolute derivations affirm that there are neither sounds nor timbers; since also there are some who, taking away the soul and intelligence, do not yet seem to take away either living or being intelligent.

And when Epicurus says that the nature of things is to be found in bodies and their place, do we so comprehend him as if he meant that Nature were something else than the things which are, or as if he insinuated that it is merely the things which are, and nothing else? — as, to wit, he is wont to call voidness itself the nature of voidness, and the universe, by Jupiter, the nature of the universe. And if any one should thus question him; What sayst thou, Epicurus, that this is voidness, and that the nature of voidness? No, by Jupiter, would he answer; but this transference of names is in use by law and custom. I grant it is. Now what has Empedocles done else, but taught that Nature is nothing else save that which is born, and death no other thing but that which dies? But as the poets very often, forming as it were an image, say thus in figurative language,

Strife, tumult, noise, placed by some angry god,
Mischief, and malice there had their abode;
("Iliad," xvii. 525.)

so do some authors attribute generation and corruption to things that are contracted together and dissolved. But so far has he been from stirring and taking away that which is, or contradicting that which evidently appears, that he casts not so much as one single word out of the accustomed use; but taking away all figurative fraud that might hurt or endamage things, he again restored the ordinary and useful signification to words in these verses:-

When from mixed elements we sometimes see
A man produced, sometimes a beast, a tree,
Or bird, this birth and geniture we name;
But death, when this so well compacted frame
And juncture is dissolved.

And yet I myself say that Colotes, though he alleged these verses,
did not understand that Empedocles took not away men, beasts,
trees, or birds, which he affirmed to be composed of the elements
mixed together; and that, by teaching how much they are deceived
who call this composition Nature and life, and this dissolution
unhappy destruction and miserable death, he did not abrogate the
using of the customary expressions in this respect.

And it seems to me, indeed, that Empedocles did not aim in this place at the disturbing the common manner of expression, but that he really, as it has been said, had a controversy about generation from things that have no being, which some call Nature. Which he manifestly shows by these verses: —

Fools, and of little thought, we well may deem
Those, who so silly are as to esteem
That what ne'er was may now engendered be,
And that what is may perish utterly.

For these are the words of one who cries loud enough to those which have ears, that he takes not away generation, but procreation from nothing; nor corruption, but total destruction that is, reduction to nothing. For to him who would not so savagely and foolishly but more gently calumniate, the following verses might give a colorable occasion of charging Empedocles with the contrary, when he says: —

No prudent man can e'er into his mind
Admit that, whilst men living here on earth
(Which only life they call) both fortunes find,
They being have, but that before the birth
They nothing were, nor shall be when once dead.

For these are not the expressions of a man who denies those that are born to be, but rather of him who holds those to be that are not yet born or that are already dead. And Colotes also does not altogether accuse him of this, but says that according to his opinion we shall never be sick, never wounded. But how is it possible, that he who affirms men to have being both before their life and after their death, and during their life to find both fortunes (or to be accompanied both by good and evil), should not leave them the power to suffer? Who then are they, O Colotes, that are endued with this privilege never to be wounded, never to be sick? Even you yourselves, who are composed of atoms and voidness, neither of which, you say, has any sense. Now there is no great hurt in this; but the worst is, you have nothing left that can cause you pleasure, seeing an atom is not capable to receive those

things which are to effect it, and voidness cannot be affected by them.

But because Colotes would, immediately after Democritus, seem to inter and bury Parmenides, and I have passed over and a little postponed his defence, to bring in between them that of Empedocles, as seeming to be more coherent and consequent to the first reprehensions, let us now return to Parmenides. Him, then, does Colotes accuse of having broached and set abroad certain shameful and villanous sophistries; and yet by these his sophisms he has neither rendered friendship less honorable, nor voluptuousness or the desire of pleasures more audacious and unbridled. He has not taken from honesty its attractive property or its being venerable or recommendable of itself, nor has he disturbed the opinions we ought to have of the gods. And I do not see how, by saying that the All (or the universe) is one, he hinders or obstructs our living. For when Epicurus himself says that the All is infinite, that it is neither engendered nor perishable, that it can neither increase nor be diminished, he speaks of the universe as of one only thing. And having in the beginning of his treatise concerning this matter said, that the nature of those things which have being consists of bodies and of vacuum, he makes a division (as it were) of one thing into two parts, one of which has in reality no subsistence, being, as you yourselves term it, impalpable, void, and incorporeal; so that by this means, even with you also, all comes to be one; unless yon desire, in speaking of voidness, to use words void of sense, and to combat the ancients, as if you were fighting against a shadow.

But these atomical bodies, you will say, are, according to the opinion of Epicurus, infinite in number, and everything which appears to us is composed of them. See now, therefore, what principles of generation you suppose, infinity and voidness; one of which, to wit, voidness, is inactive, impassible, and incorporeal; the other, to wit, infinity, is disorderly, unreasonable, and unintelligible, dissolving and confounding itself, because it cannot for its multitude be contained, circumscribed, or limited. But Parmenides has neither taken away fire, nor water, nor precipices, nor yet cities (as Colotes says) which are inhabited as well in Europe as in Asia; since he has both constructed an order of the world, and mixing the elements, to wit, light and dark, does of them and by them arrange and finish all things that appear in the world. For he has written very largely of the earth, heaven, sun, moon,

and stars, and has spoken of the generation of man; and being, as he was, an ancient author in physiology, and one who in writing sought to save his own and not to destroy another's doctrine, he has overlooked none of the essential things in Nature. Moreover, Plato, and before him Socrates himself, understood that in Nature there is one part subject to opinion, and another subject to intelligence. As for that which is subject to opinion, it is always unconstant, wandering, and carried away with several passions and changes, liable to diminution and increase, and to be variously disposed to various men, and not always appearing after one manner even to the same individual. But as to the intelligible part, it is quite of another kind,

Constant, entire, and still engenerable,

as himself says, always like to itself, and perdurable in its being.

Here Colotes, sycophant-like, catching at his expressions and drawing the discourse from things to words, flatly affirms that Parmenides in one word destroys the existence of all things by supposing ENS (or that which is) to be one. But, on the contrary, he takes away neither the one nor the other part of Nature; but rendering to each of them what belongs to it and is convenient for it, he places the intelligible in the idea of one and of "that which is," calling it ENS because it is eternal and incorruptible, and one because it is always like itself and admits no diversity. And as for that part which is sensible, he places it in the rank of uncertain, disorderly, and always moving. Of which two parts, we may see the distinct judgment: —

One certain truth and sincere knowledge is,

as regarding that which is intelligible, and always alike and of the same sort;

The other does on men's opinions rest,
Which breed no true belief within our breast,

because it is conversant in things which receive all sorts of changes, passions, and inequalities. Now how he could have left sense and opinion, if he had not also left any sensible and opinable object, it is impossible for any man to say. But because to that which truly IS it appertains to continue in its being, and because sensible things sometimes are, sometimes are not, continually passing from one being to another and perpetually changing their state, he thought they required some other name than that of ENTIA, or things which always are. This speech therefore concerning ENS (or that

which is), that it should be but one, is not to take away the plurality of sensible things, but to show how they differ from that which is intelligible. Which difference Plato in his discussion of Ideas more fully declaring, has thereby afforded Colotes an opportunity of cavilling.

Therefore it seems not unfitting to me to take next into our consideration, as it were all in a train, what he has also said against him. But first let us contemplate a little the diligence — together with the manifold and profound knowledge — of this our philosopher, who says, that Aristotle, Xenocrates, Theophrastus, and all the Peripateties have followed these doctrines of Plato. For in what corner of the uninhabitable world have you, O Colotes, written your book, that, composing all these accusations against such personages, you never have lighted upon their works, nor have taken into your hands the books of Aristotle concerning Heaven and the Soul, nor those of Theophrastus against the Naturalists, nor the Zoroaster of Heraclides, nor his books of Hell, nor that of Natural Doubts and Difficulties, nor the book of Dicaearchus concerning the Soul; in all which books they are in the highest degree contradictory and repugnant to Plato about the principal and greatest points of natural philosophy? Nay, Strato himself, the very head and prince of the other Peripatetics, agrees not in many things with Aristotle, and holds opinions altogether contrary to Plato, concerning motion, the understanding, the soul, and generation. In fine, he says that the world is not an animal, and that what is according to Nature follows what is according to Fortune; for that Chance gave the beginning, and so every one of the natural effects was afterwards finished.

Now as to the ideas, — for which he quarrels with Plato, — Aristotle, by moving this matter at every turn, and alleging all manner of doubts concerning them, in his Ethics, in his Physics, and in his Exoterical Dialogues seems to some rather obstinately than philosophically to have disputed against these doctrines, as having proposed to himself the debasing and undervaluing of Plato’s philosophy; so far he was from following it. What an impudent rashness then is this, that having neither seen nor understood what these persons have written and what were their opinions, he should go and devise such things as they never imagined; and persuading himself that he reprehends and refutes others, he should produce a proof, written with his own hand, arguing and convincing himself of ignorance, licentiousness, and shameful impudence, in saying that those who contradict Plato agree with him, and that those who oppose him follow him.

Plato, says he, writes that horses are in vain by us considered horses, and men men. And in which of Plato's commentaries has he found this hidden? For as to us, we read in all his books, that horses are horses, that men are men, and that fire is by him esteemed fire, because he holds that every one of these things is sensible and subject to opinion. But this Colotes, as if he were not a hair's breadth distance from wisdom, takes it to be one and the same thing to say, "Man is not" and "Man is a NON ENS."

Now to Plato there seems to be a wonderful great difference between not being at all and being a NON ENS; because the first imports an annihilation and abolishment of all substance, and the other shows the diversity there is between that which is participated and that which participates. Which diversity those who came after distinguished only into the difference of genus and species, and certain common and proper qualities or accidents, as they are called, but ascended no higher, falling into more logical doubts and difficulties. Now there is the same proportion between that which is participated and that which participates, as there is between the cause and the matter, the original and the image, the faculty and the result. Wherein that which is by itself and always the same principally differs from that which is by another and never remains in one and the same manner; because the one never was nor ever shall be non-existent, and is therefore totally and essentially an ENS; but to the other that very being, which it has not of itself but happens to take by participation from another, does not remain firm and constant, but it goes out of it by its imbecility, — the matter always gliding and sliding about the form, and receiving several functions and changes in the image of the substance, so that it is continually moving and shaking. As therefore he who says that the image of Plato is not Plato takes not away the sense and substance of the image, but shows the difference of that which is of itself from that which is only in regard to some other, so neither do they take away the nature, use, or sense of men, who affirm that every one of us, by participating in a certain common substratum, that is, in the idea, is become the image of that which afforded the likeness for our generation. For neither does he who says that a red-hot iron is not fire, or that the moon is not the sun, but, as Parmenides has it,

A torch which round the earth by night
Does bear about a borrowed light,

take away therefore the use of iron, or the nature of the moon. But if he should deny it to be a body, or affirm that it is not illuminated, he would then contradict the senses, as one who admitted neither body, animal, generation, nor sense. But he who by his opinion imagines that these things subsist only by participation, and reflects how far remote and distant they are from that which always is and which communicates to them their being, does not reject the sensible, but affirms that the intelligible is; nor does he take away and abolish the results which are wrought and appear in us; but he shows to those who follow him that there are other things, firmer and more stable than these in respect of their essence, because they are neither engendered, nor perish, nor suffer anything; and he teaches them, more purely touching the difference, to express it by names, calling these [Greek omitted] or [Greek omitted] (THINGS THAT HAVE BEING), and those [Greek omitted] or FIENTIA (THINGS ENGENDERED). And the same also usually befalls the moderns; for they deprive many — and those great things — of the appellation of ENS or BEING; such as are voidness, time, place, and simply the entire genus of things spoken, in which are comprised all things true. For these things, they say, are not ENTIA but SOME THINGS; and they perpetually treat of them in their lives and in their philosophy, as of things having subsistence and existence.

But I would willingly ask this our fault-finder, whether themselves do not in their affairs perceive this difference, by which some things are permanent and immutable in their substances, — as they say of their atoms, that they are at all times and continually after one and the same manner, because of their impassibility and hardness, — but that all compound things are fluxible, changeable, generated, and perishing; forasmuch as infinite images are always departing and going from them, and infinite others as it is probable, repair to them from the ambient air, filling up what was diminished from the mass, which is much diversified and transvasated, as it were, by this change, since those atoms which are in the very bottom of the said mass can never cease stirring and reciprocally beating upon one another; as they themselves affirm. There is then in things such a diversity of substance. But Epicurus is in this wiser and more learned than Plato, that he calls them all equally ENTIA, — to wit, the impalable voidness, the solid and resisting body, the principles, and the things composed of them, — and thinks that the eternal participates of the common substance with that which is generated, the immortal with the corruptible, and the natures that are impassible, perdurable,

unchangeable, and that can never fall from their being, with those which have their essence in suffering and changing, and can never continue in one and the same state. But though Plato had with all the justness imaginable deserved to be condemned for having offended in this, yet should he have been sentenced by these gentlemen, who use Greek more elegantly and discourse more correctly than he, only as having confounded the terms, and not as having taken away the things and driven life from us, because he named them FIENTIA (or things engendered), and not ENTIA (things that have being), as these men do.

But because we have passed over Socrates, who should have come next after Parmenides, we must now turn back our discourse to him. Him therefore has Colotes begun at the very first to remove, as the common proverb has it, from the sacred line; and having mentioned how Chaerephon brought from Delphi an oracle, well known to us all, concerning Socrates, he says thus: "Now as to this narration of Chaerephon's, because it is odious and entirely sophistical, we will overpass it." Plato, then, that we may say nothing of others, is also odious, who has committed it to writing; and the Lacedaemonians are yet more odious, who keep the oracle of Lycurgus amongst their most ancient and most authentic inscriptions. The oracle also of Themistocles, by which he persuaded the Athenians to quit their town, and in a naval fight defeated the barbarous Xerxes, was a sophistical fiction. Odious also were all the ancient legislators and founders of Greece who established the most part of their temples, sacrifices, and solemn festivals by the answer of the Pythian Oracle. But if the oracle brought from Delphi concerning Socrates, a man ravished with a divine zeal to virtue, by which he is styled and declared wise, is odious, fictitious, and sophistical, by what name shall we call your cries, noises, and shouts, your applauses, adorations and canonizations, with which you extol and celebrate him who incites and exhorts you to frequent and continual pleasures? For thus has he written in his epistle to Anaxarchus: "I for my part incite and call you to continual pleasures, and not to vain and empty virtues, which have nothing but turbulent hopes of uncertain fruits." And yet Metrodorus, writing to Timarchus, says: "Let us do some extraordinarily excellent thing, not suffering ourselves to be plunged in reciprocal affections, but retiring from this low and terrestrial life, and elevating ourselves to the truly holy and divinely revealed ceremonies and mysteries of Epicurus." And even Colotes himself, hearing one day Epicurus discoursing of natural things, fell suddenly

at his feet and embraced his knees, as Epicurus himself, glorying in it, thus writes: “For as if you had adored what we were then saying, you were suddenly taken with a desire, proceeding not from any natural cause, to come to us, prostrate yourself on the ground, embrace our knees, and use all those gestures to us which are ordinarily practised by those who adore and pray to the gods. So that you made us also,” says he, “reciprocally sanctify and adore you.” Those, by Jupiter, well deserve to be pardoned, who say, they would willingly give any money for a picture in which should be presented to the life this fine story of one lying prostrate at the knees and embracing the legs of another, who mutually again adores him and makes his devout prayers to him. Nevertheless this devout service, how well soever it was ordered and composed by Colotes, received not the condign fruit he expected; for he was not declared wise; but it was only said to him: Go they ways, and walk immortal; and understand that we also are in like manner immortal.

These men, knowing well in their consciences that they have used such foolish speeches, have had such motions, and such passions, dare nevertheless call others odious. And Colotes, having shown us these fine first-fruits and wise positions touching the natural senses, — that we eat meat, and not hay or forage; and that when rivers are deep and great, we pass them in boats, but when shallow and easily fordable, on foot, — cries out, “You use vain and arrogant speeches, O Socrates; you say one thing to those who come to discourse with you, and practise another.” Now I would fain know what these vain and arrogant speeches of Socrates were, since he ordinarily said that he knew nothing, that he was always learning, and that he went inquiring and searching after the truth. But if, O Colotes, you had happened on such expressions of Socrates as are those which Epicurus writ to Idomeneus, “Send me then the first-fruits for the entertainment of our sacred body, for ourself and for our children: for so it comes upon me to speak;” what more arrogant and insolent words could you have used? And yet that Socrates spake otherwise than he lived, you have wonderful proofs in his gests at Delium, at Potidaea, in his behavior during the time of the Thirty Tyrants, towards Archelaus, towards the people of Athens, in his poverty, and in his death. For are not these things beseeming and answerable to the doctrine of Socrates? They would indeed, good sir, have been indubitable testimonies to show that he acted otherwise than he taught, if, having proposed pleasure for the end of life, he had led such a life as this.

Thus much for the calumnies he has uttered against Socrates. Colotes besides perceives not that he is himself found guilty of the same offences in regard to theory and practice which he objects against Socrates. For this is one of the sentences and propositions of Epicurus, that none but the wise man ought irrevocably and unchangeably to be persuaded of anything. Since then Colotes, even after those adorations he performed to Epicurus, became not one of the sages, let him first make these questions and interrogatories his own: How is it that being hungry he eats meat and not hay, and that he puts a robe about his body and not about a pillar, since he is not indubitably persuaded either that a robe is a robe or that meat is meat? But if he not only does these things, but also passes not over rivers, when they are great and high, on foot, and flies from wolves and serpents, not being irrevocably persuaded that any of these things is such as it seems, but yet doing everything according to what appears to him; so likewise the opinion of Socrates concerning the senses was no obstacle to him, but that he might in like manner make use of things as they appeared to him. For it is not likely that bread appeared bread and hay hay to Colotes, because he had read those holy rules of Epicurus which came down from heaven, while Socrates on account of his vanity imagined that hay was bread and bread hay. For these wise men use better opinions and reasons than we; but to have sense, and to receive an impression from objects as they appear, is common as well to the ignorant as to the wise, as proceeding from causes where there needs not the discourse of reason. And the proposition which affirms that the natural senses are not perfect, nor certain enough to cause an entire belief, hinders not that everything may appear to us; but leaving us to make use of our senses in our actions according to that which appears, it permits us not so to give credit to them as if they were exactly true and without error. For it is sufficient that in what is necessary and commodious for use there is nothing better. But as for the science and knowledge which the soul of a philosopher desires to have concerning everything, the senses have it not.

But as to this, Colotes will farther give us occasion to speak of it hereafter, for he brings this objection against several others. Furthermore, whereas he profusely derides and despises Socrates for asking what man is, and in a youthful bravery (as he terms it) affirming that he was ignorant of it, it is manifest that he himself, who scoffs at it, never so much as thought of this matter; but Heraclitus on the contrary, as having done some great and worthy thing, said, I have been seeking myself. And of the sentences that were

written in Apollo's temple at Delphi, the most excellent and most divine seems to have been this, Know thyself. And this it was which gave Socrates an occasion and beginning of doubting and inquiring into it, as Aristotle says in his Platonics. And yet this appears to Colotes ridiculous and fit to be scoffed at. And I wonder that he derides not also his master himself, who does as much whenever he writes concerning the substance of the soul and the creation of man. For if that which is compounded of both, as they themselves hold, — of the body, to wit, and the soul, — is man, he who searches into the nature of the soul consequently also searches into the nature of man, beginning from his chiefest principle. Now that the soul is very difficult to be comprehended by reason, and altogether incomprehensible by the exterior senses, let us not learn from Socrates, who is a vainglorious and sophistical disputer, but let us take it from these wise men, who, having forged and framed the substance of the soul of somewhat hot, spiritual, and aerial, as far as to the faculties of the flesh, by which she gives heat, softness and strength to the body, proceed not to that which is the principal, but give over faint and tired by the way. For that by which she judges, remembers, loves, hates, — in a word, that which is prudent and rational, is, — say they, made afterwards of I know not what nameless quality. Now we well know, that this nameless thing is a confession of their shameful ignorance, whilst they pretend they cannot name what they are not able to understand or comprehend. But let this, as they say, be pardoned them. For it seems not to be a light and easy matter, which every one can at the first attempt find out and attain to, but has retired itself to the bottom of some very remote place, and there lies obscurely concealed. So that there is not, amongst so many words and terms as are in use, any one that can explain or show it. Socrates therefore was not a fool or blockhead for seeking and searching what himself was; but they are rather to be thought shallow coxcombs, who inquire after any other thing before this, the knowledge of which is so necessary and so hard to find. For how could he expect to gain the knowledge of other things, who has not been able to comprehend the principal element even of himself?

But granting a little to Colotes, that there is nothing so vain, useless, and odious as the seeking into one's self, let us ask him, what confession of human life is in this, and how it is that a man cannot continue to live, when he comes once thus to reason and discourse in himself: "Go to now, what am I? Am I a composition, made up of soul and body; or rather a soul, serving itself and making use of the body, as an horseman using his horse is not a

subject composed of horse and man? Or is every one of us the principal part of the soul, by which we understand, infer, and act; and are all the other parts, both of soul and body, only organs and utensils of this power? Or, to conclude, is there no proper substance of the soul at all apart, but is only the temperature and complexion of the body so disposed, that it has force and power to understand and live?" But Socrates does not by these questions overthrow human life, since all natural philosophers treat of the same matter. But those perhaps are the monstrous questions and inquiries that turn everything upside down, which are in Phaedrus, (Plato, "Phaedrus," p. 230 A.) where he says, that every one ought to examine and consider himself, whether he is a savage beast, more cautelous, outrageous, and furious than ever was the monster Typhon; or on the contrary, an animal more mild and gentle, partaking by Nature of a certain divine portion, and such as is free from pride. Now by these discourses and reasonings he overturns not the life of man, but drives from it presumption and arrogance, and those haughty and extravagant opinions and conceits he has of himself. For this is that monster Typhon, which your teacher and master has made to be so great in you by his warring against the gods and divine men.

Having done with Socrates and Plato, he next attacks Stilpo. Now as for those his true doctrines and good discourses, by which he managed and governed himself, his country, his friends, and such kings and princes as loved him and esteemed him, he has not written a word; nor yet what prudence and magnanimity was in his heart, accompanied with meekness, moderation, and modesty. But having made mention of one of those little sentences he was wont in mirth and raillery to object against the sophisters, he does, without alleging any reason against it or solving the subtlety of the objection, stir up a terrible tragedy against Stilpo, saying that the life of man is subverted by him, inasmuch as he affirms that one thing cannot be predicated of another. "For how," says he, "shall we live, if we cannot style a man good, nor a man a captain, but must separately name a man a man, good good, and a captain a captain; nor can say ten thousand horsemen, or a fortified town, but only call horsemen horsemen, and ten thousand ten thousand, and so of the rest?" Now what man ever was there that lived the worse for this? Or who is there that, hearing this discourse, does not immediately perceive and understand it to be the speech of a man who rallies gallantly, and proposes to others this logical question for the exercise of their wits? It is not, O Colotes, a great and dangerous scandal not to call any man

good, or not to say ten thousand horsemen; but not to call God God, and not to believe him to be God, — as you and the rest do, who will not confess that there is a Jupiter presiding over generation, or a Ceres giving laws, or a Neptune nourishing the plants, — it is this separation of names that is pernicious, and fills our life with audaciousness and an atheistical contempt of the gods. When you pluck from the gods the names and appellations that are tied to them, you abolish also the sacrifices, mysteries, processions, and feasts. For to whom shall we offer the sacrifices preceding the tilling of the ground? To whom those for the obtaining of preservation? How shall we celebrate the Phosphoria or torch-festivals, the Bacchanals, and the ceremonies that go before marriage, if we admit neither Bacchantes, gods of light, gods who protect the sown field, nor preservers of the state? For this it is that touches the principal and greatest points, being an error in things, — not in words, in the structure of propositions, or use of terms.

Now if these are the things that disturb and subvert human life, who are there that more offend in speech than you? For you take utterly away the whole category of namable things, which constitute the substance of language; and leave only words and their accidental objects, while you take away in the meantime the things particularly signfied by them, by which are wrought disciplines, doctrines, preconceptions, intelligences, inclination, and assent, which you hold to be nothing at all.

But as for Stilpo, thus his reasoning proceeds. "If of a man we predicate good, and of an horse running, the predicate or thing predicated is not the same with the subject or that of which it is predicated, but the essential definition of man is one, and of good another. And again, to be a horse differs from to be running. For being asked the definition of the one and of the other, we do not give the same for them both; and therefore those err who predicate the one of the other. For if good is the same with man, and to run the same with a horse, how is good affirmed also of food and medicine, and again (by Jupiter) to run of a lion and a dog? But if the predicate is different, then we do not rightly say that a man is good, and a horse runs." Now if Stilpo is in this exorbitant and grossly mistaken, not admitting any copulation of such things as are in the subject, or affirmed of the subject, with the subject itself; but holding that every one of them, if it is not absolutely one and the same thing with that to which it happens or of which it is spoken, ought not to be spoken or affirmed of it, — no, not even as an accident; it is nevertheless manifest, that he was only offended with some words, and opposed the usual

and accustomed manner of speaking, and not that he overthrew man's life, and turned his affairs upside down.

Colotes, then, having got rid of the old philosophers, turns to those of his own time, but without naming any of them; though he would have done better either to have reproved by name these moderns, as he did the ancients, or else to have named neither of them. But he who has so often employed his pen against Socrates, Plato, and Parmenides, evidently demonstrates that it is through cowardice he dares not attack the living, and not for any modesty or reverence, of which he showed not the least sign to those who were far more excellent than these. But his meaning is, as I suspect, to assault the Cyrenaics first, and afterwards the Academics, who are followers of Arcesilaus. For it was these who doubted of all things; but those, placing the passions and imaginations in themselves, were of opinion that the belief proceeding from them is not sufficient for the assuring and affirming of things but, as if it were in the siege of a town, abandoning what is without, they have shut themselves up in the passions, using only it seems, and not asserting it is, of things without. And therefore they cannot, as Colotes says of them, live or have the use of things. And then speaking comically of them, he adds: "These deny that there is a man, a horse, a wall; but say that they themselves (as it were) become walls, horses, men," or "take on the images of walls, horses, or men." In which he first maliciously abuses the terms, as caluminators are usually wont to do. For though these things follow from the sayings of the Cyrenaics, yet he ought to have declared the fact as they themselves teach it. For they affirm that things then become sweet, bitter, lightsome, or dark, when each thing has in itself the natural unobstructed operation of one of these impressions. But if honey is said to be sweet, an olive-branch bitter, hail cold, wine hot, and the nocturnal air dark, there are many beasts, things, and men that testify the contrary. For some have an aversion for honey, others feed on the branches of the olive-tree; some are scorched by hail, others cooled with wine; and there are some whose sight is dim in the sun but who see well by night. Wherefore opinion, containing itself within these sensations, remains safe and free from error; but when it goes forth and attempts to be curious in judging and pronouncing concerning exterior things, it often deceives itself, and opposes others, who from the same objects receive contrary sensations and different imaginations.

And Colotes seems properly to resemble those young children who are but beginning to learn their letters. For, being accustomed to learn them where

they see them in their own horn-books and primers, when they see them written anywhere else, they doubt and are troubled; so those very discourses, which he praises and approves in the writings of Epicurus, he neither understands nor knows again, when they are spoken by others. For those who say that the sense is truly informed and moulded when there is presented one image round and another broken, but nevertheless permit us not to pronounce that the tower is round and the oar broken, confirm their own sensations and imaginations, but they will not acknowledge and confess that the things without are so affected. But as the Cyrenaics must say that they are imprinted with the figure of a horse or of a wall, but refuse to speak of the horse or the wall; so also it is necessary to say that the sight is imprinted with a figure round or with three unequal sides, and not that the tower is in that manner triangular or round. For the image by which the sight is affected is broken; but the oar whence that image proceeds is not broken. Since, then, there is a difference between the sensation and the external subject, the belief must either remain in the sensation, or else — if it maintains the being in addition to the appearing — be reproved and convinced of untruth. And whereas they cry out and are offended in behalf of the sense, because the Cyrenaics say not that the thing without is hot, but that the effect made on the sense is such; is it not the same with what is said touching the taste, when they say that the thing without is not sweet, but that some function and motion about the sense is such? And for him who says that he has received the apprehension of an human form, but perceives not whether it is a man, whence has he taken occasion so to say? Is it not from those who affirm that they receive an apprehension of a bowed figure and form, but that the sight pronounces not that the thing which was seen is bowed or round, but that a certain image of it is such? Yes, by Jupiter, will some one say; but I, going near the tower or touching the oar, will pronounce and affirm that the one is straight and the other has many angles and faces; but he, when he comes near it, will confess that it seems and appears so to him, and no more. Yes, certainly, good sir, and more than this, when he sees and observes the consequence, that every imagination is equally worthy of belief for itself, and none for another; but that they are all in like condition. But this your opinion is quite lost, that all the imaginations are true and none false or to be disbelieved, if you think that these ought to pronounce positively of that which is without, but those you credit no farther than that they are so affected. For if they are in equal condition as to their being believed, when they are near or when they are far

off, it is just that either upon all of them, or else not upon these, should follow the judgment pronouncing that a thing is. But if there is a difference in the being affected between those that are near and those that are far off, it is then false that one sense and imagination is not more express and evident than another. Therefore those they call attestations and counter-attestations are nothing to the sense, but are concerned only with opinion. So, if they would have us following these to pronounce concerning exterior things, making being a judgment of opinion, and what appears an affection of sense, they transfer the judicature from which is totally true to that which often fails.

But how full of trouble and contradictions in respect of one another these things are, what need is there to say at present? But the reputation of Arcesilaus, who was the best beloved and most esteemed of all the philosophers in his time, seems to have been no small eyesore to Epicurus; who says of him that delivering nothing peculiar to himself or of his own invention, he imprinted in illiterate men the opinion and esteem of his being very knowing and learned. Now Arcesilaus was so far from desiring any glory by being a bringer-in of new opinions, and from arrogating to himself those of the ancients, that the sophisters of that time blamed him for attributing to Socrates, Plato, Parmenides, and Heraclitus the doctrines concerning the retention of assent, and the incomprehensibility of things; having no need so to do, but only that he might strengthen them and render them recommendable by ascribing them such illustrious personages. For this, therefore, thanks to Colotes, and to every one who declares that the academic doctrine was from a higher times derived to Arcesilaus. Now as for retention of assent and the doubting of all things, not even those who have much labored in the manner, and strained themselves to compose great books and large treatises concerning it, were ever able to stir it; but bringing at last out of the Stoa itself the cessation from all actions, as the Gorgon to frighten away the objections that came against them, they were at last quite tired and gave over. For they could not, what attempts and stirs soever they made, obtain so much from the instinct by which the appetite is moved to act, as to suffer itself to be called an assent, or to acknowledge sense for the origin and principle of its propension, but it appeared of its own accord to present itself to act, as having no need to be joined with anything else. For against such adversaries the combat and dispute is lawful and just. And

Such words as you have spoke, the like you may
Expect to hear.
("Iliad," xx. 250.)

For to speak to Colotes of instinct and consent is, I suppose, all one as to play on the harp before an ass. But to those who can give ear and conceive, it is said that there are in the soul three sorts of motions, — the imaginative, the appetitive, and the consenting. As to the imaginative or the apprehension, it cannot be taken away, though one would. For one cannot, when things approach, avoid being informed and (as it were) moulded by them, and receiving an impression from them. The appetite, being stirred up by the imaginative, effectually moves man to that which is proper and agreeable to his nature, just as when there is made a propension. and inclination in the principal and reasonable part. Now those who withhold their assent and doubt of all things take not away this, but make use of the appetition or instinct naturally conducting every man to that which seems convenient for him. What, then, is the only thing that they shun? That in which is bred falsehood and deceit, — that is, opining, and haste in giving consent, — which is a yielding through weakness to that which appears, and has not any true utility. For action stands in need of two things, to wit, the apprehension or imagination of what is agreeable to Nature, and the instinct or appetition driving to that which is so imagined; of which, neither the one nor the other is repugnant to the retention of assent. For reason withdraws us from opinion, and not from appetition or imagination. When, therefore, that which is delectable seems to us to be proper for us, there is no need of opinion to move and carry us to it, but appetition immediately exerts itself, which is nothing else but the motion and inclination of the soul.

It is their own axiom, that a man must only have sense and be flesh and blood and pleasure will appear to be good. Wherefore also it will seem good to him who withholds his assent. For he also participates of sense, and is made of flesh and blood, and as soon as he has conceived an imagination of good, desires it and does all things that it may not escape from him; but as much as possibly he can, he will keep himself with that which is agreeable to his nature, being drawn by natural and not by geometrical constraints. For these goodly, gentle, and tickling motions of the flesh are, without any teacher, attractive enough of themselves — even as these men forget not to say — to draw even him who will not in the least acknowledge and confess

that he is softened and rendered pliable by them. “But how comes it to pass,” perhaps you will say, “that he who is thus doubtful and withholds his assent hastens not away to the mountain, instead of going to the bath? Or that, rising up to go forth into the market-place, he runs not his head against the wall, but takes his way directly to the door?” Do you ask this, who hold all the senses to be infallible, and the apprehensions of the imagination certain and true? It is because the bath appears to him not a mountain, but a bath; and the door seems not a wall, but a door; and the same is to be said of every other thing. For the doctrine of retention does not pervert the sense, nor by absurd passions and motions work in it an alteration disturbing the imaginative faculty; but it only takes away opinions, and for the rest, makes use of other things according to their nature.

But it is impossible, you will say, not to consent to things that are evident; for to deny such things as are believed is more absurd than neither to deny nor affirm. Who then are they that call in question things believed, and contend against things that are evident? They who overthrow and take away divination, who say that there is not any government of Divine Providence, who deny the sun and the moon — to whom all men offer sacrifices and whom they honor and adore — to be animated. And do not you take away that which is apparent to all the world, that the young are contained in the nature of their parents? Do you not, contrary to the sense of all men, affirm that there is no medium between pleasure and pain, saying that not to be in pain is to be in the fruition of pleasure, that not to do is to suffer, and that not to rejoice is to be grieved?

But to let pass all the rest, what is more evident and more generally believed by all men, than that those who are seized with melancholy distempers, and whose brain is troubled and whose wits are distracted, do, when the fit is on them and their understanding altered and transported, imagine that they see and hear things which they neither see nor hear? Whence they frequently cry out: —

Women in black arrayed bear in their hands,
To burn mine eyes, torches and fiery brands.

And again: —

See, in her arms she holds my mother dear.
(Euripides, “Iphigenia in Tauris,” 289.)

These, and many other illusions more strange and tragical than these, — resembling those mormos and bugbears which they themselves laugh at and deride, as they are described by Empedocles to be, “with sinuous feet and undeveloped hands, bodied like ox and faced like man,” — with certain other prodigious and unnatural phantoms, these men have gathered together out of dreams and the alienations of distracted minds, and affirm that none of them is a deception of the sight, a falsity, or inconsistence; but that all these imaginations are true, being bodies and figures that come from the ambient air. What thing then is there so impossible in Nature as to be doubted of, if it is possible to believe such reveries as these? For these men, supposing that such things as never any mask-maker, potter, designer of wonderful images, or skilful and all-daring painter durst join together, to deceive or make sport for the beholders, are seriously and in good earnest existent, — nay, which is more, affirming that, if they are not really so, all firmness of belief, all certainty of judgment and truth, is forever gone, — do by these their suppositions and affirmations cast all things into obscurity, and bring fears into our judgments, and suspicions into our actions, — if the things which we apprehend, do, are familiarly acquainted with, and have at hand are grounded on the same imagination and belief with these furious, absurd, and extravagant fancies. For the equality which they suppose to be in all apprehensions rather derogates from the credit of such as are usual and rational, than adds any belief to those that are unusual and repugnant to reason. Wherefore we know many philosophers who would rather and more willingly grant that no imagination is true than that all are so, and that would rather simply disbelieve all the men they never had conversed with, all the things they had not experimented, and all the speeches they had not heard with their own ears, than persuade themselves that any one of these imaginations, conceived by these frantic, fanatical, and dreaming persons, is true. Since then there are some imaginations which may, and others which may not be rejected, it is lawful for us to retain our assent concerning them, though there were no other cause but this discordance, which is sufficient to work in us a suspicion of things, as having nothing certain and assured, but being altogether full of obscurity and perturbation. For in the disputes about the infinity of worlds and the nature of atoms and individuums and their

inclinations, although they trouble and disturb very many, there is yet this comfort, that none of all these things that are in question is near us, but rather every one of them is far remote from sense. But as to this diffidence, perplexity, and ignorance concerning sensible things and imaginations, found even in our eyes, our ears, and our hands, what opinion does it not shock? What consent does it not turn upside down? For if men neither drunk, intoxicated, nor otherwise disturbed in their senses, but sober, sound in mind, and professedly writing of the truth and of the canons and rules by which to judge it, do in the most evident passions and motions of the senses set down either that which has no existence for true, or that which is existent for false, it is not strange that a man should be silent about all things, but rather that he assent to anything; nor is it incredible that he should have no judgment about things which appear, but rather that he should have contrary judgments. For it is less to be wondered, that a man should neither affirm the one nor the other but keep himself in a mean between two opposite things, than that he should set down things repugnant and contrary to one another. For he that neither affirms nor denies, but keeps himself quiet, is less repugnant to him who affirms an opinion than he who denies it, and to him who denies an opinion than he who affirms it. Now if it is possible to withhold one's assent concerning these things, it is not impossible also concerning others, at least according to your opinion, who say that one sense does not exceed another, nor one imagination another.

The doctrine then of retaining the assent is not, as Colotes thinks, a fable or an invention of rash and light-headed young men who please themselves in babbling and prating; but a certain habit and disposition of men who desire to keep themselves from falling into error, not leaving the judgment at a venture to such suspected and inconstant senses, nor suffering themselves to be deceived by those who hold that in doubtful matters things which do not appear to the senses are credible and ought to be believed, when they see so great obscurity and uncertainty in things which do appear. But the infinity you assert is a fable, and so indeed are the images you dream of: and he breeds in young men rashness and self-conceitedness who writ of Pythocles, not yet eighteen years of age, that there was not in all Greece a better or more excellent nature, that he admirably well expressed his convictions, and that he was in other respects behaved like a women, — praying that all these extraordinary endowments of the young man might not work him hatred and envy. But these are sophists and arrogant, who write so impudently and

proudly against great and excellent personages. I confess indeed, that Plato, Aristotle, Theophrastus and Democritus contradicted those who went before them; but never durst any man besides Colotes set forth with such an insolent title as this against all at once.

Whence it comes to pass that, like to such as have offended some Divinity, confessing his fault, he says thus towards the end of His book: “Those who have established laws and ordinances and instituted monarchies and other governments in towns and cities, have placed human life in great repose and security and delivered it from many troubles; and if any one should go about to take this away, we should lead the life of savage beasts, and should be every one ready to eat up one another as we meet.” For these are the very words of Colotes, though neither justly nor truly spoken. For if any one, taking away the laws, should leave us nevertheless the doctrines of Parmenides, Socrates, Plato, and Heraclitus, we should be far from mutually devouring one another and leading the life of beasts. For we should fear dishonest things, and should for honesty alone venerate justice, the gods our superiors, and magistrates, believing that we have spirits and daemons who are the guardians and superintendents of human life, esteeming all the gold that is upon and within the earth not to be equivalent to virtue; and doing that willingly by reason, as Xenocrates says, which we now do by force and through fear of the law. When then will our life become savage, uncivilized, and bestial? When, the laws being taken away, there shall be left doctrines inciting men to pleasure; when the world shall bethought not to be ruled and governed by Divine Providence; when those men shall be esteemed wise who spit at honesty if it is not joined with pleasure; and when such discourses and sentences as these shall be scoffed at and derided: —

For Justice has an eye which all things sees;

and again: —

God near us stands, and views whate’er we do;

and once more: “God, as antiquity has delivered to holding the beginning, middle, and end of the universe, makes a direct line, walking according to Nature. After him follows Justice, a punisher of those who have been deficient in their duties by transgressing the divine law.”

For they who contemn these things as if they were fables, and think that the sovereign good of man consists about the belly, and in those other passages by which pleasure is admitted, are such as stand in need of the law, and fear, and stripes, and some king, prince, or magistrate, having in his hand

the sword of justice; to the end that they may not devour their neighbors through their gluttony, rendered confident by their atheistical impiety. For this is the life of brutes, because brute beasts know nothing better nor more honest than pleasure, understand not the justice of the gods, nor revere the beauty of virtue; but if Nature has bestowed on them any point of courage, subtlety, or activity, they make use of it for the satisfaction of their fleshly pleasure and the accomplishment of their lusts. And the sapient Metrodorus believes that this should be so, for he says: “All the fine, subtle, and ingenious inventions of the soul have been found out for the pleasure and delight of the flesh, or for the hopes of attaining to it and enjoying it, and every act which tends not to this end is vain and unprofitable.” The laws being by such discourses and philosophical reasons as these taken away, there wants nothing to a beast-like life but lions’ paws, wolves’ teeth, oxen’s paunches, and camels’ necks; and these passions and doctrines do the beasts themselves, for want of speech and letters, express by their bellowings, neighings, and brayings, all their voice being for their belly and the pleasure of their flesh, which they embrace and rejoice in either present or future; unless it be perhaps some animal which naturally takes delight in chattering and garrulity.

No sufficient praise therefore or equivalent to their deserts can be given those who, for the restraining of such bestial passions, have set down laws, established policy and government of state, instituted magistrates and ordained good and wholesome laws. But who are they that utterly confound and abolish this? Are they not those who withdraw themselves and their followers from all part in the government? Are they not those who say that the garland of tranquillity and a reposed life are far more valuable than all the kingdoms and principalities in the world? Are they not those who declare that reigning and being a king is a mistaking the path and straying from the right way of felicity? And they write in express terms: “We are to treat how a man may best keep and preserve the end of Nature, and how he may from the very beginning avoid entering of his own free will and voluntarily upon offices of magistracy, and government over the people.” And yet again, these other words are theirs: “There is no need at all that a man should tire out his mind and body to preserve the Greeks, and to obtain from them a crown of wisdom; but to eat and drink well, O Timocrates, without prejudicing, but rather pleasing the flesh.” And yet in the constitution of laws and policy, which Colotes so much praises, the first and most important article is the

belief and persuasion of the gods. Wherefore also Lycurgus heretofore consecrated the Lacedaemonians, Numa the Romans, the ancient Ion the Athenians, and Deucalion universally all the Greeks, through prayers, oaths, oracles, and omens, making them devout and affectionate to the gods by means of hopes and fears at once. And if you will take the pains to travel through the world, you may find towns and cities without walls, without letters, without kings, without houses, without wealth, without money, without theatres and places of exercise; but there was never seen nor shall be seen by man any city without temples and gods, or without making use of prayers, oaths, auguries, and sacrifices for the obtaining of blessings and benefits, and the averting of curses and calamities. Nay, I am of opinion, that a city might sooner be built without any ground to fix it on, than a commonweal be constituted altogether void of any religion and opinion of the gods, — or being constituted, be preserved. But this, which is the foundation and ground of all laws, do these men, not going circularly about, nor secretly and by enigmatical speeches, but attacking it with the first of their most principal opinions. directly subvert and overthrow; and then afterwards, as if they were haunted by the Furies, they come and confess that they have grievously offended in thus taking away the laws, and confounding the ordinances of justice and policy, that they may not be capable of pardon. For to err in opinion, though it be not the part of wise men, is at least human; but to impute to others the errors and offences they commit themselves, how can any one declare what it is, if he forbears to give it the name it deserves?

For if, in writing against Antidorus or Bion the sophister, he had made mention of laws, policy, order, and justice, might not either of them have said to him, as Electra did to her mad brother Orestes: —

Lie still at ease, poor wretch; keep in thy bed,
(Euripides, “Orestes,” 258.)

and there cherish thy bit of body, leaving those to expostulate and find fault with me who have themselves lived the life of a citizen and householder? Now such are all those whom Colotes has reviled and railed at in his book. Amongst whom, Democritus in his writings advises and exhorts to the learning of the science of politics, as being the greatest of all, and to the accustoming one’s self to bear fatigues, by which men attain to great wealth and honor. And as for Parmenides, he beautified and adorned his native

country with most excellent laws which he there established, so that even to this day the officers every year, when they enter first on the exercise of their charges, are obliged to swear that they will observe the laws and ordinances of Parmenides. Empedocles brought to justice some of the principal of his city, and caused them to be condemned for their insolent behavior and embezzling of the public treasure, and also delivered his country from sterility and the plague — to which calamities it was before subject — by immuring and stopping up the holes of certain mountains, whence there issued an hot south wind, which overspread all the plain country and blasted it. And Socrates, after he was condemned, when his friends offered him, if he pleased, an opportunity of making his escape, absolutely refused to make use of it, that he might maintain the authority of the laws, choosing rather to die unjustly than to save himself by disobeying the laws of his country. Melissus, being captain general of his country, vanquished the Athenians in a battle at sea. Plato left in his writings excellent discourses concerning the laws, government, and policy of a commonweal; and yet he imprinted much better in the hearts and minds of his disciples and familiars, which caused Sicily to be freed by Dion, and Thrace to be set at liberty by Pytho and Heraclides, who slew Cotys. Chabrias also and Phocion, those two great generals of the Athenians, came out of the Academy. As for Epicurus, he indeed sent certain persons into Asia to chide Timocrates, and caused him to be removed out of the king's palace, because he had offended his brother Metrodorus; and this is written in their own books. But Plato sent of his disciples and friends, Aristonymus to the Arcadians, to set in order their commonweal, Phormio to the Eleans, and Menedemus to the Pyrrhaeans. Eudoxus gave laws to the Cnidians, and Aristotle to the Stagirites, who were both of them the intimates of Plato. And Alexander the Great demanded of Xenocrates rules and precepts for reigning well. And he who was sent to the same Alexander by the Grecians dwelling in Asia, and who most of all inflamed and stimulated him to embrace and undertake the war against the barbarian king of Persia, was Delius the Ephesian, one of Plato's familiars. Zeno, the disciple of Parmenides, having attempted to kill the tyrant Demylus, and failing in his design, maintained the doctrine of Parmenides, like pure and fine gold tried in the fire, that there is nothing which a magnanimous man ought to dread but dishonor, and that there are none but children and women, or effeminate and women-hearted men, who fear pain. For, having with his own teeth bitten off his tongue, he spit it in the tyrant's face.

But out of the school of Epicurus, and from among those who follow his doctrine, I will not ask what tyrant-killer has proceeded, nor yet what man valiant and victorious in feats of arms, what lawgiver, what prince, what counsellor, or what governor of the people; neither will I demand, who of them has been tormented or has died for supporting right and justice. But which of all these sages has for the benefit and service of his country undertaken so much as one voyage at sea, gone of an embassy, or expended a sum of money? What record is there extant of one civil action in matter of government, performed by any of you? And yet, because Metrodorus went down one day from the city as far as the haven of Piraeus, taking a journey of forty stadia to assist Mithres a Syrian, one of the king of Persia's court who had been arrested and taken prisoner, he writ of it to every one and in all his letters, Epicurus also highly magnifying and extolling this wonderful voyage. What value then, think you, would they have put upon it, if they had done such an act as Aristotle did, who procured the restoration and rebuilding of Stagira, the town of his nativity, after it had been destroyed by King Philip? Or as Theophrastus, who twice delivered his city, when possessed and held by tyrants? Would not the river Nile sooner have given over to bear the paper-reed, than they have been weary of writing their brave exploits?

And it is not the greatest dishonor, that, of so many sects of philosophers as have existed, they alone should enjoy the benefits that are in cities, without having ever contributed to them anything of their own; but far more serious is it that, while there are not even any tragical or comical poets who do not always endeavor to do or say some good thing or other in defence of the laws and policy these men, if peradventure they write, write of policy, that we may not concern ourselves in the government of the commonweal, — of rhetoric, that we may not perform an act of eloquence, — and of royalty, that we may shun the living and conversing with kings. Nor do they ever name any of those great personages who have intermeddled in civil affairs, but only to scoff at them and abolish their glory. Thus they say that Epaminondas had something of good, but that infinitesimal, or [Greek omitted], for that is the very word they use. They moreover call him iron-hearted, and ask what ailed him that he went marching his army through all Peloponnesus, and why he did not rather keep himself quiet at home with a garland on his head, employed only in cherishing and making much of his body. But methinks I ought not in this place to omit what Metrodorus writ in his book of Philosophy, when, utterly abjuring all meddling in the management of the

state, he said thus: “Some, through an excess of vanity and arrogance, have so deep a comprehension into the business of it, that in discussing the precepts of good life and virtue, they allow themselves to be carried away with the very same desires as were Lycurgus and Solon.” What is this? Was it then vanity and abundance of vanity, to set free the city of Athens, to render Sparta well-policied and governed by wholesome laws, that young men might do nothing licentiously, nor get children upon common courtesans and whores, and that riches, delights, intemperance, and dissolution might no longer bear sway and have command in cities, but law and justice? For these were the desires of Solon. To this Metrodorus, by way of scorn and contumely, adds this conclusion: “It is then very well beseeming a native born gentleman to laugh heartily, as at other men, so especially at these Solons and Lycurguses. “But such a one, O Metrodorus, is not a gentleman, but a servile and dissolute person, and deserves to be scourged, not with that whip which is for free-born persons, but with that scourge made with ankle-bones, with which those eunuch sacrificers called Galli were wont to be chastised, when they failed of performing their duty in the ceremonies and sacrifices of the Goddess Cybele, the great Mother of the Gods.

But that they made war not against the lawgivers but against the laws themselves, one may hear and understand from Epicurus. For in his questions, he asks himself, whether a wise man, being assured that it will not be known, will do anything that the laws forbid. To which he answers: “That is not so easy to settle simply,” — that is “I will do it indeed, but I am not willing to confess it.” And again, I suppose writing to Idomeneus, he exorts him not to make his life a slave to the laws or to the options of men, unless it be to avoid the trouble they prepare, by the scourge and chastisement, so near at hand. If those who abolish laws, governments, and polices of men subvert and destroy human life, and if Metrodorus and Epicurus do this, by dehorting and withdrawing their friends from concerning themselves in public affairs, by hating those who intermeddle in them, by reviling the first most wise lawgivers, and by advising contempt of the laws provided there is no fear and danger of the whip punishment. I do not see that Colotes has brought so many false accusations against the other philosophers as he has alleged and advanced true ones against the writings and doctrines of Epicurus.

Is “live unknown” a wise precept?

1.It is sure, he that said it had no mind to live concealed, for he spoke it out of a design of being taken notice of for his very saying it, as if he saw deeper into things than every vulgar eye, and of purchasing to himself a reputation, how unjustly soever, by inveigling others into obscurity and retirement. But the poet says right:

•I hate the man who makes pretence to wit,

•Yet in his own concerns waives using it.

For they tell us of one Philoxenus the son of Eryxis, and Gnatho the Sicilian, who were so over greedy after any dainties set before them, that they would blow their nose in the dish, whereby, turning the stomachs of the other guests, they themselves went away fuller crammed with the rarities. Thus fares it with all those whose appetite is always lusting and insatiate after glory. They bespatter the repute of others, as their rivals in honor, that they themselves may advance smoothly to it and without a rub. They do like watermen, who look astern while they row the boat ahead, still so managing the strokes of the oar that the vessel may make on to its port. So these men who recommend to us such kind of precepts row hard after glory, but with their face another way. To what purpose else need this have been said? — why committed to writing and handed down to posterity? Would he live incognito to his contemporaries, who is so eager to be known to succeeding ages?

2. But besides, doth not the thing itself sound ill, to bid you keep all your lifetime out of the world’s eye, as if you had rifled the sepulchres of the dead, or done such like detestable villany which you should hide for? What! is it grown a crime to live, unless you can keep all others from knowing you do so? For my part, I should pronounce that even an ill-liver ought not to withdraw himself from the converse of others. No; let him be known, let him be reclaimed, let him repent; so that, if you have any stock of virtue, let it not lie unemployed, or if you have been viciously bent, do not by flying the means continue unreclaimed and uncured. Point me out therefore and distinguish me the man to whom you adopt this admonition. If to one devoid of sense, goodness, or wit, it is like one that should caution a person under a

fever or raving madness not to let it be known where he is, for fear the physicians should find him, but rather to skulk in some dark corner, where he and his diseases may escape discovery. So you who labor under that pernicious, that scarce curable disease, wickedness, are by parity of reason bid to conceal your vices, your envyings, your superstitions, like some disorderly or feverous pulse, for fear of falling into the hands of them who might prescribe well to you and set you to rights again. Whereas, alas! in the days of remote antiquity, men exhibited the sick to public view, when every charitable passenger who had labored himself under the like malady, or had experienced a remedy on them that did, communicated to the diseased all the receipts he knew; thus, say they, skill in physic was patched up by multiplied experiments, and grew to a mighty art. At the same rate ought all the infirmities of a dissolute life, all the irregular passions of the soul, to be laid open to the view of all, and undergo the touch of every skilful hand, that all who examine into the temper may be able to prescribe accordingly. For instance, doth anger transport you? The advice in that case is, Shun the occasions of it. Doth jealousy torment you? Take this or that course. Art thou love-sick? It hath been my own case and infirmity to be so too; but I saw the folly of it, I repented, I grew wiser. But for those that lie, denying, hiding, mincing, and palliating their vices, it makes them but take the deeper dye, it rivets their faults into them.

3. Again, if on the other hand this advice be calculated for the owners of worth and virtue, if they must be condemned to privacy and live unknown to the world, you do in effect bid Epaminondas lay down his arms, you bid Lycurgus rescind his laws, you bid Thrasybulus spare the tyrants, in a word, you bid Pythagoras forbear his instructions, and Socrates his reasonings and discourses; nay, you lay injunctions chiefly upon yourself, Epicurus, not to maintain that epistolary correspondence with your Asiatic friends, not to entertain your Egyptian visitants, not to be tutor to the youth of Lampsacus, not to present and send about your books to women as well as men, out of an ostentation of some wisdom in yourself more than vulgar, not to leave such particular directions about your funeral. And in fine, to what purpose, Epicurus, did you keep a public table? Why that concourse of friends, that resort of fair young men, at your doors? Why so many thousand lines so elaborately composed and writ upon Metrodorus, Aristobulus, and Chaeredemus, that death itself might not rob us of them; if virtue must be

doomed to oblivion, art to idleness and inactivity, philosophy to silence, and all a man's happiness must be forgotten?

4. But if indeed, in the state of life we are under, you will needs seclude us from all knowledge and acquaintance with the world (as men shut light from their entertainments and drinking-bouts, for which they set the night apart), let it be only such who make it the whole business of life to heap pleasure upon pleasure; let such live recluses all their days. Were I, in truth, to wanton away my days in the arms of your miss Hedeia, or spend them with Leontium, another dear of yours, — were I to bid defiance to virtue, or to place all that's good in the gratification of the flesh or the ticklings of a sensual pleasure, — these accursed actions and rites would need darkness and an eternal night to veil them; and may they ever be doomed to oblivion and obscurity. But what should they hide their heads for, who with regard to the works of nature own and magnify a God, who celebrate his justice and providence, who in point of morality are due observers of the law, promoters of society and community among all men, and lovers of the public-weal, and who in the administration thereof prefer the common good before private advantage? Why should such men cloister up themselves, and live recluses from the world? For would you have them out of the way, for fear they should set a good example, and allure others to virtue out of emulation of the precedent? If Themistocles's valor had been unknown at Athens, Greece had never given Xerxes that repulse. Had not Camillus shown himself in defence of the Romans, their city Rome had no longer stood. Sicily had not recovered her liberty, had Plato been a stranger to Dion. Truly (in my mind) to be known to the world under some eminent character not only carries a reputation with it, but makes the virtues in us become practical like light, which renders us not only visible but useful to others. Epaminondas, during the first forty years of his life, in which no notice was taken of him, was an useless citizen to Thebes; but afterwards, when he had once gained credit and the government amongst the Thebans, he both rescued them from present destruction, and freed even Greece herself from imminent slavery, exhibiting (like light, which is in its own nature glorious, and to others beneficial at the same time) a valor seasonably active and serviceable to his country, yet interwoven with his own laurels. For

Virtue, like finest brass, by use grows bright.

And not our houses alone, when (as Sophocles has it) they stand long untenanted, run the faster to ruin; but men's natural parts, lying unemployed

for lack of acquaintance with the world, contract a kind of filth or rust and craziness thereby. For sottish ease, and a life wholly sedentary and given up to idleness, spoil and debilitate not only the body but the soul too. And as close waters shadowed over by bordering trees, and stagnated in default of springs to supply current and motion to them, become foul and corrupt; so, methinks, is it with the innate faculties of a dull unstirring soul, — whatever usefulness, whatever seeds of good she may have latent in her, yet when she puts not these powers into action, when once they stagnate, they lose their vigor and run to decay.

5. See you not how on night's approach a sluggish drowsiness oft-times seizes the body, and sloth and inactiveness surprise the soul, and she finds herself heavy and quite unfit for action? Have you not then observed how a man's reason (like fire scarce visible and just going out) retires into itself, and how by reason of its inactivity and dulness it is gently agitated by divers fantastical imaginations, so that nothing remains but some obscure indications that the man is alive.

•But when the orient sun brings back the day,

•It chases night and dreamy sleep away.

It doth, as it were, bring the world together again, and with his returned light call up and excite all mankind to thought and action; and, as Democritus tells us, men setting themselves every new-spring day to endeavors of mutual beneficence and service one towards another, as if they were fastened in the straitest tie together, do all of them, some from one, some from another quarter of the world, rouse up and awake to action.

6. For my own part, I am fully persuaded that life itself, and our being born at the rate we are, and the origin we share in common with all mankind, were vouchsafed us by God to the intent we should be known to one another. It is true, whilst man, in that little part of him, his soul, lies struggling and scattered in the vast womb of the universe, he is an obscure and unknown being; but, when once he gets hither into this world and puts a body on, he grows illustrious, and from an obscure becomes a conspicuous being; from an hidden, an apparent one. For knowledge does not lead to essence (or being), as some maintain; but the essence of things rather conducts us into the knowledge and understanding thereof. For the birth or generation of individuals gives not any being to them which they had not before, but brings that individual into view; as also the corruption or death of any creature is not its annihilation or reduction into mere nothing, but rather a sending the

dissolved being into an invisible state. Hence is it that many persons (conformably to their ancient country laws), taking the Sun to be Apollo, gave him the names of Delius and Pythius (that is, conspicuous and known). But for him, be he either God or Daemon, who hath dominion over the opposite portion, the infernal regions, they call him Hades (that is, invisible),

Emperor of gloomy night and lazy sleep,

for that at our death and dissolution we pass into a state of invisibility and beyond the reach of mortal eyes. I am indeed of opinion, that the ancients called man Phos (that is, light), because from the affinity of their natures strong desires are bred in mankind of continually seeing and being seen to each other. Nay, some philosophers hold the soul itself to be essentially light; which they would prove by this among other arguments, that nothing is so insupportable to the mind of man as ignorance and obscurity. Whatever is destitute of light she avoids, and darkness, the harbor of fears and suspicions, is uneasy to her; whereas, on the other hand, light is so delicious, so desirable a thing, that without that, and wrapped in darkness, none of the delectables in nature are pleasing to her. This makes all our very pleasures, all our diversions and enjoyments, charming and grateful to us, like some universal relishing ingredients mixed with the others to make them palatable. But he that casts himself into obscure retirements, he that sits surrounded in darkness and buries himself alive, seems, in my mind, to repine at his own birth and grudge he ever had a being.

7. And yet it is certain, in the regions prepared for pious souls, they conserve not only an existence in (or agreeable to) nature, but are encircled with glory.

•There the sun with glorious ray,
•Chasing shady night away,
•Makes an everlasting day;
•Where souls in fields of purple roses play;
•Others in verdant plains disport,
•Crowned with trees of every sort,
•Trees that never fruit do bear,
•But always in the blossom are.

The rivers there without rude murmurs gently glide, and there they meet and bear each other company, passing away their time in commemorating and running over things past and present.

A third state there is of them who have led vicious and wicked lives, which precipitates souls into a kind of hell and miserable abyss,

•Where sluggish streams of sable night

•Spout floods of darkness infinite.

This is the receptacle of the tormented; here lie they hid under the veils of eternal ignorance and oblivion. For vultures do not everlastingly gorge themselves upon the liver of a wicked man, exposed by angry Gods upon the earth, as poets fondly feign of Prometheus. For either rottenness or the funeral pile hath consumed that long ago. Nor do the bodies of the tormented undergo (as Sisyphus is fabled to do) the toil and pressure of weighty burdens;

For strength no longer flesh and bone sustains.

There are no reliques of the body in dead men which stripes and tortures can make impressions on; but in very truth the sole punishment of ill-livers is an inglorious obscurity, or a final abolition, which through oblivion hurls and plunges them into deplorable rivers, bottomless seas, and a dark abyss, involving all in uselessness and inactivity, absolute ignorance and obscurity, as their last and eternal doom.

On music

ONESICRATES, SOTERICHUS, LYSIAS.

1. The wife of Phocion the just was always wont to maintain that her chiefest glory consisted in the warlike achievements of her husband. For my part, I am of opinion that all my glory, not only that peculiar to myself, but also what is common to all my familiar friends and relations, flows from the care and diligence of my master that taught me learning. For the most renowned performances of great commanders tend only to the preservation of some few private soldiers or the safety of a single city or nation, but make neither the soldiers nor the citizens nor the people any thing the better. But true learning, being the essence and body of felicity and the source of prudence, we find to be profitable and beneficial, not only to one house or city or nation, but to all the race of men. Therefore by how much the more the benefit and advantage of learning transcends the profits of military performances, by so much the more is it to be remembered and mentioned, as most worthy your study and esteem.

2. For this reason, upon the second day of the Saturnalian festival, the famous Onesicrates invited certain persons, the best skilled in music, to a banquet; by name Soterichus of Alexandria, and Lysias, one of those to whom he gave a yearly pension. After all had done and the table was cleared, — To dive, said he, most worthy friends, into the nature and reason of the human voice is not an argument proper for this merry meeting, as being a subject that requires a more sober scrutiny. But because our chiefest grammarians define the voice to be a percussion of the air made sensible to the ear, and for that we were yesterday discoursing of Grammar, — which is an art that can give the voice form and shape by means of letters, and store it up in the memory as a magazine, — let us consider what is the next science to this which may be said to relate to the voice. In my opinion, it must be music. For it is one of the chiefest and most religious duties belonging to man, to celebrate the praise of the Gods, who gave to him alone the most excelling advantage of articulate discourse, as Homer has observed in the following verses: —

•With sacred hymns and songs that sweetly please,
•The Grecian youth all day the Gods appease;
•Their lofty paeans bright Apollo hears,
•And still the charming sounds delight his ears.

Now then, you that are of the grand musical chorus, tell your friends, who was the first that brought music into use; what time has added for the advantage of the science; who have been the most famous of its professors; and lastly, for what and how far it may be beneficial to mankind.

3. This the scholar propounded; to which Lysias made reply. Noble Onesicrates, said he, you desire the solution of a hard question, that has been by many already proposed. For of the Platonics the most, of the Peripatetic philosophers the best, have made it their business to compile several treatises concerning the ancient music and the reasons why it came to lose its pristine perfection. Nay, the very grammarians and musicians themselves who arrived to the height of education have expended much time and study upon the same subject, whence has arisen great variety of discording opinions among the several writers. Heraclides in his Compendium of Music asserts, that Amphion, the son of Jupiter and Antiope, was the first that invented playing on the harp and lyric poesy, being first instructed by his father; which is confirmed by a small manuscript, preserved in the city of Sicyon, wherein is set down a catalogue of the priests, poets, and musicians of Argos. In the same age, he tells us, Linus the Euboean composed several elegies; Anthes of Anthedon in Boeotia was the first author of hymns, and Pierus of Pieria the first that wrote in the praise of the Muses. Philammon also, the Delphian, set forth in verse a poem in honor of the nativity of Latona, Diana, and Apollo, and was the first that instituted dancing about the temple of Delphi. Thamyras, of Thracian extraction, had the best voice and the neatest manner of singing of any of his time; so that the poets feigned him to be a contender with the Muses. He is said to have described in a poem the Titans' war against the Gods. There was also Demodocus the Corcyraean, who is said to have written the Destruction of Troy, and the Nuptials of Vulcan and Venus; and then Phemius of Ithaca composed a poem, entitled The Return of those who came back with Agamemnon from Troy. Not that any of these stories before cited were complied in a style like prose without metre; they were rather like the poems of Stesichorus and other ancient lyric poets, who

composed in heroic verse and added a musical accompaniment. The same Heraclides writes that Terpander, the first that instituted the lyric *nomes,* set verses of Homer as well as his own to music according to each of these nomes, and sang them at public trials of skill. He also was the first to give names to the lyric nomes. In imitation of Terpander, Clonas, an elegiac and epic poet, first instituted nomes for flute-music, and also the songs called Prosodia. And Polymnestus the Colophonian in later times used the same measure in his compositions.

4. Now the measures appointed by these persons, noble Onesicrates, in reference to such songs as are to be sung to the flutes or pipes, were distinguished by these names, — Apothetus, Elegiac, Comarchius, Schoenion, Cepion, Tenedius, and Trimeles (or of three parts).

To these succeeding ages added another sort, which were called Polymnastia. But the measures set down for those that played and sung to the harp, being the invention of Terpander, were much more ancient than the former. To these he gave the several appellations of Boeotian, Aeolian, Trochaean, the Acute, Cepion, Terpandrian, and Tetraoedian. And Terpander made preludes to be sung to the lyre in heroic verse. Besides, Timotheus testifies how that the lyric nomes were anciently appropriated to epic verses. For Timotheus merely intermixed the dithyrambic style with the ancient nomes in heroic measure, and thus sang them, that he might not seem to make too sudden an innovation upon the ancient music. But as for Terpander, he seems to have been the most excellent composer to the harp of his age, for he is recorded to have been four times in succession a victor at the Pythian games. And certainly he was one of the most ancient musicians in the world; for Glaucus the Italian in his treatise of the ancient poets and musicians asserts him to have lived before Archilochus, affirming him to be the second next to those that first invented wind-music.

5. Alexander in his Collections of Phrygia says, that Olympus was the first that brought into Greece the manner of touching the strings with a quill; and next to him were the Idaean Dactyli; Hyagnis was the first that sang to the pipe; after him his son Marsyas, then Olympus; that Terpander imitated Homer in his verses and Orpheus in his musical compositions; but that Orpheus never imitated any one, since in his time there were none but such as composed to the pipe, which was a manner quite different from that of Orpheus. Clonas, a composer of nomes for flute-music, and somewhat later than Terpander, as the Arcadians affirm, was born in Tegea or, as the

Boeotians allege, at Thebes. After Terpander and Clonas flourished Archilochus; yet there are some writers who affirm, that Ardalus the Troezenian taught the manner of composing to wind-music before Clonas. There was also the poet Polymnestus, the son of Meles the Colophonian, who invented the Polymnestian measures. They farther write that Clonas invented the nomes Apothetus and Schoenion. Of Polymnestus mention is made by Pindar and Alcman, both lyric poets; but of several of the lyric nomes said to be instituted by Terpander they make Philammon (the ancient Delphian) author.

6. Now the music appropriated to the harp, such as it was in the time of Terpander, continued in all its simplicity, till Phrynis grew into esteem. For it was not the ancient custom to make lyric poems in the present style, or to intermix measures and rhythms. For in each nome they were careful to observe its own proper pitch; whence came the expression *nome* (from νόμος, *law*), because it was unlawful to alter the pitch appointed for each one. At length, falling from their devotion to the Gods, they began to sing the verses of Homer and other poets. This is manifest by the proems of Terpander. Then for the form of the harp, it was such as Cepion, one of Terpander’s scholars, first caused to be made, and it was called the Asian harp, because the Lesbian harpers bordering upon Asia always made use of it. And it is said that Periclitus, a Lesbian by birth, was the last harper who won a prize by his skill, which he did at one of the Spartan festivals called Carneia; but he being dead, that succession of skilful musicians, which had so long continued among the Lesbians, expired. Some there are who erroneously believe that Hipponax was contemporary with Terpander, when it is plain that Hipponax lived after Periclitus.

7. Having thus discoursed of the several nomes appropriated to the stringed as well as to the wind instruments, we will now speak something in particular concerning those peculiar to the wind instruments. First they say, that Olympus, a Phrygian player upon the flute, invented a certain nome in honor of Apollo, which he called Polycephalus, or of many heads. This Olympus, they say, was descended from the first Olympus, the scholar of Marsyas, who invented several forms of composition in honor of the Gods; and he, being a boy beloved of Marsyas, and by him taught to play upon the flute, first brought into Greece the laws of harmony. Others ascribe the Polycephalus to Crates, the scholar of Olympus; though Pratinas will have Olympus the younger to be the author of it. The Harmatian nome is also said

to be invented by Olympus, the scholar of Marsyas. This Marsyas was by some said to be called Masses; which others deny, not allowing him any other name but that of Marsyas, the son of that Hyagnis who invented the art of playing upon the pipe. But that Olympus was the author of the Harmatian nome is plainly to be seen in Glaucus's treatise of the ancient poets; and that Stesichorus of Himera imitated neither Orpheus nor Terpander nor Antilochus nor Thales, but Olympus, and that he made use of the Harmatian nome and the dactylic dance, which some rather apply to the Orthian mood, while others aver it to have been the invention of the Mysians, for that some of the ancient pipers were Mysians.

8. There was also another mood in use among the ancients, called Cradias, which Hipponax says Mimnermus always delighted in. For formerly they that played upon the flute sang also elegies at the same time set to notes. Which the description of the Panathenaea concerning the musical combat makes manifest. Among the rest, Sacadas of Argos set several odes and elegies to music, he himself being also a good flute-player and thrice a victor at the Pythian games. Of him Pindar makes mention. Now whereas in the time of Polymnestus and Sacadas there existed three musical moods, the Dorian, Phrygian, and Lydian, it is said that Sacadas composed a strophe in every one of those moods, and then taught the choruses to sing the first after the Dorian manner, the second according to the Phrygian, and the third after the Lydian manner; and this nome was called Trimeres (or threefold) by reason of the shifting of the moods, although in the Sicyonian catalogue of the poets Clonas is said to be the inventor of this name.

9. Music then received its first constitution from Terpander at Sparta. Of the second constitution, Thaletas the Gortinean, Xenodamus the Cytherean, Xenocritus the Locrian, Polymnestus the Colophonian, and Sacadas the Argive were deservedly acknowledged to be the authors. For these, having introduced the Gymnopaediae into Lacedaemon, settled the so-called Apodeixeis (or Exhibitions) among the Arcadians, and the Endymatia in Argos. Now Thaletas, Xenodamus, and Xenocritus, and their scholars, were poets that addicted themselves altogether to making of paeans; Polymnestus was all for the Orthian or military strain, and Sacadas for elegies. Others, and among the rest Pratinas, affirm Xenodamus to have been a maker of songs for dances (Hyporchemes), and not of paeans; and a tune of Xenodamus is preserved, which plainly appears to have been composed for a dance. Now

that a paean differs from a song made for a dance is manifest from the poems of Pindar, who made both.

10. Polymnestus also composed nomes for flute-music; but in the Orthian nome he made use of his lyric vein, as the students in harmony declare. But in this we cannot be positive, because we have nothing of certainty concerning it from antiquity; and whether Thaletas of Crete was a composer of hymns is much doubted. For Glaucus, asserting Thaletas to be born after Archilochus, says that he imitated the odes of Archilochus, only he made them longer, and used the Paeonic and Cretic rhythm, which neither Archilochus nor Orpheus nor Terpander ever did; for Thaletas learned these from Olympus, and became a good poet besides. As for Xenocritus the Locrian from Italy, it is much questioned whether he was a maker of paeans or not, as being one that always took heroic subjects with dramatic action for his verses, for which reason some there were who called his arguments Dithyrambic. Moreover, Glaucus asserts Thaletas to have preceded him in time.

11. Olympus, by the report of Aristoxenus, is supposed by the musicians to have been the inventor of the enharmonic species of music; for before him there was no other than the diatonic and chromatic. And it is thought that the invention of the enharmonic species was thus brought to pass: for that Olympus before altogether composing and playing in the diatonic species, and having frequent occasion to shift to the diatonic parhypate, sometimes from the paramese and sometimes from the mese, skipping the diatonic lichanos, he found the beauty that appeared in the new character; and thus, admiring a conjunction or scheme so agreeable to proportion, he made this new species in the Doric mood. For now he held no longer to what belonged either to the diatonic or to the chromatic, but he was already come to the enharmonic. And the first foundations of enharmonic music which he laid were these: in enharmonics the first thing that appears is the spondiasmus, to which none of the divisions of the tetrachord seems properly to belong, unless any one will take the more intense spondiasmus to be diatonic. But he that maintained this would maintain a falsehood and an absurdity in harmony; a falsehood, because it would be less by a diesis than is required by the leading note; an absurdity in harmony, because, even if we should place the proper nature of the more intense spondiasmus in the simple chromatic, it would then come to pass, that two double tones would follow in order, the one compounded, the other uncompounded. For the thick enharmonic now

used in the middle notes does not seem to be the invention of the fore-mentioned author. But this is more easily understood by hearing any musician play in the ancient style; for then you shall find the semi-tone in the middle parts to be uncompounded.

These were the beginnings of enharmonic music; afterwards the semitone was also divided, as well in the Phrygian as Lydian moods. But Olympus seems to have advanced music by producing something never known or heard of before, and to have gained to himself the honor of being the most excellent, not only in the Grecian but in all other music.

12. Let us now proceed to rhythms; for there were several varieties of these, as well in musical as in rhythmical composition. And here Terpander, among all those novelties with which he adorned music, introduced an elegant manner, that gave it much life. After him, beside the Terpandrian, which he did not relinquish, Polymnestus brought in use another of his own, retaining however the former elegant manner, as did also Thaletas and Sacadas. Other innovations were also made by Alkman and Stesichorus, who nevertheless receded not from the ancient forms. But Crexus, Timotheus, and Philoxenus, and those other poets of the same age, growing more arrogant and studious of novelty, affected those other manners now called Philanthropic and Thematic. For now the fewness of strings and the plainness and majesty of the old music are looked upon as absolutely out of date.

13. And now, having discoursed to the best of my ability of the ancient music and the first inventors of it, and how succeeding ages brought it to more and more perfection, I shall make an end, and give way to my friend Soterichus, not only greatly skilled in music but in all the rest of the sciences. For we have always labored rather on the practical than the contemplative part. Which when Lysias had said, he forbare speaking any farther; but then Soterichus thus began.

14. Most noble Onesicrates, said he, since you have engaged us to speak our knowledge concerning the most venerable excellencies of music, which is most pleasing to the Gods, I cannot but approve the learning of our master Lysias, and his great memory in reciting all the inventors of the ancient music, and those who have written concerning it. But I must needs say, that he has given us this account, trusting only to what he has found recorded. We on the other side have not heard of any man that was the inventor of the benefits of music, but of the God Apollo, adorned with all manner of virtue. The flute was neither the invention of Marsyas nor Olympus nor Hyagnis;

nor was the harp Apollo's invention only, but as a God he was the inventor of all the music both of the flute and harp. This is manifest from the dances and sacrifices which were solemnized to Apollo, as Alcaeus and others in their hymns relate. His statue also placed in the Temple of Delos holds in his right hand a bow; at his left the Graces stand, with every one a musical instrument in her hands, one carrying a harp, another a flute, another with a shepherd's pipe set to her lips. And that this is no conceit of mine appears from this, that Anticles and Ister have testified the same in their commentaries upon these things. And the statue is reported to be so ancient, that the artificers were said to have lived in the time of Hercules. The youth also that carries the Tempic laurel into Delphi is accompanied by one playing upon the flute. And the sacred presents of the Hyperboreans were sent of old to Delos, attended with flutes, pipes, and harps. Some have thought that the God himself played upon the flute, as the best of lyrics, Alcman, relates. Corinna also asserts that Apollo was by Minerva taught to pipe. Venerable is therefore music altogether, as being the invention of the Gods.

15. The ancients made use of it for its worth, as they did all other beneficial sciences. But our men of art, contemning its ancient majesty, instead of that manly, grave, heaven-born music, so acceptable to the Gods, have brought into the theatres a sort of effeminate musical tattling, mere sound without substance; which Plato utterly rejects in the third book of his commonwealth, refusing the Lydian harmony as fit only for lamentations. And they say that this was first instituted for doleful songs. Aristoxenus, in his first book of music, tells us how that Olympus sang an elegy upon the death of Python in the Lydian mood, though some will have Menalippides to be the author of that song. Pindar, in his paean on the nuptials of Niobe, asserts that the Lydian harmony was first used by Anthippus. Others affirm, that Torebus was the first that made use of that sort of harmony; among the rest, Dionysius the iambic writer.

16. The mixed Lydian moves the affections, and is fit for tragedies. This mood, as Aristoxenus alleges, was invented by Sappho, from whom the tragedians learned it and joined it with the Doric. The one becomes a majestic, lofty style, the other mollifies and stirs to pity; both which are the properties of tragedy. The history of music, however, made Pythoclides the flute-player to be the author of it; and Lysis reports that Lamprocles the Athenian, finding that the diazeuxis (or separation of two tetrachords) was not where almost all others thought it had been, but toward the treble, made

such a scheme as is now from paramese to the highest hypate. But for the softer Lydian, being contrary to the mixed Lydian and like the Ionian, they say it was invented by Damon the Athenian.

17. But as for those sorts of harmony, the one being sad and doleful, the other loose and effeminate, Plato deservedly rejected them, and made choice of the Dorian, as more proper for sober and warlike men; not being ignorant, however (as Aristoxenus discourses in his second book of music), that there might be something advantageous in the rest to a circumspect and wary commonwealth. For Plato gave much attention to the art of music, as being the hearer of Draco the Athenian and Metellus the Agrigentine; but considering, as we have intimated before, that there was much more majesty in the Dorian mood, it was that he preferred. He knew moreover that Alcman, Pindar, Simonides, and Bacchylides had composed several Parthenia in the Doric mood; and that several Prosodia (or supplications to the Gods), several hymns and tragical lamentations, and now and then love verses, were composed to the same melody. But he contented himself with such songs as were made in honor of Mars or Minerva, or else such as were to be sung at solemn offerings, called Spondeia. For these he thought sufficient to fortify and raise the mind of a sober person; not being at all ignorant in the mean time of the Lydian and Ionian, of which he knew the tragedians made use.

18. Moreover, the ancients well understood all the sorts of styles, although they used but few. For it was not their ignorance that confined them to such narrow instruments and so few strings; nor was it out of ignorance that Olympus and Terpander and those that came after them would not admit of larger instruments and more variety of strings. This is manifest from the poems of Olympus and Terpander and all those that were their imitators. For, being plain and without any more than three strings, these so far excelled those that were more numerously strung, insomuch that none could imitate Olympus's play; and they were all inferior to him when they betook themselves to their polychords.

19. Then again, that the ancients did not through ignorance abstain from the third string in the spondaic style, their use of it in play makes apparent. For had they not known the use of it, they would never have struck it in harmony with parhypate; but the elegancy and gravity that attended the spondaic style by omitting the third string induced them to transfer the music to paranete. The same reason may serve for nete; for this in play they struck in concord to mese, but in discord to paranete, although in song it did not

seem to them proper to the slow spondaic motion. And not only did they do this, but they did the same with nete of the conjunct heptachords; for in play they struck it in concord to mese and lichanos, and in discord to paranete and parhypate; but in singing those touches were no way allowable, as being ungrateful to the ear and shaming the performer. As certain it is from the Phrygians that Olympus and his followers were not ignorant of the third string; for they made use of it not only in pulsation, but in their hymns to the Mother of the Gods and several other Phrygian songs. Nor is it less apparent, with regard to the ὑπάται, that they never abstained for want of skill from that tetrachord in the Dorian mood; indeed in other moods they knowingly made use of it, but removed it from the Dorian mood to preserve its elegant gravity.

20. The same thing was done also by the tragedians. For the tragedians have never to this day used either the chromatic or the enharmonic scale; while the lyre, many generations older than tragedy, used them from the very beginning. Now that the chromatic was more ancient than the enharmonic is plain. For we must necessarily account it of greater antiquity, according to the custom and use of men themselves; otherwise it cannot be said that any of the differences and distinctions were ancienter the one than the other. Therefore, if any one should allege that Aeschylus or Phrynichus abstained from the chromatic out of ignorance, would he not be thought to maintain a very great absurdity? Such a one might as well aver that Pancrates lay under the same blindness, who avoided it in most, but made use of it in some things; therefore he forebore not out of ignorance, but judgment, imitating Pindar and Simonides and that which is at present called the ancient manner.

21. The same may be said of Tyrtaeus the Mantinean, Andreas the Corinthian, Thrasyllus the Phliasian, and several others, who, as we well know, abstained by choice from the chromatic, from transition, from the increased number of strings, and many other common forms of rhythms, tunes, diction, composition, and expression. Telephanes of Megara was so great an enemy to the pipe made of reed (called syrinx), that he would not suffer the instrument maker to join it to the flute (pipe made of wood or horn), and chiefly for that reason forbore to go to the Pythian games. In short, if a man should be thought to be ignorant of that which he makes no use of, there would be found a great number of ignorant persons in this age. For we see that the admirers of the Dorian composition make no use of the Antiginedian; the followers of the Antiginedian reject the Dorian; and other musicians refuse to imitate Timotheus, being almost all bewitched with the

trifles and the idle poems of Polyidus. On the other side, if we dive into the business of variety and compare antiquity with the present times, we shall find there was great variety then, and that frequently made use of. For then the variation of rhythm was more highly esteemed, and the change of their manner of play more frequent. We are now lovers of fables, they were then lovers of rhythm. Plain it is therefore, that the ancients did not refrain from broken measures out of ignorance, but out of judgment. And yet what wonder is this, when there are so many other things necessary to human life which are not unknown, though not made use of by those who have no occasion to use them? But they are refused, and the use of them is altogether neglected, as not being found proper on many occasions.

22. Having already shown that Plato neither for want of skill nor for ignorance blamed all the other moods and casts of composition, we now proceed to show that he really was skilled in harmony. For in his discourse concerning the procreation of the soul, inserted into Timaeus, he has made known his great knowledge in all the sciences, and of music among the rest, in this manner: "After this," saith he, "he filled up the double and treble intervals, taking parts from thence, and adding them to the midst between them, so that there were in every interval two middle terms." This proem was the effect of his experience in music, as we shall presently make out. The means from whence every mean is taken are three, arithmetical, enharmonical, geometrical. Of these the first exceeds and is exceeded in number, the second in proportion, the third neither in number nor proportion. Plato therefore, desirous to show the harmony of the four elements in the soul, and harmonically also to explain the reason of that mutual concord arising from discording and jarring principles, undertakes to make out two middle terms of the soul in every interval, according to harmonical proportion. Thus in a musical octave there happen to be two middle distances, whose proportion we shall explain. As for the octaves, they keep a double proportion between their two extremes. For example, let the double arithmetical proportion be 6 and 12, this being the interval between the ὑπάτη μέσων and the νήτη διεζευγμένων; 6 therefore and 12 being the two extremes, the former note contains the number 6, and the latter 12. To these are to be added the intermediate numbers, to which the extremes must hold the proportion, the one of one and a third, and the other of one and a half. These are the numbers 8 and 9. For as 8 contains one and a third of 6, so 9 contains one and a half of 6; thus you have one extreme. The other is 12, containing 9

and a third part of 9, and 8 and half 8. These then being the numbers between 6 and 12, and the interval of the octave consisting of a diatessaron and diapente, it is plain that the number 8 belongs to mese, and the number 9 to paramese; which being so, it follows that hypate is to mese as paramese to nete of the disjunct tetrachords; for it is a fourth from the first term to the second of this proportion, and the same interval from the third term to the fourth. The same proportion will be also found in the numbers. For as 6 is to 8, so is 9 to 12; and as 6 is to 9, so is 8 to 12. For 8 is one and a third part of 6, and 12 of 9; while 9 is one and a half part of 6, and 12 of 8. What has been said may suffice to show how great was Plato's zeal and learning in the liberal sciences.

23. Now that there is something of majesty, something great and divine in music, Aristotle, who was Plato's scholar, thus labors to convince the world: "Harmony," saith he, "descended from heaven, and is of a divine, noble, and angelic nature; but being fourfold as to its efficacy, it has two means, — the one arithmetical, the other enharmonical. As for its members, its dimensions, and its excesses of intervals, they are best discovered by number and equality of measure, the whole art being contained in two tetrachords." These are his words. The body of it, he saith, consists of discording parts, yet concording one with another; whose means nevertheless agree according to arithmetical proportion. For the upper string being fitted to the lowest in the ratio of two to one produces a perfect diapason. Thus, as we said before, nete consisting of twelve units, and hypate of six, the paramese accords with hypate according to the sesquialter proportion, and has nine units, whilst mese has eight units. So that the chiefest intervals through the whole scale are the diatessaron (which is the proportion of 4:3), the diapente (which is the proportion of 3:2), and the diapason (which is the proportion of 2:1); while the proportion of 9:8 appears in the interval of a tone. With the same inequalities of excess or diminution, all the extremes are differenced one from another, and the means from the means, either according to the quantity of the numbers or the measure of geometry; which Aristotle thus explains, observing that nete exceeds mese by a third part of itself, and hypate is exceeded by paramese in the same proportion, so that the excesses stand in proportion. For by the same parts of themselves they exceed and are exceeded; that is, the extremes (nete and hypate) exceed and are exceeded by mese and paramese in the same proportions, those of 4:3 and of 3:2. Now these excesses are in what is called harmonic progression. But the distances

of nete from mese and of paramese from hypate, expressed in numbers, are in the same proportion (12:8 = 9:6) ; for paramese exceeds mese by one-eighth of the latter. Again, nete is to hypate as 2:1; paramese to hypate as 3:2; and mese to hypate as 4:3. This, according to Aristotle, is the natural constitution of harmony, as regards its parts and its numbers.

24. But, according to natural philosophy, both harmony and its parts consist of even, odd, and also even-odd. Altogether it is even, as consisting of four terms; but its parts and proportions are even, odd, and even-odd. So nete is even, as consisting of twelve units; paramese is odd, of nine; mese even, of eight; and hypate even-odd, of six (i.e., 2×3). Whence it comes to pass, that music — herself and her parts — being thus constituted as to excesses and proportion, the whole accords with the whole, and also with each one of the parts.

25. But now as for the senses that are created within the body, such as are of celestial and heavenly extraction, and which by divine assistance affect the understanding of men by means of harmony, — namely, sight and hearing, — do by the very light and voice express harmony. And others which are their attendants, so far as they are senses, likewise exist by harmony; for they perform none of their effects without harmony; and although they are inferior to the other two, they are not independent of them. Nay, those two also, since they enter into human bodies at the very same time with God himself, claim by reason a vigorous and incomparable nature.

26. Manifest from hence therefore it is, why the ancient Greeks, with more reason than others, were so careful to teach their children music. For they deemed it requisite by the assistance of music to form and compose the minds of youth to what was decent, sober, and virtuous; believing the use of music beneficially efficacious to incite to all serious actions, especially to the adventuring upon warlike dangers. To which purpose they made use of pipes or flutes when they advanced in battle array against their enemies; like the Lacedaemonians, who upon the same occasion caused the Castorean melody to be played before their battalions. Others inflamed their courage with harps, playing the same sort of harmony when they went to look danger in the face, as the Cretans did for a long time. Others, even to our own times, continue to use the trumpet. The Argives made use of flutes at their wrestling matches called Stheneia; which sort of sport was first instituted in honor of Danaus, but afterwards consecrated to Jupiter Sthenius, or Jupiter the Mighty. And now at this day it is the custom to make use of flutes at the games called

Pentathla, although there is now nothing exquisite or antique, nothing like what was customary among men of old time, like the song composed by Hierax for this very game; still, even though it is sorry stuff and nothing exquisite, it is accompanied by flute-music.

27. But among the more ancient Greeks, music in theatres was never known, for they employed their whole musical skill in the worship of the Gods and the education of youth; at which time, there being no theatres erected, music was yet confined within the walls of their temples, as being that with which they worshipped the supreme Deity and sang the praises of virtuous men. And it is probable that the word θέατρον, at a later period, and θεωρεῖν (*to behold*) much earlier, were derived from θεός (*God*). But in our age is such another face of new inventions, that there is not the least remembrance or care of that use of music which related to education; for all our musicians make it their business to court the theatre Muses, and study nothing but compositions for the stage.

28. But some will say, Did the ancients invent nothing themselves? Yes, say I, they did invent, but their inventions were grave and decent. For they who have written the history of music attribute to Terpander the addition of the Dorian nete, which before was not in use. Even the whole Mixolydian mood is a new invention. Such were also the Orthian manner of melody with Orthian rhythms, and also the Trochaeus Semantus. And if we believe Pindar, Terpander was the inventor of the Scolion (or roundelay). Archilochus also invented the rhythmic composition of the iambic trimeter, the change to rhythms of different character, the melo-dramatic delivery, and the accompaniment proper to each of these. He is also presumed to be the author of epodes, tetrameters, the Cretic and the prosodiac rhythms, and the augmentation of the heroic verse. Some make him author also of the elegiac measure, as likewise of the extending the iambic to the paeon epibatus, the prolonged and heroic to the prosodiac and Cretic. And Archilochus is first said to have taught how iambics could be partly recited to the stroke of the lyre and partly sung; from him the tragedians learned it, and from them Crexus took it, and made use of it in dithyrambics. It is thought that he invented also playing on the lyre at intervals in the song, whereas the ancients played only during the singing.

29. Of the Hypolydian mood they make Polymnestus the inventor, and the first that taught the lowering and raising of the voice (ἔκλυσις and ἐκβολή). To the same Olympus to whom they also ascribe the first invention of

Grecian and well-regulated nomic music they attribute likewise the finding out the enharmonic music, the prosodiac measure to which is composed the hymn to Mars, and the chorean measure which he used in the hymns to the Mother of the Gods. Some report him to be the author also of the bacchius. And every one of the ancient songs show that this is so. But Lasus of Hermione, transferring the rhythms to suit the dithyrambic time, and making use of an instrument with many notes, made an absolute innovation upon the ancient music, by the use of more notes, and those more widely distributed.

Aristophanes the comic poet, making mention of Philoxenus, complains of his introducing lyric verses among the cyclic choruses, where he brings in Music thus speaking: —

•He filled me with discordant measures airy,

•Wicked Hyperbolaei and Niglari;

•And to uphold the follies of his play,

•Like a lank radish bowed me every way.

Other comedians have since set forth the absurdity of those who have been slicers and manglers of music.

31. Now that the right moulding or ruin of ingenuous manners and civil conduct lies in a well-grounded musical education, Aristoxenus has made apparent. For, of those that were contemporary with him, he gives an account of Telesias the Theban, who in his youth was bred up in the noblest excellences of music, and moreover studied the works of the most famous lyrics, Pindar, Dionysius the Theban, Lamprus, Pratinas, and all the rest who were accounted most eminent; who played also to perfection upon the flute, and was not a little industrious to furnish himself with all those other accomplishments of learning; but being past the prime of his age, he was so bewitched with the theatre's new fangles and the innovations of multiplied notes, that despising those noble precepts and that solid practice to which he had been educated, he betook himself to Philoxenus and Timotheus, and among those delighted chiefly in such as were most depraved with diversity of notes and baneful innovation. And yet, when he made it his business to make verses and labor both ways, as well in that of Pindar as that of Philoxenus, he could have no success in the latter. And the reason proceeded from the truth and exactness of his first education.

32. Therefore, if it be the aim of any person to practise music with skill and judgment, let him imitate the ancient manner; let him also adorn it with those other sciences, and make philosophy his tutor, which is sufficient to

judge what is in music decent and useful. For music being generally divided into three parts, diatonic, chromatic, and enharmonie, it behooves one who comes to learn music to understand poetry, which uses these three parts, and to know how to express his poetical inventions in proper musical form.

First therefore we are to consider that all musical learning is a sort of habituation, which does not teach the reason of her precepts at one and the same time to the learner. Moreover, we are to understand that to such an education there is not requisite an enumeration of its several divisions, but every one learns by chance what either the master or scholar, according to the authority of the one and the liberty of the other, has most affection for. But the more prudent sort reject this chance-medley way of learning, as the Lacedaemonians of old, the Mantineans, and Pallenians, who, making choice either of one single method or else but very few styles, used only that sort of music which they deemed most proper to regulate the inclinations of youths.

33. This will be apparent, if any one shall examine every one of the parts, and see what is the subject of their several contemplations. For harmony takes cognizance of intervals, systems, classes of harmonious sounds, notes, tones, and systematical transmutations. Farther than this it goes not. And therefore it would be in vain to enquire of harmony, whether the poet have rightly and (so to speak) musically chosen the Dorian for the beginning, the mixed Lydian and Dorian for the end, or the Hypophrygian and Phrygian for the middle. For the industry of harmony reaches not to these, and it is defective in many other things, as not understanding the force and extent of elegant aptness and proper concinnity. Neither did ever the chromatic or enharmonic species arrive to such force of aptitude as to discover the nature and genius of the poem; for that is the work of the poet. It is as plain, that the sound of the system is different from the sound of the descant sung in the same system; which, however, does not belong to the consideration of harmonical studies. There is the same to be said concerning rhythms, for no rhythm can claim to itself the force of perfect aptitude. For we call a thing apt and proper when we consider the nature of it. The reason of this, we say, is either a certain plain and mixed composure, or both; like the enharmonic species of Olympus, by him set in the Phrygian mood and mixed with the paeon epibatos, which rendered the beginning of the key naturally elegant in what is called the nome of Minerva. For having made choice of his key and measure, he only changed the paeon epibatos for the trochee, which produced his enharmonic species. However, the enharmonic species and Phrygian tone

remaining together with the whole system, the elegancy of the character was greatly altered. For that which was called harmony in the nome of Minerva was quite another thing from that in the introduction. He then that has both judgment as well as skill is to be accounted the most accurate musician. For he that understands the Dorian mood, not being able withal to discern by his judgment what is proper to it and when it is fit to be made use of, shall never know what he does; nay, he shall quite mistake the nature and custom of the key. Indeed it is much questioned among the Dorians themselves, whether the enharmonic composers be competent judges of the Dorian songs. The same is to be said concerning the knowledge of rhythm. For he that understands a paeon may not understand the proper use of it, though he know the measure of which it consists. Because it is much doubted among those that make use of paeons, whether the bare knowledge make a man capable to determine concerning the proper use of those rhythms; or, as others say, whether it aspire to presume so far. Therefore it behooves that person to have two sorts of knowledge, who will undertake to judge of what is proper and what improper; first, of the custom and manner of elegancy for which such a composition was intended, and next of those things of which the composition consists. And thus, that neither the bare knowledge of harmony, nor of rhythm, nor of any other things that singly by themselves are but a part of the whole body of music, is sufficient to judge and determine either of the one or the other, what has been already said may suffice to prove.

34. [Now then, there being three species into which all harmony is divided, equal in the magnitude of systems or intervals and force of notes and tetrachords, we find that the ancients never disputed about any more than one; for they never troubled themselves with the chromatic or diatonic, but differed only about the enharmonic; and there no farther than about the great interval called the diapason. The further subdivision indeed caused some little variance, but they nearly all agreed that harmony itself is but one.] Therefore he must never think to be a true artist in the understanding and practice of music, who advances no farther than the single knowledge of this or that particular: but it behooves him to trace through all the particular members of it, and so to be master of the whole body, by understanding how to mix and join all the divided members. For he that understands only harmony is confined to a single manner. Wherefore, in short, it is requisite that the sense and understanding concur in judging the parts of music; and that they should neither be too hasty, like those senses which are rash and forward, nor too

slow, like those which are dull and heavy; though it may happen sometimes, through the inequality of Nature, that the same senses may be too slow and too quick at the same time. Which things are to be avoided by a sense and judgment that would run an equal course.

35. For there are three things at least that at the same instant strike the ear, — the note, the time, and the word or syllable. By the note we judge of the harmony, by the time of the rhythm, and by the word of the matter or subject of the song. As these proceed forth altogether, it is requisite the sense should give them entrance at the same moment. But this is certain, where the sense is not able to separate every one of these and consider the effects of each apart, there it can never apprehend what is well or what is amiss in any. First therefore let us discourse concerning coherence. For it is necessary that coherence accompany the discerning faculty. For judgment of good or bad is not to be made from notes disjoined, broken time, and shattered words, but from coherence. For there is in practice a certain commixture of parts which commonly are not compounded. So much as to coherence.

36. We are next to consider whether the masters of music are sufficiently capable of being judges of it. Now I aver the negative. For it is impossible to be a perfect musician and a good judge of music by the knowledge of those things that seem to be but parts of the whole body, as by excellency of hand upon the instrument, or singing readily at first sight, or exquisiteness of the ear, so far as this extends to the understanding of harmony and time. Neither does the knowledge of time and harmony, pulsation or elocution, or whatever else falls under the same consideration, perfect their judgment. Now for the reasons why a musician cannot gain a perfect judgment from any of these, we must endeavor to make them clear. First then it must be granted that, of things about which judgment is to be made, some are perfect and others imperfect. Those things which are perfect are the compositions in general, whether sung or played, and the expression of those, whether upon the instruments or by the voice, with the rest of the same nature. The imperfect are the things to these appertaining, and for whose sake they are made use of. Such are the parts of expression. A second reason may be found in poetry, with which the case is the same. For a man that hears a consort of voices or instruments can judge whether they sing or play in tune, and whether the language be plain or not. But every one of these are only parts of instrumental and vocal expression; not the end itself, but for the sake of the end. For by these and things of the same nature shall the elegancy of elocution be judged,

whether it be proper to the poem which the performer undertakes to sing. The same is to be said of the several passions expressed in the poetry.

37. The ancients now made principal account of the moral impression, and therefore preferred that fashion of the antique music which was grave and least affected. Therefore the Argives are said to have punished deviation from the ancient music, and to have imposed a fine upon such as first adventured to play with more than seven strings, and to introduce the Mixolydian mood. Pythagoras, that grave philosopher, rejected the judging of music by the senses, affirming that the virtue of music could be appreciated only by the intellect. And therefore he did not judge of music by the ear, but by the harmonical proportion, and thought it sufficient to fix the knowledge of music within the compass of the diapason.

38. But our musicians nowadays have so utterly exploded the most noble of all the moods, which the ancients greatly admired for its majesty, that hardly any among them make the least account of enharmonic distances. And so negligent and lazy are they grown, as to believe the enharmonic diesis to be too contemptible to fall under the apprehension of sense, and they therefore exterminate it out of their compositions, deeming those to be triflers that have any esteem for it or make use of the mood itself. For proof of which they think they bring a most powerful argument, which rather appears to be the dulness of their own senses; as if whatever fled their apprehensions were to be rejected as useless and of no value. And then again they urge that its magnitude cannot be perceived through its concord, like that of the semitone, tone, and other distances; not understanding, that at the same time they throw out the third, fifth, and seventh, of which the one consists of three, the other of five, and the last of seven dieses. And on the same principle all the intervals that are odd should be rejected as useless, inasmuch as none of them is perceptible through concord; and this would include all which by means of even the smallest diesis are measured by odd numbers. Whence it necessarily follows, that no division of the tetrachord would be of use but that which is to be measured by all even intervals, as in the syntonic diatonic, and in the toniaean chromatic.

39. But these opinions are not only contrary to appearance, but repugnant one to another. For they themselves chiefly make use of those divisions of tetrachords in which most of the intervals are either unequal or irrational. To which purpose they always soften both lichanos and paranete, and lower even some of the standing sounds by an irrational interval, bringing the trite and

paranete to approach them. And especially they applaud the use of those systems in which most of the intervals are irrational, by relaxing not only those tones which are by nature movable, but also some which are properly fixed; as it is plain to those that rightly understand these things.

40. Now for the advantages that accrue to men from the use of music, the famous Homer has taught it us, introducing Achilles, in the height of his fury toward Agamemnon, appeased by the music which he learned from Chiron, a person of great wisdom. For thus says he: —

•Amused at ease, the god-like man they found,
•Pleased with the solemn harp's harmonious sound.
•The well-wrought harp from conquered Thebe came;
•Of polished silver was its costly frame.
•With this he soothes his angry soul, and sings
•The immortal deeds of heroes and of kings.

Learn, says Homer, from hence the true use of music. For it became Achilles, the son of Peleus the Just, to sing the famous acts and achievements of great and valiant men. Also, in teaching the most proper time to make use of it, he found out a profitable and pleasing pastime for one's leisure hours. For Achilles, being both valiant and active, by reason of the disgust he had taken against Agamemnon withdrew from the war. Homer therefore thought he could not do better than by the laudable incitements of music and poetry to inflame the hero's courage for those achievements which he afterwards performed. And this he did, calling to mind the great actions of former ages. Such was then the ancient music, and such the advantages that made it profitable. To which end and purpose we read that Hercules, Achilles, and many others made use of it; whose master, wisest Chiron, is recorded to have taught not only music, but morality and physic.

41. In brief therefore, a rational person will not blame the sciences themselves, if any one make use of them amiss, but will adjudge such a failing to be the error of those that abuse them. So that whoever he be that shall give his mind to the study of music in his youth, if he meet with a musical education, proper for the forming and regulating his inclinations, he will be sure to applaud and embrace that which is noble and generous, and to rebuke and blame the contrary, as well in other things as in what belongs to music. And by that means he will become clear from all reproachful actions, for now having reaped the noblest fruit of music, he may be of great use, not only to himself but to the commonwealth: while music teaches him to abstain

from every thing indecent both in word and deed, and to observe decorum, temperance, and regularity.

42. Now that those cities which were governed by the best laws took care always of a generous education in music, many testimonies may be produced. But for us it shall suffice to have instanced Terpander, who appeased a sedition among the Lacedaemonians, and Thaletas the Cretan, of whom Pratinas writes that, being sent for by the Lacedaemonians by advice of the oracle, he freed the city from a raging pestilence. Homer tells that the Grecians stopped the fury of another noisome pestilence by the power and charms of the same noble science: —

•With sacred hymns and songs that sweetly please,

•The Grecian youth all day the Gods appease.

•Their lofty paeans bright Apollo hears,

•And still the charming sounds delight his ears.

These verses, most excellent master, I thought requisite to add as the finishing stone to my musical discourse, which were by you cited before to show the force of harmony. For indeed the chiefest and sublimest end of music is the graceful return of our thanks to the Gods, and the next is to purify and bring our minds to a sober and harmonious temper. Thus, said Soterichus, most excellent master, I have given you what may be called an encyclic discourse of music.

43. Nor was Soterichus a little admired for what he had spoken, as one that both by his countenance and speech had shown his zeal and affection for that noble science. After all, said Onesicrates, I must needs applaud this in both of you, that you have kept within your own spheres and observed your proper limits. For Lysias, not insisting any further, undertook only to show us what was necessary to the making a good hand, as being an excellent performer himself. But Soterichus has feasted us with a discovery of the benefit, the theory, the force, and right end of music. But one thing I think they have willingly left for me to say; for I cannot think them guilty of so much bashfulness that they should be ashamed to bring music into banquets, where certainly, if anywhere, it cannot but be very useful, which Homer also confirms to be true: —

Song and the merry dance, the joy of feasts.

Not that I would have any one believe from these words, that Homer thought music useful only for pleasure and delight, there being a profounder meaning concealed in the verse. For he brought in music to be present at the

banquets and revels of the ancients, as believing it then to be of greatest use and advantage to repel and mitigate the inflamming power of the wine. To which our Aristoxenus agrees, who alleges that music was introduced at banquets for this reason, that as wine intemperately drunk weakens both the body and mind, so music by its harmonious order and symmetry assuages and reduces them to their former constitution. And therefore it was that Homer reports that the ancients made use of music at their solemn festivals.

44. But for all this, my most honored friends, methinks you have forgot the chiefest thing of all, and that which renders music most majestic. For Pythagoras, Archytas, Plato, and many others of the ancient philosophers, were of opinion, that there could be no motion of the world or rolling of the spheres without the assistance of music, since the Supreme Deity created all things harmoniously. But it would be unseasonable now to enter upon such a discourse, especially at this time, when it would be absurd for Music to transgress her highest and most musical office, which is to give the laws and limits of time and measure to all things. Therefore after he had sung a paean, and offered to Saturn and his offspring, with all the other Gods and the Muses, he dismissed the company.

No one will attempt to *study* this treatise on music, without some previous knowledge of the principles of Greek music, with its various moods, scales, and combinations of tetrachords. The whole subject is treated by Boeckh, *De Metris Pindari* (in Vol. I. 2 of his edition of Pindar); and more at length in Westphal's *Harmonik und Melopöie der Griechen* (in Rossbach and Westphal's *Metrik,* Vol. II. 1).

An elementary explanation of the ordinary scale and of the names of the notes (which are here retained without any attempt at translation) may be of use to the reader.

The most ancient scale is said to have had only four notes, corresponding to the four strings of the tetrachord. But before Terpander's time two forms of the heptachord (with seven strings) were already in use. One of these was enlarged to an octachord (with eight strings) by adding the octave (called νήτη). This addition is ascribed to Terpander by Plutarch (§ 28); but he is said to have been unwilling to increase the number of strings permanently to eight, and to have therefore omitted the string called τρίτη, thus reducing the octachord again to a heptachord. The notes of the full octachord in this form, in the ordinary diatonic scale, are as follows: —

•1. ὑπάτη *e*

•2. παρυπάτη *f*
•3. λιχανός *g*
•4. μέση *a*
•5. παραμέση *b*
•6. τρίτη *c*
•7. παρανήτη *d*
•8. νήτη *e* (octave)

The note called ὑπάτη (*hypate,* or *highest*) is the lowest in tone, being named from its position. So νήτη or νεάτη (*nete,* or *lowest*) is the highest in tone.

The other of the two heptachords mentioned above contained the octave, but omitted the παραμέση and had other changes in the higher notes. The scale is as follows: —

•1. ὑπάτη *e*
•2. παρυπάτη *f*
•3. λιχανός *g*
•4. μέση *a*
•5. τρίτη *b*
•6. παρανήτη *c*
•7. νήτη *d*

This is not to be confounded with the reduced octachord of Terpander. This heptachord includes two tetrachords so united that the lowest note of one is identical with the highest note of the other; while the octachord includes two tetrachords entirely separated, with each note distinct. The former connection is called κατὰ συναφήν, the latter κατὰ διάζευξιν. Of the eight notes of the octachord, the first four (counting from the lowest), ὑπάτη, παρυπάτη, λιχανός, and μέση, are the same in the heptachord; παραμέση is omitted in the heptachord; while τρίτη, παρανήτη, and νήτη in the heptachord are designated as τρίτη συνημμένων, παρανήτη συνημμένων, and νήτη συνημμένων, to distinguish them from the notes of the same name in the octachord, which sometimes have the designation διεζευγμένων, but generally are written simply τρίτη, &c.

These simple scales were enlarged by the addition of higher and lower notes, four at the bottom of the scale (i.e. before ὑπάτη), called προσλαμβανόμενος, ὑπάτη ὑπατῶν, παρυπάτη ὑπατῶν, λιχανός ὑπατῶν; and three at the top (above νήτη), called νήτη, παρανήτη, τρίτη, each with the

designation ὑπερβολαίων. The lowest three notes of the ordinary octachord are here designated by μέσων, when the simple names are not used. Thus a scale of fifteen notes was made; and we have one of eighteen by including the two classes of τρίτη, παρανήτη, and νήτη designated by συνημμένων and διεζευγμένων.

The harmonic intervals, discovered by Pythagoras, are the *Octave* (διὰ πασῶν), with its ratio of 2:1; the *Fifth* (διὰ πέντε), with its ratio of 3:2 (λόγος ἡμιόλιος or *Sesquialter*); the *Fourth* (διὰ τεσσάρων), with its ratio of 4:3 (λόγος ἐπίτριτος or *Sesquiterce*); and the *Tone* (τόνος), with its ratio of 9:8 (λόγος ἐπόγδοος or *Sesquioctave*). (G.)

The Greek Texts

Archaeological site of Plato’s Academy, north of Athens, where Plutarch studied mathematics and philosophy under Ammonius, from 66 to 67 AD.

Theseus

[1] Ὥσπερ ἐν ταῖς γεωγραφίαις, ὦ Σόσσιε Σενεκίων, οἱ ἱστορικοὶ τὰ διαφεύγοντα τὴν γνῶσιν αὐτῶν τοῖς ἐσχάτοις μέρεσι τῶν πινάκων πιεζοῦντες, αἰτίας παραγράφουσιν ὅτι 'τὰ δ' ἐπέκεινα θῖνες ἄνυδροι καὶ θηριώδεις', ἢ 'πηλὸς ἀιδνής', ἢ 'Σκυθικὸν κρύος', ἢ [2] 'πέλαγος πεπηγός', οὕτως ἐμοὶ περὶ τὴν τῶν βίων τῶν παραλλήλων γραφὴν τὸν ἐφικτὸν εἰκότι λόγῳ καὶ βάσιμον ἱστορίᾳ πραγμάτων ἐχομένῃ χρόνον διελθόντι, περὶ [3] τῶν ἀνωτέρω καλῶς εἶχεν εἰπεῖν 'τὰ δ' ἐπέκεινα τερατώδη καὶ τραγικά, ποιηταὶ καὶ μυθογράφοι νέμονται, [4] καὶ οὐκέτ' ἔχει πίστιν οὐδὲ σαφήνειαν.' ἐπεὶ δὲ τὸν περὶ Λυκούργου τοῦ νομοθέτου καὶ Νομᾶ τοῦ βασιλέως λόγον ἐκδόντες, ἐδοκοῦμεν οὐκ ἂν ἀλόγως τῷ Ῥωμύλῳ προσαναβῆναι, πλησίον τῶν χρόνων αὐτοῦ τῇ ἱστορίᾳ γεγονότες, σκοποῦντι δέ μοι

τοιῷδε φωτὶ (κατ' Αἰσχύλον) τίς ξυμβήσεται; (Sept. 435)

τίν' ἀντιτάξω τῷδε; τίς φερέγγυος; (Sept. 395, 396)

[5] ἐφαίνετο τὸν τῶν καλῶν καὶ ἀοιδίμων οἰκιστὴν Ἀθηνῶν ἀντιστῆσαι καὶ παραβαλεῖν τῷ πατρὶ τῆς ἀνικήτου καὶ μεγαλοδόξου Ῥώμης. εἴη μὲν οὖν ἡμῖν ἐκκαθαιρόμενον λόγῳ τὸ μυθῶδες ὑπακοῦσαι καὶ λαβεῖν ἱστορίας ὄψιν· ὅπου δ' ἂν αὐθαδῶς τοῦ πιθανοῦ περιφρονῇ καὶ μὴ δέχηται τὴν πρὸς τὸ εἰκὸς μεῖξιν, εὐγνωμόνων ἀκροατῶν δεησόμεθα καὶ πρᾴως τὴν ἀρχαιολογίαν προσδεχομένων.

[2] [1] Ἐδόκει δ' οὖν ὁ Θησεὺς τῷ Ῥωμύλῳ κατὰ πολλὰς ἐναρμόττειν ὁμοιότητας; ἄμφω μὲν γὰρ ἀνεγγύω καὶ σκοτίω γενόμενοι δόξαν ἔσχον ἐκ θεῶν γεγονέναι,

ἄμφω δ' αἰχμητά, τό γε δὴ καὶ ἴδμεν ἅπαντες (Il. 7, 281),

[2] καὶ μετὰ τοῦ δυνατοῦ τὸ ξυνετὸν ἔχοντες· πόλεων δὲ τῶν ἐπιφανεστάτων ὁ μὲν ἔκτισε τὴν Ῥώμην, ὁ δὲ συνῴκισε τὰς Ἀθήνας· ἁρπαγὴ δὲ γυναικῶν ἑκατέρῳ [3] πρόσεστιν· οὐδέτερος δὲ δυστυχίαν περὶ τὰ οἰκεῖα καὶ νέμεσιν ἐγγενῆ διέφυγεν, ἀλλὰ καὶ τελευτῶντες ἀμφότεροι λέγονται τοῖς ἑαυτῶν προσκροῦσαι πολίταις, εἴ τι τῶν ἥκιστα τραγικῶς εἰρῆσθαι δοκούντων ὄφελός ἐστι πρὸς ἀλήθειαν.

[3] [1] Θησέως τὸ μὲν πατρῷον γένος εἰς Ἐρεχθέα καὶ τοὺς πρώτους αὐτόχθονας ἀνήκει, τῷ δὲ μητρῴῳ Πελοπίδης [2] ἦν. Πέλοψ γὰρ οὐ χρημάτων πλήθει μᾶλλον ἢ παίδων μέγιστον ἴσχυσε τῶν ἐν Πελοποννήσῳ βασιλέων, πολλὰς μὲν ἐκδόμενος θυγατέρας τοῖς ἀρίστοις, πολλοὺς δὲ ταῖς πόλεσιν υἱοὺς ἐγκατασπείρας ἄρχοντας· ὧν εἷς γενόμενος Πιτθεὺς ὁ Θησέως πάππος

πόλιν μὲν οὐ μεγάλην τὴν Τροιζηνίων ᾤκισε, δόξαν δὲ μάλιστα πάντων ὡς ἀνὴρ λόγιος ἐν τοῖς τότε καὶ σοφώτατος ἔσχεν.

[3] ἦν δὲ τῆς σοφίας ἐκείνης τοιαύτη τις ὡς ἔοικεν ἰδέα καὶ δύναμις, οἵᾳ χρησάμενος Ἡσίοδος εὐδοκιμεῖ μάλιστα [4] περὶ τὰς ἐν τοῖς Ἔργοις γνωμολογίας, καὶ μίαν γε τούτων ἐκείνην λέγουσι Πιτθέως εἶναι (Hes. Erg. 370)·

Μισθὸς δ' ἀνδρὶ φίλῳ εἰρημένος ἄρκιος ἔστω.

τοῦτο μὲν οὖν καὶ Ἀριστοτέλης ὁ φιλόσοφος (fr. 556) εἴρηκεν, ὁ δ' Εὐριπίδης (Hipp. 11) τὸν Ἱππόλυτον 'ἁγνοῦ Πιτθέως παίδευμα' προσειπὼν ἐμφαίνει τὴν περὶ τὸν Πιτθέα δόξαν.

[5] Αἰγεῖ δὲ παίδων δεομένῳ τὴν Πυθίαν ἀνελεῖν λέγουσι τὸν θρυλούμενον χρησμόν, διακελευομένην μηδεμιᾷ γυναικὶ συγγενέσθαι πρὶν ἐλθεῖν εἰς Ἀθήνας, οὐ πάνυ δὲ τοῦτο φράζειν εὐδήλως δοκοῦσαν. ὅθεν εἰς Τροιζῆνα παρελθὼν ἀνεκοινοῦτο Πιτθεῖ τὴν τοῦ θεοῦ φωνὴν οὕτως ἔχουσαν (Hendess 20)·

Ἀσκοῦ τὸν προὔχοντα πόδα, μέγα φέρτατε λαῶν,
μὴ λύσῃς πρὶν δῆμον Ἀθηνέων εἰσαφικέσθαι·

ἄδηλον οὖν ὅ τι νοήσας ὁ Πιτθεὺς ἔπεισεν αὐτὸν ἢ διηπάτησε [6] τῇ Αἴθρᾳ συγγενέσθαι. συνελθὼν δὲ καὶ γνοὺς ἐκεῖνος ὅτι τῇ Πιτθέως θυγατρὶ συγγέγονε, καὶ κύειν αὐτὴν ὑπονοήσας, ἀπέλιπε ξίφος καὶ πέδιλα κρύψας ὑπὸ πέτραν μεγάλην ἐντὸς ἔχουσαν κοιλότητα συμμέτρως [7] ἐμπεριλαμβάνουσαν τὰ κείμενα· φράσας δὲ πρὸς μόνην ἐκείνην καὶ διακελευσάμενος, ἂν υἱὸς ἐξ αὐτοῦ γένηται καὶ λαβὼν ἀνδρὸς ἡλικίαν δυνατὸς ᾖ τὴν πέτραν ἀναστῆσαι καὶ ὑφελεῖν τὰ καταλειφθέντα, πέμπειν πρὸς αὐτὸν ἔχοντα ταῦτα μηδενὸς εἰδότος, ἀλλ' ὡς ἔνεστι μάλιστα λανθάνοντα πάντας - ἰσχυρῶς γὰρ ἐδεδοίκει τοὺς Παλλαντίδας ἐπιβουλεύοντας αὐτῷ καὶ διὰ τὴν ἀπαιδίαν καταφρονοῦντας· ἦσαν δὲ πεντήκοντα παῖδες ἐκ Πάλλαντος γεγονότες - ἀπῄει.

[4] [1] Τεκούσης δὲ τῆς Αἴθρας υἱὸν οἱ μὲν εὐθὺς ὀνομασθῆναι Θησέα λέγουσι διὰ τὴν τῶν γνωρισμάτων θέσιν, οἱ δ' ὕστερον Ἀθήνησι παῖδα θεμένου τοῦ Αἰγέως αὐτόν· τρεφόμενον δ' ὑπὸ τοῦ Πιτθέως ἐπιστάτην ἔχειν καὶ παιδαγωγὸν ὄνομα Κοννίδαν, ᾧ μέχρι νῦν Ἀθηναῖοι μιᾷ πρότερον ἡμέρᾳ τῶν Θησείων κριὸν ἐναγίζουσι, μεμνημένοι καὶ τιμῶντες πολὺ δικαιότερον ἢ Σιλανίωνα τιμῶσι καὶ Παρράσιον, εἰκόνων Θησέως γραφεῖς καὶ πλάστας γενομένους.

[5] Ἔθους δ' ὄντος ἔτι τότε τοὺς μεταβαίνοντας ἐκ παίδων ἐλθόντας εἰς Δελφοὺς ἀπάρχεσθαι τῷ θεῷ τῆς κόμης, ἦλθε μὲν εἰς Δελφοὺς ὁ Θησεύς (καὶ

τόπον ἀπ’ αὐτοῦ τὴν Θησείαν ἔτι νῦν ὀνομάζεσθαι λέγουσιν), ἐκείρατο δὲ τῆς κεφαλῆς τὰ πρόσθεν μόνον, ὥσπερ Ὅμηρος (Il. 2, 542) ἔφη τοὺς Ἄβαντας· καὶ τοῦτο τῆς [2] κουρᾶς τὸ γένος Θησὶς ὠνομάσθη δι’ ἐκεῖνον. οἱ δ’ Ἄβαντες ἐκείραντο πρῶτοι τὸν τρόπον τοῦτον, οὐχ ὑπ’ Ἀράβων διδαχθέντες, ὡς ἔνιοι νομίζουσιν, οὐδὲ Μυσοὺς ζηλώσαντες, ἀλλ’ ὄντες πολεμικοὶ καὶ ἀγχέμαχοι καὶ μάλιστα δὴ πάντων εἰς χεῖρας ὠθεῖσθαι τοῖς ἐναντίοις μεμαθηκότες, ὡς μαρτυρεῖ καὶ Ἀρχίλοχος (fr. 3 D.) ἐν τούτοις·

[3] Οὔ τοι πόλλ’ ἐπὶ τόξα τανύσσεται οὐδὲ θαμειαὶ
σφενδόναι, εὖτ’ ἂν δὴ μῶλον Ἄρης συνάγῃ
ἐν πεδίῳ, ξιφέων δὲ πολύστονον ἔσσεται ἔργον·
ταύτης γὰρ κεῖνοι δαίμονές εἰσι μάχης
δεσπόται Εὐβοίας δουρικλυτοί.

[4] ὅπως οὖν μὴ παρέχοιεν ἐκ τῶν τριχῶν ἀντίληψιν τοῖς πολεμίοις, ἀπεκείραντο. τοῦτο δ’ ἀμέλει καὶ Ἀλέξανδρον τὸν Μακεδόνα ἐννοήσαντά φασι προστάξαι τοῖς στρατηγοῖς ξυρεῖν τὰ γένεια τῶν Μακεδόνων, ὡς λαβὴν ταύτην ἐν ταῖς μάχαις οὖσαν προχειροτάτην.

[6] [1] Τὸν μὲν οὖν ἄλλον χρόνον ἔκρυπτεν Αἴθρα τὴν ἀληθινὴν τοῦ Θησέως γένεσιν· ἦν δὲ λόγος ὑπὸ τοῦ Πιτθέως διαδοθεὶς ὡς ἐκ Ποσειδῶνος τεκνωθείη. Ποσειδῶνα γὰρ Τροιζήνιοι σέβονται διαφερόντως, καὶ θεὸς οὗτός ἐστιν αὐτοῖς πολιοῦχος, ᾧ καὶ καρπῶν ἀπάρχονται, [2] καὶ τρίαιναν ἐπίσημον ἔχουσι τοῦ νομίσματος. ἐπεὶ δὲ μειράκιον ὢν ἅμα τῇ τοῦ σώματος ῥώμῃ διέφαινεν ἀλκὴν καὶ φρόνημα μετὰ νοῦ καὶ συνέσεως βέβαιον, οὕτως αὐτὸν ἡ Αἴθρα πρὸς τὴν πέτραν προσαγαγοῦσα, καὶ φράσασα περὶ τῆς γενέσεως τἀληθές, ἐκέλευσεν ὑφελεῖν [3] τὰ πατρῷα σύμβολα καὶ πλεῖν εἰς Ἀθήνας. ὁ δὲ τὴν μὲν πέτραν ὑπέδυ καὶ ῥᾳδίως ἀνέωσε, πλεῖν δ’ ἀπέγνω, καίπερ οὔσης ἀσφαλείας καὶ δεομένων τοῦ τε πάππου καὶ τῆς μητρός. χαλεπὸν γὰρ ἦν πεζῇ πορεύεσθαι τὴν εἰς Ἀθήνας ὁδόν, οὐδὲν μέρος καθαρὸν οὐδ’ ἀκίνδυνον ὑπὸ [4] λῃστῶν καὶ κακούργων ἔχουσαν. ὁ γὰρ δὴ χρόνος ἐκεῖνος ἤνεγκεν ἀνθρώπους χειρῶν μὲν ἔργοις καὶ ποδῶν τάχεσι καὶ σωμάτων ῥώμαις ὡς ἔοικεν ὑπερφυεῖς καὶ ἀκαμάτους, πρὸς οὐδὲν δὲ τῇ φύσει χρωμένους ἐπιεικὲς οὐδ’ ὠφέλιμον, ἀλλ’ ὕβρει τε χαίροντας ὑπερηφάνῳ καὶ ἀπολαύοντας τῆς δυνάμεως ‹τὸ› ὠμότητι καὶ πικρίᾳ καὶ τῷ κρατεῖν βιάζεσθαι καὶ διαφθείρειν τὸ παραπῖπτον, αἰδῶ δὲ καὶ δικαιοσύνην καὶ τὸ ἴσον καὶ τὸ φιλάνθρωπον, ὡς ἀτολμίᾳ τοῦ ἀδικεῖν καὶ φόβῳ τοῦ ἀδικεῖσθαι τοὺς πολλοὺς ἐπαινοῦντας, οὐδὲν οἰομένους προσήκειν τοῖς πλέον [5] ἔχειν δυναμένοις. τούτων Ἡρακλῆς τοὺς μὲν ἐξέκοπτε καὶ ἀνῄρει περιιών, οἱ δὲ λανθάνοντες ἐκείνου παριόντος ἔπτησσον καὶ ἀνεδύοντο καὶ παρημελοῦντο ταπεινὰ πράττοντες.

[6] ἐπεὶ δ' Ἡρακλῆς ἐχρήσατο συμφορᾷ, καὶ κτείνας Ἴφιτον εἰς Λυδίαν ἀπῆρε, καὶ συχνὸν ἐκεῖ χρόνον ἐδούλευε παρ' Ὀμφάλῃ, δίκην τοῦ φόνου ταύτην ἐπιθεὶς αὑτῷ, τότε τὰ μὲν Λυδῶν πράγματα πολλὴν ἔσχεν εἰρήνην καὶ ἄδειαν, ἐν δὲ τοῖς περὶ τὴν Ἑλλάδα τόποις αὖθις ἐξήνθησαν αἱ κακίαι καὶ ἀνερράγησαν, οὐδενὸς [7] πιεζοῦντος οὐδὲ κατείργοντος. ἦν οὖν ὀλέθριος ἡ πορεία τοῖς Ἀθήναζε πεζῇ βαδίζουσιν ἐκ Πελοποννήσου, καὶ τῶν λῃστῶν καὶ κακούργων ἕκαστον ἐξηγούμενος ὁ Πιτθεύς, ὁποῖος εἴη καὶ ὁποῖα δρῴη περὶ τοὺς ξένους, [8] ἔπειθε τὸν Θησέα κομίζεσθαι διὰ θαλάττης. τὸν δὲ πάλαι μὲν ὡς ἔοικε λεληθότως διέκαιεν ἡ δόξα τῆς Ἡρακλέους ἀρετῆς, καὶ πλεῖστον ἐκείνου λόγον εἶχε, καὶ προθυμότατος ἀκροατὴς ἐγίνετο τῶν διηγουμένων ἐκεῖνον οἷος εἴη, μάλιστα δὲ τῶν αὐτὸν ἑωρακότων καὶ [9] πράττοντι καὶ λέγοντι προστετυχηκότων· τότε δὲ παντάπασιν ἦν φανερὸς πεπονθὼς ὅπερ ὕστερον χρόνοις πολλοῖς Θεμιστοκλῆς ἔπαθε καὶ εἶπεν, ὡς καθεύδειν αὐτὸν οὐκ ἐῴη τὸ Μιλτιάδου τρόπαιον· οὕτως ἐκείνῳ τοῦ Ἡρακλέους θαυμάζοντι τὴν ἀρετὴν καὶ νύκτωρ ὄνειρος ἦσαν αἱ πράξεις, καὶ μεθ' ἡμέραν ἐξῆγεν αὐτὸν ὁ ζῆλος καὶ ἀνηρέθιζε, ταὐτὰ πράττειν διανοούμενον.

[7] [1] Ἐτύγχανον δὲ καὶ γένους κοινωνοῦντες, ἐξ ἀνεψιῶν ὄντες. Αἴθρα μὲν γὰρ ἦν Πιτθέως θυγάτηρ, Ἀλκμήνη δὲ Λυσιδίκης, Λυσιδίκη δὲ καὶ Πιτθεὺς ἀδελφοὶ γεγονότες [2] ἐξ Ἱπποδαμείας καὶ Πέλοπος. δεινὸν οὖν ἐποιεῖτο καὶ οὐκ ἀνεκτὸν, ἐκεῖνον μὲν ἐπὶ τοὺς πανταχοῦ πονηροὺς βαδίζοντα καθαίρειν γῆν καὶ θάλατταν, αὐτὸς δὲ τοὺς ἐμποδὼν ἄθλους ἀποδιδράσκειν, τὸν μὲν λόγῳ καὶ δόξῃ πατέρα καταισχύνων διὰ θαλάττης φυγῇ κομιζόμενος, τῷ δ' ὄντι προσφέρων γνωρίσματα πέδιλα καὶ ξίφος ἀναίμακτον, οὐκ ἔργοις εὐθὺς ἀγαθοῖς καὶ πράξεσι παρέχων ἐμφανῆ χαρακτῆρα τῆς εὐγενείας.

[3] Τοιούτῳ φρονήματι καὶ τοιούτοις λογισμοῖς ἐξώρμησεν, ὡς ἀδικήσων μὲν οὐδένα, τοὺς δ' ὑπάρχοντας βίας ἀμυνούμενος.

[8] [1] Καὶ πρῶτον μὲν ἐν τῇ Ἐπιδαυρίᾳ Περιφήτην, ὅπλῳ χρώμενον κορύνῃ καὶ διὰ τοῦτο Κορυνήτην ἐπικαλούμενον, ἁπτόμενον αὐτοῦ καὶ κωλύοντα προάγειν, συμβαλὼν ἀπέκτεινεν· ἡσθεὶς δὲ τῇ κορύνῃ, λαβὼν ὅπλον ἐποιήσατο καὶ διετέλει χρώμενος ὥσπερ ὁ Ἡρακλῆς [2] τῷ δέρματι τοῦ λέοντος. ἐκείνῳ μὲν οὖν ἐπίδειξις ἦν φορούμενον ἡλίκου τὸ μέγεθος θηρίου κρατήσειεν, οὗτος δὲ τὴν κορύνην ἐπεδείκνυεν, ἡττημένην μὲν ὑπ' αὐτοῦ, μετ' αὐτοῦ δ' ἀήττητον οὖσαν.

[3] Ἐν δ' Ἰσθμῷ Σίνιν τὸν πιτυοκάμπτην, ᾧ τρόπῳ πολλοὺς ἀνῄρει, τούτῳ διέφθειρεν, αὐτὸς οὐ μεμελετηκὼς οὐδ' εἰθισμένος, ἐπιδείξας δὲ τὴν ἀρετὴν ὅτι καὶ τέχνης περίεστι καὶ μελέτης ἁπάσης. ἦν δὲ τῷ Σίνιδι καλλίστη [4] καὶ μεγίστη θυγάτηρ ὄνομα Περιγούνη. ταύτην τοῦ πατρὸς ἀνῃρημένου

φυγοῦσαν ἐζήτει περιιὼν ὁ Θησεύς. ἡ δ' εἰς τόπον ἀπελθοῦσα λόχμην ἔχοντα πολλὴν στοιβήν τε πλείστην καὶ ἀσφάραγον, ἀκάκως πάνυ καὶ παιδικῶς ὥσπερ αἰσθανομένων δεομένη προσεύχετο μεθ' ὅρκων, ἂν σώσωσιν αὐτὴν καὶ ἀποκρύψωσι, μηδέποτε λυμανεῖσθαι [5] μηδὲ καύσειν. ἀνακαλουμένου δὲ τοῦ Θησέως καὶ πίστιν διδόντος ὡς ἐπιμελήσεται καλῶς αὐτῆς καὶ οὐδὲν ἀδικήσει, προῆλθε, καὶ τῷ μὲν Θησεῖ συγγενομένη Μελάνιππον ἔτεκε, Δηιονεῖ δὲ τῷ Εὐρύτου τοῦ Οἰχαλιέως ὕστερον [6] συνῴκησε Θησέως δόντος. ἐκ δὲ Μελανίππου τοῦ Θησέως γενόμενος Ἴωξος Ὀρνύτῳ τῆς εἰς Καρίαν ἀποικίας μετέσχεν· ὅθεν Ἰωξίδαις καὶ Ἰωξίσι πάτριον κατέστη μήτ' ἄκανθαν ἀσφαράγου μήτε στοιβὴν καίειν, ἀλλὰ σέβεσθαι καὶ τιμᾶν.

[9] [1] Ἡ δὲ Κρομμυωνία σῦς, ἣν Φαιὰν προσωνόμαζον, οὐ φαῦλον ἦν θηρίον, ἀλλὰ μάχιμον καὶ χαλεπὸν κρατηθῆναι.

[2] Ταύτην ὁδοῦ πάρεργον, ὡς μὴ δοκοίη πάντα πρὸς ἀνάγκην ποιεῖν, ὑποστὰς ἀνεῖλε, καὶ ἅμα τῶν μὲν ἀνθρώπων τοῖς πονηροῖς ἀμυνόμενον οἰόμενος δεῖν τὸν ἀγαθὸν προσφέρεσθαι, τῶν δὲ θηρίων καὶ προεπιχειροῦντα τοῖς γενναίοις μάχεσθαι καὶ διακινδυνεύειν. ἔνιοι δέ φασι τὴν Φαιὰν ληστρίδα γενέσθαι γυναῖκα φονικὴν καὶ ἀκόλαστον, αὐτόθι κατοικοῦσαν ἐν Κρομμυῶνι, σῦν δ' ἐπονομασθεῖσαν διὰ τὸ ἦθος καὶ τὸν βίον, εἶθ' ὑπὸ Θησέως ἀποθανεῖν.

[10] [1] Σκείρωνα δὲ πρὸ τῆς Μεγαρικῆς ἀνεῖλε ῥίψας κατὰ τῶν πετρῶν, ὡς μὲν ὁ πολὺς λόγος ληστεύοντα τοὺς παριόντας, ὡς δ' ἔνιοι λέγουσιν ὕβρει καὶ τρυφῇ προτείνοντα τὼ πόδε τοῖς ξένοις καὶ κελεύοντα νίπτειν, εἶτα λακτίζοντα καὶ ἀπωθοῦντα νίπτοντας εἰς τὴν θάλασσαν.

[2] οἱ δὲ Μεγαρόθεν συγγραφεῖς (FGrH 487 F 1) ὁμόσε τῇ φήμῃ βαδίζοντες καὶ 'τῷ πολλῷ χρόνῳ', κατὰ Σιμωνίδην (fr. 193 B4`4), 'πολεμοῦντες', οὔθ' ὑβριστὴν οὔτε λῃστὴν γεγονέναι τὸν Σκείρωνά φασιν, ἀλλὰ λῃστῶν μὲν κολαστήν, ἀγαθῶν δὲ καὶ δικαίων οἰκεῖον ἀνδρῶν καὶ [3] φίλον. Αἰακόν τε γὰρ Ἑλλήνων ὁσιώτατον νομίζεσθαι, καὶ Κυχρέα τιμὰς θεῶν ἔχειν Ἀθήνησι τὸν Σαλαμίνιον, τὴν δὲ Πηλέως καὶ Τελαμῶνος ἀρετὴν ὑπ' οὐδενὸς ἀγνοεῖσθαι· Σκείρωνα τοίνυν Κυχρέως μὲν γενέσθαι γαμβρόν, Αἰακοῦ δὲ πενθερόν, Πηλέως δὲ καὶ Τελαμῶνος πάππον, ἐξ Ἐνδηίδος γεγονότων τῆς Σκείρωνος καὶ [4] Χαρικλοῦς θυγατρός· οὔκουν εἰκὸς εἶναι τῷ κακίστῳ τοὺς ἀρίστους εἰς κοινωνίαν γένους ἐλθεῖν, τὰ μέγιστα καὶ τιμιώτατα λαμβάνοντας καὶ διδόντας. ἀλλὰ Θησέα φασὶν οὐχ ὅτε τὸ πρῶτον ἐβάδιζεν εἰς Ἀθήνας, ἀλλ' ὕστερον Ἐλευσῖνά τε λαβεῖν Μεγαρέων ἐχόντων, παρακρουσάμενον Διοκλέα τὸν ἄρχοντα, καὶ Σκείρωνα ἀποκτεῖναι. ταῦτα μὲν οὖν ἔχει τοιαύτας ἀντιλογίας.

[11] [1] Ἐν δ' Ἐλευσῖνι Κερκυόνα τὸν ἐξ Ἀρκαδίας καταπαλαίσας ἀνεῖλε, καὶ μικρὸν προελθὼν Δαμάστην ἐν Ἐρινεῷ τὸν Προκρούστην, ἀναγκάσας αὐτὸν ἀπισοῦν τοῖς κλιντῆρσιν, ὥσπερ τοὺς ξένους ἐκεῖνος. ἔπραττε δὲ ταῦτα [2] μιμούμενος τὸν Ἡρακλέα. καὶ γὰρ ἐκεῖνος οἷς ἐπεβουλεύετο τρόποις ἀμυνόμενος τοὺς προεπιχειροῦντας, ἔθυσε τὸν Βούσιριν καὶ κατεπάλαισε τὸν Ἀνταῖον καὶ τὸν Κύκνον κατεμονομάχησε καὶ τὸν Τέρμερον συρρήξας [3] τὴν κεφαλὴν ἀπέκτεινεν. ἀφ' οὗ δὴ καὶ τὸ Τερμέρειον κακὸν ὀνομασθῆναι λέγουσι· παίων γὰρ ὡς ἔοικε τῇ κεφαλῇ τοὺς ἐντυγχάνοντας ὁ Τέρμερος ἀπώλλυεν. οὕτω δὴ καὶ Θησεὺς κολάζων τοὺς πονηροὺς ἐπεξῆλθεν, οἷς μὲν ἐβιάζοντο τοὺς ἄλλους ὑπ' ἐκείνου καταβιαζομένους, ἐν δὲ τοῖς τρόποις τῆς ἑαυτῶν ἀδικίας τὰ δίκαια πάσχοντας.

[12] [1] Προϊόντι δ' αὐτῷ καὶ γενομένῳ κατὰ τὸν Κηφισὸν ἄνδρες ἐκ τοῦ Φυταλιδῶν γένους ἀπαντήσαντες ἠσπάσαντο πρῶτοι, καὶ δεομένου καθαρθῆναι τοῖς νενομισμένοις ἁγνίσαντες καὶ μειλίχια θύσαντες εἱστίασαν οἴκοι, μηδενὸς πρότερον αὐτῷ φιλανθρώπου καθ' ὁδὸν ἐντυχόντος.

[2] Ἡμέρᾳ μὲν οὖν ὀγδόῃ λέγεται Κρονίου μηνός, ὃν νῦν Ἑκατομβαιῶνα καλοῦσι, κατελθεῖν. κατελθὼν δ' εἰς τὴν πόλιν εὗρε τά τε κοινὰ ταραχῆς μεστὰ καὶ διχοφροσύνης, καὶ τὰ περὶ τὸν Αἰγέα καὶ τὸν οἶκον ἰδίᾳ νοσοῦντα.

[3] Μήδεια γὰρ ἐκ Κορίνθου φυγοῦσα φαρμάκοις ὑποσχομένη τῆς ἀτεκνίας ἀπαλλάξειν Αἰγέα συνῆν αὐτῷ. προαισθομένη δὲ περὶ τοῦ Θησέως αὕτη, τοῦ δ' Αἰγέως ἀγνοοῦντος, ὄντος δὲ πρεσβυτέρου καὶ φοβουμένου πάντα διὰ τὴν στάσιν, ἔπεισεν αὐτὸν ὡς ξένον ἑστιῶντα φαρμά[4]κοις ἀνελεῖν. ἐλθὼν οὖν ὁ Θησεὺς ἐπὶ τὸ ἄριστον, οὐκ ἐδοκίμαζε φράζειν αὐτὸν ὅστις εἴη πρότερος, ἐκείνῳ δὲ βουλόμενος ἀρχὴν ἀνευρέσεως παρασχεῖν, κρεῶν παρακειμένων σπασάμενος τὴν μάχαιραν ὡς ταύτῃ τεμῶν [5] ἐδείκνυεν ἐκείνῳ. ταχὺ δὲ καταμαθὼν ὁ Αἰγεύς, τὴν μὲν κύλικα τοῦ φαρμάκου κατέβαλε, τὸν δ' υἱὸν ἀνακρίνας ἠσπάζετο καὶ συναγαγὼν τοὺς πολίτας ἐγνώριζεν, [6] ἡδέως δεχομένους διὰ τὴν ἀνδραγαθίαν. λέγεται δὲ τῆς κύλικος πεσούσης ἐκχυθῆναι τὸ φάρμακον ὅπου νῦν ἐν Δελφινίῳ τὸ περίφρακτόν ἐστιν· ἐνταῦθα γὰρ ὁ Αἰγεὺς ᾤκει, καὶ τὸν Ἑρμῆν τὸν πρὸς ἕω τοῦ ἱεροῦ καλοῦσιν ἐπ' Αἰγέως πύλαις.

[13] [1] Οἱ δὲ Παλλαντίδαι πρότερον μὲν ἤλπιζον αὐτοὶ τὴν βασιλείαν καθέξειν Αἰγέως ἀτέκνου τελευτήσαντος· ἐπεὶ δὲ Θησεὺς ἀπεδείχθη διάδοχος, χαλεπῶς φέροντες εἰ βασιλεύει μὲν Αἰγεὺς θετὸς γενόμενος Πανδίονι καὶ μηδὲν Ἐρεχθείδαις προσήκων, βασιλεύσει δ' ὁ Θησεὺς πάλιν ἔπηλυς ὢν καὶ ξένος, εἰς πόλεμον καθίσταντο, [2] καὶ διελόντες ἑαυτούς, οἱ μὲν ἐμφανῶς Σφηττόθεν ἐχώρουν ἐπὶ τὸ ἄστυ μετὰ τοῦ πατρός, οἱ δὲ

Γαργηττοῖ κρύψαντες ἑαυτοὺς ἐνήδρευον, ὡς διχόθεν ἐπιθησόμενοι τοῖς ὑπεναντίοις. ἦν δὲ κῆρυξ μετ’ αὐτῶν ἀνὴρ Ἁγνούσιος [3] ὄνομα Λεώς. οὗτος ἐξήγγειλε τῷ Θησεῖ τὰ βεβουλευμένα τοῖς Παλλαντίδαις. ὁ δ’ ἐξαίφνης ἐπιπεσὼν τοῖς ἐνεδρεύουσι, πάντας διέφθειρεν. οἱ δὲ μετὰ τοῦ Πάλλαντος [4] πυθόμενοι διεσπάρησαν. ἐκ τούτου φασὶ τῷ Παλληνέων δήμῳ πρὸς τὸν Ἁγνουσίων ἐπιγαμίαν μὴ εἶναι, μηδὲ κηρύττεσθαι τοὐπιχώριον παρ’ αὐτοῖς ‘ἀκούετε λεῴ’· μισοῦσι γὰρ τοὔνομα διὰ τὴν προδοσίαν τοῦ ἀνδρός.

[14] [1] Ὁ δὲ Θησεὺς ἐνεργὸς εἶναι βουλόμενος, ἅμα δὲ καὶ δημαγωγῶν, ἐξῆλθεν ἐπὶ τὸν Μαραθώνιον ταῦρον, οὐκ ὀλίγα πράγματα τοῖς οἰκοῦσι τὴν Τετράπολιν παρέχοντα, καὶ χειρωσάμενος ἐπεδείξατο ζῶντα διὰ τοῦ ἄστεος ἐλάσας, εἶτα τῷ Ἀπόλλωνι τῷ Δελφινίῳ κατέθυσεν.

[2] Ἡ δ’ Ἑκάλη καὶ τὸ περὶ αὐτὴν μυθολόγημα τοῦ ξενισμοῦ καὶ τῆς ὑποδοχῆς ἔοικε μὴ πάσης ἀμοιρεῖν ἀληθείας. ἔθυον γὰρ Ἑκαλῆσιν οἱ πέριξ δῆμοι συνιόντες Ἑκαλείῳ Διί, καὶ τὴν Ἑκάλην ἐτίμων, Ἑκαλίνην ὑποκοριζόμενοι διὰ τὸ κἀκείνην νέον ὄντα κομιδῇ τὸν Θησέα ξενίζουσαν ἀσπάσασθαι πρεσβυτικῶς καὶ φιλοφρονεῖσθαι [3] τοιούτοις ὑποκορισμοῖς. ἐπεὶ δ’ εὔξατο μὲν ὑπὲρ αὐτοῦ τῷ Διὶ βαδίζοντος ἐπὶ τὴν μάχην, εἰ σῶς παραγένοιτο θύσειν, ἀπέθανε δὲ πρὶν ἐκεῖνον ἐπανελθεῖν, ἔσχε τὰς εἰρημένας ἀμοιβὰς τῆς φιλοξενίας τοῦ Θησέως κελεύσαντος, ὡς Φιλόχορος (FGrH 328 F 109) ἱστόρηκεν.

[15] [1] Ὀλίγῳ δ’ ὕστερον ἧκον ἐκ Κρήτης τὸ τρίτον οἱ τὸν δασμὸν ἀπάξοντες. ὅτι μὲν οὖν Ἀνδρόγεω περὶ τὴν Ἀττικὴν ἀποθανεῖν δόλῳ δόξαντος ὅ τε Μίνως πολλὰ κακὰ πολεμῶν εἰργάζετο τοὺς ἀνθρώπους, καὶ τὸ δαιμόνιον ἔφθειρε τὴν χώραν - ἀφορία τε γὰρ καὶ νόσος ἐνέσκηψε πολλὴ καὶ ἀνέδυσαν οἱ ποταμοί - καὶ τοῦ θεοῦ προδείξαντος ἱλασαμένοις τὸν Μίνω καὶ διαλλαγεῖσι λωφήσειν τὸ μήνιμα καὶ τῶν κακῶν ἔσεσθαι παῦλαν, ἐπικηρυκευσάμενοι καὶ δεηθέντες ἐποιήσαντο συνθήκας, ὥστε πέμπειν δι’ ἐννέα ἐτῶν δασμὸν ἠιθέους ἑπτὰ καὶ παρθένους τοσαύτας, ὁμολογοῦσιν οἱ πλεῖστοι τῶν συγγραφέων· [2] τοὺς δὲ παῖδας εἰς Κρήτην κομιζομένους ὁ μὲν τραγικώτατος μῦθος ἀποφαίνει τὸν Μινώταυρον ἐν τῷ Λαβυρίνθῳ διαφθείρειν, ἢ πλανωμένους αὐτοὺς καὶ τυχεῖν ἐξόδου μὴ δυναμένους ἐκεῖ καταθνῄσκειν, τὸν δὲ Μινώταυρον, ὥσπερ Εὐριπίδης (fr. 996 N^{2}) φησί,

Σύμμεικτον εἶδος καὶ ἀποφώλιον βρέφος

γεγονέναι καὶ (fr. 997 N^{2})

Ταύρου μεμεῖχθαι καὶ βροτοῦ διπλῇ φύσει.

[16] [1] Φιλόχορος (FGrH 328 F 17a) δέ φησιν οὐ ταῦτα συγχωρεῖν Κρῆτας, ἀλλὰ λέγειν ὅτι φρουρὰ μὲν ἦν ὁ Λαβύρινθος οὐθὲν ἔχων κακὸν ἀλλ’ ἢ τὸ μὴ

διαφυγεῖν τοὺς φυλαττομένους, ἀγῶνα δ' ὁ Μίνως ἐπ' Ἀνδρόγεῳ γυμνικὸν ἐποίει καὶ τοὺς παῖδας ἆθλα τοῖς νικῶσιν ἐδίδου, τέως ἐν τῷ Λαβυρίνθῳ φυλαττομένους· ἐνίκα δὲ τοὺς προτέρους ἀγῶνας ὁ μέγιστον παρ' αὐτῷ δυνάμενος τότε καὶ στρατηγῶν ὄνομα Ταῦρος, ἀνὴρ οὐκ ἐπιεικὴς καὶ ἥμερος τὸν τρόπον, ἀλλὰ καὶ τοῖς παισὶ τῶν Ἀθηναίων [2] ὑπερηφάνως καὶ χαλεπῶς προσφερόμενος. Ἀριστοτέλης (fr. 443) δὲ καὶ αὐτὸς ἐν τῇ Βοττιαίων πολιτείᾳ δῆλός ἐστιν οὐ νομίζων ἀναιρεῖσθαι τοὺς παῖδας ὑπὸ τοῦ Μίνω, ἀλλὰ θητεύοντας ἐν τῇ Κρήτῃ καταγηράσκειν· καί ποτε Κρῆτας εὐχὴν παλαιὰν ἀποδιδόντας ἀνθρώπων ἀπαρχὴν εἰς Δελφοὺς ἀποστέλλειν, τοῖς δὲ πεμπομένοις ἀναμειχθέντας ἐκγόνους ἐκείνων συνεξελθεῖν· ὡς δ' οὐκ ἦσαν ἱκανοὶ τρέφειν ἑαυτοὺς αὐτόθι, πρῶτον μὲν εἰς Ἰταλίαν διαπερᾶσαι κἀκεῖ κατοικεῖν περὶ τὴν Ἰαπυγίαν, ἐκεῖθεν δ' αὖθις εἰς Θρᾴκην κομισθῆναι καὶ κληθῆναι [3] Βοττιαίους· διὸ τὰς κόρας τῶν Βοττιαίων θυσίαν τινὰ τελούσας ἐπᾴδειν· 'ἴωμεν εἰς Ἀθήνας'. ἔοικε γὰρ ὄντως χαλεπὸν εἶναι φωνὴν ἐχούσῃ πόλει καὶ μοῦσαν ἀπεχθάνεσθαι. καὶ γὰρ ὁ Μίνως ἀεὶ διετέλει κακῶς ἀκούων καὶ λοιδορούμενος ἐν τοῖς Ἀττικοῖς θεάτροις, καὶ οὔθ' Ἡσίοδος (fr. 103 Rz.) αὐτὸν ὤνησε 'βασιλεύτατον' οὔθ' Ὅμηρος (Od. 19, 179) 'ὀαριστὴν Διὸς' προσαγορεύσας, ἀλλ' ἐπικρατήσαντες οἱ τραγικοὶ πολλὴν ἀπὸ τοῦ λογείου καὶ τῆς σκηνῆς ἀδοξίαν αὐτοῦ κατεσκέδασαν ὡς χαλεποῦ [4] καὶ βιαίου γενομένου. καίτοι φασὶ τὸν μὲν Μίνω βασιλέα καὶ νομοθέτην, δικαστὴν δὲ τὸν Ῥαδάμανθυν εἶναι καὶ φύλακα τῶν ὡρισμένων ὑπ' ἐκείνου δικαίων.

[17] [1] Ἐπεὶ δ' οὖν καθῆκεν ὁ χρόνος τοῦ τρίτου δασμοῦ, καὶ παρέχειν ἔδει τοὺς πατέρας ἐπὶ τὸν κλῆρον οἷς ἦσαν ἠίθεοι παῖδες, αὖθις ἀνεφύοντο τῷ Αἰγεῖ διαβολαὶ πρὸς τοὺς πολίτας, ὀδυρομένους καὶ ἀγανακτοῦντας, ὅτι πάντων αἴτιος ὢν ἐκεῖνος οὐδὲν μέρος μετέχει τῆς κολάσεως μόνος, ἀλλ' ἐπὶ νόθῳ καὶ ξένῳ παιδὶ τὴν ἀρχὴν πεποιημένος, αὐτοὺς περιορᾷ γνησίων ἐρήμους καὶ ἄπαιδας [2] ἀπολειπομένους. ταῦτ' ἠνία τὸν Θησέα, καὶ δικαιῶν μὴ ἀμελεῖν ἀλλὰ κοινωνεῖν τῆς τύχης τοῖς πολίταις, ἐπέδωκεν ἑαυτὸν ἄνευ κλήρου προσελθών. καὶ τοῖς μὲν ἄλλοις τό τε φρόνημα θαυμαστὸν ἐφάνη, καὶ τὸ δημοτικὸν ἠγάπησαν, ὁ δ' Αἰγεὺς ἐπεὶ δεόμενος καὶ καθικετεύων ἀμετάπειστον ἑώρα καὶ ἀμετάτρεπτον, ἀπεκλήρωσε τοὺς [3] ἄλλους παῖδας. Ἑλλάνικος (FGrH 323a F 14) δέ φησιν οὐ τοὺς λαχόντας ἀπὸ κλήρου καὶ τὰς λαχούσας ἐκπέμπειν τὴν πόλιν, αὐτὸν δὲ τὸν Μίνω παραγενόμενον ἐκλέγεσθαι, καὶ τὸν Θησέα πάντων ἑλέσθαι πρῶτον ἐπὶ τοῖς ὁρισθεῖσιν· ὡρισμένον δ' εἶναι τὴν μὲν ναῦν Ἀθηναίους παρέχειν, ἐμβάντας δὲ πλεῖν σὺν αὐτῷ τοὺς ἠιθέους μηδὲν 'ὅπλον ἀρήιον' ἐπιφερομένους, ἀπολομένου δὲ τοῦ Μινωταύρου πέρας ἔχειν τὴν ποινήν.

[4] Πρότερον μὲν οὖν οὐδεμία σωτηρίας ἐλπὶς ὑπέκειτο· διὸ καὶ μέλαν ἱστίον ἔχουσαν ὡς ἐπὶ συμφορᾷ προδήλῳ τὴν ναῦν ἔπεμπον· τότε δὲ τοῦ Θησέως τὸν πατέρα θαρρύνοντος καὶ μεγαληγοροῦντος ὡς χειρώσεται τὸν Μινώταυρον, ἔδωκεν ἕτερον ἱστίον λευκὸν τῷ κυβερνήτῃ, κελεύσας ὑποστρέφοντα σῳζομένου τοῦ Θησέως ἐπάρασθαι τὸ λευκόν, εἰ δὲ μὴ, τῷ μέλανι πλεῖν καὶ ἀποσημαίνειν [5] τὸ πάθος. ὁ δὲ Σιμωνίδης (fr. 33 D.) οὐ λευκόν φησιν εἶναι τὸ δοθὲν ὑπὸ τοῦ Αἰγέως, ἀλλὰ 'φοινίκεον ἱστίον ὑγρῷ πεφυρμένον πρίνου ἄνθει ἐριθαλοῦς'· καὶ τοῦτο τῆς σωτηρίας αὐτῶν ποιήσασθαι σημεῖον. ἐκυβέρνα δὲ τὴν ναῦν Ἀμαρσυάδας Φέρεκλος, ὥς φησι Σιμωνίδης [6] (fr. 56 B4`4). Φιλόχορος (FGrH 328 F 111) δὲ παρὰ Σκίρου φησὶν ἐκ Σαλαμῖνος τὸν Θησέα λαβεῖν κυβερνήτην μὲν Ναυσίθοον, πρωρέα δὲ Φαίακα, μηδέπω τότε τῶν Ἀθηναίων προσεχόντων τῇ θαλάσσῃ· καὶ γὰρ εἶναι τῶν [7] ἠιθέων ἕνα Μενέσθην Σκίρου θυγατριδοῦν· μαρτυρεῖν δὲ τούτοις ἡρῷα Ναυσιθόου καὶ Φαίακος εἱσαμένου Θησέως Φαληροῖ πρὸς τῷ τοῦ Σκίρου [ἱερῷ], καὶ τὴν ἑορτὴν τὰ Κυβερνήσιά φησιν ἐκείνοις τελεῖσθαι.

[18] [1] Γενομένου δὲ τοῦ κλήρου, παραλαβὼν τοὺς λαχόντας ὁ Θησεὺς ἐκ τοῦ πρυτανείου καὶ παρελθὼν εἰς Δελφίνιον, ἔθηκεν ὑπὲρ αὐτῶν τῷ Ἀπόλλωνι τὴν ἱκετηρίαν. ἦν δὲ κλάδος ἀπὸ τῆς ἱερᾶς ἐλαίας ἐρίῳ λευκῷ [2] κατεστεμμένος. εὐξάμενος δὲ κατέβαινεν ἐπὶ θάλασσαν ἕκτῃ μηνὸς ἱσταμένου Μουνυχιῶνος, ᾗ καὶ νῦν ἔτι τὰς [3] κόρας πέμπουσιν ἱλασομένας εἰς Δελφίνιον. λέγεται δ' αὐτῷ τὸν μὲν ἐν Δελφοῖς ἀνελεῖν θεὸν Ἀφροδίτην καθηγεμόνα ποιεῖσθαι καὶ παρακαλεῖν συνέμπορον, θύοντι δὲ πρὸς θαλάσσῃ τὴν αἶγα θήλειαν οὖσαν αὐτομάτως τράγον γενέσθαι· διὸ καὶ καλεῖσθαι τὴν θεὸν Ἐπιτραγίαν.

[19] [1] Ἐπεὶ δὲ κατέπλευσεν εἰς Κρήτην, ὡς μὲν οἱ πολλοὶ γράφουσι καὶ ᾄδουσι, παρὰ τῆς Ἀριάδνης ἐρασθείσης τὸ λίνον λαβών, καὶ διδαχθεὶς ὡς ἔστι τοῦ λαβυρίνθου τοὺς ἑλιγμοὺς διεξελθεῖν, ἀπέκτεινε τὸν Μινώταυρον καὶ ἀπέπλευσε [2] τὴν Ἀριάδνην ἀναλαβὼν καὶ τοὺς ἠιθέους. Φερεκύδης (FGrH 3 F 150) δὲ καὶ τὰ ἐδάφη τῶν Κρητικῶν νεῶν φησιν ἐκκόψαι τὸν Θησέα, τὴν δίωξιν ἀφαιρούμενον.

[3] Δήμων (FGrH 327 F 5) δὲ καὶ τὸν Ταῦρον ἀναιρεθῆναί φησι τὸν τοῦ Μίνω στρατηγόν, ἐν τῷ λιμένι διαναυμαχοῦντα [4] τοῦ Θησέως ἐκπλέοντος. Ὡς δὲ Φιλόχορος (FGrH 328 F 17a) ἱστόρηκε, τὸν ἀγῶνα τοῦ Μίνω συντελοῦντος ἐπίδοξος ὢν ἅπαντας πάλιν νικήσειν ὁ Ταῦρος [5] ἐφθονεῖτο. καὶ γὰρ ἡ δύναμις αὐτοῦ διὰ τὸν τρόπον ἦν ἐπαχθής, καὶ διαβολὴν εἶχεν ὡς τῇ Πασιφάῃ πλησιάζων. διὸ καὶ τοῦ Θησέως ἀξιοῦντος ἀγωνίσασθαι συνεχώρησεν [6] ὁ Μίνως. ἔθους δ' ὄντος ἐν Κρήτῃ θεᾶσθαι καὶ τὰς γυναῖκας,

Ἀριάδνη παροῦσα πρός τε τὴν ὄψιν ἐξεπλάγη τοῦ Θησέως, καὶ τὴν ἄθλησιν ἐθαύμασε πάντων κρατήσαντος.

[7] ἡσθεὶς δὲ καὶ ὁ Μίνως μάλιστα τοῦ Ταύρου καταπαλαισθέντος καὶ προπηλακισθέντος, ἀπέδωκε τῷ Θησεῖ τοὺς παῖδας καὶ ἀνῆκε τῇ πόλει τὸν δασμόν.

[8] Ἰδίως δέ πως καὶ περιττῶς ὁ Κλείδημος (FGrH 323 F 17) ἀπήγγειλε περὶ τούτων, ἄνωθέν ποθεν ἀρξάμενος ὅτι δόγμα κοινὸν ἦν Ἑλλήνων μηδεμίαν ἐκπλεῖν τριήρη μηδαμόθεν ἀνδρῶν †πέντε πλείονας δεχομένην· τὸν δ’ ἄρχοντα τῆς Ἀργοῦς Ἰάσονα μόνον ..... περιπλεῖν, ἐξείργοντα τῆς θαλάττης τὰ λῃστήρια. Δαιδάλου δὲ πλοίῳ φυγόντος εἰς Ἀθήνας, Μίνως παρὰ τὰ δόγματα μακραῖς ναυσὶ διώκων ὑπὸ χειμῶνος εἰς Σικελίαν ἀπηνέχθη, [9] κἀκεῖ κατέστρεψε τὸν βίον. ἐπεὶ δὲ Δευκαλίων ὁ υἱὸς αὐτοῦ πολεμικῶς ἔχων πρὸς τοὺς Ἀθηναίους ἔπεμψεν ἐκδιδόναι Δαίδαλον αὐτῷ κελεύων, ἢ τοὺς παῖδας ἀποκτενεῖν ἀπειλῶν οὓς ἔλαβεν ὁμήρους ὁ Μίνως, τούτῳ μὲν ἀπεκρίνατο πρᾴως ὁ [δὲ] Θησεὺς, παραιτούμενος ἀνεψιὸν ὄντα Δαίδαλον κἀκείνῳ κατὰ γένος προσήκοντα, μητρὸς ὄντα Μερόπης τῆς Ἐρεχθέως, αὐτὸς δὲ ναυπηγίαν ἐπεβάλλετο, τὴν μὲν ἐν Θυμαιταδῶν αὐτόθι μακρὰν τῆς ξενικῆς ὁδοῦ, τὴν δὲ διὰ Πιτθέως ἐν Τροιζῆνι, [10] βουλόμενος λανθάνειν. γενομένων δ’ ἑτοίμων ἐξέπλευσε, τόν τε Δαίδαλον ἔχων καὶ φυγάδας ἐκ Κρήτης καθηγεμόνας· οὐδενὸς δὲ προειδότος, ἀλλὰ ναῦς φιλίας οἰομένων τῶν Κρητῶν προσφέρεσθαι, τοῦ λιμένος κρατήσας καὶ ἀποβὰς ἔφθασεν εἰς τὴν Κνωσσὸν παρελθών, καὶ μάχην ἐν πύλαις τοῦ Λαβυρίνθου συνάψας ἀπέκτεινε τὸν Δευκαλίωνα καὶ τοὺς δορυφόρους. ἐν δὲ τοῖς πράγμασι τῆς Ἀριάδνης γενομένης, σπεισάμενος πρὸς αὐτὴν τούς τ’ ἠιθέους ἀνέλαβε καὶ φιλίαν ἐποίησε τοῖς Ἀθηναίοις πρὸς τοὺς Κρῆτας, ὁμόσαντας μηδέποτε πολέμου κατάρξειν.

[20] [1] Πολλοὶ δὲ λόγοι καὶ περὶ τούτων ἔτι λέγονται καὶ περὶ τῆς Ἀριάδνης, οὐδὲν ὁμολογούμενον ἔχοντες. οἱ μὲν γὰρ ἀπάγξασθαί φασιν αὐτὴν ἀπολειφθεῖσαν ὑπὸ τοῦ Θησέως, οἱ δ’ εἰς Νάξον ὑπὸ ναυτῶν κομισθεῖσαν Ὠνάρῳ τῷ ἱερεῖ τοῦ Διονύσου συνοικεῖν· ἀπολειφθῆναι δὲ τοῦ Θησέως ἐρῶντος ἑτέρας·

Δεινὸς γάρ μιν ἔτειρεν ἔρως Πανοπηίδος Αἴγλης.

[2] τοῦτο γὰρ τὸ ἔπος ἐκ τῶν Ἡσιόδου (fr. 105 Rz.) Πεισίστρατον ἐξελεῖν φησιν Ἡρέας ὁ Μεγαρεύς (FGrH 486 F 1), ὥσπερ αὖ πάλιν ἐμβαλεῖν εἰς τὴν Ὁμήρου νέκυιαν (Od. 11, 631) τὸ

Θησέα Πειρίθοόν τε θεῶν ἀριδείκετα τέκνα

χαριζόμενον Ἀθηναίοις· ἔνιοι δὲ καὶ τεκεῖν ἐκ Θησέως Ἀριάδνην Οἰνοπίωνα καὶ Στάφυλον· ὧν καὶ ὁ Χῖος Ἴων ἐστί, περὶ τῆς ἑαυτοῦ πατρίδος λέγων (fr. 4 D.; 29 B.)·

Τήν ποτε Θησείδης ἔκτισεν Οἰνοπίων.

[3] ἃ δ’ ἐστὶν εὐφημότατα ‹τῶν› μυθολογουμένων, πάντες ὡς ἔπος εἰπεῖν διὰ στόματος ἔχουσιν. ἴδιον δέ τινα περὶ τούτων λόγον ἐκδέδωκε Παίων ὁ Ἀμαθούσιος (FHG IV [4] 371). τὸν γὰρ Θησέα φησὶν ὑπὸ χειμῶνος εἰς Κύπρον ἐξενεχθέντα, καὶ τὴν Ἀριάδνην ἔγκυον ἔχοντα, φαύλως δὲ διακειμένην ὑπὸ τοῦ σάλου καὶ δυσφοροῦσαν, ἐκβιβάσαι μόνην, αὐτὸν δὲ τῷ πλοίῳ βοηθοῦντα πάλιν εἰς [5] τὸ πέλαγος ἀπὸ τῆς γῆς φέρεσθαι. τὰς οὖν ἐγχωρίους γυναῖκας τὴν Ἀριάδνην ἀναλαβεῖν καὶ περιέπειν ἀθυμοῦσαν ἐπὶ τῇ μονώσει, καὶ γράμματα πλαστὰ προσφέρειν ὡς τοῦ Θησέως γράφοντος αὐτῇ, καὶ περὶ τὴν ὠδῖνα συμπονεῖν καὶ βοηθεῖν, ἀποθανοῦσαν δὲ θάψαι μὴ τεκοῦσαν.

[6] ἐπελθόντα δὲ τὸν Θησέα καὶ περίλυπον γενόμενον, τοῖς μὲν ἐγχωρίοις ἀπολιπεῖν χρήματα, συντάξαντα θύειν τῇ Ἀριάδνῃ, δύο δὲ μικροὺς ἀνδριαντίσκους ἱδρύσασθαι, [7] τὸν μὲν ἀργυροῦν, τὸν δὲ χαλκοῦν. ἐν δὲ τῇ θυσίᾳ τοῦ Γορπιαίου μηνὸς ἱσταμένου δευτέρᾳ κατακλινόμενόν τινα τῶν νεανίσκων φθέγγεσθαι καὶ ποιεῖν ἅπερ ὠδίνουσαι γυναῖκες· καλεῖν δὲ τὸ ἄλσος Ἀμαθουσίους, ἐν ᾧ τὸν τάφον δεικνύουσιν, Ἀριάδνης Ἀφροδίτης.

[8] Καὶ Ναξίων δέ τινες ἰδίως ἱστοροῦσι δύο Μίνωας γενέσθαι καὶ δύο Ἀριάδνας, ὧν τὴν μὲν Διονύσῳ γαμηθῆναί φασιν ἐν Νάξῳ καὶ τοὺς περὶ Στάφυλον τεκεῖν, τὴν δὲ νεωτέραν ἁρπασθεῖσαν ὑπὸ τοῦ Θησέως καὶ ἀπολειφθεῖσαν εἰς Νάξον ἐλθεῖν, καὶ τροφὸν μετ’ αὐτῆς [9] ὄνομα Κορκύνην, ἧς δείκνυσθαι τάφον· ἀποθανεῖν δὲ καὶ τὴν Ἀριάδνην αὐτόθι καὶ τιμὰς ἔχειν οὐχ ὁμοίως τῇ προτέρᾳ· τῇ μὲν γὰρ ἡδομένους καὶ παίζοντας ἑορτάζειν, τὰς δὲ ταύτῃ δρωμένας θυσίας εἶναι πένθει τινὶ καὶ στυγνότητι μεμειγμένας.

[21] [1] Ἐκ δὲ τῆς Κρήτης ἀποπλέων εἰς Δῆλον κατέσχε, καὶ τῷ θεῷ θύσας καὶ ἀναθεὶς τὸ Ἀφροδίσιον ὃ παρὰ τῆς Ἀριάδνης ἔλαβεν, ἐχόρευσε μετὰ τῶν ἠιθέων χορείαν ἣν ἔτι νῦν ἐπιτελεῖν Δηλίους λέγουσι, μίμημα τῶν ἐν τῷ Λαβυρίνθῳ περιόδων καὶ διεξόδων ἔν τινι ῥυθμῷ [2] παραλλάξεις καὶ ἀνελίξεις ἔχοντι γιγνομένην. καλεῖται δὲ τὸ γένος τοῦτο τῆς χορείας ὑπὸ Δηλίων γέρανος, ὡς ἱστορεῖ Δικαίαρχος (fr. 85 Wehrli). ἐχόρευσε δὲ περὶ τὸν Κερατῶνα βωμόν, ἐκ κεράτων συνηρμοσμένον εὐωνύμων [3] ἁπάντων. ποιῆσαι δὲ καὶ ἀγῶνά φασιν αὐτὸν ἐν Δήλῳ, καὶ τοῖς νικῶσι τότε πρῶτον ὑπ’ ἐκείνου φοίνικα δοθῆναι.

[22] [1] Τῇ δ' Ἀττικῇ προσφερομένων, ἐκλαθέσθαι μὲν αὐτόν, ἐκλαθέσθαι δὲ τὸν κυβερνήτην ὑπὸ χαρᾶς ἐπάρασθαι τὸ ἱστίον, ᾧ τὴν σωτηρίαν αὐτῶν ἔδει γνώριμον τῷ Αἰγεῖ γενέσθαι, τὸν δ' ἀπογνόντα ῥῖψαι κατὰ τῆς [2] πέτρας ἑαυτὸν καὶ διαφθαρῆναι. καταπλεύσας δ' ὁ Θησεὺς ἔθυε μὲν αὐτὸς ἃς ἐκπλέων θυσίας εὔξατο τοῖς θεοῖς Φαληροῖ, κήρυκα δ' ἀπέστειλε τῆς σωτηρίας ἄγγελον εἰς ἄστυ. οὗτος ἐνέτυχεν ὀδυρομένοις τε πολλοῖς τὴν τοῦ βασιλέως τελευτήν, καὶ χαίρουσιν ὡς εἰκὸς ἑτέροις καὶ φιλοφρονεῖσθαι καὶ στεφανοῦν αὐτὸν ἐπὶ τῇ [3] σωτηρίᾳ προθύμοις οὖσι. τοὺς μὲν οὖν στεφάνους δεχόμενος τὸ κηρύκειον ἀνέστεφεν. ἐπανελθὼν δ' ἐπὶ θάλασσαν, οὔπω πεποιημένου σπονδὰς τοῦ Θησέως, ἔξω περιέμεινε, μὴ βουλόμενος τὴν θυσίαν ταράξαι. γενομένων δὲ τῶν σπονδῶν, ἀπήγγειλε τὴν τοῦ Αἰγέως τελευτήν.

[4] οἱ δὲ σὺν κλαυθμῷ καὶ θορύβῳ σπεύδοντες ἀνέβαινον εἰς τὴν πόλιν. ὅθεν καὶ νῦν ἐν τοῖς Ὠσχοφορίοις στεφανοῦσθαι μὲν οὐ τὸν κήρυκα λέγουσιν, ἀλλὰ τὸ κηρύκειον, ἐπιφωνεῖν δ' ἐν ταῖς σπονδαῖς 'ἐλελεῦ ἰοὺ ἰοὺ' τοὺς παρόντας, ὧν τὸ μὲν σπένδοντες ἀναφωνεῖν καὶ παιωνίζοντες εἰώθασι, τὸ δ' ἐκπλήξεως καὶ ταραχῆς ἐστι.

Θάψας δὲ τὸν πατέρα, τῷ Ἀπόλλωνι τὴν εὐχὴν ἀπεδίδου τῇ ἑβδόμῃ τοῦ Πυανεψιῶνος ἱσταμένου· ταύτῃ γὰρ [5] ἀνέβησαν εἰς ἄστυ σωθέντες. ἡ μὲν οὖν ἕψησις τῶν ὀσπρίων λέγεται γίνεσθαι διὰ τὸ σωθέντας αὐτοὺς εἰς ταὐτὸ συμμεῖξαι τὰ περιόντα τῶν σιτίων, καὶ μίαν χύτραν [6] κοινὴν ἑψήσαντας συνεστιαθῆναι καὶ συγκαταφαγεῖν ἀλλήλοις. τὴν δ' εἰρεσιώνην ἐκφέρουσι, κλάδον ἐλαίας ἐρίῳ μὲν ἀνεστεμμένον, ὥσπερ τότε τὴν ἱκετηρίαν, παντοδαπῶν δ' ἀνάπλεων καταργμάτων διὰ τὸ λῆξαι τὴν ἀφορίαν, ἐπᾴδοντες·

[7] Εἰρεσιώνη, σῦκα φέρειν καὶ πίονας ἄρτους
καὶ μέλι ἐν κοτύλῃ καὶ ἔλαιον ἀναψήσασθαι
καὶ κύλικ' εὔζωρον, ὡς ἂν μεθύουσα καθεύδῃ.

καίτοι ταῦτά τινες ἐπὶ τοῖς Ἡρακλείδαις γίνεσθαι λέγουσιν οὕτως διατρεφομένοις ὑπὸ τῶν Ἀθηναίων· οἱ δὲ πλείονες ὡς προείρηται.

[23] [1] Τὸ δὲ πλοῖον ἐν ᾧ μετὰ τῶν ἠιθέων ἔπλευσε καὶ πάλιν ἐσώθη, τὴν τριακόντορον, ἄχρι τῶν Δημητρίου τοῦ Φαληρέως χρόνων διεφύλαττον οἱ Ἀθηναῖοι, τὰ μὲν παλαιὰ τῶν ξύλων ὑφαιροῦντες, ἄλλα δ' ἐμβάλλοντες ἰσχυρὰ καὶ συμπηγνύντες οὕτως, ὥστε καὶ τοῖς φιλοσόφοις εἰς τὸν αὐξόμενον λόγον ἀμφιδοξούμενον παράδειγμα τὸ πλοῖον εἶναι, τῶν μὲν ὡς τὸ αὐτό, τῶν δ' ὡς οὐ τὸ αὐτὸ διαμένοι λεγόντων.

[2] Ἄγουσι δὲ καὶ τὴν τῶν Ὠσχοφορίων ἑορτὴν Θησέως [3] καταστήσαντος. οὐ γὰρ ἁπάσας αὐτὸν ἐξαγαγεῖν τὰς λαχούσας τότε παρθένους, ἀλλὰ τῶν συνήθων νεανίσκων δύο, θηλυφανεῖς μὲν ὀφθῆναι καὶ νεαρούς, ἀνδρώδεις δὲ ταῖς ψυχαῖς καὶ προθύμους, λουτροῖς τε θερμοῖς καὶ σκιατροφίαις καὶ ταῖς περὶ τὴν κόμην καὶ λειότητα καὶ χροιὰν ἀλοιφαῖς καὶ κοσμήσεσιν ὡς ἔστιν ἐξαλλάξαντα κομιδῇ, καὶ διδάξαντα φωνὴν καὶ σχῆμα καὶ βάδισιν ὡς ἔνι μάλιστα παρθένοις ὁμοιοῦσθαι καὶ μηδὲν φαίνεσθαι διαφέροντας, ἐμβαλεῖν εἰς τὸν τῶν παρθένων ἀριθμὸν καὶ διαλαθεῖν ἅπαντας· ἐπεὶ δ' ἐπανῆλθεν, αὐτόν τε πομπεῦσαι καὶ τοὺς νεανίσκους, οὕτως ἀμπεχομένους [4] ὡς νῦν ἀμπέχονται τοὺς ὠσχοὺς φέροντες. φέρουσι δὲ Διονύσῳ καὶ Ἀριάδνῃ χαριζόμενοι διὰ τὸν μῦθον, ἢ μᾶλλον ὅτι συγκομιζομένης ὀπώρας ἐπανῆλθον. αἱ δὲ δειπνοφόροι παραλαμβάνονται καὶ κοινωνοῦσι τῆς θυσίας, ἀπομιμούμεναι τὰς μητέρας ἐκείνων τῶν λαχόντων· ἐπεφοίτων γὰρ αὐτοῖς ὄψα καὶ σιτία κομίζουσαι· καὶ μῦθοι λέγονται διὰ τὸ κἀκείνας εὐθυμίας ἕνεκα καὶ παρηγορίας [5] μύθους διεξιέναι τοῖς παισί. ταῦτα μὲν οὖν καὶ Δήμων (FGrH 327 F 6) ἱστόρηκεν.

Ἐξῃρέθη δὲ καὶ τέμενος αὐτῷ, καὶ τοὺς ἀπὸ τῶν παρασχόντων τὸν δασμὸν οἴκων ἔταξαν εἰς θυσίαν αὐτῷ τελεῖν ἀποφοράς, καὶ τῆς θυσίας ἐπεμελοῦντο Φυταλίδαι, Θησέως ἀποδόντος αὐτοῖς ἀμοιβὴν τῆς φιλοξενίας.

[24] [1] Μετὰ δὲ τὴν Αἰγέως τελευτὴν μέγα καὶ θαυμαστὸν ἔργον εἰς νοῦν βαλόμενος, συνῴκισε τοὺς τὴν Ἀττικὴν κατοικοῦντας εἰς ἓν ἄστυ, καὶ μιᾶς πόλεως ἕνα δῆμον ἀπέφηνε, τέως σποράδας ὄντας καὶ δυσανακλήτους πρὸς τὸ κοινὸν πάντων συμφέρον, ἔστι δ' ὅτε καὶ διαφερομένους [2] ἀλλήλοις καὶ πολεμοῦντας. ἐπιὼν οὖν ἔπειθε κατὰ δήμους καὶ γένη, τῶν μὲν ἰδιωτῶν καὶ πενήτων ἐνδεχομένων ταχὺ τὴν παράκλησιν αὐτοῦ, τοῖς δὲ δυνατοῖς ἀβασίλευτον πολιτείαν προτείνων καὶ δημοκρατίαν, αὐτῷ μόνον ἄρχοντι πολέμου καὶ νόμων φύλακι χρησομένην, τῶν δ' ἄλλων παρέξουσαν ἅπασιν ἰσομοιρίαν, τοὺς μὲν ταῦτ' ἔπειθεν, οἱ δὲ τὴν δύναμιν αὐτοῦ δεδιότες, μεγάλην οὖσαν ἤδη, καὶ τὴν τόλμαν, ἐβούλοντο πειθόμενοι [3] μᾶλλον ἢ βιαζόμενοι ταῦτα συγχωρεῖν. καταλύσας οὖν τὰ παρ' ἑκάστοις πρυτανεῖα καὶ βουλευτήρια καὶ ἀρχάς, ἓν δὲ ποιήσας ἅπασι κοινὸν ἐνταῦθα πρυτανεῖον καὶ βουλευτήριον ὅπου νῦν ἵδρυται τὸ ἄστυ, τήν τε πόλιν Ἀθήνας προσηγόρευσε, καὶ Παναθήναια θυσίαν ἐποίησε [4] κοινήν. ἔθυσε δὲ καὶ Μετοίκια τῇ ἕκτῃ ἐπὶ δέκα τοῦ Ἑκατομβαιῶνος, ἣν ἔτι νῦν θύουσι, καὶ τὴν βασιλείαν ἀφεὶς ὥσπερ ὡμολόγησε, διεκόσμει τὴν πολιτείαν ἀπὸ θεῶν ἀρχόμενος· ἧκε γὰρ αὐτῷ χρησμὸς ἐκ Δελφῶν μαντευομένῳ περὶ τῆς πόλεως (Hendess 22)·

[5] Αἰγείδη Θησεῦ, Πιτθηίδος ἔκγονε κούρης,

πολλαῖς τοι πολίεσσι πατὴρ ἐμὸς ἐγκατέθηκε
τέρματα καὶ κλωστῆρας ἐν ὑμετέρῳ πτολιέθρῳ.
ἀλλὰ σὺ μή τι λίην πεπονημένος ἔνδοθι θυμὸν
βουλεύειν· ἀσκὸς γὰρ ἐν οἴδματι ποντοπορεύσεις.

[6] τοῦτο δὲ καὶ Σίβυλλαν ὕστερον ἀποστοματίσαι πρὸς τὴν πόλιν ἱστοροῦσιν, ἀναφθεγξαμένην (Hendess 23)·

Ἀσκὸς βαπτίζῃ· δῦναι δέ τοι οὐ θέμις ἐστίν.

[25] [1] Ἔτι δὲ μᾶλλον αὐξῆσαι τὴν πόλιν βουλόμενος, ἐκάλει πάντας ἐπὶ τοῖς ἴσοις, καὶ τὸ 'δεῦρ' ἴτε πάντες λεῴ' κήρυγμα Θησέως γενέσθαι φασί, πανδημίαν τινὰ [2] καθιστάντος. οὐ μὴν ἄτακτον οὐδὲ μεμειγμένην περιεῖδεν ὑπὸ πλήθους ἐπιχυθέντος ἀκρίτου γενομένην τὴν δημοκρατίαν, ἀλλὰ πρῶτος ἀποκρίνας χωρὶς Εὐπατρίδας καὶ Γεωμόρους καὶ Δημιουργούς, Εὐπατρίδαις δὲ γινώσκειν τὰ θεῖα καὶ παρέχειν ἄρχοντας ἀποδοὺς καὶ νόμων διδασκάλους εἶναι καὶ ὁσίων καὶ ἱερῶν ἐξηγητάς, τοῖς ἄλλοις πολίταις ὥσπερ εἰς ἴσον κατέστησε, δόξῃ μὲν Εὐπατριδῶν, χρείᾳ δὲ Γεωμόρων, πλήθει δὲ Δημιουργῶν [3] ὑπερέχειν δοκούντων. ὅτι δὲ πρῶτος ἀπέκλινε πρὸς τὸν ὄχλον, ὡς Ἀριστοτέλης (fr. 346) φησί, καὶ ἀφῆκε τὸ μοναρχεῖν, ἔοικε μαρτυρεῖν καὶ Ὅμηρος, ἐν νεῶν καταλόγῳ (Il. 2, 547) μόνους Ἀθηναίους δῆμον προσαγορεύσας. ἔκοψε δὲ καὶ νόμισμα, βοῦν ἐγχαράξας ἢ διὰ τὸν Μαραθώνιον ταῦρον ἢ διὰ τὸν Μίνω στρατηγόν, ἢ πρὸς γεωργίαν τοὺς πολίτας παρακαλῶν. ἀπ' ἐκείνου δέ φασι τὸ ἑκατόμβοιον καὶ τὸ δεκάβοιον ὀνομασθῆναι.

[4] Προσκτησάμενος δὲ τῇ Ἀττικῇ τὴν Μεγαρικὴν βεβαίως, τὴν θρυλουμένην ἐν Ἰσθμῷ στήλην ἔστησεν, ἐπιγράψας τὸ διορίζον ἐπίγραμμα τὴν χώραν δυσὶ τριμέτροις, ὧν ἔφραζε τὸ μὲν πρὸς ἕω·

Τάδ' οὐχὶ Πελοπόννησος, ἀλλ' Ἰωνία,

τὸ δὲ πρὸς ἑσπέραν·

Τάδ' ἐστὶ Πελοπόννησος, οὐκ Ἰωνία.

[5] καὶ τὸν ἀγῶνα πρῶτος ἔθηκε κατὰ ζῆλον Ἡρακλέους, ὡς δι' ἐκεῖνον Ὀλύμπια τῷ Διί, [καὶ] δι' αὐτὸν Ἴσθμια τῷ Ποσειδῶνι φιλοτιμηθεὶς ἄγειν τοὺς Ἕλληνας. ὁ γὰρ ἐπὶ Μελικέρτῃ τεθεὶς αὐτόθι νυκτὸς ἐδρᾶτο, τελετῆς [6] ἔχων μᾶλλον ἢ θέας καὶ πανηγυρισμοῦ τάξιν. ἔνιοι δέ φασιν ἐπὶ Σκείρωνι τὰ Ἴσθμια τεθῆναι, τοῦ Θησέως ἀφοσιουμένου τὸν φόνον διὰ τὴν συγγένειαν· Σκείρωνα γὰρ υἱὸν εἶναι Κανήθου καὶ Ἡνιόχης τῆς Πιτθέως. οἱ δὲ Σίνιν, οὐ Σκείρωνα, καὶ τὸν ἀγῶνα τεθῆναι διὰ τοῦτον [7] ὑπὸ Θησέως, οὐ δι' ἐκεῖνον. ἔταξεν οὖν καὶ διωρίσατο πρὸς τοὺς Κορινθίους, Ἀθηναίων τοῖς ἀφικνουμένοις ἐπὶ τὰ Ἴσθμια παρέχειν προεδρίαν, ὅσον ἂν τόπον ἐπίσχῃ

καταπετασθὲν τὸ τῆς θεωρίδος νεὼς ἱστίον, ὡς Ἑλλάνικος (FGrH 323a F 15) καὶ Ἄνδρων ὁ Ἁλικαρνασσεὺς (FGrH 10 F 6) ἱστορήκασιν.

[26] [1] Εἰς δὲ τὸν πόντον ἔπλευσε τὸν Εὔξεινον, ὡς μὲν Φιλόχορος (FGrH 328 F 110) καί τινες ἄλλοι λέγουσι, μεθ' Ἡρακλέους ἐπὶ τὰς Ἀμαζόνας συστρατεύσας, καὶ γέρας [ἀριστεῖον] Ἀντιόπην ἔλαβεν· οἱ δὲ πλείους, ὧν ἐστι καὶ Φερεκύδης (FGrH 3 F 151) καὶ Ἑλλάνικος (FGrH 323a F 16) καὶ Ἡρόδωρος (FGrH 31 F 25a) ὕστερόν φασιν Ἡρακλέους ἰδιόστολον πλεῦσαι τὸν Θησέα καὶ τὴν Ἀμαζόνα λαβεῖν αἰχμάλωτον, πιθανώτερα λέγοντες.

[2] οὐδεὶς γὰρ ἄλλος ἱστόρηται τῶν μετ' αὐτοῦ στρατευσάντων Ἀμαζόνα λαβεῖν αἰχμάλωτον. Βίων (FGrH 14 F 2) δὲ καὶ ταύτην παρακρουσάμενον οἴχεσθαι λαβόντα· φύσει γὰρ οὔσας τὰς Ἀμαζόνας φιλάνδρους οὔ[τε] φυγεῖν τὸν Θησέα προσβάλλοντα τῇ χώρᾳ, ἀλλὰ καὶ ξένια πέμπειν· τὸν δὲ τὴν κομίζουσαν ἐμβῆναι παρακαλεῖν εἰς τὸ [3] πλοῖον, ἐμβάσης δ' ἀναχθῆναι. Μενεκράτης (FHG II 345) δέ τις, ἱστορίαν περὶ Νικαίας τῆς ἐν Βιθυνίᾳ πόλεως ἐκδεδωκώς, Θησέα φησὶ τὴν Ἀντιόπην ἔχοντα διατρῖψαι περὶ τούτους τοὺς τόπους· τυγχάνειν δὲ συστρατεύοντας αὐτῷ τρεῖς νεανίσκους ἐξ Ἀθηνῶν ἀδελφοὺς ἀλλήλων, [4] Εὔνεων καὶ Θόαντα καὶ Σολόεντα. τοῦτον οὖν ἐρῶντα τῆς Ἀντιόπης καὶ λανθάνοντα τοὺς ἄλλους, ἐξειπεῖν πρὸς ἕνα τῶν συνήθων· ἐκείνου δὲ περὶ τούτων ἐντυχόντος τῇ Ἀντιόπῃ, τὴν μὲν πεῖραν ἰσχυρῶς ἀποτρίψασθαι, τὸ δὲ πρᾶγμα σωφρόνως ἅμα καὶ πρᾴως ἐνεγκεῖν καὶ πρὸς τὸν [5] Θησέα μὴ κατηγορῆσαι. τοῦ δὲ Σολόεντος ὡς ἀπέγνω ῥίψαντος ἑαυτὸν εἰς ποταμόν τινα καὶ διαφθαρέντος, ᾐσθημένον τότε τὴν αἰτίαν καὶ τὸ πάθος τοῦ νεανίσκου τὸν Θησέα βαρέως ἐνεγκεῖν, καὶ δυσφοροῦντα λόγιόν τι πυθόχρηστον ἀνενεγκεῖν πρὸς ἑαυτόν· εἶναι γὰρ αὐτῷ προστεταγμένον ἐν Δελφοῖς ὑπὸ τῆς Πυθίας, ὅταν ἐπὶ ξένης ἀνιαθῇ μάλιστα καὶ περίλυπος γένηται, πόλιν ἐκεῖ κτίσαι [6] καὶ τῶν ἀμφ' αὐτόν τινας ἡγεμόνας καταλιπεῖν. ἐκ δὲ τούτου τὴν μὲν πόλιν ἣν ἔκτισεν ἀπὸ τοῦ θεοῦ Πυθόπολιν προσαγορεῦσαι, Σολόεντα δὲ τὸν πλησίον ποταμὸν [7] ἐπὶ τιμῇ τοῦ νεανίσκου, καταλιπεῖν δὲ καὶ αὐτοῦ τοὺς ἀδελφοὺς οἷον ἐπιστάτας καὶ νομοθέτας, καὶ σὺν αὐτοῖς Ἕρμον ἄνδρα τῶν Ἀθήνησιν Εὐπατριδῶν· ἀφ' οὗ καὶ τόπον Ἑρμοῦ καλεῖν οἰκίαν τοὺς Πυθοπολίτας, οὐκ ὀρθῶς τὴν δευτέραν συλλαβὴν περισπῶντας καὶ τὴν δόξαν ἐπὶ θεὸν ἀφ' ἥρωος μετατιθέντας.

[27] [1] Πρόφασιν μὲν οὖν ταύτην ὁ τῶν Ἀμαζόνων πόλεμος ἔσχε, φαίνεται δὲ μὴ φαῦλον αὐτοῦ μηδὲ γυναικεῖον γενέσθαι τὸ ἔργον. οὐ γὰρ ἂν ἐν ἄστει κατεστρατοπέδευσαν οὐδὲ τὴν μάχην συνῆψαν ἐν χρῷ περὶ τὴν Πνύκα καὶ τὸ Μουσεῖον, εἰ μὴ κρατοῦσαι τῆς χώρας [2] ἀδεῶς τῇ πόλει προσέμειξαν. εἰ μὲν οὖν, ὡς Ἑλλάνικος (FGrH 323a F 17) ἱστόρηκε, τῷ Κιμμερικῷ Βοσπόρῳ

παγέντι διαβᾶσαι περιῆλθον, ἔργον ἐστὶ πιστεῦσαι· τὸ δ' ἐν τῇ πόλει σχεδὸν αὐτὰς ἐνστρατοπεδεῦσαι μαρτυρεῖται καὶ τοῖς ὀνόμασι τῶν τόπων καὶ ταῖς θήκαις τῶν πεσόντων. πολὺν δὲ χρόνον ὄκνος ἦν καὶ μέλλησις ἀμφοτέροις τῆς ἐπιχειρήσεως, τέλος δὲ Θησεὺς κατά τι λόγιον [3] τῷ Φόβῳ σφαγιασάμενος συνῆψεν αὐταῖς. ἡ μὲν οὖν μάχη Βοηδρομιῶνος ἐγένετο μηνός, ἐφ' ᾗ τὰ Βοηδρόμια μέχρι νῦν Ἀθηναῖοι θύουσιν. ἱστορεῖ δὲ Κλείδημος (FGrH 323 F 18), ἐξακριβοῦν τὰ καθ' ἕκαστα βουλόμενος, τὸ μὲν εὐώνυμον τῶν Ἀμαζόνων κέρας ἐπιστρέφειν πρὸς τὸ νῦν καλούμενον Ἀμαζόνειον, τῷ δὲ δεξιῷ [4] πρὸς τὴν Πνύκα κατὰ τὴν Χρύσαν ἥκειν. μάχεσθαι δὲ πρὸς τοῦτο τοὺς Ἀθηναίους ἀπὸ τοῦ Μουσείου ταῖς Ἀμαζόσι συμπεσόντας, καὶ τάφους τῶν πεσόντων περὶ τὴν πλατεῖαν εἶναι τὴν φέρουσαν ἐπὶ τὰς πύλας παρὰ τὸ [5] Χαλκώδοντος ἡρῷον, ἃς νῦν Πειραϊκὰς ὀνομάζουσι. καὶ ταύτῃ μὲν ἐκβιασθῆναι μέχρι τῶν Εὐμενίδων καὶ ὑποχωρῆσαι ταῖς γυναιξίν, ἀπὸ δὲ Παλλαδίου καὶ Ἀρδηττοῦ καὶ Λυκείου προσβαλόντας ὤσασθαι τὸ δεξιὸν αὐτῶν ἄχρι τοῦ στρατοπέδου καὶ πολλὰς καταβαλεῖν. τετάρτῳ δὲ μηνὶ συνθήκας γενέσθαι διὰ τῆς Ἱππολύτης· Ἱππολύτην γὰρ οὗτος ὀνομάζει τὴν τῷ Θησεῖ συνοικοῦσαν, [6] οὐκ Ἀντιόπην. ἔνιοι δέ φασι μετὰ τοῦ Θησέως μαχομένην πεσεῖν τὴν ἄνθρωπον ὑπὸ Μολπαδίας ἀκοντισθεῖσαν, καὶ τὴν στήλην τὴν παρὰ τὸ τῆς Γῆς τῆς Ὀλυμπίας ἱερὸν ἐπὶ ταύτῃ κεῖσθαι. καὶ θαυμαστὸν οὐκ ἔστιν ἐπὶ πράγμασιν οὕτω παλαιοῖς πλανᾶσθαι τὴν ἱστορίαν, ἐπεὶ καὶ τὰς τετρωμένας φασὶ τῶν Ἀμαζόνων ὑπ' Ἀντιόπης εἰς Χαλκίδα λάθρα διαπεμφθείσας τυγχάνειν ἐπιμελείας, καὶ ταφῆναί τινας ἐκεῖ περὶ τὸ νῦν Ἀμαζόνειον καλούμενον.

[7] ἀλλὰ τοῦ γε τὸν πόλεμον εἰς σπονδὰς τελευτῆσαι μαρτύριόν ἐστιν ἥ τε τοῦ τόπου κλῆσις τοῦ παρὰ τὸ Θησεῖον, ὅνπερ Ὁρκωμόσιον καλοῦσιν, ἥ τε γινομένη [8] πάλαι θυσία ταῖς Ἀμαζόσι πρὸ τῶν Θησείων. δεικνύουσι δὲ καὶ Μεγαρεῖς Ἀμαζόνων θήκην παρ' αὐτοῖς ἐπὶ τὸν καλούμενον Ῥοῦν βαδίζουσιν ἐξ ἀγορᾶς, ὅπου τὸ Ῥομβοειδές. λέγεται δὲ καὶ περὶ Χαιρώνειαν ἑτέρας ἀποθανεῖν καὶ ταφῆναι παρὰ τὸ ῥευμάτιον, ὃ πάλαι μὲν ὡς ἔοικε Θερμώδων, Αἵμων δὲ νῦν καλεῖται· περὶ ὧν ἐν τῷ Δημοσθένους [9] βίῳ (cap. 19) γέγραπται. φαίνονται δὲ μηδὲ Θεσσαλίαν ἀπραγμόνως αἱ Ἀμαζόνες διελθοῦσαι· τάφοι γὰρ αὐτῶν ἔτι καὶ νῦν δείκνυνται περὶ τὴν Σκοτουσσαίαν καὶ τὰς Κυνὸς κεφαλάς.

[28] [1] Ταῦτα μὲν οὖν ἄξια μνήμης περὶ τῶν Ἀμαζόνων. ἣν γὰρ ὁ τῆς Θησηίδος ποιητὴς (EGF p. 217 Kink.) Ἀμαζόνων ἐπανάστασιν γέγραφε, Θησεῖ γαμοῦντι Φαίδραν τῆς Ἀντιόπης ἐπιτιθεμένης καὶ τῶν μετ' αὐτῆς Ἀμαζόνων ἀμυνομένων καὶ κτείνοντος αὐτὰς Ἡρακλέους, περιφανῶς [2]

ἔοικε μύθῳ καὶ πλάσματι. τῆς δ’ Ἀντιόπης ἀποθανούσης ἔγημε Φαίδραν, ἔχων υἱὸν Ἱππόλυτον ἐξ Ἀντιόπης, ὡς δὲ Πίνδαρός (fr. 176 Sn.) φησι, Δημοφῶντα.

[3] τὰς δὲ περὶ ταύτην καὶ τὸν υἱὸν αὐτοῦ δυστυχίας, ἐπεὶ μηδὲν ἀντιπίπτει παρὰ τῶν ἱστορικῶν τοῖς τραγικοῖς, οὕτως ἔχειν θετέον ὡς ἐκεῖνοι πεποιήκασιν ἅπαντες.

[29] [1] Εἰσὶ μέντοι λόγοι περὶ γάμων Θησέως καὶ ἕτεροι, τὴν σκηνὴν διαπεφευγότες, οὔτ’ ἀρχὰς εὐγνώμονας οὔτ’ εὐτυχεῖς τελευτὰς ἔχοντες. καὶ γὰρ Ἀναξώ τινα Τροιζηνίαν ἁρπάσαι λέγεται, καὶ Σίνιν ἀποκτείνας καὶ Κερκυόνα συγγενέσθαι βίᾳ ταῖς θυγατράσιν αὐτῶν, γῆμαι δὲ καὶ Περίβοιαν τὴν Αἴαντος μητέρα καὶ Φερέβοιαν αὖθις [2] καὶ Ἰόπην τὴν Ἰφικλέους, καὶ διὰ τὸν Αἴγλης ἔρωτα τῆς Πανοπέως ὥσπερ εἴρηται τὴν Ἀριάδνης ἀπόλειψιν αἰτιῶνται μὴ καλὴν γενέσθαι μηδὲ πρέπουσαν· ἐπὶ πᾶσι δὲ τὴν Ἑλένης ἁρπαγὴν πολέμου μὲν ἐμπλῆσαι τὴν Ἀττικήν, αὐτῷ δ’ εἰς φυγὴν καὶ ὄλεθρον τελευτῆσαι· περὶ ὧν ὀλίγον ὕστερον εἰρήσεται.

[3] Πολλῶν δὲ τότε τοῖς ἀρίστοις ἄθλων γενομένων Ἡρόδωρος (FGrH 31 F 26) μὲν οὐδενὸς οἴεται τὸν Θησέα μετασχεῖν, ἀλλὰ μόνοις Λαπίθαις τῆς Κενταυρομαχίας· ἕτεροι δὲ καὶ μετ’ Ἰάσονος ἐν Κόλχοις γενέσθαι καὶ Μελεάγρῳ συνεξελεῖν τὸν κάπρον, καὶ διὰ τοῦτο παροιμίαν εἶναι τὴν ‘οὐκ ἄνευ Θησέως’· αὐτὸν μέντοι μηδενὸς συμμάχου δεηθέντα πολλοὺς καὶ καλοὺς ἄθλους κατεργάσασθαι, καὶ τὸν ‘ἄλλος οὗτος Ἡρακλῆς’ λόγον ἐπ’ ἐκείνου [4] κρατῆσαι. συνέπραξε δὲ καὶ Ἀδράστῳ τὴν ἀναίρεσιν τῶν ὑπὸ τῇ Καδμείᾳ πεσόντων, οὐχ ὡς Εὐριπίδης ἐποίησεν ἐν τραγῳδίᾳ, μάχῃ τῶν Θηβαίων κρατήσας (Suppl. 560 sqq.), ἀλλὰ πείσας καὶ σπεισάμενος· οὕτω γὰρ οἱ πλεῖστοι λέγουσι· Φιλόχορος (FGrH 328 F 112) δὲ καὶ σπονδὰς περὶ νεκρῶν ἀναιρέσεως γενέσθαι πρώτας ἐκείνας.

[5] ὅτι δ’ Ἡρακλῆς πρῶτος ἀπέδωκε νεκροὺς τοῖς πολεμίοις, ἐν τοῖς περὶ Ἡρακλέους (mor. VII 144 Bern.) γέγραπται. ταφαὶ δὲ τῶν μὲν πολλῶν ἐν Ἐλευθεραῖς δείκνυνται, τῶν δ’ ἡγεμόνων περὶ Ἐλευσῖνα, καὶ τοῦτο Θησέως Ἀδράστῳ χαρισαμένου. καταμαρτυροῦσι δὲ τῶν Εὐριπίδου Ἱκετίδων ‹καὶ› οἱ Αἰσχύλου Ἐλευσίνοι (fr. p. 18 N^2), ἐν οἷς [καὶ] ταῦτα λέγων ὁ Θησεὺς πεποίηται.

[30] [1] Τὴν δὲ πρὸς Πειρίθουν φιλίαν τοῦτον τὸν τρόπον αὐτῷ γενέσθαι λέγουσι. δόξαν εἶχεν ἐπὶ ῥώμῃ καὶ ἀνδρείᾳ μεγίστην. βουλόμενος οὖν ὁ Πειρίθους ἐξελέγξαι καὶ λαβεῖν διάπειραν, ἠλάσατο βοῦς ἐκ Μαραθῶνος αὐτοῦ, καὶ πυθόμενος διώκειν μετὰ τῶν ὅπλων ἐκεῖνον, [2] οὐκ ἔφυγεν, ἀλλ’ ἀναστρέψας ἀπήντησεν. ὡς δ’ εἶδεν ἅτερος τὸν ἕτερον καὶ τὸ κάλλος

ἐθαύμασε καὶ τὴν τόλμαν ἠγάσθη, μάχης μὲν ἔσχοντο, Πειρίθους δὲ πρότερος τὴν δεξιὰν προτείνας ἐκέλευσεν αὐτὸν γενέσθαι δικαστὴν τὸν Θησέα τῆς βοηλασίας· ἑκὼν γὰρ ὑφέξειν ἣν ἂν ὁρίσῃ δίκην ἐκεῖνος. Θησεὺς δὲ καὶ τὴν δίκην ἀφῆκεν αὐτῷ, καὶ προὐκαλεῖτο φίλον εἶναι καὶ σύμμαχον, ἐποιήσαντο [3] δὲ τὴν φιλίαν ἔνορκον. ἐκ δὲ τούτου γαμῶν ὁ Πειρίθους Δηιδάμειαν, ἐδεήθη τοῦ Θησέως ἐλθεῖν καὶ τὴν χώραν ἱστορῆσαι καὶ συγγενέσθαι τοῖς Λαπίθαις. ἐτύγχανε δὲ καὶ τοὺς Κενταύρους κεκληκὼς ἐπὶ τὸ δεῖπνον. ὡς δ' ἠσέλγαινον ὕβρει καὶ μεθύοντες οὐκ ἀπείχοντο τῶν γυναικῶν, ἐτράποντο πρὸς ἄμυναν οἱ Λαπίθαι, καὶ τοὺς μὲν ἔκτειναν αὐτῶν, τοὺς δὲ πολέμῳ κρατήσαντες ὕστερον ἐξέβαλον ἐκ τῆς χώρας, τοῦ Θησέως [4] αὐτοῖς συμμαχομένου καὶ συμπολεμοῦντος. Ἡρόδωρος (FGrH 31 F 27) δὲ ταῦτα πραχθῆναί φησιν οὐχ οὕτως, ἀλλὰ τοῦ πολέμου συνεστῶτος ἤδη τὸν Θησέα βοηθοῦντα τοῖς Λαπίθαις παραγενέσθαι, καὶ τότε πρῶτον ὄψει γνωρίσαι τὸν Ἡρακλέα, ποιησάμενον ἔργον ἐντυχεῖν αὐτῷ περὶ Τραχῖνα, πεπαυμένῳ πλάνης ἤδη καὶ ἄθλων, γενέσθαι δὲ μετὰ τιμῆς καὶ φιλοφροσύνης καὶ πολλῶν [5] ἐπαίνων ἀμφοτέροις τὴν ἔντευξιν. οὐ μὴν ἀλλὰ μᾶλλον ἄν τις πρόσσχοι τοῖς πολλάκις ἐντυχεῖν αὐτοὺς ἀλλήλοις ἱστοροῦσι, καὶ τὴν μύησιν Ἡρακλεῖ γενέσθαι Θησέως σπουδάσαντος καὶ τὸν πρὸ τῆς μυήσεως καθαρμὸν ὡς δεομένῳ διά τινας πράξεις ἀβουλήτους.

[31] [1] Ἤδη δὲ πεντήκοντα ἔτη γεγονώς, ὥς φησιν Ἑλλάνικος (FGrH 323a F 18), ἔπραξε τὰ περὶ τὴν Ἑλένην, οὐ καθ' ὥραν. ὅθεν ὡς δὴ μέγιστον ἐπανορθούμενοι τοῦτο τῶν ἐγκλημάτων ἔνιοι λέγουσιν, οὐκ αὐτὸν ἁρπάσαι τὴν Ἑλένην, ἀλλ' Ἴδα καὶ Λυγκέως ἁρπασάντων παρακαταθήκην λαβόντα τηρεῖν καὶ μὴ προΐεσθαι τοῖς Διοσκούροις ἀπαιτοῦσιν, ἢ νὴ Δία Τυνδάρεω παραδόντος αὐτοῦ, φοβηθέντος Ἐναρσφόρον τὸν Ἱπποκόωντος, ἔτι νηπίαν [2] οὖσαν βιαζόμενον τὴν Ἑλένην λαβεῖν. τὰ δ' εἰκότα καὶ πλείστους ἔχοντα μάρτυρας τοιαῦτ' ἐστιν. ἦλθον μὲν εἰς Σπάρτην ἀμφότεροι, καὶ τὴν κόρην ἐν ἱερῷ Ἀρτέμιδος Ὀρθίας χορεύουσαν ἁρπάσαντες ἔφυγον. τῶν δὲ πεμφθέντων ἐπὶ τὴν δίωξιν οὐ πορρωτέρω Τεγέας ἐπακολουθησάντων, ἐν ἀδείᾳ γενόμενοι καὶ διελθόντες τὴν Πελοπόννησον ἐποιήσαντο συνθήκας, τὸν μὲν λαχόντα κλήρῳ τὴν Ἑλένην ἔχειν γυναῖκα, συμπράττειν δὲ θατέρῳ γάμον [3] ἄλλον. ἐπὶ ταύταις δὲ κληρουμένων ταῖς ὁμολογίαις, ἔλαχε Θησεύς, καὶ παραλαβὼν τὴν παρθένον οὔπω γάμων ὥραν ἔχουσαν εἰς Ἀφίδνας ἐκόμισε, καὶ τὴν μητέρα καταστήσας μετ' αὐτῆς Ἀφίδνῳ παρέδωκεν ὄντι φίλῳ, διακελευσάμενος [4] φυλάττειν καὶ λανθάνειν τοὺς ἄλλους. αὐτὸς δὲ Πειρίθῳ τὴν ὑπουργίαν ἀποδιδοὺς εἰς Ἤπειρον συναπεδήμησεν ἐπὶ τὴν Ἀιδωνέως θυγατέρα τοῦ Μολοσσῶν βασιλέως, ὃς τῇ γυναικὶ Φερσεφόνην ὄνομα

θέμενος, Κόρην δὲ τῇ θυγατρί, τῷ δὲ κυνὶ Κέρβερον, ἐκέλευε τούτῳ διαμάχεσθαι τοὺς μνωμένους τὴν παῖδα, καὶ λαβεῖν τὸν [5] κρατήσαντα. τοὺς μέντοι περὶ τὸν Πειρίθουν οὐ μνηστῆρας ἥκειν ἀλλ᾽ ἁρπασομένους πυνθανόμενος, συνέλαβε, καὶ τὸν μὲν Πειρίθουν εὐθὺς ἠφάνισε διὰ τοῦ κυνός, τὸν δὲ Θησέα καθείρξας ἐφύλαττεν.

[32] [1] Ἐν δὲ τῷ χρόνῳ τούτῳ Μενεσθεὺς ὁ Πετεὼ τοῦ Ὀρνέως τοῦ Ἐρεχθέως, πρῶτος ὥς φασιν ἀνθρώπων ἐπιθέμενος τῷ δημαγωγεῖν καὶ πρὸς χάριν ὄχλῳ διαλέγεσθαι, τούς τε δυνατοὺς συνίστη καὶ παρώξυνε, πάλαι βαρυνομένους τὸν Θησέα καὶ νομίζοντας ἀρχὴν καὶ βασιλείαν ἀφῃρημένον ἑκάστου τῶν κατὰ δῆμον εὐπατριδῶν εἰς ἓν ἄστυ συνείρξαντα πάντας ὑπηκόοις χρῆσθαι καὶ δούλοις, τούς τε πολλοὺς διετάραττε καὶ διέβαλλεν, ὡς ὄναρ ἐλευθερίας ὁρῶντας, ἔργῳ δ᾽ ἀπεστερημένους πατρίδων καὶ ἱερῶν, ὅπως ἀντὶ πολλῶν καὶ ἀγαθῶν καὶ γνησίων βασιλέων πρὸς ἕνα δεσπότην ἔπηλυν καὶ ξένον [2] ἀποβλέπωσι. ταῦτα δ᾽ αὐτοῦ πραγματευομένου, μεγάλην ῥοπὴν ὁ πόλεμος τῷ νεωτερισμῷ προσέθηκε τῶν Τυνδαριδῶν ἐπελθόντων· οἱ δὲ καὶ ὅλως φασὶν ὑπὸ τούτου πεισθέντας ἐπελθεῖν. τὸ μὲν οὖν πρῶτον οὐδὲν ἠδίκουν, [3] ἀλλ᾽ ἀπῄτουν τὴν ἀδελφήν. ἀποκριναμένων δὲ τῶν ἐν ἄστει μήτ᾽ ἔχειν μήτε γινώσκειν ὅπου καταλέλειπται, πρὸς πόλεμον ἐτράποντο. φράζει δ᾽ αὐτοῖς Ἀκάδημος, ᾐσθημένος ᾧ δή τινι τρόπῳ, τὴν ἐν Ἀφίδναις κρύψιν [4] αὐτῆς. ὅθεν ἐκείνῳ τε τιμαὶ ζῶντι παρὰ τῶν Τυνδαριδῶν ἐγένοντο, καὶ πολλάκις ὕστερον εἰς τὴν Ἀττικὴν ἐμβαλόντες Λακεδαιμόνιοι καὶ πᾶσαν ὁμοῦ τὴν χώραν τέμνοντες, τῆς Ἀκαδημείας ἀπείχοντο διὰ τὸν Ἀκάδημον.

[5] ὁ δὲ Δικαίαρχος (fr. 66 Wehrli) Ἐχεδήμου φησὶ καὶ Μαράθου συστρατευσάντων τότε τοῖς Τυνδαρίδαις ἐξ Ἀρκαδίας, ἀφ᾽ οὗ μὲν Ἐχεδημίαν προσαγορευθῆναι τὴν νῦν Ἀκαδήμειαν, ἀφ᾽ οὗ δὲ Μαραθῶνα τὸν δῆμον, ἐπιδόντος ἑαυτὸν ἑκουσίως κατά τι λόγιον σφαγιάσασθαι [6] πρὸ τῆς παρατάξεως. ἐλθόντες οὖν ἐπὶ τὰς Ἀφίδνας καὶ μάχῃ κρατήσαντες, ἐξεῖλον τὸ χωρίον. ἐνταῦθά φασι καὶ Ἄλυκον πεσεῖν τὸν Σκείρωνος υἱόν, συστρατευόμενον τότε τοῖς Διοσκούροις, ἀφ᾽ οὗ καὶ τόπον τῆς Μεγαρικῆς Ἄλυκον [7] καλεῖσθαι τοῦ σώματος ἐνταφέντος. Ἡρέας (FGrH 486 F 2) δ᾽ ὑπὸ Θησέως αὐτοῦ περὶ Ἀφίδνας ἀποθανεῖν τὸν Ἄλυκον ἱστόρηκε, καὶ μαρτύρια ταυτὶ τὰ ἔπη παρέχεται περὶ τοῦ Ἀλύκου·

τὸν ἐν εὐρυχόρῳ ποτ᾽ Ἀφίδνῃ
μαρνάμενον Θησεὺς Ἑλένης ἕνεκ᾽ ἠυκόμοιο
κτεῖνεν.

οὐ μὴν εἰκὸς αὐτοῦ Θησέως παρόντος ἁλῶναι τήν τε μητέρα καὶ τὰς Ἀφίδνας.

[33] [1] Ἐχομένων δ’ οὖν τῶν Ἀφιδνῶν καὶ τῶν ἐν ἄστει δεδιότων, ἔπεισε τὸν δῆμον ὁ Μενεσθεὺς δέχεσθαι τῇ πόλει καὶ φιλοφρονεῖσθαι τοὺς Τυνδαρίδας, ὡς μόνῳ Θησεῖ βίας ὑπάρξαντι πολεμοῦντας, τῶν δ’ ἄλλων εὐεργέτας ὄντας ἀνθρώπων καὶ σωτῆρας. ἐμαρτύρει δ’ αὐτῷ καὶ τὰ παρ’ ἐκείνων· οὐδὲν γὰρ ἠξίωσαν ἁπάντων κρατοῦντες ἀλλ’ ἢ μυηθῆναι, μηδὲν ἧττον Ἡρακλέους τῇ πόλει προσήκοντες.

[2] καὶ τοῦτ’ οὖν ὑπῆρξεν αὐτοῖς, Ἀφίδνου ποιησαμένου παῖδας ὡς Πύλιος Ἡρακλέα, καὶ τιμὰς ἰσοθέους ἔσχον, Ἄνακες προσαγορευθέντες ἢ διὰ τὰς γενομένας ἀνοχάς, ἢ διὰ τὴν ἐπιμέλειαν καὶ κηδεμονίαν τοῦ μηδένα κακῶς παθεῖν στρατιᾶς τοσαύτης ἔνδον οὔσης· ἀνακῶς γὰρ ἔχειν τοὺς ἐπιμελομένους ἢ φυλάττοντας ὁτιοῦν· καὶ τοὺς βασιλεῖς ἴσως ἄνακτας διὰ τοῦτο καλοῦσιν.

[3] εἰσὶ δ’ οἱ λέγοντες διὰ τὴν τῶν ἀστέρων ἐπιφάνειαν Ἄνακας ὀνομάζεσθαι· τὸ γὰρ ἄνω τοὺς Ἀττικοὺς ἀνέκας ὀνομάζειν, καὶ ἀνέκαθεν τὸ ἄνωθεν.

[34] [1] Αἴθραν δὲ τὴν Θησέως μητέρα γενομένην αἰχμάλωτον ἀπαχθῆναι λέγουσιν εἰς Λακεδαίμονα, κἀκεῖθεν εἰς Τροίαν μεθ’ Ἑλένης, καὶ μαρτυρεῖν Ὅμηρον (Il. 3, 144), ἕπεσθαι τῇ Ἑλένῃ φάμενον

Αἴθρην Πιτθῆος θύγατρα Κλυμένην τε βοῶπιν.

[2] οἱ δὲ καὶ τοῦτο τὸ ἔπος διαβάλλουσι καὶ τὴν περὶ Μουνύχου μυθολογίαν, ὃν ἐκ Δημοφῶντος Λαοδίκης κρύφα τεκούσης ἐν Ἰλίῳ συνεκθρέψαι τὴν Αἴθραν λέγουσιν.

[3] ἴδιον δέ τινα καὶ παρηλλαγμένον ὅλως λόγον ὁ Ἴστρος (FGrH 334 F 7) ἐν τῇ τρισκαιδεκάτῃ τῶν Ἀττικῶν ἀναφέρει περὶ Αἴθρας, ὡς ἐνίων λεγόντων, Ἀλέξανδρον μὲν τὸν [ἐν Θεσσαλίᾳ] Πάριν ὑπ’ Ἀχιλλέως καὶ Πατρόκλου μάχῃ κρατηθῆναι παρὰ τὸν Σπερχειόν, Ἕκτορα δὲ τὴν Τροιζηνίων πόλιν λαβόντα διαρπάσαι, καὶ τὴν Αἴθραν ἀπάγειν ἐκεῖ καταληφθεῖσαν. ἀλλὰ τοῦτο μὲν ἔχει πολλὴν ἀλογίαν.

[35] [1] Ἀιδωνέως δὲ τοῦ Μολοσσοῦ ξενίζοντος Ἡρακλέα, καὶ τῶν περὶ τὸν Θησέα καὶ Πειρίθουν κατὰ τύχην μνησθέντος, ἅ τε πράξοντες ἦλθον καὶ ἃ φωραθέντες ἔπαθον, βαρέως ἤνεγκεν ὁ Ἡρακλῆς, τοῦ μὲν ἀπολωλότος ἀδόξως, τοῦ δ’ ἀπολλυμένου. καὶ περὶ Πειρίθου μὲν [2] οὐδὲν ᾤετο ποιήσειν πλέον ἐγκαλῶν, τὸν δὲ Θησέα παρῃτεῖτο, καὶ χάριν ἠξίου ταύτην αὐτῷ δοθῆναι. συγχωρήσαντος [3] δὲ τοῦ Ἀιδωνέως, λυθεὶς ὁ Θησεὺς ἐπανῆλθε μὲν εἰς τὰς ἀθήνας, οὐδέπω παντάπασι τῶν φίλων αὐτοῦ κεκρατημένων, καὶ ὅσ’ ὑπῆρχε τεμένη πρότερον αὐτῷ τῆς πόλεως ἐξελούσης, ἅπαντα καθιέρωσεν Ἡρακλεῖ καὶ προσηγόρευσεν ἀντὶ Θησείων Ἡράκλεια, πλὴν τεσσάρων, [4] ὡς

Φιλόχορος (FGrH 328 F 18a) ἱστόρηκεν· αὖθις δὲ βουλόμενος ὡς πρότερον ἄρχειν καὶ καθηγεῖσθαι τοῦ πολιτεύματος, εἰς στάσεις ἐνέπεσε καὶ ταραχάς, οὓς μὲν ἀπέλιπε μισοῦντας αὐτὸν εὑρίσκων τὸ μὴ φοβεῖσθαι τῷ μισεῖν προσειληφότας, ἐν δὲ τῷ δήμῳ πολὺ τὸ διεφθαρμένον ὁρῶν καὶ θεραπεύεσθαι βουλόμενον ἀντὶ τοῦ [5] ποιεῖν σιωπῇ τὸ προσταττόμενον. ἐπιχειρῶν οὖν βιάζεσθαι, κατεδημαγωγεῖτο καὶ κατεστασιάζετο, καὶ τέλος ἀπογνοὺς τὰ πράγματα, τοὺς μὲν παῖδας εἰς Εὔβοιαν ὑπεξέπεμψε πρὸς Ἐλεφήνορα τὸν Χαλκώδοντος, αὐτὸς δὲ Γαργηττοῖ κατὰ τῶν Ἀθηναίων ἀρὰς θέμενος, οὗ νῦν ἔστι τὸ καλούμενον Ἀρατήριον, εἰς Σκῦρον ἐξέπλευσεν, οὔσης αὐτῷ πρὸς τοὺς ἐκεῖ φιλίας ὡς ᾤετο καὶ χωρίων ἐν τῇ [6] νήσῳ πατρῴων. ἐβασίλευε δὲ Λυκομήδης τότε τῶν Σκυρίων. πρὸς τοῦτον οὖν ἀφικόμενος ἐζήτει τοὺς ἀγροὺς ἀπολαβεῖν, ὡς αὐτόθι κατοικήσων· ἔνιοι δέ φασι παρακαλεῖν αὐτὸν βοηθεῖν ἐπὶ τοὺς Ἀθηναίους. ὁ δὲ Λυκομήδης, εἴτε δείσας τὴν δόξαν τοῦ ἀνδρός, εἴτε τῷ Μενεσθεῖ χαριζόμενος, ἐπὶ τὰ ἄκρα τῆς χώρας ἀναγαγὼν αὐτόν, ὡς ἐκεῖθεν ἐπιδείξων τοὺς ἀγρούς, ὦσε κατὰ τῶν [7] πετρῶν καὶ διέφθειρεν. ἔνιοι δ' ἀφ' ἑαυτοῦ πεσεῖν φασι σφαλέντα, μετὰ δεῖπνον ὥσπερ εἰώθει περιπατοῦντα. καὶ παραυτίκα μὲν οὐδεὶς ἔσχεν αὐτοῦ λόγον οὐδένα τεθνηκότος, ἀλλὰ τῶν μὲν Ἀθηναίων ἐβασίλευσε Μενεσθεύς, οἱ δὲ παῖδες ἰδιωτεύοντες Ἐλεφήνορι συνεστράτευσαν [8] εἰς Ἴλιον. ἐκεῖ‹θεν› δὲ Μενεσθέως ἀποθανόντος ἐπανελθόντες αὐτοὶ τὴν βασιλείαν ἀνεκομίσαντο. χρόνοις δ' ὕστερον Ἀθηναίους ἄλλα τε παρέστησεν ὡς ἥρωα τιμᾶν Θησέα, καὶ τῶν ἐν Μαραθῶνι πρὸς Μήδους μαχομένων ἔδοξαν οὐκ ὀλίγοι φάσμα Θησέως ἐν ὅπλοις καθορᾶν πρὸ αὐτῶν ἐπὶ τοὺς βαρβάρους φερόμενον.

[36] [1] Μετὰ δὲ τὰ Μηδικὰ Φαίδωνος ἄρχοντος μαντευομένοις τοῖς Ἀθηναίοις ἀνεῖλεν ἡ Πυθία τὰ Θησέως ἀναλαβεῖν ὀστᾶ καὶ θεμένους ἐντίμως παρ' αὐτοῖς φυλάττειν. ἦν δὲ καὶ λαβεῖν ἀπορία καὶ γνῶναι τὸν τάφον [2] ἀμειξίᾳ καὶ χαλεπότητι τῶν ἐνοικούντων Δολόπων. οὐ μὴν ἀλλὰ [καὶ] Κίμων ἑλὼν τὴν νῆσον, ὡς ἐν τοῖς περὶ ἐκείνου γέγραπται (cap. 8), καὶ φιλοτιμούμενος ἐξανευρεῖν, ἀετοῦ τινα τόπον βουνοειδῆ κόπτοντος ὥς φασι τῷ στόματι καὶ διαστέλλοντος τοῖς ὄνυξι θείᾳ τινὶ τύχῃ, συμφρονήσας ἀνέσκαψεν. εὑρέθη δὲ θήκη τε μεγάλου [3] σώματος αἰχμή τε παρακειμένη χαλκῆ καὶ ξίφος. κομισθέντων δὲ τούτων ὑπὸ Κίμωνος ἐπὶ τῆς τριήρους, ἡσθέντες οἱ Ἀθηναῖοι πομπαῖς τε λαμπραῖς ἐδέξαντο καὶ [4] θυσίαις ὥσπερ αὐτὸν ἐπανερχόμενον εἰς τὸ ἄστυ. καὶ κεῖται μὲν ἐν μέσῃ τῇ πόλει παρὰ τὸ νῦν γυμνάσιον, ἔστι δὲ φύξιμον οἰκέταις καὶ πᾶσι τοῖς ταπεινοτέροις καὶ δεδιόσι κρείττονας, ὡς καὶ τοῦ Θησέως προστατικοῦ τινος καὶ βοηθητικοῦ

γενομένου καὶ προσδεχομένου φιλανθρώπως τὰς τῶν ταπεινοτέρων δεήσεις. θυσίαν δὲ ποιοῦσιν αὐτῷ τὴν μεγίστην ὀγδόῃ Πυανεψιῶνος, ἐν ᾗ [5] μετὰ τῶν ἠιθέων ἐκ Κρήτης ἐπανῆλθεν. οὐ μὴν ἀλλὰ καὶ ταῖς ἄλλαις ὀγδόαις τιμῶσιν αὐτόν, ἢ διὰ τὸ πρῶτον ἐκ Τροιζῆνος ἀφικέσθαι τῇ ὀγδόῃ τοῦ Ἑκατομβαιῶνος, ὡς ἱστόρηκε Διόδωρος ὁ περιηγητής (FGrH 372 F 38), ἢ νομίζοντες ἑτέρου μᾶλλον ἐκείνῳ προσήκειν τὸν ἀριθμὸν τοῦτον, ἐκ Ποσειδῶνος γεγονέναι λεγομένῳ· [6] καὶ γὰρ Ποσειδῶνα ταῖς ὀγδόαις τιμῶσιν. ἡ γὰρ ὀγδοὰς κύβος ἀπ' ἀρτίου πρῶτος οὖσα καὶ τοῦ πρώτου τετραγώνου διπλασία, τὸ μόνιμον καὶ δυσκίνητον οἰκεῖον ἔχει τῆς τοῦ θεοῦ δυνάμεως, ὃν Ἀσφάλιον καὶ Γαιήοχον προσονομάζομεν.

Romulus

[1] Τὸ μέγα τῆς Ῥώμης ὄνομα καὶ δόξῃ διὰ πάντων ἀνθρώπων κεχωρηκὸς ἀφ’ ὅτου καὶ δι’ ἣν αἰτίαν τῇ πόλει γέγονεν, οὐχ ὡμολόγηται παρὰ τοῖς συγγραφεῦσιν, ἀλλ’ οἱ μὲν Πελασγούς, ἐπὶ πλεῖστα τῆς οἰκουμένης πλανηθέντας ἀνθρώπων τε πλείστων κρατήσαντας, αὐτόθι κατοικῆσαι, καὶ διὰ τὴν ἐν τοῖς ὅπλοις ῥώμην οὕτως ὀνομάσαι τὴν πόλιν, οἱ δὲ Τροίας ἁλισκομένης διαφυγόντας ἐνίους καὶ πλοίων ἐπιτυχόντας ὑπὸ πνευμάτων τῇ Τυρρηνίᾳ προσπεσεῖν φερομένους, καὶ περὶ τὸν Θύμβριν [7] ποταμὸν ὁρμίσασθαι· ταῖς δὲ γυναιξὶν αὐτῶν, ἀπορουμέναις ἤδη καὶ δυσανασχετούσαις πρὸς τὴν θάλασσαν, ὑποθέσθαι μίαν, ἣ καὶ γένει προὔχειν καὶ φρονεῖν ἐδόκει μάλιστα, Ῥώμην ὄνομα, καταπρῆσαι τὰ πλοῖα. πραχθέντος δὲ τούτου, πρῶτον μὲν ἀγανακτεῖν τοὺς ἄνδρας, ἔπειτα δι’ ἀνάγκην ἱδρυνθέντας περὶ τὸ Παλλάντιον, ὡς ὀλίγῳ χρόνῳ κρεῖττον ἐλπίδος ἔπραττον, ἀγαθῆς τε πειρώμενοι χώρας καὶ δεχομένων αὐτοὺς τῶν προσοίκων, ἄλλην τε τιμὴν ἀπονέμειν τῇ Ῥώμῃ καὶ τὴν πόλιν [8] ἀπ’ αὐτῆς ὡς αἰτίας προσαγορεύειν. ἐξ ἐκείνου τε παραμένειν λέγουσι τὸ τοὺς συγγενεῖς τὰς γυναῖκας καὶ οἰκείους ἄνδρας ἀσπάζεσθαι τοῖς στόμασι· καὶ γὰρ ἐκείνας, ὅτε τὰ πλοῖα κατέπρησαν, οὕτως ἀσπάζεσθαι καὶ φιλοφρονεῖσθαι τοὺς ἄνδρας, δεομένας αὐτῶν καὶ παραιτουμένας τὴν ὀργήν.

[2] [1] Ἄλλοι δὲ Ῥώμην, Ἰταλοῦ θυγατέρα καὶ Λευκαρίας (οἱ δὲ Τηλέφου τοῖ Ἡρακλέους), Αἰνείᾳ γαμηθεῖσαν (οἱ δ’ Ἀσκανίῳ τῷ Αἰνείου), λέγουσι τοὔνομα θέσθαι τῇ πόλει· οἱ δὲ Ῥωμανόν, Ὀδυσσέως παῖδα καὶ Κίρκης, οἰκίσαι τὴν πόλιν· οἱ δὲ Ῥῶμον ἐκ Τροίας ὑπὸ Διομήδους ἀποσταλέντα τὸν Ἠμαθίωνος, οἱ δὲ Ῥῶμιν Λατίνων τύραννον, ἐκβαλόντα Τυρρηνοὺς τοὺς εἰς Λυδίαν μὲν ἐκ Θετταλίας, ἐκ δὲ Λυδίας εἰς Ἰταλίαν παραγενομένους.

[2] οὐ μὴν οὐδ’ οἱ Ῥωμύλον τῷ δικαιοτάτῳ τῶν λόγων ἀποφαίνοντες ἐπώνυμον τῆς πόλεως ὁμολογοῦσι περὶ τοῦ γένους [αὐτοῦ]. οἱ μὲν γὰρ Αἰνείου καὶ Δεξιθέας τῆς Φόρβαντος υἱὸν ὄντα νήπιον εἰς Ἰταλίαν κομισθῆναι καὶ τὸν ἀδελφὸν αὐτοῦ Ῥῶμον· ἐν δὲ τῷ ποταμῷ πλημμύραντι τῶν ἄλλων σκαφῶν διαφθαρέντων, ἐν ᾧ δ’ ἦσαν οἱ παῖδες εἰς μαλακὴν ἀποκλινθέντος ὄχθην ἀτρέμα, σωθέντας ἀπροσδοκήτως ὄνομα θεῖναι Ῥώμην.

[3] οἱ δὲ Ῥώμην, θυγατέρα τῆς Τρωάδος ἐκείνης, Λατίνῳ τῷ Τηλεμάχου γαμηθεῖσαν τεκεῖν τὸν Ῥωμύλον· οἱ δ’ Αἰμυλίαν τὴν Αἰνείου καὶ Λαβινίας, Ἄρει συγγενομένην.

[4] Οἱ δὲ μυθώδη παντάπασι περὶ τῆς γενέσεως διεξίασι. Ταρχετίῳ γάρ, Ἀλβανῶν βασιλεῖ παρανομωτάτῳ καὶ ὠμοτάτῳ, φάσμα δαιμόνιον οἴκοι γενέσθαι· φαλλὸν γὰρ ἐκ τῆς ἑστίας ἀνασχεῖν καὶ διαμένειν ἐπὶ πολλὰς ἡμέρας. εἶναι δὲ Τηθύος ἐν Τυρρηνίᾳ χρηστήριον, ἀφ' οὗ κομισθῆναι τῷ Ταρχετίῳ χρησμόν, ὥστε συμμεῖξαι τῷ φάσματι παρθένον· ἔσεσθαι γὰρ ἐξ αὐτῆς παῖδα κλεινότατον, [5] ἀρετῇ καὶ τύχῃ καὶ ῥώμῃ διαφέροντα. φράσαντος οὖν τὸ μάντευμα τοῦ Ταρχετίου μιᾷ τῶν θυγατέρων καὶ συγγενέσθαι τῷ φαλλῷ προστάξαντος, αὐτὴν μὲν ἀπαξιῶσαι, θεράπαιναν δ' εἰσπέμψαι. τὸν δὲ Ταρχέτιον ὡς ἔγνω χαλεπῶς φέροντα συλλαβεῖν μὲν ἀμφοτέρας ἐπὶ θανάτῳ, τὴν δ' Ἑστίαν ἰδόντα κατὰ τοὺς ὕπνους ἀπαγορεύουσαν αὐτῷ τὸν φόνον, ἱστόν τινα παρεγγυῆσαι ταῖς κόραις ὑφαίνειν δεδεμέναις, ὡς ὅταν ἐξυφήνωσι, τότε [6] δοθησομένας πρὸς γάμον. ἐκείνας μὲν οὖν δι' ἡμέρας ὑφαίνειν, ἑτέρας δὲ νύκτωρ τοῦ Ταρχετίου κελεύοντος ἀναλύειν τὸν ἱστόν. ἐκ δὲ τοῦ φαλλοῦ τῆς θεραπαινίδος τεκούσης δίδυμα, δοῦναί τινι Τερατίῳ τὸν Ταρχέτιον, [7] ἀνελεῖν κελεύσαντα. τὸν δὲ θεῖναι φέροντα τοῦ ποταμοῦ πλησίον, εἶτα λύκαιναν μὲν ἐπιφοιτᾶν μαστὸν ἐνδιδοῦσαν, ὄρνιθας δὲ παντοδαποὺς ψωμίσματα κομίζοντας ἐντιθέναι τοῖς βρέφεσιν, ἄχρι οὗ βουκόλον ἰδόντα καὶ θαυμάσαντα τολμῆσαι προσελθεῖν καὶ ἀνελέσθαι τὰ παιδία.

[8] τοιαύτης δὲ τῆς σωτηρίας αὐτοῖς γενομένης, ἐκτραφέντας ἐπιθέσθαι τῷ Ταρχετίῳ καὶ κρατῆσαι. ταῦτα μὲν οὖν Προμαθίων τις (FHG III 203), ἱστορίαν Ἰταλικὴν συντεταγμένος, εἴρηκε.

[3] [1] Τοῦ δὲ πίστιν ἔχοντος λόγου μάλιστα καὶ πλείστους μάρτυρας τὰ μὲν κυριώτατα πρῶτος εἰς τοὺς Ἕλληνας ἐξέδωκε Διοκλῆς Πεπαρήθιος (FHG III 74), ᾧ καὶ Φάβιος ὁ Πίκτωρ (HRR I 7) ἐν τοῖς πλείστοις ἐπηκολούθηκε. γεγόνασι δὲ καὶ περὶ τούτων ἕτεραι διαφοραί· [2] τύπῳ δ' εἰπεῖν τοιοῦτός ἐστι. τῶν ἀπ' Αἰνείου γεγονότων ἐν Ἄλβῃ βασιλέων εἰς ἀδελφοὺς δύο, Νομήτορα καὶ Ἀμούλιον, ἡ διαδοχὴ καθῆκεν. Ἀμουλίου δὲ νείμαντος τὰ πάντα δίχα, τῇ δὲ βασιλείᾳ τὰ χρήματα καὶ τὸν ἐκ Τροίας κομισθέντα χρυσὸν ἀντιθέντος, εἵλετο τὴν βασιλείαν [3] ὁ Νομήτωρ. ἔχων οὖν ὁ Ἀμούλιος τὰ χρήματα καὶ πλέον ἀπ' αὐτῶν δυνάμενος τοῦ Νομήτορος, τήν τε βασιλείαν ἀφείλετο ῥᾳδίως, καὶ φοβούμενος ἐκ τῆς θυγατρὸς αὐτοῦ γενέσθαι παῖδας, ἱέρειαν τῆς Ἑστίας ἀπέδειξεν, ἄγαμον καὶ παρθένον ἀεὶ βιωσομένην. ταύτην οἱ μὲν [4] Ἰλίαν, οἱ δὲ Ῥέαν, οἱ δὲ Σιλουίαν ὀνομάζουσι. φωρᾶται δὲ μετ' οὐ πολὺν χρόνον κυοῦσα παρὰ τὸν καθεστῶτα ταῖς Ἑστιάσι νόμον, καὶ τὸ μὲν ἀνήκεστα μὴ παθεῖν αὐτὴν ἡ τοῦ βασιλέως θυγάτηρ Ἀνθὼ παρῃτήσατο, δεηθεῖσα τοῦ πατρός, εἵρχθη δὲ καὶ δίαιταν εἶχεν ἀνεπίμεικτον, ὅπως μὴ

λάθοι τεκοῦσα τὸν Ἀμούλιον. ἔτεκε δὲ δύο [5] παῖδας ὑπερφυεῖς μεγέθει καὶ κάλλει. δι' ὃ καὶ μᾶλλον ὁ Ἀμούλιος φοβηθείς, ἐκέλευσεν αὐτοὺς ὑπηρέτην λαβόντα ῥῖψαι. τοῦτον ἔνιοι Φαιστύλον ὀνομάζεσθαι λέγουσιν, οἱ δ' οὐ τοῦτον, ἀλλὰ τὸν ἀνελόμενον. ἐνθέμενος οὖν εἰς σκάφην τὰ βρέφη, κατέβη μὲν ἐπὶ τὸν ποταμὸν ὡς ῥίψων, ἰδὼν δὲ κατιόντα πολλῷ ῥεύματι καὶ τραχυνόμενον, ἔδεισε προσελθεῖν, ἐγγὺς δὲ τῆς ὄχθης [6] καταθεὶς ἀπηλλάσσετο. τοῦ δὲ ποταμοῦ κατακλύζοντος ἡ πλημμύρα τὴν σκάφην ὑπολαβοῦσα καὶ μετεωρίσασα πρᾴως κατήνεγκεν εἰς χωρίον ἐπιεικῶς μαλθακόν, ὃ νῦν Κερμαλὸν καλοῦσι, πάλαι δὲ Γερμανόν, ὡς ἔοικεν ὅτι καὶ τοὺς ἀδελφοὺς γερμανοὺς ὀνομάζουσιν.

[4] [1] Ἦν δὲ πλησίον ἐρινεός, ὃν Ῥωμινάλιον ἐκάλουν, ἢ διὰ τὸν Ῥωμύλον ὡς οἱ πολλοὶ νομίζουσιν, ἢ διὰ τὸ τὰ μηρυκώμενα τῶν θρεμμάτων ἐκεῖ διὰ τὴν σκιὰν ἐνδιάζειν, ἢ μάλιστα διὰ τὸν τῶν βρεφῶν θηλασμόν, ὅτι τήν τε θηλὴν ῥοῦμαν ὠνόμαζον οἱ παλαιοί, καὶ θεόν τινα τῆς ἐκτροφῆς τῶν νηπίων ἐπιμελεῖσθαι δοκοῦσαν ὀνομάζουσι Ῥουμῖναν, καὶ θύουσιν αὐτῇ νηφάλια, καὶ γάλα τοῖς ἱεροῖς [2] ἐπισπένδουσιν. ἐνταῦθα δὴ τοῖς βρέφεσι κειμένοις τήν τε λύκαιναν ἱστοροῦσι θηλαζομένην καὶ δρυοκολάπτην τινὰ παρεῖναι συνεκτρέφοντα καὶ φυλάττοντα. νομίζεται δ' Ἄρεως ἱερὰ τὰ ζῷα, τὸν δὲ δρυοκολάπτην καὶ διαφερόντως Λατῖνοι σέβονται καὶ τιμῶσιν· ὅθεν οὐχ ἥκιστα πίστιν ἔσχεν ἡ τεκοῦσα τὰ βρέφη τεκεῖν ἐξ Ἄρεως [3] φάσκουσα. καίτοι τοῦτο παθεῖν αὐτὴν ἐξαπατηθεῖσαν λέγουσιν, ὑπὸ τοῦ Ἀμουλίου διαπαρθενευθεῖσαν, ἐν ὅπλοις ἐπιφανέντος αὐτῇ καὶ συναρπάσαντος. οἱ δὲ τοὔνομα τῆς τροφοῦ δι' ἀμφιβολίαν ἐπὶ τὸ μυθῶδες ἐκτροπὴν τῇ [4] φήμῃ παρασχεῖν· λούπας γὰρ ἐκάλουν οἱ Λατῖνοι τῶν τε θηρίων τὰς λυκαίνας καὶ τῶν γυναικῶν τὰς ἑταιρούσας· εἶναι δὲ τοιαύτην τὴν Φαιστύλου γυναῖκα τοῦ τὰ βρέφη [5] θρέψαντος, Ἄκκαν Λαρεντίαν ὄνομα. ταύτῃ δὲ καὶ θύουσι Ῥωμαῖοι, καὶ χοὰς ἐπιφέρει τοῦ Ἀπριλίου μηνὸς [αὐτῇ] ὁ τοῦ Ἄρεως ἱερεύς, καὶ Λαρενταλίαν καλοῦσι τὴν ἑορτήν.

[5] [1] Ἑτέραν δὲ τιμῶσι Λαρεντίαν ἐξ αἰτίας τοιαύτης. ὁ νεωκόρος τοῦ Ἡρακλέους ἀλύων ὡς ἔοικεν ὑπὸ σχολῆς, προὔθετο πρὸς τὸν θεὸν διακυβεύειν, ὑπειπὼν ὅτι νικήσας μὲν αὐτὸς ἕξει τι παρὰ τοῦ θεοῦ χρηστόν, ἡττηθεὶς δὲ τῷ θεῷ τράπεζαν ἄφθονον παρέξει καὶ γυναῖκα [2] καλὴν συναναπαυσομένην. ἐπὶ τούτοις τὰς μὲν ὑπὲρ τοῦ θεοῦ θείς, τὰς δ' ὑπὲρ αὑτοῦ ψήφους, ἀνεφάνη νικώμενος. εὐσυνθετεῖν δὲ βουλόμενος καὶ δικαιῶν ἐμμένειν τοῖς ὁρισθεῖσι, δεῖπνόν τε τῷ θεῷ παρεσκεύασε, καὶ τὴν Λαρεντίαν οὖσαν ὡραίαν, οὔπω δ' ἐμφανῶς ‹ἑταιροῦσαν› μισθωσάμενος, εἱστίασεν ἐν τῷ ἱερῷ κλίνην ὑποστορέσας, καὶ μετὰ τὸ δεῖπνον συνεῖρξεν, ὡς δὴ τοῦ θεοῦ

ἕξοντος [3] αὐτήν. καὶ μέντοι καὶ τὸν θεὸν ἐντυχεῖν λέγεται τῇ γυναικί, καὶ κελεῦσαι βαδίζειν ἕωθεν ἐπὶ τὴν ἀγορὰν καὶ τὸν ἀπαντήσαντα πρῶτον ἀσπασαμένην ποιεῖσθαι φίλον. ἀπήντησεν οὖν αὐτῇ τῶν πολιτῶν ἀνὴρ ἡλικίᾳ τε προήκων καὶ συνειλοχὼς οὐσίαν ἱκανήν, ἄπαις δὲ καὶ βεβιωκὼς ἄνευ γυναικός, ὄνομα Ταρρούτιος. οὗτος ἔγνω τὴν Λαρεντίαν καὶ ἠγάπησε, καὶ τελευτῶν ἀπέλιπε κληρονόμον ἐπὶ πολλοῖς καὶ καλοῖς κτήμασιν, ὧν ἐκείνη τὰ [4] πλεῖστα τῷ δήμῳ κατὰ διαθήκας ἔδωκε. λέγεται δ' αὐτὴν ἔνδοξον οὖσαν ἤδη καὶ θεοφιλῆ νομιζομένην ἀφανῆ γενέσθαι περὶ τοῦτον τὸν τόπον, ἐν ᾧ καὶ τὴν προτέραν ἐκείνην Λαρεντίαν κεῖσθαι. καλεῖται δὲ νῦν ὁ τόπος Βήλαβρον, ὅτι τοῦ ποταμοῦ πολλάκις ὑπερχεομένου διεπεραιοῦντο πορθμείοις κατὰ τοῦτο τὸ χωρίον εἰς ἀγοράν· [5] τὴν δὲ πορθμείαν βηλατούραν καλοῦσιν. ἔνιοι δὲ λέγουσι τὴν εἰς τὸν ἱππόδρομον φέρουσαν ἐξ ἀγορᾶς πάροδον ἱστίοις καταπεταννύναι τοὺς τὴν θέαν παρέχοντας, ἐντεῦθεν ἀρχομένους· ῥωμαϊστὶ δὲ τὸ ἱστίον βῆλον ὀνομάζουσι. διὰ ταῦτα μὲν ἔχει τιμὰς ἡ δευτέρα Λαρεντία παρὰ Ῥωμαίοις.

[6] [1] Τὰ δὲ βρέφη Φαιστύλος Ἀμουλίου συφορβὸς ἀνείλετο λαθὼν ἅπαντας, ὡς δ' ἔνιοί φασι τῶν εἰκότων ἐχόμενοι μᾶλλον, εἰδότος τοῦ Νομήτορος καὶ συγχορηγοῦντος [2] τροφὰς κρύφα τοῖς τρέφουσι. καὶ γράμματα λέγονται καὶ τἆλλα μανθάνειν οἱ παῖδες εἰς Γαβίους κομισθέντες, ὅσα χρὴ τοὺς εὖ γεγονότας. κληθῆναι δὲ καὶ τούτους ἀπὸ τῆς θηλῆς ἱστοροῦσι Ῥωμύλον καὶ Ῥέμον, ὅτι θηλάζοντες [3] ὤφθησαν τὸ θηρίον. ἡ μὲν οὖν ἐν τοῖς σώμασιν εὐγένεια καὶ νηπίων ὄντων εὐθὺς ἐξέφαινε μεγέθει καὶ ἰδέᾳ τὴν φύσιν, αὐξόμενοι δὲ θυμοειδεῖς ἦσαν ἀμφότεροι καὶ ἀνδρώδεις καὶ φρόνημα πρὸς τὰ φαινόμενα δεινὰ καὶ τόλμαν ὅλως ἀνέκπληκτον ἔχοντες· ὁ δὲ Ῥωμύλος γνώμῃ τε χρῆσθαι μᾶλλον ἐδόκει καὶ πολιτικὴν ἔχειν σύνεσιν, ἐν ταῖς περὶ νομὰς καὶ κυνηγίας πρὸς τοὺς γειτνιῶντας ἐπιμειξίαις πολλὴν ἑαυτοῦ παρέχων κατανόησιν ἡγεμονικοῦ μᾶλλον ἢ πειθαρχικοῦ φύσει [4] γεγονότος. διὸ τοῖς μὲν ὁμοδούλοις ἢ ταπεινοτέροις προσφιλεῖς ἦσαν, ἐπιστάτας δὲ καὶ διόπους βασιλικοὺς καὶ ἀγελάρχας ὡς μηδὲν αὐτῶν ἀρετῇ διαφέροντας ὑπερφρονοῦντες, [5] οὔτ' ἀπειλῆς ἐφρόντιζον οὔτ' ὀργῆς. ἐχρῶντο δὲ διαίταις καὶ διατριβαῖς ἐλευθερίοις, οὐ τὴν σχολὴν ἐλευθέριον ἡγούμενοι καὶ τὴν ἀπονίαν, ἀλλὰ γυμνάσια καὶ θήρας καὶ δρόμους καὶ τὸ λῃστὰς ἀλέξασθαι καὶ κλῶπας ἑλεῖν καὶ βίας ἐξελέοθαι τοὺς ἀδικουμένους. ἦσαν δὴ διὰ ταῦτα περιβόητοι.

[7] [1] Γενομένης δέ τινος πρὸς τοὺς Νομήτορος βουκόλους τοῖς Ἀμουλίου διαφορᾶς καὶ βοσκημάτων ἐλάσεως, οὐκ ἀνασχόμενοι συγκόπτουσι μὲν αὐτοὺς καὶ τρέπονται, ἀποτέμνονται δὲ τῆς ἀγέλης συχνήν. ἀγανακτοῦντος

δὲ τοῦ Νομήτορος ὠλιγώρουν, συνῆγον δὲ καὶ προσεδέχοντο πολλοὺς μὲν ἀπόρους, πολλοὺς δὲ δούλους, θράσους ἀποστατικοῦ [2] καὶ φρονήματος ἀρχὰς ἐνδιδόντες. τοῦ δὲ Ῥωμύλου πρός τινα θυσίαν ἀποτραπομένου (καὶ γὰρ ἦν φιλοθύτης καὶ μαντικός), οἱ τοῦ Νομήτορος βοτῆρες τῷ Ῥέμῳ μετ' ὀλίγων βαδίζοντι προστυχόντες ἐμάχοντο, καὶ γενομένων πληγῶν καὶ τραυμάτων ἐν ἀμφοτέροις, ἐκράτησαν οἱ τοῦ Νομήτορος καὶ συνέλαβον ζῶντα τὸν [3] Ῥέμον. ἀναχθέντος οὖν αὐτοῦ πρὸς τὸν Νομήτορα καὶ κατηγορηθέντος, αὐτὸς μὲν οὐκ ἐκόλασε, χαλεπὸν ὄντα δεδιὼς τὸν ἀδελφόν, ἐλθὼν δὲ πρὸς ἐκεῖνον ἐδεῖτο τυχεῖν δίκης, ἀδελφὸς ὢν καὶ καθυβρισμένος ὑπ' οἰκετῶν [4] ἐκείνου βασιλέως ὄντος. συναγανακτούντων δὲ τῶν ἐν Ἄλβῃ καὶ δεινὰ πάσχειν οἰομένων τὸν ἄνδρα παρ' ἀξίαν, κινηθεὶς ὁ Ἀμούλιος αὐτῷ παραδίδωσι τῷ Νομήτορι τὸν [5] Ῥέμον, ὅ τι βούλοιτο χρήσασθαι. παραλαβὼν δ' ἐκεῖνος, ὡς ἧκεν οἴκαδε, θαυμάζων μὲν ἀπὸ τοῦ σώματος τὸν νεανίσκον, ὑπερφέροντα μεγέθει καὶ ῥώμῃ πάντας, ἐνορῶν δὲ τῷ προσώπῳ τὸ θαρραλέον καὶ ἰταμὸν τῆς ψυχῆς ἀδούλωτον καὶ ἀπαθὲς ὑπὸ τῶν παρόντων, ἔργα δ' αὐτοῦ καὶ πράξεις ὅμοια τοῖς βλεπομένοις ἀκούων, τὸ δὲ μέγιστον ὡς ἔοικε θεοῦ συμπαρόντος καὶ συνεπευθύνοντος ἀρχὰς μεγάλων πραγμάτων, ἁπτόμενος ὑπονοίᾳ ‹καὶ› τύχῃ τῆς ἀληθείας, ἀνέκρινεν ὅστις εἴη καὶ ὅπως γένοιτο, φωνῇ τε πρᾳείᾳ καὶ φιλανθρώπῳ βλέμματι πίστιν [6] αὐτῷ μετ' ἐλπίδος ἐνδιδούς. ὁ δὲ θαρρῶν ἔλεγεν· 'ἀλλ' οὐδὲν ἀποκρύψομαί σε· καὶ γὰρ εἶναι δοκεῖς Ἀμουλίου βασιλικώτερος. ἀκούεις γὰρ καὶ ἀνακρίνεις πρὶν ἢ κολάζειν· ὁ δ' ἀκρίτους ἐκδίδωσι. πρότερον μὲν ἑαυτοὺς οἰκετῶν βασιλέως Φαιστύλου καὶ Λαρεντίας ἠπιστάμεθα παῖδας, ἐσμὲν δὲ δίδυμοι, γενόμενοι δ' ἐν αἰτίᾳ πρὸς σὲ καὶ διαβολαῖς καὶ τοῖς περὶ ψυχῆς ἀγῶσιν, ἀκούομεν μεγάλα περὶ ἑαυτῶν· εἰ δὲ πιστά, κρινεῖν ἔοικε νῦν ὁ [7] κίνδυνος. γοναὶ μὲν γὰρ ἡμῶν ἀπόρρητοι λέγονται, τροφαὶ δὲ καὶ τιθηνήσεις ἀτοπώτεραι νεογνῶν, οἷς ἐρρίφημεν οἰωνοῖς καὶ θηρίοις, ὑπὸ τούτων τρεφόμενοι, μαστῷ λυκαίνης καὶ δρυοκολάπτου ψωμίσμασιν, ἐν σκάφῃ τινὶ [8] κείμενοι παρὰ τὸν μέγαν ποταμόν. ἔστι δ' ἡ σκάφη καὶ σῴζεται, χαλκοῖς ὑποζώσμασι γραμμάτων ἀμυδρῶν ἐγκεχαραγμένων, ἃ γένοιτ' ἂν ὕστερον ἴσως ἀνωφελῆ γνωρίσματα [9] τοῖς τοκεῦσιν ἡμῶν ἀπολομένων.' ὁ μὲν οὖν Νομήτωρ ἔκ τε τῶν λόγων τούτων καὶ πρὸς τὴν ὄψιν εἰκάζων τὸν χρόνον, οὐκ ἔφευγε τὴν ἐλπίδα σαίνουσαν, ἀλλ' ἐφρόντιζεν ὅπως τῇ θυγατρὶ περὶ τούτων κρύφα συγγενόμενος φράσειεν· ἐφρουρεῖτο γὰρ ἔτι καρτερῶς.

[8] [1] Ὁ δὲ Φαιστύλος ἀκούσας τήν τε σύλληψιν τοῦ Ῥέμου καὶ τὴν παράδοσιν, τὸν μὲν Ῥωμύλον ἠξίου βοηθεῖν, τότε σαφῶς διδάξας περὶ τῆς γενέσεως· πρότερον δ' ὑπῃνίττετο καὶ παρεδήλου τοσοῦτον ὅσον

προσέχοντας μὴ μικρὸν φρονεῖν· αὐτὸς δὲ τὴν σκάφην κομίζων ἐχώρει πρὸς τὸν Νομήτορα, σπουδῆς καὶ δέους μεστὸς [2] ὢν διὰ τὸν καιρόν. ὑποψίαν οὖν τοῖς περὶ τὰς πύλας φρουροῖς τοῦ βασιλέως παρέχων, καὶ ὑφορώμενος ὑπ' αὐτῶν καὶ ταραττόμενος πρὸς τὰς ἀνακρίσεις, οὐκ ἔλαθε τὴν σκάφην τῷ χλαμυδίῳ περικαλύπτων. ἦν δέ τις ἐν αὐτοῖς ἀπὸ τύχης τῶν τὰ παιδάρια ῥῖψαι λαβόντων καὶ [3] γεγονότων περὶ τὴν ἔκθεσιν. οὗτος ἰδὼν τὴν σκάφην τότε καὶ γνωρίσας τῇ κατασκευῇ καὶ τοῖς γράμμασιν, ἔτυχεν ὑπονοίᾳ τοῦ ὄντος καὶ οὐ παρημέλησεν, ἀλλὰ φράσας [4] τὸ πρᾶγμα τῷ βασιλεῖ κατέστησεν εἰς ἔλεγχον. ἐν δὲ πολλαῖς καὶ μεγάλαις ἀνάγκαις ὁ Φαιστύλος οὔτ' ἀήττητον ἑαυτὸν διεφύλαξεν, οὔτε παντάπασιν ἐκβιασθείς, σῴζεσθαι μὲν ὡμολόγησε τοὺς παῖδας, εἶναι δ' ἄπωθεν τῆς Ἄλβης ἔφη νέμοντας· αὐτὸς δὲ τοῦτο πρὸς τὴν Ἰλίαν φέρων βαδίζειν, πολλάκις ἰδεῖν καὶ θιγεῖν ἐπ' ἐλπίδι [5] βεβαιοτέρᾳ τῶν τέκνων ποθήσασαν. ὅπερ οὖν οἱ ταραττόμενοι καὶ μετὰ δέους ἢ πρὸς ὀργὴν πράττοντες ὁτιοῦν ἐπιεικῶς πάσχουσι, συνέπεσε παθεῖν τὸν Ἀμούλιον. ἄνδρα γὰρ ἄλλῃ τε χρηστὸν καὶ τοῦ Νομήτορος φίλον ὑπὸ σπουδῆς ἔπεμψε, διαπυθέσθαι τοῦ Νομήτορος κελεύσας, εἴ τις ἥκοι λόγος εἰς αὐτὸν ὑπὲρ τῶν παίδων [6] ὡς περιγενομένων. ἀφικόμενος οὖν ὁ ἄνθρωπος καὶ θεασάμενος ὅσον οὔπω τὸν Ῥέμον ἐν περιβολαῖς καὶ φιλοφροσύναις τοῦ Νομήτορος, τήν τε πίστιν ἰσχυρὰν ἐποίησε τῆς ἐλπίδος, καὶ παρεκελεύσατο τῶν πραγμάτων ὀξέως ἀντιλαμβάνεσθαι, καὶ συνῆν αὐτοῖς ἤδη καὶ συνέπραττεν.

[7] ὁ δὲ καιρὸς οὐδὲ βουλομένοις ὀκνεῖν παρεῖχεν. ὁ γὰρ Ῥωμύλος ἐγγὺς ἦν ἤδη, καὶ πρὸς αὐτὸν ἐξέθεον οὐκ ὀλίγοι τῶν πολιτῶν μίσει καὶ φόβῳ τοῦ Ἀμουλίου. πολλὴν δὲ καὶ σὺν αὐτῷ δύναμιν ἦγε συλλελοχισμένην εἰς ἑκατοστύας· ἑκάστης δ' ἀνὴρ ἀφηγεῖτο χόρτου καὶ ὕλης ἀγκαλίδα κοντῷ περικειμένην ἀνέχων· μανίπλα ταύτας Λατῖνοι καλοῦσιν· ἀπ' ἐκείνου δὲ καὶ νῦν ἐν τοῖς στρατεύμασι [8] τούτους μανιπλαρίους ὀνομάζουσιν. ἅμα δὲ τοῦ μὲν Ῥέμου τοὺς ἐντὸς ἀφιστάντος, τοῦ δὲ Ῥωμύλου προσάγοντος ἔξωθεν, οὔτε πράξας οὐδὲν ὁ τύραννος οὔτε βουλεύσας σωτήριον ἑαυτῷ διὰ τὸ ἀπορεῖν καὶ ταράττεσθαι, [9] καταληφθεὶς ἀπέθανεν. ὧν τὰ πλεῖστα καὶ Φαβίου λέγοντος (HRR I 17) καὶ τοῦ Πεπαρηθίου Διοκλέους (FHG III 78), ὃς δοκεῖ πρῶτος ἐκδοῦναι Ῥώμης κτίσιν, ὕποπτον μὲν ἐνίοις ἐστὶ τὸ δραματικὸν καὶ πλασματῶδες, οὐ δεῖ δ' ἀπιστεῖν τὴν τύχην ὁρῶντας οἵων ποιημάτων δημιουργός ἐστι, καὶ τὰ Ῥωμαίων πράγματα λογιζομένους, ὡς οὐκ ἂν ἐνταῦθα προὔβη δυνάμεως, μὴ θείαν τιν' ἀρχὴν λαβόντα καὶ μηδὲν μέγα μηδὲ παράδοξον ἔχουσαν.

[9] [1] Ἀμουλίου δ' ἀποθανόντος καὶ τῶν πραγμάτων καταστάντων, Ἄλβην μὲν οὔτ' οἰκεῖν μὴ ἄρχοντες οὔτ' ἄρχειν ἐβούλοντο τοῦ μητροπάτορος ζῶντος, ἀποδόντες δὲ τὴν ἡγεμονίαν ἐκείνῳ καὶ τῇ μητρὶ τιμὰς πρεπούσας, ἔγνωσαν οἰκεῖν καθ' ἑαυτούς, πόλιν ἐν οἷς χωρίοις ἐξ ἀρχῆς ἐνετράφησαν κτίσαντες· αὕτη γὰρ εὐπρεπεστάτη τῶν αἰτιῶν [2] ἐστιν. ἦν δ' ἴσως ἀναγκαῖον, οἰκετῶν καὶ ἀποστατῶν πολλῶν ἠθροισμένων πρὸς αὐτούς, ἢ καταλυθῆναι παντάπασι τούτων διασπαρέντων, ἢ συνοικεῖν ἰδίᾳ μετ' αὐτῶν. ὅτι γὰρ οὐκ ἠξίουν οἱ τὴν Ἄλβην οἰκοῦντες ἀναμειγνύναι τοὺς ἀποστάτας ἑαυτοῖς οὐδὲ προσδέχεσθαι πολίτας, ἐδήλωσε πρῶτον μὲν τὸ περὶ τὰς γυναῖκας ἔργον, οὐχ ὕβρει τολμηθὲν ἀλλὰ δι' ἀνάγκην, ἑκουσίων ἀπορίᾳ γάμων· ἐτίμησαν γὰρ αὐτὰς ἁρπάσαντες περιττῶς.

[3] ἔπειτα τῆς πόλεως τὴν πρώτην ἵδρυσιν λαμβανούσης, ἱερόν τι φύξιμον τοῖς ἀφισταμένοις κατασκευάσαντες, ὃ Θεοῦ Ἀσυλαίου προσηγόρευον, ἐδέχοντο πάντας, οὔτε δεσπόταις δοῦλον οὔτε θῆτα χρήσταις οὔτ' ἄρχουσιν ἀνδροφόνον ἐκδιδόντες, ἀλλὰ μαντεύματι πυθοχρήστῳ πᾶσι βεβαιοῦν τὴν ἀσυλίαν φάσκοντες, ὥστε πληθῦσαι ταχὺ τὴν πόλιν, ἐπεὶ τάς γε πρώτας ἑστίας λέγουσι τῶν χιλίων μὴ πλείονας γενέσθαι. ταῦτα μὲν οὖν ὕστερον.

[4] Ὁρμήσασι δὲ πρὸς τὸν συνοικισμὸν αὐτοῖς εὐθὺς ἦν διαφορὰ περὶ τοῦ τόπου. Ῥωμύλος μὲν οὖν τὴν καλουμένην Ῥώμην κουαδράταν (ὅπερ ἐστὶ τετράγωνον) ἔκτισε, καὶ ἐκεῖνον ἐβούλετο πολίζειν τὸν τόπον, Ῥέμος δὲ χωρίον τι τοῦ Ἀβεντίνου καρτερόν, ὃ δι' ἐκεῖνον μὲν [5] ὠνομάσθη Ῥεμωρία, νῦν δὲ Ῥιγνάριον καλεῖται. συνθεμένων δὲ τὴν ἔριν ὄρνισιν αἰσίοις βραβεῦσαι, καὶ καθεζομένων χωρίς, ἓξ φασι τῷ Ῥέμῳ, διπλασίους δὲ τῷ Ῥωμύλῳ προφανῆναι γῦπας· οἱ δὲ τὸν μὲν Ῥέμον ἀληθῶς ἰδεῖν, ψεύσασθαι δὲ τὸν Ῥωμύλον, ἐλθόντος δὲ τοῦ Ῥέμου, τότε τοὺς δώδεκα τῷ Ῥωμύλῳ φανῆναι· διὸ καὶ νῦν μάλιστα χρῆσθαι γυψὶ Ῥωμαίους οἰωνιζομένους.

[6] Ἡρόδωρος δ' ὁ Ποντικὸς (FGrH 31 F 22b) ἱστορεῖ καὶ τὸν Ἡρακλέα χαίρειν γυπὸς ἐπὶ πράξει φανέντος. ἔστι μὲν γὰρ ἀβλαβέστατον ζῴων ἁπάντων, μηδὲν ὧν σπείρουσιν ἢ φυτεύουσιν ἢ νέμουσιν ἄνθρωποι σινόμενον, τρέφεται δ' ἀπὸ νεκρῶν σωμάτων, ἀποκτίννυσι δ' οὐδὲν οὐδὲ λυμαίνεται ψυχὴν ἔχον, πτηνοῖς δὲ διὰ συγγένειαν οὐδὲ νεκροῖς πρόσεισιν. ἀετοὶ δὲ καὶ γλαῦκες καὶ ἱέρακες ζῶντα κόπτουσι τὰ ὁμόφυλα καὶ φονεύουσι· καίτοι κατ' Αἰσχύλον (Suppl. 223)

ὄρνιθος ὄρνις πῶς ἂν ἁγνεύοι φαγών;

[7] ἔτι τἆλλα μὲν ἐν ὀφθαλμοῖς ὡς ἔπος εἰπεῖν ἀναστρέφεται καὶ παρέχει διὰ παντὸς αἴσθησιν ἑαυτῶν, ὁ δὲ γὺψ σπάνιόν ἐστι θέαμα, καὶ νεοσσοῖς γυπὸς οὐ ῥᾳδίως ἴσμεν ἐντετυχηκότες, ἀλλὰ καὶ παρέσχεν ἐνίοις ἄτοπον

ὑπόνοιαν, ἔξωθεν αὐτοὺς ἀφ’ ἑτέρας τινὸς γῆς καταίρειν ἐνταῦθα, τὸ σπάνιον καὶ μὴ συνεχές, οἷον οἱ μάντεις ἀξιοῦσιν εἶναι τὸ μὴ κατὰ φύσιν μηδ’ ἀφ’ αὐτοῦ, πομπῇ δὲ θείᾳ φαινόμενον.

[10] [1] Ἐπεὶ δ’ ἔγνω τὴν ἀπάτην ὁ Ῥέμος, ἐχαλέπαινε, καὶ τοῦ Ῥωμύλου τάφρον ὀρύττοντος ᾗ τὸ τεῖχος ἔμελλε κυκλοῦσθαι, τὰ μὲν ἐχλεύαζε τῶν ἔργων, τοῖς δ’ ἐμποδὼν [2] ἐγένετο. τέλος δὲ διαλλόμενον αὐτὸν οἱ μὲν αὐτοῦ Ῥωμύλου πατάξαντος, οἱ δὲ τῶν ἑταίρων τινὸς Κέλερος, ἐνταῦθα πεσεῖν λέγουσιν. ἔπεσε δὲ καὶ Φαιστύλος ἐν τῇ μάχῃ καὶ Πλειστῖνος, ὃν ἀδελφὸν ὄντα Φαιστύλου συνεκθρέψαι [3] τοὺς περὶ τὸν Ῥωμύλον ἱστοροῦσιν. ὁ μὲν οὖν Κέλερ εἰς Τυρρηνίαν μετέστη, καὶ ἀπ’ ἐκείνου τοὺς ταχεῖς οἱ Ῥωμαῖοι καὶ ὀξεῖς κέλερας ὀνομάζουσι· καὶ Κόιντον Μέτελλον, ὅτι τοῦ πατρὸς ἀποθανόντος ἀγῶνα μονομάχων ἡμέραις ὀλίγαις ἐποίησε, θαυμάσαντες τὸ τάχος τῆς παρασκευῆς Κέλερα προσηγόρευσαν.

[11] [1] Ὁ δὲ Ῥωμύλος ἐν τῇ Ῥεμωρίᾳ θάψας τὸν Ῥέμον ὁμοῦ καὶ τοὺς τροφεῖς, ᾤκιζε τὴν πόλιν, ἐκ Τυρρηνίας μεταπεμψάμενος ἄνδρας ἱεροῖς τισι θεσμοῖς καὶ γράμμασιν ὑφηγουμένους ἕκαστα καὶ διδάσκοντας ὥσπερ ἐν [2] τελετῇ. βόθρος γὰρ ὠρύγη περὶ τὸ νῦν Κομίτιον κυκλοτερής, ἀπαρχαί τε πάντων, ὅσοις νόμῳ μὲν ὡς καλοῖς ἐχρῶντο, φύσει δ’ ὡς ἀναγκαίοις, ἀπετέθησαν ἐνταῦθα. καὶ τέλος ἐξ ἧς ἀφῖκτο γῆς ἕκαστος ὀλίγην κομίζων μοῖραν ἔβαλλον εἰς ταὐτὸ καὶ συνεμείγνυον. καλοῦσι δὲ τὸν βόθρον τοῦτον ᾧ καὶ τὸν ὄλυμπον ὀνόματι μοῦνδον. εἶθ’ [3] ὥσπερ κύκλον κέντρῳ περιέγραψαν τὴν πόλιν. ὁ δ’ οἰκιστὴς ἐμβαλὼν ἀρότρῳ χαλκῆν ὕνιν, ὑποζεύξας δὲ βοῦν ἄρρενα καὶ θήλειαν, αὐτὸς μὲν ἐπάγει περιελαύνων αὔλακα βαθεῖαν τοῖς τέρμασι, τῶν δ’ ἑπομένων ἔργον ἐστίν, ἃς ἀνίστησι βώλους τὸ ἄροτρον, καταστρέφειν [4] εἴσω καὶ μηδεμίαν ἔξω περιορᾶν ἐκτρεπομένην. τῇ μὲν οὖν γραμμῇ τὸ τεῖχος ἀφορίζουσι, καὶ καλεῖται κατὰ συγκοπὴν πωμήριον, οἷον ὄπισθεν τείχους ἢ μετὰ τεῖχος· ὅπου δὲ πύλην ἐμβαλεῖν διανοοῦνται, τὴν ὕνιν ἐξελόντες [5] καὶ τὸ ἄροτρον ὑπερθέντες διάλειμμα ποιοῦσιν. ὅθεν ἅπαν τὸ τεῖχος ἱερὸν πλὴν τῶν πυλῶν νομίζουσι· τὰς δὲ πύλας ἱερὰς νομίζοντας οὐκ ἦν ἄνευ δεισιδαιμονίας τὰ μὲν δέχεσθαι, τὰ δ’ ἀποπέμπειν τῶν ἀναγκαίων καὶ μὴ καθαρῶν.

[12] [1] Ὅτι μὲν οὖν ἡ κτίσις ἡμέρᾳ γένοιτο τῇ πρὸ ἕνδεκα καλανδῶν Μαΐων, ὁμολογεῖται, καὶ τὴν ἡμέραν ταύτην ἑορτάζουσι Ῥωμαῖοι, γενέθλιον τῆς πατρίδος ὀνομάζοντες. ἐν ἀρχῇ δ’ ὥς φασιν οὐδὲν ἔμψυχον ἔθυον, ἀλλὰ καθαρὰν καὶ ἀναίμακτον ᾤοντο δεῖν τῇ πατρίδι [2] τὴν ἐπώνυμον τῆς γενέσεως ἑορτὴν φυλάττειν. οὐ μὴν ἀλλὰ καὶ πρὸ τῆς κτίσεως βοτηρική τις ἦν αὐτοῖς ἑορτὴ κατὰ ταύτην τὴν ἡμέραν, καὶ Παρίλια προσηγόρευον αὐτήν.

νῦν μὲν οὖν οὐδὲν αἱ Ῥωμαϊκαὶ νουμηνίαι πρὸς τὰς Ἑλληνικὰς ὁμολογούμενον ἔχουσιν· ἐκείνην δὲ τὴν ἡμέραν, ᾗ τὴν πόλιν ὁ Ῥωμύλος ἔκτιζεν, ἀτρεκῆ τριακάδα τυχεῖν λέγουσι, καὶ σύνοδον ἐκλειπτικὴν ἐν αὐτῇ γενέσθαι σελήνης πρὸς ἥλιον, ἣν εἰδέναι καὶ Ἀντίμαχον οἴονται τὸν Τήιον ἐποποιόν, ἔτει τρίτῳ τῆς ἕκτης ὀλυμπιάδος συμπεσοῦσαν.

[3] Ἐν δὲ τοῖς κατὰ Βάρρωνα τὸν φιλόσοφον χρόνοις, ἄνδρα Ῥωμαίων ἐν ἱστορίᾳ βυβλιακώτατον, ἦν Ταρούτιος ἑταῖρος αὐτοῦ, φιλόσοφος μὲν ἄλλως καὶ μαθηματικός, ἁπτόμενος δὲ τῆς περὶ τὸν πίνακα μεθόδου θεωρίας [4] ἕνεκα καὶ δοκῶν ἐν αὐτῇ περιττὸς εἶναι. τούτῳ προὔβαλεν ὁ Βάρρων ἀναγαγεῖν τὴν Ῥωμύλου γένεσιν εἰς ἡμέραν καὶ ὥραν, ἐκ τῶν λεγομένων ἀποτελεσμάτων περὶ τὸν ἄνδρα ποιησάμενον τὸν συλλογισμόν, ὥσπερ αἱ τῶν γεωμετρικῶν ὑφηγοῦνται προβλημάτων ἀναλύσεις· τῆς γὰρ αὐτῆς θεωρίας εἶναι, χρόνον τε λαβόντας ἀνθρώπου γενέσεως βίον προειπεῖν, καὶ βίῳ δοθέντι θηρεῦσαι χρόνον.

[5] ἐποίησεν οὖν τὸ προσταχθὲν ὁ Ταρούτιος, καὶ τά τε πάθη καὶ τὰ ἔργα τοῦ ἀνδρὸς ἐπιδών, καὶ χρόνον ζωῆς καὶ τρόπον τελευτῆς καὶ πάντα τὰ τοιαῦτα συνθείς, εὖ μάλα τεθαρρηκότως καὶ ἀνδρείως ἀπεφήνατο, τὴν μὲν ἐν τῇ μητρὶ τοῦ Ῥωμύλου γεγονέναι σύλληψιν ἔτει πρώτῳ τῆς δευτέρας ὀλυμπιάδος ἐν μηνὶ κατ’ Αἰγυπτίους Χοιὰκ τρίτῃ καὶ εἰκάδι τρίτης ὥρας, καθ’ ἣν ὁ ἥλιος ἐξέλιπε παντελῶς, τὴν δ’ ἐμφανῆ γέννησιν ἐν μηνὶ Θωὺθ [6] ἡμέρᾳ πρώτῃ μετ’ εἰκάδα περὶ ἡλίου ἀνατολάς· κτισθῆναι δὲ τὴν Ῥώμην ὑπ’ αὐτοῦ τῇ ἐνάτῃ Φαρμουθὶ μηνὸς ἱσταμένου μεταξὺ δευτέρας ὥρας καὶ τρίτης. ἐπεὶ καὶ πόλεως τύχην ὥσπερ ἀνθρώπου κύριον ἔχειν οἴονται χρόνον, ἐκ τῆς πρώτης γενέσεως πρὸς τὰς τῶν ἀστέρων ἐποχὰς θεωρούμενον. ἀλλὰ ταῦτα μὲν ἴσως καὶ τὰ τοιαῦτα τῷ ξένῳ καὶ περιττῷ προσάξεται μᾶλλον ἢ διὰ τὸ μυθῶδες ἐνοχλήσει τοὺς ἐντυγχάνοντας αὐτοῖς.

[13] [1] Κτισθείσης δὲ τῆς πόλεως, πρῶτον μὲν ὅσον ἦν ἐν ἡλικίᾳ πλῆθος εἰς συντάγματα στρατιωτικὰ διεῖλεν. ἕκαστον δὲ σύνταγμα πεζῶν τρισχιλίων ἦν καὶ τριακοσίων ἱππέων. ἐκλήθη δὲ λεγεὼν τῷ λογάδας εἶναι τοὺς [2] μαχίμους ἐκ πάντων. ἔπειτα τοῖς μὲν ἄλλοις ἐχρῆτο δήμῳ, καὶ ποπούλους ὠνομάσθη τὸ πλῆθος· ἑκατὸν δὲ τοὺς ἀρίστους ἀπέδειξε βουλευτάς, καὶ αὐτοὺς μὲν πατρικίους, [3] τὸ δὲ σύστημα σενᾶτον προσηγόρευσεν. ὁ μὲν οὖν σενᾶτος ἀτρεκῶς γερουσίαν σημαίνει· πατρικίους δὲ τοὺς βουλευτὰς κληθῆναι λέγουσιν οἱ μὲν ὅτι παίδων γνησίων πατέρες ἦσαν, οἱ δὲ μᾶλλον ὡς αὐτοὺς ἔχοντας ἑαυτῶν ἀποδεῖξαι πατέρας, ὅπερ οὐ πολλοῖς ὑπῆρξε τῶν πρώτων εἰς τὴν πόλιν συρρεόντων· οἱ δ’ ἀπὸ τῆς πατρωνείας· [4] οὕτω γὰρ ἐκάλουν τὴν προστασίαν καὶ καλοῦσιν ἄχρι νῦν, οἰόμενοι Πάτρωνά τινα τῶν σὺν

Εὐάνδρῳ παραγενομένων, κηδεμονικὸν τῶν ὑποδεεστέρων ὄντα καὶ βοηθητικόν, ἀφ' αὐτοῦ τῷ πράγματι ταύτην τὴν προσηγορίαν [5] ἀπολιπεῖν. μάλιστα δ' ἄν τις τυγχάνοι τοῦ εἰκότος, εἰ νομίζοι τὸν Ῥωμύλον ἀξιοῦντα τοὺς πρώτους καὶ δυνατωτάτους πατρικῇ κηδεμονίᾳ καὶ φροντίδι προσήκειν ἐπιμελεῖσθαι τῶν ταπεινοτέρων, ἅμα δὲ τοὺς ἄλλους διδάσκοντα μὴ δεδιέναι μηδ' ἄχθεσθαι ταῖς τῶν κρειττόνων τιμαῖς, ἀλλὰ χρῆσθαι μετ' εὐνοίας καὶ νομίζοντας [6] καὶ προσαγορεύοντας πατέρας, οὕτως ὀνομάσαι. καὶ γὰρ ἄχρι νῦν τοὺς ἐν συγκλήτῳ τελοῦντας οἱ μὲν ἔξωθεν ἄνδρας ἡγεμόνας καλοῦσιν, αὐτοὶ δὲ Ῥωμαῖοι πατέρας συγγεγραμμένους, τῷ μέγιστον μὲν ἀξίωμα καὶ τιμήν, ἥκιστα δὲ φθόνον ἔχοντι χρώμενοι τῶν ὀνομάτων. ἐν ἀρχῇ μὲν οὖν πατέρας αὐτοὺς μόνον, ὕστερον δὲ πλειόνων προσαναλαμβανομένων πατέρας συγγεγραμμένους [7] προσηγόρευσαν. καὶ τοῦτο μὲν ἦν ὄνομα σεμνότερον αὐτῷ τῆς πρὸς τὸ δημοτικὸν τοῦ βουλευτικοῦ διαφορᾶς· ἑτέροις δὲ τοὺς δυνατοὺς ἀπὸ τῶν πολλῶν διῄρει, πάτρωνας ὀνομάζων, ὅπερ ἐστὶ προστάτας, ἐκείνους δὲ κλίεντας, ὅπερ ἐστὶ πελάτας· ἅμα δὲ πρὸς ἀλλήλους θαυμαστὴν εὔνοιαν αὐτοῖς καὶ μεγάλων δικαίων ὑπάρξουσαν [8] ἐνεποίησεν. οὗτοι μὲν γὰρ ἐξηγητάς τε τῶν νομίμων καὶ προστάτας δικαζομένοις συμβούλους τε πάντων καὶ κηδεμόνας ἑαυτοὺς παρεῖχον, ἐκεῖνοι δὲ τούτους ἐθεράπευον, οὐ μόνον τιμῶντες, ἀλλὰ καὶ πενομένοις θυγατέρας συνεκδιδόντες καὶ χρέα συνεκτίνοντες, καταμαρτυρεῖν τε πελάτου προστάτην ἢ προστάτου πελάτην οὔτε νόμος οὐδεὶς οὔτ' ἄρχων ἠνάγκαζεν.

[9] ὕστερον δὲ τῶν ἄλλων δικαίων μενόντων, τὸ λαμβάνειν χρήματα τοὺς δυνατοὺς παρὰ τῶν ταπεινοτέρων αἰσχρὸν ἐνομίσθη καὶ ἀγεννές. ταῦτα μὲν οὖν περὶ τούτων.

[14] [1] Τετάρτῳ δὲ μηνὶ μετὰ τὴν κτίσιν, ὡς Φάβιος (HRR I 19) ἱστορεῖ, τὸ περὶ τὴν ἁρπαγὴν ἐτολμήθη τῶν γυναικῶν. καὶ λέγουσι μὲν ἔνιοι τὸν Ῥωμύλον αὐτὸν τῇ φύσει φιλοπόλεμον ὄντα, καὶ πεπεισμένον ἔκ τινων ἄρα λογίων ὅτι τὴν Ῥώμην πέπρωται πολέμοις τρεφομένην καὶ αὐξομένην γενέσθαι μεγίστην, βίας ὑπάρξαι πρὸς τοὺς Σαβίνους· οὐδὲ γὰρ πολλάς, ἀλλὰ τριάκοντα μόνας παρθένους λαβεῖν αὐτόν, ἅτε δὴ πολέμου μᾶλλον [2] ἢ γάμων δεόμενον. τοῦτο δ' οὐκ εἰκός· ἀλλὰ τὴν μὲν πόλιν ὁρῶν ἐποίκων εὐθὺς ἐμπιπλαμένην, ὧν ὀλίγοι γυναῖκας εἶχον, οἱ δὲ πολλοὶ μιγάδες ἐξ ἀπόρων καὶ ἀφανῶν ὄντες ὑπερεωρῶντο καὶ προσεδοκῶντο μὴ συμμενεῖν βεβαίως, ἐλπίζων δὲ πρὸς τοὺς Σαβίνους τρόπον τινὰ συγκράσεως καὶ κοινωνίας ἀρχὴν αὐτοῖς τὸ ἀδίκημα ποιήσειν ὁμηρευσαμένοις τὰς γυναῖκας, ἐπεχείρησε τῷ [3] ἔργῳ τόνδε τὸν τρόπον. διεδόθη λόγος ὑπ' αὐτοῦ πρῶτον, ὡς θεοῦ τινος ἀνευρήκοι βωμὸν ὑπὸ γῆς κεκρυμμένον. ὠνόμαζον δὲ τὸν θεὸν

Κῶνσον, εἴτε βουλαῖον ὄντα (κωνσίλιον γὰρ ἔτι νῦν τὸ συμβούλιον καλοῦσι καὶ τοὺς ὑπάτους κώνσουλας οἷον προβούλους), εἴθ' ἵππιον [4] Ποσειδῶ. καὶ γὰρ ὁ βωμὸς ἐν τῷ μείζονι τῶν ἱπποδρόμων ἐστίν, ἀφανὴς τὸν ἄλλον χρόνον, ἐν δὲ τοῖς ἱππικοῖς ἀγῶσιν ἀνακαλυπτόμενος. οἱ δὲ καὶ ὅλως φασί, τοῦ βουλεύματος ἀπορρήτου καὶ ἀφανοῦς ὄντος, ὑπόγειον οὐκ ἀλόγως τῷ θεῷ βωμὸν γενέσθαι ‹καὶ› κεκρυμμένον.

[5] ὡς δ' ἀνεφάνη, θυσίαν τε λαμπρὰν ἐπ' αὐτῷ καὶ ἀγῶνα καὶ θέαν ἐκ καταγγελίας ἐπετέλει πανηγυρικήν. καὶ πολλοὶ μὲν ἄνθρωποι συνῆλθον, αὐτὸς δὲ προὐκάθητο μετὰ τῶν ἀρίστων, ἁλουργίδι κεκοσμημένος. ἦν δὲ τοῦ καιροῦ τῆς ἐπιχειρήσεως σύμβολον, ἐξαναστάντα τὴν ἁλουργίδα ‹δια›πτύξαι καὶ περιβαλέσθαι πάλιν.

[6] ἔχοντες οὖν ξίφη πολλοὶ προσεῖχον αὐτῷ, καὶ τοῦ σημείου γενομένου, σπασάμενοι τὰ ξίφη καὶ μετὰ βοῆς ὁρμήσαντες, ἥρπαζον τὰς θυγατέρας τῶν Σαβίνων, αὐτοὺς [7] δὲ φεύγοντας εἴων καὶ παρίεσαν. ἁρπασθῆναι δέ φασιν οἱ μὲν τριάκοντα μόνας, ἀφ' ὧν καὶ τὰς φρατρίας ὀνομασθῆναι· Οὐαλέριος δ' Ἀντίας (HRR I 238) ἑπτὰ καὶ εἴκοσι καὶ πεντακοσίας, Ἰόβας (FGrH 275 F 23) δὲ τρεῖς καὶ ὀγδοήκοντα καὶ ἑξακοσίας, παρθένους. ὃ μέγιστον ἦν ἀπολόγημα τῷ Ῥωμύλῳ· γυναῖκα γὰρ οὐ λαβεῖν ἀλλ' ἢ μίαν Ἑρσιλίαν, διαλαθοῦσαν αὐτούς, ἅτε δὴ μὴ μεθ' ὕβρεως μηδ' ἀδικίας ἐλθόντας ἐπὶ τὴν ἁρπαγήν, ἀλλὰ συμμεῖξαι καὶ συναγαγεῖν εἰς ταὐτὸ τὰ γένη ταῖς [8] μεγίσταις ἀνάγκαις διανοηθέντας. τὴν δ' Ἑρσιλίαν οἱ μὲν Ὁστίλιον γῆμαι λέγουσιν, ἄνδρα Ῥωμαίων ἐπιφανέστατον, οἱ δ' αὐτὸν Ῥωμύλον, καὶ γενέσθαι καὶ παῖδας αὐτῷ, μίαν μὲν θυγατέρα Πρίμαν, τῇ τάξει τῆς γενέσεως οὕτω προσαγορευθεῖσαν, ἕνα δ' υἱὸν μόνον, ὃν Ἀόλλιον μὲν ἐκεῖνος ἀπὸ τῆς γενομένης ἀθροίσεως ὑπ' αὐτοῦ τῶν πολιτῶν ὠνόμασεν, οἱ δ' ὕστερον Ἀβίλλιον. ἀλλὰ ταῦτα μὲν ἱστορῶν Ζηνόδοτος ὁ Τροιζήνιος (FHG IV 531) πολλοὺς ἔχει τοὺς ἀντιλέγοντας.

[15] [1] Ἐν δὲ τοῖς ἁρπάζουσι τὰς παρθένους τότε τυχεῖν λέγουσι τῶν οὐκ ἐπιφανῶν τινας ἄγοντας κόρην τῷ τε [2] κάλλει πολὺ καὶ τῷ μεγέθει διαφέρουσαν. ἐπεὶ δ' ἀπαντῶντες ἔνιοι τῶν κρειττόνων ἐπεχείρουν ἀφαιρεῖσθαι, βοᾶν τοὺς ἄγοντας, ὡς Ταλασίῳ κομίζοιεν αὐτήν, ἀνδρὶ νέῳ μέν, εὐδοκίμῳ δὲ καὶ χρηστῷ· τοῦτ' οὖν ἀκούσαντας εὐφημεῖν καὶ κροτεῖν ἐπαινοῦντας, ἐνίους δὲ καὶ παρακολουθεῖν ἀναστρέψαντας εὐνοίᾳ καὶ χάριτι τοῦ Ταλασίου, [3] μετὰ βοῆς τοὔνομα φθεγγομένους. ἀφ' οὗ δὴ τὸν Ταλάσιον ἄχρι νῦν, ὡς Ἕλληνες τὸν Ὑμέναιον, ἐπᾴδουσι Ῥωμαῖοι τοῖς γάμοις· καὶ γὰρ εὐτυχίᾳ φασὶ χρήσασθαι περὶ τὴν γυναῖκα τὸν Ταλάσιον. Σέξτιος δὲ Σύλλας ὁ Καρχηδόνιος, οὔτε μουσῶν οὔτε χαρίτων ἐπιδεὴς ἀνήρ, ἔλεγεν ἡμῖν ὅτι τῆς

ἁρπαγῆς σύνθημα τὴν φωνὴν [4] ἔδωκε ταύτην ὁ Ῥωμύλος· ἅπαντες οὖν ἐβόων τὸν Ταλάσιον οἱ τὰς παρθένους κομίζοντες, καὶ διὰ τοῦτο τοῖς γάμοις παραμένει τὸ ἔθος. οἱ δὲ πλεῖστοι νομίζουσιν, ὧν καὶ ὁ Ἰόβας (FGrH 275 F 90) ἐστί, παράκλησιν εἶναι καὶ παρακέλευσιν εἰς φιλεργίαν καὶ ταλασίαν, οὔπω τότε τοῖς Ἑλληνικοῖς ὀνόμασι τῶν Ἰταλικῶν ἐπικεχυμένων. εἰ δὲ τοῦτο μὴ λέγεται κακῶς, ἀλλ' ἐχρῶντο Ῥωμαῖοι τότε τῷ ὀνόματι τῆς ταλασίας καθάπερ ἡμεῖς, ἑτέραν ἄν τις [5] αἰτίαν εἰκάσειε πιθανωτέραν. ἐπεὶ γὰρ οἱ Σαβῖνοι πρὸς τοὺς Ῥωμαίους πολεμήσαντες διηλλάγησαν, ἐγένοντο συνθῆκαι περὶ τῶν γυναικῶν, ὅπως μηδὲν ἄλλο ἔργον τοῖς ἀνδράσιν ἢ τὰ περὶ τὴν ταλασίαν ὑπουργῶσι. παρέμεινεν οὖν καὶ τοῖς αὖθις γαμοῦσι τοὺς διδόντας ἢ παραπέμποντας ἢ ὅλως παρόντας ἀναφωνεῖν τὸν Ταλάσιον μετὰ παιδιᾶς, μαρτυρομένους ὡς ἐπ' οὐδὲν ἄλλο ὑπούργημα [6] τῆς γυναικὸς ἢ ταλασίαν εἰσαγομένης. διαμένει δὲ μέχρι νῦν τὸ τὴν νύμφην αὐτὴν ἀφ' αὑτῆς μὴ ὑπερβαίνειν τὸν οὐδὸν εἰς τὸ δωμάτιον, ἀλλ' αἰρομένην εἰσφέρεσθαι, διὰ τὸ καὶ τότε κομισθῆναι βιασθείσας, μὴ [7] ‹αὐτὰς› εἰσελθεῖν. ἔνιοι δὲ λέγουσι καὶ τὸ τὴν κόμην τῆς γαμουμένης αἰχμῇ διακρίνεσθαι δορατίου σύμβολον εἶναι τοῦ μετὰ μάχης καὶ πολεμικῶς τὸν πρῶτον γάμον γενέσθαι· περὶ ὧν ἐπὶ πλέον ἐν τοῖς Αἰτίοις (mor. 285b) εἰρήκαμεν.

Ἐτολμήθη μὲν οὖν ἡ ἁρπαγὴ περὶ τὴν ὀκτωκαιδεκάτην ἡμέραν τοῦ τότε Σεξτιλίου μηνός, Αὐγούστου δὲ νῦν, ἐν ᾗ τὴν τῶν Κωνσαλίων ἑορτὴν ἄγουσιν.

[16] Οἱ δὲ Σαβῖνοι πολλοὶ μὲν ἦσαν καὶ πολεμικοί, κώμας δ' ᾤκουν ἀτειχίστους, ὡς προσῆκον αὐτοῖς μέγα φρονεῖν καὶ μὴ φοβεῖσθαι, Λακεδαιμονίων ἀποίκοις οὖσιν. οὐ μὴν ἀλλ' ὁρῶντες αὑτοὺς ἐνδεδεμένους μεγάλοις ὁμηρεύμασι, καὶ δεδιότες περὶ τῶν θυγατέρων, πρέσβεις ἀπέστειλαν ἐπιεικῆ καὶ μέτρια προκαλούμενοι, τὸν Ῥωμύλον ἀποδόντα τὰς κόρας αὐτοῖς καὶ λύσαντα τὸ τῆς βίας ἔργον, εἶτα πειθοῖ καὶ νόμῳ πράττειν τοῖς γένεσι [8] φιλίαν καὶ οἰκειότητα. τοῦ δὲ Ῥωμύλου τὰς μὲν κόρας μὴ προιεμένου, παρακαλοῦντος δὲ τὴν κοινωνίαν δέχεσθαι τοὺς Σαβίνους, οἱ μὲν ἄλλοι βουλευόμενοι καὶ παρασκευαζόμενοι διέτριβον, Ἄκρων δ' ‹ὁ› βασιλεὺς Καινινητῶν, ἀνὴρ θυμοειδὴς καὶ δεινὸς ἐν τοῖς πολεμικοῖς, τά τε πρῶτα τολμήματα τοῦ Ῥωμύλου δι' ὑποψίας εἶχε, καὶ τῷ πραχθέντι περὶ τὰς γυναῖκας ἤδη φοβερὸν ἡγούμενος πᾶσιν εἶναι καὶ οὐκ ἀνεκτὸν εἰ μὴ κολασθείη, προεξανέστη τῷ πολέμῳ καὶ μετὰ πολλῆς ἐχώρει δυνάμεως [9] ἐπ' αὐτόν, καὶ ὁ Ῥωμύλος ἐπ' ἐκεῖνον. γενόμενοι δ' ἐν ὄψει καὶ κατιδόντες ἀλλήλους προὐκαλοῦντο μάχεσθαι, τῶν στρατευμάτων ἐν τοῖς ὅπλοις ἀτρεμούντων. εὐξάμενος οὖν ὁ Ῥωμύλος, εἰ κρατήσειε καὶ καταβάλοι, τῷ Διὶ

φέρων ἀναθήσειν αὐτὸς τὰ ὅπλα τοῦ ἀνδρός, αὐτόν τε καταβάλλει κρατήσας, καὶ τρέπεται τὸ στράτευμα μάχης γενομένης, αἱρεῖ δὲ καὶ τὴν πόλιν. οὐ μὴν ἠδίκησε τοὺς ἐγκαταληφθέντας, ἀλλ’ ἢ τὰς οἰκίας ἐκέλευσε καθελόντας ἀκολουθεῖν εἰς Ῥώμην, ὡς πολίτας ἐπὶ τοῖς ἴσοις ἐσομένους. τούτου μὲν οὖν οὐκ ἔστιν ὅ τι μᾶλλον ηὔξησε τὴν Ῥώμην, ἀεὶ προσποιοῦσαν ἑαυτῇ καὶ συννέμουσαν ὧν κρατήσειεν.

[10] Ὁ δὲ Ῥωμύλος, ὡς ἂν μάλιστα τὴν εὐχὴν τῷ τε Διὶ κεχαρισμένην καὶ τοῖς πολίταις ἰδεῖν ἐπιτερπῆ παράσχοι σκεψάμενος, ἐπὶ στρατοπέδου δρῦν ἔτεμεν ὑπερμεγέθη καὶ διεμόρφωσεν ὥσπερ τρόπαιον, καὶ τῶν ὅπλων τοῦ Ἄκρωνος ἕκαστον ἐν τάξει περιήρμοσε καὶ κατήρτησεν, αὐτὸς δὲ τὴν μὲν ἐσθῆτα περιεζώσατο, δάφνῃ δ’ ἐστέψατο [11] τὴν κεφαλὴν κομῶσαν. ὑπολαβὼν δὲ τῷ δεξιῷ τὸ τρόπαιον ὤμῳ προσερειδόμενον ὀρθόν, ἐβάδιζεν ἐξάρχων ἐπινικίου παιᾶνος ἐν ὅπλοις ἑπομένῃ τῇ στρατιᾷ, δεχομένων τῶν πολιτῶν μετὰ χαρᾶς καὶ θαύματος. ἡ μὲν οὖν πομπὴ τῶν αὖθις θριάμβων ἀρχὴν καὶ ζῆλον παρέσχε, [12] τὸ δὲ τρόπαιον ἀνάθημα Φερετρίου Διὸς ἐπωνομάσθη - τὸ γὰρ πλῆξαι φερῖρε Ῥωμαῖοι καλοῦσιν, εὔξατο δὲ πλῆξαι τὸν ἄνδρα καὶ καταβαλεῖν - , ὀπίμια δὲ τὰ σκῦλα, φησὶ Βάρρων (fr. 439), καθότι καὶ τὴν περιουσίαν ὅπεμ λέγουσι. πιθανώτερον δ’ ἄν τις εἴποι διὰ τὴν πρᾶξιν· ὅπους γὰρ ὀνομάζεται τὸ ἔργον, αὐτουργῷ δ’ ἀριστείας στρατηγῷ, στρατηγὸν ἀνελόντι, δέδοται καθιέρωσις ὀπιμίων, [13] καὶ τρισὶ μόνοις τούτου τυχεῖν ὑπῆρξε Ῥωμαίοις ἡγεμόσι, πρώτῳ Ῥωμύλῳ κτείναντι τὸν Καινινήτην Ἄκρωνα, δευτέρῳ Κορνηλίῳ Κόσσῳ Τυρρηνὸν ἀνελόντι Τολούμνιον, ἐπὶ πᾶσι δὲ Κλαυδίῳ Μαρκέλλῳ Βριτομάρτου κρατήσαντι Γαλατῶν βασιλέως. Κόσσος μὲν οὖν καὶ Μάρκελλος ἤδη τεθρίπποις εἰσήλαυνον, αὐτοὶ τὰ τρόπαια φέροντες· Ῥωμύλον δ’ οὐκ ὀρθῶς φησιν ἅρματι [14] χρήσασθαι Διονύσιος (AR 2, 35). Ταρκύνιον γὰρ ἱστοροῦσι τὸν Δημαράτου τῶν βασιλέων πρῶτον εἰς τοῦτο τὸ σχῆμα καὶ τὸν ὄγκον ἐξᾶραι τοὺς θριάμβους· ἕτεροι δὲ πρῶτον ἐφ’ ἅρματος θριαμβεῦσαι Ποπλικόλαν. τοῦ δὲ Ῥωμύλου τὰς εἰκόνας ὁρᾶν ἔστιν ἐν Ῥώμῃ τὰς τροπαιοφόρους πεζὰς ἁπάσας.

[17] [1] Μετὰ δὲ τὴν Καινινητῶν ἅλωσιν ἔτι τῶν ἄλλων Σαβίνων ἐν παρασκευαῖς ὄντων, συνέστησαν οἱ Φιδήνην καὶ Κρουστουμέριον καὶ Ἀντέμναν οἰκοῦντες ἐπὶ τοὺς Ῥωμαίους, καὶ μάχης γενομένης ἡττηθέντες ὁμοίως, τάς τε πόλεις Ῥωμύλῳ παρῆκαν ἑλεῖν καὶ τὴν χώραν δάσασθαι [2] καὶ μετοικίσαι σφᾶς αὐτοὺς εἰς Ῥώμην. ὁ δὲ Ῥωμύλος τὴν μὲν ἄλλην κατένειμε χώραν τοῖς πολίταις, ὅσην δ’ εἶχον οἱ τῶν ἡρπασμένων παρθένων πατέρες, αὐτοὺς ἔχειν ἐκείνους εἴασεν.

Ἐπὶ τούτοις βαρέως φέροντες οἱ λοιποὶ Σαβῖνοι Τάτιον ἀποδείξαντες στρατηγὸν ἐπὶ τὴν Ῥώμην ἐστράτευσαν. ἦν δὲ δυσπρόσοδος ἡ πόλις, ἔχουσα πρόβλημα τὸ νῦν Καπιτώλιον, ἐν ᾧ φρουρὰ καθειστήκει καὶ Ταρπήιος ἡγεμὼν αὐτῆς, οὐχὶ Ταρπηία παρθένος, ὡς ἔνιοι λέγουσιν, εὐήθη τὸν Ῥωμύλον ἀποδεικνύοντες· ἀλλὰ θυγάτηρ ἡ Ταρπηία τοῦ ἄρχοντος οὖσα προὔδωκε τοῖς Σαβίνοις, ἐπιθυμήσασα τῶν χρυσῶν βραχιονιστήρων οὓς εἶδε περικειμένους, καὶ ᾔτησε μισθὸν τῆς προδοσίας ἃ φοροῖεν [3] ἐν ταῖς ἀριστεραῖς χερσί. συνθεμένου δὲ τοῦ Τατίου, νύκτωρ ἀνοίξασα πύλην μίαν, ἐδέξατο τοὺς Σαβίνους. οὐ μόνος οὖν ὡς ἔοικεν Ἀντίγονος ἔφη προδιδόντας μὲν φιλεῖν, προδεδωκότας δὲ μισεῖν, οὐδὲ Καῖσαρ, εἰπὼν ἐπὶ τοῦ Θρᾳκὸς Ῥοιμητάλκου, φιλεῖν μὲν προδοσίαν, προδότην δὲ μισεῖν, ἀλλὰ κοινόν τι τοῦτο πάθος ἐστὶ πρὸς τοὺς πονηροὺς τοῖς δεομένοις αὐτῶν, ὥσπερ ἰοῦ καὶ χολῆς ἐνίων θηρίων δέονται· τὴν γὰρ χρείαν ὅτε λαμβάνουσιν ἀγαπῶντες, ἐχθαίρουσι τὴν κακίαν ὅταν τύχωσι. [4] τοῦτο καὶ πρὸς τὴν Ταρπηίαν τότε παθὼν ὁ Τάτιος, ἐκέλευσε μεμνημένους τῶν ὁμολογιῶν τοὺς Σαβίνους μηδενὸς αὐτῇ φθονεῖν ὧν ἐν ταῖς ἀριστεραῖς ἔχουσι, καὶ πρῶτος ἅμα τὸν βραχιονιστῆρα τῆς χειρὸς περιελὼν καὶ τὸν θυρεὸν ἐπέρριψε. πάντων δὲ τὸ αὐτὸ ποιούντων, βαλλομένη τε τῷ χρυσῷ καὶ καταχωσθεῖσα τοῖς θυρεοῖς, [5] ὑπὸ πλήθους καὶ βάρους ἀπέθανεν. ἑάλω δὲ καὶ Ταρπήιος προδοσίας ὑπὸ Ῥωμύλου διωχθείς, ὡς Ἰόβας (FGrH 275 F 24) φησὶ Γάλβαν Σουλπίκιον (HRR II 41) ἱστορεῖν. τῶν δ’ ἄλλα περὶ Ταρπηίας λεγόντων ἀπίθανοι μέν εἰσιν οἱ Τατίου θυγατέρα τοῦ ἡγεμόνος τῶν Σαβίνων οὖσαν αὐτήν, Ῥωμύλῳ δὲ βίᾳ συνοικοῦσαν, ἱστοροῦντες ταῦτα ποιῆσαι καὶ παθεῖν ὑπὸ τοῦ πατρός· ὧν καὶ Ἀντίγονός [6] (FHG IV 305) ἐστι. Σιμύλος δ’ ὁ ποιητὴς καὶ παντάπασι ληρεῖ, μὴ Σαβίνοις οἰόμενος, ἀλλὰ Κελτοῖς τὴν Ταρπηίαν προδοῦναι τὸ Καπιτώλιον, ἐρασθεῖσαν αὐτῶν τοῦ βασιλέως. λέγει δὲ ταῦτα (Anthol. lyr. 6, 102 D.[2])·

Ἡ δ’ ἀγχοῦ Τάρπεια παραὶ Καπιτώλιον αἶπος
ναίουσα Ῥώμης ἔπλετο τειχολέτις,
Κελτῶν ἣ στέρξασα γαμήλια λέκτρα γενέσθαι
σκηπτούχῳ, πατέρων οὐκ ἐφύλαξε δόμους.
[7] καὶ μετ’ ὀλίγα περὶ τῆς τελευτῆς·
Τὴν δ’ οὔτ’ ἄρ’ Βόιοί τε καὶ ἔθνεα μυρία Κελτῶν
χηράμενοι ῥείθρων ἐντὸς ἔθεντο Πάδου,
ὅπλα δ’ ἐπιπροβαλόντες ἀρειμανέων ἀπὸ χειρῶν
κούρῃ ἐπὶ στυγερῇ κόσμον ἔθεντο φόνου.

[18] [1] Τῆς μέντοι Ταρπηίας ἐκεῖ ταφείσης, ὁ λόφος ὠνομάζετο Ταρπήιος, ἄχρι οὗ Ταρκυνίου βασιλέως Διὶ τὸν τόπον καθιεροῦντος ἅμα τά τε λείψανα μετηνέχθη, καὶ τοὔνομα τῆς Ταρπηίας ἐξέλιπε· πλὴν πέτραν ἔτι νῦν ἐν τῷ Καπιτωλίῳ Ταρπηίαν καλοῦσιν, ἀφ᾽ ἧς ἐρρίπτουν τοὺς κακούργους.

[2] Ἐχομένης δὲ τῆς ἄκρας ὑπὸ τῶν Σαβίνων, ὅ τε Ῥωμύλος ὑπ᾽ ὀργῆς εἰς μάχην αὐτοὺς προὐκαλεῖτο, καὶ ὁ Τάτιος ἐθάρρει, καρτερὰν εἰ βιασθεῖεν ἀναχώρησιν ὁρῶν [3] αὐτοῖς ὑπάρχουσαν. ὁ γὰρ μεταξὺ τόπος, ἐν ᾧ συμπίπτειν ἔμελλον, ὑπὸ πολλῶν λόφων περιεχόμενος, ἀγῶνα μὲν ὀξὺν ἐδόκει καὶ χαλεπὸν ὑπὸ δυσχωρίας ἀμφοτέροις παρέξειν, [4] φυγὰς δὲ καὶ διώξεις ἐν στενῷ βραχείας. ἔτυχε δὲ τοῦ ποταμοῦ λιμνάσαντος οὐ πολλαῖς πρότερον ἡμέραις ἐγκαταλελεῖφθαι τέλμα βαθὺ καὶ τυφλὸν ἐν τόποις ἐπιπέδοις κατὰ τὴν νῦν οὖσαν ἀγοράν, ὅθεν οὐκ ἦν ὄψει πρόδηλον οὐδ᾽ εὐφύλακτον, ἄλλως δὲ χαλεπὸν καὶ ὕπουλον. ἐπὶ τοῦτο τοῖς Σαβίνοις ἀπειρίᾳ φερομένοις εὐτύχημα γίγνεται.

[5] Κούρτιος γάρ, ἀνὴρ ἐπιφανὴς δόξῃ καὶ φρονήματι γαῦρος, ἵππον ἔχων πολὺ πρὸ τῶν ἄλλων ἐχώρει· δεξαμένου δὲ τοῦ βαράθρου τὸν ἵππον, ἄχρι μέν τινος ἐπειρᾶτο πληγῇ καὶ παρακελεύσει χρώμενος ἐξελαύνειν, ὡς δ᾽ ἦν [6] ἀμήχανον, ἐάσας τὸν ἵππον ἑαυτὸν ἔσῳζεν. ὁ μὲν οὖν τόπος δι᾽ ἐκεῖνον ἔτι νῦν Κούρτειος λάκκος ὀνομάζεται· φυλαξάμενοι δὲ τὸν κίνδυνον οἱ Σαβῖνοι μάχην καρτερὰν ἐμαχέσαντο, κρίσιν οὐ λαβοῦσαν, καίτοι πολλῶν πεσόντων, ἐν οἷς ἦν καὶ Ὁστίλιος. τοῦτον Ἑρσιλίας ἄνδρα καὶ πάππον Ὁστιλίου τοῦ μετὰ Νομᾶν βασιλεύσαντος γενέσθαι [7] λέγουσιν. αὖθις δὲ πολλῶν ἀγώνων ἐν βραχεῖ συνισταμένων ὡς εἰκός, ἑνὸς μάλιστα τοῦ τελευταίου μνημονεύουσιν, ἐν ᾧ Ῥωμύλου τὴν κεφαλὴν πληγέντος λίθῳ καὶ πεσεῖν ὀλίγον δεήσαντος τοῦ τ᾽ ἀντέχειν ὑφεμένου, τοῖς Σαβίνοις ἐνέδωκαν οἱ Ῥωμαῖοι καὶ φυγῇ πρὸς τὸ Παλάτιον ἐχώρουν, ἐξωθούμενοι τῶν ἐπιπέδων.

[8] ἤδη δ᾽ ὁ Ῥωμύλος ἐκ τῆς πληγῆς ἀναφέρων, ἐβούλετο μὲν εἰς τὰ ὅπλα χωρεῖν τοῖς φεύγουσιν ἐναντίως, καὶ μέγα βοῶν ἵστασθαι καὶ μάχεσθαι παρεκάλει. πολλῆς δὲ τῆς φυγῆς αὐτῷ περιχεομένης, καὶ μηδενὸς ἀναστρέφειν τολμῶντος, ἀνατείνας εἰς οὐρανὸν τὰς χεῖρας ηὔξατο τῷ Διὶ στῆσαι τὸ στράτευμα καὶ τὰ Ῥωμαίων [9] πράγματα πεσόντα μὴ περιιδεῖν, ἀλλ᾽ ὀρθῶσαι. γενομένης δὲ τῆς εὐχῆς, αἰδώς τε τοῦ βασιλέως ἔσχε πολλούς, καὶ θάρσος ἐκ μεταβολῆς παρέστη τοῖς φεύγουσιν. ἔστησαν οὖν πρῶτον οὗ νῦν ὁ τοῦ Διὸς τοῦ Στάτορος ἵδρυται νεώς, ὃν Ἐπιστάσιον ἄν τις ἑρμηνεύσειεν, εἶτα συνασπίσαντες πάλιν ἔωσαν ὀπίσω τοὺς Σαβίνους ἐπὶ τὴν νῦν Ῥήγιαν προσαγορευομένην καὶ τὸ τῆς Ἑστίας ἱερόν.

[19] [1] Ἐνταῦθα δ' αὐτοὺς ὥσπερ ἐξ ὑπαρχῆς μάχεσθαι παρασκευαζομένους ἐπέσχε δεινὸν ἰδεῖν θέαμα καὶ λόγου [2] κρείττων ὄψις. αἱ γὰρ ἡρπασμέναι θυγατέρες τῶν Σαβίνων ὤφθησαν ἀλλαχόθεν ἄλλαι μετὰ βοῆς καὶ ἀλαλαγμοῦ διὰ τῶν ὅπλων φερόμεναι καὶ τῶν νεκρῶν ὥσπερ ἐκ θεοῦ κάτοχοι, πρός τε τοὺς ἄνδρας αὑτῶν καὶ τοὺς πατέρας, αἱ μὲν παιδία κομίζουσαι νήπια πρὸς ταῖς ἀγκάλαις, αἱ δὲ τὴν κόμην προϊσχόμεναι λελυμένην, πᾶσαι δ' ἀνακαλούμεναι τοῖς φιλτάτοις ὀνόμασι ποτὲ μὲν τοὺς [3] Σαβίνους, ποτὲ δὲ τοὺς Ῥωμαίους. ἐπεκλάσθησαν οὖν ἀμφότεροι, καὶ διέσχον αὐταῖς ἐν μέσῳ καταστῆναι τῆς παρατάξεως, καὶ κλαυθμὸς ἅμα διὰ πάντων ἐχώρει, καὶ πολὺς οἶκτος ἦν πρός τε τὴν ὄψιν καὶ τοὺς λόγους ἔτι μᾶλλον, εἰς ἱκεσίαν καὶ δέησιν ἐκ δικαιολογίας καὶ παρρησίας [4] τελευτῶντας. 'τί γάρ', ἔφασαν, 'ὑμᾶς δεινὸν ἢ λυπηρὸν ἐργασάμεναι, τὰ μὲν ἤδη πεπόνθαμεν, τὰ δὲ πάσχομεν τῶν σχετλίων κακῶν; ἡρπάσθημεν ὑπὸ τῶν νῦν ἐχόντων βίᾳ καὶ παρανόμως, ἁρπασθεῖσαι δ' ἠμελήθημεν ὑπ' ἀδελφῶν καὶ πατέρων καὶ οἰκείων χρόνον τοσοῦτον, ὅσος ἡμᾶς πρὸς τὰ ἔχθιστα κεράσας ταῖς μεγίσταις ἀνάγκαις πεποίηκε νῦν ὑπὲρ τῶν βιασαμένων καὶ παρανομησάντων δεδιέναι μαχομένων καὶ κλαίειν θνῃσκόντων.

[5] οὐ γὰρ ἤλθετε τιμωρήσοντες ἡμῖν παρθένοις οὔσαις ἐπὶ τοὺς ἀδικοῦντας, ἀλλὰ νῦν ἀνδρῶν ἀποσπᾶτε γαμετὰς καὶ τέκνων μητέρας, οἰκτροτέραν βοήθειαν ἐκείνης τῆς ἀμελείας καὶ προδοσίας βοηθοῦντες ἡμῖν ταῖς [6] ἀθλίαις. τοιαῦτα μὲν ἠγαπήθημεν ὑπὸ τούτων, τοιαῦτα δ' ὑφ' ὑμῶν ἐλεούμεθα. καὶ γὰρ εἰ δι' ἄλλην αἰτίαν ἐμάχεσθε, παύσασθαι δι' ἡμᾶς πενθεροὺς γεγονότας καὶ [7] πάππους καὶ οἰκείους ὄντας ἐχρῆν. εἰ δ' ὑπὲρ ἡμῶν ὁ πόλεμός ἐστι, κομίσασθε ἡμᾶς μετὰ γαμβρῶν καὶ τέκνων, καὶ ἀπόδοτε ἡμῖν πατέρας καὶ οἰκείους, μηδ' ἀφέλησθε παῖδας καὶ ἄνδρας. ἱκετεύομεν ὑμᾶς μὴ πάλιν αἰχμάλωτοι γενέσθαι.' τοιαῦτα πολλὰ τῆς Ἑρσιλίας προαγορευούσης καὶ τῶν ἄλλων δεομένων, ἐσπείσθησαν ἀνοχαί, [8] καὶ συνῆλθον εἰς λόγους οἱ ἡγεμόνες. αἱ δὲ γυναῖκες ἐν τούτῳ τοῖς πατράσι καὶ τοῖς ἀδελφοῖς τοὺς ἄνδρας προσῆγον καὶ ‹τὰ› τέκνα, προσέφερόν τε τροφὴν καὶ ποτὸν τοῖς δεομένοις, καὶ τοὺς τετρωμένους ἐθεράπευον οἴκαδε κομίζουσαι, καὶ παρεῖχον ὁρᾶν ἀρχούσας μὲν αὐτὰς τοῦ οἴκου, προσέχοντας δὲ τοὺς ἄνδρας αὐταῖς καὶ μετ' εὐνοίας τιμὴν [9] ἅπασαν νέμοντας. ἐκ τούτου συντίθενται, τῶν μὲν γυναικῶν τὰς βουλομένας συνοικεῖν τοῖς ἔχουσιν, ὥσπερ εἴρηται παντὸς ἔργου καὶ πάσης λατρείας πλὴν ταλασίας ἀφειμένας, οἰκεῖν δὲ κοινῇ τὴν πόλιν Ῥωμαίους καὶ Σαβίνους, καὶ καλεῖσθαι μὲν Ῥώμην ἐπὶ Ῥωμύλῳ τὴν πόλιν, Κυρίτας δὲ Ῥωμαίους ἅπαντας ἐπὶ τῇ Τατίου πατρίδι, βασιλεύειν δὲ κοινῇ καὶ στρατηγεῖν ἀμφοτέρους.

[10] ὅπου δὲ ταῦτα συνέθεντο, μέχρι νῦν Κομίτιον καλεῖται· κομῖρε γὰρ Ῥωμαῖοι τὸ συνελθεῖν καλοῦσι.

[20] [1] Διπλασιασθείσης δὲ τῆς πόλεως, ἑκατὸν μὲν ἐκ Σαβίνων πατρίκιοι προσκατελέχθησαν, αἱ δὲ λεγεῶνες ἐγένοντο πεζῶν μὲν ἑξακισχιλίων, ἱππέων δ’ ἑξακοσίων.

[2] φυλὰς δὲ τρεῖς καταστήσαντες, ὠνόμασαν τοὺς μὲν ἀπὸ Ῥωμύλου Ῥαμνήνσης, τοὺς δ’ ἀπὸ Τατίου Τατιήνσης, τρίτους δὲ Λουκερήνσης διὰ τὸ ἄλσος εἰς ὃ πολλοὶ καταφυγόντες ἀσυλίας δεδομένης τοῦ πολιτεύματος μετέσχον· τὰ δ’ ἄλση λούκους ὀνομάζουσιν. ὅτι δ’ ἦσαν αἱ φυλαὶ τοσαῦται, τοὔνομα μαρτυρεῖ· τρίβους γὰρ ἔτι νῦν τὰς [3] φυλὰς καλοῦσι καὶ τριβούνους τοὺς φυλάρχους. ἑκάστη δὲ φυλὴ δέκα φρατρίας εἶχεν, ἃς ἔνιοι λέγουσιν ἐπωνύμους ἐκείνων εἶναι τῶν γυναικῶν. τοῦτο δὲ δοκεῖ ψεῦδος εἶναι· πολλαὶ γὰρ ἔχουσιν ἀπὸ χωρίων τὰς προσηγορίας.

[4] ἄλλα μέντοι πολλὰ ταῖς γυναιξὶν εἰς τιμὴν ἀπέδωκαν, ὧν καὶ ταῦτ’ ἐστιν· ἐξίστασθαι μὲν ὁδοῦ βαδιζούσαις, αἰσχρὸν δὲ μηδένα μηδὲν εἰπεῖν παρούσης γυναικός, μηδ’ ὀφθῆναι γυμνόν, ἢ δίκην φεύγειν παρὰ τοῖς ἐπὶ τῶν φονικῶν καθεστῶσι, φορεῖν δὲ καὶ τοὺς παῖδας αὐτῶν τὴν καλουμένην βοῦλλαν ἀπὸ τοῦ σχήματος, ὅμοιον πομφόλυγι περιδέραιόν τι, καὶ περιπόρφυρον.

[5] Ἐβουλεύοντο δ’ οἱ βασιλεῖς οὐκ εὐθὺς ἐν κοινῷ μετ’ ἀλλήλων, ἀλλ’ ἑκάτερος πρότερον ἰδίᾳ μετὰ τῶν ἑκατόν, εἶθ’ οὕτως εἰς ταὐτὸν ἅπαντας συνῆγον. ᾤκει δὲ Τάτιος μὲν ὅπου νῦν ὁ τῆς Μονήτης ναός ἐστι, Ῥωμύλος δὲ παρὰ τοὺς λεγομένους βαθμοὺς σκάλης Κακίης. οὗτοι δ’ εἰσὶ περὶ τὴν εἰς τὸν ἱππόδρομον τὸν μέγαν ἐκ Παλατίου [6] κατάβασιν. ἐνταῦθα δὲ καὶ τὴν κράνειαν ἔφασαν τὴν ἱερὰν γεγονέναι, μυθολογοῦντες ὅτι πειρώμενος ὁ Ῥωμύλος αὑτοῦ λόγχην ἀκοντίσειεν ἀπὸ τοῦ Ἀουεντίνου, τὸ ξυστὸν ἔχουσαν κρανείας· καταδύσης δὲ τῆς αἰχμῆς εἰς βάθος, ἀνασπάσαι μὲν οὐδεὶς πειρωμένων πολλῶν ἴσχυσε, τὸ δὲ ξύλον ἔστεξεν ἡ γῆ ζώφυτος οὖσα, καὶ βλαστοὺς [7] ἀνῆκε καὶ στέλεχος εὐμέγεθες κρανείας ἔθρεψε. τοῦτο δ’ οἱ μετὰ Ῥωμύλον ὡς ἕν τι τῶν ἁγιωτάτων ἱερῶν φυλάττοντες καὶ σεβόμενοι περιετείχισαν. ὅτῳ δὲ προσιόντι δόξειε μὴ θαλερὸν εἶναι μηδὲ χλωρόν, ἀλλ’ οἷον ἀτροφεῖν καὶ φθίνειν, ὁ μὲν εὐθὺς ἔφραζε κραυγῇ τοῖς προστυγχάνουσιν, οἱ δ’ ὥσπερ ἐμπρησμῷ βοηθοῦντες ἐβόων ὕδωρ, καὶ συνέτρεχον πανταχόθεν ἀγγεῖα πλήρη [8] κομίζοντες ἐπὶ τὸν τόπον. Γαΐου δὲ Καίσαρος ὥς φασι τὰς ἀναβάσεις ἐπισκευάζοντος, καὶ τῶν τεχνιτῶν περιορυττόντων τὰ πλησίον, ἔλαθον αἱ ῥίζαι κακωθεῖσαι παντάπασι, καὶ τὸ φυτὸν ἐμαράνθη.

[21] [1] Μῆνας μὲν οὖν οἱ Σαβῖνοι τοὺς Ῥωμαίων ἐδέξαντο, καὶ περὶ αὐτῶν ὅσα καλῶς εἶχεν, ἐν τῷ Νομᾶ βίῳ (cap. 19) γέγραπται· θυρεοῖς δὲ τοῖς ἐκείνων ὁ Ῥωμύλος ἐχρήσατο, καὶ μετέβαλε τὸν ὁπλισμὸν ἑαυτοῦ τε καὶ τῶν Ῥωμαίων, Ἀργολικὰς πρότερον ἀσπίδας φορούντων. ἑορτῶν δὲ καὶ θυσιῶν ἀλλήλοις μετεῖχον, ἃς μὲν ἦγε τὰ γένη πρότερον οὐκ ἀνελόντες, ἑτέρας δὲ θέμενοι καινάς, ὧν ἥ τε τῶν Ματρωναλίων ἐστί, δοθεῖσα ταῖς γυναιξὶν ἐπὶ τῇ τοῦ πολέμου καταλύσει, καὶ ἡ τῶν Καρμενταλίων.

[2] τὴν δὲ Καρμένταν οἴονταί τινες Μοῖραν εἶναι κυρίαν ἀνθρώπων γενέσεως· διὸ καὶ τιμῶσιν αὐτὴν αἱ μητέρες· οἱ δὲ τὴν [τοῦ] Εὐάνδρου τοῦ Ἀρκάδος γυναῖκα, μαντικήν τινα καὶ φοιβαστικὴν ἐμμέτρων χρησμῶν γενομένην, Καρμένταν ἐπονομασθῆναι (τὰ γὰρ ἔπη κάρμενα [3] καλοῦσι)· Νικοστράτη δ' ἦν ὄνομα κύριον αὐτῇ. καὶ τοῦτο μὲν ὁμολογεῖται· τὴν δὲ Καρμένταν ἔνιοι πιθανώτερον ἀφερμηνεύουσιν οἷον ἐστερημένην νοῦ διὰ τὰς ἐν τοῖς ἐνθουσιασμοῖς παραφροσύνας. τὸ μὲν γὰρ στέρεσθαι καρῆρε, μέντεμ δὲ τὸν νοῦν ὀνομάζουσι. περὶ δὲ τῶν Παριλίων προείρηται (c. 12, 2).

[4] Τὰ δὲ Λουπερκάλια τῷ μὲν χρόνῳ δόξειεν ἂν εἶναι καθάρσια· δρᾶται γὰρ ἐν ἡμέραις ἀποφράσι τοῦ Φεβρουαρίου μηνός, ὃν καθάρσιον ἄν τις ἑρμηνεύσειε, καὶ τὴν ἡμέραν ἐκείνην τὸ παλαιὸν ἐκάλουν Φεβράτην. τοὔνομα δὲ τῆς ἑορτῆς ἑλληνιστὶ σημαίνει Λύκαια, καὶ δοκεῖ διὰ τοῦτο παμπάλαιος ἀπ' Ἀρκάδων εἶναι τῶν περὶ [5] Εὔανδρον. ἀλλὰ τοῦτο μὲν κοινόν ἐστι· δύναται γὰρ ἀπὸ τῆς λυκαίνης γεγονέναι τοὔνομα. καὶ γὰρ ἀρχομένους τῆς περιδρομῆς τοὺς Λουπέρκους ὁρῶμεν ἐντεῦθεν, ὅπου [6] τὸν Ῥωμύλον ἐκτεθῆναι λέγουσι. τὰ δὲ δρώμενα τὴν αἰτίαν ποιεῖ δυστόπαστον· σφάττουσι γὰρ αἶγας, εἶτα μειρακίων δυοῖν ἀπὸ γένους προσαχθέντων αὐτοῖς, οἱ μὲν ᾑμαγμένῃ μαχαίρᾳ τοῦ μετώπου θιγγάνουσιν, ἕτεροι δ' ἀπομάττουσιν εὐθύς, ἔριον βεβρεγμένον γάλακτι προσφέροντες· γελᾶν δὲ δεῖ τὰ μειράκια μετὰ τὴν ἀπόμαξιν.

[7] ἐκ δὲ τούτου τὰ δέρματα τῶν αἰγῶν κατατεμόντες, διαθέουσιν ἐν περιζώσμασι γυμνοί, τοῖς σκύτεσι τὸν ἐμποδὼν παίοντες. αἱ δ' ἐν ἡλικίᾳ γυναῖκες οὐ φεύγουσι τὸ παίεσθαι, νομίζουσαι πρὸς εὐτοκίαν καὶ κύησιν συνεργεῖν.

[8] ἴδιον δὲ τῆς ἑορτῆς τὸ καὶ κύνα θύειν τοὺς Λουπέρκους. Βούτας δέ τις, αἰτίας μυθώδεις ἐν ἐλεγείοις περὶ τῶν Ῥωμαϊκῶν ἀναγράφων, φησὶ τοῦ Ἀμουλίου τοὺς περὶ τὸν Ῥωμύλον κρατήσαντας ἐλθεῖν δρόμῳ μετὰ χαρᾶς ἐπὶ τὸν τόπον, ἐν ᾧ νηπίοις οὖσιν αὐτοῖς ἡ λύκαινα θηλὴν ὑπέσχε, καὶ μίμημα τοῦ τότε δρόμου τὴν ἑορτὴν ἄγεσθαι, καὶ τρέχειν τοὺς ἀπὸ γένους τοὺς (Anthol. lyr. 6, 102 D^2 .)

Ἐμποδίους τύπτοντας, ὅπως τότε φάσγαν' ἔχοντες
ἐξ Ἄλβης ἔθεον Ῥωμύλος ἠδὲ Ῥέμος.

[9] καὶ τὸ μὲν ξίφος ᾑμαγμένον προσφέρεσθαι τῷ μετώπῳ τοῦ τότε φόνου καὶ κινδύνου σύμβολον, τὴν δὲ διὰ τοῦ γάλακτος ἀποκάθαρσιν ὑπόμνημα τῆς τροφῆς αὐτῶν εἶναι. Γάιος δ' Ἀκίλιος (HRR I 44) ἱστορεῖ πρὸ τῆς κτίσεως τὰ θρέμματα τῶν περὶ τὸν Ῥωμύλον ἀφανῆ γενέσθαι· τοὺς δὲ τῷ Φαύνῳ προσευξαμένους ἐκδραμεῖν γυμνοὺς ἐπὶ τὴν ζήτησιν, ὅπως ὑπὸ τοῦ ἱδρῶτος μὴ ἐνοχλοῖντο· καὶ διὰ τοῦτο γυμνοὺς περιτρέχειν τοὺς Λουπέρκους.

[10] τὸν δὲ κύνα φαίη τις ἄν, εἰ μὲν ἡ θυσία καθαρμός ἐστι, θύεσθαι καθαρσίῳ χρωμένων αὐτῷ· καὶ γὰρ Ἕλληνες ἔν τε τοῖς καθαρσίοις σκύλακας ἐκφέρουσι καὶ πολλαχοῦ χρῶνται τοῖς λεγομένοις περισκυλακισμοῖς· εἰ δὲ τῇ λυκαίνῃ χαριστήρια ταῦτα καὶ τροφεῖα καὶ σωτήρια Ῥωμύλου τελοῦσιν, οὐκ ἀτόπως ὁ κύων σφάττεται· λύκοις γάρ ἐστι πολέμιος· εἰ μὴ νὴ Δία κολάζεται τὸ ζῷον ὡς παρενοχλοῦν τοὺς Λουπέρκους ὅταν περιθέωσι.

[22] [1] Λέγεται δὲ καὶ τὴν περὶ τὸ πῦρ ἁγιστείαν Ῥωμύλον καταστῆσαι πρῶτον, ἀποδείξαντα παρθένους ἱερὰς Ἑστιάδας προσαγορευομένας. οἱ δὲ τοῦτο μὲν εἰς Νομᾶν ἀναφέρουσι, τὰ δ' ἄλλα τὸν Ῥωμύλον θεοσεβῆ διαφερόντως, ἔτι δὲ μαντικὸν ἱστοροῦσι γενέσθαι, καὶ φορεῖν ἐπὶ μαντικῇ τὸ καλούμενον λίτυον· ἔστι δὲ καμπύλη ῥάβδος, ᾗ τὰ πλινθία καθεζομένους ἐπ' οἰωνῶν διαγράφειν.

[2] τοῦτο δ' ἐν Παλατίῳ φυλαττόμενον ἀφανισθῆναι, περὶ τὰ Κελτικὰ τῆς πόλεως ἁλούσης· εἶτα μέντοι τῶν βαρβάρων ἐκπεσόντων εὑρεθῆναι κατὰ τέφρας βαθείας, ἀπαθὲς ὑπὸ τοῦ πυρὸς ἐν πᾶσι τοῖς ἄλλοις ἀπολωλόσι καὶ διεφθαρμένοις.

[3] Ἔθηκε δὲ καὶ νόμους τινάς, ὧν σφοδρὸς μέν ἐστιν ὁ γυναικὶ μὴ διδοὺς ἀπολείπειν ἄνδρα, γυναῖκα δὲ διδοὺς ἐκβάλλειν ἐπὶ φαρμακείᾳ τέκνων ἢ κλειδῶν ὑποβολῇ καὶ μοιχευθεῖσαν· εἰ δ' ἄλλως τις ἀποπέμψαιτο, τῆς οὐσίας αὐτοῦ τὸ μὲν τῆς γυναικὸς εἶναι, τὸ δὲ τῆς Δήμητρος ἱερὸν κελεύων· τὸν δ' ἀποδόμενον γυναῖκα [4] θύεσθαι χθονίοις θεοῖς. ἴδιον δὲ τὸ μηδεμίαν δίκην κατὰ πατροκτόνων ὁρίσαντα, πᾶσαν ἀνδροφονίαν πατροκτονίαν προσειπεῖν, ὡς τούτου μὲν ὄντος ἐναγοῦς, ἐκείνου δ' ἀδυνάτου.

[5] καὶ μέχρι χρόνων πολλῶν ἔδοξεν ὀρθῶς ἀπογνῶναι τὴν τοιαύτην ἀδικίαν· οὐδεὶς γὰρ ἔδρασε τοιοῦτον οὐδὲν ἐν Ῥώμῃ σχεδὸν ἐτῶν ἑξακοσίων διαγενομένων, ἀλλὰ πρῶτος μετὰ τὸν Ἀννιβιακὸν πόλεμον ἱστορεῖται Λεύκιος Ὅστιος πατροκτόνος γενέσθαι. ταῦτα μὲν οὖν ἱκανὰ περὶ τούτων.

[23] [1] Ἔτει δὲ πέμπτῳ τῆς Τατίου βασιλείας οἰκεῖοί τινες αὐτοῦ καὶ συγγενεῖς πρέσβεσιν ἀπὸ Λαυρέντου βαδίζουσιν εἰς Ῥώμην ἐντυχόντες καθ'

ὁδόν, ἐπεχείρουν ἀφαιρεῖσθαι τὰ χρήματα βίᾳ, καὶ μὴ προϊεμένους ἀλλ' ἀμυνομένους [2] ἀνεῖλον. ἔργου δὲ δεινοῦ τολμηθέντος, ὁ μὲν Ῥωμύλος εὐθὺς δεῖν ᾤετο κολάζεσθαι τοὺς ἀδικήσαντας, ὁ δὲ Τάτιος ἐξέκρουε καὶ παρῆγε. καὶ τοῦτο μόνον αὐτοῖς ὑπῆρξεν αἴτιον ἐμφανοῦς διαφορᾶς· τὰ δ' ἄλλα κατακοσμοῦντες ἑαυτούς, ὡς ἔνι μάλιστα κοινῶς ἐχρῶντο καὶ [3] μεθ' ὁμονοίας τοῖς πράγμασιν. οἱ δὲ τῶν ἀνῃρημένων οἰκεῖοι πάσης ἐξειργόμενοι δίκης νομίμου διὰ τὸν Τάτιον, ἀποκτιννύουσιν αὐτὸν ἐν Λαβινίῳ θύοντα μετὰ Ῥωμύλου προσπεσόντες, τὸν δὲ Ῥωμύλον ὡς δίκαιον ἄνδρα προὔπεμψαν εὐφημοῦντες. ὁ δὲ τὸ μὲν σῶμα τοῦ Τατίου κομίσας ἐντίμως ἔθαψε, καὶ κεῖται περὶ τὸ καλούμενον Ἀρμιλούστριον ἐν Ἀουεντίνῳ, τῆς δὲ δίκης τοῦ φόνου [4] παντάπασιν ἠμέλησεν. ἔνιοι δὲ τῶν συγγραφέων ἱστοροῦσι, τὴν μὲν πόλιν τῶν Λαυρεντίων φοβηθεῖσαν ἐκδιδόναι τοὺς αὐτόχειρας Τατίου, τὸν δὲ Ῥωμύλον ἀφεῖναι, [5] φήσαντα φόνον φόνῳ λελύσθαι. τοῦτο δὲ λόγον μέν τινα παρέσχε καὶ ὑποψίαν, ὡς ἀσμένῳ γέγονεν αὐτῷ τὸ τοῦ συνάρχοντος ἀπαλλαγῆναι, τῶν δὲ πραγμάτων οὐδὲν διετάραξεν, οὐδὲ διεστασίασε τοὺς Σαβίνους, ἀλλ' οἱ μὲν εὐνοίᾳ τῇ πρὸς αὐτόν, οἱ δὲ φόβῳ τῆς δυνάμεως, οἱ δ' ὡς θεῶν χρώμενον εἰς πᾶν εὐνοίᾳ θαυμάζοντες διετέλουν.

[6] Ἐθαύμαζον δὲ πολλοὶ καὶ τῶν ἐκτὸς ἀνθρώπων τὸν Ῥωμύλον, οἱ δὲ προγενέστεροι Λατῖνοι πέμψαντες αὐτῷ φιλίαν ἐποιήσαντο καὶ συμμαχίαν. Φιδήνας δ' εἷλεν, ἀστυγείτονα τῆς Ῥώμης πόλιν, ὡς μὲν ἔνιοί φασιν, ἐξαίφνης τοὺς ἱππέας πέμψας καὶ κελεύσας ὑποτεμεῖν τῶν πυλῶν τοὺς στρόφιγγας, εἶτ' ἐπιφανεὶς αὐτὸς ἀπροσδοκήτως· ἕτεροι δὲ λέγουσι προτέρους ἐκείνους ἐμβαλόντας ἐλάσασθαί τε λείαν καὶ καθυβρίσαι πολλὰ τὴν χώραν καὶ τὸ προάστειον, ἐνέδρας δὲ τὸν Ῥωμύλον θέμενον αὐτοῖς καὶ [7] διαφθείραντα πολλοὺς λαβεῖν τὴν πόλιν. οὐ μὴν ἀνεῖλεν οὐδὲ κατέσκαψεν, ἀλλὰ Ῥωμαίων ἐποίησεν ἀποικίαν, δισχιλίους καὶ πεντακοσίους ἀποστείλας οἰκήτορας εἰδοῖς Ἀπριλίαις.

[24] [1] Ἐκ τούτου λοιμὸς ἐμπίπτει ‹τῇ πόλει›, θανάτους μὲν αἰφνιδίους ἀνθρώποις ἄνευ νόσων ἐπιφέρων, ἁπτόμενος δὲ καὶ καρπῶν ἀφορίαις καὶ θρεμμάτων ἀγονίαις. ὕσθη δὲ καὶ σταγόσιν αἵματος ἡ πόλις, ὥστε πολλὴν [2] προσγενέσθαι τοῖς ἀναγκαίοις πάθεσι δεισιδαιμονίαν. ἐπεὶ δὲ καὶ τοῖς τὸ Λαύρεντον οἰκοῦσιν ὅμοια συνέβαινεν, ἤδη παντάπασιν ἐδόκει τῶν ἐπὶ Τατίῳ συγκεχυμένων δικαίων ἐπί τε τοῖς πρέσβεσι φονευθεῖσι μήνιμα δαιμόνιον ἀμφοτέρας ἐλαύνειν τὰς πόλεις. ἐκδοθέντων δὲ τῶν φονέων καὶ κολασθέντων παρ' ἀμφοτέροις, ἐλώφησεν ἐπιδήλως τὰ δεινά, καὶ καθαρμοῖς

ὁ Ῥωμύλος ἥγνισε τὰς πόλεις, οὓς ἔτι νῦν ἱστοροῦσιν ἐπὶ τῆς Φερεντίνης πύλης συντελεῖσθαι.

[3] πρὶν δὲ λῆξαι τὸν λοιμόν, ἐπέθεντο Καμέριοι Ῥωμαίοις καὶ κατέδραμον τὴν χώραν, ὡς ἀδυνάτων ἀμύνεσθαι [4] διὰ τὸ πάθος. εὐθὺς οὖν ὁ Ῥωμύλος ἐστράτευσεν ἐπ' αὐτούς, καὶ μάχῃ κρατήσας ἑξακισχιλίους ἀπέκτεινε, καὶ τὴν πόλιν ἑλών, τοὺς μὲν ἡμίσεις τῶν περιγενομένων εἰς Ῥώμην ἐξῴκισε, τῶν δ' ὑπομενόντων διπλασίους ἐκ Ῥώμης μετῴκισεν εἰς τὴν Καμερίαν Σεξτιλίαις καλάνδαις.

[5] τοσοῦτον αὐτῷ περιῆν πολιτῶν ἑκκαίδεκα ἔτη σχεδὸν οἰκοῦντι τὴν Ῥώμην. ἐν δὲ τοῖς ἄλλοις λαφύροις καὶ χαλκοῦν ἐκόμισε τέθριππον ἐκ Καμερίας· τοῦτο δ' ἀνέστησεν ἐν τῷ ἱερῷ τοῦ Ἡφαίστου, ποιησάμενος ἑαυτὸν ὑπὸ Νίκης στεφανούμενον.

[25] [1] Οὕτω δὲ ῥωννυμένοις τοῖς πράγμασιν οἱ μὲν ἀσθενέστεροι τῶν προσοίκων ὑπεδύοντο καὶ τυγχάνοντες ἀδείας ἠγάπων, οἱ δὲ δυνατοὶ δεδιότες καὶ φθονοῦντες, οὐκ ᾤοντο δεῖν περιορᾶν, ἀλλ' ἐνίστασθαι τῇ αὐξήσει [2] καὶ κολούειν τὸν Ῥωμύλον. πρῶτοι δὲ Τυρρηνῶν Βήιοι, χώραν κεκτημένοι πολλὴν καὶ πόλιν μεγάλην οἰκοῦντες, ἀρχὴν ἐποιήσαντο πολέμου ‹τὸ› Φιδήνην ἀπαιτεῖν ὡς προσήκουσαν αὐτοῖς. τὸ δ' οὐκ ἄδικον ἦν μόνον, ἀλλὰ καὶ γελοῖον, ὅτι κινδυνεύουσι τότε καὶ πολεμουμένοις οὐ προσαμύναντες, ἀλλ' ἐάσαντες ἀπολέσθαι τοὺς ἄνδρας, [3] οἰκίας καὶ γῆν ἀπαιτοῖεν ἄλλων ἐχόντων. καθυβρισθέντες οὖν ὑπὸ τοῦ Ῥωμύλου [ἐν] ταῖς ἀποκρίσεσι, δίχα διεῖλον ἑαυτούς, καὶ τῷ μὲν ἐπέκειντο τῷ Φιδηνατῶν στρατεύματι, τῷ δὲ πρὸς Ῥωμύλον ἀπήντων. πρὸς μὲν οὖν Φιδήναις δισχιλίους Ῥωμαίων κρατήσαντες ἀπέκτειναν, ὑπὸ Ῥωμύλου δὲ νικηθέντες ὑπὲρ ὀκτακισχιλίους [4] ἀπέβαλον. αὖθις δὲ περὶ Φιδήνην ἐμαχέσαντο, καὶ τὸ μὲν πλεῖστον ἔργον αὐτοῦ Ῥωμύλου γενέσθαι, τέχνην τε μετὰ τόλμης πᾶσαν ἐπιδειξαμένου, ῥώμῃ τε καὶ ποδωκείᾳ πολὺ δόξαντος ἀνθρωπίνης κρείττονι κεχρῆσθαι, πάντες ὁμολογοῦσι, τὸ δ' ὑπ' ἐνίων λεγόμενον κομιδῇ μυθῶδές ἐστι, μᾶλλον δ' ὅλως ἄπιστον, ὅτι μυρίων καὶ τετρακισχιλίων πεσόντων ὑπερημίσεις ἦσαν οὓς αὐτὸς ἰδίᾳ χειρὶ Ῥωμύλος ἔκτεινεν, ὅπου καὶ Μεσσήνιοι κόμπῳ χρήσασθαι δοκοῦσι περὶ Ἀριστομένους λέγοντες, ὡς τρὶς [5] ἑκατομφόνια θύσειεν ἀπὸ Λακεδαιμονίων. γενομένης δὲ τῆς τροπῆς, ἀφεὶς φεύγειν τοὺς περιόντας ὁ Ῥωμύλος ἐπ' αὐτὴν ἐχώρει τὴν πόλιν· οἱ δ' οὐκ ἠνέσχοντο μεγάλης συμφορᾶς γενομένης, ἀλλὰ δεηθέντες ὁμολογίαν ἐποιήσαντο καὶ φιλίαν εἰς ἔτη ἑκατόν, χώραν τε πολλὴν προέμενοι τῆς ἑαυτῶν, ἣν Σεπτεμπάγιον καλοῦσιν, ὅπερ ἐστὶν ἑπταμόριον, καὶ τῶν παρὰ

τὸν ποταμὸν ἐκστάντες ἁλοπηγίων, καὶ πεντήκοντα τῶν ἀρίστων ὁμήρους ἐγχειρίσαντες.

[6] ἐθριάμβευσε δὲ καὶ ἀπὸ τούτων εἰδοῖς Ὀκτωβρίαις, ἄλλους τε πολλοὺς αἰχμαλώτους ἔχων καὶ τὸν ἡγεμόνα τῶν Βηίων, ἄνδρα πρεσβύτην, ἀφρόνως δόξαντα [7] καὶ παρ' ἡλικίαν ἀπείρως τοῖς πράγμασι κεχρῆσθαι. διὸ καὶ νῦν ἔτι θύοντες ἐπινίκια, γέροντα μὲν ἄγουσι δι' ἀγορᾶς εἰς Καπιτώλιον ἐν περιπορφύρῳ, βοῦλλαν αὐτῷ παιδικὴν ‹ἐν›άψαντες, κηρύττει δ' ὁ κῆρυξ Σαρδιανοὺς ὠνίους. Τυρρηνοὶ γὰρ ἄποικοι Σαρδιανῶν λέγονται, Τυρρηνικὴ δὲ πόλις οἱ Βήιοι.

[26] [1] Τοῦτον ἔσχατον πόλεμον ὁ Ῥωμύλος ἐπολέμησεν. εἶθ' ὃ πολλοί, μᾶλλον δὲ πλὴν ὀλίγων πάσχουσι πάντες οἱ μεγάλαις καὶ παραλόγοις ἀρθέντες εὐτυχίαις εἰς δύναμιν καὶ ὄγκον, οὐδ' αὐτὸς διέφυγε παθεῖν, ἀλλ' ἐκτεθαρρηκὼς τοῖς πράγμασι καὶ βαρυτέρῳ φρονήματι χρώμενος, ἐξίστατο τοῦ δημοτικοῦ, καὶ παρήλλαττεν εἰς μοναρχίαν ἐπαχθῆ καὶ λυποῦσαν ἀπὸ τοῦ σχήματος πρῶτον [2] ᾧ κατεσχηματίζεν ἑαυτόν. ἁλουργῆ μὲν γὰρ ἐνεδύετο χιτῶνα καὶ τήβεννον ἐφόρει περιπόρφυρον, ἐν θρόνῳ δ' ἀνακλίτῳ καθήμενος ἐχρημάτιζεν. ἦσαν δὲ περὶ αὐτὸν ἀεὶ τῶν νέων οἱ καλούμενοι Κέλερες ἀπὸ τῆς περὶ τὰς [3] ὑπουργίας ὀξύτητος. ἐβάδιζον δὲ πρόσθεν ἕτεροι βακτηρίαις ἀνείργοντες τὸν ὄχλον, ὑπεζωσμένοι δ' ἱμάντας ὥστε συνδεῖν εὐθὺς οὓς προστάξειε. τὸ δὲ δῆσαι Λατῖνοι πάλαι μὲν λιγᾶρε, νῦν δ' ἀλλιγᾶρε καλοῦσιν· ὅθεν οἵ τε ῥαβδοῦχοι λικτώρεις αἵ τε ῥάβδοι βάκιλα καλοῦνται διὰ [4] τὸ χρῆσθαι τότε βακτηρίαις. εἰκὸς δὲ λικτώρεις ἐντιθεμένου τοῦ κάππα νῦν ὀνομάζεσθαι, πρότερον [γὰρ] λιτώρεις, ἑλληνιστὶ δὲ λειτουργοὺς ὄντας· λήιτον γὰρ τὸ δημόσιον ἔτι νῦν Ἕλληνες καὶ λαὸν τὸ πλῆθος ὀνομάζουσιν.

[27] [1] Ἐπεὶ δὲ τοῦ πάππου Νομήτορος ἐν Ἄλβῃ τελευτήσαντος, αὐτῷ βασιλεύειν προσῆκον, εἰς μέσον ἔθηκε τὴν πολιτείαν δημαγωγῶν, καὶ κατ' ἐνιαυτὸν ἀπεδείκνυεν ἄρχοντα τοῖς Ἀλβανοῖς, ἐδίδαξε δὲ καὶ τοὺς ἐν Ῥώμῃ δυνατοὺς ἀβασίλευτον ζητεῖν καὶ αὐτόνομον πολιτείαν, [2] ἀρχομένους ἐν μέρει καὶ ἄρχοντας. οὐδὲ γὰρ οἱ καλούμενοι πατρίκιοι πραγμάτων μετεῖχον, ἀλλ' ὄνομα καὶ σχῆμα περιῆν ἔντιμον αὐτοῖς, ἔθους ἕνεκα μᾶλλον ἢ γνώμης ἀθροιζομένοις εἰς τὸ βουλευτήριον· εἶτα σιγῇ προστάττοντος ἠκροῶντο, καὶ τῷ πρότεροι τὸ δεδογμένον ἐκείνῳ πυθέσθαι τῶν πολλῶν πλέον ἔχοντες ἀπηλλάττοντο.

[3] καὶ τἆλλα μὲν ἦν ἐλάττονα· τῆς δὲ γῆς τὴν δορίκτητον αὐτὸς ἐφ' ἑαυτοῦ δασάμενος τοῖς στρατιώταις, καὶ τοὺς ὁμήρους τοῖς Βηίοις ἀποδούς, οὔτε πεισθέντων οὔτε βουλομένων ἐκείνων, ἔδοξε κομιδῇ τὴν γερουσίαν προπηλακίζειν. ὅθεν εἰς ὑποψίαν καὶ διαβολὴν ἐνέπεσε [4] παραλόγως

ἀφανισθέντος αὐτοῦ μετ᾽ ὀλίγον χρόνον. ἠφανίσθη δὲ νώναις Ἰουλίαις ὡς νῦν ὀνομάζουσιν, ὡς δὲ τότε, Κυντιλίαις, οὐδὲν εἰπεῖν βέβαιον οὐδ᾽ ὁμολογούμενον πυθέσθαι περὶ τῆς τελευτῆς ἀπολιπών, ἀλλ᾽ ἢ τὸν χρόνον, ὡς προείρηται. δρᾶται γὰρ ἔτι νῦν ὅμοια τῷ [5] τότε πάθει πολλὰ κατὰ τὴν ἡμέραν ἐκείνην. οὐ δεῖ δὲ θαυμάζειν τὴν ἀσάφειαν, ὅπου Σκηπίωνος Ἀφρικανοῦ μετὰ δεῖπνον οἴκοι τελευτήσαντος οὐκ ἔσχε πίστιν οὐδ᾽ ἔλεγχον ὁ τρόπος τῆς τελευτῆς, ἀλλ᾽ οἱ μὲν αὐτομάτως ὄντα φύσει νοσώδη καμεῖν λέγουσιν, οἱ δ᾽ αὐτὸν ὑφ᾽ ἑαυτοῦ φαρμάκοις ἀποθανεῖν, οἱ δὲ τοὺς ἐχθροὺς τὴν ἀναπνοὴν ἀπολαβεῖν αὐτοῦ νύκτωρ παρεισπεσόντας. καίτοι Σκηπίων ἔκειτο νεκρὸς ἐμφανὴς ἰδεῖν πᾶσι, καὶ τὸ σῶμα παρεῖχε πᾶσιν ὁρώμενον ὑποψίαν τινὰ τοῦ πάθους καὶ [6] κατανόησιν· Ῥωμύλου δ᾽ ἄφνω μεταλλάξαντος οὔτε μέρος ὤφθη σώματος οὔτε λείψανον ἐσθῆτος. ἀλλ᾽ οἱ μὲν εἴκαζον ἐν τῷ ἱερῷ τοῦ Ἡφαίστου τοὺς βουλευτὰς ἐπαναστάντας αὐτῷ καὶ διαφθείραντας, νείμαντας τὸ σῶμα καὶ μέρος ἕκαστον ἐνθέμενον εἰς τὸν κόλπον ἐξενεγκεῖν· ἕτεροι δ᾽ οἴονται μήτ᾽ ἐν τῷ ἱερῷ τοῦ Ἡφαίστου μήτε μόνων τῶν βουλευτῶν παρόντων γενέσθαι τὸν ἀφανισμόν, ἀλλὰ τυχεῖν μὲν ἔξω περὶ τὸ καλούμενον αἰγὸς [ἢ ζορκὸς] ἕλος ἐκκλησίαν ἄγοντα τὸν Ῥωμύλον, ἄφνω δὲ θαυμαστὰ καὶ κρείττονα λόγου περὶ τὸν ἀέρα πάθη γενέσθαι καὶ [7] μεταβολὰς ἀπίστους· τοῦ μὲν γὰρ ἡλίου τὸ φῶς ἐκλιπεῖν, νύκτα δὲ κατασχεῖν οὐ πρᾳεῖαν οὐδ᾽ ἥσυχον, ἀλλὰ βροντάς τε δεινὰς καὶ πνοὰς ἀνέμων ζάλην ἐλαυνόντων πανταχόθεν ἔχουσαν· ἐν δὲ τούτῳ τὸν μὲν πολὺν ὄχλον σκεδασθέντα φυγεῖν, τοὺς δὲ δυνατοὺς συστραφῆναι [8] μετ᾽ ἀλλήλων· ἐπεὶ δ᾽ ἔληξεν ἡ ταραχὴ καὶ τὸ φῶς ἐξέλαμψε, καὶ τῶν πολλῶν εἰς ταὐτὸ πάλιν συνερχομένων ζήτησις ἦν τοῦ βασιλέως καὶ πόθος, οὐκ ἐᾶν τοὺς δυνατοὺς ἐξετάζειν οὐδὲ πολυπραγμονεῖν, ἀλλὰ τιμᾶν παρακελεύεσθαι πᾶσι καὶ σέβεσθαι Ῥωμύλον, ὡς ἀνηρπασμένον εἰς θεοὺς καὶ θεὸν εὐμενῆ γενησόμενον αὐτοῖς [9] ἐκ χρηστοῦ βασιλέως. τοὺς μὲν οὖν πολλοὺς ταῦτα πειθομένους καὶ χαίροντας ἀπαλλάττεσθαι, μετ᾽ ἐλπίδων ἀγαθῶν προσκυνοῦντας· εἶναι δέ τινας οἳ τὸ πρᾶγμα πικρῶς καὶ δυσμενῶς ἐξελέγχοντες ἐτάραττον τοὺς πατρικίους καὶ διέβαλλον, ὡς ἀβέλτερα τὸν δῆμον ἀναπείθοντας, αὐτοὺς δὲ τοῦ βασιλέως αὐτόχειρας ὄντας.

[28] [1] Οὕτως οὖν ἄνδρα τῶν πατρικίων γένει πρῶτον ἤθει τε δοκιμώτατον αὐτῷ τε Ῥωμύλῳ πιστὸν καὶ συνήθη, τῶν ἀπ᾽ Ἄλβης ἐποίκων, Ἰούλιον Πρόκλον, εἰς ἀγορὰν παρελθόντα καὶ τῶν ἁγιωτάτων ἔνορκον ἱερῶν ἁψάμενον εἰπεῖν ἐν πᾶσιν, ὡς ὁδὸν αὐτῷ βαδίζοντι Ῥωμύλος ἐξ ἐναντίας προσιὼν φανείη, καλὸς μὲν ὀφθῆναι καὶ μέγας ὡς οὔποτε πρόσθεν, ὅπλοις δὲ λαμπροῖς καὶ φλέγουσι κεκοσμημένος. αὐτὸς μὲν οὖν ἐκπλαγεὶς πρὸς [2] τὴν

ὄψιν ‘ὦ βασιλεῦ’ φάναι, ‘τί δὴ παθὼν ἢ διανοηθείς, ἡμᾶς μὲν ἐν αἰτίαις ‹πεποίηκας› ἀδίκοις καὶ πονηραῖς, πᾶσαν δὲ τὴν πόλιν ὀρφανὴν ἐν μυρίῳ πένθει προλέλοιπας;’ ἐκεῖνον δ’ ἀποκρίνασθαι· ‘θεοῖς ἔδοξεν ὦ Πρόκλε τοσοῦτον ἡμᾶς γενέσθαι μετ’ ἀνθρώπων χρόνον, καὶ πόλιν ἐπ’ ἀρχῇ καὶ δόξῃ μεγίστῃ κτίσαντας, αὖθις οἰκεῖν [3] οὐρανόν, ἐκεῖθεν ὄντας. ἀλλὰ χαῖρε καὶ φράζε Ῥωμαίοις, ὅτι σωφροσύνην μετ’ ἀνδρείας ἀσκοῦντες ἐπὶ πλεῖστον ἀνθρωπίνης ἀφίξονται δυνάμεως. ἐγὼ δ’ ὑμῖν εὐμενὴς ἔσομαι δαίμων Κυρῖνος.’ ταῦτα πιστὰ μὲν εἶναι τοῖς Ῥωμαίοις ἐδόκει διὰ τὸν τρόπον τοῦ λέγοντος καὶ διὰ τὸν ὅρκον· οὐ μὴν ἀλλὰ καὶ δαιμόνιόν τι συνεφάψασθαι πάθος ὅμοιον ἐνθουσιασμῷ· μηδένα γὰρ ἀντειπεῖν, ἀλλὰ πᾶσαν ὑπόνοιαν καὶ διαβολὴν ἀφέντας εὔχεσθαι Κυρίνῳ καὶ θεοκλυτεῖν ἐκεῖνον.

[4] Ἔοικε μὲν οὖν ταῦτα τοῖς ὑφ’ Ἑλλήνων περί τ’ Ἀριστέου τοῦ Προικοννησίου καὶ Κλεομήδους τοῦ Ἀστυπαλαιέως μυθολογουμένοις. Ἀριστέαν μὲν γὰρ ἔν τινι κναφείῳ τελευτῆσαί φασι, καὶ τὸ σῶμα μετιόντων αὐτοῦ τῶν φίλων ἀφανὲς οἴχεσθαι· λέγειν δέ τινας εὐθὺς ἐξ ἀποδημίας ἥκοντας ἐντυχεῖν Ἀριστέᾳ τὴν ἐπὶ Κρότωνος πορευομένῳ.

[5] Κλεομήδη δὲ ῥώμῃ καὶ μεγέθει σώματος ὑπερφυᾶ γενόμενον, ἔμπληκτόν τε τῷ τρόπῳ καὶ μανικὸν ὄντα, πολλὰ δρᾶν βίαια, καὶ τέλος ἔν τινι διδασκαλείῳ παίδων τὸν ὑπερείδοντα τὴν ὀροφὴν κίονα πατάξαντα τῇ [6] χειρὶ κλάσαι μέσον καὶ τὴν στέγην καταβαλεῖν. ἀπολομένων δὲ τῶν παίδων διωκόμενον, εἰς κιβωτὸν καταφυγεῖν μεγάλην καὶ τὸ πῶμα κατακλείσαντα συνέχειν ἐντός, ὥστ’ ἀποσπάσαι μὴ δύνασθαι πολλοὺς ὁμοῦ βιαζομένους· κατασχίσαντας δὲ τὴν κιβωτόν, οὔτε ζῶντα τὸν ἄνθρωπον εὑρεῖν οὔτε νεκρόν. ἐκπλαγέντας οὖν ἀποστεῖλαι θεοπρόπους εἰς Δελφούς, οἷς τὴν Πυθίαν εἰπεῖν

Ἔσχατος ἡρώων Κλεομήδης Ἀστυπαλαιεύς.

[7] λέγεται δὲ καὶ τὸν Ἀλκμήνης ἐκκομιζομένης νεκρὸν ἄδηλον γενέσθαι, λίθον δὲ φανῆναι κείμενον ἐπὶ τῆς κλίνης, καὶ ὅλως πολλὰ τοιαῦτα μυθολογοῦσι, παρὰ τὸ εἰκὸς ἐκθειάζοντες τὰ θνητὰ τῆς φύσεως ἅμα τοῖς θείοις. ἀπογνῶναι μὲν οὖν παντάπασι τὴν θειότητα τῆς ἀρετῆς ἀνόσιον καὶ ἀγεννές, οὐρανῷ δὲ μειγνύειν γῆν ἀβέλτερον.

[8] φατέον οὖν, ἐχομένοις τῆς ἀσφαλείας, κατὰ Πίνδαρον (fr. 131b Sn.), ὡς

σῶμα μὲν πάντων ἕπεται θανάτῳ περισθενεῖ,
ζῳὸν δ’ ἔτι λείπεται αἰῶνος εἴδωλον·
τὸ γάρ ἐστι μόνον ἐκ θεῶν.

ἥκει γὰρ ἐκεῖθεν, ἐκεῖ δ’ ἄνεισιν, οὐ μετὰ σώματος, ἀλλ’ ἐὰν ὅτι μάλιστα σώματος ἀπαλλαγῇ καὶ διακριθῇ καὶ γένηται καθαρὸν παντάπασι καὶ

ἄσαρκον καὶ ἁγνόν.

[9] αὕτη γὰρ ψυχὴ ξηρὴ ‹καὶ› ἀρίστη καθ’ Ἡράκλειτον (fr. 118 D4`5.), ὥσπερ ἀστραπὴ νέφους διαπταμένη τοῦ σώματος. ἡ δὲ σώματι πεφυρμένη καὶ περίπλεως σώματος, οἷον ἀναθυμίασις ἐμβριθὴς καὶ ὁμιχλώδης, δυσέξαπτός [10] ἐστι καὶ δυσανακόμιστος. οὐδὲν οὖν δεῖ τὰ σώματα τῶν ἀγαθῶν συναναπέμπειν παρὰ φύσιν εἰς οὐρανόν, ἀλλὰ τὰς ἀρετὰς καὶ τὰς ψυχὰς παντάπασιν οἴεσθαι κατὰ φύσιν καὶ δίκην θείαν ἐκ μὲν ἀνθρώπων εἰς ἥρωας, ἐκ δ’ ἡρώων εἰς δαίμονας, ἐκ δὲ δαιμόνων, ἂν τέλεον ὥσπερ ἐν τελετῇ καθαρθῶσι καὶ ὁσιωθῶσιν, ἅπαν ἀποφυγοῦσαι τὸ θνητὸν καὶ παθητικόν, οὐ νόμῳ πόλεως, ἀλλ’ ἀληθείᾳ καὶ κατὰ τὸν εἰκότα λόγον εἰς θεοὺς ἀναφέρεσθαι, τὸ κάλλιστον καὶ μακαριώτατον τέλος ἀπολαβούσας.

[29] [1] Τὴν δὲ γενομένην ἐπωνυμίαν τῷ Ῥωμύλῳ τὸν Κυρῖνον οἱ μὲν Ἐνυάλιον προσαγορεύουσιν, οἱ δ’ ὅτι καὶ τοὺς πολίτας Κυρίτας ὠνόμαζον, οἱ δὲ τὴν αἰχμὴν ἢ τὸ δόρυ τοὺς παλαιοὺς κύριν ὀνομάζειν, καὶ Κυρίτιδος Ἥρας ἄγαλμα καλεῖν ἐπ’ αἰχμῆς ἱδρυμένον, ἐν δὲ τῇ Ῥηγίᾳ δόρυ καθιδρυμένον Ἄρεα προσαγορεύειν καὶ δόρατι τοὺς ἐν πολέμοις ἀριστεύοντας γεραίρειν· ὡς οὖν ἀρήιόν τινα τὸν Ῥωμύλον ἢ αἰχμητὴν θεὸν ὀνομασθῆναι [2] Κυρῖνον. ἱερὸν μὲν οὖν αὐτοῦ κατεσκευασμένον ἐστὶν ἐν τῷ λόφῳ τῷ Κυρίνᾳ προσαγορευομένῳ δι’ ἐκεῖνον· ᾗ δ’ ἡμέρᾳ μετήλλαξεν, ὄχλου φυγὴ καλεῖται καὶ νῶναι Καπρατῖναι διὰ τὸ θύειν εἰς τὸ τῆς αἰγὸς ἕλος ἐκ πόλεως [3] κατιόντας· τὴν γὰρ αἶγα κάπραν ὀνομάζουσιν. ἐξιόντες δὲ πρὸς τὴν θυσίαν πολλὰ τῶν ἐπιχωρίων ὀνομάτων φθέγγονται μετὰ βοῆς, οἷον Μάρκου, Λουκίου, Γαΐου, μιμούμενοι τὴν τότε τροπὴν καὶ ἀνάκλησιν ἀλλήλων [4] μετὰ δέους καὶ ταραχῆς. ἔνιοι μέντοι τὸ μίμημα τοῦτό φασι μὴ φυγῆς, ἀλλ’ ἐπείξεως εἶναι καὶ σπουδῆς, εἰς αἰτίαν τοιαύτην ἀναφέροντες τὸν λόγον. ἐπεὶ Κελτοὶ τὴν Ῥώμην καταλαβόντες ἐξεκρούσθησαν ὑπὸ Καμίλλου, καὶ δι’ ἀσθένειαν ἡ πόλις οὐκέτι ῥᾳδίως ἑαυτὴν ἀνελάμβανεν, ἐστράτευσαν ἐπ’ αὐτὴν πολλοὶ τῶν Λατίνων, ἄρχοντα [5] Λίβιον Ποστούμιον ἔχοντες. οὗτος δὲ καθίσας τὸν στρατὸν οὐ πρόσω τῆς Ῥώμης ἔπεμπε κήρυκα, βούλεσθαι λέγων τοὺς Λατίνους ἐκλιποῦσαν ἤδη τὴν παλαιὰν οἰκειότητα καὶ συγγένειαν ἐκζωπυρῆσαι, καιναῖς αὖθις [6] ἀνακραθέντων ἐπιγαμίαις τῶν γενῶν. ἂν οὖν πέμψωσι παρθένους τε συχνὰς καὶ γυναικῶν τὰς ἀνάνδρους, εἰρήνην ἔσεσθαι καὶ φιλίαν αὐτοῖς, ὡς ὑπῆρξε πρὸς Σαβίνους πρότερον ἐκ τῶν ὁμοίων. ταῦτ’ ἀκούσαντες οἱ Ῥωμαῖοι τόν τε πόλεμον ἐφοβοῦντο, καὶ τὴν παράδοσιν τῶν γυναικῶν οὐδὲν αἰχμαλωσίας ἐπιεικέστερον ἔχειν ἐνόμιζον.

[7] ἀποροῦσι δ’ αὐτοῖς θεράπαινα Φιλωτίς, ὡς δ’ ἔνιοι λέγουσι Τουτόλα καλουμένη, συνεβούλευσε μηδέτερα ποιεῖν, ἀλλὰ χρησαμένους δόλῳ

διαφυγεῖν ἅμα τὸν πόλεμον καὶ τὴν ἐξομήρευσιν. ἦν δ’ ὁ δόλος, αὐτήν τε τὴν Φιλωτίδα καὶ σὺν αὐτῇ θεραπαινίδας εὐπρεπεῖς κοσμήσαντας ὡς ἐλευθέρας ἀποστεῖλαι πρὸς τοὺς πολεμίους· εἶτα νύκτωρ τὴν Φιλωτίδα πυρσὸν ἆραι, τοὺς δὲ Ῥωμαίους ἐπελθεῖν μετὰ τῶν ὅπλων καὶ χρήσασθαι κοιμωμένοις [8] τοῖς πολεμίοις. ταῦτα δ’ ἐδρᾶτο πεισθέντων τῶν Λατίνων, καὶ τὸν πυρσὸν ἀνέσχεν ἡ Φιλωτὶς ἔκ τινος ἐρινεοῦ, περισχοῦσα προκαλύμμασι καὶ παραπετάσμασιν ὄπισθεν, ὥστε τοῖς πολεμίοις ἀόρατον εἶναι τὸ φῶς, τοῖς δὲ Ῥωμαίοις κατάδηλον. ὡς οὖν ἐπεῖδον, εὐθὺς ἐξῄεσαν ἐπειγόμενοι καὶ διὰ τὴν ἔπειξιν ἀλλήλους περὶ [9] τὰς πύλας ἀνακαλοῦντες πολλάκις. ἐμπεσόντες δὲ τοῖς πολεμίοις ἀπροσδοκήτως καὶ κρατήσαντες, ἐπινίκιον ἄγουσι τὴν ἑορτήν. καὶ Καπρατῖναι μὲν αἱ νῶναι καλοῦνται διὰ τὸν ἐρινεόν, καπρίφικον ὑπὸ Ῥωμαίων ὀνομαζόμενον. ἑστιῶσι δὲ τὰς γυναῖκας ἔξω συκῆς κλάδοις [10] σκιαζομένας· αἱ δὲ θεραπαινίδες ἀγείρουσι περιιοῦσαι καὶ παίζουσιν, εἶτα πληγαῖς καὶ βολαῖς λίθων χρῶνται πρὸς ἀλλήλας, ὡς καὶ τότε τοῖς Ῥωμαίοις παραγενόμεναι [11] καὶ συναγωνισάμεναι μαχομένοις. ταῦτ’ οὐ πολλοὶ προσίενται τῶν συγγραφέων, ἀλλὰ καὶ τὸ μεθ’ ἡμέραν χρῆσθαι τῇ ἀνακλήσει τῶν ὀνομάτων καὶ τὸ πρὸς τὸ ἕλος τὸ τῆς αἰγὸς ὡς ἐπὶ θαλίαν βαδίζειν ἔοικε τῷ προτέρῳ λόγῳ προστίθεσθαι μᾶλλον, εἰ μὴ νὴ Δία τῆς αὐτῆς ἡμέρας ἐν χρόνοις ἑτέροις ἀμφότερα τὰ πάθη συνέτυχε γενέσθαι.

[12] Λέγεται δὲ Ῥωμύλος τέσσαρα μὲν ἔτη καὶ πεντήκοντα γεγονώς, ὄγδοον δὲ βασιλεύων ἐκεῖνο καὶ τριακοστόν, ἐξ ἀνθρώπων ἀφανισθῆναι.

Comparison Thesei et Romuli

[1] [1] Ἃ μὲν οὖν ἄξια μνήμης πυθέσθαι περὶ Ῥωμύλου καὶ Θησέως συμβέβηκεν ἡμῖν, ταῦτ᾽ ἐστί. φαίνεται δὲ πρῶτον ὁ μὲν ἐκ προαιρέσεως, οὐδενὸς ἀναγκάζοντος, ἀλλ᾽ ἐξὸν ἀδεῶς ἐν Τροιζῆνι βασιλεύειν, διαδεξάμενον ἀρχὴν οὐκ ἄδοξον, αὐτὸς ἀφ᾽ ἑαυτοῦ μεγάλων ὀρεχθείς· ὁ δὲ δουλείας φυγῇ παρούσης καὶ τιμωρίας ἐπιφερομένης, ἐκεῖνο τὸ τοῦ Πλάτωνος (Phaed. 68d), ἀτεχνῶς ὑπὸ δέους ἀνδρεῖος γενόμενος, καὶ φόβῳ τοῦ τὰ ἔσχατα παθεῖν ἐπὶ τὸ δρᾶν μεγάλα δι᾽ ἀνάγκην παραγενόμενος.

[2] ἔπειτα τούτου μὲν ἔργον ἐστὶ τὸ μέγιστον ἀνελεῖν ἕνα τὸν Ἄλβης τύραννον, ἐκείνου δὲ πάρεργα καὶ προάγωνες ἦσαν ὁ Σκείρων, ὁ Σίνις, ὁ Προκρούστης, ὁ Κορυνήτης· οὓς ἀναιρῶν καὶ κολάζων ἀπήλλαττε τὴν Ἑλλάδα δεινῶν τυράννων, πρὶν ὅστις ἐστὶ γινώσκειν τοὺς [3] ὑπ᾽ αὐτοῦ σῳζομένους. καὶ τῷ μὲν παρῆν ἀπραγμόνως κομίζεσθαι διὰ θαλάττης, ἀδικουμένῳ μηδὲν ὑπὸ τῶν λῃστῶν, Ῥωμύλῳ δ᾽ οὐ παρῆν μὴ πράγματα ἔχειν Ἀμουλίου ζῶντος. μέγα δὲ τούτου τεκμήριον· ὁ μὲν γὰρ οὐδὲν αὐτὸς ἀδικούμενος ὥρμησεν ὑπὲρ ἄλλων ἐπὶ τοὺς πονηρούς, οἱ δ᾽ ὅσον αὐτοὶ κακῶς οὐκ ἔπασχον ὑπὸ τοῦ τυράννου, [4] περιεώρων ἀδικοῦντα πάντας. καὶ μὴν εἰ μέγα τὸ τρωθῆναι μαχόμενον Σαβίνοις καὶ ἀνελεῖν Ἄκρωνα καὶ πολλῶν μάχῃ κρατῆσαι πολεμίων, τούτοις μὲν ἔστι τοῖς ἔργοις κενταυρομαχίαν καὶ τὰ πρὸς Ἀμαζόνας παραβάλλειν.

[5] Ὃ δ᾽ ἐτόλμησε Θησεὺς περὶ τὸν Κρητικὸν δασμόν, εἴτε τινὶ θηρίῳ βοράν, εἴτε πρόσφαγμα τοῖς Ἀνδρόγεω τάφοις, εἴθ᾽ - ὃ κουφότατόν ἐστι τῶν λεγομένων - λατρεύειν παρ᾽ ἀνδράσιν ὑβρισταῖς καὶ δυσμενέσιν ἀκλεῆ λατρείαν καὶ ἄτιμον ἐπιδοὺς ἑαυτόν, ἑκουσίως μετὰ παρθένων πλεύσας καὶ παίδων νέων, οὐκ ἂν εἴποι τις ἡλίκης ἐστὶ τόλμης ἢ μεγαλοφροσύνης ἢ δικαιοσύνης περὶ τὸ [6] κοινὸν ἢ πόθου δόξης καὶ ἀρετῆς. ὥστ᾽ ἔμοιγε φαίνεται μὴ κακῶς ὁρίζεσθαι τοὺς φιλοσόφους τὸν ἔρωτα θεῶν ὑπηρεσίαν πρὸς ἐπιμέλειαν καὶ σωτηρίαν νέων. ὁ γὰρ Ἀριάδνης ἔρως παντὸς μᾶλλον ἔοικεν ἔργον θεοῦ καὶ [7] μηχανὴ γενέσθαι σωτηρίας ἕνεκα τοῦ ἀνδρός, καὶ οὐκ ἄξιον αἰτιᾶσθαι τὴν ἐρασθεῖσαν, ἀλλὰ θαυμάζειν εἰ μὴ πάντες οὕτω καὶ πᾶσαι διετέθησαν· εἰ δ᾽ ἐκείνη μόνη τοῦτ᾽ ἔπαθεν, εἰκότως ἔγωγε φαίην ἂν αὐτὴν ἀξιέραστον θεῷ γεγονέναι, φιλόκαλον καὶ φιλάγαθον καὶ τῶν ἀρίστων ἐρωτικὴν οὖσαν.

[2] [1] Ἀμφοτέρων τοίνυν τῇ φύσει πολιτικῶν γεγονότων οὐδέτερος διεφύλαξε τὸν βασιλικὸν τρόπον, ἐξέστη δὲ καὶ μετέβαλε μεταβολὴν ὁ μὲν

δημοτικήν, ὁ δὲ τυραννικήν, [2] ταὐτὸν ἀπ’ ἐναντίων παθῶν ἁμαρτόντες. δεῖ γὰρ τὸν ἄρχοντα σῴζειν πρῶτον αὐτὴν τὴν ἀρχήν· σῴζεται δ’ οὐχ ἧττον ἀπεχομένη τοῦ μὴ προσήκοντος ἢ [3] περιεχομένη τοῦ προσήκοντος. ὁ δ’ ἐνδιδοὺς ἢ ἐπιτείνων οὐ μένει βασιλεὺς οὐδ’ ἄρχων, ἀλλ’ ἢ δημαγωγὸς ἢ δεσπότης γιγνόμενος, ἐμποιεῖ τὸ μισεῖν ἢ καταφρονεῖν τοῖς ἀρχομένοις. οὐ μὴν ἀλλ’ ἐκεῖνο μὲν ἐπιεικείας δοκεῖ καὶ φιλανθρωπίας εἶναι, τοῦτο δὲ φιλαυτίας ἁμάρτημα καὶ χαλεπότητος.

[3] [1] Εἰ δὲ δεῖ καὶ τὰ δυστυχηθέντα μὴ παντάπασι ποιεῖσθαι δαίμονος, ἀλλ’ ἠθικὰς καὶ παθητικὰς ζητεῖν ἐν αὐτοῖς διαφοράς, θυμοῦ μὲν ἀλογίστου καὶ τάχος ἐχούσης ἄβουλον ὀργῆς μήτε τις ἐκεῖνον ἐν τοῖς πρὸς τὸν ἀδελφὸν ἀπολυέτω μήτε τοῦτον ἐν τοῖς πρὸς τὸν υἱόν. ἡ δὲ κινήσασα τὸν θυμὸν ἀρχὴ μᾶλλον παραιτεῖται τὸν ὑπὸ μείζονος αἰτίας ὥσπερ ὑπὸ πληγῆς χαλεπωτέρας [2] ἀνατραπέντα· Ῥωμύλῳ μὲν γὰρ ἐκ βουλῆς καὶ σκέψεως περὶ κοινῶν συμφερόντων διαφορᾶς γενομένης οὐκ ἂν ἠξίωσέ τις ἄφνω τὴν διάνοιαν ἐν τηλικούτῳ πάθει γενέσθαι· Θησέα δὲ πρὸς τὸν υἱόν, ἃ πάμπαν ὀλίγοι τῶν ὄντων διαπεφεύγασιν, ἔρως καὶ ζηλοτυπία καὶ διαβολαὶ [3] γυναικὸς ἔσφηλαν. ὃ δὲ μεῖζόν ἐστιν, ὁ μὲν Ῥωμύλου θυμὸς εἰς ἔργον ἐξέπεσε καὶ πρᾶξιν οὐκ εὐτυχὲς ἔχουσαν τέλος, ἡ δὲ Θησέως ὀργὴ μέχρι λόγου καὶ βλασφημίας καὶ κατάρας πρεσβυτικῆς προῆλθε, τὰ δ’ ἄλλα φαίνεται τῇ τύχῃ χρήσασθαι τὸ μειράκιον· ὥστε ταύτας μὲν ἄν τις ἀποδοίη τῷ Θησεῖ τὰς ψήφους.

[4] [1] Ἐκείνῳ δὲ πρῶτον μὲν ὑπάρχει μέγα τὸ μικροτάτας [2] λαβεῖν ἀρχὰς ἐπὶ τὰ πράγματα. δοῦλοι γὰρ δὴ καὶ συφορβῶν παῖδες ὀνομαζόμενοι, πρὶν ἐλεύθεροι γενέσθαι, πάντας ὀλίγου δεῖν ἠλευθέρωσαν Λατίνους, ἑνὶ χρόνῳ τῶν καλλίστων ὀνομάτων ἅμα τυχόντες, φονεῖς ἐχθρῶν καὶ σωτῆρες οἰκείων καὶ βασιλεῖς ἐθνῶν καὶ οἰκισταὶ πόλεων, οὐ μετοικισταὶ καθάπερ ἦν ὁ Θησεύς, ἐκ πολλῶν συντιθεὶς καὶ συνοικοδομῶν ἓν οἰκητήριον, ἀναιρῶν δὲ πολλὰς πόλεις ἐπωνύμους βασιλέων καὶ [3] ἡρώων παλαιῶν. Ῥωμύλος δὲ ταῦτα μὲν ὕστερον ἔδρα, τοὺς πολεμίους ἀναγκάζων τὰ οἰκεῖα καταβάλλοντας καὶ ἀφανίζοντας τοῖς νενικηκόσι προσνέμεσθαι· τὸ δὲ πρῶτον οὐ μετατιθεὶς οὐδ’ αὔξων τὴν ὑπάρχουσαν, ἀλλὰ ποιῶν ἐξ οὐχ ὑπαρχόντων καὶ κτώμενος ἑαυτῷ χώραν ὁμοῦ πατρίδα, βασιλείαν, γένη, γάμους, οἰκειότητας, ἀνῄρει μὲν οὐδένα οὐδ’ ἀπώλλυεν, εὐεργέτει δὲ τοὺς ἐξ ἀοίκων καὶ ἀνεστίων δῆμον ἐθέλοντας εἶναι καὶ πολίτας.

[4] λῃστὰς δὲ καὶ κακούργους οὐκ ἀπέκτεινεν, ἀλλ’ ἔθνη προσηγάγετο πολέμῳ καὶ πόλεις κατεστρέψατο καὶ βασιλεῖς ἐθριάμβευσε καὶ ἡγεμόνας.

[5] [1] Καὶ τὸ μὲν Ῥέμου πάθος ἀμφισβητούμενον ἔχει τὸν αὐτόχειρα, καὶ τὸ πλεῖστον εἰς ἑτέρους τῆς αἰτίας· τρέπουσι· τὴν δὲ μητέρα διολλυμένην ἔσωσε

περιφανῶς, καὶ τὸν πάππον ἀκλεῶς δουλεύοντα καὶ ἀτίμως εἰς τὸν Αἰνείου θρόνον ἐκάθισε, καὶ πολλὰ μὲν ἑκὼν εὐεργέτησεν, [2] ἔβλαψε δ' αὐτὸν οὐδ' ἄκων. τὴν δὲ Θησέως λήθην καὶ ἀμέλειαν τῆς περὶ τὸ ἱστίον ἐντολῆς μόλις ἂν οἶμαι μακρᾷ τινι παραιτήσει καὶ ἐν ῥᾳθύμοις δικασταῖς αἰτίαν ἀποφυγεῖν πατροκτονίας. ὃ δὴ καὶ συνιδών τις Ἀττικὸς ἀνὴρ ὡς παγχάλεπόν ἐστι βουλομένοις ἀπολογεῖσθαι, πλάττει τὸν Αἰγέα τῆς νεὼς προσφερομένης ὑπὸ σπουδῆς ἀνατρέχοντα πρὸς τὴν ἀκρόπολιν θέας ἕνεκα ‹τῆς ἐπὶ θάλατταν ὁδοῦ› καὶ σφαλλόμενον καταπεσεῖν, ὥσπερ ὀπαδῶν ἔρημον ἢ [τῆς ἐπὶ θάλατταν ὁδοῦ] σπεύδοντι μὴ παρούσης τινὸς θεραπείας.

[6] [1] Καὶ μὴν τὰ περὶ τὰς ἁρπαγὰς τῶν γυναικῶν ἡμαρτημένα Θησεῖ μὲν εὐσχήμονος ἐνδεᾶ προφάσεως γέγονε. πρῶτον μὲν ὅτι πολλάκις· ἥρπασε γὰρ Ἀριάδνην καὶ Ἀντιόπην καὶ Ἀναξὼ τὴν Τροιζηνίαν, ἐπὶ πάσαις δὲ τὴν Ἑλένην, παρηκμακὼς οὐκ ἀκμάζουσαν, ἀλλὰ νηπίαν καὶ ἄωρον αὐτὸς ὥραν ἔχων ἤδη γάμων πεπαῦσθαι καὶ νομίμων· ἔπειτα διὰ τὴν αἰτίαν· οὐ γὰρ ἀξιώτεραί γε παιδοποιοὶ τῶν Ἀθήνησιν Ἐρεχθηίδων καὶ Κεκροπίδων αἱ Τροιζηνίων καὶ Λακώνων καὶ Ἀμαζόνων [2] ἀνέγγυοι θυγατέρες ἦσαν, ἀλλὰ ταῦτα μὲν ὑποψίαν ἔχει πρὸς ὕβριν καὶ καθ' ἡδονὴν πεπρᾶχθαι. Ῥωμύλος δὲ πρῶτον μὲν ὀκτακοσίων ὀλίγον ἀριθμῷ δεούσας ἁρπάσας, οὐ πάσας, ἀλλὰ μίαν ὥς φασιν Ἑρσιλίαν ἔλαβε, τὰς δ' ἄλλας διένειμε τοῖς ἀγάμοις τῶν πολιτῶν· ἔπειτα τῇ μετὰ ταῦτα τιμῇ καὶ ἀγαπήσει καὶ δικαιοσύνῃ περὶ τὰς γυναῖκας ἀπέδειξε τὴν βίαν ἐκείνην καὶ τὴν ἀδικίαν κάλλιστον ἔργον καὶ πολιτικώτατον εἰς κοινωνίαν γενομένην.

[3] οὕτω συνέμειξεν ἀλλήλοις καὶ συνέπηξε τὰ γένη, καὶ παρέσχε πηγὴν τῆς εἰς αὖθις εὐροίας καὶ δυνάμεως τοῖς πράγμασιν. αἰδοῦς δὲ καὶ φιλίας καὶ βεβαιότητος, ἣν [4] εἰργάσατο περὶ τοὺς γάμους, ὁ χρόνος ἐστὶ μάρτυς. ἐν γὰρ ἔτεσι τριάκοντα καὶ διακοσίοις οὔτ' ἀνὴρ ἐτόλμησε γυναικὸς οὔτε γυνὴ κοινωνίαν ἀνδρὸς ἐγκαταλιπεῖν, ἀλλ' ὥσπερ ἐν Ἕλλησιν οἱ σφόδρα περιττοὶ τὸν πρῶτον ἔχουσιν εἰπεῖν πατροκτόνον ἢ μητροφόνον, οὕτω Ῥωμαῖοι πάντες ἴσασιν, ὅτι Καρβίλιος Σπόριος ἀπεπέμψατο [5] γυναῖκα πρῶτος, ἀπαιδίαν αἰτιασάμενος. τῷ δὲ τοσούτῳ χρόνῳ συμμαρτυρεῖ καὶ τὰ ἔργα. καὶ γὰρ ἀρχῆς ἐκοινώνησαν οἱ βασιλεῖς καὶ πολιτείας τὰ γένη διὰ τὴν ἐπιγαμίαν ἐκείνην· ἀπὸ δὲ τῶν Θησέως γάμων Ἀθηναίοις φιλικὸν μὲν οὐδὲν οὐδὲ κοινωνικὸν ὑπῆρξε πρὸς οὐδένα συμβόλαιον, ἔχθραι δὲ καὶ πόλεμοι καὶ φόνοι πολιτῶν καὶ τέλος Ἀφίδνας ἀπολέσαι ‹καὶ› μόλις ὑπ' οἴκτου τῶν πολεμίων, προσκυνήσαντας καὶ θεοὺς ἀνειπόντας, ‹μὴ› [6] παθεῖν ἃ Τρῶες ἔπαθον δι' Ἀλέξανδρον. ἡ μέντοι μήτηρ ἡ Θησέως οὐκ ἐκινδύνευσεν, ἀλλ' ἔπαθε τὰ τῆς Ἑκάβης, ἐγκαταλιπόντος καὶ προεμένου τοῦ παιδός, εἴγε μὴ

πέπλασται τὰ τῆς αἰχμαλωσίας, ὡς ἔδει γε καὶ τοῦτο [7] ψεῦδος εἶναι καὶ τὰ πλεῖστα τῶν ἄλλων. ἐπεὶ καὶ τὰ περὶ τοῦ θείου μυθολογούμενα πολλὴν ποιεῖ διαφοράν. Ῥωμύλῳ μὲν γὰρ ἡ σωτηρία μετὰ πολλῆς ὑπῆρξε θεῶν εὐμενείας, ὁ δ’ Αἰγεῖ δοθεὶς χρησμός, ἀπέχεσθαι γυναικὸς ἐπὶ ξένης, ἔοικεν ἀποφαίνειν παρὰ γνώμην θεῶν γεγονέναι τὴν Θησέως τέκνωσιν.

Lycurgus

[1] [1] Περὶ Λυκούργου τοῦ νομοθέτου καθόλου μὲν οὐδὲν ἔστιν εἰπεῖν ἀναμφισβήτητον, οὗ γε καὶ γένος καὶ ἀποδημία καὶ τελευτὴ καὶ πρὸς ἅπασιν ἡ περὶ τοὺς νόμους αὐτοῦ καὶ τὴν πολιτείαν πραγματεία διαφόρους ἔσχηκεν ἱστορίας, ἥκιστα δὲ οἱ χρόνοι καθ’ οὓς γέγονεν ὁ ἀνὴρ ὁμολογοῦνται. οἱ μὲν γὰρ Ἰφίτῳ συνακμάσαι καὶ συνδιαθεῖναι τὴν Ὀλυμπιακὴν ἐκεχειρίαν λέγουσιν αὐτόν, ὧν ἐστι καὶ Ἀριστοτέλης ὁ φιλόσοφος, τεκμήριον προσφέρων τὸν Ὀλυμπίασι δίσκον ἐν ᾧ τοὔνομα [2] τοῦ Λυκούργου διασώζεται καταγεγραμμένον· οἱ δὲ ταῖς διαδοχαῖς τῶν ἐν Σπάρτῃ βεβασιλευκότων ἀναλεγόμενοι τὸν χρόνον, ὥσπερ Ἐρατοσθένης καὶ Ἀπολλόδωρος, οὐκ ὀλίγοις ἔτεσι πρεσβύτερον ἀποφαίνουσι τῆς πρώτης Ὀλυμπιάδος. Τίμαιος δὲ ὑπονοεῖ, δυεῖν ἐν Σπάρτῃ γεγονότων Λυκούργων οὐ κατὰ τὸν αὐτὸν χρόνον, τῷ ἑτέρῳ τὰς ἀμφοῖν πράξεις διὰ τὴν δόξαν ἀνακεῖσθαι· καὶ τόν γε πρεσβύτερον οὐ πόρρω τῶν Ὁμήρου γεγονέναι χρόνων, ἔνιοι δὲ καὶ κατ’ ὄψιν ἐντυχεῖν Ὁμήρῳ. [3] δίδωσι δὲ καὶ Ξενοφῶν ὑπόνοιαν ἀρχαιότητος ἐν οἷς τὸν ἄνδρα λέγει γεγονέναι κατὰ τοὺς Ἡρακλείδας. γένει μὲν γὰρ Ἡρακλεῖδαι δήπουθεν ἦσαν καὶ οἱ νεώτατοι τῶν ἐν Σπάρτῃ βασιλέων, ὁ δὲ ἔοικε βουλομένῳ τοὺς πρώτους ἐκείνους καὶ σύνεγγυς Ἡρακλέους ὀνομάζειν Ἡρακλείδας.

Οὐ μὴν ἀλλὰ καίπερ οὕτως πεπλανημένης τῆς ἱστορίας, πειρασόμεθα τοῖς βραχυτάτας ἔχουσιν ἀντιλογίας ἢ γνωριμωτάτους μάρτυρας ἑπόμενοι τῶν γεγραμμένων περὶ τοῦ ἀνδρὸς ἀποδοῦναι τὴν [4] διήγησιν. ἐπεὶ καὶ Σιμωνίδης ὁ ποιητὴς οὐκ Εὐνόμου λέγει τὸν Λυκοῦργον πατρός, ἀλλὰ Πρυτάνιδος καὶ τὸν Λυκοῦργον καὶ τὸν Εὔνομον, οἱ δὲ πλεῖστοι σχεδὸν οὐχ οὕτω γενεαλογοῦσιν, ἀλλὰ Προκλέους μὲν τοῦ Ἀριστοδήμου γενέσθαι Σόον, Σόου δὲ Εὐρυπῶντα, τούτου δὲ Πρύτανιν, ἐκ τούτου δὲ Εὔνομον, Εὐνόμου δὲ Πολυδέκτην ἐκ προτέρας γυναικός, Λυκοῦργον δὲ νεώτερον ἐκ Διωνάσσης, ὡς Διευτυχίδας ἱστόρηκεν, ἕκτον μὲν ἀπὸ Προκλέους, ἑνδέκατον δὲ ἀφ’ Ἡρακλέους.

[2] [1] Τῶν δὲ προγόνων αὐτοῦ μάλιστα μὲν ἐθαυμάσθη Σόος, ἐφ’ οὗ καὶ τοὺς εἵλωτας ἐποιήσαντο δούλους οἱ Σπαρτιᾶται καὶ χώραν προσεκτήσαντο πολλὴν Ἀρκάδων ἀποτεμόμενοι. λέγεται δὲ τὸν Σόον ἐν χωρίῳ χαλεπῷ καὶ ἀνύδρῳ πολιορκούμενον ὑπὸ Κλειτορίων, ὁμολογῆσαι τὴν δορίκτητον γῆν αὐτοῖς ἀφήσειν, εἰ πίοι καὶ αὐτὸς καὶ οἱ μετ’ [2] αὐτοῦ πάντες ἀπὸ τῆς πλησίον πηγῆς. γενομένων δὲ τῶν ὁρκίων συναγαγόντα τοὺς μεθ’ ἑαυτοῦ διδόναι τῷ

μὴ πιόντι τὴν βασιλείαν· οὐδενὸς δὲ καρτερήσαντος, ἀλλὰ πάντων πιόντων, αὐτὸν ἐπὶ πᾶσι καταβάντα καὶ περιρρανάμενον ἔτι τῶν πολεμίων παρόντων ἀπελθεῖν καὶ τὴν χώραν κατασχεῖν, ὡς μὴ πάντων πιόντων.

Ἀλλὰ καίπερ ἐπὶ τούτοις θαυμάζοντες αὐτὸν οὐκ ἀπὸ τούτου τὴν οἰκίαν, ἀλλὰ τοῦ παιδὸς αὐτοῦ προσηγόρευσαν Εὐρυπωντίδας, ὅτι δοκεῖ πρῶτος Εὐρυπῶν τὸ ἄγαν μοναρχικὸν ἀνεῖναι τῆς βασιλείας, δημαγωγῶν καὶ χαριζόμενος τοῖς πολλοῖς.

[3] ἐκ δὲ τῆς τοιαύτης ἀνέσεως τοῦ μὲν δήμου θρασυνομένου, τῶν δ’ ὕστερον βασιλέων τὰ μὲν ἀπεχθανομένων τῷ βιάζεσθαι τοὺς πολλούς, τὰ δὲ πρὸς χάριν ἢ δι’ ἀσθένειαν ὑποφερομένων, ἀνομία καὶ ἀταξία κατέσχε τὴν Σπάρτην ἐπὶ πολὺν χρόνον· ὑφ’ ἧς καὶ τὸν πατέρα τοῦ Λυκούργου βασιλεύοντα συνέβη τελευτῆσαι. διερύκων γὰρ ἁψιμαχίαν τινά, μαγειρικῇ κοπίδι πληγεὶς ἀπέθανε, τῷ πρεσβυτέρῳ παιδὶ Πολυδέκτῃ καταλιπὼν τὴν βασιλείαν.

[3] [1] Ἀποθανόντος δὲ καὶ τούτου μετ’ ὀλίγον χρόνον ἔδει βασιλεύειν, ὡς πάντες ᾤοντο, τὸν Λυκοῦργον· καὶ πρίν γε τὴν γυναῖκα τοῦ ἀδελφοῦ φανερὰν γενέσθαι κύουσαν ἐβασίλευεν. ἐπεὶ δὲ τοῦτο τάχιστα ᾔσθετο, τὴν μὲν βασιλείαν ἀπέφηνε τοῦ παιδὸς οὖσαν, ἄνπερ ἄρρην γένηται, τὴν δὲ ἀρχὴν αὐτὸς ὡς ἐπίτροπος διεῖπε. τοὺς δὲ τῶν ὀρφανῶν βασιλέων ἐπιτρόπους Λακεδαιμόνιοι [2] προδίκους ὠνόμαζον. ὡς δὲ ἡ γυνὴ προσέπεμπε κρύφα καὶ λόγους ἐποιεῖτο, βουλομένη διαφθεῖραι τὸ βρέφος ἐπὶ τῷ συνοικεῖν ἐκείνῳ βασιλεύοντι τῆς Σπάρτης, τὸ μὲν ἦθος αὐτῆς ἐμίσησε, πρὸς δὲ τὸν λόγον αὐτὸν οὐκ ἀντεῖπεν, ἀλλ’ ἐπαινεῖν καὶ δέχεσθαι προσποιούμενος, οὐκ ἔφη δεῖν ἀμβλίσκουσαν αὐτὴν καὶ φαρμακευομένην διαλυμαίνεσθαι τὸ σῶμα καὶ κινδυνεύειν· αὐτῷ γὰρ μελήσειν ὅπως εὐθὺς ἐκποδὼν [3] ἔσται τὸ γεννηθέν. οὕτω δὲ παραγαγὼν ἄχρι τοῦ τόκου τὴν ἄνθρωπον, ὡς ᾔσθετο τίκτουσαν, εἰσέπεμψε παρέδρους ταῖς ὠδῖσιν αὐτῆς καὶ φύλακας, οἷς ἦν προστεταγμένον, ἐὰν μὲν θῆλυ τεχθῇ, παραδοῦναι ταῖς γυναιξίν, ἐὰν δὲ ἄρρεν, κομίσαι πρὸς ἑαυτὸν ὅ τι ἂν τύχῃ πράττων. ἔτυχε δὲ δειπνοῦντος αὐτοῦ μετὰ τῶν ἀρχόντων ἀποκυηθὲν ἄρρεν· καὶ παρῆσαν οἱ ὑπηρέται [4] τὸ παιδάριον αὐτῷ κομίζοντες. ὁ δὲ δεξάμενος, ὡς λέγεται, καὶ πρὸς τοὺς παρόντας εἰπών, “Βασιλεὺς ὑμῖν γέγονεν, ὦ Σπαρτιᾶται,” κατέκλινεν ἐν τῇ βασιλικῇ χώρᾳ καὶ Χαρίλαον ὠνόμασε διὰ τὸ τοὺς πάντας εἶναι περιχαρεῖς, ἀγαμένους αὐτοῦ τὸ φρόνημα καὶ τὴν δικαιοσύνην. ἐβασίλευσε δὲ μῆνας ὀκτὼ τὸ σύμπαν. ἦν δὲ καὶ τἆλλα περίβλεπτος ὑπὸ τῶν πολιτῶν, καὶ πλείονες ἐγένοντο τῶν ὡς ἐπιτρόπῳ βασιλέως καὶ βασιλικὴν ἐξουσίαν ἔχοντι

πειθομένων οἱ δι' ἀρετὴν προσέχοντες αὐτῷ καὶ ποιεῖν ἐθέλοντες ἑτοίμως τὸ προσταττόμενον.

[5] Ἦν δέ τι καὶ τὸ φθονοῦν καὶ πρὸς τὴν αὔξησιν ὄντι νέῳ πειρώμενον ἐνίστασθαι, μάλιστα μὲν οἱ συγγενεῖς καὶ οἰκεῖοι τῆς τοῦ βασιλέως μητρὸς ὑβρίσθαι δοκούσης, ὁ δὲ ἀδελφὸς αὐτῆς Λεωνίδας καὶ θρασύτερόν ποτε τῷ Λυκούργῳ λοιδορηθείς, ὑπεῖπεν ὡς εἰδείη σαφῶς μέλλοντα βασιλεύειν αὐτόν, ὑπόνοιαν διδοὺς καὶ προκαταλαμβάνων διαβολῇ τὸν Λυκοῦργον, εἴ τι συμβαίη τῷ βασιλεῖ παθεῖν, ὡς ἐπιβεβουλευκότα. τοιοῦτοι δέ τινες λόγοι καὶ παρὰ τῆς γυναικὸς ἐξεφοίτων· ἐφ' οἷς βαρέως φέρων καὶ δεδοικὼς τὸ ἄδηλον, ἔγνω φυγεῖν ἀποδημίᾳ τὴν ὑπόνοιαν, καὶ πλανηθῆναι μέχρις ἂν ὁ ἀδελφιδοῦς ἐν ἡλικίᾳ γενόμενος τεκνώσῃ διάδοχον τῆς βασιλείας.

[4] [1] Οὕτως ἀπάρας πρῶτον μὲν εἰς Κρήτην ἀφίκετο· καὶ τὰς αὐτόθι πολιτείας κατανοήσας καὶ συγγενόμενος τοῖς πρωτεύουσι κατὰ δόξαν ἀνδράσι, τὰ μὲν ἐζήλωσε καὶ παρέλαβε τῶν νόμων, ὡς οἴκαδε μετοίσων καὶ χρησόμενος, ἔστι δ' ὧν κατεφρόνησεν. ἕνα δὲ τῶν νομιζομένων ἐκεῖ σοφῶν καὶ πολιτικῶν χάριτι καὶ φιλίᾳ πείσας ἀπέστειλεν εἰς τὴν Σπάρτην, Θάλητα, ποιητὴν μὲν δοκοῦντα λυρικῶν μελῶν καὶ πρόσχημα τὴν τέχνην ταύτην πεποιημένον, ἔργῳ δὲ ἅπερ οἱ κράτιστοι τῶν νομοθετῶν διαπραττόμενον.

[2] λόγοι γὰρ ἦσαν αἱ ᾠδαὶ πρὸς εὐπείθειαν καὶ ὁμόνοιαν ἀνακλητικοί, διὰ μελῶν ἅμα καὶ ῥυθμῶν πολὺ τὸ κόσμιον ἐχόντων καὶ καταστατικόν, ὧν ἀκροώμενοι κατεπραΰνοντο λεληθότως τὰ ἤθη καὶ συνῳκειοῦντο τῷ ζήλῳ τῶν καλῶν ἐκ τῆς ἐπιχωριαζούσης τότε πρὸς ἀλλήλους κακοθυμίας, ὥστε τρόπον τινὰ τῷ Λυκούργῳ προοδοποιεῖν τὴν παίδευσιν αὐτῶν ἐκεῖνον.

[3] Ἀπὸ δὲ τῆς Κρήτης ὁ Λυκοῦργος ἐπὶ Ἀσίαν ἔπλευσε, βουλόμενος, ὡς λέγεται, ταῖς Κρητικαῖς διαίταις, εὐτελέσιν οὔσαις καὶ αὐστηραῖς, τὰς Ἰωνικὰς πολυτελείας καὶ τρυφάς, ὥσπερ ἰατρὸς σώμασιν ὑγιεινοῖς ὕπουλα καὶ νοσώδη, παραβαλὼν ἀποθεωρῆσαι τὴν διαφορὰν τῶν βίων καὶ [4] τῶν πολιτειῶν. ἐκεῖ δὲ καὶ τοῖς Ὁμήρου ποιήμασιν ἐντυχὼν πρῶτον, ὡς ἔοικε, παρὰ τοῖς ἐκγόνοις τοῖς Κρεοφύλου διατηρουμένοις, καὶ κατιδὼν ἐν αὐτοῖς τῆς πρὸς ἡδονὴν καὶ ἀκρασίαν διατριβῆς τὸ πολιτικὸν καὶ παιδευτικὸν οὐκ ἐλάττονος ἄξιον σπουδῆς ἀναμεμιγμένον, ἐγράψατο προθύμως καὶ συνήγαγεν ὡς δεῦρο κομιῶν. ἦν γάρ τις ἤδη δόξα τῶν ἐπῶν ἀμαυρὰ παρὰ τοῖς Ἕλλησιν, ἐκέκτηντο δὲ οὐ πολλοὶ μέρη τινά, σποράδην τῆς ποιήσεως, ὡς ἔτυχε, διαφερομένης· γνωρίμην δὲ αὐτὴν καὶ μάλιστα πρῶτος ἐποίησε Λυκοῦργος.

[5] Αἰγύπτιοι δὲ καὶ πρὸς αὐτοὺς ἀφικέσθαι τὸν Λυκοῦργον οἴονται, καὶ τὴν ἀπὸ τῶν ἄλλων γενῶν τοῦ μαχίμου διάκρισιν μάλιστα θαυμάσαντα

μετενεγκεῖν εἰς τὴν Σπάρτην, καὶ χωρίσαντα τοὺς βαναύσους καὶ χειροτέχνας ἀστεῖον ὡς ἀληθῶς τὸ πολίτευμα καὶ καθαρὸν ἀποδεῖξαι. ταῦτα μὲν οὖν Αἰγυπτίοις ἔνιοι καὶ τῶν Ἑλληνικῶν [6] συγγραφέων μαρτυροῦσιν· ὅτι δὲ καὶ Λιβύην καὶ Ἰβηρίαν ἐπῆλθεν ὁ Λυκοῦργος καὶ περὶ τὴν Ἰνδικὴν πλανηθεὶς τοῖς Γυμνοσοφισταῖς ὡμίλησεν, οὐδένα πλὴν Ἀριστοκράτη τὸν Ἱππάρχου Σπαρτιάτην εἰρηκότα γινώσκομεν.

[5] [1] Οἱ δὲ Λακεδαιμόνιοι τὸν Λυκοῦργον ἐπόθουν ἀπόντα καὶ μετεπέμποντο πολλάκις, ὡς τοὺς μὲν βασιλεῖς ὄνομα καὶ τιμήν, ἄλλο δὲ μηδὲν διαφέρον τῶν πολλῶν ἔχοντας, ἐν ἐκείνῳ δὲ φύσιν ἡγεμονικὴν καὶ δύναμιν ἀνθρώπων ἀγωγὸν οὖσαν. οὐ μὴν οὐδὲ τοῖς βασιλεῦσιν ἦν ἀβούλητος ἡ παρουσία τοῦ ἀνδρός, ἀλλ’ ἤλπιζον ἐκείνου συμπαρόντος ἧττον ὑβρίζουσι χρῆσθαι τοῖς πολλοῖς.

[2] ἐπανελθὼν οὖν πρὸς οὕτω διακειμένους εὐθὺς ἐπεχείρει τὰ παρόντα κινεῖν καὶ μεθιστάναι τὴν πολιτείαν, ὡς τῶν κατὰ μέρος νόμων οὐδὲν ἔργον οὐδὲ ὄφελος, εἰ μή τις ὥσπερ σώματι πονηρῷ καὶ γέμοντι παντοδαπῶν νοσημάτων τὴν ὑπάρχουσαν ἐκτήξας καὶ μεταβαλὼν κρᾶσιν ὑπὸ φαρμάκων καὶ καθαρμῶν ἑτέρας ἄρξεται καινῆς διαίτης.

[3] διανοηθεὶς δὲ ταῦτα πρῶτον μὲν ἀπεδήμησεν εἰς Δελφούς· καὶ τῷ θεῷ θύσας καὶ χρησάμενος ἐπανῆλθε τὸν διαβόητον ἐκεῖνον χρησμὸν κομίζων, ᾧ θεοφιλῆ μὲν αὐτὸν ἡ Πυθία προσεῖπε καὶ θεὸν μᾶλλον ἢ ἄνθρωπον, εὐνομίας δὲ χρῄζοντι διδόναι καὶ καταινεῖν ἔφη τὸν θεὸν ἣ πολὺ κρατίστη τῶν ἄλλων ἔσται πολιτειῶν.

[4] Ἐπαρθεὶς δὲ τούτοις προσήγετο τοὺς ἀρίστους καὶ συνεφάπτεσθαι παρεκάλει, κρύφα διαλεγόμενος τοῖς φίλοις πρῶτον, εἶτα οὕτως κατὰ μικρὸν ἁπτόμενος πλειόνων καὶ συνιστὰς ἐπὶ τὴν πρᾶξιν. ὡς δ’ ὁ καιρὸς ἧκε, τριάκοντα τοὺς πρώτους ἐκέλευσε μετὰ τῶν ὅπλων ἕωθεν εἰς ἀγορὰν προελθεῖν ἐκπλήξεως ἕνεκα καὶ φόβου πρὸς τοὺς ἀντιπράττοντας. ὧν εἴκοσι τοὺς ἐπιφανεστάτους Ἕρμιππος ἀνέγραψε· τὸν δὲ μάλιστα τῶν Λυκούργου ἔργων κοινωνήσαντα πάντων καὶ συμπραγματευσάμενον τὰ περὶ τοὺς νόμους Ἀρθμιάδαν [5] ὀνομάζουσιν. ἀρχομένης δὲ τῆς ταραχῆς ὁ βασιλεὺς Χαρίλαος φοβηθεὶς ὡς ἐπ’ αὐτὸν ὅλης τῆς πράξεως συνισταμένης, κατέφυγε πρὸς τὴν Χαλκίοικον· εἶτα πεισθεὶς καὶ λαβὼν ὅρκους ἀνέστη καὶ μετεῖχε τῶν πραττομένων, φύσει πρᾶος ὤν· ὥς που καὶ λέγεται συμβασιλεύοντα τὸν Ἀρχέλαον αὐτῷ πρὸς τοὺς ἐγκωμιάζοντας τὸν νεανίσκον εἰπεῖν· “Πῶς δ’ ἂν εἴη Χαρίλαος ἀνὴρ ἀγαθός, ὃς οὐδὲ τοῖς πονηροῖς χαλεπός ἐστι;”

[6] Πλειόνων δὲ καινοτομουμένων ὑπὸ τοῦ Λυκούργου πρῶτον ἦν καὶ μέγιστον ἡ κατάστασις τῶν γερόντων, ἥν φησιν ὁ Πλάτων τῇ τῶν βασιλέων

ἀρχῇ φλεγμαινούσῃ μιχθεῖσαν καὶ γενομένην ἰσόψηφον εἰς τὰ μέγιστα σωτηρίαν ἅμα καὶ σωφροσύνην παρασχεῖν. αἰωρουμένη γὰρ ἡ πολιτεία καὶ ἀποκλίνουσα νῦν μὲν ὡς τοὺς βασιλεῖς ἐπὶ τυραννίδα, νῦν δὲ ὡς τὸ πλῆθος ἐπὶ [7] δημοκρατίαν, οἷον ἕρμα τὴν τῶν γερόντων ἀρχὴν ἐν μέσῳ θεμένη καὶ ἰσορροπήσασα τὴν ἀσφαλεστάτην τάξιν ἔσχε καὶ κατάστασιν, ἀεὶ τῶν ὀκτὼ καὶ εἴκοσι γερόντων τοῖς μὲν βασιλεῦσι προστιθεμένων ὅσον ἀντιβῆναι πρὸς δημοκρατίαν, αὖθις δὲ ὑπὲρ τοῦ μὴ γενέσθαι τυραννίδα τὸν δῆμον ἀναρρωννύντων. τοσούτους δέ φησι κατασταθῆναι τοὺς γέροντας Ἀριστοτέλης, ὅτι τριάκοντα τῶν πρώτων μετὰ Λυκούργου γενομένων δύο τὴν πρᾶξιν ἐγκατέλιπον ἀποδειλιάσαντες.

[8] ὁ δὲ Σφαῖρος ἐξ ἀρχῆς φησι τοσούτους γενέσθαι τοὺς τῆς γνώμης μετασχόντας. εἴη δ’ ἄν τι καὶ τὸ τοῦ ἀριθμοῦ δι’ ἑβδομάδος τετράδι πολλαπλασιασθείσης ἀποτελούμενον, καὶ ὅτι τοῖς αὑτοῦ μέρεσιν ἴσος ὢν μετὰ τὴν ἑξάδα τέλειός ἐστιν. ἐμοὶ δὲ δοκεῖ μάλιστα τοσούτους ἀποδεῖξαι τοὺς γέροντας ὅπως οἱ πάντες εἶεν τριάκοντα, τοῖς ὀκτὼ καὶ εἴκοσι τοῖν δυοῖν βασιλέοιν προστιθεμένοιν.

[6] [1] Οὕτω δὲ περὶ ταύτην ἐσπούδασε τὴν ἀρχὴν ὁ Λυκοῦργος ὥστε μαντείαν ἐκ Δελφῶν κομίσαι περὶ αὐτῆς, ἣν ῥήτραν καλοῦσιν. ἔχει δὲ οὕτως· “Διὸς Συλλανίου καὶ Ἀθανᾶς Συλλανίας ἱερὸν ἱδρυσάμενον, φυλὰς φυλάξαντα καὶ ὠβὰς ὠβάξαντα, τριάκοντα γερουσίαν σὺν ἀρχαγέταις καταστήσαντα, ὥρας ἐξ ὥρας ἀπελλάζειν μεταξὺ Βαβύκας τε καὶ Κνακιῶνος, οὕτως εἰσφέρειν τε καὶ ἀφίστασθαι· δάμῳ δὲ τὰν κυρίαν ἦμεν καὶ [2] κράτος.” ἐν τούτοις τὸ μὲν φυλὰς φυλάξαι καὶ ὠβὰς ὠβάξαι διελεῖν ἐστι καὶ κατανεῖμαι τὸ πλῆθος εἰς μερίδας, ὧν τὰς μὲν φυλάς, τὰς δὲ ὠβὰς προσηγόρευκεν. ἀρχαγέται δὲ οἱ βασιλεῖς λέγονται, τὸ δὲ ἀπελλάζειν ἐκκλησιάζειν· ὅτι τὴν ἀρχὴν καὶ τὴν αἰτίαν τῆς πολιτείας εἰς τὸν Πύθιον ἀνῆψε. τὴν δὲ Βαβύκαν Χείμαρρος, καὶ τὸν Κνακιῶνα νῦν Οἰνοῦντα προσαγορεύουσιν· Ἀριστοτέλης δὲ τὸν μὲν Κνακιῶνα ποταμόν, τὴν δὲ [3] Βαβύκαν γέφυραν. ἐν μέσῳ δὲ τούτων τὰς ἐκκλησίας ἦγον, οὔτε παστάδων οὐσῶν οὔτε ἄλλης τινὸς κατασκευῆς. οὐθὲν γὰρ ᾤετο ταῦτα πρὸς εὐβουλίαν εἶναι, μᾶλλον δὲ βλάπτειν, φλυαρώδεις ἀπεργαζόμενα καὶ χαύνους φρονήματι κενῷ τὰς διανοίας τῶν συμπορευομένων, ὅταν εἰς ἀγάλματα καὶ γραφὰς ἢ προσκήνια θεάτρων ἢ στέγας βουλευτηρίων ἠσκημένας περιττῶς ἐκκλησιάζοντες ἀποβλέπωσι. τοῦ δὲ πλήθους ἀθροισθέντος εἰπεῖν μὲν οὐδενὶ γνώμην τῶν ἄλλων ἐφεῖτο, τὴν δ’ ὑπὸ τῶν γερόντων καὶ τῶν βασιλέων προτεθεῖσαν [4] ἐπικρῖναι κύριος ἦν ὁ δῆμος. ὕστερον μέντοι τῶν πολλῶν ἀφαιρέσει καὶ προσθέσει τὰς γνώμας διαστρεφόντων καὶ παραβιαζομένων,

Πολύδωρος καὶ Θεόπομπος οἱ βασιλεῖς τάδε τῇ ῥήτρᾳ παρενέγραψαν· "Αἱ δὲ σκολιὰν ὁ δᾶμος ἕλοιτο, τοὺς πρεσβυγενέας καὶ ἀρχαγέτας ἀποστατῆρας ἦμεν," τοῦτ᾽ ἔστι μὴ κυροῦν, ἀλλ᾽ ὅλως ἀφίστασθαι καὶ διαλύειν τὸν δῆμον, ὡς ἐκτρέποντα καὶ μεταποιοῦντα [5] τὴν γνώμην παρὰ τὸ βέλτιστον. ἔπεισαν δὲ καὶ αὐτοὶ τὴν πόλιν ὡς τοῦ θεοῦ ταῦτα προστάσσοντος, ὥς που Τυρταῖος ἐπιμέμνηται διὰ τούτων·

Φοίβου ἀκούσαντες Πυθωνόθεν οἴκαδ᾽ ἔνεικαν
μαντείας τε θεοῦ καὶ τελέεντ᾽ ἔπεα·
ἄρχειν μὲν βουλῆς θεοτιμήτους βασιλῆας,
οἷσι μέλει Σπάρτας ἱμερόεσσα πόλις,
πρεσβύτας τε γέροντας, ἔπειτα δὲ δημότας ἄνδρας,
εὐθείαις ῥήτραις ἀνταπαμειβομένους.

[7] [1] Οὕτω τὸ πολίτευμα τοῦ Λυκούργου μίξαντος, ὅμως ἄκρατον ἔτι τὴν ὀλιγαρχίαν καὶ ἰσχυρὰν οἱ μετ᾽ αὐτὸν ὁρῶντες σπαργῶσαν καὶ θυμουμένην, ὥς φησιν ὁ Πλάτων, οἷον ψάλιον ἐμβάλλουσιν αὐτῇ τὴν τῶν ἐφόρων δύναμιν, ἔτεσί που μάλιστα τριάκοντα καὶ ἑκατὸν μετὰ Λυκοῦργον πρώτων τῶν περὶ Ἔλατον ἐφόρων κατασταθέντων [2] ἐπὶ Θεοπόμπου βασιλεύοντος· ὃν καί φασιν ὑπὸ τῆς ἑαυτοῦ γυναικὸς ὀνειδιζόμενον ὡς ἐλάττω παραδώσοντα τοῖς παισὶ τὴν βασιλείαν ἢ παρέλαβε, "Μείζω μὲν οὖν," εἰπεῖν, "ὅσῳ χρονιωτέραν." τῷ γὰρ ὄντι τὸ ἄγαν ἀποβαλοῦσα μετὰ τοῦ φθόνου διέφυγε τὸν κίνδυνον, ὥστε μὴ παθεῖν ἃ Μεσσήνιοι καὶ Ἀργεῖοι τοὺς παρ᾽ αὐτοῖς βασιλεῖς ἔδρασαν, μηδὲν ἐνδοῦναι μηδὲ χαλάσαι τῆς ἐξουσίας ἐπὶ τὸ δημοτικὸν ἐθελήσαντας. ὃ καὶ μάλιστα τὴν Λυκούργου σοφίαν καὶ πρόνοιαν ἐποίησε φανερὰν εἰς τὰς Μεσσηνίων καὶ Ἀργείων, συγγενῶν καὶ γειτόνων, δήμων καὶ βασιλέων στάσεις [3] καὶ κακοπολιτείας ἀφορῶσιν, οἳ τῶν ἴσων ἀπ᾽ ἀρχῆς τετυχηκότες, ἐν δὲ τῷ κλήρῳ καὶ πλέον ἔχειν ἐκείνων δόξαντες, οὐκ ἐπὶ πολὺν χρόνον εὐδαιμόνησαν, ἀλλ᾽ ὕβρει μὲν τῶν βασιλέων, οὐκ εὐπειθείᾳ δὲ τῶν ὄχλων, τὰ καθεστῶτα συνταράξαντες ἔδειξαν ὅτι θεῖον ἦν ὡς ἀληθῶς εὐτύχημα τοῖς Σπαρτιάταις ὁ τὴν πολιτείαν ἁρμοσάμενος καὶ κεράσας παρ᾽ αὐτοῖς. ταῦτα μὲν οὖν ὕστερον.

[8] [1] Δεύτερον δὲ τῶν Λυκούργου πολιτευμάτων καὶ νεανικώτατον ὁ τῆς γῆς ἀναδασμός ἐστι. δεινῆς γὰρ οὔσης ἀνωμαλίας καὶ πολλῶν ἀκτημόνων καὶ ἀπόρων ἐπιφερομένων τῇ πόλει, τοῦ δὲ πλούτου παντάπασιν εἰς ὀλίγους συνερρυηκότος, ὕβριν καὶ φθόνον καὶ κακουργίαν καὶ τρυφὴν καὶ τὰ τούτων ἔτι πρεσβύτερα καὶ μείζω νοσήματα [2] πολιτείας, πλοῦτον καὶ πενίαν, ἐξελαύνων, συνέπεισε τὴν χώραν ἅπασαν εἰς μέσον θέντας ἐξ ἀρχῆς ἀναδάσασθαι, καὶ ζῆν μετ᾽ ἀλλήλων ἅπαντας ὁμαλεῖς καὶ ἰσοκλήρους τοῖς

βίοις γενομένους, τὸ δὲ πρωτεῖον ἀρετῇ μετιόντας, ὡς ἄλλης ἑτέρῳ πρὸς ἕτερον οὐκ οὔσης διαφορᾶς οὐδὲ ἀνισότητος, πλὴν ὅσην αἰσχρῶν ψόγος ὁρίζει καὶ καλῶν ἔπαινος.

[3] Ἐπάγων δὲ τῷ λόγῳ τὸ ἔργον ἔνειμε τὴν μὲν ἄλλην τοῖς περιοίκοις Λακωνικὴν τρισμυρίους κλήρους, τὴν δὲ εἰς τὸ ἄστυ τὴν Σπάρτην συντελοῦσαν ἐνακισχιλίους· τοσοῦτοι γὰρ ἐγένοντο κλῆροι Σπαρτιατῶν· ἔνιοι δέ φασι τὸν μὲν Λυκοῦργον ἑξακισχιλίους νεῖμαι, τρισχιλίους δὲ μετὰ ταῦτα προσθεῖναι Πολύδωρον· οἱ δὲ τοὺς μὲν ἡμίσεις τῶν ἐνακισχιλίων τοῦτον, τοὺς δὲ [4] ἡμίσεις Λυκοῦργον. ὁ δὲ κλῆρος ἦν ἑκάστου τοσοῦτος ὥστε ἀποφορὰν φέρειν ἀνδρὶ μὲν ἑβδομήκοντα κριθῶν μεδίμνους, γυναικὶ δὲ δώδεκα, καὶ τῶν ὑγρῶν καρπῶν ἀναλόγως τὸ πλῆθος. ἀρκέσειν γὰρ ᾤετο τοσοῦτον αὐτοῖς, τῆς τροφῆς πρὸς εὐεξίαν καὶ ὑγείαν ἱκανῆς, ἄλλου δὲ μηδενὸς δεησομένοις. λέγεται δ’ αὐτὸν ὕστερόν ποτε χρόνῳ τὴν χώραν διερχόμενον ἐξ ἀποδημίας ἄρτι τεθερισμένην, ὁρῶντα τοὺς σωροὺς παραλλήλους καὶ ὁμαλεῖς, μειδιᾶσαι, καὶ εἰπεῖν πρὸς τοὺς παρόντας ὡς ἡ Λακωνικὴ φαίνεται πᾶσα πολλῶν ἀδελφῶν εἶναι νεωστὶ νενεμημένων.

[9] [1] Ἐπιχειρήσας δὲ καὶ τὰ ἔπιπλα διαιρεῖν, ὅπως παντάπασιν ἐξέλοι τὸ ἄνισον καὶ ἀνώμαλον, ἐπεὶ χαλεπῶς ἑώρα προσδεχομένους τὴν ἄντικρυς ἀφαίρεσιν, ἑτέρᾳ περιῆλθεν ὁδῷ καὶ κατεπολιτεύσατο τὴν ἐν τούτοις πλεονεξίαν. πρῶτον μὲν γὰρ ἀκυρώσας πᾶν νόμισμα χρυσοῦν καὶ ἀργυροῦν μόνῳ χρῆσθαι τῷ σιδηρῷ προσέταξε· καὶ τούτῳ δὲ ἀπὸ πολλοῦ σταθμοῦ καὶ ὄγκου δύναμιν ὀλίγην ἔδωκεν, ὥστε δέκα μνῶν ἀμοιβὴν ἀποθήκης τε μεγάλης ἐν οἰκίᾳ [2] δεῖσθαι καὶ ζεύγους ἄγοντος. τούτου δὲ κυρωθέντος ἐξέπεσεν ἀδικημάτων γένη πολλὰ τῆς Λακεδαίμονος. τίς γὰρ ἢ κλέπτειν ἔμελλεν ἢ δωροδοκεῖν ἢ ἀποστερεῖν ἢ ἁρπάζειν ὃ μήτε κατακρύψαι δυνατὸν ἦν μήτε κεκτῆσθαι ζηλωτόν, ἀλλὰ μηδὲ κατακόψαι λυσιτελές· ὄξει γάρ, ὡς λέγεται, διαπύρου σιδήρου τὸ στόμωμα κατασβέσας ἀφείλετο τὴν εἰς τἆλλα χρείαν καὶ δύναμιν, ἀδρανοῦς καὶ δυσέργου γενομένου.

[3] Μετὰ δὲ τοῦτο τῶν ἀχρήστων καὶ περισσῶν ἐποιεῖτο τεχνῶν ξενηλασίαν. ἔμελλον δέ που καὶ μηδενὸς ἐξελαύνοντος αἱ πολλαὶ τῷ κοινῷ νομίσματι συνεκπεσεῖσθαι, διάθεσιν τῶν ἔργων οὐκ ἐχόντων. τὸ γὰρ σιδηροῦν ἀγώγιμον οὐκ ἦν πρὸς τοὺς ἄλλους Ἕλληνας οὐδ’ εἶχε τιμὴν καταγελώμενον, ὥστε οὐδὲ πρίασθαί τι τῶν ξενικῶν καὶ ῥωπικῶν ὑπῆρχεν, οὐδ’ εἰσέπλει φόρτος ἐμπορικὸς εἰς τοὺς λιμένας, οὐδὲ ἐπέβαινε τῆς Λακωνικῆς οὐ σοφιστὴς λόγων, οὐ μάντις ἀγυρτικός, οὐχ ἑταιρῶν τροφεύς, οὐ χρυσῶν τις, οὐκ ἀργυρῶν καλλωπισμάτων δημιουργός, ἅτε δὴ νομίσματος [4] οὐκ ὄντος. ἀλλὰ οὕτως ἀπερημωθεῖσα κατὰ μικρὸν ἡ τρυφὴ τῶν

ζωπυρούντων καὶ τρεφόντων αὐτὴ δι’ αὑτῆς ἐμαραίνετο· καὶ πλεῖον οὐδὲν ἦν τοῖς πολλὰ κεκτημένοις, ὁδὸν οὐκ ἐχούσης εἰς μέσον τῆς εὐπορίας, ἀλλ’ ἐγκατῳκοδομημένης καὶ ἀργούσης. διὸ καὶ τὰ πρόχειρα τῶν σκευῶν καὶ ἀναγκαῖα ταῦτα, κλιντῆρες καὶ δίφροι καὶ τράπεζαι, βέλτιστα παρ’ αὐτοῖς ἐδημιουργεῖτο, καὶ κώθων ὁ Λακωνικὸς εὐδοκίμει μάλιστα πρὸς τὰς στρατείας, [5] ὥς φησι Κριτίας. τὰ γὰρ ἀναγκαίως πινόμενα τῶν ὑδάτων καὶ δυσωποῦντα τὴν ὄψιν ἀπεκρύπτετο τῇ χρόᾳ, καὶ τοῦ θολεροῦ προσκόπτοντος ἐντὸς καὶ προσισχομένου τοῖς ἄμβωσι, καθαρώτερον ἐπλησίαζε τῷ στόματι τὸ πινόμενον. αἴτιος δὲ καὶ τούτων ὁ νομοθέτης· ἀπηλλαγμένοι γὰρ οἱ δημιουργοὶ τῶν ἀχρήστων ἐν τοῖς ἀναγκαίοις ἐπεδείκνυντο τὴν καλλιτεχνίαν.

[10] [1] Ἔτι δὲ μᾶλλον ἐπιθέσθαι τῇ τρυφῇ καὶ τὸν ζῆλον ἀφελέσθαι τοῦ πλούτου διανοηθείς, τὸ τρίτον πολίτευμα καὶ κάλλιστον ἐπῆγε, τὴν τῶν συσσιτίων κατασκευήν, ὥστε δειπνεῖν μετ’ ἀλλήλων συνιόντας ἐπὶ κοινοῖς καὶ τεταγμένοις ὄψοις καὶ σιτίοις, οἴκοι δὲ μὴ διαιτᾶσθαι κατακλινέντας εἰς στρωμνὰς πολυτελεῖς καὶ τραπέζας, χερσὶ δημιουργῶν καὶ μαγείρων ὑπὸ σκότος, ὥσπερ [2] ἀδηφάγα ζῷα, πιαινομένους, καὶ διαφθείροντας ἅμα τοῖς ἤθεσι τὰ σώματα πρὸς πᾶσαν ἐπιθυμίαν ἀνειμένα καὶ πλησμονήν, μακρῶν μὲν ὕπνων, θερμῶν δὲ λουτρῶν, πολλῆς δὲ ἡσυχίας καὶ τρόπον τινὰ νοσηλείας καθημερινῆς δεομένην. μέγα μὲν οὖν καὶ τοῦτο ἦν, μεῖζον δὲ τὸ τὸν πλοῦτον ἄζηλον, ὥς φησι Θεόφραστος, καὶ ἄπλουτον ἀπεργάσασθαι τῇ κοινότητι τῶν δείπνων καὶ τῇ περὶ [3] τὴν δίαιταν εὐτελείᾳ. χρῆσις γὰρ οὐκ ἦν οὐδὲ ἀπόλαυσις οὐδὲ ὄψις ὅλως ἢ ἐπίδειξις τῆς πολλῆς παρασκευῆς, ἐπὶ τὸ αὐτὸ δεῖπνον τῷ πένητι τοῦ πλουσίου βαδίζοντος· ὥστε τοῦτο δὴ τὸ θρυλούμενον ἐν μόνῃ τῶν ὑπὸ τὸν ἥλιον πόλεων τῇ Σπάρτῃ βλέπεσθαι, τυφλὸν ὄντα τὸν πλοῦτον καὶ κείμενον ὥσπερ γραφὴν ἄψυχον καὶ ἀκίνητον. οὐδὲ γὰρ οἴκοι προδειπνήσαντας ἐξῆν βαδίζειν ἐπὶ τὰ συσσίτια πεπληρωμένους, ἀλλ’ ἐπιμελῶς οἱ λοιποὶ παραφυλάττοντες τὸν μὴ πίνοντα μηδὲ ἐσθίοντα μετ’ αὐτῶν ἐκάκιζον ὡς ἀκρατῆ καὶ πρὸς τὴν κοινὴν ἀπομαλακιζόμενον δίαιταν.

[11] [1] Διὸ καὶ μάλιστά φασι τῷ Λυκούργῳ πρὸς τοῦτο τὸ πολίτευμα χαλεποὺς γενέσθαι τοὺς εὐπόρους, καὶ συστάντας ἐπ’ αὐτὸν ἀθρόους καταβοᾶν καὶ ἀγανακτεῖν· τέλος δὲ βαλλόμενος ὑπὸ πολλῶν ἐξέπεσε τῆς ἀγορᾶς δρόμῳ. καὶ τοὺς μὲν ἄλλους ἔφθασεν εἰς ἱερὸν καταφυγών· εἷς δέ τις νεανίσκος, ἄλλως μὲν οὐκ ἀφυής, ὀξὺς δὲ καὶ θυμοειδής, Ἄλκανδρος, ἐπικείμενος καὶ διώκων ἐπιστραφέντος αὐτοῦ τῇ βακτηρίᾳ πατάξας [2] τὸν ὀφθαλμὸν ἐξέκοψεν. ὁ μὲν οὖν Λυκοῦργος οὐδὲν ἐνδοὺς πρὸς τὸ πάθος, ἀλλὰ στὰς ἐναντίος ἔδειξε τοῖς πολίταις τὸ πρόσωπον ᾑμαγμένον καὶ

διεφθαρμένην τὴν ὄψιν· αἰδὼς δὲ πολλὴ καὶ κατήφεια τοὺς ἰδόντας ἔσχεν, ὥστε παραδοῦναι τὸν Ἄλκανδρον αὐτῷ καὶ προπέμψαι μέχρι τῆς οἰκίας συναγανακτοῦντας. ὁ δὲ Λυκοῦργος ἐκείνους μὲν ἐπαινέσας ἀφῆκε, τὸν δὲ Ἄλκανδρον εἰσαγαγὼν οἴκαδε κακὸν μὲν οὐδὲν οὔτ' ἐποίησεν οὔτ' εἶπεν, ἀπαλλάξας δὲ τοὺς συνήθεις ὑπηρέτας καὶ θεραπευτῆρας ἐκεῖνον ἐκέλευσεν ὑπηρετεῖν.

[3] ὁ δὲ οὐκ ὢν ἀγεννὴς ἐποίει τὸ προσταττόμενον σιωπῇ, καὶ παραμένων ἅμα τῷ Λυκούργῳ καὶ συνδιαιτώμενος ἐν τῷ κατανοεῖν τὴν πρᾳότητα καὶ τὸ ἀπαθὲς αὐτοῦ τῆς ψυχῆς καὶ τὸ περὶ τὴν δίαιταν αὐστηρὸν καὶ τὸ πρὸς τοὺς πόνους ἄκαμπτον, αὐτός τε δεινῶς διετέθη περὶ τὸν ἄνδρα, καὶ πρὸς τοὺς συνήθεις καὶ φίλους ἔλεγεν ὡς οὐ σκληρὸς οὐδ' αὐθάδης ὁ Λυκοῦργος, ἀλλὰ [4] μόνος ἥμερος καὶ πρᾷός ἐστι τοῖς ἄλλοις. οὕτω μὲν οὖν οὗτος ἐκεκόλαστο καὶ τοιαύτην ὑπεσχήκει δίκην, ἐκ πονηροῦ νέου καὶ αὐθάδους ἐμμελέστατος ἀνὴρ καὶ σωφρονικώτατος γενόμενος. τοῦ δὲ πάθους ὑπόμνημα Λυκοῦργος ἱδρύσατο τῆς Ἀθηνᾶς ἱερόν, ἣν Ὀπτιλῖτιν προσηγόρευσε· τοὺς γὰρ ὀφθαλμοὺς ὀπτίλους οἱ τῇδε Δωριεῖς καλοῦσιν. ἔνιοι μέντοι τὸν Λυκοῦργον, ὧν καὶ Διοσκορίδης ἐστὶν ὁ συντεταγμένος τὴν Λακωνικὴν πολιτείαν, πληγῆναι μέν φασιν, οὐ τυφλωθῆναι δὲ τὸν ὀφθαλμόν, ἀλλὰ καὶ τὸ ἱερὸν τῇ θεῷ τῆς ἀκέσεως χαριστήριον ἱδρύσασθαι. τὸ μέντοι φέρειν βακτηρίαν ἐκκλησιάζοντες οἱ Σπαρτιᾶται μετὰ τὴν συμφορὰν ἐκείνην ἀπέμαθον.

[12] [1] Τὰ δὲ συσσίτια Κρῆτες μὲν ἀνδρεῖα, Λακεδαιμόνιοι δὲ φιδίτια προσαγορεύουσιν, εἴτε ὡς φιλίας καὶ φιλοφροσύνης ὑπαρχόντων, ἀντὶ τοῦ λ τὸ δ λαμβάνοντες, εἴτε ὡς πρὸς εὐτέλειαν καὶ φειδὼ συνεθιζόντων. οὐδὲν δὲ κωλύει καὶ τὸν πρῶτον ἔξωθεν ἐπικεῖσθαι φθόγγον, ὥσπερ ἔνιοί φασιν, ἐδιτίων παρὰ τὴν δίαιταν καὶ τὴν [2] ἐδωδὴν λεγομένων. συνήρχοντο δὲ ἀνὰ πεντεκαίδεκα καὶ βραχεῖ τούτων ἐλάττους ἢ πλείους. ἔφερε δὲ ἕκαστος κατὰ μῆνα τῶν συσσίτων ἀλφίτων μέδιμνον, οἴνου χόας ὀκτώ, τυροῦ πέντε μνᾶς, σύκων ἡμιμναῖα πέντε, πρὸς δὲ τούτοις εἰς ὀψωνίαν μικρόν τι κομιδῇ νομίσματος. ἄλλως δὲ καὶ θύσας τις ἀπαρχὴν καὶ θηρεύσας μέρος ἔπεμψεν εἰς τὸ συσσίτιον. ἐξῆν γὰρ οἴκοι δειπνεῖν ὁπότε θύσας τις ἢ κυνηγῶν ὀψίσειε, τοὺς [3] δὲ ἄλλους ἔδει παρεῖναι. καὶ μέχρι γε πολλοῦ τὰς συσσιτήσεις ἀκριβῶς διεφύλαττον. Ἄγιδος γοῦν τοῦ βασιλέως, ὡς ἐπανῆλθεν ἀπὸ τῆς στρατείας καταπεπολεμηκὼς Ἀθηναίους, βουλομένου παρὰ τῇ γυναικὶ δειπνεῖν καὶ μεταπεμπομένου τὰς μερίδας, οὐκ ἔπεμψαν οἱ πολέμαρχοι, τοῦ δὲ μεθ' ἡμέραν ὑπ' ὀργῆς μὴ θύσαντος ἣν ἔδει θυσίαν, ἐζημίωσαν αὐτόν.

[4] Εἰς δὲ τὰ συσσίτια καὶ παῖδες ἐφοίτων, ὥσπερ εἰς διδασκαλεῖα σωφροσύνης ἀγόμενοι, καὶ λόγων ἠκροῶντο πολιτικῶν καὶ παιδευτὰς

ἐλευθερίας ἑώρων, αὐτοί τε παίζειν εἰθίζοντο καὶ σκώπτειν ἄνευ βωμολοχίας καὶ σκωπτόμενοι μὴ δυσχεραίνειν. σφόδρα γὰρ ἐδόκει καὶ τοῦτο Λακωνικὸν εἶναι, σκώμματος ἀνέχεσθαι· μὴ φέροντα δὲ ἐξῆν [5] παραιτεῖσθαι, καὶ ὁ σκώπτων ἐπέπαυτο. τῶν δ' εἰσιόντων ἑκάστῳ δείξας ὁ πρεσβύτατος τὰς θύρας, "Διὰ τούτων," φησίν, "ἔξω λόγος οὐκ ἐκπορεύεται." δοκιμάζεσθαι δὲ τὸν βουλόμενον τοῦ συσσιτίου μετασχεῖν οὕτω φασί. λαβὼν τῶν συσσίτων ἕκαστος ἀπομαγδαλίαν εἰς τὴν χεῖρα, τοῦ διακόνου φέροντος ἀγγεῖον ἐπὶ τῆς κεφαλῆς, ἔβαλλε σιωπῇ καθάπερ ψῆφον, ὁ μὲν δοκιμάζων ἁπλῶς, ὁ δ' ἐκκρίνων σφόδρα τῇ χειρὶ πιέσας.

[6] ἡ γὰρ πεπιεσμένη τὴν τῆς τετρημένης ἔχει δύναμιν. κἂν μίαν εὕρωσι τοιαύτην, οὐ προσδέχονται τὸν ἐπεισιόντα, βουλόμενοι πάντας ἡδομένους ἀλλήλοις συνεῖναι. τὸν δὲ οὕτως ἀποδοκιμασθέντα κεκαδδίσθαι λέγουσι· κάδδιχος γὰρ καλεῖται τὸ ἀγγεῖον εἰς ὃ τὰς ἀπομαγδαλίας ἐμβάλλουσι. τῶν δὲ ὄψων εὐδοκίμει μάλιστα παρ' αὐτοῖς ὁ μέλας ζωμός, ὥστε μηδὲ κρεαδίου δεῖσθαι τοὺς πρεσβυτέρους, ἀλλὰ παραχωρεῖν τοῖς νεανίσκοις, αὐτοὺς δὲ τοῦ ζωμοῦ καταχεομένους [7] ἑστιᾶσθαι. λέγεται δέ τινα τῶν Ποντικῶν βασιλέων ἕνεκα τοῦ ζωμοῦ καὶ πρίασθαι Λακωνικὸν μάγειρον· εἶτα γευσάμενον δυσχερᾶναι· καὶ τὸν μάγειρον εἰπεῖν· "Ὦ βασιλεῦ, τοῦτον δεῖ τὸν ζωμὸν ἐν τῷ Εὐρώτᾳ λελουμένους ἐποψᾶσθαι." πιόντες δὲ μετρίως ἀπίασι δίχα λαμπάδος. οὐ γὰρ ἔξεστι πρὸς φῶς βαδίζειν, οὔτε ταύτην οὔτε ἄλλην ὁδόν, ὅπως ἐθίζωνται σκότους καὶ νυκτὸς εὐθαρσῶς καὶ ἀδεῶς ὁδεύειν. τὰ μὲν οὖν συσσίτια τοιαύτην ἔχει τάξιν.

[13] [1] Νόμους δὲ γεγραμμένους ὁ Λυκοῦργος οὐκ ἔθηκεν, ἀλλὰ μία τῶν καλουμένων ῥητρῶν ἐστιν αὕτη. τὰ μὲν γὰρ κυριώτατα καὶ μέγιστα πρὸς εὐδαιμονίαν πόλεως καὶ ἀρετήν, ἐν τοῖς ἤθεσιν ᾤετο καὶ ταῖς ἀγωγαῖς τῶν πολιτῶν ἐγκατεστοιχειωμένα, μένειν ἀκίνητα καὶ βέβαια, ἔχοντα τὴν προαίρεσιν δεσμὸν ἰσχυρότερον τῆς ἀνάγκης, ἣν ἡ παίδευσις ἐμποιεῖ τοῖς νέοις, νομοθέτου διάθεσιν ἀπεργαζομένη περὶ ἕκαστον αὐτῶν.

[2] τὰ δὲ μικρὰ καὶ χρηματικὰ συμβόλαια καὶ μεταπίπτοντα ταῖς χρείαις ἄλλοτε ἄλλως, βέλτιον ἦν μὴ καταλαμβάνειν ἐγγράφοις ἀνάγκαις μηδὲ ἀκινήτοις ἔθεσιν, ἀλλ' ἐᾶν ἐπὶ τῶν καιρῶν, προσθέσεις λαμβάνοντα καὶ ἀφαιρέσεις, ἃς ἂν οἱ πεπαιδευμένοι δοκιμάσωσι. τὸ γὰρ ὅλον καὶ πᾶν τῆς νομοθεσίας ἔργον εἰς τὴν παιδείαν ἀνῆψε.

[3] Μία μὲν οὖν τῶν ῥητρῶν ἦν, ὥσπερ εἴρηται, μὴ χρῆσθαι νόμοις ἐγγράφοις. ἑτέρα δὲ πάλιν κατὰ τῆς πολυτελείας, ὅπως οἰκία πᾶσα τὴν μὲν ὀροφὴν ἀπὸ πελέκεως εἰργασμένην ἔχῃ, τὰς δὲ θύρας ἀπὸ πρίονος μόνου καὶ μηδενὸς τῶν ἄλλων ἐργαλείων. ὅπερ γὰρ ὕστερον Ἐπαμεινώνδαν εἰπεῖν

λέγουσιν ἐπὶ τῆς ἑαυτοῦ τραπέζης, ὡς τὸ τοιοῦτον ἄριστον οὐ χωρεῖ προδοσίαν, τοῦτο πρῶτος ἐνόησε Λυκοῦργος, ὡς οἰκία τοιαύτη τρυφὴν [4] οὐ χωρεῖ καὶ πολυτέλειαν, οὐδ' ἔστιν οὐδεὶς οὕτως ἀπειρόκαλος καὶ ἀνόητος ὥστε εἰς οἰκίαν ἀφελῆ καὶ δημοτικὴν εἰσφέρειν κλίνας ἀργυρόποδας καὶ στρωμνὰς ἁλουργεῖς καὶ χρυσᾶς κύλικας καὶ τὴν τούτοις ἑπομένην πολυτέλειαν, ἀλλ' ἀνάγκη συναρμόζεσθαι καὶ συνεξομοιοῦν τῇ μὲν οἰκίᾳ τὴν κλίνην, τῇ δὲ κλίνῃ τὴν ἐσθῆτα, ταύτῃ δὲ τὴν [5] ἄλλην χορηγίαν καὶ κατασκευήν. ἐκ δὲ ταύτης τῆς συνηθείας φασὶ καὶ Λεωτυχίδην τὸν πρεσβύτερον ἐν Κορίνθῳ δειπνοῦντα, καὶ θεασάμενον τῆς στέγης τοῦ οἴκου τὴν κατασκευὴν πολυτελῆ καὶ φατνωματικήν, ἐρωτῆσαι τὸν ξένον εἰ τετράγωνα παρ' αὐτοῖς τὰ ξύλα φύεται.

Τρίτην δὲ ῥήτραν διαμνημονεύουσι τοῦ Λυκούργου, τὴν κωλύουσαν ἐπὶ τοὺς αὐτοὺς πολεμίους πολλάκις στρατεύειν, ἵνα μὴ πολλάκις ἀμύνεσθαι [6] συνεθιζόμενοι πολεμικοὶ γένωνται. καὶ τοῦτό γε μάλιστα κατηγοροῦσιν Ἀγησιλάου τοῦ βασιλέως ὕστερον, ὡς ταῖς συνεχέσι καὶ πυκναῖς εἰς τὴν Βοιωτίαν ἐμβολαῖς καὶ στρατείαις τοὺς Θηβαίους ἀντιπάλους τοῖς Λακεδαιμονίοις κατασκευάσαντος. διὸ καὶ τετρωμένον αὐτὸν ἰδὼν Ἀνταλκίδας, "Καλά," ἔφη, "τὰ διδασκάλια παρὰ Θηβαίων ἀπολαμβάνεις, μὴ βουλομένους αὐτοὺς μηδὲ εἰδότας μάχεσθαι διδάξας." τὰ μὲν οὖν τοιαῦτα νομοθετήματα ῥήτρας ὠνόμασεν, ὡς παρὰ τοῦ θεοῦ κομιζόμενα καὶ χρησμοὺς ὄντα.

[14] [1] Τῆς δὲ παιδείας, ἣν μέγιστον ἡγεῖτο τοῦ νομοθέτου καὶ κάλλιστον ἔργον εἶναι, πόρρωθεν ἀρχόμενος εὐθὺς ἐπεσκόπει τὰ περὶ τοὺς γάμους καὶ τὰς γενέσεις. οὐ γάρ, ὡς Ἀριστοτέλης φησίν, ἐπιχειρήσας σωφρονίζειν τὰς γυναῖκας, ἐπαύσατο μὴ κρατῶν τῆς πολλῆς ἀνέσεως καὶ γυναικοκρατίας διὰ τὰς πολλὰς στρατείας τῶν ἀνδρῶν, ἐν αἷς ἠναγκάζοντο κυρίας ἀπολείπειν ἐκείνας, καὶ διὰ τοῦτο μᾶλλον τοῦ προσήκοντος αὐτὰς ἐθεράπευον καὶ δεσποίνας προσηγόρευον· ἀλλὰ καὶ τούτων τὴν ἐνδεχομένην ἐπιμέλειαν ἐποιήσατο.

[2] τὰ μέν γε σώματα τῶν παρθένων δρόμοις καὶ πάλαις καὶ βολαῖς δίσκων καὶ ἀκοντίων διεπόνησεν, ὡς ἥ τε τῶν γεννωμένων ῥίζωσις ἰσχυρὰν ἐν ἰσχυροῖς σώμασιν ἀρχὴν λαβοῦσα βλαστάνοι βέλτιον, αὐταί τε μετὰ ῥώμης τοὺς τόκους ὑπομένουσαι καλῶς ἅμα καὶ ῥᾳδίως ἀγωνίζοιντο πρὸς τὰς ὠδῖνας. ἀφελὼν δὲ θρύψιν καὶ σκιατραφίαν καὶ θηλύτητα πᾶσαν οὐδὲν ἧττον εἴθισε τῶν κόρων τὰς κόρας γυμνάς τε πομπεύειν καὶ πρὸς ἱεροῖς τισιν ὀρχεῖσθαι καὶ ᾄδειν τῶν νέων παρόντων [3] καὶ θεωμένων. ἔστι δὲ ὅτε καὶ σκώμματα λέγουσαι πρὸς ἕκαστον εὐχρήστως ἐπελαμβάνοντο τῶν

ἁμαρτανομένων· καὶ πάλιν εἰς τοὺς ἀξίους αὐτῶν ἐγκώμια μετ’ ᾠδῆς πεποιημένα διεξιοῦσαι, φιλοτιμίαν πολλὴν καὶ ζῆλον ἐνεποίουν τοῖς νεανίσκοις. ὁ γὰρ ἐγκωμιασθεὶς ἐπ’ ἀνδραγαθίᾳ καὶ κλεινὸς ἐν ταῖς παρθένοις γεγονὼς ἀπῄει μεγαλυνόμενος ὑπὸ τῶν ἐπαίνων· αἱ δὲ μετὰ παιδιᾶς καὶ σκωμμάτων δήξεις οὐδὲν ἀμβλύτεραι τῶν μετὰ σπουδῆς νουθετημάτων ἦσαν, ἅτε δὴ πρὸς τὴν θέαν ὁμοῦ τοῖς ἄλλοις πολίταις καὶ τῶν βασιλέων καὶ τῶν γερόντων συμπορευομένων.

[4] Ἡ δὲ γύμνωσις τῶν παρθένων οὐδὲν αἰσχρὸν εἶχεν, αἰδοῦς μὲν παρούσης, ἀκρασίας δὲ ἀπούσης, ἀλλ’ ἐθισμὸν ἀφελῆ καὶ ζῆλον εὐεξίας ἐνειργάζετο, καὶ φρονήματος τὸ θῆλυ παρέγευεν οὐκ ἀγεννοῦς, ὡς μηδὲν ἧττον αὐτῷ καὶ ἀρετῆς καὶ φιλοτιμίας μετουσίαν οὖσαν. ὅθεν αὐταῖς καὶ λέγειν ἐπῄει καὶ φρονεῖν οἷα καὶ περὶ Γοργοῦς ἱστόρηται τῆς Λεωνίδου γυναικός. εἰπούσης γάρ τινος, ὡς ἔοικε, ξένης πρὸς αὐτὴν ὡς “Μόναι τῶν ἀνδρῶν ἄρχετε ὑμεῖς αἱ Λάκαιναι,” “Μόναι γάρ,” ἔφη, “τίκτομεν ἄνδρας.”

[15] [1] Ἦν μὲν οὖν καὶ ταῦτα παρορμητικὰ πρὸς γάμον· λέγω δὲ τὰς πομπὰς τῶν παρθένων καὶ τὰς ἀποδύσεις καὶ τοὺς ἀγῶνας ἐν ὄψει τῶν νέων, ἀγομένων οὐ γεωμετρικαῖς, ἀλλ’ ἐρωτικαῖς, ὥς φησιν ὁ Πλάτων, ἀνάγκαις· οὐ μὴν ἀλλὰ καὶ ἀτιμίαν τινὰ προσέθηκε τοῖς ἀγάμοις. εἴργοντο γὰρ ἐν ταῖς γυμνοπαιδίαις τῆς θέας· τοῦ δὲ χειμῶνος οἱ μὲν ἄρχοντες αὐτοὺς ἐκέλευον ἐν κύκλῳ [2] γυμνοὺς περιϊέναι τὴν ἀγοράν, οἱ δὲ περιϊόντες ᾖδον εἰς αὑτοὺς ᾠδήν τινα πεποιημένην, ὡς δίκαια πάσχοιεν, ὅτι τοῖς νόμοις ἀπειθοῦσι· τιμῆς δὲ καὶ θεραπείας ἣν νέοι πρεσβυτέροις παρεῖχον, ἐστέρηντο. ὅθεν καὶ τὸ πρὸς Δερκυλλίδαν ῥηθὲν οὐδεὶς ἐμέμψατο, καίπερ εὐδόκιμον ὄντα στρατηγόν. ἐπιόντι γὰρ αὐτῷ τῶν νεωτέρων τις ἕδρας οὐχ ὑπεῖξεν, εἰπών, “Οὐδὲ γὰρ ἐμοὶ σὺ τὸν ὑπείξοντα γεγέννηκας.”

[3] Ἐγάμουν δὲ δι’ ἁρπαγῆς, οὐ μικρὰς οὐδὲ ἀώρους πρὸς γάμον, ἀλλὰ καὶ ἀκμαζούσας καὶ πεπείρους. τὴν δὲ ἁρπασθεῖσαν ἡ νυμφεύτρια καλουμένη παραλαβοῦσα, τὴν μὲν κεφαλὴν ἐν χρῷ περιέκειρεν, ἱματίῳ δὲ ἀνδρείῳ καὶ ὑποδήμασιν ἐνσκευάσασα κατέκλινεν ἐπὶ στιβάδα μόνην ἄνευ φωτός. ὁ δὲ νυμφίος οὐ μεθύων οὐδὲ θρυπτόμενος, ἀλλὰ νήφων, ὥσπερ ἀεί, δεδειπνηκὼς ἐν τοῖς φιδιτίοις, παρεισελθὼν ἔλυε τὴν ζώνην καὶ [4] μετήνεγκεν ἀράμενος ἐπὶ τὴν κλίνην. συνδιατρίψας δὲ χρόνον οὐ πολὺν ἀπῄει κοσμίως οὗπερ εἰώθει τὸ πρότερον, καθευδήσων μετὰ τῶν ἄλλων νέων. καὶ τὸ λοιπὸν οὕτως ἔπραττε, τοῖς μὲν ἡλικιώταις συνδιημερεύων καὶ συναναπαυόμενος, πρὸς δὲ τὴν νύμφην κρύφα μετ’ εὐλαβείας φοιτῶν, αἰσχυνόμενος καὶ δεδοικὼς μή τις αἴσθοιτο τῶν ἔνδον, ἅμα καὶ τῆς νύμφης ἐπιτεχνωμένης καὶ συνευπορούσης ὅπως ἂν ἐν καιρῷ καὶ λανθάνοντες [5] ἀλλήλοις συμπορεύοιντο. καὶ τοῦτο

ἔπραττον οὐκ ὀλίγον χρόνον, ἀλλ’ ὥστε καὶ παῖδας γενέσθαι ἐνίοις πρὶν ἐς ἡμέραν θεάσασθαι τὰς ἑαυτῶν γυναῖκας. ἡ δὲ τοιαύτη σύνοδος οὐ μόνον ἐγκρατείας καὶ σωφροσύνης ἄσκησις ἦν, ἀλλὰ τοῖς τε σώμασι γονίμους καὶ τῷ φιλεῖν ἀεὶ καινοὺς καὶ προσφάτους ἦγεν ἐπὶ τὴν κοινωνίαν, οὐ διακορεῖς οὐδ’ ἐξιτήλους ταῖς ἀνέδην κοινωνίαις, ἀλλ’ ἀεί τι λείψανον καὶ ὑπέκκαυμα πόθου καὶ χάριτος ἐναπολείποντας ἀλλήλοις.

[6] Τοσαύτην δὲ τοῖς γάμοις ἐπιστήσας αἰδῶ καὶ τάξιν, οὐδὲν ἧττον ἐξέβαλε τὴν κενὴν καὶ γυναικώδη ζηλοτυπίαν, ἐν καλῷ καταστήσας ὕβριν μὲν καὶ ἀναξίαν πᾶσαν εἴργειν ἀπὸ τοῦ γάμου, παίδων δὲ καὶ τεκνώσεως κοινωνεῖν τοῖς ἀξίοις, καταγελῶντας τῶν ὡς ἄμικτα καὶ ἀκοινώνητα [7] ταῦτα μετιόντων σφαγαῖς καὶ πολέμοις. ἐξῆν μὲν γὰρ ἀνδρὶ πρεσβυτέρῳ νέας γυναικός, εἰ δή τινα τῶν καλῶν καὶ ἀγαθῶν ἀσπάσαιτο νέων καὶ δοκιμάσειεν, εἰσαγαγεῖν παρ’ αὐτὴν καὶ πλήσαντα γενναίου σπέρματος ἴδιον αὑτοῖς ποιήσασθαι τὸ γεννηθέν. ἐξῆν δὲ πάλιν ἀνδρὶ χρηστῷ, τῶν εὐτέκνων τινὰ καὶ σωφρόνων θαυμάσαντι γυναικῶν ἑτέρῳ γεγαμημένην, πεῖσαι τὸν ἄνδρα συνελθεῖν, ὥσπερ ἐν χώρᾳ καλλικάρπῳ φυτεύοντα καὶ ποιούμενον παῖδας ἀγαθούς, ἀγαθῶν [8] ὁμαίμους καὶ συγγενεῖς ἐσομένους. πρῶτον μὲν γὰρ οὐκ ἰδίους ἡγεῖτο τῶν πατέρων τοὺς παῖδας, ἀλλὰ κοινοὺς τῆς πόλεως ὁ Λυκοῦργος, ὅθεν οὐκ ἐκ τῶν τυχόντων, ἀλλ’ ἐκ τῶν ἀρίστων ἐβούλετο γεγονότας εἶναι τοὺς πολίτας. ἔπειτα πολλὴν ἀβελτερίαν καὶ τῦφον ἐνεώρα τοῖς περὶ ταῦτα τῶν ἄλλων νομοθετήμασιν, οἳ κύνας μὲν καὶ ἵππους ὑπὸ τοῖς κρατίστοις τῶν ὀχείων βιβάζουσι χάριτι πείθοντες ἢ μισθῷ τοὺς κυρίους, τὰς δὲ γυναῖκας ἐγκλεισάμενοι φρουροῦσιν, ἐξ αὑτῶν μόνων τίκτειν ἀξιοῦντες, κἂν ἄφρονες [9] ὦσι, κἂν παρήλικες, κἂν νοσώδεις, ὡς οὐχὶ πρώτοις τοῖς κεκτημένοις καὶ τρέφουσι τῶν παίδων γινομένων πονηρῶν, ἐὰν ἐκ πονηρῶν γένωνται, καὶ τοὐναντίον χρηστῶν, ἂν τοιαύτης τύχωσι γενέσεως. ταῦτα δὲ οὕτως πραττόμενα φυσικῶς καὶ πολιτικῶς τότε τοσοῦτον ἀπεῖχε τῆς ὕστερον λεγομένης γενέσθαι περὶ τὰς γυναῖκας εὐχερείας ὥστε ὅλως ἄπιστον εἶναι τὸ τῆς μοιχείας παρ’ [10] αὐτοῖς. καὶ λόγος ἀπομνημονεύεται Γεράδα τινὸς Σπαρτιάτου τῶν σφόδρα παλαιῶν, ὃς ἐρωτηθεὶς ὑπὸ ξένου τί πάσχουσιν οἱ μοιχοὶ παρ’ αὐτοῖς, εἶπεν· “Ὦ ξένε, οὐδεὶς γίνεται μοιχὸς παρ’ ἡμῖν.” ἐκείνου δὲ ὑπολαβόντος, “Ἐὰν οὖν γένηται;” “Ταῦρον,” ἔφη ὁ Γεράδας, “ἐκτίνει μέγαν, ὃς ὑπερκύψας τὸ Ταΰγετον ἀπὸ τοῦ Εὐρώτα πίεται.” θαυμάσαντος δ’ ἐκείνου καὶ φήσαντος· “Πῶς δὲ ἂν γένοιτο βοῦς τηλικοῦτος;” γελάσας ὁ Γεράδας, “Πῶς δ’ ἄν,” ἔφη, “ἐν Σπάρτῃ μοιχὸς γένοιτο;” ταῦτα μὲν οὖν ἱστόρηται περὶ τῶν γάμων.

[16] [1] Τὸ δὲ γεννηθὲν οὐκ ἦν κύριος ὁ γεννήσας τρέφειν, ἀλλ᾽ ἔφερε λαβὼν εἰς τόπον τινὰ λέσχην καλούμενον, ἐν ᾧ καθήμενοι τῶν φυλετῶν οἱ πρεσβύτατοι καταμαθόντες τὸ παιδάριον, εἰ μὲν εὐπαγὲς εἴη καὶ ῥωμαλέον, τρέφειν ἐκέλευον, κλῆρον αὐτῷ τῶν ἐνακισχιλίων προσνείμαντες· εἰ δ᾽ ἀγεννὲς καὶ ἄμορφον, ἀπέπεμπον εἰς τὰς λεγομένας Ἀποθέτας, παρὰ Ταΰγετον βαραθρώδη [2] τόπον, ὡς οὔτε αὐτῷ ζῆν ἄμεινον ὂν οὔτε τῇ πόλει τὸ μὴ καλῶς εὐθὺς ἐξ ἀρχῆς πρὸς εὐεξίαν καὶ ῥώμην πεφυκός. ὅθεν οὐδὲ ὕδατι τὰ βρέφη, ἀλλ᾽ οἴνῳ περιέλουον αἱ γυναῖκες, βάσανόν τινα ποιούμεναι τῆς κράσεως αὐτῶν. λέγεται γὰρ ἐξίστασθαι τὰ ἐπιληπτικὰ καὶ νοσώδη πρὸς τὸν ἄκρατον ἀποσφακελίζοντα, τὰ δ᾽ ὑγιεινὰ μᾶλλον στομοῦσθαι καὶ κρατύνεσθαι τὴν [3] ἕξιν. ἦν δὲ περὶ τὰς τροφοὺς ἐπιμέλειά τις μετὰ τέχνης, ὥστ᾽ ἄνευ σπαργάνων ἐκτρεφούσας τὰ βρέφη τοῖς μέλεσι καὶ τοῖς εἴδεσιν ἐλευθέρια ποιεῖν, ἔτι δὲ εὔκολα ταῖς διαίταις καὶ ἄσικχα καὶ ἀθαμβῆ σκότου καὶ πρὸς ἐρημίαν ἄφοβα καὶ ἄπειρα δυσκολίας ἀγεννοῦς καὶ κλαυθμυρισμῶν. διὸ καὶ τῶν ἔξωθεν ἔνιοι τοῖς τέκνοις Λακωνικὰς ἐωνοῦντο τίτθας· καὶ τήν γε τὸν Ἀθηναῖον Ἀλκιβιάδην τιτθεύσασαν Ἀμύκλαν ἱστοροῦσι γεγονέναι Λάκαιναν.

[4] Ἀλλὰ τούτῳ μέν, ὡς Πλάτων φησί, Ζώπυρον ἐπέστησε παιδαγωγὸν Περικλῆς, οὐδέν τι τῶν ἄλλων διαφέροντα δούλων· τοὺς δὲ Σπαρτιατῶν παῖδας οὐκ ἐπὶ ὠνητοῖς οὐδὲ μισθίοις ἐποιήσατο παιδαγωγοῖς ὁ Λυκοῦργος, οὐδ᾽ ἐξῆν ἑκάστῳ τρέφειν οὐδὲ παιδεύειν ὡς ἐβούλετο τὸν υἱόν, ἀλλὰ πάντας εὐθὺς ἑπταετεῖς γενομένους παραλαμβάνων αὐτὸς εἰς ἀγέλας κατελόχιζε, καὶ συννόμους ποιῶν καὶ συντρόφους μετ᾽ ἀλλήλων [5] εἴθιζε συμπαίζειν καὶ συσχολάζειν. ἄρχοντα δ᾽ αὐτοῖς παρίστατο τῆς ἀγέλης τὸν τῷ φρονεῖν διαφέροντα καὶ θυμοειδέστατον ἐν τῷ μάχεσθαι· καὶ πρὸς τοῦτον ἀφεώρων καὶ προστάττοντος ἠκροῶντο καὶ κολάζοντος ἐκαρτέρουν, ὥστε τὴν παιδείαν εἶναι μελέτην εὐπειθείας. ἐπεσκόπουν δὲ οἱ πρεσβύτεροι παίζοντας αὐτούς, καὶ τὰ πολλὰ μάχας τινὰς ἐμβάλλοντες ἀεὶ καὶ φιλονεικίας, οὐ παρέργως κατεμάνθανον ὁποῖός ἐστι τὴν φύσιν ἕκαστος αὐτῶν πρὸς τὸ τολμᾶν καὶ μὴ φυγομαχεῖν ἐν ταῖς ἁμίλλαις.

[6] Γράμματα μὲν οὖν ἕνεκα τῆς χρείας ἐμάνθανον· ἡ δ᾽ ἄλλη πᾶσα παιδεία πρὸς τὸ ἄρχεσθαι καλῶς ἐγίνετο καὶ καρτερεῖν πονοῦντα καὶ νικᾶν μαχόμενον. διὸ καὶ τῆς ἡλικίας προερχομένης ἐπέτεινον αὐτῶν τὴν ἄσκησιν, ἐν χρῷ τε κείροντες καὶ βαδίζειν ἀνυποδήτους παίζειν τε γυμνοὺς ὡς τὰ πολλὰ συνεθίζοντες. γενόμενοι δὲ δωδεκαετεῖς ἄνευ χιτῶνος ἤδη διετέλουν, ἓν ἱμάτιον εἰς τὸν ἐνιαυτὸν λαμβάνοντες, αὐχμηροὶ τὰ σώματα καὶ λουτρῶν καὶ ἀλειμμάτων ἄπειροι· πλὴν ὀλίγας ἡμέρας τινὰς τοῦ ἐνιαυτοῦ τῆς

τοιαύτης φιλανθρωπίας [7] μετεῖχον. ἐκάθευδον δὲ ὁμοῦ κατ' ἴλην καὶ ἀγέλην ἐπὶ στιβάδων, ἃς αὐτοῖς συνεφόρουν, τοῦ παρὰ τὸν Εὐρώταν πεφυκότος καλάμου τὰ ἄκρα ταῖς χερσὶν ἄνευ σιδήρου κατακλάσαντες. ἐν δὲ τῷ χειμῶνι τοὺς λεγομένους λυκόφονας ὑπεβάλλοντο καὶ κατεμίγνυσαν ταῖς στιβάσι, θερμαντικὸν ἔχειν τι τῆς ὕλης δοκούσης.

[17] [1] Ἤδη δὲ τοῖς τηλικούτοις ἐρασταὶ τῶν εὐδοκίμων νέων συνανεστρέφοντο· καὶ προσεῖχον οἱ πρεσβύτεροι, καὶ μᾶλλον ἐπιφοιτῶντες εἰς τὰ γυμνάσια, καὶ μαχομένοις καὶ σκώπτουσιν ἀλλήλους παρατυγχάνοντες, οὐ παρέργως, ἀλλὰ τρόπον τινὰ πάντες οἰόμενοι πάντων καὶ πατέρες εἶναι καὶ παιδαγωγοὶ καὶ ἄρχοντες, ὥστε μήτε καιρὸν ἀπολείπεσθαι μήτε χωρίον ἔρημον τοῦ νουθετοῦντος τὸν ἁμαρτάνοντα καὶ κολάζοντος.

[2] οὐ μὴν ἀλλὰ καὶ παιδονόμος ἐκ τῶν καλῶν καὶ ἀγαθῶν ἀνδρῶν ἐτάττετο, καὶ κατ' ἀγέλας αὐτοὶ προΐσταντο τῶν λεγομένων εἰρένων ἀεὶ τὸν σωφρονέστατον καὶ μαχιμώτατον. εἴρενας δὲ καλοῦσι τοὺς ἔτος ἤδη δεύτερον ἐκ παίδων γεγονότας, μελλείρενας δὲ τῶν παίδων τοὺς πρεσβυτάτους. οὗτος οὖν ὁ εἴρην, εἴκοσι ἔτη γεγονώς, ἄρχει τε τῶν ὑποτεταγμένων ἐν ταῖς μάχαις, καὶ κατ' [3] οἶκον ὑπηρέταις χρῆται πρὸς τὸ δεῖπνον. ἐπιτάσσει δὲ τοῖς μὲν ἁδροῖς ξύλα φέρειν, τοῖς δὲ μικροτέροις λάχανα. καὶ φέρουσι κλέπτοντες, οἱ μὲν ἐπὶ τοὺς κήπους βαδίζοντες, οἱ δὲ εἰς τὰ τῶν ἀνδρῶν συσσίτια παρεισρέοντες εὖ μάλα πανούργως καὶ πεφυλαγμένως· ἂν δ' ἁλῷ, πολλὰς λαμβάνει πληγὰς τῇ μάστιγι, ῥᾳθύμως δοκῶν κλέπτειν καὶ ἀτέχνως. κλέπτουσι δὲ καὶ τῶν σιτίων ὅ τι ἂν δύνωνται, μανθάνοντες εὐφυῶς ἐπιτίθεσθαι τοῖς καθεύδουσιν ἢ ῥᾳθύμως φυλάττουσι.

[4] τῷ δὲ ἁλόντι ζημία πληγαὶ καὶ τὸ πεινῆν. γλίσχρον γὰρ αὐτοῖς ἐστι δεῖπνον, ὅπως δι' αὑτῶν ἀμυνόμενοι τὴν ἔνδειαν ἀναγκάζωνται τολμᾶν καὶ πανουργεῖν.

Καὶ τοῦτο μὲν ἔργον τῆς ὀλιγοσιτίας· πάρεργον δέ φασι τὴν τῶν σωμάτων αὔξησιν. φέρεται γὰρ εἰς μῆκος, ὅταν τὸ πνεῦμα μὴ πολλὴν σχῇ διατριβὴν καὶ ἀσχολίαν ὑπὸ πλήθους τροφῆς εἰς βάθος καὶ πλάτος πιεζόμενον, ἀλλ' ἄνω βαδίζῃ διὰ κουφότητα, τοῦ σώματος ἐκλύτως καὶ [5] ῥᾳδίως ἐπιδιδόντος. τὸ δ' αὐτὸ τοῦτο καὶ καλοὺς δοκεῖ ποιεῖν· αἱ γὰρ ἰσχναὶ καὶ διάκενοι μᾶλλον ἕξεις ὑπακούουσι πρὸς τὴν διάρθρωσιν, αἱ δὲ ὀγκώδεις καὶ πολύτροφοι διὰ βάρος ἀντιβαίνουσιν, ὥσπερ ἀμέλει καὶ τῶν ἐν τῷ κύειν καθαιρομένων γυναικῶν ἰσχνὰ μέν, εὐειδῆ δὲ καὶ γλαφυρὰ γίνεται τὰ βρέφη, διὰ τὴν ἐλαφρότητα τῆς ὕλης κρατουμένης μᾶλλον ὑπὸ τοῦ τυποῦντος. ἀλλὰ γὰρ ἡ μὲν αἰτία τοῦ συμβαίνοντος ἐν μέσῳ προκείσθω σκοπεῖν.

[18] [1] Οὕτω δὲ κλέπτουσι πεφροντισμένως οἱ παῖδες, ὥστε λέγεταί τις ἤδη σκύμνον ἀλώπεκος κεκλοφὼς καὶ τῷ τριβωνίῳ περιστέλλων, σπαρασσόμενος ὑπὸ τοῦ θηρίου τὴν γαστέρα τοῖς ὄνυξι καὶ τοῖς ὀδοῦσιν, ὑπὲρ τοῦ λαθεῖν ἐγκαρτερῶν ἀποθανεῖν. καὶ τοῦτο μὲν οὐδὲ ἀπὸ τῶν νῦν ἐφήβων ἄπιστόν ἐστιν, ὧν πολλοὺς ἐπὶ τοῦ βωμοῦ τῆς Ὀρθίας ἑωράκαμεν ἐναποθνήσκοντας ταῖς πληγαῖς.

[2] Δειπνήσας δὲ ὁ εἴρην κατακείμενος τῷ μὲν ᾆσαι προσέταξε τῶν παίδων, τῷ δὲ ἐρώτημά τι προὔβαλε πεφροντισμένης δεόμενον ἀποκρίσεως· οἷον, ὅστις ἄριστος ἐν τοῖς ἀνδράσιν, ἢ ποία τις ἡ τοῦδε πρᾶξις. ἐκ τούτου δὲ καὶ κρίνειν τὰ καλὰ καὶ πολυπραγμονεῖν εὐθὺς ἐξ ἀρχῆς εἰθίζοντο περὶ τῶν πολιτῶν. τὸ γὰρ ἐρωτηθέντα, τίς πολίτης ἀγαθός, ἢ τίς οὐκ εὐδόκιμος, ἀπορεῖν τοῦ ἀποκρίνασθαι, νωθρᾶς ἐποιοῦντο καὶ πρὸς [3] ἀρετὴν ἀφιλοτίμου ψυχῆς σημεῖον. ἔδει δὲ τὴν ἀπόκρισιν καὶ μετ’ αἰτίας εἶναι καὶ ἀποδείξεως εἰς βραχύν τινα συνηγμένης λόγον καὶ σύντομον· ὁ δὲ πλημμελῶς ἀποκρινάμενος ἐκολάζετο δῆγμα λαμβάνων ὑπὸ τοῦ εἴρενος εἰς τὸν ἀντίχειρα. πολλάκις δὲ καὶ πρεσβυτέρων παρόντων καὶ ἀρχόντων ὁ εἴρην ἐκόλαζε τοὺς παῖδας, ἀπόδειξιν διδοὺς εἰ μετὰ λόγου καὶ ὡς δεῖ κολάζει. καὶ κολάζων μὲν οὐκ ἐκωλύετο, τῶν δὲ παίδων ἀπελθόντων εὐθύνας ὑπεῖχεν, εἰ τραχύτερον τοῦ δέοντος ἐπετίμησεν ἢ τοὐναντίον ἐκλελυμένως καὶ ἀτόνως.

[4] Ἐκοινώνουν δὲ οἱ ἐρασταὶ τοῖς παισὶ τῆς δόξης ἐπ’ ἀμφότερα· καὶ λέγεταί ποτε παιδὸς ἐν τῷ μάχεσθαι φωνὴν ἀγεννῆ προεμένου ζημιωθῆναι τὸν ἐραστὴν ὑπὸ τῶν ἀρχόντων. οὕτω δὲ τοῦ ἐρᾶν ἐγκεκριμένου παρ’ αὐτοῖς, ὥστε καὶ τῶν παρθένων ἐρᾶν τὰς καλὰς καὶ ἀγαθὰς γυναῖκας, τὸ ἀντερᾶν οὐκ ἦν, ἀλλὰ μᾶλλον ἀρχὴν ἐποιοῦντο φιλίας πρὸς ἀλλήλους οἱ τῶν αὐτῶν ἐρασθέντες, καὶ διετέλουν κοινῇ σπουδάζοντες ὅπως ἄριστον ἀπεργάσαιντο τὸν ἐρώμενον.

[19] [1] Ἐδίδασκον δὲ τοὺς παῖδας καὶ λόγῳ χρῆσθαι πικρίαν ἔχοντι μεμιγμένην χάριτι καὶ πολλὴν ἀπὸ βραχείας λέξεως ἀναθεώρησιν. τὸ μὲν γὰρ σιδηροῦν νόμισμα μικρὰν ἔχειν ἐποίησεν ἀπὸ πολλοῦ σταθμοῦ δύναμιν ὁ Λυκοῦργος, ὡς εἴρηται, τὸ δὲ τοῦ λόγου νόμισμα τοὐναντίον ἀπ’ εὐτελοῦς καὶ ὀλίγης λέξεως εἰς πολλὴν καὶ περιττὴν κατεσκεύασε διάνοιαν, τῇ πολλῇ σιωπῇ τοὺς παῖδας ἀποφθεγματικοὺς καὶ πεπαιδευμένους πρὸς τὰς ἀποκρίσεις μηχανώμενος. ὡς γὰρ τὸ σπέρμα τῶν πρὸς τὰς συνουσίας ἀκολάστων ἄγονον ὡς τὰ πολλὰ καὶ ἄκαρπόν ἐστιν, οὕτως ἡ πρὸς τὸ λαλεῖν ἀκρασία κενὸν τὸν λόγον ποιεῖ [2] καὶ ἀνόητον. Ἆγις μὲν οὖν ὁ βασιλεύς, σκώπτοντος Ἀττικοῦ τινος τὰς Λακωνικὰς μαχαίρας εἰς τὴν μικρότητα, καὶ λέγοντος ὅτι ῥᾳδίως αὐτὰς οἱ θαυματοποιοὶ καταπίνουσιν ἐν τοῖς θεάτροις,

“Καὶ μὴν μάλιστα,” εἶπεν, “ἡμεῖς ἐφικνούμεθα τοῖς ἐγχειριδίοις τῶν πολεμίων·” ἐγὼ δὲ καὶ τὸν λόγον ὁρῶ τὸν Λακωνικὸν βραχὺν μὲν εἶναι δοκοῦντα, μάλιστα δὲ τῶν πραγμάτων ἐφικνούμενον, καὶ τῆς διανοίας ἁπτόμενον τῶν ἀκροωμένων.

[3] Καὶ γὰρ ὁ Λυκοῦργος αὐτὸς βραχυλόγος τις ἔοικε γενέσθαι καὶ ἀποφθεγματικός, εἰ δεῖ τεκμαίρεσθαι τοῖς ἀπομνημονεύμασιν· οἷόν ἐστι τὸ περὶ τὰς πολιτείας πρὸς τὸν ἀξιοῦντα ποιεῖν δημοκρατίαν ἐν τῇ πόλει· “Σὺ γάρ,” ἔφη, “πρῶτος ἐν τῇ οἰκίᾳ σου ποίησον δημοκρατίαν.” καὶ περὶ τῶν θυσιῶν πρὸς τὸν πυθόμενον διὰ τί μικρὰς οὕτω καὶ εὐτελεῖς ἔταξεν, “Ἵνα μή ποτε,”

[4] ἔφη, “τιμῶντες τὸ θεῖον διαλίπωμεν.” καὶ περὶ τῶν ἀθλημάτων, ταῦτα μόνα μὴ κωλύσαντος ἀγωνίζεσθαι τοὺς πολίτας ἐν οἷς χεὶρ οὐκ ἀνατείνεται. φέρονται δὲ αὐτοῦ καὶ δι’ ἐπιστολῶν ἀποκρίσεις τοιαῦται πρὸς τοὺς πολίτας. πῶς ἂν πολεμίων ἔφοδον ἀλεξοίμεθα; “Ἂν πτωχοὶ μένητε καὶ μὴ μέσδων ἅτερος θατέρω ἐρᾶτε ἦμεν.” καὶ πάλιν περὶ τῶν τειχῶν· “Οὐκ ἂν εἴη ἀτείχιστος πόλις ἅτις ἄνδρεσσι, καὶ οὐ πλίνθοις ἐστεφάνωται.” περὶ μὲν οὖν τούτων καὶ τῶν τοιούτων ἐπιστολῶν οὔτε ἀπιστῆσαι ῥᾴδιον οὔτε πιστεῦσαι.

[20] [1] Τῆς δὲ πρὸς τὰ μήκη τῶν λόγων διαβολῆς δείγματα τοιαῦτα τῶν ἀποφθεγμάτων ἐστί. Λεωνίδας ὁ βασιλεὺς ἀκαίρως τινὸς περὶ πραγμάτων οὐκ ἀχρήστων διαλεχθέντος, “Ὦ ξένε,” εἶπεν, “οὐκ ἐν δέοντι χρέῃ τῷ δέοντι.” Χαρίλαος δὲ ὁ ἀδελφιδοῦς τοῦ Λυκούργου περὶ τῆς ὀλιγότητος αὐτοῦ τῶν νόμων ἐρωτηθείς, εἶπεν ὡς οἱ λόγοις μὴ χρώμενοι πολλοῖς οὐδὲ νόμων δέονται πολλῶν.

[2] Ἀρχιδαμίδας δὲ μεμφομένων τινῶν Ἑκαταῖον τὸν σοφιστὴν ὅτι παραληφθεὶς εἰς τὸ συσσίτιον οὐδὲν ἔλεγεν, “Ὁ εἰδώς,” ἔφη, “λόγον καὶ καιρὸν οἶδεν.” ἃ δὲ τῶν πικρῶν ἔφην ἀπομνημονευμάτων οὐκ ἀμοιρεῖν χάριτος, τοιαῦτ’ ἐστί. Δημάρατος ἀνθρώπου πονηροῦ κόπτοντος αὐτὸν ἀκαίροις ἐρωτήμασι καὶ δὴ τοῦτο πολλάκις ἐρωτῶντος, “Τίς ἄριστος Σπαρτιατῶν;” ἔφη· “Ὁ τὶν ἀνομοιότατος.”

[3] Ἆγις δέ, ἐπαινούντων τινῶν τοὺς Ἠλείους ὡς καλῶς τὰ Ὀλύμπια καὶ δικαίως ἄγοντας, “Καὶ τί μέγα,” ἔφη, “Ἠλεῖοι ποιοῦντι δι’ ἐτῶν πέντε ἁμέρᾳ μιᾷ χρώμενοι τᾷ δικαιοσύνᾳ;” Θεόπομπος δὲ ξένου τινὸς εὔνοιαν ἐνδεικνυμένου, καὶ φάσκοντος ὡς παρὰ τοῖς αὑτοῦ πολίταις φιλολάκων καλεῖται, “Κάλλιον ἦν τοι,” εἶπεν, “ὦ ξένε, φιλοπολίταν [4] καλεῖσθαι.” Πλειστῶναξ δὲ ὁ Παυσανίου, ῥήτορος Ἀθηναίου τοὺς Λακεδαιμονίους ἀμαθεῖς ἀποκαλοῦντος, “Ὀρθῶς,” ἔφη, “λέγεις· μόνοι γὰρ Ἑλλάνων ἄμμες

οὐδὲν κακὸν μεμαθήκαμεν παρ’ ὑμῶν.” Ἀρχιδαμίδας δὲ πρὸς τὸν πυθόμενον πόσοι εἰσὶ Σπαρτιᾶται, “Ἱκανοί,” εἶπεν, “ὦ ξένε, τοὺς κακοὺς ἀπερύκειν.”

[5] Ἔστι δὲ καὶ τοῖς μετὰ παιδιᾶς εἰρημένοις ὑπ’ αὐτῶν τεκμήρασθαι τὸν ἐθισμόν. εἰθίζοντο γὰρ μηδέποτε χρῆσθαι τῷ λόγῳ παρέργως, μηδὲ ἀφιέναι φωνὴν ἥτις οὐκ ἁμῶς γέ πως εἶχέ τινος θεωρίας ἀξίαν διάνοιαν. ὁ μὲν γὰρ ἀκοῦσαι τοῦ μιμουμένου τὴν ἀηδόνα παρακαλούμενος, “Αὐτᾶς,” ἔφη, “ἄκουκα τήνας.” ὁ δὲ ἀναγνοὺς τὸ ἐπίγραμμα τοῦτο·

Σβεννύντας ποτὲ τούσδε τυραννίδα χάλκεος Ἄρης
εἷλε· Σελινοῦντος δ’ ἀμφὶ πύλας ἔθανον,

“Δικαίως,” εἶπε, “τεθνάκαντι τοὶ ἄνδρες· ἔδει γὰρ [6] ἀφέμεν ὅλαν αὐτὰν κατακαᾶμεν.” νεανίσκος δὲ πρὸς τὸν ἐπαγγελλόμενον αὐτῷ δώσειν ἀλεκτρυόνας ἀποθνήσκοντας ἐν τῷ μάχεσθαι, “Μὴ σύ γε,” εἶπεν, “ἀλλὰ δός μοι τῶν ἀποκτεινόντων ἐν τῷ μάχεσθαι.” ἕτερος δέ τις ἰδὼν ἐν ἀποχωρήσει θακεύοντας ἐπὶ δίφρων ἀνθρώπους, “Μὴ γένοιτο,” εἶπεν, “ἐνταῦθα καθίσαι ὅθεν οὐκ ἔστιν ὑπεξαναστῆναι πρεσβυτέρῳ.” τὸ μὲν οὖν τῶν ἀποφθεγμάτων εἶδος ἦν τοιοῦτον ὥστε καὶ λέγειν τινὰς οὐκ ἀτόπως ὅτι μᾶλλόν ἐστι τὸ φιλοσοφεῖν ἢ τὸ φιλογυμναστεῖν λακωνίζειν.

[21] [1] Ἡ δὲ περὶ τὰς ᾠδὰς καὶ τὰ μέλη παίδευσις οὐχ ἧττον ἐσπουδάζετο τῆς ἐν τοῖς λόγοις εὐζηλίας καὶ καθαριότητος, ἀλλὰ καὶ τὰ μέλη κέντρον εἶχεν ἐγερτικὸν θυμοῦ καὶ παραστατικὸν ὁρμῆς ἐνθουσιώδους καὶ πραγματικῆς, καὶ ἡ λέξις ἦν ἀφελὴς καὶ ἄθρυπτος ἐπὶ πράγμασι σεμνοῖς καὶ ἠθοποιοῖς. ἔπαινοι γὰρ ἦσαν ὡς τὰ πολλὰ τῶν τεθνηκότων ὑπὲρ τῆς Σπάρτης εὐδαιμονιζομένων, καὶ ψόγοι τῶν τρεσάντων, ὡς ἀλγεινὸν καὶ κακοδαίμονα βιούντων βίον, ἐπαγγελία τε καὶ μεγαλαυχία πρὸς ἀρετὴν πρέπουσα ταῖς ἡλικίαις· [2] ὧν ἕνεκα δείγματος οὐ χεῖρόν ἐστιν ἕν τι προενέγκασθαι. τριῶν γὰρ χορῶν κατὰ τὰς τρεῖς ἡλικίας συνισταμένων ἐν ταῖς ἑορταῖς, ὁ μὲν τῶν γερόντων ἀρχόμενος ᾖδεν·

Ἄμμες πόκ’ ἦμες ἄλκιμοι νεανίαι.

ὁ δὲ τῶν ἀκμαζόντων ἀμειβόμενος ἔλεγεν·

Ἄμμες δέ γ’ εἰμέν· αἰ δὲ λῇς, αὐγάσδεο.

ὁ δὲ τρίτος ὁ τῶν παίδων·

Ἄμμες δέ γ’ ἐσσόμεσθα πολλῷ κάρρονες.

[3] Ὅλως δὲ ἄν τις ἐπιστήσας τοῖς Λακωνικοῖς ποιήμασιν, ὧν ἔτι καθ’ ἡμᾶς ἔνια διεσώζετο, καὶ τοὺς ἐμβατηρίους ῥυθμοὺς ἀναλαβών, οἷς ἐχρῶντο πρὸς τὸν αὐλὸν ἐπάγοντες τοῖς πολεμίοις, οὐ κακῶς ἡγήσαιτο καὶ τὸν Τέρπανδρον καὶ τὸν Πίνδαρον τὴν ἀνδρείαν τῇ μουσικῇ συνάπτειν. ὁ μὲν γὰρ οὕτως πεποίηκε περὶ τῶν Λακεδαιμονίων·

Ἔνθ’ αἰχμά τε νέων θάλλει καὶ μοῦσα λίγεια
καὶ δίκα εὐρυάγυια - -

[4] Πίνδαρος δέ φησιν·

Ἔνθα βουλαὶ γερόντων
καὶ νέων ἀνδρῶν ἀριστεύοντι αἰχμαὶ
καὶ χοροὶ καὶ Μοῦσα καὶ ἀγλαΐα.

Μουσικωτάτους γὰρ ἅμα καὶ πολεμικωτάτους ἀποφαίνουσιν αὐτούς·

Ῥέπει γὰρ ἄντα τῶ σιδάρω τὸ καλῶς κιθαρίσδεν,

ὡς ὁ Λακωνικὸς ποιητὴς εἴρηκε. καὶ γὰρ ἐν ταῖς μάχαις προεθύετο ταῖς Μούσαις ὁ βασιλεύς, ἀναμιμνήσκων, ὡς ἔοικε, τῆς παιδείας καὶ τῶν κρίσεων, ἵνα ὦσι πρόχειροι παρὰ τὰ δεινὰ καὶ λόγου τινὸς ἀξίας παρέχωσι τὰς πράξεις τῶν μαχομένων.

[22] [1] Τότε δὲ καὶ τοῖς νέοις τὰ σκληρότατα τῆς ἀγωγῆς ἐπανιέντες, οὐκ ἐκώλυον καλλωπίζεσθαι περὶ κόμην καὶ κόσμον ὅπλων καὶ ἱματίων, χαίροντες, ὥσπερ ἵπποις, γαυριῶσι καὶ φρυαττομένοις πρὸς τοὺς ἀγῶνας. διὸ κομῶντες εὐθὺς ἐκ τῆς τῶν ἐφήβων ἡλικίας, μάλιστα περὶ τοὺς κινδύνους ἐθεράπευον τὴν κόμην λιπαράν τε φαίνεσθαι καὶ διακεκριμένην, ἀπομνημονεύοντές τινα καὶ Λυκούργου λόγον περὶ τῆς κόμης, ὅτι τοὺς μὲν καλοὺς εὐπρεπεστέρους ποιεῖ, τοὺς δὲ αἰσχροὺς [2] φοβερωτέρους. ἐχρῶντο δὲ καὶ γυμνασίοις μαλακωτέροις παρὰ τὰς στρατείας, καὶ τὴν ἄλλην δίαιταν οὐχ οὕτω κεκολασμένην οὐδ’ ὑπεύθυνον τοῖς νέοις παρεῖχον, ὥστε μόνοις ἀνθρώπων ἐκείνοις τῆς εἰς τὸν πόλεμον ἀσκήσεως ἀνάπαυσιν εἶναι τὸν πόλεμον. ἤδη δὲ συντεταγμένης τῆς φάλαγγος αὐτῶν καὶ τῶν πολεμίων παρόντων, ὁ βασιλεὺς ἅμα τήν τε χίμαιραν ἐσφαγιάζετο καὶ στεφανοῦσθαι παρήγγελλε πᾶσι καὶ τοὺς αὐλητὰς αὐλεῖν ἐκέλευε τὸ Καστόρειον μέλος· [3] ἅμα δ’ ἐξῆρχεν ἐμβατηρίου παιᾶνος, ὥστε σεμνὴν ἅμα καὶ καταπληκτικὴν τὴν ὄψιν εἶναι, ῥυθμῷ τε πρὸς τὸν αὐλὸν ἐμβαινόντων καὶ μήτε διάσπασμα ποιούντων ἐν τῇ φάλαγγι μήτε ταῖς ψυχαῖς θορυβουμένων, ἀλλὰ πρᾴως καὶ ἱλαρῶς ὑπὸ τοῦ μέλους ἀγομένων ἐπὶ τὸν κίνδυνον. οὔτε γὰρ φόβον οὔτε θυμὸν ἐγγίνεσθαι πλεονάζοντα τοῖς οὕτω διακειμένοις εἰκός ἐστιν, ἀλλ’ εὐσταθὲς φρόνημα μετ’ ἐλπίδος καὶ θράσους, ὡς τοῦ θεοῦ συμπαρόντος.

[4] Ἐχώρει δὲ ὁ βασιλεὺς ἐπὶ τοὺς πολεμίους ἔχων μεθ’ ἑαυτοῦ στεφανίτην ἀγῶνα νενικηκότα. καί φασί γέ τινα χρημάτων πολλῶν ἐν Ὀλυμπίοις διδομένων αὐτῷ μὴ δεξάμενον, ἀλλὰ πολλῷ πόνῳ καταπαλαίσαντα τὸν ἀνταγωνιστήν, ὥς τις εἶπεν αὐτῷ, “Τί σοι πλέον, ὦ Λάκων, γέγονε διὰ τῆς νίκης;” φάναι μειδιάσαντα, “Πρὸ τοῦ βασιλέως [5] τεταγμένος μαχοῦμαι τοῖς πολεμίοις.” τρεψάμενοι δὲ καὶ νικήσαντες ἐδίωκον ὅσον ἐκβεβαιώσασθαι τὸ

νίκημα τῇ φυγῇ τῶν πολεμίων, εἶτα εὐθὺς ἀνεχώρουν, οὔτε γενναῖον οὔτε Ἑλληνικὸν ἡγούμενοι κόπτειν καὶ φονεύειν ἀπολεγομένους καὶ παρακεχωρηκότας. ἦν δὲ οὐ μόνον καλὸν τοῦτο καὶ μεγαλόψυχον, ἀλλὰ καὶ χρήσιμον. εἰδότες γὰρ οἱ μαχόμενοι πρὸς αὐτοὺς ὅτι τοὺς ὑφισταμένους ἀναιροῦσι, φείδονται δὲ τῶν ἐνδιδόντων, τοῦ μένειν τὸ φεύγειν ἡγοῦντο λυσιτελέστερον.

[23] [1] Αὐτὸν δὲ τὸν Λυκοῦργον Ἱππίας μὲν ὁ σοφιστὴς πολεμικώτατόν φησ γενέσθαι καὶ πολλῶν ἔμπειρον στρατειῶν, Φιλοστέφανος δὲ καὶ τὴν κατ’ οὐλαμοὺς τῶν ἱππέων διανομὴν Λυκούργῳ προστίθησιν· εἶναι δὲ τὸν οὐλαμόν, ὡς ἐκεῖνος συνέστησεν, ἱππέων πεντήκοντα πλῆθος ἐν τετραγώνῳ σχήματι τεταγμένων. ὁ δὲ Φαληρεὺς Δημήτριος, οὐδεμιᾶς ἁψάμενον πολεμικῆς πράξεως ἐν εἰρήνῃ καταστήσασθαι τὴν πολιτείαν.

[2] ἔοικε δὲ καὶ τῆς Ὀλυμπιακῆς ἐκεχειρίας ἡ ἐπίνοια πρᾴου καὶ πρὸς εἰρήνην οἰκείως ἔχοντος ἀνδρὸς εἶναι. καίτοι φασί τινες, ὡς Ἕρμιππος μνημονεύει, τὸν Λυκοῦργον οὐ προσέχειν οὐδὲ κοινωνεῖν ἐν ἀρχῇ τοῖς περὶ τὸν Ἴφιτον, ἀλλὰ τυγχάνειν ἄλλως ἐπιδημοῦντα καὶ θεώμενον· ἀκοῦσαι δὲ φωνὴν ὥσπερ ἀνθρώπου τινὸς ἐξόπισθεν ἐπιτιμῶντος αὐτῷ καὶ θαυμάζοντος ὅτι τοὺς πολίτας οὐ προτρέπεται κοινωνεῖν τῆς πανηγύρεως· ὡς δὲ μεταστραφέντος οὐδαμοῦ φανερὸς ὁ φθεγξάμενος ἦν, θεῖον ἡγησάμενον, οὕτω πρὸς τὸν Ἴφιτον τραπέσθαι καὶ συνδιακοσμήσαντα τὴν ἑορτὴν ἐνδοξοτέραν καὶ βεβαιοτέραν καταστῆσαι.

[24] [1] Ἡ δὲ παιδεία μέχρι τῶν ἐνηλίκων διέτεινεν. οὐδεὶς γὰρ ἦν ἀφειμένος ὡς ἐβούλετο ζῆν, ἀλλ’ οἷον ἐν στρατοπέδῳ τῇ πόλει καὶ δίαιταν ἔχοντες ὡρισμένην καὶ διατριβὴν περὶ τὰ κοινά, καὶ ὅλως νομίζοντες οὐχ αὑτῶν, ἀλλὰ τῆς πατρίδος εἶναι διετέλουν, εἰ μή τι πράττειν ἕτερον εἴη προστεταγμένον, ἐπισκοποῦντες τοὺς παῖδας, καὶ διδάσκοντές τι τῶν χρησίμων ἢ μανθάνοντες [2] αὐτοὶ παρὰ τῶν πρεσβυτέρων. καὶ γὰρ ἕν τι τοῦτο τῶν καλῶν ἦν καὶ μακαρίων ἃ παρεσκεύασε τοῖς ἑαυτοῦ πολίταις ὁ Λυκοῦργος, ἀφθονία σχολῆς, οἷς τέχνης μὲν ἅψασθαι βαναύσου τὸ παράπαν οὐκ ἐφεῖτο, χρηματισμοῦ δὲ συναγωγὴν ἔχοντος ἐργώδη καὶ πραγματείαν οὐδ’ ὁτιοῦν ἔδει, διὰ τὸ κομιδῇ τὸν πλοῦτον ἄζηλον γεγονέναι καὶ [3] ἄτιμον. οἱ δὲ εἵλωτες αὐτοῖς εἰργάζοντο τὴν γῆν, ἀποφορὰν τὴν εἰρημένην τελοῦντες. ἐπιδημῶν δέ τις Ἀθήνησι δικαστηρίων ὄντων, καὶ πυθόμενός τινα δίκην ἀργίας ὠφληκότα βαδίζειν ἀθυμοῦντα καὶ προπεμπόμενον ὑπὸ τῶν φίλων συναχθομένων καὶ βαρέως φερόντων, ἐδεῖτο δεῖξαι τοὺς συμπαρόντας αὐτῷ τίς ἐστιν ὁ τὴν ἐλευθερίας ἑαλωκὼς δίκην. οὕτω δουλοπρεπὲς ἡγοῦντο τὴν περὶ τὰς [4] τέχνας καὶ τὸν χρηματισμὸν ἀσχολίαν. δίκαι δέ, ὡς εἰκός,

ἐξέλιπον ἅμα τῷ νομίσματι, μήτε πλεονεξίας μήτε ἀπορίας αὐτοῖς παρούσης, ἰσότητος δὲ ἐν εὐπορίᾳ καὶ ῥᾳστώνης δι' εὐτέλειαν γεγενημένης. χοροὶ δὲ καὶ θαλίαι καὶ εὐωχίαι καὶ διατριβαὶ περί τε θήρας καὶ γυμνάσια καὶ λέσχας τὸν ἅπαντα χρόνον ἐπεχωρίαζον, ὅτε μὴ στρατευόμενοι τύχοιεν.

[25] [1] Οἱ μέν γε νεώτεροι τριάκοντα ἐτῶν τὸ παράπαν οὐ κατέβαινον εἰς ἀγοράν, ἀλλὰ διὰ τῶν συγγενῶν καὶ τῶν ἐραστῶν ἐποιοῦντο τὰς ἀναγκαίας οἰκονομίας. τοῖς δὲ πρεσβυτέροις αἰσχρὸν ἦν συνεχῶς ὁρᾶσθαι περὶ ταῦτα διατρίβουσιν, ἀλλὰ μὴ τὸ πλεῖστον τῆς ἡμέρας περὶ τὰ γυμνάσια καὶ τὰς καλουμένας λέσχας ἀναστρέφεσθαι. καὶ γὰρ εἰς ταύτας συνιόντες ἐπιεικῶς ἐσχόλαζον μετ' ἀλλήλων, οὐδενὸς μεμνημένοι τῶν πρὸς χρηματισμὸν ἢ χρείαν ἀγοραῖον συντελούντων· [2] ἀλλὰ τὸ πλεῖστον ἦν τῆς τοιαύτης διατριβῆς ἔργον ἐπαινεῖν τι τῶν καλῶν, ἢ τῶν αἰσχρῶν ψέγειν, μετὰ παιδιᾶς καὶ γέλωτος, ἐλαφρῶς ὑποφέροντος εἰς νουθεσίαν καὶ διόρθωσιν. οὐδὲ γὰρ αὐτὸς ἦν ἀκράτως αὐστηρὸς ὁ Λυκοῦργος· ἀλλὰ καὶ τὸ τοῦ Γέλωτος ἀγαλμάτιον ἐκεῖνον ἱδρύσασθαι Σωσίβιος ἱστορεῖ, τὴν παιδιὰν ὥσπερ ἥδυσμα τοῦ πόνου καὶ τῆς διαίτης ἐμβαλόντα κατὰ καιρὸν εἰς τὰ συμπόσια καὶ τὰς τοιαύτας διατριβάς.

[3] Τὸ δὲ ὅλον εἴθιζε τοὺς πολίτας μὴ βούλεσθαι μηδὲ ἐπίστασθαι κατ' ἰδίαν ζῆν, ἀλλ' ὥσπερ τὰς μελίττας τῷ κοινῷ συμφυεῖς ὄντας ἀεὶ καὶ μετ' ἀλλήλων εἱλουμένους περὶ τὸν ἄρχοντα, μικροῦ δεῖν ἐξεστῶτας ἑαυτῶν ὑπ' ἐνθουσιασμοῦ καὶ φιλοτιμίας, ὅλους εἶναι τῆς πατρίδος· ὡς ἔστι καὶ φωναῖς τισιν αὐτῶν ἀποθεωρῆσαι τὴν διάνοιαν.

[4] ὁ μὲν γὰρ Παιδάρητος οὐκ ἐγκριθεὶς εἰς τοὺς τριακοσίους ἀπῄει μάλα φαιδρός, ὥσπερ χαίρων ὅτι βελτίονας αὐτοῦ τριακοσίους ἡ πόλις ἔχει· Πολυκρατίδας δὲ ὁ πρεσβεύων πρὸς τοὺς βασιλέως στρατηγοὺς μεθ' ἑτέρων, ἐρομένων αὐτῶν πότερον ἰδίᾳ πάρεισιν ἢ δημοσίᾳ πεμφθέντες, εἶπεν, "Αἴκα τύχωμεν, δημοσίᾳ, αἴκα ἀποτύχωμεν, [5] ἰδίᾳ." ἡ δὲ Βρασίδου μήτηρ Ἀργιλεωνίς, ὡς ἀφικόμενοί τινες εἰς Λακεδαίμονα τῶν ἐξ Ἀμφιπόλεως εἰσῆθλον πρὸς αὐτήν, ἠρώτησεν εἰ καλῶς ὁ Βρασίδας ἀπέθανε καὶ τᾶς Σπάρτας ἀξίως· μεγαλυνόντων δὲ ἐκείνων τὸν ἄνδρα καὶ λεγόντων ὡς οὐκ ἔχει τοιοῦτον ἄλλον ἡ Σπάρτη· "Μὴ λέγετε," εἶπεν, "ὦ ξένοι· καλὸς μὲν γὰρ ἦν καὶ ἀγαθὸς ὁ Βρασίδας, πολλοὺς δὲ ἄνδρας Λακεδαίμων ἔχει τήνου κάρρονας."

[26] [1] Τοὺς δὲ γέροντας αὐτὸς μέν, ὡς εἴρηται, κατέστησε τὸ πρῶτον ἐκ τῶν μετασχόντων τοῦ βουλεύματος· ὕστερον δὲ ἀντὶ τοῦ τελευτῶντος ἔταξε καθιστάναι τὸν ἄριστον ἀρετῇ κριθέντα τῶν ὑπὲρ ἑξήκοντα ἔτη γεγονότων. καὶ μέγιστος ἐδόκει τῶν ἐν ἀνθρώποις ἀγώνων οὗτος εἶναι καὶ

περιμαχητότατος· οὐ γὰρ ἐν ταχέσι τάχιστον οὐδ’ ἐν ἰσχυροῖς ἰσχυρότατον, ἀλλ’ ἐν ἀγαθοῖς καὶ σώφροσιν ἄριστον καὶ σωφρονέστατον ἔδει κριθέντα νικητήριον ἔχειν τῆς ἀρετῆς διὰ βίου τὸ σύμπαν, ὡς εἰπεῖν, κράτος ἐν τῇ πολιτείᾳ, κύριον ὄντα καὶ θανάτου καὶ ἀτιμίας καὶ ὅλως τῶν [2] μεγίστων. ἐγίνετο δὲ ἡ κρίσις τόνδε τὸν τρόπον. ἐκκλησίας ἀθροισθείσης ἄνδρες αἱρετοὶ καθείργνυντο πλησίον εἰς οἴκημα, τὴν μὲν ὄψιν οὐχ ὁρῶντες οὐδὲ ὁρώμενοι, τὴν δὲ κραυγὴν μόνον ἀκούοντες ἐκκλησιαζόντων. βοῇ γὰρ ὡς τἆλλα καὶ τοὺς ἁμιλλωμένους ἔκρινον, οὐχ ὁμοῦ πάντων, ἀλλ’ ἑκάστου κατὰ κλῆρον εἰσαγομένου καὶ σιωπῇ [3] διαπορευομένου τὴν ἐκκλησίαν. ἔχοντες οὖν οἱ κατάκλειστοι γραμματεῖα, καθ’ ἕκαστον ἐπεσημαίνοντο τῆς κραυγῆς τὸ μέγεθος, οὐκ εἰδότες ὅτῳ γένοιτο, πλὴν ὅτι πρῶτος ἢ δεύτερος ἢ τρίτος ἢ ὁποστοσοῦν εἴη τῶν εἰσαγομένων. ὅτῳ δὲ πλείστη γένοιτο καὶ μεγίστη, τοῦτον ἀνηγόρευον. ὁ δὲ στεφανωσάμενος περιῄει τοὺς θεούς· εἵποντο δὲ πολλοὶ νέοι ζηλοῦντες τὸν ἄνδρα καὶ μεγαλύνοντες, πολλαί τε γυναῖκες ἐγκωμιάζουσαι δι’ ᾠδῆς τὴν ἀρετὴν καὶ τὸν βίον εὐδαιμονίζουσαι.

[4] τῶν δὲ ἐπιτηδείων ἕκαστος αὐτῷ δεῖπνον παρατιθεὶς ἔλεγεν ὅτι ἡ πόλις ταύτῃ τιμᾷ τῇ τραπέζῃ. περιελθὼν δὲ εἰς τὸ συσσίτιον ἀπῄει· καὶ τὰ μὲν ἄλλα ἐγίνετο συνήθως, δευτέρας δὲ μερίδος αὐτῷ παρατεθείσης ἐφύλαττεν ἀράμενος· καὶ μετὰ τὸ δεῖπνον ἐπὶ ταῖς θύραις τοῦ φιδιτίου τῶν οἰκείων παρουσῶν γυναικῶν, ἣν μάλιστα τυγχάνοι τιμῶν προσεκαλεῖτο, καὶ διδοὺς τὴν μοῖραν ἔλεγεν ὅτι ταύτην αὐτὸς λαβὼν ἀριστεῖον ἐκείνῃ δίδωσιν, ὥστε κἀκείνην ζηλουμένην ὑπὸ τῶν ἄλλων προπέμπεσθαι γυναικῶν.

[27] [1] Καὶ μὴν καὶ τὰ περὶ τὰς ταφὰς ἄριστα διεκόσμησεν αὐτοῖς. πρῶτον μὲν γὰρ ἀνελὼν δεισιδαιμονίαν ἅπασαν ἐν τῇ πόλει θάπτειν τοὺς νεκρούς, καὶ πλησίον ἔχειν τὰ μνήματα τῶν ἱερῶν οὐκ ἐκώλυσε, συντρόφους ποιῶν ταῖς τοιαύταις ὄψεσι καὶ συνήθεις τοὺς νέους, ὥστε μὴ ταράττεσθαι μηδ’ ὀρρωδεῖν τὸν θάνατον ὡς μιαίνοντα τοὺς ἁψαμένους νεκροῦ σώματος ἢ διὰ τάφων διελθόντας. ἔπειτα συνθάπτειν οὐδὲν εἴασεν, ἀλλὰ ἐν φοινικίδι καὶ φύλλοις ἐλαίας [2] θέντες τὸ σῶμα περιέστελλον. ἐπιγράψαι δὲ τοὔνομα θάψαντας οὐκ ἐξῆν τοῦ νεκροῦ, πλὴν ἀνδρὸς ἐν πολέμῳ καὶ γυναικὸς τῶν ἱερῶν ἀποθανόντων. χρόνον δὲ πένθους ὀλίγον προσώρισεν, ἡμέρας ἕνδεκα· τῇ δὲ δωδεκάτῃ θύσαντας ἔδει Δήμητρι λύειν τὸ πάθος. οὐδὲν γὰρ ἦν ἀργὸν οὐδὲ ἀφειμένον, ἀλλὰ πᾶσι κατεμίγνυε τοῖς ἀναγκαίοις ἀρετῆς τινα ζῆλον ἢ κακίας διαβολήν· καὶ κατεπύκνου παραδειγμάτων πλήθει τὴν πόλιν, οἷς ἀναγκαῖον ἦν ἐντυγχάνοντας ἀεὶ καὶ συντρεφομένους ἄγεσθαι καὶ κατασχηματίζεσθαι ἰόντας πρὸς τὸ καλόν.

[3] Ὅθεν οὐδ’ ἀποδημεῖν ἔδωκε τοῖς βουλομένοις καὶ πλανᾶσθαι, ξενικὰ συνάγοντας ἤθη καὶ μιμήματα βίων ἀπαιδεύτων καὶ πολιτευμάτων διαφόρων. ἀλλὰ καὶ τοὺς ἀθροιζομένους ἐπ’ οὐδενὶ χρησίμῳ καὶ παρεισρέοντας εἰς τὴν πόλιν ἀπήλαυνεν, οὐχ, ὡς Θουκυδίδης φησί, δεδιὼς μὴ τῆς πολιτείας μιμηταὶ γένωνται καὶ πρὸς ἀρετήν τι χρήσιμον ἐκμάθωσιν, ἀλλὰ μᾶλλον ὅπως μὴ [4] διδάσκαλοι κακοῦ τινος ὑπάρξωσιν. ἅμα γὰρ ξένοις σώμασιν ἀνάγκη λόγους ἐπεισιέναι ξένους· λόγοι δὲ καινοὶ κρίσεις καινὰς ἐπιφέρουσιν. ἐξ ὧν ἀνάγκη πάθη πολλὰ φύεσθαι καὶ προαιρέσεις ἀπᾳδούσας πρὸς τὴν καθεστῶσαν πολιτείαν, ὥσπερ ἁρμονίαν. διὸ μᾶλλον ᾤετο χρῆναι φυλάττειν τὴν πόλιν ὅπως ἠθῶν οὐκ ἀναπλησθήσεται πονηρῶν ἢ σωμάτων νοσερῶν ἔξωθεν ἐπεισιόντων.

[28] [1] Ἐν μὲν οὖν τούτοις οὐδέν ἐστιν ἀδικίας ἴχνος οὐδὲ πλεονεξίας, ἣν ἐγκαλοῦσιν ἔνιοι τοῖς Λυκούργου νόμοις, ὡς ἱκανῶς ἔχουσι πρὸς ἀνδρείαν, ἐνδεῶς δὲ πρὸς δικαιοσύνην. ἡ δὲ καλουμένη κρυπτεία παρ’ αὐτοῖς, εἴ γε δὴ τοῦτο τῶν Λυκούργου πολιτευμάτων ἕν ἐστιν, ὡς Ἀριστοτέλης ἱστόρηκε, ταύτην ἂν εἴη καὶ τῷ Πλάτωνι περὶ τῆς πολιτείας καὶ τοῦ ἀνδρὸς [2] ἐνειργασμένη δόξαν. ἦν δὲ τοιαύτη· τῶν νέων οἱ ἄρχοντες διὰ χρόνου τοὺς μάλιστα νοῦν ἔχειν δοκοῦντας εἰς τὴν χώραν ἄλλως ἐξέπεμπον, ἔχοντας ἐγχειρίδια καὶ τροφὴν ἀναγκαίαν, ἄλλο δὲ οὐδέν· οἱ δὲ μεθ’ ἡμέραν μὲν εἰς ἀσυνδήλους διασπειρόμενοι τόπους, ἀπέκρυπτον ἑαυτοὺς καὶ ἀνεπαύοντο, νύκτωρ δὲ κατιόντες εἰς τὰς ὁδοὺς [3] τῶν εἱλώτων τὸν ἁλισκόμενον ἀπέσφαττον. πολλάκις δὲ καὶ τοῖς ἀγροῖς ἐπιπορευόμενοι τοὺς ῥωμαλεωτάτους καὶ κρατίστους αὐτῶν ἀνῄρουν. ὥσπερ καὶ Θουκυδίδης ἐν τοῖς Πελοποννησιακοῖς ἱστορεῖ τοὺς ἐπ’ ἀνδρείᾳ προκριθέντας ὑπὸ τῶν Σπαρτιατῶν στεφανώσασθαι μὲν ὡς ἐλευθέρους γεγονότας καὶ περιελθεῖν τὰ τῶν θεῶν ἱερά, μικρὸν δὲ ὕστερον ἅπαντας ἀφανεῖς γενέσθαι, πλείονας ἢ δισχιλίους ὄντας, ὡς μήτε παραχρῆμα μήτε ὕστερον ἔχειν τινὰ λέγειν ὅτῳ τρόπῳ [4] διεφθάρησαν. Ἀριστοτέλης δὲ μάλιστά φησι καὶ τοὺς ἐφόρους, ὅταν εἰς τὴν ἀρχὴν καταστῶσι πρῶτον, τοῖς εἵλωσι καταγγέλλειν πόλεμον, ὅπως εὐαγὲς ᾖ τὸ ἀνελεῖν.

Καὶ τἆλλα δὲ τραχέως προσεφέροντο καὶ σκληρῶς αὐτοῖς, ὥστε καὶ πίνειν ἀναγκάζοντες πολὺν ἄκρατον εἰς τὰ συσσίτια παρεισῆγον, ἐπιδεικνύμενοι τὸ μεθύειν οἷόν ἐστι τοῖς νέοις. καὶ ᾠδὰς ἐκέλευον ᾄδειν καὶ χορείας χορεύειν ἀγεννεῖς καὶ καταγελάστους, ἀπέχεσθαι δὲ τῶν ἐλευθέρων.

[5] διὸ καί φασιν ὕστερον ἐν τῇ Θηβαίων εἰς τὴν Λακωνικὴν στρατείᾳ τοὺς ἁλισκομένους εἵλωτας κελευομένους ᾄδειν τὰ Τερπάνδρου καὶ Ἀλκμᾶνος καὶ Σπένδοντος τοῦ Λάκωνος παραιτεῖσθαι, φάσκοντας οὐκ ἐθέλειν τοὺς

δεσποσύνους. ὥστε τοὺς λέγοντας, ἐν Λακεδαίμονι καὶ τὸν ἐλεύθερον μάλιστα ἐλεύθερον εἶναι καὶ τὸν δοῦλον μάλιστα δοῦλον, οὐ φαύλως τεθεωρηκέναι τὴν διαφοράν.

[6] τὰς μὲν οὖν τοιαύτας χαλεπότητας ὕστερον ἐγγενέσθαι τοῖς Σπαρτιάταις νομίζω, μάλιστα μετὰ τὸν μέγαν σεισμόν, ᾧ συνεπιθέσθαι τοὺς εἵλωτας μετὰ Μεσσηνίων ἱστοροῦσι, καὶ πλεῖστα κακὰ τὴν χώραν ἐργάσασθαι καὶ μέγιστον τῇ πόλει περιστῆσαι κίνδυνον. οὐ γὰρ ἂν ἔγωγε προσθείην Λυκούργῳ μιαρὸν οὕτω τῆς κρυπτείας ἔργον ἀπὸ τῆς ἄλλης αὐτοῦ πρᾳότητος καὶ δικαιοσύνης τεκμαιρόμενος τὸν τρόπον, ᾧ καὶ τὸ δαιμόνιον ἐπεμαρτύρησε.

[29] [1] Κατειλημμένων δὲ τοῖς ἐθισμοῖς ἤδη τῶν κυριωτάτων ὑπ᾽ αὐτοῦ, καὶ τῆς πολιτείας ἐκτεθραμμένης ἱκανῶς καὶ δυναμένης φέρειν ἑαυτὴν καὶ σώζειν δι᾽ ἑαυτῆς, ὥσπερ ὁ Πλάτων φησὶν ἐπὶ τῷ κόσμῳ γενομένῳ καὶ κινηθέντι τὴν πρώτην κίνησιν εὐφρανθῆναι τὸν θεόν, οὕτως ἀγασθεὶς καὶ ἀγαπήσας τὸ τῆς νομοθεσίας κάλλος καὶ μέγεθος ἐν ἔργῳ γενομένης καὶ ὁδῷ βαδιζούσης, ἐπεθύμησεν, ὡς ἀνυστὸν ἐξ ἀνθρωπίνης προνοίας, ἀθάνατον αὐτὴν ἀπολιπεῖν καὶ ἀκίνητον [2] εἰς τὸ μέλλον. συναγαγὼν οὖν ἅπαντας εἰς ἐκκλησίαν, τὰ μὲν ἄλλα μετρίως ἔχειν ἔφη καὶ ἱκανῶς πρὸς εὐδαιμονίαν καὶ ἀρετὴν τῆς πόλεως, ὃ δὲ κυριώτατόν ἐστι καὶ μέγιστον οὐκ ἂν ἐξενεγκεῖν πρότερον πρὸς αὐτοὺς ἢ χρήσασθαι τῷ θεῷ. δεῖν οὖν ἐκείνους ἐμμένειν τοῖς καθεστῶσι νόμοις καὶ μηδὲν ἀλλάσσειν μηδὲ μετακινεῖν ἕως ἐπάνεισιν ἐκ Δελφῶν αὐτός· ἐπανελθὼν γὰρ ὅ τι [3] ἂν τῷ θεῷ δοκῇ ποιήσειν. ὁμολογούντων δὲ πάντων καὶ κελευόντων βαδίζειν, ὅρκους λαβὼν παρὰ τῶν βασιλέων καὶ τῶν γερόντων, ἔπειτα παρὰ τῶν ἄλλων πολιτῶν, ἐμμενεῖν καὶ χρήσεσθαι τῇ καθεστώσῃ πολιτείᾳ μέχρις ἂν ἐπανέλθῃ ὁ Λυκοῦργος, ἀπῆρεν εἰς Δελφούς.

Παραγενόμενος δὲ πρὸς τὸ μαντεῖον καὶ τῷ θεῷ θύσας, ἠρώτησεν εἰ καλῶς οἱ νόμοι καὶ ἱκανῶς πρὸς εὐδαιμονίαν καὶ ἀρετὴν πόλεως κείμενοι [4] τυγχάνουσιν. ἀποκριναμένου δὲ τοῦ θεοῦ καὶ τοὺς νόμους καλῶς κεῖσθαι καὶ τὴν πόλιν ἐνδοξοτάτην διαμενεῖν τῇ Λυκούργου χρωμένην πολιτείᾳ, τὸ μάντευμα γραψάμενος εἰς Σπάρτην ἀπέστειλεν. αὐτὸς δὲ τῷ θεῷ πάλιν θύσας καὶ τοὺς φίλους ἀσπασάμενος καὶ τὸν υἱόν, ἔγνω μηκέτι τοῖς πολίταις ἀφεῖναι τὸν ὅρκον, αὐτοῦ δὲ καταλῦσαι τὸν βίον ἑκουσίως, ἡλικίας γεγονὼς ἐν ᾗ καὶ βιοῦν ἔτι καὶ πεπαῦσθαι βουλομένοις ὡραῖόν ἐστι, καὶ τῶν περὶ αὐτὸν ἱκανῶς πρὸς εὐδαιμονίαν ἔχειν δοκούντων.

[5] ἐτελεύτησεν οὖν ἀποκαρτερήσας, ἡγούμενος χρῆναι τῶν πολιτικῶν ἀνδρῶν μηδὲ τὸν θάνατον ἀπολίτευτον εἶναι μηδὲ ἀργὸν τὸ τοῦ βίου τέλος,

ἀλλ’ ἐν ἀρετῆς μερίδι καὶ πράξεως γενόμενον. αὐτῷ τε γὰρ ἐξειργασμένῳ τὰ κάλλιστα τὴν τελευτὴν ὡς ἀληθῶς ἐπιτελείωσιν εἶναι τῆς εὐδαιμονίας, καὶ τοῖς πολίταις ὧν διὰ τοῦ βίου παρεσκεύασε καλῶν καὶ ἀγαθῶν φύλακα τὸν θάνατον ἀπολείψειν, ὀμωμοκόσι χρῆσθαι τῇ πο[6] λιτείᾳ μέχρις ἂν ἐκεῖνος ἐπανέλθῃ. καὶ οὐ διεψεύσθη τῶν λογισμῶν· τοσοῦτον ἐπρώτευσεν ἡ πόλις τῆς Ἑλλάδος εὐνομίᾳ καὶ δόξῃ, χρόνον ἐτῶν πεντακοσίων τοῖς Λυκούργου χρησαμένη νόμοις, οὓς δεκατεσσάρων βασιλέων μετ’ ἐκεῖνον εἰς Ἆγιν τὸν Ἀρχιδάμου γενομένων οὐδεὶς ἐκίνησεν. ἡ γὰρ τῶν ἐφόρων κατάστασις οὐκ ἄνεσις ἦν, ἀλλ’ ἐπίτασις τῆς πολιτείας, καὶ δοκοῦσα πρὸς τοῦ δήμου γεγονέναι σφοδροτέραν ἐποίησε τὴν ἀριστοκρατίαν.

[30] [1] Ἄγιδος δὲ βασιλεύοντος εἰσερρύη νόμισμα πρῶτον εἰς τὴν Σπάρτην, καὶ μετὰ τοῦ νομίσματος πλεονεξία καὶ πλούτου ζῆλος ἐπέβη διὰ Λύσανδρον, ὃς αὐτὸς ὢν ἀνάλωτος ὑπὸ χρημάτων, ἐνέπλησε τὴν πατρίδα φιλοπλουτίας καὶ τρυφῆς, χρυσὸν καὶ ἄργυρον ἐκ τοῦ πολέμου καταγαγὼν καὶ τοὺς Λυκούργου καταπολιτευσάμενος [2] νόμους. ὧν ἐπικρατούντων πρότερον οὐ πόλεως ἡ Σπάρτη πολιτείαν, ἀλλ’ ἀνδρὸς ἀσκητοῦ καὶ σοφοῦ βίον ἔχουσα, μᾶλλον δ’, ὥσπερ οἱ ποιηταὶ τὸν Ἡρακλέα μυθολογοῦσι δέρμα καὶ ξύλον ἔχοντα τὴν οἰκουμένην ἐπιπορεύεσθαι, κολάζοντα τοὺς παρανόμους καὶ θηριώδεις τυράννους, οὕτως ἡ πόλις ἀπὸ σκυτάλης μιᾶς καὶ τρίβωνος ἄρχουσα τῆς Ἑλλάδος ἑκούσης καὶ βουλομένης, κατέλυε τὰς ἀδίκους δυναστείας καὶ τυραννίδας ἐν τοῖς πολιτεύμασι, καὶ πολέμους ἐβράβευε καὶ στάσεις κατέπαυε, πολλάκις οὐδ’ ἀσπίδα κινήσασα μίαν, ἀλλ’ ἕνα πέμψασα πρεσβευτήν, ᾧ πάντες εὐθὺς ἐποίουν τὸ προστασσόμενον, ὥσπερ αἱ μέλισσαι φανέντος ἡγεμόνος, συντρέχοντες καὶ κατακοσμούμενοι. τοσοῦτον περιῆν εὐνομίας τῇ πόλει καὶ δικαιοσύνης.

[3] Ὅθεν ἔγωγε θαυμάζω τῶν λεγόντων ὡς ἄρχεσθαι μὲν ᾔδεσαν, ἄρχειν δὲ οὐκ ἠπίσταντο Λακεδαιμόνιοι, καὶ τὸν Θεοπόμπου τοῦ βασιλέως ἐπαινούντων λόγον, ὅς, εἰπόντος τινὸς σῴζεσθαι τὴν Σπάρτην διὰ τοὺς βασιλεῖς ἀρχικοὺς γεγονότας, “Μᾶλλον,” εἶπε, “διὰ τοὺς πολίτας πειθαρχικοὺς [4] ὄντας·” οὐ γὰρ ἀκούειν ὑπομένουσι τῶν προστατεῖν μὴ δυναμένων, ἀλλ’ ἡ πειθαρχία μάθημα μέν ἐστιν τοῦ ἄρχοντος (ἐμποιεῖ γὰρ ὁ καλῶς ἄγων τὸ καλῶς ἕπεσθαι· καὶ καθάπερ ἱππικῆς τέχνης ἀποτέλεσμα πρᾶον ἵππον καὶ πειθήνιον παρασχεῖν, οὕτω βασιλικῆς ἐπιστήμης ἔργον ἀνθρώποις εὐπείθειαν ἐνεργάσασθαι), Λακεδαιμόνιοι δὲ οὐκ εὐπείθειαν, ἀλλ’ ἐπιθυμίαν ἐνειργάζοντο τοῖς ἄλλοις τοῦ ἄρχεσθαι καὶ ὑπακούειν [5] αὐτοῖς. ᾔτουν γὰρ οὐ ναῦς οὐδὲ χρήματα παρ’ αὐτῶν οὐδὲ ὁπλίτας πέμποντες, ἀλλὰ ἕνα Σπαρτιάτην ἡγεμόνα· καὶ λαβόντες ἐχρῶντο μετὰ τιμῆς καὶ δέους, ὥσπερ

Γυλίππῳ Σικελιῶται καὶ Βρασίδᾳ Χαλκιδεῖς, Λυσάνδρῳ δὲ καὶ Καλλικρατίδᾳ καὶ Ἀγησιλάῳ πάντες οἱ τὴν Ἀσίαν οἰκοῦντες Ἕλληνες, τοὺς μὲν ἄνδρας ἁρμοστὰς καὶ σωφρονιστὰς τῶν ἑκασταχοῦ δήμων καὶ ἀρχόντων ὀνομάζοντες, πρὸς δὲ σύμπασαν τὴν τῶν Σπαρτιατῶν πόλιν ὥσπερ παιδαγωγὸν ἢ διδάσκαλον εὐσχήμονος βίου καὶ τεταγμένης [6] πολιτείας ἀποβλέποντες. εἰς ὃ καὶ Στρατόνικος ἐπισκῶψαι δοκεῖ, μετὰ παιδιᾶς νομοθετῶν καὶ κελεύων Ἀθηναίους ἄγειν μυστήρια καὶ πομπάς, Ἠλείους δὲ ἀγωνοθετεῖν, ὡς κάλλιστα τοῦτο ποιοῦντας, Λακεδαιμονίους δέ, ἂν ἁμαρτάνωσιν οὗτοι, δέρεσθαι. καὶ τοῦτο μὲν εἴρηται χάριν τοῦ γελοίου· Ἀντισθένης δὲ ὁ Σωκρατικὸς ἀπὸ τῆς ἐν Λεύκτροις μάχης ὁρῶν τοὺς Θηβαίους μέγα φρονοῦντας, οὐδὲν αὐτοὺς ἔφη διαφέρειν παιδαρίων ἐπὶ τῷ συγκόψαι τὸν παιδαγωγὸν γαυριώντων.

[31] [1] Οὐ μὴν τοῦτό γε τῷ Λυκούργῳ κεφάλαιον ἦν τότε, πλείστων ἡγουμένην ἀπολιπεῖν τὴν πόλιν· ἀλλ᾽ ὥσπερ ἑνὸς ἀνδρὸς βίῳ καὶ πόλεως ὅλης νομίζων εὐδαιμονίαν ἀπ᾽ ἀρετῆς ἐγγίνεσθαι καὶ ὁμονοίας τῆς πρὸς αὑτήν, πρὸς τοῦτο συνέταξε καὶ συνήρμοσεν, ὅπως ἐλευθέριοι καὶ αὐτάρκεις γενόμενοι καὶ σωφρονοῦντες ἐπὶ [2] πλεῖστον χρόνον διατελῶσι. ταύτην καὶ Πλάτων ἔλαβε τῆς πολιτείας ὑπόθεσιν καὶ Διογένης καὶ Ζήνων καὶ πάντες ὅσοι τι περὶ τούτων ἐπιχειρήσαντες εἰπεῖν ἐπαινοῦνται, γράμματα καὶ λόγους ἀπολιπόντες μόνον. ὁ δὲ οὐ γράμματα καὶ λόγους, ἀλλ᾽ ἔργῳ πολιτείαν ἀμίμητον εἰς φῶς προενεγκάμενος, καὶ τοῖς ἀνύπαρκτον εἶναι τὴν λεγομένην περὶ τὸν σοφὸν διάθεσιν ὑπολαμβάνουσιν ἐπιδείξας ὅλην τὴν πόλιν φιλοσοφοῦσαν, εἰκότως ὑπερῆρε τῇ δόξῃ τοὺς πώποτε πολιτευσαμένους ἐν [3] τοῖς Ἕλλησι. δι᾽ ὅπερ καὶ Ἀριστοτέλης ἐλάττονας σχεῖν φησι τιμὰς ἢ προσῆκον ἦν αὐτὸν ἔχειν ἐν Λακεδαίμονι, καίπερ ἔχοντα τὰς μεγίστας. ἱερόν τε γάρ ἐστιν αὐτοῦ, καὶ θύουσι καθ᾽ ἕκαστον ἐνιαυτὸν ὡς θεῷ. λέγεται δὲ καὶ τῶν λειψάνων αὐτοῦ κομισθέντων οἴκαδε κεραυνὸν εἰς τὸν τάφον κατασκῆψαι· τοῦτο δὲ οὐ ῥᾳδίως ἑτέρῳ τινὶ τῶν ἐπιφανῶν πλὴν Εὐριπίδῃ συμπεσεῖν ὕστερον, τελευτήσαντι καὶ ταφέντι τῆς Μακεδονίας περὶ Ἀρέθουσαν. ὥστε ἀπολόγημα καὶ μαρτύριον μέγα εἶναι τοῖς ἀγαπῶσι τὸν Εὐριπίδην τὸ μόνῳ συμπεσεῖν αὐτῷ μετὰ τελευτὴν ἃ τῷ θεοφιλεστάτῳ καὶ ὁσιωτάτῳ πρότερον συνέπεσε.

[4] Τελευτῆσαι δὲ τὸν Λυκοῦργον οἱ μὲν ἐν Κίρρᾳ λέγουσιν, Ἀπολλόθεμις δὲ εἰς Ἦλιν κομισθέντα, Τίμαιος δὲ καὶ Ἀριστόξενος ἐν Κρήτῃ καταβιώσαντα· καὶ τάφον Ἀριστόξενος αὐτοῦ δείκνυσθαί φησιν ὑπὸ Κρητῶν τῆς Περγαμίας περὶ τὴν ξενικὴν ὁδόν. υἱὸν δὲ λέγεται μονογενῆ καταλιπεῖν Ἀντίωρον· οὗ τελευτήσαντος ἀτέκνου τὸ γένος [5] ἐξέλιπεν. οἱ δ᾽ ἑταῖροι καὶ

οἰκεῖοι διαδοχήν τινα καὶ σύνοδον ἐπὶ πολλοὺς χρόνους διαμείνασαν κατέστησαν, καὶ τὰς ἡμέρας ἐν αἷς συνήρχοντο Λυκουργίδας προσηγόρευσαν. Ἀριστοκράτης δὲ ὁ Ἱππάρχου φησὶ τοὺς ξένους τοῦ Λυκούργου τελευτήσαντος ἐν Κρήτῃ καῦσαι τὸ σῶμα καὶ διασπεῖραι τὴν τέφραν εἰς τὴν θάλατταν, αὐτοῦ δεηθέντος καὶ φυλαξαμένου μή ποτε ἄρα τῶν λειψάνων εἰς Λακεδαίμονα κομισθέντων, ὡς ἐπανήκοντος αὐτοῦ καὶ τῶν ὅρκων λελυμένων, μεταβάλωσι τὴν πολιτείαν. ταῦτα μὲν οὖν περὶ τοῦ Λυκούργου.

Numa

[1] [1] Ἔστι δὲ καὶ περὶ τῶν Νομᾶ τοῦ βασιλέως χρόνων, καθ᾽ οὓς γέγονε, νεανικὴ διαφορά, καίπερ ἐξ ἀρχῆς εἰς τοῦτον κατάγεσθαι τῶν στεμμάτων ἀκριβῶς δοκούντων. ἀλλὰ Κλώδιός τις ἐν ἐλέγχῳ χρόνων (οὕτω γάρ πως ἐπιγέγραπται τὸ βιβλίον) ἰσχυρίζεται τὰς μὲν ἀρχαίας ἐκείνας ἀναγραφὰς ἐν τοῖς Κελτικοῖς πάθεσι τῆς πόλεως ἠφανίσθαι, τὰς δὲ νῦν φαινομένας οὐκ ἀληθῶς συγκεῖσθαι δι᾽ ἀνδρῶν χαριζομένων τισὶν εἰς τὰ πρῶτα γένη καὶ τοὺς ἐπιφανεστάτους οἴκους ἐξ οὐ προσηκόντων [2] εἰσβιαζομένοις. λεγομένου δ᾽ οὖν ὡς Νομᾶς γένοιτο Πυθαγόρου συνήθης, οἱ μὲν ὅλως ἀξιοῦσι μηδὲν Ἑλληνικῆς παιδεύσεως Νομᾷ μετεῖναι, καθάπερ ἢ φύσει δυνατὸν καὶ αὐτάρκη γενέσθαι πρὸς ἀρετὴν ἢ βελτίονι Πυθαγόρου βαρβάρῳ τινὶ τὴν τοῦ βασιλέως ἀποδοῦναι παίδευσιν· οἱ δὲ Πυθαγόραν μὲν ὀψὲ γενέσθαι, τῶν Νομᾶ χρόνων [3] ὁμοῦ τι πέντε γενεαῖς ἀπολειπόμενον, Πυθαγόραν δὲ τὸν Σπαρτιάτην Ὀλύμπια νενικηκότα στάδιον ἐπὶ τῆς ἑκκαιδεκάτης Ὀλυμπιάδος, ἧς ἔτει τρίτῳ Νομᾶς εἰς τὴν βασιλείαν κατέστη, πλανηθέντα περὶ τὴν Ἰταλίαν συγγενέσθαι τῷ Νομᾷ καὶ συνδιακοσμῆσαι τὴν πολιτείαν, ὅθεν οὐκ ὀλίγα τοῖς Ῥωμαϊκοῖς ἐπιτηδεύμασι τῶν Λακωνικῶν ἀναμεμῖχθαι Πυθαγόρου διδάξαντος. ἄλλως δὲ Νομᾶς γένος μὲν ἦν ἐκ Σαβίνων, Σαβῖνοι δὲ βούλονται [4] Λακεδαιμονίων ἑαυτοὺς ἀποίκους γεγονέναι. τοὺς μὲν οὖν χρόνους ἐξακριβῶσαι χαλεπόν ἐστι, καὶ μάλιστα τοὺς ἐκ τῶν Ὀλυμπιονικῶν ἀναγομένους, ὧν τὴν ἀναγραφὴν ὀψέ φασιν Ἱππίαν ἐκδοῦναι τὸν Ἠλεῖον, ἀπ᾽ οὐδενὸς ὁρμώμενον ἀναγκαίου πρὸς πίστιν· ἃ δὲ παρειλήφαμεν ἡμεῖς ἄξια λόγου περὶ Νομᾶ, διέξιμεν ἀρχὴν οἰκείαν λαβόντες.

[2] [1] Ἕβδομον ἐνιαυτὸν ἡ Ῥώμη καὶ τριακοστὸν ἤδη Ῥωμύλου βασιλεύοντος ᾠκεῖτο· πέμπτῃ δὲ ἱσταμένου μηνός, ἣν νῦν ἡμέραν νώνας Καπρατίνας καλοῦσι, θυσίαν τινὰ δημοτελῆ πρὸ τῆς πόλεως ὁ Ῥωμύλος ἔθυε περὶ τὸ καλούμενον Αἰγὸς ἕλος, καὶ παρῆν ἥ τε βουλὴ καὶ τοῦ δήμου [2] τὸ πλεῖστον. ἐξαίφνης δὲ μεγάλης περὶ τὸν ἀέρα τροπῆς γενομένης καὶ νέφους ἐπὶ τὴν γῆν ἐρείσαντος ἅμα πνεύματι καὶ ζάλῃ, τὸν μὲν ἄλλον ὅμιλον ἐκπλαγέντα συνέβη φυγεῖν καὶ σκεδασθῆναι, τὸν δὲ Ῥωμύλον ἀφανῆ γενέσθαι, καὶ μήτε αὐτὸν ἔτι μήτε σῶμα τεθνηκότος εὑρεθῆναι, χαλεπὴν δέ τιν᾽ ὑπόνοιαν ἅψασθαι τῶν πατρικίων, καὶ ῥυῆναι λόγον ἐν τῷ δήμῳ κατ᾽ αὐτῶν ὡς πάλαι βαρυνόμενοι τὸ βασιλεύεσθαι καὶ μεταστῆσαι τὸ κράτος εἰς αὑτοὺς θέλοντες ἀνέλοιεν τὸν βασιλέα. καὶ γὰρ ἐδόκει τραχύτερον ἤδη [3] προσφέρεσθαι καὶ μοναρχικώτερον αὐτοῖς. ἀλλὰ ταύτην μὲν τὴν ὑποψίαν

ἐθεράπευον εἰς θεῶν τιμὰς ἀνάγοντες ὡς οὐ τεθνηκότα τὸν Ῥωμύλον, ἀλλὰ κρείττονος ὄντα μοίρας· καὶ Πρόκλος, ἀνὴρ ἐπιφανής, διωμόσατο Ῥωμύλον ἰδεῖν εἰς οὐρανὸν σὺν τοῖς ὅπλοις ἀναφερόμενον, καὶ φωνῆς ἀκοῦσαι κελεύοντος αὐτὸς ὀνομάζεσθαι Κυρῖνον.

[4] Ἑτέρα δὲ ταραχὴ καὶ στάσις κατελάμβανε τὴν πόλιν ὑπὲρ τοῦ μέλλοντος ἀποδειχθήσεσθαι βασιλέως, οὔπω τῶν ἐπηλύδων κομιδῇ τοῖς πρώτοις συγκεκραμένων πολίταις, ἀλλ’ ἔτι τοῦ τε δήμου πολλὰ κυμαίνοντος ἐν ἑαυτῷ καὶ τῶν πατρικίων ἐν ὑποψίαις ἐκ τοῦ διαφόρου πρὸς ἀλλήλους ὄντων. οὐ μὴν ἀλλὰ βασιλεύεσθαι μὲν ἐδόκει πᾶσιν, ἤρισαν δὲ καὶ διέστησαν οὐχ ὑπὲρ ἀνδρὸς μόνον, ἀλλὰ καὶ γένους, ὁπότερον [5] παρέξει τὸν ἡγεμόνα. καὶ γὰρ οἱ μετὰ Ῥωμύλου πρῶτοι συνοικίσαντες τὴν πόλιν οὐκ ἀνασχετὸν ἐποιοῦντο πόλεως καὶ χώρας τοὺς Σαβίνους μεταλαβόντας ἄρχειν βιάζεσθαι τῶν ἐπὶ ταῦτα δεξαμένων, καὶ τοῖς Σαβίνοις ἦν τις εὐγνώμων λόγος, ἐπεὶ Τατίου τοῦ βασιλέως αὐτῶν ἀποθανόντος οὐκ ἐστασίασαν πρὸς Ῥωμύλον, ἀλλ’ εἴασαν ἄρχειν μόνον, αὖθις ἀξιούντων τὸν ἄρχοντα γενέσθαι παρ’ αὐτῶν. οὔτε γὰρ ἐκ ταπεινοτέρων κρείττοσι προσγενέσθαι, καὶ προσγενόμενοι πλήθει τε ῥῶσαι καὶ προαγαγεῖν εἰς ἀξίωμα πόλεως ἐκείνους μεθ’ ἑαυτῶν. ὑπὲρ μὲν οὖν τούτων ἐστασίαζον.

[6] Ὅπως δὲ μὴ σύγχυσιν ἐκ τῆς ἀναρχίας ἡ στάσις ἀπεργάσεται, μετεώρου τοῦ πολιτεύματος ὄντος, ἔταξαν οἱ πατρίκιοι, πεντήκοντα καὶ ἑκατὸν ὄντων αὐτῶν, ἕκαστον ἐν μέρει τοῖς βασιλικοῖς παρασήμοις κοσμούμενον θύειν τε τοῖς θεοῖς τὰ νενομισμένα καὶ χρηματίζειν ἓξ μὲν ὥρας [7] τῆς νυκτός, ἓξ δὲ τῆς ἡμέρας. καὶ γὰρ ἡ διανομὴ τῶν καιρῶν ἑκατέρου πρὸς ἰσότητα καλῶς ἔχειν ἐδόκει τοῖς ἄρχουσι, καὶ πρὸς τὸν δῆμον ἡ μεταβολὴ τῆς ἐξουσίας ἀφαιρεῖν τὸν φθόνον, ὁρῶντα τῆς αὐτῆς ἡμέρας καὶ νυκτὸς τὸν αὐτὸν ἰδιώτην ἐκ βασιλέως γινόμενον. τὸ δὲ σχῆμα τοῦτο τῆς ἀρχῆς μεσοβασιλείαν Ῥωμαῖοι καλοῦσιν.

[3] [1] Ἀλλὰ καίπερ οὕτω πολιτικῶς καὶ ἀνεπαχθῶς ἀφηγεῖσθαι δοκοῦντες, ὑπονοίαις καὶ θορύβοις περιέπιπτον, ὡς μεθιστάντες εἰς ὀλιγαρχίαν τὰ πράγματα καὶ διαπαιδαγωγοῦντες ἐν σφίσιν αὐτοῖς τὴν πολιτείαν, βασιλεύεσθαι δὲ οὐκ ἐθέλοιεν. ἐκ τούτου συνέβησαν ἀμφότεραι πρὸς ἀλλήλας αἱ στάσεις, ὥστε τὴν ἑτέραν ἐκ [2] τῆς ἑτέρας ἀποδεῖξαι βασιλέα· μάλιστα γὰρ ἂν οὕτως ἔν τε τῷ παρόντι παύσασθαι τὴν φιλονεικίαν, καὶ τὸν ἀποδειχθέντα πρὸς ἀμφοτέρους ἴσον γενέσθαι, τοὺς μὲν ὡς ἑλομένους ἀγαπῶντα, τοῖς δὲ εὔνουν ὄντα διὰ συγγένειαν. ἐπιτρεψάντων δὲ προτέροις τοῖς Ῥωμαίοις τῶν Σαβίνων τὴν αἵρεσιν, ἔδοξε μᾶλλον ἑλέσθαι Σαβῖνον αὐτοὺς ἀποδείξαντας ἢ παρασχεῖν Ῥωμαῖον ἐκείνων [3] ἑλομένων. καὶ

βουλευσάμενοι καθ’ ἑαυτοὺς ἀποδεικνύουσιν ἐκ Σαβίνων Νομᾶν Πομπίλιον, ἄνδρα τῶν μὲν εἰς Ῥώμην ἀπῳκισμένων οὐ γενόμενον, γνώριμον δ’ οὕτω δι’ ἀρετὴν ὄντα πᾶσιν ὥστε τῶν ἑλομένων προθυμότερον ὀνομασθέντος αὐτοῦ δέξασθαι τοὺς Σαβίνους. φράσαντες οὖν τῷ δήμῳ τὰ δεδογμένα, πρέσβεις ἐκπέμπουσι πρὸς τὸν ἄνδρα κοινῇ τοὺς πρωτεύοντας ἀπ’ ἀμφοτέρων, ἥκειν δεησομένους καὶ παραλαβεῖν τὴν βασιλείαν.

[4] Ἦν δὲ πόλεως μὲν ὁ Νομᾶς ἐπιφανοῦς ἐν Σαβίνοις τῆς Κύρεων, ἀφ’ ἧς καὶ Κυρίτας Ῥωμαῖοι σφᾶς αὐτοὺς ἅμα τοῖς ἀνακραθεῖσι Σαβίνοις προσηγόρευσαν, υἱὸς δὲ Πόμπωνος, ἀνδρὸς εὐδοκίμου, τεσσάρων ἀδελφῶν νεώτατος· ἡμέρᾳ δὲ γεγονὼς κατὰ δή τινα θείαν τύχην ἐν ᾗ τὴν Ῥώμην ἔκτισαν οἱ περὶ Ῥωμύλον· αὕτη δέ [5] ἐστι πρὸ δεκαμιᾶς καλανδῶν Μαΐων. φύσει δὲ πρὸς πᾶσαν ἀρετὴν εὖ κεκραμένος τὸ ἦθος, ἔτι μᾶλλον αὑτὸν ἐξημέρωσε διὰ παιδείας καὶ κακοπαθείας καὶ φιλοσοφίας, οὐ μόνον τὰ λοιδορούμενα πάθη τῆς ψυχῆς, ἀλλὰ καὶ τὴν εὐδοκιμοῦσαν ἐν τοῖς βαρβάροις βίαν καὶ πλεονεξίαν ἐκποδὼν ποιησάμενος, ἀνδρείαν δὲ ἀληθῆ τὴν ὑπὸ λόγου τῶν ἐπιθυμιῶν ἐν αὑτῷ κάθειρξιν ἡγούμενος.

[6] ἐκ δὲ τούτου πᾶσαν οἴκοθεν ἅμα τρυφὴν καὶ πολυτέλειαν ἐξελαύνων, παντὶ δὲ πολίτῃ καὶ ξένῳ χρῆσθαι παρέχων ἑαυτὸν ἄμεμπτον δικαστὴν καὶ σύμβουλον, αὐτὸς δ’ ἑαυτῷ σχολάζοντι χρώμενος οὐδὲν πρὸς ἡδυπαθείας καὶ πορισμούς, ἀλλὰ θεραπείαν θεῶν καὶ θεωρίαν διὰ λόγου φύσεώς τε αὐτῶν καὶ δυνάμεως, ὄνομα μέγα καὶ δόξαν εἶχεν, ὥστε καὶ Τάτιον τὸν ἐν Ῥώμῃ συμβασιλεύσαντα Ῥωμύλῳ, μιᾶς αὐτῷ θυγατρὸς [7] οὔσης Τατίας, ποιήσασθαι γαμβρὸν ἐκεῖνον. οὐ μὴν ἐπήρθη γε τῷ γάμῳ μετοικίσασθαι πρὸς τὸν πενθερόν, ἀλλ’ αὐτοῦ περιέπων πατέρα γηραιὸν ἐν Σαβίνοις ὑπέμενεν, ἅμα καὶ τῆς Τατίας ἑλομένης τὴν τοῦ ἀνδρὸς ἰδιωτεύοντος ἡσυχίαν πρὸ τῆς ἐν Ῥώμῃ διὰ τὸν πατέρα τιμῆς καὶ δόξης. αὕτη μὲν οὖν λέγεται τρίτῳ καὶ δεκάτῳ μετὰ τὸν γάμον ἔτει τελευτῆσαι.

[4] [1] Ὁ δὲ Νομᾶς ἐκλείπων τὰς ἐν ἄστει διατριβὰς ἀγραυλεῖν τὰ πολλὰ καὶ πλανᾶσθαι μόνος ἤθελεν, ἐν ἄλσεσι θεῶν καὶ λειμῶσιν ἱεροῖς καὶ τόποις ἐρήμοις ποιούμενος τὴν δίαιταν. ὅθεν οὐχ ἥκιστα τὴν ἀρχὴν ὁ περὶ τῆς θεᾶς ἔλαβε λόγος, ὡς ἄρα Νομᾶς ἐκεῖνος οὐκ ἀδημονίᾳ τινὶ ψυχῆς καὶ πλάνῃ τὸν μετὰ ἀνθρώπων ἀπολέλοιπε [2] βίον, ἀλλὰ σεμνοτέρας γεγευμένος ὁμιλίας καὶ γάμων θείων ἠξιωμένος, Ἠγερίᾳ δαίμονι συνὼν ἐρώσῃ καὶ συνδιαιτώμενος, εὐδαίμων ἀνὴρ καὶ τὰ θεῖα πεπνυμένος γέγονεν. ὅτι μὲν οὖν ταῦτα πολλοῖς τῶν πάνυ παλαιῶν μύθων ἔοικεν, οὓς οἱ Φρύγες τε περὶ Ἄττεω καὶ Βιθυνοὶ περὶ Ἡροδότου καὶ περὶ Ἐνδυμίωνος Ἀρκάδες ἄλλοι τε περὶ ἄλλων εὐδαιμόνων δή τινων καὶ θεοφιλῶν γενέσθαι δοκούντων παραλαβόντες

ἠγάπησαν, [3] οὐκ ἄδηλόν ἐστι. καί που λόγον ἔχει τὸν θεόν, οὐ φίλιππον οὐδὲ φίλορνιν, ἀλλὰ φιλάνθρωπον ὄντα, τοῖς διαφερόντως ἀγαθοῖς ἐθέλειν συνεῖναι, καὶ μὴ δυσχεραίνειν μηδὲ ἀτιμάζειν ἀνδρὸς ὁσίου καὶ σώφρονος ὁμιλίαν. ὡς δὲ καὶ σώματος ἀνθρωπίνου καὶ ὥρας ἐστί τις θεῷ καὶ δαίμονι κοινωνία καὶ χάρις, ἔργον ἤδη καὶ τοῦτο πεισθῆναι.

[4] Καίτοι δοκοῦσιν οὐκ ἀπιθάνως Αἰγύπτιοι διαιρεῖν ὡς γυναικὶ μὲν οὐκ ἀδύνατον πνεῦμα πλησιάσαι θεοῦ καί τινας ἐντεκεῖν ἀρχὰς γενέσεως, ἀνδρὶ δὲ οὐκ ἔστι σύμμιξις πρὸς θεὸν οὐδὲ ὁμιλία σώματος. ἀγνοοῦσι δὲ ὅτι τὸ μιγνύμενον ᾧ μίγνυται τὴν ἴσην ἀνταποδίδωσι κοινωνίαν. οὐ μὴν ἀλλὰ φιλίαν γε πρὸς ἄνθρωπον εἶναι θεῷ καὶ τὸν ἐπὶ ταύτῃ λεγόμενον ἔρωτα καὶ φυόμενον εἰς ἐπιμέλειαν ἤθους καὶ ἀρετῆς, πρέπον ἂν εἴη.

[5] καὶ οὐ πλημμελοῦσιν οἱ τὸν Φόρβαντα καὶ τὸν Ὑάκινθον καὶ τὸν Ἄδμητον ἐρωμένους Ἀπόλλωνος γεγονέναι μυθολογοῦντες, ὥσπερ αὖ καὶ τὸν Σικυώνιον Ἱππόλυτον, ᾧ δὴ καί φασιν, ὁσάκις τύχοι διαπλέων εἰς Κίρραν ἐκ Σικυῶνος, τὴν Πυθίαν, οἷον αἰσθανομένου τοῦ θεοῦ καὶ χαίροντος, ἀποθεσπίζειν τόδε τὸ ἡρῷον·

Καὶ δ’ αὖθ’ Ἱππολύτοιο φίλον κάρα εἰς ἅλα βαίνει.

[6] Πινδάρου δὲ καὶ τῶν μελῶν ἐραστὴν γενέσθαι τὸν Πᾶνα μυθολογοῦσιν. ἀπέδωκε δέ τινα τιμὴν καὶ Ἀρχιλόχῳ καὶ Ἡσιόδῳ τελευτήσασι διὰ τὰς Μούσας τὸ δαιμόνιον. Σοφοκλεῖ δὲ καὶ ζῶντι τὸν Ἀσκληπιὸν ἐπιξενωθῆναι λόγος ἐστὶ πολλὰ μέχρι δεῦρο διασῴζων τεκμήρια, καὶ τελευτήσαντι τυχεῖν ταφῆς ἄλλος θεός, ὡς λέγεται, παρέσχεν.

[7] ἆρα οὖν ἄξιόν ἐστι, ταῦτα συγχωροῦντας ἐπὶ τούτων, ἀπιστεῖν εἰ Ζαλεύκῳ καὶ Μίνῳ καὶ Ζωροάστρῃ καὶ Νομᾷ καὶ Λυκούργῳ βασιλείας κυβερνῶσι καὶ πολιτείας διακοσμοῦσιν εἰς τὸ αὐτὸ ἐφοίτα τὸ δαιμόνιον, ἢ τούτοις μὲν εἰκός ἐστι καὶ σπουδάζοντας θεοὺς ὁμιλεῖν ἐπὶ διδασκαλίᾳ καὶ παραινέσει τῶν βελτίστων, ποιηταῖς δὲ καὶ λυρικοῖς μινυρίζουσιν, εἴπερ ἄρα, χρῆσθαι παίζοντας; [8] εἰ δὲ λέγει τις ἄλλως, κατὰ Βακχυλίδην, “Πλατεῖα κέλευθος.” οὐδὲ γὰρ ἅτερος λόγος ἔχει τι φαῦλον, ὃν περὶ Λυκούργου καὶ Νομᾶ καὶ τοιούτων ἄλλων ἀνδρῶν λέγουσιν, ὡς δυσκάθεκτα καὶ δυσάρεστα πλήθη χειρούμενοι καὶ μεγάλας ἐπιφέροντες ταῖς πολιτείαις καινοτομίας, προσεποιήσαντο τὴν ἀπὸ τοῦ θεοῦ δόξαν, αὐτοῖς ἐκείνοις πρὸς οὓς ἐσχηματίζοντο σωτήριον οὖσαν.

[5] [1] Ἀλλὰ γὰρ ἔτος ἤδη διατελοῦντι τῷ Νομᾷ τεσσαρακοστὸν ἧκον ἀπὸ Ῥώμης οἱ πρέσβεις παρακαλοῦντες ἐπὶ τὴν βασιλείαν. τοὺς δὲ λόγους ἐποιήσατο Πρόκλος καὶ Οὐέλεσος, ὧν πρότερον ἐπίδοξος ἦν ὁ δῆμος αἱρήσεσθαι τὸν ἕτερον βασιλέα, Πρόκλῳ μὲν τῶν Ῥωμύλου λαῶν, Οὐελέσῳ

δὲ τῶν Τατίου μάλιστα προσεχόντων. οὗτοι μὲν οὖν βραχέα διελέχθησαν, οἰόμενοι τῷ [2] Νομᾷ τὴν συντυχίαν ἀσπαζομένῳ γεγονέναι· ἦν δ᾽ οὐ μικρόν, ὡς ἔοικεν, ἔργον, ἀλλὰ καὶ λόγων πολλῶν καὶ δεήσεως τὸ πεῖσαι καὶ μεταστῆσαι γνώμην ἀνδρὸς ἐν ἡσυχίᾳ καὶ εἰρήνῃ βεβιωκότος εἰς ἀρχὴν πόλεως τρόπον τινὰ καὶ γεγενημένης πολέμῳ καὶ συνηυξημένης. ἔλεγεν οὖν τοῦ τε πατρὸς αὐτοῦ παρόντος καὶ Μαρκίου, τῶν συγγενῶν ἑνός, ὡς "Πᾶσα μὲν ἀνθρωπίνου βίου μεταβολὴ σφαλερόν· ᾧ δὲ μήτ᾽ ἄπεστί τι τῶν ἱκανῶν μήτε μεμπτόν ἐστι τῶν παρόντων, τοῦτον οὐδὲν ἄλλο πλὴν ἄνοια μετακοσμεῖ καὶ μεθίστησιν ἐκ τῶν συνήθων· οἷς κἂν εἰ μηδὲν ἕτερον προσείη, [3] τῷ βεβαιοτέρῳ διαφέρει τῶν ἀδήλων. ἀλλ᾽ οὐδὲ ἄδηλα τὰ τῆς βασιλείας τοῖς Ῥωμύλου τεκμαιρομένῳ παθήμασιν, ὡς πονηρὰν μὲν αὐτὸς ἔλαβε δόξαν ἐπιβουλεῦσαι τῷ συνάρχοντι Τατίῳ, πονηρὰν δὲ τοῖς ὁμοτίμοις περιεποίησεν ὡς ἀνῃρημένος ὑπ᾽ αὐτῶν. καίτοι Ῥωμύλον μὲν οὗτοι παῖδα θεῶν ὑμνοῦσι φήμαις, καὶ τροφήν τινα δαιμόνιον αὐτοῦ καὶ σωτηρίαν ἄπιστον ἔτι νηπίου λέγουσιν· ἐμοὶ δὲ καὶ γένος θνητόν ἐστι καὶ τροφὴ καὶ παίδευσις ὑπ᾽ ἀνθρώπων ὧν οὐκ [4] ἀγνοεῖτε γεγενημένη· τὰ δ᾽ ἐπαινούμενα τοῦ τρόπου βασιλεύειν πόρρω μέλλοντος ἀνδρός, ἡσυχία τε πολλὴ καὶ διατριβὴ περὶ λόγους ἀπράγμονας, ὅ τε δεινὸς οὗτος καὶ σύντροφος εἰρήνης ἔρως καὶ πραγμάτων ἀπολέμων καὶ ἀνθρώπων ἐπὶ τιμῇ θεῶν καὶ φιλοφροσύναις εἰς τὸ αὐτὸ συνιόντων, τὰ δὲ ἄλλα καθ᾽ ἑαυτοὺς γεωργούντων ἢ [5] νεμόντων. ὑμῖν δέ, ὦ Ῥωμαῖοι, πολλοὺς μὲν ἴσως ἀβουλήτους ἀπολέλοιπε πολέμους Ῥωμύλος, οἷς ἀντερείδοντος ἡ πόλις ἐμπείρου δεῖται βασιλέως καὶ ἀκμάζοντος· πολλὴ δὲ καὶ συνήθεια καὶ προθυμία δι᾽ εὐτυχίαν γέγονε τῷ δήμῳ, καὶ οὐδένα λέληθεν αὔξεσθαι καὶ κρατεῖν ἑτέρων βουλόμενος, ὥστε καὶ γέλως ἂν εἴη τἀμά, θεραπεύοντος θεούς, καὶ δίκην τιμᾶν, βίαν δὲ καὶ πόλεμον ἐχθαίρειν διδάσκοντος πόλιν στρατηλάτου μᾶλλον ἢ βασιλέως δεομένην."

[6] [1] Τοιούτοις λόγοις ἀφοσιουμένου τὴν βασιλείαν τοῦ ἀνδρός, οἵ τε Ῥωμαῖοι πᾶσαν ἐποιοῦντο σπουδὴν ἀντιβολοῦντες καὶ δεόμενοι μὴ σφᾶς αὖθις εἰς στάσιν ἐμβαλεῖν καὶ πόλεμον ἐμφύλιον, οὐκ ὄντος ἑτέρου πρὸς ὃν ἀμφότεραι συννεύσουσιν αἱ στάσεις, ὅ τε πατὴρ καὶ ὁ Μάρκιος ἐκείνων μεταστάντων ἰδίᾳ προσκείμενοι τὸν Νομᾶν ἔπειθον [2] δέχεσθαι μέγα καὶ θεῖον δῶρον. "Εἰ δὲ αὐτὸς οὔτε πλούτου δέῃ δι᾽ αὐτάρκειαν οὔτε δόξαν ἀρχῆς καὶ δυναστείας ἐζήλωκας κρείσσονα τὴν ἀπ᾽ ἀρετῆς ἔχων, ἀλλ᾽ ὑπηρεσίαν γε θεοῦ τὸ βασιλεύειν ἡγούμενος, ὅς γε ἀνίστησι καὶ οὐκ ἐᾷ κεῖσθαι καὶ ἀργεῖν τὴν ἐν σοὶ τοσαύτην δικαιοσύνην, μὴ φεῦγε μηδὲ ἀποδίδρασκε τὴν ἀρχήν, ἀνδρὶ φρονίμῳ πράξεων καλῶν καὶ μεγάλων οὖσαν

χώραν, ἐν ᾗ καὶ θεραπεῖαι θεῶν μεγαλοπρεπεῖς εἰσι καὶ πρὸς εὐσέβειαν ἀνθρώπων ἡμερώσεις ῥᾷστα καὶ τάχιστα μετακοσμουμένων ὑπὸ [3] τοῦ κρατοῦντος. οὗτοι καὶ Τάτιον ἔστερξαν ἔπηλυν ἡγεμόνα, καὶ τὴν Ῥωμύλου μνήμην ἀποθεοῦσι ταῖς τιμαῖς. τίς δὲ οἶδεν εἰ καὶ νικῶντι δήμῳ πολέμου κόρος ἐστί, καὶ μεστοὶ θριάμβων καὶ λαφύρων γεγονότες ἡγεμόνα πρᾷον καὶ δίκης ἑταῖρον ἐπ' εὐνομίᾳ καὶ εἰρήνῃ ποθοῦσιν; εἰ δὲ δὴ καὶ παντάπασιν ἀκρατῶς ἔχουσι καὶ μανικῶς πρὸς πόλεμον, ἆρ' οὐχὶ βέλτιον ἀλλαχόσε τὴν ὁρμὴν αὐτῶν τρέπειν, διὰ χειρὸς ἔχοντα τὰς ἡνίας, τῇ δὲ πατρίδι καὶ παντὶ τῷ Σαβίνων ἔθνει σύνδεσμον εὐνοίας καὶ φιλίας πρὸς πόλιν ἀκμάζουσαν [4] καὶ δυνατὴν γενέσθαι;" τούτοις προσῆν, ὡς λέγεται, σημεῖά τε χρηστὰ καὶ σπουδὴ τῶν πολιτῶν καὶ ζῆλος, ὡς ἐπύθοντο τὴν πρεσβείαν, δεομένων βαδίζειν καὶ παραλαμβάνειν τὴν βασιλείαν ἐπὶ κοινωνίᾳ καὶ συγκράσει τῶν πολιτῶν.

[7] [1] Ὡς οὖν ἐδέδοκτο, θύσας τοῖς θεοῖς προῆγεν εἰς τὴν Ῥώμην. ἀπήντα δὲ ἡ βουλὴ καὶ ὁ δῆμος ἔρωτι θαυμαστῷ τοῦ ἀνδρός, εὐφημίαι τε πρέπουσαι γυναικῶν ἐγίνοντο καὶ θυσίαι πρὸς ἱεροῖς καὶ χαρὰ πάντων, ὥσπερ οὐ βασιλέα τῆς πόλεως, ἀλλὰ βασιλείαν δεχομένης. ἐπεὶ δὲ εἰς τὴν ἀγορὰν κατέστησαν, ὁ μὲν ταῖς ὥραις ἐκείναις συνειληχὼς μεσοβασιλεὺς Σπόριος Οὐέττιος ψῆφον ἐπέδωκε τοῖς πολίταις καὶ πάντες ἤνεγκαν, προσφερομένων δ' αὐτῷ τῶν βασιλικῶν παρασήμων ἐπισχεῖν κελεύσας ἔφη δεῖσθαι καὶ θεοῦ [2] τὴν βασιλείαν ἐμπεδοῦντος αὐτῷ. παραλαβὼν δὲ μάντεις καὶ ἱερεῖς ἀνέβαινεν εἰς τὸ Καπιτώλιον· Ταρπήϊον αὐτὸ λόφον οἱ τότε Ῥωμαῖοι προσηγόρευον. ἐνταῦθα τῶν μάντεων ὁ πρωτεύων τὸν μὲν εἰς μεσημβρίαν τρέψας ἐγκεκαλυμμένον, αὐτὸς δὲ παραστὰς ἐξόπισθεν καὶ τῇ δεξιᾷ τῆς κεφαλῆς ἐφαπτόμενος αὐτοῦ κατεύξατο, καὶ περιεσκόπει τὰ παρὰ τῶν θεῶν ἐν οἰωνοῖς ἢ συμβόλοις προφαινόμενα, πανταχόσε τὰς ὄψεις [3] περιφέρων. σιγὴ δὲ ἄπιστος ἐν πλήθει τοσούτῳ τὴν ἀγορὰν κατεῖχε καραδοκούντων καὶ συναιωρουμένων τῷ μέλλοντι, μέχρι οὗ προὐφάνησαν ὄρνιθες ἀγαθοὶ καὶ δεξιοὶ ἐπέτρεψαν. οὕτω δὲ τὴν βασιλικὴν ἀναλαβὼν ἐσθῆτα κατέβαινε Νομᾶς εἰς τὸ πλῆθος ἀπὸ τῆς ἄκρας. τότε δὲ καὶ φωναὶ καὶ δεξιώσεις ἦσαν ὡς εὐσεβέστατον καὶ θεοφιλέστατον δεχομένων.

[4] Παραλαβὼν δὲ τὴν ἀρχὴν πρῶτον μὲν τὸ τῶν τριακοσίων σύστημα διέλυσεν, οὓς Ῥωμύλος ἔχων ἀεὶ περὶ τὸ σῶμα Κέλερας προσηγόρευσεν, ὅπερ ἐστὶ ταχεῖς· οὔτε γὰρ ἀπιστεῖν πιστεύουσιν οὔτε βασιλεύειν ἀπιστούντων ἠξίου. δεύτερον δὲ τοῖς οὖσιν ἱερεῦσι Διὸς καὶ Ἄρεως τρίτον Ῥωμύλου προσκατέστησεν, ὃν Φλάμινα Κυρινάλιον [5] ὠνόμασεν. ἐκάλουν δὲ καὶ τοὺς προγενεστέρους Φλάμινας ἀπὸ τῶν περικρανίων πίλων οὓς περὶ

ταῖς κεφαλαῖς φοροῦσι, πιλαμένας τινὰς ὄντας, ὡς ἱστοροῦσι, τῶν Ἑλληνικῶν ὀνομάτων τότε μᾶλλον ἢ νῦν τοῖς Λατίνοις ἀνακεκραμένων. καὶ γὰρ ἃς ἐφόρουν οἱ ἱερεῖς λαίνας ὁ Ἰόβας χλαίνας φησὶν εἶναι, καὶ τὸν ὑπηρετοῦντα τῷ ἱερεῖ τοῦ Διὸς ἀμφιθαλῆ παῖδα λέγεσθαι Κάμιλλον, ὡς καὶ τὸν Ἑρμῆν οὕτως ἔνιοι τῶν Ἑλλήνων Κάμιλλον ἀπὸ τῆς διακονίας προσηγόρευον.

[8] [1] Ταῦτα δὲ ὁ Νομᾶς ἐπ’ εὐνοίᾳ καὶ χάριτι τοῦ δήμου πολιτευσάμενος εὐθὺς ἐπεχείρει τὴν πόλιν, ὥσπερ σίδηρον, ἐκ σκληρᾶς καὶ πολεμικῆς μαλακωτέραν ποιῆσαι καὶ δικαιοτέραν. ἀτεχνῶς γὰρ ἣν Πλάτων ἀποκαλεῖ φλεγμαίνουσαν πόλιν ἐκείνη τότ’ ἦν, συστᾶσα μὲν εὐθὺς ἐξ ἀρχῆς τόλμῃ τινὶ καὶ παραβόλῳ θρασύτητι τῶν θρασυτάτων καὶ μαχιμωτάτων ἐκεῖ πανταχόθεν [2] ὠσαμένων, ταῖς δὲ πολλαῖς στρατείαις καὶ τοῖς συνεχέσι πολέμοις τροφῇ χρησαμένη καὶ αὐξήσει τῆς δυνάμεως, καὶ καθάπερ τὰ καταπηγνύμενα τῷ σείεσθαι μᾶλλον ἑδράζεται, ῥώννυσθαι δοκοῦσα διὰ τῶν κινδύνων. οὕτω δὴ μετέωρον καὶ τετραχυμένον δῆμον οὐ μικρᾶς οὐδὲ φαύλης οἰόμενος εἶναι πραγματείας μεταχειρίσασθαι καὶ μετακοσμῆσαι πρὸς εἰρήνην, ἐπηγάγετο [3] τὴν ἀπὸ τῶν θεῶν βοήθειαν, τὰ μὲν πολλὰ θυσίαις καὶ πομπαῖς καὶ χορείαις, ἃς αὐτὸς ὠργίασε καὶ κατέστησεν, ἅμα σεμνότητι διαγωγὴν ἐπίχαριν καὶ φιλάνθρωπον ἡδονὴν ἐχούσαις, δημαγωγῶν καὶ τιθασεύων τὸ θυμοειδὲς καὶ φιλοπόλεμον· ἔστι δ’ ὅτε καὶ φόβους τινὰς ἀπαγγέλλων παρὰ τοῦ θεοῦ καὶ φάσματα δαιμόνων ἀλλόκοτα καὶ φωνὰς οὐκ εὐμενεῖς, ἐδούλου καὶ ταπεινὴν ἐποίει τὴν διάνοιαν αὐτῶν ὑπὸ δεισιδαιμονίας.

[4] ἐξ ὧν καὶ μάλιστα λόγον ἔσχεν ἡ σοφία καὶ ἡ παίδευσις τοῦ ἀνδρός, ὡς Πυθαγόρᾳ συγγεγονότος. μέγα γὰρ ἦν μέρος, ὡς ἐκείνῳ τῆς φιλοσοφίας, καὶ τούτῳ τῆς πολιτείας ἡ περὶ τὸ θεῖον ἁγιστεία καὶ διατριβή. λέγεται δὲ καὶ τὸν ἔξωθεν ὄγκον καὶ σχηματισμὸν ἀπὸ τῆς [5] αὐτῆς Πυθαγόρᾳ διανοίας περιβαλέσθαι. καὶ γὰρ ἐκεῖνος ἀετόν τε δοκεῖ πραῦναι, φωναῖς τισιν ἐπιστήσας καὶ καταγαγὼν ὑπεριπτάμενον, τόν τε μηρὸν ὑποφῆναι χρυσοῦν Ὀλυμπίασι διαπορευόμενος τὴν πανήγυριν· ἄλλας τε τερατώδεις μηχανὰς αὐτοῦ καὶ πράξεις ἀναγγέλλουσιν, ἐφ’ αἷς καὶ Τίμων ὁ Φλιάσιος ἔγραψε·

Πυθαγόρην δὲ γόητας ἀποκλίνοντ’ ἐπὶ δόξας
θήρῃ ἐπ’ ἀνθρώπων, σεμνηγορίης ὀαριστήν·

[6] τῷ δὲ Νομᾷ δρᾶμα θεᾶς τινος ἢ νύμφης ὀρείας ἔρως ἦν καὶ συνουσία πρὸς αὐτὸν ἀπόρρητος, ὥσπερ εἴρηται, καὶ κοιναὶ μετὰ Μουσῶν διατριβαί. τὰ γὰρ πλεῖστα τῶν μαντευμάτων εἰς Μούσας ἀνῆγε, καὶ μίαν Μοῦσαν ἰδίως καὶ διαφερόντως ἐδίδαξε σέβεσθαι τοὺς Ῥωμαίους, Τακίταν προσαγορεύσας,

οἷον σιωπηλὴν ἢ ἐνεάν· ὅπερ εἶναι δοκεῖ τὴν Πυθαγόρειον ἀπομνημονεύοντος ἐχεμυθίαν καὶ τιμῶντος.

[7] Ἔστι δὲ καὶ τὰ περὶ τῶν ἀφιδρυμάτων νομοθετήματα παντάπασιν ἀδελφὰ τῶν Πυθαγόρου δογμάτων. οὔτε γὰρ ἐκεῖνος αἰσθητὸν ἢ παθητόν, ἀόρατον δὲ καὶ ἄκτιστον καὶ νοητὸν ὑπελάμβανεν εἶναι τὸ πρῶτον, οὗτός τε διεκώλυσεν ἀνθρωποειδῆ καὶ ζῳόμορφον εἰκόνα θεοῦ Ῥωμαίους νομίζειν. οὐδ' ἦν παρ' αὐτοῖς οὔτε γραπτὸν [8] οὔτε πλαστὸν εἶδος θεοῦ πρότερον, ἀλλ' ἐν ἑκατὸν ἑβδομήκοντα τοῖς πρώτοις ἔτεσι ναοὺς μὲν οἰκοδομούμενοι καὶ καλιάδας ἱερὰς ἱστῶντες, ἄγαλμα δὲ οὐδὲν ἔμμορφον ποιούμενοι διετέλουν, ὡς οὔτε ὅσιον ἀφομοιοῦν τὰ βελτίονα τοῖς χείροσιν οὔτε ἐφάπτεσθαι θεοῦ δυνατὸν ἄλλως ἢ νοήσει. κομιδῆ δὲ καὶ τὰ τῶν θυσιῶν ἔχεται τῆς Πυθαγορικῆς ἁγιστείας· ἀναίμακτοι γὰρ ἦσαν αἵ γε πολλαί, δι' ἀλφίτου καὶ σπονδῆς καὶ τῶν εὐτελεστάτων πεποιημέναι.

[9] Χωρὶς δὲ τούτων ἑτέροις ἔξωθεν ἐπαγωνίζονται τεκμηρίοις οἱ τὸν ἄνδρα τῷ ἀνδρὶ συνοικειοῦντες. ὧν ἓν μέν ἐστιν ὅτι Πυθαγόραν Ῥωμαῖοι τῇ πολιτείᾳ προσέγραψαν, ὡς ἱστόρηκεν Ἐπίχαρμος ὁ κωμικὸς ἔν τινι λόγῳ πρὸς Ἀντήνορα γεγραμμένῳ, παλαιὸς ἀνὴρ καὶ τῆς Πυθαγορικῆς διατριβῆς μετεσχηκώς· ἕτερον δὲ ὅτι τεσσάρων υἱῶν βασιλεῖ Νομᾷ γενομένων ἕνα Μάμερκον ἐπὶ τῷ [10] Πυθαγόρου παιδὶ προσηγόρευσεν. ἀπ' ἐκείνου δὲ καὶ τὸν Αἰμιλίων οἶκον ἀναμιχθέντα τοῖς πατρικίοις ὀνομασθῆναί φασιν, οὕτως ὑποκοριζομένου τοῦ βασιλέως τὴν ἐν τοῖς λόγοις τοῦ ἀνδρὸς αἱμυλίαν καὶ χάριν. αὐτοὶ δ' ἀκηκόαμεν πολλῶν ἐν Ῥώμῃ διεξιόντων ὅτι χρησμοῦ ποτε Ῥωμαίοις γενομένου τὸν φρονιμώτατον καὶ τὸν ἀνδρειότατον Ἑλλήνων ἱδρύσασθαι παρ' αὑτοῖς, ἔστησαν ἐπὶ τῆς ἀγορᾶς εἰκόνας χαλκᾶς δύο, τὴν μὲν Ἀλκιβιάδου, τὴν δὲ Πυθαγόρου. ταῦτα μὲν οὖν ἀμφισβητήσεις ἔχοντα πολλὰς καὶ τὸ κινεῖν διὰ μακροτέρων καὶ τὸ πιστοῦσθαι μειρακιώδους ἐστὶ φιλονεικίας.

[9] [1] Νομᾷ δὲ καὶ τὴν τῶν ἀρχιερέων, οὓς Ποντίφικας καλοῦσι, διάταξιν καὶ κατάστασιν ἀποδιδόασι, καί φασιν αὐτὸν ἕνα τούτων τὸν πρῶτον γεγονέναι. κεκλῆσθαι δὲ τοὺς Ποντίφικας οἱ μὲν ὅτι τοὺς θεοὺς θεραπεύουσι δυνατοὺς καὶ κυρίους ἁπάντων ὄντας· ὁ γὰρ δυνατὸς ὑπὸ Ῥωμαίων ὀνομάζεται [2] πότηνς· ἕτεροι δέ φασι πρὸς ὑπεξαίρεσιν γεγονέναι τοὔνομα τῶν δυνατῶν, ὡς τοῦ νομοθέτου τὰς δυνατὰς ἐπιτελεῖν ἱερουργίας τοὺς ἱερεῖς κελεύοντος, ἂν δὲ ᾖ τι κώλυμα μεῖζον, οὐ συκοφαντοῦντος. οἱ δὲ πλεῖστοι μάλιστα καὶ τὸ γελώμενον τῶν ὀνομάτων δοκιμάζουσιν, ὡς οὐδὲν ἀλλ' ἢ γεφυροποιοὺς τοὺς ἄνδρας ἐπικληθέντας ἀπὸ τῶν ποιουμένων περὶ τὴν γέφυραν ἱερῶν, ἁγιωτάτων καὶ παλαιοτάτων ὄντων· πόντεμ γὰρ οἱ Λατῖνοι [3]

τὴν γέφυραν ὀνομάζουσιν. εἶναι μέντοι καὶ τὴν τήρησιν αὐτῆς καὶ τὴν ἐπισκευήν, ὥσπερ ἄλλο τι τῶν ἀκινήτων καὶ πατρίων ἱερῶν, προσήκουσαν τοῖς ἱερεῦσιν. οὐ γὰρ θεμιτόν, ἀλλ' ἐπάρατον ἡγεῖσθαι Ῥωμαίους τὴν κατάλυσιν τῆς ξυλίνης γεφύρας. λέγεται δὲ καὶ τὸ πάμπαν ἄνευ σιδήρου κατὰ δή τι λόγιον συγγεγομφῶσθαι διὰ τῶν ξύλων. ἡ δὲ λιθίνη πολλοῖς ὕστερον ἐξειργάσθη [4] χρόνοις ὑπ' Αἰμιλίου ταμιεύοντος. οὐ μὴν ἀλλὰ καὶ τὴν ξυλίνην τῶν Νομᾶ χρόνων ἀπολείπεσθαι λέγουσιν, ὑπὸ Μαρκίου τοῦ Νομᾶ θυγατριδοῦ βασιλεύοντος ἀποτελεσθεῖσαν.

Ὁ δὲ μέγιστος τῶν Ποντιφίκων οἷον ἐξηγητοῦ καὶ προφήτου, μᾶλλον δὲ ἱεροφάντου τάξιν εἴληχεν, οὐ μόνον τῶν δημοσίᾳ δρωμένων ἐπιμελούμενος, ἀλλὰ καὶ τοὺς ἰδίᾳ θύοντας ἐπισκοπῶν καὶ κωλύων παρεκβαίνειν τὰ νενομισμένα, καὶ διδάσκων ὅτου τις δέοιτο πρὸς θεῶν τιμὴν ἢ παραίτησιν.

[5] ἦν δὲ καὶ τῶν ἱερῶν παρθένων ἐπίσκοπος, ἃς Ἑστιάδας προσαγορεύουσι. Νομᾷ γὰρ δὴ καὶ τὴν τῶν Ἑστιάδων παρθένων καθιέρωσιν καὶ ὅλως τὴν περὶ τὸ πῦρ τὸ ἀθάνατον, ὃ φυλάττουσιν αὗται, θεραπείαν τε καὶ τιμὴν ἀποδιδόασιν, εἴτε ὡς καθαρὰν καὶ ἄφθαρτον τὴν τοῦ πυρὸς οὐσίαν ἀκηράτοις καὶ ἀμιάντοις παρατιθεμένου σώμασιν, εἴτε τὸ ἄκαρπον καὶ ἄγονον τῇ παρθενίᾳ συνοικειοῦντος. ἐπεί τοι τῆς Ἑλλάδος ὅπου πῦρ ἄσβεστόν ἐστιν, ὡς Πυθοῖ καὶ Ἀθήνησιν, οὐ παρθένοι, γυναῖκες δὲ πεπαυμέναι γάμων ἔχουσι [6] τὴν ἐπιμέλειαν· ἐὰν δὲ ὑπὸ τύχης τινὸς ἐκλίπῃ, καθάπερ Ἀθήνησι μὲν ἐπὶ τῆς Ἀριστίωνος λέγεται τυραννίδος ἀποσβεσθῆναι τὸν ἱερὸν λύχνον, ἐν Δελφοῖς δὲ τοῦ ναοῦ καταπρησθέντος ὑπὸ Μήδων, περὶ δὲ τὰ Μιθριδατικὰ καὶ τὸν ἐμφύλιον Ῥωμαίων πόλεμον ἅμα τῷ βωμῷ τὸ πῦρ ἠφανίσθη, οὔ φασι δεῖν ἀπὸ ἑτέρου πυρὸς ἐναύεσθαι, καινὸν δὲ ποιεῖν καὶ νέον, ἀνάπτοντας ἀπὸ τοῦ ἡλίου φλόγα καθαρὰν καὶ ἀμίαντον.

[7] ἐξάπτουσι δὲ μάλιστα τοῖς σκαφείοις, ἃ κατασκευάζεται μὲν ἀπὸ πλευρᾶς ἰσοσκελοῦς ὀρθογωνίου τριγώνου κοιλαινόμενα, συννεύει δ' εἰς ἓν ἐκ τῆς περιφερείας κέντρον. ὅταν οὖν θέσιν ἐναντίαν λάβῃ πρὸς τὸν ἥλιον, ὥστε τὰς αὐγὰς πανταχόθεν ἀνακοπτομένας ἀθροίζεσθαι καὶ συμπλέκεσθαι περὶ τὸ κέντρον, αὐτόν τε διακρίνει τὸν ἀέρα λεπτυνόμενον, καὶ τὰ κουφότατα καὶ ξηρότατα τῶν προστιθεμένων ὀξέως ἀνάπτει κατὰ τὴν ἀντέρεισιν, σῶμα καὶ πληγὴν πυρώδη τῆς [8] αὐγῆς λαβούσης. ἔνιοι μὲν οὖν οὐδὲν ὑπὸ τῶν ἱερῶν παρθένων ἀλλ' ἢ τὸ ἄσβεστον ἐκεῖνο φρουρεῖσθαι πῦρ νομίζουσιν· ἔνιοι δὲ εἶναί τινά φασιν ἀθέατα τοῖς ἄλλοις ἱερὰ κρυπτόμενα, περὶ ὧν ὅσα καὶ πυθέσθαι καὶ φράσαι θεμιτὸν ἐν τῷ Καμίλλου βίῳ γέγραπται.

[10] [1] Πρῶτον μὲν οὖν ὑπὸ Νομᾶ καθιερωθῆναι λέγουσι Γεγανίαν καὶ Βερηνίαν, δεύτερον δὲ Κανουληΐαν καὶ Ταρπηΐαν· ὕστερον δὲ Σερβίου δύο προσθέντος ἄλλας τῷ ἀριθμῷ διατηρεῖσθαι μέχρι τῶν χρόνων τούτων τὸ πλῆθος. ὡρίσθη δὲ ταῖς ἱεραῖς παρθένοις ὑπὸ τοῦ βασιλέως ἁγνεία τριακονταέτις, ἐν ᾗ τὴν μὲν πρώτην δεκαετίαν ἃ χρὴ δρᾶν μανθάνουσι, τὴν δὲ μέσην ἃ μεμαθήκασι δρῶσι, τὴν δὲ τρίτην ἑτέρας αὐταὶ διδάσκουσιν.

[2] εἶτα ἀνεῖται τῇ βουλομένῃ μετὰ τὸν χρόνον τοῦτον ἤδη καὶ γάμου μεταλαμβάνειν καὶ πρὸς ἕτερον τραπέσθαι βίον, ἀπαλλαγείσῃ τῆς ἱερουργίας. λέγονται δὲ οὐ πολλαὶ ταύτην ἀσπάσασθαι τὴν ἄδειαν, οὐδὲ ἀσπασαμέναις χρηστὰ πράγματα συντυχεῖν, ἀλλὰ μετανοίᾳ καὶ κατηφείᾳ συνοῦσαι τὸν λοιπὸν βίον ἐμβαλεῖν τὰς ἄλλας εἰς δεισιδαιμονίαν, ὥστε μέχρι γήρως καὶ θανάτου διατελεῖν ἐγκαρτερούσας καὶ παρθενευομένας.

[3] Τιμὰς δὲ μεγάλας ἀπέδωκεν αὐταῖς, ὧν ἔστι καὶ τὸ διαθέσθαι ζῶντος ἐξεῖναι πατρὸς καὶ τἆλλα πράττειν ἄνευ προστάτου διαγούσας, ὥσπερ αἱ τρίπαιδες. ῥαβδουχοῦνται δὲ προϊοῦσαι· κἂν ἀγομένῳ τινὶ πρὸς θάνατον αὐτομάτως συντύχωσιν, οὐκ ἀναιρεῖται. δεῖ δὲ ἀπομόσαι τὴν παρθένον ἀκούσιον καὶ τυχαίαν καὶ οὐκ ἐξεπίτηδες γεγονέναι τὴν ἀπάντησιν. ὁ δὲ ὑπελθὼν κομιζομένων [4] ὑπὸ τὸ φορεῖον ἀποθνήσκει. κόλασις δὲ τῶν μὲν ἄλλων ἁμαρτημάτων πληγαὶ ταῖς παρθένοις, τοῦ μεγίστου Ποντίφικος κολάζοντος ἔστιν ὅτε καὶ γυμνὴν τὴν πλημμελήσασαν, ὀθόνης ἐν παλινσκίῳ παρατεινομένης· ἡ δὲ τὴν παρθενίαν καταισχύνασα ζῶσα κατορύττεται παρὰ τὴν Κολλίνην λεγομένην πύλην· ἐν ᾗ τις ἔστιν ἐντὸς τῆς πόλεως ὀφρὺς γεώδης παρατείνουσα πόρρω· [5] καλεῖται δὲ χῶμα διαλέκτῳ τῇ Λατίνων. ἐνταῦθα κατασκευάζεται κατάγειος οἶκος οὐ μέγας, ἔχων ἄνωθεν κατάβασιν. κεῖται δὲ ἐν αὐτῷ κλίνη τε ὑπεστρωμένη καὶ λύχνος καιόμενος, ἀπαρχαί τε τῶν πρὸς τὸ ζῆν ἀναγκαίων βραχεῖαί τινες, οἷον ἄρτος, ὕδωρ ἐν ἀγγείῳ, γάλα, ἔλαιον, ὥσπερ ἀφοσιουμένων τὸ μὴ λιμῷ διαφθείρειν σῶμα ταῖς [6] μεγίσταις καθιερωμένον ἁγιστείαις. αὐτὴν δὲ τὴν κολαζομένην εἰς φορεῖον ἐνθέμενοι καὶ καταστεγάσαντες ἔξωθεν καὶ καταλαβόντες ἱμᾶσιν, ὡς μηδὲ φωνὴν ἐξάκουστον γενέσθαι, κομίζουσι δι’ ἀγορᾶς. ἐξίστανται δὲ πάντες σιωπῇ καὶ παραπέμπουσιν ἄφθογγοι μετά τινος δεινῆς κατηφείας· οὐδὲ ἐστὶν ἕτερον θέαμα φρικτότερον, οὐδ’ ἡμέραν [7] ἡ πόλις ἄλλην ἄγει στυγνοτέραν ἐκείνης. ὅταν δὲ πρὸς τὸν τόπον κομισθῇ τὸ φορεῖον, οἱ μὲν ὑπηρέται τοὺς δεσμοὺς ἐξέλυσαν, ὁ δὲ τῶν ἱερέων ἔξαρχος εὐχάς τινας ἀπορρήτους ποιησάμενος καὶ χεῖρας ἀνατείνας θεοῖς πρὸ τῆς ἀνάγκης, ἐξάγει συγκεκαλυμμένην καὶ καθίστησιν ἐπὶ κλίμακος εἰς τὸ οἴκημα κάτω φερούσης. εἶτα αὐτὸς μὲν ἀποτρέπεται μετὰ τῶν ἄλλων ἱερέων· τῆς δὲ καταβάσης ἥ τε κλίμαξ

ἀναιρεῖται καὶ κατακρύπτεται τὸ οἴκημα γῆς πολλῆς ἄνωθεν ἐπιφορουμένης, ὥστε ἰσόπεδον τῷ λοιπῷ χώματι γενέσθαι τὸν τόπον. οὕτω μὲν αἱ προέμεναι τὴν ἱερὰν παρθενίαν κολάζονται.

[11] [1] Νομᾶς δὲ λέγεται καὶ τὸ τῆς Ἑστίας ἱερὸν ἐγκύκλιον περιβαλέσθαι τῷ ἀσβέστῳ πυρὶ φρουράν, ἀπομιμούμενος οὐ τὸ σχῆμα τῆς γῆς ὡς Ἑστίας οὔσης, ἀλλὰ τοῦ σύμπαντος κόσμου, οὗ μέσον οἱ Πυθαγορικοὶ τὸ πῦρ ἱδρῦσθαι νομίζουσι, [2] καὶ τοῦτο Ἑστίαν καλοῦσι καὶ μονάδα· τὴν δὲ γῆν οὔτε ἀκίνητον οὔτε ἐν μέσῳ τῆς περιφορᾶς οὖσαν, ἀλλὰ κύκλῳ περὶ τὸ πῦρ αἰωρουμένην οὐ τῶν τιμιωτάτων οὐδὲ τῶν πρώτων τοῦ κόσμου μορίων ὑπάρχειν. ταῦτα δὲ καὶ Πλάτωνά φασι πρεσβύτην γενόμενον διανενοῆσθαι περὶ τῆς γῆς ὡς ἐν ἑτέρᾳ χώρᾳ καθεστώσης, τὴν δὲ μέσην καὶ κυριωτάτην ἑτέρῳ τινὶ κρείττονι προσήκουσαν.

[12] [1] Οἱ δὲ Ποντίφικες καὶ τὰ περὶ τὰς ταφὰς πάτρια τοῖς χρῄζουσιν ἀφηγοῦνται, Νομᾶ διδάξαντος μηδὲν ἡγεῖσθαι μίασμα τῶν τοιούτων, ἀλλὰ καὶ τοὺς ἐκεῖ θεοὺς σέβεσθαι τοῖς νενομισμένοις, ὡς τὰ κυριώτατα τῶν ἡμετέρων ὑποδεχομένους· ἐξαιρέτως δὲ τὴν προσαγορευομένην Λιβίτιναν, ἐπίσκοπον τῶν περὶ τοὺς θνήσκοντας ὁσίων θεὸν οὖσαν, εἴτε Περσεφόνην εἴτε μᾶλλον, ὡς οἱ λογιώτατοι Ῥωμαίων ὑπολαμβάνουσιν, Ἀφροδίτην, οὐ κακῶς εἰς μιᾶς δύναμιν θεοῦ τὰ περὶ τὰς γενέσεις καὶ τὰς τελευτὰς ἀνάπτοντες.

[2] αὐτὸς δὲ καὶ τὰ πένθη καθ’ ἡλικίας καὶ χρόνους ἔταξεν· οἷον παῖδα μὴ πενθεῖν νεώτερον τριετοῦς, μηδὲ πρεσβύτερον πλείονας μῆνας ὧν ἐβίωσεν ἐνιαυτῶν μέχρι τῶν δέκα, καὶ περαιτέρω μηδεμίαν ἡλικίαν, ἀλλὰ τοῦ μακροτάτου πένθους χρόνον εἶναι δεκαμηνιαῖον, ἐφ’ ὅσον καὶ χηρεύουσιν αἱ τῶν ἀποθανόντων γυναῖκες. ἡ δὲ πρότερον γαμηθεῖσα βοῦν ἐγκύμονα κατέθυεν ἐκείνου νομοθετήσαντος.

[3] Πολλὰς δὲ καὶ ἄλλας Νομᾶ καταδείξαντος ἱερωσύνας ἔτι δυεῖν μνησθήσομαι, τῆς τε Σαλίων καὶ τῆς τῶν Φιτιαλέων, αἳ μάλιστα τὴν εὐσέβειαν τοῦ ἀνδρὸς ἐμφαίνουσιν. οἱ μὲν γὰρ Φιτιαλεῖς εἰρηνοφύλακές τινες ὄντες, ὡς δ’ ἐμοὶ δοκεῖ, καὶ τοὔνομα λαβόντες ἀπὸ τῆς πράξεως, λόγῳ τὰ νείκη κατέπαυον, οὐκ ἐῶντες στρατεύειν πρότερον ἢ πᾶσαν ἐλπίδα δίκης ἀποκοπῆναι.

[4] καὶ γὰρ εἰρήνην Ἕλληνες καλοῦσιν ὅταν λόγῳ, μὴ βίᾳ, πρὸς ἀλλήλους χρώμενοι λύσωσι τὰς διαφοράς. οἱ δὲ Ῥωμαίων Φιτιαλεῖς πολλάκις μὲν ἐβάδιζον ὡς τοὺς ἀδικοῦντας αὐτοὶ πείθοντες εὐγνωμονεῖν· ἀγνωμονούντων δὲ μαρτυράμενοι θεούς, καὶ κατευξάμενοι πολλὰ καὶ δεινὰ καθ’ αὑτῶν αὐτοὶ

καὶ τῆς πατρίδος εἰ μὴ δικαίως ἐπεξίασιν, οὕτω κατήγγελλον αὐτοῖς τὸν πόλεμον.

[5] κωλυόντων δὲ τούτων ἢ μὴ συναινούντων, οὔτε στρατιώτῃ θεμιτὸν οὔτε βασιλεῖ Ῥωμαίων ὅπλα κινεῖν, ἀλλὰ παρὰ τούτων ἔδει τὴν ἀρχὴν τοῦ πολέμου δεξάμενον ὡς δικαίου τὸν ἄρχοντα, τότε σκοπεῖν περὶ τοῦ συμφέροντος. λέγεται δὲ καὶ τὸ Κελτικὸν ἐκεῖνο πάθος τῇ πόλει γενέσθαι τούτων τῶν ἱερέων παρανομηθέντων.

[6] Ἔτυχον μὲν γὰρ οἱ βάρβαροι Κλουσίνους πολιορκοῦντες· ἐπέμφθη δὲ πρεσβευτὴς Φάβιος Ἄμβουστος εἰς τὸ στρατόπεδον διαλύσεις πράξων ὑπὲρ τῶν πολιορκουμένων. λαβὼν δὲ ἀποκρίσεις οὐκ ἐπιεικεῖς καὶ πέρας σχεῖν αὐτῷ τὴν πρεσβείαν οἰόμενος, ἐνεανιεύσατο πρὸ τῶν Κλουσίνων ὅπλα λαβὼν προκαλέσασθαι τὸν ἀριστεύοντα [7] τῶν βαρβάρων. τὰ μὲν οὖν τῆς μάχης εὐτυχεῖτο καὶ καταβαλὼν ἐσκύλευσε τὸν ἄνδρα· γνωρίσαντες δὲ οἱ Κελτοὶ πέμπουσιν εἰς Ῥώμην κήρυκα τοῦ Φαβίου κατηγοροῦντες ὡς ἐκσπόνδου καὶ ἀπίστου καὶ ἀκατάγγελτον ἐξενηνοχότος πρὸς αὐτοὺς πόλεμον. ἐνταῦθα τὴν μὲν σύγκλητον οἱ Φιτιαλεῖς ἔπειθον ἐκδιδόναι τὸν ἄνδρα τοῖς Κελτοῖς, καταφυγὼν δὲ ἐκεῖνος εἰς τοὺς πολλοὺς καὶ τῷ δήμῳ σπουδάζοντι χρησάμενος διεκρούσατο τὴν δίκην. μετ’ ὀλίγον δὲ ἐπελθόντες οἱ Κελτοὶ τὴν Ῥώμην πλὴν τοῦ Καπιτωλίου διεπόρθησαν. ἀλλὰ ταῦτα μὲν ἐν τοῖς περὶ Καμίλλου μᾶλλον ἀκριβοῦται.

[13] Τοὺς δὲ Σαλίους ἱερεῖς ἐκ τοιαύτης λέγεται συστήσασθαι προφάσεως. ἔτος ὄγδοον αὐτοῦ βασιλεύοντος λοιμώδης νόσος περιϊοῦσα τὴν Ἰταλίαν ἐστρόβησε καὶ τὴν Ῥώμην. ἀθυμούντων δὲ τῶν ἀνθρώπων ἱστορεῖται χαλκῆν πέλτην ἐξ οὐρανοῦ καταφερομένην εἰς τὰς Νομᾶ πεσεῖν χεῖρας. ἐπὶ δὲ αὐτῇ θαυμάσιόν τινα λόγον λέγεσθαι ὑπὸ τοῦ βασιλέως, ὃν Ἠγερίας [8] τε καὶ τῶν Μουσῶν πυθέσθαι. τὸ μὲν γὰρ ὅπλον ἥκειν ἐπὶ σωτηρίᾳ τῆς πόλεως, καὶ δεῖν αὐτὸ φρουρεῖσθαι γενομένων ἄλλων ἕνδεκα καὶ σχῆμα καὶ μέγεθος καὶ μορφὴν ἐκείνῳ παραπλησίων, ὅπως ἄπορον εἴη τῷ κλέπτῃ δι’ ὁμοιότητα τοῦ διοπετοῦς ἐπιτυχεῖν· ἔτι δὲ χρῆναι Μούσαις καθιερῶσαι τὸ χωρίον ἐκεῖνο καὶ τοὺς περὶ αὐτὸ λειμῶνας, ὅπου τὰ πολλὰ φοιτῶσαι συνδιατρίβουσιν αὐτῷ. τὴν δὲ πηγὴν ἣ κατάρδει τὸ χωρίον, ὕδωρ ἱερὸν ἀποδεῖξαι ταῖς Ἑστιάσι παρθένοις, ὅπως λαμβάνουσαι καθ’ ἡμέραν ἁγνίζωσι [9] καὶ ῥαίνωσι τὸ ἀνάκτορον. τούτοις μὲν οὖν μαρτυρῆσαι λέγουσι καὶ τὰ τῆς νόσου παραχρῆμα παυσάμενα. τὴν δὲ πέλτην προθέντος αὐτοῦ καὶ κελεύσαντος ἁμιλλᾶσθαι τοὺς τεχνίτας ὑπὲρ τῆς ὁμοιότητος, τοὺς μὲν ἄλλους ἀπειπεῖν, Οὐετούριον δὲ Μαμούριον ἕνα τῶν ἄκρων δημιουργῶν οὕτως ἐφικέσθαι τῆς ἐμφερείας, καὶ κατασκευάσαι πάσας ὁμοίας, ὥστε μηδ’ αὐτὸν ἔτι τὸν Νομᾶν

διαγινώσκειν. τούτων οὖν φύλακας καὶ ἀμφιπόλους ἀπέδειξε τοὺς Σαλίους [10] ἱερεῖς. Σάλιοι δὲ ἐκλήθησαν, οὐχ, ὡς ἔνιοι μυθολογοῦσι, Σαμόθρᾳκος ἀνδρὸς ἢ Μαντινέως, ὄνομα Σαλίου, πρώτου τὴν ἐνόπλιον ἐκδιδάξαντος ὄρχησιν, ἀλλὰ μᾶλλον ἀπὸ τῆς ὀρχήσεως αὐτῆς, ἁλτικῆς οὔσης, ἣν ὑπορχοῦνται διαπορευόμενοι τὴν πόλιν, ὅταν τὰς ἱερὰς πέλτας ἀναλάβωσιν ἐν τῷ Μαρτίῳ μηνί, φοινικοῦς μὲν ἐνδεδυμένοι χιτωνίσκους, μίτραις δὲ χαλκαῖς ἐπεζωσμένοι πλατείαις καὶ κράνη χαλκᾶ φοροῦντες, ἐγχειριδίοις [11] δὲ μικροῖς τὰ ὅπλα κρούοντες. ἡ δὲ ἄλλη τῆς ὀρχήσεως ποδῶν ἔργον ἐστί· κινοῦνται γὰρ ἐπιτερπῶς, ἑλιγμούς τινας καὶ μεταβολὰς ἐν ῥυθμῷ τάχος ἔχοντι καὶ πυκνότητα μετὰ ῥώμης καὶ κουφότητος ἀποδιδόντες.

Αὐτὰς δὲ τὰς πέλτας ἀγκύλια καλοῦσι διὰ τὸ σχῆμα· κύκλος γὰρ οὐκ ἔστιν οὐδὲ ἀποδίδωσιν, ὡς πέλτη, τὴν περιφέρειαν, ἀλλ’ ἐκτομὴν ἔχει γραμμῆς ἑλικοειδοῦς, ἧς αἱ κεραῖαι καμπὰς ἔχουσαι καὶ συνεπιστρέφουσαι τῇ πυκνότητι πρὸς [12] ἀλλήλας ἀγκύλον τὸ σχῆμα ποιοῦσιν· ἢ διὰ τὸν ἀγκῶνα περὶ ὃν περιφέρονται. ταῦτα γὰρ ὁ Ἰόβας εἴρηκε γλιχόμενος ἐξελληνίσαι τοὔνομα. δύναιτο δ’ ἂν τῆς ἀνέκαθεν φορᾶς πρῶτον ἐπώνυμον γεγονέναι, καὶ τῆς ἀκέσεως τῶν νοσούντων, καὶ τῆς τῶν αὐχμῶν λύσεως, ἔτι δὲ τῆς τῶν δεινῶν ἀνασχέσεως, καθ’ ὃ καὶ τοὺς Διοσκούρους Ἄνακας Ἀθηναῖοι προσηγόρευσαν, εἴ γε δεῖ πρὸς τὴν Ἑλληνικὴν διάλεκτον ἐξάγειν τοὔνομα.

[13] Τῷ δὲ Μαμουρίῳ λέγουσι μισθὸν γενέσθαι τῆς τέχνης ἐκείνης μνήμην τινὰ δι’ ᾠδῆς ὑπὸ τῶν Σαλίων ἅμα τῷ πυρρίχῃ διαπεραινομένης. οἱ δὲ οὐ Οὐετούριον Μαμούριον εἶναί φασι τὸν ᾀδόμενον, ἀλλὰ οὐετέρεμ μεμορίαμ, ὅπερ ἐστί, παλαιὰν μνήμην.

[14] [1] Ἐπεὶ δὲ διεκόσμησε τὰς ἱερωσύνας, ἐδείματο πλησίον τοῦ τῆς Ἑστίας ἱεροῦ τὴν καλουμένην Ῥηγίαν, οἷόν τι βασίλειον οἴκημα· καὶ τὸ πλεῖστον αὐτόθι τοῦ χρόνου διέτριβεν ἱερουργῶν ἢ διδάσκων τοὺς ἱερεῖς ἢ πρὸς ἐννοίᾳ τινὶ τῶν θείων πρὸς αὑτὸν σχολάζων. οἰκίαν δ’ εἶχεν ἑτέραν περὶ τὸν Κυρίνου λόφον, ἧς ἔτι νῦν τὸν τόπον ἐπιδεικνύουσιν. ἐν δὲ ταῖς προπομπαῖς καὶ ὅλως τῶν ἱερέων ταῖς πομπαῖς προηγοῦντο κήρυκες ἀνὰ τὴν πόλιν ἐλινύειν κελεύοντες καὶ [2] τὰ ἔργα καταπαύοντες. ὡς γάρ φασι τοὺς Πυθαγορικοὺς οὐκ ἐᾶν ἐκ παρόδου προσκυνεῖν καὶ προσεύχεσθαι τοῖς θεοῖς, ἀλλ’ οἴκοθεν εὐθὺς ἐπὶ τοῦτο γνώμῃ παρεσκευασμένους βαδίζειν, οὕτως ᾤετο Νομᾶς χρῆναι τοὺς πολίτας μήτε ἀκούειν τι τῶν θείων μήτε ὁρᾶν ἐν παρέργῳ καὶ ἀμελῶς, ἀλλὰ σχολὴν ἄγοντας ἀπὸ τῶν ἄλλων καὶ προσέχοντας τὴν διάνοιαν ὡς πράξει μεγίστῃ τῇ περὶ τὴν εὐσέβειαν, ψόφων τε καὶ πατάγων καὶ στεναγμῶν, καὶ ὅσα τοιαῦτα τοῖς ἀναγκαίοις καὶ βαναύσοις

πόνοις ἕπεται, καθαρὰς τὰς ὁδοὺς ταῖς ἱερουργίαις παρέχοντας. ὧν ἴχνος τι μέχρι νῦν διασώζοντες, ὅταν ἄρχων πρὸς ὄρνισιν ἢ θυσίαις διατρίβῃ, βοῶσιν "Ὃκ ἄγε·" σημαίνει δὲ ἡ φωνὴ "Τοῦτο πρᾶσσε," συνεπιστρέφουσα καὶ κατακοσμοῦσα τοὺς προστυγχάνοντας.

[3] Ἦν δὲ καὶ τῶν ἄλλων παραγγελμάτων αὐτοῦ πολλὰ τοῖς Πυθαγορικοῖς ἐοικότα. ὡς γὰρ ἐκεῖνοι παρῄνουν ἐπὶ χοίνικος μὴ καθῆσθαι, καὶ μαχαίρᾳ πῦρ μὴ σκαλεύειν, καὶ βαδίζοντας εἰς ἀποδημίας μὴ μεταστρέφεσθαι, καὶ τοῖς μὲν οὐρανίοις περισσὰ θύειν, ἄρτια δὲ τοῖς χθονίοις, ὧν ἑκάστου τὴν διάνοιαν ἀπεκρύπτοντο πρὸς τοὺς πολλούς, οὕτως ἔνια τῶν Νομᾶ πατρίων ἀπόρρητον ἔχει τὸν λόγον· οἷον τὸ μὴ σπένδειν θεοῖς ἐξ ἀμπέλων ἀτμήτων μηδὲ θύειν ἄτερ ἀλφίτων· καὶ τὸ προσκυνεῖν περιστρεφομένους [4] καὶ τὸ καθῆσθαι προσκυνήσαντας. τὰ μὲν οὖν πρῶτα δύο τὴν γῆς ἐξημέρωσιν ἔοικε διδάσκειν, ὡς μόριον εὐσεβείας οὖσαν· ἡ δὲ περιστροφὴ τῶν προσκυνούντων λέγεται μὲν ἀπομίμησις εἶναι τῆς τοῦ κόσμου περιφορᾶς, δόξειε δ' ἂν μᾶλλον ὁ προσκυνῶν, ἐπεὶ πρὸς ἕω τῶν ἱερῶν βλεπόντων ἀπέστραπται τὰς ἀνατολάς, μεταβάλλειν ἑαυτὸν ἐνταῦθα καὶ περιστρέφειν ἐπὶ τὸν θεόν, κύκλον ποιῶν καὶ συνάπτων τὴν ἐπιτελείωσιν τῆς εὐχῆς [5] δι' ἀμφοῖν· εἰ μὴ νὴ Δία τοῖς Αἰγυπτίοις τροχοῖς αἰνίττεταί τι καὶ διδάσκει παραπλήσιον ἡ μεταβολὴ τοῦ σχήματος, ὡς οὐδενὸς ἑστῶτος τῶν ἀνθρωπίνων, ἀλλ' ὅπως ἂν στρέφῃ καὶ ἀνελίττῃ τὸν βίον ἡμῶν ὁ θεός, ἀγαπᾶν καὶ δέχεσθαι προσῆκον. τὸ δὲ καθέζεσθαι προσκυνήσαντας οἰωνισμὸν εἶναι λέγουσι τοῦ βεβαιότητα ταῖς εὐχαῖς καὶ διαμονὴν τοῖς ἀγαθοῖς ἐπιγίνεσθαι. λέγουσι δὲ καὶ πράξεων διορισμὸν εἶναι τὴν [6] ἀνάπαυσιν· ὡς οὖν τῇ προτέρᾳ πράξει πέρας ἐπιτιθέντας καθέζεσθαι παρὰ τοῖς θεοῖς, ἵνα ἑτέρας πάλιν ἀρχὴν παρ' ἐκείνων λάβωσι. δύναται δὲ καὶ τοῦτο τοῖς εἰρημένοις ὁμολογεῖν, ἐθίζοντος ἡμᾶς τοῦ νομοθέτου μὴ ποιεῖσθαι τὰς πρὸς τὸ θεῖον ἐντεύξεις ἐν ἀσχολίᾳ καὶ παρέργως οἷον σπεύδοντας, ἀλλ' ὅταν χρόνον ἔχωμεν καὶ σχολὴν ἄγωμεν.

[15] [1] Ἐκ δὲ τῆς τοιαύτης παιδαγωγίας πρὸς τὸ θεῖον οὕτως ἡ πόλις ἐγεγόνει χειροήθης καὶ κατατεθαμβημένη τὴν τοῦ Νομᾶ δύναμιν, ὥστε μύθοις ἐοικότας τὴν ἀτοπίαν λόγους παραδέχεσθαι, καὶ νομίζειν μηδὲν ἄπιστον εἶναι μηδὲ [2] ἀμήχανον ἐκείνου βουληθέντος. λέγεται γοῦν ποτε καλέσας ἐπὶ τὴν τράπεζαν οὐκ ὀλίγους τῶν πολιτῶν, σκεύη τε φαῦλα καὶ δεῖπνον εὐτελὲς πάνυ προθέσθαι καὶ δημοτικόν· ἀρξαμένων δὲ δειπνεῖν ἐμβαλὼν λόγον ὡς ἡ θεὸς ᾗ σύνεστιν ἥκοι πρὸς αὐτόν, αἰφνίδιον ἐπιδεῖξαι τόν τε οἶκον ἐκπωμάτων πλήρη πολυτελῶν καὶ τὰς τραπέζας ὄψων τε παντοδαπῶν καὶ παρασκευῆς δαψιλοῦς [3] γεμούσας. πᾶσαν δὲ ὑπερβέβληκεν ἀτοπίαν τὸ ὑπὲρ τῆς τοῦ Διὸς ὁμιλίας ἱστορούμενον. μυθολογοῦσι γὰρ εἰς τὸν

Ἀβεντῖνον λόφον οὔπω μέρος ὄντα τῆς πόλεως οὐδὲ συνοικούμενον, ἀλλ’ ἔχοντα πηγάς τε δαψιλεῖς ἐν αὑτῷ καὶ νάπας σκιεράς, φοιτᾶν δύο δαίμονας, Πῖκον καὶ Φαῦνον· οὓς τὰ μὲν ἄλλα Σατύρων ἄν τις ἢ Πανῶν γένει προσεικάσειε, δυνάμει δὲ φαρμάκων καὶ δεινότητι τῆς περὶ τὰ θεῖα γοητείας λέγονται ταὐτὰ τοῖς ὑφ’ Ἑλλήνων προσαγορευθεῖσιν Ἰδαίοις Δακτύλοις [4] σοφιζόμενοι περιϊέναι τὴν Ἰταλίαν. τούτους φασὶ χειρώσασθαι τὸν Νομᾶν, οἴνῳ καὶ μέλιτι κεράσαντα τὴν κρήνην ἀφ’ ἧς ἔπινον συνήθως. ληφθέντας δὲ πολλὰς μὲν ἰδέας τρέπεσθαι καὶ μετεκδύεσθαι τὴν αὑτῶν φύσιν, ἀλλόκοτα φάσματα καὶ φοβερὰ τῆς ὄψεως προβαλλομένους· ἐπεὶ δὲ ἔγνωσαν ἑαλωκότες ἰσχυρὰν καὶ ἄφυκτον ἅλωσιν, ἄλλα τε προθεσπίσαι πολλὰ τῶν μελλόντων καὶ τὸν ἐπὶ τοῖς κεραυνοῖς ἐκδιδάξαι καθαρμόν, ὃς ποιεῖται μέχρι νῦν διὰ κρομμύων [5] καὶ τριχῶν καὶ μαινίδων. ἔνιοι δὲ οὐ τοὺς δαίμονάς φασιν ὑποθέσθαι τὸν καθαρμόν, ἀλλ’ ἐκείνους μὲν καταγαγεῖν τὸν Δία μαγεύσαντας, τὸν δὲ θεὸν ὀργιζόμενον τῷ Νομᾷ προστάσσειν ὡς χρὴ γενέσθαι τὸν καθαρμὸν κεφαλαῖς· ὑπολαβόντος δὲ τοῦ Νομᾶ, “κρομμύων;” εἰπεῖν, “ἀνθρώπων·” τὸν δὲ αὖθις ἐκτρέποντα τὸ τοῦ προστάγματος δεινὸν ἐπερέσθαι, “θριξίν;” ἀποκριναμένου δὲ τοῦ Διός, “ἐμψύχοις,” ἐπαγαγεῖν τὸν Νομᾶν, “μαινίσι;” ταῦτα λέγειν ὑπὸ τῆς [6] Ἠγερίας δεδιδαγμένον. καὶ τὸν μὲν θεὸν ἀπελθεῖν ἵλεω γενόμενον, τὸν δὲ τόπον Ἰλίκιον ἀπ’ ἐκείνου προσαγορευθῆναι καὶ τὸν καθαρμὸν οὕτω συντελεῖσθαι. ταῦτα μὲν οὖν τὰ μυθώδη καὶ γελοῖα τὴν τῶν τότε ἀνθρώπων ἐπιδείκνυται διάθεσιν πρὸς τὸ θεῖον, ἣν ὁ ἐθισμὸς αὐτοῖς ἐνεποίησεν. αὐτὸν δὲ τὸν Νομᾶν οὕτω φασὶν εἰς τὸ θεῖον ἀνηρτῆσθαι ταῖς ἐλπίσιν, ὥστε καὶ προσαγγελίας αὐτῷ ποτε γενομένης ὡς ἐπέρχονται πολέμιοι, μειδιᾶσαι καὶ εἰπεῖν· “Ἐγὼ δὲ θύω.”

[16] [1] Πρῶτον δέ φασι καὶ Πίστεως καὶ Τέρμονος ἱερὸν ἱδρύσασθαι. καὶ τὴν μὲν Πίστιν ὅρκον ἀποδεῖξαι Ῥωμαίοις μέγιστον, ᾧ χρώμενοι μέχρι νῦν διατελοῦσιν· ὁ δὲ Τέρμων ὅρος ἄν τις εἴη, καὶ θύουσιν αὐτῷ δημοσίᾳ καὶ ἰδίᾳ κατὰ τοὺς τῶν ἀγρῶν περιορισμούς, νῦν μὲν ἔμψυχα, τὸ παλαιὸν δὲ ἀναίμακτος ἦν ἡ θυσία, Νομᾶ φιλοσοφήσαντος ὡς χρὴ τὸν ὅριον θεὸν εἰρήνης φύλακα καὶ δικαιοσύνης μάρτυν ὄντα φόνου [2] καθαρὸν εἶναι. δοκεῖ δὲ καὶ ὅλως οὗτος ὁρίσαι τὴν χώραν ὁ βασιλεύς, Ῥωμύλου μὴ βουληθέντος ἐξομολογήσασθαι τῷ μέτρῳ τοῦ οἰκείου τὴν ἀφαίρεσιν τοῦ ἀλλοτρίου· δεσμὸν γὰρ εἶναι τῆς δυνάμεως τὸν ὅρον, ἂν φυλάττηται, μὴ φυλαττόμενον δὲ τῆς ἀδικίας ἔλεγχον. οὐ μὴν οὐδὲ ἦν δαψιλὴς χώρα τῇ πόλει κατ’ ἀρχάς, ἀλλὰ [3] τὴν πολλὴν αἰχμῇ προσεκτήσατο Ῥωμύλος· καὶ ταύτην πᾶσαν ὁ Νομᾶς διένειμε τοῖς ἀπόροις τῶν πολιτῶν, ὡς ἀνάγκην τῆς ἀδικίας ἀφαιρῶν τὴν ἀπορίαν, καὶ τρέπων ἐπὶ γεωργίαν τὸν δῆμον ἅμα τῇ χώρᾳ

συνεξημερούμενον. οὐδὲν γὰρ ἄλλο τῶν ἐπιτηδευμάτων οὕτως ἔρωτα δριμὺν εἰρήνης ἐργάζεται καὶ ταχὺν ὡς ὁ ἀπὸ γῆς βίος, ἐν ᾧ καὶ τῆς πολεμικῆς εὐτολμίας τὸ μὲν ὑπερμαχητικὸν τοῦ οἰκείου διαμένει καὶ πάρεστι, τὸ δὲ εἰς ἀδικίαν καὶ πλεονεξίαν ἀνειμένον ἐκκέκοπται.

[4] διὸ καὶ τὴν γεωργίαν ὁ Νομᾶς οἷον εἰρήνης φίλτρον ἐμμίξας τοῖς πολίταις καὶ μᾶλλον ὡς ἠθοποιὸν ἢ πλουτοποιὸν ἀγαπήσας τέχνην, εἰς μέρη τὴν χώραν διεῖλεν, ἃ πάγους προσηγόρευσε, καὶ καθ’ ἕκαστον ἐπισκόπους ἔταξε καὶ περιπόλους. ἔστι δ’ ὅτε καὶ αὐτὸς ἐφορῶν καὶ τεκμαιρόμενος ἀπὸ τῶν ἔργων τοὺς τρόπους τῶν πολιτῶν τοὺς μὲν εἰς τιμὰς καὶ πίστεις ἀνῆγε, τοὺς δὲ ῥαθύμους καὶ ἀμελεῖς ψέγων καὶ κακίζων ἐσωφρόνιζε.

[17] [1] Τῶν δὲ ἄλλων αὐτοῦ πολιτευμάτων ἡ κατὰ τέχνας διανομὴ τοῦ πλήθους μάλιστα θαυμάζεται. τῆς γὰρ πόλεως ἐκ δυεῖν γενῶν, ὥσπερ εἴρηται, συνεστάναι δοκούσης, διεστώσης δὲ μᾶλλον καὶ μηδενὶ τρόπῳ μιᾶς γενέσθαι βουλομένης μηδὲ οἷον ἐξαλεῖψαι τὴν ἑτερότητα καὶ διαφοράν, ἀλλὰ συγκρούσεις ἀπαύστους καὶ φιλονεικίας τῶν μερῶν ἐχούσης, διανοηθεὶς ὅτι καὶ τῶν σωμάτων τὰ φύσει δύσμικτα καὶ σκληρὰ καταθραύοντες καὶ διαιροῦντες ἀναμιγνύουσιν, ὑπὸ μικρότητος ἀλλήλοις συμβαίνοντα μᾶλλον, [2] ἔγνω κατατεμεῖν τομὰς πλείονας τὸ σύμπαν πλῆθος· ἐκ δὲ τούτων εἰς ἑτέρας ἐμβαλὼν διαφορὰς τὴν πρώτην ἐκείνην καὶ μεγάλην ἀφανίσαι ταῖς ἐλάττοσιν ἐνδιασπαρεῖσαν. ἦν δὲ ἡ διανομὴ κατὰ τὰς τέχνας, αὐλητῶν, χρυσοχόων, τεκτόνων, βαφέων, σκυτοτόμων, σκυτοδεψῶν, χαλκέων, κεραμέων. τὰς δὲ λοιπὰς τέχνας εἰς ταὐτὸ συναγαγὼν ἓν αὐτῶν ἐκ πασῶν ἀπέδειξε σύστημα.

[3] κοινωνίας δὲ καὶ συνόδους καὶ θεῶν τιμὰς ἀποδοὺς ἑκάστῳ γένει πρεπούσας, τότε πρῶτον ἐκ τῆς πόλεως ἀνεῖλε τὸ λέγεσθαι καὶ νομίζεσθαι τοὺς μὲν Σαβίνους, τοὺς δὲ Ῥωμαίους, καὶ τοὺς μὲν Τατίου, τοὺς δὲ Ῥωμύλου πολίτας, ὥστε τὴν διαίρεσιν εὐαρμοστίαν καὶ ἀνάμιξιν πάντων γενέσθαι πρὸς πάντας.

[4] Ἐπαινεῖται δὲ τῶν πολιτικῶν αὐτοῦ καὶ τὸ περὶ τὸν νόμον διόρθωμα τὸν διδόντα τοῖς πατράσι τοὺς παῖδας πιπράσκειν, ὑπεξελομένου τοὺς γεγαμηκότας, εἰ τοῦ πατρὸς ἐπαινοῦντος καὶ κελεύοντος ὁ γάμος γένοιτο. δεινὸν γὰρ ἡγεῖτο τὴν ὡς ἐλευθέρῳ γεγαμημένην γυναῖκα δούλῳ συνοικεῖν.

[18] [1] Ἥψατο δὲ καὶ τῆς περὶ τὸν οὐρανὸν πραγματείας οὔτε ἀκριβῶς οὔτε παντάπασιν ἀθεωρήτως. Ῥωμύλου γὰρ βασιλεύοντος ἀλόγως ἐχρῶντο τοῖς μησὶ καὶ ἀτάκτως, τοὺς μὲν οὐδὲ εἴκοσιν ἡμερῶν, τοὺς δὲ πέντε καὶ τριάκοντα, τοὺς δὲ πλειόνων λογιζόμενοι, τῆς δὲ γινομένης ἀνωμαλίας περὶ τὴν σελήνην καὶ τὸν ἥλιον ἔννοιαν οὐκ ἔχοντες, ἀλλ’ ἓν φυλάττοντες μόνον,

ὅπως ἑξήκοντα καὶ τριακοσίων ἡμερῶν ὁ ἐνιαυτὸς [2] ἔσται. Νομᾶς δὲ τὸ παράλλαγμα τῆς ἀνωμαλίας ἡμερῶν ἕνδεκα γίνεσθαι λογιζόμενος, ὡς τοῦ μὲν σεληνιακοῦ τριακοσίας πεντήκοντα τέσσαρας ἔχοντος ἡμέρας, τοῦ δὲ ἡλιακοῦ τριακοσίας ἑξήκοντα πέντε, τὰς ἕνδεκα ταύτας ἡμέρας διπλασιάζων ἐπήγαγε παρ' ἐνιαυτὸν ἐπὶ τῷ Φεβρουαρίῳ μηνὶ τὸν ἐμβόλιμον, ὑπὸ Ῥωμαίων Μερκηδῖνον καλούμενον, εἴκοσι καὶ δυοῖν ἡμερῶν ὄντα.

[3] καὶ τοῦτο μὲν αὐτῷ τὸ ἴαμα τῆς ἀνωμαλίας μειζόνων ἔμελλεν ἰαμάτων δεήσεσθαι.

Μετεκίνησε δὲ καὶ τὴν τάξιν τῶν μηνῶν· τὸν γὰρ Μάρτιον πρῶτον ὄντα τρίτον ἔταξε, πρῶτον δὲ τὸν Ἰανουάριον, ὃς ἦν ἑνδέκατος ἐπὶ Ῥωμύλου, δωδέκατος δὲ καὶ τελευταῖος ὁ Φεβρουάριος, ᾧ νῦν δευτέρῳ χρῶνται. πολλοὶ δέ εἰσιν οἳ καὶ προστεθῆναι τούτους ὑπὸ Νομᾶ τοὺς μῆνας λέγουσι, τόν τε Ἰανουάριον καὶ τὸν Φεβρουάριον, [4] ἐξ ἀρχῆς δὲ χρῆσθαι δέκα μόνον εἰς τὸν ἐνιαυτόν, ὡς ἔνιοι τῶν βαρβάρων τρισί, καὶ τῶν Ἑλλήνων Ἀρκάδες μὲν τέσσαρσιν, ἓξ δὲ Ἀκαρνᾶνες, Αἰγυπτίοις δὲ μηνιαῖος ἦν ὁ ἐνιαυτός, εἶτα τετράμηνος, ὥς φασι. διὸ καὶ νεωτάτην χώραν οἰκοῦντες ἀρχαιότατοι δοκοῦσιν εἶναι καὶ πλῆθος ἀμήχανον ἐτῶν ἐπὶ ταῖς γενεαλογίαις καταφέρουσιν, ἅτε δὴ τοὺς μῆνας εἰς ἐτῶν ἀριθμὸν τιθέμενοι.

[19] [1] Ῥωμαῖοι δὲ ὅτι μὲν δέκα μῆνας εἰς τὸν ἐνιαυτὸν ἔταττον, οὐ δώδεκα, τεκμήριον ἡ τοῦ τελευταίου προσηγορία· δέκατον γὰρ αὐτὸν ἄχρι νῦν καλοῦσιν· ὅτι δὲ τὸν Μάρτιον πρῶτον, ἡ τάξις· τὸν γὰρ ἀπ' ἐκείνου πέμπτον ἐκάλουν πέμπτον· ἕκτον δὲ τὸν ἕκτον καὶ τῶν ἄλλων ἑξῆς ὁμοίως ἕκαστον, ἐπεὶ τὸν Ἰανουάριον καὶ τὸν Φεβρουάριον πρὸ τοῦ Μαρτίου τιθεμένοις συνέβαινεν αὐτοῖς τὸν εἰρημένον μῆνα πέμπτον [2] μὲν ὀνομάζειν, ἕβδομον δὲ ἀριθμεῖν. ἄλλως δὲ καὶ λόγον εἶχε τὸν Μάρτιον Ἄρει καθιερωμένον ὑπὸ τοῦ Ῥωμύλου πρῶτον ὀνομάζεσθαι· δεύτερον δὲ τὸν Ἀπρίλλιον, ἐπώνυμον ὄντα τῆς Ἀφροδίτης, ἐν ᾧ θύουσί τε τῇ θεῷ καὶ ταῖς καλάνδαις αἱ γυναῖκες ἐστεφανωμέναι μυρσίνῃ λούονται. τινὲς δὲ οὐ διὰ τὴν Ἀφροδίτην τὸν Ἀπρίλλιόν φασιν, ἀλλ' ὥσπερ ἔχει τοὔνομα ψιλόν, Ἀπρίλλιον κεκλῆσθαι τὸν μῆνα τῆς ἐαρινῆς ὥρας ἀκμαζούσης ἀνοίγοντα καὶ ἀνακαλύπτοντα τοὺς βλαστοὺς τῶν φυτῶν· τοῦτο γὰρ ἡ γλῶττα σημαίνει.

[3] τῶν δ' ἐφεξῆς τὸν μὲν Μάϊον καλοῦσιν ἀπὸ Μαίας· Ἑρμῇ γὰρ ἀνιέρωται· τὸν δὲ Ἰούνιον ἀπὸ τῆς Ἥρας. εἰσὶ δέ τινες οἱ τούτους ἡλικίας ἐπωνύμους εἶναι λέγοντες πρεσβυτέρας καὶ νεωτέρας· μαϊώρεις γὰρ οἱ πρεσβύτεροι παρ' αὐτοῖς, ἰουνιώρεις δὲ οἱ νεώτεροι καλοῦνται. τῶν δὲ λοιπῶν ἕκαστον ἀπὸ τῆς τάξεως, ὥσπερ ἀριθμοῦντες, ὠνόμαζον πέμπτον, ἕκτον, ἕβδομον, ὄγδοον, ἔνατον, δέκατον· [4] εἶτα ὁ πέμπτος ἀπὸ Καίσαρος

τοῦ καταγωνισαμένου Πομπήϊον Ἰούλιος· ὁ δὲ ἕκτος Αὔγουστος ἀπὸ τοῦ δευτέρου μὲν ἄρξαντος, Σεβαστοῦ δὲ ἐπικληθέντος, ὠνομάσθη. τοὺς δὲ ἐφεξῆς Δομετιανὸς εἰσεποίησε ταῖς αὑτοῦ προσωνυμίαις οὐ πολὺν χρόνον, ἀλλὰ τὰς αὑτῶν ἀναλαβόντες πάλιν ἐκείνου σφαγέντος ὁ μὲν ἕβδομος, ὁ δὲ ὄγδοος καλοῦνται. μόνοι δ' οἱ τελευταῖοι δύο τὴν ἀπὸ τῆς τάξεως κλῆσιν, ὥσπερ ἔσχον ἐξ ἀρχῆς, διεφύλαξαν.

[5] Τῶν δὲ ὑπὸ Νομᾶ προστεθέντων ἢ μετατεθέντων ὁ μὲν Φεβρουάριος οἷον καθάρσιος ἄν τις εἴη· καὶ γὰρ ἡ λέξις ἔγγιστα τοῦτο σημαίνει, καὶ τοῖς φθιτοῖς ἐναγίζουσι τότε καὶ τὴν τῶν Λουπερκαλίων ἑορτὴν εἰς τὰ πολλὰ καθαρμῷ προσεοικυῖαν τελοῦσιν· ὁ δὲ πρῶτος Ἰανουάριος ἀπὸ τοῦ Ἰανοῦ. δοκεῖ δέ μοι τὸν Μάρτιον ὁ Νομᾶς ἐπώνυμον ὄντα τοῦ Ἄρεως ἐκ τῆς προεδρίας μεταστῆσαι, βουλόμενος ἐν παντὶ τῆς πολεμικῆς [6] δυνάμεως προτιμᾶσθαι τὴν πολιτικήν. ὁ γὰρ Ἰανὸς ἐν τοῖς πάνυ παλαιοῖς εἴτε δαίμων εἴτε βασιλεὺς γενόμενος πολιτικὸς καὶ κοινωνικὸς ἐκ τοῦ θηριώδους καὶ ἀγρίου λέγεται μεταβαλεῖν τὴν δίαιταν. καὶ διὰ τοῦτο πλάττουσιν αὐτὸν ἀμφιπρόσωπον, ὡς ἑτέραν ἐξ ἑτέρας τῷ βίῳ περιποιήσαντα τὴν μορφὴν καὶ διάθεσιν.

[20] [1] Ἔστι δὲ αὐτοῦ καὶ νεὼς ἐν Ῥώμῃ δίθυρος, ὃν πολέμου πύλην καλοῦσι. νομίζεται γὰρ ἀνεῷχθαι μὲν αὐτὸν ὅταν ᾖ πόλεμος, κεκλεῖσθαι δὲ εἰρήνης γενομένης. ὃ δὲ χαλεπὸν ἦν καὶ σπανίως γινόμενον, ἀεί τινι συνηρτημένης πολέμῳ τῆς ἡγεμονίας, διὰ μέγεθος τοῖς κύκλῳ περικεχυμένοις γένεσι βαρβάροις ἀντερειδούσης.

[2] πλὴν ἐπί γε τοῦ Σεβαστοῦ Καίσαρος ἐκλείσθη καθελόντος Ἀντώνιον· καὶ πρότερον ὑπατευόντων Μάρκου Ἀτιλίου καὶ Τίτου Μαλλίου χρόνον οὐ πολύν· εἶτα εὐθὺς ἀνεῴχθη πολέμου συρραγέντος. ἀλλ' ἐπί γε τῆς Νομᾶ βασιλείας οὐδεμίαν ἡμέραν ἀνεῳγμένος ὤφθη, τρία δὲ καὶ τετταράκοντα ἔτη συνεχῶς ἔμεινε κεκλεισμένος· οὕτως ἐξῄρητο παντελῶς τὰ τοῦ πολέμου καὶ [3] πανταχόθεν. οὐ γὰρ μόνον ὁ Ῥωμαίων ἡμέρωτο καὶ κατεκεκήλητο τῇ δικαιοσύνῃ καὶ πρᾳότητι τοῦ βασιλέως δῆμος, ἀλλὰ καὶ τὰς κύκλῳ πόλεις, ὥσπερ αὔρας τινὸς ἐκεῖθεν ἢ πνεύματος ὑγιεινοῦ φέροντος, ἀρχὴ μεταβολῆς ἔλαβε καὶ πόθος εἰσερρύη πάντας εὐνομίας καὶ εἰρήνης καὶ γῆν φυτεύειν καὶ τέκνα τρέφειν ἐν ἡσυχίᾳ καὶ [4] σέβεσθαι θεούς. ἑορταὶ δὲ καὶ θαλίαι καὶ παρ' ἀλλήλους ἀδεῶς ἰόντων καὶ ἀναμιγνυμένων ὑποδοχαὶ καὶ φιλοφροσύναι τὴν Ἰταλίαν κατεῖχον, οἷον ἐκ πηγῆς τῆς Νομᾶ σοφίας τῶν καλῶν καὶ δικαίων ἐπεισρεόντων εἰς ἅπαντας καὶ διαχεομένης τῆς περὶ ἐκεῖνον γαλήνης· ὥστε καὶ τὰς ποιητικὰς ὑπερβολὰς ἐνδεῖν πρὸς τὴν τότε κατάστασιν [5] λέγουσιν· "Ἐν δὲ σιδαροδέτοις πόρπαξιν αἰθᾶν ἀραχνᾶν ἔργα·" καί, "εὐρὼς δάμναται

ἔγχεά τε λογχωτὰ ξίφεά τ' ἀμφήκεα, χαλκεᾶν δὲ οὐκέτι σαλπίγγων κτύπος, οὐδὲ συλᾶται μελίφρων ὕπνος ἀπὸ βλεφάρων." οὔτε γὰρ πόλεμος οὔτε στάσις οὔτε νεωτερισμὸς περὶ πολιτείαν ἱστόρηται Νομᾶ βασιλεύοντος· οὐ μὴν οὐδ' ἐπ' αὐτὸν ἐκεῖνον ἔχθρα τις ἢ φθόνος ἢ δι' ἔρωτα [6] βασιλείας ἐπιβουλὴ καὶ σύστασις ἀνδρῶν, ἀλλ' εἴτε φόβος θεῶν προκήδεσθαι δοκούντων τοῦ ἀνδρὸς εἴτε τῆς ἀρετῆς αἰδὼς εἴτε δαιμόνιος τύχη, πάσης κακίας ἄθικτον ἐπ' ἐκείνου καὶ καθαρὸν διαφυλάττουσα τὸν βίον, ἐναργὲς ἐξήνεγκε παράδειγμα καὶ τεκμήριον τῆς Πλατωνικῆς φωνῆς, ἣν ὕστερον ἐκεῖνος οὐκ ὀλίγοις χρόνοις [7] γενόμενος ἐτόλμησεν ἀφεῖναι περὶ πολιτείας, ὡς μία κακῶν παῦλα καὶ λύσις ἀνθρώποις ἐστίν, ἔκ τινος τύχης θείας εἰς ταὐτὸ διανοίᾳ φιλοσόφῳ βασιλικὴν συμπεσοῦσαν δύναμιν ἐγκρατῆ καὶ ὑπερδέξιον τῆς κακίας τὴν ἀρετὴν καταστῆσαι. "Μακάριος μὲν γὰρ αὐτὸς" ὁ σώφρων ὡς ἀληθῶς, "μακάριοι δὲ οἱ συνήκοοι τῶν ἐκ τοῦ σωφρονοῦντος [8] στόματος ἰόντων λόγων." τάχα γὰρ οὐδὲ ἀνάγκης τινὸς δεῖ πρὸς τοὺς πολλοὺς οὐδὲ ἀπειλῆς, αὐτοὶ δὲ τὴν ἀρετὴν ἐν εὐδήλῳ παραδείγματι καὶ λαμπρῷ τῷ βίῳ τοῦ ἄρχοντος ὁρῶντες, ἑκουσίως σωφρονοῦσι καὶ συμμετασχηματίζονται πρὸς τὸν ἐν φιλίᾳ καὶ ὁμονοίᾳ τῇ πρὸς αὐτοὺς μετὰ δικαιοσύνης καὶ μετριότητος ἀμύμονα καὶ μακάριον βίον, ἐν ᾧ τὸ κάλλιστον ἁπάσης πολιτείας τέλος ἐστί, καὶ βασιλικώτατος ἁπάντων ὁ τοῦτον τὸν βίον καὶ ταύτην τὴν διάθεσιν τοῖς ὑπηκόοις ἐνεργάσασθαι δυνάμενος. ταῦτα μὲν οὖν Νομᾶς παντὸς μᾶλλον φαίνεται συνεωρακώς.

[21] [1] Περὶ δὲ παίδων αὐτοῦ καὶ γάμων ἀντιλογίαι γεγόνασι τοῖς ἱστορικοῖς. οἱ μὲν γὰρ οὔτε γάμον ἄλλον ἢ τὸν Τατίας λαβεῖν αὐτὸν οὔτε παιδὸς ἑτέρου γενέσθαι πατέρα πλὴν μιᾶς θυγατρὸς Πομπιλίας λέγουσιν· οἱ δὲ πρὸς ταύτῃ τέσσαρας υἱοὺς ἀναγράφουσιν αὐτοῦ, Πόμπωνα, Πῖνον, Κάλπον, Μάμερκον, ὧν ἕκαστον οἴκου [2] διαδοχὴν καὶ γένους ἐντίμου καταλιπεῖν. εἶναι γὰρ ἀπὸ μὲν τοῦ Πόμπωνος τοὺς Πομπωνίους, ἀπὸ δὲ Πίνου τοὺς Πιναρίους, ἀπὸ δὲ Κάλπου τοὺς Καλπουρνίους, ἀπὸ δὲ Μαμέρκου τοὺς Μαμερκίους, οἷς διὰ τοῦτο καὶ Ῥῆγας γενέσθαι παρωνύμιον, ὅπερ ἐστὶ βασιλέας. τρίτοι δέ εἰσιν οἱ τούτων μὲν κατηγοροῦντες ὡς χαριζομένων τοῖς γένεσι καὶ προστιθέντων οὐκ ἀληθῆ στέμματα τῆς ἀπὸ Νομᾶ διαδοχῆς, τὴν δὲ Πομπιλίαν οὐκ ἐκ Τατίας γεγονέναι λέγοντες, ἀλλ' ἐξ ἑτέρας γυναικός, [3] ἣν ἤδη βασιλεύων ἔγημε, Λουκρητίας· πάντες δ' οὖν ὁμολογοῦσι τὴν Πομπιλίαν Μαρκίῳ γαμηθῆναι. παῖς δὲ ἦν ὁ Μάρκιος ἐκείνου Μαρκίου τοῦ Νομᾶν παρορμήσαντος ἐπὶ τὴν βασιλείαν· καὶ γὰρ συμμετῴκησεν εἰς Ῥώμην αὐτῷ καὶ τῆς συγκλήτου μετέσχε τιμώμενος, καὶ μετὰ τὴν Νομᾶ τελευτὴν Ὀστιλίῳ περὶ τῆς βασιλείας εἰς ἀγῶνα καταστὰς καὶ ἡττηθεὶς ἀπεκαρτέρησεν. ὁ δὲ

υἱὸς αὐτοῦ Μάρκιος ἔχων τὴν Πομπιλίαν κατέμεινεν ἐν Ῥώμῃ καὶ Μάρκιον Ἄγκον ἐγέννησεν, ὃς μετὰ Τύλλον Ὁστίλιον ἐβασίλευσε.

[4] τοῦτον, ὡς λέγεται, πενταετῆ καταλιπὼν ὁ Νομᾶς ἐτελεύτησεν, οὐ ταχείας οὐδ' αἰφνιδίου γενομένης αὐτῷ τῆς τελευτῆς, ἀλλὰ κατὰ μικρὸν ὑπὸ γήρως καὶ νόσου μαλακῆς ἀπομαραινόμενος, ὡς ἱστόρηκε Πείσων. ἐτελεύτησε δὲ χρόνον οὐ πολὺν τοῖς ὀγδοήκοντα προσβιώσας.

[22] [1] Ζηλωτὸν δὲ αὐτοῦ καὶ τῷ τάφῳ τὸν βίον ἐποίησαν οἵ τε σύμμαχοι καὶ φίλοι δῆμοι, συνελθόντες ἐπὶ τὰς ταφὰς ἅμα δημοσίαις ἐπιφοραῖς καὶ στεφάνοις, οἵ τε πατρίκιοι τὸ λέχος ἀράμενοι, καὶ συμπαρόντες οἱ τῶν θεῶν ἱερεῖς καὶ παραπέμποντες, ὁ δ' ἄλλος ὅμιλος ἀναμεμιγμένων καὶ γυναικῶν καὶ παίδων οὐχ ὡς βασιλέως ταφαῖς γηραιοῦ παρόντες, ἀλλ' ὥς τινα τῶν φιλτάτων ἕκαστος ἐν ἀκμῇ βίου ποθούμενον θάπτων, μετ' οἰμωγῆς [2] καὶ κλαυθμῶν ἑπόμενοι. πυρὶ μὲν οὖν οὐκ ἔδοσαν τὸν νεκρὸν αὐτοῦ κωλύσαντος, ὡς λέγεται, δύο δὲ ποιησάμενοι λιθίνας σοροὺς ὑπὸ τὸ Ἰάνοκλον ἔθηκαν, τὴν μὲν ἑτέραν ἔχουσαν τὸ σῶμα, τὴν δὲ ἑτέραν τὰς ἱερὰς βίβλους ἃς ἐγράψατο μὲν αὐτός, ὥσπερ οἱ τῶν Ἑλλήνων νομοθέται τοὺς κύρβεις, ἐκδιδάξας δὲ τοὺς ἱερεῖς ἔτι ζῶν τὰ γεγραμμένα καὶ πάντων ἕξιν τε καὶ γνώμην ἐνεργασάμενος αὐτοῖς, ἐκέλευσε συνταφῆναι μετὰ τοῦ σώματος, ὡς οὐ καλῶς ἐν ἀψύχοις γράμμασι φρουρουμένων [3] τῶν ἀπορρήτων. ᾧ λογισμῷ φασι μηδὲ τοὺς Πυθαγορικοὺς εἰς γραφὴν κατατίθεσθαι τὰ συντάγματα, μνήμην δὲ καὶ παίδευσιν αὐτῶν ἄγραφον ἐμποιεῖν τοῖς ἀξίοις. καὶ τῆς γε περὶ τὰς ἀπόρους καὶ ἀρρήτους λεγομένας ἐν γεωμετρίᾳ μεθόδους πραγματείας πρός τινα τῶν ἀναξίων ἐκδοθείσης, ἔφασαν ἐπισημαίνειν τὸ δαιμόνιον μεγάλῳ τινὶ καὶ κοινῷ κακῷ τὴν γεγενημένην [4] παρανομίαν καὶ ἀσέβειαν ἐπεξερχόμενον. ὥστε συγγνώμην ἔχειν πολλὴν τοῖς εἰς τὸ αὐτὸ Πυθαγόρᾳ Νομᾶν φιλοτιμουμένοις συνάγειν ἐπὶ τοσαύταις ὁμοιότησιν.

Οἱ δὲ περὶ Ἀντίαν ἱστοροῦσι δώδεκα μὲν εἶναι βίβλους ἱεροφαντικάς, δώδεκα δὲ ἄλλας Ἑλληνικὰς φιλοσόφους τὰς εἰς τὴν σορὸν συντεθείσας. τετρακοσίων δέ που διαγενομένων ἐτῶν ὕπατοι μὲν ἦσαν Πόπλιος Κορνήλιος καὶ Μάρκος Βαίβιος· ὄμβρων δὲ μεγάλων ἐπιπεσόντων καὶ χώματος περιρραγέντος ἐξέωσε τὰς σοροὺς τὸ [5] ῥεῦμα· καὶ τῶν ἐπιθημάτων ἀποπεσόντων ἡ μὲν ἑτέρα κενὴ παντάπασιν ὤφθη καὶ μέρος οὐδὲν οὐδὲ λείψανον ἔχουσα τοῦ σώματος, ἐν δὲ τῇ ἑτέρᾳ τῶν γραμμάτων εὑρεθέντων ἀναγνῶναι μὲν αὐτὰ λέγεται Πετίλιος στρατηγῶν τότε, πρὸς δὲ τὴν σύγκλητον κομίσαι, μὴ δοκεῖν αὐτῷ θεμιτὸν εἶναι λέγων μηδὲ ὅσιον ἔκπυστα πολλοῖς τὰ γεγραμμένα γενέσθαι· διὸ καὶ κομισθείσας εἰς τὸ Κομίτιον τὰς βίβλους κατακαῆναι.

[6] Πᾶσι μὲν οὖν ἕπεται τοῖς δικαίοις καὶ ἀγαθοῖς ἀνδράσι μείζων ὁ κατόπιν καὶ μετὰ τὴν τελευτὴν ἔπαινος, τοῦ φθόνου πολὺν χρόνον οὐκ ἐπιζῶντος, ἐνίων δὲ καὶ προαποθνήσκοντος· οὐ μὴν ἀλλ’ ἐκείνου γε τὴν δόξαν αἱ τῶν ὕστερον βασιλέων τύχαι λαμπροτέραν ἐποίησαν. πέντε γὰρ γενομένων μετ’ αὐτὸν ὁ μὲν ἔσχατος ἐκπεσὼν τῆς ἀρχῆς ἐν φυγῇ κατεγήρασε, τῶν δὲ τεσσάρων οὐδεὶς κατὰ φύσιν ἐτελεύτησεν, ἀλλ’ οἱ μὲν τρεῖς [7] ἐπιβουλευθέντες ἐσφάγησαν, Ὀστίλιος δὲ Τύλλος, ὃς μετὰ Νομᾶν ἐβασίλευσε, καὶ τὰ πλεῖστα τῶν ἐκείνου καλῶν, ἐν δὲ πρώτοις καὶ μάλιστα τὴν περὶ τὸ θεῖον εὐλάβειαν, ἐπιχλευάσας καὶ καθυβρίσας ὡς ἀργοποιὸν καὶ γυναικώδη, πρὸς πόλεμον ἔτρεψε τοὺς πολίτας, οὐδ’ αὐτὸς ἐνέμεινε τοῖς νεανιεύμασι τούτοις, ἀλλ’ ὑπὸ νόσου χαλεπῆς καὶ πολυτρόπου τὴν γνώμην ἀλλασσόμενος εἰς δεισιδαιμονίαν ἐνέδωκεν οὐδέν τι τῇ κατὰ Νομᾶν εὐσεβείᾳ προσήκουσαν, ἔτι δὲ μᾶλλον ἐνεποίησε τοῖς ἄλλοις τὸ τοιοῦτον πάθος, ὡς λέγεται, καταφλεχθεὶς ὑπὸ κεραυνῶν.

Comparison Lycurgi et Numae

[1] [1] Ἀλλ’ ἐπεὶ τὸν Νομᾶ καὶ Λυκούργου διεληλύθαμεν βίον, ἐκκειμένων ἀμφοῖν, εἰ καὶ χαλεπὸν ἔργον, οὐκ ἀποκνητέον συναγαγεῖν τὰς διαφοράς. αἱ μὲν γὰρ κοινότητες ἐπιφαίνονται ταῖς πράξεσιν, οἷον ἡ σωφροσύνη τῶν ἀνδρῶν, ἡ εὐσέβεια, τὸ πολιτικόν, τὸ παιδευτικόν, τὸ μίαν ἀρχὴν παρὰ τῶν θεῶν ἀμφοτέρους λαβεῖν τῆς νομοθεσίας· τῶν δὲ ἰδίᾳ ἑκατέρου καλῶν πρῶτόν ἐστι Νομᾷ μὲν ἡ παράληψις τῆς βασιλείας, Λυκούργῳ δὲ ἡ [2] παράδοσις. ὁ μὲν γὰρ οὐκ αἰτῶν ἔλαβεν, ὁ δὲ ἔχων ἀπέδωκε. καὶ τὸν μὲν ἕτεροι κύριον αὑτῶν κατέστησαν ἰδιώτην καὶ ξένον ὄντα, ὁ δὲ αὑτὸς αὑτὸν ἰδιώτην ἐκ βασιλέως ἐποίησε. καλὸν μὲν οὖν τὸ κτήσασθαι δικαιοσύνῃ τὴν βασιλείαν, καλὸν δὲ τὸ προτιμῆσαι τὴν δικαιοσύνην τῆς βασιλείας. ἡ γὰρ ἀρετὴ τὸν μὲν οὕτως ἔνδοξον κατέστησεν ὥστε βασιλείας ἀξιωθῆναι, τὸν δὲ οὕτω μέγαν ἐποίησεν ὥστε βασιλείας καταφρονῆσαι.

[3] Δεύτερον τοίνυν, ἐπεὶ καθάπερ ἁρμονικοὶ λύρας, ὁ μὲν ἐκλελυμένην καὶ τρυφῶσαν ἐπέτεινε τὴν Σπάρτην, ὁ δὲ τῆς Ῥώμης τὸ σφοδρὸν ἀνῆκε καὶ σύντονον, ἡ μὲν χαλεπότης τοῦ ἔργου τῷ Λυκούργῳ πρόσεστιν. οὐ γὰρ θώρακας ἐκδῦναι καὶ ξίφη τοὺς πολίτας καταθέσθαι ἔπειθεν, ἀλλὰ χρυσὸν καὶ ἄργυρον ἀφεῖναι καὶ στρωμνὰς ἐκβαλεῖν πολυτελεῖς καὶ τραπέζας, οὐδὲ παυσαμένους πολέμων ἑορτάζειν καὶ θύειν, ἀλλὰ δεῖπνα καὶ πότους ἐάσαντας ἐν τοῖς ὅπλοις καὶ ταῖς [4] παλαίστραις διαπονεῖσθαι καὶ ἀσκεῖν. ὅθεν ὁ μὲν δι’ εὐνοίας καὶ τιμῆς ἅπαντα πείθων ἔπραξεν, ὁ δὲ κινδυνεύων καὶ βαλλόμενος μόγις ἐπεκράτησεν.

Ἥμερος μέντοι καὶ φιλάνθρωπος ἡ τοῦ Νομᾶ μοῦσα πρὸς εἰρήνην καὶ δικαιοσύνην μεθαρμοσαμένου καὶ καταπραΰναντος ἐξ ἀκρατῶν καὶ διαπύρων ἠθῶν τοὺς πολίτας. εἰ δὲ καὶ τὸ περὶ τοὺς Εἵλωτας ἀναγκάσει τις ἡμᾶς εἰς τὴν [5] Λυκούργου θέσθαι πολιτείαν, ὠμότατον ἔργον καὶ παρανομώτατον, μακρῷ τινι τὸν Νομᾶν ἑλληνικώτερον γεγονέναι νομοθέτην φήσομεν, ὅς γε καὶ τοὺς ὡμολογημένους δούλους ἔγευσε τιμῆς ἐλευθέρας, ἐν τοῖς Κρονίοις ἑστιᾶσθαι μετὰ τῶν δεσποτῶν ἀναμεμιγμένους ἐθίσας. καὶ γὰρ τοῦτο τῶν Νομᾶ πατρίων ἓν εἶναι λέγουσιν, ἐπὶ τὰς τῶν ἐτησίων ἀπολαύσεις καρπῶν τοὺς συνεργοὺς παραλαμβάνοντος. ἔνιοι δὲ τοῦτο ὑπόμνημα τῆς Κρονικῆς ἐκείνης ἰσονομίας ἀποσῴζεσθαι μυθολογοῦσιν, ὡς μηδενὸς δούλου μηδὲ δεσπότου, πάντων δὲ συγγενῶν καὶ ἰσοτίμων νομιζομένων.

[2] [1] Ὅλως δὲ φαίνονται πρὸς τὴν αὐτάρκειαν ἀμφότεροι καὶ σωφροσύνην ὁμοίως ἄγοντες τὰ πλήθη, τῶν δὲ ἄλλων ἀρετῶν ὁ μὲν τὴν ἀνδρείαν μᾶλλον,

ὁ δὲ τὴν δικαιοσύνην ἠγαπηκώς· εἰ μὴ νὴ Δία διὰ τὴν ὑποκειμένην τῶν πολιτευμάτων ἑκατέρου φύσιν ἢ συνήθειαν, οὐχ ὁμοίαν οὖσαν, [2] ἀνομοίας ἔδει παρασκευῆς. οὔτε γὰρ Νομᾶς διὰ δειλίαν κατέλυσε τὸ πολεμεῖν, ἀλλ᾽ ἐπὶ τῷ μὴ ἀδικεῖν, οὔτε Λυκοῦργος εἰς ἀδικίαν κατεσκεύασε πολεμικούς, ἀλλ᾽ ὑπὲρ τοῦ μὴ ἀδικεῖσθαι. τὰς οὖν ὑπερβολὰς ἀφαιροῦντες ἀμφότεροι καὶ τὰς ἐνδείας ἀναπληροῦντες τῶν ὑπαρχόντων περὶ τοὺς πολίτας, ἠναγκάζοντο μεγάλαις χρῆσθαι μεταβολαῖς.

[3] Καὶ μὴν τῆς τε διατάξεως καὶ τῆς διαιρέσεως τῶν πολιτευμάτων ὀχλικὴ μὲν ἀκράτως ἡ τοῦ Νομᾶ καὶ θεραπευτικὴ τοῦ πλήθους, ἐκ χρυσοχόων καὶ αὐλητῶν καὶ σκυτοτόμων συμμιγῆ τινα καὶ παμποίκιλον ἀποφαίνοντος δῆμον, αὐστηρὰ δὲ ἡ Λυκούργειος καὶ ἀριστοκρατική, τὰς μὲν βαναύσους ἀποκαθαίρουσα τέχνας εἰς οἰκετῶν καὶ μετοίκων χεῖρας αὐτοὺς δὲ τοὺς πολίτας εἰς τὴν ἀσπίδα καὶ τὸ δόρυ συνάγουσα, πολέμου χειροτέχνας καὶ θεράποντας Ἄρεως ὄντας, ἄλλο δὲ οὐδὲν εἰδότας οὐδὲ μελετῶντας ἢ πείθεσθαι τοῖς [4] ἄρχουσι καὶ κρατεῖν τῶν πολεμίων. Οὐδὲ γὰρ χρηματίζεσθαι τοῖς ἐλευθέροις ἐξῆν, ἵνα ἐλεύθεροι παντελῶς καὶ καθάπαξ ὦσιν, ἀλλ᾽ ἦν ἡ περὶ τὰ χρήματα κατασκευὴ δεδομένη δούλοις καὶ Εἵλωσιν, ὥσπερ ἡ περὶ τὸ δεῖπνον καὶ ὄψον διακονία. Νομᾶς δὲ οὐδὲν διέκρινε τοιοῦτον, ἀλλὰ τὰς μὲν στρατιωτικὰς ἔπαυσε πλεονεξίας, τὸν δὲ ἄλλον οὐκ ἐκώλυσε χρηματισμόν, οὐδὲ τὴν [5] τοιαύτην κατεστόρεσεν ἀνωμαλίαν, ἀλλὰ καὶ πλούτῳ προϊέναι μέχρι παντὸς ἐφῆκε, καὶ πενίας πολλῆς ἀθροιζομένης καὶ ὑπορρεούσης εἰς τὴν πόλιν ἠμέλησε, δέον εὐθὺς ἐν ἀρχῇ, μηδέπω πολλῆς μηδὲ μεγάλης ἀνισότητος οὔσης, ἀλλ᾽ ἔτι τοῖς βίοις ὁμαλῶν καὶ παραπλησίων ὄντων, ἐνστῆναι πρὸς τὴν πλεονεξίαν, ὥσπερ Λυκοῦργος, καὶ φυλάξασθαι τὰς ἀπ᾽ αὐτῆς βλάβας, οὐ μικρὰς γενομένας, ἀλλὰ τῶν πλείστων καὶ μεγίστων κακῶν, ὅσα συνηνέχθη, σπέρμα καὶ ἀρχὴν παρασχούσας.

[6] ὁ δὲ τῆς γῆς ἀναδασμὸς οὔτε τὸν Λυκοῦργον, ἐμοὶ δοκεῖν, ποιεῖ ψεκτὸν γενόμενος οὔτε τὸν Νομᾶν μὴ γενόμενος. τῷ μὲν γὰρ ἕδραν καὶ κρηπῖδα τῆς πολιτείας ἡ ἰσότης αὕτη παρέσχε, τὸν δὲ προσφάτου τῆς κληρουχίας οὔσης οὐδὲν ἤπειγεν ἄλλον ἐμβαλεῖν ἀναδασμὸν οὐδὲ κινεῖν τὴν πρώτην νέμησιν, ὡς εἰκός ἐστι, κατὰ χώραν μένουσαν.

[3] [1] Τῆς δὲ περὶ τοὺς γάμους καὶ τὰς τεκνώσεις κοινωνίας τὸ ἀζηλότυπον ὀρθῶς καὶ πολιτικῶς ἐμποιοῦντες ἀμφότεροι τοῖς ἀνδράσιν οὐ κατὰ πᾶν εἰς τοῦτο συνηνέχθησαν, ἀλλ᾽ ὁ Ῥωμαῖος μὲν ἀνὴρ ἱκανῶς ἔχων παιδοτροφίας, ὑφ᾽ ἑτέρου δὲ πεισθεὶς δεομένου τέκνων, ἐξίστατο τῆς γυναικός, ἐκδόσθαι καὶ μετεκδόσθαι κύριος ὑπάρχων, ὁ δὲ Λάκων, οἴκοι τῆς γυναικὸς οὔσης παρ᾽ αὐτῷ καὶ τοῦ γάμου μένοντος ἐπὶ τῶν ἐξ ἀρχῆς δικαίων, μετεδίδου τῷ

πείσαντι [2] τῆς κοινωνίας εἰς τέκνωσιν. πολλοὶ δέ, ὥσπερ εἴρηται, καὶ παρακαλοῦντες εἰσῆγον ἐξ ὧν ἂν ἐδόκουν μάλιστα παῖδας εὐειδεῖς καὶ ἀγαθοὺς γενέσθαι. τίς οὖν ἡ διάκρισις τῶν ἐθισμῶν; ἢ ταῦτα μὲν ἰσχυρὰ καὶ ἄκρατος ἀπάθεια πρὸς γαμετὴν καὶ τὰ ταράττοντα καὶ κατακαίοντα ζηλοτυπίαις τοὺς πολλούς, ἐκεῖνα δὲ ὥσπερ αἰσχυνομένη ἀτυφία τις, παρακάλυμμα τὴν ἐγγύην ἐφελκομένη καὶ τὸ δυσκαρτέρητον ἐξομολογουμένη τῆς κοινωνίας;

[3] Ἔτι δὲ μᾶλλον ἡ περὶ τὰς παρθένους φυλακὴ κατέσταλται τῷ Νομᾷ πρὸς τὸ θῆλυ καὶ κόσμιον· ἡ δὲ τοῦ Λυκούργου παντάπασιν ἀναπεπταμένη καὶ ἄθηλυς οὖσα τοῖς ποιηταῖς λόγον παρέσχηκε. φαινομηρίδας τε γὰρ αὐτὰς ἀποκαλοῦσιν, ὡς Ἴβυκος, καὶ ἀνδρομανεῖς λοιδοροῦσιν, ὡς Εὐριπίδης, λέγων·

Αἳ σὺν νέοισιν ἐξερημοῦσιν δόμους
γυμνοῖσι μηροῖς καὶ πέπλοις ἀνειμένοις.

[4] τῷ γὰρ ὄντι τοῦ παρθενικοῦ χιτῶνος αἱ πτέρυγες οὐκ ἦσαν συνερραμμέναι κάτωθεν, ἀλλ’ ἀνεπτύσσοντο καὶ συνανεγύμνουν ὅλον ἐν τῷ βαδίζειν τὸν μηρόν. καὶ σαφέστατα τὸ γινόμενον εἴρηκε Σοφοκλῆς ἐν τούτοις·

Καὶ τὰν νέορτον, ἇς ἔτ’ ἄστολος χιτὼν
θυραῖον ἀμφὶ μηρὸν
πτύσσεται, Ἑρμιόναν.

[5] διὸ καὶ θρασύτεραι λέγονται γενέσθαι καὶ πρὸς αὐτοὺς πρῶτον ἀνδρώδεις τοὺς ἄνδρας, ἅτε δὴ τῶν μὲν οἴκων ἄρχουσαι κατὰ κράτος, ἐν δὲ τοῖς δημοσίοις πράγμασι καὶ γνώμης μεταλαμβάνουσαι καὶ παρρησίας περὶ τῶν μεγίστων. ὁ δὲ Νομᾶς ταῖς γαμεταῖς τὸ μὲν ἀξίωμα καὶ τὴν τιμὴν ἐτήρησε πρὸς τοὺς ἄνδρας, ἣν εἶχον ἀπὸ Ῥωμύλου θεραπευόμεναι διὰ τὴν ἁρπαγήν, αἰδῶ δὲ πολλὴν ἐπέστησεν αὐταῖς καὶ πολυπραγμοσύνην ἀφεῖλε καὶ νήφειν ἐδίδαξε καὶ σιωπᾶν εἴθισεν, οἴνου μὲν ἀπεχομένας τὸ πάμπαν, λόγῳ δὲ μηδὲ ὑπὲρ τῶν ἀναγκαίων ἀνδρὸς ἄνευ χρωμένας.

[6] λέγεται γοῦν ποτε γυναικὸς εἰπούσης δίκην ἰδίαν ἐν ἀγορᾷ πέμψαι τὴν σύγκλητον εἰς θεοῦ, πυνθανομένην τίνος ἄρα τῇ πόλει σημεῖον εἴη τὸ γεγενημένον. καὶ τῆς ἄλλης εὐπειθείας καὶ πρᾳότητος αὐτῶν μέγα τεκμήριον ἡ μνήμη τῶν χειρόνων. ὡς γὰρ παρ’ ἡμῖν οἱ ἱστορικοὶ γράφουσι τοὺς πρώτους ἢ φόνον ἐμφύλιον ἐργασαμένους ἢ πολεμήσαντας ἀδελφοῖς ἢ πατρὸς αὐτόχειρας ἢ μητρὸς [7] γενομένους, οὕτω Ῥωμαῖοι μνημονεύουσιν ὅτι πρῶτος μὲν ἀπεπέμψατο γυναῖκα Σπόριος Καρβίλιος, μετὰ τὴν Ῥώμης κτίσιν ἔτεσι τριάκοντα καὶ διακοσίοις οὐδενὸς τοιούτου γεγονότος, πρώτη δὲ

γυνὴ Πιναρίου Θαλαία τοὔνομα διηνέχθη πρὸς ἑκυρὰν αὑτῆς Γεγανίαν Ταρκυνίου Σουπέρβου βασιλεύοντος. οὕτω καλῶς καὶ κοσμίως τεταγμένα τὰ τῶν γάμων ἦν ὑπὸ τοῦ νομοθέτου.

[4] [1] Τῇ δὲ ἄλλῃ τῶν παρθένων ἀγωγῇ καὶ τὰ περὶ τὰς ἐκδόσεις ὁμολογεῖ, τοῦ μὲν Λυκούργου πεπείρους καὶ ὀργώσας νυμφεύοντος, ὅπως ἥ τε ὁμιλία, δεομένης ἤδη τῆς φύσεως, χάριτος ᾖ καὶ φιλίας ἀρχὴ μᾶλλον ἢ μίσους καὶ φόβου παρὰ φύσιν βιαζομένων, καὶ τὰ σώματα ῥώμην ἔχῃ πρὸς τὸ τὰς κυήσεις ἀναφέρειν καὶ τὰς ὠδῖνας, ὡς ἐπ’ οὐδὲν ἄλλο γαμουμένων ἢ τὸ τῆς τεκνώσεως ἔργον, τῶν δὲ Ῥωμαίων δωδεκαετεῖς καὶ νεωτέρας ἐκδιδόντων· οὕτω γὰρ ἂν μάλιστα καὶ τὸ σῶμα καὶ τὸ ἦθος καθαρὸν καὶ ἄθικτον ἐπὶ [2] τῷ γαμοῦντι γίνεσθαι. δῆλον οὖν ὅτι τὸ μὲν φυσικώτερον πρὸς τέκνωσιν, τὸ δὲ ἠθικώτερον πρὸς συμβίωσιν.

Ἀλλὰ μὴν ἐπιστασίαις τε παίδων καὶ συναγελασμοῖς καὶ παιδαγωγίαις καὶ κοινωνίαις, περί τε δεῖπνα καὶ γυμνάσια καὶ παιδιὰς αὐτῶν ἐμμελείαις καὶ διακοσμήσεσιν, οὐδέν τι τοῦ προστυχόντος νομοθέτου βελτίονα τὸν Νομᾶν ὁ Λυκοῦργος ἀποδείκνυσιν, ἐπὶ ταῖς τῶν πατέρων ποιησάμενον ἐπιθυμίαις ἢ χρείαις τὰς τῶν νέων ἀγωγάς, [3] εἴτε τις ἐργάτην γῆς βούλοιτο ποιεῖν τὸν υἱὸν εἴτε ναυπηγὸν ἢ χαλκέα διδάσκειν ἢ αὐλητήν, ὥσπερ οὐ πρὸς ἓν τέλος ὀφείλοντας ἐξ ἀρχῆς ἄγεσθαι καὶ συνεπιστρέφεσθαι τοῖς ἤθεσιν, ἀλλ’ οἷον εἰς ναῦν ἐπιβάτας ἕτερον ἐξ ἑτέρας ἥκοντα χρείας καὶ προαιρέσεως ἐν τοῖς κινδύνοις μόνον φόβῳ τοῦ ἰδίου συνίστασθαι πρὸς τὸ κοινόν, [4] ἄλλως δὲ τὸ καθ’ αὑτὸν σκοπεῖν ἕκαστον. καὶ τοῖς μὲν πολλοῖς οὐκ ἄξιον ἐγκαλεῖν νομοθέταις ἐλλείπουσιν ἢ δι’ ἄγνοιαν ἢ δι’ ἀσθένειαν· ἀνδρὶ δὲ σοφῷ βασιλείαν παραλαβόντι δήμου νεωστὶ συνισταμένου καὶ πρὸς μηδὲν ἀντιτείνοντος, περὶ τί πρῶτον ἦν σπουδάσαι προσῆκον ἢ παίδων ἐκτροφὴν καὶ νέων ἄσκησιν, ὅπως μὴ διάφοροι μηδὲ ταραχώδεις γένοιντο τοῖς ἤθεσιν, ἀλλ’ εἰς ἕν τι κοινὸν ἀρετῆς ἴχνος εὐθὺς ἐξ ἀρχῆς πλαττόμενοι [5] καὶ τυπούμενοι συμβαίνοιεν ἀλλήλοις; ὃ δὴ πρός τε τὰ ἄλλα καὶ σωτηρίαν νόμων ὠφέλησε τὸν Λυκοῦργον. μικρὸς γὰρ ἦν ὁ τῶν ὅρκων φόβος, εἰ μὴ διὰ τῆς παιδείας καὶ τῆς ἀγωγῆς οἷον ἀνέδευσε τοῖς ἤθεσι τῶν παίδων τοὺς νόμους, καὶ συνῳκείωσε τῇ τροφῇ τὸν ζῆλον τῆς πολιτείας, ὥστε πεντακοσίων ἐτῶν πλείω χρόνον τὰ κυριώτατα καὶ μέγιστα διαμεῖναι τῆς νομοθεσίας, ὥσπερ βαφῆς ἀκράτου καὶ ἰσχυρῶς καθαψαμένης.

[6] Νομᾷ δὲ ὅπερ ἦν τέλος τῆς πολιτείας, ἐν εἰρήνῃ καὶ φιλίᾳ τὴν Ῥώμην ὑπάρχειν, εὐθὺς συνεξέλιπε· καὶ μετὰ τὴν τελευτὴν ἐκείνου τὸν ἀμφίθυρον οἶκον, ὃν κεκλεισμένον αὐτὸς συνεῖχεν, ὥσπερ ὄντως ἐν αὐτῷ τιθασεύων καθειργμένον τὸν πόλεμον, ἐξ ἀμφοτέρων ἀναπετάσαντες αἵματος καὶ

νεκρῶν τὴν Ἰταλίαν ἐνέπλησαν· καὶ οὐδὲ ὀλίγον χρόνον ἡ καλλίστη καὶ δικαιοτάτη κατάστασις ἔμεινεν, ἅτε δὴ καὶ τὸ συνδετικὸν ἐν αὑτῇ, τὴν παιδείαν, οὐκ ἔχουσα.

[7] “Τί οὖν,” φήσει τις, “οὐκ ἐπὶ τὸ βέλτιον ἡ Ῥώμη προῆλθε τοῖς πολεμικοῖς;” ἐρωτῶν ἐρώτημα μακρᾶς ἀποκρίσεως δεόμενον πρὸς ἀνθρώπους τὸ βέλτιον ἐν πλούτῳ καὶ τρυφῇ καὶ ἡγεμονίᾳ μᾶλλον ἢ σωτηρίᾳ καὶ πρᾳότητι καὶ τῇ μετὰ δικαιοσύνης αὐταρκείᾳ τιθεμένους. οὐ μὴν ἀλλὰ καὶ τοῦτο Λυκούργῳ που δόξει βοηθεῖν, τὸ Ῥωμαίους μὲν τὴν ἐπὶ Νομᾶ κατάστασιν ἐξαλλάξαντας [8] ἐπιδοῦναι τοῖς πράγμασι τοσοῦτον, Λακεδαιμονίους δὲ ἅμα τῷ πρῶτον ἐκβῆναι τὴν Λυκούργου διάταξιν, ἐκ μεγίστων ταπεινοτάτους γενέσθαι καὶ τὴν τῶν Ἑλλήνων ἡγεμονίαν ἀποβαλόντας κινδυνεῦσαι περὶ ἀναστάσεως. ἐκεῖνο μέντοι τῷ Νομᾷ μέγα καὶ θεῖον ὡς ἀληθῶς ὑπάρχει, τὸ ξένῳ τε μεταπέμπτῳ γενέσθαι καὶ πάντα πειθοῖ μεταβαλεῖν, καὶ κρατῆσαι πόλεως οὔπω συμπεπνευκυίας, μήτε ὅπλων δεηθέντα μήτε βίας τινός, ὡς Λυκοῦργος ἐπὶ τὸν δῆμον ἦγε τοὺς ἀρίστους, ἀλλὰ σοφίᾳ καὶ δικαιοσύνῃ πάντας προσαγαγόμενον καὶ συναρμόσαντα.

Solon

[1] Δίδυμος ὁ γραμματικὸς (p. 399 Schmidt) ἐν τῇ περὶ τῶν ἀξόνων τῶν Σόλωνος ἀντιγραφῇ πρὸς Ἀσκληπιάδην Φιλοκλέους τινὸς τέθεικε λέξιν, ἐν ᾗ τὸν Σόλωνα πατρὸς Εὐφορίωνος ἀποφαίνει παρὰ τὴν τῶν [2] ἄλλων δόξαν ὅσοι μέμνηνται Σόλωνος. Ἐξηκεστίδου γὰρ αὐτὸν ἅπαντες ὁμαλῶς γεγονέναι λέγουσιν, ἀνδρὸς οὐσίᾳ μὲν ὥς φασι καὶ δυνάμει μέσου τῶν πολιτῶν, οἰκίας δὲ [3] πρώτης κατὰ γένος· ἦν γὰρ Κοδρίδης ἀνέκαθεν. τὴν δὲ μητέρα τοῦ Σόλωνος Ἡρακλείδης ὁ Ποντικὸς (fr. 147 Wehrli) ἱστορεῖ τῆς Πεισιστράτου μητρὸς ἀνεψιὰν γενέσθαι, [4] καὶ φιλία τὸ πρῶτον ἦν αὐτοῖς πολλὴ μὲν διὰ τὴν συγγένειαν, πολλὴ δὲ διὰ τὴν εὐφυΐαν καὶ ὥραν, ὡς ἔνιοί φασιν ἐρωτικῶς τὸν Πεισίστρατον ἀσπαζομένου [5] τοῦ Σόλωνος. ὅθεν ὕστερον ὡς ἔοικεν εἰς διαφορὰν αὐτῶν ἐν τῇ πολιτείᾳ καταστάντων, οὐδὲν ἤνεγκεν ἡ ἔχθρα σκληρὸν οὐδ' ἄγριον πάθος, ἀλλὰ παρέμεινεν ἐκεῖνα τὰ δίκαια ταῖς ψυχαῖς καὶ παρεφύλαξε 'τυφόμενα Δίου πυρὸς ἔτι ζῶσαν φλόγα' (Eur. Bacch. 8), τὴν ἐρωτικὴν [6] μνήμην καὶ χάριν. ὅτι δὲ πρὸς τοὺς καλοὺς οὐκ ἦν ἐχυρὸς ὁ Σόλων οὐδ' ἔρωτι θαρραλέος ἀνταναστῆναι 'πύκτης ὅπως ἐς χεῖρας' (Soph. Trach. 441), ἔκ τε τῶν ποιημάτων αὐτοῦ λαβεῖν ἔστι, καὶ νόμον ἔγραψε διαγορεύοντα δούλῳ μὴ ξηραλοιφεῖν μηδὲ παιδεραστεῖν, εἰς τὴν τῶν καλῶν μερίδα καὶ σεμνῶν ἐπιτηδευμάτων τιθέμενος τὸ πρᾶγμα, καὶ τρόπον τινὰ τοὺς ἀξίους προκαλούμενος ὧν [7] τοὺς ἀναξίους ἀπήλαυνε. λέγεται δὲ καὶ Πεισίστρατος ἐραστὴς Χάρμου γενέσθαι, καὶ τὸ ἄγαλμα τοῦ Ἔρωτος ἐν Ἀκαδημείᾳ καθιερῶσαι, ὅπου τὸ πῦρ ἀνάπτουσιν οἱ τὴν ἱερὰν λαμπάδα διαθέοντες.

[2] [1] Ὁ δ' οὖν Σόλων, τὴν οὐσίαν τοῦ πατρὸς ἐλαττώσαντος εἰς φιλανθρωπίας τινάς, ὥς φησιν Ἕρμιππος (FHG III 38), καὶ χάριτας, οὐκ ἂν ἀπορήσας τῶν βουλομένων ἐπαρκεῖν, αἰδούμενος δὲ λαμβάνειν παρ' ἑτέρων ἐξ οἰκίας γεγονὼς εἰθισμένης ἑτέροις βοηθεῖν, ὥρμησε νέος ὢν ἔτι πρὸς ἐμπορίαν. καίτοι φασὶν ἔνιοι πολυπειρίας ἕνεκα μᾶλλον καὶ ἱστορίας ἢ χρηματισμοῦ πλανηθῆναι [2] τὸν Σόλωνα. σοφίας μὲν γὰρ ἦν ὁμολογουμένως ἐραστής, ὅς γε καὶ πρεσβύτερος ὢν ἔλεγε (fr. 22 D.) [3] 'γηράσκειν αἰεὶ πολλὰ διδασκόμενος'· πλοῦτον δ' οὐκ ἐθαύμαζεν, ἀλλὰ καί φησιν ὁμοίως πλουτεῖν ᾧ τε (fr. 14 D.)

πολὺς ἄργυρός ἐστι
καὶ χρυσὸς καὶ γῆς πυροφόρου πεδία
ἵπποι θ' ἡμίονοί τε, καὶ ᾧ μόνα ταῦτα πάρεστι,

γαστρί τε καὶ πλευρῇ καὶ ποσὶν ἁβρὰ παθεῖν,
παιδός τ' ἠδὲ γυναικός, ἐπὴν καὶ ταῦτ' ἀφίκηται,
ἥβῃ, σὺν δ' ὥρῃ γίνεται ἁρμόδια.
[4] ἀλλ' ἑτέρωθι λέγει (fr. 1, 7 D.)·
χρήματα δ' ἱμείρω μὲν ἔχειν, ἀδίκως δὲ πεπᾶσθαι
οὐκ ἐθέλω· πάντως ὕστερον ἦλθε δίκη.

[5] κωλύει δ' οὐδὲν τὸν ἀγαθὸν καὶ πολιτικὸν ἄνδρα, μήτε τῶν περιττῶν τὴν κτῆσιν ἐν σπουδῇ τινι τίθεσθαι, μήτε [6] τῆς χρείας τῶν ἀναγκαίων καὶ ἱκανῶν καταφρονεῖν. ἐν δὲ τοῖς τότε χρόνοις καθ' Ἡσίοδον (Erg. 311) 'ἔργον οὐδὲν ἦν ὄνειδος', οὐδὲ τέχνη διαβολὴν ἔφερεν, ἐμπορία δὲ καὶ δόξαν εἶχεν, οἰκειουμένη τὰ βαρβαρικὰ καὶ προξενοῦσα φιλίας βασιλέων καὶ πραγμάτων ἐμπείρους ποιοῦσα [7] πολλῶν. ἔνιοι δὲ καὶ πόλεων γεγόνασιν οἰκισταὶ μεγάλων, ὡς καὶ Μασσαλίας Πρῶτις, ὑπὸ Κελτῶν τῶν [8] περὶ τὸν Ῥοδανὸν ἀγαπηθείς. καὶ Θαλῆν δέ φασιν ἐμπορίᾳ χρήσασθαι καὶ Ἱπποκράτη τὸν μαθηματικόν, καὶ Πλάτωνι τῆς ἀποδημίας ἐφόδιον ἐλαίου τινὸς ἐν Αἰγύπτῳ διάθεσιν γενέσθαι.

[3] [1] Τὸ δ' οὖν εὐδάπανον τῷ Σόλωνι καὶ ὑγρὸν πρὸς τὴν δίαιταν καὶ τὸ φορτικώτερον ἢ φιλοσοφώτερον ἐν τοῖς ποιήμασι διαλέγεσθαι περὶ τῶν ἡδονῶν τὸν ἐμπορικὸν οἴονται βίον προστετρῖφθαι· πολλοὺς γὰρ ἔχοντα κινδύνους καὶ μεγάλους ἀνταπαιτεῖν πάλιν εὐπαθείας [2] τινὰς καὶ ἀπολαύσεις. ὅτι δ' ἑαυτὸν ἐν τῇ τῶν πενήτων μερίδι μᾶλλον ἢ τῇ τῶν πλουσίων ἔταττε, δῆλόν ἐστιν ἐκ τούτων (fr. 4, 9 D.)·
[3] πολλοὶ γὰρ πλουτοῦσι κακοί, ἀγαθοὶ δὲ πένονται·
ἀλλ' ἡμεῖς αὐτοῖς οὐ διαμειψόμεθα
τῆς ἀρετῆς τὸν πλοῦτον· ἐπεὶ τὸ μὲν ἔμπεδόν ἐστιν,
χρήματα δ' ἀνθρώπων ἄλλοτε ἄλλος ἔχει.

[4]τῇ δὲ ποιήσει κατ' ἀρχὰς μὲν εἰς οὐδὲν ἄξιον σπουδῆς, ἀλλὰ παίζων ἔοικε προσχρήσασθαι καὶ τέρπων ἑαυτὸν ἐν τῷ σχολάζειν· ὕστερον δὲ καὶ γνώμας ἐνέτεινε φιλοσόφους, καὶ τῶν πολιτικῶν πολλὰ συγκατέπλεκε τοῖς ποιήμασιν, οὐχ ἱστορίας ἕνεκεν καὶ μνήμης, ἀλλ' ἀπολογισμοὺς τῶν πεπραγμένων ἔχοντα καὶ προτροπὰς ἐνιαχοῦ καὶ νουθεσίας καὶ ἐπιπλήξεις πρὸς τοὺς Ἀθηναίους.

[5] ἔνιοι δέ φασιν ὅτι καὶ τοὺς νόμους ἐπεχείρησεν ἐντείνας εἰς ἔπος ἐξενεγκεῖν, καὶ διαμνημονεύουσι τὴν ἀρχὴν οὕτως ἔχουσαν (fr. 28 D.)·
πρῶτα μὲν εὐχώμεσθα Διὶ Κρονίδῃ βασιλῆι
θεσμοῖς τοῖσδε τύχην ἀγαθὴν καὶ κῦδος ὀπάσσαι.

[6] φιλοσοφίας δὲ τοῦ ἠθικοῦ μάλιστα τὸ πολιτικόν, ὥσπερ οἱ πλεῖστοι τῶν τότε σοφῶν, ἠγάπησεν. ἐν δὲ τοῖς φυσικοῖς ἁπλοῦς ἐστι λίαν καὶ ἀρχαῖος, ὡς δῆλον ἐκ τούτων (fr. 10. 11 D.)·

[7] ἐκ νεφέλης πέλεται χιόνος μένος ἠδὲ χαλάζης,
βροντὴ δ’ ἐκ λαμπρᾶς γίνεται ἀστεροπῆς.
ἐξ ἀνέμων δὲ θάλασσα ταράσσεται· ἢν δέ τις αὐτὴν
μὴ κινῇ, πάντων ἐστὶ δικαιοτάτη.

[8] καὶ ὅλως ἔοικεν ἡ Θάλεω μόνου σοφία τότε περαιτέρω τῆς χρείας ἐξικέσθαι τῇ θεωρίᾳ· τοῖς δ’ ἄλλοις ἀπὸ τῆς πολιτικῆς ἀρετῆς τοὔνομα τῆς σοφίας ὑπῆρξε.

[4] [1] Γενέσθαι δὲ μετ’ ἀλλήλων ἔν τε Δελφοῖς ὁμοῦ λέγονται καὶ πάλιν ἐν Κορίνθῳ, Περιάνδρου σύλλογόν [2] τινα κοινὸν αὐτῶν καὶ συμπόσιον κατασκευάσαντος. ἔτι δὲ μᾶλλον εἰς ἀξίωμα καὶ δόξαν αὐτοὺς κατέστησεν ἡ τοῦ τρίποδος περίοδος καὶ διὰ πάντων ἀνακύκλησις καὶ [3] ἀνθύπειξις μετ’ εὐμενείας φιλοτίμου γενομένη. Κῴων γὰρ ὥς φασι καταγόντων σαγήνην, καὶ ξένων ἐκ Μιλήτου πριαμένων τὸν βόλον οὔπω φανερὸν ὄντα, χρυσοῦς ἐφάνη τρίπους ἑλκόμενος, ὃν λέγουσιν Ἑλένην πλέουσαν ἐκ Τροίας αὐτόθι καθεῖναι, χρησμοῦ τινος ἀναμνησθεῖσαν [4] παλαιοῦ. γενομένης δὲ τοῖς ξένοις πρῶτον ἀντιλογίας πρὸς τοὺς ἁλιέας περὶ τοῦ τρίποδος, εἶτα τῶν πόλεων ἀναδεξαμένων τὴν διαφοράν, ἄχρι πολέμου προελθοῦσαν, ἀνεῖλεν ἀμφοτέροις ἡ Πυθία τῷ σοφωτάτῳ τὸν τρίποδα [5] ἀποδοῦναι. καὶ πρῶτον μὲν ἀπεστάλη πρὸς Θαλῆν εἰς Μίλητον, ἑκουσίως τῶν Κῴων ἑνὶ δωρουμένων ἐκείνῳ περὶ οὗ πρὸς ἅπαντας ὁμοῦ Μιλησίους ἐπολέμησαν. Θάλεω δὲ Βίαντα σοφώτερον ἀποφαίνοντος αὐτοῦ, πρὸς ἐκεῖνον ἧκεν, ὑπ’ ἐκείνου δ’ αὖθις ἀπεστάλη πρὸς ἄλλον [6] ὡς σοφώτερον. εἶτα περιιὼν καὶ ἀναπεμπόμενος, οὕτως ἐπὶ Θαλῆν τὸ δεύτερον ἀφίκετο, καὶ τέλος εἰς Θήβας ἐκ Μιλήτου κομισθεὶς τῷ Ἰσμηνίῳ Ἀπόλλωνι καθιερώθη.

[7] Θεόφραστος δέ φησι πρῶτον μὲν εἰς Πριήνην Βίαντι τὸν τρίποδα πεμφθῆναι, δεύτερον δ’ εἰς Μίλητον Θαλῇ Βίαντος ἀποπέμψαντος· οὕτω δὲ διὰ πάντων πάλιν εἰς Βίαντα περιελθεῖν, καὶ τέλος εἰς Δελφοὺς ἀποσταλῆναι.

[8] ταῦτα μὲν οὖν ὑπὸ πλειόνων τεθρύληται, πλὴν ὅτι τὸ δῶρον ἀντὶ τοῦ τρίποδος οἱ μὲν φιάλην ὑπὸ Κροίσου πεμφθεῖσαν, οἱ δὲ ποτήριον Βαθυκλέους ἀπολιπόντος εἶναι λέγουσιν.

[5] [1] Ἰδίᾳ δ’ Ἀναχάρσεώς τε πρὸς Σόλωνα καὶ πάλιν Θάλεω συνουσίαν τινὰ καὶ λόγους ἀναγράφουσι τοιούτους.

[2] Ἀνάχαρσιν μὲν εἰς Ἀθήνας φασὶν ἐπὶ τὴν Σόλωνος οἰκίαν ἐλθόντα κόπτειν καὶ λέγειν, ὡς ξένος ὢν ἀφῖκται φιλίαν ποιησόμενος καὶ ξενίαν πρὸς

αὐτόν. ἀποκριναμένου δὲ τοῦ Σόλωνος ὡς οἴκοι βέλτιόν ἐστι ποιεῖσθαι φιλίας, ‘οὐκοῦν’ φάναι τὸν Ἀνάχαρσιν ‘αὐτὸς ὢν οἴκοι [3] σὺ ποίησαι φιλίαν καὶ ξενίαν πρὸς ἡμᾶς.’ οὕτω δὴ θαυμάσαντα τὴν ἀγχίνοιαν τοῦ ἀνδρὸς τὸν Σόλωνα δέξασθαι φιλοφρόνως καὶ χρόνον τινὰ παρ’ αὐτῷ κατασχεῖν, ἤδη τὰ δημόσια πράττοντα καὶ συνταττόμενον τοὺς νόμους.

[4] τὸν οὖν Ἀνάχαρσιν πυθόμενον, καταγελᾶν τῆς πραγματείας τοῦ Σόλωνος, οἰομένου γράμμασιν ἐφέξειν τὰς ἀδικίας καὶ πλεονεξίας τῶν πολιτῶν, ἃ μηδὲν τῶν ἀραχνίων διαφέρειν, ἀλλ’ ὡς ἐκεῖνα τοὺς μὲν ἀσθενεῖς καὶ λεπτοὺς τῶν ἁλισκομένων καθέξειν, ὑπὸ δὲ τῶν δυνατῶν καὶ [5] πλουσίων διαρραγήσεσθαι. τὸν δὲ Σόλωνα φασὶ πρὸς ταῦτ’ εἰπεῖν, ὅτι καὶ συνθήκας ἄνθρωποι φυλάττουσιν ἃς οὐδετέρῳ λυσιτελές ἐστι παραβαίνειν τῶν θεμένων, καὶ τοὺς νόμους αὐτὸς οὕτως ἁρμόζεται τοῖς πολίταις, ὥστε πᾶσι τοῦ παρανομεῖν βέλτιον ἐπιδεῖξαι τὸ δικαιοπραγεῖν.

[6] ἀλλὰ ταῦτα μὲν ὡς Ἀνάχαρσις εἴκαζεν ἀπέβη μᾶλλον ἢ κατ’ ἐλπίδα τοῦ Σόλωνος. ἔφη δὲ κἀκεῖνο θαυμάζειν ὁ Ἀνάχαρσις ἐκκλησίᾳ παραγενόμενος, ὅτι λέγουσι μὲν οἱ σοφοὶ παρ’ Ἕλλησι, κρίνουσι δ’ οἱ ἀμαθεῖς.

[6] [1] Πρὸς Θαλῆν δ’ εἰς Μίλητον ἐλθόντα τὸν Σόλωνα θαυμάζειν, ὅτι γάμου καὶ παιδοποιίας τὸ παράπαν ἠμέληκε, καὶ τὸν Θαλῆν τότε μὲν σιωπῆσαι, διαλιπόντα δ’ ἡμέρας ὀλίγας ἄνδρα παρασκευάσαι ξένον, ἀρτίως [2] ἥκειν φάσκοντα δεκαταῖον ἐξ Ἀθηνῶν. πυθομένου δὲ τοῦ Σόλωνος εἰ δή τι καινὸν ἐν ταῖς Ἀθήναις, δεδιδαγμένον ἃ χρὴ λέγειν τὸν ἄνθρωπον ‘οὐδὲν’ εἰπεῖν ‘ἕτερον εἰ μὴ νὴ Δία νεανίσκου τινὸς ἦν ἐκφορὰ καὶ προὔπεμπεν [3] ἡ πόλις. ἦν γὰρ υἱὸς ὡς ἔφασαν ἀνδρὸς ἐνδόξου καὶ πρωτεύοντος ἀρετῇ τῶν πολιτῶν· οὐ παρῆν δ’ ἀλλ’ ἀποδημεῖν [4] ἔφασαν αὐτὸν ἤδη πολὺν χρόνον’. ‘ὢ δυστυχὴς ἐκεῖνος’ φάναι τὸν Σόλωνα· ‘τίνα δ’ ὠνόμαζον αὐτόν;’ ‘ἤκουσα’ φάναι ‘τοὔνομα’ τὸν ἄνθρωπον, ‘ἀλλ’ οὐ μνημονεύω· πλὴν ὅτι πολὺς λόγος ἦν αὐτοῦ σοφίας καὶ [5] δικαιοσύνης’. οὕτω δὴ καθ’ ἑκάστην ἀπόκρισιν τῷ φόβῳ προσαγόμενον τὸν Σόλωνα καὶ τέλος ἤδη συντεταραγμένον, αὐτὸν ὑποβαλεῖν τοὔνομα τῷ ξένῳ, πυνθανόμενον [6] μὴ Σόλωνος ὁ τεθνηκὼς ὠνομάζετο. φήσαντος δὲ τοῦ ἀνθρώπου, τὸν μὲν ὁρμῆσαι παίειν τὴν κεφαλὴν καὶ τἆλλα ποιεῖν καὶ λέγειν ἃ συμβαίνει τοῖς περιπαθοῦσι, τὸν δὲ Θαλῆν ἐπιλαβόμενον αὐτοῦ καὶ γελάσαντα, ‘ταῦτά τοι’ φάναι ‘ὦ Σόλων ἐμὲ γάμου καὶ παιδοποιίας ἀφίστησιν, ἃ καὶ σὲ κατερείπει τὸν ἐρρωμενέστατον. ἀλλὰ [7] θάρρει τῶν λόγων ἕνεκα τούτων· οὐ γάρ εἰσιν ἀληθεῖς.’ ταῦτα μὲν οὖν Ἕρμιππος (FHG III 39) ἱστορεῖν φησι Πάταικον, ὃς ἔφασκε τὴν Αἰσώπου ψυχὴν ἔχειν.

[7] [1] Ἄτοπος δὲ καὶ ἀγεννὴς ὁ τῷ φόβῳ τῆς ἀποβολῆς τὴν κτῆσιν ὧν χρὴ προϊέμενος· οὕτω γὰρ ἄν τις οὐ πλοῦτον, οὐ δόξαν, οὐ σοφίαν ἀγαπήσειε παραγενομένην, [2] δεδιὼς στέρεσθαι. καὶ γὰρ ἀρετήν, ἧς κτῆμα μεῖζον οὐδὲν οὐδ' ἥδιον, ἐξισταμένην ὑπὸ νόσων καὶ φαρμάκων ὁρῶμεν, αὐτῷ τε Θαλῇ μὴ γήμαντι πλέον οὐδὲν εἰς ἀφοβίαν, εἰ μὴ καὶ φίλων κτῆσιν ἔφυγε καὶ οἰκείων καὶ πατρίδος. ἀλλὰ καὶ παῖδα θετὸν ἔσχε ποιησάμενος αὐτὸς [3] τὸν τῆς ἀδελφῆς ὥς φασι Κύβισθον. ἐχούσης γάρ τι τῆς ψυχῆς ἀγαπητικὸν ἐν ἑαυτῇ, καὶ πεφυκυίας, ὥσπερ αἰσθάνεσθαι καὶ διανοεῖσθαι καὶ μνημονεύειν, οὕτω καὶ φιλεῖν, ἐνδύεταί τι τούτῳ καὶ προσφύεται τῶν ἐκτὸς οἷς οἰκεῖον οὐδέν ἐστι, καὶ καθάπερ οἶκον ἢ χώραν γνησίων ἔρημον διαδόχων τὸ φιλόστοργον ἀλλότριοι καὶ νόθοι καὶ θεράποντες εἰσοικισάμενοι καὶ καταλαβόντες, ἅμα τῷ φιλεῖν τὸ φροντίζειν καὶ δεδιέναι περὶ αὐτῶν ἐνεποίησαν.

[4] ὥστ' ἴδοις ἂν ἀνθρώπους στερροτέρᾳ τῇ φύσει περὶ γάμου καὶ γενέσεως παίδων διαμαχομένους, εἶτα τοὺς αὐτοὺς ἐπὶ παισὶν οἰκοτρίβων ἢ θρέμμασι παλλακῶν νοσοῦσι καὶ θνῄσκουσι παρατεινομένους πόθῳ καὶ φωνὰς ἀγεννεῖς ἀφιέντας. ἔνιοι δὲ καὶ κυνῶν θανάτῳ καὶ ἵππων αἰσχρῶς καὶ ἀβιώτως ὑπ' ὀδύνης διετέθησαν.

[5] ἀλλ' ἕτεροί γε καὶ παῖδας ἀγαθοὺς ἀπολέσαντες οὐδὲν ἔπαθον δεινὸν οὐδ' ἐποίησαν αἰσχρόν, ἀλλὰ καὶ χρώμενοι τῷ λοιπῷ βίῳ κατὰ λόγον διετέλεσαν. ἀσθένεια γάρ, οὐκ εὔνοια, λύπας ἀπεράντους ἐπάγεται καὶ φόβους ἀνθρώποις ἀνασκήτοις ὑπὸ λόγου πρὸς τύχην, οἷς οὐδ' ἀπόλαυσις ἐγγίνεται τοῦ ποθουμένου παρόντος, τοῦ μέλλοντος ὠδῖνας ἀεὶ καὶ τρόμους καὶ ἀγωνίας, εἰ στερήσονται, παρέχοντος [6] αὐτοῖς. δεῖ δὲ μήτε πενίᾳ πρὸς χρημάτων πεφράχθαι στέρησιν, μήτ' ἀφιλίᾳ πρὸς φίλων ἀποβολήν, μήτ' ἀπαιδίᾳ πρὸς τέκνων θάνατον, ἀλλὰ τῷ λογισμῷ πρὸς πάντα. καὶ ταῦτα μὲν ὡς ἐν τῷ παρόντι πλείονα τῶν ἱκανῶν.

[8] [1] Ἐπεὶ δὲ μακρόν τινα καὶ δυσχερῆ πόλεμον οἱ ἐν ἄστει περὶ τῆς Σαλαμινίων νήσου Μεγαρεῦσι πολεμοῦντες ἐξέκαμον, καὶ νόμον ἔθεντο μήτε γράψαι τινὰ μήτ' εἰπεῖν αὖθις ὡς χρὴ τὴν πόλιν ἀντιποιεῖσθαι τῆς Σαλαμῖνος, ἢ θανάτῳ ζημιοῦσθαι, βαρέως φέρων τὴν ἀδοξίαν ὁ Σόλων, καὶ τῶν νέων ὁρῶν πολλοὺς δεομένους ἀρχῆς ἐπὶ τὸν πόλεμον, αὐτοὺς δὲ μὴ θαρροῦντας ἄρξασθαι διὰ τὸν νόμον, ἐσκήψατο μὲν ἔκστασιν τῶν λογισμῶν, καὶ λόγος εἰς τὴν πόλιν ἐκ τῆς οἰκίας διεδόθη παρακινητικῶς ἔχειν αὐτόν· ἐλεγεῖα δὲ κρύφα συνθεὶς καὶ μελετήσας ὥστε λέγειν ἀπὸ στόματος, ἐξεπήδησεν εἰς [2] τὴν ἀγορὰν ἄφνω, πιλίδιον περιθέμενος. ὄχλου δὲ πολλοῦ συνδραμόντος, ἀναβὰς ἐπὶ τὸν τοῦ κήρυκος λίθον, ἐν ᾠδῇ διεξῆλθε τὴν ἐλεγείαν ἧς ἐστιν ἀρχή (fr. 2 D.)

αὐτὸς κῆρυξ ἦλθον ἀφ’ ἱμερτῆς Σαλαμῖνος,
κόσμον ἐπέων ᾠδὴν ἀντ’ ἀγορῆς θέμενος.

τοῦτο τὸ ποίημα Σαλαμὶς ἐπιγέγραπται καὶ στίχων ἑκατόν [3] ἐστι, χαριέντως πάνυ πεποιημένων. τότε δ’ ᾀσθέντος αὐτοῦ, καὶ τῶν φίλων τοῦ Σόλωνος ἀρξαμένων ἐπαινεῖν, μάλιστα δὲ τοῦ Πεισιστράτου τοῖς πολίταις ἐγκελευομένου καὶ παρορμῶντος πείθεσθαι τῷ λέγοντι, λύσαντες τὸν νόμον αὖθις ἥπτοντο τοῦ πολέμου, προστησάμενοι τὸν Σόλωνα.

[4] Τὰ μὲν οὖν δημώδη τῶν λεγομένων τοιαῦτ’ ἐστιν, ὅτι πλεύσας ἐπὶ Κωλιάδα μετὰ τοῦ Πεισιστράτου, καὶ καταλαβὼν αὐτόθι πάσας τὰς γυναῖκας τῇ Δήμητρι τὴν πάτριον θυσίαν ἐπιτελούσας, ἔπεμψεν ἄνδρα πιστὸν εἰς Σαλαμῖνα προσποιούμενον αὐτόμολον εἶναι, κελεύσοντα τοὺς Μεγαρεῖς, εἰ βούλονται τῶν Ἀθηναίων τὰς πρώτας λαβεῖν γυναῖκας, ἐπὶ Κωλιάδα πλεῖν μετ’ αὐτοῦ τὴν ταχίστην.

[5] ὡς δὲ πεισθέντες οἱ Μεγαρεῖς ἄνδρας ἐξέπεμψαν ἐνόπλους, καὶ κατεῖδεν ὁ Σόλων πλοῖον ἐλαυνόμενον ἀπὸ τῆς νήσου, τὰς μὲν γυναῖκας ἐκποδὼν ἀπελθεῖν ἐκέλευσε, τῶν δὲ νεωτέρων τοὺς μηδέπω γενειῶντας ἐνδύμασι καὶ μίτραις καὶ ὑποδήμασι τοῖς ἐκείνων σκευασαμένους καὶ λαβόντας ἐγχειρίδια κρυπτὰ παίζειν καὶ χορεύειν προσέταξε πρὸς τῇ θαλάττῃ, μέχρι ἂν ἀποβῶσιν οἱ πολέμιοι καὶ γένηται τὸ πλοῖον ὑποχείριον.

[6] οὕτω δὴ τούτων πραττομένων, ὑπαχθέντες οἱ Μεγαρεῖς τῇ ὄψει καὶ προσμείξαντες ἐγγύς, ἐξεπήδων ὡς ἐπὶ γυναῖκας ἁμιλλώμενοι πρὸς ἀλλήλους ......, ὥστε μηδένα διαφυγεῖν, ἀλλὰ πάντας ἀπολέσθαι, καὶ τὴν νῆσον ἐπιπλεύσαντας εὐθὺς ἔχειν τοὺς Ἀθηναίους.

[9] [1] Ἄλλοι δέ φασιν οὐ τοῦτον τὸν τρόπον γενέσθαι τὴν κατάληψιν, ἀλλὰ πρῶτον μὲν αὐτῷ τὸν ἐν Δελφοῖς θεὸν χρῆσαι·

ἀρχηγοὺς χώρας θυσίαις ἥρωας ἐνοίκους
ἵλασο, τοὺς κόλποις Ἀσωπιὰς ἀμφικαλύπτει,
οἳ φθίμενοι δέρκονται ἐς ἠέλιον δύνοντα·

τὸν δὲ Σόλωνα διαπλεύσαντα νυκτὸς εἰς τὴν νῆσον ἐντεμεῖν [2] σφάγια Περιφήμῳ καὶ Κυχρεῖ τοῖς ἥρωσιν. εἶτα παρὰ τῶν Ἀθηναίων ἐθελοντὰς λαβεῖν πεντακοσίους, δόγματος γενομένου τούτους, ἂν κατασχῶσι τὴν νῆσον, [3] κυρίους εἶναι τοῦ πολιτεύματος. ἀναχθέντα δὲ συχναῖς ἁλιάσιν, ἅμα τριακοντόρου συμπλεούσης, ὑφορμίσασθαι τῇ Σαλαμῖνι κατὰ χηλήν τινα πρὸς τὴν †Εὔβοιαν ἀποβλέπουσαν.

[4] πυθομένους δὲ τοὺς ἐν Σαλαμῖνι Μεγαρεῖς ἔκ τινος φήμης οὐδὲν βέβαιον ‹ἐχούσης›, αὐτοὺς μὲν εἰς τὰ ὅπλα θορυβουμένους βαδίζειν, ναῦν δ’ ἀποστεῖλαι κατασκεψομένην τὰ τῶν πολεμίων· ἧς ἐγγὺς ἐλθούσης κρατῆσαι

τὸν Σόλωνα καὶ καθεῖρξαι τοὺς Μεγαρεῖς, [5] ἐμβιβάσαι δὲ τῶν Ἀθηναίων τοὺς κρατίστους, κελεύσαντα πλεῖν ἐπὶ τὴν πόλιν, ὡς ἂν ἐνδέχηται μάλιστα κρύπτοντας ἑαυτούς· ἅμα δὲ τοὺς ἄλλους Ἀθηναίους ἀναλαβόντα πεζῇ συμφέρεσθαι τοῖς Μεγαρεῦσι, καὶ τῆς μάχης ἔτι συνεστώσης, φθάσαι τοὺς ἀπὸ τῆς νεὼς καταλαβόντας [6] τὴν πόλιν. ἔοικε δὲ τῷ λόγῳ τούτῳ καὶ τὰ δρώμενα μαρτυρεῖν. ναῦς γάρ τις Ἀττικὴ προσέπλει σιωπῇ τὸ πρῶτον, εἶτα κραυγῇ καὶ ἀλαλαγμῷ προσφερομένων, εἷς ἀνὴρ ἔνοπλος ἐξαλλόμενος μετὰ βοῆς ἔθει πρὸς [7] ἄκρον τὸ Σκιράδιον ...... ἐκ γῆς προσαγόμενος. πλησίον δὲ τοῦ Ἐνυαλίου τὸ ἱερόν ἐστιν ἱδρυσαμένου Σόλωνος. ἐνίκησε γὰρ τοὺς Μεγαρέας, καὶ ὅσοι μὴ διεφθάρησαν ἐν τῇ μάχῃ, πάντας ὑποσπόνδους ἀφῆκεν.

[10] [1] Οὐ μὴν ἀλλὰ τῶν Μεγαρέων ἐπιμενόντων, πολλὰ κακὰ καὶ δρῶντες ἐν τῷ πολέμῳ καὶ πάσχοντες, ἐποιήσαντο [2] Λακεδαιμονίους διαλλακτὰς καὶ δικαστάς. οἱ μὲν οὖν πολλοὶ τῷ Σόλωνι συναγωνίσασθαι λέγουσι τὴν Ὁμήρου δόξαν· ἐμβαλόντα γὰρ αὐτὸν ἔπος εἰς νεῶν κατάλογον ἐπὶ τῆς δίκης ἀναγνῶναι (Il. 2. 557)·

Αἴας δ’ ἐκ Σαλαμῖνος ἄγεν δυοκαίδεκα νῆας,
στῆσε δ’ ἄγων ἵν’ Ἀθηναίων ἵσταντο φάλαγγες.

[3] αὐτοὶ δ’ Ἀθηναῖοι ταῦτα μὲν οἴονται φλυαρίαν εἶναι, τὸν δὲ Σόλωνά φασιν ἀποδεῖξαι τοῖς δικασταῖς, ὅτι Φιλαῖος καὶ Εὐρυσάκης οἱ Αἴαντος υἱοί, ‹τῆς› Ἀθήνησι πολιτείας μεταλαβόντες, παρέδοσαν τὴν νῆσον αὐτοῖς καὶ κατῴκησαν ὁ μὲν ἐν Βραυρῶνι τῆς Ἀττικῆς, ὁ δ’ ἐν Μελίτῃ, καὶ δῆμον ἐπώνυμον Φιλαίου τὸν Φιλαϊδῶν ἔχουσιν, [4] ὅθεν ἦν Πεισίστρατος. ἔτι δὲ μᾶλλον ἐξελέγξαι τοὺς Μεγαρέας βουλόμενον, ἰσχυρίσασθαι περὶ τῶν νεκρῶν ὡς οὐχ ὃν τρόπον ἐκεῖνοι θάπτουσι κεκηδευμένων, ἀλλ’ ὃν αὐτοί· θάπτουσι δὲ Μεγαρεῖς πρὸς ἕω τοὺς [5] νεκροὺς βλέποντας, Ἀθηναῖοι δὲ πρὸς ἑσπέραν. Ἡρέας δ’ ὁ Μεγαρεὺς (FGrH 486 F 4) ἐνιστάμενος λέγει καὶ Μεγαρεῖς πρὸς ἑσπέραν τετραμμένα τὰ σώματα τῶν νεκρῶν τιθέναι, καὶ μεῖζον ἔτι τούτων· μίαν ἕκαστον Ἀθηναίων ἔχειν θήκην, Μεγαρέων δὲ καὶ τρεῖς καὶ τέτταρας [6] ἐν μιᾷ κεῖσθαι. τῷ μέντοι Σόλωνι καὶ Πυθικούς τινας βοηθῆσαι λέγουσι χρησμούς, ἐν οἷς ὁ θεὸς Ἰαονίαν τὴν Σαλαμῖνα προσηγόρευσε. ταύτην τὴν δίκην ἐδίκασαν Σπαρτιατῶν πέντε ἄνδρες, Κριτολαΐδας, Ἀμομφάρετος, Ὑψιχίδας, Ἀναξίλας, Κλεομένης.

[11] [1] Ἤδη μὲν οὖν καὶ ἀπὸ τούτων ἔνδοξος ἦν ὁ Σόλων καὶ μέγας. ἐθαυμάσθη δὲ καὶ διεβοήθη μᾶλλον ἐν τοῖς Ἕλλησιν εἰπὼν ὑπὲρ τοῦ ἱεροῦ τοῦ ἐν Δελφοῖς, ὡς χρὴ βοηθεῖν καὶ μὴ περιορᾶν Κιρραίους ὑβρίζοντας εἰς τὸ μαντεῖον, ἀλλὰ προσαμύνειν ὑπὲρ τοῦ θεοῦ Δελφοῖς. πεισθέντες γὰρ ὑπ’

ἐκείνου πρὸς τὸν πόλεμον ὥρμησαν οἱ Ἀμφικτύονες, ὡς ἄλλοι τε πολλοὶ μαρτυροῦσι καὶ Ἀριστοτέλης (fr. 572) ἐν τῇ τῶν Πυθιονικῶν ἀναγραφῇ [2] Σόλωνι τὴν γνώμην ἀνατιθείς. οὐ μέντοι στρατηγὸς ἐπὶ τοῦτον ἀπεδείχθη τὸν πόλεμον, ὡς λέγειν φησὶν Ἕρμιππος (FHG III 39) Εὐάνθη τὸν Σάμιον· οὔτε γὰρ Αἰσχίνης ὁ ῥήτωρ τοῦτ' εἴρηκεν, ἔν τε τοῖς τῶν Δελφῶν ὑπομνήμασιν Ἀλκμαίων, οὐ Σόλων, Ἀθηναίων στρατηγὸς ἀναγέγραπται.

[12] [1] Τὸ δὲ Κυλώνειον ἄγος ἤδη μὲν ἐκ πολλοῦ διετάραττε τὴν πόλιν, ἐξ οὗ τοὺς συνωμότας τοῦ Κύλωνος ἱκετεύοντας τὴν θεὸν Μεγακλῆς ὁ ἄρχων ἐπὶ δίκῃ κατελθεῖν ἔπεισεν, ἐξάψαντας δὲ τοῦ ἕδους κρόκην κλωστὴν καὶ ταύτης ἐχομένους, ὡς ἐγένοντο περὶ τὰς Σεμνὰς θεὰς καταβαίνοντες, αὐτομάτως τῆς κρόκης ῥαγείσης, ὥρμησε συλλαμβάνειν ὁ Μεγακλῆς καὶ οἱ συνάρχοντες, ὡς τῆς θεοῦ τὴν ἱκεσίαν ἀπολεγομένης, καὶ τοὺς μὲν ἔξω κατέλευσαν, οἱ δὲ τοῖς βωμοῖς προσφυγόντες ἀπεσφάγησαν, μόνοι δ' ἀφείθησαν οἱ τὰς γυναῖκας αὐτῶν [2] ἱκετεύσαντες. ἐκ τούτου δὲ κληθέντες ἐναγεῖς ἐμισοῦντο, καὶ τῶν Κυλωνείων οἱ περιγενόμενοι πάλιν ἦσαν ἰσχυροί, καὶ στασιάζοντες ἀεὶ διετέλουν πρὸς τοὺς ἀπὸ τοῦ Μεγακλέους.

[3] ἐν δὲ τῷ τότε χρόνῳ τῆς στάσεως ἀκμὴν λαβούσης μάλιστα, καὶ τοῦ δήμου διαστάντος, ἤδη δόξαν ἔχων ὁ Σόλων παρῆλθεν εἰς τὸ μέσον ἅμα τοῖς πρώτοις τῶν Ἀθηναίων, καὶ δεόμενος καὶ διδάσκων ἔπεισε τοὺς ἐναγεῖς λεγομένους δίκην ὑποσχεῖν καὶ κριθῆναι τριακοσίων [4] ἀριστίνδην δικαζόντων. Μύρωνος δὲ τοῦ Φλυέως κατηγοροῦντος ἑάλωσαν οἱ ἄνδρες, καὶ μετέστησαν οἱ ζῶντες, τῶν δ' ἀποθανόντων τοὺς νεκροὺς ἀνορύξαντες ἐξέρριψαν [5] ὑπὲρ τοὺς ὅρους. ταύταις δὲ ταῖς ταραχαῖς καὶ Μεγαρέων συνεπιθεμένων, ἀπέβαλόν τε Νίσαιαν οἱ Ἀθηναῖοι, [6] καὶ Σαλαμῖνος ἐξέπεσον αὖθις, καὶ φόβοι τινὲς ἐκ δεισιδαιμονίας ἅμα καὶ φάσματα κατεῖχε τὴν πόλιν, οἵ τε μάντεις ἄγη καὶ μιασμοὺς δεομένους καθαρμῶν προφαίνεσθαι [7] διὰ τῶν ἱερῶν ἠγόρευον. οὕτω δὴ μετάπεμπτος αὐτοῖς ἧκεν ἐκ Κρήτης Ἐπιμενίδης ὁ Φαίστιος, ὃν ἕβδομον ἐν τοῖς σοφοῖς καταριθμοῦσιν ἔνιοι τῶν οὐ προσιεμένων τὸν Περίανδρον. ἐδόκει δέ τις εἶναι θεοφιλὴς καὶ σοφὸς περὶ τὰ θεῖα τὴν ἐνθουσιαστικὴν καὶ τελεστικὴν σοφίαν· διὸ καὶ παῖδα νύμφης ὄνομα Βλάστης καὶ Κούρητα νέον αὐτὸν οἱ τότ' ἄνθρωποι προσηγόρευον.

[8] ἐλθὼν δὲ καὶ τῷ Σόλωνι χρησάμενος φίλῳ, πολλὰ προϋπειργάσατο καὶ προωδοποίησεν αὐτῷ τῆς νομοθεσίας. καὶ γὰρ εὐσταλεῖς ἐποίησε ταῖς ἱερουργίαις καὶ περὶ τὰ πένθη πρᾳοτέρους, θυσίας τινὰς εὐθὺς ἀναμείξας πρὸς τὰ κήδη, καὶ τὸ σκληρὸν ἀφελὼν καὶ τὸ βαρβαρικόν, [9] ᾧ συνείχοντο πρότερον αἱ πλεῖσται γυναῖκες. τὸ δὲ μέγιστον· ἱλασμοῖς τισι καὶ καθαρμοῖς

καὶ ἱδρύσεσι κατοργιάσας καὶ καθοσιώσας τὴν πόλιν, ὑπήκοον τοῦ δικαίου [10] καὶ μᾶλλον εὐπειθῆ πρὸς ὁμόνοιαν κατέστησε. λέγεται δὲ τὴν Μουνυχίαν ἰδὼν καὶ καταμαθὼν πολὺν χρόνον, εἰπεῖν πρὸς τοὺς παρόντας ὡς τυφλόν ἐστι τοῦ μέλλοντος ἄνθρωπος· ἐκφαγεῖν γὰρ ἂν Ἀθηναίους τοῖς αὑτῶν ὀδοῦσιν, εἰ προῄδεσαν ὅσα τὴν πόλιν ἀνιάσει τὸ χωρίον.

[11] ὅμοιον δέ τι καὶ Θαλῆν εἰκάσαι λέγουσι· κελεῦσαι γὰρ αὐτὸν ἔν τινι τόπῳ τῆς Μιλησίας φαύλῳ καὶ παρορωμένῳ τελευτήσαντα θεῖναι, προειπὼν ὡς ἀγορά ποτε [12] τοῦτο Μιλησίων ἔσται τὸ χωρίον. Ἐπιμενίδης μὲν οὖν μάλιστα θαυμασθείς, καὶ χρήματα διδόντων πολλὰ καὶ τιμὰς μεγάλας τῶν Ἀθηναίων, οὐδὲν ἢ θαλλὸν ἀπὸ τῆς ἱερᾶς ἐλαίας αἰτησάμενος καὶ λαβών, ἀπῆλθεν.

[13] [1] Αἱ δ' Ἀθῆναι τῆς Κυλωνείου διαπεπαυμένης ταραχῆς, καὶ μεθεστώτων ὥσπερ εἴρηται τῶν ἐναγῶν, τὴν παλαιὰν αὖθις στάσιν ὑπὲρ τῆς πολιτείας ἐστασίασαν, ὅσας ἡ χώρα διαφορὰς εἶχεν, εἰς τοσαῦτα μέρη τῆς πόλεως [2] διεστώσης. ἦν γὰρ τὸ μὲν τῶν Διακρίων γένος δημοκρατικώτατον, ὀλιγαρχικώτατον δὲ τὸ τῶν Πεδιέων, τρίτοι δ' οἱ Πάραλοι μέσον τινὰ καὶ μεμειγμένον αἱρούμενοι πολιτείας τρόπον, ἐμποδὼν ἦσαν καὶ διεκώλυον [3] τοὺς ἑτέρους κρατῆσαι. τότε δὲ τῆς τῶν πενήτων πρὸς τοὺς πλουσίους ἀνωμαλίας ὥσπερ ἀκμὴν λαβούσης, παντάπασιν ἐπισφαλῶς ἡ πόλις διέκειτο, καὶ μόνως ἂν ἐδόκει καταστῆναι καὶ παύσασθαι ταραττομένη τυραννίδος [4] γενομένης. ἅπας μὲν γὰρ ὁ δῆμος ἦν ὑπόχρεως τῶν πλουσίων. ἢ γὰρ ἐγεώργουν, ἐκείνοις ἕκτα τῶν γινομένων τελοῦντες, ἑκτημόριοι προσαγορευόμενοι καὶ θῆτες, ἢ χρέα λαμβάνοντες ἐπὶ τοῖς σώμασιν, ἀγώγιμοι τοῖς δανείζουσιν ἦσαν, οἱ μὲν αὐτοῦ δουλεύοντες, οἱ δ' ἐπὶ [5] τὴν ξένην πιπρασκόμενοι. πολλοὶ δὲ καὶ παῖδας ἰδίους ἠναγκάζοντο πωλεῖν - οὐδεὶς γὰρ νόμος ἐκώλυε - καὶ τὴν πόλιν φεύγειν διὰ τὴν χαλεπότητα τῶν δανειστῶν.

[6] οἱ δὲ πλεῖστοι καὶ ῥωμαλεώτατοι συνίσταντο καὶ παρεκάλουν ἀλλήλους μὴ περιορᾶν, ἀλλ' ἑλομένους ἕνα προστάτην ἄνδρα πιστὸν ἀφελέσθαι τοὺς ὑπερημέρους, καὶ τὴν γῆν ἀναδάσασθαι, καὶ ὅλως μεταστῆσαι τὴν πολιτείαν.

[14] [1] Ἐνταῦθα δὴ τῶν Ἀθηναίων οἱ φρονιμώτατοι συνορῶντες τὸν Σόλωνα μόνον ‹ἢ› μάλιστα τῶν ἁμαρτημάτων ἐκτὸς ὄντα, καὶ μήτε τοῖς πλουσίοις κοινωνοῦντα τῆς ἀδικίας, μήτε ταῖς τῶν πενήτων ἀνάγκαις ἐνεχόμενον, ἐδέοντο τοῖς κοινοῖς προσελθεῖν καὶ καταπαῦσαι τὰς [2] διαφοράς. καίτοι Φανίας ὁ Λέσβιος (FHG II 294) αὐτὸν ἱστορεῖ τὸν Σόλωνα, χρησάμενον ἀπάτῃ πρὸς ἀμφοτέρους ἐπὶ σωτηρίᾳ τῆς πόλεως, ὑποσχέσθαι κρύφα τοῖς μὲν ἀπόροις γῆς νέμησιν, τοῖς δὲ χρηματικοῖς βεβαίωσιν [3] τῶν συμβολαίων.

ἀλλ’ αὐτός φησιν ὁ Σόλων ὀκνῶν τὸ πρῶτον ἅψασθαι τῆς πολιτείας, καὶ δεδοικὼς τῶν μὲν τὴν φιλοχρηματίαν, τῶν δὲ τὴν ὑπερηφανίαν. ᾑρέθη δ’ ἄρχων μετὰ Φιλόμβροτον ὁμοῦ καὶ διαλλακτὴς καὶ νομοθέτης, δεξαμένων προθύμως αὐτὸν ὡς μὲν εὔπορον τῶν πλουσίων, ὡς δὲ χρηστὸν τῶν πενήτων.

[4] λέγεται δὲ καὶ φωνή τις αὐτοῦ περιφερομένη, πρότερον εἰπόντος ὡς τὸ ἴσον πόλεμον οὐ ποιεῖ, καὶ τοῖς κτηματικοῖς ἀρέσκειν καὶ τοῖς ἀκτήμοσι, τῶν μὲν ἀξίᾳ καὶ ἀρετῇ, τῶν δὲ μέτρῳ καὶ ἀριθμῷ τὸ ἴσον ἕξειν προσδοκώντων· ὅθεν ἐπ’ ἐλπίδος μεγάλης ἑκατέρων γενομένων, οἱ προϊστάμενοι προσέκειντο τῷ Σόλωνι, τυραννίδα προξενοῦντες καὶ ἀναπείθοντες εὐτολμότερον ἅψασθαι [5] τῆς πόλεως ἐγκρατῆ γενόμενον. πολλοὶ δὲ καὶ τῶν διὰ μέσου πολιτῶν, τὴν ὑπὸ λόγου καὶ νόμου μεταβολὴν ὁρῶντες ἐργώδη καὶ χαλεπὴν οὖσαν, οὐκ ἔφευγον ἕνα τὸν δικαιότατον καὶ φρονιμώτατον ἐπιστῆσαι τοῖς πράγμασιν.

[6] ἔνιοι δέ φασι καὶ μαντείαν γενέσθαι τῷ Σόλωνι Πυθοῖ τοιαύτην (Hendess 90)·

ἧσο μέσην κατὰ νῆα, κυβερνητήριον ἔργον
εὐθύνων· πολλοί τοι Ἀθηναίων ἐπίκουροι.

[7] μάλιστα δ’ οἱ συνήθεις ἐκάκιζον, εἰ διὰ τοὔνομα δυσωπεῖται τὴν μοναρχίαν, ὥσπερ οὐκ ἀρετῇ τοῦ λαβόντος εὐθὺς ἂν βασιλείαν γενομένην, ἢ γεγενημένην πρότερον μὲν Εὐβοεῦσι Τυννώνδαν, νῦν δὲ Μιτυληναίοις Πιττακὸν [8] ἑλομένοις τύραννον. τούτων οὐδὲν ἐξέκρουσε τὸν Σόλωνα τῆς αὑτοῦ προαιρέσεως, ἀλλὰ πρὸς μὲν τοὺς φίλους εἶπεν, ὡς λέγεται, καλὸν μὲν εἶναι τὴν τυραννίδα χωρίον, οὐκ ἔχειν δ’ ἀπόβασιν, πρὸς δὲ Φῶκον ἐν τοῖς ποιήμασι γράφων (fr. 23, 8 D.)·

εἰ δὲ γῆς (φησίν) ἐφεισάμην
πατρίδος, τυραννίδος δὲ καὶ βίης ἀμειλίχου
οὐ καθηψάμην, μιάνας καὶ καταισχύνας κλέος,
οὐδὲν αἰδεῦμαι· πλέον γὰρ ὧδε νικήσειν δοκέω
πάντας ἀνθρώπους.

ὅθεν εὔδηλον ὅτι καὶ πρὸ τῆς νομοθεσίας μεγάλην δόξαν [9] εἶχεν. ἃ δὲ φυγόντος αὐτοῦ τὴν τυραννίδα πολλοὶ καταγελῶντες ἔλεγον, γέγραφεν οὕτως (fr. 23, 1 D.)·

οὐκ ἔφυ Σόλων βαθύφρων οὐδὲ βουλήεις ἀνήρ·
ἐσθλὰ γὰρ θεοῦ διδόντος, αὐτὸς οὐκ ἐδέξατο.
περιβαλὼν δ’ ἄγραν, ἀασθεὶς οὐκ ἐπέσπασεν μέγα
δίκτυον, θυμοῦ θ’ ἁμαρτῇ καὶ φρενῶν ἀποσφαλείς.
ἤθελον γάρ κεν κρατήσας, πλοῦτον ἄφθονον λαβὼν

καὶ τυραννεύσας Ἀθηνῶν μοῦνον ἡμέραν μίαν,

ἀσκὸς ὕστερον δεδάρθαι καὶ ἐπιτετρῖφθαι γένος.

[15] [1] Ταῦτα τοὺς πολλοὺς καὶ φαύλους περὶ αὐτοῦ πεποίηκε λέγοντας. οὐ μὴν ἀπωσάμενός γε τὴν τυραννίδα τὸν πρᾳότατον ἐχρήσατο τρόπον τοῖς πράγμασιν, οὐδὲ μαλακῶς οὐδ' ὑπείκων τοῖς δυναμένοις οὐδὲ πρὸς ἡδονὴν τῶν ἑλομένων ἔθετο τοὺς νόμους· ἀλλ' ᾗ μὲν ἀρεστὸν ἦν, οὐκ ἐπήγαγεν ἰατρείαν οὐδὲ καινοτομίαν, φοβηθεὶς μὴ 'συγχέας παντάπασι καὶ ταράξας τὴν πόλιν, ἀσθενέστερος γένηται τοῦ καταστῆσαι πάλιν' (fr. 23, 13 D.) καὶ διαρμόσασθαι πρὸς τὸ ἄριστον· ἃ δὲ καὶ λέγων ἤλπιζε πειθομένοις καὶ προσάγων ἀνάγκην ὑπομένουσι χρήσεσθαι, ταῦτ' ἔπραττεν, ὥς φησιν αὐτός (fr. 24, 16 D.)·

ὁμοῦ βίην τε καὶ δίκην συναρμόσας.

[2] Ὅθεν ὕστερον ἐρωτηθείς, εἰ τοὺς ἀρίστους Ἀθηναίοις νόμους ἔγραψεν, 'ὧν ἄν' ἔφη 'προσεδέξαντο τοὺς ἀρίστους.' ἃ δ' οὖν οἱ νεώτεροι τοὺς Ἀθηναίους λέγουσι τὰς τῶν πραγμάτων δυσχερείας ὀνόμασι χρηστοῖς καὶ φιλανθρώποις ἐπικαλύπτοντας ἀστείως ὑποκορίζεσθαι, τὰς μὲν πόρνας ἑταίρας, τοὺς δὲ φόρους συντάξεις, φυλακὰς δὲ τὰς φρουρὰς τῶν πόλεων, οἴκημα δὲ τὸ δεσμωτήριον καλοῦντας, πρώτου Σόλωνος ἦν ὡς ἔοικε σόφισμα, τὴν τῶν χρεῶν ἀποκοπὴν σεισάχθειαν ὀνομάσαντος. τοῦτο γὰρ ἐποιήσατο πρῶτον πολίτευμα, γράψας τὰ μὲν ὑπάρχοντα τῶν χρεῶν ἀνεῖσθαι, πρὸς δὲ τὸ λοιπὸν ἐπὶ [3] τοῖς σώμασι μηδένα δανείζειν. καίτοι τινὲς ἔγραψαν, ὧν ἐστιν Ἀνδροτίων (FGrH 324 F 34), οὐκ ἀποκοπῇ χρεῶν, ἀλλὰ τόκων μετριότητι κουφισθέντας ἀγαπῆσαι τοὺς πένητας, καὶ σεισάχθειαν ὀνομάσαι τὸ φιλανθρώπευμα τοῦτο καὶ τὴν ἅμα τούτῳ γενομένην τῶν τε μέτρων ἐπαύξησιν [4] καὶ τοῦ νομίσματος τιμῆς. ἑκατὸν γὰρ ἐποίησε δραχμῶν τὴν μνᾶν, πρότερον ἑβδομήκοντα καὶ τριῶν οὖσαν, ὥστ' ἀριθμῷ μὲν ἴσον, δυνάμει δ' ἔλαττον ἀποδιδόντων, ὠφελεῖσθαι μὲν τοὺς ἐκτίνοντας μεγάλα, μηδὲν [5] δὲ βλάπτεσθαι τοὺς κομιζομένους. οἱ δὲ πλεῖστοι πάντων ὁμοῦ φασι τῶν συμβολαίων ἀναίρεσιν γενέσθαι τὴν σεισάχθειαν, καὶ τούτοις συνᾴδει μᾶλλον τὰ ποιήματα.

[6] σεμνύνεται γὰρ ὁ Σόλων ἐν τούτοις, ὅτι τῆς θ' ὑποκειμένης γῆς (fr. 24, 6 D.)·

ὅρους ἀνεῖλε πολλαχῇ πεπηγότας·

πρόσθεν δὲ δουλεύουσα, νῦν ἐλευθέρα,

καὶ τῶν ἀγωγίμων πρὸς ἀργύριον γεγονότων πολιτῶν τοὺς μὲν ἀνήγαγεν ἀπὸ ξένης (fr. 24, 11 D.),

γλῶσσαν οὐκέτ' Ἀττικὴν

ἱέντας ὡς ἂν πολλαχῇ πλανωμένους·
τοὺς δ' ἐνθάδ' αὐτοῦ δουλίην ἀεικέα
ἔχοντας

[7] ἐλευθέρους φησὶ ποιήσασθαι. πρᾶγμα δ' αὐτῷ συμπεσεῖν λέγεται πάντων ἀνιαρότατον ἀπὸ τῆς πράξεως ἐκείνης. ὡς γὰρ ὥρμησεν ἀνιέναι τὰ χρέα καὶ λόγους ἁρμόττοντας ἐζήτει καὶ πρέπουσαν ἀρχήν, ἐκοινώσατο τῶν φίλων οἷς μάλιστα πιστεύων καὶ χρώμενος ἐτύγχανε, τοῖς περὶ Κόνωνα καὶ Κλεινίαν καὶ Ἱππόνικον, ὅτι γῆν μὲν οὐ [8] μέλλει κινεῖν, χρεῶν δὲ ποιεῖν ἀποκοπὰς ἔγνωκεν. οἱ δὲ προλαβόντες εὐθὺς καὶ φθάσαντες, ἐδανείσαντο συχνὸν ἀργύριον παρὰ τῶν πλουσίων, καὶ μεγάλας συνωνήσαντο χώρας. εἶτα τοῦ δόγματος ἐξενεχθέντος, τὰ μὲν κτήματα καρπούμενοι, τὰ δὲ χρήματα τοῖς δανείσασιν οὐκ ἀποδιδόντες, εἰς αἰτίαν τὸν Σόλωνα μεγάλην καὶ διαβολὴν ὥσπερ οὐ συναδικούμενον, ἀλλὰ συναδικοῦντα κατέστησαν.

[9] ἀλλὰ τοῦτο μὲν εὐθὺς ἐλύθη τὸ ἔγκλημα τοῖς πέντε ταλάντοις· τοσαῦτα γὰρ εὑρέθη δανείζων, καὶ ταῦτα πρῶτος ἀφῆκε κατὰ τὸν νόμον. ἔνιοι δὲ πεντεκαίδεκα λέγουσιν, ὧν καὶ Πολύζηλος ὁ Ῥόδιός (FGrH 521 F 8) ἐστι. τοὺς μέντοι φίλους αὐτοῦ χρεοκοπίδας καλοῦντες διετέλεσαν.

[16] [1] Ἤρεσε δ' οὐδετέροις, ἀλλ' ἐλύπησε καὶ τοὺς πλουσίους ἀνελὼν τὰ συμβόλαια, καὶ μᾶλλον ἔτι τοὺς πένητας, ὅτι γῆς ἀναδασμὸν οὐκ ἐποίησεν ἐλπίσασιν αὐτοῖς, οὐδὲ παντάπασιν ὥσπερ ὁ Λυκοῦργος ὁμαλοὺς τοῖς βίοις [2] καὶ ἴσους κατέστησεν. ἀλλ' ἐκεῖνος μὲν ἑνδέκατος ὢν ἀφ' Ἡρακλέους καὶ βεβασιλευκὼς ἔτη πολλὰ τῆς Λακεδαίμονος, ἀξίωμα μέγα καὶ φίλους καὶ δύναμιν οἷς ἔγνω καλῶς περὶ τῆς πολιτείας ὑπηρετοῦσαν εἶχε, καὶ βίᾳ μᾶλλον ἢ πειθοῖ χρησάμενος, ὥστε καὶ τὸν ὀφθαλμὸν ἐκκοπῆναι, κατειργάσατο τὸ μέγιστον εἰς σωτηρίαν πόλεως καὶ ὁμόνοιαν, μηδένα πένητα μηδὲ πλούσιον εἶναι τῶν πολιτῶν· Σόλων δὲ τούτου μὲν οὐκ ἐφίκετο τῇ πολιτείᾳ, δημοτικὸς ὢν καὶ μέσος, ἐνδεέστερον δὲ τῆς ὑπαρχούσης δυνάμεως οὐδὲν ἔπραξεν, ὁρμώμενος ἐκ μόνου τοῦ ‹εὖ› βουλεύεσθαι καὶ πιστεύειν αὐτῷ τοὺς [3] πολίτας. ὅτι δ' οὖν προσέκρουσε τοῖς πλείστοις ἕτερα προσδοκήσασιν, αὐτὸς εἴρηκε περὶ αὐτῶν, ὡς (fr. 23, 16 D.)

χαῦνα μὲν τότ' ἐφράσαντο, νῦν δέ μοι χολούμενοι
λοξὸν ὀφθαλμοῖς ὁρῶσι πάντες ὥστε δήιον.

[4] καίτοι φησίν, ὡς εἴ τις ἄλλος ἔσχε τὴν αὐτὴν δύναμιν, (fr. 25, 6 D.)

οὔτ' ἂν κατέσχε δῆμον οὔτ' ἐπαύσατο,
πρὶν ἂν ταράξας πῖαρ ἐξέλῃ γάλα.

ταχὺ μέντοι τοῦ συμφέροντος αἰσθόμενοι καὶ τὰς ἰδίας [5] αὐτῶν μέμψεις ἀφέντες, ἔθυσάν τε κοινῇ, Σεισάχθεια τὴν θυσίαν ὀνομάσαντες, καὶ τὸν

Σόλωνα τῆς πολιτείας διορθωτὴν καὶ νομοθέτην ἀπέδειξαν, οὐ τὰ μέν, τὰ δ’ οὐχί, πάντα δ’ ὁμαλῶς ἐπιτρέψαντες, ἀρχάς, ἐκκλησίας, δικαστήρια, βουλάς, καὶ τίμημα τούτων ἑκάστου καὶ ἀριθμὸν καὶ καιρὸν ὁρίσαι, λύοντα καὶ φυλάττοντα τῶν ὑπαρχόντων καὶ καθεστώτων ὅ τι δοκοίη.

[17] [1] Πρῶτον μὲν οὖν τοὺς Δράκοντος νόμους ἀνεῖλε πλὴν τῶν φονικῶν ἅπαντας διὰ τὴν χαλεπότητα καὶ τὸ [2] μέγεθος τῶν ἐπιτιμίων. μία γὰρ ὀλίγου δεῖν ἅπασιν ὥριστο ζημία τοῖς ἁμαρτάνουσι θάνατος, ὥστε καὶ τοὺς ἀργίας ἁλόντας ἀποθνῄσκειν, καὶ τοὺς λάχανα κλέψαντας ἢ ὀπώραν ὁμοίως κολάζεσθαι τοῖς ἱεροσύλοις καὶ ἀνδροφόνοις.

[3] διὸ Δημάδης (II p. 443 M.) ὕστερον εὐδοκίμησεν εἰπών, ὅτι δι’ αἵματος, οὐ διὰ μέλανος, τοὺς νόμους ὁ [4] Δράκων ἔγραψεν. αὐτὸς δ’ ἐκεῖνος ὥς φασιν ἐρωτώμενος, διὰ τί τοῖς πλείστοις ἀδικήμασι ζημίαν ἔταξε θάνατον, ἀπεκρίνατο, τὰ μὲν μικρὰ ταύτης ἄξια νομίζειν, τοῖς δὲ μεγάλοις οὐκ ἔχειν μείζονα.

[18] [1] Δεύτερον δὲ Σόλων τὰς μὲν ἀρχὰς ἁπάσας ὥσπερ ἦσαν τοῖς εὐπόροις ἀπολιπεῖν βουλόμενος, τὴν δ’ ἄλλην μεῖξαι πολιτείαν, ἧς ὁ δῆμος οὐ μετεῖχεν, ἔλαβε τὰ τιμήματα τῶν πολιτῶν, καὶ τοὺς μὲν ἐν ξηροῖς ὁμοῦ καὶ ὑγροῖς μέτρα πεντακόσια ποιοῦντας πρώτους ἔταξε καὶ πεντακοσιομεδίμνους προσηγόρευσε· δευτέρους δὲ τοὺς ἵππον τρέφειν δυναμένους ἢ μέτρα ποιεῖν τριακόσια, καὶ τούτους ἱππάδα τελοῦντας ἐκάλουν· ζευγῖται δ’ οἱ τοῦ τρίτου τιμήματος ὠνομάσθησαν, ὃ μέτρων ἦν συναμφοτέρων [2] διακοσίων. οἱ δὲ λοιποὶ πάντες ἐκαλοῦντο θῆτες, οἷς οὐδεμίαν ἄρχειν ἔδωκεν ἀρχήν, ἀλλὰ τῷ συνεκκλησιάζειν [3] καὶ δικάζειν μόνον μετεῖχον τῆς πολιτείας. ὃ κατ’ ἀρχὰς μὲν οὐδέν, ὕστερον δὲ παμμέγεθες ἐφάνη· τὰ γὰρ πλεῖστα τῶν διαφόρων ἐνέπιπτεν εἰς τοὺς δικαστάς· καὶ γὰρ ὅσα ταῖς ἀρχαῖς ἔταξε κρίνειν, ὁμοίως καὶ περὶ ἐκείνων εἰς τὸ δικαστήριον ἐφέσεις ἔδωκε τοῖς [4] βουλομένοις. λέγεται δὲ καὶ τοὺς νόμους ἀσαφέστερον γράψας καὶ πολλὰς ἀντιλήψεις ἔχοντας αὐξῆσαι τὴν τῶν δικαστηρίων ἰσχύν. μὴ δυναμένους γὰρ ὑπὸ τῶν νόμων διαλυθῆναι περὶ ὧν διεφέροντο, συνέβαινεν ἀεὶ δεῖσθαι δικαστῶν καὶ πᾶν ἄγειν ἀμφισβήτημα πρὸς ἐκείνους, [5] τρόπον τινὰ τῶν νόμων κυρίους ὄντας. ἐπισημαίνεται δ’ αὐτὸς αὑτῷ τὴν ἀξίωσιν οὕτως (fr. 5 D.)·

δήμῳ μὲν γὰρ ἔδωκα τόσον κράτος ὅσσον ἀπαρκεῖ,
τιμῆς οὔτ’ ἀφελὼν οὔτ’ ἐπορεξάμενος·
οἳ δ’ εἶχον δύναμιν καὶ χρήμασιν ἦσαν ἀγητοί,
καὶ τοῖς ἐφρασάμην μηδὲν ἀεικὲς ἔχειν.
ἔστην δ’ ἀμφιβαλὼν κρατερὸν σάκος ἀμφοτέροισι,
νικᾶν δ’ οὐκ εἴασ’ οὐδετέρους ἀδίκως.

[6] ἔτι μέντοι μᾶλλον οἰόμενος δεῖν ἐπαρκεῖν τῇ τῶν πολλῶν ἀσθενείᾳ, παντὶ λαβεῖν δίκην ὑπὲρ τοῦ κακῶς πεπονθότος ἔδωκε. καὶ γὰρ καὶ πληγέντος ἑτέρου καὶ βιασθέντος ἢ βλαβέντος, ἐξῆν τῷ δυναμένῳ καὶ βουλομένῳ γράφεσθαι τὸν ἀδικοῦντα καὶ διώκειν, ὀρθῶς ἐθίζοντος τοῦ νομοθέτου τοὺς πολίτας ὥσπερ ἑνὸς μέρη ‹σώματος› [7] συναισθάνεσθαι καὶ συναλγεῖν ἀλλήλοις. τούτῳ δὲ τῷ νόμῳ συμφωνοῦντα λόγον αὐτοῦ διαμνημονεύουσιν. ἐρωτηθεὶς γὰρ ὡς ἔοικεν ἥτις οἰκεῖται κάλλιστα τῶν πόλεων, ἐκείνην εἶπεν ἐν ᾗ τῶν ἀδικουμένων οὐχ ἧττον οἱ μὴ ἀδικούμενοι προβάλλονται καὶ κολάζουσι τοὺς ἀδικοῦντας.

[19] [1] Συστησάμενος δὲ τὴν ἐν Ἀρείῳ πάγῳ βουλὴν ἐκ τῶν κατ’ ἐνιαυτὸν ἀρχόντων, ἧς διὰ τὸ ἄρξαι καὶ αὐτὸς μετεῖχεν, ἔτι δ’ ὁρῶν τὸν δῆμον οἰδοῦντα καὶ θρασυνόμενον τῇ τῶν χρεῶν ἀφέσει, δευτέραν προσκατένειμε βουλήν, ἀπὸ φυλῆς ἑκάστης (τεσσάρων οὐσῶν) ἑκατὸν ἄνδρας ἐπιλεξάμενος, οὓς προβουλεύειν ἔταξε τοῦ δήμου καὶ μηδὲν ἐᾶν ἀπροβούλευτον εἰς ἐκκλησίαν εἰσφέρεσθαι.

[2] τὴν δ’ ἄνω βουλὴν ἐπίσκοπον πάντων καὶ φύλακα τῶν νόμων ἐκάθισεν, οἰόμενος ἐπὶ δυσὶ βουλαῖς ὥσπερ ἀγκύραις ὁρμοῦσαν, ἧττον ἐν σάλῳ τὴν πόλιν ἔσεσθαι καὶ [3] μᾶλλον ἀτρεμοῦντα τὸν δῆμον παρέξειν. οἱ μὲν οὖν πλεῖστοι τὴν ἐξ Ἀρείου πάγου βουλήν, ὥσπερ εἴρηται, Σόλωνα συστήσασθαί φασι, καὶ μαρτυρεῖν αὐτοῖς δοκεῖ μάλιστα τὸ μηδαμοῦ τὸν Δράκοντα λέγειν μηδ’ ὀνομάζειν Ἀρεοπαγίτας, ἀλλὰ τοῖς ἐφέταις ἀεὶ διαλέγεσθαι [4] περὶ τῶν φονικῶν. ὁ δὲ τρισκαιδέκατος ἄξων τοῦ Σόλωνος τὸν ὄγδοον ἔχει τῶν νόμων οὕτως αὐτοῖς ὀνόμασι γεγραμμένον· ‘ἀτίμων ὅσοι ἄτιμοι ἦσαν πρὶν ἢ Σόλωνα ἄρξαι, ἐπιτίμους εἶναι, πλὴν ὅσοι ἐξ Ἀρείου πάγου ἢ ὅσοι ἐκ τῶν ἐφετῶν ἢ ἐκ πρυτανείου καταδικασθέντες ὑπὸ τῶν βασιλέων ἐπὶ φόνῳ ἢ σφαγαῖσιν ἢ [5] ἐπὶ τυραννίδι ἔφευγον ὅτε ὁ θεσμὸς ἐφάνη ὅδε.’ ταῦτα δὴ πάλιν ὡς πρὸ τῆς Σόλωνος ἀρχῆς καὶ νομοθεσίας τὴν ἐξ Ἀρείου πάγου βουλὴν οὖσαν ἐνδείκνυται. τίνες γὰρ ἦσαν οἱ πρὸ Σόλωνος ἐν Ἀρείῳ πάγῳ καταδικασθέντες, εἰ πρῶτος Σόλων ἔδωκε τῇ ἐξ Ἀρείου πάγου βουλῇ τὸ κρίνειν; εἰ μὴ νὴ Δία γέγονέ τις ἀσάφεια τοῦ γράμματος ἢ ἔκλειψις, ὥστε τοὺς ἡλωκότας ἐπ’ αἰτίαις αἷς κρίνουσι νῦν Ἀρεοπαγῖται καὶ ἐφέται καὶ πρυτάνεις [ὅτε ὁ θεσμὸς ἐφάνη ὅδε], μένειν ἀτίμους, τῶν ἄλλων ἐπιτίμων γενομένων. ταῦτα μὲν οὖν καὶ αὐτὸς ἐπισκόπει.

[20] [1] Τῶν δ’ ἄλλων αὐτοῦ νόμων ἴδιος μὲν μάλιστα καὶ παράδοξος ὁ κελεύων ἄτιμον εἶναι τὸν ἐν στάσει μηδετέρας μερίδος γενόμενον. βούλεται δ’ ὡς ἔοικε μὴ ἀπαθῶς μηδ’ ἀναισθήτως ἔχειν πρὸς τὸ κοινόν, ἐν ἀσφαλεῖ τιθέμενον τὰ οἰκεῖα καὶ τῷ μὴ συναλγεῖν μηδὲ συννοσεῖν τῇ πατρίδι

καλλωπιζόμενον, ἀλλ’ αὐτόθεν τοῖς τὰ βελτίω καὶ δικαιότερα πράττουσι προσθέμενον συγκινδυνεύειν καὶ βοηθεῖν μᾶλλον ἢ περιμένειν ἀκινδύνως τὰ τῶν κρατούντων.

[2] Ἄτοπος δὲ δοκεῖ καὶ γελοῖος ὁ τῇ ἐπικλήρῳ διδούς, ἂν ὁ κρατῶν καὶ κύριος γεγονὼς κατὰ τὸν νόμον αὐτὸς μὴ δυνατὸς ᾖ πλησιάζειν, ὑπὸ τῶν ἔγγιστα τοῦ ἀνδρὸς ὀπύεσθαι. καὶ τοῦτο δ’ ὀρθῶς ἔχειν τινές φασι πρὸς τοὺς μὴ δυναμένους συνεῖναι, χρημάτων δ’ ἕνεκα λαμβάνοντας ἐπικλήρους καὶ τῷ νόμῳ καταβιαζομένους τὴν [3] φύσιν. ὁρῶντες γὰρ ᾧ βούλεται τὴν ἐπίκληρον συνοῦσαν, ἢ προήσονται τὸν γάμον, ἢ μετ’ αἰσχύνης καθέξουσι, φιλοπλουτίας καὶ ὕβρεως δίκην διδόντες. εὖ δ’ ἔχει καὶ τὸ μὴ πᾶσιν, ἀλλὰ τῶν συγγενῶν τοῦ ἀνδρὸς ᾧ βούλεται διαλέγεσθαι τὴν ἐπίκληρον, ὅπως οἰκεῖον ᾖ καὶ μετέχον [4] τοῦ γένους τὸ τικτόμενον. εἰς τοῦτο δὲ συντελεῖ καὶ τὸ τὴν νύμφην τῷ νυμφίῳ συγκαθείργνυσθαι μήλου κυδωνίου [συγ]κατατραγοῦσαν, καὶ τὸ τρὶς ἑκάστου μηνὸς [5] ἐντυγχάνειν πάντως τῇ ἐπικλήρῳ τὸν λαβόντα. καὶ γὰρ εἰ μὴ γένοιντο παῖδες, ἀλλὰ τιμή τις ἀνδρὸς αὕτη πρὸς σώφρονα γυναῖκα καὶ φιλοφροσύνη, πολλὰ τῶν συλλεγομένων ἑκάστοτε δυσχερῶν ἀφαιροῦσα καὶ ταῖς διαφοραῖς [6] οὐκ ἐῶσα παντάπασιν ἀποστραφῆναι. τῶν δ’ ἄλλων γάμων ἀφεῖλε τὰς φερνάς, ἱμάτια τρία καὶ σκεύη μικροῦ τιμήματος ἄξια κελεύσας, ἕτερον δὲ μηδέν, ἐπιφέρεσθαι τὴν γαμουμένην. οὐ γὰρ ἐβούλετο μισθοφόρον οὐδ’ ὤνιον εἶναι τὸν γάμον, ἀλλ’ ἐπὶ τεκνώσει καὶ χάριτι καὶ φιλότητι γίνεσθαι τὸν ἀνδρὸς καὶ γυναικὸς συνοικισμόν.

[7] ὁ μὲν γὰρ Διονύσιος, ἀξιούσης τῆς μητρὸς αὐτοῦ δοθῆναί τινι τῶν πολιτῶν πρὸς γάμον, ἔφη τοὺς μὲν τῆς πόλεως νόμους λελυκέναι τυραννῶν, τοὺς δὲ τῆς φύσεως οὐκ εἶναι δυνατὸς βιάζεσθαι, γάμους νυμφαγωγῶν παρ’ ἡλικίαν· ἐν δὲ ταῖς πόλεσι τὴν ἀταξίαν ταύτην οὐ δοτέον, οὐδὲ περιοπτέον ἀώρους καὶ ἀχαρίστους ἐπιπλοκὰς καὶ μηδὲν ἔργον γαμήλιον ἐχούσας μηδὲ τέλος, [8] ἀλλὰ γέροντι νέαν ἀγομένῳ φαίη τις ἂν ἐμμελὴς ἄρχων ἢ νομοθέτης τὸ πρὸς τὸν Φιλοκτήτην (fr. adesp. 10 N^2),

εὖ γοῦν ὡς γαμεῖν ἔχεις τάλας,

καὶ νέον ἐν δωματίῳ πλουσίας πρεσβύτιδος ὥσπερ οἱ πέρδικες ἀπὸ συνουσίας παχυνόμενον ἐξανευρὼν μετοικίσειε πρὸς παρθένον νύμφην ἀνδρὸς δεομένην. ταῦτα μὲν οὖν περὶ τούτων.

[21] [1] Ἐπαινεῖται δὲ τοῦ Σόλωνος καὶ ὁ κωλύων νόμος τὸν τεθνηκότα κακῶς ἀγορεύειν. καὶ γὰρ ὅσιον τοὺς μεθεστῶτας ἱεροὺς νομίζειν, καὶ δίκαιον ἀπέχεσθαι τῶν οὐχ ὑπαρχόντων, καὶ πολιτικὸν ἀφαιρεῖν τῆς ἔχθρας τὸ [2] ἀίδιον. ζῶντα δὲ κακῶς λέγειν ἐκώλυσε πρὸς ἱεροῖς καὶ δικαστηρίοις

καὶ ἀρχείοις καὶ θεωρίας οὔσης ἀγώνων, ἢ τρεῖς δραχμὰς τῷ ἰδιώτῃ, δύο δ’ ἄλλας ἀποτίνειν εἰς τὸ δημόσιον ἔταξε. τὸ γὰρ μηδαμοῦ κρατεῖν ὀργῆς ἀπαίδευτον καὶ ἀκόλαστον, τὸ δὲ πανταχοῦ χαλεπόν, ἐνίοις δ’ ἀδύνατον· δεῖ δὲ πρὸς τὸ δυνατὸν γράφεσθαι τὸν νόμον, εἰ βούλεται χρησίμως ὀλίγους, ἀλλὰ μὴ πολλοὺς ἀχρήστως κολάζειν.

[3] Εὐδοκίμησε δὲ καὶ τῷ περὶ διαθηκῶν νόμῳ. πρότερον γὰρ οὐκ ἐξῆν, ἀλλ’ ἐν τῷ γένει τοῦ τεθνηκότος ἔδει τὰ χρήματα καὶ τὸν οἶκον καταμένειν· ὁ δ’ ᾧ βούλεταί τις ἐπιτρέψας, εἰ μὴ παῖδες εἶεν αὐτῷ, δοῦναι τὰ αὑτοῦ, φιλίαν τε συγγενείας ἐτίμησε μᾶλλον καὶ χάριν ἀνάγκης, [4] καὶ τὰ χρήματα κτήματα τῶν ἐχόντων ἐποίησεν. οὐ μὴν ἀνέδην γε πάλιν οὐδ’ ἁπλῶς τὰς δόσεις ἐφῆκεν, ἀλλ’ εἰ μὴ νόσων οὕνεκεν ἢ φαρμάκων ἢ δεσμῶν ἢ ἀνάγκῃ κατασχεθεὶς ἢ γυναικὶ πειθόμενος, εὖ πάνυ καὶ προσηκόντως τὸ πεισθῆναι παρὰ τὸ βέλτιστον οὐδὲν ἡγούμενος τοῦ βιασθῆναι διαφέρειν, ἀλλ’ εἰς ταὐτὸ τὴν ἀπάτην τῇ ἀνάγκῃ καὶ τῷ πόνῳ τὴν ἡδονὴν θέμενος, ὡς οὐχ ἧττον ἐκστῆσαι λογισμὸν ἀνθρώπου δυναμένων.

[5] Ἐπέστησε δὲ καὶ ταῖς ἐξόδοις τῶν γυναικῶν καὶ τοῖς πένθεσι καὶ ταῖς ἑορταῖς νόμον ἀπείργοντα τὸ ἄτακτον καὶ ἀκόλαστον, ἐξιέναι μὲν ἱματίων τριῶν μὴ πλέον ἔχουσαν κελεύσας, μηδὲ βρωτὸν ἢ ποτὸν πλείονος ἢ ὀβολοῦ φερομένην, μηδὲ κάνητα πηχυαίου μείζονα, μηδὲ νύκτωρ πορεύεσθαι πλὴν ἁμάξῃ κομιζομένην λύχνου προφαίνοντος.

[6] ἀμυχὰς δὲ κοπτομένων καὶ τὸ θρηνεῖν πεποιημένα καὶ τὸ κωκύειν ἄλλον ἐν ταφαῖς ἑτέρων ἀφεῖλεν. ἐναγίζειν δὲ βοῦν οὐκ εἴασεν, οὐδὲ συντιθέναι πλέον ἱματίων τριῶν, οὐδ’ ἐπ’ ἀλλότρια μνήματα βαδίζειν χωρὶς ἐκκομιδῆς.

[7] ὧν τὰ πλεῖστα κἀν τοῖς ἡμετέροις νόμοις ἀπηγόρευται· πρόσκειται δὲ τοῖς ἡμετέροις ζημιοῦσθαι τοὺς τὰ τοιαῦτα ποιοῦντας ὑπὸ τῶν γυναικονόμων, ὡς ἀνάνδροις καὶ γυναικώδεσι τοῖς περὶ τὰ πένθη πάθεσι καὶ ἁμαρτήμασιν ἐνεχομένους.

[22] [1] Ὁρῶν δὲ τὸ μὲν ἄστυ πιμπλάμενον ἀνθρώπων ἀεὶ συρρεόντων πανταχόθεν ἐπ’ ἀδείας εἰς τὴν Ἀττικήν, τὰ δὲ πλεῖστα τῆς χώρας ἀγεννῆ καὶ φαῦλα, τοὺς δὲ χρωμένους τῇ θαλάττῃ μηδὲν εἰωθότας εἰσάγειν τοῖς μηδὲν ἔχουσιν ἀντιδοῦναι, πρὸς τὰς τέχνας ἔτρεψε τοὺς πολίτας, καὶ νόμον ἔγραψεν, υἱῷ τρέφειν πατέρα μὴ διδαξάμενον [2] τέχνην ἐπάναγκες μὴ εἶναι. τῷ μὲν γὰρ Λυκούργῳ καὶ πόλιν οἰκοῦντι καθαρὰν ὄχλου ξενικοῦ καὶ χώραν κεκτημένῳ

πολλοῖσι πολλήν, δὶς τόσοις δὲ πλείονα

κατ’ Εὐριπίδην (fr. 995 N^2), καὶ τὸ μέγιστον, εἱλωτικοῦ πλήθους, ὃ βέλτιον ἦν μὴ σχολάζειν, ἀλλὰ τριβόμενον ἀεὶ καὶ πονοῦν ταπεινοῦσθαι, περικεχυμένου τῇ Λακεδαίμονι, καλῶς εἶχεν ἀσχολιῶν ἐπιπόνων καὶ βαναύσων ἀπαλλάξαντα τοὺς πολίτας συνέχειν ἐν τοῖς ὅπλοις, μίαν [3] τέχνην ταύτην ἐκμανθάνοντας καὶ ἀσκοῦντας. Σόλων δὲ τοῖς πράγμασι τοὺς νόμους μᾶλλον ἢ τὰ πράγματα τοῖς νόμοις προσαρμόζων, καὶ τῆς χώρας τὴν φύσιν ὁρῶν γλίσχρως τοῖς γεωργοῦσι διαρκοῦσαν, ἀργὸν δὲ καὶ σχολαστὴν ὄχλον οὐ δυναμένην τρέφειν, ταῖς τέχναις ἀξίωμα περιέθηκε, καὶ τὴν ἐξ Ἀρείου πάγου βουλὴν ἔταξεν ἐπισκοπεῖν ὅθεν ἕκαστος ἔχει τὰ ἐπιτήδεια, καὶ τοὺς ἀργοὺς [4] κολάζειν. ἐκεῖνο δ’ ἤδη σφοδρότερον, τὸ μηδὲ τοῖς ἐξ ἑταίρας γενομένοις ἐπάναγκες εἶναι τοὺς πατέρας τρέφειν, ὡς Ἡρακλείδης ἱστόρηκεν ὁ Ποντικός (fr. 146 Wehrli). ὁ γὰρ ἐν γάμῳ παρορῶν τὸ καλὸν οὐ τέκνων ἕνεκα δῆλός ἐστιν, ἀλλ’ ἡδονῆς ἀγόμενος γυναῖκα, τόν τε μισθὸν ἀπέχει, καὶ παρρησίαν αὑτῷ πρὸς τοὺς γενομένους οὐκ ἀπολέλοιπεν, οἷς αὐτὸ τὸ γενέσθαι πεποίηκεν ὄνειδος.

[23] [1] Ὅλως δὲ πλείστην ἔχειν ἀτοπίαν οἱ περὶ τῶν γυναικῶν νόμοι τῷ Σόλωνι δοκοῦσι. μοιχὸν μὲν γὰρ ἀνελεῖν τῷ λαβόντι δέδωκεν· ἐὰν δ’ ἁρπάσῃ τις ἐλευθέραν γυναῖκα καὶ βιάσηται, ζημίαν ἑκατὸν δραχμὰς ἔταξε, κἂν προαγωγεύῃ, δραχμὰς εἴκοσι, πλὴν ὅσαι πεφασμένως πωλοῦνται, λέγων τὰς ἑταίρας· αὗται γὰρ ἐμφανῶς φοιτῶσι [2] πρὸς τοὺς διδόντας. ἔτι δ’ οὔτε θυγατέρας πωλεῖν οὔτ’ ἀδελφὰς δίδωσι, πλὴν ἂν μὴ λάβῃ παρθένον ἀνδρὶ συγγεγενημένην. τὸ δ’ αὐτὸ πρᾶγμα ποτὲ μὲν πικρῶς καὶ ἀπαραιτήτως κολάζειν, ποτὲ δ’ εὐκόλως καὶ παίζοντα, πρόστιμον ζημίαν τὴν τυχοῦσαν ὁρίσαντα, ἄλογόν ἐστι· πλὴν εἰ μὴ σπανίζοντος τότε τοῦ νομίσματος ἐν τῇ πόλει μεγάλας ἐποίει τὰς ἀργυρικὰς ζημίας τὸ δυσπόριστον.

[3] εἰς μέν γε τὰ τιμήματα τῶν θυσιῶν λογίζεται πρόβατον καὶ δραχμὴν ἀντὶ μεδίμνου, τῷ δ’ Ἴσθμια νικήσαντι δραχμὰς ἑκατὸν ἔταξε δίδοσθαι, τῷ δ’ Ὀλυμπιονίκῃ πεντακοσίας, λύκον δὲ τῷ κομίσαντι πέντε δραχμάς, λυκιδέα δὲ μίαν, ὧν φησιν ὁ Φαληρεὺς Δημήτριος [4] (fr. 147 Wehrli) τὸ μὲν βοὸς εἶναι, τὸ δὲ προβάτου τιμήν. ἃς γὰρ ἐν τῷ ἑκκαιδεκάτῳ τῶν ἀξόνων ὁρίζει τιμὰς τῶν ἐκκρίτων ἱερείων, εἰκὸς μὲν εἶναι πολλαπλασίας, ἄλλως δὲ κἀκεῖναι πρὸς τὰς νῦν εὐτελεῖς εἰσιν. ἀρχαῖον δὲ τοῖς Ἀθηναίοις τὸ πολεμεῖν τοῖς λύκοις, βελτίονα νέμειν ἢ [5] γεωργεῖν χώραν ἔχουσι. καὶ τὰς φυλὰς εἰσὶν οἱ λέγοντες οὐκ ἀπὸ τῶν Ἴωνος υἱῶν, ἀλλ’ ἀπὸ τῶν γενῶν εἰς ἃ διῃρέθησαν οἱ βίοι τὸ πρῶτον ὠνομάσθαι, τὸ μὲν μάχιμον Ὅπλητας, τὸ δ’ ἐργατικὸν Ἀργαδεῖς, δυεῖν δὲ τῶν λοιπῶν Γελέοντας μὲν τοὺς γεωργούς, Αἰγικορεῖς δὲ τοὺς ἐπὶ νομαῖς καὶ προβατείαις διατρίβοντας.

[6] Ἐπεὶ δὲ πρὸς ὕδωρ οὔτε ποταμοῖς ἐστιν ἀεννάοις οὔτε λίμναις τισὶν οὔτ᾽ ἀφθόνοις πηγαῖς ἡ χώρα διαρκής, ἀλλ᾽ οἱ πλεῖστοι φρέασι ποιητοῖς ἐχρῶντο, νόμον ἔγραψεν, ὅπου μέν ἐστι δημόσιον φρέαρ ἐντὸς ἱππικοῦ, χρῆσθαι τούτῳ· τὸ δ᾽ ἱππικὸν διάστημα τεσσάρων ἦν σταδίων· ὅπου δὲ πλεῖον ἀπέχει, ζητεῖν ὕδωρ ἴδιον· ἐὰν δ᾽ ὀρύξαντες ὀργυιῶν δέκα βάθος παρ᾽ ἑαυτοῖς μὴ εὕρωσι, τότε λαμβάνειν παρὰ τοῦ γείτονος, ἑξάχουν ὑδρίαν δὶς ἑκάστης ἡμέρας πληροῦντας· ἀπορίᾳ γὰρ ᾤετο δεῖν [7] βοηθεῖν, οὐκ ἀργίαν ἐφοδιάζειν. ὥρισε δὲ καὶ φυτειῶν μέτρα μάλ᾽ ἐμπείρως, τοὺς μὲν ἄλλο τι φυτεύοντας ἐν ἀγρῷ πέντε πόδας ἀπέχειν τοῦ γείτονος κελεύσας, τοὺς δὲ συκῆν ἢ ἐλαίαν ἐννέα· πορρωτέρω γὰρ ἐξικνεῖται ταῦτα ταῖς ῥίζαις καὶ οὐ πᾶσι γειτνιᾷ τοῖς φυτοῖς ἀσινῶς, ἀλλὰ καὶ τροφὴν παραιρεῖται καὶ βλάπτουσαν ἐνίοις [8] ἀπορροὴν ἀφίησι. βόθρους δὲ καὶ τάφρους τὸν βουλόμενον ἐκέλευσεν ὀρύσσειν, ὅσον ἐμβάλλει βάθος ἀφιστάμενον μῆκος τἀλλοτρίου, καὶ μελισσῶν σμήνη καθιστάμενον, ἀπέχειν τῶν ὑφ᾽ ἑτέρου πρότερον ἱδρυμένων πόδας τριακοσίους.

[24] [1] Τῶν δὲ γινομένων διάθεσιν πρὸς ξένους ἐλαίου μόνον ἔδωκεν, ἄλλα δ᾽ ἐξάγειν ἐκώλυσε, καὶ κατὰ τῶν ἐξαγόντων ἀρὰς τὸν ἄρχοντα ποιεῖσθαι προσέταξεν, ἢ [2] τίνειν αὐτὸν ἑκατὸν δραχμὰς εἰς τὸ δημόσιον· καὶ πρῶτος ἄξων ἐστὶν ὁ τοῦτον περιέχων τὸν νόμον. οὐκ ἂν οὖν τις ἡγήσαιτο παντελῶς ἀπιθάνους τοὺς λέγοντας, ὅτι καὶ σύκων ἐξαγωγὴ τὸ παλαιὸν ἀπείρητο, καὶ τὸ φαίνειν ἐνδεικνύμενον τοὺς ἐξάγοντας κληθῆναι συκοφαντεῖν.

[3] Ἔγραψε δὲ καὶ βλάβης τετραπόδων νόμον, ἐν ᾧ καὶ κύνα δάκνοντα παραδοῦναι κελεύει κλοιῷ τριπήχει δεδεμένον· τὸ μὲν ἐνθύμημα χάριεν πρὸς ἀσφάλειαν.

[4] Παρέχει δ᾽ ἀπορίαν καὶ ὁ τῶν δημοποιήτων νόμος, ὅτι γενέσθαι πολίτας οὐ δίδωσι πλὴν τοῖς φεύγουσιν ἀειφυγίᾳ τὴν ἑαυτῶν ἢ πανεστίοις Ἀθήναζε μετοικιζομένοις ἐπὶ τέχνῃ. τοῦτο δὲ ποιῆσαί φασιν αὐτὸν οὐχ οὕτως ἀπελαύνοντα τοὺς ἄλλους, ὡς κατακαλούμενον Ἀθήναζε τούτους ἐπὶ βεβαίῳ τῷ μεθέξειν τῆς πολιτείας, καὶ ἅμα πιστοὺς νομίζοντα τοὺς μὲν ἀποβεβληκότας τὴν ἑαυτῶν διὰ τὴν ἀνάγκην, τοὺς δ᾽ ἀπολελοιπότας διὰ τὴν γνώμην.

[5] Ἴδιον δὲ τοῦ Σόλωνος καὶ τὸ περὶ τῆς ἐν δημοσίῳ σιτήσεως, ὅπερ αὐτὸς παρασιτεῖν κέκληκε. τὸν γὰρ αὐτὸν οὐκ ἐᾷ σιτεῖσθαι πολλάκις, ἐὰν δ᾽ ᾧ καθήκει μὴ βούληται, κολάζει, τὸ μὲν ἡγούμενος πλεονεξίαν, τὸ δ᾽ ὑπεροψίαν τῶν κοινῶν.

[25] [1] Ἰσχὺν δὲ τοῖς νόμοις πᾶσιν εἰς ἑκατὸν ἐνιαυτοὺς ἔδωκε, καὶ κατεγράφησαν εἰς ξυλίνους ἄξονας ἐν πλαισίοις †περιέχουσι στρεφομένους,

ὧν ἔτι καθ’ ἡμᾶς ἐν Πρυτανείῳ λείψανα μικρὰ διεσῴζετο, καὶ προσηγορεύθησαν, [2] ὡς Ἀριστοτέλης (Ἀθπ. 7, 1) φησί, κύρβεις. καὶ Κρατῖνος ὁ κωμικὸς εἴρηκέ που (fr. 274 K.)·

πρὸς τοῦ Σόλωνος καὶ Δράκοντος, οἷσι νῦν
φρύγουσιν ἤδη τὰς κάχρυς τοῖς κύρβεσιν.

ἔνιοι δέ φασιν ἰδίως, ἐν οἷς ἱερὰ καὶ θυσίαι περιέχονται, [3] κύρβεις, ἄξονας δὲ τοὺς ἄλλους ὠνομάσθαι. κοινὸν μὲν οὖν ὤμνυεν ὅρκον ἡ βουλὴ τοὺς Σόλωνος νόμους ἐμπεδώσειν, ἰδίως δ’ ἕκαστος τῶν θεσμοθετῶν ἐν ἀγορᾷ πρὸς τῷ λίθῳ, καταφατίζων, εἴ τινα παραβαίη τῶν θεσμῶν, ἀνδριάντα χρυσοῦν ἰσομέτρητον ἀναθήσειν ἐν Δελφοῖς.

[4] Συνιδὼν δὲ τοῦ μηνὸς τὴν ἀνωμαλίαν, καὶ τὴν κίνησιν τῆς σελήνης οὔτε δυομένῳ τῷ ἡλίῳ πάντως οὔτ’ ἀνίσχοντι συμφερομένην, ἀλλὰ πολλάκις τῆς αὐτῆς ἡμέρας καὶ καταλαμβάνουσαν καὶ παρερχομένην τὸν ἥλιον, αὐτὴν μὲν ἔταξε ταύτην ἕνην καὶ νέαν καλεῖσθαι, τὸ μὲν πρὸ συνόδου μόριον αὐτῆς τῷ παυομένῳ μηνί, τὸ δὲ λοιπὸν ἤδη τῷ ἀρχομένῳ προσήκειν ἡγούμενος, πρῶτος ὡς ἔοικεν ὀρθῶς ἀκούσας Ὁμήρου (Od. 14, 162. 19, 307) λέγοντος·

τοῦ μὲν φθίνοντος μηνός, τοῦ δ’ ἱσταμένοιο·

[5] τὴν δ’ ἐφεξῆς ἡμέραν νουμηνίαν ἐκάλεσε. τὰς δ’ ἀπ’ εἰκάδος οὐ προστιθείς, ἀλλ’ ἀφαιρῶν καὶ ἀναλύων, ὥσπερ τὰ φῶτα τῆς σελήνης ἑώρα, μέχρι τριακάδος ἠρίθμησεν.

[6] Ἐπεὶ δὲ τῶν νόμων εἰσενεχθέντων ἔνιοι τῷ Σόλωνι καθ’ ἑκάστην προσῄεσαν ἡμέραν, ἐπαινοῦντες ἢ ψέγοντες ἢ συμβουλεύοντες ἐμβάλλειν τοῖς γεγραμμένοις ὅ τι τύχοιεν ἢ ἀφαιρεῖν, πλεῖστοι δ’ ἦσαν οἱ πυνθανόμενοι καὶ ἀνακρίνοντες καὶ κελεύοντες αὐτόν, ὅπως ἕκαστον ἔχει καὶ πρὸς ἣν κεῖται διάνοιαν ἐπεκδιδάσκειν καὶ σαφηνίζειν, ὁρῶν ὅτι ταῦτα καὶ τὸ μὴ πράττειν ἄτοπον καὶ τὸ πράττειν ἐπίφθονον, ὅλως δὲ ταῖς ἀπορίαις ὑπεκστῆναι βουλόμενος καὶ διαφυγεῖν τὸ δυσάρεστον καὶ τὸ φιλαίτιον τῶν πολιτῶν (‘ἔργμασι’ γὰρ ‘ἐν μεγάλοις πᾶσιν ἁδεῖν χαλεπόν’, ὡς αὐτὸς (fr. 5, 11 D.) εἴρηκε), πρόσχημα τῆς πλάνης τὴν ναυκληρίαν ποιησάμενος ἐξέπλευσε, δεκαετῆ παρὰ τῶν Ἀθηναίων ἀποδημίαν αἰτησάμενος. ἤλπιζε γὰρ ἐν τῷ χρόνῳ τούτῳ καὶ τοῖς νόμοις αὐτοὺς ἔσεσθαι συνήθεις.

[26] [1] Πρῶτον μὲν οὖν εἰς Αἴγυπτον ἀφίκετο, καὶ διέτριψεν, ὡς [καὶ πρότερον] αὐτός φησι (fr. 6 D.),

Νείλου ἐπὶ προχοῇσι Κανωβίδος ἐγγύθεν ἀκτῆς.

χρόνον δέ τινα καὶ τοῖς περὶ Ψένωπιν τὸν Ἡλιοπολίτην καὶ Σῶγχιν τὸν Σαΐτην, λογιωτάτοις οὖσι τῶν ἱερέων, συνεφιλοσόφησε· παρ’ ὧν καὶ τὸν

Ἀτλαντικὸν ἀκούσας λόγον, ὡς Πλάτων (Tim. 21 sq. Critias 108d) φησίν, ἐπεχείρησε διὰ ποιήματος ἐξενεγκεῖν εἰς τοὺς Ἕλληνας.

[2] ἔπειτα πλεύσας εἰς Κύπρον, ἠγαπήθη διαφερόντως ὑπὸ Φιλοκύπρου τινὸς τῶν ἐκεῖ βασιλέων, ὃς εἶχεν οὐ μεγάλην πόλιν, ᾠκισμένην ὑπὸ Δημοφῶντος τοῦ Θησέως περὶ τὸν Κλάριον ποταμὸν ἐν χωρίοις ὀχυροῖς μέν, ἄλλως δὲ [3] δυσχερέσι καὶ φαύλοις κειμένην. ἔπεισεν οὖν αὐτὸν ὁ Σόλων, ὑποκειμένου καλοῦ πεδίου, μεταθέντα τὴν πόλιν ἡδίονα καὶ μείζονα κατασκευάσαι, καὶ παρὼν ἐπεμελήθη τοῦ συνοικισμοῦ καὶ διεκόσμησε πρός τε διαγωγὴν ἄριστα καὶ πρὸς ἀσφάλειαν, ὥστε πολλοὺς μὲν οἰκήτορας τῷ Φιλοκύπρῳ προσελθεῖν, ζηλῶσαι δὲ τοὺς ἄλλους βασιλεῖς. διὸ καὶ τῷ Σόλωνι τιμὴν ἀποδιδούς, Αἰπεῖαν τὴν πόλιν καλουμένην πρότερον ἀπ’ ἐκείνου Σόλους προσηγόρευσε.

[4] καὶ αὐτὸς δὲ μέμνηται τοῦ συνοικισμοῦ· προσαγορεύσας γὰρ ἐν ταῖς ἐλεγείαις τὸν Φιλόκυπρον (fr. 7 D.),

νῦν δὲ (φησὶ) σὺ μὲν Σολίοισι πολὺν χρόνον ἐνθάδ’ ἀνάσσων
τήνδε πόλιν ναίοις καὶ γένος ὑμέτερον·
αὐτὰρ ἐμὲ ξὺν νηὶ θοῇ κλεινῆς ἀπὸ νήσου
ἀσκηθῆ πέμποι Κύπρις ἰοστέφανος,
οἰκισμῷ δ’ ἐπὶ τῷδε χάριν καὶ κῦδος ὀπάζοι
ἐσθλὸν καὶ νόστον πατρίδ’ ἐς ἡμετέρην.

[27] [1] Τὴν δὲ πρὸς Κροῖσον ἔντευξιν αὐτοῦ δοκοῦσιν ἔνιοι τοῖς χρόνοις ὡς πεπλασμένην ἐξελέγχειν. ἐγὼ δὲ λόγον ἔνδοξον οὕτω καὶ τοσούτους μάρτυρας ἔχοντα καὶ (ὃ μεῖζόν ἐστι) πρέποντα τῷ Σόλωνος ἤθει καὶ τῆς ἐκείνου μεγαλοφροσύνης καὶ σοφίας ἄξιον, οὔ μοι δοκῶ προήσεσθαι χρονικοῖς τισι λεγομένοις κανόσιν, οὓς μυρίοι διορθοῦντες, ἄχρι σήμερον εἰς οὐδὲν αὑτοῖς ὁμολογούμενον [2] δύνανται καταστῆσαι τὰς ἀντιλογίας. τὸν δ’ οὖν Σόλωνά φασιν εἰς Σάρδεις δεηθέντι τῷ Κροίσῳ παραγενόμενον παθεῖν τι παραπλήσιον ἀνδρὶ χερσαίῳ κατιόντι [3] πρῶτον ἐπὶ θάλασσαν. ἐκεῖνός τε γὰρ ὁρῶν ἄλλον ἐξ ἄλλου ποταμὸν ᾤετο τὴν θάλασσαν εἶναι, καὶ τῷ Σόλωνι, τὴν αὐλὴν διαπορευομένῳ καὶ πολλοὺς ὁρῶντι τῶν βασιλικῶν κεκοσμημένους πολυτελῶς καὶ σοβοῦντος ἐν ὄχλῳ προπομπῶν καὶ δορυφόρων, ἕκαστος ἐδόκει Κροῖσος εἶναι, μέχρι πρὸς αὐτὸν ἤχθη, πᾶν ὅσον ἐν λίθοις, ἐν βαφαῖς ἐσθῆτος, ἐν τέχναις χρυσοῦ περὶ κόσμον ἐκπρεπὲς ἔχειν ἢ περιττὸν ἢ ζηλωτὸν ἐδόκει περικείμενον, [4] ὡς δὴ θέαμα σεμνότατον ὀφθείη καὶ ποικιλώτατον. ἐπεὶ δ’ ὁ Σόλων ἄντικρυς καταστὰς οὔτ’ ἔπαθεν οὐδὲν οὔτ’ εἶπε πρὸς τὴν ὄψιν ὧν ὁ Κροῖσος προσεδόκησεν, ἀλλὰ καὶ δῆλος ἦν τοῖς εὖ φρονοῦσι τῆς ἀπειροκαλίας καὶ μικροπρεπείας καταφρονῶν, ἐκέλευσεν αὐτῷ

τούς τε θησαυροὺς ἀνοῖξαι τῶν χρημάτων καὶ τὴν ἄλλην ἄγοντας ἐπιδεῖξαι μηδὲν δεομένῳ κατασκευὴν καὶ πολυτέλειαν.

[5] ἤρκει γὰρ αὐτὸς ἐν ἑαυτῷ τοῦ τρόπου κατανόησιν παρασχεῖν.

[6] ὡς δ' οὖν αὖθις ‹εἰς›ήχθη γεγονὼς ἁπάντων θεατής, ἠρώτησεν αὐτὸν ὁ Κροῖσος, εἴ τινα οἶδεν ἀνθρώπων ἑαυτοῦ μακαριώτερον. ἀποφηναμένου δὲ τοῦ Σόλωνος ὅτι οἶδε Τέλλον αὑτοῦ πολίτην, καὶ διεξελθόντος ὅτι χρηστὸς ἀνὴρ ὁ Τέλλος γενόμενος καὶ παῖδας εὐδοκίμους καταλιπὼν καὶ βίον οὐδενὸς ἐνδεᾶ τῶν ἀναγκαίων ἐτελεύτησεν ἐνδόξως ἀριστεύσας ὑπὲρ τῆς πατρίδος, ἤδη μὲν ἀλλόκοτος ἐδόκει [εἶναι] τῷ Κροίσῳ καὶ ἄγροικος, εἰ μὴ πρὸς ἀργύριον πολὺ μηδὲ χρυσίον τῆς εὐδαιμονίας ποιεῖται τὴν ἀναμέτρησιν, ἀλλὰ δημοτικοῦ καὶ ἰδιώτου βίον καὶ θάνατον ἀνθρώπου μᾶλλον ἢ τοσαύτην ἀγαπῴη [7] δύναμιν καὶ ἀρχήν. οὐ μὴν ἀλλὰ πάλιν ἠρώτησεν αὐτόν, εἰ μετὰ Τέλλον ἄλλον ἔγνωκεν ἀνθρώπων εὐδαιμονέστερον. πάλιν δὲ τοῦ Σόλωνος εἰπόντος εἰδέναι καὶ Κλέοβιν καὶ Βίτωνα, φιλαδέλφους καὶ φιλομήτορας διαφερόντως ἄνδρας, οἳ τὴν μητέρα τῶν βοῶν βραδυνόντων ὑποδύντες αὐτοὶ τῷ ζυγῷ τῆς ἁμάξης ἐκόμισαν πρὸς τὸ τῆς Ἥρας ἱερόν, εὐδαιμονιζομένην ὑπὸ τῶν πολιτῶν καὶ χαίρουσαν, εἶτα θύσαντες καὶ πιόντες οὐκέτι μεθ' ἡμέραν ἀνέστησαν, ἀλλὰ τεθνηκότες ἀναλγῆ καὶ ἄλυπον ἐπὶ δόξῃ τοσαύτῃ θάνατον ὤφθησαν, 'ἡμᾶς δ'' εἶπεν ἤδη πρὸς ὀργὴν ὁ Κροῖσος 'εἰς οὐδένα τίθης εὐδαιμόνων [8] ἀριθμὸν ἀνθρώπων;' καὶ ὁ Σόλων, οὔτε κολακεύειν βουλόμενος αὐτὸν οὔτε περαιτέρω παροξύνειν, ''Ἕλλησιν' εἶπεν 'ὦ βασιλεῦ Λυδῶν, πρός τε τἆλλα μετρίως ἔχειν ἔδωκεν ὁ θεός, καὶ σοφίας τινὸς ἀθαρσοῦς ὡς ἔοικε καὶ δημοτικῆς, οὐ βασιλικῆς οὐδὲ λαμπρᾶς, ὑπὸ μετριότητος ἡμῖν μέτεστιν, ἣ τύχαις ὁρῶσα παντοδαπαῖς χρώμενον ἀεὶ τὸν βίον, οὐκ ἐᾷ τοῖς παροῦσιν ἀγαθοῖς μέγα φρονεῖν οὐδὲ θαυμάζειν ἀνδρὸς εὐτυχίαν μεταβολῆς χρόνον [9] ἔχουσαν. ἔπεισι γὰρ ἑκάστῳ ποικίλον ἐξ ἀδήλου τὸ μέλλον. ᾧ δ' εἰς τέλος ὁ δαίμων ἔθετο τὴν εὐπραξίαν, τοῦτον εὐδαίμονα νομίζομεν. ὁ δὲ ζῶντος ἔτι καὶ κινδυνεύοντος ἐν τῷ βίῳ μακαρισμὸς ὥσπερ ἀγωνιζομένου κήρυγμα καὶ στέφανος ἐστὶν ἀβέβαιος καὶ ἄκυρος.' ταῦτ' εἰπὼν ὁ Σόλων ἀπηλλάττετο, λυπήσας μέν, οὐ νουθετήσας δὲ τὸν Κροῖσον.

[28] [1] Ὁ δὲ λογοποιὸς Αἴσωπος, ἐτύγχανε γὰρ εἰς Σάρδεις μετάπεμπτος γεγονὼς ὑπὸ Κροίσου καὶ τιμώμενος, ἠχθέσθη τῷ Σόλωνι μηδεμιᾶς τυχόντι φιλανθρωπίας, καὶ προτρέπων αὐτόν 'ὦ Σόλων' ἔφη, 'τοῖς βασιλεῦσι δεῖ ὡς ἥκιστα ἢ ὡς ἥδιστα ὁμιλεῖν.' καὶ ὁ Σόλων 'μὰ Δία' εἶπεν, 'ἀλλ' ὡς ἥκιστα ἢ ὡς ἄριστα.'

[2] Τότε μὲν οὖν ὁ Κροῖσος οὕτω τοῦ Σόλωνος κατεφρόνησεν. ἐπεὶ δὲ Κύρῳ συμβαλὼν ἐκρατήθη μάχῃ, καὶ τὴν πόλιν ἀπώλεσε, καὶ ζῶν ἁλοὺς αὐτὸς ἔμελλε καταπίμπρασθαι, καὶ γενομένης πυρᾶς ἀνεβιβάσθη δεδεμένος, θεωμένων Περσῶν ἁπάντων καὶ Κύρου παρόντος, ἐφ' ὅσον ἐξικνεῖτο καὶ δυνατὸς ἦν τῇ φωνῇ φθεγξάμενος [3] ἀνεβόησε τρὶς 'ὦ Σόλων'. θαυμάσας οὖν ὁ Κῦρος ἔπεμψε τοὺς ἐρησομένους, ὅστις ἀνθρώπων ἢ θεῶν οὗτός ἐστιν ὁ Σόλων, ὃν ἐν τύχαις ἀπόροις μόνον ἀνακαλεῖται.

[4] καὶ ὁ Κροῖσος οὐδὲν ἀποκρυψάμενος εἶπεν ὅτι 'τῶν παρ' Ἕλλησι σοφῶν εἷς οὗτος ἦν ὁ ἀνήρ, ὃν ἐγὼ μετεπεμψάμην, οὐκ ἀκοῦσαί τι βουλόμενος οὐδὲ μαθεῖν ὧν ἐνδεὴς ἤμην, ἀλλ' ὡς δή μοι θεατὴς γένοιτο καὶ μάρτυς ἀπίοι τῆς εὐδαιμονίας ἐκείνης, ἣν ἀποβαλεῖν ἄρα μεῖζον [5] ἦν κακὸν ἢ λαβεῖν ἀγαθόν. λόγος γὰρ ἦν καὶ δόξα τἀγαθὸν παρούσης· αἱ μεταβολαὶ δέ μοι αὐτῆς εἰς πάθη δεινὰ καὶ συμφορὰς ἀνηκέστους ἔργῳ τελευτῶσι. καὶ ταῦτ' ἐκεῖνος ὁ ἀνήρ, ἐκ τῶν τότε τὰ νῦν τεκμαιρόμενος, ἐκέλευε τὸ τέλος τοῦ βίου σκοπεῖν, καὶ μὴ θρασυνόμενον [6] ἀβεβαίοις ὑπονοίαις ὑβρίζειν.' ἐπεὶ δὲ ταῦτ' ἀνηνέχθη πρὸς τὸν Κῦρον, ἅτε δὴ σοφώτερος ὢν τοῦ Κροίσου, καὶ τὸν λόγον τοῦ Σόλωνος ἰσχυρὸν ἐν τῷ παραδείγματι βλέπων, οὐ μόνον ἀφῆκε τὸν Κροῖσον, ἀλλὰ καὶ τιμῶν ἐφ' ὅσον ἔζη διετέλεσε, καὶ δόξαν ἔσχεν ὁ Σόλων, ἑνὶ λόγῳ τὸν μὲν σώσας, τὸν δὲ παιδεύσας τῶν βασιλέων.

[29] [1] Οἱ δ' ἐν ἄστει πάλιν ἐστασίαζον ἀποδημοῦντος τοῦ Σόλωνος, καὶ προειστήκει τῶν μὲν Πεδιέων Λυκοῦργος, τῶν δὲ Παράλων Μεγακλῆς ὁ Ἀλκμαίωνος, Πεισίστρατος δὲ τῶν Διακρίων, ἐν οἷς ἦν ὁ θητικὸς ὄχλος καὶ μάλιστα τοῖς πλουσίοις ἀχθόμενος, ὥστε χρῆσθαι μὲν ἔτι τοῖς νόμοις τὴν πόλιν, ἤδη δὲ πράγματα νεώτερα προσδοκᾶν καὶ ποθεῖν ἅπαντας ἑτέραν κατάστασιν, οὐκ ἴσον ἐλπίζοντας, ἀλλὰ πλέον ἕξειν ἐν τῇ μεταβολῇ [2] καὶ κρατήσειν παντάπασι τῶν διαφερομένων. οὕτω δὲ τῶν πραγμάτων ἐχόντων ὁ Σόλων παραγενόμενος εἰς τὰς Ἀθήνας, αἰδῶ μὲν εἶχε καὶ τιμὴν παρὰ πᾶσιν, ἐν δὲ κοινῷ λέγειν καὶ πράσσειν ὁμοίως οὐκέτ' ἦν δυνατὸς οὐδὲ πρόθυμος ὑπὸ γήρως, ἀλλ' ἐντυγχάνων ἰδίᾳ τοῖς προεστῶσι τῶν στάσεων ἀνδράσιν, ἐπειρᾶτο διαλύειν καὶ συναρμόττειν, μάλιστα τοῦ Πεισιστράτου προσέχειν δοκοῦντος [3] αὐτῷ. καὶ γὰρ αἱμύλον τι καὶ προσφιλὲς εἶχεν ἐν τῷ διαλέγεσθαι, καὶ βοηθητικὸς ἦν τοῖς πένησι καὶ [4] πρὸς τὰς ἔχθρας ἐπιεικὴς καὶ μέτριος. ἃ δὲ φύσει μὴ προσῆν αὐτῷ, καὶ ταῦτα μιμούμενος ἐπιστεύετο μᾶλλον τῶν ἐχόντων, ὡς εὐλαβὴς καὶ κόσμιος ἀνὴρ καὶ μάλιστα δὴ τὸ ἴσον ἀγαπῶν καὶ δυσχεραίνων, εἴ τις τὰ παρόντα κινοίη καὶ νεωτέρων ὀρέγοιτο· τούτοις γὰρ ἐξηπάτα τοὺς [5] πολλούς. ὁ δὲ Σόλων ταχὺ τὸ ἦθος ἐφώρασεν αὐτοῦ, καὶ τὴν ἐπιβουλὴν πρῶτος ἐγκατεῖδεν· οὐ μὴν ἐμίσησεν, ἀλλ'

ἐπειρᾶτο πραΰνειν καὶ νουθετεῖν, καὶ πρὸς αὐτὸν ἔλεγε καὶ πρὸς ἑτέρους, ὡς εἴ τις ἐξέλοι τὸ φιλόπρωτον αὐτοῦ τῆς ψυχῆς καὶ τὴν ἐπιθυμίαν ἰάσαιτο τῆς τυραννίδος, οὐκ ἔστιν ἄλλος εὐφυέστερος πρὸς ἀρετὴν οὐδὲ βελτίων πολίτης.

[6] Ἀρχομένων δὲ τῶν περὶ Θέσπιν ἤδη τὴν τραγῳδίαν κινεῖν, καὶ διὰ τὴν καινότητα τοὺς πολλοὺς ἄγοντος τοῦ πράγματος, οὔπω δ᾽ εἰς ἅμιλλαν ἐναγώνιον ἐξηγμένου, φύσει φιλήκοος ὢν καὶ φιλομαθὴς ὁ Σόλων, ἔτι μᾶλλον ἐν γήρᾳ σχολῇ καὶ παιδιᾷ καὶ νὴ Δία πότοις καὶ μουσικῇ παραπέμπων ἑαυτόν, ἐθεᾶτο τὸν Θέσπιν αὐτὸν ὑποκρινόμενον, [7] ὥσπερ ἔθος ἦν τοῖς παλαιοῖς. μετὰ δὲ τὴν θέαν προσαγορεύσας αὐτὸν ἠρώτησεν, εἰ τοσούτων ἐναντίον οὐκ αἰσχύνεται τηλικαῦτα ψευδόμενος. φήσαντος δὲ τοῦ Θέσπιδος, μὴ δεινὸν εἶναι τὸ μετὰ παιδιᾶς λέγειν τὰ τοιαῦτα καὶ πράσσειν, σφόδρα τῇ βακτηρίᾳ τὴν γῆν ὁ Σόλων πατάξας ‘ταχὺ μέντοι τὴν παιδιάν’ ἔφη ‘ταύτην ἐπαινοῦντες οὕτω καὶ τιμῶντες εὑρήσομεν ἐν τοῖς σπουδαίοις.’

[30] [1] Ἐπεὶ δὲ κατατρώσας αὐτὸς ἑαυτὸν ὁ Πεισίστρατος καθῆκεν εἰς ἀγορὰν ἐπὶ ζεύγους κομιζόμενος, καὶ παρώξυνε τὸν δῆμον ὡς διὰ τὴν πολιτείαν ὑπὸ τῶν ἐχθρῶν ἐπιβεβουλευμένος, καὶ πολλοὺς εἶχε ‹τοὺς συν›αγανακτοῦντας καὶ βοῶντας, προσελθὼν ἐγγὺς ὁ Σόλων καὶ παραστάς ‘οὐ καλῶς’ εἶπεν ‘ὦ παῖ Ἱπποκράτους ὑποκρίνῃ τὸν Ὁμηρικὸν Ὀδυσσέα· ταὐτὰ γὰρ ποιεῖς τοὺς πολίτας παρακρουόμενος, οἷς ἐκεῖνος τοὺς πολεμίους [2] ἐξηπάτησεν, αἰκισάμενος ἑαυτόν.’ ἐκ τούτου τὸ μὲν πλῆθος ἦν ἕτοιμον ὑπερμαχεῖν τοῦ Πεισιστράτου, [3] καὶ συνῆλθεν εἰς ἐκκλησίαν ὁ δῆμος. Ἀρίστωνος δὲ γράψαντος ὅπως δοθῶσι πεντήκοντα κορυνηφόροι τῷ Πεισιστράτῳ φυλακὴ τοῦ σώματος, ἀντεῖπεν ὁ Σόλων ἀναστάς, καὶ πολλὰ διεξῆλθεν ὅμοια τούτοις οἷς διὰ τῶν ποιημάτων γέγραφεν (fr. 8, 7. 5. 6 D.)·

εἰς γὰρ γλῶσσαν ὁρᾶτε καὶ εἰς ἔπη αἱμύλου ἀνδρός.
ὑμῶν δ᾽ εἷς μὲν ἕκαστος ἀλώπεκος ἴχνεσι βαίνει,
σύμπασιν δ᾽ ὑμῖν χαῦνος ἔνεστι νόος.

[4] ὁρῶν δὲ τοὺς μὲν πένητας ὡρμημένους χαρίζεσθαι τῷ Πεισιστράτῳ καὶ θορυβοῦντας, τοὺς δὲ πλουσίους ἀποδιδράσκοντας καὶ ἀποδειλιῶντας, ἀπῆλθεν εἰπὼν ὅτι τῶν μέν ἐστι σοφώτερος, τῶν δ᾽ ἀνδρειότερος· σοφώτερος μὲν τῶν μὴ συνιέντων τὸ πραττόμενον, ἀνδρειότερος δὲ τῶν συνιέντων μέν, ἐναντιοῦσθαι δὲ τῇ τυραννίδι φο[5] βουμένων. τὸ δὲ ψήφισμα κυρώσας ὁ δῆμος οὐδὲ περὶ τοῦ πλήθους ἔτι τῶν κορυνηφόρων διεμικρολογεῖτο πρὸς τὸν Πεισίστρατον, ἀλλ᾽ ὅσους ἐβούλετο τρέφοντα καὶ συνάγοντα φανερῶς περιεώρα, μέχρι τὴν ἀκρόπολιν κατέσχε.

[6] γενομένου δὲ τούτου καὶ τῆς πόλεως συνταραχθείσης, ὁ μὲν Μεγακλῆς εὐθὺς ἔφυγε μετὰ τῶν ἄλλων Ἀλκμαιωνιδῶν, ὁ δὲ Σόλων ἤδη μὲν ἦν σφόδρα γέρων καὶ τοὺς βοηθοῦντας οὐκ εἶχεν, ὅμως δὲ προῆλθεν εἰς ἀγορὰν καὶ διελέχθη πρὸς τοὺς πολίτας, τὰ μὲν κακίζων τὴν ἀβουλίαν αὐτῶν καὶ μαλακίαν, τὰ δὲ παροξύνων ἔτι καὶ παρακαλῶν μὴ προέσθαι τὴν ἐλευθερίαν· ὅτε καὶ τὸ μνημονευόμενον εἶπεν, ὡς πρώην μὲν ἦν αὐτοῖς εὐμαρέστερον τὸ κωλῦσαι τὴν τυραννίδα συνισταμένην, νῦν δὲ μεῖζόν ἐστι καὶ λαμπρότερον ἐκκόψαι καὶ [7] ἀνελεῖν συνεστῶσαν ἤδη καὶ πεφυκυῖαν. οὐδενὸς δὲ προσέχοντος αὐτῷ διὰ τὸν φόβον, ἀπῆλθεν εἰς τὴν οἰκίαν τὴν ἑαυτοῦ, καὶ λαβὼν τὰ ὅπλα καὶ πρὸ τῶν θυρῶν θέμενος εἰς τὸν στενωπόν, ‘ἐμοὶ μέν’ εἶπεν ‘ὡς δυνατὸν [8] ἦν βεβοήθηται τῇ πατρίδι καὶ τοῖς νόμοις.’ καὶ τὸ λοιπὸν ἡσυχίαν ἦγε, καὶ τῶν φίλων φεύγειν παραινούντων οὐ προσεῖχεν, ἀλλὰ ποιήματα γράφων ὠνείδιζε τοῖς Ἀθηναίοις (fr. 8, 14 D.)·

εἰ δὲ πεπόνθατε λυγρὰ δι’ ὑμετέρην κακότητα,
μὴ θεοῖσιν τούτων μῆνιν ἐπαμφέρετε.
αὐτοὶ γὰρ τούτους ηὐξήσατε ῥύματα δόντες,
καὶ διὰ ταῦτα κακὴν ἔσχετε δουλοσύνην.

[31] [1] Ἐπὶ τούτοις δὲ πολλῶν νουθετούντων αὐτὸν ὡς ἀποθανούμενον ὑπὸ τοῦ τυράννου, καὶ πυνθανομένων [2] τίνι πεποιθὼς οὕτως ἀπονοεῖται, ‘τῷ γήρᾳ’ εἶπεν. οὐ μὴν ἀλλ’ ὁ Πεισίστρατος ἐγκρατὴς γενόμενος τῶν πραγμάτων οὕτως ἐξεθεράπευσε τὸν Σόλωνα τιμῶν καὶ φιλοφρονούμενος καὶ μεταπεμπόμενος, ὥστε καὶ σύμβουλον [3] εἶναι καὶ πολλὰ τῶν πρασσομένων ἐπαινεῖν. καὶ γὰρ ἐφύλαττε τοὺς πλείστους νόμους τῶν Σόλωνος, ἐμμένων πρῶτος αὐτὸς καὶ τοὺς φίλους ἀναγκάζων· ὅς γε καὶ φόνου προσκληθεὶς εἰς Ἄρειον πάγον ἤδη τυραννῶν, ἀπήντησε κοσμίως ἀπολογησόμενος, ὁ δὲ κατήγορος οὐχ ὑπήκουσε· καὶ νόμους αὐτὸς ἑτέρους ἔγραψεν, ὧν ἐστι καὶ ὁ τοὺς πηρωθέντας ἐν πολέμῳ δημοσίᾳ τρέφεσθαι [4] κελεύων. τοῦτο δέ φησιν Ἡρακλείδης (fr. 149 Wehrli) καὶ πρότερον ἐπὶ Θερσίππῳ πηρωθέντι τοῦ Σόλωνος ψηφισαμένου [5] μιμήσασθαι τὸν Πεισίστρατον. ὡς δ’ ὁ Θεόφραστος (fr. 99 W.) ἱστόρηκε, καὶ τὸν τῆς ἀργίας νόμον οὐ Σόλων ἔθηκεν, ἀλλὰ Πεισίστρατος, ᾧ τήν τε χώραν ἐνεργοτέραν καὶ τὴν πόλιν ἠρεμαιοτέραν ἐποίησεν.

[6] Ὁ δὲ Σόλων ἁψάμενος μεγάλης τῆς περὶ τὸν Ἀτλαντικὸν λόγον ἢ μῦθον πραγματείας, ὃν διήκουσε τῶν περὶ Σάιν λογίων προσήκοντα τοῖς Ἀθηναίοις, ἐξέκαμεν, οὐ δι’ ἀσχολίας, ὡς Πλάτων (Tim. 21c) φησίν, ἀλλὰ μᾶλλον [7] ὑπὸ γήρως, φοβηθεὶς τὸ μέγεθος τῆς γραφῆς. ἐπεὶ σχολῆς γε περιουσίαν αὐτοῦ μηνύουσιν αἱ τοιαῦται φωναί·

γηράσκω δ’ αἰεὶ πολλὰ διδασκόμενος
(fr. 22, 7 D.), καὶ (fr. 20 D.)·
ἔργα δὲ Κυπρογενοῦς νῦν μοι φίλα καὶ Διονύσου
καὶ Μουσέων, ἃ τίθησ’ ἀνδράσιν εὐφροσύνας.

[32] [1] Ὡς δὲ χώρας καλῆς ἔδαφος ὁ Πλάτων ἔρημον, αὐτῷ δέ πως κατὰ συγγένειαν προσῆκον, ἐξεργάσασθαι καὶ διακοσμῆσαι φιλοτιμούμενος τὴν Ἀτλαντικὴν ὑπόθεσιν, πρόθυρα μὲν μεγάλα καὶ περιβόλους καὶ αὐλὰς τῇ ἀρχῇ περιέθηκεν, οἷα λόγος οὐδεὶς ἄλλος ἔσχεν οὐδὲ μῦθος οὐδὲ ποίησις, ὀψὲ δ’ ἀρξάμενος προκατέλυσε τοῦ ἔργου τὸν βίον, ὅσῳ μᾶλλον εὐφραίνει τὰ γεγραμμένα, [2] τοσούτῳ μᾶλλον τοῖς ἀπολειφθεῖσιν ἀνιάσας. ὡς γὰρ ἡ πόλις τῶν Ἀθηναίων τὸ Ὀλυμπίειον, οὕτως ἡ Πλάτωνος σοφία τὸ Ἀτλαντικὸν ἐν πολλοῖς ‹καὶ› καλοῖς μόνον ἔργον ἀτελὲς ἔσχηκεν.

[3] Ἐπεβίωσε δ’ οὖν ὁ Σόλων ἀρξαμένου τοῦ Πεισιστράτου τυραννεῖν, ὡς μὲν Ἡρακλείδης ὁ Ποντικὸς (fr. 148 Wehrli) ἱστορεῖ, συχνὸν χρόνον, ὡς δὲ Φανίας ὁ Ἐρέσιος (FHG II 294) ἐλάττονα δυεῖν ἐτῶν. ἐπὶ Κωμίου μὲν γὰρ ἤρξατο τυραννεῖν Πεισίστρατος, ἐφ’ Ἡγεστράτου δὲ Σόλωνά φησιν ὁ Φανίας ἀποθανεῖν τοῦ μετὰ Κωμίαν [4] ἄρξαντος. ἡ δὲ διασπορὰ κατακαυθέντος αὐτοῦ τῆς τέφρας περὶ τὴν Σαλαμινίων νῆσόν ἐστι μὲν διὰ τὴν ἀτοπίαν ἀπίθανος παντάπασι καὶ μυθώδης, ἀναγέγραπται δ’ ὑπό τ’ ἄλλων ἀνδρῶν ἀξιολόγων καὶ Ἀριστοτέλους τοῦ φιλοσόφου (fr. 354).

Publicola

[1] [1] Τοιούτῳ δὲ γενομένῳ τῷ Σόλωνι τὸν Ποπλικόλαν παραβάλλομεν, ᾧ τοῦτο μὲν ὕστερον ὁ Ῥωμαίων δῆμος ἐξεῦρεν ἐπὶ τιμῇ τοὔνομα, πρὸ τοῦ δὲ Πόπλιος Οὐαλέριος ἐκαλεῖτο, Οὐαλερίου δοκῶν ἀπόγονος εἶναι τῶν παλαιῶν, ἀνδρὸς αἰτιωτάτου γενομένου Ῥωμαίους καὶ Σαβίνους ἐκ πολεμίων ἕνα γενέσθαι δῆμον· ὁ γὰρ μάλιστα τοὺς βασιλεῖς εἰς ταὐτὸ πείσας συνελθεῖν καὶ διαλλάξας [2] ἐκεῖνός ἐστι. τούτῳ δὴ κατὰ γένος προσήκων ὁ Οὐαλέριος ὥς φασι, βασιλευομένης μὲν ἔτι τῆς Ῥώμης ἐπιφανὴς ἦν διὰ λόγον καὶ πλοῦτον, ὧν τῷ μὲν ὀρθῶς καὶ μετὰ παρρησίας ἀεὶ χρώμενος ὑπὲρ τῶν δικαίων, ἀφ᾽ οὗ δὲ τοῖς δεομένοις ἐλευθερίως καὶ φιλανθρώπως ἐπαρκῶν, δῆλος ἦν εὐθύς, εἰ γένοιτο δημοκρατία, [3] πρωτεύσων. ἐπεὶ δὲ Ταρκύνιον Σούπερβον, οὔτε λαβόντα τὴν ἀρχὴν καλῶς, ἀλλ᾽ ἀνοσίως καὶ παρανόμως, οὔτε χρώμενον αὐτῇ βασιλικῶς, ἀλλ᾽ ὑβρίζοντα καὶ τυραννοῦντα, μισῶν ὁ δῆμος καὶ βαρυνόμενος ἀρχὴν ἀποστάσεως ἔλαβε τὸ Λουκρητίας πάθος, ἑαυτὴν ἐπὶ τῷ βιασθῆναι διεργασαμένης, καὶ Λεύκιος Βροῦτος ἁπτόμενος τῶν πραγμάτων τῆς μεταβολῆς ἐπὶ πρῶτον ἦλθε τὸν Οὐαλέριον, καὶ χρησάμενος αὐτῷ προθυμοτάτῳ συνεξέβαλε τοὺς βασιλεῖς, μέχρι μὲν ἐπίδοξος ἦν ὁ δῆμος ἕνα χειροτονήσειν ἀντὶ τοῦ βασιλέως στρατηγόν, ὁ Οὐαλέριος ἡσυχίαν ἦγεν, ὡς τῷ Βρούτῳ μᾶλλον ἄρχειν προσῆκον, [4] ἡγεμόνι τῆς ἐλευθερίας γεγενημένῳ· δυσχεραινομένου δὲ τοῦ τῆς μοναρχίας ὀνόματος, καὶ δοκοῦντος ἂν ἀλυπότερον τοῦ δήμου μερισθεῖσαν ὑπομεῖναι τὴν ἀρχήν, καὶ δύο προβαλλομένου καὶ καλοῦντος, ἐλπίζων μετὰ τὸν Βροῦτον αἱρεθήσεσθαι καὶ συνυπατεύσειν διήμαρτεν.

[5] ᾑρέθη γὰρ ἄκοντι τῷ Βρούτῳ συνάρχων ἀντὶ τοῦ Οὐαλερίου Ταρκύνιος Κολλατῖνος ὁ Λουκρητίας ἀνήρ, οὐδὲν ἀρετῇ Οὐαλερίου διαφέρων ἀλλ᾽ οἱ δυνατοί, δεδιότες τοὺς βασιλεῖς ἔτι πολλὰ πειρῶντας ἔξωθεν καὶ μαλάσσοντας τὴν πόλιν, ἐβούλοντο τὸν ἐντονώτατον αὐτοῖς ἐχθρὸν ἔχειν στρατηγὸν ὡς οὐχ ὑφησόμενον.

[2] [1] Ἀγανακτῶν οὖν ὁ Οὐαλέριος, εἰ μὴ πιστεύεται πάντα πράττειν ἕνεκα τῆς πατρίδος, ὅτι μηδὲν ἰδίᾳ κακῶς ὑπὸ τῶν τυράννων πέπονθε, τῆς τε βουλῆς ἀπέστη, καὶ τὰς συνηγορίας ἀπεῖπε, καὶ τὸ πράττειν τὰ κοινὰ παντελῶς ἐξέλιπεν, ὥστε καὶ λόγον τοῖς πολλοῖς παρασχεῖν καὶ φροντίδα, φοβουμένοις μὴ δι᾽ ὀργὴν προσθέμενος τοῖς βασιλεῦσιν ἀνατρέψῃ τὰ πράγματα καὶ τὴν πόλιν, [2] ἐπισφαλῶς ἔχουσαν. ἐπεὶ δὲ καὶ πρὸς ἑτέρους τινὰς ὑποψίαν ἔχων ὁ Βροῦτος ἐβούλετο διὰ σφαγίων ὁρκῶσαι τὴν βουλὴν

καὶ προεῖπεν ἡμέραν, καταβὰς μάλα φαιδρὸς εἰς ἀγορὰν ὁ Οὐαλέριος, καὶ πρῶτος ὀμόσας μηδὲν ἐνδώσειν μηδ᾽ ὑφήσεσθαι Ταρκυνίοις, ἀλλὰ πολεμήσειν κατὰ κράτος ὑπὲρ τῆς ἐλευθερίας, ἡδονήν τε τῇ βουλῇ καὶ [3] θάρσος ἅμα τοῖς ἄρχουσι παρέσχεν. εὐθὺς δὲ καὶ τὰ ἔργα τὸν ὅρκον ἐβεβαίου. πρέσβεις γὰρ ἧκον ἀπὸ Ταρκυνίου, γράμματα κομίζοντες ἐπαγωγὰ τοῦ δήμου καὶ λόγους ἐπιεικεῖς, οἷς μάλιστα τοὺς πολλοὺς ᾤοντο διαφθερεῖν, λεγομένοις παρὰ βασιλέως ἀφεικέναι τὸ φρόνημα [4] καὶ μετρίων δεῖσθαι δοκοῦντος. τούτους εἰς τὸ πλῆθος οἰομένων δεῖν τῶν ὑπάτων προαγαγεῖν, οὐκ εἴασεν ὁ Οὐαλέριος, ἀλλ᾽ ἐνέστη καὶ διεκώλυσεν ἀνθρώποις πένησι καὶ βαρυνομένοις μᾶλλον τῆς τυραννίδος τὸν πόλεμον ἀρχὰς καὶ προφάσεις νεωτερισμῶν ἐγγενέσθαι.

[3] [1] Μετὰ δὲ ταῦτα πρέσβεις ἧκον ἕτεροι, τῆς τε βασιλείας ἀφίστασθαι καὶ πολεμοῦντα παύεσθαι τὸν Ταρκύνιον λέγοντες, ἀπαιτεῖν δὲ τὰ χρήματα καὶ τὰς οὐσίας αὐτῷ καὶ φίλοις καὶ οἰκείοις, ἀφ᾽ ὧν διαβιώσονται φεύγοντες.

[2] ἐπικλωμένων δὲ πολλῶν καὶ μάλιστα τοῦ Κολλατίνου συναγορεύοντος, ἄτρεπτος ὢν ἀνὴρ καὶ τραχὺς ὀργὴν ὁ Βροῦτος ἐξέδραμεν εἰς ἀγοράν, προδότην ἀποκαλῶν τὸν συνάρχοντα, πολέμου καὶ τυραννίδος ἀφορμὰς χαριζόμενον οἷς δεινὸν ἦν ὄντως ἐφόδια φυγῆς ψηφίσασθαι.

[3] συνελθόντων δὲ τῶν πολιτῶν, πρῶτος ἰδιώτης ἀνὴρ εἶπεν ἐν δήμῳ τότε Γάιος Μινούκιος, τῷ τε Βρούτῳ διακελευόμενος καὶ τοῖς Ῥωμαίοις παραινῶν ὁρᾶν, ὅπως τὰ χρήματα μετ᾽ αὐτῶν ὄντα πολεμοίη πρὸς τοὺς τυράννους μᾶλλον ἢ μετ᾽ ἐκείνων πρὸς αὐτούς. οὐ μὴν ἀλλ᾽ ἔδοξε τοῖς Ῥωμαίοις, τὴν ἐλευθερίαν ἔχουσιν ὑπὲρ ἧς ἐπολέμουν, μὴ προέσθαι τὴν εἰρήνην ἕνεκα χρημάτων, [4] ἀλλὰ συνεκβαλεῖν καὶ ταῦτα τοῖς τυράννοις. ἦν δ᾽ ἄρα Ταρκυνίῳ λόγος μὲν ἐλάχιστος τῶν χρημάτων, ἡ δ᾽ ἀπαίτησις ἅμα πεῖρα τοῦ δήμου καὶ κατασκευὴ προδοσίας. καὶ ταῦτ᾽ ἔπραττον οἱ πρέσβεις, ὑπομένοντες ἐπὶ τῇ τῶν χρημάτων προφάσει, τὰ μὲν ἀποδίδοσθαι, τὰ δὲ φυλάττειν, τὰ δ᾽ ἀποπέμπειν φάσκοντες, ἄχρι οὗ διέφθειραν οἴκους δύο τῶν καλῶν καὶ ἀγαθῶν νομιζομένων, τὸν Ἀκυιλλίων, τρεῖς ἔχοντα βουλευτάς, καὶ δύο τὸν Οὐιτελλίων.

[5] οὗτοι πάντες ἦσαν ἀπὸ μητέρων ἀδελφιδοῖ Κολλατίνου τοῦ ὑπατεύοντος, ἰδίᾳ δ᾽ Οὐιτελλίοις ἑτέρα πρὸς Βροῦτον οἰκειότης ὑπῆρχεν. ἀδελφὴν γὰρ αὐτῶν ὁ Βροῦτος εἶχε καὶ παῖδας ἐξ αὐτῆς πλείονας· ὧν δύο τοὺς ἐν ἡλικίᾳ συγγενεῖς ὄντας ἅμα καὶ συνήθεις οἱ Οὐιτέλλιοι προσηγάγοντο καὶ συνέπεισαν ἐν τῇ προδοσίᾳ γενέσθαι, καὶ καταμείξαντας ἑαυτοὺς εἰς γένος μέγα τὸ Ταρκυνίων καὶ βασιλικὰς ἐλπίδας ἀπαλλαγῆναι τῆς τοῦ πατρὸς ἀβελτερίας καὶ χαλεπότητος· χαλεπότητα μὲν τὸ ἀπαραίτητον

αὐτοῦ πρὸς τοὺς πονηροὺς λέγοντες· τῇ δ' ἀβελτερίᾳ προσποιήματι καὶ παρακαλύμματι πολὺν χρόνον ὡς ἔοικε χρησάμενος ἀσφαλείας ἕνεκα πρὸς τοὺς τυράννους, οὐδ' ὕστερον ἔφυγεν αὐτῆς τὴν ἐπωνυμίαν.

[4] [1] Ὡς οὖν συνεπείσθη τὰ μειράκια καὶ τοῖς Ἀκυιλλίοις εἰς λόγους ἦλθεν, ὅρκον ὀμόσαι μέγαν ἔδοξε πᾶσι καὶ δεινόν, ἀνθρώπου σφαγέντος ἐπισπείσαντας αἷμα καὶ τῶν σπλάγχνων θιγόντας. ἐπὶ τούτοις εἰς τὴν Ἀκυιλλίων [2] οἰκίαν συνῆλθον. ἦν δ' ὁ οἶκος ἐν ᾧ ταῦτα δράσειν ἔμελλον οἷον εἰκὸς ὑπέρημος καὶ σκοτώδης. ἔλαθεν οὖν αὐτοὺς οἰκέτης ὄνομα Οὐινδίκιος ἔνδον ἀποκρύψας ἑαυτόν, οὐ κατ' ἐπιβουλὴν ἢ προαίσθησίν τινα τοῦ μέλλοντος, ἀλλ' ἔνδον ὢν ἔτυχε, καὶ προσιοῦσιν αὐτοῖς μετὰ σπουδῆς ὀφθῆναι φοβηθείς, ὑπέστη λάρνακα κενὴν πρὸ αὐτοῦ ποιησάμενος, ὥστε καὶ τῶν πραττομένων θεατὴς γενέσθαι [3] καὶ τῶν βουλευμάτων ἐπήκοος. ἔδοξε δ' αὐτοῖς τοὺς ὑπάτους ἀναιρεῖν, καὶ ταῦτα δηλούσας γράψαντες ἐπιστολὰς πρὸς τὸν Ταρκύνιον ἔδοσαν τοῖς πρέσβεσι· καὶ γὰρ ᾤκουν αὐτόθι, τῶν Ἀκυιλλίων ξένοι γεγονότες, [4] καὶ τότε τῇ συνωμοσίᾳ παρῆσαν. ὡς δὲ ταῦτα πράξαντες ἀπηλλάγησαν, ὑπεξελθὼν ὁ Οὐινδίκιος λάθρα χρήσασθαι τοῖς προσπεσοῦσιν οὐκ εἶχεν, ἀλλ' ἠπορεῖτο, δεινὸν μὲν ἡγούμενος, ὥσπερ ἦν, πρὸς πατέρα Βροῦτον υἱῶν ἐξάγιστα κατηγορεῖν, ἢ πρὸς θεῖον ἀδελφιδῶν τὸν Κολλατῖνον, ἰδιώτην δὲ Ῥωμαίων οὐδένα νομίζων ἐχέγγυον [5] ἀπορρήτων τηλικούτων. πᾶν δ' αὖ μᾶλλον ἢ δυνατὸς ὢν ἡσυχίαν ἄγειν, ἐλαυνόμενος δὲ τῷ συνειδότι τοῦ πράγματος, ὥρμησε πρὸς τὸν Οὐαλέριον, μάλιστά πως τοῖς κοινοῖς καὶ φιλανθρώποις ἐπαχθεὶς τοῦ ἀνδρός, ὅτι πᾶσιν εὐπρόσοδος ἦν τοῖς δεομένοις, καὶ τὴν οἰκίαν ἀνεῳγμένην ἀεὶ παρεῖχε, καὶ λόγον οὐδενὸς οὐδὲ χρείαν ἀπερρίπτει τῶν ταπεινῶν.

[5] [1] Ὡς οὖν ἀνέβη πρὸς αὐτὸν ὁ Οὐινδίκιος καὶ κατεῖπε πάντα, Μάρκου τε τοῦ ἀδελφοῦ παρόντος αὐτῷ μόνου καὶ τῆς γυναικός, ἐκπλαγεὶς καὶ δείσας ὁ Οὐαλέριος οὐκέτι προήκατο τὸν ἄνθρωπον, ἀλλὰ κατακλείσας εἴς τι οἴκημα, καὶ φύλακα τὴν ἑαυτοῦ γυναῖκα ταῖς θύραις ἐπιστήσας, τὸν μὲν ἀδελφὸν ἐκέλευσε τὴν βασιλικὴν ἔπαυλιν περισχόντα τὰ γράμματα λαβεῖν, ἂν δυνατὸν ᾖ, καὶ τοὺς οἰκέτας παραφυλάττειν· αὐτὸς δέ, πελατῶν τε πολλῶν καὶ φίλων ἀεὶ περὶ αὐτὸν ὄντων καὶ θεραπείας συχνῆς, ἐβάδιζε πρὸς τὴν οἰκίαν τῶν Ἀκυιλλίων, οὐκ [2] ἔνδον ὄντων. διὸ μηδενὸς ἂν προσδοκήσαντος ὠσάμενος διὰ θυρῶν, ἐπιτυγχάνει τοῖς γράμμασι, κειμένοις ὅπου κατέλυον οἱ πρέσβεις. ταῦτα δ' αὐτοῦ πράττοντος, οἱ Ἀκυίλλιοι δρόμῳ προσεφέροντο, καὶ περὶ τὰς θύρας συμμείξαντες, [3] ἐζήτουν ἀφελέσθαι τὰς ἐπιστολάς· οἱ δ' ἠμύνοντο καὶ τὰ ἱμάτια περιβαλόντες αὐτῶν τοῖς τραχήλοις, ὑπὸ βίας καὶ μόλις ὠθούμενοι καὶ ὠθοῦντες, διὰ τῶν [4] στενωπῶν εἰς τὴν ἀγορὰν ἐνέβαλον. τὰ δ' αὐτὰ καὶ

περὶ τὴν ἔπαυλιν ἅμα τὴν βασιλικὴν ἐγίνετο, τοῦ Μάρκου γραμμάτων ἑτέρων ἐν τοῖς σκεύεσι κομιζομένων ἐπιλαμβανομένου καὶ τῶν βασιλικῶν ὅσους δυνατὸς ἦν ἕλκοντος εἰς τὴν ἀγοράν.

[6] [1] Ἐπεὶ δὲ τὸν θόρυβον κατέπαυσαν οἱ ὕπατοι, καὶ τοῦ Οὐαλερίου κελεύσαντος ἐκ τῆς οἰκίας ὁ Οὐινδίκιος προήχθη, καὶ γενομένης κατηγορίας ἀνεγνώσθη τὰ γράμματα, καὶ πρὸς οὐδὲν ἐτόλμησαν ἀντειπεῖν οἱ ἄνδρες, ἦν μὲν κατήφεια καὶ σιωπὴ τῶν ἄλλων, ὀλίγοι δὲ βουλόμενοι [2] τῷ Βρούτῳ χαρίζεσθαι φυγῆς ἐμέμνηντο. καί τι καὶ Κολλατῖνος αὐτοῖς ἐλπίδος ἐπιεικοῦς ἐνεδίδου δεδακρυμένος καὶ Οὐαλέριος σιωπῶν. ὁ δὲ Βροῦτος ὀνομαστὶ τῶν υἱῶν ἑκάτερον προσειπών, 'ἄγ' ὦ Τίτε' εἶπεν, 'ἄγ' ὦ [3] Τιβέριε, τί οὐκ ἀπολογεῖσθε πρὸς τὴν κατηγορίαν;' ὡς δ' οὐδὲν ἀπεκρίναντο τρὶς ἐρωτηθέντες, οὕτως πρὸς τοὺς ὑπηρέτας ἀποστρέψας τὸ πρόσωπον, 'ὑμέτερον' [4] εἶπεν 'ἤδη τὸ λοιπὸν ἔργον.' οἱ δ' εὐθὺς συλλαβόντες τοὺς νεανίσκους περιερρήγνυον τὰ ἱμάτια, τὰς χεῖρας ἀπῆγον ὀπίσω, ῥάβδοις κατέξαινον τὰ σώματα, τῶν μὲν ἄλλων οὐ δυναμένων προσορᾶν οὐδὲ καρτερούντων, ἐκεῖνον δὲ λέγεται μήτε τὰς ὄψεις ἀπαγαγεῖν ἀλλαχόσε, μήτ' οἴκτῳ τι τρέψαι τῆς περὶ τὸ πρόσωπον ὀργῆς καὶ βαρύτητος, ἀλλὰ δεινὸν ἐνορᾶν κολαζομένοις τοῖς παισίν, ἄχρι οὗ κατατείναντες αὐτοὺς ἐπὶ τοὔδαφος πελέκει [5] τὰς κεφαλὰς ἀπέκοψαν. οὕτω δὲ τοὺς ἄλλους ἐπὶ τῷ συνάρχοντι ποιησάμενος, ᾤχετ' ἐξαναστάς, ἔργον εἰργασμένος οὔτ' ἐπαινεῖν βουλομένοις ἀξίως οὔτε ψέγειν ἐφικτόν. ἢ γὰρ ἀρετῆς ὕψος εἰς ἀπάθειαν ἐξέστησεν ‹αὐτοῦ› τὴν ψυχήν, ἢ πάθους μέγεθος εἰς ἀναλγησίαν. οὐδέτερον δὲ μικρὸν οὐδ' ἀνθρώπινον, ἀλλ' ἢ θεῖον ἢ θηριῶδες.

[6] δίκαιον δὲ τῇ δόξῃ τοῦ ἀνδρὸς τὴν κρίσιν ἕπεσθαι μᾶλλον ἢ τὴν ἀρετὴν ἀσθενείᾳ τοῦ κρίνοντος ἀπιστεῖσθαι. Ῥωμαῖοι γὰρ οὐ τοσοῦτον ἔργον οἴονται Ῥωμύλου γενέσθαι τῆς πόλεως τὴν ἵδρυσιν, ὅσον Βρούτου τὴν κτίσιν τῆς πολιτείας καὶ κατάστασιν.

[7] [1] Ὡς δ' οὖν ἀπῆλθεν ἐξ ἀγορᾶς τότε, πολὺν μὲν χρόνον ἔκπληξις εἶχε καὶ φρίκη καὶ σιωπὴ πάντας ἐπὶ τοῖς διαπεπραγμένοις· πρὸς δὲ τὴν τοῦ Κολλατίνου μαλακίαν καὶ μέλλησιν ἀνεθάρρησαν οἱ Ἀκυίλλιοι, καὶ χρόνον ἠξίουν λαβόντες ἀπολογήσασθαι, καὶ τὸν Οὐινδίκιον αὐτοῖς ἀποδοθῆναι δοῦλον ὄντα, καὶ μὴ παρὰ τοῖς κατη[2] γόροις εἶναι. βουλομένου δὲ ταῦτα συγχωρεῖν καὶ διαλύοντος ἐπὶ τούτοις τὴν ἐκκλησίαν, ὁ Οὐαλέριος οὔτε τὸν ἄνθρωπον οἷός τ' ἦν ἀφεῖναι τῷ περὶ αὐτὸν ὄχλῳ καταμεμειγμένον, οὔτε τὸν δῆμον εἴα προέμενον τοὺς προδότας [3] ἀπελθεῖν. τέλος δὲ τοῖς σώμασιν ἐπιβαλὼν τὰς χεῖρας, ἐπεκαλεῖτο τὸν Βροῦτον, καὶ τὸν Κολλατῖνον ἐβόα δεινὰ ποιεῖν, εἰ τῷ συνάρχοντι παιδοφονίας ἀνάγκην προστριψάμενος, αὐτὸς

οἴεται δεῖν καταχαρίζεσθαι ταῖς [4] γυναιξὶ τοὺς προδότας καὶ πολεμίους τῆς πατρίδος. ἀγανακτοῦντος δὲ τοῦ ὑπάτου καὶ κελεύοντος ἀπάγεσθαι τὸν Οὐινδίκιον, οἱ μὲν ὑπηρέται διωσάμενοι τὸν ὄχλον ἥπτοντο τοῦ ἀνθρώπου καὶ τοὺς ἀφαιρουμένους ἔτυπτον, οἱ δὲ φίλοι τοῦ Οὐαλερίου προέστησαν ἀμυνόμενοι, καὶ [5] ὁ δῆμος ἐβόα κελεύων παρεῖναι τὸν Βροῦτον. ἧκεν οὖν αὖθις ὑποστρέψας, καὶ γενομένης αὐτῷ σιωπῆς, εἶπεν ὅτι τοῖς μὲν υἱοῖς αὐτὸς ἀποχρῶν ἦν δικαστής, περὶ δὲ τῶν ἄλλων τοῖς πολίταις ἐλευθέροις οὖσι ψῆφον δίδωσι· λεγέτω δ' ὁ βουλόμενος καὶ πειθέτω τὸν δῆμον. οὐκέτι μέντοι λόγων ἐδέησεν, ἀλλὰ τῆς ψήφου δοθείσης, πάσαις [6] ἁλόντες ἐπελεκίσθησαν. ὁ δὲ Κολλατῖνος ἦν μὲν ὡς ἔοικεν ἐν ὑποψίᾳ τινὶ καὶ διὰ συγγένειαν τῶν βασιλέων, ἤχθοντο δ' αὐτοῦ καὶ τῷ δευτέρῳ τῶν ὀνομάτων, ἀφοσιούμενοι τὸν Ταρκύνιον. ὡς δὲ καὶ ταῦτα συνέβη, παντάπασι προσκρούσας ἀφῆκε τὴν ἀρχὴν ἑκὼν καὶ τῆς πόλεως [7] ὑπεξῆλθεν. οὕτω δὴ πάλιν ἀρχαιρεσιῶν γενομένων, ὕπατος ἀπεδείχθη λαμπρῶς ὁ Οὐαλέριος, ἀξίαν ἀπολαβὼν τῆς προθυμίας χάριν· ἧς οἰόμενός τι δεῖν ἀπολαῦσαι τὸν Οὐινδίκιον, ἐψηφίσατο πρῶτον ἀπελεύθερον ἐκεῖνον ἐν τῇ Ῥώμῃ γενέσθαι πολίτην καὶ φέρειν ψῆφον, ᾗ βούλοιτο [8] φρατρίᾳ προσνεμηθέντα. τοῖς δ' ἄλλοις ἀπελευθέροις ὀψὲ καὶ μετὰ πολὺν χρόνον ἐξουσίαν ψήφου δημαγωγῶν ἔδωκεν Ἄππιος. ἡ δὲ παντελὴς ἀπελευθέρωσις ἄχρι νῦν οὐινδίκτα λέγεται δι' ἐκεῖνον ὥς φασι τὸν Οὐινδίκιον.

[8] [1] Ἐκ τούτου τὰ μὲν χρήματα τῶν βασιλέων διαρπάσαι τοῖς Ῥωμαίοις ἔδωκαν, τὴν δ' οἰκίαν κατέσκαψαν καὶ τὴν ἔπαυλιν. τοῦ δ' Ἀρείου πεδίου τὸ ἥδιστον ἐκέκτητο [2] Ταρκύνιος, καὶ τοῦτο τῷ θεῷ καθιέρωσαν. ἔτυχε δὲ τεθερισμένον ἄρτι, καὶ κειμένων ἔτι τῶν δραγμάτων, οὐκ ᾤοντο δεῖν ἀλοᾶν οὐδὲ χρῆσθαι διὰ τὴν καθιέρωσιν, ἀλλὰ συνδραμόντες ἐφόρουν τὰς ἀμάλλας εἰς τὸν ποταμόν.

[3] ὡς δ' αὕτως καὶ τὰ δένδρα κόπτοντες ἐνέβαλλον, ἀργὸν παντάπασι τὸ χωρίον ἀνιέντες τῷ θεῷ καὶ ἄκαρπον.

[4] ὠθουμένων δὲ πολλῶν ἐπ' ἀλλήλοις καὶ ἀθρόων, ὑπήγαγεν ὁ ῥοῦς οὐ πολὺν τόπον, ἀλλ' ὅπου τὰ πρῶτα συνενεχθέντα καὶ περιπεσόντα τοῖς στερεοῖς ὑπέστη, τῶν ἐπιφερομένων διέξοδον οὐκ ἐχόντων, ἀλλ' ἐνισχομένων καὶ περιπλεκομένων, ἐλάμβανεν ἡ σύμπηξις ἰσχὺν καὶ ῥίζωσιν, [5] αὐξανομένην ὑπὸ τοῦ ῥεύματος. ἰλύν τε γὰρ ἐπήγαγε πολλήν, ἣ προσισταμένη τροφὴν παρεῖχεν ἅμα καὶ κόλλησιν, αἵ τε πληγαὶ σάλον οὐκ ἐποίουν, ἀλλὰ μαλακῶς πιέζουσαι συνήλαυνον εἰς ταὐτὸ πάντα καὶ συνέπλαττον.

[6] ὑπὸ δὲ μεγέθους καὶ στάσεως ἕτερον αὐτῷ μέγεθος ἐκτᾶτο καὶ χώραν ἀναδεχομένην τὰ πλεῖστα τῶν ὑπὸ τοῦ ποταμοῦ καταφρομένων. τοῦτο νῦν νῆσός ἐστιν ἱερὰ κατὰ τὴν πόλιν, ἔχει δὲ καὶ ναοὺς θεῶν καὶ περιπάτους, καλεῖται δὲ φωνῇ τῇ Λατίνων Μέσον δυεῖν γεφυρῶν.

[7] ἔνιοι δὲ τοῦτο συμπεσεῖν ἱστοροῦσιν οὐχ ὅτε τὸ Ταρκυνίου καθιερώθη πεδίον, ἀλλὰ χρόνοις ὕστερον ἄλλο χωρίον [8] ὁμοροῦν ἐκείνῳ Ταρκυνίας ἀνείσης. ἡ δὲ Ταρκυνία παρθένος ἦν ἱέρεια, μία τῶν Ἑστιάδων, ἔσχε δὲ τιμὰς ἀντὶ τούτου μεγάλας, ἐν αἷς ἦν καὶ τὸ μαρτυρίαν αὐτῆς δέχεσθαι μόνης γυναικῶν· τὸ δ' ἐξεῖναι γαμεῖσθαι ψηφισαμένων οὐ προσεδέξατο. καὶ ταῦτα μὲν οὕτω γενέσθαι μυθολογοῦσι.

[9] [1] Ταρκύνιον δὲ τὴν ἐκ προδοσίας ἀπογνόντα τῆς ἀρχῆς ἀνάληψιν ἐδέξαντο Τυρρηνοὶ προθύμως, καὶ μεγάλῃ [2] δυνάμει κατῆγον. ἀντεξῆγον δὲ τοὺς Ῥωμαίους οἱ ὕπατοι καὶ παρέταξαν ἐν χωρίοις ἱεροῖς, ὧν τὸ μὲν Ὁράτιον ἄλσος, τὸ δὲ Ναιούιον λειμῶνα προσαγορεύουσιν.

[3] ἀρχομένων δ' αὐτῶν συνάγειν εἰς χεῖρας, Ἄρρων ὁ Ταρκυνίου παῖς καὶ Βροῦτος ὁ Ῥωμαίων ὕπατος, οὐ κατὰ τύχην ἀλλήλοις περιπεσόντες, ἀλλ' ὑπ' ἔχθους καὶ ὀργῆς, ὁ μὲν ὡς ἐπὶ τύραννον καὶ πολέμιον τῆς πατρίδος, ὁ δὲ [4] τῆς φυγῆς ἀμυνόμενος, ὥρμησαν ὁμόσε τοῖς ἵπποις. θυμῷ δὲ μᾶλλον ἢ λογισμῷ προσμείξαντες, ἠφείδησαν αὑτῶν καὶ συναπέθανον ἀλλήλοις. οὕτω δὲ δεινοῦ γενομένου τοῦ προάγωνος, οὐκ ἔσχεν ὁ ἀγὼν τέλος ἐπιεικέστερον, ἀλλὰ καὶ δράσαντες ἴσα καὶ παθόντες οἱ στρατοὶ [5] διεκρίθησαν ὑπὸ χειμῶνος. ἦν οὖν ἐν ἀπόροις ὁ Οὐαλέριος, οὐκ εἰδὼς τὸ τῆς μάχης πέρας, ἀλλὰ τοὺς στρατιώτας ὁρῶν τοῖς μὲν αὑτῶν νεκροῖς ἀθυμοῦντας, ἐπαιρομένους δὲ τοῖς τῶν πολεμίων· οὕτως ἄκριτος ἦν καὶ [6] παράλληλος ὑπὸ πλήθους ὁ φόνος. οὐ μὴν ἀλλ' ἑκατέροις ἐγγύθεν ὁρώμενα τὰ οἰκεῖα μᾶλλον ἐβεβαίου τὴν ἧτταν ἢ τὴν νίκην εἰκαζόμενα τὰ τῶν πολεμίων. ἐπελθούσης δὲ νυκτὸς οἵαν εἰκὸς οὕτω μεμαχημένοις, καὶ γενομένων ἐν ἡσυχίᾳ τῶν στρατοπέδων, λέγουσι σεισθῆναι τὸ ἄλσος, ἐκ δ' αὐτοῦ φωνὴν ἐκπεσεῖν μεγάλην, φράζουσαν ὡς ἑνὶ πλείους ἐν τῇ μάχῃ τεθνήκασι Τυρρηνῶν [7] ἢ Ῥωμαίων. ἦν δ' ἄρα θεῖόν τι τὸ φθεγξάμενον εὐθὺς [τε] γὰρ ὑπ' αὐτοῦ τοῖς μὲν ἀλαλάξαι παρέστη μέγα καὶ θαρσαλέον, οἱ δὲ Τυρρηνοὶ περίφοβοι γενόμενοι καὶ συνταραχθέντες ἐξέπεσον τοῦ στρατοπέδου, καὶ διεσπάρησαν οἱ πλεῖστοι. τοὺς δὲ καταλειφθέντας ὀλίγῳ πεντακισχιλίων ἐλάσσους ἐπελθόντες εἷλον οἱ Ῥωμαῖοι, καὶ [8] τἆλλα διήρπασαν. οἱ δὲ νεκροὶ διαριθμηθέντες εὑρέθησαν τριακόσιοι μὲν ἐπὶ χιλίοις καὶ μυρίοις οἱ τῶν πολεμίων, οἱ δὲ Ῥωμαίων παρ' ἕνα τοσοῦτοι. ταύτην τὴν μάχην λέγουσι γενέσθαι πρὸ μιᾶς καλανδῶν Μαρτίων.

[9] ἐθριάμβευσε δ’ ἀπ’ αὐτῆς Οὐαλέριος, εἰσελάσας τεθρίππῳ πρῶτος ὑπάτων, καὶ τὸ πρᾶγμα σεμνὴν καὶ μεγαλοπρεπῆ παρέσχεν ὄψιν, οὐκ ἐπίφθονον οὐδ’ ἀνιάσασαν. ὡς ἔνιοι λέγουσι, τοὺς ὁρῶντας· οὐ γὰρ ἂν ἔσχε ζῆλον τοσοῦτον οὐδὲ φιλοτιμίαν εἰς ἔτη πάμπολλα διαμένουσαν.

[10] ἀπεδέξαντο δὲ τοῦ Οὐαλερίου καὶ τὰς εἰς τὸν συνάρχοντα τιμάς, αἷς ἐκκομιζόμενον καὶ θαπτόμενον ἐκόσμησε, καὶ λόγον ἐπ’ αὐτῷ διεξῆλθεν ἐπιτάφιον, ὃς οὕτως ὑπὸ Ῥωμαίων ἠγαπήθη καὶ τοσαύτην ἔσχε χάριν, ὥστε πᾶσι τοῖς ἀγαθοῖς καὶ μεγάλοις ὑπάρχειν ἐξ ἐκείνου [11] τελευτήσασιν ὑπὸ τῶν ἀρίστων ἐγκωμιάζεσθαι. λέγεται δὲ καὶ τῶν Ἑλληνικῶν ἐπιταφίων ἐκεῖνος γενέσθαι πρεσβύτερος, εἴγε μὴ καὶ τοῦτο Σόλωνός ἐστιν, ὡς Ἀναξιμένης ὁ ῥήτωρ (fr. 5 M.) ἱστόρηκεν.

[10] [1] Ἀλλὰ δι’ ἐκεῖνα μᾶλλον ἤχθοντο τῷ Οὐαλερίῳ καὶ προσέκρουον, ὅτι Βροῦτος μέν, ὃν πατέρα τῆς ἐλευθερίας ἐνόμιζεν ὁ δῆμος, οὐκ ἠξίωσε μόνος ἄρχειν, ἀλλὰ καὶ πρῶτον αὑτῷ συνάρχοντα προσείλετο καὶ δεύτερον· ‘οὑτοσὶ δ’’, ἔφασαν, ‘εἰς ἑαυτὸν ἅπαντα συνενεγκάμενος, οὐκ ἔστι τῆς Βρούτου κληρονόμος ὑπατείας μηδὲν αὐτῷ [2] προσηκούσης, ἀλλὰ τῆς Ταρκυνίου τυραννίδος. καίτοι τί δεῖ λόγῳ μὲν Βροῦτον ἐγκωμιάζειν, ἔργῳ δὲ μιμεῖσθαι Ταρκύνιον, ὑπὸ ῥάβδοις ὁμοῦ πάσαις καὶ πελέκεσι κατιόντα μόνον ἐξ οἰκίας τοσαύτης τὸ μέγεθος, ὅσην οὐ [3] καθεῖλε τὴν τοῦ βασιλέως;’ καὶ γὰρ ὄντως ὁ Οὐαλέριος ᾤκει τραγικώτερον ὑπὲρ τὴν καλουμένην Οὐελίαν οἰκίαν ἐπικρεμαμένην τῇ ἀγορᾷ καὶ καθορῶσαν ἐξ ὕψους ἅπαντα, δυσπρόσοδον δὲ πελάσαι καὶ χαλεπὴν ἔξωθεν, ὥστε καταβαίνοντος αὐτοῦ τὸ σχῆμα μετέωρον εἶναι καὶ βασιλικὸν [4] τῆς προπομπῆς τὸν ὄγκον. ὅσον οὖν ἐν ἀρχῇ καὶ πράγμασι μεγάλοις ἀγαθὸν ἦν ἔχειν ὦτα παρρησίαν ἀντὶ [5] κολακείας προσιέμενα καὶ λόγους ἀληθεῖς, ἔδειξεν. ἀκούσας γὰρ ὅτι τοῖς πολλοῖς ἁμαρτάνειν ἐδόκει τῶν φίλων διεξιόντων, οὐκ ἐφιλονίκησεν οὐδ’ ἠγανάκτησεν, ἀλλὰ ταχὺ πολλοὺς συναγαγὼν τεχνίτας, ἔτι νυκτὸς οὔσης κατέβαλε τὴν οἰκίαν καὶ κατέσκαψεν εἰς ἔδαφος πᾶσαν, ὥστε μεθ’ ἡμέραν τοὺς Ῥωμαίους ὁρῶντας καὶ συνισταμένους, τοῦ μὲν ἀνδρὸς ἀγαπᾶν καὶ θαυμάζειν τὴν μεγαλοφροσύνην, ἄχθεσθαι δὲ τῆς οἰκίας καὶ ποθεῖν τὸ μέγεθος καὶ τὸ κάλλος, ὥσπερ ἀνθρώπου διὰ φθόνον οὐ δικαίως καταλελυμένης, τοῦ δ’ ἄρχοντος ὥσπερ ἀνεστίου [6] παρ’ ἑτέροις οἰκοῦντος. ἐδέχοντο γὰρ οἱ φίλοι τὸν Οὐαλέριον, ἄχρι οὗ τόπον ἔδωκεν ὁ δῆμος αὐτῷ καὶ κατεσκεύασεν οἰκίαν ἐκείνης μετριωτέραν, ὅπου νῦν ἱερόν [7] ἐστιν Οὐίκας Πότας ὀνομαζόμενον. βουλόμενος δὲ μὴ μόνον ἑαυτόν, ἀλλὰ καὶ τὴν ἀρχὴν ἀντὶ φοβερᾶς χειροήθη καὶ προσφιλῆ ποιεῖν τοῖς πολλοῖς, τούς τε πελέκεις ἀπέλυσε τῶν ῥάβδων, αὐτάς τε τὰς ῥάβδους εἰς ἐκκλησίαν παριὼν

ὑφῆκε τῷ δήμῳ καὶ κατέκλινε, μέγα ποιῶν τὸ πρόσχημα τῆς δημοκρατίας. καὶ τοῦτο μέχρι [8] νῦν διαφυλάττουσιν οἱ ἄρχοντες. ἐλάνθανε δὲ τοὺς πολλοὺς οὐχ ἑαυτὸν ὡς ᾤοντο ποιῶν ταπεινόν, ἀλλὰ τὸν φθόνον τῇ μετριότητι ταύτῃ καθαιρῶν καὶ κολούων, ἑαυτῷ δὲ προστιθεὶς τοσοῦτον μέγεθος δυνάμεως, ὅσον ἀφαιρεῖν ἐδόκει τῆς ἐξουσίας, ὑποδυομένου μεθ’ ἡδονῆς [9] αὐτῷ τοῦ δήμου καὶ φέροντος ἑκουσίως, ὥστε καὶ Ποπλικόλαν ἀνηγόρευσεν αὐτόν· σημαίνει δὲ τοὔνομα δημοκηδῆ· καὶ τοῦτο μᾶλλον ἴσχυσε τῶν ἀρχαίων ὀνομάτων, ᾧ καὶ ἡμεῖς χρησόμεθα, τὸν λοιπὸν βίον τοῦ ἀνδρὸς ἱστοροῦντες.

[11] [1] Ὑπατείαν μὲν γὰρ ἔδωκε μετιέναι καὶ παραγγέλλειν τοῖς βουλομένοις· πρὸ δὲ τῆς καταστάσεως τοῦ συνάρχοντος οὐκ εἰδὼς τὸν γενησόμενον, ἀλλὰ δεδιὼς ἀντίπραξιν ὑπὸ φθόνου τινὸς ἢ ἀγνοίας, ἐχρήσατο τῇ μοναρχίᾳ πρὸς τὰ κάλλιστα καὶ μέγιστα τῶν πολιτευμάτων.

[2] πρῶτον μὲν γὰρ ἀνεπλήρωσε τὴν βουλὴν ὀλιγανδροῦσαν· ἐτεθνήκεσαν γὰρ οἱ μὲν ὑπὸ Ταρκυνίου πρότερον, οἱ δ’ ἔναγχος ἐν τῇ μάχῃ. τοὺς δ’ ἐγγραφέντας ὑπ’ αὐτοῦ λέγουσιν ἑκατὸν καὶ ἑξήκοντα τέσσαρας γενέσθαι.

[3] μετὰ δὲ ταῦτα νόμους ἔγραψεν, ὧν μάλιστα μὲν ἰσχυροὺς ἐποίησε τοὺς πολλοὺς ὁ τὸν δῆμον ἀπὸ τῶν ὑπάτων τῷ φεύγοντι δίκην ἐπικαλεῖσθαι διδούς· δεύτερος ὁ τοὺς ἀρχὴν ἀναλαβόντας, ἣν ὁ δῆμος οὐκ ἔδωκεν, ἀποθνῄσκειν κελεύων· τρίτος δὲ μετὰ τούτους, ὃς ἐβοήθησε τοῖς πένησιν, ᾧ τὰ τέλη τῶν πολιτῶν ἀφεῖλε καὶ προθυμότερον ἅπτεσθαι τῶν ἐργασιῶν ἐποίησεν ἅπαντας.

[4] ὁ δὲ γραφεὶς κατὰ τῶν ἀπειθούντων τοῖς ὑπάτοις οὐχ ἧττον ἔδοξε δημοτικὸς εἶναι καὶ πρὸς τῶν πολλῶν μᾶλλον ἢ δυνατῶν γεγράφθαι. ζημίαν γὰρ ἀπειθείας [5] ἔταξε βοῶν πέντε καὶ δυεῖν προβάτων ἀξίαν. ἦν δὲ τιμὴ προβάτου μὲν ὀβολοὶ δέκα, βοὸς δ’ ἑκατόν, οὔπω νομίσματι χρωμένων πολλῷ τότε Ῥωμαίων, ἀλλὰ προβατείαις [6] καὶ κτηνοτροφίαις εὐθενούντων. διὸ καὶ τὰς οὐσίας ἄχρι νῦν ἀπὸ τῶν προβάτων πεκούλια καλοῦσι, καὶ τῶν νομισμάτων τοῖς παλαιοτάτοις βοῦν ἐνεχάραττον ἢ πρόβατον [7] ἢ σῦν. ἐτίθεντο δὲ καὶ παισὶν αὑτῶν Συΐλλους καὶ Βουβούλκους καὶ Καπραρίους ὀνόματα καὶ Πορκίους, κάπρας μὲν τὰς αἶγας, πόρκους δὲ τοὺς χοίρους ὀνομάζοντες.

[12] [1] Οὕτω δὲ περὶ ταῦτα δημοτικὸς γενόμενος νομοθέτης καὶ μέτριος, ἐν τῷ †μετρίῳ τὴν τιμωρίαν ὑπερέτεινεν. ἔγραψε γὰρ νόμον ἄνευ κρίσεως κτείνειν διδόντα τὸν βουλόμενον τυραννεῖν, κτείναντα δὲ φόνου καθαρὸν ἐποίησεν, εἰ παράσχοιτο τοῦ ἀδικήματος τοὺς ἐλέγχους.

[2] ἐπεὶ γὰρ οὐ δυνατὸν ἐπιχειροῦντα τηλικούτοις λαθεῖν ἅπαντας, οὐκ ἀδύνατον δὲ τὸ μὴ λαθόντα τοῦ κριθῆναι φθάσαι κρείττονα γενόμενον, ἣν ἀναιρεῖ τὸ ἀδίκημα κρίσιν προλαβεῖν ἔδωκε τῷ δυναμένῳ κατὰ τοῦ ἀδικοῦντος.

[3] Ἐπῃνέθη δὲ καὶ διὰ τὸν ταμιευτικὸν νόμον. ἐπεὶ γὰρ ἔδει χρήματα πρὸς τὸν πόλεμον εἰσενεγκεῖν ἀπὸ τῶν οὐσιῶν τοὺς πολίτας, οὔτ᾽ αὐτὸς ἅψασθαι τῆς οἰκονομίας οὔτε τοὺς φίλους ἐᾶσαι βουλόμενος, οὔθ᾽ ὅλως εἰς οἶκον ἰδιώτου παρελθεῖν δημόσια χρήματα, ταμιεῖον μὲν ἀπέδειξε τὸν τοῦ Κρόνου ναόν, ᾧ μέχρι νῦν χρώμενοι διατελοῦσι, ταμίας δὲ τῷ δήμῳ δύο τῶν νέων ἔδωκεν ἀποδεῖξαι· καὶ ἀπεδείχθησαν οἱ πρῶτοι Πούπλιος Οὐετούριος καὶ Μινούκιος Μᾶρκος, καὶ χρήματα συνήχθη [4] πολλά· τρισκαίδεκα γὰρ ἀπεγράψαντο μυριάδες, ὀρφανοῖς παισὶ καὶ χήραις γυναιξὶν ἀνεθείσης τῆς εἰσφορᾶς.

[5] Ταῦτα δὲ διοικήσας, ἀπέδειξεν ἑαυτῷ συνάρχοντα τὸν Λουκρητίας πατέρα Λουκρήτιον, ᾧ τῆς ἡγεμονικωτέρας ἐξιστάμενος ὄντι πρεσβυτέρῳ τάξεως παρέδωκε τοὺς καλουμένους φάσκης· καὶ τοῦτο διέμεινεν εἰς ἡμᾶς τὸ πρεσβεῖον ἀπ᾽ ἐκείνου τοῖς γεραιτέροις φυλαττόμενον.

[6] ἐπεὶ δ᾽ ὀλίγαις ἡμέραις ὕστερον ἐτελεύτησεν ὁ Λουκρήτιος, πάλιν ἀρχαιρεσιῶν γενομένων ᾑρέθη Μᾶρκος Ὁράτιος, καὶ συνῆρχε τῷ Ποπλικόλᾳ τὸν ὑπολειπόμενον χρόνον τοῦ ἐνιαυτοῦ.

[13] [1] Ταρκυνίου δὲ Ῥωμαίοις δεύτερον πόλεμον ἐν Τυρρηνίᾳ κινοῦντος, μέγα σημεῖον λέγεται γενέσθαι. βασιλεύων γὰρ ἔτι καὶ τὸν νεὼν τοῦ Καπιτωλίου Διὸς ἔχων ὁ Ταρκύνιος ὅσον οὔπω συντετελεσμένον, εἴτε μαντείας γενομένης, εἴτ᾽ αὐτῷ δόξαν ἄλλως, ἅρμα κατὰ κορυφὴν ἐπιστῆσαι κεραμεοῦν ἐξέδωκε Τυρρηνοῖς τισιν ἐξ Οὐηίων δημιουργοῖς, εἶτ᾽ ὀλίγον ὕστερον ἐξέπεσε τῆς ἀρχῆς.

[2] τῶν δὲ Τυρρηνῶν διαπεπλασμένον τὸ τέθριππον ἐμβαλόντων εἰς κάμινον, οὐκ ἔπαθεν ἃ προσήκει πάσχειν πηλὸν ἐν πυρί, πυκνοῦσθαι καὶ συνιζάνειν ἐκτηκομένης τῆς ὑγρότητος, ἀλλ᾽ ἐξέστη καὶ ᾤδησε καὶ μέγεθος ἔσχεν ἅμα ῥώμῃ καὶ σκληρότητι τοσοῦτον, ὥστε μόλις ἐξαιρεθῆναι, τὴν ὀροφὴν ἀποσκευασαμένων τῆς καμίνου καὶ [3] τῶν τοίχων περιαιρεθέντων. ὡς οὖν ἐδόκει τοῖς μάντεσι θεῖον εἶναι σημεῖον εὐτυχίας καὶ δυνάμεως παρ᾽ οἷς ἔσοιτο τὸ τέθριππον, ἔγνωσαν οἱ Οὐήιοι μὴ προέσθαι τοῖς Ῥωμαίοις ἀπαιτοῦσι, καὶ ἀπεκρίναντο τοῦτο Ταρκυνίοις, [4] οὐ τοῖς Ταρκυνίους ἐκβαλοῦσι προσήκειν. ὀλίγαις δ᾽ ὕστερον ἡμέραις ἦσαν ἵππων ἀγῶνες αὐτοῖς, καὶ τὰ μὲν ἄλλα θέαν καὶ σπουδὴν ‹τὴν› εἰωθυῖαν παρεῖχε, τὸ δὲ νικῆσαν τέθριππον ὁ μὲν ἡνίοχος ἐξήλαυνε τοῦ ἱπποδρόμου σχέδην

ἐστεφανωμένος, οἱ δ' ἵπποι πτοηθέντες ἀπ' οὐδεμιᾶς ἐμφανοῦς προφάσεως, ἀλλὰ κατὰ δή τι δαιμόνιον ἢ τυχαῖον, ἵεντο παντὶ τάχει πρὸς τὴν Ῥωμαίων πόλιν ἔχοντες τὸν ἡνίοχον, ὡς [δ'] οὐδὲν ἦν ἔργον αὐτοῦ κατατείνοντος οὐδὲ παρηγοροῦντος, ἀλλ' ἥρπαστο, δόντα τῇ ῥύμῃ καὶ φερόμενον, μέχρι οὗ τῷ Καπιτωλίῳ προσμείξαντες ἐξέβαλον αὐτὸν ἐνταῦθα περὶ τὴν [5] πύλην ἣν νῦν Ῥατουμέναν καλοῦσι. γενομένου δὲ τούτου θαυμάσαντες οἱ Οὐήιοι καὶ φοβηθέντες, ἐπέτρεψαν ἀποδοῦναι τὸ ἅρμα τοῖς τεχνίταις.

[14] [1] Τὸν δὲ νεὼν τοῦ Καπιτωλίου Διὸς εὔξατο μὲν ἀναθήσειν Ταρκύνιος ὁ Δημαράτου πολεμῶν Σαβίνοις, ᾠκοδόμησε δὲ Ταρκύνιος ὁ Σούπερβος, υἱὸς ὢν ἢ υἱωνὸς τοῦ εὐξαμένου, καθιερῶσαι δ' οὐκ ἔφθασεν, ἀλλὰ μικρὸν ἀπελείπετο τοῦ τέλος ἔχειν, ὅτε Ταρκύνιος ἐξέπιπτεν.

[2] ὡς οὖν ἀπείργαστο τελέως καὶ τὸν προσήκοντα κόσμον ἀπεῖχεν, ἦν τῷ Ποπλικόλᾳ φιλοτιμία πρὸς τὴν [3] καθιέρωσιν. ἐφθόνουν δὲ πολλοὶ τῶν δυνατῶν, καὶ ἤχθοντο ταῖς μὲν ἄλλαις τιμαῖς ἧττον, ἃς νομοθετῶν καὶ στρατηγῶν ἐκ προσηκόντων εἶχε, ταύτην δ' οὖσαν ἀλλοτρίαν οὐκ ᾤοντο δεῖν αὐτῷ προσγενέσθαι, καὶ τὸν Ὁράτιον προετρέποντο καὶ παρώξυνον ἀντιποιεῖσθαι τῆς καθιερώσεως.

[4] γενομένης οὖν τῷ Ποπλικόλᾳ στρατείας ἀναγκαίας, ψηφισάμενοι τὸν Ὁράτιον καθιεροῦν ἀνήγαγον εἰς τὸ Καπιτώλιον, ὡς οὐκ ἂν ἐκείνου περιγενόμενοι [5] παρόντος. ἔνιοι δέ φασι κλήρῳ τῶν ὑπάτων λαχεῖν ἐκεῖνον ἐπὶ τὴν στρατείαν ἄκοντα, τοῦτον δ' ἐπὶ τὴν καθιέρωσιν. ἔξεστι δὲ περὶ τούτων ὅπως ἔσχεν εἰκάζειν [6] τοῖς πραχθεῖσι περὶ τὴν καθιέρωσιν. εἰδοῖς οὖν Σεπτεμβρίαις - ὃ συντυγχάνει περὶ τὴν πανσέληνον μάλιστα τοῦ Μεταγειτνιῶνος - συνηθροισμένων ἁπάντων εἰς τὸ Καπιτώλιον, ὁ μὲν Ὁράτιος σιωπῆς γενομένης τά τ' ἄλλα δράσας καὶ τῶν θυρῶν ἁψάμενος, ὥσπερ ἔθος ἐστίν, ἐπεφθέγγετο τὰς νενομισμένας ἐπὶ τῇ καθιερώσει φωνάς· ὁ δ' ἀδελφὸς τοῦ Ποπλικόλα Μᾶρκος, ἐκ πολλοῦ παρὰ τὰς θύρας ὑφεστὼς καὶ παραφυλάττων τὸν καιρόν, 'ὦ ὕπατε' εἶπεν, 'ὁ υἱός σου τέθνηκεν ἐν τῷ στρατοπέδῳ [7] νοσήσας.' τοῦτο πάντας ἠνίασε τοὺς ἀκούσαντας· ὁ δ' Ὁράτιος οὐδὲν διαταραχθείς, ἀλλ' ἢ τοσοῦτον μόνον εἰπών, 'ῥίψατε τοίνυν ὅπου βούλεσθε τὸν νεκρόν, ἐγὼ γὰρ οὐ προσίεμαι τὸ πένθος,' ἐπέραινε τὴν λοιπὴν καθιέρωσιν.

[8] ἦν δὲ τὸ προσηγγελμένον οὐκ ἀληθές, ἀλλ' ὁ Μᾶρκος ὡς ἀποστήσων τὸν Ὁράτιον ἐψεύσατο. θαυμαστὸς οὖν ὁ ἀνὴρ τῆς εὐσταθείας, εἴτε τὴν ἀπάτην ἐν καιρῷ βραχεῖ συνεῖδεν, εἴτε πιστευθεὶς ὁ λόγος οὐκ ἐκίνησεν αὐτόν.

[15] [1] Ἔοικε δὲ καὶ περὶ τὸν δεύτερον ναὸν ὁμοία τύχη γενέσθαι τῆς καθιερώσεως. τὸν μὲν γὰρ πρῶτον ὡς εἴρηται Ταρκυνίου κατασκευάσαντος, Ὁρατίου δὲ καθιερώσαντος, ἐν τοῖς ἐμφυλίοις πολέμοις πῦρ ἀπώλεσε. τὸν δὲ δεύτερον ἀνέστησε μὲν Σύλλας, ἐπεγράφη δὲ τῇ [2] καθιερώσει Κάτουλος Σύλλα προαποθανόντος. τούτου δὲ πάλιν ἐν ταῖς κατὰ Οὐιτέλλιον στάσεσι διαφθαρέντος, τὸν τρίτον, τῇ πρὸς τὰ ἄλλα κἀν τούτῳ χρησάμενος εὐποτμίᾳ, Οὐεσπασιανὸς ἐξ ἀρχῆς ἄχρι τέλους ἀναγαγὼν ἐπεῖδε γενόμενον, καὶ φθειρόμενον μετ' ὀλίγον οὐκ ἐπεῖδεν, ἀλλὰ τοσοῦτον εὐτυχίᾳ Σύλλαν παρῆλθεν, ὅσον ἐκεῖνον μὲν τῆς ἀφιερώσεως τοῦ ἔργου, τοῦτον δὲ τῆς [3] ἀναιρέσεως προαποθανεῖν. ἅμα γὰρ τῷ τελευτῆσαι Οὐεσπασιανὸν ἐνεπρήσθη τὸ Καπιτώλιον. ὁ δὲ τέταρτος οὗτος ὑπὸ Δομετιανοῦ καὶ συνετελέσθη καὶ καθιερώθη. λέγεται δὲ Ταρκύνιον εἰς τοὺς θεμελίους ἀναλῶσαι λίτρας ἀργυρίου τετρακισμυρίας, τούτου δὲ τοῦ καθ' ἡμᾶς τὸν μέγιστον ‹ἂν› ἐν Ῥώμῃ τῶν ἰδιωτικῶν πλούτων ἐκλογισθέντα μὴ τελέσαι τὸ τῆς χρυσώσεως ἀνάλωμα, [4] πλέον ἢ δισχιλίων καὶ μυρίων ταλάντων γενόμενον. οἱ δὲ κίονες ἐκ τοῦ Πεντελῆσιν ἐτμήθησαν λίθου, κάλλιστα τῷ πάχει πρὸς τὸ μῆκος ἔχοντες· εἴδομεν γὰρ αὐτοὺς Ἀθήνησιν. ἐν δὲ Ῥώμῃ πληγέντες αὖθις καὶ ἀναξεσθέντες, οὐ τοσοῦτον ἔσχον γλαφυρίας, ὅσον ἀπώλεσαν συμμετρίας [5] τοῦ καλοῦ, διάκενοι καὶ λαγαροὶ φανέντες. ὁ μέντοι θαυμάσας τὴν τοῦ Καπιτωλίου πολυτέλειαν, εἰ μίαν εἶδεν ἐν οἰκίᾳ Δομετιανοῦ στοὰν ἢ βασιλικὴν ἢ βαλανεῖον ἢ παλλακίδων δίαιταν, οἷόν ἐστι τὸ λεγόμενον Ἐπιχάρμου πρὸς τὸν ἄσωτον (CGF 1, 1 p. 142 fr. 274 Kaibel)·

οὐ φιλάνθρωπος τύ γ' ἐσσ'· ἔχεις νόσον· χαίρεις
διδούς,

[6] τοιοῦτον ἄν τι πρὸς Δομετιανὸν εἰπεῖν προήχθη· οὐκ εὐσεβὴς οὐδὲ φιλότιμος τύ γ' ἐσσί· ἔχεις νόσον· χαίρεις κατοικοδομῶν, ὥσπερ ὁ Μίδας ἐκεῖνος ἅπαντά σοι χρυσᾶ καὶ λίθινα βουλόμενος γενέσθαι. ταῦτα μὲν οὖν περὶ τούτων.

[16] [1] Ὁ δὲ Ταρκύνιος μετὰ τὴν μεγάλην μάχην, ἐν ᾗ καὶ τὸν υἱὸν ἀπώλεσε μονομαχήσαντα Βρούτῳ, καταφυγὼν εἰς τὸ Κλούσιον ἱκέτευσε Λάραν Πορσίνναν, ἄνδρα καὶ δύναμιν ἔχοντα μεγίστην τῶν Ἰταλικῶν βασιλέων, καὶ δοκοῦντα χρηστὸν εἶναι καὶ φιλότιμον· ὁ δ' ὑπέσχετο [2] βοηθήσειν, καὶ πρῶτον μὲν ἔπεμψεν εἰς Ῥώμην κελεύων δέχεσθαι τὸν Ταρκύνιον· ὡς δ' οὐχ ὑπήκουσαν οἱ Ῥωμαῖοι, καταγγείλας αὐτοῖς πόλεμον καὶ χρόνον ἐν ᾧ καὶ τόπον εἰς ὃν ἔμελλεν ἐμβαλεῖν, ἀφίκετο μετὰ [3] πολλῆς δυνάμεως. Ποπλικόλας δ' ᾑρέθη μὲν ἀπὼν ὕπατος τὸ δεύτερον, καὶ σὺν αὐτῷ Τίτος Λουκρήτιος· ἐπανελθὼν δ' εἰς Ῥώμην καὶ βουλόμενος τῷ φρονήματι πρῶτον

ὑπερβαλέσθαι τὸν Πορσίνναν, ἔκτιζε πόλιν Σιγνουρίαν, ἤδη πλησίον ὄντος αὐτοῦ, καὶ τειχίσας μεγάλοις ἀναλώμασιν, ἑπτακοσίους ἀποίκους ἀπέστειλεν, ὡς [4] ῥᾳδίως φέρων καὶ ἀδεῶς τὸν πόλεμον. οὐ μὴν ἀλλὰ προσβολῆς ὀξείας τῷ Ἰανούκλῳ γενομένης, ἐξεώσθησαν μὲν οἱ φύλακες ὑπὸ τοῦ Πορσίννα, καὶ φεύγοντες ὀλίγου [5] συνεπεσπάσαντο τοὺς πολεμίους εἰς τὴν πόλιν. ἔφθη δὲ πρὸ τῶν πυλῶν ἐκβοηθήσας ὁ Ποπλικόλας, καὶ μάχην συνάψας παρὰ τὸν ποταμόν, ἀντεῖχε πλήθει βιαζομένοις τοῖς πολεμίοις, ἄχρι οὗ τραύμασι νεανικοῖς περιπεσὼν [6] ἀπεκομίσθη φοράδην ἐκ τῆς μάχης. τὸ δ’ αὐτὸ καὶ Λουκρητίου τοῦ συνάρχοντος αὐτῷ παθόντος, ἀθυμία τοῖς Ῥωμαίοις ἐνέπεσε, καὶ φυγῇ πρὸς τὴν πόλιν ἔσῳζον ἑαυτούς. ὠθουμένων δὲ τῶν πολεμίων διὰ τῆς ξυλίνης γεφύρας, ἐκινδύνευσεν ἡ Ῥώμη κατὰ κράτος ἁλῶναι. πρῶτος δὲ Κόκλης Ὁράτιος καὶ σὺν αὐτῷ δύο τῶν ἐπιφανεστάτων ἀνδρῶν, Ἑρμίνιος καὶ Λάρκιος, ἀντέστησαν [7] περὶ τὴν ξυλίνην γέφυραν. ὁ δ’ Ὁράτιος τὸν Κόκλην ἐπωνύμιον ἔσχεν, ἐν πολέμῳ τῶν ὀμμάτων θάτερον ἐκκοπείς· ὡς δ’ ἕτεροι λέγουσι, διὰ σιμότητα τῆς ῥινὸς ἐνδεδυκυίας, ὥστε μηδὲν εἶναι τὸ διορίζον τὰ ὄμματα καὶ τὰς ὀφρῦς συγκεχύσθαι, Κύκλωπα βουλόμενοι καλεῖν αὐτὸν οἱ πολλοὶ τῆς γλώσσης ὀλισθανούσης †ἐκράτησαν [8] ὑπὸ πλήθους †εἰς τὸ Κόκλην καλεῖσθαι. οὗτος ἑστὼς πρὸ τῆς γεφύρας ἠμύνετο τοὺς πολεμίους, ἄχρι οὗ διέκοψαν οἱ σὺν αὐτῷ κατόπιν τὴν γέφυραν. οὕτω δὲ μετὰ τῶν ὅπλων ἀφεὶς ἑαυτὸν εἰς τὸν ποταμόν, ἀπενήξατο καὶ προσέμειξε τῇ πέραν ὄχθῃ, δόρατι Τυρρηνικῷ βεβλημένος [9] τὸν γλουτόν. ὁ δὲ Ποπλικόλας τὴν ἀρετὴν θαυμάσας, παραυτίκα μὲν εἰσηγήσατο Ῥωμαίους ἅπαντας, ὅσην ἕκαστος ἐν ἡμέρᾳ τροφὴν ἀνήλισκε, δοῦναι συνεισενεγκόντας, ἔπειτα τῆς χώρας ὅσην αὐτὸς ἐν ἡμέρᾳ περιαρόσειεν. πρὸς δὲ τούτοις εἰκόνα χαλκῆν ἀνέστησαν [αὐτῷ] ἐν τῷ ἱερῷ τοῦ Ἡφαίστου, τὴν γενομένην ἐκ τοῦ τραύματος χωλότητα τῷ ἀνδρὶ μετὰ τιμῆς παρηγοροῦντες.

[17] [1] Ἐπικειμένου δὲ τοῦ Πορσίννα τῇ πόλει, καὶ λιμὸς ἥπτετο τῶν Ῥωμαίων, καὶ Τυρρηνῶν ἕτερος στρατὸς αὐτὸς καθ’ αὑτὸν εἰς τὴν χώραν ἐνέβαλε. Ποπλικόλας δὲ τὸ τρίτον ὑπατεύων, Πορσίννᾳ μὲν ἀτρεμῶν καὶ φυλάττων τὴν πόλιν ᾤετο δεῖν ἀντέχειν, τοῖς δὲ Τυρρηνοῖς ἐπεξῆλθε καὶ συμβαλὼν ἐτρέψατο καὶ πεντακισχιλίους αὐτῶν ἀνεῖλε.

[2] Τὸ δὲ περὶ Μούκιον εἴρηται μὲν ὑπὸ πολλῶν καὶ διαφόρως, λεκτέον δ’ ᾗ μάλιστα πεπίστευται καὶ ἡμῖν. ἦν ἀνὴρ εἰς πᾶσαν ἀρετὴν ἀγαθός, ἐν δὲ τοῖς πολεμικοῖς ἄριστος. ἐπιβουλεύων δὲ τὸν Πορσίνναν ἀνελεῖν, παρεισῆλθεν εἰς τὸ στρατόπεδον, Τυρρηνίδα φορῶν ἐσθῆτα καὶ [3] φωνῇ χρώμενος ὁμοία. περιελθὼν δὲ τὸ βῆμα τοῦ βασιλέως καθεζομένου, καὶ σαφῶς μὲν αὐτὸν οὐκ

εἰδώς, ἐρέσθαι δὲ περὶ αὐτοῦ δεδιώς, ὃν ᾠήθη μάλιστα τῶν συγκαθεζομένων ἐκεῖνον εἶναι, σπασάμενος τὸ ξίφος ἀπέκτεινεν.

[4] ἐπὶ τούτῳ δὲ συλληφθεὶς ἀνεκρίνετο, καί τινος ἐσχαρίδος πῦρ ἐχούσης μέλλοντι τῷ Πορσίννᾳ θύειν κεκομισμένης, ὑπερσχὼν τὴν δεξιὰν καιομένης τῆς σαρκὸς εἱστήκει πρὸς τὸν Πορσίνναν ἀποβλέπων ἰταμῷ καὶ ἀτρέπτῳ τῷ προσώπῳ, μέχρι οὗ θαυμάσας ἀφῆκεν αὐτὸν [5] καὶ τὸ ξίφος ἀποδιδοὺς ὤρεξεν ἀπὸ τοῦ βήματος· ὁ δὲ τὴν εὐώνυμον προτείνας ἐδέξατο, καὶ διὰ τοῦτό φασιν αὐτῷ γενέσθαι τὸν Σκαιόλαν ἐπίκλησιν, ὅπερ ἐστὶ Λαιόν. ἔφη δὲ τὸν φόβον τοῦ Πορσίννα νενικηκὼς ἡττᾶσθαι τῆς ἀρετῆς, καὶ χάριτι μηνύειν ἃ πρὸς ἀνάγκην οὐκ ἂν [6] ἐξηγόρευσε. ‘τριακόσιοι γὰρ Ῥωμαίων’ ἔφη ‘τὴν αὐτὴν ἐμοὶ γνώμην ἔχοντες ἐν τῷ στρατοπέδῳ σου πλανῶνται, καιρὸν ἐπιτηροῦντες· ἐγὼ δὲ κλήρῳ λαχὼν καὶ προεπιχειρήσας, οὐκ ἄχθομαι τῇ τύχῃ, διαμαρτὼν ἀνδρὸς ἀγαθοῦ καὶ φίλου μᾶλλον ἢ πολεμίου Ῥωμαίοις εἶναι πρέποντος.’ [7] ταῦθ’ ὁ Πορσίννας ἀκούσας ἐπίστευσε καὶ πρὸς τὰς διαλύσεις ἥδιον ἔσχεν, οὐ τοσοῦτόν μοι δοκεῖ φόβῳ τῶν τριακοσίων, ὅσον ἀγασθεὶς καὶ θαυμάσας τὸ φρόνημα [8] καὶ τὴν ἀρετὴν τῶν Ῥωμαίων. τοῦτον τὸν ἄνδρα Μούκιον ὁμοῦ τι πάντων καὶ Σκαιόλαν καλούντων, Ἀθηνόδωρος ὁ Σάνδωνος (FHG III 487) ἐν τῷ πρὸς Ὀκταουίαν τὴν Καίσαρος ἀδελφὴν καὶ Ὀψίγονον ὠνομάσθαι φησίν.

[18] [1] Ὁ μέντοι Ποπλικόλας αὐτός, οὐχ οὕτω πολέμιον ὄντα τὸν Πορσίνναν βαρὺν ἡγούμενος, ὡς ἄξιον πολλοῦ τῇ πόλει φίλον γενέσθαι καὶ σύμμαχον, οὐκ ἔφευγεν ἐπ’ αὐτοῦ δίκῃ κριθῆναι πρὸς Ταρκύνιον, ἀλλ’ ἐθάρρει καὶ προὐκαλεῖτο πολλάκις, ὡς ἐξελέγξων κάκιστον ἀνδρῶν [2] καὶ δικαίως ἀφαιρεθέντα τὴν ἀρχήν. ἀποκριναμένου δὲ τοῦ Ταρκυνίου τραχύτερον, οὐδένα ποιεῖσθαι δικαστήν, ἥκιστα δὲ Πορσίνναν, εἰ σύμμαχος ὢν μεταβάλλεται, δυσχεράνας καὶ καταγνοὺς ὁ Πορσίννας, ἅμα δὲ τοῦ παιδὸς Ἄρροντος δεομένου καὶ σπουδάζοντος ὑπὲρ τῶν Ῥωμαίων, κατελύσατο τὸν πόλεμον, ἐξισταμένοις ἧς ἀπετέμοντο τῆς Τυρρηνίδος χώρας καὶ τοὺς αἰχμαλώτους ἀποπέμπουσι, κομιζομένοις δὲ τοὺς αὐτομόλους.

[3] ἐπὶ τούτοις ὁμήρους ἔδωκαν ἐξ εὐπατριδῶν περιπορφύρους δέκα καὶ παρθένους τοσαύτας, ὧν ἦν καὶ Ποπλικόλα θυγάτηρ Οὐαλερία.

[19] [1] Πραττομένων δὲ τούτων, τοῦ τε Πορσίννα πᾶσαν ἤδη τὴν πολεμικὴν ἀνεικότος παρασκευὴν διὰ πίστιν, αἱ παρθένοι τῶν Ῥωμαίων κατῆλθον ἐπὶ λουτρόν, ἔνθα δὴ μηνοειδής τις ὄχθη περιβάλλουσα τὸν ποταμὸν ἡσυχίαν [2] μάλιστα καὶ γαλήνην τοῦ κύματος παρεῖχεν. ὡς δ’ οὔτε τινὰ φυλακὴν ἑώρων οὔτε παριόντας ἄλλως ἢ διαπλέοντας, ὁρμὴν ἔσχον ἀπονήξασθαι πρὸς ῥεῦμα πολὺ καὶ δίνας βαθείας. ἔνιοι δέ φασι μίαν αὐτῶν ὄνομα Κλοιλίαν ἵππῳ

διεξελάσαι τὸν πόρον, ἐγκελευομένην ταῖς ἄλλαις [3] νεούσαις καὶ παραθαρρύνουσαν. ἐπεὶ δὲ σωθεῖσαι πρὸς τὸν Ποπλικόλαν ἧκον, οὐκ ἐθαύμασεν οὐδ’ ἠγάπησεν, ἀλλ’ ἠνιάθη, ὅτι Πορσίννα κακίων ἐν πίστει φανεῖται, καὶ τὸ τόλμημα τῶν παρθένων αἰτίαν ἕξει κακούργημα [4] Ῥωμαίων γεγονέναι. διὸ καὶ συλλαβὼν αὐτὰς πάλιν ἀπέστειλε πρὸς τὸν Πορσίνναν. ταῦτα δ’ οἱ περὶ τὸν Ταρκύνιον προαισθόμενοι, καὶ καθίσαντες ἐνέδραν τοῖς ἄγουσι τὰς παῖδας, ἐν τῷ περᾶν ἐπέθεντο πλείονες ὄντες.

[5] ἐκείνων δ’ ὅμως ἀμυνομένων, ἡ Ποπλικόλα θυγάτηρ Οὐαλερία διὰ μέσων ὁρμήσασα τῶν μαχομένων ἀπέφυγε, καὶ τρεῖς τινες οἰκέται συνδιεκπεσόντες ἔσῳζον αὐτήν.

[6] τῶν δ’ ἄλλων οὐκ ἀκινδύνως ἀναμεμειγμένων τοῖς μαχομένοις, αἰσθόμενος Ἄρρουν ὁ Πορσίννα υἱὸς ὀξέως προσεβοήθησε, καὶ φυγῆς γενομένης τῶν πολεμίων περιεποίησε [7] τοὺς Ῥωμαίους. ὡς δὲ τὰς παρθένους κομισθείσας ὁ Πορσίννας εἶδεν, ἐζήτει τὴν καταρξαμένην τῆς πράξεως καὶ παρακελευσαμένην ταῖς ἄλλαις. ἀκούσας δὲ τὸ ὄνομα τῆς Κλοιλίας, προσέβλεψεν αὐτὴν ἵλεῳ καὶ φαιδρῷ τῷ προσώπῳ, καὶ κελεύσας ἵππον ἀχθῆναι τῶν [8] βασιλικῶν κεκοσμημένον εὐπρεπῶς ἐδωρήσατο. τοῦτο ποιοῦνται μαρτύριον οἱ μόνην τὴν Κλοιλίαν λέγοντες ἵππῳ διεξελάσαι τὸν ποταμόν. οἱ δ’ οὔ φασιν, ἀλλὰ τιμῆσαι τὸ ἀνδρῶδες αὐτῆς τὸν Τυρρηνόν. ἀνάκειται δὲ τὴν ἱερὰν ὁδὸν πορευομένοις εἰς Παλάτιον ἀνδριὰς αὐτῆς ἔφιππος, ὅν τινες οὐ τῆς Κλοιλίας, ἀλλὰ τῆς Οὐαλερίας εἶναι λέγουσιν.

[9] Ὁ δὲ Πορσίννας διαλλαγεὶς τοῖς Ῥωμαίοις ἄλλην τε πολλὴν ἑαυτοῦ μεγαλοφροσύνην ἐπεδείξατο τῇ πόλει, καὶ τὰ ὅπλα τοὺς Τυρρηνοὺς ἀναλαβεῖν κελεύσας, ἄλλο δὲ μηδέν, ἀλλ’ ἐκλιπεῖν τὸν χάρακα σίτου τε πολλοῦ καὶ χρημάτων γέμοντα παντοδαπῶν, παρέδωκε τοῖς Ῥωμαίοις.

[10] διὸ καὶ καθ’ ἡμᾶς ἔτι πωλοῦντες τὰ δημόσια πρῶτα κηρύττουσι τὰ Πορσίννα χρήματα, τιμὴν τῷ ἀνδρὶ τῆς χάριτος ἀίδιον [ἐν] τῇ μνήμῃ διαφυλάττοντες. εἱστήκει δὲ καὶ χαλκοῦς ἀνδριὰς αὐτοῦ παρὰ τὸ βουλευτήριον, ἁπλοῦς καὶ ἀρχαϊκὸς τῇ ἐργασίᾳ.

[20] [1] Μετὰ δὲ ταῦτα Σαβίνων ἐμβαλόντων εἰς τὴν χώραν, ὕπατος μὲν ἀπεδείχθη Μᾶρκος Οὐαλέριος, ἀδελφὸς Ποπλικόλα, καὶ Ποστούμιος Τούβερτος. πραττομένων δὲ τῶν μεγίστων γνώμῃ καὶ παρουσίᾳ Ποπλικόλα, δυσὶ μάχαις μεγάλαις ὁ Μᾶρκος ἐνίκησεν, ὧν ἐν τῇ δευτέρᾳ μηδένα Ῥωμαίων ἀποβαλὼν τρισχιλίους ἐπὶ μυρίοις τῶν [2] πολεμίων ἀνεῖλε, καὶ γέρας ἔσχεν ἐπὶ τοῖς θριάμβοις, οἰκίαν αὐτῷ γενέσθαι δημοσίοις ἀναλώμασιν ἐν Παλατίῳ.

[3] τῶν δ’ ἄλλων τότε θυρῶν εἴσω τῆς οἰκίας εἰς τὸ κλισίον ἀνοιγομένων, ἐκείνης μόνης τῆς οἰκίας ἐποίησαν ἐκτὸς ἀνάγεσθαι τὴν αὔλειον, ὡς δὴ κατὰ τὸ συγχώρημα [4] τῆς τιμῆς ἀεὶ τοῦ δημοσίου προσεπιλαμβάνοι. τὰς δ’ Ἑλληνικὰς πρότερον οὕτως ἔχειν ἁπάσας λέγουσιν, ἀπὸ τῶν κωμῳδιῶν λαμβάνοντες, ὅτι κόπτουσι καὶ ψοφοῦσι τὰς αὑτῶν θύρας ἔνδοθεν οἱ προϊέναι μέλλοντες, ὅπως αἴσθησις ἔξω γίνοιτο τοῖς παρερχομένοις ἢ προσεστῶσι, καὶ μὴ καταλαμβάνοιντο προϊούσαις ταῖς κλισιάσιν εἰς τὸν στενωπόν.

[21] [1] Τῷ δ’ ἑξῆς ἔτει πάλιν ὑπάτευε Ποπλικόλας τὸ τέταρτον· ἦν δὲ προσδοκία πολέμου Σαβίνων καὶ Λατίνων [2] συνισταμένων. καί τις ἅμα δεισιδαιμονία τῆς πόλεως ἥψατο· πᾶσαι γὰρ αἱ κυοῦσαι τότε γυναῖκες ἐξέβαλλον [3] ἀνάπηρα, καὶ τέλος οὐδεμία γένεσις ἔσχεν. ὅθεν ἐκ τῶν Σιβυλλείων ὁ Ποπλικόλας ἱλασάμενος τὸν Ἅιδην, καί τινας ἀγῶνας πυθοχρήστους ἀγαγών, καὶ ταῖς ἐλπίσι πρὸς τὸ θεῖον ἡδίονα καταστήσας τὴν πόλιν, ἤδη τοῖς ἀπ’ ἀνθρώπων φοβεροῖς προσεῖχε. μεγάλη γὰρ ἐφαίνετο [4] κατασκευὴ τῶν πολεμίων καὶ σύστασις. ἦν οὖν Ἄππιος Κλαῦσος ἐν Σαβίνοις ἀνὴρ χρήμασί τε δυνατὸς καὶ σώματος ῥώμῃ πρὸς ἀλκὴν ἐπιφανής, ἀρετῆς δὲ δόξῃ μάλιστα [5] καὶ λόγου δεινότητι πρωτεύων. ὃ δὲ πᾶσι συμβαίνει τοῖς μεγάλοις, οὐ διέφυγε παθεῖν, ἀλλ’ ἐφθονεῖτο, καὶ τοῖς φθονοῦσιν αἰτίαν παρέσχε καταπαύων τὸν πόλεμον αὔξειν τὰ Ῥωμαίων ἐπὶ τυραννίδι καὶ δουλώσει [6] τῆς πατρίδος. αἰσθόμενος δὲ τοὺς λόγους τούτους βουλομένῳ τῷ πλήθει λεγομένους καὶ προσκρούοντα τοῖς πολλοῖς καὶ πολεμοποιοῖς καὶ στρατιωτικοῖς ἑαυτόν, ἐφοβεῖτο τὴν κρίσιν, ἑταιρείαν δὲ καὶ δύναμιν φίλων καὶ [7] οἰκείων ἔχων ἀμύνουσαν περὶ αὐτὸν ἐστασίαζε. καὶ τοῦτ’ ἦν τοῦ πολέμου διατριβὴ καὶ μέλλησις τοῖς Σαβίνοις. ταῦτ’ οὖν ὁ Ποπλικόλας οὐ μόνον εἰδέναι ποιούμενος ἔργον, ἀλλὰ καὶ κινεῖν καὶ συνεξορμᾶν τὴν στάσιν, εἶχεν ἄνδρας ἐπιτηδείους οἳ τῷ Κλαύσῳ διελέγοντο παρ’ αὐτοῦ τοιαῦτα· ‘σὲ Ποπλικόλας ἄνδρα χρηστὸν ὄντα καὶ δίκαιον οὐδενὶ κακῷ δεῖν οἴεται τοὺς σεαυτοῦ πολίτας ἀμύνεσθαι [8] καίπερ ἀδικούμενον· εἰ δὲ βούλοιο σῴζων σεαυτὸν μεταστῆναι καὶ φυγεῖν τοὺς μισοῦντας, ὑποδέξεταί σε δημοσίᾳ καὶ ἰδίᾳ τῆς τε σῆς ἀρετῆς ἀξίως καὶ τῆς [9] Ῥωμαίων λαμπρότητος.’ ταῦτα πολλάκις διασκοποῦντι τῷ Κλαύσῳ βέλτιστα τῶν ἀναγκαίων ἐφαίνετο, καὶ τοὺς φίλους συμπαρακαλῶν, ἐκείνων τε πολλοὺς ὁμοίως συναναπειθόντων, πεντακισχιλίους οἴκους ἀναστήσας μετὰ παίδων καὶ γυναικῶν, ὅπερ ἦν ἐν Σαβίνοις ἀθόρυβον μάλιστα καὶ βίου πρᾴου καὶ καθεστῶτος οἰκεῖον, εἰς Ῥώμην ἦγε, προειδότος τοῦ Ποπλικόλα καὶ δεχομένου [10] φιλοφρόνως καὶ προθύμως ἐπὶ πᾶσι δικαίοις. τοὺς μὲν γὰρ οἴκους εὐθὺς ἀνέμειξε τῷ

πολιτεύματι, καὶ χώραν ἀπένειμεν ἑκάστῳ δυεῖν πλέθρων περὶ τὸν Ἀνίωνα ποταμόν, τῷ δὲ Κλαύσῳ πλέθρα πέντε καὶ εἴκοσι γῆς ἔδωκεν, αὐτὸν δὲ τῇ βουλῇ προσέγραψεν, ἀρχὴν πολιτείας λαμβάνοντα ταύτην, ᾗ χρώμενος ἐμφρόνως ἀνέδραμεν εἰς τὸ πρῶτον ἀξίωμα, καὶ δύναμιν ἔσχε μεγάλην, καὶ γένος οὐδενὸς ἀμαυρότερον ἐν Ῥώμῃ τὸ Κλαυδίων ἀφ' αὑτοῦ κατέλιπε.

[22] [1] Τὰ δὲ Σαβίνων οὕτω διακριθέντα τῷ μετοικισμῷ τῶν ἀνδρῶν οὐκ εἴασαν οἱ δημαγωγοῦντες ἀτρεμῆσαι καὶ καταστῆναι, σχετλιάζοντες εἰ Κλαῦσος, ἃ παρὼν οὐκ ἔπεισε, διαπράξεται φυγὰς γενόμενος καὶ πολέμιος, μὴ [2] δοῦναι δίκην Ῥωμαίους ὧν ὑβρίζουσιν. ἄραντες οὖν στρατῷ μεγάλῳ περὶ Φειδήνας κατηυλίσαντο, καί τινα λόχον θέμενοι πρὸ τῆς Ῥώμης ἐν χωρίοις συνηρεφέσι καὶ κοίλοις δισχιλίους ὁπλίτας, ἔμελλον ἅμ' ἡμέρᾳ φανερῶς [3] ἱππεῦσιν ὀλίγοις λείαν ἐλαύνειν. εἴρητο δ' αὐτοῖς, ὅταν τῇ πόλει προσελάσωσιν, ὑποφεύγειν, ἕως ἐμβάλωσιν εἰς τὴν ἐνέδραν τοὺς πολεμίους. ταῦθ' ὁ Ποπλικόλας αὐθημερὸν πυθόμενος παρ' αὐτομόλων, ταχὺ διηρμόσατο [4] πρὸς πάντα καὶ διένειμε τὴν δύναμιν. Ποστούμιος μὲν γὰρ Ἄλβος ὁ γαμβρὸς αὐτοῦ τρισχιλίοις ὁπλίταις ἑσπέρας ἔτι προελθὼν καὶ καταλαβὼν τοὺς ἀκρολόφους ὑφ' οἷς ἐνήδρευον οἱ Σαβῖνοι, παρεφύλαττεν· ὁ δὲ συνάρχων Λουκρήτιος ἔχων τὸ κουφότατον ἐν τῇ πόλει καὶ νεώτατον ἐτάχθη τοῖς ἐλαύνουσι τὴν λείαν ἱππεῦσιν ἐπιχειρεῖν, αὐτὸς δὲ τὴν ἄλλην ἀναλαβὼν στρατιὰν [5] κύκλῳ περιῆλθε τοὺς πολεμίους. καὶ κατὰ τύχην ὁμίχλης βαθείας ἐπιπεσούσης περὶ ὄρθρον, ἅμα Ποστούμιός τε τοὺς ἐνεδρεύοντας ἐμβοήσας ἔβαλεν ἀπὸ τῶν ἄκρων, καὶ τοῖς προϊππασαμένοις ἐφῆκε τοὺς περὶ αὑτὸν ὁ Λουκρήτιος, καὶ Ποπλικόλας προσέβαλε τοῖς στρατοπέδοις [6] τῶν πολεμίων. πάντη μὲν οὖν ἐκακοῦτο τὰ Σαβίνων καὶ διεφθείρετο· τοὺς δ' ἐνταῦθα μηδ' ἀμυνομένους, ἀλλὰ φεύγοντας εὐθὺς ἔκτεινον οἱ Ῥωμαῖοι, τῆς [7] ἐλπίδος αὐτοῖς ὀλεθριωτάτης γενομένης. σῴζεσθαι γὰρ οἰόμενοι τοὺς ἑτέρους οἱ ἕτεροι τῷ μάχεσθαι καὶ μένειν οὐ προσεῖχον, ἀλλ' οἱ μὲν ἐκ τῶν ἐρυμάτων πρὸς τοὺς ἐνεδρεύοντας, οὗτοι δὲ πάλιν ὡς ἐκείνους εἰς τὸ στρατόπεδον θέοντες, ἐναντίοι φεύγουσιν ἐνέπιπτον πρὸς οὓς ἔφευγον, καὶ βοηθείας δεομένοις οὓς ἤλπιζον αὐτοῖς βοηθήσειν.

[8] τὸ δὲ μὴ πάντας ἀπολέσθαι τότε Σαβίνους, ἀλλὰ καὶ περιγενέσθαι τινάς, ἡ Φειδηνατῶν πόλις ἐγγὺς οὖσα παρέσχε, καὶ μάλιστα τοῖς ἐκ τῶν στρατοπέδων ὅθ' ἡλίσκετο διεκπίπτουσιν. ὅσοι δὲ Φειδηνῶν διήμαρτον, ἢ διεφθάρησαν ἢ ζῶντες ἀπήχθησαν ὑπὸ τῶν λαβόντων.

[23] [1] Τοῦτο τὸ κατόρθωμα Ῥωμαῖοι, καίπερ εἰωθότες ἅπασι τοῖς μεγάλοις ἐπιφημίζειν τὸ δαιμόνιον, ἑνὸς ἔργον ἡγοῦντο τοῦ στρατηγοῦ γεγονέναι, καὶ τῶν μεμαχημένων ἦν ἀκούειν, ὅτι κωφοὺς καὶ τυφλοὺς αὐτοῖς καὶ μόνον οὐ

καθείρξας τοὺς πολεμίους Ποπλικόλας παρέδωκε [2] χρῆσθαι τοῖς ξίφεσιν. ἐρρώσθη δὲ καὶ χρήμασιν [3] ὁ δῆμος ἐκ τῶν λαφύρων καὶ τῶν αἰχμαλώτων. ὁ δὲ Ποπλικόλας τόν τε θρίαμβον ἀγαγὼν καὶ τοῖς μετ᾽ αὐτὸν ἀποδειχθεῖσιν ὑπάτοις παραδοὺς τὴν πόλιν, εὐθὺς ἐτελεύτησεν, ὡς ἐφικτόν ἐστιν ἀνθρώποις μάλιστα τοῖς νενομισμένοις καλοῖς κἀγαθοῖς τὸν ἑαυτοῦ βίον ἐκτελειώσας.

[4] ὁ δὲ δῆμος ὥσπερ οὐδὲν εἰς ζῶντα τῶν ἀξίων πεποιηκώς, ἀλλὰ πᾶσαν ὀφείλων χάριν, ἐψηφίσατο δημοσίᾳ ταφῆναι τὸ σῶμα, καὶ τεταρτημόριον ἕκαστος ἐπὶ τιμῇ συνεισήνεγκεν. αἱ δὲ γυναῖκες ἰδίᾳ πρὸς ἑαυτὰς συμφρονήσασαι διεπένθησαν ἐνιαυτὸν ὅλον ἐπὶ τῷ ἀνδρὶ πένθος [5] ἔντιμον καὶ ζηλωτόν. ἐτάφη δέ, καὶ τοῦτο τῶν πολιτῶν ψηφισαμένων, ἐντὸς ἄστεος παρὰ τὴν καλουμένην Οὐελίαν, [6] ὥστε καὶ γένει παντὶ τῆς ταφῆς μετεῖναι. νῦν δὲ θάπτεται μὲν οὐδεὶς τῶν ἀπὸ γένους, κομίσαντες δὲ τὸν νεκρὸν ἐκεῖ κατατίθενται, καὶ δᾷδά τις ἡμμένην λαβὼν ὅσον ὑπήνεγκεν, εἶτ᾽ ἀναιρεῖται, μαρτυρόμενος ἔργῳ τὸ ἐξεῖναι, φείδεσθαι δὲ τῆς τιμῆς, καὶ τὸν νεκρὸν οὕτως ἀποκομίζουσιν.

Comparison Solonis et Publicolae

[1] [1] Ἆρ’ οὖν ἴδιόν τι περὶ ταύτην τὴν σύγκρισιν ὑπάρχει καὶ μὴ πάνυ συμβεβηκὸς ἑτέρᾳ τῶν ἀναγεγραμμένων, τὸν ἕτερον μιμητὴν γεγονέναι τοῦ ἑτέρου, τὸν ἕτερον δὲ μάρτυν; ὅρα γάρ, ἣν Σόλων ἐξήνεγκε περὶ εὐδαιμονίας ἀπόφασιν πρὸς Κροῖσον, ὡς Ποπλικόλᾳ μᾶλλον [2] ἢ Τέλλῳ προσήκει. Τέλλου μὲν γάρ, ὃν εἶπε γεγονέναι μακαριώτατον δι’ εὐποτμίαν καὶ ἀρετὴν καὶ εὐτεκνίαν, οὐδ’ αὐτὸς ἐν τοῖς ποιήμασιν ὡς ἀνδρὸς ἀγαθοῦ λόγον ἔσχεν, οὐδὲ παῖδες οὐδ’ ἀρχή τις εἰς δόξαν [3] ἦλθεν· Ποπλικόλας δὲ καὶ ζῶν ἐπρώτευσε δυνάμει καὶ δόξῃ δι’ ἀρετὴν Ῥωμαίων, καὶ τεθνηκότος ἐν τοῖς ἐπιφανεστάτοις γένεσι καὶ στέμμασιν ἔτι καὶ καθ’ ἡμᾶς Ποπλικόλαι καὶ Μεσσάλαι καὶ Οὐαλέριοι δι’ ἐτῶν ἑξακοσίων [4] τῆς εὐγενείας τὴν δόξαν ἀναφέρουσι. καὶ Τέλλος μὲν ὑπὸ τῶν πολεμίων ὡς ἀνὴρ ἀγαθὸς ἐν τάξει μένων καὶ μαχόμενος κατέστρεψε· Ποπλικόλας δὲ τοὺς μὲν πολεμίους ἀποκτείνας, ὃ τοῦ πεσεῖν εὐτυχέστερόν ἐστι, τὴν δὲ πατρίδα νικῶσαν ἐπιδὼν δι’ αὐτὸν ἄρχοντα καὶ στρατηγοῦντα, τιμηθεὶς δὲ καὶ θριαμβεύσας, ἔτυχε τῆς ζηλουμένης [5] ὑπὸ Σόλωνος καὶ μακαριζομένης τελευτῆς. ἔτι τοίνυν, οἷς πρὸς Μίμνερμον ἀντειπὼν περὶ χρόνου ζωῆς ἐπιπεφώνηκε, (fr. 22, 5 D.)

μηδέ μοι ἄκλαυστος θάνατος μόλοι, ἀλλὰ φίλοισι
ποιήσαιμι θανὼν ἄλγεα καὶ στοναχάς,

[6] εὐδαίμονα τὸν Ποπλικόλαν ἄνδρα ποιεῖ. τελευτήσας γὰρ οὐ φίλοις οὐδ’ οἰκείοις μόνον, ἀλλὰ καὶ τῇ πόλει πάσῃ, μυριάσι πολλαῖς, δάκρυα καὶ πόθον καὶ κατήφειαν ἐφ’ αὑτῷ παρέσχεν· αἱ γὰρ Ῥωμαίων γυναῖκες ἐπένθησαν αὐτόν, ὥσπερ υἱὸν ἢ ἀδελφὸν ἢ πατέρα κοινὸν ἀποβαλοῦσαι.

[7] ‘χρήματα δ’ ἱμείρειν μὲν ἔχειν’ φησὶν ὁ Σόλων (fr. 1, 7 D.), ‘ἀδίκως δὲ πεπᾶσθαι οὐκ ἐθέλειν’, ὡς δίκης ἐπιούσης· Ποπλικόλᾳ δ’ ὑπῆρχεν οὐ μόνον μὴ κακῶς πλουτεῖν, ἀλλὰ καὶ καλῶς ἀναλίσκειν εὖ ποιοῦντι [8] τοὺς δεομένους. ὥστ’ εἰ σοφώτατος ἁπάντων ὁ Σόλων, εὐδαιμονέστατος ὁ Ποπλικόλας. ἃ γὰρ εὔξατο τῶν ἀγαθῶν ἐκεῖνος ὡς κάλλιστα καὶ μέγιστα, ταῦτα καὶ κτήσασθαι Ποπλικόλᾳ καὶ φυλάξαι χρωμένῳ μέχρι τέλους ὑπῆρξεν.

[2] [1] Οὕτω μὲν ὁ Σόλων κεκόσμηκε τὸν Ποπλικόλαν, τὸν Σόλωνα δ’ αὖ πάλιν ἐκεῖνος, ἐν τῇ πολιτείᾳ παραδειγμάτων κάλλιστον ἀνδρὶ κοσμοῦντι δημοκρατίαν θέμενος· τῆς μὲν γὰρ ἀρχῆς τὸν ὄγκον ἀφελών, εὐμενῆ πᾶσι καὶ ἄλυπον κατέστησε, νόμοις δὲ πολλοῖς ἐχρήσατο [2] τῶν ἐκείνου. καὶ γὰρ ἀρχόντων καταστάσεως κυρίους ἐποίησε τοὺς πολλούς, καὶ τοῖς φεύγουσι

δίκην ἐπικαλεῖσθαι τὸν δῆμον, ὥσπερ ὁ Σόλων τοὺς δικαστάς, ἔδωκε, καὶ βουλὴν μὲν ἑτέραν οὐκ ἐποίησεν ὥσπερ ὁ Σόλων, τὴν δ' οὖσαν ηὔξησεν ἀριθμῷ μικροῦ διπλασιάσας, [3] ἥ τε τῶν ταμιῶν ἐπὶ τοῖς χρήμασι κατάστασις ἐκεῖθεν ἦλθεν, ὅπως ὁ ἄρχων μήτ', εἰ χρηστός ἐστιν, ἀσχολίαν ἔχῃ πρὸς τὰ μείζω, μήτ' εἰ φαῦλος, ἀφορμὰς τοῦ ἀδικεῖν μᾶλλον, καὶ τῶν πράξεων καὶ τῶν χρημάτων κύριος γενόμενος.

[4] Τὸ δὲ μισοτύραννον ἐν τῷ Ποπλικόλᾳ σφοδρότερον. εἰ γάρ τις ἐπιχειροίη τυραννεῖν, ὁ μὲν ἁλόντι τὴν δίκην ἐπιτίθησιν, ὁ δὲ καὶ πρὸ τῆς κρίσεως ἀνελεῖν δίδωσι.

[5] σεμνυνομένου δὲ τοῦ Σόλωνος ὀρθῶς καὶ δικαίως, ὅτι καὶ τῶν πραγμάτων αὐτῷ διδόντων τυραννεῖν καὶ τῶν πολιτῶν οὐκ ἀκουσίως δεχομένων ἀπεῖπεν, οὐχ ἧττον ὑπάρχει καλὸν τῷ Ποπλικόλᾳ τὸ λαβόντα τυραννικὴν ἀρχὴν ποιῆσαι δημοτικωτέραν, καὶ μηδ' οἷς ἐξῆν ἔχοντα [6] χρήσασθαι. καὶ τοῦτο δ' ἔοικε συνιδεῖν πρότερος ὁ Σόλων (fr. 5, 7 D.), ὅτι

'δῆμος ὧδ' ἂν ἄριστα σὺν ἡγεμόνεσσιν ἕποιτο,
μήτε λίην ἀνεθεὶς μήτε πιεζόμενος'.

[3] [1] Ἴδιον δὲ τοῦ Σόλωνος ἡ τῶν χρεῶν ἄνεσις, ᾗ μάλιστα τὴν ἐλευθερίαν ἐβεβαίωσε τοῖς πολίταις. οὐδὲν γὰρ ὄφελος νόμων ἰσότητα παρεχόντων, ἣν ἀφαιρεῖται τὰ χρέα τοὺς πένητας, ἀλλ' ὅπου μάλιστα χρῆσθαι τῇ ἐλευθερίᾳ δοκοῦσι, δουλεύουσι μάλιστα τοῖς πλουσίοις, ἐν τῷ δικάζειν καὶ ἄρχειν καὶ λέγειν ἐπιταττόμενοι καὶ [2] ὑπηρετοῦντες. τούτου δὲ μεῖζον, ὅτι πάσῃ χρεῶν ἀποκοπῇ στάσεως ἑπομένης, ἐκείνῃ μόνῃ καθάπερ φαρμάκῳ παραβόλῳ μέν, ἰσχυρῷ δὲ χρησάμενος, εὐκαίρως καὶ τὴν οὖσαν στάσιν ἔλυσε, τῇ περὶ αὐτὸν ἀρετῇ καὶ δόξῃ τῆς τοῦ πράγματος ἀδοξίας καὶ διαβολῆς περιγενόμενος.

[3] Τῆς δ' ὅλης πολιτείας τῇ μὲν ἀρχῇ λαμπρότερος ὁ Σόλων· ἡγήσατο γὰρ καὶ οὐκ ἠκολούθησε, καὶ καθ' αὑτόν, οὐ μεθ' ἑτέρων, ἔπραξε τὰ πλεῖστα καὶ μέγιστα [4] τῶν κοινῶν. τῷ τέλει δ' ἅτερος εὐτυχὴς καὶ ζηλωτός· τὴν μὲν γὰρ Σόλωνος πολιτείαν αὐτὸς ἐπεῖδε Σόλων καταλυθεῖσαν, ἡ δὲ Ποπλικόλα μέχρι τῶν ἐμφυλίων πολέμων διεφύλαξεν ἐν κόσμῳ τὴν πόλιν. ὁ μὲν γὰρ ἅμα τῷ θέσθαι τοὺς νόμους ἀπολιπὼν ἐν γράμμασι καὶ ξύλοις ἐρήμους τοῦ βοηθοῦντος, ᾤχετ' ἀπιὼν ἐκ τῶν Ἀθηνῶν, ὁ δὲ μένων καὶ ἄρχων καὶ πολιτευόμενος ἵδρυσε καὶ [5] κατέστησεν εἰς ἀσφαλὲς τὴν πολιτείαν. ἔτι δ' ἐκείνῳ μὲν οὐδὲ μέλλοντα κωλῦσαι προαισθομένῳ Πεισίστρατον ὑπῆρξεν, ἀλλ' ἡττήθη συνισταμένης τῆς τυραννίδος· οὗτος δὲ βασιλείαν ἰσχύουσαν ἐκ πολλῶν ἤδη χρόνων καὶ κρατοῦσαν ἐξέβαλε καὶ κατέλυσεν, ἀρετὴν μὲν ἴσην καὶ προαίρεσιν ὁμοίαν παρασχόμενος, τύχῃ δὲ καὶ δυνάμει τελεσιουργῷ πρὸς τῇ ἀρετῇ χρησάμενος.

[4] [1] Τῶν μέντοι πολεμικῶν Σόλωνι μὲν οὐδὲ τὰ πρὸς Μεγαρεῖς Δαΐμαχος ὁ Πλαταιεὺς (FGrH 65 F 7) μεμαρτύρηκεν, ὥσπερ ἡμεῖς διεληλύθαμεν· Ποπλικόλας δὲ τοὺς μεγίστους ἀγῶνας αὐτὸς καὶ μαχόμενος καὶ στρατηγῶν [2] κατώρθωσε. καὶ μὴν ἔτι πρὸς τὰς πολιτικὰς πράξεις ὁ μὲν ἐν παιδιᾶς τινι τρόπῳ καὶ προσποίημα μανίας ἀναλαβὼν ὑπὲρ Σαλαμῖνος ἐρῶν προῆλθεν· ὁ δ' αὐτόθεν ἀναρρίψας τὸν περὶ τῶν μεγίστων κίνδυνον, ἐπανέστη τε Ταρκυνίοις καὶ τὴν προδοσίαν ἐφώρασε, καὶ τοῦ κολασθῆναι καὶ μὴ διαφυγεῖν τοὺς πονηροὺς αἰτιώτατος γενόμενος, οὐ τὰ σώματα μόνον τῶν τυράννων ἐξέβαλε [3] τῆς πόλεως, ἀλλὰ καὶ τὰς ἐλπίδας ἐξέκοψεν. οὕτω δὲ τοῖς δεχομένοις πράγμασιν ἀγῶνα καὶ θυμὸν καὶ ἀντίταξιν ἐρρωμένως καὶ ἀτενῶς ἀπαντήσας, ἔτι βέλτιον ἐχρήσατο τοῖς ὁμιλίας ἀπολέμου καὶ πειθοῦς ὑπεικούσης δεομένοις, ἄνδρα Πορσίνναν ἄμαχον ὄντα καὶ φοβερὸν ἐμμελῶς προσαγαγόμενος καὶ μεταστήσας εἰς φιλίαν.

[4] Καίτοι φήσει τις ἐνταῦθα τὸν μὲν Σόλωνα προεμένοις ἀναλαβεῖν Ἀθηναίοις Σαλαμῖνα, τὸν δὲ Ποπλικόλαν ἧς ἐκέκτηντο Ῥωμαῖοι χώρας ἀποστῆναι. δεῖ δὲ πρὸς τοὺς [5] ὑποκειμένους καιροὺς τὰς πράξεις θεωρεῖν. ποικίλος γὰρ ὢν ὁ πολιτικὸς ᾧ τρόπῳ τῶν ὄντων ἕκαστον εὔληπτόν ἐστι μεταχειρίσασθαι, καὶ μέρους ἀφέσει πολλάκις ἔσωσε τὸ πᾶν, καὶ μικρῶν ἀποστὰς μειζόνων ἔτυχεν, ὥσπερ ἐκεῖνος ὁ ἀνὴρ τότε τῆς μὲν ἀλλοτρίας χώρας ἀποστὰς ἔσωσε τὴν ἑαυτοῦ βεβαίως ἅπασαν, οἷς δ' ἦν μέγα τὴν πόλιν διαφυλάξαι προσεκτήσατο τὸ τῶν πολιορκούντων στρατόπεδον, ἐπιτρέψας δὲ τῷ πολεμίῳ δικαστῇ γενέσθαι καὶ περιγενόμενος τῇ δίκῃ, προσέλαβεν ὅσα δόντας [6] ἀγαπητὸν ἦν νικῆσαι· καὶ γὰρ τὸν πόλεμον ἔλυσε, καὶ τὴν παρασκευὴν τοῦ πολέμου κατέλιπεν αὐτοῖς διὰ πίστιν ἀρετῆς καὶ καλοκαγαθίας, ἣν ὁ ἄρχων ὑπὲρ ἁπάντων ἐνεποίησεν αὐτῷ.

Themistocles

[1] [1] Θεμιστοκλεῖ δὲ τὰ μὲν ἐκ γένους ἀμαυρότερα πρὸς δόξαν ὑπῆρχε· πατρὸς γὰρ ἦν Νεοκλέους οὐ τῶν ἄγαν ἐπιφανῶν Ἀθήνησι, Φρεαρρίου τῶν δήμων ἐκ τῆς Λεωντίδος φυλῆς, νόθος δὲ πρὸς μητρός, ὡς λέγουσιν·

Ἀβρότονον Θρήισσα γυνὴ γένος· ἀλλὰ τεκέσθαι
τὸν μέγαν Ἕλλησίν φημι Θεμιστοκλέα.

[2] Φανίας (FHG II 295) μέντοι τὴν μητέρα τοῦ Θεμιστοκλέους οὐ Θρᾷτταν, ἀλλὰ Καρίνην, οὐδ᾽ Ἀβρότονον ὄνομα, ἀλλ᾽ Εὐτέρπην ἀναγράφει. Νεάνθης (FGrH 84 F 2 b) δὲ καὶ πόλιν αὐτῇ τῆς Καρίας Ἁλικαρνασσὸν προστίθησι.

[3] διότι καὶ τῶν νόθων εἰς Κυνόσαργες συντελούντων - τοῦτο δ᾽ ἐστὶν ἔξω πυλῶν γυμνάσιον Ἡρακλέους, ἐπεὶ κἀκεῖνος οὐκ ἦν γνήσιος ἐν θεοῖς, ἀλλ᾽ ἐνείχετο νοθείᾳ διὰ τὴν μητέρα θνητὴν οὖσαν - , ἔπειθέ τινας ὁ Θεμιστοκλῆς τῶν εὖ γεγονότων νεανίσκων καταβαίνοντας εἰς τὸ Κυνόσαργες ἀλείφεσθαι μετ᾽ αὐτοῦ, καὶ τούτου γενομένου δοκεῖ πανούργως τὸν τῶν νόθων καὶ γνησίων διορισμὸν [4] ἀνελεῖν. ὅτι μέντοι τοῦ Λυκομιδῶν γένους μετεῖχε, δῆλόν ἐστι· τὸ γὰρ Φλυῆσι τελεστήριον, ὅπερ ἦν Λυκομιδῶν κοινόν, ἐμπρησθὲν ὑπὸ τῶν βαρβάρων αὐτὸς ἐπεσκεύασε καὶ γραφαῖς ἐκόσμησεν, ὡς Σιμωνίδης (fr. 222 B4`4) ἱστόρηκεν.

[2] [1] Ἔτι δὲ παῖς ὢν ὁμολογεῖται φορᾶς μεστὸς εἶναι, καὶ τῇ μὲν φύσει συνετός, τῇ δὲ προαιρέσει μεγαλοπράγμων καὶ πολιτικός. ἐν γὰρ ταῖς ἀνέσεσι καὶ σχολαῖς ἀπὸ τῶν μαθημάτων γιγνόμενος, οὐκ ἔπαιζεν οὐδ᾽ ἐρρᾳθύμει καθάπερ οἱ πολλοὶ παῖδες, ἀλλ᾽ εὑρίσκετο λόγους [2] τινὰς μελετῶν καὶ συνταττόμενος πρὸς ἑαυτόν. ἦσαν δ᾽ οἱ λόγοι κατηγορία τινὸς ἢ συνηγορία τῶν παίδων. ὅθεν εἰώθει λέγειν πρὸς αὐτὸν ὁ διδάσκαλος ὡς ‘οὐδὲν ἔσει, παῖ, σὺ μικρόν, ἀλλὰ μέγα πάντως ἀγαθὸν ἢ κακόν’.

[3] ἐπεὶ καὶ τῶν παιδεύσεων τὰς μὲν ἠθοποιοὺς ἢ πρὸς ἡδονήν τινα καὶ χάριν ἐλευθέριον σπουδαζομένας ὀκνηρῶς καὶ ἀπροθύμως ἐξεμάνθανε, τῶν δ᾽ εἰς σύνεσιν ἢ πρᾶξιν †λεγομένων δῆλος ἦν ὑπερερῶν παρ᾽ ἡλικίαν ὡς [4] τῇ φύσει πιστεύων. ὅθεν ὕστερον ἐν ταῖς ἐλευθερίοις καὶ ἀστείαις λεγομέναις διατριβαῖς ὑπὸ τῶν πεπαιδεῦσθαι δοκούντων χλευαζόμενος, ἠναγκάζετο φορτικώτερον ἀμύνεσθαι, λέγων ὅτι λύραν μὲν ἁρμόσασθαι καὶ μεταχειρίσασθαι ψαλτήριον οὐκ ἐπίσταιτο, πόλιν δὲ μικρὰν καὶ ἄδοξον παραλαβὼν ἔνδοξον καὶ μεγάλην ἀπεργάσασθαι.

[5] καίτοι Στησίμβροτος (FGrH 107 F 1) Ἀναξαγόρου τε διακοῦσαι τὸν Θεμιστοκλέα φησὶ καὶ περὶ Μέλισσον σπουδάσαι τὸν φυσικόν, οὐκ εὖ τῶν χρόνων ἁπτόμενος· Περικλεῖ γάρ, ὃς πολὺ νεώτερος ἦν Θεμιστοκλέους, Μέλισσος μὲν ἀντεστρατήγει πολιορκοῦντι Σαμίους, [6] Ἀναξαγόρας δὲ συνδιέτριβε. μᾶλλον οὖν ἄν τις προσέχοι τοῖς Μνησιφίλου τὸν Θεμιστοκλέα τοῦ Φρεαρρίου ζηλωτὴν γενέσθαι λέγουσιν, οὔτε ῥήτορος ὄντος οὔτε τῶν φυσικῶν κληθέντων φιλοσόφων, ἀλλὰ τὴν τότε καλουμένην σοφίαν, οὖσαν δὲ δεινότητα πολιτικὴν καὶ δραστήριον σύνεσιν, ἐπιτήδευμα πεποιημένου καὶ διασῴζοντος ὥσπερ αἵρεσιν ἐκ διαδοχῆς ἀπὸ Σόλωνος· ἣν οἱ μετὰ ταῦτα δικανικαῖς μείξαντες τέχναις καὶ μεταγαγόντες ἀπὸ τῶν πράξεων τὴν ἄσκησιν ἐπὶ τοὺς λόγους, [7] σοφισταὶ προσηγορεύθησαν. τούτῳ μὲν οὖν ἤδη πολιτευόμενος ἐπλησίαζεν. ἐν δὲ ταῖς πρώταις τῆς νεότητος ὁρμαῖς ἀνώμαλος ἦν καὶ ἀστάθμητος, ἅτε τῇ φύσει καθ’ αὑτὴν χρώμενος, ἄνευ λόγου καὶ παιδείας ἐπ’ ἀμφότερα μεγάλας ποιουμένῃ μεταβολὰς τῶν ἐπιτηδευμάτων, καὶ πολλάκις ἐξισταμένῃ πρὸς τὸ χεῖρον, ὡς ὕστερον αὐτὸς ὡμολόγει, καὶ τοὺς τραχυτάτους πώλους ἀρίστους ἵππους γίγνεσθαι φάσκων, ὅταν ἧς προσήκει τύχωσι παιδείας [8] καὶ καταρτύσεως. ἃ δὲ τούτων ἐξαρτῶσιν ἔνιοι διηγήματα πλάττοντες, ἀποκήρυξιν μὲν ὑπὸ τοῦ πατρὸς αὐτοῦ, θάνατον δὲ τῆς μητρὸς ἑκούσιον ἐπὶ τῇ τοῦ παιδὸς ἀτιμίᾳ περιλύπου γενομένης, δοκεῖ κατεψεῦσθαι, καὶ τοὐναντίον εἰσὶν οἱ λέγοντες, ὅτι τοῦ τὰ κοινὰ πράττειν ἀποτρέπων αὐτὸν ὁ πατὴρ ἐπεδείκνυε πρὸς τῇ θαλάττῃ τὰς παλαιὰς τριήρεις ἐρριμμένας καὶ παρορωμένας, ὡς δὴ καὶ πρὸς τοὺς δημαγωγούς, ὅταν ἄχρηστοι γένωνται, τῶν πολλῶν ὁμοίως ἐχόντων.

[3] [1] Ταχὺ μέντοι καὶ νεανικῶς ἔοικεν ἅψασθαι τοῦ Θεμιστοκλέους τὰ πολιτικὰ πράγματα καὶ σφόδρα ἡ πρὸς δόξαν ὁρμὴ κρατῆσαι. δι’ ἣν εὐθὺς ἐξ ἀρχῆς τοῦ πρωτεύειν ἐφιέμενος, ἰταμῶς ὑφίστατο τὰς πρὸς τοὺς δυναμένους ἐν τῇ πόλει καὶ πρωτεύοντας ἀπεχθείας, μάλιστα δ’ Ἀριστείδην τὸν Λυσιμάχου, τὴν ἐναντίαν αἰεὶ πορευόμενον [2] αὐτῷ. καίτοι δοκεῖ παντάπασιν ἡ πρὸς τοῦτον ἔχθρα μειρακιώδη λαβεῖν ἀρχήν· ἠράσθησαν γὰρ ἀμφότεροι τοῦ καλοῦ Στησίλεω, Κείου τὸ γένος ὄντος, ὡς Ἀρίστων ὁ φιλόσοφος (fr. 19 W.) ἱστόρηκεν. ἐκ δὲ τούτου διετέλουν [3] καὶ περὶ τὰ δημόσια στασιάζοντες. οὐ μὴν ἀλλ’ ἡ τῶν βίων καὶ τῶν τρόπων ἀνομοιότης ἔοικεν αὐξῆσαι τὴν διαφοράν. πρᾷος γὰρ ὢν φύσει καὶ καλοκαγαθικὸς τὸν τρόπον ὁ Ἀριστείδης, καὶ πολιτευόμενος οὐ πρὸς χάριν οὐδὲ πρὸς δόξαν, ἀλλ’ ἀπὸ τοῦ βελτίστου μετ’ ἀσφαλείας καὶ δικαιοσύνης, ἠναγκάζετο τῷ Θεμιστοκλεῖ τὸν δῆμον ἐπὶ πολλὰ κινοῦντι καὶ μεγάλας ἐπιφέροντι καινοτομίας ἐναντιοῦσθαι πολλάκις, ἐνιστάμενος αὐτῷ πρὸς [4] τὴν αὔξησιν. λέγεται γὰρ οὕτω παράφορος πρὸς

δόξαν εἶναι καὶ πράξεων μεγάλων ὑπὸ φιλοτιμίας ἐραστής, ὥστε νέος ὢν ἔτι, τῆς ἐν Μαραθῶνι μάχης πρὸς τοὺς βαρβάρους γενομένης καὶ τῆς Μιλτιάδου στρατηγίας διαβοηθείσης, σύννους ὁρᾶσθαι τὰ πολλὰ πρὸς ἑαυτῷ καὶ τὰς νύκτας ἀγρυπνεῖν καὶ τοὺς πότους παραιτεῖσθαι τοὺς συνήθεις, καὶ λέγειν πρὸς τοὺς ἐρωτῶντας καὶ θαυμάζοντας τὴν περὶ τὸν βίον μεταβολήν, ὡς καθεύδειν [5] αὐτὸν οὐκ ἐῴη τὸ Μιλτιάδου τρόπαιον. οἱ μὲν γὰρ ἄλλοι πέρας ᾤοντο τοῦ πολέμου τὴν ἐν Μαραθῶνι τῶν βαρβάρων ἧτταν εἶναι, Θεμιστοκλῆς δ' ἀρχὴν μειζόνων ἀγώνων, ἐφ' οὓς ἑαυτὸν ὑπὲρ τῆς ὅλης Ἑλλάδος ἤλειφε καὶ τὴν πόλιν ἤσκει, πόρρωθεν ἤδη προσδοκῶν τὸ μέλλον.

[4] [1] Καὶ πρῶτον μὲν τὴν Λαυρεωτικὴν πρόσοδον ἀπὸ τῶν ἀργυρείων μετάλλων ἔθος ἐχόντων Ἀθηναίων διανέμεσθαι, μόνος εἰπεῖν ἐτόλμησε παρελθὼν εἰς τὸν δῆμον, ὡς χρὴ τὴν διανομὴν ἐάσαντας ἐκ τῶν χρημάτων τούτων κατασκευάσασθαι τριήρεις ἐπὶ τὸν πρὸς Αἰγινήτας πόλεμον. ἤκμαζε γὰρ οὗτος ‹τότ'› ἐν τῇ Ἑλλάδι μάλιστα, καὶ κατεῖχον οἱ νησιῶται πλήθει νεῶν τὴν θάλατταν.

[2] ᾗ καὶ ῥᾷον ὁ Θεμιστοκλῆς συνέπεισεν, οὐ Δαρεῖον οὐδὲ Πέρσας - μακρὰν γὰρ ἦσαν οὗτοι καὶ δέος οὐ πάνυ βέβαιον ὡς ἀφιξόμενοι παρεῖχον - ἐπισείων, ἀλλὰ τῇ πρὸς Αἰγινήτας ὀργῇ καὶ φιλονικίᾳ τῶν πολιτῶν ἀποχρησάμενος [3] εὐκαίρως ἐπὶ τὴν παρασκευήν. ἑκατὸν γὰρ ἀπὸ τῶν χρημάτων ἐκείνων ἐποιήθησαν τριήρεις, αἷς καὶ πρὸς Ξέρξην ἐναυμάχησαν.

[4] Ἐκ δὲ τούτου κατὰ μικρὸν ὑπάγων καὶ καταβιβάζων τὴν πόλιν πρὸς τὴν θάλατταν, ὡς τὰ πεζὰ μὲν οὐδὲ τοῖς ὁμόροις ἀξιομάχους ὄντας, τῇ δ' ἀπὸ τῶν νεῶν ἀλκῇ καὶ τοὺς βαρβάρους ἀμύνασθαι καὶ τῆς Ἑλλάδος ἄρχειν δυναμένους, ἀντὶ μονίμων ὁπλιτῶν, ὥς φησιν ὁ Πλάτων (leg. 706c), ναυβάτας καὶ θαλασσίους ἐποίησε, καὶ διαβολὴν καθ' ἑαυτοῦ παρέσχεν, ὡς ἄρα Θεμιστοκλῆς τὸ δόρυ καὶ τὴν ἀσπίδα τῶν πολιτῶν παρελόμενος εἰς ὑπηρέσιον [5] καὶ κώπην συνέστειλε τὸν Ἀθηναίων δῆμον. ἔπραξε δὲ ταῦτα Μιλτιάδου κρατήσας ἀντιλέγοντος, ὡς ἱστορεῖ Στησίμβροτος (FGrH 107 F 2). εἰ μὲν δὴ τὴν ἀκρίβειαν καὶ τὸ καθαρὸν τοῦ πολιτεύματος ἔβλαψεν ἢ μὴ ταῦτα πράξας, ἔστω φιλοσοφώτερον ἐπισκοπεῖν· ὅτι δ' ἡ τότε σωτηρία τοῖς Ἕλλησιν ἐκ τῆς θαλάττης ὑπῆρξε καὶ τὴν Ἀθηναίων πόλιν καυθεῖσαν αὖθις ἀνέστησαν αἱ τριήρεις [6] ἐκεῖναι, τά τ' ἄλλα καὶ Ξέρξης αὐτὸς ἐμαρτύρησε. τῆς γὰρ πεζικῆς δυνάμεως ἀθραύστου διαμενούσης, ἔφυγε μετὰ τὴν τῶν νεῶν ἧτταν ὡς οὐκ ὢν ἀξιόμαχος, καὶ Μαρδόνιον ἐμποδὼν εἶναι τοῖς Ἕλλησι τῆς διώξεως μᾶλλον ἢ δουλωσόμενον αὐτοὺς ὡς ἐμοὶ δοκεῖ κατέλιπεν.

[5] [1] Σύντονον δ' αὐτὸν γεγονέναι χρηματιστὴν οἱ μέν τινές φασι δι' ἐλευθεριότητα· καὶ γὰρ φιλοθύτην ὄντα καὶ λαμπρὸν ἐν ταῖς περὶ τοὺς ξένους

δαπάναις, ἀφθόνου δεῖσθαι χορηγίας· οἱ δὲ τοὐναντίον γλισχρότητα πολλὴν καὶ μικρολογίαν κατηγοροῦσιν, ὡς καὶ τὰ πεμπόμενα [2] τῶν ἐδωδίμων πωλοῦντος. ἐπεὶ δὲ Διφιλίδης ὁ ἱπποτρόφος αἰτηθεὶς ὑπ' αὐτοῦ πῶλον οὐκ ἔδωκεν, ἠπείλησε τὴν οἰκίαν αὐτοῦ ταχὺ ποιήσειν δούρειον ἵππον, αἰνιξάμενος ἐγκλήματα συγγενικὰ καὶ δίκας τῷ ἀνθρώπῳ πρὸς οἰκείους τινὰς ταράξειν.

[3] Τῇ δὲ φιλοτιμίᾳ πάντας ὑπερέβαλεν, ὥστ' ἔτι μὲν ὢν νέος καὶ ἀφανὴς Ἐπικλέα τὸν ἐξ Ἑρμιόνος κιθαριστὴν σπουδαζόμενον ὑπὸ τῶν Ἀθηναίων ἐκλιπαρῆσαι μελετᾶν παρ' αὐτῷ, φιλοτιμούμενος πολλοὺς τὴν οἰκίαν ζητεῖν καὶ [4] φοιτᾶν πρὸς αὐτόν. εἰς δ' Ὀλυμπίαν ἐλθὼν καὶ διαμιλλώμενος τῷ Κίμωνι περὶ δεῖπνα καὶ σκηνὰς καὶ τὴν ἄλλην λαμπρότητα καὶ παρασκευήν, οὐκ ἤρεσκε τοῖς Ἕλλησιν. ἐκείνῳ μὲν γὰρ ὄντι νέῳ καὶ ἀπ' οἰκίας μεγάλης ᾤοντο δεῖν τὰ τοιαῦτα συγχωρεῖν· ὁ δὲ μήπω γνώριμος γεγονώς, ἀλλὰ δοκῶν ἐξ οὐχ ὑπαρχόντων καὶ παρ' ἀξίαν [5] ἐπαίρεσθαι, προσωφλίσκανεν ἀλαζονείαν. ἐνίκησε δὲ καὶ χορηγῶν τραγῳδοῖς, μεγάλην ἤδη τότε σπουδὴν καὶ φιλοτιμίαν τοῦ ἀγῶνος ἔχοντος, καὶ πίνακα τῆς νίκης ἀνέθηκε τοιαύτην ἐπιγραφὴν ἔχοντα· 'Θεμιστοκλῆς Φρεάρριος ἐχορήγει, Φρύνιχος ἐδίδασκεν, Ἀδείμαντος ἦρχεν.' [6] οὐ μὴν ἀλλὰ τοῖς πολλοῖς ἐνήρμοττε, τοῦτο μὲν ἑκάστου τῶν πολιτῶν τοὔνομα λέγων ἀπὸ στόματος, τοῦτο δὲ κριτὴν ἀσφαλῆ περὶ τὰ συμβόλαια παρέχων ἑαυτόν, ὥς που καὶ πρὸς Σιμωνίδην τὸν Κεῖον εἰπεῖν, αἰτούμενόν τι τῶν οὐ μετρίων παρ' αὐτοῦ στρατηγοῦντος, ὡς οὔτ' ἐκεῖνος ἂν γένοιτο ποιητὴς ἀγαθὸς ᾄδων παρὰ μέλος, [7] οὔτ' αὐτὸς ἀστεῖος ἄρχων παρὰ νόμον χαριζόμενος. πάλιν δέ ποτε τὸν Σιμωνίδην ἐπισκώπτων ἔλεγε νοῦν οὐκ ἔχειν, Κορινθίους μὲν λοιδοροῦντα μεγάλην οἰκοῦντας πόλιν, αὑτοῦ δὲ ποιούμενον εἰκόνας οὕτως ὄντος αἰσχροῦ τὴν ὄψιν. αὐξόμενος δὲ καὶ τοῖς πολλοῖς ἀρέσκων, τέλος κατεστασίασε καὶ μετέστησεν ἐξοστρακισθέντα τὸν Ἀριστείδην.

[6] [1] Ἤδη δὲ τοῦ Μήδου καταβαίνοντος ἐπὶ τὴν Ἑλλάδα, καὶ τῶν Ἀθηναίων βουλευομένων περὶ στρατηγοῦ, τοὺς μὲν ἄλλους ἑκόντας ἐκστῆναι τῆς στρατηγίας λέγουσιν ἐκπεπληγμένους τὸν κίνδυνον, Ἐπικύδην δὲ τὸν Εὐφημίδου, δημαγωγὸν ὄντα δεινὸν μὲν εἰπεῖν, μαλακὸν δὲ τῇ ψυχῇ καὶ χρημάτων ἥττονα, τῆς ἀρχῆς ἐφίεσθαι καὶ [2] κρατήσειν ἐπίδοξον εἶναι τῇ χειροτονίᾳ. τὸν οὖν Θεμιστοκλέα, δείσαντα μὴ τὰ πράγματα διαφθαρείη παντάπασι τῆς ἡγεμονίας εἰς ἐκεῖνον ἐμπεσούσης, χρήμασι [3] τὴν φιλοτιμίαν ἐξωνήσασθαι παρὰ τοῦ Ἐπικύδους. ἐπαινεῖται δ' αὐτοῦ καὶ τὸ περὶ τὸν δίγλωσσον ἔργον ἐν τοῖς πεμφθεῖσιν ὑπὸ βασιλέως ἐπὶ γῆς καὶ ὕδατος αἴτησιν.

[4] ἑρμηνέα γὰρ ὄντα συλλαβὼν διὰ ψηφίσματος ἀπέκτεινεν, ὅτι φωνὴν Ἑλληνίδα βαρβάροις προστάγμασιν ἐτόλμησε χρῆσαι. ἔτι δὲ καὶ τὸ περὶ Ἄρθμιον τὸν Ζελείτην· Θεμιστοκλέους γὰρ εἰπόντος καὶ τοῦτον εἰς τοὺς ἀτίμους καὶ παῖδας αὐτοῦ καὶ γένος ἐνέγραψαν, ὅτι τὸν ἐκ Μήδων [5] χρυσὸν εἰς τοὺς Ἕλληνας ἐκόμισε. μέγιστον δὲ πάντων τὸ καταλῦσαι τοὺς Ἑλληνικοὺς πολέμους καὶ διαλλάξαι τὰς πόλεις ἀλλήλαις, πείσαντα τὰς ἔχθρας διὰ τὸν πόλεμον ἀναβαλέσθαι· πρὸς ὃ καὶ Χείλεων τὸν Ἀρκάδα μάλιστα συναγωνίσασθαι λέγουσι.

[7] [1] Παραλαβὼν δὲ τὴν ἀρχήν, εὐθὺς μὲν ἐπεχείρει τοὺς πολίτας ἐμβιβάζειν εἰς τὰς τριήρεις, καὶ τὴν πόλιν ἔπειθεν ἐκλιπόντας ὡς προσωτάτω τῆς Ἑλλάδος ἀπαντᾶν [2] τῷ βαρβάρῳ κατὰ θάλατταν. ἐνισταμένων δὲ πολλῶν, ἐξήγαγε πολλὴν στρατιὰν εἰς τὰ Τέμπη μετὰ Λακεδαιμονίων, ὡς αὐτόθι προκινδυνεύσων τῆς Θεσσαλίας, οὔπω τότε μηδίζειν δοκούσης· ἐπεὶ δ’ ἀνεχώρησαν ἐκεῖθεν ἄπρακτοι, καὶ Θεσσαλῶν βασιλεῖ προσγενομένων ἐμήδιζε τὰ μέχρι Βοιωτίας, μᾶλλον ἤδη τῷ Θεμιστοκλεῖ προσεῖχον οἱ Ἀθηναῖοι περὶ τῆς θαλάσσης, καὶ πέμπεται μετὰ νεῶν ἐπ’ Ἀρτεμίσιον τὰ στενὰ φυλάξων.

[3] ἔνθα δὴ τῶν μὲν Ἑλλήνων Εὐρυβιάδην καὶ Λακεδαιμονίους ἡγεῖσθαι κελευόντων, τῶν δ’ Ἀθηναίων, ὅτι πλήθει τῶν νεῶν σύμπαντας ὁμοῦ τι τοὺς ἄλλους ὑπερέβαλλον, οὐκ ἀξιούντων ἑτέροις ἕπεσθαι, συνιδὼν τὸν κίνδυνον ὁ Θεμιστοκλῆς αὐτός τε τὴν ἀρχὴν τῷ Εὐρυβιάδῃ παρῆκε, καὶ κατεπράυνε τοὺς Ἀθηναίους, ὑπισχνούμενος, ἂν ἄνδρες ἀγαθοὶ γένωνται πρὸς τὸν πόλεμον, ἑκόντας αὐτοῖς [4] παρέξειν εἰς τὰ λοιπὰ πειθομένους τοὺς Ἕλληνας. διὸ καὶ δοκεῖ τῆς σωτηρίας αἰτιώτατος γενέσθαι τῇ Ἑλλάδι, καὶ μάλιστα τοὺς Ἀθηναίους προαγαγεῖν εἰς δόξαν, ὡς ἀνδρείᾳ μὲν τῶν πολεμίων, εὐγνωμοσύνῃ δὲ τῶν συμμάχων περιγενομένους.

[5] Ἐπεὶ δὲ ταῖς Ἀφεταῖς τοῦ βαρβαρικοῦ στόλου προσμείξαντος, ἐκπλαγεὶς ὁ Εὐρυβιάδης τῶν κατὰ στόμα νεῶν τὸ πλῆθος, ἄλλας δὲ πυνθανόμενος διακοσίας ὑπὲρ Σκιάθου κύκλῳ περιπλεῖν, ἐβούλετο τὴν ταχίστην εἴσω τῆς Ἑλλάδος κομισθεὶς ἅψασθαι Πελοποννήσου καὶ τὸν πεζὸν στρατὸν ταῖς ναυσὶ προσπεριβαλέσθαι, παντάπασιν ἀπρόσμαχον ἡγούμενος τὴν κατὰ θάλατταν ἀλκὴν βασιλέως, δείσαντες οἱ Εὐβοεῖς μὴ σφᾶς οἱ Ἕλληνες πρόωνται, κρύφα τῷ Θεμιστοκλεῖ διελέγοντο, Πελάγοντα μετὰ [6] χρημάτων πολλῶν πέμψαντες. ἃ λαβὼν ἐκεῖνος, ὡς Ἡρόδοτος (8, 5) ἱστόρηκε, τοῖς περὶ τὸν Εὐρυβιάδην ἔδωκεν. ἐναντιουμένου δ’ αὐτῷ μάλιστα τῶν πολιτῶν Ἀρχιτέλους, ὃς ἦν μὲν ἐπὶ τῆς ἱερᾶς νεὼς τριήραρχος, οὐκ ἔχων δὲ χρήματα τοῖς ναύταις χορηγεῖν ἔσπευδεν ἀποπλεῦσαι, παρώξυνεν ἔτι

μᾶλλον ὁ Θεμιστοκλῆς τοὺς τριηρίτας ἐπ’ αὐτόν, ὥστε τὸ δεῖπνον ἁρπάσαι συνδραμόντας.

[7] τοῦ δ’ Ἀρχιτέλους ἀθυμοῦντος ἐπὶ τούτῳ καὶ βαρέως φέροντος, εἰσέπεμψεν ὁ Θεμιστοκλῆς πρὸς αὐτὸν ἐν κίστῃ δεῖπνον ἄρτων καὶ κρεῶν, ὑποθεὶς κάτω τάλαντον ἀργυρίου καὶ κελεύσας αὐτόν τε δειπνεῖν ἐν τῷ παρόντι καὶ μεθ’ ἡμέραν ἐπιμεληθῆναι τῶν τριηριτῶν· εἰ δὲ μή, καταβοήσειν αὐτοῦ πρὸς τοὺς πολίτας ὡς ἔχοντος ἀργύριον παρὰ τῶν πολεμίων. ταῦτα μὲν οὖν Φανίας ὁ Λέσβιος (FHG II 294) εἴρηκεν.

[8] [1] Αἱ δὲ γενόμεναι τότε πρὸς τὰς τῶν βαρβάρων ναῦς περὶ τὰ στενὰ μάχαι κρίσιν μὲν εἰς τὰ ὅλα μεγάλην οὐκ ἐποίησαν, τῇ δὲ πείρᾳ μέγιστα τοὺς Ἕλληνας ὤνησαν, ὑπὸ τῶν ἔργων παρὰ τοὺς κινδύνους διδαχθέντας, ὡς οὔτε πλήθη νεῶν οὔτε κόσμοι καὶ λαμπρότητες ἐπισήμων οὔτε κραυγαὶ κομπώδεις ἢ βάρβαροι παιᾶνες ἔχουσί τι δεινὸν ἀνδράσιν ἐπισταμένοις εἰς χεῖρας ἰέναι καὶ μάχεσθαι τολμῶσιν, ἀλλὰ δεῖ τῶν τοιούτων καταφρονοῦντας ἐπ’ αὐτὰ τὰ σώματα φέρεσθαι καὶ πρὸς ἐκεῖνα διαγωνίζεσθαι [2] συμπλακέντας. ὃ δὴ καὶ Πίνδαρος (fr. 77 Sn.) οὐ κακῶς ἔοικε συνιδὼν ἐπὶ τῆς ἐν Ἀρτεμισίῳ μάχης εἰπεῖν

ὅθι παῖδες Ἀθαναίων ἐβάλοντο φαεννὰν
κρηπῖδ’ ἐλευθερίας·

[3] ἀρχὴ γὰρ ὄντως τοῦ νικᾶν τὸ θαρρεῖν. ἔστι δὲ τῆς Εὐβοίας τὸ Ἀρτεμίσιον ὑπὲρ τὴν Ἑστίαιαν αἰγιαλὸς εἰς βορέαν ἀναπεπταμένος, ἀνταίρει δ’ αὐτῷ μάλιστα τῆς [4] ὑπὸ Φιλοκτήτῃ γενομένης χώρας Ὀλιζών. ἔχει δὲ ναὸν οὐ μέγαν Ἀρτέμιδος ἐπίκλησιν Προσηῴας, καὶ δένδρα περὶ αὐτὸν πέφυκε καὶ στῆλαι κύκλῳ λίθου λευκοῦ πεπήγασιν· ὁ δὲ λίθος τῇ χειρὶ τριβόμενος καὶ χρόαν καὶ [5] ὀσμὴν κροκίζουσαν ἀναδίδωσιν. ἐν μιᾷ δὲ τῶν στηλῶν ἐλεγεῖον ἦν τόδε γεγραμμένον (Simon. fr. 109 D.)·

παντοδαπῶν ἀνδρῶν γενεὰς Ἀσίας ἀπὸ χώρας
παῖδες Ἀθηναίων τῷδέ ποτ’ ἐν πελάγει
ναυμαχίᾳ δαμάσαντες, ἐπεὶ στρατὸς ὤλετο Μήδων,
σήματα ταῦτ’ ἔθεσαν παρθένῳ Ἀρτέμιδι.

[6] δείκνυται δὲ τῆς ἀκτῆς τόπος ἐν πολλῇ τῇ πέριξ θινὶ κόνιν τεφρώδη καὶ μέλαιναν ἐκ βάθους ἀναδιδούς, ὥσπερ πυρίκαυστον, ἐν ᾧ τὰ ναυάγια καὶ ‹τοὺς› νεκροὺς καῦσαι δοκοῦσι.

[9] [1] Τῶν μέντοι ‹τὰ› περὶ Θερμοπύλας εἰς τὸ Ἀρτεμίσιον ἀπαγγελλόντων πυθόμενοι Λεωνίδαν τε κεῖσθαι καὶ κρατεῖν Ξέρξην τῶν κατὰ γῆν παρόδων, εἴσω τῆς Ἑλλάδος ἀνεκομίζοντο, τῶν Ἀθηναίων ἐπὶ πᾶσι τεταγμένων δι’ ἀρετὴν καὶ μέγα τοῖς πεπραγμένοις φρονούντων.

[2] παραπλέων δὲ τὴν χώραν ὁ Θεμιστοκλῆς, ᾗπερ κατάρσεις ἀναγκαίας καὶ καταφυγὰς ἑώρα τοῖς πολεμίοις, ἐνεχάραττε κατὰ τῶν λίθων ἐπιφανῆ γράμματα, τοὺς μὲν εὑρίσκων ἀπὸ τύχης, τοὺς δ' αὐτὸς ἱστὰς περὶ τὰ ναυλόχια καὶ τὰς ὑδρείας, ἐπισκήπτων Ἴωσι διὰ τῶν γραμμάτων, εἰ μὲν οἷόν τε, μετατάξασθαι πρὸς αὐτούς, πατέρας ὄντας καὶ προκινδυνεύοντας ὑπὲρ τῆς ἐκείνων ἐλευθερίας, εἰ δὲ μή, κακοῦν τὸ βαρβαρικὸν ἐν ταῖς μάχαις καὶ συνταράττειν. ταῦτα δ' ἤλπιζεν ἢ μεταστήσειν τοὺς Ἴωνας ἢ ταράξειν ὑποπτοτέρους τοὺς βαρβάρους γενομένους.

[3] Ξέρξου δὲ διὰ τῆς Δωρίδος ἄνωθεν ἐμβαλόντος εἰς τὴν Φωκίδα καὶ τὰ τῶν Φωκέων ἄστη πυρπολοῦντος, οὐ προσήμυναν οἱ Ἕλληνες, καίπερ τῶν Ἀθηναίων δεομένων εἰς τὴν Βοιωτίαν ἀπαντῆσαι πρὸ τῆς Ἀττικῆς, ὥσπερ [4] αὐτοὶ κατὰ θάλατταν ἐπ' Ἀρτεμίσιον ἐβοήθησαν. μηδενὸς δ' ὑπακούοντος αὐτοῖς, ἀλλὰ τῆς Πελοποννήσου περιεχομένων καὶ πᾶσαν ἐντὸς Ἰσθμοῦ τὴν δύναμιν ὡρμημένων συνάγειν, καὶ διατειχιζόντων τὸν Ἰσθμὸν εἰς θάλατταν ἐκ θαλάττης, ἅμα μὲν ὀργὴ τῆς προδοσίας εἶχε τοὺς Ἀθηναίους, ἅμα δὲ δυσθυμία καὶ κατήφεια μεμονωμένους.

[5] μάχεσθαι μὲν γὰρ οὐ διενοοῦντο μυριάσι στρατοῦ τοσαύταις· ὃ δ' ἦν μόνον ἀναγκαῖον ἐν τῷ παρόντι, τὴν πόλιν ἀφέντας ἐμφῦναι ταῖς ναυσίν, [ὅπερ] οἱ πολλοὶ χαλεπῶς ἤκουον, ὡς μήτε νίκης δεόμενοι μήτε σωτηρίαν ἐπιστάμενοι θεῶν ἱερὰ καὶ πατέρων ἠρῷα προϊεμένων.

[10] [1] Ἔνθα δὴ Θεμιστοκλῆς, ἀπορῶν τοῖς ἀνθρωπίνοις λογισμοῖς προσάγεσθαι τὸ πλῆθος, ὥσπερ ἐν τραγῳδίᾳ μηχανὴν ἄρας, σημεῖα δαιμόνια καὶ χρησμοὺς ἐπῆγεν αὐτοῖς, σημεῖον μὲν λαμβάνων τὸ τοῦ δράκοντος, ὃς ἀφανὴς ταῖς ἡμέραις ἐκείναις ἐκ τοῦ σηκοῦ δοκεῖ γενέσθαι, [2] καὶ τὰς καθ' ἡμέραν αὐτῷ προτιθεμένας ἀπαρχὰς εὑρίσκοντες ἀψαύστους, οἱ ἱερεῖς ἐξήγγελλον εἰς τοὺς πολλούς, τοῦ Θεμιστοκλέους λόγον ‹δια›διδόντος ὡς ἀπολέλοιπε τὴν πόλιν ἡ θεὸς ὑφηγουμένη πρὸς τὴν θάλασσαν [3] αὐτοῖς· τῷ δὲ χρησμῷ πάλιν ἐδημαγώγει, λέγων μηδὲν ἄλλο δηλοῦσθαι ξύλινον τεῖχος ἢ τὰς ναῦς· διὸ καὶ τὴν Σαλαμῖνα θείαν, οὐχὶ δεινὴν οὐδὲ σχετλίαν καλεῖν τὸν θεόν, ὡς εὐτυχήματος μεγάλου τοῖς Ἕλλησιν [4] ἐπώνυμον ἐσομένην. κρατήσας δὲ τῇ γνώμῃ ψήφισμα γράφει, τὴν μὲν πόλιν παρακαταθέσθαι τῇ Ἀθηνᾷ τῇ Ἀθηνῶν μεδεούσῃ, τοὺς δ' ἐν ἡλικίᾳ πάντας ἐμβαίνειν εἰς τὰς τριήρεις, παῖδας δὲ καὶ γυναῖκας καὶ ἀνδράποδα [5] σῴζειν ἕκαστον ὡς ἂν δύνηται. κυρωθέντος δὲ τοῦ ψηφίσματος οἱ πλεῖστοι τῶν Ἀθηναίων ὑπεξέθεντο γενεὰς καὶ γυναῖκας εἰς Τροιζῆνα, φιλοτίμως πάνυ τῶν Τροιζηνίων ὑποδεχομένων· καὶ γὰρ τρέφειν ἐψηφίσαντο δημοσίᾳ, δύο ὀβολοὺς ἑκάστῳ διδόντες, καὶ τῆς ὀπώρας λαμβάνειν ἐξεῖναι τοὺς παῖδας

πανταχόθεν, ἔτι δ’ ὑπὲρ αὐτῶν διδασκάλοις τελεῖν μισθούς. τὸ δὲ ψήφισμα Νικαγόρας ἔγραψεν.

[6] Οὐκ ὄντων δὲ δημοσίων χρημάτων τοῖς Ἀθηναίοις, Ἀριστοτέλης (Ἀθπ. 23, 1) μέν φησι τὴν ἐξ Ἀρείου πάγου βουλὴν πορίσασαν ὀκτὼ δραχμὰς ἑκάστῳ τῶν στρατευομένων αἰτιωτάτην γενέσθαι τοῦ πληρωθῆναι τὰς τριήρεις, Κλείδημος (FGrH 323 F 21) δὲ καὶ τοῦτο τοῦ Θεμιστοκλέους [7] ποιεῖται στρατήγημα. καταβαινόντων γὰρ εἰς Πειραιᾶ τῶν Ἀθηναίων φησὶν ἀπολέσθαι τὸ Γοργόνειον ἀπὸ τῆς θεοῦ τοῦ ἀγάλματος· τὸν οὖν Θεμιστοκλέα προσποιούμενον ζητεῖν καὶ διερευνώμενον ἅπαντα, χρημάτων ἀνευρίσκειν πλῆθος ἐν ταῖς ἀποσκευαῖς ἀποκεκρυμμένον, ὧν εἰς μέσον κομισθέντων εὐπορῆσαι τοὺς ἐμβαίνοντας εἰς τὰς ναῦς ἐφοδίων.

[8] Ἐκπλεούσης δὲ τῆς πόλεως τοῖς μὲν οἶκτον τὸ θέαμα, τοῖς δὲ θαῦμα τῆς τόλμης παρεῖχε, γενεὰς μὲν ἄλλῃ προπεμπόντων, αὐτῶν δ’ ἀκάμπτων πρὸς οἰμωγὰς καὶ δάκρυα γονέων καὶ περιβολὰς διαπερώντων εἰς τὴν νῆσον.

[9] καίτοι πολὺν μὲν οἱ διὰ γῆρας ὑπολειπόμενοι τῶν πολιτῶν ἔλεον εἶχον, ἦν δέ τις καὶ ἀπὸ τῶν ἡμέρων καὶ συντρόφων ζῴων ἐπικλῶσα γλυκυθυμία, μετ’ ὠρυγῆς καὶ πόθου συμπαραθεόντων ἐμβαίνουσι τοῖς ἑαυτῶν τροφεῦσιν.

[10] ἐν οἷς ἱστορεῖται κύων Ξανθίππου τοῦ Περικλέους πατρός, οὐκ ἀνασχόμενος τὴν ἀπ’ αὐτοῦ μόνωσιν, ἐναλέσθαι τῇ θαλάττῃ καὶ τῇ τριήρει παρανηχόμενος ἐκπεσεῖν εἰς τὴν Σαλαμῖνα, καὶ λιποθυμήσας ἀποθανεῖν εὐθύς· οὗ καὶ τὸ δεικνύμενον ἄχρι νῦν καὶ καλούμενον Κυνὸς σῆμα τάφον εἶναι λέγουσι.

[11] [1] Ταῦτά τε δὴ μεγάλα τοῦ Θεμιστοκλέους, καὶ τοὺς πολίτας αἰσθόμενος ποθοῦντας Ἀριστείδην καὶ δεδιότας μὴ δι’ ὀργὴν τῷ βαρβάρῳ προσθεὶς ἑαυτὸν ἀνατρέψῃ τὰ πράγματα τῆς Ἑλλάδος - ἐξωστράκιστο γὰρ πρὸ τοῦ πολέμου καταστασιασθεὶς ὑπὸ Θεμιστοκλέους - , γράφει ψήφισμα, τοῖς ἐπὶ χρόνῳ μεθεστῶσιν ἐξεῖναι κατελθοῦσι πράττειν καὶ λέγειν τὰ βέλτιστα τῇ Ἑλλάδι μετὰ τῶν ἄλλων πολιτῶν.

[2] Εὐρυβιάδου δὲ τὴν μὲν ἡγεμονίαν τῶν νεῶν ἔχοντος διὰ τὸ τῆς Σπάρτης ἀξίωμα, μαλακοῦ δὲ παρὰ τὸν κίνδυνον ὄντος, αἴρειν δὲ βουλομένου καὶ πλεῖν ἐπὶ τὸν Ἰσθμόν, ὅπου καὶ τὸ πεζὸν ἤθροιστο τῶν Πελοποννησίων, [3] ὁ Θεμιστοκλῆς ἀντέλεγεν. ὅτε καὶ τὰ μνημονευόμενα λεχθῆναί φασι· τοῦ γὰρ Εὐρυβιάδου πρὸς αὐτὸν εἰπόντος· ‘ὦ Θεμιστόκλεις, ἐν τοῖς ἀγῶσι τοὺς προεξανισταμένους ῥαπίζουσι’, ‘ναί’ εἶπεν ὁ Θεμιστοκλῆς, ‘ἀλλὰ τοὺς ἀπολειφθέντας οὐ στεφανοῦσιν’. ἐπαραμένου δὲ τὴν βακτηρίαν ὡς πατάξοντος, ὁ Θεμιστοκλῆς ἔφη· [4] ‘πάταξον μέν, ἄκουσον δέ.’ θαυμάσαντος δὲ τὴν πρᾳότητα τοῦ Εὐρυβιάδου καὶ λέγειν κελεύσαντος, ὁ μὲν

Θεμιστοκλῆς [5] ἀνῆγεν αὐτὸν ἐπὶ τὸν λόγον· εἰπόντος δέ τινος ὡς ἀνὴρ ἄπολις οὐκ ὀρθῶς διδάσκοι τοὺς ἔχοντας ἐγκαταλιπεῖν καὶ προέσθαι τὰς πατρίδας, ὁ Θεμιστοκλῆς ἐπιστρέψας τὸν λόγον 'ἡμεῖς τοι' εἶπεν 'ὦ μοχθηρέ, τὰς μὲν οἰκίας καὶ τὰ τείχη καταλελοίπαμεν, οὐκ ἀξιοῦντες ἀψύχων ἕνεκα δουλεύειν· πόλις δ' ἡμῖν ἔστι μεγίστη τῶν Ἑλληνίδων, αἱ διακόσιαι τριήρεις, αἳ νῦν μὲν ὑμῖν παρεστᾶσι βοηθοὶ σῴζεσθαι δι' αὐτῶν βουλομένοις, εἰ δ' ἄπιτε δεύτερον ἡμᾶς προδόντες, αὐτίκα πεύσεταί τις Ἑλλήνων Ἀθηναίους καὶ πόλιν ἐλευθέραν καὶ χώραν οὐ χείρονα κεκτημένους ἧς ἀπέβαλον.' ταῦτα τοῦ Θεμιστοκλέους εἰπόντος, ἔννοια καὶ δέος ἔσχε τὸν Εὐρυβιάδην [6] τῶν Ἀθηναίων, μὴ σφᾶς ἀπολείποντες οἴχωνται. τοῦ δ' Ἐρετριέως πειρωμένου τι λέγειν πρὸς αὐτόν, 'ἦ γάρ' ἔφη 'καὶ ὑμῖν περὶ πολέμου τίς ἐστι λόγος, οἳ καθάπερ αἱ τευθίδες μάχαιραν μὲν ἔχετε, καρδίαν δ' οὐκ ἔχετε;'

[12] [1] Λέγεται δ' ὑπό τινων τὸν μὲν Θεμιστοκλέα περὶ τούτων ἀπὸ τοῦ καταστρώματος [ἄνωθεν] τῆς νεὼς διαλέγεσθαι, γλαῦκα δ' ὀφθῆναι διαπετομένην ἐπὶ δεξιᾶς τῶν νεῶν καὶ τοῖς καρχησίοις ἐπικαθίζουσαν· διὸ δὴ καὶ μάλιστα προσέθεντο τῇ γνώμῃ καὶ παρεσκευάζοντο [2] ναυμαχήσοντες. ἀλλ' ἐπεὶ τῶν πολεμίων ὅ τε στόλος τῇ Ἀττικῇ κατὰ τὸ Φαληρικὸν προσφερόμενος τοὺς πέριξ ἀπέκρυψεν αἰγιαλούς, αὐτός τε βασιλεὺς μετὰ τοῦ πεζοῦ στρατοῦ καταβὰς ἐπὶ τὴν θάλατταν ἄθρους ὤφθη, τῶν δυνάμεων ὁμοῦ γενομένων, ἐξερρύησαν οἱ τοῦ Θεμιστοκλέους λόγοι τῶν Ἑλλήνων, καὶ πάλιν ἐπάπταινον οἱ Πελοποννήσιοι πρὸς τὸν Ἰσθμόν, εἴ τις ἄλλο τι λέγοι χαλεπαίνοντες. ἐδόκει δὴ τῆς νυκτὸς ἀποχωρεῖν, καὶ παρηγγέλλετο [3] πλοῦς τοῖς κυβερνήταις. ἔνθα δὴ βαρέως φέρων ὁ Θεμιστοκλῆς εἰ τὴν ἀπὸ τοῦ τόπου καὶ τῶν στενῶν προέμενοι βοήθειαν οἱ Ἕλληνες διαλυθήσονται κατὰ πόλεις, ἐβουλεύετο καὶ συνετίθει τὴν περὶ τὸν Σίκιννον [4] πραγματείαν. ἦν δὲ τῷ μὲν γένει Πέρσης ὁ Σίκιννος αἰχμάλωτος, εὔνους δὲ τῷ Θεμιστοκλεῖ καὶ τῶν τέκνων αὐτοῦ παιδαγωγός. ὃν ἐκπέμπει πρὸς τὸν Ξέρξην κρύφα, κελεύσας λέγειν ὅτι Θεμιστοκλῆς ὁ τῶν Ἀθηναίων στρατηγὸς αἱρούμενος τὰ βασιλέως ἐξαγγέλλει πρῶτος αὐτῷ τοὺς Ἕλληνας ἀποδιδράσκοντας, καὶ διακελεύεται μὴ παρεῖναι φυγεῖν αὐτοῖς, ἀλλ' ἐν ᾧ ταράττονται τῶν πεζῶν χωρὶς ὄντες ἐπιθέσθαι καὶ διαφθεῖραι τὴν ναυτικὴν δύναμιν.

[5] ταῦτα δ' ὁ Ξέρξης ὡς ἀπ' εὐνοίας λελεγμένα δεξάμενος, ἥσθη καὶ [τέλος] εὐθὺς ἐξέφερε πρὸς τοὺς ἡγεμόνας τῶν νεῶν, τὰς μὲν ἄλλας πληροῦν καθ' ἡσυχίαν, διακοσίαις δ' ἀναχθέντας ἤδη περιβαλέσθαι τὸν πόρον ἐν κύκλῳ πάντα καὶ διαζῶσαι τὰς νήσους, ὅπως ἐκφύγοι [6] μηδεὶς τῶν πολεμίων. τούτων δὲ πραττομένων Ἀριστείδης ὁ Λυσιμάχου πρῶτος αἰσθόμενος ἧκεν ἐπὶ τὴν σκηνὴν τοῦ Θεμιστοκλέους, οὐκ ὢν φίλος, ἀλλὰ καὶ

δι’ ἐκεῖνον ἐξωστρακισμένος ὥσπερ εἴρηται· προελθόντι δὲ [7] τῷ Θεμιστοκλεῖ φράζει τὴν κύκλωσιν. ὁ δὲ τήν τ’ ἄλλην καλοκαγαθίαν τοῦ ἀνδρὸς εἰδὼς καὶ τῆς τότε παρουσίας ἀγάμενος λέγει τὰ περὶ τὸν Σίκιννον αὐτῷ καὶ παρεκάλει τῶν Ἑλλήνων συνεπιλαμβάνεσθαι καὶ συμπροθυμεῖσθαι πίστιν ἔχοντα μᾶλλον, ὅπως ἐν τοῖς στενοῖς ναυμαχήσωσιν.

[8] ὁ μὲν οὖν Ἀριστείδης ἐπαινέσας τὸν Θεμιστοκλέα τοὺς ἄλλους ἐπῄει στρατηγοὺς καὶ τριηράρχους, ἐπὶ τὴν μάχην παροξύνων. ἔτι δ’ ὅμως ἀπιστούντων, ἐφάνη Τηνία τριήρης αὐτόμολος, ἧς ἐναυάρχει Παναίτιος, ἀπαγγέλλουσα τὴν κύκλωσιν, ὥστε καὶ θυμῷ τοὺς Ἕλληνας ὁρμῆσαι μετὰ τῆς ἀνάγκης πρὸς τὸν κίνδυνον.

[13] [1] Ἅμα δ’ ἡμέρᾳ Ξέρξης μὲν ἄνω καθῆστο, τὸν στόλον ἐποπτεύων καὶ τὴν παράταξιν, ὡς μὲν Φανόδημός (FGrH 325 F 24) φησιν ὑπὲρ τὸ Ἡράκλειον, ᾗ βραχεῖ πόρῳ διείργεται τῆς Ἀττικῆς ἡ νῆσος, ὡς δ’ Ἀκεστόδωρος (FHG II 464) ἐν μεθορίᾳ τῆς Μεγαρίδος ὑπὲρ τῶν καλουμένων Κεράτων, χρυσοῦν δίφρον θέμενος καὶ γραμματεῖς πολλοὺς παραστησάμενος, ὧν ἔργον ἦν ἀπογράφεσθαι τὰ κατὰ τὴν μάχην πραττόμενα.

[2] Θεμιστοκλεῖ δὲ παρὰ τὴν ναυαρχίδα τριήρη σφαγιαζομένῳ τρεῖς προσήχθησαν αἰχμάλωτοι, κάλλιστοι μὲν ἰδέσθαι τὴν ὄψιν, ἐσθῆτι δὲ καὶ χρυσῷ κεκοσμημένοι διαπρεπῶς. ἐλέγοντο δὲ Σανδάκης παῖδες εἶναι τῆς βασιλέως ἀδελφῆς [3] καὶ Ἀρταΰκτου. τούτους ἰδὼν Εὐφραντίδης ὁ μάντις, ὡς ἅμα μὲν ἀνέλαμψεν ἐκ τῶν ἱερῶν μέγα καὶ περιφανὲς πῦρ, ἅμα δὲ πταρμὸς ἐκ δεξιῶν ἐσήμηνε, τὸν Θεμιστοκλέα δεξιωσάμενος ἐκέλευσε τῶν νεανίσκων κατάρξασθαι καὶ καθιερεῦσαι πάντας ὠμηστῇ Διονύσῳ προσευξάμενον· οὕτω γὰρ ἅμα σωτηρίαν καὶ νίκην ἔσεσθαι τοῖς [4] Ἕλλησιν. ἐκπλαγέντος δὲ τοῦ Θεμιστοκλέους ὡς μέγα τὸ μάντευμα καὶ δεινόν, οἷον εἴωθεν ἐν μεγάλοις ἀγῶσι καὶ πράγμασι χαλεποῖς, μᾶλλον ἐκ τῶν παραλόγων ἢ τῶν εὐλόγων τὴν σωτηρίαν ἐλπίζοντες οἱ πολλοὶ τὸν θεὸν ἅμα κοινῇ κατεκαλοῦντο φωνῇ, καὶ τοὺς αἰχμαλώτους τῷ βωμῷ προσαγαγόντες ἠνάγκασαν, ὡς ὁ μάντις [5] ἐκέλευσε, τὴν θυσίαν συντελεσθῆναι. ταῦτα μὲν οὖν ἀνὴρ φιλόσοφος καὶ γραμμάτων οὐκ ἄπειρος ἱστορικῶν Φανίας ὁ Λέσβιος (FHG II 295) εἴρηκε.

[14] [1] Περὶ δὲ τοῦ πλήθους τῶν βαρβαρικῶν νεῶν Αἰσχύλος ὁ ποιητὴς ὡς ἂν εἰδὼς [καὶ] διαβεβαιούμενος ἐν [τραγῳδίᾳ] Πέρσαις (v. 336) λέγει ταῦτα·

Ξέρξῃ δέ, καὶ γὰρ οἶδα, χιλιὰς μὲν ἦν
ὧν ἦγε πλῆθος· αἱ δ’ ὑπέρκοποι τάχει
ἑκατὸν δὶς ἦσαν ἑπτά θ’· ὧδ’ ἔχει λόγος.

[2] τῶν δ᾽ Ἀττικῶν ἑκατὸν ὀγδοήκοντα τὸ πλῆθος οὐσῶν ἑκάστη τοὺς ἀπὸ καταστρώματος μαχομένους ὀκτωκαίδεκα εἶχεν, ὧν τοξόται τέσσαρες ἦσαν, οἱ λοιποὶ δ᾽ ὁπλῖται.

[3] Δοκεῖ δ᾽ οὐχ ἧττον εὖ τὸν καιρὸν ὁ Θεμιστοκλῆς ἢ τὸν τόπον συνιδὼν καὶ φυλάξας, μὴ πρότερον ἀντιπρῴρους καταστῆσαι ταῖς βαρβαρικαῖς τὰς τριήρεις, ἢ τὴν εἰωθυῖαν ὥραν παραγενέσθαι, τὸ πνεῦμα λαμπρὸν ἐκ πελάγους αἰεὶ καὶ κῦμα διὰ τῶν στενῶν κατάγουσαν· ὃ τὰς Ἑλληνικὰς μὲν οὐκ ἔβλαπτε ναῦς, ἁλιτενεῖς οὔσας καὶ ταπεινοτέρας, τὰς δὲ βαρβαρικὰς ταῖς τε πρύμναις ἀνεστώσας καὶ τοῖς καταστρώμασιν ὑψορόφους καὶ βαρείας ἐπιφερομένας ἔσφαλλε προσπῖπτον καὶ παρεδίδου πλαγίας τοῖς Ἕλλησιν ὀξέως προσφερομένοις καὶ τῷ Θεμιστοκλεῖ προσέχουσιν ὡς ὁρῶντι μάλιστα τὸ συμφέρον· ὅθεν κατ᾽ ἐκεῖνον ὁ Ξέρξου ναύαρχος Ἀριαμένης ναῦν ἔχων μεγάλην ὥσπερ ἀπὸ τείχους ἐτόξευε καὶ ἠκόντιζεν, ἀνὴρ ἀγαθὸς ὢν καὶ τῶν βασιλέως ἀδελφῶν πολὺ κράτιστος [4] καὶ δικαιότατος. τοῦτον μὲν οὖν Ἀμεινίας ὁ Δεκελεὺς καὶ Σωκλῆς ὁ †Πελιεὺς ὁμοῦ πλέοντες, ὡς αἱ νῆες ἀντίπρῳροι προσπεσοῦσαι καὶ συνερείσασαι τοῖς χαλκώμασιν ἐνεσχέθησαν, ἐπιβαίνοντα τῆς αὐτῶν τριήρους ὑποστάντες καὶ τοῖς δόρασι τύπτοντες εἰς τὴν θάλασσαν ἐξέβαλον, καὶ τὸ σῶμα μετὰ τῶν ἄλλων διαφερόμενον ναυαγίων Ἀρτεμισία γνωρίσασα πρὸς Ξέρξην ἀνήνεγκεν.

[15] [1] Ἐν δὲ τούτῳ τοῦ ἀγῶνος ὄντος φῶς μὲν ἐκλάμψαι μέγα λέγουσιν Ἐλευσινόθεν, ἦχον δὲ καὶ φωνὴν τὸ Θριάσιον κατέχειν πεδίον ἄχρι θαλάττης, ὡς ἀνθρώπων ὁμοῦ πολλῶν τὸν μυστικὸν ἐξαγόντων Ἴακχον. ἐκ δὲ τοῦ πλήθους τῶν φθεγγομένων κατὰ μικρὸν ἀπὸ γῆς ἀναφερόμενον νέφος ἔδοξεν αὖθις ὑπονοστεῖν καὶ κατασκήπτειν [2] εἰς τὰς τριήρεις. ἕτεροι δὲ φάσματα καὶ εἴδωλα καθορᾶν ἔδοξαν ἐνόπλων ἀνδρῶν ἀπ᾽ Αἰγίνης τὰς χεῖρας ἀνεχόντων πρὸ τῶν Ἑλληνικῶν τριήρων, οὓς εἴκαζον Αἰακίδας εἶναι παρακεκλημένους εὐχαῖς πρὸ τῆς μάχης [3] ἐπὶ τὴν βοήθειαν. πρῶτος μὲν οὖν λαμβάνει ναῦν Λυκομήδης, ἀνὴρ Ἀθηναῖος τριηραρχῶν, ἧς τὰ παράσημα [4] περικόψας ἀνέθηκεν Ἀπόλλωνι δαφνηφόρῳ Φλυῆσιν. οἱ δ᾽ ἄλλοι τοῖς βαρβάροις ἐξισούμενοι τὸ πλῆθος ἐν στενῷ κατὰ μέρος προσφερομένους καὶ περιπίπτοντας ἀλλήλοις ἐτρέψαντο μέχρι δείλης ἀντισχόντας, ὥσπερ εἴρηκε Σιμωνίδης (fr. 83 B4`4), τὴν καλὴν ἐκείνην καὶ περιβόητον ἀράμενοι νίκην, ἧς οὔθ᾽ Ἕλλησιν οὔτε βαρβάροις ἐνάλιον ἔργον εἴργασται λαμπρότερον, ἀνδρείᾳ μὲν καὶ προθυμίᾳ κοινῇ τῶν ναυμαχησάντων, γνώμῃ δὲ καὶ δεινότητι τῇ Θεμιστοκλέους.

[16] [1] Μετὰ δὲ τὴν ναυμαχίαν Ξέρξης μὲν ἔτι θυμομαχῶν πρὸς τὴν ἀπότευξιν ἐπεχείρει διὰ χωμάτων ἐπάγειν τὸ πεζὸν εἰς Σαλαμῖνα τοῖς

Ἕλλησιν, ἐμφράξας τὸν [2] διὰ μέσου πόρον· Θεμιστοκλῆς δ' ἀποπειρώμενος Ἀριστείδου λόγῳ γνώμην ἐποιεῖτο λύειν τὸ ζεῦγμα ταῖς ναυσὶν ἐπιπλεύσαντας εἰς Ἑλλήσποντον, 'ὅπως' ἔφη 'τὴν [3] Ἀσίαν ἐν τῇ Εὐρώπῃ λάβωμεν.' δυσχεραίνοντος δὲ τοῦ Ἀριστείδου καὶ λέγοντος ὅτι 'νῦν μὲν τρυφῶντι τῷ βαρβάρῳ πεπολεμήκαμεν· ἐὰν δὲ κατακλείσωμεν εἰς τὴν Ἑλλάδα καὶ καταστήσωμεν εἰς ἀνάγκην ὑπὸ δέους ἄνδρα τηλικούτων δυνάμεων κύριον, οὐκέτι καθήμενος ὑπὸ σκιάδι χρυσῇ θεάσεται τὴν μάχην ἐφ' ἡσυχίας, ἀλλὰ πάντα τολμῶν καὶ πᾶσιν αὐτὸς παρὼν διὰ τὸν κίνδυνον ἐπανορθώσεται τὰ παρειμένα καὶ βουλεύσεται βέλτιον ὑπὲρ [4] τῶν ὅλων. οὐ τὴν οὖσαν οὖν' ἔφη 'δεῖ γέφυραν ὦ Θεμιστόκλεις ἡμᾶς ἀναιρεῖν, ἀλλ' ἑτέραν εἴπερ οἷόν τε προσκατασκευάσαντας ἐκβαλεῖν διὰ τάχους τὸν ἄνθρωπον ἐκ τῆς Εὐρώπης', 'οὐκοῦν' εἶπεν ὁ Θεμιστοκλῆς 'εἰ δοκεῖ ταῦτα συμφέρειν, ὥρα σκοπεῖν καὶ μηχανᾶσθαι πάντας ἡμᾶς, ὅπως ἀπαλλαγήσεται τὴν ταχίστην ἐκ τῆς Ἑλλάδος.'

[5] Ἐπεὶ δὲ ταῦτ' ἔδοξεν, ἔπεμπέ τινα τῶν βασιλικῶν εὐνούχων ἐν τοῖς αἰχμαλώτοις ἀνευρὼν Ἀρνάκην ὄνομα, φράζειν βασιλεῖ κελεύσας ὅτι τοῖς μὲν Ἕλλησι δέδοκται τῷ ναυτικῷ κεκρατηκότας ἀναπλεῖν εἰς τὸν Ἑλλήσποντον ἐπὶ τὸ ζεῦγμα καὶ λύειν τὴν γέφυραν, Θεμιστοκλῆς δὲ κηδόμενος βασιλέως παραινεῖ σπεύδειν ἐπὶ τὴν αὑτοῦ [θάλατταν] καὶ περαιοῦσθαι, μέχρις αὐτὸς ἐμποιεῖ τινας διατριβὰς τοῖς συμμάχοις καὶ μελλήσεις [6] πρὸς τὴν δίωξιν. ταῦθ' ὁ βάρβαρος ἀκούσας καὶ γενόμενος περίφοβος, διὰ τάχους ἐποιεῖτο τὴν ἀναχώρησιν, καὶ πεῖραν ἡ Θεμιστοκλέους καὶ Ἀριστείδου φρόνησις ἐν Μαρδονίῳ παρέσχεν, εἴγε πολλοστημορίῳ τῆς Ξέρξου δυνάμεως διαγωνισάμενοι Πλαταιᾶσιν εἰς τὸν περὶ τῶν ὅλων κίνδυνον κατέστησαν.

[17] [1] Πόλεων μὲν οὖν τὴν Αἰγινητῶν ἀριστεῦσαί φησιν Ἡρόδοτος (8, 93), Θεμιστοκλεῖ δὲ καίπερ ἄκοντες ὑπὸ [2] φθόνου τὸ πρωτεῖον ἀπέδοσαν ἅπαντες. ἐπεὶ γὰρ ἀναχωρήσαντες εἰς τὸν Ἰσθμὸν ἀπὸ τοῦ βωμοῦ τὴν ψῆφον ἔφερον οἱ στρατηγοί, πρῶτον μὲν ἕκαστος αὑτὸν ἀπέφαινεν [3] ἀρετῇ, δεύτερον δὲ μεθ' αὑτὸν Θεμιστοκλέα. Λακεδαιμόνιοι δ' εἰς τὴν Σπάρτην αὐτὸν καταγαγόντες, Εὐρυβιάδῃ μὲν ἀνδρείας, ἐκείνῳ δὲ σοφίας ἀριστεῖον ἔδοσαν θαλλοῦ στέφανον, καὶ τῶν κατὰ τὴν πόλιν ἁρμάτων τὸ πρωτεῦον ἐδωρήσαντο καὶ τριακοσίους τῶν νέων [4] πομποὺς ἄχρι τῶν ὅρων συνεξέπεμψαν. λέγεται δ' Ὀλυμπίων τῶν ἑξῆς ἀγομένων, καὶ παρελθόντος εἰς τὸ στάδιον τοῦ Θεμιστοκλέους, ἀμελήσαντας τῶν ἀγωνιστῶν τοὺς παρόντας ὅλην τὴν ἡμέραν ἐκεῖνον θεᾶσθαι καὶ τοῖς ξένοις ἐπιδεικνύειν ἅμα

θαυμάζοντας καὶ κροτοῦντας, ὥστε καὶ αὐτὸν ἡσθέντα πρὸς τοὺς φίλους ὁμολογῆσαι τὸν καρπὸν ἀπέχειν τῶν ὑπὲρ τῆς Ἑλλάδος αὐτῷ πονηθέντων.

[18] [1] Καὶ γὰρ ἦν τῇ φύσει φιλοτιμότατος, εἰ δεῖ τεκμαίρεσθαι διὰ τῶν ἀπομνημονευομένων. αἱρεθεὶς γὰρ ναύαρχος ὑπὸ τῆς πόλεως, οὐδὲν οὔτε τῶν ἰδίων οὔτε τῶν κοινῶν κατὰ μέρος ἐχρημάτιζεν, ἀλλὰ πᾶν ἀνεβάλλετο τὸ προσπῖπτον εἰς τὴν ἡμέραν ἐκείνην καθ' ἣν ἐκπλεῖν ἔμελλεν, ἵν' ὁμοῦ πολλὰ πράττων πράγματα καὶ παντοδαποῖς ἀνθρώποις ὁμιλῶν μέγας εἶναι δοκῇ καὶ πλεῖστον δύνασθαι.

[2] Τῶν δὲ νεκρῶν τοὺς ἐκπεσόντας ἐπισκοπῶν παρὰ τὴν θάλατταν, ὡς εἶδε περικειμένους ψέλια χρυσᾶ καὶ στρεπτούς, αὐτὸς μὲν παρῆλθε, τῷ δ' ἑπομένῳ φίλῳ δείξας εἶπεν· 'ἀνελοῦ σαυτῷ· σὺ γὰρ οὐκ εἶ Θεμιστοκλῆς.'

[3] Πρὸς δέ τινα τῶν καλῶν γεγονότων Ἀντιφάτην, ὑπερηφάνως αὐτῷ κεχρημένον πρότερον, ὕστερον δὲ θεραπεύοντα διὰ τὴν δόξαν 'ὦ μειράκιον' εἶπεν, 'ὀψὲ μέν, ἀμφότεροι δ' ὁμοῦ νοῦν ἐσχήκαμεν.'

[4] Ἔλεγε δὲ τοὺς Ἀθηναίους οὐ τιμᾶν αὐτὸν οὐδὲ θαυμάζειν, ἀλλ' ὥσπερ πλατάνῳ χειμαζομένους μὲν ὑποτρέχειν [κινδυνεύοντας], εὐδίας δὲ περὶ αὐτοὺς γενομένης τίλλειν καὶ κολούειν.

[5] Τοῦ δὲ Σεριφίου πρὸς αὐτὸν εἰπόντος ὡς οὐ δι' αὐτὸν ἔσχηκε δόξαν, ἀλλὰ διὰ τὴν πόλιν, 'ἀληθῆ λέγεις' εἶπεν· 'ἀλλ' οὔτ' ἂν ἐγὼ Σερίφιος ὢν ἐγενόμην ἔνδοξος, οὔτε σὺ Ἀθηναῖος.'

[6] Ἑτέρου δέ τινος τῶν στρατηγῶν, ὡς ἔδοξέ τι χρήσιμον διαπεπρᾶχθαι τῇ πόλει, θρασυνομένου πρὸς τὸν Θεμιστοκλέα καὶ τὰς ἑαυτοῦ ταῖς ἐκείνου πράξεσιν ἀντιπαραβάλλοντος, ἔφη τῇ ἑορτῇ τὴν ὑστεραίαν ἐρίσαι, λέγουσαν ὡς ἐκείνη μὲν ἀσχολιῶν τε μεστὴ καὶ κοπώδης ἐστίν, ἐν αὐτῇ δὲ πάντες ἀπολαύουσι τῶν παρεσκευασμένων σχολάζοντες· τὴν δ' ἑορτὴν πρὸς ταῦτ' εἰπεῖν· 'ἀληθῆ λέγεις· ἀλλ' ἐμοῦ μὴ γενομένης σὺ οὐκ ἂν ἦσθα·' 'κἀμοῦ τοίνυν' ἔφη 'τότε μὴ γενομένου, ποῦ ἂν ἦτε νῦν ὑμεῖς;'

[7] Τὸν δ' υἱὸν ἐντρυφῶντα τῇ μητρὶ καὶ δι' ἐκείνην ἑαυτῷ σκώπτων ἔλεγε πλεῖστον τῶν Ἑλλήνων δύνασθαι· τοῖς μὲν γὰρ Ἕλλησιν ἐπιτάσσειν Ἀθηναίους, Ἀθηναίοις δ' ἑαυτόν, αὑτῷ δὲ τὴν ἐκείνου μητέρα, τῇ μητρὶ δ' ἐκεῖνον.

[8] Ἴδιος δέ τις ἐν πᾶσι βουλόμενος εἶναι, χωρίον μὲν πιπράσκων ἐκέλευε κηρύττειν ὅτι καὶ γείτονα χρηστὸν [9] ἔχει· τῶν δὲ μνωμένων αὐτοῦ τὴν θυγατέρα τὸν ἐπιεικῆ τοῦ πλουσίου προκρίνας, ἔφη ζητεῖν ἄνδρα χρημάτων δεόμενον μᾶλλον ἢ χρήματα ἀνδρός. ἐν μὲν οὖν τοῖς ἀποφθέγμασι τοιοῦτός τις ἦν.

[19] [1] Γενόμενος δ’ ἀπὸ τῶν πράξεων ἐκείνων, εὐθὺς ἐπεχείρει τὴν πόλιν ἀνοικοδομεῖν καὶ τειχίζειν, ὡς μὲν ἱστορεῖ Θεόπομπος (FGrH 115 F 85) χρήμασι πείσας μὴ ἐναντιωθῆναι τοὺς ἐφόρους, ὡς δ’ οἱ πλεῖστοι, παρακρουσάμενος.

[2] ἧκε μὲν γὰρ εἰς Σπάρτην ὄνομα πρεσβείας ἐπιγραψάμενος· ἐγκαλούντων δὲ τῶν Σπαρτιατῶν ὅτι τειχίζουσι τὸ ἄστυ, καὶ Πολυάρχου κατηγοροῦντος ἐπίτηδες ἐξ Αἰγίνης ἀποσταλέντος, ἠρνεῖτο καὶ πέμπειν ἐκέλευεν εἰς Ἀθήνας τοὺς κατοψομένους, ἅμα μὲν ἐμβάλλων τῷ τειχισμῷ χρόνον ἐκ τῆς διατριβῆς, ἅμα δὲ βουλόμενος ἀνθ’ αὑτοῦ τοὺς πεμπομένους ὑπάρχειν τοῖς Ἀθηναίοις.

[3] ὃ καὶ συνέβη· γνόντες γὰρ οἱ Λακεδαιμόνιοι τὸ ἀληθὲς οὐκ ἠδίκησαν αὐτόν, ἀλλ’ ἀδήλως χαλεπαίνοντες ἀπέπεμψαν. ἐκ δὲ τούτου τὸν Πειραιᾶ κατεσκεύαζε, τὴν τῶν λιμένων εὐφυΐαν κατανοήσας καὶ τὴν πόλιν ὅλην ἁρμοττόμενος πρὸς τὴν θάλατταν, καὶ τρόπον τινὰ τοῖς παλαιοῖς βασιλεῦσι τῶν Ἀθηναίων ἀντιπολιτευόμενος.

[4] ἐκεῖνοι μὲν γὰρ ὡς λέγεται πραγματευόμενοι τοὺς πολίτας ἀποσπάσαι τῆς θαλάττης, καὶ συνεθίσαι ζῆν μὴ πλέοντας, ἀλλὰ τὴν χώραν φυτεύοντας, τὸν περὶ τῆς Ἀθηνᾶς διέδοσαν λόγον, ὡς ἐρίσαντα περὶ τῆς χώρας Ποσειδῶνα δείξασα τὴν μορίαν τοῖς δικασταῖς ἐνίκησεν. Θεμιστοκλῆς δ’ οὐχ, ὥσπερ Ἀριστοφάνης ὁ κωμικός (eq. 815) φησι, τῇ πόλει ‘τὸν Πειραιᾶ προσέμαξεν’, ἀλλὰ τὴν πόλιν ἐξῆψε τοῦ Πειραιῶς καὶ τὴν γῆν τῆς [5] θαλάττης· ᾧ καὶ τὸν δῆμον ηὔξησε κατὰ τῶν ἀρίστων καὶ θράσους ἐνέπλησεν, εἰς ναύτας καὶ κελευστὰς καὶ [6] κυβερνήτας τῆς δυνάμεως ἀφικομένης. διὸ καὶ τὸ βῆμα τὸ ἐν Πυκνὶ πεποιημένον ὥστ’ ἀποβλέπειν πρὸς τὴν θάλατταν ὕστερον οἱ τριάκοντα πρὸς τὴν χώραν ἀπέστρεψαν, οἰόμενοι τὴν μὲν κατὰ θάλατταν ἀρχὴν γένεσιν εἶναι δημοκρατίας, ὀλιγαρχίᾳ δ’ ἧττον δυσχεραίνειν τοὺς γεωργοῦντας.

[20] [1] Θεμιστοκλῆς δὲ καὶ μεῖζόν τι περὶ τῆς ναυτικῆς διενοήθη δυνάμεως. ἐπεὶ γὰρ ὁ τῶν Ἑλλήνων στόλος ἀπηλλαγμένου Ξέρξου κατῆρεν εἰς Παγασὰς καὶ διεχείμαζε, δημηγορῶν ἐν τοῖς Ἀθηναίοις ἔφη τινα πρᾶξιν ἔχειν ὠφέλιμον μὲν αὐτοῖς καὶ σωτήριον, ἀπόρρητον δὲ [2] πρὸς τοὺς πολλούς. τῶν δ’ Ἀθηναίων Ἀριστείδῃ φράσαι μόνῳ κελευόντων, κἂν ἐκεῖνος δοκιμάσῃ, περαίνειν, ὁ μὲν Θεμιστοκλῆς ἔφρασε τῷ Ἀριστείδῃ τὸ νεώριον ἐμπρῆσαι διανοεῖσθαι τῶν Ἑλλήνων· ὁ δ’ Ἀριστείδης εἰς τὸν δῆμον προελθὼν ἔφη τῆς πράξεως ἣν διανοεῖται πράττειν ὁ Θεμιστοκλῆς μηδεμίαν εἶναι μήτε λυσιτελεστέραν μήτ’ ἀδικωτέραν. οἱ μὲν οὖν Ἀθηναῖοι διὰ ταῦτα παύσασθαι τῷ Θεμιστοκλεῖ προσέταξαν.

[3] Ἐν δὲ τοῖς Ἀμφικτυονικοῖς συνεδρίοις τῶν Λακεδαιμονίων εἰσηγουμένων ὅπως ἀπείργωνται τῆς Ἀμφικτυονίας αἱ μὴ συμμαχήσασαι κατὰ τοῦ Μήδου πόλεις, φοβηθεὶς μὴ Θετταλοὺς καὶ Ἀργείους, ἔτι δὲ Θηβαίους ἐκβαλόντες τοῦ συνεδρίου παντελῶς ἐπικρατήσωσι τῶν ψήφων καὶ γένηται τὸ δοκοῦν ἐκείνοις, συνεῖπε ταῖς πόλεσι καὶ μετέθηκε τὰς γνώμας τῶν πυλαγόρων, διδάξας ὡς τριάκοντα καὶ μία μόναι πόλεις εἰσὶν αἱ τοῦ πολέμου μετασχοῦσαι, καὶ τούτων αἱ πλείους παντάπασι [4] μικραί· δεινὸν οὖν εἰ τῆς ἄλλης Ἑλλάδος ἐκσπόνδου γενομένης ἐπὶ ταῖς μεγίσταις δυσὶν ἢ τρισὶ πόλεσιν ἔσται τὸ συνέδριον. ἐκ τούτου μὲν οὖν μάλιστα τοῖς Λακεδαιμονίοις προσέκρουσε· διὸ καὶ τὸν Κίμωνα προῆγον ταῖς τιμαῖς, ἀντίπαλον ἐν τῇ πολιτείᾳ τῷ Θεμιστοκλεῖ καθιστάντες.

[21] [1] Ἦν δὲ καὶ τοῖς συμμάχοις ἐπαχθὴς περιπλέων τε τὰς νήσους καὶ χρηματιζόμενος ἀπ᾽ αὐτῶν· οἷα καὶ πρὸς Ἀνδρίους ἀργύριον αἰτοῦντά φησιν αὐτὸν Ἡρόδοτος [2] (8, 111) εἰπεῖν τε καὶ ἀκοῦσαι. δύο γὰρ ἥκειν ἔφη θεοὺς κομίζων, Πειθὼ καὶ Βίαν· οἱ δ᾽ ἔφασαν εἶναι καὶ παρ᾽ αὐτοῖς θεοὺς μεγάλους δύο, Πενίαν καὶ Ἀπορίαν, [3] ὑφ᾽ ὧν κωλύεσθαι δοῦναι χρήματα ἐκείνῳ. Τιμοκρέων δ᾽ ὁ Ῥόδιος μελοποιὸς ἐν ᾄσματι καθάπτεται πικρότερον τοῦ Θεμιστοκλέους, ὡς ἄλλους μὲν ἐπὶ χρήμασι φυγάδας διαπραξαμένου κατελθεῖν, αὐτὸν δὲ ξένον ὄντα καὶ φίλον [4] προεμένου δι᾽ ἀργύριον. λέγει δ᾽ οὕτως (fg. 1 D.)·

ἀλλ᾽ εἰ τύ γα Παυσανίαν ἢ καὶ τύ γα Ξάνθιππον αἰνεῖς
ἢ τύ γα Λευτυχίδαν, ἐγὼ δ᾽ Ἀριστείδαν ἐπαινέω
ἄνδρ᾽ ἱερᾶν ἀπ᾽ Ἀθανᾶν
ἐλθεῖν ἕνα λῷστον· ἐπεὶ Θεμιστοκλέα γ᾽ ἤχθαρε Λατώ,
ψεύσταν, ἄδικον, προδόταν, ὃς Τιμοκρέοντα ξεῖνον
ἐόντα
ἀργυρίοισι κυβαλικοῖσι πεισθεὶς οὐ κατᾶγεν
εἰς πατρίδα Ἰάλυσον,
λαβὼν δὲ τρί᾽ ἀργυρίου τάλαντ᾽ ἔβα πλέων εἰς
ὄλεθρον,
τοὺς μὲν κατάγων ἀδίκως, τοὺς δ᾽ ἐκδιώκων, τοὺς δὲ
καίνων.
ἀργυρίου δ᾽ ὑπόπλεως, Ἰσθμοῖ γελοίως πανδόκευε
ψυχρὰ κρέα παρέχων·
οἱ δ᾽ ἤσθιον κηὔχοντο μὴ ὥραν Θεμιστοκλέος
γενέσθαι.

[5] πολὺ δ’ ἀσελγεστέρᾳ καὶ ἀναπεπταμένῃ μᾶλλον εἰς τὸν Θεμιστοκλέα βλασφημίᾳ κέχρηται μετὰ τὴν φυγὴν αὐτοῦ καὶ τὴν καταδίκην ὁ Τιμοκρέων, ᾆσμα ποιήσας οὗ ἐστιν ἀρχή (fg. 2 D.)·

[6] Μοῦσα τοῦδε τοῦ μέλεος
κλέος ἀν’ Ἕλλανας τίθει,
ὡς ἐοικὸς καὶ δίκαιον.

[7] λέγεται δ’ ὁ Τιμοκρέων ἐπὶ μηδισμῷ φυγεῖν συγκαταψηφισαμένου τοῦ Θεμιστοκλέους. ὡς οὖν ὁ Θεμιστοκλῆς αἰτίαν ἔσχε μηδίζειν, ταῦτ’ ἐποίησεν εἰς αὐτόν (fg. 3 D.)·

οὐκ ἄρα Τιμοκρέων μόνος
Μήδοισιν ὁρκιατομεῖ,
ἀλλ’ ἐντὶ κἆλλοι δὴ πονηροί·
οὐκ ἐγὼ μόνα κόλουρις·
ἐντὶ κἆλλαι ἀλώπεκες.

[22] [1] Ἤδη δὲ καὶ τῶν πολιτῶν διὰ τὸ φθονεῖν ἡδέως τὰς διαβολὰς προσιεμένων, ἠναγκάζετο λυπηρὸς εἶναι τῶν αὑτοῦ πράξεων πολλάκις ἐν τῷ δήμῳ μνημονεύων, καὶ πρὸς τοὺς δυσχεραίνοντας ‘τί κοπιᾶτε’ εἶπεν ‘ὑπὸ [2] τῶν αὐτῶν πολλάκις εὖ πάσχοντες;’ ἠνίασε δὲ τοὺς πολλοὺς καὶ τὸ τῆς Ἀρτέμιδος ἱερὸν εἰσάμενος, ἣν Ἀριστοβούλην μὲν προσηγόρευσεν ὡς ἄριστα τῇ πόλει καὶ τοῖς Ἕλλησι βουλευσάμενος, πλησίον δὲ τῆς οἰκίας κατεσκεύασεν ἐν Μελίτῃ τὸ ἱερόν, οὗ νῦν τὰ σώματα τῶν θανατουμένων οἱ δήμιοι προβάλλουσι καὶ τὰ ἱμάτια καὶ τοὺς βρόχους τῶν ἀπαγχομένων καὶ καθαιρεθέντων ἐκφέρουσιν.

[3] ἔκειτο δὲ καὶ τοῦ Θεμιστοκλέους εἰκόνιον ἐν τῷ ναῷ τῆς Ἀριστοβούλης ἔτι καθ’ ἡμᾶς, καὶ φαίνεταί τις οὐ τὴν ψυχὴν μόνον, ἀλλὰ καὶ τὴν ὄψιν ἡρωικὸς γενόμενος.

[4] Τὸν μὲν οὖν ἐξοστρακισμὸν ἐποιήσαντο κατ’ αὐτοῦ, κολούοντες τὸ ἀξίωμα καὶ τὴν ὑπεροχήν, ὥσπερ εἰώθεσαν ἐπὶ πάντων οὓς ᾤοντο τῇ δυνάμει βαρεῖς καὶ πρὸς [5] ἰσότητα δημοκρατικὴν ἀσυμμέτρους εἶναι. κόλασις γὰρ οὐκ ἦν ὁ ἐξοστρακισμός, ἀλλὰ παραμυθία φθόνου καὶ κουφισμός, ἡδομένου τῷ ταπεινοῦν τοὺς ὑπερέχοντας καὶ τὴν δυσμένειαν εἰς ταύτην τὴν ἀτιμίαν ἀποπνέοντος.

[23] [1] Ἐκπεσόντος δὲ τῆς πόλεως αὐτοῦ καὶ διατρίβοντος ἐν Ἄργει, τὰ περὶ Παυσανίαν συμπεσόντα κατ’ ἐκείνου παρέσχε τοῖς ἐχθροῖς ἀφορμάς. ὁ δὲ γραψάμενος αὐτὸν προδοσίας Λεωβώτης ἦν ὁ Ἀλκμαίωνος Ἀγρυλῆθεν, [2] ἅμα συνεπαιτιωμένων τῶν Σπαρτιατῶν. ὁ γὰρ Παυσανίας πράττων ἐκεῖνα δὴ τὰ περὶ τὴν προδοσίαν, πρότερον μὲν ἀπεκρύπτετο τὸν Θεμιστοκλέα καίπερ

ὄντα φίλον· ὡς δ’ εἶδεν ἐκπεπτωκότα τῆς πολιτείας καὶ φέροντα χαλεπῶς, ἐθάρρησεν ἐπὶ τὴν κοινωνίαν τῶν πρασσομένων παρακαλεῖν, γράμματα τοῦ βασιλέως ἐπιδεικνύμενος αὐτῷ καὶ παροξύνων ἐπὶ τοὺς Ἕλληνας ὡς πονηροὺς [3] καὶ ἀχαρίστους. ὁ δὲ τὴν μὲν δέησιν ἀπετρίψατο τοῦ Παυσανίου καὶ τὴν κοινωνίαν ὅλως ἀπείπατο, πρὸς οὐδένα δὲ τοὺς λόγους ἐξήνεγκεν οὐδὲ κατεμήνυσε τὴν πρᾶξιν, εἴτε παύσεσθαι προσδοκῶν αὐτόν, εἴτ’ ἄλλως καταφανῆ γενήσεσθαι σὺν οὐδενὶ λογισμῷ πραγμάτων [4] ἀτόπων καὶ παραβόλων ὀρεγόμενον. οὕτω δὲ τοῦ Παυσανίου θανατωθέντος, ἐπιστολαί τινες ἀνευρεθεῖσαι καὶ γράμματα περὶ τούτων εἰς ὑποψίαν ἐνέβαλον τὸν Θεμιστοκλέα, καὶ κατεβόων μὲν αὐτοῦ Λακεδαιμόνιοι, κατηγόρουν δ’ οἱ φθονοῦντες τῶν πολιτῶν, οὐ παρόντος, ἀλλὰ διὰ γραμμάτων ἀπολογουμένου μάλιστα ταῖς προτέραις [5] κατηγορίαις· διαβαλλόμενος γὰρ ὑπὸ τῶν ἐχθρῶν πρὸς τοὺς πολίτας ὡς ἄρχειν μὲν αἰεὶ ζητῶν, ἄρχεσθαι δὲ μὴ πεφυκὼς μηδὲ βουλόμενος, οὐκ ἄν ποτε βαρβάροις αὑτὸν οὐδὲ πολεμίοις ἀποδόσθαι μετὰ τῆς [6] Ἑλλάδος. οὐ μὴν ἀλλὰ συμπεισθεὶς ὑπὸ τῶν κατηγορούντων ὁ δῆμος ἔπεμψεν ἄνδρας οἷς εἴρητο συλλαμβάνειν καὶ ἀνάγειν αὐτὸν κριθησόμενον ἐν τοῖς Ἕλλησιν.

[24] [1] Προαισθόμενος δ’ ἐκεῖνος εἰς Κέρκυραν διεπέρασεν, οὔσης αὐτῷ πρὸς τὴν πόλιν εὐεργεσίας. γενόμενος γὰρ αὐτῶν κριτὴς πρὸς Κορινθίους ἐχόντων διαφοράν, ἔλυσε τὴν ἔχθραν εἴκοσι τάλαντα κρίνας τοὺς Κορινθίους καταβαλεῖν καὶ Λευκάδα κοινῇ νέμειν ἀμφοτέρων [2] ἄποικον. ἐκεῖθεν δ’ εἰς Ἤπειρον ἔφυγε, καὶ διωκόμενος ὑπὸ τῶν Ἀθηναίων καὶ τῶν Λακεδαιμονίων, ἔρριψεν ἑαυτὸν εἰς ἐλπίδας χαλεπὰς καὶ ἀπόρους, καταφυγὼν πρὸς Ἄδμητον, ὃς βασιλεὺς μὲν ἦν Μολοσσῶν, δεηθεὶς δέ τι τῶν Ἀθηναίων καὶ προπηλακισθεὶς ὑπὸ τοῦ Θεμιστοκλέους, ὅτ’ ἤκμαζεν ἐν τῇ πολιτείᾳ, δι’ ὀργῆς εἶχεν [3] αὐτὸν αἰεί, καὶ δῆλος ἦν εἰ λάβοι τιμωρησόμενος. ἐν δὲ τῇ τότε τύχῃ μᾶλλον ὁ Θεμιστοκλῆς φοβηθεὶς συγγενῆ καὶ πρόσφατον φθόνον ὀργῆς παλαιᾶς καὶ βασιλικῆς, ταύτῃ φέρων ὑπέθηκεν ἑαυτόν, ἱκέτης τοῦ Ἀδμήτου [4] καταστὰς ἴδιόν τινα καὶ παρηλλαγμένον τρόπον. ἔχων γὰρ αὐτοῦ τὸν υἱὸν ὄντα παῖδα πρὸς τὴν ἑστίαν προσέπεσε, ταύτην μεγίστην καὶ μόνην σχεδὸν ἀναντίρρητον [5] ἡγουμένων ἱκεσίαν τῶν Μολοσσῶν. ἔνιοι μὲν οὖν Φθίαν τὴν γυναῖκα τοῦ βασιλέως λέγουσιν ὑποθέσθαι τῷ Θεμιστοκλεῖ τὸ ἱκέτευμα τοῦτο καὶ τὸν υἱὸν ἐπὶ τὴν ἑστίαν καθίσαι μετ’ αὐτοῦ· τινὲς δ’ αὐτὸν τὸν Ἄδμητον, ὡς ἀφοσιώσαιτο πρὸς τοὺς διώκοντας τὴν ἀνάγκην δι’ ἣν οὐκ ἐκδίδωσι τὸν ἄνδρα, διαθεῖναι καὶ συντραγῳδῆσαι [6] τὴν ἱκεσίαν. ἐκεῖ δ’ αὐτῷ τὴν γυναῖκα καὶ τοὺς παῖδας ἐκκλέψας ἐκ τῶν Ἀθηνῶν Ἐπικράτης ὁ Ἀχαρνεὺς ἀπέστειλεν· ὃν ἐπὶ τούτῳ Κίμων ὕστερον κρίνας ἐθανάτωσεν, [7]

ὡς ἱστορεῖ Στησίμβροτος (FGrH 107 F 3). εἶτ’ οὐκ οἶδ’ ὅπως ἐπιλαθόμενος τούτων, ἢ τὸν Θεμιστοκλέα ποιῶν ἐπιλαθόμενον, πλεῦσαί φησιν εἰς Σικελίαν καὶ παρ’ Ἱέρωνος αἰτεῖν τοῦ τυράννου τὴν θυγατέρα πρὸς γάμον, ὑπισχνούμενον αὐτῷ τοὺς Ἕλληνας ὑπηκόους ποιήσειν· ἀποτριψαμένου δὲ τοῦ Ἱέρωνος, οὕτως εἰς τὴν Ἀσίαν ἀπᾶραι.

[25] [1] Ταῦτα δ’ οὐκ εἰκός ἐστιν οὕτω γενέσθαι. Θεόφραστος (fr. 126 W.) γὰρ ἐν τοῖς Περὶ βασιλείας ἱστορεῖ τὸν Θεμιστοκλέα, πέμψαντος εἰς Ὀλυμπίαν Ἱέρωνος ἵππους ἀγωνιστὰς καὶ σκηνήν τινα κατεσκευασμένην πολυτελῶς στήσαντος, εἰπεῖν ἐν τοῖς Ἕλλησι λόγον, ὡς χρὴ τὴν σκηνὴν διαρπάσαι τοῦ τυράννου καὶ κωλῦσαι τοὺς [2] ἵππους ἀγωνίσασθαι. Θουκυδίδης (1, 137, 2) δ’ ἐκπλεῦσαί φησιν αὐτὸν ἐπὶ τὴν ἑτέραν καταβάντα θάλατταν ἀπὸ Πύδνης, οὐδενὸς εἰδότος ὅστις εἴη τῶν πλεόντων, μέχρι οὗ πνεύματι τῆς ὁλκάδος εἰς Νάξον καταφερομένης ὑπ’ Ἀθηναίων πολιορκουμένην τότε, φοβηθεὶς ἀναδείξειεν ἑαυτὸν τῷ τε ναυκλήρῳ καὶ τῷ κυβερνήτῃ, καὶ τὰ μὲν δεόμενος, τὰ δ’ ἀπειλῶν καὶ λέγων ὅτι κατηγορήσοι καὶ καταψεύσοιτο πρὸς τοὺς Ἀθηναίους, ὡς οὐκ ἀγνοοῦντες, ἀλλὰ χρήμασι πεισθέντες ἐξ ἀρχῆς ἀναλάβοιεν αὐτόν, οὕτως ἀναγκάσειε παραπλεῦσαι καὶ λαβέσθαι [3] τῆς Ἀσίας. τῶν δὲ χρημάτων αὐτῷ πολλὰ μὲν ὑπεκκλαπέντα διὰ τῶν φίλων εἰς Ἀσίαν ἔπλει, τῶν δὲ φανερῶν γενομένων καὶ συναχθέντων εἰς τὸ δημόσιον Θεόπομπος (FGrH 115 F 86) μὲν ἑκατὸν τάλαντα, Θεόφραστος δ’ ὀγδοήκοντά φησι γενέσθαι τὸ πλῆθος, οὐδὲ τριῶν ἄξια ταλάντων κεκτημένου τοῦ Θεμιστοκλέους πρὶν ἅπτεσθαι τῆς πολιτείας.

[26] [1] Ἐπεὶ δὲ κατέπλευσεν εἰς Κύμην καὶ πολλοὺς ᾔσθετο τῶν ἐπὶ θαλάττῃ παραφυλάττοντας αὐτὸν λαβεῖν, μάλιστα δὲ τοὺς περὶ Ἐργοτέλη καὶ Πυθόδωρον - ἦν γὰρ ἡ θήρα λυσιτελὴς τοῖς γε τὸ κερδαίνειν ἀπὸ παντὸς ἀγαπῶσι, διακοσίων ἐπικεκηρυγμένων αὐτῷ ταλάντων ὑπὸ τοῦ βασιλέως - ἔφυγεν εἰς Αἰγάς, Αἰολικὸν πολισμάτιον, ὑπὸ πάντων ἀγνοούμενος πλὴν τοῦ ξένου Νικογένους, ὃς Αἰολέων πλείστην οὐσίαν ἐκέκτητο καὶ τοῖς [2] ἄνω δυνατοῖς γνώριμος ὑπῆρχε. παρὰ τούτῳ κρυπτόμενος ἡμέρας ὀλίγας διέτριψεν· εἶτα μετὰ τὸ δεῖπνον ἐκ θυσίας τινὸς Ὄλβιος ὁ τῶν τέκνων τοῦ Νικογένους παιδαγωγὸς ἔκφρων γενόμενος καὶ θεοφόρητος ἀνεφώνησεν ἐν μέτρῳ ταυτί·

Νυκτὶ φωνήν, νυκτὶ βουλήν, νυκτὶ τὴν νίκην δίδου, [3] καὶ μετὰ ταῦτα κατακοιμηθεὶς ὁ Θεμιστοκλῆς ὄναρ ἔδοξεν ἰδεῖν δράκοντα κατὰ τῆς γαστρὸς αὐτοῦ περιελιττόμενον καὶ προσανέρποντα τῷ τραχήλῳ· γενόμενον δ’ ἀετόν, ὡς ἥψατο τοῦ προσώπου, περιβαλόντα τὰς πτέρυγας ἐξᾶραι καὶ κομίζειν

πολλὴν ὁδόν, εἶτα χρυσοῦ τινος κηρυκείου φανέντος, ἐπὶ τούτῳ στῆσαι βεβαίως αὐτόν, ἀμηχάνου δείματος καὶ ταραχῆς ἀπαλλαγέντα.

[4] Πέμπεται δ' οὖν ὑπὸ τοῦ Νικογένους μηχανησαμένου τι τοιόνδε. τοῦ βαρβαρικοῦ γένους τὸ πολὺ καὶ μάλιστα τὸ Περσικὸν εἰς ζηλοτυπίαν τὴν περὶ τὰς γυναῖκας [5] ἄγριον φύσει καὶ χαλεπόν ἐστιν. οὐ γὰρ μόνον τὰς γαμετάς, ἀλλὰ καὶ τὰς ἀργυρωνήτους καὶ παλλακευομένας ἰσχυρῶς παραφυλάττουσιν, ὡς ὑπὸ μηδενὸς ὁρᾶσθαι τῶν ἐκτός, ἀλλ' οἴκοι μὲν διαιτᾶσθαι κατακεκλειμένας, ἐν δὲ ταῖς ὁδοιπορίαις ὑπὸ σκηναῖς κύκλῳ περιπεφραγμένας [6] ἐπὶ τῶν ἁρμαμαξῶν ὀχεῖσθαι. τοιαύτης τῷ Θεμιστοκλεῖ κατασκευασθείσης ἀπήνης, καταδὺς ἐκομίζετο, τῶν περὶ αὐτὸν ἀεὶ τοῖς ἐντυγχάνουσι καὶ πυνθανομένοις λεγόντων, ὅτι γύναιον Ἑλληνικὸν ἄγουσιν ἀπ' Ἰωνίας πρός τινα τῶν ἐπὶ θύραις βασιλέως.

[27] [1] Θουκυδίδης (1, 137, 3) μὲν οὖν καὶ Χάρων ὁ Λαμψακηνὸς (FGrH 262 F 11) ἱστοροῦσι τεθνηκότος Ξέρξου πρὸς τὸν υἱὸν αὐτοῦ τῷ Θεμιστοκλεῖ γενέσθαι τὴν ἔντευξιν· Ἔφορος (FGrH 70 F 190) δὲ καὶ Δείνων (FGrH 690 F 13) καὶ Κλείταρχος (FGrH 137 F 33) καὶ Ἡρακλείδης (FGrH 689 F 6), ἔτι δ' ἄλλοι πλείονες πρὸς [2] αὐτὸν ἀφικέσθαι τὸν Ξέρξην. τοῖς δὲ χρονικοῖς δοκεῖ μᾶλλον ὁ Θουκυδίδης συμφέρεσθαι, καίπερ οὐδ' αὐτοῖς ἀτρέμα συντεταγμένοις. ὁ δ' οὖν Θεμιστοκλῆς γενόμενος παρ' αὐτὸ τὸ δεινόν, ἐντυγχάνει πρῶτον Ἀρταβάνῳ τῷ χιλιάρχῳ, λέγων Ἕλλην μὲν εἶναι, βούλεσθαι δ' ἐντυχεῖν βασιλεῖ περὶ πραγμάτων μεγάλων καὶ πρὸς ἃ [3] τυγχάνοι μάλιστα σπουδάζων ἐκεῖνος. ὁ δέ φησιν· 'ὦ ξένε, νόμοι διαφέρουσιν ἀνθρώπων· ἄλλα δ' ἄλλοις καλά· [4] καλὸν δὲ πᾶσι τὰ οἰκεῖα κοσμεῖν καὶ σῴζειν. ὑμᾶς μὲν οὖν ἐλευθερίαν μάλιστα θαυμάζειν καὶ ἰσότητα λόγος· ἡμῖν δὲ πολλῶν νόμων καὶ καλῶν ὄντων κάλλιστος οὗτός ἐστι, τιμᾶν βασιλέα καὶ προσκυνεῖν ὡς εἰκόνα θεοῦ τοῦ [5] τὰ πάντα σῴζοντος. εἰ μὲν οὖν ἐπαινῶν τὰ ἡμέτερα προσκυνήσεις, ἔστι σοι καὶ θεάσασθαι βασιλέα καὶ προσειπεῖν· εἰ δ' ἄλλο τι φρονεῖς, ἀγγέλοις ἑτέροις χρήσῃ πρὸς αὐτόν. βασιλεῖ γὰρ οὐ πάτριον ἀνδρὸς ἀκροᾶσθαι [6] μὴ προσκυνήσαντος.' ταῦθ' ὁ Θεμιστοκλῆς ἀκούσας, λέγει πρὸς αὐτόν· 'ἀλλ' ἐγὼ τὴν βασιλέως ὦ Ἀρτάβανε φήμην καὶ δύναμιν αὐξήσων ἀφῖγμαι, καὶ αὐτός τε πείσομαι τοῖς ὑμετέροις νόμοις, ἐπεὶ θεῷ τῷ μεγαλύνοντι Πέρσας οὕτω δοκεῖ, καὶ δι' ἐμὲ πλείονες τῶν νῦν βασιλέα [7] προσκυνήσουσιν. ὥστε τοῦτο μηδὲν ἐμποδὼν ἔστω τοῖς λόγοις οὓς βούλομαι πρὸς ἐκεῖνον εἰπεῖν.' 'τίνα δέ' εἶπεν ὁ Ἀρτάβανος 'Ἑλλήνων ἀφῖχθαι φῶμεν; οὐ γὰρ [8] ἰδιώτῃ τὴν γνώμην ἔοικας.' καὶ ὁ Θεμιστοκλῆς· 'τοῦτ' οὐκ ἄν' ἔφη 'πύθοιτό τις Ἀρτάβανε πρότερος βασιλέως.' οὕτω μὲν ὁ Φανίας (FHG II 296) φησίν· ὁ δ' Ἐρατοσθένης ἐν

τοῖς Περὶ πλούτου (FGrH 241 F 27) προσιστόρησε, διὰ γυναικὸς Ἐρετρικῆς ἣν ὁ χιλίαρχος εἶχε τῷ Θεμιστοκλεῖ τὴν πρὸς αὐτὸν ἔντευξιν γενέσθαι καὶ σύστασιν.

[28] [1] Ἐπεὶ δ' οὖν εἰσήχθη πρὸς βασιλέα καὶ προσκυνήσας ἔστη σιωπῇ, προστάξαντος τῷ ἑρμηνεῖ τοῦ βασιλέως ἐρωτῆσαι τίς ἐστι, καὶ τοῦ ἑρμηνέως ἐρωτήσαντος [2] εἶπεν· 'ἥκω σοι βασιλεῦ Θεμιστοκλῆς ὁ Ἀθηναῖος ἐγὼ φυγάς, ὑφ' Ἑλλήνων διωχθείς, ᾧ πολλὰ μὲν ὀφείλουσι Πέρσαι κακά, πλείω δ' ἀγαθὰ κωλύσαντι τὴν δίωξιν, ὅτε τῆς Ἑλλάδος ἐν ἀσφαλεῖ γεγενημένης παρέσχε τὰ [3] οἰκεῖα σῳζόμενα χαρίσασθαί τι καὶ ὑμῖν. ἐμοὶ μὲν οὖν πάντα πρέποντα ταῖς παρούσαις συμφοραῖς ἐστι, καὶ παρεσκευασμένος ἀφῖγμαι δέξασθαί τε χάριν εὐμενῶς διαλλαττομένου καὶ παραιτεῖσθαι μνησικακοῦντος ὀργήν· [4] σὺ δὲ τοὺς ἐμοὺς ἐχθροὺς μάρτυρας θέμενος ὧν εὐεργέτησα Πέρσας, νῦν ἀπόχρησαι ταῖς ἐμαῖς τύχαις πρὸς ἐπίδειξιν ἀρετῆς μᾶλλον ἢ πρὸς ἀποπλήρωσιν ὀργῆς. σώσεις μὲν γὰρ ἱκέτην σόν, ἀπολεῖς δ' Ἑλλήνων πολέμιον [5] γενόμενον.' ταῦτ' εἰπὼν ὁ Θεμιστοκλῆς ἐπεθείασε τῷ λόγῳ, προσδιελθὼν τὴν ὄψιν ἣν εἶδεν ἐν Νικογένους καὶ τὸ μάντευμα τοῦ Δωδωναίου Διός, ὡς κελευσθεὶς πρὸς τὸν ὁμώνυμον τοῦ θεοῦ βαδίζειν, συμφρονήσειε πρὸς ἐκεῖνον ἀναπέμπεσθαι· μεγάλους γὰρ ἀμφοτέρους [6] εἶναί τε καὶ λέγεσθαι βασιλέας. ἀκούσας δ' ὁ Πέρσης, ἐκείνῳ μὲν οὐδὲν ἀπεκρίνατο, καίπερ θαυμάσας τὸ φρόνημα καὶ τὴν τόλμαν αὐτοῦ· μακαρίσας δὲ πρὸς τοὺς φίλους ἑαυτὸν ὡς ἐπ' εὐτυχίᾳ μεγίστῃ, καὶ κατευξάμενος αἰεὶ τοῖς πολεμίοις τοιαύτας φρένας διδόναι τὸν Ἀρειμάνιον, ὅπως ἐλαύνωσι τοὺς ἀρίστους ἐξ ἑαυτῶν, θῦσαί τε τοῖς θεοῖς λέγεται καὶ πρὸς πόσιν εὐθὺς τραπέσθαι καὶ νύκτωρ ὑπὸ χαρᾶς διὰ μέσων τῶν ὕπνων ἐκβοῆσαι τρίς· 'ἔχω Θεμιστοκλέα τὸν Ἀθηναῖον.'

[29] [1] Ἅμα δ' ἡμέρᾳ συγκαλέσας τοὺς φίλους εἰσῆγεν αὐτόν, οὐδὲν ἐλπίζοντα χρηστὸν ἐξ ὧν ἑώρα τοὺς ἐπὶ θύραις, εὐθὺς ὡς ἐπύθοντο τοὔνομα παριόντος αὐτοῦ, [2] χαλεπῶς διακειμένους καὶ κακῶς λέγοντας. ἔτι δὲ Ῥωξάνης ὁ χιλίαρχος, ὡς κατ' αὐτὸν ἦν ὁ Θεμιστοκλῆς προσιών, καθημένου βασιλέως καὶ τῶν ἄλλων σιωπώντων, ἀτρέμα στενάξας εἶπεν· 'ὄφις Ἕλλην ὁ ποικίλος, [3] ὁ βασιλέως σε δαίμων δεῦρο ἤγαγεν.' οὐ μὴν ἀλλ' εἰς ὄψιν ἐλθόντος αὐτοῦ καὶ πάλιν προσκυνήσαντος, ἀσπασάμενος καὶ προσειπὼν φιλοφρόνως ὁ βασιλεύς, ἤδη μὲν διακόσια τάλαντα ὀφείλειν ἔφησεν αὐτῷ· κομίσαντα γὰρ αὐτὸν ἀπολήψεσθαι δικαίως τὸ ἐπικηρυχθὲν τῷ ἀγαγόντι· πολλῷ δὲ πλείω τούτων ὑπισχνεῖτο καὶ παρεθάρρυνε καὶ λέγειν ἐδίδου περὶ τῶν Ἑλληνικῶν ἃ βούλοιτο [4] παρρησιαζόμενον. ὁ δὲ Θεμιστοκλῆς ἀπεκρίνατο, τὸν λόγον ἐοικέναι τοῦ ἀνθρώπου τοῖς ποικίλοις στρώμασιν· ὡς

γὰρ ἐκεῖνα καὶ τοῦτον ἐκτεινόμενον μὲν ἐπιδεικνύναι τὰ εἴδη, συστελλόμενον δὲ κρύπτειν καὶ διαφθείρειν· [5] ὅθεν αὐτῷ χρόνου δεῖν. ἐπεὶ δ' ἡσθέντος τοῦ βασιλέως τῇ εἰκασίᾳ καὶ λαμβάνειν κελεύσαντος, ἐνιαυτὸν αἰτησάμενος καὶ τὴν Περσίδα γλῶτταν ἀποχρώντως ἐκμαθὼν ἐνετύγχανε βασιλεῖ δι' αὑτοῦ, τοῖς μὲν ἐκτὸς δόξαν παρέσχε περὶ τῶν Ἑλληνικῶν πραγμάτων διειλέχθαι, πολλῶν δὲ καινοτομουμένων περὶ τὴν αὐλὴν καὶ τοὺς φίλους ὑπὸ τοῦ βασιλέως ἐν ἐκείνῳ τῷ χρόνῳ, φθόνον ἔσχε παρὰ τοῖς δυνατοῖς, ὡς καὶ κατ' ἐκείνων παρρησίᾳ [6] χρῆσθαι πρὸς αὐτὸν ἀποτετολμηκώς. οὐδὲ γὰρ ἦσαν αἱ τιμαὶ ταῖς τῶν ἄλλων ἐοικυῖαι ξένων, ἀλλὰ καὶ κυνηγεσίων βασιλεῖ μετέσχε καὶ τῶν οἴκοι διατριβῶν, ὥστε καὶ μητρὶ τῇ βασιλέως ἐς ὄψιν ἐλθεῖν καὶ γενέσθαι συνήθης, διακοῦσαι δὲ καὶ τῶν μαγικῶν λόγων τοῦ βασιλέως [7] κελεύσαντος. ἐπεὶ δὲ Δημάρατος ὁ Σπαρτιάτης αἰτήσασθαι δωρεὰν κελευσθεὶς ᾐτήσατο τὴν κίταριν ὥσπερ οἱ βασιλεῖς ἐπαράμενος εἰσελάσαι διὰ Σάρδεων, Μιθροπαύστης μὲν ἀνεψιὸς ὢν βασιλέως εἶπε τοῦ Δημαράτου τῆς τιάρας ἁψάμενος· 'αὕτη μὲν ἡ κίταρις οὐκ ἔχει ἐγκέφαλον ὃν ἐπικαλύψει· σὺ δ' οὐκ ἔσῃ Ζεὺς ἐὰν λάβῃς κεραυνόν·' [8] ἀπωσαμένου δὲ τὸν Δημάρατον ὀργῇ διὰ τὸ αἴτημα τοῦ βασιλέως καὶ δοκοῦντος ἀπαραιτήτως ἔχειν πρὸς αὐτόν, ὁ Θεμιστοκλῆς δεηθεὶς ἔπεισε καὶ διήλλαξε.

[9] λέγεται δὲ καὶ τοὺς ὕστερον βασιλεῖς, ἐφ' ὧν μᾶλλον αἱ Περσικαὶ πράξεις ταῖς Ἑλληνικαῖς ἀνεκράθησαν, ὁσάκις δεηθεῖεν ἀνδρὸς Ἕλληνος, ἐπαγγέλλεσθαι καὶ γράφειν ‹πρὸς› ἕκαστον, ὡς μείζων ἔσοιτο παρ' αὐτῷ Θεμιστοκλέους.

[10] αὐτὸν δὲ τὸν Θεμιστοκλέα φασὶν ἤδη μέγαν ὄντα καὶ θεραπευόμενον ὑπὸ πολλῶν, λαμπρᾶς ποτε τραπέζης αὐτῷ παρατεθείσης, πρὸς τοὺς παῖδας εἰπεῖν· [11] 'ὦ παῖδες, ἀπωλόμεθα ἄν, εἰ μὴ ἀπωλόμεθα.' πόλεις δ' αὐτῷ τρεῖς μὲν οἱ πλεῖστοι δοθῆναι λέγουσιν εἰς ἄρτον καὶ οἶνον καὶ ὄψον, Μαγνησίαν καὶ Λάμψακον καὶ Μυοῦντα· δύο δ' ἄλλας προστίθησιν ὁ Κυζικηνὸς Νεάνθης (FGrH 84 F 17 a) καὶ Φανίας (FHG II 296), Περκώτην καὶ Παλαίσκηψιν εἰς στρωμνὴν καὶ ἀμπεχόνην.

[30] [1] Καταβαίνοντι δ' αὐτῷ πρὸς τὰς Ἑλληνικὰς πράξεις ἐπὶ θάλατταν Πέρσης ἀνὴρ Ἐπιξύης ὄνομα, σατραπεύων τῆς ἄνω Φρυγίας, ἐπεβούλευσε, παρεσκευακὼς ἔκπαλαι Πισίδας τινὰς ἀποκτενοῦντας, ὅταν ἐν τῇ καλουμένῃ [2] κώμῃ Λεοντοκεφάλῳ γενόμενος καταυλισθῇ. τῷ δὲ λέγεται καθεύδοντι μεσημβρίας τὴν Μητέρα τῶν θεῶν ὄναρ φανεῖσαν εἰπεῖν· 'ὦ Θεμιστόκλεις, ὑστέρει κεφαλῆς λεόντων, ἵνα μὴ λέοντι περιπέσῃς. ἐγὼ δ' ἀντὶ τούτου [3] σε αἰτῶ θεράπαιναν Μνησιπτολέμαν.' διαταραχθεὶς οὖν ὁ Θεμιστοκλῆς προσευξάμενος τῇ θεῷ τὴν μὲν λεωφόρον ἀφῆκεν, ἑτέρᾳ δὲ περιελθὼν καὶ

παραλλάξας τὸν [4] τόπον ἐκεῖνον ἤδη νυκτὸς οὔσης κατηυλίσατο. τῶν δὲ τὴν σκηνὴν κομιζόντων ὑποζυγίων ἑνὸς εἰς τὸν ποταμὸν ἐμπεσόντος, οἱ τοῦ Θεμιστοκλέους οἰκέται τὰς αὐλαίας [5] διαβρόχους γενομένας ἐκπετάσαντες ἀνέψυχον· οἱ δὲ Πισίδαι τὰ ξίφη λαβόντες ἐν τούτῳ προσεφέροντο, καὶ τὰ ψυχόμενα πρὸς τὴν σελήνην οὐκ ἀκριβῶς ἰδόντες ᾠήθησαν εἶναι τὴν σκηνὴν τοῦ Θεμιστοκλέους κἀκεῖνον ἔνδον [6] εὑρήσειν ἀναπαυόμενον. ὡς δ' ἐγγὺς γενόμενοι τὴν αὐλαίαν ἀνέστελλον, ἐπιπίπτουσιν αὐτοῖς οἱ παραφυλάττοντες καὶ συλλαμβάνουσι. διαφυγὼν δὲ τὸν κίνδυνον οὕτω καὶ θαυμάσας τὴν ἐπιφάνειαν τῆς θεοῦ, ναόν τε κατεσκεύασεν ἐν Μαγνησίᾳ Δινδυμήνης καὶ τὴν θυγατέρα Μνησιπτολέμαν ἱέρειαν ἀπέδειξεν.

[31] [1] Ὡς δ' ἦλθεν εἰς Σάρδεις καὶ σχολὴν ἄγων ἐθεᾶτο τῶν ἱερῶν τὴν κατασκευὴν καὶ τῶν ἀναθημάτων τὸ πλῆθος, εἶδε καὶ ἐν Μητρὸς ἱερῷ τὴν καλουμένην ὑδροφόρον κόρην χαλκῆν, μέγεθος δίπηχυν, ἣν αὐτὸς ὅτε τῶν Ἀθήνησιν ὑδάτων ἐπιστάτης ἦν, ἑλὼν τοὺς ὑφαιρουμένους τὸ ὕδωρ καὶ παροχετεύοντας, ἀνέθηκεν ἐκ τῆς ζημίας ποιησάμενος· εἴτε δὴ παθών τι πρὸς τὴν αἰχμαλωσίαν τοῦ ἀναθήματος, εἴτε βουλόμενος ἐνδείξασθαι τοῖς Ἀθηναίοις, ὅσην ἔχει τιμὴν καὶ δύναμιν ἐν τοῖς βασιλέως πράγμασι, λόγον τῷ Λυδίας σατράπῃ προσήνεγκεν, αἰτούμενος ἀποστεῖλαι τὴν κόρην εἰς τὰς Ἀθήνας.

[2] χαλεπαίνοντος δὲ τοῦ βαρβάρου καὶ βασιλεῖ γράψειν φήσαντος ἐπιστολήν, φοβηθεὶς ὁ Θεμιστοκλῆς εἰς τὴν γυναικωνῖτιν κατέφυγε, καὶ τὰς παλλακίδας αὐτοῦ θεραπεύσας χρήμασιν, ἐκεῖνόν τε κατεπράυνε τῆς ὀργῆς, καὶ πρὸς τἆλλα παρεῖχεν αὑτὸν εὐλαβέστερον, ἤδη καὶ [3] τὸν φθόνον τῶν βαρβάρων δεδοικώς. οὐ γὰρ πλανώμενος περὶ τὴν Ἀσίαν ὥς φησι Θεόπομπος (FGrH 115 F 87), ἀλλ' ἐν Μαγνησίᾳ μὲν οἰκῶν, καρπούμενος δὲ δωρεὰς μεγάλας καὶ τιμώμενος ὅμοια Περσῶν τοῖς ἀρίστοις, ἐπὶ πολὺν χρόνον ἀδεῶς διῆγεν, οὐ πάνυ τι τοῖς Ἑλληνικοῖς πράγμασι βασιλέως προσέχοντος ὑπ' ἀσχολιῶν περὶ τὰς ἄνω πράξεις.

[4] Ὡς δ' Αἴγυπτός τ' ἀφισταμένη βοηθούντων Ἀθηναίων καὶ τριήρεις Ἑλληνικαὶ μέχρι Κύπρου καὶ Κιλικίας ἀναπλέουσαι καὶ Κίμων θαλασσοκρατῶν ἐπέστρεψεν αὐτὸν ἀντεπιχειρεῖν τοῖς Ἕλλησι καὶ κολούειν αὐξανομένους ἐπ' αὐτόν, ἤδη δὲ καὶ δυνάμεις ἐκινοῦντο καὶ στρατηγοὶ διεπέμποντο, καὶ κατέβαινον εἰς Μαγνησίαν ἀγγελίαι πρὸς τὸν Θεμιστοκλέα, τῶν Ἑλληνικῶν ἐξάπτεσθαι κελεύοντος βασιλέως καὶ βεβαιοῦν τὰς ὑποσχέσεις, [5] οὔτε δι' ὀργήν τινα παροξυνθεὶς κατὰ τῶν πολιτῶν, οὔτ' ἐπαρθεὶς τιμῇ τοσαύτῃ καὶ δυνάμει πρὸς τὸν πόλεμον, ἀλλ' ἴσως μὲν οὐδ' ἐφικτὸν ἡγούμενος τὸ ἔργον, ἄλλους τε μεγάλους τῆς Ἑλλάδος ἐχούσης

στρατηγοὺς τότε καὶ Κίμωνος ὑπερφυῶς εὐημεροῦντος ἐν τοῖς πολεμικοῖς, τὸ δὲ πλεῖστον αἰδοῖ τῆς τε δόξης τῶν πράξεων τῶν ἑαυτοῦ καὶ τῶν τροπαίων ἐκείνων, ἄριστα βουλευσάμενος ἐπιθεῖναι τῷ βίῳ τὴν τελευτὴν πρέπουσαν, ἔθυσε τοῖς θεοῖς, καὶ τοὺς φίλους συναγαγὼν καὶ δεξιωσάμενος, [6] ὡς μὲν ὁ πολὺς λόγος αἷμα ταύρειον πιών, ὡς δ' ἔνιοι φάρμακον ἐφήμερον προσενεγκάμενος, ἐν Μαγνησίᾳ κατέστρεψε, πέντε πρὸς τοῖς ἑξήκοντα βεβιωκὼς ἔτη, καὶ τὰ πλεῖστα τούτων ἐν πολιτείαις καὶ ἡγεμονίαις.

[7] τὴν δ' αἰτίαν τοῦ θανάτου καὶ τὸν τρόπον πυθόμενον βασιλέα λέγουσιν ἔτι μᾶλλον θαυμάσαι τὸν ἄνδρα, καὶ τοῖς φίλοις αὐτοῦ καὶ οἰκείοις διατελεῖν χρώμενον φιλανθρώπως.

[32] [1] Ἀπέλιπε δὲ Θεμιστοκλῆς παῖδας ἐκ μὲν Ἀρχίππης τῆς Λυσάνδρου τοῦ Ἀλωπεκῆθεν Ἀρχέπτολιν καὶ Πολύευκτον καὶ Κλεόφαντον, οὗ καὶ Πλάτων ὁ φιλόσοφος (Menon 93d) ὡς ἱππέως ἀρίστου, τἆλλα δ' οὐδενὸς [2] ἀξίου γενομένου, μνημονεύει. τῶν δὲ πρεσβυτέρων Νεοκλῆς μὲν ἔτι παῖς ὢν ὑφ' ἵππου δηχθεὶς ἀπέθανε, Διοκλέα δὲ Λύσανδρος ὁ πάππος υἱὸν ἐποιήσατο. θυγατέρας δὲ πλείους ἔσχεν, ὧν Μνησιπτολέμαν μὲν ἐκ τῆς ἐπιγαμηθείσης γενομένην Ἀρχέπτολις ὁ ἀδελφὸς οὐκ ὢν ὁμομήτριος ἔγημεν, Ἰταλίαν δὲ Πανθοίδης ὁ Χῖος, Σύβαριν [3] δὲ Νικόδημος ὁ Ἀθηναῖος. Νικομάχην δὲ Φρασικλῆς ὁ ἀδελφιδοῦς Θεμιστοκλέους, ἤδη τετελευτηκότος ἐκείνου, πλεύσας εἰς Μαγνησίαν ἔλαβε παρὰ τῶν ἀδελφῶν, νεωτάτην δὲ πάντων τῶν τέκνων Ἀσίαν ἔθρεψε.

[4] Καὶ τάφον μὲν αὐτοῦ λαμπρὸν ἐν τῇ ἀγορᾷ Μάγνητες ἔχουσι· περὶ δὲ τῶν λειψάνων οὔτ' Ἀνδοκίδῃ προσέχειν ἄξιον, ἐν τῷ Πρὸς τοὺς ἑταίρους (fr. 4 Or. Att. Did. II p. 248) λέγοντι φωράσαντας τὰ λείψανα διαρρῖψαι τοὺς Ἀθηναίους - ψεύδεται γὰρ ἐπὶ τὸν δῆμον παροξύνων τοὺς ὀλιγαρχικούς - , ἅ τε Φύλαρχος (FGrH 81 F 76), ὥσπερ ἐν τραγῳδίᾳ τῇ ἱστορίᾳ μονονοὺ μηχανὴν ἄρας καὶ προαγαγὼν Νεοκλέα τινὰ καὶ Δημόπολιν, υἱεῖς Θεμιστοκλέους, ἀγῶνα βούλεται κινεῖν καὶ πάθος, [ὃ] οὐδ' [5] ἂν ὁ τυχὼν ἀγνοήσειεν ὅτι πέπλασται. Διόδωρος δ' ὁ περιηγητὴς ἐν τοῖς Περὶ μνημάτων (FGrH 372 F 35) εἴρηκεν ὡς ὑπονοῶν μᾶλλον ἢ γιγνώσκων, ὅτι περὶ τὸν μέγαν λιμένα τοῦ Πειραιῶς ἀπὸ τοῦ κατὰ τὸν Ἄλκιμον ἀκρωτηρίου πρόκειταί τις οἷον ἀγκών, καὶ κάμψαντι τοῦτον ἐντός, ᾗ τὸ ὑπεύδιον τῆς θαλάττης, κρηπίς ἐστιν εὐμεγέθης καὶ τὸ ἐπ' αὐτῇ βωμοειδὲς τάφος τοῦ Θεμιστοκλέους.

[6] οἴεται δὲ καὶ Πλάτωνα τὸν κωμικὸν (fr. 183 CAF I 651) αὐτῷ μαρτυρεῖν ἐν τούτοις·

ὁ σὸς δὲ τύμβος ἐν καλῷ κεχωσμένος

τοῖς ἐμπόροις πρόσρησις ἔσται πανταχοῦ,
τούς τ’ ἐκπλέοντας εἰσπλέοντάς τ’ ὄψεται,
χὠπόταν ἅμιλλ’ ᾖ τῶν νεῶν θεάσεται.

τοῖς δ’ ἀπὸ γένους τοῦ Θεμιστοκλέους καὶ τιμαί τινες ἐν Μαγνησίᾳ φυλαττόμεναι μέχρι τῶν ἡμετέρων χρόνων ἦσαν, ἃς ἐκαρποῦτο Θεμιστοκλῆς Ἀθηναῖος, ἡμέτερος συνήθης καὶ φίλος παρ’ Ἀμμωνίῳ τῷ φιλοσόφῳ γενόμενος.

Camillus

[1] [1] Περὶ δὲ Φουρίου Καμίλλου πολλῶν καὶ μεγάλων λεγομένων ἴδιον εἶναι δοκεῖ μάλιστα καὶ παράδοξον, ὅτι πλεῖστα μὲν ἐν ἡγεμονίαις καὶ μέγιστα κατορθώσας, δικτάτωρ δὲ πεντάκις αἱρεθείς, θριαμβεύσας δὲ τετράκις, κτίστης δὲ τῆς Ῥώμης ἀναγραφεὶς δεύτερος, οὐδ' ἅπαξ [2] ὑπάτευσε. τούτου δ' αἴτιον ἡ τῆς τότε πολιτείας κατάστασις, ἐκ διαφορᾶς τοῦ δήμου πρὸς τὴν σύγκλητον ὑπάτους μὲν ἐρίσαντος μὴ ἀποδείκνυσθαι, χιλιάρχους δὲ χειροτονοῦντος ἐπὶ τὴν ἡγεμονίαν, ὧν καίπερ ἀπ' ἐξουσίας καὶ δυνάμεως ὑπατικῆς ἅπαντα πραττόντων ἧττον [3] ἦν ἐπαχθὴς ἡ ἀρχὴ διὰ τὸ πλῆθος. τὸ γὰρ ἓξ ἄνδρας, ἀλλὰ μὴ δύο, τοῖς πράγμασιν ἐφεστάναι, παρεμυθεῖτο [4] τοὺς βαρυνομένους τὴν ὀλιγαρχίαν. κατὰ τοῦτο δὴ καιροῦ μάλιστα τῇ δόξῃ καὶ τοῖς πράγμασιν ἀκμάσας ὁ Κάμιλλος, ὕπατος μὲν οὐκ ἠξίωσεν ἄκοντι τῷ δήμῳ γενέσθαι, καίπερ ἐν τῷ διὰ μέσου δεξαμένης ὑπατικὰς ἀρχαιρεσίας τῆς πολιτείας πολλάκις, ἐν δὲ ταῖς ἄλλαις ἡγεμονίαις πολλαῖς καὶ παντοδαπαῖς γενομέναις τοιοῦτον αὑτὸν παρέσχεν, ὥστε τὴν μὲν ἐξουσίαν καὶ μοναρχοῦντος εἶναι κοινήν, τὴν δὲ δόξαν ἰδίαν καὶ μεθ' ἑτέρων στρατηγοῦντος· ὧν τοῦ μὲν ἡ μετριότης αἴτιον ἀνεπιφθόνως ἄρχοντος, τοῦ δ' ἡ φρόνησις, δι' ἣν ὁμολογουμένως ἐπρώτευεν.

[2] [1] Οὔπω δὲ τότε περὶ τὸν Φουρίων οἶκον οὔσης μεγάλης ἐπιφανείας, αὐτὸς ἀφ' ἑαυτοῦ πρῶτος εἰς δόξαν προῆλθεν, ἐν τῇ μεγάλῃ μάχῃ πρὸς Αἰκανοὺς καὶ Οὐολούσκους ὑπὸ δικτάτορι Ποστουμίῳ Τουβέρτῳ στρατευόμενος.

[2] προϊππεύων γὰρ τοῦ στρατοῦ καὶ πληγῇ περιπεσὼν εἰς τὸν μηρόν, οὐκ ἀνῆκεν, ἀλλ' ἐγκείμενον τῷ τραύματι παρέλκων τὸ ἀκόντισμα καὶ συμπλεκόμενος [3] τοῖς ἀρίστοις τῶν πολεμίων τροπὴν ἐποίησεν. ἐκ δὲ τούτου τῶν τ' ἄλλων γερῶν ἔτυχε καὶ τιμητὴς ἀπεδείχθη, μέγα τῆς ἀρχῆς ἀξίωμα ταύτης ἐπὶ τῶν τότε χρόνων [4] ἐχούσης. μνημονεύεται δὲ τιμητοῦ ὄντος αὐτοῦ καλὸν μὲν ἔργον τὸ τοὺς ἀγάμους λόγοις τε πείθοντα καὶ ζημίαις ἀπειλοῦντα συγκαταζεῦξαι ταῖς χηρευούσαις γυναιξί - πολλαὶ δ' ἦσαν αὗται διὰ τοὺς πολέμους - , ἀναγκαῖον δὲ τὸ καὶ τοὺς ὀρφανοὺς ὑποτελεῖς ποιῆσαι, [5] πρότερον ἀνεισφόρους ὄντας. αἴτιαι δ' ἦσαν αἱ συνεχεῖς στρατεῖαι, μεγάλων ἀναλωμάτων δεόμεναι, καὶ μάλιστα κατήπειγεν ἡ Βηίων πολιορκία. τούτους ἔνιοι Οὐηιεντανοὺς καλοῦσιν.

[6] Ἦν δὲ πρόσχημα τῆς Τυρρηνίας ἡ πόλις, ὅπλων μὲν ἀριθμῷ καὶ πλήθει τῶν στρατευομένων οὐκ ἀποδέουσα τῆς Ῥώμης, πλούτῳ δὲ καὶ βίων

ἁβρότητι καὶ τρυφαῖς καὶ πολυτελείαις ἀγαλλομένη, πολλοὺς καὶ καλοὺς ἀγῶνας ἠγωνίσατο, περὶ δόξης καὶ δυναστείας πολεμοῦσα [7] Ῥωμαίοις. ἐν δὲ τῷ τότε χρόνῳ τῆς μὲν φιλοτιμίας ἀφειστήκει, συντριβεῖσα μεγάλαις μάχαις, ἐπαράμενοι δὲ τείχη μεγάλα καὶ καρτερά, καὶ τὴν πόλιν ὅπλων καὶ βελῶν καὶ σίτου καὶ παρασκευῆς ἁπάσης ἐμπλήσαντες, ἀδεῶς ὑπέμενον τὴν πολιορκίαν, μακρὰν μὲν οὖσαν, οὐχ ἧττον δὲ τοῖς πολιορκοῦσιν ἐργώδη καὶ χαλεπὴν γενομένην.

[8] εἰθισμένοι γὰρ οὐ πολὺν χρόνον ἅμ’ ὥρᾳ θέρους ἔξω στρατεύειν, οἴκοι δὲ διαχειμάζειν, τότε πρῶτον ἠναγκάσθησαν ὑπὸ τῶν χιλιάρχων φρούρια κατασκευασάμενοι καὶ στρατόπεδον τειχίσαντες ἐν τῇ πολεμίᾳ χειμῶνα καὶ θέρος συνάπτειν, ἤδη σχεδὸν ἔτους ἑβδόμου τῷ πολέμῳ [9] τελευτῶντος, ὥστε καὶ τοὺς ἄρχοντας ἐν αἰτίᾳ γενέσθαι καὶ μαλακῶς πολιορκεῖν δοκοῦντας ἀφαιρεθῆναι τὴν ἀρχήν, ἑτέρων αἱρεθέντων ἐπὶ τὸν πόλεμον· ὧν [10] ἦν καὶ Κάμιλλος, τότε χιλιαρχῶν τὸ δεύτερον. ἔπραξε δὲ περὶ τὴν πολιορκίαν οὐδὲν ἐν ἐκείνῳ τῷ χρόνῳ, λαχὼν Φαλερίοις καὶ Καπηνάταις πολεμεῖν, οἳ δι’ ἀσχολίαν τότε πολλὰ τὴν χώραν καθυβρίσαντες καὶ παρὰ πάντα τὸν Τυρρηνικὸν πόλεμον ἐνοχλήσαντες, ἐπιέσθησαν ὑπὸ τοῦ Καμίλλου καὶ συνεστάλησαν ἐς τὰ τείχη, πολλοὺς ἀποβαλόντες.

[3] [1] Ἐκ τούτου τὸ περὶ τὴν Ἀλβανίδα λίμνην πάθος ἀκμάζοντι τῷ πολέμῳ συνενεχθέν, οὐδενὸς ἧττον τῶν ἀπίστων πυθέσθαι θαυμάτων αἰτίας κοινῆς ἀπορίᾳ καὶ [2] λόγου φυσικὴν ἔχοντος ἀρχὴν ἐφόβησεν. ἦν μὲν γὰρ ὥρα μετοπωρινή, καὶ τὸ θέρος ἔληγεν, οὔτ’ ἔπομβρον οὔτε πνεύμασι νοτίοις χαλεπὸν ἐπιδήλως γενόμενον· πολλὰς δὲ λίμνας καὶ ποταμοὺς καὶ νάματα παντοδαπὰ τῆς Ἰταλίας ἐχούσης, τὰ μὲν ἐξέλιπε κομιδῇ, τὰ δ’ ἀντέσχε γλίσχρως καὶ μόλις, οἱ δὲ ποταμοὶ πάντες ὥσπερ αἰεὶ [3] κοῖλοι καὶ ταπεινοὶ διὰ θέρους ἐρρύησαν. τὸ δὲ τῆς Ἀλβανίδος λίμνης ‹ὕδωρ›, ἀρχὴν ἔχον ἐν ἑαυτῷ καὶ τελευτήν, ὄρεσιν εὐγείοις περιεχόμενον, ἀπ’ οὐδενὸς αἰτίου (πλὴν εἴ τι θεῖον) αὐξόμενον ἐπιδήλως διωγκοῦτο καὶ προσίστατο ταῖς ὑπωρείαις καὶ τῶν ἀνωτάτω λόφων ἔψαυεν ὁμαλῶς, ἄνευ σάλου καὶ κλύδωνος ἐξιστάμενον.

[4] καὶ πρῶτον μὲν ἦν ποιμένων θαῦμα καὶ βοτήρων· ἐπεὶ δὲ τοῦ διείργοντος ἀπὸ τῆς κάτω χώρας οἷον ἰσθμοῦ τὴν λίμνην ὑπεκραγέντος ὑπὸ πλήθους καὶ βάρους, μέγα ῥεῦμα κατέβαινε διὰ τῶν ἀρουμένων καὶ φυτευομένων ἐπὶ τὴν θάλασσαν, οὐ μόνον αὐτοῖς παρεῖχε Ῥωμαίοις ἔκπληξιν, ἀλλὰ καὶ πᾶσιν ἐδόκει τοῖς τὴν Ἰταλίαν κατοικοῦσι [5] μηδενὸς μικροῦ σημεῖον εἶναι. πλεῖστος δ’ αὐτοῦ λόγος ἦν ἐν τῷ στρατοπέδῳ τῷ

πολιορκοῦντι τοὺς Βηίους, ὥστε κἀκείνοις ἔκπυστον γενέσθαι τὸ περὶ τὴν λίμνην πάθος.

[4] [1] Οἷα δ’ ἐν πολιορκίᾳ διὰ χρόνου μῆκος ἐπιμειξίας τε πολλὰς ἐχούσῃ καὶ κοινολογίας πρὸς τοὺς πολεμίους, ἐγεγόνει τινὶ Ῥωμαίῳ συνήθεια καὶ παρρησία πρὸς ἕνα τῶν πολεμίων, ἄνθρωπον ἔμπειρόν τε λογίων παλαιῶν καί τι καὶ πλέον εἰδέναι τῶν ἄλλων ἀπὸ μαντικῆς δοκοῦντα.

[2] τοῦτον οὖν ὁ Ῥωμαῖος, ὡς ἤκουσε τὴν ἐπίδοσιν τῆς λίμνης, ὁρῶν ὑπερηδόμενόν τε καὶ καταγελῶντα τῆς πολιορκίας, οὐ ταῦτ’ ἔφη μόνον ἐνηνοχέναι θαυμαστὰ τὸν παρόντα χρόνον, ἀλλ’ ἕτερα τούτων ἀτοπώτερα σημεῖα Ῥωμαίοις γεγονέναι, περὶ ὧν ἐθέλειν ἐκείνῳ κοινωσάμενος εἴ τι δύναιτο θέσθαι τῶν ἰδίων ἄμεινον ἐν τοῖς [3] κοινοῖς νοσοῦσιν. ὑπακούσαντος δὲ τοῦ ἀνθρώπου προθύμως καὶ διδόντος ἑαυτὸν εἰς κοινολογίαν ὡς ἀπορρήτων τινῶν ἀκροατὴν ἐσόμενον, κατὰ μικρὸν οὕτω διαλεγόμενος καὶ ὑπάγων αὐτόν, ὡς πορρωτέρω τῶν πυλῶν ἐγεγόνεισαν, αἴρεταί τε μετέωρον εὐρωστότερος ὤν, καὶ πλειόνων ἀπὸ στρατοπέδου προσδραμόντων χειρωσάμενος [4] καὶ κρατήσας παρέδωκε τοῖς στρατηγοῖς. ἐν τούτῳ δ’ ἀνάγκης γεγονὼς ὁ ἄνθρωπος, καὶ μαθὼν ἄρα τὸ πεπρωμένον ὡς ἄφυκτον εἴη, λόγια προὔφαινεν ἀπόρρητα περὶ τῆς ἑαυτοῦ πατρίδος, ὡς οὐκ οὔσης ἁλωσίμου πρότερον, ἢ τὴν Ἀλβανίδα λίμνην ἐκχυθεῖσαν καὶ φερομένην ὁδοὺς ἑτέρας ὤσαντες ὀπίσω καὶ περισπάσαντες [5] οἱ πολέμιοι κωλύσωσι μείγνυσθαι τῇ θαλάττῃ. ταῦτα τῇ συγκλήτῳ πυθομένῃ καὶ διαπορούσῃ καλῶς ἔχειν ἔδοξε [6] πέμψαντας εἰς Δελφοὺς ἐρέσθαι τὸν θεόν. οἱ δὲ πεμφθέντες ἄνδρες ἔνδοξοι καὶ μεγάλοι, Κόσσος Λικίνιος καὶ Οὐαλέριος Ποτῖτος καὶ Φάβιος Ἄμβουστος, πλῷ τε χρησάμενοι καὶ τῶν παρὰ τοῦ θεοῦ τυχόντες, ἧκον ἄλλας τε μαντείας κομίζοντες, αἳ πατρίων τινῶν περὶ τὰς καλουμένας Λατίνας ἑορτὰς ὀλιγωρίαν ἔφραζον αὐτοῖς, καὶ τὸ τῆς Ἀλβανίδος ὕδωρ ἐκέλευον εἴργοντας ὡς ἀνυστόν ἐστι τῆς θαλάττης ἀνωθεῖν εἰς τὸν ἀρχαῖον πόρον, ἢ τοῦτο μὴ δυναμένους ὀρύγμασι καὶ τάφροις παράγειν εἰς [7] τὸ πεδίον καὶ καταναλίσκειν. ἀπαγγελθέντων δὲ τούτων, οἱ μὲν ἱερεῖς τὰ περὶ τὰς θυσίας ἔπραττον, ὁ δὲ δῆμος ἐχώρει πρὸς τὰ ἔργα καὶ τὸ ὕδωρ ἐξέτρεπεν.

[5] [1] Ἡ δὲ σύγκλητος εἰς τὸ δέκατον ἔτος τοῦ πολέμου καταλύσασα τὰς ἄλλας ἀρχὰς δικτάτορα Κάμιλλον ἀπέδειξεν· ἵππαρχον δ’ ἐκεῖνος αὑτῷ προσελόμενος Κορνήλιον Σκιπίωνα, πρῶτον μὲν εὐχὰς ἐποιήσατο τοῖς θεοῖς ἐπὶ τῷ πολέμῳ τέλος εὐτυχὲς λαβόντι τὰς μεγάλας θέας ἄξειν καὶ νεὼν θεᾶς, ἣν Μητέρα Ματοῦταν καλοῦσι Ῥωμαῖοι, [2] καθιερώσειν. ταύτην ἄν τις ἀπὸ τῶν δρωμένων ἱερῶν μάλιστα Λευκοθέαν νομίσειεν εἶναι. καὶ γὰρ θεράπαιναν εἰς τὸν σηκὸν εἰσάγουσαι ῥαπίζουσιν, εἶτ’ ἐξελαύνουσι καὶ τὰ

τῶν ἀδελφῶν τέκνα πρὸ τῶν ἰδίων ἐναγκαλίζονται, καὶ δρῶσι περὶ τὴν θυσίαν ἃ ταῖς Διονύσου τροφαῖς καὶ τοῖς διὰ τὴν παλλακὴν πάθεσι τῆς Ἰνοῦς προσέοικε.

[3] Μετὰ δὲ τὰς εὐχὰς ὁ Κάμιλλος εἰς τὴν Φαλίσκων ἐνέβαλε, καὶ μάχῃ μεγάλῃ τούτους τε καὶ Καπηνάτας [4] προσβοηθήσαντας αὐτοῖς ἐνίκησεν. ἔπειτα πρὸς τὴν πολιορκίαν τραπόμενος τῶν Βηίων, καὶ τὸν ἐκ προσβολῆς ἀγῶνα χαλεπὸν καὶ δύσεργον ὁρῶν, ὑπονόμους ἔτεμνε, τῶν περὶ τὴν πόλιν χωρίων ἐνδιδόντων τοῖς ὀρύγμασι καὶ ταχὺ δεχομένων εἰς βάθος ἄγειν ἄδηλον τοῖς πολεμίοις [5] τὰ ἔργα. διὸ καὶ προϊούσης ὁδῷ τῆς ἐλπίδος, αὐτὸς μὲν ἔξωθεν προσέβαλλεν ἐκκαλούμενος ἐπὶ τὰ τείχη τοὺς πολεμίους. ἄλλοι δ' ἀδήλως ὑποπορευόμενοι διὰ τῶν ὑπονόμων ἔλαθον ἐντὸς γενόμενοι τῆς ἄκρας κατὰ τὸ τῆς Ἥρας ἱερόν, ὃ μέγιστον ἦν ἐν τῇ πόλει καὶ μάλιστα [6] τιμώμενον. ἐνταῦθα λέγεται τυχεῖν κατ' ἐκεῖνο καιροῦ τὸν ἡγεμόνα τῶν Τυρρηνῶν ἐφ' ἱεροῖς, τὸν δὲ μάντιν εἰς τὰ σπλάγχνα κατιδόντα καὶ μέγα φθεγξάμενον εἰπεῖν ὅτι νίκην δίδωσιν ὁ θεὸς τῷ κατακολουθήσαντι τοῖς ἱεροῖς ἐκείνοις· ταύτης δὲ τῆς φωνῆς τοὺς ἐν τοῖς ὑπονόμοις Ῥωμαίους ἐπακούσαντας ταχὺ διασπάσαι τὸ ἔδαφος, καὶ μετὰ βοῆς καὶ ψόφου τῶν ὅπλων ἀναδύντας, ἐκπλαγέντων τῶν πολεμίων καὶ φυγόντων, ἁρπάσαντας τὰ σπλάγχνα κομίσαι πρὸς τὸν Κάμιλλον. ἀλλὰ ταῦτα μὲν ἴσως ἐοικέναι δόξει μυθεύμασιν.

[7] Ἁλούσης δὲ τῆς πόλεως κατὰ κράτος καὶ τῶν Ῥωμαίων ἀγόντων καὶ φερόντων ἄπειρόν τινα πλοῦτον, ἐφορῶν ὁ Κάμιλλος ἀπὸ τῆς ἄκρας τὰ πραττόμενα, πρῶτον μὲν ἑστὼς ἐδάκρυσεν, εἶτα μακαρισθεὶς ὑπὸ τῶν παρόντων ἀνέσχε τὰς χεῖρας τοῖς θεοῖς καὶ προσευχόμενος εἶπε· 'Ζεῦ μέγιστε καὶ θεοὶ χρηστῶν ἐπίσκοποι καὶ πονηρῶν ἔργων, αὐτοί που σύνιστε Ῥωμαίοις ὡς οὐ παρὰ δίκην, ἀλλὰ κατ' ἀνάγκην ἀμυνόμενοι μετερχόμεθα δυσμενῶν [8] ἀνδρῶν καὶ παρανόμων πόλιν. εἰ δ' ἄρα τις' ἔφη 'καὶ ἡμῖν ἀντίστροφος ὀφείλεται τῆς παρούσης νέμεσις εὐπραξίας, εὔχομαι ταύτην ὑπέρ τε πόλεως καὶ στρατοῦ Ῥωμαίων εἰς ἐμαυτὸν ἐλαχίστῳ κακῷ τελευτῆσαι.' [9] ταῦτ' εἰπών, καθάπερ ἐστὶ Ῥωμαίοις ἔθος ἐπευξαμένοις καὶ προσκυνήσασιν ἐπὶ δεξιὰ ἐξελίττειν, ἐσφάλη περιστρεφόμενος. διαταραχθέντων δὲ τῶν παρόντων, πάλιν ἀναλαβὼν ἑαυτὸν ἐκ τοῦ πτώματος εἶπεν ὡς γέγονεν αὐτῷ κατ' εὐχὴν σφάλμα μικρὸν ἐπ' εὐτυχίᾳ μεγίστῃ.

[6] [1] Διαπορθήσας δὲ τὴν πόλιν, ἔγνω τὸ ἄγαλμα τῆς Ἥρας μεταφέρειν εἰς Ῥώμην ὥσπερ εὔξατο. καὶ συνελθόντων ἐπὶ τοῦτο τῶν τεχνιτῶν, ὁ μὲν ἔθυε καὶ προσηύχετο τῇ θεῷ δέχεσθαι τὴν προθυμίαν αὐτῶν καὶ εὐμενῆ γίνεσθαι σύνοικον τοῖς λαχοῦσι τὴν Ῥώμην θεοῖς, τὸ δ' ἄγαλμά φασιν

ὑποφθεγξάμενον εἰπεῖν ὅτι καὶ βούλεται [2] καὶ συγκαταινεῖ. Λίουιος (5, 22) δέ φησιν εὔχεσθαι μὲν τὸν Κάμιλλον ἁπτόμενον τῆς θεοῦ καὶ παρακαλεῖν, ἀποκρίνασθαι δέ τινας τῶν παρόντων ὅτι καὶ [3] βούλεται καὶ συνακολουθεῖ προθύμως. οἱ δ’ ἰσχυριζόμενοι καὶ τῷ παραδόξῳ βοηθοῦντες μεγίστην μὲν ἔχουσι συνήγορον τὴν τύχην τῆς πόλεως, ἣν ἀπὸ μικρᾶς καὶ καταφρονουμένης ἀρχῆς ἐπὶ τοσοῦτον δόξης καὶ δυνάμεως προελθεῖν δίχα θεοῦ πολλαῖς καὶ μεγάλαις ἐπιφανείαις [4] ἑκάστοτε συμπαρόντος ἀμήχανον. οὐ μὴν ἀλλὰ καὶ συνάγουσιν ὁμοειδῆ τινα, τοῦτο μὲν ἱδρῶτας ἀγαλμάτων πολλάκις ἐκχυθέντας, τοῦτο δὲ στεναγμοὺς ἀκουσθέντας ἀποστροφάς τε δεικνύντες καὶ καταμύσεις ξοάνων, [5] ἃς ἱστορήκασιν οὐκ ὀλίγοι τῶν πρότερον. πολλὰ δὲ καὶ τῶν καθ’ ἡμᾶς ἀκηκοότες ἀνθρώπων λέγειν ἔχομεν [6] ἄξια θαύματος, ὧν οὐκ ἄν τις εἰκῇ καταφρονήσειεν. ἀλλὰ τοῖς τοιούτοις καὶ τὸ πιστεύειν σφόδρα καὶ τὸ λίαν ἀπιστεῖν ἐπισφαλές ἐστι διὰ τὴν ἀνθρωπίνην ἀσθένειαν, ὅρον οὐκ ἔχουσαν οὐδὲ κρατοῦσαν αὑτῆς, ἀλλ’ ἐκφερομένην ὅπου μὲν εἰς δεισιδαιμονίαν καὶ τῦφον, ὅπου δ’ εἰς ὀλιγωρίαν τῶν θείων καὶ περιφρόνησιν· ἡ δ’ εὐλάβεια καὶ τὸ μηδὲν ἄγαν ἄριστον.

[7] [1] Ὁ δὲ Κάμιλλος, εἴτε μεγέθει τοῦ ἔργου, πόλιν ἀντίπαλον τῆς Ῥώμης ἔτει δεκάτῳ τῆς πολιορκίας καθῃρηκώς, εἴθ’ ὑπὸ τῶν εὐδαιμονιζόντων αὐτὸν εἰς ὄγκον ἐξαρθεὶς καὶ φρόνημα νομίμου καὶ πολιτικῆς ἀρχῆς ἐπαχθέστερον, τά τ’ ἄλλα σοβαρῶς ἐθριάμβευσε, καὶ τέθριππον ὑποζευξάμενος λευκόπωλον ἐπέβη καὶ διεξήλασε τῆς Ῥώμης, οὐδενὸς τοῦτο ποιήσαντος ἡγεμόνος πρότερον [2] οὐδ’ ὕστερον. ἱερὸν γὰρ ἡγοῦνται τὸ τοιοῦτον ὄχημα, τῷ βασιλεῖ καὶ πατρὶ τῶν θεῶν ἐπιπεφημισμένον. ἔκ τε δὴ τούτου διεβλήθη πρὸς τοὺς πολίτας οὐκ εἰθισμένους ἐντρυφᾶσθαι, καὶ δευτέραν ἔλαβεν αἰτίαν ἐνιστάμενος νόμῳ [3] διοικίζοντι τὴν πόλιν. εἰσηγοῦντο γὰρ οἱ δήμαρχοι τόν τε δῆμον καὶ τὴν σύγκλητον εἰς μέρη δύο νεμηθῆναι, καὶ τοὺς μὲν αὐτόθι κατοικεῖν, τοὺς δὲ κλήρῳ λαχόντας εἰς τὴν αἰχμάλωτον μεταστῆναι πόλιν, ὡς εὐπορωτέρων ἐσομένων καὶ δυσὶ μεγάλοις καὶ καλοῖς ἄστεσι τήν τε χώραν ὁμοῦ καὶ τὴν ἄλλην εὐδαιμονίαν φυλαξόντων.

[4] ὁ μὲν οὖν δῆμος, ἤδη πολὺς γεγονὼς καὶ ἀχρήματος, ἄσμενος ἐδέξατο, καὶ συνεχὴς ἦν τοῖς περὶ τὸ βῆμα θορύβοις αἰτῶν τὴν ψῆφον· ἡ δὲ βουλὴ καὶ τῶν ἄλλων οἱ κράτιστοι πολιτῶν, οὐ διαίρεσιν, ἀλλ’ ἀναίρεσιν ἡγούμενοι τῆς Ῥώμης πολιτεύεσθαι τοὺς δημάρχους καὶ δυσανασχετοῦντες, [5] ἐπὶ τὸν Κάμιλλον κατέφυγον. κἀκεῖνος ὀρρωδῶν τὸν ἀγῶνα προφάσεις ἐνέβαλλε τῷ δήμῳ καὶ [6] ἀσχολίας, δι’ ὧν αἰεὶ τὸν νόμον ἐξέκρουεν. ἦν μὲν οὖν διὰ ταῦτα λυπηρός. ἡ δὲ φανερωτάτη καὶ μεγίστη τῶν ἄλλων ἀπεχθειῶν αὐτῷ πρὸς τὸν δῆμον ἐκ τῆς δεκάτης τῶν λαφύρων ὑπῆρξεν, οὐκ ἄλογον εἰ καὶ μὴ πάνυ

δικαίαν ἀρχὴν τῶν πολλῶν λαβόντων. εὔξατο μὲν γὰρ ὡς ἔοικεν ἐπὶ τοὺς Βηίους βαδίζων, εἰ τὴν πόλιν ἕλοι, τῷ [7] θεῷ τούτων τὴν δεκάτην καθιερώσειν. ἁλούσης δὲ τῆς πόλεως καὶ διαρπαγείσης, εἴτ᾽ ὀκνήσας ἐνοχλῆσαι τοῖς πολίταις, εἴτε λήθη τις αὐτὸν ὑπὸ τῶν παρόντων πραγμάτων ἔλαβε τῆς εὐχῆς, περιεῖδεν ὠφεληθέντας. ὕστερον δὲ χρόνῳ τῆς ἀρχῆς ἐκείνης ἤδη πεπαυμένος, ἀνήνεγκε περὶ τούτων πρὸς τὴν σύγκλητον, οἵ τε μάντεις ἤγγελλον ἐπὶ τοῖς ἱεροῖς προφαίνεσθαι θεῶν μῆνιν, ἱλασμοῦ καὶ χαριστηρίων δεομένην.

[8] [1] Ψηφισαμένης δὲ τῆς βουλῆς τὴν μὲν ὠφέλειαν - χαλεπὸν γὰρ ἦν - ἀνάδαστον μὴ γενέσθαι, τοὺς δὲ λαβόντας αὐτοὺς σὺν ὅρκῳ τὴν δεκάτην ἀναφέρειν εἰς μέσον, ἐγίνετο πολλὰ λυπηρὰ καὶ βίαια περὶ τοὺς στρατιώτας, ἀνθρώπους πένητας καὶ πολλὰ πεπονηκότας, ἀναγκαζομένους ὧν ἐκέκτηντο καὶ κατεκέχρηντο μέρος εἰσφέρειν [2] τοσοῦτον. θορυβουμένῳ δ᾽ ὑπ᾽ αὐτῶν τῷ Καμίλλῳ καὶ προφάσεως ἀποροῦντι βελτίονος εἰς τὸν ἀτοπώτατον τῶν λόγων συνέβαινε καταφεύγειν, ὁμολογοῦντι λαθέσθαι τῆς εὐχῆς. οἱ δ᾽ ἐχαλέπαινον εἰ τὰ τῶν πολεμίων δεκατεύσειν εὐξάμενος τότε, νῦν δεκατεύει τὰ τῶν [3] πολιτῶν. οὐ μὴν ἀλλὰ πάντων ὅσον ἔδει μέρος εἰσενεγκόντων, ἔδοξε κρατῆρα χρυσοῦν κατασκευάσαντας εἰς Δελφοὺς ἀποστεῖλαι. χρυσίου δ᾽ ἦν σπάνις ἐν τῇ πόλει, καὶ τῶν ἀρχόντων ὅθεν ἂν πορισθείη σκοπούντων, αἱ γυναῖκες αὐταὶ καθ᾽ αὑτὰς βουλευσάμεναι τὸν ὄντα χρυσοῦν ἑκάστῃ περὶ τὸ σῶμα κόσμον ἐπέδωκαν εἰς τὸ ἀνάθημα, σταθμῷ χρυσίου γενόμενον ὀκτὼ ταλάντων.

[4] καὶ ταύταις μὲν ἡ σύγκλητος ἀποδιδοῦσα τιμὴν πρέπουσαν, ἐψηφίσατο μετὰ θάνατον ὥσπερ ἐπὶ τοῖς ἀνδράσι καὶ ταῖς γυναιξὶ λέγεσθαι τὸν ἄξιον ἔπαινον· οὐ γὰρ ἦν εἰθισμένον πρότερον ἐγκωμιάζεσθαι γυναῖκα δημοσίᾳ τελευτήσασαν· [5] ἑλόμενοι δὲ τρεῖς ἄνδρας ἐκ τῶν ἀρίστων θεωρούς, καὶ ναῦν μακρὰν εὐανδροῦντι πληρώματι καὶ [6] κόσμῳ πανηγυρικῷ κατασκευάσαντες, ἐξέπεμψαν. ἦν δ᾽ ἄρα καὶ χειμὼν καὶ γαλήνη τῆς θαλάσσης ἀργαλέον, ὡς ἐκείνοις συνέτυχε τότε παρ᾽ οὐδὲν ἐλθόντας ἀπολέσθαι, διαφυγεῖν αὖθις ἀπροσδοκήτως τὸν κίνδυνον. ἐπέπλευσαν γὰρ αὐτοῖς Λιπαρέων τριήρεις παρὰ τὰς Αἰόλου [7] νήσους τοῦ πνεύματος ἐκλιπόντος ὡς λησταῖς. δεομένων δὲ καὶ προϊσχομένων χεῖρας, ἐμβολῆς μὲν ἔσχοντο, τὴν δὲ ναῦν ἀναψάμενοι καὶ καταγαγόντες ἀπεκήρυττον ἅμα καὶ τὰ χρήματα καὶ τὰ σώματα, πειρατικὰ κρίναντες [8] εἶναι, μόλις δ᾽ ἑνὸς ἀνδρὸς ἀρετῇ καὶ δυνάμει Τιμησιθέου τοῦ στρατηγοῦ πεισθέντες μεθῆκαν. ὁ δὲ καὶ προσκαθελκύσας ἰδίᾳ πλοῖα παρέπεμψε καὶ συγκαθιέρωσε τὸ ἀνάθημα· δι᾽ ὃ καὶ τιμὰς ἔσχεν ἃς εἰκὸς ἦν ἐν Ῥώμῃ.

[9] [1] Τῶν δὲ δημάρχων αὖθις ἐπεγειρόντων τὸν περὶ τοῦ διοικισμοῦ νόμον, ὁ πρὸς Φαλίσκους πόλεμος ἐν καιρῷ παραφανεὶς ἔδωκε τοῖς πρώτοις ἀνδράσιν ἀρχαιρεσιάσαι κατὰ γνώμην καὶ Κάμιλλον ἀποδείξαι μεθ' ἑτέρων πέντε χιλίαρχον, ὡς τῶν πραγμάτων ἡγεμόνος δεομένων [2] ἀξίωμα καὶ δόξαν μετ' ἐμπειρίας ἔχοντος. ψηφισαμένου δὲ τοῦ δήμου, λαβὼν δύναμιν ὁ Κάμιλλος εἰς τὴν τῶν Φαλίσκων ἐνέβαλε, καὶ πόλιν ἐρυμνὴν κατεσκευασμένην πᾶσιν εἰς πόλεμον καλῶς Φαλερίους ἐπολιόρκει, τὸ μὲν ἑλεῖν οὐ μικρὸν ἔργον οὐδὲ χρόνου τοῦ τυχόντος ἡγούμενος, ἄλλως δὲ τρίβειν τοὺς πολίτας καὶ περισπᾶν βουλόμενος, ὡς μὴ σχολάζοιεν οἴκοι καθήμενοι [3] δημαγωγεῖσθαι καὶ στασιάζειν. ἐπιεικῶς γὰρ ἀεὶ φαρμάκῳ τούτῳ χρώμενοι διετέλουν, ὥσπερ ἰατροὶ τὰ ταρακτικὰ πάθη τῆς πολιτείας ἔξω τρέποντες.

[10] [1] Οὕτως δὲ τῆς πολιορκίας κατεφρόνουν οἱ Φαλέριοι τῷ πανταχόθεν ἐξωχυρῶσθαι πιστεύοντες, ὥστε πλὴν τῶν τὰ τείχη φυλασσόντων τοὺς ἄλλους ἐν ἱματίοις κατὰ τὴν πόλιν ἀναστρέφεσθαι, τοὺς δὲ παῖδας αὐτῶν εἴς τε τὰ διδασκαλεῖα φοιτᾶν καὶ παρὰ τὰ τείχη περιπατήσοντας καὶ γυμνασομένους ὑπὸ τοῦ διδασκάλου καταβιβάζεσθαι.

[2] κοινῷ γὰρ ἐχρῶντο τῷ διδασκάλῳ πάντων ὥσπερ Ἕλληνες οἱ Φαλέριοι, βουλόμενοι συντρέφεσθαι καὶ συναγελάζεσθαι μετ' ἀλλήλων εὐθὺς ἐξ ἀρχῆς τοὺς παῖδας.

[3] οὗτος οὖν ὁ διδάσκαλος ἐπιβουλεύων τοῖς Φαλερίοις διὰ τῶν παίδων, ἐξῆγεν αὐτοὺς ἡμέρας ἑκάστης ὑπὸ τὸ τεῖχος ἐγγὺς τὸ πρῶτον, εἶτ' ἀπῆγεν αὖθις εἴσω γυμνασαμένους.

[4] ἐκ δὲ τούτου κατὰ μικρὸν ὑπάγων εἴθισε θαρρεῖν ὡς πολλῆς οὔσης ἀδείας, καὶ τέλος ἔχων ἅπαντας εἰς τοὺς προφύλακας τῶν Ῥωμαίων ἐνέβαλε καὶ παρέδωκεν, ἄγειν κελεύσας πρὸς τὸν Κάμιλλον. ἀχθεὶς δὲ καὶ καταστὰς εἰς ὄψιν, ἔλεγε παιδευτὴς μὲν εἶναι καὶ διδάσκαλος, τὴν δὲ πρὸς ἐκεῖνον χάριν ἀντὶ τούτων ἑλόμενος τῶν δικαίων, ἥκειν αὐτῷ τὴν πόλιν ἐν τοῖς παισὶ κομίζων.

[5] δεινὸν οὖν ἀκούσαντι τὸ ἔργον ἐφάνη Καμίλλῳ, καὶ πρὸς τοὺς παρόντας εἰπών, ὡς χαλεπὸν μέν ἐστι πόλεμος καὶ διὰ πολλῆς ἀδικίας καὶ βιαίων περαινόμενος ἔργων, εἰσὶ δὲ καὶ πολέμων ὅμως τινὲς νόμοι τοῖς ἀγαθοῖς ἀνδράσι, καὶ τὸ νικᾶν οὐχ οὕτω διωκτέον ὥστε μὴ φεύγειν τὰς ἐκ κακῶν καὶ ἀσεβῶν ἔργων χάριτας - ἀρετῇ γὰρ οἰκείᾳ τὸν μέγαν στρατηγόν, οὐκ ἀλλοτρίᾳ θαρροῦντα κακίᾳ χρῆναι στρατεύειν - , προσέταξε τοῖς ὑπηρέταις τοῦ μὲν ἀνθρώπου καταρρηγνύναι τὰ ἱμάτια καὶ τὰς χεῖρας ὀπίσω

περιάγειν, τοῖς δὲ παισὶ διδόναι ῥάβδους καὶ μάστιγας, ὅπως κολάζοντες τὸν προδότην ἐλαύνωσιν εἰς τὴν πόλιν.

[6] Ἄρτι δὲ τῶν Φαλερίων ᾐσθημένων τὴν τοῦ διδασκάλου προδοσίαν, καὶ τὴν μὲν πόλιν οἷον εἰκὸς ἐπὶ συμφορᾷ τοσαύτῃ θρήνου κατέχοντος, ἀνδρῶν δ' ὁμοῦ καὶ γυναικῶν ἐπὶ τὰ τείχη καὶ τὰς πύλας σὺν οὐδενὶ λογισμῷ φερομένων, προσῆγον οἱ παῖδες τὸν διδάσκαλον γυμνὸν καὶ δεδεμένον προπηλακίζοντες, τὸν δὲ Κάμιλλον σωτῆρα καὶ πατέρα καὶ θεὸν ἀνακαλοῦντες, ὥστε μὴ μόνον τοῖς γονεῦσι τῶν παίδων, ἀλλὰ καὶ τοῖς ἄλλοις πολίταις ταῦθ' ὁρῶσι θαῦμα καὶ πόθον ἐμπεσεῖν τῆς τοῦ Καμίλλου [7] δικαιοσύνης. καὶ συνδραμόντες εἰς ἐκκλησίαν πρέσβεις ἔπεμψαν ἐκείνῳ τὰ καθ' ἑαυτοὺς ἐπιτρέποντες, οὓς ὁ Κάμιλλος ἀπέστειλεν εἰς Ῥώμην. ἐν δὲ τῇ βουλῇ καταστάντες εἶπον, ὅτι Ῥωμαῖοι τῆς νίκης τὴν δικαιοσύνην προτιμήσαντες ἐδίδαξαν αὐτοὺς τὴν ἧτταν ἀγαπῆσαι πρὸ τῆς ἐλευθερίας, οὐ τοσοῦτον τῇ δυνάμει λείπεσθαι δοκοῦντας, ὅσον ἡττᾶσθαι τῆς ἀρετῆς ὁμολογοῦντας.

[8] ἀποδούσης δὲ τῆς βουλῆς πάλιν ἐκείνῳ τὸ κρῖναι καὶ διαιτῆσαι ταῦτα, χρήματα λαβὼν παρὰ τῶν Φαλερίων καὶ φιλίαν πρὸς ἅπαντας Φαλίσκους θέμενος ἀνεχώρησεν.

[11] [1] Οἱ δὲ στρατιῶται διαρπάσειν προσδοκήσαντες τοὺς Φαλερίους, ὡς ἐπανῆλθον εἰς Ῥώμην κεναῖς χερσί, κατηγόρουν τοῦ Καμίλλου πρὸς τοὺς ἄλλους πολίτας ὡς μισοδήμου [2] καὶ φθονήσαντος ὠφεληθῆναι τοῖς πένησιν. ἐπεὶ δὲ τὸν περὶ τοῦ διοικισμοῦ νόμον οἱ δήμαρχοι προθέντες αὖθις ἐπὶ τὴν ψῆφον ἐκάλουν τὸν δῆμον, ὁ δὲ Κάμιλλος οὐδεμιᾶς ἀπεχθείας οὐδὲ παρρησίας φεισάμενος ἐφάνη μάλιστα πάντων ἐκβιαζόμενος τοὺς πολλούς, τὸν μὲν νόμον ἄκοντες ἀπεψηφίσαντο, τὸν δὲ Κάμιλλον δι' ὀργῆς εἶχον, ὥστε καὶ δυστυχήσαντος αὐτοῦ περὶ τὰ οἰκεῖα - τῶν γὰρ υἱῶν ἀπέβαλε τὸν ἕτερον νοσήσαντα - μηδὲν [3] οἴκτῳ τῆς ὀργῆς ὑφέσθαι. καίτοι τὸ πάθος οὐ μετρίως ἤνεγκεν ἀνὴρ ἥμερος φύσει καὶ χρηστός, ἀλλὰ τῆς δίκης προγεγραμμένης αὐτῷ διὰ πένθος οἰκούρει καθειργμένος μετὰ τῶν γυναικῶν.

[12] [1] Ὁ μὲν οὖν κατήγορος ἦν Λεύκιος Ἀπουλήιος, ἔγκλημα δὲ κλοπῆς περὶ τὰ Τυρρηνικὰ χρήματα, καὶ δῆτα καὶ θύραι τινὲς ἐλέγοντο χαλκαῖ παρ' αὐτῷ φανῆναι τῶν [2] αἰχμαλώτων. ὁ δὲ δῆμος ἐξηρέθιστο καὶ δῆλος ἦν ἐκ πάσης προφάσεως κατ' αὐτοῦ τῇ ψήφῳ χρησόμενος. οὕτως οὖν συναγαγὼν τούς τε φίλους καὶ τοὺς συστρατευσαμένους, οὐκ ὀλίγους τὸ πλῆθος ὄντας, ἐδεῖτο μὴ περιιδεῖν αὐτὸν ἀδίκως ἐπ' αἰτίαις πονηραῖς ὀφλόντα καὶ [3] καταγέλαστον ὑπὸ τῶν ἐχθρῶν γενόμενον. ἐπεὶ δ' οἱ φίλοι βουλευσάμενοι καὶ διαλεχθέντες αὐτοῖς ἀπεκρίναντο, πρὸς μὲν τὴν κρίσιν αὐτῷ μηδὲν

οἴεσθαι βοηθήσειν, τὴν δὲ ζημίαν ὀφλόντι συνεκτείσειν, οὐκ ἀνασχόμενος ἔγνω μεταστῆναι καὶ φυγεῖν ἐκ τῆς πόλεως πρὸς ὀργήν.

[4] ἀσπασάμενος οὖν τὴν γυναῖκα καὶ τὸν υἱὸν ἀπὸ τῆς οἰκίας προῄει σιωπῇ μέχρι τῆς πύλης· ἐκεῖ δ᾽ ἐπέστη, καὶ μεταστραφεὶς ὀπίσω καὶ τὰς χεῖρας ἀνατείνας πρὸς τὸ Καπιτώλιον ἐπεύξατο τοῖς θεοῖς, εἰ μὴ δικαίως, ἀλλ᾽ ὕβρει δήμου καὶ φθόνῳ προπηλακιζόμενος ἐκπίπτει, ταχὺ Ῥωμαίους μετανοῆσαι καὶ πᾶσιν ἀνθρώποις φανεροὺς γενέσθαι δεομένους αὐτοῦ καὶ ποθοῦντας Κάμιλλον.

[13] [1] Ἐκεῖνος μὲν οὖν ὥσπερ ὁ Ἀχιλλεὺς ἀρὰς θέμενος ἐπὶ τοὺς πολίτας καὶ μεταστὰς ὦφλε τὴν δίκην ἐρήμην, τίμημα μυρίων καὶ πεντακισχιλίων ἀσσαρίων ἔχουσαν. ὃ γίνεται πρὸς ἀργυρίου λόγον χίλιαι δραχμαὶ καὶ πεντακόσιαι· ἀσσαρίων γὰρ ἦν τὸ ἀργύριον ‹δέκα›, καὶ τὸ δεκάχαλκον [2] οὕτως ἐκαλεῖτο δηνάριον. οὐδεὶς δ᾽ ἔστι Ῥωμαίων ὃς οὐ νομίζει τὰς εὐχὰς τοῦ Καμίλλου ταχὺ τὴν Δίκην ὑπολαβεῖν, καὶ γενέσθαι τιμωρίαν αὐτῷ τῆς ἀδικίας οὐχ ἡδεῖαν, ἀλλ᾽ ἀνιαράν, ὀνομαστὴν δὲ καὶ περιβόητον· τοσαύτη περιῆλθε τὴν Ῥώμην νέμεσις, καὶ τοσοῦτον ἄγων φθόρον καὶ κίνδυνον ἅμα μετ᾽ αἰσχύνης ἐφάνη καιρὸς ἐπὶ τὴν πόλιν, εἴτε τῆς τύχης οὕτω συνελθούσης, εἴτε καὶ θεῶν τινος ἔργον ἐστὶ μὴ παραμελεῖν ἀρετῆς ἀχαριστουμένης.

[14] [1] Πρῶτον μὲν οὖν ἔδοξε σημεῖον γεγονέναι κακοῦ μεγάλου προσιόντος ‹ἡ Γαΐου› Ἰουλίου [μηνὸς ἡ] τοῦ τιμητοῦ τελευτή· μάλιστα γὰρ δὴ Ῥωμαῖοι σέβονται καὶ [2] νομίζουσιν ἱερὰν τὴν τῶν τιμητῶν ἀρχήν. δεύτερον δὲ πρὸ τῆς Καμίλλου φυγῆς ἀνὴρ οὐκ ἐπιφανὴς μὲν οὐδ᾽ ἐκ τῆς βουλῆς, ἐπιεικὴς δὲ καὶ χρηστὸς εἶναι δοκῶν, Μᾶρκος Καιδίκιος, ἀνήνεγκε πρὸς τοὺς χιλιάρχους πρᾶγμα φροντίδος [3] ἄξιον. ἔφη γὰρ ἐν τῇ παρῳχημένῃ νυκτὶ καθ᾽ ὁδὸν βαδίζων ἣν Καινὴν ὀνομάζουσι, κληθεὶς ὑπό τινος φθεγξαμένου μεταστραφῆναι, καὶ θεάσασθαι μὲν οὐδένα, φωνῆς δὲ μείζονος ἢ κατ᾽ ἀνθρωπίνην ἀκοῦσαι τάδε λεγούσης· ‘ἄγε Μᾶρκε Καιδίκιε, λέγε πρὸς τοὺς ἄρχοντας ἕωθεν ἐλθὼν ὀλίγου χρόνου Γαλάτας προσδέχεσθαι.’ [4] ταῦτ᾽ ἀκούσαντες οἱ χιλίαρχοι γέλωτα καὶ παιδιὰν ἐποιοῦντο, καὶ μετ᾽ ὀλίγον συνέβη τὰ περὶ Κάμιλλον.

[15] [1] Οἱ δὲ Γαλάται τοῦ Κελτικοῦ γένους ὄντες ὑπὸ πλήθους λέγονται τὴν αὑτῶν ἀπολιπόντες, οὐκ οὖσαν αὐτάρκη τρέφειν πάντας, ἐπὶ γῆς ζήτησιν ἑτέρας ὁρμῆσαι· [2] μυριάδες δὲ πολλαὶ γενόμενοι νέων ἀνδρῶν καὶ μαχίμων, ἔτι δὲ πλείους παίδων καὶ γυναικῶν ἄγοντες, οἱ μὲν ἐπὶ τὸν βόρειον Ὠκεανὸν ὑπερβαλόντες τὰ Ῥιπαῖα ὄρη ῥυῆναι καὶ τὰ ἔσχατα τῆς Εὐρώπης κατασχεῖν, οἱ δὲ μεταξὺ Πυρήνης ὄρους καὶ τῶν Ἄλπεων ἱδρυθέντες ἐγγὺς Σενώνων καὶ Βιτουρίγων κατοικεῖν χρόνον [3] πολύν· ὀψὲ δ᾽ οἴνου γευσάμενοι τότε πρῶτον

ἐξ Ἰταλίας κομισθέντος, οὕτως ἄρα θαυμάσαι τὸ πόμα καὶ πρὸς τὴν καινότητα τῆς ἡδονῆς ἔκφρονες γενέσθαι πάντες, ὥστ’ ἀράμενοι τὰ ὅπλα καὶ γενεὰς ἀναλαβόντες ἐπὶ τὰς Ἄλπεις φέρεσθαι καὶ ζητεῖν ἐκείνην τὴν γῆν ἣ τοιοῦτον καρπὸν ἀναδίδωσι, τὴν δ’ ἄλλην ἄκαρπον ἡγεῖσθαι καὶ ἀνήμερον.

[4] Ὁ δ’ εἰσαγαγὼν τὸν οἶνον πρὸς αὐτοὺς καὶ παροξύνας ἐπὶ τὴν Ἰταλίαν μάλιστα καὶ πρῶτος Ἄρρων λέγεται γενέσθαι Τυρρηνός, ἀνὴρ ἐπιφανὴς καὶ φύσει μὲν οὐ πονηρός, συμφορᾷ δὲ τοιαύτῃ χρησάμενος. ἦν ἐπίτροπος παιδὸς ὀρφανοῦ πλούτῳ τε πρώτου τῶν πολιτῶν καὶ [5] θαυμαζομένου κατ’ εἶδος, ὄνομα Λουκούμωνος. οὗτος ἐκ νέου παρὰ τῷ Ἄρρωνι δίαιταν εἶχε, καὶ μειράκιον ὢν οὐκ ἀπέλιπε τὴν οἰκίαν, ἀλλὰ προσεποιεῖτο χαίρειν συνὼν ἐκείνῳ, καὶ πολὺν χρόνον ἐλάνθανε διεφθαρκὼς [6] αὐτοῦ τὴν γυναῖκα καὶ διεφθαρμένος ὑπ’ ἐκείνης· ἤδη δὲ πόρρω τοῦ πάθους ἀμφοτέρων γεγονότων καὶ μήτ’ ἀφεῖναι τὴν ἐπιθυμίαν μήτε κρύπτειν ἔτι δυναμένων, ὁ μὲν νεανίσκος ἐπεχείρει φανερῶς ἀποσπάσας ἔχειν τὴν ἄνθρωπον, ὁ δ’ ἀνὴρ ἐπὶ δίκην ἐλθὼν καὶ κρατούμενος πλήθει φίλων καὶ χρημάτων δαπάναις ὑπὸ τοῦ Λουκούμωνος, ἐξέλιπε τὴν ἑαυτοῦ, καὶ πυθόμενος τὰ τῶν Γαλατῶν, ἧκεν εἰς αὐτοὺς καὶ καθηγήσατο τῆς εἰς τὴν Ἰταλίαν στρατείας.

[16] [1] Οἱ δ’ ἐμβαλόντες εὐθὺς ἐκράτουν τῆς χώρας ὅσην τὸ παλαιὸν οἱ Τυρρηνοὶ κατεῖχον, ἀπὸ τῶν Ἄλπεων ἐπ’ ἀμφοτέρας καθήκουσαν τὰς θαλάσσας, ὡς καὶ τοὔνομα [2] μαρτυρεῖ τῷ λόγῳ· τὴν μὲν γὰρ βόρειον θάλασσαν Ἀδρίαν καλοῦσιν ἀπὸ Τυρρηνικῆς πόλεως Ἀδρίας, τὴν δὲ πρὸς νότον κεκλιμένην ἄντικρυς Τυρρηνικὸν πέλαγος. πᾶσα δ’ ἐστὶ δενδρόφυτος αὕτη καὶ θρέμμασιν εὔβοτος [3] καὶ κατάρρυτος ποταμοῖς, καὶ πόλεις εἶχεν ὀκτωκαίδεκα καλὰς καὶ μεγάλας καὶ κατεσκευασμένας πρός τε χρηματισμὸν ἐργατικῶς καὶ πρὸς δίαιταν πανηγυρικῶς, ἃς οἱ Γαλάται τοὺς Τυρρηνοὺς ἐκβαλόντες αὐτοὶ κατέσχον. ἀλλὰ ταῦτα μὲν ἐπράχθη συχνῷ τινι χρόνῳ πρότερον.

[17] [1] Οἱ δὲ Γαλάται τότε πρὸς πόλιν Τυρρηνίδα Κλούσιον στρατεύσαντες ἐπολιόρκουν. οἱ δὲ Κλουσῖνοι καταφυγόντες ἐπὶ τοὺς Ῥωμαίους ᾐτήσαντο πρέσβεις παρ’ αὐτῶν καὶ γράμματα πρὸς τοὺς βαρβάρους. ἐπέμφθησαν δὲ τοῦ Φαβίων γένους τρεῖς ἄνδρες εὐδόκιμοι καὶ τιμὰς [2] μεγάλας ἔχοντες ἐν τῇ πόλει. τούτους ἐδέξαντο μὲν οἱ Γαλάται φιλανθρώπως διὰ τὸ τῆς Ῥώμης ὄνομα, καὶ παυσάμενοι τῆς πρὸς τὰ τείχη μάχης εἰς λόγους συνῆλθον. πυνθανομένων δ’ αὐτῶν ὅ τι παθόντες ὑπὸ Κλουσίνων ἥκοιεν ἐπὶ τὴν πόλιν, γελάσας ὁ βασιλεὺς τῶν [3] Γαλατῶν Βρέννος· ‘ἀδικοῦσιν ἡμᾶς’ ἔφη ‘Κλουσῖνοι γῆν καὶ χώραν ὀλίγην μὲν γεωργεῖν δυνάμενοι, πολλὴν δὲ κατέχειν ἀξιοῦντες, καὶ μὴ μεταδιδόντες ἡμῖν ξένοις οὖσι [4] καὶ πολλοῖς καὶ

πένησι. ταῦτα δ’ ἄρα καὶ ὑμᾶς ἠδίκουν ὦ Ῥωμαῖοι πρότερον μὲν Ἀλβανοὶ καὶ Φιδηνᾶται καὶ Ἀρδεᾶται, νῦν δὲ Βήιοι καὶ Καπηνᾶται καὶ πολλοὶ Φαλίσκων καὶ Οὐολούσκων· ἐφ’ οὓς ὑμεῖς στρατεύοντες, ἐὰν μὴ μεταδιδῶσιν ὑμῖν τῶν ἀγαθῶν, ἀνδραποδίζεσθε καὶ λεηλατεῖτε καὶ κατασκάπτετε τὰς πόλεις αὐτῶν, οὐδὲν οὐδ’ ὑμεῖς γε δεινὸν οὐδ’ ἄδικον ποιοῦντες, ἀλλὰ τῷ πρεσβυτάτῳ τῶν νόμων ἀκολουθοῦντες, ὃς τῷ κρείττονι τὰ τῶν ἡττόνων δίδωσιν, ἀρχόμενος ἀπὸ τοῦ θεοῦ [5] καὶ τελευτῶν εἰς τὰ θηρία. καὶ γὰρ τούτοις ἐκ φύσεως ἔνεστι τὸ ζητεῖν πλέον ἔχειν τὰ κρείττονα τῶν ὑποδεεστέρων. Κλουσίνους δὲ παύσασθε πολιορκουμένους οἰκτίροντες, ὡς μὴ καὶ Γαλάτας διδάξητε χρηστοὺς καὶ φιλοικτίρμονας γενέσθαι τοῖς ὑπὸ Ῥωμαίων ἀδικουμένοις.’

[6] Ἐκ τούτων τῶν λόγων ἔγνωσαν οἱ Ῥωμαῖοι τὸν Βρέννον ἀσυμβάτως ἔχοντα, καὶ παρελθόντες εἰς τὸ Κλούσιον ἐθάρρυνον καὶ παρώρμων τοὺς ἄνδρας ἐπεξελθεῖν τοῖς βαρβάροις μετ’ αὐτῶν, εἴτε τὴν ἐκείνων ἀλκὴν καταμαθεῖν [7] εἴτε τὴν ἑαυτῶν ἐπιδείξασθαι θέλοντες. ἐκδρομῆς δὲ τῶν Κλουσίνων καὶ μάχης παρὰ τὰ τείχη γενομένης, εἷς τῶν Φαβίων, Κόιντος Ἄμβουστος, ἵππον ἔχων ἐξήλασεν ‹ἐν›αντίος ἀνδρὶ μεγάλῳ καὶ καλῷ Γαλάτῃ, πολὺ προϊππεύοντι τῶν ἄλλων, ἀγνοηθεὶς ἐν ἀρχῇ διὰ τὸ τὴν σύνοδον ὀξεῖαν γενέσθαι καὶ τὰ ὅπλα περιλάμποντα τὴν [8] ὄψιν ἀποκρύπτειν· ὡς δ’ ἐπικρατήσας τῇ μάχῃ καὶ καταβαλὼν ἐσκύλευε τὸν ἄνδρα, γνωρίσας ὁ Βρέννος αὐτὸν ἐμαρτύρατο θεούς, ὡς παρὰ τὰ κοινὰ καὶ νενομισμένα πᾶσιν ἀνθρώποις ὅσια καὶ δίκαια πρεσβευτοῦ μὲν ἥκοντος, [9] πολέμια δ’ εἰργασμένου. καταπαύσας δὲ τὴν μάχην αὐτίκα, Κλουσίνους μὲν εἴα χαίρειν, ἐπὶ δὲ τὴν Ῥώμην τὸν στρατὸν ἦγεν. οὐ βουλόμενος δὲ δόξαι τὴν ἀδικίαν αὐτοῖς ὥσπερ ἀσμένοις γεγονέναι καὶ δεομένοις προφάσεως, ἔπεμπεν ἐξαιτῶν ἐπὶ τιμωρίᾳ τὸν ἄνδρα καὶ προῆγεν ἅμα σχολαίως.

[18] [1] Ἐν δὲ Ῥώμῃ τῆς βουλῆς συναχθείσης, ἄλλοι τε πολλοὶ τοῦ Φαβίου κατηγόρουν, καὶ τῶν ἱερέων οἱ καλούμενοι φιτιαλεῖς ἐνῆγον ἐπιθειάζοντες καὶ κελεύοντες τὸ τῶν πεπραγμένων ἄγος τὴν σύγκλητον εἰς ἕνα τὸν αἴτιον [2] τρέψασαν ὑπὲρ τῶν ἄλλων ἀφοσιώσασθαι. τούτους τοὺς φιτιαλεῖς Πομπίλιος Νομᾶς, βασιλέων ἡμερώτατος γενόμενος καὶ δικαιότατος, κατέστησε φύλακας μὲν εἰρήνης, ἐπιγνώμονας δὲ καὶ βεβαιωτὰς αἰτιῶν αἳ σὺν δίκῃ πόλεμον [3] συνάπτουσι. τῆς δὲ βουλῆς ἐπὶ τὸν δῆμον ἀνενεγκαμένης τὸ πρᾶγμα, καὶ τῶν ἱερέων ὅμοια τοῦ Φαβίου κατηγορούντων, οὕτω περιύβρισαν οἱ πολλοὶ τὰ θεῖα καὶ κατεγέλασαν, ὥστε καὶ χιλίαρχον ἀποδεῖξαι τὸν Φάβιον [4] μετὰ τῶν ἀδελφῶν. οἱ δὲ Κελτοὶ πυθόμενοι ταῦτα καὶ χαλεπῶς φέροντες, οὐδὲν ἐμποδὼν ἐποιοῦντο τῆς σπουδῆς, ἀλλ’ ἐχώρουν ἅπαντι τάχει, καὶ πρὸς τὸ πλῆθος αὐτῶν καὶ τὴν λαμπρότητα τῆς παρασκευῆς

καὶ βίαν καὶ θυμὸν ἐκπεπληγμένων τῶν διὰ μέσου, καὶ τήν τε χώραν ἀπολωλέναι πᾶσαν ἤδη καὶ τὰς πόλεις εὐθὺς ἀπολεῖσθαι δοκούντων, παρ' ἐλπίδας οὐδὲν ἠδίκουν οὐδ' ἐλάμβανον ἀπὸ τῶν ἀγρῶν, ἀλλὰ καὶ παρὰ τὰς πόλεις ἐγγὺς παρεξιόντες ἐβόων ἐπὶ τὴν Ῥώμην πορεύεσθαι καὶ μόνοις πολεμεῖν Ῥωμαίοις, τοὺς δ' ἄλλους φίλους ἐπίστασθαι.

[5] Τοιαύτῃ δὲ χρωμένων ὁρμῇ τῶν βαρβάρων, ἐξῆγον οἱ χιλίαρχοι τοὺς Ῥωμαίους ἐπὶ τὸν ἀγῶνα, πλήθει μὲν οὐκ ἐνδεεῖς - ἐγένοντο γὰρ ὁπλῖται τετρακισμυρίων οὐκ ἐλάττους - , ἀνασκήτους δὲ τοὺς πολλοὺς καὶ τότε πρῶτον ἁπτομένους ὅπλων. ἔτι δ' ἐξημέλητο τὰ τῶν θεῶν αὐτοῖς, οὔτε καλλιερήσασιν οὔτε μάντεις ἃ πρὸ κινδύνου [6] καὶ μάχης εἰκὸς ἦν ἐρομένοις. οὐδενὸς δ' ἧττον ἐπετάραττεν ἡ πολυαρχία τὰ πραττόμενα. καίτοι πρότερόν γε καὶ πρὸς ἐλάττονας ἀγῶνας εἵλοντο πολλάκις μονάρχους, οὓς δικτάτορας καλοῦσιν, οὐκ ἀγνοοῦντες ὅσον ἐστὶν εἰς ἐπισφαλῆ καιρὸν ὄφελος μιᾷ χρωμένους γνώμῃ πρὸς ἀνυπεύθυνον ἀρχὴν ἐν χερσὶ τὴν δίκην ἔχουσαν εὐτακτεῖν.

[7] οὐχ ἥκιστα δὲ καὶ Κάμιλλος ἀγνωμονηθεὶς ἔβλαψε τὰ πράγματα, τοῦ μὴ πρὸς χάριν μηδὲ κολακεύοντας ἄρχειν φοβεροῦ γενομένου. προελθόντες οὖν ἀπὸ τῆς πόλεως σταδίους ἐνενήκοντα παρὰ τὸν Ἀλίαν ποταμὸν ηὐλίσθησαν, οὐ πόρρω τοῦ στρατοπέδου τῷ Θύβριδι [8] συμφερόμενον. ἐνταῦθα δὲ τῶν βαρβάρων ἐπιφανέντων, αἰσχρῶς ἀγωνισάμενοι δι' ἀταξίαν ἐτράποντο, καὶ τὸ μὲν ἀριστερὸν κέρας εὐθὺς ἐμβαλόντες εἰς τὸν ποταμὸν οἱ Κελτοὶ διέφθειραν, τὸ δὲ δεξιὸν ὑπεκκλῖναν τὴν ἐπιφορὰν ἐκ τοῦ πεδίου πρὸς τοὺς λόφους ἧττον ἐξεκόπη, [9] καὶ διεξέπεσον ἀπὸ τούτων εἰς τὴν πόλιν οἱ πολλοί. τοῖς δ' ἄλλοις, ὅσοι τῶν πολεμίων ἀπειπόντων πρὸς τὸν φόνον ἐσώθησαν, εἰς Βηίους αἱ φυγαὶ διὰ νυκτὸς ἦσαν, ὡς τῆς Ῥώμης οἰχομένης καὶ τῶν ἐκεῖ πάντων ἀπολωλότων.

[19] [1] Ἐγένετο δ' ἡ μάχη μετὰ τροπὰς θερινὰς περὶ τὴν πανσέληνον, ᾗ καὶ πρότερον ἡμέρᾳ μέγα πάθος συνέβη τὸ περὶ τοὺς Φαβίους· τριακόσιοι γὰρ ἐκ τοῦ γένους [2] ἄνδρες ὑπὸ Τυρρηνῶν ἀνῃρέθησαν. ἐκράτησε δὲ τὴν ἡμέραν ἀπὸ τῆς δευτέρας ἥττης Ἀλιάδα μέχρι νῦν καλεῖσθαι [3] διὰ τὸν ποταμόν. περὶ δ' ἡμερῶν ἀποφράδων, εἴτε χρὴ τίθεσθαί τινας, εἴτε [μὴ] ὀρθῶς Ἡράκλειτος ἐπέπληξεν Ἡσιόδῳ, τὰς μὲν ἀγαθὰς ποιουμένῳ τὰς δὲ φαύλας, ὡς ἀγνοοῦντι φύσιν ἡμέρας ἁπάσης μίαν οὖσαν, [4] ἑτέρωθι (fr. p. 141 Bernard.) διηπόρηται. τῇ δ' ὑποκειμένῃ γροφῇ τὸ μνημονεῦσαι παραδειγμάτων ὀλίγων ἴσως ἂν ἁρμόσειε. τοῦτο μὲν τοίνυν Βοιωτοῖς Ἱπποδρομίου μηνός, ὡς δ' Ἀθηναῖοι καλοῦσιν Ἑκατομβαιῶνος, ἱσταμένου πέμπτῃ δύο λαβεῖν συνέβη νίκας ἐπιφανεστάτας, αἷς τοὺς Ἕλληνας ἠλευθέρωσαν, τήν τε περὶ Λεῦκτρα

καὶ τὴν ἐπὶ Κερησσῷ, ταύτης πρότερον ἔτεσι πλείοσιν ἢ διακοσίοις, ὅτε Λατταμύαν καὶ Θεσσαλοὺς ἐνίκησαν· [5] τοῦτο δ' αὖ πάλιν Πέρσαι μηνὸς Βοηδρομιῶνος ἕκτῃ μὲν ἐν Μαραθῶνι, τρίτῃ δ' ἐν Πλαταιαῖς ἅμα καὶ περὶ Μυκάλην ἡττήθησαν ὑπὸ τῶν Ἑλλήνων, πέμπτῃ δὲ φθίνοντος [6] ἐν Ἀρβήλοις. οἱ ‹δ'› Ἀθηναῖοι καὶ τὴν περὶ Νάξον ἐνίκων ναυμαχίαν, ἧς Χαβρίας ἐστρατήγει, τοῦ Βοηδρομιῶνος περὶ τὴν πανσέληνον, ἐν δὲ Σαλαμῖνι περὶ τὰς εἰκάδας, ὡς ἡμῖν ἐν τῷ Περὶ ἡμερῶν (fr. p. 141 [7] Bernard.) ἀποδέδεικται. ἐνήνοχε δὲ καὶ ὁ Θαργηλιὼν μὴν τοῖς βαρβάροις ἐπιδήλους ἀτυχίας· καὶ γὰρ Ἀλέξανδρος ἐπὶ Γρανικῷ τοὺς βασιλέως στρατηγοὺς Θαργηλιῶνος ἐνίκησε, καὶ Καρχηδόνιοι περὶ Σικελίαν ὑπὸ Τιμολέοντος ἡττῶντο τῇ ἑβδόμῃ φθίνοντος, περὶ ἣν δοκεῖ καὶ τὸ Ἴλιον ἁλῶναι, τοῦ Θαργηλιῶνος, ὡς Ἔφορος (FGrH 70 F 226) καὶ Καλλισθένης (FGrH 124 F 10b) καὶ Δαμάστης (FGrH 5 F 7) καὶ Μάλακος (FGrH 81 F 74; [8] 552) ἱστορήκασιν. ἔμπαλιν δ' ὁ Μεταγειτνιών, ὃν Βοιωτοὶ Πάνημον καλοῦσι, τοῖς Ἕλλησιν οὐκ εὐμενὴς γέγονε. τούτου γὰρ τοῦ μηνὸς ἑβδόμῃ καὶ τὴν ἐν Κρανῶνι μάχην ἡττηθέντες ὑπ' Ἀντιπάτρου τελέως ἀπώλοντο, καὶ πρότερον ἐν Χαιρωνείᾳ μαχόμενοι πρὸς Φίλιππον ἠτύχησαν.

[9] τῆς δ' αὐτῆς ἡμέρας ταύτης ἐν τῷ Μεταγειτνιῶνι κατὰ τὸν αὐτὸν ἐνιαυτὸν οἱ μετ' Ἀρχιδάμου διαβάντες εἰς τὴν Ἰταλίαν ὑπὸ τῶν ἐκεῖ βαρβάρων διεφθάρησαν. Καλχηδόνιοι δὲ τὴν ἐνάτην φθίνοντος ὡς τὰ πλεῖστα καὶ μέγιστα τῶν ἀτυχημάτων αὐτοῖς ἀεὶ φέρουσαν παραφυλάττουσιν.

[10] οὐκ ἀγνοῶ δ' ὅτι περὶ τὸν τῶν μυστηρίων καιρὸν αὖθις Θῆβαί τε κατεσκάφησαν ὑπ' Ἀλεξάνδρου, καὶ μετὰ ταῦτα φρουρὰν Ἀθηναῖοι Μακεδόνων ἐδέξαντο περὶ αὐτὴν τὴν εἰκάδα τοῦ Βοηδρομιῶνος ᾗ τὸν μυστικὸν Ἴακχον [11] ἐξάγουσιν. ὁμοίως δὲ Ῥωμαῖοι τῆς αὐτῆς ἡμέρας πρότερον μὲν ὑπὸ Κίμβρων τὸ μετὰ Καιπίωνος ἀπέβαλον στρατόπεδον, ὕστερον δὲ Λευκόλλου στρατηγοῦντος Ἀρμενίους καὶ Τιγράνην ἐνίκησαν. Ἄτταλος δ' ὁ βασιλεὺς καὶ Πομπήιος Μᾶγνος ἐν τοῖς αὑτῶν γενεθλίοις ἀπέθανον, καὶ ὅλως ἐστὶ πολλοὺς ἐπ' ἀμφότερα ταῖς [12] αὐταῖς χρησαμένους ἀποδεῖξαι περιόδοις. ἀλλὰ Ῥωμαίοις αὕτη μία τῶν μάλιστα ἀποφράδων ἐστί, καὶ διὰ ταύτην ἑκάστου μηνὸς ἕτεραι δύο, τῆς πρὸς τὸ συμβὰν εὐλαβείας καὶ δεισιδαιμονίας ἐπὶ πλέον ὥσπερ εἴωθε ῥυείσης. ταῦτα μὲν οὖν ἐν τῷ Περὶ αἰτίων Ῥωμαϊκῶν (mor. 269e) ἐπιμελέστερον εἴρηται.

[20] [1] Μετὰ δὲ τὴν μάχην ἐκείνην εἰ μὲν εὐθὺς ἐπηκολούθησαν οἱ Γαλάται τοῖς φεύγουσιν, οὐδὲν ἂν ἐκώλυσε τὴν Ῥώμην ἄρδην ἀναιρεθῆναι καὶ πάντας ἀπολέσθαι τοὺς ἐν αὐτῇ καταληφθέντας· τοσοῦτον οἱ φεύγοντες

ἐνειργάζοντο δεῖμα τοῖς ὑποδεχομένοις, καὶ τοσαύτης [2] πάλιν ἀνεπίμπλαντο ταραχῆς καὶ παραφροσύνης. νυνὶ δ' ἀπιστίᾳ τοῦ μεγέθους τῆς νίκης οἱ βάρβαροι καὶ πρὸς εὐπάθειαν ἐκ τοῦ περιχαροῦς ἅμα καὶ νεμήσεις τῶν ἑαλωκότων ἐν τῷ στρατοπέδῳ χρημάτων τραπόμενοι, τῷ μὲν ἐκπίπτοντι τῆς πόλεως ὄχλῳ ῥᾳστώνην φυγῆς παρέσχον, ἐλπίσαι δ' ἔτι καὶ παρασκευάσασθαι τοῖς ὑπομένουσι.

[3] τὴν γὰρ ἄλλην πόλιν προέμενοι, τὸ Καπιτώλιον ἐφράξαντο βέλεσι καὶ διατειχίσμασιν. ἐν πρώτοις δὲ τῶν ἱερῶν ἃ μὲν εἰς τὸ Καπιτώλιον ἀνεσκευάσαντο, τὰ δὲ τῆς Ἑστίας αἱ παρθένοι μετὰ τῶν ἱερέων ἔφευγον ἁρπασάμεναι.

[4] καίτοι τινὲς οὐδὲν εἶναι τὸ φρουρούμενον ὑπ' αὐτῶν ἕτερον ἢ τὸ πῦρ ἄφθιτον ἱστοροῦσι, Νομᾶ τοῦ βασιλέως καταστήσαντος ὡς ἀρχὴν ἁπάντων σέβεσθαι. κινητικώτατον γὰρ ἐν τῇ φύσει τοῦτο· κίνησις δέ τις ἢ σύν τινι κινήσει πάντως ἡ γένεσις· τὰ δ' ἄλλα τῆς ὕλης μόρια θερμότητος ἐπιλειπούσης ἀργὰ κείμενα καὶ νεκροῖς ἐοικότα ποθεῖ τὴν τοῦ πυρὸς δύναμιν ὡς ψυχήν, καὶ προσελθούσης ἁμῶς γέ πως ἐπὶ τὸ δρᾶν τι καὶ πάσχειν [5] τρέπεται. τοῦτ' οὖν ἅτε δὴ περιττὸν ἄνδρα τὸν Νομᾶν καὶ λόγον ἔχοντα ταῖς Μούσαις συνεῖναι διὰ σοφίαν ἐξοσιῶσαι καὶ φρουρεῖν ἀκοίμητον ἐν εἰκόνι τῆς τὰ πάντα κοσμούσης ἀιδίου δυνάμεως. οἱ δὲ τὸ μὲν πῦρ ὥσπερ παρ' Ἕλλησι πρὸ ἱερῶν αἴθεσθαι καθάρσιον, ἄλλα δὲ τὰ ἐντὸς ἀθέατα κρύπτεσθαι πᾶσι, πλὴν ταῖς παρθένοις [6] ταύταις ἃς Ἑστιάδας ἐπονομάζουσι. καὶ πλεῖστος μὲν λόγος κατέχει τὸ Τρωικὸν ἐκεῖ Παλλάδιον ἀποκεῖσθαι δι' Αἰνείου κομισθὲν εἰς Ἰταλίαν· εἰσὶ δ' οἱ τὰ Σαμοθρᾴκια μυθολογοῦντες Δάρδανον μὲν εἰς Τροίαν ἐξενεγκάμενον ὀργιάσαι καὶ καθιερῶσαι κτίσαντα τὴν πόλιν, Αἰνείαν δὲ περὶ τὴν ἅλωσιν ἐκκλέψαντα διασῶσαι μέχρι [7] τῆς ἐν Ἰταλίᾳ κατοικήσεως. οἱ δὲ προσποιούμενοί τι πλέον ἐπίστασθαι περὶ τούτων δύο φασὶν οὐ μεγάλους ἀποκεῖσθαι πίθους, [ὧν] τὸν μὲν ἀνεῳγότα καὶ κενὸν, τὸν δὲ πλήρη καὶ κατασεσημασμένον, ἀμφοτέρους δὲ [8] ταῖς παναγέσι μόναις παρθένοις ὁρατούς. ἄλλοι δὲ τούτους διεψεῦσθαι νομίζουσι τῷ τὰ πλεῖστα τῶν ἱερῶν τότε τὰς κόρας ἐμβαλούσας εἰς πίθους δύο κρύψαι κατὰ γῆς ὑπὸ τὸν νεὼν τοῦ Κυρίνου, καὶ τὸν τόπον ἐκεῖνον ἔτι καὶ νῦν τῶν Πίθων φέρεσθαι τὴν ἐπωνυμίαν.

[21] [1] Τὰ δὲ κυριώτατα καὶ μέγιστα τῶν ἱερῶν αὗται λαβοῦσαι φυγῇ παρὰ τὸν ποταμὸν ἐποιοῦντο τὴν ἀποχώρησιν. ἐνταῦθα Λεύκιος Ἀλβίνιος ἀνὴρ δημοτικὸς ἐν τοῖς φεύγουσιν ἔτυχε τέκνα νήπια καὶ γυναῖκα μετὰ χρημάτων [2] ἀναγκαίων ἐφ' ἁμάξης ὑπεκκομίζων. ὡς δ' εἶδε τὰς παρθένους, ἐν τοῖς κόλποις φερούσας τὰ τῶν θεῶν ἱερά, θεραπείας ἐρήμους παραπορευομένας

καὶ κακοπαθούσας, ταχὺ τὴν γυναῖκα μετὰ τῶν παίδων καὶ τῶν χρημάτων καθελὼν ἀπὸ τῆς ἁμάξης, ἐκείναις παρέδωκεν ἐπιβῆναι καὶ διαφυγεῖν εἴς τινα τῶν Ἑλληνίδων πόλεων.

[3] τὴν μὲν οὖν Ἀλβινίου πρὸς τὸ θεῖον εὐλάβειαν καὶ τιμὴν ἐν τοῖς ἐπισφαλεστάτοις καιροῖς ἐκφανῆ γενομένην οὐκ [4] ἄξιον ἦν ἀμνημόνευτον παρελθεῖν. οἱ δὲ τῶν ἄλλων θεῶν ἱερεῖς οἵ τε γηραιοὶ τῶν ὑπατικῶν καὶ θριαμβικῶν ἀνδρῶν τὴν μὲν πόλιν ἐκλιπεῖν οὐχ ὑπέμειναν, ἱερὰς δὲ καὶ λαμπρὰς ἀναλαβόντες ἐσθῆτας, ἐξηγουμένου Φαβίου τοῦ ἀρχιερέως, ἐπευξάμενοι τοῖς θεοῖς, ὡς ἑαυτοὺς ὑπὲρ τῆς πατρίδος τῷ δαίμονι καθιεροῦντες, ἐπὶ τῶν ἐλεφαντίνων δίφρων ἐν ἀγορᾷ καθῆντο κεκοσμημένοι, τὴν ἐπιοῦσαν τύχην ὑπομένοντες.

[22] [1] Τρίτῃ δ' ἀπὸ τῆς μάχης ἡμέρᾳ παρῆν ὁ Βρέννος ἐπὶ τὴν πόλιν ἄγων τὸ στράτευμα, καὶ τάς τε πύλας εὑρὼν ἀνεῳγμένας καὶ τὰ τείχη φυλάκων ἔρημα, πρῶτον μὲν ἔδεισεν ἐνέδραν καὶ λόχον, ἀπιστῶν οὕτω παντάπασιν [2] ἀπειρηκέναι τοὺς Ῥωμαίους. ἐπεὶ δ' ἔγνω τὸ ἀληθές, εἰσελάσας διὰ τῆς Κολλίνης πύλης ἔσχε τὴν πόλιν, ἑξήκοντα καὶ τριακοσίων ἐτῶν πλείονα βραχεῖ χρόνον ἀπὸ τῆς κτίσεως ἔχουσαν, εἴ τῳ πιστὸν ἀποσῴζεσθαί τινα τῶν χρόνων ἀκρίβειαν, οἷς καὶ περὶ νεωτέρων ἄλλων ἀμφισβήτησιν ἡ σύγχυσις ἐκείνη παρέσχε. τοῦ μέντοι πάθους αὐτοῦ καὶ τῆς ἁλώσεως ἔοικεν ἀμυδρά τις εὐθὺς [3] εἰς τὴν Ἑλλάδα φήμη διελθεῖν. Ἡρακλείδης γὰρ ὁ Ποντικὸς (fg. 102 Wehrli) οὐ πολὺ τῶν χρόνων ἐκείνων ἀπολειπόμενος ἐν τῷ Περὶ ψυχῆς συντάγματί φησιν ἀπὸ τῆς ἑσπέρας λόγον κατασχεῖν, ὡς στρατὸς ἐξ Ὑπερβορέων ἐλθὼν ἔξωθεν ᾑρήκοι πόλιν Ἑλληνίδα Ῥώμην, ἐκεῖ που συνῳκημένην περὶ τὴν μεγάλην θάλασσαν. οὐκ ἂν οὖν θαυμάσαιμι μυθώδη καὶ πλασματίαν ὄντα τὸν Ἡρακλείδην ἀληθεῖ λόγῳ τῷ περὶ τῆς ἁλώσεως ἐπικομπάσαι τοὺς Ὑπερβορέους καὶ τὴν μεγάλην θάλασσαν.

[4] Ἀριστοτέλης δ' ὁ φιλόσοφος (fr. 568) τὸ μὲν ἁλῶναι τὴν πόλιν ὑπὸ Κελτῶν ἀκριβῶς δῆλός ἐστιν ἀκηκοώς, τὸν δὲ σώσαντα Λεύκιον εἶναί φησιν· ἦν δὲ Μᾶρκος, οὐ [5] Λεύκιος, ὁ Κάμιλλος. ἀλλὰ ταῦτα μὲν εἰκασμῷ λέλεκται.

Κατασχὼν δὲ τὴν Ῥώμην ὁ Βρέννος τῷ μὲν Καπιτωλίῳ φρουρὰν περιέστησεν, αὐτὸς δὲ καταβαίνων δι' ἀγορᾶς ἐθαύμαζε τοὺς προκαθημένους ἄνδρας ἐν κόσμῳ καὶ σιωπῇ θεώμενος, ὡς οὔθ' ὑπεξανέστησαν ἐπιόντων πολεμίων οὔτ' ὄψιν ἢ χρόαν ἔτρεψαν, ἀλλὰ ῥᾳθύμως καὶ ἀδεῶς ἐγκεκλιμένοι τοῖς σκίπωσιν, οὓς ἐφόρουν, καὶ [6] προσβλέποντες ἀλλήλοις ἡσύχαζον. ἦν οὖν θαῦμα τοῖς Γαλάταις πρὸς τὴν ἀτοπίαν, καὶ πολὺν χρόνον ὀκνοῦντες ἅψασθαι καὶ προσελθεῖν ὡς κρείττοσι διηπόρουν. ἐπεὶ δὲ τολμήσας τις ἐξ

αὐτῶν ἐγγὺς παρέστη Παπειρίῳ Μανίῳ καὶ προσαγαγὼν τὴν χεῖρα πρᾴως ἥψατο τοῦ γενείου καὶ κατῆγε τὴν ὑπήνην βαθεῖαν οὖσαν, ὁ μὲν Παπείριος τῇ βακτηρίᾳ τὴν κεφαλὴν αὐτοῦ πατάξας συνέτριψεν, ὁ δὲ βάρβαρος ἐκεῖνον σπασάμενος τὴν μάχαιραν [7] ἀπέκτεινεν. ἐκ δὲ τούτου καὶ τοὺς λοιποὺς ἀνῄρουν προσπεσόντες, καὶ τῶν ἄλλων ὅσοις ἐπιτύχοιεν διεχρῶντο, καὶ τὰς οἰκίας ἐπόρθουν ἐφ’ ἡμέρας πολλὰς ἄγοντες καὶ φέροντες, εἶτα κατεπίμπρασαν καὶ κατέσκαπτον, ὀργιζόμενοι τοῖς ἔχουσι τὸ Καπιτώλιον, ὅτι καλούντων αὐτῶν οὐχ ὑπήκουον, ἀλλὰ καὶ προσβάλλουσι πληγὰς [8] ἔδοσαν ἀπὸ τοῦ διατειχίσματος ἀμυνόμενοι. διὰ ταῦτα μὲν οὖν ἐλυμήναντο τὴν πόλιν καὶ προσδιέφθειραν τοὺς ἁλισκομένους, ὁμοίως μὲν ἄνδρας καὶ γυναῖκας, ὁμοίως δὲ καὶ πρεσβύτας καὶ παῖδας.

[23] [1] Τῆς δὲ πολιορκίας μῆκος λαμβανούσης, ἐπισιτισμοῦ τοῖς Γαλάταις ἔδει, καὶ διελόντες αὑτοὺς οἱ μὲν τῷ βασιλεῖ παραμένοντες ἐφρούρουν τὸ Καπιτώλιον, οἱ δὲ τὴν χώραν περιιόντες ἐλεηλάτουν καὶ τὰς κώμας ἐπόρθουν προσπίπτοντες, οὐχ ὁμοῦ πάντες, ἄλλοι δ’ ἄλλῃ καθ’ ἡγεμονίας καὶ συντάγματα, τῷ μέγα φρονεῖν ὑπὸ τῶν εὐτυχημάτων καὶ δεδιέναι μηδὲν ἀποσκιδνάμενοι.

[2] τὸ δὲ πλεῖστον αὐτῶν καὶ μάλιστα συντεταγμένον ἐχώρει πρὸς τὴν Ἀρδεατῶν πόλιν, ἐν ᾗ διέτριβε Κάμιλλος ἀργῶν ταῖς πράξεσι μετὰ τὴν φυγὴν καὶ ἰδιωτεύων, ἐλπίδας δὲ λαμβάνων καὶ διαλογισμοὺς οὐχὶ τὸ λαθεῖν καὶ διαφυγεῖν τοὺς πολεμίους ἀγαπῶντος ἀνδρός, ἀλλ’ ὅπως [3] εἰ παραγένοιτο καιρὸς ἀμυνεῖται σκοποῦντος. διὸ καὶ τοὺς Ἀρδεάτας ὁρῶν πλήθει μὲν ἱκανοὺς ὄντας, ἐνδεεῖς δὲ τόλμης δι’ ἀπειρίαν καὶ μαλακίαν τῶν στρατηγῶν, ἐνέβαλε λόγον εἰς τοὺς νέους πρῶτον, ὡς οὐ χρὴ τὴν Ῥωμαίων ἀτυχίαν ἀνδρείαν Κελτῶν νομίζειν, οὐδ’ ἃ κακῶς φρονήσασι συνέβη παθεῖν ἐκείνοις ἔργα τῶν οὐδὲν εἰς τὸ νικῆσαι παρασχόντων, ἀλλὰ τύχης ἐπίδειξιν ἡγεῖσθαι.

[4] καλὸν μὲν οὖν εἶναι καὶ διὰ κινδύνων ἀπώσασθαι πόλεμον ἀλλόφυλον καὶ βαρβαρικόν, ᾧ τοῦ κρατεῖν πέρας ὥσπερ τῷ πυρὶ διαφθαρῆναι τὸ νικώμενον· οὐ μὴν ἀλλὰ καὶ θαρροῦσι καὶ προθυμουμένοις αὐτοῖς ἀκίνδυνον [5] ἐν καιρῷ τὴν νίκην παρέξειν. τούτους τοὺς λόγους τῶν νέων δεξαμένων, ἐπὶ τοὺς ἄρχοντας ᾔει καὶ τοὺς προβούλους τῶν Ἀρδεατῶν ὁ Κάμιλλος. ὡς δὲ κἀκείνους συνέπεισεν, ὥπλισε τοὺς ἐν ἡλικίᾳ πάντας καὶ συνεῖχε τοῦ τείχους ἐντός, ἀγνοεῖσθαι βουλόμενος ὑπὸ [6] τῶν πολεμίων ἐγγὺς ὄντων. ἐπεὶ δὲ τὴν χώραν ἱππασάμενοι καὶ βαρεῖς ὄντες ὑπὸ πλήθους τῶν ἀγομένων καὶ φερομένων ἀμελῶς καὶ ὀλιγώρως ἐν τῷ πεδίῳ κατεστρατοπέδευσαν, ἐκ δὲ τούτου νὺξ ἐπῆλθε μεθύουσιν αὐτοῖς καὶ σιωπὴ κατέσχε τὸ στρατόπεδον, πυθόμενος ταῦτα παρὰ τῶν κατασκόπων ὁ Κάμιλλος ἐξῆγε τοὺς Ἀρδεάτας,

καὶ διεξελθὼν καθ’ ἡσυχίαν τὸν μεταξὺ τόπον, περὶ μέσας νύκτας προσέμειξε τῷ χάρακι, κραυγῇ τε χρώμενος πολλῇ καὶ ταῖς σάλπιγξι πανταχόθεν ἐκταράττων ἀνθρώπους κακῶς ὑπὸ μέθης καὶ μόγις ἐκ τῶν [7] ὕπνων ἀναφέροντας πρὸς τὸν θόρυβον. ὀλίγοι μὲν οὖν ἀνανήψαντες ἐν τῷ φόβῳ καὶ διασκευασάμενοι τοὺς περὶ τὸν Κάμιλλον ὑπέστησαν, ὥστ’ ἀμυνόμενοι πεσεῖν· τοὺς δὲ πλείστους ἔτι κρατουμένους ὕπνῳ καὶ οἴνῳ καταλαμβάνοντες ἀόπλους ἀπέκτεινον. ὅσοι δὲ νυκτὸς ἀπέδρασαν ἐκ τοῦ χάρακος οὐ πολλοί, τούτους μεθ’ ἡμέραν σποράδας ἐν τῇ χώρᾳ διαφερομένους ἐπελαύνοντες ἱππεῖς διέφθειρον.

[24] [1] Ἡ δὲ φήμη ταχὺ διαγγέλλουσα τὴν πρᾶξιν ἐπὶ τὰς πόλεις, ἐξεκαλεῖτο πολλοὺς τῶν ἐν ἡλικίᾳ συνισταμένους, μάλιστα δὲ Ῥωμαίων ὅσοι διαφυγόντες ἐκ τῆς ἐπ’ Ἀλίᾳ μάχης ἐν Βηίοις ἦσαν, καὶ ὠδύροντο κατὰ σφᾶς αὐτούς· ‘οἷον ἡγεμόνα τῆς Ῥώμης ὁ δαίμων ἀφελόμενος Ἀρδεάτας ἐκόσμησε τοῖς Καμίλλου κατορθώμασιν, ἡ δὲ γειναμένη καὶ θρέψασα τοιοῦτον ἄνδρα πόλις [2] οἴχεται καὶ ἀπόλωλεν. ἡμεῖς δ’ ἀπορίᾳ στρατηγῶν ἀλλότρια τείχη περιβαλόμενοι καθήμεθα προέμενοι τὴν Ἰταλίαν. φέρε πέμψαντες Ἀρδεάτας ἀπαιτῶμεν τὸν αὑτῶν στρατηγόν, ἢ λαβόντες αὐτοὶ τὰ ὅπλα πρὸς ἐκεῖνον βαδίζωμεν. οὐκέτι γάρ ἐστι φυγὰς οὐδ’ ἡμεῖς πολῖται, πατρίδος οὐκ οὔσης, ἀλλὰ κρατουμένης ὑπὸ τῶν πολεμίων.’ [3] ταῦτ’ ἔδοξε, καὶ πέμψαντες ἐδέοντο τοῦ Καμίλλου δέχεσθαι τὴν ἀρχήν. ὁ δ’ οὐκ ἔφη πρότερον ἢ τοὺς ἐν τῷ Καπιτωλίῳ πολίτας ἐπιψηφίσασθαι κατὰ τὸν νόμον· ἐκείνους γὰρ ἡγεῖσθαι πατρίδα σῳζομένους, καὶ κελεύουσι μὲν ὑπακούσειν προθύμως, ἀκόντων δὲ μηδὲν πολυπραγμονήσειν.

[4] τῆς μὲν οὖν εὐλαβείας καὶ καλοκαγαθίας τὸν Κάμιλλον ἐθαύμασαν, ἦν δ’ ἀπορία τοῦ ταῦτα διαγγελοῦντος εἰς τὸ Καπιτώλιον, μᾶλλον δ’ ὅλως ἀδύνατον ἐδόκει, τῶν πολεμίων ἐχόντων τὴν πόλιν, ἄγγελον εἰς τὴν ἀκρόπολιν παρεισελθεῖν.

[25] [1] Ἦν δέ τις ἐν τοῖς νέοις Πόντιος Κομίνιος, τῶν μέσων κατὰ γένος πολιτῶν, δόξης δὲ καὶ τιμῆς ἐραστής.

[2] οὗτος ὑπέστη τὸν ἆθλον ἑκούσιος, καὶ γράμματα μὲν οὐκ ἔλαβε πρὸς τοὺς ἐν τῷ Καπιτωλίῳ, μὴ ληφθέντος αὐτοῦ φωράσωσιν οἱ πολέμιοι δι’ αὐτῶν τοῦ Καμίλλου τὴν διάνοιαν, ἐσθῆτα δὲ φαύλην ἔχων καὶ φελλοὺς ὑπ’ αὐτῇ κομίζων, τὴν μὲν ἄλλην ὁδὸν ἡμέρας ἀδεῶς διῆλθεν, ἐγγὺς δὲ τῆς πόλεως γενόμενος ἤδη σκοταῖος, ἐπεὶ κατὰ γέφυραν οὐκ ἦν τὸν ποταμὸν περᾶσαι τῶν βαρβάρων παραφυλαττόντων, τὴν μὲν ἐσθῆτα τῇ κεφαλῇ περισπειράσας, οὐ πολλὴν οὖσαν οὐδὲ βαρεῖαν, τοῖς δὲ φελλοῖς ἐφεὶς τὸ σῶμα καὶ συνεπικουφίζων ‹ἐν› τῷ περαιοῦσθαι, [3] πρὸς τὴν πόλιν ἐξέβη, καὶ

παραλλάττων ἀεὶ τοὺς ἐγρηγορότας, τοῖς φέγγεσι καὶ τῷ θορύβῳ τεκμαιρόμενος, ἐβάδιζε πρὸς τὴν Καρμεντίδα πύλην· ᾗ πλείστην εἶχεν ἡσυχίαν, καὶ μάλιστα κατ' αὐτὴν ὄρθιος ὁ τοῦ Καπιτωλίου λόφος ἀνέστηκε καὶ πέτρα κύκλῳ πολλὴ καὶ τραχεῖα περιπέφυκε· δι' ἧς ἀνέβη λαθὼν καὶ προσέμειξε τοῖς φυλάττουσι τὸ διατείχισμα χαλεπῶς καὶ μόλις κατὰ [4] τὸ λαγαρώτατον. ἀσπασάμενος δὲ τοὺς ἄνδρας καὶ φράσας ἑαυτὸν ἐξ ὀνόματος, ἀναληφθεὶς ἐχώρει πρὸς τοὺς ἐν τέλει τῶν Ῥωμαίων. ταχὺ δὲ συγκλήτου γενομένης, παρελθὼν τήν τε νίκην ἀπήγγελλε τοῦ Καμίλλου πρότερον οὐ πυθομένοις, καὶ τὰ δοκοῦντα τοῖς στρατιώταις διηγεῖτο, καὶ παρεκάλει βεβαιῶσαι τῷ Καμίλλῳ τὴν ἀρχήν, ὡς μόνῳ πεισομένων ἐκείνῳ τῶν ἔξω πολιτῶν. [5] οἱ δ' ἀκούσαντες καὶ βουλευσάμενοι τόν τε Κάμιλλον ἀποδεικνύουσι δικτάτορα, καὶ τὸν Πόντιον αὖθις ἀποπέμπουσι, τὴν αὐτὴν ὁδὸν ὁμοίως ἀγαθῇ τύχῃ χρησάμενον· ἔλαθε γὰρ τοὺς πολεμίους καὶ τὰ παρὰ τῆς βουλῆς ἀπήγγελλε τοῖς ἔξω Ῥωμαίοις.

[26] [1] Ἐκείνων δὲ δεξαμένων προθύμως, ἀφικόμενος ὁ Κάμιλλος ἤδη μὲν ἐν ὅπλοις δισμυρίους κατέλαβε, πλείονας δὲ συνῆγεν ἀπὸ τῶν συμμάχων καὶ παρεσκευάζετο πρὸς τὴν ἐπίθεσιν. [οὕτω μὲν ᾑρέθη δικτάτωρ ὁ Κάμιλλος τὸ δεύτερον καὶ πορευθεὶς εἰς Βηίους ἐνέτυχε τοῖς στρατιώταις καὶ συνῆγε πλείους ἀπὸ τῶν συμμάχων [2] ὡς ἐπιθησόμενος τοῖς πολεμίοις.] ἐν δὲ τῇ Ῥώμῃ τῶν βαρβάρων τινὲς ἐκείνῃ κατὰ τύχην παρεξιόντες ᾗ διὰ νυκτὸς ὁ Πόντιος προσέβη τῷ Καπιτωλίῳ, καταμαθόντες πολλαχῇ μὲν ἴχνη τῶν ποδῶν καὶ τῶν χειρῶν, ὡς ἀντελαμβάνετο καὶ περιεδράττετο, πολλαχῇ δὲ τῶν ἐπιπεφυκότων τοῖς κρημνοῖς ἀποτριβὰς καὶ περιολισθήσεις [3] τῶν γεωδῶν, φράζουσι τῷ βασιλεῖ, κἀκεῖνος ἐπελθὼν καὶ θεασάμενος, τότε μὲν ἡσύχαζεν, ἑσπέρας δὲ τοὺς ἐλαφροτάτους τοῖς σώμασι καὶ πεφυκότας ὀρειβατεῖν μάλιστα [4] τῶν Κελτῶν συναγαγών, 'τὴν μὲν ὁδὸν' εἶπεν 'ἡμῖν ἐφ' ἑαυτοὺς ἀγνοουμένην οἱ πολέμιοι δεικνύουσιν ὡς οὔτ' ἀπόρευτος οὔτ' ἄβατος ἀνθρώποις ἐστίν, αἰσχύνη δὲ πολλὴ τὴν ἀρχὴν ἔχοντας ἐλλείπειν πρὸς τὸ τέλος καὶ προέσθαι τὸν τόπον ὡς ἀνάλωτον, αὐτῶν τῶν πολεμίων [5] ᾗ ληπτός ἐστι διδασκόντων. ᾗ γὰρ ἑνὶ προσβῆναι ῥᾴδιον, οὐδὲ πολλοῖς καθ' ἕνα δύσκολον, ἀλλὰ καὶ ῥώμη καὶ βοήθεια πολλὴ μετ' ἀλλήλων ἐπιχειροῦσι. δωρεαὶ δὲ καὶ τιμαὶ πρέπουσαι τῆς ἀνδραγαθίας ἑκάστῳ δοθήσονται.'

[27] [1] Τοιαῦτα τοῦ βασιλέως διαλεχθέντος, ὑπέστησαν οἱ Γαλάται προθύμως, καὶ περὶ μέσας νύκτας ἐπιβάντες ἅμα πολλοὶ τῆς πέτρας ἐχώρουν ἄνω μετὰ σιωπῆς, ἐμφυόμενοι τοῖς χωρίοις ἀποτόμοις οὖσι καὶ χαλεποῖς, οὐ μὴν ἀλλὰ καὶ μᾶλλον ἢ προσεδοκήθη πειρωμένων αὐτῶν προσιεμένοις καὶ παρείκουσιν, ὥστε τοὺς πρώτους ἁψαμένους τῶν ἄκρων καὶ

διασκευασαμένους ὅσον οὐκ ἤδη τοῦ προτειχίσματος ἅπτεσθαι καὶ τοῖς φύλαξιν ἐπιχειρεῖν κοιμωμένοις· ᾔσθετο γὰρ οὔτ’ ἄνθρωπος οὔτε κύων.

[2] ἀλλὰ χῆνες ἦσαν ἱεροὶ περὶ τὸν νεὼν τῆς Ἥρας, τρεφόμενοι τὸν ἄλλον χρόνον ἀφθόνως, τότε δὲ τῶν σιτίων ἤδη γλίσχρως καὶ μόλις αὐτοῖς διαρκούντων ἀμελούμενοι [3] κακῶς ἔπραττον. ἔστι μὲν οὖν δὴ καὶ φύσει πρὸς αἴσθησιν ὀξὺ καὶ ψοφοδεὲς τὸ ζῷον· ἐκεῖνοι δὲ καὶ διὰ λιμὸν ἀγρυπνητικοὶ καὶ θορυβώδεις γεγονότες, ταχὺ τὴν ἔφοδον ᾔσθοντο τῶν Γαλατῶν, καὶ μετὰ δρόμου καὶ κλαγγῆς φερόμενοι πρὸς αὐτούς, ἐπήγειραν ἅπαντας, ἤδη καὶ τῶν βαρβάρων διὰ τὸ μὴ λανθάνειν ἀφειδούντων [4] θορύβου καὶ βιαιότερον ἐπιτιθεμένων. ἁρπάσαντες οὖν ὑπὸ σπουδῆς ᾧ τις ἕκαστος ὅπλῳ προσετύγχανεν, ἐκ τοῦ παρόντος ἐβοήθουν. πάντων δὲ πρῶτος Μάλλιος, ἀνὴρ ὑπατικὸς, τό τε σῶμα ῥωμαλέος καὶ φρονήματι ψυχῆς ἐπιφανής, ἀπαντήσας δυσὶν ὁμοῦ τῶν πολεμίων, τοῦ μὲν ἔφθασε διηρμένου κοπίδα τῷ ξίφει τὴν δεξιὰν ἀποκόψας, τὸν δὲ τῷ θυρεῷ πατάξας εἰς τὸ πρόσωπον ἔωσεν ὀπίσω [5] κατὰ τῆς πέτρας. ἐπιστὰς δὲ τῷ τείχει μετὰ τῶν συνδραμόντων καὶ γενομένων περὶ αὐτὸν ἀπέστρεψε τοὺς ἄλλους, οὔτε πολλοὺς ἄνω γενομένους οὔτε πράξαντάς [6] τι τῆς τόλμης ἄξιον. οὕτω δὲ τὸν κίνδυνον ἐκφυγόντες, ἅμ’ ἡμέρᾳ τὸν μὲν ἄρχοντα τῶν φυλάκων ἔρριψαν εἰς τοὺς πολεμίους κατὰ τῆς πέτρας, τῷ δὲ Μαλλίῳ τῆς νίκης ἀριστεῖα πρὸς τιμὴν [μεγάλην] μᾶλλον ἢ χρείαν ψηφισάμενοι συνεισήνεγκαν ὅσον ἡμέρας ἕκαστος ἐλάμβανεν εἰς τροφήν, σίτου μὲν ἡμίλιτρον ἐπιχώριον - οὕτω γὰρ καλοῦσιν αὐτό - , οἴνου δὲ κοτύλης Ἑλληνικῆς τέταρτον.

[28] [1] Ἐκ τούτου τὰ τῶν Κελτῶν ἦν ἀθυμότερα. καὶ γὰρ ἐπιτηδείων ἐσπάνιζον, εἰργόμενοι προνομῆς φόβῳ τοῦ Καμίλλου, καὶ νόσος ὑπῳκούρησεν αὐτοὺς ἐν νεκρῶν πλήθει [καὶ] χύδην καταβεβλημένων σκηνοῦντας ἐν ἐρειπίοις, τό τε βάθος τῆς τέφρας, ἀέρα ξηρότητι καὶ δριμύτητι φαῦλον ὑπὸ πνευμάτων καὶ καυμάτων ἀναθυμιώσης, [2] ἐλυμαίνετο τὰ σώματα διὰ τῆς ἀναπνοῆς. μάλιστα δ’ ἡ μεταβολὴ τῆς συντρόφου διαίτης, ἐκ τόπων σκιερῶν καὶ θέρους καταφυγὰς ἀλύπους ἐχόντων ἐμβαλόντας εἰς χώραν ταπεινὴν καὶ κεκραμένην ἀφυῶς πρὸς μετόπωρον, ἐκίνησεν αὐτούς, ἥ τε πρὸς τῷ Καπιτωλίῳ καθέδρα καὶ σχολὴ γενομένη χρόνιος. ἕβδομον γὰρ ἐκεῖνον ᾠκούρουν [3] μῆνα πολιορκοῦντες. ὥστε φθορὰν εἶναι πολλὴν ἐν τῷ στρατοπέδῳ, καὶ μηδὲ θάπτεσθαι διὰ πλῆθος ἔτι τοὺς ἀποθνῄσκοντας.

Οὐ μὴν παρὰ τοῦτο βελτίω τὰ πράγματα τοῖς πολιορκουμένοις ἦν. ἐπέτεινε γὰρ ὁ λιμός, ἥ τε τῶν περὶ Κάμιλλον ἄγνοια παρεῖχε δυσθυμίαν· οὐδεὶς γὰρ ἐφοίτα παρ’ αὐτῶν διὰ τὸ φρουρεῖσθαι τὴν πόλιν ἀκριβῶς ὑπὸ [4] τῶν βαρβάρων. ὅθεν οὕτω πράττουσιν ἀμφοτέροις ἐγίνοντο συμβατικοὶ

λόγοι διὰ τῶν προφυλάκων τὸ πρῶτον ἀλλήλοις ἐντυγχανόντων· εἶθ᾽ ὡς ἔδοξε τοῖς κρατίστοις, συνελθόντος εἰς λόγους Βρέννῳ Σουλπικίου τοῦ χιλιάρχου τῶν Ῥωμαίων, ὡμολογήθη τοὺς μὲν χιλίας λίτρας χρυσίου καταβαλεῖν, τοὺς δὲ λαβόντας ἐκ τῆς πόλεως αὐτίκα [5] καὶ τῆς χώρας ἀπελθεῖν. ἐπὶ τούτοις γενομένων ὅρκων καὶ τοῦ χρυσίου κομισθέντος, τῶν δὲ Κελτῶν περὶ τὸν σταθμὸν ἀγνωμονούντων κρύφα τὸ πρῶτον, εἶτα καὶ φανερῶς ἀφελκόντων καὶ διαστρεφόντων τὴν [6] ῥοπήν, ἠγανάκτουν οἱ Ῥωμαῖοι πρὸς αὐτούς. ὁ δὲ Βρέννος οἷον ἐφυβρίζων καὶ καταγελῶν ἀπολυσάμενος τὴν μάχαιραν ἅμα καὶ τὸν ζωστῆρα προσέθηκε τοῖς σταθμοῖς· πυνθανομένου δὲ τοῦ Σουλπικίου ‘τί τοῦτο;’ ‘τί γὰρ ἄλλο’ εἶπεν ‘ἢ τοῖς νενικημένοις ὀδύνη;’ τοῦτο μὲν [7] οὖν ἤδη παροιμιώδης λόγος γέγονε. τῶν δὲ Ῥωμαίων οἱ μὲν ἠγανάκτουν καὶ τὸ χρυσίον ᾤοντο δεῖν λαβόντας αὖθις ἀπιέναι καὶ τὴν πολιορκίαν ὑπομένειν, οἱ δὲ συγχωρεῖν ἐκέλευον ἀδικουμένους μέτρια, καὶ μὴ τῷ πλέον διδόναι προσλογίζεσθαι τὸ αἰσχρόν, αὐτό γε τὸ δοῦναι διὰ τὸν καιρὸν οὐ καλῶς ἀλλ᾽ ἀναγκαίως ὑπομένοντας.

[29] [1] Οὔσης δὲ περὶ τούτων πρός τε τοὺς Κελτοὺς καὶ πρὸς αὑτοὺς διαφορᾶς, ἄγων τὸν στρατὸν ὁ Κάμιλλος ἐν ταῖς πύλαις ἦν, καὶ πυθόμενος τὰ γινόμενα, τοὺς ἄλλους ἐκέλευσεν ἐν τάξει καὶ σχέδην ἐπακολουθεῖν, αὐτὸς δὲ μετὰ τῶν ἀρίστων ἐπειγόμενος εὐθὺς ἐπορεύετο πρὸς [2] τοὺς Ῥωμαίους. διαστάντων δὲ πάντων καὶ δεξαμένων αὐτὸν ὡς αὐτοκράτορα κόσμῳ καὶ σιωπῇ, τὸν μὲν χρυσὸν ἄρας ἀπὸ τοῦ ζυγοῦ τοῖς ὑπηρέταις ἔδωκε, τὸν δὲ ζυγὸν καὶ τὰ σταθμὰ τοὺς Κελτοὺς λαβόντας ἀποχωρεῖν ἐκέλευσεν, εἰπὼν ὡς σιδήρῳ πάτριόν ἐστι Ῥωμαίοις, οὐ [3] χρυσῷ, τὴν πατρίδα σῴζειν. ἀγανακτοῦντος δὲ τοῦ Βρέννου καὶ φάσκοντος ἀδικεῖσθαι λυομένης τῆς ὁμολογίας, ἀντεῖπε μὴ νομίμως γεγονέναι μηδὲ κυρίας εἶναι τὰς συνθήκας· ἤδη γὰρ αὐτοῦ δικτάτορος ᾑρημένου καὶ μηδενὸς ἄρχοντος ἑτέρου νόμῳ, πρὸς οὐκ ἔχοντας ἐξουσίαν [4] ὁμολογηθῆναι. νυνὶ δὲ χρῆναι λέγειν εἴ τι βούλονται· νόμῳ γὰρ ἥκειν κύριος γεγονὼς συγγνώμην τε δοῦναι δεομένοις καὶ δίκην εἰ μὴ μετανοοῦσιν ἐπιθεῖναι τοῖς αἰτίοις. πρὸς ταῦτα θορυβηθεὶς ὁ Βρέννος ἥψατο μὲν ἁψιμαχίας, καὶ προῆλθον ἄχρι ξιφουλκίας ἑκάτεροι καὶ διωθισμῶν, ἀναμεμειγμένοι πρὸς ἀλλήλους ὥσπερ εἰκός, ἐν οἰκίαις καὶ στενωποῖς ἀναστρεφόμενοι καὶ χωρίοις [5] δέξασθαι παράταξιν οὐ δυναμένοις. ταχὺ δὲ συμφρονήσας ὁ Βρέννος ἀπήγαγε τοὺς Κελτοὺς εἰς τὸ στρατόπεδον οὐ πολλῶν πεσόντων, καὶ νυκτὸς ἀναστήσας ἅπαντας ἐξέλιπε τὴν πόλιν, καὶ προελθὼν ἑξήκοντα σταδίους κατεστρατοπέδευσε [6] παρὰ τὴν Γαβινίαν ὁδόν. ἅμα δ᾽ ἡμέρᾳ παρῆν ὁ Κάμιλλος ἐπ᾽ αὐτόν, ὡπλισμένους λαμπρῶς καὶ τεθαρρηκότας ἔχων τότε τοὺς Ῥωμαίους, καὶ γενομένης

ἰσχυρᾶς μάχης ἐπὶ πολὺν χρόνον, αὐτούς τε τρέπεται πολλῷ φόνῳ καὶ λαμβάνει τὸ στρατόπεδον. τῶν δὲ φευγόντων οἱ μὲν εὐθὺς ἀνῃρέθησαν καταδιωχθέντες, τοὺς δὲ πλείστους διασπαρέντας ἐπεκθέοντες ἐκ τῶν πέριξ κωμῶν καὶ πόλεων ἔκτεινον.

[30] [1] Οὕτω μὲν ἡ Ῥώμη παραλόγως ἥλω καὶ παραλογώτερον ἐσώθη, μῆνας ἑπτὰ τοὺς πάντας ὑπὸ τοῖς βαρβάροις γενομένη. παρελθόντες γὰρ εἰς αὐτὴν ὀλίγαις ἡμέραις ὕστερον τῶν Κυϊντιλίων εἰδῶν, περὶ τὰς Φεβρουαρίας [2] εἰδοὺς ἐξέπεσον. ὁ δὲ Κάμιλλος ἐθριάμβευσε μέν, ὡς εἰκὸς ἦν τὸν ἀπολωλυίας πατρίδος σωτῆρα γενόμενον καὶ καταγαγόντα τὴν πόλιν αὐτὴν εἰς ἑαυτήν· [3] οἵ τε γὰρ ἔξωθεν ἅμα παισὶ καὶ γυναιξὶν εἰσελαύνοντος αὐτοῦ συγκατῄεσαν, οἵ τε πολιορκηθέντες ἐν τῷ Καπιτωλίῳ, μικροῦ δεήσαντες ἀπολέσθαι διὰ λιμόν, ἀπήντων περιβάλλοντες ἀλλήλους καὶ δακρύοντες ἀπιστίᾳ τῆς παρούσης ἡδονῆς, ἱερεῖς τε καὶ ζάκοροι θεῶν, ὅσα φεύγοντες αὐτόθι τῶν ἀβεβήλων ἔκρυψαν ἢ σὺν αὑτοῖς ἐξέκλεψαν, ἀνασῳζόμενα καὶ κεκοσμημένα κομίζοντες ἐπεδείκνυντο, ποθουμένας ὄψεις τοῖς πολίταις, δεχομένοις μετὰ χαρᾶς, ὥσπερ αὐτῶν τῶν θεῶν αὖθις εἰς τὴν [4] Ῥώμην συγκατερχομένων. θύσας δὲ τοῖς θεοῖς καὶ καθάρας τὴν πόλιν ἐξηγουμένων τῶν περὶ ταῦτα δεινῶν, τὰ μὲν ὄντα τῶν ἱερῶν κατέστησεν, αὐτὸς δ' ἱδρύσατο νεὼν Φήμης καὶ Κληδόνος, ἀνευρὼν ἐκεῖνον τὸν τόπον ἐν ᾧ νύκτωρ ἡ καταγγέλλουσα τὴν τῶν βαρβάρων στρατείαν ἐκ θεοῦ τῷ Καιδικίῳ φωνὴ προσέπεσε.

[31] [1] Χαλεπῶς μὲν οὖν καὶ μόλις αἱ τῶν ἱερῶν ἀνεκαλύπτοντο χῶραι φιλοτιμίᾳ τοῦ Καμίλλου καὶ πόνῳ πολλῷ τῶν ἱεροφαντῶν. ὡς δὲ καὶ τὴν πόλιν ἀνοικοδομεῖν ἔδει παντάπασι διεφθαρμένην, ἀθυμία πρὸς τὸ ἔργον ἐνέπιπτε τοῖς πολλοῖς, καὶ μέλλησις ἦν ἐστερημένοις ἁπάντων καί τινος ἐν τῷ παρόντι ῥᾳστώνης καὶ ἀναπαύσεως ἐκ κακῶν δεομένοις μᾶλλον ἢ κάμνειν καὶ ἀποτρύχειν ἑαυτούς, [2] οὔτε χρήμασιν οὔτε σώμασιν ἐρρωμένους. οὕτω δ' ἡσυχῇ πρὸς τοὺς Βηίους αὖθις ἀποστρεφόμενοι, πόλιν ἅπασι κατεσκευασμένην καὶ διαμένουσαν, ἀρχὰς δημαγωγιῶν ἐνέδοσαν τοῖς πρὸς χάριν εἰθισμένοις ὁμιλεῖν, καὶ λόγων ἠκροῶντο στασιαστικῶν πρὸς τὸν Κάμιλλον, ὡς ἐκείνου φιλοτιμίας ἕνεκα καὶ δόξης ἰδίας ἀποστεροῦντος αὐτοὺς πόλεως ἑτοίμης καὶ βιαζομένου κινεῖν ἐρείπια καὶ πυρκαϊὰν τοσαύτην ἐγείρειν, ὅπως μὴ μόνον ἡγεμὼν Ῥώμης καὶ στρατηγός, ἀλλὰ καὶ κτίστης λέγηται, παρώσας Ῥωμύλον.

[3] ἐκ τούτου φοβηθεῖσα τὸν θόρυβον ἡ βουλὴ τὸν μὲν Κάμιλλον οὐκ εἴασε βουλόμενον ἀποθέσθαι τὴν ἀρχὴν ἐντὸς ἐνιαυτοῦ, καίπερ ἓξ μῆνας οὐδενὸς ὑπερβαλόντος ἑτέρου δικτάτορος, αὐτὴ δὲ παρεμυθεῖτο καὶ κατεπράυνε

πείθουσα καὶ δεξιουμένη τὸν δῆμον, ἐπιδεικνυμένη μὲν ἡρῷα καὶ τάφους πατέρων, ὑπομιμνῄσκουσα δὲ χωρίων ἱερῶν καὶ τόπων ἁγίων, οὓς Ῥωμύλος ἢ Νομᾶς ἤ τις ἄλλος αὐτοῖς τῶν βασιλέων ἐπιθειάσας [4] παρέδωκεν. ἐν πρώτοις δὲ τῶν θείων τήν τε νεοσφαγῆ κεφαλὴν προὔφερον, ἐν τῇ θεμελιώσει τοῦ Καπιτωλίου φανεῖσαν, ὡς τῷ τόπῳ πεπρωμένον ἐκείνῳ τῆς Ἰταλίας κεφαλῇ γενέσθαι, καὶ τὸ τῆς Ἑστίας πῦρ, ὃ μετὰ τὸν πόλεμον ὑπὸ τῶν παρθένων ἀναπτόμενον αὖθις ἀφανίζειν καὶ σβεννύναι τοὺς προλιπόντας τὴν πόλιν, ὄνειδος αὐτοῖς ἐσόμενον, ἄν θ' ὑπ' ἄλλων οἰκουμένην ὁρῶσιν ἐπηλύδων καὶ ξένων ἄν τ' ἔρημον οὖσαν καὶ μηλόβοτον.

[5] τοιαῦτα καὶ πρὸς ἕκαστον ἰδίᾳ καὶ κοινῇ πολλάκις ἐν τῷ δήμῳ σχετλιάζοντες, ἐπεκλῶντο πάλιν ὑπὸ τῶν πολλῶν, τὴν παροῦσαν ὀλοφυρομένων ἀμηχανίαν καὶ δεομένων μὴ σφᾶς ὥσπερ ἐκ ναυαγίου γυμνοὺς καὶ ἀπόρους σωθέντας προσβιάζεσθαι τὰ λείψανα τῆς διεφθαρμένης συμπηγνύναι πόλεως, ἑτέρας ἑτοίμης παρούσης.

[32] [1] Ἔδοξεν οὖν βουλὴν προθεῖναι τῷ Καμίλλῳ, καὶ πολλὰ μὲν αὐτὸς διεξῆλθε παρακαλῶν ὑπὲρ τῆς Ῥώμης, πολλὰ δὲ καὶ τῶν ἄλλων ὁ βουλόμενος. τέλος δὲ τὸν πρῶτον εἰωθότα λέγειν γνώμην Λεύκιον Λουκρήτιον ἀναστήσας ἐκέλευσεν ἀποφαίνεσθαι πρῶτον, εἶτα τοὺς ἄλλους [2] ἐφεξῆς. γενομένης δὲ σιωπῆς καὶ τοῦ Λουκρητίου μέλλοντος ἐνάρχεσθαι, κατὰ τύχην ἔξωθεν ἑκατοντάρχης ἄγων τάγμα φυλακῆς ἡμερινῆς παρεπορεύετο, καὶ τὸν φέροντα [πρῶτον] τὸ σημεῖον μεγάλῃ φωνῇ προσαγορεύσας ἐκέλευσεν αὐτοῦ μένειν καὶ τὸ σημεῖον τίθεσθαι· [3] κάλλιστα γὰρ ἐνταῦθα καθεδεῖσθαι καὶ μενεῖν. ἅμα δὲ τῷ καιρῷ καὶ τῇ περὶ τοῦ μέλλοντος ἐννοίᾳ καὶ ἀδηλότητι τῆς φωνῆς γενομένης, ὅ τε Λουκρήτιος ἔφη προσκυνήσας τῷ θεῷ προστίθεσθαι τὴν ἑαυτοῦ γνώμην, καὶ τῶν [4] ἄλλων ἕκαστος ἐπηκολούθησε. θαυμαστὴ δὲ καὶ τὸ πλῆθος ἔσχε μεταβολὴ τῆς ὁρμῆς, ἀλλήλους παρακαλούντων καὶ προτρεπομένων πρὸς τὸ ἔργον, οὐκ ἐκ διανομῆς τινος ἢ τάξεως, ἀλλ' ὡς ἕκαστος ἑτοιμότητος ἢ βουλήσεως [5] εἶχε τῶν χωρίων καταλαμβανομένων. διὸ καὶ τεταραγμένην τοῖς στενωποῖς καὶ συμπεφυρμένην ταῖς οἰκήσεσιν ἀνήγαγον τὴν πόλιν ὑπὸ σπουδῆς καὶ τάχους. ἐντὸς γὰρ ἐνιαυτοῦ λέγεται καὶ τοῖς τείχεσι καινὴ καὶ ταῖς ἰδιωτικαῖς οἰκοδομαῖς ἀναστῆναι πάλιν.

[6] Οἱ δὲ τοὺς ἱεροὺς τόπους ἀναλαβεῖν καὶ ὁρίσαι ταχθέντες ὑπὸ τοῦ Καμίλλου, συγκεχυμένων ἁπάντων, ὡς ἧκον ἐπὶ τὴν καλιάδα τοῦ Ἄρεως περιοδεύοντες τὸ Παλάτιον, αὐτὴν μὲν ὡς τἆλλα διεφθαρμένην καὶ κατακεκαυμένην εὗρον ὑπὸ τῶν πολεμίων, σκευωρούμενοι δὲ καὶ καθαίροντες τὸ χωρίον, ἐντυγχάνουσι τῷ μαντικῷ ξύλῳ τοῦ Ῥωμύλου, κατὰ

τέφρας πολλῆς καὶ βαθείας [7] καταδεδυκότι. τοῦτο δ’ ἔστι μὲν ἐπικαμπὲς ἐκ θατέρου πέρατος, καλεῖται δὲ λίτυον· χρῶνται δ’ αὐτῷ πρὸς τὰς τῶν πλινθίων ὑπογραφάς, ὅταν ἐπ’ ὄρνισι διαμαντευόμενοι καθέζωνται, ὡς κἀκεῖνος ἐχρῆτο μαντικώτατος ὤν. ἐπειδὴ δ’ ἐξ ἀνθρώπων ἠφανίσθη, παραλαβόντες οἱ ἱερεῖς τὸ ξύλον ὥσπερ ἄλλο τι τῶν ἱερῶν ἄψαυστον ἐφύλαττον.

[8] τοῦτο δὴ τότε τῶν ἄλλων ἀπολωλότων ἀνευρόντες διαπεφευγὸς τὴν φθοράν, ἡδίους ἐγένοντο ταῖς ἐλπίσιν ὑπὲρ τῆς Ῥώμης, ὡς ἀίδιον αὐτῇ τὴν σωτηρίαν τοῦ σημείου βεβαιοῦντος.

[33] [1] Οὔπω δὲ τῆς περὶ ταῦτα πεπαυμένοις ἀσχολίας αὐτοῖς ἐπιπίπτει πόλεμος, Αἰκανῶν μὲν ἅμα καὶ Οὐολούσκων καὶ Λατίνων εἰς τὴν χώραν ἐμβαλόντων, Τυρρηνῶν δὲ πολιορκούντων Σούτριον, συμμαχίδα Ῥωμαίων [2] πόλιν. ἐπειδὴ δ’ οἱ τὴν ἡγεμονίαν ἔχοντες χιλίαρχοι στρατοπεδευσάμενοι περὶ τὸ Μαίκιον ὄρος ὑπὸ τῶν Λατίνων ἐπολιορκοῦντο καὶ κινδυνεύοντες ἀποβαλεῖν τὸ στρατόπεδον εἰς Ῥώμην ἔπεμψαν, ἀποδείκνυται τὸ τρίτον Κάμιλλος δικτάτωρ.

Περὶ τούτου τοῦ πολέμου διττοὶ λόγοι λέγονται· δίειμι [3] δὲ τὸν μυθώδη πρότερον. φασὶ τοὺς Λατίνους, εἴτε προφάσει χρωμένους, εἴτε βουλομένους ὡς ἀληθῶς ἀναμείξασθαι τὰ γένη πάλιν ἐξ ὑπαρχῆς, πέμψαντας αἰτεῖν παρὰ τῶν Ῥωμαίων παρθένους ἐλευθέρας καὶ γυναῖκας.

[4] ἀπορούντων δὲ τῶν Ῥωμαίων τί χρὴ ποιεῖν - καὶ γὰρ τὸν πόλεμον ὠρρώδουν οὔπω καθεστῶτες οὐδ’ ἀνειληφότες αὑτούς, καὶ τὴν αἴτησιν τῶν γυναικῶν ὑπώπτευον ἐξομήρευσιν εἶναι, τοῦ δ’ εὐπρεποῦς χάριν ἐπιγαμίαν καλεῖσθαι - , θεραπαινίδα τοὔνομα Τουτούλαν, ὡς δ’ ἔνιοι λέγουσι Φιλωτίδα, τοῖς ἄρχουσι παραινέσαι πέμπειν σὺν αὐτῇ τῶν δμωίδων τὰς ἐν ὥρᾳ μάλιστα καὶ ταῖς ὄψεσιν ἐλευθερίους, κοσμήσαντας ὡς νύμφας εὐγενεῖς, τὰ λοιπὰ [5] δ’ αὐτῇ μελήσειν. πεισθέντας δὲ τοὺς ἄρχοντας ἐπιλέξασθαι τῶν θεραπαινίδων ὅσας ἐκείνη πρὸς τὴν χρείαν ἐδοκίμασε, καὶ κοσμήσαντας ἐσθῆτι καὶ χρυσῷ παραδοῦναι τοῖς Λατίνοις, οὐ πάνυ πρόσω τῆς πόλεως στρατοπεδεύουσι. νύκτωρ δὲ τὰς μὲν ἄλλας ὑφελέσθαι τὰ ἐγχειρίδια τῶν πολεμίων, τὴν δ’ εἴτε Τουτούλαν εἴτε Φιλωτίδα προσβᾶσαν ἐρινεῷ μεγάλῳ καὶ παρατείνασαν ὀπίσω τὸ ἱμάτιον ἆραι πυρσὸν εἰς τὴν Ῥώμην, ὥσπερ ἦν αὐτῇ συγκείμενον πρὸς τοὺς ἄρχοντας, οὐδενὸς ἄλλου [6] τῶν πολιτῶν εἰδότος. δι’ ὃ καὶ θορυβώδη γενέσθαι τὴν τῶν στρατιωτῶν ἔξοδον, ὡς κατήπειγον οἱ ἄρχοντες, ἀλλήλους ἀνακαλούντων καὶ μόλις εἰς τὴν τάξιν καθισταμένων. ἐπελθόντας δὲ τῷ χάρακι τῶν πολεμίων οὐ προσδεχομένων καὶ καθευδόντων, ἑλεῖν τὸ στρατόπεδον [7] καὶ διαφθεῖραι τοὺς πλείστους. τοῦτο δὲ γενέσθαι ταῖς νῦν Ἰουλίαις, τότε δὲ Κυϊντιλίαις νώναις, καὶ τὴν

ἀγομένην ἑορτὴν ὑπόμνημα τῆς πράξεως ἐκείνης εἶναι. πρῶτον μὲν γὰρ ἐξιόντες ἀθρόοι διὰ τῆς πύλης πολλὰ τῶν ἐπιχωρίων καὶ κοινῶν ὀνομάτων βοῇ φθέγγονται, Γάιον, Μᾶρκον, Λούκιον καὶ τὰ τούτοις ὅμοια, μιμούμενοι τὴν τότε γενομένην μετὰ σπουδῆς ἀλλήλων ἀνάκλησιν. ἔπειτα κεκοσμημέναι λαμπρῶς αἱ θεραπαινίδες περιίασι παίζουσαι [8] διὰ σκωμμάτων εἰς τοὺς ἀπαντῶντας. γίνεται δὲ καὶ μάχη τις αὐταῖς πρὸς ἀλλήλας, ὡς καὶ τότε τοῦ πρὸς τοὺς Λατίνους ἀγῶνος συνεπιλαμβανομέναις. ἑστιώμεναι δὲ καθέζονται κλάδοις συκῆς σκιαζόμεναι, καὶ τὴν ἡμέραν νώνας Καπρατίνας καλοῦσιν, ὡς οἴονται διὰ τὸν ἐρινεὸν ἀφ’ οὗ τὴν παιδίσκην τὸν πυρσὸν ἆραι· τὸν γὰρ [9] ἐρινεὸν καπρίφικον ὀνομάζουσιν. ἕτεροι δὲ τούτων τὰ πλεῖστα δρᾶσθαι καὶ λέγεσθαί φασιν ἐπὶ τῷ τοῦ Ῥωμύλου πάθει· κατὰ ταύτην γὰρ ἀφανισθῆναι τὴν ἡμέραν αὐτὸν ἔξω πύλης, ζόφου καὶ θυέλλης ἄφνω περισχούσης, [10] ὡς δ’ ἔνιοι νομίζουσιν ἐκλείψεως ἡλίου γενομένης, καὶ τὴν ἡμέραν ἀπὸ τοῦ τόπου νώνας Καπρατίνας κληθῆναι· τὴν γὰρ αἶγα κάπραν καλοῦσιν, ὁ δὲ Ῥωμύλος ἠφανίσθη δημηγορῶν περὶ τὸ τῆς αἰγὸς ἕλος προσαγορευόμενον, ὡς ἐν τοῖς περὶ ἐκείνου γέγραπται (Rom. 27).

[34] [1] Τὸν δ’ ἕτερον λόγον οἱ πλεῖστοι τῶν συγγραφέων δοκιμάζοντες οὕτω λέγουσιν. ἀποδειχθεὶς δικτάτωρ τὸ τρίτον ὁ Κάμιλλος καὶ πυθόμενος τὸ μετὰ τῶν χιλιάρχων στράτευμα πολιορκούμενον ὑπὸ τῶν Λατίνων καὶ τῶν Οὐολούσκων, ἠναγκάσθη καὶ τοὺς οὐκ ἐν ὥρᾳ τῶν πολιτῶν, [2] ἀλλ’ ἤδη παρηβηκότας καθοπλίσαι. περιελθὼν δὲ μακρὰν περίοδον περὶ τὸ Μαίκιον ὄρος καὶ λαθὼν τοὺς πολεμίους, ἵδρυσε τὴν στρατιὰν κατόπιν αὐτῶν, καὶ πυρὰ πολλὰ καύσας διεσήμηνε τὴν αὑτοῦ παρουσίαν. οἱ μὲν οὖν πολιορκούμενοι θαρρήσαντες ἐπεξιέναι διενοοῦντο καὶ μάχην συνάπτειν· οἱ δὲ Λατῖνοι καὶ Οὐολοῦσκοι συστείλαντες εἴσω τοῦ χάρακος ἑαυτούς, ἀπεσταύρουν ξύλοις πολλοῖς καὶ διεφράγνυντο πανταχόθεν τὸ στρατόπεδον, ἀμφίβολοι γεγονότες ὑπὸ τῶν πολεμίων καὶ περιμένειν ἐγνωκότες ἑτέραν οἴκοθεν δύναμιν, ἅμα δὲ [3] καὶ Τυρρηνῶν προσδεχόμενοι βοήθειαν. τοῦτο δ’ αἰσθόμενος ὁ Κάμιλλος καὶ δεδοικὼς ταὐτὰ παθεῖν ἅπερ ἐποίησεν αὐτὸς τοὺς πολεμίους κυκλωσάμενος, ἔσπευδε προλαβεῖν τὸν καιρόν. ὄντος δὲ τοῦ περιφράγματος ξυλίνου καὶ πνεύματος μεγάλου κατιόντος ἀπὸ τῶν ὀρῶν ἅμα φάει, πυροβόλα παρασκευασάμενος καὶ περὶ τὸν ὄρθρον ἐξαγαγὼν τὴν δύναμιν, τοὺς μὲν ἄλλους ἐκέλευσε χρῆσθαι βέλεσι καὶ κραυγῇ καθ’ ἕτερον μέρος, αὐτὸς δὲ τοὺς τὸ πῦρ ἀφήσειν μέλλοντας ἔχων, ὅθεν εἰώθει μάλιστα προσπίπτειν ὁ ἄνεμος τῷ χάρακι τῶν πολεμίων, [4] ἀνέμενε τὴν ὥραν. ἐπεὶ δὲ συνεστώσης τῆς μάχης ὅ θ’ ἥλιος ἀνῄει καὶ τὸ πνεῦμα λαμπρὸν ἐξέπιπτε, σημήνας ἐπιδρομὴν κατέσπειρε τοῦ χάρακος ἄφθονα τῶν πυροβόλων. ταχὺ

δὲ πολλῆς φλογὸς ἐν ὕλῃ πυκνῇ καὶ σταυρώμασι ξυλίνοις ἀνατραφείσης καὶ κύκλῳ περινεμομένης, οὐδὲν ἄκος οὐδὲ σβεστήριον ἔχοντες οἱ Λατῖνοι παρεσκευασμένον, ὡς πλῆρες ἦν ἤδη τὸ στρατόπεδον πυρός, ἐπ' ὀλίγον συστελλόμενοι τόπον ἐξέπιπτον ὑπ' ἀνάγκης πρὸς ὡπλισμένους καὶ παρατεταγμένους πρὸ [5] τοῦ χάρακος τοὺς πολεμίους· καὶ τούτων μὲν ὀλίγοι διέφυγον, τοὺς δὲ καταλειφθέντας ἐν τῷ στρατοπέδῳ πάντας διέφθειρε τὸ πῦρ, μέχρι οὗ κατασβέσαντες οἱ Ῥωμαῖοι τὰ χρήματα διήρπασαν.

[35] [1] Γενομένων δὲ τούτων, ἀπολιπὼν ἐπὶ στρατοπέδου τὸν υἱὸν Λεύκιον φύλακα τῶν ἡλωκότων ἀνθρώπων καὶ χρημάτων, αὐτὸς εἰς τὴν τῶν πολεμίων ἐνέβαλε, καὶ τὴν Αἰκανῶν πόλιν ἐξελὼν καὶ προσαγαγόμενος τοὺς Οὐολούσκους, εὐθὺς ἦγε τὴν στρατιὰν πρὸς τὸ Σούτριον, οὔπω τὰ συμβεβηκότα τοῖς Σουτρίνοις πεπυσμένος, ἀλλ' ὡς ἔτι κινδυνεύουσι καὶ πολιορκουμένοις ὑπὸ [2] τῶν Τυρρηνῶν βοηθῆσαι σπεύδων. οἱ δ' ἔτυχον ἤδη τὴν μὲν πόλιν τοῖς πολεμίοις παραδεδωκότες, αὐτοὶ δὲ πάντων ἐνδεεῖς ἐν ἱματίοις μόνον ἀφειμένοι, καὶ καθ' ὁδὸν ὄντι τῷ Καμίλλῳ μετὰ τέκνων καὶ γυναικῶν ἀπήντων, [3] ὀδυρόμενοι τὰς αὑτῶν τύχας. ὁ δὲ Κάμιλλος αὐτός τε πρὸς τὴν ὄψιν ἐπικλασθείς, καὶ τοὺς Ῥωμαίους ὁρῶν ἐμφυομένων αὐτοῖς τῶν Σουτρίνων δακρύοντας καὶ δυσανασχετοῦντας ἐπὶ τοῖς γεγενημένοις, οὐκ ἔγνω ποιεῖσθαι τῆς τιμωρίας ἀναβολήν, ἀλλ' εὐθὺς ἦγεν ἐπὶ τὸ Σούτριον ἐκείνης τῆς ἡμέρας, λογιζόμενος ἀνθρώπους εὐδαίμονα καὶ πλουσίαν πόλιν ἄρτι κατειληφότας καὶ μηδένα τῶν πολεμίων ὑπολελοιπότας ἐν αὐτῇ μηδὲ προσδεχομένους ἔξωθεν, ἐκλελυμένους παντάπασι καὶ ἀφυλάκτους [4] εὑρήσειν· ὀρθῶς λογισάμενος. οὐ γὰρ μόνον τὴν χώραν ἔλαθε διελθών, ἀλλὰ καὶ πρὸς ταῖς πύλαις γενόμενος καὶ τὰ τείχη καταλαβών· ἐφύλαττε γὰρ οὐδείς, ἀλλ' ἐν οἴνῳ καὶ συνουσίαις ἦσαν, ἐσκεδασμένοι κατὰ τὰς [5] οἰκίας. ἐπεὶ δ' ᾔσθοντο τοὺς πολεμίους ἤδη κρατοῦντας, οὕτω διέκειντο μοχθηρῶς ὑπὸ πλησμονῆς καὶ μέθης, ὥστε μηδὲ πρὸς φυγὴν ὁρμῆσαι πολλούς, ἀλλ' ἐν ταῖς οἰκίαις αἴσχιστα πάντων ὑπομένοντας ἀποθνήσκειν, ἢ παραδιδόναι σφᾶς αὐτοὺς τοῖς πολεμίοις. τὴν μὲν οὖν Σουτρίνων πόλιν ἐν ἡμέρᾳ μιᾷ δὶς ἁλοῦσαν οὕτω συνέβη καὶ τοὺς ἔχοντας ἀποβαλεῖν, καὶ τοὺς ἀφῃρημένους ἀπολαβεῖν διὰ Κάμιλλον.

[36] [1] Ὁ δ' ἀπὸ τούτων θρίαμβος αὐτῷ χάριν οὐκ ἐλάττονα καὶ κόσμον ἤνεγκε τῶν πρώτων δυεῖν. καὶ γὰρ τοὺς πάνυ βασκαίνοντας τῶν πολιτῶν καὶ πάντα βουλομένους εὐτυχίᾳ τινὶ μᾶλλον ἢ δι' ἀρετὴν κατωρθῶσθαι τότ' ἠνάγκαζον αἱ πράξεις τῇ δεινότητι καὶ τῷ δραστηρίῳ [2] τοῦ ἀνδρὸς ἀποδιδόναι τὴν δόξαν. ἦν δὲ τῶν διαμαχομένων αὐτῷ καὶ προσφθονούντων ἐπιφανέστατος Μᾶρκος Μάλλιος, ὁ πρῶτος ὠσάμενος ἀπὸ τῆς ἄκρας τοὺς

Κελτούς, ὅτε τῷ Καπιτωλίῳ νυκτὸς ἐπέθεντο, καὶ [3] διὰ τοῦτο Καπιτωλῖνος ἐπικληθείς. οὗτος γὰρ ἀξιῶν πρῶτος εἶναι τῶν πολιτῶν καὶ μὴ δυνάμενος τὸν Κάμιλλον ἀπὸ τοῦ βελτίστου τρόπου τῇ δόξῃ παρελθεῖν, ἐπίθεσιν τυραννίδος ἐποιήσατο κοινὴν καὶ συνήθη, δημαγωγῶν τοὺς πολλούς, μάλιστα δὲ τῶν ὀφειλόντων χρέα τοῖς μὲν παριστάμενος καὶ συνδικῶν ἐπὶ τοὺς δανειστάς, τοὺς δ' ἀφαιρούμενος βίᾳ καὶ κωλύων ἄγεσθαι πρὸς τὸν νόμον, ὥστε πολλοὺς ταχὺ τῶν ἀπόρων περὶ αὐτὸν γενέσθαι καὶ πολὺν φόβον παρασχεῖν τοῖς βελτίστοις τῶν πολιτῶν θρασυνομένους καὶ ταράττοντας τὴν ἀγοράν.

[4] ἐπεὶ δὲ κατασταθεὶς ἐπὶ ταῦτα δικτάτωρ Κούιντος Καπιτωλῖνος εἰς τὴν εἱρκτὴν ἐνέβαλε τὸν Μάλλιον, ὁ δὲ δῆμος τούτου γενομένου μετέβαλε τὴν ἐσθῆτα, πρᾶγμα γινόμενον ἐπὶ συμφοραῖς μεγάλαις καὶ δημοσίαις, δείσασα τὸν θόρυβον ἡ σύγκλητος ἐκέλευσεν ἀφεθῆναι τὸν [5] Μάλλιον. ὁ δ' οὐδὲν ἦν ἀφεθεὶς ἀμείνων, ἀλλὰ σοβαρώτερον ἐδημαγώγει καὶ διεστασίαζε τὴν πόλιν. αἱροῦνται δὴ πάλιν χιλίαρχον τὸν Κάμιλλον. εἰσαγομένων δὲ τῶν κατὰ τοῦ Μαλλίου δικῶν, μεγάλα τοὺς κατηγόρους [6] ἔβλαπτεν ἡ ὄψις. ὁ γὰρ τόπος, ἐφ' οὗ βεβηκὼς ὁ Μάλλιος ἐνυκτομάχησε πρὸς τοὺς Κελτούς, ὑπερεφαίνετο τῆς ἀγορᾶς ἀπὸ τοῦ Καπιτωλίου καὶ παρεῖχεν οἶκτον τοῖς ὁρῶσιν, αὐτός τε τὰς χεῖρας ὀρέγων ἐκεῖ καὶ δακρύων ὑπεμίμνῃσκε τῶν ἀγώνων, ὥστε τοὺς κρίνοντας ἀπορεῖν καὶ πολλάκις ὑπερβάλλεσθαι τὴν δίκην, μήτ' ἀφεῖναι βουλομένους ἐπὶ τεκμηρίοις φανεροῖς τὸ ἀδίκημα, μήτε χρήσασθαι τῷ νόμῳ δυναμένους ἐν ὀφθαλμοῖς τῆς πράξεως [7] οὔσης διὰ τὸν τόπον. τοῦτο δὴ συμφρονήσας ὁ Κάμιλλος μετήγαγεν ἔξω πύλης τὸ δικαστήριον εἰς τὸ Πετηλῖνον ἄλσος· ὅθεν οὐκ ὄντος τοῦ Καπιτωλίου καταφανοῦς, ὅ τε διώκων ἐχρήσατο τῇ κατηγορίᾳ, καὶ τοῖς κρίνουσι παρεχώρησεν ἡ μνήμη τῶν γεγονότων ἀξίαν [8] ἀναλαβεῖν ὀργὴν ἐπὶ τοῖς παροῦσιν ἀδικήμασιν. ὁ μὲν οὖν Μάλλιος ἁλοὺς εἰς τὸ Καπιτώλιον ἀπήχθη, καὶ κατὰ τῆς πέτρας ὠσθεὶς τὸν αὐτὸν τόπον ἔσχε καὶ τῶν εὐτυχεστάτων ἔργων καὶ τῶν μεγίστων ἀτυχημάτων μνημεῖον.

[9] οἱ δὲ Ῥωμαῖοι τὴν οἰκίαν αὐτοῦ κατασκάψαντες, ἱερὸν ἱδρύσαντο θεᾶς ἣν Μονῆταν καλοῦσι, καὶ τὸ λοιπὸν ἐψηφίσαντο μηδένα τῶν πατρικίων ἐπὶ τῆς ἄκρας κατοικεῖν.

[37] [1] Ὁ δὲ Κάμιλλος ἐπὶ χιλιαρχίαν ἕκτην καλούμενος παρῃτεῖτο, γεγονὼς μὲν ἡλικίας ἤδη πρόσω, καί πού τινα καὶ φθόνον δεδιὼς καὶ νέμεσιν ἐπὶ δόξῃ τοσαύτῃ καὶ κατορθώμασιν. ἡ δὲ φανερωτάτη τῶν αἰτιῶν ἦν ἀρρωστία σώματος· ἐτύγχανε γὰρ νοσῶν περὶ τὰς ἡμέρας [2] ἐκείνας. οὐ μὴν παρῆκεν αὐτῷ τὴν ἀρχὴν ὁ δῆμος, ἀλλὰ βοῶν μήθ' ἱππεύοντος αὐτοῦ μήθ' ὁπλομαχοῦντος ἐν τοῖς ἀγῶσι δεῖσθαι, βουλευομένου δὲ μόνον καὶ

προστάσσοντος, ἠνάγκασεν ὑποστῆναι τὴν στρατηγίαν καὶ μεθ’ ἑνὸς τῶν συναρχόντων Λευκίου Φουρίου τὸν στρατὸν ἄγειν εὐθὺς ἐπὶ τοὺς πολεμίους. οὗτοι δ’ ἦσαν Πραινεστῖνοι καὶ Οὐολοῦσκοι, μετὰ πολλῆς δυνάμεως τὴν [3] συμμαχίδα τῶν Ῥωμαίων πορθοῦντες. ἐξελθὼν δὲ καὶ παραστρατοπεδεύσας τοῖς πολεμίοις, αὐτὸς μὲν ἠξίου τρίβειν τὸν πόλεμον χρόνῳ, κἂν εἰ μάχης δεήσειε, ῥώσας τὸ σῶμα διαγωνίσασθαι· Λευκίου δὲ τοῦ συνάρχοντος ἐπιθυμίᾳ δόξης φερομένου πρὸς τὸν κίνδυνον ἀκατασχέτως, καὶ συνεξορμῶντος ἅμα ταξιάρχους καὶ λοχαγούς, φοβηθεὶς μὴ φθόνῳ δή τινι δοκῇ κατόρθωμα καὶ φιλοτιμίαν ἀφαιρεῖσθαι νέων ἀνδρῶν, συνεχώρησεν ἄκων ἐκείνῳ παρατάξαι τὴν δύναμιν, αὐτὸς δὲ διὰ τὴν ἀσθένειαν [4] ὑπελείφθη μετ’ ὀλίγων ἐν τῷ στρατοπέδῳ. τοῦ δὲ Λευκίου προπετῶς χρησαμένου τῇ μάχῃ καὶ σφαλέντος, αἰσθόμενος τὴν τροπὴν τῶν Ῥωμαίων οὐ κατέσχεν αὑτόν, ἀλλ’ ἀναθορὼν ἐκ τῆς στιβάδος ἀπήντα μετὰ τῶν ὀπαδῶν ἐπὶ τὰς πύλας τοῦ χάρακος, διὰ τῶν φευγόντων ὠθούμενος εἰς τοὺς διώκοντας, ὥστε τοὺς μὲν εὐθὺς ἀναστρέφειν καὶ συνακολουθεῖν, τοὺς δὲ προσφερομένους ἔξωθεν ἵστασθαι πρὸ αὐτοῦ καὶ συνασπίζειν, παρεγγυῶντας [5] ἀλλήλοις μὴ ἀπολείπεσθαι τοῦ στρατηγοῦ. τότε μὲν οὖν οὕτως ἀπετράποντο τῆς διώξεως οἱ πολέμιοι· τῇ δ’ ὑστεραίᾳ προαγαγὼν τὴν δύναμιν ὁ Κάμιλλος καὶ συνάψας μάχην αὐτούς τε νικᾷ κατὰ κράτος καὶ τὸν χάρακα λαμβάνει συνεισπεσὼν τοῖς φεύγουσι καὶ διαφθείρας [6] τοὺς πλείστους. ἐκ δὲ τούτου πυθόμενος πόλιν Σατρίαν ὑπὸ τῶν Τυρρηνῶν ἑαλωκέναι καὶ τοὺς οἰκήτορας ἀπεσφάχθαι, Ῥωμαίους ἅπαντας ὄντας, τὴν μὲν πολλὴν καὶ βαρεῖαν τῆς δυνάμεως εἰς Ῥώμην ἀπέστειλεν, αὐτὸς δὲ τοὺς ἀκμάζοντας μάλιστα καὶ προθυμοτάτους ἀναλαβών, ἐπέβαλε τοῖς τὴν πόλιν ἔχουσι Τυρρηνοῖς, καὶ κρατήσας τοὺς μὲν ἐξήλασεν αὐτῶν, τοὺς δ’ ἀπέκτεινεν.

[38] [1] Ἐπανελθὼν δὲ μετὰ πολλῶν λαφύρων εἰς Ῥώμην, ἐπέδειξε φρονιμωτάτους ἁπάντων τοὺς μὴ φοβηθέντας ἀσθένειαν καὶ γῆρας ἡγεμόνος ἐμπειρίαν καὶ τόλμαν ἔχοντος, ἀλλ’ ἑλομένους ἐκεῖνον ἄκοντα καὶ νοσοῦντα μᾶλλον ἢ τῶν ἐν ἡλικίᾳ τοὺς δεομένους καὶ σπουδάζοντας [2] ἄρχειν. διὸ καὶ Τουσκλανῶν ἀφεστάναι λεγομένων ἐκέλευον ἐξιέναι τὸν Κάμιλλον ἐπ’ αὐτούς, ἕνα τῶν πέντε συστρατήγων προσελόμενον. ὁ δὲ καίπερ ἁπάντων βουλομένων καὶ δεομένων, ἐάσας τοὺς ἄλλους προσείλετο [3] Λεύκιον Φούριον, οὐδενὸς ἂν προσδοκήσαντος. ἐκεῖνος γὰρ ἦν ὁ παρὰ γνώμην τοῦ Καμίλλου διαγωνίσασθαι προθυμηθεὶς ἔναγχος καὶ δυστυχήσας περὶ τὴν μάχην· ἀλλὰ βουλόμενος ὡς ἔοικεν ἀποκρύψαι τὴν συμφορὰν καὶ τὴν αἰσχύνην ἀπαλλάξαι τοῦ ἀνδρός, ἀντὶ πάντων [4] τοῦτον προῆγεν. οἱ δὲ

Τουσκλανοὶ τὴν ἁμαρτίαν ἐπανορθούμενοι πανούργως, ἤδη βαδίζοντος ἐπ' αὐτοὺς τοῦ Καμίλλου, τὸ μὲν πεδίον ἀνθρώπων ὡς ἐν εἰρήνῃ γεωργούντων καὶ νεμόντων ἐνέπλησαν, τὰς δὲ πύλας εἶχον ἀνεῳγμένας καὶ τοὺς παῖδας ἐν τοῖς διδασκαλείοις μανθάνοντας, τοῦ δὲ δήμου τὸ μὲν βάναυσον ἐπὶ τῶν ἐργαστηρίων ἑωρᾶτο περὶ τὰς τέχνας, τὸ δ' ἀστεῖον ἐπὶ τῆς ἀγορᾶς ἐν ἱματίοις, οἱ δ' ἄρχοντες περιῄεσαν σπουδῇ καταλύσεις τοῖς Ῥωμαίοις ἐπαγγέλλοντες, ὡς οὐδὲν κακὸν [5] προσδοκῶντες οὐδὲ συνειδότες. τούτων δὲ πραττομένων ἀπιστεῖν μὲν οὐκ ἐπῄει τῷ Καμίλλῳ τὴν προδοσίαν, οἰκτίρας δὲ τὴν ἐπὶ τῇ προδοσίᾳ μετάνοιαν αὐτῶν, ἐκέλευσε πρὸς τὴν σύγκλητον ἐλθόντας παραιτεῖσθαι τὴν ὀργήν, καὶ παραιτουμένους συνέπραξεν αὐτὸς ἀφεθῆναί τε τὴν πόλιν αἰτίας πάσης καὶ μεταλαβεῖν ἰσοπολιτείας. αὗται μὲν οὖν ἐγένοντο τῆς ἕκτης χιλιαρχίας ἐπιφανέσταται πράξεις.

[39] [1] Μετὰ δὲ ταῦτα Λικιννίου Στόλωνος ἐν τῇ πόλει τὴν μεγάλην στάσιν ἐγείροντος, ἣν ὁ δῆμος ἐστασίασε πρὸς τὴν σύγκλητον, βιαζόμενος δυεῖν ὑπάτων καθισταμένων τὸν ἕτερον πάντως ἐκ δημοτῶν εἶναι καὶ μὴ συναμφοτέρους πατρικίους, δήμαρχοι μὲν ᾑρέθησαν, τὰς δ' ὑπατικὰς ἀρχαιρεσίας ἐπιτελεσθῆναι διεκώλυσαν οἱ [2] πολλοί. καὶ τῶν πραγμάτων δι' ἀναρχίας φερομένων εἰς μείζονας ταραχάς, ἀποδείκνυται δικτάτωρ ὁ Κάμιλλος ὑπὸ τῆς βουλῆς ἄκοντι τῷ δήμῳ τὸ τέταρτον, οὐδ' αὐτὸς ὢν πρόθυμος οὐδὲ βουλόμενος ἐναντιοῦσθαι πρὸς ἀνθρώπους παρρησίαν ἔχοντας ἀπὸ πολλῶν καὶ μεγάλων ἀγώνων πρὸς αὐτόν, ὡς πλείονα μετ' αὐτῶν διαπεπραγμένος ἐν στρατηγίαις ἢ μετὰ τῶν πατρικίων ἐν πολιτείαις, καὶ νῦν διὰ φθόνον ἐκείνων ᾑρημένος ὑπ' αὐτῶν, ὅπως ἢ καταλύσειε τὸν δῆμον ἰσχύσας, ἢ καταλυθείη [3] μὴ κρατήσας. οὐ μὴν ἀλλὰ πειρώμενος ἀμύνειν τοῖς παροῦσι, τὴν ἡμέραν γνοὺς ἐν ᾗ νομοθετεῖν οἱ δήμαρχοι διενοοῦντο, προέγραψε στρατιᾶς κατάλογον καὶ μετεκάλει τὸν δῆμον ἐκ τῆς ἀγορᾶς εἰς τὸ πεδίον, μεγάλας [4] ζημίας ἀπειλῶν κατὰ τοῦ μὴ ὑπακούσαντος. τῶν δὲ δημάρχων ἐκεῖθεν αὖ πάλιν ἀντανισταμένων ταῖς ἀπειλαῖς καὶ διομνυμένων πέντε μυριάσιν ἀργυρίου ζημιώσειν, εἰ μὴ παύσοιτο τοῦ δήμου τὸν νόμον ἀφαιρούμενος καὶ τὴν ψῆφον, εἴτε δείσας φυγὴν ἑτέραν καὶ καταδίκην, ὡς ἀνδρὶ πρεσβύτῃ καὶ κατειργασμένῳ μεγάλα μὴ πρέπουσαν, εἴτε τοῦ πλήθους τὴν βίαν ἄμαχον οὖσαν καὶ δυσνίκητον ὑπερβαλέσθαι μὴ δυνάμενος μηδὲ βουλόμενος, τότε μὲν ἀπεχώρησεν οἴκαδε· ταῖς δ' ἑξῆς ἡμέραις [5] σκηψάμενος ἀρρωστεῖν ἐξωμόσατο τὴν ἀρχήν. ἡ δὲ σύγκλητος ἕτερον δικτάτορα κατέστησε, κἀκεῖνος ἀποδείξας ἵππαρχον αὐτὸν τὸν ἡγεμόνα τῆς στάσεως Στόλωνα παρῆκεν ἐπικυρῶσαι τὸν νόμον τὸν μάλιστα λυποῦντα τοὺς πατρικίους. ἐκέλευσε δ' οὗτος μηδένα πλέθρων πεντακοσίων

[6] πλείονα χώραν κεκτῆσθαι. τότε μὲν οὖν λαμπρὸς ὁ Στόλων ἐγεγόνει τῇ ψήφῳ κρατήσας· ὀλίγῳ δ’ ὕστερον αὐτὸς ἑάλω κεκτημένος ὅσην ἔχειν ἐκώλυεν ἑτέρους, καὶ κατὰ τὸν αὑτοῦ νόμον δίκην ἔδωκεν.

[40] [1] Ὑπολειπομένης δὲ τῆς περὶ τῶν ὑπατικῶν ἀρχαιρεσιῶν φιλονικίας, ὃ δὴ χαλεπώτατον τῆς στάσεως μόριον ἦν καὶ πρῶτον ἦρξε καὶ πλεῖστα πράγματα παρέσχε τῇ βουλῇ διαφερομένῃ πρὸς τὸν δῆμον, ἀγγελία προσέπεσε σαφής, Κελτοὺς αὖθις ἀπὸ τῆς Ἀδριατικῆς ἄραντας θαλάσσης μυριάσι πολλαῖς ἐπὶ τὴν Ῥώμην ἐλαύνειν.

[2] ἅμα δὲ τῷ λόγῳ καὶ τὰ ἔργα τοῦ πολέμου παρῆν, πορθουμένης τῆς χώρας καὶ τῶν ἀνθρώπων, ὅσοις οὐ ῥᾴδιον ἦν εἰς τὴν Ῥώμην καταφυγεῖν, ἀνὰ τὰ ὄρη σκεδαννυμένων. οὗτος δ’ ὁ φόβος κατέπαυσε τὴν στάσιν, καὶ συνελθόντες εἰς τὸ αὐτὸ τοῖς πολλοῖς οἱ κράτιστοι καὶ τῇ βουλῇ τὸ δημοτικὸν εἵλοντο πάντες ἐκ μιᾶς γνώμης [3] δικτάτορα τὸ πέμπτον Κάμιλλον, ὁ δ’ ἦν μὲν σφόδρα γέρων καὶ μικρὸν ἀπέλειπεν ὀγδοήκοντα ἔτη γεγονέναι· συνορῶν δὲ τὴν ἀνάγκην καὶ τὸν κίνδυνον, οὔθ’ ὑποτίμησιν ὡς πρότερον εἰπών, οὔτε προφάσει χρησάμενος, ἀλλ’ αὐτόθεν ὑποστὰς τὴν στρατηγίαν, κατέλεγε τοὺς [4] μαχησομένους. εἰδὼς δὲ τῆς τῶν βαρβάρων ἀλκῆς τὴν βιαιοτάτην ἐν ταῖς μαχαίραις οὖσαν, ἃς βαρβαρικῶς καὶ σὺν οὐδεμιᾷ τέχνῃ καταφέροντες ὤμους μάλιστα καὶ κεφαλὰς διέκοπτον, ἐχαλκεύσατο μὲν κράνη τοῖς ὁπλίταις ὁλοσίδηρα καὶ λεῖα ταῖς περιφερείαις, ὡς ἀπολισθάνειν ἢ κατάγνυσθαι τὰς μαχαίρας, τοῖς δὲ θυρεοῖς κύκλῳ περιήρμοσε λεπίδα χαλκῆν, τοῦ ξύλου καθ’ αὑτὸ τὰς πληγὰς μὴ στέγοντος· αὐτοὺς δὲ τοὺς στρατιώτας ἐδίδαξε τοῖς ὑσσοῖς μακροῖς διὰ χειρὸς χρῆσθαι καὶ τοῖς ξίφεσι τῶν πολεμίων ὑποβάλλοντας ἐκδέχεσθαι τὰς καταφοράς.

[41] [1] Ἐπεὶ δὲ πλησίον ἦσαν οἱ Κελτοί, περὶ τὸν Ἀνίωνα ποταμὸν στρατόπεδον βαρὺ καὶ μεστὸν ἀφθόνου λείας ἔχοντες, ἐξαγαγὼν τὴν δύναμιν ἵδρυσε κατὰ νάπης μαλακῆς καὶ συγκλίσεις πολλὰς ἐχούσης, ὥστε τὸ μὲν πλεῖστον ἀποκρύπτεσθαι, τὸ δ’ ὁρώμενον δοκεῖν ὑπὸ [2] δέους εἰς χωρία προσάντη κατειλεῖσθαι. ταύτην δὲ τὴν δόξαν αὐτῶν ὁ Κάμιλλος αὔξειν βουλόμενος, οὐ προσήμυνε τῶν ὑπὸ πόδας πορθουμένων, ἀλλὰ τὸν χάρακα φραξάμενος ἠρέμει, μέχρι οὗ τοὺς μὲν ἐν προνομαῖς ἐσκεδασμένους κατεῖδε, τοὺς δ’ ἐν τῷ στρατοπέδῳ πᾶσαν [3] ὥραν ἐμπιμπλαμένους ἀφειδῶς καὶ μεθύοντας. τότε δὲ νυκτὸς ἔτι τοὺς ψιλοὺς προεκπέμψας ἐμποδὼν εἶναι τοῖς βαρβάροις εἰς τάξιν καθισταμένοις καὶ διαταράττειν εὐθὺς ἐπεξιόντας, κατεβίβαζεν ὄρθρου τοὺς ὁπλίτας καὶ παρέταττεν ἐν τοῖς ἐπιπέδοις, πολλοὺς καὶ προθύμους, οὐχ ὥσπερ οἱ βάρβαροι προσεδόκων ὀλίγους καὶ ἀτόλμους [4] φανέντας. πρῶτον μὲν οὖν τοῦτο τῶν Κελτῶν ἀνέτρεψε τὰ φρονήματα, παρ’

ἀξίαν ἐπιχειρεῖσθαι δοκούντων. ἔπειτα προσπίπτοντες οἱ ψιλοὶ καὶ πρὶν ἢ τὸν συνήθη λαβεῖν κόσμον καὶ διακριθῆναι κατὰ λόχους κινοῦντες αὐτοὺς καὶ βιαζόμενοι πρὸς τὸ συντυχὸν ἀτάκτους [5] ἠνάγκασαν μάχεσθαι. τέλος δὲ τοῦ Καμίλλου τοὺς ὁπλίτας ἐπάγοντος, οἱ μὲν ἀνατεινάμενοι τὰς μαχαίρας συνδραμεῖν ἔσπευδον, οἱ δὲ τοῖς ὑσσοῖς ἀπαντῶντες καὶ τὰ σεσιδηρωμένα μέρη ταῖς πληγαῖς ὑποφέροντες ἀπέστρεφον τὸν ἐκείνων σίδηρον, μαλακὸν ὄντα καὶ λεπτῶς ἐληλασμένον, ὥστε κάμπτεσθαι ταχὺ καὶ διπλοῦσθαι τὰς μαχαίρας, τοὺς δὲ θυρεοὺς συμπεπάρθαι καὶ βαρύνεσθαι [6] τῶν ὑσσῶν ἐφελκομένων. διὸ καὶ μεθιστάμενοι τῶν ἰδίων ὅπλων, ἐπειρῶντο τοῖς ἐκείνων ἐμπλέκεσθαι καὶ τοὺς ὑσσοὺς παραφέρειν, ἐπιλαμβανόμενοι ταῖς χερσίν. οἱ δὲ Ῥωμαῖοι γυμνουμένους ὁρῶντες, ἤδη τοῖς ξίφεσιν ἐχρῶντο, καὶ φόνος μὲν ἦν πολὺς τῶν προτάκτων, φυγὴ δὲ τῶν ἄλλων πανταχόσε τοῦ πεδίου· τοὺς γὰρ λόφους καὶ τὰ ὑψηλὰ προκατειλήφει Κάμιλλος, τὸ δὲ στρατόπεδον διὰ τὸ θαρσεῖν ἄφρακτον ἔχοντες ᾔδεσαν οὐ χαλεπῶς ἁλωσόμενον.

[7] Ταύτην τὴν μάχην ἔτεσιν ὕστερον τρισκαίδεκα γενέσθαι λέγουσι τῆς Ῥώμης ἁλώσεως, καὶ βέβαιον ἐξ αὐτῆς φρόνημα κατὰ τῶν Κελτῶν ἐγγενέσθαι Ῥωμαίοις, σφόδρα δεδοικόσι τοὺς βαρβάρους, ὡς τὸ πρῶτον διὰ νόσους καὶ τύχας παραλόγους, οὐ κατὰ κράτος ὑπ᾽ αὐτῶν νενικημένους. οὕτω δ᾽ οὖν ὁ φόβος ἦν ἰσχυρός, ὥστε θέσθαι νόμον ἀφεῖσθαι τοὺς ἱερεῖς στρατείας, χωρὶς ἂν μὴ Γαλατικὸς ᾖ πόλεμος.

[42] [1] Τῶν μὲν οὖν στρατιωτικῶν ἀγώνων οὗτος ἠγωνίσθη τῷ Καμίλλῳ τελευταῖος· τὴν γὰρ Οὐελιτρανῶν πόλιν εἷλεν ἐν παρέργῳ ταύτης τῆς στρατείας, ἀμαχεὶ [2] προσχωρήσασαν αὐτῷ· τῶν δὲ πολιτικῶν ὁ μέγιστος ὑπελείπετο καὶ χαλεπώτατος ‹ὁ› πρὸς τὸν δῆμον, ἰσχυρὸν ἐπανήκοντα τῇ νίκῃ καὶ βιαζόμενον ἐκ δημοτῶν ὕπατον ἀποδεῖξαι παρὰ τὸν καθεστῶτα νόμον, ἀντιταττομένης τῆς βουλῆς καὶ τὸν Κάμιλλον οὐκ ἐώσης ἀποθέσθαι τὴν ἀρχήν, ὡς μετ᾽ ἰσχυρᾶς καὶ μεγάλης ἐξουσίας τῆς ἐκείνου μαχησομένων ἂν βέλτιον ὑπὲρ τῆς ἀριστοκρατίας.

[3] ἐπεὶ δὲ προκαθημένου τοῦ Καμίλλου καὶ χρηματίζοντος ἐπὶ τῆς ἀγορᾶς ὑπηρέτης πεμφθεὶς παρὰ τῶν δημάρχων ἐκέλευσεν ἀκολουθεῖν καὶ τὴν χεῖρα τῷ σώματι προσῆγεν ὡς ἀπάξων, κραυγὴ δὲ καὶ θόρυβος οἷος οὔπω κατέσχε τὴν ἀγοράν, τῶν μὲν περὶ τὸν Κάμιλλον ὠθούντων ἀπὸ τοῦ βήματος τὸν δημόσιον, τῶν δὲ πολλῶν κάτωθεν ἕλκειν ἐπικελευομένων, ἀπορούμενος τοῖς παροῦσι τὴν μὲν ἀρχὴν οὐ προήκατο, τοὺς δὲ βουλευτὰς [4] ἀναλαβὼν ἐβάδιζεν εἰς τὴν σύγκλητον, καὶ πρὶν εἰσελθεῖν μεταστραφεὶς εἰς τὸ Καπιτώλιον ηὔξατο τοῖς θεοῖς κατευθῦναι τὰ παρόντα πρὸς τὸ κάλλιστον τέλος, ὑποσχόμενος ναὸν Ὁμονοίας ἱδρύσειν τῆς ταραχῆς καταστάσης.

μεγάλου δ᾽ ἀγῶνος ἐν τῇ συγκλήτῳ γενομένου πρὸς τὰς ἐναντίας γνώμας, ὅμως ἐνίκησεν ἡ μαλακωτέρα καὶ ὑπείκουσα τῷ δήμῳ καὶ διδοῦσα τῶν ὑπάτων [5] τὸν ἕτερον ἀπὸ τοῦ πλήθους ἀρχαιρεσιάσαι. ταῦτα δ᾽ ὡς τῇ βουλῇ δοκοῦντα τοῦ δικτάτορος ἀνειπόντος ἐν τῷ δήμῳ, παραχρῆμα μὲν οἷον εἰκὸς ἡδόμενοι τῇ βουλῇ διηλλάττοντο, καὶ τὸν Κάμιλλον οἴκαδε κρότῳ καὶ βοῇ [6] προέπεμπον. τῇ δ᾽ ὑστεραίᾳ συνελθόντες ἐψηφίσαντο τῆς μὲν Ὁμονοίας ἱερόν, ὥσπερ ηὔξατο Κάμιλλος, εἰς τὴν ἀγορὰν καὶ τὴν ἐκκλησίαν ἄποπτον ἐπὶ τοῖς γεγενημένοις ἱδρύσασθαι, ταῖς δὲ καλουμέναις Λατίναις μίαν ἡμέραν προσθέντας ἑορτάζειν τέτταρας, παραυτίκα δὲ θύειν [7] καὶ στεφανηφορεῖν Ῥωμαίους ἅπαντας. τῶν δ᾽ ἀρχαιρεσίων βραβευθέντων ὑπὸ Καμίλλου, κατεστάθησαν ὕπατοι Μᾶρκος μὲν Αἰμίλιος ἐκ πατρικίων, Λεύκιος δὲ Σέξτιος ἐκ δημοτῶν πρῶτος. καὶ τοῦτο πέρας αἱ Καμίλλου πράξεις ἔσχον.

[43] [1] Ἐν δὲ τῷ κατόπιν ἐνιαυτῷ λοιμώδης νόσος ἐμπεσοῦσα τῇ Ῥώμῃ τὸν μὲν ἄλλον ὄχλον οὐ περιληπτὸν ἀριθμῷ διέφθειρε, τῶν δ᾽ ἀρχόντων τοὺς πλείστους.

[2] ἐτελεύτησε δὲ καὶ Κάμιλλος, ἡλικίας μὲν οὕνεκα καὶ βίου τελειότητος ὡς εἴ τις ἄλλος ἀνθρώπων ὡραῖος, ἀνιάσας δὲ Ῥωμαίους ὡς οὐδὲ σύμπαντες οἱ τῇ νόσῳ κατ᾽ ἐκεῖνον τὸν χρόνον ἀποθανόντες.

Pericles

[1] [1] Ξένους τινὰς ἐν Ῥώμῃ πλουσίους κυνῶν ἔκγονα καὶ πιθήκων ἐν τοῖς κόλποις περιφέροντας καὶ ἀγαπῶντας ἰδὼν ὁ Καῖσαρ ὡς ἔοικεν ἠρώτησεν, εἰ παιδία παρ' αὐτοῖς οὐ τίκτουσιν αἱ γυναῖκες, ἡγεμονικῶς σφόδρα νουθετήσας τοὺς τὸ φύσει φιλητικὸν ἐν ἡμῖν καὶ φιλόστοργον εἰς θηρία καταναλίσκοντας, ἀνθρώποις ὀφειλόμενον.

[2] ἆρ' οὖν, ἐπεὶ [κυνῶν τε καὶ πιθήκων ἔκγονα] φιλομαθές τι κέκτηται καὶ φιλοθέαμον ἡμῶν ἡ ψυχὴ φύσει, λόγον ἔχει ψέγειν τοὺς καταχρωμένους τούτῳ πρὸς τὰ μηδεμιᾶς ἄξια σπουδῆς ἀκούσματα καὶ θεάματα, τῶν δὲ καλῶν καὶ ὠφελίμων παραμελοῦντας; τῇ μὲν γὰρ αἰσθήσει, κατὰ πάθος τὴν πληγὴν ἀντιλαμβανομένῃ τῶν προστυγχανόντων, ἴσως ἀνάγκη πᾶν τὸ φαινόμενον, ἄν τε χρήσιμον ἄν τ' ἄχρηστον ᾖ, θεωρεῖν, τῷ νῷ δ' ἕκαστος, εἰ βούλοιτο, χρῆσθαι καὶ τρέπειν ἑαυτὸν ἀεὶ καὶ μεταβάλλειν ῥᾷστα πρὸς τὸ δοκοῦν πέφυκεν, ὥστε χρὴ διώκειν τὸ βέλτιστον, [3] ἵνα μὴ θεωρῇ μόνον, ἀλλὰ καὶ τρέφηται τῷ θεωρεῖν. ὡς γὰρ ὀφθαλμῷ χρόα πρόσφορος, ἧς τὸ ἀνθηρὸν ἅμα καὶ τερπνὸν ἀναζωπυρεῖ καὶ τρέφει τὴν ὄψιν, οὕτω τὴν διάνοιαν ἐπάγειν δεῖ θεάμασιν ἃ τῷ χαίρειν πρὸς τὸ οἰκεῖον [4] αὐτὴν ἀγαθὸν ἐκκαλεῖ. ταῦτα δ' ἔστιν ἐν τοῖς ἀπ' ἀρετῆς ἔργοις, ἃ καὶ ζῆλόν τινα καὶ προθυμίαν ἀγωγὸν εἰς μίμησιν ἐμποιεῖ τοῖς ἱστορήσασιν· ἐπεὶ τῶν γ' ἄλλων οὐκ εὐθὺς ἀκολουθεῖ τῷ θαυμάσαι τὸ πραχθὲν ὁρμὴ πρὸς τὸ πρᾶξαι, πολλάκις δὲ καὶ τοὐναντίον χαίροντες τῷ ἔργῳ τοῦ δημιουργοῦ καταφρονοῦμεν, ὡς ἐπὶ τῶν μύρων καὶ τῶν ἁλουργῶν τούτοις μὲν ἡδόμεθα, τοὺς δὲ βαφεῖς καὶ [5] μυρεψοὺς ἀνελευθέρους ἡγούμεθα καὶ βαναύσους. διὸ καλῶς μὲν Ἀντισθένης ἀκούσας ὅτι σπουδαῖός ἐστιν αὐλητὴς Ἰσμηνίας, ἀλλ' ἄνθρωπος ἔφη μοχθηρός· οὐ γὰρ ἂν [6] οὕτω σπουδαῖος ἦν αὐλητής· ὁ δὲ Φίλιππος πρὸς τὸν υἱὸν ἐπιτερπῶς ἔν τινι πότῳ ψήλαντα καὶ τεχνικῶς εἶπεν· οὐκ αἰσχύνῃ καλῶς οὕτω ψάλλων; ἀρκεῖ γάρ, ἂν βασιλεὺς ἀκροᾶσθαι ψαλλόντων σχολάζῃ, καὶ πολὺ νέμει ταῖς Μούσαις ἑτέρων ἀγωνιζομένων τὰ τοιαῦτα θεατὴς γιγνόμενος.

[2] [1] Ἡ δ' αὐτουργία τῶν ταπεινῶν τῆς εἰς τὰ καλὰ ῥᾳθυμίας μάρτυρα τὸν ἐν τοῖς ἀχρήστοις πόνον παρέχεται καθ' αὑτῆς, καὶ οὐδεὶς εὐφυὴς νέος ἢ τὸν ἐν Πίσῃ θεασάμενος Δία γενέσθαι Φειδίας ἐπεθύμησεν, ἢ τὴν Ἥραν τὴν ἐν Ἄργει Πολύκλειτος, οὐδ' Ἀνακρέων ἢ Φιλήμων ἢ Ἀρχίλοχος ἡσθεὶς αὐτῶν τοῖς ποιήμασιν. οὐ γὰρ ἀναγκαῖον, εἰ τέρπει τὸ ἔργον ὡς χαρίεν, ἄξιον σπουδῆς εἶναι [2] τὸν εἰργασμένον. ὅθεν οὐδ' ὠφελεῖ τὰ τοιαῦτα τοὺς

θεωμένους, πρὸς ἃ μιμητικὸς οὐ γίνεται ζῆλος οὐδ’ ἀνάδοσις κινοῦσα προθυμίαν καὶ ὁρμὴν ἐπὶ τὴν ἐξομοίωσιν. ἀλλ’ ἥ γ’ ἀρετὴ ταῖς πράξεσιν εὐθὺς οὕτω διατίθησιν, ὥσθ’ ἅμα θαυμάζεσθαι τὰ ἔργα καὶ ζηλοῦσθαι τοὺς εἰργασμένους.

[3] τῶν μὲν γὰρ ἐκ τύχης ἀγαθῶν τὰς κτήσεις καὶ ἀπολαύσεις, τῶν δ’ ἀπ’ ἀρετῆς τὰς πράξεις ἀγαπῶμεν, καὶ τὰ μὲν ἡμῖν παρ’ ἑτέρων, τὰ δὲ μᾶλλον ἑτέροις παρ’ [4] ἡμῶν ὑπάρχειν βουλόμεθα. τὸ γὰρ καλὸν ἐφ’ αὑτὸ πρακτικῶς κινεῖ καὶ πρακτικὴν εὐθὺς ὁρμὴν ἐντίθησιν, ἠθοποιοῦν οὐ τῇ μιμήσει τὸν θεατήν, ἀλλὰ τῇ ἱστορίᾳ τοῦ ἔργου τὴν προαίρεσιν παρεχόμενον.

[5] Ἔδοξεν οὖν καὶ ἡμῖν ἐνδιατρῖψαι τῇ περὶ τοὺς βίους ἀναγραφῇ, καὶ τοῦτο τὸ βιβλίον δέκατον συντετάχαμεν, τὸν Περικλέους βίον καὶ τὸν Φαβίου Μαξίμου τοῦ διαπολεμήσαντος πρὸς Ἀννίβαν περιέχον, ἀνδρῶν κατά τε τὰς ἄλλας ἀρετὰς ὁμοίων, μάλιστα δὲ πρᾳότητα καὶ δικαιοσύνην, καὶ τῷ δύνασθαι φέρειν δήμων καὶ συναρχόντων ἀγνωμοσύνας ὠφελιμωτάτων ταῖς πατρίσι γενομένων. εἰ δ’ ὀρθῶς στοχαζόμεθα τοῦ δέοντος, ἔξεστι κρίνειν ἐκ τῶν γραφομένων.

[3] [1] Περικλῆς γὰρ ἦν τῶν μὲν φυλῶν Ἀκαμαντίδης, τῶν δὲ δήμων Χολαργεύς, οἴκου δὲ καὶ γένους τοῦ πρώτου [2] κατ’ ἀμφοτέρους. Ξάνθιππος γὰρ ὁ νικήσας ἐν Μυκάλῃ τοὺς βασιλέως στρατηγοὺς ἔγημεν Ἀγαρίστην Κλεισθένους ἔγγονον, ὃς ἐξήλασε Πεισιστρατίδας καὶ κατέλυσε τὴν τυραννίδα γενναίως καὶ νόμους ἔθετο καὶ πολιτείαν ἄριστα κεκραμένην πρὸς ὁμόνοιαν καὶ σωτηρίαν κατέστησεν.

[3] αὕτη κατὰ τοὺς ὕπνους ἔδοξε τεκεῖν λέοντα, καὶ μεθ’ ἡμέρας ὀλίγας ἔτεκε Περικλέα, τὰ μὲν ἄλλα τὴν ἰδέαν τοῦ σώματος ἄμεμπτον, προμήκη δὲ τῇ κεφαλῇ καὶ ἀσύμμετρον.

[4] ὅθεν αἱ μὲν εἰκόνες αὐτοῦ σχεδὸν ἅπασαι κράνεσι περιέχονται, μὴ βουλομένων ὡς ἔοικε τῶν τεχνιτῶν ἐξονειδίζειν. οἱ δ’ Ἀττικοὶ ποιηταὶ σχινοκέφαλον αὐτὸν ἐκάλουν· τὴν γὰρ σκίλλαν ἔστιν ὅτε καὶ σχῖνον ὀνομάζουσι.

[5] τῶν δὲ κωμικῶν ὁ μὲν Κρατῖνος ἐν Χείρωσι (fr. 240 CAF I 86) Στάσις δὲ (φησί) καὶ πρεσβυγενὴς Κρόνος ἀλλήλοισι μιγέντε μέγιστον τίκτετον τύραννον, ὃν δὴ Κεφαληγερέταν θεοὶ καλέουσι, καὶ πάλιν ἐν Νεμέσει (fr. 111 CAF I 49)· μόλ’ ὦ Ζεῦ ξένιε καὶ καραιέ.

[6] Τηλεκλείδης δὲ ποτὲ μὲν ὑπὸ τῶν πραγμάτων ἠπορημένον καθῆσθαί φησιν (fr. 44 CAF I 220) αὐτὸν ἐν τῇ πόλει καρηβαροῦντα, ποτὲ δὲ μόνον ἐκ κεφαλῆς ἑνδεκακλίνου [7] θόρυβον πολὺν ἐξανατέλλειν, ὁ δ’ Εὔπολις ἐν τοῖς

Δήμοις (fr. 93 CAF I 280) πυνθανόμενος περὶ ἑκάστου τῶν ἀναβεβηκότων ἐξ Ἅιδου δημαγωγῶν, ὡς ὁ Περικλῆς ὠνομάσθη τελευταῖος·

ὅ τί περ κεφάλαιον τῶν κάτωθεν ἤγαγες.

[4] [1] Διδάσκαλον δ' αὐτοῦ τῶν μουσικῶν οἱ πλεῖστοι Δάμωνα γενέσθαι λέγουσιν, οὗ φασι δεῖν τοὔνομα βραχύνοντας τὴν προτέραν συλλαβὴν ἐκφέρειν, Ἀριστοτέλης (fr. 364) δὲ παρὰ Πυθοκλείδῃ μουσικὴν διαπονηθῆναι [2] τὸν ἄνδρα φησίν. ὁ δὲ Δάμων ἔοικεν ἄκρος ὢν σοφιστὴς καταδύεσθαι μὲν εἰς τὸ τῆς μουσικῆς ὄνομα πρὸς τοὺς πολλοὺς ἐπικρυπτόμενος τὴν δεινότητα, τῷ δὲ Περικλεῖ συνῆν καθάπερ ἀθλητῇ τῶν πολιτικῶν ἀλείπτης καὶ διδάσκαλος.

[3] οὐ μὴν ἔλαθεν ὁ Δάμων τῇ λύρᾳ παρακαλύμματι χρώμενος, ἀλλ' ὡς μεγαλοπράγμων καὶ φιλοτύραννος [4] ἐξωστρακίσθη καὶ παρέσχε τοῖς κωμικοῖς διατριβήν. ὁ γοῦν Πλάτων (fr. 191 CAF I 655) καὶ πυνθανόμενον αὐτοῦ τινα πεποίηκεν οὕτω·

πρῶτον μὲν οὖν μοι λέξον, ἀντιβολῶ· σὺ γὰρ
ὥς φασι [ὦ] Χείρων ἐξέθρεψας Περικλέα.

[5] διήκουσε δὲ Περικλῆς καὶ Ζήνωνος τοῦ Ἐλεάτου πραγματευομένου ‹μὲν› περὶ φύσιν ὡς Παρμενίδης, ἐλεγκτικὴν δέ τινα καὶ δι' ἀντιλογίας εἰς ἀπορίαν κατακλείουσαν ἐξασκήσαντος ἕξιν, ὥς που καὶ Τίμων ὁ Φλειάσιος εἴρηκε διὰ τούτων (fr. V W.)·

ἀμφοτερογλώσσου τε μέγα σθένος οὐκ ἀλαπαδνὸν
Ζήνωνος, πάντων ἐπιλήπτορος.

[6] ὁ δὲ πλεῖστα Περικλεῖ συγγενόμενος καὶ μάλιστα περιθεὶς ὄγκον αὐτῷ καὶ φρόνημα δημαγωγίας ἐμβριθέστερον, ὅλως τε μετεωρίσας καὶ συνεξάρας τὸ ἀξίωμα τοῦ ἤθους, Ἀναξαγόρας ἦν ὁ Κλαζομένιος, ὃν οἱ τότ' ἄνθρωποι Νοῦν προσηγόρευον, εἴτε τὴν σύνεσιν αὐτοῦ μεγάλην εἰς φυσιολογίαν καὶ περιττὴν διαφανεῖσαν θαυμάσαντες, εἴθ' ὅτι τοῖς ὅλοις πρῶτος οὐ τύχην οὐδ' ἀνάγκην διακοσμήσεως ἀρχήν, ἀλλὰ νοῦν ἐπέστησε καθαρὸν καὶ ἄκρατον, ἐν μεμειγμένοις πᾶσι τοῖς ἄλλοις ἀποκρίνοντα τὰς ὁμοιομερείας.

[5] [1] Τοῦτον ὑπερφυῶς τὸν ἄνδρα θαυμάσας ὁ Περικλῆς καὶ τῆς λεγομένης μετεωρολογίας καὶ μεταρσιολεσχίας ὑποπιμπλάμενος, οὐ μόνον ὡς ἔοικε τὸ φρόνημα σοβαρὸν καὶ τὸν λόγον ὑψηλὸν εἶχε καὶ καθαρὸν ὀχλικῆς καὶ πανούργου βωμολοχίας, ἀλλὰ καὶ προσώπου σύστασις ἄθρυπτος εἰς γέλωτα καὶ πρᾳότης πορείας καὶ καταστολὴ περιβολῆς πρὸς οὐδὲν ἐκταραττομένη πάθος ἐν τῷ λέγειν καὶ πλάσμα φωνῆς ἀθόρυβον καὶ ὅσα τοιαῦτα [2] πάντας θαυμαστῶς ἐξέπληττε. λοιδορούμενος γοῦν ποτε καὶ κακῶς ἀκούων ὑπό τινος τῶν βδελυρῶν καὶ ἀκολάστων ὅλην ἡμέραν ὑπέμεινε σιωπῇ κατ'

ἀγοράν, ἅμα τι τῶν ἐπειγόντων καταπραττόμενος, ἑσπέρας δ’ ἀπῄει κοσμίως οἴκαδε παρακολουθοῦντος τοῦ ἀνθρώπου καὶ πάσῃ χρωμένου βλασφημίᾳ πρὸς αὐτόν. ὡς δ’ ἔμελλεν εἰσιέναι σκότους ὄντος ἤδη, προσέταξέ τινι τῶν οἰκετῶν φῶς λαβόντι παραπέμψαι καὶ καταστῆσαι πρὸς τὴν οἰκίαν [3] τὸν ἄνθρωπον. ὁ δὲ ποιητὴς Ἴων (FGrH 392 F 15) μοθωνικήν φησι τὴν ὁμιλίαν καὶ ὑπότυφον εἶναι τοῦ Περικλέους, καὶ ταῖς μεγαλαυχίαις αὐτοῦ πολλὴν ὑπεροψίαν ἀναμεμεῖχθαι καὶ περιφρόνησιν τῶν ἄλλων, ἐπαινεῖ δὲ τὸ Κίμωνος ἐμμελὲς καὶ ὑγρὸν καὶ μεμουσωμένον ἐν ταῖς ‹συμ›περιφοραῖς. ἀλλ’ Ἴωνα μὲν ὥσπερ τραγικὴν διδασκαλίαν ἀξιοῦντα τὴν ἀρετὴν ἔχειν τι πάντως καὶ σατυρικὸν μέρος ἐῶμεν, τοὺς δὲ τοῦ Περικλέους τὴν σεμνότητα δοξοκοπίαν τε καὶ τῦφον ἀποκαλοῦντας ὁ Ζήνων παρεκάλει καὶ αὐτούς τι τοιοῦτο δοξοκοπεῖν, ὡς τῆς προσποιήσεως αὐτῆς τῶν καλῶν ὑποποιούσης τινὰ λεληθότως ζῆλον καὶ συνήθειαν.

[6] [1] Οὐ μόνον δὲ ταῦτα τῆς Ἀναξαγόρου συνουσίας ἀπέλαυσε Περικλῆς, ἀλλὰ καὶ δεισιδαιμονίας δοκεῖ γενέσθαι καθυπέρτερος, ἣν τὸ πρὸς τὰ μετέωρα θάμβος ἐνεργάζεται τοῖς αὐτῶν τε τούτων τὰς αἰτίας ἀγνοοῦσι καὶ περὶ τὰ θεῖα δαιμονῶσι καὶ ταραττομένοις δι’ ἀπειρίαν αὐτῶν, ἣν ὁ φυσικὸς λόγος ἀπαλλάττων ἀντὶ τῆς φοβερᾶς καὶ φλεγμαινούσης δεισιδαιμονίας τὴν ἀσφαλῆ μετ’ ἐλπίδων [2] ἀγαθῶν εὐσέβειαν ἐνεργάζεται. λέγεται δέ ποτε κριοῦ μονόκερω κεφαλὴν ἐξ ἀγροῦ τῷ Περικλεῖ κομισθῆναι, καὶ Λάμπωνα μὲν τὸν μάντιν, ὡς εἶδε τὸ κέρας ἰσχυρὸν καὶ στερεὸν ἐκ μέσου τοῦ μετώπου πεφυκός, εἰπεῖν ὅτι δυεῖν οὐσῶν ἐν τῇ πόλει δυναστειῶν, τῆς Θουκυδίδου καὶ Περικλέους, εἰς ἕνα περιστήσεται τὸ κράτος παρ’ ᾧ γένοιτο τὸ σημεῖον· τὸν δ’ Ἀναξαγόραν τοῦ κρανίου διακοπέντος ἐπιδεῖξαι τὸν ἐγκέφαλον οὐ πεπληρωκότα τὴν βάσιν, ἀλλ’ ὀξὺν ὥσπερ ᾠὸν ἐκ τοῦ παντὸς ἀγγείου συνωλισθηκότα κατὰ τὸν τόπον ἐκεῖνον ὅθεν ἡ ῥίζα τοῦ κέρατος [3] εἶχε τὴν ἀρχήν. καὶ τότε μὲν θαυμασθῆναι τὸν Ἀναξαγόραν ὑπὸ τῶν παρόντων, ὀλίγῳ δ’ ὕστερον τὸν Λάμπωνα, τοῦ μὲν Θουκυδίδου καταλυθέντος, τῶν δὲ τοῦ δήμου πραγμάτων ὁμαλῶς ἁπάντων ὑπὸ τῷ Περικλεῖ γενομένων.

[4] ἐκώλυε δ’ οὐδέν, οἶμαι, καὶ τὸν φυσικὸν ἐπιτυγχάνειν καὶ τὸν μάντιν, τοῦ μὲν τὴν αἰτίαν, τοῦ δὲ τὸ τέλος καλῶς ἐκλαμβάνοντος· ὑπέκειτο γὰρ τῷ μέν, ἐκ τίνων γέγονε καὶ πῶς πέφυκε θεωρῆσαι, τῷ δέ, πρὸς τί γέγονε [5] καὶ τί σημαίνει προειπεῖν. οἱ δὲ τῆς αἰτίας τὴν εὕρεσιν ἀναίρεσιν εἶναι τοῦ σημείου λέγοντες οὐκ ἐπινοοῦσιν ἅμα τοῖς θείοις καὶ τὰ τεχνητὰ τῶν συμβόλων ἀθετοῦντες, ψόφους τε δίσκων καὶ φῶτα πυρσῶν καὶ γνωμόνων ἀποσκιασμούς· ὧν ἕκαστον αἰτίᾳ τινὶ καὶ κατασκευῇ σημεῖον εἶναί τινος πεποίηται. ταῦτα μὲν οὖν ἴσως ἑτέρας ἐστὶ πραγματείας.

[7] [1] Ὁ δὲ Περικλῆς νέος μὲν ὢν σφόδρα τὸν δῆμον εὐλαβεῖτο. καὶ γὰρ ἐδόκει Πεισιστράτῳ τῷ τυράννῳ τὸ εἶδος ἐμφερὴς εἶναι, τήν τε φωνὴν ἡδεῖαν οὖσαν αὐτοῦ καὶ τὴν γλῶτταν εὔτροχον ἐν τῷ διαλέγεσθαι καὶ ταχεῖαν οἱ [2] σφόδρα γέροντες ἐξεπλήττοντο πρὸς τὴν ὁμοιότητα. πλούτου δὲ καὶ γένους προσόντος αὐτῷ λαμπροῦ καὶ φίλων οἳ πλεῖστον ἐδύναντο, φοβούμενος ἐξοστρακισθῆναι τῶν μὲν πολιτικῶν οὐδὲν ἔπραττεν, ἐν δὲ ταῖς στρατείαις ἀνὴρ [3] ἀγαθὸς ἦν καὶ φιλοκίνδυνος. ἐπεὶ δ' Ἀριστείδης μὲν ἀποτεθνήκει καὶ Θεμιστοκλῆς ἐξεπεπτώκει, Κίμωνα δ' αἱ στρατεῖαι τὰ πολλὰ τῆς Ἑλλάδος ἔξω κατεῖχον, οὕτω δὴ φέρων ὁ Περικλῆς τῷ δήμῳ προσένειμεν ἑαυτόν, ἀντὶ τῶν πλουσίων καὶ ὀλίγων τὰ τῶν πολλῶν καὶ πενήτων ἑλόμενος [4] παρὰ τὴν αὑτοῦ φύσιν ἥκιστα δημοτικὴν οὖσαν. ἀλλ' ὡς ἔοικε δεδιὼς μὲν ὑποψίᾳ περιπεσεῖν τυραννίδος, ὁρῶν δ' ἀριστοκρατικὸν τὸν Κίμωνα καὶ διαφερόντως ὑπὸ τῶν καλῶν κἀγαθῶν ἀνδρῶν ἀγαπώμενον, ὑπῆλθε τοὺς πολλούς, ἀσφάλειαν μὲν ἑαυτῷ, δύναμιν δὲ κατ' ἐκείνου παρασκευαζόμενος.

[5] εὐθὺς δὲ καὶ τοῖς περὶ τὴν δίαιταν ἑτέραν τάξιν ἐπέθηκεν. ὁδόν τε γὰρ ἐν ἄστει μίαν ἑωρᾶτο τὴν ἐπ' ἀγορὰν καὶ τὸ βουλευτήριον πορευόμενος, κλήσεις τε δείπνων καὶ τὴν τοιαύτην ἅπασαν φιλοφροσύνην καὶ συνήθειαν ἐξέλιπεν, ὡς ἐν οἷς ἐπολιτεύσατο χρόνοις μακροῖς γενομένοις πρὸς μηδένα τῶν φίλων ἐπὶ δεῖπνον ἐλθεῖν· πλὴν Εὐρυπτολέμου τοῦ ἀνεψιοῦ γαμοῦντος ἄχρι τῶν [6] σπονδῶν παραγενόμενος εὐθὺς ἐξανέστη. δειναὶ γὰρ αἱ φιλοφροσύναι παντὸς ὄγκου περιγενέσθαι, καὶ δυσφύλακτον ἐν συνηθείᾳ τὸ πρὸς δόξαν σεμνόν ἐστι· τῆς ἀληθινῆς δ' ἀρετῆς κάλλιστα φαίνεται τὰ μάλιστα φαινόμενα, καὶ τῶν ἀγαθῶν ἀνδρῶν οὐδὲν οὕτω θαυμάσιον τοῖς [7] ἐκτὸς ὡς ὁ καθ' ἡμέραν βίος τοῖς συνοῦσιν. ὁ δὲ καὶ τῷ δήμῳ, τὸ συνεχὲς φεύγων καὶ τὸν κόρον, οἷον ἐκ διαλειμμάτων ἐπλησίαζεν, οὐκ ἐπὶ παντὶ πράγματι λέγων οὐδ' ἀεὶ παριὼν εἰς τὸ πλῆθος, ἀλλ' ἑαυτὸν ὥσπερ τὴν Σαλαμινίαν τριήρη, φησὶ Κριτόλαος, πρὸς τὰς μεγάλας χρείας ἐπιδιδούς, τἆλλα δὲ φίλους καὶ ῥήτορας ἑτέρους καθιεὶς [8] ἔπραττεν. ὧν ἕνα φασὶ γενέσθαι τὸν Ἐφιάλτην, ὃς κατέλυσε τὸ κράτος τῆς ἐξ Ἀρείου πάγου βουλῆς, πολλὴν κατὰ τὸν Πλάτωνα (respubl. 562c) καὶ ἄκρατον τοῖς πολίταις ἐλευθερίαν οἰνοχοῶν, ὑφ' ἧς ὥσπερ ἵππον ἐξυβρίσαντα τὸν δῆμον οἱ κωμῳδοποιοὶ λέγουσι (adesp. 41 CAF III 406)

πειθαρχεῖν οὐκέτι τολμᾶν, ἀλλ' ‹ἐν›δάκνειν τὴν Εὔβοιαν καὶ ταῖς νήσοις ἐπιπηδᾶν.

[8] [1] Τῇ μέντοι περὶ τὸν βίον κατασκευῇ καὶ τῷ μεγέθει τοῦ φρονήματος ἁρμόζοντα λόγον ὥσπερ ὄργανον ἐξαρτυόμενος, παρενέτεινε πολλαχοῦ τὸν Ἀναξαγόραν, οἷον [2] βαφὴν τῇ ῥητορικῇ τὴν φυσιολογίαν ὑποχεόμενος. τὸ

γὰρ ὑψηλόνουν τοῦτο καὶ πάντῃ τελεσιουργόν, ὡς ὁ θεῖος Πλάτων (Phaedr. 270a) φησί, πρὸς τῷ εὐφυὴς εἶναι κτησάμενος ἐκ φυσιολογίας, καὶ τὸ πρόσφορον ἑλκύσας [3] ἐπὶ τὴν τῶν λόγων τέχνην, πολὺ πάντων διήνεγκε. διὸ καὶ τὴν ἐπίκλησιν αὐτῷ γενέσθαι λέγουσι· καίτοι τινὲς ἀπὸ τῶν ‹ἀναθημάτων› οἷς ἐκόσμησε τὴν πόλιν, οἱ δ' ἀπὸ τῆς ἐν τῇ πολιτείᾳ καὶ ταῖς στρατηγίαις δυνάμεως Ὀλύμπιον αὐτὸν οἴονται προσαγορευθῆναι· καὶ συνδραμεῖν οὐδὲν ἀπέοικεν ἀπὸ πολλῶν προσόντων τῷ ἀνδρὶ τὴν [4] δόξαν. αἱ μέντοι κωμῳδίαι τῶν τότε διδασκάλων, σπουδῇ τε πολλὰς καὶ μετὰ γέλωτος ἀφεικότων φωνὰς εἰς αὐτόν, ἐπὶ τῷ λόγῳ μάλιστα τὴν προσωνυμίαν γενέσθαι δηλοῦσι, βροντᾶν μὲν αὐτὸν καὶ ἀστράπτειν ὅτε δημηγοροίη, δεινὸν δὲ κεραυνὸν ἐν γλώσσῃ φέρειν λεγόντων (Aristoph. α. . a. ξαφ III 4)

[5] Διαμνημονεύεται δέ τις καὶ Θουκυδίδου τοῦ Μελησίου λόγος εἰς τὴν δεινότητα τοῦ Περικλέους μετὰ παιδιᾶς εἰρημένος. ἦν μὲν γὰρ ὁ Θουκυδίδης τῶν καλῶν καὶ ἀγαθῶν ἀνδρῶν, καὶ πλεῖστον ἀντεπολιτεύσατο τῷ Περικλεῖ χρόνον. Ἀρχιδάμου δὲ τοῦ Λακεδαιμονίων βασιλέως πυνθανομένου πότερον αὐτὸς ἢ Περικλῆς παλαίει βέλτιον, ὅταν εἶπεν ἐγὼ καταβάλω παλαίων, ἐκεῖνος ἀντιλέγων ὡς οὐ πέπτωκε, νικᾷ καὶ μεταπείθει τοὺς ὁρῶντας.

[6] Οὐ μὴν ἀλλὰ καὶ οὕτως ὁ Περικλῆς περὶ τὸν λόγον εὐλαβὴς ἦν, ὥστ' ἀεὶ πρὸς τὸ βῆμα βαδίζων ηὔχετο τοῖς θεοῖς [μηδὲ] ῥῆμα μηδὲν ἐκπεσεῖν ἄκοντος αὐτοῦ πρὸς τὴν προκειμένην [7] χρείαν ἀνάρμοστον. ἔγγραφον μὲν οὖν οὐδὲν ἀπολέλοιπε πλὴν τῶν ψηφισμάτων, ἀπομνημονεύεται δ' ὀλίγα παντάπασιν, οἷον τὸ τὴν Αἴγιναν ὡς λήμην τοῦ Πειραιῶς ἀφελεῖν κελεῦσαι, καὶ τὸ τὸν πόλεμον ἤδη φάναι [8] καθορᾶν ἀπὸ Πελοποννήσου προσφερόμενον· καί ποτε τοῦ Σοφοκλέους, ὅτε συστρατηγῶν ἐξέπλευσε μετ' αὐτοῦ, παῖδα καλὸν ἐπαινέσαντος, οὐ μόνον ἔφη τὰς χεῖρας ὦ Σοφόκλεις δεῖ καθαρὰς ἔχειν τὸν στρατηγόν, ἀλλὰ καὶ [9] τὰς ὄψεις. ὁ δὲ Στησίμβροτός (FGrH 107 F 9) φησιν, ὅτι τοὺς ἐν Σάμῳ τεθνηκότας ἐγκωμιάζων ἐπὶ τοῦ βήματος ἀθανάτους ἔλεγε γεγονέναι καθάπερ τοὺς θεούς· οὐδὲ γὰρ ἐκείνους αὐτοὺς ὁρῶμεν, ἀλλὰ ταῖς τιμαῖς ἃς ἔχουσι καὶ τοῖς ἀγαθοῖς ἃ παρέχουσιν ἀθανάτους εἶναι τεκμαιρόμεθα· ταὔτ' οὖν ὑπάρχειν καὶ τοῖς ὑπὲρ τῆς πατρίδος ἀποθανοῦσιν.

[9] [1] Ἐπεὶ δὲ Θουκυδίδης (2, 65) μὲν ἀριστοκρατικήν τινα τὴν τοῦ Περικλέους ὑπογράφει πολιτείαν, λόγῳ μὲν οὖσαν δημοκρατίαν, ἔργῳ δ' ὑπὸ τοῦ πρώτου ἀνδρὸς ἀρχήν, ἄλλοι δὲ πολλοὶ πρῶτον ὑπ' ἐκείνου φασὶ τὸν δῆμον ἐπὶ κληρουχίας καὶ θεωρικὰ καὶ μισθῶν διανομὰς προαχθῆναι, κακῶς ἐθισθέντα καὶ γενόμενον πολυτελῆ καὶ ἀκόλαστον ὑπὸ τῶν τότε πολιτευμάτων ἀντὶ σώφρονος καὶ αὐτουργοῦ, θεωρείσθω διὰ τῶν πραγμάτων

αὐτῶν ἡ [2] αἰτία τῆς μεταβολῆς. ἐν ἀρχῇ μὲν γὰρ ὥσπερ εἴρηται πρὸς τὴν Κίμωνος δόξαν ἀντιταττόμενος ὑπεποιεῖτο τὸν δῆμον, ἐλαττούμενος δὲ πλούτῳ καὶ χρήμασιν, ἀφ’ ὧν ἐκεῖνος ἀνελάμβανε τοὺς πένητας, δεῖπνόν τε καθ’ ἡμέραν τῷ δεομένῳ παρέχων Ἀθηναίων καὶ τοὺς πρεσβυτέρους ἀμφιεννύων, τῶν τε χωρίων τοὺς φραγμοὺς ἀφαιρῶν ὅπως ὀπωρίζωσιν οἱ βουλόμενοι, τούτοις ὁ Περικλῆς καταδημαγωγούμενος τρέπεται πρὸς τὴν τῶν δημοσίων διανομήν, συμβουλεύσαντος αὐτῷ ‹Δάμωνος τοῦ› Δαμωνίδου τοῦ [3] Οἴηθεν, ὡς Ἀριστοτέλης (fr. 365) ἱστόρηκε. καὶ ταχὺ θεωρικοῖς καὶ δικαστικοῖς λήμμασιν ἄλλαις τε μισθοφοραῖς καὶ χορηγίαις συνδεκάσας τὸ πλῆθος, ἐχρῆτο κατὰ τῆς ἐξ Ἀρείου πάγου βουλῆς, ἧς αὐτὸς οὐ μετεῖχε διὰ τὸ μήτ’ ἄρχων μήτε θεσμοθέτης μήτε βασιλεὺς μήτε πολέμαρχος [4] λαχεῖν. αὗται γὰρ αἱ ἀρχαὶ κληρωταί τ’ ἦσαν ἐκ παλαιοῦ, καὶ δι’ αὐτῶν οἱ δοκιμασθέντες ἀνέβαινον [5] εἰς Ἄρειον πάγον. διὸ καὶ μᾶλλον ἰσχύσας ὁ Περικλῆς ἐν τῷ δήμῳ κατεστασίασε τὴν βουλήν, ὥστε τὴν μὲν ἀφαιρεθῆναι τὰς πλείστας κρίσεις δι’ Ἐφιάλτου, Κίμωνα δ’ ὡς φιλολάκωνα καὶ μισόδημον ἐξοστρακισθῆναι, πλούτῳ μὲν καὶ γένει μηδενὸς ἀπολειπόμενον, νίκας δὲ καλλίστας νενικηκότα τοὺς βαρβάρους καὶ χρημάτων πολλῶν καὶ λαφύρων ἐμπεπληκότα τὴν πόλιν, ὡς ἐν τοῖς περὶ ἐκείνου (10, 1) γέγραπται. τοσοῦτον ἦν τὸ κράτος ἐν τῷ δήμῳ τοῦ Περικλέους.

[10] [1] Ὁ μὲν οὖν ἐξοστρακισμὸς ὡρισμένην εἶχε νόμῳ δεκαετίαν τοῖς φεύγουσιν· ἐν δὲ τῷ διὰ μέσου στρατῷ μεγάλῳ Λακεδαιμονίων ἐμβαλόντων εἰς τὴν Ταναγρικὴν καὶ τῶν Ἀθηναίων εὐθὺς ὁρμησάντων ἐπ’ αὐτούς, ὁ μὲν Κίμων ἐλθὼν ἐκ τῆς φυγῆς ἔθετο μετὰ τῶν φυλετῶν εἰς λόχον τὰ ὅπλα, καὶ δι’ ἔργων ἀπολύεσθαι τὸν Λακωνισμὸν ἐβούλετο συγκινδυνεύσας τοῖς πολίταις, οἱ δὲ φίλοι τοῦ [2] Περικλέους συστάντες ἀπήλασαν αὐτὸν ὡς φυγάδα. διὸ καὶ δοκεῖ Περικλῆς ἐρρωμενέστατα τὴν μάχην ἐκείνην ἀγωνίσασθαι καὶ γενέσθαι πάντων ἐπιφανέστατος, ἀφειδήσας [3] τοῦ σώματος. ἔπεσον δὲ καὶ τοῦ Κίμωνος οἱ φίλοι πάντες ὁμαλῶς οὓς Περικλῆς συνεπῃτίατο τοῦ Λακωνισμοῦ, καὶ μετάνοια δεινὴ τοὺς Ἀθηναίους καὶ πόθος ἔσχε τοῦ Κίμωνος, ἡττημένους μὲν ἐπὶ τῶν ὅρων τῆς Ἀττικῆς, προσδοκῶντας δὲ βαρὺν εἰς ἔτους ὥραν πόλεμον.

[4] αἰσθόμενος οὖν ὁ Περικλῆς οὐκ ὤκνησε χαρίσασθαι τοῖς πολλοῖς, ἀλλὰ τὸ ψήφισμα γράψας αὐτὸς ἐκάλει τὸν ἄνδρα, κἀκεῖνος ἐπανελθὼν εἰρήνην ἐποίησε ταῖς πόλεσιν· οἰκείως γὰρ εἶχον οἱ Λακεδαιμόνιοι πρὸς αὐτόν, ὥσπερ ἀπήχθοντο [5] τῷ Περικλεῖ καὶ τοῖς ἄλλοις δημαγωγοῖς. ἔνιοι δέ φασιν οὐ πρότερον γραφῆναι τῷ Κίμωνι τὴν κάθοδον ὑπὸ τοῦ Περικλέους, ἢ συνθήκας αὐτοῖς ἀπορρήτους γενέσθαι δι’ Ἐλπινίκης, τῆς Κίμωνος ἀδελφῆς, ὥστε

Κίμωνα μὲν ἐκπλεῦσαι λαβόντα ναῦς διακοσίας καὶ τῶν ἔξω στρατηγεῖν καταστρεφόμενον τὴν βασιλέως χώραν, Περικλεῖ δὲ τὴν [6] ἐν ἄστει δύναμιν ὑπάρχειν. ἐδόκει δὲ καὶ πρότερον ἡ Ἐλπινίκη τῷ Κίμωνι τὸν Περικλέα πρᾳότερον παρασχεῖν, ὅτε τὴν θανατικὴν δίκην ἔφευγεν. ἦν μὲν γὰρ εἷς τῶν κατηγόρων ὁ Περικλῆς ὑπὸ τοῦ δήμου προβεβλημένος, ἐλθούσης δὲ πρὸς αὐτὸν τῆς Ἐλπινίκης καὶ δεομένης, μειδιάσας εἶπεν· ὦ Ἐλπινίκη, γραῦς εἶ, γραῦς εἶ, ὡς πράγματα τηλικαῦτα διαπράσσειν. οὐ μὴν ἀλλὰ καὶ πρὸς τὸν λόγον ἅπαξ ἀνέστη τὴν προβολὴν ἀφοσιούμενος, καὶ τῶν κατηγόρων [7] ἐλάχιστα τὸν Κίμωνα λυπήσας ἀπεχώρησε. πῶς ἂν οὖν τις Ἰδομενεῖ (FGrH 338 F 8) πιστεύσειε κατηγοροῦντι τοῦ Περικλέους, ὡς τὸν δημαγωγὸν Ἐφιάλτην, φίλον γενόμενον καὶ κοινωνὸν ὄντα τῆς ἐν τῇ πολιτείᾳ προαιρέσεως, δολοφονήσαντος διὰ ζηλοτυπίαν καὶ φθόνον τῆς δόξης; ταῦτα γὰρ οὐκ οἶδ' ὅθεν συναγαγὼν ὥσπερ χολὴν τἀνδρὶ προσβέβληκε, πάντῃ μὲν ἴσως οὐκ ἀνεπιλήπτῳ, φρόνημα δ' εὐγενὲς ἔχοντι καὶ ψυχὴν φιλότιμον, οἷς οὐδὲν ἐμφύεται [8] πάθος ὠμὸν οὕτω καὶ θηριῶδες. Ἐφιάλτην μὲν οὖν, φοβερὸν ὄντα τοῖς ὀλιγαρχικοῖς καὶ περὶ τὰς εὐθύνας καὶ διώξεις τῶν τὸν δῆμον ἀδικούντων ἀπαραίτητον, ἐπιβουλεύσαντες οἱ ἐχθροὶ δι' Ἀριστοδίκου τοῦ Ταναγρικοῦ κρυφαίως ἀνεῖλον, ὡς Ἀριστοτέλης (fr. 367) εἴρηκεν.

Ἐτελεύτησε δὲ Κίμων ἐν Κύπρῳ στρατηγῶν.

[11] [1] Οἱ δ' ἀριστοκρατικοί, μέγιστον μὲν ἤδη τὸν Περικλέα καὶ πρόσθεν ὁρῶντες γεγονότα τῶν πολιτῶν, βουλόμενοι δ' ὅμως εἶναί τινα τὸν πρὸς αὐτὸν ἀντιτασσόμενον ἐν τῇ πόλει καὶ τὴν δύναμιν ἀμβλύνοντα, ὥστε μὴ κομιδῇ μοναρχίαν εἶναι, Θουκυδίδην τὸν Ἀλωπεκῆθεν, ἄνδρα σώφρονα καὶ κηδεστὴν Κίμωνος, ἀντέστησαν ἐναντιωσόμενον, ὃς ἧττον μὲν ὢν πολεμικὸς τοῦ Κίμωνος, ἀγοραῖος δὲ καὶ πολιτικὸς μᾶλλον, οἰκουρῶν ἐν ἄστει καὶ περὶ τὸ βῆμα τῷ Περικλεῖ συμπλεκόμενος, ταχὺ τὴν πολιτείαν εἰς ἀντίπαλον κατέστησεν.

[2] οὐ γὰρ εἴασε τοὺς καλοὺς καὶ ἀγαθοὺς καλουμένους ἄνδρας ἐνδιεσπάρθαι καὶ συμμεμεῖχθαι πρὸς τὸν δῆμον ὡς πρότερον, ὑπὸ πλήθους ἠμαυρωμένους τὸ ἀξίωμα, χωρὶς δὲ διακρίνας καὶ συναγαγὼν εἰς ταὐτὸ τὴν πάντων δύναμιν ἐμβριθῆ γενομένην, ὥσπερ ἐπὶ ζυγοῦ [3] ῥοπὴν ἐποίησεν. ἦν μὲν γὰρ ἐξ ἀρχῆς διπλόη τις ὕπουλος ὥσπερ ἐν σιδήρῳ, διαφορὰν ὑποσημαίνουσα δημοτικῆς καὶ ἀριστοκρατικῆς προαιρέσεως, ἡ δ' ἐκείνων ἅμιλλα καὶ φιλοτιμία τῶν ἀνδρῶν βαθυτάτην τομὴν τεμοῦσα τῆς πόλεως, τὸ μὲν δῆμον, τὸ δ' ὀλίγους ἐποίησε καλεῖσθαι. [4] διὸ καὶ τότε μάλιστα τῷ δήμῳ τὰς ἡνίας ἀνεὶς ὁ Περικλῆς ἐπολιτεύετο πρὸς χάριν, ἀεὶ μέν τινα θέαν πανηγυρικὴν ἢ ἑστίασιν ἢ πομπὴν εἶναι μηχανώμενος ἐν ἄστει, καὶ

διαπαιδαγωγῶν οὐκ ἀμούσοις ἡδοναῖς τὴν πόλιν, ἑξήκοντα δὲ τριήρεις καθ’ ἕκαστον ἐνιαυτὸν ἐκπέμπων, ἐν αἷς πολλοὶ τῶν πολιτῶν ἔπλεον ὀκτὼ μῆνας ἔμμισθοι, μελετῶντες ἅμα καὶ μανθάνοντες τὴν ναυτικὴν ἐμπειρίαν.

[5] πρὸς δὲ τούτοις χιλίους μὲν ἔστειλεν εἰς Χερρόνησον κληρούχους, εἰς δὲ Νάξον πεντακοσίους, εἰς δ’ Ἄνδρον ‹τοὺς› ἡμίσεις τούτων, εἰς δὲ Θρᾴκην χιλίους Βισάλταις συνοικήσοντας, ἄλλους δ’ εἰς Ἰταλίαν ‹ἀν›οικιζομένης [6] Συβάρεως, ἣν Θουρίους προσηγόρευσαν. καὶ ταῦτ’ ἔπραττεν ἀποκουφίζων μὲν ἀργοῦ καὶ διὰ σχολὴν πολυπράγμονος ὄχλου τὴν πόλιν, ἐπανορθούμενος δὲ τὰς ἀπορίας τοῦ δήμου, φόβον δὲ καὶ φρουρὰν τοῦ μὴ νεωτερίζειν τι παρακατοικίζων τοῖς συμμάχοις.

[12] [1] Ὃ δὲ πλείστην μὲν ἡδονὴν ταῖς Ἀθήναις καὶ κόσμον ἤνεγκε, μεγίστην δὲ τοῖς ἄλλοις ἔκπληξιν ἀνθρώποις, μόνον δὲ τῇ Ἑλλάδι μαρτυρεῖ μὴ ψεύδεσθαι τὴν λεγομένην δύναμιν αὐτῆς ἐκείνην καὶ τὸν παλαιὸν ὄλβον, ἡ τῶν ἀναθημάτων κατασκευή, τοῦτο μάλιστα τῶν πολιτευμάτων τοῦ Περικλέους ἐβάσκαινον οἱ ἐχθροὶ καὶ διέβαλλον ἐν ταῖς ἐκκλησίαις, βοῶντες ὡς ὁ μὲν δῆμος ἀδοξεῖ καὶ κακῶς ἀκούει, τὰ κοινὰ τῶν Ἑλλήνων χρήματα πρὸς αὐτὸν ἐκ Δήλου μεταγαγών, ἣ δ’ ἔνεστιν αὐτῷ πρὸς τοὺς ἐγκαλοῦντας εὐπρεπεστάτη τῶν προφάσεων, δείσαντα τοὺς βαρβάρους ἐκεῖθεν ἀνελέσθαι καὶ φυλάττειν ἐν [2] ὀχυρῷ τὰ κοινά, ταύτην ἀνῄρηκε Περικλῆς, καὶ δοκεῖ δεινὴν ὕβριν ἡ Ἑλλὰς ὑβρίζεσθαι καὶ τυραννεῖσθαι περιφανῶς, ὁρῶσα τοῖς εἰσφερομένοις ὑπ’ αὐτῆς ἀναγκαίως πρὸς τὸν πόλεμον ἡμᾶς τὴν πόλιν καταχρυσοῦντας καὶ καλλωπίζοντας ὥσπερ ἀλαζόνα γυναῖκα, περιαπτομένην λίθους πολυτελεῖς καὶ ἀγάλματα καὶ ναοὺς χιλιοταλάντους.

[3] ἐδίδασκεν οὖν ὁ Περικλῆς τὸν δῆμον, ὅτι χρημάτων μὲν οὐκ ὀφείλουσι τοῖς συμμάχοις λόγον, προπολεμοῦντες αὐτῶν καὶ τοὺς βαρβάρους ἀνείργοντες, οὐχ ἵππον, οὐ ναῦν, οὐχ ὁπλίτην, ἀλλὰ χρήματα μόνον τελούντων, ἃ τῶν διδόντων οὐκ ἔστιν, ἀλλὰ τῶν λαμβανόντων, ἂν παρέχωσιν [4] ἀνθ’ οὗ λαμβάνουσι, δεῖ δὲ τῆς πόλεως κατεσκευασμένης ἱκανῶς τοῖς ἀναγκαίοις πρὸς τὸν πόλεμον, εἰς ταῦτα τὴν εὐπορίαν τρέπειν αὐτῆς, ἀφ’ ὧν δόξα μὲν γενομένων ἀίδιος, εὐπορία δὲ γινομένων ἑτοίμη παρέσται, παντοδαπῆς ἐργασίας φανείσης καὶ ποικίλων χρειῶν, αἳ πᾶσαν μὲν τέχνην ἐγείρουσαι, πᾶσαν δὲ χεῖρα κινοῦσαι, σχεδὸν ὅλην ποιοῦσιν ἔμμισθον τὴν πόλιν, ἐξ αὑτῆς ἅμα κοσμουμένην καὶ [5] τρεφομένην. τοῖς μὲν γὰρ ἡλικίαν ἔχουσι καὶ ῥώμην αἱ στρατεῖαι τὰς ἀπὸ τῶν κοινῶν εὐπορίας παρεῖχον, τὸν δ’ ἀσύντακτον καὶ βάναυσον ὄχλον οὔτ’ ἄμοιρον εἶναι λημμάτων βουλόμενος, οὔτε λαμβάνειν ἀργὸν καὶ σχολάζοντα, μεγάλας κατασκευασμάτων ἐπιβολὰς καὶ πολυτέχνους ὑποθέσεις ἔργων διατριβὴν ἐχόντων ἐνέβαλε φέρων εἰς τὸν

δῆμον, ἵνα μηδὲν ἧττον τῶν πλεόντων καὶ φρουρούντων καὶ στρατευομένων τὸ οἰκουροῦν ἔχῃ πρόφασιν ἀπὸ τῶν [6] δημοσίων ὠφελεῖσθαι καὶ μεταλαμβάνειν. ὅπου γὰρ ὕλη μὲν ἦν λίθος, χαλκός, ἐλέφας, χρυσός, ἔβενος, κυπάρισσος, αἱ δὲ ταύτην ἐκπονοῦσαι καὶ κατεργαζόμεναι τέχναι τέκτονες, πλάσται, χαλκοτύποι, λιθουργοί, βαφεῖς χρυσοῦ, μαλακτῆρες ἐλέφαντος, ζωγράφοι, ποικιλταί, τορευταί, πομποὶ δὲ τούτων καὶ κομιστῆρες ἔμποροι καὶ ναῦται καὶ κυβερνῆται κατὰ θάλατταν, οἱ δὲ κατὰ γῆν ἁμαξοπηγοὶ καὶ ζευγοτρόφοι καὶ ἡνίοχοι καὶ καλωστρόφοι καὶ λινουργοὶ καὶ σκυτοτόμοι καὶ ὁδοποιοὶ καὶ μεταλλεῖς, ἑκάστη δὲ τέχνη, καθάπερ στρατηγὸς ἴδιον στράτευμα, τὸν θητικὸν ὄχλον καὶ ἰδιώτην συντεταγμένον εἶχεν, ὄργανον καὶ σῶμα τῆς ὑπηρεσίας γινόμενον, εἰς πᾶσαν ὡς ἔπος εἰπεῖν ἡλικίαν καὶ φύσιν αἱ χρεῖαι διένεμον καὶ διέσπειρον τὴν εὐπορίαν.

[13] [1] Ἀναβαινόντων δὲ τῶν ἔργων ὑπερηφάνων μὲν μεγέθει, μορφῇ δ' ἀμιμήτων καὶ χάριτι, τῶν δημιουργῶν ἁμιλλωμένων ὑπερβάλλεσθαι τὴν δημιουργίαν τῇ καλλιτεχνίᾳ, [2] μάλιστα θαυμάσιον ἦν τὸ τάχος. ὧν γὰρ ἕκαστον ᾤοντο πολλαῖς διαδοχαῖς καὶ ἡλικίαις μόλις ἐπὶ τέλος ἀφίξεσθαι, ταῦτα πάντα μιᾶς ἀκμῇ πολιτείας ἐλάμβανε τὴν συντέλειαν.

[3] καίτοι ποτέ φασιν Ἀγαθάρχου τοῦ ζωγράφου μέγα φρονοῦντος ἐπὶ τῷ ταχὺ καὶ ῥᾳδίως τὰ ζῷα ποιεῖν ἀκούσαντα [4] τὸν Ζεῦξιν εἰπεῖν· ἐγὼ δ' ἐν πολλῷ χρόνῳ. ἡ γὰρ ἐν τῷ ποιεῖν εὐχέρεια καὶ ταχύτης οὐκ ἐντίθησι βάρος ἔργῳ μόνιμον οὐδὲ κάλλους ἀκρίβειαν, ὁ δ' εἰς τὴν γένεσιν τῷ πόνῳ προδανεισθεὶς χρόνος ἐν τῇ σωτηρίᾳ τοῦ γενομένου τὴν ἰσχὺν ἀποδίδωσιν. ὅθεν καὶ μᾶλλον θαυμάζεται τὰ Περικλέους ἔργα, πρὸς πολὺν χρόνον ἐν ὀλίγῳ [5] γενόμενα. κάλλει μὲν γὰρ ἕκαστον εὐθὺς ἦν τότ' ἀρχαῖον, ἀκμῇ δὲ μέχρι νῦν πρόσφατόν ἐστι καὶ νεουργόν· οὕτως ἐπανθεῖ καινότης ἀεί τις, ἄθικτον ὑπὸ τοῦ χρόνου διατηροῦσα τὴν ὄψιν, ὥσπερ ἀειθαλὲς πνεῦμα καὶ ψυχὴν ἀγήρω καταμεμειγμένην τῶν ἔργων ἐχόντων.

[6] Πάντα δὲ διεῖπε καὶ πάντων ἐπίσκοπος ἦν αὐτῷ Φειδίας, καίτοι μεγάλους ἀρχιτέκτονας ἐχόντων καὶ τεχνίτας [7] τῶν ἔργων. τὸν μὲν γὰρ ἑκατόμπεδον Παρθενῶνα Καλλικράτης εἰργάζετο καὶ Ἰκτῖνος, τὸ δ' ἐν Ἐλευσῖνι τελεστήριον ἤρξατο μὲν Κόροιβος οἰκοδομεῖν, καὶ τοὺς ἐπ' ἐδάφους κίονας ἔθηκεν οὗτος καὶ τοῖς ἐπιστυλίοις ἐπέζευξεν· ἀποθανόντος δὲ τούτου Μεταγένης ὁ Ξυπεταιὼν τὸ διάζωσμα καὶ τοὺς ἄνω κίονας ἐπέστησε, τὸ δ' ὀπαῖον ἐπὶ τοῦ ἀνακτόρου Ξενοκλῆς ὁ Χολαργεὺς ἐκορύφωσε· τὸ δὲ μακρὸν τεῖχος, περὶ οὗ Σωκράτης (Plat. Gorg. 455e) ἀκοῦσαί φησιν αὐτὸς εἰσηγουμένου γνώμην Περικλέους, [8] ἠργολάβησε

Καλλικράτης. κωμῳδεῖ δὲ τὸ ἔργον Κρατῖνος (fr. 300 CAF I 100) ὡς βραδέως περαινόμενον·

πάλαι γὰρ αὐτό (φησί)
λόγοισι προάγει Περικλέης, ἔργοισι δ’ οὐδὲ κινεῖ.

[9] τὸ δ’ Ὠιδεῖον, τῇ μὲν ἐντὸς διαθέσει πολύεδρον καὶ πολύστυλον, τῇ δ’ ἐρέψει περικλινὲς καὶ κάταντες ἐκ μιᾶς κορυφῆς πεποιημένον, εἰκόνα λέγουσι γενέσθαι καὶ μίμημα τῆς βασιλέως σκηνῆς, ἐπιστατοῦντος καὶ τούτῳ Περικλέους.

[10] διὸ καὶ πάλιν Κρατῖνος ἐν Θρᾴτταις παίζει πρὸς αὐτόν (fr. 71 CAF I 35)·

ὁ σχινοκέφαλος Ζεὺς ὅδε
προσέρχεται [Περικλέης] τᾠδεῖον ἐπὶ τοῦ κρανίου
ἔχων, ἐπειδὴ τοὔστρακον παροίχεται.

[11] φιλοτιμούμενος δ’ ὁ Περικλῆς τότε πρῶτον ἐψηφίσατο μουσικῆς ἀγῶνα τοῖς Παναθηναίοις ἄγεσθαι, καὶ διέταξεν αὐτὸς ἀθλοθέτης αἱρεθείς, καθότι χρὴ τοὺς ἀγωνιζομένους αὐλεῖν ἢ ᾄδειν ἢ κιθαρίζειν. ἐθεῶντο δὲ καὶ τότε καὶ τὸν ἄλλον χρόνον ἐν Ὠιδείῳ τοὺς μουσικοὺς ἀγῶνας.

[12] Τὰ δὲ Προπύλαια τῆς ἀκροπόλεως ἐξειργάσθη μὲν ἐν πενταετίᾳ Μνησικλέους ἀρχιτεκτονοῦντος, τύχη δὲ θαυμαστὴ συμβᾶσα περὶ τὴν οἰκοδομίαν ἐμήνυσε τὴν θεὸν οὐκ ἀποστατοῦσαν, ἀλλὰ συνεφαπτομένην τοῦ ἔργου καὶ [13] συνεπιτελοῦσαν. ὁ γὰρ ἐνεργότατος καὶ προθυμότατος τῶν τεχνιτῶν ἀποσφαλεὶς ἐξ ὕψους ἔπεσε καὶ διέκειτο μοχθηρῶς, ὑπὸ τῶν ἰατρῶν ἀπεγνωσμένος. ἀθυμοῦντος δὲ τοῦ Περικλέους, ἡ θεὸς ὄναρ φανεῖσα συνέταξε θεραπείαν, ᾗ χρώμενος ὁ Περικλῆς ταχὺ καὶ ῥᾳδίως ἰάσατο τὸν ἄνθρωπον. ἐπὶ τούτῳ δὲ καὶ τὸ χαλκοῦν ἄγαλμα τῆς Ὑγιείας Ἀθηνᾶς ἀνέστησεν ἐν ἀκροπόλει παρὰ τὸν βωμόν, ὃς καὶ πρότερον ἦν ὡς λέγουσιν.

[14] Ὁ δὲ Φειδίας εἰργάζετο μὲν τῆς θεοῦ τὸ χρυσοῦν ἕδος, καὶ τούτου δημιουργὸς ἐν τῇ στήλῃ [εἶναι] γέγραπται· πάντα δ’ ἦν σχεδὸν ἐπ’ αὐτῷ, καὶ πᾶσιν ὡς εἰρήκαμεν [15] ἐπεστάτει τοῖς τεχνίταις διὰ φιλίαν Περικλέους. καὶ τοῦτο τῷ μὲν φθόνον, τῷ δὲ βλασφημίαν ἤνεγκεν, ὡς ἐλευθέρας τῷ Περικλεῖ γυναῖκας εἰς ταὐτὸ φοιτώσας ὑποδεχομένου τοῦ Φειδίου. δεξάμενοι δὲ τὸν λόγον οἱ κωμικοὶ (adesp. 59 CAF III 410) πολλὴν ἀσέλγειαν αὐτοῦ κατεσκέδασαν, εἴς τε τὴν Μενίππου γυναῖκα διαβάλλοντες, ἀνδρὸς φίλου καὶ ὑποστρατηγοῦντος, εἴς τε τὰς Πυριλάμπους ὀρνιθοτροφίας, ὃς ἑταῖρος ὢν Περικλέους αἰτίαν εἶχε ταῶνας ὑφιέναι [16] ταῖς γυναιξὶν αἷς ὁ Περικλῆς ἐπλησίαζε. καὶ τί ἄν τις ἀνθρώπους σατυρικοὺς τοῖς βίοις καὶ τὰς κατὰ τῶν κρειττόνων βλασφημίας ὥσπερ δαίμονι κακῷ τῷ φθόνῳ τῶν πολλῶν

ἀποθύοντας ἑκάστοτε θαυμάσειεν, ὅπου καὶ Στησίμβροτος ὁ Θάσιος (FGrH 107 F 10b) δεινὸν ἀσέβημα καὶ μυσῶδες ἐξενεγκεῖν ἐτόλμησεν εἰς τὴν γυναῖκα τοῦ υἱοῦ κατὰ τοῦ Περικλέους; οὕτως ἔοικε πάντῃ χαλεπὸν εἶναι καὶ δυσθήρατον ἱστορίᾳ τἀληθές, ὅταν οἱ μὲν ὕστερον γεγονότες τὸν χρόνον ἔχωσιν ἐπιπροσθοῦντα τῇ γνώσει τῶν πραγμάτων, ἡ δὲ τῶν πράξεων καὶ τῶν βίων ἡλικιῶτις ἱστορία τὰ μὲν φθόνοις καὶ δυσμενείαις, τὰ δὲ χαριζομένη καὶ κολακεύουσα λυμαίνηται καὶ διαστρέφῃ τὴν ἀλήθειαν.

[14] [1] Τῶν δὲ περὶ τὸν Θουκυδίδην ῥητόρων καταβοώντων τοῦ Περικλέους ὡς σπαθῶντος τὰ χρήματα καὶ τὰς προσόδους ἀπολλύντος, ἠρώτησεν ἐν ἐκκλησίᾳ τὸν δῆμον, εἰ πολλὰ δοκεῖ δεδαπανῆσθαι· φησάντων δὲ πάμπολλα, μὴ τοίνυν εἶπεν ὑμῖν, ἀλλ' ἐμοὶ δεδαπανήσθω, καὶ τῶν ἀναθημάτων ἰδίαν ἐμαυτοῦ ποιήσομαι τὴν ἐπιγραφήν.

[2] εἰπόντος οὖν ταῦτα τοῦ Περικλέους, εἴτε τὴν μεγαλοφροσύνην αὐτοῦ θαυμάσαντες, εἴτε πρὸς τὴν δόξαν ἀντιφιλοτιμούμενοι τῶν ἔργων, ἀνέκραγον κελεύοντες ἐκ τῶν δημοσίων [3] ἀναλίσκειν καὶ χορηγεῖν μηδενὸς φειδόμενον. τέλος δὲ πρὸς τὸν Θουκυδίδην εἰς ἀγῶνα περὶ τοῦ ὀστράκου καταστὰς καὶ διακινδυνεύσας, ἐκεῖνον μὲν ἐξέβαλε, κατέλυσε δὲ τὴν ἀντιτεταγμένην ἑταιρείαν.

[15] [1] Ὡς οὖν παντάπασι λυθείσης τῆς διαφορᾶς, καὶ τῆς πόλεως οἷον ὁμαλῆς καὶ μιᾶς γενομένης κομιδῇ, περιήνεγκεν εἰς ἑαυτὸν τὰς Ἀθήνας καὶ τὰ τῶν Ἀθηναίων ἐξηρτημένα πράγματα, φόρους καὶ στρατεύματα καὶ τριήρεις καὶ νήσους καὶ θάλασσαν καὶ πολλὴν μὲν δι' Ἑλλήνων, πολλὴν δὲ καὶ διὰ βαρβάρων ἥκουσαν ἰσχὺν καὶ ἡγεμονίαν, ὑπηκόοις ἔθνεσι καὶ φιλίαις βασιλέων καὶ συμμαχίαις πεφραγμένην δυναστῶν, οὐκέθ' ὁ αὐτὸς ἦν οὐδ' ὁμοίως χειροήθης τῷ δήμῳ καὶ ῥᾴδιος ὑπείκειν καὶ συνενδιδόναι ταῖς ἐπιθυμίαις ὥσπερ πνοαῖς τῶν πολλῶν, ἀλλ' ἐκ τῆς ἀνειμένης ἐκείνης καὶ ὑποθρυπτομένης ἔνια δημαγωγίας ὥσπερ ἀνθηρᾶς καὶ μαλακῆς ἁρμονίας ἀριστοκρατικὴν καὶ βασιλικὴν ἐντεινάμενος πολιτείαν, καὶ χρώμενος αὐτῇ πρὸς τὸ βέλτιστον ὀρθῇ καὶ ἀνεγκλίτῳ, τὰ μὲν πολλὰ βουλόμενον ἦγε πείθων καὶ διδάσκων τὸν δῆμον, ἦν δ' ὅτε καὶ μάλα δυσχεραίνοντα κατατείνων καὶ προσβιβάζων ἐχειροῦτο τῷ συμφέροντι, μιμούμενος ἀτεχνῶς ἰατρὸν ποικίλῳ νοσήματι καὶ μακρῷ κατὰ καιρὸν μὲν ἡδονὰς ἀβλαβεῖς, κατὰ καιρὸν δὲ δηγμοὺς καὶ φάρμακα προσφέροντα [2] σωτήρια. παντοδαπῶν γὰρ ὡς εἰκὸς παθῶν ἐν ὄχλῳ τοσαύτην τὸ μέγεθος ἀρχὴν ἔχοντι φυομένων, μόνος ἐμμελῶς ἕκαστα διαχειρίσασθαι πεφυκώς, μάλιστα δ' ἐλπίσι καὶ φόβοις ὥσπερ οἴαξι συστέλλων τὸ θρασυνόμενον αὐτῶν καὶ τὸ δύσθυμον ἀνιεὶς καὶ παραμυθούμενος, ἔδειξε τὴν ῥητορικὴν κατὰ Πλάτωνα (Phaedr. 271c)

ψυχαγωγίαν οὖσαν καὶ μέγιστον ἔργον αὐτῆς τὴν περὶ τὰ ἤθη καὶ πάθη μέθοδον, ὥσπερ τινὰς τόνους καὶ φθόγγους ψυχῆς μάλ' [3] ἐμμελοῦς ἁφῆς καὶ κρούσεως δεομένους. αἰτία δ' οὐχ ἡ τοῦ λόγου ψιλῶς δύναμις, ἀλλ', ὡς Θουκυδίδης (2, 65) φησίν, ἡ περὶ τὸν βίον δόξα καὶ πίστις τοῦ ἀνδρός, ἀδωροτάτου περιφανῶς γενομένου καὶ χρημάτων κρείττονος· ὃς τὴν πόλιν ἐκ μεγάλης μεγίστην καὶ πλουσιωτάτην ποιήσας καὶ γενόμενος δυνάμει πολλῶν βασιλέων καὶ τυράννων ὑπέρτερος, ὧν ἔνιοι καὶ ἐπὶ τοῖς υἱέσι διέθεντο ‹τοῖς› ἐκείνου, μιᾷ δραχμῇ μείζονα τὴν οὐσίαν οὐκ ἐποίησεν ἧς ὁ πατὴρ αὐτῷ κατέλιπε.

[16] [1] Καίτοι τὴν δύναμιν αὐτοῦ σαφῶς μὲν ὁ Θουκυδίδης διηγεῖται, κακοήθως δὲ παρεμφαίνουσιν οἱ κωμικοί (adesp. 60 CAF III 411), Πεισιστρατίδας μὲν νέους τοὺς περὶ αὐτὸν ἑταίρους καλοῦντες, αὐτὸν δ' ἀπομόσαι μὴ τυραννήσειν κελεύοντες, ὡς ἀσυμμέτρου πρὸς δημοκρατίαν καὶ βαρυτέρας [2] περὶ αὐτὸν οὔσης ὑπεροχῆς. ὁ δὲ Τηλεκλείδης (fr. 42 CAF I 220) παραδεδωκέναι φησὶν αὐτῷ τοὺς Ἀθηναίους

πόλεών τε φόρους αὐτάς τε πόλεις, τὰς μὲν δεῖν, τὰς δ' ἀναλύειν,
λάινα τείχη, τὰ μὲν οἰκοδομεῖν τὰ δὲ τἄμπαλιν αὖ καταβάλλειν,
σπονδάς, δύναμιν, κράτος, εἰρήνην, πλοῦτόν τ' εὐδαιμονίαν τε.

[3] καὶ ταῦτα καιρὸς οὐκ ἦν οὐδ' ἀκμὴ καὶ χάρις ἀνθούσης ἐφ' ὥρᾳ πολιτείας, ἀλλὰ τεσσαράκοντα μὲν ἔτη πρωτεύων ἐν Ἐφιάλταις καὶ Λεωκράταις καὶ Μυρωνίδαις καὶ Κίμωσι καὶ Τολμίδαις καὶ Θουκυδίδαις, μετὰ δὲ τὴν Θουκυδίδου κατάλυσιν καὶ τὸν ὀστρακισμὸν οὐκ ἐλάττω τῶν πεντεκαίδεκα ἐτῶν διηνεκῆ καὶ μίαν οὖσαν ἐν ταῖς ἐνιαυσίοις στρατηγίαις ἀρχὴν καὶ δυναστείαν κτησάμενος, ἐφύλαξεν ἑαυτὸν ἀνάλωτον ὑπὸ χρημάτων, καίπερ οὐ παντάπασιν ἀργῶς ἔχων πρὸς χρηματισμόν, ἀλλὰ τὸν πατρῷον καὶ δίκαιον πλοῦτον, ὡς μήτ' ἀμελούμενος ἐκφύγοι μήτε πολλὰ πράγματα καὶ διατριβὰς ἀσχολουμένῳ παρέχοι, συνέταξεν εἰς οἰκονομίαν ἣν ᾤετο ῥᾴστην καὶ [4] ἀκριβεστάτην εἶναι. τοὺς γὰρ ἐπετείους καρποὺς ἅπαντας ἀθρόους ἐπίπρασκεν, εἶτα τῶν ἀναγκαίων ἕκαστον ἐξ ἀγορᾶς ὠνούμενος διῴκει τὸν βίον καὶ τὰ περὶ τὴν [5] δίαιταν. ὅθεν οὐχ ἡδὺς ἦν ἐνηλίκοις παισὶν οὐδὲ γυναιξὶ δαψιλὴς χορηγός, ἀλλ' ἐμέμφοντο τὴν ἐφήμερον ταύτην καὶ συνηγμένην εἰς τὸ ἀκριβέστατον δαπάνην, οὐδενὸς οἷον ἐν οἰκίᾳ μεγάλῃ καὶ πράγμασιν ἀφθόνοις περιρρέοντος, ἀλλὰ παντὸς μὲν ἀναλώματος, παντὸς δὲ λήμματος [6] δι' ἀριθμοῦ καὶ μέτρου βαδίζοντος. ὁ δὲ πᾶσαν αὐτοῦ τὴν τοιαύτην συνέχων ἀκρίβειαν εἷς ἦν οἰκέτης Εὐάγγελος, ὡς ἕτερος οὐδεὶς εὖ πεφυκὼς ἢ κατεσκευασμένος ὑπὸ τοῦ [7] Περικλέους πρὸς οἰκονομίαν. ἀπᾴδοντα μὲν οὖν ταῦτα τῆς Ἀναξαγόρου σοφίας, εἴγε καὶ τὴν οἰκίαν ἐκεῖνος

ἐξέλιπε καὶ τὴν χώραν ἀνῆκεν ἀργὴν καὶ μηλόβοτον ὑπ' ἐνθουσιασμοῦ καὶ μεγαλοφροσύνης· οὐ ταὐτὸν δ' ἐστὶν οἶμαι θεωρητικοῦ φιλοσόφου καὶ πολιτικοῦ βίος, ἀλλ' ὁ μὲν ἀνόργανον καὶ ἀπροσδεῆ τῆς ἐκτὸς ὕλης ἐπὶ τοῖς καλοῖς κινεῖ τὴν διάνοιαν, τῷ δ' εἰς ἀνθρωπείας χρείας ἀναμειγνύντι τὴν ἀρετὴν ἔστιν οὗ γένοιτ' ἂν οὐ τῶν ἀναγκαίων μόνον, ἀλλὰ καὶ τῶν καλῶν ὁ πλοῦτος, ὥσπερ ἦν καὶ Περικλεῖ, βοηθοῦντι [8] πολλοῖς τῶν πενήτων. καὶ μέντοι γε τὸν Ἀναξαγόραν αὐτὸν λέγουσιν ἀσχολουμένου Περικλέους ἀμελούμενον κεῖσθαι συγκεκαλυμμένον ἤδη γηραιὸν ἀποκαρτεροῦντα, προσπεσόντος δὲ τῷ Περικλεῖ τοῦ πράγματος, ἐκπλαγέντα θεῖν εὐθὺς ἐπὶ τὸν ἄνδρα καὶ δεῖσθαι πᾶσαν δέησιν, ὀλοφυρόμενον οὐκ ἐκεῖνον, ἀλλ' ἑαυτόν, εἰ τοιοῦτον [9] ἀπολεῖ τῆς πολιτείας σύμβουλον. ἐκκαλυψάμενον οὖν τὸν Ἀναξαγόραν εἰπεῖν πρὸς αὐτόν· ὦ Περίκλεις, καὶ οἱ τοῦ λύχνου χρείαν ἔχοντες ἔλαιον ἐπιχέουσιν.

[17] [1] Ἀρχομένων δὲ Λακεδαιμονίων ἄχθεσθαι τῇ αὐξήσει τῶν Ἀθηναίων, ἐπαίρων ὁ Περικλῆς τὸν δῆμον ἔτι μᾶλλον μέγα φρονεῖν καὶ μεγάλων αὑτὸν ἀξιοῦν πραγμάτων γράφει ψήφισμα, πάντας Ἕλληνας τοὺς ὁποίποτε κατοικοῦντας Εὐρώπης ἢ [τῆς] Ἀσίας παρακαλεῖν, καὶ μικρὰν πόλιν καὶ μεγάλην, εἰς σύλλογον πέμπειν Ἀθήναζε τοὺς βουλευσομένους περὶ τῶν Ἑλληνικῶν ἱερῶν, ἃ κατέπρησαν οἱ βάρβαροι, καὶ τῶν θυσιῶν, ἃς ὀφείλουσιν ὑπὲρ τῆς Ἑλλάδος εὐξάμενοι τοῖς θεοῖς, ὅτε πρὸς τοὺς βαρβάρους ἐμάχοντο, καὶ τῆς θαλάττης, ὅπως πλέωσι πάντες ἀδεῶς [2] καὶ τὴν εἰρήνην ἄγωσιν. ἐπὶ ταῦτα δ' ἄνδρες εἴκοσι τῶν ὑπὲρ πεντήκοντα ἔτη γεγονότων ἐπέμφθησαν, ὧν πέντε μὲν Ἴωνας καὶ Δωριεῖς τοὺς ἐν Ἀσίᾳ καὶ νησιώτας ἄχρι Λέσβου καὶ Ῥόδου παρεκάλουν, πέντε δὲ τοὺς ἐν Ἑλλησπόντῳ καὶ Θρᾴκῃ μέχρι Βυζαντίου τόπους ἐπῄεσαν, καὶ πέντε ἐπὶ τούτοις εἰς Βοιωτίαν καὶ Φωκίδα καὶ Πελοπόννησον, ἐκ δὲ ταύτης διὰ Λοκρῶν ἐπὶ τὴν πρόσοικον ἤπειρον ἕως Ἀκαρνανίας καὶ Ἀμβρακίας ἀπεστάλησαν· [3] οἱ δὲ λοιποὶ δι' Εὐβοίας ἐπ' Οἰταίους. καὶ τὸν Μαλιέα κόλπον καὶ Φθιώτας [καὶ] Ἀχαιοὺς καὶ Θεσσαλοὺς ἐπορεύοντο, συμπείθοντες ἰέναι καὶ μετέχειν τῶν βουλευμάτων [4] ἐπ' εἰρήνῃ καὶ κοινοπραγίᾳ τῆς Ἑλλάδος. ἐπράχθη δ' οὐδὲν οὐδὲ συνῆλθον αἱ πόλεις, Λακεδαιμονίων ὑπεναντιωθέντων, ὡς λέγεται, καὶ τὸ πρῶτον ἐν Πελοποννήσῳ τῆς πείρας ἐλεγχθείσης. τοῦτο μὲν οὖν παρεθέμην ἐνδεικνύμενος αὐτοῦ τὸ φρόνημα καὶ τὴν μεγαλοφροσύνην.

[18] [1] Ἐν δὲ ταῖς στρατηγίαις εὐδοκίμει μάλιστα διὰ τὴν ἀσφάλειαν, οὔτε μάχης ἐχούσης πολλὴν ἀδηλότητα καὶ κίνδυνον ἑκουσίως ἁπτόμενος, οὔτε τοὺς ἐκ τοῦ παραβαλέσθαι χρησαμένους τύχῃ λαμπρᾷ καὶ θαυμασθέντας ὡς

μεγάλους ζηλῶν καὶ μιμούμενος στρατηγούς, ἀεί τε λέγων πρὸς τοὺς πολίτας, ὡς ὅσον ἐπ' αὐτῷ μενοῦσιν [2] ἀθάνατοι πάντα τὸν χρόνον. ὁρῶν δὲ Τολμίδην τὸν Τολμαίου διὰ τὰς πρότερον εὐτυχίας καὶ διὰ τὸ τιμᾶσθαι διαφερόντως ἐκ τῶν πολεμικῶν σὺν οὐδενὶ καιρῷ παρασκευαζόμενον εἰς Βοιωτίαν ἐμβαλεῖν, καὶ πεπεικότα τῶν ἐν ἡλικίᾳ τοὺς ἀρίστους καὶ φιλοτιμοτάτους ἐθελοντὰς στρατεύεσθαι, χιλίους γενομένους ἄνευ τῆς ἄλλης δυνάμεως, κατέχειν ἐπειρᾶτο καὶ παρακαλεῖν ἐν τῷ δήμῳ, τὸ μνημονευόμενον εἰπών, ὡς εἰ μὴ πείθοιτο Περικλεῖ, τόν γε σοφώτατον οὐχ ἁμαρτήσεται σύμβουλον ἀναμείνας, [3] χρόνον. τότε μὲν οὖν μετρίως εὐδοκίμησε τοῦτ' εἰπών· ὀλίγαις δ' ὕστερον ἡμέραις ὡς ἀνηγγέλθη τεθνεὼς μὲν αὐτὸς Τολμίδης περὶ Κορώνειαν ἡττηθεὶς μάχῃ, τεθνεῶτες δὲ πολλοὶ κἀγαθοὶ τῶν πολιτῶν, μεγάλην τοῦτο τῷ Περικλεῖ μετ' εὐνοίας δόξαν ἤνεγκεν ὡς ἀνδρὶ φρονίμῳ καὶ φιλοπολίτῃ.

[19] [1] Τῶν δὲ στρατηγιῶν ἠγαπήθη μὲν ἡ περὶ Χερρόνησον αὐτοῦ μάλιστα, σωτήριος γενομένη τοῖς αὐτόθι κατοικοῦσι τῶν Ἑλλήνων· οὐ γὰρ μόνον ἐποίκους Ἀθηναίων χιλίους κομίσας ἔρρωσεν εὐανδρίᾳ τὰς πόλεις, ἀλλὰ καὶ τὸν αὐχένα διαζώσας ἐρύμασι καὶ προβλήμασιν ἐκ θαλάττης εἰς θάλατταν, ἀπετείχισε τὰς καταδρομὰς τῶν Θρᾳκῶν περικεχυμένων τῇ Χερρονήσῳ, καὶ πόλεμον ἐνδελεχῆ καὶ βαρὺν ἐξέκλεισεν, ᾧ συνείχετο πάντα τὸν χρόνον ἡ χώρα, βαρβαρικαῖς ἀναμεμειγμένη γειτνιάσεσι καὶ γέμουσα [2] λῃστηρίων ὁμόρων καὶ συνοίκων. ἐθαυμάσθη δὲ καὶ διεβοήθη πρὸς τοὺς ἐκτὸς ἀνθρώπους περιπλεύσας Πελοπόννησον, ἐκ Πηγῶν τῆς Μεγαρικῆς ἀναχθεὶς ἑκατὸν τριήρεσιν. οὐ γὰρ μόνον ἐπόρθησε τῆς παραλίας πολλὴν ὡς Τολμίδης πρότερον, ἀλλὰ καὶ πόρρω θαλάττης προελθὼν τοῖς ἀπὸ τῶν νεῶν ὁπλίταις, τοὺς μὲν ἄλλους εἰς τὰ τείχη συνέστειλε δείσαντας αὐτοῦ τὴν ἔφοδον, ἐν δὲ Νεμέᾳ Σικυωνίους ὑποστάντας καὶ συνάψαντας μάχην [3] κατὰ κράτος τρεψάμενος, ἔστησε τρόπαιον. ἐκ δ' Ἀχαΐας φίλης οὔσης στρατιώτας ἀναλαβὼν εἰς τὰς τριήρεις, ἐπὶ τὴν ἀντιπέρας ἤπειρον ἐκομίσθη τῷ στόλῳ, καὶ παραπλεύσας τὸν Ἀχελῷον Ἀκαρνανίαν κατέδραμε καὶ κατέκλεισεν Οἰνιάδας εἰς τὸ τεῖχος, καὶ τεμὼν τὴν γῆν καὶ κακώσας, ἀπῆρεν ἐπ' οἴκου, φοβερὸς μὲν φανεὶς τοῖς πολεμίοις, ἀσφαλὴς δὲ καὶ δραστήριος τοῖς πολίταις. οὐδὲν γὰρ οὐδ' ἀπὸ τύχης πρόσκρουσμα συνέβη περὶ τοὺς στρατευομένους.

[20] [1] Εἰς δὲ τὸν Πόντον εἰσπλεύσας στόλῳ μεγάλῳ καὶ κεκοσμημένῳ λαμπρῶς, ταῖς μὲν Ἑλληνίσι πόλεσιν ὧν ἐδέοντο διεπράξατο καὶ προσηνέχθη φιλανθρώπως, τοῖς δὲ περιοικοῦσι βαρβάροις ἔθνεσι καὶ βασιλεῦσιν αὐτῶν καὶ δυνάσταις ἐπεδείξατο μὲν τῆς δυνάμεως τὸ μέγεθος καὶ τὴν ἄδειαν καὶ τὸ θάρσος, ᾗ βούλοιντο πλεόντων καὶ πᾶσαν ὑφ' αὑτοῖς πεποιημένων τὴν

θάλασσαν, Σινωπεῦσι δὲ τρισκαίδεκα ναῦς ἀπέλιπε μετὰ Λαμάχου καὶ στρατιώτας [2] ἐπὶ Τιμησίλεων τύραννον. ἐκπεσόντος δὲ τούτου καὶ τῶν ἑταίρων, ἐψηφίσατο πλεῖν εἰς Σινώπην Ἀθηναίων ἐθελοντὰς ἑξακοσίους καὶ συγκατοικεῖν Σινωπεῦσι, νειμαμένους οἰκίας καὶ χώραν ἣν πρότερον οἱ τύραννοι κατεῖχον.

[3] τἆλλα δ' οὐ συνεχώρει ταῖς ὁρμαῖς τῶν πολιτῶν οὐδὲ συνεξέπιπτεν, ὑπὸ ῥώμης καὶ τύχης τοσαύτης ἐπαιρομένων Αἰγύπτου τε πάλιν ἀντιλαμβάνεσθαι καὶ κινεῖν [4] τῆς βασιλέως ἀρχῆς τὰ πρὸς θαλάσσῃ. πολλοὺς δὲ καὶ Σικελίας ὁ δύσερως ἐκεῖνος ἤδη καὶ δύσποτμος ἔρως εἶχεν, ὃν ὕστερον ἐξέκαυσαν οἱ περὶ τὸν Ἀλκιβιάδην ῥήτορες. ἦν δὲ καὶ Τυρρηνία καὶ Καρχηδὼν ἐνίοις ὄνειρος, οὐκ ἀπ' ἐλπίδος διὰ τὸ μέγεθος τῆς ὑποκειμένης ἡγεμονίας καὶ τὴν εὔροιαν τῶν πραγμάτων.

[21] [1] Ἀλλ' ὁ Περικλῆς κατεῖχε τὴν ἐκδρομὴν ταύτην καὶ περιέκοπτε τὴν πολυπραγμοσύνην, καὶ τὰ πλεῖστα τῆς δυνάμεως ἔτρεπεν εἰς φυλακὴν καὶ βεβαιότητα τῶν ὑπαρχόντων, μέγα ἔργον ἡγούμενος ἀνείργειν Λακεδαιμονίους καὶ ὅλως ὑπεναντιούμενος ἐκείνοις, ὡς ἄλλοις τε πολλοῖς ἔδειξε καὶ μάλιστα τοῖς περὶ τὸν ἱερὸν πραχθεῖσι πόλεμον.

[2] ἐπεὶ γὰρ οἱ Λακεδαιμόνιοι στρατεύσαντες εἰς Δελφοὺς Φωκέων ἐχόντων τὸ ἱερὸν Δελφοῖς ἀπέδωκαν, εὐθὺς ἐκείνων ἀπαλλαγέντων ὁ Περικλῆς ἐπιστρατεύσας, πάλιν εἰσήγαγε [3] τοὺς Φωκέας, καὶ τῶν Λακεδαιμονίων ἣν ἔδωκαν αὐτοῖς Δελφοὶ προμαντείαν εἰς τὸ μέτωπον ἐγκολαψάντων τοῦ χαλκοῦ λύκου, λαβὼν καὶ αὐτὸς προμαντείαν τοῖς Ἀθηναίοις εἰς τὸν αὐτὸν λύκον κατὰ τὴν δεξιὰν πλευρὰν ἐνεχάραξεν.

[22] [1] Ὅτι δ' ὀρθῶς ἐν τῇ Ἑλλάδι τὴν δύναμιν τῶν Ἀθηναίων συνεῖχεν, ἐμαρτύρησεν αὐτῷ τὰ γενόμενα. πρῶτον μὲν γὰρ Εὐβοεῖς ἀπέστησαν, ἐφ' οὓς διέβη μετὰ δυνάμεως. εἶτ' εὐθὺς ἀπηγγέλλοντο Μεγαρεῖς ἐκπεπολεμωμένοι καὶ στρατιὰ Πελοποννησίων ἐπὶ τοῖς ὅροις τῆς Ἀττικῆς οὖσα, Πλειστώνακτος ἡγουμένου βασιλέως Λακεδαιμονίων.

[2] πάλιν οὖν ὁ Περικλῆς κατὰ τάχος ἐκ τῆς Εὐβοίας ἀνεκομίζετο πρὸς τὸν ἐν τῇ Ἀττικῇ πόλεμον, καὶ συνάψαι μὲν εἰς χεῖρας οὐκ ἐθάρσησε πολλοῖς καὶ ἀγαθοῖς ὁπλίταις προκαλουμένοις, ὁρῶν δὲ τὸν Πλειστώνακτα νέον ὄντα κομιδῇ, χρώμενον δὲ μάλιστα Κλεανδρίδῃ τῶν συμβούλων, ὃν οἱ ἔφοροι φύλακα καὶ πάρεδρον αὐτῷ διὰ τὴν ἡλικίαν συνέπεμψαν, ἐπειρᾶτο τούτου κρύφα, καὶ ταχὺ διαφθείρας χρήμασιν αὐτὸν ἔπεισεν ἐκ τῆς Ἀττικῆς ἀπαγαγεῖν [3] τοὺς Πελοποννησίους. ὡς δ' ἀπεχώρησεν ἡ στρατιὰ καὶ διελύθη κατὰ πόλεις, βαρέως φέροντες οἱ Λακεδαιμόνιοι τὸν μὲν βασιλέα χρήμασιν

ἐζημίωσαν, ὧν τὸ πλῆθος οὐκ ἔχων ἐκτεῖσαι μετέστησεν ἑαυτὸν ἐκ Λακεδαίμονος, τοῦ δὲ Κλεανδρίδου φεύγοντος θάνατον κατέγνωσαν.

[4] οὗτος δ' ἦν πατὴρ Γυλίππου τοῦ περὶ Σικελίαν Ἀθηναίους καταπολεμήσαντος. ἔοικε δ' ὥσπερ συγγενικὸν αὐτῷ προστρίψασθαι νόσημα τὴν φιλαργυρίαν ἡ φύσις, ὑφ' ἧς καὶ αὐτὸς αἰσχρῶς ἐπὶ κακοῖς ἔργοις ἁλοὺς ἐξέπεσε τῆς Σπάρτης. ταῦτα μὲν οὖν ἐν τοῖς περὶ Λυσάνδρου (c. 16. 17) δεδηλώκαμεν.

[23] [1] Τοῦ δὲ Περικλέους ἐν τῷ τῆς στρατηγίας ἀπολογισμῷ δέκα ταλάντων ἀνάλωμα γράψαντος ἀνηλωμένων εἰς τὸ δέον, ὁ δῆμος ἀπεδέξατο μὴ πολυπραγμονήσας μηδ' [2] ἐλέγξας τὸ ἀπόρρητον. ἔνιοι δ' ἱστορήκασιν, ὧν ἐστι καὶ Θεόφραστος ὁ φιλόσοφος, ὅτι καθ' ἕκαστον ἐνιαυτὸν εἰς τὴν Σπάρτην ἐφοίτα δέκα τάλαντα παρὰ τοῦ Περικλέους, οἷς τοὺς ἐν τέλει πάντας θεραπεύων παρῃτεῖτο τὸν πόλεμον, οὐ τὴν εἰρήνην ὠνούμενος, ἀλλὰ τὸν χρόνον ἐν ᾧ παρασκευασάμενος καθ' ἡσυχίαν ἔμελλε πολεμήσειν βέλτιον.

[3] Εὐθὺς οὖν ἐπὶ τοὺς ἀφεστῶτας τραπόμενος καὶ διαβὰς εἰς Εὔβοιαν πεντήκοντα ναυσὶ καὶ πεντακισχιλίοις [4] ὁπλίταις, κατεστρέψατο τὰς πόλεις, καὶ Χαλκιδέων μὲν τοὺς ἱπποβότας λεγομένους πλούτῳ καὶ δόξῃ διαφέροντας ἐξέβαλεν, Ἑστιεῖς δὲ πάντας ἀναστήσας ἐκ τῆς χώρας, Ἀθηναίους κατῴκισε, μόνοις τούτοις ἀπαραιτήτως χρησάμενος, ὅτι ναῦν Ἀττικὴν αἰχμάλωτον λαβόντες ἀπέκτειναν τοὺς ἄνδρας.

[24] Ἐκ τούτου γενομένων σπονδῶν Ἀθηναίοις καὶ Λακεδαιμονίοις εἰς ἔτη τριάκοντα, ψηφίζεται τὸν εἰς Σάμον πλοῦν, αἰτίαν ποιησάμενος κατ' αὐτῶν ὅτι τὸν πρὸς Μιλησίους κελευόμενοι διαλύσασθαι πόλεμον οὐχ ὑπήκουον.

[5] ἐπεὶ δ' Ἀσπασίᾳ χαριζόμενος δοκεῖ πρᾶξαι τὰ πρὸς Σαμίους, ἐνταῦθ' ἂν εἴη καιρὸς διαπορῆσαι μάλιστα περὶ τῆς ἀνθρώπου, τίνα τέχνην ἢ δύναμιν τοσαύτην ἔχουσα, τῶν τε πολιτικῶν τοὺς πρωτεύοντας ἐχειρώσατο, καὶ τοῖς φιλοσόφοις οὐ φαῦλον οὐδ' ὀλίγον ὑπὲρ αὑτῆς παρέσχε [6] λόγον. ὅτι μὲν γὰρ ἦν Μιλησία γένος, Ἀξιόχου θυγάτηρ, ὁμολογεῖται· φασὶ δ' αὐτὴν Θαργηλίαν τινὰ τῶν παλαιῶν Ἰάδων ζηλώσασαν ἐπιθέσθαι τοῖς δυνατωτάτοις ἀνδράσι. [7] καὶ γὰρ ἡ Θαργηλία, τό τ' εἶδος εὐπρεπὴς γενομένη καὶ χάριν ἔχουσα μετὰ δεινότητος, πλείστοις μὲν Ἑλλήνων συνῴκησεν ἀνδράσι, πάντας δὲ προσεποίησε βασιλεῖ τοὺς πλησιάσαντας αὐτῇ, καὶ ταῖς πόλεσι μηδισμοῦ δι' ἐκείνων ὑπέσπειρεν ἀρχάς, δυνατωτάτων ὄντων καὶ μεγίστων.

[8] τὴν δ' Ἀσπασίαν οἱ μὲν ὡς σοφήν τινα καὶ πολιτικὴν ὑπὸ τοῦ Περικλέους σπουδασθῆναι λέγουσι· καὶ γὰρ Σωκράτης ἔστιν ὅτε μετὰ τῶν γνωρίμων ἐφοίτα, καὶ τὰς γυναῖκας ἀκροασομένας οἱ συνήθεις ἦγον ὡς αὐτήν, καίπερ οὐ κοσμίου προεστῶσαν ἐργασίας οὐδὲ σεμνῆς, ἀλλὰ

παιδίσκας [9] ἑταιρούσας τρέφουσαν. Αἰσχίνης (p. 45. 46 Kr.) δέ φησι καὶ Λυσικλέα τὸν προβατοκάπηλον ἐξ ἀγεννοῦς καὶ ταπεινοῦ τὴν φύσιν Ἀθηναίων γενέσθαι πρῶτον Ἀσπασίᾳ [10] συνόντα μετὰ τὴν Περικλέους τελευτήν. ἐν δὲ τῷ Μενεξένῳ τῷ Πλάτωνος (235e), εἰ καὶ μετὰ παιδιᾶς τὰ πρῶτα γέγραπται, τοσοῦτόν γ' ἱστορίας ἔνεστιν, ὅτι δόξαν εἶχε τὸ γύναιον ἐπὶ ῥητορικῇ πολλοῖς Ἀθηναίων ὁμιλεῖν. φαίνεται μέντοι μᾶλλον ἐρωτική τις ἡ τοῦ Περικλέους [11] ἀγάπησις γενομένη πρὸς Ἀσπασίαν. ἦν μὲν γὰρ αὐτῷ γυνὴ προσήκουσα μὲν κατὰ γένος, συνῳκηκυῖα δ' Ἱππονίκῳ πρότερον, ἐξ οὗ Καλλίαν ἔτεκε τὸν πλούσιον· ἔτεκε δὲ καὶ παρὰ τῷ Περικλεῖ Ξάνθιππον καὶ Πάραλον. εἶτα τῆς συμβιώσεως οὐκ οὔσης αὐτοῖς ἀρεστῆς, ἐκείνην μὲν ἑτέρῳ βουλομένην συνεξέδωκεν, αὐτὸς δὲ τὴν Ἀσπασίαν [12] λαβὼν ἔστερξε διαφερόντως. καὶ γὰρ ἐξιὼν ὥς φασι καὶ εἰσιὼν ἀπ' ἀγορᾶς ἠσπάζετο καθ' ἡμέραν αὐτὴν μετὰ τοῦ καταφιλεῖν. ἐν δὲ ταῖς κωμῳδίαις (adesp. 63 CAF III 63) Ὀμφάλη τε νέα καὶ Δῃάνειρα καὶ πάλιν Ἥρα προσαγορεύεται. Κρατῖνος δ' ἄντικρυς παλλακὴν αὐτὴν εἴρηκεν ἐν τούτοις (fr. 241 CAF I 86)·

Ἥραν τέ οἱ Ἀσπασίαν τίκτει [καὶ] Καταπυγοσύνη
παλλακὴν κυνώπιδα.

[13] δοκεῖ δὲ καὶ τὸν νόθον ἐκ ταύτης τεκνῶσαι, περὶ οὗ πεποίηκεν Εὔπολις ἐν Δήμοις (fr. 98 CAF I 282) αὐτὸν μὲν οὕτως ἐρωτῶντα·

ὁ νόθος δέ μοι ζῇ;

τὸν δὲ Μυρωνίδην ἀποκρινόμενον·

καὶ πάλαι γ' ἂν ἦν ἀνήρ,
εἰ μὴ τὸ τῆς πόρνης ὑπωρρώδει κακόν.

[14] οὕτω δὲ τὴν Ἀσπασίαν ὀνομαστὴν καὶ κλεινὴν γενέσθαι λέγουσιν, ὥστε καὶ Κῦρον τὸν πολεμήσαντα βασιλεῖ περὶ τῆς τῶν Περσῶν ἡγεμονίας τὴν ἀγαπωμένην ὑπ' αὐτοῦ μάλιστα τῶν παλλακίδων Ἀσπασίαν ὀνομάσαι, καλουμένην [15] Μίλτω πρότερον. ἦν δὲ Φωκαῒς τὸ γένος, Ἑρμοτίμου θυγάτηρ· ἐν δὲ τῇ μάχῃ Κύρου πεσόντος ἀπαχθεῖσα πρὸς βασιλέα πλεῖστον ἴσχυσε. ταῦτα μὲν ἐπελθόντα τῇ μνήμῃ κατὰ τὴν γραφὴν ἀπώσασθαι καὶ παρελθεῖν ἴσως ἀπάνθρωπον ἦν.

[25] [1] Τὸν δὲ πρὸς Σαμίους πόλεμον αἰτιῶνται μάλιστα τὸν Περικλέα ψηφίσασθαι διὰ Μιλησίους Ἀσπασίας δεηθείσης. αἱ γὰρ πόλεις ἐπολέμουν τὸν περὶ Πριήνης πόλεμον, καὶ κρατοῦντες οἱ Σάμιοι, παύσασθαι τῶν Ἀθηναίων κελευόντων καὶ δίκας λαβεῖν καὶ δοῦναι παρ' αὐτοῖς, οὐκ [2] ἐπείθοντο. πλεύσας οὖν ὁ Περικλῆς τὴν μὲν οὖσαν ὀλιγαρχίαν ἐν Σάμῳ κατέλυσεν, τῶν δὲ πρώτων λαβὼν ὁμήρους ‹ἄνδρας› πεντήκοντα καὶ παῖδας ἴσους εἰς Λῆμνον ἀπέστειλε. καίτοι φασὶν ἕκαστον μὲν αὐτῷ τῶν ὁμήρων

διδόναι τάλαντον ὑπὲρ ἑαυτοῦ, πολλὰ δ’ ἄλλα τοὺς μὴ θέλοντας [3] ἐν τῇ πόλει γενέσθαι δημοκρατίαν. ἔτι δὲ Πισσούθνης ὁ Πέρσης, ἔχων τινὰ πρὸς Σαμίους εὔνοιαν, ἀπέστειλεν αὐτῷ μυρίους χρυσοῦς, παραιτούμενος τὴν πόλιν. οὐ μὴν ἔλαβε τούτων οὐδὲν ὁ Περικλῆς, ἀλλὰ χρησάμενος ὥσπερ ἐγνώκει τοῖς Σαμίοις καὶ καταστήσας δημοκρατίαν, ἀπέπλευσεν [4] εἰς τὰς Ἀθήνας. οἱ δ’ εὐθὺς ἀπέστησαν, ἐκκλέψαντος αὐτοῖς τοὺς ὁμήρους Πισσούθνου, καὶ τἆλλα παρεσκευάσαντο πρὸς τὸν πόλεμον. αὖθις οὖν ὁ Περικλῆς ἐξέπλευσεν ἐπ’ αὐτοὺς οὐχ ἡσυχάζοντας οὐδὲ κατεπτηχότας, ἀλλὰ καὶ πάνυ προθύμως ἐγνωκότας ἀντιλαμβάνεσθαι τῆς θαλάττης.

[5] γενομένης δὲ καρτερᾶς ναυμαχίας περὶ νῆσον ἣν Τραγίας καλοῦσι, λαμπρῶς ὁ Περικλῆς ἐνίκα, τέσσαρσι καὶ τεσσαράκοντα ναυσὶν ἑβδομήκοντα καταναυμαχήσας, ὧν εἴκοσι στρατιώτιδες ἦσαν.

[26] [1] Ἅμα δὲ τῇ νίκῃ καὶ τῇ διώξει τοῦ λιμένος κρατήσας, ἐπολιόρκει τοὺς Σαμίους, ἁμῶς γέ πως ἔτι τολμῶντας ἐπεξιέναι καὶ διαμάχεσθαι πρὸ τοῦ τείχους. ἐπεὶ δὲ μείζων ἕτερος στόλος ἦλθεν ἐκ τῶν Ἀθηνῶν καὶ παντελῶς κατεκλείσθησαν οἱ Σάμιοι, λαβὼν ὁ Περικλῆς ἑξήκοντα τριήρεις ἔπλευσεν εἰς τὸν ἔξω πόντον, ὡς μὲν οἱ πλεῖστοι λέγουσι, Φοινισσῶν νεῶν ἐπικούρων τοῖς Σαμίοις προσφερομένων, ἀπαντῆσαι καὶ διαγωνίσασθαι πορρωτάτω βουλόμενος, ὡς δὲ Στησίμβροτος (FGrH 107 F 8), ἐπὶ Κύπρον στελλόμενος· ὅπερ οὐ δοκεῖ πιθανὸν εἶναι.

[2] ὁποτέρῳ δ’ οὖν ἐχρήσατο τῶν λογισμῶν, ἁμαρτεῖν ἔδοξε. πλεύσαντος γὰρ αὐτοῦ, Μέλισσος ὁ Ἰθαγένους, ἀνὴρ φιλόσοφος στρατηγῶν τότε τῆς Σάμου, καταφρονήσας τῆς ὀλιγότητος τῶν νεῶν καὶ τῆς ἀπειρίας τῶν στρατηγῶν, [3] ἔπεισε τοὺς πολίτας ἐπιθέσθαι τοῖς Ἀθηναίοις, καὶ γενομένης μάχης νικήσαντες οἱ Σάμιοι καὶ πολλοὺς μὲν αὐτῶν ἄνδρας ἑλόντες, πολλὰς δὲ ναῦς διαφθείραντες, ἐχρῶντο τῇ θαλάσσῃ καὶ παρετίθεντο τῶν ἀναγκαίων πρὸς τὸν πόλεμον ὅσα μὴ πρότερον εἶχον. ὑπὸ δὲ τοῦ Μελίσσου καὶ Περικλέα φησὶν αὐτὸν Ἀριστοτέλης (fr. 535) ἡττηθῆναι ναυμαχοῦντα [4] πρότερον. οἱ δὲ Σάμιοι τοὺς αἰχμαλώτους τῶν Ἀθηναίων ἀνθυβρίζοντες ἔστιζον εἰς τὸ μέτωπον γλαῦκας· καὶ γὰρ ἐκείνους οἱ Ἀθηναῖοι σάμαιναν. ἡ δὲ σάμαινα ναῦς ἐστιν ὑόπρωρος μὲν τὸ σίμωμα, κοιλοτέρα δὲ καὶ γαστροειδής, ὥστε καὶ φορτοφορεῖν καὶ ταχυναυτεῖν. οὕτω δ’ ὠνομάσθη διὰ τὸ πρῶτον ἐν Σάμῳ φανῆναι, Πολυκράτους ‹τοῦ› τυράννου κατασκευάσαντος. πρὸς ταῦτα τὰ στίγματα λέγουσι καὶ τὸ Ἀριστοφάνειον (fr. 64 CAF I 408) ᾐνίχθαι·

Σαμίων ὁ δῆμός ἐστιν ὡς πολυγράμματος.

[27] [1] Πυθόμενος δ’ οὖν ὁ Περικλῆς τὴν ἐπὶ στρατοπέδου συμφοράν, ἐβοήθει κατὰ τάχος, καὶ τοῦ Μελίσσου πρὸς αὐτὸν ἀντιταξαμένου κρατήσας καὶ τρεψάμενος, τοὺς πολεμίους εὐθὺς περιετείχιζε, δαπάνῃ καὶ χρόνῳ μᾶλλον ἢ τραύμασι καὶ κινδύνοις τῶν πολιτῶν περιγενέσθαι καὶ [2] συνελεῖν τὴν πόλιν βουλόμενος. ἐπεὶ δὲ δυσχεραίνοντας τῇ τριβῇ τοὺς Ἀθηναίους καὶ μάχεσθαι προθυμουμένους ἔργον ἦν κατασχεῖν, ‹εἰς› ὀκτὼ μέρη διελὼν τὸ πᾶν πλῆθος ἀπεκλήρου, καὶ τῷ λαχόντι τὸν λευκὸν κύαμον εὐωχεῖσθαι [3] καὶ σχολάζειν παρεῖχε τῶν ἄλλων τρυχομένων. διὸ καί φασι τοὺς ἐν εὐπαθείαις τισὶ γενομένους λευκὴν ἡμέραν ἐκείνην ἀπὸ τοῦ λευκοῦ κυάμου προσαγορεύειν. Ἔφορος (FGrH 70 F 194) δὲ καὶ μηχαναῖς χρήσασθαι τὸν Περικλέα, τὴν καινότητα θαυμασταῖς, Ἀρτέμωνος τοῦ μηχανικοῦ παρ‹ασχ›όντος, ὃν χωλὸν ὄντα καὶ φορείῳ πρὸς τὰ κατεπείγοντα τῶν ἔργων προσκομιζόμενον ὀνομασθῆναι Περι[4] φόρητον. τοῦτο μὲν οὖν Ἡρακλείδης ὁ Ποντικὸς (fr. 60 Wehrli) ἐλέγχει τοῖς Ἀνακρέοντος ποιήμασιν (fr. 16 D.) ἐν οἷς ὁ περιφόρητος Ἀρτέμων ὀνομάζεται πολλαῖς ἔμπροσθεν ἡλικίαις τοῦ περὶ Σάμον πολέμου καὶ τῶν πραγμάτων ἐκείνων· τὸν δ’ Ἀρτέμωνά φησι τρυφερόν τινα τῷ βίῳ καὶ πρὸς τοὺς φόβους μαλακὸν ὄντα καὶ καταπλῆγα τὰ πολλὰ μὲν οἴκοι καθέζεσθαι, χαλκῆν ἀσπίδα τῆς κεφαλῆς αὐτοῦ δυεῖν οἰκετῶν ὑπερεχόντων, ὥστε μηδὲν ἐμπεσεῖν τῶν ἄνωθεν, εἰ δὲ βιασθείη προελθεῖν, ἐν κλινιδίῳ κρεμαστῷ παρὰ τὴν γῆν αὐτὴν περιφερόμενον κομίζεσθαι καὶ διὰ τοῦτο κληθῆναι περιφόρητον.

[28] [1] Ἐνάτῳ δὲ μηνὶ τῶν Σαμίων παραστάντων, ὁ Περικλῆς τὰ τείχη καθεῖλε καὶ τὰς ναῦς παρέλαβε καὶ χρήμασι πολλοῖς ἐζημίωσεν, ὧν τὰ μὲν εὐθὺς εἰσήνεγκαν οἱ Σάμιοι, τὰ δ’ ἐν χρόνῳ ῥητῷ ταξάμενοι κατοίσειν ὁμήρους ἔδωκαν.

[2] Δοῦρις δ’ ὁ Σάμιος (FGrH 76 F 67) τούτοις ἐπιτραγῳδεῖ, πολλὴν ὠμότητα τῶν Ἀθηναίων καὶ τοῦ Περικλέους κατηγορῶν, ἣν οὔτε Θουκυδίδης ἱστόρηκεν οὔτ’ Ἔφορος οὔτ’ Ἀριστοτέλης (fr. 536)· ἀλλ’ οὐδ’ ἀληθεύειν ἔοικεν, ὡς ἄρα τοὺς τριηράρχους καὶ τοὺς ἐπιβάτας τῶν Σαμίων εἰς τὴν Μιλησίων ἀγορὰν καταγαγὼν καὶ σανίσι προσδήσας ἐφ’ ἡμέρας δέκα κακῶς ἤδη διακειμένους προσέταξεν ἀνελεῖν, ξύλοις τὰς κεφαλὰς συγκόψαντας, εἶτα [3] προβαλεῖν ἀκήδευτα τὰ σώματα. Δοῦρις μὲν οὖν οὐδ’ ὅπου μηδὲν αὐτῷ πρόσεστιν ἴδιον πάθος εἰωθὼς κρατεῖν τὴν διήγησιν ἐπὶ τῆς ἀληθείας, μᾶλλον ἔοικεν ἐνταῦθα δεινῶσαι τὰς τῆς πατρίδος συμφορὰς ἐπὶ διαβολῇ τῶν Ἀθηναίων.

[4] Ὁ δὲ Περικλῆς καταστρεψάμενος τὴν Σάμον ὡς ἐπανῆλθεν εἰς τὰς Ἀθήνας, ταφάς τε τῶν ἀποθανόντων κατὰ τὸν πόλεμον ἐνδόξους ἐποίησε, καὶ

τὸν λόγον εἰπών, ὥσπερ [5] ἔθος ἐστίν, ἐπὶ τῶν σημάτων ἐθαυμάσθη. καταβαίνοντα δ' αὐτὸν ἀπὸ τοῦ βήματος αἱ μὲν ἄλλαι γυναῖκες ἐδεξιοῦντο καὶ στεφάνοις ἀνέδουν καὶ ταινίαις ὥσπερ ἀθλητὴν [6] νικηφόρον, ἡ δ' Ἐλπινίκη προσελθοῦσα πλησίον, ταῦτ' ἔφη θαυμαστά ‹σου› Περίκλεις καὶ ἄξια στεφάνων, ὃς ἡμῖν πολλοὺς καὶ ἀγαθοὺς ἀπώλεσας πολίτας, οὐ Φοίνιξι πολεμῶν οὐδὲ Μήδοις, ὥσπερ οὑμὸς ἀδελφὸς Κίμων, ἀλλὰ σύμμαχον καὶ συγγενῆ πόλιν καταστρεφόμενος.

[7] ταῦτα τῆς Ἐλπινίκης λεγούσης, ὁ Περικλῆς μειδιάσας ἀτρέμα λέγεται τὸ τοῦ Ἀρχιλόχου (fr. 27 D.) πρὸς αὐτὴν εἰπεῖν·

οὐκ ἂν μύροισι γραῦς ἐοῦσ' ἠλείφεο.

θαυμαστὸν δέ τι καὶ μέγα φρονῆσαι καταπολεμήσαντα τοὺς Σαμίους φησὶν αὐτὸν ὁ Ἴων (FGrH 392 F 16), ὡς τοῦ μὲν Ἀγαμέμνονος ἔτεσι δέκα βάρβαρον πόλιν, αὑτοῦ δὲ μησὶν ἐννέα τοὺς πρώτους καὶ δυνατωτάτους Ἰώνων ἑλόντος.

[8] καὶ οὐκ ἦν ἄδικος ἡ ἀξίωσις, ἀλλ' ὄντως πολλὴν ἀδηλότητα καὶ μέγαν ἔσχε κίνδυνον ὁ πόλεμος, εἴπερ, ὡς Θουκυδίδης φησί (8, 76, 4), παρ' ἐλάχιστον ἦλθε Σαμίων ἡ πόλις ἀφελέσθαι τῆς θαλάττης τὸ κράτος Ἀθηναίους.

[29] [1] Μετὰ ταῦτα κυμαίνοντος ἤδη τοῦ Πελοποννησιακοῦ πολέμου, Κερκυραίοις πολεμουμένοις ὑπὸ Κορινθίων ἔπεισε τὸν δῆμον ἀποστεῖλαι βοήθειαν καὶ προσλαβεῖν ἐρρωμένην ναυτικῇ δυνάμει νῆσον, ὡς ὅσον οὐδέπω Πελοποννησίων ἐκπεπολεμωμένων πρὸς αὐτούς. ψηφισαμένου δὲ τοῦ δήμου τὴν βοήθειαν, ἀπέστειλε δέκα ναῦς μόνας ἔχοντα Λακεδαιμόνιον, τὸν Κίμωνος υἱόν, οἷον ἐφυβρίζων· πολλὴ γὰρ ἦν εὔνοια καὶ φιλία τῷ Κίμωνος οἴκῳ πρὸς [2] Λακεδαιμονίους. ὡς ἂν οὖν, εἰ μηδὲν ἔργον μέγα μηδ' ἐκπρεπὲς ἐν τῇ στρατηγίᾳ τοῦ Λακεδαιμονίου γένοιτο, προσδιαβληθείη μᾶλλον εἰς τὸν λακωνισμόν, ὀλίγας αὐτῷ ναῦς ἔδωκε καὶ μὴ βουλόμενον ἐξέπεμψε, καὶ ὅλως διετέλει κολούων, ὡς μηδὲ τοῖς ὀνόμασι γνησίους, ἀλλ' ὀθνείους καὶ ξένους, ὅτι τῶν Κίμωνος υἱῶν τῷ μὲν ἦν Λακεδαιμόνιος ὄνομα, τῷ δὲ Θεσσαλός, τῷ δ' Ἠλεῖος. ἐδόκουν δὲ [3] πάντες ἐκ γυναικὸς Ἀρκαδικῆς γεγονέναι. κακῶς οὖν ὁ Περικλῆς ἀκούων διὰ τὰς δέκα ταύτας τριήρεις, ὡς μικρὰν μὲν βοήθειαν τοῖς δεηθεῖσι, μεγάλην δὲ πρόφασιν τοῖς ἐγκαλοῦσι παρεσχηκώς, ἑτέρας αὖθις ἔστειλε πλείονας [4] εἰς τὴν Κέρκυραν, αἳ μετὰ τὴν μάχην ἀφίκοντο. χαλεπαίνουσι δὲ τοῖς Κορινθίοις καὶ κατηγοροῦσι τῶν Ἀθηναίων ἐν Λακεδαίμονι προσεγένοντο Μεγαρεῖς, αἰτιώμενοι πάσης μὲν ἀγορᾶς, ἁπάντων δὲ λιμένων ὧν Ἀθηναῖοι κρατοῦσιν εἴργεσθαι καὶ ἀπελαύνεσθαι παρὰ τὰ κοινὰ δίκαια καὶ [5] τοὺς γεγενημένους ὅρκους τοῖς

Ἕλλησιν· Αἰγινῆται δὲ κακοῦσθαι δοκοῦντες καὶ βίαια πάσχειν, ἐποτνιῶντο κρύφα πρὸς τοὺς Λακεδαιμονίους, φανερῶς ἐγκαλεῖν τοῖς Ἀθηναίοις [6] οὐ θαρροῦντες. ἐν δὲ τούτῳ καὶ Ποτείδαια, πόλις ὑπήκοος Ἀθηναίων, ἄποικος δὲ Κορινθίων, ἀποστᾶσα [7] καὶ πολιορκουμένη μᾶλλον ἐπετάχυνε τὸν πόλεμον. οὐ μὴν ἀλλὰ καὶ πρεσβειῶν πεμπομένων Ἀθήναζε, καὶ τοῦ βασιλέως τῶν Λακεδαιμονίων Ἀρχιδάμου τὰ πολλὰ τῶν ἐγκλημάτων εἰς διαλύσεις ἄγοντος καὶ τοὺς συμμάχους πραΰνοντος, οὐκ ἂν δοκεῖ συμπεσεῖν ὑπό γε τῶν ἄλλων αἰτιῶν ὁ πόλεμος τοῖς Ἀθηναίοις, εἰ τὸ ψήφισμα καθελεῖν τὸ Μεγαρικὸν ἐπείσθησαν καὶ διαλλαγῆναι πρὸς αὐτούς.

[8] διὸ καὶ μάλιστα πρὸς τοῦτο Περικλῆς ἐναντιωθεὶς καὶ παροξύνας τὸν δῆμον ἐμμεῖναι τῇ πρὸς τοὺς Μεγαρεῖς φιλονικίᾳ, μόνος ἔσχε τοῦ πολέμου τὴν αἰτίαν.

[30] [1] Λέγουσι δὲ πρεσβείας Ἀθήναζε περὶ τούτων ἐκ Λακεδαίμονος ἀφιγμένης, καὶ τοῦ Περικλέους νόμον τινὰ προβαλομένου κωλύοντα καθελεῖν τὸ πινάκιον ἐν ᾧ τὸ ψήφισμα γεγραμμένον ἐτύγχανεν, εἰπεῖν Πολυάλκη τῶν πρέσβεών τινα· σὺ δὲ μὴ καθέλῃς, ἀλλὰ στρέψον εἴσω τὸ πινάκιον· οὐ γὰρ ἔστι νόμος ὁ τοῦτο κωλύων. κομψοῦ δὲ τοῦ λόγου φανέντος, οὐδέν τι μᾶλλον ὁ Περικλῆς [2] ἐνέδωκεν. ὑπῆν μὲν οὖν τις ὡς ἔοικεν αὐτῷ καὶ ἰδία πρὸς τοὺς Μεγαρεῖς ἀπέχθεια, κοινὴν δὲ καὶ φανερὰν ποιησάμενος αἰτίαν κατ᾽ αὐτῶν, ἀποτέμνεσθαι τὴν ἱερὰν ὀργάδα, γράφει ψήφισμα κήρυκα πεμφθῆναι πρὸς αὐτοὺς καὶ πρὸς Λακεδαιμονίους τὸν αὐτόν, κατηγοροῦντα τῶν [3] Μεγαρέων. τοῦτο μὲν οὖν τὸ ψήφισμα Περικλέους ἐστὶν εὐγνώμονος καὶ φιλανθρώπου δικαιολογίας ἐχόμενον· ἐπεὶ δ᾽ ὁ πεμφθεὶς κῆρυξ Ἀνθεμόκριτος αἰτίᾳ τῶν Μεγαρέων ἀποθανεῖν ἔδοξε, γράφει ψήφισμα κατ᾽ αὐτῶν Χαρῖνος, ἄσπονδον μὲν εἶναι καὶ ἀκήρυκτον ἔχθραν, ὃς δ᾽ ἂν ἐπιβῇ τῆς Ἀττικῆς Μεγαρέων, θανάτῳ ζημιοῦσθαι, τοὺς δὲ στρατηγοὺς ὅταν ὀμνύωσι τὸν πάτριον ὅρκον ἐπομνύειν, ὅτι καὶ δὶς ἀνὰ πᾶν ἔτος εἰς τὴν Μεγαρικὴν εἰσβαλοῦσι· ταφῆναι δ᾽ Ἀνθεμόκριτον παρὰ τὰς Θριασίας πύλας, αἳ [4] νῦν Δίπυλον ὀνομάζονται. Μεγαρεῖς δὲ τὸν Ἀνθεμοκρίτου φόνον ἀπαρνούμενοι, τὰς αἰτίας εἰς Ἀσπασίαν καὶ Περικλέα τρέπουσι, χρώμενοι τοῖς περιβοήτοις καὶ δημώδεσι τούτοις ἐκ τῶν Ἀχαρνέων στιχιδίοις (v. 524 sq.)·

πόρνην δὲ Σιμαίθαν ἰόντες Μεγάραδε
νεανίαι κλέπτουσι μεθυσοκότταβοι·
κᾆθ᾽ οἱ Μεγαρῆς ὀδύναις πεφυσιγγωμένοι
ἀντεξέκλεψαν Ἀσπασίας πόρνας δύο.

[31] [1] Τὴν μὲν οὖν ἀρχὴν ὅπως ἔσχεν οὐ ῥᾴδιον γνῶναι, τοῦ δὲ μὴ λυθῆναι τὸ ψήφισμα πάντες ὡσαύτως τὴν αἰτίαν ἐπιφέρουσι τῷ Περικλεῖ. πλὴν οἱ μὲν ἐκ φρονήματος μεγάλου μετὰ γνώμης κατὰ τὸ βέλτιστον ἀπισχυρίσασθαί φασιν αὐτόν, πεῖραν ἐνδόσεως τὸ πρόσταγμα καὶ τὴν συγχώρησιν ἐξομολόγησιν ἀσθενείας ἡγούμενον, οἱ δὲ μᾶλλον αὐθαδείᾳ τινὶ καὶ φιλονικίᾳ πρὸς ἔνδειξιν ἰσχύος περιφρονῆσαι Λακεδαιμονίων.

[2] Ἡ δὲ χειρίστη μὲν αἰτία πασῶν, ἔχουσα δὲ πλείστους μάρτυρας, οὕτω πως λέγεται. Φειδίας ὁ πλάστης ἐργολάβος μὲν ἦν τοῦ ἀγάλματος ὥσπερ εἴρηται, φίλος δὲ τῷ Περικλεῖ γενόμενος καὶ μέγιστον παρ’ αὐτῷ δυνηθείς, τοὺς μὲν δι’ αὑτὸν ἔσχεν ἐχθροὺς φθονούμενος, οἱ δὲ τοῦ δήμου ποιούμενοι πεῖραν ἐν ἐκείνῳ ποῖός τις ἔσοιτο τῷ Περικλεῖ κριτής, Μένωνά τινα τῶν Φειδίου συνεργῶν πείσαντες ἱκέτην ἐν ἀγορᾷ καθίζουσιν, αἰτούμενον ἄδειαν ἐπὶ μηνύσει [3] καὶ κατηγορίᾳ τοῦ Φειδίου. προσδεξαμένου δὲ τοῦ δήμου τὸν ἄνθρωπον καὶ γενομένης ἐν ἐκκλησίᾳ διώξεως, κλοπαὶ μὲν οὐκ ἠλέγχοντο· τὸ γὰρ χρυσίον οὕτως εὐθὺς ἐξ ἀρχῆς τῷ ἀγάλματι προσειργάσατο καὶ περιέθηκεν ὁ Φειδίας γνώμῃ τοῦ Περικλέους, ὥστε πᾶν δυνατὸν εἶναι περιελοῦσιν ἀποδεῖξαι τὸν σταθμόν, ὃ καὶ τότε τοὺς κατηγόρους ἐκέλευσε ποιεῖν ὁ Περικλῆς· ἡ δὲ δόξα τῶν ἔργων ἐπίεζε φθόνῳ τὸν Φειδίαν, καὶ μάλισθ’ ὅτι τὴν πρὸς Ἀμαζόνας μάχην ἐν τῇ ἀσπίδι ποιῶν αὑτοῦ τινα μορφὴν ἐνετύπωσε, πρεσβύτου φαλακροῦ πέτρον ἐπηρμένου δι’ ἀμφοτέρων τῶν χειρῶν, καὶ τοῦ Περικλέους εἰκόνα παγκάλην ἐνέθηκε [4] μαχομένου πρὸς Ἀμαζόνα. τὸ δὲ σχῆμα τῆς χειρός, ἀνατεινούσης δόρυ πρὸ τῆς ὄψεως τοῦ Περικλέους, πεποιημένον εὐμηχάνως οἷον ἐπικρύπτειν βούλεται τὴν ὁμοιότητα, [5] παραφαινομένην ἑκατέρωθεν. ὁ μὲν οὖν Φειδίας εἰς τὸ δεσμωτήριον ἀπαχθεὶς ἐτελεύτησε νοσήσας, ὡς δέ φασιν ἔνιοι φαρμάκοις, ἐπὶ διαβολῇ τοῦ Περικλέους τῶν ἐχθρῶν παρασκευασάντων. τῷ δὲ μηνυτῇ Μένωνι γράψαντος Γλαύκωνος ἀτέλειαν ὁ δῆμος ἔδωκε, καὶ προσέταξε τοῖς στρατηγοῖς ἐπιμελεῖσθαι τῆς ἀσφαλείας τοῦ ἀνθρώπου.

[32] [1] Περὶ δὲ τοῦτον τὸν χρόνον Ἀσπασία δίκην ἔφευγεν ἀσεβείας, Ἑρμίππου τοῦ κωμῳδιοποιοῦ διώκοντος καὶ προσκατηγοροῦντος, ὡς Περικλεῖ γυναῖκας ἐλευθέρας [2] εἰς τὸ αὐτὸ φοιτώσας ὑποδέχοιτο, καὶ ψήφισμα Διοπείθης ἔγραψεν εἰσαγγέλλεσθαι τοὺς τὰ θεῖα μὴ νομίζοντας ἢ λόγους περὶ τῶν μεταρσίων διδάσκοντας, ἀπερειδόμενος [3] εἰς Περικλέα δι’ Ἀναξαγόρου τὴν ὑπόνοιαν. δεχομένου δὲ τοῦ δήμου καὶ προσιεμένου τὰς διαβολάς, οὕτως ἤδη ψήφισμα κυροῦται Δρακοντίδου γράψαντος, ὅπως οἱ λόγοι τῶν χρημάτων ὑπὸ Περικλέους εἰς τοὺς πρυτάνεις ἀποτεθεῖεν, οἱ δὲ δικασταὶ τὴν ψῆφον ἀπὸ τοῦ βωμοῦ φέροντες [4] ἐν τῇ πόλει κρίνοιεν. Ἅγνων

δὲ τοῦτο μὲν ἀφεῖλε τοῦ ψηφίσματος, κρίνεσθαι δὲ τὴν δίκην ἔγραψεν ἐν δικασταῖς χιλίοις καὶ πεντακοσίοις, εἴτε κλοπῆς καὶ δώρων [5] εἴτ' ἀδικίου βούλοιτό τις ὀνομάζειν τὴν δίωξιν. Ἀσπασίαν μὲν οὖν ἐξῃτήσατο, πολλὰ πάνυ παρὰ τὴν δίκην, ὡς Αἰσχίνης (p. 48 Kr.) φησίν, ἀφεὶς ὑπὲρ αὐτῆς δάκρυα καὶ δεηθεὶς τῶν δικαστῶν, Ἀναξαγόραν δὲ φοβηθεὶς ‹τὸ δικαστήριον› [6] ἐξέκλεψε καὶ προύπεμψεν ἐκ τῆς πόλεως. ὡς δὲ διὰ Φειδίου προσέπταισε τῷ δήμῳ, [φοβηθεὶς τὸ δικαστήριον] μέλλοντα τὸν πόλεμον καὶ ὑποτυφόμενον ἐξέκαυσεν, ἐλπίζων διασκεδάσειν τὰ ἐγκλήματα καὶ ταπεινώσειν τὸν φθόνον, ἐν πράγμασι μεγάλοις καὶ κινδύνοις τῆς πόλεως ἐκείνῳ μόνῳ διὰ τὸ ἀξίωμα καὶ τὴν δύναμιν ἀναθείσης ἑαυτήν. αἱ μὲν οὖν αἰτίαι, δι' ἃς οὐκ εἴασεν ἐνδοῦναι Λακεδαιμονίοις τὸν δῆμον, αὗται λέγονται· τὸ δ' ἀληθὲς ἄδηλον.

[33] [1] Οἱ δὲ Λακεδαιμόνιοι γινώσκοντες ὡς ἐκείνου καταλυθέντος εἰς πάντα μαλακωτέροις χρήσονται τοῖς Ἀθηναίοις, ἐκέλευον αὐτοὺς τὸ ἄγος ἐλαύνειν τὸ Κυλώνειον, ᾧ τὸ μητρόθεν γένος τοῦ Περικλέους ἔνοχον ἦν, ὡς Θουκυδίδης [2] (1, 127) ἱστόρηκεν. ἡ δὲ πεῖρα περιέστη τοῖς πέμψασιν εἰς τοὐναντίον· ἀντὶ γὰρ ὑποψίας καὶ διαβολῆς ὁ Περικλῆς ἔτι μείζονα πίστιν ἔσχε καὶ τιμὴν παρὰ τοῖς πολίταις, ὡς μάλιστα μισούντων καὶ φοβουμένων ἐκεῖνον [3] τῶν πολεμίων. διὸ καὶ πρὶν ἐμβαλεῖν εἰς τὴν Ἀττικὴν τὸν Ἀρχίδαμον ἔχοντα τοὺς Πελοποννησίους προεῖπε τοῖς Ἀθηναίοις, ἂν ἄρα τἆλλα δῃῶν ὁ Ἀρχίδαμος ἀπέχηται τῶν ἐκείνου διὰ τὴν ξενίαν τὴν οὖσαν αὐτοῖς ἢ διαβολῆς τοῖς ἐχθροῖς ἐνδιδοὺς ἀφορμάς, ὅτι τῇ πόλει καὶ τὴν χώραν καὶ τὰς ἐπαύλεις ἐπιδίδωσιν.

[4] Ἐμβάλλουσιν οὖν εἰς τὴν Ἀττικὴν στρατῷ μεγάλῳ Λακεδαιμόνιοι μετὰ τῶν συμμάχων, Ἀρχιδάμου τοῦ βασιλέως ἡγουμένου, καὶ δῃοῦντες τὴν χώραν προῆλθον εἰς Ἀχαρνὰς καὶ κατεστρατοπέδευσαν, ὡς τῶν Ἀθηναίων οὐκ ἀνεξομένων, ἀλλ' ὑπ' ὀργῆς καὶ φρονήματος διαμαχουμένων [5] πρὸς αὐτούς. τῷ δὲ Περικλεῖ δεινὸν ἐφαίνετο πρὸς τοὺς ἑξακισμυρίους Πελοποννησίων καὶ Βοιωτῶν ὁπλίτας - τοσοῦτοι γὰρ ἦσαν οἱ τὸ πρῶτον ἐμβαλόντες - ὑπὲρ αὐτῆς τῆς πόλεως μάχην συνάψαι· τοὺς δὲ βουλομένους μάχεσθαι καὶ δυσπαθοῦντας πρὸς τὰ γιγνόμενα κατεπράυνε, λέγων ὡς δένδρα μὲν τμηθέντα καὶ κοπέντα φύεται ταχέως, ἀνδρῶν δὲ διαφθαρέντων αὖθις τυχεῖν οὐ ῥᾴδιόν [6] ἐστι. τὸν δὲ δῆμον εἰς ἐκκλησίαν οὐ συνῆγε, δεδιὼς βιασθῆναι παρὰ γνώμην, ἀλλ' ὥσπερ νεὼς κυβερνήτης ἀνέμου κατιόντος ἐν πελάγει θέμενος εὖ πάντα καὶ κατατείνας τὰ ὅπλα χρῆται τῇ τέχνῃ, δάκρυα καὶ δεήσεις ἐπιβατῶν ναυτιώντων καὶ φοβουμένων ἐάσας, οὕτως ἐκεῖνος τό τ' ἄστυ συγκλείσας καὶ καταλαβὼν πάντα φυλακαῖς πρὸς ἀσφάλειαν, ἐχρῆτο

τοῖς αὑτοῦ λογισμοῖς, βραχέα [7] φροντίζων τῶν καταβοώντων καὶ δυσχεραινόντων. καίτοι πολλοὶ μὲν αὐτῷ τῶν φίλων δεόμενοι προσέκειντο, πολλοὶ δὲ τῶν ἐχθρῶν ἀπειλοῦντες καὶ κατηγοροῦντες, χοροὶ δ' ᾖδον ᾄσματα καὶ σκώμματα πρὸς αἰσχύνην, ἐφυβρίζοντες αὐτοῦ τὴν στρατηγίαν ὡς ἄνανδρον καὶ προϊεμένην τὰ [8] πράγματα τοῖς πολεμίοις. ἐπεφύετο δὲ καὶ Κλέων ἤδη, διὰ τῆς πρὸς ἐκεῖνον ὀργῆς τῶν πολιτῶν πορευόμενος ἐπὶ τὴν δημαγωγίαν, ὡς τὰ ἀνάπαιστα ταῦτα δηλοῖ ποιήσαντος Ἑρμίππου (fr. 46 CAF I 236)·

βασιλεῦ σατύρων, τί ποτ' οὐκ ἐθέλεις
δόρυ βαστάζειν, ἀλλὰ λόγους μὲν
περὶ τοῦ πολέμου δεινοὺς παρέχεις,
ψυχὴ δὲ Τέλητος ὕπεστιν;
κἀγχειριδίου δ' ἀκόνῃ σκληρᾷ
παραθηγομένης βρύχεις κοπίδος,
δηχθεὶς αἴθωνι Κλέωνι.

[34] [1] Πλὴν ὑπ' οὐδενὸς ἐκινήθη τῶν τοιούτων ὁ Περικλῆς, ἀλλὰ πρᾴως καὶ σιωπῇ τὴν ἀδοξίαν καὶ τὴν ἀπέχθειαν ὑφιστάμενος, καὶ νεῶν ἑκατὸν ἐπὶ τὴν Πελοπόννησον στόλον ἐκπέμπων, αὐτὸς οὐ συνεξέπλευσεν, ἀλλ' ἔμεινεν οἰκουρῶν καὶ διὰ χειρὸς ἔχων τὴν πόλιν, ἕως [2] ἀπηλλάγησαν οἱ Πελοποννήσιοι. θεραπεύων δὲ τοὺς πολλοὺς [ὅμως] ἀσχάλλοντας ἐπὶ τῷ πολέμῳ, διανομαῖς τε χρημάτων ἀνελάμβανε καὶ κληρουχίας ἔγραφεν· Αἰγινήτας γὰρ ἐξελάσας ἅπαντας, διένειμε τὴν νῆσον Ἀθηναίων τοῖς [3] λαχοῦσιν. ἦν δέ τις παρηγορία καὶ ἀφ' ὧν ἔπασχον οἱ πολέμιοι. καὶ γὰρ οἱ περιπλέοντες τὴν Πελοπόννησον χώραν τε πολλὴν κώμας τε καὶ πόλεις μικρὰς διεπόρθησαν, καὶ κατὰ γῆν αὐτὸς ἐμβαλὼν εἰς τὴν Μεγαρικὴν [4] ἔφθειρε πᾶσαν. ᾗ καὶ δῆλον ἦν, ὅτι πολλὰ μὲν δρῶντες κατὰ γῆν κακὰ τοὺς Ἀθηναίους, πολλὰ δὲ πάσχοντες ὑπ' ἐκείνων ἐκ θαλάττης, οὐκ ἂν εἰς μῆκος πολέμου τοσοῦτο προὔβησαν, ἀλλὰ ταχέως ἀπεῖπον, ὥσπερ ἐξ ἀρχῆς ὁ Περικλῆς προηγόρευσεν, εἰ μή τι δαιμόνιον ὑπηναντιώθη [5] τοῖς ἀνθρωπίνοις λογισμοῖς. νῦν δὲ πρῶτον μὲν ἡ λοιμώδης ἐνέπεσε φθορὰ καὶ κατενεμήθη τὴν ἀκμάζουσαν ἡλικίαν καὶ δύναμιν, ὑφ' ἧς καὶ τὰ σώματα κακούμενοι καὶ τὰς ψυχάς, παντάπασιν ἠγριώθησαν πρὸς τὸν Περικλέα, καὶ καθάπερ [πρὸς] ἰατρὸν ἢ πατέρα τῇ νόσῳ παραφρονήσαντες ἀδικεῖν ἐπεχείρησαν, ἀναπεισθέντες ὑπὸ τῶν ἐχθρῶν ὡς τὴν μὲν νόσον ἡ τοῦ χωρικοῦ πλήθους εἰς τὸ ἄστυ συμφόρησις ἀπεργάζεται, θέρους ὥρᾳ πολλῶν ὁμοῦ χύδην ἐν οἰκήμασι μικροῖς καὶ σκηνώμασι πνιγηροῖς ἀναγκαζομένων διαιτᾶσθαι δίαιταν οἰκουρὸν καὶ ἀργὴν ἀντὶ καθαρᾶς καὶ ἀναπεπταμένης τῆς πρότερον,

τούτου δ' αἴτιος ὁ τῷ πολέμῳ τὸν ἀπὸ τῆς χώρας ὄχλον εἰς τὰ τείχη καταχεάμενος καὶ πρὸς οὐδὲν ἀνθρώποις τοσούτοις χρώμενος, ἀλλ' ἐῶν ὥσπερ βοσκήματα καθειργμένους ἀναπίμπλασθαι φθορᾶς ἀπ' ἀλλήλων καὶ μηδεμίαν μεταβολὴν μηδ' ἀναψυχὴν ἐκπορίζων.

[35] [1] Ταῦτα βουλόμενος ἰᾶσθαι καί τι παραλυπεῖν τοὺς πολεμίους, ἑκατὸν καὶ πεντήκοντα ναῦς ἐπλήρου, καὶ πολλοὺς καὶ ἀγαθοὺς ὁπλίτας καὶ ἱππεῖς ἀναβιβασάμενος, ἔμελλεν ἀνάγεσθαι, μεγάλην ἐλπίδα τοῖς πολίταις καὶ φόβον οὐκ ἐλάττω τοῖς πολεμίοις ἀπὸ τοσαύτης ἰσχύος [2] παρασχών. ἤδη δὲ πεπληρωμένων τῶν νεῶν καὶ τοῦ Περικλέους ἀναβεβηκότος ἐπὶ τὴν ἑαυτοῦ τριήρη, τὸν μὲν ἥλιον ἐκλιπεῖν συνέβη καὶ γενέσθαι σκότος, ἐκπλαγῆναι δὲ πάντας ὡς πρὸς μέγα σημεῖον. ὁρῶν οὖν ὁ Περικλῆς περίφοβον τὸν κυβερνήτην καὶ διηπορημένον, ἀνέσχε τὴν χλαμύδα πρὸ τῆς ὄψεως αὐτοῦ, καὶ παρακαλύψας ἠρώτησε, μή τι δεινὸν ἢ δεινοῦ τινος οἴεται σημεῖον· ὡς δ' οὐκ ἔφη, τί οὖν εἶπεν ἐκεῖνο τούτου διαφέρει, πλὴν ὅτι μεῖζόν τι τῆς χλαμύδος ἐστὶ τὸ πεποιηκὸς τὴν ἐπισκότησιν; ταῦτα μὲν οὖν ἐν ταῖς σχολαῖς λέγεται τῶν φιλοσόφων.

[3] Ἐκπλεύσας δ' οὖν ὁ Περικλῆς οὔτ' ἄλλο τι δοκεῖ τῆς παρασκευῆς ἄξιον δρᾶσαι, πολιορκήσας τε τὴν ἱερὰν Ἐπίδαυρον ἐλπίδα παρασχοῦσαν ὡς ἁλωσομένην, ἀπέτυχε διὰ τὴν νόσον. ἐπιγενομένη γὰρ οὐκ αὐτοὺς μόνον, ἀλλὰ καὶ τοὺς ὁπωσοῦν τῇ στρατιᾷ συμμείξαντας προσδιέφθειρεν. ἐκ τούτου χαλεπῶς διακειμένους τοὺς Ἀθηναίους [4] πρὸς αὐτὸν ἐπειρᾶτο παρηγορεῖν καὶ ἀναθαρρύνειν. οὐ μὴν παρέλυσε τῆς ὀργῆς οὐδὲ μετέπεισε πρότερον, ἢ τὰς ψήφους λαβόντας ἐπ' αὐτὸν εἰς τὰς χεῖρας καὶ γενομένους κυρίους ἀφελέσθαι τὴν στρατηγίαν καὶ ζημιῶσαι χρήμασιν, ὧν ἀριθμὸν οἱ τὸν ἐλάχιστον πεντεκαίδεκα τάλαντα, πεντήκοντα [5] δ' οἱ τὸν πλεῖστον γράφουσιν. ἐπεγράφη δὲ τῇ δίκῃ κατήγορος, ὡς μὲν Ἰδομενεὺς (FGrH 338 F 9) λέγει, Κλέων, ὡς δὲ Θεόφραστος, Σιμμίας· ὁ δὲ Ποντικὸς Ἡρακλείδης (fr. 47 Wehrli) Λακρατείδην εἴρηκε.

[36] [1] Τὰ μὲν οὖν δημόσια ταχέως ἔμελλε παύσεσθαι, καθάπερ κέντρον εἰς τοῦτον ἅμα ‹τῇ› πληγῇ τὸν θυμὸν ἀφεικότων τῶν πολλῶν· τὰ δ' οἰκεῖα μοχθηρῶς εἶχεν αὐτῷ, κατὰ τὸν λοιμὸν οὐκ ὀλίγους ἀποβαλόντι τῶν ἐπιτηδείων, [2] καὶ στάσει διατεταραγμένα πόρρωθεν. ὁ γὰρ πρεσβύτερος αὐτοῦ τῶν γνησίων υἱῶν Ξάνθιππος, φύσει τε δαπανηρὸς ὢν καὶ γυναικὶ νέᾳ καὶ πολυτελεῖ συνοικῶν, Τεισάνδρου θυγατρὶ τοῦ Ἐπιλύκου, χαλεπῶς ἔφερε τὴν τοῦ πατρὸς ἀκρίβειαν, γλίσχρα καὶ κατὰ μικρὸν αὐτῷ [3] χορηγοῦντος. πέμψας οὖν πρός τινα τῶν φίλων ἔλαβεν [4] ἀργύριον ὡς τοῦ Περικλέους κελεύσαντος. ἐκείνου δ' ὕστερον ἀπαιτοῦντος, ὁ μὲν Περικλῆς καὶ δίκην

αὐτῷ προσέλαχε, τὸ δὲ μειράκιον ὁ Ξάνθιππος ἐπὶ τούτῳ χαλεπῶς διατεθεὶς ἐλοιδόρει τὸν πατέρα, πρῶτον μὲν ἐκφέρων ἐπὶ γέλωτι τὰς οἴκοι διατριβὰς αὐτοῦ καὶ τοὺς λόγους οὓς [5] ἐποιεῖτο μετὰ τῶν σοφιστῶν. πεντάθλου γάρ τινος ἀκοντίῳ πατάξαντος Ἐπίτιμον τὸν Φαρσάλιον ἀκουσίως καὶ κτείναντος, ἡμέραν ὅλην ἀναλῶσαι μετὰ Πρωταγόρου διαποροῦντα, πότερον τὸ ἀκόντιον ἢ τὸν βαλόντα μᾶλλον ἢ τοὺς ἀγωνοθέτας κατὰ τὸν ὀρθότατον λόγον αἰτίους χρὴ τοῦ [6] πάθους ἡγεῖσθαι. πρὸς δὲ τούτοις καὶ τὴν περὶ τῆς γυναικὸς διαβολὴν ὑπὸ τοῦ Ξανθίππου φησὶν ὁ Στησίμβροτος (FGrH 107 F 11) εἰς τοὺς πολλοὺς διασπαρῆναι, καὶ ὅλως ἀνήκεστον ἄχρι τῆς τελευτῆς τῷ νεανίσκῳ πρὸς τὸν πατέρα διαμεῖναι τὴν διαφοράν· ἀπέθανε γὰρ ὁ Ξάνθιππος [7] ἐν τῷ λοιμῷ νοσήσας. ἀπέβαλε δὲ καὶ τὴν ἀδελφὴν ὁ Περικλῆς τότε καὶ τῶν κηδεστῶν καὶ φίλων τοὺς πλείστους [8] καὶ χρησιμωτάτους πρὸς τὴν πολιτείαν. οὐ μὴν ἀπεῖπεν οὐδὲ προὔδωκε τὸ φρόνημα καὶ τὸ μέγεθος τῆς ψυχῆς ὑπὸ τῶν συμφορῶν, ἀλλ' οὐδὲ κλαίων οὔτε κηδεύων οὔτε πρὸς τάφῳ τινὸς ὤφθη τῶν ἀναγκαίων, πρίν γε δὴ καὶ τὸν περίλοιπον αὐτοῦ τῶν γνησίων υἱῶν ἀποβαλεῖν [9] Πάραλον. ἐπὶ τούτῳ δὲ καμφθείς, ἐπειρᾶτο μὲν ἐγκαρτερεῖν τῷ ἤθει καὶ διαφυλάττειν τὸ μεγαλόψυχον, ἐπιφέρων δὲ τῷ νεκρῷ στέφανον ἡττήθη τοῦ πάθους πρὸς τὴν ὄψιν, ὥστε κλαυθμόν τε ῥῆξαι καὶ πλῆθος ἐκχέαι δακρύων, οὐδέποτε τοιοῦτον οὐδὲν ἐν τῷ λοιπῷ βίῳ πεποιηκώς.

[37] [1] Τῆς δὲ πόλεως πειρωμένης τῶν ἄλλων στρατηγῶν εἰς τὸν πόλεμον καὶ ῥητόρων, οὐδεὶς βάρος ἔχων ἰσόρροπον οὐδ' ἀξίωμα πρὸς τοσαύτην ἐχέγγυον ἡγεμονίαν ἐφαίνετο· ποθούσης δ' ἐκεῖνον καὶ καλούσης ἐπὶ τὸ βῆμα καὶ τὸ στρατήγιον, ἀθυμῶν καὶ κείμενος οἴκοι διὰ τὸ πένθος ὑπ' Ἀλκιβιάδου καὶ τῶν ἄλλων ἐπείσθη φίλων [2] προελθεῖν. ἀπολογησαμένου δὲ τοῦ δήμου τὴν ἀγνωμοσύνην τὴν πρὸς αὐτόν, ὑποδεξάμενος αὖθις τὰ πράγματα καὶ στρατηγὸς αἱρεθείς, ᾐτήσατο λυθῆναι τὸν περὶ τῶν νόθων νόμον, ὃν αὐτὸς εἰσενηνόχει πρότερον, ὡς μὴ παντάπασιν ἐρημίᾳ διαδοχῆς [τὸν οἶκον] ἐκλίποι τοὔνομα καὶ [3] τὸ γένος. εἶχε δ' οὕτω τὰ περὶ τὸν νόμον. ἀκμάζων ὁ Περικλῆς ἐν τῇ πολιτείᾳ πρὸ πάνυ πολλῶν χρόνων καὶ παῖδας ἔχων ὥσπερ εἴρηται γνησίους, νόμον ἔγραψε, μόνους Ἀθηναίους εἶναι τοὺς ἐκ δυεῖν Ἀθηναίων γεγονότας.

[4] ἐπεὶ δὲ τοῦ βασιλέως τῶν Αἰγυπτίων δωρεὰν τῷ δήμῳ πέμψαντος τετρακισμυρίους πυρῶν μεδίμνους ἔδει διανέμεσθαι τοὺς πολίτας, πολλαὶ μὲν ἀνεφύοντο δίκαι τοῖς νόθοις ἐκ τοῦ γράμματος ἐκείνου τέως διαλανθάνουσι καὶ παρορωμένοις, πολλοὶ δὲ καὶ συκοφαντήμασι περιέπιπτον. ἀπεκρίθησαν οὖν ἁλόντες ὀλίγῳ πεντακισχιλίων ἐλάττους, οἱ δὲ μείναντες ἐν τῇ πολιτείᾳ

καὶ κριθέντες Ἀθηναῖοι μύριοι καὶ τετρακισχίλιοι καὶ τεσσαράκοντα τὸ πλῆθος [5] ἐξητάσθησαν. ὄντος οὖν δεινοῦ τὸν κατὰ τοσούτων ἰσχύσαντα νόμον ὑπ᾽ αὐτοῦ πάλιν λυθῆναι τοῦ γράψαντος, ἡ παροῦσα δυστυχία τῷ Περικλεῖ περὶ τὸν οἶκον, ὡς δίκην τινὰ δεδωκότι τῆς ὑπεροψίας καὶ τῆς μεγαλαυχίας ἐκείνης, ἐπέκλασε τοὺς Ἀθηναίους, καὶ δόξαντες αὐτὸν νεμεσητά τε παθεῖν ἀνθρωπίνων τε δεῖσθαι, συνεχώρησαν ἀπογράψασθαι τὸν νόθον εἰς τοὺς φράτορας, ὄνομα θέμενον [6] τὸ αὑτοῦ. καὶ τοῦτον μὲν ὕστερον ἐν Ἀργινούσαις καταναυμαχήσαντα Πελοποννησίους ἀπέκτεινεν ὁ δῆμος μετὰ τῶν συστρατήγων.

[38] [1] Τότε δὲ τοῦ Περικλέους ἔοικεν ὁ λοιμὸς λαβέσθαι λαβὴν οὐκ ὀξεῖαν ὥσπερ ἄλλων οὐδὲ σύντονον, ἀλλὰ βληχρᾷ τινι νόσῳ καὶ μῆκος ἐν ποικίλαις ἐχούσῃ μεταβολαῖς διαχρωμένην τὸ σῶμα σχολαίως καὶ ὑπερείπουσαν τὸ [2] φρόνημα τῆς ψυχῆς. ὁ γοῦν Θεόφραστος (fr. 146 W.) ἐν τοῖς Ἠθικοῖς διαπορήσας, εἰ πρὸς τὰς τύχας τρέπεται τὰ ἤθη καὶ κινούμενα τοῖς τῶν σωμάτων πάθεσιν ἐξίσταται τῆς ἀρετῆς, ἱστόρηκεν ὅτι νοσῶν ὁ Περικλῆς ἐπισκοπουμένῳ τινὶ τῶν φίλων δείξειε περίαπτον ὑπὸ τῶν γυναικῶν τῷ τραχήλῳ περιηρτημένον, ὡς σφόδρα κακῶς ἔχων ὁπότε [3] καὶ ταύτην ὑπομένοι τὴν ἀβελτερίαν. ἤδη δὲ πρὸς τῷ τελευτᾶν ὄντος αὐτοῦ, περικαθήμενοι τῶν πολιτῶν οἱ βέλτιστοι καὶ τῶν φίλων οἱ περιόντες λόγον ἐποιοῦντο τῆς ἀρετῆς καὶ τῆς δυνάμεως, ὅση γένοιτο, καὶ τὰς πράξεις ἀνεμετροῦντο καὶ τῶν τροπαίων τὸ πλῆθος· ἐννέα γὰρ ἦν ἃ στρατηγῶν [4] καὶ νικῶν ἔστησεν ὑπὲρ τῆς πόλεως. ταῦθ᾽ ὡς οὐκέτι συνιέντος, ἀλλὰ καθῃρημένου τὴν αἴσθησιν αὐτοῦ, διελέγοντο πρὸς ἀλλήλους· ὁ δὲ πᾶσιν ἐτύγχανε τὸν νοῦν προσεσχηκώς, καὶ φθεγξάμενος εἰς μέσον ἔφη θαυμάζειν ὅτι ταῦτα μὲν ἐπαινοῦσιν αὐτοῦ καὶ μνημονεύουσιν, ἃ καὶ πρὸς τύχης ἐστὶ κοινὰ καὶ γέγονεν ἤδη πολλοῖς στρατηγοῖς, τὸ δὲ κάλλιστον καὶ μέγιστον οὐ λέγουσιν. οὐδεὶς γάρ ἔφη δι᾽ ἐμὲ τῶν πολιτῶν [Ἀθηναίων] μέλαν ἱμάτιον περιεβάλετο.

[39] [1] Θαυμαστὸς οὖν ὁ ἀνὴρ οὐ μόνον τῆς ἐπιεικείας καὶ πρᾳότητος, ἣν ἐν πράγμασι πολλοῖς καὶ μεγάλαις ἀπεχθείαις διετήρησεν, ἀλλὰ καὶ τοῦ φρονήματος, εἰ τῶν αὑτοῦ καλῶν ἡγεῖτο βέλτιστον εἶναι τὸ μήτε φθόνῳ μήτε θυμῷ χαρίσασθαι μηδὲν ἀπὸ τηλικαύτης δυνάμεως, μηδὲ χρήσασθαί [2] τινι τῶν ἐχθρῶν ὡς ἀνηκέστῳ. καί μοι δοκεῖ τὴν μειρακιώδη καὶ σοβαρὰν ἐκείνην προσωνυμίαν ἓν τοῦτο ποιεῖν ἀνεπίφθονον καὶ πρέπουσαν, οὕτως εὐμενὲς ἦθος καὶ βίον ἐν ἐξουσίᾳ καθαρὸν καὶ ἀμίαντον Ὀλύμπιον προσαγορεύεσθαι, καθάπερ τὸ τῶν θεῶν γένος ἀξιοῦμεν αἴτιον μὲν ἀγαθῶν, ἀναίτιον δὲ κακῶν πεφυκὸς ἄρχειν καὶ βασιλεύειν τῶν ὄντων, οὐχ ὥσπερ οἱ

ποιηταὶ συνταράττοντες ἡμᾶς ἀμαθεστάταις δόξαις ἁλίσκονται τοῖς αὑτῶν μυθεύμασι, τὸν μὲν τόπον, ἐν ᾧ τοὺς θεοὺς κατοικεῖν λέγουσιν, ἀσφαλὲς ἕδος καὶ ἀσάλευτον καλοῦντες, οὐ πνεύμασιν, οὐ νέφεσι χρώμενον, ἀλλ' αἴθρᾳ μαλακῇ καὶ φωτὶ καθαρωτάτῳ τὸν ἅπαντα χρόνον ὁμαλῶς περιλαμπόμενον, ὡς τοιαύτης τινὸς τῷ μακαρίῳ καὶ ἀθανάτῳ διαγωγῆς μάλιστα πρεπούσης, αὐτοὺς δὲ τοὺς θεοὺς ταραχῆς καὶ δυσμενείας καὶ ὀργῆς ἄλλων τε μεστοὺς παθῶν ἀποφαίνοντες, [3] οὐδ' ἀνθρώποις νοῦν ἔχουσι προσηκόντων. ἀλλὰ ταῦτα μὲν ἴσως ἑτέρας δόξει πραγματείας εἶναι.

Τοῦ δὲ Περικλέους ταχεῖαν αἴσθησιν καὶ σαφῆ πόθον Ἀθηναίοις ἐνειργάζετο τὰ πράγματα. καὶ γὰρ οἱ ζῶντος βαρυνόμενοι τὴν δύναμιν ὡς ἀμαυροῦσαν αὐτούς, εὐθὺς ἐκποδὼν γενομένου πειρώμενοι ῥητόρων καὶ δημαγωγῶν ἑτέρων, ἀνωμολογοῦντο μετριώτερον ἐν ὄγκῳ καὶ σεμνότερον [4] ἐν πρᾳότητι μὴ φῦναι τρόπον. ἡ δ' ἐπίφθονος ἰσχὺς ἐκείνη, μοναρχία λεγομένη καὶ τυραννὶς πρότερον, ἐφάνη τότε σωτήριον ἔρυμα τῆς πολιτείας γενομένη· τοσαύτη φορὰ καὶ πλῆθος ἐπέκειτο κακίας τοῖς πράγμασιν, ἣν ἐκεῖνος ἀσθενῆ καὶ ταπεινὴν ποιῶν ἀπέκρυπτε καὶ κατεκώλυεν ἀνήκεστον ἐν ἐξουσίᾳ γενέσθαι.

Fabius Maximus

[1] [1] Τοιούτου δὲ τοῦ Περικλέους ἐν τοῖς ἀξίοις μνήμης γεγονότος, ὡς παρειλήφαμεν, ἐπὶ τὸν Φάβιον τὴν ἱστορίαν μετάγομεν.

[2] Νυμφῶν μιᾶς λέγουσιν, οἱ δὲ γυναικὸς ἐπιχωρίας, Ἡρακλεῖ μιγείσης περὶ τὸν Θύβριν ποταμὸν γενέσθαι Φάβιον, ἄνδρα πολὺ καὶ δόκιμον ἐν Ῥώμῃ τὸ Φαβίων γένος ἀφ' αὑτοῦ παρασχόντα. τινὲς δὲ τοὺς ἀπὸ τοῦ γένους τούτου πρώτους τῇ δι' ὀρυγμάτων χρησαμένους ἄγρᾳ Φοδίους ἱστοροῦσιν ὀνομάζεσθαι τὸ παλαιόν· οὕτω γὰρ ἄχρι νῦν αἱ διώρυχες φόσσαι καὶ φόδερε τὸ σκάψαι καλεῖται· χρόνῳ δὲ τῶν δυεῖν φθόγγων μεταπεσόντων, Φάβιοι [3] προσηγορεύθησαν. πολλοὺς δὲ ‹καὶ› μεγάλους τῆς οἰκίας ἐξενεγκαμένης ἄνδρας, ἀπὸ Ῥούλλου τοῦ μεγίστου καὶ διὰ τοῦτο Μαξίμου παρὰ Ῥωμαίοις ἐπονομασθέντος τέταρτος [4] ἦν Φάβιος Μάξιμος, περὶ οὗ τάδε γράφομεν. ἦν δ' αὐτῷ σωματικὸν μὲν παρωνύμιον ὁ Βερρούκωσος· εἶχε γὰρ ἀκροχορδόνα μικρὰν ἐπάνω τοῦ χείλους ἐπιπεφυκυῖαν· ὁ δ' Ὀβικούλας σημαίνει μὲν προβάτιον, ἐτέθη δὲ πρὸς τὴν πρᾳότητα καὶ βραδυτῆτα τοῦ ἤθους ἔτι παιδὸς ὄντος.

[5] τὸ γὰρ ἡσύχιον αὐτοῦ καὶ σιωπηλὸν καὶ μετὰ πολλῆς μὲν εὐλαβείας τῶν παιδικῶν ἁπτόμενον ἡδονῶν, βραδέως δὲ καὶ διαπόνως δεχόμενον τὰς μαθήσεις, εὔκολον δὲ πρὸς τοὺς συνήθεις καὶ κατήκοον ἀβελτερίας τινὸς καὶ νωθρότητος ὑπόνοιαν εἶχε παρὰ τοῖς ἐκτός· ὀλίγοι δ' ἦσαν οἱ τὸ δυσκίνητον ὑπὸ βάθους καὶ μεγαλόψυχον καὶ λεοντῶδες ἐν τῇ φύσει καθορῶντες [6] αὐτοῦ. ταχὺ δὲ τοῦ χρόνου προϊόντος ὑπὸ τῶν πραγμάτων ἐγειρόμενος, διεσήμαινε καὶ τοῖς πολλοῖς ἀπάθειαν μὲν οὖσαν τὴν δοκοῦσαν ἀπραγίαν, εὐβουλίαν δὲ τὴν εὐλάβειαν, τὸ δὲ πρὸς μηδὲν ὀξὺ μηδ' εὐκίνητον ἐν πᾶσι μόνιμον [7] καὶ βέβαιον. ὁρῶν δὲ καὶ τῆς πολιτείας τὸ μέγεθος καὶ τῶν πολέμων τὸ πλῆθος, ἤσκει τὸ μὲν σῶμα πρὸς τοὺς πολέμους ὥσπερ ὅπλον σύμφυτον, τὸν δὲ λόγον ὄργανον πειθοῦς πρὸς τὸν δῆμον, εὖ μάλα τῷ βίῳ πρεπόντως [8] κατακεκοσμημένον. οὐ γὰρ ἐπῆν ὡραϊσμὸς οὐδὲ κενὴ καὶ ἀγοραῖος χάρις, ἀλλὰ νοῦς ἴδιον καὶ περιττὸν ἐν γνωμολογίαις σχῆμα καὶ βάθος ἔχων, ἃς μάλιστα ταῖς [9] Θουκυδίδου προσεοικέναι λέγουσι. διασῴζεται γὰρ αὐτοῦ λόγος ὃν εἶπεν ἐν τῷ δήμῳ, τοῦ παιδὸς αὐτοῦ μεθ' ὑπατείαν ἀποθανόντος ἐγκώμιον.

[2] [1] Πέντε δ' ὑπατειῶν ἃς ὑπάτευσεν ἡ πρώτη τὸν ἀπὸ Λιγύων θρίαμβον ἔσχεν. ἡττηθέντες γὰρ ὑπ' αὐτοῦ μάχῃ καὶ πολλοὺς ἀποβαλόντες, εἰς τὰς

Ἄλπεις ἀνεστάλησαν, καὶ τὴν πρόσοικον ἐπαύσαντο τῆς Ἰταλίας ληζόμενοι καὶ κακῶς ποιοῦντες.

[2] Ἐπεὶ δ’ Ἀννίβας ἐμβαλὼν εἰς Ἰταλίαν καὶ μάχῃ πρῶτον περὶ τὸν Τρεβίαν ποταμὸν ἐπικρατήσας, αὐτὸς μὲν ἤλαυνε διὰ Τυρρηνίας πορθῶν τὴν χώραν, ἔκπληξιν δὲ δεινὴν καὶ φόβον εἰς τὴν Ῥώμην ἐνέβαλλε, σημεῖα δὲ τὰ μὲν συνήθη Ῥωμαίοις ἀπὸ κεραυνῶν, τὰ δ’ ὅλως ἐξηλλαγμένα καὶ πολλὴν ἀτοπίαν ἔχοντα προσέπιπτε - θυρεούς τε γὰρ ἀφ’ αὑτῶν αἵματι γενέσθαι διαβρόχους ἐλέχθη, καὶ θέρη σταχύων περὶ Ἄντιον ἔναιμα κείρεσθαι, καὶ λίθους μὲν ἐκ τοῦ ἀέρος διαπύρους καὶ φλεγομένους φέρεσθαι, τοῦ δ’ ὑπὲρ Φαλερίους οὐρανοῦ ῥαγῆναι δόξαντος ἐκπίπτειν καὶ διασπείρεσθαι πολλὰ γραμματεῖα, καὶ τούτων ἐν ἑνὶ γεγραμμένον φανῆναι κατὰ λέξιν· Ἄρης τὰ [3] ἑαυτοῦ ὅπλα σαλεύει - , τὸν μὲν ὕπατον Γάιον Φλαμίνιον οὐδὲν ἤμβλυνε τούτων, ἄνδρα πρὸς τῷ φύσει θυμοειδεῖ καὶ φιλοτίμῳ μεγάλαις ἐπαιρόμενον εὐτυχίαις, ἃς πρόσθεν εὐτύχησε παραλόγως, τῆς τε βουλῆς ἀποκαλούσης καὶ τοῦ συνάρχοντος ἐνισταμένου βίᾳ συμβαλὼν τοῖς Γαλάταις μάχῃ καὶ κρατήσας, Φάβιον δὲ τὰ μὲν σημεῖα, καίπερ [4] ἁπτόμενα πολλῶν, ἧττον ὑπέθραττε διὰ τὴν ἀλογίαν· τὴν δ’ ὀλιγότητα τῶν πολεμίων καὶ τὴν ἀχρηματίαν πυνθανόμενος, καρτερεῖν παρεκάλει τοὺς Ῥωμαίους καὶ μὴ μάχεσθαι πρὸς ἄνθρωπον ἐπ’ αὐτῷ τούτῳ διὰ πολλῶν ἀγώνων ἠσκημένῃ στρατιᾷ χρώμενον, ἀλλὰ τοῖς συμμάχοις ἐπιπέμποντας βοηθείας καὶ τὰς πόλεις διὰ χειρὸς ἔχοντας, αὐτὴν ἐᾶν περὶ αὑτῇ μαραίνεσθαι τὴν ἀκμὴν τοῦ Ἀννίβου, καθάπερ φλόγα λάμψασαν ἀπὸ μικρᾶς καὶ κούφης δυνάμεως.

[3] [1] Οὐ μὴν ἔπεισε τὸν Φλαμίνιον, ἀλλὰ φήσας οὐκ ἀνέξεσθαι προσιόντα τῇ Ῥώμῃ τὸν πόλεμον οὐδ’ ὥσπερ ὁ παλαιὸς Κάμιλλος ἐν τῇ πόλει διαμαχεῖσθαι περὶ αὐτῆς, τὸν μὲν στρατὸν ἐξάγειν ἐκέλευσε τοὺς χιλιάρχους, αὐτὸς δ’ ἐπὶ τὸν ἵππον ἁλάμενος, ἐξ οὐδενὸς αἰτίου προδήλου παραλόγως ἐντρόμου τοῦ ἵππου γενομένου καὶ πτυρέντος, ἐξέπεσε καὶ κατενεχθεὶς ἐπὶ κεφαλὴν ὅμως οὐδὲν ἔτρεψε τῆς γνώμης, ἀλλ’ ὡς ὥρμησεν ἐξ ἀρχῆς ἀπαντῆσαι τῷ Ἀννίβᾳ, περὶ τὴν καλουμένην Θρασυνίαν λίμνην τῆς Τυρρηνίας [2] παρετάξατο. τῶν δὲ στρατιωτῶν συμβαλόντων εἰς χεῖρας, ἅμα τῷ καιρῷ τῆς μάχης συνέπεσε σεισμός, ὑφ’ οὗ καὶ πόλεις ἀνετράπησαν καὶ ῥεύματα ποταμῶν ἐξ ἕδρας μετέστη καὶ κρημνῶν ὑπώρειαι παρερράγησαν. ἀλλὰ καίπερ οὕτω γενομένου βιαίου ‹τοῦ› πάθους οὐδεὶς τὸ παράπαν [3] ᾔσθετο τῶν μαχομένων. αὐτὸς μὲν οὖν ὁ Φλαμίνιος πολλὰ καὶ τόλμης ἔργα καὶ ῥώμης ἀποδεικνύμενος ἔπεσε, καὶ περὶ αὐτὸν οἱ κράτιστοι· τῶν δ’ ἄλλων τραπέντων πολὺς ἦν ὁ φόνος, καὶ πεντακισχίλιοι πρὸς μυρίοις κατεκόπησαν, καὶ ἑάλωσαν ἕτεροι τοσοῦτοι. τὸ δὲ Φλαμινίου σῶμα φιλοτιμούμενος θάψαι

καὶ κοσμῆσαι δι' ἀρετὴν ὁ Ἀννίβας οὐχ εὗρεν ἐν τοῖς νεκροῖς, ἀλλ' ἠγνοεῖτο τὸ παρά[4] παν ὅπως ἠφανίσθη. τὴν μὲν οὖν ἐπὶ τοῦ Τρεβίου γενομένην ἧτταν οὔθ' ὁ γράψας στρατηγὸς οὔθ' ὁ πεμφθεὶς ἄγγελος ἀπ' εὐθείας ἔφρασεν, ἀλλ' ἐψεύσαντο τὴν νίκην ἐπίδικον αὐτοῖς καὶ ἀμφίδοξον γενέσθαι· περὶ δὲ ταύτης ὡς πρῶτον ἤκουσεν ὁ στρατηγὸς Πομπώνιος, συναγαγὼν εἰς ἐκκλησίαν τὸν δῆμον οὐ περιπλοκὰς οὐδὲ παραγωγὰς ‹πλασάμενος›, [5] ἀλλ' ἄντικρυς ἔφη προσελθών· νενικήμεθα ὦ ἄνδρες Ῥωμαῖοι μεγάλῃ μάχῃ, καὶ διέφθαρται τὸ στρατόπεδον, καὶ Φλαμίνιος ὕπατος ἀπόλωλεν. ἀλλὰ βουλεύεσθε [6] περὶ σωτηρίας αὑτῶν καὶ ἀσφαλείας. οὗτος μὲν οὖν ὥσπερ πνεῦμα τὸν λόγον ἐμβαλὼν εἰς πέλαγος τοσοῦτον δῆμον, συνετάραξε τὴν πόλιν, οὐδ' ἑστάναι πρὸς τοσαύτην [7] ἔκπληξιν οἱ λογισμοὶ καὶ διαμένειν ἐδύναντο, πάντες δ' εἰς μίαν γνώμην συνηνέχθησαν, ἀνυπευθύνου τε δεῖσθαι τὰ πράγματα μοναρχίας, ἣν δικτατορίαν καλοῦσι, καὶ τοῦ μεταχειριουμένου ταύτην ἀθρύπτως καὶ ἀδεῶς ἀνδρός· εἶναι δὲ τοῦτον ἕνα Φάβιον Μάξιμον, ἰσόρροπον ἔχοντα τῷ μεγέθει τῆς ἀρχῆς τὸ φρόνημα καὶ τὸ ἀξίωμα τοῦ ἤθους, ἡλικίας τε κατὰ τοῦτο γεγενημένον ἐν ᾧ συνέστηκεν ἔτι πρὸς τὰ τῆς ψυχῆς βουλεύματα τὸ σῶμα τῇ ῥώμῃ καὶ συγκέκραται τῷ φρονίμῳ τὸ θαρραλέον.

[4] [1] Ὡς οὖν ταῦτ' ἔδοξεν, ἀποδειχθεὶς δικτάτωρ Φάβιος καὶ ἀποδείξας αὐτὸς ἵππαρχον Μᾶρκον Μινούκιον, πρῶτον μὲν ᾐτήσατο τὴν σύγκλητον ἵππῳ χρῆσθαι παρὰ τὰς [2] στρατείας. οὐ γὰρ ἐξῆν, ἀλλ' ἀπηγόρευτο κατὰ δή τινα νόμον παλαιόν, εἴτε τῆς ἀλκῆς τὸ πλεῖστον ἐν τῷ πεζῷ τιθεμένων καὶ διὰ τοῦτο τὸν στρατηγὸν οἰομένων δεῖν παραμένειν τῇ φάλαγγι καὶ μὴ προλείπειν, εἴθ', ὅτι τυραννικὸν εἰς ἅπαντα τἆλλα καὶ μέγα τὸ τῆς ἀρχῆς κράτος ἐστίν, ἔν γε τούτῳ βουλομένων τὸν δικτάτορα τοῦ δήμου [3] φαίνεσθαι δεόμενον. οὐ μὴν ἀλλὰ καὶ αὐτὸς ὁ Φάβιος εὐθὺς ἐνδείξασθαι θέλων τῆς ἀρχῆς τὸ μέγεθος καὶ τὸν ὄγκον, ὡς μᾶλλον ὑπηκόοις χρῷτο καὶ πειθηνίοις τοῖς πολίταις, προῆλθε συνενεγκάμενος εἰς τὸ αὐτὸ ῥαβδουχίας εἰκοσιτέσσαρας· καὶ τοῦ ἑτέρου τῶν ὑπάτων ἀπαντῶντος αὐτῷ, τὸν ὑπηρέτην πέμψας ἐκέλευσε τοὺς ῥαβδούχους ἀπαλλάξαι καὶ τὰ παράσημα τῆς ἀρχῆς ἀποθέμενον ἰδιώτην ἀπαντᾶν.

[4] Μετὰ δὲ ταῦτα καλλίστην ἀρχόμενος ‹τὴν› ἐκ θεῶν ἀρχήν, καὶ διδάσκων τὸν δῆμον ὡς ὀλιγωρίᾳ καὶ περιφρονήσει τοῦ στρατηγοῦ πρὸς τὸ δαιμόνιον, οὐ μοχθηρίᾳ τῶν ἀγωνισαμένων σφαλέντα, προὔτρεπε μὴ δεδιέναι τοὺς ἐχθρούς, ἀλλὰ [καὶ] τοὺς θεοὺς ἐξευμενίζεσθαι καὶ τιμᾶν, οὐ δεισιδαιμονίαν ἐνεργαζόμενος, ἀλλὰ θαρρύνων εὐσεβείᾳ τὴν ἀρετὴν καὶ ταῖς παρὰ τῶν θεῶν ἐλπίσι τὸν ἀπὸ τῶν [5] πολεμίων φόβον ἀφαιρῶν καὶ

παραμυθούμενος. ἐκινήθησαν δὲ τότε καὶ πολλαὶ τῶν ἀπορρήτων καὶ χρησμίων αὐτοῖς βίβλων ἃς Σιβυλλείους καλοῦσι, καὶ λέγεται συνδραμεῖν ἔνια τῶν ἀποκειμένων ἐν αὐταῖς λογίων πρὸς τὰς [6] τύχας καὶ τὰς πράξεις ἐκείνας. καὶ τὸ μὲν ‹ἀνα›γνωσθὲν οὐκ ἦν ἑτέρῳ πυθέσθαι, προελθὼν δ᾽ ὁ δικτάτωρ εἰς τὸν ὄχλον, εὔξατο τοῖς θεοῖς ἐνιαυτοῦ μὲν αἰγῶν καὶ συῶν καὶ προβάτων καὶ βοῶν ἐπιγονήν, ὅσην Ἰταλίας ὄρη καὶ πεδία καὶ ποταμοὶ καὶ λειμῶνες εἰς ὥραν ἐσομένην θρέψουσι, καταθύσειν ἅπαντα, θέας δὲ μουσικὰς καὶ θυμελικὰς ἄξειν ἀπὸ σηστερτίων τριακοσίων τριάκοντα τριῶν καὶ δηναρίων τριακοσίων τριάκοντα τριῶν, ἔτι τριτημορίου προσόντος. τοῦτο τὸ κεφάλαιόν ἐστιν ὀκτὼ μυριάδες δραχμῶν καὶ δραχμαὶ τρισχίλιαι πεντακόσιαι ὀγδοήκοντα τρεῖς καὶ [7] δύο ὀβολοί. λόγον δὲ τῆς εἰς τοῦτο τοῦ πλήθους ἀκριβείας καὶ διανομῆς χαλεπόν ἐστιν εἰπεῖν, εἰ μή τις ἄρα βούλοιτο τῆς τριάδος ὑμνεῖν τὴν δύναμιν, ὅτι καὶ φύσει τέλειος καὶ πρῶτος τῶν περισσῶν ἀρχήν τε πλήθους ἐν αὑτῷ τάς τε πρώτας διαφορὰς καὶ τὰ παντὸς ἀριθμοῦ στοιχεῖα μείξας καὶ συναρμόσας εἰς ταὐτὸν ἀνείληφε.

[5] [1] Τῶν μὲν οὖν πολλῶν ὁ Φάβιος τὴν γνώμην ἀναρτήσας εἰς τὸ θεῖον, ἡδίω πρὸς τὸ μέλλον ἐποίησεν· αὐτὸς δὲ πάσας θέμενος ἐν αὑτῷ τὰς τῆς νίκης ἐλπίδας, ὡς καὶ τοῦ θεοῦ τὰς εὐπραξίας δι᾽ ἀρετῆς καὶ φρονήσεως παραδιδόντος, τρέπεται πρὸς Ἀννίβαν, οὐχ ὡς διαμαχούμενος, ἀλλὰ χρόνῳ τὴν ἀκμὴν αὐτοῦ καὶ χρήμασι τὴν ἀπορίαν καὶ πολυανθρωπίᾳ τὴν ὀλιγότητα τρίβειν καὶ ὑπαναλίσκειν [2] βεβουλευμένος. ὅθεν αἰεὶ μετέωρος ἀπὸ τῆς ἵππου τῶν πολεμίων ἐν τόποις ὀρεινοῖς στρατοπεδεύων ἐπῃωρεῖτο, καθημένου μὲν ἡσυχάζων, κινουμένου δὲ κατὰ τῶν ἄκρων κύκλῳ περιιὼν καὶ περιφαινόμενος ἐκ διαστήματος, ὅσον ἀκοντὶ μὴ βιασθῆναι μάχεσθαι καὶ φόβον ὡς μαχησόμενος τοῖς πολεμίοις ἀπὸ τῆς μελλήσεως αὐτῆς [3] παρέχειν. οὕτω δὲ παράγων τὸν χρόνον ὑπὸ πάντων κατεφρονεῖτο, καὶ κακῶς μὲν ἤκουεν ἐν τῷ στρατοπέδῳ, κομιδῇ δὲ τοῖς πολεμίοις ἄτολμος ἐδόκει καὶ τὸ μηδὲν [4] εἶναι, πλὴν ἑνὸς ἀνδρὸς Ἀννίβου. μόνος δ᾽ ἐκεῖνος αὐτοῦ τὴν δεινότητα καὶ τὸν τρόπον ᾧ πολεμεῖν ἐγνώκει συνιδών, καὶ διανοηθεὶς ὡς πάσῃ τέχνῃ καὶ βίᾳ κινητέος ἐστὶν εἰς μάχην ὁ ἀνὴρ ἢ διαπέπρακται τὰ Καρχηδονίων, οἷς μέν εἰσι κρείττους ὅπλοις χρήσασθαι μὴ δυναμένων, οἷς δὲ λείπονται σώμασι καὶ χρήμασιν ἐλαττουμένων καὶ δαπανωμένων εἰς τὸ μηδέν, ἐπὶ πᾶσαν ἰδέαν στρατηγικῶν σοφισμάτων καὶ παλαισμάτων τρεπόμενος καὶ πειρώμενος ὥσπερ δεινὸς ἀθλητὴς λαβὴν ζητῶν, προσέβαλλε καὶ διετάραττε καὶ μετῆγε πολλαχόσε τὸν Φάβιον, ἐκστῆσαι τῶν ὑπὲρ τῆς ἀσφαλείας λογισμῶν [5] βουλόμενος. τῷ δ᾽ ἡ μὲν κρίσις πίστιν ἔχοντι τοῦ συμφέροντος ἐν αὑτῇ βέβαιος εἱστήκει καὶ ἀμετάπτωτος, ἠνώχλει δ᾽ αὐτὸν ὁ

ἵππαρχος Μινούκιος, φιλομαχῶν ἀκαίρως καὶ θρασυνόμενος καὶ δημαγωγῶν τὸ στράτευμα, μανικῆς φορᾶς καὶ κενῶν ἐλπίδων ὑπ' αὐτοῦ πεπληρωμένον· οἳ τὸν μὲν Φάβιον σκώπτοντες καὶ καταφρονοῦντες Ἀννίβου παιδαγωγὸν ἀπεκάλουν, τὸν δὲ Μινούκιον μέγαν ἄνδρα [6] καὶ τῆς Ῥώμης ἄξιον ἡγοῦντο στρατηγόν. ὁ δὲ μᾶλλον εἰς φρόνημα καὶ θράσος ἀνειμένος, ἐχλεύαζε μὲν τὰς ἐπὶ τῶν ἄκρων στρατοπεδείας, ὡς καλὰ θέατρα τοῦ δικτάτορος ἀεὶ παρασκευαζομένου θεωρήσουσι πορθουμένην καὶ φλεγομένην τὴν Ἰταλίαν, ἠρώτα δὲ τοὺς φίλους τοῦ Φαβίου, πότερον εἰς τὸν οὐρανὸν ἄρας ἀναφέρει τὸν στρατὸν ὥσπερ τῆς γῆς ἀπεγνωκώς, ἢ νέφη καὶ ὁμίχλας προβαλλόμενος [7] ἀποδιδράσκει τοὺς πολεμίους. ταῦτα τῶν φίλων πρὸς τὸν Φάβιον ἀπαγγελλόντων καὶ τὴν ἀδοξίαν τῷ κινδύνῳ λῦσαι παραινούντων, οὕτω μέντἂν ἔφη δειλότερος ἢ νῦν εἶναι δοκῶ γενοίμην, εἰ σκώμματα καὶ λοιδορίας φοβηθεὶς [8] ἐκπέσοιμι τῶν ἐμαυτοῦ λογισμῶν. καίτοι τὸ μὲν ὑπὲρ πατρίδος οὐκ αἰσχρὸν δέος, ἡ δὲ πρὸς δόξαν ἀνθρώπων καὶ διαβολὰς καὶ ψόγους ἔκπληξις οὐκ ἀξίου τηλικαύτης ἀρχῆς ἀνδρός, ἀλλὰ δουλεύοντος ὧν κρατεῖν αὐτὸν καὶ δεσπόζειν κακῶς φρονούντων προσήκει.

[6] [1] Μετὰ ταῦτα γίνεται διαμαρτία τοῦ Ἀννίβου. βουλόμενος γὰρ ἀποσπάσαι τοῦ Φαβίου πορρωτέρω τὸ στράτευμα καὶ πεδίων ἐπιλαβέσθαι προνομὰς ἐχόντων, ἐκέλευσε τοὺς ὁδηγοὺς μετὰ δεῖπνον εὐθὺς ἡγεῖσθαι πρὸς τὸ [2] Κασινάτον. οἱ δὲ τῆς φωνῆς διὰ βαρβαρισμὸν οὐκ ἐξακούσαντες ἀκριβῶς, ἐμβάλλουσιν αὐτοῦ τὴν δύναμιν φέροντες εἰς τὰ καταλήγοντα τῆς Καμπανίας εἰς πόλιν Κασιλῖνον, ἣν τέμνει ῥέων διὰ μέσης [ὁ Λοθρόνος] ποταμὸς ὃν Οὐολτοῦρνον [3] οἱ Ῥωμαῖοι καλοῦσιν. ἔστι δ' ἡ χώρα τὰ μὲν ἄλλα περιστεφὴς ὄρεσιν, αὐλὼν δ' ἀναπέπταται πρὸς τὴν θάλατταν, ἔνθα τὰ ἕλη καταδίδωσι τοῦ ποταμοῦ περιχεομένου καὶ θῖνας ἄμμου βαθείας ἔχει καὶ τελευτᾷ πρὸς αἰγιαλὸν [4] κυματώδη καὶ δύσορμον. ἐνταῦθα καταβαίνοντος τοῦ Ἀννίβου, περιελθὼν ἐμπειρίᾳ τῶν ὁδῶν ὁ Φάβιος, τὴν μὲν διέξοδον ὁπλίτας τετρακισχιλίους ἐπιστήσας ἐνέφραξε, τὸν δ' ἄλλον στρατὸν ὑπὲρ τῶν [ἄλλων] ἄκρων ἐν καλῷ καθίσας, διὰ τῶν ἐλαφροτάτων καὶ προχειροτάτων ἐνέβαλε τοῖς ἐσχάτοις τῶν πολεμίων καὶ συνετάραξεν ἅπαν τὸ [5] στράτευμα, διέφθειρε δὲ περὶ ὀκτακοσίους. ἐκ τούτου βουλόμενος Ἀννίβας ἀπαγαγεῖν τὸ στράτευμα, καὶ τὴν διαμαρτίαν τοῦ τόπου νοήσας καὶ τὸν κίνδυνον, ἀνεσταύρωσε μὲν τοὺς ὁδηγούς, ἐκβιάζεσθαι δὲ τοὺς πολεμίους καὶ προσμάχεσθαι [6] τῶν ὑπερβολῶν ἐγκρατεῖς ὄντας ἀπεγίνωσκε. δυσθύμως δὲ καὶ περιφόβως διακειμένων ἁπάντων καὶ περιεστάναι σφᾶς πάντοθεν ἀφύκτους ἡγουμένων ἀπορίας, ἔγνω δολοῦν ἀπάτῃ τοὺς πολεμίους. ἦν δὲ τοιόνδε. βοῦς ὅσον δισχιλίας ἐκ τῶν αἰχμαλώτων ἐκέλευσε

συλλαβόντας ἀναδῆσαι δᾷδα πρὸς ἕκαστον κέρας καὶ λύγων ἢ φρυγάνων αὔων φάκελον· εἶτα νυκτὸς ὅταν ἀρθῇ σημεῖον, ἀνάψαντας ἐλαύνειν ἐπὶ τὰς ὑπερβολὰς παρὰ τὰ στενὰ καὶ τὰς φυλακὰς [7] τῶν πολεμίων. ἅμα δὲ ταῦτα παρεσκεύαζον οἷς προσετέτακτο, καὶ τὸν ἄλλον αὐτὸς ἀναστήσας στρατὸν ἤδη σκότους ὄντος ἦγε σχολαίως. αἱ δὲ βόες ἄχρι μὲν τὸ πῦρ ὀλίγον ἦν καὶ περιέκαιε τὴν ὕλην, ἀτρέμα προσεχώρουν ἐλαυνόμεναι πρὸς τὴν ὑπώρειαν, καὶ θαῦμα τοῖς καθορῶσι νομεῦσιν ἀπὸ τῶν ἄκρων καὶ βουκόλοις ἦσαν αἱ φλόγες, ἄκροις ἐπιλάμπουσαι τοῖς κέρασιν, ὡς στρατοπέδου καθ’ [8] ἕνα κόσμον ὑπὸ λαμπάδων πολλῶν βαδίζοντος. ἐπεὶ δὲ πυρούμενον τὸ κέρας ἄχρι ῥίζης διέδωκε τῇ σαρκὶ τὴν αἴσθησιν, καὶ πρὸς τὸν πόνον διαφέρουσαι καὶ τινάσσουσαι τὰς κεφαλὰς ἀνεπίμπλαντο πολλῆς ἀπ’ ἀλλήλων φλογός, οὐκ ἐνέμειναν τῇ τάξει τῆς πορείας, ἀλλ’ ἔκφοβοι καὶ περιαλγεῖς οὖσαι δρόμῳ κατὰ τῶν ὀρῶν ἐφέροντο, λαμπόμεναι μὲν οὐρὰς ἄκρας καὶ μέτωπα, πολλὴν δὲ τῆς ὕλης δι’ ἧς [9] ἔφευγον ἀνάπτουσαι. δεινὸν οὖν ἦν θέαμα τοῖς παραφυλάττουσι τὰς ὑπερβολὰς Ῥωμαίοις· καὶ γὰρ αἱ φλόγες ἐῴκεσαν ὑπ’ ἀνθρώπων θεόντων διαφερομέναις λαμπάσι, καὶ θόρυβος ἦν ἐν αὐτοῖς πολὺς καὶ φόβος, ἀλλαχόθεν ἄλλους ἐπιφέρεσθαι τῶν πολεμίων σφίσι καὶ κυκλοῦσθαι πανταχόθεν ἡγουμένων. διὸ μένειν οὐκ ἐτόλμων, ἀλλὰ πρὸς τὸ [10] μεῖζον ἀνεχώρουν στρατόπεδον, προέμενοι τὰ στενά. [καὶ] κατὰ τοῦτο δὲ καιροῦ προσμείξαντες οἱ ψιλοὶ τοῦ Ἀννίβου τὰς ὑπερβολὰς κατέσχον, ἡ δ’ ἄλλη δύναμις ἤδη προσέβαινεν ἀδεῶς, πολλὴν καὶ βαρεῖαν ἐφελκομένη λείαν.

[7] [1] Τῷ δὲ Φαβίῳ συνέβη μὲν ἔτι νυκτὸς αἰσθέσθαι τὸν δόλον - φεύγουσαι γὰρ ἔνιαι τῶν βοῶν σποράδες ἧκον αὐτῶν εἰς χεῖρας - , ἐνέδρας δὲ δεδιὼς σκοταίους, ἀτρέμα [2] τὴν δύναμιν ἐν τοῖς ὅπλοις εἶχεν. ὡς δ’ ἦν ἡμέρα, διώκων ἐξήπτετο τῶν ἐσχάτων, καὶ συμπλοκαὶ περὶ τὰς δυσχωρίας ἐγίνοντο καὶ θόρυβος ἦν πολύς, ἕως παρ’ Ἀννίβου τῶν ὀρειβατεῖν δεινῶν Ἰβήρων ἄνδρες ἐλαφροὶ καὶ ποδώκεις πεμφθέντες ἀπὸ τοῦ στόματος εἰς βαρεῖς ὁπλίτας τοὺς Ῥωμαίους ἐνέβαλον, καὶ διαφθείραντες οὐκ ὀλίγους [3] ἀπέστρεψαν τὸν Φάβιον. τότε δὴ μάλιστα κακῶς ἀκοῦσαι καὶ καταφρονηθῆναι συνέβη τὸν Φάβιον. τῆς γὰρ ἐν τοῖς ὅπλοις τόλμης ὑφιέμενος ὡς γνώμῃ καὶ προνοίᾳ καταπολεμήσων τὸν Ἀννίβαν, αὐτὸς ἡττημένος τούτοις [4] καὶ κατεστρατηγημένος ἐφαίνετο. βουλόμενος δὲ μᾶλλον ἐκκαῦσαι τὴν πρὸς αὐτὸν ὀργὴν τῶν Ῥωμαίων ὁ Ἀννίβας, ὡς ἦλθεν ἐπὶ τοὺς ἀγροὺς αὐτοῦ, τὰ μὲν ἄλλα πάντα καίειν καὶ διαφθείρειν ἐκέλευσεν, ἐκείνων δ’ ἀπεῖπεν ἅπτεσθαι μόνων, καὶ παρακατέστησε φυλακὴν οὐδὲν ἐῶσαν [5] ἀδικεῖν οὐδὲ λαμβάνειν ἐκεῖθεν. ταῦτα προσδιέβαλε τὸν Φάβιον εἰς

Ῥώμην ἀναγγελθέντα, καὶ πολλὰ μὲν αὐτοῦ πρὸς τὸν ὄχλον οἱ δήμαρχοι κατεβόων, ἐπάγοντος μάλιστα Μετιλίου καὶ παροξύνοντος, οὐ κατὰ τὴν πρὸς Φάβιον ἔχθραν, ἀλλ᾽ οἰκεῖος ὢν Μινουκίου τοῦ ἱππάρχου, τιμὴν ᾤετο καὶ δόξαν ἐκείνῳ φέρειν τὰς τούτου διαβολάς. ἐγεγόνει δὲ καὶ τῇ βουλῇ δι᾽ ὀργῆς οὐχ ἥκιστα μεμφομένῃ τὰς περὶ τῶν αἰχμαλώτων πρὸς Ἀννίβαν ὁμολογίας. ὡμολογήκεισαν γὰρ αὐτοῖς ἄνδρα μὲν ἀνδρὶ λύεσθαι τῶν ἁλισκομένων, εἰ δὲ πλείους οἱ ἕτεροι γένοιντο, διδόναι δραχμὰς ὑπὲρ ἑκάστου τὸν κομιζόμενον πεντήκοντα καὶ διακοσίας.

[6] ὡς οὖν γενομένης τῆς κατ᾽ ἄνδρα διαμείψεως ηὑρέθησαν ὑπόλοιποι Ῥωμαίων παρ᾽ Ἀννίβᾳ τεσσαράκοντα καὶ διακόσιοι, τούτων ἡ σύγκλητος ἔγνω τὰ λύτρα μὴ πέμπειν, καὶ προσῃτιᾶτο τὸν Φάβιον, ὡς οὐ πρεπόντως οὐδὲ λυσιτελῶς ἄνδρας ὑπὸ δειλίας πολεμίων ἄγραν γενομένους [7] ἀνακομιζόμενον. ταῦτ᾽ ἀκούσας ὁ Φάβιος τὴν μὲν ὀργὴν ἔφερε πρᾴως τῶν πολιτῶν, χρήματα δ᾽ οὐκ ἔχων, διαψεύσασθαι δὲ τὸν Ἀννίβαν καὶ προέσθαι τοὺς πολίτας οὐχ ὑπομένων, ἔπεμψε τὸν υἱὸν εἰς Ῥώμην, κελεύσας ἀποδόσθαι τοὺς ἀγροὺς καὶ τὸ ἀργύριον εὐθὺς ὡς αὐτὸν ἐπὶ τὸ [8] στρατόπεδον κομίζειν. ἀποδομένου δὲ τοῦ νεανίσκου τὰ χωρία καὶ ταχέως ἐπανελθόντος, ἀπέπεμψε τὰ λύτρα τῷ Ἀννίβᾳ καὶ τοὺς αἰχμαλώτους ἀπέλαβε· καὶ πολλῶν ἀποδιδόντων ὕστερον, παρ᾽ οὐδενὸς ἔλαβεν, ἀλλ᾽ ἀφῆκε πᾶσι.

[8] [1] Μετὰ δὲ ταῦτα τῶν ἱερέων καλούντων αὐτὸν εἰς Ῥώμην ἐπί τινας θυσίας, παρέδωκε τῷ Μινουκίῳ τὴν δύναμιν, ὑπὲρ τοῦ μὴ μάχεσθαι μηδὲ συμπλέκεσθαι τοῖς πολεμίοις οὐ μόνον ὡς αὐτοκράτωρ διαγορεύσας, ἀλλὰ καὶ παραινέσεις καὶ δεήσεις πολλὰς αὐτοῦ ποιησάμενος.

[2] ὧν ἐκεῖνος ἐλάχιστα φροντίσας, εὐθὺς ἐνέκειτο τοῖς πολεμίοις, καί ποτε παραφυλάξας τὸν Ἀννίβαν τὸ πολὺ τῆς στρατιᾶς ἐπὶ σιτολογίας ἀφεικότα, καὶ προσβαλὼν τῷ ὑπολειπομένῳ, κατήραξεν εἰς τὸν χάρακα καὶ διέφθειρεν οὐκ ὀλίγους καὶ φόβον περιέστησε πᾶσιν ὡς πολιορκησομένοις [3] ὑπ᾽ αὐτοῦ, καὶ συλλεγομένης αὖθις εἰς τὸ στρατόπεδον τῷ Ἀννίβᾳ τῆς δυνάμεως, ἀσφαλῶς ἀνεχώρησεν, αὐτόν τε μεγαλαυχίας ἀμέτρου καὶ θράσους τὸ στρατιωτικὸν [4] ἐμπεπληκώς. ταχὺ δὲ τοῦ ἔργου λόγος μείζων διεφοίτησεν εἰς Ῥώμην, καὶ Φάβιος μὲν ἀκούσας ἔφη μᾶλλον τοῦ Μινουκίου φοβεῖσθαι τὴν εὐτυχίαν ‹ἢ τὴν ἀτυχίαν›, ὁ δὲ δῆμος ἦρτο καὶ μετὰ χαρᾶς εἰς ἀγορὰν συνέτρεχε, καὶ Μετίλιος ὁ δήμαρχος ἐπὶ τοῦ βήματος καταστὰς ἐδημηγόρει μεγαλύνων τὸν Μινούκιον, τοῦ δὲ Φαβίου κατηγορῶν οὐ μαλακίαν οὐδ᾽ ἀνανδρίαν, ἀλλ᾽ ἤδη προδοσίαν, συναιτιώμενος ἅμα καὶ τῶν ἄλλων ἀνδρῶν τοὺς δυνατωτάτους καὶ πρώτους ἐπαγαγέσθαι τὸν πόλεμον ἐξ ἀρχῆς ἐπὶ

καταλύσει τοῦ δήμου τήν τε πόλιν ἐμβαλεῖν εὐθὺς εἰς μοναρχίαν ἀνυπεύθυνον, ἣ διατρίβουσα τὰς πράξεις ἵδρυσιν Ἀννίβᾳ παρέξει καὶ χρόνον, αὖθις ἐκ Λιβύης ἑτέραν δύναμιν προσγενέσθαι ὡς κρατοῦντι τῆς Ἰταλίας.

[9] [1] Ἐπεὶ δ᾽ ὁ Φάβιος προσελθὼν ἀπολογεῖσθαι μὲν οὐδ᾽ ἐμέλλησε πρὸς τὸν δήμαρχον, ἔφη δὲ τάχιστα τὰς θυσίας καὶ τὰς ἱερουργίας γενέσθαι †ὥστ᾽ ἐπὶ τὸ στράτευμα βαδιεῖσθαι τῷ Μινουκίῳ δίκην ἐπιθήσων, ὅτι κωλύσαντος αὐτοῦ τοῖς πολεμίοις συνέβαλε, θόρυβος διῇξε τοῦ δήμου πολὺς ὡς κινδυνεύσοντος τοῦ Μινουκίου. καὶ γὰρ εἶρξαι τῷ δικτάτορι καὶ θανατῶσαι πρὸ δίκης ἔξεστι, καὶ τοῦ Φαβίου τὸν θυμὸν ἐκ πολλῆς πρᾳότητος κεκινημένον ᾤοντο [2] βαρὺν εἶναι καὶ δυσπαραίτητον. ὅθεν οἱ μὲν ἄλλοι καταδείσαντες ἡσυχίαν ἦγον, ὁ δὲ Μετίλιος ἔχων τὴν ἀπὸ τῆς δημαρχίας ἄδειαν - μόνη γὰρ αὕτη δικτάτορος αἱρεθέντος ἡ ἀρχὴ τὸ κράτος οὐκ ἀπόλλυσιν, ἀλλὰ μένει τῶν ἄλλων καταλυθεισῶν - , ἐνέκειτο τῷ δήμῳ πολύς, μὴ προέσθαι δεόμενος τὸν Μινούκιον μηδ᾽ ἐᾶσαι παθεῖν ἃ Μάλλιος Τορκουᾶτος ἔδρασε τὸν υἱόν, ἀριστεύσαντος καὶ στεφανωθέντος ἀποκόψας πελέκει τὸν τράχηλον, ἀφελέσθαι δὲ τοῦ Φαβίου τὴν τυραννίδα καὶ τῷ δυναμένῳ καὶ βουλομένῳ [3] σῴζειν ἐπιτρέψαι τὰ πράγματα. τοιούτοις λόγοις κινηθέντες οἱ ἄνθρωποι τὸν μὲν Φάβιον οὐκ ἐτόλμησαν ἀναγκάσαι καταθέσθαι τὴν μοναρχίαν καίπερ ἀδοξοῦντα, τὸν δὲ Μινούκιον ἐψηφίσαντο τῆς στρατηγίας ὁμότιμον ὄντα διέπειν τὸν πόλεμον ἀπὸ τῆς αὐτῆς ἐξουσίας τῷ δικτάτορι, πρᾶγμα μὴ πρότερον ἐν Ῥώμῃ γεγονός, ὀλίγῳ δ᾽ ὕστερον αὖθις γενόμενον μετὰ τὴν ἐν Κάνναις ἀτυχίαν.

[4] καὶ γὰρ τότ᾽ ἐπὶ τῶν στρατοπέδων Μᾶρκος Ἰούνιος ἦν δικτάτωρ, καὶ κατὰ πόλιν τὸ βουλευτικὸν ἀναπληρῶσαι δεῆσαν, ἅτε δὴ πολλῶν ἐν τῇ μάχῃ συγκλητικῶν ἀπολωλότων, [5] ἕτερον εἵλοντο δικτάτορα Φάβιον Βουτεῶνα. πλὴν οὗτος μὲν ἐπεὶ προῆλθε καὶ κατέλεξε τοὺς ἄνδρας καὶ συνεπλήρωσε τὴν βουλήν, αὐθημερὸν ἀφεὶς τοὺς ῥαβδούχους καὶ διαφυγὼν τοὺς προάγοντας, εἰς τὸν ὄχλον ἐμβαλὼν καὶ καταμείξας ἑαυτὸν ἤδη τι τῶν ἑαυτοῦ διοικῶν καὶ πραγματευόμενος ὥσπερ ἰδιώτης ἐπὶ τῆς ἀγορᾶς ἀνεστρέφετο.

[10] [1] Τὸν δὲ Μινούκιον ἐπὶ τὰς αὐτὰς τῷ δικτάτορι πράξεις ἀποδείξαντες, ᾤοντο κεκολοῦσθαι καὶ γεγονέναι ταπεινὸν παντάπασιν ἐκεῖνον, οὐκ ὀρθῶς στοχαζόμενοι τοῦ [2] ἀνδρός· οὐ γὰρ αὑτοῦ συμφορὰν ἡγεῖτο τὴν ἐκείνων ἄγνοιαν, ἀλλ᾽ ὥσπερ Διογένης ὁ σοφός, εἰπόντος τινὸς πρὸς αὐτόν οὗτοι σοῦ καταγελῶσιν ἀλλ᾽ ἐγώ εἶπεν οὐ καταγελῶμαι, μόνους ἡγούμενος καταγελᾶσθαι τοὺς ἐνδιδόντας καὶ πρὸς τὰ τοιαῦτα διαταραττομένους, οὕτω Φάβιος ἔφερεν ἀπαθῶς καὶ ῥᾳδίως ὅσον ἐπ᾽ αὐτῷ τὰ γινόμενα,

συμβαλλόμενος ἀπόδειξιν τῶν φιλοσόφων τοῖς ἀξιοῦσι μήθ’ ὑβρίζεσθαι μήτ’ ἀτιμοῦσθαι τὸν ἀγαθὸν [3] ἄνδρα καὶ σπουδαῖον· ἠνία δ’ αὐτὸν ἡ τῶν πολλῶν ἀβουλία διὰ τὰ κοινά, δεδωκότων ἀφορμὰς ἀνδρὸς οὐχ ὑγιαινούσῃ [4] φιλοτιμίᾳ πρὸς τὸν πόλεμον, καὶ δεδοικὼς μὴ παντάπασιν ἐκμανεὶς ὑπὸ κενῆς δόξης καὶ ὄγκου φθάσῃ τι [5] κακὸν ἀπεργασάμενος, λαθὼν ἅπαντας ἐξῆλθε, καὶ παραγενόμενος εἰς τὸ στρατόπεδον καὶ καταλαβὼν τὸν Μινούκιον οὐκέτι καθεκτόν, ἀλλὰ βαρὺν καὶ τετυφωμένον καὶ παρὰ μέρος ἄρχειν ἀξιοῦντα, τοῦτο μὲν οὐ συνεχώρησε, τὴν δὲ δύναμιν διενείματο πρὸς αὐτόν, ὡς μέρους μόνος [6] ἄρξων βέλτιον [τι ὂν] ἢ πάντων παρὰ μέρος. καὶ τὸ μὲν πρῶτον τῶν ταγμάτων καὶ τέταρτον αὐτὸς ἔλαβε, τὸ δὲ δεύτερον καὶ τρίτον ἐκείνῳ παρέδωκεν, ἐπ’ ἴσης καὶ τῶν [7] συμμαχικῶν διανεμηθέντων. σεμνυνομένου δὲ τοῦ Μινουκίου καὶ χαίροντος ἐπὶ τῷ τὸ πρόσχημα τῆς ἀκροτάτης καὶ μεγίστης ἀρχῆς ὑφεῖσθαι καὶ προπεπηλακίσθαι δι’ αὐτόν, ὑπεμίμνῃσκεν ὁ Φάβιος, ὡς οὐκ ὄντος μὲν αὐτῷ πρὸς Φάβιον, ἀλλ’ εἰ σωφρονεῖ πρὸς Ἀννίβαν τοῦ ἀγῶνος· εἰ δὲ καὶ πρὸς τὸν συνάρχοντα φιλονικεῖ, σκοπεῖν ὅπως τοῦ νενικημένου καὶ καθυβρισμένου παρὰ τοῖς πολίταις ὁ τετιμημένος καὶ νενικηκὼς οὐ φανεῖται μᾶλλον ὀλιγωρῶν τῆς σωτηρίας αὐτῶν καὶ τῆς ἀσφαλείας.

[11] [1] Ὁ δὲ ταῦτα μὲν εἰρωνείαν ἡγεῖτο γεροντικήν· παραλαβὼν δὲ τὴν ἀποκληρωθεῖσαν δύναμιν, ἰδίᾳ καὶ χωρὶς ἐστρατοπέδευσεν, οὐδὲν ἀγνοοῦντος τοῦ Ἀννίβου τῶν γινομένων, ἀλλὰ πᾶσιν ἐφεδρεύοντος. ἦν δὲ λόφος κατὰ μέσον, καταληφθῆναι μὲν οὐ χαλεπός, ὀχυρὸς δὲ καταληφθεὶς [2] στρατοπέδῳ καὶ διαρκὴς εἰς ἅπαντα, τὸ δὲ πέριξ πεδίον ὀφθῆναι μὲν ἄπωθεν ὁμαλὸν διὰ ψιλότητα καὶ λεῖον, ἔχον δέ τινας οὐ μεγάλας τάφρους ἐν αὐτῷ καὶ κοιλότητας ἄλλας. διὸ καὶ τὸν λόφον ἐκ τοῦ ῥᾴστου κρύφα κατασχεῖν παρόν, οὐκ ἠθέλησεν ὁ Ἀννίβας, ἀλλ’ ἀπέλιπε [3] μάχης ἐν μέσῳ πρόφασιν. ὡς δ’ εἶδε κεχωρισμένον τοῦ Φαβίου τὸν Μινούκιον, νυκτὸς μὲν εἰς τὰς τάφρους καὶ τὰς κοιλότητας κατέσπειρε τῶν στρατιωτῶν τινας, ἅμα δὲ τῇ ἡμέρᾳ φανερῶς ἔπεμψεν οὐ πολλοὺς καταληψομένους τὸν λόφον, ὡς ἐπάγοιτο συμπεσεῖν περὶ τοῦ τόπου τὸν [4] Μινούκιον. ὃ δὴ καὶ συνέβη. πρῶτον μὲν γὰρ ἀπέστειλε τὴν κούφην στρατιάν, ἔπειτα τοὺς ἱππεῖς, τέλος δ’ ὁρῶν τὸν Ἀννίβαν παραβοηθοῦντα τοῖς ἐπὶ τοῦ λόφου, πάσῃ κατέβαινε [5] τῇ δυνάμει συντεταγμένος, καὶ μάχην καρτερὰν θέμενος ἠμύνετο τοὺς ἀπὸ τοῦ λόφου βάλλοντας, συμπλεκόμενος καὶ ἴσα φερόμενος, ἄχρι οὗ καλῶς ἠπατημένον ὁρῶν ὁ Ἀννίβας καὶ γυμνὰ παρέχοντα τοῖς ἐνεδρεύουσι τὰ [6] νῶτα, τὸ σημεῖον αἴρει. πρὸς δὲ τοῦτο πολλαχόθεν ἐξανισταμένων ἅμα καὶ μετὰ κραυγῆς προσφερομένων καὶ τοὺς ἐσχάτους ἀποκτιννύντων, ἀδιήγητος

κατεῖχε ταραχὴ καὶ πτοία τοὺς Ῥωμαίους, αὐτοῦ τε τοῦ Μινουκίου τὸ θράσος κατεκέκλαστο, καὶ πρὸς ἄλλον ἄλλοτε τῶν ἡγεμόνων διεπάπταινεν, οὐδενὸς ἐν χώρᾳ μένειν τολμῶντος, ἀλλὰ πρὸς [7] φυγὴν ὠθουμένων οὐ σωτήριον. οἱ γὰρ Νομάδες ἤδη κρατοῦντες κύκλῳ περιήλαυνον τὸ πεδίον καὶ τοὺς ἀποσκιδναμένους ἔκτεινον.

[12] [1] Ἐν τοσούτῳ δὲ κακῷ τῶν Ῥωμαίων ὄντων, οὐκ ἔλαθεν ὁ κίνδυνος τὸν Φάβιον, ἀλλὰ καὶ τὸ μέλλον ὡς ἔοικεν ἤδη προειληφώς, τήν τε δύναμιν συντεταγμένην εἶχεν ἐπὶ τῶν ὅπλων, καὶ τὰ πραττόμενα γινώσκειν ἐφρόντιζεν, οὐ δι᾽ ἀγγέλων, ἀλλ᾽ αὐτὸς ἔχων κατασκοπὴν πρὸ τοῦ [2] χάρακος. ὡς οὖν κατεῖδε κυκλούμενον καὶ ταραττόμενον τὸ στράτευμα, καὶ κραυγὴ προσέπιπτεν οὐ μενόντων, ἀλλ᾽ ἤδη πεφοβημένων καὶ τρεπομένων, μηρόν τε πληξάμενος καὶ στενάξας μέγα, πρὸς μὲν τοὺς παρόντας εἶπεν· ὦ Ἡράκλεις, ὡς τάχιον μὲν ἢ ἐγὼ προσεδόκων, βράδιον δ᾽ [3] ἢ αὐτὸς ἔσπευδε Μινούκιος ἑαυτὸν ἀπολώλεκε, τὰς δὲ σημαίας ἐκφέρειν κατὰ τάχος καὶ τὸν στρατὸν ἕπεσθαι κελεύσας ἀνεβόησε· νῦν τις ὦ στρατιῶται Μάρκου Μινουκίου μεμνημένος ἐπειγέσθω· λαμπρὸς γὰρ ἀνὴρ καὶ φιλόπατρις. εἰ δέ τι σπεύδων ἐξελάσαι τοὺς πολεμίους ἥμαρτεν, [4] αὖθις αἰτιασόμεθα. πρῶτον μὲν οὖν ἐπιφανεὶς τρέπεται καὶ διασκίδνησι τοὺς ἐν τῷ πεδίῳ περιελαύνοντας Νομάδας, εἶτα πρὸς τοὺς μαχομένους καὶ κατὰ νώτου τῶν Ῥωμαίων ὄντας ἐχώρει καὶ τοὺς ἐμποδὼν ἔκτεινεν, οἱ δὲ λοιποί, πρὶν ἀποληφθῆναι καὶ γενέσθαι περιπετεῖς οἷς [5] αὐτοὶ τοὺς Ῥωμαίους ἐποίησαν, ἐγκλίναντες ἔφυγον. ὁρῶν δ᾽ ὁ Ἀννίβας τὴν μεταβολὴν καὶ τὸν Φάβιον εὐρώστως παρ᾽ ἡλικίαν διὰ τῶν μαχομένων ὠθούμενον ἄνω πρὸς τὸν Μινούκιον εἰς τὸν λόφον, ἐπέσχε τὴν μάχην, καὶ τῇ σάλπιγγι σημήνας ἀνάκλησιν, ἀπῆγεν εἰς τὸν χάρακα τοὺς Καρχηδονίους, ἀσμένως καὶ τῶν Ῥωμαίων ἀναστρεφομένων.

[6] λέγεται δ᾽ αὐτὸν ἀπιόντα περὶ τοῦ Φαβίου πρὸς τοὺς φίλους εἰπεῖν τι τοιοῦτον μετὰ παιδιᾶς· οὐκ ἐγὼ μέντοι προὔλεγον ὑμῖν πολλάκις τὴν ἐπὶ τῶν ἄκρων ταύτην καθημένην νεφέλην ὅτι μετὰ χαλάζης ποτὲ καὶ καταιγίδων ὄμβρον ἐκρήξει;

[13] [1] Μετὰ δὲ τὴν μάχην Φάβιος μὲν ὅσους ἔκτεινε τῶν πολεμίων σκυλεύσας ἀνεχώρησεν, οὐδὲν ὑπερήφανον οὐδ᾽ ἐπαχθὲς εἰπὼν περὶ τοῦ συνάρχοντος· Μινούκιος δὲ τὴν [2] αὑτοῦ στρατιὰν ἀθροίσας, ἄνδρες ἔφη συστρατιῶται, τὸ μὲν ἁμαρτεῖν μηδὲν ἐν πράγμασι μεγάλοις μεῖζον ἢ κατ᾽ ἄνθρωπόν ἐστι, τὸ δ᾽ ἁμαρτόντα χρήσασθαι τοῖς πταίσμασι διδάγμασι πρὸς τὸ λοιπὸν ἀνδρὸς ἀγαθοῦ καὶ νοῦν [3] ἔχοντος. ἐγὼ μὲν οὖν ὁμολογῶ μικρὰ μεμφόμενος τὴν τύχην ‹ἔχειν› περὶ μειζόνων ἐπαινεῖν. ἃ γὰρ οὐκ ᾐσθόμην

χρόνον τοσοῦτον, ἡμέρας μέρει μικρῷ πεπαίδευμαι, γνοὺς ἐμαυτὸν οὐκ ἄρχειν ἑτέρων δυνάμενον, ἀλλ' ἄρχοντος ἑτέρου δεόμενον, [καὶ] μὴ φιλοτιμούμενον νικᾶν ὑφ' ὧν [4] ἡττᾶσθαι κάλλιον. ὑμῖν δὲ τῶν μὲν ἄλλων ἐστὶν ἄρχων ὁ δικτάτωρ, τῆς δὲ πρὸς ἐκεῖνον εὐχαριστίας αὐτὸς ἡγεμὼν ἔσομαι, πρῶτον ἐμαυτὸν εὐπειθῆ καὶ ποιοῦντα τὸ κελευόμενον [5] ὑπ' ἐκείνου παρεχόμενος. ταῦτ' εἰπὼν καὶ τοὺς ἀετοὺς ἄρασθαι κελεύσας καὶ πάντας ἀκολουθεῖν, ἦγε πρὸς τὸν χάρακα τοῦ Φαβίου, καὶ παρελθὼν ἐντὸς ἐβάδιζεν ἐπὶ τὴν στρατηγικὴν σκηνήν, ὥστε θαυμάζειν [6] καὶ διαπορεῖν πάντας. προελθόντος δὲ τοῦ Φαβίου, θέμενος ἔμπροσθεν τὰς σημαίας, αὐτὸς μὲν ἐκεῖνον πατέρα μεγάλῃ φωνῇ, οἱ δὲ στρατιῶται τοὺς στρατιώτας πάτρωνας ἠσπάζοντο· τοῦτο δ' ἔστι τοῖς ἀπελευθέροις προσφώνημα [7] πρὸς τοὺς ἀπελευθερώσαντας. ἡσυχίας δὲ γενομένης ὁ Μινούκιος εἶπε· δύο νίκας ὦ δίκτατορ τῇ σήμερον ἡμέρᾳ νενίκηκας, ἀνδρείᾳ μὲν Ἀννίβαν, εὐβουλίᾳ δὲ καὶ χρηστότητι τὸν συνάρχοντα, καὶ δι' ἧς μὲν σέσωκας ἡμᾶς, δι' ἧς δὲ πεπαίδευκας, ἡττωμένους αἰσχρὰν μὲν [8] ἧτταν ὑπ' ἐκείνου, καλὴν δὲ καὶ σωτήριον ὑπὸ σοῦ. πατέρα δή σε χρηστὸν προσαγορεύω, τιμιωτέραν οὐκ ἔχων προσηγορίαν, ἐπεὶ τῆς γε τοῦ τεκόντος χάριτος μείζων ἡ παρὰ σοῦ χάρις αὕτη· ἐγεννήθην μὲν γὰρ ὑπ' ἐκείνου [9] μόνος, σῴζομαι δ' ὑπὸ σοῦ μετὰ τοσούτων. ταῦτ' εἰπὼν καὶ περιβαλὼν τὸν Φάβιον ἠσπάζετο, τὸ δ' αὐτὸ καὶ τοὺς στρατιώτας ἦν ὁρᾶν πράττοντας· ἐνεφύοντο γὰρ ἀλλήλοις καὶ κατεφίλουν, ὥστε μεστὸν εἶναι χαρᾶς καὶ δακρύων ἡδίστων τὸ στρατόπεδον.

[14] [1] Ἐκ τούτου Φάβιος μὲν ἀπέθετο τὴν ἀρχήν, ὕπατοι δ' αὖθις ἀπεδείκνυντο. καὶ τούτων οἱ μὲν πρῶτοι διεφύλαξαν ἣν ἐκεῖνος ἰδέαν τοῦ πολέμου κατέστησε, μάχεσθαι μὲν ἐκ παρατάξεως φεύγοντες πρὸς Ἀννίβαν, τοῖς δὲ συμμάχοις ἐπιβοηθοῦντες καὶ τὰς ἀποστάσεις κωλύοντες· [2] Τερέντιος δὲ Βάρρων εἰς τὴν ὑπατείαν προαχθεὶς ἀπὸ γένους ἀσήμου, βίου δὲ διὰ δημοκοπίαν καὶ προπέτειαν ἐπισήμου, δῆλος ἦν εὐθὺς ἀπειρίᾳ καὶ θρασύτητι τὸν περὶ τῶν ὅλων ἀναρρίψων κύβον. ἐβόα γὰρ ἐν ταῖς ἐκκλησίαις μενεῖν τὸν πόλεμον, ἄχρι οὗ Φαβίοις χρῆται στρατηγοῖς ἡ πόλις, αὐτὸς δὲ τῆς αὐτῆς ἡμέρας ὄψεσθαί τε καὶ νικήσειν [3] τοὺς πολεμίους. ἅμα δὲ τούτοις τοῖς λόγοις συνῆγε καὶ κατέγραφε δύναμιν τηλικαύτην, ἡλίκῃ πρὸς οὐδένα πώποτε τῶν πολέμων ἐχρήσαντο Ῥωμαῖοι· μυριάδες γὰρ ἐννέα δισχιλίων ἀνδρῶν δέουσαι συνετάχθησαν εἰς τὴν μάχην, μέγα δέος Φαβίῳ καὶ τοῖς νοῦν ἔχουσι Ῥωμαίων· οὐ γὰρ ἤλπιζον ἕξειν ἀναφορὰν τὴν πόλιν ἐν τοσαύτῃ σφαλεῖσαν [4] ἡλικίᾳ. διὸ καὶ τὸν συνάρχοντα τοῦ Τερεντίου Παῦλον Αἰμίλιον, ἄνδρα πολέμων ἔμπειρον, οὐκ ἀρεστὸν δὲ τῷ δήμῳ καὶ καταπλῆγα ‹τῶν› πολλῶν ἔκ τινος καταδίκης πρὸς τὸ δημόσιον αὐτῷ γεγενημένης,

ἀνίστη καὶ παρεθάρρυνεν [5] ἐπιλαμβάνεσθαι τῆς ἐκείνου μανίας, διδάσκων ὡς οὐ πρὸς Ἀννίβαν αὐτῷ μᾶλλον ἢ πρὸς Τερέντιον ὑπὲρ τῆς πατρίδος ὁ ἀγὼν ἔσοιτο· σπεύδειν γὰρ μάχην γενέσθαι τὸν μὲν οὐκ αἰσθανόμενον τῆς ‹αὑτοῦ› δυνάμεως, τὸν [6] δ' αἰσθανόμενον τῆς περὶ αὑτὸν ἀσθενείας. ἐγὼ δέ εἶπεν ὦ Παῦλε Τερεντίου πιστεύεσθαι δικαιότερός εἰμι περὶ τῶν Ἀννίβου πραγμάτων διαβεβαιούμενος, ὡς εἰ μηδεὶς αὐτῷ μαχεῖται τοῦτον τὸν ἐνιαυτόν, ἀπολεῖται μένων ὁ ἀνὴρ ἢ φεύγων ἄπεισιν, ᾧ γε καὶ νῦν νικᾶν καὶ κρατεῖν δοκοῦντι τῶν μὲν πολεμίων οὐδεὶς προσκεχώρηκε, τῆς δ' οἴκοθεν δυνάμεως οὐδ' ἡ τρίτη μοῖρα πάνυ περίεστι.

[7] πρὸς ταῦτα λέγεται τὸν Παῦλον εἰπεῖν· ἐμοὶ μὲν ὦ Φάβιε τὰ ἐμαυτοῦ σκοποῦντι κρεῖττόν ἐστι τοῖς τῶν πολεμίων ὑποπεσεῖν δόρασιν ἢ πάλιν ταῖς ψήφοις τῶν πολιτῶν· εἰ δ' οὕτως ἔχει τὰ δημόσια πράγματα, πειράσομαι μᾶλλον σοὶ δοκεῖν ἀγαθὸς εἶναι στρατηγὸς ἢ πᾶσι τοῖς ἄλλοις ἐπὶ τἀναντία βιαζομένοις. ταύτην ἔχων τὴν προαίρεσιν ὁ Παῦλος ἐξῆλθεν ἐπὶ τὸν πόλεμον.

[15] [1] Ἀλλ' ὁ Τερέντιος ἐμβαλὼν αὐτὸν εἰς τὸ παρ' ἡμέραν ἄρχειν, καὶ τῷ Ἀννίβᾳ παραστρατοπεδεύσας περὶ τὸν Αὐφίδιον ποταμὸν καὶ τὰς λεγομένας Κάννας, ἅμ' ἡμέρᾳ τὸ τῆς μάχης σημεῖον ἐξέθηκεν - ἔστι δὲ χιτὼν κόκκινος ὑπὲρ τῆς στρατηγικῆς σκηνῆς διατεινόμενος - , ὥστε καὶ τοὺς Καρχηδονίους ἐξ ἀρχῆς διαταραχθῆναι, τήν τε τόλμαν τοῦ στρατηγοῦ καὶ τὸ τοῦ στρατοπέδου πλῆθος ὁρῶντας, [2] αὐτοὺς οὐδ' ἥμισυ μέρος ὄντας. Ἀννίβας δὲ τὴν δύναμιν ἐξοπλίζεσθαι κελεύσας, αὐτὸς ἱππότης μετ' ὀλίγων ὑπὲρ λόφου τινὸς μαλακοῦ κατεσκόπει τοὺς πολεμίους, ἤδη καθισταμένους εἰς τάξιν. εἰπόντος δέ τινος τῶν περὶ αὐτὸν ἀνδρὸς ἰσοτίμου τοὔνομα Γίσκωνος, ὡς θαυμαστὸν αὐτῷ φαίνεται τὸ πλῆθος τῶν πολεμίων, συναγαγὼν τὸ πρόσωπον ὁ Ἀννίβας ἕτερον εἶπεν ὦ Γίσκων λέληθέ [3] σε τούτου θαυμασιώτερον. ἐρομένου δὲ τοῦ Γίσκωνος τὸ ποῖον, ὅτι ἔφη τούτων ὄντων τοσούτων οὐδεὶς ἐν αὐτοῖς Γίσκων καλεῖται. γενομένου δὲ παρὰ δόξαν αὐτοῖς τοῦ σκώμματος ἐμπίπτει γέλως πᾶσι, καὶ κατέβαινον ἀπὸ τοῦ λόφου τοῖς ἀπαντῶσιν ἀεὶ τὸ πεπαιγμένον ἀπαγγέλλοντες, ὥστε διὰ πολλῶν πολὺν εἶναι τὸν γέλωτα καὶ μηδ' ἀναλαβεῖν ἑαυτοὺς δύνασθαι τοὺς περὶ τὸν Ἀννίβαν. [4] τοῦτο τοῖς Καρχηδονίοις ἰδοῦσι θάρσος παρέστη, λογιζομένοις ἀπὸ πολλοῦ καὶ ἰσχυροῦ τοῦ καταφρονοῦντος ἐπιέναι γελᾶν οὕτω καὶ παίζειν τῷ στρατηγῷ παρὰ τὸν κίνδυνον.

[16] [1] Ἐν δὲ τῇ μάχῃ στρατηγήμασιν ἐχρήσατο, πρώτῳ μὲν τῷ ἀπὸ τοῦ τόπου, ποιησάμενος κατὰ νώτου τὸν ἄνεμον· πρηστῆρι γὰρ ἐοικὼς φλέγοντι κατερρήγνυτο, καὶ τραχὺν ἐκ πεδίων ὑφάμμων καὶ ἀναπεπταμένων αἴρων κονιορτὸν ὑπὲρ τὴν φάλαγγα τῶν Καρχηδονίων εἰς τοὺς Ῥωμαίους ἐώθει καὶ

προσέβαλλε τοῖς προσώποις ἀποστρεφομένων [2] καὶ συνταραττομένων· δευτέρῳ δὲ τῷ περὶ τὴν τάξιν· ὃ γὰρ ἦν ἰσχυρότατον αὐτῷ καὶ μαχιμώτατον τῆς δυνάμεως ἑκατέρωσε τοῦ μέσου τάξας, τὸ μέσον αὐτὸ συνεπλήρωσεν ἐκ τῶν ἀχρειοτάτων, ἐμβόλῳ τούτῳ πολὺ προέχοντι τῆς ἄλλης φάλαγγος χρησάμενος· εἴρητο δὲ τοῖς κρατίστοις, ὅταν τούτους διακόψαντες οἱ Ῥωμαῖοι καὶ φερόμενοι πρὸς τὸ εἶκον ἐκβιαζομένου τοῦ μέσου καὶ κόλπον λαμβάνοντος ἐντὸς γένωνται τῆς φάλαγγος, ὀξέως ἑκατέρωθεν ἐπιστρέψαντας ἐμβαλεῖν τε πλαγίοις καὶ περιπτύσσειν [3] ὄπισθεν συγκλείοντας. ὃ δὴ καὶ δοκεῖ τὸν πλεῖστον ἀπεργάσασθαι φόνον. ὡς γὰρ ἐνέδωκε τὸ μέσον καὶ τοὺς Ῥωμαίους ἐδέξαντο διώκοντας, ἡ δὲ φάλαγξ τοῦ Ἀννίβου μεταβαλοῦσα τὸ σχῆμα μηνοειδὴς ἐγεγόνει, καὶ τῶν ἐπιλέκτων οἱ ταξίαρχοι ταχὺ τοὺς μὲν ἐπ᾽ ἀσπίδα, τοὺς δ᾽ ἐπὶ δόρυ κλίναντες προσέπεσον κατὰ τὰ γυμνά, πάντας, ὅσοι μὴ τὴν κύκλωσιν ὑπεκκλίναντες ἔφθασαν, ἐν [4] μέσῳ κατειργάσαντο καὶ διέφθειραν. λέγεται δὲ καὶ τοῖς ἱππεῦσι τῶν Ῥωμαίων σύμπτωμα παράλογον γενέσθαι. τὸν γὰρ Παῦλον ὡς ἔοικε τρωθεὶς ὁ ἵππος ἀπεσείσατο, καὶ τῶν περὶ αὐτὸν ἄλλος καὶ ἄλλος ἀπολιπὼν τὸν ἵππον [5] πεζὸς τῷ ὑπάτῳ προσήμυνε. τοῦτο δ᾽ οἱ ἱππεῖς ἰδόντες, ὡς παραγγέλματος κοινοῦ δεδομένου, πάντες ἀποπηδήσαντες πεζοὶ συνεπλέκοντο τοῖς πολεμίοις. ἰδὼν δ᾽ ὁ Ἀννίβας τοῦτο ἔφη μᾶλλον ἠβουλόμην ἢ εἰ δεδεμένους [6] παρέλαβον. ἀλλὰ ταῦτα μὲν οἱ τὰς διεξοδικὰς γράψαντες ἱστορίας ἀπηγγέλκασι. τῶν δ᾽ ὑπάτων ὁ μὲν Βάρρων ὀλιγοστὸς ἀφίππευσεν εἰς Οὐενουσίαν πόλιν, ὁ δὲ Παῦλος ἐν τῷ βυθῷ καὶ κλύδωνι τῆς φυγῆς ἐκείνης, βελῶν τε πολλῶν [ἐπὶ] τοῖς τραύμασιν ἐγκειμένων ἀνάπλεως τὸ σῶμα καὶ τὴν ψυχὴν πένθει τοσούτῳ βαρυνόμενος, πρός τινι λίθῳ καθῆστο, τὸν ἐπισφάξοντα τῶν πολεμίων ἀναμένων.

[7] ἦν δὲ δι᾽ αἵματος πλῆθος, ᾧ συνεπέφυρτο τὴν κεφαλὴν καὶ τὸ πρόσωπον, οὐ πολλοῖς διάδηλος, ἀλλὰ καὶ φίλοι καὶ θεράποντες αὐτὸν ὑπ᾽ ἀγνοίας παρῆλθον. μόνος δὲ Κορνήλιος Λέντλος εὐπατρίδης νέος ἰδὼν καὶ προνοήσας ἀπεπήδησε τοῦ ἵππου, καὶ προσαγαγὼν παρεκάλει χρῆσθαι καὶ σῴζειν αὑτὸν τοῖς πολίταις, ἄρχοντος ἀγαθοῦ τότε [8] μάλιστα χρῄζουσιν. ὁ δὲ ταύτην μὲν ἀπετρίψατο τὴν δέησιν, καὶ τὸ μειράκιον αὖθις ἠνάγκασεν ἐπὶ τὸν ἵππον ἀναβῆναι δακρῦον, εἶτα δὲ τὴν δεξιὰν ἐμβαλὼν καὶ συνεξαναστάς ἀπάγγελλε εἶπεν ὦ Λέντλε Φαβίῳ Μαξίμῳ καὶ γενοῦ μάρτυς αὐτός, ὅτι Παῦλος Αἰμίλιος ἐνέμεινεν αὑτοῦ τοῖς λογισμοῖς ἄχρι τέλους, καὶ τῶν ὁμολογηθέντων πρὸς ἐκεῖνον οὐδὲν ἔλυσεν, ἀλλ᾽ ἐνικήθη πρότερον ὑπὸ Βάρρωνος, [9] εἶθ᾽ ὑπ᾽ Ἀννίβου. τοσαῦτ᾽ ἐπιστείλας τὸν μὲν Λέντλον ἀπέπεμψεν, αὐτὸς δὲ ῥίψας ἑαυτὸν εἰς τοὺς φονευομένους ἀπέθανε. λέγονται

δὲ πεσεῖν μὲν ἐν τῇ μάχῃ Ῥωμαίων πεντακισμύριοι, ζῶντες δ' ἁλῶναι τετρακισχίλιοι, καὶ μετὰ τὴν μάχην οἱ ληφθέντες ἐπ' ἀμφοτέροις τοῖς στρατοπέδοις μυρίων οὐκ ἐλάττους.

[17] [1] Τὸν δ' Ἀννίβαν ἐπὶ τηλικούτῳ κατορθώματι τῶν φίλων παρορμώντων ἅμ' ἕπεσθαι τῇ τύχῃ καὶ συνεπεισπεσεῖν ἅμα τῇ φυγῇ τῶν πολεμίων εἰς τὴν πόλιν, πεμπταῖον γὰρ ἀπὸ τῆς νίκης ἐν Καπιτωλίῳ δειπνήσειν, οὐ ῥᾴδιον εἰπεῖν ὅστις ἀπέτρεψε λογισμός, ἀλλὰ μᾶλλον δαίμονος ἢ θεοῦ τινος ἐμποδὼν στάντος ἔοικεν ἔργον ἡ πρὸς [2] τοῦτο μέλλησις αὐτοῦ καὶ δειλίασις γενέσθαι. διὸ καὶ Βάρκαν τὸν Καρχηδόνιον εἰπεῖν μετ' ὀργῆς πρὸς αὐτὸν λέγουσι· σὺ νικᾶν οἶδας, νίκῃ δὲ χρῆσθαι οὐκ οἶδας.

[3] καίτοι τοσαύτην μεταβολὴν ἡ νίκη περὶ αὐτὸν ἐποίησεν, ὡς πρὸ τῆς μάχης οὐ πόλιν, οὐκ ἐμπόριον, οὐ λιμένα τῆς Ἰταλίας ἔχοντα, χαλεπῶς δὲ καὶ μόλις τὰ ἐπιτήδεια τῇ στρατιᾷ δι' ἁρπαγῆς κομιζόμενον, ὁρμώμενον ἀπ' οὐδενὸς βεβαίου πρὸς τὸν πόλεμον, ἀλλ' ὥσπερ ληστηρίῳ μεγάλῳ τῷ στρατοπέδῳ πλανώμενον καὶ περιφερόμενον, τότε [4] πᾶσαν ὀλίγου δεῖν ὑφ' αὐτῷ ποιήσασθαι τὴν Ἰταλίαν. τὰ γὰρ πλεῖστα καὶ μέγιστα τῶν ἐθνῶν αὐτῷ προσεχώρησεν ἑκούσια, καὶ Καπύην, ἣ μέγιστον ἔχει μετὰ Ῥώμην ἀξίωμα τῶν πόλεων, προσθεμένην κατέσχεν. οὐ μόνον δ' ἦν ἄρα τὸ φίλων πεῖραν λαβεῖν, ὡς Εὐριπίδης (fr. 993 N^2) φησίν, [5] οὐ σμικρὸν κακόν, ἀλλὰ καὶ τὸ φρονίμων στρατηγῶν. ἡ γὰρ πρὸ τῆς μάχης Φαβίου δειλία καὶ ψυχρότης λεγομένη μετὰ τὴν μάχην εὐθὺς οὐδ' ἀνθρώπινος ἐδόκει λογισμός, ἀλλὰ θεῖόν τι χρῆμα διανοίας καὶ δαιμόνιον, ἐκ τοσούτου τὰ μέλλοντα προορωμένης, ἃ μόλις ἦν πιστὰ πάσχουσιν.

[6] ὅθεν εὐθὺς εἰς ἐκεῖνον ἡ Ῥώμη συνενεγκοῦσα τὰς λοιπὰς ἐλπίδας, καὶ προσφυγοῦσα τῇ γνώμῃ τοῦ ἀνδρὸς ὥσπερ ἱερῷ καὶ βωμῷ, πρώτην καὶ μεγίστην αἰτίαν ἔσχε τοῦ μεῖναι καὶ μὴ διαλυθῆναι τὴν ἐκείνου φρόνησιν, καθάπερ [7] ἐν τοῖς Κελτικοῖς πάθεσιν. ὁ γὰρ ἐν οἷς οὐδὲν ἐδόκει δεινὸν εἶναι καιροῖς εὐλαβὴς φαινόμενος καὶ δυσέλπιστος, τότε πάντων καταβεβληκότων ἑαυτοὺς εἰς ἀπέραντα πένθη καὶ ταραχὰς ἀπράκτους, μόνος ἐφοίτα διὰ τῆς πόλεως πρᾴῳ βαδίσματι καὶ προσώπῳ καθεστῶτι καὶ φιλανθρώπῳ προσαγορεύσει, κοπετούς τε γυναικείους ἀφαιρῶν καὶ συστάσεις εἴργων τῶν εἰς τὸ δημόσιον ἐπὶ κοινοῖς ὀδυρμοῖς προσφερομένων, βουλήν τε συνελθεῖν ἔπεισε καὶ παρεθάρσυνε τὰς ἀρχάς, αὐτὸς ὢν καὶ ῥώμη καὶ δύναμις ἀρχῆς ἁπάσης πρὸς ἐκεῖνον ἀποβλεπούσης.

[18] [1] Ταῖς μὲν οὖν πύλαις ἐπέστησε τοὺς τὸν ἐκπίπτοντα καὶ προλείποντα τὴν πόλιν ὄχλον ἀπείρξοντας, πένθους δὲ καὶ τόπον καὶ χρόνον ὥρισε, κατ'

οἰκίαν ἀποθρηνεῖν κελεύσας ἐφ’ ἡμέρας τριάκοντα τὸν βουλόμενον· μετὰ δὲ ταύτας ἔδει πᾶν πένθος λύεσθαι καὶ καθαρεύειν τῶν [2] τοιούτων τὴν πόλιν· ἑορτῆς τε Δήμητρος εἰς τὰς ἡμέρας ἐκείνας καθηκούσης, βέλτιον ἐφάνη παραλιπεῖν ὅλως τάς τε θυσίας καὶ τὴν πομπήν, ἢ τὸ μέγεθος τῆς συμφορᾶς ὀλιγότητι καὶ κατηφείᾳ τῶν συνερχομένων ἐλέγχεσθαι· καὶ γὰρ τὸ θεῖον ἥδεσθαι τιμώμενον ὑπὸ τῶν εὐτυχούντων.

[3] ὅσα μέντοι πρὸς ἱλασμοὺς θεῶν ἢ τεράτων ἀποτροπὰς συνηγόρευον οἱ μάντεις, ἐπράττετο. καὶ γὰρ εἰς Δελφοὺς ἐπέμφθη θεοπρόπος Πίκτωρ συγγενὴς Φαβίου, καὶ τῶν Ἑστιάδων παρθένων δύο διεφθαρμένας εὑρόντες, τὴν μὲν ὥσπερ ἐστὶν ἔθος ζῶσαν κατώρυξαν, ἡ δ’ ὑφ’ ἑαυτῆς [4] ἀπέθανε. μάλιστα δ’ ἄν τις ἠγάσατο τὸ φρόνημα καὶ τὴν πρᾳότητα τῆς πόλεως, ὅτε τοῦ ὑπάτου Βάρρωνος ἀπὸ τῆς φυγῆς ἐπανιόντος, ὡς ἄν τις αἴσχιστα καὶ δυσποτμότατα πεπραχὼς ἐπανίοι, ταπεινοῦ καὶ κατηφοῦς, ἀπήντησεν αὐτῷ περὶ τὰς πύλας ἥ τε βουλὴ καὶ τὸ πλῆθος ἅπαν ἀσπαζόμενον.

[5] οἱ δ’ ἐν τέλει καὶ πρῶτοι τῆς γερουσίας, ὧν καὶ Φάβιος ἦν, ἡσυχίας γενομένης ἐπῄνεσαν, ὅτι τὴν πόλιν οὐκ ἀπέγνω μετὰ δυστυχίαν τηλικαύτην, ἀλλὰ πάρεστιν ἄρξων ἐπὶ τὰ πράγματα καὶ χρησόμενος τοῖς νόμοις καὶ τοῖς πολίταις ὡς σῴζεσθαι δυναμένοις.

[19] [1] Ἐπεὶ δ’ Ἀννίβαν ἐπύθοντο μετὰ τὴν μάχην ἀποτετράφθαι πρὸς τὴν ἄλλην Ἰταλίαν, ἀναθαρρήσαντες ἐξέπεμπον ἡγεμόνας καὶ στρατεύματα. τούτων δ’ ἐπιφανέστατοι Φάβιός τε Μάξιμος καὶ Κλαύδιος Μάρκελλος ἦσαν, ἀπὸ τῆς ἐναντίας σχεδὸν προαιρέσεως θαυμαζόμενοι [2] παραπλησίως. ὁ μὲν γάρ, ὥσπερ ἐν τοῖς περὶ αὐτοῦ γεγραμμένοις εἴρηται (cap. 9), περιλαμπὲς τὸ δραστήριον ἔχων καὶ γαῦρον, ἅτε δὴ καὶ κατὰ χεῖρα πλήκτης ἀνὴρ καὶ φύσει τοιοῦτος ὢν οἵους Ὅμηρος μάλιστα καλεῖ φιλοπολέμους καὶ ἀγερώχους, ἐν τῷ παραβόλῳ καὶ ἰταμῷ καὶ πρὸς ἄνδρα τολμηρὸν τὸν Ἀννίβαν ἀντιτολμῶντι [τῷ] τρόπῳ [3] πολέμου συνίστατο τοὺς πρώτους ἀγῶνας· Φάβιος δὲ τῶν πρώτων ἐχόμενος λογισμῶν ἐκείνων, ἤλπιζε μηδενὸς μαχομένου μηδ’ ἐρεθίζοντος τὸν Ἀννίβαν αὐτὸν ἐπηρεάσειν ἑαυτῷ καὶ κατατριβήσεσθαι περὶ τὸν πόλεμον, ὥσπερ ἀθλητικοῦ σώματος τῆς δυνάμεως ὑπερτόνου γινομένης [4] καὶ καταπόνου ταχύτατα τὴν ἀκμὴν ἀποβαλόντα. διὸ τοῦτον μὲν ὁ Ποσειδώνιός (FGrH 87 F 42) φησι θυρεόν, τὸν δὲ Μάρκελλον ξίφος ὑπὸ τῶν Ῥωμαίων καλεῖσθαι, κιρναμένην δὲ τὴν Φαβίου βεβαιότητα καὶ ἀσφάλειαν τῇ Μαρκέλλου [5] συντονίᾳ σωτήριον γενέσθαι τοῖς Ῥωμαίοις. ὁ δ’ Ἀννίβας τῷ μὲν ὡς ῥέοντι σφόδρα ποταμῷ πολλάκις ἀπαντῶν, ἐσείετο καὶ παρερρηγνύετο τὴν δύναμιν, ὑφ’ οὗ δ’ ἀψοφητὶ καὶ κατὰ μικρὸν ὑπορρέοντος καὶ παρεμπίπτοντος ἐνδελεχῶς

ὑπερειπόμενος καὶ δαπανώμενος ἐλάνθανε, καὶ τελευτῶν εἰς ἀπορίαν κατέστη τοσαύτην, ὥστε Μαρκέλλῳ μὲν ἀποκαμεῖν μαχόμενον, Φάβιον δὲ φοβεῖσθαι μὴ [6] μαχόμενον. τὸ γὰρ πλεῖστον ὡς εἰπεῖν τοῦ χρόνου τούτοις διεπολέμησεν ἢ στρατηγοῖς ἢ ἀνθυπάτοις ἢ ὑπάτοις ἀποδεικνυμένοις· ἑκάτερος γὰρ αὐτῶν πεντάκις ὑπάτευσεν. ἀλλὰ Μάρκελλον μὲν ὑπατεύοντα τὸ πέμπτον ἐνέδρᾳ περιβαλὼν ἔκτεινε, Φαβίῳ δὲ πᾶσαν ἀπάτην καὶ διάπειραν ἐπάγων πολλάκις οὐδὲν ἐπέραινε, πλὴν ἅπαξ ὀλίγου παρακρουσάμενος [7] ἔσφηλε τὸν ἄνδρα. συνθεὶς γὰρ ἐπιστολὰς παρὰ τῶν ἐν Μεταποντίῳ δυνατῶν καὶ πρώτων ἔπεμψε πρὸς τὸν Φάβιον, ὡς τῆς πόλεως ἐνδοθησομένης εἰ παραγένοιτο, καὶ τῶν τοῦτο πραττόντων ἐκεῖνον ἐλθεῖν καὶ [8] φανῆναι πλησίον ἀναμενόντων. ταῦτ᾽ ἐκίνησε τὸν Φάβιον τὰ γράμματα, καὶ λαβὼν μέρος τι τῆς στρατιᾶς ἔμελλεν ὁρμήσειν διὰ νυκτός· εἶτα χρησάμενος ὄρνισιν οὐκ αἰσίοις ἀπετράπη, καὶ μετὰ μικρὸν ἐπεγνώσθη τὰ γράμματα πρὸς αὐτὸν ὑπ᾽ Ἀννίβου δόλῳ συντεθέντα κἀκεῖνος ἐνεδρεύων αὐτὸν ὑπὸ τὴν πόλιν. ἀλλὰ ταῦτα μὲν ἄν τις εὐνοίᾳ θεῶν ἀναθείη.

[20] [1] Τὰς δ᾽ ἀποστάσεις τῶν πόλεων καὶ τὰ κινήματα τῶν συμμάχων ὁ Φάβιος μᾶλλον ᾤετο δεῖν ἠπίως ὁμιλοῦντα καὶ πρᾴως ἀνείργειν καὶ δυσωπεῖν, μὴ πᾶσαν ὑπόνοιαν ἐλέγχοντα καὶ χαλεπὸν ὄντα παντάπασι τοῖς [2] ὑπόπτοις. λέγεται γὰρ ὅτι στρατιώτην ἄνδρα Μάρσον, ἀνδρείᾳ καὶ γένει τῶν συμμάχων πρῶτον, αἰσθόμενος διειλεγμένον τισὶ τῶν ἐν στρατοπέδῳ περὶ ἀποστάσεως οὐ διηρέθισεν, ἀλλ᾽ ὁμολογήσας ἠμελῆσθαι παρ᾽ ἀξίαν αὐτόν, νῦν μὲν ἔφη τοὺς ἡγεμόνας αἰτιᾶσθαι πρὸς χάριν μᾶλλον ἢ πρὸς ἀρετὴν τὰς τιμὰς νέμοντας, ὕστερον δ᾽ ἐκεῖνον αἰτιάσεσθαι μὴ φράζοντα μηδ᾽ ἐντυγχάνοντα πρὸς αὐτὸν εἴ [3] του δέοιτο. καὶ ταῦτ᾽ εἰπὼν ἵππον τε πολεμιστὴν ἐδωρήσατο καὶ τοῖς ἄλλοις ἀριστείοις ἐκόσμησεν, ὥστε πιστότατον [4] ἐξ ἐκείνου καὶ προθυμότατον εἶναι τὸν ἄνδρα. δεινὸν γὰρ ἡγεῖτο τοὺς μὲν ἱππικοὺς καὶ κυνηγετικοὺς ἐπιμελείᾳ καὶ συνηθείᾳ καὶ τροφῇ μᾶλλον ἢ μάστιξι καὶ κλοιοῖς τὴν χαλεπότητα τῶν ζῴων καὶ τὸ θυμούμενον καὶ τὸ δυσκολαῖνον ἐξαιρεῖν, τὸν δ᾽ ἀνθρώπων ἄρχοντα μὴ τὸ πλεῖστον ἐν χάριτι καὶ πρᾳότητι τῆς ἐπανορθώσεως τίθεσθαι, σκληρότερον δὲ προσφέρεσθαι καὶ βιαιότερον, ἤπερ οἱ γεωργοῦντες ἐρινεοῖς καὶ ἀχράσι καὶ κοτίνοις προσφέρονται, τὰ μὲν εἰς ἐλαίας, τὰ δ᾽ εἰς ἀπίους, τὰ δ᾽ εἰς συκᾶς [5] ἐξημεροῦντες καὶ τιθασεύοντες. ἕτερον τοίνυν τῷ γένει Λευκανὸν ἄνδρα προσήγγειλαν οἱ λοχαγοὶ ῥεμβόμενον ἀπὸ τοῦ στρατοπέδου καὶ τὴν τάξιν ἀπολείποντα πολλάκις. ὁ δ᾽ ἠρώτησε, τἆλλα ποῖόν τινα τὸν ἄνθρωπον εἰδεῖεν ὄντα.

[6] μαρτυρούντων δὲ πάντων ὅτι ῥᾳδίως ἕτερος οὐκ εἴη στρατιώτης τοιοῦτος, ἅμα τ’ αὐτοῦ τινας ἀνδραγαθίας ἐπιφανεῖς καὶ πράξεις λεγόντων, αἰτίαν τῆς ἀταξίας ζητῶν εὗρεν ἔρωτι παιδίσκης κατεχόμενον τὸν ἄνδρα καὶ κινδυνεύοντα μακρὰς ὁδοὺς ἑκάστοτε, φοιτῶντα πρὸς ἐκείνην ἀπὸ τοῦ [7] στρατοπέδου. πέμψας οὖν τινας ἀγνοοῦντος αὐτοῦ καὶ συλλαβὼν τὸ γύναιον ἔκρυψεν ἐν τῇ σκηνῇ, καὶ καλέσας τὸν Λευκανὸν ἰδίᾳ πρὸς αὐτόν οὐ λέληθας ἔφη παρὰ τὰ Ῥωμαίων πάτρια καὶ τοὺς νόμους ἀπονυκτερεύων τοῦ στρατοπέδου πολλάκις· ἀλλ’ οὐδὲ χρηστὸς ὢν πρότερον [8] ἐλελήθεις. τὰ μὲν οὖν ἡμαρτημένα σοι λελύσθω τοῖς ἠνδραγαθημένοις, τὸ δὲ λοιπὸν ἐφ’ ἑτέρῳ ποιήσομαι τὴν φρουράν.

[9] θαυμάζοντος δὲ τοῦ στρατιώτου, προαγαγὼν τὴν ἄνθρωπον ἐνεχείρισεν αὐτῷ καὶ εἶπεν· αὕτη μὲν ἐγγυᾶταί σε μενεῖν ἐν τῷ στρατοπέδῳ μεθ’ ἡμῶν· σὺ δ’ ἔργῳ δείξεις, εἰ μὴ δι’ ἄλλην τινὰ μοχθηρίαν ἀπέλειπες, ὁ δ’ ἔρως καὶ αὕτη πρόφασις ἦν λεγομένη. ταῦτα μὲν περὶ τούτων ἱστοροῦσι.

[21] [1] Τὴν δὲ Ταραντίνων πόλιν ἔσχεν ἑαλωκυῖαν ἐκ προδοσίας τὸν τρόπον τοῦτον. ἐστρατεύετο παρ’ αὐτῷ νεανίας Ταραντῖνος ἔχων ἀδελφὴν ἐν Τάραντι πιστῶς πάνυ καὶ [2] φιλοστόργως διακειμένην πρὸς αὐτόν. ἤρα δὲ ταύτης ἀνὴρ Βρέττιος τῶν τεταγμένων ὑπ’ Ἀννίβου τὴν πόλιν φρουρεῖν ἐφ’ ἡγεμονίας. τοῦτο πράξεως ἐλπίδα τῷ Ταραντίνῳ παρέσχε, καὶ τοῦ Φαβίου συνειδότος εἰς τὴν πόλιν ἀφείθη, λόγῳ δ’ ἀποδεδράκει πρὸς τὴν ἀδελφήν. αἱ μὲν οὖν πρῶται τῶν ἡμερῶν ‹δι›ῆσαν, καὶ καθ’ ἑαυτὸν ὁ Βρέττιος [3] ἀνεπαύετο, λανθάνειν τὸν ἀδελφὸν οἰομένης ἐκείνης. ἔπειτα λέγει πρὸς αὐτὴν ὁ νεανίας· καὶ μὴν ἐκεῖ λόγος ἐφοίτα πολὺς ἀνδρί σε τῶν δυνατῶν καὶ μεγάλων συνεῖναι. τίς οὗτός ἐστιν; εἰ γὰρ εὐδόκιμός τις ὥς φασιν ἀρετῇ καὶ λαμπρός, ἐλάχιστα φροντίζει γένους ὁ πάντα συμμειγνὺς πόλεμος· αἰσχρὸν δὲ μετ’ ἀνάγκης οὐδέν, ἀλλ’ εὐτυχία τις ἐν καιρῷ τὸ δίκαιον ἀσθενὲς ἔχοντι πρᾳοτάτῳ χρήσασθαι [4] τῷ βιαζομένῳ. ἐκ τούτου μεταπέμπεται μὲν ἡ γυνὴ τὸν Βρέττιον καὶ γνωρίζει τὸν ἀδελφὸν αὐτῷ, ταχὺ δὲ συμπράττων τὴν ἐπιθυμίαν ἐκεῖνος καὶ μᾶλλον ἢ πρότερον εὔνουν καὶ χειροήθη τῷ βαρβάρῳ παρέχειν δοκῶν τὴν ἀδελφήν, ἔσχε πίστιν, ὥστε μὴ χαλεπῶς ἐρῶντος ἀνθρώπου μισθοφόρου μεταστῆσαι διάνοιαν ἐπ’ ἐλπίσι δωρεῶν μεγάλων [5] ἃς ἐπηγγέλλετο παρέξειν αὐτῷ τὸν Φάβιον. ταῦτα μὲν οὖν οἱ πλεῖστοι γράφουσι περὶ τούτων· ἔνιοι δὲ τὴν ἄνθρωπον ὑφ’ ἧς ὁ Βρέττιος μετήχθη φασὶν οὐ Ταραντίνην, ἀλλὰ Βρεττίαν τὸ γένος οὖσαν, τῷ δὲ Φαβίῳ παλλακευομένην, ὡς ᾔσθετο πολίτην καὶ γνώριμον ὄντα τὸν τῶν Βρεττίων ἄρχοντα, τῷ τε Φαβίῳ φράσαι καὶ συνελθοῦσαν εἰς λόγους ὑπὸ τὸ τεῖχος ἐκπεῖσαι καὶ κατεργάσασθαι τὸν ἄνθρωπον.

[22] [1] Πραττομένων δὲ τούτων ὁ Φάβιος περισπάσαι τὸν Ἀννίβαν τεχνάζων, ἐπέστειλε τοῖς ἐν Ῥηγίῳ στρατιώταις τὴν Βρεττίαν καταδραμεῖν καὶ Καυλωνίαν ἐξελεῖν κατὰ κράτος στρατοπεδεύσαντας, ὀκτακισχιλίους ὄντας, αὐτομόλους δὲ τοὺς πολλοὺς καὶ τῶν ἐκ Σικελίας ὑπὸ Μαρκέλλου κεκομισμένων ἀτίμων τοὺς ἀχρηστοτάτους καὶ μετ᾽ ἐλαχίστης [2] τῇ πόλει λύπης καὶ βλάβης ἀπολουμένους. ἤλπιζε γὰρ τούτους προέμενος τῷ Ἀννίβᾳ καὶ δελεάσας, ἀπάξειν αὐτὸν ἀπὸ τοῦ Τάραντος. ὃ καὶ συνέβαινεν· εὐθὺς γὰρ [3] ἐκεῖ διώκων ὁ Ἀννίβας ἐρρύη μετὰ τῆς δυνάμεως. ἡμέρᾳ δ᾽ ἕκτῃ τοὺς Ταραντίνους τοῦ Φαβίου περιστρατοπεδεύσαντος, ὁ προδιελεγμένος τῷ Βρεττίῳ μετὰ τῆς ἀδελφῆς νεανίσκος ἧκε νύκτωρ πρὸς αὐτόν, εἰδὼς ἀκριβῶς καὶ καθεωρακὼς τὸν τόπον ἐφ᾽ οὗ παραφυλάττων ὁ Βρέττιος ἔμελλεν [4] ἐνδώσειν καὶ παρήσειν τοῖς προσβάλλουσιν. οὐ μὴν ἁπλῶς γε τῆς προδοσίας ἐξήρτησεν ὁ Φάβιος τὴν πρᾶξιν, ἀλλ᾽ αὐτὸς μὲν ἐκεῖσε παρελθὼν ἡσυχίαν ἦγεν, ἡ δ᾽ ἄλλη στρατιὰ προσέβαλλε τοῖς τείχεσιν ἔκ τε γῆς καὶ θαλάττης, ἅμα ποιοῦσα πολλὴν κραυγὴν καὶ θόρυβον, ἄχρι οὗ τῶν πλείστων Ταραντίνων ἐκεῖ βοηθούντων καὶ συμφερομένων τοῖς τειχομαχοῦσιν ἐσήμηνε τῷ Φαβίῳ τὸν καιρὸν ὁ Βρέττιος, καὶ διὰ κλιμάκων [5] ἀναβὰς ἐκράτησε τῆς πόλεως. ἐνταῦθα μέντοι δοκεῖ φιλοτιμίας ἥττων γενέσθαι· τοὺς γὰρ Βρεττίους πρώτους ἀποσφάττειν ἐκέλευσεν, ὡς μὴ προδοσίᾳ τὴν πόλιν ἔχων φανερὸς γένοιτο· καί‹τοι› ταύτης τε διήμαρτε τῆς δόξης καὶ διαβολὴν ἀπιστίας προσέλαβε καὶ ὠμότητος.

[6] Ἀπέθανον δὲ πολλοὶ καὶ τῶν Ταραντίνων, οἱ δὲ πραθέντες ἐγένοντο τρισμύριοι, καὶ τὴν πόλιν ἡ στρατιὰ διήρπασεν, ἀνηνέχθη δ᾽ εἰς τὸ δημόσιον τρισχίλια τάλαντα.

[7] πάντων δὲ τῶν ἄλλων ἀγομένων καὶ φερομένων, λέγεται τὸν γραμματέα πυθέσθαι τοῦ Φαβίου περὶ τῶν θεῶν τί κελεύει, τὰς γραφὰς οὕτω προσαγορεύσαντα καὶ τοὺς ἀνδριάντας· τὸν οὖν Φάβιον εἰπεῖν· ἀπολίπωμεν τοὺς [8] θεοὺς Ταραντίνοις κεχολωμένους. οὐ μὴν ἀλλὰ τὸν κολοσσὸν τοῦ Ἡρακλέους μετακομίσας ἐκ Τάραντος ἔστησεν ἐν Καπιτωλίῳ, καὶ πλησίον ἔφιππον εἰκόνα χαλκῆν ἑαυτοῦ, πολὺ Μαρκέλλου φανεὶς ἀτοπώτερος περὶ ταῦτα, μᾶλλον δ᾽ ὅλως ἐκεῖνον ἄνδρα πρᾳότητι καὶ φιλανθρωπίᾳ θαυμαστὸν ἀποδείξας, ὡς ἐν τοῖς περὶ ἐκείνου γέγραπται (c. 21, 4).

[23] [1] Ἀννίβαν δὲ λέγεται διώκοντα τεσσαράκοντα μόνοις ἀπολειφθῆναι σταδίοις, καὶ φανερῶς μὲν εἰπεῖν· ἦν ἄρα καὶ Ῥωμαίοις Ἀννίβας τις ἕτερος· ἀπεβάλομεν γὰρ τὴν Ταραντίνων πόλιν ὡς παρελάβομεν, ἰδίᾳ δὲ τό‹τε› πρῶτον αὐτῷ παραστῆναι πρὸς τοὺς φίλους εἰπεῖν, ὡς πάλαι μὲν ἑώρα χαλεπὸν αὐτοῖς, νῦν δ᾽ ἀδύνατον κρατεῖν ἀπὸ τῶν ὑπαρχόντων Ἰταλίας.

[2] Τοῦτον δεύτερον θρίαμβον ἐθριάμβευσε λαμπρότερον τοῦ προτέρου Φάβιος, ὥσπερ ἀθλητὴς ἀγαθὸς ἐπαγωνιζόμενος τῷ Ἀννίβᾳ καὶ ῥᾳδίως ἀπολυόμενος αὐτοῦ τὰς πράξεις, ὥσπερ ἅμματα καὶ λαβὰς οὐκέτι τὸν αὐτὸν ἐχούσας [3] τόνον. ἡ μὲν γὰρ ἀνεῖτο τῆς δυνάμεως αὐτῷ διὰ τρυφὴν καὶ πλοῦτον, ἡ δ’ ὥσπερ ἐξήμβλυντο καὶ κατατέτριπτο τοῖς ἀλωφήτοις ἀγῶσιν.

Ἦν δὲ Μᾶρκος Λίβιος, οὗ τὸν Τάραντα φρουροῦντος ὁ Ἀννίβας ἀπέστησεν, ὅμως δὲ τὴν ἄκραν κατέχων οὐκ ἐξεκρούσθη καὶ διεφύλαξεν ἄχοι τοῦ πάλιν ὑπὸ Ῥωμαίοις [4] γενέσθαι τοὺς Ταραντίνους. τοῦτον ἠνία Φάβιος τιμώμενος, καί ποτε πρὸς τὴν σύγκλητον ὑπὸ φθόνου καὶ φιλοτιμίας ἐξενεχθεὶς εἶπεν, ὡς οὐ Φάβιος, ἀλλ’ αὐτὸς αἴτιος γένοιτο τοῦ τὴν Ταραντίνων ‹πόλιν› ἁλῶναι. γελάσας οὖν ὁ Φάβιος· ἀληθῆ λέγεις εἶπεν· εἰ μὴ γὰρ σὺ τὴν πόλιν ἀπέβαλες, οὐκ ἂν ἐγὼ παρέλαβον.

[24] [1] Οἱ δὲ Ῥωμαῖοι τά τ’ ἄλλα τῷ Φαβίῳ προσεφέροντο λαμπρῶς καὶ τὸν υἱὸν αὐτοῦ Φάβιον ἀνέδειξαν ὕπατον. παραλαβόντος δὲ τὴν ἀρχὴν αὐτοῦ καὶ διοικοῦντός τι τῶν πρὸς τὸν πόλεμον, ὁ πατὴρ εἴτε διὰ γῆρας καὶ ἀσθένειαν, εἴτε διαπειρώμενος τοῦ παιδός, ἀναβὰς ἐφ’ ἵππον προσῄει [2] διὰ τῶν ἐντυγχανόντων καὶ περιεστώτων. ὁ δὲ νεανίας κατιδὼν πόρρωθεν οὐκ ἠνέσχετο, πέμψας δ’ ὑπηρέτην ἐκέλευσε καταβῆναι τὸν πατέρα καὶ δι’ αὐτοῦ προσελθεῖν, [3] εἰ δή τι τυγχάνει τῆς ἀρχῆς δεόμενος. καὶ τοὺς μὲν ἄλλους ἠνίασε τὸ ἐπίταγμα, καὶ σιωπῇ πρὸς τὸν Φάβιον ὡς ἀνάξια πάσχοντα τῆς δόξης ἀπέβλεψαν· αὐτὸς δ’ ἐκεῖνος ἀποπηδήσας κατὰ τάχος, θᾶττον ἢ βάδην πρὸς τὸν υἱὸν ἐπειχθεὶς [4] καὶ περιβαλὼν καὶ ἀσπασάμενος· εὖ γε εἶπεν ὦ παῖ φρονεῖς καὶ πράττεις, αἰσθόμενος τίνων ἄρχεις καὶ πηλίκης μέγεθος ἀνείληφας ἀρχῆς. οὕτω καὶ ἡμεῖς καὶ οἱ πρόγονοι τὴν Ῥώμην ηὐξήσαμεν, ἐν δευτέρῳ καὶ γονεῖς [5] καὶ παῖδας ἀεὶ τῶν τῆς πατρίδος καλῶν τιθέμενοι. λέγεται δ’ ὡς ἀληθῶς τοῦ Φαβίου τὸν πρόπαππον ἐν δόξῃ καὶ δυνάμει μεγίστῃ Ῥωμαίων γενόμενον πεντάκις μὲν ὑπατεῦσαι καὶ θριάμβους ἐκ πολέμων μεγίστων ἐπιφανεστάτους καταγαγεῖν, ὑπατεύοντι δ’ υἱῷ πρεσβευτὴν συνεξελθεῖν ἐπὶ τὸν πόλεμον, ἐν δὲ τῷ θριάμβῳ τὸν μὲν εἰσελαύνειν ἐπὶ τεθρίππῳ, τὸν δ’ ἵππον ἔχοντα μετὰ τῶν ἄλλων ἐπακολουθεῖν, ἀγαλλόμενον ὅτι τοῦ μὲν υἱοῦ κύριος, τῶν δὲ πολιτῶν μέγιστος καὶ ὢν καὶ προσαγορευόμενος, ὕστερον [6] αὑτὸν τοῦ νόμου καὶ τοῦ ἄρχοντος τίθησιν. ἀλλὰ γὰρ ἐκεῖνος οὐκ ἀπὸ τούτων μόνον θαυμαστὸς ἦν. τοῦ δὲ Φαβίου τὸν υἱὸν ἀποθανεῖν συνέβη, καὶ τὴν μὲν συμφορὰν ὡς ἀνήρ τε φρόνιμος καὶ πατὴρ χρηστὸς ἤνεγκε μετριώτατα, τὸ δ’ ἐγκώμιον ὃ ταῖς ἐκκομιδαῖς τῶν ἐπιφανῶν οἱ προσήκοντες ἐπιτελοῦσιν, αὐτὸς εἶπε καταστὰς ἐν ἀγορᾷ καὶ γράψας τὸν λόγον ἐξέδωκεν.

[25] [1] Ἐπεὶ δὲ Σκιπίων Κορνήλιος εἰς Ἰβηρίαν πεμφθεὶς Καρχηδονίους μὲν ἐξήλασε μάχαις πολλαῖς κρατήσας, ἔθνη δὲ πάμπολλα καὶ πόλεις μεγάλας καὶ πράγματα λαμπρὰ Ῥωμαίοις κτησάμενος εὔνοιαν εἶχε καὶ δόξαν ἐπανελθὼν ὅσην ἄλλος οὐδείς, ὕπατος δὲ κατασταθεὶς καὶ τὸν δῆμον αἰσθόμενος μεγάλην ἀπαιτοῦντα καὶ προσδεχόμενον πρᾶξιν αὐτοῦ, τὸ μὲν αὐτόθι συμπλέκεσθαι πρὸς Ἀννίβαν ἀρχαῖον ἡγεῖτο λίαν καὶ πρεσβυτικόν, αὐτὴν δὲ Καρχηδόνα καὶ Λιβύην εὐθὺς ἐμπλήσας ὅπλων καὶ στρατευμάτων διενοεῖτο πορθεῖν καὶ τὸν πόλεμον ἐκ τῆς Ἰταλίας ἐκεῖ μεθιστάναι, καὶ πρὸς τοῦτο παντὶ τῷ θυμῷ συνεξώρμα [2] τὸν δῆμον, ἐνταῦθα δὴ Φάβιος ἐπὶ πᾶν δέους ἄγων τὴν πόλιν, ὡς ὑπ᾽ ἀνδρὸς ἀνοήτου καὶ νέου φερομένην εἰς τὸν ἔσχατον καὶ μέγιστον κίνδυνον, οὔτε λόγου φειδόμενος οὔτ᾽ ἔργου δοκοῦντος ἀποτρέψειν τοὺς πολίτας, τὴν μὲν βουλὴν ἔπεισε, τῷ δὲ δήμῳ διὰ φθόνον ἐδόκει τοῦ Σκιπίωνος εὐημεροῦντος ἐπιλαμβάνεσθαι καὶ δεδιέναι, μή τι μέγα καὶ λαμπρὸν ἐξεργασαμένου καὶ τὸν πόλεμον ἢ παντάπασιν ἀνελόντος ἢ τῆς Ἰταλίας ἐκβαλόντος αὐτὸς ἀργὸς φανῇ καὶ μαλακός, ἐν τοσούτῳ χρόνῳ ‹μὴ› διαπεπολεμηκώς.

[3] ἔοικε δ᾽ ὁρμῆσαι μὲν ἐξ ἀρχῆς ὁ Φάβιος πρὸς τὸ ἀντιλέγειν ὑπὸ πολλῆς ἀσφαλείας καὶ προνοίας, μέγαν ὄντα δεδιὼς τὸν κίνδυνον, ἐντεῖναι δέ πως μᾶλλον ἑαυτὸν καὶ πορρωτέρω προαχθῆναι φιλοτιμίᾳ τινὶ καὶ φιλονικίᾳ κωλύων τοῦ Σκιπίωνος τὴν αὔξησιν, ὅς γε καὶ Κράσσον ἔπειθε, τὸν συνυπατεύοντα τῷ Σκιπίωνι, μὴ παρεῖναι τὴν στρατηγίαν μηδ᾽ ὑπείκειν, ἀλλ᾽ αὐτὸν εἰ δόξειεν ἐπὶ Καρχηδονίους περαιοῦσθαι, καὶ χρήματα δοθῆναι [4] πρὸς τὸν πόλεμον οὐκ εἴασε. χρήματα μὲν οὖν Σκιπίων ἑαυτῷ πορίζειν ἀναγκαζόμενος, ἤγειρε παρὰ τῶν ἐν Τυρρηνίᾳ πόλεων, ἰδίᾳ πρὸς αὐτὸν οἰκείως διακειμένων καὶ χαριζομένων· Κράσσον δὲ τὰ μὲν ἡ φύσις, οὐκ ὄντα φιλόνικον, ἀλλὰ πρᾷον, οἴκοι κατεῖχε, τὰ δὲ καὶ νόμος θεῖος ἱερωσύνην ἔχοντα τὴν μεγίστην.

[26] [1] Αὖθις οὖν καθ᾽ ἑτέραν ὁδὸν ἀπαντῶν ὁ Φάβιος τῷ Σκιπίωνι, κατεκώλυε τοὺς ὁρμωμένους αὐτῷ συστρατεύεσθαι τῶν νέων καὶ κατεῖχεν, ἔν τε ταῖς βουλαῖς καὶ ταῖς ἐκκλησίαις βοῶν, ὡς οὐκ αὐτὸς Ἀννίβαν ἀποδιδράσκοι μόνον ὁ Σκιπίων, ἀλλὰ καὶ τὴν ὑπόλοιπον ἐκπλέοι λαβὼν δύναμιν ἐκ τῆς Ἰταλίας, δημαγωγῶν ἐλπίσι τοὺς νέους καὶ ἀναπείθων ἀπολιπεῖν γονέας καὶ γυναῖκας καὶ πόλιν, ἧς ἐν θύραις ἐπικρατῶν καὶ ἀήττητος ὁ πολέμιος κάθηται.

[2] καὶ μέντοι ταῦτα λέγων ἐφόβησε τοὺς Ῥωμαίους, καὶ μόνοις αὐτὸν ἐψηφίσαντο χρῆσθαι τοῖς ἐν Σικελίᾳ στρατεύμασι καὶ τῶν ἐν Ἰβηρίᾳ γεγονότων μετ᾽ αὐτοῦ τριακοσίους ἄγειν, οἷς ἐχρῆτο πιστοῖς. ταῦτα μὲν οὖν

ἐδόκει [3] πολιτεύεσθαι πρὸς τὴν ἑαυτοῦ φύσιν ὁ Φάβιος. ἐπεὶ δὲ Σκιπίωνος εἰς Λιβύην διαβάντος εὐθὺς ἔργα θαυμαστὰ καὶ πράξεις ὑπερήφανοι τὸ μέγεθος καὶ τὸ κάλλος εἰς Ῥώμην ἀπηγγέλλοντο, καὶ μαρτυροῦντα ταῖς φήμαις εἵπετο λάφυρα πολλὰ καὶ βασιλεὺς ὁ Νομάδων αἰχμάλωτος, καὶ δύο στρατοπέδων ὑφ᾽ ἕνα καιρὸν ἐμπρήσεις καὶ φθορά, πολλῶν μὲν ἀνθρώπων, πολλῶν δ᾽ ὅπλων καὶ ἵππων ἐν αὐτοῖς συγκατακεκαυμένων, καὶ πρεσβεῖαι πρὸς Ἀννίβαν ἐπέμποντο παρὰ Καρχηδονίων, καλούντων καὶ δεομένων ἐάσαντα τὰς ἀτελεῖς ἐκείνας ἐλπίδας οἴκαδε βοηθεῖν, ἐν δὲ Ῥώμῃ πάντων ἐχόντων τὸν Σκιπίωνα διὰ στόματος ἐπὶ τοῖς κατορθώμασι Φάβιος ἠξίου πέμπεσθαι Σκιπίωνι διάδοχον, ἄλλην μὲν οὐκ ἔχων πρόφασιν, εἰπὼν δὲ τὸ μνημονευόμενον, ὡς ἐπισφαλές ἐστι πιστεύειν ἀνδρὸς ἑνὸς τύχῃ τηλικαῦτα πράγματα, χαλεπὸν γὰρ εὐτυχεῖν ἀεὶ τὸν αὐτόν, οὕτω προσέκρουσεν ἤδη πολλοῖς, ὡς δύσκολος ἀνὴρ καὶ βάσκανος ἢ πάμπαν ὑπὸ γήρως ἄτολμος γεγονὼς καὶ δύσελπις, περαιτέρω τε τοῦ μετρίου κατατεθαμβημένος [4] τὸν Ἀννίβαν. οὐδὲ γὰρ ἐκπλεύσαντος αὐτοῦ μετὰ τῶν δυνάμεων ἐξ Ἰταλίας εἴασε τὸ χαῖρον καὶ τεθαρρηκὸς τῶν πολιτῶν ἀθόρυβον καὶ βέβαιον, ἀλλὰ τότε δὴ μάλιστα τὰ πράγματα τῇ πόλει θεούσῃ παρὰ τὸν ἔσχατον κίνδυνον ἐπισφαλῶς ἔχειν ἔλεγε· βαρύτερον γὰρ ἐν Λιβύῃ πρὸ Καρχηδόνος αὐτοῖς Ἀννίβαν ἐμπεσεῖσθαι καὶ στρατὸν ἀπαντήσειν Σκιπίωνι πολλῶν ἔτι θερμὸν αὐτοκρατόρων αἵματι καὶ δικτατόρων καὶ ὑπάτων· ὥστε τὴν πόλιν αὖθις ὑπὸ τῶν λόγων τούτων ἀναταράττεσθαι, καὶ τοῦ πολέμου μεθεστῶτος εἰς Λιβύην ἐγγυτέρω τῆς Ῥώμης οἴεσθαι γεγονέναι τὸν φόβον.

[27] [1] Ἀλλὰ Σκιπίων μὲν οὐ μετὰ πολὺν χρόνον αὐτόν τε νικήσας μάχῃ κατὰ κράτος Ἀννίβαν, καὶ καταβαλὼν τὸ φρόνημα καὶ καταπατήσας τῆς Καρχηδόνος ὑποπεσούσης, ἀπέδωκε μείζονα χαρὰν ἁπάσης ἐλπίδος τοῖς πολίταις, καὶ τὴν ἡγεμονίαν ὡς ἀληθῶς (Soph. Antig. 163)

πολλῷ σάλῳ σεισθεῖσαν ὤρθωσεν πάλιν·

[2] Φάβιος δὲ Μάξιμος οὐ διήρκεσε τῷ βίῳ πρὸς τὸ τοῦ πολέμου τέλος, οὐδ᾽ ἤκουσεν Ἀννίβαν ἡττημένον, οὐδὲ τὴν μεγάλην καὶ βέβαιον εὐτυχίαν τῆς πατρίδος ἐπεῖδεν, ἀλλὰ περὶ ὃν χρόνον Ἀννίβας ἀπῆρεν ἐξ Ἰταλίας, νόσῳ καμὼν ἐτελεύτησεν.

[3] Ἐπαμεινώνδαν μὲν οὖν Θηβαῖοι δημοσίᾳ διὰ πενίαν ἣν ἀπέλιπεν ὁ ἀνὴρ ἔθαψαν· οὐδὲν γὰρ οἴκοι τελευτήσαν[4] τος εὑρεθῆναι πλὴν ὀβελίσκον σιδηροῦν λέγουσι· Φάβιον δὲ Ῥωμαῖοι δημοσίᾳ μὲν οὐκ ἐκήδευσαν, ἰδίᾳ δ᾽ ἑκάστου τὸ σμικρότατον αὐτῷ τῶν νομισμάτων ἐπενεγκόντος, οὐχ ὡς δι᾽

ἔνδειαν προσαρκούντων, ἀλλ’ ὡς πατέρα τοῦ δήμου θάπτοντος, ἔσχε τιμὴν καὶ δόξαν ὁ θάνατος αὐτοῦ τῷ βίῳ πρέπουσαν.

Comparison Periclis et Fabii Maximi

[1] [1] Οἱ μὲν οὖν βίοι τῶν ἀνδρῶν τοιαύτην ἔχουσιν ἱστορίαν. ἐπεὶ δὲ καὶ πολιτικῆς καὶ πολεμικῆς ἀρετῆς πολλὰ καὶ καλὰ παραδείγματα καταλελοίπασιν ἀμφότεροι, φέρε τῶν πολεμικῶν ἐκεῖνο πρῶτον λάβωμεν, ὅτι Περικλῆς μὲν ἄριστα πράττοντι τῷ δήμῳ καὶ μεγίστῳ καθ' αὑτὸν ὄντι καὶ μάλιστα πρὸς δύναμιν ἀκμάζοντι χρώμενος ὑπὸ κοινῆς ἂν δόξειεν εὐτυχίας καὶ ῥώμης πραγμάτων ἀσφαλὴς διαγενέσθαι καὶ ἄπταιστος, αἱ δὲ Φαβίου πράξεις ἐν αἰσχίστοις καὶ δυσποτμοτάτοις καιροῖς ἀναδεξαμένου τὴν πόλιν οὐκ ἐπ' ἀγαθοῖς ἀσφαλῆ διετήρησαν, [2] ἀλλ' ἐκ κακῶν εἰς βελτίω μετέστησαν. καὶ Περικλεῖ μὲν αἱ Κίμωνος εὐπραξίαι καὶ τὰ Μυρωνίδου καὶ τὰ Λεωκράτους τρόπαια καὶ πολλὰ καὶ μεγάλα Τολμίδης κατορθῶν ‹ἐν›εορτάσαι μᾶλλον καὶ ἐμπανηγυρίσαι στρατηγοῦντι τὴν πόλιν ἢ κτήσασθαι πολέμῳ καὶ φυλάξαι παρέδωκε· [3] Φάβιος δ' ὁρῶν πολλὰς μὲν φυγὰς καὶ ἥττας, πολλοὺς δὲ θανάτους καὶ σφαγὰς αὐτοκρατόρων καὶ στρατηγῶν, λίμνας δὲ καὶ πεδία καὶ δρυμοὺς νεκρῶν στρατοπέδων πλήθοντας, αἵματι δὲ καὶ φόνῳ ποταμοὺς ἄχρι θαλάττης ῥέοντας, [ἐν] τῷ καθ' ἑαυτὸν ἐρρωμένῳ καὶ βεβηκότι τὴν πόλιν ἀντιλαμβανόμενος καὶ ὑπερείδων οὐκ εἴασε τοῖς [4] ἐκείνων ὑποφερομένην πταίσμασι τελέως ἐκχυθῆναι. καίτοι δόξειεν ἂν οὐχ οὕτω χαλεπὸν εἶναι πόλιν ἐν συμφοραῖς μεταχειρίσασθαι ταπεινὴν καὶ τοῦ φρονοῦντος ὑπ' ἀνάγκης κατήκοον γενομένην, ὡς δι' εὐτυχίαν ἐπηρμένῳ καὶ σπαργῶντι [τῷ] δήμῳ χαλινὸν ἐμβαλεῖν ὕβρεως καὶ θρασύτητος· ᾧ δὴ μάλιστα φαίνεται τρόπῳ Περικλῆς Ἀθηναίων [5] περιγενόμενος. ἀλλὰ τῶν Ῥωμαίοις συμπεσόντων τότε κακῶν τὸ μέγεθος καὶ τὸ πλῆθος ἰσχυρόν τινα γνώμην καὶ μέγαν ἔδειξεν ἄνδρα τὸν μὴ συγχυθέντα μηδὲ προέμενον τοὺς αὑτοῦ λογισμούς.

[2] [1] Καὶ Σάμῳ μὲν ὑπὸ Περικλέους ἁλούσῃ τὴν Τάραντος ἔστι κατάληψιν ἀντιθεῖναι, καὶ νὴ Δί' Εὐβοίᾳ τὰς περὶ Καμπανίαν πόλεις· ἐπεὶ αὐτήν γε Καπύην οἱ περὶ Φούλβιον καὶ Ἄππιον ὕπατοι κατέσχον. ἐκ δὲ παρατάξεως Φάβιος οὐ φαίνεται μάχῃ νενικηκώς, πλὴν ἀφ' ἧς τὸν πρότερον εἰσήλασε θρίαμβον, Περικλῆς δ' ἐννέα τρόπαια κατὰ γῆν καὶ κατὰ θάλατταν ἔστησεν ἀπὸ τῶν πολεμίων.

[2] οὐ μὴν λέγεται τοιαύτη πρᾶξις Περικλέους οἵαν ἔπραξε Φάβιος Μινούκιον ἐξαρπάσας Ἀννίβου καὶ διασώσας ἐντελὲς στρατόπεδον Ῥωμαίων· καλὸν γὰρ τὸ ἔργον καὶ κοινὸν ἀνδρείας ὁμοῦ καὶ φρονήσεως καὶ χρηστότητος· ὥσπερ αὖ πάλιν οὐδὲ σφάλμα λέγεται Περικλέους οἷον ἐσφάλη

Φάβιος διὰ τῶν βοῶν καταστρατηγηθεὶς ὑπ᾽ Ἀννίβου, λαβὼν μὲν αὐτομάτως καὶ κατὰ τύχην ὑπελθόντα τοῖς στενοῖς τὸν πολέμιον, προέμενος δὲ νυκτὸς λαθόντα καὶ μεθ᾽ ἡμέραν βιασάμενον καὶ φθάσαντα μέλλοντος καὶ κρατήσαντα [3] συλλαβόντος. εἰ δὲ δεῖ μὴ μόνον χρῆσθαι τοῖς παροῦσιν, ἀλλὰ καὶ τεκμαίρεσθαι περὶ τοῦ μέλλοντος ὀρθῶς τὸν ἀγαθὸν στρατηγόν, Ἀθηναίοις μὲν ὡς Περικλῆς προέγνω καὶ προεῖπεν ἐτελεύτησεν ὁ πόλεμος· πολυπραγμονοῦντες γὰρ ἀπώλεσαν τὴν δύναμιν· Ῥωμαῖοι δὲ παρὰ τοὺς Φαβίου λογισμοὺς ἐκπέμψαντες ἐπὶ Καρχηδονίους Σκιπίωνα πάντων ἐκράτησαν, οὐ τύχῃ, σοφίᾳ δὲ τοῦ στρατηγοῦ καὶ ἀνδρείᾳ κατὰ κράτος νικήσαντος τοὺς πολεμίους· [4] ὥστε τῷ μὲν τὰ πταίσματα τῆς πατρίδος μαρτυρεῖν ὅτι καλῶς ἔγνω, τὸν δ᾽ ὑπὸ τῶν κατορθωμάτων ἐλέγχεσθαι τοῦ παντὸς ἐσφαλμένον. ἴση δ᾽ ἁμαρτία στρατηγοῦ κακῷ περιπεσεῖν μὴ προσδοκήσαντα, καὶ κατορθώματος καιρὸν ἀπιστίᾳ προέσθαι· μία γὰρ ὡς ἔοικεν ἀπειρία καὶ θράσος γεννᾷ καὶ θάρσος ἀφαιρεῖται. ταῦτα περὶ τῶν πολεμικῶν.

[3] [1] Τῆς δὲ πολιτείας μέγα μὲν ἔγκλημα τοῦ Περικλέους ὁ πόλεμος. λέγεται γὰρ ἐπακτὸς ὑπ᾽ ἐκείνου γενέσθαι, Λακεδαιμονίοις ἐρίσαντος μὴ ἐνδοῦναι. δοκῶ δὲ μηδ᾽ ἂν Φάβιον Μάξιμον ἐνδοῦναί τι Καρχηδονίοις, ἀλλ᾽ εὐγενῶς [2] ὑποστῆναι τὸν ὑπὲρ τῆς ἡγεμονίας κίνδυνον. ἡ μέντοι πρὸς Μινούκιον ἐπιείκεια τοῦ Φαβίου καὶ πρᾳότης ἐλέγχει τὸν πρὸς Κίμωνα καὶ Θουκυδίδην στασιασμόν, ἄνδρας ἀγαθοὺς καὶ ἀριστοκρατικοὺς εἰς φυγὴν ὑπ᾽ αὐτοῦ καὶ τοὔστρακον ἐκπεσόντας. ἀλλ᾽ ἥ γε δύναμις μείζων ἡ τοῦ [3] Περικλέους καὶ τὸ κράτος. ὅθεν οὐδ᾽ ἄλλον εἴασεν ἐνδυστυχῆσαι τῇ πόλει κακῶς βουλευσάμενον στρατηγόν, ἀλλ᾽ ἢ μόνος αὐτὸν ἐκφυγὼν Τολμίδης καὶ διωσάμενος βίᾳ προσέπταισε Βοιωτοῖς· οἱ δ᾽ ἄλλοι προσετίθεντο καὶ κατεκοσμοῦντο πάντες εἰς τὴν ἐκείνου γνώμην ὑπὸ μεγέθους [4] αὐτοῦ τῆς δυνάμεως. Φάβιος δὲ τὸ καθ᾽ ἑαυτὸν ἀσφαλὴς ὢν καὶ ἀναμάρτητος, τῷ πρὸς τὸ κωλύειν ἑτέρους ἀδυνάτῳ φαίνεται λειπόμενος. οὐ γὰρ ἂν τοσαύταις συμφοραῖς ἐχρήσαντο Ῥωμαῖοι Φαβίου παρ᾽ αὐτοῖς ὅσον Ἀθήνησι Περικλέους δυνηθέντος.

[5] Καὶ μὴν τήν γε πρὸς χρήματα μεγαλοφροσύνην ὁ μὲν τῷ μηδὲν λαβεῖν παρὰ τῶν διδόντων, ὁ δὲ τῷ προέσθαι πολλὰ τοῖς δεομένοις ἐπεδείξατο, λυσάμενος τοῖς ἰδίοις [6] χρήμασι τοὺς αἰχμαλώτους· πλὴν τούτων μὲν οὐ πολὺς ἦν ἀριθμός, ἀλλ᾽ ὅσον ἓξ τάλαντα. Περικλῆς δ᾽ οὐκ ἂν ἴσως εἴποι τις ὅσα καὶ παρὰ συμμάχων καὶ βασιλέων ὠφελεῖσθαι καὶ θεραπεύεσθαι παρόν, τῆς δυνάμεως διδούσης, ἀδωρότατον ἑαυτὸν καὶ καθαρώτατον ἐφύλαξεν.

[7] Ἔργων γε μὴν μεγέθεσι καὶ ναῶν καὶ κατασκευαῖς οἰκοδομημάτων, ἐξ ὧν ἐκόσμησεν ὁ Περικλῆς τὰς Ἀθήνας, οὐκ ἄξιον ὁμοῦ πάντα τὰ πρὸ τῶν Καισάρων φιλοτιμήματα τῆς Ῥώμης παραβαλεῖν, ἀλλ᾽ ἔξοχόν τι πρὸς ἐκεῖνα καὶ ἀσύγκριτον ἡ τούτων ἔσχε μεγαλουργία καὶ μεγαλοπρέπεια τὸ πρωτεῖον.

Alcibiades

[1] [1] Τὸ Ἀλκιβιάδου γένος ἄνωθεν Εὐρυσάκη τὸν Αἴαντος ἀρχηγὸν ἔχειν δοκεῖ, πρὸς δὲ μητρὸς Ἀλκμαιωνίδης ἦν, ἐκ Δεινομάχης γεγονὼς τῆς Μεγακλέους. ὁ δὲ πατὴρ αὐτοῦ Κλεινίας ἰδιοστόλῳ τριήρει περὶ Ἀρτεμίσιον ἐνδόξως ἐναυμάχησεν, ὕστερον δὲ Βοιωτοῖς μαχόμενος περὶ [2] Κορώνειαν ἀπέθανε. τοῦ δ' Ἀλκιβιάδου Περικλῆς καὶ Ἀρίφρων οἱ Ξανθίππου, προσήκοντες κατὰ γένος, ἐπετρόπευον.

[3] λέγεται δ' οὐ κακῶς ὅτι τῆς Σωκράτους πρὸς αὐτὸν εὐνοίας καὶ φιλ[ανθρωπ]ίας οὐ μικρὰ πρὸς δόξαν ἀπέλαυεν, εἴγε Νικίου μὲν καὶ Δημοσθένους καὶ Λαμάχου καὶ Φορμίωνος Θρασυβούλου τε καὶ Θηραμένους, ἐπιφανῶν ἀνδρῶν γενομένων κατ' αὐτόν, οὐδενὸς οὐδ' ἡ μήτηρ ὀνόματος ἔτυχεν, Ἀλκιβιάδου δὲ καὶ τίτθην, γένος Λάκαιναν, Ἀμύκλαν ὄνομα, καὶ Ζώπυρον παιδαγωγὸν ἴσμεν, ὧν τὸ μὲν Ἀντισθένης, τὸ δὲ Πλάτων (Alcib. 122b) ἱστόρηκε.

[4] περὶ μὲν οὖν τοῦ κάλλους [τοῦ σώματος] οὐδὲν ἴσως δεῖ λέγειν, πλὴν ὅτι καὶ παῖδα καὶ μειράκιον καὶ ἄνδρα πάσῃ συνανθῆσαν [τῇ] ἡλικίᾳ καὶ ὥρᾳ τοῦ σώματος ἐράσμιον [5] καὶ ἡδὺν παρέσχεν. οὐ γάρ, ὡς Εὐριπίδης ἔλεγε, πάντων τῶν καλῶν καὶ τὸ μετόπωρον καλόν ἐστιν, ἀλλὰ τοῦτ' Ἀλκιβιάδῃ μετ' ὀλίγων ἄλλων δι' εὐφυΐαν καὶ ἀρετὴν τοῦ [6] σώματος ὑπῆρξε. τῇ δὲ φωνῇ καὶ τὴν τραυλότητα συμπρέψαι λέγουσι καὶ τῷ λάλῳ πιθανότητα παρασχεῖν χάριν [7] ἐπιτρέχουσαν. μέμνηται δὲ καὶ Ἀριστοφάνης (vesp. 44) αὐτοῦ τῆς τραυλότητος ἐν οἷς ἐπισκώπτει Θέωρον·

εἶτ' Ἀλκιβιάδης εἶπε πρός με τραυλίσας·
ὁλᾷς Θέωλον; τὴν κεφαλὴν κόλακος ἔχει.
ὀρθῶς γε τοῦτ' Ἀλκιβιάδης ἐτραύλισε.

[8] καὶ Ἄρχιππος (fr. 45 CAF I 688) τὸν υἱὸν τοῦ Ἀλκιβιάδου σκώπτων, 'βαδίζει', φησί, 'διακεχλιδώς, θοἰμάτιον ἕλκων, ὅπως ἐμφερὴς μάλιστα τῷ πατρὶ δόξειεν εἶναι,

κλασαυχενεύεταί τε καὶ τραυλίζεται.'

[2] [1] Τὸ δ' ἦθος αὐτοῦ πολλὰς μὲν ὕστερον, ὡς εἰκὸς ἐν πράγμασι μεγάλοις καὶ τύχαις πολυτρόποις, ἀνομοιότητας πρὸς αὑτὸ καὶ μεταβολὰς ἐπεδείξατο. φύσει δὲ πολλῶν ὄντων καὶ μεγάλων παθῶν ἐν αὐτῷ τὸ φιλόνικον ἰσχυρότατον ἦν καὶ τὸ φιλόπρωτον, ὡς δῆλόν ἐστι τοῖς [2] παιδικοῖς ἀπομνημονεύμασιν. ἐν μὲν γὰρ τῷ παλαίειν πιεζούμενος, ὑπὲρ τοῦ μὴ πεσεῖν

ἀναγαγὼν πρὸς τὸ στόμα τὰ ἅμματα τοῦ πιεζοῦντος οἷος ἦν διαφαγεῖν τὰς χεῖρας.

[3] ἀφέντος οὖν τὴν λαβὴν ἐκείνου καὶ εἰπόντος· δάκνεις ὦ Ἀλκιβιάδη καθάπερ αἱ γυναῖκες, οὐκ ἔγωγε εἶπεν, ἀλλ᾽ ὡς οἱ λέοντες. ἔτι δὲ μικρὸς ὢν ἔπαιζεν ἀστραγάλοις ἐν τῷ στενωπῷ, τῆς δὲ βολῆς καθηκούσης εἰς αὐτόν, [4] ἅμαξα φορτίων ἐπῄει. τὸ μὲν οὖν πρῶτον ἐκέλευσε περιμεῖναι τὸν ἄγοντα τὸ ζεῦγος· ὑπέπιπτε γὰρ ἡ βολὴ τῇ παρόδῳ τῆς ἁμάξης· μὴ πειθομένου δὲ δι᾽ ἀγροικίαν, ἀλλ᾽ ἐπάγοντος, οἱ μὲν ἄλλοι παῖδες διέσχον, ὁ δ᾽ Ἀλκιβιάδης καταβαλὼν ἐπὶ στόμα πρὸ τοῦ ζεύγους καὶ παρατείνας ἑαυτόν, ἐκέλευσεν οὕτως εἰ βούλεται διεξελθεῖν, ὥστε τὸν μὲν ἄνθρωπον ἀνακροῦσαι τὸ ζεῦγος ὀπίσω δείσαντα, τοὺς δ᾽ ἰδόντας ἐκπλαγῆναι καὶ μετὰ βοῆς συνδραμεῖν [5] πρὸς αὐτόν. ἐπεὶ δ᾽ εἰς τὸ μανθάνειν ἧκε, τοῖς μὲν ἄλλοις ὑπήκουε διδασκάλοις ἐπιεικῶς, τὸ δ᾽ αὐλεῖν ἔφευγεν ὡς ἀγεννὲς καὶ ἀνελεύθερον· πλήκτρου μὲν γὰρ καὶ λύρας χρῆσιν οὐδὲν οὔτε σχήματος οὔτε μορφῆς ἐλευθέρῳ πρεπούσης διαφθείρειν, αὐλοὺς δὲ φυσῶντος ἀνθρώπου στόματι καὶ τοὺς συνήθεις ἂν πάνυ μόλις διαγνῶναι τὸ [6] πρόσωπον. ἔτι δὲ τὴν μὲν λύραν τῷ χρωμένῳ συμφθέγγεσθαι καὶ συνᾴδειν, τὸν δ᾽ αὐλὸν ἐπιστομίζειν καὶ ἀποφράττειν ἕκαστον, τήν τε φωνὴν καὶ τὸν λόγον ἀφαιρούμενον. αὐλείτωσαν οὖν ἔφη Θηβαίων παῖδες· διαλέγεσθαι γὰρ οὐκ ἴσασιν· ἡμῖν δὲ τοῖς Ἀθηναίοις, ὡς οἱ πατέρες λέγουσιν, ἀρχηγέτις Ἀθηνᾶ καὶ πατρῷος Ἀπόλλων ἐστίν, ὧν ἡ μὲν ἔρριψε τὸν αὐλόν, ὁ δὲ καὶ τὸν αὐλητὴν [7] ἐξέδειρε. τοιαῦτα παίζων ἅμα καὶ σπουδάζων ὁ Ἀλκιβιάδης αὑτόν τε τοῦ μαθήματος ἀπέστησε καὶ τοὺς ἄλλους. ταχὺ γὰρ διῆλθε λόγος εἰς τοὺς παῖδας, ὡς εὖ ποιῶν ὁ Ἀλκιβιάδης βδελύττοιτο τὴν αὐλητικὴν καὶ χλευάζοι τοὺς μανθάνοντας. ὅθεν ἐξέπεσε κομιδῇ τῶν ἐλευθερίων διατριβῶν καὶ προεπηλακίσθη παντάπασιν ὁ αὐλός.

[3] [1] Ἐν δὲ ταῖς Ἀντιφῶντος λοιδορίαις (fr. 66 Bl.) γέγραπται, ὅτι παῖς ὢν ἐκ τῆς οἰκίας ἀπέδρα πρὸς Δημοκράτην τινὰ τῶν ἐραστῶν, βουλομένου δ᾽ αὐτὸν ἐπικηρύττειν Ἀρίφρονος, Περικλῆς οὐκ εἴασεν εἰπών, εἰ μὲν τέθνηκεν, ἡμέρᾳ μιᾷ διὰ τὸ κήρυγμα φανεῖσθαι πρότερον, εἰ δὲ σῶς ἐστιν, ἄσωστον αὐτῷ τὸν λοιπὸν βίον ἔσεσθαι, καὶ ὅτι τῶν ἀκολούθων τινὰ κτείνειεν ἐν τῇ Σιβυρτίου παλαίστρᾳ [2] ξύλῳ πατάξας. ἀλλὰ τούτοις μὲν οὐκ ἄξιον ἴσως πιστεύειν, ἅ γε λοιδορεῖσθαί τις αὐτῷ δι᾽ ἔχθραν ὁμολογῶν εἶπεν.

[4] [1] Ἤδη δὲ πολλῶν καὶ γενναίων ἀθροιζομένων καὶ περιεπόντων, οἱ μὲν ἄλλοι καταφανεῖς ἦσαν αὐτοῦ τὴν λαμπρότητα τῆς ὥρας ἐκπεπληγμένοι καὶ θεραπεύοντες, ὁ δὲ Σωκράτους ἔρως μέγα μαρτύριον ἦν τῆς πρὸς ἀρετὴν εὐφυΐας τοῦ παιδός, ἣν ἐμφαινομένην τῷ εἴδει καὶ διαλάμπουσαν ἐνορῶν,

φοβούμενος δὲ τὸν πλοῦτον καὶ τὸ ἀξίωμα καὶ τὸν προκαταλαμβάνοντα κολακείαις καὶ χάρισιν ἀστῶν καὶ ξένων καὶ συμμάχων ὄχλον, οἷος ἦν ἀμύνειν καὶ μὴ περιορᾶν ὥσπερ φυτὸν ἐν ἄνθει τὸν οἰκεῖον [2] καρπὸν ἀποβάλλον καὶ διαφθεῖρον. οὐδένα γὰρ ἡ τύχη περιέσχεν ἔξωθεν οὐδὲ περιέφραξε τοῖς λεγομένοις ἀγαθοῖς τοσοῦτον ὥστ' ἄτρωτον ὑπὸ φιλοσοφίας γενέσθαι καὶ λόγοις ἀπρόσιτον παρρησίαν καὶ δηγμὸν ἔχουσιν· ὡς Ἀλκιβιάδης εὐθὺς ἐξ ἀρχῆς θρυπτόμενος καὶ ἀποκλειόμενος ὑπὸ τῶν πρὸς χάριν ἐξομιλούντων εἰσακοῦσαι τοῦ νουθετοῦντος καὶ παιδεύοντος, ὅμως ὑπ' εὐφυΐας ἐγνώρισε Σωκράτη καὶ προσήκατο, διασχὼν τοὺς πλουσίους καὶ [3] ἐνδόξους ἐραστάς. ταχὺ δὲ ποιησάμενος συνήθη καὶ λόγων ἀκούσας οὐχ ἡδονὴν ἄνανδρον ἐραστοῦ θηρεύοντος οὐδὲ φιλήματα καὶ ψαύσεις προσαιτοῦντος, ἀλλ' ἐλέγχοντος τὰ σαθρὰ τῆς ψυχῆς αὐτοῦ καὶ πιεζοῦντος τὸν κενὸν καὶ ἀνόητον τῦφον,

ἔπτηξ' ἀλέκτωρ δοῦλος ὣς κλίνας πτερόν (Phryn. fr. 17 N^2).

[4] καὶ τὸ μὲν Σωκράτους ἡγήσατο πρᾶγμα τῷ ὄντι θεῶν ὑπηρεσίαν εἰς νέων ἐπιμέλειαν εἶναι καὶ σωτηρίαν, καταφρονῶν δ' αὐτὸς ἑαυτοῦ, θαυμάζων δ' ἐκεῖνον, ἀγαπῶν δὲ τὴν φιλοφροσύνην, αἰσχυνόμενος δὲ τὴν ἀρετήν, ἐλάνθανεν εἴδωλον ἔρωτος, ὥς φησιν ὁ Πλάτων (Phaedr. 255d), ἀντέρωτα κτώμενος, ὥστε θαυμάζειν ἅπαντας ὁρῶντας αὐτὸν Σωκράτει μὲν συνδειπνοῦντα καὶ συμπαλαίοντα καὶ συσκηνοῦντα, τοῖς δ' ἄλλοις ἐρασταῖς χαλεπὸν ὄντα καὶ δυσχείρωτον, ἐνίοις δὲ καὶ παντάπασι σοβαρῶς προσφερόμενον, ὥσπερ Ἀνύτῳ τῷ Ἀνθεμίωνος.

[5] ἐτύγχανε μὲν γὰρ ἐρῶν τοῦ Ἀλκιβιάδου, ξένους δέ τινας ἑστιῶν ἐκάλει κἀκεῖνον ἐπὶ τὸ δεῖπνον. ὁ δὲ τὴν μὲν κλῆσιν ἀπείπατο, μεθυσθεὶς δ' οἴκοι μετὰ τῶν ἑταίρων, ἐκώμασε πρὸς τὸν Ἄνυτον, καὶ ταῖς θύραις ἐπιστὰς τοῦ ἀνδρῶνος καὶ θεασάμενος ἀργυρῶν ἐκπωμάτων καὶ χρυσῶν πλήρεις τὰς τραπέζας, ἐκέλευσε τοὺς παῖδας τὰ ἡμίση λαβόντας οἴκαδε κομίζειν πρὸς ἑαυτόν, εἰσελθεῖν δ' οὐκ [6] ἠξίωσεν, ἀλλ' ἀπῆλθε ταῦτα πράξας. τῶν οὖν ξένων δυσχεραινόντων καὶ λεγόντων, ὡς ὑβριστικῶς καὶ ὑπερηφάνως εἴη τῷ Ἀνύτῳ κεχρημένος ὁ Ἀλκιβιάδης, ἐπιεικῶς μὲν οὖν ὁ Ἄνυτος ἔφη καὶ φιλανθρώπως· ἃ γὰρ ἐξῆν αὐτῷ λαβεῖν ἅπαντα, τούτων ἡμῖν τὰ ἡμίση καταλέλοιπεν.

[5] [1] Οὕτω δὲ καὶ τοῖς ἄλλοις ἐρασταῖς ἐχρῆτο, πλὴν ἕνα μετοικικὸν ὥς φασιν ἄνθρωπον, οὐ πολλὰ κεκτημένον, ἀποδόμενον δὲ πάντα καὶ τὸ συναχθὲν εἰς ἑκατὸν στατῆρας τῷ Ἀλκιβιάδῃ προσφέροντα καὶ δεόμενον λαβεῖν, γελάσας [2] καὶ ἡσθεὶς ἐκάλεσεν ἐπὶ δεῖπνον. ἑστιάσας δὲ καὶ φιλοφρονηθεὶς τό τε χρυσίον ἀπέδωκεν αὐτῷ καὶ προσέταξε τῇ ὑστεραίᾳ

τοὺς ὠνουμένους τὰ τέλη τὰ δημόσια ταῖς τιμαῖς [3] ὑπερβάλλειν ἀντωνούμενον. παραιτουμένου δὲ τοῦ ἀνθρώπου διὰ τὸ πολλῶν ταλάντων εἶναι τὴν ὠνήν, ἠπείλησε μαστιγώσειν εἰ μὴ ταῦτα πράττοι· καὶ γὰρ ἐτύγχανεν [4] ἐγκαλῶν τι τοῖς τελώναις ἴδιον. ἕωθεν οὖν προελθὼν ὁ μέτοικος εἰς ἀγορὰν ἐπέθηκε τῇ ὠνῇ τάλαντον. ἐπεὶ δ' οἱ τελῶναι συστρεφόμενοι καὶ ἀγανακτοῦντες ἐκέλευον ὀνομάζειν ἐγγυητήν, ὡς οὐκ ἂν εὑρόντος, θορυβουμένου τοῦ ἀνθρώπου καὶ ἀναχωροῦντος ἑστὼς ὁ Ἀλκιβιάδης ἄπωθεν πρὸς τοὺς ἄρχοντας ἐμὲ γράψατε εἶπεν, ἐμὸς φίλος [5] ἐστίν, ἐγγυῶμαι. τοῦτ' ἀκούσαντες οἱ τελῶναι πάντες ἐξηπορήθησαν. εἰωθότες γὰρ ἀεὶ ταῖς δευτέραις ὠναῖς χρεωλυτεῖν τὰς πρώτας, οὐχ ἑώρων ἀπαλλαγὴν οὖσαν αὑτοῖς τοῦ πράγματος. ἐδέοντο δὴ τοῦ ἀνθρώπου διδόντες ἀργύριον· ὁ δ' Ἀλκιβιάδης οὐκ εἴα λαβεῖν ἔλαττον ταλάντου. διδόντων δὲ τὸ τάλαντον ἐκέλευσεν ἀποστῆναι λαβόντα. κἀκεῖνον μὲν οὕτως ὠφέλησεν.

[6] [1] Ὁ δὲ Σωκράτους ἔρως πολλοὺς ἔχων καὶ μεγάλους ἀνταγωνιστὰς πῇ μὲν ἐκράτει τοῦ Ἀλκιβιάδου, δι' εὐφυΐαν ἁπτομένων τῶν λόγων αὐτοῦ καὶ τὴν καρδίαν στρεφόντων καὶ δάκρυα ἐκχεόντων, ἔστι δ' ὅτε καὶ τοῖς κόλαξι πολλὰς ἡδονὰς ὑποβάλλουσιν ἐνδιδοὺς ἑαυτόν, ἀπωλίσθανε τοῦ Σωκράτους καὶ δραπετεύων ἀτεχνῶς ἐκυνηγεῖτο, πρὸς μόνον ἐκεῖνον ἔχων τὸ αἰδεῖσθαι καὶ τὸ φοβεῖσθαι, τῶν [2] δ' ἄλλων ὑπερορῶν. ὁ μὲν οὖν Κλεάνθης (fr. 614 Arn.) ἔλεγε τὸν ἐρώμενον ὑφ' ἑαυτοῦ μὲν ἐκ τῶν ὤτων κρατεῖσθαι, τοῖς δ' ἀντερασταῖς πολλὰς λαβὰς παρέχειν ἀθίκτους ἑαυτῷ, τὴν γαστέρα λέγων καὶ τὰ αἰδοῖα καὶ τὸν λαιμόν· Ἀλκιβιάδης δ' ἦν μὲν ἀμέλει καὶ πρὸς ἡδονὰς [3] ἀγώγιμος· ἡ γὰρ ὑπὸ Θουκυδίδου (6, 15, 4) λεγομένη παρανομία κατὰ τὸ σῶμα τῆς διαίτης ὑποψίαν τοιαύτην ‹ἐν›δίδωσιν.

[4] οὐ μὴν ἀλλὰ μᾶλλον αὐτοῦ τῆς φιλοτιμίας ἐπιλαμβανόμενοι καὶ τῆς φιλοδοξίας οἱ διαφθείροντες ἐνέβαλλον οὐ καθ' ὥραν εἰς μεγαλοπραγμοσύνην, ἀναπείθοντες ὡς ὅταν πρῶτον ἄρξηται τὰ δημόσια πράττειν, οὐ μόνον ἀμαυρώσοντα τοὺς ἄλλους στρατηγοὺς καὶ δημαγωγοὺς εὐθύς, ἀλλὰ καὶ τὴν Περικλέους δύναμιν ἐν τοῖς [5] Ἕλλησι καὶ δόξαν ὑπερβαλούμενον. ὥσπερ οὖν ὁ σίδηρος ἐν τῷ πυρὶ μαλασσόμενος αὖθις ὑπὸ τοῦ ψυχροῦ πυκνοῦται καὶ σύνεισι τοῖς μορίοις εἰς ἑαυτόν, οὕτως ἐκεῖνον ὁ Σωκράτης θρύψεως διάπλεων καὶ χαυνότητος ὁσάκις ἀναλάβοι, πιέζων τῷ λόγῳ καὶ συστέλλων ταπεινὸν ἐποίει καὶ ἄτολμον, ἡλίκων ἐνδεής ἐστι καὶ ἀτελὴς πρὸς ἀρετὴν μανθάνοντα.

[7] [1] Τὴν δὲ παιδικὴν ἡλικίαν παραλλάσσων ἐπέστη γραμματοδιδασκαλείῳ καὶ βιβλίον ᾔτησεν Ὁμηρικόν. εἰπόντος δὲ τοῦ διδασκάλου μηδὲν ἔχειν Ὁμήρου, κονδύλῳ καθικόμενος [2] αὐτοῦ παρῆλθεν. ἑτέρου δὲ φήσαντος

ἔχειν Ὅμηρον ὑφ’ ἑαυτοῦ διωρθωμένον, εἶτα ἔφη γράμματα διδάσκεις Ὅμηρον ἐπανορθοῦν ἱκανὸς ὤν, οὐχὶ τοὺς νέους [3] παιδεύεις; Περικλεῖ δὲ βουλόμενος ἐντυχεῖν, ἐπὶ θύρας ἦλθεν αὐτοῦ. πυθόμενος δὲ μὴ σχολάζειν, ἀλλὰ σκοπεῖν καθ’ ἑαυτὸν ὅπως ἀποδώσει λόγον Ἀθηναίοις, ἀπιὼν ὁ Ἀλκιβιάδης, εἶτα ἔφη βέλτιον οὐκ ἦν σκοπεῖν αὐτὸν ὅπως οὐκ ἀποδώσει [λόγον Ἀθηναίοις];

Ἔτι δὲ μειράκιον ὢν ἐστρατεύσατο τὴν εἰς Ποτείδαιαν στρατείαν, καὶ Σωκράτη σύσκηνον εἶχε καὶ παραστάτην [4] ἐν τοῖς ἀγῶσιν. ἰσχυρᾶς δὲ γενομένης μάχης ἠρίστευσαν μὲν ἀμφότεροι, τοῦ δ’ Ἀλκιβιάδου τραύματι περιπεσόντος ὁ Σωκράτης προέστη καὶ ἤμυνε, καὶ μάλιστα δὴ προδήλως [5] ἔσωσεν αὐτὸν μετὰ τῶν ὅπλων. ἐγίνετο μὲν οὖν τῷ δικαιοτάτῳ λόγῳ Σωκράτους τὸ ἀριστεῖον· ἐπεὶ δ’ οἱ στρατηγοὶ διὰ τὸ ἀξίωμα τῷ Ἀλκιβιάδῃ σπουδάζοντες ἐφαίνοντο περιθεῖναι τὴν δόξαν, ὁ Σωκράτης βουλόμενος αὔξεσθαι τὸ φιλότιμον ἐν τοῖς καλοῖς αὐτοῦ, πρῶτος ἐμαρτύρει καὶ παρεκάλει στεφανοῦν ἐκεῖνον καὶ διδόναι τὴν [6] πανοπλίαν. ἔτι δὲ τῆς ἐπὶ Δηλίῳ μάχης γενομένης καὶ φευγόντων τῶν Ἀθηναίων, ἔχων ἵππον ὁ Ἀλκιβιάδης, τοῦ δὲ Σωκράτους πεζῇ μετ’ ὀλίγων ἀποχωροῦντος, οὐ παρήλασεν ἰδών, ἀλλὰ παρέπεμψε καὶ περιήμυνεν, ἐπικειμένων τῶν πολεμίων καὶ πολλοὺς ἀναιρούντων. καὶ ταῦτα μὲν ὕστερον ἐπράχθη.

[8] [1] Ἱππονίκῳ δὲ τῷ Καλλίου πατρί, καὶ δόξαν ἔχοντι μεγάλην καὶ δύναμιν ἀπὸ πλούτου καὶ γένους, ἐνέτριψε κόνδυλον, οὐχ ὑπ’ ὀργῆς ἢ διαφορᾶς τινος προαχθείς, [2] ἀλλ’ ἐπὶ γέλωτι συνθέμενος πρὸς τοὺς ἑταίρους. περιβοήτου δὲ τῆς ἀσελγείας ἐν τῇ πόλει γενομένης, καὶ συναγανακτούντων ὥσπερ εἰκὸς ἁπάντων, ἅμ’ ἡμέρᾳ παρῆν ὁ Ἀλκιβιάδης ἐπὶ τὴν οἰκίαν τοῦ Ἱππονίκου, καὶ τὴν θύραν κόψας εἰσῆλθε πρὸς αὐτόν, καὶ θεὶς τὸ ἱμάτιον παρεδίδου τὸ [3] σῶμα, μαστιγοῦν καὶ κολάζειν κελεύων. ὁ δὲ συνέγνω καὶ τὴν ὀργὴν ἀφῆκεν, ὕστερον δὲ τῆς θυγατρὸς Ἱππαρέτης ἐποιήσατο νυμφίον. ἔνιοι δέ φασιν οὐχ Ἱππόνικον, ἀλλὰ Καλλίαν, τὸν υἱὸν αὐτοῦ, δοῦναι τῷ Ἀλκιβιάδῃ τὴν Ἱππαρέτην ἐπὶ δέκα ταλάντοις· εἶτα μέντοι τεκούσης ἄλλα πάλιν δέκα προσεισπρᾶξαι τὸν Ἀλκιβιάδην, ὡς τοῦτο [4] συνθέμενον εἰ γένοιντο παῖδες. ὁ δὲ Καλλίας ἐπιβουλὴν δεδοικὼς προσῆλθε τῷ δήμῳ, τὰ χρήματα διδοὺς καὶ τὸν οἶκον, ἄνπερ αὐτῷ συμπέσῃ μὴ καταλιπόντι γενεὰν ἀποθανεῖν. εὔτακτος δ’ οὖσα καὶ φίλανδρος ἡ Ἱππαρέτη, λυπουμένη δ’ ὑπ’ αὐτοῦ περὶ τὸν γάμον, ἑταίραις ξέναις καὶ ἀσταῖς συνόντος, ἐκ τῆς οἰκίας ἀπιοῦσα πρὸς τὸν [5] ἀδελφὸν ᾤχετο. τοῦ δ’ Ἀλκιβιάδου μὴ φροντίζοντος, ἀλλ’ ἐντρυφῶντος, ἔδει τὸ τῆς ἀπολείψεως γράμμα παρὰ τῷ ἄρχοντι θέσθαι μὴ δι’ ἑτέρων, ἀλλ’ αὐτὴν παροῦσαν. ὡς οὖν παρῆν τοῦτο πράξουσα κατὰ τὸν νόμον, ἐπελθὼν ὁ

Ἀλκιβιάδης καὶ συναρπάσας αὐτὴν ἀπῆλθε δι' ἀγορᾶς οἴκαδε κομίζων, μηδενὸς ἐναντιωθῆναι [6] μηδ' ἀφελέσθαι τολμήσαντος. ἔμεινε μέντοι παρ' αὐτῷ μέχρι τελευτῆς, ἐτελεύτησε δὲ μετ' οὐ πολὺν χρόνον εἰς Ἔφεσον τοῦ Ἀλκιβιάδου πλεύσαντος. αὕτη μὲν οὖν οὐ παντελῶς ἔδοξεν ἡ βία παράνομος οὐδ' ἀπάνθρωπος εἶναι· καὶ γὰρ ὁ νόμος δοκεῖ διὰ τοῦτο προάγειν τὴν ἀπολιποῦσαν εἰς τὸ δημόσιον αὐτήν, ὅπως ἐγγένηται τῷ ἀνδρὶ συμβῆναι καὶ κατασχεῖν.

[9] [1] Ὄντος δὲ κυνὸς αὐτῷ θαυμαστοῦ τὸ μέγεθος καὶ τὸ εἶδος, ὃν ἑβδομήκοντα μνῶν ἐωνημένος ἐτύγχανεν, [2] ἀπέκοψε τὴν οὐρὰν πάγκαλον οὖσαν. ἐπιτιμώντων δὲ τῶν συνήθων καὶ λεγόντων ὅτι πάντες ἐπὶ τῷ κυνὶ δάκνονται καὶ λοιδοροῦσιν αὐτόν, ἐπιγελάσας· γίνεται τοίνυν εἶπεν ὃ βούλομαι· βούλομαι γὰρ Ἀθηναίους τοῦτο λαλεῖν, ἵνα μή τι χεῖρον περὶ ἐμοῦ λέγωσι.

[10] [1] Πρώτην δ' αὐτῷ πάροδον εἰς τὸ δημόσιον γενέσθαι λέγουσι μετὰ χρημάτων ἐπιδόσεως, οὐκ ἐκ παρασκευῆς, ἀλλὰ παριόντα θορυβούντων τῶν Ἀθηναίων ἐρέσθαι τὴν αἰτίαν τοῦ θορύβου, πυθόμενον δὲ χρημάτων ἐπίδοσιν γίνεσθαι, παρελθεῖν καὶ ἐπιδοῦναι. τοῦ δὲ δήμου κροτοῦντος καὶ βοῶντος ὑφ' ἡδονῆς, ἐπιλαθέσθαι τοῦ ὄρτυγος [2] ὃν ἐτύγχανεν ἔχων ἐν τῷ ἱματίῳ. πτοηθέντος οὖν καὶ διαφυγόντος, ἔτι μᾶλλον ἐκβοῆσαι τοὺς Ἀθηναίους, πολλοὺς δὲ συνθηρᾶν ἀναστάντας, λαβεῖν δ' αὐτὸν Ἀντίοχον τὸν κυβερνήτην καὶ ἀποδοῦναι· διὸ προσφιλέστατον τῷ Ἀλκιβιάδῃ γενέσθαι.

[3] Μεγάλας δ' αὐτῷ κλισιάδας ἐπὶ τὴν πολιτείαν ἀνοίγοντος τοῦ τε γένους καὶ τοῦ πλούτου τῆς τε περὶ τὰς μάχας ἀνδραγαθίας, φίλων τε πολλῶν καὶ οἰκείων ὑπαρχόντων, ἀπ' οὐδενὸς ἠξίου μᾶλλον ἢ τῆς τοῦ λόγου χάριτος [4] ἰσχύειν ἐν τοῖς πολλοῖς. καὶ ὅτι μὲν δυνατὸς ἦν εἰπεῖν, οἵ τε κωμικοὶ μαρτυροῦσι καὶ τῶν ῥητόρων ὁ δυνατώτατος, ἐν τῷ κατὰ Μειδίου (Demosth. 21, 145) λέγων τὸν Ἀλκιβιάδην καὶ δεινότατον εἰπεῖν γενέσθαι πρὸς τοῖς ἄλλοις. εἰ δὲ Θεοφράστῳ (fr. 134 W.) πιστεύομεν, ἀνδρὶ φιληκόῳ καὶ ἱστορικῷ παρ' ὁντινοῦν τῶν φιλοσόφων, εὑρεῖν μὲν ἦν τὰ δέοντα καὶ νοῆσαι πάντων ἱκανώτατος ὁ Ἀλκιβιάδης, ζητῶν δὲ μὴ μόνον ἃ δεῖ λέγειν, ἀλλὰ καὶ ὡς δεῖ τοῖς ὀνόμασι καὶ τοῖς ῥήμασιν, οὐκ εὐπορῶν δέ, πολλάκις ἐσφάλλετο καὶ μεταξὺ λέγων ἀπεσιώπα καὶ διέλειπε λέξεως διαφυγούσης, αὐτὸν ἀναλαμβάνων καὶ διασκοπούμενος.

[11] [1] Αἱ δ' ἱπποτροφίαι περιβόητοι μὲν ἐγένοντο καὶ τῷ πλήθει τῶν ἁρμάτων· ἑπτὰ γὰρ ἄλλος οὐδεὶς καθῆκεν [2] Ὀλυμπίασιν ἰδιώτης οὐδὲ βασιλεύς, μόνος δ' ἐκεῖνος, καὶ τὸ νικῆσαι καὶ δεύτερον γενέσθαι καὶ

τέταρτον ὡς Θουκυδίδης (6, 16) φησίν, ὡς δ’ Εὐριπίδης τρίτον, ὑπερβάλλει λαμπρότητι καὶ δόξῃ πᾶσαν τὴν ἐν τούτοις φιλοτιμίαν.

[3] λέγει δ’ ὁ Εὐριπίδης (fg. 3 D.) ἐν τῷ ᾄσματι ταῦτα· σὲ δ’ ἀείσομαι ὦ Κλεινίου παῖ. καλὸν ἁ νίκα· κάλλιστον δ’, ὃ μηδεὶς ἄλλος Ἑλλάνων, ἅρματι πρῶτα δραμεῖν καὶ δεύτερα καὶ τρίτα, βῆναί τ’ ἀπονητὶ δὶς στεφθέντ’ ἐλαίᾳ κάρυκι βοὰν παραδοῦναι.

[12] [1] Τοῦτο μέντοι τὸ λαμπρὸν ἐπιφανέστερον ἐποίησεν ἡ τῶν πόλεων φιλοτιμία. σκηνὴν μὲν γὰρ αὐτῷ κεκοσμημένην διαπρεπῶς ἔστησαν Ἐφέσιοι, τροφὰς δ’ ἵπποις καὶ πλῆθος ἱερείων παρεῖχεν ἡ Χίων πόλις, οἶνον δὲ Λέσβιοι καὶ [2] τὴν ἄλλην ὑποδοχὴν ἀφειδῶς ἑστιῶντι πολλούς. οὐ μὴν ἀλλὰ καὶ διαβολή τις ἢ κακοήθεια γενομένη περὶ τὴν [3] φιλοτιμίαν ἐκείνην πλείονα λόγον παρέσχε. λέγεται γάρ, ὡς ἦν Ἀθήνησι Διομήδης, ἀνὴρ οὐ πονηρός, Ἀλκιβιάδου δὲ φίλος, ἐπιθυμῶν δὲ νίκην Ὀλυμπικὴν αὐτῷ γενέσθαι, καὶ πυνθανόμενος ἅρμα δημόσιον Ἀργείοις εἶναι, τὸν δ’ Ἀλκιβιάδην εἰδὼς ἐν Ἄργει μέγα δυνάμενον καὶ φίλους ἔχοντα πολλούς, ἔπεισεν αὐτῷ πρίασθαι τὸ ἅρμα. πριάμενος δ’ ὁ Ἀλκιβιάδης ἴδιον ἀπεγράψατο, τὸν δὲ Διομήδην χαίρειν εἴασε, χαλεπῶς φέροντα καὶ μαρτυρόμενον θεοὺς καὶ ἀνθρώπους. φαίνεται δὲ καὶ δίκη συστᾶσα περὶ τούτου, καὶ λόγος Ἰσοκράτει (Isocr. 16) γέγραπται περὶ τοῦ ζεύγους ὑπὲρ τοῦ Ἀλκιβιάδου παιδός, ἐν ᾧ Τεισίας ἐστίν, οὐ Διομήδης, ὁ δικασάμενος.

[13] [1] Ἐπεὶ δ’ ἀφῆκεν αὑτὸν εἰς τὴν πολιτείαν ἔτι μειράκιον ὤν, τοὺς μὲν ἄλλους εὐθὺς ἐταπείνωσε δημαγωγούς, ἀγῶνα δ’ εἶχε πρός τε Φαίακα τὸν Ἐρασιστράτου καὶ Νικίαν τὸν Νικηράτου, τὸν μὲν ἤδη καθ’ ἡλικίαν προήκοντα καὶ στρατηγὸν ἄριστον εἶναι δοκοῦντα, Φαίακα δ’ ἀρχόμενον ὥσπερ αὐτὸς αὐξάνεσθαι τότε καὶ γνωρίμων ὄντα πατέρων, ἐλαττούμενον δὲ τοῖς τ’ ἄλλοις καὶ [2] περὶ τὸν λόγον. ἐντευκτικὸς γὰρ ἰδίᾳ καὶ πιθανὸς ἐδόκει μᾶλλον ἢ φέρειν ἀγῶνας ἐν δήμῳ δυνατός. ἦν γάρ, ὡς Εὔπολίς (fr. 95 CAF I 281) φησι,

λαλεῖν ἄριστος, ἀδυνατώτατος λέγειν.

[3] φέρεται δὲ καὶ λόγος τις κατ’ Ἀλκιβιάδου Φαίακος ἐπιγεγραμμένος, ἐν ᾧ μετὰ τῶν ἄλλων γέγραπται καὶ ὅτι τῆς πόλεως πολλὰ πομπεῖα χρυσᾶ καὶ ἀργυρᾶ κεκτημένης, ὁ Ἀλκιβιάδης ἐχρῆτο πᾶσιν αὐτοῖς ὥσπερ ἰδίοις πρὸς τὴν καθ’ ἡμέραν δίαιταν.

[4] Ἦν δέ τις Ὑπέρβολος Περιθοΐδης, οὗ μέμνηται μὲν ὡς ἀνθρώπου πονηροῦ καὶ Θουκυδίδης (8, 73, 3), τοῖς δὲ κωμικοῖς ὁμοῦ τι πᾶσι διατριβὴν ἀεὶ σκωπτόμενος ἐν [5] τοῖς θεάτροις παρεῖχεν. ἄτρεπτος δὲ πρὸς τὸ κακῶς ἀκούειν καὶ ἀπαθὴς ὢν ὀλιγωρίᾳ δόξης, ἣν ἀναισχυντίαν καὶ ἀπόνοιαν οὖσαν

εὐτολμίαν ἔνιοι καὶ ἀνδρείαν καλοῦσιν, οὐδενὶ μὲν ἤρεσκεν, ἐχρῆτο δ' αὐτῷ πολλάκις ὁ δῆμος ἐπιθυμῶν προπηλακίζειν τοὺς ἐν ἀξιώματι καὶ [6] συκοφαντεῖν. ἀναπεισθεὶς οὖν ὑπ' αὐτοῦ τότε τὸ ὄστρακον ἐπιφέρειν ἔμελλεν, ᾧ κολούοντες ἀεὶ τὸν προὔχοντα δόξῃ καὶ δυνάμει τῶν πολιτῶν ἐλαύνουσι, παραμυθούμενοι [7] τὸν φθόνον μᾶλλον ἢ τὸν φόβον. ἐπεὶ δὲ δῆλον ἦν ὅτι ἑνὶ τῶν τριῶν τὸ ὄστρακον ἐποίσουσι, συνήγαγε τὰς στάσεις εἰς ταὐτὸν ὁ Ἀλκιβιάδης, καὶ διαλεχθεὶς πρὸς τὸν Νικίαν τῷ Ὑπερβόλῳ περικάτω τὴν ὀστρακοφορίαν ἔτρεψεν.

[8] ὡς δ' ἔνιοί φασιν, οὐ πρὸς Νικίαν, ἀλλὰ πρὸς Φαίακα διαλεχθεὶς καὶ τὴν ἐκείνου προσλαβὼν ἑταιρίαν, ἐξήλασε [9] τὸν Ὑπέρβολον οὐκ ἂν προσδοκήσαντα. φαῦλος γὰρ οὐδεὶς ἐνέπιπτεν εἰς τοῦτον τὸν κολασμὸν οὐδ' ἄδοξος, ὥς που καὶ Πλάτων ὁ κωμικὸς (fr. 187 CAF I 654) εἴρηκε τοῦ Ὑπερβόλου μνησθείς·

καίτοι πέπραγε τῶν τρόπων μὲν ἄξια,
αὐτοῦ δὲ καὶ τῶν στιγμάτων ἀνάξια.
οὐ γὰρ τοιούτων εἵνεκ' ὄστραχ' εὑρέθη.

περὶ μὲν οὖν τούτων ἐν ἑτέροις μᾶλλον εἴρηται τὰ ἱστορούμενα.

[14] [1] Τὸν δ' Ἀλκιβιάδην ὁ Νικίας οὐχ ἧττον ἠνία θαυμαζόμενος ὑπὸ τῶν πολεμίων ἢ τιμώμενος ὑπὸ τῶν πολιτῶν. πρόξενος μὲν γὰρ ἦν ὁ Ἀλκιβιάδης τῶν Λακεδαιμονίων, καὶ τοὺς ἁλόντας αὐτῶν περὶ Πύλον ἄνδρας ἐθεράπευσεν· [2] ἐπεὶ δ' ἐκεῖνοί τε διὰ Νικίου μάλιστα τῆς εἰρήνης τυχόντες καὶ τοὺς ἄνδρας ἀπολαβόντες ὑπερηγάπων αὐτόν, ἔν τε τοῖς Ἕλλησι λόγος ἦν, ὡς Περικλέους μὲν συνάψαντος αὐτοῖς, Νικίου δὲ λύσαντος τὸν πόλεμον, οἵ τε πλεῖστοι τὴν εἰρήνην Νικίειον ὠνόμαζον, οὐ μετρίως ἀνιώμενος [3] ὁ Ἀλκιβιάδης καὶ φθονῶν ἐβούλευε σύγχυσιν ὁρκίων. καὶ πρῶτον μὲν Ἀργείους αἰσθανόμενος μίσει καὶ φόβῳ τῶν Σπαρτιατῶν ζητοῦντας ἀποστροφήν, ἐλπίδας αὐτοῖς ἐνεδίδου κρύφα τῆς Ἀθηναίων συμμαχίας, καὶ παρεθάρρυνε πέμπων καὶ διαλεγόμενος τοῖς προεστῶσι τοῦ δήμου μὴ δεδιέναι μηδ' ὑπείκειν Λακεδαιμονίοις, ἀλλὰ πρὸς Ἀθηναίους τρέπεσθαι καὶ περιμένειν, ὅσον οὐδέπω [4] μεταμελομένους καὶ τὴν εἰρήνην ἀφιέντας. ἐπεὶ δὲ Λακεδαιμόνιοι πρός τε τοὺς Βοιωτοὺς ἐποιήσαντο συμμαχίαν, καὶ Πάνακτον οὐχ ἑστὼς ὥσπερ ἔδει τοῖς Ἀθηναίοις παρέδωκαν, ἀλλὰ καταλύσαντες, ὀργιζομένους λαβὼν τοὺς Ἀθηναίους ἔτι μᾶλλον ἐξετράχυνε, καὶ τὸν Νικίαν ἐθορύβει καὶ διέβαλλεν εἰκότα κατηγορῶν, ὅτι τοὺς ἐν Σφακτηρίᾳ τῶν πολεμίων ἀποληφθέντας αὐτὸς μὲν ἐξελεῖν οὐκ ἠθέλησε στρατηγῶν, ἑτέρων δ' ἐξελόντων ἀφῆκε καὶ ἀπέδωκε χαριζόμενος Λακεδαιμονίοις· [5] εἶτ' ἐκείνους μὲν οὐκ ἔπεισε φίλος ὢν Βοιωτοῖς μὴ

συνόμνυσθαι μηδὲ Κορινθίοις, Ἀθηναίοις δὲ κωλύει καὶ τὸν βουλόμενον τῶν Ἑλλήνων φίλον εἶναι καὶ σύμμαχον, εἰ [6] μὴ δόξειε Λακεδαιμονίοις. ἐκ δὲ τούτου κακῶς φερομένῳ τῷ Νικίᾳ παρῆσαν ὥσπερ κατὰ τύχην πρέσβεις ἀπὸ τῆς Λακεδαίμονος, αὐτόθεν τε λόγους ἐπιεικεῖς ἔχοντες καὶ πρὸς πᾶν τὸ συμβατικὸν καὶ δίκαιον αὐτοκράτορες ἥκειν [7] φάσκοντες. ἀποδεξαμένης δὲ τῆς βουλῆς, τοῦ δὲ δήμου τῇ ὑστεραίᾳ μέλλοντος ἐκκλησιάζειν, δείσας ὁ Ἀλκιβιάδης διεπράξατο τοὺς πρέσβεις ἐν λόγοις γενέσθαι πρὸς [8] αὐτόν. ὡς δὲ συνῆλθον, ἔλεγε· τί πεπόνθατε ἄνδρες Σπαρτιᾶται; πῶς ἔλαθεν ὑμᾶς, ὅτι τὰ τῆς βουλῆς ἀεὶ μέτρια καὶ φιλάνθρωπα πρὸς τοὺς ἐντυγχάνοντάς ἐστιν, ὁ δὲ δῆμος μέγα φρονεῖ καὶ μεγάλων ὀρέγεται; κἂν φάσκητε κύριοι πάντων ἀφῖχθαι, προστάττων καὶ βιαζόμενος [9] ἀγνωμονήσει. φέρε δὴ τὴν εὐήθειαν ταύτην ἀφέντες, εἰ βούλεσθε χρήσασθαι μετρίοις ‹τοῖς› Ἀθηναίοις καὶ μηδὲν ἐκβιασθῆναι παρὰ γνώμην, οὕτω διαλέγεσθε περὶ τῶν δικαίων ὡς οὐκ ὄντες αὐτοκράτορες. συμπράξομεν δ' [10] ἡμεῖς Λακεδαιμονίοις χαριζόμενοι. ταῦτα δ' εἰπὼν ὅρκους ἔδωκεν αὐτοῖς καὶ μετέστησεν ἀπὸ τοῦ Νικίου, παντάπασι πιστεύοντας αὐτῷ καὶ θαυμάζοντας ἅμα τὴν δεινότητα καὶ [11] τὴν σύνεσιν, ὡς οὐ τοῦ τυχόντος ἀνδρὸς οὖσαν. τῇ δ' ὑστεραίᾳ συνήχθη μὲν ὁ δῆμος, εἰσῆλθον δ' οἱ πρέσβεις. ἐρωτώμενοι δ' ὑπὸ τοῦ Ἀλκιβιάδου πάνυ φιλανθρώπως, ἐφ' οἷς ἀφιγμένοι τυγχάνουσιν, οὐκ ἔφασαν ἥκειν αὐτοκράτορες.

[12] εὐθὺς οὖν ὁ Ἀλκιβιάδης ἐνέκειτο μετὰ κραυγῆς καὶ ὀργῆς, ὥσπερ οὐκ ἀδικῶν, ἀλλ' ἀδικούμενος, ἀπίστους καὶ παλιμβόλους ἀποκαλῶν καὶ μηδὲν ὑγιὲς μήτε πρᾶξαι μήτ' εἰπεῖν ἥκοντας, ἐπηγανάκτει δ' ἡ βουλὴ καὶ ὁ δῆμος ἐχαλέπαινε, τὸν δὲ Νικίαν ἔκπληξις εἶχε καὶ κατήφεια τῶν ἀνδρῶν τῆς μεταβολῆς, ἀγνοοῦντα τὴν ἀπάτην καὶ τὸν δόλον.

[15] [1] Οὕτω δὲ τῶν Λακεδαιμονίων ἐκπεσόντων, στρατηγὸς ἀποδειχθεὶς ὁ Ἀλκιβιάδης εὐθὺς Ἀργείους καὶ Μαντινεῖς καὶ Ἠλείους συμμάχους ἐποίησε τοῖς Ἀθηναίοις.

[2] καὶ τὸν μὲν τρόπον οὐδεὶς τῆς πράξεως ἐπῄνει, μέγα δ' ἦν τὸ πεπραγμένον ὑπ' αὐτοῦ, διαστῆσαι καὶ κραδᾶναι Πελοπόννησον ὀλίγου δεῖν ἅπασαν, καὶ τοσαύτας ἀσπίδας ἐν ἡμέρᾳ μιᾷ περὶ Μαντίνειαν ἀντιτάξαι Λακεδαιμονίοις, καὶ πορρωτάτω τῶν Ἀθηνῶν ἀγῶνα κατασκευάσαι καὶ κίνδυνον αὐτοῖς, ἐν ᾧ μέγα μὲν οὐδὲν ἡ νίκη προσέθηκε κρατήσασιν, εἰ δ' ἐσφάλησαν, ἔργον ἦν [3] τὴν Λακεδαίμονα περιγενέσθαι. μετὰ δὲ τὴν μάχην εὐθὺς ἐπέθεντο καταλύειν ἐν Ἄργει τὸν δῆμον οἱ χίλιοι καὶ τὴν πόλιν ὑπήκοον ποιεῖν Λακεδαιμονίοις· οἱ δὲ παραγενόμενοι [4] κατέλυσαν τὴν δημοκρατίαν. αὖθις δὲ τῶν πολλῶν ἐξενεγκαμένων τὰ ὅπλα καὶ

κρατησάντων, ἐπελθὼν ὁ Ἀλκιβιάδης τήν τε νίκην ἐβεβαίωσε τῷ δήμῳ, καὶ τὰ μακρὰ τείχη συνέπεισε καθεῖναι καὶ προσμείξαντας τῇ θαλάσσῃ τὴν πόλιν ἐξάψαι παντάπασι τῆς Ἀθηναίων δυνάμεως, [5] καὶ τέκτονας καὶ λιθουργοὺς ἐκ τῶν Ἀθηνῶν ἐκόμισε καὶ πᾶσαν ἐνεδείκνυτο προθυμίαν, οὐχ ἧττον ἑαυτῷ [6] κτώμενος ἢ τῇ πόλει χάριν καὶ ἰσχύν. ἔπεισε δὲ καὶ Πατρεῖς ὁμοίως τείχεσι μακροῖς συνάψαι τῇ θαλάσσῃ τὴν πόλιν. εἰπόντος δέ τινος τοῖς Πατρεῦσιν ὅτι καταπιοῦνται ὑμᾶς Ἀθηναῖοι· ἴσως εἶπεν ὁ Ἀλκιβιάδης κατὰ μικρὸν καὶ κατὰ τοὺς πόδας, Λακεδαιμόνιοι δὲ κατὰ τὴν [7] κεφαλὴν καὶ ἀθρόως. οὐ μὴν ἀλλὰ καὶ τῆς γῆς συνεβούλευεν ἀντέχεσθαι τοῖς Ἀθηναίοις καὶ τὸν ἐν Ἀγραύλου προβαλλόμενον ἀεὶ τοῖς ἐφήβοις ὅρκον ἔργῳ βεβαιοῦν.

[8] ὀμνύουσι γὰρ ὅροις χρήσεσθαι τῆς Ἀττικῆς πυροῖς κριθαῖς ἀμπέλοις σύκαις ἐλαίαις, οἰκείαν ποιεῖσθαι διδασκόμενοι τὴν ἥμερον καὶ καρποφόρον.

[16] [1] Ἐν δὲ τοῖς τοιούτοις πολιτεύμασι καὶ λόγοις καὶ φρονήματι καὶ δεινότητι πολλὴν αὖ πάλιν τὴν τρυφὴν τῆς διαίτης καὶ περὶ πότους καὶ ἔρωτας ὑβρίσματα, καὶ θηλύτητας ἐσθήτων ἁλουργῶν ἑλκομένων δι᾽ ἀγορᾶς, καὶ πολυτέλειαν ὑπερήφανον, ἐκτομάς τε καταστρωμάτων ἐν ταῖς τριήρεσιν, ὅπως μαλακώτερον ἐγκαθεύδοι, κειρίαις, ἀλλὰ μὴ σανίσι, τῶν στρωμάτων ἐπιβαλλομένων, ἀσπίδος τε διαχρύσου ποίησιν οὐδὲν ἐπίσημον τῶν πατρίων ἔχουσαν, [2] ἀλλ᾽ Ἔρωτα κεραυνοφόρον [ἅπερ] ὁρῶντες, οἱ μὲν ἔνδοξοι μετὰ τοῦ βδελύττεσθαι καὶ δυσχεραίνειν ἐφοβοῦντο τὴν ὀλιγωρίαν αὐτοῦ καὶ παρανομίαν ὡς τυραννικὰ καὶ ἀλλόκοτα, τοῦ δὲ δήμου τὸ πάθος τὸ πρὸς αὐτὸν οὐ κακῶς ἐξηγούμενος ὁ Ἀριστοφάνης ταῦτ᾽ εἴρηκε (ran. 1425)·

[3] ποθεῖ μέν, ἐχθαίρει δέ, βούλεται δ᾽ ἔχειν,

ἔτι δὲ μᾶλλον τῇ ὑπονοίᾳ πιέζων (ran. 1432)·

μάλιστα μὲν λέοντα μὴ ‘ν πόλει τρέφειν·

ἢν δ᾽ ἐκτρέφῃ τις, τοῖς τρόποις ὑπηρετεῖν.

[4] ἐπιδόσεις γὰρ καὶ χορηγίαι καὶ φιλοτιμήματα πρὸς τὴν πόλιν ὑπερβολὴν μὴ ἀπολείποντα καὶ δόξα προγόνων καὶ λόγου δύναμις καὶ σώματος εὐπρέπεια καὶ ῥώμη μετ᾽ ἐμπειρίας τῶν πολεμικῶν καὶ ἀλκῆς πάντα τἆλλα συγχωρεῖν ἐποίει καὶ φέρειν μετρίως τοὺς Ἀθηναίους, ἀεὶ τὰ πρᾳότατα τῶν ὀνομάτων τοῖς ἁμαρτήμασι [5] τιθεμένους, παιδιὰς καὶ φιλοτιμίας. οἷον ἦν καὶ τὸ Ἀγάθαρχον εἷρξαι τὸν ζωγράφον, εἶτα γράψαντα τὴν οἰκίαν ἀφεῖναι δωρησάμενον· καὶ Ταυρέαν ἀντιχορηγοῦντα ῥαπίσαι, φιλοτιμούμενον ὑπὲρ τῆς νίκης· καὶ τὸ Μηλίαν γυναῖκα ἐκ τῶν αἰχμαλώτων ἐξελόμενον καὶ συνόντα θρέψαι [6] παιδάριον ἐξ αὐτῆς. καὶ γὰρ τοῦτο φιλάνθρωπον ἐκάλουν, πλὴν ὅτι ‹τοῦ› τοὺς Μηλίους ἡβηδὸν ἀποσφαγῆναι [7] τὴν πλείστην αἰτίαν ἔσχε, τῷ ψηφίσματι συνειπών. Ἀριστοφῶντος δὲ Νεμέαν γράψαντος ἐν ταῖς

ἀγκάλαις αὐτῆς καθήμενον Ἀλκιβιάδην ἔχουσαν, ἐθεῶντο καὶ συνέτρεχον χαίροντες· οἱ δὲ πρεσβύτεροι καὶ τούτοις ἐδυσχέραινον [8] ὡς τυραννικοῖς καὶ παρανόμοις. ἐδόκει δὲ καὶ Ἀρχέστρατος οὐκ ἀπὸ τρόπου λέγειν, ὡς ἡ Ἑλλὰς οὐκ ἂν ἤνεγκε δύο [9] Ἀλκιβιάδας. ἐπεὶ δὲ Τίμων ὁ μισάνθρωπος εὐημερήσαντα τὸν Ἀλκιβιάδην καὶ προπεμπόμενον ἀπὸ τῆς ἐκκλησίας ἐπιφανῶς οὐ παρῆλθεν οὐδ' ἐξέκλινεν, ὥσπερ εἰώθει τοὺς ἄλλους, ἀλλ' ἀπαντήσας καὶ δεξιωσάμενος εὖ γε ἔφη ποιεῖς αὐξόμενος ὦ παῖ· μέγα γὰρ αὔξει κακὸν ἅπασι τούτοις, οἱ μὲν ἐγέλων, οἱ δ' ἐβλασφήμουν, ἐνίους δὲ καὶ πάνυ τὸ λεχθὲν ἐπέστρεφεν. οὕτως ἄκριτος ἦν ἡ δόξα περὶ αὐτοῦ διὰ τὴν τῆς φύσεως ἀνωμαλίαν.

[17] [1] Σικελίας δὲ καὶ Περικλέους ἔτι ζῶντος ἐπεθύμουν Ἀθηναῖοι, καὶ τελευτήσαντος ἥπτοντο, καὶ τὰς λεγομένας βοηθείας καὶ συμμαχίας ἔπεμπον ἑκάστοτε τοῖς ἀδικουμένοις ὑπὸ Συρακουσίων, ἐπιβάθρας τῆς μείζονος στρατείας [2] τιθέντες. ὁ δὲ παντάπασι τὸν ἔρωτα τοῦτον ἀναφλέξας αὐτῶν καὶ πείσας μὴ κατὰ μέρος μηδὲ κατὰ μικρὸν, ἀλλὰ μεγάλῳ στόλῳ πλεύσαντας ἐπιχειρεῖν καὶ καταστρέφεσθαι τὴν νῆσον Ἀλκιβιάδης ἦν, τόν τε δῆμον ἐλπίζειν μεγάλα πείσας, αὐτός τε μειζόνων ὀρεγόμενος. ἀρχὴν γὰρ εἶναι πρὸς ἃ ἠλπίκει διενοεῖτο τῆς στρατείας, οὐ τέλος ὥσπερ οἱ λοιποί, [3] Σικελίαν. καὶ Νικίας μὲν ὡς χαλεπὸν ἔργον ὂν τὰς Συρακούσας ἑλεῖν ἀπέτρεπε τὸν δῆμον, Ἀλκιβιάδης δὲ καὶ Καρχηδόνα καὶ Λιβύην ὀνειροπολῶν, ἐκ δὲ τούτων προσγενομένων Ἰταλίαν καὶ Πελοπόννησον ἤδη περιβαλλόμενος, ὀλίγου δεῖν ἐφόδιον τοῦ πολέμου Σικελίαν ἐποιεῖτο.

[4] καὶ τοὺς μὲν νέους αὐτόθεν εἶχεν ἤδη ταῖς ἐλπίσιν ἐπηρμένους, τῶν δὲ πρεσβυτέρων ἠκροῶντο πολλὰ θαυμάσια περὶ τῆς στρατείας περαινόντων, ὥστε πολλοὺς ἐν ταῖς παλαίστραις καὶ τοῖς ἡμικυκλίοις καθέζεσθαι τῆς τε νήσου τὸ σχῆμα καὶ θέσιν Λιβύης καὶ Καρχηδόνος ὑπογράφοντας.

[5] Σωκράτην μέντοι τὸν φιλόσοφον καὶ Μέτωνα τὸν ἀστρολόγον οὐδὲν ἐλπίσαι τῇ πόλει χρηστὸν ἀπὸ τῆς στρατείας ἐκείνης λέγουσιν, ᾧ μὲν ὡς ἔοικε τοῦ συνήθους δαιμονίου γενομένου καὶ προσημαίνοντος, ὁ δὲ Μέτων εἴτε δείσας ἐκ λογισμοῦ τὸ μέλλον, εἴτε μαντικῆς τινι τρόπῳ χρησάμενος, ἐσκήψατο μεμηνέναι, καὶ λαβὼν δᾷδα καιομένην [6] οἷος ἦν αὐτοῦ τὴν οἰκίαν ὑφάπτειν. ἔνιοι δέ φασι προσποίημα μὲν μανίας μηδὲν ἐσκευάσθαι τὸν Μέτωνα, καταπρῆσαι δὲ τὴν οἰκίαν νύκτωρ, εἶθ' ἕωθεν προελθόντα δεῖσθαι καὶ ἀντιβολεῖν ἐπὶ συμφορᾷ τηλικαύτῃ τὸν υἱὸν αὐτῷ παρεθῆναι τῆς στρατείας. ἐκεῖνος μὲν οὖν ἔτυχεν ὧν ἠξίου, παρακρουσάμενος τοὺς πολίτας.

[18] [1] Ὁ δὲ Νικίας ἄκων μὲν ᾑρέθη στρατηγός, οὐχ ἥκιστα τὴν ἀρχὴν καὶ διὰ τὸν συνάρχοντα φεύγων· ἐφαίνετο γὰρ τοῖς Ἀθηναίοις τὰ τοῦ πολέμου

βέλτιον ἕξειν μὴ προιεμένοις τὸν Ἀλκιβιάδην ἄκρατον, ἀλλὰ μειχθείσης πρὸς [2] τὴν τόλμαν αὐτοῦ τῆς Νικίου προνοίας· καὶ γὰρ ὁ τρίτος στρατηγὸς ὁ Λάμαχος ἡλικίᾳ προήκων ὅμως ἐδόκει μηδὲν ἧττον εἶναι τοῦ Ἀλκιβιάδου διάπυρος καὶ φιλοκίνδυνος ἐν τοῖς ἀγῶσι. βουλευομένων δὲ περὶ πλήθους καὶ τρόπου παρασκευῆς, ἐπεχείρησεν αὖθις ὁ Νικίας ἐνίστασθαι καὶ [3] καταπαύειν τὸν πόλεμον. ἀντειπόντος δὲ τοῦ Ἀλκιβιάδου καὶ κρατήσαντος, ἔγραψε τῶν ῥητόρων Δημόστρατος καὶ εἶπεν ὡς χρὴ τοὺς στρατηγοὺς αὐτοκράτορας εἶναι καὶ [4] τῆς παρασκευῆς καὶ τοῦ πολέμου παντός. ἐπιψηφισαμένου δὲ τοῦ δήμου καὶ γενομένων ἑτοίμων πάντων πρὸς [5] τὸν ἔκπλουν, οὐ χρηστὰ παρῆν οὐδὲ τὰ τῆς ἑορτῆς. Ἀδωνίων γὰρ εἰς τὰς ἡμέρας ἐκείνας καθηκόντων, εἴδωλά τε πολλαχοῦ νεκροῖς ἐκκομιζομένοις ὅμοια προὔκειντο ταῖς γυναιξί, καὶ ταφὰς ἐμιμοῦντο κοπτόμεναι καὶ θρήνους [6] ᾖδον. ἡ μέντοι τῶν Ἑρμῶν περικοπή, μιᾷ νυκτὶ τῶν πλείστων ἀκρωτηριασθέντων τὰ πρόσωπα, πολλοὺς καὶ τῶν [7] περιφρονούντων τὰ τοιαῦτα διετάραξεν. ἐλέχθη μὲν οὖν, ὅτι Κορίνθιοι διὰ τοὺς Συρακουσίους ἀποίκους ὄντας, ὡς ἐπισχέσεως ἐσομένης πρὸς τὸν οἰωνὸν ἢ μεταγνώσεως τοῦ [8] πολέμου, ταῦτα δράσειαν. οὐ μὴν ἥπτετό γε τῶν πολλῶν οὔθ’ οὗτος ὁ λόγος οὔθ’ ὁ τῶν σημεῖον δεινὸν εἶναι μηδὲν οἰομένων, ἀλλ’ οἷα φιλεῖ φέρειν ἄκρατος ἀκολάστων νέων εἰς ὕβριν ἐκ παιδιᾶς ὑποφερομένων· ὀργῇ δ’ ἅμα καὶ φόβῳ τὸ γεγονὸς λαμβάνοντες ὡς ἀπὸ συνωμοσίας ἐπὶ πράγμασι μεγάλοις τετολμημένον, ἅπασαν ἐξήταζον ὑπόνοιαν πικρῶς ἥ τε βουλὴ συνιοῦσα περὶ τούτων καὶ ὁ δῆμος ἐν ὀλίγαις ἡμέραις πολλάκις.

[19] [1] Ἐν δὲ τούτῳ δούλους τινὰς καὶ μετοίκους προήγαγεν Ἀνδροκλῆς ὁ δημαγωγός, ἄλλων τ’ ἀγαλμάτων περικοπὰς καὶ μυστηρίων παρ’ οἶνον ἀπομιμήσεις τοῦ [2] Ἀλκιβιάδου καὶ τῶν φίλων κατηγοροῦντας. ἔλεγον δὲ Θεόδωρον μέν τινα δρᾶν τὰ τοῦ κήρυκος, Πουλυτίωνα δὲ τὰ τοῦ δᾳδούχου, τὰ δὲ τοῦ ἱεροφάντου τὸν Ἀλκιβιάδην, τοὺς δ’ ἄλλους ἑταίρους παρεῖναι καὶ θεᾶσθαι, μύστας προσαγορευομένους.

[3] ταῦτα γὰρ ἐν τῇ εἰσαγγελίᾳ γέγραπται Θεσσαλοῦ τοῦ Κίμωνος, εἰσαγγείλαντος Ἀλκιβιάδην ἀσεβεῖν περὶ τὼ θεώ. τραχυνομένου δὲ τοῦ δήμου καὶ πικρῶς πρὸς τὸν Ἀλκιβιάδην ἔχοντος, καὶ τοῦ Ἀνδροκλέους - ἦν γὰρ ἐχθρὸς οὗτος ἐν τοῖς μάλιστα τοῦ Ἀλκιβιάδου - παροξύνοντος, ἐν ἀρχῇ μὲν ἐταράχθησαν οἱ περὶ τὸν Ἀλκιβιάδην, [4] αἰσθόμενοι δὲ τούς τε ναύτας ὅσοι πλεῖν ἔμελλον εἰς Σικελίαν εὔνους ὄντας αὐτοῖς καὶ τὸ στρατιωτικόν, Ἀργείων δὲ καὶ Μαντινέων χιλίων ὄντων ὁπλιτῶν ἀκούοντες ἀναφανδὸν λεγόντων, ὡς δι’ Ἀλκιβιάδην στρατεύοιντο διαπόντιον καὶ μακρὰν στρατείαν, ἂν δέ τις ἀγνωμονῇ περὶ τοῦτον, εὐθὺς ἀποστήσεσθαι,

ἀνεθάρρουν καὶ παρίσταντο τῷ καιρῷ πρὸς τὴν ἀπολογίαν, ὥστε τοὺς ἐχθροὺς πάλιν ἀθυμεῖν καὶ φοβεῖσθαι, μὴ περὶ τὴν κρίσιν ὁ δῆμος ἀμβλύτερος [5] αὐτῷ γένηται διὰ τὴν χρείαν. πρὸς ταῦτ' οὖν τεχνάζουσι τῶν ῥητόρων τοὺς οὐ δοκοῦντας ἐχθροὺς τοῦ Ἀλκιβιάδου, μισοῦντας δ' αὐτὸν οὐχ ἧττον τῶν ὁμολογούντων, ἀνισταμένους ἐν τῷ δήμῳ λέγειν, ὡς ἄτοπόν ἐστιν αὐτοκράτορι στρατηγῷ τηλικαύτης ἀποδεδειγμένῳ δυνάμεως, ἠθροισμένης ‹τῆς› στρατιᾶς καὶ τῶν συμμάχων, μεταξὺ κληροῦντας δικαστήριον καὶ ὕδωρ διαμετροῦντας ἀπολλύναι [6] τὸν καιρόν· ἀλλὰ νῦν μὲν ἀγαθῇ τύχῃ πλεέτω, τοῦ δὲ πολέμου διαπραχθέντος ἐπὶ τοῖς αὐτοῖς νόμοις ἀπολογείσθω [7] παρών. οὐκ ἐλάνθανε μὲν οὖν ἡ κακοήθεια τῆς ἀναβολῆς τὸν Ἀλκιβιάδην, ἀλλ' ἔλεγε παριὼν ὡς δεινόν ἐστιν αἰτίας ἀπολιπόντα καθ' ἑαυτοῦ καὶ διαβολὰς ἐκπέμπεσθαι μετέωρον ἐπὶ τοσαύτης δυνάμεως· ἀποθανεῖν γὰρ αὐτῷ προσήκειν μὴ λύσαντι τὰς κατηγορίας, λύσαντι δὲ καὶ φανέντι καθαρῷ τρέπεσθαι πρὸς τοὺς πολεμίους μὴ δεδοικότι τοὺς συκοφάντας.

[20] [1] Ἐπεὶ δ' οὐκ ἔπειθεν, ἀλλὰ πλεῖν ἐκέλευον αὐτόν, ἀνήχθη μετὰ τῶν συστρατήγων, ἔχων τριήρεις μὲν οὐ πολλῷ τῶν τεσσαράκοντα καὶ ἑκατὸν ἀποδεούσας, ὁπλίτας δὲ πεντακισχιλίους καὶ ἑκατόν, τοξότας δὲ καὶ σφενδονήτας καὶ ψιλοὺς περὶ τριακοσίους καὶ χιλίους καὶ [2] τὴν ἄλλην παρασκευὴν ἀξιόλογον. προσβαλὼν δ' Ἰταλίᾳ καὶ Ῥήγιον ἑλών, εἰσηγήσατο γνώμην ὅτῳ τρόπῳ πολεμητέον [3] ἐστί, καὶ Νικίου μὲν ἀντιλέγοντος, Λαμάχου δὲ προσθεμένου, πλεύσας εἰς Σικελίαν προσηγάγετο Κατάνην, ἄλλο δ' οὐδὲν ἔπραξε, μετάπεμπτος ὑπὸ τῶν Ἀθηναίων [4] ἐπὶ τὴν κρίσιν εὐθὺς γενόμενος. πρῶτον μὲν γὰρ ὥσπερ εἴρηται τυφλαί τινες ὑποψίαι καὶ διαβολαὶ κατὰ τοῦ Ἀλκιβιάδου [5] προσέπιπτον ἀπὸ δούλων καὶ μετοίκων, ἔπειτα τῶν ἐχθρῶν ἀπόντος αὐτοῦ καθαπτομένων σφοδρότερον, καὶ τοῖς περὶ τοὺς Ἑρμᾶς ὑβρίσμασι καὶ τὰ μυστικὰ συμπλεκόντων, ὡς ἀπὸ μιᾶς ἐπὶ νεωτερισμῷ συνωμοσίας πεπραγμένα, τοὺς μὲν ὁπωσοῦν ἐπαιτιαθέντας ἐνέβαλον ἀκρίτους εἰς τὸ δεσμωτήριον, ἤχθοντο δὲ τὸν Ἀλκιβιάδην μὴ λαβόντες ὑπὸ τὰς ψήφους τότε μηδὲ κρίναντες ἐπ' αἰτίαις [6] τηλικαύταις. ὁ δὲ τῇ πρὸς ἐκεῖνον ὀργῇ περιπεσὼν οἰκεῖος ἢ φίλος ἢ συνήθης χαλεπωτέροις αὐτοῖς ἐχρήσατο. τοὺς δὲ μηνύσαντας ὁ μὲν Θουκυδίδης ὀνομάσαι παρῆκεν, ἄλλοι δ' ὀνομάζουσι Διοκλείδαν καὶ Τεῦκρον, ὧν καὶ Φρύνιχός ἐστιν ὁ κωμικὸς ταυτὶ πεποιηκώς (fr. 58 CAF I 385)·

[7] ὦ φίλταθ' Ἑρμῆ, καὶ φυλάσσου μὴ πεσὼν
σαυτὸν παρακρούσῃ καὶ παράσχῃς διαβολὴν
ἑτέρῳ Διοκλείδᾳ βουλομένῳ κακόν τι δρᾶν. -

φυλάξομαι· Τεύκρῳ γὰρ οὐχὶ βούλομαι
μήνυτρα δοῦναι τῷ παλαμναίῳ ξένῳ.

[8] καίτοι βέβαιον οὐδὲν οὐδ᾽ ἰσχυρὸν οἱ μηνύοντες ἐδείκνυσαν. εἷς δ᾽ αὐτῶν ἐρωτώμενος, ὅπως τὰ πρόσωπα τῶν Ἑρμοκοπιδῶν γνωρίσειε, καὶ ἀποκρινόμενος ὅτι πρὸς τὴν σελήνην, ἐσφάλη τοῦ παντός, ἕνης καὶ νέας οὔσης ὅτε ταῦτ᾽ ἐδρᾶτο, καὶ θόρυβον μὲν παρέσχε τοῖς νοῦν ἔχουσι, τὸν δῆμον δ᾽ οὐδὲ τοῦτο μαλακώτερον ἐποίησε πρὸς τὰς διαβολάς, ἀλλ᾽ ὥσπερ ὥρμησεν ἐξ ἀρχῆς, οὐκ ἐπαύσατο φέρων καὶ καταβάλλων εἰς τὸ δεσμωτήριον, οὗ τις κατείποι.

[21] [1] Τῶν οὖν δεθέντων καὶ φυλαττομένων ἐπὶ κρίσει τότε καὶ Ἀνδοκίδης ἦν ὁ ῥήτωρ, ὃν Ἑλλάνικος ὁ συγγραφεὺς (FGrH 4 F 170b) εἰς τοὺς Ὀδυσσέως ἀπογόνους ἀνήγαγεν.

[2] ἐδόκει δὲ μισόδημος εἶναι καὶ ὀλιγαρχικὸς ὁ Ἀνδοκίδης, ὕποπτον δ᾽ οὐχ ἥκιστα τῆς τῶν Ἑρμῶν περικοπῆς ἐποίησεν ὁ μέγας Ἑρμῆς ὁ πλησίον αὐτοῦ τῆς [3] οἰκίας ἀνάθημα τῆς Αἰγηίδος φυλῆς ἱδρυμένος· ἐν γὰρ ὀλίγοις πάνυ τῶν ἐπιφανῶν μόνος σχεδὸν ἀκέραιος ἔμεινε· διὸ καὶ νῦν Ἀνδοκίδου καλεῖται, καὶ πάντες οὕτως ὀνομάζουσι, [4] τῆς ἐπιγραφῆς ἀντιμαρτυρούσης. συνέβη δὲ τῷ Ἀνδοκίδῃ μάλιστα τῶν τὴν αὐτὴν αἰτίαν ἐχόντων ἐν τῷ δεσμωτηρίῳ γενέσθαι συνήθη καὶ φίλον, ἔνδοξον μὲν οὐχ ὁμοίως ἐκείνῳ, συνέσει δὲ καὶ τόλμῃ περιττόν, ὄνομα [5] Τίμαιον. οὗτος ἀναπείθει τὸν Ἀνδοκίδην ἑαυτοῦ τε κατήγορον καί τινων ἄλλων γενέσθαι μὴ πολλῶν· ὁμολογήσαντι γὰρ ἄδειαν εἶναι κατὰ ψήφισμα τοῦ δήμου, τὰ δὲ τῆς κρίσεως ἄδηλα πᾶσι, τοῖς δὲ δυνατοῖς φοβερώτατα· βέλτιον δὲ σωθῆναι ψευδόμενον ἢ μετὰ τῆς αὐτῆς αἰτίας ἀποθανεῖν ἀδόξως, καὶ τὸ κοινῇ σκοποῦντι συμφέρον ὑπάρχειν, ὀλίγους καὶ ἀμφιβόλους προέμενον, πολλοὺς [6] καὶ ἀγαθοὺς ἐξελέσθαι τῆς ὀργῆς. ταῦτα τοῦ Τιμαίου λέγοντος καὶ διδάσκοντος, ὁ Ἀνδοκίδης ἐπείσθη, καὶ γενόμενος μηνυτὴς καθ᾽ αὑτοῦ καὶ καθ᾽ ἑτέρων, ἔσχε τὴν ἀπὸ τοῦ ψηφίσματος ἄδειαν αὐτός, οὓς δ᾽ ὠνόμασε πάντες πλὴν τῶν φυγόντων ἀπώλοντο. καὶ πίστεως ἕνεκα προσέθηκεν αὐτοῖς οἰκέτας ἰδίους ὁ Ἀνδοκίδης.

[7] Οὐ μὴν ὅ γε δῆμος ἐνταῦθα τὴν ὀργὴν ἅπασαν ἀφῆκεν, ἀλλὰ μᾶλλον ἀπαλλαγεὶς τῶν Ἑρμοκοπιδῶν, ὥσπερ σχολάζοντι τῷ θυμῷ πρὸς τὸν Ἀλκιβιάδην ὅλος ἐρρύη, καὶ τέλος ἀπέστειλε τὴν Σαλαμινίαν ἐπ᾽ αὐτόν, οὐ φαύλως αὐτό γε τοῦτο προστάξας, μὴ βιάζεσθαι μηδ᾽ ἅπτεσθαι τοῦ σώματος, ἀλλὰ τῷ μετριωτάτῳ λόγῳ χρῆσθαι, κελεύοντας [8] ἀκολουθεῖν ἐπὶ κρίσιν καὶ πείθειν τὸν δῆμον. ἐφοβοῦντο γὰρ ταραχὰς τοῦ στρατεύματος ἐν πολεμίᾳ γῇ καὶ στάσιν, ἣν ῥᾳδίως ἂν ἐξειργάσατο βουληθεὶς ὁ Ἀλκιβιάδης. καὶ γὰρ

ἠθύμουν ἀπιόντος αὐτοῦ, καὶ πολλὴν τριβὴν προσεδόκων καὶ μῆκος ἀργὸν ἐν τῷ Νικίᾳ τὸν πόλεμον ἕξειν, [9] καθάπερ μύωπος ἀφῃρημένου τῶν πράξεων. ὁ γὰρ Λάμαχος ἦν μὲν πολεμικὸς καὶ ἀνδρώδης, ἀξίωμα δ' οὐ προσῆν οὐδ' ὄγκος αὐτῷ διὰ πενίαν.

[22] [1] Εὐθὺς μὲν οὖν ἀποπλέων ὁ Ἀλκιβιάδης ἀφείλετο Μεσσήνην Ἀθηναίους. ἦσαν γὰρ οἱ μέλλοντες ἐνδιδόναι τὴν πόλιν, οὓς ἐκεῖνος εἰδὼς σαφέστατα τοῖς τῶν Συρακουσίων φίλοις ἐμήνυσε, καὶ διέφθειρε τὴν πρᾶξιν. ἐν δὲ Θουρίοις γενόμενος καὶ ἀποβὰς τῆς τριήρους, ἔκρυψεν ἑαυτὸν [2] καὶ διέφυγε τοὺς ζητοῦντας. ἐπιγνόντος δέ τινος καὶ εἰπόντος· οὐ πιστεύεις ὦ Ἀλκιβιάδη τῇ πατρίδι; τὰ μὲν ἄλλ' ἔφη πάντα· περὶ δὲ τῆς ἐμῆς ψυχῆς οὐδὲ τῇ μητρί, μήπως ἀγνοήσασα τὴν μέλαιναν ἀντὶ τῆς λευκῆς ἐπενέγκῃ [3] ψῆφον. ὕστερον δ' ἀκούσας ὅτι θάνατον αὐτοῦ κατέγνωκεν [4] ἡ πόλις· ἀλλ' ἐγὼ εἶπε δείξω αὐτοῖς ὅτι ζῶ. τὴν μὲν οὖν εἰσαγγελίαν οὕτως ἔχουσαν ἀναγράφουσι· Θεσσαλὸς Κίμωνος Λακιάδης Ἀλκιβιάδην Κλεινίου Σκαμβωνίδην εἰσήγγειλεν ἀδικεῖν περὶ τὼ θεώ, [τὴν Δήμητραν καὶ τὴν Κόρην,] ἀπομιμούμενον τὰ μυστήρια καὶ δεικνύοντα τοῖς αὑτοῦ ἑταίροις ἐν τῇ οἰκίᾳ τῇ ἑαυτοῦ, ἔχοντα στολὴν οἵανπερ ὁ ἱεροφάντης ἔχων δεικνύει τὰ ἱερά, καὶ ὀνομάζοντα αὑτὸν μὲν ἱεροφάντην, Πουλυτίωνα δὲ δᾳδοῦχον, κήρυκα δὲ Θεόδωρον Φηγαιᾶ, τοὺς δ' ἄλλους ἑταίρους μύστας προσαγορεύοντα καὶ ἐπόπτας παρὰ τὰ νόμιμα καὶ τὰ καθεστηκότα ὑπό τ' Εὐμολπιδῶν καὶ Κηρύκων [5] καὶ τῶν ἱερέων τῶν ἐξ Ἐλευσῖνος. ἐρήμην δ' αὐτοῦ καταγνόντες καὶ τὰ χρήματα δημεύσαντες, ἔτι καὶ καταρᾶσθαι προσεψηφίσαντο πάντας ἱερεῖς καὶ ἱερείας, ὧν μόνην φασὶ Θεανὼ τὴν Μένωνος Ἀγρυλῆθεν ἀντειπεῖν πρὸς τὸ ψήφισμα, φάσκουσαν εὐχῶν, οὐ καταρῶν ἱέρειαν γεγονέναι.

[23] [1] Τοσούτων δὲ κατεψηφισμένων Ἀλκιβιάδου καὶ κατεγνωσμένων, ἐτύγχανε μὲν ἐν Ἄργει διατρίβων, ὡς τὸ πρῶτον ἐκ Θουρίων ἀποδρὰς εἰς Πελοπόννησον διεκομίσθη, φοβούμενος δὲ τοὺς ἐχθροὺς καὶ παντάπασι τῆς πατρίδος ἀπεγνωκώς, ἔπεμψεν εἰς Σπάρτην, ἄδειαν ἀξιῶν αὐτῷ γενέσθαι καὶ πίστιν ἐπὶ μείζοσι χρείαις καὶ ὠφελείαις [2] ὧν πρότερον αὐτοὺς ἀμυνόμενος ἔβλαψε. δόντων δὲ τῶν Σπαρτιατῶν καὶ δεξαμένων προθύμως, παραγενόμενος ἓν μὲν εὐθὺς ἐξειργάσατο, μέλλοντας καὶ ἀναβαλλομένους βοηθεῖν Συρακουσίοις ἐγείρας, καὶ παροξύνας πέμψαι Γύλιππον ἄρχοντα, καὶ θραῦσαι τὴν ἐκεῖ τῶν Ἀθηναίων δύναμιν· ἕτερον δέ, κινεῖν τὸν αὐτόθεν πόλεμον ἐπὶ τοὺς Ἀθηναίους· τὸ δὲ τρίτον καὶ μέγιστον, ἐπιτειχίσαι Δεκέλειαν, οὗ μᾶλλον οὐδὲν διειργάσατο καὶ κατοικοφθόρησε [3] τὴν πόλιν. εὐδοκιμῶν δὲ δημοσίᾳ καὶ θαυμαζόμενος, οὐχ ἧττον ἰδίᾳ τοὺς πολλοὺς τότ'

ἐδημαγώγει καὶ κατεγοήτευε τῇ διαίτῃ λακωνίζων, ὥσθ᾽ ὁρῶντας ἐν χρῷ κουριῶντα καὶ ψυχρολουτοῦντα καὶ μάζῃ συνόντα καὶ ζωμῷ μέλανι χρώμενον, ἀπιστεῖν καὶ διαπορεῖν εἴ ποτε μάγειρον ἐπὶ τῆς οἰκίας οὗτος ὁ ἀνὴρ ἔσχεν ἢ προσέβλεψε [4] μυρεψὸν ἢ Μιλησίας ἠνέσχετο θιγεῖν χλανίδος. ἦν γὰρ ὥς φασι μία δεινότης αὕτη τῶν πολλῶν ἐν αὐτῷ καὶ μηχανὴ θήρας ἀνθρώπων, συνεξομοιοῦσθαι καὶ συνομοπαθεῖν τοῖς ἐπιτηδεύμασι καὶ ταῖς διαίταις, ὀξυτέρας τρεπομένῳ [5] τροπὰς τοῦ χαμαιλέοντος. πλὴν ἐκεῖνος μὲν ὡς λέγεται πρὸς ἓν ἐξαδυνατεῖ χρῶμα τὸ λευκὸν ἀφομοιοῦν ἑαυτόν· Ἀλκιβιάδῃ δὲ διὰ χρηστῶν ἰόντι καὶ πονηρῶν ὁμοίως οὐδὲν ἦν ἀμίμητον οὐδ᾽ ἀνεπιτήδευτον, ἀλλ᾽ ἐν Σπάρτῃ γυμναστικός, εὐτελής, σκυθρωπός, ἐν Ἰωνίᾳ χλιδανός, ἐπιτερπής, ῥᾴθυμος, ἐν Θράκῃ μεθυστικός, ἱππαστικός, Τισσαφέρνῃ δὲ τῷ σατράπῃ συνὼν ὑπερέβαλλεν ὄγκῳ καὶ πολυτελείᾳ τὴν Περσικὴν μεγαλοπρέπειαν, οὐχ αὑτὸν ἐξιστὰς οὕτω ῥᾳδίως εἰς ἕτερον ἐξ ἑτέρου τρόπον, οὐδὲ πᾶσαν δεχόμενος τῷ ἤθει μεταβολήν, ἀλλ᾽ ὅτι τῇ φύσει χρώμενος ἔμελλε λυπεῖν τοὺς ἐντυγχάνοντας, εἰς πᾶν ἀεὶ τὸ πρόσφορον ἐκείνοις σχῆμα καὶ πλάσμα κατεδύετο καὶ [6] κατέφευγεν. ἐν γοῦν τῇ Λακεδαίμονι πρὸς τὰ ἔξωθεν ἦν εἰπεῖν (TGF adesp. 363 N^2)·

οὐ παῖς Ἀχιλλέως, ἀλλ᾽ ἐκεῖνος αὐτὸς εἶ,

οἷον ὁ Λυκοῦργος ἐπαίδευσε, τοῖς δ᾽ ἀληθινοῖς ἄν τις ἐπεφώνησεν αὐτοῦ πάθεσι καὶ πράγμασιν (Eurip. Or. 129)·

ἔστιν ἡ πάλαι γυνή.

[7] Τιμαίαν γὰρ τὴν Ἄγιδος γυναῖκα τοῦ βασιλέως στρατευομένου καὶ ἀποδημοῦντος οὕτω διέφθειρεν, ὥστε καὶ κύειν ἐξ Ἀλκιβιάδου καὶ μὴ ἀρνεῖσθαι, καὶ τεκούσης παιδίον ἄρρεν ἔξω μὲν Λεωτυχίδην καλεῖσθαι, τὸ δ᾽ ἐντὸς αὐτοῦ ψιθυριζόμενον ὄνομα πρὸς τὰς φίλας καὶ τὰς ὀπαδοὺς ὑπὸ τῆς μητρὸς Ἀλκιβιάδην εἶναι· τοσοῦτος ἔρως κατεῖχε [8] τὴν ἄνθρωπον. ὁ δ᾽ ἐντρυφῶν ἔλεγεν οὐχ ὕβρει τοῦτο πράσσειν οὐδὲ κρατούμενος ὑφ᾽ ἡδονῆς, ἀλλ᾽ ὅπως Λακεδαιμονίων βασιλεύσωσιν οἱ ἐξ αὐτοῦ γεγονότες. οὕτω πραττόμενα ταῦτα πολλοὶ κατηγόρουν πρὸς τὸν Ἆγιν.

[9] ἐπίστευσε δὲ τῷ χρόνῳ μάλιστα, ὅτι σεισμοῦ γενομένου φοβηθεὶς ἐξέδραμε τοῦ θαλάμου παρὰ τῆς γυναικός, εἶτα δέκα μηνῶν οὐκέτι συνῆλθεν αὐτῇ, μεθ᾽ οὓς γενόμενον τὸν Λεωτυχίδην ἀπέφησεν ἐξ αὐτοῦ μὴ γεγονέναι. καὶ διὰ τοῦτο τῆς βασιλείας ἐξέπεσεν ὕστερον ὁ Λεωτυχίδης.

[24] [1] Μετὰ δὲ τὴν ἐν Σικελίᾳ τῶν Ἀθηναίων δυστυχίαν ἐπρέσβευσαν εἰς Σπάρτην ἅμα Χῖοι καὶ Λέσβιοι καὶ Κυζικηνοὶ περὶ ἀποστάσεως, ‹συμ›πραττόντων Βοιωτῶν [2] μὲν Λεσβίοις, Φαρναβάζου δὲ Κυζικηνοῖς. Ἀλκιβιάδῃ δὲ πεισθέντες εἵλοντο Χίοις πρὸ πάντων βοηθεῖν. ἐκπλεύσας δὲ

καὶ αὐτὸς ἀπέστησεν ὀλίγου δεῖν ἅπασαν Ἰωνίαν, καὶ πολλὰ συνὼν τοῖς τῶν Λακεδαιμονίων στρατηγοῖς, [3] ἔβλαπτε τοὺς Ἀθηναίους. ὁ δ' Ἆγις ἐχθρὸς μὲν ὑπῆρχεν αὐτῷ διὰ τὴν γυναῖκα κακῶς πεπονθώς, ἤχθετο δὲ καὶ τῇ δόξῃ· τὰ γὰρ πλεῖστα γίνεσθαι καὶ προχωρεῖν δι' Ἀλκιβιάδην λόγος εἶχε· τῶν δ' ἄλλων Σπαρτιατῶν οἱ δυνατώτατοι καὶ φιλοτιμότατοι τὸν Ἀλκιβιάδην ἤδη [4] ἐβαρύνοντο διὰ φθόνον. ἴσχυσαν οὖν καὶ διεπράξαντο τοὺς οἴκοθεν ἄρχοντας ἐπιστεῖλαι τοῖς κατ' Ἰωνίαν, ὅπως ἀποκτείνωσιν αὐτόν. ὁ δ' ἡσυχῇ προγνοὺς καὶ φοβηθείς, τῶν μὲν πράξεων πασῶν ἐκοινώνει τοῖς Λακεδαιμονίοις, τὸ δ' εἰς χεῖρας ἰέναι παντάπασιν ἔφευγε, Τισσαφέρνῃ δὲ τῷ βασιλέως σατράπῃ δοὺς ἑαυτὸν ὑπὲρ ἀσφαλείας, [5] εὐθὺς ἦν παρ' αὐτῷ πρῶτος καὶ μέγιστος. τὸ μὲν γὰρ πολύτροπον καὶ περιττὸν αὐτοῦ τῆς δεινότητος, οὐκ ὢν ἁπλοῦς, ἀλλὰ κακοήθης καὶ φιλοπόνηρος, ἐθαύμαζεν ὁ βάρβαρος· ταῖς δὲ καθ' ἡμέραν ἐν τῷ συσχολάζειν καὶ συνδιαιτᾶσθαι χάρισιν οὐδὲν ἦν ἄτεγκτον ἦθος οὐδὲ φύσις ἀνάλωτος, ἀλλὰ καὶ ‹τοῖς› δεδιόσι καὶ φθονοῦσιν ὅμως τὸ συγγενέσθαι καὶ προσιδεῖν ἐκεῖνον ἡδονήν τινα [6] καὶ φιλοφροσύνην παρεῖχε. τἆλλα γοῦν ὠμὸς ὢν καὶ μισέλλην ἐν τοῖς μάλιστα Περσῶν ὁ Τισσαφέρνης οὕτως ἐνεδίδου τῷ Ἀλκιβιάδῃ κολακευόμενος, ὥσθ' ὑπερβάλλειν [7] αὐτὸς ἀντικολακεύων ἐκεῖνον. ὧν γὰρ ἐκέκτητο παραδείσων τὸν κάλλιστον λειμώνων καὶ ὑδάτων ὑγιεινῶν ἕνεκα, διατριβὰς ἔχοντα καὶ καταφυγὰς ἠσκημένας βασιλικῶς καὶ περιττῶς, Ἀλκιβιάδην καλεῖν ἔθετο· καὶ πάντες οὕτω καλοῦντες καὶ προσαγορεύοντες διετέλουν.

[25] [1] Ἀπογνοὺς οὖν ὁ Ἀλκιβιάδης τὰ τῶν Σπαρτιατῶν ὡς ἄπιστα, καὶ φοβούμενος τὸν Ἆγιν, ἐκάκου καὶ διέβαλλε πρὸς τὸν Τισσαφέρνην, οὐκ ἐῶν βοηθεῖν αὐτοῖς προθύμως οὐδὲ καταλύειν τοὺς Ἀθηναίους, ἀλλὰ γλίσχρως χορηγοῦντα θλίβειν καὶ ἀποκναίειν ἀτρέμα, καὶ ποιεῖν ἀμφοτέρους βασιλεῖ χειροήθεις καὶ καταπόνους [2] ὑπ' ἀλλήλων. ὁ δ' ἐπείθετο ῥᾳδίως καὶ δῆλος ἦν ἀγαπῶν καὶ θαυμάζων, ὥστ' ἀποβλέπεσθαι τὸν Ἀλκιβιάδην ἑκατέρωθεν ὑπὸ τῶν Ἑλλήνων, τοὺς δ' Ἀθηναίους καὶ μεταμέλεσθαι τοῖς γνωσθεῖσι περὶ αὐτοῦ κακῶς πάσχοντας, ἄχθεσθαι δὲ κἀκεῖνον ἤδη καὶ φοβεῖσθαι, μὴ παντάπασι τῆς πόλεως ἀναιρεθείσης ἐπὶ Λακεδαιμονίοις γένηται μισούμενος.

[3] Ἐν δὲ τῇ Σάμῳ τότε πάντα τὰ πράγματα τοῖς Ἀθηναίοις σχεδὸν ὑπῆρχε, κἀκεῖθεν ὁρμώμενοι τῇ ναυτικῇ δυνάμει τὰ μὲν ἀνεκτῶντο τῶν ἀφεστώτων, τὰ δ' ἐφύλαττον, ἁμῶς γέ πως ἔτι τοῖς πολεμίοις κατὰ θάλατταν [4] ὄντες ἀξιόμαχοι, Τισσαφέρνην δὲ φοβούμενοι καὶ τὰς λεγομένας ὅσον οὔπω παρεῖναι Φοινίσσας τριήρεις, πεντήκοντα καὶ ἑκατὸν οὔσας, ὧν ἀφικομένων οὐδεμία σωτηρίας [5] ἐλπὶς ὑπελείπετο τῇ πόλει. ταῦτα δ' εἰδὼς ὁ Ἀλκιβιάδης ἔπεμπε κρύφα πρὸς τοὺς ἐν Σάμῳ δυνατοὺς τῶν Ἀθηναίων, ἐλπίδας ἐνδιδοὺς

παρέξειν τὸν Τισσαφέρνην φίλον, οὐ τοῖς πολλοῖς χαριζόμενος οὐδὲ πιστεύων ἐκείνοις, ἀλλὰ τοῖς ἀρίστοις, εἰ τολμήσειαν ἄνδρες ἀγαθοὶ γενόμενοι καὶ παύσαντες ὑβρίζοντα τὸν δῆμον αὐτοὶ [6] δι’ αὑτῶν σῴζειν τὰ πράγματα καὶ τὴν πόλιν. οἱ μὲν οὖν ἄλλοι σφόδρα προσεῖχον τῷ Ἀλκιβιάδῃ· τῶν δὲ στρατηγῶν εἷς, Φρύνιχος ὁ Δειραδιώτης, ὑποπτεύσας (ὅπερ ἦν) τὸν Ἀλκιβιάδην οὐθέν τι μᾶλλον ὀλιγαρχίας ἢ δημοκρατίας δεόμενον, ζητοῦντα δὲ πάντως κατελθεῖν, ἐκ διαβολῆς τοῦ δήμου προθεραπεύειν καὶ ὑποδύεσθαι τοὺς δυνατούς, [7] ἀνθίστατο. κρατούμενος δὲ τῇ γνώμῃ καὶ φανερῶς ἤδη τοῦ Ἀλκιβιάδου γεγονὼς ἐχθρός, ἐξήγγειλε κρύφα πρὸς Ἀστύοχον τὸν τῶν πολεμίων ναύαρχον, ἐγκελευόμενος φυλάττεσθαι καὶ συλλαμβάνειν ὡς ἐπαμφοτερίζοντα τὸν Ἀλκιβιάδην. ἐλελήθει δ’ ἄρα προδότης προδότῃ [8] διαλεγόμενος. τὸν γὰρ Τισσαφέρνην ἐκπεπληγμένος ὁ Ἀστύοχος, καὶ τὸν Ἀλκιβιάδην ὁρῶν παρ’ αὐτῷ μέγαν ὄντα, κατεμήνυσε τὰ τοῦ Φρυνίχου πρὸς αὐτούς.

[9] ὁ δ’ Ἀλκιβιάδης εὐθὺς εἰς Σάμον ἔπεμψε τοὺς τοῦ Φρυνίχου κατηγορήσοντας. ἀγανακτούντων δὲ πάντων καὶ συνισταμένων ἐπὶ τὸν Φρύνιχον, οὐχ ὁρῶν ἑτέραν διαφυγὴν ἐκ τῶν παρόντων, ἐπεχείρησεν ἰάσασθαι μείζονι [10] κακῷ τὸ κακόν. αὖθις γὰρ ἔπεμψε πρὸς τὸν Ἀστύοχον, ἐγκαλῶν μὲν ὑπὲρ τῆς μηνύσεως, ἐπαγγελλόμενος δὲ τὰς ναῦς καὶ τὸ στρατόπεδον τῶν Ἀθηναίων ὑποχείριον αὐτῷ [11] παρέξειν. οὐ μὴν ἔβλαψέ γε τοὺς Ἀθηναίους ἡ τοῦ Φρυνίχου προδοσία διὰ τὴν Ἀστυόχου παλιμπροδοσίαν· καὶ γὰρ ταῦτα κατεῖπε τοῦ Φρυνίχου πρὸς τοὺς περὶ τὸν Ἀλκιβιάδην.

[12] ὁ δὲ Φρύνιχος προαισθόμενος καὶ προσδεχόμενος δευτέραν κατηγορίαν παρὰ τοῦ Ἀλκιβιάδου, φθάσας αὐτὸς προεῖπε τοῖς Ἀθηναίοις, ὅτι μέλλουσιν ἐπιπλεῖν οἱ πολέμιοι, καὶ παρῄνεσε πρὸς ταῖς ναυσὶν εἶναι καὶ περιτειχίσαι [13] τὸ στρατόπεδον. ἐπεὶ δὲ πραττόντων ταῦτα τῶν Ἀθηναίων ἧκε γράμματα πάλιν παρὰ τοῦ Ἀλκιβιάδου, φυλάττεσθαι κελεύοντος τὸν Φρύνιχον ὡς προδιδόντα τοῖς πολεμίοις τὸν ναύσταθμον, ἠπίστησαν, οἰόμενοι τὸν Ἀλκιβιάδην, εἰδότα σαφῶς τὴν τῶν πολεμίων παρασκευὴν καὶ διάνοιαν, ἀποχρῆσθαι πρὸς τὴν τοῦ Φρυνίχου διαβολὴν [14] οὐκ ἀληθῶς. ὕστερον μέντοι τὸν Φρύνιχον ἑνὸς τῶν περιπόλων Ἕρμωνος ἐν ἀγορᾷ πατάξαντος ἐγχειριδίῳ καὶ διαφθείραντος, οἱ Ἀθηναῖοι δίκης γενομένης τοῦ μὲν Φρυνίχου προδοσίαν κατεψηφίσαντο τεθνηκότος, τὸν δ’ Ἕρμωνα καὶ τοὺς μετ’ αὐτοῦ συστάντας ἐστεφάνωσαν.

[26] [1] Ἐν δὲ τῇ Σάμῳ τότε κρατήσαντες οἱ Ἀλκιβιάδου φίλοι πέμπουσι Πείσανδρον εἰς ἄστυ, κινήσοντα τὴν πολιτείαν καὶ παραθαρρυνοῦντα τοὺς

δυνατοὺς τῶν πραγμάτων ἀντιλαμβάνεσθαι καὶ καταλύειν τὸν δῆμον, ὡς ἐπὶ τούτοις τοῦ Ἀλκιβιάδου Τισσαφέρνην αὐτοῖς φίλον καὶ σύμμαχον παρέξοντος. αὕτη γὰρ ἦν πρόφασις καὶ [2] τοῦτο πρόσχημα τοῖς καθιστᾶσι τὴν ὀλιγαρχίαν. ἐπεὶ δ’ ἴσχυσαν καὶ παρέλαβον τὰ πράγματα, πεντακισχίλιοι λεγόμενοι, τετρακόσιοι δ’ ὄντες, ἐλάχιστα τῷ Ἀλκιβιάδῃ προσεῖχον ἤδη καὶ μαλακώτερον ἥπτοντο τοῦ πολέμου, τὰ μὲν ἀπιστοῦντες ἔτι πρὸς τὴν μεταβολὴν ξενοπαθοῦσι τοῖς πολίταις, τὰ δ’ οἰόμενοι μᾶλλον ἐνδώσειν αὐτοῖς Λακεδαιμονίους, ἀεὶ πρὸς ὀλιγαρχίαν ἐπιτηδείως ἔχοντας. ὁ μὲν οὖν κατὰ πόλιν δῆμος ἄκων ὑπὸ δέους ἡσυχίαν ἦγε· καὶ γὰρ ἀπεσφάγησαν οὐκ ὀλίγοι τῶν ἐναντιουμένων [3] φανερῶς τοῖς τετρακοσίοις· οἱ δ’ ἐν Σάμῳ ταῦτα πυνθανόμενοι καὶ ἀγανακτοῦντες, ὥρμηντο πλεῖν εὐθὺς ἐπὶ τὸν Πειραιᾶ, καὶ μεταπεμψάμενοι τὸν Ἀλκιβιάδην καὶ στρατηγὸν ἀποδείξαντες ἐκέλευον ἡγεῖσθαι καὶ καταλύειν [4] τοὺς τυράννους. ὁ δ’ οὐχ, οἷον ἄν τις ἄλλος ἐξαίφνης χάριτι τῶν πολλῶν μέγας γεγονὼς ἔπαθε καὶ ἠγάπησε, πάντα δεῖν εὐθὺς οἰόμενος χαρίζεσθαι καὶ μηδὲν ἀντιλέγειν τοῖς ἐκ πλάνητος καὶ φυγάδος αὐτὸν ἄρτι νεῶν τοσούτων καὶ στρατοπέδου καὶ δυνάμεως τηλικαύτης ἀποδείξασιν ἡγεμόνα καὶ στρατηγόν, ἀλλ’ ὅπερ ἦν ἄρχοντι μεγάλῳ προσῆκον, ἀνθίστασθαι φερομένοις ὑπ’ ὀργῆς, κωλύσας ἐξαμαρτεῖν τότε γοῦν τῇ πόλει τὰ πράγματα [5] περιφανῶς ἔσωσεν. εἰ γὰρ ἄραντες ἀπέπλευσαν οἴκαδε, τοῖς μὲν πολεμίοις εὐθὺς ἔχειν ὑπῆρξεν Ἰωνίαν ἅπασαν ‹καὶ› Ἑλλήσποντον ἀμαχεὶ καὶ τὰς νήσους, Ἀθηναίοις δὲ πρὸς Ἀθηναίους μάχεσθαι, τὸν πόλεμον εἰς τὴν πόλιν ἐμβαλόντας· ὃ μόνος ‹ἢ› μάλιστα μὴ γενέσθαι διεκώλυσεν ὁ Ἀλκιβιάδης, οὐ μόνον πείθων καὶ διδάσκων τὸ πλῆθος, ἀλλὰ καὶ καθ’ ἕνα τοὺς μὲν ἀντιβολῶν, τῶν δ’ [6] ἐπιλαμβανόμενος. συνέπραττε δ’ αὐτῷ καὶ Θρασύβουλος ὁ Στειριεύς, ἅμα παρὼν καὶ κεκραγώς· ἦν γὰρ ὡς λέγεται [7] μεγαλοφωνότατος Ἀθηναίων· ἐκεῖνό τε δὴ καλὸν ἔργον τοῦ Ἀλκιβιάδου καὶ δεύτερον, ὅτι ὑποσχόμενος τὰς Φοινίσσας ναῦς, ἃς προσεδέχοντο Λακεδαιμόνιοι βασιλέως πέμψαντος, ἢ μεταστήσειν πρὸς αὐτούς, ἢ διαπράξεσθαι μηδὲ πρὸς ἐκείνους κομισθῆναι, διὰ ταχέων ἐξέπλευσε.

[8] καὶ τὰς μὲν ναῦς ἐκφανείσας περὶ Ἄσπενδον οὐκ ἤγαγεν ὁ Τισσαφέρνης, ἀλλ’ ἐψεύσατο τοὺς Λακεδαιμονίους, τὴν δ’ αἰτίαν τοῦ ἀποστρέψαι παρ’ ἀμφοτέροις ὁ Ἀλκιβιάδης εἶχε, καὶ μᾶλλον ἔτι παρὰ τοῖς Λακεδαιμονίοις, ὡς διδάσκων τὸν βάρβαρον αὐτοὺς ὑφ’ ἑαυτῶν [9] περιορᾶν ἀπολλυμένους τοὺς Ἕλληνας. οὐ γὰρ ἦν ἄδηλον, ὅτι τοῖς ἑτέροις δύναμις τοσαύτη προσγενομένη τοὺς ἑτέρους ἀφῃρεῖτο κομιδῇ τὸ κράτος τῆς θαλάττης.

[27] [1] Ἐκ τούτου κατελύθησαν μὲν οἱ τετρακόσιοι, τῶν τοῦ Ἀλκιβιάδου φίλων προθύμως συλλαμβανομένων τοῖς τὰ τοῦ δήμου φρονοῦσι· βουλομένων δὲ τῶν ἐν ἄστει καὶ κελευόντων κατιέναι τὸν Ἀλκιβιάδην, αὐτὸς ᾤετο δεῖν μὴ κεναῖς χερσὶ μηδ' ἄπρακτος οἴκτῳ καὶ χάριτι τῶν [2] πολλῶν, ἀλλ' ἐνδόξως κατελθεῖν. διὸ πρῶτον μὲν ὀλίγαις ναυσὶν ἐκ Σάμου περιέπλει τὴν ἐπὶ Κνίδου καὶ Κῶ θάλασσαν· ἐκεῖ δ' ἀκούσας Μίνδαρον τὸν Σπαρτιάτην εἰς Ἑλλήσποντον ἀναπλεῖν τῷ στόλῳ παντὶ καὶ τοὺς Ἀθηναίους ἐπακολουθεῖν, ἠπείγετο βοηθῆσαι τοῖς στρατηγοῖς, [3] καὶ κατὰ τύχην εἰς τοῦτο καιροῦ συνήνυσε πλέων ὀκτωκαίδεκα τριήρεσιν, ἐν ᾧ πάσαις ὁμοῦ ταῖς ναυσὶ συμπεσόντες εἰς ταὐτὸ καὶ διαναυμαχοῦντες περὶ Ἄβυδον ἀμφότεροι, τοῖς μὲν ἡττώμενοι μέρεσι, τοῖς δὲ νικῶντες, [4] ἄχρι δείλης ἀγῶνι μεγάλῳ συνείχοντο, καὶ παρέσχε μὲν ἐναντίαν δόξαν ἀμφοτέροις ἐπιφανείς, ὥστε θαρρεῖν μὲν τοὺς πολεμίους, θορυβεῖσθαι δὲ τοὺς Ἀθηναίους. ταχὺ δὲ σημεῖον ἄρας ἀπὸ τῆς ναυαρχίδος φίλιον, ὥρμησεν εὐθὺς ἐπὶ τοὺς κρατοῦντας καὶ διώκοντας τῶν Πελοποννησίων.

[5] τρεψάμενος δ' αὐτοὺς ἐξέωσεν εἰς τὴν γῆν, καὶ προσκείμενος ἔκοπτε τὰς ναῦς καὶ συνετίτρωσκε, τῶν ἀνδρῶν ἐκνεόντων καὶ Φαρναβάζου πεζῇ προσβοηθοῦντος αὐτοῖς καὶ μαχομένου παρὰ τὴν θάλατταν ὑπὲρ τῶν νεῶν.

[6] τέλος δὲ τῶν μὲν πολεμίων τριάκοντα λαβόντες, ἀνασώσαντες δὲ τὰς αὐτῶν, τρόπαιον ἔστησαν.

Οὕτω δὲ λαμπρᾷ χρησάμενος εὐτυχίᾳ, καὶ φιλοτιμούμενος εὐθὺς ἐγκαλλωπίσασθαι τῷ Τισσαφέρνῃ, ξένια καὶ δῶρα παρασκευασάμενος καὶ θεραπείαν ἔχων ἡγεμονικὴν [7] ἐπορεύετο πρὸς αὐτόν. οὐ μὴν ἔτυχεν ὧν προσεδόκησεν, ἀλλὰ πάλαι κακῶς ἀκούων ὁ Τισσαφέρνης ὑπὸ τῶν Λακεδαιμονίων, καὶ φοβούμενος αἰτίαν λαβεῖν ἐκ βασιλέως, ἔδοξεν ἐν καιρῷ τὸν Ἀλκιβιάδην ἀφῖχθαι, καὶ συλλαβὼν αὐτὸν εἷρξεν ἐν Σάρδεσιν, ὡς λύσιν ἐκείνης τῆς διαβολῆς τὴν ἀδικίαν ταύτην ἐσομένην.

[28] [1] Τριάκοντα δ' ἡμερῶν διαγενομένων ὁ Ἀλκιβιάδης ἵππου ποθὲν εὐπορήσας καὶ ἀποδρὰς τοὺς φύλακας, εἰς [2] Κλαζομενὰς διέφυγε, καὶ τὸν μὲν Τισσαφέρνην προσδιέβαλλεν ὡς ὑπ' ἐκείνου μεθειμένος, αὐτὸς δὲ πλεύσας εἰς τὸ στρατόπεδον τῶν Ἀθηναίων, καὶ πυθόμενος Μίνδαρον ὁμοῦ καὶ Φαρνάβαζον ἐν Κυζίκῳ γεγονέναι, τοὺς μὲν στρατιώτας παρώρμησεν, ὡς ἀνάγκην οὖσαν αὐτοῖς καὶ ναυμαχεῖν καὶ πεζομαχεῖν καὶ νὴ Δία τειχομαχεῖν πρὸς τοὺς πολεμίους· [3] χρήματα γὰρ οὐκ εἶναι μὴ πάντῃ κρατοῦσι· πληρώσας δὲ τὰς ναῦς καὶ κατάρας εἰς Προικόννησον, ἐκέλευσεν ἐντὸς περιβάλλειν τὰ λεπτὰ πλοῖα καὶ παραφυλάσσειν, ὅπως μηδεμία τοῖς πολεμίοις ἐπιπλέοντος αὐτοῦ γένοιτο [4] μηδαμόθεν προαίσθησις. ἔτυχε δὲ καὶ

πολὺν ὄμβρον ἐξαίφνης ἐπιπεσόντα καὶ βροντὰς καὶ ζόφον συνεργῆσαι καὶ συνεπικρύψαι τὴν παρασκευήν. οὐ γὰρ μόνον τοὺς πολεμίους ἔλαθεν, ἀλλὰ καὶ τοὺς Ἀθηναίους ἀπεγνωκότας [5] ἤδη ἐμβῆναι κελεύσας ἀνήχθη. καὶ μετὰ μικρὸν ὅ τε ζόφος διελύθη, καὶ κατώφθησαν αἱ τῶν Πελοποννησίων νῆες [6] αἰωρούμεναι πρὸ τοῦ λιμένος τῶν Κυζικηνῶν. δείσας οὖν ὁ Ἀλκιβιάδης, μὴ διὰ τὸ πλῆθος αὐτῶν προϊδόντες εἰς τὴν γῆν καταφύγωσι, τοὺς μὲν στρατηγοὺς ἐκέλευσεν ἡσυχῇ πλεῖν ὑπολιπομένους, αὐτὸς δὲ τετταράκοντα ναῦς ἔχων [7] ἐφαίνετο καὶ προὐκαλεῖτο τοὺς πολεμίους. ἐπεὶ δ᾽ ἐξηπάτηντο καὶ καταφρονήσαντες ὡς ἐπὶ τοσαύτας ἀντεξήλασαν, αὐτοὶ μὲν εὐθὺς ἐξήπτοντο καὶ συνεπλέκοντο, τῶν δ᾽ ἄλλων ἤδη μαχομένοις ἐπιφερομένων, ἐκπλαγέντες [8] ἔφευγον. ὁ δ᾽ Ἀλκιβιάδης εἴκοσι ταῖς ἀρίσταις διεκπλεύσας καὶ προσβαλὼν τῇ γῇ καὶ ἀποβάς, ἐνέκειτο τοῖς φεύγουσιν ἐκ τῶν νεῶν καὶ πολλοὺς ἔφθειρε· Μινδάρου δὲ καὶ Φαρναβάζου προσβοηθούντων κρατήσας, τὸν μὲν Μίνδαρον ἀνεῖλεν ἐρρωμένως ἀγωνιζόμενον, ὁ δὲ Φαρνάβαζος [9] ἔφυγε. πολλῶν δὲ καὶ νεκρῶν καὶ ὅπλων κρατήσαντες, τάς τε ναῦς ἁπάσας λαβόντες, χειρωσάμενοι δὲ καὶ Κύζικον, ἐκλιπόντος τοῦ Φαρναβάζου καὶ τῶν Πελοποννησίων διαφθαρέντων, οὐ μόνον τὸν Ἑλλήσποντον εἶχον βεβαίως, ἀλλὰ καὶ τῆς ἄλλης θαλάττης ἐξήλασαν κατὰ κράτος τοὺς [10] Λακεδαιμονίους. ἑάλω δὲ καὶ γράμματα Λακωνικὰ φράζοντα τοῖς ἐφόροις τὴν γεγενημένην ἀτυχίαν· ἔρρει τὰ κᾶλα· Μίνδαρος ἀπεσσούα· πεινῶντι τὤνδρες· ἀπορίομες τί χρὴ δρᾶν.

[29] [1] Οὕτω δ᾽ ἐπήρθησαν οἱ μετὰ τοῦ Ἀλκιβιάδου στρατευσάμενοι καὶ τοσοῦτον ἐφρόνησαν, ὥστ᾽ ἀπαξιοῦν ἔτι τοῖς ἄλλοις καταμειγνύναι στρατιώταις ἑαυτούς, πολλάκις ἡττημένοις [2] ἀηττήτους ὄντας. καὶ γὰρ οὐ πολλῷ πρότερον συνεβεβήκει πταίσαντος περὶ Ἔφεσον τοῦ Θρασύλλου τὸ χαλκοῦν ἀνεστάναι τρόπαιον ὑπὸ τῶν Ἐφεσίων ἐπ᾽ αἰσχύνῃ [3] τῶν Ἀθηναίων. ταῦτ᾽ οὖν ὠνείδιζον οἱ μετὰ τοῦ Ἀλκιβιάδου τοῖς μετὰ τοῦ Θρασύλλου, μεγαλύνοντες αὑτοὺς καὶ τὸν στρατηγόν, ἐκείνοις δὲ μήτε γυμνασίων μήτε [4] χώρας ἐν στρατοπέδῳ κοινωνεῖν ἐθέλοντες. ἐπεὶ δὲ Φαρνάβαζος ἱππέας τε πολλοὺς ἔχων καὶ πεζοὺς ἐπῆλθεν αὐτοῖς ἐμβεβληκόσιν εἰς τὴν Ἀβυδηνῶν, ὁ δ᾽ Ἀλκιβιάδης ἐκβοηθήσας ἐπ᾽ αὐτὸν ἐτρέψατο καὶ κατεδίωξεν ἄχρι σκότους μετὰ τοῦ Θρασύλλου, καὶ ἀνεμείγνυντο καὶ κοινῇ φιλοφρονούμενοι καὶ χαίροντες ἐπανῄεσαν εἰς τὸ [5] στρατόπεδον. τῇ δ᾽ ὑστεραίᾳ στήσας τρόπαιον ἐλεηλάτει τὴν Φαρναβάζου χώραν οὐδενὸς ἀμύνεσθαι τολμῶντος. ἱερεῖς μέντοι καὶ ἱερείας οὓς ἔλαβεν ἀφῆκεν ἄνευ λύτρων.

Χαλκηδονίοις δ᾽ ἀφεστῶσι καὶ δεδεγμένοις φρουρὰν καὶ ἁρμοστὴν Λακεδαιμονίων ὡρμημένος πολεμεῖν, ἀκούσας δ᾽ ὅτι τὴν λείαν ἅπασαν ἐκ τῆς χώρας συναγαγόντες εἰς Βιθυνοὺς ὑπεκτίθενται φίλους ὄντας, ἧκεν ἐπὶ τοὺς ὅρους ἄγων τὸ στράτευμα, καὶ κήρυκα προπέμψας ἐνεκάλει τοῖς Βιθυνοῖς. οἱ δὲ δείσαντες τήν τε λείαν ἀπέδοσαν αὐτῷ καὶ φιλίαν ὡμολόγησαν.

[30] [1] Ἀποτειχιζομένης δὲ τῆς Χαλκηδόνος ἐκ θαλάττης εἰς θάλατταν, ὁ Φαρνάβαζος ἧκεν ὡς λύσων τὴν πολιορκίαν, καὶ Ἱπποκράτης ὁ ἁρμοστὴς ἐκ τῆς πόλεως προαγαγὼν [2] τὴν σὺν αὐτῷ δύναμιν, ἐπεχείρει τοῖς πολεμίοις. ὁ δ᾽ Ἀλκιβιάδης ἅμα πρὸς ἀμφοτέρους ἀντιτάξας τὸ στράτευμα, τὸν μὲν Φαρνάβαζον φυγεῖν αἰσχρῶς ἠνάγκαζε, τὸν δ᾽ Ἱπποκράτην διέφθειρε καὶ συχνοὺς τῶν περὶ αὐτὸν [3] ἡττηθέντας. εἶτ᾽ αὐτὸς μὲν ἐκπλεύσας εἰς τὸν Ἑλλήσποντον ἠργυρολόγει καὶ Σηλυβρίαν εἷλεν, ἀφειδήσας ἑαυτοῦ [4] παρὰ τὸν καιρόν. οἱ γὰρ ἐνδιδόντες τὴν πόλιν συνέθεντο μὲν ἀνασχήσειν πυρσὸν αὐτῷ μεσούσης νυκτός, ἠναγκάσθησαν δὲ τοῦτο ποιῆσαι πρὸ τοῦ καιροῦ, τῶν συνωμοτῶν [5] τινα φοβηθέντες ἐξαίφνης μεταβαλόμενον. ἀρθέντος οὖν τοῦ πυρσοῦ μηδέπω τῆς στρατιᾶς οὔσης ἑτοίμης, ἀναλαβὼν ὅσον τριάκοντα ‹τοὺς› περὶ αὑτὸν ἠπείγετο δρόμῳ πρὸς τὰ τείχη, τοὺς ἄλλους ἕπεσθαι κατὰ τάχος κελεύσας.

[6] ἀνοιχθείσης δὲ τῆς πύλης αὐτῷ καὶ προσγενομένων τοῖς τριάκοντα πελταστῶν εἴκοσι, παρεισπεσὼν εὐθὺς ᾔσθετο τοὺς Σηλυβριανοὺς ἐξ ἐναντίας μετὰ τῶν ὅπλων ἐπιφερομένους.

[7] ἐπεὶ δ᾽ ὑποστάντι μὲν οὐκ ἐφαίνετο σωτηρία, πρὸς δὲ τὸ φυγεῖν ἀήττητος ἄχρι τῆς ἡμέρας ἐκείνης ἐν ταῖς στρατηγίαις γεγονὼς φιλονικότερον εἶχε, τῇ σάλπιγγι σημήνας σιωπήν, ἐκέλευσεν ἕνα τῶν παρόντων ἀνειπεῖν Σηλυβριανοῖς Ἀθηναίους ἐναντία ‹τὰ› ὅπλα μὴ τίθεσθαι.

[8] τοῦτο τὸ κήρυγμα τοὺς μὲν ἀμβλυτέρους ἐποίησε πρὸς τὴν μάχην, ὡς τῶν πολεμίων ἔνδον ὄντων ἁπάντων, οἱ δὲ ταῖς [9] ἐλπίσιν ἡδίους ἐγένοντο πρὸς τὰς διαλύσεις. ἐν ᾧ δὲ συστάντες ἀλλήλοις μετεδίδοσαν λόγων, ἐπῆλθεν ἡ στρατιὰ τῷ Ἀλκιβιάδῃ, καὶ τεκμαιρόμενος, ὅπερ ἦν, εἰρηνικὰ φρονεῖν τοὺς Σηλυβριανούς, ἔδεισε μὴ τὴν πόλιν οἱ Θρᾷκες [10] διαρπάσωσιν. ἦσαν δὲ πολλοί, χάριτι τοῦ Ἀλκιβιάδου καὶ δι᾽ εὔνοιαν στρατευόμενοι προθύμως. ἀπέπεμψεν οὖν τούτους ἅπαντας ἐκ τῆς πόλεως, τοὺς δὲ Σηλυβριανοὺς δεηθέντας οὐδὲν ἠδίκησεν, ἀλλὰ χρήματα λαβὼν καὶ φρουρὰν ἐγκαταστήσας ἀπῆλθεν.

[31] [1] Οἱ δὲ πολιορκοῦντες τὴν Χαλκηδόνα στρατηγοὶ σπονδὰς ἐποιήσαντο πρὸς Φαρνάβαζον ἐπὶ τῷ χρήματα λαβεῖν καὶ Χαλκηδονίους ὑπηκόους πάλιν

Ἀθηναίοις εἶναι, τὴν δὲ Φαρναβάζου χώραν μηδὲν ἀδικεῖν, Φαρνάβαζον δὲ πρέσβεσιν Ἀθηναίων πρὸς βασιλέα πομπὴν μετ᾽ ἀσφαλείας [2] παρασχεῖν. ὡς οὖν ἐπανελθόντα τὸν Ἀλκιβιάδην ὁ Φαρνάβαζος ἠξίου καὶ αὐτὸν ὀμόσαι περὶ τῶν ὡμολογημένων, οὐκ ἔφη πρότερον ἢ κἀκεῖνον αὐτοῖς ὀμόσαι.

[3] γενομένων δὲ τῶν ὅρκων, ἐπὶ Βυζαντίους ἀφεστῶτας ἦλθε καὶ περιετείχιζε τὴν πόλιν. Ἀναξιλάου δὲ καὶ Λυκούργου καί τινων ἄλλων συνθεμένων ἐπὶ σωτηρίᾳ παραδώσειν τὴν πόλιν, διαδοὺς λόγον ὡς ἀνίστησιν αὐτοὺς πράγματα νεώτερα συνιστάμενα περὶ τὴν Ἰωνίαν, ἡμέρας ἀπέπλει ταῖς ναυσὶ πάσαις, νυκτὸς δ᾽ ὑποστρέψας, αὐτὸς μὲν ἀπέβη μετὰ τῶν ὁπλιτῶν καὶ προσελθὼν τοῖς τείχεσιν ἡσυχίαν ἦγεν, αἱ δὲ νῆες ἐπὶ τὸν λιμένα πλεύσασαι καὶ βιαζόμεναι κραυγῇ τε πολλῇ καὶ θορύβοις καὶ ψόφοις, ἅμα μὲν ἐξέπληττον τῷ ἀπροσδοκήτῳ τοὺς Βυζαντίους, ἅμα δὲ τοῖς ἀττικίζουσι παρεῖχον ἐπ᾽ ἀδείας τὸν Ἀλκιβιάδην δέχεσθαι, πάντων ἐπὶ τὸν λιμένα καὶ πρὸς τὰς ναῦς [4] βοηθούντων. οὐ μὴν ἀμαχεὶ προσεχώρησαν· οἱ γὰρ παρόντες ἐν τῷ Βυζαντίῳ Πελοποννήσιοι καὶ Βοιωτοὶ καὶ Μεγαρεῖς τοὺς μὲν ἀπὸ τῶν νεῶν ἐτρέψαντο καὶ καθεῖρξαν εἰς τὰς ναῦς πάλιν, τοὺς δ᾽ Ἀθηναίους ἔνδον ὄντας αἰσθόμενοι, [5] [καὶ] συντάξαντες ἑαυτοὺς ἐχώρουν ὁμόσε. καρτερᾶς δὲ μάχης γενομένης ἐνίκησεν ὁ Ἀλκιβιάδης τὸ δεξιὸν κέρας ἔχων, Θηραμένης δὲ τὸ εὐώνυμον, καὶ τῶν πολεμίων τοὺς περιγενομένους ὅσον τριακοσίους ζῶντας ἔλαβε.

[6] Βυζαντίων δὲ μετὰ τὴν μάχην οὐδεὶς ἀπέθανεν οὐδ᾽ ἔφυγεν· ἐπὶ τούτοις γὰρ οἱ ἄνδρες παρέδοσαν τὴν πόλιν καὶ ταῦτα [7] συνέθεντο, μηδὲν αὑτοῖς ἴδιον ὑπεξελόμενοι. διὸ καὶ δίκην προδοσίας ἐν Λακεδαίμονι φεύγων ὁ Ἀναξίλαος ἐφάνη [8] τῷ λόγῳ τὸ ἔργον οὐ καταισχύνων. ἔφη γὰρ οὐκ ὢν Λακεδαιμόνιος, ἀλλὰ Βυζάντιος, οὐδὲ τὴν Σπάρτην κινδυνεύουσαν, ἀλλὰ τὸ Βυζάντιον ὁρῶν, τῆς μὲν πόλεως ἀποτετειχισμένης, μηδενὸς δ᾽ εἰσαγομένου, τὸν δ᾽ ὄντα σῖτον ἐν τῇ πόλει Πελοποννησίων καὶ Βοιωτῶν ἐσθιόντων, Βυζαντίων δὲ πεινώντων σὺν τέκνοις καὶ γυναιξίν, οὐ προδοῦναι τοῖς πολεμίοις, ἀλλὰ πολέμου καὶ κακῶν ἀπαλλάξαι τὴν πόλιν, μιμούμενος τοὺς ἀρίστους Λακεδαιμονίων, οἷς ἓν καλὸν ἁπλῶς καὶ δίκαιόν ἐστι τὸ τῆς πατρίδος συμφέρον. οἱ μὲν οὖν Λακεδαιμόνιοι ταῦτ᾽ ἀκούσαντες ᾐδέσθησαν καὶ ἀπέλυσαν τοὺς ἄνδρας.

[32] [1] Ὁ δ᾽ Ἀλκιβιάδης ἰδεῖν τε ποθῶν ἤδη τὰ οἴκοι καὶ ἔτι μᾶλλον ὀφθῆναι βουλόμενος τοῖς πολίταις, νενικηκὼς τοὺς πολεμίους τοσαυτάκις, ἀνήχθη, πολλαῖς μὲν ἀσπίσι καὶ λαφύροις κύκλῳ κεκοσμημένων τῶν Ἀττικῶν τριήρων, πολλὰς δ᾽ ἐφελκόμενος αἰχμαλώτους, ἔτι δὲ πλείω κομίζων ἀκροστόλια τῶν διεφθαρμένων ὑπ᾽ αὐτοῦ καὶ κεκρατημένων. ἦσαν γὰρ οὐκ

ἐλάττους συναμφότεραι [2] διακοσίων. ἃ δὲ Δοῦρις ὁ Σάμιος (FGrH 76 F 76), Ἀλκιβιάδου φάσκων ἀπόγονος εἶναι, προστίθησι τούτοις, αὐλεῖν μὲν εἰρεσίαν τοῖς ἐλαύνουσι Χρυσόγονον τὸν πυθιονίκην, κελεύειν δὲ Καλλιππίδην τὸν τῶν τραγῳδιῶν ὑποκριτήν, στατοὺς καὶ ξυστίδας καὶ τὸν ἄλλον ἐναγώνιον ἀμπεχομένους κόσμον, ἱστίῳ δ' ἁλουργῷ τὴν ναυαρχίδα προσφέρεσθαι τοῖς λιμέσιν, ὥσπερ ἐκ μέθης ἐπικωμάζοντος, οὔτε Θεόπομπος οὔτ' Ἔφορος οὔτε Ξενοφῶν γέγραφεν, οὔτ' εἰκὸς ἦν οὕτως ἐντρυφῆσαι τοῖς Ἀθηναίοις μετὰ φυγὴν καὶ συμφορὰς τοσαύτας κατερχόμενον, ἀλλ' ἐκεῖνος καὶ δεδιὼς κατήγετο, καὶ καταχθεὶς οὐ πρότερον ἀπέβη τῆς τριήρους, ἢ στὰς ἐπὶ τοῦ καταστρώματος ἰδεῖν Εὐρυπτόλεμόν τε τὸν ἀνεψιὸν παρόντα καὶ τῶν ἄλλων φίλων καὶ [3] οἰκείων συχνοὺς ἐκδεχομένους καὶ παρακαλοῦντας. ἐπεὶ δ' ἀπέβη, τοὺς μὲν ἄλλους στρατηγοὺς οὐδ' ὁρᾶν ἐδόκουν ἀπαντῶντες οἱ ἄνθρωποι, πρὸς δ' ἐκεῖνον συντρέχοντες ἐβόων, ἠσπάζοντο, παρέπεμπον, ἐστεφάνουν προσιόντες, οἱ δὲ μὴ δυνάμενοι προσελθεῖν ἄπωθεν ἐθεῶντο, [4] καὶ τοῖς νέοις ἐδείκνυσαν οἱ πρεσβύτεροι. πολὺ δὲ καὶ ‹τὸ› δακρῦον τῷ χαίροντι τῆς πόλεως ἀνεκέκρατο καὶ μνήμη πρὸς τὴν παροῦσαν εὐτυχίαν τῶν πρόσθεν ἀτυχημάτων λογιζομένοις, ὡς οὔτ' ἂν Σικελίας διήμαρτον, οὔτ' ἄλλο τι τῶν προσδοκηθέντων ἐξέφυγεν αὐτοὺς ἐάσαντας Ἀλκιβιάδην ἐπὶ τῶν τότε πραγμάτων καὶ τῆς δυνάμεως ἐκείνης, εἰ νῦν τὴν πόλιν παραλαβὼν ὀλίγου δέουσαν ἐκπεπτωκέναι τῆς θαλάσσης, κατὰ γῆν δὲ μόλις τῶν προαστείων κρατοῦσαν, αὐτὴν δὲ πρὸς ἑαυτὴν στασιάζουσαν, ἐκ λυπρῶν ἔτι λειψάνων καὶ ταπεινῶν ἀναστήσας οὐ μόνον τῆς θαλάσσης τὸ κράτος ἀποδέδωκεν, ἀλλὰ καὶ πεζῇ νικῶσαν ἀποδείκνυσι πανταχοῦ τοὺς πολεμίους.

[33] [1] Τὸ μὲν οὖν ψήφισμα τῆς καθόδου πρότερον ἐκεκύρωτο, Κριτίου τοῦ Καλλαίσχρου γράψαντος, ὡς αὐτὸς ἐν ταῖς ἐλεγείαις πεποίηκεν, ὑπομιμνήσκων τὸν Ἀλκιβιάδην τῆς χάριτος ἐν τούτοις (fr. 3 D.)·

γνώμην δ' ἥ σε κατήγαγ', ἐγὼ ταύτην ἐν ἅπασιν
εἶπον καὶ γράψας τοὔργον ἔδρασα τόδε.
σφραγὶς δ' ἡμετέρης γλώσσης ἐπὶ τοῖσδεσι κεῖται·

[2] τότε δὲ τοῦ δήμου συνελθόντος εἰς ἐκκλησίαν παρελθὼν ὁ Ἀλκιβιάδης, καὶ τὰ μὲν αὐτοῦ πάθη κλαύσας καὶ ὀλοφυράμενος, ἐγκαλέσας δὲ μικρὰ καὶ μέτρια τῷ δήμῳ, τὸ δὲ σύμπαν ἀναθεὶς αὑτοῦ τινι τύχῃ πονηρᾷ καὶ φθονερῷ δαίμονι, πλεῖστα δ' εἰς ἐλπίδας τῶν πολιτῶν καὶ πρὸς τὸ θαρρεῖν διαλεχθεὶς καὶ παρορμήσας, στεφάνοις μὲν ἐστεφανώθη χρυσοῖς, ᾑρέθη δ' ἅμα καὶ κατὰ γῆν καὶ κατὰ [3] θάλατταν αὐτοκράτωρ στρατηγός. ἐψηφίσαντο δὲ ‹καὶ› τὴν οὐσίαν ἀποδοῦναι αὐτῷ καὶ τὰς ἀρὰς ἀφοσιώσασθαι πάλιν Εὐμολπίδας καὶ Κήρυκας, ἃς ἐποιήσαντο τοῦ δήμου προστάξαντος. ἀφοσιουμένων δὲ τῶν

ἄλλων Θεόδωρος ὁ ἱεροφάντης ἀλλ' ἐγώ εἶπεν οὐδὲ κατηρασάμην αὐτῷ κακὸν οὐδέν, εἰ μηδὲν ἀδικεῖ τὴν πόλιν.

[34] [1] Οὕτω δὲ τοῦ Ἀλκιβιάδου λαμπρῶς εὐημεροῦντος, ὑπέθραττεν ἐνίους ὅμως ὁ τῆς καθόδου καιρός. ᾗ γὰρ ἡμέρᾳ κατέπλευσεν, ἐδρᾶτο τὰ Πλυντήρια τῇ θεῷ. δρῶσι δὲ τὰ ὄργια Πραξιεργίδαι Θαργηλιῶνος ἕκτῃ φθίνοντος ἀπόρρητα, τόν τε κόσμον ἀφελόντες καὶ τὸ ἕδος κατακαλύψαντες.

[2] ὅθεν ἐν ταῖς μάλιστα τῶν ἀποφράδων τὴν ἡμέραν ταύτην ἄπρακτον Ἀθηναῖοι νομίζουσιν. οὐ φιλοφρόνως οὖν οὐδ' εὐμενῶς ἐδόκει προσδεχομένη τὸν Ἀλκιβιάδην ἡ θεὸς παρακαλύπτεσθαι καὶ ἀπελαύνειν ἑαυτῆς.

[3] Οὐ μὴν ἀλλὰ πάντων γεγονότων τῷ Ἀλκιβιάδῃ κατὰ γνώμην, καὶ πληρουμένων ἑκατὸν τριήρων αἷς αὖθις ἐκπλεῖν ἔμελλε, φιλοτιμία τις οὐκ ἀγεννὴς προσπεσοῦσα [4] κατέσχεν αὐτὸν μέχρι μυστηρίων. ἀφ' οὗ γὰρ ἐπετειχίσθη Δεκέλεια καὶ τῶν εἰς Ἐλευσῖνα παρόδων ἐκράτουν οἱ πολέμιοι παρόντες, οὐδένα κόσμον εἶχεν ἡ τελετὴ πεμπομένη κατὰ θάλατταν, ἀλλὰ καὶ θυσίαι καὶ χορεῖαι καὶ πολλὰ τῶν δρωμένων καθ' ὁδὸν ἱερῶν, ὅταν ἐξελαύνωσι [5] τὸν Ἴακχον, ὑπ' ἀνάγκης ἐξελείπετο. καλὸν οὖν ἐφαίνετο τῷ Ἀλκιβιάδῃ καὶ πρὸς θεῶν ὁσιότητα καὶ πρὸς ἀνθρώπων δόξαν ἀποδοῦναι τὸ πάτριον σχῆμα τοῖς ἱεροῖς, παραπέμψαντα πεζῇ τὴν τελετὴν καὶ δορυφορήσαντα παρὰ τοὺς πολεμίους· ἢ γὰρ ἀτρεμήσαντα κομιδῇ κολούσειν καὶ ταπεινώσειν τὸν Ἆγιν, ἢ μάχην ἱερὰν καὶ θεοφιλῆ περὶ τῶν ἁγιωτάτων καὶ μεγίστων ἐν ὄψει τῆς πατρίδος μαχεῖσθαι, καὶ πάντας ἕξειν μάρτυρας τοὺς πολίτας [6] τῆς ἀνδραγαθίας. ὡς δὲ ταῦτ' ἔγνω καὶ προεῖπεν Εὐμολπίδαις καὶ Κήρυξι, σκοποὺς μὲν ἐπὶ τῶν ἄκρων ἐκάθισε καὶ προδρόμους τινὰς ἅμ' ἡμέρᾳ προεξέπεμψεν, ἱερεῖς δὲ καὶ μύστας καὶ μυσταγωγοὺς ἀναλαβὼν καὶ τοῖς ὅπλοις περικαλύψας, ἦγεν ἐν κόσμῳ καὶ μετὰ σιωπῆς, θέαμα σεμνὸν καὶ θεοπρεπὲς τὴν στρατηγίαν ἐκείνην ἐπιδεικνύμενος, ὑπὸ τῶν μὴ φθονούντων ἱεροφαντίαν [7] καὶ μυσταγωγίαν προσαγορευομένην. μηδενὸς δὲ τῶν πολεμίων ἐπιθέσθαι τολμήσαντος, ἀσφαλῶς ἀπαγαγὼν εἰς τὴν πόλιν, ἤρθη μὲν αὐτὸς τῷ φρονήματι, καὶ τὴν στρατιὰν ἐπῆρεν ὡς ἄμαχον καὶ ἀήττητον οὖσαν ἐκείνου στρατηγοῦντος, τοὺς δὲ φορτικοὺς καὶ πένητας οὕτως ἐδημαγώγησεν, ὥστ' ἐρᾶν ἔρωτα θαυμαστὸν ὑπ' ἐκείνου τυραννεῖσθαι, καὶ λέγειν ἐνίους καὶ προσιέναι παρακελευομένους, ὅπως τοῦ φθόνου κρείττων γενόμενος καὶ καταβαλὼν ψηφίσματα καὶ νόμους καὶ φλυάρους ἀπολλύντας τὴν πόλιν ὡς ἂν πράξῃ καὶ χρήσηται τοῖς πράγμασι, μὴ δεδιὼς τοὺς συκοφάντας.

[35] [1] Αὐτὸς μὲν οὖν ἐκεῖνος ἣν εἶχε διάνοιαν περὶ τῆς τυραννίδος, ἄδηλόν ἐστιν· οἱ δὲ δυνατώτατοι τῶν πολιτῶν φοβηθέντες ἐσπούδασαν αὐτὸν ἐκπλεῦσαι τὴν ταχίστην, τά τ᾽ ἄλλα ψηφισάμενοι καὶ συνάρχοντας οὓς ἐκεῖνος ἠθέλησεν.

[2] Ἐκπλεύσας δὲ ταῖς ἑκατὸν ναυσὶ καὶ προσβαλὼν Ἄνδρῳ, μάχῃ μὲν ἐκράτησεν αὐτῶν καὶ Λακεδαιμονίων ὅσοι παρῆσαν, οὐχ εἷλε δὲ τὴν πόλιν, ἀλλὰ τοῦτο τῶν καινῶν ἐγκλημάτων πρῶτον ὑπῆρξε κατ᾽ αὐτοῦ τοῖς ἐχθροῖς.

[3] ἔοικε δ᾽ εἴ τις ἄλλος ὑπὸ τῆς αὑτοῦ δόξης καταλυθῆναι καὶ Ἀλκιβιάδης. μεγάλη γὰρ οὖσα καὶ τόλμης καὶ συνέσεως [γέμουσα] ἀφ᾽ ὧν κατώρθωσεν, ὕποπτον αὐτοῦ τὸ ἐλλεῖπον ὡς οὐ σπουδάσαντος ἀπιστίᾳ τοῦ μὴ δυνηθῆναι παρεῖχε· σπουδάσαντα γὰρ οὐδὲν ἂν διαφυγεῖν. ἤλπιζον δὲ καὶ Χίους ἑαλωκότας ἀκούσεσθαι καὶ τὴν ἄλλην Ἰωνίαν.

[4] ὅθεν ἠγανάκτουν μὴ ταχὺ πάντα μηδ᾽ εὐθὺς ὡς ἐβούλοντο πυνθανόμενοι διαπεπραγμένον, οὐχ ὑπολογιζόμενοι τὴν ἀχρηματίαν, ἀφ᾽ ἧς πολεμῶν πρὸς ἀνθρώπους βασιλέα μέγαν χορηγὸν ἔχοντας, ἠναγκάζετο πολλάκις ἐκπλέων καὶ ἀπολείπων τὸ στρατόπεδον μισθοὺς καὶ τροφὰς πορίζειν.

[5] καὶ γὰρ τὸ τελευταῖον ἔγκλημα διὰ ταύτην ἔλαβε τὴν αἰτίαν. Λυσάνδρου γὰρ ἐπὶ τὴν ναυαρχίαν ἀποσταλέντος ὑπὸ τῶν Λακεδαιμονίων καὶ τετρώβολον ἀντὶ τριωβόλου τῷ ναύτῃ διδόντος, ἐξ ὧν ἔλαβε παρὰ Κύρου χρημάτων, αὐτὸς ἤδη γλίσχρως χορηγῶν καὶ τὸ τριώβολον, ἀπῆρεν ἀργυρολογήσων [6] ἐπὶ Καρίας. ὁ δ᾽ ἀπολειφθεὶς ἐπὶ τῶν νεῶν ἐπιμελητὴς Ἀντίοχος ἀγαθὸς μὲν ἦν κυβερνήτης, ἀνόητος δὲ τὰ ἄλλα καὶ φορτικός· ἔχων δὲ πρόσταγμα παρὰ τοῦ Ἀλκιβιάδου μηδ᾽ ἂν ἐπιπλέωσιν οἱ πολέμιοι διαναυμαχεῖν, οὕτως ἐξύβρισε καὶ κατεφρόνησεν, ὥστε τὴν αὑτοῦ πληρωσάμενος τριήρη καὶ τῶν ἄλλων μίαν, ἐπιπλεῦσαι τῇ Ἐφέσῳ καὶ παρὰ τὰς πρῴρας τῶν πολεμίων νεῶν πολλὰ καὶ πράττων καὶ φθεγγόμενος ἀκόλαστα καὶ [7] βωμολόχα παρεξελαύνειν. τὸ μὲν οὖν πρῶτον ὁ Λύσανδρος ὀλίγαις ναυσὶν ἐπαναχθεὶς ἐδίωκεν αὐτόν, τῶν δ᾽ Ἀθηναίων ἐπιβοηθούντων πάσαις ἀναχθεὶς καὶ κρατήσας, αὐτόν τε διέφθειρε τὸν Ἀντίοχον, καὶ ναῦς ἔλαβε πολλὰς [8] καὶ ἀνθρώπους, καὶ τρόπαιον ἔστησεν. ὡς δὲ ταῦτ᾽ ἤκουσεν ὁ Ἀλκιβιάδης ἐπανελθὼν εἰς Σάμον, ἀνήχθη παντὶ τῷ στόλῳ καὶ προὐκαλεῖτο τὸν Λύσανδρον. ὁ δ᾽ ἠγάπα νενικηκὼς καὶ οὐκ ἀντανήγετο.

[36] [1] Τῶν δὲ μισούντων τὸν Ἀλκιβιάδην ἐν τῷ στρατοπέδῳ Θρασύβουλος ὁ Θράσωνος ἐχθρὸς ὢν ἀπῆρεν [2] εἰς Ἀθήνας κατηγορήσων, καὶ τοὺς ἐκεῖ παροξύνας ἔλεγε πρὸς τὸν δῆμον, ὡς Ἀλκιβιάδης διέφθαρκε τὰ πράγματα καὶ τὰς ναῦς ἀπολώλεκεν, ἐντρυφῶν τῇ ἀρχῇ καὶ παραδιδοὺς τὴν στρατηγίαν

ἀνθρώποις ἐκ πότων καὶ ναυτικῆς σπερμολογίας δυναμένοις παρ’ αὐτῷ μέγιστον, ὅπως αὐτὸς ἐπ’ ἀδείας χρηματίζηται περιπλέων, καὶ ἀκολασταίνῃ μεθυσκόμενος καὶ συνὼν ἑταίραις Ἀβυδηναῖς καὶ [3] Ἰωνίσιν, ἐφορμούντων δι’ ὀλίγου τῶν πολεμίων. ἐνεκάλουν δ’ αὐτῷ καὶ τὴν τῶν τειχῶν κατασκευήν, ἃ κατεσκεύασεν ἐν Θρᾴκῃ περὶ Βισάνθην ἑαυτῷ καταφυγήν, ὡς [4] ἐν τῇ πατρίδι μὴ δυνάμενος βιοῦν ἢ μὴ βουλόμενος. οἱ δ’ Ἀθηναῖοι πεισθέντες ἑτέρους εἵλοντο στρατηγούς, ἐνδεικνύμενοι [5] τὴν πρὸς ἐκεῖνον ὀργὴν καὶ κακόνοιαν. ἃ δὴ πυνθανόμενος ὁ Ἀλκιβιάδης καὶ δεδοικώς, ἀπῆλθεν ἐκ τοῦ στρατοπέδου παντάπασι, καὶ συναγαγὼν ξένους ἐπολέμει τοῖς ἀβασιλεύτοις Θρᾳξὶν ἰδίᾳ, καὶ πολλὰ χρήματα συνῆγεν ἀπὸ τῶν ἁλισκομένων, καὶ τοῖς Ἕλλησιν ἅμα τοῖς προσοικοῦσιν ἄδειαν ἀπὸ τῶν βαρβάρων παρεῖχεν.

[6] Ἐπεὶ δ’ οἱ περὶ Τυδέα καὶ Μένανδρον καὶ Ἀδείμαντον στρατηγοί, πάσας ὁμοῦ τὰς ὑπαρχούσας τότε ναῦς τοῖς Ἀθηναίοις ἔχοντες ἐν Αἰγὸς ποταμοῖς, εἰώθεσαν ἐπιπλεῖν τῷ Λυσάνδρῳ ναυλοχοῦντι περὶ Λάμψακον ἅμ’ ἡμέρᾳ προκαλούμενοι, καὶ πάλιν ἀναστρέφειν ὀπίσω καὶ διημερεύειν ἀτάκτως καὶ ἀμελῶς, ἅτε δὴ καταφρονοῦντες, ἐγγὺς ὢν ὁ Ἀλκιβιάδης οὐ περιεῖδεν οὐδ’ ἠμέλησεν, ἀλλ’ ἵππῳ προσελάσας ἐδίδασκε τοὺς στρατηγούς, ὅτι κακῶς ὁρμοῦσιν ἐν χωρίοις ἀλιμένοις καὶ πόλιν οὐκ ἔχουσιν, ἀλλὰ πόρρωθεν ἐκ Σηστοῦ τὰ ἐπιτήδεια λαμβάνοντες καὶ περιορῶντες τὸ ναυτικόν, ὅταν ἐπὶ γῆς γένηται, πλανώμενον ὅπῃ τις θέλοι καὶ διασπειρόμενον, ἀντεφορμοῦντος αὐτοῖς στόλου μεγάλου, πρὸς ἐπίταγμα μοναρχικὸν εἰθισμένου σιωπῇ πάντα ποιεῖν.

[37] [1] Ταῦτα δὲ λέγοντος τοῦ Ἀλκιβιάδου καὶ παραινοῦντος εἰς Σηστὸν μεθορμίσαι τὸν στόλον, οὐ προσεῖχον οἱ στρατηγοί, Τυδεὺς δὲ καὶ πρὸς ὕβριν ἐκέλευσεν ἀποχωρεῖν· [2] οὐ γὰρ ἐκεῖνον, ἀλλ’ ἑτέρους στρατηγεῖν. ὁ δ’ Ἀλκιβιάδης ὑπονοήσας τι καὶ προδοσίας ἐν αὐτοῖς ἀπῄει, καὶ τοῖς προπέμπουσι τῶν ἀπὸ τοῦ στρατοπέδου γνωρίμων ἔλεγεν, ὅτι μὴ προπηλακισθεὶς οὕτως ὑπὸ τῶν στρατηγῶν ὀλίγαις ἂν ἡμέραις ἠνάγκασε Λακεδαιμονίους διαναυμαχεῖν [3] αὐτοῖς ἄκοντας ἢ τὰς ναῦς ἀπολιπεῖν. ἐδόκει δὲ τοῖς μὲν ἀλαζονεύεσθαι, τοῖς δ’ εἰκότα λέγειν, εἰ Θρᾷκας ἐκ γῆς ἐπαγαγὼν πολλοὺς ἀκοντιστὰς καὶ ἱππεῖς προσμάχοιτο [4] καὶ διαταράττοι τὸ στρατόπεδον αὐτῶν. ὅτι μέντοι τὰς ἁμαρτίας ὀρθῶς συνεῖδε τῶν Ἀθηναίων, ταχὺ τὸ ἔργον ἐμαρτύρησεν. ἄφνω γὰρ αὐτοῖς καὶ ἀπροσδοκήτως τοῦ Λυσάνδρου προσπεσόντος, ὀκτὼ μόναι τριήρεις ὑπεξέφυγον μετὰ Κόνωνος, αἱ δ’ ἄλλαι μικρὸν ἀπολείπουσαι διακοσίων ἀπήχθησαν αἰχμάλωτοι. τῶν δ’ ἀνθρώπων τρισχιλίους [5] ἑλὼν ζῶντας ἀπέσφαξεν ὁ Λύσανδρος. ἔλαβε δὲ καὶ

τὰς Ἀθήνας ὀλίγῳ χρόνῳ καὶ τὰς ναῦς ἐνέπρησε καὶ τὰ μακρὰ τείχη καθεῖλεν.

[6] Ἐκ δὲ τούτου φοβηθεὶς ὁ Ἀλκιβιάδης ἄρχοντας ἤδη καὶ γῆς καὶ θαλάττης τοὺς Λακεδαιμονίους εἰς Βιθυνίαν μετέστη, πολλὰ μὲν ἄγων χρήματα, πολλὰ δὲ κομίζων, [7] ἔτι δὲ πλείω καταλιπὼν ἐν οἷς ᾤκει τείχεσιν. ἐν δὲ Βιθυνίᾳ πάλιν οὐκ ὀλίγα τῶν ἰδίων ἀπολέσας καὶ περικοπεὶς ὑπὸ τῶν ἐκεῖ Θρᾳκῶν, ἔγνω μὲν ἀναβαίνειν πρὸς Ἀρταξέρξην, ἑαυτόν τε μὴ χείρονα Θεμιστοκλέους πειρωμένῳ βασιλεῖ [8] φανεῖσθαι νομίζων, καὶ κρείττονα τὴν πρόφασιν· οὐ γὰρ ἐπὶ τοὺς πολίτας ὡς ἐκεῖνον, ἀλλ᾽ ὑπὲρ τῆς πατρίδος ἐπὶ τοὺς πολεμίους ὑπουργήσειν καὶ δεήσεσθαι τῆς βασιλέως δυνάμεως· εὐπορίαν δὲ τῆς ἀνόδου μετ᾽ ἀσφαλείας μάλιστα Φαρνάβαζον οἰόμενος παρέξειν, ᾤχετο πρὸς αὐτὸν εἰς Φρυγίαν καὶ συνδιῆγε θεραπεύων ἅμα καὶ τιμώμενος.

[38] [1] Ἀθηναῖοι δὲ χαλεπῶς μὲν ἔφερον τῆς ἡγεμονίας ἀποστερηθέντες· ἐπεὶ δὲ καὶ τὴν ἐλευθερίαν ἀφελόμενος αὐτῶν ὁ Λύσανδρος ἀνδράσι τριάκοντα παρέδωκε τὴν πόλιν, οἷς οὐκ ἐχρήσαντο σῴζεσθαι δυνάμενοι λογισμοῖς ἀπολωλότων ἤδη τῶν πραγμάτων συνίεσαν, ὀλοφυρόμενοι καὶ διεξιόντες τὰς ἁμαρτίας ἑαυτῶν καὶ ἀγνοίας, ὧν μεγίστην ἐποιοῦντο τὴν δευτέραν πρὸς Ἀλκιβιάδην ὀργήν.

[2] ἀπερρίφη γὰρ οὐδὲν ἀδικῶν αὐτός, ἀλλ᾽ ὑπηρέτῃ χαλεπήναντες ὀλίγας ἀποβαλόντι ναῦς αἰσχρῶς, αἴσχιον αὐτοὶ τὸν κράτιστον καὶ πολεμικώτατον ἀφείλοντο τῆς πόλεως [3] στρατηγόν. ἔτι δ᾽ οὖν ὅμως ἐκ τῶν παρόντων ἀνέφερέ τις ἐλπὶς ἀμυδρά, μὴ παντάπασιν ἔρρειν τὰ πράγματα τῶν Ἀθηναίων Ἀλκιβιάδου περιόντος· οὔτε γὰρ πρότερον ἠγάπησε φεύγων ἀπραγμόνως ζῆν καὶ μεθ᾽ ἡσυχίας, οὔτε νῦν, εἰ τὰ κατ᾽ αὐτὸν ἱκανῶς ἔχει, περιόψεται Λακεδαιμονίους ὑβρίζοντας καὶ τοὺς τριάκοντα παροινοῦντας.

[4] ταῦτα δ᾽ οὐκ ἦν ἄλογον οὕτως ὀνειροπολεῖν τοὺς πολλούς, ὁπότε καὶ τοῖς τριάκοντα φροντίζειν ἐπῄει καὶ διαπυνθάνεσθαι καὶ λόγον ἔχειν πλεῖστον ὧν ἐκεῖνος ἔπραττε [5] καὶ διενοεῖτο. τέλος δὲ Κριτίας ἐδίδασκε Λύσανδρον, ὡς Ἀθηναίων οὐκ ἔσται δημοκρατουμένων ἀσφαλῶς ἄρχειν Λακεδαιμονίοις τῆς Ἑλλάδος· Ἀθηναίους δέ, κἂν πρᾴως πάνυ καὶ καλῶς πρὸς ὀλιγαρχίαν ἔχωσιν, οὐκ ἐάσει ζῶν [6] Ἀλκιβιάδης ἀτρεμεῖν ἐπὶ τῶν καθεστώτων. οὐ μὴν ἐπείσθη γε πρότερον τούτοις ὁ Λύσανδρος ἢ παρὰ τῶν οἴκοι τελῶν σκυτάλην ἐλθεῖν κελεύουσαν ἐκποδὼν ποιήσασθαι τὸν Ἀλκιβιάδην, εἴτε κἀκείνων φοβηθέντων τὴν ὀξύτητα καὶ μεγαλοπραγμοσύνην τοῦ ἀνδρός, εἴτε τῷ Ἄγιδι χαριζομένων.

[39] [1] Ὡς οὖν ὁ Λύσανδρος ἔπεμψε πρὸς τὸν Φαρνάβαζον ταῦτα πράττειν κελεύων, ὁ δὲ Βαγαίῳ τε τῷ ἀδελφῷ καὶ Σουσαμίθρῃ τῷ θείῳ προσέταξε τὸ ἔργον, ἔτυχε μὲν ἐν κώμῃ τινὶ τῆς Φρυγίας ὁ Ἀλκιβιάδης τότε διαιτώμενος, ἔχων Τιμάνδραν μεθ' ἑαυτοῦ τὴν ἑταίραν, ὄψιν δὲ κατὰ [2] τοὺς ὕπνους εἶδε τοιαύτην· ἐδόκει περικεῖσθαι μὲν αὐτὸς τὴν ἐσθῆτα τῆς ἑταίρας, ἐκείνην δὲ τὴν κεφαλὴν ἐν ταῖς ἀγκάλαις ἔχουσαν αὐτοῦ κοσμεῖν τὸ πρόσωπον ὥσπερ [3] γυναικὸς ὑπογράφουσαν καὶ ψιμυθιοῦσαν. ἕτεροι δέ φασιν ἰδεῖν τὴν κεφαλὴν ἀποτέμνοντας αὐτοῦ τοὺς περὶ τὸν Βαγαῖον ἐν τοῖς ὕπνοις καὶ τὸ σῶμα καιόμενον. ἀλλὰ τὴν [4] μὲν ὄψιν οὐ πολὺ γενέσθαι λέγουσι πρὸ τῆς τελευτῆς. οἱ δὲ πεμφθέντες ἐπ' αὐτὸν οὐκ ἐτόλμησαν εἰσελθεῖν, ἀλλὰ [5] κύκλῳ τὴν οἰκίαν περιστάντες ἐνεπίμπρασαν. αἰσθόμενος δ' ὁ Ἀλκιβιάδης, τῶν μὲν ἱματίων τὰ πλεῖστα καὶ τῶν στρωμάτων συναγαγὼν ἐπέρριψε τῷ πυρί, τῇ δ' ἀριστερᾷ χειρὶ τὴν ἑαυτοῦ χλαμύδα περιελίξας, τῇ ‹δὲ› δεξιᾷ σπασάμενος τὸ ἐγχειρίδιον, ἐξέπεσεν ἀπαθὴς ὑπὸ τοῦ πυρὸς πρὶν ἢ διαφλέγεσθαι τὰ ἱμάτια, καὶ τοὺς βαρβάρους ὀφθεὶς [6] διεσκέδασεν. οὐδεὶς γὰρ ὑπέμεινεν αὐτὸν οὐδ' εἰς χεῖρας συνῆλθεν, ἀλλ' ἀποστάντες ἔβαλλον ἀκοντίοις καὶ [7] τοξεύμασιν. οὕτω δ' αὐτοῦ πεσόντος καὶ τῶν βαρβάρων ἀπελθόντων, ἡ Τιμάνδρα τὸν νεκρὸν ἀνείλετο, καὶ τοῖς αὑτῆς περιβαλοῦσα καὶ περικαλύψασα χιτωνίσκοις, ἐκ τῶν παρόντων ἐκήδευσε λαμπρῶς καὶ φιλοτίμως.

[8] Ταύτης λέγουσι θυγατέρα γενέσθαι Λαΐδα τὴν Κορινθίαν μὲν προσαγορευθεῖσαν, ἐκ δ' Ὑκκάρων, Σικελικοῦ πολίσματος, αἰχμάλωτον γενομένην.

[9] Ἔνιοι δὲ τὰ μὲν ἄλλα περὶ τῆς Ἀλκιβιάδου τελευτῆς ὁμολογοῦσι τούτοις, αἰτίαν δέ φασιν οὐ Φαρνάβαζον οὐδὲ Λύσανδρον οὐδὲ Λακεδαιμονίους παρασχεῖν, αὐτὸν δὲ τὸν Ἀλκιβιάδην γνωρίμων τινῶν διεφθαρκότα γύναιον ἔχειν σὺν ἑαυτῷ, τοὺς δ' ἀδελφοὺς τοῦ γυναίου τὴν ὕβριν οὐ μετρίως φέροντας ἐμπρῆσαί τε τὴν οἰκίαν νύκτωρ, ἐν ᾗ διαιτώμενος ἐτύγχανεν ὁ Ἀλκιβιάδης, καὶ καταβαλεῖν αὐτόν, ὥσπερ εἴρηται, διὰ τοῦ πυρὸς ἐξαλλόμενον.

Marcius Coriolanus

[1] [1] Ὁ Μαρκίων οἶκος ἐν Ῥώμῃ τῶν πατρικίων πολλοὺς παρέσχεν ἐνδόξους ἄνδρας, ὧν καὶ Μάρκιος ἦν Ἄγκος ὁ Νομᾶ θυγατριδοῦς καὶ μετὰ Τύλλον Ὁστίλιον βασιλεὺς γενόμενος. Μάρκιοι δ᾽ ἦσαν καὶ Πόπλιος καὶ Κόιντος οἱ πλεῖστον ὕδωρ καὶ κάλλιστον εἰς Ῥώμην καταγαγόντες, καὶ Κηνσωρῖνος, ὃν δὶς ἀπέδειξε τιμητὴν ὁ Ῥωμαίων δῆμος, εἶθ᾽ ὑπ᾽ αὐτοῦ πεισθεὶς ἐκείνου νόμον ἔθετο καὶ ἐψηφίσατο μηδενὶ τὴν ἀρχὴν ἐκείνην δὶς ἐξεῖναι μετελθεῖν.

[2] Γάιος δὲ Μάρκιος, ὑπὲρ οὗ τάδε γέγραπται, τραφεὶς ὑπὸ μητρὶ χήρᾳ πατρὸς ὀρφανός, ἀπέδειξε τὴν ὀρφανίαν ἄλλα μὲν ἔχουσαν κακά, πρὸς δὲ τὸ γενέσθαι σπουδαῖον ἄνδρα καὶ διαφέροντα τῶν πολλῶν οὐδὲν ἐμποδὼν οὖσαν, ἄλλως δὲ τοῖς φαύλοις αἰτιᾶσθαι καὶ ψέγειν παρέχουσαν αὑτὴν [3] ὡς ἀμελείᾳ διαφθείρουσαν. ὁ δ᾽ αὐτὸς ἀνὴρ ἐμαρτύρησε καὶ τοῖς τὴν φύσιν ἡγουμένοις, ἐὰν οὖσα γενναία καὶ ἀγαθὴ παιδείας ἐνδεὴς γένηται, πολλὰ τοῖς χρηστοῖς ὁμοῦ φαῦλα συναποτίκτειν, ὥσπερ εὐγενῆ χώραν ἐν γεωργίᾳ [4] θεραπείας μὴ τυχοῦσαν. τὸ γὰρ ἰσχυρὸν αὐτοῦ πρὸς ἅπαντα τῆς γνώμης καὶ καρτερὸν ὁρμάς τε μεγάλας καὶ τελεσιουργοὺς τῶν καλῶν ἐξέφερε, θυμοῖς τε πάλιν αὖ χρώμενον ἀκράτοις καὶ φιλονικίαις ἀτρέπτοις οὐ ῥᾴδιον οὐδ᾽ εὐάρμοστον ἀνθρώποις συνεῖναι παρεῖχεν, ἀλλὰ τὴν ἐν ἡδοναῖς καὶ πόνοις καὶ ὑπὸ χρημάτων ἀπάθειαν αὐτοῦ θαυμάζοντες καὶ ὀνομάζοντες ἐγκράτειαν καὶ δικαιοσύνην καὶ ἀνδρείαν, ἐν ταῖς πολιτικαῖς αὖ πάλιν ὁμιλίαις ὡς [5] ἐπαχθῆ καὶ ἄχαριν καὶ ὀλιγαρχικὴν ἐδυσχέραινον. οὐδὲν γὰρ ἄλλο Μουσῶν εὐμενείας ἀπολαύουσιν ἄνθρωποι τοσοῦτον, ὅσον ἐξημεροῦσθαι τὴν φύσιν ὑπὸ λόγου καὶ παιδείας, τῷ λόγῳ δεξαμένην τὸ μέτριον καὶ τὸ ἄγαν ἀποβαλοῦσαν. [6] ὅλως μὲν οὖν ἐν τοῖς τότε χρόνοις ἡ Ῥώμη μάλιστα τῆς ἀρετῆς τὸ περὶ τὰς πολεμικὰς καὶ στρατιωτικὰς ἐκύδαινε πράξεις, καὶ μαρτυρεῖ τὸ τὴν ἀρετὴν ὑπ᾽ αὐτῶν ἑνὶ τῷ τῆς ἀνδρείας ὀνόματι προσαγορεύεσθαι, καὶ τὸ τοῦ γένους ὄνομα κοινὸν ὑπάρχειν ᾧ τὴν ἀνδρείαν ἰδίᾳ καλοῦσιν.

[2] [1] Ὁ δὲ Μάρκιος ἑτέρων μᾶλλον ἐμπαθὴς γεγονὼς πρὸς τοὺς πολεμικοὺς ἀγῶνας, εὐθὺς ἐκ παιδὸς τὰ ὅπλα διὰ χειρὸς εἶχε, καὶ τῶν ἐπικτήτων οὐδὲν ἔργον οἰόμενος εἶναι τοῖς μὴ τὸ σύμφυτον ὅπλον καὶ συγγενὲς ἐξηρτυμένον ἔχουσι καὶ παρεσκευασμένον, οὕτως ἤσκησε τὸ σῶμα πρὸς ἅπασαν ἰδέαν μάχης, ὥστε καὶ θεῖν ἐλαφρὸν εἶναι καὶ βάρος ἔχειν ἐν λαβαῖς καὶ διαπάλαις πολεμίου δυσεκβίαστον.

[2] οἱ γοῦν ἔριν ἔχοντες εὐψυχίας ἀεὶ καὶ ἀρετῆς πρὸς αὐτόν, ἐν οἷς ἐλείποντο τὴν τοῦ σώματος ᾐτιῶντο ῥώμην, ἄτρυτον οὖσαν καὶ πρὸς μηδένα πόνον ἀπαγορεύουσαν.

[3] [1] Ἐστρατεύσατο δὲ πρώτην στρατείαν ἔτι μειράκιον ὤν, ὅτε Ταρκυνίῳ τῷ βασιλεύσαντι τῆς Ῥώμης, εἶτ' ἐκπεσόντι μετὰ πολλὰς μάχας καὶ ἥττας ὥσπερ ἔσχατον κύβον ἀφιέντι πλεῖστοι μὲν Λατίνων, πολλοὶ δὲ καὶ τῶν ἄλλων Ἰταλιωτῶν συνεστράτευον καὶ συγκατῆγον ἐπὶ τὴν Ῥώμην, οὐκ ἐκείνῳ χαριζόμενοι μᾶλλον ἢ φόβῳ τὰ [2] Ῥωμαίων αὐξανόμενα καὶ φθόνῳ καταβάλλοντες. ἐν ταύτῃ τῇ μάχῃ πολλὰς τροπὰς ἐπ' ἀμφότερα λαμβανούσῃ Μάρκιος ἀγωνιζόμενος εὐρώστως, ἐν ὄψει τοῦ δικτάτορος ἄνδρα Ῥωμαῖον πεσόντα πλησίον ἰδών, οὐκ ἠμέλησεν, ἀλλ' ἔστη πρὸ αὐτοῦ καὶ τὸν ἐπιφερόμενον τῶν πολεμίων [3] ἀμυνόμενος ἀπέκτεινεν. ὡς οὖν ἐκράτησεν ὁ στρατηγός, ἐν πρώτοις ἐκεῖνον ἐστεφάνωσε δρυὸς στεφάνῳ. τοῦτον γὰρ ὁ νόμος τῷ πολίτην ὑπερασπίσαντι τὸν στέφανον ἀποδέδωκεν, εἴτε δὴ μάλιστα τιμήσας δι' Ἀρκάδας τὴν δρῦν, βαλανηφάγους ὑπὸ τοῦ θεοῦ χρησμῷ προσαγορευθέντας, εἴθ' ὡς ταχὺ καὶ πανταχοῦ δρυὸς οὖσαν εὐπορίαν στρατευομένοις, εἴτε Διὸς Πολιέως ἱερὸν ὄντα τὸν τῆς δρυὸς στέφανον οἰόμενος ἐπὶ σωτηρίᾳ πολίτου δίδοσθαι πρεπόντως.

[4] ἔστι δ' ἡ δρῦς τῶν μὲν ἀγρίων καλλικαρπότατον, τῶν δὲ τιθασῶν ἰσχυρότατον. ἦν δὲ καὶ σιτίον ἀπ' αὐτῆς ἡ βάλανος καὶ ποτὸν τὸ μελίτειον, ὄψον δὲ παρεῖχε τὰ πλεῖστα τῶν [νεμομένων τε καὶ] πτηνῶν, θήρας ὄργανον φέρουσα τὸν [5] ἰξόν. ἐν ἐκείνῃ δὲ τῇ μάχῃ καὶ τοὺς Διοσκόρους ἐπιφανῆναι λέγουσι, καὶ μετὰ τὴν μάχην εὐθὺς ὀφθῆναι ῥεομένοις ἱδρῶτι τοῖς ἵπποις ἐν ἀγορᾷ τὴν νίκην ἀπαγγέλλοντας, οὗ νῦν ὁ παρὰ τὴν κρήνην νεώς ἐστιν αὐτοῖς ἱδρυμένος.

[6] ὅθεν καὶ τὴν ἡμέραν ἐκείνην ἐπινίκιον, οὖσαν ἐν τῷ Ἰουλίῳ μηνὶ τὰς εἰδούς, Διοσκόροις ἀνιερώκασι.

[4] [1] Νέων δ' ὡς ἔοικεν ἀνδρῶν ἐπιφάνεια καὶ τιμὴ τὰς μὲν ἐλαφρῶς φιλοτίμους φύσεις πρωιαίτερον παραγενομένη σβέννυσι, καὶ ἀποπίμπλησι ταχὺ τὸ διψῶδες αὐτῶν καὶ ἀψίκορον· τὰ δ' ἐμβριθῆ καὶ βέβαια φρονήματα κινοῦσιν αἱ τιμαὶ καὶ λαμπρύνουσιν, ὥσπερ ὑπὸ πνεύματος ἐγειρόμενα [2] πρὸς τὸ φαινόμενον καλόν. οὐ γὰρ ὡς μισθὸν ἀπολαμβάνοντες, ἀλλ' ὡς ἐνέχυρον διδόντες, αἰσχύνονται τὴν δόξαν ἐγκαταλιπεῖν καὶ μὴ τοῖς αὖθις ἔργοις ὑπερβαλέσθαι.

[3] τοῦτο παθὼν καὶ ὁ Μάρκιος αὐτὸς αὑτῷ ζῆλον ἀνδραγαθίας προὔθετο, καινός τ' ἀεὶ βουλόμενος εἶναι ταῖς πράξεσιν, ἀριστείαις ἀριστείας συνῆπτε καὶ λάφυρα λαφύροις ἐπέφερε, καὶ τοῖς προτέροις ἀεὶ τοὺς ὑστέρους

ἡγεμόνας εἶχε [περὶ] τιμὰς τὰς ἐκείνου καὶ μαρτυρίας ἐρίζοντας [4] ὑπερβαλέσθαι. πολλῶν γέ τοι τότε Ῥωμαίοις ἀγώνων καὶ πολέμων γενομένων ἐξ οὐδενὸς ἀστεφάνωτος ἐπανῆλθεν [5] οὐδ’ ἀγέραστος. ἦν δὲ τοῖς μὲν ἄλλοις ἡ δόξα τῆς ἀρετῆς τέλος, ἐκείνῳ δὲ τῆς δόξης ἡ τῆς μητρὸς εὐφροσύνη. τὸ γὰρ ἐκείνην ἐπαινούμενον ἀκοῦσαι καὶ στεφανούμενον ἰδεῖν καὶ περιβαλεῖν δακρύουσαν ὑφ’ ἡδονῆς ἐντιμότατον [6] αὑτὸν ἐνόμιζε ποιεῖν καὶ μακαριώτατον. τοῦτο δ’ ἀμέλει καὶ τὸν Ἐπαμεινώνδαν φασὶν ἐξομολογήσασθαι τὸ πάθος, εὐτυχίαν ποιούμενον ἑαυτοῦ μεγίστην, ὅτι τὴν ἐν Λεύκτροις στρατηγίαν αὐτοῦ καὶ νίκην ὁ πατὴρ καὶ ἡ μήτηρ ἔτι ζῶντες [7] ἐπεῖδον. ἀλλ’ ἐκεῖνος μὲν ἀμφοτέρων ἀπέλαυσε τῶν γονέων συνηδομένων καὶ συνευημερούντων, Μάρκιος δὲ τῇ μητρὶ καὶ τὰς τοῦ πατρὸς ὀφείλειν χάριτας οἰόμενος, οὐκ ἐνεπίμπλατο τὴν Οὐολουμνίαν εὐφραίνων καὶ τιμῶν, ἀλλὰ καὶ γυναῖκα βουλομένης καὶ δεομένης ἐκείνης ἔγημε, καὶ τὴν οἰκίαν ᾤκει γενομένων παίδων ὁμοῦ μετὰ τῆς μητρός.

[5] [1] Ἤδη δὲ καὶ δόξαν αὐτοῦ καὶ δύναμιν ἀπὸ τῆς ἀρετῆς ἐν τῇ πόλει μεγάλην ἔχοντος, ἡ βουλὴ τοῖς πλουσίοις ἀμύνουσα πρὸς τὸν δῆμον ἐστασίασε, πολλὰ καὶ δεινὰ [2] πάσχειν ὑπὸ τῶν δανειστῶν δοκοῦντα. τοὺς μὲν γὰρ κεκτημένους μέτρια πάντων ἀφῃροῦντο τῶν ὄντων ἐνεχυρασμοῖς καὶ πράσεσι, τοὺς δὲ παντελῶς ἀπόρους αὐτοὺς ἀπῆγον, καὶ τὰ σώματα καθείργνυσαν αὐτῶν ὠτειλὰς ἔχοντα τετρωμένων πολλάκις καὶ πεπονηκότων ἐν ταῖς ὑπὲρ τῆς πατρίδος στρατείαις, ὧν τὴν τελευταίαν ἐδέξαντο πρὸς Σαβίνους, τῶν τε πλουσίων ἐπαγγειλαμένων μετριάσειν καὶ τῆς βουλῆς τὸν ἄρχοντα Μάνιον Οὐαλέριον ἐγγυήσασθαι [3] ψηφισαμένης. ἐπεὶ δὲ κἀκείνην ἀγωνισαμένοις τὴν μάχην προθύμως καὶ κρατήσασι τῶν πολεμίων οὐδὲν ἐγίνετο παρὰ τῶν δανειστῶν ἐπιεικές, οὐδ’ ἡ βουλὴ προσεποιεῖτο μεμνῆσθαι τῶν ὡμολογημένων, ἀλλ’ ἀγομένους πάλιν περιεώρα καὶ ῥυσιαζομένους, θόρυβοι δὲ καὶ συστάσεις ἦσαν ἐν τῇ πόλει πονηραί, καὶ τοὺς πολεμίους οὐκ ἔλαθε ταραχωδῶς ἔχων ὁ δῆμος, ἀλλ’ ἐμβαλόντες ἐπυρπόλουν τὴν χώραν, τῶν δ’ ἀρχόντων εἰς τὰ ὅπλα τοὺς ἐν ἡλικίᾳ καλούντων οὐδεὶς ὑπήκουεν, οὕτω διέστησαν αἱ [4] γνῶμαι πάλιν τῶν ἐν τέλει, καί τινες μὲν ᾤοντο δεῖν ὑφέσθαι τοῖς πένησι καὶ χαλάσαι τὸ σύντονον ἄγαν καὶ νόμιμον, ἔνιοι δ’ ἀντέτεινον, ὧν ἦν καὶ Μάρκιος, οὐ τὸ τῶν χρημάτων μέγιστον ἡγούμενος, ἀρχὴν δὲ καὶ πεῖραν ὕβρεως ὄχλου καὶ θρασύτητος ἐπανισταμένου τοῖς νόμοις, εἰ σωφρονοῦσι, παύειν καὶ σβεννύναι παρακελευόμενος.

[6] [1] Συνιούσης δὲ περὶ τούτων πολλάκις ἐν ὀλίγῳ χρόνῳ τῆς βουλῆς καὶ μηδὲν τέλος ἐκφερούσης, συστάντες οἱ πένητες ἄφνω καὶ παρακαλέσαντες ἀλλήλους ἀπέλιπον τὴν πόλιν, καὶ καταλαβόντες ὄρος ὃ νῦν ἱερὸν καλεῖται

παρὰ τὸν Ἀνίωνα ποταμὸν ἐκαθέζοντο, πράττοντες μὲν οὐδὲν βίαιον οὐδὲ στασιαστικόν, ἐκπεπτωκέναι δὲ τῆς πόλεως ὑπὸ τῶν πλουσίων πάλαι βοῶντες, ἀέρα δὲ καὶ ὕδωρ καὶ τόπον ἐνταφῆναι πανταχοῦ τὴν Ἰταλίαν αὐτοῖς παρέξειν, ὧν πλέον οὐδὲν οἰκοῦσι τὴν Ῥώμην ὑπάρχειν αὐτοῖς, ἀλλ᾽ ἢ τιτρώσκεσθαι καὶ ἀποθνῄσκειν ὑπὲρ τῶν πλουσίων [2] στρατευομένοις. ταῦτ᾽ ἔδεισεν ἡ βουλή, καὶ τοὺς ἐπιεικεῖς μάλιστα καὶ δημοτικοὺς τῶν πρεσβυτέρων ἐξαπέστειλε.

[3] προηγόρει δὲ Μενήνιος Ἀγρίππας, καὶ πολλὰ μὲν τοῦ δήμου δεόμενος, πολλὰ δ᾽ ὑπὲρ τῆς βουλῆς παρρησιαζόμενος, τελευτῶντι τῷ λόγῳ περιῆλθεν εἰς σχῆμα [4] μύθου διαμνημονευόμενον. ἔφη γὰρ ἀνθρώπου τὰ μέλη πάντα πρὸς τὴν γαστέρα στασιάσαι καὶ κατηγορεῖν αὐτῆς, ὡς μόνης ἀργοῦ καὶ ἀσυμβόλου καθεζομένης ἐν τῷ σώματι, τῶν δ᾽ ἄλλων εἰς τὰς ἐκείνης ὀρέξεις πόνους τε μεγάλους καὶ λειτουργίας ὑπομενόντων· τὴν δὲ γαστέρα τῆς εὐηθείας αὐτῶν καταγελᾶν, ἀγνοούντων ὅτι τὴν τροφὴν ὑπολαμβάνει μὲν εἰς αὑτὴν ἅπασαν, ἀναπέμπει δ᾽ αὖθις ἐξ [5] αὑτῆς καὶ διανέμει τοῖς ἄλλοις. οὗτος οὖν ἔφη καὶ τῆς συγκλήτου λόγος ἐστὶν ὦ πολῖται πρὸς ὑμᾶς· τὰ γὰρ ἐκεῖ τυγχάνοντα τῆς προσηκούσης οἰκονομίας βουλεύματα καὶ πράγματα πᾶσιν ὑμῖν ἐπιφέρει καὶ διανέμει τὸ χρήσιμον καὶ ὠφέλιμον.

[7] [1] Ἐκ τούτου διηλλάγησαν, αἰτησάμενοι παρὰ τῆς βουλῆς καὶ τυχόντες ἄνδρας αἱρεῖσθαι πέντε προστάτας τῶν δεομένων βοηθείας, τοὺς νῦν δημάρχους καλουμένους.

[2] εἵλοντο δὲ πρώτους οἷς ἐχρήσαντο καὶ τῆς ἀποστάσεως ἡγεμόσι, τοὺς περὶ Βροῦτον Ἰούνιον καὶ Σικίννιον Βελλοῦτον.

[3] ἐπεὶ δ᾽ ἡ πόλις εἰς ἓν ἦλθεν, εὐθὺς ἐν τοῖς ὅπλοις ἦσαν οἱ πολλοὶ καὶ παρεῖχον αὑτοὺς τοῖς ἄρχουσι χρῆσθαι προθύμως [4] ἐπὶ τὸν πόλεμον. ὁ δὲ Μάρκιος, οὔτ᾽ αὐτὸς ἡδόμενος οἷς ὁ δῆμος ἴσχυσεν ἐνδούσης τῆς ἀριστοκρατίας, καὶ τῶν ἄλλων πατρικίων πολλοὺς ὁρῶν τὸ αὐτὸ πεπονθότας, ὅμως παρεκάλει μὴ ἀπολείπεσθαι τῶν δημοτικῶν ἐν τοῖς περὶ τῆς πατρίδος ἀγῶσιν, ἀλλὰ τῇ ἀρετῇ μᾶλλον ἢ τῇ δυνάμει φαίνεσθαι διαφέροντας αὐτῶν.

[8] [1] Ἐν δὲ τῷ Οὐολούσκων ἔθνει, πρὸς οὓς ἐπολέμουν, ἡ Κοριολανῶν πόλις ἀξίωμα μέγιστον εἶχε. ταύτην οὖν τοῦ ὑπάτου Κομινίου περιστρατοπεδεύσαντος, οἱ λοιποὶ Οὐολοῦσκοι δείσαντες ἐπὶ τοὺς Ῥωμαίους συνεβοήθουν πανταχόθεν, ὡς πρὸς τῇ πόλει ποιησόμενοι μάχην καὶ [2] διχόθεν ἐπιχειρήσοντες αὐτοῖς. ἐπεὶ δ᾽ ὁ Κομίνιος διελὼν τὴν δύναμιν, αὐτὸς μὲν ἀπήντα τοῖς ἔξωθεν ἐπιοῦσι τῶν Οὐολούσκων, Λάρκιον δὲ Τίτον, ἄνδρα Ῥωμαίων ἐν τοῖς ἀρίστοις, ἐπὶ τῆς πολιορκίας κατέλιπε, καταφρονήσαντες οἱ Κοριολανοὶ τῶν παρόντων ἐπεξῆλθον, καὶ προσμαχόμενοι τὸ πρῶτον

ἐκράτουν καὶ κατεδίωκον εἰς τὸν χάρακα [3] τοὺς Ῥωμαίους. ἔνθα δὴ Μάρκιος ἐκδραμὼν σὺν ὀλίγοις καὶ καταβαλὼν τοὺς προσμείξαντας αὐτῷ μάλιστα, τοὺς δ’ ἄλλους στήσας ἐπιφερομένους, ἀνεκαλεῖτο μεγάλῃ βοῇ τοὺς Ῥωμαίους. καὶ γὰρ ἦν, ὥσπερ ἠξίου τὸν στρατιώτην ὁ Κάτων, οὐ χειρὶ καὶ πληγῇ μόνον, ἀλλὰ καὶ τόνῳ φωνῆς καὶ ὄψει προσώπου φοβερὸς ἐντυχεῖν πολεμίῳ καὶ δυσυπόστατος. ἀθροιζομένων δὲ πολλῶν καὶ συνισταμένων [4] περὶ αὐτόν, ἀπεχώρουν οἱ πολέμιοι δείσαντες. ὁ δ’ οὐκ ἠγάπησεν, ἀλλ’ ἐπηκολούθει καὶ συνήλαυνεν ἤδη προτροπάδην [5] φεύγοντας ἄχρι τῶν πυλῶν. ἐκεῖ δ’ ὁρῶν ἀποτρεπομένους τοῦ διώκειν τοὺς Ῥωμαίους, πολλῶν μὲν ἀπὸ τοῦ τείχους βελῶν προσφερομένων, τὸ δὲ συνεισπεσεῖν τοῖς φεύγουσιν εἰς πόλιν ἀνδρῶν πολεμικῶν γέμουσαν ἐν τοῖς ὅπλοις ὄντων οὐδενὸς εἰς νοῦν ἐμβαλέσθαι τολμῶντος, ὅμως ἐπιστὰς παρεκάλει καὶ παρεθάρρυνεν, ἀνεῷχθαι βοῶν ὑπὸ τῆς τύχης τοῖς διώκουσι μᾶλλον ἢ [6] τοῖς φεύγουσι τὴν πόλιν. οὐ πολλῶν δὲ βουλομένων ἐπακολουθεῖν, ὠσάμενος διὰ τῶν πολεμίων ἐνήλατο ταῖς πύλαις καὶ συνεισέπεσε, μηδενὸς τὸ πρῶτον ἀντισχεῖν μηδ’ ὑποστῆναι τολμήσαντος· ἔπειτα δ’, ὡς κατεῖδον ὀλίγους παντάπασιν ἔνδον ὄντας, συμβοηθούντων καὶ προσμαχομένων, ἀναμεμειγμένος ὁμοῦ φίλοις καὶ πολεμίοις ἄπιστον ἀγῶνα λέγεται καὶ χειρὸς ἔργοις καὶ ποδῶν τάχεσι καὶ τολμήμασι ψυχῆς ἀγωνιζόμενος ἐν τῇ πόλει καὶ κρατῶν ἁπάντων πρὸς οὓς ὀρούσειε, τοὺς μὲν ἐξῶσαι πρὸς τὰ ἔσχατα μέρη, τῶν δ’ ἀπειπαμένων καὶ καταβαλόντων τὰ ὅπλα πολλὴν ἄδειαν τῷ Λαρκίῳ παρασχεῖν, ἔξωθεν ἐπάγοντι τοὺς Ῥωμαίους.

[9] [1] Οὕτω δὲ τῆς πόλεως ἁλούσης καὶ τῶν πλείστων ἐν ἁρπαγαῖς εὐθὺς ὄντων καὶ διαφορήσεσι χρημάτων, ὁ Μάρκιος ἠγανάκτει καὶ ἐβόα, δεινὸν ἡγούμενος, τοῦ ὑπάτου καὶ τῶν σὺν ἐκείνῳ πολιτῶν τάχα που συμπεπτωκότων τοῖς πολεμίοις καὶ διαμαχομένων, αὐτοὺς χρηματίζεσθαι περιιόντας ἢ προφάσει χρηματισμοῦ τὸν κίνδυνον ἀποδιδράσκειν.

[2] ἐπεὶ δ’ οὐ πολλοὶ προσεῖχον αὐτῷ, τοὺς βουλομένους ἀναλαβὼν ἐβάδιζε τὴν ὁδὸν ᾗ τὸ στράτευμα προκεχωρηκὸς ᾐσθάνετο, πολλάκις μὲν ἐποτρύνων τοὺς σὺν αὐτῷ καὶ παρακαλῶν μὴ ἐνδιδόναι, πολλάκις δὲ τοῖς θεοῖς εὐχόμενος μὴ ἀπολειφθῆναι τῆς μάχης, ἀλλ’ εἰς καιρὸν ἐλθεῖν ἐν ᾧ συναγωνιεῖται καὶ συγκινδυνεύσει τοῖς [3] πολίταις. ἦν δὲ τότε τοῖς Ῥωμαίοις ἔθος εἰς τάξιν καθισταμένοις καὶ μέλλουσι τοὺς θυρεοὺς ἀναλαμβάνειν περιζώννυσθαι τὴν τήβεννον ἅμα καὶ διαθήκας ἀγράφους τίθεσθαι, τριῶν ἢ τεσσάρων ἐπακουόντων ὀνομάζοντας [4] τὸν κληρονόμον. ταῦτα δὴ πράττοντας ἤδη τοὺς στρατιώτας ὁ Μάρκιος ἐν ὄψει τῶν πολεμίων ὄντων κατελάμβανε.

[5] καὶ τὸ μὲν πρῶτον ἐνίους διετάραξεν, ὀφθεὶς μετ’ ὀλίγων αἵματος περίπλεως καὶ ἱδρῶτος· ἐπεὶ δὲ προσδραμὼν τῷ ὑπάτῳ περιχαρὴς τὴν δεξιὰν ἐνέβαλε καὶ τῆς πόλεως ἀπήγγειλε τὴν ἅλωσιν, ὁ δὲ Κομίνιος περιεπτύξατο αὐτὸν καὶ κατησπάσατο, τοῖς μὲν πυθομένοις τὸ γεγενημένον κατόρθωμα, τοῖς δ’ εἰκάσασι, θάρσος παρέστη, [6] καὶ βοῇ παρεκάλουν ἄγειν καὶ συνάπτειν. ὁ δὲ Μάρκιος ἠρώτησε τὸν Κομίνιον, πῶς διακεκόσμηται τὰ τῶν πολεμίων ὅπλα καὶ ποῦ τέτακται τὸ μαχιμώτατον. ἐκείνου δὲ φήσαντος οἴεσθαι τὰς κατὰ μέσον σπείρας Ἀντιατῶν εἶναι, πολεμικωτάτων καὶ μηδενὶ φρονήματος ὑφιεμένων, ἀξιῶ σε τοίνυν ὁ Μάρκιος ἔφη καὶ αἰτοῦμαι, κατὰ τούτους τάξον ἡμᾶς τοὺς ἄνδρας. ἔδωκεν οὖν ὁ [7] ὕπατος, θαυμάσας αὐτοῦ τὸ πρόθυμον. ὡς δ’ ἦσαν ἐμβολαὶ δοράτων καὶ τοῦ Μαρκίου προεκδραμόντος οὐκ ἀντέσχον οἱ κατὰ στόμα τῶν Οὐολούσκων, ἀλλ’ ᾧ προσέμειξε μέρει τῆς φάλαγγος, εὐθὺς διεκέκοπτο, τῶν δ’ ἑκατέρωθεν ἐπιστρεφόντων καὶ περιλαμβανόντων τοῖς ὅπλοις τὸν ἄνδρα, δείσας ὁ ὕπατος τοὺς κρατίστους τῶν περὶ αὐτὸν [8] ἐξέπεμψεν. ἰσχυρᾶς δὲ περὶ τὸν Μάρκιον μάχης γενομένης καὶ πολλῶν ἐν ὀλίγῳ νεκρῶν πεσόντων, ἐγκείμενοι καὶ καταβιαζόμενοι τοὺς πολεμίους ἐώσαντο, καὶ τρεπόμενοι πρὸς δίωξιν αὐτὸν τὸν Μάρκιον ἠξίουν, ὑπό τε καμάτου βαρὺν ὄντα καὶ τραυμάτων, ἀναχωρεῖν ἐπὶ τὸ στρατόπεδον.

[9] εἰπὼν δ’ ἐκεῖνος ὅτι νικώντων οὐκ ἔστι τὸ κάμνειν, ἐφείπετο τοῖς φεύγουσιν. ἡττήθη δὲ καὶ τὸ λοιπὸν στράτευμα, πολλῶν μὲν διαφθαρέντων, πολλῶν δ’ ἁλόντων.

[10] [1] Τῇ δ’ ὑστεραίᾳ τοῦ Λαρκίου παραγενομένου καὶ τῶν ἄλλων ἀθροιζομένων πρὸς τὸν ὕπατον, ἀναβὰς ἐπὶ τὸ βῆμα καὶ τοῖς θεοῖς τὴν πρέπουσαν ἀποδοὺς ἐπὶ τηλικούτοις κατορθώμασιν εὐφημίαν, πρὸς τὸν Μάρκιον τρέπεται.

[2] καὶ πρῶτον μὲν αὐτοῦ θαυμαστὸν ἔπαινον εἶπε, τῶν μὲν αὐτὸς ἐν τῇ μάχῃ γεγονὼς θεατής, τὰ δὲ τοῦ [3] Λαρκίου μαρτυροῦντος. ἔπειτα πολλῶν χρημάτων καὶ ὅπλων καὶ ἵππων καὶ ἀνθρώπων γεγονότων αἰχμαλώτων, ἐκέλευσεν αὐτὸν ἐξελέσθαι δέκα πάντα πρὸ τοῦ νέμειν τοῖς ἄλλοις. ἄνευ δ’ ἐκείνων ἀριστεῖον αὐτῷ κεκοσμημένον [4] ἵππον ἐδωρήσατο. τῶν δὲ Ῥωμαίων ἐπαινεσάντων, ὁ Μάρκιος προελθών, τὸν μὲν ἵππον ἔφη δέχεσθαι καὶ χαίρειν τοῖς ἐπαίνοις τοῦ ἄρχοντος, τὰ δ’ ἄλλα μισθόν, οὐ τιμὴν ἡγούμενος ἐᾶν, καὶ ἀγαπήσειν ὡς εἷς ἕκαστος τὴν νέμησιν. ἐξαίρετον δὲ μίαν αἰτοῦμαι χάριν ἔφη καὶ [5] δέομαι λαβεῖν. ἦν μοι ξένος ἐν Οὐολούσκοις καὶ φίλος, ἀνὴρ ἐπιεικὴς καὶ μέτριος· οὗτος ἑάλωκε νῦν καὶ γέγονεν ἐκ πλουσίου καὶ μακαρίου δοῦλος. πολλῶν οὖν αὐτῷ κακῶν [6] παρόντων ἓν ἀφελεῖν ἀρκεῖ, τὴν πρᾶσιν.

ἐπὶ τούτοις λεχθεῖσι βοή τε μείζων ἀπήντησε τῷ Μαρκίῳ, καὶ πλέονες οἱ θαυμάζοντες ἐγένοντο τὸ μὴ κρατούμενον ὑπὸ χρημάτων τἀνδρὸς ἢ τὴν ἐν τοῖς πολέμοις ἀνδραγαθίαν.

[7] καὶ γὰρ οἷς φθόνου τι καὶ ζήλου πρὸς αὐτὸν ὑπέκειτο τιμώμενον ἐκπρεπῶς, κἀκείνοις τότε τοῦ λαβεῖν μεγάλα τῷ μὴ λαβεῖν ἄξιος ἔδοξε, καὶ μᾶλλον αὐτοῦ τὴν ἀρετὴν ἠγάπησαν, ἀφ' ἧς κατεφρόνει τηλικούτων, ἢ δι' ἣν ἠξιοῦτο.

[8] τὸ μὲν γὰρ εὖ χρῆσθαι χρήμασι κάλλιόν ἐστιν ἢ ὅπλοις, τοῦ δὲ χρῆσθαι τὸ μὴ δεῖσθαι χρημάτων σεμνότερον.

[11] [1] Ἐπεὶ δ' ἐπαύσατο βοῆς καὶ θορύβου τὸ πλῆθος, ὑπολαβὼν ὁ Κομίνιος ἀλλ' ἐκείνας μέν εἶπεν ὦ συστρατιῶται τὰς δωρεὰς οὐ δύνασθε βιάζεσθαι μὴ δεχόμενον τὸν ἄνδρα μηδὲ βουλόμενον λαβεῖν· ἣν δ' οὐκ ἔστιν ἐπὶ τούτῳ διδομένην ἀπώσασθαι, δῶμεν αὐτῷ καὶ ψηφισώμεθα καλεῖσθαι Κοριολανόν, εἰ μὴ καὶ πρὸ ἡμῶν ἡ [2] πρᾶξις αὐτὴ τοῦτο δέδωκεν. ἐκ τούτου τρίτον ἔσχεν ὄνομα τὸν Κοριολανόν. ᾧ καὶ μάλιστα δῆλόν ἐστιν, ὅτι τῶν ὀνομάτων ἴδιον ἦν ὁ Γάιος, τὸ δὲ δεύτερον οἰκίας ἢ γένους κοινὸν ὁ Μάρκιος· τῷ τρίτῳ δ' ὕστερον ἐχρήσαντο πράξεώς τινος ἢ τύχης ἢ ἰδέας ἢ ἀρετῆς ἐπιθέτῳ, καθάπερ Ἕλληνες ἐτίθεντο πράξεως μὲν ἐπώνυμον τὸν Σωτῆρα καὶ τὸν Καλλίνικον, ἰδέας δὲ τὸν Φύσκωνα καὶ τὸν Γρυπόν, ἀρετῆς δὲ τὸν Εὐεργέτην καὶ τὸν Φιλάδελφον, εὐτυχίας [3] δὲ τὸν Εὐδαίμονα τῷ δευτέρῳ τῶν Βάττων. ἐνίοις δὲ τῶν βασιλέων καὶ σκώμματα παρέσχεν ἐπικλήσεις, ὡς [4] Ἀντιγόνῳ τὸν Δώσωνα καὶ Πτολεμαίῳ τὸν Λάθυρον. ἐπὶ πλέον δὲ τῷ γένει τούτῳ καὶ Ῥωμαῖοι κέχρηνται, Διαδήματόν τινα τῶν Μετέλλων καλέσαντες, ὅτι πολὺν χρόνον ἕλκος ἔχων περιενόστει διαδεδεμένος τὸ μέτωπον, ἕτερον δὲ Κέλερα, σπεύσαντα μεθ' ἡμέρας ὀλίγας τῆς τοῦ πατρὸς τελευτῆς ἐπιταφίους μονομάχων ἀγῶνας παρασχεῖν, τὸ τάχος καὶ τὴν ὀξύτητα τῆς παρασκευῆς θαυμάσαντες.

[5] ἐνίους δ' ‹ἐπὶ› συντυχίᾳ γενέσεως μέχρι νῦν καλοῦσι, Πρόκλον μέν, ἐὰν ἀποδημοῦντος πατρὸς γένηται, καὶ Πόστουμον, ἂν τεθνηκότος· ᾧ δ' ἂν διδύμῳ γενομένῳ συμβῇ περιβιῶναι θατέρου τελευτήσαντος, Οὐοπίσκον.

[6] τῶν δὲ σωματικῶν οὐ μόνον Σύλλας οὐδὲ Νίγρους οὐδὲ Ῥούφους, ἀλλὰ καὶ Καίκους καὶ Κλωδίους ἐπωνυμίας τίθενται, καλῶς ἐθίζοντες μήτε τυφλότητα μήτ' ἄλλην τινὰ σωματικὴν ἀτυχίαν ὄνειδος ἡγεῖσθαι μηδὲ λοιδορίαν, ἀλλ' ὡς οἰκείοις ὑπακούειν ὀνόμασιν. ἀλλὰ ταῦτα μὲν ἑτέρῳ γένει γραφῆς προσήκει.

[12] [1] Παυσαμένῳ δὲ τῷ πολέμῳ τὴν στάσιν ἐπήγειρον αὖθις οἱ δημαγωγοί, καινὴν μὲν οὐδεμίαν αἰτίαν ἔχοντες οὐδ' ἔγκλημα δίκαιον, ἃ δὲ ταῖς

προτέραις αὐτῶν διαφοραῖς καὶ ταραχαῖς ἀναγκαίως ἐπηκολούθησε κακά, ταῦτα [2] ποιούμενοι πρόφασιν ἐπὶ τοὺς πατρικίους. ἄσπορος γὰρ ἡ πλείστη καὶ ἀγεώργητος ἀπελείφθη τῆς χώρας, ἀγορᾶς δ’ ἐπεισάκτου παρασκευὴν διὰ τὸν πόλεμον ὁ καιρὸς [3] οὐκ ἔδωκεν. ἰσχυρᾶς οὖν ἀπορίας γενομένης, ὁρῶντες οἱ δημαγωγοὶ μήτ’ ἀγορὰν ἔχοντα μήτ’, εἰ παρῆν ἀγορά, χρημάτων εὐποροῦντα τὸν δῆμον, ἐνέβαλλον λόγους καὶ διαβολὰς κατὰ τῶν πλουσίων, ὡς ἐκεῖνοι τὸν λιμὸν ἐπάγοιεν [4] αὐτοῖς ὑπὸ μνησικακίας. ἐκ δὲ τῶν Οὐελιτρανῶν ἧκε πρεσβεία, τὴν πόλιν παραδιδόντων καὶ δεομένων ἀπ’ αὐτῶν ἀποίκους ἀποστέλλειν. νόσος γὰρ ἐμπεσοῦσα λοιμώδης αὐτοῖς τοσοῦτον ὄλεθρον καὶ φθορὰν ἀπειργάσατο τῶν ἀνθρώπων, ὥστε μόλις τὸ δέκατον τοῦ παντὸς ἀπολειφθῆναι [5] μέρος. ἔδοξεν οὖν τοῖς νοῦν ἔχουσιν εἰς δέον γεγονέναι καὶ κατὰ καιρὸν ἡ χρεία τῶν Οὐελιτρανῶν, διά τε τὴν ἀπορίαν κουφισμοῦ δεομένοις, καὶ τὴν στάσιν ἅμα σκεδάσειν ἤλπιζον, εἰ τὸ θορυβοῦν μάλιστα καὶ συνεπηρμένον τοῖς δημαγωγοῖς ὥσπερ περίσσωμα τῆς πόλεως νοσερὸν [6] καὶ ταραχῶδες ἀποκαθαρθείη. τούτους τε δὴ καταλέγοντες εἰς τὴν ἀποικίαν ἐξέπεμπον οἱ ὕπατοι, καὶ στρατείαν ἐπήγγελλον ἑτέροις ἐπὶ τοὺς Οὐολούσκους, ἀσχολίαν τε τῶν ἐμφυλίων μηχανώμενοι θορύβων, καὶ νομίζοντες ἐν ὅπλοις καὶ στρατοπέδῳ καὶ κοινοῖς ἀγῶσιν αὖθις γενομένους πλουσίους ὁμοῦ καὶ πένητας καὶ δημοτικοὺς καὶ πατρικίους ἡμερώτερον διατεθῆναι πρὸς ἀλλήλους καὶ ἥδιον.

[13] [1] Ἐνίσταντο δ’ οἱ περὶ Σικίννιον καὶ Βροῦτον δημαγωγοί, βοῶντες ἔργον ὠμότατον αὐτοὺς τῷ πρᾳοτάτῳ τῶν ὀνομάτων ἀποικίαν προσαγορεύσαντας ἀνθρώπους πένητας ὥσπερ εἰς βάραθρον ὠθεῖν, ἐκπέμποντας εἰς πόλιν ἀέρος τε νοσεροῦ καὶ νεκρῶν ἀτάφων γέμουσαν, [2] ἀλλοτρίῳ δαίμονι καὶ παλαμναίῳ συνοικιζομένους, εἶθ’, ὥσπερ οὐκ ἀρκουμένους τοὺς μὲν ὑπὸ λιμοῦ διολλύναι τῶν πολιτῶν, τοὺς δὲ λοιμῷ προσβάλλειν, ἔτι καὶ πόλεμον αὐθαίρετον προσάγειν, ὅπως μηδὲν κακὸν ἀπῇ τῆς πόλεως, [3] ὅτι δουλεύουσα τοῖς πλουσίοις ἀπεῖπε. τοιούτων ἀναπιμπλάμενος λόγων ὁ δῆμος οὔτε τῷ καταλόγῳ προσῄει [4] τῶν ὑπάτων, πρός τε τὴν ἀποικίαν διεβέβλητο. τῆς δὲ βουλῆς διαπορουμένης, ὁ Μάρκιος ἤδη μεστὸς ὢν ὄγκου καὶ μέγας γεγονὼς τῷ φρονήματι καὶ θαυμαζόμενος ὑπὸ τῶν κρατίστων, φανερὸς ἦν μάλιστα τοῖς δημαγωγοῖς ἀνθιστάμενος.

[5] καὶ τὴν μὲν ἀποικίαν ἀπέστειλαν, ἐπιτιμίοις μεγάλοις τοὺς λαχόντας ἐξελθεῖν ἀναγκάσαντες· πρὸς δὲ τὴν στρατείαν παντάπασιν ἀπαγορευόντων, αὐτὸς ὁ Μάρκιος τούς τε πελάτας ἀναλαβὼν καὶ τῶν ἄλλων ὅσους [6] ἔπεισε, κατέδραμε τὴν Ἀντιατῶν χώραν, καὶ πολὺν μὲν σῖτον εὑρών, πολλῇ δὲ λείᾳ θρεμμάτων καὶ ἀνδραπόδων περιτυχών, αὐτῷ μὲν οὐδὲν ἐξείλετο, τοὺς δὲ

συστρατευσαμένους πολλὰ μὲν ἄγοντας ἔχων, πολλὰ δὲ φέροντας, ἐπανῆλθεν εἰς τὴν Ῥώμην, ὥστε τοὺς ἄλλους μεταμελομένους καὶ φθονήσαντας τοῖς εὐπορήσασιν ἄχθεσθαι τῷ Μαρκίῳ καὶ βαρύνεσθαι τὴν δόξαν αὐτοῦ καὶ τὴν δύναμιν ὡς ἐπὶ τὸν δῆμον αὐξομένην.

[14] [1] Ὀλίγου δὲ χρόνου μετῄει μὲν ὑπατείαν ὁ Μάρκιος, ἐκάμπτοντο δ’ οἱ πολλοί, καὶ τὸν δῆμον αἰδώς τις εἶχεν ἄνδρα καὶ γένει καὶ ἀρετῇ πρῶτον ἀτιμάσαι καὶ καταβαλεῖν [2] ἐπὶ τοσούτοις καὶ τηλικούτοις εὐεργετήμασι. καὶ γὰρ ἔθος ἦν τοῖς μετιοῦσι τὴν ἀρχὴν παρακαλεῖν καὶ δεξιοῦσθαι τοὺς πολίτας, ἐν ἱματίῳ κατιόντας εἰς τὴν ἀγορὰν ἄνευ χιτῶνος, εἴτε μᾶλλον ἐκταπεινοῦντας ἑαυτοὺς τῷ σχήματι πρὸς τὴν δέησιν, εἴτε δεικνύντας, οἷς ἦσαν ὠτειλαί, [3] προφανῆ τὰ σύμβολα τῆς ἀνδρείας. οὐ γὰρ ὑποψίᾳ δήπου διανομῆς ἀργυρίου καὶ δεκασμῶν ἄζωστον ἐβούλοντο προσιέναι καὶ ἀχίτωνα τοῖς πολίταις τὸν δεόμενον αὐτῶν· ὀψὲ γὰρ μετὰ πολὺν χρόνον ὠνὴ καὶ πρᾶσις ἐπεισῆλθε καὶ συνεμίγη ταῖς ἐκκλησιαστικαῖς ψήφοις ἀργύριον.

[4] ἐκ δὲ τούτου καὶ δικαστῶν θιγοῦσα καὶ στρατοπέδων ἡ δωροδοκία περιέστησεν εἰς μοναρχίαν τὴν πόλιν, [5] ἐξανδραποδισαμένη τὰ ὅπλα τοῖς χρήμασιν. οὐ γὰρ κακῶς ἔοικεν εἰπεῖν ὁ εἰπὼν ὅτι πρῶτος κατέλυσε τὸν δῆμον ὁ πρῶτος ἑστιάσας καὶ δεκάσας. φαίνεται δὲ κρύφα καὶ κατὰ μικρὸν ὑπορρέον οὐκ εὐθὺς ἔκδηλον ἐν Ῥώμῃ γενέσθαι τὸ [6] κακόν. οὐ γὰρ ἴσμεν ὅστις ἦν ὁ δεκάσας πρῶτος ἐν Ῥώμῃ δῆμον ἢ δικαστήριον· Ἀθήνησι δὲ λέγεται πρῶτος ἀργύριον δοῦναι δικασταῖς Ἄνυτος ὁ Ἀνθεμίωνος, προδοσίας περὶ Πύλου κρινόμενος ἐν τοῖς Πελοποννησιακοῖς ἤδη τελευτῶσιν, ὁπηνίκα τὸ χρυσοῦν ἔτι γένος καὶ ἀκήρατον ἐν Ῥώμῃ τὴν ἀγορὰν κατεῖχεν.

[15] [1] Ἀλλὰ τοῦ γε Μαρκίου πολλὰς ὑποφαίνοντος ὠτειλὰς ἀπὸ πολλῶν ἀγώνων, ἐν οἷς ἐπρώτευεν ἑπτακαίδεκα ἔτη συνεχῶς στρατευόμενος, ἐδυσωποῦντο τὴν ἀρετὴν καὶ [2] λόγον ἀλλήλοις ἐδίδοσαν ὡς ἐκεῖνον ἀποδείξοντες. ἐπεὶ δὲ τῆς ἡμέρας ἐν ᾗ τὴν ψῆφον ἔδει φέρειν ἐνστάσης ὁ Μάρκιος εἰς ἀγορὰν ἐνέβαλε σοβαρός, ὑπὸ τῆς βουλῆς προπεμπόμενος, καὶ πάντες οἱ πατρίκιοι περὶ αὐτὸν ἐγένοντο φανεροὶ πρὸς μηδέν’ οὕτω μηδέποτε σπουδάσαντες, ἐξέπεσον αὖθις οἱ πολλοὶ τῆς πρὸς αὐτὸν εὐνοίας, [3] εἰς τὸ νεμεσᾶν καὶ φθονεῖν ὑποφερόμενοι. προσῆν δὲ τῷ πάθει τούτῳ καὶ δέος, εἰ γένοιτο τῆς ἀρχῆς κύριος ἀνὴρ ἀριστοκρατικὸς καὶ τοσοῦτον ἔχων ἐν τοῖς πατρικίοις ἀξίωμα, μὴ παντάπασιν ἀφέλοιτο τοῦ δήμου τὴν ἐλευθερίαν. οὕτω δὴ φρονήσαντες ἀπεψηφίσαντο τὸν Μάρκιον.

[4] ὡς δ’ ἀνηγορεύθησαν ἕτεροι, βαρέως μὲν ἤνεγκεν ἡ βουλή, δοκοῦσα προπεπηλακίσθαι μᾶλλον ἑαυτὴν ἢ τὸν Μάρκιον, αὐτὸς δ’ ἐκεῖνος οὐ μετρίως ἔσχεν οὐδ’ ἐπιεικῶς πρὸς τὸ συμβεβηκός, ἅτε δὴ πλεῖστα τῷ

θυμοειδεῖ καὶ φιλονίκῳ μέρει τῆς ψυχῆς ὡς ἔχοντι μέγεθος καὶ φρόνημα κεχρημένος, τὸ δ᾽ ἐμβριθὲς καὶ τὸ πρᾶον, οὗ τὸ πλεῖστον ἀρετῇ πολιτικῇ μέτεστιν, ἐγκεκραμένον οὐκ ἔχων ὑπὸ λόγου καὶ παιδείας, οὐδὲ τὴν ἐρημίᾳ σύνοικον, ὡς Πλάτων ἔλεγεν (epist. 321c), αὐθάδειαν εἰδὼς ὅτι δεῖ μάλιστα διαφεύγειν ἐπιχειροῦντα πράγμασι κοινοῖς καὶ ἀνθρώποις ὁμιλεῖν, καὶ γενέσθαι τῆς πολλὰ γελωμένης [5] ὑπ᾽ ἐνίων ἀνεξικακίας ἐραστήν. ἀλλ᾽ ἁπλοῦς τις ὢν ἀεὶ καὶ ἀτενής, καὶ τὸ νικᾶν καὶ κρατεῖν πάντων καὶ πάντως ἔργον ἀνδρείας ἡγούμενος, οὐκ ἀσθενείας καὶ μαλακίας, ἐκ τοῦ πονοῦντος καὶ πεπονθότος μάλιστα τῆς ψυχῆς ὥσπερ οἴδημα τὸν θυμὸν ἀναδιδούσης, ἀπῄει ταραχῆς [6] μεστὸς ὢν καὶ πικρίας πρὸς τὸν δῆμον. οἱ δ᾽ ἐν ἡλικίᾳ τῶν πατρικίων, ὅ τι περ ἦν ἐν τῇ πόλει μάλιστα γαυρούμενον εὐγενείᾳ καὶ ἀνθοῦν, ἀεί τε θαυμαστῶς ἐσπουδάκεσαν περὶ τὸν ἄνδρα, καὶ τότε προσκείμενοι καὶ παρόντες οὐκ ἐπ᾽ ἀγαθῷ, τὸν θυμὸν ἐξερρίπιζον αὐτοῦ τῷ συναγανακτεῖν [7] καὶ συναλγεῖν. ἦν γὰρ ἡγεμὼν αὐτοῖς καὶ διδάσκαλος εὐμενὴς τῶν πολεμικῶν ἐν ταῖς στρατείαις καὶ ζῆλον ἀρετῆς ἄνευ φθόνου πρὸς ἀλλήλους ... γαυρῶσαι τοὺς κατορθοῦντας.

[16] [1] Ἐν τούτῳ δὲ σῖτος ἧκεν εἰς Ῥώμην, πολὺς μὲν ὠνητὸς ἐξ Ἰταλίας, οὐκ ἐλάττων δὲ δωρητὸς ἐκ Συρακουσῶν Γέλωνος τοῦ τυράννου πέμψαντος, ὥστε τοὺς πλείστους ἐν ἐλπίσι γενέσθαι χρησταῖς, ἅμα τῆς ἀπορίας καὶ τῆς διαφορᾶς τὴν πόλιν ἀπαλλαγήσεσθαι προσδοκῶντας.

[2] εὐθὺς οὖν βουλῆς ἀθροισθείσης, περιχυθεὶς ἔξωθεν ὁ δῆμος ἐκαραδόκει τὸ τέλος, ἐλπίζων ἀγορᾷ τε χρήσεσθαι φιλανθρώπῳ καὶ προῖκα τὰς δωρεὰς νεμηθήσεσθαι.

[3] καὶ γὰρ ἔνδον ἦσαν οἱ ταῦτα τὴν βουλὴν πείθοντες.

[4] ὁ μέντοι Μάρκιος ἀναστὰς σφόδρα καθήψατο τῶν χαριζομένων τοῖς πολλοῖς, δημαγωγοὺς καὶ προδότας ἀποκαλῶν τῆς ἀριστοκρατίας καὶ σπέρματα πονηρὰ θρασύτητος καὶ ὕβρεως εἰς ὄχλον ἀφειμένα τρέφοντας καθ᾽ αὑτῶν, ἃ καλῶς μὲν εἶχε μὴ περιιδεῖν ἐν ἀρχῇ φυόμενα μηδ᾽ ἰσχυρὸν ἀρχῇ τηλικαύτῃ ποιῆσαι τὸν δῆμον, ἤδη δὲ καὶ φοβερὸν εἶναι τῷ πάντα βουλομένοις αὐτοῖς ὑπάρχειν καὶ μηδὲν ἄκοντας βιάζεσθαι, μηδὲ πείθεσθαι τοῖς ὑπάτοις, ἀλλ᾽ ἀναρχίας ἔχοντας ἡγεμόνας ἰδίους ἄρχοντας [5] προσαγορεύειν. ἐπιδόσεις μὲν οὖν καὶ διανομάς, ὥσπερ Ἑλλήνων οἱ κράτιστα δημοκρατούμενοι, καθίζεσθαι ψηφιζομένους ἔφη παντελῶς ἐστιν εἰς κοινὸν [6] ὄλεθρον τὴν ἀπείθειαν αὐτῶν ἐφοδιάζειν. οὐ γὰρ χάριν γε δήπου φήσουσιν ἀπολαμβάνειν τῶν στρατειῶν ἃς ἐγκατέλιπον, καὶ τῶν ἀποστάσεων αἷς προήκαντο τὴν πατρίδα, καὶ τῶν διαβολῶν ἃς ἐδέξαντο κατὰ τῆς βουλῆς, ἀλλ᾽ ὑφιεμένους διὰ φόβον καὶ κολακεύοντας ὑμᾶς ταῦτα

διδόναι καὶ συγχωρεῖν ἐλπίσαντες, οὐδὲν ἕξουσι πέρας ἀπειθείας, οὐδὲ παύσονται διαφερόμενοι καὶ στασιάζοντες.

[7] ὥστε τοῦτο μέν ἐστι κομιδῇ μανικόν· εἰ δὲ σωφρονοῦμεν, ἀφαιρησόμεθα τὴν δημαρχίαν αὐτῶν, ἀναίρεσιν οὖσαν τῆς ὑπατείας καὶ διάστασιν τῆς πόλεως, οὐκέτι μιᾶς ὡς πρότερον οὔσης, ἀλλὰ δεδεγμένης τομήν, μηδέποτε συμφῦναι μηδ’ ὁμοφρονῆσαι μηδὲ παύσασθαι νοσοῦντας ἡμᾶς καὶ ταρασσομένους ὑπ’ ἀλλήλων ἐάσουσαν.

[17] [1] Πολλὰ τοιαῦτα λέγων ὁ Μάρκιος ὑπερφυῶς εἶχε τοὺς νέους συνενθουσιῶντας αὐτῷ καὶ τοὺς πλουσίους ὀλίγου δεῖν ἅπαντας, μόνον ἐκεῖνον ἄνδρα τὴν πόλιν ἔχειν [2] ἀήττητον καὶ ἀκολάκευτον βοῶντας. ἔνιοι δὲ τῶν πρεσβυτέρων ἠναντιοῦντο, προορώμενοι τὸ ἀποβησόμενον. ἀπέβη [3] δὲ χρηστὸν οὐδέν. οἱ γὰρ δήμαρχοι παρόντες ὡς ᾔσθοντο τῇ γνώμῃ κρατοῦντα τὸν Μάρκιον, ἐξέδραμον εἰς τὸν ὄχλον, μετὰ βοῆς παρακελευόμενοι συνίστασθαι καὶ βοηθεῖν [4] αὐτοῖς τοὺς πολλούς. ἐκκλησίας δὲ θορυβώδους γενομένης, καὶ τῶν λόγων οὓς ὁ Μάρκιος εἶπεν ἀναγορευθέντων, ὀλίγον ἐδέησεν ἐμπεσεῖν ὑπ’ ὀργῆς φερόμενος εἰς τὴν βουλὴν ὁ δῆμος· οἱ δὲ δήμαρχοι τοῦ Μαρκίου τὴν αἰτίαν ἐποιοῦντο, καὶ πέμποντες ἐκάλουν αὐτὸν ἀπολογησόμενον.

[5] ὡς δὲ πρὸς ὕβριν τοὺς πεμφθέντας ἐξήλασεν ὑπηρέτας, αὐτοὶ μετὰ τῶν ἀγορανόμων ἧκον, ἄξοντες βίᾳ [6] τὸν ἄνδρα, καὶ τοῦ σώματος ἐπελαμβάνοντο. συστάντες δ’ οἱ πατρίκιοι τοὺς μὲν δημάρχους ἀπετρίψαντο, τοῖς δ’ [7] ἀγορανόμοις καὶ πληγὰς ἐνέβαλον. τότε μὲν οὖν ἑσπέρα καταλαβοῦσα τὴν ταραχὴν διέλυσεν· ἅμα δ’ ἡμέρᾳ τὸν δῆμον ἐξηγριωμένον ὁρῶντες οἱ ὕπατοι καὶ συντρέχοντα πανταχόθεν εἰς τὴν ἀγοράν, ἔδεισαν ὑπὲρ τῆς πόλεως, καὶ τὴν βουλὴν ἀθροίσαντες ἐκέλευον σκοπεῖν ὅπως ἐπιεικέσι λόγοις καὶ δόγμασι χρηστοῖς πραΰνωσι καὶ καταστήσωσι τοὺς πολλούς, ὡς οὐ φιλοτιμίας οὖσαν ὥραν οὐδ’ ὑπὲρ δόξης ἅμιλλαν, εἰ σωφρονοῦσιν, ἀλλὰ καιρὸν ἐπισφαλῆ καὶ ὀξὺν εὐγνώμονος πολιτείας καὶ φιλανθρώπου [8] δεόμενον. εἰξάντων δὲ τῶν πλείστων, προελθόντες ὡς ἐνῆν μάλιστα τῷ δήμῳ διελέγοντο καὶ κατεπράυνον, ἀπολυόμενοί τε τὰς διαβολὰς ἐπιεικῶς καὶ τῷ νουθετοῦντι καὶ δάκνοντι μετρίως χρώμενοι, περὶ δὲ τιμῆς ὠνίων καὶ ἀγορᾶς οὐδὲν διοίσεσθαι πρὸς αὐτοὺς φάσκοντες.

[18] [1] Ὡς οὖν ἐνεδίδου τὸ πολὺ τοῦ δήμου καὶ φανερὸν ἦν τῶν κοσμίως καὶ σωφρόνως ἀκούειν ἀγόμενον καὶ κηλούμενον, ἀνέστησαν οἱ δήμαρχοι, τῇ μὲν βουλῇ σωφρονούσῃ τὸν δῆμον ἀνθυπείξειν ὅσα καλῶς ἔχει φάσκοντες, τὸν δὲ Μάρκιον ἀπολογεῖσθαι κελεύοντες, εἰ μή φησιν ἐπὶ συγχύσει τῆς πολιτείας καὶ καταλύσει τοῦ δήμου τήν τε βουλὴν παροξῦναι καὶ καλούμενος

ὑπ’ αὐτῶν ἀπειθῆσαι, τέλος δὲ τοὺς ἀγορανόμους τύπτων ἐν ἀγορᾷ καὶ προπηλακίζων ἐμφύλιον, ὅσον ἐφ’ ἑαυτῷ, πόλεμον ἐξεργάσασθαι καὶ [2] προαγαγεῖν εἰς ὅπλα τοὺς πολίτας. ἔλεγον δὲ ταῦτα βουλόμενοι τὸν Μάρκιον ἢ ταπεινὸν ἀποδεῖξαι, παρὰ φύσιν θεραπεύοντα τοὺς πολλοὺς ὑπὸ δέους καὶ παραιτούμενον, ἢ φυλάττοντα τὸ φρόνημα καὶ τῇ φύσει χρώμενον ἀνήκεστον ἀπεργάσασθαι τὴν πρὸς αὐτὸν ὀργήν· ὃ μᾶλλον ἤλπιζον, [3] ὀρθῶς στοχαζόμενοι τοῦ ἀνδρός. ἔστη μὲν γὰρ ὡς ἀπολογησόμενος, καὶ παρέσχεν αὐτῷ σιωπὴν καὶ ἡσυχίαν ὁ δῆμος. ὡς δ’ ἤρξατο πρὸς ἀνθρώπους δεητικόν τινα λόγον προσδεχομένους οὐ μόνον ἐπαχθεῖ παρρησίᾳ χρῆσθαι καὶ πλείονι κατηγορίᾳ τῆς ἀπολογίας, ἀλλὰ καὶ τόνῳ φωνῆς καὶ διαθέσει προσώπου τὴν ἐγγὺς ὑπεροψίας καὶ ὀλιγωρίας ἀφοβίαν ἐπιδεικνύμενος, ὁ μὲν δῆμος ἐξετραχύνθη καὶ φανερὸς ἦν δυσανασχετῶν καὶ βαρυνόμενος τοῖς λεγομένοις, τῶν δὲ δημάρχων ὁ θρασύτατος Σικίννιος μικρὰ τοῖς συνάρχουσι διαλεχθείς, εἶτ’ εἰς μέσον ἀναγορεύσας, ὡς θάνατος ὑπὸ τῶν δημάρχων τοῦ Μαρκίου κατέγνωσται, προσέταξε τοῖς ἀγορανόμοις ἀναγαγόντας αὐτὸν ἐπὶ τὴν [4] ἄκραν εὐθὺς ὦσαι κατὰ τῆς ὑποκειμένης φάραγγος. ἁπτομένων δὲ τῶν ἀγορανόμων τοῦ σώματος, ἔδοξε μὲν καὶ τῶν δημοτῶν πολλοῖς φρικτὸν εἶναι τὸ γινόμενον καὶ ὑπερήφανον, οἱ δὲ πατρίκιοι παντάπασιν ἐκστάντες καὶ περιπαθήσαντες ὥρμησαν βοηθεῖν ἀπὸ κραυγῆς, οἱ δὲ καὶ χερσὶ τοὺς ἐπιλαμβανομένους ἀνείργοντες καὶ καταμειγνύντες [5] ἑαυτοῖς τὸν Μάρκιον· ἔνιοι δὲ καὶ τὰς χεῖρας ὀρέγοντες ἐδέοντο τῶν πολλῶν, ἐπειδὴ λόγου τε καὶ φωνῆς οὐδὲν ἔργον ἦν ἐν ἀκοσμίᾳ τοσαύτῃ καὶ θορύβοις, ἄχρι οὗ συμφρονήσαντες οἱ φίλοι καὶ οἰκεῖοι τῶν δημάρχων, ὡς ἄνευ φόνου πολλοῦ τῶν πατρικίων οὐκ ἔστιν ἐξαγαγεῖν καὶ κολάσαι τὸν Μάρκιον, ἔπεισαν αὐτοὺς ἀφελεῖν τῆς τιμωρίας τὸ ἀλλόκοτον καὶ βαρύ, μὴ βίᾳ μηδ’ ἄκριτον ἀποκτιννύντας, ἀλλὰ τῷ δήμῳ ψῆφον ἐπενεγκεῖν ἀποδόντας.

[6] ἐκ τούτου καταστὰς ὁ Σικίννιος ἠρώτα τοὺς πατρικίους, τί βουλόμενοι τὸν Μάρκιον ἀφαιροῦνται τοῦ [7] δήμου βουλομένου κολάζειν. ἐκείνων δὲ πάλιν ἀντερωτώντων· τί μὲν οὖν διανοεῖσθε καὶ τί βούλεσθε ὑμεῖς, ἄνδρα Ῥωμαίων ἐν τοῖς ἀρίστοις ἄνευ κρίσεως ἐπὶ τιμωρίαν [8] ὠμὴν καὶ παράνομον οὕτως ἄγοντες; ἀλλὰ ταύτην μέν εἶπεν ὁ Σικίννιος, ὑμεῖς μὴ ποιεῖσθε πρόφασιν διαφορᾶς καὶ στάσεως πρὸς τὸν δῆμον· ὃ γὰρ ἀξιοῦτε δίδωσιν [9] ὑμῖν, κριθῆναι τὸν ἄνδρα. σοὶ δὲ Μάρκιε προαγορεύομεν εἰς τρίτην ἀγορὰν παρεῖναι καὶ πείθειν τοὺς πολίτας, εἰ μηδὲν ἀδικεῖς, ὡς ψήφῳ κρινοῦντας.

[19] [1] Τότε μὲν οὖν ἠγάπησαν οἱ πατρίκιοι τὴν διάλυσιν, καὶ τὸν Μάρκιον ἔχοντες ἀσμένως ἀπῆλθον. ἐν δὲ τῷ μεταξὺ χρόνῳ τῆς τρίτης ἀγορᾶς - ἀγορὰς δὲ ποιοῦσι Ῥωμαῖοι δι’ ἡμέρας ἐνάτης, νουνδίνας καλοῦντες -

ἐλπίδας μὲν αὐτοῖς παρέσχε διακρούσεως στρατεία γενομένη πρὸς Ἀντιάτας, ὡς μῆκος ἕξουσα καὶ χρόνον ἐν ᾧ χειροήθης ὁ δῆμος ἔσται, τῆς ὀργῆς ἀπομαρανθείσης ἢ παντελῶς [2] ἐκπεσούσης δι' ἀσχολίαν καὶ πόλεμον· ἔπειτα δ' ὡς ταχὺ διαλυσάμενοι πρὸς τοὺς Ἀντιάτας ἐπανῆλθον, ἐγίνοντο σύνοδοι τῶν πατρικίων πολλάκις, δεδιότων καὶ σκοπούντων ὅπως τόν τε Μάρκιον οὐ προήσονται, τόν τε δῆμον αὖθις [3] οὐ παρέξουσιν ἐκταράττειν τοῖς δημαγωγοῖς. Ἄππιος μὲν οὖν Κλαύδιος, αἰτίαν ἔχων ἐν τοῖς μάλιστα μισόδημος εἶναι, διεμαρτύρετο λέγων τήν τε βουλὴν αὐτοὺς ἀναιρήσειν καὶ προήσεσθαι παντάπασι τὴν πολιτείαν, εἰ κύριον τῆς ψήφου κατὰ τῶν πατρικίων ἀνέξονται γενόμενον τὸν δῆμον· οἱ δὲ πρεσβύτατοι καὶ δημοτικώτατοι τοὐναντίον ἠξίουν οὐ χαλεπὸν οὐδὲ βαρύν, ἀλλὰ πρᾷον καὶ φιλάνθρωπον [4] ὑπὸ τῆς ἐξουσίας ἔσεσθαι τὸν δῆμον· οὐ γὰρ καταφρονοῦντι τῆς βουλῆς, ἀλλ' οἰομένῳ καταφρονεῖσθαι, τιμὴν καὶ παραμυθίαν γενήσεσθαι τὴν κρίσιν, ὥσθ' ἅμα τὴν ψῆφον λαβόντας ἀποθήσεσθαι τὴν ὀργήν.

[20] [1] Ὁρῶν οὖν ὁ Μάρκιος εὐνοίᾳ μὲν αὐτοῦ, φόβῳ δὲ τοῦ δήμου τὴν σύγκλητον ἀπορουμένην, ἠρώτησε τοὺς δημάρχους, τί κατηγοροῦσιν αὐτοῦ καὶ περὶ τίνος κριθησόμενον [2] ἐπὶ τὸν δῆμον ἐξάγουσιν. εἰπόντων δ' ἐκείνων ὅτι τυραννίδος ἐστὶ τὸ ἔγκλημα καὶ τυραννεῖν διανοούμενον ἀποδείξουσιν αὐτόν, οὕτως ἐξαναστὰς αὐτὸς ἔφη πρὸς τὸν δῆμον ἤδη βαδίζειν ἀπολογησόμενος καὶ μηδένα τρόπον κρίσεως μηδ' ἂν ἁλῷ κολάσεως παραιτεῖσθαι· μόνον ὅπως ἔφη τοῦτο κατηγορήσητε καὶ μὴ ψεύσησθε τὴν βουλήν. ὡς [3] δ' ὡμολόγησαν, ἐπὶ τούτοις ἡ κρίσις ἐγίνετο. συνελθόντος δὲ τοῦ δήμου, πρῶτον μὲν οὐ κατὰ λόχους, ἀλλὰ κατὰ φυλὰς ἐβιάσαντο γίνεσθαι τὴν ψηφοφορίαν, τῶν εὐπόρων καὶ γνωρίμων καὶ στρατευομένων τὸν ἄπορον καὶ πολυπράγμονα καὶ τοῦ καλοῦ φροντίζοντα μηδὲν ὄχλον [4] ἐπίπροσθεν ταῖς ψήφοις ποιοῦντες. ἔπειτα τὴν τυραννίδος ἀφέντες αἰτίαν ἀναπόδεικτον οὖσαν, ἐκείνων πάλιν ἐμέμνηντο τῶν λόγων οὓς ὁ Μάρκιος πρότερον εἶπεν ἐν τῇ βουλῇ, κωλύων μὲν ἐπευωνίσαι τὴν ἀγοράν, ἀφελέσθαι [5] δὲ τὴν δημαρχίαν τοῦ δήμου κελεύων. καινὸν δὲ κατηγόρησαν αὐτοῦ κατηγόρημα τὴν διανομὴν τῶν λαφύρων, ἃ λαβὼν ἐκ τῆς Ἀντιατῶν χώρας οὐκ ἀνήνεγκεν εἰς τὸ δημόσιον, ἀλλὰ διένειμε τοῖς μεθ' αὐτοῦ στρατευομένοις· ὑφ' οὗ δὴ [6] καὶ μάλιστα λέγεται διαταραχθῆναι τὸν Μάρκιον. οὐ γὰρ προσεδόκησεν οὐδ' εὐπόρησε πρὸς τὸν ὄχλον ἐκ τοῦ παραυτίκα λόγων πιθανῶν, ἀλλ' ἐπαινοῦντι τοὺς στρατευσαμένους ‹ἐπ›εθορύβησαν αὐτῷ πλείονες ὄντες οἱ μὴ στρατευσάμενοι.

[7] τέλος δ' οὖν ταῖς φυλαῖς τῆς ψήφου δοθείσης, αἱ καθαιροῦσαι τρεῖς ἐγένοντο . ἦν δὲ τίμημα τῆς καταδίκης [8] ἀίδιος φυγή. μετὰ δὲ τὴν ἀναγόρευσιν ὁ μὲν δῆμος οὐδέποτε νικήσας μάχῃ πολεμίους τοσοῦτον ἐφρόνησεν, ὅσον τότε φρονῶν καὶ γεγηθὼς ἀπῄει, τὴν δὲ βουλὴν ἄχος ἔσχε καὶ κατήφεια δεινή, μεταμελομένην καὶ δυσφοροῦσαν ἐπὶ τῷ μὴ πάντα ποιῆσαι καὶ παθεῖν πρότερον ἢ περιιδεῖν ὑβρίσαντα [9] καὶ χρησάμενον ἐξουσίᾳ τοσαύτῃ τὸν δῆμον. οὐδὲν δ' ἔδει τότε πρὸς διάγνωσιν ἐσθῆτος ἢ παρασήμων ἑτέρων, ἀλλ' εὐθὺς ἦν δῆλος ὅτι δημότης ὁ χαίρων καὶ ὁ δυσφορῶν ὅτι πατρίκιος.

[21] [1] Πλὴν αὐτὸς ὁ Μάρκιος ἀνέκπληκτος καὶ ἀταπείνωτος καὶ σχήματι καὶ βαδίσματι καὶ προσώπῳ καθεστηκὼς ἐν πᾶσι τοῖς ἄλλοις ἐφαίνετο πεπονθόσιν ἀσυμπαθὴς ἑαυτῷ μόνος, οὐχ ὑπὸ λογισμοῦ καὶ πρᾳότητος, οὐδὲ τῷ φέρειν μετρίως τὸ συμβεβηκός, ἀλλ' ἐμπαθὴς ὢν ὑπ' ὀργῆς καὶ βαρυφροσύνης, ὅπερ ἀγνοοῦσιν οἱ πολλοὶ λύπην οὖσαν.

[2] ὅταν γὰρ εἰς θυμὸν μεταβάλλῃ, καθάπερ ἐκπυρωθεῖσα τὸ ταπεινὸν ἀποβάλλει καὶ ἀργόν· ᾗ καὶ δοκεῖ δραστικὸς ὁ θυμούμενος ὡς θερμὸς ὁ πυρέττων, οἷον ἐν σφυγμῷ καὶ διατάσει καὶ ὄγκῳ γενομένης τῆς ψυχῆς.

[3] Ἐδήλωσε δὲ τοῖς ἔργοις αὐτίκα μάλα τὴν διάθεσιν ταύτην ὁ Μάρκιος. εἰσελθὼν γὰρ οἴκαδε, καὶ τὴν μητέρα καὶ τὴν γυναῖκα μετὰ κλαυθμοῦ καὶ βοῆς ὀλοφυρομένας ἀσπασάμενος καὶ κελεύσας φέρειν μετρίως τὸ συμβεβηκός, [4] εὐθὺς ἀπιὼν ἐβάδιζεν ἐπὶ τὰς πύλας. ἐκεῖ δὲ τῶν πατρικίων ὁμοῦ τι πάντων προπεμπόντων αὐτὸν οὔτε τι λαβὼν οὔτε τινὸς δεηθεὶς ἀπηλλάττετο, τρεῖς ἢ τέτταρας [5] πελάτας ἔχων περὶ αὐτόν. ἡμέρας δ' ὀλίγας ἔν τισιν ἀγροῖς αὐτὸς καθ' ἑαυτὸν ὑπὸ πολλῶν διενεχθεὶς διαλογισμῶν, οἵους ὁ θυμὸς ὑπέβαλλεν, ὡς οὔτε καλὸν οὔτε συμφέρον οὐδὲν ἀλλ' ἢ τὸ Ῥωμαίους μετελθεῖν, ἐγίνωσκε πόλεμόν [6] τινα βαρὺν καὶ ὅμορον ἀναστῆσαι ἐπ' αὐτούς. ὥρμησεν οὖν διαπειρᾶσθαι πρῶτον Οὐολούσκων, ἀκμάζοντας μὲν εἰδὼς ἔτι καὶ σώμασι καὶ χρήμασι, ταῖς δὲ γεγενημέναις ἔναγχος ἥτταις οὐ τοσοῦτον ἀπολωλέναι τῆς δυνάμεως ὅσον ἐγγεγονέναι φιλονικίας αὐτοῖς καὶ ὀργῆς οἰόμενος.

[22] [1] Ἦν δέ τις ἀνὴρ ἐξ Ἀντίου πόλεως διά τε πλοῦτον καὶ ἀνδρείαν καὶ γένους ἐπιφάνειαν ἀξίωμα βασιλικὸν [2] ἔχων ἐν πᾶσιν Οὐολούσκοις, ὄνομα Τύλλος Ἄττιος. ὑπὸ τούτου μισούμενον ὁ Μάρκιος ἑαυτὸν ὡς οὐδένα Ῥωμαίων ἐγίνωσκε· πολλάκις γὰρ ἐν ἀπειλαῖς καὶ προκλήσεσι κατὰ τὰς μάχας γενόμενοι, καὶ κομπάσαντες διὰ τὸ ἐνάμιλλον, οἷα νεανιῶν πολεμικῶν φιλοτιμίαι καὶ ζῆλοι φέρουσιν, ἴδιον προσεκτήσαντο τῷ κοινῷ τὸ κατ' ἀλλήλων ἔχθος.

[3] οὐ μὴν ἀλλὰ μέγεθός τι φρονήματος ἔχοντα τὸν Τύλλον ὁρῶν, καὶ μάλιστα δὴ Οὐολούσκων ἐπιθυμοῦντα Ῥωμαίους λαβὴν παρασχόντας ἐν μέρει κολοῦσαι, μαρτυρίαν ἀπέλιπε τῷ εἰπόντι· (Heracl. fr. 85 D4`5)· θυμῷ μάχεσθαι χαλεπόν· [4] ὃ γὰρ ἂν θέλῃ, ψυχῆς ὠνεῖται. λαβὼν γὰρ ἐσθῆτα καὶ σκευὴν ἐν ᾗ μάλιστα μὴ δόξειν ὃς ἦν ἔμελλεν ὁρώμενος, ὥσπερ ὁ Ὀδυσσεὺς (Od. 4, 246)

ἀνδρῶν δυσμενέων κατέδυ πόλιν.

[23] [1] Ἦν δ' ἑσπέρα, καὶ πολλοὶ μὲν αὐτῷ προσετύγχανον, ἐγνώριζε δ' οὐδείς. ἐβάδιζεν οὖν ἐπὶ τὴν οἰκίαν τοῦ Τύλλου, καὶ παρεισελθὼν ἄφνω πρὸς τὴν ἑστίαν ἐκάθισε σιωπῇ, καὶ τὴν κεφαλὴν ἐγκαλυψάμενος [2] ἡσυχίαν ἦγεν. οἱ δὲ κατὰ τὴν οἰκίαν θαυμάσαντες, ἀναστῆσαι μὲν οὐκ ἐτόλμησαν - ἦν γάρ τι περὶ αὐτὸν ἀξίωμα καὶ τοῦ σχήματος καὶ τῆς σιωπῆς - , ἔφρασαν δὲ τῷ Τύλλῳ περὶ δεῖπνον ὄντι τὴν ἀτοπίαν τοῦ πράγματος.

[3] ὁ δ' ἐξαναστὰς ἧκε πρὸς αὐτὸν καὶ ἀνέκρινε, τίς ὢν ἀφῖκται καὶ τίνων δεόμενος. οὕτως οὖν ὁ Μάρκιος ἀποκαλυψάμενος καὶ μικρὸν ἀνασχών, εἰ μήπω με γινώσκεις ὦ Τύλλε εἶπεν, ἀλλ' ὁρῶν ἀπιστεῖς, ἀνάγκη με [4] κατήγορον ἐμαυτοῦ γενέσθαι· Γαϊός εἰμι Μάρκιος, ὁ πλεῖστα σὲ καὶ Οὐολούσκους ἐργασάμενος κακά, καὶ τὴν οὐκ ἐῶσαν ἀρνεῖσθαι ταῦτα περιφέρων προσηγορίαν τὸν [5] Κοριολανόν. οὐδὲν γὰρ ἄλλο τῶν πολλῶν πόνων καὶ κινδύνων ἐκείνων ἐκτησάμην ἔπαθλον ἢ τὸ παράσημον ὄνομα [6] τῆς πρὸς ὑμᾶς ἔχθρας. καὶ τοῦτό μοι περίεστιν ἀναφαίρετον· τὰ δ' ἄλλ' ὁμοῦ πάντα φθόνῳ δήμου καὶ ὕβρει, μαλακίᾳ δὲ καὶ προδοσίᾳ τῶν ἐν τέλει καὶ ἰσοτίμων ἀπεστέρημαι, καὶ φυγὰς ἐλήλαμαι καὶ γέγονα τῆς σῆς ἑστίας ἱκέτης, οὐχ ὑπὲρ ἀδείας καὶ σωτηρίας - τί γὰρ ἔδει με δεῦρο ἥκειν φοβούμενον ἀποθανεῖν; - ἀλλὰ δίκας λαβεῖν χρῄζων, καὶ λαμβάνων ἤδη παρὰ τῶν ἐκβαλόντων τῷ σὲ [7] ποιεῖν ἐμαυτοῦ κύριον. εἰ μὲν οὖν ἐστί σοι θυμὸς ἐπιχειρεῖν τοῖς πολεμίοις, ἴθι ταῖς ἐμαῖς συμφοραῖς ὦ γενναῖε χρῆσαι, καὶ κοινὸν εὐτύχημα ποίησαι Οὐολούσκων τὴν ἐμὴν δυστυχίαν, τοσούτῳ βέλτιον ὑπὲρ ὑμῶν πολεμήσοντος ἢ πρὸς ὑμᾶς, ὅσῳ πολεμοῦσι βέλτιον οἱ γινώσκοντες τὰ παρὰ [8] τοῖς πολεμίοις τῶν ἀγνοούντων. εἰ δ' ἀπείρηκας, οὔτ' ἐγὼ βούλομαι ζῆν, οὔτε σοὶ καλῶς ἔχει σῴζειν πάλαι μὲν ἐχθρὸν [9] ἄνδρα καὶ πολέμιον, νῦν δ' ἀνωφελῆ καὶ ἄχρηστον. ὡς οὖν ταῦθ' ὁ Τύλλος ἤκουσεν, ἥσθη τε θαυμαστῶς, καὶ τὴν δεξιὰν ἐμβαλών, ἀνάστηθι εἶπεν ὦ Μάρκιε καὶ θάρσει. μέγα μὲν γὰρ ἡμῖν ἀγαθὸν ἥκεις διδοὺς σεαυτόν, ἔλπιζε [10] δὲ μείζονα παρὰ Οὐολούσκων. καὶ τότε μὲν εἱστία φιλοφρονούμενος τὸν Μάρκιον, ἐν δὲ ταῖς ἐπιούσαις ἡμέραις ἐβουλεύοντο περὶ τοῦ πολέμου καθ' ἑαυτούς.

[24] [1] Τὴν δὲ Ῥώμην ἥ τε τῶν πατρικίων δυσμένεια πρὸς τὸν δῆμον, οὐχ ἥκιστα τὴν τοῦ Μαρκίου καταδίκην αἰτίαν ἐχόντων, ἐτάραττε, καὶ πολλὰ δαιμόνια μάντεις καὶ ἱερεῖς καὶ ἰδιῶται προσήγγελλον ἄξια φροντίδος. ἓν δὲ λέγεται [2] τοιοῦτό τι γενέσθαι. Τίτος ἦν Λατίνιος, ἀνὴρ οὐκ ἄγαν ἐπιφανής, ἀπράγμων δὲ καὶ μέτριος ἄλλως καὶ καθαρὸς [3] δεισιδαιμονίας, ἔτι δὲ μᾶλλον ἀλαζονείας. οὗτος ὄναρ εἶδεν ὡς τοῦ Διὸς εἰς ὄψιν ἥκοντος αὐτῷ καὶ κελεύοντος εἰπεῖν πρὸς τὴν σύγκλητον, ὅτι κάκιστον ὀρχηστὴν ἔστειλαν [4] αὐτῷ πρὸ τῆς πομπῆς καὶ ἀτερπέστατον. ἰδὼν δὲ τὴν ὄψιν ἔλεγε μὴ πάνυ φροντίσαι τὸ πρῶτον· ὡς δὲ καὶ δεύτερον ἰδὼν καὶ τρίτον ἠμέλησε, παιδός τε χρηστοῦ θάνατον ἐπιδεῖν καὶ τοῦ σώματος ἄφνω παραλυθέντος ἀκρατὴς [5] γενέσθαι. ταῦτα δ' ἐν κλινιδίῳ φοράδην κομισθεὶς εἰς τὴν σύγκλητον ἀπήγγειλεν. ἀπαγγείλας δ' ὥς φασιν εὐθὺς ᾔσθετο ῥωννύμενον αὑτοῦ τὸ σῶμα, καὶ ἀναστὰς ἀπῄει δι' αὑτοῦ βαδίζων. θαυμάσαντες οὖν οἱ βουλευταὶ πολλὴν [6] ἐποιήσαντο τοῦ πράγματος ζήτησιν. ἦν δὲ τοιοῦτον· οἰκέτην τις αὑτοῦ παραδοὺς οἰκέταις ἑτέροις ἐκέλευσεν ἐξάγειν δι' ἀγορᾶς μαστιγοῦντας, εἶτ' ἀποκτεῖναι. ταῦτα πράττουσιν αὐτοῖς καὶ τὸν ἄνθρωπον αἰκιζομένοις, στροφάς τε παντοδαπὰς ὑπ' ὀδύνης στρεφόμενον καὶ κινήσεις ἄλλας ἀτερπεῖς τῷ περιπαθεῖν κινούμενον, ἡ πομπὴ κατὰ [7] τύχην παρηκολουθήκει. καὶ πολλοὶ μὲν ἐδυσχέραινον τῶν παρόντων, οὔτ' ὄψιν ἱλαρὰν ὁρῶντες οὔτε κινήσεις πρεπούσας, οὐδεὶς δ' ἐπεξῆλθεν, ἀλλὰ λοιδορίαι μόνον ἐγένοντο [8] καὶ κατάραι τῷ πικρῶς οὕτως κολάζοντι. καὶ γὰρ ἐχρῶντο πολλῇ πρὸς τοὺς οἰκέτας ἐπιεικείᾳ τότε, δι' αὐτουργίαν καὶ τὸ κοινωνεῖν διαίτης ἡμερώτερον ἔχοντες πρὸς αὐτοὺς [9] καὶ συνηθέστερον. ἦν δὲ μεγάλη κόλασις οἰκέτου πλημμελήσαντος, εἰ ξύλον ἁμάξης, ᾧ τὸν ῥυμὸν ὑπερείδουσιν, ἀράμενος διεξέλθοι παρὰ τὴν γειτνίασιν. ὁ γὰρ τοῦτο παθὼν καὶ ὀφθεὶς ὑπὸ τῶν συνοίκων καὶ γειτόνων οὐκέτι [10] πίστιν εἶχεν. ἐκαλεῖτο δὲ φούρκιφερ· ὃ γὰρ οἱ Ἕλληνες ὑποστάτην καὶ στήριγμα, τοῦτο Ῥωμαῖοι φοῦρκαν ὀνομάζουσιν.

[25] [1] Ὡς οὖν ὁ Λατίνιος ἀπήγγειλε τὴν ὄψιν αὐτοῖς καὶ διηπόρουν, ὅστις ἦν ὁ τῆς πομπῆς τότε προηγούμενος ἀτερπὴς καὶ κακὸς ὀρχηστής, ἀνεμνήσθησαν ἔνιοι διὰ τὴν ἀτοπίαν τῆς τιμωρίας ἐκείνου τοῦ θεράποντος, ὃν μαστιγοῦντες ἐξήγαγον δι' ἀγορᾶς, εἶτ' ἐθανάτωσαν. συμφωνησάντων οὖν τῶν ἱερέων ὅ τε δεσπότης δίκην ἔδωκε, καὶ τῷ θεῷ τὴν πομπὴν καὶ τὰς θέας αὖθις ἐξ ἀρχῆς ἐπετέλουν.

[2] ἔοικεν οὖν ὁ Νομᾶς τά τ' ἄλλα τῶν ἱερῶν σοφώτατος ἐξηγητὴς γεγονέναι, καὶ τοῦτο παγκάλως γε νομοθετῆσαι [3] πρὸς εὐλάβειαν αὐτοῖς. ὅταν γὰρ ἄρχοντες ἢ ἱερεῖς πράττωσί τι τῶν θείων, ὁ κῆρυξ πρόεισι μεγάλῃ

φωνῇ βοῶν· [4] ὃκ ἄγε. σημαίνει δ’ ἡ φωνή· τοῦτο πρᾶττε, προσέχειν κελεύουσα τοῖς ἱεροῖς καὶ μηδὲν ἔργον ἐμβάλλειν μεταξὺ μηδὲ χρείαν ἀσχολίας, ὡς τὰ πλεῖστα τῶν ἀνθρωπίνων [5] ἀναγκαίῳ τινὶ τρόπῳ καὶ διὰ βίας περαινόμενα. θυσίας δὲ καὶ πομπὰς καὶ θέας οὐ μόνον ἐξ αἰτίας τηλικαύτης, ἀλλὰ καὶ διὰ μικρὰ Ῥωμαίοις ἔθος ἐστὶν ἀναλαμβάνειν. [6] ἵππου τε γὰρ ἑνὸς τῶν ἀγόντων τὰς καλουμένας θήσσας ἀτονήσαντος, καὶ πάλιν τοῦ ἡνιόχου τῇ ἀριστερᾷ χειρὶ τὰς ἡνίας συλλαβόντος, αὖθις ἐψηφίσαντο τὴν πομπὴν [7] ἐπιτελεῖν. ἐν δὲ τοῖς κάτω χρόνοις μίαν θυσίαν τριακοντάκις ἐποίησαν, ἀεί τινος ἐλλείμματος ἢ προσκρούσματος γίνεσθαι δοκοῦντος. τοιαύτη μὲν ἦν εὐλάβεια Ῥωμαίων πρὸς τὸ θεῖον.

[26] [1] Ὁ δὲ Μάρκιος καὶ Τύλλος ἐν Ἀντίῳ τοῖς δυνατωτάτοις κρύφα διελέγοντο, καὶ παρεκάλουν, ἕως στασιάζουσι πρὸς ἀλλήλους οἱ Ῥωμαῖοι, τὸν πόλεμον ἐξενεγκεῖν.

[2] τῶν δὲ δυσωπουμένων, ὅτι σπονδαὶ διέτεις ἦσαν αὐτοῖς καὶ ἀνοχαὶ γεγενημέναι, πρόφασιν αὐτοὶ Ῥωμαῖοι παρέσχον, ἔκ τινος ὑποψίας ἢ διαβολῆς ἐν θέαις καὶ ἀγῶσι κηρύξαντες ἀπιέναι Οὐολούσκους πρὸ ἡλίου δύνοντος ἐκ τῆς πόλεως· [3] ἔνιοι δέ φασιν ἀπάτῃ τοῦ Μαρκίου καὶ δόλῳ γενέσθαι τοῦτο, πέμψαντος εἰς Ῥώμην πρὸς τοὺς ἄρχοντας οὐκ ἀληθῆ κατήγορον τῶν Οὐολούσκων, ὡς ἐν ταῖς θέαις διανοουμένων ἐπιθέσθαι τοῖς Ῥωμαίοις καὶ τὴν πόλιν [4] ἐμπιπράναι. πάντας μὲν γὰρ αὐτοὺς τὸ κήρυγμα τοῦτο δυσμενεστέρους ἐποίησε τοῖς Ῥωμαίοις· ὁ δὲ Τύλλος ἐπὶ μεῖζον αἴρων τὸ πρᾶγμα καὶ παροξύνων, τέλος ἔπεισε πέμψαντας εἰς Ῥώμην τήν τε χώραν ἀπαιτεῖν καὶ τὰς [5] πόλεις ὅσας ἀφῄρηντο πολέμῳ τῶν Οὐολούσκων. οἱ δὲ Ῥωμαῖοι τῶν πρέσβεων ἀκούσαντες ἠγανάκτησαν, καὶ ἀπεκρίναντο προτέρους μὲν ἀναλήψεσθαι τὰ ὅπλα Οὐολούσκους, [6] ὑστέρους δὲ καταθήσεσθαι Ῥωμαίους. ἐκ τούτου συναγαγὼν ἐκκλησίαν πάνδημον ὁ Τύλλος, ἐπεὶ τὸν πόλεμον ἐψηφίσαντο, συνεβούλευσε τὸν Μάρκιον καλέσαι μηδὲν αὐτῷ μνησικακοῦντας, ἀλλὰ πιστεύσαντας ὅτι συμμαχῶν ὠφελήσει τὸ ἔθνος ὅσα πολεμῶν ἔβλαψεν.

[27] [1] Ἐπεὶ δὲ κληθεὶς ὁ Μάρκιος καὶ διαλεχθεὶς πρὸς τὸ πλῆθος οὐχ ἧττον ἀπὸ τῶν λόγων ἢ τῶν ὅπλων ἀνὴρ δεινὸς ἐφάνη [καὶ πολεμικὸς] καὶ τῷ φρονεῖν καὶ τολμᾶν περιττός, ἀποδείκνυται μετὰ Τύλλου στρατηγὸς αὐτοκράτωρ [2] τοῦ πολέμου. δεδιὼς δὲ τὸν χρόνον ἐν ᾧ παρασκευάσασθαι τοὺς Οὐολούσκους ἔδει, μὴ πολὺς γενόμενος τὸν καιρὸν ἀφέληται τῆς πράξεως, τὰ μὲν ἄλλα τοὺς κατὰ πόλιν δυνατοὺς καὶ ἄρχοντας ἐκέλευσε συνάγειν καὶ πορίζειν, αὐτὸς δὲ τοὺς προθυμοτάτους ἄνευ καταλόγου πείσας ἑκόντας αὐτῷ συνεξελθεῖν, ἐνέβαλεν εἰς τὴν Ῥωμαίων [3] ἄφνω καὶ μηδενὸς

προσδοκῶντος. ὅθεν ηὐπόρησε λείας τοσαύτης, ὅσην ἄγοντας καὶ φέροντας καὶ χρωμένους [4] ἐν τῷ στρατοπέδῳ τοὺς Οὐολούσκους ἀπειπεῖν. ἦν δὲ μικρότατον ἔργον αὐτῷ τῆς στρατείας ἐκείνης ἡ εὐπορία καὶ τὸ πολλὰ βλάψαι καὶ κακῶσαι τὴν χώραν· οὗ δ' ἕνεκα ταῦτ' ἔπραττε, μέγα· τὸ τοὺς πατρικίους προσδιαβάλλειν [5] τῷ δήμῳ. τὰ γὰρ ἄλλα πάντα λυμαινόμενος καὶ διαφθείρων, τοὺς ἐκείνων ἀγροὺς ἰσχυρῶς ἐφύλαττε, καὶ οὐκ εἴα [6] κακουργεῖν οὐδὲ λαμβάνειν ἐξ ἐκείνων οὐδέν. ὅθεν ἐν διαβολαῖς ἔτι μᾶλλον ἐγένοντο καὶ ταραχαῖς πρὸς ἀλλήλους, οἱ μὲν πατρίκιοι τοῖς πολλοῖς ἐγκαλοῦντες ὡς ἄνδρα δυνατὸν ἀδίκως ἐκβαλοῦσιν, ὁ δὲ δῆμος ἐκείνους ᾐτιᾶτο διὰ μνησικακίαν ἐπαγαγεῖν τὸν Μάρκιον, εἶτα πολεμουμένων ἑτέρων θεατὰς καθῆσθαι, φύλακα τοῦ πλούτου καὶ τῶν [7] χρημάτων ἔξω τὸν πολέμιον αὐτὸν ἔχοντας. ταῦτα διαπραξάμενος ὁ Μάρκιος, καὶ μεγάλα πρὸς τῷ θαρρεῖν καὶ καταφρονεῖν τῶν πολεμίων τοὺς Οὐολούσκους ὠφελήσας, ἀπήγαγεν ἀσφαλῶς.

[28] [1] Ἐπεὶ δὲ πᾶσα ταχὺ καὶ προθύμως ἡ τῶν Οὐολούσκων δύναμις ἠθροίσθη, πολλὴ φανεῖσα, μέρος μὲν ἔγνωσαν ὑπολιπεῖν ταῖς πόλεσιν ὑπὲρ ἀσφαλείας, μέρει δὲ στρατεύειν ἐπὶ τοὺς Ῥωμαίους· ἑλέσθαι δὲ τῶν ἡγεμονιῶν ὁ [2] Μάρκιος ἔδωκε τῷ Τύλλῳ τὴν ἑτέραν. ὁ δὲ Τύλλος εἰπὼν ὡς οὐδὲν ἀρετῇ λειπόμενον αὑτοῦ τὸν Μάρκιον ὁρᾷ, τύχῃ δὲ βελτίονι κεχρημένον ἐν ταῖς μάχαις ἁπάσαις, ἐκέλευσεν ἡγεῖσθαι τῶν ἐξιόντων, αὐτὸς δὲ τάς τε πόλεις ὑπομένων φυλάξειν, καὶ τοῖς στρατευομένοις ὑπουργήσειν τὰ πρόσφορα.

[3] μᾶλλον οὖν ἐπιρρωσθεὶς ὁ Μάρκιος ἐχώρει πρῶτον ἐπὶ Κίρκαιον, πόλιν ἀποικίδα Ῥωμαίων, καὶ ταύτην ἐνδοῦσαν [4] ἑκουσίως οὐδὲν ἠδίκησε. μετὰ δὲ ταύτην ἐπόρθει τὴν Λατίνων χώραν, ἐνταῦθα προσμαχεῖσθαι προσδεχόμενος αὐτῷ τοὺς Ῥωμαίους ὑπὲρ τῶν Λατίνων, συμμάχων ὄντων [5] καὶ πολλάκις αὐτοὺς ἐπικαλουμένων. ἐπεὶ δὲ καὶ τὸ πλῆθος ἀπρόθυμον ἐγένετο, καὶ τοῖς ὑπάτοις ὀλίγος ἔτι περιῆν τῆς ἀρχῆς χρόνος, ἐν ᾧ κινδυνεύειν οὐκ ἐβούλοντο, καὶ διὰ ταῦτα τοὺς Λατίνους ἀπέπεμψαν, οὕτως ὁ Μάρκιος ἐπ' αὐτὰς τὰς πόλεις ἦγε, καὶ Τολερίνους μὲν καὶ Λαουικανοὺς καὶ Πεδανούς, ἔτι δὲ Βωλανοὺς ἀντιστάντας αὐτῷ κατὰ κράτος ἑλών, τά τε σώματα λείαν ἐποιήσατο καὶ τὰ [6] χρήματα διήρπασε. τῶν δὲ προστιθεμένων ἐπιμέλειαν ἐποιεῖτο πολλήν, ὅπως μηδ' ἄκοντος αὐτοῦ βλάπτοιντο, πορρωτάτω στρατοπεδεύων καὶ τῆς χώρας ἀπεχόμενος.

[29] [1] Ἐπεὶ δὲ καὶ Βοΐλλας, πόλιν οὐ πλείους σταδίους ἑκατὸν ἀπέχουσαν τῆς Ῥωμαίων, ἑλὼν χρημάτων τε πολλῶν ἐκράτησε καὶ πάντας ὀλίγου δεῖν τοὺς ἐν ἡλικίᾳ διέφθειρε, τῶν δὲ Οὐολούσκων οὐδ' οἱ μένειν ἐν ταῖς πόλεσι

ταχθέντες ἐκαρτέρουν, ἀλλ’ ἐφέροντο σὺν τοῖς ὅπλοις πρὸς τὸν Μάρκιον, ἕνα στρατηγὸν καὶ μόνον ἄρχοντα ἑαυτῶν γινώσκειν ἐκεῖνον [εἶναι] λέγοντες, ἦν ὄνομα κατὰ πᾶσαν αὐτοῦ τὴν Ἰταλίαν μέγα καὶ δόξα θαυμαστὴ τῆς ἀρετῆς, ἑνὸς σώματος μεταθέσει τοσοῦτον ἀπεργασαμένης τὸ παράλογον ἐν τοῖς πράγμασι.

[2] Τὰ δὲ τῶν Ῥωμαίων οὐδένα κόσμον εἶχε, μάχεσθαι μὲν ἀπεγνωκότων, ἐν δὲ συστάσεσι καὶ λόγοις στασιαστικοῖς ὁσημέραι πρὸς ἀλλήλους ὄντων, ἄχρι οὗ Λαουΐνιον ἀπηγγέλθη περιτειχιζόμενον ὑπὸ τῶν πολεμίων, ὅπου καὶ θεῶν ἱερὰ Ῥωμαίοις πατρῴων ἀπέκειτο, καὶ τοῦ γένους ἦσαν αὐτοῖς ἀρχαὶ διὰ τὸ πρώτην πόλιν ἐκείνην [3] κτίσαι τὸν Αἰνείαν. ἐκ δὲ τούτου θαυμαστὴ μὲν ἔσχε καὶ ἀθρόα μεταβολὴ γνώμης τὸν δῆμον, ἄτοπος δὲ κομιδῇ [4] καὶ παράλογος τοὺς πατρικίους. ὁ μὲν γὰρ δῆμος ὥρμησε λύειν τὴν τοῦ Μαρκίου καταδίκην καὶ καλεῖν αὐτὸν εἰς τὴν πόλιν, ἡ δὲ βουλὴ συναχθεῖσα καὶ σκοποῦσα περὶ τοῦ προβουλεύματος ἀπέγνω καὶ διεκώλυσεν, εἴτε πάντως ἐνίστασθαι φιλονικοῦσα καὶ πᾶσιν οἷς ὁ δῆμος ἐσπούδαζεν, εἴτ’ ἄλλως χάριτι τοῦ δήμου τὸν ἄνδρα μὴ βουλομένη κατελθεῖν, εἴτε κἀκεῖνον αὐτὸν ἤδη πεποιημένη δι’ ὀργῆς, ὅτι πάντας ἐποίει κακῶς οὐχ ὑπὸ πάντων ἀγνωμονηθείς, καὶ τῆς πατρίδος αὐτὸν ὅλης ἀπέδειξεν ἐχθρόν, ἐν ᾗ τὸ κυριώτατον καὶ κράτιστον μέρος ἐγίνωσκε συμπαθοῦν [5] αὐτῷ καὶ συναδικούμενον. ἐξενεχθείσης δὲ τῆς γνώμης εἰς τοὺς πολλούς, ὁ μὲν δῆμος ἄκυρος ἦν τοῦ ψήφῳ καὶ νόμῳ τι ποιεῖν ἄνευ προβουλεύματος.

[30] [1] Ὁ δὲ Μάρκιος ἀκούσας ἔτι μᾶλλον ἐξετραχύνθη, καὶ τὴν πολιορκίαν ἀπολιπὼν ἐπὶ τὴν πόλιν ὑπ’ ὀργῆς ἐχώρει, καὶ περὶ τὰς λεγομένας Κλοιλίας τάφρους κατεστρατοπέδευσε, τεσσαράκοντα τῆς πόλεως σταδίους ἀφεστώς.

[2] ὀφθεὶς δὲ φοβερὸς καὶ πολὺν θόρυβον παρασχών, ὅμως ἐν τῷ παρόντι τὴν στάσιν ἔπαυσεν· οὐδεὶς γὰρ ἔτι τοῖς πολλοῖς ἐτόλμησεν ἀντειπεῖν οὔτ’ ἄρχων οὔτε βουλευτὴς περὶ τοῦ τὸν Μάρκιον κατάγειν, ἀλλ’ ὁρῶντες ἐν τῇ πόλει διαδρομὰς γυναικῶν καὶ πρὸς ἱεροῖς ἱκεσίας καὶ δάκρυα πρεσβυτῶν καὶ δεήσεις, πάντα δ’ ἐνδεᾶ τόλμης καὶ σωτηρίων λογισμῶν, συνέγνωσαν ὀρθῶς τὸν δῆμον ἐπὶ τὰς διαλλαγὰς τοῦ Μαρκίου τραπέσθαι, τὴν δὲ βουλὴν τοῦ παντὸς ἁμαρτάνειν, ὅτε παύσασθαι καλῶς εἶχεν, ὀργῆς καὶ μνησικακίας [3] ἀρχομένην. ἔδοξεν οὖν πᾶσι πρέσβεις ἀποστεῖλαι πρὸς τὸν Μάρκιον, ἐκείνῳ τε κάθοδον διδόντας εἰς τὴν [4] πατρίδα καὶ τὸν πόλεμον αὐτοῖς λῦσαι δεομένους. οἱ δὲ πεμφθέντες ἀπὸ βουλῆς ἦσαν μὲν ἐπιτήδειοι τῷ Μαρκίῳ, προσεδέχοντο δὲ καὶ πολλὴν περί γε τὰς πρώτας ἀπαντήσεις φιλοφροσύνην παρ’ ἀνδρὸς οἰκείου καὶ συνήθους.

[5] ἐγίνετο δὲ τοιοῦτον οὐδέν, ἀλλὰ διὰ τοῦ στρατοπέδου τῶν πολεμίων ἀχθέντες, ἐνετύγχανον αὐτῷ μετ’ ὄγκου [6] καθεζομένῳ καὶ βαρύτητος οὐκ ἀνεκτῆς. ἔχων δὲ τοὺς πρώτους τῶν Οὐολούσκων περὶ αὑτόν, ἐκέλευε λέγειν [7] ὧν δεόμενοι τυγχάνουσιν. εἰπόντων δὲ λόγους ἐπιεικεῖς καὶ φιλανθρώπους ἐν ἤθει τῷ πρέποντι καὶ παυσαμένων, ἀπεκρίνατο τὰ μὲν πικρῶς ὑπὲρ ἑαυτοῦ καὶ πρὸς ὀργὴν ὧν ἔπαθε, τὰ δ’ ὑπὲρ τῶν Οὐολούσκων ὡς στρατηγός, ἀποδοῦναι τὰς πόλεις καὶ τὴν χώραν ὅσην ἀπετέμοντο πολέμῳ κελεύων, καὶ ψηφίσασθαι Οὐολούσκοις ἰσοπολιτείαν [8] ἥνπερ Λατίνοις· ἄλλην γὰρ οὐκ εἶναι βέβαιον ἢ τὴν ἐπὶ τοῖς ἴσοις καὶ δικαίοις ἀπαλλαγὴν τοῦ πολέμου. χρόνον δὲ βουλῆς ἔδωκεν αὐτοῖς ἡμέρας τριάκοντα, καὶ τῶν πρέσβεων ἀπελθόντων εὐθὺς ἀνέζευξεν ἐκ τῆς χώρας.

[31] [1] Τοῦτο δὴ πρῶτον αἰτίαμα τῶν Οὐολούσκων οἱ πάλαι βαρυνόμενοι τὴν δύναμιν αὐτοῦ καὶ φθονοῦντες ἐλάμβανον· ὧν ἦν καὶ ὁ Τύλλος, ἰδίᾳ μὲν ὑπὸ τοῦ Μαρκίου μηδὲν ἀδικούμενος, ἐν δ’ ἀνθρωπίνῳ πάθει γεγονώς.

[2] ἤχθετο γὰρ ἠμαυρωμένος παντάπασι τῇ δόξῃ καὶ παρορώμενος ὑπὸ τῶν Οὐολούσκων, πάντα μόνον ἡγουμένων αὐτοῖς εἶναι τὸν Μάρκιον, τοὺς δ’ ἄλλους ἀξιούντων, ὅσον ἐκεῖνος αὐτοῖς μεταδώσει δυνάμεως καὶ ἀρχῆς, [3] ἀγαπᾶν ἔχοντας. ὅθεν αἱ πρῶται κατηγορίαι κρύφα διεσπείροντο, καὶ συνιστάμενοι πρὸς ἀλλήλους ἠγανάκτουν, καὶ προδοσίαν ἐκάλουν τὴν ἀνάζευξιν, οὐ τειχῶν οὐδ’ ὅπλων, ἀλλὰ καιρῶν, οἷς καὶ τἆλλα πάντα σῴζεσθαι καὶ πάλιν ἀπόλλυσθαι πέφυκεν, ἡμερῶν τριάκοντα τῷ πολέμῳ δεδομένων, οὗ μείζονας οὐδὲν ‹ἐν› ἐλάττονι χρόνῳ [4] λαμβάνειν μεταβολάς. καίτοι τὸν χρόνον τοῦτον ὁ Μάρκιος οὐκ ἀργὸν διῆγεν, ἀλλὰ τοὺς συμμάχους τῶν πολεμίων ἔφθειρεν ἐπιὼν καὶ περιέκοπτε, καὶ πόλεις ἑπτὰ [5] μεγάλας καὶ πολυανθρώπους ἔλαβεν. οἱ δὲ Ῥωμαῖοι βοηθεῖν μὲν οὐκ ἐτόλμων, ἀλλ’ ὄκνου πλήρεις ἦσαν αὐτῶν αἱ ψυχαί, καὶ τοῖς ἐκνεναρκηκόσι κομιδῇ καὶ παραλελυμένοις [6] σώμασιν ὁμοίως διέκειντο πρὸς τὸν πόλεμον. ἐπεὶ δ’ ὁ χρόνος διῆλθε καὶ παρῆν αὖθις ὁ Μάρκιος μετὰ τῆς δυνάμεως ἁπάσης, ἐκπέμπουσι πρεσβείαν πάλιν τοῦ Μαρκίου δεησομένην ὑφέσθαι τῆς ὀργῆς καὶ τοὺς Οὐολούσκους ἐκ τῆς χώρας ἀπαγαγόντα πράττειν καὶ λέγειν ὅ τι ἂν ἀμφοτέροις οἴηται βέλτιον εἶναι· φόβῳ μὲν γὰρ οὐδὲν ἐνδώσειν Ῥωμαίους, ἐὰν δέ τινος τῶν ἐπιεικῶν καὶ φιλανθρώπων οἴηται δεῖν τυχεῖν τοὺς Οὐολούσκους, ἅπαν ἂν [7] αὐτοῖς γενέσθαι τὰ ὅπλα καταθεμένοις. πρὸς ταῦθ’ ὁ Μάρκιος ἔφη μηδὲν ὡς Οὐολούσκων ἀποκρίνεσθαι στρατηγός, ὡς δὲ Ῥωμαίων ἔτι πολίτης παραινεῖν καὶ παρακαλεῖν μετριώτερα φρονήσαντας ἐπὶ τοῖς δικαίοις ἥκειν πρὸς αὐτὸν ἐν ἡμέραις τρισίν, ἃ προκαλεῖται

ψηφισαμένους· εἰ δ᾽ ἕτερα δόξειε, γινώσκειν οὐκ οὖσαν αὐτοῖς ἄδειαν αὖθις μετὰ λόγων κενῶν βαδίζουσιν εἰς τὸ στρατόπεδον.

[32] [1] Ἐπανελθόντων δὲ τῶν πρέσβεων ἀκούσασα ἡ βουλή, καθάπερ ἐν χειμῶνι πολλῷ καὶ κλύδωνι τῆς πόλεως ἄρασα [2] τὴν ἱερὰν ἀφῆκεν. ὅσοι γὰρ ἦσαν ἱερεῖς θεῶν ἢ μυστηρίων ὀργιασταὶ καὶ φύλακες ἢ τὴν ἀπ᾽ οἰωνῶν πάτριον οὖσαν ἔκπαλαι μαντικὴν ἔχοντες, τούτους πάντας ἀπιέναι πρὸς τὸν Μάρκιον ἐψηφίσαντο, κεκοσμημένους ὡς ἦν ἑκάστῳ νόμος ἐν ταῖς ἱερουργίαις, λέγειν δὲ ταὐτὰ καὶ παρακαλεῖν ὅπως ἀπαλλάξας τὸν πόλεμον οὕτω διαλέγηται περὶ τῶν [3] Οὐολούσκων τοῖς πολίταις. ἐδέξατο μὲν οὖν εἰς τὸ στρατόπεδον τοὺς ἄνδρας, ἄλλο δ᾽ οὐδὲν ἔδωκεν οὐδ᾽ ἔπραξεν οὐδ᾽ εἶπε μαλακώτερον, ἀλλ᾽ ἐφ᾽ οἷς πρότερον ἐκέλευε [4] ποιεῖσθαι τὰς διαλύσεις ἢ δέχεσθαι τὸν πόλεμον. ἐπανελθόντων οὖν τῶν ἱερέων ἔδοξεν ἀτρεμοῦντας ἐν τῇ πόλει τὰ τείχη φυλάττειν καὶ προσβάλλοντας ἀποκρούεσθαι τοὺς πολεμίους, ἐν τῷ χρόνῳ μάλιστα καὶ τοῖς ἀπὸ τῆς τύχης παραλόγοις τιθεμένοις τὰς ἐλπίδας, ἐπεὶ δι᾽ αὑτῶν γε σωτήριον οὐδὲν ἠπίσταντο πράττοντες, ἀλλὰ ταραχὴ καὶ πτοία καὶ φήμη πονηρὰ τὴν πόλιν κατεῖχεν, ἄχρι οὗ συνέβη τι πρᾶγμα τῷ πολλάκις ὑφ᾽ Ὁμήρου λεγομένῳ, μὴ πάνυ [5] δὲ πείθοντι πολλούς, ὅμοιον. λέγοντος γὰρ αὐτοῦ καὶ ἀναφωνοῦντος ἐπὶ ταῖς μεγάλαις πράξεσι καὶ παραλόγοις (Od. 21, 1)

τῇ δ᾽ ἄρ᾽ ἐπὶ φρεσὶ θῆκε θεὰ γλαυκῶπις Ἀθήνη,

καὶ τὸ (Il. 9, 459 sq.)

ἀλλά τις ἀθανάτων τρέψεν φρένας, ὅς ῥ᾽ ἐνὶ θυμῷ
δήμου θῆκε φάτιν,

καὶ τὸ (Od. 9, 339)

ἤ τι ὀισσάμενος ἢ καὶ θεὸς ὣς ἐκέλευε,

καταφρονοῦσιν, ὡς ἀδυνάτοις πλάσμασι καὶ μυθεύμασιν ἀπίστοις τὸν ἑκάστου λογισμὸν τῆς προαιρέσεως †ἄπιστον [6] καθιστάντος. οὐ ποιεῖ δὲ τοῦθ᾽ Ὅμηρος, ἀλλὰ τὰ μὲν εἰκότα καὶ συνήθη καὶ κατὰ λόγον περαινόμενα τῷ ἐφ᾽ ἡμῖν ἀποδίδωσι, καὶ λέγει δήπου πολλάκις·

αὐτὰρ ἐγὼ βούλευσα κατὰ μεγαλήτορα θυμόν,

καὶ (Il. 1, 188)·

ὣς φάτο, Πηλείωνι δ᾽ ἄχος γένετ᾽, ἐν δέ οἱ ἦτορ
στήθεσσιν λασίοισι διάνδιχα μερμήριζεν,

καὶ πάλιν (Il. 6, 161)·

ἀλλὰ τὸν οὔ τι
πεῖθ᾽ ἀγαθὰ φρονέοντα δαΐφρονα Βελλεροφόντην·

[7] ἐν δὲ ταῖς ἀτόποις καὶ παραβόλοις πράξεσι καὶ φορᾶς τινος ἐνθουσιώδους καὶ παραστάσεως δεομέναις οὐκ ἀναιροῦντα ποιεῖ τὸν θεόν, ἀλλὰ κινοῦντα τὴν προαίρεσιν, οὐδ' ὁρμὰς ἐνεργαζόμενον, ἀλλὰ φαντασίας ὁρμῶν ἀγωγούς, αἷς οὐδὲ ποιεῖ τὴν πρᾶξιν ἀκούσιον, ἀλλὰ τῷ ἑκουσίῳ δίδωσιν ἀρχήν, καὶ τὸ θαρρεῖν καὶ τὸ ἐλπίζειν προστίθησιν.

[8] ἢ γὰρ ἀπαλλακτέον ὅλως τὰ θεῖα πάσης αἰτίας καὶ ἀρχῆς τῶν καθ' ἡμᾶς, ἤ τις ἂν ἄλλος εἴη τρόπος ᾧ βοηθοῦσιν ἀνθρώποις καὶ συνεργοῦσιν, οὐ τὸ σῶμα δήπου πλάττοντες ἡμῶν, οὐδὲ τὰς χεῖρας ὡς δεῖ μετατιθέντες αὐτοὶ καὶ τοὺς πόδας, ἀλλὰ τῆς ψυχῆς τὸ πρακτικὸν καὶ προαιρετικὸν ἀρχαῖς τισι καὶ φαντασίαις καὶ ἐπινοίαις ἐγείροντες, ἢ τοὐναντίον ἀποστρέφοντες καὶ ἱστάντες.

[33] [1] Ἐν δὲ τῇ Ῥώμῃ τότε τῶν γυναικῶν ἄλλαι μὲν πρὸς ἄλλοις ἱεροῖς, αἱ δὲ πλεῖσται καὶ δοκιμώταται περὶ τὸν τοῦ Καπιτωλίου Διὸς βωμὸν ἱκέτευον, ἐν δὲ ταύταις ἡ Ποπλικόλα τοῦ μεγάλα καὶ πολλὰ Ῥωμαίους ἔν τε πολέμοις καὶ [2] πολιτείαις ὠφελήσαντος ἀδελφὴ Οὐαλερία. Ποπλικόλας μὲν οὖν ἐτεθνήκει πρότερον, ὡς ἐν τοῖς περὶ ἐκείνου γεγραμμένοις (cap. 23) ἱστορήκαμεν, ἡ δὲ Οὐαλερία δόξαν εἶχεν ἐν τῇ πόλει καὶ τιμήν, δοκοῦσα τῷ βίῳ μὴ καταισχύνειν [3] τὸ γένος. ὅπερ οὖν λέγω πάθος ἐξαπίνης παθοῦσα, καὶ κατ' ἐπίνοιαν οὐκ ἀθείαστον ἁψαμένη τοῦ συμφέροντος, αὐτή τ' ἀνέστη καὶ τὰς ἄλλας ἀναστήσασα πάσας ἧκεν [4] ἐπὶ τὴν οἰκίαν τῆς τοῦ Μαρκίου μητρὸς Οὐολουμνίας. ὡς δ' εἰσῆλθε καὶ κατέλαβε μετὰ τῆς νυοῦ καθεζομένην καὶ τὰ παιδία τοῦ Μαρκίου πρὸς τοῖς κόλποις ἔχουσαν, ἐν [5] κύκλῳ περιστήσασα τὰς γυναῖκας αὐτῆς· αὐταί γ' ἡμεῖς, εἶπεν ὦ Οὐολουμνία καὶ σὺ Οὐεργιλία, γυναῖκες ἥκομεν πρὸς γυναῖκας, οὔτε βουλῆς ψηφισαμένης οὔτ' ἄρχοντος κελεύσαντος, ἀλλ' ὁ θεὸς ἡμῶν ὡς ἔοικεν οἰκτίρας τὴν ἱκετείαν, ὁρμὴν παρέστησε δευρὶ τραπέσθαι πρὸς ὑμᾶς καὶ δεηθῆναι σωτήρια μὲν αὑταῖς καὶ τοῖς ἄλλοις πολίταις, ὑμῖν δὲ πεισθείσαις ἐπιφανεστέραν φέροντα δόξαν, ἧς αἱ Σαβίνων θυγατέρες ἔσχον, εἰς φιλίαν καὶ εἰρήνην ἐκ πολέμων [6] συναγαγοῦσαι πατέρας καὶ ἄνδρας. δεῦτε, πρὸς Μάρκιον ἰοῦσαι μεθ' ἡμῶν συνάψασθε τῆς ἱκετηρίας, καὶ μαρτυρήσατε τῇ πατρίδι μαρτυρίαν ἀληθῆ καὶ δικαίαν, ὅτι πολλὰ πάσχουσα κακῶς οὐδὲν οὔτ' ἔπραξε δεινὸν οὔτ' ἐβούλευσε περὶ ὑμῶν δι' ὀργήν, ἀλλ' ἀποδίδωσιν ὑμᾶς ἐκείνῳ, κἂν μηδενὸς τυγχάνειν μέλλῃ τῶν ἐπιεικῶν.

[7] ταῦτα τῆς Οὐαλερίας εἰπούσης, ἀνεβόησαν αἱ λοιπαὶ γυναῖκες, ἠμείψατο δ' ἡ Οὐολουμνία· καὶ τῶν κοινῶν ἡμῖν συμφορῶν, ὦ γυναῖκες, ἴσον μέτεστι, καὶ ἰδίᾳ πράττομεν κακῶς, ἀπολέσασαι τὴν Μαρκίου δόξαν καὶ ἀρετήν, τὸ σῶμα δ' αὐτοῦ τοῖς τῶν πολεμίων ὅπλοις φρουρούμενον [8]

μᾶλλον ἢ σῳζόμενον ἐφορῶσαι. μέγιστον δ᾽ ἡμῖν τῶν ἀτυχημάτων ἐστίν, εἰ τὰ τῆς πατρίδος οὕτως ἐξησθένηκεν, [9] ὥστ᾽ ἐν ἡμῖν ἔχειν τὰς ἐλπίδας. οὐκ οἶδα γὰρ εἴ τινα ποιήσεται λόγον ἡμῶν ἐκεῖνος, εἴ γε μηδένα ποιεῖται τῆς πατρίδος, ἣν καὶ μητρὸς καὶ γυναικὸς καὶ τέκνων [10] προετίμησεν. οὐ μὴν ἀλλὰ χρῆσθε ἡμῖν καὶ λαβοῦσαι κομίζετε πρὸς ἐκεῖνον, εἰ μηδὲν ἄλλο, ταῖς ὑπὲρ τῆς πατρίδος ἱκεσίαις ἐναποπνεῦσαι δυναμένας.

[34] [1] Ἐκ τούτου τά τε παιδία καὶ τὴν Οὐεργιλίαν ἀναστήσασα, μετὰ τῶν ἄλλων γυναικῶν ἐβάδιζεν εἰς τὸ στρατόπεδον [2] τῶν Οὐολούσκων. ἡ δ᾽ ὄψις αὐτῶν τό τ᾽ οἰκτρὸν καὶ τοῖς πολεμίοις ἐνεποίησεν αἰδῶ καὶ σιωπήν. ἐδίκαζε δ᾽ ὁ Μάρκιος, ἐπὶ βήματος καθεζόμενος μετὰ τῶν ἡγεμονικῶν.

[3] ὡς οὖν εἶδε προσιούσας τὰς γυναῖκας, ἐθαύμασεν· ἐπιγνοὺς δὲ τὴν μητέρα πρώτην βαδίζουσαν, ἐβούλετο μὲν ἐμμένειν τοῖς ἀτρέπτοις ἐκείνοις καὶ ἀπαραιτήτοις λογισμοῖς, γενόμενος δὲ τοῦ πάθους ἐλάττων καὶ συνταραχθεὶς πρὸς τὴν ὄψιν, οὐκ ἔτλη καθεζομένῳ προσελθεῖν, ἀλλὰ καταβὰς θᾶττον ἢ βάδην καὶ ἀπαντήσας, πρώτην μὲν ἠσπάσατο τὴν μητέρα καὶ πλεῖστον χρόνον, εἶτα δὲ τὴν γυναῖκα καὶ τὰ τέκνα, μήτε δακρύων ἔτι μήτε τοῦ φιλοφρονεῖσθαι φειδόμενος, ἀλλ᾽ ὥσπερ ὑπὸ ῥεύματος φέρεσθαι τοῦ πάθους ἑαυτὸν ἐνδεδωκώς.

[35] [1] Ἐπεὶ δὲ τούτων ἅδην εἶχε καὶ τὴν μητέρα βουλομένην ἤδη λόγων ἄρχειν ᾔσθετο, τοὺς τῶν Οὐολούσκων προβούλους παραστησάμενος, ἤκουσε τῆς Οὐολουμνίας [2] τοιαῦτα λεγούσης· ὁρᾷς μὲν ὦ παῖ, κἂν αὐταὶ μὴ λέγωμεν, ἐσθῆτι καὶ μορφῇ τῶν ἀθλίων σωμάτων τεκμαιρόμενος, οἵαν οἰκουρίαν ἡμῖν ἡ σὴ φυγὴ περιεποίησε· λόγισαι δὲ νῦν, ὡς ἀτυχέσταται πασῶν ἀφίγμεθα γυναικῶν, αἷς τὸ ἥδιστον θέαμα φοβερώτατον ἡ τύχη πεποίηκεν, ἐμοὶ μὲν υἱόν, ταύτῃ δ᾽ ἄνδρα τοῖς τῆς πατρίδος τείχεσιν [3] ἰδεῖν ἀντικαθήμενον. ὃ δ᾽ ἔστι τοῖς ἄλλοις ἀτυχίας πάσης καὶ κακοπραγίας παραμύθιον, εὔχεσθαι θεοῖς, ἡμῖν ἀπορώτατον γέγονεν. οὐ γὰρ οἷόν τε καὶ τῇ πατρίδι νίκην ἅμα καὶ σοὶ σωτηρίαν αἰτεῖσθαι παρὰ τῶν θεῶν, ἀλλ᾽ ἅ τις ἂν ἡμῖν καταράσαιτο τῶν ἐχθρῶν, ταῦτα ταῖς ἡμετέραις [4] ἔνεστιν εὐχαῖς. ἀνάγκη γὰρ ἢ τῆς πατρίδος ἢ σοῦ στέρεσθαι [5] καὶ γυναικὶ σῇ καὶ τέκνοις. ἐγὼ δ᾽ οὐ περιμενῶ ταύτην μοι διαιτῆσαι τὴν τύχην ζώσῃ τὸν πόλεμον, ἀλλ᾽ εἰ μή σε πείσαιμι φιλίαν καὶ ὁμόνοιαν ‹ἀντὶ› διαφορᾶς καὶ κακῶν θέμενον ἀμφοτέρων εὐεργέτην γενέσθαι μᾶλλον ἢ λυμεῶνα τῶν ἑτέρων, οὕτω διανοοῦ καὶ παρασκεύαζε σαυτὸν ὡς τῇ πατρίδι προσμεῖξαι μὴ δυνάμενος πρὶν ἢ [6] νεκρὰν ὑπερβῆναι τὴν τεκοῦσαν. οὐ γὰρ ἐκείνην με δεῖ τὴν ἡμέραν ἀναμένειν, ἐν ᾗ τὸν υἱὸν ἐπόψομαι θριαμβευόμενον ὑπὸ τῶν πολιτῶν ἢ θριαμβεύοντα κατὰ τῆς πατρίδος.

[7] εἰ μὲν οὖν ἀξιῶ σε τὴν πατρίδα σῶσαι Οὐολούσκους ἀπολέσαντα, χαλεπή σοι καὶ δυσδιαίτητος ὦ παῖ πρόκειται σκέψις· οὔτε γὰρ διαφθεῖραι τοὺς πολίτας [8] καλόν, οὔτε τοὺς πεπιστευκότας προδοῦναι δίκαιον· νῦν δ' ἀπαλλαγὴν κακῶν αἰτούμεθα, σωτήριον μὲν ἀμφοτέροις ὁμοίως, ἔνδοξον δὲ καὶ καλὴν μᾶλλον Οὐολούσκοις, ὅτι τῷ κρατεῖν δόξουσι διδόναι τὰ μέγιστα τῶν ἀγαθῶν, οὐχ ἧττον λαμβάνοντες, εἰρήνην καὶ φιλίαν, ὧν μάλιστα μὲν αἴτιος ἔσῃ γενομένων, μὴ γενομένων δὲ μόνος αἰτίαν ἕξεις [9] παρ' ἀμφοτέροις. ἄδηλος δ' ὢν ὁ πόλεμος τοῦτ' ἔχει πρόδηλον, ὅτι σοι νικῶντι μὲν ἀλάστορι τῆς πατρίδος εἶναι περίεστιν, ἡττώμενος δὲ δόξεις ὑπ' ὀργῆς εὐεργέταις ἀνδράσι καὶ φίλοις τῶν μεγίστων αἴτιος γενέσθαι κακῶν.

[36] [1] Ταῦτα τῆς Οὐολουμνίας λεγούσης ὁ Μάρκιος ἠκροᾶτο μηδὲν ἀποκρινόμενος. ἐπεὶ δὲ καὶ παυσαμένης εἱστήκει σιωπῶν πολὺν χρόνον, αὖθις ἡ Οὐολουμνία· [2] τί σιγᾷς εἶπεν ὦ παῖ; πότερον ὀργῇ καὶ μνησικακίᾳ πάντα συγχωρεῖν καλόν, οὐ καλὸν δὲ μητρὶ χαρίσασθαι δεομένῃ περὶ τηλικούτων; ἢ τὸ μεμνῆσθαι πεπονθότα κακῶς ἀνδρὶ μεγάλῳ προσήκει, τὸ δ' εὐεργεσίας ἃς εὐεργετοῦνται παῖδες ὑπὸ τῶν τεκόντων σέβεσθαι καὶ τιμᾶν οὐκ ἀνδρὸς ἔργον ἐστὶ μεγάλου καὶ ἀγαθοῦ; καὶ μὴν οὐδενὶ μᾶλλον ἔπρεπε τηρεῖν χάριν ὡς σοί, πικρῶς οὕτως [3] ἀχαριστίαν ἐπεξιόντι. καίτοι παρὰ τῆς πατρίδος ἤδη μεγάλας δίκας ἀπείληφας, τῇ μητρὶ δ' οὐδεμίαν χάριν ἀποδέδωκας. ἦν μὲν οὖν ὁσιώτατον ἄνευ τινὸς ἀνάγκης τυχεῖν με παρὰ σοῦ δεομένην οὕτω καλῶν καὶ δικαίων· μὴ πείθουσα [4] δὲ τί φείδομαι τῆς ἐσχάτης ἐλπίδος; καὶ ταῦτ' εἰποῦσα προσπίπτει τοῖς γόνασιν αὐτοῦ μετὰ τῆς γυναικὸς [5] ἅμα καὶ τῶν παιδίων. ὁ δὲ Μάρκιος ἀναβοήσας· οἷον εἴργασαί μ' ὦ μῆτερ, ἐξανίστησιν αὐτὴν καὶ τὴν δεξιὰν πιέσας σφόδρα· νενίκηκας εἶπεν εὐτυχῆ μὲν τῇ πατρίδι νίκην, ἐμοὶ δ' ὀλέθριον· ἄπειμι γὰρ ὑπὸ σοῦ μόνης [6] ἡττημένος. τοσοῦτο δ' εἰπὼν καὶ βραχέα τῇ μητρὶ καὶ τῇ γυναικὶ διαλεχθεὶς ἰδίᾳ, τὰς μὲν ἀπέπεμψεν εἰς Ῥώμην πάλιν αὐτὰς δεομένας, τῆς δὲ νυκτὸς παρελθούσης ἀπήγαγεν Οὐολούσκους, οὐ τὸν αὐτὸν τρόπον οὐδ' ὁμοίως [7] διακειμένους ἅπαντας. οἱ μὲν γὰρ ἐμέμφοντο καὶ τὸν ἄνδρα καὶ τὴν πρᾶξιν, οἱ δ' οὐδέτερα, πρὸς διάλυσιν καὶ εἰρήνην οἰκείως ἔχοντες, ἔνιοι δὲ δυσχεραίνοντες τὰ πραττόμενα, τὸν Μάρκιον ὅμως οὐ πονηρὸν ἐνόμιζον, ἀλλὰ συγγνωστόν, ἐπικλασθέντα τηλικαύταις ἀνάγκαις.

[8] ἀντεῖπε δ' οὐδείς, ἀλλὰ πάντες εἵποντο, τὴν ἀρετὴν αὐτοῦ μᾶλλον θαυμάζοντες ἢ τὴν ἐξουσίαν.

[37] [1] Ὁ δὲ Ῥωμαίων δῆμος ἐν ὅσῳ φόβῳ καὶ κινδύνῳ καθειστήκει τοῦ πολέμου παρόντος, αἴσθησιν παρέσχε [2] μᾶλλον λυθέντος. ἅμα γὰρ ἀφεώρων

τοὺς Οὐολούσκους ἀναζευγνύντας οἱ περὶ τὰ τείχη, καὶ πᾶν εὐθὺς ἱερὸν ἀνεῴγει, στεφανηφορούντων ὥσπερ ἐπὶ νίκῃ καὶ θυόντων.

[3] μάλιστα δὲ τῇ περὶ τὰς γυναῖκας ἀγαπήσει καὶ τιμῇ τῆς τε βουλῆς τοῦ τε πλήθους ἅπαντος ἔνδηλος ἦν ἡ χαρὰ τῆς πόλεως, καὶ λεγόντων καὶ νομιζόντων αἰτίας γεγονέναι [4] τῆς σωτηρίας περιφανῶς ἐκείνας. ψηφισαμένης δὲ τῆς βουλῆς, ὅ τι ἂν αὐταῖς ἀξιώσωσι γενέσθαι πρὸς δόξαν ἢ χάριν, τοῦτο ποιῆσαι καὶ παρασχεῖν τοὺς ἄρχοντας, οὐδὲν ἠξίωσαν ἄλλο ἢ Τύχης γυναικείας ἱερὸν ἱδρύσασθαι, τὸ μὲν ἀνάλωμα συμβαλόμεναι παρ’ αὑτῶν, ἱερουργίας δὲ καὶ τιμὰς ὅσαι θεοῖς πρέπουσι δημοσίᾳ τῆς πόλεως [5] ἀναλαβούσης. ἐπεὶ δ’ ἡ βουλὴ τὴν μὲν φιλοτιμίαν ἐπῄνεσε, δημοσίαις δὲ δαπάναις ἐποιήσατο τὸν νεὼν καὶ τὸ ἕδος, οὐδὲν ἧττον αὐταὶ χρήματα συνεισενεγκοῦσαι δεύτερον ἄγαλμα κατεσκεύασαν, ὃ δὴ καί φασι Ῥωμαῖοι καθιστάμενον ἐν τῷ ἱερῷ φθέγξασθαί τι τοιοῦτο· θεοφιλεῖ με θεσμῷ γυναῖκες δεδώκατε.

[38] [1] Ταύτην καὶ δὶς γενέσθαι τὴν φωνὴν μυθολογοῦσιν, ἀγενήτοις ὅμοια καὶ χαλεπὰ πεισθῆναι πείθοντες ἡμᾶς.

[2] ἰδίοντα μὲν γὰρ ἀγάλματα φανῆναι καὶ δακρυρροοῦντα καί τινας μεθιέντα νοτίδας αἱματώδεις οὐκ ἀδύνατόν ἐστι· καὶ γὰρ ξύλα καὶ λίθοι πολλάκις μὲν εὐρῶτα συνάγουσι γόνιμον ὑγρότητος, πολλὰς δὲ καὶ χρόας ἀνιᾶσιν ἐξ αὑτῶν, καὶ δέχονται βαφὰς ἐκ τοῦ περιέχοντος, οἷς ἔνια σημαίνειν τὸ δαιμόνιον οὐδὲν ἂν δόξειε κωλύειν.

[3] δυνατὸν δὲ καὶ μυγμῷ καὶ στεναγμῷ ψόφον ὅμοιον ἐκβαλεῖν ἄγαλμα κατὰ ῥῆξιν ἢ διάστασιν μορίων βιαιοτέραν ἐν βάθει γενομένην. ἔναρθρον δὲ φωνὴν καὶ διάλεκτον οὕτω σαφῆ καὶ περιττὴν καὶ ἀρτίστομον ἐν ἀψύχῳ γενέσθαι παντάπασιν ἀμήχανον, εἰ μηδὲ τὴν ψυχὴν καὶ τὸν θεὸν ἄνευ σώματος ὀργανικοῦ καὶ διηρμοσμένου μέρεσι λογικοῖς [4] γέγονεν ἠχεῖν καὶ διαλέγεσθαι. ὅπου δ’ ἡμᾶς ἡ ἱστορία πολλοῖς ἀποβιάζεται καὶ πιθανοῖς μάρτυσιν, ἀνόμοιον αἰσθήσει πάθος ἐγγινόμενον τῷ φανταστικῷ τῆς ψυχῆς συναναπείθει τὸ δόξαν, ὥσπερ ἐν ὕπνοις ἀκούειν [5] οὐκ ἀκούοντες καὶ βλέπειν οὐ βλέποντες δοκοῦμεν. οὐ μὴν ἀλλὰ τοῖς ὑπ’ εὐνοίας καὶ φιλίας πρὸς τὸν θεὸν ἄγαν ἐμπαθῶς ἔχουσι καὶ μηδὲν ἀθετεῖν μηδ’ ἀναίνεσθαι τῶν τοιούτων δυναμένοις μέγα πρὸς πίστιν ἐστὶ τὸ θαυμάσιον [6] καὶ μὴ καθ’ ἡμᾶς τῆς τοῦ θεοῦ δυνάμεως. οὐδενὶ γὰρ οὐδαμῶς ἀνθρωπίνῳ προσέοικεν οὔτε φύσιν οὔτε κίνησιν οὔτε τέχνην οὔτ’ ἰσχύν, οὐδ’ εἴ τι ποιεῖ τῶν ἡμῖν ἀποιήτων καὶ μηχανᾶται τῶν ἀμηχάνων, παράλογόν ἐστιν, ἀλλὰ μᾶλλον ἐν πᾶσι διαφέρων πολύ, μάλιστα τοῖς [7] ἔργοις ἀνόμοιός ἐστι καὶ

παρηλλαγμένος. ἀλλὰ τῶν μὲν θείων τὰ πολλά, καθ’ Ἡράκλειτον (fr. 86 D4`5), ἀπιστίῃ διαφυγγάνει μὴ γινώσκεσθαι.

[39] [1] Τὸν δὲ Μάρκιον, ὡς ἐπανῆλθεν εἰς τὸ Ἄντιον ἀπὸ τῆς στρατείας, μισῶν πάλαι καὶ βαρυνόμενος διὰ φθόνον ὁ Τύλλος ἐπεβούλευεν ἀνελεῖν εὐθύς, ὡς εἰ νῦν διαφύγοι, [2] λαβὴν ἑτέραν οὐ παρέξοντα. πολλοὺς δὲ συστήσας καὶ παρασκευάσας ἐπ’ αὐτόν, ἐκέλευσεν εὐθύνας ὑποσχεῖν [3] τοῖς Οὐολούσκοις, ἀποδόντα τὴν ἀρχήν. ὁ δὲ φοβούμενος ἰδιώτης γενέσθαι τοῦ Τύλλου στρατηγοῦντος καὶ δυναμένου μέγιστον ἐν τοῖς ἑαυτοῦ πολίταις, ἔλεγε τὴν ἀρχὴν ἀποδώσειν Οὐολούσκοις ἐὰν κελεύωσι· καὶ γὰρ λαβεῖν πάντων κελευόντων· εὔθυναν δὲ διδόναι καὶ λόγον οὐδὲ νῦν [4] παραιτεῖσθαι τοῖς βουλομένοις Ἀντιατῶν. γενομένης οὖν ἐκκλησίας οἱ παρεσκευασμένοι τῶν δημαγωγῶν ἀνιστάμενοι [5] παρώξυναν τὸ πλῆθος. ἐπεὶ δ’ ἀναστάντι τῷ Μαρκίῳ τὸ μὲν ἄγαν θορυβοῦν ὑπ’ αἰδοῦς ἐνεδίδου καὶ παρεῖχεν ἀδεῶς λέγειν, οἱ δὲ βέλτιστοι καὶ μάλιστα χαίροντες τῇ εἰρήνῃ τῶν Ἀντιατῶν ἐγένοντο φανεροὶ μετ’ εὐνοίας ἀκουσόμενοι καὶ δικαίως κρινοῦντες, ἔδεισεν ὁ [6] Τύλλος τὴν ἀπολογίαν τοῦ ἀνδρός. ἦν γὰρ ἐν τοῖς μάλιστα δεινὸς εἰπεῖν, καὶ τὰ πρόσθεν ἔργα μείζονα τὴν χάριν εἶχε τῆς ὕστερον αἰτίας, μᾶλλον δ’ ὅλως τὸ ἔγκλημα τοῦ [7] μεγέθους τῆς χάριτος ἦν μαρτύριον. οὐ γὰρ ἂν ἔδοξαν ἀδικεῖσθαι τὴν Ῥώμην ὑποχείριον μὴ λαβόντες, εἰ μὴ τοῦ λαβεῖν [8] ἐγγὺς ἐγένοντο διὰ Μάρκιον. οὐκέτ’ οὖν ἔδοξε διαμέλλειν οὐδὲ πειρᾶσθαι τῶν πολλῶν, ἀλλ’ ἐγκραγόντες οἱ θρασύτατοι τῶν συνεστώτων, ὡς οὐκ ἔστιν ἀκουστέον οὐδὲ περιοπτέον Οὐολούσκοις τὸν προδότην τυραννοῦντα καὶ μὴ κατατιθέμενον τὴν ἀρχήν, προσπεσόντες ἀθρόοι διέφθειραν αὐτόν, [9] καὶ προσήμυνεν οὐδεὶς τῶν παρόντων. ὅτι δὲ τοῖς πλείστοις οὐκ ἐπράχθη κατὰ γνώμην, ἐδήλωσαν αὐτίκα συνδραμόντες ἐκ τῶν πόλεων ἐπὶ τὸ σῶμα καὶ θάψαντες ἐντίμως καὶ τὸν τάφον ὅπλοις καὶ λαφύροις κοσμήσαντες ὡς ἀριστέως καὶ στρατηγοῦ.

[10] Ῥωμαῖοι δὲ τὴν τελευτὴν πυθόμενοι, ἄλλο μὲν οὐδὲν ἀπεδείξαντο σημεῖον οὔτε τιμῆς οὔτ’ ὀργῆς πρὸς αὐτόν, αἰτησαμέναις δὲ ταῖς γυναιξὶν ἐπέτρεψαν ἀποπενθῆσαι δέκα μῆνας, ὥσπερ ἔθος ἦν ἑκάστῃ πατέρα καὶ παῖδα καὶ [11] ἀδελφόν. οὗτος γὰρ ἦν ὅρος τοῦ μακροτάτου πένθους ὃν ὥρισε Νομᾶς Πομπίλιος, ὡς ἐν τοῖς περὶ ἐκείνου γεγραμμένοις (cap. 12) δεδήλωται.

[12] Τὸν δὲ Μάρκιον εὐθὺς ἐπόθει τὰ Οὐολούσκων πράγματα. πρῶτον μὲν γὰρ στασιάσαντες πρὸς Αἰκανοὺς συμμάχους καὶ φίλους ὄντας ὑπὲρ ἡγεμονίας, ἄχρι τραυμάτων καὶ φόνων προῆλθον· ἔπειτα μάχῃ κρατηθέντες [13] ὑπὸ Ῥωμαίων, ἐν ᾗ Τύλλος ἀπέθανε καὶ τὸ ἀνθοῦν μάλιστα τῆς δυνάμεως

διεφθάρη, διαλύσεις αἰσχίστας ἠγάπησαν, ὑπήκοοι γενόμενοι καὶ τὸ προσταττόμενον αὐτοῖς ποιήσειν ὁμολογήσαντες.

Comparison Alcibiadis et Marcii Coriolani

[1] [1] Ἐκκειμένων δὲ τῶν πράξεων, ὅσας ἡγούμεθα λόγου καὶ μνήμης ἀξίας εἶναι, τὰς μὲν πολεμικὰς ἐπ' [2] οὐδέτερον ποιούσας ῥοπὴν μεγάλην ὁρᾶν ἔστιν. ὁμαλῶς γὰρ ἀμφότεροι πολλὰ μὲν στρατιωτικῆς ἔργα τόλμης καὶ ἀνδρείας, πολλὰ δὲ καὶ τέχνης καὶ προνοίας στρατηγοῦντες ἐπεδείξαντο, πλὴν εἰ μή τις θέλοι τὸν Ἀλκιβιάδην, ὅτι καὶ κατὰ γῆν καὶ κατὰ θάλατταν ἐν πολλοῖς ἀγῶσι νικῶν καὶ κατορθῶν διετέλεσεν, ἀποφαίνειν τελειότερον στρατηγόν· ἐπεὶ τό γε παρόντας καὶ ἄρχοντας ὀρθοῦν ἀεὶ προδήλως τὰ οἰκεῖα, καὶ προδηλότερον αὖ πάλιν βλάπτειν [3] μεθισταμένους ἀμφοτέροις ὑπῆρξε. πολιτείαν δὲ τὴν μὲν Ἀλκιβιάδου τὴν ἄγαν λαμυρὰν καὶ τὸ μὴ καθαρεῦον ἀναγωγίας καὶ βωμολοχίας ἐν τῷ πρὸς χάριν ὁμιλεῖν τοῖς πολλοῖς οἱ σώφρονες ἐβδελύττοντο, τὴν δὲ Μαρκίου παντάπασιν ἄχαριν καὶ ὑπερήφανον καὶ ὀλιγαρχικὴν γενομένην [4] ἐμίσησεν ὁ Ῥωμαίων δῆμος. οὐδετέραν μὲν οὖν ἐπαινετέον· ὁ δὲ δημαγωγῶν καὶ χαριζόμενος τῶν ὅπως οὐ δόξουσι δημαγωγεῖν προπηλακιζόντων τοὺς πολλοὺς ἀμεμπτότερος· αἰσχρὸν μὲν γὰρ τὸ κολακεύειν δῆμον ἐπὶ τῷ δύνασθαι, τὸ δ' ἰσχύειν ἐκ τοῦ φοβερὸν εἶναι καὶ κακοῦν καὶ πιέζειν πρὸς τῷ αἰσχρῷ καὶ ἄδικόν ἐστιν.

[2] [1] Ὅτι τοίνυν ἁπλοῦς τις ὁ Μάρκιος ὑπείληπται τῷ τρόπῳ γεγονέναι καὶ αὐθέκαστος, ὁ δ' Ἀλκιβιάδης πανοῦργος ἐν τῇ πολιτείᾳ καὶ ἀναλήθης, οὐκ ἄδηλόν ἐστι.

[2] μάλιστα δὲ κατηγοροῦσιν αὐτοῦ κακοήθειαν καὶ ἀπάτην, ᾗ τοὺς Λακεδαιμονίων πρέσβεις παρακρουσάμενος, ὡς [3] Θουκυδίδης (5, 45) ἱστόρηκε, τὴν εἰρήνην ἔλυσεν. ἀλλ' αὕτη μὲν ἡ πολιτεία, καίπερ εἰς πόλεμον αὖθις ἐμβαλοῦσα τὴν πόλιν, ἰσχυρὰν ἐποίησε καὶ φοβερὰν τῇ Μαντινέων καὶ Ἀργείων συμμαχίᾳ δι' Ἀλκιβιάδου προσγενομένῃ· [4] Μάρκιος δ' ὅτι μὲν ἀπάτῃ καὶ αὐτὸς ἐξεπολέμωσε Ῥωμαίους καὶ Οὐολούσκους, διαβαλὼν ψευδῶς τοὺς ἥκοντας ἐπὶ τὴν θέαν, Διονύσιος (a. r. 8, 2) ἱστόρηκεν. ἡ δ' αἰτία [5] φαυλότερον ποιεῖ τὸ ἔργον. οὐ γὰρ ἐκ φιλονικίας οὐδὲ πολιτικῆς μάχης ἢ ἁμίλλης ὡς ἐκεῖνος, ἀλλ' ὀργῇ χαριζόμενος, παρ' ἧς οὐδένα φησὶν ὁ Δίων ἀπολαβεῖν χάριν, πολλὰ τῆς Ἰταλίας μέρη συνετάραξε καὶ πολλὰς πόλεις οὐδὲν ἀδικούσας τῷ πρὸς τὴν πατρίδα θυμῷ παρανάλωσε.

[6] καίτοι καὶ Ἀλκιβιάδης δι' ὀργὴν μεγάλων αἴτιος συμφορῶν κατέστη τοῖς πολίταις. ἀλλ' ὅτε πρῶτον ἔγνω μεταμελομένους, εὐγνωμόνησε, καὶ πάλιν ἀπορριφείς, οὐκ ἐφήσθη τοῖς στρατηγοῖς ἁμαρτάνουσιν οὐδὲ περιεῖδε βουλευομένους κακῶς καὶ κινδυνεύοντας, ἀλλ' ὅπερ Ἀριστείδης ἐπαινεῖται

μάλιστα πράξας πρὸς Θεμιστοκλέα, τοῦτ᾽ ἐποίησε, πρὸς τοὺς τότ᾽ ἄρχοντας οὐ φίλους ὄντας ἐλθὼν καὶ φράσας τὸ [7] δέον καὶ διδάξας. Μάρκιος δὲ πρῶτον μὲν ὅλην κακῶς ἐποίει τὴν πόλιν οὐχ ὑφ᾽ ὅλης παθών, ἀλλὰ τοῦ βελτίστου καὶ κρατίστου μέρους συναδικηθέντος αὐτῷ καὶ συναλγήσαντος· ἔπειτα πολλαῖς πρεσβείαις καὶ δεήσεσι μίαν ἰωμένων ὀργὴν καὶ ἄγνοιαν οὐ τεγχθεὶς οὐδ᾽ εἴξας, ἐδήλωσεν ἐπὶ τῷ διαφθεῖραι τὴν πατρίδα καὶ καταβαλεῖν, οὐχ ὅπως ἀπολάβῃ καὶ κατέλθῃ, βαρὺν πόλεμον καὶ ἄσπονδον ἐπανῃρημένος.

[8] ‹καίτοι› τοῦτό γε φήσει τις διαφέρειν· Ἀλκιβιάδην μὲν γὰρ ἐπιβουλευόμενον ὑπὸ Σπαρτιατῶν διὰ δέος ἅμα καὶ μῖσος αὐτῶν μεταστῆναι πρὸς Ἀθηναίους, Μαρκίῳ δὲ πάντα δίκαια ποιοῦντας Οὐολούσκους οὐ καλῶς εἶχεν [9] ἐγκαταλιπεῖν. καὶ γὰρ ἡγεμὼν ἀποδέδεικτο καὶ πίστιν εἶχε μεγίστην μετὰ δυνάμεως, οὐχ ὡς ἐκεῖνος, ἀποχρωμένων μᾶλλον ἢ χρωμένων αὐτῷ Λακεδαιμονίων, ἐν τῇ πόλει περιιών, καὶ κυλινδούμενος αὖθις ἐν τῷ στρατοπέδῳ, τέλος εἰς τὰς Τισσαφέρνου χεῖρας ἀφῆκεν αὑτόν· εἰ μὴ νὴ Δία μὴ φθαρῆναι παντάπασι τὰς Ἀθήνας, ποθῶν κατελθεῖν, ἐθεράπευε.

[3] [1] Χρήματα τοίνυν ὁ μὲν Ἀλκιβιάδης καὶ λαβεῖν οὐκ εὖ πολλάκις ἐκ δωροδοκιῶν, καὶ διαθέσθαι κακῶς εἰς τρυφὴν καὶ ἀκολασίαν ἱστόρηται· Μάρκιον δὲ σὺν τιμῇ [2] διδόντες οἱ στρατηγοὶ λαβεῖν οὐκ ἔπεισαν. διὸ καὶ μάλιστα τοῖς πολλοῖς ἦν ἐπαχθὴς ἐν ταῖς περὶ χρεῶν διαφοραῖς πρὸς τὸν δῆμον, ὡς οὐκ ἐπὶ κέρδεσιν, ἀλλὰ δι᾽ [3] ὕβριν καὶ περιφροσύνην τοῖς πένησιν ἐπηρεάζων. Ἀντίπατρος (FHG II 338) μὲν οὖν ἐν ἐπιστολῇ τινι γράφων περὶ τῆς Ἀριστοτέλους τοῦ φιλοσόφου τελευτῆς πρὸς τοῖς ἄλλοις φησὶν ὁ ἀνὴρ καὶ τὸ πιθανὸν εἶχε· τὰς δὲ Μαρκίου πράξεις καὶ ἀρετὰς τοῦτο μὴ προσὸν ἐπαχθεῖς ἐποίησεν αὐτοῖς τοῖς εὖ παθοῦσι, τὸν ὄγκον αὐτοῦ καὶ τὴν ἐρημίᾳ σύνοικον, ὡς Πλάτων (ep. 4, 321c) εἶπεν, αὐθάδειαν [4] μὴ ὑπομείνασιν. τοῦ δ᾽ Ἀλκιβιάδου τοὐναντίον ἐπισταμένου χρῆσθαι τοῖς προστυγχάνουσιν οἰκείως, οὐδὲν ἦν θαυμαστὸν ἐν οἷς κατώρθου τὴν δόξαν ἀνθεῖν μετ᾽ εὐνοίας καὶ τιμῆς εὐημεροῦσαν, ὅπου καὶ τῶν ἁμαρτημάτων ἔνια πολλάκις [5] χάριν εἶχε καὶ ὥραν. ὅθεν οὗτος μέν, οὐ μικρὰ βλάψας οὐδ᾽ ὀλίγα τὴν πόλιν, ὅμως ἀπεδείκνυτο πολλάκις ἡγεμὼν καὶ στρατηγός, ἐκεῖνος δὲ μετιὼν ἐπὶ πολλαῖς ἀριστείαις καὶ ἀνδραγαθίαις ἀρχὴν προσήκουσαν ἐξέπεσεν. [6] οὕτω τὸν μὲν οὐδὲ πάσχοντες κακῶς ἐδύναντο μισεῖν οἱ πολῖται, τῷ δὲ περιῆν θαυμαζομένῳ μὴ φιλεῖσθαι.

[4] [1] Καὶ γάρ τοι Μάρκιος μὲν οὐδὲν ἀπεδείξατο τῇ πόλει στρατηγῶν, ἀλλὸ τοῖς πολεμίοις κατὰ τῆς πατρίδος· Ἀλκιβιάδου δὲ καὶ στρατευομένου πολλάκις καὶ στρατηγοῦντος ἀπέλαυσαν Ἀθηναῖοι· καὶ παρὼν ἐκράτει τῶν

ἐχθρῶν ὅσον ἐβούλετο, καὶ μὴ παρόντος ἴσχυσαν αἱ διαβολαί· [2] Μάρκιος δὲ παρὼν μὲν ὑπὸ Ῥωμαίων κατεδικάσθη, παρόντα δὲ Οὐολοῦσκοι διέφθειραν, οὐ δικαίως μὲν οὐδ' ὁσίως, αἰτίαν δ' [τοῦ] εὔλογον παρέσχεν αὐτός, ὅτι δημοσίᾳ τὰς διαλύσεις μὴ προσδεξάμενος, ἰδίᾳ δὲ πεισθεὶς ὑπὸ τῶν γυναικῶν, οὐκ ἔλυσε τὴν ἔχθραν, ἀλλὰ τοῦ πολέμου [3] μένοντος ἀπώλεσε τὸν καιρὸν καὶ διέφθειρε. πείσαντα γὰρ ἔδει τοὺς πεπιστευκότας ἀπελθεῖν, εἰ τοῦ πρὸς ἐκείνους [4] δικαίου πλεῖστον ἐποιεῖτο λόγον. εἰ δὲ μηδὲν ἐφρόντιζεν Οὐολούσκων, ἀλλὰ τὴν ὀργὴν ἐμπλῆσαι τὴν ἑαυτοῦ βουλόμενος ἐνῆγε τὸν πόλεμον, εἶτ' ἔληξεν, οὐ διὰ τὴν μητέρα καλῶς εἶχε φείσασθαι τῆς πατρίδος, ἀλλὰ σὺν τῇ πατρίδι τῆς μητρός· μέρος γὰρ ἦν καὶ ἡ μήτηρ καὶ ἡ γυνὴ τῆς πατρίδος, [5] ἣν ἐπολιόρκει. τὸ δὲ δημοσίαις ἱκεσίαις καὶ δεήσεσι πρεσβευτῶν καὶ λιταῖς ἱερέων ἀπηνῶς χρησάμενον, εἶτα χαρίσασθαι τῇ μητρὶ τὴν ἀναχώρησιν, οὐ τιμὴ τῆς μητρὸς ἦν, ἀλλ' ἀτιμία τῆς πατρίδος, οἴκτῳ καὶ παραιτήσει διὰ μίαν γυναῖκα σῳζομένης, ὡς οὐκ ἀξίας σῴζεσθαι δι' [6] αὑτήν. ἐπίφθονος γὰρ ἡ χάρις καὶ ὠμὴ καὶ ἀχάριστος ἀληθῶς καὶ πρὸς οὐδετέρους ἔχουσα τὸ εὔγνωμον· ἀνεχώρησε γὰρ μήτε πεισθεὶς ὑπὸ τῶν πολεμουμένων, μήτε [7] πείσας τοὺς συμπολεμοῦντας. ὧν αἴτιον ἁπάντων τὸ ἀνομίλητον τοῦ τρόπου καὶ λίαν ὑπερήφανον καὶ αὔθαδες, ὃ καθ' αὑτὸ μὲν ἐπαχθές ἐστι τοῖς πολλοῖς, τῷ δὲ φιλοτίμῳ [8] προσὸν γίνεται παντάπασιν ἄγριον καὶ ἀπαραίτητον. οὐ γὰρ θεραπεύουσι τοὺς πολλοὺς ὡς μὴ δεόμενοι τιμῆς, εἶτα χαλεπαίνουσι μὴ τυγχάνοντες. ἐπεὶ τό γε μὴ λιπαρῆ μηδὲ θεραπευτικὸν ὄχλων εἶναι καὶ Μέτελλος εἶχε καὶ Ἀριστείδης καὶ Ἐπαμεινώνδας· ἀλλὰ τῷ καταφρονεῖν ἀληθῶς, ὧν δῆμός ἐστι καὶ δοῦναι καὶ ἀφελέσθαι κύριος, ἐξοστρακιζόμενοι καὶ ἀποχειροτονούμενοι καὶ καταδικαζόμενοι πολλάκις οὐκ ὠργίζοντο τοῖς πολίταις ἀγνωμονοῦσιν, ἀλλ' ἠγάπων αὖθις μεταμελομένων, καὶ διηλλάττοντο παρακαλούντων. [9] τὸν γὰρ ἥκιστα θεραπευτικὸν ἥκιστα πρέπει τιμωρητικὸν εἶναι τῶν πολλῶν, ὡς τὸ χαλεπαίνειν σφόδρα μὴ τυγχάνοντα τιμῆς ἐκ τοῦ σφόδρα γλίχεσθαι φυόμενον.

[5] [1] Ἀλκιβιάδης μὲν οὖν οὐκ ἠρνεῖτο τιμώμενος χαίρειν καὶ δυσφορεῖν παρορώμενος, ὅθεν ἐπειρᾶτο προσφιλὴς εἶναι τοῖς παροῦσι καὶ κεχαρισμένος· Μάρκιον δὲ θεραπεύειν μὲν οὐκ εἴα τοὺς τιμᾶν δυναμένους καὶ αὔξειν τὸ ὑπερήφανον, ὀργὴν δὲ καὶ λύπην ἀμελουμένῳ τὸ φιλότιμον [2] παρεῖχε. καὶ ταῦτ' ἔστιν ἅ τις ἂν αἰτιάσαιτο τοῦ ἀνδρός· τὰ δ' ἄλλα πάντα λαμπρά. σωφροσύνης δὲ καὶ χρημάτων ἐγκρατείας ἕνεκα τοῖς ἀρίστοις καὶ καθαρωτάτοις τῶν Ἑλλήνων ἄξιον αὐτὸν παραβάλλειν, οὐκ Ἀλκιβιάδῃ μὰ Δία τῷ θρασυτάτῳ περὶ ταῦτα καὶ ὀλιγωροτάτῳ τοῦ καλοῦ γενομένῳ.

Timoleon

[1] [1] Τὰ δὲ Συρακοσίων πράγματα πρὸ τῆς Τιμολέοντος εἰς Σικελίαν [2] ἀποστολῆς οὕτως εἶχεν. ἐπεὶ Δίων μὲν ἐξελάσας Διονύσιον τὸν τύραννον εὐθὺς ἀνῃρέθη δόλῳ, καὶ διέστησαν οἱ σὺν Δίωνι Συρακοσίους ἐλευθερώσαντες, ἡ δὲ πόλις ἄλλον ἐξ ἄλλου μεταβάλλουσα συνεχῶς τύραννον ὑπὸ [3] πλήθους κακῶν μικρὸν ἀπέλειπεν ἔρημος εἶναι, τῆς δ' ἄλλης Σικελίας ἡ μὲν ἀνάστατος καὶ ἄπολις παντάπασιν ἤδη διὰ τοὺς πολέμους ὑπῆρχεν, αἱ δὲ πλεῖσται πόλεις ὑπὸ βαρβάρων μιγάδων καὶ στρατιωτῶν ἀμίσθων [4] κατείχοντο, ῥᾳδίως προσιεμένων τὰς μεταβολὰς τῶν δυναστειῶν, Διονύσιος ἔτει δεκάτῳ ξένους συναγαγὼν καὶ τὸν τότε κρατοῦντα τῶν Συρακοσίων Νυσαῖον ἐξελάσας ἀνέλαβε τὰ πράγματα πάλιν καὶ καθειστήκει τύραννος ἐξ ἀρχῆς, παραλόγως μὲν ὑπὸ μικρᾶς δυνάμεως τὴν μεγίστην τῶν πώποτε τυραννίδων ἀπολέσας, παραλογώτερον δ' αὖθις ἐκ φυγάδος [5] καὶ ταπεινοῦ τῶν ἐκβαλόντων κύριος γενόμενος. οἱ μὲν οὖν ὑπομείναντες ἐν τῇ πόλει τῶν Συρακοσίων ἐδούλευον οὔτ' ἄλλως ἐπιεικεῖ τυράννῳ καὶ [6] τότε παντάπασιν ὑπὸ συμφορῶν ἀπηγριωμένῳ τὴν ψυχήν, οἱ δὲ βέλτιστοι καὶ γνωριμώτατοι πρὸς Ἱκέτην τραπέντες τὸν δυναστεύοντα τῶν Λεοντίνων, ἐπέτρεψαν αὑτοὺς ἐκείνῳ καὶ στρατηγὸν εἵλοντο τοῦ πολέμου, βελτίω μὲν οὐδενὸς ὄντα τῶν ὁμολογουμένως τυράννων, ἑτέραν δ' οὐκ ἔχοντες ἀποστροφὴν καὶ πιστεύσαντες Συρακοσίῳ τὸ γένος ὄντι καὶ κεκτημένῳ δύναμιν ἀξιόμαχον πρὸς τὸν τύραννον.

[2] [1] Ἐν τούτῳ δὲ Καρχηδονίων στόλῳ μεγάλῳ παραγενομένων εἰς Σικελίαν καὶ τοῖς πράγμασιν ἐπαιωρουμένων, φοβηθέντες οἱ Σικελιῶται πρεσβείαν ἐβουλεύοντο πέμπειν εἰς τὴν Ἑλλάδα καὶ παρὰ Κορινθίων βοήθειαν [2] αἰτεῖν, οὐ μόνον διὰ τὴν συγγένειαν οὐδ' ἀφ' ὧν ἤδη πολλάκις εὐεργέτηντο πιστεύοντες ἐκείνοις, ἀλλὰ καὶ καθόλου τὴν πόλιν ὁρῶντες φιλελεύθερον καὶ μισοτύραννον οὖσαν ἀεί, καὶ τῶν πολέμων τοὺς πλείστους καὶ μεγίστους πεπολεμηκυῖαν οὐχ ὑπὲρ ἡγεμονίας καὶ πλεονεξίας, ἀλλ' [3] ὑπὲρ τῆς τῶν Ἑλλήνων ἐλευθερίας. ὁ δ' Ἱκέτης, ἅτε δὴ τῆς στρατηγίας ὑπόθεσιν τὴν τυραννίδα πεποιημένος, οὐ τὴν Συρακοσίων ἐλευθερίαν, κρύφα μὲν ἤδη πρὸς τοὺς Καρχηδονίους διείλεκτο, φανερῶς δὲ τοὺς Συρακοσίους [4] ἐπῄνει καὶ τοὺς πρέσβεις εἰς Πελοπόννησον συνεξέπεμψεν, οὐ βουλόμενος ἐλθεῖν συμμαχίαν ἐκεῖθεν, ἀλλ' ἐάν, ὅπερ εἰκὸς ἦν, οἱ Κορίνθιοι διὰ τὰς Ἑλληνικὰς ταραχὰς καὶ ἀσχολίας ἀπείπωσι τὴν βοήθειαν, ἐλπίζων ῥᾷον ἐπὶ τοὺς Καρχηδονίους τὰ πράγματα μετάξειν καὶ χρήσεσθαι συμμάχοις καὶ

συναγωνισταῖς ἐκείνοις ἐπὶ τοὺς Συρακοσίους ἢ κατὰ τοῦ τυράννου. ταῦτα μὲν οὖν ὀλίγον ὕστερον ἐξηλέγχθη.

[3] [1] Τῶν δὲ πρέσβεων παραγενομένων οἱ Κορίνθιοι, κήδεσθαι μὲν ἀεὶ τῶν ἀποικίδων πόλεων καὶ μάλιστα τῆς Συρακοσίων εἰωθότες, οὐδενὸς δ' αὐτοὺς τότε τῶν Ἑλληνικῶν κατὰ τύχην παρενοχλοῦντος, ἀλλ' ἐν εἰρήνῃ [2] καὶ σχολῇ διάγοντες, ἐψηφίσαντο προθύμως βοηθεῖν. ζητουμένου δὲ στρατηγοῦ, καὶ τῶν ἀρχόντων γραφόντων καὶ προβαλλομένων τοὺς εὐδοκιμεῖν ἐν τῇ πόλει σπουδάζοντας, εἷς ἐκ τῶν πολλῶν ἀναστὰς ὠνόμασε Τιμολέοντα τὸν Τιμοδήμου, μήτε προσιόντα τοῖς κοινοῖς ἔτι μήτ' ἐλπίδος τοιαύτης γενόμενον ἢ προαιρέσεως, ἀλλὰ θεοῦ τινος ὡς ἔοικεν εἰς νοῦν [3] ἐμβαλόντος τῷ ἀνθρώπῳ· τοσαύτη καὶ περὶ τὴν αἵρεσιν εὐθὺς ‹ἀν›έλαμψε τύχης εὐμένεια, καὶ ταῖς ἄλλαις πράξεσιν ἐπηκολούθησε χάρις, ἐπικοσμοῦσα τὴν ἀρετὴν τοῦ ἀνδρός.

[4] Ἦν μὲν οὖν γονέων ἐπιφανῶν ἐν τῇ πόλει Τιμοδήμου καὶ Δημαρέτης, φιλόπατρις δὲ καὶ πρᾶος διαφερόντως, ὅσα μὴ σφόδρα μισοτύραννος εἶναι [5] καὶ μισοπόνηρος. ἐν δὲ τοῖς πολέμοις οὕτω καλῶς καὶ ὁμαλῶς ἐκέκρατο τὴν φύσιν, ὥστε πολλὴν μὲν ἐν νέῳ σύνεσιν, οὐκ ἐλάττω δὲ γηρῶντος [6] ἀνδρείαν ἐπιφαίνεσθαι ταῖς πράξεσιν. ἀδελφὸν δ' εἶχε Τιμοφάνην πρεσβύτερον, οὐδὲν αὐτῷ προσόμοιον, ἀλλ' ἔμπληκτον καὶ διεφθαρμένον ἔρωτι μοναρχίας ὑπὸ φίλων φαύλων καὶ ξένων στρατιωτικῶν ἀεὶ περὶ αὐτὸν [7] ὄντων, ἔχειν τι δοκοῦντα ῥαγδαῖον ἐν ταῖς στρατείαις καὶ φιλοκίνδυνον. ᾧ καὶ τοὺς πολίτας προσαγόμενος ὡς ἀνὴρ πολεμικὸς καὶ δραστήριος, ἐφ' ἡγεμονιῶν ἐτάττετο, καὶ πρὸς ταῦτα Τιμολέων αὐτῷ συνήργει, τὰ μὲν ἁμαρτήματα παντάπασιν ἀποκρύπτων ἢ μικρὰ φαίνεσθαι ποιῶν, ἃ δ' ἡ φύσις ἐξέφερεν ἀστεῖα, ‹συγ›κατακοσμῶν καὶ συναύξων.

[4] [1] Ἐν δὲ τῇ πρὸς Ἀργείους καὶ Κλεωναίους μάχῃ τῶν Κορινθίων ὁ μὲν Τιμολέων ἔτυχεν ἐν τοῖς ὁπλίταις τεταγμένος, τὸν δὲ Τιμοφάνην τῶν ἱππέων [2] ἡγούμενον καταλαμβάνει κίνδυνος ὀξύς. ὁ γὰρ ἵππος αὐτὸν ἀπεσείσατο πληγῇ περιπεσὼν εἰς τοὺς πολεμίους, καὶ τῶν ἑταίρων οἱ μὲν εὐθὺς ἐσκορπίσθησαν φοβηθέντες, οἱ δὲ παραμείναντες ὀλίγοι πρὸς πολλοὺς [3] μαχόμενοι χαλεπῶς ἀντεῖχον. ὡς οὖν ὁ Τιμολέων κατεῖδε τὸ συμβεβηκός, δρόμῳ προσβοηθήσας καὶ τὴν ἀσπίδα τοῦ Τιμοφάνους κειμένου προθέμενος, καὶ πολλὰ μὲν ἀκοντίσματα, πολλὰς δὲ πληγὰς ἐκ χειρὸς ἀναδεξάμενος εἰς τὸ σῶμα καὶ τὰ ὅπλα, μόλις ἐώσατο τοὺς πολεμίους καὶ διέσωσε τὸν ἀδελφόν.

[4] ἐπεὶ δ' οἱ Κορίνθιοι δεδιότες, μὴ πάθοιεν οἷα καὶ πρότερον ὑπὸ τῶν συμμάχων ἀποβαλόντες τὴν πόλιν, ἐψηφίσαντο τρέφειν ξένους τετρακοσίους καὶ τούτων ἄρχοντα Τιμοφάνην κατέστησαν, ὁ δὲ τῶν καλῶν καὶ δικαίων

ὑπεριδὼν εὐθὺς ἐπέραινεν ἐξ ὧν ποιήσεται τὴν πόλιν ὑφ’ αὑτῷ, καὶ συχνοὺς ἀνελὼν ἀκρίτους τῶν πρώτων πολιτῶν ἀνέδειξεν αὐτὸς ἑαυτὸν τύραννον, [5] βαρέως φέρων ὁ Τιμολέων καὶ συμφορὰν ποιούμενος ἑαυτοῦ τὴν ἐκείνου κακίαν, ἐπεχείρησε μὲν αὐτῷ διαλέγεσθαι καὶ παρακαλεῖν ἀφέντα τὴν μανίαν καὶ δυστυχίαν τῆς ἐπιθυμίας ἐκείνης ζητεῖν τινα τῶν ἡμαρτημένων [6] ἐπανόρθωσιν πρὸς τοὺς πολίτας· ἀπωσαμένου δ’ ἐκείνου καὶ καταφρονήσαντος, οὕτω παραλαβὼν τῶν μὲν οἰκείων Αἰσχύλον, ἀδελφὸν ὄντα τῆς Τιμοφάνους γυναικός, τῶν δὲ φίλων τὸν μάντιν ὃν Σάτυρον μὲν Θεόπομπος (FGrH 115 F 334), Ἔφορος (FGrH 70 F 221) δὲ καὶ Τίμαιος (FGrH 566 F 116) Ὀρθαγόραν ὀνομάζουσι, καὶ διαλιπὼν ἡμέρας ὀλίγας, αὖθις [7] ἀνέβη πρὸς τὸν ἀδελφόν· καὶ περιστάντες αὐτὸν οἱ τρεῖς καθικέτευον [8] ἀλλὰ νῦν γε χρησάμενον λογισμῷ μεταβαλέσθαι. τοῦ δὲ Τιμοφάνους πρῶτον μὲν αὐτῶν καταγελῶντος, ἔπειτα δὲ πρὸς ὀργὴν ἐκφερομένου καὶ χαλεπαίνοντος, ὁ μὲν Τιμολέων ἀποχωρήσας μικρὸν αὐτοῦ καὶ συγκαλυψάμενος εἱστήκει δακρύων, ἐκεῖνοι δὲ τὰ ξίφη σπασάμενοι, ταχὺ διαφθείρουσιν αὐτόν.

[5] [1] Τῆς δὲ πράξεως διαβοηθείσης, οἱ μὲν κράτιστοι τῶν Κορινθίων ἐπῄνουν τὴν μισοπονηρίαν καὶ μεγαλοψυχίαν τοῦ Τιμολέοντος, ὅτι χρηστὸς ὢν καὶ φιλοίκειος ὅμως τὴν πατρίδα τῆς οἰκίας καὶ τὸ καλὸν καὶ τὸ δίκαιον προετίμησε τοῦ συμφέροντος, ἀριστεύοντα μὲν ὑπὲρ τῆς πατρίδος διασώσας τὸν ἀδελφόν, ἐπιβουλεύσαντα δ’ αὐτῇ καὶ καταδουλωσάμενον [2] ἀποκτείνας. οἱ δὲ μὴ δυνάμενοι ζῆν ἐν τῇ δημοκρατίᾳ καὶ πρὸς τοὺς δυνάστας ἀποβλέπειν εἰωθότες τῷ μὲν θανάτῳ τοῦ τυράννου προσεποιοῦντο χαίρειν, τὸν δὲ Τιμολέοντα λοιδοροῦντες, ὡς ἀσεβὲς ἐξειργασμένον [3] καὶ μυσῶδες ἔργον, εἰς ἀθυμίαν περιέστησαν. ἐπεὶ δὲ καὶ τὴν μητέρα δυσφορεῖν πυθόμενος καὶ φωνάς τε δεινὰς καὶ κατάρας ἐπ’ αὐτὸν ἀρᾶσθαι φρικώδεις ἐβάδιζε παραμυθησόμενος, ἡ δὲ προσιδεῖν οὐχ ὑπέμεινε τὴν ὄψιν, ἀλλὰ τὴν οἰκίαν ἀπέκλεισε, τότε δὴ παντάπασι περίλυπος γενόμενος καὶ συνταραχθεὶς τὴν διάνοιαν, ὥρμησε μὲν ὡς διαφθερῶν ἑαυτὸν ἀπέχεσθαι [4] τροφῆς· τῶν δὲ φίλων οὐ περιϊδόντων, ἀλλὰ πᾶσαν δέησιν καὶ πᾶσαν ἀνάγκην προσενεγκαμένων, ἔγνω ζῆν καθ’ ἑαυτὸν ἐκ μέσου γενόμενος, καὶ πολιτείαν μὲν ἅπασαν ἀφῆκε, τοὺς δὲ πρώτους χρόνους οὐδὲ κατιὼν εἰς πόλιν, ἀλλ’ ἀδημονῶν καὶ πλανώμενος ἐν τοῖς ἐρημοτάτοις τῶν ἀγρῶν διέτριβεν.

[6] [1] Οὕτως αἱ κρίσεις, ἂν μὴ βεβαιότητα καὶ ῥώμην ἐκ λόγου καὶ φιλοσοφίας προσλάβωσιν, ἐπὶ τὰς πράξεις σείονται καὶ παραφέρονται, ῥᾳδίως ὑπὸ τῶν τυχόντων ἐπαίνων καὶ ψόγων ἐκκρουόμεναι τῶν οἰκείων [2] λογισμῶν. δεῖ γὰρ οὐ μόνον ὡς ἔοικε τὴν πρᾶξιν καλὴν εἶναι καὶ δικαίαν, [3]

ἀλλὰ καὶ τὴν δόξαν ἀφ’ ἧς πράττεται μόνιμον καὶ ἀμετάπτωτον, ἵνα πράττωμεν δοκιμάσαντες, μηδ’, ὥσπερ οἱ λίχνοι τὰ πλήσμια τῶν ἐδεσμάτων ὀξυτάτῃ διώκοντες ἐπιθυμίᾳ τάχιστα δυσχεραίνουσιν ἐμπλησθέντες, οὕτως ἡμεῖς ἐπὶ ταῖς πράξεσι συντελεσθείσαις ἀθυμῶμεν δι’ ἀσθένειαν, [4] ἀπομαραινομένης τῆς τοῦ καλοῦ φαντασίας. αἰσχρὸν γὰρ ἡ μετάνοια ποιεῖ καὶ τὸ καλῶς πεπραγμένον, ἡ δ’ ἐξ ἐπιστήμης ὡρμημένη καὶ [5] λογισμοῦ προαίρεσις οὐδ’ ἂν πταίσωσιν αἱ πράξεις μεταβάλλεται. διὸ Φωκίων μὲν ὁ Ἀθηναῖος τοῖς ὑπὸ Λεωσθένους πραττομένοις ἐναντιωθείς, ἐπειδὴ κατορθοῦν ἐκεῖνος ἐδόκει καὶ θύοντας ἑώρα καὶ μεγαλαυχουμένους τῇ νίκῃ τοὺς Ἀθηναίους, εἶπεν ὡς ἐβούλετ’ ἂν αὐτῷ ταῦτα μὲν [6] πεπρᾶχθαι, βεβουλεῦσθαι δ’ ἐκεῖνα. σφοδρότερον δ’ Ἀριστείδης ὁ Λοκρός, εἷς ὢν τῶν Πλάτωνος ἑταίρων, αἰτοῦντος μὲν αὐτὸν γυναῖκα Διονυσίου τοῦ πρεσβυτέρου μίαν τῶν θυγατέρων, ἥδιον ἂν ἔφη νεκρὰν ἰδεῖν τὴν [7] κόρην ἢ τυράννῳ συνοικοῦσαν· ἀποκτείναντος δὲ τοὺς παῖδας αὐτοῦ μετ’ ὀλίγον χρόνον τοῦ Διονυσίου καὶ πυθομένου πρὸς ὕβριν, εἰ τὴν αὐτὴν ἔτι γνώμην ἔχοι περὶ τῆς ἐκδόσεως τῶν θυγατέρων, ἀπεκρίνατο τοῖς μὲν γεγενημένοις λυπεῖσθαι, τοῖς δ’ εἰρημένοις μὴ μεταμελεῖσθαι. ταῦτα μὲν οὖν ἴσως μείζονος καὶ τελειοτέρας ἀρετῆς ἐστι.

[7] Τὸ δὲ Τιμολέοντος ἐπὶ τοῖς πεπραγμένοις πάθος, εἴτ’ οἶκτος ἦν τοῦ τεθνηκότος, εἴτε τῆς μητρὸς αἰδώς, οὕτω κατέκλασε καὶ συνέτριψεν αὐτοῦ τὴν διάνοιαν, ὥστ’ εἴκοσι σχεδὸν ἐτῶν διαγενομένων μηδεμιᾶς ἐπιφανοῦς [8] μηδὲ πολιτικῆς ἅψασθαι πράξεως. ἀναγορευθέντος οὖν αὐτοῦ, καὶ τοῦ δήμου προθύμως δεξαμένου καὶ χειροτονήσαντος, ἀναστὰς Τηλεκλείδης, ὁ τότε καὶ δυνάμει καὶ δόξῃ πρωτεύων ἐν τῇ πόλει, παρεκάλει τὸν Τιμολέοντα περὶ τὰς πράξεις ἀγαθὸν ἄνδρα εἶναι καὶ γενναῖον. ἂν μὲν γὰρ νῦν ἔφη καλῶς ἀγωνίσῃ, τύραννον ἀνῃρηκέναι ‹σε› δόξομεν, ἂν δὲ [9] φαύλως, ἀδελφόν. παρασκευαζομένου δὲ τοῦ Τιμολέοντος ‹πρὸς› τὸν ἔκπλουν καὶ στρατιώτας συνάγοντος, ἐκομίσθη γράμματα πρὸς τοὺς Κορινθίους παρ’ Ἱκέτου, μηνύοντα τὴν μεταβολὴν αὐτοῦ καὶ προδοσίαν.

[10] ὡς γὰρ τάχιστα τοὺς πρέσβεις ἐξέπεμψε, τοῖς Καρχηδονίοις προσθέμενος ἀναφανδὸν ἔπραττε μετ’ ἐκείνων, ὅπως Διονύσιον ἐκβαλὼν Συρακουσῶν [11] αὐτὸς ἔσται τύραννος· καὶ δεδοικώς, μὴ πρότερον ἐλθούσης ἐκ Κορίνθου δυνάμεως καὶ στρατηγοῦ διαφύγωσιν αἱ πράξεις αὐτόν, ἔπεμψεν ἐπιστολὴν τοῖς Κορινθίοις φράζουσαν, ὡς οὐδὲν δέοι πράγματα καὶ δαπάνας [12] ἔχειν αὐτούς, πλέοντας εἰς Σικελίαν καὶ κινδυνεύοντας, ἄλλως τε καὶ Καρχηδονίων ἀπαγορευόντων καὶ παραφυλαττόντων ναυσὶ πολλαῖς τὸν στόλον, οὓς αὐτὸς ἀναγκασθεὶς ἐκείνων βραδυνόντων ποιήσαιτο συμμάχους

ἐπὶ [13] τὸν τύραννον. τούτων δὲ τῶν γραμμάτων ἀναγνωσθέντων, εἰ καί τις ἠπίως εἶχε πρότερον τῶν Κορινθίων πρὸς τὴν στρατείαν, τότε πάντας ἡ πρὸς τὸν Ἱκέτην ὀργὴ παρώξυνεν, ὥστε συγχορηγῆσαι προθύμως τῷ Τιμολέοντι καὶ συμπαρασκευάσαι τὸν ἔκπλουν.

[8] [1] Γενομένων δὲ τῶν νεῶν ἑτοίμων καὶ τοῖς στρατιώταις ὧν ἔδει πορισθέντων, αἱ μὲν ἱέρειαι τῆς Κόρης ὄναρ ἔδοξαν ἰδεῖν τὰς θεὰς πρὸς ἀποδημίαν τινὰ στελλομένας καὶ λεγούσας ὡς Τιμολέοντι μέλλουσι συμπλεῖν [2] εἰς Σικελίαν. διὸ καὶ τριήρη κατασκευάσαντες ἱερὰν οἱ Κορίνθιοι ταῖν θεαῖν ἐπωνόμασαν. αὐτὸς δ᾽ ἐκεῖνος εἰς Δελφοὺς πορευθεὶς ἔθυσε [3] τῷ θεῷ, καὶ καταβαίνοντος εἰς τὸ μαντεῖον αὐτοῦ γίνεται σημεῖον. ἐκ γὰρ τῶν κρεμαμένων ἀναθημάτων ταινία τις ἀπορρυεῖσα καὶ φερομένη, στεφάνους ἔχουσα καὶ Νίκας ἐμπεποικιλμένας, περιέπεσε τῇ κεφαλῇ τοῦ Τιμολέοντος, ὡς δοκεῖν αὐτὸν ὑπὸ τοῦ θεοῦ στεφανούμενον ἐπὶ τὰς πράξεις [4] προπέμπεσθαι. ναῦς δὲ Κορινθίας μὲν ἔχων ἑπτά, Κερκυραίας δὲ δύο, [5] καὶ τὴν δεκάτην Λευκαδίων προσπαρασχόντων, ἀνήχθη. καὶ νυκτὸς ἐμβαλὼν εἰς τὸ πέλαγος καὶ πνεύματι καλῷ χρώμενος, ἔδοξεν αἰφνιδίως [6] ῥαγέντα τὸν οὐρανὸν ὑπὲρ τῆς νεὼς ἐκχέαι πολὺ καὶ περιφανὲς πῦρ. ἐκ δὲ τούτου λαμπὰς ἀρθεῖσα ταῖς μυστικαῖς ἐμφερὴς καὶ συμπαραθέουσα τὸν αὐτὸν δρόμον, ᾗ μάλιστα τῆς Ἰταλίας ἐπεῖχον οἱ κυβερνῆται, κατέσκηψεν.

[7] οἱ δὲ μάντεις τὸ φάσμα τοῖς ὀνείρασι τῶν ἱερειῶν μαρτυρεῖν ἀπεφαίνοντο καὶ τὰς θεὰς συνεφαπτομένας τῆς στρατείας προφαίνειν ἐξ οὐρανοῦ τὸ [8] σέλας· εἶναι γὰρ ἱερὰν τῆς Κόρης τὴν Σικελίαν, ἐπεὶ καὶ τὰ περὶ τὴν ἁρπαγὴν αὐτόθι μυθολογοῦσι γενέσθαι, καὶ τὴν νῆσον ἐν τοῖς γάμοις ἀνακαλυπτήριον αὐτῇ δοθῆναι.

[9] [1] Τὰ μὲν οὖν παρὰ τῶν θεῶν οὕτω τὸν στόλον ἐθάρρυνε· καὶ σπεύδοντες [2] ὡς τὸ πέλαγος διαπλέοντες, ἐκομίζοντο παρὰ τὴν Ἰταλίαν. τὰ δ᾽ ἀπὸ τῆς Σικελίας ἀγγελλόμενα πολλὴν ἀπορίαν τῷ Τιμολέοντι καὶ δυσθυμίαν [3] τοῖς στρατιώταις παρεῖχεν. ὁ γὰρ Ἱκέτης μάχῃ νενικηκὼς Διονύσιον καὶ τὰ πλεῖστα μέρη τῶν Συρακουσῶν κατειληφώς, ἐκεῖνον μὲν εἰς τὴν ἀκρόπολιν [καὶ] τὴν καλουμένην Νῆσον συνεσταλμένον αὐτὸς συνεπολιόρκει [4] καὶ συμπεριετείχιζε, Καρχηδονίους δὲ φροντίζειν ἐκέλευεν, ὅπως οὐκ ἐπιβήσοιτο Τιμολέων Σικελίας, ἀλλ᾽ ἀπωσθέντων ἐκείνων αὐτοὶ καθ᾽ [5] ἡσυχίαν διανεμοῦνται πρὸς ἀλλήλους τὴν νῆσον. οἱ δὲ πέμπουσιν εἴκοσι τριήρεις εἰς Ῥήγιον, ἐφ᾽ ὧν ἐπέπλεον πρεσβευταὶ παρ᾽ αὐτοῦ πρὸς τὸν [6] Τιμολέοντα, κομίζοντες λόγους τοῖς πραττομένοις ὁμοίους. παραγωγαὶ γὰρ εὐπρεπεῖς καὶ ‹προ›φάσεις ἦσαν ἐπὶ μοχθηροῖς βουλεύμασιν, ἀξιούντων αὐτὸν μὲν εἰ βούλοιτο Τιμολέοντα σύμβουλον ἥκειν παρ᾽ Ἱκέτην καὶ

κοινωνὸν εὖ διαπεπραγμένων ἁπάντων, τὰς δὲ ναῦς καὶ τοὺς στρατιώτας ἀποστέλλειν εἰς Κόρινθον, ὡς τοῦ πολέμου μικρὸν ἀπολείποντος συνῃρῆσθαι, Καρχηδονίων δὲ κωλύειν τὴν διάβασιν καὶ μάχεσθαι πρὸς βιαζομένους [7] ἑτοίμων ὄντων. ὡς οὖν καταπλεύσαντες εἰς τὸ Ῥήγιον οἱ Κορίνθιοι τοῖς τε πρεσβεύμασι τούτοις ἐνέτυχον καὶ τοὺς Φοίνικας οὐ πρόσω ναυλοχοῦντας κατεῖδον, ἤχθοντο μὲν ὑβρισμένοι, καὶ παρίστατο πᾶσιν ὀργὴ πρὸς τὸν Ἱκέτην καὶ δέος ὑπὲρ Σικελιωτῶν, οὓς σαφῶς ἑώρων ἆθλα λειπομένους καὶ μισθόν, Ἱκέτῃ μὲν προδοσίας, Καρχηδονίοις δὲ τυραννίδος· [8] ἐδόκει δ’ ἀμήχανον ὑπερβαλέσθαι καὶ τὰς αὐτόθι τῶν βαρβάρων ναῦς διπλασίας ἐφορμούσας, καὶ τὴν ἐκεῖ μεθ’ Ἱκέτου δύναμιν ᾗ ‹συ›στρατεύσοντες ἥκοιεν.

[10] [1] Οὐ μὴν ἀλλ’ ὁ Τιμολέων τοῖς πρεσβευταῖς καὶ τοῖς ἄρχουσι τῶν Καρχηδονίων ἐντυχὼν ἐπιεικῶς, ἔφη πείθεσθαι μὲν οἷς κελεύουσι (τί γὰρ ἂν καὶ περαίνειν ἀπειθῶν), ἐθέλειν δὲ ταῦτα πόλεως Ἑλληνίδος καὶ φίλης κοινῆς τῆς Ῥηγίνων ἐναντίον ἀκούσας καὶ εἰπὼν ἀπαλλάττεσθαι· [2] καὶ γὰρ αὑτῷ τοῦτο πρὸς ἀσφάλειαν διαφέρειν, κἀκείνους ἐμμενεῖν βεβαιότερον οἷς ἐπαγγέλλονται περὶ Συρακοσίων, δήμῳ μάρτυρι τὰς ὁμολογίας [3] παρακαταθεμένους. ταῦτα δ’ ὑπέτεινεν αὐτοῖς ἀπάτην ἐπὶ τῇ διαβάσει τεχνάζων, καὶ συνετέχναζον οἱ τῶν Ῥηγίνων στρατηγοὶ πάντες, ἐπιθυμοῦντες ἐπὶ Κορινθίοις τὰ πράγματα τῶν Σικελιωτῶν γενέσθαι καὶ [4] φοβούμενοι τὴν τῶν βαρβάρων γειτνίασιν. διὸ συνῆγον ἐκκλησίαν καὶ τὰς πύλας ἀπέκλειον, ὡς μὴ πρὸς ἄλλο τι τρέπεσθαι τοὺς πολίτας, καὶ παρελθόντες εἰς τὸ πλῆθος ἐχρῶντο μήκει λόγων, ἕτερος ἑτέρῳ παραδιδοὺς τὴν αὐτὴν ὑπόθεσιν πρὸς οὐδὲν τέλος, ἀλλὰ διάγοντες ἄλλως τὸν χρόνον, ἕως ‹ἂν› ἀναχθῶσιν αἱ τῶν Κορινθίων τριήρεις, καὶ Καρχηδονίους ἐπὶ τῆς ἐκκλησίας κατέχοντες ἀνυπόπτως, ἅτε καὶ τοῦ Τιμολέοντος παρόντος καὶ παρέχοντος δόκησιν ὅσον οὔπω πρὸς τὸν λόγον ἀνίστασθαι καὶ δημηγορεῖν.

[5] ὡς δ’ ἀπήγγειλέ τις αὐτῷ κρύφα τὰς μὲν ἄλλας τριήρεις ἀνῆχθαι, μίαν δὲ τὴν ἐκείνου περιμένειν ὑπολελειμμένην, διεκδὺς τὸν ὄχλον, ἅμα τῶν περὶ τὸ βῆμα Ῥηγίνων συνεπικρυπτόντων, καὶ καταβὰς ἐπὶ θάλασσαν [6] ἐξέπλευσε διὰ ταχέων. καὶ κατήχθησαν εἰς Ταυρομένιον τῆς Σικελίας, ὑποδεχομένου καὶ καλοῦντος αὐτοὺς ἔκπαλαι προθύμως Ἀνδρομάχου τοῦ [7] τὴν πόλιν ἔχοντος καὶ δυναστεύοντος. οὗτος ἦν πατὴρ Τιμαίου τοῦ ἱστορικοῦ, καὶ πολὺ κράτιστος τῶν τότε δυναστευόντων ἐν Σικελίᾳ γενόμενος, τῶν θ’ ἑαυτοῦ πολιτῶν ἡγεῖτο νομίμως καὶ δικαίως, καὶ πρὸς τοὺς τυράννους [8] φανερὸς ἦν ἀεὶ διακείμενος ἀπεχθῶς καὶ ἀλλοτρίως. διὸ καὶ

Τιμολέοντι τότε τὴν πόλιν ὁρμητήριον παρέσχε, καὶ τοὺς πολίτας ἔπεισε συναγωνίζεσθαι τοῖς Κορινθίοις καὶ συνελευθεροῦν τὴν Σικελίαν.

[11] [1] Οἱ δ’ ἐν τῷ Ῥηγίῳ Καρχηδόνιοι, τοῦ Τιμολέοντος ἀνηγμένου καὶ τῆς ἐκκλησίας διαλυθείσης, χαλεπῶς φέροντες ἐπὶ τῷ κατεστρατηγῆσθαι, διατριβὴν τοῖς Ῥηγίνοις παρεῖχον, εἰ Φοίνικες ὄντες οὐκ ἀρέσκοιντο [2] τοῖς δι’ ἀπάτης πραττομένοις. πέμπουσι δ’ οὖν εἰς τὸ Ταυρομένιον πρεσβευτὴν ἐπὶ τριήρους, ὃς πολλὰ διαλεχθεὶς πρὸς τὸν Ἀνδρόμαχον, ἐπαχθῶς καὶ βαρβαρικῶς ἀνατεινάμενος, εἰ μὴ τὴν ταχίστην ἐκβάλοι τοὺς Κορινθίους, τέλος ὑπτίαν τὴν χεῖρα δείξας, εἶτ’ αὖθις καταστρέψας, [3] ἠπείλησε τοιαύτην οὖσαν αὐτῷ τὴν πόλιν τοιαύτην ποιήσειν. γελάσας δ’ ὁ Ἀνδρόμαχος ἄλλο μὲν οὐδὲν ἀπεκρίνατο, τὴν δὲ χεῖρα νῦν μὲν ὑπτίαν ὡς ἐκεῖνος, νῦν δὲ πρηνῆ προτείνας, ἐκέλευσεν ἀποπλεῖν αὐτόν, εἰ μὴ βούλοιτο τὴν ναῦν ἀντὶ τοιαύτης γενέσθαι τοιαύτην.

[4] Ὁ δ’ Ἱκέτης πυθόμενος τὴν τοῦ Τιμολέοντος διάβασιν καὶ φοβηθείς, [5] μετεπέμψατο πολλὰς τῶν Καρχηδονίων τριήρεις. ὅτε καὶ παντάπασι συνέβη τοὺς Συρακοσίους ἀπογνῶναι τὴν σωτηρίαν, ὁρῶντας τοῦ μὲν λιμένος αὐτῶν Καρχηδονίους κρατοῦντας, τὴν δὲ πόλιν Ἱκέτην ἔχοντα, τῆς δ’ ἄκρας κυριεύοντα Διονύσιον, Τιμολέοντα δ’ ὥσπερ ἐκ κρασπέδου τινὸς λεπτοῦ τῆς Ταυρομενιτῶν πολίχνης τῇ Σικελίᾳ προσηρτημένον ἐπ’ ἐλπίδος ἀσθενοῦς καὶ βραχείας δυνάμεως· χιλίων γὰρ αὐτῷ στρατιωτῶν [6] καὶ τροφῆς τούτοις ἀναγκαίας πλέον οὐδὲν ὑπῆρχεν· οὐδ’ ἐπίστευον αἱ πόλεις, διάπλεαι κακῶν οὖσαι καὶ πρὸς ἅπαντας ἀπηγριωμέναι τοὺς ἡγουμένους στρατοπέδων, μάλιστα διὰ τὴν Καλλίππου καὶ Φάρακος ἀπιστίαν, ὧν ὁ μὲν Ἀθηναῖος ὤν, ὁ δὲ Λακεδαιμόνιος, ἀμφότεροι δὲ φάσκοντες ὑπὲρ τῆς ἐλευθερίας ἥκειν καὶ ‹τοῦ› καταλύειν τοὺς μονάρχους, χρυσὸν ‹ἀπέ›δειξαν τῇ Σικελίᾳ τὰς ἐν τῇ τυραννίδι συμφοράς, καὶ μακαριωτέρους δοκεῖν ἐποίησαν τοὺς καταστρέψαντας ἐν τῇ δουλείᾳ τῶν ἐπιδόντων τὴν αὐτονομίαν.

[12] [1] Οὐδὲν οὖν ἐκείνων βελτίονα τὸν Κορίνθιον ἔσεσθαι προσδοκῶντες, ἀλλὰ ταὐτὰ πάλιν ἥκειν ἐπ’ αὐτοὺς σοφίσματα καὶ δελεάσματα, μετ’ ἐλπίδων χρηστῶν καὶ φιλανθρώπων ὑποσχέσεων εἰς μεταβολὴν δεσπότου καινοῦ τιθασευομένους, ὑπώπτευον καὶ διεκρούοντο τὰς τῶν Κορινθίων [2] προκλήσεις, πλὴν Ἀδρανιτῶν· οἳ πόλιν μικρὰν μέν, ἱερὰν δ’ οὖσαν Ἀδρανοῦ, θεοῦ τινος τιμωμένου διαφερόντως ἐν ὅλῃ Σικελίᾳ, κατοικοῦντες, ἐστασίασαν πρὸς ἀλλήλους, οἱ μὲν Ἱκέτην προσαγόμενοι καὶ Καρχηδονίους, [3] οἱ δὲ πρὸς Τιμολέοντα διαπεμπόμενοι. καί πως ἀπ’ αὐτομάτου συνέτυχε σπευδόντων ἀμφοτέρων εἰς ἕνα καιρὸν ἀμφοτέροις γενέσθαι τὴν [4] παρουσίαν. ἀλλ’ Ἱκέτης μὲν ἧκε πεντακισχιλίους στρατιώτας ἔχων, [5]

Τιμολέοντι δ’ οἱ σύμπαντες ἦσαν οὐ πλείους χιλίων διακοσίων· οὓς ἀναλαβὼν ἐκ τοῦ Ταυρομενίου, σταδίων πρὸς τὸ Ἀδρανὸν ὄντων τετταράκοντα καὶ τριακοσίων, τῇ μὲν πρώτῃ τῶν ἡμερῶν οὐ πολὺ μέρος τῆς ὁδοῦ προέλαβε καὶ κατηυλίσατο, τῇ δ’ ὑστεραίᾳ συντόνως ὁδεύσας καὶ χαλεπὰ χωρία διελθών, ἤδη τῆς ἡμέρας καταφερομένης ἤκουσεν ἄρτι προσμειγνύναι [6] τὸν Ἱκέτην τῷ πολιχνίῳ καὶ καταστρατοπεδεύειν. οἱ μὲν οὖν λοχαγοὶ καὶ ταξίαρχοι τοὺς πρώτους ἐπέστησαν, ὡς ἐμφαγοῦσι καὶ διαναπαυσαμένοις χρησόμενοι προθυμοτέροις, ὁ δὲ Τιμολέων ἐπιπορευόμενος ἐδεῖτο ταῦτα μὴ ποιεῖν, ἀλλ’ ἄγειν κατὰ τάχος καὶ συνάπτειν τοῖς πολεμίοις ἀσυντάκτοις οὖσιν, ὡς εἰκὸς ἄρτι παυομένοις ὁδοιπορίας καὶ περὶ [7] σκηνὰς καὶ δεῖπνον ἀσχόλοις οὖσιν. καὶ λέγων ἅμα ταῦτα, τὴν ἀσπίδα λαβὼν ἡγεῖτο πρῶτος ὥσπερ ἐπὶ νίκην πρόδηλον· οἱ δ’ εἵποντο τεθαρρηκότες, [8] ἔλαττον ἢ τριάκοντα σταδίους ἔτι τῶν πολεμίων ἀπέχοντες. ὡς δὲ καὶ τούτους διῆλθον, ἐπιπίπτουσιν αὐτοῖς ταραττομένοις καὶ φεύγουσιν ὡς πρῶτον ᾔσθοντο προσιόντας· ὅθεν ἀνῃρέθησαν μὲν οὐ πολλῷ πλείους τριακοσίων, ἑάλωσαν δὲ δὶς τοσοῦτοι ζῶντες, ἐλήφθη δὲ ‹καὶ› τὸ στρατόπεδον.

[9] οἱ δ’ Ἀδρανῖται τὰς πύλας ἀνοίξαντες προσέθεντο τῷ Τιμολέοντι, μετὰ φρίκης καὶ θαύματος ἀπαγγέλλοντες, ὡς ἐνισταμένης τῆς μάχης οἱ μὲν ἱεροὶ τοῦ νεὼ πυλῶνες αὐτόματοι διανοιχθεῖεν, ὀφθείη δὲ τοῦ θεοῦ τὸ μὲν δόρυ σειόμενον ἐκ τῆς αἰχμῆς ἄκρας, τὸ δὲ πρόσωπον ἱδρῶτι πολλῷ ῥεόμενον.

[13] [1] Ταῦτα δ’ ὡς ἔοικεν οὐ τὴν τότε νίκην ἐσήμαινε μόνον, ἀλλὰ καὶ τὰς [2] μετὰ ταῦτα πράξεις, αἷς ἐκεῖνος ὁ ἀγὼν ἀρχὴν εὐτυχῆ παρέσχε. καὶ γὰρ πόλεις εὐθὺς ἐπιπρεσβευόμεναι προσετίθεντο τῷ Τιμολέοντι, καὶ Μάμερκος ὁ Κατάνης τύραννος, πολεμιστὴς ἀνὴρ καὶ χρήμασιν ἐρρωμένος, ἔδωκεν [3] αὑτὸν εἰς συμμαχίαν. τὸ δὲ μέγιστον, αὐτὸς Διονύσιος, ἀπειρηκὼς ἤδη ταῖς ἐλπίσι καὶ μικρὸν ἀπολείπων ἐκπολιορκεῖσθαι, τοῦ μὲν Ἱκέτου κατεφρόνησεν αἰσχρῶς ἡττημένου, τὸν δὲ Τιμολέοντα θαυμάζων, ἔπεμψεν ἐκείνῳ καὶ Κορινθίοις παραδιδοὺς αὑτὸν καὶ τὴν ἀκρόπολιν. δεξάμενος [4] δ’ ὁ Τιμολέων τὴν ἀνέλπιστον εὐτυχίαν, ἀποστέλλει τοὺς περὶ Εὐκλείδην καὶ Τηλέμαχον, ἄνδρας Κορινθίους, εἰς τὴν ἀκρόπολιν καὶ στρατιώτας τετρακοσίους, οὐκ ὁμοῦ πάντας οὐδὲ φανερῶς (ἀδύνατον γὰρ ἦν ἐφορμούντων [5] ‹τῶν› πολεμίων), ἀλλὰ κρύφα καὶ κατ’ ὀλίγους παρεισπεσόντας. οἱ μὲν οὖν στρατιῶται παρέλαβον τὴν ἀκρόπολιν καὶ τὰ τυραννεῖα μετὰ τῆς [6] παρασκευῆς καὶ τῶν χρησίμων πρὸς τὸν πόλεμον· ἵπποι τε γὰρ ἐνῆσαν οὐκ ὀλίγοι καὶ πᾶσα μηχανημάτων ἰδέα καὶ βελῶν πλῆθος· ὅπλων δ’ [7] ἀπέκειντο μυριάδες ἑπτὰ τεθησαυρισμένων ἐκ παλαιοῦ. στρατιῶται δὲ δισχίλιοι τῷ

Διονυσίῳ παρῆσαν, οὓς ἐκεῖνος ὡς τἆλλα τῷ Τιμολέοντι παρέδωκεν, αὐτὸς δὲ χρήματα λαβὼν καὶ φίλων οὐ πολλοὺς ἔλαθεν ἐκπλεύσας [8] τὸν Ἱκέτην. καὶ κομισθεὶς εἰς τὸ τοῦ Τιμολέοντος στρατόπεδον, τότε πρῶτον ἰδιώτης καὶ ταπεινὸς ὀφθείς, ἐπὶ μιᾶς νεὼς καὶ χρημάτων ὀλίγων [9] εἰς Κόρινθον ἀπεστάλη, γεννηθεὶς μὲν καὶ τραφεὶς ἐν τυραννίδι τῇ πασῶν ἐπιφανεστάτῃ καὶ μεγίστῃ, κατασχὼν δὲ ταύτην ἔτη δέκα, δώδεκα δ' ἄλλα μετὰ τὴν Δίωνος στρατείαν ἐν ἀγῶσι καὶ πολέμοις διαφορηθείς, ἃ δ' ἔπραξε [10] τυραννῶν οἷς ἔπαθεν ὑπερβαλόμενος. καὶ γὰρ υἱῶν ἐνηλίκων θανάτους καὶ θυγατέρων καταπορνεύσεις παρθένων ἐπεῖδε, καὶ τὴν αὐτὴν ἀδελφὴν καὶ γυναῖκα ζῶσαν μὲν εἰς τὸ σῶμα ταῖς ἀσελγεστάταις ὑπὸ τῶν πολεμίων ἡδοναῖς παρανομηθεῖσαν, βίᾳ δ' ἀποθανοῦσαν μετὰ τῶν τέκνων, καταποντισθεῖσαν εἰς τὸ πέλαγος. ταῦτα μὲν οὖν ἐν τοῖς περὶ Δίωνος ἀκριβῶς γέγραπται.

[14] [1] Τοῦ δὲ Διονυσίου καταπλεύσαντος εἰς Κόρινθον, οὐδεὶς ἦν Ἑλλήνων [2] ὃς οὐχὶ θεάσασθαι καὶ προσειπεῖν ἐπόθησεν αὐτόν, ἀλλ' οἵ τε χαίροντες ἐπὶ ταῖς συμφοραῖς διὰ μῖσος ἄσμενοι συνῆλθον, οἷον ἐρριμμένον ὑπὸ τῆς τύχης πατήσοντες, οἵ τε πρὸς τὴν μεταβολὴν τρεπόμενοι καὶ συμπαθοῦντες ἐθεῶντο πολλὴν ἐν ἀσθενέσι τοῖς ἀνθρωπίνοις καὶ προδήλοις [3] τὴν τῶν ἀδήλων αἰτιῶν καὶ θείων δύναμιν. οὐδὲν γὰρ οὔτε φύσεως ὁ τότε καιρὸς οὔτε τέχνης ὅσον ἐκεῖνο τύχης ἔργον ἐπεδείξατο, τὸν Σικελίας ὀλίγον ἔμπροσθεν τύραννον ἐν Κορίνθῳ διατρίβοντα περὶ τὸ ὀψοπώλιον, ἢ καθήμενον ἐν μυροπωλίῳ, πίνοντα κεκραμένον ἀπὸ τῶν καπηλείων, καὶ διαπληκτιζόμενον ἐν μέσῳ τοῖς ἀφ' ὥρας ἐργαζομένοις γυναίοις, τὰς δὲ μουσουργοὺς ἐν δαῖς διδάσκοντα, ‹ Λο›κρικῶν ᾀσμάτων [4] σπουδάζοντα πρὸς ἐκείνας περὶ μέλους ‹καὶ› ἁρμονίας. ταῦτα δ' οἱ μὲν ἄλλως ἀλύοντα καὶ φύσει ῥᾴθυμον ὄντα καὶ φιλακόλαστον ᾤοντο ποιεῖν τὸν Διονύσιον, οἱ δ' ὑπὲρ τοῦ καταφρονεῖσθαι καὶ μὴ φοβερὸν εἶναι τοῖς Κορινθίοις μηδ' ὕποπτον, ὡς βαρυνόμενον τὴν μεταβολὴν τοῦ βίου καὶ πραγμάτων ἐφιέμενον, ἐπιτηδεύειν καὶ ὑποκρίνεσθαι παρὰ φύσιν, πολλὴν ἀβελτερίαν ἐπιδεικνύμενον ἐν τῷ σχολάζειν.

[15] [1] Οὐ μὴν ἀλλὰ καὶ λόγοι τινὲς αὐτοῦ μνημονεύονται, δι' ὧν ἐδόκει [2] συμφέρεσθαι τοῖς παροῦσιν οὐκ ἀγεννῶς. τοῦτο μὲν γὰρ εἰς Λευκάδα καταχθείς, πόλιν ἀπῳκισμένην ὑπὸ Κορινθίων ὥσπερ τὴν Συρακοσίων, ταὐτὸν [3] ἔφη πεπονθέναι τοῖς ἐν ἁμαρτήμασι γενομένοις τῶν νεανίσκων· ὡς γὰρ ἐκεῖνοι τοῖς μὲν ἀδελφοῖς ἱλαρῶς συνδιατρίβουσι, τοὺς δὲ πατέρας αἰσχυνόμενοι φεύγουσιν, οὕτως αὐτὸς αἰδούμενος τὴν μητρόπολιν ἡδέως [4] ἂν αὐτόθι μετ' ἐκείνων κατοικεῖν. τοῦτο δ' ἐν Κορίνθῳ ξένου τινὸς ἀγροικότερον εἰς τὰς μετὰ τῶν φιλοσόφων διατριβὰς αἷς τυραννῶν ἔχαιρε χλευάζοντος αὐτόν, καὶ τέλος ἐρωτῶντος τί δὴ τῆς Πλάτωνος ἀπολαύσειε

σοφίας, οὐδὲν ἔφη σοὶ δοκοῦμεν ὑπὸ Πλάτωνος ὠφελῆσθαι, τύχης μεταβολὴν [5] οὕτω φέροντες; πρὸς δὲ τὸν μουσικὸν Ἀριστόξενον καί τινας ἄλλους πυνθανομένους, ὁπόθεν αὐτῷ καὶ τίς ἡ πρὸς Πλάτωνα γένοιτο μέμψις, πολλῶν ἔφη κακῶν τὴν τυραννίδα μεστὴν οὖσαν οὐδὲν ἔχειν τηλικοῦτον ἡλίκον τὸ μηδένα τῶν λεγομένων φίλων μετὰ παρρησίας διαλέγεσθαι· [6] καὶ γὰρ αὐτὸς ὑπ' ἐκείνων ἀποστερηθῆναι τῆς Πλάτωνος εὐνοίας. ἐπεὶ δὲ τῶν βουλομένων τις εὐφυῶν εἶναι σκώπτων τὸν Διονύσιον ἐξέσειε τὸ ἱμάτιον εἰσιὼν πρὸς αὐτὸν ὡς δὴ πρὸς τύραννον, ἀντισκώπτων ἐκεῖνος ἐκέλευε τοῦτο ποιεῖν ὅταν ἐξίῃ παρ' αὐτοῦ, μή τι τῶν ἔνδον ἔχων ἀπέλθῃ.

[7] Φιλίππου δὲ τοῦ Μακεδόνος παρὰ πότον τινὰ λόγον μετ' εἰρωνείας ἐμβαλόντος περὶ τῶν μελῶν καὶ τῶν τραγῳδιῶν ἃς ὁ πρεσβύτερος Διονύσιος κατέλιπε, καὶ προσποιουμένου διαπορεῖν ἐν τίνι χρόνῳ ταῦτα ποιεῖν ἐκεῖνος ἐσχόλαζεν, οὐ φαύλως ἀπήντησεν ὁ Διονύσιος εἰπών· ἐν ᾧ σὺ κἀγὼ καὶ πάντες οἱ μακάριοι δοκοῦντες εἶναι περὶ κώθωνα διατρίβομεν.

[8] Πλάτων μὲν οὖν οὐκ ἐπεῖδεν ἐν Κορίνθῳ Διονύσιον, ἀλλ' ἔτυχεν ἤδη τεθνηκώς, ὁ δὲ Σινωπεὺς Διογένης ἀναντήσας αὐτῷ πρῶτον, ὡς ἀναξίως [9] ἔφη Διονύσιε ζῇς. ἐπιστάντος δ' ἐκείνου καὶ εἰπόντος· εὖ ποιεῖς ὦ Διόγενες συναχθόμενος ἡμῖν ἠτυχηκόσι, τί γάρ; εἶπεν ὁ Διογένης οἴει μέ σοι συναλγεῖν, οὐ διαγανακτεῖν, ὅτι τοιοῦτον ἀνδράποδον ὤν, καὶ τοῖς τυραννείοις ὥσπερ ὁ πατὴρ ἐπιτήδειος ἐγγηράσας ἀποθανεῖν, ἐνταῦθα [10] παίζων καὶ τρυφῶν διάγεις μεθ' ἡμῶν; ὥστε μοι παραβάλλοντι τούτοις τὰς Φιλίστου φωνάς, ἃς ἀφίησι (FGrH 556 F 60) περὶ τῶν Λεπτίνου θυγατέρων ὀλοφυρόμενος, ὡς ἐκ μεγάλων ἀγαθῶν τῶν τῆς τυραννίδος εἰς ταπεινὴν ἀφιγμένων δίαιταν, φαίνεσθαι θρήνους γυναικὸς ἀλαβάστους [11] καὶ πορφύρας καὶ χρυσία ποθούσης. ταῦτα μὲν οὖν οὐκ ἀλλότρια τῆς τῶν βίων ἀναγραφῆς οὐδ' ἄχρηστα δόξειν οἰόμεθα μὴ σπεύδουσι μηδ' ἀσχολουμένοις ἀκροαταῖς.

[16] [1] Τῆς δὲ Διονυσίου δυστυχίας παραλόγου φανείσης, οὐχ ἧττον ἡ [2] Τιμολέοντος εὐτυχία τὸ θαυμαστὸν ἔσχεν. ἐπιβὰς γὰρ Σικελίας, ἐν ἡμέραις πεντήκοντα τήν τ' ἀκρόπολιν τῶν Συρακοσίων παρέλαβε, καὶ Διονύσιον [3] εἰς Πελοπόννησον ἐξέπεμψεν. ὅθεν ἐπιρρωσθέντες οἱ Κορίνθιοι πέμπουσιν αὐτῷ δισχιλίους ὁπλίτας καὶ διακοσίους ἱππεῖς, οἳ κομισθέντες ἄχρι Θουρίων, τὴν ἐκεῖθεν περαίωσιν, ὑπὸ Καρχηδονίων πολλαῖς ναυσὶ κατεχομένης τῆς θαλάσσης, ἄπορον ὁρῶντες, ὡς ἦν ἀνάγκη καιρὸν περιμένοντας ἀτρεμεῖν αὐτόθι, πρὸς κάλλιστον ἔργον ἀπεχρήσαντο τῇ σχολῇ.

[4] Θουρίων γὰρ ‹αὐ›τῶν ἐπὶ Βρεττίους στρατευόντων τὴν πόλιν παραλαβόντες, ὥσπερ πατρίδα καθαρῶς καὶ πιστῶς διεφύλαξαν.

[5] Ὁ δ᾽ Ἱκέτης τὴν μὲν ἀκρόπολιν τῶν Συρακουσῶν ἐπολιόρκει καὶ σῖτον ἐκώλυεν εἰσπλεῖν τοῖς Κορινθίοις, Τιμολέοντι δὲ δύο ξένους παρασκευάσας δολοφονήσοντας αὐτὸν ὑπέπεμψεν εἰς Ἀδρανόν, οὔτ᾽ ἄλλως περὶ τὸ σῶμα συντεταγμένην ἔχοντι φυλακήν, καὶ τότε παντάπασι διὰ τὸν θεὸν ἀνειμένως [6] καὶ ἀνυπόπτως σχολάζοντι μετὰ τῶν Ἀδρανιτῶν. οἱ δὲ πεμφθέντες κατὰ τύχην πυθόμενοι μέλλοντα θύειν αὐτόν, ἧκον εἰς τὸ ἱερόν, ὑπὸ τοῖς ἱματίοις ἐγχειρίδια κομίζοντες, καὶ τοῖς περιεστῶσι τὸν βωμὸν ἀναμειχθέντες, [7] ἐγγυτέρω κατὰ μικρὸν ἐπεχώρουν, καὶ ὅσον οὔπω παρακελευομένων ἀλλήλοις ἐνάρχεσθαι, παίει τις αὐτῶν τὸν ἕτερον κατὰ τῆς κεφαλῆς ξίφει, καὶ πεσόντος οὔθ᾽ ὁ παίσας ἔμεινεν οὔθ᾽ ὁ μετὰ τοῦ πληγέντος ἥκων, ἀλλ᾽ ἐκεῖνος μὲν ὥσπερ εἶχε τὸ ξίφος φεύγων πρός τινα πέτραν ὑψηλὴν ἀνεπήδησεν, ἅτερος δὲ τοῦ βωμοῦ λαβόμενος ἄδειαν ᾐτεῖτο παρὰ [8] τοῦ Τιμολέοντος ἐπὶ τῷ πάντα μηνῦσαι, καὶ λαβὼν ἐμήνυσε καθ᾽ αὑτοῦ [9] καὶ κατὰ τοῦ τεθνηκότος, ὡς πεμφθεῖεν ἐκεῖνον ἀποκτενοῦντες. ἐν τούτῳ δὲ καὶ τὸν ἀπὸ τῆς πέτρας κατῆγον ἕτεροι, βοῶντα μηδὲν ἀδικεῖν, ἀλλ᾽ ἀνῃρηκέναι δικαίως τὸν ἄνθρωπον ὑπὲρ πατρὸς τεθνηκότος, ὃν ἐκεῖνος [10] ἀπεκτονήκοι πρότερον ἐν Λεοντίνοις, καὶ μαρτυροῦντας εἶχεν ἐνίους τῶν παρόντων, θαυμάζοντας ἅμα τῆς τύχης τὴν εὐμηχανίαν, ὡς δι᾽ ἑτέρων ἕτερα κινοῦσα καὶ συνάγουσα πάντα πόρρωθεν καὶ συγκαταπλέκουσα τοῖς πλεῖστον διαφέρειν δοκοῦσι καὶ μηδὲν ἔχειν πρὸς ἄλληλα κοινόν, ἀεὶ τοῖς [11] ἀλλήλων χρῆται καὶ τέλεσι καὶ ἀρχαῖς. τὸν μὲν οὖν ἄνθρωπον ἐστεφάνωσαν οἱ Κορίνθιοι δέκα μναῖς, ὅτι τῷ φυλάττοντι δαίμονι τὸν Τιμολέοντα πάθος ἔχρησε δίκαιον καὶ τὸν ἐκ πολλοῦ παρόντα θυμὸν αὐτῷ πρότερον οὐ κατανάλωσεν, ἀλλὰ μετ᾽ αἰτίας ἰδίας πρὸς τὴν ἐκείνου σωτηρίαν ἀπὸ [12] τύχης διετήρησεν. ἡ δ᾽ εἰς τὸν παρόντα καιρὸν εὐτυχία καὶ πρὸς τὰ μέλλοντα ταῖς ἐλπίσιν ἐπῆρεν ὁρῶντας ὡς ἱερὸν ἄνδρα καὶ σὺν θεῷ τιμωρὸν ἥκοντα τῇ Σικελίᾳ τὸν Τιμολέοντα σέβεσθαι καὶ φυλάττειν.

[17] [1] Ὡς δὲ ταύτης διήμαρτε τῆς πείρας ὁ Ἱκέτης, καὶ πρὸς Τιμολέοντα πολλοὺς ἑώρα συνισταμένους, μεμψάμενος αὐτὸς ἑαυτόν, ὅτι, τηλικαύτης παρούσης τῆς Καρχηδονίων δυνάμεως, ὥσπερ αἰσχυνόμενος αὐτῇ κατὰ μικρὰ χρῆται καὶ λάθρα, κλέπτων καὶ παρεισάγων τὴν συμμαχίαν, μετεπέμπετο [2] Μάγωνα τὸν στρατηγὸν αὐτῶν μετὰ τοῦ στόλου παντός. ὁ δ᾽ εἰσέπλει φοβερός, ναυσὶ πεντήκοντα καὶ ἑκατὸν καταλαμβάνων τὸν λιμένα, πεζῶν δὲ μυριάδας ἓξ ἀποβιβάζων καὶ καταστρατοπεδεύων ἐν τῇ πόλει τῶν Συρακοσίων, ὥστε πάντας οἴεσθαι τὴν πάλαι λεγομένην καὶ [3]

προσδοκωμένην ἐκβαρβάρωσιν ἥκειν ἐπὶ τὴν Σικελίαν. οὐδέποτε γὰρ Καρχηδονίοις ὑπῆρξε πρότερον, μυρίους πολεμήσασι πολέμους ἐν Σικελίᾳ, λαβεῖν τὰς Συρακούσας, ἀλλὰ τότε δεξαμένου τοῦ Ἱκέτου καὶ παραδόντος [4] ἦν ὁρᾶν τὴν πόλιν στρατόπεδον βαρβάρων οὖσαν. οἱ δὲ τὴν ἀκρόπολιν τῶν Κορινθίων κατέχοντες ἐπισφαλῶς καὶ χαλεπῶς ἀπήλλαττον, τροφῆς μὲν ἱκανῆς οὐκέτι παρούσης, ἀλλ' ἐνδεόμενοι διὰ τὸ φρουρεῖσθαι τοὺς λιμένας, ἀεὶ ‹δ'› ἐν ἀγῶσι καὶ μάχαις περὶ τὰ τείχη καὶ πρὸς πᾶν μηχάνημα καὶ πρὸς πᾶσαν ἰδέαν πολιορκίας μερίζοντες αὑτούς.

[18] [1] Οὐ μὴν ἀλλ' ὁ Τιμολέων παρεβοήθει, σῖτον ἐκ Κατάνης μικραῖς ἁλιάσι καὶ λεπτοῖς ἀκατίοις ἀποστέλλων, ἃ μάλιστα χειμῶνι παρεισέπιπτε διὰ τῶν βαρβαρικῶν τριήρων ὑποπορευόμενα, πρὸς τὸν κλύδωνα καὶ τὸν [2] σάλον ἐκείνων διϊσταμένων. ἃ δὴ συνορῶντες οἱ περὶ τὸν Μάγωνα καὶ τὸν Ἱκέτην ἐβουλεύοντο τὴν Κατάνην ἑλεῖν, ἐξ ἧς ἔπλει τὰ ἐπιτήδεια τοῖς πολιορκουμένοις, καὶ λαβόντες τῆς δυνάμεως τὴν μαχιμωτάτην, ἐξέπλευσαν [3] ἐκ τῶν Συρακουσῶν. ὁ δὲ Κορίνθιος Νέων (οὗτος γὰρ ἦν ἄρχων τῶν πολιορκουμένων) κατιδὼν ἀπὸ τῆς ἄκρας τοὺς ὑπολελειμμένους τῶν πολεμίων ἀργῶς καὶ ἀμελῶς φυλάττοντας, ἐξαίφνης ἐπέπεσε διεσπαρμένοις [4] αὐτοῖς, καὶ τοὺς μὲν ἀνελών, τοὺς δὲ τρεψάμενος, ἐκράτησε καὶ κατέσχε τὴν λεγομένην Ἀχραδινήν, ὃ κράτιστον ἐδόκει καὶ ἀθραυστότατον ὑπάρχειν τῆς Συρακοσίων μέρος πόλεως, τρόπον τινὰ συγκειμένης καὶ [5] συνηρμοσμένης ἐκ πλειόνων πόλεων. εὐπορήσας δὲ καὶ σίτου καὶ χρημάτων, οὐκ ἀφῆκε τὸν τόπον οὐδ' ἀνεχώρησε πάλιν ἐπὶ τὴν ἄκραν, ἀλλὰ φραξάμενος τὸν περίβολον τῆς Ἀχραδινῆς καὶ συνάψας τοῖς ἐρύμασι πρὸς [6] τὴν ἀκρόπολιν, διεφύλαττε. τοὺς δὲ περὶ τὸν Μάγωνα καὶ τὸν Ἱκέτην ἐγγὺς ἤδη τῆς Κατάνης ὄντας ἱππεὺς ἐκ Συρακουσῶν καταλαβὼν ἀπήγγειλε [7] τὴν ἅλωσιν τῆς Ἀχραδινῆς, καὶ συνταραχθέντες ἀνεχώρησαν διὰ ταχέων, οὔτε λαβόντες ἐφ' ἣν ἐξῆλθον, οὔτε φυλάξαντες ἣν εἶχον.

[19] [1] Ταῦτα μὲν οὖν ἔτι τῇ προνοίᾳ καὶ ἀρετῇ δίδωσί τινα πρὸς τὴν τύχην ἀμφισβήτησιν· τὸ δ' ἐπὶ τούτοις γενόμενον παντάπασιν ἔοικε [2] συμβῆναι κατ' εὐτυχίαν. οἱ γὰρ ἐν τοῖς Θουρίοις διατρίβοντες στρατιῶται τῶν Κορινθίων, ἅμα μὲν δεδιότες τὰς Καρχηδονίων τριήρεις, αἳ παρεφύλαττον αὐτοὺς μετ' Ἄννωνος, ἅμα δ' ἐφ' ἡμέρας πολλὰς ἐξηγριωμένης ὑπὸ πνεύματος τῆς θαλάσσης, πεζῇ διὰ Βρεττίων ὥρμησαν πορεύεσθαι· [3] καὶ τὰ μὲν πείθοντες, τὰ δὲ βιαζόμενοι τοὺς βαρβάρους, εἰς Ῥήγιον κατέβαινον, [4] ἔτι πολὺν χειμῶνα τοῦ πελάγους ἔχοντος. ὁ δὲ τῶν Καρχηδονίων ναύαρχος, ὡς οὐ προσεδόκα τοὺς Κορινθίους καὶ μάτην ᾤετο καθῆσθαι, πείσας αὑτὸς ἑαυτὸν ‹ἐν›νενοηκέναι τι τῶν σοφῶν καὶ πανούργων πρὸς ἀπάτην,

στεφανώσασθαι τοὺς ναύτας κελεύσας καὶ κοσμήσας τὰς τριήρεις ἀσπίσιν Ἑλληνικαῖς καὶ φοινικίσιν, ἔπλει πρὸς τὰς Συρακούσας, [5] καὶ παρὰ τὴν ἀκρόπολιν χρώμενος ῥοθίῳ μετὰ κρότου καὶ γέλωτος, ἐβόα τοὺς Κορινθίους ἥκειν νενικηκὼς καὶ κεχειρωμένος, ἐν τῇ θαλάττῃ λαβὼν διαπλέοντας, ὡς δή τινα δυσθυμίαν τοῖς πολιορκουμένοις παρέξων.

[6] ἐκείνου δὲ ταῦτα ληροῦντος καὶ φενακίζοντος, ἐκ τῶν Βρεττίων οἱ Κορίνθιοι καταβεβηκότες εἰς τὸ Ῥήγιον, ὡς οὐδεὶς παρεφύλαττε καὶ τὸ πνεῦμα κατεσβεσμένον παραλόγως ἀκύμονα τὸν πόρον ἰδεῖν καὶ λεῖον παρεῖχε, ταχὺ πληρώσαντες τὰ πορθμεῖα καὶ τὰς ἁλιάδας τὰς παρούσας, ἀνήγοντο καὶ διεκομίζοντο πρὸς τὴν Σικελίαν οὕτως ἀσφαλῶς καὶ διὰ τοσαύτης γαλήνης, ὥστε τοὺς ἵππους παρὰ τὰ πλοῖα παρανηχομένους ἐκ ῥυτήρων ἐφέλκεσθαι.

[20] [1] Περαιωθέντων δὲ πάντων, ὁ Τιμολέων δεξάμενος αὐτοὺς τήν τε Μεσσήνην εὐθὺς εἶχε, καὶ συνταξάμενος ἐβάδιζεν ἐπὶ τὰς Συρακούσας, οἷς εὐτύχει καὶ κατώρθου μᾶλλον ἢ τῇ δυνάμει πεποιθώς· οὐ γὰρ ἦσαν [2] οἱ σὺν αὐτῷ πλείους τετρακισχιλίων. ἀγγελλομένης δὲ τῆς ἐφόδου τῷ Μάγωνι, θορυβούμενος καὶ δεδοικὼς ἔτι μᾶλλον εἰς ὑποψίαν ἦλθεν ἐκ [3] τοιαύτης προφάσεως. ἐν τοῖς περὶ τὴν πόλιν τενάγεσι, πολὺ μὲν ἐκ κρηνῶν πότιμον ὕδωρ, πολὺ δ’ ἐξ ἑλῶν καὶ ποταμῶν καταρρεόντων εἰς τὴν θάλατταν δεχομένοις, πλῆθος ἐγχέλεων νέμεται, καὶ δαψίλεια τῆς ἄγρας [4] τοῖς βουλομένοις ἀεὶ πάρεστι. ταύτας οἱ παρ’ ἀμφοτέροις μισθοῦ στρατευόμενοι [5] σχολῆς οὔσης καὶ ἀνοχῶν συνεθήρευον. οἷα δ’ Ἕλληνες ὄντες καὶ πρὸς ἀλλήλους οὐκ ἔχοντες ἰδίων ἀπεχθειῶν πρόφασιν, ἐν μὲν ταῖς μάχαις διεκινδύνευον εὐρώστως, ἐν δὲ ταῖς ἀνοχαῖς προσφοιτῶντες ἀλλήλοις [6] διελέγοντο, καὶ τότε κοινὸν περὶ τὴν ἁλιείαν ἔχοντες ἔργον ἐν λόγοις ἦσαν, θαυμάζοντες τῆς θαλάσσης τὴν εὐφυΐαν καὶ τῶν χωρίων [7] τὴν κατασκευήν. καί τις εἶπε τῶν παρὰ τοῖς Κορινθίοις στρατευομένων· τοσαύτην μέντοι τὴν πόλιν τὸ μέγεθος καὶ τοσούτοις ἐξησκημένην καλοῖς ὑμεῖς Ἕλληνες ὄντες ἐκβαρβαρῶσαι προθυμεῖσθε, τοὺς κακίστους καὶ φονικωτάτους Καρχηδονίους ἐγγυτέρω κατοικίζοντες ἡμῶν, πρὸς οὓς [8] ἔδει πολλὰς εὔχεσθαι Σικελίας προκεῖσθαι τῆς Ἑλλάδος. ἢ δοκεῖτε τούτους στρατὸν ἀγείραντας ἀπὸ στηλῶν Ἡρακλείων καὶ τῆς Ἀτλαντικῆς [9] ἥκειν θαλάττης δεῦρο κινδυνεύσοντας ὑπὲρ τῆς Ἱκέτου δυναστείας; ὃς εἰ λογισμὸν εἶχεν ἡγεμόνος, οὐκ ἂν ἐξέβαλλε τοὺς πατέρας οὐδ’ ἐπῆγε τῇ πατρίδι τοὺς πολεμίους, ἀλλὰ καὶ τιμῆς καὶ δυνάμεως ἐτύγχανεν ὅσης [10] πρέπει, Κορινθίους καὶ Τιμολέοντα πείσας. τούτους τοὺς λόγους οἱ μισθοφόροι διεθρόησαν ἐν τῷ στρατοπέδῳ καὶ παρέσχον ὑποψίαν τῷ [11] Μάγωνι

προδίδοσθαι, χρῄζοντι πάλαι προφάσεως. διὸ καί‹περ› δεομένου τοῦ Ἱκέτου παραμένειν, καὶ διδάσκοντος ὅσῳ πλείονές εἰσι τῶν πολεμίων, μᾶλλον οἰόμενος ἀρετῇ καὶ τύχῃ λείπεσθαι Τιμολέοντος ἢ πλήθει δυνάμεως ὑπερβάλλειν, ἄρας εὐθὺς ἀπέπλευσεν εἰς Λιβύην, αἰσχρῶς κατ' οὐδένα λογισμὸν ἀνθρώπινον ἐκ τῶν χειρῶν ἀφεὶς Σικελίαν.

[21] [1] Τῇ δ' ὑστεραίᾳ παρῆν ὁ Τιμολέων ἐπὶ μάχην συντεταγμένος. ὡς δὲ τὴν φυγὴν ἐπυνθάνοντο καὶ τὴν ἐρημίαν ἑώρων τῶν νεωρίων, γελᾶν αὐτοῖς ἐπῄει τὴν ἀνανδρίαν τοῦ Μάγωνος, καὶ περιϊόντες ἐκήρυττον ἐν τῇ πόλει μήνυτρα τῷ φράσαντι τὸν Καρχηδονίων στόλον ὅπῃ σφᾶς ἀποδέδρακεν.

[2] οὐ μὴν ἀλλὰ τοῦ Ἱκέτου φιλομαχοῦντος ἔτι καὶ τὴν λαβὴν οὐ προϊεμένου τῆς πόλεως, ἀλλ' ἐμπεφυκότος οἷς κατεῖχε μέρεσι, καρτεροῖς οὖσι καὶ δυσπροσμάχοις, διελὼν ὁ Τιμολέων τὴν δύναμιν, αὐτὸς μὲν ᾗ βιαιότατον [3] ἦν παρὰ τὸ ῥεῖθρον τοῦ Ἀνάπου προσέβαλλεν· ἄλλους δ' ἐκ τῆς Ἀχραδινῆς ἐκέλευεν ἐπιχειρεῖν, ὧν Ἰσίας ἡγεῖθ' ὁ Κορίνθιος· τοὺς δὲ τρίτους ἐπῆγον ἐπὶ τὰς Ἐπιπολὰς Δείναρχος καὶ Δημάρετος οἱ τὴν ὑστέραν ἀγαγόντες ἐκ [4] Κορίνθου βοήθειαν. ἅμα δὲ καὶ πανταχόθεν τῆς ἐφόδου γενομένης, καὶ τῶν περὶ τὸν Ἱκέτην ἀνατραπέντων καὶ φυγόντων, τὸ μὲν ἁλῶναι τὴν πόλιν κατ' ἄκρας καὶ γενέσθαι ταχέως ὑποχείριον ἐκπεσόντων τῶν πολεμίων δίκαιον ἀναθεῖναι τῇ τῶν μαχομένων ἀνδραγαθίᾳ καὶ τῇ δεινότητι [5] τοῦ στρατηγοῦ· τὸ δὲ μήτ' ἀποθανεῖν τινα μήτε τρωθῆναι τῶν Κορινθίων ἴδιον ἔργον αὑτῆς ἡ Τιμολέοντος ἐπεδείξατο τύχη, καθάπερ διαμιλλωμένη πρὸς τὴν ἀρετὴν τοῦ ἀνδρός, ἵνα τῶν ἐπαινουμένων αὐτοῦ τὰ μακαριζόμενα [6] μᾶλλον οἱ πυνθανόμενοι θαυμάζωσιν. οὐ γὰρ μόνον Σικελίαν πᾶσαν οὐδ' Ἰταλίαν εὐθὺς ἡ φήμη κατέσχεν, ἀλλ' ἡμερῶν ὀλίγων ἡ Ἑλλὰς διήχει τὸ μέγεθος τοῦ κατορθώματος, ὥστε τὴν τῶν Κορινθίων πόλιν ἀπιστοῦσαν, εἰ διαπέπλευκεν ὁ στόλος, ὁμοῦ καὶ σεσῳσμένους καὶ νενικηκότας [7] ἀκούειν τοὺς ἄνδρας. οὕτως εὐρόησαν αἱ πράξεις, καὶ τοσοῦ‹το› τῷ κάλλει τῶν ἔργων τὸ τάχος ἡ τύχη προσέθηκεν.

[22] [1] Γενόμενος δὲ τῆς ἄκρας κύριος, οὐκ ἔπαθε Δίωνι ταὐτὸ πάθος, οὐδ' ἐφείσατο τοῦ τόπου διὰ τὸ κάλλος καὶ τὴν πολυτέλειαν τῆς κατασκευῆς, ἀλλὰ τὴν ἐκεῖνον διαβαλοῦσαν, εἶτ' ἀπολέσασαν ὑποψίαν φυλαξάμενος, ἐκήρυξε τῶν Συρακοσίων τὸν βουλόμενον παρεῖναι μετὰ σιδήρου καὶ [2] συνεφάπτεσθαι κατασκαπτομένων τῶν τυραννικῶν ἐρυμάτων. ὡς δὲ πάντες ἀνέβησαν, ἀρχὴν ἐλευθερίας ποιησάμενοι βεβαιοτάτην τὸ κήρυγμα καὶ τὴν ἡμέραν ἐκείνην, οὐ μόνον τὴν ἄκραν, ἀλλὰ καὶ τὰς οἰκίας καὶ τὰ μνήματα τῶν τυράννων ἀνέτρεψαν καὶ κατέσκαψαν. εὐθὺς δὲ τὸν τόπον [3]

συνομαλύνας, ἐνῳκοδόμησε τὰ δικαστήρια, χαριζόμενος τοῖς πολίταις καὶ τῆς τυραννίδος ὑπερτέραν ποιῶν τὴν δημοκρατίαν.

[4] Ἐπεὶ δὲ τὴν πόλιν ἑλὼν οὐκ εἶχε πολίτας, ἀλλὰ τῶν μὲν ἐν τοῖς πολέμοις καὶ ταῖς στάσεσι διαφθαρέντων, τῶν δὲ τὰς τυραννίδας φυγόντων, ἡ μὲν ἐν Συρακούσαις ἀγορὰ δι᾽ ἐρημίαν οὕτω πολλὴν καὶ βαθεῖαν ἐξέφυσεν ὕλην, ὥστε τοὺς ἵππους ἐν αὐτῇ κατανέμεσθαι, τῶν ἱπποκόμων ἐν τῇ [5] χλόῃ κατακειμένων, αἱ δ᾽ ἄλλαι πόλεις πλὴν παντελῶς ὀλίγων ἐλάφων ἐγένοντο μεσταὶ καὶ συῶν ἀγρίων, ἐν δὲ τοῖς προαστίοις καὶ περὶ τὰ τείχη [6] πολλάκις οἱ σχολὴν ἄγοντες ἐκυνηγέτουν, ὑπήκουε δ᾽ οὐδεὶς τῶν ἐν τοῖς ἐρύμασι καὶ φρουρίοις κατοικούντων, οὐδὲ κατέβαινον εἰς τὴν πόλιν, ἀλλὰ φρίκη καὶ μῖσος εἶχε πάντας ἀγορᾶς καὶ πολιτείας καὶ βήματος, ἐξ ὧν [7] ἀνέφυσαν αὐτοῖς οἱ πλεῖστοι τῶν τυράννων, ἔδοξε τῷ Τιμολέοντι καὶ τοῖς Συρακοσίοις γράψαι πρὸς τοὺς Κορινθίους, ὅπως πέμψωσιν οἰκήτορας [8] εἰς τὰς Συρακούσας ἐκ τῆς Ἑλλάδος. ἥ τε γὰρ χώρα σχολάζειν ἔμελλε, καὶ πολὺν πόλεμον ἐκ Λιβύης προσεδέχοντο, πυνθανόμενοι τοὺς Καρχηδονίους τοῦ μὲν Μάγωνος ἑαυτὸν ἀνελόντος ἀνεσταυρωκέναι τὸ σῶμα, διὰ τὴν στρατηγίαν ὀργισθέντας, αὐτοὺς δὲ συνάγειν μεγάλην δύναμιν, ὡς ἔτους ὥρᾳ διαβησομένους εἰς Σικελίαν.

[23] [1] Τῶν δὲ γραμμάτων τούτων παρὰ τοῦ Τιμολέοντος κομισθέντων, καὶ πρέσβεων ἅμα παρόντων Συρακοσίων καὶ δεομένων ἐπιμεληθῆναι τῆς πόλεως καὶ γενέσθαι πάλιν ἐξ ὑπαρχῆς οἰκιστάς, οὐχ ἥρπασαν οἱ Κορίνθιοι [2] τὴν πλεονεξίαν, οὐδὲ προσεποίησαν ἑαυτοῖς τὴν πόλιν, ἀλλὰ πρῶτον μὲν ἐπιόντες τοὺς ἱεροὺς ἀγῶνας ἐν τῇ Ἑλλάδι καὶ τὰς μεγίστας τῶν πανηγύρεων, ἀνηγόρευον ὑπὸ κηρύκων, ὅτι Κορίνθιοι καταλελυκότες τὴν ἐν Συρακούσαις τυραννίδα, καὶ τὸν τύραννον ἐξεληλακότες, καλοῦσι Συρακοσίους καὶ τῶν ἄλλων Σικελιωτῶν τὸν βουλόμενον οἰκεῖν τὴν πόλιν ἐλευθέρους καὶ αὐτονόμους, ἐπ᾽ ἴσοις καὶ δικαίοις τὴν χώραν διαλαχόντας· [3] ἔπειτα διαπέμποντες ἀγγέλους εἰς τὴν Ἀσίαν καὶ τὰς νήσους, ὅπου πλείστους ἐπυνθάνοντο τῶν φυγάδων διεσπαρμένους κατοικεῖν, παρεκάλουν ἰέναι πάντας εἰς Κόρινθον, ὡς Κορινθίων ἀσφαλῆ πομπὴν καὶ πλοῖα [4] καὶ στρατηγοὺς παρεξόντων ἰδίοις τέλεσιν εἰς Συρακούσας. κηρυσσομένων δὲ τούτων, ἡ μὲν πόλις τὸν δικαιότατον καὶ κάλλιστον ἀπελάμβανεν ἔπαινον καὶ ζῆλον, ἐλευθεροῦσα μὲν ἀπὸ τῶν τυράννων, σῴζουσα δ᾽ [5] ἀπὸ τῶν βαρβάρων, ἀποδιδοῦσα δὲ τοῖς πολίταις τὴν χώραν. οἱ δὲ συνελθόντες εἰς Κόρινθον οὐκ ὄντες ἱκανοὶ τὸ πλῆθος, ἐδεήθησαν ἐκ Κορίνθου καὶ τῆς ἄλλης Ἑλλάδος παραλαβεῖν συνοίκους· καὶ γενόμενοι μυρίων οὐκ [6] ἐλάττους, κατέπλευσαν εἰς Συρακούσας. ἤδη δὲ καὶ τῶν ἐξ Ἰταλίας καὶ Σικελίας πολλοὶ

τῷ Τιμολέοντι συνεληλύθεισαν, καὶ γενομένοις αὐτοῖς ἑξακισμυρίοις τὸ πλῆθος, ὡς Ἄθανις εἴρηκε (FGrH 562 F 2), τὴν μὲν [7] χώραν διένειμε, τὰς δ' οἰκίας ἀπέδοτο χιλίων ταλάντων, ἅμα μὲν ὑπολειπόμενος τοῖς ἀρχαίοις Συρακοσίοις ἐξωνεῖσθαι τὰς αὑτῶν, ἅμα δὲ χρημάτων εὐπορίαν τῷ δήμῳ μηχανώμενος, οὕτως πενομένῳ καὶ πρὸς τἆλλα καὶ πρὸς τὸν πόλεμον, ὥστε καὶ τοὺς ‹τῶν τυράννων› ἀνδριάντας ἀποδόσθαι, ψήφου διαφερομένης ὑπὲρ ἑκάστου καὶ γινομένης κατηγορίας, [8] ὥσπερ ἀνθρώπων εὐθύνας διδόντων· ὅτε δή φασι τὸν Γέλωνος ἀνδριάντα τοῦ παλαιοῦ τυράννου διατηρῆσαι τοὺς Συρακοσίους, καταχειροτονουμένων τῶν ἄλλων, ἀγαμένους καὶ τιμῶντας τὸν ἄνδρα τῆς νίκης ἣν πρὸς Ἱμέρᾳ Καρχηδονίους ἐνίκησεν.

[24] [1] Οὕτω δὲ τῆς πόλεως ἀναζωπυρούσης καὶ πληρουμένης, ἐπιρρεόντων πανταχόθεν εἰς αὐτὴν τῶν πολιτῶν, βουλόμενος ὁ Τιμολέων καὶ τὰς ἄλλας πόλεις ἐλευθερῶσαι καὶ παντάπασιν ἐκκόψαι τῆς Σικελίας τὰς τυραννίδας, ἐπὶ τὰς χώρας αὐτῶν στρατεύων, Ἱκέτην μὲν ἠνάγκασεν ἀποστάντα Καρχηδονίων ὁμολογῆσαι τὰς ἀκροπόλεις κατασκάψειν καὶ [2] βιοτεύσειν ἰδιώτην ἐν Λεοντίνοις· Λεπτίνου δὲ τοῦ τυραννοῦντος Ἀπολλωνίας καὶ συχνῶν ἄλλων πολιχνίων, ὡς ἐκινδύνευε κατὰ κράτος ἁλῶναι, παραδόντος αὑτόν, φεισάμενος εἰς Κόρινθον ἀπέστειλε, καλὸν ἡγούμενος ἐν τῇ μητροπόλει τοὺς τῆς Σικελίας τυράννους ὑπὸ τῶν Ἑλλήνων ἀποθεωρεῖσθαι [3] φυγαδικῶς καὶ ταπεινῶς ζῶντας. τοὺς δὲ μισθοφόρους βουλόμενος ἐκ τῆς πολεμίας ὠφελεῖσθαι καὶ μὴ σχολάζειν, αὐτὸς μὲν εἰς τὰς Συρακούσας ἐπανῆλθε, τῇ καταστάσει τῆς πολιτείας προσέξων, καὶ τοῖς ἥκουσιν ἐκ Κορίνθου νομοθέταις Κεφάλῳ καὶ Διονυσίῳ τὰ κυριώτατα [4] καὶ κάλλιστα συνδιαθήσων, τοὺς δὲ περὶ Δείναρχον καὶ Δημάρετον εἰς τὴν τῶν Καρχηδονίων ἐξέπεμψεν ἐπικράτειαν, οἳ πόλεις πολλὰς ἀφιστάντες τῶν βαρβάρων οὐ μόνον αὐτοὶ διῆγον ἐν ἀφθόνοις, ἀλλὰ καὶ χρήματα παρεσκεύαζον εἰς τὸν πόλεμον ἀπὸ τῶν ἁλισκομένων.

[25] [1] Ἐν τούτῳ δὲ Καρχηδόνιοι καταπλέουσιν εἰς τὸ Λιλύβαιον, ἄγοντες ἑπτὰ μυριάδας στρατοῦ καὶ τριήρεις διακοσίας καὶ πλοῖα χίλια, κομίζοντα μηχανὰς καὶ τέθριππα καὶ σῖτον ἄφθονον καὶ τὴν ἄλλην παρασκευήν, ὡς οὐκέτι ποιησόμενοι κατὰ μέρος τὸν πόλεμον, ἀλλ' ὁμοῦ πάσης Σικελίας [2] ἐξελάσοντες τοὺς Ἕλληνας· ἦν γὰρ ἡ δύναμις ἐξαρκοῦσα καὶ μὴ νοσοῦντας [3] μηδὲ διεφθαρμένους ὑπ' ἀλλήλων συλλαβέσθαι Σικελιώτας. πυθόμενοι δὲ πορθεῖσθαι τὴν ἐπικράτειαν αὐτῶν, εὐθὺς ὀργῇ πρὸς τοὺς Κορινθίους [4] ἐχώρουν, Ἀσδρούβα καὶ Ἀμίλκα στρατηγούντων. τῆς δ' ἀγγελίας ὀξέως εἰς Συρακούσας ἀφικομένης, οὕτω κατεπλάγησαν οἱ Συρακόσιοι πρὸς τὸ μέγεθος τῆς δυνάμεως, ὥστε μόλις τῷ Τιμολέοντι τρισχιλίους ἀπὸ τοσούτων

[5] μυριάδων ὅπλα λαβόντας τολμῆσαι συν‹εξ›ελθεῖν. οἱ δὲ μισθοφόροι τετρακισχίλιοι τὸ πλῆθος ἦσαν· καὶ τούτων αὖθις ὅσον χίλιοι καθ' ὁδὸν ἀποδειλιάσαντες ἀνεχώρησαν, ὡς οὐχ ὑγιαίνοντος τοῦ Τιμολέοντος, ἀλλὰ μαινομένου παρ' ἡλικίαν, [καὶ] πρὸς ἑπτὰ μυριάδας πολεμίων μετὰ πεντακισχιλίων πεζῶν καὶ χιλίων ἱππέων βαδίζοντος, καὶ διαρτῶντος ὁδὸν ἡμερῶν ὀκτὼ τὴν δύναμιν ἀπὸ τῶν Συρακουσῶν, ὅθεν οὔτε σωθῆναι τοῖς [6] φεύγουσιν οὔτε ταφῆναι τοῖς πεσοῦσιν αὐτῶν ὑπάρξειν. τούτους μὲν οὖν Τιμολέων κέρδος ἡγεῖτο πρὸ τῆς μάχης φανεροὺς γεγονότας, τοὺς δ' ἄλλους ἐπιρρώσας κατὰ τάχος ἦγε πρὸς τὸν Κριμισὸν ποταμόν, ὅπου καὶ τοὺς Καρχηδονίους ἤκουσε συνάπτειν.

[26] [1] Ἀναβαίνοντι δ' αὐτῷ πρὸς λόφον, ὃν ὑπερβαλόντες ἔμελλον κατόψεσθαι τὸ στράτευμα καὶ τὴν δύναμιν τῶν πολεμίων, ἐμβάλλουσιν ἡμίονοι [2] σέλινα κομίζοντες, καὶ τοῖς στρατιώταις εἰσῆλθε πονηρὸν εἶναι τὸ σημεῖον, ὅτι τὰ μνήματα τῶν νεκρῶν εἰώθαμεν ἐπιεικῶς στεφανοῦν σελίνοις· καὶ παροιμία τις ἐκ τούτου γέγονε, τὸν ἐπισφαλῶς νοσοῦντα δεῖσθαι [3] [τοῦτον] τοῦ σελίνου. βουλόμενος οὖν αὐτοὺς ἀπαλλάξαι τῆς δεισιδαιμονίας καὶ τὴν δυσελπιστίαν ἀφελεῖν, ὁ Τιμολέων ἐπιστήσας τὴν πορείαν ἄλλα τε ‹πολλὰ› πρέποντα τῷ καιρῷ διελέχθη, καὶ τὸν στέφανον αὐτοῖς ἔφη πρὸ τῆς νίκης κομιζόμενον αὐτομάτως εἰς τὰς χεῖρας ἥκειν, ᾧπερ Κορίνθιοι στεφανοῦσι τοὺς Ἴσθμια νικῶντας, ἱερὸν καὶ πάτριον στέμμα [4] ‹τὸ› τοῦ σελίνου νομίζοντες. ἔτι γὰρ τότε τῶν Ἰσθμίων, ὥσπερ νῦν τῶν [5] Νεμείων, τὸ σέλινον ἦν στέφανος, οὐ πάλαι δ' ἡ πίτυς γέγονεν. ἐντυχὼν οὖν ὁ Τιμολέων ὥσπερ εἴρηται τοῖς στρατιώταις, καὶ λαβὼν τῶν σελίνων, κατεστέψατο πρῶτος αὐτός, εἶθ' οἱ περὶ αὐτὸν ἡγεμόνες καὶ τὸ πλῆθος.

[6] οἱ δὲ μάντεις κατιδόντες ἀετοὺς δύο προσφερομένους, ὧν ὁ μὲν δράκοντα τοῖς ὄνυξιν ἔφερε διαπεπαρμένον, ὁ δ' ἵπτατο κεκλαγὼς μέγα καὶ θαρραλέον, ἐπεδείκνυον τοῖς στρατιώταις, καὶ πρὸς εὐχὰς θεῶν καὶ ἀνακλήσεις ἐτράποντο πάντες.

[27] [1] Τὸ μὲν οὖν ἔτος ἱσταμένου θέρους εἶχεν ὥραν καὶ λήγοντι μηνὶ [2] Θαργηλιῶνι πρὸς τὰς τροπὰς ἤδη συνῆπτε τὸν καιρόν· ὁμίχλην δὲ τοῦ ποταμοῦ πολλὴν ἀναδιδόντος, πρῶτον μὲν ἀπεκρύπτετο ζόφῳ τὸ πεδίον, καὶ σύνοπτον οὐδὲν ἦν ἀπὸ τῶν πολεμίων, πλὴν ἠχή τις ἄκριτος καὶ συμμιγὴς ἄνω πρὸς τὸν λόφον ἐχώρει πρόσωθεν, ἀνισταμένης στρατιᾶς τοσαύτης.

[3] ὡς δ' ἀναβάντες ἐπὶ τὸν λόφον ἔστησαν οἱ Κορίνθιοι καὶ θέμενοι τὰς ἀσπίδας διανεπαύοντο, τοῦ ἡλίου παραφαινομένου καὶ μετεωρίζοντος τὴν ἀναθυμίασιν, ὁ μὲν θολερὸς ἀὴρ ἀθροιζόμενος πρὸς τὰ ὑψηλὰ καὶ [4] συνιστάμενος κατενέφωσε τὰς ἀκρωρείας, τῶν δ' ὑπὸ πόδας τόπων

ἀνακαθαιρομένων ὅ τε Κριμισὸς ἐξεφάνη καὶ διαβαίνοντες αὐτὸν ὤφθησαν οἱ πολέμιοι, πρώτοις μὲν τοῖς τεθρίπποις ἐκπληκτικῶς πρὸς ἀγῶνα κατεσκευασμένοις, [5] κατόπιν δὲ τούτων μυρίοις ὁπλίταις λευκάσπισι. τούτους ἐτεκμαίροντο Καρχηδονίους εἶναι τῇ λαμπρότητι τῆς σκευῆς καὶ τῇ βρα[6] δυτῆτι καὶ τάξει τῆς πορείας. μετὰ δὲ τούτους τῶν λοιπῶν ἐθνῶν ἐπιρρεόντων καὶ τὴν διάβασιν μετ' ὠθισμοῦ καὶ ταραχῆς ποιουμένων, συνιδὼν ὁ Τιμολέων τὸν ποταμὸν αὐτοῖς ταμιεύοντα τοῦ πλήθους τῶν πολεμίων ἀπολαβεῖν ὅσοις ἐθέλοιεν αὐτοὶ μάχεσθαι, καὶ τοὺς στρατιώτας καθορᾶν κελεύσας τὴν φάλαγγα τῷ ῥείθρῳ διαλελυμένην καὶ τοὺς μὲν ἤδη διαβεβηκότας, τοὺς δὲ μέλλοντας, προσέταξε Δημαρέτῳ λαβόντι τοὺς ἱππεῖς ἐμβαλεῖν εἰς τοὺς Καρχηδονίους καὶ συνταράξαι τὸν διάκοσμον [7] αὐτῶν τῆς παρατάξεως οὔπω καθεστώσης. αὐτὸς δὲ καταβὰς εἰς τὸ πεδίον, τὰ μὲν κέρατα τοῖς ἄλλοις Σικελιώταις ἀπέδωκεν, ἀναμείξας ἑκατέρῳ τῶν ξένων οὐ πολλούς, ἐν μέσῳ δὲ περὶ αὑτὸν λαβὼν τοὺς Συρακοσίους καὶ τοὺς μαχιμωτάτους τῶν μισθοφόρων, βραχὺν μὲν χρόνον ἐπέσχε, [8] τὸ τῶν ἱππέων ἀποθεωρῶν ἔργον· ὡς δ' ἐκείνους εἶδεν ὑπὸ τῶν ἁρμάτων πρὸ τῆς τάξεως διαθεόντων εἰς χεῖρας ἐλθεῖν τοῖς Καρχηδονίοις οὐ δυναμένους, ἀλλ' ὅπως μὴ συνταραχθεῖεν ἀναγκαζομένους ἐξελίττειν [9] συνεχῶς καὶ πυκνὰς ἐξ ἐπιστροφῆς ποιεῖσθαι τὰς ἐπελάσεις, ἀναλαβὼν τὴν ἀσπίδα καὶ βοήσας ἕπεσθαι καὶ θαρρεῖν τοῖς πεζοῖς, ἔδοξεν ὑπερφυεῖ φωνῇ καὶ μείζονι κεχρῆσθαι τῆς συνήθους, εἴτε τῷ πάθει παρὰ τὸν ἀγῶνα καὶ τὸν ἐνθουσιασμὸν οὕτω διατεινάμενος, εἴτε δαιμονίου τινός, ὡς τοῖς [10] πολλοῖς τότε παρέστη, συνεπιφθεγξαμένου. ταχὺ δὲ τὴν κραυγὴν ἀνταποδόντων καὶ παρεγγυώντων ἄγειν καὶ μὴ μέλλειν, τοῖς μὲν ἱππόταις ἐσήμανεν ἔξω παρὰ τὴν τάξιν τῶν ἁρμάτων παρελάσαι, καὶ κατὰ κέρας προσφέρεσθαι τοῖς πολεμίοις, αὐτὸς δὲ τοὺς προμάχους πυκνώσας τῷ συνασπισμῷ, καὶ τὴν σάλπιγγα κελεύσας ἐπιφθέγξασθαι, προσέβαλε τοῖς Καρχηδονίοις.

[28] [1] Οἱ δὲ τὴν μὲν πρώτην ἐπιδρομὴν ὑπέστησαν ἐρρωμένως, καὶ τῷ καταπεφράχθαι τὰ σώματα σιδηροῖς θώραξι καὶ χαλκοῖς κράνεσιν ἀσπίδας [2] τε μεγάλας προβεβλῆσθαι διεκρούοντο τὸν δορατισμόν. ἐπεὶ δ' εἰς ξίφη συνῆλθεν ὁ ἀγών, καὶ τέχνης οὐχ ἧττον ἢ ῥώμης ἐγεγόνει τὸ ἔργον, ἐξαίφνης ἀπὸ τῶν ὀρῶν βρονταί τε φοβεραὶ κατερρήγνυντο καὶ πυρώδεις [3] ἀστραπαὶ συνεξέπιπτον. εἶθ' ὁ περὶ τοὺς λόφους καὶ τὰς ἀκρωρείας ζόφος ἐπὶ τὴν μάχην κατιών, ὄμβρῳ καὶ πνεύματι καὶ χαλάζῃ συμμεμειγμένος, τοῖς μὲν Ἕλλησιν ἐξόπισθεν καὶ κατὰ νώτου περιεχεῖτο, τῶν δὲ βαρβάρων ἔτυπτε τὰ πρόσωπα καὶ κατήστραπτε τὰς ὄψεις, ἅμα λαίλαπος ὑγρᾶς καὶ [4] φλογὸς συνεχοῦς ἐκ τῶν νεφῶν φερομένης. ἐν οἷς πολλὰ μὲν ἦν τὰ λυποῦντα καὶ

μάλιστα τοὺς ἀπείρους, οὐχ ἥκιστα δὲ βλάψαι δοκοῦσιν αἱ βρονταὶ καὶ τῶν ὅπλων ὁ πάταγος, κοπτομένων ὕδατι ῥαγδαίῳ καὶ χαλάζῃ, κωλύων [5] ἀκούεσθαι τὰ προστάγματα τῶν ἡγεμόνων. τοῖς δὲ Καρχηδονίοις, οὐκ οὖσιν εὐζώνοις τὸν ὁπλισμόν, ἀλλ' ὥσπερ εἴρηται καταπεφραγμένοις, ὅ τε πηλὸς ἐμπόδιος ἦν, οἵ τε κόλποι πληρούμενοι τῶν χιτώνων ὕδατος [6] αὐτοῖς μὲν εἰς τὸν ἀγῶνα χρῆσθαι βαρεῖς ἦσαν καὶ δύσεργοι, ῥᾴδιοι δὲ τοῖς Ἕλλησι περιτρέπεσθαι, καὶ πεσόντες ἀμήχανοι πάλιν ἐκ πηλοῦ [7] μετὰ τῶν ὅπλων ἀναστῆναι. καὶ γὰρ ὁ Κριμισὸς ὑπὸ τῶν διαβαινόντων ἐκλύσθη, μέγας ἤδη τοῖς ὄμβροις ηὐξημένος, καὶ τὸ πεδίον τὸ περὶ αὐτόν, ὑπὸ πολλὰς συναγκείας καὶ φάραγγας ὑποκείμενον, ἐπίμπλατο ῥευμάτων οὐ κατὰ πόρον φερομένων, οἷς οἱ Καρχηδόνιοι καλινδούμενοι χαλεπῶς [8] ἀπήλλαττον. τέλος δὲ τοῦ ‹τε› χειμῶνος ἐπικειμένου, καὶ τῶν Ἑλλήνων τὴν πρώτην τάξιν αὐτῶν ἄνδρας τετρακοσίους καταβαλόντων, ἐτράπη [9] τὸ πλῆθος εἰς φυγήν, καὶ πολλοὶ μὲν ἐν τῷ πεδίῳ καταλαμβανόμενοι διεφθείροντο, πολλοὺς δ' ὁ ποταμὸς τοῖς ἔτι περαιουμένοις συμπίπτοντας ἐμβάλλων καὶ παραφέρων ἀπώλλυε, πλείστους δὲ τῶν λόφων ἐφιεμένους [10] ἐπιθέοντες οἱ ψιλοὶ κατειργάσαντο. λέγονται γοῦν ἐν μυρίοις νεκροῖς τρισχίλιοι [11] Καρχηδονίων γενέσθαι, μέγα τῇ πόλει πένθος. οὔτε γὰρ γένεσιν οὔτε πλούτοις οὔτε δόξαις ἕτεροι βελτίονες ἦσαν ἐκείνων, οὔτ' ἀποθανόντας ποτὲ μιᾷ μάχῃ πρότερον ἐξ αὐτῶν Καρχηδονίων τοσούτους μνημονεύουσιν, ἀλλὰ Λίβυσι τὰ πολλὰ καὶ Ἴβηρσι καὶ Νομάσι χρώμενοι πρὸς τὰς μάχας, ἀλλοτρίαις βλάβαις ἀνεδέχοντο τὰς ἥττας.

[29] [1] Ἐγνώσθη δὲ τοῖς Ἕλλησιν ἡ δόξα τῶν πεσόντων ἀπὸ τῶν λαφύρων. ἐλάχιστος γὰρ ἦν χαλκῶν καὶ σιδηρῶν τοῖς σκυλεύουσι λόγος· οὕτως ἄφθονος μὲν παρῆν ἄργυρος, ἄφθονος δὲ χρυσός. καὶ γὰρ τὸ στρατόπεδον [2] μετὰ τῶν ὑποζυγίων διαβάντες ἔλαβον. τῶν δ' αἰχμαλώτων οἱ μὲν πολλοὶ διεκλάπησαν ὑπὸ τῶν στρατιωτῶν, εἰς δὲ κοινὸν ἀπεδείχθησαν πεντακισχίλιοι [3] τὸ πλῆθος· ἥλω δὲ καὶ διακόσια τῶν τεθρίππων. καλλίστην δὲ καὶ μεγαλοπρεπεστάτην ὄψιν ἡ Τιμολέοντος ἐπεδείκνυτο σκηνή, περισωρευθεῖσα παντοδαποῖς λαφύροις, ἐν οἷς χίλιοι μὲν θώρακες ἐργασίᾳ καὶ [4] κάλλει διαφέροντες, μύριαι δ' ἀσπίδες προετέθησαν. ὀλίγοι δὲ πολλοὺς σκυλεύοντες καὶ μεγάλαις ἐντυγχάνοντες ὠφελείαις, τρίτῃ μόλις ἡμέρᾳ [5] μετὰ τὴν μάχην ἔστησαν τρόπαιον. ἅμα δὲ τῇ φήμῃ τῆς νίκης ὁ Τιμολέων εἰς Κόρινθον ἔπεμψε τὰ κάλλιστα τῶν αἰχμαλώτων ὅπλων, βουλόμενος [6] αὑτοῦ τὴν πατρίδα πᾶσιν ἀνθρώποις ζηλωτὴν εἶναι, θεωμένοις ἐν ἐκείνῃ μόνῃ τῶν Ἑλληνικῶν πόλεων τοὺς ἐπιφανεστάτους ναοὺς οὐχ Ἑλληνικοῖς κεκοσμημένους λαφύροις, οὐδ' ἀπὸ συγγενῶν φόνου καὶ ὁμοφύλων [ἀναθημάτων] μνήμας ἀτερπεῖς ἔχοντας. ἀλλὰ βαρβαρικὰ σκῦλα, καλλίσταις

ἐπιγραφαῖς δηλοῦντα μετὰ τῆς ἀνδρείας τῶν νενικηκότων τὴν δικαιοσύνην, ὅτι 'Κορίνθιοι καὶ Τιμολέων ὁ στρατηγός, ἐλευθερώσαντες τοὺς Σικελίαν οἰκοῦντας Ἕλληνας ἀπὸ Καρχηδονίων, χαριστήρια θεοῖς ἀνέθηκαν.'

[30] [1] Ἐκ τούτου καταλιπὼν ἐν τῇ πολεμίᾳ τοὺς μισθοφόρους, ἄγοντας καὶ φέροντας τὴν τῶν Καρχηδονίων ἐπικράτειαν, αὐτὸς ἧκεν εἰς Συρακούσας, [2] καὶ τοὺς χιλίους μισθοφόρους ἐκείνους, ὑφ' ὧν ἐγκατελείφθη πρὸ τῆς μάχης, ἐξεκήρυξε τῆς Σικελίας καὶ πρὶν ἢ δῦναι τὸν ἥλιον ἠνάγκασεν [3] ἐκ Συρακουσῶν ἀπελθεῖν. οὗτοι μὲν οὖν διαπλεύσαντες εἰς Ἰταλίαν ἀπώλοντο παρασπονδηθέντες ὑπὸ Βρεττίων, καὶ δίκην ταύτην τὸ δαιμόνιον αὐτοῖς τῆς προδοσίας ἐπέθηκε.

[4] Τῶν δὲ περὶ [τὸν] Μάμερκον τὸν Κατάνης τύραννον καὶ Ἱκέτην, εἴτε φθόνῳ τῶν κατορθουμένων ὑπὸ Τιμολέοντος, εἴτε φοβουμένων αὐτὸν ὡς ἄπιστον καὶ ἄσπονδον πρὸς τοὺς τυράννους, συμμαχίαν ποιησαμένων πρὸς τοὺς Καρχηδονίους καὶ κελευσάντων πέμπειν δύναμιν καὶ στρατηγόν, [5] εἰ μὴ παντάπασι βούλονται Σικελίας ἐκπεσεῖν, ‹ἐπ›έπλευσε Γέσκων, ναῦς μὲν ἔχων ἑβδομήκοντα, μισθοφόρους δὲ προσλαβὼν Ἕλληνας, οὔπω πρότερον Ἕλλησι χρησαμένων Καρχηδονίων, ἀλλὰ τότε θαυμασάντων ὡς ἀνυποστάτους [6] καὶ μαχιμωτάτους ἀνθρώπων ἁπάντων. συστάντες δὲ κοινῇ μετ' ἀλλήλων ἅπαντες, ἐν τῇ Μεσσηνίᾳ τετρακοσίους τῶν παρὰ Τιμολέοντος ξένων ἐπικούρους πεμφθέντας ἀπέκτειναν, ἐν δὲ τῇ Καρχηδονίων ἐπικρατείᾳ περὶ τὰς καλουμένας Ἱερὰς ἐνεδρεύσαντες τοὺς μετ' Εὐθύμου [7] τοῦ Λευκαδίου μισθοφόρους διέφθειραν. ἐξ ὧν καὶ μάλιστα τὴν Τιμολέοντος εὐτυχίαν συνέβη γενέσθαι διώνυμον· ἦσαν μὲν γὰρ οὗτοι τῶν μετὰ Φιλομήλου τοῦ Φωκέως καὶ Ὀνομάρχου Δελφοὺς καταλαβόντων καὶ [8] μετασχόντων ἐκείνοις τῆς ἱεροσυλίας. μισούντων δὲ πάντων αὐτοὺς καὶ φυλαττομένων ἐπαράτους γεγονότας, πλανώμενοι περὶ τὴν Πελοπόννησον [9] ὑπὸ Τιμολέοντος ἐλήφθησαν, ἑτέρων στρατιωτῶν οὐκ εὐποροῦντος. ἀφικόμενοι δ' εἰς Σικελίαν, ὅσας μὲν ἐκείνῳ συνηγωνίσαντο μάχας, πάσας ἐνίκων, τῶν δὲ πλείστων καὶ μεγίστων ἀγώνων τέλος ἐχόντων, ἐκπεμπόμενοι πρὸς ἑτέρας ὑπ' αὐτοῦ βοηθείας ἀπώλοντο καὶ καταναλώθησαν, οὐχ ὁμοῦ πάντες, ἀλλὰ κατὰ μέρος τῆς δίκης αὐτοῖς †ἀπολογουμένης τῇ Τιμολέοντος εὐτυχίᾳ †ἐπιτιθεμένης, ὅπως μηδεμία τοῖς ἀγαθοῖς ἀπὸ τῆς [10] τῶν κακῶν κολάσεως βλάβη γένηται. τὴν μὲν οὖν πρὸς Τιμολέοντα τῶν θεῶν εὐμένειαν οὐχ ἧττον ἐν αἷς προσέκρουσε πράξεσιν ἢ περὶ ἃς κατώρθου θαυμάζεσθαι συνέβαινεν.

[31] [1] Οἱ δὲ πολλοὶ τῶν Συρακοσίων ἐχαλέπαινον, ὑπὸ τῶν τυράννων προπηλακιζόμενοι. καὶ γὰρ ὁ Μάμερκος, ἐπὶ τῷ ποιήματα γράφειν καὶ

τραγῳδίας μέγα φρονῶν, ἐκόμπαζε νικήσας τοὺς μισθοφόρους, καὶ τὰς ἀσπίδας ἀναθεὶς τοῖς θεοῖς ἐλεγεῖον ὑβριστικὸν ἐπέγραψε (115 Preger)·

τάσδ’ ὀστρειογραφεῖς καὶ χρυσελεφαντηλέκτρους
ἀσπίδας ἀσπιδίοις εἵλομεν εὐτελέσιν.

[2] γενομένων δὲ τούτων καὶ τοῦ Τιμολέοντος εἰς Γαλαρίαν στρατεύσαντος, ὁ Ἱκέτης ἐμβαλὼν εἰς τὴν Συρακοσίαν λείαν τε συχνὴν ἔλαβε καὶ πολλὰ λυμηνάμενος καὶ καθυβρίσας ἀπηλλάττετο παρ’ αὐτὴν τὴν Γαλαρίαν, [3] καταφρονῶν τοῦ Τιμολέοντος ὀλίγους στρατιώτας ἔχοντος. ἐκεῖνος δὲ προλαβεῖν ἐάσας ἐδίωκεν, ἱππεῖς ἔχων καὶ ψιλούς· αἰσθόμενος δ’ ὁ Ἱκέτης, τὸν Δαμυρίαν ἤδη διαβεβηκώς, ὑπέστη παρὰ τὸν ποταμὸν ὡς ἀμυνούμενος· καὶ γὰρ αὐτῷ θάρσος ἥ τε τοῦ πόρου χαλεπότης καὶ τὸ κρημνῶδες [4] τῆς ἑκατέρωθεν ὄχθης παρεῖχε. τοῖς δὲ μετὰ τοῦ Τιμολέοντος ἰλάρχαις ἔρις ἐμπεσοῦσα θαυμαστὴ καὶ φιλονικία διατριβὴν ἐποίει τῆς [5] μάχης. οὐδεὶς γὰρ ἦν ὁ βουλόμενος ἑτέρου διαβαίνειν ὕστερος ἐπὶ τοὺς πολεμίους, ἀλλ’ αὐτὸς ἕκαστος ἠξίου πρωταγωνιστεῖν, καὶ κόσμον οὐκ [6] εἶχεν ἡ διάβασις, ἐξωθούντων καὶ παρατρεχόντων ἀλλήλους. βουλόμενος οὖν ὁ Τιμολέων κληρῶσαι τοὺς ἡγεμόνας, ἔλαβε παρ’ ἑκάστου δακτύλιον· ἐμβαλὼν δὲ πάντας εἰς τὴν ἑαυτοῦ χλαμύδα καὶ μείξας, ἔδειξε τὸν πρῶτον [7] κατὰ τύχην γλυφὴν ἔχοντα τῆς σφραγῖδος τρόπαιον. ὡς δὲ τοῦτον εἶδον οἱ νεανίσκοι, μετὰ χαρᾶς ἀνακραγόντες οὐκέτι τὸν ἄλλον ὑπέμειναν κλῆρον, ἀλλ’ ὡς ἕκαστος τάχους εἶχε τὸν ποταμὸν διεξελάσαντες, ἐν χερσὶν ἦσαν [8] τοῖς πολεμίοις. οἱ δ’ οὐκ ἐδέξαντο τὴν βίαν αὐτῶν, ἀλλὰ φεύγοντες τῶν μὲν ὅπλων ἅπαντες ὁμαλῶς ἐστερήθησαν, χιλίους δ’ ἀπέβαλον πεσόντας.

[32] [1] Οὐ πολλῷ δ’ ὕστερον εἰς τὴν Λεοντίνων στρατεύσας ὁ Τιμολέων λαμβάνει τὸν Ἱκέτην ζῶντα καὶ τὸν υἱὸν Εὐπόλεμον καὶ τὸν ἱππάρχην Εὔθυμον, ὑπὸ τῶν στρατιωτῶν συνδεθέντας καὶ κομισθέντας πρὸς αὐτόν.

[2] ὁ μὲν οὖν Ἱκέτης καὶ τὸ μειράκιον ὡς τύραννοι καὶ προδόται κολασθέντες ἀπέθνῃσκον, ὁ δ’ Εὔθυμος, ἀνὴρ ἀγαθὸς ὢν πρὸς τοὺς ἀγῶνας καὶ τόλμῃ διαφέρων, οὐκ ἔτυχεν οἴκτου διὰ βλασφημίαν τινὰ πρὸς τοὺς Κορινθίους [3] κατηγορηθεῖσαν αὐτοῦ. λέγεται γὰρ ὅτι τῶν Κορινθίων ἐκστρατευσαμένων ἐπ’ αὐτούς, δημηγορῶν ἐν τοῖς Λεοντίνοις οὐδὲν ἔφη γεγονέναι φοβερὸν οὐδὲ δεινόν, εἰ (Eurip. Med. 216)

Κορίνθιαι γυναῖκες ἐξῆλθον δόμων.

[4] οὕτως ὑπὸ λόγων μᾶλλον ἢ πράξεων πονηρῶν ἀνιᾶσθαι πεφύκασιν οἱ πολλοί· χαλεπώτερον γὰρ ὕβριν ἢ βλάβην φέρουσι, καὶ τὸ μὲν ἀμύνεσθαι δι’ ἔργων ὡς ἀναγκαῖον δέδοται τοῖς πολεμοῦσιν, αἱ δὲ βλασφημίαι περιουσίᾳ μίσους ἢ κακίας γίνεσθαι δοκοῦσιν.

[33] [1] Ἐπανελθόντος δὲ τοῦ Τιμολέοντος, οἱ Συρακόσιοι τὰς γυναῖκας τῶν περὶ τὸν Ἱκέτην καὶ τὰς θυγατέρας ἐν ἐκκλησίᾳ καταστήσαντες εἰς κρίσιν [2] ἀπέκτειναν. καὶ δοκεῖ τοῦτο τῶν Τιμολέοντος ἔργων ἀχαριστότατον γενέσθαι· μὴ γὰρ ἂν ἐκείνου κωλύοντος οὕτως τὰς ἀνθρώπους ἀποθανεῖν.

[3] δοκεῖ δ' αὐτὰς ὑπεριδεῖν καὶ προέσθαι τῷ θυμῷ τῶν πολιτῶν, δίκην λαμβανόντων [4] ὑπὲρ Δίωνος τοῦ Διονύσιον ἐκβαλόντος. Ἱκέτης γάρ ἐστιν ὁ τὴν γυναῖκα τοῦ Δίωνος Ἀρετὴν καὶ τὴν ἀδελφὴν Ἀριστομάχην καὶ τὸν υἱὸν ἔτι παῖδα καταποντίσας ζῶντας, περὶ ὧν ἐν τῷ Δίωνος γέγραπται βίῳ (c. 58, 8. 9).

[34] [1] Μετὰ δὲ ταῦτα στρατεύσας ἐπὶ Μάμερκον εἰς Κατάνην, καὶ περὶ τὸ ῥεῦμα τὴν Ἄβολον ἐκ παρατάξεως ὑποστάντα νικήσας καὶ τρεψάμενος, ὑπὲρ δισχιλίους ἀνεῖλεν, ὧν μέρος οὐκ ὀλίγον ἦσαν οἱ πεμφθέντες ὑπὸ [2] Γέσκωνος ἐπίκουροι Φοίνικες. ἐκ δὲ τούτου Καρχηδόνιοι μὲν εἰρήνην ἐποιήσαντο πρὸς αὐτὸν δεηθέντες, ὥστε τὴν ἐντὸς τοῦ Λύκου χώραν ἔχειν, [καὶ] τοῖς βουλομένοις ἐξ αὐτῆς μετοικεῖν πρὸς Συρακοσίους χρήματα καὶ [3] γενεὰς ἀποδιδόντες, καὶ τοῖς τυράννοις ἀπειπάμενοι τὴν συμμαχίαν. Μάμερκος δὲ δυσθυμῶν ταῖς ἐλπίσιν, ἔπλει μὲν εἰς Ἰταλίαν, ὡς Λευκανοὺς ἐπάξων Τιμολέοντι καὶ Συρακοσίοις· ἐπεὶ δ' ἀποστρέψαντες οἱ σὺν αὐτῷ τὰς τριήρεις καὶ πλεύσαντες εἰς Σικελίαν τῷ Τιμολέοντι τὴν Κατάνην παρέδωκαν, ἀναγκασθεὶς καὶ αὐτὸς εἰς Μεσσήνην κατέφυγε πρὸς Ἵππωνα [4] τὸν τυραννοῦντα τῆς πόλεως. ἐπελθόντος δὲ τοῦ Τιμολέοντος αὐτοῖς καὶ πολιορκοῦντος ἔκ τε γῆς καὶ θαλάττης, ὁ μὲν Ἵππων ἀποδιδράσκων ἐπὶ νεὼς ἥλω, καὶ παραλαβόντες αὐτὸν οἱ Μεσσήνιοι, καὶ τοὺς παῖδας ἐκ τῶν διδασκαλείων ὡς ἐπὶ θέαμα κάλλιστον τὴν τοῦ τυράννου τιμωρίαν [5] ἀγαγόντες εἰς θέατρον, ᾐκίσαντο καὶ διέφθειραν· ὁ δὲ Μάμερκος ἑαυτὸν Τιμολέοντι παρέδωκεν ἐπὶ τῷ δίκην ὑποσχεῖν ἐν Συρακοσίοις μὴ κατηγοροῦντος [6] Τιμολέοντος. ἀχθεὶς δ' εἰς τὰς Συρακούσας καὶ παρελθὼν εἰς τὸν δῆμον, ἐπεχείρει μέν τινα συγκείμενον ἐκ παλαιοῦ λόγον ὑπ' αὐτοῦ διεξιέναι, θορύβοις δὲ περιπίπτων καὶ τὴν ἐκκλησίαν ὁρῶν ἀπαραίτητον, ἔθει ῥίψας τὸ ἱμάτιον διὰ μέσου τοῦ θεάτρου, καὶ πρός τι τῶν βάθρων δρόμῳ [7] φερόμενος, συνέρρηξε τὴν κεφαλὴν ὡς ἀποθανούμενος. οὐ μὴν ἔτυχέ γε ταύτης τῆς τελευτῆς, ἀλλ' ἔτι ζῶν ἀπαχθεὶς ἥνπερ οἱ λῃσταὶ δίκην ἔδωκε.

[35] [1] Τὰς μὲν οὖν τυραννίδας ὁ Τιμολέων τοῦτον τὸν τρόπον ἐξέκοψε καὶ τοὺς πολέμους ἔλυσε· τὴν δ' ὅλην νῆσον, ἐξηγριωμένην ὑπὸ κακῶν καὶ διαμεμισημένην ὑπὸ τῶν οἰκητόρων παραλαβών, οὕτως ἐξημέρωσε καὶ ποθεινὴν ἐποίησε πᾶσιν, ὥστε πλεῖν οἰκήσοντας ἑτέρους ὅθεν οἱ πολῖται [2] πρότερον ἀπεδίδρασκον. καὶ γὰρ Ἀκράγαντα καὶ Γέλαν, πόλεις μεγάλας μετὰ

τὸν Ἀττικὸν πόλεμον ὑπὸ Καρχηδονίων ἀναστάτους γεγενημένας, τότε κατῴκισαν, τὴν μὲν οἱ περὶ Μέγιλλον καὶ Φέριστον ἐξ Ἐλέας, τὴν δ' οἱ περὶ Γόργον ἐκ Κέω [ἐκ]πλεύσαντες καὶ συναγαγόντες τοὺς ἀρχαίους [3] πολίτας· οἷς οὐ μόνον ἀσφάλειαν ἐκ πολέμου τοσούτου καὶ γαλήνην ἱδρυομένοις παρασχών, ἀλλὰ καὶ τἆλλα παρασκευάσας καὶ συμπροθυμηθείς, [4] ὥσπερ οἰκιστὴς ἠγαπᾶτο. καὶ τῶν ἄλλων δὲ διακειμένων ὁμοίως ἁπάντων πρὸς αὐτόν, οὐ πολέμου τις λύσις, οὐ νόμων θέσις, οὐ χώρας κατοικισμός, οὐ πολιτείας διάταξις ἐδόκει καλῶς ἔχειν, ἧς ἐκεῖνος μὴ προσάψαιτο μηδὲ κατακοσμήσειεν, ὥσπερ ἔργῳ συντελουμένῳ δημιουργὸς ἐπιθείς τινα χάριν θεοφιλῆ καὶ πρέπουσαν.

[36] [1] Πολλῶν γοῦν κατ' αὐτὸν Ἑλλήνων μεγάλων γενομένων καὶ μεγάλα κατεργασαμένων, ὧν καὶ Τιμόθεος ἦν καὶ Ἀγησίλαος καὶ Πελοπίδας καὶ ὁ μάλιστα ζηλωθεὶς ὑπὸ Τιμολέοντος Ἐπαμεινώνδας, αἱ μὲν ἐκείνων πράξεις βίᾳ τινὶ καὶ πόνῳ τὸ λαμπρὸν ἐξενηνόχασι μεμειγμένον, ὥστε καὶ [2] μέμψιν ἐνίαις ἐπιγίνεσθαι καὶ μετάνοιαν· τῶν δὲ Τιμολέοντος ἔργων, ἔξω λόγου θεμένοις τὴν περὶ τὸν ἀδελφὸν ἀνάγκην, οὐδέν ἐστιν ᾧ μὴ τὰ τοῦ Σοφοκλέους, ὥς φησι Τίμαιος (FGrH 566 F 119b), ἐπιφωνεῖν ἔπρεπεν (fg. 790 N.^{2})

ὦ θεοί, τις ἆρα Κύπρις ἢ τίς Ἵμερος
τοῦδε ξυνήψατο;

[3] καθάπερ γὰρ ἡ μὲν Ἀντιμάχου ποίησις καὶ τὰ Διονυσίου ζῳγραφήματα τῶν Κολοφωνίων, ἰσχὺν ἔχοντα καὶ τόνον, ἐκβεβιασμένοις καὶ καταπόνοις ἔοικε, ταῖς δὲ Νικομάχου γραφαῖς καὶ τοῖς Ὁμήρου στίχοις μετὰ τῆς ἄλλης δυνάμεως καὶ χάριτος πρόσεστι τὸ δοκεῖν εὐχερῶς καὶ ῥᾳδίως ἀπειργάσθαι, [4] οὕτως παρὰ τὴν Ἐπαμεινώνδου στρατηγίαν καὶ τὴν Ἀγησιλάου, πολυπόνους γενομένας καὶ δυσάγωνας, ἡ Τιμολέοντος ἀντεξεταζομένη καὶ μετὰ τοῦ καλοῦ πολὺ τὸ ῥᾴδιον ἔχουσα, φαίνεται τοῖς εὖ καὶ δικαίως [5] λογιζομένοις οὐ τύχης ἔργον, ἀλλ' ἀρετῆς εὐτυχούσης. καίτοι πάντα γ' ἐκεῖνος εἰς τὴν τύχην ἀνῆπτε τὰ καταρθούμενα· καὶ γὰρ γράφων τοῖς οἴκοι φίλοις, καὶ δημηγορῶν πρὸς τοὺς Συρακοσίους, πολλάκις ἔφη τῷ θεῷ χάριν ἔχειν, ὅτι βουλόμενος σῶσαι Σικελίαν ἐπεγράψατο τὴν αὐτοῦ προσηγορίαν.

[6] ἐπὶ δὲ τῆς οἰκίας ἱερὸν ἱδρυσάμενος Αὐτοματίας ἔθυεν, αὐτὴν δὲ [7] τὴν οἰκίαν Ἱερῷ Δαίμονι καθιέρωσεν. ᾤκει δ' οἰκίαν ἣν ἐξεῖλον αὐτῷ στρατηγίας ἀριστεῖον οἱ Συρακόσιοι, καὶ τῶν ἀγρῶν τὸν ἥδιστον καὶ κάλλιστον· ἐν ᾧ καὶ τὸν πλεῖστον τοῦ χρόνου κατεσχόλαζε, μεταπεμψάμενος [8] οἴκοθεν τὴν γυναῖκα καὶ τοὺς παῖδας. οὐ γὰρ ἐπανῆλθεν εἰς Κόρινθον, οὐδὲ κατέμειξε τοῖς Ἑλληνικοῖς θορύβοις ἑαυτὸν οὐδὲ τῷ πολιτικῷ φθόνῳ παρέδωκεν, εἰς ὃν

οἱ πλεῖστοι τῶν στρατηγῶν ἀπληστίᾳ τιμῶν καὶ δυνάμεως ἐξοκέλλουσιν, ἀλλ' ἐκεῖ κατέμεινε, τοῖς ὑφ' ἑαυτοῦ μεμηχανημένοις [9] ἀγαθοῖς χρώμενος· ὧν μέγιστον ἦν τὸ πόλεις τοσαύτας καὶ μυριάδας ἀνθρώπων δι' ἑαυτὸν ἐφορᾶν εὐδαιμονούσας.

[37] [1] Ἐπεὶ δὲ χρῆν ὡς ἔοικεν οὐ μόνον πᾶσι κορυδαλλοῖς λόφον ἐγγίνεσθαι, κατὰ Σιμωνίδην (fg. 3 Diehl), ἀλλὰ καὶ πάσῃ δημοκρατίᾳ συκοφάντην, ἐπεχείρησαν καὶ Τιμολέοντι δύο τῶν δημαγωγῶν, Λαφύστιος καὶ [2] Δημαίνετος. ὧν Λαφυστίου μὲν αὐτὸν πρός τινα δίκην κατεγγυῶντος, οὐκ εἴα θορυβεῖν οὐδὲ κωλύειν τοὺς πολίτας· ἑκὼν γὰρ αὐτὸς ὑπομεῖναι τοσούτους πόνους καὶ κινδύνους ὑπὲρ τοῦ τοῖς νόμοις χρῆσθαι τὸν βουλόμενον [3] Συρακοσίων· τοῦ δὲ Δημαινέτου πολλὰ κατηγορήσαντος ἐν ἐκκλησίᾳ τῆς στρατηγίας, πρὸς ἐκεῖνον μὲν οὐδὲν ἀντεῖπε, τοῖς δὲ θεοῖς ἔφη χάριν ὀφείλειν, οἷς εὔξατο Συρακοσίους ἐπιδεῖν τῆς παρρησίας κυρίους γενομένους.

[4] Μέγιστα δ' οὖν καὶ κάλλιστα τῶν καθ' αὑτὸν Ἑλλήνων ὁμολογουμένως διαπραξάμενος ἔργα, καὶ μόνος, ἐφ' ἃς οἱ σοφισταὶ διὰ τῶν λόγων τῶν πανηγυρικῶν ἀεὶ παρεκάλουν πράξεις τοὺς Ἕλληνας, ἐν ταύταις ἀριστεύσας, [5] καὶ τῶν μὲν αὐτόθι κακῶν, ἃ τὴν ἀρχαίαν Ἑλλάδα κατέσχεν, ὑπὸ τῆς τύχης προεκκομισθεὶς ἀναίμακτος καὶ καθαρός, ἐπιδειξάμενος δὲ δεινότητα μὲν καὶ ἀνδρείαν τοῖς βαρβάροις καὶ τοῖς τυράννοις, δικαιοσύνην δὲ [6] καὶ πρᾳότητα τοῖς Ἕλλησι καὶ τοῖς φίλοις, τὰ δὲ πλεῖστα τρόπαια τῶν ἀγώνων ἀδάκρυτα καὶ ἀπενθῆ τοῖς πολίταις καταστήσας, καθαρὰν δὲ τὴν Σικελίαν ἐν οὐδ' ὅλοις ἔτεσιν ὀκτὼ ‹τῶν› ἀϊδίων καὶ συνοίκων [7] κακῶν καὶ νοσημάτων παραδοὺς τοῖς κατοικοῦσιν, ἤδη πρεσβύτερος ὢν ἀπημβλύνθη τὴν ὄψιν, εἶτα τελέως ἐπηρώθη μετ' ὀλίγον, οὔτ' αὐτὸς ἑαυτῷ πρόφασιν παρασχών, οὔτε παροινηθεὶς ὑπὸ τῆς τύχης, ἀλλὰ συγγενικῆς τινος ὡς ἔοικεν αἰτίας καὶ καταβολῆς ἅμα τῷ χρόνῳ συνεπιθεμένης· [8] λέγονται γὰρ οὐκ ὀλίγοι τῶν κατὰ γένος αὐτῷ προσηκόντων ὁμοίως [9] ἀποβαλεῖν τὴν ὄψιν, ὑπὸ γήρως ἀπομαρανθεῖσαν. ὁ δ' Ἄθανις (FGrH 562 F 3) ἔτι συνεστῶτος τοῦ πρὸς Ἵππωνα πολέμου καὶ Μάμερκον ἐν Μυλαῖς ἐπὶ στρατοπέδου φησὶν ἀπογλαυκωθῆναι τὴν ὄψιν αὐτοῦ, καὶ πᾶσι φανερὰν γενέσθαι τὴν πήρωσιν, οὐ μὴν ἀποστῆναι διὰ τοῦτο τῆς [10] πολιορκίας, ἀλλ' ἐμμείναντα τῷ πολέμῳ λαβεῖν τοὺς τυράννους· ὡς δ' ἐπανῆλθεν εἰς Συρακούσας, εὐθὺς ἀποθέσθαι τὴν μοναρχίαν καὶ παραιτεῖσθαι τοὺς πολίτας, τῶν πραγμάτων εἰς τὸ κάλλιστον ἡκόντων τέλος.

[38] [1] Ἐκεῖνον μὲν οὖν αὐτὸν ὑπομείναντα τὴν συμφορὰν ἀλύπως ἧττον [2] ἄν τις θαυμάσειε· τῶν δὲ Συρακοσίων ἄξιον ἄγασθαι τὴν πρὸς τὸν ἄνδρα

τιμὴν καὶ χάριν, ἣν ἐπεδείξαντο πεπηρωμένῳ, φοιτῶντες ἐπὶ θύρας αὐτοὶ καὶ τῶν ξένων τοὺς παρεπιδημοῦντας ἄγοντες εἰς τὴν οἰκίαν καὶ τὸ χωρίον, [3] ὅπως θεάσαιντο τὸν εὐεργέτην αὐτῶν, ἀγαλλόμενοι καὶ μέγα φρονοῦντες, ὅτι παρ’ αὐτοῖς εἵλετο καταζῆσαι τὸν βίον, οὕτω λαμπρᾶς ἐπανόδου τῆς εἰς τὴν Ἑλλάδα παρεσκευασμένης αὐτῷ διὰ τῶν εὐτυχημάτων καταφρονήσας.

[4] πολλῶν δὲ καὶ μεγάλων εἰς τὴν ἐκείνου τιμὴν γραφομένων καὶ πραττομένων οὐδενὸς ἧττον ἦν τὸ ψηφίσασθαι τὸν τῶν Συρακοσίων δῆμον, ὁσάκις συμπέσοι πόλεμος αὐτοῖς πρὸς ἀλλοφύλους, Κορινθίῳ χρῆσθαι [5] στρατηγῷ. καλὴν δὲ καὶ τὸ περὶ τὰς ἐκκλησίας γινόμενον ὄψιν εἰς τιμὴν αὐτοῦ παρεῖχε· τὰ γὰρ ἄλλα δι’ αὑτῶν κρίνοντες, ἐπὶ τὰς μείζονας διασκέψεις [6] ἐκεῖνον ἐκάλουν. ὁ δὲ κομιζόμενος δι’ ἀγορᾶς ἐπὶ ζεύγους πρὸς τὸ θέατρον ἐπορεύετο, καὶ τῆς ἀπήνης ‹ἐφ’› ἧσπερ ἐτύγχανε καθήμενος εἰσαγομένης, ὁ μὲν δῆμος ἠσπάζετο μιᾷ φωνῇ προσαγορεύων αὐτόν, ὁ δ’ ἀντασπασάμενος, καὶ χρόνον τινὰ δοὺς ταῖς εὐφημίαις καὶ τοῖς ἐπαίνοις, [7] εἶτα διακούσας τὸ ζητούμενον ἀπεφαίνετο γνώμην. ἐπιχειροτονηθείσης δὲ ταύτης, οἱ μὲν ὑπηρέται πάλιν ἀπῆγον διὰ τοῦ θεάτρου τὸ ζεῦγος, οἱ δὲ πολῖται βοῇ καὶ κρότῳ προπέμψαντες ἐκεῖνον, ἤδη τὰ λοιπὰ τῶν δημοσίων καθ’ αὑτοὺς ἐχρημάτιζον.

[39] [1] Ἐν τοιαύτῃ δὲ γηροτροφούμενος τιμῇ μετ’ εὐνοίας ὥσπερ πατὴρ [2] κοινός, ἐκ μικρᾶς προφάσεως τῷ χρόνῳ συνεφαψαμένης ἐτελεύτησεν. ἡμερῶν δὲ δοθεισῶν, τοῖς μὲν Συρακοσίοις εἰς τὸ παρασκευάσαι τὰ περὶ τὴν ταφήν, τοῖς δὲ περιοίκοις καὶ ξένοις εἰς τὸ συνελθεῖν, τά τ’ ἄλλα λαμπρᾶς χορηγίας ἔτυχε, καὶ τὸ λέχος οἱ ψήφῳ τῶν νεανίσκων προκριθέντες ἔφερον [3] κεκοσμημένον διὰ τῶν Διονυσίου τυραννείων τότε κατεσκαμμένων. προὔπεμπον δὲ πολλαὶ μυριάδες ἀνδρῶν καὶ γυναικῶν, ὧν ὄψις μὲν ἦν ἑορτῇ πρέπουσα, πάντων ἐστεφανωμένων καὶ καθαρὰς ἐσθῆτας φορούντων, φωναὶ δὲ καὶ δάκρυα, συγκεκραμένα τῷ μακαρισμῷ τοῦ τεθνηκότος, οὐ τιμῆς ἀφοσίωσιν οὐδὲ λειτουργίαν ἐκ προβουλεύματος, ἀλλὰ πόθον δίκαιον [4] ἐπεδείκνυντο καὶ χάριν ἀληθινῆς εὐνοίας. τέλος δὲ τῆς κλίνης ἐπὶ τὴν πυρὰν τεθείσης, Δημήτριος, ὃς ἦν μεγαλοφωνότατος τῶν τότε κηρύκων, [5] γεγραμμένον ἀνεῖπε κήρυγμα τοιοῦτον· ὁ δῆμος τῶν Συρακοσίων Τιμολέοντα Τιμοδήμου Κορίνθιον [τόνδε] θάπτει μὲν ‹ἀπὸ› διακοσίων μνῶν, ἐτίμησε δ’ εἰς τὸν ἅπαντα χρόνον ἀγῶσι μουσικοῖς ἱππικοῖς γυμνικοῖς, ὅτι τοὺς τυράννους καταλύσας, καὶ τοὺς βαρβάρους καταπολεμήσας, καὶ τὰς μεγίστας τῶν ἀναστάτων πόλεων ‹ἀν›οικίσας, ἀπέδωκε τοὺς νόμους [6] τοῖς Σικελιώταις. ἐποιήσαντο δὲ τὴν ταφὴν τοῦ σώματος ἐν ἀγορᾷ, καὶ στοὰς ὕστερον περιβαλόντες καὶ παλαίστρας ἐνοικοδομήσαντες, γυμνάσιον [7] τοῖς

νέοις ἀνῆκαν καὶ Τιμολεόντειον προσηγόρευσαν. αὐτοὶ δὲ χρώμενοι πολιτείᾳ καὶ νόμοις οὓς ἐκεῖνος κατέστησεν, ἐπὶ πολὺν χρόνον εὐδαιμονοῦντες διετέλεσαν.

Aemilius Paullus

[1] [1] Ἐμοὶ [μὲν] τῆς τῶν βίων ἅψασθαι μὲν γραφῆς συνέβη δι' ἑτέρους, ἐπιμένειν δὲ καὶ φιλοχωρεῖν ἤδη καὶ δι' ἐμαυτόν, ὥσπερ ἐν ἐσόπτρῳ τῇ ἱστορίᾳ πειρώμενον ἁμῶς γέ πως κοσμεῖν καὶ ἀφομοιοῦν πρὸς τὰς ἐκείνων [2] ἀρετὰς τὸν βίον. οὐδὲν γὰρ ἀλλ' ἢ συνδιαιτήσει καὶ συμβιώσει τὸ γινόμενον ἔοικεν, ὅταν ὥσπερ ἐπιξενούμενον ἕκαστον αὐτῶν ἐν μέρει διὰ τῆς ἱστορίας ὑποδεχόμενοι καὶ παραλαμβάνοντες ἀναθεωρῶμεν

'ὅσσος ἔην οἷός τε' (Hom. Il. 24, 630),

τὰ κυριώτατα καὶ κάλλιστα πρὸς γνῶσιν ἀπὸ τῶν πράξεων λαμβάνοντες.

[3] φεῦ φεῦ, τί τούτου χάρμα μεῖζον ἂν λάβοις (Soph. fr. 579)

[4] ‹καὶ› πρὸς ἐπανόρθωσιν ἠθῶν ἐνεργότερον; Δημόκριτος μὲν γὰρ (DielsKranz, F. β) εὔχεσθαί φησι δεῖν, ὅπως εὐλόγχων εἰδώλων τυγχάνωμεν, καὶ τὰ σύμφυλα καὶ τὰ χρηστὰ μᾶλλον ἡμῖν ἐκ τοῦ περιέχοντος ἢ τὰ φαῦλα καὶ τὰ σκαιὰ συμφέρηται, λόγον οὔτ' ἀληθῆ καὶ πρὸς ἀπεράντους [5] ἐκφέροντα δεισιδαιμονίας εἰς φιλοσοφίαν καταβάλλων· ἡμεῖς δὲ τῇ περὶ τὴν ἱστορίαν διατριβῇ καὶ τῆς γραφῆς τῇ συνηθείᾳ παρασκευάζομεν ἑαυτούς, τὰς τῶν ἀρίστων καὶ δοκιμωτάτων μνήμας ὑποδεχομένους ἀεὶ ταῖς ψυχαῖς, εἴ τι φαῦλον ἢ κακόηθες ἢ ἀγεννὲς αἱ τῶν συνόντων ἐξ ἀνάγκης ὁμιλίαι προσβάλλουσιν, ἐκκρούειν καὶ διωθεῖσθαι, πρὸς τὰ κάλλιστα τῶν [6] παραδειγμάτων ἵλεω καὶ πρᾳεῖαν ἀποστρέφοντες τὴν διάνοιαν. ὧν ἐν τῷ παρόντι προκεχειρίσμεθά σοι τὸν Τιμολέοντος τοῦ Κορινθίου καὶ Αἰμιλίου Παύλου βίον, ἀνδρῶν οὐ μόνον ταῖς αἱρέσεσιν, ἀλλὰ καὶ ταῖς τύχαις ἀγαθαῖς ὁμοίως κεχρημένων ἐπὶ τὰ πράγματα, καὶ διαμφισβήτησιν παρεξόντων, πότερον εὐποτμίᾳ μᾶλλον ἢ φρονήσει τὰ μέγιστα τῶν πεπραγμένων κατώρθωσαν.

[2] [1] Τὸν Αἰμιλίων οἶκον ἐν Ῥώμῃ τῶν εὐπατριδῶν γεγονέναι καὶ παλαιῶν [2] οἱ πλεῖστοι συγγραφεῖς ὁμολογοῦσιν. ὅτι δ' ὁ πρῶτος αὐτῶν καὶ τῷ γένει τὴν ἐπωνυμίαν ἀπολιπὼν Μά‹με›ρκος ἦν, Πυθαγόρου παῖς τοῦ σοφοῦ, δι' αἱμυλίαν λόγου καὶ χάριν Αἰμίλιος προσαγορευθείς, εἰρήκασιν ἔνιοι [3] τῶν Πυθαγόρᾳ τὴν Νομᾶ τοῦ βασιλέως παίδευσιν ἀναθέντων. οἱ μὲν οὖν πλεῖστοι τῶν εἰς δόξαν ἀπὸ τῆς οἰκίας ταύτης προελθόντων δι' ἀρετὴν ἣν ἐζήλωσαν εὐτύχησαν, Λευκίου δὲ Παύλου τὸ περὶ Κάννας ἀτύχημα τήν [4] τε φρόνησιν ἅμα καὶ τὴν ἀνδρείαν ἔδειξεν. ὡς γὰρ οὐκ ἔπεισε τὸν συνάρχοντα κωλύων μάχεσθαι, τοῦ μὲν ἀγῶνος ἄκων μετέσχεν αὐτῷ, τῆς δὲ φυγῆς οὐκ

ἐκοινώνησεν, ἀλλὰ τοῦ συνάψαντος τὸν κίνδυνον ἐγκαταλιπόντος, αὐτὸς ἑστὼς καὶ μαχόμενος τοῖς πολεμίοις ἐτελεύτησε.

[5] Τούτου θυγάτηρ μὲν Αἰμιλία Σκιπίωνι τῷ μεγάλῳ συνῴκησεν, υἱὸς δὲ Παῦλος Αἰμίλιος, περὶ οὗ τάδε γράφεται, γεγονὼς ἐν ἡλικίᾳ κατὰ καιρὸν ἀνθοῦντα δόξαις καὶ ἀρεταῖς ἐπιφανεστάτων ἀνδρῶν καὶ μεγίστων, διέλαμψεν οὐ ταὐτὰ τοῖς εὐδοκιμοῦσι τότε νέοις ἐπιτηδεύματα ζηλώσας, [6] οὐδὲ τὴν αὐτὴν ὁδὸν ἀπ’ ἀρχῆς πορευθείς. οὔτε γὰρ λόγον ἤσκει περὶ δίκας, ἀσπασμούς τε καὶ δεξιώσεις καὶ φιλοφροσύνας, αἷς ὑποτρέχοντες οἱ πολλοὶ τὸν δῆμον ἐκτῶντο, θεραπευτικοὶ καὶ σπουδαῖοι γενόμενοι, παντάπασιν ἐξέλιπε, πρὸς οὐδέτερον ἀφυῶς ἔχων, ὡς δ’ ἑκατέρου κρείττονα τὴν ἀπ’ ἀνδρείας καὶ δικαιοσύνης καὶ πίστεως δόξαν αὑτῷ περιποιούμενος, οἷς εὐθὺς διέφερε τῶν καθ’ ἡλικίαν.

[3] [1] Πρώτην γοῦν τῶν ἐπιφανῶν ἀρχῶν ἀγορανομίαν μετελθών, προεκρίθη δεκαδυεῖν ἀνδρῶν συναπογραψαμένων, οὓς ὕστερον ἅπαντας ὑπατεῦσαι [2] λέγουσι. γενόμενος δ’ ἱερεὺς τῶν αὐγούρων προσαγορευομένων, οὓς τῆς ἀπ’ ὀρνίθων καὶ διοσημειῶν ἀποδεικνύουσι Ῥωμαῖοι μαντικῆς ἐπισκόπους καὶ φύλακας, οὕτω προσέσχε τοῖς πατρίοις ἔθεσι καὶ κατενόησε [3] τὴν τῶν παλαιῶν περὶ τὸ θεῖον εὐλάβειαν, ὥστε τιμήν τινα δοκοῦσαν εἶναι καὶ ζηλουμένην ἄλλως ἕνεκα δόξης τὴν ἱερωσύνην τῶν ἀκροτάτων μίαν ἀποφῆναι τεχνῶν, καὶ μαρτυρῆσαι τοῖς φιλοσόφοις ὅσοι τὴν εὐσέβειαν [4] ὡρίσαντο θεραπείας θεῶν ἐπιστήμην εἶναι. πάντα γὰρ ἐδρᾶτο μετ’ ἐμπειρίας ὑπ’ αὐτοῦ καὶ σπουδῆς, σχολὴν τῶν ἄλλων ἄγοντος ὅτε γίγνοιτο πρὸς τούτῳ, καὶ παραλείποντος οὐδὲν οὐδὲ καινοτομοῦντος, ἀλλὰ καὶ τοῖς συνιερεῦσιν ἀεὶ καὶ περὶ τῶν μικρῶν διαφερομένου, καὶ διδάσκοντος, ὡς εἰ τὸ θεῖον εὔκολόν τις ἡγεῖται καὶ ἀμεμφὲς εἶναι τῶν ἀμελειῶν, ἀλλὰ τῇ γε πόλει χαλεπὸν ἡ περὶ ταῦτα συγγνώμη καὶ παρόρασις· [5] οὐδεὶς γὰρ ἐξ ἀρχῆς εὐθὺς μεγάλῳ παρανομήματι κινεῖ πολιτείαν, ἀλλὰ καὶ τὴν τῶν μειζόνων φρουρὰν καταλύουσιν οἱ προϊέμενοι τὴν ἐν τοῖς [6] μικροῖς ἀκρίβειαν. ὅμοιον δὲ καὶ τῶν στρατιωτικῶν ἐθῶν τε καὶ πατρίων ἐξεταστὴν καὶ φύλακα παρεῖχεν ἑαυτόν, οὐ δημαγωγῶν ἐν τῷ στρατηγεῖν, οὐδ’ ὥσπερ οἱ πλεῖστοι τότε δευτέρας ἀρχὰς ταῖς πρώταις μνώμενος διὰ [7] τοῦ χαρίζεσθαι καὶ πρᾷος εἶναι τοῖς ἀρχομένοις, ἀλλ’ ὥσπερ ἱερεὺς †ἄλλων ὀργίων δεινῶν τῶν περὶ τὰς †θυσίας ἐθῶν ἐξηγούμενος ἕκαστα, καὶ φοβερὸς ὢν τοῖς ἀπειθοῦσι καὶ παραβαίνουσιν, ὤρθου τὴν πατρίδα, μικροῦ δεῖν πάρεργον ἡγούμενος τὸ νικᾶν τοὺς πολεμίους τοῦ παιδεύειν τοὺς πολίτας.

[4] [1] Συστάντος δὲ τοῦ πρὸς Ἀντίοχον τὸν μέγαν πολέμου τοῖς Ῥωμαίοις, καὶ τῶν ἡγεμονικωτάτων ἀνδρῶν τετραμμένων πρὸς ἐκεῖνον, ἄλλος ἀπὸ τῆς

ἑσπέρας ἐνέστη πόλεμος, ἐν Ἰβηρίᾳ κινημάτων μεγάλων γενομένων.

[2] ἐπὶ τοῦτον ὁ Αἰμίλιος ἐξεπέμφθη στρατηγός, οὐχ ἓξ ἔχων πελέκεις, ὅσους ἔχουσιν οἱ στρατηγοῦντες, ἀλλὰ προσλαβὼν ἑτέρους τοσούτους, ὥστε τῆς [3] ἀρχῆς ὑπατικὸν γενέσθαι τὸ ἀξίωμα. μάχῃ μὲν οὖν δὶς ἐκ παρατάξεως ἐνίκησε τοὺς βαρβάρους, περὶ τρισμυρίους ἀνελών - καὶ δοκεῖ τὸ κατόρθωμα τῆς στρατηγίας περιφανῶς γενέσθαι, χωρίων εὐφυΐᾳ καὶ ποταμοῦ τινος διαβάσει ῥᾳστώνην παρασχόντος αὐτοῦ πρὸς τὸ νίκημα τοῖς στρατιώταις - , πόλεις δὲ πεντήκοντα καὶ διακοσίας ἐχειρώσατο, δεξαμένας αὐτὸν [4] ἑκουσίως. εἰρήνῃ δὲ καὶ πίστει συνηρμοσμένην ἀπολιπὼν τὴν ἐπαρχίαν, εἰς Ῥώμην ἐπανῆλθεν, οὐδὲ δραχμῇ μιᾷ γεγονὼς εὐπορώτερος ἀπὸ τῆς [5] στρατείας. ἦν δὲ καὶ περὶ τἆλλα χρηματιστὴς ἀργότερος, εὐδάπανος δὲ καὶ ἀφειδὴς ἐκ τῶν ὑπαρχόντων· οὐ πολλὰ δ’ ἦν, ἀλλὰ καὶ φερνῆς ὀφειλομένης τῇ γυναικὶ μετὰ τὸν θάνατον αὐτοῦ γλίσχρως ἐξήρκεσεν.

[5] [1] Ἔγημε δὲ Παπιρίαν, ἀνδρὸς ὑπατικοῦ Μάσωνος θυγατέρα, καὶ χρόνον συνοικήσας πολύν, ἀφῆκε τὸν γάμον, καίπερ ἐξ αὐτῆς καλλιτεκνότατος γενόμενος· αὕτη γὰρ ἦν ἡ τὸν κλεινότατον αὐτῷ Σκιπίωνα [2] τεκοῦσα καὶ Μάξιμον Φάβιον. αἰτία δὲ γεγραμμένη τῆς διαστάσεως οὐκ ἦλθεν εἰς ἡμᾶς, ἀλλ’ ἔοικεν ἀληθής τις εἶναι λόγος περὶ γάμου λύσεως λεγόμενος, ὡς ἀνὴρ Ῥωμαῖος ἀπεπέμπετο γυναῖκα, τῶν δὲ φίλων νουθετούντων αὐτόν, οὐχὶ σώφρων; οὐκ εὔμορφος; οὐχὶ παιδοποιός; [3] προτείνας τὸ ὑπόδημα (κάλτιον αὐτὸ Ῥωμαῖοι καλοῦσιν), εἶπεν· οὐκ εὐπρεπὴς οὗτος; οὐ νεουργής; ἀλλ’ οὐκ ἂν εἰδείη τις ὑμῶν, καθ’ ὅ τι θλίβεται [4] μέρος οὑμὸς πούς. τῷ γὰρ ὄντι μεγάλαι μὲν ἁμαρτίαι ‹καὶ› ἀναπεπταμέναι γυναῖκας ἀνδρῶν †ἄλλας ἀπήλλαξαν, τὰ δ’ ἔκ τινος ἀηδίας καὶ δυσαρμοστίας ἠθῶν μικρὰ καὶ πυκνὰ προσκρούσματα, λανθάνοντα τοὺς ἄλλους, ἀπεργάζεται τὰς ἀνηκέστους ἐν ταῖς συμβιώσεσιν ἀλλοτριότητας.

[5] ὁ δ’ οὖν Αἰμίλιος ἀπαλλαγεὶς τῆς Παπιρίας ἑτέραν ἠγάγετο, καὶ δύο παῖδας ἄρρενας τεκούσης, τούτους μὲν ἐπὶ τῆς οἰκίας εἶχε, τοὺς δὲ προτέρους εἰσεποίησεν οἴκοις τοῖς μεγίστοις καὶ γένεσι τοῖς ἐπιφανεστάτοις, τὸν μὲν πρεσβύτερον τῷ Μαξίμου Φαβίου τοῦ πεντάκις ὑπατεύσαντος, τὸν δὲ νεώτερον Ἀφρικανοῦ Σκιπίωνος υἱὸς ἀνεψιὸν ὄντα θέμενος [6] Σκιπίωνα προσηγόρευσε. τῶν δὲ θυγατέρων τῶν Αἰμιλίου τὴν μὲν ὁ Κάτωνος υἱὸς ἔγημε, τὴν δ’ Αἴλιος Τουβέρων, ἀνὴρ ἄριστος καὶ μεγαλοπρεπέστατα [7] Ῥωμαίων πενίᾳ χρησάμενος. ἦσαν γὰρ ἑκκαίδεκα συγγενεῖς, Αἴλιοι πάντες, οἰκίδιον δὲ πάνυ μικρὸν ἦν αὐτοῖς καὶ χωρίδιον ἓν [8] ἤρκει πᾶσι, μίαν ἑστίαν νέμουσι μετὰ παίδων πολλῶν καὶ γυναικῶν. ἐν αἷς καὶ ἡ Αἰμιλίου τοῦδε θυγάτηρ ἦν, δὶς ὑπατεύσαντος καὶ δὶς θριαμβεύσαντος, οὐκ αἰσχυνομένη τὴν

πενίαν τοῦ ἀνδρός, ἀλλὰ θαυμάζουσα τὴν [9] ἀρετὴν δι' ἣν πένης ἦν. οἱ δὲ νῦν ἀδελφοὶ καὶ συγγενεῖς, ἂν μὴ κλίμασι καὶ ποταμοῖς καὶ διατειχίσμασιν ὁρίσωσι τὰ κοινά, καὶ πολλὴν εὐρυχωρίαν [10] ἐν μέσῳ λάβωσιν ἀπ' ἀλλήλων, οὐ παύονται διαφερόμενοι. ταῦτα μὲν οὖν ἡ ἱστορία λογίζεσθαι καὶ παρεπισκοπεῖν δίδωσι τοῖς σῴζεσθαι βουλομένοις.

[6] [1] Ὁ δ' Αἰμίλιος ὕπατος ἀποδειχθεὶς ἐστράτευσεν ἐπὶ τοὺς παραλπίους Λίγυας, οὓς ἔνιοι καὶ Λιγυστίνους ὀνομάζουσι, μάχιμον καὶ θυμοειδὲς ἔθνος, ἐμπείρως δὲ πολεμεῖν διδασκόμενον ὑπὸ Ῥωμαίων διὰ τὴν γειτνίασιν.

[2] τὰ γὰρ ἔσχατα τῆς Ἰταλίας καὶ καταλήγοντα πρὸς τὰς Ἄλπεις αὐτῶν τε τῶν Ἄλπεων τὰ κλυζόμενα τῷ Τυρρηνικῷ πελάγει καὶ πρὸς τὴν Λιβύην ἀνταίροντα νέμονται, μεμειγμένοι Γαλάταις καὶ τοῖς παραλίοις [3] Ἰβήρων. τότε δὲ καὶ τῆς θαλάσσης ἁψάμενοι, σκάφεσι πειρατικοῖς ἀφῃροῦντο καὶ περιέκοπτον τὰς ἐμπορίας, ἄχρι στηλῶν Ἡρακλείων ἀναπλέοντες.

[4] ἐπιόντος οὖν τοῦ Αἰμιλίου, τετρακισμύριοι γενόμενοι τὸ πλῆθος ὑπέστησαν· ὁ δὲ τοὺς σύμπαντας ὀκτακισχιλίους ἔχων πενταπλασίοις οὖσιν αὐτοῖς συνέβαλε, καὶ τρεψάμενος καὶ κατακλείσας εἰς τὰ τείχη, [5] διέδωκε λόγον φιλάνθρωπον καὶ συμβατικόν· οὐ γὰρ ἦν βουλομένοις τοῖς Ῥωμαίοις παντάπασιν ἐκκόψαι τὸ Λιγύων ἔθνος, ὥσπερ ἕρκος ἢ πρόβολον ἐμποδὼν κείμενον τοῖς Γαλατικοῖς κινήμασιν, ἐπαιωρουμένοις ἀεὶ περὶ [6] τὴν Ἰταλίαν. πιστεύσαντες οὖν τῷ Αἰμιλίῳ τάς τε ναῦς καὶ τὰς πόλεις ἐνεχείρισαν. ὁ δὲ τὰς μὲν πόλεις οὐδὲν ἀδικήσας, ἢ μόνον τὰ τείχη περιελών, ἀπέδωκε, τὰς δὲ ναῦς ἁπάσας ἀφείλετο, καὶ πλοῖον οὐδὲν αὐτοῖς [7] τρισκάλμου μεῖζον ἀπέλιπε· τοὺς δ' ἡλωκότας ὑπ' αὐτῶν κατὰ γῆν ἢ κατὰ θάλατταν ἀνεσώσατο πολλοὺς καὶ ξένους καὶ Ῥωμαίους εὑρεθέντας. ἐκείνη μὲν οὖν ἡ ὑπατεία τὰς εἰρημένας πράξεις ἐπιφανεῖς ἔσχεν.

[8] Ὕστερον δὲ πολλάκις ποιήσας φανερὸν αὑτὸν αὖθις ὑπατεῦσαι βουλόμενον, καί ποτε καὶ παραγγείλας, ὡς ἀπέτυχε καὶ παρώφθη, τὸ λοιπὸν ἡσυχίαν εἶχε, τῶν ἱερῶν ἐπιμελούμενος, καὶ τοὺς παῖδας ἀσκῶν τὴν μὲν ἐπιχώριον παιδείαν καὶ πάτριον ὥσπερ αὐτὸς ἤσκητο, τὴν δ' Ἑλληνικὴν [9] φιλοτιμότερον. οὐ γὰρ μόνον γραμματικοὶ καὶ σοφισταὶ καὶ ῥήτορες, ἀλλὰ καὶ πλάσται καὶ ζωγράφοι καὶ πώλων καὶ σκυλάκων ἐπιστάται καὶ διδάσκαλοι [10] θήρας Ἕλληνες ἦσαν περὶ τοὺς νεανίσκους. ὁ δὲ πατήρ, εἰ μή τι δημόσιον ἐμποδὼν εἴη, παρῆν ἀεὶ μελετῶσι καὶ γυμναζομένοις, φιλοτεκνότατος Ῥωμαίων γενόμενος.

[7] [1] Τῶν δὲ δημοσίων πράξεων καιρὸς ἦν ἐκεῖνος τότε καθ' ὃν Περσεῖ τῷ Μακεδόνων βασιλεῖ πολεμοῦντες, ἐν αἰτίᾳ τοὺς στρατηγοὺς εἶχον ὡς δι' ἀπειρίαν καὶ ἀτολμίαν αἰσχρῶς καὶ καταγελάστως τοῖς πράγμασι [2]

χρωμένους, καὶ πάσχοντας κακῶς μᾶλλον ἢ ποιοῦντας. ἄρτι μὲν γὰρ Ἀντίοχον τὸν ἐπικληθέντα μέγαν εἴξαντα τῆς ἄλλης Ἀσίας ὑπὲρ τὸν Ταῦρον ἐκβαλόντες καὶ κατακλείσαντες εἰς Συρίαν, ἐπὶ μυρίοις καὶ πεντακισχιλίοις [3] ταλάντοις ἀγαπήσαντα τὰς διαλύσεις, ὀλίγῳ δὲ πρόσθεν ἐν Θεσσαλίᾳ συντρίψαντες Φίλιππον, καὶ τοὺς Ἕλληνας ἀπὸ Μακεδόνων ἐλευθερώσαντες, ᾧ τε βασιλεὺς οὐδεὶς παραβλητὸς ‹ἦν› εἰς τόλμαν ἢ [4] δύναμιν, Ἀννίβαν καταπολεμήσαντες, οὐκ ἀνεκτὸν ἡγοῦντο Περσεῖ καθάπερ ἀντιπάλῳ τῆς Ῥώμης ἴσον φερόμενοι συμπεπλέχθαι πολὺν ἤδη χρόνον, [5] ἀπὸ τῶν λειψάνων τῆς πατρῴας ἥττης πολεμοῦντι πρὸς αὐτούς, ἀγνοοῦντες ὅτι πολλῷ τὴν Μακεδόνων δύναμιν ἡττηθεὶς Φίλιππος ἐρρωμενεστέραν καὶ μαχιμωτέραν ἐποίησε. περὶ ὧν δίειμι βραχέως ἄνωθεν ἀρξάμενος.

[8] [1] Ἀντίγονος μέγιστον δυνηθεὶς τῶν Ἀλεξάνδρου διαδόχων καὶ στρατηγῶν, κτησάμενος ἑαυτῷ καὶ γένει τὴν τοῦ βασιλέως προσηγορίαν, υἱὸν [2] ἔσχε Δημήτριον, οὗ παῖς Ἀντίγονος ἦν ὁ Γονατᾶς ἐπονομασθείς· τούτου δὲ Δημήτριος, ὃς αὐτός τε βασιλεύσας χρόνον οὐ πολύν, υἱόν τε παῖδα τὴν [3] ἡλικίαν ἀπολιπὼν Φίλιππον, ἐτελεύτησε. δείσαντες δὲ τὴν ἀναρχίαν οἱ πρῶτοι Μακεδόνων Ἀντίγονον ἐπάγονται, τοῦ τεθνηκότος ἀνεψιὸν ὄντα, καὶ συνοικίσαντες αὐτῷ τὴν μητέρα τοῦ Φιλίππου, πρῶτον μὲν ἐπίτροπον καὶ στρατηγόν, εἶτα πειρώμενοι μετρίου καὶ κοινωφελοῦς βασιλέα προσηγόρευσαν· ἐπεκλήθη δὲ Δώσων ὡς ἐπαγγελτικὸς ‹μέν›, οὐ τελεσιουργὸς [4] δὲ τῶν ὑποσχέσεων. μετὰ τοῦτον βασιλεύσας ὁ Φίλιππος ἤνθησεν ἐν τοῖς μάλιστα τῶν βασιλέων ἔτι μειράκιον ὤν, καὶ δόξαν ἔσχεν ὡς ἀναστήσων Μακεδονίαν εἰς τὸ παλαιὸν ἀξίωμα, καὶ μόνος ἐπὶ πάντας ἤδη τὴν [5] Ῥωμαίων δύναμιν αἰρομένην καθέξων. ἡττηθεὶς δὲ μεγάλῃ μάχῃ περὶ Σκοτοῦσσαν ὑπὸ Τίτου Φλαμινίνου, τότε μὲν ἔπτηξε καὶ πάντα τὰ καθ' ἑαυτὸν ἐπέτρεψε Ῥωμαίοις, καὶ τυχὼν ἐπιτιμήσεως μετρίας ἠγάπησεν.

[6] ὕστερον δὲ βαρέως φέρων, καὶ τὸ βασιλεύειν χάριτι Ῥωμαίων ἡγούμενος αἰχμαλώτου τρυφὴν ἀγαπῶντος εἶναι μᾶλλον ἢ φρόνημα καὶ θυμὸν ἔχοντος ἀνδρός, ἐπεῖχε τῷ πολέμῳ τὴν γνώμην καὶ συνετάττετο λάθρα καὶ [7] πανούργως. τῶν γὰρ πόλεων τὰς ἐνοδίους καὶ παραθαλαττίους ἀσθενεῖς γενομένας περιορῶν καὶ ὑπερήμους ὡς καταφρονεῖσθαι, πολλὴν ἄνω συνῆγε δύναμιν, καὶ τὰ μεσόγεια χωρία καὶ φρούρια καὶ πόλεις ὅπλων καὶ χρημάτων πολλῶν καὶ σωμάτων ἀκμαζόντων ἐμπεπληκώς, ἐσωμάσκει [8] τὸν πόλεμον καὶ συνεῖχεν ὥσπερ ἐγκεκρυμμένον ἀδήλως. ὅπλων μὲν γὰρ ἀργούντων ἀπέκειντο τρεῖς μυριάδες, ὀκτακόσιαι δὲ σίτου μεδίμνων ἦσαν ἐγκατῳκοδομημένου τοῖς τείχεσι, χρημάτων δὲ πλῆθος ὅσον ἤρκει μισθοφόρους [9] ἔτη δέκα μυρίους τρέφειν προπολεμοῦντας τῆς χώρας. ἀλλ'

ἐκεῖνος μὲν οὐκ ἔφθη ταῦτα κινῆσαι καὶ προαγαγεῖν εἰς ἔργον, ὑπὸ λύπης καὶ δυσθυμίας προέμενος τὸν βίον· ἔγνω γὰρ ἀδίκως τὸν ἕτερον τῶν υἱῶν Δημήτριον ἐκ διαβολῆς τοῦ χείρονος ἀνῃρηκώς.

[10] Ὁ δ' ὑπολειπόμενος υἱὸς αὐτοῦ Περσεὺς ἅμα τῇ βασιλείᾳ διεδέξατο τὴν πρὸς Ῥωμαίους ἔχθραν, οὐκ ὢν ἐχέγγυος ‹δι›ενεγκεῖν διὰ μικρότητα καὶ μοχθηρίαν ἤθους, ἐν ᾧ παθῶν τε παντοδαπῶν καὶ νοσημάτων [11] ἐνόντων ἐπρώτευεν ἡ φιλαργυρία. λέγεται δὲ μηδὲ γνήσιος φῦναι, λαβεῖν δ' αὐτὸν ἡ συνοικοῦσα τῷ Φιλίππῳ νεογνὸν ἀκεστρίας τινὸς Ἀργολικῆς [12] Γναθαινίου τοὔνομα τεκούσης, καὶ λαθεῖν ὑποβαλομένη. δι' ὃ καὶ μάλιστα δοκεῖ τὸν Δημήτριον φοβηθεὶς ἀποκτεῖναι, μὴ γνήσιον ἔχων ὁ οἶκος διάδοχον ἀποκαλύψῃ τὴν ἐκείνου νοθείαν.

[9] [1] Οὐ μὴν ἀλλὰ καίπερ ὢν ἀγεννὴς καὶ ταπεινός, ὑπὸ ῥύμης τῶν πραγμάτων ἀναφερόμενος πρὸς τὸν πόλεμον, ‹ὑπ›έστη καὶ διηρείσατο πολὺν χρόνον, ἡγεμόνας τε Ῥωμαίων ὑπατικοὺς καὶ στρατεύματα καὶ στόλους μεγάλους [2] ἀποτριψάμενος, ἐνίων δὲ καὶ κρατήσας. Πόπλιόν τε γὰρ Λικίνιον ἐμβαλόντα πρῶτον εἰς Μακεδονίαν τρεψάμενος ἱππομαχίᾳ, δισχιλίους πεντακοσίους ἄνδρας ἀγαθοὺς ἀπέκτεινε, καὶ ζῶντας ἄλλους ἑξακοσίους [3] ἔλαβε, τοῦ τε ναυστάθμου περὶ Ὠρεὸν ὁρμοῦντος, ἀπροσδόκητον ἐπίπλουν θέμενος εἴκοσι μὲν αὐτοφόρτους ὁλκάδας ἐχειρώσατο, τὰς δ' ἄλλας σίτου [4] γεμούσας ‹πεν›τηρικὰ τέσσαρα καὶ σεν. τὸν δὲ δεύτερον τῶν ὑπατικῶν Ὁστίλιον ἀπεκρούσατο [καὶ] βιαζόμενον κατὰ τὰς Ἐλιμίας· λάθρα δὲ διὰ Θεσσαλίας ἐμβαλόντα προκαλούμενος εἰς μάχην ἐφόβησε.

[5] πάρεργον δὲ τοῦ πολέμου στρατείαν ἐπὶ Δαρδανεῖς θέμενος, ὡς δὴ τοὺς Ῥωμαίους ὑπερορῶν καὶ σχολάζων, μυρίους τῶν βαρβάρων κατέκοψε καὶ [6] λείαν ἠλάσατο πολλήν. ὑπεκίνει δὲ καὶ Γαλάτας τοὺς περὶ τὸν Ἴστρον ᾠκημένους, Βαστέρναι καλοῦνται, στρατὸν ἱππότην καὶ μάχιμον, Ἰλλυριούς τε διὰ Γενθίου τοῦ βασιλέως παρεκάλει συνεφάψασθαι τοῦ πολέμου.

[7] καὶ λόγος κατέσχεν ὡς τῶν βαρβάρων μισθῷ πεπεισμένων ὑπ' αὐτοῦ διὰ τῆς κάτω Γαλατίας παρὰ τὸν Ἀδρίαν ἐμβαλεῖν εἰς τὴν Ἰταλίαν.

[10] [1] Ταῦτα τοῖς Ῥωμαίοις πυνθανομένοις ἐδόκει τὰς τῶν στρατηγιών‹των› χάριτας καὶ παραγγελίας ἐάσαντας [αὐτοὺς] καλεῖν ἐπὶ τὴν ἡγεμονίαν ἄνδρα νοῦν ἔχοντα καὶ πράγμασι χρῆσθαι μεγάλοις ἐπιστάμενον.

[2] οὗτος ἦν Παῦλος Αἰμίλιος, ἡλικίας μὲν ἤδη πρόσω καὶ περὶ ἑξήκοντα γεγονὼς ἔτη, ῥώμῃ δὲ σώματος ἀκμάζων, πεφραγμένος δὲ κηδεσταῖς καὶ παισὶ νεανίαις καὶ φίλων πλήθει καὶ συγγενῶν μέγα δυναμένων, οἳ πάντες [3] αὐτὸν ὑπακοῦσαι καλοῦντι τῷ δήμῳ πρὸς τὴν ὑπατείαν ἔπειθον. ὁ δὲ κατ' ἀρχὰς μὲν ἐθρύπτετο πρὸς τοὺς πολλούς, καὶ διέκλινε τὴν φιλοτιμίαν αὐτῶν

καὶ τὴν σπουδήν, ὡς μὴ δεόμενος τοῦ ἄρχειν· φοιτώντων δὲ καθ’ ἡμέραν ἐπὶ θύρας καὶ προκαλουμένων αὐτὸν εἰς ἀγορὰν καὶ καταβοώντων, [4] ἐπείσθη· καὶ φανεὶς εὐθὺς ἐν τοῖς μετιοῦσι τὴν ὑπατείαν, ἔδοξεν οὐκ ἀρχὴν ληψόμενος, ἀλλὰ νίκην καὶ κράτος πολέμου κομίζων καὶ διδοὺς [5] τοῖς πολίταις καταβαίνειν εἰς τὸ πεδίον· μετὰ τοσαύτης ἐλπίδος καὶ προθυμίας ἐδέξαντο πάντες αὐτὸν καὶ κατέστησαν ὕπατον τὸ δεύτερον, οὐκ ἐάσαντες κλῆρον γενέσθαι καθάπερ εἰώθει περὶ τῶν ἐπαρχιῶν, ἀλλ’ εὐθὺς [6] ἐκείνῳ ψηφισάμενοι τοῦ Μακεδονικοῦ πολέμου τὴν ἡγεμονίαν. λέγεται δ’ αὐτόν, ὡς ἀνηγορεύθη κατὰ τοῦ Περσέως στρατηγός, ὑπὸ τοῦ δήμου παντὸς οἴκαδε προπεμφθέντα λαμπρῶς, εὑρεῖν τὸ θυγάτριον τὴν Τερτίαν [7] δεδακρυμένην, ἔτι παιδίον οὖσαν· ἀσπαζόμενον οὖν αὐτὴν ἐρωτᾶν ἐφ’ ὅτῳ λελύπηται· τὴν δὲ περιβαλοῦσαν καὶ καταφιλοῦσαν, οὐ γὰρ οἶσθ’ εἰπεῖν ὦ πάτερ ὅτι ἡμῖν ὁ Περσεὺς τέθνηκε; λέγουσαν κυνίδιον σύντροφον [8] οὕτω προσαγορευόμενον· καὶ τὸν Αἰμίλιον ἀγαθῇ τύχῃ φάναι ὦ θύγατερ, καὶ δέχομαι τὸν οἰωνόν. ταῦτα μὲν οὖν Κικέρων ὁ ῥήτωρ ἐν τοῖς περὶ μαντικῆς ἱστόρηκεν (de div. 1, 103).

[11] [1] Εἰωθότων δὲ τῶν ὑπατείαν λαβόντων οἷον ἀνθομολογεῖσθαί τινα χάριν καὶ προσαγορεύειν φιλοφρόνως τὸν δῆμον ἀπὸ τοῦ βήματος, Αἰμίλιος εἰς ἐκκλησίαν συναγαγὼν τοὺς πολίτας, τὴν μὲν προτέραν ὑπατείαν ἔφη μετελθεῖν αὐτὸς ἀρχῆς δεόμενος, τὴν δὲ δευτέραν ἐκείνων στρατηγοῦ [2] δεομένων· δι’ ὃ μηδεμίαν αὐτοῖς χάριν ἔχειν, ἀλλ’ εἰ νομίζουσι δι’ ἑτέρου βέλτιον ἕξειν τὰ κατὰ τὸν πόλεμον, ἐξίστασθαι τῆς ἡγεμονίας, εἰ δὲ πιστεύουσιν αὐτῷ, μὴ παραστρατηγεῖν μηδὲ λογοποιεῖν, ἀλλ’ ὑπουργεῖν σιωπῇ τὰ δέοντα πρὸς τὸν πόλεμον, ὡς ἐὰν ἄρχοντος ἄρχειν ζητῶσιν, ἔτι [3] μᾶλλον ἢ νῦν καταγελάστους ἐν ταῖς στρατείαις ἐσομένους. ἀπὸ τούτων τῶν λόγων πολλὴν μὲν αἰδῶ πρὸς αὐτὸν ἐνεποίησε τοῖς πολίταις, μεγάλην δὲ προσδοκίαν τοῦ μέλλοντος, ἡδομένων ἁπάντων, ὅτι τοὺς κολακεύοντας [4] παρελθόντες εἵλοντο παρρησίαν ἔχοντα καὶ φρόνημα στρατηγόν. οὕτως ἐπὶ τῷ κρατεῖν καὶ μέγιστος εἶναι τῶν ἄλλων ἀρετῆς καὶ τοῦ καλοῦ δοῦλος ἦν ὁ Ῥωμαίων δῆμος.

[12] [1] Αἰμίλιον δὲ Παῦλον, ὡς ἐξώρμησεν ἐπὶ στρατείαν, πλοῦ μὲν εὐτυχίᾳ καὶ ῥᾳστώνῃ χρήσασθαι πορείας κατὰ δαίμονα τίθημι, σὺν τάχει [2] καὶ μετ’ ἀσφαλείας ἐπὶ τὸ στρατόπεδον κομισθέντα· τοῦ δὲ πολέμου καὶ τῆς στρατηγίας αὐτοῦ τὸ μὲν τόλμης ὀξύτητι, τὸ δὲ βουλεύμασι χρηστοῖς, τὸ δὲ φίλων ἐκθύμοις ὑπηρεσίαις, τὸ δὲ τῷ παρὰ τὰ δεινὰ θαρρεῖν καὶ χρῆσθαι λογισμοῖς ἀραρόσιν ὁρῶν διαπεπραγμένον, οὐκ ἔχω τῇ λεγομένῃ τοῦ ἀνδρὸς εὐτυχίᾳ λαμπρὸν ἀποδοῦναι καὶ διάσημον ἔργον, οἷον ἑτέρων [3] στρατηγῶν,

εἰ μή τις ἄρα τὴν Περσέως φιλαργυρίαν Αἰμιλίῳ τύχην ἀγαθὴν περὶ τὰ πράγματα γενέσθαι φησίν, ᾗ λαμπρὰ καὶ μεγάλα πρὸς τὸν πόλεμον ἀρθέντα ταῖς ἐλπίσι τὰ Μακεδόνων ἀνέτρεψε καὶ κατέβαλε, [4] πρὸς ἀργύριον ἀποδειλιάσας. ἧκον μὲν γὰρ αὐτῷ δεηθέντι Βαστέρναι, μύριοι μὲν ἱππεῖς, μύριοι δὲ παραβάται, μισθοφόροι πάντες, ἄνδρες οὐ γεωργεῖν εἰδότες, οὐ πλεῖν, οὐκ ἀπὸ ποιμνίων ζῆν νέμοντες, ἀλλ' ἓν ἔργον καὶ μίαν τέχνην μελετῶντες ἀεὶ μάχεσθαι καὶ κρατεῖν τῶν ἀντιταττομένων.

[5] ὡς δὲ περὶ τὴν Μαιδικὴν καταστρατοπεδεύσαντες ἐπεμείγνυντο τοῖς παρὰ τοῦ βασιλέως, ἄνδρες ὑψηλοὶ μὲν τὰ σώματα, θαυμαστοὶ δὲ τὰς μελέτας, μεγάλαυχοι δὲ καὶ λαμπροὶ ταῖς κατὰ τῶν πολεμίων ἀπειλαῖς, θάρσος παρέστησαν τοῖς Μακεδόσι καὶ δόξαν, ὡς τῶν Ῥωμαίων οὐχ ὑπομενούντων, ἀλλ' ἐκπλαγησομένων τὴν ὄψιν αὐτὴν καὶ τὴν κίνησιν, [6] ἔκφυλον οὖσαν καὶ δυσπρόσοπτον. οὕτω διαθεὶς τοὺς ἀνθρώπους ὁ Περσεύς, καὶ τοιούτων ἐμπλήσας ἐλπίδων, αἰτούμενος καθ' ἕκαστον ἡγεμόνα χιλίους, πρὸς τὸ γιγνόμενον τοῦ χρυσίου πλῆθος ἰλιγγιάσας καὶ παραφρονήσας ὑπὸ μικρολογίας, ἀπείπατο καὶ προήκατο τὴν συμμαχίαν, ὥσπερ οἰκονομῶν, οὐ πολεμῶν Ῥωμαίοις, καὶ λογισμὸν ἀποδώσων ἀκριβῆ τῆς [7] εἰς τὸν πόλεμον δαπάνης οἷς ἐπολέμει· καί‹τοι› διδασκάλους εἶχεν ἐκείνους, οἷ‹ς ἄνευ τῆς› ἄλλης παρασκευῆς τῶν δέκα μυριάδων ἦσαν [8] ἠθροισμέναι καὶ παρεστῶσαι ταῖς χρείαις. ὁ δὲ πρὸς δύναμιν ἀνταίρων τηλικαύτην καὶ πόλεμον, οὗ τοσοῦτον ἦν τὸ παρατρεφόμενον, διεμέτρει [9] καὶ παρεσημαίνετο τὸ χρυσίον, ἅψασθαι δεδιὼς ὥσπερ ἀλλοτρίων. καὶ ταῦτ' ἔπραττεν οὐ Λυδῶν τινος οὐδὲ Φοινίκων γεγονώς, ἀλλὰ τῆς Ἀλεξάνδρου καὶ Φιλίππου κατὰ συγγένειαν ἀρετῆς μεταποιούμενος, οἳ τῷ τὰ πράγματα τῶν χρημάτων ὠνητά, μὴ τὰ χρήματα τῶν πραγμάτων ἡγεῖσθαι, [10] πάντων ἐκράτησαν. ἐρρέθη γοῦν ὅτι τὰς πόλεις αἱρεῖ τῶν Ἑλλήνων [11] οὐ Φίλιππος, ἀλλὰ τὸ Φιλίππου χρυσίον. Ἀλέξανδρος δὲ τῆς ἐπ' Ἰνδοὺς στρατείας ἁπτόμενος, καὶ βαρὺν ὁρῶν καὶ δύσογκον ἤδη τὸν Περσικὸν ἐφελκομένους πλοῦτον τοὺς Μακεδόνας, πρώτας ὑπέπρησε τὰς βασιλικὰς ἁμάξας, εἶτα τοὺς ἄλλους ἔπεισε ταὐτὸ ποιήσαντας ἐλαφροὺς ἀναζεῦξαι [12] πρὸς τὸν πόλεμον ὥσπερ λελυμένους. Περσεὺς δὲ τὸν χρυσὸν αὐτὸς αὑτοῦ καὶ τέκνων καὶ βασιλείας καταχεάμενος, οὐκ ἠθέλησε δι' ὀλίγων σωθῆναι χρημάτων, ἀλλὰ μετὰ πολλῶν κομισθεὶς ὁ πλούσιος αἰχμάλωτος ἐπιδείξασθαι Ῥωμαίοις ὅσα φεισάμενος ἐτήρησεν αὐτοῖς.

[13] [1] Οὐ γὰρ μόνον ἀπέπεμψε τοὺς Γαλάτας ψευσάμενος, ἀλλὰ καὶ Γένθιον ἐπάρας τὸν Ἰλλυριὸν ἐπὶ τριακοσίοις ταλάντοις συνεφάψασθαι τοῦ πολέμου, τὰ μὲν χρήματα τοῖς παρ' αὐτοῦ πεμφθεῖσι προὔθηκεν ἠριθμημένα,

[2] καὶ κατασημήνασθαι παρέσχεν· ὡς δὲ πεισθεὶς ἔχειν ἃ ᾔτησεν ὁ Γένθιος ἔργον ἀσεβὲς καὶ δεινὸν ἔδρασε - πρέσβεις γὰρ ἐλθόντας Ῥωμαίων πρὸς αὐτὸν συνέλαβε καὶ κατέδησεν - , ἡγούμενος ὁ Περσεὺς οὐδὲν ἔτι δεῖσθαι τῶν χρημάτων τὴν ἐκπολέμωσιν, ἄλυτα τοῦ Γενθίου προδεδωκότος ἔχθρας ἐνέχυρα καὶ διὰ τηλικαύτης ἀδικίας ἐμβεβληκότος ἑαυτὸν [3] εἰς τὸν πόλεμον, ἀπεστέρησε τὸν κακοδαίμονα τῶν τριακοσίων ταλάντων, καὶ περιεῖδεν ὀλίγῳ χρόνῳ μετὰ τέκνων καὶ γυναικὸς ὡς ἀπὸ νεοττιᾶς ἀρθέντα τῆς βασιλείας ὑπὸ Λευκίου Ἀνικίου στρατηγοῦ, πεμφθέντος ἐπ' αὐτὸν μετὰ δυνάμεως.

[4] Ἐπὶ τοιοῦτον ἀντίπαλον ἐλθὼν ὁ Αἰμίλιος, αὐτοῦ μὲν κατεφρόνει, τὴν δ' ὑπ' αὐτῷ παρασκευὴν καὶ δύναμιν ἐθαύμαζεν· ἦσαν γὰρ ἱππεῖς μὲν τετρακισχίλιοι, πεζοὶ δ' εἰς φάλαγγα τετρακισμυρίων οὐ πολλοῖς ἀποδέοντες.

[5] ἱδρυμένος δὲ πρὸ τῆς θαλάττης παρὰ τὴν Ὀλυμπικὴν ὑπώρειαν ἐπὶ χωρίων οὐδαμόθεν προσαγωγὴν ἐχόντων καὶ πάντοθεν ὑπ' αὐτοῦ διαπεφραγμένων ἐρύμασι καὶ προτειχίσμασι ξυλίνοις, πολλὴν ἄδειαν ἦγεν, ἀποτρύσειν χρόνῳ καὶ χρημάτων δαπάνῃ τὸν Αἰμίλιον ἡγούμενος.

[6] ὁ δὲ τῇ γνώμῃ μὲν ἦν ἐνεργός, ἐπὶ πᾶν βούλευμα καὶ πᾶσαν τρεπόμενος πεῖραν, ὑπ' ἀδείας δὲ τῆς πρόσθεν τὸν στρατὸν ὁρῶν δυσανασχετοῦντα καὶ λόγῳ πολλὰ διαστρατηγοῦντα τῶν ἀπράκτων, ἐπετίμησεν αὐτοῖς καὶ παρήγγειλε μηδὲν πολυπραγμονεῖν μηδὲ φροντίζειν ἀλλ' ἢ τὸ σῶμα τὸ ἑαυτοῦ καὶ τὴν πανοπλίαν ἕκαστον, ὅπως ἐνεργὸν παρέξει καὶ χρήσεται [7] Ῥωμαϊκῶς τῇ μαχαίρᾳ, τὸν καιρὸν παραδόντος τοῦ στρατηγοῦ. τὰς δὲ νυκτερινὰς ἐκέλευσε φυλακὰς ἄνευ λόγχης φυλάττειν, ὡς μᾶλλον προσέξοντας καὶ διαμαχουμένους πρὸς τὸν ὕπνον, ἂν ἀμύνασθαι τοὺς πολεμίους μὴ δύνωνται προσιόντας.

[14] [1] Ἐνοχλουμένων δὲ τῶν ἀνθρώπων μάλιστα περὶ τὴν τοῦ ποτοῦ χρείαν - καὶ γὰρ ὀλίγον καὶ πονηρὸν ἐπίδυε καὶ συνελείβετο παρ' αὐτὴν τὴν θάλατταν - , ὁρῶν ὁ Αἰμίλιος μέγα καὶ κατηρεφὲς δένδρεσιν ὄρος τὸν Ὄλυμπον ἐπικείμενον, καὶ τεκμαιρόμενος τῇ χλωρότητι τῆς ὕλης ναμάτων ἔχειν ἀρχὰς διὰ βάθους ὑποφερομένων, ἀναπνοὰς αὐτοῖς [καὶ] φρέατα [2] πολλὰ παρὰ τὴν ὑπώρειαν ὤρυττε. τὰ δ' εὐθὺς ἐπίμπλατο ῥευμάτων καθαρῶν, ἐπισυνδιδόντος ὁλκῇ καὶ φορᾷ τοῦ θλιβομένου πρὸς τὸ κενούμενον.

[3] Καίτοι τινὲς οὔ φασιν ὑδάτων ἑτοίμων κεκρυμμένων πηγὰς ἐναποκεῖσθαι τοῖς τόποις ἐξ ὧν ῥέουσιν, οὐδ' ἀποκάλυψιν οὐδὲ ῥῆξιν εἶναι τὴν ἐκβολὴν αὐτῶν, ἀλλὰ γένεσιν καὶ σύστασιν, ἐνταῦθα τῆς ὕλης ἐξυγραινομένης· [4] ἐξυγραίνεσθαι δὲ πυκνότητι καὶ ψυχρότητι τὴν νοτερὰν ἀναθυμίασιν, [5] ὅταν ἐν βάθει καταθλιβεῖσα ῥευστικὴ γένηται. καθάπερ γὰρ

οἱ μαστοὶ τῶν γυναικῶν οὐχ ὥσπερ ἀγγεῖα πλήρεις εἰσὶν ἐπιρρέοντος ἑτοίμου γάλακτος, ἀλλὰ μεταβάλλοντες τὴν τροφὴν ἐν αὑτοῖς ἐργάζονται γάλα καὶ [6] διηθοῦσιν, οὕτως οἱ περίψυκτοι καὶ πιδακώδεις τόποι τῆς γῆς ὕδωρ μὲν οὐκ ἔχουσι καλυπτόμενον οὐδὲ κόλπους ῥεύματα καὶ βάθη ποταμῶν τοσούτων ἐξ ἑτοίμης καὶ ὑποκειμένης ἀφιέντας ἀρχῆς, τὸ δὲ πνεῦμα καὶ τὸν [7] ἀέρα τῷ πιέζειν καὶ καταπυκνοῦν ἀποθλίβοντες εἰς ὕδωρ τρέπουσι. τὰ γοῦν ὀρυττόμενα τῶν χωρίων μᾶλλον ἀναπιδύει καὶ διανάει πρὸς τὴν τοιαύτην ψηλάφησιν, ὥσπερ οἱ μαστοὶ τῶν γυναικῶν πρὸς τὸν θηλασμόν, [8] ἀνυγραίνοντα καὶ μαλάττοντα τὴν ἀναθυμίασιν· ὅσα δ' ἀργὰ τῆς γῆς συμπέφρακται, τυφλὰ πρὸς γένεσιν ὑδάτων ἐστίν, οὐκ ἔχοντα τὴν ἐργαζομένην [9] τὸ ὑγρὸν κίνησιν. οἱ δὲ ταῦτα λέγοντες ἐπιχειρεῖν δεδώκασι τοῖς ἀπορητικοῖς, ὡς οὐδὲ τὸ αἷμα τοῖς ζῴοις ἔνεστιν, ἀλλὰ γεννᾶται πρὸς τὰ τραύματα πνεύματός τινος ἢ σαρκῶν μεταβολῇ, ῥύσιν ἀπεργασαμένῃ καὶ [10] σύντηξιν. ἐλέγχονται δὲ τοῖς πρὸς τοὺς ὑπονόμους καὶ τὰς μεταλλείας ἀπαντῶσιν εἰς βάθη ποταμοῖς, οὐ κατ' ὀλίγον συλλεγομένοις, ὥσπερ εἰκός ἐστιν εἰ γένεσιν ἐκ τοῦ παραχρῆμα κινουμένης τῆς γῆς λαμβάνουσιν, [11] ἀλλ' ἀθρόοις ἀναχεομένοις. †ὀρῶν δὲ καὶ πέτρας πληγῇ ῥαγείσης ἐξεπήδησε ῥεῦμα λάβρον ὕδατος, εἶτ' ἐπέλιπε. ταῦτα μὲν περὶ τούτων.

[15] [1] Ὁ δ' Αἰμίλιος ἡμέρας μέν τινας ἠρέμει, καί φασι μήποτε τηλικούτων στρατοπέδων ἐγγὺς οὕτω συνελθόντων ἡσυχίαν γενέσθαι τοσαύτην.

[2] ἐπεὶ δὲ κινῶν ἅπαντα καὶ πειρώμενος ἐπυνθάνετο μίαν εἰσβολὴν ἔτι μόνον ἄφρουρον ἀπολείπεσθαι τὴν διὰ Περραιβίας παρὰ τὸ Πύθιον καὶ τὴν Πέτραν, τῷ μὴ φυλάττεσθαι τὸν τόπον ἐλπίσας μᾶλλον ἢ δι' ἣν οὐκ [3] ἐφυλάττετο δυσχωρίαν καὶ τραχύτητα δείσας, ἐβουλεύετο. πρῶτος δὲ τῶν παρόντων ὁ Νασικᾶς ἐπικαλούμενος Σκιπίων, γαμβρὸς Ἀφρικανοῦ Σκιπίωνος, ὕστερον δὲ μέγιστον ἐν τῇ συγκλήτῳ δυνηθείς, ὑπεδέξατο τῆς [4] κυκλώσεως ἡγεμὼν γενέσθαι. δεύτερος δὲ Φάβιος Μάξιμος, ὁ πρεσβύτατος τῶν Αἰμιλίου παίδων, ἔτι μειράκιον ὤν, ἀνέστη προθυμούμενος.

[5] ἡσθεὶς οὖν ὁ Αἰμίλιος δίδωσιν αὐτοῖς, οὐχ ὅσους Πολύβιος εἴρηκεν (29, 14), ἀλλ' ὅσους αὐτὸς ὁ Νασικᾶς λαβεῖν φησι, γεγραφὼς περὶ τῶν πράξεων [6] τούτων ἐπιστόλιον πρός τινα τῶν βασιλέων (HRR I 47). οἱ μὲν ἐκτὸς τάξεως Ἰταλικοὶ τρισχίλιοι τὸ πλῆθος ἦσαν, τὸ δ' εὐώνυμον κέρας εἰς [7] πεντακισχιλίους. τούτοις προσλαβὼν ὁ Νασικᾶς ἱππεῖς ἑκατὸν εἴκοσι καὶ τῶν παρ' Ἁρπάλῳ Θρᾳκῶν καὶ Κρητῶν ἀναμεμειγμένων διακοσίους, ἐξώρμησε τῇ πρὸς θάλασσαν ὁδῷ καὶ κατεστρατοπέδευσε παρὰ τὸ Ἡράκλειον, ὡς δὴ ταῖς ναυσὶ μέλλων ἐκπεριπλεῖν καὶ κυκλοῦσθαι τὸ στρατόπεδον τῶν πολεμίων.

[8] Ἐπεὶ δ’ ἐδείπνησαν οἱ στρατιῶται καὶ σκότος ἐγένετο, τοῖς ἡγεμόσι φράσας τὸ ἀληθὲς ἦγε διὰ νυκτὸς τὴν ἐναντίαν ἀπὸ θαλάσσης, καὶ καταλύσας [9] ἀνέπαυε τὴν στρατιὰν ὑπὸ τὸ Πύθιον. ἐνταῦθα τοῦ Ὀλύμπου τὸ ὕψος ἀνατείνει πλέον ἢ δέκα σταδίους· σημαίνεται δ’ ἐπιγράμματι τοῦ μετρήσαντος οὕτως (98 Preger).

[10] Οὐλύμπου κορυφῆς ἐπὶ Πυθίου Ἀπόλλωνος
ἱεροῦ ὕψος ἔχει (πρὸς τὴν κάθετον δ’ ἐμετρήθη)
πλήρη μὲν δεκάδα σταδίων μίαν, αὐτὰρ ἐπ’ αὐτῇ
πλέθρον τετραπέδῳ λειπόμενον μεγέθει.
Εὐμήλου δέ μιν υἱὸς ἐθήκατο μέτρα κελεύθου
Ξειναγόρης· σὺ δ’ ἄναξ χαῖρε καὶ ἐσθλὰ δίδου.

[11] καίτοι λέγουσιν οἱ γεωμετρικοὶ μήτ’ ὄρους ὕψος μήτε βάθος θαλάσσης ὑπερβάλλειν δέκα σταδίους. ὁ μέντοι Ξεναγόρας οὐ παρέργως, ἀλλὰ μεθόδῳ καὶ δι’ ὀργάνων εἰληφέναι δοκεῖ τὴν μέτρησιν.

[16] [1] Ὁ μὲν οὖν Νασικᾶς ἐνταῦθα διενυκτέρευσε· τῷ δὲ Περσεῖ, τὸν Αἰμίλιον ἀτρεμοῦντα κατὰ χώραν ὁρῶντι καὶ μὴ λογιζομένῳ τὸ γινόμενον, ἀποδρὰς ἐκ τῆς ὁδοῦ Κρὴς αὐτόμολος ἧκε μηνύων τὴν περίοδον τῶν [2] Ῥωμαίων. ὁ δὲ συνταραχθείς, τὸ μὲν στρατόπεδον οὐκ ἐκίνησε, μυρίους δὲ μισθοφόρους ξένους καὶ δισχιλίους Μακεδόνας Μίλωνι παραδοὺς ἐξαπέστειλε, παρακελευσάμενος ταχῦναι καὶ καταλαβεῖν τὰς ὑπερβολάς.

[3] τούτοις ὁ μὲν Πολύβιός φησιν (29, 15) ἔτι κοιμωμένοις ἐπιπεσεῖν τοὺς Ῥωμαίους, ὁ δὲ Νασικᾶς ὀξὺν ἀγῶνα περὶ τοῖς ἄκροις γενέσθαι καὶ κίνδυνον, αὐτὸς δὲ Θρᾷκα μισθοφόρον εἰς χεῖρας συνδραμόντα τῷ ξυστῷ διὰ τοῦ στήθους πατάξας καταβαλεῖν, ἐκβιασθέντων δὲ τῶν πολεμίων, καὶ τοῦ Μίλωνος αἴσχιστα φεύγοντος ἄνευ τῶν ὅπλων μονοχίτωνος, ἀσφαλῶς [4] ἀκολουθεῖν ἅμα καταβιβάζων εἰς τὴν χώραν τὸ στράτευμα. τούτων δὲ τῷ Περσεῖ προσπεσόντων, κατὰ τάχος ἀναζεύξας ἦγεν ὀπίσω, περίφοβος [5] γεγονὼς καὶ συγκεχυμένος ταῖς ἐλπίσιν. αὐτοῦ δ’ ὅμως πρὸ τῆς Πύδνης ὑπομένοντα πειρᾶσθαι μάχης ἀναγκαῖον ἦν, ἢ τῷ στρατῷ σκεδασθέντι περὶ τὰς πόλεις δέχεσθαι τὸν πόλεμον, ἐπείπερ ἅπαξ ἐμβεβήκει τῇ [6] χώρᾳ, δίχα πολλοῦ φόνου καὶ νεκρῶν ἐκπεσεῖν μὴ δυνάμενον. πλήθει μὲν οὖν ἀνδρῶν αὐτόθεν περιεῖναι, προθυμίαν δὲ πολλὴν ὑπάρχειν ἀμυνομένοις περὶ τέκνων καὶ γυναικῶν, ἐφορῶντος ἕκαστα τοῦ βασιλέως καὶ προκινδυνεύοντος.

[7] ἐκ τούτων ἐθάρσυνον οἱ φίλοι τὸν Περσέα, καὶ βαλόμενος στρατόπεδον συνετάττετο πρὸς μάχην, καὶ τὰ χωρία κατεσκοπεῖτο, καὶ [8] διῄρει τὰς ἡγεμονίας, ὡς εὐθὺς ἐξ ἐφόδου τοῖς Ῥωμαίοις ἀπαντήσων. ὁ δὲ τόπος καὶ πεδίον ἦν τῇ φάλαγγι, βάσεως ἐπιπέδου καὶ χωρίων ὁμαλῶν δεομένῃ, καὶ

λόφοι συνεχεῖς ἄλλος ἐξ ἄλλου, τοῖς γυμνητεύουσι [9] καὶ ψιλοῖς ἀναφυγὰς καὶ περιδρομὰς ἔχοντες. διὰ μέσου δὲ ποταμοὶ ῥέοντες Αἴσων καὶ Λεῦκος, οὐ μάλα βαθεῖς τότε (θέρους γὰρ ἦν ὥρα φθίνοντος), ἐδόκουν τινὰ δυσεργίαν ὅμως τοῖς Ῥωμαίοις παρέξειν.

[17] [1] Ὁ δ' Αἰμίλιος ὡς εἰς ταὐτὸν συνέμειξε τῷ Νασικᾷ, κατέβαινε [2] συντεταγμένος ἐπὶ τοὺς πολεμίους. ὡς δ' εἶδε τὴν παράταξιν αὐτῶν καὶ τὸ πλῆθος, θαυμάσας ἐπέστησε τὴν πορείαν, αὐτός τι πρὸς ἑαυτὸν συλλογιζόμενος.

[3] οἱ δ' ἡγεμονικοὶ νεανίσκοι προθυμούμενοι μάχεσθαι, παρελαύνοντες ἐδέοντο μὴ μέλλειν, καὶ μάλιστα πάντων ὁ Νασικᾶς, τῇ περὶ [4] τὸν Ὄλυμπον εὐτυχίᾳ τεθαρρηκώς. ὁ δ' Αἰμίλιος μειδιάσας· εἴ γε τὴν σὴν εἶπεν ἡλικίαν εἶχον· αἱ δὲ πολλαί με νῖκαι διδάσκουσαι τὰ τῶν ἡττωμένων ἁμαρτήματα κωλύουσιν ἐξ ὁδοῦ μάχην τίθεσθαι πρὸς φάλαγγα [5] συντεταγμένην ἤδη καὶ συνεστῶσαν. ἐκ τούτου τὰ μὲν πρῶτα καὶ καταφανῆ πρὸς τοὺς πολεμίους ἐκέλευσεν εἰς σπείρας καθιστάμενα ποιεῖν σχῆμα παρατάξεως, τοὺς δ' ἀπ' οὐρᾶς στραφέντας ἐν χώρᾳ χάρακα βαλέσθαι [6] καὶ στρατοπεδεύειν. οὕτω δὲ τῶν συνεχῶν τοῖς τελευταίοις καθ' ὑπαγωγὴν ἐξελιττομένων, ἔλαθε τὴν παράταξιν ἀναλύσας καὶ καταστήσας ἀθορύβως εἰς τὸν χάρακα πάντας.

[7] Ἐπεὶ δὲ νὺξ γεγόνει καὶ μετὰ δεῖπνον ἐτράποντο πρὸς ὕπνον καὶ ἀνάπαυσιν, αἰφνίδιον ἡ σελήνη πλήρης οὖσα καὶ μετέωρος ἐμελαίνετο, καὶ τοῦ φωτὸς ἀπολείποντος αὐτὴν χρόας ἀμείψασα παντοδαπὰς ἠφανίσθη. τῶν δὲ Ῥωμαίων, ὥσπερ ἐστὶ νενομισμένον, χαλκοῦ τε πατάγοις ἀνακαλουμένων [8] τὸ φῶς αὐτῆς καὶ πυρὰ πολλὰ δαλοῖς καὶ δᾳσὶν ἀνεχόντων πρὸς τὸν οὐρανόν, οὐδὲν ὅμοιον ἔπραττον οἱ Μακεδόνες, ἀλλὰ φρίκη καὶ θάμβος τὸ στρατόπεδον κατεῖχε, καὶ λόγος ἡσυχῇ διὰ ‹τῶν› πολλῶν [9] ἐχώρει, βασιλέως τὸ φάσμα σημαίνειν ἔκλειψιν. ὁ δ' Αἰμίλιος οὐκ ἦν μὲν ἀνήκοος οὐδ' ἄπειρος παντάπασι τῶν ἐκλειπτικῶν ἀνωμαλιῶν, αἳ τὴν σελήνην περιφερομένην εἰς τὸ σκίασμα τῆς γῆς ἐμβάλλουσι τεταγμέναις περιόδοις καὶ ἀποκρύπτουσιν, ἄχρι οὗ παρελθοῦσα τὴν ἐπισκοτουμένην [10] χώραν πάλιν ἀναλάμψῃ πρὸς τὸν ἥλιον· οὐ μὴν ἀλλὰ τῷ θείῳ πολὺ νέμων, καὶ φιλοθύτης ὢν καὶ μαντικός, ὡς εἶδε πρῶτον τὴν σελήνην ἀποκαθαιρομένην, [11] ἕνδεκα μόσχους αὐτῇ κατέθυσεν. ἅμα δ' ἡμέρᾳ τῷ Ἡρακλεῖ βουθυτῶν οὐκ ἐκαλλιέρει μέχρις εἴκοσι· τῷ δὲ πρώτῳ καὶ εἰκοστῷ παρῆν [12] τὰ σημεῖα, καὶ νίκην ἀμυνομένοις ἔφραζεν. εὐξάμενος οὖν κατὰ βοῶν ἑκατὸν καὶ ἀγῶνος ἱεροῦ τῷ θεῷ, προσέταξε διακοσμεῖν τοῖς ἡγεμόσι [13] τὸν στρατὸν εἰς μάχην· αὐτὸς δὲ τὴν ἀπόκλισιν καὶ περιφορὰν ἀναμένων τοῦ φωτός, ὅπως μὴ κατὰ προσώπου μαχομένοις αὐτοῖς ἕωθεν ὁ ἥλιος ἀντιλάμποι, παρῆγε τὸν χρόνον

ἐν τῇ σκηνῇ καθεζόμενος, ἀναπεπταμένῃ πρὸς τὸ πεδίον καὶ τὴν στρατοπεδείαν τῶν πολεμίων.

[18] [1] Περὶ δὲ δείλην οἱ μὲν αὐτοῦ φασι τοῦ Αἰμιλίου τεχνάζοντος ἐκ τῶν πολεμίων γενέσθαι τὴν ἐπιχείρησιν, ἀχάλινον ἵππον ἐξελάσαντας ἐμβαλεῖν αὐτοῖς τοὺς Ῥωμαίους, καὶ τοῦτον ἀρχὴν μάχης διωκόμενον παρασχεῖν· [2] οἱ δὲ Ῥωμαϊκῶν ὑποζυγίων χορτάσματα παρακομιζόντων ἅπτεσθαι Θρᾶκας ὧν Ἀλέξανδρος ἡγεῖτο, πρὸς δὲ τούτους ἐκδρομὴν ὀξεῖαν ἑπτακοσίων Λιγύων γενέσθαι· παραβοηθούντων δὲ πλειόνων ἑκατέροις, [3] οὕτω συνάπτεσθαι τὴν μάχην ‹παρ'› ἀμφοτέρων. ὁ μὲν οὖν Αἰμίλιος, ὥσπερ κυβερνήτης τῷ παρόντι σάλῳ καὶ κινήματι τῶν στρατοπέδων τεκμαιρόμενος τὸ μέγεθος τοῦ μέλλοντος ἀγῶνος, ἐκ τῆς σκηνῆς προῆλθε [4] καὶ τὰ τάγματα τῶν ὁπλιτῶν ἐπιὼν παρεθάρρυνεν· ὁ δὲ Νασικᾶς ἐξιππασάμενος πρὸς τοὺς ἀκροβολιζομένους, ὁρᾷ πάντας ὅσον οὔπω τοὺς [5] πολεμίους ἐν χερσὶν ὄντας. πρῶτοι δ' οἱ Θρᾷκες ἐχώρουν, ὧν μάλιστά φησιν (HRR I 48) ἐκπλαγῆναι τὴν ὄψιν, ἄνδρες ὑψηλοὶ τὰ σώματα, λευκῷ καὶ περιλάμποντι θυρεῶν καὶ περικνημίδων ὁπλισμῷ μέλανας ὑπενδεδυμένοι χιτῶνας, ὀρθὰς δὲ ῥομφαίας βαρυσιδήρους ἀπὸ τῶν δεξιῶν ὤμων [6] ἐπισείοντες. παρὰ δὲ τοὺς Θρᾷκας οἱ μισθοφόροι παρενέβαλλον, ὧν σκευαί [7] τε παντοδαπαὶ καὶ μεμειγμένοι Παίονες ἦσαν. ἐπὶ δὲ τούτοις ἄγημα τρίτον οἱ λογάδες, αὐτῶν Μακεδόνων ἀρετῇ καὶ ἡλικίᾳ τὸ καθαρώτατον, [8] ἀστράπτοντες ἐπιχρύσοις ὅπλοις καὶ νεουργοῖς φοινικίσιν. οἷς καθισταμένοις εἰς τάξιν αἱ τῶν χαλκασπίδων ἐπανατέλλουσαι φάλαγγες ἐκ τοῦ χάρακος ἐνέπλησαν αὐγῆς σιδήρου καὶ λαμπηδόνος χαλκοῦ τὸ [9] πεδίον, κραυγῆς δὲ καὶ θορύβου παρακελευομένων τὴν ὀρεινήν. οὕτω δὲ θρασέως καὶ μετὰ τάχους ἐπῄεσαν, ὥστε τοὺς πρώτους νεκροὺς ἀπὸ δυεῖν σταδίων τοῦ Ῥωμαϊκοῦ χάρακος καταπεσεῖν.

[19] [1] Γιγνομένης δὲ τῆς ἐφόδου, παρῆν ὁ Αἰμίλιος καὶ κατελάμβανεν ἤδη τοὺς ἐν τοῖς ἀγήμασι Μακεδόνας ἄκρας τὰς σαρίσας προσερηρεικότας τοῖς θυρεοῖς τῶν Ῥωμαίων καὶ μὴ προσιεμένους εἰς ἐφικτὸν αὐτῶν τὰς [2] μαχαίρας. ἐπεὶ δὲ καὶ τῶν ἄλλων Μακεδόνων τάς τε πέλτας ἐξ ὤμου περισπασάντων καὶ ταῖς σαρίσαις ἀφ' ἑνὸς συνθήματος κλιθείσαις ὑποστάντων τοὺς θυρεοφόρους εἶδε τήν τε ῥώμην τοῦ συνασπισμοῦ καὶ τὴν τραχύτητα τῆς προβολῆς, ἔκπληξις αὐτὸν ἔσχε καὶ δέος, ὡς οὐδὲν ἰδόντα πώποτε θέαμα φοβερώτερον, καὶ πολλάκις ὕστερον ἐμέμνητο τοῦ πάθους [3] ἐκείνου καὶ τῆς ὄψεως. τότε δὲ πρὸς τοὺς μαχομένους ἐπιδεικνύμενος ἵλεω καὶ φαιδρὸν ἑαυτόν, ἄνευ κράνους καὶ θώρακος ἵππῳ παρήλαυνεν.

[4] ὁ δὲ τῶν Μακεδόνων βασιλεύς, ὥς φησι Πολύβιος (29, 18), τῆς μάχης ἀρχὴν λαμβανούσης ἀποδειλιάσας εἰς πόλιν ἀφιππάσατο, σκηψάμενος Ἡρακλεῖ θύσειν, δειλὰ παρὰ δειλῶν ἱερὰ μὴ δεχομένῳ μηδ᾽ εὐχὰς ἀθεμίτους [5] ἐπιτελοῦντι. θεμιτὸν γὰρ οὐκ ἔστιν οὔτε τὸν μὴ βάλλοντα κατευστοχεῖν, οὔτε τὸν μὴ μένοντα κρατεῖν, οὔθ᾽ ὅλως τὸν ἄπρακτον εὐπραγεῖν, [6] οὔτε τὸν κακὸν εὐδαιμονεῖν. ἀλλὰ ταῖς Αἰμιλίου παρῆν εὐχαῖς ὁ θεός· εὔχετο γὰρ κράτος πολέμου καὶ νίκην δόρυ κρατῶν, καὶ μαχόμενος παρεκάλει [7] σύμμαχον τὸν θεόν. οὐ μὴν ἀλλὰ Ποσειδώνιός τις, ἐν ἐκείνοις τοῖς χρόνοις καὶ ταῖς πράξεσι γεγονέναι λέγων, ἱστορίαν δὲ γεγραφὼς περὶ Περσέως ἐν πλείοσι βιβλίοις (FGrH 169 F 1), φησὶν αὐτὸν οὐχ ὑπὸ δειλίας οὐδὲ τὴν θυσίαν ποιησάμενον αἰτίαν ἀπελθεῖν, ἀλλὰ τῇ προτεραίᾳ τῆς [8] μάχης τυχεῖν λελακτισμένον ὑφ᾽ ἵππου τὸ σκέλος, ἐν δὲ τῇ μάχῃ, καίπερ ἔχοντα δυσχρήστως καὶ κωλυόμενον ὑπὸ τῶν φίλων, ἵππον αὐτῷ κελεῦσαι τῶν φορέων προσαγαγεῖν καὶ περιβάντα συμμεῖξαι τοῖς ἐπὶ τῆς φάλαγγος [9] ἀθωράκιστον· φερομένων δὲ παντοδαπῶν ἑκατέρωθεν βελῶν, παλτὸν ἐμπεσεῖν ὁλοσίδηρον αὐτῷ, καὶ τῇ μὲν ἀκμῇ μὴ θιγεῖν, ἀλλὰ πλάγιον παρὰ τὴν ἀριστερὰν πλευρὰν παραδραμεῖν, ῥύμῃ δὲ τῆς παρόδου τόν τε χιτῶνα διακόψαι καὶ τὴν σάρκα φοινίξαι τυφλῷ μώλωπι, πολὺν χρόνον διαφυλάξαντι [10] τὸν τύπον. ταῦτα μὲν οὖν ὁ Ποσειδώνιος ὑπὲρ τοῦ Περσέως ἀπολογεῖται.

[20] [1] Τῶν δὲ Ῥωμαίων, ὡς ἀντέστησαν τῇ φάλαγγι, μὴ δυναμένων βιάζεσθαι, Σάλουιος ὁ τῶν Πελιγνῶν ἡγούμενος ἁρπάσας τὸ σημεῖον τῶν [2] ὑφ᾽ αὑτὸν εἰς τοὺς πολεμίους ἔρριψε. τῶν δὲ Πελιγνῶν (οὐ γάρ ἐστιν Ἰταλοῖς θεμιτὸν οὐδ᾽ ὅσιον ἐγκαταλιπεῖν σημεῖον) ἐπιδραμόντων πρὸς ἐκεῖνον τὸν τόπον, ἔργα δεινὰ καὶ πάθη παρ᾽ ἀμφοτέρων ἀπήντα συμπεσόντων.

[3] οἱ μὲν γὰρ ἐκκρούειν τε τοῖς ξίφεσι τὰς σαρίσας ἐπειρῶντο καὶ πιέζειν [4] τοῖς θυρεοῖς καὶ ταῖς χερσὶν αὐταῖς ἀντιλαμβανόμενοι παραφέρειν· οἱ δὲ τὴν προβολὴν κρατυνάμενοι δι᾽ ἀμφοτέρων, καὶ τοὺς προσπίπτοντας αὐτοῖς ὅπλοις διελαύνοντες, οὔτε θυρεοῦ στέγοντος οὔτε θώρακος τὴν βίαν τῆς σαρίσης, ἀνερρίπτουν ὑπὲρ κεφαλῆς τὰ σώματα τῶν Πελιγνῶν καὶ Μαρρουκινῶν, κατ᾽ οὐδένα λογισμὸν ἀλλὰ θυμῷ θηριώδει πρὸς ἐναντίας [5] πληγὰς καὶ προὖπτον ὠθουμένων θάνατον. οὕτω δὲ τῶν προμάχων διαφθαρέντων, ἀνεκόπησαν οἱ κατόπιν αὐτῶν ἐπιτεταγμένοι, καὶ φυγὴ [6] μὲν οὐκ ἦν, ἀναχώρησις δὲ πρὸς ὄρος τὸ καλούμενον Ὀλόκρον, ὥστε καὶ τὸν Αἰμίλιον ἰδόντα, φησὶν ὁ Ποσειδώνιος (FGrH 169 F 2), καταρρήξασθαι τὸν χιτῶνα, τούτων μὲν ἐνδιδόντων, τῶν δ᾽ ἄλλων Ῥωμαίων διατρεπομένων τὴν φάλαγγα, προσβολὴν οὐκ ἔχουσαν, ἀλλ᾽ ὥσπερ χαρακώματι [7] τῷ πυκνώματι τῶν σαρισῶν ὑπαντιάζουσαν πάντοθεν ἀπρόσμαχον. ἐπεὶ δὲ τῶν τε χωρίων

ἀνωμάλων ὄντων, καὶ διὰ τὸ μῆκος τῆς παρατάξεως οὐ φυλαττούσης ἀραρότα τὸν συνασπισμόν, κατεῖδε τὴν φάλαγγα τῶν Μακεδόνων κλάσεις τε πολλὰς καὶ διασπάσματα λαμβάνουσαν, ὡς εἰκὸς ἐν μεγάλοις στρατοῖς καὶ ποικίλαις ὁρμαῖς τῶν μαχομένων, τοῖς μὲν ἐκθλιβομένην [8] μέρεσι, τοῖς δὲ προπίπτουσαν, ἐπιὼν ὀξέως καὶ διαιρῶν τὰς σπείρας, ἐκέλευεν εἰς τὰ διαλείμματα καὶ κενώματα τῆς τῶν πολεμίων τάξεως παρεμπίπτοντας καὶ συμπλεκομένους, μὴ μίαν πρὸς ἅπαντας, [9] ἀλλὰ πολλὰς καὶ μεμειγμένας κατὰ μέρος τὰς μάχας τίθεσθαι. ταῦτα τοῦ μὲν Αἰμιλίου τοὺς ἡγεμόνας, τῶν δ’ ἡγεμόνων τοὺς στρατιώτας διδασκόντων, ὡς πρῶτον ὑπέδυσαν καὶ διέσχον εἴσω τῶν ὅπλων, τοῖς μὲν [10] ἐκ πλαγίου κατὰ γυμνὰ προσφερόμενοι, τοὺς δὲ ταῖς περιδρομαῖς ἀπολαμβάνοντες, ἡ μὲν ἰσχὺς καὶ τὸ κοινὸν ἔργον εὐθὺς ἀπωλώλει τῆς φάλαγγος ἀναρρηγνυμένης, ἐν δὲ ταῖς καθ’ ἕνα καὶ κατ’ ὀλίγους συστάσεσιν οἱ Μακεδόνες, μικροῖς μὲν ἐγχειριδίοις στερεοὺς καὶ ποδήρεις θυρεοὺς νύσσοντες, ἐλαφροῖς δὲ πελταρίοις πρὸς τὰς ἐκείνων μαχαίρας, ὑπὸ βάρους καὶ καταφορᾶς διὰ παντὸς ὅπλου χωρούσας ἐπὶ τὰ σώματα, κακῶς ἀντέχοντες, ἐτράποντο.

[21] [1] Κατὰ τούτους δὲ μέγας ἦν ἀγών. ἔνθα δὴ καὶ Μᾶρκος ὁ Κάτωνος υἱός, Αἰμιλίου δὲ γαμβρός, πᾶσαν ἀλκὴν ἐπιδεικνύμενος ἀπέβαλε τὸ ξίφος.

[2] οἷα δὲ νεανίας ἐντεθραμμένος καλλίστοις παιδεύμασι, καὶ μεγάλῳ πατρὶ μεγάλης ἀρετῆς ἀποδείξεις ὀφείλων, οὐ βιωτὸν ἡγησάμενος εἶναι προεμένῳ σκῦλον αὐτοῦ ζῶντος τοῖς πολεμίοις, ἐπέδραμε τὴν μάχην, εἴ τινά που φίλον καὶ συνήθη κατίδοι, φράζων τὸ συμπεσὸν αὐτῷ καὶ δεόμενος [3] βοηθεῖν. οἱ δὲ πολλοὶ καὶ ἀγαθοὶ γενόμενοι, καὶ διασχόντες ὁρμῇ μιᾷ τοὺς [4] ἄλλους περὶ αὐτὸν ὑφηγούμενον, ἐμβάλλουσι τοῖς ἐναντίοις. μεγάλῳ δ’ ἀγῶνι καὶ φόνῳ πολλῷ καὶ τραύμασιν ὤσαντες ἐκ χώρας, καὶ τὸν τόπον ἔρημον καὶ γυμνὸν κατασχόντες, ἐπὶ ζήτησιν ἐτράποντο τοῦ ξίφους.

[5] ὡς δὲ μόλις ἐν πολλοῖς ὅπλοις καὶ πτώμασι νεκρῶν κεκρυμμένον ἀνευρέθη, περιχαρεῖς γενόμενοι καὶ παιανίσαντες ἔτι λαμπρότερον ἐνέκειντο [6] τοῖς συνεστῶσιν ἔτι τῶν πολεμίων. καὶ τέλος οἱ τρισχίλιοι λογάδες ἐν τάξει μένοντες καὶ μαχόμενοι κατεκόπησαν ἅπαντες· τῶν δ’ ἄλλων φευγόντων πολὺς ἦν φόνος, ὥστε τὸ μὲν πεδίον καὶ τὴν ὑπώρειαν καταπεπλῆσθαι νεκρῶν, τοῦ δὲ Λεύκου ποταμοῦ τὸ ῥεῦμα τοὺς Ῥωμαίους τῇ [7] μετὰ τὴν μάχην ἡμέρᾳ διελθεῖν ἔτι μεμειγμένον αἵματι. λέγονται γὰρ ὑπὲρ δισμυρίους πεντακισχιλίους ἀποθανεῖν. τῶν δὲ Ῥωμαίων ἔπεσον, ὡς μὲν Ποσειδώνιός φησιν (FGrH 169 F 3), ἑκατόν, ὡς δὲ Νασικᾶς (HRR I 48 6 FGrH 233 F 3), ὀγδοήκοντα.

[22] [1] Καὶ κρίσιν μὲν ὀξυτάτην μέγιστος ‹ὁ› ἀγὼν οὗτος ἔσχεν· ἐνάτης γὰρ ὥρας ἀρξάμενοι μάχεσθαι, πρὸ δεκάτης ἐνίκησαν· τῷ δὲ λειπομένῳ τῆς ἡμέρας χρησάμενοι πρὸς τὴν δίωξιν, καὶ μέχρι σταδίων ἑκατὸν καὶ [2] εἴκοσι διώξαντες, ἑσπέρας ἤδη βαθείας ἀπετράποντο. καὶ τοὺς μὲν ἄλλους οἱ θεράποντες ὑπὸ λαμπάδων ἀπαντῶντες μετὰ χαρᾶς καὶ βοῆς ἀπῆγον ἐπὶ τὰς σκηνάς, φωτὶ λαμπομένας καὶ κεκοσμημένας κιττοῦ καὶ δάφνης [3] στεφάνοις. αὐτὸν δὲ τὸν στρατηγὸν μέγα πένθος εἶχε· δυεῖν γὰρ υἱῶν αὐτοῦ στρατευομένων ὁ νεώτερος οὐδαμοῦ φανερὸς ἦν, ὃν ἐφίλει τε μάλιστα [4] καὶ πλεῖστον εἰς ἀρετὴν φύσει προὔχοντα τῶν ἀδελφῶν ἑώρα. θυμοειδῆ δὲ καὶ φιλότιμον ὄντα τὴν ψυχήν, ἔτι δ’ ἀντίπαιδα τὴν ἡλικίαν, παντάπασιν ἀπολωλέναι κατεδόξαζεν, ὑπ’ ἀπειρίας ἀναμειχθέντα τοῖς [5] πολεμίοις μαχομένοις. ἀπορουμένου δ’ αὐτοῦ καὶ περιπαθοῦντος ᾔσθετο πᾶν τὸ στράτευμα, καὶ μεταξὺ δειπνοῦντες ἀνεπήδων καὶ διέθεον μετὰ λαμπάδων, πολλοὶ μὲν ἐπὶ τὴν σκηνὴν τοῦ Αἰμιλίου, πολλοὶ δὲ πρὸ τοῦ [6] χάρακος ἐν τοῖς πρώτοις νεκροῖς ζητοῦντες. κατήφεια δὲ τὸ στρατόπεδον καὶ κραυγὴ τὸ πεδίον κατεῖχεν ἀνακαλουμένων τὸν Σκιπίωνα· πᾶσι γὰρ ἀγαστὸς ἦν, εὐθὺς ἐξ ἀρχῆς πρὸς ἡγεμονίαν καὶ πολιτείαν ὡς ἄλλος [7] οὐδεὶς τῶν συγγενῶν κεκραμένος τὸ ἦθος. ὀψὲ δ’ οὖν ἤδη σχεδὸν ἀπεγνωσμένος ἐκ τῆς διώξεως προσῄει μετὰ δύο ἢ τριῶν ἑταίρων, αἵματος καὶ ‹φό›νου πολεμίων ἀνάπλεως, ὥσπερ σκύλαξ γενναῖος ὑφ’ ἡδονῆς ἀκρατῶς [8] τῇ νίκῃ συνεξενεχθείς. οὗτός ἐστι Σκιπίων ὁ τοῖς ἱκνουμένοις ‹χρόνοις› Καρχηδόνα καὶ Νομαντίαν κατασκάψας, καὶ πολὺ πρῶτος ἀρετῇ [9] τῶν τότε Ῥωμαίων γενόμενος καὶ δυνηθεὶς μέγιστον. Αἰμιλίῳ μὲν οὖν τὴν τοῦ κατορθώματος νέμεσιν εἰς ἕτερον ἡ τύχη καιρὸν ὑπερβαλλομένη, τότε παντελῆ τὴν ἡδονὴν ἀπεδίδου τῆς νίκης.

[23] [1] Περσεὺς δὲ φυγῇ μὲν ἐκ Πύδνης εἰς Πέλλαν ἀπεχώρει, τῶν ἱππέων [2] ἐπιεικῶς πάντων ἀπὸ τῆς μάχης διασεσῳσμένων. ἐπεὶ δὲ καταλαμβάνοντες οἱ πεζοὶ τοὺς ἱππεῖς ὡς ἀνάνδρους καὶ προδεδωκότας λοιδοροῦντες ἀπὸ τῶν ἵππων ὤθουν καὶ πληγὰς ἐδίδοσαν, δείσας τὸν θόρυβον ἐκ τῆς ὁδοῦ παρέκλινε τὸν ἵππον, καὶ τὴν πορφύραν ὡς μὴ διάσημος εἴη περισπάσας ἔθετο πρόσθεν αὑτοῦ, καὶ τὸ διάδημα διὰ χειρῶν εἶχεν.

[3] ὡς δὲ καὶ προσδιαλέγοιτο τοῖς ἑταίροις ἅμα βαδίζων, καταβὰς ἐφείλκετο [4] τὸν ἵππον. τῶν δ’ ὁ μέν τις ὑπόδημα προσποιούμενος λελυμένον συνάπτειν, ὁ δ’ ἵππον ἄρδειν, ὁ δὲ ποτοῦ χρῄζειν, ὑπολειπόμενοι κατὰ μικρὸν ἀπεδίδρασκον, οὐχ οὕτω τοὺς πολεμίους ὡς τὴν ἐκείνου χαλεπότητα δεδοικότες.

[5] κεχαραγμένος γὰρ ὑπὸ τῶν κακῶν, εἰς πάντας ἐζήτει τρέπειν [6] ἀφ' αὑτοῦ τὴν αἰτίαν τῆς ἥττης. ἐπεὶ δὲ νυκτὸς εἰς Πέλλαν εἰσελθὼν Εὖκτον καὶ Εὔλαιον τοὺς ἐπὶ τοῦ νομίσματος ἀπαντήσαντας αὐτῷ, καὶ τὰ μὲν ἐγκαλοῦντας περὶ τῶν γεγονότων, τὰ δὲ παρρησιαζομένους ἀκαίρως καὶ συμβουλεύοντας, ὀργισθεὶς ἀπέκτεινεν αὐτὸς τῷ ξιφιδίῳ παίων ἀμφοτέρους, οὐδεὶς παρέμεινεν αὐτῷ πάρεξ Εὐάνδρου τε τοῦ Κρητὸς καὶ [7] Ἀρχεδάμου τοῦ Αἰτωλοῦ καὶ τοῦ Βοιωτοῦ Νέωνος. τῶν δὲ στρατιωτῶν ἐπηκολούθησαν οἱ Κρῆτες, οὐ δι' εὔνοιαν, ἀλλὰ τοῖς χρήμασιν ὥσπερ [8] κηρίοις μέλιτται προσλιπαροῦντες. πάμπολλα γὰρ ἐπήγετο, καὶ προὔθηκεν ἐξ αὐτῶν διαρπάσαι τοῖς Κρησὶν ἐκπώματα καὶ κρατῆρας καὶ τὴν ἄλλην [9] ἐν ἀργύρῳ καὶ χρυσῷ κατασκευὴν εἰς πεντήκοντα ταλάντων λόγον. γενόμενος δ' ἐν Ἀμφιπόλει πρῶτον, εἶτ' ἐκεῖθεν ἐν Γαληψῷ, καὶ τοῦ φόβου μικρὸν ὑπανέντος, εἰς τὸ συγγενὲς καὶ πρεσβύτατον αὐτοῦ τῶν νοσημάτων τὴν μικρολογίαν αὖθις ὑπενεχθείς, ὠδύρετο πρὸς τοὺς φίλους ὡς τῶν Ἀλεξάνδρου τοῦ μεγάλου χρυσωμάτων ἔνια τοῖς Κρησὶ διερριφὼς ὑπ' ἀγνοίας, καὶ παρεκάλει τοὺς ἔχοντας ἀντιβολῶν καὶ δακρύων ἀμείψασθαι [10] πρὸς νόμισμα. τοὺς μὲν οὖν ἐπισταμένους ἀκριβῶς αὐτὸν οὐκ ἔλαθε κρητίζων [11] πρὸς Κρῆτας, οἱ δὲ πεισθέντες καὶ ἀποδόντες ἀπεστερήθησαν. οὐ γὰρ ἀπέδωκε τἀργύριον, ἀλλὰ τριάκοντα τάλαντα κερδάνας ἀπὸ τῶν φίλων, ἃ μικρὸν ὕστερον ἔμελλον οἱ πολέμιοι λήψεσθαι, μετ' αὐτῶν διέπλευσεν εἰς Σαμοθρᾴκην, καὶ διαφεύγων ἐπὶ τοὺς ‹Καβείρους› ἱκέτευεν.

[24] [1] Ἀεὶ μὲν οὖν λέγονται ‹γεγονέναι› φιλοβασιλεῖς οἱ Μακεδόνες, τότε δ' ὡς ἐρείσματι κεκλασμένῳ πάντων ἅμα συμπεσόντων, ἐγχειρίζοντες αὑτοὺς τῷ Αἰμιλίῳ δύο ἡμέραις ὅλης κύριον αὐτὸν κατέστησαν [2] Μακεδονίας. καὶ δοκεῖ τοῦτο μαρτυρεῖν τοῖς εὐτυχίᾳ τινὶ τὰς πράξεις [3] ἐκείνας γεγονέναι φάσκουσιν. ἔτι δὲ καὶ τὸ περὶ τὴν θυσίαν σύμπτωμα δαιμόνιον ἦν· ἐν Ἀμφιπόλει ‹γὰρ› θύοντος τοῦ Αἰμιλίου καὶ τῶν ἱερῶν ἐνηργμένων, κεραυνὸς ἐνσκήψας εἰς τὸν βωμὸν ἐπέφλεξε καὶ συγκαθήγισε [4] τὴν ἱερουργίαν. ὑπερβάλλει δὲ θειότητι πάντα καὶ τύχῃ τὰ τῆς φήμης. ἦν μὲν γὰρ ἡμέρα τετάρτη νενικημένῳ Περσεῖ περὶ Πύδναν, ἐν δὲ τῇ Ῥώμῃ τοῦ δήμου θεωροῦντος ἱππικοὺς ἀγῶνας, ἐξαίφνης ἐνέπεσε λόγος εἰς τὸ πρῶτον τοῦ θεάτρου μέρος, ὡς Αἰμίλιος μεγάλῃ μάχῃ νενικηκὼς [5] Περσέα καταστρέφοιτο σύμπασαν Μακεδονίαν. ἐκ δὲ τούτου ταχὺ τῆς φήμης ἀναχεομένης εἰς τὸ πλῆθος, ἐξέλαμψε χαρὰ μετὰ κρότου καὶ βοῆς, [6] τὴν ἡμέραν ἐκείνην κατασχοῦσα τὴν πόλιν. εἶθ' ὡς ὁ λόγος οὐκ εἶχεν εἰς ἀρχὴν ἀνελθεῖν βέβαιον, ἀλλ' ἐν πᾶσιν ὁμοίως ἐφαίνετο πλανώμενος, τότε μὲν ἐσκεδάσθη καὶ διερρύη τὰ τῆς φήμης· ὀλίγαις δ' ὕστερον ἡμέραις πυθόμενοι

σαφῶς, ἐθαύμαζον τὴν προδραμοῦσαν ἀγγελίαν, ὡς ἐν τῷ ψεύδει τὸ ἀληθὲς εἶχε.

[25] [1] Λέγεται δὲ καὶ τῆς ἐπὶ Σάγρᾳ ποταμῷ μάχης Ἰταλιωτῶν αὐθημερὸν ἐν Πελοποννήσῳ λόγον γενέσθαι, καὶ Πλαταιᾶσι τῆς ἐν Μυκάλῃ πρὸς [2] Μήδους. ἣν δὲ Ῥωμαῖοι Ταρκυνίους μετὰ Λατίνων ἐπιστρατεύσαντας ἐνίκησαν, αὐτάγγελοι φράζοντες ὤφθησαν ἀπὸ στρατοῦ μικρὸν ὕστερον [3] ἄνδρες δύο καλοὶ καὶ μεγάλοι· τούτους εἴκασαν εἶναι Διοσκούρους. ὁ δ' ἐντυχὼν πρῶτος αὐτοῖς κατ' ἀγορὰν πρὸ τῆς κρήνης, ἀναψύχουσι τοὺς ἵππους ἱδρῶτι πολλῷ περιρρεομένους, ἐθαύμαζε τὸν περὶ τῆς νίκης λόγον.

[4] εἶθ' οἱ μὲν ἐπιψαῦσαι λέγονται τῆς ὑπήνης αὐτοῦ τοῖν χεροῖν ἀτρέμα μειδιῶντες· ἡ δ' εὐθὺς ἐκ μελαίνης τριχὸς εἰς πυρρὰν μεταβαλοῦσα, τῷ μὲν λόγῳ πίστιν, τῷ δ' ἀνδρὶ παρασχεῖν ἐπίκλησιν τὸν Ἀηνόβαρβον, ὅπερ [5] ἐστὶ χαλκοπώγωνα. πᾶσι δὲ τούτοις τὸ καθ' ἡμᾶς γενόμενον πίστιν παρέσχεν. ὅτε γὰρ Ἀντώνιος ἀπέστη Δομετιανοῦ καὶ πολὺς πόλεμος ἀπὸ Γερμανίας προσεδοκᾶτο, τῆς Ῥώμης ταραττομένης ἄφνω καὶ αὐτομάτως ὁ δῆμος ἐξ αὐτοῦ φήμην ἀνέδωκε νίκης, καὶ τὴν Ῥώμην ἐπέδραμε λόγος αὐτόν τε τὸν Ἀντώνιον ἀνῃρῆσθαι, καὶ τοῦ σὺν αὐτῷ στρατεύματος ἡττημένου μηδὲν μέρος λελεῖφθαι· τοσαύτην δὲ λαμπρότητα καὶ ῥύμην ἡ [6] πίστις ἔσχεν, ὥστε καὶ θῦσαι τῶν ἐν τέλει πολλούς. ζητουμένου δὲ τοῦ πρώτου φράσαντος ὡς οὐδεὶς ἦν, ἀλλ' ὁ λόγος ‹εἰς› ἄλλον ἐξ ἄλλου διωκόμενος ἀνέφευγε καὶ τέλος καταδὺς ὥσπερ εἰς πέλαγος ἀχανὲς τὸν ἄπειρον ὄχλον ἐφάνη μηδεμίαν ἀρχὴν ἔχων βέβαιον, αὕτη μὲν ἡ φήμη ταχὺ τῆς πόλεως ἐξερρύη, πορευομένῳ δὲ τῷ Δομετιανῷ μετὰ δυνάμεως ἐπὶ τὸν πόλεμον ἤδη καθ' ὁδὸν ἀγγελία καὶ γράμματα φράζοντα τὴν νίκην ἀπήντησεν.

[7] ἡ δ' αὐτὴ τοῦ ‹τε› κατορθώματος ἡμέρα καὶ τῆς φήμης ἐγίγνετο, ἐπὶ πλέον ἢ δισμυρίους σταδίους τῶν τόπων διεστώτων. ταῦτα μὲν οὐδεὶς ἀγνοεῖ τῶν καθ' ἡμᾶς.

[26] [1] Γναῖος δ' Ὀκτάβιος ὁ ναυαρχῶν Αἰμιλίῳ προσορμισάμενος τῇ Σαμοθρᾴκῃ τὴν μὲν ἀσυλίαν παρεῖχε τῷ Περσεῖ διὰ τοὺς θεούς, ἔκπλου [2] δὲ καὶ φυγῆς εἶργεν. οὐ μὴν ἀλλὰ λανθάνει πως ὁ Περσεὺς Ὀροάνδην τινὰ [3] Κρῆτα λέμβον ἔχοντα συμπείσας μετὰ χρημάτων ἀναλαβεῖν αὐτόν. ὁ δὲ κρητισμῷ χρησάμενος, τὰ μὲν χρήματα νύκτωρ ἀνέλαβεν, ἐκεῖνον δὲ τῆς ἑτέρας νυκτὸς ἥκειν κελεύσας ἐπὶ τὸν πρὸς τῷ Δημητρείῳ λιμένα μετὰ τῶν τέκνων καὶ θεραπείας ἀναγκαίας, εὐθὺς ἀφ' ἑσπέρας ἀπέπλευσεν.

[4] ὁ δὲ Περσεὺς οἰκτρὰ μὲν ἔπασχε, διὰ στενῆς θυρίδος παρὰ τὸ τεῖχος ἐκμηρυόμενος αὐτὸν καὶ παιδία καὶ γυναῖκα, πόνων καὶ πλάνης ἀπείρους, οἰκτρότερον δὲ στεναγμὸν ἀφῆκεν, ὥς τις αὐτῷ πλανωμένῳ παρὰ τὸν [5]

αἰγιαλὸν ἤδη πελάγιον τὸν Ὀροάνδην θέοντα κατιδὼν ἔφρασεν. ὑπέλαμπε γὰρ ἡμέρα, καὶ πάσης ἐλπίδος ἔρημος ὑπεχώρει φυγῇ πρὸς τὸ τεῖχος, οὐ [6] λαθὼν μέν, ὑποφθάσας δὲ τοὺς Ῥωμαίους μετὰ τῆς γυναικός. τὰ δὲ παιδία συλλαβὼν αὐτοῖς Ἴων ἐνεχείρισεν, ὃς πάλαι μὲν ἐρώμενος ἦν τοῦ Περσέως, τότε δὲ προδότης γενόμενος αἰτίαν παρέσχε τὴν μάλιστα συναναγκάσασαν τὸν ἄνθρωπον ὡς θηρίον ἁλισκομένων τῶν τέκνων εἰς χεῖρας ἐλθεῖν καὶ [7] παραδοῦναι τὸ σῶμα τοῖς ἐκείνων κρατοῦσιν. ἐπίστευε μὲν οὖν μάλιστα τῷ Νασικᾷ, κἀκεῖνον ἐκάλει· μὴ παρόντος δὲ κατακλαύσας τὴν τύχην καὶ τὴν ἀνάγκην περισκεψάμενος, ἔδωκεν αὑτὸν ὑποχείριον τῷ Γναίῳ, τότε μάλιστα ποιήσας φανερόν, ὅτι τῆς φιλαργυρίας ἦν ἐν αὐτῷ τι κακὸν ἀγεννέστερον ἡ φιλοψυχία, δι’ ἥν, ὃ μόνον ἡ τύχη τῶν ἐπταικότων οὐκ ἀφαιρεῖται, [8] τὸν ἔλεον ἀπεστέρησεν ἑαυτοῦ. δεηθεὶς γὰρ ἀχθῆναι πρὸς τὸν Αἰμίλιον, ὁ μὲν ὡς ἀνδρὶ μεγάλῳ πεπτωκότι πτῶμα νεμεσητὸν καὶ δυστυχὲς [9] ἐξαναστὰς ‹προ›ϋπήντα μετὰ τῶν φίλων δεδακρυμένος, ὁ δ’, αἴσχιστον θέαμα, προβαλὼν αὑτὸν ἐπὶ στόμα, καὶ γονάτων δραξάμενος, ἀνεβάλλετο φωνὰς ἀγεννεῖς καὶ δεήσεις, ἃς οὐχ ὑπέμεινεν οὐδ’ ἤκουσεν ὁ Αἰμίλιος, ἀλλὰ προσβλέψας αὐτὸν ἀλγοῦντι καὶ λελυπημένῳ τῷ προσώπῳ· [10] τί τῆς τύχης εἶπεν ὦ ταλαίπωρε τὸ μέγιστον ἀφαιρεῖς τῶν ἐγκλημάτων, ταῦτα πράττων ἀφ’ ὧν δόξεις οὐ παρ’ ἀξίαν ἀτυχεῖν, οὐδὲ τοῦ νῦν, [11] ἀλλὰ τοῦ πάλαι δαίμονος ἀνάξιος γεγονέναι; τί δέ μου καταβάλλεις τὴν νίκην καὶ τὸ κατόρθωμα ποιεῖς μικρόν, ἐπιδεικνύμενος ἑαυτὸν οὐ γενναῖον [12] οὐδὲ πρέποντα Ῥωμαίοις ἀνταγωνιστήν; ἀρετή τοι δυστυχοῦσι μεγάλην ἔχει μοῖραν αἰδοῦς καὶ παρὰ πολεμίοις, δειλία δὲ Ῥωμαίοις κἂν εὐποτμῇ πάντων ἀτιμότατον.

[27] [1] Οὐ μὴν ἀλλὰ τοῦτον μὲν ἀναστήσας καὶ δεξιωσάμενος Τουβέρωνι παρέδωκεν, αὐτὸς δὲ τοὺς παῖδας καὶ τοὺς γαμβροὺς καὶ τῶν ἄλλων ἡγεμονικῶν μάλιστα τοὺς νεωτέρους ἔσω τῆς σκηνῆς ἐπισπασάμενος, πολὺν [2] χρόνον ἦν πρὸς αὑτῷ σιωπῇ καθήμενος, ὥστε θαυμάζειν ἅπαντας· ὁρμήσας δὲ περὶ τῆς τύχης καὶ τῶν ἀνθρωπίνων διαλέγεσθαι πραγμάτων, ἆρά γ’ εἶπεν ἄξιον εὐπραγίας παρούσης ἄνθρωπον ὄντα θρασύνεσθαι, καὶ μέγα φρονεῖν ἔθνος ἢ πόλιν ἢ βασιλείαν καταστρεψάμενον, ἢ τὴν μεταβολὴν ταύτην ἡ τύχη παράδειγμα τῷ πολεμοῦντι ‹τῆς› κοινῆς ἀσθενείας προθεῖσα παιδεύει μηδὲν ὡς μόνιμον καὶ βέβαιον διανοεῖσθαι; [3] ποῖος γὰρ ἀνθρώποις τοῦ θαρρεῖν καιρός, ὅταν ὁ τοῦ κρατεῖν ἑτέρων μάλιστα δεδοικέναι τὴν τύχην ἀναγκάζῃ, καὶ τῷ χαίροντι δυσθυμίαν ἐπάγῃ τοσαύτην ὁ τῆς περιφερομένης καὶ προσισταμένης ἄλλοτ’ ἄλλοις [4] εἱμαρμένης λογισμός; ἢ τὴν Ἀλεξάνδρου διαδοχήν, ὃς ἐπὶ πλεῖστον ἤρθη δυνάμεως καὶ μέγιστον ἔσχε κράτος, ὥρας

μιᾶς μορίῳ πεσοῦσαν ὑπὸ πόδας θέμενοι, καὶ τοὺς ἄρτι μυριάσι πεζῶν καὶ χιλιάσιν ἱππέων τοσαύταις ὁπλοφορουμένους βασιλεῖς ὁρῶντες ἐκ χειρῶν τῶν πολεμίων ἐφήμερα σιτία καὶ ποτὰ λαμβάνοντας, οἴεσθε τὰ καθ' ἡμᾶς ἔχειν τινὰ βεβαιότητα τύχης [5] διαρκῆ πρὸς τὸν χρόνον; οὐ καταβαλόντες ὑμεῖς οἱ νέοι τὸ κενὸν φρύαγμα τοῦτο καὶ γαυρίαμα τῆς νίκης, ταπεινοὶ καταπτήξετε πρὸς τὸ μέλλον, ἀεὶ καραδοκοῦντες εἰς ὅ τι κατασκήψει τέλος ἑκάστῳ τὴν τῆς παρούσης [6] εὐπραγίας ὁ δαίμων νέμεσιν; τοιαῦτά φασι πολλὰ διαλεχθέντα τὸν Αἰμίλιον ἀποπέμψαι τοὺς νέους, εὖ μάλα τὸ καύχημα καὶ τὴν ὕβριν ὥσπερ χαλινῷ τῷ λόγῳ κόπτοντι κεκολασμένους.

[28] [1] Ἐκ τούτου τὴν μὲν στρατιὰν πρὸς ἀνάπαυσιν, αὐτὸν δὲ πρὸς θέαν [2] τῆς Ἑλλάδος ἔτρεψε καὶ διαγωγὴν ἔνδοξον ἅμα καὶ φιλάνθρωπον. ἐπιὼν γὰρ ἀνελάμβανε τοὺς δήμους καὶ τὰ πολιτεύματα καθίστατο, καὶ δωρεὰς [3] ἐδίδου τοῖς μὲν σῖτον ἐκ τοῦ βασιλικοῦ, τοῖς δ' ἔλαιον. τοσοῦτον γὰρ εὑρεθῆναί φασιν ἀποκείμενον, ὥστε τοὺς λαμβάνοντας καὶ δεομένους [4] ἐπιλιπεῖν πρότερον ἢ καταναλωθῆναι τὸ πλῆθος τῶν εὑρεθέντων. ἐν δὲ Δελφοῖς ἰδὼν κίονα μέγαν τετράγωνον ἐκ λίθων λευκῶν συνηρμοσμένον, ἐφ' οὗ Περσέως ἔμελλε χρυσοῦς ἀνδριὰς τίθεσθαι, προσέταξε τὸν αὑτοῦ τεθῆναι· τοὺς γὰρ ἡττημένους τοῖς νικῶσιν ἐξίστασθαι χώρας προσήκειν.

[5] ἐν δ' Ὀλυμπίᾳ τοῦτο δὴ τὸ πολυθρύλητον ἐκεῖνον ἀναφθέγξασθαί [6] φασιν, ὡς τὸν Ὁμήρου Δία (Il. 1, 528 sq.) Φειδίας ἀποπλάσαιτο. τῶν δὲ δέκα πρέσβεων ἐκ Ῥώμης ἀφικομένων, Μακεδόσι μὲν ἀπέδωκε τὴν χώραν καὶ τὰς πόλεις ἐλευθέρας οἰκεῖν καὶ αὐτονόμους, ἑκατὸν τάλαντα Ῥωμαίοις ὑποτελοῦσιν, οὗ πλέον ἢ διπλάσιον τοῖς βασιλεῦσιν εἰσέφερον.

[7] θέας δὲ παντοδαπῶν ἀγώνων καὶ θυσίας ἐπιτελῶν τοῖς θεοῖς, ἑστιάσεις καὶ δεῖπνα προὔθετο, χορηγίᾳ μὲν ἐκ τῶν βασιλικῶν ἀφθόνῳ χρώμενος, τάξιν δὲ καὶ κόσμον καὶ κατακλίσεις καὶ δεξιώσεις καὶ τὴν πρὸς ἕκαστον αὐτοῦ τῆς κατ' ἀξίαν τιμῆς καὶ φιλοφροσύνης αἴσθησιν οὕτως ἀκριβῆ [8] καὶ πεφροντισμένην ἐνδεικνύμενος, ὥστε θαυμάζειν τοὺς Ἕλληνας, εἰ μηδὲ τὴν παιδιὰν ἄμοιρον ἀπολείπει σπουδῆς, ἀλλὰ τηλικαῦτα πράττων [9] ἀνὴρ πράγματα καὶ τοῖς μικροῖς τὸ πρέπον ἀποδίδωσιν. ὁ δὲ καὶ τούτοις ἔχαιρε, ‹καὶ› ὅτι πολλῶν παρεσκευασμένων καὶ λαμπρῶν τὸ ἥδιστον αὐτὸς ἦν ἀπόλαυσμα καὶ θέαμα τοῖς παροῦσι, καὶ πρὸς τοὺς θαυμάζοντας τὴν ἐπιμέλειαν ἔλεγε, τῆς αὐτῆς εἶναι ψυχῆς παρατάξεώς τε προστῆναι καλῶς καὶ συμποσίου, τῆς μὲν ὅπως φοβερωτάτη τοῖς πολεμίοις, τοῦ δ' ὡς [10] εὐχαριστότατον ᾖ τοῖς συνοῦσιν. οὐδενὸς δ' ἧττον αὐτοῦ τὴν ἐλευθεριότητα καὶ τὴν μεγαλοψυχίαν ἐπῄνουν οἱ ἄνθρωποι, πολὺ μὲν ἀργύριον πολὺ δὲ χρυσίον ἐκ τῶν βασιλικῶν ἠθροισμένον οὐδ' ἰδεῖν ἐθελήσαντος, ἀλλὰ [11] τοῖς

ταμίαις εἰς τὸ δημόσιον παραδόντος. μόνα τὰ βιβλία τοῦ βασιλέως φιλογραμματοῦσι τοῖς υἱέσιν ἐπέτρεψεν ἐξελέσθαι, καὶ διανέμων ἀριστεῖα τῆς μάχης Αἰλίῳ Τουβέρωνι τῷ γαμβρῷ φιάλην ἔδωκε πέντε λιτρῶν [12] ὁλκήν. οὗτός ἐστι Τουβέρων, ὃν ἔφαμεν (c. 5, 7) μετὰ συγγενῶν οἰκεῖν [13] ἑκκαιδέκατον, ἀπὸ γηδίου μικροῦ διατρεφομένων ἁπάντων. καὶ πρῶτον ἄργυρον ἐκεῖνόν φασιν εἰς τὸν Αἰλίων οἶκον εἰσελθεῖν, ὑπὲρ ἀρετῆς καὶ τιμῆς εἰσαγόμενον, τὸν δ' ἄλλον χρόνον οὔτ' αὐτοὺς οὔτε γυναῖκας ἀργύρου χρῄζειν ἢ χρυσοῦ.

[29] [1] Διῳκημένων δὲ πάντων αὐτῷ καλῶς, ἀσπασάμενος τοὺς Ἕλληνας, καὶ παρακαλέσας τοὺς Μακεδόνας μεμνῆσθαι τῆς δεδομένης ὑπὸ Ῥωμαίων ἐλευθερίας, σῴζοντας αὐτὴν δι' εὐνομίας καὶ ὁμονοίας, ἀνέζευξεν ἐπὶ τὴν Ἤπειρον, ἔχων δόγμα συγκλήτου τοὺς συμμεμαχημένους αὐτῷ τὴν πρὸς Περσέα μάχην στρατιώτας ἀπὸ τῶν ἐκεῖ πόλεων ὠφελῆσαι.

[2] βουλόμενος δὲ πᾶσιν ἅμα καὶ μηδενὸς προσδοκῶντος ἀλλ' ἐξαίφνης ἐπιπεσεῖν, μετεπέμψατο τοὺς πρώτους ἐξ ἑκάστης πόλεως ἄνδρας δέκα, καὶ προσέταξεν αὐτοῖς, ὅσος ἄργυρός ἐστι καὶ χρυσὸς ἐν οἰκίαις καὶ ἱεροῖς, [3] ἡμέρᾳ ῥητῇ καταφέρειν. ἑκάστοις δὲ συνέπεμψεν ὡς ἐπ' αὐτὸ δὴ τοῦτο φρουρὰν στρατιωτῶν καὶ ταξίαρχον, προσποιούμενον ζητεῖν καὶ παραλαμβάνειν [4] τὸ χρυσίον. ἐνστάσης δὲ τῆς ἡμέρας, ὑφ' ἕνα καὶ τὸν αὐτὸν ἅμα καιρὸν ὁρμήσαντες ἐτράποντο πρὸς καταδρομὴν καὶ διαρπαγὴν τῶν πόλεων, ὥσθ' ὥρᾳ μιᾷ πεντεκαίδεκα μὲν ἀνθρώπων ἐξανδραποδισθῆναι [5] μυριάδας, ἑβδομήκοντα δὲ πόλεις πορθηθῆναι, γενέσθαι δ' ἀπὸ τοσαύτης φθορᾶς καὶ πανωλεθρίας ἑκάστῳ στρατιώτῃ τὴν δόσιν οὐ μείζον' ἕνδεκα δραχμῶν, φρῖξαι δὲ πάντας ἀνθρώπους τὸ τοῦ πολέμου τέλος, εἰς μικρὸν οὕτω τὸ καθ' ἕκαστον λῆμμα καὶ κέρδος ἔθνους ὅλου κατακερματισθέντος.

[30] [1] Αἰμίλιος μὲν οὖν τοῦτο πράξας μάλιστα παρὰ τὴν αὐτοῦ φύσιν, [2] ἐπιεικῆ καὶ χρηστὴν οὖσαν, εἰς Ὠρικὸν κατέβη, κἀκεῖθεν εἰς Ἰταλίαν μετὰ τῶν δυνάμεων περαιωθείς, ἀνέπλει τὸν Θύβριν ποταμὸν ἐπὶ τῆς βασιλικῆς ἑκκαιδεκήρους, κατεσκευασμένης εἰς κόσμον ὅπλοις αἰχμαλώτοις [3] καὶ φοινικίσι καὶ πορφύραις ως καὶ πανηγυρ ἔξωθεν, ὥστε ‹τρόπ›ον τινὰ θριαμβι‹κῆς› πομπῆς προαπολαύειν τοὺς Ῥωμαίους, τῷ ῥοθίῳ σχέδην ὑπάγοντι τὴν ναῦν ἀντιπαρεξάγοντας.

[4] Οἱ δὲ στρατιῶται τοῖς βασιλικοῖς χρήμασιν ἐποφθαλμίσαντες, ὡς οὐχ ὅσων ἠξίουν ἔτυχον, ὠργίζοντο μὲν ἀδήλως διὰ τοῦτο καὶ χαλεπῶς εἶχον πρὸς τὸν Αἰμίλιον, αἰτιώμενοι δὲ φανερῶς ὅτι βαρὺς γένοιτο καὶ δεσποτικὸς αὐτοῖς ἄρχων, οὐ πάνυ προθύμως ἐπὶ τὴν ὑπὲρ τοῦ θριάμβου [5] σπουδὴν ἀπήντησαν. αἰσθόμενος δὲ τοῦτο Σέρβιος Γάλβας, ἐχθρὸς Αἰμιλίου, γεγονὼς

δὲ τῶν ὑπ᾽ αὐτὸν χιλιάρχων, ἐθάρρησεν ἀναφανδὸν [6] εἰπεῖν ὡς οὐ δοτέον εἴη τὸν θρίαμβον. ἐνεὶς δὲ πολλὰς τῷ στρατιωτικῷ πλήθει διαβολὰς κατὰ τοῦ στρατηγοῦ, καὶ τὴν οὖσαν ὀργὴν ἔτι μᾶλλον ἐξερεθίσας, ᾐτεῖτο παρὰ τῶν δημάρχων ἄλλην ἡμέραν· ἐκείνην γὰρ οὐκ [7] ἐξαρκεῖν τῇ κατηγορίᾳ, τέσσαρας ἔτι λοιπὰς ὥρας ἔχουσαν. τῶν δὲ δημάρχων λέγειν αὐτὸν εἴ τι βούλεται κελευόντων, ἀρξάμενος μακρῷ καὶ βλασφημίας ἔχοντι παντοδαπὰς χρῆσθαι λόγῳ, τὸν χρόνον ἀνήλωσε τῆς [8] ἡμέρας· καὶ γενομένου σκότους, οἱ μὲν δήμαρχοι τὴν ἐκκλησίαν ἀφῆκαν, πρὸς δὲ τὸν Γάλβαν οἱ στρατιῶται συνέδραμον θρασύτεροι γεγονότες, καὶ συγκροτήσαντες αὑτοὺς περὶ τὸν ὄρθρον αὖθις καταλαμβάνονται τὸ Καπετώλιον· ἐκεῖ γὰρ οἱ δήμαρχοι τὴν ἐκκλησίαν ἔμελλον ἄξειν.

[31] [1] Ἅμα δ᾽ ἡμέρᾳ τῆς ψήφου δοθείσης, ἥ τε πρώτη φυλὴ τὸν θρίαμβον ἀπεψηφίζετο, καὶ τοῦ πράγματος αἴσθησις εἰς τὸν ἄλλον δῆμον καὶ τὴν [2] σύγκλητον κατῄει. καὶ τὸ μὲν πλῆθος ὑπεραλγοῦν τῷ προπηλακίζεσθαι τὸν Αἰμίλιον ἐν φωναῖς ἦν ἀπράκτοις, οἱ δὲ γνωριμώτατοι τῶν ἀπὸ βουλῆς, δεινὸν εἶναι τὸ γινόμενον βοῶντες, ἀλλήλους παρεκάλουν ἐπιλαβέσθαι τῆς τῶν στρατιωτῶν ἀσελγείας καὶ θρασύτητος, ἐπὶ πᾶν ἀφιξομένης ἄνομον ἔργον καὶ βίαιον, εἰ μηδὲν ἐμποδὼν αὐτοῖς γένοιτο Παῦλον [3] Αἰμίλιον ἀφελέσθαι τῶν ἐπινικίων τιμῶν. ὠσάμενοι δὲ τὸν ὄχλον καὶ ἀναβάντες ἁθρόοι, τοῖς δημάρχοις ἔλεγον ἐπισχεῖν τὴν ψηφοφορίαν, ἄχρι [4] ἂν διαλεχθῶσιν ἃ βούλονται πρὸς τὸ πλῆθος. ἐπισχόντων δ᾽ αὐτῶν καὶ γενομένης σιωπῆς, ἀνελθὼν ἀνὴρ ὑπατικὸς καὶ πολεμίους εἴκοσι καὶ τρεῖς ἐκ προκλήσεως ἀνῃρηκώς, Μᾶρκος Σερβίλιος, Αἰμίλιον μὲν ἔφη Παῦλον ἡλίκος αὐτοκράτωρ γένοιτο νῦν μάλιστα γινώσκειν, ὁρῶν ὅσης ἀπειθείας γέμοντι καὶ κακίας στρατεύματι χρησάμενος οὕτω καλὰς [5] κατώρθωσε καὶ μεγάλας πράξεις· θαυμάζειν δὲ τὸν δῆμον, εἰ τοῖς ἀπ᾽ Ἰλλυριῶν καὶ Λιγύων ἀγαλλόμενος θριάμβοις αὑτῷ φθονεῖ τὸν Μακεδόνων βασιλέα ζῶντα καὶ τὴν Ἀλεξάνδρου καὶ Φιλίππου δόξαν ἐπιδεῖν [6] ὑπὸ τοῖς Ῥωμαίων ὅπλοις ἀγομένην αἰχμάλωτον. πῶς γὰρ οὐ δεινὸν εἶπεν, εἰ φήμης μὲν περὶ νίκης ἀβεβαίου πρότερον εἰς τὴν πόλιν ἐμπεσούσης ἐθύσατε τοῖς θεοῖς, εὐχόμενοι τοῦ λόγου τούτου ταχέως ἀπολαβεῖν τὴν ὄψιν, ἥκοντος δὲ τοῦ στρατηγοῦ μετὰ τῆς ἀληθινῆς νίκης ἀφαιρεῖσθε τῶν μὲν θεῶν τὴν τιμήν, αὑτῶν δὲ τὴν χαράν, ὡς φοβούμενοι θεάσασθαι τὸ μέγεθος τῶν κατορθωμάτων, ἢ φειδόμενοι τοῦ πολεμίου βασιλέως· καίτοι κρεῖττον ἦν τῷ πρὸς ἐκεῖνον ἐλέῳ, μὴ τῷ πρὸς τὸν αὐτοκράτορα [7] φθόνῳ λυθῆναι τὸν θρίαμβον. ἀλλ᾽ εἰς τοσαύτην ἔφη τὸ κακόηθες ἐξουσίαν προάγεται δι᾽ ὑμῶν, ὥστε περὶ στρατηγίας καὶ θριάμβου τολμᾷ λέγειν ἄνθρωπος ἄτρωτος καὶ τῷ σώματι

στίλβων ὑπὸ λειότητος καὶ σκιατραφίας πρὸς ἡμᾶς τοὺς τοσούτοις τραύμασι πεπαιδευμένους ἀρετὰς [8] καὶ κακίας κρίνειν στρατηγῶν. ἅμα δὲ τῆς ἐσθῆτος διασχών, ἐξέφηνε κατὰ τῶν στέρνων ὠτειλὰς ἀπίστους τὸ πλῆθος. εἶτα μεταστραφεὶς ἔνια τῶν οὐκ εὐπρεπῶς ἐν ὄχλῳ γυμνοῦσθαι δοκούντων τοῦ σώματος ἀνεκά[9] λυψε, καὶ πρὸς τὸν Γάλβαν ἐπιστρέψας· σὺ μὲν ἔφη, γελᾷς ἐπὶ τούτοις, ἐγὼ δὲ σεμνύνομαι πρὸς τοὺς πολίτας· ὑπὲρ τούτων γὰρ ἡμέραν [10] καὶ νύκτα συνεχῶς ἱππασάμενος ταῦτ’ ἔσχον. ἀλλ’ ἄγε λαβὼν αὐτοὺς ἐπὶ τὴν ψῆφον· ἐγὼ δὲ καταβὰς παρακολουθήσω πᾶσι, καὶ γνώσομαι τοὺς κακοὺς καὶ ἀχαρίστους καὶ δημαγωγεῖσθαι μᾶλλον ἐν τοῖς πολέμοις ἢ στρατηγεῖσθαι βουλομένους.

[32] [1] Οὕτω φασὶν ὑπὸ τῶν λόγων τούτων ἀνακοπῆναι καὶ μεταβαλεῖν τὸ στρατιωτικόν, ὥστε πάσαις ταῖς ἐπικυρωθῆναι τῷ Αἰμιλίῳ τὸν θρίαμβον.

[2] Πεμφθῆναι δ’ αὐτὸν οὕτω λέγουσιν. ὁ μὲν δῆμος ἔν τε τοῖς ἱππικοῖς θεάτροις, ἃ κίρκους καλοῦσι, περί τε τὴν ἀγορὰν ἰκρία πηξάμενοι, καὶ τἆλλα τῆς πόλεως μέρη καταλαβόντες, ὡς ἕκαστα παρεῖχε τῆς πομπῆς [3] ἔποψιν, ἐθεῶντο, καθαραῖς ἐσθῆσι κεκοσμημένοι. πᾶς δὲ ναὸς ἀνέῳκτο καὶ στεφάνων καὶ θυμιαμάτων ἦν πλήρης, ὑπηρέται τε πολλοὶ καὶ ῥαβδονόμοι τοὺς ἀτάκτως συρρέοντας εἰς τὸ μέσον καὶ διαθέοντας ἐξείργοντες, [4] ἀναπεπταμένας τὰς ὁδοὺς καὶ καθαρὰς παρεῖχον. τῆς δὲ πομπῆς εἰς ἡμέρας τρεῖς νενεμημένης, ἡ μὲν πρώτη μόλις ἐξαρκέσασα τοῖς αἰχμαλώτοις ἀνδριάσι καὶ γραφαῖς καὶ κολοσσοῖς, ἐπὶ ζευγῶν πεντήκοντα καὶ [5] διακοσίων κομιζομένοις, τούτων ἔσχε θέαν. τῇ δ’ ὑστεραίᾳ τὰ κάλλιστα καὶ πολυτελέστατα τῶν Μακεδονικῶν ὅπλων ἐπέμπετο πολλαῖς ἁμάξαις, αὐτά τε μαρμαίροντα χαλκῷ νεοσμήκτῳ καὶ σιδήρῳ, τήν τε θέσιν ἐκ τέχνης καὶ συναρμογῆς, ὡς ἂν μάλιστα συμπεφορημένοις χύδην καὶ αὐτομάτως [6] ἐοίκοι, πεποιημένα, κράνη πρὸς ἀσπίσι, καὶ θώρακες ἐπὶ κνημῖσι, καὶ Κρητικαὶ πέλται καὶ Θρᾴκια γέρρα καὶ φαρέτραι μεθ’ ἱππικῶν ἀναμεμειγμέναι χαλινῶν, καὶ ξίφη γυμνὰ διὰ τούτων παρανίσχοντα καὶ σάρισαι [7] παραπεπηγυῖαι, σύμμετρον ἐχόντων χάλασμα τῶν ὅπλων, ὥστε τὴν πρὸς ἄλληλα κροῦσιν ἐν τῷ διαφέρεσθαι τραχὺ καὶ φοβερὸν ὑπηχεῖν, καὶ [8] μηδὲ νενικημένων ἄφοβον εἶναι τὴν ὄψιν. μετὰ δὲ τὰς ὁπλοφόρους ἁμάξας ἄνδρες [ἐπ]ἐπορεύοντο τρισχίλιοι, νόμισμα φέροντες ἀργυροῦν ἐν ἀγγείοις ἑπτακοσίοις πεντήκοντα τριταλάντοις, ὧν ἕκαστον ἀνὰ τέσσαρες ἐκόμιζον· [9] ἄλλοι δὲ κρατῆρας ἀργυροῦς καὶ κέρατα καὶ φιάλας καὶ κύλικας, εὖ διακεκοσμημένα πρὸς θέαν ἕκαστα καὶ περιττὰ τῷ μεγέθει καὶ τῇ παχύτητι τῆς τορείας.

[33] [1] Τῆς δὲ τρίτης ἡμέρας ἕωθεν μὲν εὐθὺς ἐπορεύοντο σαλπιγκταί, μέλος οὐ προσόδιον καὶ πομπικόν, ἀλλ' οἵῳ μαχομένους ἐποτρύνουσιν [2] αὐτοὺς Ῥωμαῖοι, προσεγκελευόμενοι. μετὰ δὲ τούτους ἤγοντο χρυσόκερῳ τροφίαι βοῦς ἑκατὸν εἴκοσι, μίτραις ἠσκημένοι καὶ στέμμασιν· οἱ δ' ἄγοντες αὐτοὺς νεανίσκοι περιζώμασιν εὐπαρύφοις ἐσταλμένοι πρὸς ἱερουργίαν [3] ἐχώρουν, καὶ παῖδες ἀργυρᾶ λοιβεῖα καὶ χρυσᾶ κομίζοντες. εἶτα μετὰ τούτους οἱ τὸ χρυσοῦν νόμισμα φέροντες, εἰς ἀγγεῖα τριταλαντιαῖα μεμερισμένον ὁμοίως τῷ ἀργυρῷ· τὸ δὲ πλῆθος ἦν τῶν ἀγγείων ὀγδοήκοντα [4] τριῶν δέοντα. τούτοις ἐπέβαλλον οἵ τε τὴν ἱερὰν φιάλην ἀνέχοντες, ἣν ὁ Αἰμίλιος ἐκ χρυσοῦ δέκα ταλάντων διάλιθον κατεσκεύασεν, οἵ τε τὰς Ἀντιγονίδας καὶ Σελευκίδας καὶ Θηρικλείους καὶ ὅσα περὶ δεῖπνον [5] χρυσώματα τοῦ Περσέως ἐπιδεικνύμενοι. τούτοις ἐπέβαλλε τὸ ἅρμα τοῦ [6] Περσέως καὶ τὰ ὅπλα καὶ τὸ διάδημα τοῖς ὅπλοις ἐπικείμενον. εἶτα μικροῦ διαλείμματος ὄντος ἤδη τὰ τέκνα τοῦ βασιλέως ἤγετο δοῦλα, καὶ σὺν αὐτοῖς τροφέων καὶ διδασκάλων καὶ παιδαγωγῶν δεδακρυμένων ὄχλος, αὐτῶν τε τὰς χεῖρας ὀρεγόντων εἰς τοὺς θεατάς, καὶ τὰ παιδία δεῖσθαι καὶ [7] λιτανεύειν διδασκόντων. ἦν δ' ἄρρενα μὲν δύο, θῆλυ δ' ἕν, οὐ πάνυ συμφρονοῦντα [8] τῶν κακῶν τὸ μέγεθος διὰ τὴν ἡλικίαν· ᾗ καὶ μᾶλλον ἐλεεινὰ πρὸς τὴν μεταβολὴν τῆς ἀναισθησίας ἦν, ὥστε μικροῦ τὸν Περσέα βαδίζειν [9] παρορώμενον· οὕτως ὑπ' οἴκτου τοῖς νηπίοις προσεῖχον τὰς ὄψεις οἱ Ῥωμαῖοι, καὶ δάκρυα πολλοῖς ἐκβάλλειν συνέβη, πᾶσι δὲ μεμειγμένην ἀλγηδόνι καὶ χάριτι τὴν θέαν εἶναι, μέχρι οὗ τὰ παιδία παρῆλθεν.

[34] [1] Αὐτὸς δὲ τῶν τέκνων ὁ Περσεὺς καὶ τῆς περὶ αὐτὰ θεραπείας κατόπιν ἐπορεύετο, φαιὸν μὲν ἱμάτιον ἀμπεχόμενος καὶ κρηπῖδας ἔχων ἐπιχωρίους, ὑπὸ δὲ μεγέθους τῶν κακῶν πάντα θαμβοῦντι καὶ παραπεπληγμένῳ [2] μάλιστα τὸν λογισμὸν ἐοικώς. καὶ τούτῳ δ' εἵπετο χορὸς φίλων καὶ συνήθων, βεβαρημένων τὰ πρόσωπα πένθει, καὶ τῷ πρὸς Περσέα βλέπειν ἀεὶ καὶ δακρύειν ἔννοιαν παριστάντων τοῖς θεωμένοις, ὅτι τὴν ἐκείνου τύχην ὀλοφύρονται, τῶν καθ' ἑαυτοὺς ἐλάχιστα φροντίζοντες.

[3] Καίτοι προσέπεμψε τῷ Αἰμιλίῳ, δεόμενος μὴ πομπευθῆναι καὶ παραιτούμενος τὸν θρίαμβον. ὁ δὲ τῆς ἀνανδρίας αὐτοῦ καὶ φιλοψυχίας ὡς ἔοικε καταγελῶν, ἀλλὰ τοῦτό γ' εἶπε καὶ πρότερον ἦν ἐπ' αὐτῷ, καὶ νῦν [4] ἐστιν ἂν βούληται, δηλῶν τὸν πρὸ αἰσχύνης θάνατον, ὃν οὐχ ὑπομείνας ὁ δείλαιος, ἀλλ' ὑπ' ἐλπίδων τινῶν ἀπομαλακισθείς, ἐγεγόνει μέρος τῶν αὑτοῦ λαφύρων.

[5] Ἐφεξῆς δὲ τούτοις ἐκομίζοντο χρυσοῖ στέφανοι τετρακόσιοι τὸ πλῆθος, οὓς αἱ πόλεις ἀριστεῖα τῆς νίκης τῷ Αἰμιλίῳ μετὰ πρεσβειῶν ἔπεμψαν· [6] εἶτ'

αὐτὸς ἐπέβαλλεν, ἅρματι κεκοσμημένῳ διαπρεπῶς ἐπιβεβηκώς, ἀνὴρ καὶ δίχα τοσαύτης ἐξουσίας ἀξιοθέατος, ἁλουργίδα χρυσόπαστον ἀμπεχόμενος [7] καὶ δάφνης κλῶνα τῇ δεξιᾷ προτείνων. ἐδαφνηφόρει δὲ καὶ σύμπας ὁ στρατός, τῷ μὲν ἅρματι τοῦ στρατηγοῦ κατὰ λόχους καὶ τάξεις ἑπόμενος, ᾄδων δὲ τὰ μὲν ᾠδάς τινας πατρίους ἀναμεμειγμένας γέλωτι, τὰ δὲ παιᾶνας ἐπινικίους καὶ τῶν διαπεπραγμένων ἐπαίνους εἰς τὸν Αἰμίλιον, περίβλεπτον ὄντα καὶ ζηλωτὸν ὑπὸ πάντων, οὐδενὶ δὲ τῶν ἀγαθῶν [8] ἐπίφθονον, πλὴν εἴ τι δαιμόνιον ἄρα τῶν μεγάλων καὶ ὑπερόγκων εἴληχεν εὐτυχιῶν ἀπαρύτειν καὶ μειγνύναι τὸν ἀνθρώπινον βίον, ὅπως μηδενὶ κακῶν ἄκρατος εἴη καὶ καθαρός, ἀλλὰ καθ' Ὅμηρον (Il. 24, 525533) ἄριστα δοκῶσι πράττειν, οἷς αἱ τύχαι ῥοπὴν ἐπ' ἀμφότερα τῶν πραγμάτων ἔχουσιν.

[35] [1] Ἦσαν γὰρ αὐτῷ τέσσαρες υἱοί, δύο μὲν εἰς ἑτέρας ἀπῳκισμένοι συγγενείας, ὡς ἤδη λέλεκται (c. 5, 5), Σκιπίων καὶ Φάβιος, δύο δὲ παῖδες ἔτι τὴν ἡλικίαν, οὓς ἐπὶ τῆς οἰκίας εἶχε τῆς ἑαυτοῦ, γεγονότας ἐξ ἑτέρας [2] γυναικός. ὧν ὁ μὲν ἡμέραις πέντε πρὸ τοῦ θριαμβεῦσαι τὸν Αἰμίλιον ἐτελεύτησε τεσσαρεσκαιδεκέτης, ὁ δὲ δωδεκέτης μετὰ τρεῖς ἡμέρας θριαμβεύσαντος [3] ἐπαπέθανεν, ὥστε μηδένα γενέσθαι Ῥωμαίων τοῦ πάθους ἀνάλγητον, ἀλλὰ φρῖξαι τὴν ὠμότητα τῆς τύχης ἅπαντας, ὡς οὐκ ᾐδέσατο πένθος τοσοῦτον εἰς οἰκίαν ζήλου καὶ χαρᾶς καὶ θυσιῶν γέμουσαν εἰσάγουσα, καὶ καταμειγνύουσα θρήνους καὶ δάκρυα παιᾶσιν ἐπινικίοις καὶ θριάμβοις.

[36] [1] Οὐ μὴν ἀλλ' ὁ Αἰμίλιος, ὀρθῶς λογιζόμενος ἀνδρείας καὶ θαρραλεότητος ἀνθρώποις οὐ πρὸς ὅπλα καὶ σαρίσας χρῆσιν εἶναι μόνον, ἀλλὰ πρὸς πᾶσαν ὁμαλῶς τύχης ἀντίστασιν, οὕτως ἡρμόσατο καὶ κατεκόσμησε τὴν τῶν παρόντων σύγκρασιν, ὥστε τοῖς ἀγαθοῖς τὰ φαῦλα καὶ τὰ οἰκεῖα τοῖς δημοσίοις ἐναφανισθέντα μὴ ταπεινῶσαι τὸ μέγεθος μηδὲ καθυβρίσαι [2] τὸ ἀξίωμα τῆς νίκης. τὸν μὲν γὰρ πρότερον τῶν παίδων ἀποθανόντα θάψας εὐθὺς ἐθριάμβευσεν, ὡς λέλεκται· τοῦ δὲ δευτέρου μετὰ τὸν θρίαμβον τελευτήσαντος, συναγαγὼν εἰς ἐκκλησίαν τὸν Ῥωμαίων δῆμον, ἐχρήσατο λόγοις ἀνδρὸς οὐ δεομένου παραμυθίας, ἀλλὰ παραμυθουμένου [3] τοὺς πολίτας, δυσπαθοῦντας ἐφ' οἷς ἐκεῖνος ἐδυστύχησεν. ἔφη γάρ, ὅτι τῶν ἀνθρωπίνων οὐδὲν οὐδέποτε δείσας, τῶν δὲ θείων ὡς ἀπιστότατον καὶ ποικιλώτατον πρᾶγμα τὴν Τύχην ἀεὶ φοβηθείς, μάλιστα περὶ τοῦτον αὐτῆς τὸν πόλεμον ὥσπερ πνεύματος λαμπροῦ ταῖς πράξεσι παρούσης, [4] διατελοίη μεταβολήν τινα καὶ παλίρροιαν προσδεχόμενος. μιᾷ μὲν γὰρ εἶπεν ἡμέρᾳ τὸν Ἰόνιον ἀπὸ Βρεντεσίου περάσας, εἰς Κέρκυραν κατήχθην· πεμπταῖος δ' ἐκεῖθεν ἐν Δελφοῖς τῷ θεῷ θύσας, ἑτέραις αὖθις αὖ πέντε τὴν δύναμιν ἐν

Μακεδονίᾳ παρέλαβον, καὶ τὸν εἰωθότα συντελέσας καθαρμὸν αὐτῆς καὶ τῶν πράξεων εὐθὺς ἐναρξάμενος, ἐν ἡμέραις ἄλλαις [5] πεντεκαίδεκα τὸ κάλλιστον ἐπέθηκα τῷ πολέμῳ τέλος. ἀπιστῶν δὲ τῇ Τύχῃ διὰ τὴν εὔροιαν τῶν πραγμάτων, ὡς ἄδεια πολλὴ καὶ κίνδυνος οὐδεὶς ἦν ἀπὸ τῶν πολεμίων, μάλιστα κατὰ πλοῦν ἐδεδίειν τὴν μεταβολὴν τοῦ δαίμονος ἐπ' εὐτυχίᾳ ‹τοσαύτῃ›, τοσοῦτον στρατὸν νενικηκότα καὶ λάφυρα [6] καὶ βασιλεῖς αἰχμαλώτους κομίζων. οὐ μὴν ἀλλὰ καὶ σωθεὶς πρὸς ὑμᾶς, καὶ τὴν πόλιν ὁρῶν εὐφροσύνης καὶ ζήλου καὶ θυσιῶν γέμουσαν, ἔτι τὴν Τύχην δι' ὑποψίας εἶχον, εἰδὼς οὐδὲν εἰλικρινὲς οὐδ' ἀνεμέσητον ἀνθρώποις [7] τῶν μεγάλων χαριζομένην. καὶ τοῦτον οὐ πρότερον ἡ ψυχὴ τὸν φόβον ὠδίνουσα καὶ περισκοπουμένη τὸ μέλλον ὑπὲρ τῆς πόλεως ἀφῆκεν, ἢ τηλικαύτῃ με προσπταῖσαι δυστυχίᾳ περὶ τὸν οἶκον, υἱῶν ἀρίστων, οὓς ἐμαυτῷ μόνους ἐλιπόμην διαδόχους, ταφὰς ἐπαλλήλους ἐν ἡμέραις ἱεραῖς [8] μεταχειρισάμενον. νῦν οὖν ἀκίνδυνός εἰμι τὰ μέγιστα καὶ θαρρῶ, καὶ νομίζω [9] τὴν Τύχην ὑμῖν παραμενεῖν ἀβλαβῆ καὶ βέβαιον. ἱκανῶς γὰρ ἐμοὶ καὶ τοῖς ἐμοῖς κακοῖς εἰς τὴν τῶν κατωρθωμένων ἀποκέχρηται νέμεσιν, οὐκ ἀφανέστερον ἔχουσα παράδειγμα τῆς ἀνθρωπίνης ἀσθενείας τοῦ θριαμβευομένου τὸν θριαμβεύοντα· πλὴν ὅτι Περσεὺς μὲν ἔχει καὶ νενικημένος τοὺς παῖδας, Αἰμίλιος δὲ τοὺς αὑτοῦ νικήσας ἀπέβαλεν.

[37] [1] Οὕτω μὲν εὐγενεῖς καὶ μεγάλους λόγους τὸν Αἰμίλιον ἐξ ἀπλάστου [2] καὶ ἀληθινοῦ φρονήματος ἐν τῷ δήμῳ διαλεχθῆναι λέγουσι. τῷ δὲ Περσεῖ, καίπερ οἰκτίρας τὴν μεταβολὴν καὶ μάλα βοηθῆσαι προθυμηθείς, οὐδὲν εὕρετο πλὴν μεταστάσεως ἐκ τοῦ καλουμένου κάρκερε παρ' αὐτοῖς εἰς τόπον καθαρὸν καὶ φιλανθρωποτέραν δίαιταν, ὅπου φρουρούμενος, ὡς μὲν οἱ πλεῖστοι γεγράφασιν, ἀπεκαρτέρησεν, ἔνιοι δὲ τῆς τελευτῆς ἴδιόν τινα [3] καὶ παρηλλαγμένον τρόπον ἱστοροῦσι. μεμψαμένους γάρ τι καὶ θυμωθέντας αὐτῷ τοὺς περὶ τὸ σῶμα στρατιώτας, ὡς ἕτερον οὐδὲν ἠδύναντο λυπεῖν καὶ κακοῦν αὐτόν, ἐξείργειν τῶν ὕπνων, καὶ προσέχοντας ἀκριβῶς ἐνίστασθαι ταῖς καταφοραῖς καὶ συνέχειν ἐγρηγορότα πάσῃ μηχανῇ, [4] μέχρι οὗ τοῦτον τὸν τρόπον ἐκπονηθεὶς ἐτελεύτησεν. ἐτελεύτησε δὲ καὶ τῶν παιδίων τὰ δύο· τὸν δὲ τρίτον, Ἀλέξανδρον, εὐφυᾶ μὲν ἐν τῷ τορεύειν καὶ λεπτουργεῖν γενέσθαι φασίν, ἐκμαθόντα δὲ τὰ Ῥωμαϊκὰ γράμματα καὶ τὴν διάλεκτον, ὑπογραμματεύειν τοῖς ἄρχουσιν, ἐπιδέξιον καὶ χαρίεντα περὶ ταύτην τὴν ὑπηρεσίαν ἐξεταζόμενον.

[38] [1] Ταῖς δὲ Μακεδονικαῖς πράξεσι τοῦ Αἰμιλίου δημοτικωτάτην προσγράφουσι χάριν ὑπὲρ τῶν πολλῶν, ὡς τοσούτων εἰς τὸ δημόσιον τότε χρημάτων ὑπ' αὐτοῦ τεθέντων, ὥστε μηκέτι δεῆσαι τὸν δῆμον εἰσενεγκεῖν

ἄχρι τῶν Ἱρτίου καὶ Πάνσα χρόνων, οἳ περὶ τὸν πρῶτον Ἀντωνίου [2] καὶ Καίσαρος πόλεμον ὑπάτευσαν. κἀκεῖνο δ᾽ ἴδιον καὶ περιττὸν τοῦ Αἰμιλίου, τὸ σπουδαζόμενον ὑπὸ τοῦ δήμου καὶ τιμώμενον διαφερόντως ἐπὶ τῆς ἀριστοκρατικῆς μεῖναι προαιρέσεως καὶ μηδὲν εἰπεῖν μηδὲ πρᾶξαι χάριτι τῶν πολλῶν, ἀλλὰ τοῖς πρώτοις καὶ κρατίστοις ἀεὶ συνεξετάζεσθαι [3] περὶ τὴν πολιτείαν. ὃ καὶ χρόνοις ὕστερον Ἄππιος ὠνείδισεν Ἀφρικανῷ Σκιπίωνι. μέγιστοι γὰρ ὄντες ἐν τῇ πόλει τότε τὴν τιμητικὴν ἀρχὴν μετῄεσαν, ὁ μὲν τὴν βουλὴν ἔχων καὶ τοὺς ἀρίστους περὶ αὑτόν (αὕτη γὰρ Ἀππίοις ἡ πολιτεία πάτριος), ὁ δὲ μέγας μὲν ὢν ἐφ᾽ ἑαυτοῦ, μεγάλῃ [4] δ᾽ ἀεὶ τῇ παρὰ τοῦ δήμου χάριτι καὶ σπουδῇ κεχρημένος. ὡς οὖν ἐμβάλλοντος εἰς ἀγορὰν τοῦ Σκιπίωνος κατεῖδε παρὰ πλευρὰν ὁ Ἄππιος ἀνθρώπους ἀγεννεῖς καὶ δεδουλευκότας, ἀγοραίους δὲ καὶ δυναμένους ὄχλον συναγαγεῖν καὶ σπουδαρχίᾳ καὶ κραυγῇ πάντα πράγματα βιάσασθαι, [5] μέγα βοήσας ὦ Παῦλε εἶπεν Αἰμίλιε, στέναξον ὑπὸ γῆς, αἰσθόμενος ὅτι σου τὸν υἱὸν Αἰμίλιος ὁ κῆρυξ καὶ Λικίννιος Φιλόνικος ἐπὶ τιμητείαν [6] κατάγουσιν. ἀλλὰ Σκιπίων μὲν αὔξων τὰ πλεῖστα τὸν δῆμον εὔνουν εἶχεν, Αἰμίλιος δὲ καίπερ ὢν ἀριστοκρατικὸς οὐδὲν ἧττον ὑπὸ τῶν πολλῶν ἠγαπᾶτο τοῦ μάλιστα δημαγωγεῖν καὶ πρὸς χάριν ὁμιλεῖν τοῖς πολλοῖς [7] δοκοῦντος. ἐδήλωσαν δὲ μετὰ τῶν ἄλλων καλῶν καὶ τιμητείας αὐτὸν ἀξιώσαντες, ἥτις ἐστὶν ἀρχὴ πασῶν ἱερωτάτη καὶ δυναμένη μέγα πρός τε [8] τἆλλα καὶ πρὸς ἐξέτασιν βίων. ἐκβαλεῖν τε γὰρ ἔξεστι συγκλήτου τὸν ἀπρεπῶς ζῶντα τοῖς τιμηταῖς καὶ προγράψαι τὸν ἄριστον, ἵππου τ᾽ ἀφαιρέσει τῶν νέων ἀτιμάσαι τὸν ἀκολασταίνοντα, καὶ τῶν οὐσιῶν οὗτοι τὰ [9] τιμήματα καὶ τὰς ἀπογραφὰς ἐπισκοποῦσιν. ἀπεγράψαντο μὲν οὖν κατ᾽ αὐτὸν μυριάδες ἀνθρώπων τριάκοντα τρεῖς, ἔτι δ᾽ ἑπτακισχίλιοι τετρακόσιοι πεντήκοντα δύο, τῆς δὲ βουλῆς προέγραψε μὲν Μᾶρκον Αἰμίλιον Λέπιδον, ἤδη τετράκις καρπούμενον ταύτην τὴν προεδρίαν, ἐξέβαλε δὲ τρεῖς συγκλητικοὺς οὐ τῶν ἐπιφανῶν, καὶ περὶ τὴν τῶν ἱππέων ἐξέτασιν ὁμοίως ἐμετρίασεν αὐτός τε καὶ Μάρκιος Φίλιππος ὁ συνάρχων αὐτοῦ.

[39] [1] Διῳκημένων δὲ τῶν πλείστων καὶ μεγίστων, ἐνόσησε νόσον ἐν ἀρχῇ μὲν ἐπισφαλῆ, χρόνῳ δ᾽ ἀκίνδυνον, ἐργώδη δὲ καὶ δυσαπάλλακτον [2] γενομένην. ἐπεὶ δὲ πεισθεὶς ὑπὸ τῶν ἰατρῶν ἔπλευσεν εἰς Ἐλέαν τῆς Ἰταλίας καὶ διέτριβεν αὐτόθι πλείω χρόνον ἐν παραλίοις ἀγροῖς καὶ πολλὴν ἡσυχίαν ἔχουσιν, ἐπόθησαν αὐτὸν οἱ Ῥωμαῖοι, καὶ φωνὰς πολλάκις ἐν [3] θεάτροις οἷον εὐχόμενοι καὶ σπεύδοντες ἰδεῖν ἀφῆκαν. οὔσης δέ τινος ἱερουργίας ἀναγκαίας, ἤδη δὲ καὶ δοκοῦντος ἱκανῶς ἔχειν αὐτῷ τοῦ σώματος, [4] ἐπανῆλθεν εἰς Ῥώμην. κἀκείνην μὲν ἔθυσε μετὰ τῶν ἄλλων τὴν θυσίαν

ἱερέων, ἐπιφανῶς τοῦ δήμου περικεχυμένου καὶ χαίροντος· τῇ [5] δ’ ὑστεραίᾳ πάλιν ἔθυσεν αὐτὸς ὑπὲρ αὑτοῦ σωτήρια τοῖς θεοῖς. καὶ συμπερανθείσης ὡς προῄρητο τῆς θυσίας, ὑποστρέψας οἴκαδε καὶ κατακλιθείς, πρὶν αἰσθέσθαι καὶ νοῆσαι τὴν μεταβολήν, ἐν ἐκστάσει καὶ παραφορᾷ τῆς διανοίας γενόμενος, τριταῖος ἐτελεύτησεν, οὐδενὸς ἐνδεὴς οὐδ’ ἀτελὴς [6] τῶν πρὸς εὐδαιμονίαν νενομισμένων γενόμενος. καὶ γὰρ ἡ περὶ τὴν ἐκφορὰν πομπὴ θαυμασμὸν ἔσχε καὶ ζῆλον, ἐπικοσμοῦντα τὴν ἀρετὴν τοῦ [7] ἀνδρὸς τοῖς ἀρίστοις καὶ μακαριωτάτοις ἐνταφίοις. ταῦτα δ’ ἦν οὐ χρυσὸς οὐδ’ ἐλέφας οὐδ’ ἡ λοιπὴ πολυτέλεια καὶ φιλοτιμία τῆς παρασκευῆς, ἀλλ’ εὔνοια καὶ τιμὴ καὶ χάρις οὐ μόνον παρὰ τῶν πολιτῶν, ἀλλὰ καὶ τῶν [8] πολεμίων. ὅσοι γοῦν κατὰ τύχην παρῆσαν Ἰβήρων καὶ Λιγύων καὶ Μακεδόνων, οἱ μὲν ἰσχυροὶ τὰ σώματα καὶ νέοι διαλαβόντες τὸ λέχος ὑπέδυσαν καὶ παρεκόμιζον, οἱ δὲ πρεσβύτεροι συνηκολούθουν, ἀνακαλούμενοι [9] τὸν Αἰμίλιον εὐεργέτην καὶ σωτῆρα τῶν πατρίδων. οὐ γὰρ μόνον ἐν οἷς ἐκράτησε καιροῖς ἠπίως πᾶσι καὶ φιλανθρώπως ἀπηλλάγη χρησάμενος, ἀλλὰ καὶ παρὰ πάντα τὸν λοιπὸν βίον ἀεί τι πράττων ἀγαθὸν αὐτοῖς καὶ κηδόμενος ὥσπερ οἰκείων καὶ συγγενῶν διετέλεσε.

[10] Τὴν δ’ οὐσίαν αὐτοῦ μόλις ἑπτὰ καὶ τριάκοντα μυριάδων γενέσθαι λέγουσιν· ἧς αὐτὸς μὲν ἀμφοτέρους τοὺς υἱοὺς ἀπέλιπε κληρονόμους, ὁ δὲ νεώτερος Σκιπίων τῷ ἀδελφῷ πᾶσαν ἔχειν συνεχώρησεν, αὐτὸς εἰς οἶκον [11] εὐπορώτερον τὸν Ἀφρικανοῦ δεδομένος. ‹τοι›οῦτος μὲν ὁ Παύλου Αἰμιλίου τρόπος καὶ βίος λέγεται γενέσθαι.

Comparison Aemilii Paulli et Timoleontis

[1] [1] Τοιούτων δὲ τῶν κατὰ τὴν ἱστορίαν ὄντων, δῆλον ὡς οὐκ ἔχει [2] πολλὰς διαφορὰς οὐδ᾽ ἀνομοιότητας ἡ σύγκρισις. οἵ τε γὰρ πόλεμοι πρὸς ἐνδόξους γεγόνασιν ἀμφοτέροις ἀνταγωνιστάς, τῷ μὲν Μακεδόνας, τῷ δὲ Καρχηδονίους, αἵ τε νῖκαι περιβόητοι, τοῦ μὲν ἑλόντος Μακεδονίαν καὶ τὴν ἀπ᾽ Ἀντιγόνου διαδοχὴν ἐν ἑβδόμῳ βασιλεῖ καταπαύσαντος, τοῦ δὲ τὰς τυραννίδας πάσας ἀνελόντος ἐκ Σικελίας καὶ τὴν νῆσον ἐλευθερώσαντος· [3] εἰ μὴ νὴ Δία βούλοιτό τις παρεγχειρεῖν, ὡς Αἰμίλιος μὲν ἐρρωμένῳ Περσεῖ καὶ Ῥωμαίους νενικηκότι, Τιμολέων δὲ Διονυσίῳ παντάπασιν [4] ἀπειρηκότι καὶ κατατετριμμένῳ συνέπεσε· καὶ πάλιν ὑπὲρ Τιμολέοντος, ὅτι πολλοὺς μὲν τυράννους, μεγάλην δὲ τὴν Καρχηδονίων δύναμιν ἀπὸ τῆς τυχούσης στρατιᾶς ἐνίκησεν, οὐχ ὥσπερ Αἰμίλιος ἀνδράσιν ἐμπειροπολέμοις καὶ μεμαθηκόσιν ἄρχεσθαι χρώμενος, ἀλλὰ μισθοφόροις οὖσι καὶ [5] στρατιώταις ἀτάκτοις, πρὸς ἡδονὴν εἰθισμένοις στρατεύεσθαι. τὰ γὰρ ἀπ᾽ οὐκ ἴσης παρασκευῆς ἴσα κατορθώματα τῷ στρατηγῷ τὴν αἰτίαν περιτίθησι.

[2] [1] Καθαρῶν οὖν καὶ δικαίων ἐν τοῖς πράγμασιν ἀμφοτέρων γεγονότων, Αἰμίλιος μὲν ὑπὸ τῶν νόμων καὶ τῆς πατρίδος οὕτως ἔοικεν εὐθὺς ἀφικέσθαι παρεσκευασμένος, Τιμολέων δὲ τοιοῦτον αὐτὸς ἑαυτὸν παρέσχε.

[2] τούτου τεκμήριον, ὅτι Ῥωμαῖοι μὲν ὁμαλῶς ἐν τῷ τότε χρόνῳ πάντες ἦσαν εὔτακτοι καὶ ὑποχείριοι τοῖς ἐθισμοῖς, καὶ τοὺς νόμους δεδιότες καὶ τοὺς ἄρχοντας, Ἑλλήνων δ᾽ οὐδεὶς ἡγεμὼν ἐστιν οὐδὲ στρατηγός, ὃς οὐ [3] διεφθάρη τότε Σικελίας ἁψάμενος, ἔξω Δίωνος. καίτοι ‹καὶ› Δίωνα πολλοὶ μοναρχίας ὀρέγεσθαι καὶ βασιλείαν τινὰ Λακωνικὴν ὀνειροπολεῖν [4] ὑπενόουν. Τίμαιος (FGrH 566 F 100c) δὲ καὶ Γύλιππον ἀκλεῶς φησι καὶ ἀτίμως ἀποπέμψαι Συρακοσίους, φιλοπλουτίαν αὐτοῦ καὶ ἀπληστίαν ἐν [5] τῇ στρατηγίᾳ κατεγνωκότας. ἃ δὲ Φάραξ ὁ Σπαρτιάτης καὶ Κάλλιππος ὁ Ἀθηναῖος ἐλπίσαντες ἄρξειν Σικελίας παρενόμησαν καὶ παρεσπόνδησαν, [6] ὑπὸ πολλῶν ἀναγέγραπται. καίτοι τίνες ἢ πηλίκων κύριοι πραγμάτων ὄντες οὗτοι τοιαῦτ᾽ ἤλπισαν; ὧν ὁ μὲν ἐκπεπτωκότα Συρακουσῶν ἐθεράπευε [7] Διονύσιον, Κάλλιππος δ᾽ εἷς ἦν τῶν περὶ Δίωνα ξεναγῶν. ἀλλὰ Τιμολέων αἰτησαμένοις καὶ δεηθεῖσιν αὐτοκράτωρ πεμφθεὶς Συρακοσίοις, καὶ δύναμιν οὐ ζητῶν, ἀλλ᾽ ἔχειν ὀφείλων ἣν ἔλαβε βουλομένων καὶ διδόντων, πέρας ἐποιήσατο τῆς αὐτοῦ στρατηγίας καὶ ἀρχῆς τὴν τῶν παρὰ νόμον [8] ἀρχόντων κατάλυσιν. ἐκεῖνο μέντοι τοῦ Αἰμιλίου θαυμαστόν, ὅτι τηλικαύτην βασιλείαν καταστρεψάμενος οὐδὲ δραχμῇ μείζονα τὴν οὐσίαν ἐποίησεν οὐδ᾽ εἶδεν οὐδ᾽

ἥψατο τῶν χρημάτων, καίτοι πολλὰ δοὺς ἑτέροις [9] καὶ δωρησάμενος. οὐ λέγω δ᾽ ὅτι Τιμολέων μεμπτός ἐστιν οἰκίαν τε καλὴν λαβὼν καὶ χωρίον· οὐ γὰρ τὸ λαβεῖν ἐκ τοιούτων αἰσχρόν, ἀλλὰ τὸ μὴ λαβεῖν κρεῖττον, καὶ περιουσία τις ἀρετῆς ἐν οἷς ἔξεστιν ἐπιδεικνυμένης τὸ [10] μὴ δεόμενον. ἐπεὶ δ᾽, ὡς σώματος ῥῖγος ἢ θάλπος φέρειν δυναμένου τὸ πρὸς ἀμφοτέρας εὖ πεφυκὸς ὁμοῦ τὰς μεταβολὰς ῥωμαλεώτερον, οὕτω ψυχῆς ἄκρατος εὐρωστία καὶ ἰσχύς, ἣν οὔτε τὸ εὐτυχεῖν ὕβρει θρύπτει καὶ ἀνίησιν οὔτε συμφοραὶ ταπεινοῦσι, φαίνεται τελειότερος ὁ Αἰμίλιος, ἐν χαλεπῇ τύχῃ καὶ πάθει μεγάλῳ τῷ περὶ τοὺς παῖδας οὐδέν τι μικρότερος [11] οὐδ᾽ ἀσεμνότερος ἢ διὰ τῶν εὐτυχημάτων ὁραθείς. Τιμολέων δὲ γενναῖα πράξας περὶ τὸν ἀδελφὸν οὐκ ἀντέσχε τῷ λογισμῷ πρὸς τὸ πάθος, ἀλλὰ μετανοίᾳ καὶ λύπῃ ταπεινωθεὶς ἐτῶν εἴκοσι τὸ βῆμα καὶ τὴν ἀγορὰν ἰδεῖν [12] οὐχ ὑπέμεινε. δεῖ δὲ τὰ αἰσχρὰ φεύγειν καὶ αἰδεῖσθαι· τὸ δὲ πρὸς πᾶσαν ἀδοξίαν εὐλαβὲς ἐπιεικοῦς μὲν ἤθους καὶ ἁπαλοῦ, μέγεθος δ᾽ οὐκ ἔχοντος.

Pelopidas

[1] [1] Κάτων ὁ πρεσβύτερος πρός τινας ἐπαινοῦντας ἄνθρωπον ἀλογίστως παράβολον καὶ τολμηρὸν ἐν τοῖς πολεμικοῖς διαφέρειν ἔφη τοῦ πολλοῦ τινα τὴν ἀρετὴν ἀξίαν [καὶ] τὸ μὴ πολλοῦ τὸ ζῆν ἄξιον νομίζειν, ὀρθῶς ἀποφαινόμενος.

[2] ὁ γοῦν παρ’ Ἀντιγόνῳ στρατευόμενος ἰταμός, φαῦλος δὲ τὴν ἕξιν καὶ τὸ σῶμα διεφθορώς, ἐρομένου τοῦ βασιλέως τὴν αἰτίαν τῆς ὠχρότητος, ὡμολόγησέ τινα νόσον [3] τῶν ἀπορρήτων· ἐπεὶ δὲ φιλοτιμηθεὶς ὁ βασιλεὺς προσέταξε τοῖς ἰατροῖς, ἐάν τις ᾖ βοήθεια, μηδὲν ἐλλιπεῖν τῆς ἄκρας ἐπιμελείας, οὕτω θεραπευθεὶς ὁ γενναῖος ἐκεῖνος οὐκέτ’ ἦν φιλοκίνδυνος οὐδὲ ῥαγδαῖος ἐν τοῖς ἀγῶσιν, ὥστε καὶ τὸν Ἀντίγονον ἐγκαλεῖν καὶ θαυμάζειν τὴν [4] μεταβολήν. οὐ μὴν ὁ ἄνθρωπος ἀπεκρύψατο τὸ αἴτιον, ἀλλ’ εἶπεν· ὦ βασιλεῦ, σύ με πεποίηκας ἀτολμότερον, ἀπαλλάξας ἐκείνων τῶν κακῶν δι’ ἃ τοῦ ζῆν ὠλιγώρουν.

[5] πρὸς τοῦτο δὲ φαίνεται καὶ Συβαρίτης ἀνὴρ εἰπεῖν περὶ τῶν Σπαρτιατῶν, ὡς οὐ μέγα ποιοῦσι θανατῶντες ἐν τοῖς πολέμοις ὑπὲρ τοῦ τοσούτους πόνους καὶ τοιαύτην [6] ἀποφυγεῖν δίαιταν. ἀλλὰ Συβαρίταις μέν, ἐκτετηκόσιν ὑπὸ τρυφῆς καὶ μαλακίας τὴν πρὸς τὸ καλὸν ὁρμὴν καὶ φιλοτιμίαν, εἰκότως ἐφαίνοντο μισεῖν τὸν βίον οἱ μὴ [7] φοβούμενοι τὸν θάνατον· Λακεδαιμονίοις δὲ καὶ ζῆν ἡδέως καὶ θνῄσκειν ἀμφότερα ἀρετὴ παρεῖχεν, ὡς δηλοῖ τὸ ἐπικήδειον (Preger 3)· οἵδε γάρ φησιν ἔθανον

οὐ τὸ ζῆν θέμενοι καλὸν οὐδὲ τὸ θνῄσκειν,
ἀλλὰ τὸ ταῦτα καλῶς ἀμφότερ’ ἐκτελέσαι.

[8] οὔτε γὰρ φυγὴ θανάτου μεμπτόν, ἂν ὀρέγηταί τις τοῦ βίου μὴ αἰσχρῶς, οὔθ’ ὑπομονὴ καλόν, εἰ μετ’ ὀλιγωρίας [9] γίνοιτο τοῦ ζῆν. ὅθεν Ὅμηρος μὲν ἀεὶ τοὺς θαρραλεωτάτους καὶ μαχιμωτάτους ἄνδρας εὖ καὶ καλῶς ὡπλισμένους [10] ἐξάγει πρὸς τοὺς ἀγῶνας· οἱ δὲ τῶν Ἑλλήνων νομοθέται τὸν ῥίψασπιν κολάζουσιν, οὐ τὸν ξίφος οὐδὲ λόγχην προέμενον, διδάσκοντες ὅτι τοῦ μὴ παθεῖν κακῶς πρότερον ἢ τοῦ ποιῆσαι τοὺς πολεμίους ἑκάστῳ μέλειν προσήκει, μάλιστα δ’ ἄρχοντι πόλεως ἢ στρατεύματος.

[2] [1] Εἰ γάρ, ὡς Ἰφικράτης διῄρει, χερσὶ μὲν ἐοίκασιν οἱ ψιλοί, ποσὶ δὲ τὸ ἱππικόν, αὐτὴ δ’ ἡ φάλαγξ στέρνῳ καὶ θώρακι, κεφαλῇ δ’ ὁ στρατηγός, οὐχ αὑτοῦ δόξειεν ἂν ἀποκινδυνεύων παραμελεῖν καὶ θρασυνόμενος, ἀλλ’ ἁπάντων, οἷς ἡ σωτηρία γίνεται δι’ αὐτοῦ καὶ τοὐναντίον.

[2] ὅθεν ὁ Καλλικρατίδας, καίπερ ὢν τἆλλα μέγας, οὐκ εὖ πρὸς τὸν μάντιν εἶπε· δεομένου γὰρ αὐτοῦ φυλάττεσθαι θάνατον, ὡς τῶν ἱερῶν προδηλούντων, ἔφη [3] μὴ παρ' ἕν' εἶναι τὰ Σπάρτας. μαχόμενος γὰρ εἷς ἦν καὶ πλέων καὶ στρατευόμενος ὁ Καλλικρατίδας, στρατηγῶν δὲ τὴν ἁπάντων εἶχε συλλαβὼν ἐν αὑτῷ δύναμιν, [4] ὥστ' οὐκ ἦν εἷς ᾧ τοσαῦτα συναπώλλυτο. βέλτιον δ' Ἀντίγονος ὁ γέρων, ὅτε ναυμαχεῖν περὶ Ἄνδρον ἔμελλεν, εἰπόντος τινὸς ὡς πολὺ πλείους αἱ τῶν πολεμίων νῆες [5] εἶεν, ἐμὲ δ' αὐτὸν ἔφη πρὸς πόσας ἀντιστήσεις; μέγα τὸ τῆς ἀρχῆς, ὥσπερ ἐστίν, ἀξίωμα ποιῶν μετ' ἐμπειρίας καὶ ἀρετῆς ταττόμενον, ἧς πρῶτον ἔργον ἐστὶ σῴζειν [6] τὸν ἅπαντα τἆλλα σῴζοντα. διὸ καλῶς ὁ Τιμόθεος, ἐπιδεικνυμένου ποτὲ τοῖς Ἀθηναίοις τοῦ Χάρητος ὠτειλάς τινας ἐν τῷ σώματι καὶ τὴν ἀσπίδα λόγχῃ διακεκομμένην, ἐγὼ δ' εἶπε καὶ λίαν ᾐσχύνθην, ὅτι μου πολιορκοῦντος Σάμον ἐγγὺς ἔπεσε βέλος, ὡς μειρακιωδέστερον ἐμαυτῷ χρώμενος ἢ κατὰ στρατηγὸν καὶ ἡγεμόνα [7] δυνάμεως τοσαύτης. ὅπου μὲν γὰρ εἰς τὰ ὅλα μεγάλην φέρει ῥοπὴν ὁ τοῦ στρατηγοῦ κίνδυνος, ἐνταῦθα καὶ χειρὶ καὶ σώματι χρηστέον ἀφειδῶς, χαίρειν φράσαντα τοῖς λέγουσιν, ὡς χρὴ τὸν ἀγαθὸν στρατηγὸν μάλιστα [8] μὲν ὑπὸ γήρως, εἰ δὲ μή, γέροντα θνῄσκειν· ὅπου δὲ μικρὸν τὸ περιγιγνόμενον ἐκ τοῦ κατορθώματος, τὸ δὲ πᾶν συναπόλλυται σφαλέντος, οὐδεὶς ἀπαιτεῖ στρατιώτου πρᾶξιν κινδύνῳ πραττομένην στρατηγοῦ.

[9] Ταῦτα δέ μοι παρέστη προαναφωνῆσαι γράφοντι τὸν Πελοπίδου βίον καὶ τὸν Μαρκέλλου, μεγάλων ἀνδρῶν [10] παραλόγως πεσόντων. καὶ γὰρ χειρὶ χρῆσθαι μαχιμώτατοι γενόμενοι, καὶ στρατηγίαις ἐπιφανεστάταις κοσμήσαντες ἀμφότεροι τὰς πατρίδας, ἔτι δὲ τῶν βαρυτάτων ἀνταγωνιστῶν, ὁ μὲν Ἀννίβαν ἀήττητον ὄντα πρῶτος ὡς λέγεται τρεψάμενος, ὁ δὲ γῆς καὶ θαλάττης ἄρχοντας Λακεδαιμονίους [11] ἐκ παρατάξεως νικήσας, ἠφείδησαν ἑαυτῶν σὺν οὐδενὶ λογισμῷ, προέμενοι τὸν βίον ὁπηνίκα μάλιστα τοιούτων καιρὸς ἦν ἀνδρῶν σῳζομένων καὶ ἀρχόντων.

[12] διόπερ ἡμεῖς ἑπόμενοι ταῖς ὁμοιότησι παραλλήλους ἀνεγράψαμεν αὐτῶν τοὺς βίους.

[3] [1] Πελοπίδᾳ τῷ Ἱππόκλου γένος μὲν ἦν εὐδόκιμον ἐν Θήβαις ὥσπερ Ἐπαμεινώνδᾳ, τραφεὶς δ' ἐν οὐσίᾳ μεγάλῃ, καὶ παραλαβὼν ἔτι νέος λαμπρὸν οἶκον, ὥρμησε τῶν δεομένων καὶ τῶν φίλων τοῖς ἀξίοις βοηθεῖν, ἵνα κύριος ἀληθῶς φαίνοιτο χρημάτων γεγονώς, ἀλλὰ μὴ δοῦλος.

[2] τῶν γὰρ πολλῶν, ὡς Ἀριστοτέλης φησίν (fg. 56 Rose), οἱ μὲν οὐ χρῶνται [αὐτῷ] διὰ μικρολογίαν, οἱ δὲ παραχρῶνται δι' ἀσωτίαν, καὶ δουλεύοντες οὗτοι μὲν ἀεὶ ταῖς ἡδοναῖς, [3] ἐκεῖνοι δὲ ταῖς ἀσχολίαις

διατελοῦσιν. οἱ μὲν οὖν ἄλλοι τῷ Πελοπίδᾳ χάριν ἔχοντες ἐχρῶντο τῇ πρὸς αὐτοὺς ἐλευθεριότητι καὶ φιλανθρωπίᾳ, μόνον δὲ τῶν φίλων τὸν Ἐπαμεινώνδαν [4] οὐκ ἔπειθε τοῦ πλούτου μεταλαμβάνειν· αὐτὸς μέντοι μετεῖχε τῆς ἐκείνου πενίας, ἐσθῆτος ἀφελείᾳ καὶ τραπέζης λιτότητι καὶ τῷ πρὸς τοὺς πόνους ἀόκνῳ [καὶ] [5] κατὰ ‹τὰς› στρατείας [ἀδόλῳ] καλλωπιζόμενος, ὥσπερ ὁ Εὐριπίδου Καπανεύς (Suppl. 861),

ᾧ βίος μὲν ἦν πολύς,

ἥκιστα δ’ ὄλβῳ γαῦρος ἦν,

αἰσχυνόμενος εἰ φανεῖται πλείοσι χρώμενος εἰς τὸ σῶμα [6] τοῦ τὰ ἐλάχιστα κεκτημένου Θηβαίων. Ἐπαμεινώνδας μὲν οὖν συνήθη καὶ πατρῴαν οὖσαν αὐτῷ τὴν πενίαν ἔτι μᾶλλον εὔζωνον καὶ κοῦφον ἐποίησε φιλοσοφῶν καὶ [7] μονότροπον βίον ἀπ’ ἀρχῆς ἑλόμενος· Πελοπίδᾳ δ’ ἦν μὲν γάμος λαμπρός, ἐγένοντο δὲ καὶ παῖδες, ἀλλ’ οὐδὲν ἧττον ἀμελῶν τοῦ χρηματίζεσθαι καὶ σχολάζων τῇ πόλει [8] τὸν ἅπαντα χρόνον, ἠλάττωσε τὴν οὐσίαν. τῶν δὲ φίλων νουθετούντων, καὶ λεγόντων ὡς ἀναγκαίου πράγματος ὀλιγωρεῖ, τοῦ χρήματα ‹συν›άγειν, ἀναγκαίου νὴ Δί’ ‹εἶπε› Νικοδήμῳ τούτῳ, δείξας τινὰ χωλὸν καὶ τυφλόν.

[4] [1] Ἦσαν δὲ καὶ πρὸς πᾶσαν ἀρετὴν πεφυκότες ὁμοίως, πλὴν ὅτι τῷ γυμνάζεσθαι μᾶλλον ἔχαιρε Πελοπίδας, τῷ δὲ μανθάνειν Ἐπαμεινώνδας, καὶ τὰς διατριβὰς ἐν τῷ σχολάζειν ὁ μὲν περὶ παλαίστρας καὶ κυνηγέσια, ὁ δ’ [2] ἀκούων τι καὶ φιλοσοφῶν ἐποιεῖτο. πολλῶν δὲ καὶ καλῶν ὑπαρχόντων ἀμφοτέροις πρὸς δόξαν, οὐδὲν οἱ νοῦν ἔχοντες ἡγοῦνται τηλικοῦτον, ἡλίκον τὴν διὰ τοσούτων ἀγώνων καὶ στρατηγιῶν καὶ πολιτειῶν ἀνεξέλεγκτον εὔνοιαν [3] καὶ φιλίαν, ἀπ’ ἀρχῆς μέχρι τέλους συμμείνασαν. εἰ γάρ τις ἀποβλέψας τὴν Ἀριστείδου καὶ Θεμιστοκλέους, καὶ Κίμωνος καὶ Περικλέους, καὶ Νικίου καὶ Ἀλκιβιάδου πολιτείαν, ὅσων γέγονε μεστὴ διαφορῶν καὶ φθόνων καὶ ζηλοτυπιῶν πρὸς ἀλλήλους, σκέψαιτο πάλιν τὴν Πελοπίδου πρὸς Ἐπαμεινώνδαν εὐμένειαν καὶ τιμήν, τούτους ἂν ὀρθῶς καὶ δικαίως προσαγορεύσειε συνάρχοντας καὶ συστρατήγους ἢ ἐκείνους, οἳ μᾶλλον ἀλλήλων ἢ τῶν πολεμίων [4] ἀγωνιζόμενοι περιεῖναι διετέλεσαν. αἰτία δ’ ἀληθινὴ μὲν ἦν ἡ ἀρετή, δι’ ἣν οὐ δόξαν, οὐ πλοῦτον ἀπὸ τῶν πράξεων μετιόντες, οἷς ὁ χαλεπὸς καὶ δύσερις ἐμφύεται φθόνος, ἀλλ’ ἔρωτα θεῖον ἀπ’ ἀρχῆς ἐρασθέντες ἀμφότεροι τοῦ τὴν πατρίδα λαμπροτάτην καὶ μεγίστην ἐφ’ ἑαυτῶν ἰδεῖν γενομένην, ὥσπερ ἰδίοις ἐπὶ τοῦτο τοῖς αὑτῶν [5] ἐχρῶντο κατορθώμασιν. οὐ μὴν ἀλλ’ οἵ γε πολλοὶ νομίζουσιν αὐτοῖς τὴν σφοδρὰν φιλίαν ἀπὸ τῆς ἐν Μαντινείᾳ γενέσθαι στρατείας, ἣν συνεστρατεύσαντο Λακεδαιμονίοις ἔτι φίλοις καὶ συμμάχοις οὖσι πεμφθείσης ἐκ [6] Θηβῶν

βοηθείας. τεταγμένοι γὰρ ἐν τοῖς ὁπλίταις μετ’ ἀλλήλων καὶ μαχόμενοι πρὸς τοὺς Ἀρκάδας, ὡς ἐνέδωκε τὸ κατ’ αὐτοὺς κέρας τῶν Λακεδαιμονίων καὶ τροπὴ τῶν πολλῶν ἐγεγόνει, συνασπίσαντες ἠμύναντο τοὺς ἐπιφερομένους.

[7] καὶ Πελοπίδας μὲν ἑπτὰ τραύματα λαβὼν ἐναντία, πολλοῖς ἐπικατερρύη νεκροῖς ὁμοῦ φίλοις καὶ πολεμίοις, Ἐπαμεινώνδας δέ, καίπερ ἀβιώτως ἔχειν αὐτὸν ἡγούμενος, ὑπὲρ τοῦ σώματος καὶ τῶν ὅπλων ἔστη προελθών, καὶ διεκινδύνευσε πρὸς πολλοὺς μόνος, ἐγνωκὼς ἀποθανεῖν μᾶλλον ἢ Πελοπίδαν ἀπολιπεῖν κείμενον.

[8] ἤδη δὲ καὶ τούτου κακῶς ἔχοντος, καὶ λόγχῃ μὲν εἰς τὸ στῆθος, ξίφει δ’ εἰς τὸν βραχίονα τετρωμένου, προσεβοήθησεν ἀπὸ θατέρου κέρως Ἀγησίπολις ὁ βασιλεὺς τῶν Σπαρτιατῶν, καὶ περιεποίησεν ἀνελπίστως αὐτοὺς ἀμφοτέρους.

[5] [1] Μετὰ δὲ ταῦτα τῶν Σπαρτιατῶν λόγῳ μὲν ὡς φίλοις καὶ συμμάχοις προσφερομένων τοῖς Θηβαίοις, ἔργῳ δὲ τὸ φρόνημα τῆς πόλεως καὶ τὴν δύναμιν ὑφορωμένων, καὶ μάλιστα τὴν Ἰσμηνίου καὶ Ἀνδροκλείδου μισούντων ἑταιρείαν, ἧς μετεῖχεν ὁ Πελοπίδας, φιλελεύθερον ἅμα [2] καὶ δημοτικὴν εἶναι δοκοῦσαν, Ἀρχίας καὶ Λεοντίδας καὶ Φίλιππος, ἄνδρες ὀλιγαρχικοὶ καὶ πλούσιοι καὶ μέτριον οὐδὲν φρονοῦντες, ἀναπείθουσι Φοιβίδαν τὸν Λάκωνα μετὰ στρατιᾶς διαπορευόμενον ἐξαίφνης καταλαβεῖν τὴν Καδμείαν, καὶ τοὺς ὑπεναντιουμένους αὐτοῖς ἐκβαλόντα πρὸς τὸ Λακεδαιμονίων ὑπήκοον ἁρμόσασθαι δι’ ὀλίγων [3] τὴν πολιτείαν. πεισθέντος δ’ ἐκείνου καὶ μὴ προσδοκῶσι τοῖς Θηβαίοις ἐπιθεμένου Θεσμοφορίων ὄντων καὶ τῆς ἄκρας κυριεύσαντος, Ἰσμηνίας μὲν συναρπασθεὶς καὶ κομισθεὶς εἰς Λακεδαίμονα μετ’ οὐ πολὺν χρόνον ἀνῃρέθη, Πελοπίδας δὲ καὶ Φερένικος καὶ Ἀνδροκλείδας [4] μετὰ συχνῶν ἄλλων φεύγοντες ἐξεκηρύχθησαν. Ἐπαμεινώνδας δὲ κατὰ χώραν ἔμεινε τῷ καταφρονηθῆναι διὰ μὲν φιλοσοφίαν ὡς ἀπράγμων, διὰ δὲ πενίαν ὡς ἀδύνατος.

[6] [1] Ἐπεὶ δὲ Λακεδαιμόνιοι Φοιβίδαν μὲν ἀφείλοντο τῆς ἀρχῆς καὶ δέκα δραχμῶν μυριάσιν ἐζημίωσαν, τὴν δὲ Καδμείαν οὐδὲν ἧττον φρουρᾷ κατέσχον, οἱ μὲν ἄλλοι πάντες Ἕλληνες ἐθαύμαζον τὴν ἀτοπίαν, εἰ τὸν μὲν [2] πράξαντα κολάζουσι, τὴν δὲ πρᾶξιν δοκιμάζουσι· τοῖς δὲ Θηβαίοις, τὴν πάτριον ἀποβεβληκόσι πολιτείαν καὶ καταδεδουλωμένοις ὑπὸ τῶν περὶ Ἀρχίαν καὶ Λεοντίδαν, οὐδ’ ἐλπίσαι περιῆν ἀπαλλαγήν τινα τῆς τυραννίδος, ἣν ἑώρων τῇ Σπαρτιατῶν δορυφορουμένην ἡγεμονίᾳ καὶ καταλυθῆναι μὴ δυναμένην, εἰ μή τις ἄρα παύσειε κἀκείνους [3] γῆς καὶ θαλάττης ἄρχοντας. οὐ μὴν ἀλλ’ οἱ περὶ Λεοντίδαν πυνθανόμενοι τοὺς φυγάδας Ἀθήνησι διατρίβειν, τῷ τε πλήθει προσφιλεῖς ὄντας καὶ τιμὴν ἔχοντας ὑπὸ τῶν καλῶν

καὶ ἀγαθῶν, ἐπεβούλευον αὐτοῖς κρύφα· καὶ πέμψαντες ἀνθρώπους ἀγνῶτας, Ἀνδροκλείδαν μὲν ἀποκτιννύουσι [4] δόλῳ, τῶν δ' ἄλλων διαμαρτάνουσιν. ἧκε δὲ καὶ παρὰ Λακεδαιμονίων γράμματα τοῖς Ἀθηναίοις προστάσσοντα μὴ δέχεσθαι μηδὲ παρακινεῖν, ἀλλ' ἐξελαύνειν τοὺς φυγάδας, ὡς κοινοὺς πολεμίους ὑπὸ τῶν [5] συμμάχων ἀποδεδειγμένους. οἱ μὲν οὖν Ἀθηναῖοι, πρὸς τῷ πάτριον αὐτοῖς καὶ σύμφυτον εἶναι τὸ φιλάνθρωπον ἀμειβόμενοι τοὺς Θηβαίους, μάλιστα συναιτίους γενομένους τῷ δήμῳ τοῦ κατελθεῖν καὶ ψηφισαμένους, ἐάν τις Ἀθηναίων ἐπὶ τοὺς τυράννους ὅπλα διὰ τῆς Βοιωτίας κομίζῃ, μηδένα Βοιωτὸν ἀκούειν μηδ' ὁρᾶν, οὐδὲν ἠδίκησαν τοὺς Θηβαίους.

[7] Ὁ δὲ Πελοπίδας, καίπερ ἐν τοῖς νεωτάτοις ὤν, ἰδίᾳ τε καθ' ἕκαστον ἐξώρμα τῶν φυγάδων, καὶ πρὸς τὸ πλῆθος ἐποιήσατο λόγους, ὡς οὔτε καλὸν οὔθ' ὅσιον εἴη δουλεύουσαν τὴν πατρίδα καὶ φρουρουμένην περιορᾶν, αὐτοὺς δὲ μόνον τὸ σῴζεσθαι καὶ διαζῆν ἀγαπῶντας ἐκκρέμασθαι τῶν Ἀθήνησι ψηφισμάτων καὶ θεραπεύειν ὑποπεπτωκότας ἀεὶ τοὺς λέγειν δυναμένους καὶ [6] πείθειν τὸν ὄχλον, ἀλλὰ κινδυνευτέον ὑπὲρ τῶν μεγίστων, παράδειγμα θεμένους τὴν Θρασυβούλου τόλμαν καὶ ἀρετήν, ἵν' ὡς ἐκεῖνος ἐκ Θηβῶν πρότερον ὁρμηθεὶς κατέλυσε τοὺς ἐν Ἀθήναις τυράννους, οὕτως αὐτοὶ πάλιν ἐξ [7] Ἀθηνῶν προελθόντες ἐλευθερώσωσι τὰς Θήβας. ὡς οὖν ἔπεισε ταῦτα λέγων, πέμπουσιν εἰς Θήβας κρύφα πρὸς τοὺς ὑπολελειμμένους τῶν φίλων, τὰ δεδογμένα φράζοντες.

[8] οἱ δὲ συνεπῄνουν· καὶ Χάρων μέν, ὅσπερ ἦν ἐπιφανέστατος, ὡμολόγησε τὴν οἰκίαν παρέξειν, Φυλλίδας δὲ διεπράξατο τῶν περὶ Ἀρχίαν καὶ Φίλιππον γραμματεὺς [9] γενέσθαι πολεμαρχούντων. Ἐπαμεινώνδας δὲ τοὺς νέους πάλαι φρονήματος ἦν ἐμπεπληκώς· ἐκέλευε γὰρ ἐν τοῖς γυμνασίοις ἐπιλαμβάνεσθαι τῶν Λακεδαιμονίων καὶ παλαίειν, εἶθ' ὁρῶν ἐπὶ τῷ κρατεῖν καὶ περιεῖναι γαυρουμένους, ἐπέπληττεν, ὡς αἰσχύνεσθαι μᾶλλον αὐτοῖς προσῆκον, εἰ δουλεύουσι δι' ἀνανδρίαν ὧν τοσοῦτον ταῖς ῥώμαις διαφέρουσιν.

[8] [1] Ἡμέρας δὲ πρὸς τὴν πρᾶξιν ὁρισθείσης, ἔδοξε τοῖς φυγάσι, τοὺς μὲν ἄλλους συναγαγόντα Φερένικον ἐν τῷ Θριασίῳ περιμένειν, ὀλίγους δὲ τῶν νεωτάτων παραβαλέσθαι προεισελθεῖν εἰς τὴν πόλιν, ἐὰν δέ τι πάθωσιν ὑπὸ τῶν πολεμίων οὗτοι, τοὺς ἄλλους ἐπιμελεῖσθαι πάντας ὅπως μήτε παῖδες αὐτῶν μήτε γονεῖς ἐνδεεῖς ἔσονται [2] τῶν ἀναγκαίων. ὑφίσταται δὲ τὴν πρᾶξιν Πελοπίδας πρῶτος, εἶτα Μέλων καὶ Δαμοκλείδας καὶ Θεόπομπος, ἄνδρες οἴκων τε πρώτων καὶ πρὸς ἀλλήλους τὰ ἄλλα μὲν φιλικῶς καὶ πιστ[ικ]ῶς, ὑπὲρ δὲ δόξης καὶ ἀνδρείας ἀεὶ [3] φιλονίκως ἔχοντες. γενόμενοι δ' οἱ σύμπαντες δώδεκα καὶ τοὺς ἀπολειπομένους ἀσπασάμενοι καὶ

προπέμψαντες ἄγγελον τῷ Χάρωνι, προῆγον ἐν χλαμυδίοις, σκύλακάς τε θηρατικὰς καὶ στάλικας ἔχοντες, ὡς μηδ᾽ εἷς ὑποπτεύοι τῶν ἐντυγχανόντων καθ᾽ ὁδόν, ἀλλ᾽ ἀλύοντες ἄλλως [4] πλανᾶσθαι καὶ κυνηγεῖν δοκοῖεν. ἐπεὶ δ᾽ ὁ πεμφθεὶς παρ᾽ αὐτῶν ἄγγελος ἧκε πρὸς τὸν Χάρωνα καὶ καθ᾽ ὁδὸν ὄντας ἔφραζεν, αὐτὸς μὲν ὁ Χάρων οὐδ᾽ ὑπὸ τοῦ δεινοῦ πλησιάζοντος ἔτρεψέ τι τῆς γνώμης, ἀλλ᾽ ἀνὴρ ἀγαθὸς [5] ἦν καὶ παρεῖχε τὴν οἰκίαν. Ἱπποσθενείδας δέ τις, οὐ πονηρὸς μὲν ἀλλὰ καὶ φιλόπατρις καὶ τοῖς φυγάσιν εὔνους ἄνθρωπος, ἐνδεὴς δὲ τόλμης τοσαύτης, ὅσης ὅ τε καιρὸς ὀξὺς ὢν αἵ θ᾽ ὑποκείμεναι πράξεις ἀπῄτουν, ὥσπερ ἰλιγγιάσας πρὸς τὸ μέγεθος τοῦ ἀγῶνος ἐν χερσὶ γενομένου, καὶ μόλις ποτὲ τῷ λογισμῷ συμφρονήσας, ὅτι τρόπον τινὰ τὴν τῶν Λακεδαιμονίων σαλεύουσιν ἀρχὴν καὶ τῆς ἐκεῖθεν δυνάμεως ὑποβάλλονται κατάλυσιν, πιστεύσαντες [6] ἀπόροις καὶ φυγαδικαῖς ἐλπίσιν, ἀπελθὼν οἴκαδε σιωπῇ πέμπει τινὰ τῶν φίλων πρὸς Μέλωνα καὶ Πελοπίδαν, ἀναβαλέσθαι κελεύων ἐν τῷ παρόντι καὶ περιμένειν βελτίονα καιρόν, αὖθις ἀπαλλαγέντας εἰς Ἀθήνας· [7] Χλίδων ἦν ὄνομα τῷ πεμφθέντι· καὶ κατὰ σπουδὴν οἴκαδε πρὸς αὑτὸν τραπόμενος καὶ τὸν ἵππον ἐξαγαγών, [8] ᾔτει τὸν χαλινόν. ἀπορουμένης δὲ τῆς γυναικὸς ὡς οὐκ εἶχε δοῦναι, ‹καὶ κεχρηκέναι› τινὶ τῶν συνήθων λεγούσης, λοιδορίαι τὸ πρῶτον ἦσαν, εἶτα δυσφημίαι, τῆς γυναικὸς ἐπαρωμένης αὐτῷ τε κακὰς ὁδοὺς ἐκείνῳ καὶ τοῖς πέμπουσιν, ὥστε καὶ τὸν Χλίδωνα πολὺ τῆς ἡμέρας ἀναλώσαντα πρὸς τούτοις, δι᾽ ὀργήν, ἅμα δὲ καὶ τὸ συμβεβηκὸς οἰωνισάμενον, ἀφεῖναι τὴν ὁδὸν ὅλως καὶ πρὸς ἄλλο τι τραπέσθαι.

[9] παρὰ τοσοῦτον μὲν ἦλθον αἱ μέγισται καὶ κάλλισται τῶν πράξεων εὐθὺς ἐν ἀρχῇ διαφυγεῖν τὸν καιρόν.

[9] [1] Οἱ δὲ περὶ τὸν Πελοπίδαν ἐσθῆτας γεωργῶν μεταλαβόντες καὶ διελόντες αὑτούς, ἄλλοι κατ᾽ ἄλλα μέρη [2] τῆς πόλεως παρεισῆλθον ἔθ᾽ ἡμέρας οὔσης. ἦν δέ τι πνεῦμα καὶ νιφετός, ἀρχομένου τρέπεσθαι τοῦ ἀέρος· ‹ᾧ› καὶ μᾶλλον ἔλαθον, καταπεφευγότων ἤδη διὰ τὸν χειμῶνα [3] τῶν πλείστων εἰς τὰς οἰκίας. οἷς δ᾽ ἦν ἐπιμελὲς τὰ πραττόμενα γινώσκειν, ἀνελάμβανον τοὺς προσερχομένους καὶ καθίστων εὐθὺς εἰς τὴν οἰκίαν τοῦ Χάρωνος· ἐγένοντο δὲ σὺν τοῖς φυγάσι πεντήκοντα δυοῖν δέοντες.

[4] Τὰ δὲ περὶ τοὺς τυράννους οὕτως εἶχε. Φυλλίδας ὁ γραμματεὺς συνέπραττε μὲν ὥσπερ εἴρηται πάντα καὶ συνῄδει τοῖς φυγάσιν, εἰς δὲ τὴν ἡμέραν ἐκείνην ἐκ παλαιοῦ κατηγγελκὼς τοῖς περὶ τὸν Ἀρχίαν πότον τινὰ καὶ συνουσίαν καὶ γύναια τῶν ὑπάνδρων, ἔπραττεν ὅτι μάλιστα ταῖς ἡδοναῖς ἐκλελυμένους καὶ κατοίνους μεταχειρίσασθαι [5] παρέξειν τοῖς ἐπιτιθεμένοις. οὔπω δὲ πάνυ πόρρω μέθης οὖσιν αὐτοῖς προσέπεσέ τις οὐ ψευδὴς μέν,

ἀβέβαιος δὲ καὶ πολλὴν ἀσάφειαν ἔχουσα περὶ τῶν [6] φυγάδων μήνυσις, ὡς ἐν τῇ πόλει κρυπτομένων. τοῦ δὲ Φυλλίδου παραφέροντος τὸν λόγον, ὅμως Ἀρχίας ἔπεμψέ τινα τῶν ὑπηρετῶν πρὸς τὸν Χάρωνα, προστάσσων εὐθὺς [7] ἥκειν ‹πρὸς› αὐτόν. ἦν δ' ἑσπέρα, καὶ συνέταττον ἔνδον αὑτοὺς οἱ περὶ τὸν Πελοπίδαν, ἤδη τεθωρακισμένοι καὶ [8] τὰς μαχαίρας ἀνειληφότες. ἐξαίφνης δὲ κοπτομένης τῆς θύρας, προσδραμών τις καὶ πυθόμενος τοῦ ὑπηρέτου Χάρωνα μετιέναι παρὰ τῶν πολεμάρχων φάσκοντος, ἀπήγγειλεν εἴσω τεθορυβημένος, καὶ πᾶσιν εὐθὺς παρέστη τήν τε πρᾶξιν ἐκμεμηνῦσθαι καὶ σφᾶς ἅπαντας ἀπολωλέναι [9] μηδὲ δράσαντάς τι τῆς ἀρετῆς ἄξιον. οὐ μὴν ἀλλ' ἔδοξεν ὑπακοῦσαι τὸν Χάρωνα καὶ παρασχεῖν ἑαυτὸν ἀνυπόπτως τοῖς ἄρχουσιν, ἄλλως μὲν ἀνδρώδη καὶ βαρὺν ὄντα τῷ θαρρεῖν παρὰ τὰ δεινά, τότε δὲ δι' ἐκείνους ἐκπεπληγμένον καὶ περιπαθοῦντα, μή τις ὑποψία προδοσίας ἐπ' αὐτὸν ἔλθῃ τοσούτων ἅμα καὶ τοιούτων πολιτῶν ἀπολομένων.

[10] ὡς οὖν ἔμελλεν ἀπιέναι, παραλαβὼν ἐκ τῆς γυναικωνίτιδος τὸν υἱόν, ἔτι μὲν ὄντα παῖδα, κάλλει δὲ καὶ ῥώμῃ σώματος πρωτεύοντα τῶν καθ' ἡλικίαν, ἐνεχείριζε τοῖς περὶ Πελοπίδαν, εἴ τινα δόλον καὶ προδοσίαν αὐτοῦ καταγνοῖεν, ὡς πολεμίῳ [11] χρῆσθαι κελεύων ἐκείνῳ καὶ μὴ φείδεσθαι. πολλοῖς μὲν οὖν αὐτῶν δάκρυα πρὸς τὸ πάθος καὶ τὸ φρόνημα τοῦ Χάρωνος ἐξέπεσε, πάντες δ' ἠγανάκτουν, εἰ δειλὸν οὕτως εἶναί τινα δοκεῖ καὶ διεφθαρμένον ὑπὸ τοῦ παρόντος, [12] ὥσθ' ὑπονοεῖν ἐκεῖνον ἢ ὅλως αἰτιᾶσθαι· καὶ τὸν υἱὸν ἐδέοντο μὴ καταμειγνύειν αὐτοῖς, ἀλλ' ἐκποδὼν θέσθαι τοῦ μέλλοντος, ὅπως αὐτός γε τῇ πόλει καὶ τοῖς φίλοις τιμωρὸς ὑποτρέφοιτο, περισωθεὶς καὶ διαφυγὼν τοὺς τυράννους.

[13] ὁ δὲ Χάρων τὸν μὲν υἱὸν ἀπαλλάξειν οὐκ ἔφη· ποῖον γὰρ αὐτῷ βίον ὁρᾶν ἢ τίνα σωτηρίαν καλλίονα τῆς ὁμοῦ μετὰ πατρὸς καὶ φίλων τοσούτων ἀνυβρίστου τελευτῆς; ἐπευξάμενος δὲ τοῖς θεοῖς καὶ πάντας ἀσπασάμενος καὶ παραθαρρύνας ἀπῄει, προσέχων ἑαυτῷ καὶ ῥυθμίζων σχήματι προσώπου καὶ τόνῳ φωνῆς ἀνομοιότατος οἷς ἔπραττε φανῆναι.

[10] [1] Γενομένου δ' ἐπὶ ταῖς θύραις αὐτοῦ, προῆλθεν ὁ Ἀρχίας καὶ φυγάδας [καὶ] εἶπεν ὦ Χάρων τινὰς ἀκήκοα παρεληλυθότας ἐν τῇ πόλει κρύπτεσθαι, καὶ [2] συμπράττειν αὐτοῖς ἐνίους τῶν πολιτῶν. καὶ ὁ Χάρων διαταραχθεὶς τὸ πρῶτον, εἶτ' ἐρωτήσας τίνες εἰσὶν οἱ παρεληλυθότες καὶ τίνες οἱ κρύπτοντες αὐτούς, ὡς οὐδὲν ἑώρα σαφὲς εἰπεῖν ἔχοντα τὸν Ἀρχίαν, ὑπονοήσας ἀπ' [3] οὐδενὸς τῶν ἐπισταμένων γεγονέναι τὴν μήνυσιν, ὁρᾶτε τοίνυν ἔφη μὴ κενός τις ὑμᾶς διαταράττῃ λόγος. οὐ μὴν ἀλλὰ καὶ σκέψομαι· δεῖ γὰρ ἴσως μηδενὸς καταφρονεῖν.

[4] ταῦτα καὶ Φυλλίδας παρὼν ἐπῄνει, καὶ τὸν Ἀρχίαν ἀπαγαγὼν αὖθις εἰς ἄκρατον πολὺν κατέβαλε καὶ ταῖς [5] περὶ τῶν γυναικῶν ἐλπίσι διεπαιδαγώγει τὸν πότον. ὡς δ' ἐπανῆλθεν ὁ Χάρων οἴκαδε καὶ διεσκευασμένους τοὺς ἄνδρας εὗρεν, οὐχ ὡς ἄν τινα νίκην ἢ σωτηρίαν ἐλπίζοντας, ἀλλ' ὡς ἀποθανουμένους λαμπρῶς καὶ μετὰ φόνου πολλοῦ τῶν πολεμίων, τὸ μὲν ἀληθὲς αὐτοῖς ἔφραζε τοῖς περὶ τὸν Πελοπίδαν, πρὸς δὲ τοὺς ἄλλους ἐψεύσατο λόγους τινὰς τοῦ Ἀρχίου περὶ πραγμάτων ἑτέρων πλασάμενος.

[6] Ἔτι δὲ τοῦ πρώτου παραφερομένου, δεύτερον ἐπῆγεν ἡ [7] τύχη χειμῶνα τοῖς ἀνδράσιν. ἧκε γάρ τις ἐξ Ἀθηνῶν παρ' Ἀρχίου τοῦ ἱεροφάντου πρὸς Ἀρχίαν τὸν ὁμώνυμον, ξένον ὄντα καὶ φίλον, ἐπιστολὴν κομίζων οὐ κενὴν ἔχουσαν οὐδὲ πεπλασμένην ὑπόνοιαν, ἀλλὰ σαφῶς ἕκαστα περὶ τῶν [8] πρασσομένων φάσκουσαν, ὡς ὕστερον ἐπεγνώσθη. τότε δὲ μεθύοντι τῷ Ἀρχίᾳ προσαχθεὶς ὁ γραμματοφόρος καὶ τὴν ἐπιστολὴν ἐπιδούς ὁ ταύτην ἔφη πέμψας ἐκέλευσεν εὐθὺς ἀναγνῶναι· περὶ σπουδαίων γάρ τινων γεγράφθαι.

[9] καὶ ὁ Ἀρχίας μειδιάσας οὐκοῦν εἰς αὔριον ἔφη τὰ σπουδαῖα, καὶ τὴν ἐπιστολὴν δεξάμενος ὑπὸ τὸ προσκεφάλαιον ὑπέθηκεν, αὐτὸς δὲ πάλιν τῷ Φυλλίδᾳ [10] περὶ ὧν ἐτύγχανον διαλεγόμενοι προσεῖχεν. ὁ μὲν οὖν λόγος οὗτος ἐν παροιμίας τάξει περιφερόμενος μέχρι νῦν διασῴζεται παρὰ τοῖς Ἕλλησι.

[11] [1] Τῆς δὲ πράξεως δοκούσης ἔχειν ἤδη τὸν οἰκεῖον καιρόν, ἐξώρμων δίχα διελόντες αὑτούς, οἱ μὲν περὶ Πελοπίδαν καὶ Δαμοκλείδαν ἐπὶ τὸν Λεοντίδαν καὶ τὸν Ὑπάτην, [2] ἐγγὺς ἀλλήλων οἰκοῦντας. Χάρων δὲ καὶ Μέλων ἐπὶ τὸν Ἀρχίαν καὶ Φίλιππον, ἐσθῆτας ἐπενδεδυμένοι γυναικείας τοῖς θώραξι καὶ δασεῖς στεφάνους ἐλάτης τε καὶ [3] πεύκης περικείμενοι, κατασκιάζοντας τὰ πρόσωπα. διὸ καὶ ταῖς θύραις τοῦ συμποσίου τὸ πρῶτον ἐπιστάντες κρότον ἐποίησαν καὶ θόρυβον, οἰομένων ἃς πάλαι προσεδόκων [4] γυναῖκας ἥκειν. ἐπεὶ δὲ περιβλέψαντες ἐν κύκλῳ τὸ συμπόσιον, καὶ τῶν κατακεκλιμένων ἕκαστον ἀκριβῶς καταμαθόντες, ἐσπάσαντο τὰς μαχαίρας καὶ φερόμενοι διὰ τῶν τραπεζῶν ἐπὶ τὸν Ἀρχίαν καὶ Φίλιππον ἐφάνησαν οἵπερ ἦσαν, ὀλίγους μὲν ὁ Φυλλίδας τῶν κατακειμένων ἔπεισεν ἡσυχίαν ἄγειν, τοὺς δ' ἄλλους ἀμύνεσθαι μετὰ τῶν πολεμάρχων ἐπιχειροῦντας καὶ συνεξανισταμένους διὰ τὴν μέθην οὐ πάνυ χαλεπῶς ἀπέκτειναν.

[5] Τοῖς δὲ περὶ τὸν Πελοπίδαν ἐργωδέστερον ἀπήντα τὸ πρᾶγμα· καὶ γὰρ ἐπὶ νήφοντα καὶ δεινὸν ἄνδρα τὸν Λεοντίδαν ἐχώρουν, καὶ κεκλεισμένην τὴν οἰκίαν εὗρον ἤδη καθεύδοντος, καὶ πολὺν χρόνον κόπτουσιν αὐτοῖς [6] ὑπήκουεν οὐδείς. μόλις δέ ποτε τοῦ θεράποντος αἰσθόμενοι προϊόντος ἔνδοθεν καὶ τὸν μοχλὸν ἀφαιροῦντος, ἅμα τῷ πρῶτον ἐνδοῦναι καὶ χαλάσαι

τὰς θύρας ἐμπεσόντες ἀθρόοι καὶ τὸν οἰκέτην ἀνατρέψαντες, ἐπὶ τὸν θάλαμον [7] ὥρμησαν. ὁ δὲ Λεοντίδας αὐτῷ τεκμαιρόμενος τῷ κτύπῳ καὶ δρόμῳ τὸ γιγνόμενον, ἐσπάσατο μὲν τὸ ἐγχειρίδιον ἐξαναστάς, ἔλαθε δ' αὐτὸν καταβαλεῖν τὰ λύχνα καὶ διὰ σκότους αὐτοὺς ἑαυτοῖς περιπετεῖς ποιῆσαι τοὺς ἄνδρας, ἐν δὲ φωτὶ πολλῷ καθορώμενος ὑπήντα πρὸς τὰς θύρας αὐτοῖς τοῦ θαλάμου, καὶ τὸν πρῶτον εἰσιόντα Κηφισόδωρον [8] πατάξας κατέβαλε. πεσόντος δὲ τούτου, δευτέρῳ συνεπέπλεκτο τῷ Πελοπίδᾳ, καὶ τὴν μάχην χαλεπὴν ἐποίει καὶ δύσεργον ἡ στενότης τῶν θυρῶν καὶ κείμενος ἐμποδὼν [9] ἤδη νεκρὸς ὁ Κηφισόδωρος. ἐκράτησε δ' οὖν ὁ Πελοπίδας, καὶ κατεργασάμενος τὸν Λεοντίδαν, ἐπὶ τὸν Ὑπάτην [10] εὐθὺς ἐχώρει μετὰ τῶν σὺν αὐτῷ. καὶ παρεισέπεσον μὲν εἰς τὴν οἰκίαν ὁμοίως, αἰσθόμενον δὲ ταχέως καὶ καταφεύγοντα πρὸς τοὺς γείτονας ἐκ ποδῶν διώξαντες εἷλον καὶ διέφθειραν.

[12] [1] Διαπραξάμενοι δὲ ταῦτα καὶ τοῖς περὶ Μέλωνα συμβαλόντες, ἔπεμψαν μὲν εἰς τὴν Ἀττικὴν ἐπὶ τοὺς ὑπολελειμμένους ἐκεῖ τῶν φυγάδων, ἐκάλουν δὲ τοὺς πολίτας ἐπὶ τὴν ἐλευθερίαν, καὶ τοὺς προσιόντας ὥπλιζον, ἀφαιροῦντες ἀπὸ τῶν στοῶν τὰ περικείμενα σκῦλα, καὶ τὰ περὶ τὴν †οἰκίαν ἐργαστήρια δορυξόων καὶ μαχαιροποιῶν [2] ἀναρρηγνύντες. ἧκον δὲ βοηθοῦντες αὐτοῖς μετὰ τῶν ὅπλων οἱ περὶ Ἐπαμεινώνδαν καὶ Γοργίδαν, συνειλοχότες οὐκ ὀλίγους τῶν νέων καὶ τῶν πρεσβυτέρων τοὺς [3] βελτίστους. ἡ δὲ πόλις ἤδη μὲν ἀνεπτόητο πᾶσα, καὶ πολὺς θόρυβος ἦν καὶ φῶτα περὶ τὰς οἰκίας καὶ διαδρομαὶ πρὸς ἀλλήλους, οὔπω δὲ συνειστήκει τὸ πλῆθος, ἀλλ' ἐκπεπληγμένοι πρὸς τὰ γινόμενα καὶ σαφὲς οὐδὲν εἰδότες, [4] ἡμέραν περιέμενον. ὅθεν ἁμαρτεῖν οἱ τῶν Λακεδαιμονίων ἄρχοντες ἔδοξαν, εὐθὺς οὐκ ἐπιδραμόντες οὐδὲ συμβαλόντες, αὐτὴ μὲν ἡ φρουρὰ περὶ χιλίους πεντακοσίους ὄντες, ἐκ δὲ τῆς πόλεως πρὸς αὐτοὺς πολλῶν συντρεχόντων, ἀλλὰ τὴν βοὴν καὶ τὰ πυρὰ καὶ τὸν ψόφον ἄνω χωροῦντα πανταχόθεν πολὺν φοβηθέντες ἡσύχαζον, [5] αὐτὴν τὴν Καδμείαν κατέχοντες. ἅμα δ' ἡμέρᾳ παρῆσαν μὲν ἐκ τῆς Ἀττικῆς οἱ φυγάδες ὡπλισμένοι, συνήθροιστο [6] δ' εἰς τὴν ἐκκλησίαν ὁ δῆμος, εἰσῆγον δὲ τοὺς περὶ Πελοπίδαν Ἐπαμεινώνδας καὶ Γοργίδας, ὑπὸ τῶν ἱερέων περιεχομένους, στέμματα προτεινόντων καὶ παρακαλούντων τοὺς πολίτας τῇ πατρίδι καὶ τοῖς θεοῖς βοηθεῖν.

[7] ἡ δ' ἐκκλησία πρὸς τὴν ὄψιν ὀρθὴ μετὰ κρότου καὶ βοῆς ἐξανέστη, δεχομένων τοὺς ἄνδρας ὡς εὐεργέτας καὶ σωτῆρας.

[13] [1] Ἐκ δὲ τούτου βοιωτάρχης αἱρεθεὶς μετὰ Μέλωνος καὶ Χάρωνος ὁ Πελοπίδας εὐθὺς ἀπετείχιζε τὴν ἀκρόπολιν καὶ προσβολὰς ἐποιεῖτο πανταχόθεν, ἐξελεῖν σπουδάζων τοὺς Λακεδαιμονίους καὶ τὴν Καδμείαν

ἐλευθερῶσαι πρὶν [2] ἐκ Σπάρτης στρατὸν ἐπελθεῖν. καὶ παρὰ τοσοῦτον ἔφθασεν ἀφεὶς ὑποσπόνδους τοὺς ἄνδρας, ὅσον ἐν Μεγάροις οὖσιν αὐτοῖς ἀπαντῆσαι Κλεόμβροτον, ἐπὶ τὰς Θήβας ἐλαύνοντα [3] μετὰ μεγάλης δυνάμεως. οἱ δὲ Σπαρτιᾶται, τριῶν ἁρμοστῶν γενομένων ἐν Θήβαις, Ἡριππίδαν μὲν καὶ Ἄρκεσον ἀπέκτειναν κρίναντες, ὁ δὲ τρίτος Λυσανορίδας χρήμασι πολλοῖς ζημιωθεὶς αὑτὸν ἐκ τῆς Πελοποννήσου μετέστησε.

[4] Ταύτην τὴν πρᾶξιν ἀρεταῖς μὲν ἀνδρῶν καὶ κινδύνοις καὶ ἀγῶσι παραπλησίαν τῇ Θρασυβούλου γενομένην, καὶ βραβευθεῖσαν ὁμοίως ὑπὸ τῆς τύχης, ἀδελφὴν ἐκείνης [5] προσηγόρευον οἱ Ἕλληνες. οὐ γὰρ ἔστι ῥᾳδίως ἑτέρους εἰπεῖν, οἳ πλειόνων ἐλάττους καὶ δυνατωτέρων ἐρημότεροι τόλμῃ καὶ δεινότητι κρατήσαντες, αἴτιοι μειζόνων ἀγαθῶν [6] ταῖς πατρίσι κατέστησαν. ἐνδοξοτέραν δὲ ταύτην ἐποίησεν [7] ἡ μεταβολὴ τῶν πραγμάτων. ὁ γὰρ καταλύσας τὸ τῆς Σπάρτης ἀξίωμα καὶ παύσας ἄρχοντας αὐτοὺς γῆς τε καὶ θαλάττης πόλεμος ἐξ ἐκείνης ἐγένετο τῆς νυκτός, ἐν ᾗ Πελοπίδας οὐ φρούριον, οὐ τεῖχος, οὐκ ἀκρόπολιν καταλαβών, ἀλλ' εἰς οἰκίαν δωδέκατος κατελθών, εἰ δεῖ μεταφορᾷ ‹χρησάμενον› τὸ ἀληθὲς εἰπεῖν, ἔλυσε καὶ διέκοψε τοὺς δεσμοὺς τῆς τῶν Λακεδαιμονίων ἡγεμονίας, ἀλύτους καὶ ἀρρήκτους εἶναι δοκοῦντας.

[14] [1] Ἐπεὶ τοίνυν στρατῷ μεγάλῳ Λακεδαιμονίων εἰς τὴν Βοιωτίαν ἐμβαλόντων, οἱ Ἀθηναῖοι περίφοβοι γενόμενοι τήν τε συμμαχίαν ἀπείπαντο τοῖς Θηβαίοις, καὶ τῶν βοιωτιαζόντων εἰς τὸ δικαστήριον παραγαγόντες τοὺς μὲν ἀπέκτειναν, τοὺς δ' ἐφυγάδευσαν, τοὺς δὲ χρήμασιν ἐζημίωσαν, ἐδόκει δὲ κακῶς ἔχειν τὰ τῶν Θηβαίων πράγματα [2] μηδενὸς αὐτοῖς βοηθοῦντος, ἔτυχε μὲν ὁ Πελοπίδας μετὰ Γοργίδου βοιωταρχῶν, ἐπιβουλεύοντες δὲ συγκροῦσαι πάλιν τοὺς Ἀθηναίους τοῖς Λακεδαιμονίοις, [3] τοιόνδε τι μηχανῶνται. Σφοδρίας ἀνὴρ Σπαρτιάτης, εὐδόκιμος μὲν ἐν τοῖς πολεμικοῖς καὶ λαμπρός, ὑπόκουφος δὲ τὴν γνώμην, καὶ κενῶν ἐλπίδων καὶ φιλοτιμίας ἀνοήτου μεστός, ἀπελείφθη περὶ Θεσπιὰς μετὰ δυνάμεως, τοὺς ἀφισταμένους τῶν Θηβαίων δέχεσθαι καὶ βοηθεῖν.

[4] πρὸς τοῦτον ὑποπέμπουσιν οἱ περὶ τὸν Πελοπίδαν [ἰδίᾳ] ‹Δι›έμπορόν τινα τῶν φίλων, χρήματα κομίζοντα καὶ λόγους, οἳ τῶν χρημάτων μᾶλλον ἀνέπεισαν αὐτόν, ὡς χρὴ πραγμάτων [μᾶλλον] ἅψασθαι μεγάλων καὶ τὸν Πειραιᾶ καταλαβεῖν, ἀπροσδόκητον ἐπιπεσόντα μὴ φυλαττομένοις [5] τοῖς Ἀθηναίοις· Λακεδαιμονίοις τε γὰρ οὐδὲν οὕτως ἔσεσθαι κεχαρισμένον ὡς λαβεῖν τὰς Ἀθήνας, Θηβαίους τε χαλεπῶς ἔχοντας αὐτοῖς καὶ προδότας [6] νομίζοντας οὐκ ἐπιβοηθήσειν. τέλος δὲ συμπεισθεὶς ὁ Σφοδρίας καὶ τοὺς στρατιώτας ἀναλαβών, νυκτὸς εἰς τὴν Ἀττικὴν ἐνέβαλε, καὶ μέχρι μὲν

Ἐλευσῖνος προῆλθεν, ἐκεῖ δὲ τῶν στρατιωτῶν ἀποδειλιασάντων, φανερὸς γενόμενος καὶ συνταράξας ‹πόλεμον› οὐ φαῦλον οὐδὲ ῥᾴδιον αὐτοῖς ‹τοῖς› Σπαρτιάταις πολεμεῖν, ἀνεχώρησεν εἰς Θεσπιάς.

[15] [1] Ἐκ τούτου πάλιν προθυμότατα Ἀθηναῖοι τοῖς Θηβαίοις συνεμάχουν, καὶ τῆς θαλάσσης ἀντελαμβάνοντο, καὶ περιϊόντες ἐδέχοντο καὶ προσήγοντο τοὺς ἀποστατικῶς [2] τῶν Ἑλλήνων ἔχοντας. οἱ δὲ Θηβαῖοι καθ' αὑτοὺς ἐν τῇ Βοιωτίᾳ συμπλεκόμενοι τοῖς Λακεδαιμονίοις ἑκάστοτε, καὶ μαχόμενοι μάχας αὐτὰς μὲν οὐ μεγάλας, μεγάλην δὲ τὴν μελέτην ἐχούσας καὶ τὴν ἄσκησιν, ἐξερριπίζοντο τοῖς θυμοῖς καὶ διεπονοῦντο τοῖς σώμασιν, ἐμπειρίαν ἅμα τῇ συνηθείᾳ καὶ φρόνημα προσλαμβάνοντες ἐκ τῶν ἀγώνων.

[3] διὸ καί φασιν Ἀνταλκίδαν τὸν Σπαρτιάτην, ὡς Ἀγησίλαος ἐπανῆλθεν ἐκ Βοιωτίας τετρωμένος, εἰπεῖν πρὸς αὐτόν· ἦ καλὰ διδασκάλια παρὰ Θηβαίων ἀπολαμβάνεις, μὴ βουλομένους αὐτοὺς πολεμεῖν καὶ μάχεσθαι [4] διδάξας. ἦν δ' ὡς ἀληθῶς διδάσκαλος οὐκ Ἀγησίλαος, ἀλλ' οἱ σὺν καιρῷ καὶ μετὰ λογισμοῦ τοὺς Θηβαίους ὥσπερ σκύλακας ἐμπείρως προσβάλλοντες τοῖς πολεμίοις, εἶτα γευσαμένους νίκης καὶ φρονήματος ἀσφαλῶς ἀπάγοντες· ὧν μεγίστην δόξαν εἶχεν ὁ Πελοπίδας.

[5] ἀφ' ἧς γὰρ εἵλοντο πρῶτον ἡγεμόνα τῶν ὅπλων, οὐκ [ἀν]ἐπαύσαντο καθ' ἕκαστον ἐνιαυτὸν ἄρχοντα χειροτονοῦντες, ἀλλ' ἢ τὸν ἱερὸν λόχον ἄγων ἢ τὰ πλεῖστα βοιωταρχῶν ἄχρι τῆς τελευτῆς ἔπραττεν.

[6] Ἐγένοντο μὲν οὖν καὶ περὶ Πλαταιὰς καὶ Θεσπιὰς ἧτται καὶ φυγαὶ τῶν Λακεδαιμονίων, ὅπου καὶ Φοιβίδας ὁ τὴν Καδμείαν καταλαβὼν ἀπέθανε, πολλοὺς δὲ καὶ πρὸς Τανάγρᾳ τρεψάμενος αὐτῶν καὶ Πανθοΐδαν τὸν ἁρμοστὴν [7] ἀνεῖλεν. ἀλλ' οὗτοι μὲν οἱ ἀγῶνες ὥσπερ τοὺς κρατοῦντας εἰς φρόνημα καὶ θάρσος προῆγον, οὕτως τῶν ἡσσωμένων [8] οὐ παντάπασιν ἐδουλοῦντο τὴν γνώμην· οὐ γὰρ ἐκ παρατάξεως ἦσαν, οὐδὲ μάχας ἐμφανῆ κατάστασιν ἐχούσας καὶ νόμιμον, ἐκδρομὰς δὲ προσκαίρους τιθέμενοι, καὶ ‹κατὰ› φυγὰς ἢ διώξεις ἐπιχειροῦντες αὐτοῖς καὶ συμπλεκόμενοι, κατώρθουν.

[16] [1] Ὁ δὲ περὶ Τεγύρας, τρόπον τινὰ τοῦ Λευκτρικοῦ προαγὼν γενόμενος, μέγαν ἦρε [ἐν] δόξῃ τὸν Πελοπίδαν, οὔτε πρὸς κατόρθωμα τοῖς συστρατήγοις ἀμφισβήτησιν [2] οὔτε τῆς ἥττης πρόφασιν τοῖς πολεμίοις ἀπολιπών. τῇ γὰρ Ὀρχομενίων πόλει, τὰ Σπαρτιατῶν ἑλομένῃ καὶ δύο δεδεγμένῃ μόρας αὐτῶν ὑπὲρ ἀσφαλείας, ἐπεβούλευε μὲν ἀεὶ καὶ παρεφύλαττε καιρόν, ὡς δ' ἤκουσε τοῖς φρουροῖς εἰς τὴν Λοκρίδα γεγενῆσθαι στρατείαν, ἐλπίσας ἔρημον αἱρήσειν τὸν Ὀρχομενὸν ἐστράτευσεν, ἔχων μεθ' ἑαυτοῦ [3] τὸν ἱερὸν λόχον καὶ τῶν ἱππέων οὐ πολλούς. ἐπεὶ δὲ πρὸς τὴν πόλιν προσαγαγὼν εὗρεν ἥκουσαν ἐκ Σπάρτης διαδοχὴν τῆς φρουρᾶς, ἀπῆγεν ὀπίσω τὸ στράτευμα

πάλιν διὰ Τεγυρῶν, ᾗ μόνῃ βάσιμον ἦν κύκλῳ παρὰ τὴν ὑπώρειαν· [4] τὴν γὰρ διὰ μέσου πᾶσαν ὁ Μέλας ποταμός, εὐθὺς ἐκ πηγῶν εἰς ἕλη πλωτὰ καὶ λίμνας διασπειρόμενος ἄπορον ἐποίει.

[5] Μικρὸν δ' ὑπὸ τὰ ἕλη νεώς ἐστιν Ἀπόλλωνος Τεγυραίου καὶ μαντεῖον ἐκλελειμμένον οὐ πάνυ πολὺν χρόνον, ἀλλ' ἄχρι τῶν Μηδικῶν ἤκμαζε, τὴν προφητείαν Ἐχεκράτους [6] ἔχοντος. [ἐνταῦθα μυθολογοῦσι τὸν θεὸν γενέσθαι] καὶ τὸ μὲν πλησίον ὄρος Δῆλος καλεῖται, καὶ πρὸς αὐτὸ καταλήγουσιν αἱ τοῦ Μέλανος διαχύσεις, ὀπίσω δὲ τοῦ ναοῦ δύο ῥήγνυνται πηγαὶ γλυκύτητι καὶ πλήθει καὶ ψυχρότητι θαυμαστοῦ νάματος, ὧν τὸ μὲν Φοίνικα, τὸ δ' Ἐλαίαν ἄχρι νῦν ὀνομάζομεν. ‹ἐνταῦθα μυθολογοῦσι γενέσθαι τὸν θεόν›, οὐ φυτῶν μεταξὺ δυεῖν, ἀλλὰ ῥείθρων τῆς θεοῦ λοχευθείσης.

[7] καὶ γὰρ τὸ Πτῷον ἐγγύς, ὅθεν αὐτὴν ἀναπτοηθῆναι προφανέντος ἐξαίφνης κάπρου λέγουσι, καὶ τὰ περὶ Πύθωνα καὶ Τιτυὸν ὡσαύτως οἱ τόποι τῇ γενέσει τοῦ θεοῦ συνοικειοῦσι· [8] τὰ γὰρ πλεῖστα παραλείπω τῶν τεκμηρίων. οὐ γὰρ ἐν τοῖς ἐκ μεταβολῆς ἀθανάτοις γενομένοις γεννητοῖς ὁ πάτριος λόγος τὸν θεὸν τοῦτον ἀπολείπει δαίμοσιν, ὥσπερ Ἡρακλέα καὶ Διόνυσον, [ἐκ μεταβολῆς] ἀρετῇ τὸ θνητὸν καὶ παθητὸν ἀποβαλόντας, ἀλλὰ τῶν ἀϊδίων καὶ ἀγεννήτων εἷς ἐστιν, εἰ δεῖ τοῖς ὑπὸ τῶν φρονιμωτάτων καὶ παλαιοτάτων λεγομένοις τεκμαίρεσθαι περὶ τῶν τηλικούτων.

[17] [1] Εἰς δ' οὖν Τεγύρας οἱ Θηβαῖοι κατὰ τὸν αὐτὸν χρόνον ἐκ τῆς Ὀρχομενίας ἀπιόντες καὶ οἱ Λακεδαιμόνιοι συνέπιπτον, ἐξ ἐναντίας αὐτοῖς ἐκ τῆς Λοκρίδος ἀναζευγνύντες.

[2] ὡς δὲ πρῶτον ὤφθησαν τὰ στενὰ διεκβάλλοντες, καί τις εἶπε τῷ Πελοπίδᾳ προσδραμών· ἐμπεπτώκαμεν εἰς τοὺς πολεμίους, τί μᾶλλον εἶπεν ἢ εἰς ἡμᾶς ἐκεῖνοι; [3] καὶ τὴν μὲν ἵππον εὐθὺς πᾶσαν ἐκέλευσε παρελαύνειν ἀπ' οὐρᾶς ὡς προεμβαλοῦσαν, αὐτὸς δὲ τοὺς ὁπλίτας τριακοσίους ὄντας εἰς ὀλίγον συνήγαγεν, ἐλπίζων καθ' ὃ προσβάλοι μάλιστα διακόψειν ὑπερβάλλοντας πλήθει τοὺς πολεμίους.

[4] ἦσαν δὲ δύο μόραι Λακεδαιμονίων. τὴν δὲ μόραν Ἔφορος μὲν (FGrH 70 F 210) ἄνδρας εἶναι πεντακοσίους φησί, Καλλισθένης δ' (FGrH 124 F 18) ἑπτακοσίους, ἄλλοι [5] δέ τινες ἐνακοσίους, ὧν Πολύβιός ἐστι (fg. 60 B.W.). καὶ θαρροῦντες οἱ πολέμαρχοι τῶν Σπαρτιατῶν Γοργολέων καὶ [6] Θεόπομπος ὥρμησαν ἐπὶ τοὺς Θηβαίους. γενομένης δέ πως μάλιστα τῆς ἐφόδου κατ' αὐτοὺς τοὺς ἄρχοντας ἀπ' ἀμφοτέρων μετὰ θυμοῦ καὶ βίας, πρῶτον μὲν οἱ πολέμαρχοι τῶν Λακεδαιμονίων τῷ Πελοπίδᾳ συρράξαντες ἔπεσον· [7] ἔπειτα τῶν περὶ ἐκείνους παιομένων καὶ ἀποθνῃσκόντων, ἅπαν εἰς φόβον κατέστη τὸ στράτευμα, καὶ διέσχε μὲν ἐπ' ἀμφότερα τοῖς Θηβαίοις, ὡς διεκπεσεῖν εἰς

τοὔμπροσθεν [8] καὶ διεκδῦναι βουλομένοις. ἐπεὶ δὲ τὴν δεδομένην ὁ Πελοπίδας ‹χαίρειν ἐάσας› ἡγεῖτο πρὸς τοὺς συνεστῶτας καὶ διεξῄει φονεύων, οὕτω πάντες προτροπάδην ἔφυγον.

[9] ἐγένετο δ' οὐκ ἐπὶ πολὺν τόπον ἡ δίωξις· ἐφοβοῦντο γὰρ ἐγγὺς ὄντας οἱ Θηβαῖοι τοὺς Ὀρχομενίους καὶ τὴν διαδοχὴν [10] τῶν Λακεδαιμονίων· ὅσον δὲ νικῆσαι κατὰ κράτος καὶ διεξελθεῖν διὰ παντὸς ἡσσωμένου τοῦ στρατεύματος ἐξεβιάσαντο, καὶ στήσαντες τρόπαιον καὶ ‹τοὺς› νεκροὺς σκυλεύσαντες, ἀνεχώρησαν ἐπ' οἴκου μέγα φρονοῦντες.

[11] Ἐν γὰρ τοσούτοις ὡς ἔοικε πολέμοις Ἑλληνικοῖς καὶ βαρβαρικοῖς πρότερον οὐδέποτε Λακεδαιμόνιοι πλείονες ὄντες ὑπ' ἐλαττόνων ἐκρατήθησαν, ἀλλ' οὐδ' ἴσοι πρὸς [12] ἴσους ἐκ παρατάξεως συμβαλόντες. ὅθεν ἦσαν ἀνυπόστατοι τὰ φρονήματα καὶ τῇ δόξῃ καταπληττόμενοι τοὺς ἀντιπαραταττομένους, οὐδ' αὐτοὺς ἀξιοῦντας ἀπ' ἴσης δυνάμεως τὸ ἴσον φέρεσθαι Σπαρτιάταις, εἰς χεῖρας συνέστησαν.

[13] ἐκείνη δ' ἡ μάχη πρώτη καὶ τοὺς ἄλλους ἐδίδαξεν Ἕλληνας, ὡς οὐχ ὁ Εὐρώτας οὐδ' ὁ μεταξὺ Βαβύκας καὶ Κνακιῶνος τόπος ἄνδρας ἐκφέρει μαχητὰς καὶ πολεμικούς, ἀλλὰ παρ' οἷς ἂν αἰσχύνεσθαι τὰ αἰσχρὰ καὶ τολμᾶν ἐπὶ τοῖς καλοῖς ἐθέλοντες [ἐγ]γένωνται νέοι καὶ τοὺς ψόγους τῶν κινδύνων μᾶλλον φεύγοντες, οὗτοι φοβερώτατοι τοῖς ἐναντίοις εἰσί.

[18] [1] Τὸν δ' ἱερὸν λόχον ὥς φασι συνετάξατο Γοργίδας πρῶτος ἐξ ἀνδρῶν ἐπιλέκτων τριακοσίων, οἷς ἡ πόλις ἄσκησιν καὶ δίαιταν ἐν τῇ Καδμείᾳ στρατοπεδευομένοις παρεῖχε. καὶ διὰ τοῦθ' ὁ ἐκ πόλεως λόχος ἐκαλοῦντο· τὰς γὰρ ἀκροπόλεις ἐπιεικῶς οἱ τότε πόλεις ὠνόμαζον· [2] ἔνιοι δέ φασιν ἐξ ἐραστῶν καὶ ἐρωμένων γενέσθαι τὸ σύστημα τοῦτο, καὶ Παμμένους ἀπομνημονεύεταί τι μετὰ παιδιᾶς εἰρημένον· οὐ γὰρ ἔφη τακτικὸν εἶναι τὸν Ὁμήρου Νέστορα, κελεύοντα κατὰ φῦλα καὶ φρήτρας συλλοχίζεσθαι τοὺς Ἕλληνας (Il. 2, 363),

ὡς φρήτρη φρήτρηφιν ἀρήγῃ, φῦλα δὲ φύλοις,

[3] δέον ἐραστὴν παρ' ἐρώμενον τάττειν. φυλέτας μὲν γὰρ φυλετῶν καὶ φρατόρων ‹φράτορας› οὐ πολὺν λόγον ἔχειν ἐν τοῖς δεινοῖς, τὸ δ' ἐξ ἐρωτικῆς φιλίας συνηρμοσμένον στῖφος ἀδιάλυτον εἶναι καὶ ἄρρηκτον, ὅταν οἱ μὲν ἀγαπῶντες τοὺς ἐρωμένους, οἱ δ' αἰσχυνόμενοι τοὺς ἐρῶντας, [4] ἐμμένωσι τοῖς δεινοῖς ὑπὲρ ἀλλήλων. καὶ τοῦτο θαυμαστὸν οὐκ ἔστιν, εἴγε δὴ καὶ μὴ παρόντας αἰδοῦνται μᾶλλον ἑτέρων παρόντων, ὡς ἐκεῖνος ὁ τοῦ πολεμίου κείμενον αὐτὸν ἐπισφάττειν μέλλοντος δεόμενος καὶ ἀντιβολῶν διὰ τοῦ στέρνου διεῖναι τὸ ξίφος, ὅπως ἔφη μή με νεκρὸν ὁ ἐρώμενος ὁρῶν κατὰ νώτου τετρωμένον [5] αἰσχυνθῇ. λέγεται δὲ καὶ τὸν Ἰόλεων τοῦ Ἡρακλέους

ἐρώμενον ὄντα κοινωνεῖν τῶν ἄθλων καὶ παρασπίζειν. Ἀριστοτέλης δὲ (fg. 97 R.) καὶ καθ' αὑτὸν ἔτι φησὶν ἐπὶ τοῦ τάφου τοῦ Ἰόλεω τὰς καταπιστώσεις ποιεῖσθαι τοὺς ἐρωμένους [6] καὶ τοὺς ἐραστάς. εἰκὸς οὖν καὶ τὸν λόχον ἱερὸν προσαγορεύεσθαι, καθότι καὶ Πλάτων (Phaedr. 255b) ἔνθεον φίλον [7] τὸν ἐραστὴν προσεῖπε. λέγεται δὲ διαμεῖναι μέχρι τῆς ἐν Χαιρωνείᾳ μάχης ἀήττητον· ὡς δὲ μετὰ τὴν μάχην ἐφορῶν τοὺς νεκροὺς ὁ Φίλιππος ἔστη κατὰ τοῦτο τὸ χωρίον, ἐν ᾧ συνετύγχανε κεῖσθαι τοὺς τριακοσίους, ἐναντίους ἀπηντηκότας ταῖς σαρίσαις ἅπαντας ἐν τοῖς [στενοῖς] ὅπλοις καὶ μετ' ἀλλήλων ἀναμεμειγμένους, θαυμάσαντα καὶ πυθόμενον, ὡς ὁ τῶν ἐραστῶν καὶ τῶν ἐρωμένων οὗτος εἴη λόχος, δακρῦσαι καὶ εἰπεῖν· ἀπόλοιντο κακῶς οἱ τούτους τι ποιεῖν ἢ πάσχειν αἰσχρὸν ὑπονοοῦντες.

[19] [1] Ὅλως δὲ τῆς περὶ τοὺς ἐραστὰς συνηθείας οὐχ, ὥσπερ οἱ ποιηταὶ λέγουσι, Θηβαίοις τὸ Λαΐου πάθος ἀρχὴν παρέσχεν, ἀλλ' οἱ νομοθέται τὸ φύσει θυμοειδὲς αὐτῶν καὶ ἄκρατον ἀνιέναι καὶ ἀνυγραίνειν εὐθὺς ἐκ παίδων βουλόμενοι, πολὺν μὲν ἀνεμείξαντο καὶ σπουδῇ καὶ παιδιᾷ πάσῃ τὸν αὐλόν, εἰς τιμὴν καὶ προεδρίαν ἄγοντες, λαμπρὸν δὲ τὸν ἔρωτα ταῖς παλαίστραις ἐνεθρέψαντο, [2] συγκεραννύντες τὰ ἤθη τῶν νέων. ὀρθῶς δὲ πρὸς τοῦτο καὶ τὴν ἐξ Ἄρεως καὶ Ἀφροδίτης γεγονέναι λεγομένην θεὸν τῇ πόλει συνῳκείωσαν, ὡς ὅπου τὸ μαχητικὸν καὶ πολεμικὸν μάλιστα τῷ μετέχοντι πειθοῦς καὶ χαρίτων ὁμιλεῖ καὶ σύνεστιν, εἰς τὴν ἐμμελεστάτην καὶ κοσμιωτάτην πολιτείαν δι' Ἁρμονίας καθισταμένων ἁπάντων.

[3] Τὸν οὖν ἱερὸν λόχον τοῦτον ὁ μὲν Γοργίδας διαιρῶν εἰς τὰ πρῶτα ζυγά, καὶ παρ' ὅλην τὴν φάλαγγα τῶν ὁπλιτῶν προβαλλόμενος, ἐπίδηλον οὐκ ἐποίει τὴν ἀρετὴν τῶν ἀνδρῶν οὐδ' ἐχρῆτο τῇ δυνάμει πρὸς κοινὸν ἔργον, ἅτε δὴ [4] διαλελυμένῃ καὶ πρὸς πολὺ μεμειγμένῃ τὸ φαυλότερον. ὁ δὲ Πελοπίδας, ὡς ἐξέλαμψεν αὐτῶν ἡ ἀρετὴ περὶ Τεγύρας καθαρῶς καὶ περιόπτως ἀγωνισαμένων, οὐκέτι διεῖλεν οὐδὲ διέσπασεν, ἀλλ' ὥσπερ σώματι χρώμενος [5] ὅλῳ προεκινδύνευεν ‹ἐν› τοῖς μεγίστοις ἀγῶσιν. ὥσπερ γὰρ οἱ ἵπποι θᾶσσον ὑπὸ τοῖς ἅρμασιν ἢ καθ' αὑτοὺς ἐλαυνόμενοι θέουσιν, οὐχ ὅτι μᾶλλον ἐμπίπτοντες ἐκβιάζονται τὸν ἀέρα τῷ πλήθει ῥηγνύμενον, ἀλλ' ὅτι συνεκκαίει τὸν θυμὸν ἡ μετ' ἀλλήλων ἅμιλλα καὶ τὸ φιλόνικον, οὕτως ᾤετο τοὺς ἀγαθοὺς ζῆλον ἀλλήλοις καλῶν ἔργων ‹ἐμποι›οῦντας ὠφελιμωτάτους εἰς κοινὸν ἔργον εἶναι καὶ προθυμοτάτους.

[20] [1] Ἐπεὶ δὲ Λακεδαιμόνιοι πᾶσι τοῖς Ἕλλησιν εἰρήνην συνθέμενοι πρὸς μόνους Θηβαίους ἐξήνεγκαν τὸν πόλεμον, ἐνεβεβλήκει δὲ Κλεόμβροτος ὁ βασιλεύς, ἄγων ὁπλίτας μυρίους, ἱππεῖς δὲ χιλίους, ὁ δὲ κίνδυνος οὐ περὶ ὧν πρότερον ἦν Θηβαίοις, ἀλλ' ἄντικρυς ἀπειλὴ καὶ καταγγελία διοικισμοῦ, καὶ

φόβος οἷος οὔπω τὴν Βοιωτίαν [2] κατεῖχεν, ἐξιὼν μὲν ἐκ τῆς οἰκίας ὁ Πελοπίδας, καὶ τῆς γυναικὸς ἐν τῷ προπέμπειν δακρυούσης καὶ παρακαλούσης σῴζειν ἑαυτόν, ταῦτ' εἶπεν ὦ γύναι τοῖς ἰδιώταις [ἀεὶ] χρὴ παραινεῖν, τοῖς δ' ἄρχουσιν ὅπως τοὺς [3] ἄλλους σῴζωσιν. ἐλθὼν δ' εἰς τὸ στρατόπεδον καὶ τοὺς βοιωτάρχας καταλαβὼν οὐχ ὁμογνωμονοῦντας, πρῶτος Ἐπαμεινώνδᾳ προσέθετο γνώμην, ψηφιζομένῳ διὰ μάχης ἰέναι τοῖς πολεμίοις, βοιωτάρχης μὲν οὐκ ἀποδεδειγμένος, ἄρχων δὲ τοῦ ἱεροῦ λόχου καὶ πιστευόμενος, ὡς ἦν δίκαιον ἄνδρα τηλικαῦτα δεδωκότα τῇ πατρίδι σύμβολ' εἰς [4] τὴν ἐλευθερίαν. ὡς οὖν ἐδέδοκτο διακινδυνεύειν καὶ περὶ τὰ Λεῦκτρα τοῖς Λακεδαιμονίοις ἀντεστρατοπέδευον, ὄψιν εἶδε κατὰ τοὺς ὕπνους ὁ Πελοπίδας εὖ μάλα διαταράξασαν [5] αὐτόν. ἔστι γὰρ ἐν τῷ Λευκτρικῷ πεδίῳ τὰ σήματα τῶν τοῦ Σκεδάσου θυγατέρων, ἃς Λευκτρίδας καλοῦσι διὰ τὸν τόπον· ἐκεῖ γὰρ αὐταῖς ὑπὸ ξένων [6] Σπαρτιατῶν βιασθείσαις συνέβη ταφῆναι. γενομένης δὲ χαλεπῆς οὕτω καὶ παρανόμου πράξεως, ὁ μὲν πατήρ, ὡς οὐκ ἔτυχεν ἐν Λακεδαίμονι δίκης, ἀρὰς κατὰ τῶν Σπαρτιατῶν ἀρασάμενος ἔσφαξεν ἑαυτὸν ἐπὶ τοῖς τάφοις τῶν [7] παρθένων. χρησμοὶ δὲ καὶ λόγια τοῖς Σπαρτιάταις ἀεὶ προὔφαινον εὐλαβεῖσθαι καὶ φυλάττεσθαι τὸ Λευκτρικὸν μήνιμα, μὴ πάνυ τῶν πολλῶν συνιέντων, ἀλλ' ἀμφιγνοούντων τὸν τόπον, ἐπεὶ καὶ τῆς Λακωνικῆς πολίχνιον πρὸς τῇ θαλάσσῃ Λεῦκτρον ὀνομάζεται, καὶ πρὸς [8] Μεγάλῃ πόλει τῆς Ἀρκαδίας τόπος ἐστὶν ὁμώνυμος. τὸ μὲν οὖν πάθος τοῦτο πολὺ τῶν Λευκτρικῶν ἦν παλαιότερον.

[21] [1]

Ὁ δὲ Πελοπίδας ἐν τῷ στρατοπέδῳ κατακοιμηθεὶς ἔδοξε τάς τε παῖδας ὁρᾶν περὶ τὰ μνήματα θρηνούσας καὶ καταρωμένας τοῖς Σπαρτιάταις, τόν τε Σκέδασον κελεύοντα ταῖς κόραις σφαγιάσαι παρθένον ξανθήν, [2] εἰ βούλοιτο τῶν πολεμίων ἐπικρατῆσαι. δεινοῦ δὲ καὶ παρανόμου τοῦ προστάγματος αὐτῷ φανέντος, ἐξαναστὰς [3] ἐκοινοῦτο τοῖς τε μάντεσι καὶ τοῖς ἄρχουσιν. ὧν οἱ μὲν οὐκ εἴων παραμελεῖν οὐδ' ἀπειθεῖν, τῶν μὲν παλαιῶν προφέροντες Μενοικέα τὸν Κρέοντος καὶ Μακαρίαν τὴν Ἡρακλέους, τῶν δ' ὕστερον Φερεκύδην τε τὸν σοφὸν ὑπὸ Λακεδαιμονίων ἀναιρεθέντα καὶ τὴν δορὰν αὐτοῦ κατά τι λόγιον ὑπὸ τῶν βασιλέων φρουρουμένην, Λεωνίδαν τε τῷ χρησμῷ τρόπον τινὰ προθυσάμενον ἑαυτὸν ὑπὲρ τῆς Ἑλλάδος, ἔτι δὲ τοὺς ὑπὸ Θεμιστοκλέους σφαγιασθέντας Ὠμηστῇ Διονύσῳ πρὸ τῆς ἐν Σαλαμῖνι ναυμαχίας· [4] ἐκείνοις γὰρ ἐπιμαρτυρῆσαι τὰ κατορθώματα· τοῦτο δ' Ἀγησίλαον, ‹ὃν› ἀπὸ τῶν αὐτῶν Ἀγαμέμνονι τόπων ἐπὶ τοὺς αὐτοὺς στρατευόμενον πολεμίους ᾔτησε μὲν ἡ θεὸς τὴν θυγατέρα σφάγιον, καὶ

ταύτην εἶδε τὴν ὄψιν ἐν Αὐλίδι κοιμώμενος, ὁ δ' οὐκ ἔδωκεν, ἀλλ' ἀπομαλθακισθεὶς [5] κατέλυσε τὴν στρατείαν, ἄδοξον καὶ ἀτελῆ γενομένην. οἱ δὲ τοὐναντίον ἀπηγόρευον, ὡς οὐδενὶ τῶν κρειττόνων καὶ ὑπὲρ ἡμᾶς ἀρεστὴν οὖσαν οὕτω βάρβαρον καὶ παράνομον θυσίαν· οὐ γὰρ τοὺς Τυφῶνας ἐκείνους οὐδὲ τοὺς Γίγαντας ἄρχειν, ἀλλὰ τὸν πάντων πατέρα θεῶν καὶ ἀνθρώπων· [6] δαίμονας δὲ χαίροντας ἀνθρώπων αἵματι καὶ φόνῳ πιστεύειν ‹εἶναι› μὲν ἴσως ἐστὶν ἀβέλτερον, ὄντων δὲ τοιούτων ἀμελητέον ὡς ἀδυνάτων· ἀσθενείᾳ γὰρ καὶ μοχθηρίᾳ ψυχῆς ἐμφύεσθαι καὶ παραμένειν τὰς ἀτόπους καὶ χαλεπὰς ἐπιθυμίας.

[22] [1] Ἐν τοιούτοις οὖν διαλόγοις τῶν πρώτων ὄντων, καὶ μάλιστα τοῦ Πελοπίδου διαποροῦντος, πῶλος ἐξ ἀγέλης ἀποφυγοῦσα καὶ φερομένη διὰ τῶν ὅπλων, ὡς ἦν θέουσα [2] κατ' αὐτοὺς ἐκείνους, ἐπέστη· καὶ τοῖς μὲν ἄλλοις θέαν παρεῖχεν ἥ τε χρόα στίλβουσα τῆς χαίτης πυρσότατον, ἥ τε γαυρότης καὶ τὸ σοβαρὸν καὶ τεθαρρηκὸς τῆς φωνῆς· [3] Θεόκριτος δ' ὁ μάντις συμφρονήσας ἀνεβόησε πρὸς τὸν Πελοπίδαν· ἥκει σοι τὸ ἱερεῖον ὦ δαιμόνιε, καὶ παρθένον ἄλλην μὴ περιμένωμεν, ἀλλὰ χρῶ δεξάμενος ἣν ὁ θεὸς [4] δίδωσιν. ἐκ τούτου λαβόντες τὴν ἵππον ἐπὶ τοὺς τάφους ἦγον τῶν παρθένων, καὶ κατευξάμενοι καὶ καταστέψαντες ἐνέτεμον, αὐτοί τε χαίροντες καὶ λόγον εἰς τὸ στρατόπεδον περὶ τῆς ὄψεως τοῦ Πελοπίδου καὶ τῆς θυσίας διδόντες.

[23] [1] Ἐν δὲ τῇ μάχῃ τοῦ Ἐπαμεινώνδου τὴν φάλαγγα λοξὴν ἐπὶ τὸ εὐώνυμον ἕλκοντος, ὅπως τῶν ἄλλων Ἑλλήνων ἀπωτάτω γένηται τὸ δεξιὸν τῶν Σπαρτιατῶν καὶ τὸν Κλεόμβροτον ἐξώσῃ προσπεσὼν ἀθρόως κατὰ [2] κέρας καὶ βιασάμενος, οἱ μὲν πολέμιοι καταμαθόντες τὸ γινόμενον ἤρξαντο μετακινεῖν τῇ τάξει σφᾶς αὐτοὺς καὶ τὸ δεξιὸν ἀνέπτυσσον καὶ περιῆγον, ὡς κυκλωσόμενοι [3] καὶ περιβαλοῦντες ὑπὸ πλήθους τὸν Ἐπαμεινώνδαν, ὁ δὲ Πελοπίδας ἐν τούτῳ προεξέδραμε, καὶ συστρέψας τοὺς τριακοσίους δρόμῳ φθάνει, πρὶν ἀνατεῖναι τὸν Κλεόμβροτον τὸ κέρας ἢ συναγ‹αγ›εῖν πάλιν εἰς τὸ αὐτὸ καὶ συγκλεῖσαι τὴν τάξιν, οὐ καθεστῶσιν ἀλλὰ θορυβουμένοις [4] δι' ἀλλήλων τοῖς Λακεδαιμονίοις ἐπιβαλών. καίτοι πάντων ἄκροι τεχνῖται καὶ σοφισταὶ τῶν πολεμικῶν ὄντες οἱ Σπαρτιᾶται πρὸς οὐδὲν οὕτως ἐπαίδευον αὑτοὺς καὶ συνείθιζον, ὡς τὸ μὴ πλανᾶσθαι μηδὲ ταράττεσθαι τάξεως διαλυθείσης, ἀλλὰ χρώμενοι πᾶσι πάντες ἐπιστάταις καὶ ζευγίταις, ὅπου ποτὲ καὶ σὺν οἷστισιν ὁ κίνδυνος καταλαμβάνοι, καὶ συναρμόττειν καὶ μάχεσθαι παραπλησίως.

[5] τότε δ' ἡ τοῦ Ἐπαμεινώνδου φάλαγξ ἐπιφερομένη μόνοις ἐκείνοις καὶ παραλλάττουσα τοὺς ἄλλους, ὅ τε Πελοπίδας μετὰ τάχους ἀπίστου καὶ

τόλμης ἐν τοῖς ὅπλοις γενόμενος, συνέχεον τά τε φρονήματα καὶ τὰς ἐπιστήμας αὐτῶν οὕτως, ὥστε φυγὴν καὶ φόνον Σπαρτιατῶν ὅσον [6] οὔπω πρότερον γενέσθαι. διὸ τῷ Ἐπαμεινώνδᾳ βοιωταρχοῦντι μὴ βοιωταρχῶν, καὶ πάσης ἡγουμένῳ τῆς δυνάμεως μικροῦ μέρους ἄρχων, ἴσον ἠνέγκατο δόξης τῆς νίκης ἐκείνης καὶ τοῦ κατορθώματος.

[24] [1] Εἰς μέντοι Πελοπόννησον ἀμφότεροι βοιωταρχοῦντες ἐνέβαλον καὶ τῶν ἐθνῶν τὰ πλεῖστα προσήγοντο, Λακεδαιμονίων ἀποστήσαντες Ἦλιν, Ἄργος, Ἀρκαδίαν σύμπασαν, αὐτῆς τῆς Λακωνικῆς τὰ πλεῖστα.

[2] καίτοι χειμῶνος μὲν ἦσαν αἱ περὶ τροπὰς ἀκμαί, μηνὸς δὲ τοῦ τελευταίου φθίνοντος ὀλίγαι περιῆσαν ἡμέραι, καὶ τὴν ἀρχὴν ἔδει παραλαμβάνειν ἑτέρους εὐθὺς ἱσταμένου τοῦ πρώτου μηνός, ἢ θνῄσκειν τοὺς μὴ παραδιδόντας.

[3] οἱ δ' ἄλλοι βοιωτάρχαι, καὶ τὸν νόμον δεδιότες τοῦτον, καὶ τὸν χειμῶνα φεύγοντες, ἀπάγειν ἔσπευδον ἐπ' οἴκου τὸ στράτευμα, Πελοπίδας δὲ πρῶτος Ἐπαμεινώνδᾳ γενόμενος σύμψηφος καὶ συμπαρορμήσας τοὺς πολίτας, [4] ἦγεν ἐπὶ τὴν Σπάρτην καὶ διεβίβαζε τὸν Εὐρώταν, καὶ πολλὰς μὲν ᾕρει πόλεις αὐτῶν, πᾶσαν δὲ τὴν χώραν ἐπόρθει μέχρι θαλάσσης, ἡγούμενος ἑπτὰ μυριάδων Ἑλληνικῆς στρατιᾶς, ἧς ἔλαττον ἢ δωδέκατον ἦσαν αὐτοὶ [5] Θηβαῖοι μέρος. ἀλλ' ἡ δόξα τῶν ἀνδρῶν ἄνευ δόγματος κοινοῦ καὶ ψηφίσματος ἐποίει τοὺς συμμάχους ἕπεσθαι [6] σιωπῇ πάντας ἡγουμένοις ἐκείνοις. ὁ γὰρ πρῶτος ὡς ἔοικε καὶ κυριώτατος νόμος τῷ σῴζεσθαι δεομένῳ τὸν [7] σῴζειν δυνάμενον ἄρχοντα κατὰ φύσιν ἀποδίδωσι· κἂν ὥσπερ οἱ πλέοντες εὐδίας οὔσης ἢ παρ' ἀκτὴν ὁρμοῦντες ἀσελγῶς προσενεχθῶσι τοῖς κυβερνήταις καὶ θρασέως, ἅμα τῷ χειμῶνα καὶ κίνδυνον καταλαμβάνειν πρὸς ἐκείνους [8] ἀποβλέπουσι καὶ τὰς ἐλπίδας ἐν ἐκείνοις ἔχουσι. καὶ γὰρ Ἀργεῖοι καὶ Ἠλεῖοι καὶ Ἀρκάδες, ἐν τοῖς συνεδρίοις ἐρίζοντες καὶ διαφερόμενοι πρὸς τοὺς Θηβαίους ὑπὲρ ἡγεμονίας, ἐπ' αὐτῶν τῶν ἀγώνων καὶ παρὰ τὰ δεινὰ τοῖς ἐκείνων αὐθαιρέτως πειθόμενοι στρατηγοῖς ἠκολούθουν [9] ἐν ἐκείνῃ τῇ στρατείᾳ, καὶ πᾶσαν μὲν Ἀρκαδίαν εἰς μίαν δύναμιν συνέστησαν, τὴν δὲ Μεσσηνίαν χώραν νεμομένων Σπαρτιατῶν ἀποτεμόμενοι, τοὺς παλαιοὺς Μεσσηνίους [10] ἐκάλουν καὶ κατῆγον, Ἰθώμην συνοικίσαντες. ἀπιόντες δ' ἐπ' οἴκου διὰ Κεγχρεῶν, Ἀθηναίους ἐνίκων, ἐπιχειροῦντας ἁψιμαχεῖν περὶ τὰ στενὰ καὶ κωλύειν τὴν πορείαν.

[25] [1] Ἐπὶ δὲ τούτοις οἱ μὲν ἄλλοι πάντες ὑπερηγάπων τὴν ἀρετὴν καὶ τὴν τύχην ἐθαύμαζον, ὁ δὲ συγγενὴς καὶ πολιτικὸς φθόνος, ἅμα τῇ δόξῃ τῶν ἀνδρῶν συναυξόμενος, οὐ καλὰς οὐδὲ πρεπούσας ὑποδοχὰς παρεσκεύαζεν αὐτοῖς.

[2] θανάτου γὰρ ἀμφότεροι δίκας ἔφυγον ἐπανελθόντες, ὅτι τοῦ νόμου κελεύοντος ἐν τῷ πρώτῳ μηνὶ παραδοῦναι τὴν βοιωταρχίαν ἑτέροις, ὃν Βουκάτιον ὀνομάζουσι, τέτταρας ὅλους προσεπελάβοντο μῆνας, ἐν οἷς τὰ περὶ Μεσσήνην [3] καὶ Ἀρκαδίαν καὶ τὴν Λακωνικὴν διῴκησαν. εἰσήχθη μὲν οὖν πρότερος εἰς τὸ δικαστήριον Πελοπίδας, δι᾽ ὃ καὶ [4] μᾶλλον ἐκινδύνευσεν, ἀμφότεροι δ᾽ ἀπελύθησαν. τὸ δὲ συκοφάντημα καὶ τὴν πεῖραν Ἐπαμεινώνδας ἤνεγκε πρᾴως, μέγα μέρος ἀνδρείας καὶ μεγαλοψυχίας τὴν ἐν τοῖς πολιτικοῖς ἀνεξικακίαν ποιούμενος· Πελοπίδας δὲ καὶ φύσει θυμοειδέστερος ὤν, καὶ παροξυνόμενος ὑπὸ τῶν φίλων ἀμύνασθαι τοὺς ἐχθρούς, ἐπελάβετο τοιαύτης αἰτίας.

[5] Μενεκλείδας ὁ ῥήτωρ ἦν μὲν εἷς τῶν μετὰ Πελοπίδου καὶ Μέλωνος εἰς τὴν Χάρωνος οἰκίαν συνελθόντων, ἐπεὶ δὲ τῶν ἴσων οὐκ ἠξιοῦτο παρὰ τοῖς Θηβαίοις, δεινότατος μὲν ὢν λέγειν, ἀκόλαστος δὲ καὶ κακοήθης τὸν τρόπον, ἐχρῆτο τῇ φύσει πρὸς τὸ συκοφαντεῖν καὶ διαβάλλειν τοὺς κρείττονας, οὐδὲ μετὰ ‹τὴν› δίκην ἐκείνην παυσάμενος.

[6] Ἐπαμεινώνδαν μὲν οὖν ἐξέκρουσε τῆς βοιωταρχίας καὶ κατεπολιτεύσατο πολὺν χρόνον, Πελοπίδαν δὲ πρὸς μὲν τὸν δῆμον οὐκ ἴσχυσε διαβαλεῖν, ἐπεχείρει δὲ συγκροῦσαι [7] τῷ Χάρωνι· καὶ κοινήν τινα τοῦ φθόνου παραμυθίαν ἔχοντος, ὧν ἂν αὐτοὶ μὴ δύνωνται βελτίους φανῆναι, τούτους ‹ἐὰν› ἁμῶς γέ πως ἑτέρων ἀποδείξωσι κακίους, πολὺς ἦν πρὸς τὸν δῆμον αὔξων τὰ τοῦ Χάρωνος ἔργα, καὶ τὰς [8] στρατηγίας τὰς ἐκείνου καὶ τὰς νίκας ἐγκωμιάζων. τῆς δὲ πρὸς Πλαταιὰς ἱππομαχίας, ἣν πρὸ τῶν Λευκτρικῶν ἐνίκησαν ἡγουμένου Χάρωνος, ἐπεχείρησεν ἀνάθημα [9] τοιόνδε ποιῆσαι. Ἀνδροκύδης ὁ Κυζικηνὸς ἐκλαβὼν παρὰ τῆς πόλεως πίνακα γράψαι μάχης ἑτέρας, ἐπετέλει τὸ [10] ἔργον ἐν Θήβαις. γενομένης δὲ τῆς ἀποστάσεως καὶ τοῦ πολέμου συμπεσόντος, οὐ πολὺ τοῦ τέλος ἔχειν ἐλλείποντα [11] τὸν πίνακα παρ᾽ ἑαυτοῖς οἱ Θηβαῖοι κατέσχον. τοῦτον οὖν ὁ Μενεκλείδας ἔπειθεν ἀναθέντας ἐπιγράψαι τοὔνομα τοῦ Χάρωνος, ὡς ἀμαυρώσων τὴν Πελοπίδου καὶ Ἐπαμεινώνδου [12] δόξαν. ἦν δ᾽ ἀβέλτερος ἡ φιλοτιμία, παρὰ τοσούτους καὶ τηλικούτους ἀγῶνας ἑνὸς ἔργου καὶ μιᾶς νίκης ἀγαπωμένης, ἐν ᾗ Γεράδαν τινὰ τῶν ἀσήμων Σπαρτιατῶν καὶ τεσσαράκοντα μετ᾽ αὐτοῦ πεσεῖν, ἄλλο δ᾽ οὐδὲν μέγα [13] πραχθῆναι λέγουσι. τοῦτο τὸ ψήφισμα γράφεται Πελοπίδας παρανόμων, ἰσχυριζόμενος ὅτι Θηβαίοις οὐ πάτριον ἦν ἰδίᾳ κατ᾽ ἄνδρα τιμᾶν, ἀλλὰ τῇ πατρίδι κοινῶς τὸ τῆς [14] νίκης ὄνομα σῴζειν. καὶ τὸν μὲν Χάρωνα παρὰ πᾶσαν τὴν δίκην ἐγκωμιάζων ἀφθόνως διετέλεσε, τὸν δὲ Μενεκλείδαν βάσκανον καὶ πονηρὸν ἐξελέγχων, καὶ τοὺς Θηβαίους [15] ἐρωτῶν, εἰ μηδὲν αὐτοῖς καλὸν πέπρακται †ὃ μὴ Μενεκλείδαν ζημιῶσαι

χρήμασιν, ἃ μὴ δυνάμενος ἐκτεῖσαι διὰ πλῆθος, ὕστερον ἐπεχείρησε κινῆσαι καὶ μεταστῆσαι τὴν πολιτείαν. ταῦτα μὲν οὖν ἔχει τινὰ καὶ τοῦ βίου ἀποθεώρησιν.

[26] [1] Ἐπεὶ δ' Ἀλεξάνδρου τοῦ Φερῶν τυράννου πολεμοῦντος μὲν ἐκ προδήλου πολλοῖς Θεσσαλῶν, ἐπιβουλεύοντος δὲ πᾶσιν, ἐπρέσβευσαν εἰς Θήβας αἱ πόλεις, στρατηγὸν αἰτούμεναι καὶ δύναμιν, ὁρῶν ὁ Πελοπίδας τὸν Ἐπαμεινώνδαν τὰς ἐν Πελοποννήσῳ πράξεις διοικεῖν, αὐτὸς ἑαυτὸν ἐπέδωκε καὶ προσένειμε τοῖς Θεσσαλοῖς, μήτε τὴν ἰδίαν ἐπιστήμην καὶ δύναμιν ἀργοῦσαν περιορᾶν ὑπομένων, μήθ' ὅπου πάρεστιν Ἐπαμεινώνδας ἑτέρου [2] δεῖσθαι στρατηγοῦ νομίζων. ὡς οὖν ἐστράτευσεν ἐπὶ Θεσσαλίαν μετὰ δυνάμεως, τήν τε Λάρισσαν εὐθὺς παρέλαβε, καὶ τὸν Ἀλέξανδρον ἐλθόντα καὶ δεόμενον διαλλάττειν ἐπειρᾶτο καὶ ποιεῖν ἐκ τυράννου πρᾷον [3] ἄρχοντα τοῖς Θεσσαλοῖς καὶ νόμιμον. ὡς δ' ἦν ἀνήκεστος καὶ θηριώδης, καὶ πολλὴ μὲν ὠμότης αὐτοῦ, πολλὴ δ' ἀσέλγεια καὶ πλεονεξία κατηγορεῖτο, τραχυνομένου τοῦ Πελοπίδου πρὸς αὐτὸν καὶ χαλεπαίνοντος, ἀποδρὰς ᾤχετο [4] μετὰ τῶν δορυφόρων. ὁ δὲ Πελοπίδας ἄδειάν τε πολλὴν ἀπὸ τοῦ τυράννου τοῖς Θεσσαλοῖς ἀπολιπὼν καὶ πρὸς ἀλλήλους ὁμόνοιαν, αὐτὸς εἰς Μακεδονίαν ἀπῆρε, Πτολεμαίου μὲν Ἀλεξάνδρῳ τῷ βασιλεύοντι τῶν Μακεδόνων πολεμοῦντος, ἀμφοτέρων δὲ μεταπεμπομένων ἐκεῖνον, ὡς διαλλακτὴν καὶ δικαστὴν καὶ σύμμαχον καὶ βοηθὸν τοῦ [5] δοκοῦντος ἀδικεῖσθαι γενησόμενον. ἐλθὼν δὲ καὶ διαλύσας τὰς διαφορὰς καὶ καταγαγὼν τοὺς φεύγοντας, ὅμηρον ἔλαβε τὸν ἀδελφὸν τοῦ βασιλέως Φίλιππον καὶ τριάκοντα παῖδας ἄλλους τῶν ἐπιφανεστάτων καὶ κατέστησεν εἰς Θήβας, ἐπιδειξάμενος τοῖς Ἕλλησιν, ὡς πόρρω διήκει τὰ Θηβαίων πράγματα τῇ δόξῃ τῆς δυνάμεως καὶ τῇ [6] πίστει τῆς δικαιοσύνης. οὗτος ἦν Φίλιππος ὁ τοῖς Ἕλλησιν ὕστερον πολεμήσας ὑπὲρ τῆς ἐλευθερίας, τότε δὲ παῖς [7] ὢν ἐν Θήβαις παρὰ Παμμένει δίαιταν εἶχεν. ἐκ δὲ τούτου καὶ ζηλωτὴς γεγονέναι ‹τισὶν› ἔδοξεν Ἐπαμεινώνδου, τὸ περὶ τοὺς πολέμους καὶ τὰς στρατηγίας δραστήριον ἴσως [8] κατανοήσας‹ιν›· ὃ μικρὸν ἦν τῆς τοῦ ἀνδρὸς ἀρετῆς μόριον· ἐγκρατείας δὲ καὶ δικαιοσύνης καὶ μεγαλοψυχίας καὶ πρᾳότητος, οἷς ἦν ἀληθῶς μέγας ἐκεῖνος, οὐδὲν οὔτε φύσει Φίλιππος οὔτε μιμήσει μετέσχε.

[27] [1] Μετὰ δὲ ταῦτα πάλιν τῶν Θετταλῶν αἰτιωμένων τὸν Φεραῖον Ἀλέξανδρον ὡς διαταράττοντα τὰς πόλεις, ἀπεστάλη μετ' Ἰσμηνίου πρεσβεύων ὁ Πελοπίδας, καὶ παρῆν οὔτ' οἴκοθεν ἄγων δύναμιν, οὔτε πόλεμον προσδοκήσας, αὐτοῖς δὲ τοῖς Θετταλοῖς χρῆσθαι πρὸς τὸ [2] κατεπεῖγον τῶν πραγμάτων ἀναγκαζόμενος. ἐν τούτῳ δὲ πάλιν τῶν κατὰ

Μακεδονίαν ταραττομένων, (ὁ γὰρ Πτολεμαῖος ἀνῃρήκει τὸν βασιλέα καὶ τὴν ἀρχὴν κατέσχεν, οἱ δὲ φίλοι τοῦ τεθνηκότος ἐκάλουν τὸν Πελοπίδαν), [3] βουλόμενος μὲν ἐπιφανῆναι τοῖς πράγμασιν, ἰδίους δὲ στρατιώτας οὐκ ἔχων, μισθοφόρους τινὰς αὐτόθεν προσλαβόμενος, μετὰ τούτων εὐθὺς ἐβάδιζεν ἐπὶ τὸν [4] Πτολεμαῖον. ὡς δ' ἐγγὺς ἀλλήλων ἐγένοντο, τοὺς μὲν μισθοφόρους Πτολεμαῖος χρήμασι διαφθείρας ἔπεισεν ὡς αὐτὸν μεταστῆναι, τοῦ δὲ Πελοπίδου τὴν δόξαν αὐτὴν καὶ τοὔνομα δεδοικώς, ἀπήντησεν ὡς κρείσσονι, καὶ δεξιωσάμενος καὶ δεηθεὶς ὡμολόγησε τὴν μὲν ἀρχὴν τοῖς τοῦ τεθνηκότος ἀδελφοῖς διαφυλάξειν, Θηβαίοις δὲ τὸν αὐτὸν ἐχθρὸν ἕξειν καὶ φίλον· ὁμήρους δ' ἐπὶ τούτοις τὸν υἱὸν Φιλόξενον ἔδωκε καὶ πεντήκοντα τῶν ἑταίρων.

[5] τούτους μὲν οὖν ἀπέστειλεν εἰς Θήβας ὁ Πελοπίδας, αὐτὸς δὲ βαρέως φέρων τὴν τῶν μισθοφόρων προδοσίαν, καὶ πυνθανόμενος τὰ πλεῖστα τῶν χρημάτων αὐτοῖς καὶ παῖδας καὶ γυναῖκας ἀποκεῖσθαι περὶ Φάρσαλον, ὥστε τούτων κρατήσας ἱκανὴν δίκην ὧν καθύβρισται λήψεσθαι, [καὶ] συναγαγὼν τῶν Θεσσαλῶν τινας ἧκεν εἰς [6] Φάρσαλον. ἀρτίως δ' αὐτοῦ παρεληλυθότος, Ἀλέξανδρος ὁ τύραννος ἐπεφαίνετο μετὰ τῆς δυνάμεως, καὶ νομίσαντες οἱ περὶ τὸν Πελοπίδαν ἀπολογησόμενον ἥκειν, ἐβάδιζον αὐτοὶ πρὸς αὐτόν, ἐξώλη μὲν ὄντα καὶ μιαιφόνον εἰδότες, διὰ δὲ τὰς Θήβας καὶ τὸ περὶ αὐτοὺς ἀξίωμα καὶ [7] δόξαν οὐδὲν ἂν παθεῖν προσδοκήσαντες. ὁ δ' ὡς εἶδεν ἀνόπλους καὶ μόνους προσιόντας, ἐκείνους μὲν εὐθὺς συνέλαβε, τὴν δὲ Φάρσαλον κατέσχε, φρίκην δὲ καὶ φόβον ἐνειργάσατο τοῖς ὑπηκόοις πᾶσιν, ὡς μετά γε τηλικαύτην ἀδικίαν καὶ τόλμαν ἀφειδήσων ἁπάντων, καὶ χρησόμενος οὕτω τοῖς παραπίπτουσιν ἀνθρώποις καὶ πράγμασιν, ὡς τότε γε κομιδῇ τὸν ἑαυτοῦ βίον ἀπεγνωκώς.

[28] [1] Οἱ μὲν οὖν Θηβαῖοι ταῦτ' ἀκούσαντες ἔφερόν τε βαρέως, καὶ στρατιὰν ἐξέπεμπον εὐθύς, δι' ὀργήν τινα πρὸς τὸν Ἐπαμεινώνδαν ἑτέρους ἀποδείξαντες ἄρχοντας.

[2] τὸν δὲ Πελοπίδαν εἰς τὰς Φερὰς ἀπαγαγὼν ὁ τύραννος, τὸ μὲν πρῶτον εἴα τοὺς βουλομένους αὐτῷ διαλέγεσθαι, νομίζων ἐλεεινὸν γεγονέναι καὶ ταπεινὸν ὑπὸ τῆς συμφορᾶς· [3] ἐπεὶ δὲ τοὺς μὲν Φεραίους ὁ Πελοπίδας ὀδυρομένους παρεκάλει θαρρεῖν, ὡς νῦν μάλιστα δώσοντος τοῦ τυράννου δίκην, πρὸς δ' αὐτὸν ἐκεῖνον ἀποστείλας ἔλεγεν, ὡς ἄτοπός ἐστι, τοὺς μὲν ἀθλίους πολίτας καὶ μηδὲν ἀδικοῦντας ὁσημέραι στρεβλῶν καὶ φονεύων, αὐτοῦ δὲ φειδόμενος, ὃν μάλιστα γινώσκει τιμωρησόμενον αὐτὸν ἄνπερ διαφύγῃ, [4] θαυμάσας τὸ φρόνημα καὶ τὴν ἄδειαν αὐτοῦ, τί δὲ φησὶ σπεύδει Πελοπίδας ἀποθανεῖν; κἀκεῖνος ἀκούσας ὅπως εἶπε σὺ τάχιον ἀπολῇ, μᾶλλον

ἢ νῦν θεομισὴς [5] γενόμενος. ἐκ τούτου διεκώλυσεν ἐντυγχάνειν αὐτῷ τοὺς ἐκτός. ἡ δὲ Θήβη, θυγάτηρ μὲν Ἰάσονος οὖσα, γυνὴ δ᾽ Ἀλεξάνδρου, πυνθανομένη παρὰ τῶν φυλαττόντων Πελοπίδαν τὸ θαρραλέον αὐτοῦ καὶ γενναῖον, ἐπεθύμησεν ἰδεῖν [6] τὸν ἄνδρα καὶ προσειπεῖν. ὡς δ᾽ ἦλθε πρὸς αὐτόν, ἅτε δὴ γυνὴ τὸ μὲν μέγεθος τοῦ ἤθους οὐκ εὐθὺς ἐν τοσαύτῃ συμφορᾷ κατεῖδε, κουρᾷ δὲ καὶ στολῇ καὶ διαίτῃ τεκμαιρομένη λυπρὰ καὶ μὴ πρέποντα τῇ δόξῃ πάσχειν αὐτόν, [7] ἀπεδάκρυσε. τὸ μὲν ‹οὖν› πρῶτον ἀγνοῶν ὁ Πελοπίδας τίς εἴη γυναικῶν, ἐθαύμαζεν· ὡς δ᾽ ἔγνω, προσηγόρευσεν αὐτὴν πατρόθεν· ἦν γὰρ τῷ Ἰάσονι συνήθης καὶ φίλος.

[8] εἰπούσης δ᾽ ἐκείνης ἐλεῶ σου τὴν γυναῖκα, καὶ γὰρ ‹καὶ› ἐγώ σε εἶπεν ὅτι ἄδετος οὖσα ὑπομένεις Ἀλέξανδρον.

[9] οὗτος ἔθιγέ πως ὁ λόγος τῆς γυναικός· ἐβαρύνετο γὰρ τὴν ὠμότητα καὶ τὴν ὕβριν τοῦ τυράννου, μετὰ τῆς ἄλλης ἀσελγείας καὶ τὸν νεώτατον αὐτῆς τῶν ἀδελφῶν [10] παιδικὰ πεποιημένου. διὸ καὶ συνεχῶς φοιτῶσα πρὸς τὸν Πελοπίδαν, καὶ παρρησιαζομένη περὶ ὧν ἔπασχεν, ὑπεπίμπλατο θυμοῦ καὶ φρονήματος καὶ δυσμενείας πρὸς τὸν Ἀλέξανδρον.

[29] [1] Ἐπεὶ δ᾽ οἱ στρατηγοὶ τῶν Θηβαίων εἰς τὴν Θετταλίαν ἐμβαλόντες ἔπραξαν οὐδέν, ἀλλὰ δι᾽ ἀπειρίαν ἢ δυστυχίαν αἰσχρῶς ἀνεχώρησαν, ἐκείνων μὲν ἕκαστον ἡ πόλις μυρίαις δραχμαῖς ἐζημίωσεν, Ἐπαμεινώνδαν δὲ [2] μετὰ δυνάμεως ἀπέστειλεν. εὐθὺς οὖν κίνησίς τε μεγάλη Θετταλῶν ἦν, ἐπαιρομένων πρὸς τὴν δόξαν τοῦ στρατηγοῦ, καὶ τὰ πράγματα τοῦ τυράννου ῥοπῆς ἐδεῖτο [3] μικρᾶς ἀπολωλέναι· τοσοῦτος ἐνεπεπτώκει φόβος τοῖς περὶ αὐτὸν ἡγεμόσι καὶ φίλοις, τοσαύτη δὲ [πρὸς] τοὺς ὑπηκόους ὁρμὴ πρὸς ἀπόστασιν εἶχε καὶ χαρὰ τοῦ μέλλοντος, ὡς νῦν ἐποψομένους δίκην διδόντα τὸν τύραννον.

[4] οὐ μὴν ἀλλ᾽ Ἐπαμεινώνδας τὴν αὑτοῦ δόξαν ἐν ὑστέρῳ τῆς Πελοπίδου σωτηρίας τιθέμενος, καὶ δεδοικὼς μὴ τῶν πραγμάτων ταραχθέντων ἀπογνοὺς ἑαυτὸν Ἀλέξανδρος [5] ὥσπερ θηρίον τράπηται πρὸς ἐκεῖνον, ἐπῃωρεῖτο τῷ πολέμῳ, καὶ κύκλῳ περιϊὼν τῇ παρασκευῇ καὶ τῇ μελλήσει κατεσκεύαζε καὶ συνέστελλε τὸν τύραννον, ὡς μήτ᾽ ἐντεῖναι τὸ αὔθαδες αὐτοῦ καὶ θρασυνόμενον, μήτε τὸ πικρὸν [6] καὶ θυμοειδὲς ἐξερεθίσαι, πυνθανόμενος τὴν ὠμότητα καὶ τὴν ὀλιγωρίαν τῶν καλῶν καὶ δικαίων, ὡς ζῶντας μὲν ἀνθρώπους κατώρυττεν, ἑτέροις δὲ δέρματα συῶν ἀγρίων καὶ ἄρκτων περιτιθείς, καὶ τοὺς θηρατικοὺς ἐπάγων κύνας, διέσπα καὶ κατηκόντιζε, παιδιᾷ ταύτῃ χρώμενος, [7] Μελιβοίᾳ δὲ καὶ Σκοτούσσῃ, πόλεσιν ἐνσπόνδοις καὶ φίλαις, ἐκκλησιαζούσαις περιστήσας ἅμα τοὺς δορυφόρους, [8] ἡβηδὸν ἀπέσφαξε, τὴν δὲ λόγχην, ᾗ Πολύφρονα τὸν θεῖον ἀπέκτεινε, καθιερώσας καὶ

καταστέψας, ἔθυεν [9] ὥσπερ θεῷ, καὶ Τύχωνα προσηγόρευε. τραγῳδὸν δέ ποτε θεώμενος Εὐριπίδου Τρῳάδας ὑποκρινόμενον, ᾤχετ' ἀπιὼν ἐκ τοῦ θεάτρου, καὶ πέμψας πρὸς αὐτὸν ἐκέλευε [10] θαρρεῖν καὶ μηδὲν ἀγωνίζεσθαι διὰ τοῦτο χεῖρον. οὐ γὰρ ἐκείνου καταφρονῶν ἀπελθεῖν, ἀλλ' αἰσχυνόμενος τοὺς πολίτας, εἰ μηδένα πώποτε τῶν ὑπ' αὐτοῦ φονευομένων ἠλεηκώς, ἐπὶ τοῖς Ἑκάβης καὶ Ἀνδρομάχης κακοῖς ὀφθήσεται [11] δακρύων. οὗτος μέντοι τὴν δόξαν αὐτὴν καὶ τοὔνομα καὶ τὸ πρόσχημα τῆς Ἐπαμεινώνδου στρατηγίας καταπλαγείς,

ἔπτηξ' ἀλέκτωρ δοῦλος ὣς κλίνας πτερόν (Phryn. fr. 17 N^2)

[12] καὶ τοὺς ἀπολογησομένους ταχὺ πρὸς αὐτὸν ἔπεμπεν. ὁ δὲ συνθέσθαι μὲν εἰρήνην καὶ φιλίαν πρὸς τοιοῦτον ἄνδρα Θηβαίοις οὐχ ὑπέμεινε, σπεισάμενος δὲ τριακονθημέρους ἀνοχὰς τοῦ πολέμου καὶ λαβὼν τὸν Πελοπίδαν καὶ τὸν Ἰσμηνίαν, ἀνεχώρησεν.

[30] [1] Οἱ δὲ Θηβαῖοι παρὰ τῶν Λακεδαιμονίων καὶ τῶν Ἀθηναίων αἰσθόμενοι πρὸς τὸν μέγαν βασιλέα πρέσβεις ἀναβαίνοντας ὑπὲρ συμμαχίας, ἔπεμψαν καὶ αὐτοὶ Πελοπίδαν, ἄριστα βουλευσάμενοι πρὸς τὴν δόξαν αὐτοῦ.

[2] πρῶτον μὲν γὰρ ἀνέβαινε διὰ τῶν βασιλέως ἐπαρχιῶν ὀνομαστὸς ὢν καὶ περιβόητος· οὐ γὰρ ἠρέμα διῖκτο τῆς Ἀσίας οὐδ' ἐπὶ μικρὸν ἡ δόξα τῶν πρὸς Λακεδαιμονίους ἀγώνων, ἀλλ' ὡς πρῶτος ὁ περὶ τῆς ἐν Λεύκτροις μάχης ἐξέδραμε λόγος, ἀεί τινος καινοῦ προστιθεμένου κατορθώματος, αὐξανομένη καὶ ἀναβαίνουσα πορρωτάτω κατέσχεν· [3] ἔπειτα τοῖς ἐπὶ θύραις σατράπαις καὶ στρατηγοῖς καὶ ἡγεμόσιν ὀφθείς, θαῦμα καὶ λόγον παρέσχεν, ὡς οὗτος ἀνήρ ἐστιν ὁ γῆς καὶ θαλάσσης ἐκβαλὼν Λακεδαιμονίους καὶ συστείλας ὑπὸ τὸ Ταΰγετον καὶ τὸν Εὐρώταν [καὶ] τὴν Σπάρτην τὴν ὀλίγον ἔμπροσθεν βασιλεῖ τῷ μεγάλῳ καὶ Πέρσαις δι' Ἀγησιλάου τὸν περὶ Σούσων καὶ [4] Ἐκβατάνων ἐπαραμένην πόλεμον. ταῦτ' οὖν ὁ Ἀρταξέρξης ἔχαιρε, καὶ τὸν Πελοπίδαν ἔτι μᾶλλον ἐθαύμαζε ‹καὶ συνηῦξε› τῇ δόξῃ καὶ μέγαν ἐποίει ταῖς τιμαῖς, ὑπὸ τῶν μεγίστων εὐδαιμονίζεσθαι καὶ θεραπεύεσθαι βουλόμενος δοκεῖν.

[5] ἐπεὶ δὲ καὶ τὴν ὄψιν εἶδεν αὐτοῦ καὶ τοὺς λόγους κατενόησε, τῶν μὲν Ἀττικῶν βεβαιοτέρους, τῶν δὲ Λακεδαιμονίων ἁπλουστέρους ὄντας, ἔτι μᾶλλον ἠγάπησε, καὶ πάθος βασιλικὸν παθὼν οὐκ ἀπεκρύψατο τὴν πρὸς τὸν ἄνδρα τιμήν, οὐδ' ἔλαθε τοὺς ἄλλους πρέσβεις πλεῖστον νέμων [6] ἐκείνῳ. καίτοι δοκεῖ μάλιστα τῶν Ἑλλήνων Ἀνταλκίδαν τιμῆσαι τὸν Λακεδαιμόνιον, ᾧ τὸν στέφανον ὃν πίνων [7] περιέκειτο βάψας εἰς μύρον ἀπέστειλε. Πελοπίδᾳ δ' οὕτω μὲν οὐκ ἐνετρύφησε, δῶρα δὲ λαμπρότατα καὶ μέγιστα τῶν νομιζομένων ἐξέπεμψε καὶ τὰς ἀξιώσεις ἐπεκύρωσεν, αὐτονόμους μὲν εἶναι

τοὺς Ἕλληνας, οἰκεῖσθαι δὲ Μεσσήνην, Θηβαίους δὲ πατρικοὺς φίλους νομίζεσθαι [8] βασιλέως. ταύτας ἔχων τὰς ἀποκρίσεις, τῶν δὲ δώρων οὐδὲν ὅ τι μὴ χάριτος ἦν σύμβολον καὶ φιλοφροσύνης δεξάμενος, ἀνέζευξεν· ὃ καὶ μάλιστα τοὺς ἄλλους πρέσβεις [9] διέβαλε. Τιμαγόραν γοῦν Ἀθηναῖοι κρίναντες ἀπέκτειναν, εἰ μὲν ἐπὶ τῷ πλήθει τῶν δωρεῶν, ὀρθῶς καὶ [10] δικαίως· οὐ γὰρ μόνον χρυσίον οὐδ' ἀργύριον ἔλαβεν, ἀλλὰ καὶ κλίνην πολυτελῆ καὶ στρώτας θεράποντας, ὡς τῶν Ἑλλήνων οὐκ ἐπισταμένων, ἔτι δὲ βοῦς ὀγδοήκοντα καὶ βουκόλους, ὡς δὴ πρὸς ἀρρωστίαν τινὰ γάλακτος [11] βοείου δεόμενος. τέλος δὲ κατέβαινεν ἐπὶ θάλασσαν ἐν φορείῳ κομιζόμενος, καὶ τέσσαρα τάλαντα τοῖς κομίζουσι [12] μισθὸς ἐδόθη παρὰ βασιλέως. ἀλλ' ἔοικεν οὐχ ἡ δωροδοκία μάλιστα παροξῦναι τοὺς Ἀθηναίους· Ἐπικράτους γοῦν ποτε τοῦ σακεσφόρου, μήτ' ἀρνουμένου δῶρα δέξασθαι παρὰ βασιλέως, ψήφισμά τε γράψειν φάσκοντος ἀντὶ τῶν ἐννέα ἀρχόντων χειροτονεῖσθαι κατ' ἐνιαυτὸν ἐννέα πρέσβεις πρὸς βασιλέα τῶν δημοτικῶν καὶ πενήτων, ὅπως [13] λαμβάνοντες εὐπορῶσιν, ἐγέλασεν ὁ δῆμος· ἀλλ' ὅτι Θηβαίοις ἐγεγόνει πάντα, χαλεπῶς ἔφερον, οὐ λογιζόμενοι τὴν Πελοπίδου δόξαν, ὅσον ἦν ῥητορειῶν καὶ λόγων κρείττων παρ' ἀνθρώπῳ θεραπεύοντι τοὺς ‹διὰ› τῶν ὅπλων ἀεὶ κρατοῦντας.

[31] [1] Ἡ μὲν οὖν πρεσβεία τῷ Πελοπίδᾳ προσέθηκεν οὐ μικρὰν εὔνοιαν ἐπανελθόντι διὰ τὸν Μεσσήνης συνοικισμὸν καὶ τὴν τῶν ἄλλων Ἑλλήνων αὐτονομίαν.

[2] Ἀλεξάνδρου δὲ τοῦ Φεραίου πάλιν εἰς τὴν αὑτοῦ φύσιν ἀναδραμόντος, καὶ Θεσσαλῶν μὲν οὐκ ὀλίγας περικόπτοντος πόλεις, Φθιώτας δ' [καὶ] Ἀχαιοὺς ἅπαντας καὶ τὸ Μαγνήτων ἔθνος ἔμφρουρον πεποιημένου, πυνθανόμεναι Πελοπίδαν ἐπανήκειν αἱ πόλεις εὐθὺς ἐπρέσβευον εἰς [3] Θήβας, αἰτούμεναι δύναμιν καὶ στρατηγὸν ἐκεῖνον. ψηφισαμένων δὲ τῶν Θηβαίων προθύμως, καὶ ταχὺ πάντων ἑτοίμων γενομένων, καὶ ‹τοῦ› στρατ[ηγ]οῦ περὶ ἔξοδον ὄντος, ὁ μὲν ἥλιος ἐξέλιπε καὶ σκότος ἐν ἡμέρᾳ τὴν πόλιν [4] ἔσχεν· ὁ δὲ Πελοπίδας ὁρῶν πρὸς τὸ φάσμα συντεταραγμένους ἅπαντας, οὐκ ᾤετο δεῖν βιάζεσθαι καταφόβους καὶ δυσέλπιδας ὄντας, οὐδ' ἀποκινδυνεύειν ἑπτακισχιλίοις πολίταις, ἀλλ' ἑαυτὸν μόνον τοῖς Θεσσαλοῖς ἐπιδούς, καὶ τριακοσίους τῶν ἱππέων ἐθελοντὰς ἀναλαβὼν καὶ ξένους, ἐξώρμησεν, οὔτε τῶν μάντεων ἐώντων οὔτε τῶν ἄλλων συμπροθυμουμένων πολιτῶν· μέγα γὰρ ἐδόκει καὶ πρὸς [5] ἄνδρα λαμπρὸν ἐξ οὐρανοῦ γεγονέναι σημεῖον. ὁ δ' ἦν μὲν καὶ δι' ὀργὴν ὧν καθύβριστο θερμότερος ἐπὶ τὸν Ἀλέξανδρον, ἤλπιζε δὲ καὶ τὴν οἰκίαν αὐτοῦ νοσοῦσαν ἤδη καὶ διεφθαρμένην εὑρήσειν ἐξ ὧν διείλεκτο τῇ Θήβῃ.

[6] μάλιστα δ’ αὐτὸν καὶ παρεκάλει τὸ τῆς πράξεως κάλλος, ἐπιθυμοῦντα καὶ φιλοτιμούμενον, ἐν οἷς χρόνοις Λακεδαιμόνιοι Διονυσίῳ τῷ Σικελίας τυράννῳ στρατηγοὺς καὶ ἁρμοστὰς ἔπεμπον, Ἀθηναῖοι δὲ μισθοδότην Ἀλέξανδρον εἶχον καὶ χαλκοῦν ἵστασαν ὡς εὐεργέτην, τότε τοῖς Ἕλλησιν ἐπιδεῖξαι Θηβαίους μόνους ὑπὲρ τῶν τυραννουμένων στρατευομένους καὶ καταλύοντας ἐν τοῖς Ἕλλησι τὰς παρανόμους καὶ βιαίους δυναστείας.

[32] [1] Ὡς οὖν εἰς Φάρσαλον ἐλθὼν ἤθροισε τὴν δύναμιν, εὐθὺς ἐβάδιζεν ἐπὶ τὸν Ἀλέξανδρον. ὁ δὲ Θηβαίους μὲν ὀλίγους περὶ τὸν Πελοπίδαν ὁρῶν, αὐτὸς δὲ πλείους ἔχων ἢ διπλασίους ὁπλίτας τῶν Θεσσαλῶν, ἀπήντα πρὸς [2] τὸ Θετίδειον. εἰπόντος δέ τινος τῷ Πελοπίδᾳ πολλοὺς ἔχοντα τὸν τύραννον ἐπέρχεσθαι, βέλτιον ἔφη, πλείονας [3] γὰρ νικήσομεν. ἀντιτεινόντων δὲ πρὸς τὸ μέσον κατὰ τὰς καλουμένας Κυνὸς κεφαλὰς λόφων περικλινῶν καὶ ὑψηλῶν, ὥρμησαν ἀμφότεροι τούτους καταλαβεῖν τοῖς πεζοῖς, τοὺς δ’ ἱππεῖς ὁ Πελοπίδας πολλοὺς κἀγαθοὺς [4] ὄντας ἐφῆκε τοῖς ἱππεῦσι τῶν πολεμίων. ὡς δ’ οὗτοι μὲν ἐκράτουν καὶ συνεξέπεσον εἰς τὸ πεδίον τοῖς φεύγουσιν, ὁ δ’ Ἀλέξανδρος ἔφθη τοὺς λόφους καταλαβών, τοῖς ὁπλίταις τῶν Θεσσαλῶν ὕστερον ἐπερχομένοις καὶ πρὸς ἰσχυρὰ καὶ μετέωρα χωρία βιαζομένοις ἐμβαλὼν ἔκτεινε τοὺς πρώτους, οἱ δ’ ἄλλοι πληγὰς λαβόντες οὐδὲν ἔπρασσον.

[5] κατιδὼν οὖν ὁ Πελοπίδας, τοὺς μὲν ἱππεῖς ἀνεκαλεῖτο καὶ πρὸς τὸ συνεστηκὸς τῶν πολεμίων ἐλαύνειν ἐκέλευεν, αὐτὸς δὲ συνέμειξε δρόμῳ τοῖς περὶ τοὺς λόφους [6] μαχομένοις εὐθὺς τὴν ἀσπίδα λαβών, καὶ διὰ τῶν ὄπισθεν ὠσάμενος εἰς τοὺς πρώτους, τοσαύτην ἐνεποίησε ῥώμην καὶ προθυμίαν ἅπασιν, ὥστε καὶ τοῖς πολεμίοις ἑτέρους δοκεῖν γεγονότας καὶ σώμασι καὶ ψυχαῖς ἐπέρχεσθαι· [7] καὶ δύο μὲν ἢ τρεῖς ἀπεκρούσαντο προσβολάς· ὁρῶντες δὲ καὶ τούτους ἐπιβαίνοντας εὐρώστως, καὶ τὴν ἵππον ἀπὸ τῆς διώξεως ἀναστρέφουσαν, εἶξαν, ἐπὶ σκέλος ποιούμενοι [8] τὴν ἀναχώρησιν. ὁ δὲ Πελοπίδας ἀπὸ τῶν ἄκρων κατιδὼν ἅπαν τὸ στρατόπεδον τῶν πολεμίων, οὔπω μὲν εἰς φυγὴν τετραμμένον, ἤδη δὲ θορύβου καὶ ταραχῆς ἀναπιμπλάμενον, ἔστη καὶ περιεσκόπησεν, αὐτὸν ζητῶν τὸν Ἀλέξανδρον.

[9] ὡς δ’ εἶδεν ἐπὶ τοῦ δεξιοῦ παραθαρρύνοντα καὶ συντάττοντα τοὺς μισθοφόρους, οὐ κατέσχε τῷ λογισμῷ τὴν ὀργήν, ἀλλὰ πρὸς τὴν βλέψιν ἀναφλεχθείς, καὶ τῷ θυμῷ παραδοὺς τὸ σῶμα καὶ τὴν ἡγεμονίαν τῆς πράξεως, πολὺ πρὸ τῶν ἄλλων ἐξαλλόμενος ἐφέρετο, βοῶν καὶ προκαλούμενος [10] τὸν τύραννον. ἐκεῖνος μὲν οὖν οὐκ ἐδέξατο τὴν ὁρμὴν οὐδ’ ὑπέμεινεν, ἀλλ’ ἀναφυγὼν πρὸς τοὺς δορυφόρους [11] ἐνέκρυψεν ἑαυτόν.

τῶν δὲ μισθοφόρων οἱ μὲν πρῶτοι συμβαλόντες εἰς χεῖρας ἀνεκόπησαν ὑπὸ τοῦ Πελοπίδου, τινὲς δὲ καὶ πληγέντες ἐτελεύτησαν, οἱ δὲ πολλοὶ τοῖς δόρασι πόρρωθεν διὰ τῶν ὅπλων τύπτοντες αὐτὸν κατετραυμάτιζον, ἕως οἱ Θεσσαλοὶ περιπαθήσαντες ἀπὸ τῶν λόφων δρόμῳ προσεβοήθησαν, ἤδη δὲ πεπτωκότος, οἵ θ' ἱππεῖς προσελάσαντες ὅλην ἐτρέψαντο τὴν φάλαγγα, καὶ διώξαντες ἐπὶ πλεῖστον ἐνέπλησαν νεκρῶν τὴν χώραν, πλέον ἢ τρισχιλίους καταβαλόντες.

[33] [1] Τὸ μὲν οὖν Θηβαίων τοὺς παρόντας ἐπὶ τῇ τοῦ Πελοπίδου τελευτῇ βαρέως φέρειν, πατέρα καὶ σωτῆρα καὶ διδάσκαλον τῶν μεγίστων καὶ καλλίστων ἀγαθῶν [2] ἀποκαλοῦντας ἐκεῖνον, οὐ πάνυ θαυμαστὸν ἦν· οἱ δὲ Θεσσαλοὶ καὶ οἱ σύμμαχοι πᾶσαν ἀνθρωπίνῃ πρέπουσαν ἀρετῇ τιμὴν τοῖς ψηφίσμασιν ὑπερβαλόντες, ἔτι μᾶλλον ἐπεδείξαντο τοῖς πάθεσι τὴν πρὸς τὸν ἄνδρα χάριν.

[3] τοὺς μὲν γὰρ παραγεγονότας τῷ ἔργῳ λέγουσι μήτε θώρακα θέσθαι, μήθ' ἵππον ἐκχαλινῶσαι, μήτε τραῦμα δήσασθαι πρότερον, ὡς ἐπύθοντο τὴν ἐκείνου τελευτήν, ἀλλὰ μετὰ τῶν ὅπλων θερμοὺς ἰόντας ἐπὶ τὸν νεκρόν, ὥσπερ αἰσθανομένου τὰ τῶν πολεμίων κύκλῳ περὶ τὸ σῶμα σωρεύειν λάφυρα, κεῖραι δ' ἵππους, κείρασθαι δὲ [4] καὶ αὐτούς, ἀπιόντας δὲ πολλοὺς ἐπὶ σκηνὰς μήτε πῦρ ἀνάψαι μήτε δεῖπνον ἑλέσθαι, σιγὴν δὲ καὶ κατήφειαν εἶναι τοῦ στρατοπέδου παντός, ὥσπερ οὐ νενικηκότων ἐπιφανεστάτην νίκην καὶ μεγίστην, ἀλλ' ἡττημένων ὑπὸ [5] τοῦ τυράννου καὶ καταδεδουλωμένων. ἐκ δὲ τῶν πόλεων, ὡς ἀπηγγέλθη ταῦτα, παρῆσαν αἵ τ' ἀρχαὶ καὶ μετ' αὐτῶν ἔφηβοι καὶ παῖδες καὶ ἱερεῖς πρὸς τὴν ὑποδοχὴν τοῦ σώματος, τρόπαια καὶ στεφάνους καὶ πανοπλίας χρυσᾶς [6] ἐπιφέροντες. ὡς δ' ἔμελλεν ἐκκομίζεσθαι τὸ σῶμα, προσελθόντες οἱ πρεσβύτατοι τῶν Θεσσαλῶν ᾐτοῦντο τοὺς Θηβαίους δι' αὑτῶν θάψαι τὸν νεκρόν· εἷς δ' αὐτῶν [7] ἔλεγεν· ἄνδρες σύμμαχοι, χάριν αἰτοῦμεν παρ' ὑμῶν, κόσμον ἡμῖν ἐπ' ἀτυχίᾳ τοσαύτῃ καὶ παραμυθίαν φέρουσαν.

[8] οὐ γὰρ ζῶντα Θεσσαλοὶ Πελοπίδαν προπέμψουσιν, οὐδ' αἰσθανομένῳ τὰς ἀξίας τιμὰς ἀποδώσουσιν· ἀλλ' ἐὰν ψαῦσαί τε τοῦ νεκροῦ τύχωμεν καὶ δι' αὑτῶν κοσμῆσαι καὶ θάψαι τὸ σῶμα, δόξομεν ὑμῖν οὐκ ἀπιστεῖν, ὅτι [9] μείζων ἡ συμφορὰ γέγονε Θετταλοῖς ἢ Θηβαίοις· ὑμῖν μὲν γὰρ ἡγεμόνος ἀγαθοῦ μόνον, ἡμῖν δὲ καὶ τούτου καὶ [10] τῆς ἐλευθερίας στέρεσθαι συμβέβηκε. πῶς γὰρ ‹ἂν› ἔτι τολμήσαιμεν αἰτῆσαι στρατηγὸν ἄλλον παρ' ὑμῶν, οὐκ ἀποδόντες Πελοπίδαν; ταῦτα μὲν οἱ Θηβαῖοι συμπαρεχώρησαν.

[34] [1] Ἐκείνων δὲ τῶν ταφῶν οὐ δοκοῦσιν ἕτεραι λαμπρότεραι γενέσθαι τοῖς τὸ λαμπρὸν οὐκ ἐν ἐλέφαντι καὶ χρυσῷ καὶ πορφύραις εἶναι νομίζουσιν,

ὥσπερ Φίλιστος (FGrH 556 F 40), ὑμνῶν καὶ θαυμάζων τὴν Διονυσίου ταφήν, οἷον τραγῳδίας μεγάλης τῆς τυραννίδος ἐξόδιον θεατρικὸν γενομένην.

[2] Ἀλέξανδρος δ' ὁ μέγας Ἡφαιστίωνος ἀποθανόντος οὐ μόνον ἵππους ἔκειρε καὶ ἡμιόνους, ἀλλὰ καὶ τὰς ἐπάλξεις ἀφεῖλε τῶν τειχῶν, ὡς ἂν δοκοῖεν αἱ πόλεις πενθεῖν, ἀντὶ τῆς πρόσθεν μορφῆς κούριμον σχῆμα καὶ ἄτιμον ἀναλαμβάνουσαι.

[3] ταῦτα μὲν οὖν προστάγματα δεσποτῶν ὄντα, καὶ μετὰ πολλῆς ἀνάγκης περαινόμενα καὶ μετὰ φθόνου τῶν τυχόντων καὶ μίσους τῶν βιαζομένων, οὐδεμιᾶς χάριτος ἦν οὐδὲ τιμῆς, ὄγκου δὲ βαρβαρικοῦ καὶ τρυφῆς καὶ ἀλαζονείας ἐπίδειξις, εἰς κενὰ καὶ ἄζηλα τὴν περιουσίαν [4] διατιθεμένων· ἀνὴρ δὲ δημοτικὸς ἐπὶ ξένης τεθνηκώς, οὐ γυναικός, οὐ παίδων, οὐ συγγενῶν παρόντων, οὐ δεομένου τινός, οὐκ ἀναγκάζοντος, ὑπὸ δήμων τοσούτων καὶ πόλεων ἁμιλλωμένων προπεμπόμενος καὶ συνεκκομιζόμενος καὶ στεφανούμενος, εἰκότως ἐδόκει τὸν τελειότατον [5] ἀπέχειν εὐδαιμονισμόν. οὐ γάρ, ὡς Αἴσωπος ἔφασκε, χαλεπώτατός ἐστιν ὁ τῶν εὐτυχούντων θάνατος, ἀλλὰ μακαριώτατος, εἰς ἀσφαλῆ χώραν τὰς εὐπραξίας κατατιθέμενος τῶν ἀγαθῶν, καὶ ‹τῇ› τύχῃ μεταβάλλεσθαι [6] ‹μὴ› ἀπολιπών. διὸ βέλτιον ὁ Λάκων τὸν Ὀλυμπιονίκην Διαγόραν, ἐπιδόντα μὲν υἱοὺς στεφανουμένους Ὀλυμπίασιν, ἐπιδόντα δ' υἱωνοὺς καὶ θυγατριδοῦς, ἀσπασάμενος κάτθανε εἶπε Διαγόρα· οὐκ εἰς τὸν Ὄλυμπον ἀναβήσῃ.

[7] τὰς δ' Ὀλυμπιακὰς καὶ Πυθικὰς νίκας οὐκ ἂν οἶμαί τις εἰς τὸ αὐτὸ συνθεὶς ἁπάσας ἑνὶ τῶν Πελοπίδου παραβαλεῖν ἀγώνων ἀξιώσειεν, οὓς πολλοὺς ἀγωνισάμενος καὶ κατορθώσας, καὶ τοῦ βίου τὸ πλεῖστον ἐν δόξῃ καὶ τιμῇ βιώσας, τέλος ἐν τῇ τρισκαιδεκάτῃ βοιωταρχίᾳ, τυραννοκτονίᾳ μεμειγμένην ἀριστείαν ἀριστεύων, ὑπὲρ τῆς τῶν Θεσσαλῶν ἐλευθερίας ἀπέθανεν.

[35] [1] Ὁ δὲ θάνατος αὐτοῦ μεγάλα μὲν ἐλύπησε τοὺς [2] συμμάχους, μείζονα δ' ὠφέλησε. Θηβαῖοι γὰρ ὡς ἐπύθοντο τὴν τοῦ Πελοπίδου τελευτήν, οὐδεμίαν ἀναβολὴν ποιησάμενοι τῆς τιμωρίας, κατὰ τάχος ἐστράτευσαν ὁπλίταις ἑπτακισχιλίοις, ἱππεῦσι δ' ἑπτακοσίοις, ἡγουμένων [3] Μαληκίδου καὶ Διογείτονος. καταλαβόντες δὲ συνεσταλμένον καὶ περικεκομμένον τῆς δυνάμεως Ἀλέξανδρον ἠνάγκασαν, Θεσσαλοῖς μὲν ἀποδοῦναι τὰς πόλεις ἃς εἶχεν αὐτῶν, Μάγνητας δὲ καὶ Φθιώτας [καὶ] Ἀχαιοὺς ἀφεῖναι καὶ τὰς φρουρὰς ἐξαγαγεῖν, ὀμόσαι δ' αὐτὸν ἐφ' οὓς ἂν ἡγῶνται Θηβαῖοι καὶ κελεύωσιν ἀκολουθήσειν.

[4] Θηβαῖοι μὲν οὖν τούτοις ἠρκέσθησαν· ἣν δ’ ὀλίγον ὕστερον τοῖς θεοῖς ὑπὲρ Πελοπίδου δίκην ἔδωκε, διηγήσομαι.

[5] Θήβην τὴν συνοικοῦσαν αὐτῷ πρῶτον μὲν ὡς εἴρηται (c. 28, 5 sqq.) Πελοπίδας ἐδίδαξε μὴ φοβεῖσθαι τὴν ἔξω λαμπρότητα καὶ παρασκευὴν τῆς τυραννίδος ἐντὸς τῶν ὅπλων καὶ τῶν [6] φυλακῶν οὖσαν· ἔπειτα δὲ φοβουμένη τὴν ἀπιστίαν αὐτοῦ καὶ μισοῦσα τὴν ὠμότητα, συνθεμένη μετὰ τῶν ἀδελφῶν, τριῶν ὄντων, Τεισιφόνου, Πειθολάου, Λυκόφρονος, ἐπεχείρει [7] τόνδε τὸν τρόπον. τὴν μὲν ἄλλην οἰκίαν τοῦ τυράννου κατεῖχον αἱ φυλακαὶ τῶν παρανυκτερευόντων, ὁ δὲ θάλαμος ἐν ᾧ καθεύδειν εἰώθεσαν ὑπερῷος ἦν, καὶ πρὸ αὐτοῦ φυλακὴν εἶχε κύων δεδεμένος, πᾶσι φοβερὸς πλὴν αὐτοῖς [8] ἐκείνοις καὶ ἑνὶ τῶν οἰκετῶν τῷ τρέφοντι. καθ’ ὃν οὖν ἔμελλε καιρὸν ἐπιχειρεῖν ἡ Θήβη, τοὺς μὲν ἀδελφοὺς ἀφ’ ἡμέρας εἶχε πλησίον ἐν οἴκῳ τινὶ κεκρυμμένους, εἰσελθοῦσα δ’ ὥσπερ εἰώθει μόνη πρὸς τὸν Ἀλέξανδρον ἤδη καθεύδοντα, καὶ μετὰ μικρὸν πάλιν προελθοῦσα, τῷ μὲν οἰκέτῃ προσέταξεν ἀπάγειν ἔξω τὸν κύνα· βούλεσθαι γὰρ [9] ἀναπαύεσθαι μεθ’ ἡσυχίας ἐκεῖνον· αὐτὴ δὲ τὴν κλίμακα, φοβουμένη μὴ κτύπον παράσχῃ τῶν νεανίσκων ἀναβαινόντων, ἐρίοις κατεστόρεσεν· εἶθ’ οὕτως ἀναγαγοῦσα τοὺς ἀδελφοὺς ξιφήρεις καὶ στήσασα πρὸ τῶν θυρῶν, εἰσῆλθεν αὐτή, καὶ καθελοῦσα τὸ ξίφος ὑπὲρ τῆς κεφαλῆς κρεμάμενον, σημεῖον εἶναι τοῦ κατέχεσθαι τὸν ἄνδρα καὶ καθεύδειν, [10] ἔδειξεν. ἐκπεπληγμένων δὲ τῶν νεανίσκων καὶ κατοκνούντων, κακίζουσα καὶ διομνυμένη μετ’ ὀργῆς, αὐτὴ τὸν Ἀλέξανδρον ἐξεγείρασα μηνύσειν τὴν πρᾶξιν, αἰσχυνθέντας αὐτοὺς ἅμα καὶ φοβηθέντας εἰσήγαγε καὶ [11] περιέστησε τῇ κλίνῃ, προσφέρουσα τὸν λύχνον. τῶν δ’ ὁ μὲν τοὺς πόδας κατεῖχε πιέσας, ὁ δὲ τὴν κεφαλὴν λαβόμενος τῶν τριχῶν ἀνέκλασεν, ὁ δὲ τρίτος τῷ ξίφει τύπτων [12] αὐτὸν διεχρήσατο, τῷ μὲν τάχει τῆς τελευτῆς πρᾳότερον ἴσως ἢ προσῆκον ἦν ἀποθανόντα, τῷ δὲ μόνον ἢ πρῶτον τυράννων ὑπὸ γυναικὸς ἰδίας ἀπολέσθαι, καὶ τῇ μετὰ θάνατον αἰκίᾳ τοῦ σώματος, ῥιφέντος καὶ πατηθέντος ὑπὸ τῶν Φεραίων, ἄξια πεπονθέναι δόξαντα τῶν παρανομημάτων.

Marcellus

[1] [1] Μᾶρκον δὲ Κλαύδιον τὸν πεντάκις ὑπατεύσαντα Ῥωμαίων Μάρκου μὲν υἱὸν γενέσθαι λέγουσι, κληθῆναι δὲ τῶν ἀπὸ τῆς οἰκίας πρῶτον Μάρκελλον, ὅπερ ἐστὶν Ἀρήϊον, [2] ὥς φησι Ποσειδώνιος (FGrH 87 F 41). ἦν γὰρ τῇ μὲν ἐμπειρίᾳ πολεμικός, τῷ δὲ σώματι ῥωμαλέος, τῇ δὲ χειρὶ πλήκτης, τῇ δὲ φύσει φιλοπόλεμος, καὶ τοῦτο δὴ πολὺ τὸ γαῦρον καὶ [3] ἀγέρωχον ἐπιφαίνων ἐν τοῖς ἀγῶσι· τῷ δ’ ἄλλῳ τρόπῳ σώφρων, φιλάνθρωπος, Ἑλληνικῆς παιδείας καὶ λόγων ἄχρι τοῦ τιμᾶν καὶ θαυμάζειν τοὺς κατορθοῦντας ἐραστής, αὐτὸς δ’ ὑπ’ ἀσχολιῶν ἐφ’ ὅσον ἦν πρόθυμος ἀσκῆσαι καὶ μαθεῖν οὐκ ἐξικόμενος. εἰ γὰρ ἄλλοις τισὶν ἀνθρώποις [4] ὁ θεός, ὥσπερ Ὅμηρος εἴρηκεν (Il. 14, 86),

ἐκ νεότητος ἔδωκε καὶ ἐς γῆρας τολυπεύειν
ἀργαλέους πολέμους,

[5] καὶ τοῖς τότε πρωτεύουσι Ῥωμαίων, οἳ νέοι μὲν ὄντες περὶ Σικελίαν Καρχηδονίοις, ἀκμάζοντες δὲ Γαλάταις ὑπὲρ αὐτῆς Ἰταλίας ἐπολέμουν, ἤδη δὲ γηρῶντες Ἀννίβᾳ πάλιν συνείχοντο καὶ Καρχηδονίοις, οὐκ ἔχοντες ὥσπερ οἱ πολλοὶ διὰ γῆρας ἀνάπαυσιν στρατειῶν, ἀλλ’ ἐπὶ στρατηγίας πολέμων καὶ ἡγεμονίας κατ’ εὐγένειαν καὶ ἀρετὴν ἀγόμενοι.

[2] [1] Μάρκελλος δὲ πρὸς οὐδὲν μὲν ἦν μάχης εἶδος ἀργὸς οὐδ’ ἀνάσκητος, αὐτὸς δ’ ἑαυτοῦ κράτιστος ἐν τῷ μονομαχεῖν γενόμενος, οὐδεμίαν πρόκλησιν ἔφυγε, πάντας [2] δὲ τοὺς προκαλεσαμένους ἀπέκτεινεν. ἐν δὲ Σικελίᾳ τὸν ἀδελφὸν Ὀτακίλιον κινδυνεύοντα διέσωσεν, ὑπερασπίσας [3] καὶ ἀποκτείνας τοὺς ἐπιφερομένους. ἀνθ’ ὧν ὄντι μὲν ἔτι νέῳ στέφανοι καὶ γέρα παρὰ τῶν στρατηγῶν ἦσαν, εὐδοκιμοῦντα δὲ μᾶλλον ἀγορανόμον μὲν ἀπέδειξε τῆς ἐπιφανεστέρας τάξεως ὁ δῆμος, οἱ δ’ ἱερεῖς αὔγουρα.

[4] τοῦτο δ’ ἐστὶν ἱερωσύνης εἶδος ᾧ μάλιστα τὴν ἀπ’ οἰωνῶν μαντικὴν ἐπιβλέπειν καὶ παραφυλάττειν ‹ὁ› νόμος [5] δέδωκεν. ἠναγκάσθη δ’ ἀγορανομῶν δίκην ἀβούλητον εἰσενεγκεῖν. ἦν γὰρ αὐτῷ παῖς ὁμώνυμος ἐν ὥρᾳ, τὴν ὄψιν ἐκπρεπής, οὐχ ἧττον δὲ τῷ σωφρονεῖν καὶ πεπαιδεῦσθαι περίβλεπτος ὑπὸ τῶν πολιτῶν· τούτῳ Καπετωλῖνος ὁ τοῦ Μαρκέλλου συνάρχων, ἀσελγὴς ἀνὴρ καὶ θρασύς, ἐρῶν [6] λόγους προσήνεγκε. τοῦ δὲ παιδὸς τὸ μὲν πρῶτον αὐτοῦ καθ’ ἑαυτὸν ἀποτριψαμένου τὴν πεῖραν, ὡς δ’ αὖθις ἐπεχείρησε, κατειπόντος πρὸς τὸν πατέρα, βαρέως ἐνεγκὼν [7] ὁ Μάρκελλος προσήγγειλε τῇ βουλῇ τὸν ἄνθρωπον. ὁ δὲ πολλὰς μὲν ἀποδράσεις καὶ παραγραφὰς ἐμηχανᾶτο, τοὺς δημάρχους ἐπικαλούμενος·

ἐκείνων δὲ μὴ προσδεχομένων τὴν ἐπίκλησιν, ἀρνήσει τὴν αἰτίαν ἔφευγε, καὶ μάρτυρος οὐδενὸς τῶν λόγων γεγονότος, ἔδοξε μεταπέμπεσθαι τὸν [8] παῖδα τῇ βουλῇ. παραγενομένου δ’ ἰδόντες ἐρύθημα καὶ δάκρυον καὶ μεμειγμένον ἅμα τῷ θυμουμένῳ τὸ αἰδούμενον, οὐδενὸς ἄλλου δεηθέντες τεκμηρίου κατεψηφίσαντο καὶ χρήμασιν ἐζημίωσαν Καπετωλῖνον, ἐξ ὧν ὁ Μάρκελλος ἀργυρᾶ λοιβεῖα ποιησάμενος τοῖς θεοῖς καθιέρωσεν.

[3] [1] Ἐπεὶ δὲ τοῦ πρώτου τῶν Καρχηδονίων πολέμων ἔτει δευτέρῳ καὶ εἰκοστῷ συναιρεθέντος ἀρχαὶ πάλιν Γαλατικῶν ἀγώνων διεδέχοντο τὴν Ῥώμην, οἱ δὲ τὴν ὑπαλπείαν νεμόμενοι τῆς Ἰταλίας Ἴνσομβρες, Κελτικὸν ἔθνος, μεγάλοι καὶ καθ’ ἑαυτοὺς ὄντες δυνάμει, ‹προς›εκάλουν καὶ μετεπέμποντο Γαλατῶν τοὺς μισθοῦ στρατευομένους, [2] οἳ Γαισάται καλοῦνται, [καὶ] θαυμαστὸν μὲν ἐδόκει καὶ τύχης ἀγαθῆς γενέσθαι τὸ μὴ συρραγῆναι τὸν Κελτικὸν εἰς τὸ αὐτὸ τῷ Λιβυκῷ πόλεμον, ἀλλ’ ὥσπερ ἐφεδρείαν εἰληφότας τοὺς Γαλάτας, ὀρθῶς καὶ δικαίως ἀτρεμήσαντας μαχομένων ἐκείνων, οὕτω δὴ τότε τοῖς νενικηκόσιν ἐπαποδύεσθαι [3] καὶ προκαλεῖσθαι σχολὴν ἄγοντας· οὐ μὴν ἀλλὰ μέγαν ἥ τε χώρα παρεῖχε ‹φόβον› διὰ τὴν γειτνίασιν, ὁμόρῳ καὶ προσοίκῳ πολέμῳ συνοισομένοις, καὶ τὸ παλαιὸν [4] ἀξίωμα τῶν Γαλατῶν· οὓς μάλιστα Ῥωμαῖοι δεῖσαι δοκοῦσιν, ἅτε δὴ καὶ τὴν πόλιν ὑπ’ αὐτῶν ἀποβαλόντες, ἐξ ἐκείνου δὲ καὶ θέμενοι νόμον ἀτελεῖς εἶναι στρατείας τοὺς ἱερέας πλὴν εἰ μὴ Γαλατικὸς πάλιν ἐπέλθοι πόλεμος.

[5] ἐδήλου δὲ καὶ τὸν φόβον αὐτῶν ἥ τε παρασκευὴ (μυριάδες γὰρ ἐν ὅπλοις ἅμα τοσαῦται Ῥωμαίων οὔτε πρότερον οὔθ’ ὕστερον γενέσθαι λέγονται), καὶ τὰ περὶ [6] τὰς θυσίας καινοτομούμενα· βαρβαρικὸν μὲν ‹γὰρ› οὐδὲν οὐδ’ ἔκφυλον ἐπιτηδεύοντες, ἀλλ’ ὡς ἔνι μάλιστα ταῖς δόξαις Ἑλληνικῶς διακείμενοι καὶ πρᾴως πρὸς τὰ θεῖα, τότε τοῦ πολέμου συμπεσόντος ἠναγκάσθησαν, εἴξαντες λογίοις τισὶν ἐκ τῶν Σιβυλλείων, δύο μὲν Ἕλληνας, ἄνδρα καὶ γυναῖκα, δύο δὲ Γαλάτας ὁμοίως ἐν τῇ καλουμένῃ βοῶν [7] ἀγορᾷ κατορύξαι ζῶντας· ‹ἐφ’› οἷς ἔτι καὶ νῦν ἐν τῷ Νοεμβρίῳ μηνὶ δρῶσιν [Ἕλλησι καὶ Γαλάταις] ἀπορρήτους καὶ ἀθεάτους ἱερουργίας.

[4] [1] Οἱ μὲν οὖν πρῶτοι τῶν ἀγώνων νίκας τε μεγάλας καὶ σφάλματα τοῖς Ῥωμαίοις ἐνέγκαντες, εἰς οὐδὲν ἐτελεύτησαν [2] πέρας βέβαιον· Φλαμινίου δὲ καὶ Φουρίου τῶν ὑπάτων μεγάλαις ἐκστρατευσάντων δυνάμεσιν ἐπὶ τοὺς Ἴνσομβρας, ὤφθη μὲν αἵματι ῥέων ὁ διὰ τῆς Πικηνίδος χώρας ποταμός, ἐλέχθη δὲ τρεῖς σελήνας φανῆναι περὶ [3] πόλιν Ἀρίμινον· οἱ δ’ ἐπὶ ταῖς ὑπατικαῖς ψηφοφορίαις παραφυλάττοντες ‹τοὺς› οἰωνοὺς ἱερεῖς διεβεβαιοῦντο μοχθηρὰς καὶ δυσόρνιθας αὐτοῖς γεγονέναι τὰς τῶν [4] ὑπάτων

ἀναγορεύσεις. εὐθὺς οὖν ἔπεμψεν ἡ σύγκλητος ἐπὶ στρατόπεδον γράμματα, καλοῦσα καὶ μεταπεμπομένη τοὺς ὑπάτους, ὅπως ἐπανελθόντες ᾗ τάχιστα τὴν ἀρχὴν ἀπείπωνται, καὶ μηδὲν ὡς ὕπατοι φθάσωσι πρᾶξαι πρὸς τοὺς [5] πολεμίους. ταῦτα δεξάμενος τὰ γράμματα Φλαμίνιος οὐ πρότερον ἔλυσεν, ἢ μάχην συνάψας τρέψασθαι τοὺς βαρβάρους [6] καὶ τὴν χώραν αὐτῶν ἐπιδραμεῖν. ὡς οὖν ἐπανῆλθε μετὰ πολλῶν λαφύρων, οὐκ ἀπήντησεν ὁ δῆμος, ἀλλ' ὅτι καλούμενος οὐκ εὐθὺς ὑπήκουσεν οὐδ' ἐπείσθη τοῖς γράμμασιν, ἀλλ' ἐνύβρισε καὶ κατεφρόνησε, μικροῦ μὲν ἐδέησεν ἀποψηφίσασθαι τὸν θρίαμβον αὐτοῦ, θριαμβεύσαντα δ' ἰδιώτην ἐποίησεν, ἀναγκάσας ἐξομόσασθαι [7] τὴν ὑπατείαν μετὰ τοῦ συνάρχοντος. οὕτω πάντα τὰ πράγματα Ῥωμαίοις εἰς τὸν θεὸν ἀνήγετο, μαντειῶν δὲ καὶ πατρίων ὑπεροψίαν οὐδ' ἐπὶ ταῖς μεγίσταις εὐπραξίαις ἀπεδέχοντο, μεῖζον ἡγούμενοι πρὸς σωτηρίαν πόλεως τὸ θαυμάζειν τὰ θεῖα τοὺς ἄρχοντας ἢ τὸ κρατεῖν τῶν πολεμίων.

[5] [1] Τιβέριος γοῦν Σεμπρώνιος, ἀνὴρ δι' ἀνδρείαν καὶ καλοκαγαθίαν οὐδενὸς ἧττον ἀγαπηθεὶς ὑπὸ Ῥωμαίων, ἀπέδειξε μὲν ὑπατεύων διαδόχους Σκιπίωνα Νασικᾶν καὶ Γάϊον Μάρκιον· ἤδη δ' ἐχόντων αὐτῶν ἐπαρχίας καὶ στρατεύματ‹α, μαντ›ικοῖς ὑπομνήμασιν ἐντυχὼν εὗρεν ἠγνοημένον ὑφ' αὐτοῦ τι τῶν πατρίων. ἦν δὲ τοιοῦτον· [2] ὅταν ἄρχων ἐπ' ὄρνισι καθεζόμενος ἔξω πόλεως, οἶκον ‹ἔχων› ἢ σκηνὴν μεμισθωμένην, ὑπ' αἰτίας τινὸς ἀναγκασθῇ μήπω γεγονότων σημείων βεβαίων ἐπανελθεῖν εἰς πόλιν, ἀφεῖναι χρῆν τὸ προμεμισθωμένον οἴκημα καὶ λαβεῖν ἕτερον ἐξ οὗ ποιήσεται τὴν θέαν αὖθις ἐξ ὑπαρχῆς.

[3] τοῦτ' ἔλαθεν ὡς ἔοικε τὸν Τιβέριον, καὶ δὶς τῷ αὐτῷ χρησάμενος ἀπέδειξε τοὺς εἰρημένους ἄνδρας ὑπάτους· ὕστερον δὲ γνοὺς τὴν ἁμαρτίαν, ἀνήνεγκε πρὸς τὴν [4] σύγκλητον. ἡ δ' οὐ κατεφρόνησε τοῦ κατὰ μικρὸν οὕτως ἐλλείμματος, ἀλλ' ἔγραψε τοῖς ἀνδράσι, καὶ ἐκεῖνοι τὰς ἐπαρχίας ἀπολιπόντες ἐπανῆλθον εἰς Ῥώμην ταχὺ καὶ [5] κατέθεντο τὴν ἀρχήν. ἀλλὰ ταῦτα μὲν ὕστερον ἐπράχθη· περὶ δὲ τοὺς αὐτοὺς ἐκείνους χρόνους καὶ δύο ἱερεῖς ἐπιφανέστατοι τὰς ἱερωσύνας ἀφῃρέθησαν, Κορνήλιος μὲν Κέθηγος ὅτι τὰ σπλάγχνα τοῦ ἱερείου παρὰ τάξιν ἐπέδωκε, Κούϊντος δὲ Σουλπίκιος ἐπὶ τῷ θύοντος αὐτοῦ τὸν κορυφαῖον ἀπορρυῆναι τῆς κεφαλῆς πῖλον, ὃν οἱ καλούμενοι [6] φλαμίνιοι φοροῦσι. Μινικίου δὲ δικτάτορος ἵππαρχον ἀποδείξαντος Γάϊον Φλαμίνιον, ἐπεὶ τρισμὸς ἠκούσθη μυὸς ὃν σόρικα καλοῦσιν, ἀποψηφισάμενοι τούτους, αὖθις ἑτέρους [7] κατέστησαν. καὶ τὴν ἐν οὕτω μικροῖς ἀκρίβειαν φυλάττοντες, οὐδεμιᾷ προσεμείγνυσαν δεισιδαιμονίᾳ τῷ μηδὲν ἀλλάττειν μηδὲ παρεκβαίνειν τῶν πατρίων.

[6] [1] Ὡς δ’ οὖν ἐξωμόσαντο τὴν ἀρχὴν οἱ περὶ τὸν Φλαμίνιον, διὰ τῶν καλουμένων μεσοβασιλέων ὕπατος ἀποδείκνυται Μάρκελλος, καὶ παραλαβὼν τὴν ἀρχὴν ἀποδείκνυσιν [2] αὑτῷ συνάρχοντα Γναῖον Κορνήλιον. ἐλέχθη μὲν οὖν ὡς πολλὰ συμβατικὰ τῶν Γαλατῶν ‹προτεινάντων›, καὶ τῆς βουλῆς εἰρηναῖα βουλευομένης, ὁ Μάρκελλος [3] ἐξετράχυνε τὸν δῆμον ἐπὶ τὸν πόλεμον· οὐ μὴν ἀλλὰ κἂν γενομένης εἰρήνης ἀνακαινίσαι τὸν πόλεμον οἱ Γαισάται δοκοῦσι, τὰς Ἄλπεις ὑπερβαλόντες καὶ τοὺς Ἰνσόμβρους [4] ἐπάραντες· τρισμύριοι γὰρ ὄντες, προσεγένοντο πολλαπλασίοις ἐκείνοις οὖσι, καὶ μέγα φρονοῦντες εὐθὺς ἐπ’ Ἀκέρρας ὥρμησαν, πόλιν ὑπὲρ ποταμοῦ Πάδου συνῳκισμένην· ἐκεῖθεν δὲ μυρίους τῶν Γαισατῶν ὁ βασιλεὺς Βριτόματος ἀναλαβὼν τὴν περὶ Πάδον χώραν ἐπόρθει.

[5] ταῦτα Μάρκελλος πυθόμενος, τὸν μὲν συνάρχοντα πρὸς Ἀκέρραις ἀπέλιπε, τὴν πεζὴν καὶ βαρεῖαν ὁμοῦ πᾶσαν [6] ἔχοντα δύναμιν καὶ τῶν ἱππέων μέρος τρίτον· αὐτὸς δὲ τοὺς λοιποὺς ἱππεῖς ἀναλαβὼν καὶ τοὺς ἐλαφροτάτους τῶν ὁπλιτῶν περὶ ἑξακοσίους ἤλαυνεν, οὔθ’ ἡμέρας οὔτε νυκτὸς ἀνιεὶς τὸν δρόμον, ἕως ἐπέβαλε τοῖς μυρίοις Γαισάταις περὶ τὸ καλούμενον Κλαστίδιον, Γαλατικὴν κώμην οὐ πρὸ πολλοῦ Ῥωμαίοις ὑπήκοον γεγενημένην.

[7] ἀναλαβεῖν δὲ καὶ διαναπαῦσαι τὸν στρατὸν οὐχ ὑπῆρξεν αὐτῷ· ταχὺ γὰρ αἴσθησιν τοῖς βαρβάροις ἀφικόμενος παρέσχε, καὶ κατεφρονήθη, πεζῶν μὲν ὀλίγων παντάπασιν ὄντων σὺν αὐτῷ, τὸ δ’ ἱππικὸν ἐν οὐδενὶ λόγῳ τῶν [8] Κελτῶν τιθεμένων. κράτιστοι γὰρ ὄντες ἱππομαχεῖν καὶ μάλιστα τούτῳ διαφέρειν δοκοῦντες, τότε καὶ πλήθει πολὺ τὸν Μάρκελλον ὑπερέβαλλον. εὐθὺς οὖν ἐπ’ αὐτὸν ὡς ἀναρπασόμενοι μετὰ βίας πολλῆς καὶ δεινῶν ἀπειλῶν [9] ἐφέροντο, τοῦ βασιλέως προϊππεύοντος. ὁ δὲ Μάρκελλος, ὡς μὴ φθαῖεν αὐτὸν ἐγκυκλωσάμενοι καὶ περιχυθέντες ὀλιγοστὸν ὄντα, τὰς ἴλας ἦγε πόρρω τῶν ἱππέων καὶ παρήλαυνε, λεπτὸν ἐκτείνων τὸ κέρας, ἄχρι οὗ μικρὸν ἀπέσχε τῶν πολεμίων.

[10] Ἤδη δέ πως εἰς ἐμβολὴν ἐπιστρέφοντος αὐτοῦ, συντυγχάνει τὸν ἵππον πτυρέντα τῇ γαυρότητι τῶν πολεμίων ἀποτραπέσθαι καὶ βίᾳ φέρειν ὀπίσω τὸν Μάρκελλον.

[11] ὁ δὲ τοῦτο δείσας μὴ ταραχὴν ἐκ δεισιδαιμονίας τοῖς Ῥωμαίοις ἐνεργάσηται, ταχὺ περισπάσας ἐφ’ ἡνίαν τῷ χαλινῷ καὶ περιστρέψας τὸν ἵππον ἐναντίον τοῖς πολεμίοις, τὸν ἥλιον [αὐτὸς] προσεκύνησεν, ὡς δὴ μὴ κατὰ τύχην, ἀλλ’ ἕνεκα τούτου τῇ περιαγωγῇ χρησάμενος· [12] οὕτω γὰρ ἔθος ἐστὶ Ῥωμαίοις προσκυνεῖν τοὺς θεοὺς περιστρεφομένοις, αὐτὸν ἤδη

προσμειγνύντα τοῖς ἐναντίοις προσεύξασθαι τῷ Φερετρίῳ Διῒ τὰ κάλλιστα τῶν παρὰ τοῖς πολεμίοις ὅπλων καθιερώσειν.

[7] [1] Ἐν τούτῳ δὲ κατιδὼν ὁ τῶν Γαλατῶν βασιλεὺς καὶ τεκμηράμενος ἀπὸ τῶν συμβόλων ἄρχοντα τοῦτον εἶναι, πολὺ πρὸ τῶν ἄλλων ἐξελάσας τὸν ἵππον ὑπηντίασεν, ἅμα τῇ φωνῇ προκλητικὸν ἐπαλαλάζων καὶ τὸ δόρυ κραδαίνων, ἀνὴρ μεγέθει τε σώματος ἔξοχος Γαλατῶν, καὶ πανοπλίᾳ ‹διαφέρων› ἐν ἀργύρῳ καὶ χρυσῷ καὶ βαφαῖς καὶ ποικίλμασι πᾶσιν ὥσπερ ἀστραπῇ [διαφέρων] στιλβούσῃ.

[2] ὡς οὖν ἐπιβλέψαντι τὴν φάλαγγα τῷ Μαρκέλλῳ ταῦτα τῶν ὅπλων ἔδοξε κάλλιστα, καὶ κατὰ τούτων ὑπέλαβε πεποιῆσθαι τῷ θεῷ τὴν κατευχήν, ὥρμησεν ἐπὶ τὸν ἄνδρα, καὶ τῷ δόρατι διακόψας τὸν θώρακα, καὶ συνεπερείσας τῇ ῥύμῃ τοῦ ἵππου, ζῶντα μὲν αὐτὸν περιέτρεψε, δευτέραν δὲ καὶ τρίτην πληγὴν ἐνσείσας εὐθὺς [3] ἀπέκτεινεν. ἀποπηδήσας δὲ τοῦ ἵππου καὶ τῶν ὅπλων τοῦ νεκροῦ ταῖς χερσὶν ἐφαψάμενος, ‹ἀναβλέψας› πρὸς τὸν οὐρανὸν [4] εἶπεν· ὦ μεγάλα στρατηγῶν καὶ ἡγεμόνων ἔργα καὶ πράξεις [καὶ] ἐπιβλέπων ἐν πολέμοις καὶ μάχαις, Φερέτριε Ζεῦ, μαρτύρομαί σε Ῥωμαίων τρίτος ἄρχων ἄρχοντα καὶ βασιλέα στρατηγὸς ἰδίᾳ χειρὶ τόνδε τὸν ἄνδρα κατεργασάμενος καὶ κτείνας, σοὶ καθιεροῦν τὰ πρῶτα καὶ κάλλιστα τῶν λαφύρων. σὺ δὲ [δια]δίδου τύχην ὁμοίαν ἐπὶ [5] τὰ λοιπὰ τοῦ πολέμου προστρεπομένοις. ἐκ τούτου συνέμισγον οἱ ἱππεῖς οὐ διακεκριμένοις τοῖς ἱππεῦσιν, ἀλλὰ καὶ πρὸς τοὺς πεζοὺς ὁμοῦ προσφερομένους μαχόμενοι, καὶ νικῶσι νίκην ἰδέᾳ τε καὶ τρόπῳ περιττὴν καὶ παράδοξον· ἱππεῖς γὰρ ἱππέας καὶ πεζοὺς ἅμα τοσοῦτοι τοσούτους οὔτε πρότερον οὔθ’ ὕστερον νικῆσαι λέγονται.

[6] Κτείνας δὲ τοὺς πλείστους καὶ κρατήσας ὅπλων καὶ χρημάτων, ἐπανῆλθε πρὸς τὸν συνάρχοντα, μοχθηρῶς πολεμοῦντα Κελτοῖς περὶ πόλιν μεγίστην καὶ πολυανθρωποτάτην [7] τῶν Γαλατικῶν· Μεδιόλανον καλεῖται, καὶ μητρόπολιν [μὲν] αὐτὴν οἱ τῇδε Κελτοὶ νομίζουσιν· ὅθεν ἐκθύμως μαχόμενοι περὶ αὐτῆς, ἀντεπολιόρκουν τὸν Κορνήλιον.

[8] ἐπελθόντος δὲ τοῦ Μαρκέλλου, καὶ τῶν Γαισατῶν, ὡς ἐπύθοντο τὴν τοῦ βασιλέως ἧτταν καὶ τελευτήν, ἀπελθόντων, τὸ μὲν Μεδιόλανον ἁλίσκεται, τὰς δ’ ἄλλας πόλεις αὐτοὶ παραδιδόασιν οἱ Κελτοὶ καὶ τὰ καθ’ ἑαυτοὺς ἐπιτρέπουσι πάντα Ῥωμαίοις. καὶ τούτοις μὲν ἦν εἰρήνη μετρίων τυχοῦσι.

[8] [1] Ψηφισαμένης δὲ τῆς συγκλήτου μόνῳ Μαρκέλλῳ θρίαμβον, εἰσήλαυνε, τῇ μὲν ἄλλῃ λαμπρότητι καὶ πλούτῳ καὶ λαφύροις καὶ σώμασιν ὑπερφυέσιν αἰχμαλώτων ἐν ὀλίγοις θαυμαστός, ἥδιστον δὲ πάντων θέαμα καὶ καινότατον ἐπιδεικνύμενος αὐτὸν κομίζοντα τῷ θεῷ τὴν [2] τοῦ βαρβάρου

πανοπλίαν. δρυὸς γὰρ εὐκτεάνου πρέμνον ὄρθιον καὶ μέγα τεμών, καὶ ἀσκήσας ὥσπερ τρόπαιον, ἀνεδήσατο καὶ κατήρτησεν ἐξ αὐτοῦ τὰ λάφυρα, κόσμῳ [3] διαθεὶς καὶ περιαρμόσας ἕκαστον. προϊούσης δὲ τῆς πομπῆς, ἀράμενος αὐτὸς ἐπέβη τοῦ τεθρίππου, καὶ τροπαιοφόρων ἀγαλμάτων ἐκεῖνο κάλλιστον καὶ διαπρεπέστατον [4] ἐπόμπευε διὰ τῆς πόλεως. ὁ δὲ στρατὸς εἵπετο, καλλίστοις ὅπλοις κεκοσμημένος, ᾄδων ἅμα πεποιημένα μέλη καὶ παιᾶνας ἐπινικίους εἰς τὸν θεὸν καὶ τὸν στρατηγόν.

[5] οὕτω δὲ προβὰς καὶ παρελθὼν εἰς τὸν νεὼν τοῦ Φερετρίου Διός, ἀνέστησε καὶ καθιέρωσε τρίτος καὶ τελευταῖος [6] ἄχρι τοῦ καθ’ ἡμᾶς αἰῶνος. πρῶτος μὲν γὰρ ἀνήνεγκε σκῦλα Ῥωμύλος ἀπ’ Ἄκρωνος τοῦ Καινινήτου, δεύτερος δὲ Κόσσος Κορνήλιος ἀπὸ Τολουμνίου Τυρρηνοῦ, μετὰ δὲ τούτους Μάρκελλος ἀπὸ Βριτομάτου βασιλέως Γαλατῶν, μετὰ δὲ Μάρκελλον οὐδ’ εἷς.

[7] Καλεῖται δ’ ὁ μὲν θεὸς ᾧ πέμπεται Φερέτριος Ζεύς, ὡς μὲν ἔνιοί φασιν, ἀπὸ τοῦ φερετρευομένου τροπαίου κατὰ τὴν Ἑλληνίδα γλῶσσαν, ἔτι πολλὴν τότε συμμεμειγμένην τῇ Λατίνων, ὡς δ’ ἕτεροι, Διός ἐστιν ἡ προσωνυμία κεραυνοβολοῦντος. τὸ γὰρ τύπτειν φέρειν οἱ Ῥωμαῖοι [8] καλοῦσιν. ἄλλοι δὲ παρὰ τὴν τοῦ πολεμίου πληγὴν γεγονέναι τοὔνομα λέγουσι· καὶ γὰρ νῦν ἐν ταῖς μάχαις, ὅταν διώκωσι τοὺς πολεμίους, πυκνὸν τὸ φέρε, τουτέστι παῖε, [9] παρεγγυῶσιν ἀλλήλοις. τὰ δὲ σκῦλα σπόλια μὲν κοινῶς, ἰδίως δ’ ὀπίμια ταῦτα καλοῦσι. καίτοι φασὶν ἐν τοῖς ὑπομνήμασι Νομᾶν Πομπίλιον καὶ πρώτων ὀπιμίων καὶ δευτέρων καὶ τρίτων μνημονεύειν, τὰ μὲν πρῶτα ληφθέντα τῷ Φερετρίῳ Διῒ κελεύοντα καθιεροῦν, τὰ δεύτερα δὲ τῷ Ἄρει, τὰ δὲ τρίτα τῷ Κυρίνῳ, καὶ λαμβάνειν γέρας ἀσσάρια τριακόσια τὸν πρῶτον, τὸν δὲ δεύτερον διακόσια, [10] τὸν δὲ τρίτον ἑκατόν. ὁ μέντοι πολὺς οὗτος ἐπικρατεῖ λόγος, ὡς ἐκείνων μόνων ὀπιμίων ὄντων, ὅσα καὶ παρατάξεως οὔσης καὶ πρῶτα καὶ στρατηγοῦ [καὶ] στρατηγὸν ἀνελόντος. περὶ μὲν οὖν τούτων ἐπὶ τοσοῦτον.

[11] Οἱ δὲ Ῥωμαῖοι τὴν νίκην ἐκείνην καὶ τοῦ πολέμου τὴν κατάλυσιν οὕτως ὑπερηγάπησαν, ὥστε καὶ τῷ Πυθίῳ χρυσοῦν κρατῆρα ἀπὸ λιτρῶν εἰς Δελφοὺς ἀποστεῖλαι χαριστήριον, καὶ τῶν λαφύρων ταῖς τε συμμαχίσι μεταδοῦναι πόλεσι λαμπρῶς, καὶ πρὸς Ἱέρωνα πολλὰ πέμψαι τὸν Συρακοσίων βασιλέα, φίλον ὄντα καὶ σύμμαχον.

[9] [1] Ἀννίβου δ’ ἐμβαλόντος εἰς Ἰταλίαν, ἐπέμφθη μὲν [2] ὁ Μάρκελλος ἐπὶ Σικελίαν στόλον ἄγων· ἐπεὶ δ’ ἡ περὶ Κάννας ἀτυχία συνέπεσε, καὶ Ῥωμαίων οὐκ ὀλίγαι μυριάδες ἐν τῇ μάχῃ διεφθάρησαν, ὀλίγοι δὲ σωθέντες εἰς Κανύσιον συνεπεφεύγεσαν, ἦν δὲ προσδοκία τὸν Ἀννίβαν εὐθὺς ἐπὶ τὴν

Ῥώμην ἐλᾶν, ὅπερ ἦν κράτιστον τῆς δυνάμεως [3] ἀνῃρηκότα, πρῶτον μὲν ὁ Μάρκελλος ἀπὸ τῶν νεῶν ἔπεμψε τῇ πόλει φυλακὴν πεντακοσίους καὶ χιλίους ἄνδρας, ἔπειτα δόγμα τῆς βουλῆς δεξάμενος, εἰς Κανύσιον παρῆλθε, καὶ τοὺς ἐκεῖ συνειλεγμένους παραλαβὼν ἐξήγαγε τῶν ἐρυμάτων, ὡς οὐ προησόμενος τὴν χώραν.

[4] Ῥωμαίοις δὲ τῶν ἡγεμονικῶν καὶ δυνατῶν ἀνδρῶν οἱ μὲν ἐτεθνήκεσαν ἐν ταῖς μάχαις, Φαβίου δὲ Μαξίμου, τοῦ πλεῖστον ἔχοντος ἀξίωμα πίστεως καὶ συνέσεως, τὸ λίαν ἀπηκριβωμένον ἐν τοῖς ὑπὲρ τοῦ μὴ παθεῖν λογισμοῖς [5] ὡς ἀργὸν ἐπὶ τὰς πράξεις καὶ ἄτολμον ᾐτιῶντο· καὶ νομίζοντες ἀποχρῶντα τοῦτον ἔχειν πρὸς ἀσφάλειαν, οὐ διαρκῆ δὲ πρὸς ἄμυναν στρατηγόν, ἐπὶ τὸν Μάρκελλον [6] ‹κατέφευγον›, καὶ τὸ θαρραλέον αὐτοῦ καὶ δραστήριον πρὸς τὴν ἐκείνου κεραννύντες καὶ ἁρμόττοντες εὐλάβειαν καὶ πρόνοιαν, ποτὲ μὲν ἀμφοτέρους ἅμα χειροτονοῦντες ὑπάτους, ποτὲ δ’ ἐν μέρει, τὸν μὲν ὕπατον τὸν δ’ ἀνθύπατον [7] ἐξέπεμπον. ὁ δὲ Ποσειδώνιός φησι (FGrH 87 F 42) τὸν μὲν Φάβιον θυρεὸν καλεῖσθαι, τὸν δὲ Μάρκελλον ξίφος. αὐτὸς δ’ ὁ Ἀννίβας ἔλεγε, τὸν μὲν Φάβιον ὡς παιδαγωγὸν φοβεῖσθαι, τὸν δὲ Μάρκελλον ὡς ἀνταγωνιστήν· ὑφ’ οὗ μὲν γὰρ κωλύεσθαι κακόν τι ποιεῖν, ὑφ’ οὗ δὲ καὶ πάσχειν.

[10] [1] Πρῶτον μὲν οὖν ἀνέσεως πολλῆς καὶ θρασύτητος ἐκ τοῦ κρατεῖν τοῦ Ἀννίβα τοῖς στρατιώταις ἐγγενομένης, τοὺς ἀποσκιδναμένους τοῦ στρατοπέδου καὶ κατατρέχοντας τὴν χώραν ἐπιτιθέμενος κατέκοπτε καὶ ὑπανήλισκε [2] τῆς δυνάμεως· ἔπειτα πρὸς Νέαν πόλιν καὶ Νῶλαν βοηθήσας, Νεαπολίτας μὲν ἐπέρρωσεν, αὐτοὺς καθ’ ἑαυτοὺς βεβαίους ὄντας Ῥωμαίοις, εἰς δὲ Νῶλαν εἰσελθὼν στάσιν εὗρε, τῆς βουλῆς τὸν δῆμον ἀννιβίζοντα μεταχειρίσασθαι [3] καὶ καταρτίσαι μὴ δυναμένης. ἦν γάρ τις ἀνὴρ εὐγενείᾳ τε πρωτεύων ἐν τῇ πόλει καὶ κατ’ ἀνδρείαν [4] ἐπιφανής, ὄνομα Βάνδιος· τοῦτον ἐν Κάνναις περιόπτως ἀγωνισάμενον, καὶ πολλοὺς μὲν ἀνελόντα τῶν Καρχηδονίων, τέλος δ’ αὐτὸν ἐν τοῖς νεκροῖς εὑρεθέντα πολλῶν βελῶν κατάπλεων τὸ σῶμα θαυμάσας ὁ Ἀννίβας οὐ μόνον ἀφῆκεν ἄνευ λύτρων, ἀλλὰ καὶ δῶρα προσέθηκε καὶ [5] φίλον ἐποιήσατο καὶ ξένον. ἀμειβόμενος οὖν ταύτην τὴν χάριν ὁ Βάνδιος εἷς ἦν τῶν ἀννιβιζόντων προθύμως, καὶ [6] τὸν δῆμον ἰσχύων ἐξήγαγε πρὸς ἀπόστασιν. ὁ δὲ Μάρκελλος ἀνελεῖν μὲν ἄνδρα λαμπρὸν οὕτω τὴν ψυχὴν ‹καὶ› κεκοινωνηκότα τῶν μεγίστων Ῥωμαίοις ἀγώνων οὐχ ὅσιον ἡγεῖτο, πρὸς δὲ τῷ φύσει φιλανθρώπῳ καὶ πιθανὸς ὢν ὁμιλίᾳ [καὶ] προσάγεσθαι φιλότιμον ἦθος, ἀσπασάμενόν ποτε τὸν Βάνδιον αὐτὸν ἠρώτησεν ὅστις ἀνθρώπων εἴη, πάλαι μὲν εὖ εἰδώς, ἀρχὴν δὲ καὶ πρόφασιν ἐντεύξεως [7] ζητῶν. ὡς γὰρ εἶπε Λεύκιος Βάνδιος, οἷον ἡσθεὶς

καὶ θαυμάσας ὁ Μάρκελλος, ἦ γὰρ ἐκεῖνος ἔφη σὺ Βάνδιος, οὗ πλεῖστος ἐν Ῥώμῃ λόγος τῶν ἐν Κάνναις ἀγωνισαμένων, ὡς μόνου Παῦλον Αἰμίλιον τὸν ἄρχοντα μὴ προλιπόντος, ἀλλὰ τὰ πλεῖστα τῶν ‹εἰς› ἐκεῖνον φερομένων [8] βελῶν ὑποστάντος τῷ σώματι καὶ ἀναδεξαμένου; φήσαντος δὲ τοῦ Βανδίου καί τι καὶ παραφήναντος αὐτῷ τῶν τραυμάτων, εἶτ' ἔφη τηλικαῦτα γνωρίσματα φέρων τῆς πρὸς ἡμᾶς φιλίας, οὐκ εὐθὺς προσῄεις; ἢ κακοί σοι δοκοῦμεν ἀρετὴν ἀμείβεσθαι φίλων, οἷς ἐστι τιμὴ καὶ [9] παρὰ τοῖς πολεμίοις; ταῦτα φιλοφρονηθεὶς καὶ δεξιωσάμενος, ἵππον τε δωρεῖται πολεμιστὴν αὐτῷ καὶ δραχμὰς ἀργυρίου πεντακοσίας.

[11] [1] Ἐκ τούτου βεβαιότατος μὲν ἦν Μαρκέλλῳ παραστάτης καὶ σύμμαχος, δεινότατος δὲ μηνυτὴς καὶ κατήγορος [2] τῶν τἀναντία φρονούντων ὁ Βάνδιος. ἦσαν δὲ πολλοί, καὶ διενοοῦντο τῶν Ῥωμαίων ἐπεξιόντων τοῖς πολεμίοις [3] αὐτοὶ διαρπάσαι τὰς ἀποσκευάς. διὸ συντάξας ὁ Μάρκελλος τὴν δύναμιν ἐντός, παρὰ τὰς πύλας ἔστησε τὰ σκευοφόρα καὶ τοῖς Νωλανοῖς διὰ κηρύγματος ἀπεῖπε [4] πρὸς τὰ τείχη προσπελάζειν. ἦν οὖν ὅπλων ἔρημα καὶ τὸν Ἀννίβαν ἐπεσπάσατο προσάγειν ἀτακτότερον, ὡς τῶν [5] ἐν τῇ πόλει ταραττομένων. ἐν τούτῳ δὲ τὴν καθ' αὑτὸν πύλην ἀναπετάσαι κελεύσας ὁ Μάρκελλος ἐξήλασεν, ἔχων μεθ' ἑαυτοῦ τῶν ἱπποτῶν τοὺς λαμπροτάτους, καὶ προσπεσὼν [6] κατὰ στόμα συνείχετο τοῖς πολεμίοις. μετ' ὀλίγον δ' οἱ πεζοὶ καθ' ἑτέραν πύλην ‹ἐξ›εχώρουν μετὰ δρόμου καὶ βοῆς, καὶ πρὸς τούτους αὖθις αὖ τοῦ Ἀννίβα μερίζοντος τὴν δύναμιν, ἡ τρίτη τῶν πυλῶν ἀνεῴγνυτο, καὶ δι' αὐτῆς ἐξέθεον οἱ λοιποί, καὶ προσέκειντο πανταχόθεν ἐκπεπληγμένοις τῷ ἀπροσδοκήτῳ καὶ κακῶς ἀμυνομένοις τοὺς ἐν χερσὶν ἤδη διὰ τοὺς ὕστερον ἐπιφερομένους.

[7] κἀνταῦθα πρῶτον οἱ σὺν Ἀννίβᾳ Ῥωμαίοις ἐνέδωκαν, ὠθούμενοι φόνῳ πολλῷ καὶ τραύμασι πρὸς τὸ στρατόπεδον. λέγονται γὰρ ὑπὲρ πεντακισχιλίους ἀποθανεῖν, [8] ἀποκτεῖναι δὲ Ῥωμαίων οὐ πλείονας ἢ πεντακοσίους. ὁ δὲ Λίβιος (23, 16, 15 sq.) οὕτω μὲν οὐ διαβεβαιοῦται γενέσθαι μεγάλην ‹τὴν› ἧτταν, οὐδὲ πεσεῖν νεκροὺς τοσούτους τῶν πολεμίων, κλέος δὲ μέγα Μαρκέλλῳ καὶ Ῥωμαίοις ἐκ κακῶν θάρσος ἀπὸ τῆς μάχης ἐκείνης ὑπάρξαι θαυμαστόν, οὐχ ὡς πρὸς ἄμαχον οὐδ' ἀήττητον, ἀλλά τι καὶ παθεῖν δυνάμενον διαγωνιζομένοις πολέμιον.

[12] Διὸ καὶ θατέρου τῶν ὑπάτων ἀποθανόντος, ἐκάλει Μάρκελλον ὁ δῆμος ἐπὶ τὴν διαδοχὴν ἀπόντα, καὶ βίᾳ τῶν ἀρχόντων ὑπερέθετο τὴν κατάστασιν, ἕως ἐκεῖνος [9] ἦλθεν ἀπὸ τοῦ στρατοπέδου. καὶ πάσαις μὲν ἀπεδείχθη ταῖς ψήφοις ὕπατος, ἐπιβροντήσαντος δὲ τοῦ θεοῦ καὶ τῶν ἱερέων οὐκ αἴσιον

τιθεμένων τὸ σημεῖον, ἐμφανῶς δὲ κωλύειν ὀκνούντων καὶ δεδιότων τὸν δῆμον, αὐτὸς ἐξωμόσατο τὴν ἀρχήν.

[10] Οὐ μέντοι τὴν στρατείαν ἔφυγεν, ἀλλ' ἀνθύπατος ἀναγορευθεὶς καὶ πάλιν πρὸς Νῶλαν ἐπανελθὼν εἰς τὸ στρατόπεδον, κακῶς ἐποίει τοὺς ᾑρημένους τὰ τοῦ Φοίνικος.

[11] ὡς δ' ὀξεῖαν ἐπ' αὐτὸν θέμενος βοήθειαν ἐκεῖνος ἧκε, προκαλουμένῳ μὲν ἐκ παρατάξεως οὐκ ἠβουλήθη διαγωνίσασθαι, τρέψαντι δὲ τὸ πλεῖστον ἐφ' ἁρπαγὴν τοῦ στρατοῦ καὶ μηκέτι προσδεχομένῳ μάχην ἐπεξῆλθε, διαδοὺς δόρατα τῶν ναυμάχων μεγάλα τοῖς πεζοῖς καὶ διδάξας πόρρωθεν συντιτρώσκειν τοὺς Καρχηδονίους, ἀκοντιστὰς μὲν οὐκ ὄντας, αἰχμαῖς δὲ χρωμένους ἐκ χειρὸς [12] βραχείαις. διὸ καὶ δοκοῦσι τότε δεῖξαι τὰ νῶτα Ῥωμαίοις ὅσοι συνέβαλον καὶ φυγὴν ἀπροφάσιστον φυγεῖν, ἀποβαλόντες ἐξ ἑαυτῶν νεκροὺς μὲν γενομένους πεντακισχιλίους, ‹αἰχμαλώτους δ' ἑξακοσίους›, καὶ τῶν ἐλεφάντων τέσσαρας [13] μὲν πεσόντας, δύο δὲ ζωοὺς ἁλόντας. ὃ δ' ἦν μέγιστον, ἡμέρᾳ τρίτῃ μετὰ τὴν μάχην ἱππεῖς Ἰβήρων καὶ Νομάδων μιγάδες αὐτομολοῦσιν ὑπὲρ τοὺς τριακοσίους, οὔπω πρότερον Ἀννίβα τοῦτο παθόντος, ἀλλ' ἐκ ποικίλων καὶ πολυτρόπων συνηρμοσμένον ἐθνῶν βαρβαρικὸν στράτευμα [14] πλεῖστον χρόνον ἐν μιᾷ γνώμῃ διαφυλάξαντος. οὗτοι μὲν οὖν πιστοὶ παρέμειναν εἰς ἅπαν αὐτῷ τε τῷ Μαρκέλλῳ καὶ τοῖς μετ' αὐτὸν στρατηγοῖς.

[13] [1] Ὁ δὲ Μάρκελλος ἀποδειχθεὶς ὕπατος τὸ τρίτον [2] εἰς Σικελίαν ἔπλευσεν. αἱ γὰρ Ἀννίβου περὶ τὸν πόλεμον εὐπραξίαι Καρχηδονίους ἐπῆραν αὖθις ἀντιλαμβάνεσθαι τῆς νήσου, μάλιστα τεταραγμένων τῶν περὶ τὰς Συρακούσας μετὰ τὴν Ἱερωνύμου τοῦ τυράννου τελευτήν.

[3] διὸ καὶ Ῥωμαίων ἦν ἐκεῖ προαπεσταλμένη δύναμις καὶ στρατηγὸς Ἄππιος. ταύτην παραλαμβάνοντι τῷ Μαρκέλλῳ προσπίπτουσι Ῥωμαῖοι πολλοί, συμφορᾷ κεχρημένοι [4] τοιαύτῃ. τῶν περὶ Κάννας παραταξαμένων πρὸς Ἀννίβαν οἱ μὲν ἔφυγον, οἱ δὲ ζῶντες ἥλωσαν, τοσοῦτον πλῆθος, ὡς δοκεῖν Ῥωμαίοις ὑπολελεῖφθαι μηδὲ τοὺς [5] τὰ τείχη διαφυλάξοντας. τοῖς δ' ἄρα τοσοῦτον [τοῦ] φρονήματος καὶ μεγαλοψυχίας περιῆν, ὥστε τοὺς μὲν αἰχμαλώτους ἐπὶ μικροῖς λύτροις ἀποδιδόντος Ἀννίβου μὴ λαβεῖν, ἀλλ' ἀποψηφίσασθαι, καὶ περιϊδεῖν τοὺς μὲν ἀναιρεθέντας, [6] τοὺς δὲ πραθέντας ἔξω τῆς Ἰταλίας, τῶν δὲ φυγῇ περιγενομένων τὸ πλῆθος εἰς Σικελίαν ἀποστεῖλαι, διακελευσαμένους Ἰταλίας μὴ ἐπιβαίνειν, ἕως πολεμοῦσι [7] πρὸς Ἀννίβαν. οὗτοι δὴ τῷ Μαρκέλλῳ παραγενομένῳ προσπεσόντες ἀθρόοι καὶ χαμαὶ καταβαλόντες αὑτούς, ᾔτουν τάξιν ἐπιτίμου στρατείας, μετὰ πολλῆς

βοῆς καὶ δακρύων ἐπαγγελλόμενοι δείξειν δι᾽ ἔργων ἀτυχίᾳ τινὶ μᾶλλον ἢ δι᾽ ἀνανδρίαν αὐτῶν τὴν τροπὴν ἐκείνην γενομένην.

[8] οἰκτίρας οὖν αὐτοὺς ὁ Μάρκελλος ἔγραψε πρὸς τὴν σύγκλητον, αἰτούμενος ἐκ τούτων ἀεὶ τῆς στρατιᾶς [9] τὸ ἐπιλεῖπον ἀναπληροῦν. λόγων δὲ πολλῶν γενομένων, ἐποιήσατο γνώμην ἡ βουλή, μηδὲν εἰς δημόσια πράγματα δεῖσθαι Ῥωμαίους ἀνθρώπων ἀνάνδρων· εἰ δὲ βούλεται χρῆσθαι Μάρκελλος αὐτοῖς, [ἴσ] ὡς μηδενὶ τῶν ἐπ᾽ ἀνδρείᾳ νομιζομένων στεφάνων καὶ γερῶν τυχεῖν ὑπάρχον[τος].

[10] τοῦτο τὸ δόγμα Μάρκελλον ἠνίασε, καὶ μετὰ τὸν ἐν Σικελίᾳ πόλεμον ἐπανελθών, ἐμέμψατο τὴν βουλήν, ὡς ἀντὶ πολλῶν καὶ μεγάλων οὐ παρασχοῦσαν αὐτῷ τοσούτων δυστυχίαν ἐπανορθώσασθαι πολιτῶν.

[14] [1] Τότε δ᾽ ἐν Σικελίᾳ πρῶτον μὲν ἀδικηθεὶς ὑφ᾽ Ἱπποκράτους στρατηγοῦ Συρακοσίων, ὃς Καρχηδονίοις χαριζόμενος καὶ τυραννίδα κτώμενος αὑτῷ πολλοὺς [2] διέφθειρε Ῥωμαίων πρὸς Λεοντίνοις καὶ εἷλε τὴν τῶν Λεοντίνων πόλιν κατὰ κράτος καὶ Λεοντίνους μὲν οὐκ ἠδίκησε, τῶν δ᾽ αὐτομόλων ὅσους ἔλαβε μαστιγώσας [3] ἀπέκτεινε. τοῦ δ᾽ Ἱπποκράτους πρῶτον μὲν λόγον εἰς τὰς Συρακούσας προπέμψαντος, ὡς Λεοντίνους ἡβηδὸν ἀποσφάττει Μάρκελλος, ἔπειτα δὲ τεταραγμένοις ἐπιπεσόντος καὶ τὴν πόλιν καταλαβόντος, ἄρας ὁ Μάρκελλος [4] τῷ στρατῷ παντὶ πρὸς τὰς Συρακούσας ἐχώρει. καὶ καταστρατοπεδεύσας πλησίον, εἰσέπεμψε μὲν πρέσβεις, [5] περὶ τῶν ἐν Λεοντίνοις διδάξοντας. ὡς δ᾽ οὐδὲν ἦν ὄφελος, μὴ πειθομένων Συρακοσίων (ἐκράτουν γὰρ οἱ περὶ τὸν Ἱπποκράτην), προσβολὰς ἐποιεῖτο κατὰ γῆν ἅμα καὶ κατὰ θάλασσαν, Ἀππίου μὲν τὸν πεζὸν ἐπάγοντος στρατόν, αὐτὸς δὲ πεντήρεις ἔχων ἑξήκοντα παντοδαπῶν [6] ὅπλων καὶ βελῶν πλήρεις. ὑπὲρ δὲ μεγάλου ζεύγματος νεῶν ὀκτὼ πρὸς ἀλλήλας συνδεδεμένων μηχανὴν ἄρας, ἐπέπλει πρὸς τὸ τεῖχος, τῷ πλήθει καὶ τῇ λαμπρότητι τῆς [7] παρασκευῆς καὶ τῇ δόξῃ τῇ περὶ αὐτὸν πεποιθώς· ἧς ἄρα λόγος οὐδεὶς ἦν Ἀρχιμήδει καὶ τοῖς Ἀρχιμήδους μηχανήμασιν.

[8] ὧν ὡς μὲν ἔργον ἄξιον σπουδῆς οὐδὲν ὁ ἀνὴρ προὔθετο, γεωμετρίας δὲ παιζούσης ἐγεγόνει πάρεργα τὰ πλεῖστα, πρότερον φιλοτιμηθέντος Ἱέρωνος τοῦ βασιλέως καὶ πείσαντος Ἀρχιμήδη τρέψαι τι τῆς τέχνης ἀπὸ τῶν νοητῶν ἐπὶ τὰ σωματικά, καὶ τὸν λόγον ἁμῶς γέ πως δι᾽ αἰσθήσεως μείξαντα ταῖς χρείαις ἐμφανέστερον καταστῆσαι [9] τοῖς πολλοῖς. τὴν γὰρ ἀγαπωμένην ταύτην καὶ περιβόητον ὀργανικὴν ἤρξαντο μὲν κινεῖν οἱ περὶ Εὔδοξον καὶ Ἀρχύταν, ποικίλλοντες τῷ γλαφυρῷ γεωμετρίαν, καὶ λογικῆς καὶ γραμμικῆς ἀποδείξεως οὐκ εὐποροῦντα προβλήματα δι᾽ αἰσθητῶν καὶ ὀργανικῶν παραδειγμάτων [10] ὑπερείδοντες, ὡς τὸ περὶ δύο μέσας ἀνὰ λόγον πρόβλημα

καὶ στοιχεῖον ἐπὶ πολλὰ τῶν γραφομένων ἀναγκαῖον εἰς ὀργανικὰς ἐξῆγον ἀμφότεροι κατασκευάς. μεσογράφους τινὰς ἀπὸ καμπύλων γραμμ[ατ]ῶν καὶ τμημάτων [11] μεθαρμόζοντες· ἐπεὶ δὲ Πλάτων ἠγανάκτησε καὶ διετείνατο πρὸς αὐτούς, ὡς ἀπολλύντας καὶ διαφθείροντας τὸ γεωμετρίας ἀγαθόν, ἀπὸ τῶν ἀσωμάτων καὶ νοητῶν ἀποδιδρασκούσης ἐπὶ τὰ αἰσθητά, καὶ προσχρωμένης αὖθις αὖ σώμασι πολλῆς καὶ φορτικῆς βαναυσουργίας δεομένοις, οὕτω διεκρίθη γεωμετρίας ἐκπεσοῦσα μηχανική, καὶ περιορωμένη πολὺν χρόνον ὑπὸ φιλοσοφίας, μία τῶν στρατιωτίδων [12] τεχνῶν ἐγεγόνει. καὶ μέντοι καὶ Ἀρχιμήδης, Ἱέρωνι τῷ βασιλεῖ συγγενὴς ὢν καὶ φίλος, ἔγραψεν ὡς τῇ δοθείσῃ δυνάμει τὸ δοθὲν βάρος κινῆσαι δυνατόν ἐστι, καὶ νεανιευσάμενος ὥς φασι ῥώμῃ τῆς ἀποδείξεως εἶπεν ὡς εἰ γῆν εἶχεν ἑτέραν, ἐκίνησεν ἂν ταύτην μεταβὰς εἰς [13] ἐκείνην. θαυμάσαντος δὲ τοῦ Ἱέρωνος, καὶ δεηθέντος εἰς ἔργον ἐξαγαγεῖν τὸ πρόβλημα καὶ δεῖξαί τι τῶν μεγάλων κινούμενον ὑπὸ σμικρᾶς δυνάμεως, ὁλκάδα τριάρμενον τῶν βασιλικῶν πόνῳ μεγάλῳ καὶ χειρὶ πολλῇ νεωλκηθεῖσαν, ἐμβαλὼν ἀνθρώπους τε πολλοὺς καὶ τὸν συνήθη φόρτον, αὐτὸς ἄπωθεν καθήμενος, οὐ μετὰ σπουδῆς ἀλλ’ ἠρέμα τῇ χειρὶ σείων ἀρχήν τινα πολυσπάστου, προσηγάγετο, λείως καὶ ἀπταίστως ὥσπερ διὰ θαλάσσης ἐπιθέουσαν.

[14] ἐκπλαγεὶς οὖν ὁ βασιλεὺς καὶ συννοήσας τῆς τέχνης τὴν δύναμιν, ἔπεισε τὸν Ἀρχιμήδην ὅπως αὐτῷ τὰ μὲν ἀμυνομένῳ τὰ δ’ ἐπιχειροῦντι μηχανήματα κατασκευάσῃ [15] πρὸς πᾶσαν ἰδέαν πολιορκίας. οἷς αὐτὸς μὲν οὐκ ἐχρήσατο, τοῦ βίου τὸ πλεῖστον ἀπόλεμον καὶ πανηγυρικὸν βιώσας, τότε δ’ ὑπῆρχε τοῖς Συρακοσίοις εἰς δέον ἡ παρασκευή, καὶ μετὰ τῆς παρασκευῆς ὁ δημιουργός.

[15] [1] Ὡς οὖν προσέβαλον οἱ Ῥωμαῖοι διχόθεν, ἔκπληξις ἦν τῶν Συρακοσίων καὶ σιγὴ διὰ δέος, μηδὲν ἂν [2] ἀνθέξειν πρὸς βίαν καὶ δύναμιν οἰομένων τοσαύτην. σχάσαντος δὲ τὰς μηχανὰς τοῦ Ἀρχιμήδους, ἅμα τοῖς μὲν πεζοῖς ἀπήντα τοξεύματά τε παντοδαπὰ καὶ λίθων ὑπέρογκα μεγέθη, ῥοίζῳ καὶ τάχει καταφερομένων ἀπίστῳ καὶ μηδενὸς ὅλως τὸ βρῖθος στέγοντος ἀθρόους ἀνατρεπόντων [3] τοὺς ὑποπίπτοντας καὶ τὰς τάξεις συγχεόντων· ταῖς δὲ ναυσὶν ἄφνω τῶν τειχῶν ὑπεραιωρούμεναι κεραῖαι, τὰς μὲν ὑπὸ βρίθους στηρίζοντος ἄνωθεν ὠθοῦσαι κατέδυον εἰς βυθόν, τὰς δὲ χερσὶ σιδηραῖς [ἢ] στόμασιν εἰκασμέναις γεράνων ἀνασπῶσαι πρῴραθεν ὀρθὰς ἐπὶ πρύμναν [ἀν]ἐβάπτιζον, ἢ δι’ ἀντιτόνων ἔνδον ἐπιστρεφομένων καὶ περιαγομένων τοῖς ὑπὸ τὸ τεῖχος ἐκπεφυκόσι κρημνοῖς καὶ σκοπέλοις προσήρασσον, ἅμα φθόρῳ πολλῷ [4] τῶν ἐπιβατῶν συντριβομένας. πολλάκις δὲ μετέωρος ἐξαρθεῖσα ναῦς ἀπὸ τῆς θαλάσσης δεῦρο κἀκεῖσε περιδινουμένη

καὶ κρεμαμένη θέαμα φρικῶδες ἦν, μέχρι οὗ τῶν ἀνδρῶν ἀπορριφέντων καὶ διασφενδονηθέντων κενὴ προσπέσοι τοῖς τείχεσιν ἢ περιολίσθοι τῆς λαβῆς ἀνείσης.

[5] ἣν δ' ὁ Μάρκελλος ἀπὸ τοῦ ζεύγματος ἐπῆγε μηχανήν, σαμβύκη μὲν ἐκαλεῖτο δι' ὁμοιότητά τινα σχήματος [6] πρὸς τὸ μουσικὸν ὄργανον. ἔτι δ' ἄπωθεν αὐτῆς προσφερομένης πρὸς τὸ τεῖχος, ἐξήλατο λίθος δεκατάλαντος ὁλκήν, εἶθ' ἕτερος ἐπὶ τούτῳ καὶ τρίτος, ὧν οἱ μὲν αὐτῆς ἐμπεσόντες μεγάλῳ κτύπῳ καὶ κλύδωνι [τῆς μηχανῆς] τήν τε βάσιν συνηλόησαν, καὶ τὸ γόμφωμα διέσεισαν [7] καὶ διέσπασαν τοῦ ζεύγματος, ὥστε τὸν Μάρκελλον ἀπορούμενον αὐτόν τε ταῖς ναυσὶν ἀποπλεῖν κατὰ τάχος, καὶ τοῖς πεζοῖς ἀναχώρησιν παρεγγυῆσαι.

[8] Βουλευομένοις δ' ἔδοξεν αὐτοῖς ἔτι νυκτὸς ἂν δύνωνται προσμεῖξαι τοῖς τείχεσι· τοὺς γὰρ τόνους, οἷς χρῆσθαι τὸν Ἀρχιμήδην, ῥύμην ἔχοντας ὑπερπετεῖς ποιήσεσθαι τὰς τῶν βελῶν ἀφέσεις, ἐγγύθεν δὲ καὶ τελέως ἀπράκτους [9] εἶναι, διάστημα τῆς πληγῆς οὐκ ἐχούσης. ὁ δ' ἦν ὡς ἔοικεν ἐπὶ ταῦτα πάλαι παρεσκευασμένος ὀργάνων τε συμμέτρους πρὸς πᾶν διάστημα κινήσεις καὶ βέλη βραχέα, καὶ διαδοχὰς οὐ μεγάλων, πολλῶν δὲ καὶ συνεχῶν τρημάτων, οἷς σκορπίοι βραχύτονοι μέν, ἐγγύθεν δὲ πλῆξαι ‹δυνατοὶ› παρεστήκεσαν ἀόρατοι τοῖς πολεμίοις.

[16] [1] Ὡς οὖν προσέμειξαν οἰόμενοι λανθάνειν, αὖθις αὖ βέλεσι πολλοῖς ἐντυγχάνοντες ‹καὶ› πληγαῖς, πετρῶν μὲν ἐκ κεφαλῆς ἐπ' αὐτοὺς φερομένων ὥσπερ πρὸς κάθετον, τοῦ ‹δὲ› τείχους τοξεύματα πανταχόθεν ἀναπέμποντος, [2] ἀνεχώρουν ὀπίσω. κἀνταῦθα πάλιν αὐτῶν εἰς μῆκος ἐκτεταγμένων, βελῶν ἐκθεόντων καὶ καταλαμβανόντων ἀπιόντας, ἐγίνετο πολὺς μὲν αὐτῶν φθόρος, πολὺς δὲ τῶν νεῶν συγκρουσμός, οὐδὲν ἀντιδρᾶσαι τοὺς πολεμίους [3] δυναμένων. τὰ γὰρ πλεῖστα τῶν ὀργάνων ὑπὸ τὸ τεῖχος ἐσκευοποίητο τῷ Ἀρχιμήδει, καὶ θεομαχοῦσιν ἐῴκεσαν οἱ Ῥωμαῖοι, μυρίων αὐτοῖς κακῶν ἐξ ἀφανοῦς ἐπιχεομένων.

[17] [1] Οὐ μὴν ἀλλ' ὁ Μάρκελλος ἀπέφυγέ τε, καὶ τοὺς σὺν ἑαυτῷ σκώπτων τεχνίτας καὶ μηχανοποιοὺς ἔλεγεν· [2] οὐ παυσόμεθα πρὸς τὸν γεωμετρικὸν τοῦτον Βριάρεων πολεμοῦντες, ὃς ταῖς μὲν ναυσὶν ἡμῶν κυαθίζει πρὸς τὴν θάλασσαν, ‹τὰς δὲ σαμβύκας› ῥαπίζων μετ' αἰσχύνης ἐκβέβληκε, τοὺς δὲ μυθικοὺς ἑκατόγχειρας ὑπεραίρει, [3] τοσαῦτα βάλλων ἅμα βέλη καθ' ἡμῶν; τῷ γὰρ ὄντι πάντες οἱ λοιποὶ Συρακόσιοι σῶμα τῆς Ἀρχιμήδους παρασκευῆς ἦσαν, ἡ δὲ κινοῦσα πάντα καὶ στρέφουσα ψυχὴ μία, τῶν μὲν ἄλλων ὅπλων ἀτρέμα κειμένων, μόνοις δὲ τοῖς ἐκείνου τότε τῆς πόλεως χρωμένης καὶ πρὸς [4] ἄμυναν καὶ πρὸς ἀσφάλειαν. τέλος δὲ τοὺς Ῥωμαίους ‹ὁρῶν› οὕτω

περιφόβους γεγονότας ὁ Μάρκελλος, ὥστ᾽ εἰ καλῴδιον ἢ ξύλον ὑπὲρ τοῦ τείχους μικρὸν ὀφθείη προτεινόμενον, τοῦτ᾽ ἐκεῖνο, μηχανήν τινα κινεῖν ἐπ᾽ αὐτοὺς Ἀρχιμήδη βοῶντας ἀποτρέπεσθαι καὶ φεύγειν, ἀπέσχετο μάχης ἁπάσης καὶ προσβολῆς, τὸ λοιπὸν ἐπὶ τῷ χρόνῳ τὴν πολιορκίαν θέμενος.

[5] Τηλικοῦτον μέντοι φρόνημα καὶ βάθος ψυχῆς καὶ τοσοῦτον ἐκέκτητο θεωρημάτων πλοῦτον Ἀρχιμήδης, ὥστ᾽ ἐφ᾽ οἷς ὄνομα καὶ δόξαν οὐκ ἀνθρωπίνης, ἀλλὰ δαιμονίου τινὸς ἔσχε συνέσεως, μηθὲν ἐθελῆσαι σύγγραμμα περὶ [6] τούτων ἀπολιπεῖν, ἀλλὰ τὴν περὶ τὰ μηχανικὰ πραγματείαν καὶ πᾶσαν ὅλως τέχνην χρείας ἐφαπτομένην ἀγεννῆ καὶ βάναυσον ἡγησάμενος, ‹εἰς› ἐκεῖνα καταθέσθαι μόνα τὴν αὑτοῦ φιλοτιμίαν, οἷς τὸ καλὸν καὶ περιττὸν ἀμιγὲς [7] τοῦ ἀναγκαίου πρόσεστιν, ἀσύγκριτα μὲν ὄντα τοῖς ἄλλοις, ἔριν δὲ παρέχοντα πρὸς τὴν ὕλην τῇ ἀποδείξει, τῆς μὲν τὸ μέγεθος καὶ τὸ κάλλος, τῆς δὲ τὴν ἀκρίβειαν καὶ [8] τὴν δύναμιν ὑπερφυῆ παρεχομένης· οὐ γὰρ ἔστιν ἐν γεωμετρίᾳ χαλεπωτέρας καὶ βαρυτέρας ὑποθέσεις ἐν ἁπλουστέροις λαβεῖν καὶ καθαρωτέροις στοιχείοις γραφομένας.

[9] καὶ τοῦθ᾽ οἱ μὲν εὐφυΐᾳ τοῦ ἀνδρὸς προσάπτουσιν, οἱ δ᾽ ὑπερβολῇ τινι πόνου νομίζουσιν ἀπόνως [10] πεποιημένῳ καὶ ῥᾳδίως ἕκαστον ἐοικὸς γεγονέναι. ζητῶν μὲν γὰρ οὐκ ἄν τις εὕροι δι᾽ αὑτοῦ τὴν ἀπόδειξιν, ἅμα δὲ τῇ μαθήσει παρίσταται δόξα τοῦ κἂν αὐτὸν εὑρεῖν· οὕτω λείαν ὁδὸν ἄγει καὶ ταχεῖαν ἐπὶ τὸ δεικνύμενον.

[11] οὔκουν οὐδ᾽ ἀπιστῆσαι τοῖς περὶ αὐτοῦ λεγομένοις ἐστίν, ὡς ὑπ᾽ οἰκείας δή τινος καὶ συνοίκου θελγόμενος ἀεὶ σειρῆνος, ἐλέληστο καὶ σίτου, καὶ θεραπείαν σώματος ἐξέλειπε, βίᾳ δὲ πολλάκις ἑλκόμενος ἐπ᾽ ἄλειμμα καὶ λουτρόν, ἐν ταῖς ἐσχάραις ἔγραφε σχήματα τῶν γεωμετρικῶν, καὶ τοῦ σώματος ἀληλιμμένου διῆγε τῷ δακτύλῳ γραμμάς, ὑφ᾽ ἡδονῆς μεγάλης κάτοχος ὢν καὶ μουσόληπτος [12] ἀληθῶς. πολλῶν δὲ καὶ καλῶν εὑρετὴς γεγονώς, λέγεται τῶν φίλων δεηθῆναι καὶ τῶν συγγενῶν, ὅπως αὐτοῦ μετὰ τὴν τελευτὴν ἐπιστήσωσι τῷ τάφῳ τὸν περιλαμβάνοντα τὴν σφαῖραν ἐντὸς κύλινδρον, ἐπιγράψαντες τὸν λόγον τῆς ὑπεροχῆς τοῦ περιέχοντος στερεοῦ πρὸς τὸ περιεχόμενον.

[18] [1] Ἀρχιμήδης μὲν οὖν τοιοῦτος γενόμενος, ἀήττητον ἑαυτόν τε καὶ τὴν πόλιν ὅσον ἐφ᾽ ἑαυτῷ διεφύλαξε.

[2] Τῆς δὲ πολιορκίας διὰ μέσου Μάρκελλος εἷλε μὲν Μεγαρέας, πόλιν ἐν ταῖς παλαιοτάταις τῶν Σικελιωτίδων, εἷλε δὲ τὸ Ἱπποκράτους πρὸς Ἀκρίλλαις στρατόπεδον, καὶ κατέκτεινεν ὑπὲρ ὀκτακισχιλίους, ἐπιπεσὼν χάρακα βαλλομένοις, ἐπέδραμε δὲ πολλὴν τῆς Σικελίας, καὶ πόλεις ἀπέστησε Καρχηδονίων, καὶ μάχας ἐνίκησε πάσας τοὺς ἀντιταχθῆναι τολμήσαντας.

[3] Χρόνῳ δὲ προϊόντι Δάμιππόν τινα Σπαρτιάτην ἐκ Συρακουσῶν ἐκπλέοντα λαβὼν αἰχμάλωτον, ἀξιούντων ἐπὶ λύτροις τῶν Συρακοσίων κομίσασθαι τὸν ἄνδρα, πολλάκις ὑπὲρ τούτου διαλεγόμενος καὶ συντιθέμενος, πύργον τινὰ κατεσκέψατο, φυλαττόμενον μὲν ἀμελῶς, ἄνδρας δὲ δυνάμενον δέξασθαι κρύφα, τοῦ τείχους ἐπιβατοῦ [4] παρ' αὐτὸν ὄντος. ὡς οὖν τό θ' ὕψος ἐκ τοῦ πολλάκις προσιέναι καὶ διαλέγεσθαι πρὸς τὸν πύργον εἰκάσθη καλῶς, καὶ κλίμακες παρεσκευάσθησαν, ἑορτὴν Ἀρτέμιδι τοὺς Συρακοσίους ἄγοντας καὶ πρὸς οἶνον ὡρμημένους καὶ παιδιὰν παραφυλάξας, ἔλαθεν οὐ μόνον τὸν πύργον κατασχών, ἀλλὰ καὶ κύκλῳ τὸ τεῖχος παρεμπλήσας ὅπλων, πρὶν ἡμέραν γενέσθαι, καὶ τὰ Ἑξάπυλα διακόψας.

[5] ἀρχομένων δὲ κινεῖσθαι καὶ ταράττεσθαι τῶν Συρακοσίων πρὸς τὴν αἴσθησιν, ἅμα πανταχόθεν ταῖς σάλπιγξι χρῆσθαι κελεύσας, φυγὴν ἐποίησε πολλὴν καὶ φόβον, [6] ὡς οὐδενὸς μέρους ἀναλώτου μένοντος. ἔμενε δὲ τὸ καρτερώτατον καὶ κάλλιστον καὶ μέγιστον, Ἀχραδινὴ καλεῖται, [καὶ] διὰ τὸ τετειχίσθαι πρὸς τὴν ἔξω πόλιν, ἧς τὸ μὲν Νέαν τὸ δὲ Τύχην ὀνομάζουσι.

[19] [1] Καὶ τούτων ἐχομένων, ἅμα φάει διὰ τῶν Ἑξαπύλων ὁ Μάρκελλος κατῄει, μακαριζόμενος ὑπὸ τῶν ὑφ' [2] ἑαυτὸν ἡγεμόνων. αὐτὸς μέντοι λέγεται κατιδὼν ἄνωθεν, καὶ περισκεψάμενος τῆς πόλεως τὸ μέγεθος καὶ τὸ κάλλος, ἐπὶ πολὺ δακρῦσαι, [καὶ] τῷ μέλλοντι γίνεσθαι συμπαθήσας, ἐννοήσας οἷον ἐξ οἵου σχῆμα[τος] καὶ μορφὴν ἀμείψει μετὰ μικρόν, ὑπὸ τοῦ στρατοπέδου διαφορηθεῖσα.

[3] τῶν γὰρ ἡγεμόνων οὐδεὶς μὲν ἦν ὁ τολμῶν ἐναντιοῦσθαι τοῖς στρατιώταις, αἰτουμένοις δι' ἁρπαγῆς ὠφεληθῆναι, πολλοὶ δὲ καὶ πυρπολεῖν καὶ κατασκάπτειν [4] ἐκέλευον. ἀλλὰ τοῦτον μὲν οὐδ' ὅλως προσήκατο τὸν λόγον ὁ Μάρκελλος, μάλα δ' ἄκων βιασθεὶς ἔδωκεν ἀπὸ [5] χρημάτων καὶ ἀνδραπόδων ὠφελεῖσθαι· τῶν δ' ἐλευθέρων σωμάτων ἀπεῖπεν ἅψασθαι, καὶ διεκελεύσατο μήτ' ἀποκτεῖναί τινα μήτ' αἰσχῦναι μήτ' ἀνδραποδίσασθαι Συρακοσίων.

[6] οὐ μὴν ἀλλὰ καίπερ οὕτω μετριάσαι δόξας, οἰκτρὰ πάσχειν ἡγεῖτο τὴν πόλιν, καὶ τὸ συμπαθοῦν καὶ τὸ συναλγοῦν ὅμως ἐν τοσούτῳ μεγέθει χαρᾶς ἡ ψυχὴ διέφαινεν, ὁρῶντος ἐν βραχεῖ χρόνῳ πολλῆς καὶ λαμπρᾶς [7] ἀφανισμὸν εὐδαιμονίας. λέγεται γὰρ οὐκ ἐλάττονα τοῦτον ἢ τὸν ὕστερον ἀπὸ Καρχηδόνος διαφορηθέντα πλοῦτον γενέσθαι· καὶ γὰρ τὴν ἄλλην πόλιν οὐ μετὰ πολὺν χρόνον ἁλοῦσαν ἐκ προδοσίας ἐβιάσαντο διαρπάσαι, πλὴν τῶν βασιλικῶν χρημάτων· ταῦτα δ' εἰς τὸ δημόσιον ἐξῃρέθη.

[8] μάλιστα δὲ τὸ Ἀρχιμήδους πάθος ἠνίασε Μάρκελλον. ἔτυχε μὲν γὰρ αὐτός τι καθ' ἑαυτὸν ἀνασκοπῶν ἐπὶ διαγράμματος, καὶ τῇ θεωρίᾳ δεδωκὼς

ἅμα τήν τε διάνοιαν καὶ τὴν πρόσοψιν, οὐ προῄσθετο τὴν καταδρομὴν τῶν [9] Ῥωμαίων οὐδὲ τὴν ἅλωσιν τῆς πόλεως· ἄφνω δ᾽ ἐπιστάντος αὐτῷ στρατιώτου καὶ κελεύοντος ἀκολουθεῖν πρὸς Μάρκελλον, οὐκ ἐβούλετο πρὶν ἢ τελέσαι τὸ πρόβλημα καὶ καταστῆσαι πρὸς τὴν ἀπόδειξιν· ὁ δ᾽ ὀργισθεὶς καὶ σπασάμενος [10] τὸ ξίφος ἀνεῖλεν αὐτόν. ἕτεροι μὲν οὖν λέγουσιν ἐπιστῆναι μὲν εὐθὺς ὡς ἀποκτενοῦντα ξιφήρη τὸν Ῥωμαῖον, ἐκεῖνον δ᾽ ἰδόντα δεῖσθαι καὶ ἀντιβολεῖν ἀναμεῖναι βραχὺν χρόνον, ὡς μὴ καταλίπῃ τὸ ζητούμενον ἀτελὲς καὶ [11] ἀθεώρητον, τὸν δ᾽ οὐ φροντίσαντα διαχρήσασθαι. καὶ τρίτος ‹δ᾽› ἐστὶ λόγος, ὡς κομίζοντι πρὸς Μάρκελλον αὐτῷ τῶν μαθηματικῶν ὀργάνων σκιόθηρα καὶ σφαίρας καὶ γωνίας, αἷς ἐναρμόττει τὸ τοῦ ἡλίου μέγεθος πρὸς τὴν ὄψιν, στρατιῶται περιτυχόντες, καὶ χρυσίον ἐν τῷ τεύχει [12] δόξαντες φέρειν, ἀπέκτειναν. ὅτι μέντοι Μάρκελλος ἤλγησε, καὶ τὸν αὐτόχειρα τοῦ ἀνδρὸς ἀπεστράφη καθάπερ ἐναγῆ, τοὺς δ᾽ οἰκείους ἀνευρὼν ἐτίμησεν, ὡμολόγηται.

[20] [1] Τῶν δὲ Ῥωμαίων τοῖς ἐκτὸς ἀνθρώποις δεινῶν μὲν εἶναι πόλεμον μεταχειρίσασθαι καὶ φοβερῶν εἰς χεῖρας ἐλθεῖν νομιζομένων, εὐγνωμοσύνης δὲ καὶ φιλανθρωπίας καὶ ὅλως πολιτικῆς ἀρετῆς ὑποδείγματα μὴ δεδωκότων, πρῶτος δοκεῖ τότε Μάρκελλος ὑποδεῖξαι τοῖς [2] Ἕλλησι δικαιοτάτους Ῥωμαίους. οὕτω γὰρ ἐχρῆτο τοῖς συμβάλλουσι, καὶ τοσαῦτα ‹καὶ› πόλεις καὶ ἰδιώτας εὐεργέτησεν, ὥστ᾽ εἴ τι περὶ Ἔνναν ἢ Μεγαρεῖς ἢ Συρακοσίους ἔργον ἦν εἰργασμένον οὐκ ἐπιεικὲς αὐτοῖς, τοῦτο τῶν πεπονθότων αἰτίᾳ μᾶλλον ἢ τῶν πεποιηκότων δοκεῖν γεγονέναι.

[3] μνησθήσομαι δ᾽ ἑνὸς ἀπὸ πολλῶν. πόλις γάρ ἐστι τῆς Σικελίας Ἐγγύϊον οὐ μεγάλη, ἀρχαία δὲ πάνυ καὶ διὰ θεῶν ἐπιφάνειαν ἔνδοξος ἃς καλοῦσι Ματέρας.

[4] ἵδρυμα λέγεται Κρητῶν γενέσθαι τὸ ἱερόν, καὶ λόγχας τινὰς ἐδείκνυσαν καὶ κράνη χαλκᾶ, τὰ μὲν ἔχοντα Μηριόνου, τὰ δ᾽ Οὐλίξου, τουτέστιν Ὀδυσσέως, ἐπιγραφάς, [5] ἀνατεθεικότων ταῖς θεαῖς. ταύτην προθυμότατα καρχηδονίζουσαν Νικίας, ἀνὴρ πρῶτος τῶν πολιτῶν, ἔπειθε μεταθέσθαι πρὸς Ῥωμαίους, ἀναφανδὸν ἐν ταῖς ἐκκλησίαις παρρησιαζόμενος καὶ κακῶς φρονοῦντας ἐξελέγχων [6] τοὺς ὑπεναντίους. οἱ δὲ φοβούμενοι τὴν δύναμιν αὐτοῦ καὶ τὴν δόξαν, ἐβουλεύσαντο συναρπάσαι καὶ παραδοῦναι [7] τοῖς Φοίνιξιν. αἰσθόμενος οὖν ὁ Νικίας ἤδη καὶ παραφυλαττόμενον ἀδήλως ἑαυτόν, ἐξέφερεν ἐν φανερῷ λόγους περὶ τῶν Ματέρων ἀνεπιτηδείους, καὶ πολλὰ πρὸς τὴν νομιζομένην ἐπιφάνειαν καὶ δόξαν ὡς ἐπιστῶν καὶ καταφρονῶν ἔπραττεν, ἡδομένων τῶν ἐχθρῶν ὅτι τὴν μεγίστην αἰτίαν αὐτὸς ἐφ᾽ ἑαυτὸν ὧν πείσεται παρεῖχε.

[8] γεγονότων δὲ τῶν πρὸς τὴν σύλληψιν ἑτοίμων, ἦν μὲν ἐκκλησία τῶν πολιτῶν, ὁ δὲ Νικίας μεταξύ τι λέγων καὶ συμβουλεύων πρὸς τὸν δῆμον, ἐξαίφνης ἀφῆκεν εἰς τὴν γῆν τὸ σῶμα, καὶ μικρὸν διαλιπών, οἷον εἰκὸς ἡσυχίας σὺν ἐκπλήξει γενομένης, τὴν κεφαλὴν ἐπάρας καὶ περιενεγκὼν ὑποτρόμῳ φωνῇ καὶ βαρείᾳ, κατὰ μικρὸν συντείνων καὶ παροξύνων τὸν ἦχον, ὡς ἑώρα φρίκῃ καὶ σιωπῇ κατεχόμενον τὸ θέατρον, ἀπορρίψας τὸ ἱμάτιον καὶ περιρρηξάμενος τὸν χιτωνίσκον, ἡμίγυμνος ἀναπηδήσας ἔθεε πρὸς τὴν ἔξοδον τοῦ θεάτρου, βοῶν ὑπὸ τῶν Ματέρων [9] ἐλαύνεσθαι, ‹καὶ› μηδενὸς τολμῶντος ἅψασθαι μηδ’ ἀπαντῆσαι διὰ δεισιδαιμονίαν, ἀλλ’ ἐκτρεπομένων, ἐπὶ τὰς πύλας ἐξέδραμεν, οὔτε φωνῆς τινος οὔτε κινήσεως πρεπούσης [10] δαιμονῶντι καὶ παραφρονοῦντι φεισάμενος. ἡ δὲ γυνὴ συνειδυῖα καὶ συντεχνάζουσα τῷ ἀνδρί, λαβοῦσα τὰ παιδία πρῶτον μὲν ἱκέτις προσεκυλινδεῖτο τοῖς μεγάροις τῶν θεῶν, ἔπειτα πλανώμενον ἐκεῖνον προσποιουμένη ζητεῖν, κωλύοντος οὐδενὸς ἀσφαλῶς ἀπῆλθεν ἐκ τῆς πόλεως, καὶ διεσώθησαν μὲν οὕτως εἰς Συρακούσας [11] πρὸς Μάρκελλον· ἐπεὶ δὲ πολλὰ τοὺς Ἐγγυΐνους ὑβρίσαντας καὶ πλημμελήσαντας ἐλθὼν Μάρκελλος ἔδησε πάντας ὡς τιμωρησόμενος, ὁ δὲ Νικίας ἐδάκρυσε παρεστώς, τέλος δὲ χειρῶν καὶ γονάτων ἁπτόμενος παρῃτεῖτο τοὺς πολίτας, ἀπὸ τῶν ἐχθρῶν ἀρξάμενος, ἐπικλασθεὶς ἀφῆκε πάντας καὶ τὴν πόλιν οὐδὲν ἠδίκησε, τῷ δὲ Νικίᾳ χώραν τε πολλὴν καὶ δωρεὰς πολλὰς ἔδωκε. ταῦτα μὲν οὖν Ποσειδώνιος ὁ φιλόσοφος (FGrH 87 F 43) ἱστόρησε.

[21] [1] Τὸν δὲ Μάρκελλον ἀνακαλουμένων τῶν Ῥωμαίων ἐπὶ τὸν ἐγχώριον καὶ σύνοικον πόλεμον, ἐπανερχόμενος τὰ πλεῖστα καὶ κάλλιστα τῶν ἐν Συρακούσαις ἐκίνησεν ἀναθημάτων, ὡς αὐτῷ τε πρὸς τὸν θρίαμβον ὄψις εἴη καὶ [2] τῇ πόλει κόσμος. οὐδὲν γὰρ εἶχεν οὐδ’ ἐγίνωσκε πρότερον τῶν κομψῶν καὶ περιττῶν, οὐδ’ ἦν ἐν αὐτῇ τὸ χάριεν τοῦτο καὶ γλαφυρὸν ἀγαπώμενον, ὅπλων δὲ βαρβαρικῶν καὶ λαφύρων ἐναίμων ἀνάπλεως οὖσα, καὶ περιεστεφανωμένη θριάμβων ὑπομνήμασι καὶ τροπαίοις, οὐχ ἱλαρὸν οὐδ’ [3] ἄφοβον οὐδὲ δειλῶν ἦν θέαμα καὶ τρυφώντων θεατῶν· ἀλλ’ ὥσπερ Ἐπαμεινώνδας τὸ Βοιώτιον πεδίον Ἄρεως ὀρχήστραν, Ξενοφῶν (hell. 3, 4, 17) δὲ τὴν Ἔφεσον πολέμου ἐργαστήριον, οὕτως ἄν μοι δοκεῖ τις τότε τὴν Ῥώμην κατὰ Πίνδαρον (Pyth. 2, 1) βαθυπολέμου τέμενος Ἄρεως προσειπεῖν.

[4] διὸ καὶ μᾶλλον εὐδοκίμησε παρὰ μὲν τῷ δήμῳ Μάρκελλος, ἡδονὴν ἐχούσαις καὶ χάριν Ἑλληνικὴν καὶ πιθανότητα διαποικίλας ὄψεσι τὴν πόλιν, παρὰ δὲ τοῖς πρεσβυτέροις [5] Φάβιος Μάξιμος. οὐδὲν γὰρ ἐκίνησε τοιοῦτον οὐδὲ μετήνεγκεν ἐκ τῆς Ταραντίνων πόλεως ἁλούσης, ἀλλὰ τὰ μὲν ἄλλα χρήματα καὶ τὸν πλοῦτον ἐξεφόρησε, τὰ δ’ ἀγάλματα μένειν εἴασεν, ἐπειπὼν

τὸ μνημονευόμενον· ἀπολείπωμεν γὰρ ἔφη τοὺς θεοὺς τούτους τοῖς Ταραντίνοις κεχολωμένους.

[6] Μάρκελλον δ’ ᾐτιῶντο, πρῶτον μὲν ὡς ἐπίφθονον ποιοῦντα τὴν πόλιν, οὐ μόνον ἀνθρώπων, ἀλλὰ καὶ θεῶν οἷον αἰχμαλώτων ἀγομένων ἐν αὐτῇ καὶ πομπευομένων, ἔπειθ’ ὅτι τὸν δῆμον εἰθισμένον πολεμεῖν ἢ γεωργεῖν, τρυφῆς δὲ καὶ ῥαθυμίας ἄπειρον ὄντα καὶ κατὰ τὸν Εὐριπίδειον Ἡρακλέα (fg. 473 N.[2])

φαῦλον, ἄκομψον, τὰ μέγιστ’ [τε] ἀγαθόν,

σχολῆς ἐνέπλησε καὶ λαλιᾶς, περὶ τεχνῶν καὶ τεχνιτῶν ἀστεϊζόμενον καὶ διατρίβοντα πρὸς τούτῳ πολὺ μέρος [7] τῆς ἡμέρας. οὐ μὴν ἀλλὰ τούτοις ἐσεμνύνετο καὶ πρὸς τοὺς Ἕλληνας, ὡς τὰ καλὰ καὶ θαυμαστὰ τῆς Ἑλλάδος οὐκ ἐπισταμένους τιμᾶν καὶ θαυμάζειν Ῥωμαίους διδάξας.

[22] [1] Ἐνισταμένων δὲ τῶν ἐχθρῶν τῷ Μαρκέλλῳ πρὸς τὸν θρίαμβον, ἐπεὶ καὶ πράξεις τινὲς ὑπολιπεῖς ἦσαν ἔτι περὶ Σικελίαν καὶ φθόνον εἶχεν ὁ τρίτος θρίαμβος, συνεχώρησεν αὐτοῖς τὸν μὲν ἐντελῆ καὶ μέγαν εἰς τὸ Ἀλβανὸν ὄρος ἐξελάσαι, τὸν δ’ ἐλάττω καταγαγεῖν εἰς τὴν πόλιν, ὃν εὔαν Ἕλληνες, ὄβαν δὲ Ῥωμαῖοι καλοῦσι.

[2] πέμπει δ’ αὐτὸν οὐκ ἐπὶ τοῦ τεθρίππου βεβηκὼς οὐδὲ δάφνης ἔχων στέφανον οὐδὲ περισαλπιζόμενος, ἀλλὰ πεζὸς ἐν βλαύταις ὑπ’ αὐλητῶν μάλα πολλῶν, καὶ μυρρίνης στέφανον ἐπικείμενος, ὡς ἀπόλεμος καὶ ἡδὺς ὀφθῆναι [3] μᾶλλον ἢ καταπληκτικός. ὃ καὶ μέγιστον ἐμοὶ τεκμήριόν ἐστι τοῦ τρόπῳ πράξεως, ἀλλὰ μὴ μεγέθει, διωρίσθαι [4] τοὺς θριάμβους τὸ παλαιόν. οἱ μὲν γὰρ μετὰ μάχης καὶ φόνου τῶν πολεμίων ἐπικρατήσαντες τὸν Ἀρήϊον ἐκεῖνον ὡς ἔοικε καὶ φοβερὸν εἰσῆγον, ὥσπερ ἐν τοῖς καθαρμοῖς τῶν στρατοπέδων εἰώθεσαν, δάφνῃ [5] πολλῇ καταστέψαντες τὰ ὅπλα καὶ τοὺς ἄνδρας· τοῖς δὲ πολέμου μὲν μὴ δεηθεῖσι στρατηγοῖς, ὁμιλίᾳ δὲ καὶ πειθοῖ καὶ διὰ λόγου πάντα θεμένοις καλῶς οἷον ἐπιπαιανίσαι τὴν ἀπόλεμον ταύτην καὶ πανηγυρικὴν ἀπεδίδου [6] πομπὴν ὁ νόμος. καὶ γὰρ ὁ αὐλὸς εἰρήνης μέρος, καὶ τὸ μύρτον Ἀφροδίτης φυτόν, ἣ μάλιστα θεῶν ἀπέχθεται [7] βίᾳ καὶ πολέμοις. ὄβας δ’ οὐ παρὰ τὸν εὐασμόν, ὡς οἱ πολλοὶ νομίζουσιν, ὁ θρίαμβος οὗτος ὀνομάζεται (καὶ γὰρ κἀκεῖνον [ἐφ] εὐάζοντες καὶ ᾄδοντες παραπέμπουσιν), ἀλλ’ ὑφ’ Ἑλλήνων εἰς τὸ σύνηθες αὐτοῖς παρῆκται τοὔνομα, πεπεισμένων ἅμα καὶ Διονύσῳ τι τῆς τιμῆς προσήκειν, [8] ὃν Εὔϊον καὶ Θρίαμβον ὀνομάζομεν. οὐχ οὕτω δ’ ἔχει τὸ ἀληθές, ἀλλ’ ἐπὶ μὲν τῷ μεγάλῳ θριάμβῳ βουθυτεῖν πάτριον ἦν τοῖς στρατηγοῖς, ἐπὶ δὲ τούτῳ πρόβατον ἔθυον· ὄβα δὲ τὰ πρόβατα Ῥωμαῖοι καλοῦσιν· ἐκ τούτου [9] καὶ τὸν θρίαμβον ὄβαν ὠνόμασαν. ἄξιον δὲ καὶ τὸν Λακωνικὸν ἀποθεωρῆσαι

νομοθέτην, ὑπεναντίως ‹τῷ› Ῥωμαϊκῷ τάξαντα τὰς θυσίας· θύει γὰρ ἐν Σπάρτῃ τῶν ἀποστρατήγων ὁ μὲν δι' ἀπάτης ἢ πειθοῦς ὃ βούλεται διαπραξάμενος [10] βοῦν, ὁ δὲ διὰ μάχης ἀλεκτρυόνα. καίπερ γὰρ ὄντες πολεμικώτατοι, μείζονα καὶ μᾶλλον ἀνθρώπῳ πρέπουσαν ἡγοῦντο τὴν διὰ λόγου καὶ συνέσεως πρᾶξιν ἢ τὴν μετὰ βίας καὶ ἀνδρείας. ταῦτα μὲν οὖν ὅπως ἔχει σκοπεῖν πάρεστι.

[23] [1] Τοῦ δὲ Μαρκέλλου τὸ τέταρτον ὑπατεύοντος, οἱ ἐχθροὶ τοὺς Συρακοσίους ἀνέπεισαν εἰς Ῥώμην ἀφικομένους κατηγορεῖν καὶ καταβοᾶν πρὸς τὴν σύγκλητον [2] ὡς δεινὰ καὶ παράσπονδα πεπονθότας. ἔτυχε μὲν οὖν ἐν Καπιτωλίῳ θυσίαν τινὰ συντελῶν ὁ Μάρκελλος· ἔτι δὲ συγκαθεζομένῃ τῇ γερουσίᾳ τῶν Συρακοσίων προσπεσόντων καὶ δεομένων λόγου τυχεῖν καὶ δίκης, ὁ μὲν συνάρχων ἐξεῖργεν αὐτούς, ἀγανακτῶν ὑπὲρ τοῦ Μαρκέλλου μὴ παρόντος, ὁ δὲ Μάρκελλος εὐθὺς ἧκεν ἀκούσας.

[3] καὶ πρῶτον μὲν ἐπὶ τοῦ δίφρου καθίσας ὡς ὕπατος ἐχρημάτιζεν, ἔπειτα τῶν ἄλλων τέλος ἐχόντων, καταβὰς ἀπὸ τοῦ δίφρου καὶ καταστὰς ὥσπερ ἰδιώτης εἰς τὸν τόπον ἐν ᾧ λέγειν εἰώθασιν οἱ κρινόμενοι, τοῖς Συρακοσίοις [4] ἐλέγχειν αὐτὸν παρεῖχεν. οἱ δὲ δεινῶς μὲν συνεταράχθησαν πρὸς τὸ ἀξίωμα καὶ τὸ πεποιθὸς τοῦ ἀνδρός, καὶ τὸ ἐν τοῖς ὅπλοις ἀνυπόστατον ἔτι μᾶλλον ἐν τῇ [5] περιπορφύρῳ φοβερὸν ἡγοῦντο καὶ δυσαντίβλεπτον. οὐ μὴν ἀλλὰ καὶ παραθαρρυνόντων αὐτοὺς τῶν διαφερομένων πρὸς τὸν Μάρκελλον, ἤρξαντο τῆς κατηγορίας καὶ διεξῆλθον ὀλοφυρμῷ τινι μεμειγμένην δικαιολογίαν, ἧς ἦν τὸ κεφάλαιον, ὅτι σύμμαχοι καὶ φίλοι Ῥωμαίοις ὄντες πεπόνθασιν ἃ πολλοῖς τῶν πολεμίων ἕτεροι στρατηγοὶ [6] μὴ παθεῖν ἐχαρίσαντο. πρὸς ταῦθ' ὁ Μάρκελλος ἔλεγεν, ὡς ἀντὶ πολλῶν ὧν δεδράκασι Ῥωμαίους κακῶς, οὐδὲν πεπόνθασι πλὴν ἃ πολέμῳ καὶ κατὰ κράτος ἁλόντας ἀνθρώπους [7] κωλῦσαι παθεῖν οὐ δυνατόν ἐστιν· οὕτω δ' ἁλῶναι δι' αὐτούς, πολλὰ προκαλουμένῳ πεισθῆναι μὴ ἐθελήσαντας· οὐ γὰρ ὑπὸ τῶν τυράννων πολεμῆσαι βιασθέντας, ἀλλὰ κἀκείνους ἐπὶ τῷ πολεμεῖν ἑλέσθαι [8] τυράννους. λεχθέντων δὲ τῶν λόγων, [καὶ] μεθισταμένοις ὥσπερ εἴωθεν ‹ἐκ› τῆς βουλῆς τοῖς Συρακοσίοις συνεξῆλθε Μάρκελλος, ἐπὶ τῷ συνάρχοντι ποιησάμενος τὴν σύγκλητον, καὶ πρὸ τῶν θυρῶν τοῦ βουλευτηρίου διέτριβεν, οὔτε φόβῳ διὰ τὴν δίκην οὔτε θυμῷ πρὸς τοὺς Συρακοσίους τοῦ συνήθους μεταβαλὼν καταστήματος, ἀλλὰ πρᾴως πάνυ καὶ κοσμίως τὸ τῆς δίκης τέλος ἐκδεχόμενος.

[9] ἐπεὶ δὲ διηνέχθησαν αἱ γνῶμαι καὶ νικῶν ἀπεδείχθη, προσπίπτουσιν αὐτῷ [οἱ] Συρακόσιοι, μετὰ δακρύων δεόμενοι τὴν ὀργὴν [τὴν] εἰς αὐτοὺς ἀφεῖναι τοὺς παρόντας, οἰκτῖραι δὲ τὴν ἄλλην πόλιν, μεμνημένην ὧν [10]

ἔτυχεν ἀεὶ καὶ χάριν ἔχουσαν. ἐπικλασθεὶς οὖν ὁ Μάρκελλος τούτοις τε διηλλάγη, καὶ τοῖς ἄλλοις Συρακοσίοις ἀεί τι πράττων ἀγαθὸν διετέλει, καὶ τὴν ἐλευθερίαν ἣν ἀπέδωκεν αὐτοῖς καὶ τοὺς νόμους καὶ τῶν κτημάτων τὰ [11] περιόντα βέβαια παρέσχεν ἡ σύγκλητος. ἀνθ' ὧν ἄλλας τε τιμὰς ὑπερφυεῖς ἔσχε παρ' αὐτοῖς, καὶ νόμον ἔθεντο τοιοῦτον, ὁπόταν ἐπιβῇ Σικελίας Μάρκελλος ἢ τῶν ἐκγόνων τις αὐτοῦ, στεφανηφορεῖν Συρακοσίους καὶ θύειν τοῖς θεοῖς.

[24] [1] Τοὐντεῦθεν ἤδη τρέπεται πρὸς Ἀννίβαν· καὶ τῶν ἄλλων ὑπάτων καὶ ἡγεμόνων σχεδὸν ἁπάντων μετὰ τὴν ἐν Κάνναις ‹ἀτυχίαν› ἑνὶ στρατηγήματι τῷ φυγομαχεῖν χρωμένων ἐπὶ τὸν ἄνδρα, παρατάττεσθαι δὲ καὶ συμπλέκεσθαι μηδενὸς τολμῶντος, αὐτὸς ἐπὶ τὴν ἐναντίαν ὥρμησεν [2] ὁδόν, οἰόμενος τῷ δοκοῦντι καταλύσειν Ἀννίβαν χρόνῳ πρότερον ἐκτριβεῖσαν ὑπ' ἐκείνου λήσεσθαι τὴν Ἰταλίαν, καὶ τὸν Φάβιον ἀεὶ τῆς ἀσφαλείας ἐχόμενον οὐ καλῶς ἐκείν‹ης› ἰᾶσθαι τὸ νόσημα, τῆς πατρίδος περιμένοντα τῇ ῥώμῃ μαραινομένῃ συναποσβῆναι τὸν πόλεμον, ὥσπερ ἰατρῶν τοὺς ἀτόλμους καὶ δειλοὺς πρὸς τὰ βοηθήματα, τῆς νόσου παρακμὴν ‹τὴν› τῆς δυνάμεως ἐξανάλωσιν [3] ἡγουμένους. πρῶτον μὲν οὖν [τὰς] Σαυνιτῶν τινας πόλεις ‹οὐ› μεγάλας ἀφεστώσας ἑλών, σῖτόν τε πολὺν ἀποκείμενον ἐν αὐταῖς καὶ χρήματα καὶ τοὺς φυλάσσοντας [4] Ἀννίβου στρατιώτας τρισχιλίους ὄντας ἔλαβεν· ἔπειτα τοῦ Ἀννίβου Φούλβιον Γναῖον ἀνθύπατον ἐν Ἀπουλίᾳ κατακτείναντος μὲν αὐτὸν σὺν ἕνδεκα χιλιάρχοις, κατακόψαντος δὲ τῆς στρατιᾶς τὸ πλεῖστον, ἔπεμψεν εἰς Ῥώμην γράμματα τοὺς πολίτας παρακαλῶν θαρρεῖν· αὐτὸς γὰρ ἤδη βαδίζειν [5] ὡς ἀφέλοιτο τὴν χαρὰν Ἀννίβου. καὶ ταῦτα μὲν ὁ Λίβιός φησιν (27, 2, 2) ἀναγνωσθέντα τὰ γράμματα μὴ τῆς λύπης ἀφελεῖν, ἀλλὰ τῷ φόβῳ προσθεῖναι, τῶν Ῥωμαίων μεῖζον ἡγουμένων τοῦ γεγονότος τὸ κινδυνευόμενον, ὅσῳ [6] Φουλβίου κρείττων ἦν Μάρκελλος· ὁ δ' ὥσπερ ἔγραψεν εὐθὺς Ἀννίβαν διώκων εἰς τὴν Λευκανίαν ἐνέβαλε, καὶ περὶ πόλιν Νομίστρωνα καθήμενον ὑπὲρ λόφων ὀχυρῶν καταλαβών, αὐτὸς ἐν τῷ πεδίῳ κατεστρατοπέδευσε.

[7] τῇ δ' ὑστεραίᾳ πρότερος εἰς μάχην παρατάξας τὸ στράτευμα, [καὶ] καταβάντος Ἀννίβου συνέβαλε μάχην κρίσιν οὐ λαβοῦσαν, ἰσχυρὰν δὲ καὶ μεγάλην γενομένην· ἀπὸ γὰρ ὥρας τρίτης συμπεσόντες, ἤδη σκότους μόλις διελύθησαν.

[8] ἅμα δ' ἡμέρᾳ προαγαγὼν αὖθις τὸ στράτευμα παρέταξε διὰ τῶν νεκρῶν, καὶ προὐκαλεῖτο διαγωνίσασθαι [9] περὶ τῆς νίκης τὸν Ἀννίβαν. ἀναζεύξαντος δ' ἐκείνου, σκυλεύσας τοὺς πολεμίους νεκροὺς καὶ θάψας τοὺς

φίλους, ἐδίωκεν αὖθις, καὶ πολλὰς μὲν ὑφέντος ἐνέδρας, οὐδεμιᾷ περιπεσών, ἐν δὲ πᾶσι τοῖς ἀκροβολισμοῖς πλεῖον ἔχων, ἐθαυμάζετο.

[10] Διὸ καὶ τῶν ἀρχαιρεσίων ἐπειγόντων, ἔδοξε τῇ βουλῇ μᾶλλον ἐκ Σικελίας τὸν ἕτερον ἐπάγειν ὕπατον ἢ Μάρκελλον Ἀννίβᾳ συνηρτημένον κινεῖν, ἐλθόντα δ᾽ ἐκέλευεν [11] εἰπεῖν δικτάτορα Κόϊντον Φούλβιον. ὁ γὰρ δικτάτωρ οὐκ ἔστιν ὑπὸ τοῦ πλήθους οὐδὲ τῆς βουλῆς αἱρετός, ἀλλὰ τῶν ὑπάτων τις ἢ τῶν στρατηγῶν προελθὼν εἰς τὸν δῆμον ὃν [12] αὐτῷ δοκεῖ λέγει δικτάτορα. καὶ διὰ τοῦτο δικτάτωρ ὁ ῥηθεὶς καλεῖται· τὸ γὰρ λέγειν δίκερε Ῥωμαῖοι καλοῦσιν· ἔνιοι δέ ‹φασι› τὸν δικτάτορα τῷ μὴ προτιθέναι ψῆφον ἢ χειροτονίαν, ἀλλ᾽ ἀφ᾽ αὑτοῦ τὰ δόξαντα προστάττειν καὶ [13] λέγειν οὕτως ὠνομάσθαι· καὶ γὰρ τὰ διαγράμματα τῶν ἀρχόντων Ἕλληνες ‹μὲν› διατάγματα, Ῥωμαῖοι δ᾽ ἔδικτα προσαγορεύουσιν.

[25] [1] Ἐπεὶ δ᾽ ἐλθὼν ἀπὸ τῆς Σικελίας ὁ τοῦ Μαρκέλλου συνάρχων ἕτερον ἐβούλετο λέγειν δικτάτορα, καὶ βιασθῆναι παρὰ γνώμην μὴ βουλόμενος ἐξέπλευσε νυκτὸς εἰς Σικελίαν, οὕτως ὁ μὲν δῆμος ὠνόμασε δικτάτορα Κόϊντον Φούλβιον, ἡ βουλὴ δ᾽ ἔγραψε Μαρκέλλῳ κελεύουσα τοῦτον [2] ‹ἀν›ειπεῖν. ὁ δὲ πεισθεὶς ἀνεῖπε καὶ συνεπεκύρωσε τοῦ δήμου τὴν γνώμην, αὐτὸς δὲ πάλιν ἀνθύπατος εἰς τοὐπιὸν ἀπεδείχθη.

[3] Συνθέμενος δὲ πρὸς Φάβιον Μάξιμον, ὅπως ἐκεῖνος μὲν ἐπιχειρῇ Ταραντίνοις, αὐτὸς δὲ συμπλεκόμενος καὶ περιέλκων Ἀννίβαν ἐμποδὼν ᾖ τοῦ βοηθεῖν πρὸς ἐκεῖνον, ἐπέβαλε περὶ Κανύσιον, καὶ πολλὰς ἀλλάσσοντι στρατοπεδείας καὶ φυγομαχοῦντι πανταχόθεν ἐπεφαίνετο, τέλος δ᾽ ἱδρυνθέντα [4] προσκείμενος ἐξανίστη τοῖς ἀκροβολισμοῖς. ὁρμήσαντος δὲ μάχεσθαι δεξάμενος ὑπὸ νυκτὸς διελύθη· καὶ μεθ᾽ ἡμέραν αὖθις ἐν τοῖς ὅπλοις ἑωρᾶτο τὸν στρατὸν ἔχων παρατεταγμένον, ὥστε τὸν Ἀννίβαν περιαλγῆ γενόμενον τοὺς Καρχηδονίους ἀθροῖσαι καὶ δεηθῆναι τὴν μάχην ἐκείνην [5] ὑπὲρ πασῶν ἀγωνίσασθαι τῶν ἔμπροσθεν. ὁρᾶτε γὰρ εἶπεν ὡς οὐδ᾽ ἀναπνεῦσαι μετὰ νίκας τοσαύτας οὐδὲ σχολὴν ἄγειν κρατοῦσιν ἡμῖν ἔστιν, εἰ μὴ τοῦτον [6] ὠσαίμεθα τὸν ἄνθρωπον. ἐκ τούτου συμβαλόντες ἐμάχοντο, καὶ δοκεῖ παρὰ τὸ ἔργον ἀκαίρῳ στρατηγήματι [7] χρώμενος ὁ Μάρκελλος σφαλῆναι. τοῦ γὰρ δεξιοῦ πονοῦντος, ἐκέλευσεν ‹ἓν› τῶν ταγμάτων εἰς τοὔμπροσθεν προελθεῖν· ἡ δὲ μετακίνησις αὕτη ταράξασα τοὺς μαχομένους παρέδωκε τὸ νίκημα τοῖς πολεμίοις, ἑπτακοσίων [8] ἐπὶ δισχιλίοις Ῥωμαίων πεσόντων. ἀναχωρήσας δ᾽ ὁ Μάρκελλος εἰς τὸν χάρακα καὶ συναγαγὼν τὸν στρατόν, ὁρᾶν ἔφη Ῥωμαίων ὅπλα πολλὰ καὶ σώματα, Ῥωμαῖον [9] δὲ μηδέν᾽ ὁρᾶν. αἰτουμένων δὲ συγγνώμην, οὐκ ἔφη διδόναι νενικημένοις, ἐὰν δὲ νικήσωσι, δώσειν· αὔριον δὲ μαχεῖσθαι πάλιν, ὅπως οἱ πολῖται τὴν νίκην

πρότερον ἢ [10] τὴν φυγὴν ἀκούσωσι. διαλεχθεὶς δὲ ταῦτα, προσέταξε ταῖς ἡττημέναις σπείραις ἀντὶ πυρῶν κριθὰς μετρῆσαι. δι' ἃ πολλῶν ἀπὸ τῆς μάχης ἐπικινδύνως καὶ πονήρως ἐχόντων, οὐδένα φασὶν ὃν οἱ Μαρκέλλου λόγοι τῶν τραυμάτων οὐχὶ μᾶλλον ἤλγυναν.

[26] [1] Ἅμα δ' ἡμέρᾳ προὔκειτο μὲν ὁ φοινικοῦς χιτὼν ὡς εἴωθε μάχης ἐσομένης σύμβολον, αἱ δ' ἠτιμασμέναι σπεῖραι τὴν πρώτην αὐταὶ δεηθεῖσαι τάξιν ἐλάμβανον, τὴν δ' ἄλλην ἐξάγοντες οἱ χιλίαρχοι στρατιὰν [2] παρενέβαλλον. ἀκούσας δ' ὁ Ἀννίβας ὦ Ἡράκλεις εἶπε, τί χρήσεταί τις ἀνθρώπῳ μήτε τὴν χείρονα τύχην μήτε τὴν βελτίονα φέρειν εἰδότι; μόνος γὰρ οὗτος οὔτε νικῶν δίδωσιν ἀνάπαυσιν, οὔτε λαμβάνει νικώμενος, ἀλλ' ἀεὶ μαχησόμεθα πρὸς τοῦτον ὡς ἔοικεν, ᾧ τοῦ τολμᾶν ἀεὶ καὶ ‹τὸ› θαρρεῖν εὐτυχοῦντι καὶ σφαλλομένῳ τὸ [3] αἰδεῖσθαι πρόφασίς ἐστιν. ἐκ τούτου συνῄεσαν αἱ δυνάμεις, καὶ τῶν ἀνδρῶν ἴσα φερομένων, ἐκέλευσεν Ἀννίβας τὰ θηρία καταστήσαντας εἰς πρώτην τάξιν ἐπάγειν [4] τοῖς ὅπλοις τῶν Ῥωμαίων· ὠθισμοῦ δὲ μεγάλου καὶ ταραχῆς εὐθὺς ἐν τοῖς πρώτοις γενομένης, εἷς τῶν χιλιάρχων ὄνομα Φλάβιος ἀναρπάσας σημαίαν ὑπηντίαζε, καὶ τῷ στύρακι τὸν πρῶτον ἐλέφαντα τύπτων ἀπέστρεφεν· ὁ δ' ἐμβαλὼν εἰς τὸν ὀπίσω, συνετάραξε καὶ τοῦτον καὶ [5] τοὺς ἐπιφερομένους. κατιδὼν δὲ τοῦτο Μάρκελλος ἐκέλευσε τοὺς ἱππεῖς ἐλαύνειν ἀνὰ κράτος πρὸς τὸ θορυβούμενον καὶ ποιεῖν ἔτι μᾶλλον αὑτοῖς περιπετεῖς τοὺς [6] πολεμίους. οὗτοί τε δὴ λαμπρῶς ἐμβαλόντες ἀνέκοπτον ἄχρι τοῦ στρατοπέδου τοὺς Καρχηδονίους, καὶ τῶν θηρίων τὰ κτεινόμενα καὶ πίπτοντα τὸν πλεῖστον αὐτῶν [7] φόνον ἀπειργάζετο. λέγονται γὰρ ὑπὲρ ὀκτακισχιλίους ἀποθανεῖν· Ῥωμαίων δὲ νεκροὶ μὲν ἐγένοντο τρισχίλιοι, [8] τραυματίαι δ' ὀλίγου δεῖν ἅπαντες. καὶ τοῦτο παρέσχεν Ἀννίβᾳ καθ' ἡσυχίαν ἀναστάντι νυκτὸς ἆραι πορρωτάτω τοῦ Μαρκέλλου· διώκειν γὰρ οὐκ ἦν δυνατὸς ὑπὸ πλήθους τῶν τετρωμένων, ἀλλὰ κατὰ σχολὴν εἰς Καμπανίαν ἀνέζευξε, καὶ τὸ θέρος ἐν Σινοέσσῃ διῆγεν, ἀναλαμβάνων τοὺς στρατιώτας.

[27] [1] Ὁ δ' Ἀννίβας ὡς ἀπέρρηξεν ἑαυτὸν τοῦ Μαρκέλλου, χρώμενος ὥσπερ λελυμένῳ τῷ στρατεύματι πᾶσαν ἀδεῶς ἐν κύκλῳ περιϊὼν ἔφλεγε τὴν Ἰταλίαν, καὶ κακῶς [2] ἤκουσεν ἐν Ῥώμῃ Μάρκελλος. οἱ δ' ἐχθροὶ Πουβλίκιον Βίβλον ἕνα τῶν δημάρχων ἀνέστησαν ἐπὶ τὴν κατηγορίαν [3] αὐτοῦ, δεινὸν εἰπεῖν ἄνδρα καὶ βίαιον· ὃς πολλάκις συναγαγὼν τὸν δῆμον ἔπειθεν ἄλλῳ παραδοῦναι στρατηγῷ τὴν δύναμιν· ἐπεὶ Μάρκελλος ἔφη μικρὰ τῷ πολέμῳ προγεγυμνασμένος, ὥσπερ ἐκ παλαίστρας ἐπὶ θερμὰ [4] λουτρὰ θεραπεύσων ἑαυτὸν τέτραπται. ταῦτα πυνθανόμενος ὁ Μάρκελλος, ἐπὶ μὲν τοῦ στρατοπέδου τοὺς πρεσβευτὰς ἀπέλιπεν, αὐτὸς δὲ πρὸς τὰς διαβολὰς

[ἐπ]ἀπολογησόμενος [5] εἰς Ῥώμην ἐπανῆλθεν. ἐκ δὲ τῶν διαβολῶν ἐκείνων δίκην εὗρε παρεσκευασμένην ἐφ’ αὐτόν. ἡμέρας οὖν ὁρισθείσης, καὶ τοῦ δήμου συνελθόντος εἰς τὸν Φλαμίνιον ἱππόδρομον, ὁ μὲν Βίβλος ἀναβὰς κατηγόρησεν, ὁ δὲ Μάρκελλος ἀπελογεῖτο βραχέα μὲν καὶ ἁπλᾶ [6] δι’ ἑαυτοῦ, πολλὴν δὲ καὶ λαμπρὰν οἱ δοκιμώτατοι καὶ πρῶτοι τῶν πολιτῶν παρρησίαν ἦγον, παρακαλοῦντες μὴ χείρονας τοῦ πολεμίου κριτὰς φανῆναι, δειλίαν Μαρκέλλου καταψηφισαμένους, ὃν μόνον φεύγει τῶν ἡγεμόνων ἐκεῖνος καὶ διατελεῖ τούτῳ μὴ μάχεσθαι στρατηγῶν [7] ὡς τοῖς ἄλλοις μάχεσθαι. ῥηθέντων δὲ τῶν λόγων τούτων, τοσοῦτον ἡ τῆς δίκης ἐλπὶς ἐψεύσατο τὸν κατήγορον, ὥστε μὴ μόνον ἀφεθῆναι τῶν αἰτιῶν τὸν Μάρκελλον, ἀλλὰ καὶ τὸ πέμπτον ὕπατον ἀποδειχθῆναι.

[28] [1] Παραλαβὼν δὲ τὴν ἀρχήν, πρῶτον μὲν ἐν Τυρρηνίᾳ μέγα κίνημα πρὸς ἀπόστασιν ἔπαυσε καὶ κατεπράϋνεν, [2] ἐπελθὼν τὰς πόλεις· ἔπειτα ναὸν ἐκ τῶν Σικελικῶν λαφύρων ᾠκοδομημένον ὑπ’ αὐτοῦ Δόξης καὶ Ἀρετῆς καθιερῶσαι βουλόμενος, καὶ κωλυθεὶς ὑπὸ τῶν ἱερέων, οὐκ ἀξιούντων ἑνὶ ναῷ δύο θεοὺς περιέχεσθαι, πάλιν ἤρξατο προσοικοδομεῖν ἕτερον, οὐ ῥᾳδίως φέρων τὴν [3] γεγενημένην ἀντίκρουσιν, ἀλλ’ ὥσπερ οἰωνιζόμενος. καὶ γὰρ ἄλλα ‹τε› πολλὰ σημεῖα διετάραττεν αὐτόν, ἱερῶν τινων κεραυνώσεις, καὶ μύες τὸν ἐν Διὸς χρυσὸν διαφαγόντες· ἐλέχθη δὲ καὶ βοῦν ἀνθρώπου φωνὴν ἀφεῖναι, καὶ παιδίον ἔχ‹ον› κεφαλὴν ἐλέφαντος γενέσθαι, καὶ [περιγενέσθαι] περὶ τὰς ἐκθύσεις καὶ ἀποτροπὰς δυσιεροῦντες οἱ μάντεις κατεῖχον αὐτὸν ἐν Ῥώμῃ σπαργῶντα [4] καὶ φλεγόμενον. οὐδεὶς γὰρ ἔρωτα τοσοῦτον ἠράσθη πράγματος οὐδενός, ὅσον οὗτος ὁ ἀνὴρ τοῦ μάχῃ κριθῆναι [5] πρὸς Ἀννίβαν. τοῦτο καὶ νύκτωρ ὄνειρον ἦν αὐτῷ, καὶ μετὰ φίλων καὶ συναρχόντων ἓν βούλευμα καὶ μία πρὸς [6] θεοὺς φωνή, παραταττόμενον Ἀννίβαν λαβεῖν. ἥδιστα δ’ ἄν μοι δοκεῖ τείχους ἐντὸς ἤ τινος χάρακος ἀμφοτέροις τοῖς στρατεύμασι περιτεθέντος διαγωνίσασθαι, καὶ εἰ μὴ πολλῆς μὲν ἤδη μεστὸς ὑπῆρχε δόξης, πολλὴν δὲ πεῖραν παρεσχήκει τοῦ παρ’ ὁντινοῦν τῶν στρατηγῶν ἐμβριθὴς γεγονέναι καὶ φρόνιμος, κἂν εἶπον, ὅτι μειρακιῶδες αὐτῷ προσπεπτώκει καὶ φιλοτιμότερον πάθος ἢ κατὰ πρεσβύτην τοσοῦτον· ὑπὲρ γὰρ ἑξήκοντα γεγονὼς ἔτη τὸ πέμπτον ὑπάτευεν.

[29] [1] Οὐ μὴν ἀλλὰ θυσιῶν καὶ καθαρμῶν ὧν ὑπηγόρευον οἱ μάντεις γενομένων, ἐξῆλθε μετὰ τοῦ συνάρχοντος ἐπὶ τὸν πόλεμον, καὶ πολλὰ μεταξὺ Βαντίας πόλεως καὶ [2] Βενυσίας καθήμενον ἠρέθιζε τὸν Ἀννίβαν. ὁ δ’ εἰς μάχην μὲν οὐ κατέβαινεν, αἰσθόμενος δὲ πεμπομένην ὑπ’ αὐτῶν στρατιὰν ἐπὶ Λοκροὺς τοὺς Ἐπιζεφυρίους, κατὰ τὸν περὶ Πετηλίαν λόφον ὑφεὶς ἐνέδρας πεντακοσίους καὶ δισχιλίους [3] ἀπέκτεινε. τοῦτο Μάρκελλον ἐξέφερε τῷ

θυμῷ πρὸς [4] τὴν μάχην, καὶ προσῆγεν ἄρας ἐγγυτέρω τὴν δύναμιν. ἦν δὲ μεταξὺ τῶν στρατοπέδων λόφος ἐπιεικῶς μὲν εὐερκής, ὕλης δὲ παντοδαπῆς ἀνάπλεως· εἶχε δὲ καὶ σκοπὰς περικλινεῖς ἐπ' ἀμφότερα, καὶ ναμάτων ὑπεφαίνοντο πηγαὶ [5] καταρρεόντων. ἐθαύμαζον οὖν οἱ Ῥωμαῖοι ‹τὸν› Ἀννίβαν, ὅτι πρῶτος ἐλθὼν εὐφυᾶ τόπον οὕτως οὐ κατέσχεν, ἀλλ' [6] ἀπέλιπε τοῖς πολεμίοις. τῷ δ' ἄρα καλὸν μὲν [τῷ] στρατοπεδεῦσαι τὸ χωρίον ἐφαίνετο, πολὺ δὲ κρεῖττον ἐνεδρεῦσαι, καὶ πρὸς τοῦτο μᾶλλον αὐτῷ χρῆσθαι βουλόμενος, ἐνέπλησε τὴν ὕλην καὶ τὰς κοιλάδας ἀκοντιστῶν τε πολλῶν καὶ λογχοφόρων, πεπεισμένος ἐπάξεσθαι δι' εὐφυΐαν [7] αὐτὰ τὰ χωρία τοὺς Ῥωμαίους. οὐδ' ἀπεψεύσθη τῆς ἐλπίδος· εὐθὺς γὰρ ἦν πολὺς ἐν τῷ στρατοπέδῳ τῶν Ῥωμαίων λόγος, ὡς χρὴ τὸ χωρίον καταλαμβάνειν, καὶ διεστρατήγουν ὅσα πλεονεκτήσουσι τοὺς πολεμίους, μάλιστα μὲν ἐκεῖ στρατοπεδεύσαντες, εἰ δὲ μή, τειχίσαντες τὸν [8] λόφον. ἔδοξεν οὖν τῷ Μαρκέλλῳ μετ' ὀλίγων ἱπποτῶν ἐπελάσαντι κατασκέψασθαι, καὶ λαβὼν τὸν μάντιν ἐθύετο· καὶ τοῦ πρώτου πεσόντος ἱερείου, δείκνυσιν αὐτῷ [9] τὸ ἧπαρ οὐκ ἔχον κεφαλὴν ὁ μάντις· ἐπιθυσαμένου δὲ τὸ δεύτερον, ἥ τε κεφαλὴ μέγεθος ὑπερφυὴς ἀνέσχε, καὶ τἆλλα φαιδρὰ θαυμαστῶς διεφάνη, καὶ λύσιν ἔχειν ὁ τῶν [10] πρώτων φόβος ἔδοξεν. οἱ δὲ μάντεις ταῦτα μᾶλλον ἔφασαν δεδιέναι καὶ ταράττεσθαι· λαμπροτάτων γὰρ ἐπ' αἰσχίστοις καὶ σκυθρωποτάτοις ἱεροῖς γενομένων, ὕποπτον [11] εἶναι τῆς μεταβολῆς τὴν ἀτοπίαν. ἀλλὰ γὰρ

τὸ πεπρωμένον οὐ πῦρ οὐ σιδαροῦν σχήσει τεῖχος,

κατὰ Πίνδαρον (fg. 232 Sn.), ἐξῄει τόν τε συνάρχοντα Κρισπῖνον παραλαβὼν καὶ τὸν υἱὸν χιλιαρχοῦντα καὶ τοὺς σύμπαντας [12] ἱππεῖς εἴκοσι καὶ διακοσίους, ὧν Ῥωμαῖος οὐδεὶς ἦν, ἀλλ' οἱ μὲν ἄλλοι Τυρρηνοί, τεσσαράκοντα δὲ Φρεγελλανοί, πεῖραν ἀρετῆς καὶ πίστεως ἀεὶ τῷ Μαρκέλλῳ δεδωκότες.

[13] ὑλώδους δὲ τοῦ λόφου καὶ συνηρεφοῦς ὄντος, ἀνὴρ καθήμενος ἄνω σκοπὴν εἶχε τοῖς πολεμίοις, αὐτὸς οὐ συνορώμενος, καθορῶν δὲ τῶν Ῥωμαίων τὸ στρατόπεδον [14] καὶ τὰ γινόμενα. τούτου φράσαντος τοῖς λοχῶσι, προσελαύνοντα τὸν Μάρκελλον ἐάσαντες ἐγγὺς προσ[εξ]ελθεῖν, ἐξαίφνης ἀνέστησαν, καὶ περιχυθέντες ἅμα πανταχόθεν ἠκόντιζον, ἔπαιον, ἐδίωκον τοὺς φεύγοντας, συνεπλέκοντο [15] τοῖς ὑφισταμένοις. οὗτοι δ' ἦσαν οἱ τεσσαράκοντα Φρεγελλανοί, καὶ τῶν Τυρρηνῶν εὐθὺς ἐν ἀρχῇ διατρεσάντων, αὐτοὶ συστραφέντες ἠμύνοντο πρὸ τῶν ὑπάτων, ἄχρι οὗ Κρισπῖνος μὲν ἀκοντίσμασι δυσὶ βεβλημένος ἐπέστρεψεν εἰς φυγὴν τὸν ἵππον, Μάρκελλον δέ τις λόγχῃ πλατείᾳ διὰ τῶν πλευρῶν διήλασεν, ἣν

λαγκίαν [16] καλοῦσιν. οὕτω δὲ καὶ τῶν Φρεγελλανῶν οἱ περιόντες ὀλίγοι παντάπασιν αὐτὸν μὲν πεσόντα λείπουσι, τὸν δ’ υἱὸν ἁρπάσαντες τετρωμένον φεύγουσιν ἐπὶ τὸ στρατόπεδον.

[17] ἐγένοντο δὲ νεκροὶ μὲν οὐ πολλῷ τῶν τεσσαράκοντα πλείους, αἰχμάλωτοι δὲ τῶν μὲν ῥαβδούχων πέντε, [18] τῶν δ’ ἱππέων εἴκοσι δυεῖν δέοντες. ἐτελεύτησε δὲ καὶ Κρισπῖνος ἐκ τῶν τραυμάτων, οὐ πολλὰς ἡμέρας ἐπιβιώσας, καὶ πάθος τοῦτο Ῥωμαίοις συνέπεσε πρότερον οὐ γεγονός, ἀμφοτέρους ἐξ ἑνὸς ἀγῶνος τοὺς ὑπάτους ἀποθανεῖν.

[30] [1] Ἀννίβᾳ δὲ τῶν μὲν ἄλλων ἐλάχιστος ἦν λόγος, Μάρκελλον δὲ πεπτωκέναι πυθόμενος, αὐτὸς ἐξέδραμεν ἐπὶ τὸν τόπον, καὶ τῷ νεκρῷ παραστάς, καὶ πολὺν χρόνον τήν τε ῥώμην τοῦ σώματος καταμαθὼν καὶ τὸ εἶδος, οὔτε φωνὴν ἀφῆκεν ὑπερήφανον, οὔτ’ ἀπ’ ὄψεως τὸ χαῖρον, ὡς ἄν τις ἐργώδη πολέμιον καὶ βαρὺν ἀπεκτονώς, ἐξέφηνεν, [2] ἀλλ’ ἐπιθαυμάσας τὸ παράλογον τῆς τελευτῆς, τὸν μὲν δακτύλιον ἀφείλετο, τὸ δὲ σῶμα κοσμήσας πρέποντι κόσμῳ καὶ περιστείλας ἐντίμως ἔκαυσε, καὶ τὰ λείψανα συνθεὶς εἰς κάλπιν ἀργυρᾶν καὶ χρυσοῦν ἐμβαλὼν στέφανον, [3] ἀπέστειλε πρὸς τὸν υἱόν. τῶν δὲ Νομάδων τινὲς περιτυχόντες τοῖς κομίζουσιν ὥρμησαν ἀφαιρεῖσθαι τὸ τεῦχος, ἀντιλαμβανομένων δ’ ἐκείνων ἐκβιαζόμενοι καὶ [4] μαχόμενοι, διέρριψαν τὰ ὀστᾶ. πυθόμενος δ’ Ἀννίβας καὶ πρὸς τοὺς παρόντας εἰπὼν οὐδὲν ἄρα δυνατὸν γενέσθαι ἄκοντος θεοῦ, τοῖς μὲν Νομάσιν ἐπέθηκε δίκην, οὐκέτι δὲ κομιδῆς ἢ συλλογῆς τῶν λειψάνων ἐφρόντισεν, ὡς δὴ κατὰ θεόν τινα καὶ τῆς τελευτῆς καὶ τῆς ἀταφίας [5] παραλόγως οὕτω τῷ Μαρκέλλῳ γενομένης. ταῦτα μὲν οὖν οἱ περὶ Κορνήλιον Νέπωτα (HRR II 35) καὶ Οὐαλέριον Μάξιμον ἱστορήκασι· Λίβιος δὲ καὶ Καῖσαρ ὁ Σεβαστὸς (ORF Meyer 521) κομισθῆναι τὴν ὑδρίαν πρὸς τὸν υἱὸν εἰρήκασι καὶ ταφῆναι λαμπρῶς.

[6] Ἦν δ’ ἀναθήμα‹τα› Μαρκέλλου δίχα τῶν ἐν Ῥώμῃ γυμνάσιον μὲν ἐν Κατάνῃ τῆς Σικελίας, ἀνδριάντες δὲ καὶ πίνακες τῶν ἐκ Συρακουσῶν ἔν τε Σαμοθρᾴκῃ παρὰ τοῖς θεοῖς οὓς Καβείρους ὠνόμαζον, καὶ περὶ Λίνδον ἐν τῷ [7] ἱερῷ τῆς Ἀθηνᾶς. ἐκεῖ δ’ αὐτοῦ τῷ ἀνδριάντι τοῦτ’ ἦν ἐπιγεγραμμένον, ὡς Ποσειδώνιός φησι (FGrH 87 F 44), τὸ ἐπίγραμμα (168 Preger)·

[8] Οὗτός τοι Ῥώμης ὁ μέγας ξένε πατρίδος ἀστός,
Μάρκελλος κλεινῶν Κλαύδιος ἐκ πατέρων,
ἑπτάκι τὰν ὑπάταν ἀρχὰν ἐν Ἄρηϊ φυλάξας,
ᾧ πολὺν ἀντιπάλων ἐγκατέχευε φόνον.

[9] τὴν γὰρ ἀνθύπατον ἀρχήν, ἣν δὶς ἦρξε, ταῖς πέντε προσκατηρίθμησεν ὑπατείαις ὁ τὸ ἐπίγραμμα ποιήσας.

[10] Γένος δ’ αὐτοῦ λαμπρὸν ἄχρι Μαρκέλλου τοῦ Καίσαρος ἀδελφιδοῦ διέτεινεν, ὃς Ὀκταβίας ἦν τῆς Καίσαρος ἀδελφῆς υἱὸς ἐκ Γαΐου Μαρκέλλου γεγονώς, ἀγορανομῶν δὲ Ῥωμαίων ἐτελεύτησε νυμφίος, Καίσαρος θυγατρὶ χρόνον [11] οὐ πολὺν συνοικήσας. εἰς δὲ τιμὴν αὐτοῦ καὶ μνήμην Ὀκταβία μὲν ἡ μήτηρ τὴν βιβλιοθήκην ἀνέθηκε, Καῖσαρ δὲ θέατρον ἐπιγράψας Μαρκέλλου.

Comparison Pelopidae et Marcelli

[1] [1] Ὅσα μὲν οὖν ἔδοξεν ἡμῖν ἀναγραφῆς ἄξια τῶν ἱστορημένων περὶ Μαρκέλλου καὶ Πελοπίδου, ταῦτ᾽ ἔστι.

[2] τῶν δὲ κατὰ τὰς φύσεις καὶ τὰ ἤθη κοινοτήτων ὥσπερ ἐφαμίλλων οὐσῶν (καὶ γὰρ ἀνδρεῖοι καὶ φιλόπονοι καὶ [3] θυμοειδεῖς καὶ μεγαλόφρονες ἀμφότεροι γεγόνασιν), ἐκεῖνο δόξειεν ἂν διαφορὰν ἔχειν μόνον, ὅτι Μάρκελλος μὲν ἐν πολλαῖς πόλεσιν ὑποχειρίοις γενομέναις σφαγὰς ἐποίησεν, Ἐπαμεινώνδας δὲ καὶ Πελοπίδας οὐδένα πώποτε κρατήσαντες ἀπέκτειναν, οὐδὲ πόλεις ἠνδραποδίσαντο· λέγονται δὲ Θηβαῖοι μηδ᾽ Ὀρχομενίους ἂν οὕτω μεταχειρίσασθαι [4] παρόντων ἐκείνων. ἐν δὲ ταῖς πράξεσι θαυμαστὰ μὲν καὶ μεγάλα τοῦ Μαρκέλλου τὰ πρὸς Κελτούς, ὠσαμένου τοσοῦτον πλῆθος ἱππέων ὁμοῦ καὶ πεζῶν ὀλίγοις τοῖς περὶ αὑτὸν ἱππεῦσιν, ὃ ῥᾳδίως ὑφ᾽ ἑτέρου στρατηγοῦ γεγονὸς [4] οὐχ ἱστόρηται, καὶ τὸν ἄρχοντα τῶν πολεμίων ἀνελόντος· [5] ἐν ᾧ τρόπῳ Πελοπίδας ἔπταισεν, ὁρμήσας ἐπὶ ταὐτά, προαναιρεθεὶς δ᾽ ὑπὸ τοῦ τυράννου καὶ παθὼν πρότερον [6] ἢ δράσας. οὐ μὴν ἀλλὰ τούτοις μὲν ἔστι παραβαλεῖν τὰ Λεῦκτρα καὶ ‹τὰς› Τεγύρας, ἐπιφανεστάτους καὶ μεγίστους ἀγώνων· κρυφαίῳ δὲ σὺν δόλῳ κατωρθωμένην πρᾶξιν οὐκ ἔχομεν τοῦ Μαρκέλλου παραβαλεῖν, οἷς Πελοπίδας περὶ τὴν ἐκ φυγῆς κάθοδον καὶ ἀναίρεσιν τῶν ἐν Θήβαις τυράννων ἔπραξεν, ἀλλ᾽ ἐκεῖνο πολὺ πάντων ἔοικε πρωτεύειν τῶν ὑπὸ σκότῳ καὶ δι᾽ ἀπάτης γεγενημένων τὸ [7] ἔργον. ‹καὶ› Ἀννίβας φοβερὸς μὲν καὶ δεινὸς ἐνέκειτο ‹Ῥωμαίοις›, ὥσπερ ἀμέλει Λακεδαιμόνιοι τότε Θηβαίοις· ἐνδοῦναι μέντοι τούτους Πελοπίδᾳ καὶ περὶ Τεγύρας καὶ περὶ Λεῦκτρα βέβαιόν ἐστιν, Ἀννίβαν δὲ Μάρκελλος, ὡς μὲν οἱ περὶ Πολύβιον λέγουσιν (fg. 9), οὐδ᾽ ἅπαξ ἐνίκησεν, ἀλλ᾽ [8] ἀήττητος ἀνὴρ δοκεῖ διαγενέσθαι μέχρι Σκιπίωνος· ἡμεῖς δὲ Λιβίῳ ‹καὶ› Καίσαρι (ORF Meyer 521) καὶ Νέπωτι (HRR II 35) καὶ τῶν Ἑλληνικῶν Ἰόβᾳ τῷ βασιλεῖ (FGrH 275 F 25) πιστεύομεν ἥττας τινὰς καὶ τροπὰς ὑπὸ Μαρκέλλου [9] τῶν σὺν Ἀννίβᾳ γενέσθαι· μεγάλην δ᾽ αὗται ῥοπὴν οὐδεμίαν ἐποίησαν, ἀλλ᾽ ἔοικε ψευδό‹πτω›μά τι γενέσθαι περὶ [10] τὸν Λίβυν ἐν ταῖς συμπλοκαῖς ἐκείναις. ὃ δὴ κατὰ λόγον καὶ προσηκόντως ἐθαυμάσθη, μετὰ τοσαύτας τροπὰς στρατοπέδων καὶ φόνους στρατηγῶν καὶ σύγχυσιν ὅλης ὁμοῦ τῆς Ῥωμαίων ἡγεμονίας εἰς ἀντίπαλα τῷ θαρρεῖν καθισταμένων· [11] ὁ γὰρ ἐκ πολλοῦ τοῦ πάλαι περιδεοῦς καὶ καταπεπληγότος αὖθις ἐμβαλὼν τῷ στρατεύματι ζῆλον καὶ φιλονικίαν πρὸς τοὺς πολεμίους, καὶ τοῦτο δὴ τὸ μὴ ῥᾳδίως τῆς νίκης

ὑφιέμενον, ἀλλὰ καὶ ἀμφισβητοῦν τε καὶ φιλοτιμούμενον ἐπάρας καὶ θαρρύνας εἷς ἀνὴρ ἦν [12] Μάρκελλος· εἰθισμένους γὰρ ὑπὸ τῶν συμφορῶν, εἰ φεύγοντες ἐκφύγοιεν Ἀννίβαν ἀγαπᾶν, ἐδίδαξεν αἰσχύνεσθαι σῳζομένους μεθ' ἥττης, αἰδεῖσθαι δὲ παρὰ μικρὸν ἐνδόντας, ἀλγεῖν δὲ μὴ κρατήσαντας.

[2] [1] Ἐπεὶ τοίνυν Πελοπίδας μὲν οὐδεμίαν ἡττήθη μάχην στρατηγῶν, Μάρκελλος δὲ πλείστας τῶν καθ' αὐτὸν Ῥωμαίων ἐνίκησε, δόξειεν ἂν ἴσως τὸ δυσνίκητον πρὸς τὸ ἀήττητον ὑπὸ πλήθους τῶν κατωρθωμένων ἐπανισοῦσθαι. καὶ μὴν οὗτος μὲν εἷλε Συρακούσας, ἐκεῖνος [2] δὲ τῆς Λακεδαίμονος ἀπέτυχεν. ἀλλ' οἶμαι μεῖζον εἶναι τοῦ καταλαβεῖν Σικελίαν τὸ τῇ Σπάρτῃ προσελθεῖν καὶ διαβῆναι πρῶτον ἀνθρώπων πολέμῳ τὸν Εὐρώταν, εἰ μὴ νὴ Δία τοῦτο μὲν φήσει τις τὸ ἔργον Ἐπαμεινώνδᾳ μᾶλλον ἢ Πελοπίδᾳ προσήκειν, ὥσπερ καὶ τὰ Λεῦκτρα, τῶν δὲ Μαρκέλλῳ διαπεπραγμένων ἀκοινώνητον εἶναι τὴν [3] δόξαν. καὶ γὰρ Συρακούσας μόνος εἷλε, καὶ Κελτοὺς ἄνευ τοῦ συνάρχοντος ἐτρέψατο, καὶ πρὸς Ἀννίβαν μηδενὸς συλλαμβάνοντος, ἀλλὰ καὶ πάντων ἀποτρεπόντων, ἀντιταξάμενος καὶ μεταβαλὼν τὸ σχῆμα τοῦ πολέμου, πρῶτος ἡγεμὼν τοῦ τολμᾶν κατέστη.

[3] [1] Τὴν τοίνυν τελευτὴν ἐπαινῶ μὲν οὐδετέρου τῶν ἀνδρῶν, ἀλλ' ἀνιῶμαι καὶ ἀγανακτῶ τῷ παραλόγῳ [2] τοῦ συμπτώματος· καὶ θαυμάζω μὲν ἐν μάχαις τοσαύταις, ὅσαις ἀποκάμοι τις ἂν καταριθμῶν, μηδὲ τρωθέντα τὸν Ἀννίβαν, ἄγαμαι δὲ καὶ τὸν ἐν τῇ ‹τοῦ Κύρου› Παιδείᾳ (4, 1, 3) Χρυσάνταν, ὃς διηρμένος κοπίδα καὶ παίειν μέλλων πολέμιον, ὡς ὑπεσήμηνεν ἡ σάλπιγξ ἀνακλητικόν, ἀφεὶς [3] τὸν ἄνδρα μάλα πρᾴως καὶ κοσμίως ἀνεχώρησεν. οὐ μὴν ἀλλὰ τὸν Πελοπίδαν ποιεῖ συγγνωστὸν ἅμα τῷ τῆς μάχης καιρῷ περίθερμον ὄντα [καὶ] πρὸς τὴν ἄμυναν οὐκ ἀγεννῶς [4] ἐκφέρων ὁ θυμός· ἄριστον μὲν γὰρ νικῶντα σῴζεσθαι τὸν στρατηγόν, εἰ δέ,

θανεῖν εἰς ἀρετὴν καταλύσαντα τὸν βίον,

ὡς Εὐριπίδης (fg. 994 N.^{2}) φησίν· οὕτω γὰρ οὐ πάθος, ἀλλὰ [5] πρᾶξις γίνεται τοῦ τελευτῶντος ὁ θάνατος. πρὸς δὲ τῷ θυμῷ τοῦ Πελοπίδου καὶ τὸ τέλος αὐτὸ τὸ τῆς νίκης ἐν τῷ πεσεῖν τὸν τύραννον ὁρώμενον οὐ παντάπασιν ἀλόγως ἐπεσπάσατο τὴν ὁρμήν· χαλεπὸν γὰρ ἑτέρας οὕτω καλὴν καὶ λαμπρὰν [6] ἐχούσης ὑπόθεσιν ἀριστείας ἐπιλαβέσθαι. Μάρκελλος δὲ μήτε χρείας μεγάλης ἐπικειμένης, μήτε τοῦ παρὰ τὰ δεινὰ πολλάκις ἐξιστάντος τὸν λογισμὸν ἐνθουσιασμοῦ παρεστῶτος, ὠσάμενος ἀπερισκέπτως εἰς κίνδυνον, οὐ στρατηγοῦ πτῶμα, προδρόμου δέ τινος ἢ κατασκόπου πέπτωκεν, ὑπατείας πέντε καὶ τρεῖς θριάμβους καὶ σκῦλα καὶ τροπαιοφορίας ἀπὸ βασιλέων τοῖς προαποθνῄσκουσι [7] Καρχηδονίων Ἴβηρσι καὶ Νομάσιν ὑποβαλών. ὥστε νεμεσῆσαι ‹καὶ› αὐτοὺς ἐκείνους ἑαυτοῖς τοῦ κατορθώματος, ἄνδρα

Ῥωμαίων ἄριστον ἀρετῇ καὶ δυνάμει μέγιστον καὶ δόξῃ λαμπρότατον ἐν τοῖς Φρεγελλανῶν προδιερευνηταῖς [8] παραναλῶσθαι. χρὴ δὲ ταῦτα μὴ κατηγορίαν εἶναι τῶν ἀνδρῶν νομίζειν, ἀλλ’ ὡς ἀγανάκτησίν τινα καὶ παρρησίαν ὑπὲρ αὐτῶν ἐκείνων πρὸς αὐτοὺς καὶ τὴν ἀνδρείαν αὐτῶν, εἰς ἣν τὰς ἄλλας κατανάλωσαν ἀρετάς, ἀφειδήσαντες τοῦ βίου καὶ τῆς ψυχῆς, ὥσπερ ἑαυτοῖς, οὐ ταῖς πατρίσι μᾶλλον καὶ φίλοις καὶ συμμάχοις, ἀπολλυμένων.

[9] Μετὰ δὲ τὸν θάνατον Πελοπίδας μὲν τοὺς συμμάχους ταφεῖς ἔσχεν ὑπὲρ ὧν ἀπέθανε, Μάρκελλος δὲ τοὺς [10] πολεμίους ὑφ’ ὧν ἀπέθανε. ζηλωτὸν μὲν οὖν ἐκεῖνο καὶ μακάριον, κρεῖττον δὲ καὶ μεῖζον εὐνοίας χάριν ἀμειβομένης ἔχθρα λυποῦσαν ἀρετὴν θαυμάζουσα. τὸ γὰρ καλὸν ἐνταῦθα τὴν τιμὴν ἔχει μόνον, ἐκεῖ δὲ τὸ λυσιτελὲς καὶ ἡ χρεία μᾶλλον ἀγαπᾶται τῆς ἀρετῆς.

Aristides

[1] [1] Ἀριστείδης ὁ Λυσιμάχου φυλῆς μὲν ἦν Ἀντιοχίδος, τῶν δὲ δήμων Ἀλωπεκῆθεν. περὶ δ’ οὐσίας αὐτοῦ λόγοι διάφοροι γεγόνασιν, ὁ μὲν ὡς ἐν πενίᾳ συντόνῳ καταβιώσαντος καὶ μετὰ τὴν τελευτὴν ἀπολιπόντος θυγατέρας δύο πολὺν χρόνον ἀνεκδότους δι’ ἀπορίαν γεγενημένας· [2] πρὸς δὲ τοῦτον τὸν λόγον ὑπὸ πολλῶν εἰρημένον ἀντιτασσόμενος ὁ Φαληρεὺς Δημήτριος (FGrH 228 F 43) ἐν τῷ Σωκράτει χωρίον τε Φαληροῖ φησι γινώσκειν Ἀριστείδου γενόμενον ἐν ᾧ τέθαπται, καὶ τεκμήρια τῆς περὶ τὸν οἶκον εὐπορίας ἓν μὲν ἡγεῖται τὴν ἐπώνυμον ἀρχήν, ἣν ἦρξε τῷ κυάμῳ λαχὼν ἐκ τῶν γενῶν τῶν τὰ μέγιστα τιμήματα κεκτημένων, οὓς πεντακοσιομεδίμνους προσηγόρευον, ἕτερον δὲ τὸν ἐξοστρακισμόν· οὐδενὶ γὰρ τῶν πενήτων, ἀλλὰ τοῖς ἐξ οἴκων τε μεγάλων καὶ διὰ γένους [3] ὄγκον ἐπιφθόνοις ὄστρακον ἐπιφέρεσθαι· τρίτον δὲ καὶ τελευταῖον, ὅτι νίκης ἀναθήματα χορηγικῆς τρίποδας ἐν Διονύσου καταλέλοιπεν, οἳ καὶ καθ’ ἡμᾶς ἐδείκνυντο, τοιαύτην ἐπιγραφὴν διασῴζοντες ‘Ἀντιοχὶς ἐνίκα, Ἀριστείδης [4] ἐχορήγει, Ἀρχέστρατος ἐδίδασκε.’ τουτὶ μὲν οὖν καίπερ εἶναι δοκοῦν μέγιστον, ἀσθενέστατόν ἐστι. καὶ γὰρ Ἐπαμεινώνδας, ὃν πάντες ἄνθρωποι γιγνώσκουσιν ἐν πενίᾳ καὶ τραφέντα πολλῇ καὶ βιώσαντα, καὶ Πλάτων ὁ φιλόσοφος οὐκ ἀφιλοτίμους ἀνεδέξαντο χορηγίας, ὁ μὲν αὐληταῖς ἀνδράσιν, ὁ δὲ παισὶ κυκλίοις χορηγήσας, τούτῳ μὲν Δίωνος τοῦ Συρακοσίου τὴν δαπάνην παρέχοντος, [5] Ἐπαμεινώνδᾳ δὲ τῶν περὶ Πελοπίδαν. οὐ γὰρ ἔστι τοῖς ἀγαθοῖς ἀκήρυκτος καὶ ἄσπονδος πρὸς τὰς παρὰ τῶν φίλων δωρεὰς πόλεμος, ἀλλὰ τὰς εἰς ἀπόθεσιν καὶ πλεονεξίαν ἀγεννεῖς ἡγούμενοι καὶ ταπεινάς, ὅσαι φιλοτιμίας τινὸς ἀκερδοῦς ἔχονται καὶ λαμπρότητος [6] οὐκ ἀπωθοῦνται. Παναίτιος (fr. 131 v. Str.) μέντοι περὶ τοῦ τρίποδος ἀποφαίνει τὸν Δημήτριον ὁμωνυμίᾳ διεψευσμένον· ἀπὸ γὰρ τῶν Μηδικῶν εἰς τὴν τελευτὴν τοῦ Πελοποννησιακοῦ πολέμου δύο μόνους Ἀριστείδας χορηγοὺς ἀναγράφεσθαι νικῶντας, ὧν οὐδέτερον εἶναι τῷ Λυσιμάχου τὸν αὐτόν, ἀλλὰ τὸν μὲν Ξενοφίλου πατρός, τὸν δὲ χρόνῳ πολλῷ νεώτερον, ὡς ἐλέγχει τὰ γράμματα, τῆς μετ’ Εὐκλείδην ὄντα γραμματικῆς, καὶ προσγεγραμμένος ὁ Ἀρχέστρατος, ὃν ἐν τοῖς Μηδικοῖς οὐδείς, ἐν δὲ τοῖς Πελοποννησιακοῖς συχνοὶ χορῶν διδάσκαλον ἀναγράφουσι. τὰ μὲν οὖν τοῦ Παναιτίου βέλτιον ἐπισκεπτέον [7] ὅπως ἔχει. τῷ δ’ ὀστράκῳ πᾶς ὁ διὰ δόξαν ἢ γένος ἢ λόγου δύναμιν ὑπὲρ τοὺς πολλοὺς νομιζόμενος ὑπέπιπτεν· ὅπου καὶ Δάμων ὁ Περικλέους διδάσκαλος, ὅτι τὸ φρονεῖν ἐδόκει τις εἶναι περιττός,

ἐξωστρακίσθη. καὶ μὴν [8] ἄρξαι γε τὸν Ἀριστείδην ὁ Ἰδομενεὺς (FGrH 338 F 5) οὐ κυαμευτόν, ἀλλ' ἑλομένων Ἀθηναίων φησίν. εἰ δὲ καὶ μετὰ τὴν ἐν Πλαταιαῖς μάχην ἦρξεν, ὡς αὐτὸς ὁ Δημήτριος γέγραφε, καὶ πάνυ πιθανόν ἐστιν ἐπὶ δόξῃ τοσαύτῃ καὶ κατορθώμασι τηλικούτοις ἀξιωθῆναι δι' ἀρετὴν [9] ‹ἀρχῆς› ἧς διὰ πλοῦτον ἐτύγχανον οἱ λαγχάνοντες. ἀλλὰ γὰρ ὁ μὲν Δημήτριος οὐ μόνον Ἀριστείδην, ἀλλὰ καὶ Σωκράτη δῆλός ἐστι τῆς πενίας ἐξελέσθαι φιλοτιμούμενος ὡς μεγάλου κακοῦ· καὶ γὰρ ἐκείνῳ φησὶν οὐ μόνον τὴν οἰκίαν ὑπάρχειν, ἀλλὰ καὶ μνᾶς ἑβδομήκοντα τοκιζομένας ὑπὸ Κρίτωνος.

[2] [1] Ἀριστείδης δὲ Κλεισθένους μὲν τοῦ καταστησαμένου τὴν πολιτείαν μετὰ τοὺς τυράννους ἑταῖρος γενόμενος, ζηλώσας δὲ καὶ θαυμάσας μάλιστα τῶν πολιτικῶν ἀνδρῶν Λυκοῦργον τὸν Λακεδαιμόνιον, ἥψατο μὲν ἀριστοκρατικῆς πολιτείας, ἔσχε δ' ἀντιτασσόμενον ὑπὲρ τοῦ [2] δήμου Θεμιστοκλέα τὸν Νεοκλέους. ἔνιοι μὲν οὖν φασι παῖδας ὄντας αὐτοὺς καὶ συντρεφομένους ἀπ' ἀρχῆς ἐν παντὶ καὶ σπουδῆς ἐχομένῳ καὶ παιδιᾶς πράγματι καὶ λόγῳ διαφέρεσθαι πρὸς ἀλλήλους, καὶ τὰς φύσεις εὐθὺς ἀπὸ τῆς φιλονικίας ἐκείνης ἀνακαλύπτεσθαι, [καὶ] τὴν μὲν εὐχερῆ καὶ παράβολον καὶ πανοῦργον οὖσαν καὶ μετ' ὀξύτητος ἐπὶ πάντα ῥᾳδίως φερομένην, τὴν δ' ἱδρυμένην ἐν ἤθει βεβαίῳ καὶ πρὸς τὸ δίκαιον ἀτενῆ, ψεῦδος δὲ καὶ βωμολοχίαν καὶ ἀπάτην οὐδ' ἐν παιδιᾶς τινι τρόπῳ [3] προσιεμένην. Ἀρίστων δ' ὁ Κεῖος (fr. 20 W.) ἐξ ἐρωτικῆς ἀρχῆς γενέσθαι φησὶ καὶ προελθεῖν ἐπὶ τοσοῦτον τὴν [4] ἔχθραν αὐτῶν. Στησίλεω γάρ, ὃς ἦν γένει Κεῖος, ἰδέᾳ δὲ καὶ μορφῇ σώματος πολὺ τῶν ἐν ὥρᾳ λαμπρότατος, ἀμφοτέρους ἐρασθέντας οὐ μετρίως ἐνεγκεῖν τὸ πάθος, οὐδ' ἅμα λήγοντι τῷ κάλλει τοῦ παιδὸς ἀποθέσθαι τὴν φιλονικίαν, ἀλλ' ὥσπερ ἐγγυμνασαμένους ἐκείνῃ πρὸς τὴν πολιτείαν εὐθὺς ὁρμῆσαι, διαπύρους ὄντας καὶ διαφόρως [5] ἔχοντας. ὁ μὲν οὖν Θεμιστοκλῆς εἰς ἑταιρείαν ἐμβαλὼν ἑαυτὸν εἶχε πρόβλημα καὶ δύναμιν οὐκ εὐκαταφρόνητον, ὥστε καὶ πρὸς τὸν εἰπόντα καλῶς ἄρξειν αὐτὸν Ἀθηναίων, ἄνπερ ἴσος ᾖ καὶ κοινὸς ἅπασι, 'μηδέποτε' εἰπεῖν 'εἰς τοιοῦτον ἐγὼ καθίσαιμι τὸν θρόνον ἐν ᾧ πλέον οὐδὲν ἕξουσιν οἱ φίλοι παρ' ἐμοὶ τῶν ἀλλοτρίων·' [6] Ἀριστείδης δὲ καθ' αὑτὸν ὥσπερ ὁδὸν ἰδίαν ἐβάδιζε διὰ τῆς πολιτείας, πρῶτον μὲν οὐ βουλόμενος συναδικεῖν τοῖς ἑταίροις ἢ λυπηρὸς εἶναι μὴ χαριζόμενος, ἔπειτα τὴν ἀπὸ τῶν φίλων δύναμιν οὐκ ὀλίγους ὁρῶν ἐπαίρουσαν ἀδικεῖν, ἐφυλάττετο, μόνῳ τῷ χρηστὰ καὶ δίκαια πράσσειν καὶ λέγειν ἀξιῶν θαρρεῖν τὸν ἀγαθὸν πολίτην.

[3] [1] Οὐ μὴν ἀλλὰ καὶ πολλὰ κινουμένου τοῦ Θεμιστοκλέους παραβόλως καὶ πρὸς πᾶσαν αὐτῷ πολιτείαν ἐνισταμένου καὶ διακόπτοντος, ἠναγκάζετό

που καὶ αὐτὸς τὰ μὲν ἀμυνόμενος τὰ δὲ κολούων τὴν ἐκείνου δύναμιν χάριτι τῶν πολλῶν αὐξομένην ὑπεναντιοῦσθαι παρὰ γνώμην οἷς ἔπραττεν ὁ Θεμιστοκλῆς, βέλτιον ἡγούμενος παρελθεῖν ἔνια τῶν συμφερόντων τὸν δῆμον ἢ τῷ κρατεῖν [2] ἐκεῖνον ἐν πᾶσιν ἰσχυρὸν γενέσθαι. τέλος δέ ποτε τοῦ Θεμιστοκλέους πράττοντός τι τῶν δεόντων, ἀντικρούσας καὶ περιγενόμενος, οὐ κατέσχεν, ἀλλ' εἶπεν ἀπὸ τῆς ἐκκλησίας ἀπιών, ὡς οὐκ ἔστι σωτηρία τοῖς Ἀθηναίων πράγμασιν, εἰ μὴ καὶ Θεμιστοκλέα καὶ αὐτὸν εἰς [3] τὸ βάραθρον ἐμβάλοιεν. πάλιν δὲ γράψας τινὰ γνώμην εἰς τὸν δῆμον, ἀντιλογίας οὔσης πρὸς αὐτὴν καὶ φιλονικίας, ἐκράτει· μέλλοντος δὲ τοῦ προέδρου τὸν δῆμον ἐπερωτᾶν, αἰσθόμενος ἀπὸ τῶν λόγων αὐτῶν τὸ ἀσύμφορον, [4] ἀπέστη τοῦ ψηφίσματος. πολλάκις δὲ καὶ δι' ἑτέρων εἰσέφερε τὰς γνώμας, ὡς μὴ φιλονικίᾳ τῇ πρὸς αὐτὸν ὁ Θεμιστοκλῆς ἐμπόδιος εἴη τῷ συμφέροντι. θαυμαστὴ δέ τις ἐφαίνετο αὐτοῦ παρὰ τὰς ἐν τῇ πολιτείᾳ μεταβολὰς ἡ εὐστάθεια, μήτε ταῖς τιμαῖς ἐπαιρομένου, πρός τε τὰς δυσημερίας ἀθορύβως καὶ πρᾴως ἔχοντος, καὶ ὁμοίως ἡγουμένου χρῆναι τῇ πατρίδι παρέχειν ἑαυτόν, οὐ χρημάτων μόνον, ἀλλὰ καὶ δόξης προῖκα καὶ [5] ἀμισθὶ πολιτευόμενον. ὅθεν ὡς ἔοικε τῶν εἰς Ἀμφιάραον ὑπ' Αἰσχύλου (Sept. 592) πεποιημένων ἰαμβείων ἐν τῷ θεάτρῳ λεγομένων·

οὐ γὰρ δοκεῖν δίκαιος, ἀλλ' εἶναι θέλει,
βαθεῖαν ἄλοκα διὰ φρενὸς καρπούμενος,
ἀφ' ἧς τὰ κεδνὰ βλαστάνει βουλεύματα,

πάντες ἀπέβλεψαν εἰς Ἀριστείδην, ὡς ἐκείνῳ μάλιστα τῆς ἀρετῆς ταύτης προσηκούσης.

[4] [1] Οὐ μόνον δὲ πρὸς εὔνοιαν καὶ χάριν, ἀλλὰ καὶ πρὸς ὀργὴν καὶ πρὸς ἔχθραν ἰσχυρότατος ἦν ὑπὲρ τῶν [2] δικαίων ἀντιβῆναι. λέγεται γοῦν ποτε διώκων ἐχθρὸν ἐν δικαστηρίῳ, μετὰ τὴν κατηγορίαν οὐ βουλομένων ἀκούειν τοῦ κινδυνεύοντος τῶν δικαστῶν, ἀλλὰ τὴν ψῆφον εὐθὺς αἰτούντων ἐπ' αὐτόν, ἀναπηδήσας τῷ κρινομένῳ συνικετεύειν, ὅπως ἀκουσθείη καὶ τύχοι τῶν νομίμων· πάλιν δὲ κρίνων ἰδιώταις δυσί, τοῦ ἑτέρου λέγοντος ὡς πολλὰ τυγχάνει τὸν Ἀριστείδην ὁ ἀντίδικος λελυπηκώς, 'λέγ' ὦ 'γαθέ' φάναι 'μᾶλλον, εἴ τι σὲ [3] κακὸν πεποίηκε· σοὶ γάρ, οὐκ ἐμαυτῷ, δικάζω'. τῶν δὲ δημοσίων αἱρεθεὶς προσόδων ἐπιμελητής, οὐ μόνον τοὺς καθ' αὑτόν, ἀλλὰ καὶ τοὺς πρὸ αὑτοῦ γενομένους ἄρχοντας ἀπεδείκνυε πολλὰ νενοσφισμένους, καὶ μάλιστα τὸν Θεμιστοκλέα·

σοφὸς γὰρ ἁνήρ, τῆς δὲ χειρὸς οὐ κρατῶν.

[4] διὸ καὶ συναγαγὼν πολλοὺς ἐπὶ τὸν Ἀριστείδην ἐν ταῖς εὐθύναις διώκων κλοπῆς καταδίκῃ περιέβαλεν, ὥς φησιν Ἰδομενεύς (FGrH 338 F 7).

ἀγανακτούντων δὲ τῶν πρώτων ἐν τῇ πόλει καὶ βελτίστων, οὐ μόνον ἀφείθη τῆς ζημίας, ἀλλὰ καὶ πάλιν ἄρχων ἐπὶ τὴν αὐτὴν διοίκησιν [5] ἀπεδείχθη. προσποιούμενος δὲ τῶν προτέρων μεταμέλειν αὑτῷ καὶ μαλακώτερον ἐνδιδοὺς ἑαυτόν, ἤρεσκε τοῖς τὰ κοινὰ κλέπτουσιν οὐκ ἐξελέγχων οὐδ᾽ ἀκριβολογούμενος, ὥστε καταπιμπλαμένους τῶν δημοσίων ὑπερεπαινεῖν τὸν Ἀριστείδην καὶ δεξιοῦσθαι τὸν δῆμον ὑπὲρ αὐτοῦ, σπουδάζοντας [6] ἄρχοντα πάλιν αἱρεθῆναι. μελλόντων δὲ χειροτονεῖν, ἐπετίμησε τοῖς Ἀθηναίοις· ‘ὅτε μὲν γάρ’ ἔφη ‘πιστῶς καὶ καλῶς ὑμῖν ἦρξα, προεπηλακίσθην· ἐπεὶ δὲ πολλὰ τῶν κοινῶν καταπροεῖμαι τοῖς κλέπτουσι, θαυμαστὸς [7] εἶναι δοκῶ πολίτης. αὐτὸς μὲν οὖν αἰσχύνομαι τῇ νῦν τιμῇ μᾶλλον τῆς πρῴην καταδίκης, συνάχθομαι δ᾽ ὑμῖν, παρ᾽ οἷς ἐνδοξότερόν ἐστι τοῦ σῴζειν τὰ δημόσια [8] τὸ χαρίζεσθαι τοῖς πονηροῖς.’ ταῦτα δ᾽ εἰπὼν καὶ τὰς κλοπὰς ἐξελέγξας, τοὺς μὲν τότε βοῶντας ὑπὲρ αὐτοῦ καὶ μαρτυροῦντας ἐπεστόμισε, τὸν δ᾽ ἀληθινὸν καὶ δίκαιον ἀπὸ τῶν βελτίστων ἔπαινον εἶχεν.

[5] [1] Ἐπεὶ δὲ Δᾶτις ὑπὸ Δαρείου πεμφθείς, λόγῳ μὲν ἐπιθεῖναι δίκην Ἀθηναίοις, ὅτι Σάρδεις ἐνέπρησαν, ἔργῳ δὲ καταστρέψασθαι τοὺς Ἕλληνας, εἰς Μαραθῶνα παντὶ τῷ στόλῳ κατεσχήκει καὶ τὴν χώραν ἐπόρθει, τῶν δέκα καθεστώτων τοῖς Ἀθηναίοις ἐπὶ τὸν πόλεμον στρατηγῶν μέγιστον μὲν εἶχεν ἀξίωμα Μιλτιάδης, δόξῃ δὲ καὶ δυνάμει [2] δεύτερος ἦν Ἀριστείδης, καὶ τότε περὶ τῆς μάχης γνώμῃ τῇ Μιλτιάδου προσθέμενος, οὐ μικρὰν ῥοπὴν ἐποίησε, καὶ παρ᾽ ἡμέραν ἑκάστου στρατηγοῦ τὸ κράτος ἔχοντος, ὡς περιῆλθεν εἰς αὐτὸν ἡ ἀρχή, παρέδωκε Μιλτιάδῃ, διδάσκων τοὺς συνάρχοντας ὅτι τὸ πείθεσθαι καὶ ἀκολουθεῖν τοῖς εὖ φρονοῦσιν οὐκ αἰσχρόν, ἀλλὰ σεμνόν [3] ἐστι καὶ σωτήριον. οὕτω δὲ πραΰνας τὴν φιλονικίαν καὶ προτρεψάμενος αὐτοὺς ἀγαπᾶν μιᾷ γνώμῃ τῇ κρατίστῃ χρωμένους, ἔρρωσε τὸν Μιλτιάδην, τῷ ἀπερισπάστῳ τῆς ἐξουσίας ἰσχυρὸν γενόμενον. χαίρειν γὰρ ἐῶν ἕκαστος ἤδη τὸ παρ᾽ ἡμέραν ἄρχειν, ἐκείνῳ προσεῖχεν.

[4] Ἐν δὲ τῇ μάχῃ μάλιστα τῶν Ἀθηναίων τοῦ μέσου πονήσαντος καὶ πλεῖστον ἐνταῦθα τῶν βαρβάρων χρόνον ἀντερεισάντων κατὰ τὴν Λεωντίδα καὶ τὴν Ἀντιοχίδα φυλήν, ἠγωνίσαντο λαμπρῶς τεταγμένοι παρ᾽ ἀλλήλους ὅ τε Θεμιστοκλῆς καὶ ὁ Ἀριστείδης· ὁ μὲν γὰρ Λεωντίδος [5] ἦν, ὁ δ᾽ Ἀντιοχίδος. ἐπεὶ δὲ τρεψάμενοι τοὺς βαρβάρους εἰς τὰς ναῦς ἐνέβαλον, καὶ πλέοντας οὐκ ἐπὶ νήσων ἑώρων, ἀλλ᾽ ὑπὸ τοῦ πνεύματος καὶ τῆς θαλάσσης εἴσω πρὸς τὴν Ἀττικὴν ἀποβιαζομένους, φοβηθέντες μὴ τὴν πόλιν ἔρημον λάβωσι τῶν ἀμυνομένων, ταῖς μὲν ἐννέα φυλαῖς ἠπείγοντο πρὸς τὸ ἄστυ, καὶ κατήνυσαν αὐθημερόν· [6] ἐν δὲ τῷ Μαραθῶνι μετὰ τῆς ἑαυτοῦ φυλῆς Ἀριστείδης ἀπολειφθεὶς φύλαξ τῶν αἰχμαλώτων καὶ τῶν λαφύρων, οὐκ

ἐψεύσατο τὴν δόξαν, ἀλλὰ χύδην μὲν ἀργύρου καὶ χρυσοῦ παρόντος, ἐσθῆτος δὲ παντοδαπῆς καὶ χρημάτων ἄλλων ἀμυθήτων ἐν ταῖς σκηναῖς καὶ τοῖς ἡλωκόσι σκάφεσιν ὑπαρχόντων, οὔτ' αὐτὸς ἐπεθύμησε θιγεῖν, οὔτ' ἄλλον εἴασε, πλὴν εἴ τινες ἐκεῖνον λαθόντες [7] ὠφελήθησαν. ὧν ἦν καὶ Καλλίας ὁ δᾳδοῦχος· τούτῳ γάρ τις ὡς ἔοικε τῶν βαρβάρων προσέπεσεν, οἰηθεὶς βασιλέα διὰ τὴν κόμην καὶ τὸ στρόφιον εἶναι· προσκυνήσας δὲ καὶ λαβόμενος τῆς δεξιᾶς, ἔδειξε πολὺ χρυσίον [8] ἐν λάκκῳ τινὶ κατορωρυγμένον· ὁ δὲ Καλλίας ὠμότατος ἀνθρώπων καὶ παρανομώτατος γενόμενος, τὸν μὲν χρυσὸν ἀνείλετο, τὸν δ' ἄνθρωπον, ὡς μὴ κατείποι πρὸς ἑτέρους, ἀπέκτεινεν. ἐκ τούτου φασὶ καὶ λακκοπλούτους ὑπὸ τῶν κωμικῶν τοὺς ἀπὸ τῆς οἰκίας λέγεσθαι, σκωπτόντων εἰς τὸν τόπον ἐν ᾧ τὸ χρυσίον ὁ Καλλίας εὗρεν.

[9] Ἀριστείδης δὲ τὴν ἐπώνυμον εὐθὺς ἀρχὴν ἦρξε. καίτοι φησὶν ὁ Φαληρεὺς Δημήτριος (FGrH 228 F 44) ἄρξαι τὸν ἄνδρα μικρὸν ἔμπροσθεν τοῦ θανάτου μετὰ τὴν ἐν [10] Πλατοιαῖς μάχην. ἐν δὲ ταῖς ἀναγραφαῖς μετὰ μὲν Ξανθιππίδην, ἐφ' οὗ Μαρδόνιος ἡττήθη Πλαταιᾶσιν, οὐδ' ὁμώνυμον Ἀριστείδην ἐν πάνυ πολλοῖς λαβεῖν ἔστι, μετὰ δὲ Φαίνιππον, ἐφ' οὗ τὴν ἐν Μαραθῶνι μάχην ἐνίκων, εὐθὺς Ἀριστείδης ἄρχων ἀναγέγραπται.

[6] [1] Πασῶν δὲ τῶν περὶ αὐτὸν ἀρετῶν ἡ δικαιοσύνη μάλιστα τοῖς πολλοῖς αἴσθησιν παρεῖχε διὰ τὸ τὴν χρείαν [2] ἐνδελεχεστάτην αὐτῆς καὶ κοινοτάτην ὑπάρχειν. ὅθεν ἀνὴρ πένης καὶ δημοτικὸς ἐκτήσατο τὴν βασιλικωτάτην καὶ θειοτάτην προσηγορίαν τὸν Δίκαιον· ὃ τῶν βασιλέων καὶ τυράννων οὐδεὶς ἐζήλωσεν, ἀλλὰ Πολιορκηταὶ καὶ Κεραυνοὶ καὶ Νικάτορες, ἔνιοι δ' Ἀετοὶ καὶ Ἱέρακες ἔχαιρον προσαγορευόμενοι, τὴν ἀπὸ τῆς βίας καὶ τῆς δυνάμεως ὡς ἔοικε μᾶλλον ἢ τὴν ἀπὸ τῆς ἀρετῆς δόξαν [3] ἀγαπῶντες. καίτοι τὸ θεῖον, ᾧ γλίχονται συνοικειοῦν καὶ συναφομοιοῦν ἑαυτούς, τρισὶ δοκεῖ διαφέρειν, ἀφθαρσίᾳ καὶ δυνάμει καὶ ἀρετῇ. ὧν καὶ σεμνότατον ἡ ἀρετὴ καὶ θειότατόν ἐστιν· ἀφθάρτῳ μὲν γὰρ εἶναι καὶ τῷ κενῷ καὶ τοῖς στοιχείοις συμβέβηκε· δύναμιν δὲ καὶ σεισμοὶ καὶ κεραυνοὶ καὶ πνευμάτων ὁρμαὶ καὶ ῥευμάτων ἐπιφοραὶ μεγάλην ἔχουσι· δίκης δὲ καὶ θέμιδος οὐδέν, ὅτι μὴ τῷ φρονεῖν καὶ λογίζεσθαι θεῖόν ἐστι, μεταλαγχάνει.

[4] διὸ καὶ τριῶν ὄντων ἃ πεπόνθασιν οἱ πολλοὶ πρὸς τὸ θεῖον ζήλου καὶ φόβου καὶ τιμῆς, ζηλοῦν μὲν αὐτοὺς καὶ μακαρίζειν ἐοίκασι κατὰ τὸ ἄφθαρτον καὶ ἀίδιον, ἐκπλήσσεσθαι δὲ καὶ δεδιέναι κατὰ τὸ κύριον καὶ δυνατόν, ἀγαπᾶν δὲ καὶ τιμᾶν καὶ σέβεσθαι κατὰ [5] τὴν δικαιοσύνην. ἀλλὰ καίπερ οὕτω διακείμενοι, τῆς μὲν ἀθανασίας, ἣν ἡ φύσις ἡμῶν οὐ δέχεται, καὶ τῆς δυνάμεως, ἧς ἐν τῇ τύχῃ κεῖται τὸ πλεῖστον, ἐπιθυμοῦσι, τὴν δ'

ἀρετήν, ὃ μόνον ἐστὶ τῶν θείων ἀγαθῶν ἐφ’ ἡμῖν, ἐν ὑστέρῳ τίθενται, κακῶς φρονοῦντες, ὡς τὸν ἐν δυνάμει καὶ τύχῃ μεγάλῃ καὶ ἀρχῇ βίον ἡ μὲν δικαιοσύνη ποιεῖ θεῖον, ἡ δ’ ἀδικία θηριώδη.

[7] [1] Τῷ δ’ οὖν Ἀριστείδῃ συνέβη τὸ πρῶτον ἀγαπωμένῳ διὰ τὴν ἐπωνυμίαν ὕστερον φθονεῖσθαι, μάλιστα μὲν τοῦ Θεμιστοκλέους λόγον εἰς τοὺς πολλοὺς διαδιδόντος, ὡς Ἀριστείδης, ἀνῃρηκὼς τὰ δικαστήρια τῷ κρίνειν ἅπαντα καὶ δικάζειν, λέληθε μοναρχίαν ἀδορυφόρητον αὑτῷ κατεσκευασμένος· ἤδη δέ που καὶ ὁ δῆμος, ἐπὶ τῇ νίκῃ μέγα φρονῶν καὶ τῶν μεγίστων ἀξιῶν ἑαυτόν, ἤχθετο τῇ ὀνομασίᾳ δόξαν ὑπὲρ τοὺς πολλοὺς ἐχούσῃ, [2] καὶ συνελθόντες εἰς ἄστυ πανταχόθεν, ἐξοστρακίζουσι τὸν Ἀριστείδην, ὄνομα τῷ φθόνῳ τῆς δόξης φόβον τυραννίδος θέμενοι. μοχθηρίας γὰρ οὐκ ἦν κόλασις ὁ ἐξοστρακισμός, ἀλλ’ ἐκαλεῖτο μὲν δι’ εὐπρέπειαν ὄγκου καὶ δυνάμεως βαρυτέρας ταπείνωσις καὶ κόλουσις, ἦν δὲ φθόνου παραμυθία φιλάνθρωπος, εἰς ἀνήκεστον οὐδέν, ἀλλ’ εἰς μετάστασιν ἐτῶν δέκα τὴν πρὸς τὸ λυποῦν [3] ἀπερειδομένου δυσμένειαν. ὅτε δ’ ἤρξαντό τινες ἀνθρώπους ἀγεννεῖς καὶ πονηροὺς ὑποβάλλειν τῷ πράγματι, τελευταῖον ἁπάντων Ὑπέρβολον ἐξοστρακίσαντες ἐπαύσαντο. λέγεται δὲ τὸν Ὑπέρβολον ἐξοστρακισθῆναι διὰ τοιαύτην αἰτίαν. Ἀλκιβιάδης καὶ Νικίας μέγιστον ἐν τῇ [4] πόλει δυνάμενοι διεστασίαζον. ὡς οὖν ὁ δῆμος ἔμελλε φέρειν τὸ ὄστρακον καὶ δῆλος ἦν τὸν ἕτερον γράψων, διαλεχθέντες ἀλλήλοις καὶ τὰς στάσεις ἑκατέρας εἰς ταὐτὸ συναγαγόντες, τὸν Ὑπέρβολον ἐξοστρακισθῆναι παρεσκεύασαν. ἐκ δὲ τούτου δυσχεράνας ὁ δῆμος ὡς καθυβρισμένον τὸ πρᾶγμα καὶ προπεπηλακισμένον ἀφῆκε παντελῶς καὶ κατέλυσεν.

[5] Ἦν δὲ τοιοῦτον ὡς τύπῳ φράσαι τὸ γινόμενον. ὄστρακον ἕκαστος λαβὼν καὶ γράψας ὃν ἐβούλετο μεταστῆσαι τῶν πολιτῶν, ἔφερεν εἰς ἕνα τόπον τῆς ἀγορᾶς περιπεφραγμένον [6] ἐν κύκλῳ δρυφάκτοις. οἱ δ’ ἄρχοντες πρῶτον μὲν διηρίθμουν τὸ σύμπαν ἐν ταὐτῷ τῶν ὀστράκων πλῆθος· εἰ γὰρ ἑξακισχιλίων ἐλάττονες οἱ φέροντες εἶεν, ἀτελὴς ἦν ὁ ἐξοστρακισμός· ἔπειτα τῶν ὀνομάτων ἕκαστον ἰδίᾳ τιθέντες, τὸν ὑπὸ τῶν πλείστων γεγραμμένον ἐξεκήρυττον εἰς ἔτη δέκα, καρπούμενον τὰ αὑτοῦ.

[7] Γραφομένων οὖν τότε τῶν ὀστράκων, λέγεταί τινα τῶν ἀγραμμάτων καὶ παντελῶς ἀγροίκων ἀναδόντα τῷ Ἀριστείδῃ τὸ ὄστρακον ὡς ἑνὶ τῶν τυχόντων παρακαλεῖν, ὅπως Ἀριστείδην ἐγγράψειε. τοῦ δὲ θαυμάσαντος καὶ πυθομένου μή τι κακὸν αὐτὸν Ἀριστείδης πεποίηκεν, ‘οὐδέν’ εἰπεῖν, ‘οὐδὲ γινώσκω τὸν ἄνθρωπον, ἀλλ’ ἐνοχλοῦμαι [8] πανταχοῦ τὸν Δίκαιον ἀκούων’. ταῦτ’ ἀκούσαντα τὸν Ἀριστείδην ἀποκρίνασθαι μὲν οὐδέν, ἐγγράψαι δὲ

τοὔνομα τῷ ὀστράκῳ καὶ ἀποδοῦναι. τῆς δὲ πόλεως ἀπαλλαττόμενος ἤδη, τὰς χεῖρας ἀνατείνας πρὸς τὸν οὐρανὸν ηὔξατο τὴν ἐναντίαν ὡς ἔοικεν εὐχὴν τῷ Ἀχιλλεῖ, μηδένα καιρὸν Ἀθηναίους καταλαβεῖν ὃς ἀναγκάσει τὸν δῆμον Ἀριστείδου μνησθῆναι.

[8] [1] Τρίτῳ δ' ἔτει Ξέρξου διὰ Θετταλίας καὶ Βοιωτίας ἐλαύνοντος ἐπὶ τὴν Ἀττικήν, λύσαντες τὸν νόμον ἐψηφίσαντο τοῖς μεθεστῶσι κάθοδον, μάλιστα φοβούμενοι τὸν Ἀριστείδην μὴ προσθέμενος τοῖς πολεμίοις διαφθείρῃ καὶ μεταστήσῃ πολλοὺς τῶν πολιτῶν πρὸς τὸν βάρβαρον, οὐκ ὀρθῶς στοχαζόμενοι τοῦ ἀνδρός, ὅς γε καὶ πρὸ τοῦ δόγματος τούτου διετέλει προτρέπων καὶ παροξύνων τοὺς Ἕλληνας ἐπὶ τὴν ἐλευθερίαν, καὶ μετὰ τὸ δόγμα, Θεμιστοκλέους στρατηγοῦντος αὐτοκράτορος, πάντα συνέπραττε καὶ συνεβούλευεν, ἐνδοξότατον ἐπὶ σωτηρίᾳ [2] κοινῇ ποιῶν τὸν ἔχθιστον. ὡς γὰρ ἀπολείπειν τὴν Σαλαμῖνα βουλευομένων τῶν περὶ Εὐρυβιάδην αἱ βαρβαρικαὶ τριήρεις νύκτωρ ἀναχθεῖσαι καὶ περιβαλοῦσαι τόν τε πόρον ἐν κύκλῳ καὶ τὰς νήσους κατεῖχον, οὐδενὸς προειδότος τὴν κύκλωσιν, ἧκεν ὁ Ἀριστείδης ἀπ' Αἰγίνης παραβόλως διὰ τῶν πολεμίων νεῶν διεκπλεύσας, [3] καὶ νυκτὸς ἐλθὼν ἐπὶ τὴν σκηνὴν τοῦ Θεμιστοκλέους καὶ καλέσας αὐτὸν ἔξω μόνον, 'ἡμεῖς' εἶπεν 'ὦ Θεμιστόκλεις, εἰ σωφρονοῦμεν, ἤδη τὴν κενὴν καὶ μειρακιώδη στάσιν ἀφέντες ἀρξώμεθα σωτηρίου καὶ καλῆς φιλονικίας πρὸς ἀλλήλους, ἁμιλλώμενοι σῶσαι τὴν Ἑλλάδα, σὺ μὲν ἄρχων καὶ στρατηγῶν, ἐγὼ δ' ὑπουργῶν καὶ συμβουλεύων· ἐπεὶ καὶ νῦν σε πυνθάνομαι μόνον ἅπτεσθαι τῶν ἀρίστων λογισμῶν, κελεύοντα διαναυμαχεῖν [4] ἐν τοῖς στενοῖς τὴν ταχίστην, καί σοι τῶν συμμάχων ἀντιπραττόντων οἱ πολέμιοι συνεργεῖν ἐοίκασι· τὸ γὰρ ἐν κύκλῳ καὶ κατόπιν ἤδη πέλαγος ἐμπέπλησται νεῶν πολεμίων, ὥστε καὶ τοὺς μὴ θέλοντας ἀνάγκη κατείληφεν ἀγαθοὺς ἄνδρας εἶναι καὶ μάχεσθαι· φυγῆς [5] γὰρ ὁδὸς οὐ λείπεται.' πρὸς ταῦθ' ὁ Θεμιστοκλῆς εἶπεν· 'οὐκ ἂν ἐβουλόμην ὦ Ἀριστείδη σὲ κατὰ τοῦτο κρείσσονά μου γενέσθαι, πειράσομαι δὲ πρὸς καλὴν ἀρχὴν ἁμιλλώμενος ὑπερβαλέσθαι τοῖς ἔργοις.' ἅμα δ' αὐτῷ φράσας τὴν ὑπ' αὐτοῦ κατασκευασθεῖσαν ἀπάτην ἐπὶ τὸν βάρβαρον, παρεκάλει πείθειν τὸν Εὐρυβιάδην καὶ διδάσκειν ὡς ἀμήχανόν ἐστι σωθῆναι μὴ ναυμαχήσαντας· [6] εἶχε γὰρ μᾶλλον αὐτοῦ πίστιν. ὅθεν ἐν τῷ συλλόγῳ τῶν στρατηγῶν εἰπόντος Κλεοκρίτου τοῦ Κορινθίου πρὸς τὸν Θεμιστοκλέα, μηδ' Ἀριστείδῃ τὴν γνώμην ἀρέσκειν αὐτοῦ, παρόντα γὰρ σιωπᾶν, ἀντεῖπεν ὁ Ἀριστείδης ὡς οὐκ ἂν ἐσιώπα μὴ λέγοντος τὰ ἄριστα τοῦ Θεμιστοκλέους· νυνὶ δ' ἡσυχίαν ἄγειν οὐ δι' εὔνοιαν τοῦ ἀνδρός, ἀλλὰ τὴν γνώμην ἐπαινῶν.

[9] [1] Οἱ μὲν οὖν ναύαρχοι τῶν Ἑλλήνων ταῦτ' ἔπραττον. Ἀριστείδης δ' ὁρῶν τὴν Ψυττάλειαν, ἣ πρὸ τῆς Σαλαμῖνος ἐν τῷ πόρῳ κεῖται νῆσος οὐ μεγάλη, πολεμίων ἀνδρῶν μεστὴν οὖσαν, ἐμβιβάσας εἰς ὑπηρετικὰ τοὺς προθυμοτάτους καὶ μαχιμωτάτους τῶν πολιτῶν, προσέμειξε τῇ Ψυτταλείᾳ, καὶ μάχην πρὸς τοὺς βαρβάρους συνάψας ἀπέκτεινε πάντας, πλὴν ὅσοι τῶν ἐπιφανῶν [2] ζῶντες ἥλωσαν. ἐν δὲ τούτοις ἦσαν ἀδελφῆς βασιλέως ὄνομα Σανδάκης τρεῖς παῖδες, οὓς εὐθὺς ἀπέστειλε πρὸς τὸν Θεμιστοκλέα, καὶ λέγονται κατά τι λόγιον, τοῦ μάντεως Εὐφραντίδου κελεύσαντος, ὠμηστῇ Διονύσῳ πρὸ [3] τῆς μάχης καθιερευθῆναι. τὴν δὲ νησίδα τοῖς ὅπλοις πανταχόθεν ὁ Ἀριστείδης περιστέψας, ἐφήδρευε τοῖς ἐκφερομένοις πρὸς αὐτήν, ὡς μήτε τῶν φίλων τινὰ διαφθαρῆναι [4] μήτε τῶν πολεμίων διαφυγεῖν. ὁ γὰρ πλεῖστος ὠθισμὸς τῶν νεῶν καὶ τῆς μάχης τὸ καρτερώτατον ἔοικε περὶ τὸν τόπον ἐκεῖνον γενέσθαι· διὸ καὶ τρόπαιον ἕστηκεν ἐν τῇ Ψυτταλείᾳ.

[5] Μετὰ δὲ τὴν μάχην ὁ Θεμιστοκλῆς ἀποπειρώμενος τοῦ Ἀριστείδου καλὸν μὲν εἶναι καὶ τὸ πεπραγμένον ἔργον αὐτοῖς ἔλεγε, κρεῖττον δὲ λείπεσθαι τὸ λαβεῖν ἐν τῇ Εὐρώπῃ τὴν Ἀσίαν, ἀναπλεύσαντας εἰς Ἑλλήσποντον [6] τὴν ταχίστην καὶ τὰ ζεύγματα διακόψαντας. ἐπεὶ δ' Ἀριστείδης ἀνακραγὼν τοῦτον μὲν ἐκέλευε τὸν λόγον καταβαλεῖν, σκοπεῖν δὲ καὶ ζητεῖν ὅπως τὴν ταχίστην ἐκβάλωσι τὸν Μῆδον ἐκ τῆς Ἑλλάδος, μὴ κατακλεισθεὶς ἀπορίᾳ φυγῆς μετὰ τοσαύτης δυνάμεως τραπῇ πρὸς ἄμυναν ὑπ' ἀνάγκης, οὕτω πέμπει πάλιν Ἀρνάκην εὐνοῦχον ὁ Θεμιστοκλῆς ἐκ τῶν αἰχμαλώτων κρύφα, φράσαι βασιλεῖ κελεύσας ὅτι πλεῖν ἐπὶ τὰς γεφύρας ὡρμημένους τοὺς Ἕλληνας αὐτὸς ἀποτρέψειε, σῴζεσθαι βασιλέα βουλόμενος.

[10] [1] Ἐκ τούτου Ξέρξης μὲν περίφοβος γενόμενος εὐθὺς ἐπὶ τὸν Ἑλλήσποντον ἠπείγετο, Μαρδόνιος δὲ τοῦ στρατοῦ τὸ δοκιμώτατον ἔχων, περὶ τριάκοντα μυριάδας, ὑπελείπετο, καὶ φοβερὸς ἦν ἀπ' ἰσχυρᾶς τῆς περὶ τὸ πεζὸν ἐλπίδος ἀπειλῶν τοῖς Ἕλλησι καὶ γράφων τοιαῦτα· 'νενικήκατε θαλασσίοις ξύλοις χερσαίους ἀνθρώπους, οὐκ ἐπισταμένους κώπην ἐλαύνειν· ἀλλὰ νῦν πλατεῖα μὲν ἡ Θετταλῶν γῆ, καλὸν δὲ τὸ Βοιώτιον πεδίον ἀγαθοῖς [2] ὁπλίταις καὶ ἱππεῦσιν ἐναγωνίσασθαι.' πρὸς δ' Ἀθηναίους ἔπεμψεν ἰδίᾳ γράμματα καὶ λόγους παρὰ βασιλέως, τήν τε πόλιν αὐτοῖς ἀναστήσειν ἐπαγγελλομένου καὶ χρήματα πολλὰ δώσειν καὶ τῶν Ἑλλήνων κυρίους καταστήσειν, [3] ἐκποδὼν τοῦ πολέμου γενομένους. οἱ δὲ Λακεδαιμόνιοι πυθόμενοι ταῦτα καὶ δείσαντες, ἔπεμψαν Ἀθήναζε πρέσβεις, δεόμενοι τῶν Ἀθηναίων ὅπως παῖδας μὲν καὶ γυναῖκας εἰς Σπάρτην ἀποστείλωσι, τοῖς δὲ πρεσβυτέροις τροφὰς παρ' αὐτῶν λαμβάνωσιν· ἰσχυρὰ γὰρ ἦν ἀπορία περὶ

τὸν δῆμον, ἀπολωλεκότα καὶ τὴν [4] χώραν καὶ τὴν πόλιν. οὐ μὴν ἀλλὰ τῶν πρέσβεων ἀκούσαντες, Ἀριστείδου ψήφισμα γράψαντος, ἀπεκρίναντο θαυμαστὴν ἀπόκρισιν, τοῖς μὲν πολεμίοις συγγνώμην ἔχειν φάσκοντες, εἰ πάντα πλούτου καὶ χρημάτων ὤνια νομίζοιεν, ὧν κρεῖττον οὐδὲν ἴσασιν, ὀργίζεσθαι δὲ Λακεδαιμονίοις, ὅτι τὴν πενίαν καὶ τὴν ἀπορίαν τὴν νῦν παροῦσαν Ἀθηναίοις μόνον ὁρῶσι, τῆς δ' ἀρετῆς καὶ τῆς φιλοτιμίας ἀμνημονοῦσιν, ἐπὶ σιτίοις ὑπὲρ τῆς Ἑλλάδος [5] ἀγωνίζεσθαι παρακαλοῦντες. ταῦτα γράψας Ἀριστείδης καὶ τοὺς πρέσβεις εἰς ἐκκλησίαν παραγαγών, Λακεδαιμονίοις μὲν ἐκέλευσε φράζειν, ὡς οὐκ ἔστι χρυσοῦ τοσοῦτον πλῆθος οὔθ' ὑπὲρ γῆν οὔθ' ὑπὸ γῆν, ὅσον Ἀθηναῖοι δέξαιντο ἂν πρὸ τῆς τῶν Ἑλλήνων ἐλευθερίας.

[6] τοῖς δὲ παρὰ Μαρδονίου τὸν ἥλιον δείξας 'ἄχρι ἂν οὗτος' ἔφη 'ταύτην πορεύηται τὴν πορείαν, Ἀθηναῖοι πολεμήσουσι Πέρσαις ὑπὲρ τῆς δεδῃωμένης χώρας καὶ τῶν ἠσεβημένων καὶ κατακεκαυμένων ἱερῶν.' ἔτι δ' ἀρὰς θέσθαι τοὺς ἱερεῖς ἔγραψεν, εἴ τις ἐπικηρυκεύσαιτο Μήδοις ἢ τὴν συμμαχίαν ἀπολίποι τῶν Ἑλλήνων.

[7] Ἐμβαλόντος δὲ Μαρδονίου τὸ δεύτερον εἰς τὴν Ἀττικήν, αὖθις εἰς Σαλαμῖνα διεπέρασαν. Ἀριστείδης δὲ πεμφθεὶς εἰς Λακεδαίμονα τῆς μὲν βραδυτῆτος αὐτοῖς ἐνεκάλει καὶ τῆς ὀλιγωρίας, προεμένοις αὖθις τῷ βαρβάρῳ τὰς Ἀθήνας, ἠξίου δὲ πρὸς τὰ ἔτι σῳζόμενα τῆς Ἑλλάδος [8] βοηθεῖν. ταῦτ' ἀκούσαντες οἱ ἔφοροι μεθ' ἡμέραν μὲν ἐδόκουν παίζειν καὶ ῥᾳθυμεῖν ἑορτάζοντες· ἦν γὰρ αὐτοῖς Ὑακίνθια· νυκτὸς δὲ πεντακισχιλίους Σπαρτιατῶν ἐπιλέξαντες, ὧν ἕκαστος ἑπτὰ περὶ αὑτὸν εἵλωτας εἶχεν, [9] ἐξέπεμψαν οὐκ εἰδότων τῶν Ἀθηναίων. ἐπεὶ δὲ πάλιν ἐγκαλῶν ὁ Ἀριστείδης προσῆλθεν, οἱ δὲ σὺν γέλωτι ληρεῖν αὐτὸν ἔφασαν καὶ καθεύδειν, ἤδη γὰρ ἐν Ὀρεστείῳ τὸν στρατὸν εἶναι, πορευόμενον ἐπὶ τοὺς ξένους - ξένους γὰρ ἐκάλουν τοὺς Πέρσας - , οὐ κατὰ καιρὸν ἔφη παίζειν αὐτοὺς ὁ Ἀριστείδης, ἀντὶ τῶν πολεμίων τοὺς φίλους ἐξαπατῶντας. ταῦθ' οἱ περὶ τὸν Ἰδομενέα (FGrH 338 [10] F 6) λέγουσιν· ἐν δὲ τῷ ψηφίσματι τοῦ Ἀριστείδου πρεσβευτὴς οὐκ αὐτός, ἀλλὰ Κίμων καὶ Ξάνθιππος καὶ Μυρωνίδης φέρονται.

[11] [1] Χειροτονηθεὶς δὲ στρατηγὸς αὐτοκράτωρ ἐπὶ τὴν μάχην, καὶ τῶν Ἀθηναίων ὀκτακισχιλίους ὁπλίτας ἀναλαβών, [2] ἧκεν εἰς Πλαταιάς. ἐκεῖ δὲ καὶ Παυσανίας ὁ τοῦ σύμπαντος ἡγούμενος Ἑλληνικοῦ συνέμειξεν, ἔχων τοὺς Σπαρτιάτας, καὶ τῶν ἄλλων Ἑλλήνων ἐπέρρει τὸ πλῆθος. τῶν δὲ βαρβάρων τὸ μὲν ὅλον τῆς στρατοπεδείας παρὰ τὸν Ἀσωπὸν ποταμὸν παρεκτεταμένης οὐδεὶς ἦν ὅρος διὰ τὸ μέγεθος, περὶ δὲ τὰς ἀποσκευὰς καὶ τὰ κυριώτατα τεῖχος περιεφράξαντο τετράγωνον, οὗ τῶν πλευρῶν [3] ἑκάστη

μῆκος ἦν δέκα σταδίων. Παυσανίᾳ μὲν οὖν καὶ τοῖς Ἕλλησι κοινῇ Τεισαμενὸς ὁ Ἠλεῖος ἐμαντεύσατο, καὶ προεῖπε νίκην ἀμυνομένοις καὶ μὴ προεπιχειροῦσιν· Ἀριστείδου δὲ πέμψαντος εἰς Δελφούς, ἀνεῖλεν ὁ θεὸς Ἀθηναίους καθυπερτέρους ἔσεσθαι τῶν ἐναντίων εὐχομένους τῷ Διὶ καὶ τῇ Ἥρᾳ τῇ Κιθαιρωνίᾳ καὶ Πανὶ καὶ νύμφαις Σφραγίτισι, καὶ θύοντας ἥρωσιν Ἀνδροκράτει Λεύκωνι Πεισάνδρῳ Δαμοκράτει Ὑψίονι Ἀκταίωνι Πολυείδῳ, καὶ τὸν κίνδυνον ἐν γᾷ ἰδίᾳ ποιουμένους ἐν τῷ πεδίῳ τᾶς Δάματρος τᾶς Ἐλευσινίας καὶ τᾶς Κόρας.

[4] οὗτος ὁ χρησμὸς ἀνενεχθεὶς ἀπορίαν τῷ Ἀριστείδῃ παρεῖχεν. οἱ μὲν γὰρ ἥρωες οἷς ἐκέλευε θύειν ἀρχηγέται Πλαταιέων ἦσαν, καὶ τὸ τῶν Σφραγιτίδων νυμφῶν ἄντρον ἐν μιᾷ κορυφῇ τοῦ Κιθαιρῶνός ἐστιν, εἰς δυσμὰς ἡλίου θερινὰς τετραμμένον, ἐν ᾧ καὶ μαντεῖον ἦν πρότερον ὥς φασι καὶ πολλοὶ κατείχοντο τῶν ἐπιχωρίων, [5] οὓς νυμφολήπτους προσηγόρευον. τὸ δὲ τῆς Ἐλευσινίας Δήμητρος πεδίον, καὶ τὸ τὴν μάχην ἐν ἰδίᾳ χώρᾳ ποιουμένοις τοῖς Ἀθηναίοις νίκην δίδοσθαι, πάλιν εἰς τὴν Ἀττικὴν ἀνεκαλεῖτο καὶ μεθίστη τὸν πόλεμον. ἔνθα τῶν Πλαταιέων ὁ στρατηγὸς Ἀρίμνηστος ἔδοξε κατὰ τοὺς ὕπνους ὑπὸ τοῦ Διὸς τοῦ Σωτῆρος ἐπερωτώμενον αὑτόν, ὅ τι δὴ πράττειν δέδοκται τοῖς Ἕλλησιν, εἰπεῖν· ‘αὔριον εἰς Ἐλευσῖνα τὴν στρατιὰν ἀπάξομεν ὦ δέσποτα, καὶ διαμαχούμεθα τοῖς βαρβάροις ἐκεῖ κατὰ τὸ πυθόχρηστον’.

[6] τὸν οὖν θεὸν φάναι διαμαρτάνειν αὐτοὺς τοῦ παντός· αὐτόθι γὰρ εἶναι περὶ τὴν Πλαταϊκὴν τὰ πυθόχρηστα, καὶ ζητοῦντας ἀνευρήσειν. τούτων ἐναργῶς τῷ Ἀριμνήστῳ φανέντων, ἐξεγρόμενος τάχιστα μετεπέμψατο τοὺς ἐμπειροτάτους καὶ πρεσβυτάτους τῶν πολιτῶν, μεθ’ ὧν διαλεγόμενος καὶ συνδιαπορῶν εὗρεν, ὅτι τῶν Ὑσιῶν πλησίον ὑπὸ τὸν Κιθαιρῶνα ναός ἐστιν ἀρχαῖος πάνυ [7] Δήμητρος Ἐλευσινίας καὶ Κόρης προσαγορευόμενος. εὐθὺς οὖν παραλαβὼν τὸν Ἀριστείδην ἦγεν ἐπὶ τὸν τόπον, εὐφυέστατον ὄντα παρατάξαι φάλαγγα πεζὴν ἱπποκρατουμένοις διὰ τὰς ὑπωρείας τοῦ Κιθαιρῶνος, ἄφιππα ποιούσας τὰ καταλήγοντα καὶ συγκυροῦντα τοῦ πεδίου [8] πρὸς τὸ ἱερόν. ταύτῃ δ’ ἦν καὶ τὸ τοῦ Ἀνδροκράτους ἡρῷον ἐγγύς, ἄλσει πυκνῶν καὶ συσκίων δένδρων περιεχόμενον. ὅπως δὲ μηδὲν ἐλλιπὲς ἔχῃ πρὸς τὴν ἐλπίδα τῆς νίκης ὁ χρησμός, ἔδοξε τοῖς Πλαταιεῦσιν, Ἀριμνήστου γνώμην εἰπόντος, ἀνελεῖν τὰ πρὸς τὴν Ἀττικὴν ὅρια τῆς Πλαταιΐδος καὶ τὴν χώραν ἐπιδοῦναι τοῖς Ἀθηναίοις, ὑπὲρ τῆς Ἑλλάδος ἐν οἰκείᾳ κατὰ τὸν χρησμὸν [9] ἐναγωνίσασθαι. ταύτην μὲν οὖν τὴν φιλοτιμίαν τῶν Πλαταιέων οὕτω συνέβη περιβόητον γενέσθαι, ὥστε καὶ Ἀλέξανδρον ἤδη βασιλεύοντα τῆς Ἀσίας ὕστερον πολλοῖς ἔτεσι τειχίζοντα τὰς Πλαταιὰς ἀνειπεῖν Ὀλυμπίασιν ὑπὸ κήρυκος, ὅτι ταύτην ὁ βασιλεὺς ἀποδίδωσι Πλαταιεῦσι τῆς

ἀνδραγαθίας καὶ μεγαλοψυχίας χάριν, ἐπειδὴ τοῖς Ἕλλησιν ἐν τῷ Μηδικῷ πολέμῳ τὴν χώραν ἐπέδωκαν καὶ παρέσχον αὑτοὺς προθυμοτάτους.

[12] [1] Ἀθηναίοις δὲ Τεγεᾶται περὶ τάξεως ἐρίσαντες ἠξίουν, ὥσπερ αἰεί, Λακεδαιμονίων τὸ δεξιὸν ἐχόντων κέρας, αὐτοὶ τὸ εὐώνυμον ἔχειν, πολλὰ τοὺς αὑτῶν προγόνους ἐγκωμιάζοντες. ἀγανακτούντων δὲ τῶν Ἀθηναίων, [2] παρελθὼν ὁ Ἀριστείδης εἶπε· 'Τεγεάταις μὲν ἀντειπεῖν περὶ εὐγενείας καὶ ἀνδραγαθίας ὁ παρὼν καιρὸς οὐ δίδωσι· πρὸς δ' ὑμᾶς ὦ Σπαρτιᾶται καὶ τοὺς ἄλλους Ἕλληνας λέγομεν, ὅτι τὴν ἀρετὴν οὐκ ἀφαιρεῖται τόπος οὐδὲ δίδωσιν· ἣν δ' ἂν ὑμεῖς ἡμῖν τάξιν ἀποδῶτε, πειρασόμεθα κοσμοῦντες καὶ φυλάττοντες μὴ καταισχύνειν [3] τοὺς προηγωνισμένους ἀγῶνας. ἥκομεν γὰρ οὐ τοῖς συμμάχοις στασιάσοντες, ἀλλὰ μαχούμενοι τοῖς πολεμίοις, οὐδ' ἐπαινεσόμενοι τοὺς πατέρας, ἀλλ' αὑτοὺς ἄνδρας ἀγαθοὺς τῇ Ἑλλάδι παρέξοντες· ὡς οὗτος ὁ ἀγὼν δείξει καὶ πόλιν καὶ ἄρχοντα καὶ ἰδιώτην ὁπόσου τοῖς Ἕλλησιν [4] ἄξιός ἐστι.' ταῦτ' ἀκούσαντες οἱ σύνεδροι καὶ ἡγεμόνες ἀπεδέξαντο τοὺς Ἀθηναίους καὶ θάτερον αὐτοῖς κέρας ἀπέδοσαν.

[13] [1] Οὔσης δὲ μετεώρου τῆς Ἑλλάδος, καὶ μάλιστα τοῖς Ἀθηναίοις τῶν πραγμάτων ἐπισφαλῶς ἐχόντων, ἄνδρες ἐξ οἴκων ἐπιφανῶν καὶ χρημάτων μεγάλων πένητες ὑπὸ τοῦ πολέμου γεγονότες, καὶ πᾶσαν ἅμα τῷ πλούτῳ τὴν ἐν τῇ πόλει δύναμιν αὑτῶν καὶ δόξαν οἰχομένην ὁρῶντες, ἑτέρων τιμωμένων καὶ ἀρχόντων, συνῆλθον εἰς οἰκίαν τινὰ τῶν ἐν Πλαταιαῖς κρύφα καὶ συνωμόσαντο καταλύσειν τὸν δῆμον· εἰ δὲ μὴ προχωροίη, λυμανεῖσθαι [2] τὰ πράγματα καὶ τοῖς βαρβάροις προδώσειν. πραττομένων δὲ τούτων ἐν τῷ στρατοπέδῳ, καὶ συχνῶν ἤδη διεφθαρμένων, αἰσθόμενος ὁ Ἀριστείδης καὶ φοβηθεὶς τὸν καιρόν, ἔγνω μήτ' ἐᾶν ἀμελούμενον τὸ πρᾶγμα μήθ' ἅπαν ἐκκαλύπτειν, ἀγνοούμενον εἰς ὅσον ἐκβήσεται πλῆθος ὁ ἔλεγχος τὸν τοῦ δικαίου ζητῶν ὅρον ἀντὶ τοῦ [3] συμφέροντος. ὀκτὼ δή τινας ἐκ πολλῶν συνέλαβε, καὶ τούτων δύο μέν, οἷς πρώτοις ἡ κρίσις προεγράφη, οἳ καὶ πλείστην αἰτίαν εἶχον, Αἰσχίνης Λαμπτρεὺς καὶ Ἀγασίας Ἀχαρνεύς, ᾤχοντο φεύγοντες ἐκ τοῦ στρατοπέδου· τοὺς δ' ἄλλους ἀφῆκε, θαρρῆσαι διδοὺς καὶ μεταγνῶναι τοῖς ἔτι λανθάνειν οἰομένοις, ὑπειπὼν ὡς μέγα δικαστήριον ἔχουσι τὸν πόλεμον ἀπολύσασθαι τὰς αἰτίας ὀρθῶς καὶ δικαίως τῇ πατρίδι βουλόμενοι.

[14] [1] Μετὰ ταῦτα Μαρδόνιος, ᾧ πλεῖστον ἐδόκει διαφέρειν, τῶν Ἑλλήνων ἀπεπειρᾶτο, τὴν ἵππον ἀθρόαν αὐτοῖς ἐφεὶς καθεζομένοις ὑπὸ τὸν πρόποδα τοῦ Κιθαιρῶνος ἐν χωρίοις ὀχυροῖς καὶ πετρώδεσι, πλὴν Μεγαρέων.

[2] οὗτοι δὲ τρισχίλιοι τὸ πλῆθος ὄντες ἐν τοῖς ἐπιπέδοις μᾶλλον ἐστρατοπεδεύοντο. διὸ καὶ κακῶς ἔπασχον ὑπὸ τῆς ἵππου, ῥυείσης ἐπ'

αὐτοὺς καὶ προσβολὰς ἐχούσης [3] πανταχόθεν. ἔπεμπον οὖν ἄγγελον κατὰ τάχος πρὸς Παυσανίαν βοηθεῖν κελεύοντες, ὡς οὐ δυνάμενοι καθ’ αὑτοὺς [4] ὑποστῆναι τὸ τῶν βαρβάρων πλῆθος. ταῦτα Παυσανίας ἀκούων, ἤδη δὲ καὶ καθορῶν ἀποκεκρυμμένον ἀκοντισμάτων καὶ τοξευμάτων πλήθει τὸ στρατόπεδον τῶν Μεγαρέων καὶ συνεσταλμένους αὐτοὺς εἰς ὀλίγον, αὐτὸς μὲν ἀμήχανος ἦν ἱππότας ἀμύνειν ὁπλιτικῇ φάλαγγι καὶ βαρείᾳ τῇ Σπαρτιατῶν, τοῖς δ’ ἄλλοις στρατηγοῖς καὶ λοχαγοῖς τῶν Ἑλλήνων περὶ αὐτὸν οὖσι προὔθετο ζῆλον ἀρετῆς καὶ φιλοτιμίας, εἰ δή τινες ἑκόντες ἀναδέξαιντο προαγωνίσασθαι καὶ βοηθῆσαι τοῖς Μεγαρεῦσι.

[5] τῶν δ’ ἄλλων ὀκνούντων, Ἀριστείδης ἀναδεξάμενος ὑπὲρ τῶν Ἀθηναίων τὸ ἔργον, ἀποστέλλει τὸν προθυμότατον τῶν λοχαγῶν Ὀλυμπιόδωρον, ἔχοντα τοὺς ὑπ’ αὐτῷ τεταγμένους λογάδας τριακοσίους καὶ τοξότας ἀναμεμειγμένους σὺν αὐτοῖς. τούτων ὀξέως διασκευασαμένων καὶ προσφερομένων δρόμῳ, Μασίστιος ὁ τῶν βαρβάρων ἵππαρχος, ἀνὴρ ἀλκῇ τε θαυμαστὸς μεγέθει τε καὶ κάλλει σώματος περιττός, ὡς κατεῖδεν, ἐναντίον ἐπιστρέψας [6] τὸν ἵππον εἰς αὐτοὺς ἤλαυνε. τῶν δ’ ἀνασχομένων καὶ συμβαλόντων, ἦν ἀγὼν καρτερός, ὡς πεῖραν ἐν τούτῳ τοῦ παντὸς λαμβανόντων. ἐπεὶ δὲ τοξευθεὶς ὁ ἵππος τὸν Μασίστιον ἀπέρριψε, καὶ πεσὼν ὑπὸ βάρους τῶν ὅπλων αὐτός τε δυσκίνητος ἦν ἀναφέρειν καὶ τοῖς Ἀθηναίοις ἐπικειμένοις καὶ παίουσι δυσμεταχείριστος, οὐ μόνον στέρνα καὶ κεφαλήν, ἀλλὰ καὶ τὰ γυῖς χρυσῷ καὶ χαλκῷ καὶ σιδήρῳ καταπεφραγμένος, τοῦτον μὲν ᾗ τὸ κράνος ὑπέφαινε τὸν ὀφθαλμὸν ἀκοντίου στύρακι παίων τις ἀνεῖλεν, οἱ δ’ ἄλλοι Πέρσαι προέμενοι τὸν [7] νεκρὸν ἔφευγον. ἐγνώσθη δὲ τοῦ κατορθώματος τὸ μέγεθος τοῖς Ἕλλησιν οὐκ ἀπὸ τῶν νεκρῶν τοῦ πλήθους - ὀλίγοι γὰρ οἱ πεσόντες ἦσαν - , ἀλλὰ τῷ πένθει τῶν [8] βαρβάρων. καὶ γὰρ ἑαυτοὺς ἔκειραν ἐπὶ τῷ Μασιστίῳ καὶ ἵππους καὶ ἡμιόνους, οἰμωγῆς τε καὶ κλαυθμοῦ τὸ πεδίον ἐνεπίμπλασαν, ὡς ἄνδρα πολὺ πρῶτον ἀρετῇ καὶ δυνάμει μετά γε Μαρδόνιον αὐτὸν ἀποβαλόντες.

[15] [1] Μετὰ δὲ τὴν ἱππομαχίαν ἀμφότεροι μάχης ἔσχοντο χρόνον πολύν· ἀμυνομένοις γὰρ οἱ μάντεις νίκην προὔφαινον ἐκ τῶν ἱερῶν ὁμοίως καὶ τοῖς Πέρσαις καὶ τοῖς [2] Ἕλλησιν, εἰ δ’ ἐπιχειροῖεν, ἧτταν. ἔπειτα Μαρδόνιος, ὡς αὐτῷ μὲν ἡμερῶν ὀλίγων τὰ ἐπιτήδεια περιῆν, οἱ δ’ Ἕλληνες ἀεί τινων ἐπιρρεόντων πλείονες ἐγίγνοντο, δυσανασχετῶν ἔγνω μηκέτι μένειν, ἀλλὰ διαβὰς ἅμα φάει τὸν Ἀσωπὸν ἐπιθέσθαι τοῖς Ἕλλησιν ἀπροσδοκήτως, καὶ [3] παράγγελμα τοῖς ἡγεμόσιν ἑσπέρας ἔδωκε. μεσούσης δὲ μάλιστα τῆς νυκτὸς ἀνὴρ ἵππον ἔχων ἀτρέμα προσεμείγνυε τῷ στρατοπέδῳ τῶν Ἑλλήνων, ἐντυχὼν δὲ ταῖς φυλακαῖς, ἐκέλευεν αὐτῷ προσελθεῖν Ἀριστείδην τὸν

Ἀθηναῖον. ὑπακούσαντος δὲ ταχέως, ἔφησεν· ‘εἰμὶ μὲν Ἀλέξανδρος ὁ Μακεδόνων βασιλεύς, ἥκω δὲ κινδύνων τὸν μέγιστον εὐνοίᾳ τῇ πρὸς ὑμᾶς αἰρόμενος, ὡς μὴ τὸ [4] αἰφνίδιον ἐκπλήξειεν ὑμᾶς χεῖρον ἀγωνίσασθαι. μαχεῖται γὰρ ὑμῖν Μαρδόνιος αὔριον, οὐχ ὑπ’ ἐλπίδος χρηστῆς οὐδὲ θάρσους, ἀλλ’ ἀπορίας τῶν παρόντων, ἐπεὶ καὶ μάντεις ἐκεῖνον ἀπαισίοις ἱεροῖς καὶ λογίοις χρησμῶν εἴργουσι μάχης, καὶ τὸν στρατὸν ἔχει δυσθυμία πολλὴ καὶ κατάπληξις. ἀλλ’ ἀνάγκη τολμῶντα πειρᾶσθαι τῆς τύχης ἢ τὴν ἐσχάτην ὑπομένειν ἀπορίαν καθεζόμενον.’ [5] ταῦτα φράσας ὁ Ἀλέξανδρος ἐδεῖτο τὸν Ἀριστείδην αὐτὸν εἰδέναι καὶ μνημονεύειν, ἑτέρῳ δὲ μὴ κατειπεῖν. ὁ δ’ οὐ καλῶς ἔχειν ἔφη ταῦτα Παυσανίαν ἀποκρύψασθαι· ἐκείνῳ γὰρ ἀνακεῖσθαι τὴν ἡγεμονίαν· πρὸς δὲ τοὺς ἄλλους ἄρρητα πρὸ τῆς μάχης [ἔδοξεν] ἔσεσθαι, νικώσης δὲ τῆς Ἑλλάδος οὐδένα τὴν Ἀλεξάνδρου προθυμίαν καὶ [6] ἀρετὴν ἀγνοήσειν. λεχθέντων δὲ τούτων ὅ τε βασιλεὺς τῶν Μακεδόνων ἀπήλαυνεν ὀπίσω πάλιν, ὅ τ’ Ἀριστείδης ἀφικόμενος ἐπὶ τὴν σκηνὴν τοῦ Παυσανίου διηγεῖτο τοὺς λόγους, καὶ μετεπέμποντο τοὺς ἄλλους ἡγεμόνας καὶ παρήγγελλον ἐν κόσμῳ τὸν στρατὸν ἔχειν, ὡς μάχης ἐσομένης.

[16] [1] Ἐν τούτῳ δ’, ὡς Ἡρόδοτος (9, 46) ἱστορεῖ, Παυσανίας Ἀριστείδῃ προσέφερε λόγον, ἀξιῶν τοὺς Ἀθηναίους ἐπὶ τὸ δεξιὸν μεταγαγόντα κατὰ τοὺς Πέρσας ἀντιταχθῆναι, βέλτιον γὰρ ἀγωνιεῖσθαι τῆς τε μάχης ἐμπείρους γεγονότας καὶ τῷ προνενικηκέναι θαρροῦντας, αὐτῷ δὲ παραδοῦναι τὸ εὐώνυμον, ὅπου τῶν Ἑλλήνων [2] οἱ μηδίζοντες ἐπιβάλλειν ἔμελλον. οἱ μὲν οὖν ἄλλοι στρατηγοὶ τῶν Ἀθηναίων ἀγνώμονα καὶ φορτικὸν ἡγοῦντο τὸν Παυσανίαν, εἰ τὴν ἄλλην ἐῶν τάξιν ἐν χώρᾳ μόνους ἄνω καὶ κάτω μεταφέρει σφᾶς ὥσπερ εἵλωτας, [3] κατὰ τὸ μαχιμώτατον προβαλλόμενος· ὁ δ’ Ἀριστείδης διαμαρτάνειν αὐτοὺς ἔφασκε τοῦ παντός, εἰ πρῴην μὲν ὑπὲρ τοῦ τὸ εὐώνυμον κέρας ἔχειν διεφιλοτιμοῦντο Τεγεάταις καὶ προκριθέντες ἐσεμνύνοντο, νῦν δὲ Λακεδαιμονίων ἑκουσίως ἐξισταμένων αὐτοῖς τοῦ δεξιοῦ καὶ τρόπον τινὰ τὴν ἡγεμονίαν παραδιδόντων, οὔτε τὴν δόξαν ἀγαπῶσιν, οὔτε κέρδος ἡγοῦνται τὸ μὴ πρὸς ὁμοφύλους καὶ συγγενεῖς, ἀλλὰ βαρβάρους φύσει πολεμίους ἀγωνίσασθαι.

[4] ἐκ τούτου πάνυ προθύμως οἱ Ἀθηναῖοι διημείβοντο τοῖς Σπαρτιάταις τὴν τάξιν, καὶ λόγος ἐχώρει δι’ αὐτῶν πολὺς ἀλλήλοις παρεγγυώντων, ὡς οὔθ’ ὅπλα βελτίω λαβόντες οὔτε ψυχὰς ἀμείνους οἱ πολέμιοι τῶν ἐν Μαραθῶνι προσίασιν, ἀλλὰ τὰ αὐτὰ μὲν ἐκείνοις τόξα, τὰ αὐτὰ δ’ ἐσθῆτος ποικίλματα καὶ χρυσὸς ἐπὶ σώμασι [5] μαλακοῖς καὶ ψυχαῖς ἀνάνδροις· ἡμῖν δ’ ὅπλα μὲν ὅμοια καὶ σώματα, μεῖζον δὲ ταῖς νίκαις τὸ θάρσος, ὁ δ’ ἀγὼν οὐχ ὑπὲρ χώρας καὶ πόλεως μόνον ὡς ἐκείνοις, ἀλλ’ ὑπὲρ τῶν ἐν Μαραθῶνι καὶ

Σαλαμῖνι τροπαίων, ὡς μηδ’ ἐκεῖνα [6] Μιλτιάδου δοκῇ καὶ τύχης, ἀλλ’ Ἀθηναίων. οὗτοι μὲν οὖν σπεύδοντες ἐν ἀμείψει τῶν τάξεων ἦσαν· αἰσθόμενοι δὲ Θηβαῖοι παρ’ αὐτομόλων, Μαρδονίῳ φράζουσι, κἀκεῖνος εὐθύς, εἴτε δεδιὼς τοὺς Ἀθηναίους, εἴτε τοῖς Λακεδαιμονίοις συμπεσεῖν φιλοτιμούμενος, ἀντιπαρεξῆγε τοὺς Πέρσας ἐπὶ τὸ δεξιόν, τοὺς δ’ Ἕλληνας ἐκέλευε τοὺς σὺν αὐτῷ κατὰ τοὺς Ἀθηναίους ἵστασθαι.

[7] γενομένης δὲ τῆς μετακοσμήσεως καταφανοῦς, ὅ τε Παυσανίας ἀποτραπεὶς αὖθις ἐπὶ τοῦ δεξιοῦ κατέστη, καὶ Μαρδόνιος, ὥσπερ εἶχεν ἐξ ἀρχῆς, ἀνέλαβε τὸ εὐώνυμον κατὰ τοὺς Λακεδαιμονίους γενόμενος, ἥ θ’ ἡμέρα διεξῆλθεν [8] ἀργή, καὶ τοῖς Ἕλλησι βουλευομένοις ἔδοξε πορρωτέρω μεταστρατοπεδεῦσαι καὶ καταλαβεῖν εὔυδρον χωρίον, ἐπεὶ τὰ πλησίον νάματα καθύβριστο καὶ διέφθαρτο τῶν βαρβάρων ἱπποκρατούντων.

[17] [1] Ἐπελθούσης δὲ νυκτὸς καὶ τῶν στρατηγῶν ἀγόντων ἐπὶ τὴν ἀποδεδειγμένην στρατοπεδείαν, οὐ πάνυ πρόθυμον ἦν ἕπεσθαι καὶ συμμένειν τὸ πλῆθος, ἀλλ’ ὡς ἀνέστησαν ἐκ τῶν πρώτων ἐρυμάτων, ἐφέροντο πρὸς τὴν πόλιν τῶν Πλαταιέων οἱ πολλοί, καὶ θόρυβος ἦν ἐκεῖ διασκιδναμένων καὶ κατασκηνούντων ἀτάκτως. Λακεδαιμονίοις δὲ συνέβαινεν ἄκουσιν ἀπολείπεσθαι τῶν ἄλλων· [2] Ἀμομφάρετος γάρ, ἀνὴρ θυμοειδὴς καὶ φιλοκίνδυνος, ἔκπαλαι πρὸς τὴν μάχην σπαργῶν καὶ βαρυνόμενος τὰς πολλὰς ἀναβολὰς καὶ μελλήσεις, τότε δὴ παντάπασι τὴν μετανάστασιν φυγὴν ἀποκαλῶν καὶ ἀπόδρασιν, οὐκ ἔφη λείψειν τὴν τάξιν, ἀλλ’ αὐτόθι μένων μετὰ τῶν [3] αὑτοῦ λοχιτῶν ὑποστήσεσθαι Μαρδόνιον. ὡς δὲ Παυσανίας ἐπελθὼν ἔλεγε ταῦτα πράττειν ἐψηφισμένα καὶ δεδογμένα τοῖς Ἕλλησιν, ἀράμενος ταῖν χεροῖν πέτρον μέγαν ὁ Ἀμομφάρετος καὶ καταβαλὼν πρὸ τῶν ποδῶν τοῦ Παυσανίου, ταύτην ἔφη ψῆφον αὐτὸς περὶ τῆς μάχης τίθεσθαι, τὰ δὲ τῶν ἄλλων δειλὰ βουλεύματα καὶ δόγματα [4] χαίρειν ἐᾶν. ἀπορούμενος δὲ Παυσανίας τῷ παρόντι, πρὸς μὲν τοὺς Ἀθηναίους ἔπεμψεν ἀπιόντας ἤδη, περιμεῖναι δεόμενος καὶ κοινῇ βαδίζειν, αὐτὸς δὲ τὴν ἄλλην δύναμιν ἦγε πρὸς τὰς Πλαταιὰς ὡς ἀναστήσων τὸν Ἀμομφάρετον.

[5] Ἐν τούτῳ δὲ κατελάμβανεν ἡμέρα, καὶ Μαρδόνιος - οὐ γὰρ ἔλαθον τὴν στρατοπεδείαν ἐκλελοιπότες οἱ Ἕλληνες - ἔχων συντεταγμένην τὴν δύναμιν ἐπεφέρετο τοῖς Λακεδαιμονίοις βοῇ πολλῇ καὶ πατάγῳ τῶν βαρβάρων, ὡς οὐ μάχης γενησομένης, ἀλλὰ φεύγοντας ἀναρπασομένων [6] τοὺς Ἕλληνας. ὃ μικρᾶς ῥοπῆς ἐδέησε γενέσθαι. κατιδὼν γὰρ τὸ γιγνόμενον ὁ Παυσανίας, ἔσχετο μὲν τῆς πορείας καὶ τὴν ἐπὶ μάχῃ τάξιν ἐκέλευσε λαμβάνειν ἕκαστον, ἔλαθε δ’ αὐτόν, εἴθ’ ὑπὸ τῆς πρὸς τὸν Ἀμομφάρετον ὀργῆς εἴτε τῷ τάχει θορυβηθέντα τῶν πολεμίων, [7] σύνθημα μὴ δοῦναι τοῖς Ἕλλησιν. ὅθεν οὔτ’

εὐθὺς οὔτ' ἀθρόοι, κατ' ὀλίγους δὲ καὶ σποράδην, ἤδη τῆς μάχης ἐν χερσὶν οὔσης, προσεβοήθουν. ὡς δὲ θυόμενος οὐκ ἐκαλλιέρει, προσέταξε τοῖς Λακεδαιμονίοις τὰς ἀσπίδας πρὸ τῶν ποδῶν θεμένους ἀτρέμα καθέζεσθαι καὶ προσέχειν αὐτῷ, μηδένα τῶν πολεμίων ἀμυνομένους, αὐτὸς [8] δὲ πάλιν ἐσφαγιάζετο. καὶ προσέπιπτον οἱ ἱππεῖς, ἤδη δὲ καὶ βέλος ἐξικνεῖτο καί τις ἐπέπληκτο τῶν Σπαρτιατῶν. ἐν τούτῳ δὲ καὶ Καλλικράτης, ὃν ἰδέᾳ τε κάλλιστον Ἑλλήνων καὶ σώματι μέγιστον ἐν ἐκείνῳ τῷ στρατῷ γενέσθαι λέγουσι, τοξευθεὶς καὶ θνῄσκων οὐκ ἔφη τὸν θάνατον ὀδύρεσθαι, καὶ γὰρ ἐλθεῖν οἴκοθεν ὑπὲρ τῆς Ἑλλάδος ἀποθανούμενος, ἀλλ' ὅτι θνῄσκει τῇ [9] χειρὶ μὴ χρησάμενος. ἦν οὖν τὸ μὲν πάθος δεινόν, ἡ δ' ἐγκράτεια θαυμαστὴ τῶν ἀνδρῶν. οὐ γὰρ ἠμύνοντο τοὺς πολεμίους ἐπιβαίνοντας, ἀλλὰ τὸν παρὰ τοῦ θεοῦ καὶ τοῦ στρατηγοῦ καιρὸν ἀναμένοντες, ἠνείχοντο βαλλόμενοι [10] καὶ πίπτοντες ἐν ταῖς τάξεσιν. ἔνιοι δέ φασι τῷ Παυσανίᾳ μικρὸν ἔξω τῆς παρατάξεως θύοντι καὶ κατευχομένῳ τῶν Λυδῶν τινας ἄφνω προσπεσόντας ἁρπάζειν καὶ διαρρίπτειν τὰ περὶ τὴν θυσίαν, τὸν δὲ Παυσανίαν καὶ τοὺς περὶ αὐτὸν οὐκ ἔχοντας ὅπλα ῥάβδοις καὶ μάστιξι παίειν· διὸ καὶ νῦν ἐκείνης τῆς ἐπιδρομῆς μίμημα τὰς περὶ τὸν βωμὸν ἐν Σπάρτῃ πληγὰς τῶν ἐφήβων καὶ τὴν μετὰ ταῦτα Λυδῶν πομπὴν συντελεῖσθαι.

[18] [1] Δυσφορῶν οὖν ὁ Παυσανίας τοῖς παροῦσιν, ἄλλα τοῦ μάντεως ἐπ' ἄλλοις ἱερεῖα καταβάλλοντος, τρέπεται πρὸς τὸ Ἡραῖον τῇ ὄψει δεδακρυμένος, καὶ τὰς χεῖρας ἀνασχὼν εὔξατο Κιθαιρωνίᾳ Ἥρᾳ καὶ θεοῖς ἄλλοις οἳ Πλαταιίδα γῆν ἔχουσιν, εἰ μὴ πέπρωται τοῖς Ἕλλησι νικᾶν, ἀλλὰ δράσαντάς γέ τι παθεῖν καὶ δείξαντας ἔργῳ τοῖς πολεμίοις, ὡς ἐπ' ἄνδρας ἀγαθοὺς καὶ μάχεσθαι [2] μεμαθηκότας ἐστράτευσαν. ταῦτα τοῦ Παυσανίου θεοκλυτοῦντος, ἅμα ταῖς εὐχαῖς ἐφάνη τὰ ἱερά, καὶ νίκην ὁ μάντις ἔφραζε, καὶ δοθέντος εἰς ἅπαντας τοῦ παραγγέλματος καθίστασθαι πρὸς τοὺς πολεμίους, ἥ τε φάλαγξ ὄψιν ἔσχεν αἰφνιδίως ἑνὸς ζῴου θυμοειδοῦς πρὸς ἀλκὴν τρεπομένου καὶ φρίξαντος, τοῖς τε βαρβάροις τότε παρέστη λογισμός, ὡς πρὸς ἄνδρας αὐτοῖς ὁ ἀγὼν ἔσται [3] μαχουμένους ἄχρι θανάτου. διὸ καὶ πολλὰ προθέμενοι τῶν γέρρων ἐτόξευον εἰς τοὺς Λακεδαιμονίους, οἱ δὲ τηροῦντες ἅμα τὸν συνασπισμὸν ἐπέβαινον, καὶ προσπεσόντες ἐξεώθουν τὰ γέρρα, καὶ τοῖς δόρασι τύπτοντες πρόσωπα καὶ στέρνα τῶν Περσῶν πολλοὺς κατέβαλλον, [4] οὐκ ἀπράκτως οὐδ' ἀθύμως πίπτοντας. καὶ γὰρ ἀντιλαμβανόμενοι τῶν δοράτων ταῖς χερσὶ γυμναῖς συνέθραυον τὰ πλεῖστα, καὶ πρὸς τὰς ξιφουλκίας ἐχώρουν οὐκ ἀργῶς, ταῖς τε κοπίσι καὶ τοῖς ἀκινάκαις χρώμενοι καὶ τὰς ἀσπίδας παρασπῶντες, καὶ συμπλεκόμενοι χρόνον πολὺν ἀντεῖχον.

[5] Οἱ δ’ Ἀθηναῖοι τέως μὲν ἠτρέμουν ἀναμένοντες τοὺς Λακεδαιμονίους, ἐπεὶ δὲ κραυγή τε προσέπιπτε πολλὴ μαχομένων καὶ παρῆν ὥς φασιν ἄγγελος παρὰ Παυσανίου τὰ γιγνόμενα φράζων, ὥρμησαν κατὰ τάχος βοηθεῖν, [6] καὶ προχωροῦσιν αὐτοῖς διὰ τοῦ πεδίου πρὸς τὴν βοὴν ἐπεφέροντο τῶν Ἑλλήνων οἱ μηδίζοντες. Ἀριστείδης δὲ πρῶτον μὲν ὡς εἶδε, πολὺ προελθὼν ἐβόα, μαρτυρόμενος Ἑλληνίους θεούς, ἔχεσθαι μάχης καὶ μὴ σφίσιν ἐμποδὼν εἶναι μηδὲ κωλύειν ἐπαμύνοντας τοῖς προκινδυνεύουσιν ὑπὲρ τῆς Ἑλλάδος· ἐπεὶ δ’ ἑώρα μὴ προσέχοντας αὐτῷ καὶ συντεταγμένους ἐπὶ μάχην, οὕτω τῆς ἐκεῖ βοηθείας ἀποτραπόμενος συνέβαλε τούτοις, περὶ [7] πεντακισμυρίους οὖσιν. ἀλλὰ τὸ μὲν πλεῖστον εὐθὺς ἐνέδωκε καὶ ἀπεχώρησεν, ἅτε δὴ καὶ τῶν βαρβάρων ἀπηλλαγμένων, ἡ δὲ μάχη λέγεται μάλιστα κατὰ Θηβαίους γενέσθαι, προθυμότατα τῶν πρώτων καὶ δυνατωτάτων τότε παρ’ αὐτοῖς μηδιζόντων καὶ τὸ πλῆθος οὐ κατὰ γνώμην ἀλλ’ ὀλιγαρχούμενον ἀγόντων.

[19] [1] Οὕτω δὲ τοῦ ἀγῶνος δίχα συνεστῶτος, πρῶτοι μὲν ἐώσαντο τοὺς Πέρσας οἱ Λακεδαιμόνιοι, καὶ τὸν Μαρδόνιον ἀνὴρ Σπαρτιάτης ὄνομα Ἀείμνηστος ἀποκτίννυσι, λίθῳ τὴν κεφαλὴν πατάξας, ὥσπερ αὐτῷ προεσήμηνε τὸ [2] Ἀμφιάρεω μαντεῖον. ἔπεμψε γὰρ ἄνδρα Λυδὸν ἐνταῦθα, Κᾶρα δ’ ἕτερον εἰς τὸ Πτῷον ὁ Μαρδόνιος, καὶ τοῦτον μὲν ὁ προφήτης Καρικῇ γλώσσῃ προσεῖπεν, ὁ δὲ Λυδὸς ἐν τῷ σηκῷ τοῦ Ἀμφιάρεω κατευνασθεὶς ἔδοξεν ὑπηρέτην τινὰ τοῦ θεοῦ παραστῆναι καὶ κελεύειν αὐτὸν ἀπιέναι, μὴ βουλομένῳ δὲ λίθον εἰς τὴν κεφαλὴν ἐμβαλεῖν μέγαν, ὥστε δόξαι πληγέντα τεθνάναι τὸν ἄνθρωπον· καὶ ταῦτα μὲν οὕτω γενέσθαι λέγεται. τοὺς δὲ φεύγοντας εἰς τὰ [3] ξύλινα τείχη καθεῖρξαν. ὀλίγῳ δ’ ὕστερον Ἀθηναῖοι τοὺς Θηβαίους τρέπονται, τριακοσίους τοὺς ἐπιφανεστάτους καὶ πρώτους διαφθείραντες ἐν αὐτῇ τῇ μάχῃ. γεγενημένης γὰρ τῆς τροπῆς ἧκεν αὐτοῖς ἄγγελος πολιορκεῖσθαι [4] τὸ βαρβαρικὸν εἰς τὰ τείχη κατακεκλειμένον. οὕτω δὴ σῴζεσθαι τοὺς Ἕλληνας ἐάσαντες ἐβοήθουν πρὸς τὰ τείχη, καὶ τοῖς Λακεδαιμονίοις παντάπασιν ἀργῶς πρὸς τειχομαχίαν καὶ ἀπείρως ἔχουσιν ἐπιφανέντες, αἱροῦσι [5] τὸ στρατόπεδον φόνῳ πολλῷ τῶν πολεμίων. λέγονται γὰρ ἀπὸ τῶν τριάκοντα μυριάδων τετρακισμύριοι φυγεῖν σὺν Ἀρταβάζῳ, τῶν δ’ ὑπὲρ τῆς Ἑλλάδος ἀγωνισαμένων ἔπεσον οἱ πάντες ἐπὶ χιλίοις ἑξήκοντα καὶ τριακόσιοι.

[6] τούτων Ἀθηναῖοι μὲν ἦσαν δύο καὶ πεντήκοντα, πάντες ἐκ τῆς Αἰαντίδος φυλῆς, ὥς φησι Κλείδημος (FGrH 323 F 22), ἀγωνισαμένης ἄριστα· διὸ καὶ ταῖς Σφραγίτισι νύμφαις ἔθυον Αἰαντίδαι τὴν πυθόχρηστον θυσίαν ὑπὲρ τῆς νίκης, ἐκ δημοσίου τὸ ἀνάλωμα λαμβάνοντες· Λακεδαιμόνιοι δ’ ἑνὶ πλείους τῶν ἐνενήκοντα, Τεγεᾶται δ’ ἑκκαίδεκα.

[7] θαυμαστὸν οὖν τὸ Ἡροδότου (9, 85), πῶς μόνους τούτους φησὶν εἰς χεῖρας ἐλθεῖν τοῖς πολεμίοις, τῶν δ' ἄλλων Ἑλλήνων μηδένα. καὶ γὰρ τὸ πλῆθος τῶν πεσόντων καὶ τὰ μνήματα μαρτυρεῖ κοινὸν γενέσθαι τὸ κατόρθωμα, καὶ τὸν βωμὸν οὐκ ἂν ἐπέγραψαν οὕτως, εἰ μόναι τρεῖς πόλεις ἠγωνίσαντο, τῶν ἄλλων ἀτρέμα καθεζομένων (Simon. fr. 107 D.)·

τόνδε ποθ' Ἕλλανες νίκας κράτει, ἔργῳ Ἄρηος,
Πέρσας ἐξελάσαντες ἐλευθέρᾳ Ἑλλάδι κοινὸν
ἱδρύσαντο Διὸς βωμὸν Ἐλευθερίου.

[8] ταύτην τὴν μάχην ἐμαχέσαντο τῇ τετράδι τοῦ Βοηδρομιῶνος ἱσταμένου κατ' Ἀθηναίους, κατὰ δὲ Βοιωτοὺς τετράδι τοῦ Πανήμου φθίνοντος, ᾗ καὶ νῦν ἔτι τὸ Ἑλληνικὸν ἐν Πλαταιαῖς ἀθροίζεται συνέδριον καὶ θύουσι [9] τῷ Ἐλευθερίῳ Διὶ Πλαταιεῖς ὑπὲρ τῆς νίκης. τὴν δὲ τῶν ἡμερῶν ἀνωμαλίαν οὐ θαυμαστέον, ὅπου καὶ νῦν διηκριβωμένων τῶν ἐν ἀστρολογίᾳ μᾶλλον ἄλλην ἄλλοι μηνὸς ἀρχὴν καὶ τελευτὴν ἄγουσιν.

[20] [1] Ἐκ τούτου τῶν Ἀθηναίων τὸ ἀριστεῖον οὐ παραδιδόντων τοῖς Σπαρτιάταις οὐδὲ τρόπαιον ἱστάναι συγχωρούντων ἐκείνοις, παρ' οὐδὲν ἂν ἦλθεν εὐθὺς ἀπολέσθαι τὰ πράγματα τῶν Ἑλλήνων, ἐν τοῖς ὅπλοις διαστάντων, εἰ μὴ πολλὰ παρηγορῶν καὶ διδάσκων τοὺς συστρατήγους ὁ Ἀριστείδης, μάλιστα δὲ Λεωκράτην καὶ Μυρωνίδην, ἔσχε καὶ συνέπεισε τὴν κρίσιν ἐφεῖναι τοῖς [2] Ἕλλησιν. ἐνταῦθα βουλευομένων τῶν Ἑλλήνων Θεογείτων μὲν ὁ Μεγαρεὺς εἶπεν, ὡς ἑτέρᾳ πόλει δοτέον εἴη τὸ ἀριστεῖον, εἰ μὴ βούλονται συνταράξαι πόλεμον ἐμφύλιον· ἐπὶ τούτῳ δ' ἀναστὰς Κλεόκριτος ὁ Κορίνθιος, δόξαν μὲν παρέσχεν ὡς Κορινθίοις αἰτήσων τὸ ἀριστεῖον· ἦν γὰρ ἐν ἀξιώματι μεγίστῳ μετὰ τὴν Σπάρτην καὶ τὰς Ἀθήνας ἡ Κόρινθος· εἶπε δὲ πᾶσιν ἀρέσαντα καὶ θαυμαστὸν λόγον ὑπὲρ Πλαταιέων, καὶ συνεβούλευσε τὴν φιλονικίαν ἀνελεῖν, ἐκείνοις τὸ ἀριστεῖον ἀποδόντας, οἷς [3] οὐδετέρους τιμωμένοις ἀχθέσεσθαι. ῥηθέντων δὲ τούτων, πρῶτος μὲν Ἀριστείδης συνεχώρησεν ὑπὲρ τῶν Ἀθηναίων, ἔπειτα Παυσανίας ὑπὲρ τῶν Λακεδαιμονίων. οὕτω δὲ διαλλαγέντες, ἐξεῖλον ὀγδοήκοντα τάλαντα τοῖς Πλαταιεῦσιν, ἀφ' ὧν τὸ τῆς Ἀθηνᾶς ἀνῳκοδόμησαν ἱερὸν καὶ τὸ ἕδος ἔστησαν καὶ γραφαῖς τὸν νεὼν διεκόσμησαν, αἳ μέχρι νῦν ἀκμάζουσαι διαμένουσιν, ἔστησαν δὲ τρόπαιον ἰδίᾳ μὲν Λακεδαιμόνιοι, χωρὶς δ' Ἀθηναῖοι.

[4] Περὶ δὲ θυσίας ἐρομένοις αὐτοῖς ἀνεῖλεν ὁ Πύθιος Διὸς Ἐλευθερίου βωμὸν ἱδρύσασθαι, θῦσαι δὲ μὴ πρότερον ἢ τὸ κατὰ τὴν χώραν πῦρ ἀποσβέσαντας ὡς ὑπὸ τῶν βαρβάρων μεμιασμένον ἐναύσασθαι καθαρὸν ἐκ Δελφῶν [5] ἀπὸ τῆς κοινῆς ἑστίας. οἱ μὲν οὖν ἄρχοντες τῶν Ἑλλήνων

περιιόντες εὐθὺς ἠνάγκαζον ἀποσβεννύναι τὰ πυρὰ πάντα τοὺς χρωμένους, εἷς δὲ Πλαταιέων Εὐχίδας ὑποσχόμενος ὡς ἐνδέχεται τάχιστα κομιεῖν τὸ παρὰ τοῦ θεοῦ πῦρ, ἧκεν εἰς Δελφούς, ἁγνίσας δὲ τὸ σῶμα καὶ περιρρανάμενος ἐστεφανώσατο δάφνῃ, καὶ λαβὼν ἀπὸ τοῦ βωμοῦ τὸ πῦρ, δρόμῳ πάλιν εἰς τὰς Πλαταιὰς ἐχώρει καὶ πρὸ ἡλίου δυσμῶν ἐπανῆλθε, τῆς αὐτῆς ἡμέρας [6] χιλίους σταδίους κατανύσας. ἀσπασάμενος δὲ τοὺς πολίτας καὶ τὸ πῦρ παραδούς, εὐθὺς ἔπεσε καὶ μετὰ μικρὸν ἐξέπνευσεν. ἀγάμενοι δ’ αὐτὸν οἱ Πλαταιεῖς ἔθαψαν ἐν τῷ ἱερῷ τῆς Εὐκλείας Ἀρτέμιδος, ἐπιγράψαντες τὸ τετράμετρον τοῦτο·

Εὐχίδας Πυθῶδε θρέξας ἦλθε ‹τᾷδ’› αὐθημερόν.

[7] τὴν δ’ Εὔκλειαν οἱ μὲν πολλοὶ καὶ καλοῦσι καὶ νομίζουσιν Ἄρτεμιν, ἔνιοι δέ φασιν Ἡρακλέους μὲν θυγατέρα καὶ Μυρτοῦς γενέσθαι, τῆς Μενοιτίου θυγατρός, Πατρόκλου δ’ ἀδελφῆς, τελευτήσασαν δὲ παρθένον ἔχειν παρά [8] τε Βοιωτοῖς καὶ Λοκροῖς τιμάς. βωμὸς γὰρ αὐτῇ καὶ ἄγαλμα κατὰ πᾶσαν ἀγορὰν ἵδρυται, καὶ προθύουσιν αἵ τε γαμούμεναι καὶ οἱ γαμοῦντες.

[21] [1] Ἐκ τούτου γενομένης ἐκκλησίας κοινῆς τῶν Ἑλλήνων, ἔγραψεν Ἀριστείδης ψήφισμα συνιέναι μὲν εἰς Πλαταιὰς καθ’ ἕκαστον ἐνιαυτὸν ἀπὸ τῆς Ἑλλάδος προβούλους καὶ θεωρούς, ἄγεσθαι δὲ πενταετηρικὸν ἀγῶνα [2] τῶν Ἐλευθερίων, εἶναι δὲ σύνταξιν Ἑλληνικὴν μυρίας μὲν ἀσπίδας, χιλίους δ’ ἵππους, ναῦς δ’ ἑκατὸν ἐπὶ τὸν πρὸς τοὺς βαρβάρους πόλεμον, Πλαταιεῖς δ’ ἀσύλους καὶ ἱεροὺς ἀφίεσθαι τῷ θεῷ θύοντας ὑπὲρ τῆς Ἑλλάδος. κυρωθέντων δὲ τούτων, οἱ Πλαταιεῖς ὑπεδέξαντο τοῖς πεσοῦσι καὶ κειμένοις αὐτόθι τῶν Ἑλλήνων ἐναγίζειν [3] καθ’ ἕκαστον ἐνιαυτόν. καὶ τοῦτο μέχρι νῦν δρῶσι τόνδε τὸν τρόπον. τοῦ Μαιμακτηριῶνος μηνός, ὅς ἐστι παρὰ Βοιωτοῖς Ἀλαλκομένιος, τῇ ἕκτῃ ἐπὶ δέκα πέμπουσι πομπήν, ἧς προηγεῖται μὲν ἅμ’ ἡμέρᾳ σαλπιγκτὴς ἐγκελευόμενος τὸ πολεμικόν, ἕπονται δ’ ἅμαξαι μυρρίνης μεσταὶ καὶ στεφανωμάτων καὶ μέλας ταῦρος καὶ χοὰς οἴνου καὶ γάλακτος ἐν ἀμφορεῦσιν ἐλαίου τε καὶ μύρου [4] κρωσσοὺς νεανίσκοι κομίζοντες ἐλεύθεροι· δούλῳ γὰρ οὐδενὸς θέμις ἐστὶ τῶν περὶ τὴν διακονίαν ἐκείνην προσάψασθαι διὰ τὸ τοὺς ἄνδρας ἀποθανεῖν ὑπὲρ ἐλευθερίας· ἐπὶ πᾶσι δὲ τῶν Πλαταιέων ὁ ἄρχων, ᾧ τὸν ἄλλον χρόνον οὔτε σιδήρου θιγεῖν ἔξεστιν οὔθ’ ἑτέραν ἐσθῆτα πλὴν λευκῆς ἀναλαβεῖν, τότε χιτῶνα φοινικοῦν ἐνδεδυκώς, ἀράμενός θ’ ὑδρίαν ἀπὸ τοῦ γραμματοφυλακίου ξιφήρης ἐπὶ τοὺς τάφους προάγει διὰ μέσης τῆς πόλεως.

[5] εἶτα λαβὼν ὕδωρ ἀπὸ τῆς κρήνης αὐτὸς ἀπολούει τε τὰς στήλας καὶ μύρῳ χρίει, καὶ τὸν ταῦρον εἰς τὴν πυρὰν σφάξας καὶ κατευξάμενος Διὶ καὶ

Ἑρμῇ χθονίῳ, παρακαλεῖ τοὺς ἀγαθοὺς ἄνδρας τοὺς ὑπὲρ τῆς Ἑλλάδος ἀποθανόντας [6] ἐπὶ τὸ δεῖπνον καὶ τὴν αἱμακουρίαν. ἔπειτα κρατῆρα κεράσας οἴνου καὶ χεάμενος ἐπιλέγει· 'προπίνω τοῖς ἀνδράσι τοῖς ὑπὲρ τῆς ἐλευθερίας τῶν Ἑλλήνων ἀποθανοῦσι'. ταῦτα μὲν οὖν ἔτι καὶ νῦν διαφυλάττουσιν οἱ Πλαταιεῖς.

[22] [1] Ἐπεὶ δ' ἀναχωρήσαντας εἰς τὸ ἄστυ τοὺς Ἀθηναίους ὁ Ἀριστείδης ἑώρα ζητοῦντας τὴν δημοκρατίαν ἀπολαβεῖν, ἅμα μὲν ἄξιον ἡγούμενος διὰ τὴν ἀνδραγαθίαν ἐπιμελείας τὸν δῆμον, ἅμα δ' οὐκέτι ῥᾴδιον ἰσχύοντα τοῖς ὅπλοις καὶ μέγα φρονοῦντα ταῖς νίκαις ἐκβιασθῆναι, γράφει ψήφισμα κοινὴν εἶναι τὴν πολιτείαν καὶ τοὺς ἄρχοντας ἐξ Ἀθηναίων πάντων αἱρεῖσθαι.

[2] Θεμιστοκλέους δὲ πρὸς τὸν δῆμον εἰπόντος, ὡς ἔχει τι βούλευμα καὶ γνώμην ἀπόρρητον, ὠφέλιμον δὲ τῇ πόλει καὶ σωτήριον, ἐκέλευσαν Ἀριστείδην μόνον ἀκοῦσαι [3] καὶ συνδοκιμάσαι. φράσαντος δὲ τῷ Ἀριστείδῃ τοῦ Θεμιστοκλέους, ὡς διανοεῖται τὸ ναύσταθμον ἐμπρῆσαι τῶν Ἑλλήνων, οὕτω γὰρ ἔσεσθαι μεγίστους καὶ κυρίους ἁπάντων τοὺς Ἀθηναίους, παρελθὼν εἰς τὸν δῆμον ὁ Ἀριστείδης ἔφη τῆς πράξεως ἣν Θεμιστοκλῆς πράττειν διανοεῖται μήτε λυσιτελεστέραν ἄλλην μήτ' ἀδικωτέραν [4] εἶναι. ταῦτ' ἀκούσαντες οἱ Ἀθηναῖοι παύσασθαι τὸν Θεμιστοκλέα προσέταξαν. οὕτω μὲν οὖν ὁ δῆμος ἦν φιλοδίκαιος, οὕτω δὲ τῷ δήμῳ πιστὸς ὁ ἀνὴρ καὶ βέβαιος.

[23] [1] Ἐπεὶ δὲ στρατηγὸς ἐκπεμφθεὶς μετὰ Κίμωνος ἐπὶ τὸν πόλεμον ἑώρα τόν τε Παυσανίαν καὶ τοὺς ἄλλους ἄρχοντας τῶν Σπαρτιατῶν ἐπαχθεῖς καὶ χαλεποὺς τοῖς συμμάχοις ὄντας, αὐτός τε πρᾴως καὶ φιλανθρώπως ὁμιλῶν, καὶ τὸν Κίμωνα παρέχων εὐάρμοστον αὐτοῖς καὶ κοινὸν ἐν ταῖς στρατείαις, ἔλαθε τῶν Λακεδαιμονίων οὐχ ὅπλοις οὐδὲ ναυσὶν οὐδ' ἵπποις, εὐγνωμοσύνῃ δὲ καὶ [2] πολιτείᾳ τὴν ἡγεμονίαν παρελόμενος. προσφιλεῖς γὰρ ὄντας τοῖς Ἕλλησι τοὺς Ἀθηναίους διὰ τὴν Ἀριστείδου δικαιοσύνην καὶ τὴν Κίμωνος ἐπιείκειαν ἔτι μᾶλλον ἡ τοῦ Παυσανίου πλεονεξία καὶ βαρύτης ποθεινοὺς ἐποίει. τοῖς τε γὰρ ἄρχουσι τῶν συμμάχων ἀεὶ μετ' ὀργῆς ἐνετύγχανε καὶ τραχέως, τούς τε πολλοὺς ἐκόλαζε πληγαῖς, ἢ σιδηρᾶν ἄγκυραν ἐπιτιθεὶς ἠνάγκαζεν ἑστάναι [3] δι' ὅλης τῆς ἡμέρας. στιβάδα δ' οὐκ ἦν λαβεῖν οὐδὲ χόρτον οὐδὲ κρήνῃ προσελθεῖν ὑδρευόμενον οὐδένα πρὸ τῶν Σπαρτιατῶν, ἀλλὰ μάστιγας ἔχοντες ὑπηρέται τοὺς προσιόντας ἀπήλαυνον. ὑπὲρ ὧν τοῦ Ἀριστείδου ποτὲ βουληθέντος ἐγκαλέσαι καὶ διδάξαι, συναγαγὼν τὸ πρόσωπον ὁ Παυσανίας οὐκ ἔφη σχολάζειν οὐδ' ἤκουσεν.

[4] Ἐκ τούτου προσιόντες οἱ ναύαρχοι καὶ στρατηγοὶ τῶν Ἑλλήνων, μάλιστα δὲ Χῖοι καὶ Σάμιοι καὶ Λέσβιοι, τὸν Ἀριστείδην ἔπειθον

ἀναδέξασθαι τὴν ἡγεμονίαν καὶ προσαγαγέσθαι τοὺς συμμάχους, πάλαι δεομένους ἀπαλλαγῆναι τῶν Σπαρτιατῶν καὶ μετατάξασθαι πρὸς τοὺς Ἀθηναίους.

[5] ἀποκριναμένου δ' ἐκείνου τοῖς μὲν λόγοις αὐτῶν τό τ' ἀναγκαῖον ἐνορᾶν καὶ τὸ δίκαιον, ἔργου δὲ δεῖσθαι τὴν πίστιν ὃ πραχθὲν οὐκ ἐάσει πάλιν μεταβαλέσθαι τοὺς πολλούς, οὕτως οἱ περὶ τὸν Σάμιον Οὐλιάδην καὶ τὸν Χῖον Ἀνταγόραν συνομοσάμενοι περὶ Βυζάντιον ἐμβάλλουσιν εἰς τὴν τριήρη τοῦ Παυσανίου, προεκπλέουσαν [6] ἐν μέσῳ λαβόντες. ὡς δὲ κατιδὼν ἐκεῖνος ἐξανέστη καὶ μετ' ὀργῆς ἠπείλησεν ὀλίγῳ χρόνῳ τοὺς ἄνδρας ἐπιδείξειν οὐκ εἰς τὴν αὐτοῦ ναῦν ἐμβεβληκότας, ἀλλ' εἰς τὰς ἰδίας πατρίδας, ἐκέλευον αὐτὸν ἀπιέναι καὶ ἀγαπᾶν τὴν συναγωνισαμένην τύχην ἐν Πλαταιαῖς· ἐκείνην γὰρ ἔτι τοὺς Ἕλληνας αἰσχυνομένους μὴ λαμβάνειν ἀξίαν δίκην παρ' αὐτοῦ· τέλος δ' ἀποστάντες ᾤχοντο πρὸς τοὺς [7] Ἀθηναίους. ἔνθα δὴ καὶ τὸ φρόνημα τῆς Σπάρτης διεφάνη θαυμαστόν. ὡς γὰρ ᾔσθοντο τῷ μεγέθει τῆς ἐξουσίας διαφθειρομένους αὐτῶν τοὺς ἄρχοντας, ἀφῆκαν ἑκουσίως τὴν ἡγεμονίαν καὶ πέμποντες ἐπὶ τὸν πόλεμον ἐπαύσαντο στρατηγούς, μᾶλλον αἱρούμενοι σωφρονοῦντας ἔχειν καὶ τοῖς ἔθεσιν ἐμμένοντας τοὺς πολίτας ἢ τῆς Ἑλλάδος ἄρχειν ἁπάσης.

[24] [1] Οἱ δ' Ἕλληνες ἐτέλουν μέν τινα καὶ Λακεδαιμονίων ἡγουμένων ἀποφορὰν εἰς τὸν πόλεμον, ταχθῆναι δὲ βουλόμενοι καὶ κατὰ πόλιν ἑκάστοις τὸ μέτριον, ᾐτήσαντο παρὰ τῶν Ἀθηναίων Ἀριστείδην, καὶ προσέταξαν αὐτῷ χώραν τε καὶ προσόδους ἐπισκεψάμενον ὁρίσαι τὸ [2] κατ' ἀξίαν ἑκάστῳ καὶ δύναμιν. ὁ δὲ τηλικαύτης ἐξουσίας κύριος γενόμενος, καὶ τρόπον τινὰ τῆς Ἑλλάδος ἐπ' αὐτῷ μόνῳ τὰ πράγματα πάντα θεμένης, πένης μὲν ἐξῆλθεν, ἐπανῆλθε δὲ πενέστερος, οὐ μόνον καθαρῶς καὶ δικαίως, ἀλλὰ καὶ προσφιλῶς πᾶσι καὶ ἁρμονίως [3] τὴν ἀπογραφὴν τῶν χρημάτων ποιησάμενος. ὡς γὰρ οἱ παλαιοὶ τὸν ἐπὶ Κρόνου βίον, οὕτως οἱ σύμμαχοι τῶν Ἀθηναίων τὸν ἐπ' Ἀριστείδου φόρον εὐποτμίαν τινὰ τῆς Ἑλλάδος ὀνομάζοντες ὕμνουν, καὶ μάλιστα μετ' οὐ πολὺν χρόνον διπλασιασθέντος, εἶτ' αὖθις τριπλασιασθέντος.

[4] ὃν μὲν γὰρ Ἀριστείδης ἔταξεν, ἦν εἰς ἑξήκοντα καὶ τετρακοσίων ταλάντων λόγον. τούτῳ Περικλῆς μὲν ἐπέθηκεν ὀλίγου δεῖν τὸ τρίτον μέρος· ἑξακόσια γὰρ τάλαντα Θουκυδίδης (2, 13, 3) φησὶν ἀρχομένου τοῦ πολέμου [5] προσιέναι τοῖς Ἀθηναίοις ἀπὸ τῶν συμμάχων. Περικλέους δ' ἀποθανόντος, ἐπιτείνοντες οἱ δημαγωγοὶ κατὰ μικρὸν εἰς χιλίων καὶ τριακοσίων ταλάντων κεφάλαιον ἀνήγαγον, οὐχ οὕτω τοῦ πολέμου διὰ μῆκος καὶ τύχας δαπανηροῦ

γενομένου καὶ πολυτελοῦς, ὡς τὸν δῆμον εἰς διανομὰς καὶ θεωρικὰ καὶ κατασκευὰς ἀγαλμάτων καὶ ἱερῶν προαγαγόντες.

[6] Μέγα δ' οὖν ὄνομα τοῦ Ἀριστείδου καὶ θαυμαστὸν ἔχοντος ἐπὶ τῇ διατάξει τῶν φόρων ὁ Θεμιστοκλῆς λέγεται καταγελᾶν, ὡς οὐκ ἀνδρὸς ὄντα τὸν ἔπαινον, ἀλλὰ θυλάκου χρυσοφύλακος, ἀνομοίως ἀμυνόμενος τὴν Ἀριστείδου [7] παρρησίαν· ἐκείνῳ γὰρ εἰπόντος ποτὲ τοῦ Θεμιστοκλέους ἀρετὴν ἡγεῖσθαι μεγίστην στρατηγοῦ τὸ γιγνώσκειν καὶ προαισθάνεσθαι τὰ βουλεύματα τῶν πολεμίων, 'τοῦτο μέν' εἰπεῖν 'ἀναγκαῖόν ἐστιν ὦ Θεμιστόκλεις, καλὸν δὲ καὶ στρατηγικὸν ἀληθῶς ἡ περὶ τὰς χεῖρας ἐγκράτεια.'

[25] [1] Ὁ δ' Ἀριστείδης ὥρκισε μὲν τοὺς Ἕλληνας καὶ ὤμοσεν ὑπὲρ τῶν Ἀθηναίων, μύδρους ἐμβαλὼν ἐπὶ ταῖς ἀραῖς εἰς τὴν θάλατταν· ὕστερον δὲ τῶν πραγμάτων ἄρχειν ἐγκρατέστερον ὡς ἔοικεν ἐκβιαζομένων, ἐκέλευε τοὺς Ἀθηναίους τὴν ἐπιορκίαν τρέψαντας εἰς αὑτὸν ᾗ [2] συμφέρει χρῆσθαι τοῖς πράγμασι. καθ' ὅλου δ' ὁ Θεόφραστός (fr. 136 W.) φησι τὸν ἄνδρα τοῦτον περὶ τὰ οἰκεῖα καὶ τοὺς πολίτας ἄκρως ὄντα δίκαιον, ἐν τοῖς κοινοῖς πολλὰ πρᾶξαι πρὸς τὴν ὑπόθεσιν τῆς πατρίδος, [3] ὡς συχνῆς καὶ ἀδικίας δεομένην. καὶ γὰρ τὰ χρήματά φασιν ἐκ Δήλου βουλευομένων Ἀθήναζε κομίσαι παρὰ τὰς συνθήκας καὶ Σαμίων εἰσηγουμένων, εἰπεῖν ἐκεῖνον ὡς οὐ δίκαιον μέν, συμφέρον δὲ τοῦτ' ἐστί· καὶ τέλος εἰς τὸ ἄρχειν ἀνθρώπων τοσούτων καταστήσας τὴν πόλιν, αὐτὸς ἐνέμεινε τῇ πενίᾳ, καὶ τὴν ἀπὸ τοῦ πένης εἶναι δόξαν οὐδὲν ἧττον ἀγαπῶν τῆς ἀπὸ τῶν τροπαίων [4] διετέλεσε. δῆλον δ' ἐκεῖθεν. Καλλίας ὁ δᾳδοῦχος ἦν αὐτῷ γένει προσήκων· τοῦτον οἱ ἐχθροὶ θανάτου διώκοντες, ἐπεὶ περὶ ὧν ἐγράψαντο μετρίως κατηγόρησαν, ἔξωθεν [5] εἶπόν τινα λόγον τοιοῦτον πρὸς τοὺς δικαστάς· 'Ἀριστείδην' ἔφησαν 'ἴστε τὸν Λυσιμάχου θαυμαζόμενον ἐν τοῖς Ἕλλησι· τούτῳ πῶς ἔχειν οἴεσθε τὰ κατ' οἶκον, ὁρῶντες αὐτὸν ἐν τρίβωνι τοιούτῳ προερχόμενον εἰς τὸ δημόσιον; ἆρ' οὐκ εἰκός ἐστι τὸν ῥιγοῦντα φανερῶς καὶ πεινᾶν οἴκοι [6] καὶ τῶν ἄλλων ἐπιτηδείων σπανίζειν; τοῦτον μέντοι Καλλίας ἀνεψιὸν ὄντα, πλουσιώτατος ὢν Ἀθηναίων, περιορᾷ μετὰ τέκνων καὶ γυναικὸς ἐνδεόμενον, πολλὰ κεχρημένος τῷ ἀνδρὶ καὶ πολλάκις αὐτοῦ τῆς παρ' ὑμῖν [7] δυνάμεως ἀπολελαυκώς.' ὁ δὲ Καλλίας ὁρῶν ἐπὶ τούτῳ μάλιστα θορυβοῦντας τοὺς δικαστὰς καὶ χαλεπῶς πρὸς αὐτὸν ἔχοντας, ἐκάλει τὸν Ἀριστείδην, ἀξιῶν μαρτυρῆσαι πρὸς τοὺς δικαστάς, ὅτι πολλάκις αὐτοῦ πολλὰ καὶ διδόντος καὶ δεομένου λαβεῖν οὐκ ἠθέλησεν, ἀποκρινάμενος ὡς μᾶλλον αὐτῷ διὰ πενίαν μέγα φρονεῖν ἢ Καλλίᾳ [8] διὰ πλοῦτον προσήκει· πλούτῳ μὲν γὰρ ἔστι πολλοὺς ἰδεῖν εὖ τε καὶ καλῶς χρωμένους, πενίαν δὲ φέροντι γενναίως οὐ

ῥᾴδιον ἐντυχεῖν· αἰσχύνεσθαι δὲ πενίαν τοὺς ἀκουσίως πενομένους. ταῦτα τοῦ Ἀριστείδου τῷ Καλλίᾳ προσμαρτυρήσαντος, οὐδεὶς ἦν τῶν ἀκουσάντων ὃς οὐκ ἀπῄει πένης μᾶλλον ὡς Ἀριστείδης εἶναι βουλόμενος ἢ [9] πλουτεῖν ὡς Καλλίας. ταῦτα μὲν οὖν Αἰσχίνης ὁ Σωκρατικὸς (p. 51 Kr.) ἀναγέγραφε. Πλάτων (Gorg. 526b) δὲ τῶν μεγάλων δοκούντων καὶ ὀνομαστῶν Ἀθήνησι μόνον ἄξιον λόγου τοῦτον ἀποφαίνει τὸν ἄνδρα· Θεμιστοκλέα μὲν γὰρ καὶ Κίμωνα καὶ Περικλέα στοῶν καὶ χρημάτων καὶ φλυαρίας πολλῆς ἐμπλῆσαι τὴν πόλιν, Ἀριστείδην δὲ πολιτεύσασθαι πρὸς ἀρετήν.

[10] Μεγάλα δ' αὐτοῦ καὶ τὰ πρὸς Θεμιστοκλέα τῆς ἐπιεικείας σημεῖα. χρησάμενος γὰρ αὐτῷ παρὰ πᾶσαν ὁμοῦ τὴν πολιτείαν ἐχθρῷ καὶ δι' ἐκεῖνον ἐξοστρακισθείς, ἐπεὶ τὴν αὐτὴν λαβὴν παρέσχεν ὁ ἀνὴρ ἐν αἰτίᾳ γενόμενος πρὸς τὴν πόλιν, οὐκ ἐμνησικάκησεν, ἀλλ' Ἀλκμαίωνος καὶ Κίμωνος καὶ πολλῶν ἄλλων ἐλαυνόντων καὶ κατηγορούντων, μόνος Ἀριστείδης οὔτ' ἔπραξεν οὔτ' εἶπέ τι φαῦλον, οὐδ' ἀπέλαυσεν ἐχθροῦ δυστυχοῦντος. ὥσπερ οὐδ' εὐημεροῦντι πρότερον ἐφθόνησε.

[26] [1] Τελευτῆσαι δ' Ἀριστείδην οἱ μὲν ἐν Πόντῳ φασὶν ἐκπλεύσαντα πράξεων ἕνεκα δημοσίων, οἱ δ' Ἀθήνησι γήρᾳ, τιμώμενον καὶ θαυμαζόμενον ὑπὸ τῶν πολιτῶν. Κρατερὸς δ' ὁ Μακεδὼν (FGrH 342 F 12) τοιαῦτά τινα [2] περὶ τῆς τελευτῆς τοῦ ἀνδρὸς εἴρηκε. μετὰ γὰρ τὴν Θεμιστοκλέους φυγήν φησιν ὥσπερ ἐξυβρίσαντα τὸν δῆμον ἀναφῦσαι πλῆθος συκοφαντῶν, οἳ τοὺς ἀρίστους καὶ δυνατωτάτους ἄνδρας διώκοντες ὑπέβαλλον τῷ φθόνῳ τῶν [3] πολλῶν, ἐπαιρομένων ὑπ' εὐτυχίας καὶ δυνάμεως. ἐν τούτοις καὶ Ἀριστείδην ἁλῶναι δωροδοκίας, Διοφάντου τοῦ Ἀμφιτροπῆθεν κατηγοροῦντος, ὡς ὅτε τοὺς φόρους ἔπραττε παρὰ τῶν Ἰώνων χρήματα λαβόντος, ἐκτεῖσαι δ' οὐκ ἔχοντα τὴν καταδίκην πεντήκοντα μνῶν [4] οὖσαν, ἐκπλεῦσαι καὶ περὶ τὴν Ἰωνίαν ἀποθανεῖν. τούτων δ' οὐδὲν ἔγγραφον ὁ Κρατερὸς τεκμήριον παρέσχηκεν, οὔτε δίκην οὔτε ψήφισμα, καίπερ εἰωθὼς ἐπιεικῶς γράφειν τὰ τοιαῦτα καὶ παρατίθεσθαι τοὺς ἱστοροῦντας.

[5] οἱ δ' ἄλλοι πάντες ὡς ἔπος εἰπεῖν, ὅσοι τὰ πλημμεληθέντα τῷ δήμῳ περὶ τοὺς στρατηγοὺς διεξίασι, τὴν μὲν Θεμιστοκλέους φυγὴν καὶ τὰ Μιλτιάδου δεσμὰ καὶ τὴν Περικλέους ζημίαν καὶ τὸν Πάχητος ἐν τῷ δικαστηρίῳ θάνατον, ἀνελόντος ἑαυτὸν ἐπὶ τοῦ βήματος ὡς ἡλίσκετο, καὶ πολλὰ τοιαῦτα συνάγουσι καὶ θρυλοῦσιν, Ἀριστείδου δὲ τὸν μὲν ἐξοστρακισμὸν παρατίθενται, καταδίκης δὲ τοιαύτης οὐδαμοῦ μνημονεύουσι.

[27] [1] Καὶ μέντοι καὶ τάφος ἐστὶν αὐτοῦ Φαληροῖ δεικνύμενος, ὅν φασι κατασκευάσαι τὴν πόλιν αὐτῷ, μηδ' ἐντάφια [2] καταλιπόντι, καὶ τὰς μὲν θυγατέρας ἱστοροῦσιν ἐκ τοῦ πρυτανείου τοῖς νυμφίοις ἐκδοθῆναι, δημοσίᾳ

τῆς πόλεως τὸν γάμον ἐγγυώσης καὶ προῖκα τρισχιλίας δραχμὰς ἑκατέρᾳ ψηφισαμένης, Λυσιμάχῳ δὲ τῷ υἱῷ μνᾶς μὲν ἑκατὸν ἀργυρίου καὶ γῆς τοσαῦτα πλέθρα πεφυτευμένης ἔδωκεν ὁ δῆμος, καὶ ἄλλας δραχμὰς τέσσαρας εἰς ἡμέραν ἑκάστην ἀπέταξεν, Ἀλκιβιάδου τὸ ψήφισμα [3] γράψαντος. ἔτι δὲ Λυσιμάχου θυγατέρα Πολυκρίτην ἀπολιπόντος, ὡς Καλλισθένης (FGrH 124 F 48) φησί, καὶ ταύτῃ σίτησιν ὅσην τοῖς Ὀλυμπιονίκαις ὁ δῆμος ἐψηφίσατο. Δημήτριος δ' ὁ Φαληρεὺς (FGrH 228 F 45) καὶ Ἱερώνυμος ὁ Ῥόδιος καὶ Ἀριστόξενος ὁ μουσικὸς (fr. 58 W.) καὶ Ἀριστοτέλης (fr. 84) - εἴγε δὴ τὸ περὶ εὐγενείας βιβλίον ἐν τοῖς γνησίοις Ἀριστοτέλους θετέον - ἱστοροῦσι Μυρτὼ θυγατριδῆν Ἀριστείδου Σωκράτει τῷ σοφῷ συνοικῆσαι, γυναῖκα μὲν ἑτέραν ἔχοντι, ταύτην δ' ἀναλαβόντι, χηρεύουσαν διὰ πενίαν καὶ τῶν ἀναγκαίων [4] ἐνδεομένην. πρὸς μὲν οὖν τούτους ἱκανῶς ὁ Παναίτιος (fr. 132 v. Str.) ἐν τοῖς περὶ Σωκράτους ἀντείρηκεν· ὁ δὲ Φαληρεὺς ἐν τῷ Σωκράτει (FGrH 228 F 45) φησὶ μνημονεύειν Ἀριστείδου θυγατριδοῦν εὖ μάλα πένητα Λυσίμαχον, ὃς ἑαυτὸν μὲν ἐκ πινακίου τινὸς ὀνειροκριτικοῦ παρὰ τὸ Ἰακχεῖον λεγόμενον καθεζόμενος ἔβοσκε, τῇ δὲ [5] μητρὶ καὶ τῇ ταύτης ἀδελφῇ ψήφισμα γράψας ἔπεισε τὸν δῆμον τροφὴν διδόναι τριώβολον ἑκάστης ἡμέρας. αὐτὸς μέντοι φησὶν ὁ Δημήτριος νομοθετῶν ἀντὶ τριωβόλου [6] δραχμὴν ἑκατέρᾳ τάξαι τῶν γυναικῶν. καὶ οὐδέν ἐστι θαυμαστὸν οὕτω φροντίσαι τῶν ἐν ἄστει τὸν δῆμον, ὅπου θυγατριδῆν Ἀριστογείτονος ἐν Λήμνῳ πυθόμενοι ταπεινὰ πράττειν ἀνδρὸς ἀποροῦσαν διὰ πενίαν κατήγαγον Ἀθήναζε, καὶ συνοικίσαντες ἀνδρὶ τῶν εὖ γεγονότων [7] τὸ Ποταμοῖ χωρίον εἰς φερνὴν ἐπέδωκαν. ἧς φιλανθρωπίας καὶ χρηστότητος ἔτι πολλὰ καὶ καθ' ἡμᾶς ἡ πόλις ἐκφέρουσα δείγματα θαυμάζεται καὶ ζηλοῦται δικαίως.

Cato Maior

[1] [1] Μάρκῳ δὲ Κάτωνί φασιν ἀπὸ Τούσκλου τὸ γένος εἶναι, δίαιταν δὲ καὶ βίον ἔχειν πρὸ τῶν στρατειῶν καὶ τῆς πολιτείας ἐν χωρίοις πατρῴοις περὶ τοὺς Σαβίνους. τῶν δὲ προγόνων παντάπασιν ἀγνώστων γεγονέναι δοκούντων αὐτὸς ὁ Κάτων καὶ τὸν πατέρα Μᾶρκον ὡς ἀγαθὸν ἄνδρα καὶ στρατιωτικὸν ἐπαινεῖ, καὶ Κάτωνα τὸν πρόπαππον ἀριστείων πολλάκις τυχεῖν φησι καὶ πέντε πολεμιστὰς ἵππους ἐν μάχαις ἀποβαλόντα τὴν τιμὴν [2] ἀπολαβεῖν ἐκ τοῦ δημοσίου δι' ἀνδραγαθίαν. εἰωθότων δὲ τῶν Ῥωμαίων τοὺς ἀπὸ γένους μὲν δόξαν οὐκ ἔχοντας, ἀρχομένους δὲ γνωρίζεσθαι δι' αὑτῶν, καινοὺς προσαγορεύειν ἀνθρώπους, ὥσπερ καὶ τὸν Κάτωνα προσηγόρευον, αὐτὸς ἔλεγε καινὸς εἶναι πρὸς ἀρχὴν καὶ δόξαν, [3] ἔργοις δὲ προγόνων καὶ ἀρεταῖς παμπάλαιος. ἐκαλεῖτο δὲ τῷ τρίτῳ τῶν ὀνομάτων πρότερον οὐ Κάτων, ἀλλὰ Πρῖσκος, ὕστερον δὲ τὸν Κάτωνα τῆς δυνάμεως ἐπώνυμον ἔσχε· Ῥωμαῖοι γὰρ τὸν ἔμπειρον κάτον ὀνομάζουσιν.

[4] ἦν δὲ τὸ μὲν εἶδος ὑπόπυρρος καὶ γλαυκός, ὡς ὁ ποιήσας τὸ ἐπιγραμμάτιον οὐκ εὐμενῶς παρεμφαίνει·

πυρρόν, πανδακέτην, γλαυκόμματον, οὐδὲ θανόντα
Πόρκιον εἰς ἀίδην Φερσεφόνη δέχεται.

[5] τὴν δὲ τοῦ σώματος ἕξιν, αὐτουργίᾳ καὶ διαίτῃ σώφρονι καὶ στρατείαις ἀπ' ἀρχῆς συντρόφου γεγονότος, πάνυ χρηστικὴν εἶχε καὶ πρὸς ἰσχὺν καὶ πρὸς ὑγίειαν ὁμαλῶς συνεστῶσαν. τὸν δὲ λόγον ὥσπερ δεύτερον σῶμα καὶ τῶν καλῶν μονονοὺκ ἀναγκαῖον ὄργανον ἀνδρὶ μὴ ταπεινῶς βιωσομένῳ μηδ' ἀπράκτως ἐξηρτύετο καὶ παρεσκεύαζεν, ἐν ταῖς περιοικίσι κώμαις καὶ τοῖς πολιχνίοις ἑκάστοτε συνδικῶν τοῖς δεομένοις καὶ πρῶτον ἀγωνιστὴς εἶναι δοκῶν πρόθυμος, εἶτα καὶ ῥήτωρ ἱκανός.

[6] Ἐκ δὲ τούτου μᾶλλον τοῖς χρωμένοις κατεφαίνετο βάρος τι καὶ φρόνημα περὶ αὐτὸν ἤθους, πραγμάτων μεγάλων [7] καὶ πολιτείας δεόμενον ἡγεμονικῆς. οὐ γὰρ μόνον ὡς ἔοικε μισθαρνίας καθαρὸν αὑτὸν ἐπὶ τὰς δίκας καὶ τοὺς ἀγῶνας παρεῖχεν, ἀλλ' οὐδὲ τὴν δόξαν ὡς μέγιστον ἀγαπῶν ἐφαίνετο τὴν ἀπὸ τῶν τοιούτων ἀγώνων, πολὺ δὲ μᾶλλον ἐν ταῖς μάχαις ταῖς πρὸς τοὺς πολεμίους καὶ ταῖς στρατείαις βουλόμενος εὐδοκιμεῖν, ἔτι μειράκιον ὢν [8] τραυμάτων τὸ σῶμα μεστὸν ἐναντίων εἶχε. φησὶ γὰρ αὐτὸς (fr. 188 M.[2]) ἑπτακαίδεκα γεγονὼς ἔτη τὴν πρώτην στρατεύσασθαι στρατείαν, περὶ ὃν Ἀννίβας χρόνον εὐτυχῶν ἐπέφλεγε τὴν Ἰταλίαν. παρεῖχε δ' αὑτὸν ἐν ταῖς μάχαις τῇ μὲν χειρὶ πλήκτην, τῷ δὲ ποδὶ μόνιμον καὶ

βέβαιον, γαῦρον δὲ τῷ προσώπῳ· λόγου δ’ ἀπειλῇ καὶ τραχύτητι φωνῆς πρὸς τοὺς πολεμίους ἐχρῆτο, ὀρθῶς καὶ διανοούμενος καὶ διδάσκων ὅτι πολλάκις τὰ τοιαῦτα τοῦ ξίφους [9] μᾶλλον καταπλήττεται τὸν ἐναντίον. ἐν δὲ ταῖς πορείαις αὐτὸς ἐβάδιζε φέρων τὰ ὅπλα, καὶ θεράπων εἷς εἵπετο τὰ πρὸς τὴν δίαιταν αὐτῷ κομίζων, ᾧ λέγεται μηδέποτε δυσκολᾶναι μηδὲ μέμψασθαι παραθέντος ἄριστον ἢ δεῖπνον, ἀλλὰ καὶ συλλαμβάνειν αὐτὸς τὰ πλεῖστα καὶ συμπαρασκευάζειν ἀπὸ τῶν στρατιωτικῶν γενόμενος ἔργων. [10] ὕδωρ δ’ ἔπινεν ἐπὶ στρατείας, πλὴν εἴποτε διψήσας περιφλεγῶς ὄξος αἰτήσειεν ἢ τῆς ἰσχύος ἐνδιδούσης ἐπιλάβοι μικρὸν οἰνάριον.

[2] [1] Ἦν δὲ πλησίον αὐτοῦ τῶν ἀγρῶν ἡ γενομένη Μανίου Κουρίου τοῦ τρὶς θριαμβεύσαντος ἔπαυλις. ἐπὶ ταύτην συνεχῶς βαδίζων καὶ θεώμενος τοῦ τε χωρίου τὴν μικρότητα καὶ τῆς οἰκήσεως τὸ λιτόν, ἔννοιαν ἐλάμβανε τοῦ ἀνδρὸς ὅτι Ῥωμαίων μέγιστος γενόμενος καὶ τὰ μαχιμώτατα τῶν ἐθνῶν ὑπαγαγόμενος καὶ Πύρρον ἐξελάσας Ἰταλίας, τοῦτο τὸ χωρίδιον αὐτὸς ἔσκαπτε καὶ [2] ταύτην τὴν ἔπαυλιν ᾤκει μετὰ τρεῖς θριάμβους, ‹καὶ› ἐνταῦθα πρὸς ἐσχάρᾳ καθήμενον αὐτὸν ἕψοντα γογγυλίδας εὑρόντες οἱ Σαυνιτῶν πρέσβεις ἐδίδοσαν πολὺ χρυσίον, ὁ δ’ ἀπέπεμψε φήσας οὐδὲν χρυσίου δεῖν ᾧ δεῖπνον ἀρκεῖ τοιοῦτον, αὐτῷ μέντοι τοῦ χρυσίον ἔχειν κάλλιον [3] εἶναι τὸ νικᾶν τοὺς ἔχοντας. ταῦθ’ ὁ Κάτων ἐνθυμούμενος ἀπῄει, καὶ τὸν αὑτοῦ πάλιν οἶκον ἐφορῶν καὶ χωρία καὶ θεράποντας καὶ δίαιταν, ἐπέτεινε τὴν αὐτουργίαν καὶ περιέκοπτε τὴν πολυτέλειαν.

Φαβίου δὲ Μαξίμου τὴν Ταραντίνων πόλιν ἑλόντος, ἔτυχε μὲν ὁ Κάτων στρατευόμενος ὑπ’ αὐτῷ κομιδῇ μειράκιον ὤν, Νεάρχῳ δέ τινι τῶν Πυθαγορικῶν ξένῳ [4] χρησάμενος, ἐσπούδασε τῶν λόγων μεταλαβεῖν. ἀκούσας δὲ ταῦτα διαλεγομένου τοῦ ἀνδρὸς οἷς καὶ Πλάτων (Tim. 69d) κέχρηται, τὴν μὲν ἡδονὴν ἀποκαλῶν μέγιστον κακοῦ δέλεαρ, συμφορὰν δὲ τῇ ψυχῇ τὸ σῶμα πρώτην, λύσιν δὲ καὶ καθαρμὸν οἷς μάλιστα χωρίζει καὶ ἀφίστησιν αὑτὴν τῶν περὶ τὸ σῶμα παθημάτων λογισμοῖς, ἔτι μᾶλλον ἠγάπησε τὸ λιτὸν καὶ τὴν ἐγκράτειαν.

[5] ἄλλως δὲ παιδείας Ἑλληνικῆς ὀψιμαθὴς λέγεται γενέσθαι, καὶ πόρρω παντάπασιν ἡλικίας ἐληλακὼς Ἑλληνικὰ βιβλία λαβὼν εἰς χεῖρας, βραχέα μὲν ἀπὸ Θουκυδίδου, πλείονα δ’ ἀπὸ Δημοσθένους εἰς τὸ ῥητορικὸν [6] ὠφεληθῆναι. τὰ μέντοι συγγράμματα καὶ δόγμασιν Ἑλληνικοῖς καὶ ἱστορίαις ἐπιεικῶς διαπεποίκιλται, καὶ μεθηρμηνευμένα πολλὰ κατὰ λέξιν ἐν τοῖς ἀποφθέγμασι καὶ ταῖς γνωμολογίαις τέτακται.

[3] [1] Ἦν δέ τις ἀνὴρ εὐπατρίδης μὲν ἐν τοῖς μάλιστα Ῥωμαίων καὶ δυνατός, ἀρετὴν δὲ φυομένην μὲν αἰσθάνεσθαι δεινός, εὐμενὴς δὲ καὶ θρέψαι

καὶ προαγαγεῖν [2] εἰς δόξαν, Οὐαλέριος Φλάκκος. οὗτος εἶχεν ὁμοροῦντα χωρία τοῖς Κάτωνος, πυνθανόμενος δὲ τὴν αὐτουργίαν καὶ δίαιταν αὐτοῦ παρὰ τῶν οἰκετῶν καὶ θαυμάσας ἐξηγουμένων ὅτι πρωὶ μὲν εἰς ἀγορὰν βαδίζει καὶ παρίσταται τοῖς δεομένοις, ἐπανελθὼν δ' εἰς τὸ χωρίον, ἂν μὲν ᾖ χειμὼν ἐξωμίδα λαβών, θέρους δὲ γυμνὸς ἐργασάμενος μετὰ τῶν οἰκετῶν ἐσθίει τὸν αὐτὸν ἄρτον ὁμοῦ καθήμενος καὶ πίνει τὸν αὐτὸν οἶνον, ἄλλην τε πολλὴν ἐπιείκειαν αὐτοῦ καὶ μετριότητα καί τινας καὶ λόγους ἀποφθεγματικοὺς διαμνημονευόντων, ἐκέλευσε κληθῆναι [3] πρὸς τὸ δεῖπνον. ἐκ δὲ τούτου χρώμενος καὶ κατανοῶν ἥμερον καὶ ἀστεῖον ἦθος, ὥσπερ φυτὸν ἀσκήσεως καὶ χώρας ἐπιφανοῦς δεόμενον, προετρέψατο καὶ συνέπεισεν ἅψασθαι τῆς ἐν Ῥώμῃ πολιτείας. κατελθὼν οὖν εὐθὺς τοὺς μὲν αὐτὸς ἐκτᾶτο θαυμαστὰς καὶ φίλους διὰ τῶν συνηγοριῶν, πολλὴν δὲ τοῦ Οὐαλερίου τιμήν τε καὶ δύναμιν αὐτῷ προστιθέντος, χιλιαρχίας ἔτυχε πρῶτον, εἶτ' [4] ἐταμίευσεν. ἐκ τούτου δὲ λαμπρὸς ὢν ἤδη καὶ περιφανής, αὐτῷ τῷ Οὐαλερίῳ πρὸς τὰς μεγίστας συνεξέδραμεν ἀρχάς, ὕπατός τε μετ' ἐκείνου καὶ πάλιν τιμητὴς γενόμενος. Τῶν δὲ πρεσβυτέρων πολιτῶν Μαξίμῳ Φαβίῳ προσένειμεν ἑαυτόν, ἐνδοξοτάτῳ μὲν ὄντι καὶ μεγίστην ἔχοντι δύναμιν, μᾶλλον δὲ τὸν τρόπον αὐτοῦ καὶ τὸν βίον ὡς [5] κάλλιστα παραδείγματα προθέμενος. διὸ καὶ Σκιπίωνι τῷ μεγάλῳ, νέῳ μὲν ὄντι τότε, πρὸς δὲ τὴν Φαβίου δύναμιν ἀνταίροντι καὶ φθονεῖσθαι δοκοῦντι, παρ' οὐδὲν ἐποιήσατο γενέσθαι διάφορος, ἀλλὰ καὶ ταμίας αὐτῷ πρὸς τὸν ἐν Λιβύῃ συνεκπεμφθεὶς πόλεμον, ὡς ἑώρα τῇ συνήθει πολυτελείᾳ χρώμενον τὸν ἄνδρα καὶ καταχορηγοῦντα τοῖς στρατεύμασιν ἀφειδῶς τῶν χρημάτων, ἐπαρρησιάζετο πρὸς αὐτόν, οὐ τὸ τῆς δαπάνης μέγιστον εἶναι φάσκων, ἀλλ' ὅτι διαφθείρει τὴν πάτριον εὐτέλειαν τῶν στρατιωτῶν, εἰς ἡδονὰς καὶ τρυφὰς τῷ περιόντι τῆς [6] χρείας τρεπομένων. εἰπόντος δὲ τοῦ Σκιπίωνος ὡς οὐδὲν δέοιτο ταμίου λίαν ἀκριβοῦς πλησίστιος ἐπὶ τὸν πόλεμον φερόμενος, πράξεων γάρ, οὐ χρημάτων, τῇ πόλει λόγον ὀφείλειν, ἀπῆλθεν ὁ Κάτων ἐκ Σικελίας, καὶ μετὰ τοῦ Φαβίου καταβοῶν ἐν τῷ συνεδρίῳ φθοράν τε χρημάτων ἀμύθητον ὑπὸ τοῦ Σκιπίωνος καὶ διατριβὰς αὐτοῦ μειρακιώδεις ἐν παλαίστραις καὶ θεάτροις, ὥσπερ οὐ στρατηγοῦντος, ἀλλὰ πανηγυρίζοντος, ἐξειργάσατο πεμφθῆναι δημάρχους ἐπ' αὐτὸν ἄξοντας εἰς Ῥώμην, ἄνπερ [7] ἀληθεῖς αἱ κατηγορίαι φανῶσιν. ὁ μὲν οὖν Σκιπίων ἐν τῇ παρασκευῇ τοῦ πολέμου τὴν νίκην ἐπιδειξάμενος, καὶ φανεὶς ἡδὺς μὲν ἐπὶ σχολῆς συνεῖναι φίλοις, οὐδαμῇ δὲ τῷ φιλανθρώπῳ τῆς διαίτης εἰς τὰ σπουδαῖα καὶ μεγάλα ῥᾴθυμος, ἐξέπλευσεν ἐπὶ τὸν πόλεμον.

[4] [1] Τῷ δὲ Κάτωνι πολλὴ μὲν ἀπὸ τοῦ λόγου δύναμις ηὔξητο, καὶ Ῥωμαῖον αὐτὸν οἱ πολλοὶ Δημοσθένη προσηγόρευον, ὁ δὲ βίος μᾶλλον ὀνομαστὸς ἦν αὐτοῦ καὶ [2] περιβόητος. ἡ μὲν γὰρ ἐν τῷ λέγειν δεινότης προέκειτο τοῖς νέοις ἀγώνισμα κοινὸν ἤδη καὶ περισπούδαστον, ὁ δὲ τὴν πάτριον αὐτουργίαν ὑπομένων καὶ δεῖπνον ἀφελὲς καὶ ἄριστον ἄπυρον καὶ λιτὴν ἐσθῆτα καὶ δημοτικὴν ἀσπαζόμενος οἴκησιν καὶ τὸ μὴ δεῖσθαι τῶν περιττῶν μᾶλλον ἢ τὸ κεκτῆσθαι θαυμάζων σπάνιος ἦν, ἤδη τότε τῆς πολιτείας τὸ καθαρὸν ὑπὸ μεγέθους οὐ φυλαττούσης, ἀλλὰ τῷ κρατεῖν πραγμάτων πολλῶν καὶ ἀνθρώπων πρὸς πολλὰ μειγνυμένης ἔθη καὶ βίων παραδείγματα [3] παντοδαπῶν ὑποδεχομένης. εἰκότως οὖν ἐθαύμαζον τὸν Κάτωνα, τοὺς μὲν ἄλλους ὑπὸ τῶν πόνων θραυομένους καὶ μαλασσομένους ὑπὸ τῶν ἡδονῶν ὁρῶντες, ἐκεῖνον δ’ ὑπ’ ἀμφοῖν ἀήττητον, οὐ μόνον ἕως ἔτι νέος καὶ φιλότιμος ἦν, ἀλλὰ καὶ γέροντα πολὺν ἤδη μεθ’ ὑπατείαν καὶ θρίαμβον, ὥσπερ ἀθλητὴν νικηφόρον, ἐγκαρτεροῦντα τῇ τάξει τῆς ἀσκήσεως καὶ διομαλίζοντα μέχρι τῆς τελευτῆς.

[4] ἐσθῆτα μὲν γὰρ οὐδέποτέ φησι (fr. 72 M.^{2}) φορέσαι πολυτελεστέραν ἑκατὸν δραχμῶν, πιεῖν δὲ καὶ στρατηγῶν καὶ ὑπατεύων τὸν αὐτὸν οἶνον τοῖς ἐργάταις, ὄψον δὲ παρασκευάζεσθαι πρὸς τὸ δεῖπνον ἐξ ἀγορᾶς ἀσσαρίων τριάκοντα, καὶ τοῦτο διὰ τὴν πόλιν, ὅπως ἰσχύοι τὸ [5] σῶμα πρὸς τὰς στρατείας, ἐπίβλημα δὲ τῶν ποικίλων Βαβυλώνιον ἐκ κληρονομίας κτησάμενος εὐθὺς ἀποδόσθαι, τῶν δ’ ἐπαύλεων αὐτοῦ μηδεμίαν εἶναι κεκονιαμένην, οὐδένα δὲ πώποτε πρίασθαι δοῦλον ὑπὲρ τὰς χιλίας δραχμὰς καὶ πεντακοσίας, ὡς ἂν οὐ τρυφερῶν οὐδ’ ὡραίων, ἐργατικῶν δὲ καὶ στερεῶν οἷον ἱπποκόμων καὶ βοηλατῶν δεόμενος· καὶ τούτους δὲ πρεσβυτέρους γενομένους ᾤετο δεῖν ἀποδίδοσθαι καὶ μὴ βόσκειν ἀχρήστους.

[6] ὅλως δὲ μηδὲν εὔωνον εἶναι τῶν περιττῶν, ἀλλ’ οὗ τις οὐ δεῖται, κἂν ἀσσαρίου πιπράσκηται, πολλοῦ νομίζειν· κτᾶσθαι δὲ τὰ σπειρόμενα καὶ νεμόμενα μᾶλλον ἢ τὰ ῥαινόμενα καὶ σαιρόμενα.

[5] [1] Ταῦτα δ’ οἱ μὲν εἰς μικρολογίαν ἐτίθεντο τοῦ ἀνδρός, οἱ δ’ ὡς ἐπὶ διορθώσει καὶ σωφρονισμῷ τῶν ἄλλων ἐνδοτέρω συστέλλοντος ἑαυτὸν ἀπεδέχοντο. πλὴν τὸ τοῖς οἰκέταις ὡς ὑποζυγίοις ἀποχρησάμενον ἐπὶ γήρως ἐξελαύνειν καὶ πιπράσκειν ἀτενοῦς ἄγαν ἤθους ἔγωγε τίθεμαι, καὶ μηδὲν ἀνθρώπῳ πρὸς ἄνθρωπον οἰομένου κοινώνημα [2] τῆς χρείας πλέον ὑπάρχειν. καίτοι τὴν χρηστότητα τῆς δικαιοσύνης πλατύτερον τόπον ὁρῶμεν ἐπιλαμβάνουσαν· νόμῳ μὲν γὰρ καὶ τῷ δικαίῳ πρὸς ἀνθρώπους μόνον χρῆσθαι πεφύκαμεν, πρὸς εὐεργεσίας δὲ καὶ χάριτας ἔστιν ὅτε καὶ μέχρι τῶν ἀλόγων ζῴων ὥσπερ ἐκ πηγῆς πλουσίας ἀπορρεῖ τῆς ἡμερότητος. καὶ γὰρ

ἵππων ἀπειρηκότων ὑπὸ χρόνου τροφαὶ καὶ κυνῶν οὐ σκυλακεῖαι μόνον, ἀλλὰ καὶ γηροκομίαι τῷ χρηστῷ προσήκουσιν.

[3] ὁ δὲ τῶν Ἀθηναίων δῆμος οἰκοδομῶν τὸν Ἑκατόμπεδον, ὅσας κατενόησεν ἡμιόνους μάλιστα τοῖς πόνοις ἐγκαρτερούσας, ἀπέλυσεν ἐλευθέρας νέμεσθαι καὶ ἀφέτους, ὧν μίαν φασὶ καταβαίνουσαν ἀφ' ἑαυτῆς πρὸς τὰ ἔργα τοῖς ἀνάγουσι τὰς ἁμάξας ὑποζυγίοις εἰς ἀκρόπολιν συμπαρατρέχειν καὶ προηγεῖσθαι καθάπερ ἐγκελευομένην καὶ συνεξορμῶσαν, ἣν καὶ τρέφεσθαι δημοσίᾳ μέχρι τελευτῆς [4] ἐψηφίσαντο. τῶν δὲ Κίμωνος ἵππων αἷς Ὀλύμπια τρὶς ἐνίκησε καὶ ταφαὶ πλησίον εἰσὶ τῶν ἐκείνου μνημάτων. κύνας δὲ συντρόφους γενομένους καὶ συνήθεις ἄλλοι τε πολλοὶ καὶ Ξάνθιππος ὁ παλαιὸς τὸν εἰς Σαλαμῖνα τῇ τριήρει παρανηξάμενον, ὅτε τὴν πόλιν ὁ δῆμος ἐξέλιπεν, ἐπὶ τῆς ἄκρας ἐκήδευσεν ἣν Κυνὸς σῆμα μέχρι [5] νῦν καλοῦσιν. οὐ γὰρ ὡς ὑποδήμασιν ἢ σκεύεσι τοῖς ψυχὴν ἔχουσι χρηστέον, κοπέντα καὶ κατατριβέντα ταῖς ὑπηρεσίαις ἀπορρίπτοντας, ἀλλ' εἰ διὰ μηδὲν ἄλλο μελέτης οὕνεκα τοῦ φιλανθρώπου προεθιστέον ἑαυτὸν ἐν [6] τούτοις πρᾷον εἶναι καὶ μείλιχον. ἐγὼ μὲν οὖν οὐδὲ βοῦν ἂν ἐργάτην διὰ γῆρας ἀποδοίμην, μή τί γε πρεσβύτερον ἄνθρωπον, ἐκ χώρας συντρόφου καὶ διαίτης συνήθους ὥσπερ ἐκ πατρίδος μεθιστάμενον ἀντὶ κερμάτων μικρῶν, ἄχρηστόν γε τοῖς ὠνουμένοις ὥσπερ τοῖς πιπράσκουσι [7] γενησόμενον. ὁ δὲ Κάτων, ὥσπερ νεανιευόμενος ἐπὶ τούτοις, καὶ τὸν ἵππον ᾧ παρὰ τὰς στρατείας ὑπατεύων ἐχρῆτο φησὶν (fr. 54 M.[2]) ἐν Ἰβηρίᾳ καταλιπεῖν, ἵνα μὴ τῇ πόλει λογίσηται τὸ ναῦλον αὐτοῦ. ταῦτα μὲν οὖν εἴτε μεγαλοψυχίας εἴτε μικρολογίας θετέον, ἔξεστι τῷ πείθοντι χρῆσθαι λογισμῷ.

[6] [1] Τῆς δ' ἄλλης ἐγκρατείας ὑπερφυῶς θαυμαστὸς ὁ ἀνήρ, ὅστις στρατηγῶν ἐλάμβανεν ἑαυτῷ καὶ τοῖς περὶ αὐτὸν οὐ πλέον εἰς τὸν μῆνα πυρῶν ἢ τρεῖς Ἀττικοὺς μεδίμνους, εἰς δὲ τὴν ἡμέραν κριθῶν τοῖς ὑποζυγίοις [2] ἔλαττον τριῶν ἡμιμεδίμνων. ἐπαρχίαν δὲ λαβὼν Σαρδόνα, τῶν πρὸ αὐτοῦ στρατηγῶν εἰωθότων χρῆσθαι καὶ σκηνώμασι δημοσίοις καὶ κλίναις καὶ ἱματίοις, πολλῇ δὲ θεραπείᾳ καὶ φίλων πλήθει καὶ περὶ δεῖπνα δαπάναις καὶ παρασκευαῖς βαρυνόντων, ἐκεῖνος ἄπιστον ἐποίησε [3] τὴν διαφορὰν τῆς εὐτελείας. δαπάνης μὲν γὰρ εἰς οὐδὲν οὐδεμιᾶς προσεδεήθη δημοσίας, ἐπεφοίτα δὲ ταῖς πόλεσιν αὐτὸς μὲν ἄνευ ζεύγους πορευόμενος, εἷς δ' ἠκολούθει δημόσιος, ἐσθῆτα καὶ σπονδεῖον αὐτῷ πρὸς ἱερουργίαν [4] κομίζων. ἐν δὲ τούτοις οὕτως εὔκολος καὶ ἀφελὴς τοῖς ὑπὸ χεῖρα φαινόμενος, αὖθις ἀνταπεδίδου τὴν σεμνότητα καὶ τὸ βάρος, ἀπαραίτητος ὢν ἐν τῷ δικαίῳ καὶ τοῖς ὑπὲρ τῆς ἡγεμονίας προστάγμασιν ὄρθιος καὶ αὐθέκαστος,

ὥστε μηδέποτε τὴν Ῥωμαίων ἀρχὴν ἐκείνοις μήτε φοβερωτέραν μήτε προσφιλεστέραν γενέσθαι.

[7] [1] Τοιαύτην δέ τινα φαίνεται καὶ ὁ λόγος τοῦ ἀνδρὸς ἰδέαν ἔχειν· εὔχαρις γὰρ ἅμα καὶ δεινὸς ἦν, ἡδὺς καὶ καταπληκτικός, φιλοσκώμμων καὶ αὐστηρός, ἀποφθεγματικὸς καὶ ἀγωνιστικός, ὥσπερ ὁ Πλάτων (Symp. 215a) τὸν Σωκράτη φησὶν ἔξωθεν ἰδιώτην καὶ σατυρικὸν καὶ ὑβριστὴν τοῖς ἐντυγχάνουσι φαινόμενον, ἔνδοθεν σπουδῆς καὶ πραγμάτων μεστὸν εἶναι δάκρυα κινούντων [2] τοῖς ἀκροωμένοις καὶ τὴν καρδίαν στρεφόντων. ὅθεν οὐκ οἶδ' ὅτι πεπόνθασιν οἱ τῷ Λυσίου λόγῳ τὰ μάλιστα [3] προσεοικέναι φάμενοι τὸν Κάτωνος. οὐ μὴν ἀλλὰ ταῦτα μὲν οἷς μᾶλλον ἰδέας λόγων Ῥωμαϊκῶν αἰσθάνεσθαι προσήκει διακρινοῦσιν, ἡμεῖς δὲ τῶν ἀπομνημονευομένων βραχέα γράψομεν, οἳ τῷ λόγῳ πολὺ μᾶλλον ἢ τῷ προσώπῳ, καθάπερ ἔνιοι νομίζουσι, τῶν ἀνθρώπων φαμὲν ἐμφαίνεσθαι τὸ ἦθος.

[8] [1] Μέλλων ποτὲ τὸν Ῥωμαίων δῆμον ὡρμημένον ἀκαίρως ἐπὶ σιτομετρίας καὶ διανομὰς ἀποτρέπειν, ἤρξατο τῶν λόγων οὕτως· 'χαλεπὸν μέν ἐστιν ὦ πολῖται πρὸς γαστέρα λέγειν ὦτα οὐκ ἔχουσαν.'

[2] Κατηγορῶν δὲ τῆς πολυτελείας ἔφη χαλεπὸν εἶναι σωθῆναι πόλιν ἐν ᾗ πωλεῖται πλείονος ἰχθὺς ἢ βοῦς.

[3] Ἐοικέναι δὲ προβάτοις ἔφη τοὺς Ῥωμαίους· ὡς γὰρ ἐκεῖνα καθ' ἕκαστον μὲν οὐ πείθεται, σύμπαντα δ' ἕπεται μετ' ἀλλήλων τοῖς ἄγουσιν, 'οὕτω καὶ ὑμεῖς' εἶπεν 'οἷς οὐκ ἂν ἀξιώσαιτε συμβούλοις χρῆσθαι κατ' ἰδίαν, ὑπὸ τούτων εἰς ἓν συνελθόντες ἄγεσθε.'

[4] Περὶ δὲ τῆς γυναικοκρατίας διαλεγόμενος 'πάντες' εἶπεν 'ἄνθρωποι τῶν γυναικῶν ἄρχουσιν, ἡμεῖς δὲ πάντων ἀνθρώπων, ἡμῶν δ' αἱ γυναῖκες.' τοῦτο μὲν οὖν ἐστιν ἐκ τῶν Θεμιστοκλέους μετενηνεγμένον ἀποφθεγμάτων.

[5] ἐκεῖνος γὰρ ἐπιτάττοντος αὐτῷ πολλὰ τοῦ υἱοῦ διὰ τῆς μητρός, 'ὦ γύναι' εἶπεν, 'Ἀθηναῖοι μὲν ἄρχουσι τῶν Ἑλλήνων, ἐγὼ δ' Ἀθηναίων, ἐμοῦ δὲ σύ, σοῦ δ' ὁ υἱός, ὥστε φειδέσθω τῆς ἐξουσίας, δι' ἣν ἀνόητος ὢν πλεῖστον Ἑλλήνων δύναται.'

[6] Τὸν δὲ δῆμον ὁ Κάτων ἔφη τῶν Ῥωμαίων οὐ μόνον ταῖς πορφύραις, ἀλλὰ καὶ τοῖς ἐπιτηδεύμασι τὰς τιμὰς ἐπιγράφειν. 'ὡς γὰρ οἱ βαφεῖς' ἔφη 'ταύτην μάλιστα βάπτουσιν ᾗ χαίροντας ὁρῶσιν, οὕτως οἱ νέοι ταῦτα μανθάνουσι καὶ ζηλοῦσιν οἷς ἂν ὁ παρ' ὑμῶν ἔπαινος ἕπηται.'

[7] Παρεκάλει δ' αὐτούς, εἰ μὲν ἀρετῇ καὶ σωφροσύνῃ γεγόνασι μεγάλοι, μὴ μεταβάλλεσθαι πρὸς τὸ χεῖρον, εἰ δ' ἀκρασίᾳ καὶ κακίᾳ, μεταβάλλεσθαι πρὸς τὸ βέλτιον· ἱκανῶς γὰρ ἤδη μεγάλους ἀπ' ἐκείνων γεγονέναι.

[8] Τοὺς δὲ πολλάκις ἄρχειν σπουδάζοντας ἔφη καθάπερ ἀγνοοῦντας τὴν ὁδὸν ἀεὶ μετὰ ῥαβδούχων ζητεῖν πορεύεσθαι, μὴ πλανηθῶσιν. ἐπετίμα δὲ τοῖς πολίταις τοὺς [9] αὐτοὺς αἱρουμένοις πολλάκις ἄρχοντας. ʻδόξετε γάρʼ ἔφη ʻἢ μὴ πολλοῦ τὸ ἄρχειν ἄξιον ἢ μὴ πολλοὺς τοῦ ἄρχειν ἀξίους ἡγεῖσθαι.ʼ

[10] Περὶ δὲ τῶν ἐχθρῶν τινος αἰσχρῶς καὶ ἀδόξως βιοῦν δοκοῦντος ʻἡ τούτου μήτηρʼ ἔφη ʻκατάραν, οὐκ εὐχήν, [11] ἡγεῖται τὸ τοῦτον ὑπὲρ γῆς ἀπολιπεῖν.ʼ τὸν δὲ πεπρακότα τοὺς πατρῴους ἀγροὺς παραλίους ὄντας ἐπιδεικνύμενος προσεποιεῖτο θαυμάζειν ὡς ἰσχυρότερον τῆς θαλάττης· ʻἃ γὰρ ἐκείνη μόλις ἔκλυζεν, οὗτοςʼ ἔφη ʻῥᾳδίως καταπέπωκεν.ʼ

[12] Ἐπεὶ δʼ Εὐμένους τοῦ βασιλέως ἐπιδημήσαντος εἰς Ῥώμην ἥ τε σύγκλητος ὑπερφυῶς ἀπεδέξατο καὶ τῶν πρώτων ἅμιλλα καὶ σπουδὴ περὶ αὐτὸν ἐγίνετο, δῆλος [13] ἦν ὁ Κάτων ὑφορώμενος καὶ φυλαττόμενος αὐτόν. εἰπόντος δέ τινος ʻἀλλὰ μὴν χρηστός ἐστι καὶ φιλορώμαιοςʼ, ʻἔστωʼ εἶπεν, ʻἀλλὰ φύσει τοῦτο τὸ ζῷον [ὁ βασιλεὺς] [14] σαρκοφάγον ἐστίν.ʼ οὐδένα δὲ τῶν εὐδαιμονιζομένων ἔφη βασιλέων ἄξιον εἶναι παραβάλλειν πρὸς Ἐπαμεινώνδαν ἢ Περικλέα ἢ Θεμιστοκλέα ἢ Μάνιον Κούριον ἢ Ἀμίλκαν τὸν ἐπικληθέντα Βάρκαν.

[15] Αὑτῷ δʼ ἔλεγε τοὺς ἐχθροὺς φθονεῖν, ὅτι καθʼ ἡμέραν ἐκ νυκτὸς ἀνίσταται καὶ τῶν ἰδίων ἀμελῶν τοῖς δημοσίοις [16] σχολάζει. βούλεσθαι δʼ ἔλεγε μᾶλλον εὖ πράξας [17] ἀποστερηθῆναι χάριν ἢ κακῶς μὴ τυχεῖν κολάσεως, καὶ συγγνώμην ἔφη διδόναι πᾶσι τοῖς ἁμαρτάνουσι πλὴν αὑτοῦ.

[9] [1] Τῶν δὲ Ῥωμαίων εἰς Βιθυνίαν τρεῖς ἑλομένων πρέσβεις, ὧν ὁ μὲν ποδαγρικὸς ἦν, ὁ δὲ τὴν κεφαλὴν ἐξ ἀνατρήσεως καὶ περικοπῆς κοίλην εἶχεν, ὁ δὲ τρίτος ἐδόκει μωρὸς εἶναι, καταγελῶν ὁ Κάτων ἔλεγε πρεσβείαν ὑπὸ Ῥωμαίων ἀποστέλλεσθαι μήτε πόδας μήτε κεφαλὴν μήτε καρδίαν ἔχουσαν.

[2] Ὑπὲρ δὲ τῶν ἐξ Ἀχαΐας φυγάδων ἐντευχθεὶς διὰ Πολύβιον ὑπὸ Σκιπίωνος, ὡς πολὺς ἐν τῇ συγκλήτῳ λόγος ἐγίνετο, τῶν μὲν διδόντων κάθοδον αὐτοῖς, τῶν δʼ ἐνισταμένων, ἀναστὰς ὁ Κάτων ʻὥσπερ οὐκ ἔχοντεςʼ εἶπεν (fr. 189 M.[2]) ʻὃ πράττωμεν, καθήμεθα τὴν ἡμέραν ὅλην περὶ γεροντίων Γραικῶν ζητοῦντες, πότερον ὑπὸ τῶν παρʼ ἡμῖν ἢ [3] τῶν ἐν Ἀχαΐᾳ νεκροφόρων ἐκκομισθῶσι.ʼ ψηφισθείσης δὲ τῆς καθόδου τοῖς ἀνδράσιν, ἡμέρας ὀλίγας οἱ περὶ τὸν Πολύβιον διαλιπόντες, αὖθις ἐπεχείρουν εἰς τὴν σύγκλητον εἰσελθεῖν, ὅπως ἃς πρότερον εἶχον ἐν Ἀχαΐᾳ τιμὰς οἱ φυγάδες ἀναλάβοιεν, καὶ τοῦ Κάτωνος ἀπεπειρῶντο τῆς γνώμης. ὁ δὲ μειδιάσας ἔφη τὸν Πολύβιον ὥσπερ τὸν Ὀδυσσέα βούλεσθαι πάλιν εἰς τὸ τοῦ Κύκλωπος σπήλαιον εἰσελθεῖν, τὸ πιλίον ἐκεῖ καὶ τὴν ζώνην ἐπιλελησμένον.

[4] Τοὺς δὲ φρονίμους ἔλεγε μᾶλλον ὑπὸ τῶν ἀφρόνων ἢ τοὺς ἄφρονας ὑπὸ τῶν φρονίμων ὠφελεῖσθαι· τούτους μὲν γὰρ φυλάττεσθαι τὰς ἐκείνων ἁμαρτίας, ἐκείνους δὲ τὰς τούτων μὴ μιμεῖσθαι κατορθώσεις.

[5] Τῶν δὲ νέων ἔφη χαίρειν τοῖς ἐρυθριῶσι μᾶλλον ἢ τοῖς ὠχριῶσι, στρατιώτου δὲ μὴ δεῖσθαι τὰς μὲν χεῖρας ἐν τῷ βαδίζειν, τοὺς δὲ πόδας ἐν τῷ μάχεσθαι κινοῦντος, μεῖζον δὲ ῥέγχοντος ἢ ἀλαλάζοντος.

[6] Τὸν δ' ὑπέρπαχυν κακίζων 'ποῦ δ' ἄν' ἔφη 'τῇ πόλει σῶμα τοιοῦτο γένοιτο χρήσιμον, οὗ τὸ μεταξὺ λαιμοῦ καὶ βουβώνων ἅπαν ὑπὸ τῆς γαστρὸς κατέχεται;'

[7] Τῶν δὲ φιληδόνων τινὰ βουλόμενον αὐτῷ συνεῖναι παραιτούμενος, ἔφη μὴ δύνασθαι ζῆν μετ' ἀνθρώπου τῆς καρδίας τὴν ὑπερῴαν εὐαισθητοτέραν ἔχοντος.

[8] Τοῦ δ' ἐρῶντος ἔλεγε τὴν ψυχὴν ἐν ἀλλοτρίῳ σώματι ζῆν.

[9] Μεταμεληθῆναι δ' αὐτὸς ἐν παντὶ τῷ βίῳ τρεῖς μεταμελείας· μίαν μὲν ἐπὶ τῷ γυναικὶ πιστεῦσαι λόγον ἀπόρρητον, ἑτέραν δὲ πλεύσας ὅπου δυνατὸν ἦν πεζεῦσαι, τὴν δὲ τρίτην ὅτι μίαν ἡμέραν ἀδιάθετος ἔμεινε.

[10] Πρὸς δὲ πρεσβύτην πονηρευόμενον 'ἄνθρωπε' εἶπε, 'πολλὰ ἔχοντι τῷ γήρᾳ τὰ αἰσχρὰ μὴ προστίθει τὴν ἀπὸ τῆς κακίας αἰσχύνην.'

[11] Πρὸς δὲ δήμαρχον ἐν διαβολῇ μὲν φαρμακείας γενόμενον, φαῦλον δὲ νόμον εἰσφέροντα καὶ βιαζόμενον, 'ὦ μειράκιον' εἶπεν, 'οὐκ οἶδα, πότερον χεῖρόν ἐστιν ὃ κίρνης πιεῖν ἢ ὃ γράφεις κυρῶσαι.'

[12] Βλασφημούμενος δ' ὑπ' ἀνθρώπου βεβιωκότος ἀσελγῶς καὶ κακῶς, 'ἄνισος' εἶπεν 'ἡ πρὸς σέ μοι μάχη ἐστί· καὶ γὰρ ἀκούεις τὰ κακὰ ῥᾳδίως καὶ λέγεις εὐχερῶς, ἐμοὶ δὲ καὶ λέγειν ἀηδὲς καὶ ἀκούειν [ἄηθες].' τὸ μὲν οὖν τῶν ἀπομνημονευμάτων γένος τοιοῦτόν ἐστιν.

[10] [1] Ὕπατος δὲ μετὰ Φλάκκου Οὐαλερίου τοῦ φίλου καὶ συνήθους ἀποδειχθείς, ἔλαχε τῶν ἐπαρχιῶν ἣν Ἐντὸς Ἱσπανίαν Ῥωμαῖοι καλοῦσιν. ἐνταῦθα δ' αὐτῷ τὰ μὲν καταστρεφομένῳ τῶν ἐθνῶν, τὰ δ' οἰκειουμένῳ διὰ λόγων, πολλὴ στρατιὰ τῶν βαρβάρων ἐπέπεσε, καὶ κίνδυνος ἦν αἰσχρῶς ἐκβιασθῆναι· διὸ τῶν ἐγγὺς Κελτιβήρων [2] ἐπεκαλεῖτο συμμαχίαν. αἰτούντων δ' ἐκείνων τῆς βοηθείας διακόσια τάλαντα μισθόν, οἱ μὲν ἄλλοι πάντες οὐκ ἀνασχετὸν ἐποιοῦντο Ῥωμαίους βαρβάροις ἐπικουρίας ὁμολογῆσαι μισθόν, ὁ δὲ Κάτων οὐδὲν ἔφη δεινὸν εἶναι· νικῶντας μὲν γὰρ ἀποδώσειν παρὰ τῶν πολεμίων, οὐ παρ' αὑτῶν, ἡττωμένων δὲ μήτε τοὺς ἀπαιτουμένους [3] ἔσεσθαι μήτε τοὺς ἀπαιτοῦντας. ταύτην δὲ τὴν μάχην κατὰ κράτος ἐνίκησε, καὶ τὰ ἄλλα προὐχώρει λαμπρῶς. Πολύβιος (19, 1) μέν γέ φησι τῶν ἐντὸς Βαίτιος ποταμοῦ πόλεων ἡμέρᾳ μιᾷ τὰ τείχη κελεύσαντος αὐτοῦ περιαιρεθῆναι·

πάμπολλαι δ’ ἦσαν αὗται καὶ γέμουσαι μαχίμων ἀνδρῶν· αὐτὸς δέ φησιν ὁ Κάτων (HRR I 92) πλείονας εἰληφέναι πόλεις ὧν διήγαγεν ἡμερῶν ἐν Ἰβηρίᾳ, καὶ τοῦτο κόμπος οὐκ ἔστιν, εἴπερ ὡς ἀληθῶς τετρακόσιαι τὸ πλῆθος ἦσαν.

[4] Τοῖς μὲν οὖν στρατιώταις πολλὰ παρὰ τὴν στρατείαν ὠφεληθεῖσιν ἔτι καὶ λίτραν ἀργυρίου κατ’ ἄνδρα προσδιένειμεν, εἰπὼν ὡς κρεῖττον εἴη πολλοὺς Ῥωμαίων ἀργύριον ἢ χρυσίον ὀλίγους ἔχοντας ἐπανελθεῖν· εἰς δ’ αὐτὸν ἐκ τῶν ἁλισκομένων οὐδὲν ἐλθεῖν λέγει πλὴν ὅσα [5] πέπωκεν ἢ βέβρωκε. ‘καὶ οὐκ αἰτιῶμαι’ φησί ‘τοὺς ὠφελεῖσθαι ζητοῦντας ἐκ τούτων, ἀλλὰ βούλομαι μᾶλλον περὶ ἀρετῆς τοῖς ἀρίστοις ἢ περὶ χρημάτων τοῖς πλουσιωτάτοις ἁμιλλᾶσθαι καὶ τοῖς φιλαργυρωτάτοις περὶ [6] φιλαργυρίας.’ οὐ μόνον δ’ αὐτόν, ἀλλὰ καὶ τοὺς περὶ αὐτὸν ἐφύλαττε καθαροὺς παντὸς λήμματος. ἦσαν δὲ πέντε θεράποντες ἐπὶ στρατείας σὺν αὐτῷ. τούτων εἷς ὄνομα Πάκκιος ἠγόρασε τρία τῶν αἰχμαλώτων παιδάρια· τοῦ δὲ Κάτωνος αἰσθομένου, πρὶν εἰς ὄψιν ἐλθεῖν ἀπήγξατο. τοὺς δὲ παῖδας ὁ Κάτων ἀποδόμενος, εἰς τὸ δημόσιον ἀνήνεγκε τὴν τιμήν.

[11] [1] Ἔτι δ’ αὐτοῦ διατρίβοντος ἐν Ἰβηρίᾳ, Σκιπίων ὁ μέγας, ἐχθρὸς ὢν καὶ βουλόμενος ἐνστῆναι κατορθοῦντι καὶ τὰς Ἰβηρικὰς πράξεις ὑπολαβεῖν, διεπράξατο τῆς ἐπαρχίας ἐκείνης ἀποδειχθῆναι διάδοχος. σπεύσας δ’ ὡς [2] ἐνῆν τάχιστα κατέπαυσε τὴν ἀρχὴν τοῦ Κάτωνος. ὁ δὲ λαβὼν σπείρας ὁπλιτῶν πέντε καὶ πεντακοσίους ἱππεῖς προπομπούς, κατεστρέψατο μὲν τὸ Λακετανῶν ἔθνος, ἑξακοσίους δὲ τῶν ηὐτομοληκότων κομισάμενος ἀπέκτεινεν· [3] ἐφ’ οἷς σχετλιάζοντα τὸν Σκιπίωνα κατειρωνευόμενος, οὕτως ἔφη τὴν Ῥώμην ἔσεσθαι μεγίστην, τῶν μὲν ἐνδόξων καὶ μεγάλων τὰ τῆς ἀρετῆς πρωτεῖα μὴ μεθιέντων τοῖς ἀσημοτέροις, τῶν δ’ ὥσπερ αὐτός ἐστι δημοτικῶν ἁμιλλωμένων ἀρετῇ πρὸς τοὺς τῷ γένει καὶ τῇ [4] δόξῃ προήκοντας. οὐ μὴν ἀλλὰ τῆς συγκλήτου ψηφισαμένης μηδὲν ἀλλάττειν μηδὲ κινεῖν τῶν διῳκημένων ὑπὸ τοῦ Κάτωνος, ἡ μὲν ἀρχὴ τῷ Σκιπίωνι τῆς αὐτοῦ μᾶλλον ἢ τῆς Κάτωνος ἀφελοῦσα δόξης ἐν ἀπραξίᾳ καὶ σχολῇ μάτην διῆλθεν, ὁ δὲ Κάτων θριαμβεύσας οὐχ, ὥσπερ οἱ πλεῖστοι τῶν μὴ πρὸς ἀρετήν, ἀλλὰ πρὸς δόξαν ἁμιλλωμένων, ὅταν εἰς τὰς ἄκρας τιμὰς ἐξίκωνται καὶ τύχωσιν ὑπατείας καὶ θριάμβων, ἤδη τὸ λοιπὸν εἰς ἡδονὴν καὶ σχολὴν συσκευασάμενοι τὸν βίον ἐκ τῶν κοινῶν ἀπίασιν, οὕτω καὐτὸς ἐξανῆκε καὶ κατέλυσε τὴν ἀρετήν, ἀλλ’ ὅμοια τοῖς πρῶτον ἁπτομένοις πολιτείας καὶ διψῶσι τιμῆς καὶ δόξης ἀφ’ ἑτέρας ἀρχῆς συντείνας ἑαυτὸν ἐν μέσῳ παρεῖχε καὶ φίλοις χρῆσθαι καὶ πολίταις, οὔτε τὰς συνηγορίας οὔτε τὰς στρατείας ἀπειπάμενος.

[12] [1] Τιβερίῳ μὲν οὖν Σεμπρωνίῳ τὰ περὶ Θρᾴκην καὶ Ἴστρον ὑπατεύοντι πρεσβεύων συγκατειργάσατο, Μανίῳ δ᾽ Ἀκιλίῳ χιλιαρχῶν ἐπ᾽ Ἀντίοχον τὸν μέγαν συνεξῆλθεν εἰς τὴν Ἑλλάδα, φοβήσαντα Ῥωμαίους ὡς οὐδένα [2] ἕτερον μετ᾽ Ἀννίβαν. τὴν γὰρ Ἀσίαν ὅσην ὁ Νικάτωρ Σέλευκος εἶχεν ὀλίγου δεῖν ἅπασαν ἐξ ὑπαρχῆς ἀνειληφώς, ἔθνη τε πάμπολλα καὶ μάχιμα βαρβάρων ὑπήκοα πεποιημένος, ἐπῆρτο συμπεσεῖν Ῥωμαίοις ὡς [3] μόνοις ἔτι πρὸς αὐτὸν ἀξιομάχοις οὖσιν. εὐπρεπῆ δὲ τοῦ πολέμου ποιησάμενος αἰτίαν τοὺς Ἕλληνας ἐλευθεροῦν, οὐδὲν δεομένους, ἀλλ᾽ ἐλευθέρους καὶ αὐτονόμους χάριτι τῇ Ῥωμαίων ἀπὸ Φιλίππου καὶ Μακεδόνων νεωστὶ γεγονότας, διέβη μετὰ δυνάμεως, καὶ σάλον εὐθὺς ἡ Ἑλλὰς εἶχε καὶ μετέωρος ἦν, ἐλπίσι διαφθειρομένη βασιλικαῖς [4] ὑπὸ τῶν δημαγωγῶν. ἔπεμπεν οὖν πρεσβείας ὁ Μάνιος ἐπὶ τὰς πόλεις, καὶ τὰ μὲν πλεῖστα τῶν νεωτεριζόντων Τίτος Φλαμινῖνος ἔσχεν ἄνευ ταραχῆς καὶ κατεπράυνεν, ὡς ἐν τοῖς περὶ ἐκείνου γέγραπται (cap. 15), Κάτων δὲ Κορινθίους καὶ Πατρεῖς, ἔτι δ᾽ Αἰγιεῖς παρεστήσατο.

[5] πλεῖστον δὲ χρόνον ἐν Ἀθήναις διέτριψε, καὶ λέγεται μέν τις αὐτοῦ φέρεσθαι λόγος ὃν Ἑλληνιστὶ πρὸς τὸν δῆμον εἶπεν, ὡς ζηλῶν τε τὴν ἀρετὴν τῶν παλαιῶν Ἀθηναίων, τῆς τε πόλεως διὰ τὸ κάλλος καὶ τὸ μέγεθος ἡδέως γεγονὼς θεατής· τοῦτο δ᾽ οὐκ ἀληθές ἐστιν, ἀλλὰ δι᾽ ἑρμηνέως ἐνέτυχε τοῖς Ἀθηναίοις, δυνηθεὶς ἂν αὐτὸς εἰπεῖν, ἐμμένων δὲ τοῖς πατρίοις καὶ [6] καταγελῶν τῶν τὰ Ἑλληνικὰ τεθαυμακότων. Ποστούμιον γοῦν Ἀλβῖνον ἱστορίαν Ἑλληνιστὶ γράψαντα καὶ συγγνώμην αἰτούμενον ἐπέσκωψεν, εἰπὼν δοτέον εἶναι τὴν συγγνώμην, εἰ τῶν Ἀμφικτυόνων ψηφισαμένων ἀναγκασθεὶς [7] ὑπέμεινε τὸ ἔργον. θαυμάσαι δέ φησι τοὺς Ἀθηναίους τὸ τάχος αὐτοῦ καὶ τὴν ὀξύτητα τῆς φράσεως· ἃ γὰρ αὐτὸς ἐξέφερε βραχέως, τὸν ἑρμηνέα μακρῶς καὶ διὰ πολλῶν ἀπαγγέλλειν· τὸ δ᾽ ὅλον οἴεσθαι τὰ ῥήματα τοῖς μὲν Ἕλλησιν ἀπὸ χειλῶν, τοῖς δὲ Ῥωμαίοις ἀπὸ καρδίας φέρεσθαι.

[13] [1] Ἐπεὶ δ᾽ Ἀντίοχος ἐμφράξας τὰ περὶ Θερμοπύλας στενὰ τῷ στρατοπέδῳ καὶ τοῖς αὐτοφυέσι τῶν τόπων ἐρύμασι προσβαλὼν χαρακώματα καὶ διατειχίσματα, καθῆστο τὸν πόλεμον ἐκκεκλεικέναι νομίζων, τὸ μὲν κατὰ στόμα βιάζεσθαι παντάπασιν ἀπεγίνωσκον οἱ Ῥωμαῖοι, τὴν δὲ Περσικὴν ἐκείνην περιήλυσιν καὶ κύκλωσιν ὁ Κάτων εἰς νοῦν βαλόμενος, ἐξώδευσε νύκτωρ, ἀναλαβὼν [2] μέρος τι τῆς στρατιᾶς. ἐπεὶ δ᾽ ἄνω προελθόντων ὁ καθοδηγῶν αἰχμάλωτος ἐξέπεσε τῆς ὁδοῦ καὶ πλανώμενος ἐν τόποις ἀπόροις καὶ κρημνώδεσι δεινὴν ἀθυμίαν καὶ φόβον ἐνειργάσατο τοῖς στρατιώταις, ὁρῶν ὁ Κάτων τὸν κίνδυνον ἐκέλευσε τοὺς ἄλλους ἅπαντας ἀτρεμεῖν καὶ

περιμένειν, αὐτὸς δὲ Λεύκιόν τινα Μάλλιον, ἄνδρα δεινὸν ὀρειβατεῖν, παραλαβὼν ἐχώρει πολυπόνως καὶ παραβόλως ἐν ἀσελήνῳ νυκτὶ καὶ βαθείᾳ, κοτίνοις καὶ πάγοις ἀνατεταμένοις διασπάσματα πολλὰ τῆς ὄψεως καὶ ἀσάφειαν ἐχούσης, ἕως ἐμβαλόντες εἰς ἀτραπόν, ὡς ᾤοντο κάτω περαίνουσαν ἐπὶ τὸ στρατόπεδον τῶν πολεμίων, ἔθεντο σημεῖα πρός τινας εὐσκόπους κεραίας ὑπὲρ τὸ Καλλίδρομον [3] ἀνεχούσας. οὕτω δὲ πάλιν ἐπανελθόντες ὀπίσω, τὴν στρατιὰν ἀνέλαβον, καὶ πρὸς τὰ σημεῖα προάγοντες ἥψαντο μὲν ἐκείνης τῆς ἀτραποῦ καὶ κατεστήσαντο τὴν πορείαν, μικρὸν δὲ προελθοῦσιν αὐτοῖς ἐπέλιπε φάραγγος ὑπολαμβανούσης, καὶ πάλιν ἦν ἀπορία καὶ δέος, οὐκ ἐπισταμένων οὐδὲ συνορώντων ὅτι πλησίον ἐτύγχανον [4] τῶν πολεμίων γεγονότες. ἤδη δὲ διέλαμπεν ἡμέρα, καὶ φθογγῆς τις ἔδοξεν ἐπακοῦσαι, τάχα δὲ καὶ καθορᾶν Ἑλληνικὸν χάρακα καὶ προφυλακὴν ὑπὸ τὸ κρημνῶδες. οὕτως οὖν ἐπιστήσας ἐνταῦθα τὴν στρατιὰν ὁ Κάτων, ἐκέλευσεν αὐτῷ προσελθεῖν ἄνευ τῶν ἄλλων τοὺς Φιρμανούς, [5] οἷς ἀεὶ πιστοῖς ἐχρῆτο καὶ προθύμοις. συνδραμόντων δὲ καὶ περιστάντων αὐτὸν ἀθρόων, εἶπεν· ‘ἀλλ’ ἄνδρα χρῄζω λαβεῖν τῶν πολεμίων ζῶντα καὶ πυθέσθαι, τίνες οἱ προφυλάττοντες οὗτοι, καὶ πόσον πλῆθος αὐτῶν, τίς ὁ τῶν ἄλλων διάκοσμος ἢ τάξις καὶ παρασκευὴ μεθ’ ἧς ὑπομένουσιν ἡμᾶς. τὸ δ’ ἔργον ἅρπασμα δεῖ τάχους γενέσθαι καὶ τόλμης, ᾗ καὶ λέοντες ἄνοπλοι θαρροῦντες [6] ἐπὶ τὰ δειλὰ τῶν θηρίων βαδίζουσι.’ ταῦτ’ εἰπόντος τοῦ Κάτωνος, αὐτόθεν ὀρούσαντες ὥσπερ εἶχον οἱ Φιρμανοὶ κατὰ τῶν ὀρῶν ἔθεον ἐπὶ τὰς προφυλακάς, καὶ προσπεσόντες ἀπροσδόκητοι, πάντας μὲν διετάραξαν καὶ διεσκέδασαν, ἕνα δ’ αὐτοῖς ὅπλοις ἁρπάσαντες ἐνεχείρισαν [7] τῷ Κάτωνι. παρὰ τούτου μαθών, ὡς ἡ μὲν ἄλλη δύναμις ἐν τοῖς στενοῖς κάθηται μετ’ αὐτοῦ τοῦ βασιλέως, οἱ δὲ φρουροῦντες οὗτοι τὰς ὑπερβολὰς Αἰτωλῶν εἰσιν ἑξακόσιοι λογάδες, καταφρονήσας τῆς ὀλιγότητος ἅμα καὶ τῆς ὀλιγωρίας, εὐθὺς ἐπῆγεν ἅμα σάλπιγξι καὶ ἀλαλαγμῷ, πρῶτος σπασάμενος τὴν μάχαιραν. οἱ δ’ ὡς εἶδον ἀπὸ τῶν κρημνῶν ἐπιφερομένους, φεύγοντες εἰς τὸ μέγα στρατόπεδον κατεπίμπλασαν ταραχῆς ἅπαντας.

[14] [1] Ἐν τούτῳ δὲ καὶ τοῦ Μανίου κάτωθεν πρὸς τὰ διατειχίσματα βιαζομένου καὶ τοῖς στενοῖς προσβάλλοντος ἀθρόαν τὴν δύναμιν, ὁ μὲν Ἀντίοχος εἰς τὸ στόμα λίθῳ πληγείς, ἐκτιναχθέντων αὐτοῦ τῶν ὀδόντων, ἀπέστρεψεν ὀπίσω τὸν ἵππον περιαλγὴς γενόμενος, τοῦ δὲ στρατοῦ μέρος οὐδὲν ὑπέμεινε τοὺς Ῥωμαίους, ἀλλὰ καίπερ ἀπόρους καὶ ἀμηχάνους τῆς φυγῆς ὁδοὺς καὶ πλάνας ἐχούσης, ἑλῶν βαθέων καὶ πετρῶν ἀποτόμων τὰ πτώματα καὶ τὰς ὀλισθήσεις ὑποδεχομένων, εἰς ταῦτα διὰ τῶν στενῶν

ὑπερχεόμενοι καὶ συνωθοῦντες ἀλλήλους φόβῳ πληγῆς καὶ σιδήρου πολεμίων αὐτοὺς διέφθειρον.

[2] ὁ δὲ Κάτων (HRR I 92) ἀεὶ μέν τις ἦν ὡς ἔοικε τῶν ἰδίων ἐγκωμίων ἀφειδὴς καὶ τὴν ἄντικρυς μεγαλαυχίαν ὡς ἐπακολούθημα τῆς μεγαλουργίας οὐκ ἔφευγε, πλεῖστον δὲ ταῖς πράξεσι ταύταις ὄγκον περιτέθεικε, καί φησι τοῖς ἰδοῦσιν αὐτὸν τότε διώκοντα καὶ παίοντα τοὺς πολεμίους παραστῆναι μηδὲν ὀφείλειν Κάτωνα τῷ δήμῳ τοσοῦτον ὅσον Κάτωνι τὸν δῆμον, αὐτόν τε Μάνιον τὸν ὕπατον θερμὸν ἀπὸ τῆς νίκης ἔτι θερμῷ περιπλακέντα πολὺν χρόνον ἀσπάζεσθαι καὶ βοᾶν ὑπὸ χαρᾶς, ὡς οὔτ’ ἂν αὐτὸς οὔθ’ ὁ σύμπας δῆμος ἐξισώσειε τὰς ἀμοιβὰς ταῖς [3] Κάτωνος εὐεργεσίαις. μετὰ δὲ τὴν μάχην εὐθὺς εἰς Ῥώμην ἐπέμπετο τῶν ἠγωνισμένων αὐτάγγελος, καὶ διέπλευσε μὲν εἰς Βρεντέσιον εὐτυχῶς, μιᾷ δ’ ἐκεῖθεν ἡμέρᾳ διελάσας εἰς Τάραντα καὶ τέσσαρας ἄλλας ὁδεύσας, πεμπταῖος εἰς Ῥώμην ἀπὸ θαλάσσης ἀφίκετο καὶ [4] πρῶτος ἀπήγγειλε τὴν νίκην, καὶ τὴν μὲν πόλιν ἐνέπλησεν εὐφροσύνης καὶ θυσιῶν, φρονήματος δὲ τὸν δῆμον, ὡς πάσης γῆς καὶ θαλάττης κρατεῖν δυνάμενον.

[15] [1] Τῶν μὲν οὖν πολεμικῶν πράξεων τοῦ Κάτωνος αὗται σχεδόν εἰσιν ἐλλογιμώταται· τῆς δὲ πολιτείας φαίνεται τὸ περὶ τὰς κατηγορίας καὶ τοὺς ἐλέγχους τῶν πονηρῶν μόριον οὐ μικρᾶς ἄξιον σπουδῆς ἡγησάμενος. αὐτός τε γὰρ ἐδίωξε πολλούς, καὶ διώκουσιν ἑτέροις συνηγωνίσατο, καὶ παρεσκεύασεν ὅλως διώκοντας, ὡς [2] ἐπὶ Σκιπίωνα τοὺς περὶ Πετίλιον. τοῦτον μὲν οὖν ἀπ’ οἴκου τε μεγάλου καὶ φρονήματος ἀληθινοῦ ποιησάμενον ὑπὸ πόδας τὰς διαβολὰς μὴ †ἀποκτεῖναι δυνηθεὶς ἀφῆκε, Λεύκιον δὲ τὸν ἀδελφὸν αὐτοῦ μετὰ τῶν κατηγόρων συστὰς καταδίκῃ περιέβαλε χρημάτων πολλῶν πρὸς τὸ δημόσιον, ἣν οὐκ ἔχων ἐκεῖνος ἀπολύσασθαι καὶ κινδυνεύων δεθῆναι, μόλις ἐπικλήσει τῶν δημάρχων ἀφείθη.

[3] λέγεται δὲ καὶ νεανίσκῳ τινὶ τεθνηκότος πατρὸς ἐχθρὸν ἠτιμωκότι καὶ πορευομένῳ δι’ ἀγορᾶς μετὰ τὴν δίκην ἀπαντήσας ὁ Κάτων δεξιώσασθαι καὶ εἰπεῖν, ὅτι ταῦτα χρὴ τοῖς γονεῦσιν ἐναγίζειν, οὐκ ἄρνας οὐδ’ ἐρίφους, ἀλλ’ ἐχθρῶν δάκρυα καὶ καταδίκας.

[4] Οὐ μὴν οὐδ’ αὐτὸς ἐν τῇ πολιτείᾳ περιῆν ἀθῷος, ἀλλ’ ὅπου τινὰ λαβὴν τοῖς ἐχθροῖς παράσχοι, κρινόμενος καὶ κινδυνεύων διετέλει. λέγεται γὰρ ὀλίγον ἀπολιπούσας τῶν πεντήκοντα φυγεῖν δίκας, μίαν δὲ τὴν τελευταίαν ἓξ ἔτη καὶ ὀγδοήκοντα γεγονώς· ἐν ᾗ καὶ τὸ μνημονευόμενον εἶπεν, ὡς χαλεπόν ἐστιν ἐν ἄλλοις βεβιωκότα ἀνθρώποις [5] ἐν ἄλλοις ἀπολογεῖσθαι. καὶ τοῦτο πέρας οὐκ ἐποιήσατο τῶν ἀγώνων, τεσσάρων δ’ ἄλλων ἐνιαυτῶν διελθόντων Σερουίου Γάλβα κατηγόρησεν, ἐνενήκοντα γεγονὼς ἔτη. κινδυνεύει γὰρ ὡς ὁ

Νέστωρ εἰς τριγονίαν [6] τῷ βίῳ καὶ ταῖς πράξεσι κατελθεῖν· Σκιπίωνι γὰρ ὡς λέλεκται τῷ μεγάλῳ πολλὰ διερεισάμενος ἐν τῇ πολιτείᾳ, διέτεινεν εἰς Σκιπίωνα τὸν νέον, ὃς ἦν ἐκείνου κατὰ ποίησιν υἱωνός, υἱὸς δὲ Παύλου τοῦ Περσέα καὶ Μακεδόνας καταπολεμήσαντος.

[16] [1] Τῆς δ' ὑπατείας κατόπιν ἔτεσι δέκα τιμητείαν ὁ Κάτων παρήγγειλε. κορυφὴ δέ τίς ἐστι τιμῆς ἁπάσης ἡ ἀρχὴ καὶ τρόπον τινὰ τῆς πολιτείας ἐπιτελείωσις, ἄλλην τε πολλὴν ἐξουσίαν ἔχουσα καὶ τὴν περὶ τὰ ἤθη καὶ [2] τοὺς βίους ἐξέτασιν. οὔτε γὰρ γάμον οὔτε παιδοποιίαν τινὸς οὔτε δίαιταν οὔτε συμπόσιον ᾤοντο δεῖν ἄκριτον καὶ ἀνεξέταστον, ὡς ἕκαστος ἐπιθυμίας ἔχοι καὶ προαιρέσεως, ἀφεῖσθαι, πολὺ δὲ μᾶλλον ἐν τούτοις νομίζοντες ἢ ταῖς ὑπαίθροις καὶ πολιτικαῖς πράξεσι τρόπον ἀνδρὸς ἐνορᾶσθαι, φύλακα καὶ σωφρονιστὴν καὶ κολαστὴν τοῦ μηδένα καθ' ἡδονὰς ἐκτρέπεσθαι καὶ παρεκβαίνειν τὸν ἐπιχώριον καὶ συνήθη βίον ᾑροῦντο τῶν καλουμένων [3] πατρικίων ἕνα καὶ τῶν δημοτικῶν ἕνα. τιμητὰς δὲ τούτους προσηγόρευον, ἐξουσίαν ἔχοντας ἀφελέσθαι μὲν ἵππον, ἐκβαλεῖν δὲ συγκλήτου τὸν ἀκολάστως βιοῦντα καὶ ἀτάκτως. οὗτοι δὲ καὶ τὰ τιμήματα τῶν οὐσιῶν λαμβάνοντες ἐπεσκόπουν καὶ ταῖς ἀπογραφαῖς τὰ γένη καὶ τὰς ἡλικίας διέκρινον, ἄλλας τε μεγάλας ἔχει δυνάμεις ἡ ἀρχή.

[4] Διὸ καὶ τῷ Κάτωνι πρὸς τὴν παραγγελίαν ἀπήντησαν ἐνιστάμενοι σχεδὸν οἱ γνωριμώτατοι καὶ πρῶτοι τῶν συγκλητικῶν. τοὺς μὲν γὰρ εὐπατρίδας ὁ φθόνος ἐλύπει, παντάπασιν οἰομένους προπηλακίζεσθαι τὴν εὐγένειαν ἀνθρώπων ἀπ' ἀρχῆς ἀδόξων εἰς τὴν ἄκραν τιμὴν καὶ δύναμιν ἀναβιβαζομένων, οἱ δὲ μοχθηρὰ συνειδότες ἑαυτοῖς ἐπιτηδεύματα καὶ τῶν πατρίων ἐκδιαίτησιν ἐθῶν ἐφοβοῦντο τὴν αὐστηρίαν τοῦ ἀνδρός, ἀπαραίτητον ἐν [5] ἐξουσίᾳ καὶ χαλεπὴν ἐσομένην. διὸ συμφρονήσαντες καὶ παρασκευάσαντες ἑπτὰ κατῆγον ἐπὶ τὴν παραγγελίαν ἀντιπάλους τῷ Κάτωνι, θεραπεύοντας ἐλπίσι χρησταῖς τὸ πλῆθος, ὡς δὴ μαλακῶς καὶ πρὸς ἡδονὴν ἄρχεσθαι [6] δεόμενον. τοὐναντίον δ' ὁ Κάτων οὐδεμίαν ἐνδιδοὺς ἐπιείκειαν, ἀλλ' ἄντικρυς ἀπειλῶν τε τοῖς πονηροῖς ἀπὸ τοῦ βήματος καὶ κεκραγὼς μεγάλου καθαρμοῦ χρῄζειν τὴν πόλιν, ἠξίου τοὺς πολλοὺς εἰ σωφρονοῦσι μὴ τὸν ἥδιστον, [7] ἀλλὰ τὸν σφοδρότατον αἱρεῖσθαι τῶν ἰατρῶν· τοῦτον δ' αὐτὸν εἶναι καὶ τῶν πατρικίων ἕνα Φλάκκον Οὐαλέριον· μετ' ἐκείνου γὰρ οἴεσθαι μόνου τὴν τρυφὴν καὶ τὴν μαλακίαν ὥσπερ ὕδραν τέμνων καὶ ἀποκαίων προὔργου τι ποιήσειν, τῶν δ' ἄλλων ὁρᾶν ἕκαστον ἄρξαι κακῶς βιαζόμενον, ὅτι τοὺς καλῶς ἄρξοντας δέδοικεν.

[8] οὕτω δ' ἄρα μέγας ἦν ὡς ἀληθῶς καὶ μεγάλων ἄξιος δημαγωγῶν ὁ Ῥωμαίων δῆμος, ὥστε μὴ φοβηθῆναι τὴν ἀνάτασιν καὶ τὸν ὄγκον τοῦ

ἀνδρός, ἀλλὰ τοὺς ἡδεῖς ἐκείνους καὶ πρὸς χάριν ἅπαντα ποιήσειν δοκοῦντας ἀπορρίψας ἑλέσθαι μετὰ τοῦ Κάτωνος τὸν Φλάκκον, ὥσπερ οὐκ αἰτοῦντος ἀρχήν, ἀλλ' ἄρχοντος ἤδη καὶ προστάττοντος ἀκροώμενος.

[17] [1] Προέγραψε μὲν οὖν ὁ Κάτων τῆς συγκλήτου τὸν συνάρχοντα καὶ φίλον Λεύκιον Οὐαλέριον Φλάκκον, ἐξέβαλε δὲ τῆς βουλῆς ἄλλους τε συχνοὺς καὶ Λεύκιον Κοΐντιον, ὕπατον μὲν ἑπτὰ πρότερον ἐνιαυτοῖς γεγενημένον, ὃ δ' ἦν αὐτῷ πρὸς δόξαν ὑπατείας μεῖζον, ἀδελφὸν Τίτου Φλαμινίνου [2] τοῦ καταπολεμήσαντος Φίλιππον. αἰτίαν δὲ τῆς ἐκβολῆς ἔσχε τοιαύτην. μειράκιον ἐκ τῆς παιδικῆς ὥρας ἑταιροῦν ἀνειληφὼς ὁ Λεύκιος ἀεὶ περὶ αὐτὸν εἶχε, καὶ συνεπήγετο στρατηγῶν ἐπὶ τιμῆς καὶ δυνάμεως τοσαύτης ὅσην οὐδεὶς εἶχε τῶν πρώτων παρ' αὐτῷ φίλων καὶ οἰκείων.

[3] ἐτύγχανε μὲν οὖν ἡγούμενος ὑπατικῆς ἐπαρχίας· ἐν δὲ συμποσίῳ τινὶ τὸ μειράκιον ὥσπερ εἰώθει συγκατακείμενον ἄλλην τε κολακείαν ἐκίνει πρὸς ἄνθρωπον ἐν οἴνῳ ῥᾳδίως ἀγόμενον, καὶ φιλεῖν αὐτὸν οὕτως ἔλεγεν, 'ὥστ'' ἔφη 'θέας οὔσης οἴκοι μονομάχων οὐ τεθεαμένος πρότερον ἐξώρμησα πρὸς σέ, καίπερ ἐπιθυμῶν ἰδεῖν [4] ἄνθρωπον σφαττόμενον'. ὁ δὲ Λεύκιος ἀντιφιλοφρονούμενος, 'ἀλλὰ τούτου γε χάριν' εἶπε 'μή μοι κατάκεισο λυπούμενος, ἐγὼ γὰρ ἰάσομαι'. καὶ κελεύσας ἕνα τῶν ἐπὶ θανάτῳ κατακρίτων εἰς τὸ συμπόσιον ἀχθῆναι καὶ τὸν ὑπηρέτην ἔχοντα πέλεκυν παραστῆναι, πάλιν ἠρώτησε τὸν ἐρώμενον εἰ βούλεται τυπτόμενον θεάσασθαι. φήσαντος δὲ βούλεσθαι, προσέταξεν ἀποκόψαι τοῦ ἀνθρώπου [5] τὸν τράχηλον. οἱ μὲν οὖν πλεῖστοι ταῦθ' ἱστοροῦσι, καὶ ὅ γε Κικέρων αὐτὸν τὸν Κάτωνα διηγούμενον ἐν τῷ Περὶ γήρως διαλόγῳ (12, 42) πεποίηκεν· ὁ δὲ Λίβιος (39, 42) αὐτόμολον εἶναί φησι Γαλάτην τὸν ἀναιρεθέντα, τὸν δὲ Λεύκιον οὐ δι' ὑπηρέτου κτεῖναι τὸν ἄνθρωπον, ἀλλ' αὐτὸν ἰδίᾳ χειρί, καὶ ταῦτ' ἐν λόγῳ γεγράφθαι Κάτωνος.

Ἐκβληθέντος οὖν τοῦ Λευκίου τῆς βουλῆς ὑπὸ τοῦ Κάτωνος, ὁ ἀδελφὸς αὐτοῦ βαρέως φέρων ἐπὶ τὸν δῆμον κατέφυγε καὶ τὴν αἰτίαν ἐκέλευσεν εἰπεῖν τὸν Κάτωνα [6] τῆς ἐκβολῆς. εἰπόντος δὲ καὶ διηγησαμένου τὸ συμπόσιον, ἐπεχείρει μὲν ὁ Λεύκιος ἀρνεῖσθαι, προκαλουμένου δὲ τοῦ Κάτωνος εἰς ὁρισμὸν ἀνεδύετο. καὶ τότε μὲν ἄξια παθεῖν κατεγνώσθη· θέας δ' οὔσης ἐν θεάτρῳ, τὴν ὑπατικὴν χώραν παρελθὼν καὶ πορρωτάτω που καθεσθεὶς οἶκτον ἔσχε παρὰ τῷ δήμῳ, καὶ βοῶντες ἠνάγκασαν αὐτὸν μετελθεῖν, ὡς ἦν δυνατὸν ἐπανορθούμενοι καὶ [7] θεραπεύοντες τὸ γεγενημένον. ἄλλον δὲ βουλῆς ἐξέβαλεν ὑπατεύσειν ἐπίδοξον ὄντα Μανίλιον, ὅτι τὴν αὑτοῦ γυναῖκα μεθ' ἡμέραν ὁρώσης τῆς θυγατρὸς κατεφίλησεν. αὑτῷ δ' ἔφη τὴν γυναῖκα

μηδέποτε πλὴν βροντῆς μεγάλης γενομένης περιπλακῆναι, καὶ μετὰ παιδιᾶς εἰπεῖν αὐτὸν ὡς μακάριός ἐστι τοῦ Διὸς βροντῶντος.

[18] [1] Ἤνεγκε δέ τινα τῷ Κάτωνι καὶ Λεύκιος ὁ Σκιπίωνος ἀδελφὸς ἐπίφθονον αἰτίαν, θριαμβικὸς ἀνὴρ ἀφαιρεθεὶς ὑπ' αὐτοῦ τὸν ἵππον· ἔδοξε γὰρ οἷον ἐφυβρίζων Ἀφρικανῷ Σκιπίωνι τεθνηκότι τοῦτο ποιῆσαι.

[2] Τοὺς δὲ πλείστους ἠνίασε μάλιστα τῇ περικοπῇ τῆς πολυτελείας, ἣν ἄντικρυς μὲν ἀφελέσθαι, νενοσηκότων ἤδη καὶ διεφθαρμένων ὑπ' αὐτῆς τῶν πολλῶν, ἀδύνατον ἦν, κύκλῳ δὲ περιιὼν ἠνάγκαζεν ἐσθῆτος, ὀχήματος, κόσμου γυναικείου, σκευῶν τῶν περὶ δίαιταν, ὧν ἑκάστου τὸ τίμημα χιλίας καὶ πεντακοσίας δραχμὰς ὑπερέβαλλεν, ἀποτιμᾶσθαι τὴν ἀξίαν εἰς τὸ δεκαπλάσιον, βουλόμενος ἀπὸ μειζόνων τιμημάτων αὐτοῖς μείζονας καὶ [3] τὰς εἰσφορὰς εἶναι, καὶ προσετίμησε τρεῖς χαλκοῦς πρὸς τοῖς χιλίοις, ὅπως βαρυνόμενοι ταῖς ἐπιβολαῖς, καὶ τοὺς εὐσταλεῖς καὶ λιτοὺς ὁρῶντες ἀπὸ τῶν ἴσων ἐλάττονα τελοῦντας εἰς τὸ δημόσιον, ἀπαγορεύωσιν. ἦσαν οὖν αὐτῷ χαλεποὶ μὲν οἱ τὰς εἰσφορὰς διὰ τὴν τρυφὴν ὑπομένοντες, χαλεποὶ δ' αὖ πάλιν οἱ τὴν τρυφὴν ἀποτιθέμενοι [4] διὰ τὰς εἰσφοράς. πλούτου γὰρ ἀφαίρεσιν οἱ πολλοὶ νομίζουσι τὴν κώλυσιν αὐτοῦ τῆς ἐπιδείξεως· ἐπιδείκνυσθαι δὲ τοῖς περιττοῖς, οὐ τοῖς ἀναγκαίοις. ὃ δὴ καὶ μάλιστά φασι τὸν φιλόσοφον Ἀρίστωνα (I p. 89 n. 398 Arn.) θαυμάζειν, ὅτι τοὺς τὰ περιττὰ κεκτημένους μᾶλλον ἡγοῦνται μακαρίους ἢ τοὺς τῶν ἀναγκαίων καὶ χρησίμων [5] εὐποροῦντας. Σκόπας δ' ὁ Θεσσαλός, αἰτουμένου τινὸς τῶν φίλων παρ' αὐτοῦ τι τοιοῦτον ὃ μὴ σφόδρα ἦν χρήσιμον ἐκείνῳ, καὶ λέγοντος ὡς οὐδὲν αἰτεῖ τῶν ἀναγκαίων καὶ χρησίμων, 'καὶ μὴν ἐγὼ τούτοις' εἶπεν 'εὐδαίμων καὶ πλούσιός εἰμι, τοῖς ἀχρήστοις καὶ περιττοῖς'. οὕτως ὁ τοῦ πλούτου ζῆλος οὐδενὶ πάθει φυσικῷ συνημμένος ἐκ τῆς ὀχλώδους καὶ θυραίου δόξης ἐπεισόδιός ἐστιν.

[19] [1] Οὐ μὴν ἀλλὰ τῶν ἐγκαλούντων ἐλάχιστα φροντίζων ὁ Κάτων ἔτι μᾶλλον ἐπέτεινεν, ἀποκόπτων μὲν ὀχετοὺς οἳ τὸ παραρρέον δημόσιον ὕδωρ ὑπολαμβάνοντες ἀπῆγον εἰς οἰκίας ἰδίας καὶ κήπους, ἀνατρέπων δὲ καὶ καταβάλλων ὅσα προὔβαινεν εἰς τὸ δημόσιον οἰκοδομήματα, συστέλλων δὲ τοῖς μισθοῖς τὰς ἐργολαβίας, τὰ δὲ τέλη ταῖς πράσεσιν ἐπὶ τὰς ἐσχάτας ἐλαύνων τιμάς.

[2] ἀφ' ὧν αὐτῷ πολὺ συνήχθη μῖσος. οἱ δὲ περὶ τὸν Τίτον συστάντες ἐπ' αὐτὸν ἔν τε τῇ βουλῇ τὰς γεγενημένας ἐκδόσεις καὶ μισθώσεις τῶν ἱερῶν καὶ δημοσίων ἔργων ἔλυσαν ὡς γεγενημένας ἀλυσιτελῶς, καὶ τῶν δημάρχων τοὺς θρασυτάτους παρώξυναν ἐν δήμῳ προσκαλέσασθαι [3] τὸν Κάτωνα καὶ ζημιῶσαι δυσὶ ταλάντοις. πολλὰ δὲ καὶ πρὸς τὴν τῆς βασιλικῆς κατασκευὴν

ἠναντιώθησαν, ἣν ἐκεῖνος ἐκ χρημάτων κοινῶν ὑπὸ τὸ βουλευτήριον τῇ ἀγορᾷ παρέβαλε καὶ Πορκίαν βασιλικὴν προσηγόρευσεν.

[4] Φαίνεται δὲ θαυμαστῶς ἀποδεξάμενος αὐτοῦ τὴν τιμητείαν ὁ δῆμος. ἀνδριάντα γοῦν ἀναθεὶς ἐν τῷ ναῷ τῆς Ὑγιείας ἐπέγραψεν οὐ τὰς στρατηγίας οὐδὲ τὸν θρίαμβον τοῦ Κάτωνος, ἀλλ' ὡς ἄν τις μεταφράσειε τὴν ἐπιγραφήν, 'ὅτι τὴν Ῥωμαίων πολιτείαν ἐγκεκλιμένην καὶ ῥέπουσαν ἐπὶ τὸ χεῖρον τιμητὴς γενόμενος χρησταῖς ἀγωγαῖς καὶ σώφροσιν ἐθισμοῖς καὶ διδασκαλίαις [5] εἰς ὀρθὸν αὖθις ἀποκατέστησε'. καίτοι πρότερον αὐτὸς κατεγέλα τῶν ἀγαπώντων τὰ τοιαῦτα, καὶ λανθάνειν αὐτοὺς ἔλεγεν ἐπὶ χαλκέων καὶ ζωγράφων ἔργοις μέγα φρονοῦντας, αὐτοῦ δὲ καλλίστας εἰκόνας ἐν ταῖς ψυχαῖς [6] περιφέρειν τοὺς πολίτας· πρὸς δὲ τοὺς θαυμάζοντας, ὅτι πολλῶν ἀδόξων ἀνδριάντας ἐχόντων ἐκεῖνος οὐκ ἔχει, 'μᾶλλον γάρ' ἔφη 'βούλομαι ζητεῖσθαι, διὰ τί μου ἀνδριὰς οὐ κεῖται ἢ διὰ τί κεῖται'. τὸ δ' ὅλον οὐδ' ἐπαινούμενον ἠξίου τὸν ἀγαθὸν πολίτην ὑπομένειν, εἰ μὴ [7] τοῦτο χρησίμως γίνοιτο τῷ κοινῷ. καί‹τοι› πλεῖστα πάντων ἑαυτὸν ἐγκεκωμίακεν, ὅς γε καὶ τοὺς ἁμαρτάνοντάς τι περὶ τὸν βίον, εἶτ' ἐλεγχομένους λέγειν φησίν, ὡς οὐκ ἄξιον ἐγκαλεῖν αὐτοῖς· οὐ γὰρ Κάτωνές εἰσι· καὶ τοὺς ἔνια μιμεῖσθαι τῶν ὑπ' αὐτοῦ πραττομένων οὐκ ἐμμελῶς ἐπιχειροῦντας ἐπαριστέρους καλεῖσθαι Κάτωνας· ἀφορᾶν δὲ τὴν βουλὴν πρὸς αὐτὸν ἐν τοῖς ἐπισφαλεστάτοις καιροῖς ὥσπερ ἐν πλῷ πρὸς κυβερνήτην, καὶ πολλάκις μὴ παρόντος ὑπερτίθεσθαι τὰ πλείστης ἄξια [8] σπουδῆς. ἃ δὴ παρὰ τῶν ἄλλων αὐτῷ μαρτυρεῖται· μέγα γὰρ ἔσχεν ἐν τῇ πόλει καὶ διὰ τὸν βίον καὶ διὰ τὸν λόγον καὶ διὰ τὸ γῆρας ἀξίωμα.

[20] [1] Γέγονε δὲ καὶ πατὴρ ἀγαθὸς καὶ περὶ γυναῖκα χρηστὸς ἀνὴρ καὶ χρηματιστὴς οὐκ εὐκαταφρόνητος οὐδ' ὥς τι μικρὸν ἢ φαῦλον ἐν παρέργῳ μεταχειρισάμενος τὴν τοιαύτην ἐπιμέλειαν. ὅθεν οἶμαι δεῖν καὶ περὶ τούτων [2] ὅσα καλῶς ἔχει διελθεῖν. γυναῖκα μὲν γὰρ εὐγενεστέραν ἢ πλουσιωτέραν ἔγημεν, ἡγούμενος ὁμοίως μὲν ἀμφοτέρας ἔχειν βάρος καὶ φρόνημα, τὰς δὲ γενναίας αἰδουμένας τὰ αἰσχρὰ μᾶλλον ὑπηκόους εἶναι πρὸς τὰ [3] καλὰ τοῖς γεγαμηκόσι. τὸν δὲ τύπτοντα γαμετὴν ἢ παῖδα τοῖς ἁγιωτάτοις ἔλεγεν ἱεροῖς προσφέρειν τὰς χεῖρας. ἐν ἐπαίνῳ δὲ μείζονι τίθεσθαι τὸ γαμέτην ἀγαθὸν ἢ τὸ μέγαν εἶναι συγκλητικόν· ἐπεὶ καὶ Σωκράτους οὐδὲν ἄλλο θαυμάζειν τοῦ παλαιοῦ πλὴν ὅτι γυναικὶ χαλεπῇ καὶ παισὶν ἀποπλήκτοις χρώμενος ἐπιεικῶς καὶ πρᾴως [4] διετέλεσε. γενομένου δὲ τοῦ παιδὸς οὐδὲν ἦν ἔργον οὕτως ἀναγκαῖον, εἰ μή τι δημόσιον, ὡς μὴ παρεῖναι τῇ [5] γυναικὶ λουούσῃ καὶ σπαργανούσῃ τὸ βρέφος. αὐτὴ γὰρ ἔτρεφεν ἰδίῳ γάλακτι· πολλάκις δὲ καὶ τὰ τῶν δούλων παιδάρια τῷ μαστῷ προσιεμένη, κατεσκεύαζεν εὔνοιαν ἐκ τῆς

συντροφίας πρὸς τὸν υἱόν. ἐπεὶ δ᾽ ἤρξατο συνιέναι, παραλαβὼν αὐτὸς ἐδίδασκε γράμματα. καίτοι χαρίεντα δοῦλον εἶχε γραμματιστὴν ὄνομα Χίλωνα, πολ[6] λοὺς διδάσκοντα παῖδας· οὐκ ἠξίου δὲ τὸν υἱόν, ὥς φησιν αὐτός, ὑπὸ δούλου κακῶς ἀκούειν ἢ τοῦ ὠτὸς ἀνατείνεσθαι μανθάνοντα βράδιον, οὐδέ γε μαθήματος τηλικούτου [τῷ] δούλῳ χάριν ὀφείλειν, ἀλλ᾽ αὐτὸς μὲν ἦν γραμματιστής, αὐτὸς δὲ νομοδιδάκτης, αὐτὸς δὲ γυμναστής, οὐ μόνον ἀκοντίζειν οὐδ᾽ ὁπλομαχεῖν οὐδ᾽ ἱππεύειν διδάσκων τὸν υἱόν, ἀλλὰ καὶ τῇ χειρὶ πὺξ παίειν καὶ καῦμα καὶ ψῦχος ἀνέχεσθαι καὶ τὰ δινώδη καὶ τραχύνοντα τοῦ [7] ποταμοῦ διανηχόμενον ἀποβιάζεσθαι. καὶ τὰς ἱστορίας δὲ συγγράψαι φησὶν αὐτὸς ἰδίᾳ χειρὶ καὶ μεγάλοις γράμμασιν, ὅπως οἴκοθεν ὑπάρχοι τῷ παιδὶ πρὸς ἐμπειρίαν τῶν παλαιῶν καὶ πατρίων ὠφελεῖσθαι· τὰ δ᾽ αἰσχρὰ τῶν ῥημάτων οὐχ ἧττον ἐξευλαβεῖσθαι τοῦ παιδὸς παρόντος ἢ τῶν ἱερῶν παρθένων ἃς Ἑστιάδας καλοῦσι· συλλούσασθαι [8] δὲ μηδέποτε. καὶ τοῦτο κοινὸν ἔοικε Ῥωμαίων ἔθος εἶναι· καὶ γὰρ πενθεροὶ γαμβροῖς ἐφυλάττοντο συλλούεσθαι, δυσωπούμενοι τὴν ἀποκάλυψιν καὶ γύμνωσιν. εἶτα μέντοι παρ᾽ Ἑλλήνων τὸ γυμνοῦσθαι μαθόντες, αὐτοὶ πάλιν τοῦ καὶ μετὰ γυναικῶν τοῦτο πράσσειν ἀναπεπλήκασι [9] τοὺς Ἕλληνας. οὕτω δὲ καλὸν ἔργον εἰς ἀρετὴν τῷ Κάτωνι πλάττοντι καὶ δημιουργοῦντι τὸν υἱόν, ἐπεὶ τὰ τῆς προθυμίας ἦν ἄμεμπτα καὶ δι᾽ εὐφυΐαν ὑπήκουεν ἡ ψυχή, τὸ δὲ σῶμα μαλακώτερον ἐφαίνετο τοῦ πονεῖν, ἐπανῆκεν αὐτῷ τὸ σύντονον ἄγαν καὶ κεκολασμένον [10] τῆς διαίτης. ὁ δὲ καίπερ οὕτως ἔχων ἀνὴρ ἀγαθὸς ἦν ἐν ταῖς στρατείαις, καὶ τὴν πρὸς Περσέα μάχην ἠγωνίσατο λαμπρῶς Παύλου στρατηγοῦντος. εἶτα μέντοι τοῦ ξίφους ἐκκρουσθέντος ὑπὸ πληγῆς ἢ δι᾽ ὑγρότητα τῆς χειρὸς ἐξολισθόντος, ἀχθεσθεὶς τρέπεται πρός τινας τῶν συνήθων, καὶ παραλαβὼν ἐκείνους αὖθις εἰς [11] τοὺς πολεμίους ἐνέβαλε. πολλῷ δ᾽ ἀγῶνι καὶ βίᾳ μεγάλῃ διαφωτίσας τὸν τόπον, ἀνεῦρε μόγις ἐν πολλοῖς σάγμασιν ὅπλων καὶ σώμασι νεκρῶν ὁμοῦ φίλων τε καὶ πολεμίων κατασεσωρευμένων. ἐφ᾽ ᾧ καὶ Παῦλος ὁ στρατηγὸς ἠγάσθη τὸ μειράκιον, καὶ Κάτωνος αὐτοῦ φέρεταί τις ἐπιστολὴ πρὸς τὸν υἱόν, ὑπερφυῶς ἐπαινοῦντος τὴν περὶ [12] τὸ ξίφος φιλοτιμίαν αὐτοῦ καὶ σπουδήν. ὕστερον δὲ καὶ Παύλου θυγατέρα Τερτίαν ἔγημεν ὁ νεανίας, ἀδελφὴν Σκιπίωνος, οὐχ ἧττον ἤδη δι᾽ αὑτὸν ἢ τὸν πατέρα καταμειγνύμενος εἰς γένος τηλικοῦτον. ἡ μὲν οὖν περὶ τὸν υἱὸν ἐπιμέλεια τοῦ Κάτωνος ἄξιον ἔσχε τέλος.

[21] [1] Οἰκέτας δὲ πολλοὺς ἐκτᾶτο, τῶν αἰχμαλώτων ὠνούμενος μάλιστα τοὺς μικροὺς καὶ δυναμένους ἔτι τροφὴν καὶ παίδευσιν ὡς σκύλακας ἢ πώλους ἐνεγκεῖν. τούτων οὐδεὶς ἦλθεν εἰς οἰκίαν ἑτέραν, εἰ μὴ πέμψαντος αὐτοῦ Κάτωνος ἢ τῆς γυναικός. ὁ δ᾽ ἐρωτηθεὶς τί [2] πράττοι Κάτων, οὐδὲν

ἀπεκρίνατο πλὴν ἀγνοεῖν. ἔδει δ᾽ ἢ πράττειν τι τῶν ἀναγκαίων οἴκοι τὸν δοῦλον ἢ καθεύδειν, καὶ σφόδρα τοῖς κοιμωμένοις ὁ Κάτων ἔχαιρε, πρᾳοτέρους τε τῶν ἐγρηγορότων νομίζων καὶ πρὸς ὁτιοῦν βελτίονας χρῆσθαι τῶν δεομένων ὕπνου τοὺς ἀπολελαυκότας.

[3] οἰόμενος δὲ τὰ μέγιστα ῥᾳδιουργεῖν ἀφροδισίων ἕνεκα τοὺς δούλους, ἔταξεν ὡρισμένου νομίσματος ὁμιλεῖν ταῖς θεραπαινίσιν, ἑτέρᾳ δὲ γυναικὶ μηδένα πλησιάζειν.

Ἐν ἀρχῇ μὲν οὖν ἔτι πένης ὢν καὶ στρατευόμενος, πρὸς οὐδὲν ἐδυσκόλαινε τῶν περὶ δίαιταν, ἀλλ᾽ αἴσχιστον ἀπέφαινε διὰ γαστέρα πρὸς οἰκέτην ζυγομαχεῖν.

[4] ὕστερον δὲ τῶν πραγμάτων ἐπιδιδόντων ποιούμενος ἑστιάσεις φίλων καὶ συναρχόντων, ἐκόλαζεν εὐθὺς μετὰ τὸ δεῖπνον ἱμάντι τοὺς ἀμελέστερον ὑπουργήσαντας ὁτιοῦν ἢ σκευάσαντας. ἀεὶ δέ τινα τοὺς δούλους ἐμηχανᾶτο στάσιν ἔχειν καὶ διαφορὰν πρὸς ἀλλήλους, ὑπονοῶν τὴν ὁμόνοιαν αὐτῶν καὶ δεδοικώς. τοὺς δ᾽ ἄξιον εἰργάσθαι τι θανάτου δόξαντας ἐδικαίου κριθέντας ἐν τοῖς οἰκέταις πᾶσιν ἀποθνῄσκειν, εἰ καταγνωσθεῖεν.

[5] Ἁπτόμενος δὲ συντονώτερον πορισμοῦ, τὴν μὲν γεωργίαν ἡγεῖτο μᾶλλον διαγωγὴν ἢ πρόσοδον, εἰς δ᾽ ἀσφαλῆ πράγματα καὶ βέβαια κατατιθέμενος τὰς ἀφορμάς, ἐκτᾶτο λίμνας, ὕδατα θερμά, τόπους κναφεῦσιν ἀνειμένους, ἔργα πίσσια, χώραν ἔχουσαν αὐτοφυεῖς νομὰς καὶ ὕλας, ἀφ᾽ ὧν αὐτῷ χρήματα προσῄει πολλὰ μηδ᾽ ὑπὸ τοῦ [6] Διός, ὥς φησιν αὐτός, βλαβῆναι δυναμένων. ἐχρήσατο δὲ καὶ τῷ διαβεβλημένῳ μάλιστα τῶν δανεισμῶν ‹τῷ› ἐπὶ ναυτικοῖς τὸν τρόπον τοῦτον. ἐκέλευε τοὺς δανειζομένους ἐπὶ κοινωνίᾳ πολλοὺς παρακαλεῖν· γενομένων δὲ πεντήκοντα καὶ πλοίων τοσούτων, αὐτὸς εἶχε μίαν μερίδα διὰ Κουϊντίωνος ἀπελευθέρου, τοῖς δανειζομένοις [7] συμπραγματευομένου καὶ συμπλέοντος. ἦν οὖν οὐκ εἰς ἅπαν ὁ κίνδυνος, ἀλλ᾽ εἰς μέρος μικρὸν ἐπὶ κέρδεσι μεγάλοις. ἐδίδου δὲ καὶ τῶν οἰκετῶν τοῖς βουλομένοις ἀργύριον· οἱ δ᾽ ἐωνοῦντο παῖδας, εἶτα τούτους ἀσκήσαντες καὶ διδάξαντες ἀναλώμασι τοῦ Κάτωνος μετ᾽ [8] ἐνιαυτὸν ἀπεδίδοντο. πολλοὺς δὲ καὶ κατεῖχεν ὁ Κάτων, ὅσην ὁ πλείστην διδοὺς ἐωνεῖτο τιμὴν ὑπολογιζόμενος. προτρέπων δὲ τὸν υἱὸν ἐπὶ ταῦτα, φησὶν οὐκ ἀνδρός, ἀλλὰ χήρας γυναικὸς εἶναι τὸ μειῶσαί τι τῶν ὑπαρχόντων. ἐκεῖνο δ᾽ ἤδη σφοδρότερον τοῦ Κάτωνος, ὅτι θαυμαστὸν ἄνδρα καὶ θεῖον εἰπεῖν ἐτόλμησε πρὸς δόξαν, ὃς ἀπολείπει πλέον ἐν τοῖς λόγοις ὃ προσέθηκεν οὗ παρέλαβεν.

[22] [1] Ἤδη δὲ γέροντος αὐτοῦ γεγονότος, πρέσβεις Ἀθήνηθεν ἧκον εἰς Ῥώμην οἱ περὶ Καρνεάδην τὸν Ἀκαδημαϊκὸν καὶ Διογένη τὸν Στωικὸν

φιλόσοφοι, καταδίκην τινὰ παραιτησόμενοι τοῦ δήμου τῶν Ἀθηναίων, ἣν ἐρήμην ὦφλον Ὠρωπίων μὲν διωξάντων, Σικυωνίων δὲ καταψηφισαμένων, τίμημα ταλάντων πεντακοσίων ἔχουσαν.

[2] εὐθὺς οὖν οἱ φιλολογώτατοι τῶν νεανίσκων ἐπὶ τοὺς ἄνδρας ἵεντο καὶ συνῆσαν, ἀκροώμενοι καὶ θαυμάζοντες αὐτούς. μάλιστα δ' ἡ Καρνεάδου χάρις, ἧς δύναμίς τ' ‹ἦν› πλείστη καὶ δόξα τῆς δυνάμεως οὐκ ἀποδέουσα, μεγάλων ἐπιλαμβανομένη καὶ φιλανθρώπων [3] ἀκροατηρίων ὡς πνεῦμα τὴν πόλιν ἠχῆς ἐνέπλησε, καὶ λόγος κατεῖχεν, ὡς ἀνὴρ Ἕλλην εἰς ἔκπληξιν ὑπερφυὴς πάντα κηλῶν καὶ χειρούμενος ἔρωτα δεινὸν ἐμβέβληκε τοῖς νέοις, ὑφ' οὗ τῶν ἄλλων ἡδονῶν καὶ διατριβῶν [4] ἐκπεσόντες ἐνθουσιῶσι περὶ φιλοσοφίαν. ταῦτα τοῖς μὲν ἄλλοις ἤρεσκε Ῥωμαίοις γινόμενα, καὶ τὰ μειράκια παιδείας Ἑλληνικῆς μεταλαμβάνοντα καὶ συνόντα θαυμαζομένοις [5] ἀνδράσιν ἡδέως ἑώρων· ὁ δὲ Κάτων ἐξ ἀρχῆς τε τοῦ ζήλου τῶν λόγων παραρρέοντος εἰς τὴν πόλιν ἤχθετο, φοβούμενος μὴ τὸ φιλότιμον ἐνταῦθα τρέψαντες οἱ νέοι τὴν ἐπὶ τῷ λέγειν δόξαν ἀγαπήσωσι μᾶλλον τῆς ἀπὸ τῶν ἔργων καὶ τῶν στρατειῶν· ἐπεὶ δὲ προὔβαινεν ἡ δόξα τῶν φιλοσόφων ἐν τῇ πόλει, καὶ τοὺς πρώτους λόγους αὐτῶν πρὸς τὴν σύγκλητον ἀνὴρ ἐπιφανὴς σπουδάσας αὐτὸς καὶ δεηθεὶς ἡρμήνευσε Γάιος Ἀκίλιος, ἔγνω μετ' εὐπρεπείας ἀποδιοπομπήσασθαι τοὺς φιλοσόφους [6] πάντας ἐκ τῆς πόλεως, καὶ παρελθὼν εἰς τὴν σύγκλητον ἐμέμψατο τοῖς ἄρχουσιν, ὅτι πρεσβεία κάθηται πολὺν χρόνον ἄπρακτος ἀνδρῶν, οἳ περὶ παντὸς οὗ βούλοιντο [7] ῥᾳδίως πείθειν δύνανται· δεῖν οὖν τὴν ταχίστην γνῶναί τι καὶ ψηφίσασθαι περὶ τῆς πρεσβείας, ὅπως οὗτοι μὲν ἐπὶ τὰς σχολὰς τραπόμενοι διαλέγωνται παισὶν Ἑλλήνων, οἱ δὲ Ῥωμαίων νέοι τῶν νόμων καὶ τῶν ἀρχόντων ὡς πρότερον ἀκούωσι.

[23] [1] Ταῦτα δ' οὐχ (ὡς ἔνιοι νομίζουσι) Καρνεάδῃ δυσχεράνας ἔπραξεν, ἀλλ' ὅλως φιλοσοφίᾳ προσκεκρουκώς, καὶ πᾶσαν Ἑλληνικὴν μοῦσαν καὶ παιδείαν ὑπὸ φιλοτιμίας προπηλακίζων, ὅς γε καὶ Σωκράτη φησὶ λάλον γενόμενον καὶ βίαιον ἐπιχειρεῖν, ᾧ τρόπῳ δυνατὸς ἦν, τυραννεῖν τῆς πατρίδος, καταλύοντα τὰ ἔθη καὶ πρὸς ἐναντίας τοῖς νόμοις δόξας ἕλκοντα καὶ μεθιστάντα τοὺς [2] πολίτας. τὴν δ' Ἰσοκράτους διατριβὴν ἐπισκώπτων, γηρᾶν φησι παρ' αὐτῷ τοὺς μαθητάς, ὡς ἐν Ἅιδου παρὰ Μίνῳ χρησομένους ταῖς τέχναις καὶ δίκας ἐροῦντας. τὸν δὲ παῖδα διαβάλλων πρὸς τὰ Ἑλληνικά, φωνῇ κέχρηται θρασυτέρᾳ τοῦ γήρως, οἷον ἀποθεσπίζων καὶ προμαντεύων ὡς ἀπολοῦσι Ῥωμαῖοι τὰ πράγματα, γραμμάτων [3] Ἑλληνικῶν ἀναπλησθέντες. ἀλλὰ ταύτην μὲν αὐτοῦ τὴν δυσφημίαν ὁ χρόνος

ἀποδείκνυσι κενήν, ἐν ᾧ τοῖς τε πράγμασιν ἡ πόλις ἤρθη μεγίστη, καὶ πρὸς Ἑλληνικὰ μαθήματα καὶ παιδείαν ἅπασαν ἔσχεν οἰκείως.

Ὁ δ' οὐ μόνον ἀπηχθάνετο τοῖς φιλοσοφοῦσιν Ἑλλήνων, ἀλλὰ καὶ τοὺς ἰατρεύοντας ἐν Ῥώμῃ δι' ὑποψίας [4] εἶχε, καὶ τὸν Ἱπποκράτους λόγον (IX p. 316 L.) ὡς ἔοικεν ἀκηκοώς, ὃν εἶπε τοῦ μεγάλου βασιλέως καλοῦντος αὐτὸν ἐπὶ πολλοῖς τισι ταλάντοις, οὐκ ἄν ποτε βαρβάροις Ἑλλήνων πολεμίοις ἑαυτὸν παρασχεῖν, ἔλεγε κοινὸν ὅρκον εἶναι τοῦτον ἰατρῶν ἁπάντων, καὶ παρεκελεύετο [5] φυλάττεσθαι τῷ παιδὶ πάντας· αὑτῷ δὲ γεγραμμένον ὑπόμνημα εἶναι, καὶ πρὸς τοῦτο θεραπεύειν καὶ διαιτᾶν τοὺς νοσοῦντας οἴκοι, νῆστιν μὲν οὐδέποτε διατηρῶν οὐδένα, τρέφων δὲ λαχάνοις καὶ σαρκιδίοις νήσσης ἢ φαβὸς [6] ἢ λαγώ· καὶ γὰρ τοῦτον κοῦφον εἶναι καὶ πρόσφορον ἀσθενοῦσι, πλὴν ὅτι πολλὰ συμβαίνει τοῖς φαγοῦσιν ἐνυπνιάζεσθαι· τοιαύτῃ δὲ θεραπείᾳ καὶ διαίτῃ χρώμενος ὑγιαίνειν μὲν αὐτός, ὑγιαίνοντας δὲ τοὺς αὑτοῦ διαφυλάττειν.

[24] [1] Καὶ περί γε τοῦτο φαίνεται γεγονὼς οὐκ ἀνεμέσητος· καὶ γὰρ τὴν γυναῖκα καὶ τὸν υἱὸν ἀπέβαλεν. αὐτὸς δὲ τῷ σώματι πρὸς εὐεξίαν καὶ ῥώμην ἀσφαλῶς πεπηγὼς ἐπὶ πλεῖστον ἀντεῖχεν, ὥστε καὶ γυναικὶ πρεσβύτης ὢν σφόδρα πλησιάζειν, καὶ γῆμαι γάμον οὐ καθ' [2] ἡλικίαν ἐκ τοιαύτης προφάσεως. ἀποβαλὼν τὴν γυναῖκα τῷ μὲν υἱῷ Παύλου θυγατέρα, Σκιπίωνος δ' ἀδελφήν, ἠγάγετο πρὸς γάμον, αὐτὸς δὲ χηρεύων ἐχρῆτο παιδίσκῃ, κρύφα φοιτώσῃ πρὸς αὐτόν. ἦν οὖν ἐν οἰκίᾳ μικρᾷ νύμφην ἐχούσῃ τοῦ πράγματος αἴσθησις, καί ποτε τοῦ γυναίου θρασύτερον παρασοβῆσαι παρὰ τὸ δωμάτιον δόξαντος, ὁ νεανίας εἶπε μὲν οὐδέν, ἐμβλέψας δέ πως [3] πικρότερον καὶ διατραπεὶς οὐκ ἔλαθε τὸν πρεσβύτην. ὡς οὖν ἔγνω τὸ πρᾶγμα δυσχεραινόμενον ὑπ' αὐτῶν, οὐδὲν ἐγκαλέσας οὐδὲ μεμψάμενος, ἀλλὰ καταβαίνων ὥσπερ εἰώθει μετὰ φίλων εἰς ἀγοράν, Σαλώνιόν τινα τῶν ὑπογεγραμματευκότων αὐτῷ παρόντα καὶ συμπροπέμποντα μεγάλῃ φωνῇ προσαγορεύσας ἠρώτησεν, εἰ τὸ θυγάτριον [4] συνήρμοκε νυμφίῳ. τοῦ δ' ἀνθρώπου φήσαντος ὡς οὐδὲ μέλλει μὴ πρότερον ἐκείνῳ κοινωσάμενος, 'καὶ μὴν ἐγώ σοι' φησίν 'εὕρηκα κηδεστὴν ἐπιτήδειον, εἰ μὴ νὴ Δία τὰ τῆς ἡλικίας δυσχεραίνοιτο· τἆλλα γὰρ οὐ μεμπτός [5] ἐστι, σφόδρα δὲ πρεσβύτης'. ὡς οὖν ὁ Σαλώνιος αὐτὸν ἐκέλευε ταῦτα φροντίζειν καὶ διδόναι τὴν κόρην ᾧ προαιρεῖται, πελάτιν τ' οὖσαν αὐτοῦ καὶ δεομένην τῆς ἐκείνου κηδεμονίας, οὐδεμίαν ὁ Κάτων ἀναβολὴν ποιησάμενος [6] αὐτὸς ἔφη τὴν παρθένον αἰτεῖν αὑτῷ. καὶ τὸ μὲν πρῶτον ὡς εἰκὸς ὁ λόγος ἐξέπληξε τὸν ἄνθρωπον, πόρρω μὲν γάμου τὸν Κάτωνα, πόρρω δ' αὑτὸν οἰκίας ὑπατικῆς καὶ θριαμβικῶν κηδευμάτων τιθέμενον· σπουδῇ δὲ χρώμενον ὁρῶν τὸν Κάτωνα, ἄσμενος

ἐδέξατο, καὶ καταβάντες [7] εὐθὺς εἰς ἀγορὰν ἐποιοῦντο τὴν ἐγγύην. πραττομένου δὲ τοῦ γάμου, παραλαβὼν τοὺς ἐπιτηδείους ὁ υἱὸς τοῦ Κάτωνος ἠρώτησε τὸν πατέρα, μή τι μεμφόμενος ἢ λελυπημένος ὑπ' αὐτοῦ μητρυιὰν ἐπάγεται. ὁ δὲ Κάτων ἀναβοήσας 'εὐφήμησον' εἶπεν 'ὦ παῖ· πάντα γὰρ ἀγαστά μοι τὰ παρὰ σοῦ καὶ μεμπτὸν οὐδέν· ἐπιθυμῶ δὲ πλείονας ἐμαυτῷ τε παῖδας καὶ πολίτας τῇ πατρίδι τοιούτους [8] ἀπολιπεῖν'. ταύτην δὲ τὴν γνώμην πρότερον εἰπεῖν φασι Πεισίστρατον τὸν Ἀθηναίων τύραννον, ἐπιγήμαντα τοῖς ἐνηλίκοις παισὶ τὴν Ἀργολίδα Τιμώνασσαν, ἐξ ἧς Ἰοφῶντα καὶ Θεσσαλὸν αὐτῷ λέγουσι γενέσθαι.

[9] Γήμαντι δὲ τῷ Κάτωνι γίνεται παῖς, ᾧ παρωνύμιον ἀπὸ τῆς μητρὸς ἔθετο Σαλώνιον. ὁ δὲ πρεσβύτερος υἱὸς ἐτελεύτησε στρατηγῶν, καὶ μέμνηται μὲν αὐτοῦ πολλάκις [10] ἐν τοῖς βιβλίοις ὁ Κάτων ὡς ἀνδρὸς ἀγαθοῦ γεγονότος, πρᾴως δὲ καὶ φιλοσόφως λέγεται τὴν συμφορὰν ἐνεγκεῖν, καὶ μηδὲν ἀμβλύτερος δι' αὐτὴν εἰς τὰ πολιτικὰ [11] γενέσθαι. οὐ γὰρ ὡς Λεύκιος Λεύκολλος ὕστερον καὶ Μέτελλος ὁ Πίος ἐξέκαμεν ὑπὸ γήρως πρὸς τὰ δημόσια, λειτουργίαν τὴν πολιτείαν ἡγούμενος, οὐδ' ὡς πρότερον Σκιπίων ὁ Ἀφρικανὸς διὰ τὸν ἀντικρούσαντα πρὸς τὴν δόξαν αὐτοῦ φθόνον ἀποστραφεὶς τὸν δῆμον ἐκ μεταβολῆς ἐποιήσατο τοῦ λοιποῦ βίου τέλος ἀπραγμοσύνην, ἀλλ' ὥσπερ Διονύσιόν τις ἔπεισε κάλλιστον ἐντάφιον ἡγεῖσθαι τὴν τυραννίδα, κάλλιστον αὐτὸς ἐγγήραμα τὴν πολιτείαν ποιησάμενος, ἀναπαύσεσιν ἐχρῆτο καὶ παιδιαῖς, ὁπότε σχολάζοι, τῷ συντάττεσθαι βιβλία καὶ τῷ γεωργεῖν.

[25] [1] Συνετάττετο μὲν οὖν λόγους τε παντοδαποὺς καὶ ἱστορίας· γεωργίᾳ δὲ προσεῖχε νέος μὲν ὢν ἔτι καὶ διὰ τὴν χρείαν - φησὶ γὰρ δυσὶ κεχρῆσθαι μόνοις πορισμοῖς, γεωργίᾳ καὶ φειδοῖ - , τότε δὲ διαγωγὴν καὶ [2] θεωρίαν αὐτῷ τὰ γινόμενα κατ' ἀγρὸν παρεῖχε· καὶ συντέτακταί γε βιβλίον γεωργικόν, ἐν ᾧ καὶ περὶ πλακούντων σκευασίας καὶ τηρήσεως ὀπώρας γέγραφεν, ἐν παντὶ [3] φιλοτιμούμενος περιττὸς εἶναι καὶ ἴδιος. ἦν δὲ καὶ τὸ δεῖπνον ἐν ἀγρῷ δαψιλέστερον· ἐκάλει γὰρ ἑκάστοτε τῶν ἀγρογειτόνων καὶ περιχώρων τοὺς συνήθεις καὶ συνδιῆγεν ἱλαρῶς, οὐ τοῖς καθ' ἡλικίαν μόνον ἡδὺς ὢν συγγενέσθαι καὶ ποθεινός, ἀλλὰ καὶ τοῖς νέοις, ἅτε δὴ πολλῶν μὲν ἔμπειρος πραγμάτων γεγονώς, πολλοῖς δὲ γράμμασι [4] καὶ λόγοις ἀξίοις ἀκοῆς ἐντετυχηκώς. τὴν δὲ τράπεζαν ἐν τοῖς μάλιστα φιλοποιὸν ἡγεῖτο, καὶ πολλὴ μὲν εὐφημία τῶν καλῶν καὶ ἀγαθῶν πολιτῶν ἐπεισήγετο, πολλὴ δ' ἦν ἀμνηστία τῶν ἀχρήστων καὶ πονηρῶν, μήτε ψόγῳ μήτ' ἐπαίνῳ πάροδον ὑπὲρ αὐτῶν τοῦ Κάτωνος εἰς τὸ συμπόσιον διδόντος.

[26] [1] Ἔσχατον δὲ τῶν πολιτευμάτων αὐτοῦ τὴν Καρχηδόνος ἀνάστασιν οἴονται γεγονέναι, τῷ μὲν ἔργῳ τέλος ἐπιθέντος τοῦ νέου Σκιπίωνος, βουλῇ δὲ καὶ γνώμῃ μάλιστα τῇ Κάτωνος ἀραμένων τὸν πόλεμον ἐξ αἰτίας [2] τοιᾶσδε. Κάτων ἐπέμφθη πρὸς Καρχηδονίους καὶ Μασσανάσσην τὸν Νομάδα πολεμοῦντας ἀλλήλοις, ἐπισκεψόμενος τὰς προφάσεις τῆς διαφορᾶς. ὁ μὲν γὰρ ἦν τοῦ δήμου φίλος ἀπ' ἀρχῆς, οἱ δ' ἐγεγόνεισαν ἔνσπονδοι μετὰ τὴν ὑπὸ Σκιπίωνος ἧτταν, ἀφαιρέσει τε τῆς ἀρχῆς [3] καὶ βαρεῖ δασμῷ χρημάτων κολουθέντες. εὑρὼν δὲ τὴν πόλιν οὐχ ὡς ᾤοντο Ῥωμαῖοι κεκακωμένην καὶ ταπεινὰ πράττουσαν, ἀλλὰ πολλῇ μὲν εὐανδροῦσαν ἡλικίᾳ, μεγάλων δὲ πλούτων γέμουσαν, ὅπλων δὲ παντοδαπῶν καὶ παρασκευῆς πολεμιστηρίου μεστὴν καὶ μικρὸν οὐδὲν ἐπὶ τούτοις φρονοῦσαν, οὐ τὰ Νομάδων ᾤετο καὶ Μασσανάσσου πράγματα Ῥωμαίους ὥραν ἔχειν τίθεσθαι καὶ διαιτᾶν, ἀλλ' εἰ μὴ καταλήψονται πόλιν ἄνωθεν ἐχθρὰν καὶ βαρύθυμον ηὐξημένην ἀπίστως, πάλιν ἐν τοῖς ἴσοις [4] κινδύνοις ἔσεσθαι. ταχέως οὖν ὑποστρέψας ἐδίδασκε τὴν βουλήν, ὡς αἱ πρότερον ἧτται καὶ συμφοραὶ Καρχηδονίων οὐ τοσοῦτον τῆς δυνάμεως ὅσον τῆς ἀνοίας ἀπαρύσασαι, κινδυνεύουσιν αὐτοὺς οὐκ ἀσθενεστέρους, ἐμπειροτέρους δὲ πολέμων ἀπεργάσασθαι, ἤδη δὲ καὶ προανακινεῖσθαι τοῖς Νομαδικοῖς τοὺς πρὸς Ῥωμαίους ἀγῶνας, εἰρήνην δὲ καὶ σπονδὰς ὄνομα τοῦ πολέμου τῇ μελλήσει κεῖσθαι καιρὸν περιμένοντος.

[27] [1] Πρὸς τούτοις φασὶ τὸν Κάτωνα καὶ σῦκα τῶν Λιβυκῶν ἐπίτηδες ἐκβαλεῖν ἐν τῇ βουλῇ, τὴν τήβεννον ἀναβαλόμενον, εἶτα θαυμασάντων τὸ μέγεθος καὶ τὸ κάλλος, εἰπεῖν ὡς ἡ ταῦτα φέρουσα χώρα τριῶν ἡμερῶν [2] πλοῦν ἀπέχει τῆς Ῥώμης. ἐκεῖνο δ' ἤδη καὶ βιαιότερον, τὸ περὶ παντὸς οὗ δήποτε πράγματος γνώμην ἀποφαινόμενον προσεπιφωνεῖν οὕτως· 'δοκεῖ δέ μοι καὶ Καρχηδόνα μὴ εἶναι'. τοὐναντίον δὲ Πόπλιος Σκιπίων ὁ Νασικᾶς ἐπικαλούμενος ἀεὶ διετέλει λέγων καὶ ἀποφαινόμενος· [3] 'δοκεῖ μοι Καρχηδόνα εἶναι'. πολλὰ γὰρ ὡς ἔοικεν ἤδη τὸν δῆμον ὁρῶν ὕβρει πλημμελοῦντα, καὶ δι' εὐτυχίαν καὶ φρόνημα τῇ βουλῇ δυσκάθεκτον ὄντα, καὶ τὴν πόλιν ὅλην ὑπὸ δυνάμεως ὅπῃ ῥέψειε ταῖς ὁρμαῖς βίᾳ συνεφελκόμενον, ἐβούλετο τοῦτον γοῦν τὸν φόβον ὥσπερ χαλινὸν ἐπικεῖσθαι σωφρονιστῆρα τῇ θρασύτητι τῶν πολλῶν, ἔλαττον μὲν ἡγούμενος ἰσχύειν Καρχηδονίους τοῦ περιγενέσθαι Ῥωμαίων, μεῖζον δὲ τοῦ καταφρονεῖσθαι.

[4] τῷ δὲ Κάτωνι τοῦτ' αὐτὸ δεινὸν ἐφαίνετο, βακχεύοντι τῷ δήμῳ καὶ σφαλλομένῳ τὰ πολλὰ δι' ἐξουσίαν πόλιν ἀεὶ μεγάλην, νῦν δὲ καὶ νήφουσαν ὑπὸ συμφορῶν καὶ κεκολασμένην, ἐπικρέμασθαι, καὶ μὴ παντάπασι τοὺς ἔξωθεν ἀνελεῖν τῆς ἡγεμονίας φόβους, ἀναφορὰς αὑτοῖς [5] πρὸς τὰς οἴκοθεν

ἁμαρτίας ἀπολιπόντας. οὕτω μὲν ἐξεργάσασθαι λέγεται τὸν τρίτον καὶ τελευταῖον ὁ Κάτων ἐπὶ Καρχηδονίους πόλεμον, ἀρξαμένων δὲ πολεμεῖν ἐτελεύτησεν, ἀποθεσπίσας περὶ τοῦ μέλλοντος ἐπιθήσειν τῷ πολέμῳ τέλος ἀνδρός, ὃς ἦν μὲν τότε νεανίας, χιλίαρχος δὲ στρατευόμενος ἐπεδείκνυτο καὶ γνώμης ἔργα καὶ τόλμης πρὸς [6] τοὺς ἀγῶνας. ἀπαγγελλομένων δὲ τούτων εἰς Ῥώμην, πυνθανόμενον τὸν Κάτωνά φασιν εἰπεῖν (Od. 10, 495)·

οἶος πέπνυται, τοὶ δὲ σκιαὶ ἀίσσουσι.

[7] ταύτην μὲν οὖν τὴν ἀπόφασιν ταχὺ δι' ἔργων ἐβεβαίωσεν ὁ Σκιπίων.

Ὁ δὲ Κάτων ἀπέλιπε γενεὰν ἕνα μὲν υἱὸν ἐκ τῆς ἐπιγαμηθείσης, ᾧ παρωνύμιον ἔφαμεν γενέσθαι Σαλώνιον, ἕνα δ' υἱωνὸν ἐκ τοῦ τελευτήσαντος υἱοῦ, καὶ Σαλώνιος μὲν ἐτελεύτησε στρατηγῶν, ὁ δ' ἐξ αὐτοῦ γενόμενος Μᾶρκος ὑπάτευσεν. ἦν δὲ πάππος οὗτος τοῦ φιλοσόφου Κάτωνος, ἀνδρὸς ἀρετῇ καὶ δόξῃ τῶν καθ' ἑαυτὸν ἐπιφανεστάτου γενομένου.

Comparison Aristidis et Catonis

[1] [1] Γεγραμμένων δὲ καὶ περὶ τούτων τῶν ἀξίων μνήμης, ὅλος ὁ τούτου βίος ὅλῳ τῷ θατέρου παρατεθεὶς οὐκ εὐθεώρητον ἔχει τὴν διαφοράν, ἐναφανιζομένην πολλαῖς [2] καὶ μεγάλαις ὁμοιότησιν. εἰ δὲ δεῖ κατὰ μέρος τῇ συγκρίσει διαλαβεῖν ὥσπερ ἔπος ἢ γραφὴν ἑκάτερον, τὸ μὲν ἐξ οὐχ ὑπαρχούσης ἀφορμῆς εἰς πολιτείαν καὶ δόξαν ἀρετῇ καὶ δυνάμει παρελθεῖν ἀμφοτέροις κοινόν ἐστι. φαίνεται δ᾽ ὁ μὲν Ἀριστείδης οὔπω τότε μεγάλων οὐσῶν τῶν Ἀθηνῶν καὶ ταῖς οὐσίαις ἔτι συμμέτροις καὶ ὁμαλοῖς ἐπιβαλὼν δημαγωγοῖς καὶ στρατηγοῖς ἐπιφανὴς γενέσθαι· [3] τὸ γὰρ μέγιστον ἦν τίμημα τότε πεντακοσίων μεδίμνων, τὸ δὲ δεύτερον [ἱππεῖς] τριακοσίων, ἔσχατον δὲ καὶ τρίτον [οἱ ζευγῖται] διακοσίων· ὁ δὲ Κάτων ἐκ πολίχνης τε μικρᾶς καὶ διαίτης ἀγροίκου δοκούσης φέρων ἀφῆκεν αὑτὸν ὥσπερ εἰς πέλαγος ἀχανὲς τὴν ἐν Ῥώμῃ πολιτείαν, οὐκέτι Κουρίων καὶ Φαβρικίων καὶ Ἀτιλίων ἔργον οὖσαν ἡγεμόνων, οὐδ᾽ ἀπ᾽ ἀρότρου καὶ σκαφίου πένητας καὶ αὐτουργοὺς ἀναβαίνοντας ἐπὶ τὸ βῆμα προσιεμένην ἄρχοντας καὶ δημαγωγούς, ἀλλὰ πρὸς γένη μεγάλα καὶ πλούτους καὶ νομὰς καὶ σπουδαρχίας ἀποβλέπειν εἰθισμένην, καὶ δι᾽ ὄγκον ἤδη καὶ δύναμιν [4] ἐντρυφῶσαν τοῖς ἄρχειν ἀξιοῦσιν. οὐκ ἦν δ᾽ ὅμοιον ἀντιπάλῳ χρῆσθαι Θεμιστοκλεῖ, μήτ᾽ ἀπὸ γένους λαμπρῷ καὶ κεκτημένῳ μέτρια - πέντε γὰρ ἢ τριῶν ταλάντων οὐσίαν αὐτῷ γενέσθαι λέγουσιν ὅτε πρῶτον ἥπτετο τῆς πολιτείας - καὶ πρὸς Σκιπίωνας Ἀφρικανοὺς καὶ Σερουίους Γάλβας καὶ Κουϊντίους Φλαμινίνους ἁμιλλᾶσθαι περὶ πρωτείων, μηδὲν ὁρμητήριον ἔχοντα πλὴν φωνὴν παρρησιαζομένην ὑπὲρ τῶν δικαίων.

[2] [1] Ἔτι δ᾽ Ἀριστείδης μὲν ἐν Μαραθῶνι καὶ πάλιν ἐν Πλαταιαῖς δέκατος ἦν στρατηγός, Κάτων δὲ δεύτερος μὲν ὕπατος ᾑρέθη πολλῶν ἀντιμετιόντων, δεύτερος δὲ τιμητής, ἑπτὰ τοὺς ἐπιφανεστάτους καὶ πρώτους ἁμιλλωμένους [2] ὑπερβαλόμενος. καὶ μὴν Ἀριστείδης μὲν ἐν οὐδενὶ τῶν κατορθωμάτων γέγονε πρῶτος, ἀλλὰ Μιλτιάδης ἔχει τοῦ Μαραθῶνος τὸ πρωτεῖον, Θεμιστοκλῆς δὲ τῆς Σαλαμῖνος, ἐν δὲ Πλαταιαῖς φησιν Ἡρόδοτος (9, 64) ἀνελέσθαι καλλίστην νίκην Παυσανίαν, Ἀριστείδῃ δὲ καὶ τῶν δευτερείων ἀμφισβητοῦσι Σωφάναι καὶ Ἀμεινίαι καὶ Καλλίμαχοι καὶ Κυνέγειροι διαπρεπῶς ἀριστεύσαντες ἐν ἐκείνοις [3] τοῖς ἀγῶσι· Κάτων δ᾽ οὐ μόνον αὐτὸς ὑπατεύων ἐπρώτευσε καὶ χειρὶ καὶ γνώμῃ κατὰ τὸν Ἰβηρικὸν πόλεμον, ἀλλὰ καὶ χιλιαρχῶν περὶ Θερμοπύλας ὑπατεύοντος ἑτέρου τὴν δόξαν ἔσχε τῆς νίκης, μεγάλας ἐπ᾽ Ἀντίοχον Ῥωμαίοις ἀναπετάσας κλισιάδας καὶ πρόσω

μόνον ὁρῶντι τῷ βασιλεῖ περιστήσας κατὰ νώτου τὸν πόλεμον. ἐκείνη γὰρ ἡ νίκη, περιφανῶς ἔργον οὖσα Κάτωνος, ἐξήλασε τῆς Ἑλλάδος τὴν Ἀσίαν, παρέσχε δ’ ἐπιβατὴν αὖθις Σκιπίωνι.

[4] Πολεμοῦντες μὲν οὖν ἀήττητοι γεγόνασιν ἀμφότεροι, τὰ δὲ περὶ τὴν πολιτείαν Ἀριστείδης μὲν ἔπταισεν ἐξοστρακισθεὶς καὶ καταστασιασθεὶς ὑπὸ Θεμιστοκλέους, Κάτων δ’, οἵπερ ἦσαν ἐν Ῥώμῃ δυνατώτατοι καὶ μέγιστοι, πᾶσιν ὡς ἔπος εἰπεῖν ἀντιπάλοις χρώμενος, καὶ μέχρι γήρως ὥσπερ ἀθλητὴς ἀγωνιζόμενος, ἀπτῶτα διετήρησεν [5] αὑτόν· πλείστας δὲ καὶ φυγὼν δημοσίας δίκας καὶ διώξας, πολλὰς μὲν εἷλε, πάσας δ’ ἀπέφυγε, πρόβλημα τοῦ βίου καὶ δραστήριον ὄργανον ἔχων τὸν λόγον, ᾧ δικαιότερον ἄν τις ἢ τύχῃ καὶ δαίμονι τοῦ ἀνδρὸς τὸ μηδὲν παθεῖν παρ’ ἀξίαν ἀνατιθείη. μέγα γὰρ καὶ Ἀριστοτέλει τῷ φιλοσόφῳ τοῦτο προσεμαρτύρησεν Ἀντίπατρος, γράφων περὶ αὐτοῦ μετὰ τὴν τελευτήν, ὅτι πρὸς τοῖς ἄλλοις ὁ ἀνὴρ καὶ τὸ πιθανὸν εἶχεν.

[3] [1] Ὅτι μὲν δὴ τῆς πολιτικῆς ἄνθρωπος ἀρετῆς οὐ κτᾶται τελειοτέραν, ὁμολογούμενόν ἐστι· ταύτης δέ που μόριον οἱ πλεῖστοι τὴν οἰκονομικὴν οὐ σμικρὸν τίθενται· καὶ γὰρ ἡ πόλις, οἴκων τι σύστημα καὶ κεφάλαιον οὖσα, ῥώννυται πρὸς τὰ δημόσια τοῖς ἰδίοις βίοις τῶν πολιτῶν εὐθενούντων, ὅπου καὶ Λυκοῦργος, ἐξοικίσας μὲν ἄργυρον, ἐξοικίσας δὲ χρυσὸν τῆς Σπάρτης, νόμισμα δὲ διεφθαρμένου πυρὶ σιδήρου θέμενος αὐτοῖς, οἰκονομίας οὐκ ἀπήλλαξε τοὺς πολίτας, ἀλλὰ τὰ τρυφῶντα καὶ ὕπουλα καὶ φλεγμαίνοντα τοῦ πλούτου περιελών, ὅπως εὐπορήσωσι τῶν ἀναγκαίων καὶ χρησίμων ἅπαντες, ὡς ἄλλος οὐδεὶς νομοθέτης προενόησε, τὸν ἄπορον καὶ ἀνέστιον καὶ πένητα σύνοικον ἐπὶ κοινωνίᾳ πολιτείας μᾶλλον τοῦ πλουσίου καὶ ὑπερόγκου φοβηθείς.

[2] φαίνεται τοίνυν ὁ μὲν Κάτων οὐδέν τι φαυλότερος οἴκου προστάτης ἢ πόλεως γενόμενος· καὶ γὰρ αὐτὸς ηὔξησε τὸν ἑαυτοῦ βίον, καὶ κατέστη διδάσκαλος οἰκονομίας καὶ γεωργίας ἑτέροις, πολλὰ καὶ χρήσιμα περὶ τούτων συνταξάμενος· Ἀριστείδης δὲ τῇ πενίᾳ καὶ τὴν δικαιοσύνην συνδιέβαλεν ὡς οἰκοφθόρον καὶ πτωχοποιὸν καὶ πᾶσι [3] μᾶλλον ἢ τοῖς κεκτημένοις ὠφέλιμον. καίτοι πολλὰ μὲν Ἡσίοδος πρὸς δικαιοσύνην ἅμα καὶ πρὸς οἰκονομίαν παρακαλῶν ἡμᾶς εἴρηκε, καὶ τὴν ἀργίαν ὡς ἀδικίας ἀρχὴν λελοιδόρηκεν, εὖ δὲ καὶ Ὁμήρῳ πεποίηται (Od. 14, 222)·

ἔργον δέ μοι οὐ φίλον ἦεν
οὐδ’ οἰκωφελίη, ἥ τε τρέφει ἀγλαὰ τέκνα,
ἀλλά μοι αἰεὶ νῆες ἐπήρετμοι φίλαι ἦσαν
καὶ πόλεμοι καὶ ἄκοντες ἐύξεστοι καὶ ὀιστοί,

ὡς τοὺς αὐτοὺς ἀμελοῦντας οἰκίας καὶποριζομένους ἐξ [4] ἀδικίας. οὐ γάρ, ὡς τοὔλαιον οἱ ἰατροί φασι τοῦ σώματος εἶναι τοῖς μὲν ἐκτὸς ὠφελιμώτατον, τοῖς δ᾽ ἐντὸς βλαβερώτατον, οὕτως ὁ δίκαιος ἑτέροις μέν ἐστι χρήσιμος, αὑτοῦ δὲ καὶ τῶν ἰδίων ἀκηδής, ἀλλ᾽ ἔοικε ταύτῃ πεπηρῶσθαι τῷ Ἀριστείδῃ τὸ πολιτικόν, εἴπερ, ὡς οἱ πλεῖστοι λέγουσιν, οὐδὲ προῖκα τοῖς θυγατρίοις οὐδ᾽ ἑαυτῷ [5] ταφὴν καταλιπέσθαι προὐνόησεν. ὅθεν ὁ μὲν Κάτωνος οἶκος ἄχρι γένους τετάρτου στρατηγοὺς καὶ ὑπάτους τῇ Ῥώμῃ παρεῖχε· καὶ γὰρ υἱωνοὶ καὶ τούτων ἔτι παῖδες ἦρξαν ἀρχὰς τὰς μεγίστας· τῆς δ᾽ Ἀριστείδου τοῦ πρωτεύσαντος Ἑλλήνων γενεᾶς ἡ πολλὴ καὶ ἄπορος πενία τοὺς μὲν εἰς ἀγυρτικοὺς κατέβαλε πίνακας, τοὺς δὲ δημοσίῳ τὰς χεῖρας ἐράνῳ δι᾽ ἔνδειαν ὑπέχειν ἠνάγκασεν, οὐδενὶ δὲ λαμπρὸν οὐδὲν οὐδ᾽ ἄξιον ἐκείνου τοῦ ἀνδρὸς φρονῆσαι παρέσχεν.

[4] [1] Ἢ τοῦτο πρῶτον ἀμφιλογίαν ἔχει; πενία γὰρ αἰσχρὸν μὲν οὐδαμοῦ δι᾽ αὑτήν, ἀλλ᾽ ὅπου δεῖγμα ῥᾳθυμίας ἐστίν, ἀκρασίας, ἀλογιστίας, πολυτελείας· ἀνδρὶ δὲ σώφρονι καὶ φιλοπόνῳ καὶ δικαίῳ καὶ ἀνδρείῳ καὶ δημοσιεύοντι ταῖς ἀρεταῖς πάσαις συνοῦσα μεγαλοψυχίας [2] ἐστὶ καὶ μεγαλοφροσύνης σημεῖον. οὐ γὰρ ἔστι πράττειν μεγάλα φροντίζοντα μικρῶν, οὐδὲ πολλοῖς δεομένοις βοηθεῖν πολλῶν αὐτὸν δεόμενον. μέγα δ᾽ εἰς πολιτείαν ἐφόδιον οὐχὶ πλοῦτος, ἀλλ᾽ αὐτάρκεια, τῷ μηδενὸς ἰδίᾳ τῶν περιττῶν δεῖσθαι πρὸς οὐδεμίαν ἀσχολίαν ἀπάγουσα τῶν δημοσίων. ἀπροσδεὴς μὲν γὰρ ἁπλῶς ὁ θεός, ἀνθρωπίνης δ᾽ ἀρετῆς, ᾧ συνάγεται πρὸς τοὐλάχιστον ἡ χρεία, [3] τοῦτο τελειότατον καὶ θειότατον. ὡς γὰρ σῶμα τὸ καλῶς πρὸς εὐεξίαν κεκραμένον οὔτ᾽ ἐσθῆτος οὔτε τροφῆς δεῖται περιττῆς, οὕτω καὶ οἶκος καὶ βίος ὑγιαίνων ἀπὸ τῶν τυχόντων διοικεῖται. δεῖ δὲ τῇ χρείᾳ σύμμετρον ἔχειν τὴν κτῆσιν, ὡς ὅ γε πολλὰ συνάγων, ὀλίγοις δὲ χρώμενος, οὐκ ἔστιν αὐτάρκης, ἀλλ᾽ εἴτε μὴ δεῖται, τῆς παρασκευῆς ὧν οὐκ ὀρέγεται μάταιος, εἴτ᾽ ὀρέγεται, μικρολογίᾳ κολούων τὴν [4] ἀπόλαυσιν ἄθλιος. αὐτοῦ γέ τοι Κάτωνος ἡδέως ἂν πυθοίμην· εἰ μὲν ἀπολαυστὸν ὁ πλοῦτός ἐστι, τί σεμνύνῃ τῷ πολλὰ κεκτημένος ἀρκεῖσθαι μετρίοις; εἰ δὲ λαμπρόν ἐστιν, ὥσπερ ἐστίν, ἄρτῳ τε χρῆσθαι τῷ προστυχόντι, καὶ πίνειν οἷον ἐργάται πίνουσι καὶ θεράποντες οἶνον, καὶ πορφύρας μὴ δεηθῆναι μηδ᾽ οἰκίας κεκονιαμένης, οὐδὲν οὔτ᾽ Ἀριστείδης οὔτ᾽ Ἐπαμεινώνδας οὔτε Μάνιος Κούριος οὔτε Γάιος Φαβρίκιος ἐνέλιπον τοῦ προσήκοντος, χαίρειν ἐάσαντες τὴν κτῆσιν ὧν τὴν χρῆσιν ἀπεδοκίμαζον.

[5] οὐ γὰρ ἀναγκαῖον ἀνθρώπῳ γογγυλίδας ἥδιστον ὄψον πεποιημένῳ καὶ δι᾽ αὑτοῦ ταύτας ἕψοντι, ματτούσης ἅμα τῆς γυναικὸς ἄλφιτα, τοσαυτάκις περὶ ἀσσαρίου θρυλεῖν καὶ γράφειν, ἀφ᾽ ἧς ἄν τις ἐργασίας τάχιστα πλούσιος

γένοιτο. μέγα γὰρ τὸ εὐτελὲς καὶ αὔταρκες, ὅτι τῆς ἐπιθυμίας ἅμα καὶ τῆς φροντίδος ἀπαλλάττει τῶν [6] περιττῶν. διὸ καὶ τοῦτό φασιν ἐν τῇ Καλλίου δίκῃ τὸν Ἀριστείδην εἰπεῖν, ὡς αἰσχύνεσθαι πενίαν προσήκει τοῖς ἀκουσίως πενομένοις, τοῖς δ᾽ ὥσπερ αὐτὸς ἑκουσίως [7] ἐγκαλλωπίζεσθαι. γελοῖον γὰρ οἴεσθαι ῥαθυμίας εἶναι τὴν Ἀριστείδου πενίαν, ᾧ παρῆν αἰσχρὸν ἐργασαμένῳ μηδέν, ἀλλ᾽ ἕνα σκυλεύσαντι βάρβαρον ἢ μίαν σκηνὴν καταλαβόντι πλουσίῳ γενέσθαι. ταῦτα μὲν οὖν περὶ τούτων.

[5] [1] Στρατηγίαι δ᾽ αἱ μὲν Κάτωνος οὐδὲν ὡς μεγάλοις πράγμασι μέγα προσέθηκαν, ἐν δὲ ταῖς Ἀριστείδου τὰ κάλλιστα καὶ λαμπρότατα καὶ πρῶτα τῶν Ἑλληνικῶν ἔργων ἐστίν, ὁ Μαραθών, ἡ Σαλαμίς, αἱ Πλαταιαί, [2] καὶ οὐκ ἄξιον δήπου παραβαλεῖν τῷ Ξέρξῃ τὸν Ἀντίοχον καὶ τὰ περιαιρεθέντα τῶν Ἰβηρικῶν πόλεων τείχη ταῖς τοσαύταις μὲν ἐν γῇ, τοσαύταις δ᾽ ἐν θαλάσσῃ πεσούσαις μυριάσιν· ἐν οἷς Ἀριστείδης ἔργῳ μὲν οὐδενὸς ἐλείπετο, δόξης δὲ καὶ στεφάνων, ὥσπερ ἀμέλει πλούτου καὶ χρημάτων, ὑφήκατο τοῖς μᾶλλον δεομένοις, [3] ὅτι καὶ τούτων πάντων διέφερεν. ἐγὼ δ᾽ οὐ μέμφομαι μὲν Κάτωνος τὸ μεγαλύνειν ἀεὶ καὶ πρῶτον ἁπάντων ἑαυτὸν τίθεσθαι· καίτοι φησὶν ἔν τινι λόγῳ τὸ ἐπαινεῖν αὑτὸν ὥσπερ τὸ λοιδορεῖν ἄτοπον εἶναι τελειότερος δέ μοι δοκεῖ πρὸς ἀρετὴν τοῦ πολλάκις αὑτὸν ἐγκωμιάζοντος [4] ὁ μηδ᾽ ἑτέρων τοῦτο ποιούντων δεόμενος. τὸ γὰρ ἀφιλότιμον οὐ μικρὸν εἰς πρᾳότητα πολιτικὴν ἐφόδιον, καὶ τοὐναντίον ἡ φιλοτιμία χαλεπὸν καὶ φθόνου γονιμώτατον· ἧς ὁ μὲν ἀπήλλακτο παντάπασιν, ὁ δὲ καὶ πάνυ πολλῆς μετεῖχεν. Ἀριστείδης μὲν γὰρ Θεμιστοκλεῖ τὰ μέγιστα συμπράττων, καὶ τρόπον τινὰ καὶ τὴν στρατηγίαν αὐτοῦ δορυφορῶν, ὤρθωσε τὰς Ἀθήνας, Κάτων δ᾽ ἀντιπράττων Σκιπίωνι μικροῦ μὲν ἀνέτρεψε καὶ διελυμήνατο τὴν ἐπὶ Καρχηδονίους αὐτοῦ στρατηγίαν, ᾗ τὸν ἀήττητον Ἀννίβαν καθεῖλε, τέλος δὲ μηχανώμενος ἀεί τινας ὑποψίας καὶ διαβολάς, αὐτὸν μὲν ἐξήλασε τῆς πόλεως, τὸν δ᾽ ἀδελφὸν αἰσχίστῃ κλοπῆς καταδίκῃ περιέβαλεν.

[6] [1] Ἣν τοίνυν πλείστοις ὁ Κάτων κεκόσμηκε καὶ καλλίστοις ἐπαίνοις ἀεὶ σωφροσύνην, Ἀριστείδης μὲν ἄθικτον ὡς ἀληθῶς καὶ καθαρὰν ἐτήρησεν, αὐτοῦ δὲ τοῦ Κάτωνος ὁ παρ᾽ ἀξίαν ἅμα καὶ παρ᾽ ὥραν γάμος οὐ μικρὰν οὐδὲ φαύλην εἰς τοῦτο διαβολὴν κατεσκέδασε.

[2] πρεσβύτην γὰρ ἤδη τοσοῦτον ἐνηλίκῳ παιδὶ καὶ γυναικὶ νύμφῃ παιδὸς ἐπιγῆμαι κόρην ὑπηρέτου καὶ δημοσιεύοντος ἐπὶ μισθῷ πατρὸς οὐδαμῇ καλόν, ἀλλ᾽ εἴτε πρὸς ἡδονὴν ταῦτ᾽ ἔπραξεν, εἴτ᾽ ὀργῇ διὰ τὴν ἑταίραν ἀμυνόμενος τὸν υἱόν, αἰσχύνην ἔχει καὶ τὸ ἔργον καὶ ἡ πρόφασις. ᾧ δ᾽ αὐτὸς ἐχρήσατο λόγῳ κατειρωνευόμενος τὸ [3] μειράκιον, οὐκ ἦν ἀληθής. εἰ γὰρ ἐβούλετο παῖδας ἀγαθοὺς ὁμοίως τεκνῶσαι, γάμον ἔδει λαβεῖν γενναῖον ἐξ

ἀρχῆς σκεψάμενον, οὐχ ἕως μὲν ἐλάνθανεν ἀνεγγύῳ γυναικὶ καὶ κοινῇ συγκοιμώμενος ἀγαπᾶν, ἐπεὶ δ' ἐφωράθη, ποιήσασθαι πενθερὸν ὃν ῥᾷστα πείσειν, οὐχ ᾧ κάλλιστα κηδεύσειν ἔμελλεν.

Philopoemen

[1] [1] Κλέανδρος ἦν ἐν Μαντινείᾳ γένους τε πρώτου καὶ δυνηθεὶς ἐν τοῖς μάλιστα τῶν πολιτῶν· τύχῃ δὲ χρησάμενος καὶ τὴν ἑαυτοῦ φυγών, ἧκεν εἰς Μεγάλην πόλιν οὐχ ἥκιστα διὰ Φιλοποίμενος πατέρα Κραῦγιν, ἄνδρα πάντων ἕνεκα [2] λαμπρόν, ἰδίᾳ δὲ πρὸς ἐκεῖνον οἰκείως ἔχοντα. ζῶντος μὲν οὖν αὐτοῦ πάντων ἐτύγχανε, τελευτήσαντος δὲ τὴν ἀμοιβὴν τῆς φιλοξενίας ἀποδιδούς, ἔθρεψεν αὐτοῦ τὸν υἱὸν ὀρφανὸν ὄντα, καθάπερ φησὶν Ὅμηρος (Il. 9, 442 sq. 478 sqq.) ὑπὸ τοῦ Φοίνικος τὸν Ἀχιλλέα τραφῆναι, γενναίαν τινὰ καὶ βασιλικὴν τοῦ ἤθους εὐθὺς ἐξ ἀρχῆς πλάσιν καὶ [3] αὔξησιν λαμβάνοντος. ἤδη δὲ τοῦ Φιλοποίμενος ἀντίπαιδος ὄντος Ἔκδηλος καὶ Δημοφάνης οἱ Μεγαλοπολῖται διεδέξαντο τὴν ἐπιμέλειαν, Ἀρκεσιλάῳ συνήθεις ἐν Ἀκαδημείᾳ γεγονότες, καὶ φιλοσοφίαν μάλιστα τῶν καθ' ἑαυτοὺς ἐπὶ [4] πολιτείαν καὶ πράξεις προαγαγόντες. οὗτοι καὶ τὴν ἑαυτῶν πατρίδα τυραννίδος ἀπήλλαξαν, τοὺς ἀποκτενοῦντας Ἀριστόδημον κρύφα παρασκευάσαντες, καὶ Νικοκλέα τὸν Σικυωνίων τύραννον Ἀράτῳ συνεξέβαλον, καὶ Κυρηναίοις δεηθεῖσι, τεταραγμένων τῶν κατὰ τὴν πόλιν καὶ νοσούντων, πλεύσαντες εὐνομίαν ἔθεντο καὶ διεκόσμησαν [5] ἄριστα τὴν πόλιν. αὐτοί γε μὴν ἐν τοῖς ἄλλοις ἔργοις καὶ τὴν Φιλοποίμενος ἐποιοῦντο παίδευσιν, ὡς κοινὸν ὄφελος τῇ Ἑλλάδι τὸν ἄνδρα τοῦτον ὑπὸ φιλοσοφίας ἀπεργασάμενοι. [6] καὶ γὰρ ὥσπερ ὀψίγονον ἐν γήρᾳ ταῖς τῶν πα[6] λαιῶν ἡγεμόνων ἐπιτεκοῦσα τοῦτον ἀρεταῖς ἡ Ἑλλὰς ἠγάπησε διαφερόντως καὶ συνηύξησε τῇ δόξῃ τὴν δύναμιν. [7] Ῥωμαίων δέ τις ἐπαινῶν ἔσχατον αὐτὸν Ἑλλήνων προσεῖπεν, ὡς οὐδένα μέγαν μετὰ τοῦτον ἔτι τῆς Ἑλλάδος ἄνδρα γειναμένης οὐδ' αὐτῆς ἄξιον.

[2] [1] Ἦν δὲ τὸ μὲν εἶδος οὐκ αἰσχρός, ὡς ἔνιοι νομίζουσιν· εἰκόνα γὰρ αὐτοῦ διαμένουσαν ἐν Δελφοῖς ὁρῶμεν· τὴν δὲ τῆς ξένης τῆς Μεγαρικῆς ἄγνοιαν συμβῆναι λέγουσι [2] δι' εὐκολίαν τινὰ καὶ ἀφέλειαν αὐτοῦ. πυνθανομένη γὰρ ἔρχεσθαι πρὸς αὐτοὺς τὸν στρατηγὸν τῶν Ἀχαιῶν, ἐθορυβεῖτο παρασκευάζουσα δεῖπνον οὐ παρόντος [3] κατὰ τύχην τοῦ ἀνδρός. ἐν τούτῳ δὲ τοῦ Φιλοποίμενος εἰσελθόντος, χλαμύδιον εὐτελὲς ἔχοντος, οἰομένη τινὰ τῶν ὑπηρετῶν εἶναι καὶ πρόδρομον, παρεκάλει τῆς [4] διακονίας συνεφάψασθαι. καὶ ὁ μὲν εὐθὺς ἀπορρίψας τὴν χλαμύδα τῶν ξύλων ἔσχιζεν· ὁ δὲ ξένος ἐπεισελθὼν καὶ θεασάμενος, τί τοῦτ' ἔφη,, ὦ Φιλοποίμην; τί γὰρ ἄλλ' ἔφη δωρίζων ἐκεῖνος ἢ κακᾶς ὄψεως δίκαν [5] δίδωμι; τοῦ δ' ἄλλου σώματος τὴν φύσιν ἐπισκώπτων ὁ Τίτος εἶπεν· ὦ Φιλοποίμην, ὡς καλὰς

χεῖρας ἔχεις καὶ σκέλη· γαστέρα δ' οὐκ ἔχεις. ἦν γὰρ ἐκ τῶν μέσων [6] στενώτερος. τὸ μέντοι σκῶμμα πρὸς τὴν δύναμιν αὐτοῦ μᾶλλον ἐλέχθη· καὶ γὰρ ὁπλίτας ἔχων ἀγαθοὺς καὶ ἱππεῖς, χρημάτων πολλάκις οὐκ εὐπόρει. ταῦτα μὲν οὖν ἐν ταῖς σχολαῖς περὶ τοῦ Φιλοποίμενος λέγεται.

[3] [1] Τοῦ δ' ἤθους τὸ φιλότιμον οὐκ ἦν παντάπασι φιλονικίας καθαρὸν οὐδ' ὀργῆς ἀπηλλαγμένον, ἀλλὰ καίπερ Ἐπαμεινώνδου βουλόμενος εἶναι μάλιστα ζηλωτής, τὸ ‹μὲν› δραστήριον καὶ συνετὸν αὐτοῦ καὶ ὑπὸ χρημάτων ἀπαθὲς ἰσχυρῶς ἐμιμεῖτο, τῷ δὲ πρᾴῳ καὶ βαθεῖ καὶ φιλανθρώπῳ παρὰ τὰς πολιτικὰς διαφορὰς ἐμμένειν οὐ δυνάμενος δι' ὀργὴν καὶ φιλονικίαν, μᾶλλον ἐδόκει στρατιωτικῆς ἢ πολιτικῆς ἀρετῆς οἰκεῖος εἶναι.

[2] καὶ γὰρ ἐκ παίδων εὐθὺς ἦν φιλοστρατιώτης, καὶ τοῖς πρὸς τοῦτο χρησίμοις μαθήμασιν ὑπήκουε προθύμως, [3] ὁπλομαχεῖν καὶ ἱππεύειν. ἐπεὶ δὲ καὶ παλαίειν εὐφυῶς ἐδόκει, καὶ παρεκάλουν αὐτὸν ἐπὶ τὴν ἄθλησιν ἔνιοι τῶν φίλων καὶ τῶν ἐπιτρόπων, ἠρώτησεν αὐτούς, μή τι πρὸς τὴν στρατιωτικὴν ἄσκησιν ὑπὸ τῆς ἀθλήσεως βλαβήσοιτο.

[4] τῶν δὲ φαμένων, ὅπερ ἦν, ἀθλητικὸν στρατιωτικοῦ σῶμα καὶ βίον διαφέρειν τοῖς πᾶσι, μάλιστα δὲ δίαιταν ἑτέραν καὶ ἄσκησιν εἶναι, τῶν μὲν ὕπνῳ τε πολλῷ καὶ πλησμοναῖς ἐνδελεχέσι καὶ κινήσεσί ‹τε› τεταγμέναις καὶ ἡσυχίαις αὐξόντων τε καὶ διαφυλαττόντων τὴν ἕξιν, ὑπὸ πάσης ῥοπῆς καὶ παρεκβάσεως τοῦ συνήθους ἀκροσφαλῆ πρὸς μεταβολὴν οὖσαν, τὰ δὲ πάσης μὲν πλάνης ἔμπειρα καὶ πάσης ἀνωμαλίας προσῆκον εἶναι, μάλιστα δὲ φέρειν [5] ῥᾳδίως μὲν ἔνδειαν εἰθισμένα, ῥᾳδίως δ' ἀγρυπνίαν, ἀκούσας ὁ Φιλοποίμην οὐ μόνον αὐτὸς ἔφυγε τὸ πρᾶγμα καὶ κατεγέλασεν, ἀλλὰ καὶ στρατηγῶν ὕστερον ἀτιμίαις καὶ προπηλακισμοῖς, ὅσον ἦν ἐπ' αὐτῷ, πᾶσαν ἄθλησιν ἐξέβαλλεν, ὡς τὰ χρησιμώτατα τῶν σωμάτων εἰς τοὺς ἀναγκαίους ἀγῶνας ἄχρηστα ποιοῦσαν.

[4] [1] Ἀπαλλαγεὶς δὲ διδασκάλων καὶ παιδαγωγῶν, ἐν μὲν ταῖς πολιτικαῖς στρατείαις, ἃς ἐποιοῦντο κλωπείας ἕνεκα καὶ λεηλασίας εἰς τὴν Λακωνικὴν ἐμβάλλοντες, εἴθισεν αὑτὸν πρῶτον μὲν ἐκστρατευόντων, ὕστατον δ' ἀπερχομένων [2] βαδίζειν. σχολῆς δ' οὔσης ἢ κυνηγῶν διεπόνει τὸ σῶμα καὶ κατεσκεύαζε κοῦφον ἅμα καὶ ῥωμαλέον, ἢ γεωργῶν.

[3] ἦν γὰρ ἀγρὸς αὐτῷ καλὸς ἀπὸ σταδίων εἴκοσι τῆς πόλεως· εἰς τοῦτον ἐβάδιζε καθ' ἡμέραν μετὰ τὸ ἄριστον ἢ μετὰ τὸ δεῖπνον, καὶ καταβαλὼν ἑαυτὸν ἐπὶ στιβαδίου τοῦ τυχόντος ὥσπερ ἕκαστος τῶν ἐργατῶν ἀνεπαύετο.

[4] πρωῒ δ' ἀναστὰς καὶ συνεφαψάμενος ἔργου τοῖς ἀμπελουργοῦσιν ἢ βοηλατοῦσιν, αὖθις εἰς πόλιν ἀπῄει, καὶ περὶ τὰ δημόσια τοῖς φίλοις καὶ τοῖς ἄρχουσι συνησχολεῖτο.

[5] τὰ μὲν οὖν ἐκ τῶν στρατειῶν προσιόντα κατανήλισκεν εἰς ἵππους καὶ ὅπλα καὶ λύσεις αἰχμαλώτων, τὸν δ' οἶκον ἀπὸ τῆς γεωργίας αὔξειν ἐπειρᾶτο ‹τῷ› δικαιοτάτῳ τῶν χρηματισμῶν, οὐδὲ τοῦτο ποιούμενος πάρεργον, ἀλλὰ καὶ πάνυ προσήκειν οἰόμενος οἰκεῖα κεκτῆσθαι τὸν ἀλλοτρίων [6] ἀφεξόμενον. ἠκροᾶτο δὲ λόγων καὶ συγγράμμασι φιλοσόφων ἐνετύγχανεν, οὐ πᾶσιν, ἀλλ' ἀφ' ὧν ἐδόκει [7] πρὸς ἀρετὴν ὠφελεῖσθαι. καὶ τῶν Ὁμηρικῶν ὅσα [τὰς] πρὸς ἀνδρείαν ἐγείρειν καὶ παροξύνειν ἐνόμιζε ‹τὰς› φαντασίας, [8] τούτοις προσεῖχε. τῶν δ' ἄλλων ἀναγνωσμάτων μάλιστα τοῖς Εὐαγγέλου τακτικοῖς ἐνεφύετο, καὶ τὰς περὶ Ἀλέξανδρον ἱστορίας κατεῖχε, τοὺς λόγους ἐπὶ τὰ πράγματα καταστρέφειν οἰόμενος, εἰ μὴ σχολῆς ἕνεκα καὶ [9] λαλιᾶς ἀκάρπου περαίνοιντο. καὶ γὰρ τῶν τακτικῶν θεωρημάτων, τὰς ἐπὶ τοῖς πινακίοις διαγραφὰς ἐῶν χαίρειν, ἐπὶ τῶν τόπων αὐτῶν ἐλάμβανεν ἔλεγχον καὶ μελέτην ἐποιεῖτο, χωρίων συγκλινίας καὶ πεδίων ἀποκοπὰς καὶ ὅσα περὶ ῥείθροις ἢ τάφροις ἢ στενωποῖς πάθη καὶ σχήματα διασπωμένης καὶ πάλιν συστελλομένης φάλαγγος ἐπισκοπῶν αὐτὸς πρὸς αὑτὸν ἐν ταῖς ὁδοιπορίαις, καὶ τοῖς [10] μεθ' ἑαυτοῦ προβάλλων. ἔοικε γὰρ οὗτος ‹ὁ› ἀνὴρ περαιτέρω τῆς ἀνάγκης ἐμφιλοκαλῆσαι τοῖς στρατιωτικοῖς, καὶ τὸν πόλεμον ὡς ποικιλωτάτην ὑπόθεσιν τῆς ἀρετῆς ἀσπάσασθαι, καὶ ὅλως καταφρονεῖν τῶν ἀπολειπομένων ὡς ἀπράκτων.

[5] [1] Ἤδη δ' αὐτοῦ τριάκοντ' ἔτη γεγονότος, Κλεομένης ὁ βασιλεὺς Λακεδαιμονίων νυκτὸς ἐξαίφνης προσπεσὼν τῇ Μεγάλῃ πόλει, καὶ τὰς φυλακὰς βιασάμενος, ἐντὸς [2] παρῆλθε καὶ τὴν ἀγορὰν κατέλαβεν. ἐκβοηθήσας δὲ Φιλοποίμην, τοὺς μὲν πολεμίους οὐκ ἴσχυσεν ἐξελάσαι, καίπερ ἐρρωμένως καὶ παραβόλως διαγωνισάμενος, τοὺς δὲ πολίτας τρόπον τινὰ τῆς πόλεως ἐξέκλεψε, προσμαχόμενος τοῖς ἐπιδιώκουσι καὶ τὸν Κλεομένην περισπῶν ἐφ' ἑαυτόν, ὡς χαλεπῶς καὶ μόλις ὕστατος ἀπελθεῖν, [3] ἀποβαλὼν τὸν ἵππον καὶ τραυματίας γενόμενος. ἐπεὶ δὲ προσέπεμψεν αὐτοῖς ὁ Κλεομένης εἰς Μεσσήνην ἀπελθοῦσι, τήν τε πόλιν μετὰ τῶν χρημάτων ἀποδιδοὺς καὶ τὴν χώραν, ὁρῶν ὁ Φιλοποίμην τοὺς πολίτας ἀσμένως δεχομένους καὶ σπεύδοντας ἐπανελθεῖν, ἐνέστη καὶ διεκώλυσε τῷ λόγῳ, διδάσκων ὡς οὐκ ἀποδίδωσι τὴν πόλιν Κλεομένης, προσκτᾶται δὲ τοὺς πολίτας ἐπὶ τῷ καὶ [4] τὴν πόλιν ἔχειν βεβαιότερον· οὐ γὰρ ἕξειν αὐτόν, ὅπως οἰκίας καὶ τείχη κενὰ φυλάξει καθήμενος, ἀλλὰ καὶ τούτων [5] ὑπ' ἐρημίας ἐκπεσεῖσθαι. ταῦτα λέγων τοὺς μὲν πολίτας ἀπέτρεψε, τῷ δὲ Κλεομένει πρόφασιν παρέσχε λυμήνασθαι καὶ καταβαλεῖν τὰ πλεῖστα τῆς πόλεως, καὶ χρημάτων εὐπορήσαντι μεγάλων ἀπελθεῖν.

[6] [1] Ἐπεὶ δ’ Ἀντίγονος ὁ βασιλεὺς βοηθῶν ἐπὶ τὸν Κλεομένην μετὰ τῶν Ἀχαιῶν ἐστράτευσε, καὶ τὰς περὶ Σελλασίαν ἄκρας καὶ τὰς ἐμβολὰς κατέχοντος αὐτοῦ, παρέταξε τὴν δύναμιν ἐγγύς, ἐπιχειρεῖν καὶ βιάζεσθαι διανοούμενος, [2] ἦν μὲν ἐν τοῖς ἱππεῦσι μετὰ τῶν ἑαυτοῦ πολιτῶν τεταγμένος καὶ ὁ Φιλοποίμην, καὶ παραστάτας εἶχεν Ἰλλυριούς, οἷς τὰ λήγοντα τῆς παρατάξεως συνεπέφρακτο, [3] πολλοῖς οὖσι καὶ μαχίμοις. εἴρητο δ’ αὐτοῖς ἐφεδρεύουσιν ἡσυχίαν ἔχειν, ἄχρι ἂν ἀπὸ θατέρου κέρως ὑπὸ τοῦ [4] βασιλέως ἀρθῇ φοινικὶς ὑπὲρ σαρίσης διατεταμένη. τῶν δ’ ἡγεμόνων τοῖς Ἰλλυριοῖς πειρωμένων ἐκβιάζεσθαι τοὺς Λακεδαιμονίους, καὶ τῶν Ἀχαιῶν ὥσπερ προσετέτακτο [5] τὴν ἐφεδρείαν ἐν τάξει διαφυλαττόντων, Εὐκλείδας ὁ τοῦ Κλεομένους ἀδελφὸς καταμαθὼν τὸ γινόμενον διάσπασμα περὶ τοὺς πολεμίους, ταχὺ τοὺς ἐλαφροτάτους τῶν ψιλῶν περιέπεμψεν, ἐξόπισθεν τοῖς Ἰλλυριοῖς ἐπιπεσεῖν κελεύσας καὶ περισπᾶν ἐρήμους τῶν ἱππέων ἀπολελειμμένους.

[6] γινομένων δὲ τούτων, καὶ τῶν ψιλῶν τοὺς Ἰλλυριοὺς περισπώντων καὶ διαταραττόντων, συνιδὼν ὁ Φιλοποίμην οὐ μέγ’ ὃν ἔργον ἐπιθέσθαι τοῖς ψιλοῖς, καὶ τὸν καιρὸν ὑφηγούμενον τοῦτο, πρῶτον μὲν ἔφραζε τοῖς [7] βασιλικοῖς· ὡς δ’ οὐκ ἔπειθεν, ἀλλὰ μαίνεσθαι δοκῶν κατεφρονεῖτο, οὐδέπω μεγάλης οὐδ’ ἀξιοπίστου πρὸς τηλικοῦτο στρατήγημα δόξης περὶ αὐτὸν οὔσης, αὐτὸς [8] ἐμβάλλει συνεπισπασάμενος τοὺς πολίτας. γενομένης δὲ ταραχῆς τὸ πρῶτον, εἶτα φυγῆς καὶ φόνου πολλοῦ τῶν ψιλῶν, βουλόμενος ἔτι μᾶλλον ἐπιρρῶσαι τοὺς βασιλικοὺς καὶ προσμεῖξαι κατὰ τάχος θορυβουμένοις τοῖς πολεμίοις, τὸν μὲν ἵππον ἀφῆκεν, αὐτὸς δὲ πρὸς χωρία σκολιὰ καὶ μεστὰ ῥείθρων καὶ φαράγγων πεζὸς ἐν ἱππικῷ θώρακι καὶ σκευῇ βαρυτέρᾳ χαλεπῶς καὶ ταλαιπώρως ἁμιλλώμενος, διελαύνεται διαμπερὲς ὁμοῦ τοὺς μηροὺς ἑκατέρους ἑνὶ μεσαγκύλῳ, καιρίας μὲν οὐ γενομένης, ἰσχυρᾶς δὲ τῆς πληγῆς, ὥστε τὴν αἰχμὴν ἐπὶ θάτερα διῶσαι.

[9] τὸ μὲν οὖν πρῶτον ἐνσχεθεὶς ὥσπερ δεσμῷ, παντάπασιν ἀπόρως εἶχε. τὸ γὰρ ἔναμμα τῆς ἀγκύλης χαλεπὴν ἐποίει τοῦ ἀκοντίσματος ἀνελκομένου διὰ τῶν τραυμάτων [10] τὴν πάροδον· ὡς δ’ ὤκνουν οἱ παρόντες ἅψασθαι, καὶ τῆς μάχης ἀκμὴν ὀξεῖαν ἐχούσης ἐσφάδαζεν ὑπὸ θυμοῦ καὶ φιλοτιμίας πρὸς τὸν ἀγῶνα, τῇ †παραβάσει καὶ τῇ παραλλάξει τῶν σκελῶν διὰ μέσου κλάσας τὸ ἀκόντισμα, [11] χωρὶς ἐκέλευσεν ἑλκύσαι τῶν ἀγμάτων ἑκάτερον. οὕτω δ’ ἀπαλλαγεὶς καὶ σπασάμενος τὸ ξίφος, ἐχώρει διὰ τῶν προμάχων ἐπὶ τοὺς πολεμίους, ὥστε πολλὴν προθυμίαν καὶ ζῆλον ἀρετῆς παρασχεῖν τοῖς ‹συν›αγωνιζομένοις.

[12] νικήσας οὖν ὁ Ἀντίγονος ἀπεπειρᾶτο τῶν Μακεδόνων, ἐρωτῶν [13] διὰ τί μὴ κελεύσαντος αὐτοῦ τὸ ἱππικὸν ἐκίνησαν. τῶν δ’ ἀπολογουμένων, ὡς παρὰ γνώμην βιασθεῖεν εἰς χεῖρας ἐλθεῖν τοῖς πολεμίοις, μειρακίου Μεγαλοπολιτικοῦ προεμβαλόντος, γελάσας ὁ Ἀντίγονος ἐκεῖνο τοίνυν τὸ μειράκιον εἶπεν ἔργον ἡγεμόνος μεγάλου πεποίηκεν.

[7] [1] Ἐκ τούτου δόξαν ἔσχεν ὥσπερ εἰκὸς ὁ Φιλοποίμην. καὶ τοῦ μὲν Ἀντιγόνου σπουδάσαντος ὅπως στρατεύοιτο μετ’ αὐτοῦ, καὶ διδόντος ἡγεμονίαν καὶ χρήματα, παρῃτήσατο, μάλιστα τὴν ἑαυτοῦ φύσιν καταμαθὼν πρὸς [2] τὸ ἄρχεσθαι δυσκόλως καὶ χαλεπῶς ἔχουσαν· ἀργεῖν δὲ καὶ σχολάζειν οὐ βουλόμενος, ἀσκήσεως ἕνεκα καὶ μελέτης τῶν πολεμικῶν εἰς Κρήτην ἔπλευσεν ἐπὶ στρατείαν· [3] κἀκεῖ συχνὸν χρόνον ἐγγυμνασάμενος ἀνδράσι μαχίμοις καὶ ποικίλοις μεταχειρίσασθαι πόλεμον, ἔτι δὲ σώφροσι καὶ κεκολασμένοις περὶ δίαιταν, ἐπανῆλθεν οὕτω λαμπρὸς εἰς τοὺς Ἀχαιούς, ὥστ’ εὐθὺς ἵππαρχος ἀποδειχθῆναι.

[4] παραλαβὼν δὲ τοὺς ἱππεῖς φαύλοις μὲν ἱππαρίοις ἐκ τοῦ προστυχόντος ὅτε συμβαίνοι στρατεία προσχρωμένους, αὐτοὺς δὲ τὰς πολλὰς τῶν στρατειῶν ἀποδιδράσκοντας, ἑτέρους δὲ πέμποντας ἀνθ’ ἑαυτῶν, δεινὴν δ’ ἀπειρίαν μετ’ ἀτολμίας πάντων οὖσαν, περιορῶντας δὲ ταῦτα τοὺς ἄρχοντας ἀεὶ διά τε τὸ πλεῖστον ἐν τοῖς Ἀχαιοῖς τοὺς ἱππεῖς δύνασθαι καὶ μάλιστα κυρίους [5] εἶναι τιμῆς καὶ κολάσεως, οὐχ ὑπεῖξεν οὐδ’ ἀνῆκεν, ἀλλὰ καὶ τὰς πόλεις ἐπιών, καὶ κατ’ ἄνδρα τῶν νέων ἕκαστον ἐπὶ τὴν φιλοτιμίαν συνεξορμῶν, καὶ κολάζων τοὺς ἀνάγκης δεομένους, μελέταις τε καὶ πομπαῖς καὶ πρὸς ἀλλήλους ἁμίλλαις χρώμενος, ὅπου πλεῖστοι θεᾶσθαι μέλλοιεν, [6] ‹ἐν› ὀλίγῳ χρόνῳ πᾶσι ῥώμην τε θαυμαστὴν καὶ προθυμίαν παρέστησε, καὶ ὃ μέγιστον ἦν ἐν τοῖς τακτικοῖς, ἐλαφροὺς καὶ ὀξεῖς πρός τε τὰς κατ’ οὐλαμὸν ἐπιστροφὰς καὶ περισπασμοὺς καὶ τὰς καθ’ ἵππον ἐπιστροφὰς καὶ κλίσεις ἀπειργάσατο, καὶ συνείθισεν ὡς ἑνὶ σώματι κινουμένῳ καθ’ ὁρμὴν ἑκούσιον ἐοικέναι τὴν ὅλου τοῦ συστήματος [7] ἐν ταῖς μεταβολαῖς εὐχέρειαν. συστάσης δὲ τῆς περὶ τὸν Λάρισσον αὐτοῖς ποταμὸν ἰσχυρᾶς μάχης πρὸς Αἰτωλοὺς καὶ Ἠλείους, ὁ τῶν Ἠλείων ἵππαρχος Δαμόφαντος ὥρμησεν [8] ἐπὶ τὸν Φιλοποίμενα προεξελάσας. δεξάμενος δὲ τὴν ὁρμὴν ἐκεῖνος αὐτοῦ καὶ φθάσας τῷ δόρατι παίει καὶ [9] καταβάλλει τὸν Δαμόφαντον. εὐθὺς δὲ τούτου πεσόντος ἔφυγον οἱ πολέμιοι, καὶ λαμπρὸς ἦν ὁ Φιλοποίμην, ὡς οὔτε κατὰ χεῖρα τῶν νέων τινὸς οὔτε συνέσει τῶν πρεσβυτέρων ἀπολειπόμενος, ἀλλὰ καὶ μάχεσθαι καὶ στρατηγεῖν ἱκανώτατος.

[8] [1] Τὸ δὲ κοινὸν τῶν Ἀχαιῶν πρῶτος μὲν Ἄρατος εἰς ἀξίωμα καὶ δύναμιν ἦρεν, ἐκ ταπεινοῦ καὶ διερριμμένου κατὰ πόλεις συναγαγὼν καὶ

πολιτευσάμενος Ἑλληνικὴν [2] καὶ φιλάνθρωπον πολιτείαν· ἔπειθ’, ὥσπερ ἐν τοῖς ὕδασιν, ἀρξαμένων ὀλίγων ὑφίστασθαι καὶ μικρῶν σωμάτων, ἤδη τὰ ἐπιρρέοντα τοῖς πρώτοις ἐνισχόμενα καὶ περιπίπτοντα πῆξιν ἰσχυρὰν καὶ στερεότητα ποιεῖ δι’ [3] ἀλλήλων, οὕτω τῆς Ἑλλάδος ἀσθενοῦς καὶ εὐδιαλύτου φερομένης κατὰ πόλεις ἐν τῷ τότε χρόνῳ, πρῶτον συστάντες οἱ Ἀχαιοί, καὶ τῶν κύκλῳ πόλεων τὰς μὲν ἐκ τοῦ βοηθεῖν καὶ συνελευθεροῦν ἀπὸ τῶν τυράννων ὑπολαμβάνοντες, τὰς δ’ ὁμονοίᾳ καὶ πολιτείᾳ καταμειγνύντες εἰς ἑαυτούς, ἓν σῶμα καὶ μίαν δύναμιν κατασκευάσαι διενοοῦντο [4] τὴν Πελοπόννησον. ἀλλ’ Ἀράτου μὲν ζῶντος ἔτι τοῖς Μακεδόνων ὅπλοις ὑπεδύοντο τὰ πολλά, θεραπεύοντες Πτολεμαῖον, εἶτ’ αὖθις Ἀντίγονον καὶ Φίλιππον, ἐν μέσαις ἀναστρεφομένους ταῖς Ἑλληνικαῖς πράξεσιν· [5] ἐπεὶ δὲ Φιλοποίμην εἰς τὸ πρωτεύειν προῆλθεν, ἤδη καθ’ ἑαυτοὺς ἀξιόμαχοι τοῖς ἰσχύουσι πλεῖστον ὄντες, [6] ἐπαύσαντο χρώμενοι προστάταις ἐπεισάκτοις. Ἄρατος μὲν γὰρ ἀργότερος εἶναι δοκῶν πρὸς τοὺς πολεμικοὺς ἀγῶνας, ὁμιλίᾳ καὶ πρᾳότητι καὶ φιλίαις βασιλικαῖς τὰ πλεῖστα κατειργάσατο τῶν πραγμάτων, ὡς ἐν τοῖς περὶ [7] ἐκείνου γέγραπται· Φιλοποίμην δ’ ἀγαθὸς πολεμιστὴς ὢν καὶ διὰ τῶν ὅπλων ἐνεργός, ἔτι δ’ εὐτυχὴς καὶ κατορθωτικὸς εὐθὺς ἐν ταῖς πρώταις γενόμενος μάχαις, ἅμα τῇ δυνάμει τὸ φρόνημα τῶν Ἀχαιῶν ηὔξησε, νικᾶν ἐθισθέντων μετ’ αὐτοῦ καὶ κατευτυχεῖν ἐν τοῖς πλείστοις ἀγῶσι.

[9] [1] Πρῶτον μὲν οὖν τὰ περὶ τὰς τάξεις καὶ τοὺς ὁπλισμοὺς [2] φαύλως ἔχοντα τοῖς Ἀχαιοῖς ἐκίνησεν. ἐχρῶντο γὰρ θυρεοῖς μὲν εὐπετέσι διὰ λεπτότητα καὶ στενωτέροις τοῦ περιστέλλειν τὰ σώματα, δόρασι δὲ μικροτέροις [3] πολὺ τῶν σαρισῶν· καὶ διὰ τοῦτο πλῆκται καὶ μάχιμοι πόρρωθεν ἦσαν ὑπὸ κουφότητος, προσμείξαντες δὲ [4] τοῖς πολεμίοις ἔλαττον εἶχον· εἶδος δὲ τάξεως καὶ σχήματος εἰς σπεῖραν οὐκ ἦν σύνηθες, φάλαγγι δὲ χρώμενοι μήτε προβολὴν ἐχούσῃ μήτε συνασπισμόν, ὡς ἡ Μακεδόνων, [5] ῥᾳδίως ἐξεθλίβοντο καὶ διεσπῶντο. ταῦθ’ ὁ Φιλοποίμην διδάξας ἔπεισεν αὐτοὺς ἀντὶ μὲν θυρεοῦ καὶ δόρατος ἀσπίδα λαβεῖν καὶ σάρισαν, κράνεσι δὲ καὶ θώραξι καὶ περικνημῖσι πεφραγμένους μόνιμον καὶ βεβηκυῖαν [6] ἀντὶ δρομικῆς καὶ πελταστικῆς μάχην ἀσκεῖν. πείσας δὲ καθοπλίσασθαι τοὺς ἐν ἡλικίᾳ, πρῶτον μὲν ἐπῆρε θαρρεῖν ὡς ἀμάχους γεγονότας, ἔπειτα τὰς τρυφὰς [7] αὐτῶν καὶ τὰς πολυτελείας ἄριστα μετεκόσμησεν. ἀφελεῖν γὰρ οὐκ ἦν παντάπασιν ἐκ πολλοῦ νοσούντων τὸν κενὸν καὶ μάταιον ζῆλον, ἐσθῆτας ἀγαπώντων περιττάς, στρωμνάς τε βαπτομένων ἁλουργεῖς, καὶ περὶ δεῖπνα φιλοτιμουμένων [8] καὶ τραπέζας. ὁ δ’ ἀρξάμενος ἐκτρέπειν ἀπὸ τῶν οὐκ ἀναγκαίων ἐπὶ τὰ χρήσιμα καὶ καλὰ τὴν φιλοκοσμίαν, ταχὺ πάντας ἔπεισε καὶ

παρώρμησε τὰς καθ’ ἡμέραν περὶ σῶμα δαπάνας κολούσαντας, ἐν ταῖς στρατιωτικαῖς καὶ πολεμικαῖς παρασκευαῖς διαπρεπεῖς ὁρᾶσθαι [9] καὶ κεκοσμημένους. ἦν οὖν ἰδεῖν τὰ μὲν ἐργαστήρια μεστὰ κατακοπτομένων φιαλῶν καὶ Θηρικλείων, χρυσουμένων δὲ θωράκων καὶ καταργυρουμένων θυρεῶν καὶ χαλινῶν, τὰ δὲ στάδια πώλων δαμαζομένων καὶ νεανίσκων ὁπλομαχούντων, ἐν δὲ ταῖς χερσὶ τῶν γυναικῶν κράνη καὶ πτερὰ βαφαῖς κοσμούμενα καὶ χιτώνων [10] ἱππικῶν καὶ στρατιωτικῶν χλαμύδων διηνθισμένων. ἡ δ’ ὄψις αὕτη τὸ θάρσος αὔξουσα καὶ παρακαλοῦσα τὴν ὁρμὴν ‹ἐν›εποίει φιλοπαράβολον καὶ πρόθυμον ἐπὶ τοὺς κινδύνους.

[11] ἡ μὲν γὰρ ἐν τοῖς ἄλλοις θεάμασι πολυτέλεια τρυφὴν ἐπάγεται καὶ μαλακίαν ἐνδίδωσι τοῖς χρωμένοις, ὥσπερ ὑπὸ νυγμῶν καὶ γαργαλισμῶν τῆς αἰσθήσεως συνεπικλώσης [12] τὴν διάνοιαν· ἡ δ’ εἰς τὰ τοιαῦτα ῥώννυσι καὶ μεγαλύνει τὸν θυμόν, ὥσπερ Ὅμηρος (Il. 19, 12 sqq.) ἐποίησε τὸν Ἀχιλλέα τῶν καινῶν ὅπλων παρατεθέντων ἐγγὺς ὑπὸ τῆς ὄψεως οἷον ὀργῶντα καὶ φλεγόμενον πρὸς τὴν δι’ [13] αὐτῶν ἐνέργειαν. οὕτω δὲ κοσμήσας τοὺς νέους ἐγύμναζε καὶ διεπόνει ταῖς κινήσεσι, προθύμως ὑπακούοντας [14] καὶ φιλοτίμως. καὶ γὰρ ἡ τάξις θαυμαστῶς ἠγαπᾶτο, ἄθραυστόν τι λαμβάνειν πύκνωμα δοκοῦσα, καὶ τὰ ὅπλα τοῖς σώμασιν ἐγίνετο χειροήθη καὶ κοῦφα, μεθ’ ἡδονῆς διὰ λαμπρότητα καὶ κάλλος ἁπτομένων καὶ φορούντων, ἐναγωνίσασθαί τε βουλομένων καὶ διακριθῆναι τάχιστα πρὸς τοὺς πολεμίους.

[10] [1] Ἦν δὲ τότε τοῖς Ἀχαιοῖς ὁ πρὸς Μαχανίδαν πόλεμος τὸν Λακεδαιμονίων τύραννον, ἀπὸ πολλῆς καὶ μεγάλης [2] δυνάμεως ἐπιβουλεύοντα πᾶσι Πελοποννησίοις. ὡς οὖν εἰς τὴν Μαντινέων ἐμβεβληκὼς ἀπηγγέλθη, κατὰ τάχος ὁ Φιλοποίμην ἐξήγαγε τὴν στρατιὰν ἐπ’ αὐτόν.

[3] ἐγγὺς δὲ τῆς πόλεως παρετάξαντο πολλοῖς μὲν ξένοις ἑκάτεροι, πάσαις δ’ ὁμοῦ τι ταῖς πολιτικαῖς δυνάμεσι.

[4] γενομένου δὲ τοῦ ἀγῶνος ἐν χερσίν, ὁ Μαχανίδας τοῖς ξένοις τοὺς τῶν Ἀχαιῶν προτεταγμένους ἀκοντιστὰς καὶ Ταραντίνους τρεψάμενος, ἀντὶ τοῦ χωρεῖν εὐθὺς ἐπὶ τοὺς μαχομένους καὶ παραρρηγνύναι τὸ συνεστηκός, ἐξέπεσε διώκων καὶ παρήλλαξε τὴν φάλαγγα τῶν Ἀχαιῶν ἐν τάξει [5] μενόντων· ὁ δὲ Φιλοποίμην, τηλικούτου πταίσματος ἐν ἀρχῇ γενομένου, καὶ τῶν πραγμάτων ἀπολωλέναι κομιδῇ καὶ διεφθάρθαι δοκούντων, τοῦτο μὲν ὅμως προσεποιεῖτο [6] παρορᾶν καὶ μηδὲν ἡγεῖσθαι δεινόν, κατιδὼν δὲ τοὺς πολεμίους, ὅσον ἡμάρτανον ἐν τῇ διώξει, τῆς φάλαγγος ἀπορρηγνυμένους καὶ κενὴν χώραν διδόντας, οὐκ ἀπήντησεν οὐδ’ ἐνέστη φερομένοις αὐτοῖς ἐπὶ τοὺς φεύγοντας, ἀλλ’ ἐάσας παρελθεῖν καὶ διάσπασμα ποιῆσαι μέγα, πρὸς τοὺς ὁπλίτας εὐθὺς ἦγε τῶν Λακεδαιμονίων, ὁρῶν τὴν φάλαγγα γυμνὴν

ἀπολελειμμένην, καὶ κατὰ κέρας παραδραμὼν ἐνέβαλε, μήτ’ ἄρχοντος αὐτοῖς παρόντος, μήτε μάχεσθαι προσδεχομένοις· νικᾶν γὰρ ἡγοῦντο καὶ κρατεῖν [7] παντάπασι, διώκοντα τὸν Μαχανίδαν ὁρῶντες. ὠσάμενος δὲ τούτους φόνῳ πολλῷ (λέγονται γὰρ ὑπὲρ τοὺς τετρακισχιλίους ἀποθανεῖν), ὥρμησεν ἐπὶ τὸν Μαχανίδαν, [8] ἐκ τῆς διώξεως ἀναστρέφοντα μετὰ τῶν ξένων. τάφρου δὲ μεγάλης καὶ βαθείας ἐν μέσῳ διειργούσης, παρεξήλαυνον ἀλλήλοις ἑκατέρωθεν, ὁ μὲν διαβῆναι καὶ φυγεῖν, ὁ [9] δὲ τοῦτο κωλῦσαι βουλόμενος. ἦν δ’ ὄψις οὐχ ὡς στρατηγῶν μαχομένων, ἀλλ’ ὥσπερ θηρίῳ πρὸς ἀλκὴν ὑπ’ ἀνάγκης τρεπομένῳ δεινοῦ κυνηγέτου [τοῦ Φιλοποίμενος] [10] συνεστῶτος. ἔνθ’ ὁ μὲν ἵππος τοῦ τυράννου, ῥωμαλέος ὢν καὶ θυμοειδὴς καὶ τοῖς μύωψιν αἱμαχθεὶς ἑκατέρωθεν, ἐπετόλμησε τῇ διαβάσει, καὶ προσβαλὼν τῇ τάφρῳ τὸ στῆθος, ἐβιάζετο τοῖς προσθίοις πέραν ἐρείσασθαι σκέλεσιν.

[11] ἐν δὲ τούτῳ Σιμμίας καὶ Πολύαινος, οἵπερ ἀεὶ τῷ Φιλοποίμενι παρῆσαν μαχομένῳ καὶ συνήσπιζον, ὁμοῦ προσήλαυνον ἀμφότεροι, τὰς αἰχμὰς κλίναντες ἐναντίας.

[12] φθάνει δ’ αὐτοὺς ὁ Φιλοποίμην ἀπαντήσας τῷ Μαχανίδᾳ, καὶ τὸν ἵππον αὐτοῦ μετεωρίζοντα τὴν κεφαλὴν πρὸ τοῦ σώματος ὁρῶν, μικρὸν ἐνέκλινε τὸν ἴδιον, καὶ διαλαβὼν τὸ ξυστὸν ἐκ χειρὸς ὠθεῖ καὶ περιτρέπει τὸν [13] ἄνδρα συνεπερείσας. τοῦτ’ ἔχων τὸ σχῆμα χαλκοῦς ἐν Δελφοῖς ἕστηκεν ὑπὸ τῶν Ἀχαιῶν, θαυμασάντων μάλιστα καὶ τὴν πρᾶξιν αὐτοῦ καὶ τὴν στρατηγίαν ἐκείνην.

[11] [1] Λέγεται δὲ τῆς τῶν Νεμείων πανηγύρεως συνεστώσης στρατηγοῦντα τὸν Φιλοποίμενα τὸ δεύτερον καὶ νενικηκότα μὲν οὐ πάλαι τὴν ἐν Μαντινείᾳ μάχην, τότε δὲ σχολὴν ἄγοντα διὰ τὴν ἑορτήν, πρῶτον μὲν ἐπιδεῖξαι τοῖς Ἕλλησι κεκοσμημένην τὴν φάλαγγα καὶ κινουμένην ὥσπερ εἴθιστο τοὺς τακτικοὺς ῥυθμοὺς μετὰ τάχους καὶ [2] ῥώμης· ἔπειτα κιθαρῳδῶν ἀγωνιζομένων εἰς τὸ θέατρον παρελθεῖν ἔχοντα τοὺς νεανίσκους ἐν ταῖς στρατιωτικαῖς χλαμύσι καὶ τοῖς φοινικοῖς ὑποδύταις, ἀκμάζοντάς τε τοῖς σώμασιν ἅπαντας καὶ ταῖς ἡλικίαις παραλλήλους, αἰδῶ δὲ πολλὴν πρὸς τὸν ἄρχοντα καὶ φρόνημα νεανικὸν ὑποφαίνοντας ἐκ πολλῶν καὶ καλῶν ἀγώνων· [3] ἄρτι δ’ αὐτῶν εἰσεληλυθότων, κατὰ τύχην Πυλάδην τὸν κιθαρῳδὸν ᾄδοντα τοὺς Τιμοθέου Πέρσας ἐνάρξασθαι (fg. 6a Diehl)·

κλεινὸν ἐλευθερίας τεύχων μέγαν Ἑλλάδι κόσμον·

[4] ἅμα δὲ τῇ λαμπρότητι τῆς φωνῆς τοῦ περὶ τὴν ποίησιν ὄγκου συμπρέψαντος, ἐπίβλεψιν γενέσθαι τοῦ θεάτρου πανταχόθεν εἰς τὸν Φιλοποίμενα καὶ κρότον μετὰ χαρᾶς, τῶν Ἑλλήνων τὸ παλαιὸν ἀξίωμα ταῖς

ἐλπίσιν ἀναλαμβανόντων καὶ τοῦ τότε φρονήματος ἔγγιστα τῷ θαρρεῖν γινομένων.

[12] [1] Παρὰ δὲ τὰς μάχας καὶ τοὺς κινδύνους, ὥσπερ οἱ πῶλοι τοὺς συνήθεις ἐπιβάτας ποθοῦντες, ἐὰν ἄλλον φέρωσι, πτύρονται καὶ ξενοπαθοῦσιν, οὕτως ἡ δύναμις τῶν Ἀχαιῶν ἑτέρου στρατηγοῦντος ἠθύμει καὶ πρὸς ἐκεῖνον ἐπάπταινε, καὶ μόνον ὀφθέντος εὐθὺς ὀρθὴ καὶ δραστήριος ἦν διὰ τὸ θαρρεῖν, ἅτε δὴ καὶ τοὺς ἐναντίους αἰσθανόμενοι πρὸς ἕνα τοῦτον τῶν στρατηγῶν ἀντιβλέπειν οὐ δυναμένους, ἀλλὰ καὶ τὴν δόξαν αὐτοῦ καὶ τοὔνομα [2] δεδοικότας, ὡς ἦν φανερὸν ἐξ ὧν ἔπρασσον. Φίλιππος μὲν γὰρ ὁ τῶν Μακεδόνων βασιλεύς, οἰόμενος, ἂν ἐκποδὼν ὁ Φιλοποίμην γένηται, πάλιν ὑποπτήξειν αὐτῷ τοὺς Ἀχαιούς, ἔπεμψεν εἰς Ἄργος κρύφα τοὺς ἀναιρήσοντας αὐτόν· [ἐπι]γνωσθείσης δὲ τῆς ἐπιβουλῆς, παντάπασιν ἐξεμισήθη καὶ διεβλήθη πρὸς τοὺς Ἕλληνας.

[3] Βοιωτοὶ δὲ πολιορκοῦντες Μέγαρα, καὶ λήψεσθαι ταχέως ἐλπίζοντες, ἐξαίφνης λόγου προσπεσόντος αὐτοῖς, ὃς οὐκ ἦν ἀληθής, Φιλοποίμενα βοηθοῦντα τοῖς πολιορκουμένοις ἐγγὺς εἶναι, τὰς κλίμακας ἀφέντες ἤδη προσερηρεισμένας τοῖς τείχεσιν ᾤχοντο φεύγοντες.

[4] Νάβιδος δὲ τοῦ μετὰ Μαχανίδαν τυραννοῦντος Λακεδαιμονίων Μεσσήνην ἄφνω καταλαβόντος, ἐτύγχανε μὲν ἰδιώτης ὢν τόθ᾽ ὁ Φιλοποίμην καὶ δυνάμεως οὐδεμιᾶς [5] κύριος· ἐπεὶ δὲ τὸν στρατηγοῦντα τῶν Ἀχαιῶν Λύσιππον οὐκ ἔπειθε βοηθεῖν τοῖς Μεσσηνίοις, ἀπολωλέναι κομιδῇ φάσκοντα τὴν πόλιν ἔνδον γεγονότων τῶν πολεμίων, αὐτὸς ἐβοήθει τοὺς ἑαυτοῦ πολίτας ἀναλαβών, οὔτε νόμον οὔτε χειροτονίαν περιμείναντας, ἀλλ᾽ ὡς διὰ παντὸς ἄρχοντι [6] τῷ κρείττονι κατὰ φύσιν ἑπομένους. ἤδη δ᾽ αὐτοῦ πλησίον ὄντος, ἀκούσας ὁ Νάβις οὐχ ὑπέστη, καίπερ ἐν τῇ πόλει στρατοπεδεύων, ἀλλ᾽ ὑπεκδὺς διὰ πυλῶν ἑτέρων κατὰ τάχος ἀπήγαγε τὴν δύναμιν, εὐτυχίᾳ χρήσεσθαι δοκῶν εἰ διαφύγοι· καὶ διέφυγε, Μεσσήνη δ᾽ ἠλευθέρωτο.

[13] [1] Ταῦτα μὲν οὖν καλὰ τοῦ Φιλοποίμενος· ἡ δ᾽ εἰς Κρήτην αὖθις ἀποδημία, Γορτυνίων δεηθέντων ὡς χρήσαιντο πολεμούμενοι στρατηγῷ, διαβολὴν ἔσχεν, ὅτι τῆς πατρίδος αὐτοῦ πολεμουμένης ὑπὸ Νάβιδος ἀπῆν φυγομαχῶν [2] ἢ φιλοτιμούμενος ἀκαίρως πρὸς ἑτέρους. καίτοι συντόνως οὕτως ἐπολεμήθησαν Μεγαλοπολῖται κατὰ τὸν χρόνον ἐκεῖνον, ὥστε τοῖς μὲν τείχεσιν ἐνοικεῖν, σπείρειν δὲ τοὺς στενωπούς, περικεκομμένης τῆς χώρας καὶ τῶν πολεμίων σχεδὸν ἐν ταῖς πύλαις στρατοπεδευόντων· [3] ὁ δὲ Κρησὶ πολεμῶν τηνικαῦτα καὶ στρατηγῶν διαπόντιος, ἐγκλήματα παρεῖχε καθ᾽ ἑαυτοῦ τοῖς ἐχθροῖς [4] ὡς ἀποδιδράσκων τὸν οἴκοι πόλεμον. ἦσαν δέ

τινες οἱ λέγοντες, ἑτέρους τῶν Ἀχαιῶν ᾑρημένων ἄρχοντας, ἰδιώτην ὄντα τὸν Φιλοποίμενα χρῆσαι τὴν ἑαυτοῦ σχολὴν ἐφ’ [5] ἡγεμονίᾳ δεηθεῖσι τοῖς Γορτυνίοις. ἦν γὰρ ἀλλότριος σχολῆς, καθάπερ ἄλλο τι κτῆμα τὴν στρατηγικὴν καὶ πολεμικὴν ἀρετὴν ἔχειν διὰ παντὸς ἐν χρήσει καὶ τριβῇ βουλόμενος, ὡς καὶ τῷ περὶ Πτολεμαίου ποτὲ ῥηθέντι [6] τοῦ βασιλέως ἀπεδήλωσεν. ἐκεῖνον γὰρ ἐγκωμιαζόντων τινῶν, ὡς εὖ μὲν ἐξασκοῦντα τὸ στράτευμα καθ’ ἡμέραν, εὖ δὲ γυμνάζοντα καὶ φιλοπόνως διὰ τῶν ὅπλων τὸ σῶμα, καὶ τίς ἂν ἔφη βασιλέα θαυμάσειεν ἐν τούτῳ [7] τῆς ἡλικίας μὴ ἐπιδεικνύμενον, ἀλλὰ μελετῶντα; χαλεπῶς δ’ οὖν οἱ Μεγαλοπολῖται φέροντες ἐπὶ τούτῳ, καὶ προδεδόσθαι νομίζοντες, ἐπεχείρησαν ἀποξενοῦν αὐτόν· οἱ δ’ Ἀχαιοὶ διεκώλυσαν, Ἀρίσταινον πέμψαντες εἰς Μεγάλην πόλιν στρατηγόν, ὃς καίπερ ὢν διάφορος τῷ Φιλοποίμενι περὶ τὴν πολιτείαν, οὐκ εἴασε τελεσθῆναι [8] τὴν καταδίκην. ἐκ δὲ τούτου παρορώμενος ὑπὸ τῶν πολιτῶν ὁ Φιλοποίμην ἀπέστησε πολλὰς τῶν περιοικίδων κωμῶν, λέγειν διδάξας ὡς οὐ συνετέλουν οὐδ’ ἦσαν ἐξ ἀρχῆς ἐκείνων, καὶ λεγούσαις ταῦτα φανερῶς συνηγωνίσατο καὶ συγκατεστασίασε τὴν πόλιν ἐπὶ τῶν Ἀχαιῶν.

[9] ταῦτα μὲν οὖν ὕστερον. ἐν δὲ τῇ Κρήτῃ συνεπολέμει τοῖς Γορτυνίοις, οὐχ ὡς Πελοποννήσιος ἀνὴρ καὶ Ἀρκὰς ἁπλοῦν τινα καὶ γενναῖον πόλεμον, ἀλλὰ τὸ Κρητικὸν ἦθος ἐνδὺς καὶ τοῖς ἐκείνων σοφίσμασι καὶ δόλοις κλωπείαις τε καὶ λοχισμοῖς χρώμενος ἐπ’ αὐτούς, ταχὺ παῖδας ἀπέδειξεν, ἀνόητα καὶ κενὰ πρὸς ἐμπειρίαν ἀληθινὴν πανουργοῦντας.

[14] [1] Ἐπὶ τούτοις δὲ θαυμασθείς, καὶ λαμπρὸς ἀπὸ τῶν ἐκεῖ πράξεων ἀνακομισθεὶς εἰς Πελοπόννησον, εὗρε τὸν μὲν Φίλιππον ὑπὸ τοῦ Τίτου καταπεπολεμημένον, τὸν δὲ Νάβιν ὑπὸ τῶν Ἀχαιῶν καὶ τῶν Ῥωμαίων πολεμούμενον.

[2] ἐφ’ ὃν εὐθὺς αἱρεθεὶς ἄρχων καὶ ναυμαχίᾳ παραβαλόμενος, τὸ τοῦ Ἐπαμεινώνδου παθεῖν ἔδοξε, πολὺ τῆς περὶ αὐτὸν ἀρετῆς καὶ [τῆς] δόξης ἐν τῇ θαλάσσῃ [3] κάκιον ἀγωνισάμενος. πλὴν Ἐπαμεινώνδαν μὲν ἔνιοι λέγουσιν, ὀκνοῦντα γεῦσαι τῶν κατὰ θάλασσαν ὠφελειῶν τοὺς πολίτας, ὅπως αὐτῷ μὴ λάθωσιν ἀντὶ μονίμων ὁπλιτῶν, κατὰ Πλάτωνα (leg. 4, 706b), ναῦται γενόμενοι καὶ διαφθαρέντες, ἄπρακτον ἐκ τῆς Ἀσίας καὶ τῶν νήσων [4] ἀπελθεῖν ἑκουσίως· Φιλοποίμην δὲ τὴν ἐν τοῖς πεζοῖς ἐπιστήμην καὶ διὰ θαλάττης ἀρκέσειν αὐτῷ πρὸς τὸ καλῶς ἀγωνίσασθαι πεπεισμένος, ἔγνω τὴν ἄσκησιν ἡλίκον μέρος ἐστὶ τῆς ἀρετῆς, καὶ πόσην ἐπὶ πάντα τοῖς ἐθισθεῖσι [5] δύναμιν προστίθησιν. οὐ γὰρ μόνον ἐν τῇ ναυμαχίᾳ διὰ τὴν ἀπειρίαν ἔλαττον ἔσχεν, ἀλλὰ καὶ ναῦν τινα, παλαιὰν μέν, ἔνδοξον δέ, δι’ ἐτῶν τεσσαράκοντα κατασπάσας ἐπλήρωσεν, ὥστε μὴ στεγούσης κινδυνεῦσαι τοὺς πλέοντας.

[6] πρὸς ταῦτα γινώσκων καταφρονοῦντας αὐτοῦ τοὺς πολεμίους, ὡς παντάπασι πεφευγότος ἐκ τῆς θαλάττης, καὶ πολιορκοῦντας ὑπερηφάνως τὸ Γύθιον, εὐθὺς ἐπέπλευσεν αὐτοῖς, οὐ προσδοκῶσιν ἀλλ’ ἐκλελυμένοις διὰ τὴν [7] νίκην· καὶ νυκτὸς ἐκβιβάσας τοὺς στρατιώτας καὶ προσαγαγών, πῦρ ἐνῆκε ταῖς σκηναῖς καὶ τὸ στρατόπεδον [8] κατέκαυσε καὶ πολλοὺς διέφθειρεν. ὀλίγαις δ’ ὕστερον ἡμέραις καθ’ ὁδὸν ἐν δυσχωρίαις τισὶν ἄφνω τοῦ Νάβιδος ἐπιφανέντος αὐτῷ, καὶ φοβήσαντος τοὺς Ἀχαιούς, ἀνέλπιστον ἡγουμένους τὴν σωτηρίαν ἐκ τόπων χαλεπῶν καὶ γεγονότων ὑποχειρίων τοῖς πολεμίοις, ὀλίγον χρόνον ἐπιστὰς καὶ περιλαβὼν ὄψει τὴν τοῦ χωρίου φύσιν, ἐπέδειξε τὴν τακτικὴν τῶν ἄκρων τῆς πολεμικῆς [9] τέχνην οὖσαν. οὕτω μικρὰ κινήσας τὴν ἑαυτοῦ φάλαγγα καὶ πρὸς τὰ παρόντα μεθαρμόσας, ἀθορύβως καὶ ῥᾳδίως διεκρούσατο τὴν ἀπορίαν, καὶ προσβαλὼν τοῖς πολεμίοις [10] τροπὴν ἰσχυρὰν ἐποίησεν. ἐπεὶ δ’ οὐ πρὸς τὴν πόλιν ἑώρα φεύγοντας, ἀλλὰ τῆς χώρας ἄλλον ἄλλῃ διασπειρόμενον (ὑλώδης δὲ καὶ περίβουνος ἦν πᾶσα καὶ δύσιππος ὑπὸ ῥείθρων καὶ φαράγγων), τὴν μὲν δίωξιν ἐπέσχε καὶ [11] κατεστρατοπέδευσεν ἔτι φωτὸς ὄντος· τεκμαιρόμενος δὲ τοὺς πολεμίους ἐκ τῆς φυγῆς καθ’ ἕνα καὶ δύο πρὸς τὴν πόλιν ὑπάξειν σκοταίους, ἐλλοχίζει τοῖς περὶ τὸ ἄστυ ῥείθροις καὶ λόφοις πολλοὺς ἔχοντας ἐγχειρίδια τῶν Ἀχαιῶν.

[12] ἐνταῦθα πλείστους ἀποθανεῖν συνέβη τῶν τοῦ Νάβιδος· ἅτε γὰρ οὐκ ἀθρόαν ποιούμενοι τὴν ἀναχώρησιν, ἀλλ’ ὡς ἑκάστοις αἱ φυγαὶ συνετύγχανον, ὥσπερ ὄρνιθες ἡλίσκοντο περὶ τὴν πόλιν εἰς τὰς τῶν πολεμίων χεῖρας καταίροντες.

[15] [1] Ἐπὶ τούτοις ἀγαπώμενος καὶ τιμώμενος ἐκπρεπῶς ὑπὸ τῶν Ἑλλήνων ἐν τοῖς θεάτροις, φιλότιμον ὄντα [2] τὸν Τίτον ἡσυχῇ παρελύπει. καὶ γὰρ ὡς Ῥωμαίων ὕπατος ἀνδρὸς Ἀρκάδος ἠξίου θαυμάζεσθαι μᾶλλον ὑπὸ τῶν Ἀχαιῶν, καὶ ταῖς εὐεργεσίαις ὑπερβάλλειν οὐ παρὰ μικρὸν ἡγεῖτο, δι’ ἑνὸς κηρύγματος ἐλευθερώσας τὴν Ἑλλάδα ‹πᾶσαν›, ὅση Φιλίππῳ καὶ Μακεδόσιν ἐδούλευσεν. [3] ἐκ δὲ τούτου καταλύεται μὲν ὁ Τίτος τῷ Νάβιδι τὸν πόλεμον, ἀποθνῄσκει δ’ ὁ Νάβις ὑπ’ Αἰτωλῶν δολοφονηθείς.

[4] τεταραγμένης δὲ τῆς Σπάρτης, ὁ Φιλοποίμην ἁρπάσας τὸν καιρὸν ἐπιπίπτει μετὰ δυνάμεως, καὶ τῶν μὲν ἀκόντων, τοὺς δὲ συμπείσας, προσηγάγετο καὶ μετεκόσμησεν [5] εἰς τοὺς Ἀχαιοὺς τὴν πόλιν. οὗ γενομένου θαυμαστῶς μὲν εὐδοκίμησε παρὰ τοῖς Ἀχαιοῖς, προσκτησάμενος αὐτοῖς ἀξίωμα πόλεως τηλικαύτης καὶ δύναμιν (οὐ γὰρ ἦν μικρὸν Ἀχαΐας μέρος γενέσθαι τὴν Σπάρτην), ἀνέλαβε δὲ καὶ Λακεδαιμονίων τοὺς ἀρίστους, φύλακα τῆς ἐλευθερίας [6] ἐκεῖνον ἐλπίσαντας ἕξειν. διὸ καὶ τὴν Νάβιδος

οἰκίαν καὶ οὐσίαν ἐξαργυρισθεῖσαν καὶ γενομένην εἴκοσι καὶ ἑκατὸν ταλάντων ἐψηφίσαντο δωρεὰν αὐτῷ δοῦναι, [7] πρεσβείαν ὑπὲρ τούτων πέμψαντες. ἔνθα δὴ καὶ διεφάνη καθαρῶς ἐκεῖνος ὁ ἀνὴρ οὐ δοκῶν μόνον, ἀλλὰ καὶ [8] ὢν ἄριστος. πρῶτον μὲν γὰρ οὐδεὶς ἐβούλετο τῶν Σπαρτιατῶν ἀνδρὶ τοιούτῳ διαλέγεσθαι περὶ δωροδοκίας, ἀλλὰ δεδοικότες καὶ ἀναδυόμενοι, προεβάλοντο τὸν ξένον [9] αὐτοῦ Τιμόλαον. ἔπειτα δ’ αὐτὸς ὁ Τιμόλαος ὡς ἦλθεν εἰς Μεγάλην πόλιν, ἑστιαθεὶς παρὰ τῷ Φιλοποίμενι, καὶ τὴν σεμνότητα τῆς ὁμιλίας αὐτοῦ καὶ τὴν ἀφέλειαν τῆς διαίτης καὶ τὸ ἦθος ἐγγύθεν οὐδαμῇ προσιτὸν οὐδ’ εὐάλωτον ὑπὸ χρημάτων κατανοήσας, ἀπεσιώπησε περὶ τῆς δωρεᾶς, ἑτέραν δέ τινα πρόφασιν τῆς πρὸς αὐτὸν [10] ὁδοῦ ποιησάμενος, ᾤχετ’ ἀπιών. καὶ πάλιν ἐκ δευτέρου πεμφθείς, ταὐτὸν ἔπαθε· τρίτῃ δ’ ὁδῷ μόλις ἐντυχὼν [11] ἐδήλωσε τὴν προθυμίαν τῆς πόλεως. ὁ δὲ Φιλοποίμην ἡδέως ἀκούσας, ἧκεν αὐτὸς εἰς Λακεδαίμονα, καὶ συνεβούλευσεν αὐτοῖς μὴ τοὺς φίλους καὶ ἀγαθοὺς δεκάζειν, ὧν προῖκα τῆς ἀρετῆς ἔξεστιν ἀπολαύειν, ἀλλὰ τοὺς πονηροὺς καὶ τὴν πόλιν ἐν τῷ συνεδρίῳ καταστασιάζοντας ὠνεῖσθαι καὶ διαφθείρειν, ἵνα τῷ λαβεῖν ἐπιστομισθέντες [12] ἧττον ἐνοχλοῖεν αὐτοῖς. βέλτιον γὰρ εἶναι τῶν ἐχθρῶν παραιρεῖσθαι τὴν παρρησίαν ἢ τῶν φίλων. οὕτως μὲν ἦν πρὸς χρήματα λαμπρός.

[16] [1] Ἐπεὶ δὲ πάλιν τοὺς Λακεδαιμονίους νεωτερίζειν ἀκούσας ὁ στρατηγὸς τῶν Ἀχαιῶν Διοφάνης ἐβούλετο κολάζειν, οἱ δ’ εἰς πόλεμον καθιστάμενοι διετάρασσον [2] τὴν Πελοπόννησον, ἐπειρᾶτο πραΰνειν καὶ καταπαύειν τὸν Διοφάνη τῆς ὀργῆς ὁ Φιλοποίμην, διδάσκων τὸν καιρόν, ὡς Ἀντιόχου τοῦ βασιλέως καὶ Ῥωμαίων ἐν τῇ Ἑλλάδι τηλικούτοις αἰωρουμένων στρατοπέδοις, ἐκεῖσε χρὴ τὸν ἄρχοντα τὴν γνώμην ἔχειν, τὰ δ’ οἰκεῖα μὴ κινεῖν, ἀλλὰ καὶ παριδεῖν τι καὶ παρακοῦσαι τῶν ἁμαρτανομένων.

[3] οὐ προσέχοντος δὲ τοῦ Διοφάνους, ἀλλ’ εἰς τὴν Λακωνικὴν ἐμβαλόντος ἅμα τῷ Τίτῳ, καὶ βαδιζόντων εὐθὺς ἐπὶ τὴν πόλιν, ἀγανακτήσας ὁ Φιλοποίμην ἔργον οὐ νόμιμον οὐδ’ ἀπηκριβωμένον ἐκ τῶν δικαίων, ἀλλὰ μέγα καὶ μεγάλου φρονήματος τολμήσας, εἰς τὴν Λακεδαίμονα παρῆλθε, καὶ τόν τε στρατηγὸν τῶν Ἀχαιῶν καὶ τὸν ὕπατον τῶν Ῥωμαίων ἰδιώτης ὢν ἀπέκλεισε, τὰς δ’ ἐν τῇ πόλει ταραχὰς ἔπαυσε καὶ κατέστησε τοὺς Λακεδαιμονίους [4] πάλιν εἰς τὸ κοινόν, ὥσπερ ἐξ ἀρχῆς ἦσαν. χρόνῳ δ’ ὕστερον ἐγκαλέσας τι τοῖς Λακεδαιμονίοις στρατηγῶν ὁ Φιλοποίμην, τὰς μὲν φυγὰς κατήγαγεν εἰς τὴν πόλιν, ὀγδοήκοντα δὲ Σπαρτιάτας ἀπέκτεινεν, ὡς Πολύβιός φησιν (cf. 21, 32c 3), ὡς δ’ Ἀριστοκράτης (FGrH 591 F [5] 4), πεντήκοντα καὶ τριακοσίους. τὰ δὲ τείχη καθεῖλε, χώραν δὲ πολλὴν ἀποτεμόμενος προσένειμε τοῖς Μεγαλοπολίταις, ὅσοι δ’ ἦσαν ὑπὸ τῶν

τυράννων ἀποδεδειγμένοι πολῖται τῆς Σπάρτης, μετῴκιζεν ἅπαντας ἀπάγων [6] εἰς Ἀχαΐαν πλὴν τρισχιλίων· τούτους δ' ἀπειθοῦντας καὶ μὴ βουλομένους ἀπελθεῖν ἐκ τῆς Λακεδαίμονος ἐπώλησεν, εἶθ' οἷον ἐφυβρίζων ἀπὸ τῶν χρημάτων τούτων ἐν Μεγάλῃ [7] πόλει στοὰν ᾠκοδόμησεν. ἐμπιπλάμενος δὲ τῶν Λακεδαιμονίων καὶ παρ' ἀξίαν πεπραχόσιν ἐπεμβαίνων, τὸ περὶ τὴν πολιτείαν ἔργον ὠμότατον ἐξειργάσατο καὶ [8] παρανομώτατον. ἀνεῖλε γὰρ καὶ διέφθειρε τὴν Λυκούργειον ἀγωγήν, ἀναγκάσας καὶ τοὺς παῖδας αὐτῶν καὶ τοὺς ἐφήβους τὴν Ἀχαϊκὴν ἀντὶ τῆς πατρίου παιδείαν μεταβαλεῖν, ὡς οὐδέποτε μικρὸν ἐν τοῖς τοῦ Λυκούργου νόμοις [9] φρονήσοντας. τότε μὲν οὖν ὑπὸ συμφορῶν μεγάλων ὥσπερ νεῦρα τῆς πόλεως ἐκτεμεῖν τῷ Φιλοποίμενι παρασχόντες, ἐγένοντο χειροήθεις καὶ ταπεινοί, χρόνῳ δ' ὕστερον αἰτησάμενοι παρὰ Ῥωμαίων τὴν μὲν Ἀχαϊκὴν ἔφυγον πολιτείαν, ἀνέλαβον δὲ καὶ κατεστήσαντο τὴν πάτριον, ὡς ἦν ἀνυστὸν ἐκ κακῶν καὶ φθορᾶς τηλικαύτης.

[17] [1] Ἐπεὶ δὲ Ῥωμαίοις ὁ πρὸς Ἀντίοχον ἐν τῇ Ἑλλάδι συνέστη πόλεμος, ἦν μὲν ἰδιώτης ὁ Φιλοποίμην, ὁρῶν δὲ τὸν Ἀντίοχον αὐτὸν ἐν Χαλκίδι καθήμενον, περὶ γάμους καὶ παρθένων ἔρωτας οὐ καθ' ὥραν σχολάζοντα, τοὺς δὲ Σύρους ἐν ἀταξίᾳ πολλῇ καὶ χωρὶς ἡγεμόνων ἐν ταῖς πόλεσι πλαζομένους καὶ τρυφῶντας, ἤχθετο μὴ στρατηγῶν τότε τῶν Ἀχαιῶν, καὶ Ῥωμαίοις ἔλεγε φθονεῖν τῆς νίκης. ἐγὼ γὰρ ἂν ἔφη στρατηγῶν ἐν τοῖς καπηλείοις [2] κατέκοψα τούτους πάντας. ἐπεὶ δὲ νικήσαντες οἱ Ῥωμαῖοι τὸν Ἀντίοχον ἐνεφύοντο τοῖς Ἑλληνικοῖς μᾶλλον ἤδη, καὶ περιεβάλλοντο τῇ δυνάμει τοὺς Ἀχαιούς, ὑποκατακλινομένων αὐτοῖς τῶν δημαγωγῶν, ἡ δ' ἰσχὺς ἐπὶ πάντα πολλὴ μετὰ τοῦ δαίμονος ἐχώρει, καὶ τὸ τέλος ἐγγὺς ἦν εἰς ὃ τὴν τύχην ἔδει περιφερομένην ἐξικέσθαι, [3] καθάπερ ἀγαθὸς κυβερνήτης πρὸς κῦμα διερειδόμενος ὁ Φιλοποίμην, τὰ μὲν ἐνδιδόναι καὶ παρείκειν ἠναγκάζετο τοῖς καιροῖς, περὶ δὲ τῶν πλείστων διαφερόμενος, τοὺς τῷ λέγειν καὶ πράττειν ἰσχύοντας ἀντισπᾶν ἐπειρᾶτο [4] πρὸς τὴν ἐλευθερίαν. Ἀρισταίνου δὲ τοῦ Μεγαλοπολίτου δυναμένου μὲν ἐν τοῖς Ἀχαιοῖς μέγιστον, τοὺς δὲ Ῥωμαίους ἀεὶ θεραπεύοντος, καὶ τοὺς Ἀχαιοὺς μὴ οἰομένου [5] δεῖν ἐναντιοῦσθαι μηδ' ἀχαριστεῖν ἐκείνοις, ἐν τῷ συνεδρίῳ λέγεται τὸν Φιλοποίμενα σιωπᾶν ἀκούοντα καὶ βαρέως φέρειν, τέλος δ' ὑπ' ὀργῆς δυσανασχετοῦντα πρὸς τὸν Ἀρίσταινον εἰπεῖν· ὦ ἄνθρωπε, τί σπεύδεις [6] τὴν πεπρωμένην τῆς Ἑλλάδος ἐπιδεῖν; Μανίου δὲ τοῦ Ῥωμαίων ὑπάτου νενικηκότος μὲν Ἀντίοχον, αἰτουμένου δὲ παρὰ τῶν Ἀχαιῶν, ὅπως ἐάσωσι τοὺς Λακεδαιμονίων φυγάδας κατελθεῖν, καὶ Τίτου ταὐτὸ τῷ Μανίῳ περὶ τῶν φυγάδων ἀξιοῦντος, διεκώλυσεν ὁ Φιλοποίμην, οὐ τοῖς φυγάσι πολεμῶν,

ἀλλὰ βουλόμενος δι᾽ αὐτοῦ καὶ τῶν Ἀχαιῶν, ἀλλὰ μὴ Τίτου μηδὲ Ῥωμαίων χάριτι τοῦτο [7] πραχθῆναι. καὶ στρατηγῶν εἰς τοὐπιὸν αὐτὸς κατήγαγε τοὺς φυγάδας. οὕτως εἶχέ τι πρὸς τὰς ἐξουσίας ὑπὸ φρονήματος δύσερι καὶ φιλόνικον.

[18] [1] Ἤδη δὲ γεγονὼς ἔτος ἑβδομηκοστόν, ὄγδοον δὲ τῶν Ἀχαιῶν στρατηγῶν, ἤλπιζεν οὐ μόνον ἐκείνην τὴν ἀρχὴν ἀπολέμως διάξειν, ἀλλὰ καὶ τοῦ βίου τὸ λοιπὸν αὐτῷ μεθ᾽ ἡσυχίας καταβιῶναι τὰ πράγματα παρέξειν.

[2] ὡς γὰρ αἱ νόσοι ταῖς τῶν σωμάτων ῥώμαις συναπομαραίνεσθαι δοκοῦσιν, οὕτως ἐν ταῖς Ἑλληνικαῖς πόλεσιν [3] ἐπιλειπούσης τῆς δυνάμεως ἔληγε τὸ φιλόνικον. οὐ μὴν ἀλλὰ Νέμεσίς τις ὥσπερ ἀθλητὴν εὐδρομοῦντα πρὸς τέρματι [4] τοῦ βίου κατέβαλε. λέγεται γὰρ ἔν τινι συλλόγῳ τῶν παρόντων ἐπαινούντων ἄνδρα δεινὸν εἶναι δοκοῦντα περὶ στρατηγίαν εἰπεῖν τὸν Φιλοποίμενα· καὶ πῶς ἄξιον ἐκείνου λόγον ἔχειν τοῦ ἀνδρός, ὅστις ἥλω ζῶν ὑπὸ τῶν [5] πολεμίων; μεθ᾽ ἡμέρας δ᾽ ὀλίγας Δεινοκράτης ὁ Μεσσήνιος, ἄνθρωπος ἰδίᾳ τε τῷ Φιλοποίμενι προσκεκρουκώς, καὶ τοῖς ἄλλοις ἐπαχθὴς διὰ πονηρίαν καὶ ἀκολασίαν, τήν τε Μεσσήνην ἀπέστησε τῶν Ἀχαιῶν, καὶ κώμην τὴν καλουμένην Κολωνίδα προσηγγέλθη μέλλων καταλαμβάνειν.

[6] ὁ δὲ Φιλοποίμην ἔτυχε μὲν ἐν Ἄργει πυρέσσων, πυθόμενος δὲ ταῦτα συνέτεινεν εἰς Μεγάλην πόλιν ἡμέρᾳ μιᾷ σταδίους πλείονας ἢ τετρακοσίους ‹κατηνυκώς›, [7] κἀκεῖθεν εὐθὺς ἐβοήθει τοὺς ἱππεῖς ἀναλαβών, οἵπερ ἦσαν ἐνδοξότατοι μὲν τῶν πολιτῶν, νέοι δὲ κομιδῇ, δι᾽ εὔνοιαν τοῦ Φιλοποίμενος καὶ ζῆλον ἐθελονταὶ συστρατεύοντες.

[8] ἱππασάμενοι δὲ πρὸς τὴν Μεσσήνην, καὶ περὶ τὸν Εὐάνδρου λόφον ἀπαντῶντι τῷ Δεινοκράτει συμπεσόντες, [9] ἐκεῖνον μὲν ἐτρέψαντο, τῶν δὲ πεντακοσίων, οἳ τὴν χώραν τῶν Μεσσηνίων παρεφύλαττον, ἐξαίφνης ἐπιφερομένων, καὶ τῶν πρότερον ἡττημένων ὡς τούτους κατεῖδον αὖθις ἀνὰ τοὺς λόφους ἀθροιζομένων, δείσας ὁ Φιλοποίμην κυκλωθῆναι καὶ τῶν ἱππέων φειδόμενος, ἀνεχώρει διὰ τόπων χαλεπῶν, αὐτὸς οὐραγῶν καὶ πολλάκις ἀντεξελαύνων τοῖς πολεμίοις καὶ ὅλως ἐπισπώμενος ἐφ᾽ ἑαυτόν, οὐ τολμώντων ἀντεμβαλεῖν ἐκείνων, ἀλλὰ κραυγαῖς [10] καὶ περιδρομαῖς χρωμένων ἄπωθεν. ἐφιστάμενος οὖν πολλάκις διὰ τοὺς νεανίσκους, καὶ καθ᾽ ἕνα παραπέμπων, [11] ἔλαθεν ἐν πολλοῖς ἀπομονωθεὶς πολεμίοις. καὶ συνάψαι μὲν εἰς χεῖρας οὐδεὶς ἐτόλμησεν αὐτῷ, πόρρωθεν δὲ βαλλόμενος, καὶ βιαζόμενος πρὸς χωρία πετρώδη καὶ παράκρημνα, χαλεπῶς μετεχειρίζετο καὶ κατέξαινε [12] τὸν ἵππον. αὐτῷ δὲ τὸ μὲν γῆρας ὑπ᾽ ἀσκήσεως πολλῆς ἐλαφρὸν ἦν καὶ παρ᾽ οὐδὲν ἐμπόδιον εἰς τὸ σωθῆναι, τότε δὲ καὶ διὰ τὴν ἀσθένειαν τοῦ σώματος ἐνδεοῦς γεγονότος, καὶ διὰ τὴν ὁδοιπορίαν

κατακόπου, βαρὺν ὄντα καὶ δυσκίνητον ἤδη σφαλεὶς ὁ ἵππος εἰς τὴν γῆν κατέβαλε.

[13] σκληροῦ δὲ τοῦ πτώματος γενομένου, καί ‹τι καὶ› τῆς κεφαλῆς παθούσης, ἔκειτο πολὺν χρόνον ἄναυδος, ὥστε καὶ τοὺς πολεμίους τεθνάναι δόξαντας αὐτόν, ἐπιχειρεῖν στρέφειν [14] τὸ σῶμα καὶ σκυλεύειν. ἐπεὶ δὲ τὴν κεφαλὴν ἐπάρας διέβλεψεν, ἀθρόοι περιπεσόντες ἀπέστρεφον αὐτοῦ τὰς χεῖρας ὀπίσω καὶ δήσαντες ἦγον, ὕβρει χρώμενοι πολλῇ καὶ λοιδορίᾳ κατ' ἀνδρὸς οὐδ' ὄναρ ἄν ποτε παθεῖν ὑπὸ Δεινοκράτους ταῦτα προσδοκήσαντος.

[19] [1] Οἱ δ' ἐν τῇ πόλει τῇ μὲν ἀγγελίᾳ θαυμαστῶς ἐπαρθέντες, ἠθροίζοντο περὶ τὰς πύλας· ὡς δ' εἶδον ἑλκόμενον τὸν Φιλοποίμενα παρ' ἀξίαν τῆς τε δόξης καὶ τῶν ἔμπροσθεν ἔργων καὶ τροπαίων, ἠλέησαν οἱ πλεῖστοι καὶ συνήλγησαν, ὥστε καὶ δακρῦσαι καὶ τὴν ἀνθρωπίνην ἐκφλαυρίσαι δύναμιν ὡς ἄπιστον καὶ τὸ μηδὲν οὖσαν. [2] οὕτω δὲ κατὰ μικρὸν εἰς ‹τοὺς› πολλοὺς φιλάνθρωπος ἐχώρει λόγος, ὡς μνημονευτέον εἴη τῶν πρόσθεν εὐεργεσιῶν καὶ τῆς ἐλευθερίας, ἣν ἀπέδωκεν αὐτοῖς Νάβιν [3] ἐξελάσας τὸν τύραννον. ὀλίγοι δ' ἦσαν οἳ τῷ Δεινοκράτει χαριζόμενοι στρεβλοῦν τὸν ἄνδρα καὶ κτείνειν ἐκέλευον ὡς βαρὺν πολέμιον καὶ δυσμείλικτον, αὐτῷ τε Δεινοκράτει φοβερώτερον, εἰ διαφύγοι καθυβρισμένος ὑπ' αὐτοῦ [4] καὶ γεγονὼς αἰχμάλωτος. οὐ μὴν ἀλλὰ κομίσαντες αὐτὸν εἰς τὸν καλούμενον Θησαυρόν, οἴκημα κατάγειον οὔτε πνεῦμα λαμβάνον οὔτε φῶς ἔξωθεν οὔτε θύρας ἔχον, ἀλλὰ μεγάλῳ λίθῳ προσαγομένῳ κατακλειόμενον, ἐνταῦθα κατέθεντο, καὶ τὸν λίθον ἐπιρράξαντες ἄνδρας ἐνόπλους κύκλῳ περιέστησαν.

[5] Οἱ δ' ἱππεῖς τῶν Ἀχαιῶν ἐκ τῆς φυγῆς ἀναλαβόντες αὑτούς, ὡς οὐδαμοῦ φανερὸς ἦν ὁ Φιλοποίμην, ἀλλ' ἐδόκει τεθνάναι, πολὺν μὲν χρόνον ἐπέστησαν, ἀνακαλούμενοι τὸν ἄνδρα καὶ διαδιδόντες ἀλλήλοις λόγον, ὡς αἰσχρὰν σωτηρίαν καὶ ἄδικον σῴζονται, προέμενοι τοῖς πολεμίοις τὸν [6] στρατηγόν, ἀφειδήσαντα τοῦ ζῆν δι' αὐτούς· ἔπειτα προϊόντες ἅμα καὶ πολυπραγμονοῦντες, ἐπύθοντο τὴν σύλληψιν αὐτοῦ καὶ διήγγελλον εἰς τὰς πόλεις τῶν [7] Ἀχαιῶν. οἱ δὲ συμφορὰν ποιούμενοι μεγάλην, ἀπαιτεῖν μὲν ἔγνωσαν τὸν ἄνδρα παρὰ τῶν Μεσσηνίων πρεσβείαν πέμψαντες, αὐτοὶ δὲ παρεσκευάζοντο στρατεύειν.

[20] [1] Οὗτοι μὲν οὖν ταῦτ' ἔπραττον. ὁ δὲ Δεινοκράτης μάλιστα τὸν χρόνον ὡς σωτήριον τῷ Φιλοποίμενι δεδοικώς, καὶ φθάσαι τὰ παρὰ τῶν Ἀχαιῶν βουλόμενος, ἐπεὶ νὺξ ἐπῆλθε καὶ τὸ πλῆθος ἀπεχώρησε τῶν Μεσσηνίων, ἀνοίξας τὸ δεσμωτήριον εἰσέπεμψε δημόσιον οἰκέτην φάρμακον κομίζοντα, προσενεγκεῖν καὶ παραστῆναι μέχρι [2] ἂν ἐκπίῃ κελεύσας. ἔτυχε μὲν οὖν ἐν τῷ χλαμυδίῳ κατακείμενος, οὐ καθεύδων, ἀλλὰ λύπῃ καὶ θορύβῳ

συνεχόμενος· ἰδὼν δὲ φῶς καὶ παρεστῶτα πλησίον τὸν ἄνθρωπον ἔχοντα τὴν κύλικα τοῦ φαρμάκου, συναγαγὼν μόλις ἑαυτὸν ὑπ' ἀσθενείας ἀνεκάθιζε, καὶ δεξάμενος ἠρώτησεν, εἴ τι περὶ τῶν ἱππέων καὶ μάλιστα Λυκόρτα πεπυσμένος [3] ἐστίν. εἰπόντος δὲ τἀνθρώπου διαπεφευγέναι τοὺς πολλούς, ἐπένευσε τῇ κεφαλῇ, καὶ διαβλέψας πρᾴως πρὸς τὸν ἄνθρωπον, εὖ ἔχει εἶπεν εἰ μὴ πάντα κακῶς [4] πεπράχαμεν. ἄλλο δὲ μηδὲν εἰπὼν μηδὲ φθεγξάμενος ἐξέπιε, καὶ πάλιν ἑαυτὸν ἀπέκλινεν, οὐ πολλὰ πράγματα τῷ φαρμάκῳ παρασχών, ἀλλ' ἀποσβεσθεὶς ταχὺ διὰ τὴν ἀσθένειαν.

[21] [1] Ὡς οὖν ὁ περὶ τῆς τελευτῆς λόγος ἧκεν εἰς τοὺς Ἀχαιούς, τὰς μὲν πόλεις αὐτῶν κοινὴ κατήφεια καὶ πένθος εἶχεν, οἱ δ' ἐν ἡλικίᾳ μετὰ τῶν προβούλων συνελθόντες εἰς Μεγάλην πόλιν, οὐδ' ἡντινοῦν ἀναβολὴν ἐποιήσαντο τῆς τιμωρίας, ἀλλ' ἑλόμενοι στρατηγὸν Λυκόρταν εἰς τὴν Μεσσηνίαν ἐνέβαλον καὶ κακῶς ἐποίουν τὴν χώραν, ἄχρι οὗ συμφρονήσαντες ἐδέξαντο τοὺς Ἀχαιούς.

[2] καὶ Δεινοκράτης μὲν αὐτὸς αὑτὸν φθάσας διεχρήσατο, τῶν δ' ἄλλων, ὅσοις μὲν ἀνελεῖν ἔδοξε Φιλοποίμενα, δι' αὑτῶν ἀπέθνῃσκον, ὅσοις δὲ καὶ βασανίσαι, τούτους ἐπ' αἰκίαις ἀπολουμένους συνελάμβανεν ὁ Λυκόρτας.

[3] Τὸ δὲ σῶμα καύσαντες αὐτοῦ καὶ τὰ λείψανα συνθέντες εἰς ὑδρίαν ἀνεζεύγνυσαν, οὐκ ἀτάκτως οὐδ' ὡς ἔτυχεν, ἀλλ' ἐπινίκιόν τινα πομπὴν ἅμα ταῖς ταφαῖς μείξαντες.

[4] ἦν μὲν γὰρ ἐστεφανωμένους ἰδεῖν, ἦν δὲ τοὺς αὐτοὺς καὶ δακρύοντας, ἦν δὲ τοὺς ἐχθροὺς δεσμίους ἀγομένους.

[5] αὐτὴν δὲ τὴν ὑδρίαν ὑπὸ πλήθους ταινιῶν τε καὶ στεφάνων μόλις ὁρωμένην ἐκόμιζεν ὁ τοῦ στρατηγοῦ τῶν Ἀχαιῶν παῖς Πολύβιος καὶ περὶ αὐτὸν οἱ πρῶτοι τῶν [6] Ἀχαιῶν. οἱ δὲ στρατιῶται ‹καθ›ωπλισμένοι μὲν αὐτοί, τοῖς δ' ἵπποις κεκοσμημένοις ἐπηκολούθουν, οὔθ' οἷον ἐπὶ πένθει τοσούτῳ κατηφεῖς, οὔτε τῇ νίκῃ γαυριῶντες.

[7] ἐκ δὲ τῶν διὰ μέσου πόλεων καὶ κωμῶν ἀπαντῶντες, ὥσπερ αὐτὸν ἀπὸ στρατείας ἐπανιόντα δεξιούμενοι, τῆς ὑδρίας ἐφήπτοντο καὶ συμπροῆγον εἰς Μεγάλην πόλιν.

[8] ὡς οὖν συνανεμείχθησαν αὐτοῖς οἱ πρεσβύτεροι μετὰ γυναικῶν καὶ παίδων, ὀλοφυρμὸς ἤδη διὰ παντὸς ἐχώρει τοῦ στρατεύματος εἰς τὴν πόλιν, ἐπιποθοῦσαν τὸν ἄνδρα καὶ βαρέως φέρουσαν, οἰομένην συναποβεβληκέναι τὸ [9] πρωτεύειν ἐν τοῖς Ἀχαιοῖς. ἐτάφη μὲν οὖν ὡς εἰκὸς ἐνδόξως, καὶ περὶ τὸ μνημεῖον οἱ τῶν Μεσσηνίων αἰχμάλωτοι κατελεύσθησαν.

[10] Οὐσῶν δὲ πολλῶν μὲν εἰκόνων αὐτοῦ, μεγάλων δὲ τιμῶν ἃς αἱ πόλεις ἐψηφίσαντο, Ῥωμαῖος ἀνὴρ ἐν τοῖς περὶ Κόρινθον ἀτυχήμασι τῆς Ἑλλάδος

ἐπεχείρησεν ἀνελεῖν ἁπάσας καὶ διώκειν αὐτόν, ἐνδεικνύμενος ὥσπερ ἔτι [11] ζῶντα Ῥωμαίοις πολέμιον καὶ κακόνουν γενέσθαι. λόγων δὲ λεχθέντων, καὶ Πολυβίου πρὸς τὸν συκοφάντην ἀντειπόντος, οὔθ’ ὁ Μόμμιος οὔθ’ οἱ πρέσβεις ὑπέμειναν ἀνδρὸς ἐνδόξου τιμὰς ἀφανίσαι, καίπερ οὐκ ὀλίγα τοῖς [12] περὶ Τίτον καὶ Μάνιον ἐναντιωθέντος, ἀλλὰ τῆς χρείας τὴν ἀρετὴν ἐκεῖνοι καὶ τὸ καλὸν ὡς ἔοικε τοῦ λυσιτελοῦς διώριζον, ὀρθῶς καὶ προσηκόντως τοῖς μὲν ὠφελοῦσι μισθὸν καὶ χάριν παρὰ τῶν εὖ παθόντων, τοῖς δ’ ἀγαθοῖς τιμὴν ὀφείλεσθαι παρὰ τῶν ἀγαθῶν ἀεὶ νομίζοντες. ταῦτα περὶ Φιλοποίμενος.

Titus Flamininus

[1] [1] Ὃν δὲ παραβάλλομεν αὐτῷ, Τίτος Κοΐντιος Φλαμινῖνος, ἰδέαν μὲν ὁποῖος ἦν πάρεστι θεάσασθαι τοῖς βουλομένοις ἀπὸ τῆς ἐν Ῥώμῃ χαλκῆς εἰκόνος, ἣ κεῖται παρὰ τὸν μέγαν Ἀπόλλωνα τὸν ἐκ Καρχηδόνος ἀντικρὺ τοῦ ἱπποδρόμου, γράμμασιν Ἑλληνικοῖς ἐπιγεγραμμένη· [2] τὸ δ' ἦθος ὀξὺς λέγεται γενέσθαι καὶ πρὸς ὀργὴν καὶ πρὸς χάριν, οὐ μὴν ὁμοίως, ἀλλ' ἐλαφρὸς μὲν ἐν τῷ κολάζειν καὶ οὐκ ἐπίμονος, πρὸς δὲ τὰς χάριτας τελεσιουργός, καὶ τοῖς εὐεργετηθεῖσι διὰ παντὸς ὥσπερ εὐεργέταις εὔνους, καὶ πρόθυμος ὡς κάλλιστα τῶν κτημάτων τοὺς [3] εὖ πεπονθότας ὑπ' αὐτοῦ περιέπειν ἀεὶ καὶ σῴζειν. φιλοτιμότατος δὲ καὶ φιλοδοξότατος ὤν, ἐβούλετο τῶν ἀρίστων καὶ μεγίστων πράξεων αὐτουργὸς εἶναι, καὶ τοῖς δεομένοις εὖ παθεῖν μᾶλλον ἢ τοῖς εὖ ποιῆσαι δυναμένοις ἔχαιρε, τοὺς μὲν ὥσπερ ὕλην τῆς ἀρετῆς, τοὺς δ' [ὥσπερ] ἀντιπάλους πρὸς δόξαν ἡγούμενος.

[4] Παιδευθεὶς δὲ παιδείαν τὴν διὰ τῶν ἐθῶν τῶν στρατιωτικῶν, πολλοὺς τότε καὶ μεγάλους τῆς Ῥώμης ἀγωνιζομένης ἀγῶνας, καὶ τῶν νέων εὐθὺς ἐξ ἀρχῆς ἐν τῷ στρατεύεσθαι στρατηγεῖν διδασκομένων, πρῶτον μὲν ἐν τῷ πρὸς Ἀννίβαν πολέμῳ χιλίαρχος ὑπατεύοντι Μαρκέλλῳ [5] συνεστρατεύσατο. καὶ Μάρκελλος μὲν ἐνέδρᾳ περιπεσὼν ἐτελεύτησε, Τίτος δὲ τῆς περὶ Τάραντα χώρας καὶ Τάραντος αὐτοῦ τὸ δεύτερον ἡλωκότος ἔπαρχος ἀποδειχθείς, εὐδοκίμησεν οὐχ ἧττον ἐπὶ τοῖς δικαίοις ἢ κατὰ [6] τὴν στρατείαν. διὸ καὶ πεμπομένων ἀποίκων εἰς δύο πόλεις, Νάρνειάν τε καὶ Κῶνσαν, ἄρχων ᾑρέθη καὶ οἰκιστής.

[2] [1] Τοῦτο δ' αὐτὸν ἐπῆρε μάλιστα τὰς διὰ μέσου καὶ συνήθεις τοῖς νέοις ἀρχὰς ὑπερβάντα, δημαρχίαν καὶ στρατηγίαν καὶ ἀγορανομίαν, εὐθὺς αὐτὸν ὑπατείας ἀξιοῦν, καὶ κατῄει, τοὺς ἀπὸ τῶν κληρουχιῶν ἔχων προθύμους.

[2] τῶν δὲ περὶ Φούλβιον καὶ Μάνιον δημάρχων ἐνισταμένων, καὶ δεινὸν εἶναι λεγόντων ἄνδρα νέον εἰς τὴν μεγίστην ἀρχὴν εἰσβιάζεσθαι παρὰ τοὺς νόμους, οἷον ἀτέλεστον ἔτι τῶν πρώτων ἱερῶν καὶ μυστηρίων τῆς πολιτείας, ἡ μὲν σύγκλητος ἀπέδωκε τῷ δήμῳ τὴν ψῆφον, ὁ δὲ δῆμος ἀπέδειξεν αὐτὸν ὕπατον μετὰ Σέξτου Αἰλίου, καίπερ οὔπω τριάκοντ' ἔτη γεγονότα.

[3] Κλήρῳ δὲ λαγχάνει τὸν πρὸς Φίλιππον καὶ Μακεδόνας πόλεμον, εὐτυχίᾳ τινὶ τῶν Ῥωμαίων συλλαχὼν πράγμασι καὶ ἀνθρώποις οὐ πάντα πολέμῳ καὶ βίᾳ χρωμένου δεομένοις ἄρχοντος, ἀλλὰ πειθοῖ καὶ ὁμιλίᾳ μᾶλλον [4] ἁλωσίμοις. Φιλίππῳ γὰρ ἦν στόμωμα μὲν εἰς μάχην ἀποχρῶν ἡ Μακεδόνων ἀρχή, ῥώμη δὲ πολέμου τριβὴν ἔχοντος καὶ χορηγία καὶ

καταφυγὴ καὶ ὄργανον ὅλως τῆς φάλαγγος ἡ τῶν Ἑλλήνων δύναμις, ὧν μὴ διαλυθέντων ἀπὸ τοῦ Φιλίππου μιᾶς μάχης οὐκ ‹ἂν› ἦν ἔργον ὁ πρὸς [5] αὐτὸν πόλεμος. ἡ δ' Ἑλλὰς οὔπω πολλὰ συνενηνεγμένη Ῥωμαίοις, ἀλλὰ τότε πρῶτον ἐπιμειγνυμένη ταῖς πράξεσιν, εἰ μὴ φύσει τε χρηστὸς ἦν ὁ ἄρχων καὶ λόγῳ μᾶλλον ἢ πολέμῳ χρώμενος, ἐντυγχάνοντί τε προσῆν πιθανότης καὶ πρᾳότης ἐντυγχανομένῳ καὶ τόνος πλεῖστος ὑπὲρ τῶν δικαίων, οὐκ ἂν οὕτως ῥᾳδίως ἀντὶ τῶν συνήθων ἀλλόφυλον ἀρχὴν ἠγάπησε. ταῦτα μὲν οὖν ἐπὶ τῶν πράξεων αὐτοῦ δηλοῦται.

[3] [1] Πυνθανόμενος δ' ὁ Τίτος τοὺς πρὸ ἑαυτοῦ στρατηγούς, τοῦτο μὲν Σουλπίκιον, τοῦτο δὲ Πόπλιον ‹Οὐίλλιον› ὀψὲ τῆς ὥρας ἐμβαλόντας εἰς Μακεδονίαν, καὶ τοῦ πολέμου βραδέως ἁψαμένους κατατετρῖφθαι τοπομαχοῦντας καὶ διαπληκτιζομένους ἀκροβολισμοῖς ὑπὲρ ὁδῶν καὶ [2] σιτολογίας πρὸς τὸν Φίλιππον, οὐκ ᾤετο δεῖν, ὥσπερ ἐκεῖνοι καταναλώσαντες οἴκοι τὸν ἐνιαυτὸν ἐν τιμαῖς καὶ πολιτείαις ὕστερον ἐξώρμησαν ἐπὶ τὰς στρατείας, οὕτως καὶ αὐτὸς [ἐν τιμαῖς καὶ πολιτείαις] ἐνιαυτὸν ἐπικερδᾶναι [3] τῇ ἀρχῇ, τὸν μὲν ὑπατεύσας, τῷ δὲ πολεμήσας, ἀλλ' ὁμοῦ φιλοτιμούμενος ἐνεργὸν τῷ πολέμῳ τὴν ἀρχὴν παρασχεῖν, τὰς μὲν ἐν τῇ πόλει τιμὰς καὶ προεδρίας ἀφῆκεν, αἰτησάμενος δὲ παρὰ τῆς βουλῆς τὸν ἀδελφὸν αὐτῷ Λεύκιον ἄρχοντα νεῶν συστρατεύειν, καὶ τῶν μετὰ Σκιπίωνος ἐν Ἰβηρίᾳ μὲν Ἀσδρούβαν, ἐν Λιβύῃ δ' Ἀννίβαν αὐτὸν καταμεμαχημένων τοὺς ἀκμάζοντας ἔτι καὶ προθύμους ἀναλαβὼν ὥσπερ στόμωμα, τρισχιλίους γενομένους, [4] εἰς τὴν Ἤπειρον ἀσφαλῶς διεπέρασε. καὶ τὸν Πόπλιον εὑρὼν μετὰ τῆς δυνάμεως ἀντιστρατοπεδεύοντα τῷ Φιλίππῳ, τὰς περὶ τὸν Ἄψον ποταμὸν ἐμβολὰς καὶ τὰ Στενὰ φυλάττοντι πολὺν ἤδη χρόνον, οὐδὲν δὲ περαίνοντα διὰ τὴν ὀχυρότητα τῶν χωρίων, παρέλαβε τὸ στράτευμα, καὶ τὸν Πόπλιον ἀποπέμψας κατεσκέπτετο τοὺς [5] τόπους. εἰσὶ δ' ὀχυροὶ μὲν οὐχ ἧττον τῶν περὶ τὰ Τέμπη, κάλλη δὲ δένδρων ὡς ἐκεῖνοι καὶ χλωρότητας ὕλης καὶ [6] διατριβὰς καὶ λειμῶνας ἡδεῖς οὐκ ἔχουσιν· ὀρῶν δὲ μεγάλων καὶ ὑψηλῶν, ἑκατέρωθεν εἰς μίαν φάραγγα μεγίστην καὶ βαθεῖαν συμφερομένων, διεκπίπτων ὁ Ἄψος καὶ σχῆμα καὶ τάχος ἐξομοιοῦται πρὸς τὸν Πηνειόν, τὴν μὲν ἄλλην ἅπασαν ἀποκρύπτων ὑπώρειαν, ἐκτομὴν δὲ κρημνώδη καὶ στενὴν παρὰ τὸ ῥεῖθρον ἀπολείπων ἀτραπόν, οὐδ' ἄλλως ῥᾳδίαν στρατεύματι διελθεῖν, εἰ δὲ καὶ φυλάττοιτο, παντελῶς ἄπορον.

[4] [1] Ἦσαν μὲν οὖν οἱ τὸν Τίτον ἄγειν κύκλῳ διὰ τῆς Δασσαρήτιδος κατὰ Λύγκον εὔπορον ὁδὸν καὶ ῥᾳδίαν ἐπιχειροῦντες.

[2] ὁ δὲ δεδοικώς, μὴ πόρρω θαλάττης ἐμβαλὼν ἑαυτὸν εἰς τόπους γλίσχρους καὶ σπειρομένους πονηρῶς τοῦ Φιλίππου φυγομαχοῦντος ἀπορήσῃ

σιτίων, καὶ πάλιν ἄπρακτος ὥσπερ ὁ πρὸ αὐτοῦ στρατηγὸς ἀναχωρεῖν ἀναγκασθῇ πρὸς τὴν θάλασσαν, ἔγνω προσβαλὼν ἀνὰ κράτος διὰ τῶν ἄκρων βιάσασθαι τὴν πάροδον.

[3] ἐπεὶ δὲ τὰ ὄρη τοῦ Φιλίππου τῇ φάλαγγι κατέχοντος, ἐκ τῶν πλαγίων πανταχόθεν ἐπὶ τοὺς Ῥωμαίους ἀκοντίων καὶ τοξευμάτων φερομένων, πληγαὶ μὲν ἐγίνοντο καὶ ἀγῶνες ὀξεῖς, καὶ νεκροὶ παρ’ ἀμφοτέρων ἔπιπτον, οὐδὲν [4] δὲ τοῦ πολέμου πέρας ἐφαίνετο, προσῆλθον ἄνθρωποι τῶν αὐτόθι νεμόντων, φράζοντές τινα κύκλωσιν ἀμελουμένην ὑπὸ τῶν πολεμίων, ᾗ τὸν στρατὸν ἄξειν ὑπισχνοῦντο καὶ καταστήσειν μάλιστα τριταῖον ἐπὶ τῶν [5] ἄκρων. γνώστην δὲ τῆς πίστεως παρείχοντο καὶ βεβαιωτὴν Χάροπα τὸν Μαχάτα, πρωτεύοντα μὲν Ἠπειρωτῶν, εὔνουν δὲ Ῥωμαίοις ὄντα καὶ κρύφα φόβῳ τοῦ Φιλίππου [6] συναγωνιζόμενον. ᾧ πιστεύσας ὁ Τίτος ἐκπέμπει χιλίαρχον ἕνα πεζοὺς ἔχοντα τετρακισχιλίους καὶ ἱππεῖς [7] τριακοσίους· ἡγοῦντο δ’ οἱ νομεῖς ἐκεῖνοι δεδεμένοι. καὶ τὰς μὲν ἡμέρας ἀνεπαύοντο, κοίλους προβαλλόμενοι καὶ ὑλώδεις τόπους, ὥδευον δὲ νύκτωρ πρὸς τὴν σελήνην· [8] καὶ γὰρ ἦν διχόμηνος. ὁ δὲ Τίτος τούτους ἀποστείλας, τὰς μὲν ἄλλας ἡμέρας διανέπαυε τὸν στρατόν, ὅσα μὴ [9] περισπᾶν τοῖς ἀκροβολισμοῖς τοὺς πολεμίους· καθ’ ἣν δ’ ἔμελλον ὑπερφανήσεσθαι τῶν ἄκρων οἱ περιϊόντες, ἅμ’ ἡμέρᾳ πᾶν μὲν βαρὺ πᾶν δὲ γυμνητικὸν ὅπλον ἐκίνει, [10] καὶ τριχῇ νείμας τὴν δύναμιν, αὐτὸς μὲν εἰς ‹τὸ› στενώτατον παρὰ τὸ ῥεῖθρον ὀρθίας ἀνῆγε τὰς σπείρας, βαλλόμενος ὑπὸ τῶν Μακεδόνων καὶ συμπλεκόμενος τοῖς ἀπαντῶσι περὶ τὰς δυσχωρίας, τῶν δ’ ἄλλων ἑκατέρωθεν ἅμα πειρωμένων ἁμιλλᾶσθαι, καὶ ταῖς τραχύτησιν [11] ἐμφυομένων προθύμως, ὅ θ’ ἥλιος ἀνέσχε, καὶ καπνὸς οὐ βέβαιος, ἀλλ’ οἷον ὄρειος ὁμίχλη πόρρωθεν ἀνατέλλων καὶ διαφαινόμενος, τοὺς μὲν πολεμίους ἐλάνθανε (κατὰ νώτου γὰρ ἦν αὐτοῖς, ἤδη τῶν ἄκρων ἐχομένων), οἱ δὲ Ῥωμαῖοι δόξαν ἔσχον ἀμφίβολον, ἐν ἀγῶνι καὶ πόνῳ τὴν [12] ἐλπίδα πρὸς τὸ βουλόμενον λαμβάνοντες. ἐπεὶ δὲ μᾶλλον αὐξανόμενος καὶ διαμελαίνων τὸν ἀέρα καὶ πολὺς ἄνω χωρῶν ἐδηλοῦτο πυρσὸς εἶναι φίλιος, οἱ μὲν ἀλαλάξαντες ἐπέβαινον ἐρρωμένως καὶ συνέστελλον εἰς τὰ τραχύτατα τοὺς πολεμίους, οἱ δ’ ὄπισθεν ἀπὸ τῶν ἄκρων ἀντηλάλαξαν.

[5] [1] Φυγὴ μὲν οὖν ἦν εὐθὺς ὀξεῖα πάντων, ἔπεσον δὲ δισχιλίων οὐ πλείους· ἀφῃροῦντο γὰρ αἱ δυσχωρίαι τὴν [2] δίωξιν· χρήματα δὲ καὶ σκηνὰς καὶ θεράποντας οἱ Ῥωμαῖοι διαρπάσαντες, ἐκράτουν τῶν Στενῶν καὶ διώδευον τὴν Ἤπειρον οὕτω κοσμίως καὶ μετ’ ἐγκρατείας τοσαύτης, ὥστε τῶν πλοίων καὶ τῆς θαλάσσης μακρὰν ὄντας αὐτούς, καὶ τὸν ἐπιμήνιον σῖτον μὴ μεμετρημένους οὐδ’ εὐποροῦντας ἀγορᾶς, ἀπέχεσθαι τῆς χώρας,

ἀμφιλαφεῖς [3] ὠφελείας ἐχούσης. ὁ γὰρ Τίτος πυνθανόμενος τὸν Φίλιππον, ὡς ὅμοια φεύγοντι τὴν Θετταλίαν διερχόμενος τοὺς μὲν ἀνθρώπους ἐκ τῶν πόλεων ἀνίστησιν εἰς τὰ ὄρη, τὰς δὲ πόλεις καταπίμπρησι, τῶν δὲ χρημάτων τὰ λειπόμενα διὰ πλῆθος ἢ βάρος ἁρπαγὴν προτίθεται, τρόπον τινὰ τῆς χώρας ἐξιστάμενος ἤδη Ῥωμαίοις, ἐφιλοτιμεῖτο καὶ παρεκάλει τοὺς στρατιώτας ὥσπερ οἰκείας καὶ [4] παρακεχωρημένης κηδομένους βαδίζειν. καὶ μέντοι καὶ παρεῖχεν αὐτοῖς τὰ γινόμενα τῆς εὐταξίας αἴσθησιν εὐθύς· προσεχώρουν μὲν γὰρ αἱ πόλεις ἁψαμένοις Θετταλίας, οἱ δ᾽ ἐντὸς Πυλῶν Ἕλληνες ἐπόθουν καὶ διεπτόηντο ταῖς ὁρμαῖς πρὸς τὸν Τίτον, Ἀχαιοὶ δὲ τὴν Φιλίππου συμμαχίαν ἀπειπάμενοι πολεμεῖν ἐψηφίσαντο μετὰ Ῥωμαίων [5] πρὸς αὐτόν· Ὀπούντιοι δέ, καίπερ Αἰτωλῶν τότε Ῥωμαίοις συναγωνιζομένων προθυμότατα καὶ τὴν πόλιν ἀξιούντων παραλαβεῖν καὶ φυλάττειν, οὐ προσέσχον, ἀλλὰ μεταπεμψάμενοι τὸν Τίτον ἐκείνῳ διεπίστευσαν [6] ἑαυτοὺς καὶ παρέδωκαν. Πύρρον μὲν οὖν λέγουσιν, ὅτε πρῶτον ἀπὸ σκοπῆς κατεῖδε τὸ στράτευμα τῶν Ῥωμαίων διακεκοσμημένον, εἰπεῖν οὐ βαρβαρικὴν αὐτῷ φανῆναι τὴν τῶν βαρβάρων παράταξιν· οἱ δὲ Τίτῳ πρῶτον ἐντυγχάνοντες ἠναγκάζοντο παραπλησίας ἀφιέναι φωνάς.

[7] ἀκούοντες γὰρ τῶν Μακεδόνων, ὡς ἄνθρωπος ἄρχων βαρβάρου στρατιᾶς ἔπεισι, δι᾽ ὅπλων πάντα καταστρεφόμενος καὶ δουλούμενος, εἶτ᾽ ἀπαντῶντες ἀνδρὶ τήν θ᾽ ἡλικίαν νέῳ καὶ τὴν ὄψιν φιλανθρώπῳ, φωνήν τε καὶ διάλεκτον Ἕλληνι, καὶ τιμῆς ἀληθοῦς ἐραστῇ, θαυμασίως ἐκηλοῦντο, καὶ τὰς πόλεις ἀπιόντες ἐνεπίμπλασαν εὐνοίας τῆς πρὸς αὐτόν, ὡς ἐχούσας ἡγεμόνα τῆς ἐλευθερίας.

[8] ἐπεὶ δὲ καὶ Φιλίππῳ δοκοῦντι συμβατικῶς ἔχειν εἰς ταὐτὸν ἐλθὼν προὔτεινεν εἰρήνην καὶ φιλίαν ἐπὶ τῷ τοὺς Ἕλληνας αὐτονόμους ἐᾶν καὶ τὰς φρουρὰς ἀπαλλάττειν, ὁ δ᾽ οὐκ ἐδέξατο, παντάπασιν ἤδη τότε καὶ τοῖς θεραπεύουσι τὰ τοῦ Φιλίππου παρέστη, Ῥωμαίους πολεμήσοντας ἥκειν οὐχ Ἕλλησιν, ἀλλ᾽ ὑπὲρ Ἑλλήνων Μακεδόσι.

[6] [1] Τὰ μὲν οὖν ἄλλα προσεχώρει καθ᾽ ἡσυχίαν αὐτῷ, τὴν δὲ Βοιωτίαν ἀπολέμως ἐπιπορευομένῳ Θηβαίων ἀπήντησαν οἱ πρῶτοι, φρονοῦντες μὲν τὰ τοῦ Μακεδόνος διὰ Βραχύλλην, ἀσπαζόμενοι δὲ καὶ τιμῶντες τὸν Τίτον, [2] ὡς φιλίας πρὸς ἀμφοτέρους ὑπαρχούσης. ὁ δ᾽ ἐντυχὼν αὐτοῖς φιλανθρώπως καὶ δεξιωσάμενος, προῆγεν ἡσυχῇ καθ᾽ ὁδόν, τὰ μὲν ἐρωτῶν καὶ πυνθανόμενος, τὰ δὲ διηγούμενος καὶ παράγων ἐπίτηδες, ἄχρι τοὺς στρατιώτας [3] ἀναλαβεῖν ἐκ τῆς πορείας. οὕτω δὲ προάγων συνεισῆλθε τοῖς Θηβαίοις εἰς τὴν πόλιν, οὐ πάνυ μὲν ἡδομένοις, ὀκνοῦσι δὲ κωλύειν, ἐπεὶ στρατιῶται γε μέτριοι [4] τὸ πλῆθος εἵποντο. καὶ μέντοι παρελθὼν ὁ Τίτος ὡς

οὐκ ἔχων τὴν πόλιν ἔπειθεν ἑλέσθαι τὰ Ῥωμαίων, Ἀττάλου τοῦ βασιλέως συναγορεύοντος αὐτῷ καὶ συνεξορμῶντος [5] τοὺς Θηβαίους. ἀλλ' Ἄτταλος μὲν ὡς ἔοικε τοῦ γήρως προθυμότερον ἑαυτὸν τῷ Τίτῳ ῥήτορα παρασχεῖν φιλοτιμούμενος, ἐν αὐτῷ τῷ λέγειν προσπεσόντος ἰλίγγου τινὸς ἢ ῥεύματος, ἄφνω τὴν αἴσθησιν ἐπιληφθεὶς ἔπεσε, καὶ μετ' οὐ πολὺ ταῖς ναυσὶν εἰς Ἀσίαν ἀποκομισθεὶς ἐτελεύτησεν· οἱ δὲ Βοιωτοὶ προσεχώρησαν τοῖς Ῥωμαίοις.

[7] [1] Φιλίππου δὲ πρέσβεις πέμψαντος εἰς Ῥώμην, ἀπέστειλε καὶ ὁ Τίτος παρ' αὑτοῦ τοὺς πράξοντας, ὅπως ἐπιψηφίσηται χρόνον ἡ σύγκλητος αὐτῷ τοῦ πολέμου μένοντος· [2] εἰ δὲ μή, δι' ἐκείνου τὴν εἰρήνην γενέσθαι. φιλότιμος γὰρ ὢν ἰσχυρῶς, ἐδεδίει πεμφθέντος ἐπὶ τὸν πόλεμον [3] ἑτέρου στρατηγοῦ τὴν δόξαν ἀφαιρεθῆναι. διαπραξαμένων δὲ τῶν φίλων αὐτῷ, μήτε τὸν Φίλιππον ὧν ἔχρῃζε τυχεῖν, καὶ τοῦ πολέμου τὴν ἡγεμονίαν ἐκείνῳ φυλαχθῆναι, δεξάμενος τὸ δόγμα καὶ ταῖς ἐλπίσιν ἐπαρθείς, εὐθὺς εἰς Θετταλίαν ἐπὶ τὸν Φίλιππον ὥρμησεν, ὑπὲρ ἑξακισχιλίους καὶ δισμυρίους ἔχων στρατιώτας, ὧν Αἰτωλοὶ πεζοὺς ἑξακισχιλίους καὶ ἱππεῖς τετρακοσίους παρεῖχον· ἦν δὲ καὶ τοῦ Φιλίππου τὸ στράτευμα τῷ [4] πλήθει παραπλήσιον. ἐπεὶ δὲ βαδίζοντες ἐπ' ἀλλήλους καὶ γενόμενοι περὶ τὴν Σκοτοῦσσαν ἐνταῦθα διακινδυνεύειν ἔμελλον, οὐχ ὅπερ εἰκὸς ἦν πρὸς δέους ἔλαβον οἱ στρατιῶται τὴν ἀλλήλων ‹ἔφοδον›, ἀλλὰ ‹καὶ› μᾶλλον [5] ὁρμῆς καὶ φιλοτιμίας ἐπληροῦντο, Ῥωμαῖοι μὲν εἰ Μακεδόνων κρατήσουσιν, ὧν ὄνομα δι' Ἀλέξανδρον ἀλκῆς καὶ δυνάμεως πλεῖστον ἦν παρ' αὐτοῖς· Μακεδόνες δὲ Ῥωμαίους Περσῶν ἡγούμενοι διαφέρειν, ἤλπιζον εἰ περιγένοιντο λαμπρότερον ἀποδείξειν Ἀλεξάνδρου Φίλιππον. [6] ὁ μὲν οὖν Τίτος παρεκάλει τοὺς στρατιώτας ἄνδρας ἀγαθοὺς γενέσθαι καὶ προθύμους, ὡς ἐν τῷ καλλίστῳ θεάτρῳ τῇ Ἑλλάδι μέλλοντας ἀγωνίζεσθαι πρὸς τοὺς [7] ἀρίστους τῶν ἀνταγωνιστῶν· ὁ δὲ Φίλιππος, εἴτ' ἀπὸ τύχης εἴθ' ὑπὸ σπουδῆς παρὰ τὸν καιρὸν ἀγνοήσας, ἦν γάρ τι πολυάνδριον ὑψηλὸν ἔξω τοῦ χάρακος, ἐπὶ τοῦτο προβάς, ἤρξατο μὲν οἷ' εἰς προτροπὴν πρὸ μάχης φιλεῖ διαλέγεσθαι καὶ παρορμᾶν, ἀθυμίας δὲ δεινῆς πρὸς τὸν οἰωνὸν ἐμπεσούσης, διαταραχθεὶς ἐπέσχε τὴν ἡμέραν ἐκείνην.

[8] [1] Τῇ δ' ὑστεραίᾳ περὶ τὸν ὄρθρον ἐκ μαλακῆς καὶ νοτίου νυκτὸς εἰς ὁμίχλην τῶν νεφῶν τρεπομένων, ἀνεπίμπλατο ζόφου βαθέος πᾶν τὸ πεδίον, καὶ κατῄει παχὺς ἐκ τῶν ἄκρων ἀὴρ εἰς τὸ μεταξὺ τῶν στρατοπέδων, εὐθὺς [2] ἀρχομένης ἡμέρας ἀποκρύπτων τοὺς τόπους. οἱ δ' ὑπ' ἀμφοτέρων ἀποσταλέντες ἐφεδρείας ἕνεκα καὶ κατασκοπῆς ἐν πάνυ βραχεῖ περιπεσόντες ἀλλήλοις, ἐμάχοντο περὶ τὰς καλουμένας Κυνὸς κεφαλάς, αἳ λόφων οὖσαι πυκνῶν καὶ παραλλήλων ἄκραι λεπταὶ δι' ὁμοιότητα [3] τοῦ σχήματος οὕτως

ὠνομάσθησαν. γενομένων δ’ οἵων εἰκὸς ἐν τόποις σκληροῖς μεταβολῶν κατὰ τὰς φυγὰς καὶ διώξεις, ἑκάτεροι τοῖς πονοῦσιν ἀεὶ καὶ ὑποχωροῦσιν ἐπιπέμποντες βοήθειαν ἐκ τῶν στρατοπέδων, καὶ ἤδη τοῦ ἀέρος ἀνακαθαιρομένου καθορῶντες τὰ γινόμενα, πανστρατιᾷ [4] συνέβαλον. τῷ μὲν οὖν δεξιῷ περιῆν ὁ Φίλιππος, ἐκ τόπων ἐπιφόρων ὅλην ἐπερείσας τὴν φάλαγγα τοῖς Ῥωμαίοις, τὸ βάρος τοῦ συνασπισμοῦ καὶ τὴν τραχύτητα τῆς προβολῆς οὐδὲ τῶν ἀρίστων ὑπομεινάντων· [5] τοῦ δ’ εὐωνύμου διασπασμὸν ἀνὰ τοὺς λόφους καὶ περίκλασιν λαμβάνοντος, ὁ Τίτος τὸ μὲν ἡττώμενον ἀπογνούς, πρὸς δὲ θάτερον ὀξέως παρελάσας, προσέβαλε τοῖς Μακεδόσι, συστῆναι μὲν εἰς φάλαγγα καὶ πυκνῶσαι τὴν τάξιν εἰς βάθος, ἥπερ ἦν ἀλκὴ τῆς ἐκείνων δυνάμεως, κωλυομένοις διὰ τὴν ἀνωμαλίαν καὶ τραχύτητα τῶν χωρίων, πρὸς δὲ τὸ κατ’ ἄνδρα συμπλέκεσθαι βαρεῖ καὶ [6] δυσέργῳ χρωμένοις ὁπλισμῷ. ζῴῳ γὰρ ἡ φάλαγξ ἔοικεν ἀμάχῳ τὴν ἰσχύν, ἕως ἕν ἐστι σῶμα καὶ τηρεῖ τὸν συνασπισμὸν ἐν τάξει μιᾷ, διαλυθείσης δὲ καὶ τὴν καθ’ ἕνα ῥώμην ἀπόλλυσι τῶν μαχομένων ἕκαστος διά τε τὸν τρόπον τῆς ὁπλίσεως, καὶ ὅτι παντὸς ὅλου τοῖς παρ’ ἀλλήλων [7] μέρεσι μᾶλλον ἢ δι’ αὑτὸν ἰσχύει. τραπομένων δὲ τούτων, οἱ μὲν ἐδίωκον τοὺς φεύγοντας, οἱ δὲ τοὺς μαχομένους τῶν Μακεδόνων παρεκδραμόντες ἐκ πλαγίων ἔκτεινον, ὥστε ταχὺ καὶ τοὺς νικῶντας περισπᾶσθαι καὶ [8] φεύγειν τὰ ὅπλα καταβάλλοντας. ἔπεσον μὲν οὖν ὀκτακισχιλίων οὐκ ἐλάττους, ἑάλωσαν δὲ περὶ πεντακισχιλίους.

[9] τοῦ δὲ τὸν Φίλιππον ἀσφαλῶς ἀπελθεῖν τὴν αἰτίαν ἔλαβον Αἰτωλοί, περὶ ἁρπαγὴν γενόμενοι καὶ πόρθησιν τοῦ χάρακος ἔτι τῶν Ῥωμαίων διωκόντων, ὥστε μηθὲν εὑρεῖν ἐκείνους ἐπανελθόντας.

[9] [1] Πρῶτον μὲν οὖν ἐγένοντο λοιδορίαι καὶ διαφοραὶ πρὸς ἀλλήλους αὐτοῖς· ἐκ δὲ τούτων μᾶλλον ἀεὶ τὸν Τίτον ἐλύπουν, ἑαυτοῖς ἀνατιθέντες τὸ νίκημα καὶ τῇ φήμῃ προκαταλαμβάνοντες τοὺς Ἕλληνας, ὥστε καὶ γράφεσθαι καὶ ᾄδεσθαι προτέρους ἐκείνους ὑπὸ ποιητῶν [2] καὶ ἰδιωτῶν, ὑμνούντων τὸ ἔργον. ὧν μάλιστα διὰ στόματος ἦν τουτὶ τὸ ἐπίγραμμα (Anth. Pal. VII 247).

Ἄκλαυστοι καὶ ἄθαπτοι ὁδοιπόρε τῷδ’ ἐπὶ νώτῳ
Θεσσαλίης τρισσαὶ κείμεθα μυριάδες,
Αἰτωλῶν δμηθέντες ὑπ’ Ἄρεος ἠδὲ Λατίνων,
οὓς Τίτος εὐρείης ἤγαγ’ ἀπ’ Ἰταλίης,
Ἠμαθίῃ μέγα πῆμα. τὸ δὲ θρασὺ κεῖνο Φιλίππου
πνεῦμα θοῶν ἐλάφων ᾤχετ’ ἐλαφρότερον.

[3] τοῦτ᾽ ἐποίησε μὲν Ἀλκαῖος, ἐφυβρίζων Φιλίππῳ καὶ τὸν ἀριθμὸν τῶν ἀποθανόντων ἐπιψευσάμενος· λεγόμενον δὲ πολλαχοῦ καὶ ὑπὸ πολλῶν, μᾶλλον ἠνία τὸν Τίτον ἢ τὸν [4] Φίλιππον. ὁ μὲν γὰρ ἀντικωμῳδῶν τὸν Ἀλκαῖον τῷ ἐλεγείῳ, παρέβαλλεν·

Ἄφλοιος καὶ ἄφυλλος ὁδοιπόρε τῷδ᾽ ἐπὶ νώτῳ

Ἀλκαίῳ σταυρὸς πήγνυται ἠλίβατος·

[5] τὸν δὲ Τίτον φιλοτιμούμενον πρὸς τοὺς Ἕλληνας οὐ μετρίως παρώξυνε τὰ τοιαῦτα. διὸ καὶ τὰ ὑπόλοιπα τῶν πραγμάτων ἔπραττε καθ᾽ ἑαυτόν, ἐλάχιστα φροντίζων [6] τῶν Αἰτωλῶν. οἱ δ᾽ ἤχθοντο, καὶ προσδεξαμένου λόγους αὐτοῦ καὶ πρεσβείαν ἐπὶ συμβάσεσι παρὰ τοῦ Μακεδόνος, τοῦτ᾽ ἐκεῖνο περιϊόντες ἐπὶ τὰς ἄλλας πόλεις ἐβόων, πωλεῖσθαι τὴν εἰρήνην Φιλίππῳ, παρὸν ἐκκόψαι τὸν πόλεμον ἄρδην καὶ ἀνελεῖν ἀρχὴν ὑφ᾽ ἧς πρώτης ἐδουλώθη [7] τὸ Ἑλληνικόν. ταῦτα τῶν Αἰτωλῶν λεγόντων καὶ διαταραττόντων τοὺς συμμάχους, αὐτὸς ὁ Φίλιππος ἐλθὼν πρὸς τὰς διαλύσεις ἀνεῖλε τὴν ὑποψίαν, ἐπιτρέψας [8] τῷ Τίτῳ καὶ τοῖς Ῥωμαίοις τὰ καθ᾽ αὑτόν. καὶ οὕτω καταλύεται τὸν πόλεμον ὁ Τίτος, καὶ τὴν μὲν Μακεδονικὴν ἀπέδωκεν αὐτῷ βασιλείαν, τῆς δ᾽ Ἑλλάδος προσέταξεν ἀποστῆναι, χιλίοις δὲ ταλάντοις ἐζημίωσε, τὰς δὲ ναῦς πάσας παρείλετο πλὴν δέκα, τῶν δὲ παίδων τὸν ἕτερον, Δημήτριον, ὁμηρεύσοντα λαβὼν εἰς Ῥώμην ἀπέστειλεν, ἄριστα τῷ καιρῷ χρησάμενος καὶ προλαβὼν τὸ μέλλον.

[9] Ἀννίβου γὰρ τοῦ Λίβυος, ἀνδρὸς ἐχθίστου τε Ῥωμαίοις καὶ φυγάδος, ἤδη τότε πρὸς Ἀντίοχον ἥκοντος τὸν βασιλέα καὶ παροξύνοντος αὐτὸν εἰς τὸ πρόσθεν προϊέναι, τῇ τύχῃ τῆς δυνάμεως εὐροούσης, ἤδη καὶ καθ᾽ ἑαυτὸν ὑπὸ πραγμάτων μεγάλων, ἃ κατεργασάμενος μέγας ἐπωνομάσθη, πρὸς τὴν τῶν ἁπάντων ἡγεμονίαν ἀποβλέποντα, [10] μάλιστα δὲ κατὰ Ῥωμαίων ἀνιστάμενον, εἰ μὴ τοῦτο προϊδὼν ὁ Τίτος ἐμφρόνως ἐνέδωκε πρὸς τὰς διαλύσεις, ἀλλὰ τὸν Φιλιππικὸν ὁ Ἀντιοχικὸς κατειλήφει πόλεμος ἐν τῇ Ἑλλάδι, καὶ συνέστησαν ὑπ᾽ αἰτιῶν ἀμφότεροι κοινῶν οἱ μέγιστοι τῶν τότε καὶ δυνατώτατοι βασιλέων ἐπὶ τὴν Ῥώμην, ἔσχεν ἂν ἀγῶνας ἐξ ὑπαρχῆς καὶ κινδύνους [11] τῶν πρὸς Ἀννίβαν οὐκ ἐλάττους. νῦν δὲ τῶν πολέμων μέσην κατὰ καιρὸν ἐμβαλὼν τὴν εἰρήνην ὁ Τίτος, καὶ πρὶν ἄρξασθαι τὸν μέλλοντα διακόψας τὸν παρόντα, τοῦ μὲν τὴν ἐσχάτην ἐλπίδα, τοῦ δὲ τὴν πρώτην ὑφεῖλεν.

[10] [1] Ἐπεὶ δ᾽ οἱ δέκα πρέσβεις οὓς ἡ σύγκλητος ἔπεμψε τῷ Τίτῳ συνεβούλευον, τοὺς μὲν ἄλλους Ἕλληνας ἐλευθεροῦν, Κόρινθον δὲ καὶ Χαλκίδα καὶ Δημητριάδα διατηρεῖν ἐμφρούρους ἕνεκα τῆς πρὸς Ἀντίοχον ἀσφαλείας, [2] ἐνταῦθα δὴ ταῖς κατηγορίαις λαμπροὶ λαμπρῶς τὰς πόλεις

ἀνερρήγνυσαν Αἰτωλοί, τὸν μὲν Τίτον κελεύοντες τὰς πέδας τῆς Ἑλλάδος λύειν (οὕτω γὰρ ὁ Φίλιππος εἰώθει τὰς προειρημένας πόλεις ὀνομάζειν), τοὺς δ' Ἕλληνας ἐρωτῶντες, εἰ κλοιὸν ἔχοντες βαρύτερον μὲν λειότερον δὲ τοῦ πάλαι τὸν νῦν χαίρουσι, καὶ θαυμάζουσι τὸν Τίτον ὡς εὐεργέτην, ὅτι τοῦ ποδὸς λύσας τὴν Ἑλλάδα [3] τοῦ τραχήλου δέδεκεν. ἐφ' οἷς ἀχθόμενος ὁ Τίτος καὶ βαρέως φέρων καὶ δεόμενος τοῦ συνεδρίου, τέλος ἐξέπεισε καὶ ταύτας τὰς πόλεις ἀνεῖναι τῆς φρουρᾶς, ὅπως ὁλόκληρος ἡ χάρις ὑπάρξῃ παρ' αὐτοῦ τοῖς Ἕλλησιν.

[4] Ἰσθμίων οὖν ἀγομένων, πλῆθος μὲν ἀνθρώπων ἐν τῷ σταδίῳ καθῆστο τὸν γυμνικὸν ἀγῶνα θεωμένων, οἷα δὴ διὰ χρόνων πεπαυμένης μὲν πολέμων τῆς Ἑλλάδος ἐπ' ἐλπίσιν ἐλευθερίας, σαφεῖ δ' εἰρήνῃ πανηγυριζούσης· [5] τῇ σάλπιγγι ‹δὲ› σιωπῆς εἰς ἅπαντας διαδοθείσης, προελθὼν εἰς μέσον ὁ κῆρυξ ἀνεῖπεν, ὅτι Ῥωμαίων ἡ σύγκλητος καὶ Τίτος Κοΐντιος στρατηγὸς ὕπατος, καταπολεμήσαντες βασιλέα Φίλιππον καὶ Μακεδόνας, ἀφιᾶσιν ἐλευθέρους καὶ ἀφρουρήτους καὶ ἀφορολογήτους, νόμοις χρωμένους τοῖς πατρίοις, Κορινθίους, Φωκεῖς, Λοκρούς, Εὐβοέας, Ἀχαιοὺς Φθιώτας, Μάγνητας, Θετταλούς, [6] Περραιβούς. τὸ μὲν οὖν πρῶτον οὐ πάνυ πάντες οὐδὲ σαφῶς ἐπήκουσαν, ἀλλ' ἀνώμαλος καὶ θορυβώδης κίνησις ἦν ἐν τῷ σταδίῳ, θαυμαζόντων καὶ διαπυνθανομένων [7] καὶ πάλιν ἀνειπεῖν κελευόντων· ὡς δ' αὖθις ἡσυχίας γενομένης ἀναγαγὼν ὁ κῆρυξ τὴν φωνὴν προθυμότερον εἰς ἅπαντας ἐγεγώνει, καὶ διῆλθε τὸ κήρυγμα, κραυγὴ μὲν ἄπιστος τὸ μέγεθος διὰ χαρὰν ἐχώρει μέχρι θαλάττης, ὀρθὸν δ' ἀνειστήκει τὸ θέατρον, οὐδεὶς δὲ λόγος ἦν τῶν ἀγωνιζομένων, ἔσπευδον δὲ πάντες ἀναπηδῆσαι καὶ δεξιώσασθαι καὶ προσειπεῖν τὸν σωτῆρα τῆς Ἑλλάδος καὶ [8] πρόμαχον. τὸ δὲ πολλάκις λεγόμενον εἰς ὑπερβολὴν τῆς φωνῆς καὶ μέγεθος ὤφθη τότε· κόρακες γὰρ ὑπερπετόμενοι [9] κατὰ τύχην ἔπεσον εἰς τὸ στάδιον. αἰτία δ' ἡ τοῦ ἀέρος ῥῆξις· ὅταν γὰρ ἡ φωνὴ πολλὴ καὶ μεγάλη φέρηται, διασπώμενος ὑπ' αὐτῆς οὐκ ἀντερείδει τοῖς πετομένοις, ἀλλ' ὀλίσθημα ποιεῖ καθάπερ κενεμβατοῦσιν, εἰ μὴ νὴ Δία πληγῇ τινι μᾶλλον ὡς ὑπὸ βέλους διελαυνόμενα πίπτει [10] καὶ ἀποθνῄσκει. δύναται δὲ καὶ περιδίνησις εἶναι τοῦ ἀέρος, ἑλιγμὸν οἷον ἐν πελάγει καὶ παλιρρύμην τοῦ σάλου διὰ μέγεθος λαμβάνοντος.

[11] [1] Ὁ δ' οὖν Τίτος, εἰ μὴ τάχιστα τῆς θέας διαλυθείσης ὑπιδόμενος τὴν φορὰν τοῦ πλήθους καὶ τὸν δρόμον ἐξέκλινεν, οὐκ ἂν ἐδόκει περιγενέσθαι τοσούτων ὁμοῦ καὶ [2] πάντοθεν αὐτῷ περιχεομένων. ὡς δ' ἀπέκαμον περὶ τὴν σκηνὴν αὐτοῦ βοῶντες ἤδη νυκτὸς οὔσης, αὖθις οὕστινας ἴδοιεν ἢ φίλους

ἢ πολίτας ἀσπαζόμενοι καὶ περιπλεκόμενοι, πρὸς δεῖπνα καὶ πότους ἐτρέποντο μετ᾽ ἀλλήλων.

[3] Ἐν ᾧ καὶ μᾶλλον ὡς εἰκὸς ἡδομένοις ἐπῄει λογίζεσθαι καὶ διαλέγεσθαι περὶ τῆς Ἑλλάδος, ὅσους πολεμήσασα πολέμους διὰ τὴν ἐλευθερίαν, οὔπω τύχοι βεβαιότερον οὐδ᾽ ἥδιον αὐτῆς, ἑτέρων προαγωνισαμένων ὀλίγου δεῖν ἀναίμακτος αὐτὴ καὶ ἀπενθὴς φερομένη τὸ [4] κάλλιστον καὶ περιμαχητότατον ἆθλον. ἦν δ᾽ ἄρα σπάνιον μὲν ἀνδρεία καὶ φρόνησις ἐν ἀνθρώποις, σπανιώτατον [5] δὲ τῶν ἄλλων ἀγαθῶν ὁ δίκαιος. οἱ γὰρ Ἀγησίλαοι καὶ ‹οἱ› Λύσανδροι καὶ οἱ Νικίαι καὶ οἱ Ἀλκιβιάδαι πολέμους μὲν εὖ διέπειν καὶ μάχας νικᾶν κατά τε γῆν καὶ θάλασσαν ἄρχοντες ἠπίσταντο, χρῆσθαι δὲ πρὸς χάριν εὐγενῆ [6] καὶ τὸ καλὸν οἷς κατώρθουν οὐκ ἔγνωσαν, ἀλλ᾽ εἰ τὸ Μαραθώνιόν τις ἔργον ἀφέλοι, καὶ τὴν ἐν Σαλαμῖνι ναυμαχίαν, καὶ Πλαταιὰς καὶ Θερμοπύλας, καὶ τὰ πρὸς Εὐρυμέδοντι καὶ τὰ περὶ Κύπρον Κίμωνος ἔργα, πάσας τὰς μάχας ἡ Ἑλλὰς ἐπὶ δουλείᾳ μεμάχηται πρὸς αὑτήν, καὶ πᾶν τρόπαιον αὐτῆς συμφορὰ καὶ ὄνειδος [ἐπ᾽ αὐτὴν] ἕστηκε, τὰ πλεῖστα κακίᾳ καὶ φιλονικίᾳ τῶν ἡγουμένων [7] περιτραπείσης. ἀλλόφυλοι δ᾽ ἄνδρες, ἐναύσματα μικρὰ καὶ γλίσχρα κοινωνήματα παλαιοῦ γένους ἔχειν δοκοῦντες, ἀφ᾽ ὧν καὶ λόγῳ τι καὶ γνώμῃ τῶν χρησίμων ὑπάρξαι τῇ Ἑλλάδι θαυμαστὸν ἦν, οὗτοι τοῖς μεγίστοις κινδύνοις καὶ πόνοις ἐξελόμενοι τὴν Ἑλλάδα δεσποτῶν χαλεπῶν καὶ τυράννων ἐλευθεροῦσι.

[12] [1] Ταῦτα δὴ τοὺς Ἕλληνας ὑπῄει, καὶ τὰ τῶν ἔργων [2] ὁμολογοῦντα τοῖς κηρύγμασιν ‹ἦν›. ἅμα γὰρ ἐξέπεμπεν ὁ Τίτος, Λέντλον μὲν εἰς Ἀσίαν Βαργυλιήτας ἐλευθερώσοντα, Στερτίνιον δ᾽ εἰς Θρᾴκην τὰς αὐτόθι πόλεις καὶ [3] νήσους ἀπαλλάξοντα τῶν Φιλίππου φρουρῶν· Πόπλιος δ᾽ Οὐίλλιος ἔπλει διαλεξόμενος Ἀντιόχῳ περὶ τῆς τῶν [4] ὑπ᾽ αὐτὸν Ἑλλήνων ἐλευθερίας. αὐτὸς δ᾽ ὁ Τίτος εἰς Χαλκίδα παρελθών, εἶτα πλεύσας ἐκεῖθεν ἐπὶ Μαγνησίαν, ἐξῆγε τὰς φρουρὰς καὶ τὰς πολιτείας ἀπεδίδου τοῖς [5] δήμοις. ἀγωνοθέτης δὲ Νεμείων ἀποδειχθεὶς ἐν Ἄργει, τήν τε πανήγυριν ἄριστα διέθηκε, καὶ πάλιν ἐκεῖ τοῖς [6] Ἕλλησι τὴν ἐλευθερίαν ὑπὸ κήρυκος ἀνεῖπεν, ἐπιφοιτῶν τε ταῖς πόλεσιν εὐνομίαν ἅμα καὶ δίκην πολλὴν ὁμόνοιάν τε καὶ φιλοφροσύνην πρὸς ἀλλήλους παρεῖχε, καταπαύων μὲν τὰς στάσεις, κατάγων δὲ τὰς φυγάς, ἀγαλλόμενος δὲ τῷ πείθειν καὶ διαλλάσσειν τοὺς Ἕλληνας οὐχ ἧττον ἢ τῷ κεκρατηκέναι τῶν Μακεδόνων, ὥστε μικρότατον [7] ἤδη τὴν ἐλευθερίαν δοκεῖν ὧν εὐεργετοῦντο. Ξενοκράτην μὲν οὖν τὸν φιλόσοφον, ὅτε Λυκοῦργος αὐτὸν ὁ ῥήτωρ ὑπὸ τῶν τελωνῶν ἀγόμενον πρὸς τὸ μετοίκιον ἀφείλετο καὶ τοῖς ἄγουσιν ἐπέθηκε δίκην τῆς ἀσελγείας, λέγεται τοῖς παισὶν ἀπαντήσαντα τοῦ Λυκούργου καλήν γ᾽ ὑμῶν ὦ παῖδες φάναι τῷ πατρὶ χάριν

ἀποδίδωμι· πάντες γὰρ αὐτὸν ἐπαινοῦσιν ἐφ’ οἷς ἔπραξε, [8] Τίτῳ δὲ καὶ Ῥωμαίοις, ὧν τοὺς Ἕλληνας εὐεργέτησαν, οὐκ εἰς ἐπαίνους μόνον, ἀλλὰ καὶ πίστιν ἐν πᾶσιν ἀνθρώποις [9] καὶ δύναμιν ἡ χάρις ἀπήντα δικαίως. οὐ γὰρ προσδεχόμενοι μόνον τοὺς ἡγεμόνας αὐτῶν, ἀλλὰ καὶ μεταπεμπόμενοι [10] καὶ καλοῦντες, ἐνεχείριζον αὑτούς, οὐδὲ δῆμοι καὶ πόλεις, ἀλλὰ καὶ βασιλεῖς, ὑφ’ ἑτέρων ἀδικούμενοι βασιλέων, κατέφευγον εἰς τὰς ἐκείνων χεῖρας, ὥστ’ ἐν βραχεῖ χρόνῳ, τάχα που καὶ θεοῦ συνεφαπτομένου, [11] πάντ’ αὐτοῖς ὑπήκοα γενέσθαι. καὶ αὐτὸς δὲ μέγιστον ἐφρόνησεν ἐπὶ τῇ τῆς Ἑλλάδος ἐλευθερώσει. ἀνατιθεὶς γὰρ εἰς Δελφοὺς ἀσπίδας ἀργυρᾶς καὶ τὸν ἑαυτοῦ θυρεόν, ἐπέγραψε (Preger 93)·

Ζηνὸς ἰὼ κραιπναῖσι γεγαθότες ἱπποσύναισι
κοῦροι, ἰὼ Σπάρτας Τυνδαρίδαι βασιλεῖς,
Αἰνεάδας Τίτος ὔμμιν ὑπέρτατον ὤπασε δῶρον,
Ἑλλάνων τεύξας παισὶν ἐλευθερίαν.

[12] ἀνέθηκε δὲ καὶ χρυσοῦν τῷ Ἀπόλλωνι στέφανον, ἐπιγράψας (Preger 92)·

Τόνδε τοι ἀμβροσίοισιν ἐπὶ πλοκάμοισιν ἔθηκε
κεῖσθαι Λατοΐδα χρυσοφαῆ στέφανον,
ὃν πόρεν, Αἰνεαδᾶν ταγὸς μέγας. ἀλλ’ Ἑκάεργε
ἀλκᾶς τῷ θείῳ κῦδος ὄπαζε Τίτῳ.

[13] τῇ γοῦν Κορινθίων πόλει πρὸς τοὺς Ἕλληνας τὸ αὐτὸ δὶς ἤδη συμβέβηκε· καὶ γὰρ Τίτος ἐν Κορίνθῳ τότε καὶ Νέρων αὖθις καθ’ ἡμᾶς ἐν Κορίνθῳ παραπλησίως Ἰσθμίων ἀγομένων τοὺς Ἕλληνας ἐλευθέρους καὶ αὐτονόμους ἀφῆκαν, ὁ μὲν διὰ κήρυκος ὡς εἴρηται (c. 10, 5), Νέρων δ’ αὐτὸς ἐπὶ τῆς ἀγορᾶς ἀπὸ βήματος ἐν τῷ πλήθει δημηγορήσας. ἀλλὰ ταῦτα μὲν ὕστερον.

[13] [1] Ὁ δὲ Τίτος τότε καλλίστου καὶ δικαιοτάτου τοῦ πρὸς Νάβιν ἀρξάμενος πολέμου, τὸν Λακεδαιμονίων ἐξωλέστατον καὶ παρανομώτατον τύραννον, ἐν τῷ τέλει διεψεύσατο τὰς τῆς Ἑλλάδος ἐλπίδας, ἑλεῖν παρασχὸν οὐκ ἐθελήσας, ἀλλὰ σπεισάμενος καὶ προέμενος τὴν [2] Σπάρτην ἀναξίως δουλεύουσαν, εἴτε δείσας μὴ τοῦ πολέμου μῆκος λαμβάνοντος ἄλλος ἀπὸ Ῥώμης ἐπελθὼν στρατηγὸς ἀνέληται τὴν δόξαν, εἴτε φιλονικίᾳ καὶ ζηλοτυπίᾳ [3] τῶν Φιλοποίμενος τιμῶν, ὃν ἔν τε τοῖς ἄλλοις ἅπασιν ἄνδρα δεινότατον τῶν Ἑλλήνων ὄντα, καὶ περὶ ἐκεῖνον τὸν πόλεμον ἔργα θαυμαστὰ τόλμης καὶ δεινότητος ἀποδειξάμενον, ἴσα τῷ Τίτῳ κυδαίνοντες Ἀχαιοὶ καὶ τιμῶντες ἐν τοῖς θεάτροις, ἐλύπουν ἐκεῖνον, οὐκ ἀξιοῦντα Ῥωμαίων ὑπάτῳ προπολεμοῦντι τῆς Ἑλλάδος ἄνθρωπον Ἀρκάδα, μικρῶν καὶ ὁμόρων

πολέμων στρατηγόν, ὅμοια [4] θαυμάζεσθαι παρ’ αὐτοῖς. οὐ μὴν ἀλλ’ αὐτὸς ὁ Τίτος ὑπὲρ τούτων ἀπελογεῖτο, καταθέσθαι τὸν πόλεμον, ὡς ἑώρα σὺν κακῷ μεγάλῳ τῶν ἄλλων Σπαρτιατῶν ἀπολούμενον τὸν τύραννον.

[5] Τῶν δ’ Ἀχαιῶν αὐτῷ πολλὰ πρὸς τιμὴν ψηφισαμένων, οὐδὲν ἐδόκει πρὸς τὰς εὐεργεσίας ἐξισοῦσθαι πλὴν μιᾶς [6] δωρεᾶς, ἣν ἐκεῖνος ἀντὶ πάντων ἠγάπησεν. ἦν δὲ τοιάδε· Ῥωμαίων οἱ δυστυχήσαντες ἐν τῷ πρὸς Ἀννίβαν πολέμῳ πολλαχοῦ μὲν ὤνιοι γενόμενοι καὶ διασπαρέντες [7] ἐδούλευον· ἐν δὲ τῇ Ἑλλάδι χίλιοι καὶ διακόσιοι τὸ πλῆθος ἦσαν, ἀεὶ μὲν οἰκτροὶ τῆς μεταβολῆς, τότε δὲ καὶ μᾶλλον ὡς εἰκός, ἐντυγχάνοντες οἱ μὲν υἱοῖς, οἱ δ’ ἀδελφοῖς, οἱ δὲ συνήθεσιν, ἐλευθέροις δοῦλοι καὶ νικῶσιν [8] αἰχμάλωτοι. τούτους ὁ μὲν Τίτος οὐκ ἀφείλετο τῶν κεκτημένων, καίπερ ἀνιώμενος ἐπ’ αὐτοῖς, οἱ δ’ Ἀχαιοὶ λυτρωσάμενοι πέντε μνῶν ἕκαστον ἄνδρα καὶ συναγαγόντες εἰς ταὐτὸ πάντας ἤδη περὶ πλοῦν ὄντι τῷ Τίτῳ παρέδωκαν, ὥστ’ αὐτὸν εὐφραινόμενον ἀποπλεῖν, ἀπὸ καλῶν ἔργων καλὰς ἀμοιβὰς καὶ πρεπούσας ἀνδρὶ μεγάλῳ [9] καὶ φιλοπολίτῃ κεκομισμένον. ὃ δὴ δοκεῖ πρὸς τὸν θρίαμβον αὐτῷ πάντων ὑπάρξαι λαμπρότατον. οἱ γὰρ ἄνδρες οὗτοι, καθάπερ ἔθος ἐστὶ τοῖς οἰκέταις ὅταν ἐλευθερωθῶσι, ξύρεσθαί τε τὰς κεφαλὰς καὶ πιλία φορεῖν, ταῦτα δράσαντες αὐτοὶ θριαμβεύοντι τῷ Τίτῳ παρείποντο.

[14] [1] Καλὴν δὲ καὶ τὰ λάφυρα πομπευόμενα παρεῖχεν ὄψιν, Ἑλληνικὰ κράνη καὶ πέλται Μακεδονικαὶ καὶ [2] σάρισαι, τό τε τῶν χρημάτων πλῆθος οὐκ ὀλίγον ἦν, ὡς ἀναγράφουσιν οἱ περὶ τὸν Ἀντίαν ἐν τῷ θριάμβῳ κομισθῆναι χρυσίου μὲν συγκεχωνευμένου λίτρας τρισχιλίας ἑπτακοσίας δεκατρεῖς, ἀργύρου δὲ τετρακισμυρίας τρισχιλίας διακοσίας ἑβδομήκοντα, Φιλιππείους δὲ χρυσοῦς μυρίους τετρακισχιλίους πεντακοσίους δεκατέσσαρας· [3] χωρὶς δὲ τούτων τὰ χίλια τάλαντα Φίλιππος ὤφειλεν· ἀλλὰ ταῦτα μὲν ὕστερον ἐπείσθησαν Ῥωμαῖοι, μάλιστα τοῦ Τίτου συμπράξαντος, ἀφεῖναι τῷ Φιλίππῳ, καὶ σύμμαχον ἐψηφίσαντο καὶ τὸν υἱὸν ἀπήλλαξαν αὐτῷ τῆς ὁμηρείας.

[15] [1] Ἐπεὶ δ’ ὁ Ἀντίοχος εἰς τὴν Ἑλλάδα ναυσὶ πολλαῖς καὶ στρατῷ περαιωθεὶς ἀφίστη τὰς πόλεις καὶ διεστασίαζεν, Αἰτωλῶν αὐτῷ συνεπιλαμβανομένων, καὶ πάλαι διακειμένων πρὸς τὸν Ῥωμαίων δῆμον ἐχθρῶς καὶ πολεμικῶς, ὑπόθεσιν τοῦ πολέμου καὶ πρόφασιν διδόντων ἐλευθεροῦν τοὺς Ἕλληνας, οὐδὲν δεομένους (ἐλεύθεροι γὰρ ἦσαν), ἀλλ’ εὐπρεπεστέρας αἰτίας ἀπορίᾳ τῷ [2] καλλίστῳ τῶν ὀνομάτων χρῆσθαι διδασκόντων, [καὶ] σφόδρα δείσαντες οἱ Ῥωμαῖοι τὴν ἀνάτασιν καὶ δόξαν αὐτοῦ τῆς δυνάμεως, στρατηγὸν μὲν ὕπατον τοῦ πολέμου Μάνιον Ἀκίλιον

κατέπεμψαν, πρεσβευτὴν δὲ Τίτον διὰ [3] τοὺς Ἕλληνας, ὧν τοὺς μὲν εὐθὺς ὀφθεὶς ἐποίησε βεβαιοτέρους, τοὺς δ’ ἀρχομένους νοσεῖν, ὥσπερ τι σὺν καιρῷ φάρμακον ἐνδιδοὺς τὴν πρὸς αὑτὸν εὔνοιαν, ἔστησε καὶ [4] διεκώλυσεν ἐξαμαρτεῖν. ὀλίγοι δ’ αὐτὸν ἐξέφυγον, ἤδη προκατειλημμένοι καὶ διεφθαρμένοι παντάπασιν ὑπὸ τῶν Αἰτωλῶν, οὓς καίπερ ὀργισθεὶς καὶ παροξυνθεὶς ὅμως [5] μετὰ τὴν μάχην περιεποίησεν. Ἀντίοχος γὰρ ἡττηθεὶς ἐν Θερμοπύλαις καὶ φυγὼν εὐθὺς εἰς Ἀσίαν ἀπέπλευσε, Μάνιος δ’ ὁ ὕπατος τοὺς μὲν αὐτὸς ἐπιὼν τῶν Αἰτωλῶν ἐπολιόρκει, τοὺς δὲ τῷ βασιλεῖ Φιλίππῳ συνεχώρησεν [6] ἐξαιρεῖν. ἀγομένων δὲ καὶ φερομένων ὑπὸ τοῦ Μακεδόνος τοῦτο μὲν Δολόπων καὶ Μαγνήτων, τοῦτο δ’ Ἀθαμάνων καὶ Ἀπεραντῶν, αὐτοῦ δὲ τοῦ Μανίου τὴν μὲν Ἡράκλειαν διαπεπορθηκότος, τὴν δὲ Ναύπακτον Αἰτωλῶν ἐχόντων πολιορκοῦντος, οἰκτίρων τοὺς Ἕλληνας ὁ Τίτος διέπλευσεν ἐκ Πελοποννήσου πρὸς τὸν ὕπατον.

[7] καὶ πρῶτον μὲν ἐπετίμησεν, εἰ νενικηκὼς αὐτὸς τὰ ἔπαθλα τοῦ πολέμου Φίλιππον ἐᾷ φέρεσθαι, καὶ τριβόμενος περὶ μιᾷ πόλει κάθηται δι’ ὀργήν, ἔθνη δ’ οὐκ ὀλίγα καὶ [8] βασιλείας Μακεδόνες αἱροῦσιν. ἔπειτα τῶν πολιορκουμένων ὡς εἶδον αὐτὸν ἀπὸ τοῦ τείχους ἀνακαλούντων καὶ χεῖρας ὀρεγόντων καὶ δεομένων, τότε μὲν οὐδὲν εἰπών, [9] ἀλλὰ στραφεὶς καὶ δακρύσας ἀπῆλθεν· ὕστερον δὲ διαλεχθεὶς τῷ Μανίῳ καὶ καταπαύσας τὸν θυμὸν αὐτοῦ, διεπράξατο τοῖς Αἰτωλοῖς ἀνοχὰς δοθῆναι καὶ χρόνον, ἐν ᾧ πρεσβεύσαντες εἰς Ῥώμην μετρίου τινὸς τυχεῖν ἀξιώσουσι.

[16] [1] Πλεῖστον δ’ ἀγῶνα καὶ πόνον αὐτῷ παρεῖχον αἱ περὶ Χαλκιδέων δεήσεις, πρὸς τὸν Μάνιον ἐν ὀργῇ γεγονότων διὰ τὸν γάμον, ὃν παρ’ αὐτῶν ἔγημεν Ἀντίοχος ἤδη τοῦ πολέμου συνεστῶτος, οὐ καθ’ ὥραν οὐδὲ κατὰ καιρόν, ἀλλ’ ἐρασθεὶς ἀνὴρ πρεσβύτερος κόρης, ἣ θυγάτηρ μὲν ἦν Κλεοπτολέμου, καλλίστη δὲ λέγεται [2] παρθένων γενέσθαι. τοῦτο τοὺς Χαλκιδεῖς ἐποίησε βασιλίσαι προθυμότατα καὶ τὴν πόλιν αὐτῷ πρὸς τὸν πόλεμον [3] ὁρμητήριον παρασχεῖν. ἐκεῖνος μὲν οὖν ὡς τάχιστα μετὰ τὴν μάχην φεύγων προσέμειξε τῇ Χαλκίδι, τὴν δὲ κόρην ἀναλαβὼν καὶ τὰ χρήματα καὶ τοὺς φίλους, εἰς [4] Ἀσίαν ἀπέπλευσε· τὸν δὲ Μάνιον εὐθὺς ἐπὶ τοὺς Χαλκιδεῖς σὺν ὀργῇ πορευόμενον ὁ Τίτος παρακολουθῶν ἐμάλαττε καὶ παρῃτεῖτο, καὶ τέλος ‹ἐξ›έπεισε καὶ κατεπράϋνεν, [5] αὐτοῦ τε καὶ τῶν ἐν τέλει Ῥωμαίων δεόμενος. οὕτω διασωθέντες οἱ Χαλκιδεῖς τὰ κάλλιστα καὶ μέγιστα τῶν παρ’ αὐτοῖς ἀναθημάτων τῷ Τίτῳ καθιέρωσαν, ὧν ἐπιγραφὰς ἔστι τοιαύτας ἄχρι νῦν ὁρᾶν· ὁ δῆμος Τίτῳ καὶ Ἡρακλεῖ τὸ γυμνάσιον. ἑτέρωθι δὲ πάλιν· ὁ δῆμος [6] Τίτῳ καὶ Ἀπόλλωνι τὸ Δελφίνιον. ἔτι δὲ καὶ καθ’ ἡμᾶς ἱερεὺς χειροτονητὸς ἀπεδείκνυτο Τίτου, καὶ θύσαντες αὐτῷ τῶν

σπονδῶν γενομένων ᾄδουσι παιᾶνα πεποιημένον, οὗ τἆλλα διὰ μῆκος ἡμεῖς παρέντες, ἀνεγράψαμεν ἃ παυόμενοι τῆς ᾠδῆς λέγουσι (PLG III4`4 673 app. Powell Coll. Alex. 173)·

[7] Πίστιν δὲ Ῥωμαίων σέβομεν
τὰν μεγαλευκτοτάταν ὅρκοις φυλάσσειν·
μέλπετε κοῦραι
Ζῆνα μέγαν Ῥώμαν τε Τίτον θ’ ἅμα Ῥωμαίων τε Πίστιν·
ἰήϊε Παιάν,
ὦ Τίτε σῶτερ.

[17] [1] Ἦσαν δὲ καὶ παρὰ τῶν ‹ἄλλων› Ἑλλήνων τιμαὶ πρέπουσαι, καὶ τὸ τὰς τιμὰς ἀληθινὰς ποιοῦν, εὔνοια θαυμαστὴ [2] δι’ ἐπιείκειαν ἤθους. καὶ γὰρ εἴ τισιν ἐκ πραγμάτων ἢ φιλοτιμίας ἕνεκα, καθάπερ Φιλοποίμενι καὶ πάλιν Διοφάνει στρατηγοῦντι τῶν Ἀχαιῶν, προσέκρουσεν, οὐκ ἦν βαρὺς οὐδ’ εἰς ἔργα διατείνων ὁ θυμός, ἀλλ’ ἐν λόγῳ [3] παρρησίαν τινὰ πολιτικὴν ἔχοντι παυόμενος. πικρὸς μὲν οὖν οὐδενί, πολλοῖς δ’ ὀξὺς ἐδόκει καὶ κοῦφος εἶναι τὴν φύσιν, ἄλλως δὲ συγγενέσθαι πάντων ἥδιστος καὶ εἰπεῖν [4] ἐπίχαρις μετὰ δεινότητος. Ἀχαιοὺς μὲν γὰρ σφετεριζομένους τὴν Ζακυνθίων νῆσον ἀποτρέπων ἔφη κινδυνεύσειν, ἂν ὥσπερ αἱ χελῶναι πορρωτέρω τὴν κεφαλὴν τῆς [5] Πελοποννήσου προτείνωσι· Φιλίππου δ’, ὁπηνίκα περὶ σπονδῶν καὶ εἰρήνης τὸ πρῶτον εἰς λόγους συνῄεσαν, εἰπόντος μετὰ πολλῶν ἥκειν ἐκεῖνον, αὐτὸν δὲ μόνον, ὑπολαβὼν ὁ Τίτος αὐτὸν γὰρ ἔφη μόνον ἐποίησας, ἀποκτείνας [6] τοὺς φίλους καὶ συγγενεῖς. ἐπεὶ δὲ Δεινοκράτης ὁ Μεσσήνιος ἐν Ῥώμῃ παρὰ πότον μεθυσθεὶς ὠρχήσατο, λαβὼν ἱμάτιον γυναικεῖον, τῇ δ’ ὑστεραίᾳ τὸν Τίτον ἠξίου βοηθεῖν αὐτῷ, διανοουμένῳ τὴν Μεσσήνην ἀφιστάναι τῶν Ἀχαιῶν, ταῦτα μὲν ἔφη σκέψεσθαι, θαυμάζειν δ’ ἐκεῖνον, εἰ τηλικαύταις ἐπικεχειρηκὼς πράξεσιν [7] ὀρχεῖσθαι δύναται παρὰ πότον καὶ ᾄδειν. πρὸς δὲ τοὺς Ἀχαιούς, τῶν παρ’ Ἀντιόχου πρέσβεων πλῆθός τε τῆς βασιλικῆς στρατιᾶς καταλεγόντων, καὶ καταριθμουμένων πολλὰς προσηγορίας, ὁ Τίτος ἔφη, δειπνοῦντος αὐτοῦ παρά τῳ ξένῳ καὶ μεμφομένου τὸ πλῆθος τῶν κρεῶν καὶ θαυμάζοντος πόθεν οὕτω ποικίλης ἀγορᾶς εὐπόρησεν, εἰπεῖν τὸν ξένον, ὡς ὕεια πάντ’ ἐστί, τῇ σκευασίᾳ [8] διαφέροντα καὶ τοῖς ἡδύσμασι· μὴ τοίνυν ἔφη μηδ’ ὑμεῖς ὦ ἄνδρες Ἀχαιοὶ θαυμάζετε τὴν Ἀντιόχου δύναμιν, λογχοφόρους καὶ ξυστοφόρους καὶ πεζεταίρους ἀκούοντες· πάντες γὰρ οὗτοι Σύροι εἰσίν, ὁπλαρίοις διαφέροντες.

[18] [1] Μετὰ δὲ τὰς Ἑλληνικὰς πράξεις καὶ τὸν Ἀντιοχικὸν πόλεμον ἀπεδείχθη τιμητής, ἥτις ἐστὶν ἀρχὴ μεγίστη καὶ τρόπον τινὰ τῆς πολιτείας ἐπιτελείωσις, [2] καὶ συνῆρχε μὲν αὐτῷ ‹Μάρκελλος› Μαρκέλλου τοῦ

πεντάκις ὑπατεύσαντος υἱός, ἐξέβαλον δὲ τῆς βουλῆς τῶν οὐκ ἄγαν ἐπιφανῶν τέσσαρας, προσεδέξαντο δὲ πολίτας ἀπογραφομένους πάντας ὅσοι γονέων ἐλευθέρων ἦσαν, ἀναγκασθέντες ὑπὸ τοῦ δημάρχου Τερεντίου Κουλέωνος, ὃς ἐπηρεάζων τοῖς ἀριστοκρατικοῖς ἔπεισε τὸν δῆμον ταῦτα ψηφίσασθαι.

[3] Τῶν δὲ γνωριμωτάτων κατ' αὐτὸν ἀνδρῶν καὶ μεγίστων ἐν τῇ πόλει διαφερομένων πρὸς ἀλλήλους, Ἀφρικανοῦ Σκιπίωνος καὶ Μάρκου Κάτωνος, τὸν μὲν προέγραψε τῆς βουλῆς, ὡς ἄριστον ἄνδρα καὶ πρῶτον, Κάτωνι δ' εἰς ἔχθραν ἦλθε συμφορᾷ τοιαύτῃ χρησάμενος.

[4] ἀδελφὸς ἦν Τίτῳ Λεύκιος Φλαμινῖνος, οὔτε τὰ ἄλλα προσεοικὼς ἐκείνῳ τὴν φύσιν, ἔν τε ταῖς ἡδοναῖς ἀνελεύθερος [5] δεινῶς καὶ ὀλιγωρότατος τοῦ πρέποντος. τούτῳ συνῆν μειρακίσκος ἐρώμενος, ὃν καὶ στρατιᾶς ἄρχων ἐπήγετο, [6] καὶ διέπων ἐπαρχίαν εἶχεν ἀεὶ περὶ αὑτόν. ἐν οὖν πότῳ τινὶ θρυπτόμενος πρὸς τὸν Λεύκιον, οὕτως ἔφη σφόδρα φιλεῖν αὐτόν, ὥστε θέαν μονομάχων ἀπολιπεῖν, οὔπω γεγονὼς ἀνθρώπου φονευομένου θεατής, τὸ πρὸς [7] ἐκεῖνον ἡδὺ τοῦ πρὸς αὑτὸν ἐν πλείονι λόγῳ θέμενος. ὁ δὲ Λεύκιος ἡσθείς, οὐδὲν ἔφη δεινόν· ἰάσομαι γὰρ ἐγώ σου τὴν ἐπιθυμίαν, καὶ κελεύσας ἕνα τῶν καταδίκων ἐκ τοῦ δεσμωτηρίου προαχθῆναι, καὶ τὸν ὑπηρέτην μεταπεμψάμενος, ἐν τῷ συμποσίῳ προσέταξεν ἀποκόψαι τοῦ [8] ἀνθρώπου τὸν τράχηλον. Οὐαλέριος δ' Ἀντίας (HRR I 269) οὐκ ἐρωμένῳ φησίν, ἀλλ' ἐρωμένῃ τοῦτο χαρίσασθαι τὸν [9] Λεύκιον. ὁ δὲ Λίβιος ἐν λόγῳ Κάτωνος αὐτοῦ γεγράφθαι φησίν, ὡς Γαλάτην αὐτόμολον ἐλθόντα μετὰ παίδων καὶ γυναικὸς ἐπὶ τὰς θύρας δεξάμενος εἰς τὸ συμπόσιον ὁ Λεύκιος ἀπέκτεινεν ἰδίᾳ χειρί, τῷ ἐρωμένῳ χαριζόμενος.

[10] τοῦτο μὲν οὖν εἰκὸς εἰς δείνωσιν εἰρῆσθαι τῆς κατηγορίας ὑπὸ τοῦ Κάτωνος· ὅτι δ' οὐκ αὐτόμολος ἦν, ἀλλὰ δεσμώτης ὁ ἀναιρεθεὶς καὶ ἐκ τῶν καταδίκων, ἄλλοι τε πολλοὶ καὶ Κικέρων ὁ ῥήτωρ ἐν τῷ περὶ γήρως (12, 42), αὐτῷ Κάτωνι τὴν διήγησιν ἀναθείς, εἴρηκεν.

[19] [1] Ἐπὶ τούτῳ Κάτων τιμητὴς γενόμενος καὶ καθαίρων τὴν σύγκλητον, ἀπήλασε τῆς βουλῆς τὸν Λεύκιον, ὑπατικοῦ μὲν ἀξιώματος ὄντα, συνατιμοῦσθαι δὲ τοῦ [2] ἀδελφοῦ δοκοῦντος αὐτῷ. διὸ καὶ προελθόντες εἰς τὸν δῆμον ἀμφότεροι ταπεινοὶ καὶ δεδακρυμένοι, μέτρια δεῖσθαι τῶν πολιτῶν ἐδόκουν, ἀξιοῦντες αἰτίαν εἰπεῖν τὸν Κάτωνα καὶ λόγον, ᾧ χρησάμενος οἶκον ἔνδοξον [3] ἀτιμίᾳ τοσαύτῃ περιβέβληκεν. οὐδὲν οὖν ὑποστειλάμενος ὁ Κάτων προῆλθε, καὶ καταστὰς μετὰ τοῦ συνάρχοντος [4] ἠρώτησε τὸν Τίτον εἰ γινώσκει τὸ συμπόσιον. ἀρνουμένου δ' ἐκείνου, διηγησάμενος εἰς ὁρισμὸν προεκαλεῖτο τὸν [5] Λεύκιον, εἴ τί φησι τῶν εἰρημένων μὴ ἀληθὲς εἶναι. τοῦ δὲ Λευκίου σιωπήσαντος, ὁ μὲν δῆμος ἔγνω δικαίαν γεγονέναι τὴν ἀτιμίαν,

καὶ τὸν Κάτωνα προέπεμψε [6] λαμπρῶς ἀπὸ τοῦ βήματος· ὁ δὲ Τίτος τῇ συμφορᾷ τοῦ ἀδελφοῦ περιπαθῶν, συνέστη μετὰ τῶν πάλαι μισούντων τὸν Κάτωνα, καὶ πάσας μὲν ἃς ἐκεῖνος ἐποιήσατο τῶν δημοσίων ἐκδόσεις καὶ μισθώσεις καὶ ὠνὰς ἠκύρωσε καὶ [7] ἀνέλυσεν, ἐν τῇ βουλῇ κρατήσας, πολλὰς δὲ καὶ μεγάλας δίκας κατ᾽ αὐτοῦ παρεσκεύασεν, οὐκ οἶδ᾽ ὅπως εὖ καὶ πολιτικῶς [καὶ] πρὸς ἄρχοντα νόμιμον καὶ πολίτην ἄριστον ὑπὲρ ἀνδρὸς οἰκείου μέν, ἀναξίου δὲ καὶ τὰ προσήκοντα [8] πεπονθότος, ἀνήκεστον ἔχθραν ἀράμενος. οὐ μὴν ἀλλὰ τοῦ Ῥωμαίων ποτὲ δήμου θέαν ἔχοντος ἐν τῷ θεάτρῳ καὶ τῆς βουλῆς ᾧπερ εἴωθε κόσμῳ προκαθημένης, ὀφθεὶς ὁ Λεύκιος ἐπ᾽ ἐσχάτοις που καθήμενος ἀτίμως καὶ ταπεινῶς, οἶκτον ἔσχε, καὶ τὸ πλῆθος οὐκ ἠνέσχετο τὴν ὄψιν, ἀλλ᾽ ἐβόων μεταβῆναι κελεύοντες ἕως μετέβη, δεξαμένων αὐτὸν εἰς ἑαυτοὺς τῶν ὑπατικῶν.

[20] [1] Τὸ δ᾽ οὖν φύσει τοῦ Τίτου φιλότιμον, ἄχρι μὲν ἱκανὴν εἶχεν ὕλην περὶ τοὺς εἰρημένους πολέμους διατρίβοντος, εὐδοκίμει· καὶ γὰρ ἐχιλιάρχησεν αὖθις μετὰ τὴν ὑπατείαν, [2] οὐδενὸς ἐπείγοντος· ἀπαλλαγεὶς δὲ τοῦ ἄρχειν, καὶ πρεσβύτερος ὤν, ἠλέγχετο μᾶλλον ἐν οὐκ ἔχοντι πράξεις ἔτι τῷ λοιπῷ βίῳ σπαργῶντα πρὸς δόξαν καὶ νεάζοντα [3] τῷ πάθει κατέχειν ἑαυτὸν οὐ δυνάμενος· τοιαύτῃ γάρ τινι καὶ τὸ περὶ Ἀννίβαν φορᾷ δοκεῖ πράξας ἐπαχθὴς [4] γενέσθαι τοῖς πολλοῖς. ὁ γὰρ Ἀννίβας οἴκοθεν μὲν ἐκ Καρχηδόνος ὑπεκδρὰς Ἀντιόχῳ συνῆν, ἐκείνου δὲ μετὰ τὴν ἐν Φρυγίᾳ μάχην εἰρήνης ἀγαπητῶς τυχόντος, αὖθις φυγὼν καὶ πλανηθεὶς πολλά, τέλος ἐν τῇ Βιθυνίᾳ κατέστη Προυσίαν θεραπεύων, οὐδενὸς Ῥωμαίων ἀγνοοῦντος, ἀλλὰ παρορώντων ἁπάντων δι᾽ ἀσθένειαν καὶ [5] γῆρας, ὥσπερ ἐρριμμένον ὑπὸ τῆς τύχης. Τίτος δὲ πρεσβευτὴς δι᾽ ἑτέρας δή τινας πράξεις ὑπὸ τῆς βουλῆς πρὸς τὸν Προυσίαν ἀφικόμενος, καὶ τὸν Ἀννίβαν ἰδὼν αὐτόθι διαιτώμενον, ἠγανάκτησεν εἰ ζῇ, καὶ πολλὰ τοῦ Προυσίου δεομένου καὶ λιπαροῦντος ὑπὲρ ἀνδρὸς ἱκέτου καὶ [6] συνήθους, οὐ παρῆκε. χρησμοῦ δέ τινος ὡς ἔοικε παλαιοῦ περὶ τῆς Ἀννίβου τελευτῆς οὕτως ἔχοντος·

Λίβυσσα κρύψει βῶλος Ἀννίβου δέμας,

ὁ μὲν ἄρα Λιβύην ὑπενόει καὶ τὰς ἐν Καρχηδόνι ταφάς, ὡς ἐκεῖ καταβιωσόμενος· ἐν δὲ Βιθυνίᾳ τόπος ἐστὶ θινώδης ἐπὶ θαλάσσης καὶ πρὸς αὐτῷ κώμη τις οὐ μεγάλη, [7] Λίβυσσα καλεῖται. περὶ ταύτην ἔτυχε διατρίβων Ἀννίβας, ἀεὶ δ᾽ ἀπιστῶν τῇ τοῦ Προυσίου μαλακίᾳ καὶ φοβούμενος τοὺς Ῥωμαίους, τὴν οἰκίαν ἔτι πρότερον ἐξόδοις ἑπτὰ καταγείοις συντετρημένην ἐκ τῆς ἑαυτοῦ διαίτης εἶχεν, ἄλλου κατ᾽ ἄλλο τῶν ὑπονόμων, πόρρω δὲ [8] πάντων ἀδήλως ἐκφερόντων. ὡς οὖν ἤκουσε τότε τὸ πρόσταγμα τοῦ Τίτου, φεύγειν μὲν ὥρμησε διὰ τῶν ὑπονόμων, ἐντυχὼν δὲ φυλακαῖς βασιλικαῖς,

ἔγνω δι’ αὐτοῦ [9] τελευτᾶν. ἔνιοι μὲν οὖν λέγουσιν, ὡς ἱμάτιον τῷ τραχήλῳ περιβαλὼν καὶ κελεύσας οἰκέτην ὄπισθεν ἐρείσαντα κατὰ τοῦ ἰσχίου τὸ γόνυ καὶ σφοδρῶς ἀνακλάσαντα συντεῖναι καὶ περιστρέψαι μέχρι ἂν ἐκθλίψαι τὸ πνεῦμα, διαφθείρειεν αὑτόν· ἔνιοι δὲ μιμησάμενον Θεμιστοκλέα καὶ Μίδαν [10] αἷμα ταύρειον πιεῖν· Λίβιος δέ φησι (39, 51, 811) φάρμακον ἔχοντα κεράσαι, καὶ τὴν κύλικα δεξάμενον εἰπεῖν· ἀναπαύσωμεν ἤδη ποτὲ τὴν πολλὴν φροντίδα Ῥωμαίων, οἳ μακρὸν ἡγήσαντο καὶ βαρὺ μισουμένου γέροντος ἀναμεῖναι [11] θάνατον. οὐ μὴν οὐδὲ Τίτος ἀξιοζήλωτον ἀποίσεται νίκην οὐδὲ τῶν προγόνων ἀξίαν, οἳ Πύρρῳ πολεμοῦντι καὶ κρατοῦντι τὴν μέλλουσαν ὑποπέμψαντες κατεμήνυσαν φαρμακείαν.

[21] [1] Οὕτω μὲν τὸν Ἀννίβαν ἀποθανεῖν λέγουσιν.

Ἀπαγγελθέντων δὲ τούτων πρὸς τὴν σύγκλητον, οὐκ ὀλίγοις ἐπαχθὴς ἔδοξεν ὁ Τίτος καὶ περιττὸς ἄγαν καὶ ὠμός, ὥσπερ ὄρνιν ὑπὸ γήρως ἀπτῆνα καὶ κόλουρον ἀφειμένον ζῆν χειροήθη τὸν Ἀννίβαν ἀποκτείνας, οὐδενὸς ἐπείγοντος, ἀλλὰ διὰ δόξαν, ὡς ἐπώνυμος τοῦ θανάτου γένοιτο.

[2] καὶ τὴν Ἀφρικανοῦ Σκιπίωνος ἀντιθέντες πρᾳότητα καὶ μεγαλοψυχίαν ἔτι μᾶλλον ἐθαύμαζον, ὡς ἀήττητον ὄντα καὶ φοβερὸν ἐν Λιβύῃ καταπολεμήσας Ἀννίβαν, οὔτ’ ἐξήλασεν οὔτ’ ἐξῃτήσατο παρὰ τῶν πολιτῶν, ἀλλὰ καὶ πρὸ τῆς μάχης εἰς λόγους ἐλθὼν ἐδεξιώσατο, καὶ μετὰ τὴν μάχην σπενδόμενος οὐδὲν ἐπετόλμησεν οὐδ’ [3] ἐπενέβη τῇ τύχῃ τοῦ ἀνδρός. λέγεται δ’ αὖθις ἐν Ἐφέσῳ συμβαλεῖν αὐτούς, καὶ πρῶτον μὲν ἐν τῷ συμπεριπατεῖν τοῦ Ἀννίβου τὴν προήκουσαν ἐν ἀξιώματι τάξιν [εἶναι] προλαβόντος, ἀνέχεσθαι καὶ περιπατεῖν ἀφελῶς τὸν Ἀφρικανόν· [4] ἔπειτα λόγου περὶ στρατηγῶν ἐμπεσόντος, καὶ τοῦ Ἀννίβου κράτιστον ἀποφηναμένου γεγονέναι τῶν στρατηγῶν Ἀλέξανδρον, εἶτα Πύρρον, τρίτον δ’ αὑτόν, ἡσυχῇ μειδιάσαντα τὸν Ἀφρικανὸν εἰπεῖν· τί δ’ εἰ μή σ’ ἐγὼ [5] νενικήκειν; καὶ τὸν Ἀννίβαν οὐκ ἂν ὦ Σκιπίων φάναι τρίτον ἐμαυτόν, ἀλλὰ πρῶτον ἐποιούμην τῶν στρατηγῶν.

[6] ταῦτα δὴ τοῦ Σκιπίωνος οἱ πολλοὶ θαυμάζοντες ἐκάκιζον τὸν Τίτον, ὡς ἀλλοτρίῳ νεκρῷ προσενεγκόντα [7] τὰς χεῖρας. ἔνιοι δ’ ἦσαν οἱ τὸ πεπραγμένον ἐπαινοῦντες, καὶ τὸν Ἀννίβαν ἕως ἔζη πῦρ ἡγούμενοι δεόμενον [8] τοῦ ῥιπίζοντος· μηδὲ γὰρ ἀκμάζοντος αὐτοῦ τὸ σῶμα Ῥωμαίοις καὶ τὴν χεῖρα φοβεράν, ἀλλὰ τὴν δεινότητα καὶ τὴν ἐμπειρίαν γεγονέναι μετὰ τῆς ἐμφύτου πικρίας [9] καὶ δυσμενείας· ὧν οὐδὲν ἀφαιρεῖν τὸ γῆρας, ἀλλ’ ὑπομένειν τὴν φύσιν ἐν τῷ ἤθει· τὴν δὲ τύχην οὐ διαμένειν ὁμοίαν, ἀλλὰ μεταπίπτουσαν ἐκκαλεῖσθαι ταῖς ἐλπίσι [10] πρὸς τὰς ἐπιθέσεις τοὺς ἀεὶ τῷ μισεῖν πολεμοῦντας. καὶ τὰ ὕστερά πως ἔτι μᾶλλον ἐμαρτύρησε τῷ Τίτῳ,

τοῦτο μὲν Ἀριστόνικος ὁ τοῦ κιθαρῳδοῦ, διὰ τὴν Εὐμενοῦς δόξαν ἐμπλήσας ἅπασαν ἀποστάσεων καὶ πολέμων τὴν Ἀσίαν, τοῦτο δὲ Μιθριδάτης, μετὰ Σύλλαν καὶ Φιμβρίαν καὶ τοσούτων ὄλεθρον στρατευμάτων καὶ στρατηγῶν αὖθις ἐπὶ Λεύκολλον ἐκ γῆς ὁμοῦ καὶ θαλάττης ἀναστὰς [11] τηλικοῦτος. οὐ μὴν οὐδὲ Γαΐου Μαρίου ταπεινότερος Ἀννίβας ἔκειτο. τῷ μὲν γὰρ βασιλεὺς φίλος ὑπῆρχε, καὶ βίος ἦν συνήθης καὶ διατριβαὶ περὶ ναῦς καὶ ἵππους καὶ [12] στρατιωτῶν ἐπιμέλειαν· τὰς δὲ Μαρίου τύχας Ῥωμαῖοι γελῶντες, ἀλωμένου καὶ πτωχεύοντος ἐν Λιβύῃ, μετὰ μικρὸν ἐν Ῥώμῃ σφαττόμενοι καὶ μαστιγούμενοι προσεκύνουν.

[13] οὕτως οὐδὲν οὔτε μικρὸν οὔτε μέγα τῶν παρόντων πρὸς τὸ μέλλον ἐστίν, ἀλλὰ μία τοῦ μεταβάλλειν τελευτὴ [14] καὶ τοῦ εἶναι. διὸ καί φασιν ἔνιοι τὸν Τίτον οὐκ ἀφ’ ἑαυτοῦ ταῦτα πρᾶξαι, πεμφθῆναι δὲ πρεσβευτὴν μετὰ Λευκίου Σκιπίωνος, οὐδὲν ἄλλο τῆς πρεσβείας ἐχούσης ἔργον ἢ τὸν Ἀννίβου θάνατον.

[15] Ἐπεὶ δ’ οὐδεμίαν ἔτι τούτων κατόπιν οὔτε πολιτικὴν τοῦ Τίτου πρᾶξιν οὔτε πολεμικὴν ἱστορήκαμεν, ἀλλὰ καὶ τελευτῆς ἔτυχεν εἰρηνικῆς, ὥρα τὴν σύγκρισιν ἐπισκοπεῖν.

Comparison Philopoemenis et Titi Flaminini

[1] [1] Μεγέθει μὲν οὖν τῶν εἰς τοὺς Ἕλληνας εὐεργεσιῶν οὔτε Φιλοποίμενα Τίτῳ παραβάλλειν οὔτε πάνυ πολλοὺς τῶν Φιλοποίμενος ἀμεινόνων ἀνδρῶν ἄξιόν ἐστι· [2] τοῖς μὲν γὰρ Ἕλλησι πρὸς Ἕλληνας οἱ πόλεμοι, τῷ δ' οὐχ Ἕλληνι καὶ ὑπὲρ Ἑλλήνων· καὶ ὅτε Φιλοποίμην ἀμηχανῶν τοῖς ἑαυτοῦ πολίταις ἀμύνειν πολεμουμένοις εἰς Κρήτην ἀπῆρε, τότε νικήσας Τίτος ἐν μέσῃ τῇ Ἑλλάδι Φίλιππον, ἠλευθέρου καὶ τὰ ἔθνη καὶ ‹τὰς› πόλεις [3] ἁπάσας. εἰ δέ τις ἐξετάζοι τὰς μάχας ἑκατέρου, πλείους Ἕλληνας Φιλοποίμην Ἀχαιῶν στρατηγῶν ἢ Μακεδόνας [4] Τίτος Ἕλλησι βοηθῶν ἀνεῖλε. τὰ τοίνυν ἁμαρτήματα τοῦ μὲν φιλοτιμίας, τοῦ δὲ φιλονικίας γέγονε, καὶ πρὸς [5] ὀργὴν ὁ μὲν εὐκίνητος ἦν, ὁ δὲ καὶ δυσπαραίτητος. Τίτος μὲν γὰρ καὶ Φιλίππῳ τὸ ἀξίωμα τῆς βασιλείας ἐφύλαξε, καὶ πρὸς Αἰτωλοὺς εὐγνωμόνησε, Φιλοποίμην δὲ τῆς πατρίδος [6] δι' ὀργὴν ἀφείλετο τὴν περιοικίδα συντέλειαν. ἔτι δ' ὁ μὲν τοῖς εὖ παθοῦσιν ἀεὶ βέβαιος, ὁ δὲ θυμῷ λῦσαι χάριν ἕτοιμος· Λακεδαιμονίων μὲν γὰρ εὐεργέτης πρότερον ὤν, ὕστερον καὶ τὰ τείχη κατέσκαψε, καὶ τὴν χώραν περιέκοψε, καὶ τέλος αὐτὴν μετέβαλε καὶ διέφθειρε [7] τὴν πολιτείαν. ἐδόκει δὲ καὶ τὸν βίον ὀργῇ προέσθαι καὶ φιλονικίᾳ, μὴ κατὰ καιρὸν ἀλλ' ὀξύτερον τοῦ δέοντος εἰς Μεσσήνην ἐπειχθείς, οὐχ ὥσπερ Τίτος πάντα λογισμῷ καὶ πρὸς ἀσφάλειαν στρατηγήσας.

[2] [1] Ἀλλὰ πλήθει γε πολέμων καὶ τροπαίων ἡ Φιλοποίμενος ἐμπειρία βεβαιοτέρα. τῷ μὲν γὰρ τὰ πρὸς Φίλιππον ἐκρίθη δυοῖν ἀγώνοιν, ὁ δὲ μυρίας μάχας κατορθώσας, οὐδεμίαν ἀμφισβήτησιν τῇ τύχῃ πρὸς τὴν ἐπιστήμην [2] ἀπολέλοιπεν. ἔτι δ' ὁ μὲν τῇ Ῥωμαίων ἀκμὴν ἐχούσῃ δυνάμει χρησάμενος, ὁ δὲ ‹τῇ› τῆς Ἑλλάδος ἤδη φθινούσης ‹καὶ› παρακμασάσ‹ης›, δόξαν ἔσχεν, ὥστε τοῦ μὲν ἴδιον, τοῦ δὲ κοινὸν ἔργον εἶναι τὸ κατορθούμενον· ὁ μὲν γὰρ [3] ἦρχεν ἀγαθῶν, ὁ δ' ἄρχων ἀγαθοὺς ἐποίει. καὶ μὴν τό γε πρὸς Ἕλληνας τούτῳ γενέσθαι τοὺς ἀγῶνας οὐκ εὐτυχῆ μέν, ἰσχυρὰν δὲ τῆς ἀρετῆς ἀπόδειξιν παρεῖχεν· οἷς γὰρ [4] ὅμοια τἆλλα, τῷ προὔχειν ἀρετῇ κρατοῦσι. καὶ γὰρ δὴ πολεμικωτάτοις Ἑλλήνων Κρησὶ καὶ Λακεδαιμονίοις πολεμήσας, τῶν μὲν πανουργοτάτων δόλῳ, τῶν δ' ἀλκιμωτάτων [5] τόλμῃ περιεγένετο. πρὸς δὲ τούτοις Τίτος μὲν ἐξ ὑποκειμένων ἐνίκα, χρώμενος ὁπλισμοῖς καὶ τάξεσιν αἷς παρέλαβε, Φιλοποίμην δ' αὐτὸς ἐπεισενεγκὼν καὶ μεταβαλὼν τὸν περὶ ταῦτα κόσμον, ὥστε τὸ νικητικώτατον ὑφ' οὗ μὲν οὐκ ὂν εὑρῆσθαι, τῷ δ' ὑπάρχον βοηθεῖν.

[6] κατὰ χεῖρα τοίνυν Φιλοποίμενος μὲν ἔργα πολλὰ καὶ μεγάλα, θατέρου δ' οὐδέν, ἀλλὰ καὶ Αἰτωλῶν τις αὐτὸν Ἀρχέδημος ἐπέσκωπτεν, ὡς ὅτ' αὐτὸς ἐσπασμένος τὴν μάχαιραν ἔθει δρόμῳ πρὸς τοὺς μαχομένους καὶ [τοὺς] συνεστῶτας τῶν Μακεδόνων, τοῦ Τίτου τὰς χεῖρας εἰς τὸν οὐρανὸν ὑπτίας ἀνατείναντος ἑστῶτος καὶ προσευχομένου.

[3] [1] Καὶ μὴν Τίτῳ μὲν ἄρχοντι συνέβη καὶ πρεσβεύοντι πάντα πρᾶξαι τὰ καλά, Φιλοποίμην δ' οὐ χείρονα παρέσχεν οὐδ' ἀπρακτότερον ἑαυτὸν ἰδιώτην ἢ στρατηγὸν [2] τοῖς Ἀχαιοῖς. ἰδιώτης μὲν γὰρ ὢν Νάβιν ἐξέβαλεν ἐκ Μεσσήνης καὶ Μεσσηνίους ἠλευθέρωσεν, ἰδιώτης δὲ Διοφάνην τὸν στρατηγὸν καὶ Τίτον ἐπερχομένους ἀπέκλεισε [3] τῆς Σπάρτης καὶ Λακεδαιμονίους διέσωσεν. οὕτως ἡγεμονικὴν φύσιν ἔχων, οὐ κατὰ τοὺς νόμους ‹μόνον›, ἀλλὰ καὶ τῶν νόμων ἄρχειν ἠπίστατο πρὸς τὸ συμφέρον, οὐ δεόμενος παρὰ τῶν ἀρχομένων λαβεῖν τὸ ἄρχειν, ἀλλὰ χρώμενος αὐτοῖς ὅπου καιρὸς εἴη, τὸν ὑπὲρ αὐτῶν φρονοῦντα μᾶλλον ἢ τὸν ὑπ' αὐτῶν ᾑρημένον ἡγουμένοις [4] στρατηγόν. γενναῖα μὲν οὖν Τίτου τὰ πρὸς τοὺς Ἕλληνας ἐπιεικῆ καὶ φιλάνθρωπα, γενναιότερα δὲ Φιλοποίμενος τὰ πρὸς τοὺς Ῥωμαίους σκληρὰ καὶ φιλελεύθερα· ῥᾷον γὰρ χαρίζεσθαι τοῖς δεομένοις ἢ λυπεῖν ἀντιτείνοντα τοὺς δυνατωτέρους.

[5] Ἐπεὶ δ' οὕτως ἐξεταζομένων δυσθεώρητος ἡ διαφορά, σκόπει μὴ τῷ μὲν Ἕλληνι τὸν ἐμπειρίας πολεμικῆς καὶ στρατηγίας στέφανον, τῷ δὲ Ῥωμαίῳ τὸν δικαιοσύνης καὶ χρηστότητος ἀποδιδόντες, οὐ φαύλως διαιτᾶν δόξομεν.

Pyrrus

[1] [1] Θεσπρωτῶν καὶ Μολοσσῶν μετὰ τὸν κατακλυσμὸν ἱστοροῦσι Φαέθοντα βασιλεῦσαι πρῶτον, ἕνα τῶν μετὰ Πελασγοῦ παραγενομένων εἰς τὴν Ἤπειρον· ἔνιοι δὲ Δευκαλίωνα καὶ Πύρραν εἱσαμένους τὸ περὶ Δωδώνην [2] ἱερὸν αὐτόθι κατοικεῖν ἐν Μολοσσοῖς. χρόνῳ δ' ὕστερον Νεοπτόλεμος ὁ Ἀχιλλέως λαὸν ἀγαγὼν αὐτός τε τὴν χώραν κατέσχε, καὶ διαδοχὴν βασιλέων ἀφ' αὑτοῦ κατέλιπε, Πυρρίδας ἐπικαλουμένους· καὶ γὰρ αὐτῷ Πύρρος ἦν παιδικὸν ἐπωνύμιον, καὶ τῶν γνησίων παίδων ἐκ Λανάσσης τῆς Κλεοδαίου τοῦ Ὕλλου γενομένων ἕνα Πύρρον [3] ὠνόμασεν. ἐκ τούτου δὲ καὶ Ἀχιλλεὺς ἐν Ἠπείρῳ τιμὰς ἰσοθέους ἔσχεν, Ἄσπετος ἐπιχωρίῳ φωνῇ προσαγορευόμενος.

[4] μετὰ δὲ τοὺς πρώτους τῶν διὰ μέσου βασιλέων ἐκβαρβαρωθέντων καὶ γενομένων τῇ τε δυνάμει καὶ τοῖς βίοις ἀμαυροτέρων, Θαρρύπαν πρῶτον ἱστοροῦσιν Ἑλληνικοῖς ἔθεσι καὶ γράμμασι καὶ νόμοις φιλανθρώποις [5] διακοσμήσαντα τὰς πόλεις ὀνομαστὸν γενέσθαι. Θαρρύπου δ' Ἀλκέτας υἱὸς ἦν, Ἀλκέτα δ' Ἀρύββας, Ἀρύββα δὲ [6] καὶ Τρῳάδος Αἰακίδης. οὗτος ἔγημε τὴν Μένωνος τοῦ Θεσσαλοῦ θυγατέρα Φθίαν, ἀνδρὸς εὐδοκίμου περὶ τὸν Λαμιακὸν πόλεμον γενομένου καὶ μέγιστον ἀξίωμα τῶν [7] συμμάχων μετὰ Λεωσθένην λαβόντος. ἐκ δὲ τῆς Φθίας τῷ Αἰακίδῃ γίνονται θυγατέρες Δηιδάμεια καὶ Τρῳάς, υἱὸς δὲ Πύρρος.

[2] [1] Ἐπεὶ δὲ στασιάσαντες οἱ Μολοσσοὶ καὶ τὸν Αἰακίδην ἐκβαλόντες ἐπηγάγοντο τοὺς Νεοπτολέμου παῖδας, οἱ μὲν φίλοι τοῦ Αἰακίδου διεφθάρησαν καταληφθέντες, τὸν δὲ Πύρρον ἔτι νήπιον ὄντα καὶ ζητούμενον ὑπὸ τῶν πολεμίων ἐκκλέψαντες οἱ περὶ Ἀνδροκλείδην καὶ Ἄγγελον ἔφευγον, οἰκέτας ὀλίγους καὶ γύναια τιθηνούμενα τὸ [2] παιδίον ἀναγκαίως ἐφελκόμενοι. καὶ διὰ τοῦτο τῆς φυγῆς γινομένης αὐτοῖς δυσέργου καὶ βραδείας, καταλαμβανόμενοι τὸ μὲν παιδίον ἐγχειρίζουσιν Ἀνδροκλείωνι καὶ Ἱππίᾳ καὶ Νεάνδρῳ, νεανίσκοις οὖσι πιστοῖς καὶ ῥωμαλέοις, ἀνὰ κράτος φεύγειν καὶ Μεγάρων ἔχεσθαι χωρίου Μακεδονικοῦ προστάξαντες, αὐτοὶ δὲ τὰ μὲν δεόμενοι, τὰ δ' ἀπομαχόμενοι τοῖς διώκουσιν ἐμποδὼν ἦσαν ἄχρι δείλης ὀψίας. ἀποτραπομένων δὲ μόλις ἐκείνων, μετέθεον [3] τοὺς τὸν Πύρρον κομίζοντας. ἤδη δὲ τοῦ ἡλίου καταδεδυκότος ἐγγὺς γενόμενοι τῆς ἐλπίδος ἐξαίφνης ἀπεκόπησαν, ἐντυχόντες τῷ παρὰ τὴν πόλιν παραρρέοντι ποταμῷ, χαλεπῷ μὲν ὀφθῆναι καὶ ἀγρίῳ, πειρωμένοις [4] δὲ διαβαίνειν παντάπασιν ἀπεράτῳ. πολύ τε γὰρ ἐξέπιπτε ῥεῦμα καὶ θολερὸν ὄμβρων

ἐπιγενομένων, καὶ τὸ [5] σκότος ἐποίει πάντα φοβερώτερα. καθ’ αὑτοὺς μὲν οὖν ἀπέγνωσαν ἐπιχειρεῖν, παιδίον φερόμενοι καὶ γύναια τὰ τρέφοντα τὸ παιδίον, αἰσθόμενοι δὲ τῶν ἐπιχωρίων τινὰς ἐν τῷ πέραν ἑστῶτας, ἐδέοντο συλλαβέσθαι πρὸς τὴν διάβασιν, καὶ τὸν Πύρρον ἀνεδείκνυσαν βοῶντες καὶ [6] ἱκετεύοντες. οἱ δ’ οὐ κατήκουον διὰ τραχύτητα καὶ πάταγον τοῦ ῥεύματος, ἀλλ’ ἦν διατριβὴ τῶν μὲν βοώντων, τῶν δὲ μὴ συνιέντων, ἄχρι τις ἐννοήσας καὶ περιελὼν δρυὸς φλοιὸν ἐνέγραψε πόρπῃ γράμματα φράζοντα τήν τε χρείαν καὶ τὴν τύχην τοῦ παιδός, εἶτα λίθῳ τὸν φλοιὸν περιελίξας καὶ χρησάμενος οἷον ἕρματι τῆς βολῆς ἀφῆκεν εἰς τὸ πέραν· ἔνιοι δέ φασι σαυνίῳ περιπήξαντας ἀκοντίσαι [7] τὸν φλοιόν. ὡς δ’ οὖν ἀνέγνωσαν οἱ πέραν τὰ γράμματα καὶ συνεῖδον τὴν ὀξύτητα τοῦ καιροῦ, κόπτοντες [8] ξύλα καὶ πρὸς ἄλληλα συνδέοντες ἐπεραιοῦντο. καὶ κατὰ τύχην ὁ πρῶτος αὐτῶν περαιωθεὶς Ἀχιλλεὺς τοὔνομα τὸν Πύρρον ἐδέξατο· τοὺς δ’ ἄλλους ὡς ἔτυχον ἄλλοι διεκόμιζον.

[3] [1] Οὕτω δὲ σωθέντες καὶ φθάσαντες τὴν δίωξιν, εἰς Ἰλλυριοὺς παρεγένοντο πρὸς Γλαυκίαν τὸν βασιλέα· καὶ καθεζόμενον εὑρόντες οἴκοι μετὰ τῆς γυναικός, ἐν μέσῳ [2] τὸ παιδίον ἐπὶ τῆς γῆς κατέθεσαν. ὁ δ’ †ἦν ἐπὶ γνώμης, Κάσσανδρον δεδοικὼς ἐχθρὸν ὄντα τοῦ Αἰακίδου, καὶ [3] σιωπὴν εἶχε πολὺν χρόνον βουλευόμενος. ἐν τούτῳ δ’ ὁ Πύρρος ἀπ’ αὐτομάτου προσερπύσας καὶ λαβόμενος τοῦ ἱματίου ταῖς χερσὶ καὶ προσεξαναστὰς πρὸς τὰ γόνατα τοῦ Γλαυκίου, γέλωτα πρῶτον, εἶτ’ οἶκτον παρέσχεν, [4] ὥσπερ τις ἱκέτης δεόμενος καὶ δακρύων. ἔνιοι δέ φασιν οὐ τῷ Γλαυκίᾳ προσπεσεῖν αὐτόν, ἀλλὰ βωμοῦ θεῶν προσαψάμενον ἑστάναι πρὸς αὐτὸν περιβαλόντα τὰς χεῖρας, [5] καὶ τὸ πρᾶγμα τῷ Γλαυκίᾳ θεῖον φανῆναι. διὸ καὶ παραυτίκα τὸν Πύρρον ἐνεχείρισε τῇ γυναικί, κελεύσας ἅμα τοῖς τέκνοις τρέφεσθαι, καὶ μικρὸν ὕστερον ἐξαιτουμένων τῶν πολεμίων, Κασσάνδρου δὲ καὶ διακόσια τάλαντα διδόντος, οὐκ ἐξέδωκεν, ἀλλὰ καὶ γενόμενον δυοκαίδεκα ἐτῶν καταγαγὼν εἰς Ἤπειρον μετὰ δυνάμεως βασιλέα κατέστησεν.

[6] Ἦν δ’ ὁ Πύρρος τῇ μὲν ἰδέᾳ τοῦ προσώπου φοβερώτερον ἔχων ἢ σεμνότερον τὸ βασιλικόν, πολλοὺς δ’ ὀδόντας οὐκ εἶχεν, ἀλλ’ ἓν ὀστέον συνεχὲς ἦν ἄνωθεν, οἷον λεπταῖς ἀμυχαῖς τὰς διαφυὰς ὑπογεγραμμένον τῶν ὀδόντων.

[7] τοῖς δὲ σπληνιῶσιν ἐδόκει βοηθεῖν ἀλεκτρυόνα θύων λευκόν, ὑπτίων τε κατακειμένων τῷ δεξιῷ ποδὶ πιέζων [8] ἀτρέμα τὸ σπλάγχνον. οὐδεὶς δ’ ἦν πένης οὐδ’ ἄδοξος οὕτως, ὥστε μὴ τυχεῖν τῆς ἰατρείας δεηθείς. ἐλάμβανε δὲ καὶ τὸν ἀλεκτρυόνα θύσας, καὶ τὸ γέρας τοῦθ’ ἥδιστον ἦν [9] αὐτῷ. λέγεται δὲ τοῦ ποδὸς ἐκείνου τὸν μείζονα δάκτυλον ἔχειν δύναμιν θείαν, ὥστε μετὰ τὴν

τελευτὴν τοῦ λοιποῦ σώματος κατακαέντος ἀπαθῆ καὶ ἄθικτον ὑπὸ τοῦ πυρὸς εὑρεθῆναι. ταῦτα μὲν οὖν ὕστερον.

[4] [1] Γενομένῳ δὲ περὶ ἑπτακαίδεκα ἔτη καὶ δοκοῦντι τὴν ἀρχὴν ἔχειν βεβαίως ἀποδημία τις συνέτυχε, τῶν Γλαυκίου παίδων ἑνὸς οἷς συνετέθραπτο γυναῖκα λαμβάνοντος.

[2] πάλιν οὖν οἱ Μολοττοὶ συστάντες ἐξέβαλον τοὺς φίλους αὐτοῦ καὶ τὰ χρήματα διήρπασαν, καὶ Νεοπτολέμῳ [3] παρέδωκαν ἑαυτούς. ὁ δὲ Πύρρος οὕτω τὴν ἀρχὴν ἀποβαλὼν καὶ γενόμενος πάντων ἔρημος, Δημητρίῳ τῷ Ἀντιγόνου προσέμειξεν ἑαυτόν, ἔχοντι τὴν ἀδελφὴν αὐτοῦ Δηιδάμειαν, ἣν ἔτι μὲν οὖσαν κόρην ὠνόμαζον Ἀλεξάνδρου τοῦ Ῥωξάνης γυναῖκα, τῶν δὲ κατ’ ἐκείνους δυστυχηθέντων, ὥραν ἔχουσαν αὐτὴν ἔγημεν ὁ Δημήτριος.

[4] τῆς δὲ μεγάλης μάχης, ἣν ἐν Ἰψῷ πάντες οἱ βασιλεῖς ἠγωνίσαντο, παρὼν ὁ Πύρρος τοῖς περὶ Δημήτριον συμμετεῖχε μειράκιον ὢν ἔτι, καὶ τοὺς καθ’ ἑαυτὸν [5] ἐτρέψατο καὶ διεφάνη λαμπρὸς ἐν τοῖς μαχομένοις. πταίσαντα δὲ Δημήτριον οὐκ ἐγκατέλιπεν, ἀλλὰ καὶ τὰς ἐν τῇ Ἑλλάδι πόλεις πιστευθεὶς διεφύλαξε, καὶ συμβάσεων αὐτῷ γενομένων πρὸς Πτολεμαῖον, ἔπλευσεν εἰς Αἴγυπτον [6] ὁμηρεύσων. καὶ Πτολεμαίῳ μὲν ἔν τε θήραις καὶ γυμνασίοις ἐπίδειξιν ἀλκῆς παὶ καρτερίας παρεῖχε, τὴν δὲ Βερενίκην ὁρῶν μέγιστον δυναμένην καὶ πρωτεύουσαν ἀρετῇ καὶ φρονήσει τῶν Πτολεμαίου γυναικῶν ἐθεράπευε [7] μάλιστα· καὶ δεινὸς ὢν ὑπελθεῖν ἐπ’ ὠφελείᾳ τοὺς κρείττονας, ὥσπερ ὑπερόπτης τῶν ταπεινοτέρων, κόσμιος δὲ καὶ σώφρων περὶ δίαιταν, ἐκ πολλῶν νέων ἡγεμονικῶν προεκρίθη λαβεῖν Ἀντιγόνην γυναῖκα τῶν Βερενίκης θυγατέρων, ἣν ἔσχεν ἐκ Φιλίππου πρὶν ἢ Πτολεμαίῳ συνοικεῖν.

[5] [1] Μετὰ δὲ τὸν γάμον τοῦτον ἔτι μᾶλλον εὐδοκιμῶν, καὶ γυναικὸς ἀγαθῆς τῆς Ἀντιγόνης περὶ αὐτὸν οὔσης, διεπράξατο χρήματα λαβὼν καὶ δύναμιν εἰς Ἤπειρον ἐπὶ [2] τὴν βασιλείαν ἀποσταλῆναι. καὶ παρῆν οὐκ ἄκουσι ‹τοῖς› πολλοῖς διὰ τὴν ἀπέχθειαν τοῦ Νεοπτολέμου, χαλεπῶς [3] καὶ βιαίως ἄρχοντος. πλὴν ἀλλὰ δείσας, μὴ πρός τινα τῶν ἄλλων βασιλέων ὁ Νεοπτόλεμος τράπηται, διαλύσεις ἔθετο καὶ φιλίαν πρὸς αὐτὸν ἐπὶ κοινωνίᾳ τῆς ἀρχῆς.

[4] Χρόνου δὲ προϊόντος ἦσαν οἱ παροξύνοντες αὐτοὺς κρύφα καὶ κατ’ ἀλλήλων ἐμποιοῦντες ὑποψίας. ἡ μέντοι μάλιστα κινήσασα τὸν Πύρρον αἰτία λέγεται τοιαύτην [5] ἀρχὴν λαβεῖν. εἰώθεισαν οἱ βασιλεῖς ἐν Πασσαρῶνι, χωρίῳ τῆς Μολοττίδος, Ἀρείῳ Διὶ θύσαντες ὁρκωμοτεῖν τοῖς Ἠπειρώταις καὶ ὁρκίζειν, αὐτοὶ μὲν ἄρξειν κατὰ τοὺς νόμους, ἐκείνους δὲ τὴν βασιλείαν διαφυλάξειν κατὰ [6] τοὺς νόμους. ταῦτ’ οὖν ἐδρᾶτο ἀμφοτέρων τῶν βασιλέων παρόντων, καὶ συνῆσαν ἀλλήλοις μετὰ τῶν φίλων, δῶρα [7] πολλὰ

τὰ μὲν διδόντες, τὰ δὲ λαμβάνοντες. ἐνταῦθα δὴ Γέλων, ἀνὴρ πιστὸς Νεοπτολέμῳ, δεξιωσάμενος φιλοφρόνως τὸν Πύρρον ἐδωρήσατο βοῶν ἀροτήρων δυσὶ ζεύγεσι. ταῦτα Μυρτίλος ὁ ἐπὶ τοῦ οἴνου παρὼν ᾔτει τὸν Πύρρον· ἐκείνου δὲ μὴ διδόντος, ἀλλ' ἑτέρῳ, χαλεπῶς [8] ἐνεγκὼν ὁ Μυρτίλος οὐκ ἔλαθε τὸν Γέλωνα. καλέσας οὖν αὐτὸν ἐπὶ δεῖπνον, ὡς δέ φασιν ἔνιοι καὶ χρησάμενος παρ' οἶνον ὥραν ἔχοντι, λόγους προσήνεγκε παρακαλῶν ἑλέσθαι τὰ τοῦ Νεοπτολέμου καὶ φαρμάκοις διαφθεῖραι τὸν [9] Πύρρον. ὁ δὲ Μυρτίλος ἐδέξατο μὲν τὴν πεῖραν ὡς ἐπαινῶν καὶ συμπεπεισμένος, ἐμήνυσε δὲ τῷ Πύρρῳ· καὶ κελεύσαντος ἐκείνου τὸν ἀρχιοινοχόον Ἀλεξικράτην τῷ Γέλωνι συνέστησεν, ὡς δὴ μεθέξοντα τῆς πράξεως αὐτοῖς· ἐβούλετο γὰρ ἐν πλείοσιν ὁ Πύρρος τὸν ἔλεγχον γενέσθαι [10] τοῦ ἀδικήματος. οὕτω δὲ τοῦ Γέλωνος ἐξαπατωμένου, συνεξαπατώμενος ὁ Νεοπτόλεμος καὶ τὴν ἐπιβουλὴν ὁδῷ βαδίζειν οἰόμενος, οὐ κατεῖχεν, ἀλλ' ὑπὸ χαρᾶς ἐξέφερε [11] πρὸς τοὺς φίλους. καί ποτε κωμάσας παρὰ τὴν ἀδελφὴν Καδμείαν, ἐχρῆτο λαλιᾷ περὶ τούτων, οὐδένα συνακούειν [12] οἰόμενος· οὐδεὶς γὰρ ἦν πλησίον ἄλλος ἢ Φαιναρέτη, γυνὴ Σάμωνος τοῦ τὰ ποίμνια καὶ τὰ βουκόλια τῷ Νεοπτολέμῳ διοικοῦντος, αὕτη δ' ἀπεστραμμένη πρὸς τοῖχον ἐπὶ [13] κλίνης τινὸς ἐδόκει καθεύδειν. συνήκοος δὲ πάντων γενομένη καὶ λαθοῦσα, μεθ' ἡμέραν ἧκε πρὸς Ἀντιγόνην τὴν Πύρρου γυναῖκα καὶ πάντα κατεῖπεν ὅσα τοῦ Νεοπτολέμου [14] πρὸς τὴν ἀδελφὴν ἤκουσε λέγοντος. πυθόμενος δ' ὁ Πύρρος ἐκεῖ μὲν ἡσυχίαν ἦγεν, ἐν δὲ θυσίᾳ καλέσας ἐπὶ δεῖπνον τὸν Νεοπτόλεμον ἀπέκτεινεν, αἰσθόμενος τῶν Ἠπειρωτῶν τοὺς κρατίστους προσέχοντας αὐτῷ καὶ παρακελευομένους ἀπαλλαγῆναι τοῦ Νεοπτολέμου, καὶ μὴ μερίδα μικρὰν ἔχοντα βασιλείας ἀγαπᾶν, ἀλλὰ τῇ φύσει χρήσασθαι μειζόνων πραγμάτων ἀντιλαμβανόμενον, καί τινος ὑποψίας ἅμα προσγενομένης τὸν Νεοπτόλεμον φθάσαντ' ἀνελεῖν.

[6] [1] Μεμνημένος δὲ Βερενίκης καὶ Πτολεμαίου, παιδίον μὲν αὐτῷ γενόμενον ἐξ Ἀντιγόνης Πτολεμαῖον ὠνόμασεν, οἰκίσας δὲ πόλιν ἐν τῇ χερρονήσῳ τῆς Ἠπείρου Βερονικίδα προσηγόρευσεν.

[2] Ἐκ δὲ τούτου πολλὰ μὲν περινοῶν καὶ μεγάλα τῇ γνώμῃ, ταῖς δ' ἐλπίσι μάλιστα καὶ πρῶτον ἀντιλαμβανόμενος τῶν πλησίον, εὗρεν ἐμφῦναι τοῖς Μακεδόνων [3] πράγμασιν ἐκ τοιᾶσδέ τινος προφάσεως. τῶν Κασσάνδρου παίδων ὁ πρεσβύτερος Ἀντίπατρος τήν τε μητέρα Θεσσαλονίκην ἀνεῖλε καὶ τὸν ἀδελφὸν Ἀλέξανδρον ἤλαυνεν. ὁ δὲ πρός τε Δημήτριον ἔπεμψε δεόμενος βοηθεῖν καὶ [4] Πύρρον ἐκάλει. Δημητρίου δ' ὑπ' ἀσχολιῶν βραδύνοντος, ἐπελθὼν ὁ Πύρρος ᾔτησε μισθὸν τῆς συμμαχίας τήν τε Στυμφαίαν καὶ τὴν

Παραυαίαν τῆς Μακεδονίας καὶ τῶν ἐπικτήτων ἐθνῶν Ἀμβρακίαν, Ἀκαρνανίαν, Ἀμφιλοχίαν.

[5] προεμένου δὲ τοῦ νεανίσκου, ταῦτα μὲν αὐτὸς εἶχε φρουραῖς καταλαβών, τὰ δὲ λοιπὰ κτώμενος ἐκείνῳ, [6] περιέκοπτε τὸν Ἀντίπατρον. Λυσίμαχος δ' ὁ βασιλεὺς αὐτὸς μὲν ἦν ἐν ἀσχολίαις, προθυμούμενος Ἀντιπάτρῳ βοηθεῖν, εἰδὼς δὲ τὸν Πύρρον οὐδὲν ἀχαριστεῖν οὐδ' ἀρνεῖσθαι Πτολεμαίῳ βουλόμενον, ἔπεμψε πλαστὰ γράμματα πρὸς αὐτόν, ὡς Πτολεμαίου κελεύοντος ἀπαλλάττεσθαι τῆς στρατείας τριακόσια τάλαντα παρὰ τοῦ Ἀντιπάτρου [7] λαβόντα. λύσας δὲ τὴν ἐπιστολὴν ὁ Πύρρος εὐθὺς τὸ ῥᾳδιούργημα τοῦ Λυσιμάχου συνεῖδεν· οὐ γὰρ ἦν ἡ συνήθης γεγραμμένη προσαγόρευσις ὁ πατὴρ τῷ υἱῷ χαίρειν, ἀλλὰ βασιλεὺς Πτολεμαῖος βασιλεῖ Πύρρῳ [8] χαίρειν. λοιδορήσας δὲ τὸν Λυσίμαχον, ὅμως ἐποιεῖτο τὴν εἰρήνην, καὶ συνῄεσαν ὡς κατὰ σφαγίων ὁρκωμοτήσοντες.

[9] ἐπεὶ δὲ ταύρου καὶ κάπρου καὶ κριοῦ προσαχθέντος ὁ κριὸς αὐτομάτως ἀπέθανε, τοῖς μὲν ἄλλοις γελᾶν ἐπῄει, τὸν δὲ Πύρρον ὁ μάντις Θεόδοτος ὀμόσαι διεκώλυσε, φήσας τὸ δαιμόνιον ἑνὶ προσημαίνειν τῶν τριῶν βασιλέων θάνατον. ὁ μὲν οὖν Πύρρος οὕτως ἀπέστη τῆς εἰρήνης.

[7] [1] Τῷ δ' Ἀλεξάνδρῳ τῶν πραγμάτων ἤδη κατάστασιν ἐχόντων, ὅμως ὁ Δημήτριος ἀφίκετο, καὶ δῆλος μὲν ἦν εὐθὺς ἥκων μὴ δεομένῳ καὶ φόβον παρεῖχεν· ὀλίγας δ' ἡμέρας συγγενόμενοι δι' ἀπιστίας ἐπεβούλευσαν ἀλλήλοις [2] ἀμφότεροι. καιρῷ δὲ χρησάμενος καὶ φθάσας ἀποκτίννυσιν ὁ Δημήτριος τὸ μειράκιον καὶ βασιλεὺς ἀνηγορεύθη Μακεδονίας.

[3] Ἦν μὲν οὖν καὶ πρότερον αὐτῷ πρὸς τὸν Πύρρον ἐγκλήματα, καὶ καταδρομαὶ τῆς Θεσσαλίας ἐγεγόνεισαν ὑπ' ἐκείνου, καὶ τὸ σύμφυτον νόσημα ταῖς δυναστείαις, ἡ πλεονεξία, τὴν γειτνίασιν αὐτοῖς ἐπίφοβον καὶ ἄπιστον παρεῖχε, καὶ μᾶλλον ἔτι μετὰ τὴν τῆς Δηιδαμείας τελευτήν.

[4] ἐπεὶ δὲ καὶ κατασχόντες ἀμφότεροι Μακεδονίας συνέπιπτον εἰς τὸ αὐτὸ καὶ μείζονας ἐλάμβανε προφάσεις ἡ διαφορά, Δημήτριος μὲν ἐπ' Αἰτωλοὺς στρατευσάμενος καὶ κρατήσας, Πάνταυχον αὐτόθι μετὰ πολλῆς δυνάμεως καταλιπών, αὐτὸς ἐβάδιζεν ἐπὶ Πύρρον, καὶ [5] Πύρρος ἐπ' ἐκεῖνον ὡς ᾔσθετο. γενομένης δὲ διαμαρτίας καθ' ὁδὸν ἀλλήλους παρήλλαξαν· καὶ Δημήτριος μὲν ἐμβαλὼν εἰς Ἤπειρον ἐλεηλάτει, Πύρρος δὲ Πανταύχῳ [6] περιπεσὼν εἰς μάχην κατέστη. καὶ τῶν στρατιωτῶν συμπεσόντων δεινὸς ἦν καὶ μέγας ἀγὼν μάλιστα κατὰ [7] τοὺς ἡγεμόνας. ὅ τε γὰρ Πάνταυχος ἀνδρείᾳ καὶ χειρὶ καὶ ῥώμῃ σώματος ἄριστος ὢν ὁμολογουμένως τῶν περὶ Δημήτριον στρατηγῶν, καὶ θάρσος ἔχων καὶ φρόνημα, προὐκαλεῖτο τὸν Πύρρον εἰς [τὰς] χεῖρας, ὅ τε Πύρρος οὐδενὶ τῶν βασιλέων ὑφιέμενος ἀλκῆς καὶ τόλμης,

καὶ τὴν Ἀχιλλέως δόξαν αὑτῷ δι' ἀρετὴν μᾶλλον ἢ κατὰ γένος συνοικειοῦν βουλόμενος, ἐναντίος ἐχώρει διὰ τῶν [8] προμάχων ἐπὶ τὸν Πάνταυχον. ἦν δὲ δορατισμὸς τὸ πρῶτον, εἶτ' ἐν χερσὶ γενόμενοι μετὰ τέχνης ἅμα καὶ [9] βίας ἐχρῶντο τοῖς ξίφεσι. λαβὼν δ' ὁ Πύρρος ἓν τραῦμα, δοὺς δὲ δύο, τὸ μὲν εἰς τὸν μηρόν, τὸ δὲ παρὰ τὸν τράχηλον, ἐτρέψατο καὶ κατέβαλε τὸν Πάνταυχον· οὐ μὴν ἀνεῖλεν, [10] ἀνηρπάγη γὰρ ὑπὸ τῶν φίλων. οἱ δ' Ἠπειρῶται τῇ νίκῃ τοῦ βασιλέως ἐπαρθέντες καὶ θαυμάσαντες τὴν ἀρετήν, ἐβιάσαντο καὶ διέκοψαν τὴν φάλαγγα τῶν Μακεδόνων, καὶ φεύγοντας διώκοντες ἀπέκτεινάν τε πολλοὺς καὶ πεντακισχιλίους ζῶντας εἷλον.

[8] [1] Ὁ δ' ἀγὼν οὗτος οὐ τοσοῦτον ὀργῆς ὧν ἔπαθον οὐδὲ μίσους ἐνέπλησε τοὺς Μακεδόνας πρὸς τὸν Πύρρον, ὅσην δόξαν αὐτοῦ καὶ θαῦμα τῆς ἀρετῆς καὶ λόγον ἐνειργάσατο τοῖς ἰδοῦσι τὰ ἔργα καὶ συνενεχθεῖσι κατὰ τὴν μάχην. [2] καὶ γὰρ ὄψιν ᾤοντο καὶ τάχος ἐοικέναι καὶ κίνημα τοῖς Ἀλεξάνδρου, καὶ τῆς φορᾶς ἐκείνου καὶ βίας παρὰ τοὺς ἀγῶνας ἐν τούτῳ σκιάς τινας ὁρᾶσθαι καὶ μιμήματα, τῶν μὲν ἄλλων βασιλέων ἐν πορφύραις καὶ δορυφόροις καὶ κλίσει τραχήλου καὶ τῷ μεῖζον διαλέγεσθαι, μόνου δὲ Πύρρου τοῖς ὅπλοις καὶ ταῖς χερσὶν ἐπιδεικνυμένου τὸν [3] Ἀλέξανδρον. τῆς δὲ περὶ τάξεις καὶ στρατηγίας ἐπιστήμης αὐτοῦ καὶ δεινότητος ἔνεστι δείγματα λαβεῖν ἐκ τῶν [4] γραμμάτων ἃ περὶ τούτων ἀπολέλοιπε (FGrH 229). λέγεται δὲ καὶ Ἀντίγονος ἐρωτηθείς, τίς ἄριστος τῶν στρατηγῶν, φάναι Πύρρος, ἂν γηράσῃ, περὶ τῶν καθ' αὑτὸν [5] οὕτως ἀποφηνάμενος μόνον. Ἀννίβας δὲ συμπάντων ἀπέφαινε τῶν στρατηγῶν πρῶτον μὲν ἐμπειρίᾳ καὶ δεινότητι Πύρρον, Σκιπίωνα δὲ δεύτερον, ἑαυτὸν δὲ τρίτον, ὡς [6] ἐν τοῖς περὶ Σκιπίωνος (fr. 2 Sandbach) γέγραπται. καὶ ὅλως τοῦτο μελετῶν ἔοικε καὶ φιλοσοφῶν ἀεὶ διατελεῖν ὁ Πύρρος, ὡς μαθημάτων βασιλικώτατον, τὰς δ' ἄλλας [7] ‹ὡς› γλαφυρίας ἐν οὐδενὶ λόγῳ τίθεσθαι. λέγεται γὰρ ὡς ἐρωτηθεὶς ἔν τινι πότῳ, πότερον αὐτῷ φαίνεται Πύθων αὐλητὴς ἀμείνων ἢ Καφισίας, εἰπεῖν ὅτι Πολυπέρχων στρατηγός, ὡς ταῦτα τῷ βασιλεῖ ζητεῖν μόνα καὶ γινώσκειν [8] προσῆκον. ἦν δὲ καὶ πρὸς τοὺς συνήθεις ἐπιεικὴς καὶ πρᾶος ὀργήν, σφοδρὸς δὲ καὶ πρόθυμος ἐν ταῖς χάρισιν.

[9] Ἀερόπου γοῦν ἀποθανόντος οὐκ ἤνεγκε μετρίως, ἐκεῖνον μὲν ἀνθρώπινα πεπονθέναι φάσκων, ἑαυτὸν δὲ μεμφόμενος καὶ κακίζων, ὅτι μέλλων ἀεὶ καὶ βραδύνων χάριν οὐκ ἀπέδωκεν [10] αὐτῷ. τὰ μὲν γὰρ χρέα καὶ κληρονόμοις ἔστιν ἀποδοῦναι τῶν δανεισάντων, αἱ δὲ τῶν χαρίτων ἀμοιβαὶ μὴ γενόμεναι πρὸς αἰσθανομένους ἀνιῶσι τὸν χρηστὸν [11] καὶ δίκαιον. ἐν δ' Ἀμβρακίᾳ κακολόγον τινὰ καὶ βλάσφημον ἄνθρωπον οἰομένων δεῖν μεταστῆσαι τὸν Πύρρον, αὐτοῦ μένων ἔφη μᾶλλον ἡμᾶς ἐν ὀλίγοις ἢ [12]

περιιὼν πρὸς ἅπαντας ἀνθρώπους κακῶς λεγέτω. καὶ τοὺς παρ’ οἶνον αὐτὸν λοιδορήσαντας, εἶτ’ ἐλεγχομένους ἠρώτησεν εἰ ταῦτ’ εἶπον. ἀποκριναμένου δὲ τῶν νεανίσκων ἑνός, ταῦτ’ ὦ βασιλεῦ· πλείονα δ’ ἂν ἔτι τούτων εἰρήκειμεν, εἰ πλείων παρῆν οἶνος ἡμῖν, γελάσας ἀφῆκε.

[9] [1] Γυναῖκας δὲ πραγμάτων ἕνεκα καὶ δυνάμεως πλείονας [2] ἔγημε μετὰ τὴν Ἀντιγόνης τελευτήν. καὶ γὰρ Αὐτολέοντος τοῦ Παιόνων βασιλέως ἔλαβε θυγατέρα, καὶ Βιρκένναν τὴν Βαρδύλλιος τοῦ Ἰλλυριῶν, καὶ Λάνασσαν τὴν Ἀγαθοκλέους τοῦ Συρακοσίου, προῖκα προσφερομένην αὐτῷ τὴν Κερκυραίων πόλιν, ἡλωκυῖαν ὑπ’ Ἀγαθοκλέους.

[3] ἐκ μὲν οὖν Ἀντιγόνης Πτολεμαῖον υἱὸν ἔσχεν, ἐκ δὲ Λανάσσης Ἀλέξανδρον, Ἕλενον δὲ τὸν νεώτατον ἐκ [4] Βιρκέννης. καὶ πάντας ἀγαθοὺς ἐν τοῖς ὅπλοις ἐθρέψατο καὶ διαπύρους, εὐθὺς ἐκ γενετῆς ἐπὶ τοῦτο θηγομένους [5] ὑπ’ αὐτοῦ. λέγεται γὰρ [ὡς] ἐρωτηθεὶς ὑφ’ ἑνὸς αὐτῶν ἔτι παιδὸς ὄντος, τίνι καταλείψει τὴν βασιλείαν, εἰπεῖν ὃς [6] ἂν ὑμῶν τὴν μάχαιραν ὀξυτέραν ἔχῃ. τοῦτο δ’ οὐδὲν ἀποδεῖ τῆς τραγικῆς ἀρᾶς ἐκείνης (Eurip. Phoen. 68)· θηκτῷ σιδήρῳ δῶμα διαλαχεῖν τοὺς ἀδελφούς. οὕτως ἄμεικτός ἐστι καὶ θηριώδης ἡ τῆς πλεονεξίας ὑπόθεσις.

[10] [1] Μετὰ δὲ τὴν μάχην ταύτην ὁ Πύρρος ἐπανελθὼν οἴκαδε λαμπρὸς ὑπὸ δόξης καὶ φρονήματος ἔχαιρε, καὶ Ἀετὸς ὑπὸ τῶν Ἠπειρωτῶν προσαγορευόμενος, δι’ ὑμᾶς ἔλεγεν ἀετός εἰμι· πῶς γὰρ οὐ μέλλω, τοῖς ὑμετέροις [2] ὅπλοις ὥσπερ ὠκυπτέροις ἐπαιρόμενος; ὀλίγῳ δ’ ὕστερον πυθόμενος νοσεῖν τὸν Δημήτριον ἐπισφαλῶς, ἐνέβαλε μὲν ἐξαίφνης εἰς Μακεδονίαν ὡς ἐπιδρομήν τινα καὶ λεηλασίαν ποιησόμενος, παρ’ ὀλίγον δ’ ἦλθε πάντων ὁμοῦ κρατῆσαι καὶ λαβεῖν ἀμαχεὶ τὴν βασιλείαν, ἐλάσας ἄχρι Ἐδέσσης μηδενὸς ἀμυνομένου, πολλῶν δὲ καὶ προστιθεμένων [3] καὶ συστρατευόντων. αὐτόν τε δὴ τὸν Δημήτριον ὁ κίνδυνος ἐξανέστησε παρὰ δύναμιν, οἵ τε φίλοι καὶ ἡγεμόνες ὀλίγῳ χρόνῳ πολλοὺς ἀθροίσαντες, ἐρρωμένως [4] καὶ προθύμως ἐπὶ τὸν Πύρρον ὥρμησαν. ὁ δὲ λῃστρικώτερον ἀφιγμένος οὐκ ἔμεινεν, ἀλλὰ φεύγων μέρος τι τῆς στρατιᾶς ἀπέβαλε, καθ’ ὁδὸν ἐπιθεμένων τῶν [5] Μακεδόνων. οὐ μὴν ὅτι ῥᾳδίως καὶ ταχὺ τὸν Πύρρον ἐξέβαλε τῆς χώρας ὁ Δημήτριος ἠμέλησεν, ἐγνωκὼς δὲ μεγάλων πραγμάτων ἀντιλαμβάνεσθαι καὶ τὴν πατρῴαν ἀρχὴν ἀνακτᾶσθαι δέκα μυριάσι στρατοῦ καὶ ναυσὶ πεντακοσίαις, οὐκ ἐβούλετο τῷ Πύρρῳ προσπταῖσαι οὐδ’ ἀπολιπεῖν Μακεδόσι πάροικον ἐργώδη καὶ χαλεπόν, ἀλλ’ ἐπεὶ μὴ ἐσχόλαζε πολεμεῖν πρὸς αὐτόν, διαλυθεὶς καὶ θέμενος εἰρήνην οὕτως ἐπὶ τοὺς ἄλλους βασιλεῖς τραπέσθαι.

[6] Γενομένων δὲ διὰ ταῦτα τῶν ὁμολογιῶν, καὶ τῆς γνώμης ἅμα τῷ μεγέθει τῆς παρασκευῆς ἐκφανείσης τοῦ Δημητρίου, φοβηθέντες οἱ βασιλεῖς διεπέμποντο πρὸς τὸν Πύρρον ἀγγέλους καὶ γράμματα, θαυμάζειν φάσκοντες, εἰ τὸν αὑτοῦ προέμενος καιρὸν ἐν τῷ Δημητρίου πολεμῆσαι περιμένει, καὶ δυνάμενος Μακεδονίας ἐκβαλεῖν αὐτὸν πολλὰ ταράττοντα καὶ ταραττόμενον, ἐκδέχεται [καὶ] σχολάζοντι καὶ μεγάλῳ γενομένῳ περὶ τῶν ἐν Μολοσσοῖς ἱερῶν καὶ τάφων διαγωνίσασθαι, καὶ ταῦτα Κέρκυραν ἔναγχος ἀφῃρημένος ὑπ' αὐτοῦ μετὰ τῆς γυναικός.

[7] ἡ γὰρ Λάνασσα μεμψαμένη τὸν Πύρρον ὡς μᾶλλον προσέχοντα ταῖς βαρβάροις γυναιξίν, εἰς Κέρκυραν ἀπεχώρησε, καὶ δεομένη γάμων βασιλικῶν ἐκάλει Δημήτριον, ἐπισταμένη μάλιστα τῶν βασιλέων εὐκόλως ἔχοντα πρὸς γάμους γυναικῶν. ἐκεῖνος δὲ πλεύσας τῇ τε Λανάσσῃ συνῆλθε καὶ φρουρὰν ἐν τῇ πόλει κατέλιπε.

[11] [1] Ταῦτα πρὸς τὸν Πύρρον οἱ βασιλεῖς γράφοντες, ἅμα καὶ δι' ἑαυτῶν ἔτι μέλλοντα καὶ παρασκευαζόμενον τὸν [2] Δημήτριον ἐκίνουν. Πτολεμαῖος μὲν γὰρ ἐπιπλεύσας μεγάλῳ στόλῳ τὰς Ἑλληνίδας ἀφίστη πόλεις, Λυσίμαχος δὲ τὴν ἄνω Μακεδονίαν ἐκ Θρᾴκης ἐμβαλὼν ἐπόρθει.

[3] Πύρρος δὲ τούτοις ἅμα συνεξαναστὰς ἐπὶ Βέροιαν ἤλαυνε, προσδοκῶν, ὅπερ συνέβη, Δημήτριον ὑπαντιάζοντα Λυσιμάχῳ [4] τὴν κάτω χώραν ἀπολείψειν ἔρημον. ἐκείνης δὲ τῆς νυκτὸς ἔδοξε κατὰ τοὺς ὕπνους ὑπ' Ἀλεξάνδρου καλεῖσθαι τοῦ μεγάλου, καὶ παραγενόμενος κλινήρη μὲν αὐτὸν ἰδεῖν, λόγων δὲ χρηστῶν τυχεῖν καὶ φιλοφροσύνης, ἐπαγγελλομένου [5] προθύμως βοηθήσειν. αὐτοῦ δὲ τολμήσαντος εἰπεῖν καὶ πῶς ἂν ὦ βασιλεῦ νοσῶν δυνατὸς εἴης ἐμοὶ βοηθεῖν; αὐτῷ φάναι τῷ ὀνόματι, καὶ περιβάντα [6] Νισαῖον ἵππον ἡγεῖσθαι. ταύτην ἰδὼν τὴν ὄψιν ἐπερρώσθη, τάχει δὲ χρησάμενος καὶ διαδραμὼν τὰ μεταξύ, καταλαμβάνει τὴν Βέροιαν, καὶ τὸ πλεῖστον αὐτόθι τῆς στρατιᾶς ἱδρύσας, τὰ λοιπὰ προσήγετο διὰ τῶν στρατηγῶν.

[7] ὁ δὲ Δημήτριος ἐπεὶ ταῦτ' ἤκουσε καὶ πονηρὸν ἐν τῷ στρατοπέδῳ θόρυβον ᾔσθετο τῶν Μακεδόνων, ἔδεισε πορρωτέρω προαγαγεῖν, μὴ πλησίον γενόμενοι βασιλέως Μακεδόνος καὶ δόξαν ἔχοντος μεταβάλωνται πρὸς [8] αὐτόν. ὅθεν ἐπιστρέψας ἐπὶ τὸν Πύρρον ἦγεν ὡς ξένον καὶ μισούμενον ὑπὸ τῶν Μακεδόνων. ἐπεὶ δὲ παρεστρατοπέδευσεν αὐτόθι, πολλοὶ τῶν ἐκ τῆς Βεροίας ἀφικνούμενοι τὸν Πύρρον ἐνεκωμίαζον ὡς ἄμαχον μὲν ἐν τοῖς ὅπλοις καὶ λαμπρὸν ἄνδρα, πράως δὲ καὶ φιλανθρώπως [9] τοῖς ἡλωκόσι χρώμενον. ἦσαν δέ τινες οὓς αὐτὸς ὁ Πύρρος ἐγκαθίει, προσποιουμένους εἶναι Μακεδόνας καὶ λέγοντας, ὅτι νῦν καιρός ἐστι τῆς

Δημητρίου βαρύτητος ἀπαλλαγῆναι, πρὸς ἄνδρα δημοτικὸν καὶ φιλοστρατιώτην [10] μεταβαλομένους τὸν Πύρρον. ἐκ τούτου τὸ πλεῖστον ἀνηρέθιστο τῆς στρατιᾶς, καὶ τὸν Πύρρον ἐζήτουν [11] περισκοποῦντες· ἔτυχε γὰρ ἀφῃρημένος τὸ κράνος, ἄχρι οὗ πάλιν συμφρονήσας καὶ περιθέμενος ἐγνώσθη τῷ τε λόφῳ διαπρέποντι καὶ τοῖς τραγικοῖς κέρασιν, ὥστε τοὺς Μακεδόνας σύνθημα προστρέχοντας αἰτεῖν, ἄλλους δὲ κλάδους δρυὸς ἀναστέφεσθαι διὰ τὸ καὶ τοὺς περὶ ἐκεῖνον [12] ἐστεφανωμένους [εἰς]ὁρᾶν. ἤδη δὲ καὶ πρὸς αὐτόν τινες ἐτόλμων λέγειν τὸν Δημήτριον, ὡς ὑπεκστὰς καὶ προέμενος [13] τὰ πράγματα καλῶς δόξει βεβουλεῦσθαι. τούτοις τοῖς λόγοις ὅμοιον ὁρῶν τὸ κίνημα τοῦ στρατοπέδου καὶ φοβηθεὶς κρύφα διεξέπεσε, καυσίᾳ τινὶ καὶ λιτῷ χλαμυδίῳ [14] περιστείλας ἑαυτόν. ἐπελθὼν δ’ ὁ Πύρρος ἀμαχεὶ παρέλαβε τὸ στρατόπεδον, καὶ βασιλεὺς ἀνηγορεύθη Μακεδόνων.

[12] [1] Ἐπιφανέντος δὲ Λυσιμάχου καὶ κοινὸν ἔργον ἀμφοῖν ποιουμένου τὴν Δημητρίου κατάλυσιν, καὶ νέμεσθαι τὴν βασιλείαν ἀξιοῦντος, οὔπω πάνυ βεβαίως τοῖς Μακεδόσι πιστεύων ὁ Πύρρος ἀλλ’ ἀμφίβολος ὢν ἐν αὐτοῖς, ἐδέξατο τοῦ Λυσιμάχου τὴν πρόκλησιν, καὶ διενείμαντο τὰς πόλεις καὶ τὴν χώραν πρὸς ἀλλήλους.

[2] Τοῦτο δ’ ὤνησε μὲν ἐν τῷ παρόντι καὶ κατέπαυσε τὸν πόλεμον αὐτοῖς, ὀλίγῳ δ’ ὕστερον ἔγνωσαν οὐκ ἀπαλλαγὴν ἔχθρας, ἀλλ’ ἐγκλημάτων καὶ διαφορᾶς ἀρχὴν πεποιημένοι [3] τὴν νέμησιν. οἷς γὰρ οὐ πέλαγος, οὐκ ὄρος, οὐκ ἀοίκητος ἐρημία πέρας ἐστὶ πλεονεξίας, οὐδ’ οἱ διαιροῦντες Εὐρώπην καὶ Ἀσίαν τέρμονες ὁρίζουσι τὰς ἐπιθυμίας, πῶς ἂν ἁπτόμενοι καὶ ψαύοντες ἀλλήλων ἀτρεμοῖεν, ἐν τοῖς παροῦσι μὴ ἀδικοῦντες, οὐκ ἔστιν εἰπεῖν· [4] ἀλλὰ πολεμοῦσι μὲν ἀεί, τὸ ἐπιβουλεύειν καὶ φθονεῖν ἔμφυτον ἔχοντες, δυεῖν δ’ ὀνομάτων ὥσπερ νομισμάτων, πολέμου καὶ εἰρήνης, τῷ παρατυχόντι χρῶνται πρὸς τὸ [5] συμφέρον, οὐ πρὸς τὸ δίκαιον· ἐπεὶ βελτίους γε πολεμεῖν ὁμολογοῦντές εἰσιν, ἢ τῆς ἀδικίας τὸ ἀργοῦν καὶ σχολάζον [6] δικαιοσύνην καὶ φιλίαν ὀνομάζοντες. ἐδήλωσε δ’ ὁ Πύρρος· ἐμποδὼν γὰρ αὐξομένῳ τῷ Δημητρίῳ πάλιν ἱστάμενος καὶ κολούων τὴν δύναμιν ὥσπερ ἐξ ἀρρωστίας μεγάλης ἀναλαμβάνουσαν, ἐβοήθει τοῖς Ἕλλησι καὶ παρῆλθεν εἰς [7] τὰς Ἀθήνας. ἀναβὰς δ’ εἰς τὴν ἀκρόπολιν καὶ θύσας τῇ θεῷ καὶ καταβὰς αὐθημερόν, ἀγαπᾶν μὲν ἔφησε τοῦ δήμου τὴν πρὸς αὐτὸν εὔνοιαν καὶ πίστιν· ἂν μέντοι σωφρονῶσι, μηδένα τῶν βασιλέων ἔτι παρήσειν αὐτοὺς εἰς τὴν πόλιν, [8] μηδὲ τὰς πύλας ἀνοίξειν. ἐκ τούτου καὶ πρὸς τὸν Δημήτριον εἰρήνην ἐποιήσατο, καὶ μετ’ ὀλίγον χρόνον εἰς Ἀσίαν ἀπάραντος αὐτοῦ, πάλιν πεισθεὶς ὑπὸ Λυσιμάχου Θετταλίαν ἀφίστη καὶ ταῖς Ἑλληνικαῖς φρουραῖς

προσεπολέμει, βελτίοσι χρώμενος τοῖς Μακεδόσι στρατευομένοις ἢ σχολάζουσι, καὶ ὅλως αὐτὸς οὐκ εὖ πρὸς ἡσυχίαν πεφυκώς.

[9] τέλος δὲ Δημητρίου καταπολεμηθέντος ἐν Συρίᾳ, Λυσίμαχος ἐπ' ἀδείας γενόμενος καὶ σχολάζων εὐθὺς ἐπὶ τὸν [10] Πύρρον ὥρμησε. καὶ καθημένου περὶ τὴν Ἔδεσσαν αὐτοῦ, ταῖς ἀγοραῖς κομιζομέναις ἐπιπεσὼν καὶ κρατήσας, ἀπορίαν πρῶτον αὐτῷ περιέστησεν, εἶτα γράμμασι καὶ λόγοις διέφθειρε τοὺς πρώτους τῶν Μακεδόνων, ὀνειδίζων εἰ ξένον ἄνδρα καὶ προγόνων ἀεὶ δεδουλευκότων Μακεδόσι δεσπότην ἑλόμενοι, τοὺς Ἀλεξάνδρου φίλους καὶ συνήθεις [11] ἀπωθοῦσι Μακεδονίας. ἀναπειθομένων δὲ πολλῶν, δείσας ὁ Πύρρος ἀπηλλάγη μετὰ τῆς Ἠπειρωτικῆς καὶ συμμαχικῆς δυνάμεως, ἀποβαλὼν Μακεδονίαν ᾧ τρόπῳ παρέλαβεν.

[12] ὅθεν οὐδ' αἰτιᾶσθαι τοὺς πολλοὺς ἔχουσιν οἱ βασιλεῖς μετατιθεμένους πρὸς τὸ συμφέρον· ἐκείνους γὰρ αὐτοὺς ταῦτα μιμοῦνται ποιοῦντες, ἀπιστίας καὶ προδοσίας διδασκάλους ὄντας καὶ πλεῖστα νομίζοντας ὠφελεῖσθαι τὸν ἐλάχιστα τῷ δικαίῳ χρώμενον.

[13] [1] Τότε δ' οὖν εἰς Ἤπειρον ἐκπεσόντι τῷ Πύρρῳ καὶ προεμένῳ Μακεδονίαν ἡ μὲν τύχη παρεῖχε χρῆσθαι τοῖς παροῦσιν ἀπραγμόνως καὶ ζῆν ἐν εἰρήνῃ, βασιλεύοντα [2] τῶν οἰκείων· ὁ δὲ τὸ μὴ παρέχειν ἑτέροις κακὰ μηδ' ἔχειν ὑφ' ἑτέρων ἄλυν τινὰ ναυτιώδη νομίζων, ὥσπερ ὁ Ἀχιλλεὺς οὐκ ἔφερε τὴν σχολήν (Il. 1, 491 sq.),

ἀλλὰ φθινύθεσκε φίλον κῆρ
αὖθι μένων, ποθέεσκε δ' ἀυτήν τε πτόλεμόν τε.

[3] δεόμενος δ' οὖν ἔλαβε πραγμάτων καινῶν τοιαύτην ὑπόθεσιν.

[4] Ῥωμαῖοι Ταραντίνοις ἐπολέμουν· οἱ δὲ μήτε φέρειν τὸν πόλεμον δυνάμενοι μήτε θέσθαι θρασύτητι καὶ μοχθηρίᾳ δημαγωγῶν, ἐβουλεύοντο ποιεῖσθαι Πύρρον ἡγεμόνα καὶ καλεῖν ἐπὶ τὸν πόλεμον, ὡς σχολὴν ἄγοντα πλείστην τῶν βασιλέων καὶ στρατηγὸν ὄντα δεινότατον.

[5] τῶν δὲ πρεσβυτέρων καὶ νοῦν ἐχόντων πολιτῶν οἱ μὲν ἄντικρυς ἐνιστάμενοι πρὸς τὴν γνώμην ἐξέπιπτον ὑπὸ κραυγῆς καὶ βίας τῶν πολεμοποιῶν, οἱ δὲ ταῦθ' ὁρῶντες [6] ἀπέλειπον τὰς ἐκκλησίας. εἷς δέ τις ἀνὴρ ἐπιεικὴς Μέτων ὄνομα, τῆς ἡμέρας ἐκείνης ἐν ᾗ τὸ δόγμα κυροῦν ἔμελλον ἐνστάσης καὶ τοῦ δήμου καθεζομένου, λαβὼν στέφανον τῶν ἑώλων καὶ λαμπάδιον ὥσπερ οἱ μεθύοντες, αὐλητρίδος ὑφηγουμένης αὐτῷ, πρὸς τὴν ἐκκλησίαν [7] ἐκώμαζεν. οἷα δ' ἐν ὄχλῳ δημοκρατίας κόσμον οὐκ ἐχούσης, οἱ μὲν ἐκρότουν ἰδόντες, οἱ δ' ἐγέλων, ἐκώλυε δ' οὐδείς, ἀλλὰ καὶ τὸ γύναιον αὐλεῖν κἀκεῖνον ᾄδειν ἐκέλευον εἰς μέσον προελθόντα· καὶ τοῦτο ποιήσων ἐπίδοξος [8] ἦν. γενομένης δὲ σιωπῆς ἄνδρες ἔφη Ταραντῖνοι, καλῶς ποιεῖτε

παίζειν καὶ κωμάζειν ἕως ἔξεστι [9] τοῖς βουλομένοις μὴ φθονοῦντες. ἐὰν δὲ σωφρονῆτε, καὶ πάντες ἀπολαύσετε ἔτι τῆς ἐλευθερίας, ὡς ἕτερα πράγματα καὶ βίον καὶ δίαιταν ἕξοντες, ὅταν Πύρρος εἰς τὴν [10] πόλιν παραγένηται. ταῦτα ῥηθέντα τοὺς πολλοὺς ἔπεισε τῶν Ταραντίνων, καὶ θροῦς διέδραμε τῆς ἐκκλησίας ὡς [11] εὖ λεγομένων. οἱ δὲ τοὺς Ῥωμαίους δεδιότες, μὴ γενομένης εἰρήνης ἐκδοθῶσι, τόν τε δῆμον ἐλοιδόρουν, εἰ φέρει πράως ἐπικωμαζόμενος οὕτως ἀσελγῶς καὶ παροινούμενος, [12] τόν τε Μέτωνα συστραφέντες ἐξέβαλον. οὕτω δὲ τοῦ δόγματος κυρίου γενομένου, πρέσβεις ἔπεμψαν εἰς Ἤπειρον, οὐχ αὑτῶν μόνον, ἀλλὰ καὶ τῶν Ἰταλιωτῶν, δῶρα τῷ Πύρρῳ κομίζοντας καὶ λέγοντας, ὡς ἡγεμόνος ἔμφρονος δέονται καὶ δόξαν ἔχοντος, δυνάμεις δ' αὐτόθεν ὑπάρξουσι μεγάλαι παρά τε Λευκανῶν καὶ Μεσσαπίων καὶ Σαυνιτῶν καὶ Ταραντίνων εἰς δισμυρίους ἱππεῖς, πεζῶν δ' ὁμοῦ πέντε καὶ τριάκοντα μυριάδας.

[13] ταῦτ' οὐ μόνον αὐτὸν ἐπῆρε τὸν Πύρρον, ἀλλὰ καὶ τοῖς Ἠπειρώταις προθυμίαν ἐνέβαλε καὶ ὁρμὴν τῆς στρατείας.

[14] [1] Ἦν δέ τις Κινέας Θεσσαλὸς ἀνήρ, τῷ μὲν φρονεῖν δοκῶν ἱκανὸς εἶναι, Δημοσθένους δὲ τοῦ ῥήτορος ἀκηκοὼς ἐδόκει μόνος ἢ μάλιστα τῶν τότε λεγόντων οἷον ἐν εἰκόνι τῆς ἐκείνου δυνάμεως καὶ δεινότητος ἀναμιμνῄσκειν [2] τοὺς ἀκούοντας. συνὼν δὲ τῷ Πύρρῳ καὶ πεμπόμενος ἐπὶ τὰς πόλεις, ἐβεβαίου τὸ Εὐριπίδειον (Phoen. 516) ὅτι

πᾶν ἐξαιρεῖ λόγος,

ὃ καὶ σίδηρος πολεμίων δράσειεν ἄν.

[3] ὁ γοῦν Πύρρος ἔλεγε πλείονας πόλεις ὑπὸ Κινέου τοῖς λόγοις ἢ τοῖς ὅπλοις ὑφ' ἑαυτοῦ προσῆχθαι· καὶ διετέλει [4] τὸν ἄνδρα τιμῶν ἐν τοῖς μάλιστα καὶ χρώμενος. οὗτος οὖν τὸν Πύρρον ὡρμημένον τόθ' ὁρῶν ἐπὶ τὴν Ἰταλίαν, εἰς λόγους ἐπηγάγετο τοιούτους ἰδὼν σχολάζοντα· [5] πολεμισταὶ μὲν ὦ Πύρρε Ῥωμαῖοι λέγονται καὶ πολλῶν ἐθνῶν μαχίμων ἄρχοντες· εἰ δὲ δοίη θεὸς περιγενέσθαι [6] τῶν ἀνδρῶν, τί χρησόμεθα τῇ νίκῃ; καὶ ὁ Πύρρος ἐρωτᾷς εἶπεν ὦ Κινέα πρᾶγμα φαινόμενον· οὔτε βάρβαρος ἡμῖν ἐκεῖ πόλις οὔθ' Ἑλληνὶς ἀξιόμαχος Ῥωμαίων κρατηθέντων, ἀλλ' ἕξομεν εὐθὺς Ἰταλίαν ἅπασαν, ἧς μέγεθος καὶ ἀρετὴν καὶ δύναμιν ἄλλῳ πού τινι μᾶλλον [7] ἀγνοεῖν ἢ σοὶ προσήκει. μικρὸν οὖν ἐπισχὼν ὁ Κινέας, Ἰταλίαν δέ εἶπεν ὦ βασιλεῦ λαβόντες, τί [8] ποιήσομεν; καὶ ὁ Πύρρος οὔπω τὴν διάνοιαν αὐτοῦ καθορῶν, ἐγγύς εἶπεν ἡ Σικελία χεῖρας ὀρέγει, νῆσος εὐδαίμων καὶ πολυάνθρωπος, ἁλῶναι δὲ ῥᾴστη· στάσις γὰρ ὦ Κινέα πάντα νῦν ἐκεῖ[να] καὶ ἀναρχία πόλεων καὶ [9] δημαγωγῶν ὀξύτης, Ἀγαθοκλέους ἐκλελοιπότος. εἰκότα ἔφη λέγεις ὁ Κινέας· ἀλλ' ἦ τοῦτο πέρας ἡμῖν [10] τῆς στρατείας, λαβεῖν Σικελίαν;

θεός ὁ Πύρρος ἔφη νικᾶν διδῷη καὶ κατορθοῦν· τούτοις δὲ προάγωσι χρησόμεθα πραγμάτων μεγάλων. τίς γὰρ ἂν ἀπόσχοιτο Λιβύης καὶ Καρχηδόνος ἐν ἐφικτῷ γενομένης, ἣν Ἀγαθοκλῆς ἀποδρὰς ἐκ Συρακουσῶν κρύφα καὶ περάσας ναυσὶν ὀλίγαις λαβεῖν παρ’ οὐδὲν ἦλθεν; ὅτι δὲ τούτων κρατήσασιν ἡμῖν οὐδεὶς ἀντιστήσεται τῶν νῦν ὑβριζόντων πολεμίων, [11] τί ἂν λέγοι τις; οὐδέν ὁ Κινέας εἶπε· δῆλον γὰρ ὅτι καὶ Μακεδονίαν ἀναλαβεῖν καὶ τῆς Ἑλλάδος ἄρχειν ὑπάρξει βεβαίως ἀπὸ τηλικαύτης δυνάμεως. γενομένων [12] δὲ πάντων ὑφ’ ἡμῖν, τί ποιήσομεν; καὶ ὁ Πύρρος ἐπιγελάσας, σχολήν ἔφη ἄξομεν πολλήν, καὶ κώθων ὦ μακάριε καθημερινὸς ἔσται, καὶ διὰ λόγων συνόντες [13] ἀλλήλους εὐφρανοῦμεν. ἐνταῦθα δὴ τῶν λόγων καταστήσας τὸν Πύρρον ὁ Κινέας, εἶτα ἔφη τί νῦν ἐμποδών ἐστιν ἡμῖν βουλομένοις κώθωνι χρῆσθαι καὶ σχολάζειν μετ’ ἀλλήλων, εἰ ταῦτ’ ἔχομεν ἤδη καὶ πάρεστιν ἀπραγμόνως, ἔφ’ ἃ δι’ αἵματος καὶ πόνων μεγάλων καὶ κινδύνων μέλλομεν ἀφίξεσθαι, πολλὰ καὶ δράσαντες [14] ἑτέρους κακὰ καὶ παθόντες; τούτοις τοῖς λόγοις ἠνίασε μᾶλλον ἢ μετέθηκε τὸν Πύρρον ὁ Κινέας, νοήσαντα μὲν ὅσην ἀπέλειπεν εὐδαιμονίαν, ὧν δ’ ὠρέγετο τὰς ἐλπίδας ἀφεῖναι μὴ δυνάμενον.

[15] [1] Πρῶτον μὲν οὖν ἀπέστειλε τὸν Κινέαν τοῖς Ταραντίνοις, [2] στρατιώτας ἄγοντα τρισχιλίους. ἔπειτα πολλῶν ἱππηγῶν καὶ καταφράκτων καὶ πορθμείων παντοδαπῶν ἐκ Τάραντος κομισθέντων, ἐνεβίβαζεν ἐλέφαντας εἴκοσι καὶ τρισχιλίους ἱππεῖς, πεζοὺς δὲ δισμυρίους καὶ [3] δισχιλίους τοξότας καὶ σφενδονήτας πεντακοσίους. γενομένων δὲ πάντων ἑτοίμων, ἀναχθεὶς ἔπλει· καὶ μέσον ἔχων τὸν Ἰόνιον, ἁρπάζεται βορέᾳ ἀνέμῳ παρ’ ὥραν [4] ἐκραγέντι. καὶ βιασθεὶς αὐτὸς μὲν ἀρετῇ καὶ προθυμίᾳ ναυτῶν καὶ κυβερνητῶν ἐξανέφερε καὶ προσῆγε τῇ γῇ [5] πολυπόνως καὶ παραβόλως· τοῦ δ’ ἄλλου στόλου συγχυθέντος καὶ τῶν νεῶν σκεδασθεισῶν, αἱ μὲν ἀποσφαλεῖσαι τῆς Ἰταλίας ἐξεώσθησαν εἰς τὸ Λιβυκὸν καὶ Σικελικὸν πέλαγος, τὰς δ’ ὑπερβαλεῖν μὴ δυνηθείσας ἄκραν Ἰαπυγίαν νύξ τε κατελάμβανε, καὶ πολλὴ καὶ χαλεπὴ θάλασσα παίουσα πρὸς χωρία δύσορμα καὶ τυφλὰ πάσας διέφθειρε [6] πλὴν τῆς βασιλικῆς. αὕτη δὲ πελαγίου μὲν ἔτι ὄντος τοῦ κύματος ἠμύνετο καὶ διέφευγε μεγέθει καὶ ῥώμῃ τὰς [7] ἐπιβολὰς τῆς θαλάσσης· ἐπεὶ δὲ περιελθὸν ἀπὸ γῆς ἀπήντα τὸ πνεῦμα καὶ κίνδυνον εἶχεν ἡ ναῦς ἀντίπρῳρος ἱσταμένη πρὸς κλύδωνα πολὺν διαρραγῆναι, τὸ δ’ ἐφέντας αὖθις ἠγριωμένῳ πελάγει καὶ πνεύματι τροπὰς λαμβάνοντι παντοδαπὰς φέρεσθαι φοβερώτερον ἐφαίνετο τῶν παρόντων κακῶν, ἄρας ὁ Πύρρος αὑτὸν ἀφῆκεν εἰς θάλασσαν, καὶ τῶν φίλων καὶ τῶν δορυφόρων εὐθὺς ἦν [8] ἅμιλλα καὶ προθυμία περὶ αὐτόν. ἡ δὲ νὺξ καὶ τὸ κῦμα μετὰ ψόφου μεγάλου καὶ τραχείας ἀνακοπῆς χαλεπὴν ἐποίει τὴν βοήθειαν, ὥστε

μόλις ἡμέρας ἤδη μαραινομένου τοῦ πνεύματος ἐκπεσεῖν αὐτὸν ἐπὶ τὴν γῆν, τῷ μὲν σώματι παντάπασιν ἀδυνάτως ἔχοντα, τόλμῃ δὲ καὶ ῥώμῃ τῆς [9] ψυχῆς ἀνταίροντα πρὸς τὴν ἀπορίαν. ἅμα δ᾽ οἵ τε Μεσσάπιοι, καθ᾽ οὓς ἐξεβράσθη, συνέθεον βοηθοῦντες ἐκ τῶν παρόντων προθύμως, καὶ προσεφέροντο τῶν σῳζομένων ἔνιαι νεῶν, ἐν αἷς ἦσαν ἱππεῖς μὲν ὀλίγοι παντάπασι, πεζοὶ δὲ δισχιλίων ἐλάττους, ἐλέφαντες δὲ δύο.

[16] [1] Τούτους ἀναλαβὼν ὁ Πύρρος ἐβάδιζεν εἰς Τάραντα. καὶ τοῦ Κινέου προαγαγόντος εἰς ἀπάντησιν ὡς ᾔσθετο τοὺς στρατιώτας, παρελθὼν οὐδὲν ἀκόντων οὐδὲ πρὸς βίαν ἔπραττε τῶν Ταραντίνων, ἕως ἀνεσώθησαν αἱ νῆες ἐκ τῆς θαλάττης καὶ συνῆλθεν ἡ πλείστη τῆς δυνάμεως.

[2] τηνικαῦτα δ᾽ ὁρῶν τὸ πλῆθος ἄνευ μεγάλης ἀνάγκης μήτε σῴζεσθαι δυνάμενον μήτε σῴζειν, ἀλλ᾽ οἷον ἐκείνου προπολεμοῦντος οἴκοι καθῆσθαι περὶ λουτρὰ καὶ συνουσίας γενόμενον, ἀπέκλεισε μὲν τὰ γυμνάσια καὶ τοὺς περιπάτους, ἐν οἷς ἀλύοντες ὑπὲρ τῶν πραγμάτων λόγῳ διεστρατήγουν, πότους δὲ καὶ κώμους καὶ θαλίας ἀκαίρους [3] ἀνεῖλεν, ἐκάλει δὲ πρὸς τὰ ὅπλα, καὶ περὶ τοὺς καταλόγους τῶν στρατευομένων ἀπαραίτητος ἦν καὶ λυπηρός, ὥστε πολλοὺς ἐκ τῆς πόλεως ἀπελθεῖν, ἀηθείᾳ τοῦ ἄρχεσθαι δουλείαν τὸ μὴ πρὸς ἡδονὴν ζῆν καλοῦντας.

[4] Ἐπεὶ δὲ Λαιβῖνος ὁ τῶν Ῥωμαίων ὕπατος ἠγγέλλετο πολλῇ στρατιᾷ χωρεῖν ἐπ᾽ αὐτόν, ἅμα τὴν Λευκανίαν διαπορθῶν, οὐδέπω μὲν οἱ σύμμαχοι παρῆσαν αὐτῷ, δεινὸν δὲ ποιούμενος ἀνασχέσθαι καὶ περιιδεῖν τοὺς πολεμίους ἐγγυτέρω προϊόντας, ἐξῆλθε μετὰ τῆς δυνάμεως, προπέμψας κήρυκα πρὸς τοὺς Ῥωμαίους, εἰ φίλον ἐστὶν αὐτοῖς πρὸ πολέμου δίκας λαβεῖν παρὰ τῶν Ἰταλιωτῶν, [5] αὐτῷ δικαστῇ καὶ διαλλακτῇ χρησαμένους. ἀποκριναμένου δὲ τοῦ Λαιβίνου μήτε διαλλακτὴν Πύρρον αἱρεῖσθαι Ῥωμαίους μήτε δεδοικέναι πολέμιον, προελθὼν κατεστρατοπέδευσεν ἐν τῷ μεταξὺ πεδίῳ Πανδοσίας [6] πόλεως καὶ Ἡρακλείας. πυθόμενος δὲ τοὺς Ῥωμαίους ἐγγὺς εἶναι καὶ πέραν τοῦ Σίριος ποταμοῦ καταστρατοπεδεύειν, [7] προσίππευσε τῷ ποταμῷ θέας ἕνεκα· καὶ κατιδὼν τάξιν τε καὶ φυλακὰς καὶ κόσμον αὐτῶν καὶ τὸ σχῆμα τῆς στρατοπεδείας, ἐθαύμασε καὶ τῶν φίλων προσαγορεύσας τὸν ἐγγυτάτω τάξις μέν εἶπεν ὦ Μεγάκλεις αὕτη τῶν βαρβάρων οὐ βάρβαρος, τὸ δ᾽ ἔργον εἰσόμεθα.

[8] καὶ διὰ φροντίδος ἔχων ἤδη τὸ μέλλον, ἔγνω τοὺς συμμάχους ἀναμένειν, τοῖς δὲ Ῥωμαίοις, ἂν πρότερον ἐπιχειρῶσι διαβαίνειν, ἐπέστησε φυλακὴν ὑπὲρ τοῦ [9] ποταμοῦ τὴν εἴρξουσαν. οἱ δ᾽ ἅπερ ἐκεῖνος ἔγνω περιμένειν φθῆναι σπεύδοντες, ἐνεχείρουν τῇ διαβάσει, κατὰ πόρον μὲν οἱ πεζοί, πολλαχόθεν δ᾽ οἱ ἱππεῖς διεξελαύνοντες [10] τὸν ποταμόν, ὥστε

δείσαντας τὴν κύκλωσιν ἀναχωρεῖν τοὺς Ἕλληνας, αἰσθόμενον δὲ τὸν Πύρρον καὶ διαταραχθέντα, τοῖς μὲν ἡγεμόσι τοῦ πεζοῦ παρεγγυᾶν εὐθὺς εἰς τάξιν καθίστασθαι καὶ περιμένειν ἐν τοῖς ὅπλοις, αὐτὸν δὲ τοῖς ἱππεῦσι παρεξελάσαι τρισχιλίοις οὖσιν, ἐλπίζοντα διαβαίνοντας ἔτι καὶ διεσπασμένους ἀτάκτους [11] λήψεσθαι τοὺς Ῥωμαίους. ἐπεὶ δ’ ἑώρα θυρεούς τε πολλοὺς ὑπερφαινομένους τοῦ ποταμοῦ καὶ τοὺς ἱππεῖς ἐπελαύνοντας ἐν τάξει, συστρέψας ἐνέβαλε πρῶτος, αὐτόθεν τε περίοπτος ὢν ὅπλων κάλλει καὶ λαμπρότητι κεκοσμημένων περιττῶς, καὶ τὴν δόξαν ἐπιδεικνύμενος ἔργοις οὐκ ἀποδέουσαν αὐτοῦ τῆς ἀρετῆς, μάλιστα δ’ ὅτι τὰς χεῖρας καὶ τὸ σῶμα παρέχων τῷ ἀγῶνι καὶ τοὺς καθ’ αὑτὸν ἀμυνόμενος ἐρρωμένως, οὐ συνεχεῖτο τὸν λογισμὸν οὐδὲ τοῦ φρονεῖν ἐξέπιπτεν, ἀλλ’ ὥσπερ ἔξωθεν ἐφορῶν διεκυβέρνα τὸν πόλεμον, αὐτὸς μεταθέων ἑκασταχόσε καὶ [12] παραβοηθῶν τοῖς ἐκβιάζεσθαι δοκοῦσιν. ἔνθα δὴ Λεοννάτος ὁ Μακεδὼν ἄνδρα κατιδὼν Ἰταλὸν ἐπέχοντα τῷ Πύρρῳ καὶ τὸν ἵππον ἀντιπαρεξάγοντα καὶ συμμεθιστάμενον [13] ἀεὶ καὶ συγκινούμενον, ὁρᾷς εἶπεν ὦ βασιλεῦ τὸν βάρβαρον ἐκεῖνον, ὃν ὁ μέλας ἵππος ὁ λευκόπους φέρει; μέγα τι βουλευομένῳ καὶ δεινὸν ὅμοιός ἐστι. σοὶ γὰρ ἐνορᾷ καὶ πρὸς σὲ τέταται, πνεύματος μεστὸς ὢν καὶ θυμοῦ, τοὺς δ’ ἄλλους ἐᾷ χαίρειν. ἀλλὰ σὺ φυλάττου [14] τὸν ἄνδρα. καὶ ὁ Πύρρος ἀπεκρίνατο· τὸ μὲν εἱμαρμένον ὦ Λεοννάτε διαφυγεῖν ἀδύνατον· χαίρων δ’ οὔθ’ οὗτος οὔτ’ ἄλλος τις Ἰταλῶν εἰς χεῖρας ἡμῖν σύνεισιν.

[15] ἔτι ταῦτα προσδιαλεγομένων, ὁ Ἰταλὸς διαλαβὼν τὸ δόρυ καὶ συστρέψας τὸν ἵππον ὥρμησεν ἐπὶ τὸν Πύρρον. εἶθ’ ἅμα παίει μὲν αὐτὸς τῷ δόρατι τοῦ βασιλέως τὸν [16] ἵππον, παίει δὲ τὸν ἐκείνου παραβαλὼν ὁ Λεοννάτος. ἀμφοτέρων δὲ τῶν ἵππων πεσόντων, τὸν μὲν Πύρρον οἱ φίλοι περισχόντες ἀνήρπασαν, τὸν δ’ Ἰταλὸν μαχόμενον διέφθειραν. ἦν δὲ τῷ γένει Φρεντανός, ἴλης ἡγεμών, Ὄπλακος ὄνομα.

[17] [1] Τοῦτο δ’ ἐδίδαξε τὸν Πύρρον μᾶλλον φυλάττεσθαι· καὶ τοὺς ἱππεῖς ὁρῶν ἐνδιδόντας, μετεπέμπετο τὴν φάλαγγα καὶ παρέταττεν, αὐτὸς δὲ τὴν χλαμύδα καὶ τὰ ὅπλα παραδοὺς ἑνὶ τῶν ἑταίρων Μεγακλεῖ, τοῖς δ’ ἐκείνου τρόπον τινὰ κατακρύψας ἑαυτόν, ἐπῆγε τοῖς Ῥωμαίοις.

[2] δεξαμένων δ’ ἐκείνων καὶ συμβαλόντων, χρόνον τε πολὺν εἱστήκει τὰ τῆς μάχης ἄκριτα, καὶ τροπὰς ἑπτὰ λέγεται φευγόντων ἀνάπαλιν καὶ διωκόντων γενέσθαι.

[3] καὶ γὰρ ἡ διάμειψις τῶν ὅπλων, ἐν καιρῷ πρὸς σωτηρίαν αὐτοῦ γενομένη τοῦ βασιλέως, ὀλίγον ἐδέησεν ἀνατρέψαι [4] τὰ πράγματα καὶ διαφθεῖραι τὴν νίκην. πολλῶν γὰρ ἐφιεμένων τοῦ Μεγακλέους, ὁ πρῶτος

πατάξας καὶ καταβαλὼν αὐτόν, ὄνομα Δέξιος, ἀφαρπάσας τὸ κράνος καὶ τὴν χλαμύδα τῷ Λαιβίνῳ προσίππευσεν ἀναδεικνύων [5] ἅμα καὶ βοῶν ἀνῃρηκέναι τὸν Πύρρον. ἦν οὖν, παρὰ τὰς τάξεις τῶν λαφύρων παραφερομένων καὶ ἀναδεικνυμένων, τοῖς τε Ῥωμαίοις χαρὰ μετ᾽ ἀλαλαγμοῦ καὶ τοῖς Ἕλλησιν ἀθυμία καὶ κατάπληξις, ἄχρι οὗ μαθὼν ὁ Πύρρος τὸ γινόμενον παρήλαυνε γυμνῷ τῷ προσώπῳ, τήν τε δεξιὰν ὀρέγων τοῖς μαχομένοις καὶ τῇ φωνῇ σημαίνων ἑαυτόν.

[6] τέλος δὲ τῶν θηρίων ἐκβιαζομένων μάλιστα τοὺς Ῥωμαίους, καὶ τῶν ἵππων πρὶν ἐγγὺς γενέσθαι δυσανασχετούντων καὶ παραφερόντων τοὺς ἐπιβάτας, ἐπαγαγὼν τὴν Θεσσαλικὴν ἵππον αὐτοῖς ταρασσομένοις, ἐτρέψατο [7] πολλῷ φόνῳ. Διονύσιος (19, 12) μὲν οὖν ὀλίγῳ τῶν πεντακισχιλίων καὶ μυρίων ἐλάσσονας πεσεῖν ἱστορεῖ Ῥωμαίων, Ἱερώνυμος (FGrH 154 F 11) δὲ μόνους ἑπτακισχιλίους, τῶν δὲ περὶ Πύρρον ὁ μὲν Διονύσιος μυρίους καὶ τρισχιλίους, ὁ δ᾽ Ἱερώνυμος ἐλάττονας τῶν τετρακισχιλίων· [8] κράτιστοι δ᾽ ἦσαν οὗτοι, καὶ τῶν φίλων ὁ Πύρρος καὶ τῶν στρατηγῶν, οἷς μάλιστα χρώμενος [9] διετέλει καὶ πιστεύων, ἀπέβαλεν. οὐ μὴν ἀλλὰ καὶ τὸ στρατόπεδον ἔλαβε τῶν Ῥωμαίων ἐκλιπόντων, καὶ πόλεις συμμαχίδας αὐτῶν προσηγάγετο, καὶ χώραν πολλὴν διεπόρθησε, καὶ προῆλθεν ὅσον μὴ πλέον σταδίων [10] τριακοσίων ἀποσχεῖν τῆς Ῥώμης. ἀφίκοντο δ᾽ αὐτῷ Λευκανῶν τε πολλοὶ καὶ Σαυνιτῶν μετὰ τὴν μάχην, οὓς ἐμέμψατο μὲν ὑστερήσαντας, ἦν δὲ δῆλος ἡδόμενος καὶ μέγα φρονῶν, ὅτι μόνοις τοῖς μετ᾽ αὐτοῦ καὶ Ταραντίνοις ἐκράτησε τῆς μεγάλης Ῥωμαίων δυνάμεως.

[18] [1] Ῥωμαῖοι δὲ Λαιβῖνον μὲν οὐκ ἀπήλλαξαν τῆς ἀρχῆς· καίτοι λέγεται Γάιον Φαβρίκιον εἰπεῖν, ὡς οὐκ Ἠπειρῶται Ῥωμαίους, ἀλλὰ Πύρρος νενικήκοι Λαιβῖνον, οἰόμενον οὐ τῆς δυνάμεως, ἀλλὰ τῆς στρατηγίας γεγονέναι [2] τὴν ἧτταν· ἀναπληροῦντες δὲ τὰς τάξεις καὶ συντάττοντες ἑτέρας προθύμως, καὶ λόγους ἀδεεῖς καὶ σοβαροὺς περὶ τοῦ πολέμου λέγοντες, ἔκπληξιν τῷ Πύρρῳ παρεῖχον.

[3] ἔδοξεν οὖν αὐτῷ πέμψαντι πρότερον διάπειραν λαβεῖν τῶν ἀνδρῶν εἰ συμβατικῶς ἔχοιεν, ἡγουμένῳ τὸ μὲν ἑλεῖν τὴν πόλιν καὶ κρατῆσαι παντάπασιν οὐ μικρὸν ἔργον οὐδὲ τῆς παρούσης δυνάμεως εἶναι, τὴν δὲ φιλίαν καὶ τὰς διαλύσεις κάλλιστ᾽ ἔχειν πρὸς δόξαν αὐτῷ μετὰ [4] νίκην. πεμφθεὶς οὖν ὁ Κινέας ἐνετύγχανε τοῖς δυνατοῖς, καὶ δῶρα παισὶν αὐτῶν καὶ γυναιξὶν ἔπεμψε παρὰ τοῦ [5] βασιλέως. ἔλαβε δ᾽ οὐδείς, ἀλλ᾽ ἀπεκρίναντο πάντες καὶ πᾶσαι, ὅτι δημοσίᾳ σπονδῶν γενομένων καὶ τὰ παρ᾽ αὐτῶν [6] ὑπάρξει πρόθυμα τῷ βασιλεῖ καὶ κεχαρισμένα. πρὸς δὲ τὴν σύγκλητον ἐπαγωγὰ τοῦ Κινέου πολλὰ καὶ φιλάνθρωπα διαλεχθέντος, ἄσμενοι μὲν

οὐδὲν οὐδ’ ἑτοίμως ἐδέχοντο, καίπερ ἄνδρας τε τοὺς ἡλωκότας ἐν τῇ μάχῃ δίχα λύτρων ἀφιέντος αὐτοῖς τοῦ Πύρρου καὶ συγκατεργάσεσθαι τὴν Ἰταλίαν ἐπαγγελλομένου, φιλίαν δ’ ἀντὶ τούτων ἑαυτῷ καὶ τοῖς Ταραντίνοις ἄδειαν, ἕτερον δὲ [7] μηδὲν αἰτουμένου· δῆλοί γε μὴν ἦσαν ἐνδιδόντες οἱ πολλοὶ πρὸς τὴν εἰρήνην, ἡττημένοι τε μεγάλῃ μάχῃ καὶ προσδοκῶντες ἑτέραν ἀπὸ μείζονος δυνάμεως, τῶν [8] Ἰταλικῶν τῷ Πύρρῳ προσγεγονότων. ἔνθα δὴ Κλαύδιος Ἄππιος, ἀνὴρ ἐπιφανής, ὑπὸ δὲ γήρως ἅμα καὶ πηρώσεως ὀμμάτων ἀπειρηκὼς πρὸς τὴν πολιτείαν καὶ πεπαυμένος, ἀπαγγελλομένων τότε τῶν παρὰ τοῦ βασιλέως, καὶ λόγου κατασχόντος, ὡς μέλλει ψηφίζεσθαι τὰς διαλύσεις ἡ σύγκλητος, οὐκ ἐκαρτέρησεν, ἀλλὰ τοὺς θεράποντας ἄρασθαι κελεύσας αὑτόν, ἐκομίζετο πρὸς τὸ βουλευτήριον ἐν φορείῳ [9] δι’ ἀγορᾶς. γενόμενον δὲ πρὸς ταῖς θύραις οἱ μὲν παῖδες ἅμα τοῖς γαμβροῖς ὑπολαβόντες καὶ περισχόντες εἰσῆγον, ἡ δὲ βουλὴ σιωπὴν αἰδουμένη τὸν ἄνδρα μετὰ τιμῆς ἔσχεν.

[19] [1] Ὁ δ’ αὐτόθεν καταστάς πρότερον μέν ἔφη τὴν περὶ τὰ ὄμματα τύχην ἀνιαρῶς ἔφερον, ὦ Ῥωμαῖοι, νῦν δ’ ἄχθομαι πρὸς τῷ τυφλὸς εἶναι μὴ καὶ κωφὸς ὤν, ἀλλ’ ἀκούων αἰσχρὰ βουλεύματα καὶ δόγμαθ’ ὑμῶν, ἀνατρέποντα [2] τῆς Ῥώμης τὸ κλέος. ποῦ γὰρ ὑμῶν ὁ πρὸς ἅπαντας ἀνθρώπους θρυλούμενος ἀεὶ λόγος, ὡς εἰ παρῆν ἐκεῖνος εἰς Ἰταλίαν ὁ μέγας Ἀλέξανδρος καὶ συνηνέχθη νέοις ἡμῖν καὶ τοῖς πατράσιν ἡμῶν ἀκμάζουσιν, οὐκ ἂν ὑμνεῖτο νῦν ἀνίκητος, ἀλλ’ ἢ φυγὼν ἂν ἤ που πεσὼν ἐνταῦθα τὴν [3] Ῥώμην ἐνδοξοτέραν ἀπέλιπε; ταῦτα μέντοι κενὴν ἀλαζονείαν καὶ κόμπον ἀποδείκνυτε, Χάονας καὶ Μολοσσοὺς τὴν ἀεὶ Μακεδόνων λείαν δεδιότες, καὶ τρέμοντες Πύρρον, ὃς τῶν Ἀλεξάνδρου δορυφόρων ἕνα γοῦν ἀεὶ περιέπων καὶ θεραπεύων διατετέλεκε, καὶ νῦν οὐ βοηθῶν τοῖς ἐνταῦθα μᾶλλον Ἕλλησιν ἢ φεύγων τοὺς ἐκεῖ πολεμίους πλανᾶται περὶ τὴν Ἰταλίαν, ἐπαγγελλόμενος ἡμῖν τὴν ἡγεμονίαν ἀπὸ ταύτης τῆς δυνάμεως, ᾗ μέρος μικρὸν αὐτῷ Μακεδονίας [4] οὐκ ἤρκεσε διαφυλάξαι. μὴ τοῦτον οὖν ἀπαλλάξειν νομίζετε ποιησάμενοι φίλον, ἀλλ’ ἐκείνους ἐπάξεσθαι καταφρονήσαντας ὑμῶν ὡς πᾶσιν εὐκατεργάστων, εἰ Πύρρος ἄπεισι μὴ δοὺς δίκην ὧν ὕβρισεν, ἀλλὰ καὶ προσλαβὼν μισθὸν τὸ ἐπεγγελάσαι Ῥωμαίοις Ταραν[5] τίνους καὶ Σαυνίτας. τοιαῦτα τοῦ Ἀππίου διαλεχθέντος, ὁρμὴ παρέστη πρὸς τὸν πόλεμον αὐτοῖς, καὶ τὸν Κινέαν ἀποπέμπουσιν ἀποκρινάμενοι, Πύρρον ἐξελθόντα τῆς Ἰταλίας, οὕτως εἰ δέοιτο περὶ φιλίας καὶ συμμαχίας διαλέγεσθαι, μέχρι δ’ οὗ πάρεστιν ἐν ὅπλοις, πολεμήσειν αὐτῷ Ῥωμαίους κατὰ κράτος, κἂν μυρίους ἔτι Λαιβίνους [6] τρέψηται μαχόμενος. λέγεται δὲ Κινέαν, ἐν ᾧ ταῦτ’ ἔπραττεν, ἅμα ποιησάμενον ἔργον

καὶ σπουδάσαντα τῶν τε βίων γενέσθαι θεατὴν καὶ τῆς πολιτείας τὴν ἀρετὴν κατανοῆσαι, καὶ διὰ λόγων ἐλθόντα τοῖς ἀρίστοις, τά τ᾽ ἄλλα τῷ Πύρρῳ φράσαι καὶ εἰπεῖν ὡς ἡ σύγκλητος αὐτῷ [7] βασιλέων πολλῶν συνέδριον φανείη· περὶ δὲ τοῦ πλήθους δεδιέναι, μὴ πρός τινα φανῶσι Λερναίαν ὕδραν μαχόμενοι· διπλασίους γὰρ ἤδη τῷ ὑπάτῳ τῶν παρατεταγμένων πρότερον ἠθροῖσθαι, καὶ πολλάκις εἶναι τοσούτους ἔτι τῶν Ῥωμαίων ὅπλα φέρειν δυναμένους.

[20] [1] Ἐκ τούτου πρέσβεις ἀφίκοντο περὶ τῶν αἰχμαλώτων οἱ περὶ Γάιον Φαβρίκιον, οὗ πλεῖστον ἔφη Ῥωμαίους λόγον ἔχειν ὁ Κινέας ὡς ἀνδρὸς ἀγαθοῦ καὶ πολεμικοῦ, [2] πένητος δ᾽ ἰσχυρῶς. τοῦτον οὖν ὁ Πύρρος ἰδίᾳ φιλοφρονούμενος ἔπειθε λαβεῖν χρυσίον, ἐπ᾽ οὐδενὶ δῆθεν αἰσχρῷ, φιλίας δέ τι καὶ ξενίας ἐπονομάζων τοῦτο [3] σύμβολον. ἀπωσαμένου δὲ τοῦ Φαβρικίου, τότε μὲν ἡσύχασε, τῇ δ᾽ ὑστεραίᾳ βουλόμενος αὐτὸν ἐκπλῆξαι μήπω θεατὴν ἐλέφαντος γεγενημένον, ἐκέλευσε τῶν θηρίων τὸ μέγιστον ἐξόπισθεν αὐτοῖς παραστῆσαι κοινολογουμένοις, [4] αὐλαίαν παρατείναντας. ἐγένετο δὴ ταῦτα· καὶ σημείου δοθέντος ἡ μὲν αὐλαία παρήχθη, τὸ δὲ θηρίον ἄφνω τήν τε προνομαίαν ἀράμενον ὑπερέσχε τῆς κεφαλῆς τοῦ Φαβρικίου [5] καὶ φωνὴν ἀφῆκε φοβερὰν καὶ τραχεῖαν. ὁ δ᾽ ἠρέμα μεταστραφεὶς καὶ διαμειδιάσας πρὸς τὸν Πύρρον εἶπεν· οὔτε χθές με τὸ χρυσίον ἐκίνησεν οὔτε σήμερον [6] τὸ θηρίον. ἐν δὲ τῷ δείπνῳ λόγων παντοδαπῶν γενομένων, πλείστων δὲ περὶ τῆς Ἑλλάδος καὶ τῶν φιλοσοφούντων, ἔτυχέ πως ὁ Κινέας ἐπιμνησθεὶς τοῦ Ἐπικούρου, καὶ διῆλθεν ἃ λέγουσι περὶ θεῶν καὶ πολιτείας καὶ τέλους, τὸ μὲν ἐν ἡδονῇ τιθέμενοι, πολιτείαν δὲ φεύγοντες ὡς βλάβην καὶ σύγχυσιν τοῦ μακαρίου, τὸ δὲ θεῖον ἀπωτάτω χάριτος καὶ ὀργῆς καὶ τοῦ μέλειν ἡμῶν εἰς ἀπράγμονα βίον καὶ μεστὸν εὐπαθειῶν ἀποικίζοντες.

[7] ἔτι δ᾽ αὐτοῦ λέγοντος, ἀνακραγὼν ὁ Φαβρίκιος ὦ Ἡράκλεις, εἶπε Πύρρῳ τὰ δόγματα μέλοι ταῦτα καὶ Σαυνίταις, [8] ἕως πολεμοῦσι πρὸς ἡμᾶς. οὕτω δὴ θαυμάσας τὸ φρόνημα τοῦ ἀνδρὸς καὶ τὸ ἦθος ὁ Πύρρος ἔτι μᾶλλον ὠρέγετο φιλίαν ἀντὶ πολέμου πρὸς τὴν πόλιν αὐτῷ γενέσθαι, κἀκεῖνον ἰδίᾳ παρεκάλει ποιησάμενον τὰς διαλύσεις ἕπεσθαι καὶ συζῆν μετ᾽ αὐτοῦ, πρῶτον ὄντα πάντων [9] τῶν ἑταίρων καὶ τῶν στρατηγῶν. ὁ δ᾽ ἡσυχῇ λέγεται πρὸς αὐτὸν εἰπεῖν· ἀλλ᾽ οὐδὲ σοὶ τοῦτο βασιλεῦ λυσιτελές ἐστιν· αὐτοὶ γὰρ οἱ νῦν σε τιμῶντες καὶ θαυμάζοντες, ἂν ἐμοῦ πεῖραν λάβωσιν, ὑπ᾽ ἐμοῦ μᾶλλον [10] ἐθελήσουσιν ἢ σοῦ βασιλεύεσθαι. τοιοῦτος μὲν ὁ Φαβρίκιος. ὁ δὲ Πύρρος οὐ πρὸς ὀργὴν οὐδὲ τυραννικῶς ἐδέξατο τὸν λόγον, ἀλλὰ καὶ τοῖς φίλοις ἀπήγγειλε τοῦ Φαβρικίου τὴν μεγαλοφροσύνην, καὶ τοὺς αἰχμαλώτους ἐκείνῳ μόνῳ διεπίστευσεν, ὅπως εἰ μὴ ψηφίσαιτο τὴν εἰρήνην ἡ σύγκλητος,

ἀσπασάμενοι τοὺς προσήκοντας καὶ τὰ Κρόνια διεορτάσαντες ἀποπεμφθεῖεν πάλιν πρὸς [11] αὐτόν. καὶ ἀπεπέμφθησαν μετὰ τὴν ἑορτήν, τῷ ὑπολειφθέντι τῆς βουλῆς ζημίαν θάνατον ψηφισαμένης.

[21] [1] Μετὰ ταῦτα τοῦ Φαβρικίου τὴν ἀρχὴν παραλαβόντος, ἧκεν ἀνὴρ εἰς τὸ στρατόπεδον πρὸς αὐτόν, ἐπιστολὴν κομίζων ἣν ἔγραψεν ὁ τοῦ βασιλέως ἰατρός, ἐπαγγελλόμενος φαρμάκοις ἀναιρήσειν τὸν Πύρρον, εἰ χάρις αὐτῷ παρ' ἐκείνων ὁμολογηθείη λύσαντι τὸν πόλεμον [2] ἀκινδύνως. ὁ δὲ Φαβρίκιος δυσχεράνας πρὸς τὴν ἀδικίαν τοῦ ἀνθρώπου, καὶ τὸν συνάρχοντα διαθεὶς ὁμοίως, ἔπεμψε γράμματα πρὸς τὸν Πύρρον κατὰ τάχος, φυλάττεσθαι [3] τὴν ἐπιβουλὴν κελεύων. εἶχε δ' οὕτως τὰ γεγραμμένα· Γάιος Φαβρίκιος καὶ Κόιντος Αἰμίλιος ὕπατοι Ῥωμαίων Πύρρῳ βασιλεῖ χαίρειν. οὔτε φίλων εὐτυχὴς [4] ἔοικας εἶναι κριτὴς οὔτε πολεμίων. γνώσῃ δὲ τὴν πεμφθεῖσαν ἡμῖν ἐπιστολὴν ἀναγνούς, ὅτι χρηστοῖς καὶ δικαίοις ἀνδράσι πολεμεῖς, ἀδίκοις δὲ καὶ κακοῖς πιστεύεις. οὐδὲ γὰρ ταῦτα σῇ χάριτι μηνύομεν, ἀλλ' ὅπως μὴ τὸ σὸν πάθος ἡμῖν διαβολὴν ἐνέγκῃ καὶ δόλῳ δόξωμεν, ὡς [5] ἀρετῇ μὴ δυνάμενοι, κατεργάσασθαι τὸν πόλεμον. ἐντυχὼν τούτοις τοῖς γράμμασιν ὁ Πύρρος καὶ τὴν ἐπιβουλὴν ἐξελέγξας, τὸν μὲν ἰατρὸν ἐκόλασε, Φαβρικίῳ δὲ καὶ Ῥωμαίοις ἀμοιβὴν ἐδωρεῖτο προῖκα τοὺς αἰχμαλώτους, καὶ πάλιν ἔπεμψε τὸν Κινέαν διαπραξόμενον αὐτῷ τὴν [6] εἰρήνην. οἱ δὲ Ῥωμαῖοι μήτ' εἰ χάρις ἐστὶ παρὰ πολεμίου, μήτ' εἰ μισθὸς τοῦ μὴ ἀδικηθῆναι, λαβεῖν προῖκα τοὺς ἄνδρας ἀξιώσαντες, ἴσους ἀπέλυσαν αὐτῷ Ταραντίνων καὶ Σαυνιτῶν, περὶ δὲ φιλίας καὶ εἰρήνης οὐδὲν εἴων διαλέγεσθαι, πρὶν ‹ἂν› ἀράμενος τὰ ὅπλα καὶ τὸν στρατὸν ἐξ Ἰταλίας αἷς ἦλθε ναυσὶν ἀποπλεύσῃ πάλιν εἰς Ἤπειρον.

[7] Ἐκ τούτου μάχης ἄλλης τῶν πραγμάτων αὐτῷ δεομένων, ἀναλαβὼν τὴν στρατιὰν ἐχώρει, καὶ περὶ Ἄσκλον πόλιν τοῖς Ῥωμαίοις συνάψας καὶ βιαζόμενος πρὸς χωρία δύσιππα καὶ ποταμὸν ἰλυώδη καὶ τραχύν, ἔφοδον τῶν θηρίων οὐ λαβόντων, ὥστε προσμεῖξαι τῇ φάλαγγι, τραυμάτων πολλῶν γενομένων καὶ νεκρῶν πεσόντων, [8] τότε μὲν διεκρίθη μέχρι νυκτὸς ἀγωνισάμενος. τῇ δ' ὑστεραίᾳ στρατηγῶν δι' ὁμαλοῦ τὴν μάχην θέσθαι καὶ τοὺς ἐλέφαντας ἐν τοῖς ὅπλοις γενέσθαι τῶν πολεμίων, προέλαβε τὰς δυσχωρίας φυλακῇ, καὶ πολλὰ καταμείξας ἀκοντίσματα καὶ τοξεύματα τοῖς θηρίοις, ἐπῆγε μετὰ ῥώμης καὶ βίας πυκνὴν καὶ συντεταγμένην τὴν δύναμιν.

[9] οἱ δὲ Ῥωμαῖοι τὰς διακλίσεις καὶ τὰς ἀντιπαραγωγὰς τὰς πρότερον οὐκ ἔχοντες, ἐξ ἐπιπέδου συνεφέροντο κατὰ [10] στόμα· καὶ σπεύδοντες ὤσασθαι τοὺς ὁπλίτας πρὶν ἐπιβῆναι τὰ θηρία, δεινοὺς περὶ τὰς σαρίσας τῶν ξιφῶν ἀγῶνας εἶχον, ἀφειδοῦντες ἑαυτῶν καὶ ‹πρὸς› τὸ τρῶσαι καὶ καταβαλεῖν ὁρῶντες, τὸ δὲ παθεῖν εἰς οὐδὲν τιθέμενοι.

[11] χρόνῳ δὲ πολλῷ λέγεται μὲν ἀρχὴ τροπῆς κατ' αὐτὸν γενέσθαι τὸν Πύρρον, ἐπερείσαντα τοῖς ἀντιτεταγμένοις, τὸ δὲ πλεῖστον ἀλκῇ καὶ βίᾳ τῶν ἐλεφάντων κατειργάσατο, χρήσασθαι τῇ ἀρετῇ πρὸς τὴν μάχην τῶν Ῥωμαίων μὴ δυναμένων, ἀλλ' οἷον ἐφόδῳ κύματος ἢ σεισμοῦ κατερείποντος οἰομένων δεῖν ἐξίστασθαι, μηδ' ὑπομένειν ἀπράκτους ἀποθνῄσκειν, ἐν τῷ μηδὲν ὠφελεῖν πάντα πάσχοντας [12] τὰ χαλεπώτατα. τῆς δὲ φυγῆς οὐ μακρᾶς εἰς τὸ στρατόπεδον γενομένης, ἑξακισχιλίους ἀποθανεῖν φησι τῶν Ῥωμαίων Ἱερώνυμος (FGrH 154 F 12), τῶν δὲ περὶ Πύρρον ἐν τοῖς βασιλικοῖς ὑπομνήμασιν (FGrH 229 F 2) ἀνενεχθῆναι τρισχιλίους πεντακοσίους καὶ πέντε τεθνηκότας.

[13] ὁ μέντοι Διονύσιος (20, 13) οὔτε δύο περὶ Ἄσκλον μάχας οὔθ' ὁμολογουμένην ἧτταν ἱστορεῖ γενέσθαι Ῥωμαίων, ἅπαξ δὲ μέχρι δυσμῶν ἡλίου μαχεσαμένους μόλις ἀπαλλαγῆναι, τοῦ Πύρρου τρωθέντος ὑσσῷ τὸν βραχίονα καὶ τὴν ἀποσκευὴν ἅμα Δαυνίων διαρπασάντων, ἀποθανεῖν δὲ καὶ Πύρρου καὶ Ῥωμαίων ἄνδρας ὑπὲρ [14] μυρίους πεντακισχιλίους ἑκατέρων. διελύθησαν δ' ἀμφότεροι· καὶ λέγεται τὸν Πύρρον εἰπεῖν πρός τινα τῶν συνηδομένων αὐτῷ· ἂν ἔτι μίαν μάχην Ῥωμαίους νικήσωμεν, [15] ἀπολούμεθα παντελῶς. πολὺ μὲν γὰρ ἀπωλώλει μέρος ἧς ἄγων ἧκε δυνάμεως, φίλοι δὲ καὶ στρατηγοὶ πλὴν ὀλίγων ἅπαντες, μεταπέμπεσθαι δ' οὐκ ἦσαν ἕτεροι, καὶ τοὺς αὐτόθι συμμάχους ἀμβλυτέρους ἑώρα, τοῖς δὲ Ῥωμαίοις ὥσπερ ἐκ πηγῆς οἴκοθεν ἐπιρρεούσης ἀναπληρούμενον εὐπόρως καὶ ταχὺ τὸ στρατόπεδον, καὶ ταῖς ἥτταις οὐκ ἀποβάλλοντας τὸ θαρρεῖν, ἀλλὰ καὶ ῥώμην καὶ φιλονικίαν ὑπ' ὀργῆς ἐπὶ τὸν πόλεμον προσλαμβάνοντας.

[22] [1] Ἐν τοιαύταις δ' ὢν ἀπορίαις, εἰς ἐλπίδας αὖ πάλιν καινὰς ἐνέπεσε καὶ πράγματα διχοστασίαν ἔχοντα [2] τῆς γνώμης. ἅμα γὰρ ἧκον ἐκ μὲν Σικελίας ἄνδρες, Ἀκράγαντα καὶ Συρακούσας καὶ Λεοντίνους ἐγχειρίζοντες αὐτῷ καὶ δεόμενοι Καρχηδονίους τε συνεκβαλεῖν καὶ τῶν τυράννων ἀπαλλάξαι τὴν νῆσον, ἐκ δὲ τῆς Ἑλλάδος ἀγγέλλοντες, ὡς Πτολεμαῖος ὁ Κεραυνὸς ἀπόλωλε συμπεσὼν Γαλάταις μετὰ τῆς δυνάμεως, καὶ νῦν ἂν ἐν καιρῷ μάλιστα δεομένοις βασιλέως Μακεδόσι παραγένοιτο· [3] πολλὰ δὴ τὴν τύχην μεμψάμενος, ὅτι πράξεων μεγάλων ὑποθέσεις εἰς ἕνα καιρὸν αὐτῷ συνήνεγκε, καὶ νομίζων, ὡς ἀμφοτέρων ὑπαρχόντων, ἀπολλύναι θάτερον, διηνέχθη [4] τοῖς λογισμοῖς πολὺν χρόνον. εἶτα τοῖς Σικελικοῖς μειζόνων ὑποκεῖσθαι πραγμάτων δοκούντων, Λιβύης ἐγγὺς εἶναι δοκούσης, ἐπὶ ταῦτα τρέψας Κινέαν μὲν εὐθὺς ἐξέπεμψε προδιαλεξόμενον ὥσπερ εἰώθει ταῖς πόλεσιν, [5] αὐτὸς δὲ τοῖς Ταραντίνοις ἐμβαλὼν φρουράν, δυσανασχετοῦσι καὶ ἀξιοῦσιν ἢ παρέχειν ἐφ' οἷς ἧκε συμπολεμοῦντα Ῥωμαίοις, ἢ τὴν χώραν

προέμενον αὐτῶν ἀπολιπεῖν τὴν πόλιν οἵαν παρέλαβε, μηδὲν ἐπιεικὲς ἀποκρινάμενος, ἀλλὰ προστάξας ἡσυχίαν ἄγειν καὶ [6] περιμένειν τὸν ἑαυτοῦ καιρόν, ἐξέπλευσεν. ἁψαμένῳ δ' αὐτῷ Σικελίας ἃ μὲν ἤλπισεν εὐθὺς ἀπήντα βέβαια, καὶ παρεῖχον αἱ πόλεις ἑαυτὰς προθύμως, τῶν δ' ἀγῶνος καὶ βίας δεηθέντων οὐδὲν ἀντεῖχε τὸ πρῶτον, ἀλλὰ τρισμυρίοις πεζοῖς καὶ δισχιλίοις πεντακοσίοις ἱππεῦσι καὶ διακοσίαις ναυσὶν ἐπιών, τούς τε Φοίνικας ἐξῄρει καὶ κατεστρέφετο [7] τὴν ἐπικράτειαν αὐτῶν. τοῦ δ' Ἔρυκος ἐχυρωτάτου τῶν χωρίων ὄντος καὶ πολλοὺς ‹τοὺς› ἀμυνομένους ἔχοντος, [8] ἔγνω βιάζεσθαι πρὸς τὰ τείχη. καὶ τῆς στρατιᾶς γενομένης ἑτοίμης, ἐνεδύσατο τὴν πανοπλίαν, καὶ προελθὼν εὔξατο τῷ Ἡρακλεῖ ποιήσειν ἀγῶνα καὶ θυσίαν ἀριστεῖον, ἂν τοῦ γένους καὶ τῶν ὑπαρχόντων ἄξιον ἀγωνιστὴν αὐτὸν [9] ἀποδείξῃ τοῖς Σικελίαν οἰκοῦσιν Ἕλλησι· τῇ δὲ σάλπιγγι σημήνας καὶ τοῖς βέλεσι τοὺς βαρβάρους ἀνασκεδάσας καὶ τὰς κλίμακας προσαγαγών, πρῶτος ἐπέβη τοῦ τείχους.

[10] ἀντιστάντων δὲ πολλῶν, ἀμυνόμενος τοὺς μὲν ἐξέωσε τοῦ τείχους ἐπ' ἀμφότερα καὶ κατέβαλε, πλείστους δὲ [11] περὶ αὑτὸν τῷ ξίφει χρώμενος ἐσώρευσε νεκρούς. ἔπαθε δ' αὐτὸς οὐδέν, ἀλλὰ καὶ προσιδεῖν δεινὸς ἐφάνη τοῖς πολεμίοις, καὶ τὸν Ὅμηρον ἔδειξεν ὀρθῶς καὶ μετ' ἐμπειρίας ἀποφαίνοντα τῶν ἀρετῶν μόνην τὴν ἀνδρείαν φορὰς πολλάκις ἐνθουσιώδεις καὶ μανικὰς φερομένην.

[12] ἁλούσης δὲ τῆς πόλεως ἔθυσέ τε τῷ θεῷ μεγαλοπρεπῶς καὶ θέας ἀγώνων παντοδαπῶν παρέσχε.

[23] [1] Τῶν δὲ περὶ Μεσσήνην βαρβάρων, Μαμερτίνων καλουμένων, πολλὰ τοῖς Ἕλλησιν ἐνοχλούντων, ἐνίους δὲ καὶ φόρου πεποιημένων ὑποτελεῖς, πολλῶν δὲ καὶ μαχίμων ὄντων - διὸ καὶ προσηγορεύθησαν Ἀρήιοι γλώσσῃ τῇ Λατίνων - , τοὺς μὲν φορολόγους συλλαβὼν ἀπέκτεινεν, αὐτοὺς δὲ νικήσας μάχῃ πολλὰ τῶν φρουρίων ἐξέκοψε.

[2] Καρχηδονίοις δὲ συμβατικῶς ἔχουσι καὶ χρήματα βουλομένοις τελεῖν, εἰ γένοιτο φιλία, καὶ ναῦς ἀποστέλλειν, ἀπεκρίνατο πλειόνων ἐφιέμενος μίαν εἶναι διάλυσιν καὶ φιλίαν πρὸς αὐτούς, εἰ πᾶσαν ἐκλιπόντες Σικελίαν ὅρῳ [3] χρῷντο τῇ Λιβυκῇ θαλάσσῃ πρὸς τοὺς Ἕλληνας. εὐτυχίᾳ δὲ καὶ ῥύμῃ τῶν παρόντων ἐπαιρόμενος, καὶ διώκων τὰς ἐλπίδας ἐφ' αἷς ἀπ' ἀρχῆς ἔπλευσε, πρώτης δὲ Λιβύης ἐφιέμενος καὶ ναῦς ἔχων πολλὰς πληρωμάτων ἐπιδεεῖς, ἤγειρεν ἐρέτας, οὐκ ἐπιεικῶς ἐντυγχάνων οὐδὲ πράως ταῖς πόλεσιν, ἀλλὰ δεσποτικῶς καὶ πρὸς ὀργὴν βιαζόμενος καὶ κολάζων, οὐκ εὐθὺς ὢν οὐδ' ἐν ἀρχῇ τοιοῦτος, ἀλλὰ καὶ μᾶλλον ἑτέρων τῷ πρὸς χάριν ὁμιλεῖν καὶ πάντα πιστεύειν καὶ μηδὲν ἐνοχλεῖν ὑπαγόμενος, εἶτα γινόμενος ἐκ δημαγωγοῦ

τύραννος, ἀχαριστίας [4] τῇ χαλεπότητι καὶ ἀπιστίας προσωφλίσκανε δόξαν. οὐ μὴν ἀλλὰ ταῦτα μὲν ὡς ἀναγκαῖα συνεχώρουν καίπερ [5] δυσφοροῦντες· ἐπεὶ δὲ Θοίνωνα καὶ Σωσίστρατον, ἄνδρας ἡγεμονικοὺς ἐν Συρακούσαις, οἳ πρῶτοι μὲν αὐτὸν ἐλθεῖν ἔπεισαν εἰς Σικελίαν, ἐλθόντι δὲ τὴν πόλιν εὐθὺς ἐνεχείρισαν καὶ τὰ πλεῖστα συγκατειργάσαντο τῶν Σικελικῶν, μήτ' ἄγειν σὺν αὑτῷ μήτ' ἀπολείπειν βουλόμενος ἐν ὑποψίαις εἶχε, καὶ Σωσίστρατος μὲν ἀπέστη φοβηθείς, Θοίνωνα δὲ τὰ αὐτὰ φρονεῖν αἰτιασάμενος ἀπέκτεινεν, οὐ κατὰ μικρὸν οὐδὲ καθ' ἓν αὐτῷ μεθίστατο τῶν πραγμάτων, ἀλλὰ δεινοῦ τινος μίσους ἐγγενομένου ταῖς πόλεσι πρὸς αὐτόν, αἱ μὲν προσετίθεντο [6] Καρχηδονίοις, αἱ δ' ἐπήγοντο Μαμερτίνους. ἀποστάσεις δ' ὁρῶν ἅπαντα καὶ νεωτερισμοὺς καὶ σύστασιν ἰσχυρὰν ἐφ' αὑτόν, ἐδέξατο γράμματα Σαυνιτῶν καὶ Ταραντίνων, μόλις ἀντεχόντων ταῖς πόλεσιν αὐταῖς πρὸς τὸν πόλεμον, εἰργομένων δὲ τῆς χώρας ἁπάσης καὶ δεομένων βοηθεῖν.

[7] τοῦτο δ' ἦν εὐπρέπεια, μὴ φυγὴν εἶναι μηδ' ἀπόγνωσιν τὸν ἀπόπλουν τῶν αὐτόθι πραγμάτων, τὸ δ' ἀληθὲς οὐ δυνάμενος κρατεῖν Σικελίας, ‹ἀλλ'› ὥσπερ νεὼς ταραχθείσης [ἀλλ'] ἔκβασιν ζητῶν, αὖθις ἔρριψεν ἑαυτὸν εἰς [8] Ἰταλίαν. λέγεται δ' ἀπαλλαττόμενος ἤδη πρὸς τὴν νῆσον ἀπιδὼν εἰπεῖν τοῖς περὶ αὐτόν· οἵαν ἀπολείπομεν ὦ φίλοι Καρχηδονίοις καὶ Ῥωμαίοις παλαίστραν. καὶ τοῦτο μὲν ὥσπερ εἰκάσθη μετ' οὐ πολὺν χρόνον ἐγένετο.

[24] [1] Τῶν δὲ βαρβάρων συστάντων ἐπ' αὐτὸν ἀποπλέοντα, Καρχηδονίοις μὲν ἐν τῷ πορθμῷ ναυμαχήσας ἀπέβαλε τῶν νεῶν πολλάς, ταῖς δ' ἄλλαις κατέφυγε πρὸς [2] τὴν Ἰταλίαν· Μαμερτῖνοι δὲ μυρίων οὐκ ἐλάττους προδιαβάντες, ἀντιτάξασθαι μὲν ἐφοβήθησαν, ἐν δὲ ταῖς δυσχωρίαις ἐπιτιθέμενοι καὶ προσπίπτοντες, ἅπαν τὸ στράτευμα συνετάραξαν. ἔπεσε δὲ δύο θηρία, καὶ συχνοὶ τῶν [3] ὀπισθοφυλακούντων ἀπέθνῃσκον. αὐτὸς οὖν ἀπὸ τοῦ στόματος παρελάσας ἠμύνετο καὶ διεκινδύνευε πρὸς ἄνδρας ἠσκημένους μάχεσθαι καὶ θυμοειδεῖς. πληγεὶς δὲ τὴν κεφαλὴν ξίφει καὶ μικρὸν ἐκ τῶν μαχομένων ἀποστάς, [4] ἔτι μᾶλλον ἐπῆρε τοὺς πολεμίους. εἷς δὲ καὶ πολὺ πρὸ τῶν ἄλλων ἐπιδραμών, ἀνὴρ τῷ τε σώματι μέγας καὶ τοῖς ὅπλοις λαμπρός, ἐχρῆτο τῇ φωνῇ θρασυτέρᾳ, καὶ [5] προελθεῖν ἐκέλευεν αὐτὸν εἰ ζῇ. παροξυνθεὶς δ' ὁ Πύρρος ἐπέστρεψε βίᾳ [μετὰ] τῶν ὑπασπιστῶν, καὶ μετ' ὀργῆς αἵματι πεφυρμένος καὶ δεινὸς ὀφθῆναι τὸ πρόσωπον ὠσάμενος δι' αὐτῶν, καὶ φθάσας τὸν βάρβαρον ἔπληξε κατὰ τῆς κεφαλῆς τῷ ξίφει πληγήν, ῥώμῃ τε τῆς χειρὸς ἅμα καὶ βαφῆς ἀρετῇ τοῦ σιδήρου μέχρι τῶν κάτω διαδραμοῦσαν, ὥσθ' ἑνὶ χρόνῳ περιπεσεῖν ἑκατέρωσε τὰ [6] μέρη τοῦ σώματος διχοτομηθέντος. τοῦτο τοὺς βαρβάρους ἐπέσχε τοῦ πρόσω

χωρεῖν, ὥς τινα τῶν κρειττόνων θαυμάσαντας καὶ καταπλαγέντας τὸν Πύρρον.

[7] Ὁ δὲ τὴν ἄλλην ὁδὸν ἀδεῶς διεξελθών, ἧκεν εἰς Τάραντα δισμυρίους πεζοὺς καὶ τρισχιλίους ἱππεῖς κομίζων.

[8] ἀναλαβὼν δὲ τῶν Ταραντίνων τοὺς κρατίστους, εὐθὺς ἐπὶ Ῥωμαίους ἦγεν ἐν τῇ Σαυνίτιδι στρατοπεδεύοντας.

[25] [1] Τῶν δὲ Σαυνιτῶν τά τε πράγματα διέφθαρτο καὶ τοῦ φρονήματος ὑφεῖντο, κεκρατημένοι μάχαις πολλαῖς ὑπὸ τῶν Ῥωμαίων. ἐνῆν δέ τι καὶ πρὸς τὸν Πύρρον ὀργῆς διὰ τὸν εἰς Σικελίαν πλοῦν· ὅθεν οὐ πολλοὶ τούτων [2] αὐτῷ συνῆλθον. πάντας δὲ νείμας δίχα, τοὺς μὲν εἰς τὴν Λευκανίαν ἔπεμψεν, ἀντιληψομένους τοῦ ἑτέρου τῶν ὑπάτων ὡς μὴ βοηθοίη, τοὺς δ’ ἦγεν αὐτὸς ἐπὶ Μάνιον Κούριον, ‹περὶ› πόλιν Βενεουεντὸν ἱδρυμένον ἐν ἀσφαλεῖ [3] καὶ περιμένοντα τὴν ἐκ τῆς Λευκανίας βοήθειαν· ἔστι δ’ ὅτε καὶ μάντεων αὐτὸν οἰωνοῖς καὶ ἱεροῖς ἀποτρεπόντων [4] ἡσύχαζε. σπεύδων οὖν ὁ Πύρρος ἐπιθέσθαι τούτοις πρὶν ἐκείνους ἐπελθεῖν, ἄνδρας τε τοὺς κρατίστους καὶ τῶν θηρίων τὰ μαχιμώτατα λαβὼν νυκτὸς ὥρμησεν ἐπὶ τὸ [5] στρατόπεδον. περιιόντι δ’ αὐτῷ μακρὰν καὶ δασεῖαν ὕλαις ὁδὸν οὐκ ἀντέσχε τὰ φῶτα, καὶ πλάναι τοῖς στρατιώταις συνέτυχον· καὶ περὶ ταῦτα γινομένης διατριβῆς, ἥ τε νὺξ ἐπέλιπε καὶ καταφανὴς ἦν ἅμ’ ἡμέρᾳ τοῖς πολεμίοις ἐπερχόμενος ἀπὸ τῶν ἄκρων, ὥστε θόρυβον [6] πολὺν καὶ κίνησιν παρασχεῖν. οὐ μὴν ἀλλὰ τῶν ἱερῶν τῷ Μανίῳ γενομένων, καὶ τοῦ καιροῦ βοηθεῖν ἀναγκάζοντος, ἐξελθὼν ἐνέβαλε τοῖς πρώτοις καὶ τρεψάμενος ἐφόβησε πάντας, ὥστε καὶ πεσεῖν οὐκ ὀλίγους καὶ τῶν ἐλεφάντων [7] τινὰς ἁλῶναι καταλειφθέντας. αὕτη τὸν Μάνιον ἡ νίκη κατήγαγε μαχόμενον εἰς τὸ πεδίον· καὶ συμβαλὼν ἐκ προδήλου, τὸ μὲν ἐτρέψατο τῶν πολεμίων, ἔστι δ’ ᾗ βιασθεὶς ὑπὸ τῶν θηρίων καὶ συσταλεὶς πρὸς τὸ στρατόπεδον, τοὺς φύλακας ἐκάλει συχνοὺς ἐφεστῶτας τῷ [8] χάρακι μετὰ τῶν ὅπλων καὶ ἀκμῆτας. οἱ δ’ ἐπιφανέντες ἐκ τόπων ὀχυρῶν καὶ τὰ θηρία βάλλοντες ἠνάγκασαν ἀποστρέφεσθαι καὶ φυγῇ χωροῦντα διὰ τῶν συμμάχων ὀπίσω ταραχὴν ἀπεργάσασθαι καὶ σύγχυσιν, ἣ τὸ νίκημα παρέδωκε τοῖς Ῥωμαίοις, ἅμα δὲ καὶ τὸ κράτος τῆς [9] ἡγεμονίας. καὶ γὰρ φρόνημα καὶ δύναμιν καὶ δόξαν ὡς ἄμαχοι προσλαβόντες ἐκ τῆς ἀρετῆς ἐκείνης καὶ τῶν ἀγώνων, Ἰταλίαν μὲν εὐθύς, ὀλίγῳ δ’ ὕστερον Σικελίαν κατέσχον.

[26] [1] Οὕτω μὲν οὖν ἐξέπεσε τῶν Ἰταλικῶν καὶ Σικελικῶν ὁ Πύρρος ἐλπίδων, ἑξαετῆ χρόνον ἀναλώσας περὶ τοὺς ἐκεῖ πολέμους καὶ τοῖς ‹μὲν› πράγμασιν ἐλαττωθείς, τὸ δ’ ἀνδρεῖον ἀνίκητον ἐν ταῖς ἥτταις διαφυλάξας, καὶ νομισθεὶς ἐμπειρίᾳ μὲν πολεμικῇ καὶ χειρὶ καὶ τόλμῃ πολὺ πρῶτος εἶναι

τῶν καθ’ αὑτὸν βασιλέων, ἃ δὲ ταῖς πράξεσιν ἐκτᾶτο, ταῖς ἐλπίσιν ἀπολλύναι, δι’ ἔρωτα τῶν ἀπόντων οὐδὲν εἰς ὃ δεῖ θέσθαι τῶν ὑπαρχόντων φθάσας.

[2] ὅθεν ἀπείκαζεν αὐτὸν ὁ Ἀντίγονος κυβευτῇ πολλὰ βάλλοντι καὶ καλά, χρῆσθαι δ’ οὐκ ἐπισταμένῳ τοῖς πεσοῦσι.

[3] Κομίσας δ’ εἰς Ἤπειρον ὀκτακισχιλίους πεζοὺς καὶ πεντακοσίους ἱππεῖς, χρήματα δ’ οὐκ ἔχων, ἐζήτει πόλεμον [4] ᾧ θρέψει τὸ στράτευμα. καί τινων Γαλατῶν αὐτῷ προσγενομένων, ἐνέβαλεν εἰς Μακεδονίαν, Ἀντιγόνου τοῦ Δημητρίου βασιλεύοντος, ὡς ἁρπαγῇ καὶ λεηλασίᾳ [5] χρησόμενος. ἐπεὶ δὲ καὶ πόλεις ἐλάμβανε συχνὰς καὶ στρατιῶται δισχίλιοι μετέστησαν ὡς αὐτόν, ἐλπίσας τι πλέον ὥρμησεν ἐπὶ τὸν Ἀντίγονον, καὶ περὶ τὰ Στενὰ [6] προσπεσὼν συνετάραξε τὴν στρατιὰν ἅπασαν. οἱ δ’ ἐπὶ τῆς οὐραγίας τοῦ Ἀντιγόνου τεταγμένοι Γαλάται, συχνοὶ τὸ πλῆθος ὄντες, ὑπέστησαν εὐρώστως, καὶ καρτερᾶς μάχης γενομένης, τούτων μὲν οἱ πλεῖστοι κατεκόπησαν, οἱ δὲ τῶν ἐλεφάντων ἡγεμόνες ἐγκαταλαμβανόμενοι [7] παρέδωκαν ἑαυτοὺς καὶ τὰ θηρία πάντα. προσλαβὼν δ’ ὁ Πύρρος τηλικαῦτα, καὶ τῇ τύχῃ μᾶλλον ἢ τοῖς λογισμοῖς χρώμενος, ἐπῆγε τῇ φάλαγγι τῶν Μακεδόνων, ἀναπεπλησμένῃ [8] ταραχῆς καὶ φόβου διὰ τὴν ἧτταν. ὅθεν ἐμβολῆς μὲν ἔσχοντο καὶ μάχης πρὸς αὐτόν· ‹ὁ› δὲ τὴν δεξιὰν προτείνων καὶ στρατηγοὺς καὶ ταξιάρχους ἀνακαλούμενος, ἅπαντας ὁμαλῶς ἀπέστησε τοὺς πεζοὺς τοῦ Ἀντιγόνου.

[9] κἀκεῖνος μὲν ὑποφεύγων ὅμως τῶν παραλίων τινὰς πόλεων κατέσχεν, ὁ δὲ Πύρρος ‹ἐν› εὐτυχήμασι τοσούτοις μέγιστον αὑτῷ πρὸς δόξαν οἰόμενος διαπεπρᾶχθαι τὸ περὶ τοὺς Γαλάτας, τὰ κάλλιστα καὶ λαμπρότατα τῶν λαφύρων ἀνέθηκεν εἰς τὸ ἱερὸν τῆς Ἰτωνίδος Ἀθηνᾶς, τόδε τὸ ἐλεγεῖον ἐπιγράψας (96 Preger)·

[10] Τοὺς θυρεοὺς ὁ Μολοσσὸς Ἰτωνίδι δῶρον Ἀθάνᾳ
Πύρρος ἀπὸ θρασέων ἐκρέμασεν Γαλατᾶν,
πάντα τὸν Ἀντιγόνου καθελὼν στρατόν· οὐ μέγα θαῦμα·
αἰχμηταὶ καὶ νῦν καὶ πάρος Αἰακίδαι.

[11] μετὰ δὲ τὴν μάχην εὐθὺς ἀνελάμβανε τὰς πόλεις. τῶν δ’ Αἰγαίων κρατήσας, τά τ’ ἄλλα χαλεπῶς ἐχρήσατο τοῖς ἀνθρώποις, καὶ φρουρὰν Γαλατικὴν ἐν τῇ πόλει κατέλιπε [12] τῶν μετ’ αὐτοῦ στρατευομένων. οἱ δὲ Γαλάται, γένος ἀπληστότατον χρημάτων ὄντες, ἐπέθεντο τῶν βασιλέων αὐτόθι κεκηδευμένων τοὺς τάφους ὀρύττειν, καὶ τὰ μὲν χρήματα διήρπασαν, τὰ δ’ ὀστᾶ πρὸς ὕβριν διέρριψαν.

[13] τοῦτο κούφως ἔδοξε καὶ ὀλιγώρως ἐνεγκεῖν ὁ Πύρρος, ἢ δι᾽ ἀσχολίας τινὰς ὑπερθέμενος, ἢ παρεὶς ὅλως διὰ φόβον τὸ κολάσαι τοὺς βαρβάρους· ὅθεν ἤκουσε κακῶς ὑπὸ τῶν Μακεδόνων.

[14] Οὔπω δὲ τῶν πραγμάτων αὐτῷ βεβαιότητα καὶ σύστασιν ἐχόντων μόνιμον, ᾐωρεῖτο τῇ γνώμῃ πάλιν πρὸς [15] ἑτέρας ἐλπίδας. καὶ τὸν μὲν Ἀντίγονον ἐφυβρίζων ἀναίσχυντον ἐκάλει, μὴ λαμβάνοντα θοἰμάτιον, ἀλλ᾽ ἔτι τὴν πορφύραν φοροῦντα, Κλεωνύμου δὲ τοῦ Σπαρτιάτου παραγενομένου καὶ καλοῦντος αὐτὸν ἐπὶ τὴν Λακεδαίμονα, [16] προθύμως ὑπήκουσεν. ὁ δὲ Κλεώνυμος ἦν μὲν γένους βασιλικοῦ, δοκῶν δὲ βίαιος εἶναι καὶ μοναρχικός, οὔτ᾽ εὔνοιαν οὔτε πίστιν εἶχεν, ἀλλ᾽ Ἄρευς ἐβασίλευε.

[17] καὶ τοῦτο μὲν [ἓν] ἦν κοινὸν ἔγκλημα καὶ πρεσβύτερον αὐτῷ πρὸς τοὺς πολίτας· γυναῖκα δὲ καλὴν καὶ γένους βασιλικοῦ Χιλωνίδα τὴν Λεωτυχίδου πρεσβύτερος ὢν [18] ἔγημεν ὁ Κλεώνυμος. ἡ δ᾽ Ἀκροτάτῳ τῷ Ἄρεως ἐπιμανεῖσα, μειρακίῳ καθ᾽ ὥραν ἀκμάζοντι, λυπηρὸν ἐρῶντι τῷ Κλεωνύμῳ καὶ ἄδοξον ὁμοῦ παρεῖχε τὸν γάμον· οὐδένα γὰρ ἐλάνθανε Σπαρτιατῶν καταφρονούμενος ὑπὸ τῆς [19] γυναικός. οὕτω δὲ τῶν κατ᾽ οἶκον ἀνιαρῶν τοῖς πολιτικοῖς προσγενομένων, ὑπ᾽ ὀργῆς καὶ βαρυθυμίας ἐπῆγε τῇ Σπάρτῃ τὸν Πύρρον, ἔχοντα δισμυρίους καὶ πεντακισχιλίους πεζούς, δισχιλίους δ᾽ ἱππεῖς, ἐλέφαντας δ᾽ [20] εἰκοσιτέσσαρας· ὥστε τῷ μεγέθει τῆς παρασκευῆς εὐθὺς εἶναι κατάδηλον οὐ Κλεωνύμῳ τὴν Σπάρτην, ἀλλὰ τὴν Πελοπόννησον ἑαυτῷ κτώμενον, ἐπεὶ τῷ γε λόγῳ καὶ πρὸς αὐτοὺς ἔξαρνος ἦν τοὺς Λακεδαιμονίους, πρεσβεύσαντας [21] εἰς Μεγάλην πόλιν. ἔφη γὰρ ἐλευθερώσων τὰς ὑπ᾽ Ἀντιγόνῳ πόλεις ἀφῖχθαι, καὶ νὴ Δία τοὺς νεωτέρους παῖδας εἰς Σπάρτην, εἰ μή τι κωλύει, πέμψων ἐντραφησομένους τοῖς Λακωνικοῖς ἔθεσιν, ὡς τούτῳ πλέον ἔχοιεν [22] ἤδη τῶν πάντων βασιλέων. ταῦτα πλαττόμενος καὶ παράγων τοὺς ἐντυγχάνοντας αὐτῷ καθ᾽ ὁδόν, ὡς πρῶτον ἥψατο τῆς Λακωνικῆς, ἁρπαγὴν ἐποιεῖτο καὶ λεηλασίαν.

[23] ἐγκαλούντων δὲ τῶν πρέσβεων, ὅτι μὴ καταγγείλας πόλεμον ἐξενήνοχε πρὸς αὐτούς, ἀλλ᾽ οὐδ᾽ ὑμᾶς ἔφη τοὺς Σπαρτιάτας ἴσμεν ὅ τι ἂν μέλλητε ποιεῖν ἑτέροις [24] προλέγοντας. εἷς δὲ τῶν παρόντων, ὄνομα Μανδρικλείδας, εἶπε τῇ φωνῇ λακωνίζων· αἰ μὲν ἐσσὶ τύ γε θεός, οὐδὲν μὴ πάθωμεν· οὐ γὰρ ἀδικεῦμεν· αἰ δ᾽ ἄνθρωπος, ἔσσεται καὶ τεῦ κάρρων ἄλλος.

[27] [1] Ἐκ τούτου κατέβαινεν ἐπὶ τὴν Λακεδαίμονα, καὶ τοῦ Κλεωνύμου κελεύοντος ἐξ ἐφόδου προσβαλεῖν, φοβηθεὶς ὁ Πύρρος, ὡς λέγεται, μὴ διαρπάσωσιν οἱ στρατιῶται τὴν πόλιν ἐν νυκτὶ προσπεσόντες, ἐπέσχεν, εἰπὼν [2] ὅτι ταὐτὸ ποιήσουσι μεθ᾽ ἡμέραν. αὐτοί τε γὰρ ἦσαν ὀλίγοι καὶ ἀπαράσκευοι διὰ τὸ αἰφνίδιον, ὅ τ᾽ Ἄρευς οὐκ ἐτύγχανε παρών, ἀλλ᾽ ἐν

Κρήτῃ Γορτυνίοις πολεμουμένοις [3] βοηθῶν. καὶ τοῦτο δὴ μάλιστα τὴν πόλιν ἔσωσε, δι' ἐρημίαν καὶ ἀσθένειαν καταφρονηθεῖσαν. ὁ μὲν γὰρ Πύρρος οὐδένα μαχεῖσθαι νομίζων κατηυλίσατο, τοῦ δὲ Κλεωνύμου τὴν οἰκίαν οἵ τε φίλοι καὶ εἵλωτες οὕτως ἐκόσμησαν καὶ παρεσκεύασαν, ὡς δειπνήσοντος τοῦ Πύρρου [4] παρ' αὐτῷ. γενομένης δὲ νυκτός, οἱ Λακεδαιμόνιοι πρῶτον μὲν ἐβουλεύσαντο τὰς γυναῖκας εἰς Κρήτην ἀποστέλλειν· αἱ δ' ἀντέστησαν, Ἀρχιδαμία δὲ καὶ ξίφος ἔχουσα πρὸς τὴν γερουσίαν ἦλθεν, ἐγκαλοῦσα τοῖς ἀνδράσιν ὑπὲρ τῶν γυναικῶν, εἰ ζῆν αὐτὰς ἀξιοῦσι τῆς Σπάρτης [5] ἀπολομένης. ἔπειτα τῷ στρατοπέδῳ τῶν πολεμίων παράλληλον ἔγνωσαν ἐμβαλόντες τάφρον ἔνθεν καὶ ἔνθεν αὐτῆς στῆσαι τὰς ἁμάξας, μέχρι τοῦ μέσου τῶν τροχῶν καταχώσαντες, ὅπως ἕδραν ἔχουσαι δυσεκβίαστον ἐμποδὼν [6] ὦσι τοῖς θηρίοις. ἀρχομένοις δὲ ταῦτα πράττειν ἧκον αὐτοῖς τῶν παρθένων καὶ γυναικῶν αἱ μὲν ‹ἐν› ἱματίοις καταζωσάμεναι τοὺς χιτωνίσκους, αἱ δὲ μονοχίτωνες, [7] συνεργασόμεναι τοῖς πρεσβυτέροις. τοὺς δὲ μάχεσθαι μέλλοντας ἐκέλευον ἡσυχάζειν, καὶ λαβοῦσαι μέτρον αὐταὶ καθ' αὑτὰς ἐξειργάσαντο τῆς τάφρου τὸ τρίτον [8] μέρος. ἦν δὲ τὸ μὲν πλάτος αὐτῆς πήχεων ἕξ, τὸ δὲ βάθος τεσσάρων, τὸ δὲ μῆκος ὀκτάπλεθρον, ὡς ἱστορεῖ Φύλαρχος (FGrH 81 F 48), ὡς δ' Ἱερώνυμος (FGrH 154 [9] F 14) ἔλαττον. ἅμα δ' ἡμέρᾳ κινουμένων τῶν πολεμίων, τὰ ὅπλα τοῖς νέοις ὀρέγουσαι καὶ παραδιδοῦσαι τὴν τάφρον, ἀμύνειν καὶ φυλάττειν ἐκέλευον, ὡς ἡδὺ μὲν νικᾶν ἐν ὀφθαλμοῖς τῆς πατρίδος, εὐκλεὲς δὲ θνῄσκειν ἐν χερσὶ μητέρων καὶ γυναικῶν, ἀξίως τῆς Σπάρτης πεσόντας.

[10] ἡ δὲ Χιλωνὶς ἐκποδὼν οὖσα καθ' ἑαυτὴν βρόχον εἶχεν ἐνημμένον, ὅπως ἐπὶ τῷ Κλεωνύμῳ μὴ γένοιτο τῆς πόλεως ἁλούσης.

[28] [1] Αὐτὸς μὲν οὖν ὁ Πύρρος ἐβιάζετο κατὰ στόμα τοῖς ὁπλίταις πρὸς ἀσπίδας πολλὰς τῶν Σπαρτιατῶν ἀντιπαρατεταγμένας καὶ τάφρον οὐ περατὴν οὐδὲ βάσιν ἀσφαλῆ τοῖς μαχομένοις παρέχουσαν ὑπὸ χαυνότητος.

[2] ὁ δὲ παῖς Πτολεμαῖος ἔχων δισχιλίους Γαλάτας καὶ Χαόνων λογάδας ἐξελίξας τὴν τάφρον, ἐπειρᾶτο κατὰ τὰς [3] ἁμάξας ὑπερβαίνειν. αἱ δ' ὑπὸ βάθους καὶ πυκνότητος οὐ μόνον τούτοις τὴν ἔφοδον, ἀλλὰ καὶ τοῖς Λακεδαιμονίοις [4] δύσεργον ἐποίουν τὴν βοήθειαν. ἀνασπώντων δὲ τῶν Γαλατῶν τοὺς τροχοὺς καὶ ὑποσυρόντων τὰς ἁμάξας εἰς τὸν ποταμόν, κατιδὼν τὸν κίνδυνον ὁ νεανίας Ἀκρότατος καὶ τὴν [τε] πόλιν διαδραμὼν μετὰ τριακοσίων, περιῆλθε τὸν Πτολεμαῖον, οὐ συνορώμενος ὑπ' αὐτοῦ διά τινας συγκλινίας, ἕως προσέβαλε τοῖς ἐσχάτοις καὶ μεταβαλόντας ἠνάγκασε μάχεσθαι πρὸς ἑαυτόν, ὠθουμένους ὑπ' ἀλλήλων εἴς τε τὴν τάφρον καὶ περὶ ταῖς ἁμάξαις πίπτοντας, ἄχρι οὗ φόνῳ πολλῷ μόλις ἀνεκόπησαν.

[5] ἐθεῶντο δ’ οἵ τε πρεσβύτεροι καὶ τῶν γυναικῶν τὸ πλῆθος ἀριστεύοντα τὸν Ἀκρότατον. ἐπεὶ δ’ ἀπῄει πάλιν διὰ τῆς πόλεως ἐπὶ τὴν αὑτοῦ τάξιν, αἵματος κατάπλεως καὶ γαῦρος ὑπὸ τῆς νίκης ἐπηρμένος, καὶ μείζων ἔδοξε γεγονέναι καὶ καλλίων ταῖς Λακαίναις, καὶ τὴν Χιλωνίδα [6] τοῦ ἔρωτος ἐζήλουν. τῶν δὲ πρεσβυτέρων τινὲς ἐπηκολούθουν βοῶντες· οἶχε Ἀκρότατε καὶ οἶφε τὰν Χιλωνίδα· [7] μόνον παῖδας ἀγαθοὺς τᾷ Σπάρτᾳ ποίει. κατὰ δὲ τὸν Πύρρον αὐτὸν ἰσχυρᾶς μάχης συνεστώσης, ἄλλοι τε λαμπρῶς ἠγωνίζοντο, καὶ Φύλλιος ἐπὶ πλεῖστον ἀντισχὼν καὶ πλείστους ἀποκτείνας τῶν βιαζομένων, ὡς ᾔσθετο τραυμάτων πλήθει παραλυόμενον ἑαυτόν, ἐκστάς τινι τῶν ἐπιτεταγμένων τῆς χώρας ἔπεσεν ἐντὸς τῶν ὅπλων, ὥστε μὴ γενέσθαι τὸν νεκρὸν ὑπὸ τοῖς πολεμίοις.

[29] [1] Νυκτὸς δ’ ἡ μάχη διεκρίθη, καὶ κοιμώμενος ὁ Πύρρος ὄψιν εἶδε τοιαύτην. ἐδόκει βάλλεσθαι κεραυνοῖς ὑπ’ ἀετοῦ τὴν Λακεδαίμονα καὶ φλέγεσθαι πᾶσαν, αὐτὸς [2] δὲ χαίρειν. ὑπὸ δὲ τῆς χαρᾶς ἐξεγρόμενος, τούς θ’ ἡγεμόνας ἐκέλευεν ἐν παρασκευῇ τὸν στρατὸν ἔχειν, καὶ τοῖς φίλοις διηγεῖτο τὸν ὄνειρον, ὡς ληψόμενος κατὰ [3] κράτος τὴν πόλιν. οἱ μὲν οὖν ἄλλοι θαυμασίως ἐπείθοντο, Λυσιμάχῳ δ’ οὐκ ἤρεσκεν ἡ ὄψις, ἀλλ’ ἔφη δεδιέναι μή, καθάπερ τὰ βαλλόμενα τοῖς κεραυνοῖς ἀνέμβατα μένει χωρία, καὶ τῷ Πύρρῳ προσημαίνῃ τὸ θεῖον ἀνείσοδον [4] ἔσεσθαι τὴν πόλιν. ὁ δὲ Πύρρος εἰπὼν ὅτι ταῦτα μέν ἐστι πυλαϊκῆς ὀχλαγωγίας καὶ ἀσοφίαν ἔχοντα πολλήν, ἐκεῖνο δὲ δεῖ τὰ ὅπλα διὰ χειρῶν ἔχοντας ὑποβάλλειν ἑαυτοῖς (Il. 12, 243)

εἷς οἰωνὸς ἄριστος ἀμύνεσθαι περὶ Πύρρου,

[5] ἐξανέστη καὶ προσῆγεν ἅμ’ ἡμέρᾳ τὸν στρατόν. ἠμύνοντο δὲ προθυμίᾳ καὶ ἀρετῇ παρὰ δύναμιν οἱ Λακεδαιμόνιοι· καὶ παρῆσαν αἱ γυναῖκες, ὀρέγουσαι βέλη καὶ σιτία καὶ ποτὸν τοῖς δεομένοις προσφέρουσαι καὶ ἀναλαμβάνουσαι [6] τοὺς τιτρωσκομένους. τὴν δὲ τάφρον οἱ Μακεδόνες χοῦν ἐπειρῶντο, πολλὴν συμφοροῦντες ὕλην, ὑφ’ ἧς ὅπλα καὶ σώματα νεκρῶν ἐπιχεομένης ἀπεκρύπτετο.

[7] καὶ πρὸς τοῦτο τῶν Λακεδαιμονίων βοηθούντων, ὤφθη παρὰ τὴν τάφρον καὶ τὰς ἁμάξας ὁ Πύρρος ἵππῳ βιαζόμενος [8] εἰς τὴν πόλιν. κραυγῆς δὲ τῶν κατὰ τοῦτο τεταγμένων γενομένης καὶ δρόμου καὶ ἀλαλαγμοῦ τῶν γυναικῶν, ἤδη διεξελαύνοντι τῷ Πύρρῳ καὶ προσκειμένῳ τοῖς κατὰ πρόσωπον ἐξήλατο Κρητικῷ βέλει πληγεὶς ὁ ἵππος ὑπὸ τὴν γαστέρα καὶ κατέβαλε δυσθανατῶν τὸν Πύρρον [9] εἰς τόπους ὀλισθηροὺς καὶ κατάντεις. θορυβουμένων δὲ περὶ τοῦτον τῶν ἑταίρων, ἐπέδραμον οἱ Σπαρτιᾶται, καὶ [10] χρώμενοι τοῖς βέλεσιν ἐξέωσαν ἅπαντας. ἐκ δὲ τούτου καὶ τὴν ἄλλην μάχην ἔπαυεν, οἰόμενος ἐνδώσειν τι τοὺς Λακεδαιμονίους, σχεδὸν ἁπάντων

κατατετρωμένων αὐτοῖς, [11] πεπτωκότων δὲ πολλῶν. ἡ δ' ἀγαθὴ τύχη τῆς πόλεως, εἴτε πεῖραν ἀρετῆς λαμβάνουσα τῶν ἀνδρῶν, εἴθ' ἑαυτῆς ὅσην ἐν ἀπόροις ἔχει δύναμιν ἀπόδειξιν διδοῦσα, μοχθηρὰς ἤδη τῶν Λακεδαιμονίων ἐχόντων τὰς ἐλπίδας, Ἀμεινίαν τε Φωκέα τῶν Ἀντιγόνου στρατηγῶν ἐκ Κορίνθου βοηθήσαντα παρεισήγαγε μετὰ ξένων, καὶ τοῦτον ἄρτι δεδεγμένων, ὁ βασιλεὺς αὐτοῖς Ἄρευς ἧκεν ἐκ Κρήτης, δισχιλίους [12] στρατιώτας κομίζων. αἵ τε δὴ γυναῖκες εὐθὺς ἐπὶ τὰς οἰκίας ἐσκεδάσθησαν, οὐδὲν ἔτι πολυπραγμονεῖν ἀξιοῦσαι τῶν πολεμικῶν, καὶ τοὺς παρ' ἡλικίαν ἐν τοῖς ὅπλοις ὑπ' ἀνάγκης γενομένους ἀφέντες, αὐτοὺς ἐπὶ τὴν μάχην ἔταξαν.

[30] [1] Τὸν δὲ Πύρρον ἔσχε μέν τις ἀλκὴ καὶ φιλοτιμία μᾶλλον διὰ τοὺς προσγεγονότας κρατῆσαι τῆς πόλεως· ὡς δ' οὐδὲν ἐπέραινε, πληγὰς λαβὼν ἀπέστη καὶ τὴν χώραν ἐπόρθει, διανοούμενος αὐτόθι χειμάσαι.
